

Nine-Dragon 2071

Chapter 2071

He placed his hands behind his back and said with a gloomy expression, "I'll give you a chance. Whoever did this, step forward and I'll let bygones be bygones."

What a joke!

How could someone step forward? With the nine-headed bird's ruthlessness, anyone who stepped forward would die.

After waiting for a while, no one admitted it. The nine-headed bird said sinisterly, "You won't step forward, right? Fine! All of you, open your interspatial storage devices one by one and let me check!"

Hearing this, the group of guests became excited.

"On what basis?" A goat-headed man at the middle stage of the four-crowned emperor realm snorted angrily.

The spatial storage device was a martial artist's most private secret. How could it be handed over to outsiders to examine?

Peng --

What answered him was the nine-headed bird's law.

Combined with his peak-stage four-crowned emperor realm cultivation, he directly injured the goat-headed man and made him lie on the ground unable to move.

"I'm stronger than all of You!" The nine-headed bird said coldly.

Many guests didn't dare to say anything, but the situation was more important than people. Compared to revealing their privacy, their lives were more important.

Therefore, after struggling for a while, many people gave up resisting and prepared to give their spatial storage devices to the nine-headed bird for inspection.

But at this moment, a terrifying aura suddenly descended on the cave.

The nine-headed bird was shocked and immediately asked in confusion, "A lone crocodile?"

He walked out of the cave and suppressed his displeasure. He forced a smile and said, "What brings boss here?"

He felt very strange. He had only seen the lone crocodile yesterday, why did it come to visit him today.

Could it be that something had happened?

However, just as he walked out of the cave, the nine-headed bird's vision went black and he was hit on the cheek by an incomparably huge black fist.

Immediately, the nine-headed bird cried out in pain and was directly pushed into the depths of the cave. The impact caused the entire cave to shake violently, as if it was about to collapse.

At the entrance of the cave, the lone Walker crocodile walked over with a face full of anger. Its eyes were filled with killing intent. “You Little Bastard, you dare to focus your attention on me. You’re tired of living!”

The nine-headed bird was hit for no reason and was seriously injured. It wiped the blood at the corner of its mouth and said, “Boss, why did you...”

The Lone Wolf Crocodile took out a broken sleeve and threw it on the nine-headed bird’s face. It snorted and said, “Why do you think?”

The nine-headed bird looked at the sleeve in surprise and said, “This is mine. Why is it in Big Brother’s hands?”

“Hehe, it’s not just in my hands. It’s in my storage space!” The Lone Wolf Crocodile’s eyes were cold.

The nine-headed bird was also at a loss. It quickly explained, “This... it should be because I accidentally gave a piece of the sleeve to boss when I gave you the protection fee.”

He thought hard, but he did not remember that he had given a piece of his sleeve to boss.

“Hehe, your protection fee is gone. En, all my years of hard work is gone too. This sleeve is the only thing left in my storage space. Don’t you think it’s Strange?” Lone Croc’s face was filled with killing intent.

“Ah! Boss, you... you were also robbed?” The nine-headed bird was shocked. He hurriedly opened his storage space and said, “Last night, my storage space was also robbed!”

The lone crocodile was slightly stunned. Then, he looked at the nine-headed bird with an even colder gaze.

“Nine-headed bird, don’t play this trick with me! “You stole my storage space and then pretended to be a victim to get away with it, right?” The lone crocodile said calmly, “If I remember correctly, the purpose of your trip over a thousand years is to enter the demon world, right?”

“The next stop is the demon world. You want to take my things and run away, right?”

At this moment, the nine-headed bird could not even explain with a hundred mouths, especially his sleeves. How could they appear in the Lone Wolf Croc’s storage space.

“Boss, please believe me. I’m also a victim!”

The Lone Wolf Croc was a local tyrant. How could he listen to the nine-headed bird’s explanation. Moreover, he was a suspect. Why should he believe him?

“I don’t care. I’ll give you one day to return everything you swallowed. Otherwise, I don’t mind letting a cave master disappear!”

In the past, the ones who disappeared were disobedient guests. Now, the one who was going to disappear was most likely the nine-headed bird himself.

Deep fear filled his eyes. He wanted to explain, but he had no way to do so.

The nine-headed bird was in a state of panic and anxiety as he watched the lone alligator walk away.

He was the only one who knew that he didn't steal the lone alligator's storage space. If he had such great abilities, why would he open a black shop in the cave and risk killing people?

In one night, the real culprit stole him and the lone alligator's storage space.

It was enough to prove that the culprit had the ability to walk in the dark!

In the entire Luohou, there was only one person who could ignore the danger in the darkness!

The yin-yang Caravan!

Even a half-step dao master wouldn't dare to travel through the Luohou in the dark, only the Yin-yang caravan could.

Moreover, the theft happened after the arrival of the yin-yang Caravan.

How could it be so coincidental?

"Could they be fake yin-yang caravans?" The nine-headed bird had such a thought.

In history, there had been many cases of swindlers pretending to be yin-yang caravans.

Countless people had been fooled because almost no one had seen yin-yang caravans. They could only guess a little from the descriptions in the legends.

The more he thought about it, the more suspicious the nine-headed bird became.

"Humph! If I find out that you are fake yin-yang caravans, I won't spare you!" The nine-headed bird glanced at the yin-yang caravan and observed in the dark.

As night fell, most of the Warriors had fallen asleep, but the nine-headed bird was still observing the yin-yang caravan in the dark.

In the dark, they were vaguely visible under the blood light.

After waiting for a long time, an extremely soft cracking sound suddenly came from the blood coffin.

The sound was mixed with a low beast roar. If one didn't carefully distinguish, it would be hard to hear.

The nine-headed bird's ears twitched. It immediately perked up and carefully observed the blood coffin.

The lid of the blood coffin actually moved on its own, revealing a crack. A slender figure actually climbed out of the coffin and sneaked into the cave.

Seeing this scene, the nine-headed bird was burning with anger.

It was indeed them!

Because they had mastered a certain ability that allowed them to not fear the night, they took advantage of the dead of night to sneak into the cave and steal other people's belongings.

"Damn it!"

Not long after, the slender figure returned to the yin-yang caravan and spoke to the DRAKONID who was leading the way.

"Reporting to the nine supreme-beings, there are no fated people worth trading with," the petite figure said.

The drakonid nodded slightly and said, "We'll leave Rahu Tomorrow."

As he spoke, he glanced indifferently in the direction of the nine-headed bird.

The next day, Daybreak.

The night had just receded when the powerful aura of the solitary walking crocodile descended upon the cave.

"Nine-headed bird, a day has passed. Are you prepared to hand over my things, or do you want me to send you on Your Way?" The lone wolf crocodile said calmly.

The nine-headed bird hurriedly walked out and took out a memory crystal. "Big Brother, calm down first. Please take a look at this."

The lone wolf crocodile casually swept his gaze over, but this glance was fixed on the image.

After pondering for a while, he said in a deep voice, "Are you saying that they did it?"

"Big Brother, do you think there's any other possibility? Besides them, who else can travel through the night without fear?"

In fact, lone crocodile had thought of this problem before. The nine-headed bird did not travel from its own cave to his cave in the night, ignoring all kinds of restrictions and emptying his storage space without attracting his attention.

After discovering this memory, Lone Crocodile's eyes squeezed out a trace of viciousness. "HMPH! Pretending to be the yin-yang Caravan? And you dare to humiliate me!"

Chapter 2072 One-Faced Evil Creature

Doubt was doubt, but how could an experienced loner crocodile take such a risk so easily?

"Nine-headed bird, they are indeed suspicious, but your suspicion has not been cleared! This broken sleeve, no matter how you explain it, you can't explain it clearly," said the loner crocodile calmly.

Nine-headed bird had a slight headache. This broken sleeve had indeed appeared strangely. It couldn't be that the people from the yin-yang Caravan had framed him, right?

“It’s easy to prove your innocence. Go confront the yin-yang merchant group and escape with everything!”

“Me?” The nine-headed bird’s heart went numb, but since things had already come to this, he could only brace himself and walk over.

“You guys, how do you explain this scene?” The nine-headed bird squeezed out a fierce expression and released the memory scene.

Unexpectedly, the nine people of the yin-yang Caravan didn’t even look at him.

“Hey! I’m asking you a question!” The nine-headed bird shouted.

He was more and more sure that the yin-yang caravan in front of him was a fake team.

However, at this moment, the eyes of the drakonid in the lead suddenly turned and looked at the nine-headed bird’s feet. He said faintly, his voice was ethereal and very strange, “During the period of Yin-yang rebellion, those who are close to thirty feet will have no choice in life and death.”

The nine-headed bird had also heard of this rumor.

This was the reason why no one dared to go near the nine-headed bird even though everyone had been watching for the past few days.

The Yin and Yang caravan could only approach when trading. During the rest of the time, anyone who was within ten meters of it would die an unnatural death.

According to the rumors, there was once an overbearing dao master who was late and could not catch up with yin and yang defy fate in time.

After it ended, he didn’t listen to advice and approached. In the end, that Dao master suddenly died three years later.

The cause of death was particularly strange. It was said that he drowned!

But who was the Dao Master? How could he drown to death?

But the strange thing was that he really drowned in the water like a mortal.

Hearing the DRAKONID’s warning, the nine-headed bird’s heart trembled.

He wanted to retreat, but he heard the cold threat of the lone crocodile. “Hurry Up!”

The nine-headed bird felt bitter. He could only force himself to move forward and grab the blood-red coffin. “HMPH! Let the people inside come out. We’ll know when we face them!”

The moment he stepped within thirty feet, the nine-headed bird suddenly felt an inexplicable chill rush from the bottom of his feet to the top of his head. His entire body felt cold.

He could vaguely feel that something had appeared in his body.

At the same time, the DRAKONID looked at it indifferently as if it was looking at a dead person. It stretched out a finger and pointed across the air.

Bang --

However, there was a muffled sound, and the nine-headed bird seemed to have met with the collapse of the sky. Its entire body flew backward like a sandbag, directly shattering his cave into pieces.

The guests inside were so frightened that they ran out one after another, their eyes full of astonishment.

How hard was the Luohou Eye Scales? The nine-headed bird had spent over a hundred years to slowly dig out its current scale.

But now, it was destroyed in an instant!

One could imagine how terrifying the impact was!

However, what was even more shocking was that the nine-headed bird got up from the ruins, leaving not a single scar on its body!

The power of the DRAKONID finger pierced through the nine-headed bird's body, but did not harm it at all.

Just this control of power had reached the peak of perfection.

Only a DAO Master could do it.

The nine-headed bird's eyes trembled, and the lone crocodile sucked in a breath of cold air. Could that really be the yin-yang caravan?

The drakonid put down his finger and said indifferently, "Let's go."

The Eight Immortals carried the coffin and jumped down from the eye of the Rahu.

Yes, directly jump down!

Su Yu's heart trembled slightly. When the Rahu moved, it was traveling through space.

If he jumped down at this moment, it would be the same as entering a chaotic space. Below the DAO Master, there was little chance of survival in the chaotic space.

Looking at the nine-headed bird, Su Yu's gaze wavered slightly.

According to his expectations, the original plan was to create a conflict between the lone alligator and the nine-headed bird. Unexpectedly, a Yin-yang caravan appeared in the middle.

However, the impact was not great.

"It seems that they are really the rumored yin-yang Caravan." The lone alligator had a regretful look on his face. It was a lifelong regret that he missed out on the yin-yang Chamber of Commerce.

However, compared to regret, the most important thing was now.

His cold eyes stared at the nine-headed bird again and he said coldly, "Nine-headed bird, do you want to tell me that the yin-yang caravan will take my little property? Moreover, why do they only steal from me and not others?"

The nine-headed bird could not defend himself, “Big Brother, you, listen to my explanation, I really didn’t...”

Suddenly, the nine-headed bird’s gaze landed on Su Yu and the others standing in front of the ruins, his mind suddenly rumbled, “I know! It must be them! They wanted to take revenge on me, but after that, our things were stolen. This is definitely not a coincidence.”

His intuition told him that it must have been done by the three people in front of him.

“HMPH!”

With a cold snort, the lone crocodile struck out with its law, piercing through the nine-headed bird’s body. Then, it pulled it back to its front and shouted, “Enough! How many more times do you want to Quibble?”

Su Yu and the others really had the ability to cross the dark night of the Rahu. Would they tolerate the nine-headed bird slaughtering them like that?

“I’ll take you back to search your soul. Then I’ll understand!”

The nine-headed bird was like a dead dog, dragged away by the lone crocodile.

Now that his cave had been destroyed and he was targeted by the lone crocodile in the camp, one could imagine how miserable his ending would be.

Even if he didn’t die, he would at least shed a layer of skin!

Huangfu Lieyang was especially relieved when he saw this. He couldn’t help but laugh out loud. “He also has such a day!”

The anger in his heart was swept away.

However, Su Yu frowned slightly. “It’s too early to be happy.”

He pointed at the cave behind him, which had already turned into ruins.

“Not good! Quickly find a new cave.” Mo Xiaochai realized that things were not looking good.

The current Rahu Heavenly Eye was full of people. Whether or not they could find a new cave was entirely up to them.

Sure enough, they searched everywhere, but found nothing.

Including Su Yu and the others, the half-step DAO Master and more than 40 others, none of them had a new cave to use.

As night slowly fell, the pedestrians in the camp hurriedly returned to their cave dwellings.

“Get out of my way!” The half-step DAO Master had a worried look on his face. In the end, he forced his way into a cave, trying to throw a person out of the corridor and forcibly occupy a place.

However, he didn't succeed. The cave master sealed the cave in time. No matter how powerful the half-step Dao Master's attack was, it couldn't shake the cave in the slightest.

The strange movements in this place alerted the other caves, and they all closed the caves ahead of time.

The half-step dao master's continuous attacks were fruitless.

Seeing that the sky was gradually turning dark, his face darkened.

Looking at the many people who were searching for the cave like him, he muttered, "All of you, come over here!"

He released the aura of a half-step dao master, immediately giving the homeless people a strong sense of security.

The rest of the people came over one after another. After some thought, Su Yu also led two people over.

"The night has arrived. We have no cave to live in, so we can only help each other!" The half-step dao master said.

His words gave some hope to the panicking people, and they all took him as their backbone.

"We will listen to Senior!"

"What should we do? Please instruct us, senior."

The half-step dao master said, "I am Zhang Yuanling of the daybreak civilization. I will tide over the difficulties with all of you tonight. As long as we can survive today, we will charge into a cave abode tomorrow. We must seize the cave abode no matter what!"

"We are in a hurry now. We can only rely on the periphery of the caves and use the aura of the Rahu eye grime to intimidate the existences in the dark night. At the same time, don't be stingy with the magic treasures in your hands. Take Out All the defensive magic treasures you have."

Everyone's eyes flickered. They were unwilling, but since it was a matter of life and death, they had no choice.

Thus, they chose a complete cave.

With their backs against the cave, they set up ten layers of defensive formations outside the cave. There were also eight defensive light shields and three defensive shields.

Under the layers of defense, each of them held their offensive dharma treasures in their hands, ready to attack the intruders at any time.

When the night turned dark, including the half-step dao master, their hearts tightened.

Rustle --

Unlike the beast roars that filled the ground in the past, the night was exceptionally quiet.

The rustling of the quiet path was exceptionally clear.

The rustling was the sound of crawling footsteps, but none of the forty people present moved their feet.

Then the source of the sound was..

Creak --

A shrill screech appeared thirty feet away from them without any warning.

Everyone's hearts pounded, and they were all shocked.

Before they could see clearly what it was, the outermost defensive formation suddenly flickered violently.

They only saw an afterimage that flashed and disappeared into the darkness.

"It's coming! Be careful!" Zhang Yuanling said in a deep voice.

At the same time, the creatures in the cave also held their breaths as they watched Su Yu and the others fight against the savage beasts. They were all sweating for them.

Although they couldn't see anything in the darkness, they could hear Su Yu and the others' voices.

After the first unknown existence attacked the defense, the entire night became quiet again. There wasn't a single sound.

However, the unusual silence made them feel even more uneasy.

Like the stillness before the storm, they sensed great danger.

Rustle -

Rustle -

Rustle -

..

As if hanging up the wind, blowing up the sky sand general, everywhere is the rustle.

They can't see it, but they can feel it coming, like an ocean.

Rustle -

Rustle -

It's getting faster, faster, closer.

The sounds were like war drums, hitting one's chest one after another, making one feel despair.

The number was not one, not ten, not a hundred, but... tens of thousands!

Kacha --

The first layer of the defensive formation was instantly destroyed!

The light from the destruction of the formation suddenly flickered, illuminating the small patch of sky.

Taking this opportunity, they saw the situation in front of them clearly, causing them to suck in a breath of cold air!

They saw purple-scaled creatures of different sizes with sinister auras all over their bodies, crawling over at an extremely fast speed.

Their numbers were endless, surging over like a tide.

Seeing this scene, everyone's expressions changed drastically.

Su Yu was also shocked.

Others might not know what these monsters were, but how could Su Yu not know them?

In the Cangyang Mirror, the DAO Master of Creation's Sea of Destiny, many creatures on the islands were eventually turned into purple-scaled evil creatures because they were contaminated by the sea of Destiny's water.

Weren't the monsters in front of him those evil creatures?

How did they appear here?

Chapter 2073 Rose Again

In other words, how could dao master creation's Sea of creation create an evil being that was exactly the same as the one before him?

His heart was extremely calm. He had personally fought with the evil being, and Su Yu knew how powerful they were.

An ordinary early-stage five-crowned emperor wouldn't be able to do anything to them.

And before him, the five-crowned emperor was only Mo Xiaochai alone!

The rest were only half-step Dao Masters!

It was impossible for them to resist!

Kacha --

Under the assault of the Beast Tide, three formations were destroyed in succession.

The formations that were expected to last for fifteen minutes could not last for even a breath under the onslaught of the evil creatures. They were all shattered.

"Everyone, get ready to fight!" Zhang Yuanling said in a deep voice.

The situation was a hundred times worse than expected!

However, they heard a series of cracking sounds, and in the end, all ten formations were broken!

Then, eight defensive light shields were formed.

Compared to the formations, they lasted for a while.

In just two breaths, the first light shield was broken.

Then, the second, third, and fourth light shields were broken..

Until all the defensive light shields were broken.

In the end, only three shields were left.

Those were the only defenses they had left. However, under the Beast Tide, they were like paper and could not withstand a single blow.

In just ten breaths, the three shields were destroyed one after another.

“Attack...” Zhang Yuanling’s eyelids twitched wildly. With a loud roar, she used her powerful law.

Just as she finished speaking, a scream came from the side.

It was a woman who was close to the edge. Her feet were hooked by an evil creature at an extremely fast speed and she was dragged into the Beast Herd.

Her screams stopped abruptly and were drowned out by the hungry sounds of the Beast Horde.

Everyone reacted one after another and used their magic treasures one after another.

The colorful magic treasures exploded with extraordinary power. However, when they hit the body of the purple evil being, they did not even leave a mark and were all bounced away.

Their attacks were like tickling to the purple evil being and did not cause any harm.

If the purple evil being was not resisted, it would drag them away.

One by one, the creatures would be dragged away and buried in the mouth of the evil being.

Other than Zhang Yuanling’s attacks that instantly injured a large number of people, the attacks of the others were nothing.

Seeing that they could not resist at all, everyone’s hearts sank into despair.

The night had just begun, and they had already lost ten companions.

In less than a quarter of an hour, they would be completely wiped out and buried here.

Zhang Yuanling’s eyes sparkled. Looking at the evil creatures that were like a tide, he thought to himself, “Most of the evil creatures should have already been attracted over, right?”

He had gathered everyone with ill intentions.

He wanted to use them as bait to attract all the things in the night over.

That way, he would have more chances to escape,

as for protecting their safety... did they have anything to do with it? Why did he have to sacrifice himself to protect them?

With a loud shout, Zhang Yuanling blasted away a large number of evil creatures with his palm and roared, “Hold on, I’ll be right back!”

Without waiting for the others to catch up, he leaped up and teleported out of this place at the speed of a half-step dao master.

Some of the evil creatures hesitated for a moment. They looked in the direction where Zhang Yuanling had fled and then at the thirty-odd people in this place. There were no evil creatures chasing after him.

Instantly, those who were slightly smarter understood Zhang Yuanling's intentions. They were both terrified and angry. "We've been deceived!"

Ah --

Unfortunately, without Zhang Yuanling's support, the evil creatures entered an uninhabited land and swarmed up in large numbers.

The ten people at the outermost layer were dragged away in an instant.

Su Yu's face darkened. At this moment, he could only face it alone.

With his experience of fighting against the purple evil creatures, his previous sword techniques were useless. He could only use a brand new sword technique.

"The ninth form of the demonic sword technique, ultimate!"

With one sword move, ten thousand shadows appeared.

Each sword shadow flew out and killed an evil creature.

In an instant, all the evil beings that were approaching were destroyed.

The despairing people were all shocked and gathered around Su Yu.

However, it was difficult for a lone tree to hold on. Su Yu alone could not effectively fight against all the evil beings.

Along with the primal power in his body, it was draining at an alarming speed, and the subsequent attacks gradually lost their strength.

The evil beings were approaching again!

Su Yu's eyes were filled with a hint of desperation.

If he had no other choice, he could only abandon the others and escape with Huangfu Lieyang and Mo Xiaochai.

With his speed comparable to the peak of the five crowns, he would be able to escape from the evil being's encirclement in an instant.

Seeing that the evil being was getting closer and closer, Su Yu was about to make a decision when suddenly, Mo Xiaochai's bulging stomach suddenly released traces of blood-red light.

Wherever the light shone, the evil creatures all retreated in fear, their faces filled with deep fear.

In the huge herd of beasts, not a single one dared to step into the range of the blood-red light.

The terrified crowd all stared at Mo Xiaochai's stomach and said, "The fetus in her stomach can intimidate these monsters!"

"Quick! Let her stand at the front!"

The crowd pushed and pushed, blocking Mo Xiaochai at the front.

Mo Xiaochai was indignant, but she knew that this was not the time to be calculative. She braced herself and stood at the front.

The people behind them were nervous and were silently waiting for the bloody light to not go out. That was their only hope of survival.

Su Yu and Huangfu Lieyang stood by Mo Xiaochai's side and watched quietly.

Time passed bit by bit. Everyone was on tenterhooks as they silently counted the time.

They had never thought that a night could be so long. Every minute and second was a deep torment.

It was as if an entire year had passed. Finally, a glimmer of light descended from the heavens and earth, breaking the dark night.

The evil creatures retreated unwillingly.

Only then did everyone heave a sigh of relief and collapse to the ground.

They would never forget the nightmare of this night!

Swoosh --

At this moment, the sound of air being torn apart came from afar. It was the return of Zhang Yuanling who had escaped.

His entire body was badly mutilated, and many of his injuries were visible to the naked eye.

Although most of the evil creatures were attracted, there were still some wandering outside. He had still encountered some of them, and after a night of fierce fighting, it was inevitable that he would be injured.

"That's great, you're all safe and sound!" Zhang Yuanling pretended to be concerned, but he was very surprised in his heart.

He had almost fallen while dealing with a small number of evil creatures.

How could they have survived the siege of so many beast hordes?

Suddenly, Zhang Yuanling glanced at Mo Xiaochai's belly. The red light that was faintly emitting from it flashed across his eyes.

Hearing this, everyone didn't say a word, but their hearts were filled with hatred and anger.

They had used them as bait, but now they had run back!

Zhang Yuanling wiped away the strange look in her eyes and heaved a sigh of relief. She said, "Fortunately, I lured away most of the monsters in the outer area, so you guys were able to hold on."

Hearing this, they could not help but sneer.

They had seen shameless people before, but they had never seen someone as shameless as him.

He had set them up, but he said that it was because of him that they were able to survive!

However, the other party was a dao master. No matter how dissatisfied they were, they did not dare to say anything.

“We all share the same fate. It’s just a small favor. Don’t take it to heart,”Zhang Yuanling said slowly.

As he said this, he looked at Mo Xiaochai and said, “Miss, you are pregnant with the top three, but you have suffered such a great disaster. You must have been quite frightened, right?”

Mo Xiaochai stepped back slightly warily and retreated behind Huangfu Lieyang.

Mo Xiaochai had keenly caught the strange look in Zhang Yuanling’s eyes when he stared at her fetus just now. Now that he seemed to be asking unintentionally, Mo Xiaochai could not help but worry.

Huangfu Lieyang also sensed that something was wrong. He stood in front of him and cupped his fists, saying, “She is my fiancée. Thank you for your care, senior, but it’s not a big deal.”

Zhang Yuanling glanced at Huangfu Lieyang indifferently and didn’t think much of him. He only said, “Miss, it’s better to check it out. If something happens to the fetus during the battle last night, it will definitely not be good.”

As she said that, she pushed Huangfu Lieyang aside.

Her intention was clear and not expensive!

He saw the abnormality of the fetus and wanted to take this opportunity to investigate!

Judging from his insidious intention last night, this person was not a gentleman.

Huangfu Lieyang was furious. “What are you trying to do?”

Zhang Yuanling glanced at him and said calmly, “I was kind enough to treat your wife. What kind of attitude is this?”

What a joke!

How was he treating a patient? Anyone with a discerning eye could see his intention.

His mouth, however, was full of dignity.

“I said, you don’t have to worry!”Although Huangfu Lieyang was afraid of the other party’s strength, at this moment, if he didn’t even dare to protect his wife, he would be a man in vain!

Zhang Yuanling’s sleeve shook and sent Huangfu Lieyang flying. He said coldly, “You don’t know how to appreciate a good person’s heart! This old man is doing this for your wife’s good! If you dare to stop me again, I will destroy your soul!”

He took a step forward and suddenly grabbed Mo Xiaochai’s wrist, wanting to grab her.

His eyes flashed with a deep desire.

The Beast Tide last night was unable to do anything to them, so it must have been caused by this fetus. Perhaps it was a powerful fetus with extraordinary talent.

Or perhaps it was some kind of rare treasure that was brewing in the human body!

However, at this moment, a peak-level five-crowned-emperor aura suddenly erupted from Mo Xiaochai’s back.

The attack of a peak-level five-crowned-emperor was even more sudden.

Zhang Yuanling's expression changed slightly, and he couldn't help but retreat far away to avoid this attack.

Although he had the strength of a half-step dao master, he was heavily injured in the battle last night. If he took this attack head-on, the consequences wouldn't be light.

"An attack talisman from a peak-level five-crowned-emperor? HMPH!" Zhang Yuanling coldly glanced at the silver-haired man behind Mo Xiaochai.

Su Yu's expression was indifferent. "Don't think that you can do whatever you want just because your cultivation is high!"

Zhang Yuanling sneered. "It's just a talisman. Let's see how many you have..."

There was a limit to the number of talismans. As time passed, the other party would be at his wit's end.

Su Yu did not say a word. He took out thirteen talismans from his sleeve. All of them were attack talismans from the peak of the five crowns.

Three of them came from the nine-headed bird, while the other ten came from the lone crocodile!

"There are indeed a few more. Why don't we give it a try and see how many you can avoid?" Su Yu walked over and activated the ten talismans at the same time.

Zhang Yuanling's eyelids twitched violently. He retreated again, his eyes flickering with a gloomy and unpredictable cold light.

His current state was simply not enough to deal with ten talismans at the same time.

He looked at Mo Xiaochai's stomach unwillingly. He shot a cold glance at Su Yu and said coldly, "HMPH, we'll see!"

After he left, Mo Xiaochai let out a long sigh of relief and looked at him gratefully. "Thank you."

Huangfu Lieyang was also ashamed. Mo Xiaochai was his wife, but he was powerless to protect her.

"It's only temporary. This person is injured, so he's afraid of the talisman in my hand. If he recovers, I'm afraid he won't be afraid anymore." Su Yu's expression was slightly grim.

A half-step dao master with such strength would be difficult to escape, let alone face him head-on?

Chapter 2074 The Mist's Metamorphosis

"However, it should take some time for his injuries to recover." Zhang Yuanling's body was riddled with wounds torn by evil creatures. It would take a long time for him to recover.

Mo Xiaochai's eyes were filled with deep worry.

“Even so, with the cultivation of a half-step dao master, no matter how slow his injuries recover, he should be able to fully recover within a year, right?” Mo Xiaochai said with a deep frown, “Now that he has just left the dawn night civilization, there are still at least three years before the next stop.”

No matter what, they could not avoid Zhang Yuanling.

In addition, the Rahu’s body was small, and they did not even have a place to escape.

Huangfu Lieyang cast his gaze to the distance outside the tent. At a glance, it was all gray, with no end in sight.

Those purple evil things came from the depths of the clouds.

“What if we escape into that place?” Huangfu Lieyang thought.

Su Yu shook his head. “It’s best if we don’t. Based on my understanding of those things in the clouds, what we see are only the lowest form of evil things. There are even more powerful black and golden evil things. They are even more powerful. The fetus in the little hairpin’s stomach can intimidate ordinary evil things. Whether or not it can intimidate them is another matter.”

Huangfu Lieyang and Mo Xiaochai gritted their teeth. They hated themselves for not being strong enough. They couldn’t do anything even if their fetus was targeted by someone else.

“However, you don’t have to worry too much.” Su Yu said indifferently, “If he wants to recover his cultivation, will he be able to?”

“What does that mean?” Huangfu Lieyang didn’t quite understand. “Even if the three of us join hands, we’re still not as strong as a single finger of his. It’s very difficult to interfere with his recovery.”

Su Yu’s eyes shone brightly. “Interfering during the day would naturally be difficult, but at night, we can be safe and sound in the dark, but he might not.”

Hearing Su Yu’s bold plan, Huangfu Lieyang couldn’t help but lick his lips. At this point, did he have a choice?

When Zhang Yuanling’s cultivation recovered, it would be the moment when all of their lives would be lost.

“As long as we can delay until the next station arrives, we will have enough distance to escape,” Su Yu said.

The three of them did as they were told.

Before night fell, Zhang Yuanling forcefully barged into a cave, killed the cave master, and forcibly occupied the cave master’s Cave abode.

Zhang Yuanling set up a restriction in the surroundings, and was incomparably furious.

“Stealing a chicken doesn’t result in losing rice! If I had known that that woman was pregnant with a peerless fetus, I wouldn’t have left so hastily in the first place.” Zhang Yuanling was secretly regretful. If he could continue to maintain a

good image, why would he go so far as to make such a move and snatch the fetus?

Wouldn't it be more honorable to take the fetus as a disciple when it landed?

However, since things had come to this, there was no use regretting.

“That person called Su Yu, I will never forgive him!” Thinking of how the other party took advantage of his weakness and threatened him with more than ten talismans at the peak of the five crowns, Zhang Yuanling's heart was filled with hatred.

If there was no other reason, that woman would already be in his possession. All he needed to do was to identify what the fetus was.

“When my injuries recover, I'll definitely make you all burn your bones and Scatter Your Ashes!” Zhang Yuanling said hatefully as he began to slowly close his eyes and cultivate.

When he entered deep meditation, all of a sudden, Zhang Yuanling vaguely sensed something pacing back and forth in the room.

He suddenly opened his eyes to take a look and saw a small purple qilin pacing back and forth beside him, as if it was inspecting his storage space.

Zhang Yuanling was stunned for a moment, wondering if he was hallucinating.

He had set up three defenses near the cave abode, and each of them was at the half-step dao master level. It was almost impossible to break through them.

How did this little qilin get in?

“It's really well hidden. Tsk!” The little qilin searched for a long time but couldn't find the location of the personal storage space. When the other party woke up, it could only curl its lips and swagger away.

Watching it leave, Zhang Yuanling snapped back to her senses and chased after it.

He only had time to see its back as it dashed into the darkness. He had intended to catch up to the mysterious qilin, but the danger in the darkness left a lingering fear in his heart. He did not dare to chase after it, so he could only retreat in confusion.

Shaking his head, he entered into a meditative state once more.

However, not too long after he entered into a meditative state, he noticed that something was stirring his clothes. He was so frightened that he hurriedly woke up from his meditative state.

The cultivation technique circulating in his body suddenly became chaotic, causing his qi and blood to be obstructed. A mouthful of blood was stuck in his throat.

Opening his eyes, he saw that it was actually the little qilin again. He still did not give up on searching for his personal space.

“Impudent!”Zhang Yuanling was enraged and slapped out with his palm.

However, the other party had turned reality into nothingness, causing the palm to miss.

The little qilin rolled its eyes and stuck out its buttocks at him. It unhurriedly passed through his tight defensive space and left leisurely.

When Zhang Yuanling chased after him, the other party entered the darkness again.

After being broken into twice by the unknown little kirin, Zhang Yuanling did not have the time to recover from his injuries. He was on full alert.

During this period of time, the little kirin had indeed come twice. When it saw that Zhang Yuanling was not in a meditative state, it rolled its eyes and left.

As such, Zhang Yuanling did not dare to recover from his injuries. He gritted his teeth and waited until daybreak before the little kirin did not appear again.

“It’s them!”Zhang Yuanling was initially bewildered, but after a while, he realized that it was Su Yu and the others who wanted to stop him from recovering from his injuries.

“Damn it!”Zhang Yuanling had no choice but to cultivate during the day.

He believed that the other party did not have the guts to come again during the day. Otherwise, if he caught up to him, he would not be able to escape even if he wanted to.

What he did not expect was that not long after he entered a meditative state, the soul that was left outside suddenly issued a strong alarm.

He immediately woke up from his meditation and opened his eyes. Hundreds and thousands of black sword shadows slashed at his head.

Ding Ding Ding --

The Sword Shadows didn’t harm him. When they slashed at his body, it was like a kitchen knife looking at a stone.

However, what made him both shocked and angry was that this time, not only did the little qilin come, Su Yu himself also appeared.

“You’re courting death!”Zhang Yuanling was extremely angry and slapped his palm.

However, the little qilin on his shoulder used that extremely strange virtual transformation divine ability and brought Su Yu along with it.

“Oh, we’ve passed the room.”Su Yu smiled faintly and left calmly.

“You guys!”Zhang Yuanling chased after them with angry eyes. However, he saw that Su Yu used some kind of Yin-yang escape technique that was not inferior to the peak of the five crowns. In an instant, he disappeared without a trace.

Zhang Yuanling wanted to chase after him, but due to her injuries, she could only grit her teeth and return to the secret chamber.

However, what followed was a nightmare that could not be stopped.

Every time Zhang Yuanling had just entered meditation, Su Yu and the little qilin would rush in. Su Yu even treated it as a stone to test his sword and practiced his sword technique again and again.

And every time Zhang Yuanling chased after him, Su Yu would be able to escape without a trace.

During the entire day, he did not even manage to enter a meditative state for more than an hour.

This continued for several months.

Not only did Zhang Yuanling's injuries recover very slowly, but he also did not rest well. His eyes were bloodshot.

On the other hand, Su Yu and the others.

During the day, Su Yu came with his pet. At night, his pet came alone.

The next night, Mo Xiaochai, Huangfu Lieyang, and his pet came together.

The pet was like a monster, never needing to rest.

After several months of this, Zhang Yuanling was exhausted. Her injuries were completely delayed, and there were even some areas that were getting worse.

"You guys are going too far!" Finally, one morning, when Su Yu used him to test his sword again, and the power of his swordsmanship had improved, cutting his face until it hurt, Zhang Yuanling finally couldn't help but give chase with an angry roar.

Su Yu used the Taiji Yin-yang wings and instantly escaped into the fog outside the Rahu heavenly eye.

Zhang Yuanling hesitated for a moment and actually caught up with him.

The two of them chased each other in the fog.

Zhang Yuanling was injured, and her speed was only on par with Su Yu's. No matter how hard they chased, they couldn't catch up to Su Yu.

And unknowingly, they were about to chase into the depths of the fog.

If they continued forward, they would lose their sense of direction, and it would be difficult for them to go back.

A trace of panic lingered in his heart. Zhang Yuanling stared at Su Yu from afar and said fiercely, "I'll teach you a lesson sooner or later!"

His heart moved slightly, and he sped up to rush back.

Since Su Yu had left the two people's side, he could take this opportunity to find Mo Xiaochai and kidnap her.

With this thought in mind, Zhang Yuanling hurried back.

Su Yu had already expected what he was thinking, so he secretly contacted the little qilin.

The little qilin obediently turned reality into nothingness, enveloping the two of them in nothingness.

In this way, his aura was completely hidden, let alone a human?

When Zhang Yuanling chased back to the camp and looked around, she failed to find the two of them.

When Su Yu rushed back, he stood at the edge of the fog and looked at him indifferently.

Zhang Yuanling was angry and resentful. She wanted to chase after Su Yu again, but she realized that it was futile and that she had fallen into Su Yu's trap.

With a cold snort, he returned to the cave abode to continue his cultivation, racing against time to recover from his injuries.

However, Su Yu and the others were determined to delay him. They harassed him again and again.

A year had passed. Su Yu and the others were exhausted, but Zhang Yuanling was even more devastated than them.

Zhang Yuanling couldn't hold on any longer and took the initiative to make peace with Su Yu and the others.

But it was obvious that Su Yu and the others wouldn't agree and interfere as usual.

Zhang Yuanling was deeply regretful. She had to admit that what she did a year ago was indeed too reckless.

If it continued like this, she could even delay it for ten years, let alone three years.

However, some anomalies were quietly appearing.

It was unknown when it began, but the people in the camp discovered that the evil things in the night had appeared earlier than before.

In the past, they would only appear when the sky had completely darkened.

However, recently, before the sky had even darkened, they had appeared one after another, and it was very different from the past.

Many people were worried. Many people who had been here for more than a thousand years had never discovered such a situation.

As time passed, their worries gradually turned into anxiety.

Two years had passed, and it was still dusk when groups of evil creatures crawled out of the fog and killed the people in the camp.

Many people were caught off guard and met with bad luck.

Those with a bit of foresight realized that the situation was extremely bad.

Finally, at noon, a large group of evil creatures came out of nowhere and captured hundreds of people.

This incident caused the people in the camp to feel endless fear.

The evil creatures no longer appeared at night. They even appeared during the day.

They couldn't wait any longer!

A few powerful figures in the camp sent out a summoning order to the entire camp.

Even the legendary figure Lin Tianjian, who had been in seclusion for a thousand years, was alarmed and thus came out of seclusion.

Chapter 2075 Expedition Team

Lin Tianjian was one of the first people to ascend to the Rahu realm a thousand years ago.

His cultivation base had reached the half-step dao master level when he first ascended.

However, he kept an extremely low profile and remained in closed-door cultivation. He did not pay attention to the outside world.

If it was not for the sudden change in the evil entities, Lin Tianjian would have finally broken out of his closed-door cultivation after the eight great experts of the camp requested him.

Su Yu and the others were also informed to go to the square of the camp to participate in the gathering and discuss important matters.

The invasion of the demonic creatures was a threat to their lives, so they could only temporarily give up on interfering with Zhang Yuanling and went to the square together.

In the middle of the square, an arena was built.

There were nine people sitting steadily on the arena, including famous powerhouses such as the lone Walker crocodile.

The other eight people had restrained expressions on their faces, looking very nervous.

They glanced at the green-robed elder from time to time.

He looked calm and steady like a mountain. Although he didn't say anything, he gave off a great sense of authority.

His authority was even stronger than Zhang Yuanling's.

"Everyone, how serious is the matter? No need to say more." Lin Tianjian said, "The evil creatures are everywhere. If they don't do anything, I'm afraid that when Luo Hou arrives at the next station, there will only be a pile of bones left in the camp."

Everyone's eyes were extremely heavy. They understood this point. What was important now was how to solve the problem.

"Senior Lin, how should we strengthen our defense?" The lone crocodile asked.

Lin Tianjian was silent for a moment before he shook his head. "What's the use of Defense? Unless we hide in the cave forever and never come out again."

But was it possible?

Normally, they could hide in the cave, but when Rahu arrived at the station, could it be that they wouldn't go out as well?

Therefore, just defending was far from enough.

"Then according to what senior Lin thinks, what should we do?"

"Take the initiative to attack!" Lin Tianjian said the words that shocked everyone. Fighting against evil creatures, wasn't it a dead end?

However, Lin Tianjian said again, "The attack that I'm talking about is not to fight against them, but to find the source of the mutation!"

"Nothing comes out of thin air. Evil creatures change their patterns, there must be a reason. If we can find out, we can cure the root cause."

The whole place was in an uproar.

"If we can find the source, it means that we have to enter the mist. However, it's too dangerous inside."

"Senior Lin's train of thought is definitely correct. However, how do we proceed?"

Lin Tianjian said, "I've decided to form an expedition team and go deep into the mist to search for the source of the mutation of the evil things."

Hearing that, the whole place immediately fell silent.

Everyone avoided eye contact and didn't dare to stand out.

Without a doubt, entering the fog meant certain death.

"I won't let you go in vain." Lin Tianjian said, "This trip has me leading the team. Those who are willing to participate will each receive 100,000 dao coins. In total, only ten people will be recruited."

"100,000 Dao Coins?" Hearing this, many martial artists swallowed hard.

With so many dao coins, they might not be able to gather them in half their lives.

Many people were tempted, but then they heard Lin Tianjian say, "But not everyone can join. Anyone who joins is at least at the middle stage of the five crowns, or has the comprehensive combat strength to kill an evil being alone."

With the power of the evil being, even the early stage five crowns were useless. If they went in, they would be courting death.

Only the middle stage could kill them.

"Including me and the few people on the stage, we already have eight people. There are still two people left. Who is willing to sign up?" Lin Tianjian said.

These words extinguished most of the people's thoughts.

What was rather strange was that everyone present turned their gazes to Zhang Yuanling and Su Yu at the same time.

In the past three years, these two enemies had often been enemies. It was no longer news.

There was no doubt that Zhang Yuanling's cultivation was at the half-step dao master level.

For Su Yu to be able to tangle with a half-step dao master for such a long time without being injured, it could also be seen that Su Yu was extraordinary.

These two were obviously the most suitable candidates.

"I'm willing to participate!" Zhang Yuanling thought for a moment and took the initiative to express her stance.

Lin Tianjian's eyes lit up and he laughed out loud, "Haha, Welcome, fellow Daoist!"

With an expert of the same realm accompanying him, the safety and security of this trip would undoubtedly be greatly enhanced.

Su Yu muttered to himself.

Zhang Yuanling's intention was to take the opportunity to temporarily avoid Su Yu and the others. During the process of carrying out the mission, he would try his best to recover his cultivation.

In order to let Zhang Yuanling play a greater role, Lin Tianjian would probably help him recover his cultivation.

If he waited for his cultivation to recover, it would be a nightmare for Su Yu.

He could not sit idly by and watch Zhang Yuanling succeed.

"I'll participate too!" Su Yu took the initiative. With him around, it would not be easy for Zhang Yuanling to recover his cultivation.

As for the danger of the evil thing, with its movement technique, it would not be a problem for it to escape.

Lin Tianjian glanced at Su Yu and said, "Release your power of Desolation."

Su Yu nodded and released his power of desolation.

Lin Tianjian frowned and said, "Maybe you didn't hear my request clearly. I hope to be at the middle stage of the five crowns and not the middle stage of the four crowns."

Su Yu didn't refute. He took out the Shura Sword and slashed toward the void with the ultimate move.

In an instant, thousands of pitch-black sword shadows spread out like ink. The sword Qi that caused one's heart to tremble shook the entire sky.

All of the early-stage five-crowns present were terrified.

The power of this sword had already surpassed the early-stage five-crowns. It was close to the middle-stage five-crowns.

Lin Tianjian's eyes were filled with surprise as he praised, "What an exquisite sword technique! Amazing! Okay, I'll count you in!"

In fact, he was still a little dissatisfied. He hoped that there would be a peak five-crowned emperor or something like that. However, when he swept his gaze across the crowd, he realized that there might be people who met the requirements, but they did not have the guts to do so.

Therefore, he could only settle for the second best and choose Su Yu.

"You have half a month to prepare. I hope that you will proceed with the best posture."

Su Yu stared deeply at Zhang Yuanling and returned to the cave silently.

In the past three years, when he saw that Su Yu had displayed exceptional strength, and when he was once again searching for the cave abode, some of the cave masters who were tactful gave up their cave abodes to avoid the fate of being killed.

Just like the cave master who was killed by Zhang Yuanling.

After returning to the cave abode, Su Yu temporarily stopped interfering.

The danger of going into the fog was self-evident.

He needed to take some precautions.

Other than the thirteen talismans and sword arts, his greatest reliance should be the Taiji Yin-yang wings.

The current Taiji Yin-yang wings were not ordinary, but they could only be said to be enough. There was no guarantee that everything would be perfect.

While he was thinking, Su Yu took out another piece of the Dao master's bone.

He was still not willing to merge it into the Taiji Yin-yang wings, but now he had to make a choice.

The tai chi yin-yang wings was a divine weapon that could grow. There was no need to doubt this.

After merging with a dao master's bone, it was already a top-tier true emperor divine weapon.

He didn't know what would happen if he merged with this dao master's bone.

Different from the previous Dao master's bone, this dao master's bone contained the DAO Master's blood and wasn't lost at all.

Once it fused, the Taiji Yin-yang wings would probably undergo an unexpected change.

In a relatively closed place like the Rahu heavenly eye, if there was too much commotion, more or less trouble would appear.

Chapter 2076 Immortal Embryo Of Dao Artifact

With this thought in mind, Su Yu teleported and disappeared into the mist.

The Mist had an extremely strong isolation effect. Even if there was movement, it would be difficult to detect the specific situation.

He simply set up a defensive formation around him and let the little qilin guard outside.

He began to fuse the two.

Time passed bit by bit. The camp was busy preparing for the expedition. All kinds of high-quality resources were given priority to the expedition team.

Zhang Yuanling also had a rare opportunity to recover for fifteen days, allowing his injuries to recover a little.

“Su Yu! When I return from the fog, it will be your end!” He was filled with hatred. He would only be satisfied if he crushed Su Yu’s bones into ashes.

Just as he finished healing his wounds, he suddenly noticed that the divine aura in the world was undergoing a subtle change.

He came to the entrance of the cave and looked outside. The divine aura that could not be seen by the naked eye was gathering into the fog from all directions.

“The divine aura is gathering. Is someone cultivating and about to break through?” Such a large-scale divine aura was unusual.

Buzz Buzz Buzz --

Suddenly, Zhang Yuanling’s eyes changed. He took out his natal Dharma Treasure.

The Dharma treasure was trembling slightly.

Looking at the rest of the people in the camp, they were all staring at their dharma treasures in astonishment.

“Myriad Treasures Dynasty!” Zhang Yuanling took a deep breath. His eyes were full of shock. “This is a sign that the immortal embryo of a Dao artifact has descended into the world! Could it be that a dao master is forging a dao artifact in the fog?”

His eyes flashed with deep suspicion.

If the Dao was there, if he were to rashly go, he would definitely be seen as coveting a Magic Treasure by the DAO Master.

At that time, a single thought from the Dao master would be enough to send him to eternal damnation.

However, what if the immortal embryo of the Dao artifact was born by itself in the world?

He paced back and forth in the room, unable to make up his mind.

Shua --

Suddenly, a figure flashed in front of his cave abode. It was Lin Tianjian. His eyes flashed with excitement as he said in a deep voice, “Fellow Daoist Zhang, you should have felt it, right?”

“What do you mean, fellow Daoist Lin?” Zhang Yuanling asked uncertainly.

Lin Tianjian’s eyes flashed. “Naturally, I’m here to meet that senior!”

Unlike Zhang Yuanling who was hoping for a fluke, Lin Tianjian naturally believed that the dao master was forging artifacts.

The probability of a dao artifact being born by the heavens and earth was almost zero. How could they have such a coincidence?

“If we can invite this supreme-being to come out, it’s more than enough to deal with a mere evil object.”

With someone inviting him, Zhang Yuanling felt much more confident. “Alright! Let’s first confirm whether or not we can forge a weapon for the DAO Master!”

The two half-step Dao Masters stepped into the mist side by side.

When they were 30,000 feet apart, they took the initiative to stop and did not rashly go forward.

Lin Tianjian bowed towards the distance. “I didn’t know that the supreme-being was here. We were unable to welcome you from afar. Please forgive us, senior.”

At this moment, Su Yu was fusing the Taiji yin-yang wings and the Dao master’s bone at a critical moment.

Hearing Lin Tianjian’s voice, his expression changed slightly.

He gave the little qilin a look, and the latter immediately used his true form to turn Su Yu into nothingness, concealing all of his aura.

Only then did he force himself to remain calm and said slowly, “Anyone who enters within 30,000 feet will die.”

Lin Tianjian instantly became stern and his waist bent even deeper.

When he heard that someone was inside, Zhang Yuanling was also shocked. It was indeed not some dao artifact immortal embryo that was born on its own.

But someone was refining it.

“I, Zhang Yuanling, have no intention of disturbing senior. I hope senior can forgive me.”

He was also here? Su Yu’s eyes revealed a cold light.

After thinking for a moment, he did not say another word.

If you say too much, you will make a mistake.

Cherishing ink like gold was a supreme-being’s superhuman attitude towards a half-step dao master.

As expected, when they heard that there was no response from inside, Lin Tianjian and Zhang Yuanling became even more nervous. Not to mention stepping into the 30,000-meter radius, they didn’t even dare to ask any more questions, afraid of disturbing this supreme-being’s artifact refinement.

At the same time, more and more experts sensed the commotion and rushed over one after another.

Lin Tianjian and Zhang Yuanling consciously organized them outside.

In order to win the Dao Master's satisfaction, Zhang Yuanling went all out and dealt a heavy blow to those who dared to step into the hundred thousand feet realm.

"Bah! Isn't he just trying to cling onto the Dao Master's Leg? Is there a need to work so hard?" A martial artist who was beaten up by Zhang Yuanling complained.

"HMPH! He wants to be the dao master's watchdog, but it doesn't mean that the dao master will appreciate his kindness!" Another martial artist who was chased away by Zhang Yuanling said resentfully.

In fact, they were more envious.

It was a great benefit to be able to work for the supreme-being.

As they spoke, the air between heaven and earth changed dramatically again.

The air in the entire camp was instantly sucked away, leaving nothing behind.

Zhang Yuanling's eyes revealed shock as she muttered, "I was once lucky enough to see a dao master refine a dao artifact immortal embryo, but the commotion was far less than what I saw before."

Lin Tianjian agreed, "The Dao artifact immortal embryo is the key to determining the strength of a dao artifact. The more powerful the Dao artifact immortal embryo is, the greater the phenomenon that will appear when it is born. The phenomenon before us is not weak, but it's a pity that it's in a place like the Rahu Heavenly Eye where the divine aura is thin. If it's in a place where the divine aura is rich, the level of the Dao artifact immortal embryo will be higher after it is formed."

As all of the divine aura was sucked away, the sound of boiling liquid could be heard from the center of a hundred thousand feet away. Waves of soul-threatening pressure radiated in all directions.

"The dao item immortal embryo has taken shape!" Zhang Yuanling and Lin Tianjian had deep envy in their eyes.

To be able to have a dao item immortal embryo was their lifelong pursuit.

Unfortunately, they never had such an opportunity.

They could only watch, but they couldn't get it.

After a long time, the threatening pressure gradually faded, and in the end, it disappeared without a trace.

In the center of a hundred thousand feet.

Su Yu stared at his palm, and a pair of wings that had changed dramatically.

Compared to the black and white colors in the past, the wings now had a green jade color.

At first glance, it looked like a jade product that had been carved, and it was emitting a bright light.

Traces of yin and yang qi flowed within the wings and could be released at any time.

The most shocking thing was that there was a trace of the Dao master's mysterious intent within the wings.

It was the dao intent of the Dao Master of all living beings!

Because the DAO Master's blood had also fused into it, the dao intent had also fused into it.

With this trace of dao intent, after the Taiji yin and yang wings were activated, the power was no longer just pure yin and yang qi, but also the dao intent.

One could only imagine its speed!

Even a half-step dao master was far inferior, only second to a dao master!

Su Yu let out a long sigh of relief. After half a month, he finally succeeded.

This expedition should be much safer.

Suddenly, Su Yu sensed the movements in the outside world. His heart moved slightly, and he tried to use the new Taiji Yin-yang wings.

In the end, the jade-like Taiji yin-yang wings spread out on Su Yu's back and actually transformed into a huge wing that was 30,000 feet wide.

Everyone who was waiting 30,000 feet away suddenly saw a corner of the wings poking out and all of them sucked in a breath of cold air.

"This... This is a flying dao item immortal embryo? But... isn't it too big?"

Lin Tianjian and Zhang Yuanling stared at the rippling wings that were flowing with dao intent and all of them revealed looks of extreme envy.

Right at this moment, the wings suddenly began to flutter.

Lin Tianjian immediately realized that something was wrong and hurriedly said, "Everyone, retreat quickly!"

However, his warning was still a little too late. With a flash of the hundred thousand feet wings, an incomparably terrifying gale was swept up.

Other than Lin Tianjian and Zhang Yuanling who were barely able to resist, the others, including the peak-stage five crowns, were all sent flying tens of thousands of miles back to the camp.

At the same time, the fog that covered the sky and the sun all year round was swept away by the jade wings, revealing the land that had been covered by the fog for hundreds of millions of years.

Before the two could see the owner of the wings clearly, the giant wings flew into the air and disappeared.

The speed of the wings was so fast that they couldn't even sense the presence of the wings, which was why they couldn't figure out the direction of the wings.

"What a terrifying immortal embryo!" Zhang Yuanling took a deep breath, her eyes full of shock.

Lin Tianjian came to his senses and said, "Senior! Please wait!"

But where was the shadow of that 'senior'?

They had specially come to visit, hoping that this senior could help them resolve the current danger of the evil things.

Unfortunately, that senior left directly, not knowing where he was going.

Lin Tianjian was stunned for a long time, and then he let out a long sigh. "Sigh! Perhaps it's our lives."

After cutting off the dao master's extravagant hope of helping him, Lin Tianjian returned to reality.

After returning to the camp, Lin Tianjian immediately gathered the ten experts from before and gathered at the Camp Square.

"Who else isn't Here?" Lin Tianjian counted for a moment and realized that only nine people had arrived. There was still one person who had yet to arrive.

"I'm Here!" In the distance, Su Yu ran over in a hurry.

His face was slightly pale and his entire body was drenched in sweat. It was as if he had done something that was extremely draining of his primal energy.

Lin Tianjian's face was filled with displeasure. "Fifteen days, are you still not ready?"

There was a hint of reprimand in his tone.

Little did he know that after Su Yu used the brand new Taiji Yin-yang wings, he flew out of Rahu and fell into the chaotic space.

Fortunately, his spatial laws were shocking, and he returned in time. Otherwise, he would have died in the chaotic space.

Of course, the consumption of the prehistoric power by the new Taiji Yin-yang wings was an eye-opener for Su Yu.

With his cultivation of the middle stage of the four crowns Emperor realm, more than 90% of the prehistoric power had been taken away!

If he had been taken away, he really wouldn't have been able to come back.

"Sorry, I'm late, but I'm fine." Su Yu said as he poured a few nine yin pills into his mouth. He directly used these pills to supplement the prehistoric power.

This scene caused the mouths of many warriors to Twitch. This kid was rich!

Pills to increase one's cultivation were rare resources in any place. Most of the emperors of heaven and earth needed to slowly meditate to recover their primeval energy.

For someone like Su Yu, consuming a large number of pills to increase one's cultivation was a waste of natural resources. It attracted countless envious gazes.

Lin Tianjian was also slightly surprised. Seeing that Su Yu's primal energy had recovered, he didn't say anything else and said, "Let's Go!"

Under his leadership, everyone immediately stepped into the fog.

They didn't hesitate to use their primal energy to teleport the entire time, hoping to find the source of the demonic change before nightfall.

Unsurprisingly, the demonic activity wasn't affected in the fog during the day.

Not long after they enter the fog, they are attacked by evil creatures.

Chapter 2077 The Underground World

However, under the attacks of the two half-step Dao Masters, they were all reduced to ashes.

As everyone rushed forward, they finally arrived at an extremely deep place that no one had ever reached before.

At the same time, they discovered a huge lake that pierced through the dense fog.

The lake was boundless, and white fog constantly rose from the lake and dissipated into the air.

Everyone stopped.

Lin Tianjian's eyes were filled with disbelief. "Could all the mist come from this lake?"

What was this lake?

Someone Curiously picked up a divine weapon and placed it into the lake.

In the end, a shocking scene appeared.

The divine weapon gradually disintegrated and became the original material.

"Retreat! The lake is dangerous!" Lin Tianjian and the others sucked in a breath of cold air.

Only Su Yu wasn't the least bit surprised.

When he first saw the evil thing, Su Yu had already guessed its origin.

Now, it seemed like it was the same as the DAO Master's Sea of Destiny.

It must have been some creatures that touched the sea of destiny. They were lucky enough not to die and obtained the good fortune, but in the end, they gradually turned into the evil thing.

However, Su Yu could not understand why there was sea of Destiny above the Rahu?

"Let's walk around the lake and take a look."

Under Lin Tianjian's lead, the group walked around the lake for half a day.

In the end, the lake was really boundless and there was no end to it.

Seeing that their trip was going to be fruitless and that the sky was gradually turning dark, Lin Tianjian was also hesitant.

It was not easy for him to reach this place. If he did not bring back any useful clues, it would be extremely difficult for him to organize the next expedition.

“Forget it, let’s Return!”The lake was too huge and there was no way to cross it, so he could only give up on this expedition.

At this moment, the water in the lake suddenly began to boil.

Iron cages emerged from the bottom of the lake and floated above the water.

No one knew what the iron cages were, but they were not afraid of the corrosion of the lake water.

Under the push of the lake water, the iron cages finally leaned towards the other side.

“Strange, is there something inside?”Someone curiously came forward to observe.

Kacha --

At this moment, the iron cages seemed to be controlled, and all the cages opened at the same time.

Roar --

A familiar and creepy screech fell into their ears.

They looked up and saw hundreds of purple evil creatures crowded in each cage!

“Retreat!”Lin Tianjian’s pupils shrank to the extreme as he said in horror.

Zhang Yuanling’s scalp also went numb!

There were more than hundreds of thousands of iron cages in front of them?

There were hundreds of evil creatures in each cage. The total number of evil creatures was more than ten million!

Back then, fighting hundreds of thousands of evil creatures at night was a narrow escape, let alone ten million right now?

Escape! They had to escape!

However, just as they were about to escape, the sound of wings flapping suddenly came from the sky above the fog.

Looking up, they could vaguely see black evil creatures. They had wings on their bodies and were extremely fast.

A warrior in the late stage of the five crowns Emperor realm tried to escape with extreme speed.

He did manage to escape the few evil creatures in front of him, but what made him despair was that behind him, the sky was covered with densely packed evil creatures. They were endless, like an impenetrable wall.

When he barged in, he was immediately attacked by a group of them, turning into a cloud of Blood Mist. He did not even have the time to cry out in pain.

This scene caused the faces of many people who wanted to escape through teleportation to turn pale.

Even Su Yu's expression was solemn.

He had an incomparable speed, but he could not use it at the moment. Otherwise, he would directly crash into the mouths of the flying demonic creatures.

Seeing the groups of purple evil creatures come ashore, they surrounded them like the tide.

Su Yu's eyes showed determination. He took out the earth furnace and threw it into the lake. Then, he immediately jumped up and urged it to rush into the lake.

Although this spell couldn't stop the flying evil creature, the purple evil creature didn't dare to step into the lake, so it couldn't do anything to him.

Su Yu's shocking action immediately made the Warriors present realize a hope of survival.

However, they didn't have any magic treasures that could contend against the lake.

Before they could react in time, Lin Tianjian, the shrewd half-step dao master, remained calm in the face of danger. With a thought, he stared at the nearest iron cage and shouted, "Let's attack together and snatch an iron cage!"

Everyone came to a sudden realization. Couldn't the iron cage float on the surface of the lake?

Everyone worked together and attacked together.

Two half-step Dao Masters and a group of five-crowned emperors worked together to kill a hundred purple evil creatures. It was still quite easy.

After emptying the iron cage, everyone immediately hid inside.

Then, before the purple evil creatures attacked, they urged the iron cage to slide toward the center of the lake.

Seeing the groups of purple evil creatures fall into the lake and die miserably, everyone let out a long sigh of relief.

The only thing they could worry about was the flying evil creatures in the sky.

However, for some reason, the evil creatures lingered above the iron cage for a while before retreating.

Lin Tianjian heaved a long sigh of relief. "There will definitely be good fortune after surviving the disaster!"

"It's too early to say that. We're only temporarily safe. The problem lies in how to successfully escape," Zhang Yuanling said untimely.

Her words were immediately echoed. "Indeed, safety is only temporary! Also, I think that if we want to escape, we should probably look for that kid called Su Yu."

"I don't know if you've noticed, but when danger came, this kid actually took out the small cauldron with unusual proficiency. How did he determine that his small cauldron could withstand the erosion of the lake?"

One had to say, this person's observation was meticulous, and he had found the problem.

Lin Tianjian carefully recalled and found that it was indeed the case.

Deep suspicion appeared in his eyes. "Could it be that this kid has been here before? Or, could it be that the mutation of the evil object is related to him?"

Zhang Yuanling paused for a moment, in a deep voice, she said, "This kid is indeed not a thing! Back then, I saved so many people, and I also saved him and his two friends. But he was so ungrateful, and for the past three years, he has interfered with my recovery."

"Now, it seems that there is really something wrong with him."

Hearing his words, everyone's suspicion of Lu Qingchen deepened. Lin Tianjian thought for a while and said, "Let's catch up to him first. We must find out the truth."

There were so many of them working together to activate the iron cage. The speed was unimaginable. It was not something that Su Yu could compare to.

One day later.

The sky slowly brightened. After Lin Tianjian and the others lost him a few times, they finally found Su Yu's direction through all kinds of supernatural powers and successfully caught up.

Hearing the splashing sound of water behind him, Su Yu looked back and his expression changed slightly.

"How could a cage of evil creatures catch up to me?" Su Yu did not dare to wait and urged the small cauldron to flee.

However, the speed of the iron cage was too fast. After fleeing for an hour, they were still caught up.

With a Kacha sound, the side of the iron cage opened, revealing the living beings inside.

Su Yu heaved a sigh of relief just now. He sized up the cage and could not help but praise, "Not a bad idea!"

Zhang Yuanling looked through the iron window and said sarcastically, "Isn't It All thanks to You?"

Su Yu did not treat him well and said indifferently, "Speak human language!"

"Don't be so smug! Come over immediately, we have something to ask you!" Zhang Yuanling berated.

Su Yu wasn't on guard at first, but now that he said that, how could Su Yu not be on guard?

Without saying anything else, he took out ten peak-stage five-crowned emperor talismans on the spot and activated them all. He said coldly, "Keep your distance, otherwise, I'm not sure if I can blow up the iron cage or not."

Seeing this, everyone's expressions changed deeply.

When Zhang Yuanling saw those talismans, he was both angry and helpless.

Lin Tianjian glared at Zhang Yuanling. With such a tone, only a fool would let his guard down.

But now, it was hard to trick him into returning to the iron cage.

Lin Tianjian looked at Su Yu and said, "Little friend, we don't mean any harm. It's just that you seem to know the lake very well. Could it be that you've been here before?"

Su Yu thought for a moment and said, "I've never been here before, but I've been to a similar place once."

Lin Tianjian's eyes lit up. "If you have any way to escape, please enlighten me."

Shaking his head, Su Yu looked around. "As you can see, I'm also looking for a way out."

In fact, Su Yu knew very well that the real way out should be through the source.

This lake was very likely to be like the Sea of fortune, with no end in sight.

Seeing that the sky had brightened up again, those evil creatures should have started to retreat back to the lake. It should be much safer to head back now.

"You really don't know?" Zhang Yuanling's eyes were filled with disbelief as she said in a deep voice, "If you lie to us, we will never forgive you!"

Su Yuquan ignored his threat. He turned the furnace around and headed back to the shore.

Lin Tianjian thought for a moment and said, "Follow him!"

However, at this moment, a subtle change occurred in the lake.

A strong suction force came from the bottom of the lake.

However, the main object of the suction force was the iron cage.

With the Iron Cage as the center, a large whirlpool appeared on the surface of the lake, pulling the iron cage down and sinking it.

Lin Tianjian was shocked, "Not good! These iron cages will float up and sink to the bottom of the lake regularly!"

Hearing this, everyone's face turned pale and they all fell into deep despair!

Su Yu was also shocked and hurriedly left the whirlpool area.

Seeing that the whirlpool was getting bigger and bigger until it reached the bottom of the lake, Su Yu suddenly had a thought and looked towards the bottom of the lake.

He was slightly surprised to find that there was a huge and deep cave at the bottom of the lake. The inside was dry and the size was just enough to accommodate an iron cage.

"The purple evil creature is also afraid of the seawater of destiny, so the place that the iron cage is going to reach must be quite dry." Looking at the shore, he could faintly hear the sound of dense wings flapping. Su Yu made a decision decisively.

He controlled the small cauldron and immediately slid into the whirlpool.

As the whirlpool spun, the small cauldron was swept into the tunnel at the bottom of the lake.

Sure enough, the tunnel was dry and there were no water droplets left.

Soon after, the clumsy iron cage was also swept into the whirlpool and kept falling down on top of Su Yu's head.

Su Yu put away the small cauldron and folded space, turning into a speck of dust that stuck to the top of the iron cage and slid all the way to the bottom,

bang --

With a loud sound, the iron cage finally reached the bottom.

Su Yu looked over and could not help but be surprised.

He saw that the bottom of the lake was actually a man-made underground world!

One by one, the falling iron cages were moved to a certain place and piled up by strange creatures of unknown races.

Those creatures were emitting a faint golden light all over their bodies. Their cultivation was extremely terrifying. Without exception, they were all peak five-crowned emperors, and were even close to half-step Dao Masters!

Chapter 2078 The White-Robed Daoist Master

"Could it be that the demonic objects were artificially created?" Su Yu could not help but be extremely surprised.

He listened carefully and discovered that the golden creatures had extremely high intelligence and were all conversing with each other.

"This batch of tests have passed and can be sent to the heaven-ranked prison."

"Sigh! When will it end? Who knows how long it will take for our No. 30 experimental site to reach its end?"

"Our No. 30 experimental site is still pretty good. I heard that the No. 9 experimental site is filled with gold-colored specimens. Every one of them is at the peak of the five-crowned emperor realm. They are extremely dangerous!"

"That's true. I also heard that there are dao master-level specimens in No. 6 experimental site!"

..

Listening to their conversation, Su Yu's heart was pounding. He felt as if he had heard an incredible secret.

"However, there is one thing that we had better report to the higher-ups. Recently, some evil creatures will not return on time. It seems that they have been attracted away by something."

"Is it that camp? The people in the camp are really ambitious. They dare to use our No. 30 experimental site to travel. They really don't know how to spell death."

Su Yu was secretly surprised. Could it be that the entire Luohou was actually a testing site for these people?

“Alright, this matter has to be reported to the supreme-being.”

Hearing that there was a supreme-being in this place, Su Yu’s heart skipped a beat.

He had to leave immediately.

He looked up and saw that the tunnel above had already been sealed. There was no way to leave.

He could only find another way out.

He did not move and waited for the two golden creatures to leave.

Kacha --

After they left, the iron cage opened from the inside. Lin Tianjian, Zhang Yuanling and the others’ faces turned slightly pale.

After hearing such a shocking secret and the presence of the supreme-being, their lives were in danger.

“Let’s split up and find our own way out!” Lin Tianjian said in a low voice.

Zhang Yuanling’s lips trembled, and her heart was filled with regret. Why did they get involved in this mess? She said, “Everyone, run for your lives!”

The two half-step dao masters fled in different directions. The remaining experts all felt uneasy and dispersed in groups of three or five.

Any cultivation base would be superfluous if they landed in the location of a supreme-being. If they scattered, they might be able to find an exit and escape one by one.

Su Yu then landed on one of the martial artists with the weakest cultivation base. His cultivation base was the lowest. If there were really experts chasing after him, the person chasing after him should be the weakest.

Du Du --

Unexpectedly, not long after they separated, they heard the loud alarm of the array formation resounding through the entire underground.

Lin Tianjian, Zhang Yuanling, and the others who were escaping all had a change in expression. They did not expect that someone would be discovered so quickly, so they all sped up their escape.

The alarm immediately alerted the group of golden creatures.

There were many of them, and they were all at the peak of the five crowns.

They swarmed in groups to search for them.

As they were not familiar with the terrain, most of them were arrested in an instant.

Even Lin Tianjian became a prisoner under the siege of dozens of golden creatures.

The martial artists attached to Su Yu were also taken away.

In the end, only Zhang Yuanling was left to hide.

Su Yu floated to another place and watched the changes quietly.

The golden creature captured everyone and sent them to a certain square.

There was a pond with a diameter of more than a thousand feet. The pond was filled with seawater of destiny.

Beside the pond, a woman in white stood with her hands behind her back. Her expression was cold and indifferent, but her cultivation level was unfathomable.

“Paragon, we’ve caught seven intruders!”

The woman in White was actually a dao master!

Her body exuded a faint demonic aura. She was a dao master of the demon race.

She turned her head and glanced at everyone. Instantly, everyone, including Lin Tianjian, felt a piercing pain in their souls. All their memories had been flipped.

With just a glance, she could see through everyone’s souls!

How powerful was this soul skill?

“There’s still one... No, it’s the two of them who haven’t been brought to justice yet. Keep looking!”The white-robed dao master said calmly.

The large group of golden creatures split up again and went to capture the two of them.

Looking at Lin Tianjian and the other captives, her red lips parted slightly. “Since you know what you shouldn’t know, you should be mentally prepared, right?”

Lin Tianjian and the others begged for mercy, “Supreme, please spare our lives!”

The white-robed woman’s lips curled into a playful smile, “I have always liked to be merciful, and I like to give people opportunities. All of you, go into the spirit pool. If you can survive, I’ll spare your lives.”

Lin Tianjian and the others’ faces turned pale. They had long noticed that the water in the pool was exactly the same as the water in the lake.

They would definitely die if they entered it!

Seeing their hesitation, the white-robed woman swept her gaze over them. The martial artist on the far right immediately let out a blood-curdling scream and collapsed to the ground.

His soul had already been shattered, and his body and soul had been destroyed.

“Since I gave you all the chance to reject it, then you can only die.”The white-robed woman smiled cruelly.

Despair appeared on the faces of Lin Tianjian and the rest, and they could only rush into the lake.

Ah --

Screams rose and fell, and all the Warriors turned into blood. Not even dregs were left.

All of them, including Lin Tianjian, died.

“Our luck is not good. None of the seven people successfully evolved.”The woman in white shook her head and sighed.

With the probability of one out of ten people successfully evolving in the lake, all seven people were killed. It could not be said that it was quite a failure.

“There are still two left. Don’t disappoint me.”

Zhang Yuanling was terrified as she ran everywhere. However, no matter where she ran to, she did not find a way out.

In the end, she was discovered by a group of golden creatures. Under the siege, she was unfortunately captured.

Only Su Yu was left. She turned into dust and the golden creatures were unable to discover her.

Zhang Yuanling was sent to the woman in white. She sat by the pool calmly. Her bare snow-white feet were swinging around in the pool.

No matter how dangerous the water was, it didn’t hurt her at all.

“Only one?”The woman in White was slightly dissatisfied. She beckoned Zhang Yuanling with her finger, and Zhang Yuanling fell into the pond involuntarily.

“AH...”

Zhang Yuanling screamed subconsciously, but she was stunned for a moment. She realized that she didn’t feel any pain,

instead, strange things were drilling into her body.

The white-robed woman smiled faintly. “You’re quite lucky. Let me see what you’ve evolved into.”

With a snap of her fingers, a black shadow was trapped inside Zhang Yuanling’s body.

Surprise flashed across her face. “Eh? High-grade talent, Soul Shadow?”

Then, with a flick of her fingertip, Zhang Yuanling stood up and stood in front of her.

“Capture him and lock him up.”The white-robed woman’s eyes revealed a hint of deep anticipation.

Zhang Yuanling was immediately taken away by a group of golden creatures.

“Mm, this is an unexpected gain. High-grade talent is something that can only be found by chance.”The white-robed woman nodded her head in satisfaction.

When trillion creatures entered the pool, it was usually difficult for them to evolve a high-grade talent. It could not be denied that they were extremely lucky to be able to obtain one.

After pausing for a moment, the white-robed woman frowned. “That person hasn’t been captured yet?”

“Forget it, I’ll do it!”The white-robed woman said. Her eyes were pale, and a soul light that could be seen with the naked eye radiated from her body, sweeping through the surroundings.

The entire Rahu was swept by this soul light, and no living being could hide.

“So that’s where he is!”The white-robed woman said indifferently. As soon as she finished speaking, she had already appeared in a corner.

She casually twirled her fingers, picking up a speck of dust, and said indifferently, “To be able to use space to such an extent, it’s rare.”

Su Yu was already mentally prepared. In front of the DAO Master, there was no way he could escape.

He folded his body back and quietly watched this woman.

He had seen many Dao Masters, so he was more calm compared to ordinary people.

“Aren’t you afraid?”The white-clothed woman said indifferently.

Su Yu did not say a word. He secretly thought about how to escape, but this woman obviously would not give Su Yu any chance to leave. She brought him to the side of the pool in an instant.

With a flick of her finger, she threw him into the pool.

Su Yu’s expression changed slightly. How could he not know the danger of the seawater of Destiny?

Splash --

When he fell into the water, the intense pain he imagined did not appear. Instead, waves of strange energy invaded his body.

However, Su Yu was very familiar with this energy. It was the feeling of Qi of destiny.

“Eh? Two consecutive successes?”The white-clothed woman thought that Su Yu would definitely die, but who knew that he was safe and sound.

She pulled out an iron rod from his body.

“My Luck is bursting. It’s a supreme-grade talent, Dao extinguishing rod!”The white-clothed woman was moved. “Normally, only those with great fortune can produce it. You, a four crowns emperor, can produce such a thing.”

Su Yu thought to himself. It should be because he had absorbed the Qi of fortune from the token of fortune.

Those unseen fortunes had settled in his body and were stimulated by the pond water, giving birth to a strange fortune.

However, Su Yu was not happy at all.

He had seen with his own eyes that those who had evolved a talent would eventually evolve into an evil creature that had lost its reason.

“From the looks of it, you don’t seem to know what the Dao obliteration pestle is?”The white-clothed woman noticed Su Yu’s expression, she smiled and said, “The dao obliteration pestle is a top-tier talent. When used, it can instantly destroy the Dao intent of a dao master and cause great damage to the DAO Master.”

Su Yu said indifferently, “No matter how good the DAO obliteration pestle is, it has nothing to do with me, right?”

“Oh? You seem to know something.”The white-robed woman swept her gaze over, wanting to search Su Yu’s soul. However, she discovered that there were actually many golden light spots in his soul.

“Soul Dao fragment? How is this possible?”The white-robed woman turned pale with fright, she immediately placed Su Yu in front of her and pointed her finger at his forehead. After confirming that his soul was filled with many soul dao fragments, she was even more shocked. “You are only a four-crowned emperor and are far away from becoming a dao master. Why are there signs of dao transformation in your soul first?”

To become a dao master, one needed a dao technique, a dao body, and a dao soul. One could not lack any of them.

A Dao technique was to cultivate one’s own laws to the extreme and become an existence like the Great Dao of Heaven and earth.

A Dao body was to have a powerful body that could destroy heaven and earth, and not be afraid of any harm.

A Dao soul was to have an indestructible soul, and nothing could destroy it.

Only when one reached all three could one break through to the Dao master level.

Usually, only after one was half a step away from the DAO Master level could one consider a dao technique, a dao body, and a dao soul.

It was the first time she had heard of a person with four crowns becoming a dao soul and showing signs of condensing a dao soul.

After staring at Su Yu for a long time, the woman in white said, “You are very special! I don’t even have the heart to extract the dao obliteration pestle from your body.”

“Just as you said, the Dao obliteration pestle was born in your body, but it doesn’t belong to you. It belongs to me!”The woman in white pointed at her nose. “I will extract it and refine it into a magic treasure.”

Su Yu said, “Then, I will become an evil object because of this?”

The woman in white said, “You really know something! However, you have no choice!”

“Lock him up!”

Su Yu was taken away by the golden creature and locked in an iron cage. It was a cage that had been used to lock evil objects.

However, there was a restriction on the outside, so it could not be opened from the inside.

Su Yu was not discouraged by being locked up.

Others might be afraid of the possibility of turning into an evil object, but Su Yu would not.

Chapter 2079 The Beautiful Figure Of Asura

After the golden figure left, he quietly took out a bottle of medicine. It was an item he had obtained from the vast origin sect's sect master's Cave on the Sea of fortune, the Frost Cloud Dew.

This was a medicine that the vast origin sect had used up all their resources to develop before it was destroyed.

It was effective against creatures that had been contaminated with the sea of fortune and had yet to mutate. As long as they swallowed it, they would no longer turn into evil creatures.

After thinking for a while, Su Yu immediately swallowed one.

After swallowing the medicine, Su Yu immediately felt the Qi of fortune in his body boiling. It seeped out from his body and finally condensed into a mark of the dao extinguishing pestle on his chest.

A hint of understanding appeared in his mind.

“So that’s how it is. This medicine is actually used to activate talent!”Su Yu suddenly realized.

The reason why the creatures in the Sea of fortune became evil was because the talent in their bodies had not been activated for a long time, causing a drastic change and eventually turning into an evil object.

Su Yu carefully observed the bones in her body. The signs of becoming evil were the dense scales on her bones.

But at this moment, the scales on her bones disappeared bit by bit.

“Dao obliteration pestle?”Su Yu’s eyes were filled with deep excitement. At this moment, she had the urge to laugh.

That white-robed dao master probably wouldn’t even dream that she would unintentionally force Su Yu to grasp a heaven-defying talent!

Of course, this was inseparable from the good fortune he had obtained in the Sea of fortune.

If it wasn’t for the accumulation of so much good fortune, how could a top-grade talent be born?

From the information he had obtained, the use of the Dao obliteration pestle had great restrictions.

Every time he used it, he would have to wait for three years for the Dao extinguishing pestle to recover on its own. Or perhaps a dao master would take action and fill the entire dao extinguishing pestle with his dao arts. Only then would he be able to use it again.

“An attack that is only second to a dao master? Then I’ll have to use it well!” Su Yu muttered to himself.

Looking at the sealed cage in front of him, Su Yu’s eyes revealed a look of contemplation.

The white-robed DAO Master did not take out the talent in her body on the spot. It could be seen that taking out this item required a certain amount of preparation.

Taking advantage of this time, Su Yu had to think of a way. Otherwise, if she were to discover that Su Yu had activated her talent on her own, she was afraid that she would kill her.

It was only to contend against a dao master. How could it be that simple?

With Dao Arts, Dao Body, and Dao Soul in her body, she was basically immune to all attacks below the DAO Master level.

Under such desperate pressure, Su Yu did not give up. Instead, he tried to search for items that he could use.

Although the three protective talismans given by dao master Tian can were comparable to dao master’s power, they were currently sealed and could not be used.

The other items had limited power, and it was impossible for them to harm dao master at all.

Suddenly, Su Yu took out a red hammer. It was a treasure that Patriarch Yun of the four symbols civilization had given back to Su Yu.

This was something that a great demon had given him when he was roaming the demon world. It claimed to be a magic treasure passed down from the royal family of the demon race.

Because of this item, he had been surrounded and killed by a group of half-step Dao Masters. He had barely escaped with his life.

“A treasure passed down from the royal family of the demon race must be extraordinary.” Su Yu carefully examined the red hammer.

He tried to use the power of desolation and his soul to explore this item. However, there seemed to be some sort of isolation on the surface of this item. He was unable to see through it at all.

“I believe that the Yun clan’s patriarch has tried many ordinary methods. Even a half-step dao master is helpless against it. I don’t need to waste my energy.” Su Yu thought to himself.

He could only try other methods!

After pondering for a long time, Su Yu used his fate law to slash at it with the fate severing blade. Immediately, a thick layer of demonic energy surged out.

Su Yu used all his law to slash at it ruthlessly. Finally, with a slight sizzling sound, the layer of demonic energy was forcefully severed and peeled off from the Red Hammer.

Somewhere far away.

In a palace built from an incomparably huge skeleton.

An incomparably huge golden flood dragon was lying cross-legged in the palace.

The dragon scales all over its body flickered, emitting a threatening dragon's might. Countless law chains circulated around its body, flickering and flickering.

The huge flood dragon's head was suffused with majesty, solemnity, and callousness.

All of a sudden, the golden flood dragon suddenly opened its eyes. It raised its head and looked into the distance with a shocked expression. "The seal of the anti-demon Heart Hammer has been broken by someone? Was It Nirvana or the Star Alliance's Chamber of Commerce? That is one of the Ten Forbidden Dao artifacts of the demon race."

Little did he know that the one who opened the anti-demon Heart Hammer was one of the eight great laws of Heaven and earth, the law of fate.

The inheritance mark left by the demon Emperor's bloodline was erased by the law of fate.

"Pass down the order to guard strictly. We must not let Nirvana and the Star Alliance Chamber of Commerce approach the ancient dream forbidden land and disturb the ancestral demon Immortal!"

..

Su Yu, who was completely unaware of this, revealed some surprise and thought at this moment.

"Demon-suppressing heart hammer? One of the top ten Forbidden Dao artifacts of the demon race?" Su Yu was surprised. It really was an important magic treasure of the demon race.

However, it was not an inheritance of the royal family, but a dangerous magic treasure sealed by the demon race.

The function of this item was very unique. As long as it hit a person's head, it could take away a person's memory and seal it into the demon-suppressing heart hammer.

The range of its effect made Su Yu's heart palpitate. Even the DAO Master was not spared.

It was precisely because it threatened the existence of the Dao master that it was sealed by the demons and forbidden from touching.

"It can barely be considered a usable object. However, how can it be struck on the top of the Dao Master's Head?" He was deep in thought.

Two years passed in a flash.

At the camp of the Rahu Heavenly Eye.

Huangfu Lieyang sighed as he looked at the horizon, the desolation and sadness in his heart.

The expedition team had gone for two years and never returned.

Their ending was without a doubt..

If they could come back, they would have come back long ago!

“Husband, there’s no need to be sad anymore. After entering the demon world, I’ll think of a way to use the imperial family’s legacy Magic Treasure to summon young master Su’s body over. At the very least, I won’t let him die without a place to bury himself...” Mo Xiaochai held a strand of Su Yu’s hair in her hand.

The imperial family of the demon race was filled with many powerful magic treasures.

According to a strand of aura, there was a secret treasure that could be used to retrieve the body from the other side of the world.

“Sigh, we owe our benefactor a lot.” Huangfu Lieyang found it difficult to smooth out the great disappointment in his heart.

Mo Xiaochai also sighed deeply and touched her belly. “If our child is born, Let’s acknowledge Su Yu as our godfather, even though we’ve never met before...”

Huangfu Lieyang gazed at Mo Xiaochai’s belly, his eyes flashing with tears as he nodded deeply.

In a place even further away.

The bright red world dyed with blood was filled with endless slaughter.

On the body of a humongous half-step Dao Master Level Demon Beast sat a cold and delicate figure in black armor.

Her figure was slim, and her facial features were delicate like a mountain elf. Her originally cute and cheeky face was solemn at this moment, exuding maturity and vicissitudes.

Her cultivation was even more terrifying, reaching the peak of the five crowns!

She held a long spear that was emitting black mist and pierced through a giant skeleton wearing a purple crown.

With a twist of the long spear, a boundless and fierce aura shot out, annihilating the skeleton.

The pretty woman flicked her long spear and removed the purple crown from the top of her head. She muttered to herself, “The eight rebellious kings were all killed in the end!”

Chapter 2080 Xian ‘ER’s Obsession

Huala --

However, the skeleton lost its mobility and fell to the ground. All the bones in its body were scattered.

Its third vertebra flickered with a faint blood-red color, which was completely different from the rest of the bones.

The pretty woman sucked it into her palm through the air and kept it in her sleeve.

As her sleeve twitched, seven similar vertebrae could be seen.

“Xian ‘er, why don’t you use the eight renegade King’s Blood Bones?” Beside him was a tall old man with wings on his back.

If Su Yu was here, he would definitely recognize that the old man was the Xuan Ming Dao Master who had fated with him back then!

It was his Milky Way star sand that had helped Su Yu many times.

When they left the Taotie Cage, it was Xuan Ming Dao Master who took Qin Xian 'er away.

“Master, I want to keep her. I will use her whenever I need to,”the pretty woman said calmly.

“You are still reluctant to leave that human, aren't you?”Daoist master Xuanming's eyes were calm, revealing his wisdom that could see through everything.

“I am not...”the pretty woman was none other than Qin Xian 'er, who was brought to the asura world by Daoist Master Xuanming!

Daoist master xuanming shook his head lightly. “The reason why you are reluctant to form the body of a Daoist master is because you can't let go of that mortal.”

As the successor of the Netherworld Phoenix, Qin Xian 'er had completely activated the Netherworld Phoenix body with the help of Daoist master Xuanming after she returned to the asura world.

Her cultivation speed increased day by day. In just a few decades, she had broken through to the emperor level.

It was at this moment that the Asura world underwent a change.

In the past, the asura world fell into a long period of chaos after losing several Dao Masters. Eight experts at the half-step dao master level each occupied one area.

Qin Xian 'er, the successor of the Netherworld Phoenix, returned and ruled the world as the young master of the Asura world, causing them to be dissatisfied.

In the end, the eight kings rebelled and attacked Qin Xian 'er and Dao Master Xuanming, who had yet to recover his vitality.

Qin Xian 'er had no choice but to start a difficult journey to quell the rebellion.

After twenty years of continuous battles, Qin Xian 'er had gone from a young girl to a terrifying female Asura in the Asura world.

Her cultivation was world-shaking, and her combat strength was unparalleled.

The eight renegade kings had all died under her spear.

Through fighting, her body of the nine underworld Phoenix was stimulated by space, causing her cultivation to soar. Five years ago, she reached the peak of the five crowns.

As long as she used the blood bones of the eight kings to cultivate, she would be able to reach the dao body, and nothing could hurt her from then on.

However, five years had passed, and Qin Xian 'er still had not taken that step.

The reason was clear to Dao Master Xuanming.

She still had not forgotten about that human named Su Yu.

Once Qin Xian 'er became a dao master, she would undergo a special process -- soul remodeling.

In the past, when Asura became a dao master, it would be because of the excessive killing aura in their bodies that affected their minds. Eventually, they would forget about their feelings and become extremely cold.

This included Dao Master Xuanming himself.

To become an Asura Dao master, one had to sever one's feelings!

Initially, Qin Xian 'er thought that after several decades had passed, she had already forgotten about her human lover from back then.

She did not expect that she would still miss him up until now. Because of this, she hesitated and was unwilling to become a dao master.

"If I had known this would happen, I would not have saved him back then. I would have let him die at the hands of the evil daughter. Perhaps you would have given up completely," Dao Master Xuanming said indifferently.

Qin Xian 'Er's cold eyes were cold. "Unfortunately, there are no ifs."

Daoist master Xuanming shook his head, "You shouldn't expect too much," said Daoist master xuanming. "With the dangers of the absolute beginning realm, he only has his soul left. His soul should have been destroyed a long time ago, right? "Even if he didn't, I think he could only be an ordinary person struggling for a living in a small and inferior civilization."

Qin Xian 'er clenched her fists and said in a low voice, "Brother Su Yu won't Die!"

However, she couldn't help but think of Su Yu's desolate figure struggling to survive in a city.

Tears rolled in her eyes.

When Su Yu came to the absolute beginning realm, his cultivation base was very low, and he only had his soul left. Even if his soul wasn't destroyed, he could still survive.

Thinking of his situation, Qin Xian 'er's heart wailed silently.

For many years, she had wanted to find Su Yu.

However, after they parted ways in the Cage of Taotie, they were teleported to different areas.

The world was vast and the absolute beginning realm was boundless. How could they find him?

"Even if he's not dead, he and I are from two different worlds. We can't have any interactions. Have you ever thought about how he would feel when you stand in front of him again? "I believe that he will feel ashamed of his inferiority and feel that he is not worthy of you

“If I were him, I would probably never want to see you again because I know that I am not worthy of you. It will only be painful to see you again.”

Qin Xian ‘er pursed her lips tightly and said, “Brother Su Yu won’t not see me, he won’t...”

Although she said that, when she imagined the scene of the two of them meeting, would su Yu really avoid meeting him?

“Hehe, if the two of you really meet, you will verify whether what I said is right or not.”Xuan Ming Dao Master said slowly.

Changing the topic, he looked at the skeleton on the ground and said, “The eight kings have calmed down. Now, you are the rightful young master of the Asura world. Once you inherit the body of the nine Underworld Phoenix, you can become the world lord of the Asura world!”

“However, you still lack one thing.”

Qin Xian ‘er said, “Is it the missing Asura sovereign seal?”

Xuan Ming Dao master nodded slightly, “That’s right!”! Ever since the nine Nether Phoenix and I went missing, the asura sovereign seal that represented the identity of the world master disappeared without a trace. It must have something to do with the Star Alliance Chamber of Commerce! “We need to find it so that we can revive the asura world.”

Qin Xian ‘er was not interested. If she had not been forced by the situation for many years and had no choice but to cultivate desperately, she would not have bothered to cultivate.

Now that the eight kings had calmed down and there was no crisis, she did not want to spend her energy looking for the Shura sovereign seal.

“You have already recovered your cultivation as a dao master. It would be easier for you to look for it yourself, wouldn’t it?”Qin Xian ‘er rejected tactfully.

Dao Master Xuanming knew Qin Xian ‘Er’s personality. He smiled bitterly and said, “Others always try their best to fight for power and benefits, but you insist on forcing others to force you!”

After thinking for a moment, DAO Master Xuanming’s gaze flashed slightly. “Don’t you want to know whether Su Yu is alive or dead? If he is alive, where is he?”

Qin Xian ‘er’s eyes lit up when she heard that, but she became vigilant again. “What does that have to do with the Asura sovereign seal?”

“Hehe! Of course it has a lot to do with it!”Dao Master Xuan Ming twirled his beard and smiled. “The asura sovereign seal is currently missing, but there is one person who knows. That is the undying ancestral demon of the demon world!”

“This person was born in the era of the creation of the world. Everything in the world is omniscient and omniscient! When you ask about the asura sovereign seal, you can ask where Su Yu is.”

Qin Xian ‘Er’s cold face was filled with deep excitement. “Is that true?”

“Of course it’s true! There’s no need for me to lie to you.”

Qin Xian ‘er thought for a moment and said, “Alright! I’ll Go!”

Dao Master Xuan Ming laughed and took out a spatial storage item. “There’s a personal letter given to the current Demon World realmlord. Give it to him and he will let you go to meet the undying ancestral demon.”

Qin Xian ‘er received it happily. Her small face was filled with deep anticipation.
