Chapter 2141 Lack Of Sword Heart

“What right do you have to interrupt me when I’m Talking? Get lost!”The green-clothed youth glared at Su Yu.

Su Yu’s gaze slowly turned cold. If it were any other woman, he would not have bothered to get involved in this inexplicable entanglement.

However, Sheng Yuanxin was not any other woman, but a friend that he had known for many years.

Seeing that Su Yu had no intention of leaving, the green-clothed youth laughed angrily, “You really don’t know what gratitude is? If it were any other time, in any other place, you would already be a dead person now, how can you still stand here and speak?”

“Get lost immediately!”

Su Yu did not say a word. He walked in front of Shengyuan Xin and hugged her soft and slender waist. He said, “Yuan Xin, where did this so-called person pop out from?”

Shengyuan Xin’s delicate body stiffened slightly. She stood there at a loss.

Never in her wildest dreams did she expect that Su Yu would treat her like this.

It was to the extent that she could not even speak incoherently. She said, “It’s... It’s a friend.”

Su Yu looked at the green-clothed youth indifferently. “Yuan Xin’s friend, right? Please remember to have a good eye. When I’m talking about love with Yuan Xin, don’t come and get in the way!”

The green-clothed youth was slightly absent-minded for a moment. He stared at Sheng Yuan Xin in disbelief, and his tone was extremely gloomy. “Is what he said true?”

Sheng Yuan Xin wanted to shake her head and reject him. She did not want to implicate Su Yu because of this.

However, Su Yu’s soul voice suddenly came from her soul.

“Don’t worry about me.”

Shengyuan Xin hesitated for a moment. She recalled that Su Yu never did things that he was not confident in. She then took the opportunity to snuggle into Su Yu’s embrace, she said, “Envoy Jian Mie, as you can see, we have actually been in love for a long time. Furthermore, we have already been engaged for a lifetime. I... AM already his woman! Please do not pester me in the future, envoy Jian Mie.”

Jian Mie’s eyes widened. It was obvious that his anger was about to erupt.

“Sheng! Yuan! Xin! You have been lying to me all along!”Jian Mie was furious.

A Sharp Sword Dao law rushed over in an instant.

Su Yu’s eyes turned cold. was this the so-called liking for Sheng Yuan Xin?

He wanted to kill Sheng Yuan Xin just because he was unhappy!

This was possessiveness!

He only treated Shengyuan Xin as something that belonged to him.

“Humph!” Su Yu snorted lightly, and a strong sword intent flew out.

Pah --

One was the sword principle principle, and the other was the sword intent that had not condensed into a principle yet.

In theory, the former was naturally stronger, while the latter was weaker.

However, after the two touched, they actually annihilated each other to the same degree.

The Shengyuan Heart could clearly see the strange ripples in his eyes.

How long had it been since they last met? Su Yu’s swordsmanship could be said to be at the peak of perfection. Just his sword intent alone could contend with the laws of swordsmanship.

How did she know that when the sword demon’s demonic swordsmanship was cultivated to the extreme, it was a powerful existence that could harm the evil daughter.

Could the swordsmanship of the current Jian Mie be stronger than the evil daughter?

It couldn’t be!

Such an outcome was completely within his expectations.

Jian Mie was also deeply surprised. He thought that if he could kill Su Yu, at the very least, he would be able to put the two of them in a sorry state.

Who would have thought that the other party would easily block his swordsmanship.

Moreover, it was based on his sword intent!

“Human, you’ve Angered Me!” Jian Mie said.

Su Yu said calmly, “To be precise, you’ve become angry out of humiliation, right? If I borrow your words, when I meet Shengyuan Xin and my mood is slightly better, you should leave as soon as possible. If it’s too late, you might not even be able to leave even if you wanted to.”

Jian mie raised his head and smiled. He bared his teeth and said, “Is that so? Then I’ll have to give it a try!”

How could he ignore the strange look Shengyuan Xin gave Su Yu?

Even if he only treated Shengyuan Xin as an item, he would never want his image to be lower than that of a wild kid with an unknown background!

Clang --

He pulled out the three-foot-long blade on his back and pointed it at Su Yu from afar. He said, “Come, I want to see the pinnacle of your swordsmanship.”

Su Yu let go of his sacred yuan heart and said calmly without fear, “As you wish!”

Just as he was about to take out the royal longzun sword, Emperor Flood Dragon appeared from the corner. He said calmly, "Let's stop here. The law enforcement team of the six-star chamber of Commerce is here. If we don't leave now, none of us will be able to leave."

What kind of place was the six-star Chamber of Commerce?

It was a place that gathered a large amount of wealth from the Star Alliance Chamber of Commerce. How could it not have guards?

Fighting was forbidden in the city. The brief confrontation between their sword intent and the way of the sword had attracted the attention of the law enforcement team, and they were rushing to this place at high speed.

Jian Mie was annoyed. "How troublesome!"

However, he still quickly put away his sword.

They were here to seek help from the Star Alliance Chamber of Commerce. Wouldn't they be asking for trouble by creating trouble here?

"Consider yourself lucky. But the next time we meet, I'll kill you with one strike!" Jian mie stared deeply at Su Yu and memorized his appearance.

Then, he glared angrily at Sheng Yuanxin, snorted, and left with his hands behind his back.

Su Yu glanced at him and left with Sheng Yuanxin.

After finding a quiet place, Su Yu said, "I've implicated you, haven't I?"

When they went back later, would sheng yuanxin be able to resist Jian Mie alone?

Would that Ten Thousand Path Master Help Jian Mie?

"It's fine, unless he lights the oil lamp of the mortal body. At that time, I would still be wary of him. Now, regardless of strength or status, they are all equal," Sheng Yuanxin said.

Shengyuan Xin gave Su Yu another chance to snatch the oil lamp.

Then, he had to get the Dao Stone, even if it was just to snatch it.

"Have you considered leaving Nirvana?" Su Yu asked.

Shengyuan Xin smiled bitterly, "The power of Nirvana is beyond your imagination. It can not be measured by civilization. If I insist on leaving, the consequences will be unimaginable."

Su Yu frowned and asked, "Is there really no way?"

"Yes, unless one day, I can make a great contribution that the entire Nirvana can not ignore. At that time, I still have a chance to escape. But now... I have the mark of Nirvana on my body. It's useless to hide anywhere." Shengyuan Xin opened his palm.

It was a great contribution that could shake the nirvana... Su Yu remembered it.

The two talked for a long time, reluctant to part.

“This is the nihility heart unique to us in the Nirvana realm. No matter where we are in the absolute beginning realm, as long as we drop our blood into it, we can communicate briefly.” Sheng Yuan Xin gazed at Su Yu and took out a heart-shaped stone.

It was filled with thick nihility energy, which was quite dangerous.

“This thing has its limitations. Only people who have shared a drop of blood essence can communicate with each other. Moreover, it can only be used once. If either party uses it once, it will be destroyed.” Sheng Yuan Xin took out a drop of his blood essence, it dripped onto the ground.

Su Yu did the same.

Kacha --

A heart was split into two halves. Both of them held half of each other.

If it was not necessary, it was not suitable to use this item.

“Then, Goodbye!” Shengyuan Xin turned her head three times with every step. She was extremely reluctant to part with it.

Su Yu said, “We should meet again.”

Shengyuan Xin did not understand the meaning of her words. She only thought that Su Yu was comforting her. She smiled sweetly and walked into the crowd in a desolate manner.

“We’re finally done chatting.” Emperor flood dragon walked out from the slope and stretched his long lazy waist as he teased.

Su Yu grabbed his body with an expressionless face. He took a deep breath and said, “Get ready to exchange things with Tie Wuheng.”

The two of them came to a place that specialized in renting cultivation secret rooms. They rented two rooms.

Su Yu closed the stone door and released the three-zhang Small World. In this way, no matter what Su Yu took out, no one would be able to notice it.

“As the Seven Star Guild leader, what has tie Wuhen not seen before? He probably already has many things that I think are rare, right?” Su Yu’s fingers touched a speck of world-destroying dust.

Shaking his head, he put the item back.

After thinking for a long time, he took out the green stone tablet and entered it.

After going in and out many times, he could basically walk freely like a mortal in the Great Void Mystic Palace.

He came to a bush.

He stared at one of the thorny trees that had the most growth and the most absolute beginning Qi.

He dug it up.

Perhaps tie wuhen, the DAO Master, didn't care about the absolute beginning qi.

However, there weren't many living plants in the absolute beginning realm that had the absolute beginning qi.

He could try it out.

Then, he left this place and appeared in the nine jade spiritual bead.

He walked to the nursery and looked at the Indian silver bamboo that had a lifespan of hundreds of thousands of years. He thought for a while and then cut off one.

He could try this item.

The Indian silver bamboo was a extinct divine tree in the outside world. Only the nine Dragon Valley's God realm had some of it left.

Moreover, it was very old, far exceeding the life span of the Indian silver bamboo. If he took it out, it might have an unexpected effect.

Speaking of the Indian silver bamboo, Su Yu naturally wouldn't forget that he still had the fruit of the Indian silver bamboo.

Now that the fruit had completely split open, its outer shell had broken into two large pieces, thirty-six small pieces.

The large pieces were used to hold the incomparably heavy stone inside, while the small pieces could be taken out to try.

This item definitely had a unique characteristic. Otherwise, it wouldn't be able to hold this incomparably heavy stone.

After preparing the three items, Su Yu waited expectantly for the Vice Pavilion Master's notice.

While there was still time, he sat cross-legged, and a wooden sword appeared above his head.

This was the Sword Dao comprehension that demon sword Wuya had imparted to him all those years ago.

Su Yu had already completely comprehended the nine forms of the demon sword.

There was only one sword technique left, and he was still unable to capture the inspiration for it.

That sword technique was the brilliant sword technique that demon sword Wuya had sensed before he died. It was smooth and impractical, but it could hurt a wicked daughter.

He vaguely remembered that demon sword Wuya had left the time and space reverse flow, bearing the suppression of billions of years of time and space, and swung his sword.

Before he died in meditation, he threw his head back and laughed loudly. "When one hears the dao in the morning, one can die in the evening!"

"Even the Dao is not as good as the ultimate technique..." Su Yu murmured softly, recalling Yun Yazhi's words when he taught demon sword Wuya.

He held the wooden sword in his hand and fell into deep thought.

However, after a long time, he still couldn't find a solution.

He took out the nine dragons divine cauldron and looked at Yun Yazi who was sitting cross-legged in the cauldron among the countless divine blood.

Ever since he left the cage of Taotie, Yun Yazi had been cultivating in the nine dragons divine cauldron for a long time because his soul was too weak.

In the blink of an eye, dozens of years had passed, but Yun Yazi still showed no signs of waking up.

Just as he was about to look away, he suddenly noticed something strange. He fixed his eyes on it and was surprised to find that the divine blood in the cauldron was rippling with a layer of ripples, forming a line of small words.

“You lack a sword heart, and you must have a sword heart if you want to comprehend a supreme sword technique that is comparable to the Great Dao.”

Su Yu saw this and was pleasantly surprised. “Master, you're Awake?”

Chapter 2142 The Exchange Of Dao Stones

“I am at a critical moment of recovery and am temporarily unable to come out to meet you.”

In other words, he was about to awaken?

After seeing the Shengyuan Heart, a smile appeared on Su Yu's face.

“At that time, I respectfully welcome master to come out of seclusion.”

Su Yu was filled with anticipation as he kept the nine dragons divine cauldron. In his heart, he was thinking, what is a sword heart?

At this moment, Emperor Flood Dragon knocked on the door and said, “Tie Hua sent a message. He is scheduled to meet tie Wuheng Tonight.”

Su Yu was delighted and immediately opened the stone door.

After keeping the three items, he immediately left and headed to the headquarters of the Six Star Chamber of Commerce with Emperor Flood Dragon.

Outside the main hall of the headquarters.

Tie Hua was twisting his waist and waving his hand from afar. “Come over quickly!”

The two of them walked over. Tie Hua glanced at Emperor flood dragon and said, “Don't go. The Seven Star Guild leader is very smart. If he sees you and me at the same time, he might be able to see some clues.”

Emperor flood dragon was helpless. “There's nothing I can do.”

“It's alright.” Su Yu thought for a moment and took out a cloak to cover his entire body.

Under the cloak, Su Yu released a small world, but he controlled it to an extremely small area. It was just enough to cover his face.

“Let’s Go!” Tie Hua brought Su Yu into the main hall of the headquarters, which no one else could enter.

Only after entering did he realize that there were already five people in the main hall.

Su Yu was not surprised at all when he saw that the sacred Yuan heart was inside.

However, when he saw the other two people, he stood on the spot as if he had been petrified.

Daoist master Xuan Ming!

It was him. Su Yu would never mistake him. Back then, Daoist Master Xuan Ming had lurked in the Milky Way star sand and only appeared when he left the cage of Taotie!

He... Su Yu was only surprised.

However, when he saw the bored young girl beside him, a great surprise rose in Su Yu’s heart.

Qin Xian ‘er!

It was Qin Xian ‘er!

Although his armor had blocked most of his appearance, he would not mistake her again.

It was indeed Qin Xian ‘er!

“Look at me. What’s the matter?” Qin Xian ‘er asked coldly, her entire body emitting a faint murderous aura.

Su Yu was excited, but he could barely restrain himself. He leaned to the side quietly.

He was a wanted criminal of the Star Alliance Chamber of Commerce. At this moment, he couldn’t reveal his identity.

Standing on the other side, he couldn’t help but look at Qin Xian ‘er. He felt both happy and inexplicably sad.

Right now, she probably didn’t remember Su Yu. She had completely forgotten that name, right?

However, they were still connected by fate. They could still meet in the vast absolute beginning world.

Qin Xian ‘er was very displeased. Although his cloak blocked everything on her, she could still sense that he was looking at her.

“Xuanming, that guy is so annoying. He keeps staring at me.”

Daoist master xuanming glanced at Su Yu and said nonchalantly, “He’s just looking at you. He won’t do anything to you.”

Qin Xian ‘er pouted slightly. “Hmph, I won’t spare him later!”

She averted her gaze and wanted to pretend that she didn’t care. However, for some reason, she felt uncomfortable all over.

It was as if that person's gaze was very special.

“Damn it!” Qin Xian ‘er secretly clenched her pink fists.

She was about to give a verbal warning when suddenly, the air trembled slightly and the surroundings became inexplicably oppressive.

A short child-like figure with a rather mature expression entered the hall with his hands behind his back.

His appearance was rather strange, causing people to laugh.

However, no one present could laugh.

This was because the cultivation that he unintentionally released was extremely terrifying, far stronger than that of Emperor Flood Dragon, Ten Thousand Arts Master, and Daoist Master Xuanming.

This child was without a doubt the legendary seven star guild leader, Tie Wuheng.

With his hands behind his back, he sat at the head of the hall and looked down at them with a hint of impatience on his face. “You people are always thinking about my collection!”

As soon as the exchange began, everyone could sense that something bad was about to happen.

Tie Wuheng didn't seem to be interested in exchanging items!

It should be that the three groups of people present had each entrusted a vice pavilion master, and since tie Wuheng was a guest here, he had no choice but to give them some face and meet up with them.

The people present looked resentful, thinking to themselves that the exchange today would be very difficult.

Unless they could indeed take out treasures that tie wuhen was extremely satisfied with.

The first was Daoist Master Xuanming. He said, “Senior WUHEN, do you remember me?”

Tie Wuhen looked over and thought for a while. Then, he said, “Who are you?”

Immediately, Daoist master Xuanming's face was filled with embarrassment. He said, “When you were the president of the Six Star Guild, I once assisted you in managing the Star Alliance Chamber of Commerce in the Asura world...”

“Asura world...” Tie Wuheng dragged out his voice. Without waiting for Dao Master Xuanming to smile, he said, “I don't know it!”

This made Dao Master Xuanming feel extremely embarrassed. He had boasted to Qin Xian ‘er that he and tie Wuheng had some friendship.

But now, the other party didn't even remember it.

“Don't get too close. Even if you are my grandson and want to take the collection from me, you have to let me see what you can bring out that I look forward to.”

Daoist master Xuan Ming nodded repeatedly. "President is right."

He took out a piece of sand. It was the Milky Way Stardust.

However, compared to the past, the current Milky Way Stardust was even more resplendent. It spread out in the palm of his hand like an incomparably long Milky Way.

It seemed that after Daoist master Xuan Ming took it back, he had made some improvements or rerefined it, causing the Milky Way Stardust to improve greatly.

Daoist master Xuan Ming introduced, "This is..."

"It's the Yang Spring level Milky Way Stardust, something that can purify magic treasures below Dao artifacts, right?" Who knew that Tie Wuheng would interrupt him.

Daoist master Xuan Ming was stunned, and said, "Yes, could it be that the President has a collection?"

"No!" Tie Wuheng said. However, just as Daoist master Xuan Ming heaved a sigh of relief, Tie Wuheng said again, "Of course I wouldn't collect this kind of trash! I do have ten sets of white snow level Milky Way Stardust!"

Hearing this, Xuan Ming Dao Master's face turned green and then red.

The thing he was proud of was actually... trash in Tie Wuheng's eyes!

"Next!" Tie Wuheng didn't look at him anymore and said indifferently.

Ten Thousand Path Master was a little nervous. The Yang Chun level Milky Way Stardust was a supreme treasure that could only be found by chance. If it was placed elsewhere, it would definitely be a treasure that would be fought over.

However, in Tie Wuheng's eyes, it was not enough.

Ten thousand path master lacked confidence and said, "I have a ten thousand path realm, which is a dao artifact. Guild leader Tie, take a look and see if you need it."

He took out a rather ancient looking mirror. Light flickered within the realm, and it was filled with many different laws.

Tie Wuheng's expression changed slightly as he said, "Ten Thousand Path realm, currently the only thing that can create an artificial mortal body is not trash..."

The Ten Thousand Arts sect master let out a long sigh, but Tie Wuheng added, "However, I don't need it anymore."

This made the ten thousand arts sect master sigh. He was one step too late!

Unfortunately!

The two dao master level experts wanted to exchange something from Tie Wuheng, but in the end, they all failed.

It was extremely difficult to exchange something from Tie Wuheng.

“Next.” Tie Wuhen sounded impatient.

Su Yu thought for a while and took out a thorn tree filled with absolute beginning qi.

Tie Wuhen glanced at it and said, “Plants with absolute beginning qi... Eh, Wait!”

He suddenly felt that something was wrong and looked at it.

The more he looked at it, the more surprised he became. In the end, he couldn’t help but ask curiously, “A living creature with absolute beginning qi? This... must be something that only existed at the beginning of the new era, right?”

When the epoch began, absolute beginning Qi overflowed everywhere. Many plants were born with absolute beginning Qi.

However, with the evolution of absolute beginning Qi into everything in the world, it would gradually disappear.

Until now, except for the nine-star civilization, which occasionally had similar things appearing, other places had already disappeared.

“It’s a good thing that’s not very common. Although it’s not very useful, the advantage is that the rarer the thing, the more valuable it is.” Tie Wuhen’s impatient expression disappeared. For the first time, he expressed his interest. He looked at Su Yu, “What do you want from me?”

Su Yu said, “A dao stone!”

Instantly, the ten thousand path master and the other two stared at Su Yu with suspicious expressions.

He had actually come for a dao stone as well.

The Ten Thousand Path Master and Jian Mie’s hearts sank. This time, it was troublesome. The dao stone had fallen into someone else’s hands.

“Dao Stone? You’re thinking too much. With this item, it’s far from enough to exchange for a Dao Stone.” Tie Wuheng shook his head, indicating his refusal.

Only then did ten thousand path master and Jian Mie let out a slight sigh of relief.

Tie Wuheng looked at the thorny tree with some regret, then waved his hand and said, “Disperse.”

However, right at this moment, Su Yu suddenly said, “Then, I wonder if guild leader tie is interested in the 100,000-year-old Indian silver bamboo.”

Everyone present was at a loss. They had never heard of the Indian silver bamboo.

However, tie Wuhen was surprised. “You have the extinct Indian silver bamboo... wait, 100,000 years? Are you sure you didn’t say 10,000 years? The lifespan of the Indian silver bamboo doesn’t exceed 100 years.”

Su Yu didn’t say a word. He took out a 100,000-meter-long giant bamboo from his interspatial ring.

Lightning arcs flashed on the surface of the bamboo, and the electric tentacles numbed everyone.

Tie Wuhen was shocked and moved. He went up to check and asked in surprise, "Is it really 100,000 years old?"

He asked in surprise, "Where did you get it..."

Halfway through his question, he stopped himself.

This question was really inappropriate.

Everyone had their own secrets, so how could he tell them so casually?

After hesitating for a while, tie wuhen struggled and said, "Okay... then! I can find another piece of dao stone, but there might not be many 100,000 years old Indian silver bamboo in the world!"

As he said that, tie Wuheng took out a nine-colored stone the size of a millstone.

Both of them got what they needed in exchange.

This scene made both parties envious.

They actually succeeded in exchanging it from tie Wuheng!

Tie Wuheng was very satisfied and smiled. "I thought it was a waste of effort this time. I didn't expect that I would still get something in the end, Haha!"

He looked at Su Yu and said, "See you again..."

"Hold On!"

"Is there anything else?" Tie Wuheng asked.

Su Yu said unhurriedly, "I have another thing that I want president tie to see."

Tie Wuheng was immediately interested and said, "Come, take it out and have a look."

The things that this mysterious cloaked man took out were all authentic. Tie Wuheng was very excited.

Su Yu took out a piece of the fruit shell of the Indian silver bamboo. It was the smallest of the 36 small pieces and was only the size of a fingernail.

Looking at it for the first time, tie wuhen frowned. "What is this?"

Tie Wuhen was as knowledgeable as tie wuhen and did not recognize what it was for a moment.

Chapter 2143 Feeling Wronged

Su Yu did not answer. He only let tie wuhen look at it himself.

Because... he did not know what it was.

Tie Wuhen held the fragment in his hand and rubbed it for a while, but he still could not remember what it was.

After pondering for a moment, he said, "Can you allow me to use my methods to check it?"

If he checked it, it was possible that he might accidentally hurt the test object.

“Sure!” Su Yu did not refuse.

He also wanted to know what the fragment was and what it was used for.

With Su Yu’s consent, a burning domain rose from Tie Wuhen’s palm and wrapped the fragment within.

While doing so, Tie Wuhen explained, “This is the Dao I cultivate, the Great Dao of treasure appraisal.”

“Anything that is in my domain will reveal its own attributes and information. Until now, it has never failed...”

Tie Wuhen was still saying these words, but his face quickly turned stiff.

The fragment did not move in the flames.

There was no information about any item.

Tie Wuhen was instantly embarrassed. He took out the fragment and threw the Indian silver bamboo that Su Yu had given him into it.

The result immediately showed an extremely accurate information.

“A 100,300-year-old Indian silver bamboo. Attributes: hard, contains lightning attribute...”

This time, Tie Wuhen was really shocked.

He held the fragment and looked left and right, but he couldn’t understand it.

“Is there anything in the world that doesn’t have an attribute?” Tie Wuhen was inexplicably shocked.

Everything in the world existed in the world, and it had its own attributes.

This was the first time in his life that he had encountered something that didn’t have any attributes.

In other words, this item without a shard was too high-grade. It was so high-grade that his dao was not high enough to control it.

“Alright, I want this item. What do you want to exchange for?” Tie Wuheng did not think too much and said on the spot.

Su Yu heaved a sigh of relief and said, “Asura sovereign seal!”

What? Daoist master Xuanming and Qin Xian ‘er were stunned.

What he wanted was actually what they were looking for!

Tie Wuheng also frowned. “Change it to something else. I have already prepared to take this item out in this exhibition. It has already been publicized. There is no reason to change the exhibits anymore.”

Hearing this, Su Yu frowned slightly and sighed. “I only want the Shura sovereign seal. Since Guild leader Tie is unable to part with it, then I won’t force it.”

As he spoke, he was about to take back his fragment.

Tie Wuhen struggled for a while and held Su Yu's hand, "Forget it! Let's make an exception this time!"

Although he didn't understand what the shard was, his intuition told him that this exchange wasn't a loss.

Su Yu loosened his hand and said, "Thank you, senior."

Thus, Tie Wuhen took out a bone and put it into Su Yu's hand.

"This is the Shura sovereign seal? Are you sure it's not a bone to feed a dog?" Su Yu muttered.

He couldn't be blamed for saying that. This bone was indeed too ordinary. It couldn't even be considered a dharma treasure.

Could this item be the symbol of power for the Shura World Overlord?

Tie Wuheng chuckled. "Think about it yourself."

After saying that, he looked at Dao Master Xuan Ming and Qin Xian'er with a meaningful gaze before leaving with a faint smile.

The moment he left, the atmosphere in the hall became awkward.

"Xuanming, do you have the urge to beat this guy up?" Qin Xian'er bared her teeth. "It's extremely displeasing from the beginning!"

Daoist master Xuanming's eyes had already darkened. He said indifferently, "My friend, you said that the World Overlord's seal of the Asura world is a dog's bone. Your Words Don't bother me at all!"

There was a hint of threat in his words.

At this moment, the Ten Thousand Laws Dao master cast a meaningful glance at Su Yu and said, "My friend, I have something to discuss with you in private."

Su Yu smiled. He had been mentally prepared when he obtained the two items. It might not be so easy to obtain them.

However, he was not afraid.

With a faint smile, he took the lead to look at Dao Master Xuan Ming. "If you still want the Asura sovereign seal, you'd better chase this Ten Thousand Laws Dao master away for me. I want to have a private talk with you."

Dao Master Xuan Ming was surprised. He rolled his eyes and gave Dao Master Xuan Ming a warning glance, he said, "My friend, if there's a priority, don't force him. Since he wants to have a chat with me, then please leave for the time being. How about it?"

He slowly released his domain, with the intention of making a move.

Dao Master Xuan Ming looked at Dao Master Xuan Ming with some trepidation. Finally, he gave Su Yu a deep look and left with Jian Mie and Shengyuan Xin without saying a word.

“Alright, let’s talk about the Shura sovereign seal now.” Dao Master Xuan Ming stared at Su Yu with a hint of surprise on his face.

He tried to probe Su Yu’s true appearance, but under his cloak, it was as if he was air.

It was as if the person who spoke before him was in another world.

Su Yu said indifferently, “I can give you the Shura sovereign seal for free.”

“Eh?” Dao Master Xuan Ming was inexplicably surprised.

That was something Su Yu had exchanged with Tie Wuheng with great difficulty. He was actually willing to give it to them for free?

He felt that it was somewhat unrealistic.

Qin Xian ‘er stared at Su Yu with an unfriendly gaze and said, “HMPH! What are you planning?”

There was no free lunch in the world!

The strangest thing was that they had never said that they came to look for tie Wuheng for the Shura Sovereign Seal.

How did the Cloaked Man Know About It?

It was too suspicious!

Daoist master Xuanming also felt that it was impossible. He asked, “Is that true?”

Su Yu nodded. “It’s true! But, I have two requests!”

Daoist master Xuanming thought to himself. As expected, the Shura sovereign seal was not so easy to take away. He said, “Let’s talk about it first.”

“The first condition is to be my bodyguard and protect me for a period of time.”

Bodyguard? The Xuanming Path Master was able to let go of this status and agreed immediately, “No Problem!”

“The second condition is to have the girl next to you accompany me for a period of time.”

As soon as he finished speaking, the Xuanming Path master immediately revealed a cold expression and said in a low voice, “Who do you think she is?”

Of course, she was his wife!

A wife who had forgotten about him!

“I think you might have misunderstood. I don’t intend to do anything to her. I just feel that she is like an old friend of mine and I just want to chat with her.”

“If you don’t believe me, you can follow her at any time.”

Only then did Daoist master Xuanming’s expression gradually ease up.

After being calm for a long time, he finally turned his head to look at Qin Xian 'er and said with great difficulty, "Xian 'er, why don't you suffer for a while first?"

When Qin Xian 'er heard this, Ah Nian was completely infuriated. "Do you want me to be matched with a strange man, or a man who has been staring at me from the start? My God, your eyes are about to fall into the Shura Sovereign Seal."

Dao Master Xuan Ming smiled embarrassedly. "Isn't this the same as having to lower your head under a roof? Xian 'er, for the sake of the Shura World's long-lasting hegemony, you should sacrifice yourself. He already said that it was just a chat."

Qin Xian 'er was so angry that she was trembling. She glared fiercely at Su Yu. "Did you change the asura sovereign seal in the beginning just for now?"

Su Yu looked at Qin Xian 'er's appearance and secretly found it funny.

At first glance, she was still the pampered little princess from back then.

But compared to that time, she was much more mature and wise.

"Yeah, why? Don't you want the Asura sovereign seal?" Su Yu smiled and said.

Qin Xian 'er felt that this man was really shameless to the extreme. She said, "I don't want it..."

"Wu Wu Wu..." her mouth was covered by the Xuanming Dao Master Alliance. She said, "Yes, of course we want it! Then, let's... work together happily?"

Su Yu smiled slightly. "Work together happily!"

The two of them ignored Qin Xian 'er, who was so angry that she jumped over the wall. They made a deal on the spot and sold her very happily.

The two of them agreed that each of them would hand over a portion of the blood essence that contained the oath.

They would then hand it over to the other party for safekeeping until the agreed time ended.

Su Yu handed the Shura Sovereign Seal to the other party, and the two of them took back their oath blood essence.

Daoist master xuanming rubbed his fists in anticipation as he placed the blood drop back into his storage ring. He advised Qin Xian 'er, "Xian 'er, look, things have already come to this. Are you just going to endure it?"

"You!" Qin Xian 'er was so angry that her teeth were itching. She glared fiercely at Su Yu and said, "Alright, you want me to accompany you, right? Sure! Let's go shopping with me!"

Su Yu smiled. "Sure!"

Upon hearing this, a cold arc flashed across Qin Xian 'ER's eyes!

In the city of the Six Star Chamber of Commerce, a cloaked man and an armored man walked side by side.

“What’s Your Name?”

“I don’t know!”

“What do you like?”

“I don’t know!”

“Do you like me?”

“I don’t know...”Qin Xian ‘er blurted out. Then, she realized that she had been tricked. She said angrily, “Shameless! I hate you. Are You Satisfied?”

Su Yu shrugged and said indifferently, “How much do I hate you?”

“How far the absolute beginning realm is, I hope you can hate me as much as possible.”

Su Yu smiled and said, “That’s the end of the world. This is an adjective that many lovers would like to use.”

Qin Xian ‘er stomped her feet and glared at Su Yu unhappily. She said angrily, “Why are you...”

Looking at Su Yu, Qin Xian ‘er couldn’t be bothered to say, “Didn’t you want me to accompany you? If I want to buy something, will you buy it for me?”

If she wanted to buy something for her wife, why wouldn’t she?

“Of course!”

“Alright, this is what you said. Don’t regret it!”Qin Xian ‘er bared her teeth and pointed at a shop that specialized in selling magic treasures and jewelry. “I want to buy the treasure of the shop inside!”

She didn’t even know what the treasure of the shop was, let alone buying it?

She just wanted to deliberately spend Su Yu’s money to anger him.

Su Yu said, “No problem. Come in with me.”

After entering the shop, Su Yu didn’t ask what the store’s treasure was and said, “Ask your boss to come out. There are important guests.”

Not long after, the owner of the shop walked out and looked at Su Yu and Qin Xian ‘er with some arrogance. He said, “Dear guests, what do you want to buy?”

Qin Xian ‘er was very calm and looked like she wanted to watch Su Yu’s show.

Su Yu said, “Your Shop is worth a lot of money, right?”

The owner was slightly stunned and said with some pride, “Well, it’s not bad. It’s only one million dao coins...”

Before he could finish, su yu said, “Okay, I’ll give you two million dao coins. I’ll buy the shop.”

The owner stood there in a daze.

“Not Enough? Then three million dao coins.” Su Yu took out a crystal card.

This is almost the top card!

Chapter 2144 Back To The Beginning

The owner immediately nodded like a young lady pecking at rice and said, “Okay, okay, I’ll sell. Except for me, everything in the shop now belongs to you!”

The two traded on the spot. The owner handed over the contract to Su Yu while he took the dao currency and left as if he had hit the jackpot.

Su Yu glanced at the shop assistants in the shop.

They came back to their senses and immediately bowed respectfully. “Greetings, new owner!”

Su Yu turned his head and smiled at Qin Xian ‘Er. “Miss Qin, take whichever treasure you want.”

Qin Xian ‘er looked at Su Yu in astonishment. She was amused and annoyed at the same time. “Alright, let’s go shopping again!”

“Sure.” Su Yu said with a faint smile.

After leaving the shop, they passed by a shop with luxurious decorations. Qin Xian ‘er said, “Don’t you like to buy shops? Then, how about buying this one?”

The shop in front of them cost at least ten million dao coins, right?

Such a huge amount of dao coins was definitely not something that anyone below the dao master level could afford.

“Sure, wait for me here for a while.” After saying that, Su Yu left alone.

Not long after, he came back with a pile of contracts in his hands. He said, “Whichever shop you like, you can choose any one. I’ve already bought the entire street. You can choose whichever shop you want! !”

Qin Xian ‘er took a deep breath and looked at Su Yu in disbelief. “Are You... Crazy?”

An entire street, how many Dao currency would it take?

Where did Su Yu get so many dao currency?

It was completely incomprehensible!

She did not know that Su Yu had obtained Meng Ke’er’s spatial storage device.

And Meng Ke’er was an expert from the Star Alliance Chamber of Commerce. The dao currency in her hands was an astronomical figure.

Buying an entire street was not even a drop in the ocean.

“For you, it doesn’t matter even if I Go Crazy.” Su Yu smiled indifferently.

Qin Xian ‘er was stunned for a moment. For some reason, a familiar feeling rippled in her heart, like a pearl that had been forgotten in the dust yesterday.

She suddenly turned her head and found that it was still there.

However, this feeling had just risen when it was wiped out by an unseen force.

“It’s baffling. You and I have never met before, okay?”Qin Xian ‘er shook her head and said.

Su Yu took a deep breath and slowly took off his cloak, revealing his face. He said deeply, “How could I have never met you? It’s just that you have already forgotten.”

Qin Xian ‘er saw his face clearly and was slightly stunned. “The person in the dream ancient forbidden land? Why Is it you?”

“I remember you. Xuan Ming said that you might be an illusion created by the ancient dream forbidden ground, but now it seems that it’s not the case.”

Su Yu shook his head gently. “No! You Don’t remember me. I’m not an illusion, but an old friend of yours.”

“You, me? An old friend?”Qin Xian ‘er felt that it was very unbelievable.

This explanation was too strange and she couldn’t accept it.

That was because she couldn’t remember meeting Su Yu even once.

Su Yu’s eyes were filled with sadness as he said, “Yes, an old friend who has been forgotten.”

Qin Xian ‘er shook her head, thinking that Su Yu must have gone crazy. How could she not remember who she had forgotten..

As she thought of this, Qin Xian ‘er was suddenly stunned.

There was really someone she might have forgotten.

After hesitating for a long time, Qin Xian ‘er looked at Su Yu and said, “You... are you called Su Yu?”

Upon hearing this, Su Yu’s expression changed drastically. His eyes flashed with excitement as he said in disbelief, “You... how do you know Su Yu?”

Qin Xian ‘er said, “There has always been a name called Su Yu in my mind. I Can’t forget it, I can’t erase it. It has always existed. Could it be that you are Su Yu?”

Su Yu was extremely excited. So it turned out that he had destroyed his body and sacrificed everything just to ask Qin Xian ‘er to remember his name.

In the end, he did not fail. She really remembered it.

“I, I am Su Yu!”Su Yu realized that his heart, which had been silent for many years, could not help but tremble slightly.

Qin Xian ‘er revealed an expression of “As expected”and said, “I guess it is you!”

An unfamiliar name that could not be erased from her mind, an unfamiliar figure that was formed from the grass in the ancient dream forbidden ground.

It should not be difficult to deduce that Su Yu was the name of that figure.

“What was our relationship in the past?”Qin Xian ‘er asked curiously.

The name was engraved so deeply in her heart. It should not be an ordinary relationship, right?

Su Yu was excited and wanted to tell all the stories about him and Qin Xian ‘er.

However, when the words were about to come out of his mouth, he retracted them in the end.

The current Xian ‘er had forgotten everything except for his name. It was the same as if it had never happened.

Now that he told her that he was her wife, how would she feel?

Putting herself in his shoes, would su yu accept a woman he didn’t know suddenly pestering him and saying that she was his wife?

Obviously... No!

“Friend.”Su Yu felt an indescribable sadness in his heart.

He had never thought that he would meet Qin Xian ‘er again as a friend.

Qin Xian ‘er nodded blankly. “Then why don’t I remember you at all?”

Su Yu looked at her and said, “Because... we haven’t seen each other for a very, very long time.”

“Is that so?”Qin Xian ‘er was skeptical.

“Yes.”Su Yu nodded with an infected expression when she didn’t notice the arc.

Qin Xian ‘er said, “Alright, then I will forgive your rudeness for staring at me! But, since we are only friends, I hope you will stop when you are done and don’t say it rashly.”

Qin Xian ‘er felt slightly uncomfortable when she recalled the familiar fluctuation that appeared in her heart just now.

“I will.”Su Yu nodded his head lightly.

He was already very satisfied to be able to freeze their relationship at the very beginning.

All of a sudden, Su Yu put on his cloak again, making it impossible for others to see his face clearly.

Dao Master Xuanming suddenly appeared at this moment and said, “Brat, you are still very prescient. That Old Fellow, Dao Master Ten Thousand Arts, truly doesn’t want to let this matter rest.”

His expression was somewhat solemn. “Later, I might only be able to stall Dao Master Ten Thousand Path Master, and I won’t be able to escape for much longer. Take care of yourself.”

The power of Dao Master Ten Thousand Path master caused Dao Master Xuan Ming to feel extremely fearful.

Su Yu said indifferently, “It doesn’t matter. I didn’t ask you to act alone.”

Dao Master Xuan Ming didn’t understand what he meant.

At this moment, Emperor Flood Dragon also noticed the movements of Dao Master Ten Thousand Path Master and the others and immediately rushed over. He said, "What should come will come. This battle should be unavoidable."

Su Yu said indifferently, "Mm, leave the six Star Chamber of Commerce. There are too many people here and it's not convenient to fight."

The group of people deeply agreed and immediately set off into the great void.

Just as they entered the great void, the Ten Thousand Arts sect master and the other two caught up.

The Ten Thousand Arts sect master looked at Emperor Shura and Emperor Flood Dragon with some trepidation. He stared at Su Yu, "Kid, the Dao Stone doesn't mean much to you. I can give you the price you want in exchange for this item."

Su Yu thought for a moment and said, "Then, can I use the Dao Stone to exchange for the sacred Yuan Xin Freedom?"

Ten Thousand Path Master looked at the sacred Yuan Xin and said, "You can consider it. I will apply to the headquarters."

There was no chance!

Chapter 2145 The Blood In His Heart

Anyone would say that.

If he was really confident, he would not say that.

"Give me the Dao Stone first. I will apply to the headquarters," said myriad path master.

As expected!

Su Yu smiled without saying anything. He said indifferently, "You are a great path master, yet you are fooling people? Or do you think that you can defeat me?"

He just wanted to confirm whether it was really difficult for the sacred yuan heart to leave Nirvana.

Now, it seemed that it was indeed so. At least, the ten thousand path master was completely uncertain.

"I'm not stirring up a dispute, but I'm discussing it calmly with you!" The ten thousand path master said slowly, "You give me the Dao Stone, and I'll give you the ten thousand path realm. How about it?"

Hearing this, even the Xuan Ming Path Master could not help but laugh.

"Sir, if the ten thousand path realm could be exchanged for the Dao Stone, would there still be the present situation? Tie Wuheng had already given it to you! Is this what you mean by calm and discussing?"

The Ten Thousand Arts Dao Master's expression was indifferent as he said, "Then, how about I pay a little more dao currency?"

Su Yu shook his head and said, "What if I say that I don't want to exchange for it?"

The usefulness of the Dao stone to him was incomparable. How could it be replaced by a mere dao currency?

The Ten Thousand Arts Dao master said indifferently, "Then, I can't say. I can only talk some sense into you."

His body used the center of his glabella as the center. He wanted to split the two sides into two halves.

Each half used its own body as the foundation to duplicate the other half.

Thus, they became two identical Ten Thousand Arts Dao Masters.

What was surprising was that although the aura of the two split people had weakened, the cultivation realm they could emit was still at the DAO Master level!

This was the reason he had Su Yu.

Emperor Flood Dragon and Dao Master Xuanming's eyes focused. In such a battle, they could still firmly suppress the other party.

However, Su Yu and Qin Xian 'er could only face the sacred prime heart and sword obliteration in a one-on-one battle.

"I'll say it one last time. Do you want to trade or not?"

Su Yu shook his head slightly and said, "At this stage, do you still want to ask if you want to trade or not? If you want to fight, then let's fight. Cut the crap!"

Dao Master Ten Thousand Arts snorted coldly as the two dao masters activated their domains at Su Yu.

"Humph!" Emperor Flood Dragon and Dao Master Xuanming each blocked one of their avatars and said, "Your opponent is me!"

The four Dao Masters fought each other, and their domains flew all over the sky, emitting waves of destructive light.

Anyone Below Dao Master who got close would have no chance of survival.

Jian mie and Shengyuan Xin stared at Su Yu.

When they saw Emperor Flood Dragon, they already thought that this mysterious cloaked person with many treasures was very likely Su Yu.

After all, Emperor Flood Dragon had always been by Su Yu's side.

The former naturally hated Su Yu, while the latter was full of worry. He thought to himself, "Su Yu really took something that he shouldn't have!"

"Hehe, you still can't escape!" Jian mie smiled faintly. He pulled out the long sword at his waist and pointed it at Su Yu from afar. "Come, let me see if you still dare to be arrogant when you leave the six Star Chamber of Commerce!"

Su Yu was unafraid and said indifferently, "There's no need to be arrogant when it comes to you."

He clenched his palm and held the royal longzun sword tightly in his palm. A sharp sword Qi was slowly emitted.

Jian Mie looked at the sword and his eyes immediately lit up. He shook his head regretfully. "The sword is a good sword, but a man is not a good master. It's really a waste to give this sword to you!"

"Alright, I'll let you see the grace of a Master of the sword principle!" Jian Mie said indifferently.

He waved his long sword, and a nomological chain moved along with the sword. It wrapped around the body of the sword and stabbed forward with the long sword.

Su Yu said calmly in a low voice, "Sinkhole Sword!"

The pitch-black sword shadows that filled the sky formed a sword dragon with the support of the dragon's might. It roared and flew away.

"What?" Jian Mie's expression changed. He had not expected Su Yu to have such a powerful sword technique in his palm!

"Break!" He shouted. The power of his swordsmanship increased by 30% and destroyed the attacking wild dragon.

However, his clothes were torn into strips, and his body was full of wounds.

Jian Mie was shocked and angry. He was about to scold something, but Su Yu said, "The elegance of the swordsmanship is not good. It is not worthy of your tone."

"Humph!" Jian mie looked at Shengyuan Xin, who curled his lips slightly, and became angry out of embarrassment. "It was just a warm-up. Now, let me show you the real swordsmanship!"

Su Yu was too lazy to listen to his nonsense. He put away the Royal Longzun Sword and clenched his five fingers. Nine Silver Suns slowly rose from his back.

"Nine Yang Universal Sword Formation!" Su Yu shouted softly.

The long-awaited sword formation was once again displayed by Su Yu after dozens of years.

The Nine Suns instantly condensed into a sword light that seemed to be able to split the heaven and earth apart, instantly sweeping everything away.

Jian Mie's expression changed drastically, and his alarm rose. He roared, "Sword Heart Indestructible!"

A heart that was shaped like a small sword suddenly jumped out of his chest.

The Heart released an incomparably majestic sword intent, and it condensed into a thick layer of armor around his body.

The nine Yang Sword Formation, which could completely destroy a half-step dao master, only left a trace on the armor.

Su Yu stared at the heart with a deep look in his eyes.

He had thought that the Sword Heart Yun Yazi was talking about was something he had comprehended.

He didn't expect it to be the real heart!

Only with the sword heart could one comprehend the most exquisite sword technique.

He didn't expect the sword heart to be so far away and so close to him.

After one move, the sword extinguished the sword intent and looked at Su Yu with fear in his eyes.

The other party did not cultivate the sword dao, but he could fight to a draw with his sword arts?

This... What kind of Sword Dao Genius was this?

Jian Mie was proud of his sword. How could he tolerate someone surpassing him in the aspect that he was best at?

"It's either you die or I Die!" Jian Mie roared in a low voice. The sword heart in his chest actually flew out of his body and suddenly slashed towards Su Yu.

Su Yu was not angry. On the contrary, he was happy. He took a glance and an afterimage of a pendant appeared in his chest.

With the presence of the Flood Dragon Emperor, there was no need to worry about not having dao masters instilling dao intent into him.

The dao annihilation pestle was instantly activated, and the sword heart was instantly knocked back. A few drops of heart blood even dripped from it.

Sword Annihilation's mind was connected, and he was restrained. With a pained groan, he immediately withdrew the sword heart.

Along with the blood that dripped from his heart, he withdrew it as well.

However, suddenly, a spatial law descended, enveloping both of them.

Jian mie turned pale with fright. His sword heart was his life root, how could he allow anyone to snatch it away?

"Come back!" With a loud roar, his sword heart used its powerful sword intent to forcefully break the law and return to Jian Mie's heart.

However, the three drops of blood from his heart were snatched away by Su Yu and floated in his palm.

Su Yu revealed a regretful expression.

The sword heart itself had spirituality and only followed the host. Unless the host died, it could only choose another master.

"Return the blood of my heart!" Jian Mie's face was slightly pale.

The loss of the three drops of blood of the heart was a huge loss to him.

"Ten Thousand Path Master, stop fighting. My Sword Heart is damaged."

The two ten thousand path masters who were fighting retreated together and came before Jian Mie.

With a sweep of their eyes, their eyes immediately darkened. "If you don't want to go against Nirvana, return the blood of the heart and pretend this never happened!"

When Su Yu heard this, he only smiled and kept the three drops of blood in his spatial storage.

Was he still afraid of offending anyone?

He had even offended the stone embryo emperor, so why would he be afraid of Nirvana?

"You're courting death!" Anger surged on the myriad path master's face.

The Xuan Ming Path Master walked over and stood in front of Su Yu. He said indifferently, "What happened to discussing properly? Why are you angry?"

Emperor Flood Dragon crossed his arms and said, "Hehe, you can kill us, but we can't take anything from you. What an imposing manner!"

The two sides faced each other from afar!

At this moment, an invisible giant palm appeared in the sky above the Six Star Chamber of Commerce and enveloped the entire civilization.

The aura of the remaining life suddenly swept over.

The six people outside the civilization all narrowed their eyes. "Heavenly Dao!"

Chapter 2146 The Origin Of The Corpse Race

The six of them stopped fighting and looked at the Heavenly Dao palm that had suddenly appeared.

However, after the Heavenly Dao palm covered the entire six Star Chamber of Commerce, it suddenly grabbed down.

A struggling figure appeared.

"President Tie?" Ten Thousand Path Master was shocked. Why would the Heavenly Dao attack him.

Could it be that he had done something heaven-defying and attracted the heavenly path to personally suppress him?

They couldn't see it clearly, but Su Yu found a clue.

A tiny fragment appeared in President Tie's chest.

That fragment was the Indian silver bamboo fruit fragment that Su Yu had exchanged with him, which was the non-elemental fragment.

His heart was beating wildly. A simple fragment could actually attract the heavenly path?

What exactly was that fragment?

PA --

At this moment, the five fingers of the palm of Heavenly Dao clenched and crushed tie wuhen into fragments.

The fragment was then retrieved by the palm of Heavenly Dao.

Watching the Heavenly Dao appear and leave, it only took a split second, but it gave them an indelible impression.

“Do we still have to continue fighting?” Emperor Flood Dragon’s eyes revealed extreme fear.

Ten Thousand Path Master’s face was also filled with fear. He looked deeply at Su Yu and said, “Believe me, we will meet again very soon.”

After saying that, he left with Jian Mie and Shengyuan Xin who had lost the blood of the sword heart.

The battle between the two sides had died down halfway due to the interference of the Heavenly Dao.

“Let’s not delay any longer. We will move out immediately.” Su Yu looked in the direction where the Heavenly Dao had left, filled with extreme curiosity towards the silver fruit.

The outer shell fragment of the fruit had even caused Tiandao to show up and snatch it away. He had even killed the owner of the fruit.

Then, what kind of existence was that Stone in the fruit?

The four of them moved out and returned to the Western Paradise Holy Land.

At that time.

A white dragon was swimming in the deep black void as it slowly approached.

The evil woman sensed that Su Yu’s aura was getting closer and closer. She let out a long sigh. “There will eventually be a result!”

A few years later.

In the western paradise, Su Yu and the others had returned.

The Buddha of the future lay on the head of the Buddha of ten thousand lanterns. He slowly opened his eyes and said with a kind expression, “Almsgiver, what is the purpose of returning to the Western Paradise?”

Su Yu said calmly, “Aren’t you the Buddha of the future? How can you know the future? Why Don’t you tell me what I’m going to do?”

The Buddha of the future laughed lightly and slowly moved aside without saying a word.

After glancing at him, Su Yu came to the head of the Buddha of ten thousand lanterns and said, “Protect me. No one is allowed to come near.”

He took out the nine-colored dao stone and condensed eight laws with one palm. He slowly reached into the skull of the Buddha of ten thousand lanterns.

As the laws continued to extend, they soon touched the poison of the Heavenly Dao.

The poison of the Heavenly Dao immediately adhered to the eight laws and flew rapidly toward the owner of the laws.

Soon, a thread of pitch-black poison of the Heavenly Dao rushed out from the skull of the Buddha of ten thousand lanterns along the laws and attacked Su Yu.

At the critical moment, Su Yu pressed his palm on the nine-colored dao stone.

The poison of the Heavenly Dao instantly entered the Dao Stone and attempted to pass through it to continue attacking Su Yu.

In the end, the nine-colored dao stone completely withstood the poison of the Heavenly Dao and accumulated spiritual energy within it.

The poison of the Heavenly Dao within the Buddha of ten thousand lanterns continuously flowed out along the trajectory of this wisp of poison of the Heavenly Dao.

Finally, not a single strand of it was left, and it gathered within the Dao Stone.

That originally nine-colored Dao Stone was charred black at this moment, and it was filled with the poison of the Heavenly Dao.

The future Buddha at the side walked forward with a pleasant expression and said, "Benefactor, your merit is perfect. Amitabha, please come down and rest with me."

However, just as he walked over, the eyes of the flood dragon emperor turned sharp and said, "Buddha of the future, the healing is not over yet. What are you in a hurry for? Stand aside and wait quietly!"

The Buddha of the future smiled and stepped back, but his eyes were slightly changing.

Su Yu looked at the Dao stone that had absorbed enough poison from the Heavenly Dao. He did not throw it away but carefully put it away.

This was a rare treasure at a critical moment. How could he throw it away just like that?

Looking at the Buddha of ten thousand lanterns who showed no signs of awakening, Su Yu thought to himself that the dao corpse divine pearl was indeed the culprit that prevented the Buddha of ten thousand lanterns from awakening.

Su Yu only had one way to take this pearl.

He took out the Buddhist relic of the Faceless Buddha and slowly placed it on the top of the Buddha of Ten Thousand Lanterns' head.

Suddenly, the Buddhist relic underwent an unprecedented change.

A giant Buddha with its back facing all living beings was born from it, and its entire body was emitting a rich Buddhist light.

The... remnant soul of the Faceless Buddha?

Su Yu was a little surprised. The faceless Buddha of ten thousand lanterns, who had died countless years ago, had left behind a wisp of soul in the Buddhist relic.

“The Buddha has passed on the fated person. Su Yu, you were able to walk to the Western Paradise and come before the Buddha of ten thousand lanterns because of your good fortune. Follow Me!”

Instantly, Su Yu felt that his feet were empty, and he could not control himself as he fell down.

Then, with a bang, his feet stepped on the ground.

What entered his eyes was a spinning black bead. It was the DAO Corpse God Bead.

“To dissolve the DAO Corpse God Bead, I can only use the power of the Buddhist relic. However, I only have a remnant soul left. I Can’t activate the Buddhist relic. I can only rely on you.”

Su Yu nodded. “That’s why I’m Here!”

He held the Buddhist relic and used his soul power to slowly activate the Buddhist relic.

Waves of pure Buddhist power surged out of the relic and sprayed onto the Dao Corpse God Pearl.

The Dao Corpse God Pearl, which was as black as ink, immediately dimmed.

Seeing that it was effective, Su Yu sat cross-legged and used his soul power to activate the Buddhist relic.

During the process, Su Yu realized that his soul was not tired at all. Instead, it was getting stronger.

He checked his soul and was surprised to find that his soul, which had already been half-converted, was continuing to be converted.

Each time, there was an additional soul fragment.

He was slightly happy and kept his mind to continue to activate the Buddhist relic.

Time passed bit by bit.

This process was very long. After an entire year, less than 20% of the Dao Corpse Divine Pearl had been suppressed.

Above the ten thousand lamp Buddha’s head, Emperor Flood Dragon and the others waited patiently.

Qin Xian ‘er muttered to herself, “What is that guy doing inside? He hasn’t come up for a year?”

Suddenly, the ten thousand lamp Buddha’s head emitted faint Buddhist light.

In this place, they realized that when they cultivated, it was as if they had the help of God.

Many things that they couldn’t understand in the past appeared transparent and simple under the Buddhist light. There were no other difficulties.

The three of them were overjoyed.

“Could this be enlightenment under the Buddha?” Dao Master Xuanming said in surprise.

They had long heard that the Buddhas of the Western Paradise Holy Land Emitted Buddhist light that could allow living beings to increase their enlightenment. Now that they saw it, it was as expected!

Qin Xian 'er also felt that this trip was not a waste, but after thinking for a while, she said, "The Buddhist light that we received can only be considered as a small leak, right? That guy is down there, doesn't he receive hundreds of times more Buddhist light than us?"

Hearing this, Emperor Flood Dragon also revealed an envious look. "This is the Buddhist light of the Buddha of Ten Thousand Lanterns. That kid is really lucky!"

Inside the Buddha of ten thousand lanterns.

As time passed, Su Yu's Soul Dao became more and more frequent.

His soul increased day by day. At the same time, under the illumination of the Buddha's light, his soul became unprecedentedly ethereal. It was as if everything was under his control, and he could see through all the obstacles in the world.

His heart moved, and he tried to use this to comprehend the sword technique that reduced complexity to simplicity.

However, the sword technique could see through, but it was still lacking something.

"Sword Heart!" Su Yu understood in his heart.

After thinking for a moment, he took out three drops of sword heart blood.

Pressing it between his brows, he immediately saw something through the Buddhist light.

He couldn't help but stand up. Holding the Royal Longzun Sword in his hand, he drew a seemingly ordinary sword style forward.

That sword made Su Yu feel an indescribable power. It was as if there was nothing in the world that couldn't be cut open.

At this moment, he was not swinging his sword. Instead, he followed the trajectory of the sword and arrived at that mysterious and unknown territory.

However, just as he was immersed in it and was about to comprehend something, his comprehension was suddenly interrupted without any warning.

He looked again at his body. The three drops of sword heart blood had already disappeared without a trace.

"The blood of Sword Heart is too little!" Su Yu thought to himself.

Recalling the marvelous sword move just now, Su Yu's heart was filled with regret.

He had only comprehended the superficial part of that sword move, and had not even released the power of that move.

It seemed that if there was a chance, he had to get his hands on the sword heart. No matter how bad it was, he should at least get more sword Heart's blood.

Calming himself down, Su Yu continued to control the Buddhist relic and exclaimed at the corpse god Pearl.

One year had passed!

Two years had passed!

Finally, five years had passed!

That Dao Corpse God Pearl had been completely purified, leaving only one... Buddhist relic.

That's right, it was a Buddhist relic!

Su Yu looked surprised, "Faceless Buddha, can you explain it to me?"

At first, he thought that some evil thing had put the dao corpse god Pearl into the body of the ten thousand lamp Buddha.

But now, it seemed that this Buddhist relic belonged to the Buddha of Ten Thousand Lanterns!

The Faceless Buddha let out a long sigh, "The Buddha said Nirvana. If the Nirvana is successful, one will still be a Buddha. If the Nirvana fails, one will be a devil."

Nirvana..

Su Yu's heart suddenly trembled. Could it be..

"Just as you guessed, all the corpse clans in the world are the Buddhas who failed in Nirvana. They have no memories, only this life."

Su Yu was shocked. The ancestors of the corpse clans were all Buddhas?

If this news were to be released, it would probably be earth-shattering, right?

"That Buddha of ten thousand lanterns is..." Su Yu said in surprise.

The faceless back birth Buddha said, "When he died in meditation, he chose to achieve Nirvana and rebirth. However, he was disturbed by the Heavenly Dao and was poisoned by the Heavenly Dao, causing his nirvana to fail! "Fortunately, his Buddhist skills are profound. Although he failed, he did not become a devil. Instead, he entered a state of silence."

"Now, you used my Buddhist relic to restore the Buddhist relic for the Buddha of ten thousand lanterns. He barely survived, but it is only temporary. He is still on the verge of passing away. His strength is weak. It is very likely that he can only light an oil lamp for one person."

Su Yu's heart tightened. Of course, that person could only be him!

However, Su Yu had another question, "The number of corpse clansmen is more than a trillion. In this world, are there really so many Buddhas who choose Nirvana?"

The faceless Buddha smiled, "Of course there aren't any in the western paradise, but there are many Buddhas in Nirvana."

Su Yu was slightly stunned. weren't the Buddhists who relied on devouring their faith in Nirvana? Where did the Buddhas come from?

He had been so busy recently. The updates were always delayed until the evening, so he did not have the energy to write. He would resume the previous update time from Tomorrow, so it was no longer so late.

Chapter 2147 Awakening The Holy Body (First Watch)

He voiced out his doubts, but when faceless turned his back to Buddha, he asked, “What is a Buddha?”

His question stumped Su Yu.

The so-called Buddha was a living being who cultivated Buddhism in his eyes.

As for what was Buddhism, he did not know much about it.

“The so-called Buddha is an existence that absorbs the beliefs of all living beings and the incense of heaven and earth to become powerful.”

Su Yu suddenly understood. The more famous The Great Buddha was, the more people would worship and worship him.

In the end, this was a kind of faith. Just like Su Yu, he was worshipped by the true dragon continent, the nine regions, and the divine realm to become a kind of faith.

However, Su Yu had never absorbed those beliefs and had never become a Buddha.

The Way Nirvana absorbed the faith of all living beings was different from Buddhism, but it was ultimately the same path.

It made sense to say that they were also Buddhas.

“If I’m not wrong, the person who created Nirvana must be a Buddhist expert. Furthermore, he must be an existence that lives in seclusion outside the great world,” said the Faceless Buddha leisurely.

Living in seclusion outside the great world? Then who could he be?

However, this was not important. What was important was why the Buddha of Ten Thousand Lanterns had yet to awaken.

Just as he was thinking, a powerful repulsive force sent Su Yu out of his body and back to the head of the Buddha of ten thousand lanterns.

Emperor Flood Dragon and the other two were sitting cross-legged, comprehending something. Their bodies were covered in a thick layer of dust.

Sensing Su Yu’s appearance, the three of them opened their eyes. Their eyes were still filled with comprehension.

It seemed like they had gained a lot in the past few years.

“Did you succeed?” Emperor Flood Dragon asked.

Su Yu shook his head, unable to confirm.

“Greetings, Buddha of Ten Thousand Lanterns!” Suddenly, the future Buddha sensed something and clasped his hands together.

Immediately, all the Buddhas in the Western Paradise bowed to the Buddha of ten thousand lanterns.

They, who were originally above the Buddha of ten thousand lanterns, felt as if they had appeared on the ground.

As Dao Masters, the Flood Dragon Emperor and the Xuanming Dao Master didn’t have any room to resist.

The two of them looked at the giant Buddha of Ten Thousand Lanterns with deep fear in their eyes.

His power was beyond compare.

Su Yu looked up and saw the giant Buddha, who was as tall as the heavens, slowly opening his giant eyes.

A pair of eyes that contained images of flowers, trees, insects, fish, birds, and beasts quietly looked down at the Earth.

The Buddha of Ten Thousand Lanterns had woken up!

Although he was about to pass away.

“Who is the one who saved me?” The Buddha of ten thousand lanterns let out a magnificent Buddhist voice and said slowly.

Before Su Yu and the others could say anything, the Buddha of the future walked forward, put his palms together, and said, “Reporting to the Buddha of Ten Thousand Lanterns, it’s them!”

He pointed at a group of people, but he was not referring to Su Yu and the others, but in another direction.

Myriad path master, Shengyuan Xin, and Jian Mie walked over quickly and stood in front of the Buddha of ten thousand lanterns. They bowed and greeted, “Greetings, Buddha of Ten Thousand Lanterns.”

“It was you who saved me?” The Buddha of Ten Thousand Lanterns asked indifferently.

Myriad path master bowed and said, “Yes, but this is what we should do.”

Hearing this, the Flood Dragon Emperor felt that he had been caught off guard.

He had personally witnessed how Su Yu had run around for the Dao Stone and how he had spent a large amount of time to save the Buddha of Ten Thousand Lanterns.

In the end, the future Buddha had opened his mouth and lied, pushing the credit to the myriad path master and the others who had not done anything!

“Wait!” Emperor flood dragon said, “We are the ones who really saved you, not them!”

The Buddha of ten thousand lanterns looked over slowly and said, “Future Buddha, do you have anything to say?”

The Buddha of the future said indifferently, “The Buddha will not lie. Those who lie can only be mortals.”

His face was calm and peaceful, and there was no trace of guilt on his face.

The Buddha of ten thousand lanterns nodded slightly. “No matter who you are, where you came from, where you are going, and why you want to pretend to be my saviors, as the fated witnesses to my death, you can watch from the side!”

With that, a beam of Buddhist light enveloped the four people, trapping them within and making them unable to move.

“What?” Qin Xian ‘er felt angry for Su Yu. He was simply bullying them to the extreme!

It was fine if the Buddha of the future was lying through his teeth, but how could the Buddha of ten thousand lanterns be so muddle-headed?

He could conclude everything with just one sentence without any serious questioning?

“What Bullsh * t Buddha! What an eye-opener!” Dao Master Xuan Ming snorted and slapped his palm on the light of Buddha. His palm naturally gathered his asura domain.

However, the light shield of the light of Buddha only trembled for a moment before it completely blocked it.

Emperor flood dragon also attacked in anger. The two Dao Masters activated their domains at the same time, but they were unable to do anything to the light shield.

They were like trapped flies, helpless.

“This is infuriating!” Emperor Flood Dragon felt that it was unreasonable.

Not only did they not receive any reward for saving people, they were even imprisoned!

Future Buddha glanced at them indifferently and then retracted his gaze expressionlessly.

Ten Thousand Path Master and the others also looked over and gave him a faint sneer.

He had once said that sooner or later, they would meet again.

Now, it was indeed so.

Moreover, he even took away their credit.

Jian mie stared at Su Yu with contempt and said sarcastically, “Thank you for your help! I’ll repay you properly after I light the oil lamp!”

The words ‘repay properly’ were exceptionally heavy.

Shengyuan was unable to help and looked at the future Buddha with contempt in his heart.

What Buddha? In the end, he was just an ordinary person wearing a holy coat.

The Ten Thousand Arts sect master had given many benefits to the Buddha in the future, including the Ten Thousand Arts sect. That was why she was in such a situation today.

What she was most worried about at the moment was that once the sword was extinguished and the oil lamp was lit, her combat strength would increase tenfold and she would be close to the sect master.

At that time, Su Yu would be in danger if she fought alone.

The current Su Yu should not be worried about her merit being snatched away, but whether she would be able to leave alive.

She was extremely anxious, but her strength was too weak and she couldn't stop her.

The Buddha of ten thousand lanterns looked at the myriad Dharma Dao master and the others and said, "Buddha has crossed the fated person. Do you have any requests for saving me?"

The Myriad Dharma Dao master nodded slowly and pointed at Jian mie. "This is a mortal-born saint physique. Buddha of Ten Thousand Lanterns, please light up his oil lamp!"

Jian Mie was actually a mortal-born saint physique?

The Flood Dragon Emperor and the Xuanming master turned solemn.

How rare was a mortal body?

Every time it appeared, it was usually taken away by the Heavenly Dao Hall. How could it end up in the outside world?

The Buddha of ten thousand lanterns nodded slowly, "I can see that! He has an oil lamp in his body."

As soon as he said that, an ancient oil lamp appeared on Jian Mie's chest.

It looked similar to Su Yu's, but it was only slightly smaller.

"Death is like a lamp going out. If the lamp goes out, everyone will die!" The Buddha of ten thousand lanterns said, "Are you sure you want to light the oil lamp?"

Once lit, the oil lamp would be life.

If it was accidentally destroyed, it would be the end of life.

Jian mie was already mentally prepared and said, "I'm sure!"

He was confident that after lighting the oil lamp, there would be very few things that could threaten his life.

So what if he lit it?

"If you insist, then I will light the oil lamp for You!" The Buddha of ten thousand lamps said slowly.

An oil lamp slowly appeared on the top of his head. The flame of the oil lamp was weak, as if the wind would blow it away.

It was the only remaining flame of the Buddha of ten thousand lamps.

It was only enough to light someone else's oil lamp once!

The last flame left the oil lamp of the Buddha of ten thousand lamps and slowly flew towards the sword extinguisher.

Jian mie closed his eyes and welcomed this moment!

Finally, the Wisp of flame lit up the oil lamp, and the extinguished oil lamp was suddenly lit up.

Seeing this scene, the ten thousand path master's face was filled with excitement. After years of hard work, he had finally succeeded!

Once the oil lamp was lit up, he would be able to completely awaken his mortal body.

At that time, there would be few enemies in the entire six star civilization galaxy that could contend against him.

Jianmie's heart was filled with extreme joy.

The Awakening of the mortal body was right in front of him.

However, at this moment, the flame of his oil lamp grew bigger and bigger and showed no signs of stabilizing.

The flame burned through the wick and actually lit up the entire oil lamp.

At the same time, the flame also burned to Jianmie himself.

"Ah!" Jianmie shouted in panic. His whole body shook and he tried to block the flame with his martial qi.

However, it was useless!

The flame quickly spread throughout his body and burned him into a living person.

Ten Thousand Path Master's face stiffened and he immediately used his domain to help him put out the fire.

However, when the domain touched him, his domain was also burned.

He was so scared that he immediately withdrew his domain and looked at the Buddha of Ten Thousand Lanterns in bewilderment. "What's going on?"

The Buddha of ten thousand lanterns said indifferently, "You have to ask where his oil lamp came from. A true mortal's sacred body oil lamp would not be like this."

The Myriad Dharma Dao master's expression changed again and again, and he could only tell the truth. "He... is a man-made mortal's sacred body. He can only become a mortal's sacred body by transplanting a ten thousand dharma realm into his body."

"I see." The Buddha of ten thousand lamps nodded slowly. "A true oil lamp should be something that the mortal's sacred body comprehended ten thousand

divine daos on its own and condensed from ten thousand divine daos. It contains the will of all living things in the world, which is why it can withstand this Buddha's fire."

"A man-made mortal body is, after all, man-made. It lacks the will of all living things, so naturally, it can not resist the light of Buddha. It is very common for it to be destroyed."

As he spoke, the raging fire that was burning on Jian Mie's body suddenly retracted and turned back into a weak little flame, returning to the head of the Buddha of ten thousand lamps.

The oil lamp on Jian Mie's chest had already been burned to ashes. Even he himself was unconscious, and his heartbeat was extremely weak.

Myriad path master stepped forward to examine him, and his expression changed drastically. "His sword heart..."

His sword heart was on the verge of death, and all that was left was an extremely weak heartbeat.

"The blood of his sword heart has been burned away. His sword heart... is already on the verge of being destroyed. If you still want to keep him alive, then change another heart for him."

Myriad path master's eyes were filled with regret. Sword Heart was a unique sword heart.

Only after the descendant of a sword path master could a sword heart appear. Furthermore, with a sword heart, becoming a new sword path master was almost like a canal that flowed naturally.

With such a loss, where could he find another one?

This time, not only did he not succeed in lighting the oil lamp, he even made it impossible for the sword to become a dao master. All living beings could only become half-step dao masters!

"I regret it so much!" He had spent so much effort, but in the end, it was all for naught.

Should have been unable to get dao stone when should have understood, does not belong to oneself, can not force.

Chapter 2148 The Evil Daughter Arrives (Second Watch)

Including the heartache, Ten Thousand Path Master personally dug out Jian Mie's withered sword heart and re-created an ordinary heart.

Shengyuan Xin heaved a sigh of relief when he saw this.

This was even better. In the past, Jian Mie had used his sword heart and the identity of a mortal body to force Jian Mie.

In the future, he would be an ordinary person. Let's see what else he could use to force him.

Moreover, the higher-ups in the Nirvana realm would probably no longer take him seriously.

"Is there anything else?" The Buddha of Ten Thousand Lanterns asked.

The ten thousand path master's face was filled with bitterness. He grabbed Jian Mie with regret and cupped his hands toward the Buddha of Ten Thousand Lanterns. "Farewell!"

Shengyuan Xin followed closely behind. Before he left, he glanced at Su Yu and drew a heart-shaped pattern on his chest.

It meant that he should not forget the agreement between them.

Su Yu nodded and watched Shengyuan Xin leave.

After they left.

The Buddha of Ten Thousand Lanterns looked at the Buddhas in the sky and said, "When the heavens and earth are at their limit and no one can live forever, it is time for me to leave!"

Immediately, all the Buddhas felt sorrowful.

The Buddha of the future lowered his head deeply and respectfully sent the Buddha of ten thousand lanterns away.

"Buddha of the future, how far can you see the future?" The Buddha of ten thousand lanterns suddenly asked before he passed away.

The Buddha of the future was delighted. This was because the Buddha of ten thousand lanterns was prepared to hand over the western paradise to him.

"Other than the stone embryo emperor and the mortal body, you can see the future of everything in the world, everyone and everything."

The Buddha of ten thousand lanterns said again, "You missed one person."

"Buddha of ten thousand lanterns, please speak."

"Yourself!"

The Buddha of the future put his palms together and said, "Indeed, I can't see through my own future."

The Buddha of the future could see through the future of everything in the world, but he could never see through his own future.

"In that case, where did you get the courage to go against the source of the turmoil?" The Buddha of ten thousand lanterns said slowly, "You should know that no one has ever had a good ending when they went against the source of the turmoil."

The future Buddha's heart jumped, but his face was calm. "I don't understand."

The eyes of the Buddha of ten thousand lanterns were like the blazing sun that reflected the world, seeing everything.

"YOU UNDERSTAND!" The Buddha of ten thousand lanterns said calmly, "It's just that being able to look down on the future of others makes you think that you are superior to others and ignore yourself."

The Buddha of the future was silent, but he didn't think much of it.

So what if he offended the source of the turmoil?

This was the world where the West had forgotten the saints, the world of the Buddhas.

Su Yu could only be suppressed by the Buddhas here.

“Sigh! You will soon see your future.”The Buddha of Ten Thousand Lanterns said this.

In the end, he looked at Su Yu and said, “Thanks to your rescue, I was able to revive from the brink of nirvana failure. This last wisp of flame will help you light the oil lamp!”

When he said this, Daoist master Xuanming and Qin Xian ‘er were both shocked.

Su Yu actually had an oil lamp?

Could it be that he was a mortal?

“Thank you, Buddha of ten thousand lamps!”From the beginning to the end, Su Yu maintained a deep calm.

Even if he was wronged, even if the last wisp of flame was given to Jian mie, his eyes did not have any fluctuations.

This was because he was very clear that the Buddha of the future might be able to invert right and wrong.

But the Buddha of ten thousand lanterns should not be so muddle-headed.

Now it seemed that everything was within the Buddha of Ten Thousand Lanterns’ expectations.

The so-called mortal body that was destroyed by the sword was just an artificial mortal body that was facilitated by the ten thousand spell realm. How could it withstand the burning of the oil lamp?

The Buddha’s light dissipated and Su Yu walked to the Buddha of ten thousand lanterns.

The Buddha of the future frowned and looked deeply at Su Yu.

An ancient and simple oil lamp slowly appeared on Su Yu’s chest.

An aura that had been around for a long time and was filled with the dao of all beings rushed toward him, giving him the feeling that he was there.

“This... This is the oil lamp of a mortal body!”The Flood Dragon Emperor muttered.

Although this was the first time he had seen it, compared to the oil lamp that was extinguished by the sword, it was a completely different level of existence.

The oil lamp that was extinguished by the sword was indeed a lamp, but it was only a lamp. It lacked a will of the common people that could shake the soul.

The flame of the Buddha of ten thousand lanterns left his oil lamp and flew onto Su Yu’s oil lamp.

Su Yu's oil lamp was lit by itself, but the flame was rather weak.

When the flame of the Buddha of ten thousand lanterns approached, the originally weak flame actually burned up like never before, resisting the flame of the Buddha of ten thousand lanterns that was descending.

Su Yu's eyes turned cold when he saw this. Just as the undying ancestral demon had said, the appearance of his oil lamp being lit was a cover-up by the Heavenly Dao.

At this moment, in order to prevent Su Yu's oil lamp from being lit, the Heavenly Dao deliberately interfered.

However, it was said that the flame of the Buddha of Ten Thousand Lanterns was the first wisp of flame that was born between heaven and earth. It was the ancestor of all flames.

Its power was unimaginably powerful.

Soon, the flame forcefully fell, causing the heavenly dao false flame to tremble incessantly. It continued to shrink and shrink until it finally became the size of a hair.

Puchi --

When the flame of the Buddha of ten thousand lanterns completely fell, the hair-sized flame was completely extinguished, leaving nothing behind.

A certain angry voice could be heard.

The flame of the Buddha of ten thousand lanterns ignited the ancient oil lamp without any hindrance.

The flame grew rapidly and burned steadily.

The color changed from the initial dim yellow to nine-colored.

The biggest change was that when the oil lamp lit up, the surface of Su Yu's body changed at a speed visible to the naked eye.

His bones, bloodline, muscles, and skin seemed to have undergone a complete transformation.

His jade-like bones became golden and indestructible!

The blood in his veins had turned into a magical nine-colored blood, and his muscles continued to strengthen.

His skin had turned into a flowing nine-colored color, as if he was a creature condensed from nine-colored liquid.

His eyes had turned into a rich golden color.

His long silver hair had also turned into a golden color!

An ancient, Savage, and majestic aura swept around the entire heaven and earth.

The entire western paradise thundered violently. All the Buddhas were startled. Even the chanting of Sanskrit couldn't suppress the rumbling of the paradise.

It was as if the ancient almighty who was sleeping in the Heaven and earth had woken up and broken out of the ground.

All the powers in the heaven and Earth couldn't suppress it anymore.

The Aura rushed out of the Western Paradise and swept through the void.

From the remote civilization to the supreme nine-star civilization to the mysterious heavenly court, they all felt an aura of awakening that swept through every corner of the absolute beginning realm.

Even the sacred mountain in the endless land shook violently as if it was hit by something.

The eight stout stone golems on the mountain swayed.

"Another mortal body has awakened!"

"Wasn't it caused by the carefree emperor? Why didn't he just let time destroy him? Why did he have to interfere and destroy his will? Instead of destroying his will, he accelerated his awakening!"

"Now, he has completely awakened!"

A stone golem with a gentle expression snorted, "I said, I'll deal with him! He's just a mortal body. So what if he's awakened? He's still going to die!"

"My second clone is nearby, it's enough to rush over and kill it!"

..

At the same time, a white flying dragon flew toward the Western Paradise.

Suddenly, a huge shock wave came.

The creator Dragon's expression became serious, and he quickly crouched down with a shocked expression, "An awakened mortal body?"

Even the evil girl's body trembled, and a trace of solemnity appeared in her mouth, "The Apocalypse is coming, and a mortal body has finally awakened?"

"However, it has nothing to do with us! Even if the world is destroyed, it can't harm me!" The vile-daughter's calm voice was filled with boundless dominance.

"Continue!"

She had to obtain the inheritance of ancient god Nine Dragons and the Dao Master of the Heavenly Book!

In the Western Paradise.

Dao Master Xuanming, Emperor Flood Dragon, and Qin Xian 'er all stared in shock at the completely reborn creature in front of them.

The flowing nine-colored skin, golden eyes, golden hair, and that inexplicable dangerous aura made their hearts tremble.

Was this the legendary saint body form of a mortal embryo Saint Body?

It was said that the combat strength of a mortal embryo saint body could not be measured by cultivation. It depended entirely on whether the saint body was mature or not.

For example, the mortal embryo saint body that Su Yu had just awakened could only be considered a saint body in the growth stage.

A complete saintly being that had reached the highest realm would have the ability to shake the sacred mountain and destroy the Emperor!

Su Yu's current strength was completely unknown.

Su Yu himself felt an unprecedented power. At this moment, he even had the feeling that if he wanted to, he could wipe out the entire western paradise.

However, he knew very well that the saintly being state was extremely taxing on his body.

One battle would probably require many years of recuperation before he could recover.

With a thought, the lit oil lamp entered Su Yu's chest. His saintly being state dissipated and he returned to his normal state.

"Thank you, Buddha of Ten Thousand Lanterns, for your help!" Su Yu bowed.

At this moment, the Buddha of ten thousand lanterns was completely dark.

There was a Buddhist saying that heaven and man had five declines. At this moment, the first decline was that the light around his body was dim.

The Buddha of ten thousand lanterns was about to pass away. He said calmly, "It is my mission to awaken the mortal body. There is no need to thank me!"

As he said that, he gave Su Yu a ray of Buddhist light that enveloped him. He said, "Try to comprehend it as soon as possible! There is a dragon in the east. A person came for you."

It was the evil daughter and the Creation Dragon!

"The current you is still unable to match up to them. Try to comprehend it as soon as possible."

After saying that, the Buddha of ten thousand lanterns slowly closed his eyes. His huge body, which was shining with golden light, quickly dimmed, as if he had passed away.

All the Buddhas in the sky were sorrowful as they chanted Buddhist scriptures.

Su Yu bowed deeply. "Buddha of Ten Thousand Lanterns, Farewell!"

After saying that, he sat cross-legged and looked inside his mind.

There, a thousand drops of blood essence floated inside.

Those were all the blood of the heart of the sword!

The Buddha of ten thousand lanterns intentionally extinguished the flames of the sword to take the opportunity to take all of the blood of the heart of the sword and hand it over to Su Yu to comprehend that supreme sword technique.

Su Yu's heart was moved, and he was extremely grateful to the Buddha of ten thousand lanterns.

He had given Su Yu infinite expectations!

That was why he spared no effort to help him.

Suppressing the emotions in his heart, Su Yu calmed his heart and used the thousand drops of blood of the heart of the sword to calm his heart and comprehend that supreme sword technique of the ultimate simplicity of the Great Dao.

Time flowed by little by little.

The creator Dragon left many broken lines in the void, carrying an endless aura as it pressed on.

Su Yu was also fighting against time to comprehend the supreme sword technique.

An oppressive atmosphere filled the void, making people feel deeply uneasy, as if something big was going to happen.

Chapter 2149 Empress Cloud Mist (Third Watch)

Su Yu herself felt an inexplicable pressure.

The thread of fate on her chest was jumping crazily day by day, showing the unfairness of fate.

“Evil daughter!” Su Yu murmured.

Since the beginning of the ancient divine realm, she had been entangled with her mortal enemy.

Whether it was her own nine dragons divine cauldron or her Master Yun Yazi, they were both things she had to get.

The battle between the two of them was unavoidable.

There was no doubt that there were very few people in the world who could match the strength of the evil daughter.

According to the Flood Dragon Emperor, the evil daughter at her peak was known to be the strongest person under the emperor.

An Ordinary Dao master expert should be like an ant in her hands and be reduced to ashes, right?

How confident could he be in contending against such an unparalleled expert?

It was very slim!

Only by grasping that supreme sword of the sword demon could he hope to harm her.

Time passed bit by bit, and Su Yu's heart grew heavy.

At the same time, the thousand drops of sword heart blood were being consumed at a slow speed, increasing his comprehension of sword techniques.

Boom Boom --

One year later, outside the Western Paradise.

The Void was like a plagiarized water, flowing back.

Something extremely powerful was slowly approaching, causing the entire void to produce a huge fluctuation.

The evil daughter was already approaching!

In less than a year, she would definitely descend to the Western Paradise Holy Land.

As for sword arts, he had only comprehended half of it. He still needed at least three more years before he could completely comprehend that sword.

It was already too late!

Looking at Qin Xian 'er beside him, Su Yu's eyes flashed with gentleness.

After pondering for a while, he took out the Shura sovereign seal and sent out a light barrier of Buddhist light. He said, "The agreement is complete. Let's go."

In a desperate battle, he only did not want to implicate Qin Xian 'er.

Dao Master Xuan Ming was overjoyed and obtained the Shura sovereign seal in one go.

This item came too easily. Although it was said to be to protect Su Yu, up until now, he had only experienced a battle that was neither painful nor itchy.

He could sense that Dao Master Xuanming was doing this for Qin Xian 'er's sake.

He looked at Qin Xian 'er and then at Su Yu. Dao master xuanming said, "Xian 'er, this sacred physique is very interested in you. What did you do to him?"

Qin Xian 'er glared at him and bared her teeth. "What are you thinking about again?"

He actually had his eyes on her again. From the look in his eyes, he couldn't wait to give himself to this sacred physique. From now on, he would bind the sacred physique in the Asura world, right?

However, there were some changes in the way Qin Xian 'er looked at Su Yu. She was no longer as strange and cold as before.

"Are you sure you don't need our help?" Qin Xian 'er asked.

She kept feeling that Su Yu had given her the asura sovereign seal too suddenly.

Su Yu shook his head. "I'm enough by myself."

Looking at Qin Xian 'er, Su Yu took out a book with a black cover and handed it to Qin Xian 'er. "I'll give you another gift. If you can meet the owner of the book one day, please say thank you for me."

Qin Xian 'er looked at the heavenly book of the starry sky with a strange look in her eyes.

She had also forgotten about this book.

"Do I know the owner of the book?" Qin Xian 'er asked.

Su Yu shook his head. "You may not know her, but she definitely knows you."

In Qin Xian 'ER's memories, all the memories related to Su Yu were erased, including Xia Jingyu.

Therefore, at this moment, she should not remember Xia Jingyu.

"If you two are fated to meet," Su Yu said indifferently.

In the vast absolute beginning realm, they probably didn't have the chance to meet, right?

Probably... No!

“OH.”Qin Xian ‘er nodded and said, “Alright, I’ll agree to it. On account of you giving me the Shura Sovereign Seal!”

Then, she left with Daoist Master Xuanming.

After taking three steps away, she hesitated and paused. Then, she turned around and smiled at him, “Actually, you’re not that annoying. I hope we can meet again.”

Su Yu returned the smile and memorized his smiling eyes.

Perhaps, this was the last smile that he could see.

“Goodbye!”Qin Xian ‘er and Dao Master Xuan Ming left the Western Paradise Holy Land.

After they left, she stroked the Heavenly Book of the starry sky and muttered, “A book that seems familiar.”

Although she had no memory, she seemed to have seen it somewhere before.

She subconsciously opened the book and a series of images appeared, recording every detail of an ordinary cave abode world.

“It’s very ordinary. Why did he give it to me?”Qin Xian ‘er asked in puzzlement.

Little did she know that the moment the heavenly book of the starry sky was opened...

In an incomparably distant civilization.

There, nine Suns revolved in a unique orbit around the civilization.

Beautiful women walked among them with extremely peaceful expressions.

In the center of the civilization, in an extremely luxurious palace, a beautiful woman sat cross-legged.

Her beauty was even more dazzling than the nine suns, making everything in the world dim.

Sitting on each of her hands were dao master level powerhouses.

They were like stars surrounding the moon, surrounding him at the very top.

Suddenly, she opened her eyes, her face full of joy. “The Heavenly Book of Stars has been opened! He’s still alive!”

She was the Master of the Heavenly Book of Stars, Xia Jingyu!

After returning to the Goddess clan, her unique identity was immediately honored as Empress Yunyan.

In the Goddess clan, the status of the Empress was second only to the clan leader of the Goddess clan, Empress Dawei!

It was easy to imagine how highly she was valued.

Xia Jingyu returned to the Goddess clan with the original intention of finding Su Yu and whether he was still alive or not.

However, with the help of the goddess Clan's Dao artifact, she still couldn't find any trace of Su Yu. It was as if he had vanished from the face of the earth!

There were only two possibilities for such a situation to occur.

Either he had really died in the pursuit of the evil Lady Palace.

Or there was an invisible force blocking his existence.

She hoped that it was the latter, but also believed that it was the latter.

That was why she had never given up on searching for him all these years.

Just now, she suddenly sensed that the heavenly book of the starry sky had been opened.

That book had been compiled with her painstaking efforts, and her blood essence was rare. Once it was opened, she would definitely sense it.

And since the Heavenly Book of the starry sky was still there, it meant that Su Yu was very likely not dead yet!

She closed her eyes again, and her body released a series of strange lines that formed a spinning wheel.

As the spinning wheel spun rapidly, spots of red light appeared.

"Brother Su Yu is indeed there!" Xia Jingyu's beautiful face was filled with joy. She covered her mouth and wept with extreme joy.

However, before she could be happy, the lines broke one by one.

Xia Jingyu's expression instantly froze. "All the threads of fate have been severed?"

Those hundreds of threads were Su Yu's fate.

Even if there was one that wasn't severed, he would be able to follow this thread of fate to find a way to escape.

But if all of them were severed, it meant that there was absolutely no way for him to survive.

When the Dao Masters on both sides saw this, they were slightly surprised.

"An absolute death of Fate? Could it be that the Heavenly Dao has made a move?"

"Even if a person only has one breath left, there will still be one or two threads of fate left. It is truly unprecedented to see them all broken."

Xia Jingyu's eyes were filled with unwillingness.

She had waited for many years, searching for so many years. In the end, was she waiting for Su Yu to die?

After thinking for a moment, she bit her finger. The blood that flowed out turned into a red thread that surrounded the light spot that was about to dim.

“Empress, Please Stop! Your Holy Blood is limited. If you use the life-prolonging technique on an insignificant person, you will lose that opportunity forever!”

Xia Jingyu’s eyes were calm and determined. “To me, nothing in the absolute beginning is more important than him, including myself...”

As soon as she said that, the blood thread surrounded the light dot and it gradually brightened.

At the same time, Xia Jingyu closed her eyes. Images of the starry sky and the Void Civilization appeared in her mind.

Scenes of the future flashed in her mind.

She was looking for the direction that the blood-red line pointed out.

All of a sudden, the scene in her mind froze.

A redwood woman stood on the peak of a mountain and looked down at the vast void world.

The red-robed woman in the future seemed to have noticed something. She looked back and met Xia Jingyu’s gaze.

A look of surprise appeared on her face.

When Xia Jingyu saw that it was her, a look of understanding and bitterness flashed across her face.

She slowly opened her eyes, and all the images in her mind disappeared.

Her face was slightly pale. It was because she had lost too much blood.

It seemed to be a short scene, but in reality, an unknown amount of time had passed.

However, there was a trace of joy on her face. “Finally, I found a way out!”

She closed her eyes again and pointed at the Red Dot, she muttered, “Brother Su Yu, I’m very happy that you’re still alive... I know that you’re in trouble, so I found a way out for you... Heavenly Saint Civilization, a mountain peak. I’ll wait for you there...”

After saying that, it was as if all the energy in her body had been drained. She leaned on the bed and lost all her strength to move.

“Empress! You... you actually burned the sacred flame that you have cultivated for decades. If the Empress knows, she will definitely punish you heavily!”

Xia Jingyu closed her eyes tiredly and said, “It’s better than... watching him die...”

As she said that, she fell into a deep coma.

Whether it was finding a way to survive in the future or sending messages across the void, they all had a huge impact on her.

However, she did not say a word and just brushed it aside.

Who Was That Man?

Was he worthy of their Queen's treatment?

The Holy Land of the west.

One month passed.

The waves of the void became stronger and stronger.

They formed waves of the void and hit the Holy Land.

Two months passed.

The waves had turned into waves and hit the Holy Land, making a crashing sound.

Three months had passed.

The waves had already turned into big waves!

..

The tenth month had passed.

Outside was no longer a wave, but a tsunami of nothingness.

Along the way, countless civilizations had been buried in the tsunami of nothingness.

Even the sacred land that was filled with Buddhist light was constantly shaking in the tsunami. The Buddhist light shone and disappeared, as if it was about to be destroyed.

The Buddhas had no choice but to chant the scriptures in unison, using their great Buddhist power to block the tsunami of nothingness.

Su Yu, on the other hand, entered a deep meditative state, comprehending sword techniques.

He had already successfully comprehended seventy percent.

He was still short of at least half a year.

However, he might not have the time!

Listening to the tsunami and waves in the outside world, Su Yu's heart tightened, and his eyes revealed extreme unwillingness.

Time, what he lacked the most right now was time!

As long as he had another half a year!

"Benefactor, the evil daughter is here. Perhaps it's time for you to leave the Holy Land." The future Buddha pressed his palms together and said indifferently.

There was no need for him to say it. Su Yu would also leave the Holy Land Before the evil daughter arrived. He would definitely not implicate the innocent Buddhas.

He stood up, but the Buddhist light on his body did not dissipate.

Chapter 2150

Just as he and Emperor Flood Dragon were about to step out of the sacred land, a faint sigh came from the body of the Buddha of ten thousand lanterns. It was the voice of the faceless back-born Buddha. "Let me send you on your way!"

Immediately, the body of the Buddha of ten thousand lanterns shone brightly.

A huge door formed from Buddhist light appeared in front of him.

“Saintly being, go. This is all I can do for you,” said the Faceless Buddha.

Su Yu bowed deeply. “Thank you!” He and Emperor Flood Dragon stepped into it.

Instantly, Su Yu felt as if he was traveling through time and space.

When he reappeared, he had already left countless civilizations in the western paradise.

“This place should be the territory of the Azure Yang Mysterious Dao Palace!” Emperor Flood Dragon said indifferently. “Faceless Buddha of Ten Thousand Lanterns, use your remaining soul and the body of the Buddha of ten thousand lanterns to create conditions for you.”

Su Yu understood even more clearly that it was actually to divert the danger for Su Yu, right?

He could have done this a year ago.

Why did he wait until the evil daughter arrived?

It was to attract the evil daughter over and buy more time for Su Yu.

The Western Paradise Holy Land would probably be in trouble.

Su Yu held his palm, his heart filled with deep determination as he said, “I will definitely kill the evil daughter under the Sword!”

He had been chasing Su Yu since the ancient divine realm until today.

It was to the extent that he even had to sacrifice himself in the western paradise.

This debt must be paid with blood!

“Where do we go...” the flood dragon emperor looked at the vast void.

The distance of several galaxies was something that a character at the level of the vile daughter might be able to reach in a few months.

Although the world was big, where could they escape to?

Su Yu was about to speak when his mind suddenly shook. A voice that he could not believe echoed in the depths of his mind.

“Brother Su Yu, I’m very happy that you’re still alive... I know that you’re in trouble, so I found a way for you... Heavenly Saint Civilization, a mountain peak, I’ll wait for you there...”

Xia Jingyu!

It was Xia Jingyu’s voice!

Had she returned to the Goddess Race? How was the situation now? Was she at ease?

In an instant, thousands of questions appeared in Su Yu’s mind, but he did not pay attention to the path she pointed out.

The familiar voice remained in his mind, and he could not help but picture Xia Jingyu.

His anxious heart suddenly became peaceful.

Even if it was death, it was worth it.

At least, before he died, Qin Xian 'er said that she did not hate him.

At least, Xia Jingyu was still alive and waiting for him at the heavenly saint civilization.

A relaxed expression appeared on his face as he asked, "Which direction is the heavenly saint civilization in?"

Emperor flood dragon looked around and pointed in a certain direction.

"Heading to the Heavenly Saint Civilization?"

"No, it's the opposite direction!"

Knowing that Xia Jingyu was there and knowing that he would definitely die, how could he head there? Drag her down with him?

"Okay!" The Emperor Flood Dragon didn't understand why Su Yu suddenly asked the heavenly saint civilization.

But since he asked to go there, he naturally did.

Releasing his domain, the Emperor Flood Dragon turned into a golden flood dragon and flew through the air.

Two months later.

In the Western Paradise.

Boundless tsunamis of the Void overflowed the rivers and seas, washing over the entire holy land.

Large areas of the Holy Land were eroded by the nothingness and were constantly destroyed.

The rich Buddhist light also quickly dimmed, as if it was about to collapse.

All the Buddhas in the sky chanted in unison, turning into streaks of Sanskrit to resist the impact of the tsunami of nothingness.

Within the Holy Land.

The Buddha of the future stood on the head of the Buddha of Ten Thousand Lanterns, looking down at all the Buddhas in the Sky, feeling gratified in his heart.

Once the Buddha of Ten Thousand Lanterns left, he would become the Buddha of Ten Thousand Buddhas in the Western Paradise Holy Land!

However, the most important thing now was to deal with the evil daughter.

Once the evil daughter was angry, the Holy Land would collapse.

The entire Holy Land combined would not be able to defeat the evil daughter alone.

However, the Buddha of the future was not worried.

He had already seen the future. He would be fine. The entire Holy Land would also be fine.

The only one who would be in trouble would be Su Yu!

Rumble --

Suddenly, the entire holy land in the west shook non-stop. All the Buddhas fell from the sky, and the Buddhist light in the sky was extinguished.

The bright and Holy Holy Land immediately fell into endless darkness.

The Buddha of the future left the Holy Land at a moderate pace and looked into the distance.

However, he saw that the endless tsunami was continuing to pounce on him, knocking all the Buddhas of the Holy Mountain back into their caves, unable to go out.

Even the scriptures they chanted were cut off.

And amidst the endless tsunami, a snow-white long dragon whizzed over.

Its powerful aura suppressed the void and caused it to tremble.

Above the long dragon stood a female figure that was covered in light.

It was the evil daughter!

“Amitabha Buddha, all the Buddhas of the sacred land pay their respects to the evil daughter.”

With a heaven-threatening aura, the evil daughter finally arrived at the Western Paradise.

Her eyes were calm and her words were clear. “Where’s Su Yu?”

“Benefactor Su Yu has already left,” the future Buddha said.

The evil daughter’s gaze swept across the Holy Land. Instantly, the entire holy land cracked and a huge crack appeared.

Her gaze seemed to be corporeal as she scanned through it. Nothing could escape her eyes.

“He’s indeed not here!” The evil daughter said lightly.

After she finished speaking, she rode the creation dragon and left.

The future Buddha pressed his palms together. “Amitabha.”

Everything was as he had seen in the future. Nothing would happen to the Holy Land.

The only one who would be in trouble would be Su Yu.

However, just as he was about to turn around, a domain suddenly enveloped the entire holy land.

It enveloped the entire Holy Land, including the future Buddha.

“Hand over Su Yu, or else, I’ll Destroy Your Holy Land!” The evil girl had mysteriously appeared in the sky above the entire holy mountain.

Her unique domain of Evil Karma shook the Holy Land.

The future Buddha's heart skipped a beat. What was going on?

This scene was not in the future that he could see. He quickly said, "Just as this penniless monk said, Su Yu has already left the Holy Land and is not here."

Hearing this, the evil girl shook her head lightly. "With my perception, he has been in Your Holy Land for a long time. If he left before I arrived, you must have hidden him!"

"Hand him over! Now, Right Now!"

The future Buddha had a very bad premonition. His eyes gathered Buddhist light as he tried his best to see the future clearly.

However, under the coverage of the evil fate domain, everything became blurry and could not be seen clearly at all.

A trace of panic appeared in his heart. He no longer had the calmness and calmness that he had in his grasp for tens of thousands of years.

"Su Yu has indeed left. We Buddhists never speak nonsense."

However, the evil daughter was extremely indifferent. "I'll give you ten breaths of time to hand over Su Yu!"

"Ten!"

"Nine!"

"Eight!"

The future Buddha's heart trembled violently. He was filled with all kinds of fear. "No, we really aren't hiding Su Yu..."

At this moment, he somewhat understood what the Buddha of ten thousand lanterns had said before he passed away.

He could only see others, but he could not see his own future. He should act cautiously.

If he had not chased Su Yu away, would he still be worrying at this moment?

"Three!"

"Two!"

"One!"

As the evil daughter's last words fell, the future Buddha was filled with despair. He no longer had the image to flee.

He did not even care about the holy land behind him.
