

Nine-Dragon 2151

Chapter 2151 Enemies Of The World

The evil girl looked at him indifferently. A gray thread shot out from her left eye and wrapped around him.

With just a slight touch, the future Buddha didn't even scream. The Buddha light around him exploded and his body was destroyed.

The remaining soul held a Buddhist relic of the Dao master and ran frantically while shouting, "I didn't lie, I really didn't..."

However, his shout was useless.

The thread easily cut through his soul and turned into dust along with the Buddhist relic of the Dao Master.

If he could choose again, he would probably remember the last words of the Buddha of Ten Thousand Lanterns and act cautiously.

However, it was too late to say anything now.

After destroying the Buddha of the future, the evil woman stared at the Holy Land expressionlessly and said, "I'm sorry that you chose Destruction!"

Her voice was extremely indifferent as the huge domain slowly descended.

In the Holy Land, the Buddhas stood up and chanted Buddhist scriptures.

Buddhist relics rose into the sky one by one, spewing out unprecedented Buddhist light and converging into a huge golden Buddha statue.

That was the will of the Buddhas of the Western Paradise Holy Land, resisting the destruction from external enemies.

The Buddha statue protected the Holy Land under its body and stretched out its huge palms, supporting the huge domain that was pressing down.

Creak --

The Buddha statue and the domain collided, and a world-shaking flame was created from the friction.

Wherever the flame splashed, the Void would definitely burn and shake.

"Useless struggle!" The evil girl said indifferently and pressed down with her finger.

The domain rumbled and pressed down, causing the Buddha statue's arms to bend.

Even when all the Buddhas joined hands, they couldn't match up to the evil girl's strength alone!

Finally, the domain descended and destroyed the top of the Buddha statue inch by inch, finally reaching the sky above the Holy Land.

Creak --

A part of the Holy Land in the shape of the Bodhi tree was directly destroyed.

Thousands of Gods and Buddhas perished and turned into golden dust.

Seeing that the holy land was about to collapse, a magnificent sound that shook the universe came from within.

“Amitabha Buddha, put down the butcher’s knife and become a Buddha immediately. Benefactor, please turn back and return to the shore.”

The entire Bodhi tree was rapidly shrinking. A Golden Buddha the size of a speck of dust was continuously enlarging, finally revealing the enormous body of the Buddha of ten thousand lanterns.

He had already passed away, but there was still a strand of the remnant soul of the Faceless Buddha in his body.

Under his control, the Buddha of ten thousand lanterns was barely able to emit a strand of brilliant Buddhist light.

With one hand, he pushed his domain to the top.

All the Buddhas released powerful Buddhist light and entered the body of the Buddha of ten thousand lanterns.

It made the weak Buddhist light become much stronger.

The evil girl’s eyes were indifferent. “A dead person and a dead soul. You are not qualified to make me put down my butcher’s knife.”

“Benefactor, why are you so obsessed? Letting him live is to leave a chance for yourself,” said the Faceless Man.

The evil girl shook her head. “I don’t need a chance because anyone who meets me will die. If you block my path, you won’t be able to escape death either.”

With that, she clenched her hand, and the domain that was already powerful expanded by a hundred times.

Puchi --

The arm of the Buddha of ten thousand lanterns was instantly destroyed.

At the same time, the domain continued to press down, crushing the body of the Buddha of ten thousand lanterns bit by bit.

In the entire Western Paradise, there were ten Dao Masters, ten thousand half-step Dao Masters, hundreds of millions of emperors, and countless overlords.

But even when they joined forces, they were still no match for the wicked daughter’s domain.

In the end, the entire great Buddha, the entire Western Paradise, was crushed into dust.

The Holy Land of Buddhism and Taoism of the first generation, the Western Paradise Land, was reduced to ashes.

The Evil Woman grabbed with her palm and caught a wisp of aura amidst the golden dust in the sky.

She stuck it to her forehead and used her senses to look further to the west.

“You can’t escape!”

As soon as she finished speaking, Su Yu, who was meditating on sword techniques, suddenly felt a pain in his heart. It was as if he was enduring an unimaginable amount of power and was about to shatter.

“The Western Paradise... is destroyed!” Su Yu’s face sank, and his heart was filled with boundless anger.

The evil daughter!

The Flood Dragon Emperor also felt the uneasiness in his heart and said, “Escaping like this isn’t the way. We have to use the intergalactic teleportation formation of the Civilization!”

He swept his gaze and said, “The closest one is the Xuanqing civilization. It’s a six-star civilization. I have a clone on it, so it should be able to help us!”

Two months later.

The Xuanqing civilization was right in front of them.

However, the void behind them stirred up waves. Needless to say, it was the evil daughter who had rushed over.

She would be able to catch up to them in no more than ten days!

As for Su Yu, he was still at the critical juncture of comprehending the sword technique.

He descended to the Xuanqing civilization and relied on the connection between his soul to arrive at the center of the civilization.

A beautiful woman dressed in palace clothes had a surprised look in her eyes. “Why are you here at this time?”

Looking at the void rolling behind them, the beautiful woman dressed in palace clothes said uneasily.

She was also the split soul of the mysterious woman of the Nine Heavens, occupying the body of the six-star civilization master.

“Daoist Xuan Qing, right? There’s no time to explain. Hurry up and send us to use the interstellar teleportation array.”

Daoist Xuan Qing said hesitantly, “Could it be that something is chasing you?”

The Flood Dragon Emperor did not hide anything and said in a low voice, “It’s the evil girl!”

“What? She’s chasing after you?” Dao Master Xuan Qing’s entire body trembled. He quickly pushed the flood dragon emperor out and said, “Leave this place immediately. Don’t drag me down with you!”

Who could survive being chased down by the evil girl?

Since she was bound to die, why drag her down?

The flood dragon emperor gritted his teeth and took out one-tenth of his soul power. He said, “What if the evil girl won’t Kill You?”

Dao Master Xuan Qing looked at the soul, his eyes burning.

As the split soul of the Nine Heavens Mystical Maiden, their souls could be used together.

And with one more soul, they would have more hope of surviving the apocalypse.

After struggling for a moment, Dao Master Xuan Qing grabbed the soul and stuffed it between his brows. “It’s blocked! However, the interstellar teleportation array still needs nine days to refill its energy. Can you make it in time?”

Emperor Flood Dragon’s heart sank. “I have no other choice. I can only wait!”

Looking at Su Yu who was in seclusion, emperor flood dragon wanted to give up and let it go.

After all, the vile daughter was personally chasing after him. Who could guarantee his survival?

However, he firmly believed in the words of the undying ancestral demon.

The chance for him to survive the apocalypse lay with Su Yu.

When he arrived at the Xuanqing civilization, he waited anxiously while silently observing the tsunami of nothingness.

The tsunami was getting stronger by the day. On the fifth day, the entire Xuanqing civilization was shaking, bringing about endless natural disasters.

Countless mortals were buried in the disaster.

On the sixth day, the XUANQING civilization began to show signs of collapsing.

Large swathes of nothingness surged into the civilization and swept across large swathes of civilization.

On the seventh day, the civilization was on the verge of collapse. There were signs of being unable to resist the erosion of the nothingness.

On the eighth day, the Xuanqing civilization was torn apart, and nearly half of the living beings were destroyed.

On the ninth day, the entire Xuanqing civilization was almost completely destroyed, and there were people dying everywhere.

Daoist master Xuanqing’s hair was dripping with blood. The Civilization that she had worked so hard to manage had been destroyed in an instant!

She regretted her rash decision!

Moreover, this was before the arrival of the evil daughter. If the evil daughter really came, what would happen then?

But since things had come to this point, she had no other choice. She said, “The intergalactic civilization teleportation array is ready! You guys leave immediately!”

Emperor flood dragon said to him, “Let’s go together!”

Xuan Qing Dao Master shook her head and said, “Since we’re gambling, let’s gamble until the end. Let’s go quickly and stop talking nonsense!”

“You... Take Care!” Emperor flood dragon cupped his fists and stepped into the intergalactic teleportation.

Very soon, the long distance teleportation sent them to another galaxy.

Upon arriving, emperor flood dragon did not hesitate to use the second intergalactic teleportation to head to an even more distant civilization.

This happened three times.

In just two days, he had used up to ten intergalactic teleportation.

The Flood Dragon Emperor was exhausted, but he knew that this was far from enough.

With the strength of the evil daughter, it wouldn’t be long before she caught up again.

On this day.

Outside the Xuanqing civilization, a tsunami raged and engulfed the entire Xuanqing civilization, destroying everything.

Only the Xuanqing Dao Master was left. He looked at the completely destroyed Xuanqing civilization and wanted to cry, but he had no tears.

However, what made him feel even more shaken was that a white dragon had charged out of the tsunami.

The evil girl stood on the Dragon’s head and looked down at her. “Those who block me will die!”

The moment the word ‘Die’ was said, the Xuan Qing Dao Master was instantly turned into dust. Along with the soul of the mysterious girl of the Nine Heavens, he was completely destroyed.

The evil girl looked at Su Yu, who had escaped even further away, and took a deep breath.

This breath instantly sucked away the atmosphere of the entire galaxy.

Countless civilizations were constantly drifting in the galaxy. Some of them were directly sucked away by the force and flew half a galaxy away.

After taking a deep breath, the evil girl opened her mouth and spat out a sentence from the DAO Master.

“Those who help Su Yu will die!”

Her voice was extremely piercing as it rushed out of the galaxy and swept through the surrounding tens of thousands of galaxies.

All six-star civilizations heard the vile daughter's stern warning.

Countless Dao Masters woke up from their seclusion. Their expressions changed drastically as they ordered their civilizations to be sealed. No one was allowed to enter, and no one was allowed to leave.

The Flood Dragon Emperor, who had just arrived at the purple cloud civilization, suddenly looked out into the sky with a change in expression.

The entire purple cloud civilization was sealed. It was impossible to even enter the void, much less use the intergalactic teleportation array.

At the same time, a powerful dao master aura connected with many half-step dao masters and descended in front of the teleportation array.

It was the DAO Master of this civilization, the Purple Clouds Dao Master.

He glanced at Emperor flood dragon and then at Su Yu. With a heavy expression, he growled, "Since you've come to my civilization, I can only send you to see the vile daughter for my own sake!"

One could imagine that if Su Yu was allowed to leave, the evil daughter would definitely vent her anger on the purple clouds civilization.

At that time, the entire civilization would be doomed.

Emperor flood dragon pointed at Su Yu and said, "He is a mortal and a saint body. He is someone who can fight against the stone birth son of Heaven and the apocalypse. For the sake of the common people, please lend him a hand!"

However, the purple clouds sect master shook his head coldly and said, "So what if he is a mortal and a Saint Body? Can he fight against the evil daughter now? If I give him to the evil daughter now, I will have at least a hundred years to live. If not, I will die now!"

"I'll hold him back! You guys catch Su Yu!"

Emperor Flood Dragon's eyes were extremely solemn. The power of the evil daughter was too strong.

She was so strong that with just a word, they were enemies all over the world!

Chapter 2152 The Faith Of The Heavens

"Su Yu, be careful!" The Flood Dragon Emperor rushed up to the purple clouds sect master, his heart filled with anxiety.

A few half-step dao masters were ordered to pounce.

However, just as Su Yu was thirty feet away, a sword hum suddenly sounded from the surface of his body.

An invisible sword Qi turned into a stream of light and shot out from his pores, piercing through the bodies of several half-step Dao Masters.

Pu, Pu, Pu --

Their bodies were directly disintegrated into the most primitive particles. They didn't even participate, let alone resist.

Seeing this scene, the purple clouds dao master's eyelids twitched.

What kind of Sword Qi was that?

It clearly didn't have the slightest intent of a domain, yet it could instantly destroy a half-step dao master.

As a dao master, he could sense that after the blade sword Qi entered the body of a half-step dao master, it split into billions of sword qi and disintegrated his entire body.

Such a strange and terrifying sword technique was really unheard of.

Even emperor flood dragon's eyelids twitched. What a terrifying sword technique.

Even if they were stabbed by the sword, they would be seriously injured.

He was delighted. Su Yu's sword was indeed profound. No wonder it was blocked by this sword.

"Dao Master Zi Xiao, if you don't want to die, then get lost. Don't Stop Us!" Emperor Flood Dragon said coldly.

Purple clouds sect master gritted his teeth and suddenly slapped his chest, causing his mouth to be covered in blood. he shouted, "Get lost! Don't come to my civilization again!"

He was a little afraid of Su Yu's swordsmanship. If he cooperated with Emperor Flood Dragon, he might die here.

Emperor Flood Dragon was unable to use the intergalactic teleportation array. He could only break the seal above his head and step into the void.

However, in the void, even the DAO Master was moving at a rather slow speed.

At this moment, Su Yu, who was comprehending sword arts, threw out a talisman and said, "Activate it."

Emperor Flood Dragon did as he was told. In the end, a warship that was in a mechanical state appeared from the talisman.

"This is..." despite the nine Heavens Mystical Maiden's vast experience, she had never seen anything like it. It did not look like a magical treasure at all.

However, he did not have time to think about it. He tried to control the warship through the talisman, but he discovered by accident that the speed of the warship was quite astonishing. At the very least, it was much faster than the DAO Master.

Not long after, they successfully crossed a galaxy.

Although it was not as fast as the intergalactic teleportation array, it was the best result for them, who were surrounded by enemies!

Two months later.

A shocking tsunami swept across the purple clouds civilization.

The defense outside the civilization was shattered in an instant.

A calm and unperturbed evil girl walked out of the tsunami and looked at purple clouds sect master indifferently. "Su Yu left from you?"

Purple clouds sect master's heart trembled. He said, "Reporting to the evil girl, not only does Su Yu have a dao master to protect him, but the sword technique he cultivates has reached the level of Dao master's damage. I was no match for them and they escaped!"

The Vile daughter looked at him indifferently before turning around and speeding towards Su Yu's direction.

In an instant, she disappeared without a trace, disappearing from a galaxy.

The purple clouds sect master let out a long breath. Her heart could not help but tremble as she muttered softly, "It's too terrifying!"

Just the pressure that was released from nowhere was enough to suffocate the purple clouds sect master.

It was hard to imagine how she would destroy the world if she made a move?

"No one can save that Su Yu!"

Time passed slowly.

A month had passed, and Su Yu had finally reached the final juncture of comprehending the sword technique.

In a few more days, she would be able to grasp the essence of the sword technique and use the sword demon's peak sword technique.

At that time, the Sword Demon was only a heaven and earth emperor, but he could injure the wicked daughter with this sword technique.

Now, Su Yu's strength far surpassed that of the sword demon from back then, and the power of this sword would have an extreme increase.

Success or failure depended on this move!

However, they were extremely pressed for time.

At some point in time, another wave of void appeared behind them.

The evil daughter was less than ten days away from them.

Within ten days, they had to successfully comprehend the sword technique, or else..

Everything would be over!

After the first day, the wooden sword in Su Yu's hand began to turn transparent. This was a sign that the sword technique had been comprehended.

However, the waves in the void became stronger and stronger.

After the second day, the wooden sword became more transparent.

The third day, the fourth day, the fifth day..

On this day, it was difficult for the flood dragon emperor to fly the warship.

This was because the entire void world was filled with tsunamis, preventing the warship from flying smoothly.

This invisibly shortened the distance between the two.

On the sixth day, the situation was even more serious.

On the seventh day, the warships were flying with extreme difficulty, almost unable to move an inch.

On the eighth day, they could feel an aura behind them!

And at this moment, they had arrived at a strange place.

Behind them was boundless nothingness, and in front of them were dense meteorites, like sand on a beach.

The Flood Dragon Emperor's eyes were filled with disbelief. "The legendary seven-star civilization continent?"

Reaching the seven-star civilization could no longer be measured by civilization.

Compared to the seven-star civilization, civilizations below the six-star civilization were as insignificant as dust.

Therefore, the seven-star civilization was also known as the continent civilization.

With this escape, they actually passed through countless civilization galaxies and arrived at the edge of the seven-star civilization.

However, it was only the edge. To completely reach the continent, they still needed an unknown amount of time.

"It would be fine if we could arrive earlier. It's too late now." Emperor flood dragon's eyes revealed bitterness.

There were many unimaginably important figures in the seven-star civilization. If they were lucky and met an existence that could contend against the evil daughter, they might be able to turn the situation around.

However, it was too late.

Because the evil daughter had already caught up!

The ninth day.

The tsunami behind them could be described as sweeping across the galaxy. Any six-star civilization that stood in front of them could be instantly destroyed.

Within the tsunami, a blurry giant dragon shadow slowly approached.

Roar --

Finally, a huge dragon roar sounded. The Creation Dragon broke through the layers of tsunami and appeared in front of them.

Its entire body was emitting a threatening dragon's might.

Experts below dao master could only kneel down in front of the dragon's might.

However, the dragon's might was only a drop in the ocean compared to the woman's might. It couldn't be compared at all.

“Su Yu! We finally meet!”After ten years of chasing, they finally managed to catch up to Su Yu.

Su Yu, who had his eyes closed, slowly opened his eyes. A deep disappointment flashed across his eyes.

In the end, it was still too late.

Even if it was just one more day, he would be able to complete that supreme sword technique.

Right now, it was already too late.

However, there was no fear in Su Yu's eyes. Instead, they were filled with an indomitable determination.

The battle that should have come would still come in the end!

In front of the overwhelming tsunami, Su Yu stood straight like a long sword that was emitting a peerless sharpness.

“Indeed, we meet again!”Su Yu looked at her coldly.

The ill-fated relationship between them had lasted for a whole hundred years.

From the moment he took the law fragment from the World Destruction Dragon's body, there was an unbreakable ill-fated relationship between them.

It had not been broken for a hundred years.

“Before you die, do you have any last words that you need to explain?”The evil girl asked.

Su Yu looked at the light on her face that could not be seen through and said indifferently, “Show your face!”

“Why?”The evil girl's expression was calm.

Su Yu said, “I want to see your expression before you die!”

The light on the evil girl's face shook, and one could clearly feel that her eyes were sharp. She said indifferently, “I heard your last words. Unfortunately, I can't get what I want.”

After she finished speaking, a grey thread shot out from her eyes and twined towards Su Yu.

The Flood Dragon Emperor hesitated for a moment. He planned to use his body to resist, but Su Yu's spatial law easily moved him away.

He didn't even turn his head and said, "Let's go. If I'm still alive, come back and find me!"

The Flood Dragon Emperor looked deeply at the vile daughter and cupped his fists towards Su Yu. "If you're still alive, I'll Find You Again!"

He had already done his best. He definitely couldn't get involved in the next battle.

Su Yu didn't blame him. In fact, he was very grateful to him.

If it weren't for his help, perhaps he would have been caught by the evil daughter long ago.

Risking death to help him here was already a great favor. He couldn't ask for more.

Seeing the gray line approaching, Su Yu snorted and grabbed with one hand.

The eight laws gathered in his palm and turned into an eight-colored dragon. With a roar, it bit down on the gray line.

"The beginning of Heaven and Earth!"

The dragon self-destructed. After the eight laws were destroyed at the same time, a destructive shock wave was born.

The gray line could easily destroy a dao master. However, at this moment, it was completely destroyed by the shock wave.

The creator Dragon's eyes were filled with shock. "You actually managed to comprehend all eight laws! Unbelievable!"

In this world, the eight supreme laws were normally not allowed to be comprehended by anyone.

Those who could succeed were all freaks who defied the heavens. They were all included in the Heavenly Dao Palace.

Now, Su Yu had actually comprehended all eight supreme laws!

What kind of miracle was this?

At this moment, the eight supreme laws were destroyed at the same time. The strange shockwave was even more shocking.

The creator Dragon's giant dragon eyes were filled with fear.

There was only one time when that Shockwave appeared.

And that was... the moment of destruction!

When the absolute beginning realm was destroyed, the eight supreme laws of heaven and earth were destroyed. This shockwave was the first to destroy all living beings in this world.

Almost no living beings could resist that shockwave.

"Destructive power!"The Evil Woman's eyes became sharper. "Fortunately, they are just laws. If you turn them into Dao, it will be really dangerous!"

After the evil woman finished her words, she pinched her fingers and crushed the remaining destructive power.

At the same time, she raised her hand and a massive domain covered Su Yu.

In the entire western paradise, even when all the Buddhas joined forces, they were unable to resist. In the end, they were reduced to ashes, let alone Su Yu alone?

The powerful pressure stirred up a boundless gale, causing Su Yu's silver hair to flutter in the wind.

That silver hair blocked his face, but it couldn't block it. In that pair of eyes filled with despair, there was still an undying flame burning in them.

Before this battle, he had seen Qin Xian 'er for the last time and received a smile from her. He had heard Xia Jingyu's voice and knew that she was still safe.

Then, what regrets did he have?

Even if he died, he had no regrets!

"The faith of the heavens has been added to my body!" He crushed all the space of the Buddha beads.

There were statues of Su Yu inside. They were the statues of faith that Su Yu had built when he worshipped the true dragon continent, the nine regions world, the Starry Sky Divine Realm, and the ancient divine realm.

There was an unknown amount of pure power of faith gathered in them.

Now, with a single order, all the power of faith was added to them!

Tomorrow, they wanted to update, but they were afraid that they didn't have enough energy and couldn't do so. What a dilemma!

Chapter 2153 The Sword Of The Wicked Daughter

Faith was also a form of power.

All living beings were formless beings that were willing to be worshiped. Although they were weak, they would naturally become a form of power.

Just like the Buddhist path, it was to absorb the faith of Heaven and Earth to form one's own Supreme Buddha body.

Now, Su Yu was absorbing the power of faith for the first time. Endless power surged into his body.

The Small World expanded rapidly and exploded to twice the size of a half-step dao master.

However, this was only the tip of the iceberg of the power of faith. An even greater amount of the power of faith continued to pour into his body.

The world within it finally could not withstand the pressure of the power of faith and exploded with a bang.

A heart-wrenching pain burned through his entire body like wildfire.

It caused one's spiritual power to become almost blurry.

However, Su Yu gritted his teeth and remained silent, allowing the tearing pain in his body to spread.

He understood that it was the transformation of his body into the Dao.

The transformation of the Dao meant that every inch of his skin, every bone, and every drop of blood would be torn apart again under an unbearable power, allowing him to withstand the destruction and reconstruction of that enormous power.

The extreme pain of silence spread through his entire body, testing his willpower.

Su Yu didn't say a word. He had experienced so much pain, so why would he be afraid of this moment?

The evil girl shook her head, "The path of faith? It's useless!"

The domain suddenly pressed down.

Just as it was about to crush Su Yu, the power of faith suddenly condensed into a transparent illusion behind him like a volcano erupting.

It was filled with the will of the true dragon, nine regions, the Starry Sky Divine Realm, and the ancient divine realm.

As Su Yu raised his hand and slapped, the virtual image acted like an arm as it raised its palm and slapped the domain above his head.

Boom

Intense Flames burst out as the domain was hit by the palm, and the domain that was pressed down suddenly stopped.

Even the evil girl's palm was blocked, and her entire body shook.

"The power of faith is very solid. It's much stronger than the Buddhist beliefs of the Western Paradise Holy Land," the evil girl said indifferently.

There were strong and weak beliefs. The more devout one was, the more solid the power of faith was.

Su Yu had benefited the people for thousands of generations. He had fought for the world many times and was worshipped by the people with incomparable piety.

In addition, the statue of faith designed by Xia Jingyu was different from the others. It constantly strengthened the power of faith that it had absorbed, which resulted in such a powerful and unparalleled effect.

"However, the mantis arm can never stop the Chariot!" The wicked woman pressed her palm down abruptly.

In the end, the virtual image of faith was constantly compressed and destroyed by the domain bit by bit.

As time passed, the entire virtual image was completely crushed into dust.

However, at the same time, Su Yu's body finally withstood the change of Dao Transformation, and his body became Dao!

A true dao master needed three aspects of dao transformation.

The first was the dao transformation of the body.

The second was the dao transformation of the soul.

The third was the dao transformation of the laws.

One could only be called a half-step dao master if one only reached one.

At this moment, the body was the first to become a dao master.

As the domain descended, Su Yu's gaze turned cold. He stared at the boundless pressure and suddenly stood up.

At least this way, his body would not be unable to even have the strength to stand up.

"If the mantis arm is sharp enough, it can still make the wheels stop!" Su Yu said coldly. He took out a pitch-black stone from his hand. It was the Dao stone that had absorbed the poison of the Heavenly Dao.

He held the Dao Stone and slammed it against the Dao stone that was pressing down.

Immediately, the poison of the Heavenly Dao in the Dao stone came into contact with the wicked girl's domain and immediately spread into it.

The wicked girl frowned slightly. "Poison of the Heavenly Dao?"

She immediately withdrew her hand and cut off a part of the domain that was already dyed black.

Only then could she get rid of the poison of the Heavenly Dao before it was about to erupt.

The ball of light on the vile woman's body rippled slightly, showing that she wasn't calm.

Cutting through her own domain didn't feel good.

"You made preparations in order to resist me. If you were to face an ordinary dao master, you might have a chance of turning the tables. Unfortunately, you're facing me," the vile woman said indifferently.

She didn't use her domain anymore. Instead, she gripped it across space.

An ancient ink-colored sword appeared in her palm.

As soon as this sword appeared, the void tsunami with the evil woman at its center was sent flying in all directions. It was as if a meteorite had smashed into the sea.

Just the aura it emitted was already so shocking!

She gripped the sword and slashed out. The dao stone that contained the poison of the Heavenly Dao was cut into two.

What was even more terrifying was that the poison of the Heavenly Dao, the devouring law of the Great Dao, was directly destroyed.

"Dao artifact!" Su Yu's eyes suddenly focused.

A Dao artifact was the most powerful item of a dao master. It was a supreme magic treasure formed from the Great Dao he had comprehended.

Its power depended on the strength of its master.

It was impossible to measure how strong the Evil Woman's Dao artifact was.

The dao stone itself was an existence nourished by the Great Dao and was indestructible.

Moreover, there was the poison of the Heavenly Dao within the Dao Stone.

However, nothing could withstand the evil daughter's sword.

With a single sword strike, everything was destroyed.

The remaining sword Qi swept towards Su Yu. His expression changed drastically as he took out the Dao obliteration pestle in his body.

With a loud rumble, the Dao obliteration pestle was instantly destroyed into pieces.

However, the sword Qi did not weaken in the slightest as it continued to slash towards Su Yu.

Su Yu gritted his teeth and took out the cage left behind by the third cut of the Blood Lotus Dao Demon's blood. He used the key to open it, revealing a dao master expert whose entire body was exuding an endless fierce aura.

He remembered Dao Master Bai Yu's words. No matter how dangerous the situation was, he had never used the third dao master who had been sealed.

Now, he had released it at the critical moment.

Faced with that terrifying sword qi, the Third Dao master's mind changed drastically, and he subconsciously resisted it.

The strength it unleashed was much stronger than the previous two Dao Masters!

He believed that the first two combined were no match for him alone.

However, no matter how shocking his domain was, it was unable to block even the slightest bit of the sword qi and was directly wiped out by the Sword Qi.

Su Yu's pupils constricted as he watched!

What grade of Dao artifact was that?

Even a remnant sword Qi was so terrifying!

Seeing that the remnant sword Qi was continuously slashing towards him, the thread of fate in Su Yu's chest rose and fell violently, as if it was about to break.

A thought flashed through his mind, and he took out a shard of the Indian silver bamboo fruit's shell and threw it away.

The Sword Qi slashed at the fruit's shell, and a shocking scene appeared. The incomparably terrifying sword Qi was directly absorbed by the shard like a clay ox entering the sea!

The evil woman was slightly startled. "There aren't many things that can block the power of my evil sword. Other than the stone fetus son of heaven, there are the eight ancient gods."

Staring at the fragment, the evil girl looked at Su Yu and indifferently said, "You seem to have grasped an incredible thing."

Then, she shook her head. "But that's all."

She raised the evil sword high up and then slowly and powerfully swung it down at Su Yu.

At that moment, Su Yu suddenly saw an enormous crack appear on the peak of Heaven and earth.

He also saw that his fire of life was extinguished in an instant.

A cold feeling that he had no hope of surviving and that he would definitely die enveloped the depths of his mind.

This sword was too strong. It was so strong that any resistance was superfluous. It was useless!

Chapter 2154 Master Appears

Under this sword, Su Yu felt like a firefly burning in the raging flames of the wilderness.

He was powerless to resist and had nowhere to run.

The power of the sin sword was not only reflected in its ability to cut through everything, but also in its ability to intimidate the soul.

Even a dao master expert's soul would suffer an extreme impact under this sword and lose the most basic sense of resistance.

Su Yu's soul had only converted most of it, and it was far inferior to the DAO Master.

At this moment, the bronze plate in his arms suddenly became scalding hot. From within came a voice that sounded calm, but actually contained boundless Great Dao.

"Break!"

As he said this, the coldness in Su Yu's heart receded like water.

Looking at the sword Qi that was right in front of him, he was shocked. How could he have the thought of not resisting?

It was the effect of the evil sword!

While his expression changed, he was extremely grateful to the great void sect master.

This was the first time he helped him!

Suppressing the fear in his heart, Su Yu's eyes were filled with killing intent. "Eye of Death!"

He took out the nine jade spiritual pearl and 10,000 drops of the sect master's blood and activated it.

Seeing the nine jade spiritual pearl, the evil daughter frowned and felt that it looked familiar.

When she heard Su Yu call her, the light on her body shook and she exclaimed, "The stone fetus son of Heaven's eye of Death!"

However, Su Yu had already successfully activated it.

Back then, the remnant soul of the White Fox had only made the original body open its eyes for a moment, but it had already turned a dao master into ashes.

Now that 10,000 drops of Dao blood had been activated, it should be able to unleash a certain amount of power.

Kacha --

Instantly, the nine jade spiritual pearl was like a deep jade green eye, emitting a mysterious jade light.

The place where the jade light shone was as dark as the underworld.

Ah --

The creator Dragon that was watching the battle suddenly twisted violently. Half of his body was found.

And that half of his body was directly reduced to powder.

Looking at the evil girl again, the light on the surface of her body rapidly thinned, and layers of powder spilled out from within.

Her peak aura was instantly weakened by half.

“Cough cough...”the evil girl’s light cough came from the light, and she even coughed out several streams of blood.

Su Yu sucked in a breath of cold air. How could she not die like this?

“Unforgivable!”The evil girl said slowly. Her usually calm voice contained traces of annoyance.

She was really angry!

An unremarkable little ant had hurt her time and time again.

At this moment, she had taken out something that could threaten her life and destroyed more than half of her life force.

She could not tolerate it!

“Destroy!”With a low roar, the evil sword in the Evil Woman’s hand was finally swung down.

Endless destruction surged like a flood.

Su Yu took out all the fruit shell fragments, but he could only absorb less than 1% of the sword qi.

The remaining sword Qi swept towards him without any hindrance.

Before the sword Qi reached him, Su Yu’s dao body, which had just been formed, was already in constant pain, as if it was about to be torn apart again.

Even a single strand of such sword Qi was enough to kill him.

Su Yu gritted his teeth slightly, and with a jolt, the small world that was thirty feet long appeared outside his body.

The terrifying sword Qi sliced towards him as if it had sliced into another world. It did not cause any damage to the small world.

“What?” The evil woman could not believe it. She asked in surprise, “That is... a true world?”

Besides absolute beginning world, how could there be a true world in the world?

The Evil Woman’s voice became much graver. She sized Su Yu up once again and said in a low voice, “I admit that you are not an ant. You even have a true world! However, you are only an ant that is slightly bigger!”

Once she finished speaking, she teleported and appeared three feet away from Su Yu. The evil sword in her hand stabbed towards Su Yu’s small expanse cosmos.

The evil sword had successfully pierced through the small expanse cosmos!

That was equivalent to one sword piercing through absolute beginning world and another sword piercing through it.

The power of the evil sword was beyond compare!

Su Yu’s pupils shrank. He had never thought that even the true world would not be able to stop the evil daughter!

The warning in his heart rang out loudly. Su Yu instantly took out the nine dragons divine cauldron and placed it in front of him.

Ding

With a clear sound, the nine dragons divine cauldron successfully blocked the long sword that was stabbing towards him.

However, the immense power transmitted from the sword could still destroy Su Yu in an instant.

The Evil Girl’s eyes were cold, as if she had seen Su Yu’s death!

However, at this moment, a shocking aura came from within the nine dragons divine cauldron. That Aura was not weaker than the evil girl’s.

A grey-robed, sage-like old man appeared in front of him.

He placed his palm gently on Su Yu’s shoulder and guided the energy that had entered his body.

Su Yu turned his head and was pleasantly surprised. “Master!”

The person who appeared was Yun Yazi, who had been recovering with the divine blood in the nine dragons divine cauldron until now.

“I’m sorry. I was at the critical moment of my breakthrough and I only came out now,” Yun Yazi said apologetically.

He then stared at the evil woman. With a wave of his sleeve, the evil woman flew backward with her sword.

The evil woman flew backward for thousands of miles before she managed to stabilize her body. Her eyes were filled with solemnity. "Heavenly Dao Palace, Ninth Palace Master, Heavenly Book Dao Master! You've recovered a lot!"

Yun Yazi said indifferently, "Haven't you also recovered a lot? Tenth Palace Master, Evil Woman Dao Master?"

It turned out that they were both former hall masters of the Heavenly Dao Hall..

Yun Yazi was the ninth generation, and the evil woman was the tenth generation.

The Evil Woman looked at Yun Yazi coldly and said, "You stole the wordless heavenly book and violated the Heavenly Dao. Surrender immediately and follow me back to the Heavenly Dao Hall to be punished!"

"The wordless heavenly book doesn't belong to the Heavenly Dao Hall, but to all the people in the world," Yun Yazi said. "Besides, you and I both know what the Heavenly Dao is. You yourself are also suppressed by the carefree emperor, one of the Heavenly Dao. Why must you still work for him?"

"I think it's fake to capture me. Is it true that you want the wordless heavenly book?"

The Evil Girl's eyes turned colder. "Since you're unwilling to hand it over, then I can only attack you again... Master!"

Hearing this, Su Yu was shocked.

He had heard Yun Yazi mention that the reason why he almost disappeared was because he was betrayed by a person he trusted the most.

That person was his disciple.

He had never thought that the disciple Yun Yazi was referring to was actually the evil woman herself!

No wonder the evil woman had once said that she had received Yun Yazi's guidance.

It turned out that they used to be master and disciple.

It was precisely because of this that Yun Yazi was defenseless against her. His body was destroyed by her, and he was beaten until he escaped into the Cage of Taotie. In the end, he was almost killed.

Now that the truth was revealed, Su Yu's eyes revealed hatred.

This seemingly indifferent but actually heartless woman with vicious thoughts!

However, suddenly, Yun Yazi gently pointed at Su Yu's head and said, "Calm down and comprehend. Leave the rest to me!"

Yun Yazi took a step forward. His body was surrounded by a mysterious domain, and he held a golden book in his hand.

He flipped open a page, and a powerful and unfathomable great dao shot out from it.

The Evil Girl's eyes were solemn as she raised her evil sword to fight with him.

Su Yu felt as if he was in a huge torrent, and his mind was unprecedentedly empty.

At this moment, it was as if he knew all the mysteries in the world. He understood all the secrets in the world, and even the demonic sword technique, which he was just a hair away from comprehending, became simple and easy to understand.

Su Yu instantly understood that this was Yun Yazi trying to buy time for Su Yu to comprehend the final sword technique.

Yun Yazi might not be able to hold on for long!

Chapter 2155 Past Life And Present Life

His heart was moved. In fact, his master must still be stuck at that critical moment and had not succeeded yet.

However, he sensed that Su Yu was in danger and had no choice but to forcefully stop his cultivation and appear to help Su Yu.

Ever since they first met, Yun Yazi had been silently helping him.

Suppressing the complicated emotions in his heart, Su Yu immediately closed her eyes and seized the time that Yun Yazi had bought for her to seize every second to comprehend the final sword technique.

On the other side, Yun Yazi and the treacherous woman were fighting.

The Golden Book in Yun Yazi's hand was a dao artifact of an unknown grade. It was filled with endless great dao.

Every page he flipped was filled with a powerful Great Dao.

The evil sword in the treacherous woman's hand was indeed extremely powerful. However, as Yun Yazi released more and more Great Dao, the treacherous woman was at a disadvantage.

Puff --

Finally, under the pressure of more than a hundred Great Dao, the evil woman was suppressed to the point that she almost couldn't raise her hand to wave her sword. She was also suppressed by countless Great Dao until she vomited blood.

The bright red dao blood dyed the void red.

The light on the surface of her body flickered as if it was about to shatter.

The evil woman wiped the blood from the corner of her mouth and looked at the Great Dao that was continuously increasing above her head. She said calmly, "As expected of the DAO Master of Heavenly Book. The dao master who controls the most Great Dao in the world!"

"However, it's a pity that you haven't recovered to the Heavenly Dao realm yet, and I have already reached it!" The light on the surface of the evil woman's body shook violently, and her aura surged crazily.

Her cultivation base soon reached an unknown and terrifying level!

“Destroy!” She raised the evil sword again and slashed down viciously. Instantly, the hundreds of Great Dao were destroyed like ripples.

Yun Yazi’s hand that was reading the golden book trembled. His old body shook violently, and a layer of blur appeared on his body.

A layer of fluorescent powder appeared on his body.

It was his soul!

Until now, he hadn’t found enough body. He was fighting with his soul energy.

The evil woman looked at him coldly and said indifferently, “Master, the times have changed. This absolute beginning realm doesn’t have a place for you anymore.”

Then, she swung her sword.

Yun Yazi immediately opened the Golden Book and released many great daos to resist the power of this move.

Most of the power of the sword technique was blocked. Only a remnant of the sword qi pierced through Yun Yazi’s body mercilessly, creating a thumb-sized hole.

His soul was severely wounded.

However, Yun Yazi’s face didn’t change as he protected Su Yu behind him.

“You don’t know what it means to struggle!” The evil girl swept her sword at Yun Yazi and forced him to retreat.

With his current state of soul, he might be able to escape if he wanted to.

However, if he escaped, Su Yu... would die without a burial place!

“Master is still the same as always, trapped by the so-called friendship. Could it be that after so many years, you have yet to realize the stupidity of the past?” The evil girl thrust her sword at him.

Yun Yazi used the golden book to block her attack. With a calm expression, he said, “In the life of a person, if one is heartless, what is the difference between them and plants?”

“Unnecessary feelings!” The evil woman disagreed. “Ever since you took me as your disciple, you have been guiding me to value friendship and righteousness. Unfortunately, what I hate the most is the so-called friendship!”

“A person exists in the world. As long as one has enough strength, he can have anything!”

Yun Yazi sighed. “You still don’t understand. Strength can only protect and destroy. You will never be able to obtain something precious!”

He pointed at his heart.

The evil girl shook her head. She tapped the Golden Book with her sword and Shattered Yun Yazi's soul.

“Don't tell me that you can obtain it like this?”The evil girl tapped Yun Yazi's chest with her sword.

With the power of the evil sword, Yun Yazi would definitely die if she slashed down with her sword.

However, she didn't do that. Instead, she looked at Su Yu, there was a complicated tone in her voice. “He is the person you want to protect. Just like back then, when I was a little girl who was hunted down by countless experts, you also tried your best to protect me, right?”

She wasn't born to be so powerful. Instead, she was a person who didn't have parents, didn't come from a family, or even had no memories.

From the moment she was born, she was hunted down for no reason.

It lasted for more than a hundred years. Every day was filled with fear and trepidation.

Until one day, she met Yun Yazi.

He caressed her head and brought her back to the Heavenly Dao Palace to teach her martial arts and the principles of being a human.

However, she only displayed unimaginable talent in martial arts and became the fastest person to break through to the Dao master level in the absolute beginning realm.

However, she never studied the principles of being a person seriously.

From the beginning to the end, no matter how much she taught, it was as if she was born lacking in something. She would never be able to comprehend what Yun Yazi said about being a person.

Other than cultivating, she could only cultivate.

Until one day, she discovered that her cultivation base had reached a bottleneck and could not advance any further.

At that time, her cultivation base was already close to Yun Yazi, only below him.

When she found out that the Heavenly Dao Hall had a wordless tomes of arcane, she ignored Yun Yazi and forcefully flipped through it.

In the end, Yun Yazi betrayed the Heavenly Dao Hall with the wordless tomes of arcane, shocking the absolute beginning world.

With her peak strength only second to Yun Yazi's, the vile daughter naturally became the tenth hall master. She took the initiative to go after Yun Yazi and snatch the only wordless tomes of arcane that could increase her strength.

In the end, the two of them chased after her until they reached the sea of constellations.

The Vile daughter pretended to no longer be obsessed with the wordless heavenly tome and gained Yun Yazi's trust, killing him.

However, just as she was about to take the wordless heavenly tome away, the oldest Taotie in the world passed by and swallowed the two of them.

It turned out that everything was a trap set up by the carefree emperor. While Yun Yazi defected, he also made the vile daughter personally chase after Yun Yazi. In the end, both of them were sent into the Taotie's cage to be suppressed forever.

Now, the two of them were just continuing the unfinished scene from hundreds of millions of years ago.

"You still remember. I thought you forgot everything." Yun Yazi's voice was weak.

The evil woman said indifferently, "How could I forget? After all, you are the absolute beginning realm, the Heaven and earth. You are the only person in my life who treats me well."

"So..." the evil woman looked at Yun Yazi. "Give me the wordless tomes of Arcane. In exchange, I will let you live."

Yun Yazi was silent for a long time. He looked up at the sky and sighed. "If I really give you the wordless heavenly book, you'll regret it."

The wicked daughter frowned slightly. "Can you tell me why you would rather betray me with the Wordless Heavenly Book Than Show Me This Book?"

The grudge between the two of them had lasted for countless years because of a book.

This had always been an unsolvable doubt in the wicked daughter's heart.

Could it be that Yun Yazi was so afraid of her becoming stronger?

Yun Yazi slowly stood up and said, "No!"

The Evil Woman's eyes turned cold as she pointed at Su Yu. "Then what about him? Did you pass the wordless heavenly book to Him?"

"Yes!" Yun Yazi said.

Boom --

The evil woman suddenly slashed at the void beside her, creating a huge crack.

She laughed in anger and said, "You keep saying that you're loyal to me, but in the end? You would rather die than give the wordless heavenly book to me. Instead, you gave it to a little ant that you've known for less than a hundred years! Master, is this your so-called loyalty?"

Yun Yazi said, "No matter what you say, I can't give the wordless heavenly book to You!"

The Wicked Girl's Aura was suddenly mixed with a lot of evil energy. That evil energy came without any warning.

Chapter 2156 Desperate Counterattack

"Fine! Since you won't give it to me, I'll kill him first. Let's see if you'll give it to me!" The evil woman snorted and went around Yun Yazi, slashing her sword at Su Yu who was in the middle of comprehending.

Yun Yazi threw the golden book into the air with one hand, releasing a golden light barrier that enveloped the evil woman, blocking her way.

“Humph!”The evil girl raised her head and stared at the Golden Book. Without thinking, she slashed at the Golden Book.

Crack --

A long crack appeared on the Golden Book, as if it was about to break into two.

The Golden Book, which was a dao artifact, actually shattered.

Yun Yazi’s soul suddenly evaporated like water vapor.

The dao artifact was damaged, and Yun Yazi was severely injured.

The evil woman did not even look at him as she stabbed her sword at Su Yu’s chest.

With the power of the evil sword, any living being that was stabbed would die without a doubt.

However, at this moment, Yun Yazi’s soul suddenly shot over and condensed into a soul shield, blocking in front of Su Yu.

Puchi --

The evil sword pierced through Yun Yazi’s body without any obstruction, piercing through his front and back.

The huge sin fate rushed into his body and continued to erode and destroy his soul.

A thick will of death rippled out.

The Sin Lady was stunned, and the evil aura around her became even heavier. “For him, you would rather die, right?”

Yun Yazi’s soul was like a scattered illusion, dissipating layer by layer.

He turned his head to look at Su Yu who was comprehending and revealed a kind smile. “I’ve never done anything for you. Finally... I have a chance... to live well...”

As soon as he finished speaking, his entire body collapsed.

His soul had completely collapsed.

Yun Yazi had completely fallen!

The Vile daughter looked at the sky full of soul fragments and sensed Yun Yazi’s last trace of Aura. He disappeared from the world and stood there motionless.

She grabbed her chest and muttered in puzzlement, “Why? My chest seems to be very uncomfortable. Am I injured?”

After a long pause, when she lowered her head to look at Su Yu, an unprecedented killing intent rose in her heart. “Die!”

The sin sword was no longer in her way as she slashed down.

Pu --

Fresh blood flowed out and covered half of the sky.

However, it did not hit Su Yu's vital point, but his raised palm.

His tightly shut eyes suddenly opened.

While he was comprehending the sword technique, he suddenly felt a great sadness, as if he had lost something.

When he opened his eyes, he saw that Yun Yazi's last soul fragment had turned into a fluorescent light and disappeared from the world.

He could not believe that Yun Yazi... had died just like that!

Meeting in a lonely grave in the Wutong Abyss!

The benevolence when he taught the son of heaven the qi-gazing technique!

How many times had he silently helped him without saying a word!

..

One scene after another was like a clear spring flowing. The pearl that had been washed shone with a clear radiance.

Su Yu did not dare to believe it. He was even more unwilling to believe that Yun Yazi had actually died. That master who had accompanied him through so many storms, that kind old man who had given him good fortune... had died just like that?

"Master!" Su Yu roared in a low voice. Great grief and indignation rose in his heart.

What had his master done wrong in his life?

Why was he unwilling to let him go?

He had struggled to recover from a wisp of remnant soul. There must have been many unfulfilled wishes that he was unwilling to let go of.

Why did the evil daughter's sword insist on destroying everything?

Why did she have the right?

Because she had invincible strength, so she could do whatever she wanted?

"Evil! Daughter! You deserve to die!" Su Yu felt endless flames burning in his chest, as if they were going to melt him.

She was chasing after him, and Su Yu could only feel anger, not hatred.

However, why did she want to kill Yun Yazi together with her?

Chi --

An ancient oil lamp silently appeared on his chest.

The oil lamp emitted a gentle flame, but under the evil woman's shocking aura, it didn't change at all.

Su Yu's hair and eyes were golden, and the skin on his body turned into a liquid nine-colored color, slowly flowing.

He had turned from a human into an inhuman existence in the blink of an eye.

The evil girl stared at Su Yu, whose aura had become completely different. She was surprised, "What is this thing..."

"Get lost!" Su Yu grabbed the evil sword in his hand with one hand and clenched his other hand into a fist that was aimed at her head.

The evil girl's expression was indifferent, and a layer of her domain naturally blocked in front of her.

"The struggle of an ant..."

PA --

However, her domain was instantly shattered by a punch and directly smashed into her face.

The immense force sent her flying several civilizations away.

Only when she crashed into an uninhabited civilization and completely shattered it did she stop the momentum of her body.

She rubbed her swollen and painful face and looked at the end of the void in bewilderment. It was a world dyed in nine colors.

A figure covered in nine colors stood on the ground with golden hair dancing in the wind.

That strange shape was something she had never seen before.

After being stunned for a moment, the evil woman suddenly remembered the nine-colored light she had seen before. Her pupils constricted as she said, "Could it be... that you are the awakened mortal saintly being from before?"

The only thing that answered him was Su Yu's extremely cold word, "Die!"

Chi --

Two rays of golden light shot out from her eyes and pierced through the air, piercing through the evil woman's body.

"Ah!" The evil woman didn't even have time to react before the golden light beam pierced through her body.

The wound was charred.

A large amount of blood sprayed out, and a hint of panic appeared in the Evil Woman's eyes.

It was rumored that the strength of the saintly being's mode varied from person to person.

Some saintly beings awakened and were only as strong as an ordinary dao master, but some... could shake the stone fetus emperor! They could shake the Supreme Sacred Mountain!

“Ants, don’t even think about...”the evil sword in the evil woman’s hand stabbed forward.

The power of this sword was several times more powerful because of the explosion of its true cultivation.

“Morning and evening!”The Royal Longzun sword appeared in Su Yu’s palm and drew a plain trajectory in the air.

This sword was the last sword strike of the sword demon before he died.

It gathered all of his life’s Sword Dao and Yun Yazi’s insights. It had reached the pinnacle of sword arts and surpassed the constraints of Dao!

Ding --

With a soft sound, the evil sword left the evil daughter’s palm and flew into the sky.

The Royal Longzun sword was unimpeded and pierced through the evil daughter’s chest.

The Unbreakable Dao body and the powerful evil daughter was pierced through the heart just like that!

However, she did not die.

An unparalleled evil fate surged out of her broken heart and repaired it.

Taking this opportunity, she retreated and maintained a safe distance. She stared at the Royal Longzun Sword in Su Yu’s hand with a deep fear in her eyes.

That sword could kill her!

And with her saintly being..

A sense of danger arose!

“Human, I admit that you are very strong, but as long as you hand over the wordless heavenly book, we can be friends...”

* PFFT *

Suddenly, Su Yu stretched out his palm and clenched it forcefully towards the evil woman.

The evil woman felt as if she was being squeezed by the entire true world at the same time. Her entire body was in great pain, and her internal organs were also heavily injured. She coughed up a mouthful of blood.

Before she could recover from her shock, a nine-colored figure rushed to her body at an incredibly fast speed and stabbed her throat with a sword.

The Evil Woman’s heart pounded wildly, and before her head was cut off, she immediately used a secret technique to escape.

Fear Rose in her heart, and she turned around and jumped on top of the newly recovered creation Dragon's head, saying, "Go!"

She was actually planning to escape!

Chapter 2157 Endless Pursuit

The Creation Dragon turned around and sprinted at an astonishing speed.

Its heart pounded violently. At this moment, the pressure Su Yu was giving it was not the slightest bit inferior to the ancestral witch who had sealed it back then!

With just a single move, it had the power to shake the world.

It had never even dreamed that the little ant from back then, who had not seen it for a hundred years, would actually become a saintly being and even master supreme sword techniques.

Its strength had reached an unimaginable level.

At this moment, it was like a stray dog, running away with its defeated master.

"Su Yu! I don't want it anymore. Let's Stop Now. How about it?"The evil girl talked to Su Yu while running away.

"It's... too... Late!"Su Yu said hoarsely.

There was a deep hatred in her voice that couldn't be hidden.

Yun Yazhi was dead. His master, whom he had accompanied for so many years, had died just like that!

How could he stop?

Unless he died!

As he spoke, he stabbed out with his sword from hundreds of millions of miles away.

Instantly, the evil daughter's heart, which was so far away, was also pierced through by the sword.

The evil daughter immediately covered her chest with her hand. The Broken Heart was successfully repaired with the evil fate.

Her eyes were filled with fear and deep unwillingness.

"I don't want to die. I still want to continue cultivating martial arts. Once I succeed, no one will be able to humiliate me!"The Evil Girl roared in her heart and rode the creation dragon to escape.

However, just as she escaped a distance, a nine-colored palm suddenly grabbed at her from behind.

It was a huge palm formed by Su Yu's saintly being. It was similar to the Heavenly Dao palm and contained endless power.

As the palm reached out, the void was blown back, causing the creation dragon to stagger and continue rolling in the surging tsunami.

The evil woman fell from the top of its head and decisively gave up on the creation dragon. She turned into ten evil woman bodies and fled in ten directions.

The nine-colored giant palm reached out and pressed the creation dragon under its palm.

At this moment, it was just like an earthworm, struggling for no reason.

Su Yu grabbed with his palm and imprisoned it before casually throwing it into the nine-jade spiritual pearl.

Then, he raised his head and looked at the sky.

An incomparably huge eye immediately appeared in the sky.

It was somewhat similar to the Eye of Heaven in the past,

however, the difference was that this eye was overflowing with nine-colored light. It gathered eight great laws and contained the power of a saintly being.

The nine-colored eye looked down at the world. The ten evildoers that were fleeing at high speed all entered its sight.

Chi --

Ten nine-colored lights suddenly shot out from the nine-colored eye, and each shot toward one of the evildoers.

Nine of the evildoers were turned into ashes on the spot.

Only one of the evildoers spat out a large amount of blood after being hit, and then continued to run wildly.

Obviously, that was the true body of the EVILDOER.

She ran at high speed, but Su Yu, who was in his saintly being state, was not weak. The distance between the two could not be pulled apart.

The evil girl was anxious. When she passed by a galactic civilization, she broke through the surface defense of the civilization without saying a word and directly entered it, using the intergalactic civilization teleportation array.

In a short while, she disappeared from the galaxy.

Su Yu took a deep breath and said coldly, "Those who protect the evil girl, die!"

The warning voice that contained the power of the mortal body's saintly being echoed in all the galaxies at the same time.

The killing intent in the voice made people shudder.

All the galaxies sealed the intergalactic teleportation array. Even if the evil girl forcefully broke into the civilization, the teleportation array could not be used.

The evil girl was furious and had no choice but to escape in the void again.

The void was vague, but there was no place to hide.

All the teleportation arrays in the galaxies were sealed.

Su Yu chased closely behind, creating a series of tsunamis in the void that swept up countless meteorites, leaving behind nine-colored remnants as he sped through the universe, chasing after the evil girl.

In the many civilizations, countless living beings looked at this scene with deep shock in their eyes.

“The saintly being is chasing after the evil girl!”

“The human saintly being, the evil girl of the Heavenly Dao! Oh My God, the saintly being is too terrifying, chasing after the evil girl alone with no way to escape!”

Wherever she went, every civilization was shocked.

A few months later, in the purple clouds civilization.

The evil daughter discovered that the purple clouds civilization’s intergalactic teleportation array was not sealed.

She was about to land and use the teleportation array to increase the distance.

Suddenly, a nine-colored palm descended from the sky and wiped out the entire purple clouds civilization along with the teleportation array.

Within the civilization, the screams of the purple clouds sect master could be heard.

The evil woman missed and turned around to glare at Su Yu viciously. “Do you really want to kill all of us? It’s best to leave yourself a way out!”

Su Yu waved his hand and the heavenly bow appeared in his palm.

This bow, which had once been unable to be fully drawn, was drawn for the first time under the saintly being state.

A golden stream of light turned into an arrow and was placed on the bow.

Xiu --

An arrow was shot out, and the entire civilization star system spun frantically. Following the rapid rotation of this arrow, it caused the hearts of many civilization’s Dao Masters to palpitate.

Hong --

The Vile daughter was shot in the back of her head by an arrow. The arrow pierced through her head and brought her left eye back.

“Ah!” The Vile daughter covered her left eye that was dripping with blood and roared with resentment, “Su Yu! I Won’t let you off!”

As she ran, she screamed like a fierce ghost.

Su Yu’s face was cold as he continued to chase after her.

One month passed.

Two months passed!

Half a year passed.

When they passed by the Holy Land of the Western Paradise, it was already in ruins. All the Buddhas had turned into scattered Buddhist light and remained nearby.

The once prosperous Holy Land of Buddhism was now only a silent ruin.

At this moment, a panicked figure escaped from the sky above the Western Paradise Holy Land.

It was the evil woman who destroyed the Western Paradise Holy Land in the past!

Behind her, a nine-colored figure chased relentlessly, leaving a nine-colored afterimage in the sky.

Several years later.

In the demon world, the evil woman whizzed past, causing a huge vibration in the void and almost destroying the demon world.

Fortunately, the saintly being that was chasing after her conveniently suppressed the void!

Ten years later.

In the Cangjing Daoist temple civilization, the vile daughter disappeared in a flash. The strong void that she swept up made the Daoist temple appear to be in imminent danger.

Following closely behind her was the human saintly being, who launched a deadly pursuit!

One month later.

Sea of constellations.

The Vile daughter had nowhere to run!

After more than ten years of running, everything on her body had been exhausted. It was only through a strand of her will that she was able to barely hold on until today.

However, Su Yu's desire to destroy her did not die.

Over the years, she had never stopped pursuing her, just like how she had been persistent in pursuing Su Yu all those years ago.

Until today, she had chased the vile daughter to the point where she had no way out!

Without realizing it, she had actually escaped to the sea of constellations.

She had escaped to the very beginning.

Su Yu landed and looked down at the vile daughter from above. After so many years, the killing intent in her eyes had increased instead of decreasing!

“Su Yu, do you really want to fight to the death? You should know that the longer your saintly form lasts, the greater the side effects on your body. It's still not too late to stop now. Continue to barely hold on. Even if you kill me, you won't have a good ending!”

Su Yu's eyes were indifferent as he said, “As long as you die, everything is worth it!”

Slowly pulling out the royal longzun sword, Su Yu pointed at her head and said, "Say Goodbye, evil daughter!"

Chapter 2158 The Unfettered Son Of Heaven (First Watch)

With that, the ultimate swordsmanship penetrated through everything and pierced into his heart.

The swordsmanship was extremely mysterious, crushing his heart into pieces.

However, once his heart was destroyed, the evil fate in his body once again gathered a heart.

Su Yu was destroyed again, and his heart was regenerated.

After repeating this over and over again, there was no way to kill him. There was no way to kill him completely!

"Hahaha!"The evil girl laughed at the sky. "Do you think you can kill me? With your swordsmanship? It can only hurt me, not kill me!"

Indeed, this sword looked like it could only hurt her.

"Is that so? If that's the case, why did you run away for ten years?"Su Yu shook his head lightly and crushed another heart with his sword. "It's because there's a limit to the number of hearts you can reassemble, right?"

The evil girl's laughing face suddenly froze and her voice suddenly became mournful. "Su Yu, what good will it do you if I Die? As long as you stop here, I can give you whatever you want!"

Su Yu said indifferently, "I want our master to come back alive. Can you do that?"

"Anything else is fine!"The evil girl said.

Su Yu shook his head. "I don't care about anything else!"

The evil woman gritted her teeth. Suddenly, the light from the clouds on her body dispersed without any warning, revealing a breathtakingly beautiful face.

That was a beauty that did not belong to the mortal world. Nothing in the world could compete with this beauty.

"Then, I, don't You Care?"The Evil Woman asked.

Su Yu was stunned. He stared at that face without blinking.

No matter how beautiful the face in the world was, Su Yu would not take another look at it. He would not miss it for a moment.

Except for one person!

Xia Jingyu!

The face in front of him was Xia Jingyu!

"Are you sure you want to kill me, brother Su Yu?"The evil woman smiled faintly, as if she had seen through Su Yu's heart.

All these years, Su Yu had worked hard, fought hard, and struggled to become stronger. wasn't it all for Xia Jingyu?

He would never have thought that he and his sweetheart would have the same appearance.

PFFT --

However, what made the evil daughter's smile freeze was that Su Yu's sword stabbed down again, piercing another heart.

The evil daughter groaned in pain and said in a daze, "Why? Why can you be ruthless enough to kill me?"

Su Yu's eyes regained their coldness as he said indifferently, "You're not Xia Jingyu, so why can't You Be Heartless?"

He had seen the same face in the reverse flow of time and space.

It was a woman dressed in redwood and her name was Qing Yun.

The evil woman had the same face. It was both unexpected and reasonable.

Yun Yazi had once said that Su Yu would not kill the evil woman.

At that time, he did not understand.

Now that he saw the evil daughter's true appearance, everything could be explained.

Because Yun Yazi knew that the evil daughter was exactly the same as Xia Jingyu, so he was certain that he would not kill the evil daughter.

However, time had changed, and Su Yu was no longer the same Su Yu from before.

No matter how similar the appearance was, it would not change the fact that she had killed Yun Yazi with her own hands.

"Ah! Su Yu! If you kill me, you won't have a good ending either. The Vile Palace and the Heavenly Dao Palace will not let you off!"The Vile daughter gripped the blade and struggled desperately.

It was as if she could no longer take another strike.

She only had one heart left!

Su Yu said indifferently, "I'm not afraid of the Sacred Mountain, let alone the vile palace and the Heavenly Dao Palace?"

After that, he stabbed down with his sword.

His last heart was completely destroyed.

With endless cries of unwillingness, the evil Lady's dao body's vitality dissipated like smoke.

What was slightly strange was that her body did not remain unchanged. Instead, it gradually dissipated.

In the end, all that was left was a shimmering stone.

The Evil Lady's soul was attached to the stone as she stared at Su Yu with hatred.

"I curse you to die a horrible death!" As she said that, the evil lady grabbed the stone and turned around to escape.

Su Yu did not say a word and chased after her with his sword.

However, at this moment, an incomparably huge palm suddenly descended from the sky and grabbed the evil woman and the stone.

That palm was filled with a dense heavenly dao aura!

The evil woman let out a blood-curdling scream and was pressed down by the palm, unable to move.

Following closely behind, that palm transformed into a feminine man dressed in a silver robe. His expression was arrogant as he held the Evil Woman's soul and the stone in his palm.

"TSK tsk, what a touching scene! Senior and junior are fighting each other, and both of them are injured!"

The feminine man said in a neutral tone.

Su Yu stared at him coldly. His heart, which had been silent for a long time, was thumping wildly, and an incomparable sense of danger arose in his heart.

That feeling was comparable to the feeling when the evil girl was chasing after her.

There was a suffocating gap between him and the feminine man.

"Carefree Emperor!" The evil woman shouted, "It's You Again! You've been waiting in the dark until now, right?"

Carefree Emperor?

It was the first time that someone called him the emperor in the absolute beginning realm.

He believed that there was only one place that had the right to call him the emperor.

That Was... the sacred mountain, the stone child emperor!

Carefree Emperor smiled mockingly. "You can say that. After all, it's a little troublesome to deal with you personally. It's better if you can do it for someone else."

The evil girl's eyes were filled with hatred. "Wasn't it enough that you set me up and imprisoned me in the Cage of Taotie? Now, you're even plotting against me! What enmity do I have with you?"

The carefree emperor said in a neutral tone, "Enmity? Of course not! However, who asked you to be the third emperor of our sacred mountain, the reincarnation of the Mirror Flower Emperor?"

The Evil Girl's pupils shrank. "Mirror Flower Son of Heaven? The stone embryo son of heaven who was beaten down by Ren Zu? I am his reincarnation?"

“Hehe, what do you think?”The son of Heaven grabbed the shining stone.

“Thanks to your years of cultivation, you have restored this part of the body of the mirror flower son of heaven to its original state.”

“I just need to use your soul to baptize this stone!”

“No! You’re talking nonsense! This is my own, it’s Mine!”She had pursued martial arts all her life, and because of this, she was heartless.

Even her master was able to fall out with her over a wordless heavenly book and commit the act of betraying her master and destroying her ancestors.

She suddenly knew that her entire life had been a wedding dress for others, how could she accept it?

“Hahaha, nonsense? Your master, Yun Yazhi, didn’t want you to know the truth. That’s why he stopped you from reading the wordless heavenly book.”.

The wicked girl shook her head. “What does it have to do with the wordless heavenly book? It’s a profound Daoist technique.”

The carefree emperor looked like he was watching a good show. “Daoist technique? Hehe! If I show it to you, Won’t you know?”

He casually picked up a wordless heavenly book and presented it to the evil woman. “Take a look. It’s the wordless heavenly book that you’ve been looking forward to for a long time.”

The evil woman couldn’t believe that the wordless heavenly book that she had been searching for all her life was placed in front of her.

She opened it and found that she knew all the characters in the heavenly book. However, she couldn’t believe the content of the words.

The contents of the wordless heavenly book told the secrets of Heaven and Earth.

The people of Chaos occupied the sacred mountain and ruled the absolute beginning realm. They destroyed and restarted the era time and time again.

It also told the names and origins of the eight stone-born sons of Heaven.

Among them, the mirror flower son of heaven was shattered by Ren Zu and broke into pieces.

Her four bodies fell into the void and turned into a living being.

The evil daughter was one of them!

Chapter 2159 Master’s Remnant Soul (Second Watch)

At the end of the evil daughter’s cultivation, the mirror flower emperor’s body would absorb the evil daughter’s cultivation along with her soul and awaken her.

It could be said that the living creature that the body evolved into was nothing more than a vessel.

It nourished the body in the vessel and continued to recover. When it recovered to a certain stage, it would be swallowed up along with the vessel.

The container was used as a wedding dress for others for the rest of her life.

The evil woman stared blankly, unable to believe her eyes.

The wordless heavenly book that she had been pursuing all her life was only telling a secret, telling her origin.

No wonder she did not have any memories of the first half of her life before she met Yun Yazi. No wonder her cultivation speed was strange, far surpassing all the prodigies of the current generation.

It turned out that she was just a vessel for the illustrious son of heaven!

The carefree son of heaven stared at the vile daughter's expression and revealed a pitiful smile. "How laughable. All Your Life, you've treated the wordless heavenly book as a Top-notch Dao technique in the world, yet you didn't know that it was actually the mystery of your birth!"

"What's even more laughable is that your master, Yun Yazi, took this book away because he didn't want you to know that he was a vessel. He knew that once you learned the truth, your spirit would definitely suffer unimaginable destruction."

"He has always protected you and loved you, but you killed him twice. The last time, you really killed him! "How sad, how pitiful, how hateful! "No Wonder Su Yu chased after you relentlessly. Even I, a bystander, couldn't help but want to kill you to vent the hatred in my heart."

Knowing the truth behind Yun Yazi's theft of the wordless heavenly book, the Evil Woman's eyes went blank, and her heart kept trembling.

It turned out that Yun Yazi had always loved and protected him from the very beginning.

Even though she had betrayed him once, destroyed his dao body, and turned him into ashes.

Even ten years ago, when she used her sword to press against his body and forced him to hand over the wordless heavenly book, he still refused.

That was because he had always wanted to protect her.

Until the end of his life, until he died in her hands, he still had no regrets.

She clutched her chest tightly, just like when Yun Yazi died, there was a huge pain in her chest.

Drops of soul tears fell from her eyes, turning into soul crystals and falling down.

The evil woman wiped the corners of her eyes with the back of her hand, her moist eyes were filled with confusion. "Am I hurt? Why Am I crying?"

She was heartless and heartless, she should not cry.

But now, there were inexplicable tears.

The son of heaven said calmly, "Unfortunately, the stone that evolved you lacks emotion. That's why you never know what love is and what justice is. You only know how to cultivate! At this moment, you should be crying as a vessel."

The stone itself couldn't cry. The only thing that could cry was the vessel.

“Alright, enough of the love drama. It’s time for you to return to your destiny.” The son of Heaven held the stone in his hand. Golden veins immediately appeared on it.

The stone seemed to be breathing as it continued to expand and contract.

It was as if it had come to life!

Meanwhile, the Evil Woman’s powerful soul continued to disintegrate, turning into a fluorescent soul that was absorbed by the stone.

The Evil Woman returned to her senses, but she did not resist. Instead, she looked deeply into the wordless tomes of arcane.

Then, she looked at Su Yu and said, “Junior brother, I have sinned deeply. I don’t ask for your forgiveness, but I beg you to bring this thing back to the Evil Woman Palace.”.

A crystal-like crystal slowly flew out from between her brows. It was completely golden.

It was the evil Lady’s Soul Crystal Core, the essence of her soul.

The carefree emperor smiled and shook his head. “You really don’t think much of me. You want to give the soul crystal core to someone else in front of me, Hehe...”

He clenched his five fingers and was about to push the soul crystal core back.

However, the soul crystal core suddenly became boiling hot, causing the carefree emperor to release his grip in pain. “Your soul has already cultivated to the perfection realm? When did this happen?”

The carefree emperor was shocked. That was impossible. The Vile daughter’s every move was being monitored.

What cultivation level she had attained and what progress her soul had made were all within his expectations.

When was her soul going to surpass the Dao master realm?

The evil girl said coldly, “You don’t need to know!”

The carefree emperor was extremely dispirited as he roared, “I understand now. It’s the Taotie! It’s that Old Thing, the Taotie! You fought with it and it lost a part of your soul, right?”

The evil girl turned a deaf ear and looked at Su Yu who had not moved at all, she said, “Master once treated the injuries of my soul, so I have a wisp of master’s soul in my soul. If you can find a way to make this wisp of soul stronger, perhaps you can revive master.”

“However, my soul crystal core is indestructible. In this world, almost nothing can destroy it. Only in the Evil Girl Palace, the evil lotus that I have nurtured for an era can decompose this soul crystal core and disintegrate master’s Wisp of soul.”

Hearing this, Su Yu’s eyes suddenly lit up as he grabbed the soul crystal core.

There was still Yun Yazi’s remnant soul inside?

With his current soul attainment, he immediately understood that Yun Yazi still had hope of being reborn.

He looked deeply at the evil lady. The hatred in his heart was still there, but there was a hint of sympathy.

In the end, she was still a vessel for others to get married. She didn't get anything.

Moreover, before she died, she finally understood Yun Yazi's difficulties and regretted it.

This ending was probably the best for her, right?

"I will," Su Yu said.

The Wicked Girl smiled for the first time, and then her body became blurry.

The carefree emperor's gaze followed the Soul Crystal Core and fell on Su Yu. He smiled mockingly, "I almost forgot about your little saintly being! The main purpose of this trip is actually for you. To retrieve the stone ahead of time, it's fate."

"Seeing that you've taken the Soul Crystal Core, I'll send you on your way easily," carefree son of Heaven said indifferently.

He raised his finger and pointed at Su Yu.

At this moment, Su Yu only felt the suppression of heaven and earth when he was a mortal.

That indescribable suffocation made Su Yu feel as if he had returned to the Forbidden Land of dreams. When he faced the Heavenly Dao that had taken away Qin Xian 'er's memories, he felt indignant and helpless.

After twenty years, was he still that powerless?

No!

Why did he light the oil lamp and awaken the saintly being?

Wasn't it to declare war on the sacred mountain and the stone fetus son of Heaven?

"Scram!" Su Yu roared angrily. The nine-colored light that flowed over his body appeared to radiate like rolling waves.

The suffocation immediately dissipated. The fingertips of the carefree son of Heaven were charred.

"You..." Xiaoyao Tianzi narrowed his eyes.

In this world, the only thing that could kill the stone fetus tianzi was the mortal Saint Body.

The nine-colored light of the saint body had boundless destructive power against the Stone Fetus Tianzi.

"Today is different from the past." Su Yu raised his eyes, and his eyes were filled with cold light. "In your eyes, I may still be an ant, but I'm an ant that can not be lightly humiliated!"

The nine-colored light on his body was burning like a flame, and his golden hair was like a long river. It extended endlessly and swept towards carefree emperor!

“Damn it!” Carefree Emperor seemed to be extremely afraid of the nine-colored light and dodged.

His golden hair chased after him relentlessly. It turned into a huge golden palm and a huge dragon, chasing after carefree emperor and flashing continuously!

Finally, the carefree emperor was hit in the chest and was instantly charred black.

The carefree emperor grimaced in pain and his eyes were filled with fury. “Ant, How dare you hurt me!”

Clang --

He pulled out a gray stone sword.

Chapter 2160 The Light Of Day

There were traces of blood on the stone sword that had not dried up yet.

These traces of blood had not only existed for many years, but they had never dried up or been wiped away. They had always remained on the sword.

“This sword was forged from the stone embryo emperor’s saintly source. It is specially used to kill your mortal bodies. Up until now, eight saintly bodies have died under the sword. You are the ninth!”

He slashed out with his sword, and the seemingly unsharp stone sword actually cut through his long golden hair.

The golden light on Su Yu’s body flickered for a moment before recovering.

The oil lamp on his chest dimmed even more.

A sword that could kill sacred bodies?

Su Yu coldly smiled as a small cauldron appeared above his head and slowly rotated.

Dragon roars sounded one after another.

“That guy from ancient god Nine Dragons really did have something up his sleeve. Before going to Dao Abyss, he found a successor. HMPH!” “But so what...” carefree son of heaven didn’t think much of it. “Ancient god Nine Dragons personally controls the nine dragons divine cauldron. Even my true body has to be wary of him, but you... hehe...”

However, in the next moment, carefree son of Heaven was stunned.

Su Yu formed a seal with his hands as he chanted an abstruse incantation.

“Heaven and Earth weep for all living beings, yin and yang annihilate and Buddha rise...”

The Nine Dragons Divine Cauldron suddenly released tens of thousands of rays of light. The several small dragons that had already crystallized let out wild cries of excitement as if they had been bound for a long time and were about to see the light of day again.

The carefree emperor's expression froze bit by bit, and disbelief appeared in his eyes. "This... This is... the Universal Cauldron's control technique... impossible, who taught you this? Is It Ren Zu's body?"

Fear began to appear on his face as he retreated bit by bit.

Back then, Ren Zu held the universal cauldron in his hands, and he single-handedly destroyed the dreamy emperor and the mirror flower emperor. As a result, the ten emperors were still unable to return to their original positions.

The indelible yin and yang caused the carefree emperor to tremble.

Su Yu continued to form seals as he said, "The Heavenly Dao does not kill all living things, and the Emperor does not fall to the gods. Time and space are filled with hatred, and a cauldron of Heaven and earth shakes the world!"

Boom --

The nine dragons divine cauldron turned upside down and fell from the sky, pinning the carefree emperor down.

Even though the carefree emperor kept dodging, he still could not avoid the suppression of the nine dragons divine cauldron.

With a muffled boom, the carefree emperor was pinned down below the nine dragons divine cauldron.

Bang Bang Bang --

The continuous muffled sounds came from within the nine dragons divine cauldron as well as the carefree emperor's roars and shouts.

However, as Su Yu continued to form seals, the sounds of struggle became weaker and weaker until there was no sound of struggle at all.

He raised his hand and summoned the nine dragons divine cauldron back. There was no carefree son of Heaven left on the spot, and within the nine dragons divine cauldron, there was a small person who kept roaring at the sky. It was the carefree son of heaven.

Above the nine dragons divine cauldron, there was a net made of seven supreme laws that sealed him within, making it impossible for him to break out.

Furthermore, as time passed, the carefree emperor was melting into blood.

"Su Yu, if you dare to destroy me, I will not let you off!" The Carefree Emperor's clone roared.

Su Yu's expression was indifferent. "You speak as if he will let me off if I don't destroy you!"

His gaze turned cold. "I didn't want to be enemies with the sacred mountain and the stone embryo emperor, but you have gone too far. You took away the memories of my beloved, causing me to suffer and destroy my spirit. Don't blame me for being ruthless!"

"You forced me into this!"

After that, Ren Ding closed the nine dragons divine cauldron and completely destroyed the clone.

"So, you've learned how to control the universal cauldron from Ren Zu." The carefree emperor was suppressed, but the mirror flower emperor's Stone and the evil girl, who was so weak that only her soul was glowing, fell outside.

Su Yu looked at her and said indifferently, "Do you have anything else to say?"

The evil girl said, "Junior Brother's saintly being is about to end. What awaits you will be a long period of weakness. Find a place to recover your body as soon as possible!"

"Don't worry, I will," Su Yu said indifferently.

The evil girl smiled bitterly. "I don't have anything else. I only have one request. If there is a day when I resurrect Master, Please let me apologize to her."

After that, she bowed deeply to Su Yu before turning into a fluorescent light and disappearing from the world.

Su Yu was silent. He picked up the stone and the evil sword that the evil woman had dropped on the ground. He stood on the spot and was silent for a long time. Then, he said calmly, "You have been watching for so long. Aren't you going to leave now?"

His eyes were like lightning as they shot toward a certain nothingness.

The nine-colored flowing light on the surface of his body turned into an arrow and shot toward that place.

The void rippled and a region folded.

In a certain folded void, a woman dressed in redwood walked out with a flute on her waist.

Seeing this person, Su Yu's gaze softened. "So it's you. I haven't repaid you for saving my life back then."

The redwood woman was none other than Xia Jingyu, who had saved him back when he was ambushed by the goddess race in the reverse flow of time and space.

She had the same appearance, Aura, and... container as the evil daughter!

As expected, Qing Yun was also one of the containers for Prince Charming.

Qing Yun stared at Su Yu with fear in her eyes. At the same time, she was deeply confused. "Where have we met before?"

Su Yu thought for a moment and said, "Perhaps I remembered wrongly! Do you have any pointers for hiding here?"

Qing Yun looked at the nine dragons cauldron in Su Yu's hand, she sighed faintly, "Originally, I was ordered by the Carefree Emperor to secretly attack you and snatch the nine dragons cauldron, but who knew... The Carefree Emperor's second clone wasn't your match, and I wasn't either."

Su Yu's expression was indifferent, "Then, you still want to attack me now?"

Shaking her head, Qing Yun said, "Seeing the fate of the vile daughter, may I ask, what is my reason for continuing to be loyal to him? Will I be swallowed by the stone in my body one day?"

She turned around and slowly walked away, she said leisurely, "You should leave as soon as possible. The carefree emperor will not let this matter rest. His first clone should rush over to destroy you! The second clone you encounter is probably less than one percent of the first clone!"

First clone?

Su Yu's eyes were calm as he said, "Thank you for telling me!"

As Qing Yun walked, she suddenly stopped and looked deeply at him. She said, "Go to the goddess tribe as soon as possible. I think that a woman with the same appearance as me is not safe."

Was she talking about Xia Jingyu?

"How do you know?" Su Yu asked.

Qing Yun said, "Ten years ago, did you receive the life path that Xia Jingyu pointed out to you?"

"Yes!" Su Yu answered affirmatively.

Qing Yun said, "That life path is actually a dead end! Someone secretly distorted that woman's detection and led you to my location. But, at that time, I was with carefree emperor! "If you had really reached where we were, you would have died long ago!"

What? Su Yu's eyes were cold.

Xia Jingyu would not harm him. The one who harmed him was the person who secretly changed Xia Jingyu's detection of the future.

Speaking of which, the Goddess clan had been targeting him and creating disasters everywhere.

There must be someone in this clan who had an undying desire to kill him.

It was not groundless to say that Xia Jingyu was not safe!
