

## Nine-Dragon 2131

### Chapter 2131 Young Chess Player

The undying ancestral demon once said, "When a person with a nine-colored glow arrives, he will point out a safe path for himself to pass through this calamity."

Therefore, the demon Emperor had been waiting here.

But he never expected that the person he was waiting for was actually Su Yu!

But seeing that Su Yu's slightly red eyes were filled with traces of coldness, he knew that it was impossible for them to reconcile.

He wanted to force Su Yu, but he deeply remembered the undying ancestral demon's last words, "Don't force things."

Up until now, every single word of the undying ancestral demon had come true.

But if he didn't force it, what should he do?

"You're looking for me. Is there something you need?" Su Yu said indifferently.

Seeing that he was protecting him, Su Yu didn't immediately make a move.

Eh? Emperor flood dragon was slightly surprised. It seemed like Su Yu didn't have any deep hatred towards him.

Perhaps their relationship could be resolved.

Emperor flood dragon lowered his attitude and said, "I've been instructed by the undying ancestral demon. I'll wait for you on the ground."

Su Yu looked at him indifferently, but he saw through his thoughts with a glance. He said, "You want to ask me how I should avoid the apocalypse in a hundred years, right?"

His current soul power was unprecedentedly powerful, and he was already at the half-step dao master level.

It was easy for him to probe a person's heart.

Even if the other party was at the DAO Master level, it was impossible for him to block it without being able to defend against it.

Emperor Flood Dragon's heart shook. He looked at Su Yu in shock, and then immediately blocked his thoughts, making it impossible for Su Yu to probe.

"I'm sorry. I don't know how to avoid the catastrophe. Perhaps the words of the undying ancestral demon aren't all correct." He really didn't know where the so-called future lay.

Emperor flood dragon didn't think so.

The words of the undying ancestral demon seemed to predict the future.

He must have his own reasons for saying so.

Perhaps Su Yu himself didn't realize that he had something that ordinary people couldn't control.

Combined with what he had just seen, he was even more certain that he had become an emperor with two profound meanings.

“No Worries!”The Flood Dragon Emperor Thought for a while and said, “If you need me, just tell me. I want to follow you in the following days.”

Follow Me? Su Yu shook his head.

The danger he had encountered wasn’t something ordinary people could imagine. If he followed, not only would he not be able to find his way forward, but he might even die.

However, Su Yu did not reject her.

After pondering for a while, he asked, “You are called Nine Heavens Mystical Maiden?”

“Yes,”emperor flood dragon said sincerely. “To be exact, one of the thousands of souls of nine heavens mystical maiden.”

Su Yu thought for a while and asked, “How many years have you lived?”

“About half an era,”nine heavens mystical maiden answered truthfully. “My original body was once the DAO Master of the Heavenly Dao Palace. After learning the truth of the absolute beginning world, I escaped from the Heavenly Dao Palace. I turned my soul into thousands of pieces and attached them to different creatures, hoping to avoid disaster.”

Half an era?

This was not the first time Su Yu had heard the word ‘era’.

“What is an era?”

“An era refers to the duration of a true world.”The Emperor of Flood Dragon’s knowledge was incredibly profound. “For example, absolute beginning world is a true world. It means that it is a true world! “The world in the cave abode and the world within the bodies of certain gigantic beasts are ultimately space

“Absolute beginning world is a true world. It is a great expanse cosmos that can hold everything, which is why it is called a true world

“The period of time that the true world lasts once is called an epoch.”

Su Yu’s eyes lit up slightly. He stretched out his hand and said, “Please sit down and talk.”

The Emperor of the flood dragon was overjoyed. He sat down and talked to Su Yu.

‘what a joke of fate.’.

Not too long ago, the Emperor of the flood dragon was still in the imperial palace, preparing to kill Su Yu.

Who would have thought that the two of them would talk to each other calmly even though they had not been separated for long.

Su Yu had many questions, but he did not have the time to ask the undying ancestral demon. The mystical maiden of the nine heavens before him was an existence that had lived for countless years.

One could learn more about the secrets of the heavens and earth from him.

“The beginning and end of the epoch was decided by the stone embryo Emperor?” Su Yu asked.

The Flood Dragon Emperor looked at the sky and pointed at himself. He waved his hand, indicating that he did not dare to answer this question.

Once he answered, the Heavenly Dao would definitely sense him and wipe him off the face of the Earth.

Su Yu had just come to a realization. This was about the end of the world. Once he said it out loud, it would indeed attract the destruction of the Heavenly Dao.

For example, the DAO Master of all life.

His fragmented soul wanted to say something, but in the end, it was wiped off by a mysterious palm.

After a moment of thought, Su Yu released a small world that was thirty feet long and enveloped the two of them.

The Emperor of the flood dragon was slightly puzzled when he was first enveloped by the world. Once he sensed it, his expression changed drastically, and he cried out in shock, “This... is this a true world?”

Su Yu’s Small World was different from the other worlds. It was indeed a true world that was on equal footing with absolute beginning world.

“Huh? How is this possible?”

How could a small true world be born in a great true world like absolute beginning world?

‘If Su Yu’s small true world continues to expand, doesn’t that mean that he will be able to control an entire true world and become a supreme existence like stone embryo son of heaven?’?

His breathing quickened. At that moment, he finally understood why the undying ancestral monster had said that Su Yu was the one who had pointed the way forward.

If he could control a small true world, he might be able to fight against the world annihilation in the future!

The small true world was isolated from absolute beginning world. No matter what he said, the Heavenly Dao in absolute beginning world would not be able to sense it.

He relaxed a lot, then wrapped his fist in his palm and said, “Since young master Su has asked, then I will tell you everything I know.”

Su Yu found it slightly awkward to address him. She was in the body of the Monster Emperor of Flood Dragon.

When she sensed that something was wrong, golden light spread out from the surface of the Monster Emperor's body. Then, the golden light disappeared, revealing a beautiful woman in black. Her face shone with a gentle light, and her voice returned to that of a woman. "I apologize for my rudeness!"

She continued, "Young master Su, absolute beginning world is a true world that exists naturally, but it is occupied by a group of people from an unknown place. They call themselves the people of Chaos and occupy the sacred mountain, the birthplace of the true world!"

Su Yu asked in a low voice, "Then, why did they start aeons after aeons?"

"For eternal life." As expected, the mysterious woman of Nine Heavens knew many secrets.

"When the world has a lifespan, who can live forever?" The mysterious woman of Nine Heavens Sighed. "The residents of the primal Chaos Realm, in order to maintain their immortality, every time they were ordered to arrive at the destination, they would start to destroy the world. They would destroy the entire absolute beginning realm and bury all creatures except the people of the primal Chaos Realm!"

"After everything in the world was destroyed, they would turn into unimaginable energy and return to the sacred mountain. They would use this chance to absorb the energy to continue their lives."

"Then, they will use the sacred mountain to create a new world. They will use the absolute beginning Qi in the sacred mountain to create everything in the world."

"When their lives are about to end, they will destroy the world again. This way, they will continue to create new eras."

After hearing this, Su Yu understood.

Then, he said, "Everything is for eternal life. So, all the living beings in the world can be slaughtered as they wish. They can become their sacrifices?"

Su Yu felt a surge of hatred in his heart.

It was not just Su Yu's hatred alone, but also the hatred of countless living beings.

Why should they become the tools of the stone embryo Emperor's eternal life?

"Now, this era is about to end. All the mighty figures who know the truth of the world are trying their best to resist the destruction of the world, hoping to live until the next era! I am one of them," said the nine heavens mystical maiden.

Su Yu did not say a word.

In his opinion, so what if he lived until the next era?

In the end, he was just a livestock raised by stone fetus son. This time, he was lucky enough to escape a massacre.

As long as he was still in the circle, he would still be a meal for stone fetus son.

Moreover, the fatter he was raised, the easier it would be for him to become the next target.

That was why there were those at the later stage of the world who chose to resist.

Among them, there was Ren Zu, whose soul had been destroyed but had yet to die. He had single-handedly fought against the stone fetus son of heaven.

He had also succeeded in killing one, shattering another, and creating a legend that inspired all living beings.

As long as there was a guardian of all living beings that was similar to Ren zu in every era, why would he worry that the chaos would not be destroyed and that the son of Heaven would not die?

Although Su Yu did not have the benevolence of Ren Zu, who viewed all living beings in the world as his own responsibility, he could.

However, for Qin Xian 'er, he could do it. He was willing to follow Ren zu and fight against the Sacred Mountain and Hundun!

After understanding the secrets of Heaven and earth that no one knew, Su Yu paused for a long time before he gradually digested it.

He recalled something and said, "Since you are a member of the Heavenly Dao Hall, do you understand why all Dao Masters Dream of a game of chess before they die?"

This question was entrusted to Su Yu by the Heavenly Remnant Dao Master.

Unfortunately, the incident happened so suddenly that he never had the chance to ask the undying ancestral demon.

The mystical maiden of the nine heavens was knowledgeable and came from the Heavenly Dao Hall. Perhaps she knew the secrets within.

Upon hearing this, the mystical maiden of the nine heavens revealed a trace of fear and hatred in her eyes, she said, "What else could it be? Of course, it was because a stone embryo emperor was injured or because he needed to cultivate, so he used the heavenly dao to arbitrarily deprive the dao master of his lifespan! As for why he dreamed of playing go, based on my understanding, it should be related to the sacred mountain!"

"When I was in the Heavenly Dao Hall, I accidentally heard our hall master mention that there was once a young man who played chess on the sacred mountain. Later on, the stone fetus emperor descended, and that young man who played chess disappeared."

"That thread of dream should be related to the chessboard that the young man played."

Young man who played chess?

Su Yu remembered that when he flipped through the wordless heavenly book and became obsessed with it, he once saw a young man who played chess.

Could it be that the young man nine Heavens Mystical Maiden was talking about was him?

Although he did not understand the meaning behind it, he still obtained the answer as promised and could explain it to the Heaven Crippling Dao Master.

“If there is anything else you want to ask, I will be happy to answer it for you,” nine heavens mystical maiden said.

Su Yu thought for a moment and said, “Last question? Do you know where the Western Paradise Holy Land Is?”

Nine heavens mystical maiden shook her head. “I’ve heard of it, but I’m afraid that very few people were able to pinpoint the location of the western Paradise Holy Land at that time.”

“Why?”

“Because the Western Paradise Holy Land is constantly on the move. Only fated people can meet it.”

On the move? No wonder the undying ancestral demon asked him to look for the multi-eyed child first.

The multi-eyed child might have a strange technique, so he was able to see the location of the Western Paradise Holy Land.

“Have you heard of the multi-eyed boy?”

Mystical Maiden of the nine heavens revealed a strange expression. “Him? Are you sure you want to see him?”

“Why not?”

Chapter 2132 Grievance

“That’s not true. However, the multi-eyed boy has some special hobbies that you might not be able to handle.”

“It’s alright. Just tell me how to find him.”

Since Su Yu was determined to find him, the nine heavens mystical maiden naturally would not stop him. She said, “He mingles with the most famous gambling stars all year round. If we go there, we should be able to find him.”

Gambling Stars?

Su Yu nodded deeply and put away the three-zhang Small World. He said, “Thank you for your answer.”

“Of course!” The mysterious woman of nine heavens sized su yu up and said, “From now on, I will follow you. If you need me, maybe I can help you.”

Su Yu naturally would not refuse her request.

With the Dao Master with him, everything would be much safer.

Bang --

Suddenly, several half-step dao masters barged in with Huangfu Lieyang and Mo Xiaochai following closely behind.

It was difficult for them not to notice such a huge commotion.

They thought that it was some gangster who was cultivating in Su Yu's morgue. However, when they opened the door, Huangfu Lieyang and Mo Xiaochai were stunned.

"Su... Su Yu?"Huangfu Lieyan could not believe his eyes.

Mo Xiaochai also looked at Su Yu, who was sitting in front of the table, in surprise.

He was clearly dead!

Su Yu looked at the two of them and was stunned for a moment. Then, he understood why his body was suddenly recovered.

Someone had used the forbidden immortal embryo in the Demon World, right?

Su Yu didn't say anything. He laughed and went forward to give Huangfu Lianyan a bear hug.

Huangfu Lianyan was so happy that he cried. He immediately chatted with Su Yu as if no one was around. Why was he not dead even though he was supposed to be dead.

Su Yu simply explained the reason. Huangfu Lieyang and Mo Xiaochai were dumbfounded when they heard it.

There was such a coincidence?

It just so happened that Su Yu's body was destroyed, and the purple-haired Su Yu's body was detached. This was how Su Yu was able to find his original body again.

"As a thank you, I'll give you a small gift. Take it."Su Yu casually tapped Mo Xiaochai's stomach. This was the many insights he gained when he achieved the path of all gods.

If he gave it to Huangfu Lieyang's child, he would be able to become the god of all gods like Su Yu, also known as the mortal body!

To be exact, this child also contained the purest blood of the undying ancestral demon. It was completely impossible to predict what kind of constitution it would give birth to.

"Thank you, brother Su."Huangfu Lieyang was extremely excited as he watched.

Mo Xiaochai was also extremely grateful.

The three half-step Dao Masters looked at Su Yu with displeasure and questioned, "Empress dowager, Can We Really Trust this human? This corpse is filled with a considerable amount of evil energy."

Indeed, because the body had been controlled by the purple-haired Su Yu for a long time, there was a lot of evil energy left in the body.

“Let’s search his soul first. It’s better to confirm his specific identity,”the other half-step dao master said.

However, a voice that made the three half-step dao masters shudder suddenly rang out.

“How about performing a soul search on Me First?”

The three half-step Dao Masters looked in the direction of the voice. A figure suddenly appeared on the empty seat.

The three half-step Dao Masters turned pale with fright when they saw him. They hurriedly knelt down and said, “Greetings, Demon Emperor!”

It turned out that the nine heavens mystical maiden had disappeared for a moment. She didn’t want anyone to see her true appearance, so she turned back into the demon emperor.

The nine heavens mystical maiden lightly snorted. “The three of you are very bold. Even my friend Dares to doubt you.”

The three half-step dao masters trembled and said, “We respectfully welcome the Demon Emperor back.”

As they spoke, they and Guang looked at Mo Xiaochai’s stomach with great pity.

It was such a pity. The current Demon Emperor was still there, and the unborn royal family of the demon race would not be able to become a demon emperor.

Fairy Jiutian looked at Su Yu, then at Mo Xiaochai’s stomach, and said indifferently, “I have already stepped down from the position of Demon Emperor. From now on, let this unborn royal family of the demon race inherit the throne.”

The three half-step dao masters were overjoyed, but their mouths were full of fear.

Huangfu Lieyang and Mo Xiaochai were astonished. What was going on with Su Yu? How could he control a demon emperor?

When the demon Emperor looked at Su Yu, they could clearly sense that it was unusual.

Huangfu Lieyang smiled bitterly in his heart. No matter where he went, Su Yu was always the same, making him unattainable.

“Brother Su, stay here from now on and live a good life with us in the demon world,”Huangfu Lieyang suggested.

After controlling the vast demon world, he could completely control his own destiny.

He could completely settle down here.

Su Yu sighed secretly. Sometimes, ignorance was also a kind of happiness.

A hundred years later, the era would be destroyed. At that time, the demon world would not be able to escape the splendor of the apocalypse.

“Thanks, but I still have more important things to do.” Su Yu shook his head. He did not tell them the truth of the world. Instead, he wrote a letter on the spot and handed it to Huangfu Lieyang, he said, “Find a reliable person and send this letter to the Azure Mirror Civilization Department’s Remnant Heaven Dao Master in Daoist Huangdao Hall.”

Huangfu Lieyang could not persuade him to stay. He could only sigh and say, “I’ll do it for you.”

Su Yu thought to himself that this might be the best ending.

If he were to ask the undying ancestral demon, the Remnant Heaven Dao master would have probably been reduced to ashes by now.

He could still live on, but he did not know when he would pass away.

After catching up with the two of them for a while, Su Yu bade them farewell and said, “See You Again!”

They used the teleportation array to head to the distant gambling planet.

A few years later.

Daoist Huang Hall civilization department.

A letter landed in the hands of the Crippled Dao Master.

When he opened it to take a look, the crippled dao master’s eyes were filled with sorrow. “I should have thought of this long ago. Cultivators of our generation only serve fish and meat to feed the Supreme!”

They had cultivated their entire lives and worked hard for their entire lives, but it turned out that they were just nutrients for others.

A great sorrow appeared in his eyes.

He had long known the truth of the world, so he had lost the fighting spirit of his youth.

This was because he knew very well that no matter how hard he worked, he would still be a dowry for others.

But what he did not expect was that even if he lived in a corner, he would still not be able to escape the fate of being a nourishment for others.

Meeting chess in his dream was a sign of being nurtured by the stone embryo Emperor!

After a long time, he finally put down the letter. His heart moved, and he crushed something.

At that time, he had controlled the seal that the three dao masters had given to Su Yu to attack.

Now that it was broken, Su Yu could use it as he wished.

“Haha, Now That You Know the truth, do you still want to explore further?” Muttered the Crippled Heavenly Dao master.

He once had the same dream as Su Yu. He wanted to explore the even further absolute beginning world.

However, after he found out the truth, he was disheartened. From then on, he joined the Daoist Huang Hall and spent his days muddleheaded.

Boom --

While he was deep in thought, an endless tsunami came from the void.

The entire void boiled as if there was a giant whale in the sea, pushing the seawater.

This was how the Void was. It surged rapidly, pushing away all the small civilizations floating in the void.

The huge Daoist Huang Hall even started to tremble.

The shocking phenomenon caused the expressions of the Daoist Huang Hall's people to change drastically.

More than ten Dao Masters rose into the air.

One of them had high hair and a tattered robe. His aura was unfathomable.

In front of him, the other Dao Masters seemed to ignore him.

"Hall Master! You've come out of seclusion!" The Fat Buddhist Dao master immediately went up to greet him.

The Hall Master of the Daoist Huang Dao Hall had never come out of seclusion since hundreds of millions of years ago.

Now, he was alarmed.

The Hall Master of the Daoist Huang Dao Hall had a serious look in his eyes and said, "The evil daughter is here. How can I not come?"

"The vile daughter of the Heavenly Dao Hall?" A glint flashed in the eyes of the Heavenly Dao Hall's hallmaster as he said in disbelief, "Isn't that a rumor? was she killed by the Stone Fetus Emperor many years ago?"

The hallmaster of the Daoist Huang Hall shook his head slightly. "Is it really that easy to kill the number one person below the stone fetus emperor? I think she was imprisoned by the stone fetus emperor. Now, she has finally broken out of seclusion."

As they were speaking, the boundless void slapped down fiercely, shaking the huge Daoist Huang Hall civilization.

It was as if the Daoist Huang Hall was just a small boat in the void, about to capsize at any time.

Roar --

The huge dragon's roar came, shaking all the Dao Masters, including the Hallmaster of the Daoist Huang Hall, and causing them to tremble.

Looking from afar, one could see a long snow-white dragon rampaging through the void. Wherever it passed, the void shook and undulated.

When it arrived at the Daoist Huang Hall, the snow-white dragon leaped into the air above the Daoist Huang Hall and hovered there.

Its huge breath caused all beings below the dao master level to feel extremely hot.

However, the dragon did not say a word, as if it was quietly waiting for someone to give the order.

“Who is the local Daoist Huang Hall’s Hall Master?”

Suddenly, a clear and beautiful voice came from above the dragon’s head.

The voice was not loud, but in the ears of all the Dao Masters, it gave them a different feeling, making them absent-minded.

This made the Dao Masters’ expressions change drastically.

Just one sentence could affect their state of mind!

What was the cultivation level of the evil daughter?

“The Hall Master of the Daoist Huang Hall, Nanga, greets the evil daughter,” the Hall Master of the Daoist Huang Hall greeted.

The evil daughter looked down from above and said indifferently, “Have you ever seen this person in the civilization department?”

A huge portrait of Su Yu was suspended in the air above the Daoist Huang Hall.

Seeing this, the expressions of everyone present changed.

Among them, the expression of Dao Master Tian can changed the most drastically, followed by Dao Master Tian Yi.

Nan Jia was slightly puzzled and said, “I have been in seclusion for many years, but I have never seen him.”

The evil girl looked at the others, but no one was willing to answer.

They had either never seen Su Yu, or they had seen Su Yu, but they were unwilling to tell him.

“I have seen him before!” Dao master skywing stood out and said respectfully, “Su Yu once came to the Daoist Huang Hall and stayed for a period of time.”

His beloved disciple, Luoshen of the eastern region, had died tragically at the hands of Su Yu.

Due to Dao Master skywing’s partial support, Dao Master Skywing was unable to do anything to him. He only secretly told the wicked girl’s people that purple crown had secretly told Su Yu’s whereabouts in the demon world.

And now, he stood out to expose Su Yu.

The Vile daughter nodded slightly, but the world creation dragon beneath his feet sneered. “How can you understand Master’s Great Dao? She had long sensed Su Yu’s exact location and deliberately tested all of you. She wanted to see which of you has the loyalty to follow Master.”

Hearing this, the Heaven Wing Dao Master was overjoyed.

If he could follow the vile daughter, he might be able to avoid the great calamity in a hundred years.

He was very glad that he had made the right choice.

The Other Dao Masters looked at the Sky Wing Dao Master with envy, including the Hall Master.

Following the evil woman could be considered a meteoric rise!

The Evil Woman looked at the Sky Wing Dao Master and nodded slightly. "From now on, you can follow me..."

However, before the Sky Wing Dao Master could be happy, the evil woman said, "However, I hate men very much, so I have to trouble you to swallow this pill."

This was exactly the same pill that had turned Huangfu Lieyang and the others into women back then.

The difference was that this was a permanent transformation pill and could not be reversed.

### Chapter 2133 A Big Gamble

Dao Master Tian Yi was stunned. become... become a woman, or Forever?

A great sense of regret enveloped his heart.

If he was to be reduced to a woman for the rest of his life, what was the point of having a higher cultivation?

The hall master of the Yellow Dao Hall, Dao Master Tian can, Dao master fo Dao, and the others all looked at each other in dismay, as if it had nothing to do with them.

Like to leak information? Hehe, Karma has arrived!

It was said that many of the women in the Evil Woman Hall were men.

Moreover, in order to maintain relations with many large factions, the evil woman hall would usually form an alliance through marriage.

As one of them, it was likely that the sky wing DAO Master could not avoid the fate of becoming partners with men.

When he thought of that scene, the serious remnant Heaven Dao master almost laughed out loud.

"What's the matter? Why aren't you taking the pill?"The Vile woman asked indifferently.

A wave of Majesty Enveloped Dao Master Heaven Wing, causing him to feel bitter in his heart. He trembled as he took the pill.

"Take it."The Vile woman cast him a threatening gaze.

Dao Master Heaven Wing gritted his teeth and swallowed the pill in front of everyone.

In the end, his body immediately underwent a transformation. His chest rose up rapidly, and his lower body shrank. His originally feminine face became even more feminine at this moment.

Other than the fact that her clothes were still male, her body had completely turned into a woman's.

And she was quite beautiful.

Dao Master Sky Wing's heart was bleeding, but he didn't dare to complain.

“Follow me.”The evil woman waved her hand, and the Feminine Dao master sky wing was immediately captured onto the creation dragon.

With a dragon roar, she left.

“Phew!”The people of the Daoist Huang Hall let out sighs of relief. The pressure the evil woman gave them was abnormally strong.

They even had a hunch that as long as the evil daughter was willing, she could easily destroy the entire Daoist Huang Hall. No one would be able to escape this calamity.

“We have escaped this calamity. Pass down the order. Immediately seal the Daoist Huang Hall. Within a hundred years, the Daoist Huang Hall of the azure mirror will be in closed-door cultivation forever!”The Hall master was silent for a long time before he made a huge decision.

The hearts of the many dao masters trembled. A hundred years... actually, it had already been less than a hundred years.

The destruction and restarting of the epoch was about to come, right?

Who would be able to survive this destruction?

Gambling planet.

A gambling civilization was located in the most prosperous gambling holy city among the hundreds of civilization planets of the Daoist Huang Hall.

Su Yu and Emperor Flood Dragon walked among them.

The prosperity of this city was several times more powerful than even the seven night gods.

Gamblers from various regions were mixed in here.

Su Yu saw several half-step dao master experts along the way.

Occasionally, the aura of Dao Masters would appear.

And in the gambling Saint City, there were tens of thousands of casinos of all sizes.

“According to what I know, multi-eyed boy has been addicted to gambling all his life. He mingles in many casinos all year round. But as for which casino he will be in, it depends on our luck,”said the Flood Dragon Emperor.

The multi-eyed boy had never picked a casino. It wasn’t because the casino was big, but it was certain that he would be in one.

Sometimes, he would even appear in an inconspicuous small casino.

Therefore, it wasn’t easy to find him.

Su Yu and the Flood Dragon Emperor tried to find a few casinos. Each one was filled with people, and it was really hard to find them.

“If we keep looking like this, it’s not a solution,”Su Yu thought.

Emperor flood dragon asked, "The whereabouts of the multi-eyed child are uncertain. If we want to find him, we can only try our luck."

Su Yu was anxious.

He didn't have much time.

Although he didn't see it with his own eyes, his intuition told him that the evil daughter had definitely broken out of seclusion and was rushing toward him.

With the evil daughter's extremely powerful cultivation, it was only a matter of time before she caught up to him.

"Keep looking!" Su Yu said.

The characteristics of the multi-eyed boy were very obvious. His entire body was covered in eyes. As long as he appeared in front of his eyes, it was usually very easy to see him.

After several days of fruitless searching, Su Yu controlled his temper and stared at one of the largest casinos.

This casino was personally founded by the gambling Saint Dao Master, the ruler of the gambling planet.

Not only was his cultivation high, but he was also proficient in gambling techniques.

He had gambled with others countless times in his life and had never lost.

The casino that he had created was filled with all sorts of gambling techniques.

There were also all sorts of gambling techniques. It was unexpected.

"Let's go in and take a look," Su Yu said.

After entering the casino, they entered a space of their own.

The sky above the space flickered with densely packed items.

Those were the chips of all the gamblers in the casino.

Most of them were gambling money, but 10% of them were non-monetary forms.

They included common magical treasures, talismans, and so on. Occasionally, Dao master level talismans would appear, but they would quickly disappear, indicating that the chips had already fallen into the hands of the winners.

Other than that, there were also many uncommon ones, such as women, Dao Masters' Insights, and even almighty experts who sealed a certain civilization as chips to gamble with others.

Su Yu was amazed by what he saw.

Just as he was about to say something, his gaze suddenly focused on one of the chips.

"The heaven-seeking mirror can find the whereabouts of anyone within a certain range." Su Yu looked at the introduction of the chips and his heart pounded.

After identifying the area where the chips were located, Su Yu immediately rushed over, but he discovered that it was actually a rather high-level gambling table.

There were three dao masters competing with each other on it. One of them was the gambling Saint Dao Master himself.

There were two twins opposite him, a man and a woman. What was slightly surprising was that they were both young.

From the looks of it, they had cultivated for less than two hundred years!

Such a Young Dao Master? Su Yu was slightly surprised. There was always someone better than him!

There were already many experts gathered around the gambling table to watch the battle between the Three Dao Masters.

“This is the second time the twins have come to planet gambling, isn’t it? They lost half of a six-star civilization last time, but they didn’t learn their lesson and came to gamble again?”

“They are rich and powerful. They probably control more than one six-star civilization.”

“I really don’t know who they are. I’ve never heard of such a pair of Twin Dao Masters!”

“Maybe they came from a faraway place!”

“However, I think they came for nothing this time. It Won’t be that easy for them to win the world-ending dust from the hands of the gambling Saint Dao Master.”

Hearing this, Su Yu looked at the two items on the gambling table.

The chip that the Twins spoke of was a mirror in the shape of a human face, giving off a strange feeling.

The gambling Saint Dao Master took out a speck of dust that was tightly sealed by eighteen layers of seals.

It was like an ordinary speck of dust, but it was wrapped up in an abnormally solemn manner. One could tell that it was definitely not an ordinary object.

As for the Twin Dao Masters, they stared deeply at the Speck of dust, their eyes bursting with fiery light and filled with endless desire.

“Gambling sage Dao Master, are you really not going to sell this speck of world-destroying dust? We are willing to pay for another half of a six-star civilization.”The twins said in unison.

The Holy Wager Dao master laughed heartily, he said, “I’ve never sold anything in my entire life. There are only two ways to get something from me. First, you have to bet with me. If you win, I can

take it away! Second, you have to snatch it! If you can snatch it away, then it'll be considered my loss."

The Twin Dao Masters were silent for a moment before saying, "Let's just bet!"

The Holy Wager Dao Master had lived for countless years, and he was still alive. This was enough to show that the people who had their eyes on him were most likely no longer in the mortal world.

"A wise choice," the DAO Master of the gambling sage chuckled.

In fact, everyone understood that this was the unwise choice.

Since ancient times, no one had ever won a bet with the DAO Master of the gambling sage. He had never lost a bet in his entire life!

It was better to take the bet than to gamble!

However, even the emperor flood dragon didn't notice that Su Yu's eyes were looking at the world-destroying dust strangely.

He was very familiar with that speck of dust.

Or perhaps, no one in the absolute beginning realm was more familiar with it than him.

The so-called world-destroying dust wasn't something else. It was the supreme breathing earth that covered the entire medicinal garden in the nine Jade Spirit Pearl.

The Supreme Breathing Earth had more than one million grains.

He had thought that this item wasn't ordinary. He didn't expect that even the DAO Master wanted it so much. He would rather exchange half of a six-star civilization for the world-destroying dust!

Emperor flood dragon stared at the world-destroying dust with fear in his eyes. He took a deep breath and said, "This trip is worth it to see the world-destroying dust with my own eyes."

"What is the world-destroying dust?" Asked Su Yu.

Emperor Flood dragon narrowed his eyes and said, "It's a very special kind of dust. It comes from the sacred mountain. Each grain is too heavy for a civilization to bear. Once it falls, it can easily crush a civilization!"

"The stone embryo emperor used this dust to blow them to the entire absolute beginning realm during the epoch of destruction. Wherever they passed, all civilizations were crushed. That's why it's called the world-destroying dust."

Su Yu suddenly remembered that when he passed by a five-star civilization, that civilization was suddenly crushed into dust.

Could it be because of the indestructible dust?

"The Indestructible Dust is a supreme holy item that many Earth Attribute Dao masters use to refine dao artifacts. Adding one grain into it would increase the power of the Dao artifact by several times."

Su Yu's heart was surging with emotions.

One grain could destroy a civilization. If he were to pour out all of the Supreme Breathing Earth in its nursery..

He was afraid that wherever the dust passed, it would be destroyed.

Suddenly, he remembered what he saw in the scene.

Ren Zu smashed a corner with his cauldron.

The dust in the nine-jade spiritual pearl should be that corner. It was coincidentally collected by the remnant soul of the nine-tailed white fox and placed in the Heavenly Dao's eye of death.

He did not expect Su Yu to benefit from all of it.

**"The Gamble has begun!"**The flood dragon emperor's reminder pulled Su Yu back to reality.

Looking closely, the Twin Dao Masters and the gambling Saint Dao Master each held three golden leaves in their hands.

The different golden leaves had different points marked on them.

This was a very common gambling method in the casino... to compete in size!

The golden leaves all had a very unique aura. It was very difficult to cheat.

**"Show your cards!"**The gambling Saint Dao Master said slowly.

The Twin Dao Masters took a deep breath and put down all the golden leaves in their hands together with the gambling Saint Dao Master.

The Twin Dao Masters had a total of 17 points.

As for the gambling Saint Dao Master, he had 18 points!

It was only slightly more than them!

**"Sigh!"**The Twin Dao Masters looked deeply disappointed and couldn't help but beat their chests and stomp their feet.

Just a little bit more!

Su Yu looked on coldly from the side and looked at the gambling Saint Dao Master with a meaningful look.

How could it be so coincidental that it was just a little higher?

**"According to the bet, this sky-seeking mirror belongs to me!"**The gambling Saint Dao Master took the mirror in his hand.

The twin path master looked unwilling and said, "Again! This time, we'll use the other half of the six-star civilization as a bargaining chip!"

Hearing this, the whole place was in an uproar again.

The twin path master was not going to stop until he got the world-destroying dust!

The gambling saint path master laughed, “No one is rejected!”

He was about to put the mirror away and leave the world-destroying dust alone when suddenly, a voice came from the side, “Why don’t I join one too?”

Thinking is not smooth, try to make up.

Chapter 2134 There Was No Such Person (First Watch)

Hearing this, the three dao masters and the onlookers all looked at the speaker.

A human youth walked out with a calm expression.

The gambling Saint Dao master frowned slightly and looked away as if nothing had happened.

The onlookers couldn’t help but laugh.

“Where did this human come from? How could he be so blind? How could a sovereign of Heaven and earth have the right to interfere in the gambling between Dao Masters?”

“He’s probably interested in the chips and wants to try his luck.”

“Hey, human, if you want to participate in the bet, you should at least take out an equal amount of chips, right? You Can’t just throw out a dao coin and bet with the Dao Masters on the world-shaking treasure in their hands, right?”

The crowd burst into laughter.

They clearly didn’t believe that a mere sovereign could take out an item to bet with the Dao Masters.

Su Yu was expressionless as he took out a speck of dust and held it in his palm.

In the end, the moment he took it out, the Three Dao Masters shot shocked gazes at him.

The Twin Dao Masters suddenly stood up, their eyes emitting a dense light as they said in unison, “World-destroying dust!”

The gambling Saint Dao Master’s eyes also flashed with a bright light as his eyes revealed a look of disbelief, “Where did you get the world-destroying dust?”

Su Yu said indifferently, “When did the gambling star start asking about the gamblers’ chips?”

The gambling saint path master knew that he had misspoken. He looked deeply at Su Yu and said, “Alright, you have the qualifications to gamble with us.”

The surrounding audience was in an uproar. They looked at Su Yu in shock.

Where did this person get the world-ending dust?

The world-ending dust rarely appeared in the world. The known world-ending dust only existed in the ruins of civilizations that had collapsed for who knew how many years.

Moreover, it was usually hundreds of collapsed civilizations that could find a single speck of dust.

Those ruins of civilizations usually sank into the deepest depths of nothingness and required the cultivation level of a dao master to infiltrate.

Once a speck was found, it would definitely trigger a great battle at the DAO Master level.

Therefore, the difficulty of obtaining a speck of world-destroying dust was beyond imagination.

Where did the human race in front of them get the world-destroying dust from? It was truly puzzling.

They were extremely suspicious, to the extent that they had never imagined that Su Yu might have even more world-destroying dust.

Su Yu walked up with the world-destroying dust in his hand. This scene caused the gambling sage dao master's eyelids to twitch slightly. He said, "This... brother, please be careful not to fall."

Once the dust left his palm and fell, at least half of the entire gambling planet would be crushed.

"No worries," Su Yu said casually.

Because he had the nine Jade Spirit Pearl, the dust here was also under his control. Therefore, it was as light as nothing in his hand. He didn't have to worry about accidentally injuring the gambling star.

"What do you want to bet with the eternal dust?" The gambling Saint Dao Master stared at the dust, his eyes burning.

He had countless treasures on him, but there were very few that could be compared to the eternal dust.

The young man in front of him had really given him a heavenly treasure.

He said that it was a "Gift" because up until now, no one had been able to beat him. It had never happened before, and it would never happen again.

"The heaven-seeking mirror in your hand," Su Yu said.

The gambling saint path master was surprised. In terms of value, the heaven-seeking mirror was actually not comparable to the world-destroying dust. It was only half the value of the world-destroying dust.

"Are you sure?" The gambling saint path master asked.

Su Yu asked back, "Do you want to trade?"

The gambling saint path master wanted to trade, but he had already said that there were only two ways to take something away from him. The first was to snatch it, and the second was to gamble and refuse to trade.

As a respected path master, there was no reason for him to take back what he said.

Furthermore, he was bound to win, so why would he exchange it?

"Alright! Then, the three of us will make a bet together!" The gambling Saint Dao master said, "I'll bet on the two of you alone! If one of you wins, you can take what you want from me. If you lose, hand it over to me, how about it?"

“No problem.” Su Yu and the Twin Dao masters nodded in agreement with this rule.

The gambling Saint Dao master said, “Then, let’s begin!”

With a clench of his palm, a hundred leaves appeared on the gambling table.

“Who’s going to pick first!”

Just as he finished speaking, the unwilling twin dao masters spoke first, “I’ll go first!”

The rule was that each person would pick three leaves.

Through the combination of points on the leaves, the points would be higher and lower than the points.

The Twin Dao Masters considered it over and over again and picked three golden leaves.

They wiped away the light on the surface of the leaves and immediately revealed their respective points.

They were 10, 12, and 11 points respectively!

The highest point of the leaves was 12 points, and the highest point of the three leaves was 36 points.

The twin path master had obtained a total of 33 points this time, which was extremely close to the full point.

The twin path master was extremely excited, but his expression was calm, making it hard to tell if he was happy or sad.

Su Yu chose the next one.

Su Yu took the time to check the golden leaf and found that even the soul laws could not see through the light of the leaf.

However, if he could not cheat, how did the gambling Saint Dao Master maintain his undefeated record?

One could not always be lucky.

Therefore, the method to cheat was definitely not the cards, but... the gambling table!

In that split second just now, Su Yu keenly sensed that time had stopped for an instant.

Although it was extremely subtle, to the extent that even the dao masters present had not noticed it.

However, Su Yu had indeed sensed it.

In other words, in the split second that time stopped, the golden leaf that he had chosen had been tampered with.

After thinking for a moment, Su Yu expressionlessly stretched out his finger and clamped on the three golden leaves.

At the instant he pinched them, he used spacetime freeze.

At this moment, a weak time fluctuation happened to appear.

As expected!

After spacetime freeze, he saw a blurry shadow flipping open the three cards in Su Yu's hand to check the points. Then, he replaced the other three leaves with the ones that Su Yu was about to take.

Moreover, the blurry shadow casually flipped through the few leaves beside him to determine which ones had higher points.

At the same time, he memorized the positions of those leaves so that he could retrieve them later.

He did not realize that everything about him was clearly seen by Su Yu, who was in control of time and space.

"No wonder he can remain undefeated for eternity. With such a time-frozen cheating method, no one can expose him unless they meet a mighty figure," Su Yu thought to himself.

After the gambling saint path master had made his preparations, he took his time to make his move.

He picked up the three leaves that had been replaced under his finger and took a look. He had a total of 17 points!

He then picked up the three leaves that the gambling saint path master had chosen and took a look. The total of his points was 34 points.

Finally, he looked at the points in the hands of the twin path master. 33 points.

Do you still want to kill both sides?

Su Yu thought for a moment and took the leaf with 34 points in his hands. The leaf with 17 points was placed at the position of the three leaves that the gambling Saint Dao Master had taken a fancy to.

Just then, the space-time freeze ended.

Su Yu picked up the three leaves.

The gambling Saint Dao Master asked with a straight face, "Have you decided?"

Su Yu nodded, "It's your turn!"

The gambling Saint Dao Master couldn't help but laugh. He picked up the leaves casually, he said with emotion, "This comparison of points is purely a test of luck. There is no pattern to be found. If you relax your mind and pick randomly, you can sometimes get higher points."

His seemingly experienced words were praised by the onlookers. They all regarded it as a treasure book for gambling.

Su Yu shook his head secretly. Cheating was still so dignified!

It could be seen that he was also a person who only allowed himself to win and not lose. He was most likely a person who could not afford to lose.

After finding the multi-eyed boy, it was best to leave the gambling star as soon as possible and not have any contact with this person.

“Therefore, competing in points is the gambling method that I dislike the most. Because there is no technique to speak of. It is all based on Luck!” As the gambling saint path master said this, he said to the twin path master and Su Yu, “Then, let’s have a showdown.”

Su Yu and the twin path master spread out the three leaves in their hands and put them down.

As the gambling saint path master put down his own, he smiled and said, “Looks like I won again...”

When he looked at the twin path master’s points, he could still say that. However, when he saw Su Yu clearly, his voice suddenly stopped. He hurriedly looked at his own leaves and said in shock, “How is this possible?”

He had obviously replaced Su Yu’s leaves with seventeen points. How did it become his instead?

And the three leaves that he had taken a fancy to fell into Su Yu’s hands.

For a moment, he even wondered if he had gotten it wrong in a moment of stupor.

However, when he woke up slightly, he knew that it was impossible for him to make such a low-level mistake. Su Yu must have cheated!

“Haha, I Won, I won!” The twin dao masters were overjoyed. They could not believe that they had really won against the legendary gambling Saint Dao Master who would never lose!

Su Yu also let out a sigh of relief and said, “Luckily, luckily!”

Thus, the Twin Dao Masters obtained a speck of world-destroying dust from the gambling Saint Dao Master.

Meanwhile, Su Yu successfully obtained the heaven-seeking mirror.

This scene caused the spectators to be astonished.

“The gambling Saint Dao Master actually... lost! And he lost to two people at the same time!”

“How can this be? Isn’t the legend of the gambling Saint Dao Master’s undefeatable performance in the casino... Broken?”

The entire casino instantly erupted. They had witnessed the destruction of a legend and the fall of a legend!

Su Yu took the heaven-seeking mirror and immediately used it to prevent anyone from thinking about it.

He wanted to use the heaven-seeking mirror to find the group of ten thousand lanterns, but unfortunately, the use of the heaven-seeking mirror was limited to a certain range of people.

The group of Ten Thousand Lanterns was unknown in a faraway place, so it should not be effective.

If he wanted to find it, he could only look for the multi-eyed boy. He should be on the gambling planet.

Su Yu inserted the primal energy into the mirror and chanted the words 'multi-eyed Boy' in his heart.

Instantly, a layer of ripples was released from the heaven-seeking mirror and radiated across the entire gambling planet.

In the unseen world, everyone was swept by it. Moreover, their souls seemed to have been gently flipped by some mysterious force, confirming what its name was.

"Who did he look for so urgently? He couldn't wait to use it!"

"But this mirror is indeed very magical. It can actually take the initiative to search through the memories of others!"

..

Amidst the heated discussions, the search for the heaven-seeking mirror ended.

However, Su Yu, who was filled with anticipation, was greatly disappointed when the mirror on the heaven-seeking mirror finally displayed four words: "There is no such person!"

Su Yu's expression sank slightly. This meant that the multi-eyed boy wasn't on the Star Gambling Planet?

Chapter 2135 Golden Eyeball

The boy with many eyes had spent most of his life gambling on stars. He only left a few times. Was his luck that bad?

Seeing that Su Yu was unable to find him, the gambling saint path master's eyes flashed. "Who are you looking for? I've been gambling on stars for many years. Maybe I know something."

Su Yu looked at him and said, "Multi-eyed boy!"

"Him?" The gambling saint path master seemed to have thought of something and his face revealed a trace of fear.

The others had already exclaimed, "Multi-eyed boy, wasn't he captured by Nirvana several years ago?"

Hearing this, Su Yu was stunned. He came here for nothing?

Nirvana organization was mysterious and unpredictable, without a trace. Where could he find him?

The Flood Dragon Emperor also had a helpless look on his face. It was not easy for Su Yu to win against the gambling saint path master, but in the end, it ended up like this.

It really made people speechless.

"Why are you looking for the multi-eyed boy?" The gambling saint path master asked thoughtfully.

Su Yu nodded, "I want to use him to find someone."

Unexpectedly, the gambling saint path master suddenly laughed out loud, “That’s really a coincidence! I can help you find someone too.”

“You?” Su Yu asked back, his words were filled with disbelief, “The person I’m looking for is constantly moving, so I can’t determine his location.”

The gambling Saint Path Master didn’t say a word. He took out a golden eyeball with blood on it.

The eyeball was preserved quite well with a seal. Although the eyeball was old, it wasn’t damaged at all.

“The trick of the multi-eyed boy to find someone is that his eyes can see places that ordinary people can’t see.” The gambling saint path master said,

“Unfortunately, when the multi-eyed boy was young and full of vigor, he once looked for me to open a bet. In the end, he lost everything and broke his own eye, using it as a bargaining chip. As you can see, he lost to me.”

Su Yu looked at the Golden Eyeball and pondered for a moment before saying, “You wish for me to make another bet with you?”

“Yes!” The gambling saint path master said solemnly, “This is the eyeball of the multi-eyed child that only exists in this world. Whether you want to bet or not is up to you.”

After thinking for a moment, Su Yu said, “I can make a bet, but what do you want to bet on? And what gambling method do you want to use?”

The gambling saint path master paused for a moment before saying, “It’s still a competition of points. However, with a change in the rules, the chips of both parties can continue to increase until one side completely admits defeat.”

Su Yu thought for a moment and said, “Do you mean to add up the chips indefinitely?”

He did not feel any pressure. The topmost breathing soil was worth over a million. It would not be a big deal if there were a few hundred or even a thousand chips missing.

“Let’s use five times as the upper limit. After five times, if both sides do not admit defeat in advance, all cards will be revealed.”

“Alright.” Su Yu agreed without hesitation.

The gambling saint path master said, “Then, from now on, let’s first count the chips of both sides.”

He looked at Su Yu and said, “What do you want?”

What do you want?

Su Yu’s light flashed and said, “I want at least 10,000 drops of the path master’s Blood!”

Hearing this, everyone sucked in a breath of cold air. “Hiss! This little human brat really dares to ask for it!”

10,000 drops of the path master’s blood was equivalent to all the blood on a path master’s body.

In other words, one had to kill an entire dao master in order to obtain so much divine blood.

However, how could a dao master be so easy to kill?

Someone as strong as Dao master gambling saint had never successfully killed a dao master in his entire life.

At most, he would only heavily injure a few.

Dao master gambling saint was also greatly surprised by Su Yu's appetite and said, "Do you know how Precious Dao Master's Blood Is?"

A drop of Dao Master's blood was no less than a peerless treasure to an emperor.

Whether it was to refine a divine weapon or to use it to comprehend the Great Dao, they were all good things that dao money could not buy.

Moreover, there were ten thousand drops. It was believed that not many dao masters could possess so much dao master's blood.

Unless they extracted their own dao master's blood, but it was obviously impossible.

"If you don't have it, forgive me for not being interested in the bet," Su Yu said.

He did not lack resources, the only thing he lacked was dao master's blood.

As long as he got 10,000 drops, he could successfully activate the Heavenly Dao's eye of death.

The evil daughter was about to attack, so he had no choice but to make preparations.

Seeing Su Yu slowly stand up, the gambling Saint Dao Master pondered for a while and said, "Okay, I can bet with you. However, I only have 8,000 drops of dao blood, and I got it from different Dao master gamblers."

Hearing this, Su Yu's eyes lit up and he immediately said, "Okay!"

"However, the DAO Master's blood is too precious. I Can't use 8,000 drops as a bargaining chip. I will split it up and use it as a bargaining chip for four times. With the eyes of the multi-eyed boy, I can use it for exactly five times. What do you think?"

Su Yu nodded. "Of course!"

After thinking for a while, he took out five world-destroying dust particles and said, "These are the only five world-destroying dust particles that I have. They are also bargaining chips for five times."

Seeing this, everyone present sucked in a breath of cold air again.

"Five... five specks! Who is that human? What is his background?"

"That's impossible. There are so many specks of world-ending dust. Even if he were lucky, he wouldn't be able to pick them up!"

The gambling saint path master's breathing was even more rapid. A deep greedy light shot out from his face as he said, "Outsiders, step back. The game begins!"

After clearing the area, the gambling saint path master grabbed another handful of golden leaves and placed them on the table. He then said, "Who wants to pick first?"

"I'll do it!" Su Yu did not give in and said.

"Please!" The gambling saint path master's eyes flashed.

Su Yu's eyes were calm. He immediately activated time and space freeze. Everything in the world was frozen. Only he could move.

He flipped through the many golden leaves and confirmed the position of the five golden leaves with the highest points. Then, he returned.

When spacetime was flowing normally, Su Yu reached out and grabbed the twelve golden leaves he had chosen.

After he took them in his hand, he scraped off the golden light on them. It was indeed twelve points.

Perhaps the gambling sage Dao Master had learned his lesson and did not use the laws of time anymore.

Next, the gambling Saint Dao Master took one.

After both sides drew three, they looked at each other.

"Do you want to continue?" The gambling Saint Dao Master said. If Su Yu didn't continue, then the speck of world-destroying dust he put on the table would belong to the gambling Saint Dao Master.

Su Yu said, "Continue!"

Both sides pushed one speck of world-destroying dust and one dao master's blood onto the gambling table.

Immediately after, both sides took out a golden leaf.

Up till now, Su Yu's four golden leaves were all 12 points, and they were firmly in the winning position.

"Continue!" Both sides had no intention of stopping, and were filled with considerable confidence in their own cards.

As both sides continued to accumulate their chips, the eyes of the onlookers turned red!

"How long has it been since we've encountered such a shocking gamble? It's only second to the time when the gambling sage Dao Master fought against ten Dao Masters alone, right?"

"No, that gamble was far less shocking than the one before me!"

"8,000 drops of Dao master's blood and five specks of world-destroying dust! Oh My God! How many Dao Masters would be jealous of such a Gamble?"

The spectators couldn't help but boil up as they stared unblinkingly at the two sides continuously increasing their stakes.

In the end, the stakes accumulated to the maximum.

Beads of sweat appeared on the gambling Saint Dao Master's palm. This was the first time he had encountered such a huge gamble.

Even with his temperament, he couldn't help but feel a little nervous.

If he lost this battle, then he would lose at least 10% of his life's accumulation.

He absolutely couldn't lose this battle.

**"Show your cards!"**The gambling Saint Dao Master said.

Su Yu nodded slightly and stared at the five leaves in his palm. He didn't immediately put them down.

Instead, he stared at the points on the leaves and spread them out bit by bit.

Even though it was a win-win situation, it was very likely that he would fail due to carelessness.

As expected, just as Su Yu was about to spread the leaf out completely, an unnoticeable fluctuation flashed across the leaf.

The points on it all changed drastically.

Some went from 12 points to 2 points, while some went from 10 points.

However, the win-win situation immediately disappeared.

On the other hand, a strange smile flashed in the depths of the gambling Saint Dao Master's eyes.

There was a trap!

Su Yu immediately used space-time freeze to freeze the positions of both sides.

Taking the opportunity, he looked at the gambling Saint Dao Master's cards and was surprised to find that all the leaves in his hand were Su Yu's. There were a total of eight leaves with 12 points.

**"There's something wrong with the leaves!"**

These leaves had been secretly tampered with by the gambling Saint Path Master. He was able to follow his heart and exchange the opponent's leaves into his hands.

Su Yu's heart changed rapidly.

Now, even if he exchanged his cards back, he was still able to exchange his cards back with a single thought at the moment of showdown.

And his space-time freeze could not be used again and again.

A brilliant light shone in his eyes.

Su Yu went forward and took back all of his leaves. Then, he changed all of his leaves back.

Once the time freeze ended, a presence that could not be seen by the naked eye appeared around Su Yu.

It was the presence unique to a small world of thirty feet. It surrounded him in the center, causing him to appear in another true world.

The DAO Master of the sacred gambling den, who was about to flip his cards, was also constantly paying attention to the number of his leaves. When he noticed that the number of his leaves had been changed back without a sound, a chill ran down his spine, and he thought to himself that it was as he had expected.

The other party had some kind of strange ability that could change the leaf in an instant.

He had lost in the previous round because of this strange ability!

As if nothing had happened, he flipped all the leaves open and at the same time, instantly changed the cards in Su Yu's hand into his own.

In this way, Su Yu did not even have the chance to change his cards!

PA --

The eight leaves landed neatly in front of the gambling Saint Dao Master, and the points on them fell into everyone's eyes.

How could Su Yu change his cards in front of so many people?

It must be known that if someone found out that he cheated, not only would all his chips be taken away, he would also be punished by the casino.

"You lost!" The gambling Saint Dao Master did not look at his cards and said.

Eight 12-point cards, a guaranteed win!

However, the spectators were stunned.

"As expected of the gambling Saint Dao Master. With such bad cards, he can say that he will definitely win!"

"Don't talk nonsense if you don't understand. This is called boldness, do you understand? The gambling saint has always been like this!"

"Ai, when can we learn a little bit of confidence from the gambling Saint Dao Master? With such cards in our hands, we all have a heart of certainty to win."

When the gambling Saint Dao Master heard this, he was slightly stunned.

When he lowered his head to take a look, his pupils constricted violently, and his eyes were filled with disbelief.

Chapter 2136 Draw Your Blood

How was that possible!

At the last moment, he had clearly switched cards successfully!

Why was it still his own card?

Looking at Su Yu again, his expression was indifferent as he slowly put down the eight leaves in his hand.

Each leaf had twelve points.

“F \* ck! Is it fake? Eight 12 points? Is there such good luck?”

“He cheated! He must have cheated!”

“But he was able to cheat in front of the Dao Master of the sacred gambling sect without being exposed. That is also a skill.”

Su Yu cast a glance at the DAO Master of the sacred gambling sect’s cards and said, “It seems like I won!”

The DAO Master of the sacred gambling sect stared at his cards in a daze. He could not believe how he had lost.

‘It shouldn’t be!’

He had refined all those golden leaves before. In an instant, they would change according to his thoughts.

How could he fail?

How could he know that Su Yu had just released his small true world.

He was alone in his small true world and separated from absolute beginning world, so how could Su Yu cross over to change his cards?

That was why the last change ended in failure.

The DAO Master of the sacred gambling den was filled with unwillingness and anger, but he could not do something like throwing a stone at his own feet in public.

If word got out that he couldn’t afford to lose, his reputation as the gambling saint would be completely destroyed.

“I’m willing to accept my loss.”The gambling Saint Dao Master said dejectedly. Then, he cupped his fists and said, “Your gambling skills are superb. I admire you!”

Su Yu immediately put away his five world-destroying dust grains, the 8,000 drops of Dao Master’s blood, and most importantly, the eyes of the multi-eyed boy.

He cupped his fists in response. “You flatter me. Only the gambling skills of the gambling Saint Dao Master are truly impressive.”

There was a deeper meaning behind his words, causing the depths of the gambling Saint Dao Master’s eyes to darken.

His cheating methods had not been able to escape from the palm of the other party at all.

This was the first time in his life that he had lost, and he had lost so miserably!

8,000 drops of Dao Master’s blood!

He had spent a great deal of effort to win it back again and again. Now, he had lost it all in one go.

How could he tolerate this?

“You are a guest from afar. If you have nothing else to do, why don’t you stay on the gambling planet for a few more days?” Dao master gambling saint appeared very polite on the surface.

Su Yu said, “No, I still have something to do. I’m afraid I Won’t be able to stay for long. Goodbye!” After he finished speaking, he immediately left the casino.

Seeing this, the experts present nodded one after another. At least this kid wasn’t blinded by victory. Just based on the 8,000 Dao master’s blood and the multi-eyed boy’s eyes that he had just won back, if he really dared to stay in the gambling star that was filled with all sorts of people, he probably wouldn’t live for more than two hours.

Thus, once Su Yu left, several half-step dao master’s auras in the casino followed him and left.

This was because the news had yet to spread. Otherwise, the number of experts who followed Su Yu would have increased by more than a hundred times.

The gambling Saint Dao Master’s heart was gloomy, but he acted as if nothing had happened. He continued to manage the casino for a while before he left unhurriedly.

However, after he left, he immediately revealed killing intent and disappeared in a flash.

When he reappeared, he was already in the void.

He traversed through the void and tracked the aura of the blood of 8,000 Dao Masters.

Finally, his gaze locked onto a meteorite.

“Human brat, aren’t you walking a little too fast?” Dao master gambling saint’s cold light flickered as he stared at the meteorite.

On the meteorite, Su Yu rose into the air with his hands behind his back and said indifferently, “I’ve been waiting for you for a while. You came too slowly.”

Oh? What did he mean?

He focused his eyes and sensed. He was surprised to find that the corpses of the half-step dao masters who were chasing after Su Yu were all lying on the meteorite.

How long had it been? They had all been killed!

Looking at the blood on Su Yu’s sleeve, the gambling Saint Dao Master was slightly surprised. “I didn’t know that a human like you was so powerful. Or should I say, your companion is very powerful?”

He slapped the sky in a certain direction.

The meteorite suddenly exploded, revealing a golden-robed man wearing a bamboo hat.

Dao master intent flowed around him, Blocking Dao master gambling saint’s palm.

“Dao Master of the Demon World? Are You... A Demon Emperor?” Dao master gambling saint’s expression was solemn, and his eyes revealed a hint of fear.

Emperor flood dragon said indifferently, "Actually, half of what you said just now was right. This human in front of you is indeed very powerful. These half-step dao masters were all killed by him personally, and not by me."

With Su Yu's current cultivation, killing a half-step dao master didn't require too much effort.

Moreover, it was easier to kill them if they weren't intentional.

The gambling saint path master's eyes darkened. "So, you stopped here because you knew that I would come?"

The flood dragon emperor smiled lightly. "Didn't he say that he would wait for you for a while?"

Su Yu walked forward and said, "I need 10,000 drops of dao blood. I only won 8,000 drops from you. I still lack 2,000 drops. I can only take them from you."

Hearing this, the gambling Saint Dao master shouted coldly, "You're boasting shamelessly!"

Su Yu said indifferently, "Whether you're boasting shamelessly or not, you'll know once you try!"

With a swoosh, a shadow appeared in front of his chest.

A cone-shaped magic treasure suddenly appeared and shot toward the gambling Saint Dao Master.

The gambling Saint Dao Master's eyes flashed, and he snorted contemptuously, "Petty tricks!"

Without thinking, his dao master intent domain revolved around him and easily blocked the dao extermination pestle.

However, the surface of the Dao extermination pestle's body suddenly released eight-colored light. It was shockingly eight laws.

The power of one of the eight laws might be limited, but when all eight gathered together, it was an extremely powerful force in the world.

The dao master intent domain around him fluctuated violently as it was broken through by the eight laws and struck his dao body.

The eight different laws left deep marks on his body.

Taking advantage of this opportunity, the Dao obliteration pestle pierced into his dao body without any hindrance.

Ah --

The gambling Saint Dao Master couldn't believe that he was actually injured!

A large amount of precious dao blood flowed out from his chest.

The DAO Master's blood would only decrease for the rest of his life.

The less a drop, the less it would be. It wouldn't increase for the rest of his life.

The lack of the blood of a dao master affected the DAO Master's state of mind. It could be said that a dao master who had dried up his divine blood was two levels stronger than a DAO Master who was at full blood.

He grabbed at the hundreds of drops of dao master's blood that were flowing out of his body.

However, a spatial law took a step forward and swept away all of the DAO Master's blood before it fell into Su Yu's palm.

"There's still 1,900 drops left. I'll have to trouble the Dao Master of the gambling saint to let out another drop of blood."

The DAO Master of the gambling saint was furious. "You're courting death!"

"Destroy!" He pointed across space. Instantly, a majestic dao intent formed an illusory world similar to a small world.

The world was filled with all kinds of gambling instruments.

The gambling chips were all life.

"Life and Death Disk!" This was the power of the DAO Master. He had already condensed the law into a domain.

In this domain, he held a certain law. With this law, he could give the enemy an extraordinary destructive blow.

Emperor flood dragon took off his bamboo hat and said indifferently, "You don't think much of me!"

His eyes flashed. Immediately, an ancient aura flowed out and condensed into a scene of flowers falling from the sky and countless fairies dancing together.

The two worlds, or rather, the Dao lord's domain, fused and attacked each other.

Kacha --

A violent explosion could be heard from the gambling Saint Dao Lord's domain, and it was quickly crushed.

The gambling Saint Dao Lord's eyes were filled with shock. "How can your domain be so powerful?"

As both Dao lords, theoretically speaking, as long as they didn't cultivate overly powerful dao intents, the domains they condensed would be on par with each other.

However, being crushed so easily made the gambling Saint Dao Master Suck in a breath of cold air. He realized that he might not be a match for Su Yu!

He put away the Shattered Dao intent and stared at Su Yu with great regret. He said hatefully, "Consider yourselves Lucky!"

As he said that, he turned around and wanted to escape.

However, Emperor Flood Dragon clearly did not intend to let him go. His domain rapidly expanded and enveloped the gambling Saint Dao Master.

Puah --

In an instant, the gambling Saint Dao Master seemed to have suffered an unimaginable heavy attack. He opened his mouth and spat out a large amount of dao master's blood.

The water splattered, forming a curtain of rain.

Su Yu's spatial law circulated, gathering all of the DAO Master's blood.

After a rough count, there were roughly 1,800 drops.

Including the 100 drops just now, there were already 1,900 drops.

The gambling saint path master was filled with hatred and regret. He gritted his teeth, broke free from this domain, and escaped.

However, he didn't escape for long. Suddenly, two domains rushed out from the ground and fiercely enveloped the gambling saint path master's body.

The gambling saint path master who was caught off guard was injured again, and he spat out a mouthful of the path master's blood.

A large hand held the 100 drops of dao blood in its hand.

Looking closely, the gambling saint path master was so angry that he spat out blood. "Xuan Yin Xuan Yang Path Master? You ambushed me!"

The ones who attacked were the twin path masters.

They said in unison, "Compared to you, you cheated and took away many of our things. Taking 100 drops of your path master's Blood is already the best you can do. Get lost!"

The gambling saint path master looked at the twin path masters and then looked at the Dragon Emperor. He felt extremely aggrieved and ran away in a panic.

He had suffered a huge loss this time!

Not only had he lost his chips, he had also been attacked and lost 2,000 drops of the path master's blood.

His strength would definitely drop significantly!

After he left, the twin path master walked in front of Su Yu and threw the 100 drops of dao blood in his palm.

Su Yu looked at the two of them. "The two of you are..."

The twin path master looked at Su Yu and said, "If it wasn't for you, we might never have been able to obtain the imperishable dust. Thank you very much."

Anyone with a discerning eye could see why the Invincible Dao Master of the gambling saint sect had lost. It was all because of this unique human.

He must have secretly sabotaged some of the Dao master's tricks. That was why the Twin Dao Masters were able to benefit from it and win back a round.

Su Yu received the Dao Master's blood and cupped his fists. "Thank you very much!"

"You're welcome! This speck of dust is very important to us siblings. We should be thanking you!" The two said, "If one day you can come to the heavenly court, remember to look for us."

As they spoke, they passed a coin that was hot and cold at times to Su Yu.

Su Yu did not know what was going on, so he accepted it.

The Twin Dao masters cupped their hands and left.

“Your luck is really not ordinary. You actually met someone from the heavenly court in such a marginal civilization!”The Flood Dragon Emperor stared at the back of the Twin Dao Masters as he left, his eyes revealing deep surprise.

Su Yu was slightly startled. “The Heavenly Court? What is that place? Why haven’t I heard of it before?”

He knew about the Star Alliance’s Chamber of Commerce and Nirvana, but he had never heard of the Heavenly Court.

Chapter 2137 The Land Of The Ancient Gods

“The Heavenly Court is a place that even the Heavenly Dao palace has to be wary of!”Emperor flood dragon said, “Rumor has it that the eight supreme ancient gods of Heaven and earth are worshipped there.”

Eight ancient gods? Su Yu’s heart trembled.

Nine Dragons ancient god was one of the eight ancient gods, right?

“The eight ancient gods, as the Eight Dao masters who were born in the first place in the world, are said to have surpassed the level of Dao Masters and reached the level of Legends!”Emperor Flood Dragon’s eyes were filled with admiration. “Some people say that the ancient gods are the existences closest to the stone child of Heaven and Earth.”

Su Yu asked curiously, “Can the sacred mountain tolerate the existence of the Heavenly Court?”

“Of course not, so many years ago, the heavenly court was destroyed.”Emperor flood dragon sighed silently. “The eight ancient gods are also missing. They were either destroyed or hidden.”

Su Yu recalled the letter that ancient god Nine Dragons had entrusted to the ancestral witch. He went to Dao Abyss.

But he never returned.

It was unknown whether he was alive or dead!

“Right now, the heavenly court is only occupied by creatures that claim to be descendants of the eight great ancient gods,”flood dragon Emperor said. “But even so, it is still a legendary sacred land that makes people yearn for it. There are many relics of the eight great ancient gods in it.”

“Many talented people go there to pay their respects and gain insights from it. They can even break through to Dao Master.”

Hearing this, Su Yu looked forward to it.

What sort of existence was that place where ancient god Nine Dragons was worshipped in the past?

But he didn't need to think about it to know that that place must be extremely far away, and he couldn't go there now.

The most important thing now was to quickly find out where the western Paradise Holy Land was.

He took out the eyes of the multi-eyed child and poured primal energy into them, and his eyes immediately released a dazzling golden light.

“Where is the Western Paradise?”

Su Yu shouted. His eyeballs spun on the spot and finally stopped in a certain direction. An incomparably straight golden light shot out from his eyeballs and shot towards a certain direction in the great void.

Su Yu's expression relaxed slightly. Holding the golden eyeballs in his hands, he and the Flood Dragon Emperor stepped on the void and advanced forward.

The two of them instantly traveled countless miles and headed straight there.

Several years later.

The Demon World.

On this day, they were suddenly enveloped by an extremely terrifying aura.

The entire demon world's demon Qi began to tremble uncontrollably.

In the Imperial Palace, Mo Xiaochai, who was about to give birth, looked up in shock. That powerful aura caused the fetus in her stomach to have an intense reaction.

It actually released a blood-red light of its own to contend with it.

“Quick, use the forbidden dao immortal embryo to protect the fetus,” Mo Xiaochai said.

Soon, the Nine Forbidden Dao immortal embryos were all unleashed, releasing an extraordinary aura that protected the fetus in the center.

Only then did the light on the fetus' body gradually dim.

Mo Xiaochai let out a long breath, but the shock in her heart could not be erased. “What kind of existence has descended into the Demon World?”

Above the demon world, the creation dragon hovered above.

The evil girl closed her eyes to sense. After a long while, she shook her head slightly. “It's not here!”

“However, I found something very interesting.” The evil girl scooped up the air, and two wisps of gas appeared in her palm.

One wisp was Ren Zu, and the other wisp was the projection of the shadow stone fetus, the son of heaven.

“Carefree son of heaven! If there’s a chance, we’ll definitely find you to settle our scores!” The reason why she had been trapped in the Taotie’s cage for so many years was all thanks to carefree son of heaven.

“Let’s Go!” The vile daughter’s gaze froze to the west.

In the distant void.

Su Yu suddenly clutched his heart, feeling a deep pressure for no reason.

The five crowns on his head were also constantly shaking, as if they were about to fall.

“What’s wrong with your body?” The Flood Dragon Emperor asked in surprise.

Su Yu focused his attention and said, “It’s a great enemy of mine that’s chasing after me.”

Looking at the crown on Su Yu’s head, he was secretly surprised. He didn’t understand what kind of enemy would cause the crown to change after locking onto him.

This situation could only mean one thing. The enemy was strong enough to destroy all of Su Yu’s cultivation.

“Who is your enemy?” The Flood Dragon Emperor asked.

Su Yu didn’t want to hide it from him. “Evil daughter!”

“What?” Emperor flood dragon was shocked. He almost dropped his tongue. “Are you sure that you’re talking about the evil daughter of the Hall Master of the evil daughter Palace and not some random girl?”

“Random girl... Yeah, do you mean the mysterious daughter of the Nine Heavens?”

Emperor Flood Dragon’s mouth twitched. “I’m serious!”

Su Yu nodded. “Yes, it’s that evil girl!”

Emperor Flood Dragon took a deep breath. He looked at Su Yu from head to toe as if he was getting to know him again. “Tell me the truth. In this absolute beginning realm, there are several almighty experts that you haven’t offended yet.”

He couldn’t believe that a person could attract hatred like Su Yu.

It was one thing for the Star Alliance Chamber of Commerce, but the vile daughter was actually afraid of them.

What kind of character was the vile daughter? She was known as the number one person under the stone fetus emperor!

Her cultivation should be extremely close to the legendary eight great ancient gods.

Such a person was actually chasing after Su Yu!

At this moment, even emperor flood dragon was somewhat shaken by the veracity of the words of the undying ancestral demon.

Su Yu said, "Other than the Heaven Court just now, all the known powerful factions have probably been offended."

The corner of Emperor Flood Dragon's mouth twitched for a long time before he sighed, "Count it as me being on the wrong boat!"

It was just a split soul anyway. One of them had been destroyed not long ago, so it was no big deal if another one was destroyed.

Emperor flood dragon consoled himself.

Su Yu nodded and said, "If I can really find a way to resist the destruction of the world, I will help you."

These words could be considered his promise.

Emperor Flood Dragon's heart relaxed, and he said, "I hope so."

Emperor flood dragon looked at Su Yu and said, "Why? Ever since you left the demon world, you rarely smile?"

Even if he did not deliberately observe, he could sense that Su Yu's expression seemed to be frozen.

Even though he had won against the gambling Saint Dao Master and obtained the Dao Master's blood that many DAO Masters dreamed of obtaining, Su Yu did not seem too excited.

From the beginning to the end, he had a calm expression, as if there was something pressing on his heart that made it difficult for him to be happy.

"How can I Laugh?" Su Yu wanted to laugh, but he could only laugh at himself.

Qin Xian 'er had even forgotten his name, how could he laugh?

Another break in the void.

Asura world.

Dao Master Xuan Ming was in a good mood after getting the location of the asura sovereign seal. He was packing up his things, preparing to find the seven star President of the Star Alliance Chamber of Commerce, Tie Wuheng.

"Tie Wuheng has some friendship with me. If he can pay a sufficient price, I think he is willing to return the asura sovereign seal to us," Dao Master Xuan Ming muttered to himself.

When he realized that there was no movement behind him, he turned his head and saw Qin Xian 'er dressed in armor sitting on an invisible staircase.

She held her chin with one hand and held a dark dream ancient forbidden land grass with the other.

In front of her, there was only a faint afterimage of Su Yu.

## Chapter 2138 Buddha Of Ten Thousand Lanterns

“Why is there grass from the forbidden ancient dream land in my storage ring?”Qin Xian ‘er mumbled in confusion. “And why is it that after I take it out, he will become a man that I don’t recognize at all?”

She held her head in pain.

Once an item from the forbidden ancient dream land left the forbidden land and was exposed to the outside world, it would become the person that the person holding it wanted to see the most in his heart.

However, Qin Xian ‘er did not understand why the person who appeared in front of her was someone she did not know.

If she remembered correctly, this person should be the person who appeared in front of the undying ancestral demon at the same time, right?

She did not even know his name.

“Furthermore, who is Su Yu? Why do I always remember this name for no reason?”She muttered.

Dao Master Xuanming paused for a moment before saying, “Xian ‘er, I believe that you encountered an ancient illusion when you were in the ancient dream forbidden ground. As a result, your memories were affected. You have always remembered the person you met once.”

Qin Xian ‘er nodded her head and said, “It seems to make sense, but what about that name? No one has ever told me the name Su Yu. This can’t be an ancient illusion, right?”

In response, Daoist master xuanming said slowly, “Xian ‘er, don’t think about some questions that you can’t figure out. If it’s fated, you might be able to solve the questions.”

Qin Xian ‘er thought for a moment and nodded in a daze. “I just feel uncomfortable, as if I am missing something.”

If it was someone else who erased her memories, Qin Xian ‘er would have long noticed that her memories were abnormal.

However, she would not be able to notice that her memories were erased by the Heavenly Dao unless someone else awakened her.

However, Daoist master Xuanming wished that Qin Xian ‘er would forget Su Yu forever. Why would he tell her the truth?

“Don’t think about it anymore. This time, follow me to find tie Wuheng. After this is done, you will become the true master of the Demon World,”said Daoist Master Xuanming.

Qin Xian ‘er said with a lack of interest, “Alright...”

A few years later.

Su Yu and Emperor Flood Dragon set off from the gambling planet. After nearly eight years of traveling, the eyeball of the multi-eyed child in their hands emitted an intense dripping sound before it was annihilated into ashes.

This kind of situation only appeared after they found their target.

However, looking around, other than the countless meteorites and dust, where was the Western Paradise Holy Land?

Emperor flood dragon was also puzzled. He looked around and said in confusion, "It shouldn't be. The Western Paradise Holy Land should be a top six-star civilization..."

As he was muttering, Su Yu stared at the dust and thought quickly.

A moment later, Su Yu's palm flashed and a round bead that was emitting a strong Buddhist light appeared. It was the Buddhist relic of the Daoist Master of the Silent Buddha.

Under the illumination of the Buddhist light, an extremely shocking scene appeared.

In the seemingly empty wilderness, a huge transparent hill could be seen.

On the hill, 68,900 caves were carved.

In each cave, a Buddha was silently chanting scriptures and releasing a magnificent Buddhist sound. Just hearing it made people sink into it.

Even the flood dragon emperor almost fell into it, unable to extricate himself.

Su Yu, on the other hand, was on guard. He released three thousand small worlds so that he would not sink into it.

"Is this the western Paradise's way of treating guests?" Su Yu said faintly.

His voice contained eight laws. He was not afraid of the Buddhist sound at all. Instead, he slowly suppressed it.

The Buddhas in the cave stopped one after another. Their eyes were filled with surprise.

They relied on the strange scriptures to hide their existence.

However, who would have expected Su Yu to hold a Buddhist relic of the Dao Master in his hand and see through their existence.

Not long after, a Buddha stood up and put his palms together. He said, "Amitabha Buddha, the future Buddha said that the source of the turmoil can not be near. We are not willing to wait for you."

It had been a long time since someone mentioned the source of the turmoil.

However, it was just as he said. Wherever Su Yu went, there would definitely be chaos.

Although, to a large extent, it was not caused by Su Yu.

Su Yu said calmly, "If the Buddha of the future could really see through the future, why would I appear here?"

If the Buddha of the future could really see through the future, he would have long hidden in a place that Su Yu could not find.

Now that he was standing here, it was enough to show that the so-called future Buddha could only see a part of the future.

The Buddhas looked at each other.

Finally, a solemn and magnificent Buddhist voice came from the dark, "Since the source of the turmoil has appeared, there is no way to avoid it. Please come in."

Immediately, the hill moved away, revealing a Bodhi tree that was emitting extreme Buddhist light.

Every leaf on the Bodhi tree was an extremely large world.

Su Yu was slightly enlightened. One flower, one world, one leaf, one bodhi.

The entire tree was formed from many small Buddhist worlds,

one of the leaves swayed slightly as if it was waving at Su Yu.

Su Yu woke up the Flood Dragon Emperor and entered with him.

After entering, a huge world that was no less than the demon world entered his eyes.

There were Buddhist temples everywhere, filled with monks and Buddhas.

Among them, a huge Golden Buddha with a solemn appearance sat cross-legged in the center of the world as if he could stand up to the heavens and the earth.

However, the Golden Buddha's eyes were tightly shut, and a ball of eternal flame burned in front of his chest.

"Benefactor, as you can see, the Buddha of ten thousand lanterns has fallen into silence. I'm afraid that he won't be able to light the oil lamp for you," a Buddha that seemed to be in the void, as if he was right in front of them, or as if he was far away in the horizon, walked over and said slowly.

He was the Buddha of the future.

They knew why Su Yu came.

"Why are you still?" Asked Su Yu.

The Buddha of the future pointed at the sky and then at himself. He waved his hand, indicating that he couldn't say anything.

It meant that he couldn't say anything because of the heavenly axiom.

"The heavenly axiom again. Humph!" Su Yu said indifferently, "Take me to see the Buddha of ten thousand lanterns. Maybe there's a way."

He controlled the small world that was thirty feet away from the heavenly axiom.

Su Yu might be able to deal with the heavenly axiom that the creatures in the absolute beginning realm couldn't resist.

“Almsgiver, please go back. Everything is fate. The Buddha of Ten Thousand Lanterns was silent before you arrived. It’s the will of heaven. Why do you have to go against the will of heaven...”

Su Yu’s expression was indifferent. White light rolled in his eyes. It pierced through heaven and earth and everything in the universe.

“Since you want to follow the will of heaven, then who is the one treating the Buddha of ten thousand lanterns?” Su Yu said indifferently, “You claim to be detached, but in reality, you just think that I can’t wake the Buddha of Ten Thousand Lanterns.”

The future Buddha stared deeply into Su Yu’s white eyes and said slowly, “The law of the soul lives up to its reputation!”

“Since Almsgiver insists, then please follow me. However, there is a almsgiver who is about to wake the Buddha of ten thousand lanterns. I hope you can watch quietly and not disturb him.”

Su Yu frowned slightly. The Buddha of the future looked down on him!

If it wasn’t for the Buddha of ten thousand lanterns having the ability to ignite the oil lamp of the mortal body, based on their attitude, he definitely wouldn’t have stepped into the sacred land at all.

Calming himself down, Su Yu followed the Buddha of the future and descended on the head of the Buddha of ten thousand lanterns.

They saw a group of people operating some kind of extremely grand array.

One of them, Su Yu, felt that his figure was familiar. He fixed his eyes on it and could not help but be stunned on the spot!

Chapter 2139 Soul Splitting Of The Iron Flower

Shengyuan Xin!

It was Shengyuan Xin!

Ever since dark star left, the two of them had never seen each other again.

In the vast great void, everyone thought that they would never see each other again.

Who knew that this day would come so suddenly!

Shengyuan Xin also discovered him and was also stunned.

However, after a short moment of shock, Shengyuan Xin withdrew his gaze as if nothing had happened.

Beside him stood a green-clothed young man with a sword on his back. He looked at Su Yu slightly, then at Shengyuan Xin, and said, “You know him?”

Shengyuan Xin calmly shook his head and said, “I don’t know him. I just feel that he is like a friend of mine.”

Su Yu's gaze slightly changed, but he did not say anything to acknowledge him.

It seemed that Shengyuan Xin had some unspeakable secrets.

The future Buddha brought Su Yu and the other two to a distance of a thousand feet and said, "Benefactors, please wait here quietly."

Su Yu nodded and sized them up.

There were three people on the other side. Other than Shengyuan Xin and the green-clothed youth with the sword, there was also a one-eyed middle-aged man.

His aura was completely restrained. At a glance, it was as if he was staring at an unfathomable abyss.

"He's an expert. Be careful." Emperor Flood Dragon sent a mental message to Su Yu.

Clearly, he felt that it was extremely troublesome.

In a real battle, he might not be a match for him.

Su Yu lightly nodded and sized up the green-clothed youth with a sword. His cultivation couldn't be seen through. He should be at the half-step dao master level.

His body was emitting a rather sharp sword qi. His sword arts should be pretty good.

However, what Su Yu noticed was that this person's body had an aura very similar to Su Yu's.

"Mortal embryo Saint Body!" He was secretly apprehensive.

That youth was the same as him, a mortal embryo saint body nurtured by the will of the common life.

As if sensing Su Yu's gaze, the green-clothed youth frowned and looked at Su Yu coldly.

What was slightly interesting was that Su Yu could sense that he was a mortal embryo saint body, but the other party couldn't sense him.

According to the undying ancestral demon, the only person who could kill a mortal-born saint body was the stone-born son of heaven.

He wondered what would happen if a mortal-born saint body and a mortal-born saint body fought each other.

With this thought in mind, Su Yu quietly looked at the Dao Master and diagnosed the situation of the Buddha of ten thousand lanterns.

He saw that the other party held a mass of millions of tiny tentacles in his hand, and the tentacles reached into the head of the Buddha of ten thousand lanterns.

Numerous messages were sent back along the tentacles and appeared in front of the Dao Master.

The messages sent back showed that everything was normal in the body of the Buddha of ten thousand lanterns.

The dao master frowned slightly. Just as he was about to finish his investigation, one of the tentacles suddenly turned black.

Moreover, the black spread to the other tentacles.

In the blink of an eye, no less than ten tentacles turned black and quickly rotted away.

The dao master's expression changed drastically. He immediately pulled back his palm and all the tentacles were pulled back.

At the same time, he cut off all the tentacles that were about to be dyed black with unusual decisiveness!

**“The poison of the Heavenly Dao!”**The DAO Master suddenly stood up with a grave expression on his face.

When Su Yu heard this, his pupils constricted slightly.

The poison of the Heavenly Dao was something that only existed in legends.

To be precise, it was not a poison, but something that the Heavenly Dao had used to clean up the abnormal Great Dao.

There were tens of thousands of great dao in the world, and there were always great dao that deviated from the original rules and exceeded expectations.

Such Great Dao could not exist in the world, and would usually be erased by the Heavenly Dao.

The Way to erase it was to descend a great dao of backlash.

The Great Dao of backlash attached to any Great Dao could be devoured by this dao and eventually completely destroyed.

This Great Dao of backlash was known as the poison of the Heavenly Dao. It could poison and kill all Great Dao in the world. It was an extremely dangerous thing.

Therefore, this dao master's Tentacle Dao would rot if it accidentally touched the Great Dao of backlash.

The future Buddha saluted, “Amitabha, so it was the will of heaven!”

**“May I ask if the three almsgivers have a way to cure the poison of the Heavenly Dao?”**

The dao master shook his head solemnly and sighed deeply, “What kind of existence is the poison of the Heavenly Dao? It is not something that humans can contend against.”

Just as the future Buddha was disappointed, the dao master said again, “It is impossible to counter the poison of the Heavenly Dao, but there is a way to transfer the poison of the Heavenly Dao out of the body of the Buddha of Ten Thousand Lanterns.”

The dao master looked at Su Yu and the other two and did not continue.

The future Buddha understood and said, “Dao Master Ten Thousand Dharma, please come to the meditation room.”

It turned out that this person was the DAO Master of Ten Thousand Dharma, but his name was quite unfamiliar.

The DAO Master of ten thousand dharma gently nodded his head and followed the future Buddha out of the body of the Buddha of Ten Thousand Lanterns.

The future Buddha looked at Su Yu and saluted, "Please go ahead."

This was the intention of sending them away.

Su Yu's expression was calm as he stared at the Buddha of ten thousand lanterns and muttered, "Since I am here, I must see it myself."

Regardless of what the future Buddha said, Su Yu came to the top of the Buddha of Ten Thousand Lanterns' head.

He squatted down and placed his palm on the head of the Buddha of ten thousand lanterns.

His palm slowly seeped into the eight laws and headed towards the depths of the sky.

Time, space, soul, life, death, fate, reincarnation, and creation merged into an eight-colored light and explored layer by layer.

At first, he was fine. However, when he reached the deepest part, he did encounter a backlash from the erosion of the Great Dao.

This Great Dao was above the ten thousand daos, but among the ten thousand daos, it did not include the eight great laws.

Therefore, the eight laws were not afraid of the Heavenly Dao's poison and continued to explore deeper.

A moment later, Su Yu's eyes suddenly flashed. In the depths that the ten thousand dao master had not explored, he actually found an even deeper foreign object.

It was a bead that emitted a pitch-black aura.

It suppressed the Buddha nature of the Ten Thousand Lamp Buddha, making it unable to resist, unable to resist the poison of the Heavenly Dao.

This was the reason why the ten thousand lamp Buddha fell into silence.

"That is..." Su Yu closed his eyes to sense, and then his gaze slightly changed. "Dao Corpse Divine Bead?"

How could he be unfamiliar with this object?

Didn't the corpse emperor have a dao corpse divine bead?

However, the Dao Corpse God Pearl in front of him was completely different from the corpse emperor's Dao Corpse God Pearl.

The death aura stored in this one before him was probably ten times more than the one in the corpse emperor's hand!

However, what kind of evil object was the Dao Corpse God Pearl? How could it enter the body of the ten thousand lamp Buddha without him resisting?

After repeatedly investigating and confirming the true reason, Su Yu slowly withdrew from the investigation.

“Benefactor, how’s the investigation going?”Future Buddha said respectfully.

Su Yu looked at ten thousand path master and said, “En, it is indeed because of the poison of the Heavenly Dao.”

Future Buddha said, “Then, please help yourselves.”

This was the third time he had urged Su Yu and the others to leave, as if he was afraid that they would stay.

Su Yu said, “Alright, Goodbye!”

He and Emperor Flood Dragon left immediately.

“Just give up like this?”Emperor flood dragon felt that Su Yu had failed too easily.

“Give up?”Su Yu shook his head sternly. “Of course not! It’s the situation of the Buddha of ten thousand lanterns. It’s definitely not as simple as what we are seeing now. Let’s Go prepare something to transfer the poison of the Heavenly Dao first.”

There were only a few ways to transfer the poison of the Heavenly Dao. The easiest way to succeed was to transfer the flowers to the wood.

The flower was naturally the poison of the Heavenly Dao. Wood was something that could withstand the poison of the Heavenly Dao.

However, the poison of the Heavenly Dao was not something that an ordinary object could withstand. As far as Su Yu knew, there was only one thing he knew.

And that was... Dao Stones.

The so-called dao stones were stones that were nurtured by the Great Dao of Heaven and earth.

This item only appeared in high-level civilizations above the eight-star level.

In places where the Great Dao thrived, Dao stones would occasionally be born.

However, Dao stones were extremely rare. Once they were discovered, they would definitely be the object of everyone’s competition.

Whether or not they would appear in a six-star civilization galaxy was completely unknown.

And in this civilization galaxy, the only place that could possibly have dao stones was the Star Alliance Chamber of Commerce!

That Was... The Star Alliance Chamber of Commerce!

If the Star Alliance Chamber of Commerce did not have it, then there was no need to consider other places.

Emperor flood dragon smiled and said, “With your relationship with the Star Alliance Chamber of Commerce, do you still dare to go to their territory? Don’t be like a meat bun hitting a dog and never coming back.”

Su Yu said calmly, “I think the Star Alliance Chamber of Commerce should be afraid of me.”

Recalling Su Yu’s heaven-defying act of slaughtering almost all the hunters in the royal hunting ground, he really felt that Su Yu’s words were right.

“Alright, I’ll use my soul clone to help you.”

Su Yu was surprised. “Your Soul Clone? where is it?”

“The star Union Chamber of Commerce.”

Su Yu couldn’t help but ask curiously, “How many soul clones did you put in the absolute beginning realm?”

There were two in the monster realm, and the Star Union Chamber of Commerce had both!

“Guess?” Emperor flood dragon smiled faintly.

Su Yu shook his head and said, “Then I’ll have to trouble your split soul.”

“Our split souls are independent personalities. We can only ask him if there is a dao stone after we meet.”

“Let’s not waste any time. Let’s set off immediately.” Su Yu was not worried that the ten thousand path master would be able to cure the Heavenly Dao poison in advance. Instead, he was worried that he might accidentally touch the Dao Corpse God Pearl and cause the Buddha of ten thousand lanterns to fall into eternal slumber.

The headquarters of the Star Alliance Chamber of Commerce that was in charge of this six-star civilization occupied an entire six-star civilization.

It was known as the six-star Chamber of Commerce.

The expert in charge of the Chamber of Commerce was an extremely powerful path master known as the Iron Abacus.

The Star Alliance Chamber of Commerce that he was in charge of had never suffered a single loss!

It was only because he was exceptionally meticulous in his calculations and never made any mistakes.

One year later.

Su Yu and the Flood Dragon Emperor traveled thousands of miles to the six-star Chamber of Commerce.

Almost 50% of the local cities were used for commercial transactions and had all kinds of goods.

As such, it attracted people from the entire six-star civilization region.

Therefore, this civilization appeared to be quite prosperous.

The two of them waited in a teahouse. Not long later, a handsome male dao master with a beard walked over.

This person's gender was male, but his face was smeared with thick rouge pollen. He was dressed in embroidered red clothes. As he walked, he twisted left and right, causing his thick waist to sway like a water bucket.

The mysterious lady of the nine heavens was really unafraid of meat and fish!

Any kind of person could become a choice for her soul to possess.

“Why are you looking for me? Long Story Short, I'm very busy, HMPH!” The person who came was one of the Four Great Vice Pavilion Masters of the Six Star Chamber of Commerce, known as the Iron Flower Vice Pavilion Master.

He rolled his eyes at Emperor Flood Dragon and snorted softly.

Emperor flood dragon covered his forehead and muttered, “There's something wrong with my judgment!”

After muttering to himself, he said, “I'm here to ask you, has a dao stone appeared in the Six Star Chamber of Commerce?”

Hearing this, iron flower asked back, “What do you want this for?”

Hearing the meaning in his tone, emperor flood dragon's eyes flashed, “So there is? Who Has It?”

Tie Hua spread out his hands and said, “I'm sorry that you're late. Recently, the Six Star Chamber of Commerce has indeed obtained a dao stone. However, it has already fallen into the hands of someone else. As for that person, you don't have to think about it.”

Chapter 2140 Passed By

Hearing this, emperor flood dragon asked, “Is he a very special person?”

“To be exact, he is a very difficult person to provoke.” Tie Hua casually took out her lipstick and touched up her makeup. She said unhurriedly, “It's the seven star president. Tie Wuheng took it!”

The person in charge of this six star civilization chamber of Commerce, tie abacus, could be called the six star president.

The seven-star president was the President of the Star Alliance Chamber of Commerce, who was in charge of a seven-star civilization.

“It's him?” Emperor flood dragon looked at Su Yu with a troubled expression and said, “I'm afraid that this dao stone will be very difficult to obtain.”

Su Yu muttered, “Can't we exchange it?”

As a member of the Star Alliance Chamber of Commerce, he should like to trade more, right?

Shaking his head, emperor flood dragon said, “You don't understand. Tie Wuheng is known as a collector! He rarely sees things, but once he sees something, he will treat it as a collector's item. From then on, he will collect it and never take it out again.”

“That Dao stone might be the collector’s item that he likes.”

Su Yu frowned deeply. That was a bit difficult.

“Unless you can take out something that he likes more. Only then will he be willing to trade with you,” Emperor Flood Dragon said.

Tie Hua used a handkerchief to wipe the corner of her mouth. “That’s it. So, go back to where you came from. Don’t think about the Dao stone for the time being.”

Give Up?

No!

In order to fight against the stone fetus son of heaven, he had to light the oil lamp!

He could not give up!

“Where is he? How can I See Him?” Su Yu asked. He had many good things in his hands. Perhaps they would be able to move him.

Tie Hua said, “He will be resting in the six Star Chamber of Commerce for the time being. However, he is not someone who can be seen as he pleases.”

“I understand. Therefore, I would like to trouble elder tie hua to make an exception.” Su Yu gave him a money card with one million dao dollars in it.

Tie Hua’s eyes lit up and he accepted it with a smile. He glanced at the flood dragon emperor and said, “The person you brought here is quite good at causing trouble?”

He twisted his waist and stood up. “Alright, I will help you with this!”

“The seven star President has been invited by iron abacus to hold a personal collection exhibition in our six Star Chamber of Commerce.”

“At that time, he will release a part of his precious collection. I can arrange for you to meet before the meeting, but to be able to convince the seven star president, it will depend on your own ability,” iron flower said.

Su Yu cupped his fists in gratitude, “Thank you, senior.”

He knew very well that tie hua was already at his limit for being able to help this much.

Thinking about the level of the Seven Star Guild leader, how could he, an elder of the six Star Chamber of Commerce, be able to arrange a meeting with anyone he wanted?

In the dark, he didn’t know how many connections he had to use or how much experience he had to spend.

It wasn’t something that could be settled with a million dao coins at all.

He was doing this purely for the sake of the flood dragon emperor and helping Su Yu.

This gratitude was well deserved.

“It’s a small matter,” tie hua said. “Wait for the news.”

He twisted the bucket's waist and left seductively.

At the same time.

Dao Master Xuan Ming and Qin Xian 'er arrived at the six-star chamber of Commerce after traveling for several years.

"We're lucky. Tie Wuheng is going to hold a collection exhibition in the six-star Chamber of Commerce recently. The Asura sovereign seal of our Asura world might be one of them," Dao Master Xuan Ming said slowly. "I'll think of a way to arrange a meeting between the two of them. It's best if we have a good talk before the exhibition."

Qin Xian 'er was indifferent and said, "Alright..."

The word 'alright' was still in her mouth. Her eyes were wide open as she looked at the street below the window. It was a silver-haired young man who was passing by.

Wasn't that young man the human figure that she had seen once in the forbidden area of the ancient dream realm, and that he had always been transformed by the grass of the forbidden area of the ancient dream realm?

Dao Master Xuan Ming said that it was possible that she had been affected by the ancient illusion in the forbidden area of the ancient dream realm.

But now, it couldn't be an ancient illusion, right?

"Xian 'er, what are you looking at?" Daoist master Xuanming asked. He moved closer to the window and looked down. There was nothing special.

Qin Xian 'er felt guilty and looked away. When she turned her head again, that person had already disappeared without a trace.

At that time.

Three figures descended on the six Star Chamber of Commerce.

They were shockingly Daoist Master Ten Thousand Arts. They were also prepared to head there to try their luck and find the Dao Stone.

"I'm familiar with a Vice Pavilion Master of the Star Alliance Chamber of Commerce. I'll go over first to check out the situation. You guys can find a place to rest," myriad path master said slowly.

The two nodded.

"Yuan Xin, it's rare for you to come to the Star Alliance Chamber of Commerce. Why don't I bring you around? Maybe you'll find something useful for you?" The green-clothed youth said amiably.

Sheng Yuan Xin declined indifferently, "Envoy Jian Mie, I appreciate your kindness, but I'm a little tired and want to rest."

The green-clothed youth's original name was Jian Mie. Hearing this, he could only reply, "Alright, then Yuan Xin, find a suitable place to stay. Just send me a message later."

Shengyuan Xin nodded and turned to walk into the crowd.

Jian Mie's eyes revealed a trace of disappointment as he sighed softly, "Yuan Xin still doesn't feel anything for me. Perhaps, she's really tired."

With this thought in mind, he began to search for items related to swordsmanship.

Sheng Yuan Xin walked aimlessly in the crowd, but her mind was constantly filled with the unexpected scene above the head of the Buddha of ten thousand lanterns.

Up until now, she still felt that that scene was too unreal.

How Far Away was dark star? Many living beings might not be able to reach it even if they walked from life to death.

Even in her dreams, she did not dare to imagine that she would meet Su Yu one day.

In the end, she really felt that she was dreaming.

As she walked through the crowd, she suddenly caught a glimpse of two figures that were about to brush past each other.

One was a middle-aged man in a golden robe, and the other... was a silver-haired young man.

Her strange gaze caught the attention of the silver-haired young man. He turned his head and stopped in his tracks.

The two of them looked at each other and stared at each other in a daze.

"Su Yu!"

"Sacred Primordial Heart!"

The two called out each other's names.

Su Yu's state of mind, which had been clouded for many years, finally had a glimmer of light. He squeezed out a smile and said, "Is it convenient to talk now?"

He looked around to make sure that the ten thousand path master and the green-clothed youth were not nearby.

"Come! Let's Find a place to talk." Shengyuan Xin excitedly pulled Su Yu's hand, ignoring the existence of emperor flood dragon, and pulled him into a side alley.

The flood dragon Emperor touched his nose and tactfully did not disturb him. He crossed his arms in front of his chest, leaned against a courtyard wall, and looked around vigilantly.

"Su Yu! It's really you!" Shengyuan Xin covered his mouth with both hands and said in disbelief.

Su Yu said, "Do you want to pinch it to confirm if it's true?"

Shengyuan Xin was so excited that he was incoherent. He quickly waved his hand and said, "I'm sorry, I... I'm really too happy."

“How have you been since you left the Dark Star Civilization?” Su Yu asked.

Shengyuan xin nodded and said, “Fortunately, Nirvana did not punish me because of the Moon worship sect. They took me very seriously and prepared to send me to Nirvana headquarters to further my studies.”

Su Yu’s eyes revealed a deep meaning.

Nirvana headquarters was definitely an incredible place. For Shengyuan Xin to be selected into it, it was largely because of her nearly immortal body’s five incarnations, right?

In the past, Su Yu had not mastered the path of reincarnation, so she could not understand it.

But at this moment, she could vaguely feel a rich aura of reincarnation from Shengyuan Xin’s body.

She cultivated the path of reincarnation?

Su Yu was extremely surprised. Or did she have another fortuitous encounter?

“Oh, Congratulations.” She did not explain, so Su Yu naturally would not probe further.

“What About You? Why did you appear in the Western Paradise?” Shengyuan Xin teased, “Don’t tell me you want to be a monk?”

Su Yu shook his head, “There’s something very important that I need to ask the Buddha of ten thousand lanterns for.”

Shengyuan Xin said casually, “Ask him for help? Don’t tell me you want to tell me that you and Jianmie are actually the same, both of you are mortal-born saints?”

She was really joking and did not take it seriously.

Su Yu only smiled and did not explain further. He chatted with her about their respective opportunities.

After some communication, the two of them found their old acquaintance again.

“Have you found Qin Xian ‘er and Xia Jingyu?” As Su Yu’s friend for many years, Shengyuan Xin knew a lot.

Su Yu’s face stiffened slightly. He nodded and shook his head gently. “I found them, but I lost them.”

Shengyuan Xin did not quite understand the meaning of his words. He said, “I wish you good luck.”

“Thank you!”

As the two of them were conversing, Jianmie stroked a jade lion in his hand and said to himself, “This lion has a rich aura of reincarnation. It’s very beneficial to Yuanxin’s cultivation. I believe she will like it.”

Thinking of this, he muttered, “Yuanxin, Oh Yuanxin, I am a saint body of mortal birth. If you reject me repeatedly, it will really mean that you don’t want my face.”

“I hope you will stop when you are good. It’s better not to use that trick on me.”

As he said this, he came to the entrance of the alley with the Feng Shui Compass.

“Why did you choose this place...”subconsciously, he looked up. The scene in front of him stunned Jian Mie.

Sheng Yuan Xin, who claimed to be tired and wanted to rest, was not resting. Instead, he was talking and laughing with a man in the deep, deserted alley.

Her words were warm and her actions were intimate.

It was completely different from Shengyuan Xin, who had always been calm and indifferent in his memories.

The anger of being deceived, fooled, and kept in the dark was like a volcano erupting.

“Shengyuan Xin!”Jian mie growled in a low voice.

Shengyuan Xin, who was happily chatting, stopped smiling when she heard the voice. She looked at the furious Jian Mie and her heart skipped a beat.

She understood Jianmie’s feelings for her very well.

Shengyuan Xin understood his character even better. He was filled with a strong desire to dominate her.

Many people who had pursued her had died an unnatural death or disappeared from the world. She knew who did it.

Therefore, when they met in the Western Paradise, she pretended not to recognize Su Yu because she was afraid of implicating him.

However, no matter how she avoided it, the scene that she did not want to happen still appeared.

“He is my friend. Don’t think too much about it,”Shengyuan Xin said.

Flames danced in Jianmie’s eyes as he said coldly, “Friend? You recognized him long ago in the Western Paradise Holy Land, but you pretended not to know each other. Are you just ordinary friends?”

“Shengyuan Xin, if you don’t explain it to me clearly today, this matter will not end!”

Shengyuan Xin sighed helplessly.

Looking at this person’s aggressive attitude, Su Yu strolled out and looked at him indifferently.

“Who are you to her? Do you have the right to control her?”

Even if they were partners, there was no need to restrict her like this, right?

Moreover, no matter how one looked at it, they were not even a step away from becoming partners.
