Chapter 2081 Beating Up The Taoist Master

One day.

Su Yu had been trapped in the iron cage for two years.

During these two years, he had been deducing all kinds of possibilities to get out of the cage. Day and night, he had finally found a method that was barely feasible.

He was only waiting for the opportunity to come. He would fight!

Kacha --

Suddenly, the iron cage next door opened.

Looking through the slit, Su Yu's pupils constricted.

The white-robed Daoist master appeared in front of Zhang Yuanling's iron cage after two years.

"Hehe, in order to take your talents, I personally refined two treasure furnaces. I'll use you to practice first." The white-robed Daoist master took out a triangular awl that was burning with fire.

With a hook of his finger, Zhang Yuanling floated out of the iron cage uncontrollably and arrived in front of the white-robed Daoist master.

The white-robed Daoist master flicked his finger and shot the triangular cone three inches from Zhang Yuanling's chest.

The Black Soul Shadow in his body seemed to have been pulled out by something and forcefully ripped off Zhang Yuanling's chest.

"Ah!"

Suddenly, Zhang Yuanling spat out white foam as if he had been dismembered. His entire body trembled violently and he let out an extremely painful roar.

Then, due to the extreme pain, he directly fainted.

Zhang Yuanling was a half-step dao master and her endurance was extraordinary. However, she actually fainted due to the pain. One could imagine the pain she had suffered.

While she was unconscious, the white-robed dao master remained unmoved and successfully sucked the black shadow into the triangular cone.

She glanced sideways and stared at Su Yu with a smile that was not a smile. "It's your turn!"

Su Yu's heart thumped violently and his blood boiled rapidly.

The white-robed woman walked lightly and arrived in front of Su Yu's iron cage. With a flash of her eyes, the cage was opened.

Without waiting for Su Yu to react, his body was restricted by the powerful dao intent and he could not move at all.

“Hehe, what I’m looking forward to the most is your supreme-grade talent.” The white-robed dao master’s eyes were filled with anticipation. “Supreme-grade talent is something that can only be found by chance. If nurtured, it can even be upgraded to a saint-grade talent that can fight against Dao Masters!”

The white-robed dao master flicked her finger, and the triangular cone immediately shot towards Su Yu’s chest.

Su Yu immediately felt a powerful invisible force pierce through her body and search her body.

However, after searching for a while, she returned with no results.

The white-robed DAO Master’s expression of anticipation eased slightly. With a strange look in her eyes, she asked, “What’s wrong with you?”

Her treasure refining furnace was personally forged, so there wouldn’t be any problems.

The problem was Su Yu.

She hooked her finger and drew out Su Yu’s talent.

The dao obliteration pestle’s pattern clearly appeared.

“Strange, there’s no problem...” the white-robed dao master was puzzled.

Suddenly, the Dao obliteration pestle was activated without warning. It turned into an extremely sharp golden light and suddenly struck the white-robed dao master.

However, she was a dao master after all. Just as she was about to be struck, she teleported away.

She shouted coldly, “You actually activated your Talent on your own! You still want to Plot Against Me? Ridiculous!”

As a dao master, how could she be schemed against by a puny four crowns emperor.

If that was the case, then she would laugh her head off.

However, just as her figure was about to teleport away, Su Yu suddenly shouted, “Freeze time and space!”

The laws of time and space were used at the same time, freezing the white-robed dao master’s figure for an instant.

The normal freezing time was one breath, but against the DAO Master, it was less than one-tenth of a breath.

However, all of this was carefully calculated by Su Yu. One-tenth of a breath was enough!

Bang --

The dao extermination pestle struck the white-robed dao master hard, causing her to spit out a mouthful of blood.

The white-robed Dao Master was shocked and furious. “You...”

However, a black shadow flashed before her eyes. In the instant that she was injured, Su Yu broke free from her restraints and teleported over at an unimaginable speed.

He held a blood-red hammer in his hand and smashed it fiercely on top of her head.

This hammer was ready to be used. It was both hateful and accurate. Unfortunately, her abdomen was still nailed by the Dao extermination pestle. She did not have the time to teleport. She only had the time to release the Dao intent unique to the dao master and completely destroy Su Yu.

Su Yu's expression also changed drastically. Gritting her teeth, she continuously activated the ten peak-stage five crowns emperor talismans on her body.

Compared to the Dao intent of the Dao Master, the power of the talismans was like a firefly compared to the radiance of the Moon. They were not on the same level at all.

Even ten talismans could not block it.

However, the power of the talismans was instantly destroyed by the dao intent.

Su Yu's hair stood on end. He had a premonition of extreme danger.

This scene was also in his deduction.

Without thinking, he took out the Shura Sword and blocked in front of him.

Kacha --

The Shura sword that he had used for a long time couldn't block the destruction of his dao intent and shattered.

However, his dao intent weakened slightly.

After all, the Shura sword was a top-tier true emperor rank divine weapon, second only to the immortal embryo.

Its destruction was also in his deduction.

The moment it shattered, Su Yu used the earth deficiency furnace to block in front of his chest.

Buzz Buzz Buzz --

After the Earth Deficiency Furnace roared three times, it was finally unable to resist the terrifying dao intent and broke into countless pieces.

At this moment, the Dao intent had been reduced by 50% , and there was still half left!

Without the slightest hesitation, Su Yu took out the Indian silver bamboo fruit and placed it in front of his chest.

The dao intent attacked, and the Indian silver bamboo fruit immediately swallowed up 40% of the Dao intent in one go.

The fruit instantly became full and was sent flying by the last 10% of the Dao intent.

Not to mention 10% of the Dao intent, even a strand of it was enough to destroy Su Yu more than 10,000 times.

At the last moment, he took out the nine dragons divine cauldron.

Boom --

The Terrifying Dao intent struck the nine dragons divine cauldron, causing it to tremble violently. The crystallized six dragons were sent flying and let out long dragon roars in the air.

That layer of dao intent did not leave any scars on the nine dragons divine cauldron.

However, the Terrifying Dao intent shot the nine dragons divine cauldron onto Su Yu's body and instantly destroyed it!

It was destroyed in both body and soul!

"Resurrect from the dead!"

However, Su Yu was really well prepared. He had completely anticipated this scene and had already prepared to resurrect from the dead.

Everything seemed to take a long time, but it actually happened in a split second!

The white-robed dao master still maintained the posture of releasing her dao intent, as if she had never changed. However, in reality, Su Yu had already experienced life and death several times, and the last time, she had even died.

She only had time to widen her eyes before Su Yu successfully neutralized that Wisp of Dao intent. The Red Hammer in her hand ruthlessly hammered on top of her head without any hindrance.

Bang --

With a loud bang, the white-robed Dao master instantly felt an incomparable pain in her soul. Countless memories were instantly shattered and disordered!

However, her soul far surpassed that of an ordinary dao master. It was extremely powerful.

The hammer should have taken away all her memories, but it was blocked by her instead.

She hugged her head, which was in extreme pain. As she let out a shrill roar, she once again released her dao intent.

Su Yu's heart pounded violently, as if he had missed a beat.

The scene just now was already the limit of the two years he had been deducing, and it was also the limit that he could deal with.

It was impossible for him to resist this strand of Dao intent.

He could only use it once a day to rise from the dead, and there was no chance for him to be resurrected.

At the last moment, Su Yu gritted his teeth. "I'll give it my all!"

He roared. Just as he was about to release his dao intent, he teleported up and raised the nine dragons divine cauldron, smashing it viciously on the Daoist master's head.

Ah --

Another shrill scream. The white-robed Daoist master was smashed to the ground by a cauldron!

Su Yu's hand did not stop. He held the Red Hammer in his left hand and immediately struck it again. He heard the white-robed Daoist master still screaming. Then, another cauldron smashed down.

Her left and right hands fell like meteors. She struck more than ten times before she finally heard the white-robed Daoist master sob, "Wu Wu... Father, stop hitting me. I don't dare to do it anymore. I don't dare to do it anymore."

Su Yu was stunned for a moment. After confirming that she was not pretending, she stopped.

She looked down and saw that her face was full of tears. She looked at Su Yu in fear and begged to call her father.

Chapter 2082 Arrived In The Demon World

Father? Was he struck silly, or was his memory affected by the power of the anti-demon Heart Hammer?

It should be the latter.

Her soul power was too strong. The anti-demon Heart Hammer struck repeatedly and absorbed many memories, causing her memory to be blurred and her cognition to be incomplete.

Right now, it should be because her memory was messed up. She thought that she was still a child and was being beaten up by her father.

Recalling his actions just now, Su Yu felt embarrassed. From the looks of it, his methods were indeed not tender enough.

However, Su Yu himself was also exhausted.

Putting away the nine dragons divine cauldron and the anti-demon Heart Hammer, he panted heavily.

The other party did not even show the slightest hint of a dao master, and Su Yu had already died once. He did everything he could to barely mess up his memories.

This time, not only did he lose the asura sword that he had used for a long time, but he also destroyed the Earth Furnace.

The losses could not be described as not heavy.

"Sob... father, I was wrong." However, they heard the sound of sobbing coming from the side of their ears.

Looking sideways, the white-robed Daoist master retreated to the wall. She hugged her knees and cried in pain, appearing exceptionally desolate.

When she was young, she must have been subjected to similar violence for a long time, leaving an indelible impression in her soul. Just now, there was a reaction before her eyes.

After thinking for a moment, Su Yu said, "Come here."

The white-robed Daoist master shrank her neck in fear, but she did not dare to resist and walked over. Her entire body was trembling with fear.

Unexpectedly, Su Yu only touched her head and said, "Does it hurt?"

The white-robed Daoist master sniffled, and the fear on her face eased a lot. She shook her head and said, "It doesn't hurt."

"If you are obedient in the future, you won't be beaten, understand?" Su Yu said.

The white-robed Daoist master knew that her father's anger had dissipated, and the fear on her face had disappeared. Only reverence remained. She nodded her head vigorously and said, "I will definitely listen to Father!"

"Then take out your dao artifacts, Dao artifacts, immortal embryos, and all kinds of attack talismans and the like," Su Yu said shamelessly.

"OH." The white-clothed dao master took out a transparent coin. It was her Natal Dao artifact, the soul disc.

The dao she grasped was one of the Dao of the soul.

The Soul Disc was a dao artifact condensed from its dao intent. It possessed extremely powerful soul attacks.

Dao Masters of the same level couldn't withstand the damage of the soul disc at all.

Su Yu couldn't help but secretly rejoice. Fortunately, he was decisive and didn't give her a chance to use the soul disc.

He couldn't use this item, only the white-clothed dao master herself could.

But she still had an immortal embryo of a dao artifact, and its appearance was exactly the same as the soul disc.

It was a failed product when refining the Dao artifact back then, and its power couldn't compete with the real soul disc. Because of the failure, even its use had changed.

At present, it could only nourish the soul of a person.

Su Yu's soul was healthy and didn't need it for the time being, but it was hard to guarantee that it wouldn't be kept for other uses.

Therefore, he put it away without hesitation.

Following that, there were all kinds of talismans. There were many types, but without exception, they were all dao master level talismans.

With only the power of desolation, it was impossible to activate them. Only the DAO Master's Dao will could do it.

Of course, Su Yu would not let them go.

If they could not be used now, it did not mean that they could not be used in the future.

Seeing that she was still searching for things, Su Yu said, "Forget it. Father will keep all your things for you. I will give them to you when you want to use them. How about it?"

Perhaps because he had been in contact with the tree God and Mo Xiaochai for a long time, his lower limit had also become unfathomable.

“Oh, okay.”The white-clothed dao master put away everything and condensed it into a grain of sand at her fingertips.

All her things were sealed in it.

Su Yu kept this grain of sand well. This was all the wealth of a Living Dao master.

The value was so high that it could not be measured with money.

“While you’re at it, fill up the things here.”Su Yu flicked his fingers, and the Dao obliteration pestle emerged from his body and floated on the surface of his body.

The white-robed dao master obediently extended his finger and tapped on the Dao obliteration pestle. Instantly, the Dao obliteration pestle was filled with energy once again.

This item was only second to a half-step dao master’s attack, and was a powerful trump card.

“Father, where are you taking Ke'er?”After doing all this, the white-robed dao master asked.

So her nickname was Ke'er.

“I’m taking you to the demon world, but father seems to be lost. Does Ke'er know how to get there?”

“Yes, we’re heading to the demon world now.”

Su Yu’s heart moved. “Then do you know where we are?”

Ke'er shook her head and said in confusion, “I think I do, but I forgot. Let me think about it carefully.”

She racked her brain to think, and a pained expression appeared on her face. “I seem to remember something, but it’s very scattered.”

“Forget it, don’t think about it.”Su Yu immediately said, “If I remember something bad, it’ll be troublesome.”

Ke'er asked curiously, “What Bad Thing?”

“Ahem, some past that I can’t bear to look back on.”Su Yu felt slightly guilty and gave up on the idea of asking. If she remembered what happened today, everything would be over.

“Let’s leave this place now, okay?”The longer she stayed here, the more likely it would bring back messy memories. It was better to bring her to an unfamiliar place, such as the camp.

“Father wants to go up, what should we do?”Su Yu pointed at the isolation above her head.

Ke'er said, “It’s very easy!”

She pulled Su Yu's hand and instantly teleported to a mysterious room where countless arrays were operating at the same time.

Su Yu scanned the room and confirmed that this place should be a core control room.

There were more than 10,000 arrays and they should be the ones controlling the purple evil creature cage.

Ke'er hooked her finger and one of the arrays flew down to her feet.

The two of them jumped up and immediately teleported them away.

When they reappeared, Su Yu had already appeared in the surface world. His eyes were filled with dense fog.

He had finally come out!

Breathing in the fresh air from the outside world, Su Yu heaved a long sigh of relief.

He looked around, trying to confirm the direction of the camp.

After being imprisoned for two years, Huangfu Lieyang and Mo Xiaochai must have been worried to death.

At this moment, the white fog suddenly sped up.

Su Yu had seen it before. It was the natural change of the fog every time the Rahu reached a stop and was about to stop.

"Calculating the time, it should be the dao demon world. Then we should hurry back," Su Yu said.

If they were a step late, it would be difficult to reunite with the two of them.

Boom --

However, at this moment, an aura that made Su Yu shudder suddenly descended.

No, it wasn't one.

It was three!

"Destroy the experiment site and capture Meng Ke'er Alive!" A mighty voice came from the dark.

The terrifying auras of the Three Dao Masters descended on Rahu.

The mist that covered countless years was forcefully blown away by their auras.

Su Yu and Meng Ke'er immediately revealed themselves.

"Meng Ke'er has been discovered. Capture her!"

Three destructive auras descended rapidly.

The blood in Su Yu's body was boiling. It was as if Mount Tai was pressing down on him and was about to collapse.

That scene was simply terrifying.

“Father, you go first. The enemy is very strong!” Meng Ke'er's memory was missing, but her battle instincts were still there.

A finger tapped on Su Yu's body, and an incomparably powerful dao intent wrapped around him. He flew out of the Rahu and fell into the rapidly changing spatial turbulence.

Su Yu flew backwards, and Meng Ke'er's traces immediately disappeared from his eyes. Only four powerful fluctuations that could destroy the entire galaxy were left.

He had no time to think. He immediately became alert of the space turbulence around him.

However, he saw a jet-black space reverse current sweep past him.

Even though he had the space law, he couldn't resist the omnipresent reverse current.

It was the dao intent on the surface of his body that completely canceled out the reverse current.

His body kept falling. After falling for ten days and ten nights, he finally left the space reverse current brought by the Rahu flight and fell into nothingness.

The terrifying power of nothingness immediately eroded over.

However, the power of nothingness could not shake his dao intent at all.

He moved freely in nothingness. After a long while, he realized that a ball of purple light appeared at the end of his line of sight.

That should be the demon world, right?

Looking at the demon world, Su Yu felt as if a heavy burden had been lifted from his heart.

The promise of nearly a hundred years could finally be fulfilled.

The arrival of the demon world and the agreement with the nine-tailed white Fox had finally been fulfilled.

However, just as Su Yu was about to head forward, he suddenly heard the rapid sound of spatial turbulence coming from the sky above him.

He saw a battleship speeding over in an unbiased direction. It was Su Yu.

The words ‘Star Alliance Chamber of Commerce’ were printed on the battleship.

“The person in front, quickly surrender.” An extremely powerful voice came from within the battleship.

Fixing his gaze, he saw seven half-step dao masters standing side by side at the bow of the ship.

They emitted a powerful aura as they locked onto Su Yu from afar.

Su Yu's expression changed slightly. If it was a half-step dao master, he could still rely on the Dao extermination pestle and the soul disc to deal with them.

But there was no need to consider the seven of them at all.

Without even thinking, Su Yu took out a rune. After activating it, an extremely huge steel warship appeared. It was shockingly a mecha civilization from that mysterious space.

After jumping on the warship and activating it, it immediately sped through the vast void.

“So Fast!” The few half-step Dao Masters of the Star Alliance Chamber of Commerce were shocked. The warship of their Star Alliance Chamber of Commerce was known as the fastest in the void.

However, it was actually not half as fast as that strange warship.

They chased with all their might, and after half a month, they completely lost sight of the warship.

“This child’s last location is still the demon world. We can infer that his target should be the demon world. Immediately contact the Star Alliance Chamber of Commerce in the demon world. We must investigate this person,” the leading half-step dao master said in a low voice.

The Star Alliance Chamber of Commerce ambushed Luo Hou and planned to capture Meng Ke'er alive.

However, Meng Ke'er’s combat strength was astonishing. She fought three Dao Masters by herself, but not only was she not captured, she injured one of the Dao Masters and successfully escaped.

Her whereabouts were unknown.

However, the Three Dao Masters noticed that Meng Ke'er had sent an unknown person away before the battle.

This person might be inextricably linked to Meng Ke'er, so the Dao master sent them to capture him.

Speaking of which, after several months of running, Su Yu finally ditched the Star Alliance Chamber of Commerce.

He looked at the demon world in front of him and frowned.

With the immense power of the Star Alliance Chamber of Commerce, there must be a Star Alliance Chamber of Commerce in the demon world. Even if there was no one on the surface, there should be a black market.

Su Yu had already witnessed the power of the Star Alliance Chamber of Commerce’s intelligence. It could only be described as pervasive.

It was even more dangerous to reach the demon world.

It was just that after many years of traveling, he had finally reached this step. How could he give up just like that?

“Go and come back quickly!” Su Yu said. When he was about to descend into the demon world, he immediately put away the huge warship and prepared to find a random place to land.

Chapter 2083 Three Mouthfuls Of Blood Essence

At this moment, a melodious voice came from the nine jade spiritual pearl.

“Below is the territory of the Cretaceous demon race, one of the ten most ferocious races in the demon world. As a human, you'd better not enter easily.”

It was the nine-tailed demon Fox.

Su Yu's eyes flashed and he asked indifferently, “Then where do you think is suitable?”

“The West!”The nine-tailed Fox said indifferently.

Su Yu nodded and took out his jade wings that were ten thousand feet in circumference. With a light wave of his wings, he instantly left the place.

In the next moment, he crossed almost one-tenth of the territory of the demon world.

Even a half-step dao master would find it difficult to cross such a distance in an instant.

Taking a deep breath, Su Yu said, “How is it? Are You Satisfied?”

The nine-tailed white Fox could not help but laugh. “You're really cautious. I told you to go west, but you chose East. Are you afraid that I'll harm you?”

Su Yu smiled faintly. “The Demon World is your territory after all. It's better for me to be careful.”

“Let's fulfill our two promises one by one.”Su Yu found a quiet mountaintop and sat cross-legged.

The nine-tailed demon Fox had said that as long as Su Yu arrived at the demon world, she would tell him how to open the relic of the Blood Lotus Dao Demon.

As for giving the nine-jade spiritual pearl to Su Yu, that would be to bring his bones back to the royal family of the demon race.

Now, she could fulfill her first promise.

“You! We've known each other for so long, yet you still don't trust me.”The nine-tailed Fox giggled.

Su Yu did not say a word. She stared at the nine-jade spiritual pearl quietly. That was why she had no choice but to reveal a hazy soul.

Her posture was as elegant as ever as she said indifferently, “Take out that box.”

Su Yu did as she said and took out the dark red box.

Right now, he thought that his strength was shocking, but he still felt a sense of trepidation when faced with this box.

It was as if there was a Living Dao master staring at him coldly in the box.

“The Blood Lotus Dao Yao is the eighth generation Demon Emperor in the history of the demon race. He is also the most terrifying demon emperor in history. Once, he single-handedly intimidated the ten great civilizations, almost

surpassing the Daoist Huang Hall. At that time, the demon world was not a seven-star civilization, but a seven-star civilization.”

“That was the golden age of the demon world. It was an unprecedented glory, comparable to the Dragon World.”

“Unfortunately, the good times did not last long. The Demon World was too powerful and threatened the rule of the Yellow Dao Palace. The ten nearby Yellow Dao Palace joined hands to crusade against the demon world and dispatched more than thirty dao masters and supremacies. There were countless emperors.”

“And in the demon world, there was only one dao master, the Demon Emperor!”

“In the end, the demon world was defeated. However, the price paid by the Yellow Dao palace was extremely tragic. Eighteen out of thirty supremacies were killed, and only twelve survived. Countless emperors died, which caused great damage to the ten Great Yellow Dao Palace. Many of the Yellow Dao palace have yet to recover. For example, the Cangyang Mirror Yellow Dao palace that you went to.”

Su Yu had long understood the star maps nearby.

The cangyang mirror and the Daoist Yellow Hall were just one of the many Daoist yellow halls in the void.

The range of a Daoist yellow hall was called civilization.

When he heard that the demon world had fought against the ten Daoist yellow halls in the past, he could not help but be deeply shocked. How powerful was the Demon World back then?

“What about the Demon Emperor?”

A hint of sadness flashed across the nine-tailed white Fox’s elegant face. “As you can see, he died in the stomach of Taotie and eventually turned into dust.”

“He was beheaded?”

“No! The Blood Lotus Dao Demon was too powerful. Even if they worked together, they wouldn’t be able to kill him. They could only imprison him and use time to destroy him!”

Su Yu was shocked.

What kind of existence was someone that even a supreme-being couldn’t kill even if they worked together?

“Before he was captured, the Blood Lotus Dao demon spat out three mouthfuls of blood essence. One of them turned into a dao artifact of the demon race. It sealed the Heaven Seal and the Earth Mirror, ensuring that Dao master level

experts couldn't enter the asura world again. This was the only way to prevent the asura world from being massacred by the Yellow Dao Palace."

"The second mouthful transformed into a dao master and extended his bloodline!"

"The third mouthful transformed into a relic and disappeared."

Su Yu's eyes were filled with shock. One mouthful of blood transformed into a dao artifact, and the second mouthful transformed into a dao master?

Just how powerful was the Blood Lotus Dao Demon's true body?

Following that, he suddenly realized how shocking the relic in his hand was.

The third mouthful of blood essence was definitely equivalent to, or even more powerful than the first two mouthfuls of blood essence.

"Then, how do I Open This Box?" Su Yu's heart pounded.

The nine-tailed white fox said, "I have a Blood Lotus Dao demon spell that I can use to open it."

She flicked a ray of light into Su Yu's glabella.

As expected, an unfamiliar spell appeared in her memory.

"You can open it now. I'm curious as to what's inside."

Su Yu nodded, but suddenly raised her head and stared into the nine-tailed white Fox's eyes.

Even though the nine-tailed white Fox hid it well, Su Yu still caught a hint of anticipation.

She really hoped that Su Yu could open the dark red box!

There was a big problem with this woman!

That spell... was not right!

"Why don't you open it?" The nine-tailed white Fox asked calmly. Her expression was as elegant as ever, and there was not the slightest bit of abnormality.

However, Su Yu was confident that his eyes were definitely not wrong.

He smiled faintly and put away the dark red box, saying, "Let's open it another day."

He looked into the nine-tailed white Fox's eyes and did not reveal any abnormalities this time. "It's up to you. Anyway, the technique has already been handed to you."

After saying this, she prepared to return.

Su Yu's eyes lit up. "Aren't you going to tell me which direction the royal family of the Monster Race Is?"

According to the agreement, her skeleton was to be sent to the royal family of the monster race.

“It’s in the west,” the nine-tailed white Fox said faintly and smiled as she returned to the nine jade spiritual pearl.

Su Yu’s expression narrowed. She had long felt that this goddess was mysterious and untrustworthy. Now, it seemed that she really needed to be on guard.

With a slight thought, Su Yu prepared to dash to the west.

However, just as he was about to leave, several auras of the early stage of the five crowns Emperor realm approached.

Looking over, he saw three young women with a menacing demonic aura.

Behind them, there were also several experts at the middle stage of the five crowns Emperor realm.

The three of them had extraordinary statuses. They were all wearing purple clothes made of strange materials, and each of them had a precious crown on their heads.

Each of them had a big bow on their backs.

Seeing Su Yu from afar, the three of them were a little surprised.

“Eh? This hunting area even has such weak creatures like humans. Aren’t you too worried that our hunters will encounter danger?” The one in the middle was a woman with Phoenix eyes. Her lips were sharp and shaped like a bird’s beak. At this moment, she said unhappily.

“Hehe, who cares. Anyway, there are rewards for killing. As long as it’s prey, it’s fine.” The woman in red beside him was also a creature with a sharp beak. She took out a red bow and shot an arrow at Su Yu.

Su Yu frowned. What was going on?

Although the people of the demon world were fierce and aggressive, shooting people at the slightest disagreement was not taking human lives too seriously, right?

Without thinking, Su Yu stepped away with the tip of his toes and said indifferently, “The three of you, do we have a grudge?”

“Eh? This prey is not bad. Its reaction speed is very fast. interesting. No wonder it can be placed in the hunting ground. It seems that killing it will take some effort.” The red-clothed woman became more and more interested, releasing the cultivation of the five crowns emperor, she drew a bow perfectly and shot an arrow at Su Yu.

After being continuously shot by others, Su Yu was like clay that had fire.

“Shooting arrows, right? You’re not the only one who knows how to do it!”

Chapter 2084 The King Of The Heavenly Silver Continent

Su Yu raised his hand, and the heavenly bow appeared in his palm.

After using the bow and arrow for a long time, he had already reached a level where he was familiar with it. Without even looking at the arrow, he casually shot an arrow.

A jet-black arrow light pierced through the sky, instantly breaking through the opponent's arrow from the middle.

The arrow light did not stop, piercing through the opponent's shoulder blade.

Blood splattered everywhere, and the red-clothed woman's shoulder blade was pierced through.

She was in great pain and shock. "There's actually a powerful prey?"

Not only did she not feel fear, she was filled with fighting spirit instead. She said excitedly, "Brothers, we might have met the beast king of the hunting ground!"

Hearing this, the two male demons grinned. Demonic Qi surged from their bodies, and not only were they not afraid, their fighting spirit was high.

They were indeed worthy of being a battle-hungry demi-human.

If it was any other race, they would have long been cautious.

"Hehe, once we capture the Beast King, we will have the right to meet the demon prince. Let's attack together." It turned out that the three of them were brother and sister.

They drew their longbows and shot arrows at Su Yu together.

Su Yu's eyes revealed a cold light. "I have already left my men behind. Why are you so aggressive?"

Su Yu's eyes turned cold. He gave up on the Longsword and took out a strange longsword that was in the shape of a dragon.

He could no longer use the Shura Sword, which was the most suitable weapon. He could only use the royal longzun sword.

"Sinkhole!"

The sword itself contained the divine arts of the Dragon Race. Together with Su Yu's demonic sword arts, its power was naturally earth-shattering.

As soon as the sword style was used, the wind and clouds changed color.

Thousands of black sword shadows shot into the sky, blotting out the sky and the Sun. The phenomenon was extremely shocking.

The three long arrows that came at them all shattered when they were ten thousand feet away from Su Yu.

Only then did the three demons show traces of fear on their faces.

In the distance, the mid-stage five crowns who were in charge of protecting them had a drastic change in expression. They all came over and protected the three demons behind them. "The three young masters, stand down."

At this moment, the sword shadows that filled the sky condensed into a huge dragon that roared as it swooped down.

The six middle-stage five-crowned emperors turned pale with fright. They hurriedly circulated their law chains and formed a law sphere that enveloped everyone, including the three young masters.

Kacha --

The defense of the six middle-stage five-crowned emperors couldn't withstand a single blow from the iron cage and was instantly shattered.

The six people inside were all swept by the remaining sword shadows.

Miserable screams rang out continuously.

Their bodies were either badly damaged or badly mutilated.

The three young masters were still fine and were under protection. The six middle-stage five-crowned emperors were slightly more seriously injured.

"The Beast King is so powerful?" The three young masters of the monster race gasped in shock.

"He is not a beast king. A real beast King would not appear in a small hunting ground like ours. Moreover, if we really encounter a beast king, we would not be able to survive." The six middle-stage five-crowned emperors had extremely strong physiques.

Their heavily injured bodies were actually recovering at a speed visible to the naked eye.

That speed was much faster than the other creatures of the same level, only second to Su Yu using the law of life.

The physique of the monster race was truly unrivaled.

"I'm sorry, we misunderstood. I wonder if Sir Wu barged into the hunting ground?" The leader of the mid-stage five crowns cupped his fists and said.

Although Su Yu had displayed astonishing strength, he did not show much fear. Instead, his eyes were filled with battle intent.

It was true that every demon race was like this. The saying that the demon race liked to be fierce and fierce was true.

"If my strength was inferior to others, I'm afraid that you wouldn't ask this question, right?" Su Yu stared at them coldly.

He had just arrived in the demon world and was already treated as some prey. He did not know whether to laugh or be angry.

"Of course! You Don't have the strength. Your death will be in vain. Only when you have the strength will you have the right to speak to us on equal terms." The

person who spoke was a red-robed demon. The wound on her shoulder blade had already recovered and she spoke without fear.

Su Yu looked at her indifferently. "There's no need to talk. Just don't block the path!"

As he spoke, he was prepared to flap his wings and rush towards the royal family of the demon race.

"Wait!" The female demon in red said, "I think you're a human, right? Do you have a pass to the demon world? If you don't have one, you'll be captured wherever you go."

Su Yu frowned slightly. He didn't hear this from the memory of the Heaven Crippling Dao Master and the description of the Yun family's forefather.

"When was the rule?"

"Recently!" The demon in red said, "Ever since an unknown race's creature stole the Ten Forbidden Dao artifacts of the royal family, the royal family has issued an order. In the demon world, all creatures other than the demon race must go to the local official office to verify their identity and issue a pass. Otherwise, they may be captured by the patrolling experts of the demon world at any time."

"I think you have trespassed into the hunting ground. You probably don't know about this, right?"

Su Yu was slightly surprised. The dao artifact immortal embryo that had been stolen was the anti-demon heart hammer that Patriarch Yun had taken away, right?

It was currently on his body.

"If I want to see the royal family of the monster race, how difficult is it?" Su Yu stopped and asked.

The red-clothed monster could not help but laugh. "That depends on who you want to see. To see the son of the Monster Emperor, all you need to do is capture a beast King Alive! If you want to see the Monster Emperor, then don't even think about it. It has been too long since the Monster Emperor has seen an outsider."

"For someone like you who doesn't even have a pass, I'm afraid that the array formation inside the seven nights divine capital that just entered the monster Emperor will recognize you and kill you on the spot!"

Su Yu frowned slightly. The anti-demon Heart Hammer actually attracted such trouble?

It was really not an easy thing to see the Monster Emperor.

"Where is the local official office?" Su Yu asked.

Hearing this, the other party and a few others laughed.

The red-robed monster said with a smile, "Far away in the horizon, right in front of our eyes."

HMM?

"You Are... the official person in charge of the local government?"

"To be precise, the governor of Heavenly Silver Province is the father of the three of us. We can be considered half the official person in charge. It's very easy to get a pass for you," the red-robed monster said with a faint smile.

Su Yu understood what she meant and said indifferently, "Do you want me to work for you and then think of a way to get a pass for me?"

"You human are quite smart," said the monster in red.

Su Yu said in a low voice, "Tell me what you want to do first. If I don't think it's worth it, I'll look for other official offices to give me a pass."

"Hehe? Really? Then are you sure that other official offices are willing to skip the three processes of searching memories, checking spatial storage devices, and wearing tracking devices?"

There were still three processes?

Su Yu did not want to expose any of them.

Especially the storage space. If they discovered the nursery within the nine Jade Spirit Pearl, the consequences would be severe.

The nine-tailed white Fox said that it was a demon race inheritance magical treasure. If the demon race knew about it, how would they react?

He looked at the red-robed demon before him again and said indifferently, "State your request."

They must have taken a fancy to his strength!

Sure enough, the red-robed monster smiled. "It's very simple. Follow us to find the Beast King. Of course, you don't have to worry. We are only searching. Leave the killing to the experts."

It sounded feasible, but of course, it only sounded plausible.

"Let's Find a place to discuss it."

"Alright, come to my heavenly silver continent's imperial residence."

The group of people gathered and returned to a cluster of meteorites floating in midair.

The number of meteorites approached, and each one was the size of a five-star civilization.

And this was merely a heavenly silver continent.

One could imagine how prosperous the entire demon world would be?

If not for the ten Daoist halls of Huangdao joining hands to suppress and cause indelible damage, the current demon world would still be thousands of times more prosperous.

Chapter 2085 Cat-Eared Girl

The meteorite in the middle was extremely huge.

Su Yu followed them inside and entered the heavenly silver continent's imperial residence.

Su Yu and the three red-clothed demons had a secret conversation.

After a long while, both sides reached an agreement.

From their conversation, Su Yu knew that the red-clothed demon was called Lie Hongzhen, and the two male demons were his disciples, Lie Yuan and Lie Bo.

The place where they met was the hunting ground of the heavenly silver continent. It was open once every hundred years and was open for twenty years.

Coincidentally, they were hunting inside, so Su Yu barged in.

The prey inside was very special. It wasn't something like a beast, but a criminal who had been judged to be extremely evil by the demon world.

They were all exiled and became prey.

If they could survive the twenty-year hunting period, they could receive a corresponding reduction in their sentences.

Of course, most of them would die at the hands of the hunters.

Because hunting was a top event that involved the entire demon world.

Powerful hunters could receive rewards from the royal family of the demon world.

At the very least, they could receive dao coins, and at the very most, they could be recruited into the seven nights divine capital and become a member of the Divine Guard of the royal family of the demon world.

The divine guards were the highest honor that all the demons in the demon world sought.

It meant that they were close to the emperor of all demons and had contributed to the Demon Emperor. It was an honor that could not be exchanged for anything.

However, it was extremely difficult to be recruited into the divine guards. Every hundred years, no more than twenty people were recruited.

It could be said that every divine guard was an existence that people looked up to.

For example, in the heavenly silver continent, only the governor of the Heavenly Silver Continent had received a medal from the Divine Guard.

Therefore, the citizens of the demon world's zeal to hunt criminals made all criminals feel despair.

Especially the strongest criminal of the Beast King. He was almost everyone's target.

Because he hunted the Beast King, he was qualified to meet the demon prince and become a candidate under the demon prince.

The candidates competed with each other and chose the ten strongest people to become the god guards.

With Lie Hongzhen and his two younger brothers' strength, it was impossible to hunt the Beast King.

Even so, their enthusiasm did not decrease.

Su Yu had agreed with them to find the Beast King.

In return, they would secretly give Su Yu a legal pass, but he did not have to go through the three procedures of treating slaves.

After the discussion, Lie Hongzhen arranged for Su Yu to stay temporarily and left with his two younger brothers.

"Sister, why are you being so polite to a human? Although his strength is indeed not bad, the strongest people in our heavenly silver continent are the strong ones, right?"

These words were the truth.

They wanted strong people. Some of them were middle-stage five-crowned emperors, and some were even late-stage five-crowned emperors who were willing to help them.

They did not understand their sister's behavior.

Lie Hongzhen sighed, "Consider it as a reward for shooting him by mistake. Give him a chance to get a pass."

She did not lack manpower at all. The reason why she asked Su Yu to help was actually to help him in secret.

Even if she was the young master of the Heavenly Silver Governor, she could not immediately give Su Yu a pass. Su Yu had to accompany her to participate in some public events and be trusted by others. Only then could she not use those three processes to issue a pass.

"Remember to call him when you're in action. You Don't have to bother with him at other times."

Lie Yuan and Lie Bo suddenly came to a realization.

Lie Yuan's expression was cold and solemn. He shook his head helplessly. "Sister, sometimes you're too soft-hearted. You're not like a demon. You're just a mere human. If you shoot him and want to compensate him, no one will believe you even if you tell them."

"I think so too. Maybe that human will think that you're begging him. He doesn't know at all that you're secretly helping him."

To be honest, Su Yu really knew!

When both sides reached an agreement, Su Yu used the probing technique to know Lie Hongzhen's inner thoughts in order to prevent any accidents.

He sighed in his heart, "When I first met him, I thought he was a bad person. I didn't expect that he was actually a person with a cold appearance and a fair heart."

Time passed in a flash, and Su Yu seemed to have been forgotten. No one came to disturb him anymore.

On this day, the Heavenly Silver State Manor welcomed an important guest.

A charming and graceful cat-eared girl, under the protection of several peak five crowns, paid a visit to the Heavenly Silver State Manor.

The servants guarding the gate only showed a little courtesy and let her in, as if she was a regular guest here.

“Where is Little Hong Hong?”The cat-eared girl asked the butler.

The Butler didn’t know whether to laugh or cry. Perhaps only this playmate of the young Miss would address the cold and heartless young miss this way?

“She’s cultivating in the backyard.”

“Alright, don’t report it. I’ll go find him myself.”The cat-eared girl dismissed the servants beside her and skipped towards the backyard of the imperial residence.

She recognized Lie Hongzhen’s courtyard and skipped over.

Suddenly, when she passed by Su Yu’s courtyard, she suddenly discovered a small purple qilin sleeping lazily under the Sun.

“Wow, the purple void qilin that exterminated the entire race during the era of the Blood Lotus Dao Yao. Am I seeing things?”The cat-eared girl stopped and observed. She even took out an ancient illustrated book that emitted a vast aura and flipped through it with a pair of thick eyes.

When she flipped to a certain page, her eyes lit up. “Really!”

Closing the illustrated book, the cat-eared girl hopped in and took out a piece of candy with a smile. “Lin Lin, do you want it? Come with me, I still have a lot of candy.”

Su Yu was in closed-door cultivation cultivating his swordsmanship. The Little Kirin was bored and basked in the sun alone in the courtyard.

When she suddenly heard someone call out “Lin Lin”in a mushy manner, she, who was about to fall asleep, was jolted awake with a chill all over her body.

Looking at the candy that she handed over and then looking at her smiling face, the little qilin rolled his eyes.

Did she think that she was a divine beast that had just been born? She actually wanted to use candy to kidnap her?

She got up and raised her butt to express her disdain. Then, she swaggered back into the house.

The cat-eared girl giggled and said, “Wow, so smart. I want it!”

As she said that, she actually barged into the house.

The moment she entered the house, she met a pair of cold eyes.

How could Su Yu not notice that someone had barged in from outside? He kept the little qilin into the nine jade spirit pearl and said indifferently, "Are you from the Heavenly Silver Continent's imperial residence?"

The cat-eared girl's beautiful eyes rolled and she nodded repeatedly, "Yes, yes! I'm Lie Hongzhen's little sister."

"So, what's the matter?"

The cat glanced at Su Yu's arm from the corner of her eyes and waved her hand with a smile. "Of course there's something. Big Sister asked me to give you something."

As she spoke, she took out a very exquisite small box.

"Open it and take a look."

Su Yu took it and opened it to take a look.

Unexpectedly, the moment the box was opened, a large amount of white mist sprayed out from it.

Just inhaling a bit of it would make one's head dizzy.

The cat-eared girl also suddenly attacked. She took out a wooden stick that was as thick as an arm and smashed it at Su Yu's head. With a bang, Su Yu was directly knocked unconscious!

She kicked Su Yu to make sure that he did not move. Only then did she put away the wooden stick, clapped her hands, and giggled. "No one can withstand my chaos great stick."

As she spoke, she immediately rushed to Su Yu's side and searched for the nine Jade Spirit Pearl on his arm.

He was drooling. "Wahaha, Little Lin Lin, I'm Coming!"

Chapter 2086 Apology (One Update)

Who knew that she would pounce over and her head would actually fall into a palm.

However, Su Yu, who was supposed to be unconscious, calmly extended his left hand and grabbed the cat-eared girl's petite head.

The cat-eared girl was stunned and stared at Su Yu with her mouth agape. She didn't understand why he was awake.

Her primordial chaos great stick wasn't an ordinary item. It was a top-grade true emperor rank divine weapon, and its power was only second to the immortal embryo.

Even a peak-stage five-crowned emperor would be knocked unconscious.

"Did it feel good?" Su Yu's eyes were full of sparks.

He didn't know what that stick was, but it almost knocked him out. Luckily, there were many soul dao fragments in his soul, and they were indestructible.

Otherwise, he would have been knocked out on the spot.

Even so, his head was still in pain.

This seemingly cute little girl was really ruthless!

The cat-eared girl used all her strength to pry Su Yu's hands away and free her own head. However, Su Yu's hands were like cast iron, and no matter how hard she tried, she could not pry them apart.

With no other choice, she could only give up resisting. Her two small hands were placed in front of her chest, and she said coldly, "Mortal, do you know who I am?"

Su Yu did not say a word, and fiercely flicked her head.

The cat-eared girl immediately cried out in pain. Her fierce hands were flailing. "Ah! You Dare to hit me..."

Pop --

Another finger flicked her forehead. The pain made the cat-eared girl grimace. "Mortal, if you dare to flick me twice, I'll kill you..."

Pop --

Another finger flicked over!

Furthermore, the next nine fingers continuously flicked her forehead until it was red.

She was in so much pain that tears were streaming down her face. She whimpered, "Stop hitting me, I was wrong."

"EN, now do you know how to introduce yourself?"

With tears in her eyes, she rubbed her forehead and sobbed, "My name is Mao susu. I'm sorry, I shouldn't have joked with you..."

"Joked?" Su Yu had a faint smile on his face.

It was not that his soul was special, but he reckoned that if this woman were to plunder all his treasures, even the little qilin would not be able to escape.

But now, she was joking?

Su Yu looked at her body, and a strand of space power gathered in his palm. He probed her ear and entered her space, taking out the big stick.

"Why don't we play a joke too?" Su Yu waved the big stick and said lightly.

Mao Su was so scared that her face turned pale. "No... No, let's play something else, can we do it?"

Of course!

Su Yu casually searched through his storage space and found a bunch of dangerous and pranking things.

Flying Needles that could make people unconscious with a single stab, whips that could make people's skin sting with a single strike, medicines that could make people dance with a single sniff..

"Tell me, which one do you choose? or both?"

Cat susu finally cried out, "I'm Sorry Big Brother, I was wrong. I shouldn't have missed your little qilin."

Su Yu waved the big stick around with his wrist. Cat Susu's eyes followed the big stick around, afraid that it would hit her.

"Just admit your mistake and that's it?"

"I'll make amends!"

"Oh, I'm short of firewood for cooking recently. This origin big stick seems to be quite durable."

"Take it."

"What if you go back on your word?"

"I'll write the contract!"

Thus, she obediently wrote down the contract that she would not go back on her word.

Only then did Su Yu let her go.

Unexpectedly, just as she let go, she slipped away like a loach.

As she walked, she turned around and stared at him while crying. "We're not done! HMPH, we're not done!"

Su Yu smiled and used the power of space to stroke the big stick, wiping out all the blood essence in the big stick. Then, she unceremoniously added her own blood essence.

He tried to use the power of desolation to activate it. With a casual wave, the air pressure caused by it would cause great damage to the soul.

After careful exploration, he found that there were two layers of restrictions in the big stick.

They each sealed 90% of the power of the big stick.

Cat Essence's soul power was not strong, so it could only use the remaining 10% of its power. Even so, with a casual knock on the peak five crowns, even if they did not die, they would lose a layer of skin.

If the remaining two layers of restrictions were opened and the full power of the big stick burst out, how shocking would that be?

However, it was precisely because the power of those seals was too strong that ordinary people didn't dare to open them.

Otherwise, if the enemy wasn't hurt, he would be hurt by the soul attack from the big stick first.

However, Su Yu's soul had the soul path shard, so he wasn't afraid at all. He could completely dig out the full power of the big stick.

“In terms of grade, the chaos origin big stick is one level higher than the asura sword. Moreover, it was custom-made for me.” Su Yu shook it, and it was quite easy to use.

In another quiet courtyard.

Mao susu was crying as she pounced outside the door. “Honghong, come out quickly. Someone is bullying me.”

Lie Hongzhen was cultivating. When he heard the voice, he frowned. “This woman, don’t you feel annoyed?”

She stopped cultivating and opened the door. She looked at cat susu coldly, “Did my people steal something from you again? Or did you drop something and someone stole it? Or did someone catch you off guard and beat you up?”

Cat Susu wiped away her tears, “It was a person who stole my chaos stick and even hit my forehead. Look, it’s still red!”

She leaned her forehead over.

Who knew that lie Hongzhen’s reaction would be so calm, she said, “Let me help you count. This is the eighth time you have been snatched from my Heavenly Silver Prefecture. The tenth time you have dropped something and the eighteenth time you have been beaten up. And every time, it is your prank that has caused chaos in my Heavenly Silver Prefecture!”

“Why didn’t your father, the king of Luo Yunzhou, lock you up in the Fu Luo Demon region to death?”

It turned out that every time cat susu came to the Heavenly Silver Prefecture, she would always start with a prank, causing chaos in the entire prefecture. Only then did she clap her hands and laugh.

She was simply a fellow who wanted to cause chaos in the world.

Now that this was happening again, lie Hongzhen was immune to it.

“No... No, this time it’s real,” said cat susu anxiously.

Lie Hongzhen shook her head. This sentence..., she had heard them countless times. “I can’t be bothered with you! Are you here for something? If there’s nothing else, then go back. I’m about to set off. There’s news that the Beast King has appeared in the northwest direction of hunting ground no. 3.”

“AH? Hunting the Beast King? That sounds like fun. I want to go too!”

“Don’t!” Lie Hongzhen said hurriedly. “I don’t dare bring you there. Either you stay in my manor or obediently scam back to Luo Yunzhou. Please don’t follow me. I don’t want to Die Young.”

Mao susu pouted unhappily and said, “Honghong, your words hurt my heart, okay?”

Lie Hongzhen said unhappily, “It’s better to hurt your heart than my life!”

Five years ago, when they brought Mao susu to the hunt, they sneaked into an island with a group of prey. They were ready to secretly capture the leader of the prey. Who knew that Mao Susu had gone crazy and actually shouted, it had attracted all the prey on the island over.

Fortunately, they had brought enough guards and had narrowly escaped just now.

From then on, she really did not dare to bring cat susu anymore. With her temper that was afraid of chaos, bringing her to hunt the Beast King was no different from courting death.

Chapter 2087 Hunting Ground

“Wuwu, Honghong doesn’t want me anymore. Susu is so sad.” Cat Susu rubbed her eyes while secretly looking at Lie Hongzhen’s expression.

Lie Hongzhen laughed in anger. She couldn’t be bothered with cat susu. She strode into the courtyard and lightly shouted, “Inform the hunters to get ready. In six hours, we will set off... by the way, inform the silver-haired humans!”

After saying that, she returned to the house and slammed the door, not letting cat susu follow her in.

“Humph! So Stingy!” Cat susu wrinkled her nose and stomped her feet angrily.

Then, she rolled her cat eyes and muttered, “Silver-haired humans, could it be that bastard who snatched my chaos stick?”

After thinking for a while, she came up with a plan and ran back to look for Su Yu.

“Hey, human, I feel that just the chaos stick alone is not enough to express my apology to you.”

Su Yu received the notice and was about to set off. She was packing up her things.

Hearing this, she could not help but smile and said, “Oh? What do you want to give me?”

Mao susu took out a porcelain little white cat. It looked innocent and innocent, as if it was alive.

“This is my life-saving magic treasure. When my life is threatened, it can take the place of my master to take this attack. As long as it does not exceed the half-step dao master realm, it will be effective.”

That was a good thing.

Although he had the law of life, it had certain limitations. In fact, it was not as good as this kind of magic treasure.

After checking and making sure that the magic treasure had no limbs, Su Yu rubbed her head.

“Thank you.”

Soon, the troops of the Heavenly Silver Continent King’s mansion set out.

Including Su Yu, there were a total of twenty-two people.

Apart from Lie Hongzhen and her siblings, there were six personal guards, and three peak five-crowned emperors. Other than that, there were also the same as Su Yu, they were martial artists with cultivation between the late-stage four-crowned emperors and the early-stage five-crowned emperors.

The purpose of the three peak-stage emperors was to deal with the Beast King.

The rest of them would act as the role of looking for the Beast King.

“Now, I will divide you into groups.” Lie Yuan walked over and said to Su Yu and the other ten people.

“The three of you will follow me, the three of you will follow my third brother, and the three of you will follow my sister...” Lie Yuan divided them and found that there was only one Su Yu left among the ten people. He thought for a moment and said casually, “You can act alone.”

Anyway, he didn’t expect Su Yu to help him much. Plus, his strength wasn’t bad, so he could protect himself.

Su Yu felt helpless. He didn’t want to admit the favor so easily.

However, he didn’t refute it at the moment.

After they were done, the group immediately set off for hunting ground no. 3.

It was different from the previous hunting ground, which was the forest. This time, it was the seabed.

“The prey in the weeping soul sea are all sea monsters. They are proficient in water-elemental laws, and some of them are proficient in soul attacks. You must be careful.” Lie Hongzhen gave a simple reminder, then, he led a five-crowned middle earthly emperor and three warriors in charge of searching into the Sea of Weeping Soul Sea from a certain direction.

Lie Yuan and Lie Bo led their people and left.

In the end, only Su Yu was left. He had no choice but to choose another direction to enter the seabed.

The corals on the seabed were everywhere, and there were countless fish swimming. Moreover, the vision was blurry. If one didn’t have special abilities, it was hard to find the prey hidden in the seabed.

Fortunately, Su Yu had the clairvoyance eye, and all the obstacles at the bottom of the sea were transparent to his eyes.

Suddenly, Su Yu found a shark man covered in metal gears hidden in a plain white sand land.

It hid there without moving, as if waiting for the hunter to come closer.

“Eh? Isn’t it said that the prey is very afraid of the prey? Why is there a prey that dares to ambush the Hunter?” Su Yu sensed that something was unusual.

The other party’s cultivation was not bad. He was at the early stage of the five crowns.

At this moment, he was paying close attention to Su Yu’s every move.

Su Yu's gaze turned slightly. Pretending not to know anything, he walked past him.

In an instant, the shark man suddenly attacked. Each of his hands held a rotating gear as he cut towards Su Yu's legs. he shouted excitedly, "Haha, score..."

However, the gear seemed to cut through the air and cut into a phantom.

"How many points did you get?" A faint sound came from the top of his back.

The shark man's expression changed, but his fierce aura disappeared. His body curled into a ball and spun upward.

Su Yu smiled, took out the chaos stick, and waved it casually.

Bang --

The shark man didn't even Groan in pain. His eyes rolled back and he floated motionlessly like a dead fish.

"It's quite convenient." It was the first time he used it, and it was unusually convenient.

After a quick check, he found a gemstone that was forcefully sealed between the shark man's brows.

Su Yu tapped on it and a short message immediately appeared.

"Cog Shark, ambushed Master White Jade Whale, stole master's life-saving pill, and was caught. He was sentenced to hunting ground no. 3 for betraying his master and ancestors! "The killer will be rewarded with 10 hunter star points, and the capture will be rewarded with 20 points."

The hunter star was a reward that hunters could exchange for after killing their prey.

The most basic use of the hunter star was to exchange for DAO currency to meet daily needs.

If accumulated, it could be exchanged for all kinds of powerful inheritances, demonic arts, and even top-tier true emperor-level weapons. There was even a chance to use the hunter star to become the official person-in-charge.

This item was a good item, and Su Yu naturally wouldn't let it go.

He first searched the shark man's memories and threw it into an empty cave world.

"What a surprise. The prey in hunting ground no. 3 are all united and preparing to resist the hunters' one-sided slaughter."

Without even guessing, one would know that it was definitely the work of that extremely powerful Beast King.

In his memories, as long as he killed a hunter, he could go somewhere to exchange for cultivation items based on the hunter's cultivation level.

For prey that had nothing, even the lowest level of cultivation items were precious.

Therefore, they naturally spared no effort.

“Exchange point... Hehe, there should be a lot of prey there.” Su Yu disappeared in a flash.

According to the gear shark’s memory, he appeared on an ancient ship that had sunk to the bottom of the sea.

Through the clairvoyance eye, one could clearly see that an octopus with a cultivation level as strong as the five-layered mid-autumn position was hiding deep within the bottom of the ship.

A crafty swordfish man held a rolling human head and came before the octopus.

That human head was not lie Hongzhen’s, but the other hunters.

It seemed that lie Hongzhen was not the only one who knew that the Beast King was here.

The swordfish man handed the human head to the other party, got a bottle of pills to recover the primeval energy, and left happily to continue hunting.

Su Yu’s heart moved. He used the Nirvana of the evil dragon and turned into a half-dragon and half-human creature.

If he did not carefully sense the demonic energy, his form would be the same as that of the demon race.

He swaggered into the bottom of the boat and came before the octopus.

Its only black eye sized up Su Yu and said, “Where’s the human head?”

Chapter 2088 The Beast King Appeared

Su Yu grinned. “It was smashed into pieces by me, but I brought back its spiritual pet.”

The octopus thought for a moment. If the battle was too intense, it would be difficult to guarantee the integrity of the other party’s body.

“Take out its pet and search its memories to confirm if you really killed a hunter.”

“Okay.” Su Yu took out the little qilin.

The octopus stretched out two tentacles and grabbed the little qilin in its palm, ready to investigate.

Suddenly, the little qilin turned from solid to virtual and escaped.

Su Yu roared and took out the chaos stick, aiming at the Octopus’s head.

Bang --

One of the octopus’s tentacles was extremely fast and blocked the chaos stick. The one-eyed man looked at him coldly. “You really aren’t from the demon race, you’re a Hunter!”

Chi Chi Chi --

The other few tentacles were like thunderbolts as they struck towards Su Yu!

It was indeed difficult to kill a mid-stage five-crowned emperor.

However, the little qilin who had transformed into the void smiled mischievously. Suddenly, he spat out a mouthful of void energy towards the eight-clawed octopus that was close by.

The eight-clawed Octopus's reaction was extremely quick. It immediately used its tentacles to block in front of its body.

However, the void energy could be blocked with its body?

The tentacle was immediately broken by the power of nothingness.

The eight-clawed octopus roared in pain and screamed in fear, "How can you control the Nothingness?"

Su Yu's eyes flashed. He took the opportunity to open the first layer of the seal on the chaos stick and smashed it down.

Even Su Yu himself felt a little uncomfortable from the powerful soul shock wave, let alone the eight-clawed octopus.

"Ah!" He let out a miserable howl. His tentacle held his head and struggled continuously, but his movements became weaker and weaker until he finally fell into a coma.

Su Yu let out a sigh of relief. If he was alone, he would really need to expend a lot of effort and create a huge commotion.

With the Little Qilin's help, it was undoubtedly much easier.

With a hook of his finger, he stuffed the octopus into the cave dwelling.

"Tch! A bunch of silly demons. There's no sense of accomplishment defeating them at all!" The little qilin said smugly.

Su Yu kicked it away. "Stop nagging. Quickly clean up the scene."

"Aren't you going to find other prey?"

"We're in the stronghold. Why do we need to find prey? Didn't they all come to us?" Su Yu poked its little head. There was only one word in its eyes: "Stupid"!

The little qilin suddenly came to a realization. "Oh! You're thinking... Wahaha, it seems very interesting."

Thus, the two rearranged the scene.

At this time, a squid wrapped a captured monster and came to the bottom of the ship.

As soon as he entered, he saw a half-dragon and half-man man sitting there casually. He couldn't help but be confused. "Strange, this stronghold should be under the responsibility of the octopus. Who Are You?"

"A few powerful warriors just barged in. The octopus went after them. I will temporarily take his place." Su Yu took out a few bottles of low-level pills and

placed them on the table in front of him, he said, "Is this the person you captured? HMM, very good. He is alive. The reward is double."

Although the cuttlefish man was strange, he looked at the hunter's head behind Su Yu and was not so suspicious.

"Hehe, I like double." The cuttlefish walked over. It rolled up its tentacles and was about to take away the materials.

Suddenly, just as he approached, Su Yu, who was sitting upright, suddenly made a move. He picked up a big stick that was placed next to him and suddenly smashed it over.

The poor squid let down its guard. Before it could understand what was going on, it was knocked unconscious by the stick.

With a hook of his finger, he put it into the spatial cave.

The captured monster was dumbfounded and stammered, "Is this an internal conflict?"

The Little Kirin Man stood up and berated, "Stop talking nonsense. Stand aside obediently and don't speak!"

The squid had been dealt with with a stick. How could the hunter dare to resist? He stood aside without even daring to breathe.

Not long after, another moray eel monster came over with a living person in its mouth to exchange for the reward.

What it got was still an unceremonious stick.

After a few times, the survivors gradually came back to their senses.

"F * ck... you... Are You a Hunter?"

Su Yu glanced at them and was too lazy to explain. The little qilin said fiercely, "Hey, hey, being a captive requires the professional ethics of being a captive. Don't ask, don't talk."

After confirming their guesses, the few survivors were so shocked that they almost bit off their tongues.

They had seen many hunters who were so powerful that they were admirable. However, Su Yu was like this. He directly assumed the identity of one of the prey and then waited for the rabbit to come. One would knock one out, and the other would knock out a pair, this was the first time they had met one.

Five days had passed, and the narrow bottom of the boat was already filled with captives.

Su Yu's cave abode world had already captured more than a hundred prey alive.

With an average of 20 hunter stars for each prey, it was close to 2,000 hunter stars. If all of them were exchanged for Dao currency, they could be exchanged for 200,000 dao currency. This was not a small amount of money.

On this day, a seal man who was covered in injuries came over, excitedly carrying a half-dead hunter in his mouth.

Seeing him, Su Yu's expression changed.

"Lie Yuan!" Su Yu was shocked.

"Where did you catch him?"

"Haha, I picked him up!" The seal man laughed so hard that he couldn't close his mouth. "You don't know how lucky I was. I was surrounded by a group of people, but the Beast King suddenly appeared and killed them all. This one was half-dead from the Beast King's aftermath, and I picked him up. Haha..."

The captives looked at it with sympathy in their eyes.

It seemed that your luck had run out.

"Where is it? Bring Me There!" Su Yu suddenly stood up.

The stronghold could only give up.

Although Lie Yuan and Lie Bo weren't much, Lie Hongzhen was still pretty good.

Moreover, they had to rely on her to get a pass that didn't need to be tied down. Logically, they couldn't let her die just like that.

"You..." the seal man was stunned. He immediately realized that something was wrong. "Who are you?"

PA --

Su Yu slapped him on the head and knocked him out. Then, he searched through his memories.

"Let's Go!" From his memories, Su Yu saw that Lie Hongzhen and the others were in an extremely dangerous situation.

The Little Qilin stepped on the seal man's face and scoffed, "Seriously, I asked you to lead the way, and now I'm fine. Are you happy after being slapped?"

As he spoke, he brought the seal man into the cave world with his mouth.

The other captives also followed Su Yu to the place where the Beast King appeared.

In less than an hour, Su Yu arrived at the starting point.

From a distance, he could smell the fishy smell.

Looking from afar, he could see the intense battle from the dense scarlet that could not be dissolved.

Using his clairvoyance eye to scan inside, Su Yu was secretly shocked.

He saw a huge footprint with a diameter of 300 meters and a depth of 30 meters on the ground.

The people that Lie Yuan had brought along, including a mid-stage five-crowned emperor, were all stomped into minced meat.

From the looks of it, they didn't even have the strength to resist this kick.

“That’s the Beast King?”The hunters who were chasing after him all felt their scalps go numb.

“The power of that kick is no longer the beast king in the ordinary sense, right? It’s almost a half-step DAO Master!”

Their hearts were filled with fear, and they all backed off.

Bang --

Suddenly, the seabed shook violently, as if something incomparably huge was walking on the seabed.

Su Yu stared into the distance, and his pupils constricted slightly.

Chapter 2089 Surprised Or Not

A mountain-like monster was moving at high speed.

It could travel tens of millions of miles with a single step. Every step it took was like an earthquake, shaking everything in its path.

“A beast king who is about to step into the half-step dao master level?”Su Yu narrowed his eyes.

The three peak five-crowned kings that lie Hongzhen had brought with him were not enough to deal with such a beast King.

The huge beast King seemed to have sensed the aura of Su Yu and the others and took a step forward.

When they heard the intense stomping sound, the top of their heads had already turned dark. They could only see a huge mountain range that spanned across their heads.

At the bottom of the mountain range, the law chains scattered all over the sky.

Ah --

Ah --

As long as they were swept by the law chains, whether it was the initial stage of the five crowns or the middle stage of the five crowns, they would all be wiped out in an instant.

The dozens of hunters didn’t even have the chance to escape and were all killed.

Su Yu suddenly felt a sense of foreboding. He stared at the law chains that were sweeping over, and six multi-colored chains that were the law of one surged out from his back and surrounded his body.

Ding Ding Peng Peng --

The dense sounds of collision resounded in his ears.

Fortunately, he was able to resist in the end.

The huge wings on his back flapped, and the 30,000-meter long jade wings spread out. With a light wave, a boundless gale was set off, shaking the huge mountain range.

Then, only a weakening whirlwind was left.

“Eh? What powerful wings!”The huge monster suddenly flashed, and its body dispersed, turning into a strange monster that was as tall as a normal human.

Its entire body was condensed from incomparably hard stones, and it was full of powerful explosive power.

Dozens of black chains wrapped around its body, giving off an exceptionally powerful explosive feeling.

His eyes were two bright gemstones as he looked in the direction where Su Yu had fled. He said in a buzzing voice, “I want this immortal embryo of the Wing Dao.”

As he spoke, his body merged into the ground beneath his feet. A bolt of lightning flashed in the depths of the Earth.

When he reappeared, Su Yu took a few deep breaths.

The consumption of his wings was quite huge. He had almost used up 90% of his primal energy. He could not use medicinal pills to make up for the primal energy.

“If we use the dao extinguishing pestle and the anti-demon heart hammer, we should have a chance to destroy him. However, it’s not worth it to use it on him,”Su Yu said.

It was very difficult to use the dao extinguishing pestle once again. It was not suitable to waste it.

He took out a compass with the markings of Lie Hongzhen and the others on it.

After confirming the direction, Su Yu quickly flew over.

As he got closer, he realized that lie Hongzhen was accompanied by an unfamiliar young man.

He had long white feathers on his back and golden wavy hair. His skin was fair and handsome. Even from a human’s point of view, he was still quite handsome.

Lie Hongzhen, who had a cold expression, revealed a rare smile as he accompanied the young man as he spoke.

Until Su Yu’s fluctuation suddenly appeared.

Lie Hongzhen glanced over and the smile on his face disappeared. He had a strange expression on his face as he asked, “Is there any news about the Beast King?”

“Yes!”Su Yu nodded. He walked over and took out the heavily injured and half-dead lie yuan. “He was injured by the Beast King. I suggest that the hunt for the Beast King be stopped immediately.”

After witnessing the terror of the Beast King, Su Yu knew that lie Hongzhen and the others were courting death if they stayed.

However, it was not convenient for him to tell them that he had seen the Beast King. Otherwise, how could he escape from the Beast King’s hands? It would be an unexplainable trouble.

Lie Hongzhen walked over with a solemn expression. She checked lie Yuan’s injuries and her gaze softened slightly. “Fortunately, he is not dead. His injuries can be healed!”

She raised her head and asked, "Where did you find the Beast King?"

Seeing that there was not the slightest bit of fighting spirit in his eyes, Su Yu said helplessly, "Three trillion Li to the northwest. Whether he is still there now is unknown."

Lie Hongzhen looked deeply at Su Yu and withdrew her gaze without saying a word.

There was a hint of displeasure on her face.

Eh? Su Yu didn't quite understand her expression.

"Sister Zhen, there's something wrong with your servant. I suggest that you arrest him and interrogate him." Bai Yu's handsome young man walked over with his hands behind his back. He sized Su Yu up and said indifferently.

His eyes were full of criticism and contained contempt.

Lie Hongzhen shook her head slightly. "He is not a servant. He is my friend. In addition, it is best not to arbitrarily arrest him and interrogate him without a thorough investigation."

Su Yu did not quite understand what was going on. She asked, "Is there something wrong with me?"

It was really hard to understand how a few sentences could involve arresting someone and interrogating him.

Bai Yu's handsome young man shook his head and said, "The real Beast King has already been followed by my men. He is a trillion miles away in the southeast. We are now talking about going there. The northwest direction that you mentioned is the opposite direction."

He then looked at lie Yuan who was seriously injured, the handsome young man said indifferently, "Why did you make up the story that the Beast King was in the opposite direction? Also, how did lie Yuan get seriously injured? You should be glad that you are lie Hongzhen's servant. If you were mine, Humph!"

Even though lie Hongzhen had clarified that Su Yu was not a servant, he still addressed her as such.

Because, in his heart, he thought that Su Yu was a servant?

"I've already said, before there is any evidence, you can not make wild guesses!" Lie Hongzhen said indifferently. Although she said so, there was still a slight change in the way she looked at Su Yu.

Su Yu just understood what they meant.

It turned out that lie Yuan's serious injuries were mistaken by them as the work of Su Yu.

Although they did not know why there was a beast king in the southeast, the one in the northwest was indeed at the Beast King level.

"If you don't have anywhere else to go, follow us to the southeast and capture the Beast King Alive." Lie Hongzhen didn't wait for Su Yu's reply and quickly left.

Bai Yu's handsome young man coldly glanced at Su Yu with undisguised doubt in his eyes.

Su Yu stood where he was and pondered for a while. He deeply sighed, "It's hard to be a good person! It's better to follow her and take a look. If she dies, everything will be over."

An hour later.

A team entered from the side. It was Lie Bo and the others.

Their expressions were filled with excitement and excitement. "Sister, you're finally here."

Obviously, they were closer to the Beast King's position, but they were unable to contend with the Beast King alone, so they were waiting for Lie Hongzhen.

Suddenly, they caught a glimpse of the handsome young man beside Lie Hongzhen. They were shocked and walked forward happily. They said respectfully, "Prince Xuanling! Why are you here too?"

Lie Bo's words and actions showed his deep respect.

Xuanling king was a powerful demon king who ruled over a hundred provinces. His strength overpowered all the provinces.

Among them, the heavenly silver province was a province under Xuanling King's control.

The handsome young man in front of him was the ninth son of Xuanling King, Yu Wenqing.

Over the generations, the probability of a demon king's son becoming a divine guard was much higher than that of an ordinary person.

Usually, out of ten new members of the Divine Guards, more than five of them were demon Prince's sons.

What was more, Yu Wenqing's status was extraordinary. Even the governor of the heavenly silver continent had to be more polite to him and didn't dare to offend him too much.

As the young master of the Heavenly Silver Continent, it was natural for Lie Bo to be so respectful.

"Oh, you are..."who knew that Yu Wenqing didn't have a deep impression of him.

Not only was Lie Bo not angry, he even smiled and said, "I am Lie Bo, the third young master of the Heavenly Silver Continent. When you came to the heavenly silver continent that time, we met before..."

Yu Wenqing nodded slightly and said, "Oh, so it was you."

He still did not remember. He just gave a perfunctory reply and focused his attention on Lie Hongzhen, chatting with her with a smile.

His expression was warm, and he did not seem to be talking to others at all.

Lie Bo grinned. He knew that Yu Wenqing was interested in his sister, so he tactfully did not disturb her.

His sister and Yu Wenqing used to be in the same school in the Xuanling King's Institute for three years.

He had always been interested in his sister, but because his sister was focused on martial arts and did not have any romantic feelings, he had never accepted her.

Yu Wenqing had never given up for many years. Today, perhaps it was a coincidence, or perhaps he had arranged it, but coincidentally, he met his sister in hunting ground no. 3.

Shaking his head, he retreated to the back and found Su Yu there. He frowned. "Weren't you working alone? Why did you come to meet my sister? Are You Afraid of Danger?"

It wasn't that he was afraid of danger, but rather that Lie Hongzhen would be in danger.

"I guess so." Su Yu didn't want to explain too much.

Lie Bo was a little displeased, but when he thought about how they didn't count on this person, he didn't mind. He said, "As you wish. Just don't drag us down."

Actually, it should be that they didn't want to drag Su Yu back.

Su Yu came and went as he pleased. Even the half-step Dao Master Beast King couldn't do anything to him.

The group hurried on and finally arrived at the place where the Beast King appeared.

It was a tiger demon the size of a small mountain covered in bone spikes.

Dozens of powerful hunters were surrounding and killing him.

The tiger demon's cultivation was extremely strong. It was at the peak of the five crowns. The highest cultivation of the hunters was only at the peak of the five crowns.

This was because, although there was only one tiger demon, it could suppress all the hunters and could only resist.

That unrivaled ferocity caused one's heart to tremble.

Yu Wenqing smiled indifferently. "A group of rats also want to get their hands on a beast King! Sister Zhen, later, I will capture the Beast King alive for you and give you a helping hand."

Hearing this, Lie Bo's heart came to a sudden understanding.

Yu Wenqing and his sister's coincidental encounter was really not a coincidence.

He was willing to hand over the Beast King to his sister, it must be because he had already captured a beast king.

He had specially come here for his sister, hoping to help her capture a beast king and completely win her heart.

As if he understood Yu Wenqing's intentions, Lie Hongzhen said, "I'll do it myself. I brought three helpers, it won't be difficult to capture the Beast King."

Yu Wenqing said, "Sister Zhen, don't underestimate this Beast King. Compared to other Beast Kings, he isn't just a little bit powerful. Three peak-stage five-crowned emperors might not be able to do anything to him! Just watch me!"

He jumped forward and seven peak five crowns attack talismans shot out from his palm.

Instantly, the tiger demon who was showing off his strength retreated.

His eyes were filled with fear.

“HMPH, you want to leave? How can it be that Easy?” Yu Wenqing pressed his palms together and ten peak five crowns attack talismans flew into the air, forming an arc in front of Yu Wenqing.

Lie Bo’s eyes flashed, and his gaze revealed deep admiration. “Talisman Group?”

The so-called talisman group was a type of attack talisman created by the same person. The power of the talismans connected with each other, and not only did the power of the attacks stack up, but they also complemented each other, usually, each talisman could be used more than ten times. Ten Talismans in a group meant more than a hundred attacks from peak five-crowned emperors.

Unless one was a half-step dao master, anyone would die without a doubt.

The three peak-stage five-crowned emperors who came with lie Hongzhen had a bitter smile on their faces. “Let’s not embarrass ourselves.”

With Yu Wenqing’s grand lineup, there was no need for them to make a move.

Looking at the tiger demon, they could not help but sympathize.

No matter how powerful you were, you could only hate yourself for not having a good background when you met a prince who was willing to smash talismans.

However, Su Yu stared at the tiger demon and frowned deeply.

His soul was far stronger than others and he could clearly feel the terrifying soul of the Tiger Demon.

“Quickly get him to come back. He is not a match for the tiger demon,” Su Yu reminded.

Lie Bo glanced at him indifferently and said, “Ignorant! Yu Wenqing is in an absolute advantage. Anyone with a discerning eye can see it. If you don’t understand, please shut up!”

Almost the instant he finished speaking, a sudden change occurred.

Black spots suddenly appeared on the Tiger Demon’s body and covered its entire body.

Yu Wenqing’s attack talisman landed on its body. The metal was absorbed by the spots, but it didn’t cause any damage.

Yu Wenqing, who had a stern expression, was slightly stunned. He urged the talisman group to continue attacking.

However, even after the attacks of the Hundred Peak Five Crowns, the tiger demon was still unharmed.

No matter how muddle-headed Yu Wenqing was, he should have realized that something was wrong. He sized him up and said, “You are... a mutated bone spike tiger demon?”

“Hehe, have you finally discovered it?” The Bone Spike Tiger Demon chuckled. “Are you surprised? Are you surprised?”

Yu Wenqing sucked in a breath of cold air. It was really a mutated bone spike tiger demon?

The Tiger Demon clan had very strict bloodline inheritance requirements. Even if there was a slight mutation, it was almost certain death.

However, there was an almost negligible probability that the mutated tiger demon that was born would not die.

Not only would it not die, it would also give birth to a brand new terrifying talent. There was no opponent in the same level.

Therefore, when encountering a mutated tiger demon of the same level, there was no need to consider whether they could win or not. Instead, they should consider whether they could run or not.

“We’ve racked our brains and finally attracted a person of sufficient weight. Whether we can remove the identity of our prey depends on you, Prince Xuanling!” The tiger demon sneered and opened its huge mouth, suddenly letting out a beast roar.

Ah --

The guards around Lie Hongzhen and the peak five-crowned emperor all had splitting headaches and fainted on the spot.

Only Su Yu, Yu Wenqing, lie Hongzhen, and lie Bo could barely hold on.

Su Yu had a soul dao fragment, Yu Wenqing had a powerful soul-protecting magical treasure, and lie Hongzhen and lie Bo had to rely on their demon bloodline to barely hold on.

Even so, except for Su Yu who was barely affected, everyone else was in extreme danger and couldn’t hold on for long.

At the critical moment, lie Hongzhen gritted his teeth and flicked lie Bo’s body with his finger.

A bloody light entered lie Bo’s body from her fingertip.

Then, lie Hongzhen fainted on the spot.

On the other hand, lie Bo’s pale face eased up a lot.

Lie Hongzhen had transferred the demon blood in her body into lie Bo’s body at the most critical moment.

She had left the hope of survival to her younger brother, and she had chosen to die!

Yu Wenqing’s face changed drastically. He only looked at Lie Hongzhen, who was unconscious, and didn’t even have the intention to take her away. He flapped the white wings on his back and fled in an instant.

He looked at lie Bo and struggled slightly. He did not care about lie Hongzhen and turned around to flee!

In the blink of an eye, only Su Yu was left standing where he was.

“Your attainments in the Dao of the soul are quite profound. You are actually not afraid of my innate talent, roaring roar.”The tiger demon licked his scarlet long tongue. “Generally speaking, a soul expert is a great tonic for me.”

For some reason, he did not care too much about Yu Wenqing. It was as if he was not worried that he could escape.

Chapter 2090 Painstaking Effort

Su Yu said calmly, “If you like great nourishment, then follow me!”

He suddenly shot into the distance.

“Hehe, living prey is often more interesting to eat.”The mutated tiger demon grinned. He had no time to care about Lie Hongzhen and the others on the ground and chased after Su Yu.

The difference in cultivation between the two sides was very huge. Without using the Taiji Yin-yang wings, Su Yu was quickly caught up.

He floated in front of a mountain and slowly turned around.

“Oh? You’re not planning to escape? Are you trying to protect your companions?”The mutated tiger demon noticed Su Yu’s unusual actions and immediately realized.

Su Yu said, “If I were you, when I can’t figure out the enemy, it’s best to leave immediately.”

The mutated Tiger Demon’s eyes turned slightly. He indeed could not see through Su Yu. His cultivation level was clearly quite weak, but everyone was afraid of his soul roar. This person seemed to be immune to it.

However, cultivation was the foundation of strength. No matter how mysterious the other party was, a low cultivation meant that the other party’s strength was not too strong.

“A snake trying to disguise itself as a giant dragon to scare people will only add to the joke.”The mutated tiger demon laughed. Hundreds of bone spikes shot out from its body like bolts of lightning, stabbing toward Su Yu at a speed undetectable to the naked eye.

Su Yu pulled out the sovereign dragon supreme sword with one hand and swept it with his sword.

The pitch-black Sword Shadows in the sky merged with the dragon power in the sword to form a giant dragon formed from sword shadows that roared down.

Clang, Roar, Chi Chi --

Countless collisions created an extremely strong shock wave, tearing space into spider-like cracks.

Threads of nothingness seeped through the shattered barrier.

The mountain where Su Yu was was the first to collapse and be destroyed.

The ground within a million miles was filled with cracks, and the hot springs hidden deep underground erupted.

The difference in cultivation between the two sides was too great. The Sword Shadow Dragon was crushed by a series of white bone shadows after a moment of stalemate, and it enveloped Su Yu.

“Space folding!” Su Yu tore with one hand, and the space in front of him was forcefully folded.

Because of the space folding, the bone spur that shot in front of him strangely bypassed Su Yu and shot behind him.

However, after the bone spur missed, it spun and shot back.

“Endless Space!” Su Yu put his hands together, and his nine fingers rotated like wheels. His right eye was red with wine, and he actually combined the space ability of the nine dragons divine cauldron.

With Su Yu as the center, a huge space sphere was formed.

When the bone spikes shot into the sphere, they seemed to freeze. They could only move extremely slowly like snails.

This technique combined spatial laws and spatial freeze to create a space that was almost completely frozen.

“Master of Spatial Laws! Am I seeing things?” The mutated tiger demon was extremely surprised. “Someone like you should at least be a precious disciple of the Xuan Dao Palace. How could you become the servant of a small governor in the Demon World?”

Purple light shot out from Su Yu’s left eye. He raised his hand and pointed at the mutated tiger demon. “Freeze Time!”

The tiger demon immediately felt an invisible existence binding it.

It shook violently and broke the binding.

However, Su Yu came up with a sword and stabbed it into the Tiger’s eye.

Su Yu had seen the battle clearly. There were strange spots on the tiger’s back that were immune to most attacks.

Only its eyes were its weakness.

Ah --

With a stab of the sword, one of the Tiger’s eyes was immediately destroyed by the incoming sword shadow and powerful dragon might.

The mutated tiger roared in pain, and an incomparably powerful primal force rushed out of its body. It was almost visible to the naked eye, and it directly knocked Su Yu and his sword away.

“Human!” The mutated tiger roared in anger after being stabbed once.

It tried to recover its eyes. With a peak five-crowned tiger demon, it should only recover its eyes in an instant.

However, it was shocked to find that there was an extremely obscure power remaining in its eye sockets.

That power was extremely obscure. Not only did it destroy the life force that was gathered in its eye sockets, it also spread rapidly into its body and devoured all the life force in its body.

“Death Force?”

“Wrong! It’s The Death Vortex!”

Just as Su Yu finished speaking, the death force in its body suddenly spun rapidly and then suddenly erupted.

The power of death, which was originally only in the eye area, immediately shot out to all parts of his body, destroying all the life force in his body.

The lustrous tiger skin rapidly dimmed due to the rapid decline of life force. Every part of his body showed signs of rapidly aging.

A faint death was emitted from his body.

The mutated tiger demon turned pale with fright and immediately used the power of desolation to resist the power of death in his body.

“Sinkhole!” Su Yu swept his sword over at this moment.

However, the mutated tiger demon was indeed powerful. The power of death in its body did not decrease in the slightest. It avoided the weakness of its eyes and swept its tail like a long whip, sending Su Yu flying directly.

The moment he flew backward, Su Yu flashed with a bright light. He raised his right hand and the little qilin was suddenly thrown away, landing on the mutated Tiger Demon’s thigh.

The Little Qilin’s four hooves hugged the mutated tiger demon’s thigh, and it immediately opened its mouth to bite.

The pitiful little qilin didn’t have sharp teeth, and no matter how it bit, it couldn’t bite through the Tiger’s skin. Instead, it bit out a mouthful of fur.

“Ah Pei Pei! I don’t believe that I can’t Cure You.” She couldn’t bite it, so she simply opened her mouth and spat out a large amount of the power of nothingness.

Chi --

The power of nothingness was a terrifying thing. However, when it landed on the mutated Tiger Demon’s leg, it only corroded a part of it. Other than that, there wasn’t much damage.

This was the power of nothingness, an existence that would melt apart from an emperor.

The strength of the mutated Tiger Demon’s body made people sigh in admiration.

“I spit, I Spit!”The little qilin didn’t stop spitting. He continuously spat out dozens of times, filling the entire body of the mutated tiger demon with the power of nothingness.

Its entire body began to rot violently, causing the mutated tiger demon to roar.

Inside, there was the power of death that was rapidly eroding his body, while outside, there was the terrifying power of nothingness.

The mutated tiger demon was still incomparably tenacious. Its fierce aura didn’t decrease, but instead increased. It shot out powerful law chains and randomly lashed out.

Wherever it lashed out, everything was destroyed.

The little qilin was so scared that he quickly turned into nothingness to avoid the disaster. With lingering fear, he ran to Su Yu’s shoulder. “This guy is so hard to deal with.”

Ordinary peak-stage five-crowned emperors would have been killed or seriously injured by them long ago.

However, the mutated tiger demon only suffered some minor injuries.

Seeing that its ferocity was getting more and more intense, the six law chains behind Su Yu’s back swept out in a horizontal sweep.

The mixed law was like a hot knife through butter, completely crushing the opponent’s chains.

“What?”The mutated tiger demon was greatly shocked. “Six types of law chains?”

In the moment of shock, Su Yu took the opportunity to flash over and once again thrust his sword at the mutated Tiger Demon’s remaining eye.

The mutated tiger demon roared angrily and pulled Su Yu away with its tail.

However, at this moment, Su Yu slashed his sword backward in the air. With the help of the powerful reverse force, not only did he stop the momentum of flying backward, but he also flew back to the mutated tiger demon.

At the same time, he took out the chaos origin great stick.

“Restriction, open!”He tore apart all three layers of restriction.

All the power within the chaos stick was immediately released.

Su Yu swung the stick and swung it down.

The Soul Shockwave was so strong that even Su Yu himself felt dizzy.

The mutated tiger demon took this hit and knew how it felt.

It was as fierce as the mutated tiger demon. It roared and its body fell to the ground. It could be seen that its soul was hit by the Chaos Stick.

If it were any other peak five crowns emperor, they would have been knocked unconscious by the full force of the mixed origin great stick.

However, the mutated tiger demon was still able to maintain most of its rationality and showed no signs of fainting.

It seemed that this tiger's soul was abnormally strong.

Normal attacks would not be effective.

With a thought, Su Yu took out the anti-demon heart hammer and struck it hard on its head.

This item was a forbidden dao item immortal embryo of the demon world. Even a powerful dao master like Meng Ke'er had fallen under this item, let alone a mutated tiger demon!

As the hammer struck down, the mutated tiger demon immediately threw its head back and roared loudly. Its eyes went blank and it actually lost all its memories, leaving only its instincts.

The loud roar sent Su Yu flying. The mutated tiger demon turned around and prepared to escape.

However, Su Yu caught up with it after only a few steps.

Having lost its memory, the mutated tiger demon was only left with its instincts. It was no longer in much danger.

Under the continuous bombardment of the chaos great stick, the mutated tiger demon finally wailed incessantly. It lay on the ground, only breathing out its last breath.

Finally, it was successfully subdued.

Su Yu was exhausted and let out a long breath.

He had really put in a lot of effort!

Fortunately, he finally succeeded.

Just as he was about to capture the tiger demon, two auras came together.

It was the younger brother of the prince of Xuanling, Yu Wenqing, and Lie Hongzhen, Lie Bo.

They stared at the dying mutated tiger demon on the ground in surprise and disbelief.

They had sensed the huge movement here, so they came here specially to investigate.

Unexpectedly, what they saw was the scene in front of them.

"Who did it?" Yu Wenqing looked around in bewilderment. He naturally believed that it was the work of an expert.

He had seen the strength of the mutated tiger demon before. Even a peak five crowned emperor would be in danger if he came here. It was impossible for it to be done by a mere servant.

"What do you think?" Su Yu said indifferently. He didn't have the slightest bit of good impression of him.

HM?

Looking at Su Yu who was covered in injuries, Yu Wenqing's heart was greatly shaken. It was really Su Yu?

“How did you do it?” Yu Wenqing still had doubts.

Su Yu couldn't be bothered with him. He reached out and grabbed the mutated tiger demon.

Yu Wenqing's expression changed.

At this moment, Su Yu was shocked. He felt an extreme danger.

Looking Up, the entire sky turned dark!

It was the Beast King that was half a step away from Dao Master!

Su Yu's eyes darkened. He had to come now!

Even though he had the dao obliteration pestle, he was exhausted and lacked martial qi. It was impossible for him to fight against it.

Without thinking, Su Yu prepared to fly away with his wings.

With these wings, it was not a problem for him to escape.

Yu Wenqing and Lie Bo's faces were pale and filled with fear.

Yu Wenqing immediately flew away with his wings.

However, the Beast King seemed to have locked onto him. Wherever he ran, the shadow would cover.

What made his heart sink was that a figure passed by him and sped forward.

It was surprisingly Su Yu!

He was holding the mutated tiger demon in one hand, and his movement speed was even faster than his!

Seeing that he was about to fall behind, Yu Wenqing's eyes focused. He actually took out the talisman group and activated it on the spot, throwing it towards Su Yu.
