Chapter 2111 Mystic Maiden Of The Nine Heavens

Princess Pixin looked around and took a while to get used to it. "This is... the royal hunting grounds?"

She had even forgotten that she was chasing after Su Yu in the hunting grounds.

"Answer my question." Su Yu looked at her quietly. His ears were filled with a layer of light that was invisible to the naked eye. It was soul detection.

Pixin looked at Su Yu and said seriously, "I am Princess Pixin of the demon world. Who Are You? Why did you capture My Soul?"

After a long while, Su Yu sighed, "There is something wrong with your soul. Can you tell me who is the woman who mixed with your soul?"

From soul detection, he confirmed that the girl in front of him was Princess Pixin.

There was only one princess, so the other half of Princess Pixin's soul was undoubtedly the other person.

Su Yu was not unfamiliar with a situation like two souls merging into one.

Princess Linglong and Princess Ruchen had merged their souls together.

However, the two Princess Pixin's souls merged even more perfectly, so it was difficult to notice.

"Her? You... you found her?" Princess Pixin's face was filled with deep excitement.

Su Yu said, "You've been suppressed by her all this time?"

Princess Pixin was like a person who had been trapped for many years. She finally discovered an existence that understood her, she was so excited that she was incoherent. "Yes, yes! I'm the Real Princess Pixin. That woman is the clone of mysterious lady of the Nine Heavens, pretending to be me and secretly controlling the demon world."

Mysterious Lady of the Nine Heavens? Su Yu narrowed his eyes. "Who is that?"

Princess Pixin shook her head. "I only received a tiny bit of information when my soul fused together. She is one of mysterious lady of the Nine Heavens' clones."

"How many more clones does she have?"

"I don't know, but I remember that this clone has a code name of 18,000."

She had 18,000 clones before?

Su Yu was in disbelief. The fake Princess Pixin was quite powerful, and she was the 18,000 th doppelganger. Then what was the cultivation level and identity of the real mysterious woman of the Nine Heavens?

"Does the Dragon Emperor Know About This?" Su Yu asked.

Princess Pixin's eyes lit up. "Father doesn't know. I want to tell the Dragon Emperor the news and kill this woman!"

Su Yu was relieved.

With the help of the real Princess Pixin, everything could be resolved easily.

Looking at Princess Pixin's destroyed body, Su Yu hooked his finger and was about to restore her soul to its original state.

However, a powerful wave of magic treasure suddenly swept Princess Pixin's body away.

Su Yu couldn't stop it in time. There was a trace of surprise in his eyes. The level of the magic treasure was quite high.

"Damn it. That woman must have used the magic treasure inherited by the royal family of the monster race to summon his body away," Princess Pixin said angrily.

Su Yu said, "Don't worry. As long as your soul is still alive, everything will be solved easily when you meet the Dragon Emperor."

"Yes, yes." Princess Pixin nodded obediently and looked at Su Yu with gratitude.

Thinking quickly, Su Yu immediately came up with a plan.

"Let's go, follow me to meet the two Beast Kings."

Under his lead, Su Yu once again stepped into the territory of the Myriad Thunder Beast King and the former demon prince.

Shua --

The two Beast Kings appeared at the same time but kept a hundred thousand feet away from Su Yu. They were extremely vigilant and on guard against him.

Su Yu smiled bitterly, "Shouldn't I destroy that Puppet Beast King?"

After a pause, the myriad thunder beast King tried to approach. He sighed deeply and said, "I didn't expect that the puppet Beast King that has accompanied us for so many years was actually disguised by that woman."

The Demon Prince's eyes were filled with deep hostility. He stared at Princess Pixin's soul and said, "Su Yu, why did you bring her here?"

The Myriad Thunder Beast King also threw in a deep hostility.

Su Yu then explained what had happened just now.

After hearing it, both of them were skeptical.

The reason why they believed it was because Su Yu had been chased to the brink of death and was still able to get along with her. It could be seen that she was definitely not the woman who had caused Su Yu's death.

The reason why they were skeptical was because the matter was too unbelievable and unbelievable.

“The two of you, it’s better to believe in oil and gas than to not believe in it. Are you willing to stay in the hunting ground forever and become prey that everyone can hunt?”

His words hit them where it hurt.

“Then do you want us to...”

“I hope that when the demon Emperor arrives at the hunting ground tomorrow, you will do your best to escort her to the demon Emperor and state the truth. With the demon Emperor’s strength, he should be able to detect the truth.”

The Myriad Thunder Beast King and the Demon Prince Thought for a long time. They looked at each other and felt that they could take the risk.

“Okay, we have agreed on a detailed plan.”

The four of them discussed on the spot. After a long time, they finally agreed on the specific steps.

“Tonight, you will cultivate in our territory. No one will bother you again.”The Myriad Thunder Beast King looked at the injured Su Yu. He couldn’t believe how Su Yu had survived until today.

Mid-60s, five crowns.

Peak 40s, five crowns.

Three Hunter Kings.

All of them had died in his hands.

Even the deputy commander, who had shocking strength and was known to be below the DAO Master and rarely met an opponent, was destroyed in body and soul.

How did he survive from that despair until today?

What kind of belief had supported him to this point?

With a sigh, the Myriad Thunder Beast King left a bottle of pills to replenish the power of desolation and left, leaving Su Yu and Princess Pixin here.

After they left, Su Yu grabbed the bottle and poured the pills into his mouth, quickly replenishing the power of desolation.

After the power of desolation had recovered, Su Yu was deep in thought. He drew a portrait in the air. It was a portrait of a nine-tailed white fox. “Do you know her?”

Princess Pixin was at a loss. “I don’t know her.”

“She claims to be the first princess of your demon world... Hmm, even though she died many years ago.”

“Definitely Not!” Princess Pixin said with certainty, “I’ve read about the princess consort of the previous demon emperors since I was young. This woman is not one of them.”

As expected!

She had long thought that there was something wrong with this nine-tailed white fox. She did not expect that even her identity was fake.

“She asked me to send her skeleton to your demon world. Do you know the reason?” Su Yu drew out another fox demon’s skeleton in the air.

Princess Pixin thought for a moment and said, “This skeleton doesn’t seem complete.”

Su Yu looked carefully and found that it was indeed incomplete. One of the nine tailbones behind him was missing.

His heart skipped a beat. Could it be that the nine-tailed white Fox wanted to use the imperial family’s inheritance magical treasure to summon back its missing parts?

“The nine-tailed white Fox clan loses a tail every time they die. If they want to be resurrected, they need to find their tails. Her motive is very obvious,” Princess Pixin said indifferently.

Su Yu understood.

Now that the nine-tailed white Fox was not around, he had the chance to ask the royal family of the demon world.

As expected, he vaguely found out the true motive of the nine-tailed white fox.

It turned out that she had been deceiving Su Yu and using him to come to the demon world to be resurrected.

However, he did not know how strong the nine-tailed white Fox’s true cultivation was.

In that case, the nine Jade Spirit Pearl was not a treasure of the Demon World?

She had never planned to give it to Su Yu?

A deep cold light flashed past Su Yu’s eyes.

Chapter 2112 Demonic Words, Rebirth

Pausing for a moment, he drew a painting in the air. It was the blood box formed by the Blood Lotus Path Demon’s third mouthful of blood.

Pixin’s pupils constricted and her calm face was replaced by shock. “The relic of the eighth Demon Emperor?”

The Blood Lotus Path Demon was a legendary demon emperor in the history of the demon world. He had single-handedly created the demon world in its heyday.

“Do you know what’s inside?” Su Yu asked.

“Where is it?” Princess Pixin asked instead of answering. Her eyes were filled with deep excitement.

Su Yu shook his head. “That nine-tailed white fox told me that it would give me such a thing.”

“Her? Hehe, is she worthy?” Princess Pixin said contemptuously. “The eighth demon Emperor’s relic is a cage. It contains the powerful enemies that the eighth demon Emperor encountered when he was expanding the power of the demon world. They are all sealed inside.”

The enemies that could be specially sealed by the eighth demon emperor were at least half-step Dao Masters, right?

It was very likely that they were Dao Masters!

“In this box, there are three dao master level experts sealed. Each one is more powerful than the other! Half-step Dao Masters are Endless!”

Su Yu’s gaze turned slightly and he said, “She said that she is also proficient in a magic art and can open this box.”

“Is it the demon speech rebirth chapter?” Princess Pixin’s words caused Su Yu’s expression to change slightly.

The technique he obtained was really this thing!

“The demon speech rebirth chapter is the thing that opens the wooden box. Once it is opened, all the enemies of the demon emperors sealed inside will break out of the seal of time. At that time, it will be the day the demon world is destroyed. If this nine-tailed Fox really had the demon speech rebirth chapter, it would have opened the wooden box long ago and destroyed all the people in the demon world.”

Su Yu’s eyelids twitched. When he had caught the nine-tailed white Fox’s hidden expectations, he had been on high alert, so he had not rashly activated the demon word rebirth chapter.

Now, it seemed that his decision was very wise?

Once the eighth demon Emperor’s enemies, who had been sealed for many years, were released, the first thing they would do when they rushed out would probably be to kill Su Yu at the same time.

Then, taking advantage of the chaos in the demon world, the nine-tailed white Fox could break into the royal family and use the treasure to find its missing tail and complete the resurrection.

“In that case, the relic is an Endless Sea of fire? Why did the eighth Demon Emperor Keep It?”

Princess Pixin said, “If the key of the royal family opens the cage, the result will be very different!”

“After the key opens the cage, it can control the sealed enemies inside and use them for its own use!” The eighth demon Emperor kept him because he hoped that the demon world would make good use of them to resist the foreign

enemies. However, the royal family in later generations was incompetent and let the key be lost outside

“The key should be kept very closely. Why would it be lost?”

Princess Pixin shrugged and said, “We don’t know that. It is said that a ninth generation demon emperor concubine took the key and escaped from the demon world. From then on, she disappeared and her whereabouts are unknown.”

Her face was filled with deep regret. “If the demon world could control the key and the Three Dao Masters and supremacies, how powerful would it be?”

Su Yu’s eyes flashed with regret.

The wooden box was in his hands, but the key was nowhere to be found.

After a conversation, Su Yu gained a lot of secrets.

When he saw the Demon Emperor Tomorrow, there was no need to give the nine-tailed demon Fox’s skeleton to him.

The most important thing now was to get rid of the Nine Heavens Mystical Maiden’s clone!

The next morning, the entire imperial palace was busy.

The Demon Emperor, who had been in seclusion for a long time, finally showed up and went to the hunting ground.

At that time, Princess Pixin, the nine demon princes, and the many divine guards would all be able to enter the hunting ground to hunt.

In the face of a demon emperor, who wouldn’t try their best to kill their prey?

The hunting ground.

Near the manor, thousands of hunters from all over the world were in high spirits.

Princess Pixin was dressed in a man’s outfit, giving off a heroic bearing and a sense of shrewdness and ability.

Her expression was indifferent, as if nothing had happened yesterday.

Beside her were nine demon princes, several deputy commanders of the Divine Guards, and many divine guards of different ranks.

One of the thousand divine guards was wearing armor and a helmet.

If one looked carefully, one would find that his eyes were filled with a different kind of evil. A wisp of purple hair floated out.

The purple-haired Su Yu actually disguised herself as a divine guard and sneaked into the group.

There was also a short and uneasy divine guard.

Who else could it be other than cat susu with her big round eyes?

She bit her lips together and her face was filled with deep anxiety.

“Calm down. Otherwise, the demon Emperor will definitely be exposed in front of you.” Little Qilin’s voice sounded in her ears.

Mao susu took a deep breath and forced herself to calm down.

Many hunters were ready, waiting for the arrival of the Demon Emperor.

All of a sudden, everyone felt an invisible pressure enveloping them.

Before their eyes, an old man in a golden robe appeared out of nowhere. His skin was golden and there was a pair of golden dragon horns on his head.

Standing there, he had a temperament that made all living beings prostrate.

It was not the pressure brought by the Dao master realm, but the supreme throne of the emperor of the demon world.

“Greetings, Demon Emperor!”

“Greetings, Demon Emperor!”

..

The neat and sonorous voice shook the sky and Earth, full of the veneration from the bottom of the god Guards’ hearts.

The Demon Emperor was their heaven, their God, and the supreme existence that they swore to serve with their lives!

“Rise,” the demon Emperor said indifferently. His mighty and majestic voice echoed through the entire hunting ground like rolling thunder.

Countless preys seemed to have come to an end as they all retreated into the depths of the cave abode world.

The Demon Emperor’s voice was like a life-threatening talisman to them.

“Let’s begin!” The Demon Emperor said calmly.

The hunting activity had officially begun!

Princess Pixin took the lead and said, “Follow Me!”

The three deputy commanders of the top half-step Dao Masters followed Princess Pixin and charged toward the direction Su Yu had indicated.

The rest of them chose their targets and directions and hunted as much prey as they could.

The enthusiasm and fighting spirit of the hunters were all ignited as they rushed into the forest amidst the screams.

“Kill!” Cat Susu was mixed in and knocked around by the incomparably strong divine guards. From time to time, she would hold on to her helmet that seemed too big, and at the same time, she would hold on to her overly long armor as she was pushed forward by the divine guards in a comical manner.

After much difficulty, she was pushed into the forest. Cat Susu was already in a mess and had her mouth full of mud.

“AH, Bah Bah Bah!” Cat Susu spat out her frustration and complained, “Do you have to be like a cat in Heat?”

After getting up, Cat Susu took out a compass and stared at the golden light spots on it. With a determined look, she said, “Brother Su Yu, wait for me. I will definitely save you.”

As she said this, she brought the little qilin and rushed over.

The other divine guard who had escaped from the majority of the divine guards took off his helmet when there was no one around, he revealed an evil expression. “Su Yu, the current you must be in a state of abject despair. You can die in peace. Let me replace you!”

With a sinister smile, the purple-haired Su Yu rushed towards the location of the golden light on the compass.

Chapter 2113 One Against Three

A hundred-year-old ancient tree.

Su Yu slowly closed his eyes. The primal power on his body was like a layer of clouds that continuously swallowed and churned.

A strong and weak aura circulated around his body.

After a month, the Bodhi Pill’s medicinal power had finally pushed Su Yu’s cultivation to the limit. He was just a step away from breaking through and becoming the five crowns emperor.

At the same time, the one-month life and death battle had perfected the ultimate sword technique.

With a little more time, he would be able to reach perfection.

However, time did not wait for him. He might not have the time to perfect his cultivation and sword technique at the same time.

Staring into the distance, Su Yu’s eyes were deep and distant.

“What should come will come eventually.”

He stood where he was. His long silver-white hair slowly turned purple.

If one didn’t look carefully, they wouldn’t be able to distinguish him from the purple-haired Su Yu.

He gazed into the distance, and the enormous wings on his back spread out. With a flap of his wings, he descended directly in front of Princess Pixin and the three deputy commanders.

“Just in Time!” Princess Pixin was constantly paying attention to the golden light. When she noticed that it had disappeared, she realized that Su Yu had arrived.

Sure enough, a purple-haired Su Yu appeared.

Pixin was slightly startled. Why did his hair color change overnight?

However, it was true that it was Su Yu.

Xiu --

The three of them teleported to a distance of 30,000 feet at the same time. Surprisingly, they followed the Cat Demon Hunter King's tactic and didn't give Su Yu the chance to attack anyone.

"Freeze time and space!" Su Yu only had eyes on Pixin. Purple light shot out from his eyes and instantly froze her.

"Soul, Shatter!" His soul power had reached the peak of the five crowns.

A single stab of pain was enough to destroy Princess Pixin's soul.

However, a similar ripple of water appeared on her body, blocking the soul attack.

Having personally fought with Su Yu, Princess Pixin naturally had to be on guard when she came again.

The soul-protecting magic treasure on her body was one of them.

Su Yu used the law of death before the first attack was successful.

However, at this moment, the three vice commanders, who were 30,000 meters away, charged back with a terrifying aura.

Su Yu didn't have any lingering thoughts as he flapped his enormous wings and left.

The three vice commanders arrived, each holding a golden porcelain cat in their hands.

Unlike the white porcelain cat of the past, the Golden One was a dharma treasure that could truly disrupt space.

Once it was activated, Su Yu wouldn't be able to escape even if he wanted to.

"Chase! He won't be able to escape today," Princess Pixin said.

They chased after the Golden Light Dot, and so did the purple-haired Su Yu.

The two groups of people chased after the same point from different directions.

The golden light dot changed directions several times, and they followed suit.

Finally, the golden light dot descended on the Myriad Thunder Beast King's Thunder Mountain, hiding amidst the thousands of Thunderbolts.

Princess Pixin and the three deputy commanders caught up.

"Be careful," Princess Pixin said calmly. "Destroy the Thunder Mountain and force him to show himself!"

However, at this moment, Su Yu used the Taiji Yin-yang wings again and instantly flew to a mountain.

In the sky above the peak of the mountain, a purple-haired Su Yu was flying at high speed.

Suddenly, the purple-haired Su Yu noticed that the golden light had disappeared and appeared below him. He was slightly surprised and immediately revealed a teasing look. "Are you surprised to see me..."

How could he be surprised?

At the gate of the seven nights divine capital, when he learned that there was someone who had done the same thing as him, he understood the purple-haired Su Yu's intentions.

Su Yu only glanced at him lightly, then expressionlessly activated the Taiji Yin-yang wings again and left.

The purple-haired Su Yu was not in a hurry. He chased after him and smiled faintly. "Now that things have come to this, do you think you can escape?"

However, he only managed to escape a few steps when three extremely powerful demonic auras rapidly descended.

"Su Yu, you can't escape!" Princess Pixin's eyes were filled with killing intent.

She didn't believe that Su Yu could still contend against the three deputy commanders.

After careful analysis, she concluded that the dao obliteration pestle in Su Yu's possession should be some kind of one-time attack, or an attack with a long interval of time

Otherwise, if Su Yu could really use it continuously, why would he keep it as his trump card?

The purple-haired Su Yu turned around and suddenly understood the real reason behind the deliberate display in front of him.

"You've mistaken me for someone else. If you don't believe me, look at your compass," he said lightly.

Princess Pixin lowered her eyelids slightly and looked at the compass. She did find that Su Yu's golden light was still speeding off into the distance.

She couldn't help but furrow her brows and mutter, "It's true!"

Princess Pixin looked suspiciously at the purple-haired Su Yu and nodded. "Alright, let's... destroy him!"

Her tone suddenly became sharp and her eyes were filled with a deep sneer.

Did she think she was an idiot?

She still wanted to use such a method to lure him away?

No matter why the Golden Light was still moving, Su Yu was right in front of her!

The three deputy commanders suddenly launched a deadly attack.

Each of them was almost as strong as the previous deputy commanders.

If the three of them attacked at the same time, any half-step dao master would be killed.

The purple-haired Su Yu didn't even have time to resist before the three law chains struck his body.

The powerful vibrations caused by the law chains caused the space to become densely folded, and a large area of space became blurry.

After a while, the space slowly returned to normal, and their vision gradually became clear.

Princess Pixin let out a long sigh of relief and said indifferently, "It's finally over..."

However, what made her face stiffen was.

A purple-haired figure appeared before her eyes unscathed.

His clothes were shattered and couldn't be seen, but not a single part of his skin was broken.

What made people's pupils shrink was that the three law chains were all grabbed by the purple-haired Su Yu's two hands.

His expression was filled with hostility and disdain. "Using law to harm me, Hehe, what wishful thinking!"

What was his body? It was refined from the law fragments of the Great Dao in the nine dragons divine cauldron. It was a true body of law.

Later on, it was strengthened by the evil daughter and became even stronger.

The attacks of the laws could no longer do anything to it.

"Hiss --"Princess Pixin sucked in a breath of cold air. A cold light flashed in her eyes. "Attack and kill him as soon as possible."

The three vice commanders pulled out their chains, but they realized that they couldn't pull back the chains at all.

Instead, it was the purple-haired Su Yu who let out an evil laugh. "Forget it. Before I kill that Brat, I'll accompany you guys for a bit. Heat God."

"Dragon Transformation Technique!"The purple-haired Su Yu roared and his body changed drastically, transforming into an incomparably ferocious black dragon.

This was the "Dragon transformation technique"that Su Yu had practiced back then. According to the Dragon Blood of the world-destroying dragon, he transformed into the appearance of the world-destroying dragon.

The difference was that under the modification of the evil daughter, the current dragon transformation technique had already turned the world upside down.

The black dragon that he transformed into emitted a terrifying aura that was much stronger than the world-destroying dragon back then.

"World Annihilation Dragon Breath!"He grabbed the three chains and spat out the world annihilation dragon's unique dragon breath.

Instantly, pitch-black flames shot out from the chains towards the three vice commanders.

The three Vice Commanders'expressions changed drastically and they immediately released their law chains.

That was how they managed to avoid the world annihilation dragon breath.

Otherwise, unless they were burned into ashes, they would never be extinguished.

“Devil engulfs the world.”The purple-haired Su Yu, who had transformed into a dragon, suddenly opened his mouth and bit.

A faintly discernible giant mouth that covered the sky suddenly appeared behind the three deputy commanders. At first glance, the giant mouth looked ferocious, like the mouth of a devil.

Crack --

The giant mouth bit down, and the three deputy commanders’ expressions changed drastically. They circulated the primal power in their bodies to resist the giant mouth. That was how they barely managed to resist the giant mouth’s bite.

The three deputy commanders were greatly shaken. They shouted anxiously, “Princess, leave quickly. We are not a match for this person!”

Pi Xin had long seen that something was wrong and was extremely shocked.

Before the three deputy commanders could say anything, she took out a spatial talisman and fled on the spot.

The purple-haired Su Yu glanced at her indifferently and snorted coldly. He did not have time to chase after her.

His evil eyes shone with a cold light. “The warm-up is over, ants.”

“Nine Yang Universal Sword Formation!”Nine Silver Swords suddenly shot out from his back, circling in the air in a mysterious trajectory.

The sword formation took shape and exploded with a world-destroying light.

The three deputy commanders were drowned in the sword formation.

When the sword light disappeared, there were no more deputy commanders except for the rain of blood.

They were so strong that they were easily killed by the purple-haired Su Yu. Even their souls couldn’t escape.

The purple-haired Su Yu was drenched in blood. He casually put away the nine Yang Universal Sword Formation and grinned. “The Indian silver bamboo sword that my wife has modified has extraordinary power.”

The nine Yang Universal Sword Formation was originally a powerful sword formation that Su Yu had cultivated. Now, it had become the purple-haired Su Yu’s trump card.

The three terrifying half-step Dao Masters failed to block the power of the sword formation and were all killed.

He licked the blood at the corner of his lips and looked toward the end of the world. With a step, he sped away.

In the entire hunting ground, there was no one who could stop him.

Whoever blocked him would be killed.

Even the arrogant Princess Pixin fled in panic.

Looking at the light spots of the three deputy commanders that disappeared on the compass, Pixin's heart pounded wildly. "Who... is that? It doesn't look like Su Yu."

If Su Yu really had such formidable strength, how could he have been chased and chased all over the place?

Pixin's heart was extremely heavy. She looked at the golden light spots that were still moving rapidly on the compass and gritted her teeth. "If I don't destroy you, I swear I won't be a human."

She took out a dao artifact immortal embryo that contained an obscure sealing aura. It emitted a terrifying and abnormal fluctuation.

It was one of the Ten Forbidden Dao artifact immortal embryos passed down by the royal family of the demon race, the paragonnail.

Even a dao master paragon could have his soul nailed in an instant, causing permanent damage.

If it was nailed to the soul of a living being below the DAO Master, that would be the end of his soul being destroyed.

No matter how strong Su Yu was, he couldn't possibly die!

On the other side.

Su Yu successfully triggered a fight between the two sides, and his long silver hair returned.

Just as he was about to take the next step, he suddenly sensed his Buddha pearl space and the nine Jade Spirit Pearl.

He had a mental connection with both of them, and as long as he was within a certain range, he could feel it.

"It's the little qilin!" Su Yu was overjoyed and immediately teleported over.

When he landed in a forest, he immediately saw Catechin who was rushing over.

She adjusted her direction while looking at the compass in her hand.

Suddenly, she stopped and looked at the compass in her palm in surprise. She looked around.

"Here." Su Yu landed in a flash.

Chapter 2114 The Battle Of The Two Feathers

After a month, when she saw Su Yu again, Cat Susu immediately felt extremely close to him. She quickly walked forward and her watery eyes were filled with regret and joy. "I'm sorry! I was the one who harmed you. I didn't expect Pixin to be such a person."

Su Yu gently patted her head and said, "The one who harmed me was Princess Pixin and not you. Why should I blame you?"

Only the weak in the heart would vent their anger on the weak and innocent.

Mao Susu's eyes sparkled with tears. Although Su Yu said so, she still felt sorry for her.

After a while, she remembered the purpose of her trip. She took out the nine Jade Spirit Pearl and the space of the Buddha Pearl and said, "Here, I brought the items."

Su Yu took the two items and looked at Mao Susu, who was dressed in the attire of the divine guards. Her heart felt warm.

The risk she had to take to sneak into the hunting ground was not something that could be taken away with just a word.

“Thank you!” Holding the two items, Su Yu immediately felt at ease.

With the two items, he might not necessarily be afraid of the purple-haired Su Yu and Princess Pixin.

“Oh right, where’s the little qilin?”

“It’s in the nine Jade Spiritual Pearl,” Cat Susu said.

Since it was here, why didn’t it come out to see him?

Su Yu looked into the nine Jade Spirit Pearl and immediately found the little qilin curled up in the nursery. Its right hind leg was dripping with blood, and its injury had not recovered yet.

“Her injury?” Su Yu’s eyes were slightly cold.

This injury was caused by the divine guard named Li Bing, but why had it not recovered yet?

“There is a very troublesome demonic qi in that injury. If the little qilin were to rely on itself, it would not be able to release the demonic qi. It would be best to capture the demon that injured her and use its demonic core to heal her.”

Cold stars flashed in Su Yu’s eyes. “After we leave this place, we must get that human demonic core.”

“Now, you should leave this place as soon as possible. I might not be able to take care of you later,” Su Yu said in a deep voice.

Mao susu nodded her head. She knew that her strength was weak. If she stayed, she would only be a burden.

After watching her leave, Su Yu sat cross-legged.

Although he had provoked a great battle between the two sides, the thread of fate in his chest was still fluctuating.

It was enough to show that the crisis had not been resolved.

His life was still not guaranteed.

Therefore, what was going to happen next was a life-and-death battle that would determine his fate.

“Jing Yu, Xian ‘er, wait for me!” Su Yu gritted his teeth. He had been able to survive that fatal blow before, and now he could not give up so easily.

He pulled out the royal longzun sword and stabbed it into the ground.

The sinkhole sword was too powerful, and ordinary swords could not withstand the power of the sword style itself. Often, the sword would shatter, and only the royal longzun sword could withstand it.

His fingers touched the body of the sword, and he felt the pulse of the blood in it. Su Yu's palm flashed, and True Monarch Fire Dragon was caught in his palm.

"I'll borrow your dragon blood for a while," Su Yu said.

True Monarch Fire Dragon was extremely miserable, and he said, "You've taken most of the true dragon blood from my body, and there's not much left."

Su Yu said faintly, "Give me the last forty percent, and I'll let you live."

True Monarch Fire Dragon immediately looked excited when he heard this. "Is that true?"

After losing the true dragon blood, it could be born again in a long time.

If he could exchange it for freedom, why not?

Puff --

After Su Yu nodded his head, True Monarch Fire Dragon opened his mouth and spat out a ball of blood.

It was the last of true Monarch Fire Dragon's dragon blood.

Su Yu took the ball of blood and let go of True Monarch Fire Dragon's restriction, saying, "You're free."

True Monarch Fire Dragon cheered and immediately fled to the horizon, afraid that Su Yu would regret it.

Poor True Monarch Fire Dragon, he would soon find out that not only did he not have freedom, but he had also fallen into the hunting ground of a group of hunters..

After obtaining the dragon blood, Su Yu swallowed it without hesitation.

Immediately, his body seemed to be boiling with magma, burning and painful, causing Su Yu to suck in a breath of cold air.

However, after experiencing the pain of the heavenly demon blood pill tempering his body, the dragon blood in front of him was nothing.

Soon, a hint of fiery red appeared in the depths of his eyes.

The dragon blood in his body was boiling, taking up 30% of his bloodline.

When he held the Royal Longzun sword again, he could clearly feel that the royal longzun sword was more intimate than before, and there was an additional sense of obedience that he had never felt before.

Traces of the power of the Dragon Emperor hidden in the sword were revealed for the first time.

The purer the dragon blood, the more terrifying the power of the Royal Longzun Sword would be.

If it was combined with Su Yu's ultimate sword, the power would be unimaginable.

Then, Su Yu took out a huge pitch-black bow -- the heavenly bow.

It was a mysterious huge bow that he still couldn't fully draw!

Now, his cultivation had broken through to the peak of the four crowns and the evil dragon had cultivated to perfection. When he used his full strength, it would be extremely powerful killing intent.

Finally, there was the Indian silver bamboo fruit. This fruit, which had absorbed an unknown amount of power, had been in Su Yu's hands for decades.

However, until now, it was still like a bottomless pit, devouring all power.

As for its bottom line, it was still unknown.

With the three of them in front of him, Su Yu took a deep breath, slowly stood up, and looked at the end of the world.

Under the eyes of heaven, a figure stepped on a blood cloud, and his purple hair danced wildly.

His body carried an extremely evil aura. Wherever he passed by, the beautiful mountains and rivers would dim, the plants would wither, and people and animals would die.

Just the invisible evil aura was extremely destructive.

Because of his arrival, the sky turned into a devilish purple color, which made people feel extremely uneasy.

"Su! Yu!" From the devilish purple light came a hoarse and evil laugh that shook continuously. "Do you know who I am?"

Su Yu stood on the ground and slowly closed his eyes. In his perception, an evil soul that was extremely close to evil appeared in his perception.

It was not a soul that was born from heaven and earth, but a lot of soul fragments that were forcefully combined together.

He could sense the heaven-defying cold star, the World Destroying Dragon, and the many evil existences that had been killed by it.

Their souls had long vanished into thin air. However, a powerful figure that could reach the sky with one hand had found the tiny fragments of their souls.

That was how they had created the purple-haired Su Yu's soul.

The will of that soul was abnormally clear. There were only three words -- kill Su Yu!

The hatred they had for Su Yu never stopped until today, when it reappeared in the human world.

Moreover, it had occupied Su Yu's original body and appeared in front of him.

"You... are probably the vile daughter's dog, the kind that can be thrown away after it's used up," Su Yu said indifferently.

The purple-haired Su Yu laughed wildly at the sky. "Hahahaha... you probably don't know how much the vile daughter paid to create me, right? I have already established a life and death connection with her. If I die, she will also perish!"

Su Yu shrugged, "Then she really made an abnormally wrong decision."

“Hehe, stop bragging! Su Yu, the body that you have tempered your entire life, and the divine arts that you have learned, have all been inherited by me. You have nothing, so how can you fight with me?”The purple-haired Su Yu’s anger flared as he slowly approached.

The purple-haired Su Yu looked down at Su Yu from above, he laughed and said, “From today onwards, Su Yu only has one person, and that is me! The nine Jade Spirit Pearl, the space of the Buddha Pearl, and the nine dragons divine cauldron that you’ve taken away all belong to me! And those two women that you love the most, they will also belong to me!”

When he heard the end, Su Yu’s eyes were filled with coldness. “From today onwards, there is indeed only one Su Yu, and that is me!”

“Haha, overestimating yourself!”The purple-haired Su Yu laughed loudly as he activated the demonic divine technique, devil devouring the world.

This technique was something that Su Yu had learned from the demonic world.

Now that it had been modified by the evil daughter, its power had increased by a hundred times.

Su Yu snorted. “Space collapse!”

The huge and ferocious demonic mouth immediately sank into the space collapse and finally turned into pieces and withered.

There were some things that the purple-haired Su Yu could not inherit.

For example, his six laws.

“HMPH! World Destruction Dragon Breath!”The purple-haired Su Yu opened his mouth and spat out an extremely intense dragon breath.

Su Yu’s eyelids twitched.

Su Yu knew very well how dangerous the world destruction dragon breath that he had cultivated with the world destruction dragon blood was.

His eyelids twitched and he immediately spat out a true dragon divine flame.

The two flames twined in the air and disappeared.

Finally, they turned into the remaining high temperature and annihilated each other with a puff.

The purple-haired Su Yu was stunned for a moment. He did not expect that Su Yu could be so powerful just by relying on his soul after losing his body.

“Hehe, it seems that your luck is not bad. Not only did you cultivate your body again, but you also obtained some good fortune. What about now?”The purple-haired Su Yu smiled sinisterly. “Dragon Transformation Technique!”

He transformed into a pitch-black dragon that was a thousand feet long, just like the world-destroying dragon.

However, his aura was much stronger than the world-destroying dragon's.

"It's all thanks to your perseverance that you cultivated the demonic dragon sacred body. Now, let's have a taste of it." The purple-haired Su Yu transformed into the Demonic Dragon and roared as he rushed over.

Su Yu's eyes flashed slightly as he shouted in a low voice, "Demonic Dragon Nirvana!"

After re-condensing his body, Su Yu didn't cultivate the sacred body of the evil dragon anymore. Instead, he cultivated the original version of the sacred body of the evil dragon, the Holy Bible of the evil dragon!

The former was just the tip of the iceberg of the latter.

He transformed into a fiery-red giant dragon and completely transformed into a dragon.

This was thanks to true monarch fire dragon's last bit of dragon blood, which allowed the evil dragon to perform its Nirvana and display its ultimate form.

"What?" The purple-haired Su Yu was shocked. He could faintly feel that the dragon transformation that Su Yu used was much more advanced than his.

His eyes flickered with a deep evil aura as he roared and used his sharp claws to tear at Su Yu.

Su Yu's eyes were calm as he used his fire dragon body to fight back.

One was black and the other was red. The two giant dragons were fighting each other in the sky.

With each attack, layers of cracks appeared in the space, causing the entire immortal cave world to inexplicably tremble.

The two of them fought for a long time, unable to determine who was stronger.

In the end, the purple-haired Su Yu forced Su Yu back with a claw and transformed back into a human figure.

There was no longer any contempt on his face. Instead, it was replaced by a furious rage.

In his imagination, Su Yu, who had rebuilt his body, would definitely be as weak as an ant and could be crushed to death in one hit.

However, when they really fought, he was extremely unwilling to realize how powerful Su Yu was.

"Su Yu! I admit that you are a little out of my expectations, but you are still a speck of dust in the world. So, accept your fate!"

Clang --

Nine Crisp sword chimes soared into the sky and turned into nine Silver Suns that covered the sky.

Su Yu fixed his eyes and looked at them. A trace of nostalgia flashed across his face, but at the same time, he instantly became extremely solemn.

"Indian silver bamboo sword, long time no see!"

The nine swords that had accompanied him through most of his martial arts career, as well as the nine Yang Heaven and Earth Sword Formation, had now reappeared in front of him in the manner of an enemy.

Chapter 2115 The Incarnation Of The Evil Woman

“No! It’s time for you to Say Goodbye Forever!”The purple-haired Su Yu waved his finger, and the nine Indian silver bamboo swords burst out with a dazzling silver light.

The nine swords each occupied an area, forming an extremely mysterious trajectory.

The Sword Formation was formed, and the gods and demons were destroyed!

The world was opened, and the Yin and Yang were buried!

“Nine Yang Universal Sword Formation! Open!”The purple-haired Su Yu dragged out his voice, as if he was opening the prelude to death.

The sword formation was activated, giving birth to a light that seemed to split the heavens and Earth, destroying all worlds.

In front of the sword formation, Su Yu was like the most humble dust in the world, destined to be reduced to nothingness in the world-destroying light.

Facing his former sword formation, which was still a hundred times stronger than before, Su Yu inexplicably ignited an incomparably powerful fighting spirit.

“Ultimate Sword!”He shouted loudly, sweeping through the universe. The Royal Longzun Sword let out a powerful dragon roar and stood in front of Su Yu, being commanded by him.

“Kill!”!

The Royal Longzun sword burst out an unprecedented power of the Dragon Emperor. It swept up the black sword shadows and condensed them into the shape of a dragon.

From Afar, the sword shadows looked like pitch-black scales.

The Sword Dragons roared and roared. The dragon roar forced back the sky-splitting light.

The Invincible Sword Shadows formed a huge net that cut through everything in the world and the light.

The purple-haired Su Yu’s pupils shrank. “You’ve cultivated an even more amazing sword technique?”

“But you’re still going to die!”The purple-haired Su Yu roared and tried his best to activate the Sword Formation.

A second world-destroying light appeared in the sword formation.

The previous nine Yang Universal Sword Formation could only release the power of destruction once.

Now, it was released twice in a row.

The sword formation was indeed improved tremendously.

The sword technique Su Yu used was immediately destroyed.

The boundless light of destruction instantly engulfed Su Yu.

The purple-haired Su Yu threw his head back and laughed loudly. "Hehe, what are you fighting me for? In the end, you will still die under your own sword technique."

However, at this moment, a ball of silver light suddenly appeared in the light of destruction that swept past.

The ball of light was like an indestructible speck of dust, floating in the void after the creation of the world.

In the ball of light, there was a human figure standing there quietly.

It was Su Yu. There was no injury on his body, and he did not die under the world-destroying light at all.

He was holding a ball of silver light in his hand, which looked like a fruit of some kind of plant.

The sword aura released by the Indian silver bamboo sword seemed to be intentionally bypassing the fruit and did not harm it.

"This is..."the purple-haired Su Yu was slightly stunned, unable to understand what was happening before his eyes.

Next, what caused the purple-haired Su Yu to fly into a rage was.

After the silver fruit appeared, the nine suns sword formation actually began to tremble unsteadily.

"Not good!"The purple-haired Su Yu had a feeling that he was about to lose control of the nine sword formations. It was as if they were summoned by a more intimate force and no longer listened to his commands.

"Stay still!"The purple-haired Su Yu roared. He opened his mouth and spat out a few mouthfuls of blood essence, enveloping the sword formation.

The unstable sword formation had just stabilized. He hurriedly put away the nine swords and looked at the strange fruit in Su Yu's hand with a serious expression. "What is that?"

Although he had inherited something from Su Yu, there were some things that he had not obtained.

For example, this Indian silver bamboo fruit.

Su Yu had never thought that the Indian silver bamboo fruit would actually have a subtle control effect on the Indian silver bamboo sword.

It had taken out this object to be used for defense.

The purple-haired Su Yu was flustered and exasperated. His expression became increasingly vicious. He had no choice but to face the fact that he might not be able to kill Su Yu!

However, if he could not, there would naturally be someone who could.

“Su Yu! You are indeed powerful. Even if you only have one soul left, you will still be able to cultivate it back if you have enough time. However, no matter how powerful you are, can you be more powerful than the person who took your body away?”The purple-haired Su Yu’s robes fluttered, his long purple hair fluttered wildly.

The fused soul churned rapidly, revealing a crack.

A prostrating aura was released from that crack.

Su Yu couldn’t help but breathe heavily, his eyes staring at the crack.

That Aura, that feeling..

“I never thought that I would have to personally take action.”A faint voice came from within the crack.

Following that, a snow-white palm stretched out from within.

It was clearly a hundred thousand miles away from Su Yu.

However, that palm ignored the distance between them, placing it on Su Yu’s shoulder. An indifferent voice slowly came from within the crack, “Back then, Dao Master Xuan Ming helped you escape a calamity. Now, no one can help you anymore.”

Su Yu’s heart beat wildly, and the thread of fate in his chest broke with a bang.

That was... The fate of death!

His soul trembled violently, and his entire body couldn’t help but tremble. Waves of aura of death surged out from his body.

Death!

No matter what, he was going to die!

He tried to use the laws of life, but all the laws were suppressed by that hand on his shoulder. He couldn’t use them at all.

“Goodbye Forever.”The evil daughter’s last indifferent voice came slowly.

At the moment of life and death, Su Yu roared and used the power of the nine dragons divine cauldron.

“Time reversal!”

Two colors covered the world, causing everything around them to start flowing backwards.

The purple-haired Su Yu flowed back to the moment he roared, the shattered world flowed back to the moment before it was destroyed, the destroyed mountains and rivers flowed back to their original state.

However, the arm on Su Yu’s shoulder didn’t change much, so it wasn’t affected by time reversal for too long.

“The successor of ancient God Nine Dragons is indeed extraordinary... he... really... grasped several of the eight supreme laws...”

Time reversal still had a weak effect, and its voice was intermittent and indistinct.

“Time reversal!” Su Yu’s heart was beating wildly. He didn’t care about the crazy loss of his life force, and he quickly activated time reversal.

Finally, his arm moved away from Su Yu’s shoulder bit by bit. The process was extremely difficult.

Very soon, Su Yu’s own life force was depleted on a large scale. He went from a young man to a middle-aged old man, and then from a middle-aged man to a weathered old man.

In the end, he was like an old man who was about to die.

However, it was also at the moment when his life force was completely tight that the hand finally left Su Yu’s shoulder. It was only a foot away from Su Yu.

Su Yu could no longer support the time reversal. Once it ended, he would not be able to escape at all.

No matter where he ran to, he would not be able to escape the grasp of the hand that could ignore the distance.

His life had reached the most dangerous moment in his life!

Suddenly, the rest of the eyes caught a glimpse of the Indian silver bamboo fruit in his palm. He gritted his teeth and said, “I’ll go all out!”

He only had time to block the Indian silver bamboo fruit in front of his chest. Then, he could no longer support the time reversal.

Boom --

Without the restraint, the evil girl’s jade-like hand slapped over without any hindrance.

With this slap, Su Yu felt that the entire demon world could be smashed into smithereens.

The slap landed on the Indian silver bamboo, but with a series of crisp cracking sounds, cracks covered the Indian silver bamboo fruit.

The Indian silver bamboo fruit, which could be called a bottomless pit, finally reached the critical line after absorbing the power of the evil girl’s palm.

After a huge crack appeared, the Indian silver bamboo fruit could no longer hold on and flew backward.

It crashed into Su Yu’s body, sending him flying backward.

The remaining power of the palm passed through the Indian silver bamboo fruit and hit Su Yu’s body.

His body was dying inch by inch, disappearing into the purest nothingness at a speed visible to the naked eye.

He was definitely going to die!

Just like the thread of fate that had been severed.

This was not a death that could be resurrected, but a death where even the aura had to be erased from the world, unable to be used to resurrect and live a second time.

The prerequisite for resurrection was to leave the aura in the human world.

If there was no aura, he would die completely.

At this moment, countless images that were etched in his heart flashed through Su Yu's mind.

The figures of Xia Jingyu and Qin Xian 'er alternated in his mind.

Could it be that this was the end?

After such a long journey, did everything have to Say Goodbye Forever?

“Brother Su Yu, don't die, don't die, don't die...”in the moment of despair, a voice was transmitted from the depths of his heart.

He would never forget that voice.

It was Xia Jingyu!

No, it was Qin Xian 'er!

No, it was both of them!

Su Yu, who was in despair, suddenly widened his eyes. The thread of fate that had been cut off in his chest suddenly showed signs of being connected again.

One Breath still exists, but my heart will not be destroyed!

Su Yu roared and ignited the dragon blood in his body.

His blood boiled at an accelerated rate, and even the prehistoric power that was accumulating in the world was also ignited.

He started to burn from the inside.

A strange colored flame turned his entire body into a burning man.

Boom --

The primal energy that was about to burn finally burned through the barrier of the inner world.

The inner world underwent an earth-shaking change, and instantly expanded to twice its previous size.

The Primal Energy also soared.

Under the burning dragon blood, Su Yu opened his mouth and spat out an unusually gray ancient dragon language. “Dragon Blood Boiling!”

This was a secret technique of the imperial family, and its power depended on the amount of dragon blood.

He used all of True Monarch Fire Dragon's dragon blood to activate the dragon blood boiling!

Chi --

Instantly, the wicked daughter's Jade Palm was burned by the rising flames and melted bit by bit.

The destructive power that surrounded Su Yu also spread out of his body.

At this point, his body that was continuously disappearing finally stabilized. Only his chest was left, and the rest was reduced to nothingness.

"Sinkhole Sword!" Su Yu roared. With the cultivation of the five crowns emperor, he activated his peerless sword technique.

Ding --

The jade palm that could obliterate the demon world was touched by the sword and paused for a moment.

However, it only paused.

The hand originated from the evil daughter and an incomparably terrifying dao master.

PA --

The jade palm pushed lightly, and the sovereign dragon supreme sword in Su Yu's palm was sent flying on the spot.

Then, the jade palm hit Su Yu's body completely.

His remaining body was completely destroyed into nothingness, leaving nothing behind.

No matter how big an ant was, how could it block the wheel?

In the evil girl's eyes, Su Yu's decisive counterattack was just a useless and laughable resistance from an ant that was about to be crushed to death.

Su Yu was completely destroyed. Along with his body, his soul, and his aura that existed in the world, he completely disappeared into the world.

Even if he was resurrected from the dead, he could no longer save Su Yu.

The world was silent, as if mourning for Su Yu's death.

Chapter 2116 Profound And Unfathomable

After he was completely dead, the evil daughter's hand gradually disappeared like a shadow.

"Why did you do it in the first place?" A deep sigh came from the crack, and the aura stored in it completely disappeared.

It turned out that the evil daughter had deliberately prepared an incarnation of herself in the purple-haired Su Yu's soul as a trump card to give Su Yu a fatal blow.

Now that Su Yu was dead and his soul was destroyed, this incarnation naturally dispersed.

The crack closed again and the purple-haired Su Yu let out a long sigh of relief. His eyes revealed a carefree expression as he laughed towards the sky, "You're finally dead! From now on, I'm the only Su Yu in the world! Haha... Haha..."

“Your woman, everything about you should be inherited by me!”

“Resurrected from the Dead!” A voice suddenly resounded in the empty sky.

Su Yu’s voice suddenly appeared in the shattered and disfigured Indian silver bamboo fruit.

In the light, a living person was born from the bones, meridians, and skin.

The creature that was born stunned the purple-haired Su Yu. “You... you...”

“Do you still have any hidden moves? I don’t think so, right?” Su Yu said indifferently, his eyes full of killing intent.

The Indian silver bamboo was always by his side. Occasionally, it would devour a portion of his aura and store it inside.

Just now, the evil girl’s palm had destroyed all his aura. However, there was only a tiny trace of it left inside the Indian silver bamboo.

It was precisely because of this trace of aura that he was able to reappear in this world.

The purple-haired Su Yu sucked in a breath of cold air. Su Yu was still alive despite this?

Just how tenacious was his vitality?

A trace of fear emerged from the purple-haired Su Yu’s soul.

“If you don’t have any trump cards, then it’s my turn,” Su Yu said coldly. With a wave of his left hand, the heavenly bow flew into his palm.

His cultivation had broken through to the five crowns in a life-and-death crisis, and his physical strength had reached an unprecedented level.

With the help of the boiling dragon blood, he was still able to continue, and his strength had reached a whole new level.

Su Yu held the giant bow with one hand and pulled the bowstring with the other.

Once, he could only draw a few inches, but now, he had drawn more than half of the distance.

Tian Yi arrow sensed something and appeared on the bowstring, aiming at the purple-haired Su Yu.

At this moment, the purple-haired Su Yu was even more frightened. His fused soul kept trembling, as if it was about to be destroyed.

Xiu --

Tian Yi shot out an arrow. The needle in the purple-haired Su Yu’s pupils, the death that he had felt before, reappeared in their souls. It made them involuntarily recall the fear of being killed by Su Yu.

Run!

The purple-haired Su Yu’s battle intent collapsed, and he turned around to flee.

Seeing that the arrow was about to pierce through his body and destroy his soul, the purple-haired Su Yu roared, “Law Creation!”

He roared, and the dragon blood in his body surged. In front of him, it condensed into a wall made of tens of thousands of law chains.

Ding --

The Sky Arrow shot into the law, crushing thousands of chains along the way.

In the end, it couldn't go any further.

However, this arrow was so terrifying that it completely destroyed the last bit of the purple-haired Su Yu's fighting spirit.

Taking advantage of the law chains blocking it, he stepped on countless law chains and disappeared from the spot.

Su Yu focused his gaze, but he didn't see the aura of the purple-haired Su Yu.

"The law of creation in the 'Dragon Abyss Treasured Scroll'?" Su Yu had also cultivated the 'Dragon Abyss treasured scroll', so he naturally recognized it. This was the move within.

Once it was used, it could control thousands of laws and be used by him.

"I let him escape!" Su Yu's face sank. The purple-haired Su Yu was so cunning. Once he escaped, he wouldn't show himself again unless he was certain of victory.

If he wanted to kill him again in the future, he might not have the chance.

He sighed and cleaned up the battlefield.

With a thought, he came to the Indian silver bamboo fruit and bent down to pick it up.

However, when he picked it up, a terrifying power that was second only to the evil woman's palm attack attacked without any warning.

Su Yu immediately blocked the Indian silver bamboo fruit in front of him.

With a crisp sound, something that he could not even catch hit the Indian silver bamboo.

The Indian silver bamboo fruit that had already cracked was finally shattered with a bang.

A colorful needle pierced through the Indian silver bamboo fruit and shot into Su Yu's body.

Immediately, Su Yu could not help but let out a low roar of pain.

After the needle entered his body, it did not hurt his body, but his soul.

He only felt that his soul was being pinned down by a destructive force, and it was constantly eroding.

Moreover, this was because Su Yu had a soul dao fragment. If not for this, his soul would have been destroyed in a single strike.

Shua --

Princess Pixin appeared at the right time. Her gaze was fixed on Su Yu, and her eyes revealed extreme fear.

Having personally witnessed the battle between two Su Yu's, her heart still couldn't stop beating wildly.

Too strong!

The strength of the two Su Yu was simply too strong to be realistic.

They had clearly not reached the half-step dao master realm, but the astonishing strength they had unleashed had surpassed some ordinary half-step dao masters.

Princess Pixin was even prepared to give up on killing Su Yu. However, she was unwilling to give up and took the risk.

Now, it seemed that she had succeeded in the end!

She was a little puzzled as to why Su Yu was still alive after being nailed by the supreme-being nail. However, this wasn't important. What was important was to take advantage of his illness to take his life!

Hualala --

She took out over a hundred attack talismans from peak-stage emperors.

If all of them landed, even a half-step dao master would die with hatred, let alone Su Yu whose soul had been injured?

However, at this moment, a majestic voice suddenly sounded throughout the entire hunting ground, causing all the hunters who were fighting to freeze.

“Stop the hunting and come to the manor immediately.”

It was the demon Emperor!

No one could disobey the orders of the demon emperor, and no one dared to disobey it.

Even Princess Pixin, even if she was about to succeed.

Princess Pixin looked like she was struggling. In the end, she was unwilling to give up. As she rushed to the manor, she turned around and glared coldly at Su Yu. “What did you do?”

Although she had no evidence, she had this intuition.

Su Yu rubbed his aching head and said, “I finally made it!”

Why was Su Yu the only one fighting alone? Why didn't he see the Real Princess Pixin's soul?

Because, from the beginning to the end, Su Yu was a bait that attracted everyone's attention.

The Myriad Thunder Beast King and the Flood Dragon Beast King escorted the real Princess Pixin's soul to the manor to meet the Dragon Emperor.

The Dragon Emperor, who knew the truth, immediately called off the hunt and summoned everyone to go there.

Su Yu rested for a while and also went there.

When he arrived, the manor was already filled with people.

Many hunters discovered that Su Yu, who was a golden light, was also there. His eyes were filled with greed and golden light, but he held back and didn't dare to move.

Who would dare to act rashly in front of a demon emperor?

The Demon Emperor, who was dressed in a golden robe, had a rarely seen calm expression.

He stood with his hands behind his back. The Myriad Thunder Beast King and the Flood Dragon Beast King stood on his left and right sides respectively.

A soul that was exactly the same as Princess Pixin stood on his right hand with a resentful expression.

After Su Yu arrived, Mao susu immediately walked up and asked in shock, "Oh my God, why did you rush here?"

"Don't worry, just wait and see," Su Yu said calmly.

When all the hunters returned, the Nine Heavens Mystical Maiden avatar finally arrived.

Finally, the hunters realized that something was wrong and asked in shock, "What's going on? Why are there two Princess Pixin?"

"No, one is Princess Pixin's soul, and the other is Princess Pixin's body!"

"Oh my god, could it be..."

When mystical maiden of the nine heavens descended, the demon Emperor's eyes turned cold. Mystical Maiden of the nine heavens was suddenly imprisoned, and she let out a muffled groan as she floated in front of the Demon Emperor.

"Impudent witch, how Dare You Seize My Daughter's body!" The Demon Emperor shouted coldly.

Mystical Maiden of the nine heavens had a look of despair in her eyes, as though she had never expected that she would be exposed so quickly.

She looked at Princess Pixin's soul with hatred and said coldly, "You win! I was one step behind!"

PA --

The Monster Emperor Glared at Nine Heavens Mystical Maiden with rage and gave her a vicious slap, almost breaking her head.

"When we return, I will definitely let you taste the many punishments of the monster world. It will be so painful that you wish you were dead!" He restrained nine Heavens Mystical Maiden's soul with one hand and asked, "Who is Su Yu of the human race?"

Among the hunters here, who did not know who Su Yu was?

Not long ago, he was the target that everyone was fighting to kill.

“It’s me!” Su Yu stood out.

The Demon Emperor nodded slightly. “You did well. Not only did you rescue my daughter from the suppression of this woman, you also schemed to bring her to me successfully. You have played a great role!”

“I don’t deserve the credit. I only hope that the demon emperor can return my innocence.” Su Yu bowed.

The demon emperor said, “I’ve already heard from my daughter that you were framed by the fake Princess Pixin. That’s why you were punished!”

“Now, in the name of the Demon Emperor, I absolve you of all your crimes. During this period, the hunters that you killed will also not be held accountable.” As the demon Emperor spoke, he pointed at Su Yu and the mark on his body disappeared completely.

On the compass, the golden dot of light disappeared without a trace.

He had really regained his freedom.

“Thank you, Demon Emperor!”

“It’s my pleasure.” The Demon Emperor smiled and nodded.

Then, he looked at the Myriad Thunder Beast King and the Flood Dragon Beast King and said, “Both of you are also wronged. I will also pardon both of you.”

The two of them knelt down in joy and thanked him, feeling extremely excited.

After so many years, they had finally waited for the day when their grievances would be cleared.

“The few of you come with me. There are still some things that I need to ask in person.” The Demon Emperor didn’t make any movements.

Su Yu, the Myriad Thunder Beast King, the Flood Dragon Beast King, Mao Susu, and the two Princess Pixin were all taken away from the hunting ground.

They appeared in the imperial palace, in the Demon Emperor’s office hall.

The Demon Emperor sat alone on the Dragon Chair, and with a flash of his eyes, the door to the hall closed,

the entire hall descended into a dark environment.

Su Yu’s heart moved slightly, and he had a bad feeling. At the same time, the line of fate that had just calmed down on his chest started to fluctuate violently again.

The intensity of the fluctuation was no less than the evil daughter’s jade-like palm.

What was wrong?

Su Yu’s mind was filled with thoughts as he carefully analyzed the details that he had missed.

At this moment, Princess Pixin glared at the mysterious woman of the nine heavens. She gritted her teeth and said, “Father, you must punish this woman. She has harmed me for many years!”

The monster emperor nodded. "How do you plan to deal with her?"

"Destroy her body and soul!" Princess Pixin hated him to the core.

The Monster Emperor's eyes became unfathomable. He said lightly, "Okay!"

Chapter 2117 The Golden Key

The Monster Emperor raised his finger and pointed at the nine heavens mystical maiden.

However, the finger didn't stop. It circled around her and finally stopped at Princess Pixin.

Princess Pixin was slightly stunned and said, "Father, why are you pointing at me..."

Puchi --

The Monster Emperor's fingertip released a layer of weak ripples. Princess Pixin's soul dissipated like a puff of smoke on the spot.

Not a single strand of her soul remained.

This scene happened so suddenly that it caught people off guard, and it was also unbelievable.

The Demon Emperor had personally... killed his only daughter?

Only Su Yu's mind rumbled, and he finally understood where he had overlooked!

If the demon Emperor's daughter could be silently possessed, then why was it impossible for the Demon Emperor?

As he thought of this, the soles of Su Yu's feet turned cold.

Without a second thought, he immediately used the Taiji Yin-yang wings and prepared to escape.

However, once he used it, he realized that the entire hall was in a mysterious state, preventing him from teleporting away.

His actions finally roused the Myriad Thunder Beast King and the Flood Dragon Beast King, and they all rushed towards the door of the hall.

The Monster Emperor was actually an imposter.

This news was simply earth-shattering!

Once it was leaked, the world would definitely be shocked!

Soon, the two of them arrived at the palace gate.

With their half-step dao master strength, they easily blasted open the palace gate.

However, before they could escape, a layer of clear light that could be seen with the naked eye enveloped the door and bounced them back.

Their expressions were extremely ugly.

The Monster Emperor slowly stood up. Beside him, the Nine Heavens Celestial Maiden clone had a teasing smile on her face. "Are you surprised? Are you surprised?"

Su Yu's heart sank bit by bit.

In front of the Dao master, any resistance was unnecessary.

Unless the monster emperor could lower his guard like the Dao master on the Rahu and give Su Yu a chance to use the anti-demon Heart Hammer.

However, he obviously wouldn't, and it was even more impossible for him to give Su Yu this chance.

His heart sank.

The myriad lightning beast king trembled and said in disbelief, "When did the monster Emperor's body be taken over by someone?"

The Monster Emperor's eyes revealed his dignity as he said indifferently, "Who do you think I am?"

The Myriad Lightning Beast King shook his head bitterly. She didn't want to know, and she didn't want to know who it was.

Only the flood dragon prince laughed self-mockingly. "I should have thought of it long ago. You allowed Princess Pixin to do whatever she wanted, and you're no longer the monster Emperor from back then! I think you're also a clone of the mystical maiden of the nine heavens, right?"

The Monster Emperor was silent, princess Pixin smiled sweetly. "That's right. Speaking of which, you're the smartest among all the monster princes, and you're the first to discover that the monster emperor isn't ordinary. That's why I want to throw you into the hunting ground."

The demon prince smiled bitterly when he found out the truth.

The Demon Emperor's bloodline had already been controlled by the mysterious woman of the Nine Heavens!

The pitiful demons of the world were kept in the dark and didn't know anything.

The Myriad Thunder Beast King felt despair and said, "Then, the demon emperor purposely brought us here with the intention of silencing us so that the news wouldn't leak out?"

Princess Pixin smiled coquettishly. "What else?"

She looked around. "Only if all of you die will I be the real Princess Pixin, right?"

Indeed, they had all been silenced. The Monster Emperor announced to the public that the nine heavens mystical maiden had been executed and she would be the real Princess Pixin from now on.

"I didn't want to use the monster Emperor's clone to prevent others from noticing too much, but in the end, I still have to ask for the help of the Monster Emperor's clone," Princess Pixin said helplessly.

The demon emperor said indifferently, "You and I are one. It's our duty."

The Demon Emperor then looked at Su Yu and the others and said indifferently, "Don't blame us. The great world is coming. We're just looking for a place to stay. For our safety, we can only make you all shut up."

As soon as he finished speaking, a mysterious concept unique to dao masters swept over in the form of ripples.

The Ten Thousand Lightning Beast King and the Flood Dragon Beast King erupted in despair. They roared furiously and used all of their primal power in an attempt to resist.

However, in front of the Dao master's concept, they were merely making the most pointless struggle.

With a PU sound, both of them were crushed into dust by the ripples at the same time.

Su Yu leaned back a little. He would be the next to be considered as dust.

His heart was as heavy as water. His thoughts were extremely surging and he was brewing a deep sense of unwillingness.

It was not easy for him to fight his way out of the hunting ground. It was not easy for him to survive from the hands of the evil woman. It was not easy for him to defeat the purple-haired Su Yu. Could it be that he still could not escape the end of his fate?

No!

It was not the final moment yet!

Su Yu suddenly took out the nine-jade spiritual pearl and grabbed the nine-tailed white Fox's soul. he shouted, "As you wish, I have brought you to the imperial family."

The nine-tailed white fox was in the nine-jade spiritual bead, but she knew the situation outside like the back of her hand.

She was forcibly taken out, and there was not a hint of surprise or panic on her face.

She was not even surprised when she saw the dao master's ripples that were so close to her.

She did not move at all. She just nodded slightly, and the ripples went around her body.

It must be known that she was only a soul!

However, she could easily resolve the attack of the DAO Master.

Monster Emperor and Princess Pixin's pupils shrank at the same time. They looked at the nine-tailed white fox with fear in their hearts.

"Are you... The stone fetus son of Heaven of the sacred mountain, the dreamy nine-tailed Fox?"

The absolute beginning realm was created from a sacred mountain.

It was said that ten stone fetus sons of Heaven were born on that sacred mountain. They controlled the most powerful Heavenly Dao in this world.

Every word and action could affect the order of the world.

Su Yu's pupils constricted. He had long heard of the rumors of the ten heavenly sons of the Sacred Mountain.

But the nine-tailed white Fox's soul that had been by his side was actually one of the ten heavenly sons of the Sacred Mountain?

Su Yu had never thought that!

When she first met him, he was merely a dying soul that was about to be disillusioned.

How could they associate her with the lofty ten son of Heaven of the Sacred Mountain?

The nine-tailed white fox smiled lightly. This smile was filled with a beautiful concept that charmed all living beings. She said calmly, "Why must you say it?"

Hearing this, the monster Emperor and Princess Pixin's expressions changed drastically, and their bodies could not help but tremble.

"However, you don't have to worry. I Won't do anything to you." However, the nine-tailed white Fox suddenly changed her tone.

The Demon Emperor and Princess Pixin let out a long sigh of relief and knelt down on the spot.

"Xuan Nu of the nine heavens greets the emperor."

As the dao master, the demon emperor knelt down respectfully.

Su Yu's heart sank. He had a very bad feeling.

Initially, the nine-tailed white fox planned to secretly borrow the treasures of the demon world to find her lost tail.

But now, her plan was completely ruined by Su Yu.

She had bad intentions towards Su Yu. Now that the Demon Emperor and Princess Pixin had submitted to her, what would happen to Su Yu?

Just thinking about it made Su Yu shudder.

Ignoring the mysterious cultivation of the nine-tailed white fox, just the demon Emperor and Princess Pixin were enough to put Su Yu in eternal damnation.

Sure enough, the nine-tailed white Fox gently sat on the Dragon Chair. Her gentle eyes blinked slightly and looked at Su Yu. "How is it? Are you very surprised?"

Su Yu forced himself to remain calm and said indifferently, "I should have thought of it earlier. How could such a mystical item like the topmost breath soil come from the demon world? Your identity should be extraordinary."

He sighed softly and stared at the nine-tailed white fox. He had no intention of begging for mercy.

If she really wanted to kill him, begging for mercy would be useless.

The nine-tailed white Fox covered her red lips and smiled. "Don't be afraid. I Won't kill you. I just hope that you can hand over something that doesn't belong to you."

"Such as?" Su Yu was calm.

This nine-tailed white Fox had always been by Su Yu's side. She knew every secret about him.

"Such as everything about you," the nine-tailed white Fox said slowly. "Since you've successfully sent me to the demon world, I can spare your life. However,

from now on, you can be an ordinary mortal. Other than your memories and body, you won't leave anything behind."

He wanted to take away most of Su Yu's soul, but his body, and only let him be a mortal for a hundred years.

In the end, he would turn into a speck of dust between heaven and earth.

Su Yu smiled. His smile was somewhat desolate, somewhat mocking, and somewhat deranged. "You Are Really Merciful."

After a hundred years of being together, he would only receive the reward of a hundred years of being a mortal.

The nine-tailed white fox sighed faintly. "Actually, I didn't want to. It's just that you touched something that you shouldn't have touched. If it were the other nine sons of heaven, they would probably immediately erase you from the world!"

"Keeping you alive is already the limit."

Su Yu said calmly, "Then, I really have to thank you for showing Mercy."

"But, if I don't hand over what doesn't belong to me, what will you do?" Su Yu said calmly.

The nine-tailed white fox said, "Then, I can only make you disappear."

Su Yu smiled and smiled deeply.

A hundred years of companionship was just a sentence to disappear.

"Sigh! Actually, I don't want this to happen," the nine-tailed white Fox said indifferently. "Send him on his way. Don't feel any pain."

Her tone was filled with compassion, but it was a kind of false benevolence.

The Demon Emperor nodded slightly. His eyes were like lightning as he glared at Su Yu, trying to kill him in an instant.

However, Su Yu's eyes suddenly became sharp as he laughed. "Nine-tailed white fox, you may know everything about me, but there is one thing that you may not know."

With a swoosh, he took out the purple box.

The corners of the nine-tailed white Fox's mouth curled up as if she was looking at a child who had exhausted all her schemes, she made a final struggle, "This is the thing that the blood lotus path demon transformed from his third mouthful of blood essence. There is no harm in telling you what is inside. It is the thing that he suppressed many powerful enemies back then..."

"I know," Su Yu said indifferently.

The nine-tailed white fox pursed her lips and froze slightly. She asked in return, "How do you know?"

She immediately realized that in the one month that the nine-jade spirit Pearl had left Su Yu, Su Yu had experienced something that was beyond her control.

“Not only do I know the function of this thing, I also know the use of your mnemonic chant. I also know...” at this point, the nine-tailed white fox bit her lips together. A hint of nervousness appeared in her gentle eyes, “Kill him, now!”

However, Su Yu casually retreated. With his other hand, he took out a golden key that caused the nine-tailed white fox’s expression to drastically change.

Back then, Great Thunder’s mother had left behind a five elements mountain.

This mountain had accompanied Su Yu all the way to the ancient god domain of desolation.

In the end, during the battle with the World Destruction Dragon, it was shattered by the laws.

Inside, a key that had the exact same aura as the five elements mountain appeared.

Chapter 2118 The Son Of Heaven Of The Sacred Mountain

Su Yu had never known what this key was used for, so he had always kept it by his side.

It was only today, at this moment of life and death, that he thought of this key that he had almost forgotten.

Big Thunder’s mother was from the Flood Dragon tribe, and the flood dragon tribe had always been part of the royal family of the Demon World.

Princess Pixin’s soul had once said that the first demon emperor’s concubine had carried the key to this box, and it had disappeared without a trace.

He vaguely remembered that in the great Yu imperial court, a flood dragon once chased after Su Yu, saying that he had the aura of the imperial family of the demon world.

At that time, the only aura of the imperial family of the demon world on Su Yu’s body could only be that of the Great Thunder just now, right?

Therefore, the identity of the Great Thunder’s mother was very likely that of the missing princess consort.

And the golden key that she hid in the five elements mountain was undoubtedly the key to opening the Purple Box!

Su Yu knew that he was right when he saw the shrinking pupils of the nine-tailed white Fox!

The golden key in his hand tapped on the purple box.

Kacha --

The sound of countless chains turning could be heard as the purple wooden box slowly opened.

Instantly, a terrifying evil aura that made all living beings tremble swept out from it.

The Demon Emperor’s two nearly materialized eyes were instantly swept back by the evil aura!

The entire monster Emperor Palace was sent flying into the nine heavens.

However, the evil energy that had been suppressed for hundreds of millions of years wasn’t just this?

Tens of thousands of times more evil energy rushed out of the seemingly small purple box and swept through the greater world.

The entire palace was instantly reduced to ruins by the evil energy.

The Monster Emperor and Princess Pixin were extremely solemn.

“You actually controlled the key?” The Monster Emperor and Princess Pixin’s expressions were incomparably solemn.

The nine-tailed white Fox’s calm face was filled with anger. “Who told you the truth about the key? The Heavenly Book Sect Master? But he might not have known.”

How would she know that during the month that she was not around, Su Yu had learned a lot of the truth from the real Princess Pixin.

Su Yu did not say a word as he looked at the purple box.

As expected, he saw something that was in the shape of a crystal ball inside.

At first glance, Su Yu felt that this item was abnormally familiar.

Wasn’t this the cage that he had snatched from the Azure Ink Flood Dragon?

The difference was that the things sealed inside were all little creatures at the god Lord level. The crystal ball in front of him had sealed at least half-step dao masters, and there were three terrifying dao masters among them.

And all of them, without exception, were living within it in a deep sleep.

When the Zihe opened, they sensed something and slowly opened their eyes.

They all looked at Su Yu. Su Yu’s palm was immediately boiling hot. He opened his palm and saw a blood-colored “Demon” character.

“Even if the Blood Lotus Dao demon dies, he must find a successor to restrain us!” A Dao master whose body was covered with thousands of eyes let out an aged and hateful sigh.

The demon word was the key to controlling them.

The key could open the purple box and release them from the crystal ball, but the demon word could command them.

Su Yu held the key and pointed. “You’re it!”

The DAO Master who was covered in eyes was released. As the demon word in Su Yu’s palm flashed, a demon word of the same size appeared on the Dao master’s forehead.

At the same time, Su Yu felt a connection in his heart.

He had a feeling that he could control his life and death at will.

This should be the method that the Blood Lotus Dao demon used to control them.

“Kill them,” Su Yu said.

However, Su Yu's order only received the DAO Master's extremely indifferent gaze. He said hoarsely, "You think you can command our dao master? The Blood Lotus Dao demon is more like it!"

Su Yu frowned slightly. Was he not afraid of death?

"Hehe, we have been trapped for who knows how many years. Rather than being sealed eternally, it is better to die and be free!" The dao master said indifferently.

Mortals all had their own dignity, let alone the Dao Master?

He would rather die than listen to the orders of a puny little creature like Su Yu.

The Demon Emperor let go slightly. Princess Pixin's lips curled into a disdainful smile as she said, "It seems that it is still difficult for you to escape..."

Unexpectedly, Su Yu tapped the key in his hand again and released the other two Dao Masters. He said indifferently, "I'll release whoever destroys them."

Hearing this, the eyes of the Dao master exploded with black light. "I'll do it!"

Shua --

Thousands of pitch-black eyes all over his body shot out terrifying waves of light that could destroy the world.

Ah --

Princess Pixin was grazed by a wave of light and instantly vanished into thin air.

The Demon Emperor was struck by several waves of light and immediately, his entire body was riddled with holes as the profound concepts in his body gushed out.

His face was deathly pale as he hurriedly retreated.

When all the waves of light approached the nine-tailed white fox, all the waves of light bypassed her body and could not harm her at all.

The nine-tailed white Fox's eyes were shining brightly as she said coldly, "Su Yu! I gave you an ordinary life out of goodwill, but you don't know how to cherish it. You dare to try to go against me. In that case, I can only Grant YOU DEATH!"

Huala --

A ball of light spun in her palm. It was the remains of her nine-tailed white fox.

When the nine-tailed White Fox's soul entered the remains, the lifeless nine-tailed white Fox immediately opened her beautiful jade-green eyes.

She looked at the DAO Master with more than a thousand eyes and said, "Die!"

Pu, Pu, Pu --

Instantly, the eyeballs on the Dao master's body exploded like crystals.

Large amounts of dao master's blood splattered out.

The dao master was shocked. “The Heavenly Dao’s Eye of Death? You... you are the son of Heaven of the Sacred Mountain?”

His words were filled with boundless fear.

This was his last sentence. When all the eyeballs on his body were shattered, he stood motionlessly on the spot and died on the spot.

Su Yu’s pupils constricted. Was the son of Heaven of the Sacred Mountain’s body that powerful?

With Su Yu’s soul attainments, he could tell that his body was not a living thing. He was merely controlled by the nine-tailed white Fox’s soul to open one of his eyes.

However, just one glance could kill a powerful existence at the level of a Dao master!

Seeing the nine-tailed white Fox’s eyeballs turn and look at him, Su Yu said, “Whoever takes my friend and I away will be able to break the seal.”

“Let me do it.” A Dao master covered in white feathers looked at the nine-tailed white fox indifferently and said, “Will the son of Heaven of the sacred mountain also end up with the death of his master’s soul and only a remnant soul left? Hehe!”

With a calm smile, Daoist master Baiyu waved his sleeve, and Su Yu and Mao susu were instantly dragged away by the Daoist master.

When the two of them reappeared, they were already far away from the seven nights God.

“As promised, I’ll take you away,” said Daoist master Baiyu calmly. However, blood flowed down his back, indicating that he was still injured.

Su Yu said, “Thank you!”

He kept his promise and slapped Dao Master Baiyu’s forehead with a palm that contained the word ‘demon’.

Instantly, the telepathic connection between Su Yu and Dao Master Baiyu ended.

A relieved smile appeared on Dao Master Baiyu’s face. He looked at Su Yu with a hint of surprise in his eyes.

He had never expected that Su Yu would really keep his word.

When a puny five-crowned emperor was in control of a Dao Lord Autarch, who would be willing to let go of the allure of such boundless power and let a Dao Lord Autarch leave?

Even if he had to go back on his word.

“Thank you,” Dao Lord Baiyu said calmly. “Although I don’t have much time left.”

Su Yu was speechless. His attainments in the laws of life had allowed him to see that the Three Dao lords didn’t have much time left.

This cage only slowed down the passage of time. It did not have the ability to freeze time.

Thus, after hundreds of millions of years, although they had lived past the limit that Dao Masters should have, their lifespans had already reached the limit.

“A few decades ago, I dreamed of a game of chess. I think my lifespan has reached its end,” Dao Master Bai Yu said slowly.

Su Yu sighed. “Dao Master Bai Yu, if you have any unfinished business, feel free to do so.”

Dao Master Bai Yu’s tone was filled with vicissitudes of life. “Unfinished business... I’m afraid that people are different from things, right?”

Many years had passed, and the people of his generation had all died of old age. He was the only one left. What unfinished business could there be?

“Human, on account of you keeping your promise, come to the Bai Yu civilization to look for me in the future when you are in trouble. If I am still alive at that time and the Bai Yu civilization is still there.” Dao Master Bai Yu looked deeply at Su Yu.

Su Yu remembered that it was extremely rare for a dao master to be willing to help him.

“Then, I wish you good luck.” Dao master white feather turned into white feathers and disappeared into the world. Surprisingly, he stepped into the void and left.

Before he left., a message from Dao master white feather suddenly appeared in Su Yu’s mind. “The last dao master can not easily break the seal. His strength is second only to that of the Blood Lotus Dao Demon. Once he gains his freedom, the first person he will kill will probably be you.”

Not all Dao Masters were like Dao Master Bai Yu, who viewed grudges lightly.

The Last Dao Master had accumulated hatred for many years. Once the seal was unsealed, Su Yu, as the successor of this cage, would be his target.

At that time, there would be no Fourth Dao master available in the cage. The consequences were obvious.

He nodded his head without batting an eyelid and sized up this dao master slightly.

This Dao Master was a soul body, but it was not quite the same as an ordinary soul body.

With just a glance, Su Yu felt that his soul dao fragment was loosening, as if it was about to peel off.

Su Yu’s heart trembled, and he immediately locked it back into the crystal ball.

After looking around and confirming his position, Su Yu immediately left this place with Mao Su Su and hid his aura.

Not long after, the injured Demon Emperor appeared. His eyes were deep and solemn.

Looking around, the ground was filled with Daoist master Bai Yu’s aura, causing Su Yu and the others’ auras to be unable to be captured.

After fruitless searching, he returned to the imperial palace and said, “Most likely, he has already left the demon world.”

The nine-tailed white fox nodded. “Yes, I know. You can leave for now.”

After the demon Emperor left, the nine-tailed white fox suddenly trembled and the woman in White came out of her body.

Her condensed soul became extremely thin and returned to the state she was in when she first met Su Yu.

“A hundred years of cultivation was destroyed in an instant!”The nine-tailed white Fox’s eyes were filled with killing intent.

It was only a part of the nine-tailed white Fox’s soul and could not control its true body.

The action of opening its eyes just now had consumed most of its soul power, and it had entered an extremely weak state.

Fortunately, it had successfully deceived the demon emperor, so it could follow orders.

“Su Yu! After I find that lost tail and find a way to control the body of my original body, I will chase you to the ends of the Earth!”

Chapter 2119 The Mysterious Stone

Speaking of which, Su Yu only showed up after he was sure that it was safe for a long time.

“Did we experience a dream?”Mao Susu’s mind was filled with all the dream-like scenes just now.

The Demon Emperor was the clone of the mysterious woman of the Nine Heavens?

The ten son of Heaven of the sacred mountain appeared in the Demon World of a six-star civilization?

The Cage formed by the third mouthful of blood of the Blood Lotus Path Demon in the past reappeared in the world?

All sorts of characters and things that only existed in ancient myths were displayed before Su Yu’s eyes.

Su Yu said, “Just treat it as a nightmare.”

To Mao susu, it could indeed be treated as a nightmare that happened once in a lifetime.

But to Su Yu, it was his life.

A life where he could not see tomorrow at any time.

“Let’s Find a place to rest first.”After the intense battle just now, Su Yu needed to adjust his state.

Cat Susu nodded in a daze. She also needed to digest everything that she saw in the palace.

Hiding somewhere.

Su Yu took out the Indian silver bamboo fruit that had completely split open, the supreme nail of the mysterious lady of the Nine Heavens, and gave the Indian silver bamboo fruit a final blow.

He sighed silently. This fruit had accompanied him for many years and absorbed many enemy attacks.

In the end, it was still difficult for him to escape the fate of perishing.

“Eh?” However, just as Su Yu was sighing, he suddenly realized that there was an unremarkable earthy yellow stone in the Indian silver pearl fruit.

He could not help but be stunned. “Why is there a stone in the Indian silver bamboo fruit? Could it have fallen into it accidentally when it fell to the ground?”

However, looking at the inside of the fruit, it was completely empty. There was nothing other than this stone.

He tried to take out the stone, but it didn’t feel heavy in the shell of the fruit. But once he took it out, Su Yu found that he couldn’t move it at all.

No matter how hard he tried, the stone didn’t move at all!

“This is definitely not an ordinary stone.” He tried to use the eye of the soul, but he couldn’t see through the inside of the stone.

It must be known that his soul power had already reached the peak of the five crowns. There were very few things that he couldn’t see through.

“This is really strange. There is actually such a stone in the Indian silver bamboo fruit?” Su Yu was stunned.

He tried to wrap the shell of the Indian silver bamboo fruit around it so that he could easily pick it up. However, it would be useless if he picked up that stone alone.

A thought flashed through his mind. He wanted to throw this stone out.

However, his intuition told him that this was definitely not a good idea.

After putting it into the space of the Buddha Bead, Su Yu looked at the nine-jade spiritual bead again. The nine-tailed White Fox was gone. He entered the hut with a thought.

Any magic treasure should have a core that controlled it.

For example, the space of the Buddha bead. The core was a spatial array formation that sealed it.

As long as he refined it with his blood essence, he could establish a connection with the array formation and control the space of the Buddha bead.

However, he had never felt the core of the nine-jade spirit bead ever since he obtained it.

Just like the nine-tailed White Fox’s soul, he was clearly inside the nine-jade spirit bead, but he could not feel its existence.

Since the nine-tailed white Fox was not here, he could explore the unknown territory of the nine-jade spirit bead.

With a thought, Su Yu’s soul entered the nine-jade spirit bead.

There was only one place where he could explore the unknown territory.

The thatched cottage!

He entered the thatched cottage, where everything was displayed as before.

Walking to the simple bed, Su Yu fixed his eyes on it.

It seemed that every time it appeared, the nine-tailed White Fox's soul would appear on the bed.

He stretched out his hand and touched it. As expected, he sensed an extremely mysterious concept.

"Freeze!"He froze time and space, freezing the flowing concept.

After losing the flow of the concept, the object hidden in the bed finally appeared.

There was a slightly glowing emerald green bead at the head of the bed.

It emitted an aura that originated from the 1-9 jade spirit bead.

"Found it!"Su Yu was slightly happy. He immediately took a drop of blood essence from his main body and dripped it into the bead.

Immediately, the nine-jade spiritual bead vibrated slightly. For the first time, it felt like it was connected to Su Yu by blood.

"Finally, it's completely mine!"The stone that had been hanging in Su Yu's heart for a long time was finally put down gently.

He no longer had to worry about the sudden loss of the nine-jade spiritual bead.

At the same time, some unfamiliar information that had never existed before surged into his mind.

"What? The nine-jade spiritual bead is the eye of death of the nine-tailed White Fox's Heavenly Dao?"Su Yu was shocked, but there was a deep ecstasy in it.

The nine-tailed White Fox's soul returned to its original body and opened one of its eyes. Just one look at the multi-eyed dao master and it was immediately destroyed.

The words were terrifying and self-evident!

What Su Yu could not believe was that the nine-green spiritual pearl was actually the eye of Heavenly Dao of Death?

No wonder it was also emerald green in color and was exactly the same as the nine-tailed white Fox's eye.

The information that followed made Su Yu click his tongue slightly.

This eyeball was the eye of the nine-tailed white fox when it was young.

The power of the eyeball was naturally not as strong as it was now.

Therefore, it was refined by the nine-tailed white fox into a space, but the power of the eyeball was still retained.

Once it was released, it only needed to shine on a person to form a power similar to the eye of death of the Heavenly Dao.

The vast majority of dao masters could not withstand it and would be buried in an instant.

However, not everyone could activate this eyeball. Only the blood of Dao Masters could barely activate its power.

Furthermore, the amount of DAO Master's blood required was not a small amount.

To activate it once, it required at least 10,000 drops of Dao master's blood.

A Complete Dao master would only have 10,000 drops of blood on him.

In other words, to activate this eyeball, one would need to kill at least one dao master.

Su Yu could not help but regret that he did not manage to take away the corpse of the DAO Master with multiple eyes in time.

Otherwise, he would have the ability to activate the Heavenly Dao Eye of death!

“Sigh, what a pity!” Su Yu could not help but sigh.

However, he was still quite satisfied in his heart.

The nine-tailed white master had kept this piece of information hidden all this time because he did not want Su Yu to know the truth.

Now, he had benefited for nothing.

After doing all this, Su Yu checked the little qilin's injuries.

The demonic qi in his hind legs was still there, causing the little qilin to be unable to recover for a long time.

He tried to use the laws to separate the demonic qi.

But because of the Little Qilin's special nihility constitution, the effects of the laws were rather weak.

“I can only look for that divine guard named Li Bing!” Su Yu comforted the little qilin, his eyes shining with cold starlight.

Returning to the outside world, Su Yu's eyes were deep in thought.

His current location had already been confirmed. He was quite far away from the seven nights divine capital, close to the ancient dream forbidden land.

Moreover, the two Dao Masters in the seven nights divine capital had gone through great difficulty to temporarily stay away from them. If he returned now, once he was discovered, it would not be so easy to escape again.

At the same time.

The seven nights divine capital suddenly caused a huge change.

Powerful fluctuations appeared in the imperial palace, causing the imperial palace to be razed to the ground not long after. Several extremely powerful dao master auras suddenly descended on the seven nights divine capital.

It was a dao master powerhouse from the Star Alliance Chamber of Commerce who launched a long-planned coup.

At the same time, half-ancestor stone demon, who was hidden in the seven nights divine capital, led a hidden force to launch a coup aimed at overthrowing the imperial dynasty.

Chapter 2120 Dynasty Changes

In an instant, seven nights God was engulfed in a sea of fire.

The Demon Emperor had disappeared during the battle, and the unknown nine-tailed white Fox had fled long before the battle.

Only the divine guards of seven nights God capital were left, fighting against the rebellion.

However, the current royal family had gone against the grain, and they had already angered the world. There were many rebels.

Many citizens of seven nights capital, who were born and raised here, joined the rebels and rebelled against the dynasty.

Seven nights capital, which lasted for a year, was attacked and defended. In the end, it was defeated by the collapse of the divine guards.

Seven nights capital fell, and the Demon Emperor disappeared. The local fiefdoms stopped resisting and surrendered to the rebels.

After two years, the chaos in the demon world gradually subsided.

Half-ancestor stone demon, with the support of the Star Alliance Chamber of Commerce, ascended the throne as the new demon emperor.

What made the Star Alliance Chamber of Commerce very regretful was that the ten Forbidden Dao artifacts and immortal embryos passed down from generation to generation by the demon emperor were missing.

They should have been taken away by the escaping Demon Emperor.

On the first day of half-ancestor stone demon's ascension, he gave two orders.

The first one was to gather experts and send troops to the ancient forbidden land to search for the Demon Emperor!

The second order was to arrest Su Yu.

The first order was understood by the entire world. There was no reason to leave the demon emperor, a huge hidden danger, alone.

But the second order was unimaginable.

Almost no one knew who Su Yu was, but the second order was to arrest him. It could be seen how important this person was.

However, half-ancestor stone demon never expected that a man in a bamboo hat would enter the seven nights divine capital silently.

He was standing in an abandoned house.

In the house, several defeated soldiers were curled up inside.

“Brother Li, you are very knowledgeable. Please give us a life,” a divine guard said with a sigh.

The real world was unpredictable. Three years ago, the demon world was still under the rule of the Demon Emperor.

The Divine Guard of the seven nights divine capital was even more awe-inspiring and an existence revered by all living beings.

However, time had changed. In just three years, the divine guards that had been famous for countless years had become rats that everyone wanted to beat.

No one dared to take them in. Wherever they went, they would be reported and exposed.

They could only curl up here all day and think of ways to struggle to survive.

Li Bing was among them. Moreover, as a general guarding the city gate, his position was relatively good among the divine guards.

The four divine guards all turned their hopes to him.

Li Bing was silent for a long time before he said, “I’ve thought about this question for a long time. I think that it’s useless for us to run away. Where can we run to?”

The four of them agreed with him. Indeed, there was nowhere for them to run.

“There is only one way to continue living in the demon world, and that is to join the new dynasty.”

The four divine guards said, “If we could, we would have joined the new dynasty a long time ago. Why wait until now? But we are all wanted people. It’s impossible for us to be accepted.”

“That’s because we haven’t shown enough value.” Li Bing saw through everything and said, “If we can bring the new dynasty something that they are interested in, it might be a different situation.”

“Such as?”

“For example, I know that my father-in-law is still secretly supporting the previous dynasty to carry out a small-scale rebellion.”

“Brother Li, what do you mean?”

“Naturally, it’s to destroy family with righteousness.” Li Bing’s eyes flashed with ruthlessness.

If not, how could he gain the trust of the current dynasty?

The four divine guards were silent for a moment and said, “If brother Li has such courage, of course we will support him.”

“Then, should we go now?”

Li Bing struggled for a moment before finally saying, "Now! The longer we drag this out, the more disadvantageous it will be for us!"

The five of them came to an agreement and immediately came to the outside world.

However, the moment they came out, they were slightly shocked.

Outside the house, there was actually a mysterious person who was completely wrapped up.

The five of them looked at each other. Could it be that this person had heard their conversation just now?

Their eyes flashed with viciousness at the same time.

When they were in the previous dynasty, they were used to doing things ruthlessly. Now, they naturally knew what to do.

Li Bing took the initiative to attack. A cold light flashed in her eyes as a law chain attacked.

The mysterious person didn't say a word. He took out an ordinary sword and lightly slashed forward.

In an instant, a densely packed sword shadow surged forward like a tide, swallowing the five of them whole. Not even their bones remained.

The sword in the mysterious person's hand shattered into a few pieces because it was unable to withstand the overly powerful sword technique.

"Hu! It's been three years. I've finally completed it." The person who came was naturally none other than Su Yu.

After learning that the seven night gods were in chaos, he decisively rushed to the imperial city.

Through the remnant demonic Qi in the little qilin's body, he continuously searched for Li Bing.

Today, he had finally found him.

He inspected his body and discovered that the demonic qi in the little qilin's body had gradually dissipated due to Li Bing's death.

After the demonic qi dissipated, the little qilin would be able to rely on his own powerful recovery ability to quickly recover.

After finishing everything, he looked at the dilapidated imperial city. Su Yu pressed down on his bamboo hat, unwilling to stay for too long.

He was currently wanted by the half-ancestor stone demon.

Just as he was about to leave, he suddenly realized that he was being stared at by a pair of eyes.

He turned his head to take a look. It was a young lady in armor who had passed by and witnessed the entire process.

Her entire body was covered in armor, only revealing a pair of eyes that were deeply hidden under the armor, emitting a deep glow.

On her armor, there was a lingering bloody aura that could not be washed clean.

Su Yu was slightly apprehensive. What a dense killing aura!

The people he had killed in his entire life were not even one percent of the young lady.

There was even a faint sense of danger that made him wary.

“Do you have any advice?” Su Yu asked faintly, but his heart was slightly wary.

The armored young girl shook her head. “No, I just think that your swordsmanship is quite impressive.”

After saying that, the armored young girl rode a group of bone horses and headed towards the Imperial Palace of the Seven Nights Divine City.

Staring deeply at the young girl’s back, Su Yu suddenly had an indescribable feeling in his heart.

After pondering for a long time, he shook his head slightly and arrived at the outskirts.

Mao susu asked, “Have you settled everything?”

“I have nothing else to worry about. Let’s Go!” Now that everything was settled, it was time for them to head to the dream ancient forbidden land.

Little did he know that the armored girl had arrived at the Imperial Palace and was personally received by half-ancestor stone demon.

“The young master of the Asura world has graced us with his presence. We welcome you with open arms,” half-ancestor stone demon said.

He had just ascended the throne, and it was the time to build a good relationship with other civilizations of the same level. Now that the young lord of the Asura world had arrived, he naturally could not be taken lightly.

The armored girl was none other than Qin Xian ‘er, who had rushed over from the distant Asura world civilization.

She had long heard that the demon world had changed to a new royal family, but it did not affect her.

“Demon Emperor, you are too polite.” After exchanging a few pleasantries, Qin Xian ‘er went straight to the point. “I wish to pay a visit to the eternal ancestral demon of your world. I wonder if it would be convenient for me.”

Half-ancestor stone demon was not surprised. He muttered to himself, “Then I’m afraid young master will have to trouble you to head to the dream ancient forbidden ground.”

“Where is that?”

Half-ancestor stone demon smiled. “It’s very difficult for outsiders to enter that place. However, young master is a guest from afar. Why Don’t you follow our people in? Someone will send you to pay a visit to half-ancestor stone demon.”

Qin Xian ‘er smiled gratefully. “Thank you.”

She was not worried that half-ancestor stone demon would harm her.

The current half-ancestor stone demon should have been friendly to the surrounding civilizations before it stabilized.

Thus, Qin Xian 'er waited for half a year.
