

Nine-Dragon 2121

Chapter 2121 Divination

On this day, the Demonic Qi in heaven and earth suddenly became much denser. Layers of purple demonic qi visible to the naked eye filled the vast expanse.

Qin Xian 'er was slightly curious. She stood on the roof and looked at the source of the demonic qi.

“Young lord Asura, the time has come. Please follow me.” Half-ancestor stone demon's voice was transmitted.

Qin Xian 'er nodded and appeared near half-ancestor stone demon.

This time, half-ancestor stone demon personally led the team, with three cloaked figures following him.

“Just Us?” Qin Xian 'er asked.

“That's enough!”

“Alright, then I'll have to trouble demon Emperor to take me along.”

“No Problem!”

The group of five immediately arrived at an ancient teleportation array in the imperial palace. They said, “This is a dedicated teleportation array that leads to the ancient dream forbidden ground. We can reach it in a breath's time. We can save a lot of time on our journey.”

“We'll listen to the Demon Emperor's arrangements,” Qin Xian 'er said.

The five of them stepped onto the teleportation array and appeared in a strange world.

What they saw was a colorful world.

The sky was like pieces of colored glass that were pieced together.

Water droplets of different colors flowed in the rushing river.

Plants and rocks were formed from different colors.

The five-colored light reflected from the world, coloring the demon world that was connected to it.

Qin Xian 'er was astounded. After coming to the absolute beginning world, she had seen many wonders, but this was the first time she had seen such a world.

She tried to pick up a small stone on the ground and crush it into powder. She found that the powder was still five-colored.

“No matter how small the dust is, it's still five-colored?” Qin Xian 'er was intrigued. She wanted to pick up a few stones and bring them back for research.

Half-ancestor stone demon extended his hand to stop her and said, “Young master, it's best if you don't take away the evil things in this place.”

“Why?” Qin Xian 'er put it down somewhat reluctantly.

Half-ancestor stone demon's eyes revealed a solemn light as he said, "Every blade of grass, tree, and stone in the dream ancient forbidden ground were created by the undying ancestral demon. They contain unimaginable power. Once they are taken away from this place, incomprehensible changes will occur."

"For example?" Qin Xian 'er was curious.

"For example, they might become the person you want to see the most in your heart. Although they will only stay for three breaths, they will cause a very serious impact on your spirit," said half-ancestor stone demon.

Everyone had a person or thing that was engraved in their heart. Once it appeared, it would naturally affect their mood.

Especially those that they wanted to see but couldn't.

"Oh," Qin Xian 'er said obediently.

Half-ancestor stone demon nodded. "Then, let's set off."

Qin Xian 'er followed at the back. She rolled her eyes and took advantage of the fact that no one was paying attention to her. She quietly plucked ten blades of grass and stuffed them into her storage device.

"If I miss brother Su Yu, would I be able to transform into him if I took one out?" Qin Xian 'er said wistfully.

--

On the other side, the demon emperor was hiding somewhere. He could not help but sigh as he looked up at the sky.

"What troubled times. Even the remnant soul of the ten son of the Sage Mountain's son of Heaven has appeared!" The Demon Emperor's words were filled with helplessness. "I thought that by hiding in the remote demon world, I would be able to escape from the conflict. I did not expect that I would still be affected by it."

"Is there no place in this vast world?" The Demon Emperor Sighed. "I can only ask the undying ancestral demon."

With that, he turned around and disappeared into the vast expanse.

--

Somewhere.

Su Yu and Mao Susu had established themselves in front of a colorful world.

Ever since the demonic qi had become denser, they had set off to this place. It was said that this was the most dangerous forbidden place in the demon world -- the Forbidden Land of dreams.

At ordinary times, they could not enter this place. Otherwise, they would easily get lost in the ancient memories.

From then on, one would be unable to extricate oneself from it. One's body would rot and one's soul would be annihilated.

Only at this moment, when Wen Yuan erupted, his heaven shrouding demonic qi suppressed the forbidden area of the ancient dream land. Just now, a special group of people could enter.

Cat Susu was the first to enter.

Through the eye of the soul, Su Yu could clearly see that there was a layer of ripples on cat susu's body that was difficult for the naked eye to detect. It lingered within a range of 30,000 feet.

That should be the unique ripples released by the Wen Yuan Shard in Cat Susu's body.

Only by staying within these ripples could she be unaffected by the Forbidden Land of dreams to the greatest extent.

In other words, Su Yu had better not leave the area of 30,000 feet around cat susu.

"Let's go." Su Yu came to Cat Susu's side.

Cat Susu closed her eyes and then opened them. She looked towards the southwest and said, "It should be there."

She was certain of the location of the human skeleton.

In fact, even if Mao Susu hadn't confirmed it, Su Yu might have been able to find it.

The moment he set foot in this place, he faintly sensed a call, leading him in the direction that Mao Susu was pointing at.

"Could it really be ancient god Nine Dragons?" Su Yu muttered to himself in disbelief.

After ancient God Nine Dragons joined Dao Abyss, he disappeared without a trace.

Could it be that he died in the monster world?

With complex emotions in his heart, he walked forward.

He had only taken a few steps when the five-colored light around him suddenly dimmed. Su Yu faintly felt a sense of oppression.

It was as if there was some sort of profound existence descending into the five-colored world, giving off a cold and oppressive feeling.

"What's Wrong?" Cat Susu noticed Su Yu's strange behavior and asked.

Su Yu's pupils slightly narrowed. Could it be that Cat Susu did not notice?

He shook his head and said, "Nothing."

A few days later.

Cat Susu's expression became serious. "Big Brother Su, we have already entered the hinterland of the ancient dream forbidden land. The ancient Dream's aura here is not overly suppressed by the demonic qi. Do not leave my side."

Su Yu slightly nodded.

Just as he was about to say something, he suddenly noticed that Mao susu was staring at a certain spot.

Su Yu followed her gaze and couldn't help but be stunned.

He saw a figure walking by the river.

It wasn't anyone else, it was unexpectedly the governor of Cloud Luo Province!

He smiled and waved at Mao susu, his expression filled with kindness.

Mao susu bit her lips tightly and closed her eyes deeply. Two drops of tears streaked across the corners of her eyes.

When she opened her eyes again, her eyes were filled with killing intent. "Impersonating my father! Unforgivable!"

She executed her law and swept away.

"Governor Luo Yun" turned into pieces of five-colored dust on the spot and merged back into the world.

Su Yu sighed slightly and gently patted her shoulder.

Before coming, Su Yu had already understood.

This was a dream ancient dust that was unique to the dream ancient forbidden ground.

Occasionally, the dream ancient dust would turn into the person or object that the witnesses longed to see the most in their hearts.

At this moment, the person that Cat Susu wanted to see the most in her heart was her father, the king of Luo Yunzhou.

"I'm fine." Cat Susu shook her head firmly. "Let's continue to set off!"

The two of them headed straight for the abyss.

Half-ancestor stone demon and the other five had already arrived at the deepest part of the dream ancient forbidden ground.

A towering tree that connected heaven and earth stood majestically between Heaven and Earth.

Beneath the giant tree, a simple hut had been dug out.

At the entrance of the hut, two colorful children were cleaning.

Qin Xian 'er sized up the two children curiously as her bright eyes scanned the interior of the hut.

She was very curious about what kind of existence the legendary undying ancestral demon was.

It was said that he was the first demon to be born when the world was first created. He had lived to this day and was undying and indestructible.

Moreover, he knew everything in the world and could be said to be omniscient.

“May I ask if the undying ancestral demon is here?” Half-ancestor stone demon respectfully bowed to the two boys.

One of the boys stopped and came to the table.

There were four letters on the table.

He took one of them and handed it to half-ancestor stone demon. “The undying ancestral demon knew that you would come, so he left a letter for you.”

Half-ancestor stone demon looked at the letter. On the cover of the letter were the words “Personally opened by half-ancestor stone demon”.

He was shocked. Could it be that the undying ancestral demon had already predicted that he would come?

He quickly opened the letter and saw a few lines of small words in his heart.

“A life of rebellion, half a lifetime of indolence. Once he becomes emperor, he will be buried soon.”

Half-ancestor stone demon stared blankly at the few large words as cold sweat involuntarily appeared on his forehead.

The sixteen words meant that he had spent his entire life in rebellion. He had spent half his life under the Star Alliance Chamber of Commerce. Now, he had become a demon emperor in one move, but... he would die soon?

The shocking sixteen words made half-ancestor stone demon panic.

“Where is the undying ancestral demon? I . . . I want to see him immediately.” Half-ancestor stone demon naturally wanted to ask the undying ancestral demon where he could live.

The boy said, “Ancestral demon said that if the demon Emperor returns, he may live another hundred years. If he insists on seeing him, he will die an unnatural death.”

A hundred... a hundred years?

Half-ancestor stone demon’s mind trembled. How could he be willing?

He had worked hard all his life and finally secured the position of Demon Emperor. How could he be willing to live only a hundred years?

He struggled for a long time before he gritted his teeth and said, “I want to see the ancestral demon!”

There was nothing in the world that the ancestral demon did not know. As long as he could open his mouth to ask and obtain an answer, he might not necessarily die.

The boy nodded. Before answering him, he took out a letter and handed it to Qin Xian ‘er. “The ancestral demon left a letter for you as well.”

“Me?” Qin Xian ‘er was curious. She thought to herself, could the imperishable ancestral demon really predict the future?

She took the letter and opened it to take a look. She saw that it was also a sixteen-word mantra.

“Sometimes, when we meet, we will never meet again. Persistence is a blade that will eventually harm you.”

Qin Xian ‘er’s expectant face sank bit by bit.

It meant that she and Su Yu would meet again, but... they would never meet again.

Her persistence would eventually harm her!

“I don’t believe it!” Qin Xian ‘er said, “I want to ask the ancestral demon face to face.”

The boy said, “The ancestral demon said that if we meet, we will regret it.”

“I do not regret it! I have never regretted it!” Qin Xian ‘er said firmly.

Only then did the boy point to the west. “The ancestral demon is there, waiting for an old friend and an old friend.”

Everyone could not help but be astonished when they heard that.

What kind of person could be called an old friend by the ancestral demon?

Could it be that he was also an extremely powerful figure that could split the heavens and earth?

They thought so in their hearts, but they did not stop as they rushed to the west.

Half-ancestor stone demon and Qin Xian ‘er, one was for his own life, and the other was for love.

Without exception, they were the most precious things to them.

After they left, a long time passed.

The purple-haired Su Yu had an evil aura. He walked under the huge tree and looked around.

“Where’s ancestral demon? I heard that he knows about the world. I want to ask how to kill a person!”

The boy did not say a word. He took the third letter from the table and handed it to him. “It’s a letter from ancestral demon.”

The purple-haired Su Yu opened it and looked at it. His expression changed slightly.

There were only five words on it.

“Purple clouds reveals the true dragon, but what can I do for the wedding dress?”

The purple-haired Su Yu crushed the letter and snorted, “Nonsense, would I make a wedding dress for someone?”

Chapter 2122 Fated Ones Come (One Update)

“Tell me, where is he?” The purple-haired Su Yu grabbed the boy and asked sternly.

The boy sighed and said, “The ancestral demon said that if you want to live for a hundred lifetimes and give up the hatred in your heart, if your obsession is not extinguished, the one who will be destroyed in the end will be you.”

“Long-winded! I’ll ask you one last time, where is he?”

The boy did not say a word. He pointed to the west and said, “He’s there. If you go there, you will never be able to turn back...”

The purple-haired Su Yu did not wait for him to finish speaking and left.

What was the meaning of his birth in the world?

Kill Su Yu!

Complete the revenge in the depths of his soul and fill up the deep ravine of hatred.

Even if he knew that he was going to die, he still wanted to complete the redemption of his soul!

Sha Sha --

The boy sighed and said slowly, “The most difficult person to save in this world is not someone who is going to die, but someone who is seeking his own death.”

At this moment, a person dressed in imperial robes with surging demonic qi appeared in front of the giant tree.

The boy did not ask who it was. He handed the last letter to him and said, “The ancestral monster left it for you.”

The Monster Emperor opened it hesitantly, but saw that it said, “The ten thousand tribulations are coming, and the heavens can not be overturned. Knowing the fate of the heavens, don’t force it.”

Seeing this, the demon Emperor’s heart was heavy.

“Knowing the fate of the heavens, do not force it. It’s easy to say, but to do it... how can I Be Willing?” The Demon Emperor, or to be more precise, the clone of the mysterious woman of the nine heavens, looked up to the sky and sighed.

“Where is he?”

“West!”

The Demon Emperor put down the letter and walked away.

After several days of traveling, Su Yu and Cat Susu finally arrived at a vast abyss.

The Abyss stretched for countless miles and looked like a gigantic palm print.

Looking at it, Su Yu couldn’t help but think of the remnant soul of the DAO Master of the common people. Just as he was about to tell the world some secret, he was suddenly obliterated by a gigantic palm.

It was the same palm, but the palm print in front of him was much larger.

He stared at it and vaguely felt a strong call from the depths of the palm print. The nine dragons divine cauldron became more and more excited.

Su Yu's curiosity had already been strongly aroused. Who was that human remains that could not be buried by Heaven, could not be destroyed by earth, and could not be destroyed by eternity?

What was that small cauldron with the nine divine dragons by his side?

Filled with extreme curiosity, Su Yu was just about to jump down.

Suddenly, his eyes flashed and he discovered that from the other side of the abyss, several powerful demons had rushed over.

They were quite strong, and there were even several half-step dao masters.

"Bai Jing Governor, Vast Expanse Governor, South Fire Governor?" Su Yu did not recognize them, but Cat Susu recognized them at a glance, she said, "They are all governors who received rewards from the Wen Yuan fragment. I didn't expect that they would come to the land of remains."

"Let's hurry down." Cat Susu's heart tightened.

Su Yu pondered for a while and shook his head, "Don't move yet!"

He raised his head and a huge eye appeared in the sky. It hung in the middle of the vast ocean and everything within his sight was reflected in Su Yu's eyes.

In his eyes, the three half-step dao masters were nervous. They carefully entered the Abyss and approached the center on foot.

The journey was smooth beyond imagination and they didn't encounter any accidents.

Until they stepped into the 30,000 feet palm print.

Suddenly, a materialized ripple appeared and swept past them.

The three governors immediately stopped and didn't move.

Su Yu was slightly surprised. Just as he was curious about what they were going to do, a scene that made Su Yu's pupils shrink appeared.

The three governors had actually... turned into dust at the same time.

Without any warning or sign, they had died just like that.

Not even a trace of their souls had escaped.

Then... was that the aura of the skeleton?

If one was within 30,000 feet, all living beings, including half-step Dao Masters, would be instantly killed by the aura left behind by the corpse.

When Governor Luo Yun said this, Su Yu still had a skeptical attitude.

Now that he had seen it with his own eyes, he knew that every word he said was true.

Within 30,000 feet, those who were not human would definitely die!

Su Yu was not the only one who discovered this scene. There were also those who carried the Wen Yuan fragments hidden in various parts of the Abyss as well as their companions.

The death of the three governors gave them an extremely strong deterrent force.

At this moment.

A powerful and extraordinary aura of martial arts suddenly descended to the side of the abyss.

They were aboveboard and did not conceal their aura.

Su Yu frowned slightly when he saw this person through the eye of heaven. It was actually half-ancestor stone demon?

It was unexpected that he had come to the Abyss personally.

Half-ancestor stone demon's expression changed deeply when he saw the three governors' deaths from afar.

He came to this place according to the direction that the boy had pointed out.

"Why is it here?" The three mysterious people behind him said with unspeakable fear.

All the higher-ups of the demon world knew that there was an immortal corpse in the Forbidden Land of dream ancient.

Half-ancestor stone demon was no exception.

His eyes flickered. was the ancestral demon in there?

But how could they enter?

If non-humans entered, they would die without a doubt.

Just as they were thinking, something strange happened at the center of the Abyss.

Layers of ripples turned into materialized stairs that extended to the vicinity where Su Yu was.

Half-ancestor stone demon and the others were slightly surprised and immediately noticed the existence of Su Yu and Mao Susu.

Fortunately, both of them had very deep disguises and their identities had yet to be seen through.

"The center of the Abyss has set up stairs for the two of them?" An absurd thought appeared in half-ancestor stone demon's mind and he shook his head randomly. It should be a coincidence.

He and the other four people came to the front of the staircase. The other hidden people who carried Wen Yuan fragments came one after another.

Before long, more than thirty people appeared at the entrance of the staircase.

The lowest cultivation level among them was half-step dao master.

Only Su Yu and a few others were at the level of the five-faced emperor.

The people talked to each other and stared at the staircase in bewilderment.

“The fated bridge crosses the fated people. I will answer a question for free for those who can come over.”

Suddenly, a strange voice reverberated in the air.

That voice was so old that it was impossible to tell if it was a man or a woman. It contained an endless aura of time.

As soon as he spoke, everyone felt as if their lifespans had been taken away.

Su Yu’s expression changed slightly. He calmly pressed down on the catechin and used the law of life to maintain his life.

Everyone’s feeling was not wrong. Their lives had indeed been taken away by this sentence.

Although slight, but gather less into more, just that sentence absorbed the total life of no less than 100 years of life.

“Good strong space-time law, although not Tao, but more than me.” Su Yu secretly surprised.

This is the first time he’s met a master of the laws of time.

A casual word from the other person can change the state of time and cost the listener years of time.

Su Yu was still far from being able to do this.

“It’s the undying ancestral demon!” Half-ancestor stone demon’s expression changed slightly. He was actually deep within!

Could it be that he was going to pass just like that?

His eyes flashed as he stared at one of the governor and said, “You, try!”

He took out his identity as a demon Emperor and immediately gave an order.

That governor’s mouth was filled with bitterness. Why would the demon Emperor come personally? Why would he risk his life to enter such a dangerous place?

He braced himself and walked up the stairs, slowly approaching the center of the Abyss.

When he reached a range of 30,000 feet, everyone’s eyes were fixed on him, afraid that they would miss the crucial scene.

He stepped into the range of 30,000 feet, but the expected aura did not appear.

The governor’s heart slightly relaxed, and he stepped forward even more carefully.

However, not long after he stepped out, something finally happened.

On both sides of the stairs, colorful bugs suddenly appeared. They lay on the edge of the stairs and let out ear-piercing shrieks.

The shrieks went straight to the soul.

The governor suddenly felt as if tens of thousands of bugs had drilled into the depths of his soul and were screaming.

His eyes rolled and he was directly knocked out by the bugs. He rolled down the stairs and was covered in blood.

Everyone present heaved a sigh of relief. At the same time, there was hope for a challenge.

The aura of the skeleton was destined to prevent them from getting close, but now, it had become possible.

“Next, I’ll do it!” A middle-aged man with a mustache and a scholarly robe volunteered.

His face was filled with anxiety and deep confidence.

“The governor of watercloud province who is said to have the closest attainment in the soul to the law?”

“It seems that the governor of watercloud province can tell that the attacks of those insects are aimed at the soul. This has created a big loophole for him.” Someone said with jealousy and envy.

“Yes, it just so happens that they are aimed at the soul. If I had known this earlier, I would have tried my best to get some soul-protecting magic treasures.”

“Sigh! We missed by one move. Let’s see if the governor of watercloud province’s attainment in the soul can pass first.”

The water cloud governor smiled faintly and took a step forward.

With his body as the center, a layer of corporeal soul halo appeared.

With this halo, it could withstand most soul attacks.

He slowly walked to a distance of 30,000 feet, took a slight breath, and then suddenly accelerated, dashing over.

Zhi Zhi --

Instantly, the bugs on both sides immediately let out sharp hisses.

The attacks that went straight to the soul landed on the soul halo on his body, but they were all blocked and did not harm him in the slightest.

The water cloud governor was overjoyed and accelerated forward, hoping to leave the stairs as soon as possible and reach the remains first.

However, at this moment, a group of bugs of different shapes suddenly crawled out from both sides in front of him and opened their mouths to let out a sharp screech.

The water cloud governor’s body immediately stiffened. With a pained expression, he hugged his head and cried out in pain.

Finally, he rolled down the stairs and fainted on the spot.

Everyone sucked in a breath of cold air when they saw this. Even a half-step dao master with powerful soul attainments like the water cloud governor was unable to resist?

Then, how many people could go over there?

“Why don’t I give it a try?” Suddenly, the armored girl beside half-ancestor stone demon said thoughtfully.

Half-ancestor stone demon sized up the girl and said, “Are you sure you can do it?”

“If you can’t, I’ll have to trouble the Monster Emperor to pick me up.” The girl smiled charmingly and stepped onto the stairs in front of everyone’s eyes.

He stepped into the 30,000-meter area delicately, and many colorful bugs began to scream.

The ear-piercing voice fell into the girl’s ears as if it hadn’t been heard, as if it hadn’t harmed her soul at all.

“Such strong soul power. It must have been through endless slaughter that the soul became indestructible, unafraid of ordinary soul attacks.” Half-ancestor stone demon’s eyes sparkled as he praised.

The girl easily passed through the first stage of the chirping of insects.

She soon arrived at the place where the water cloud governor had fallen.

As soon as she arrived, more colorful insects crawled out from both sides and chirped violently.

The girl frowned slightly. “Noisy!”

A thick blood qi rose from the surface of her body, and a shocking murderous aura rushed out, scaring the bugs away.

Chapter 2123 Crossing With Others (Second Watch)

Everyone was shocked by this scene.

Half-ancestor stone demon was shocked. “This generation’s young lord of the Asura world is unbelievably strong! How many living beings did he kill to have such a murderous aura?”

Everyone looked at the girl’s back with fear.

Even Su Yu was deep in thought. This girl, whom he had met once, was quite powerful.

However, the young girl had only walked half of the way.

The rest of the journey would be even more dangerous.

When she walked out of the third stage, insects with even deeper five-colored colors appeared on both sides.

The sharp hissing sound was transmitted to the people at the stairway.

They all frowned. Even from such a distance, they felt a piercing pain in their souls.

The strength of the soul attack that the young girl had suffered was imaginable.

As expected, even the young girl frowned deeply. Traces of pain could be seen on her face.

However, she was fine. She merely blinked her cold eyes, took out a long blood halberd with a flip of her hand, and stabbed it into the ground.

Immediately, the hissing sounds were all sucked in. Moreover, as much as was sucked in, it was like a bottomless pit.

The young girl holding the Blood Halberd stepped into the final stage.

As long as she crossed this stage, she would be able to step onto the other end of the stairs.

Just as she stepped in, suddenly, an almost gigantic insect appeared at the end of the stairs.

Its reminder was a thousand times larger than an ordinary insect.

It opened its mouth and placed it in front of the end of the stairs, letting out an unimaginably violent hissing sound.

Just the ear-piercing sound was enough to injure a half-step dao master, let alone the powerful soul attack contained within.

If they were to encounter it, an ordinary half-step dao master would no longer be as simple as being unconscious. Instead, their souls would be shattered by the roar and they would die.

As expected, the young girl encountered a great challenge. The Blood Halberd in her hand was no longer effective, and she was unable to absorb the sound at all.

Her eyes were filled with pain, and she was unable to hold the blood halberd in her hand. Her entire body trembled uncontrollably as she roared.

Seeing that she was about to meet danger, a loud phoenix cry that could be compared to the chirping of insects suddenly came from her body.

She could vaguely see the shadow of a pitch-black Phoenix flashing behind her.

The two voices kept a low profile, and only then did the girl feel slightly better. She gritted her teeth and resisted the intense pain in her soul, walking step by step to the end of the stairs.

When she arrived, the huge bug stopped buzzing.

The young girl's face was pale, but she knelt on the ground and panted deeply for a long time before she gradually recovered.

She looked around, but heard the voice say, "Wait for everyone to pass, and then I'll answer your questions."

The young girl nodded and sat to the side to rest as if nothing had happened.

The expressions of everyone had changed greatly.

"This place has no fate with me. It's better not to force it." Many of the half-step dao masters whose faces were pale immediately chose to leave.

The giant insect's roar just now had already crushed everyone's hopes.

Even though they were so far away, they all felt that their souls had suffered extreme pain. They could imagine what the consequences would be if they were really in front of that giant insect.

They would probably die tragically right away, right?

In the blink of an eye, there were less than six people left on the scene.

Among them were Su Yu, Mao susu, and half-ancestor stone demon.

Half-ancestor stone demon was about to try when suddenly, a shocking evil aura approached from afar like a tidal wave.

“Get out of my way!” A purple-haired youth covered in evil aura stepped onto the stairs with a furious roar.

Half-ancestor stone demon couldn’t avoid him in time and was almost kicked to the ground.

His face was filled with anger, but he didn’t stop him.

He also wanted to see how others passed so that he could learn from them.

The moment purple-haired Su Yu stepped onto the first stage, countless colorful bugs immediately began to neigh and launch soul attacks at him.

“Humph! Ants!” Purple-haired su Yu snorted coldly and knocked all the bugs out.

Then, he stepped into the second stage.

Then, an even sharper hissing sound was heard. The purple-haired Su Yu frowned and snorted again, knocking out all the bugs.

When he reached the third stage, the even more powerful hissing of the bugs finally made the purple-haired Su Yu feel danger. He stopped and released a powerful purple evil qi, blocking their hissing just now.

When they reached the fourth stage, the gigantic insect appeared again. It opened its mouth and roared, and a terrifying soul attack attacked once again.

The purple-haired Su Yu revealed a pained expression. However, he let out a fierce roar and unleashed the nine Yang Universal Sword Formation, extinguishing the loud roar. Only then did he reach the end of the stairs.

He looked around and immediately discovered the existence of the armored girl. He said sternly, “Where’s the undying ancestral demon? where is it?”

The armored girl lifted her head to look. However, her beautiful eyes were fixed on the purple-haired Su Yu. She couldn’t move her eyes away.

“I asked you a question. Are You Deaf?”

The armored girl finally came to her senses. Her eyes were filled with doubt.

The Su Yu in front of her was indeed Su Yu. However, she didn’t know why he gave her a strange feeling.

His tone and personality didn’t sound like Su Yu at all.

“Has brother Su Yu been possessed?” Qin Xian ‘er thought. “But, is brother Su Yu in the absolute beginning realm? If his body has been taken, then his soul...”

She remembered the sixteen words of the immortal ancestral demon. Sometimes, they would meet, but they would never meet again.

Her beautiful face turned pale instantly.

Did they meet now?

They only met brother Su Yu's body, but his soul could no longer be seen.

This was the so-called "Never see you again"!

She stood there absent-mindedly, her mind crumbling.

Seeing that she could not get an answer, the purple-haired Su Yu walked back and forth with his hands behind his back, looking like he was going to get angry at any moment.

On the other side.

Half-ancestor stone demon had roughly determined the strength of the soul attacks of the four stages.

"Next, I'll do it." Half-ancestor stone demon walked to the first stage.

He casually stuck a soul defense talisman on his body and stepped onto the second stage as if nothing had happened.

Faced with an even more powerful soul attack, he casually stuck a few more talismans on his body. After frowning slightly, he stepped onto the third stage.

Creak --

Soul attacks that were like water continuously attacked. Half-ancestor stone demon revealed a pained expression.

His body shook, shattering the yellow robe on his body, revealing his body that was covered in rocks.

With a low roar, he turned into a mudslide and rushed from the third step to the fourth step.

Roar --

The giant insect immediately let out a terrifying roar.

Ah --

Half-ancestor stone demon roared in pain and rolled on the ground in pain.

In the end, he was still unable to pass the fourth step.

However, at this moment, one of the three mysterious people who followed demi-ancestor stone demon tried to climb up the stairs.

As a result, the moment he stepped on the stairs, the giant insect's roar doubled.

Demi-ancestor stone demon was knocked out on the spot.

It turned out that the stairs had sensed something. If more than two people passed through together, the level of the insect would increase exponentially.

The pitiful half-ancestor stone demon was implicated by his companion. He staggered and fell down the stairs.

Fortunately, he had several soul talismans protecting him. Therefore, he was only unconscious and did not die.

The mysterious person who climbed the stairs hesitated for a moment before continuing to step forward.

However, his appearance caused the insects on the stairs to change.

In the first stage, the weakest insects were all replaced by the giant insects at the end of the stairs.

There were more than a thousand of them!

With so many giant bugs roaring, anyone below the DAO Master level would die!

However, the mysterious man only shook his body for a moment before heading to the second step as if nothing had happened.

This scene caused the expressions of everyone present to change drastically!

Su Yu's pupils constricted. "An expert at the DAO Master Level?"

If that mysterious man was, then the two mysterious men in front of him... were as well!

The bugs that appeared on the second step could be said to be gigantic, and each of them was a hundred times larger than the giant bugs from before!

Tens of thousands of bugs roared in unison. Even though that mysterious person was a dao master, his expression finally changed, and a pained expression appeared on his face under his cloak.

However, he gritted his teeth and persevered until the third step.

However, the bugs on the third step were even more powerful, a hundred times larger than the former.

As they roared in unison, they actually forced the dao master to use his profound intent domain to protect his body.

Even so, his body did not feel good. His footsteps were slow as he entered the fourth stage.

However, the giant bug in the fourth stage was even more terrifying. It was a hundred thousand feet giant bug that was the size of the entire abyss.

It floated in midair and opened its mouth to roar at the mysterious person.

Ah --

The DAO Master couldn't help but scream. Then, he closed his eyes and collapsed to the ground.

The DAO Master's soul was actually shattered by the Roar and died just like that!

So it turned out that the stairs were meant to increase the attack power of the person's cultivation base.

When an expert at the DAO Master level came, it was meant to attack the DAO Master. It wasn't easy to break through just because you were a dao master.

However, the stairs that the imperishable ancestral demon casually set up could destroy a dao master. Then, what was the cultivation level of the imperishable ancestral demon?

The remaining two mysterious people stared at the stairs with fear on their faces. Fear appeared in their eyes and they did not dare to rashly go forward.

Su Yu looked at cat susu and said, "Let's go."

Cat susu paused and said, "I... I Can't do it, right?"

If the two of them crossed at the same time, the danger would increase exponentially. It was impossible for them to cross at all.

"Close your eyes," Su Yu said calmly.

Cat Susu closed her eyes obediently and let Su Yu hold her hand.

Soon, Su Yu brought cat susu up the first step.

This action immediately attracted the attention of the armored girl and purple-haired Su Yu who had already crossed.

The armored girl was slightly surprised. "His courage is extraordinary. He knew that it would be very dangerous to cross the bridge at the same time, but he still dared to take such a risk?"

The purple-haired Su Yu scoffed disapprovingly. "That's not courage, it's recklessness!"

He could not even be bothered to see how the other party died. He paced back and forth in annoyance.

On the stairs, Su Yu released his soul power and protected cat susu.

The armored girl looked surprised and thought, "This person is too bold. Not only did he bring people to cross the stairs, he even split his soul to protect another person? Is He Serious?"

Su Yu and Cat Susu stepped on the first step and immediately, a large number of insects screeched.

They were not dao masters, so the insects they encountered were naturally not very powerful.

However, compared to the armored girl and the purple-haired Su Yu, they were more than three times more powerful, which was equivalent to the third stage.

What surprised the armored girl was that Su Yu acted as if nothing had happened. He pulled Mao susu directly through the first stage and arrived at the second stage.

The second stage that appeared was the giant bug that appeared in the fourth stage.

Chapter 2124 Ancient Scene

With a furious roar, Su Yu did not move at all. He did not feel any damage to his soul at all, and he passed through it expressionlessly.

The armored young lady suddenly stood up and asked in disbelief, "Could he be a dao master?"

She had personally experienced the might of the giant worm in the fourth stage. How could the other party pass through it so easily?

In the third stage, the insect that appeared was even more powerful. It was roughly ten times the power of the giant insect. If she were to be roared at, the armored girl felt that she would definitely not be able to block it and would definitely die.

However, the hooded man was as calm as the wind and the clouds. He still ignored her.

It wasn't until the fourth stage that a powerful giant insect that had faintly reached the dao master level let out a fierce roar.

Only then did su yu pause slightly. His body trembled for a moment, but only for a moment.

Then, he left as if nothing had happened and arrived at the end, standing in front of them.

“Not only is your swordsmanship outstanding, even your soul is unbelievably powerful,” the armored girl said.

Su Yu replied indifferently, “You flatter me!”

Then, he glanced at the purple-haired Su Yu.

He had never thought that the purple-haired Su Yu who had escaped would appear here again.

He had originally thought that he would no longer have the chance to kill him.

The purple-haired Su Yu was really courting death!

The three of them arrived, but the undying ancestral demon still hadn't appeared.

Just as they were wondering, an extremely powerful aura suddenly rushed over from afar.

The owner of that Aura was a middle-aged man dressed in golden robes.

He stepped onto the stairs without saying a word and was immediately attacked by a dao master-level giant insect.

However, just like Su Yu, he was not afraid of soul attacks at all.

After walking through four stages in a row, he appeared at the end of the stairs without a change in expression.

Other than Su Yu who understood what was going on, no one else probably knew.

The middle-aged man in front of him was no other than the extremely powerful former demon emperor.

To be exact, it was the nine heavens mystical maiden!

Her clone was a part of the soul of her original body, so it was naturally much stronger than an ordinary dao master.

The purple-haired Su Yu looked at the demon emperor warily and stepped back slightly.

At this moment, a voice that seemed to pierce through the passage of time resounded.

“The five fated ones, come in!”

The five-colored world behind them suddenly opened a door.

The five of them hesitated for a moment before entering one after another.

In the end, what they saw was a completely different real world.

A scorched land appeared before their eyes.

This place had existed for an unknown number of years. However, there were still scorched flames on the ground that had not been extinguished.

In the center of the scorched land, a green-robed human stood upright with one hand pointing at the sky.

A pair of opened eyes looked straight into the depths of the Heaven Court.

His eyes were filled with endless contempt, as if he was mocking that existence.

He just stood there, pointing at the sky with one hand and smiling at the heaven.

Even if he had died for countless years, even if his soul had died in reincarnation, even if he was only left with a remnant body.

He still maintained the attitude of looking down on the heaven!

No matter how time turned, no matter how the universe changed, it would never be buried, never be obliterated.

Even if he died, he would not submit to the Heaven and earth!

Looking at this person, Su Yu suddenly felt that time had reversed, and an ancient scene appeared around him uncontrollably.

In a moving picture.

A green-robed human stood in the void.

Beside him were endless corpses, and blood dyed the sky and the ground.

He stood in the mountains of corpses and seas of blood, laughing in all directions. "Citizens of Chaos, you have slaughtered billions of US humans. Today, I will return 980 million to you!"

As he laughed, he clapped his hands, causing the air to tremble. A shocking wave of nothingness swept out toward an ordinary mountain in the middle of the mountain.

Within the mountain were ten figures covered in layers of light. They looked down from above and stood there indifferently.

Nine of them were silent, as if they were unmoving boulders from ancient times.

Only the one on the far right panicked slightly, revealing the nine tails on his back.

"The dust of the primeval era, the sand of the universe, and the heavens and earth will all return to the dust. It's just sending them to their final destination in advance." The nine-tailed stone golem floated down like a supreme being.

She opened a pair of jade-green eyes.

In an instant, she was born, and in an instant, she was destroyed.

It was as if both eyes were filled with death and rebirth.

As life and death alternated, the green-robed person's body became blurry. She was actually about to be wiped out by the cycle of life and death.

The green-robed man threw his head back and laughed loudly. "Even if I am dust, even if I am sand, I still want to control reincarnation alone! Cauldron of all life, Rise!"

He roared loudly and took out a small bronze cauldron.

The cauldron gathered the unwillingness and unyielding will of all living beings. It contained the roars and shouts of all living beings. It was a massacre that gathered the talents of heaven and earth.

He held the small cauldron in his hand and his hands were bent.

The small cauldron fell from the sky and suppressed the nine-tailed white fox within.

The slaughter of the common people destroyed most of the nine-tailed white Fox's soul, and a stone tail was also destroyed.

Its remains fell into the Boundless Sea of nothingness!

After killing a stone golem, the green-robed man shook his sleeves, and the cauldron of the common people spun and smashed toward the Supreme Sacred Mountain!

Boom

The sacred mountain shook violently, and a female stone golem fell from the sky and smashed into nothingness. It broke into pieces and then fell into silence in the Sea of nothingness.

The remaining eight stone golems shook at the same time.

Eight Supreme Wills descended and suppressed the cauldrons of all living beings.

The wills of all living beings in the cauldrons roared and resisted.

Instantly, the sky and earth turned upside down, and yin and yang reversed.

The chaotic space-time flow swept across the greater world and destroyed the nothingness into chaos.

Tens of thousands of lives were destroyed, and not only did the nothingness return to chaos.

The world was pitch-black!

The scene ended here, but the shock in Su Yu's heart could not end for a long time.

What was that?

He only took a glance at the remains of the green-robed man, and images of the battle from countless years ago appeared in his mind.

Was that mountain the legendary Holy Mountain?

Were the ten stone golems the legendary son of Heaven?

Was the nine-tailed white Fox the one whose soul was destroyed by the will of all living beings?

Who was the female stone golem that fell from the sacred mountain and shattered into pieces?
Where was she now?

What did it mean for the world to return to Chaos and darkness?

He seemed to understand a lot, but he was even more at a loss.

“When the world has a lifespan, the sacred mountain will never be destroyed.
What you see is just a small epoch that the sacred mountain has passed.” A
voice filled with the meaning of time entered his ears.

Su Yu fixed his eyes and looked over. Just now, he realized that there was actually a person standing
in front of the green-robed corpse.

It was very inaccurate to say that it was a person.

Su Yu could not sense his existence. Even his soul and Aura did not exist at all.

In fact, he did not even have a shadow.

Was that a living creature?

The mystical maiden of the nine heavens revealed fear in her eyes and bowed deeply. “Greetings,
undying ancestral demon.”

He was the rumored ancient existence that had existed since the creation of the world, the undying
ancestral demon!

He was an existence that could live as long as the heavens and Earth, an undying and indestructible
existence!

Su Yu’s pupils constricted slightly as he felt that it was extremely strange.

Others might not be able to sense it, but as a master of time and space, Su Yu could clearly sense
that the space-time around the undying ancestral demon was extremely strange.

It was incompatible with the current space-time.

“Hehe!” The indestructible ancestral demon’s back was facing them, but the five
of them could not see the indestructible ancestral demon’s face from their own
point of view. They could only see the exact same back view.

“Some of you should have come, and some of you shouldn’t. But since you’re
here, it’s fate,” said the indestructible ancestral demon.

The purple-haired Su Yu was filled with an evil aura as he said, “I’m not here to listen to you play
tricks. Let Me Ask You, how do you kill Su Yu?”

Su Yu’s heart skipped a beat as he looked at the indestructible ancestral demon.

“I once said that if you cross the stairs, I will answer one question for free,” the
indestructible ancestral demon said. “Only the son of Heaven can kill others!”

The purple-haired Su Yu frowned. “Why can’t I Kill Him?”

“This is your second question,”the indestructible ancestral demon said. “If you want to know, I will take away your most precious thing.”

The purple-haired su yu laughed, “As long as you can take it away! Tell Me, why?”

The undying ancestral demon said leisurely, “Because he is a mortal-born saint body! A mortal-born saint body is born in the common people and is protected by the fate of the common people. No one can destroy it! Only the stone-born son of Heaven born in the sacred mountain can destroy the fate of the common people!”

When the purple-haired Su Yu heard that, he said disdainfully, “What bullshit mortal-born saint body? I don’t believe that I can’t destroy him!”

The undying ancestral demon said, “Then, I’ll take away your most precious item.”

“Hehe, as long as you can take it away.”The purple-haired Su Yu did not think much of it.

He was a soul fusion body and had never known what he loved. How could he take away an item?

“Alright!”As the undying ancestral demon said this, the purple-haired Su Yu’s soul suddenly forcefully left his body.

His body automatically appeared beside the undying ancestral demon.

“My body...”the purple-haired Su Yu exclaimed in shock.

However, the moment he said those words, his heart sank!

Wasn’t this body the thing he cared about the most?

Ever since he was born, he had wanted to destroy Su Yu and use this body to become the real Su Yu!

He had almost forgotten that he had always had something he cherished..

“Give it back to me!”The purple-haired Su Yu pounced on him with a loud roar, wanting to enter his soul again.

However, the undying ancestral demon said indifferently, “The question has been answered. You can leave.”

Without any movement, the purple-haired Su Yu’s soul was directly teleported out of the Forbidden Land of dreams!

“Who’s next?”

“Me!”Mao susu immediately said, “I want to know... why father asked me to come here.”

Ancestral demon indestructible nodded lightly, “He wants you to copy the heavenly book characters. After comprehending it, you can become a DAO Master.”

Cat Susu looked at the heavenly book characters on the remains and immediately memorized it.

“Any other questions?”

Cat Susu shook her head. If she continued asking, she would have to pay the price.

“Then leave.”

As she said that, Cat Susu also left.

“Next, who?”

Monster Emperor stood out and said, “I want to know, where is a safe place? I hope ancestral demon can guide me.”

Ancestral demon indestructible said in a hoarse voice, “I do not know the true face of Mount Lushan because I am in this mountain! When we return to the imperial palace, when a person who is covered in a nine-colored glow arrives, he will show us the way. Remember, do not force anything!”

“Thank you, ancestral demon.” Monster Emperor bowed and said before disappearing from the spot.

Finally, only Su Yu and the armored girl were left.

“Who’s next?”

Su Yu and the armored girl looked at each other.

Su Yu really wanted to know the safety of Qin Xian ‘er and Xia Jingyu. He could not wait any longer and said, “I...”

However, just as he was about to speak, an invisible giant hand seemed to envelop the world, causing the five-colored world to dim slightly.

This made him even more unable to speak!

He stared at the armored girl and said, “It’s still me!”

At this moment, Su Yu’s chest jumped wildly, having an extremely ominous premonition.

He desperately wanted to speak, but he was pressed down by that giant hand. Not only was he unable to speak, he was even unable to move!

Chapter 2125 Time Was Speechless

“What do you want to ask?” The undying ancestral demon asked.

The armored girl replied, “I have two questions!”

The undying ancestral demon paused for a rare moment before repeating, “I will only answer one question for free. The second question will take away your most precious item and you can ask it after you think about it.”

After thinking for a moment, the armored girl said, “I understand. I have two questions. One is to ask the item to repay the favor of someone who has helped me for so many years. The other is to ask if he is still alive in this world.”

As she spoke, her eyes were fixed on the purple-haired Su Yu’s body.

At this moment, she only wanted to know if Su Yu was still alive.

The undying ancestral demon sighed as if he was regretting something. He said, "The situation is like this. I have tried my best to stop it."

"You, Ask."

The armored girl did not quite understand what the undying ancestral demon meant. She said, "The thing I want to ask is the Shura sovereign seal."

The Eternal Ancestral Demon was silent for a long time. He said, "You, why didn't you ask someone first?"

He asked again.

The armored girl thought for a moment and didn't quite understand. She muttered to herself, "Strange, why would I ask about the thing first?"

At this moment, she should be most concerned about Su Yu.

She had never cared about the asura sovereign seal.

But somehow, there was a strange force pulling her, which made her inexplicably ask about the thing first.

She wanted to ask Su Yu.

However, the question had been asked. The ancestral monster seemed to be controlled by some kind of rule. He could only answer, "The Shura sovereign seal is in the hands of Tie Wuheng, the president of the Star Union Chamber of Commerce."

"Tie Wuheng, the president of the Seven Star Union," the armored girl murmured and memorized it.

Nodding, the armored girl was about to speak when the ancestral monster asked, "Do you know what you cherish the most?"

Once he asked, he would take it away.

The armored girl cocked her head and thought for a while. She smiled and said, "That man is the one I cherish the most. If you can bring him to the absolute beginning realm, I'm looking forward to it."

The ancestral monster immortal sighed and said, "Go ahead. Who Do you want to ask?"

He had tried to stop her time and time again. However, there was a force that was pushing their development.

The armored girl took a deep breath and said, "I want to ask, is Su Yu still alive?"

Her heart was beating like a deer, full of anticipation and anxiety.

She had spent a lot of effort to come to the demon world from the Asura world. Wasn't she asking the undying clan about her brother Su Yu, whom she could never forget?

She did not expect to see him. She only hoped that he would be safe.

Her question was finally asked.

At the same time, the invisible palm that held Su Yu gently dispersed, allowing him to resume his actions.

Su Yu stared blankly at the armored girl as thousands of thoughts flashed through his mind.

Who Was She?

She had a murderous aura and knew him. Could she be the pearl-ji female corpse?

The undying ancestral demon looked up to the sky and said, “She’s far away, but right in front of us!”

The armored girl was stunned as she looked at Su Yu’s body beside the indestructible ancestral demon.

“I’m asking about his soul.”The armored girl was very dissatisfied with this answer.

The indestructible ancestral demon said, “Yes, right in front of us.”

Only then did the armored girl shift her gaze away from Su Yu’s body and turned to the only person in the arena with a bamboo hat.

Her eyes were filled with confusion as she asked, “You are?”

Su Yu slowly took off his bamboo hat and said, “Can you let me know who you are? Why are you looking for me?”

The armored girl thought for a moment and also took off her armor.

Both of them revealed their true appearances at the same time.

The moment they saw each other, they were stunned at the same time.

The two gazes seemed to pass through a long space-time and meet at a fixed point in space-time.

It was also as if the two pairs of eyes that were always connected were reconnected after being broken for decades.

In the Cage of Taotie, the gaze that was separated by life and death finally reappeared in the distant space-time.

“Su Yu... Brother!”Qin Xian ‘er couldn’t believe her eyes.

It turned out that she had met Su Yu a long, long time ago.

It was like two meteors that were searching for each other, missing each other, but brushing past each other.

She smiled and threw herself into Su Yu’s arms.

Seeing that pair of familiar eyes, Qin Xian ‘er’s heart that had been hanging on for decades finally relaxed.

It was great that he was still alive.

Su Yu was stunned for a long time. The Joy that came from the impact filled his heart.

After coming back to his senses, he threw down his bamboo hat and hugged the person in his arms tightly. His eyes were filled with dense mist as he muttered, "I'm Not Dreaming, am I?"

Qin Xian 'er's eyes were already filled with tears. She sobbed and said mischievously, "You are dreaming. A dream just like mine."

At that moment, Su Yu felt that his wandering heart had suddenly become unprecedentedly peaceful.

He had worked hard for dozens of years. During his journey to the absolute beginning, wasn't he searching for her and Jing Yu?

He had never expected that happiness would come so suddenly!

The two of them hugged each other tightly. They wished that they could freeze this moment forever. They wanted to hug each other until the end of time, never to be separated again.

"Sigh, you should have listened to my letter. Don't come to see me." The eternal ancestral demon's long sigh broke the silence between the two of them.

Su Yu was immediately jolted awake as he asked, "What are you taking away from Xian 'er?"

He had seen with his own eyes that the purple-haired Su Yu's body had been taken away. It was an understatement that did not allow for any resistance.

The eternal ancestral demon said, "I've already said it. It's what she thinks she cherishes the most!"

Su Yu's heart suddenly tightened as she shielded Qin Xian 'er behind her.

Qin Xian 'er shook her head. "It doesn't matter. Isn't the most precious thing in my body the bloodline of the nine Nether Phoenix? If you want it, just take it. As long as I can be with brother Su Yu!"

She hugged Su Yu's arm in satisfaction. As long as she could be with Su Yu, she was willing to lose everything.

However, what she obtained was a long silence from the undying ancestral demon.

The silence was extremely ominous, causing Qin Xian 'er's expression to stiffen bit by bit. She said, "Do You Want My Life?"

The undying ancestral demon shook his head and said word by word, "What you cherish the most is your... memories, bits and pieces of memories regarding Su Yu!"

"Memories?" Qin Xian 'er was stunned.

The indestructible ancestral demon said, "Yes. From now on, Su Yu will be erased from your memories forever. Even if he stands in front of you, you will not recognize him."

Qin Xian 'er felt a chill run down her spine as she said, "Then... how can that be what I cherish the most?"

"Words can lie, but the heart will not! Your Heart tells me that what you care about the most is your memories with Su Yu!"

Qin Xian 'er felt an inexplicable fear, a fear that she was about to lose something very important.

If Su Yu's memories were not there, then who was the one who saved her from the snake venom on Divine Moon Island?

Who was the one who held her hand and bowed to her father?

And who was the one who defied Heaven's will and married her in front of all the people on the true dragon continent?

Then... would it be a blank?

She fell into endless fear as if she was trapped in a huge whirlpool.

She had always neglected that the most precious thing in her body was never her bloodline or even her life.

Instead, it was a memory that she would rather die than forget!

It was Su Yu's memory!

"No!" Qin Xian 'er shook her head. "Can you replace it with something else? My Eyes, my hands, or my body... you can take anything but my memory. Please don't take it away!"

She pleaded, her eyes filled with panic.

Su Yu's pupils constricted into a needle as he said, "Eternal ancestral demon, take what I cherish the most!"

Eternal ancestral demon asked in return, "Do you know who you cherish the most?"

Xia Jingyu!

The first thing that came to his mind was that he missed Xia Jingyu even more.

"If you want to know, why don't you test it?" Said eternal ancestral demon.

Suddenly, a tiny blade of grass flew out from Qin Xian 'er's spatial storage item.

She had plucked ten of them previously. She wanted to keep them for the future. When she missed Su Yu, she would take them out.

Once these tiny blades of grass left the five-colored space, they would transform into the person they yearned to see the most in their hearts.

The tiny blade of grass flew in front of Su Yu.

This scorched land no longer belonged to the five-colored land. Once it was taken out, it could transform.

Suddenly, Qin Xian 'er grabbed the grass and shook her head with a forced smile. "There's no need to test it."

She knew that the first person Su Yu would think of would be Xia Jingyu.

She was brother Su Yu's favorite.

However, she didn't want Su Yu to feel guilty, so she stopped him.

However, it was useless to stop him with just her palm.

The grass disintegrated into a five-colored light, and then a human figure reappeared in front of Su Yu.

Qin Xian 'er had no time to stop it. She could only lower her head silently, not daring to look at that figure.

No matter how she compared, she could not compare to Xia Jingyu.

However, she suddenly caught a glimpse of that figure from the corner of her eyes. That figure was not exactly the same height as Xia Jingyu in her imagination.

She could not help but think, could there be a third woman in brother Su Yu's heart?

She turned her head and looked, but she was stunned there.

She saw a petite, cute, and mischievous young girl giggling non-stop at Su Yu.

At this moment, Qin Xian 'er seemed to have been electrocuted as she stood there motionless.

She covered her red lips with both hands, not daring to believe what she saw.

The first thing Su Yu saw was actually her!

It was her, Qin Xian 'er!

Even Su Yu himself had never thought that the person who appeared would be Qin Xian 'er.

Could it be that he missed this lass the most in the depths of his heart?

"What you can not obtain is what you yearn for the most. Perhaps, the most ordinary things are what you cherish the most." The eternal ancestral demon seemed to have a deeper meaning.

She and Qin Xian 'er had long been married, but it was difficult to predict the twists and turns with Xia Jingyu.

Could it be that it was because of this that she missed Xia Jingyu even more, ignoring Qin Xian 'er instead?

"Even if you were to take his place, what you would lose would still be the bits and pieces of memories between the two of You," said the undying ancestral demon with a sigh.

Su Yu came back to his senses and focused his eyes. "Must I pay the most precious thing? who set the rules?"

The undying ancestral demon said faintly, "It's the absolute beginning Heavenly Dao that stands above all living things."

"The Heavenly Dao is only constant. There are gains and losses. If you obtain what you want from the Heavenly Dao, the Heavenly Dao will obtain what it

needs from you. I'm just a middleman. I Can't make decisions for the Heavenly Dao."

Su Yu didn't believe in the heavenly axiom the most.

Countless experiences told him that the things that restricted the common people were all man-made.

However, that person must be powerful to a whole new level.

Chapter 2126 The Awakening Of The Sacred Physique

"Qin Xian 'er, I warned you not to have too deep an obsession. If not, you will be the one to be destroyed in the end," said the eternal ancestral demon nonchalantly.

Qin Xian 'er's vision turned black. It was her own memories that were constantly blurring.

"No! I don't want to forget brother Su Yu!" Qin Xian 'er hugged Su Yu tightly as she cried out involuntarily.

Su Yu's memories were the pillar of support for her to this day. How could she forget them?

How could she dare to forget them?

Su Yu's eyes were about to crack. "Freeze space-time!"

He pointed at the indestructible ancestral demon, but that freeze space-time had no effect on it.

The indestructible ancestral demon smiled bitterly. "I'm not the one who took away her memories. It's the absolute beginning Heavenly Dao. Your attainments in time and space are far from being able to contend with the Heavenly Dao!"

"I don't believe it!" Su Yu's eyes shot out beams of light that enveloped Qin Xian 'er. "Reverse time and space!"

The memories that she had lost returned in reverse time.

However, it was useless.

A force that made Su Yu feel despair was methodically stripping away all the memories of Su Yu in her mind.

"No!" Su Yu's eyes were filled with unwillingness as a great rebellious intent arose in his heart.

No one could take away Qin Xian 'er, no one, no one!

He pushed the reverse flow of time and space to the extreme, and the price of reversing time and space was his own life.

His body was aging at a speed visible to the naked eye.

From a young man to a middle-aged man, from a middle-aged man to an old man.

His hair was a patch of white, and his face was full of spots. It was a sign that he was about to step into death.

“Su... brother Su Yu, Stop!”Qin Xian ‘er covered Su Yu’s eyes with her palm. She could no longer call out Su Yu’s name. She could not even remember his exact appearance.

She watched Su Yu go crazy and sacrifice his life at all costs just so that she could retain the memory that she had lost for a moment longer.

Her heart was filled with warmth and satisfaction.

“It’s enough... brother.”Qin Xian ‘er really couldn’t remember his name, even if it was right in front of her, “The first person you see in Your Heart Is Me. I’m so happy, really, really happy... I always thought that it would be sister Jingyu’s...”

“Don’t give up for me anymore. Xian ‘er, I’m already satisfied. Even if I don’t remember you anymore, it doesn’t matter anymore...”

Su Yu’s tears fell like rain. He only knew how to cherish it after he lost it. It turned out that Qin Xian ‘er was the person he would never forget in his heart.

She raised her face. Her eyes were filled with tears of reluctance as she gently kissed Su Yu’s lips.

It was soft and also cold.

It was like a flower that was about to wither.

“Xian ‘er!”Su Yu’s heart trembled violently as a great sorrow reverberated in his heart.

Qin Xian ‘er retracted her red lips and looked at the face in front of her. A strange feeling appeared in her eyes.

She could no longer remember this face, the name of the young man in front of her, and the reason why she kissed him.

However, her eyes could not help but shed tears for him, cry for him, and mourn for him.

It was as if she was about to lose something.

“If we can still meet, please tell me your name, please tell me the story between us, please tell me the memories that I once forgot...”Qin Xian ‘er blinked her eyes and said.

However, the look in her eyes became more and more unfamiliar. Her body could not help but step back, gradually moving away from Su Yu.

“No!”A heart-wrenching pain came from Su Yu’s chest, he roared, “I make time stop. I make space freeze. I make the soul stay forever. I make life indestructible. I make fate unceasing. I make death impervious! I only ask that you remember my name!”

Time, space, soul, life, death, fate, six laws gathered together.

They turned into six chains that released bright colors and wrapped around Su Yu and Qin Xian 'er.

At this moment, Qin Xian 'er, who was retreating, stopped and looked at Su Yu in a daze. She murmured, "Su..."

He wanted to call out Su Yu's name, but he couldn't.

Hope flashed in Su Yu's eyes!

It worked!

However, she only remembered the word 'Su'.

A trace of ruthlessness filled her eyes. A crack opened between her brows. Many hunters'souls were sealed inside.

This was because the souls in her body were so powerful that they didn't match her body.

Therefore, Su Yu only sealed them and didn't devour them.

Now, it was enough!

A look of determination flashed across his eyes as many souls were instantly devoured.

His soul continued to expand at a speed visible to the naked eye, continuously exceeding the limits of his body.

Finally, traces of cracks appeared on his body. That was the sign that his soul was so powerful that it was about to crush his body.

Just like a vase, the sand in it exceeded the capacity of the vase.

The vase would shatter from the inside out.

"As long as you still remember my name, so what if you destroy your body and never come back?" Su Yu raised his head and roared.

The Eye of devouring rotated in an unprecedented manner.

His soul power rose rapidly. Finally, when it reached a critical point, his body could no longer bear it and shattered into nothingness with a bang.

Dozens of years of cultivation had been destroyed in an instant.

However, he had no regrets!

His soul power instantly expanded to the level of a half-step Dao Master!

Among the six great laws, the power of the soul law had more than doubled!

"Su... Yu..." Qin Xian 'er muttered in an unfamiliar manner

Before her memory completely disappeared, she finally remembered a name -- Su Yu!

That was the name that Su Yu had exchanged his body for!

Su Yu stepped forward and grabbed her shoulders. "Do you still remember me?"

Qin Xian 'er raised her eyes and looked deeply at Su Yu. "Who... Are You?"

Su Yu's heart sank to the bottom of the abyss.

She had forgotten it in the end.

She had forgotten Su Yu, the Divine Moon Island, the true dragon continent, and the unbearable weight of her life.

Pushing away Su Yu's arms, Qin Xian 'er bowed to the eternal ancestral demon. "Thank you for your answers, ancestral demon. Goodbye."

With that said, a mysterious force sent Qin Xian 'er away.

Su Yu stretched out his hand and grabbed a phantom.

A cold and empty feeling swept across his palm.

He had failed to capture Qin Xian 'er for the last time!

In her life, Su Yu, her name, and her people had vanished, never to return.

Immense pain and sorrow streaked across her heart.

"Why did this happen?" Su Yu did not understand.

If he had asked Qin Xian 'er and Xia Jingyu first, Qin Xian 'er would definitely have recognized Su Yu and reunited with him.

Then, without Qin Xian 'er's second question, there would be no eternal loss of her memories!

And Qin Xian 'er clearly wanted to ask Su Yu first, but for some unknown reason, she had first asked about the Shura sovereign seal.

"There is a mighty figure controlling your fate." The undying ancestral demon sighed. "I have tried my best to stop it, but in the end, it can not withstand the Great Dao of fate."

Su Yu's silent and dim eyes suddenly shot out a heaven-shaking killing intent.

"Who is it?"

He had clearly sensed an invisible hand pressing down on him.

It caused the matter to slide down the abyss.

"The stone fetus son of heaven who controls the Great Dao of Fate!"

Su Yu's eyes were filled with killing intent that could pierce through heaven and earth. "Stone! Fetus! Son of heaven! Why? Why are you doing this?"

"Because you are a mortal fetus Saint Body!"

“One is an existence born from chaos, and the other is an existence born from all life. Between the stone fetus son of heaven and the Mortal Fetus Saint Body, they are born to be mortal enemies.”

Su Yu threw his head back and laughed. There were countless tears of sorrow in his laughter. “Just because of my identity, just because of an inexplicable fate, I want Qin Xian ‘Er to forget me. I want to disappear from her life forever.”

“Stone fetus son of Heaven!” Su Yu’s eyes were blood-red. He pointed to the sky in anger. “Today, today, at this moment, I swear with my soul that I will destroy all of you!”

He had never made an enemy of Shi Tai Tian Zi.

However, that was in the past.

From this moment on, they were the enemies that Su Yu would use all of his strength to kill!

“The blood of Tian Zi will end with my sword!” Su Yu roared with his blood red eyes as he swore the grandest oath he had ever made in his life.

A shapeless ripple shot out from his body.

The absolute beginning great dao trembled violently.

Instantly, the Order of heaven and earth was thrown into chaos, and space-time trembled.

The majestic body of the undying ancestral demon flickered!

At the same time, the six laws surrounding Su Yu exploded with an unprecedented dazzling divine light, piercing through the five-colored world and soaring into the endless sky.

In the entire demon world, billions of living beings could see the six rays of multicolored light soaring into the sky.

The multicolored light didn’t stop, shooting straight into the endless void.

In the distant sea of constellations, Emperor Yu of the Great Yu dynasty, dark star, Taiji sect, and the Cangjing Yellow Dao Palace.

All the living beings saw the six-colored light shooting into the endless void between heaven and earth.

It was like a moth burning with flames, facing death as if it was home, pouncing into the unknown darkness.

It was also like a rebellious intent that was unwilling to be restrained. It tore through the pitch-black night sky, stabbing towards the supreme existence in the dark.

The mortals might not be able to understand, but all the dao masters that were watching stared in shock.

“A mortal sacred body has awakened!”

“Finally! A mortal sacred body has begun to challenge the Sacred Mountain!”

“The pressure of the apocalypse, the will of the common people has finally begun to resist!”

“Chaos has begun! The Apocalypse is coming!”

..

Endless Dao Masters' complaints resounded through the void of millions of civilizations and the Silent Void.

Boom --

In the unseen world, the six laws struck something.

Grains of dust fell from the top.

The dust and sand drifted and fell on a nine-star civilization below.

That civilization vanished in an instant!

In the white clouds filled with endless holy qi, an ordinary small mountain was suspended in the air.

Eight stone shadows stood tall and loftily, casting vast and magnificent shadows on the ground.

“Carefree Emperor, why bother? It's not enough to destroy the spirit of the mortal Saint Body, but it will stimulate his awakening.”The stone man in the center said indifferently.

A six-colored mark appeared on the sacred mountain.

The mark contained Su Yu's killing intent and rebellious intent.

“It's just a mortal saint body. In this era, haven't we already destroyed many saint bodies? One more won't be much, one less won't be little!”The stone man on the far right had a feminine expression.

The stone golem in the middle said indifferently, “Before the body grows, you must kill it.”

“I'll take care of it! It's just a newly awakened body, I'll destroy it like ants!”The stone golem said indifferently.

Demon World.

Ancient Dream Forbidden Land.

The law chains around Su Yu had long been shattered.

The law turned from the chains into light spots.

The undying ancestral demon turned his back to Su Yu and said, “Should I congratulate you or should I be unfortunate for you?”

Chapter 2127 “I Am Not Dust.”

Su Yu's soul light flickered, like pieces of white snow surrounding him.

The colorful divine light of the six laws around him also gradually faded away, leaving only a pair of eyes that could not be red.

The two colors that suppressed hatred and killing intent could not be washed away!

“Why are you congratulating me?” Su Yu’s voice had even become abnormally hoarse, with a gloomy tone that made people shudder.

The undying ancestral demon said, “Losing a woman in exchange for the awakening of your mortal embryo Saint Body. Since ancient times, there have been countless mortal embryo saint bodies, but there are very few who have awakened...”

“So What?” Su Yu interrupted him. “Compared to her, what is the awakening of the mortal embryo Saint Body? Can it be compared to her remembering my name?”

He had already used his self-destructed body to answer that he could not!

“In this world, there is no banquet that does not end. We will be together until the end of time. It is only an oath made by mountains and oceans. When the song ends, the people will disperse. That is the logic of the heavenly axiom.”

Su Yu looked up at the sky. His blood-red eyes were filled with deep disdain. “It is the heavenly axiom again. You know what the heavenly axiom is better than me! That is just self-deception. It is just an illusion to comfort oneself and live a life of hardship!”

“There has never been a Heavenly Dao. Only those supreme existences that rule us in the unseen!”

The undying ancestral demon was stunned for a long while before he praised, “As expected of a mortal body born from the will of the common people! That’s right, the so-called Heavenly Dao is the rule created by the stone child of the Sacred Mountain, the rule that governs us living beings!”

“Your mortal body has awakened. The rule that you have cultivated all your life is to break away from their rule!”

His six laws had changed from the initial chained state to the light spot state. This was a sign that he had broken free from the laws of the Heavenly Dao.

“Then, if I want to bring back Xian ‘ER’s memories, must I snatch them from the Stone Fetus Emperor’s hands?” Su Yu’s red eyes were filled with a thick blood-red light.

“That’s right. As long as you can kill any stone fetus emperor and snatch their sacred source, you will be able to retrieve the memories that they have snatched from the sacred source!”

Su Yu’s fluctuating gaze eased up slightly.

There was finally a way out.

Although it was too far, too long, and too difficult.

However, Xian ‘er wept bitterly, asking him to remember that when they meet again, he must tell her his name, his story, and hers.

Su Yu felt that no matter how far the road was, no matter how long it was, it was no longer important.

He owed Qin Xian 'er a lot. He had always ignored her and forgotten her in a corner of his heart. He made her suffer a lot alone.

Until today, he had lost his most precious memories for him. He was crying and painfully forgetting the past.

If he could find his memories, no matter how hard it was, it wouldn't be too much!

"Tell me, how do I go to the Sacred Mountain?"

The undying ancestral demon said with his hands behind his back, "The end of the absolute beginning realm!"

Su Yu nodded and left.

He wanted to go to the sacred mountain right now!

He didn't want to wait for even a second.

"With your current cultivation base, if you go to the Sacred Mountain, you will die. Someone as strong as Ren Zu, who had the cauldron of the common life and the will of all living beings, will die."

Ren Zu, the remains of that human expert?

Su Yu looked at the remains. He didn't know if it was an illusion or not, but he vaguely felt that the remains moved.

After calming down, su yu said calmly, "Ancestral demon, please guide me."

The undying ancestral demon said, "Although you have awakened the mortal body, your lamp has yet to awaken. It is still extinguished."

An ancient oil lamp immediately appeared on Su Yu's chest.

This was an ancient lamp that had appeared when he had attained the mortal body.

However, it was not extinguished. Instead, it was burning with a flame that was not considered weak.

"It did not extinguish."

"Don't look with your eyes. Look with your laws," said the undying ancestral demon.

At that moment, Su Yu's laws no longer belonged to the Heavenly Dao.

His six laws enveloped the ancient lamp, but he realized that it was cold and silent. There was no temperature at all.

When he moved his laws away, it was burning again with the naked eye.

“Do you understand? The Heavenly Dao has been deceiving you, making you unable to see your true appearance.”

Su Yu’s eyes revealed a cold light.

Su Yu asked, “What will happen after you ignite it?”

The current ancient lamp’s only effect on Su Yu was to burn the Heaven and Earth objects and release the absolute beginning Qi.

“Effect? The ancient lamp is the core of the growth of the mortal body. Once ignited, it is equivalent to opening up your own heavenly axiom. In other words, you will become... a Dao Master!”

Su Yu’s eyes narrowed. “How do I ignite it?”

“Find the myriad lamp ancestor Buddha! He is the ancestor of the myriad lamps and can ignite all the lamps that can not be ignited! Including the ancient lamp!”

“Where is he?”

“The Western Paradise Holy Land!”

Su Yu nodded deeply.

The undying ancestral demon said, “Just as I said to the purple-haired Su Yu, the only one who can kill the mortal body is the stone embryo son of heaven! “However, what I didn’t say was that the only one who can kill the stone fetus son of Heaven is the Mortal Fetus Saint Body! “Only by lighting the ancient lamp can you be considered a complete mortal fetus saint body and have the ability to harm them!”

“Do you still have any pointers?” Su Yu asked indifferently.

The undying ancestral demon said leisurely, “No matter how far it is, I don’t know. Or, even if I knew, I wouldn’t have the chance to tell you because I have already been discovered!”

Su Yu’s eyes narrowed as he spoke in a low voice, “Didn’t you say that you would answer a question and take the most precious thing from someone? Why didn’t you take it from me?”

“Because I paid the price for you!” “You asked ten questions, and each one of them paid the price of my clone hiding in space-time. The first nine clones have already been discovered and destroyed by the heavenly axiom. Now, I’m the only remaining clone.”

Su Yu was stunned. “Avatar?”

“Yes! The real undying ancestral demon died long ago in the last era of destruction. It’s Ren Zu’s skeleton, protecting a sliver of my soul from being destroyed!”

“Since this era, my soul has been divided into ten parts, each hidden in a different space-time!” “The ones who answered your ten questions were

actually not the same avatar. When they answered one of your questions, they were found by the heavenly axiom and erased. Now, only I'm left."

Su Yu was surprised. No wonder he felt that the undying ancestral demon had the scent of space-time. It turned out that she was really hiding in the space-time turbulence.

Moreover, nine of her clones had already been destroyed.

"If you want to know how to go to the Western Paradise Saint, you can look for..."

Suddenly, the undying ancestral demon's body became blurry and constantly flickered like a shadow in water. When the waves rose, the shadows overlapped.

He had already been discovered by the Heavenly Dao and was being erased.

"You can look for child multieye. He will tell you the path ahead." Despite the danger of being destroyed, the indestructible ancestral monster still pointed out the path, but his figure became even more blurry, he laughed. "I've waited for you for far, far too long, the successor of ancient God Nine Dragons!"

"I hope you won't disappoint US Old Fellows!"

As he laughed, the undying ancestral monster was reduced to ashes!

It was as if something invisible but extremely powerful had descended and trampled it to death.

At the same time, the entire five-colored world rapidly dimmed, and a suffocating darkness descended.

In the darkness, it was as if a pair of cold eyes were coldly staring at Su Yu, wanting to devour him.

At this moment, there was a creak, and an untimely sound came from the silent darkness.

Turning his head, he saw the remains of Ren Zu. He slowly bent down and picked up the cauldron of all life by his side with his right arm.

His eyes were turbid, and there was no soul in his body.

However, when the darkness arrived, it moved on its own. It spoke with empty and indifferent murmurs, "The hundred battle bodies of the human race are not dead, and the undying chaos will not return..."

The heavenly script characters on its body shone with a bright light in all directions.

Each of them formed a complicated array formation that was branded all over its body.

Upon seeing this scene, the existence in the darkness let out a shrill cry of fear, "Ren zu still has a trick up his sleeve. It will only be triggered when the stone embryo emperor approaches. Damn it, I've fallen into the undying ancestral demon's trap."

“The undying chaos, I am not dust!” Ren zu rubbed his hands together, and the cauldron of all life shook violently. It transformed into a gigantic cauldron that suddenly flipped upside down towards the evil enemy in the darkness.

Ah --

A shrill scream and an angry roar could be heard. “Ren zu! Even if you die, you will still be our sacred mountain’s enemy!”

However, ren zu indifferently extended a finger and pointed into the darkness from afar.

The cauldron of all life spun with a bang, and the shrill voice gradually faded away. “Destroy my projection, alright, but I will not stop. The little saintly being beside you will follow in your footsteps sooner or later!”

Ah --

With an intense sound of participation, the human figure in the darkness completely disappeared.

Ren Zu grabbed at the air and the Universal Cauldron returned to his hand.

He turned around and faced Su Yu, pouring out a ball of golden powder from the Universal Cauldron.

He did not understand what ren Zu’s remains meant, so the nine dragons divine cauldron rushed out on its own. With an excited dragon roar, it caught all the golden powder.

What was surprising was that the seventh dragon, the reincarnation dragon, which could not be crystallized no matter what, had more than half crystallized!

Su Yu’s eyes flashed with enlightenment. He clenched his five fingers and six revolving small doors appeared in his palm.

“The door of reincarnation... created its own reincarnation and formed its own world. From now on, life and death are not controlled by the Heavenly Dao,” Su Yu murmured softly.

Under the cover of the door of reincarnation, life and death would be controlled by him.

The dead could live, and the living could die.

At this moment, Ren Zu’s remains said intermittently, “Have... learned... it... ?”

Su Yu bowed deeply. “Thank you, Ren Zu, for your guidance!”

Ren Zu was just demonstrating to Su Yu how to operate the small cauldron.

The Universal Cauldron could topple the enemy and destroy them.

So could the nine dragons divine cauldron!

Ren Zu raised his head and looked at the end of the great void. “My body is still alive, and I can not be destroyed in battle...”

He slowly raised his leg, but he had already disappeared from where he was. He was not even in the Daoist Huang Hall’s civilization department.

Only Su Yu was left alone.

If he could, he hoped that everything that happened just now was just a dream.

Looking around, Su Yu realized that his body had disappeared in the battle just now!

Not only had it been destroyed, it had also been devoured by the void.

Deep regret flashed through his eyes.

Was he going to start cultivating again with only his soul left?

It was a pity that he had sacrificed his body that he had been cultivating for dozens of years and failed to make Qin Xian 'er remember his name!

However, what he did not know was that.

In the teleportation array of the demon world, Qin Xian 'er lowered her head and murmured softly, "Su Yu... why do I remember such a name? Who is he? Have we met before?"

Chapter 2128 The Bloodline Of The Monster Emperor

At that time.

Half-ancestor stone demon and the two dao masters had been waiting outside.

When they suddenly sensed the huge change in the center of the Abyss, they were shocked.

After pondering for a long time, half-ancestor stone demon said, "Let's go and have a look!"

They were close to 30,000 feet away, trying to catch a savage beast and throw it in. In the end, the Savage Beast was still alive and kicking. It was not killed by the mysterious waves at all.

"Something's happening!" Half-ancestor stone demon said in a deep voice. Thus, they caught several savage beasts and used them to explore the way.

Thus, they advanced into the center of the Abyss.

The last thing they saw was a ruin that had been razed to the ground.

"Where's the human remains?" Half-ancestor stone demon asked in surprise.

The human remains had existed since the beginning of the demon world.

How could it suddenly disappear?

But half-ancestor stone demon was more concerned about the undying ancestral demon. He looked around, but there was no sign of the ancestral demon either.

"What happened here? Why does nothing exist?" Half-ancestor stone demon murmured.

The two dao masters beside him seemed to have sensed something and stared at the place where the undying ancestral demon had existed.

There were still fragments of the undying ancestral demon left there.

Demi-ancestor stone demon followed their gaze and his expression changed slightly. He immediately took a step forward and picked up the fragment. He was inexplicably surprised. “Undying ancestral demon, could it be that...”

The two Dao Masters saw his actions and quickly said, “Quickly leave that place!”

However, he was already one step too late. The space and time there immediately became chaotic.

The image of the undying ancestral demon flashed past.

Half-ancestor stone demon only had time to see his figure clearly. Before he could even say a word, a mysterious force penetrated his body.

That was the power of the Heavenly Dao!

The scene just now was when the Heavenly Dao was chasing after the indestructible ancestral demon.

The moment half-ancestor stone demon picked up the indestructible ancestral demon fragment, he stirred up the space-time turbulence and replayed the final scene of the indestructible ancestral demon being killed.

And the power of Heavenly Dao penetrated space-time and killed half-ancestor stone demon who was standing at the edge of space-time.

Half-ancestor stone demon’s body was unharmed, but the soul in his body was instantly destroyed. His eyes were gloomy.

It was just like the message the indestructible ancestral demon left him.

The moment half-ancestor stone demon saw him was the moment of his death.

If he was content, he could still live for more than a hundred years. Unfortunately, he did not want to spend his entire life as an emperor for a hundred years. He was determined to ask the indestructible ancestral demon for an explanation.

Indeed, his fate had long been decided.

He was doomed!

The two Dao Masters’ expressions changed drastically. They flew away at the same time. They didn’t even dare to stay in the demon world.

“Inform everyone to evacuate the demon world immediately. The Heavenly Dao has appeared here!”

Huala --

The news was immediately notified to the Star Alliance Chamber of Commerce’s personnel who had enough weight.

The experts used all kinds of methods to quickly leave the demon world in fear.

A ship with nearly ten half-step dao masters floated in the air. After asking, they immediately left the demon world.

“We’ll give up on chasing Su Yu for now. Everyone Retreat!”

The appearance of the Heavenly Dao was like a tiger crossing the border. They all retreated with a change in expression.

Little did they know that outside the ancient forbidden land of dreams.

A snow-white disc rapidly tore through the sky.

It was a dao artifact immortal embryo. It was a failed product that Meng Ke'er had refined when she became a dao master.

Its only use was to nourish the soul.

Su Yu had lost his body, and the only soul he had left was resting on the soul disc.

The soul disc was indeed worthy of being a dao artifact immortal embryo. His soul was resting on it, and not only did it not weaken, it even grew stronger.

He was now a half-step dao master level soul. If he took another step forward, he would become a dao soul.

However, to become a dao soul, the growth of his soul was far from enough.

He needed to improve his quality.

And the so-called quality was the appearance of a Soul Dao fragment!

However, Su Yu was not in the mood to refine his soul at this moment.

What he was thinking was to head to the seven nights divine capital and meet Qin Xian ‘er once before the inter-civilization teleportation formation.

Even if she did not recognize him!

As he was hurrying on his way, two figures came from the inter-civilization teleportation formation.

One of them had a big belly and was about to give birth, while the other was taking good care of her.

They were none other than Huangfu Lieyang and his wife.

Mo Xiaochai’s belly was already very big, which was a sign that she was about to give birth.

Looking at the seven nights divine capital, Mo Xiaochai sighed deeply. “I didn’t expect that I would come back one day.”

“Wife, are you really confident that you can give our child a future?”Huangfu Lieyang was full of worry.

Mo Xiaochai had left the demon world when she was still a child.

It was hard to say whether the current royal family would still acknowledge Mo Xiaochai.

“I know what I’m doing.”Mo Xiaochai took a deep breath.

The two of them arrived at the royal palace. What greeted them was a brand new building that had just been built not long ago.

“Who dares to trespass the Royal Palace’s Sacred Land?” Several old half-step dao masters shouted in unison.

They were responsible for protecting the bloodline of the imperial family. The Flood Dragon Demon Emperor was nowhere to be found during the great calamity of the imperial family. They had no choice but to lower their heads to half-ancestor stone demon.

They viewed him as a new generation demon emperor.

However, from their point of view, the Orthodox lineage should still belong to the Flood Dragon Demon Emperor.

What made them feel extremely fortunate was that the jade token of life in their possession suddenly shattered.

It was the life token of half-ancestor stone demon.

In other words, half-ancestor stone demon was already dead!

They had not announced this matter because once it was revealed, the demon world, which had been restored to peace with great difficulty, would fall into chaos once again.

However, this matter could not be hidden for long!

Just as they were distressed, they suddenly sensed the aura of the royal family’s bloodline and appeared near the Imperial Palace.

They thought that the flood dragon Emperor had returned, but when they descended, they realized that it was actually a human and a monster.

They couldn’t help but berate him, but in reality, they were secretly observing the monster.

Mo Xiaochai’s expression was calm. With a twist of her palm, she took out a flood dragon horn.

The words “Princess Hairpin” were engraved on it.

“Princess Hairpin?” The half-step Dao Masters looked at each other. They didn’t remember that the imperial family had the title of princess.

The princess was the descendant of the Demon Emperor’s brother. In other words, she was the demon Emperor’s niece.

However, there was only one demon emperor in this imperial family and he didn’t have any brothers.

Looking at the Horn of the flood dragon with pure demonic qi, the few half-step dao masters seemed to remember something and said in surprise, “Are you the Hou Yi of the previous demon emperor, the Qi Lian Demon Emperor?”

Mo Xiaochai shook her head. “I don’t know. I only remember that I once stayed here.”

The half-step dao masters exchanged glances and nodded after a long while.

Their eyes revealed a relaxed look.

They were really dozing off.

Seeing that the demon world was about to wreak havoc again, the return of a princess with royal bloodline could be said to be timely!

“Come with me and test whether you... And your fetus have royal bloodline purity.”

Led by a few half-step dao masters, Mo Xiaochai and Huangfu Lieyang arrived at an altar in the depths of the imperial palace.

Under their control, they took the lead in testing Mo Xiaochai.

Not long after, the three half-step dao masters shook their heads with slight regret. “The purity of the bloodline is less than half. According to the ancestral teachings, one can not become a demon emperor.”

However, when they tested the fetus through the air, the three of them were shocked. “99% Pure Demon Emperor Bloodline? Unbelievable!”

Chapter 2129 Fighting For A Body

The Demon Emperor bloodline referred to the bloodline of the first-generation demon emperor.

Even the most powerful blood Lotus Dao Fey inherited less than 80% of the first-generation demon Emperor bloodline.

99% ... didn't that mean that it was possible for him to reach the level of an indestructible ancestral demon?

“Impossible. Recheck it!”

Under normal circumstances, the bloodline was lower and lower with each generation, so it was unusual for it to reverse.

Unless the undying ancestral demon was reincarnated again.

But, was it possible?

However, the result of the test shocked them greatly.

It was still ninety-nine percent!

After being shocked for a long time, the three half-step dao masters sucked in a breath of cold air.

“What on Earth is going on?”

After a long time, they gradually calmed down and revealed deep joy in their eyes. They said, “The strongest demon emperor in history may be coming!”

Although Mo Xiaochai was not qualified to become a demon emperor, her son who was about to give birth could.

Huangfu Lieyang pointed at himself in disbelief. “My son is the strongest demon Emperor?”

The three half-step Dao Masters looked at him with disdain and said to Mo Xiaochai, “Demon empress dowager, this human is not worthy of your noble status. Do you need to immediately select a harem of 3,000 beautiful men from the Demon World?”

Huangfu Lieyang's face turned green!

If that was the case, he would just die.

Demon Empress Dowager Mo Xiaochai looked at Huangfu Lieyang with a faint smile and said, "If this human treats me badly one day, I will consider it."

Huangfu Lieyang wiped his cold sweat and rubbed her shoulders with a smile.

He sighed bitterly in his heart. There was a time when he wanted to be a man who could stand tall and create his own business.

Now, he had become the strongest person who ate women!

Since ancient times, there probably weren't many people like him who ate women and became the Supreme Emperor of the Demon World, right?

One could imagine the grievance in his heart.

"Okay! Please enter the palace and rest. We will immediately arrange for you to give birth."

Mo Xiaochai touched her belly, and her eyes suddenly dimmed. She said, "Before this, I need to use the Forbidden Dao artifacts of the imperial family to search for a person's remains."

The three half-step dao masters nodded. "No problem."

Under their lead, the three half-step Dao Masters arrived at the forbidden area deep inside the imperial palace.

The shockwave caused by the battle between the Monster Emperor and the Dao Master had directly destroyed the imperial palace.

However, the forbidden area of the imperial palace was protected by the array formations blessed by the monster emperors of past generations. It was safe and sound.

They arrived at a dark palace.

As soon as they entered, they vaguely saw the shadow of a Fox flash past.

"What is it?" The three half-step dao masters were shocked and immediately rushed over.

They saw a fox tail that had fallen to the ground in front of a stone door that was emitting light.

They didn't know how long the tail had existed, but it was still intact.

"The Samsara Sacred Gate has been used before." The three half-step Dao Masters immediately became alert.

Mo Xiaochai slightly frowned. "Thank you for guarding outside. Immediately expel the unknown object."

The three half-step dao masters nodded and immediately guarded outside.

When they were the only ones left in the room, Dai Xiaochai faintly sighed and said, “Hubby, you can do it.”

Huangfu Lieyang’s face was gloomy as he said, “Alright.”

He raised his finger and sent a trace of Su Yu’s aura into the gate. He said, “Su Yu, this is the only thing that Xiaochai and I can do for you.”

The Sacred Gate of reincarnation opened, and powerful ripples immediately appeared. They radiated toward the demon world and the boundless void world outside of the demon world.

In a faraway void world.

The purple-haired Su Yu’s body lay in the cold void, drifting aimlessly along with the void.

The powerful void energy eroded everything on the surface of his body, but it could not erode his body.

That was because the body was condensed from law fragments.

At this moment, a weak ripple swept past and discovered its existence.

A large amount of spatial fluctuations immediately appeared around the body and swept it away.

In the Demon World’s imperial palace.

After a full three days of searching, the Samsara Sacred Gate suddenly opened with a creak and a corpse fell from it.

That appearance was Su Yu!

Huangfu Lieyang and Mo Xiaochai’s last hope was completely shattered.

If they couldn’t find Su Yu’s corpse, it meant that he wasn’t dead yet.

But after searching..

Huangfu Lieyang’s face turned slightly pale, and his eyes gradually became moist.

An old friend that they had known for many years had still fallen in the end!

The scene of their first meeting in the sea of constellations with Su Yu was still vivid in their minds, as if it was yesterday.

But he... left just like that!

A great sense of loneliness and sorrow surged into his heart. Huangfu Lieyang trembled as he picked up Su Yu’s corpse and cried bitterly, “Ashes to ashes, dust to dust. Brother Su, have a safe journey!”

He brought Su Yu’s corpse to a side hall and prepared to hold a funeral to properly bury him.

Mo Xiaochai glanced at the fox tail on the ground and conveniently took it away.

Not long after, a weak beauty dressed in palace clothes appeared from behind the Samsara Sacred Gate. A fierce look flashed across her gentle eyes. “Damn it! The ninth tail that I spent years searching for was actually taken away by you!”

Her eyes were filled with unwillingness. She hid again and prepared to snatch it back.

Right now, she only had a weak soul left. Even the weakest creature could kill her.

Therefore, she would not dare to come out unless it was absolutely necessary.

At the same time.

In the Imperial City, at the inter-civilization teleportation array.

Su Yu stared at the empty teleportation array and the remaining aura of Qin Xian 'er in the air. He could not wipe away the deep sorrow and self-mockery in his heart.

The things in the world should only be treasured after they were lost.

Why did he not understand such logic before?

After standing there for a long time, Su Yu was about to step into the teleportation array and enter the demon world immediately.

Suddenly, his soul trembled slightly.

His eyes could not help but look in the direction of the Imperial Palace. He was secretly surprised. "That Aura, is it my body?"

His original body had a weak connection with his soul that could not be cut off.

Within a certain range, they could sense each other.

"How did his body appear here?" Su Yu was shocked.

He thought that he had been taken away by the Heavenly Dao or destroyed in the great battle between Ren Zu and the Heavenly Dao.

Surprise flashed in his eyes and he immediately rushed towards the imperial palace.

He was now in the state of his soul and did not have a physical body. It would be easier for him to sneak into the imperial palace.

Under the cover of the spatial laws, he quietly arrived at a side hall in the imperial palace.

What entered his eyes was a frozen corpse. It was his body from the past.

It had once been snatched away by the evil daughter, but now it was completely reappeared in front of him.

With a thought, Su Yu's soul immediately entered his body.

Immediately, his soul felt an unprecedented peace. It was as if he had finally returned to his home after drifting for a long time.

However, before Su Yu could start to control his body, a strong evil qi rushed over from afar and instantly entered his body.

"Get lost! This is my body!" It was the voice of the purple-haired Su Yu.

He had never given up on his body. When he sensed the fluctuations of his body, he immediately pounced on him with great joy.

Who knew that Su Yu had also lost his body and returned to his body first.

The purple-haired Su Yu was very anxious. He did not care about anything else and entered his body to fight for control.

Chapter 2130 Evil Daughter's Breakthrough (First Watch)

However, the purple-haired Su Yu had always relied on Su Yu's body.

His soul was merely a combination of many weak souls. How could it contend against Su Yu's soul?

"I was just worried that I wouldn't be able to find you." A crack appeared between Su Yu's brows and a powerful suction force was immediately born.

The purple-haired su yu roared furiously, "Get lost! This is my body!"

Just like the undying ancestral monster had said, the most precious thing about the purple-haired Su Yu was this body.

Without this body, he was useless.

"You're wrong. This is my body!" Su Yu swallowed the purple-haired Su Yu into his vortex and said indifferently, "Thank you for bringing my body to the absolute beginning realm and returning it to its owner."

Then, Su Yu closed his eyes. The Soul Vortex opened and destroyed the purple-haired Su Yu's soul completely.

His soul was filled with resentment, hatred, and other negative emotions. He didn't have a pure soul.

Wait --

All of a sudden, Su Yu found an abnormally pure golden thread in his soul.

After sensing for a while, he found that it was the evil daughter's soul!

It was precisely because of this thread of soul that many different souls could fuse together and not collapse.

After sensing it carefully, Su Yu also discovered that he could actually sense the existence of the evil daughter through this thread of soul.

What was even more astonishing was that he could even use this thread of soul to absorb the evil daughter's cultivation for his own use.

He thought to himself, the reason why the purple-haired Su Yu was able to display this body that was close to the cultivation of a half-step dao master was most likely because of the evil daughter.

"If the purple-haired Su Yu can borrow it, why... Can't I?" Su Yu's eyes flashed with a dark light.

He fused this wisp of soul into his own soul.

Instantly, his soul began to boil.

The Soul Dao fragment in his soul increased explosively at a speed visible to the naked eye.

Originally, less than one-tenth of Su Yu's soul was dao-formed.

After fusing with this wisp of golden soul, more than half of his soul had instantly completed dao-formed!

This was merely a sliver of the vile daughter's cultivation, yet it had such incredible power.

How powerful was the vile daughter's true soul power?

Moreover, Su Yu had a feeling that he could use this wisp of soul to steal a portion of the vile daughter's cultivation, directly pushing his body's cultivation to the peak of the five crowns Emperor realm!

To him, this would be a huge breakthrough in his strength.

However, Su Yu didn't make a move.

Instead, he closed his eyes and pulled out two light spots from his soul.

One of them was the comprehension of the path of reincarnation.

The other was the comprehension of the path of creation.

Out of the eight profound meanings of heaven and earth, Su Yu used six to become the Emperor of Heaven and earth, only missing the last two.

He had already given up, but he didn't expect his body to return.

Moreover, he hadn't broken through to the Emperor of Heaven and earth yet.

In this case, why not let him use two of them to become the emperor to make up for his lack of regret?

In these years, although he hadn't used the dao rain to comprehend two of them, at his later realm, even if he didn't use the Dao Rain, his comprehension ability was far better than before.

Therefore, the two comprehensions were enough to ignite the Divine Dao, and the door of the Emperor appeared!

After injecting the two comprehensions into his body, Su Yu pointed at his body.

Immediately, his body trembled slightly, and a huge stone door immediately appeared above his head.

The stone door pierced through the heaven and earth, attracting the attention of many demons.

Some people had broken through to the Emperor of Heaven and earth, and they were used to it. However, this was the first time they had encountered such a huge emperor's door, and they all stared in shock.

Somewhere.

Emperor Flood Dragon raised his head and stared at the stone door, his eyes filled with shock. "Someone has become the Emperor of Heaven and Earth with the eight supreme laws?"

His face was filled with shock. "There's someone with such incredible comprehension in the demon world? What a surprise!"

The emperor's door appeared, and Su Yu immediately used the evil daughter's soul to borrow a trace of cultivation.

His body was controlled by Su Yu, and he suddenly stood up to attack the emperor's door.

With a rumble, the emperor's door immediately shattered.

A law slowly descended and fused into the head of the body.

Soon after, a second stone door appeared.

The Flood Dragon Emperor's expression of shock turned into one of shock. "Dual eight great laws to become an emperor? This... is this something an ordinary person can do? Even if it's a mortal sacred body, there are only a few who can do it, right?"

A trace of shock flashed through his eyes as he suddenly recalled the words of the undying ancestral demon. His heart moved. Could that be the person he was waiting for?

After pondering for a moment, he arrived above the imperial palace in a flash.

He raised his five fingers and protected the entire imperial palace to prevent anyone from disturbing the person who had broken through.

Very quickly, the second door was also easily shattered by Su Yu's body.

The final law fused into Su Yu's body.

The final two laws were finally completed. Su Yu's soul heaved a long sigh of relief as his heart moved and completely fused with his body.

Instantly, a boundless multicolored light appeared around his body. It was an astonishing sight.

It was a sign that eight laws were gathering!

Su Yu sat up, and a deep understanding appeared in his mind.

At this moment, he had grasped the eight supreme laws of Heaven and earth, and instantly had the illusion of replacing the heavens.

Beside him, images of birth, old age, sickness, death, the withering of plants, and the rebirth of all living things appeared.

It was as if Su Yu was standing next to the endless greater world, with all kinds of laws.

"A world of its own..." Su Yu muttered softly.

At this moment, he had jumped out of all the restrictions of the absolute beginning realm. With his own laws, he had constructed a new world.

With him as the center, everything within thirty feet was different from the other world in the absolute beginning realm.

And he was the world paragon within thirty feet.

Inside this world, he was the Supreme Being.

One thought flower could bloom, one thought mountain could be destroyed, one thought reincarnated, and one thought turned into nothingness.

As long as he opened the barrier, within 30 feet, he would be invincible.

The only one who could resist this world was Shi Feizi.

They controlled the origin of the absolute beginning world, and they could break the barrier and destroy Su Yu's world.

Quietly watching the changing world, Su Yu's eyes were gentle. "This world, let's call it the immortal world."

The implication was that this was the world where Xian 'er existed.

With a thought, the immortal world converged and slowly dispersed.

With a thought, the immortal world could be released.

Within the two collapsed stone doors, a mysterious white energy was still drooping down, causing Su Yu's cultivation to slowly increase.

It wasn't until a short while later, when he reached the middle stage of the single-crowned emperor level, that he finally stopped.

"Then, it's time to ask for some interest from the wicked daughter." A cold light flashed in Su Yu's eyes as he completely digested that strand of Golden Soul.

As he fused, an unprecedentedly violent energy burst out from within and rushed into Su Yu's inner world.

The inner world continuously exploded, one after another, until dozens of violent explosions, and the inner world expanded by dozens of times!

Even though there was an endless amount of pain, Su Yu gritted his teeth and silently endured it.

If he could raise his cultivation, all the pain would be worth it!

Soon, the explosions within the world stopped. The world within it was filled with an endless amount of primal energy.

With a wave of his hand, a terrifying cultivation was released.

"Five crowns... Peak!" Su Yu thought to himself. It was almost as he had expected.

He had snatched such a cultivation from the vile daughter!

In the distant sea of constellations, an ancient sealed formation suddenly shone brightly.

On the other side of the formation, the vile daughter sat cross-legged. She was doing her best to break through the formation and break out of the prison.

Suddenly, the vile daughter let out a muffled groan. A faint trace of pain could be felt. "My Soul... is destroyed!"

The creator dragon lay at her feet and said indifferently, "It's within my expectations! That Human Brat was born with fate in his body. It doesn't mean that he can be killed just because he's strong."

Without a doubt, the purple-haired Su Yu had failed and his soul was destroyed.

The evil girl's body flashed and she slowly calmed down. "It doesn't matter if that evil thing is dead. I don't have to do it myself."

The creator Dragon's light flashed. He was so happy. "The formation is about to be broken?"

"It's broken!" The evil woman stood up and pressed her palm on the formation. Instantly, the formation glowed brightly. A wisp of absolute beginning realm's aura came from it.

The evil woman lifted her head and looked at the existence in the dark. She said faintly, "Taotie, we shall meet again!"

"Haha, I think we will meet again one day." The weak voice of Taotie came from nowhere.

It seemed that when it fought with the evil girl back then, the evil girl was stronger.

"It's best if we don't meet again. Otherwise, you will die." The evil girl said lightly and jumped into the array.

The creator Dragon also jumped in excitedly and finally disappeared without a trace.

After a long time, tao tie sighed, "As expected of the number one person under the emperor. With only 10% of his strength, he could defeat me. Even if he recovered a little, I could be turned into ashes."

"That human brat who escaped, you better take care of yourself!"

Swoosh --

Sea of constellations.

All the seawater in the Jian Xuan Sea suddenly evaporated into thin air, revealing the extremely dry bottom of the sea.

A huge white dragon let out a dragon's roar and soared into the nine heavens.

On the dragon's head stood a woman with her hands behind her back.

Her entire body flickered with light, and her face couldn't be seen clearly.

However, her voice was beautiful and pleasing to the ear.

She closed her eyes and sensed for a moment. Then, she opened her eyes and pointed to the west.

"Demon World, let's Go!"

The Genesis Dragon let out a long cry and left through the clouds.

In the Demon World's imperial palace.

Su Yu suddenly felt a strong sense of discomfort. It was as if he was being stared at by something, causing his entire body to feel a chill.

“Vile daughter! You finally came out?” Su Yu’s eyes revealed a cold light without any fear.

This day would come sooner or later!

He was even very glad that the vile daughter had only escaped today.

If it had been earlier, he would probably have died.

But now, there was still hope!

As long as he became a dao master, he would be able to contend against her!

A sense of urgency surged into Su Yu’s heart.

He had to find the eye-catching boy as soon as possible and ask him where the Western Paradise Holy Land was.

After thinking for a while, Su Yu suddenly raised his head and looked at the sky. He said indifferently, “You can come down now!”

Whoosh --

The flood dragon demon emperor, or more accurately, the fairy of the nine heavens, appeared in front of Su Yu.

Looking at Su Yu’s face, he was slightly surprised. “It’s You?”

Just now, he had tried to find out who was in the colorful light, but he had been blocked by an indescribably powerful barrier.

It felt like there was a world blocking his vision.

At this moment, he recognized the person in the light. It was Su Yu, whom he had tried to kill before!
