Chapter 2161 Farewell To The Demons

However, her life should not be in danger for a short period of time.

Otherwise, Xia Jingyu would not have survived until now.

Su Yu cupped his fists and said, "Thank you."

Thinking about it now, it was fortunate that Su Yu did not want to implicate Xia Jingyu back then, so he chose the opposite direction.

Otherwise, if he had met the second clone of the carefree emperor at that time, he would only have died.

Moreover, he now understood why Xia Jingyu said that he was waiting for Su Yu there.

The "Self" that Xia Jingyu was referring to was Qing Yun, who looked exactly like her, right?

Qing Yun shook her head lightly. "No need! Be careful. After all, you are her friend."

With that, she took a step forward. She was like a phantom, heading somewhere unknown.

Su Yu was silent for a moment, then he took out the Evil Woman's Soul Crystal Core.

"Master, I'm sorry. I'm useless. I have to rely on you to sacrifice yourself in order to save me." Su Yu felt deeply guilty.

Cloud Cliff was at a critical moment, but he still showed up and sacrificed himself for Su Yu.

"Evil Woman Palace?" Su Yu's eyes were full of determination. "This time, let me save you."

However, it was still unknown where the vile-daughter palace was. At the very least, after experiencing so many civilizations, he had only heard of the vile-daughter palace.

He thought of that seven star continent level civilization.

Perhaps, that place would be able to give him clues about the vile-daughter palace.

He stepped into the void and a few days later, he suddenly passed by a familiar civilization.

After thinking for a moment, he stopped and descended onto this civilization.

"Emperor Yu of the Great Yu dynasty, it's been a long time." Su Yu stood in the depths of the imperial palace and looked at the familiar ruins of the great Yu, sighing in his heart.

Everything seemed like it was yesterday, but in reality, dozens of years had passed.

He stepped into the ruins expressionlessly. The defensive barrier did not even flicker, and no one was alarmed.

With a thought, Su Yu appeared in the deepest part of the ruins of the Great Yu, where the evil dragon was sealed.

There were still seven ancient swords on his back, firmly suppressing him on the ground.

In the past, Su Yu was an extremely powerful existence. Now, he was just like an ant that could be destroyed with a flick of a finger.

With a wave of his hand, all seven ancient swords fell off.

The evil dragon, who was sleeping, suddenly opened its dragon eyes, and a look of wild joy appeared in its eyes. "I'm Free? Who Did This? A disciple of the Moon worship sect? hahahaha... Emperor Yu of the Great Yu dynasty, I'll destroy your civilization..."

His words came to an abrupt end, because he caught a glimpse of a figure shrouded in nine-colored light from the corner of his eyes.

Raising his head to take a look, the evil dragon was stunned. "Who are you?"

Su Yu said indifferently, "When I left back then, I said that one day, you would follow me. Now, it's time to fulfill what I said back then."

"Follow you?" The evil dragon asked back, his tone filled with deep arrogance.

When did the people of the dragon race need to follow an outsider?

However, as soon as he finished speaking, Su Yu only released a wisp of the DAO Master's aura. The evil dragon's entire body trembled as he lay on the ground, unable to move.

The suppression he received was countless times stronger than the seven ancient swords.

"I'm giving you a Chance!" Su Yu said. "Are you willing to follow me, or are you willing to be sealed here forever?"

The evil dragon's eyes were filled with fear. Without thinking, it said, "Follow my lord, I want to follow my Lord!"

It was at a loss and shocked. It completely did not remember when a dao master had come and asked it to follow him.

"Follow me!" He released the space of a Buddha bead and placed it in the same space as the creation dragon.

After keeping the evil dragon, Su Yu took a step forward and appeared outside several civilizations.

When he reappeared, he passed by the demon world.

Back then, it was here that he and Qin Xian 'er's predestined relationship was severed.

He paused for a moment and was about to leave when his golden eyes suddenly swept across something unexpected.

"So you're still alive." Su Yu said indifferently and silently descended to a corner of the demon world.

Heavenly Silver Continent.

A ferocious figure covered in blood mist approached the heavenly silver continent's estate step by step.

In the estate, the Heavenly Silver Governor, who was half a step away from Dao Master, and his two children, Lie Bo and Lie Hongzhen, gritted their teeth and retreated into the estate's restrictions with the experts in the estate.

Their eyes were filled with terror as they stared at the malevolent figure in the blood mist.

The other party held a stone axe in his hand. His entire body emitted a fierce aura, and his mouth was covered in blood.

"Hongzhen, Lie Bo, use the estate's teleportation formation and flee quickly. I'll hold them off," the heavenly silver governor said.

Lie Hongzhen smiled bitterly. "Where can we run to? The entire Southwest region of the demon world has been eaten by this thing that came out of nowhere. The teleportation formation has been destroyed. Where else can we teleport to?"

The governor of Heavenly Silver Province looked up at the sky and sighed. "The heavens have destroyed our demon world!"

Ever since Emperor Flood Dragon left and half ancestor stone demon disappeared, the new demon emperor was still in Mo Xiaochai's stomach. He had yet to come into the world.

At this moment, an existence who claimed to be a human demon appeared.

His cultivation was not considered to be top-notch, but his laws were extremely strange. They were not chains that ordinary people saw, but could take any form.

The most troublesome thing was that his laws were devouring.

Anything could be directly eaten and converted into his own power.

In the past twenty years, he had gone from wreaking havoc in villages and towns to devouring cities and Guo Guo, to easily destroying an entire province. Up until now, he had already destroyed countless regions.

Now, his power had expanded to the DAO Master level and was incomparably terrifying.

In the entire demon world, there was no one who could stop him.

All the living beings in the demon world had become his food and could be devoured at any time.

Recently, it was their heavenly silver province's turn.

"Keke... being chosen by this demon is your fortune. You will be able to witness the name of the human demon resounding throughout the new era."

The demi-demon said indifferently. His voice contained extreme power and instantly shattered all the restrictions of the Heavenly Silver Prefecture.

The Heavenly Silver Prefecture Lord, Lie Bo, Lie Hongzhen, and the others immediately trembled and vomited blood.

Their faces were filled with despair. The demi-demon was simply not an existence they could contend against.

“Come! become a part of me!”The hair behind the demi-demon spun and turned into a whirlpool. It produced a great devouring force and enveloped the entire heavenly silver prefecture.

Palaces rose up from the ground, and experts were sent flying into the vortex.

“Freeze.”At this moment, a casual voice suddenly floated over.

The demi-human’s devouring domain continued, but everything in the world was frozen in time and space.

“Who?”The demi-human’s expression suddenly stiffened as he asked in disbelief.

One word and he was able to freeze time and space?

What kind of mighty figure was this?

Shua --

Suddenly, a nine-colored light flashed in front of the demi-demon’s eyes as Su Yu appeared in front of him.

When the demi-demon saw this, he sucked in a breath of cold air and said respectfully, “Su... Su sacred physique!”

Su Yu, the sacred physique of the first generation, chased after the evil daughter and killed trillions of galaxies, shaking the primal universe. Who Didn’t know who didn’t know?

The nine-colored flowing light, golden eyes, and golden hair left an indelible impression on those who saw it.

In the galaxy, everyone was talking about how a nine-colored heavenly venerate destroyed the galaxy and chased after the evil daughter!

There was no other way. Tomorrow would be the day.

Why were there so many people joining the group today? Did anyone know the reason?

Chapter 2162 Dealing With Hidden Dangers (1st Update)

How could the demi-human not know of such a person?

Especially when he heard that the nine-colored Celestial Master’s full name was Su Yu!

This name was the same name as the sect master Su Yu whom the Taiji Yin-yang sect had encountered. He was even more concerned.

This nine-colored Celestial Master had actually appeared in front of him?

Just hearing the rumors was enough to make people fearful.

At such a close distance, the human demon felt an abyss of suffocation. It was as if the other party could destroy him with just a breath.

“How have you been?”Su Yu said indifferently.

When the human demon heard this, he sucked in a breath of cold air and stammered, “You... You Are...”

Su Yu didn’t say a word and grabbed with one hand.

A nine-colored stream of light turned into a huge palm and grabbed toward the human demon.

The human demon’s expression changed drastically as he released his devouring domain.

However, under the giant palm, his domain was like a fragile glass that was shattered in an instant.

The human demon, who had wreaked havoc in the demon world and made everyone panic, was pressed to the ground by the palm. His face was filled with fear, he said, “Sacred su physique, I am willing to apologize for my previous offense. Please forgive me on account of the fact that I managed to recover a part of my cultivation with great difficulty.”

Su Yu’s gaze was indifferent. “Forgive you, and then you will continue to kill the innocent?”

After he finished speaking, he pressed down with his palm, and the human demon’s soul was forcefully squeezed out of his body.

Su Yu opened his brows, and a reincarnation vortex appeared, forcefully sweeping away the human demon’s soul.

However, he did not immediately digest it.

This human demon seemed to be an existence that had experienced the destruction of the previous era. He should know many ancient things. Searching through his memories, he should be able to know many things.

Looking at the demi-demon’s body and the mysterious stone axe in his hand, Su Yu put them all away.

After all, it was the complete body of a dao master. It was able to extract ten thousand drops of Dao Master’s blood and activate the Heavenly Dao Eye of death once again.

Moreover, the demi-demon’s body was very special.

Even if the original body died, it could still be reborn through the bloodline of its descendants.

Back then, the demi-demon had used this method to escape a calamity.

After doing all this, Su Yu glanced indifferently at the Heavenly Silver Prefecture residence and turned his head without saying a word.

“Su... su saintly being, I’m sorry.” Lie Hongzhen came back to her senses and looked at Su Yu with a complicated expression.

She still owed Su Yu an apology.

Su Yu didn’t even turn his head. He turned a deaf ear and transformed into a nine-colored flowing light that flashed and disappeared.

Lie Hongzhen lowered her head, her heart filled with bitterness.

The man she had looked down on back then was now a saintly being that she could not reach.

Even if she wanted to say sorry, he might not even listen.

After all, who would care about an ant saying sorry to her?

Su Yu appeared in the seven nights divine capital.

She looked over and saw Huangfu Lieyang and Mo Xiaochai through all obstacles.

The latter was about to give birth, while the former lay on her belly with concern, listening to the unborn child move in the fetus.

Happiness was written all over her face.

Su Yu looked at her with extreme envy and desire.

Wasn't that the life he had been looking forward to the most?

Living with the woman he loved, raising some kittens and puppies, giving birth to a few children, and spending his life in an ordinary and quiet manner.

But Fate played a trick on him.

When he understood his intentions, that person had already forgotten about him.

Everything between them had returned to the beginning.

Just as his thoughts were churning, Su Yu suddenly sensed an unusually cold aura lingering around the imperial palace.

He swept his cold gaze over and saw a transparent woman's soul lingering around Mo Xiaochai.

She was hiding, looking for a chance for Mo Xiaochai to be alone.

"A dreamy nine-tailed white fox?" Su Yu's eyes shot out a sharp killing intent.

The son of heaven!

As if sensing the killing intent, the sneaky woman suddenly raised her head and met Su Yu's eyes. She shrieked in fear and turned to run.

"HMPH!" Su Yu snorted lightly. The woman in the palace seemed to have been struck by lightning. She was so weak that she was only left with a thin layer of smoke and was about to be destroyed.

He hooked his finger, and the woman in the palace fell into Su Yu's palm uncontrollably.

Not long ago, the beautiful woman in the palace suit could still be aloof and Grant Su Yu a merciful death.

But now, she had fallen into his palm.

He could not help but sigh at how quickly the world changed.

"Let me guess, what are you looking for?" Su Yu's gaze was fixed on Mo Xiaochai again. Suddenly, he looked into his spatial storage device.

With a glance, he indeed saw an extraordinary thing.

It was a fox tail.

It had been broken for an unknown period of time, but it had not rotted yet. Its fur was so bright.

“So it’s the ninth tail that you broke.” Su Yu smiled coldly.

He deeply remembered that when Ren zu was battling the Holy Mountain, he had broken one of the tails of the dreamy nine-tailed white fox.

She had been searching for this item for many years.

However, she did not know why it had appeared in Mo Xiaochai’s hands.

The beautiful woman in the palace dress stared at Su Yu with hatred and said, “If I had known this would happen, I would not have let you live in the first place!”

Su Yu shook his head. “Without me, you would still be in the belly of a puppet, unable to see the light of day.”

Su Yu had already experienced the heartlessness of the beautiful woman in the palace dress. He was not soft-hearted towards her at all.

As he spoke, he crushed her soul with his five fingers.

As the remnant soul of the Stone Fetus Emperor, she was too dangerous and could not be left behind.

Drip --

A jade-green eye fell out of her shattered soul. It was exactly the same as the nine jade spiritual pearl. It was also an eye of death from the Heavenly Dao.

When he swept his gaze inside, he saw that it was empty. There was only the remains inside.

Its expression was serene and lifelike, as if it was alive.

Su Yu’s heart skipped a beat. This was the body of the stone embryo emperor, and every single hair on his body was an endless treasure!

He tried to pull it out, but to his surprise, he discovered that even in his embryonic saint body state, it was extremely difficult for his soul to move the body.

An hour later, Su Yu’s soul showed signs of fatigue, and he finally managed to move the body out.

The heaviness was beyond his expectations.

If it was an ordinary dao master, they might not be able to move at all.

Even in his saintly being state, he could barely move.

The body of a Dao master was still precious, let alone that of a stone fetus emperor?

Su Yu unceremoniously took this object away.

He looked at the eyeball in his palm one last time, and then at Mo Xiaochai’s stomach.

After thinking for a moment, he flicked his finger and wrapped the eyeball with a nine-colored stream of light, shooting it into Mo Xiaochai’s stomach.

She didn't even notice the existence of the stream of light. She only felt a chill penetrate her body.

"Consider it compensation for taking away this tail," Su Yu said indifferently.

Then, he stepped into the void and walked toward the continent-level seven-star civilization.

The distant Asura civilization.

Unlike the devastation ten years ago, the Asura civilization was dancing and singing in an orderly manner.

However, there was no smile on Daoist master Xuan Ming's face. Instead, he was staring blankly into space.

"I didn't expect that the nine-colored heavenly venerate would be Su Yu!"

Regret filled his heart.

If he knew that Su Yu had such achievements, why did he stop the two of them?

It was too late to regret now.

"Report!"

"What's the matter!"

"Reporting to Daoist master, the sector lord... She left!"

Chapter 2163 Encountering Pirates

Daoist master Xuanming was shocked. He said, "The coronation is in a few months. Why did she leave?"

"I don't know. This is a letter left by the realm lord."

Daoist master Xuanming immediately took it over and opened it. His expression couldn't help but change deeply.

It was a farewell letter left by Qin Xian 'er. The content was only a few lines.

"Thank you, Xuan Ming, for taking care of me for so long. However, Xian 'er still feels that she is lacking something. She wants to go out and take a look. She will come back in the future! Please take care!"

After reading it, Xuan Ming Dao Master looked up at the sky and let out a long sigh. His expression was extremely complicated.

"Dao Master, may I ask if you want to chase after her? It might still be possible if you chase after her now."

Xuan Ming Dao master shook his head bitterly. "Her heart is not here. What's the use of chasing after her? Let Her Go!"

On the peak of the sacred mountain.

A low and gloomy roar suddenly exploded. "Human sacred body!"

When he sensed that his second clone had been destroyed, the true body of the carefree emperor was furious.

“The mirror flower emperor’s body was taken, and the mortal sacred body was killed. Carefree, do you have anything else to say?” One of the stone fetuses in the play said darkly.

Back then, if it wasn’t for the carefree emperor’s momentary desire to torture Su Yu, how would things have ended up like this?

The carefree emperor said gloomily, “It’s just a small success stage mortal body. Killing it is like killing a pig! I’ll use my second clone. Once I find him, when he activates his body, he will die without a doubt!”

Several years later.

A nine-colored stream of light rapidly cut through the endless lonely galaxy.

The stream of light was extremely weak and finally completely disintegrated.

A human figure fell out of the stream of light and landed on an empty meteorite.

He was naturally Su Yu, who had rushed to the seven star civilization continent.

After eight years, he had crossed tens of thousands of galaxies in his saintly being state.

Even Dao master powerhouses needed at least a thousand years to cross the land. With his saintly being state, he only needed eight years to get close.

He wanted to reach it in one breath, but his body did not allow it.

The oil lamp on his chest became extremely weak, as if it would be extinguished if a gust of wind blew past.

Maintaining the saintly being for too long would consume too much of the oil lamp.

This was the price that the evil daughter had to pay to maintain the saintly being.

The flame on the oil lamp became weak, which meant that Su Yu could not use the saintly being again unless he made the flame strong again.

However, this flame originated from the Buddha of ten thousand lamps. How could it be so easy to make it strong?

At the same time, as the saintly being state was removed, a deep sense of weakness attacked him.

The saintly being state did not only consume the flame of the ancient lamp, but also Su Yu’s own potential.

He sat on the ground weakly. Not only was his physical strength lacking, his soul weakened, and even his body became quite weak.

Sitting on the ground, the broken stones on the meteorite could sting him.

He tried to use the law of life to recover, but the effect was very weak.

It seemed that his physical strength had reached a serious overdraft, causing the law to lose its effect.

“Could it be that my body is crippled?” Su Yu’s heart skipped a beat. After checking inside and out, he finally confirmed that the overdraft was too serious and it was difficult to recover.

Right now, it was extremely difficult for him to even fly, let alone use his swordsmanship.

If there were no other circumstances, he would need at least a hundred years of quiet cultivation before his body could recover to its original state.

However, if there was a heaven and earth mystical item called the heaven cleansing dust, it could speed up the recovery.

The heaven cleansing dust was an extremely holy and pure dust that originated from the rare heaven cleansing stone mine in the world.

Usually, one might not even find a single grain of heaven purifying dust in a stone mine.

This item was so rare that there was usually no market for it. It was as difficult as ascending to the heavens to buy it.

Moreover, with his current situation, where could he go?

He might not even be able to activate the meteorite in front of him.

“Little Qilin.” Su Yu called out softly and let the little qilin appear.

“Why are you so weak?” The little qilin mischievously blinked his watery purple eyes.

Su Yu did not say a word. He took out the human demon’s Dao master body and said, “Help me refine this body.”

The little kirin looked and was shocked. It said, “This is a dao master level body. Oh My God, do you want to control it? It’s too difficult!”

“Split!” At this moment, Su Yu let out a low cry. His soul was split into two and turned into two identical Su Yu.

One of them entered the body of the demi-demon.

A powerful force of resistance immediately repelled Su Yu.

“Refine!” Su Yu said.

Seeing this, the little qilin nodded and immediately spat out a large area of nothingness, corroding the body of the demi-demon.

The body of the demi-demon instinctively resisted the nothingness. While it was resisting the nothingness, Su Yu split out a weak soul and entered its body.

His body trembled. The next thing he wanted to do was to repel it. However, because he wanted to resist the nothingness, and that weak soul was weak, he did not care.

Taking this opportunity, Su Yu released another Wisp of soul and entered its body.

Just like that, he spent an entire year before he finally injected half of his soul into the demi-human body.

His body was like a frog being boiled in warm water. It was finally occupied by Su Yu's soul.

"Unfortunately, my body still repels me and I can't use my domain," the human demon muttered to himself as he sized up his body.

However, he was already satisfied.

Even the body of the Dao master was still quite powerful.

Those below the Dao master would definitely die if they were slapped by the human demon.

After putting a cloak on the human demon, he would put it into the space of the Buddha bead and release it to fight the enemy at any time.

The little qilin controlled the meteorite with a smile and said, "Leave the rest to me."

Su Yu was about to nod when he suddenly turned his head to the east. He sensed that several powerful presences were rushing toward this place.

Soon, several extremely powerful giant ships came into view.

The giant ships were quite huge, comparable to a five-star civilization. At close range, it was impossible to see their true appearance.

On each giant ship, there were ferocious and ferocious patterns. Layers of divine blood that had not dried up covered the body of the ship.

It gave people an extremely uneasy feeling even before they got close.

"Pirate ship?" Su Yu was surprised.

Sure enough, the giant ship slowly stopped nearby. A few warships were placed from it to search in all directions.

It seemed that the nine-colored light that Su Yu had transformed into fell nearby and attracted this group of pirates in the void.

"There's someone there!" A pirate with sharp eyes noticed Su Yu's condition.

Su Yu's eyes were cold. He took out the space of the Buddha Pearl and the nine-jade spiritual pearl and handed it to the little qilin. "Hide."

The little qilin caught it in its mouth and turned it into a virtual entity, hiding around Su Yu.

"It's a weak human." Two half-step DAO Master level pirates stood on the warship and sized Su Yu up.

"Hey, human, did you see a nine-colored light fall?" A half-step dao master asked.

Su Yu shook his head, indicating that he didn't see it.

The pirate looked around angrily. "Looks like he sank into the depths of the void. Bad Luck! I thought it was some treasure that caused us to end the battle in a hurry. Otherwise, there should be a chance to capture coldmoon iron."

"What should we do with this kid? Kill Him?" Another pirate looked at Su Yu.

He was so sleepy. The chapter that was updated would be sent out at 8 am tomorrow morning.

In addition, the chapter speech from yesterday had somehow become the speech from two years ago. There must be a mistake in the content of the platform. Everyone should join the group as soon as possible.

Chapter 2164 Bi Yun Hong Xian

The pirate next to him pondered for a moment and placed a hand on Su Yu's shoulder. He sensed it and said in surprise, "Half-step Dao Master? Not Bad!"

The other pirate was surprised and also tried to test Su Yu's cultivation. He said in surprise, "He's only a hundred years old and he's already at the half-step Dao Master Realm? This must be a genius that only the seven uniques have!"

He had cultivated for more than a hundred and twenty years, and the half-step dao master realm was indeed quite good attainments.

"Kid, are you willing to join our star pirates?" The half-step dao master pirate stared into Su Yu's eyes.

Join the Pirates? me?

Su Yu found it funny in his heart. There was actually a day when he was forced to join the pirates.

"Do I have a choice?" Su Yu asked back.

The pirate laughed, "You know your place! Let's go, I'll bring you to our captain."

Su Yu didn't refuse. That was the reason.

The two of them were only members of the pirates, and the leader of the Pirates hadn't appeared yet.

His strength had probably reached the level of a dao master. Otherwise, how could he suppress and take in so many half-step Dao Masters?

With his current state, even if he had the body of a demi-human, he wouldn't be a match for a dao master.

The two of them led Su Yu to one of the pirate ships.

As they walked, the pirate introduced, "The nine pirate ships you saw are the pirate alliance. Every ship is a great pirate, and the two of US belong to the famous Wolf Pirates! "The leader is a powerful dao master who has ruled the sacred star continent for many years. If you join us, you will be able to enjoy endless treasures and beauties."

Su Yu thought to himself that as expected, there was a dao master level expert guarding the place.

Looking at the other eight pirates, Su Yu suppressed his thoughts of escaping.

With his current state, it would be dangerous wherever he went. It was better for him to be at ease among the pirates and see if there was a way to obtain the heaven cleansing dust.

Soon, Su Yu was brought to a luxurious cabin.

Although it was called a cabin, it was actually a huge space. There were majestic halls everywhere.

A palace shaped like a giant ship was the most eye-catching. It floated in the air, surrounded by powerful barriers.

“Leader, we haven’t found the nine-colored light yet,”the two pirates reported.

After a while, a soft sigh came from the palace. “Go back and continue to kill the warships of the Seven Uniques Union.”

The two pirates said, “Leader, we found a weak human. His cultivation is quite good. I think we can let him join us and replenish our members.”

The Pirates had suffered heavy losses when besieging the Seven Uniques Alliance’s battleships. It was a good time to recruit new members.

“Oh? Is That So?”A probing gaze shot out from the palace of the ship, looking straight into Su Yu's body.

Then..., dao Master Sea Wolf said with slight pity, “He is indeed not bad. He is not even 130 years old, but he has already cultivated to the half-step dao master level. What is valuable is that his soul dao is very high and there is hope to break through to the Dao master level. However, his body seems to be severely overdrawn and it is difficult for him to display his strength.”

The two pirates were slightly startled. Seriously overdrawn?

They thought that it was just temporary weakness.

“Then what does leader mean?”The two pirates understood that they seemed to have made an unnecessary move and picked up an extra person.

“Stay for now and observe his performance. If his performance is good, I might consider giving him a piece of heaven purifying dust.”With Dao Master Sea Wolf’s experience, he also understood that the only way was to give him a piece of heaven purifying dust.

Su Yu was surprised. Could it be that the sea wolf pirates had a piece of heaven purifying dust?

Looking at his surprised expression, the two pirates chuckled. “Consider yourself lucky. We just seized a mine recently and found a piece of heaven purifying dust inside.”

Was it really such a coincidence?

Su Yu didn’t really believe it. Even if it was a seven star civilization of the continent, it was still not an easy thing to find a piece of heaven purifying dust.

The value of a heavenly purification dust was unimaginable.

Su Yu's origin was unknown, and his strength was unknown. Was he planning to give the heavenly purification dust to him to recover his body?

They were pirates, not benevolent people. Why would they be so kind-hearted?

If nothing went wrong, they wanted to squeeze out his strength and work for them, right?

"Thank you, leader." Of course, Su Yu still said this on the surface.

"Mm, I'll give you a wisp of the power of a dao master. The rest of the battle will depend on your performance." Within the palace of the giant ship, a wisp of the power unique to Dao Masters shot out and entered Su Yu's body.

Instantly, Su Yu felt the sense of weakness sweep away.

This was not because his body had been healed, but because this wisp of the power of a dao master had forcefully propped him up.

Once the power of a dao master was exhausted, his body would return to its weakened state.

However, this dao master's intentions were obvious.

He was clearly asking Su Yu to work for him.

It would be best if he could make a contribution, but if he couldn't, he deserved to die.

Su Yu understood his intentions, but on the surface, he was extremely grateful.

"Go prepare!"

The three of them left the cabin.

"Let me introduce myself, Lone Dust!" The half-step dao master who had introduced Su Yu to the pirates was him. "I'm the vice-leader of the Sea Wolf Pirates."

"This is Jiang Nan Yue, one of the vice-leaders." The other was the pirate who proposed to kill Su Yu.

Lone Dust was dressed in white, and his expression was gentle. He didn't look like a cold-blooded pirate.

Jiang Nan Yue, on the other hand, revealed a faint sense of nobility. She seemed to look down on others.

"Su Ruchu, thank you for saving us, vice-leaders."

Unique dust smiled gently. "You are injured. Go Down and rest well. When the battle starts, I hope you can help me."

"Of course."

Under their arrangement, Su Yu moved into a cabin.

Su Yu did not look outside and knew that he was being watched.

However, he did not plan to do anything bad.

Clenching his fist and feeling the condition of his body, Su Yu nodded slightly. "With the power of the DAO Master in my body, I can only use sword techniques once. Even if the opponent is a dao master, I am confident that I can kill him."

He barely had the ability to protect himself, but the Seven Uniques Alliance did not sound like a peerless beauty that could be easily defeated.

It was best to be cautious.

At the stern of the ship.

Jiang Nanyue said, "I told you it was unnecessary. To think that you thought you could take credit for it, but in the end, you picked up a piece of trash."

Hearing this, lone dust's gentle expression disappeared and was replaced by a hint of contempt. "Who knew that he was injured so badly?"

Jiang Nanyue shook her head and said, "You say, our leader wouldn't really give him the sky purifying dust, right? That's a treasure that our brothers risked their lives to get back."

"Hehe? He didn't even take a piss to look at himself. The sky purifying dust is such a precious treasure of Heaven and earth. Among the ten great pirates, apart from Xie Xiaoyue, who would be willing to give it to the other pirate leaders?" Unique dust didn't think much of it.

"Besides, didn't you notice that our leader only gave him a wisp of the power of a Dao Master? Our leader only wanted him to use his remaining strength to help us charge forward. Tian Jingchen was just a means to lure him."

Only then did Jiang Nanyue sneer. "That's true. We Pirates never accept useless people."

"Let's not talk about him." Supreme Dust's expression turned slightly solemn. "On this seven Uniques Alliance warship, the daughter of the number one aristocratic family, Bi Yun Hong Xian, is present."

"If we can capture this woman, our pirate alliance's reputation will be greatly boosted. All the nearby pirates, big and small, will join us."

Jiang Nanyue licked her tongue. "Who is that Bi Yun Hong Xian? The future heir of the number one aristocratic family. If we capture her, can't we demand any ransom? "However, it won't be that easy to capture her. She has many experts protecting her, and she herself is a powerful expert."

Unique dust chuckled. "The two of us might not stand a chance. Why don't we use that human to scout the way before we take action?"

"Good Idea!"

A few days later, Su Yu was cultivating in the cabin, quietly recovering her body.

Boom --

Suddenly, after a shocking explosion, the entire pirate ship shook violently.

Su Yu suddenly opened her eyes. Just as she was in shock, someone knocked on the door. “Brother Ruchu, come out quickly. We’re on the battlefield!”

Leaving the cabin, he stood on the deck and looked into the distance. He couldn’t help but exclaim in amazement!

He saw thousands of giant warships bombarding each other in the void.

Those giant cannons were extremely powerful. Each one of them had the strength of a half-step dao master.

With a casual blast, a half-step dao master would be reduced to ashes.

More than 80% of the warships were pirate ships. Only 200 snow-white warships broke through the blockade of the pirate ships with great difficulty and broke out of the encirclement.

Among the many snow-white warships, a crimson warship was particularly eye-catching.

“Do you see that ship?” Supreme dust pointed at the Crimson warship. “There’s the daughter of the number one aristocratic family on the ship. Any pirate ship that can catch it will be famous throughout the world and be attached to by the other pirates.”

“With such a great contribution, if you were the one who made it, Tian Jingchen would definitely not lack you,” supreme dust said patiently.

Even a fool would be able to tell that he was urging Su Yu to lead the way, right?

It was true that he was a human and his body was weak, but that did not mean that he was stupid.

“I see! However, with so many battleships, it would not be easy to board that crimson battleship, right? Not to mention catching that young lady? And even if you did catch her, how could it be easy to bring her back?” Su Yu expressed his opinion.

Unique dust chuckled and said, “Of course there are some dangers, but wealth comes from danger. The opportunity to make a great contribution is right in front of you. If you give up, it will be very difficult to meet her again.”

Su Yu sneered in his heart. Even if he really did make a great contribution, that Tian Jingchen might not give it to him, right?

However, his words reminded Su Yu.

Since that daughter was so important, if he captured her, no matter if it was the Pirate Alliance or the Seven Uniques Alliance, they would be very willing to exchange a sky cleansing dust with her, right?

“Deputy leader is right!” Su Yu put on a dumbfounded look and smiled. “Then, I’ll go first!”

Du Bu Chen said seriously, “Do your best! We’ll support you.”

Su Yu nodded and jumped onto a small warship. He passed through the heavy artillery fire and sped toward the Crimson warship.

Jiang Nanyue sneered, "He's so easy to use!"

Supreme Chen quickly took out a small warship and said, "Follow him and let him attract the attention of the Seven Uniques Alliance..."

As soon as he said that, several snow-white warships suddenly noticed Su Yu and fired at him.

Dozens of cannon fire buried Su Yu and the battleships together.

Unique dust and the others who followed behind quickly changed their direction. Jiang Nanyue cursed, "Is he brainless? He was destroyed so quickly?"

Without Su Yu to attract the enemy's attention, the two of them would have the same fate as Su Yu if they rushed forward!

Chapter 2165 The Serial Plan

Lone Dust was also very angry. He said, "Let's wait and see."

They planned to take a long time to plan.

Little did they know that when they turned around, a small pink figure was flashing in the smoke.

However, they were on the battlefield and did not notice each other.

As it turned out, the little qilin had used materialization to envelop Su Yu when the cannon was about to attack. That was how it had avoided the attack.

With its void isolation, even its aura didn't have to be leaked out.

The people on the snow-white battleships saw that Su Yu was blasted to the point where not even dregs were left. Their attention was immediately focused in another direction.

They didn't know that a hidden existence was stuck under a snow-white battleship.

Su Yu's mind was filled with thoughts.

The so-called daughter of the number one aristocratic family, Bi Yun Hong Xian, must be under the protection of many experts.

There must be many dao masters among them.

With his current strength, it was easy for him to break in, but it would be even harder for him to return.

Therefore, if he wanted to capture Bi Yun Hong Xian, it was far from enough to rely on force alone.

With a thought, Su Yu looked at Jiang Nanyue and du Bu Chen with a cold gaze. "Alright, I'll use the two of you as a stepping stone!"

He silently circled around them.

At this moment, unique dust and Jiang Nanyue were still carefully hiding under a pirate ship, watching the intense battle ahead.

They didn't realize that Su Yu was approaching.

"It looks like there won't be any results for a while," unique dust said. "Although our pirate alliance has many people, the other party's experts are stronger."

Jiang Nanyue was somewhat unwilling and sighed. "It's a pity that we won't have a chance to capture that Bi Yun Hong Xian."

"Let's return to the pirate ship first." Supreme dust turned around.

However, at the instant he turned around, a huge club suddenly appeared out of thin air without any warning and ruthlessly struck supreme dust on the head.

Supreme dust was instantly struck by an incomparably powerful soul attack and immediately felt dizzy.

Before he could recover, he was struck again.

Supreme dust finally rolled his eyes, and he was so weak that he could barely move.

A burlap sack suddenly stretched out and stuffed supreme dust into it.

It had only happened for a short while, and Jiang Nanyue only heard movement behind her. She turned her head and saw that supreme dust was already gone.

His expression changed slightly, and he immediately turned into an afterimage as he rushed toward his pirate ship.

"Freeze!" Suddenly, a strand of space-time froze his flying posture, and then his head was hit hard and he fell into a coma.

The other sack also put him away.

The person who attacked was naturally Su Yu!

After putting the two of them away, he rushed towards the scarlet warship.

Inside the warship, in a quiet and elegant villa.

A beautiful woman dressed in a redwood dress was quietly reading a book.

Outside, there was a barrage of artillery fire, but it did not disturb her reading at all.

She was the daughter of the number one aristocratic family, Bi Yun Hong Xian.

Behind her stood three unfathomable dao masters without a glance.

"Report! Miss, our people suffered heavy losses and were unable to support us to break out of the encirclement. Please make a plan, miss."

Hearing this, the woman raised her head indifferently and said, "Mm, it's about time. Let's go."

Bi Yun Hong Xian did not care about the situation of the battle. She did not even want to know how many people had died.

At this moment, a soldier suddenly walked over and said, "Report! Miss, the members of the Sea Wolf Pirates have betrayed us at the last minute. They wish to join us. Please make the decision."

Bi Yun Hong Xian looked over gently. Her quiet eyes were filled with intelligence. "They must be pretending to surrender. In fact, they are approaching me. You can deal with them yourself."

That soldier quickly said, "But this pirate also brought two vice leaders of the Wolf Pirates."

Bi Yun Hong Xian was slightly surprised. Capturing two vice leaders?

If they pretended to surrender, the price would not be low.

She shook her head with a smile and said nonchalantly, "The pirates are really going all out in order to get close to me. Destroy them and don't return to me."

The seemingly quiet Bi Yun Hong Xian was actually an extremely determined, intelligent, calm and decisive woman.

She saw through Su Yu's plan with a glance!

"Yes!" The soldier heard this and immediately returned to the deck.

He hurriedly ran to the front of a commanding general and whispered an order.

The commanding general was an expert at the half-step DAO Master level.

Hearing Bi Yun Hong Xian's words, he understood.

Actually, he didn't agree with inviting pirates at this special moment.

Because it was hard to confirm whether the other party was sincere or taking the opportunity to board the ship.

Glancing at the black-cloaked man sitting in the pavilion, who was quietly waiting for the news, the commanding general secretly let out a cold light.

His expression was gentle as he walked over with a smile. "Brother Demon, I've already informed the young lady of your situation. She feels that brother demon is on the right side in front of big right and big wrong. She's very gratified!"

The other party was, after all, an existence at the half-step dao master level. Even if the commanding general wanted to kill him, he had to pay attention to strategy.

The first step was to stabilize this wolf pirate member named "Demon Man."

But the demon man said, "Is that so? Then why didn't your lady come out to see me?"

The commanding general's heart did not waver. He secretly sneered. Sure enough, the Fox's tail was exposed. The lady was right. This person deliberately approached the lady with ulterior motives.

"The lady is dressing up. Let me receive brother demon first." The commanding general's face was full of smiles.

Clapping his hands, a soldier immediately brought over high-quality wine and said, "Brother Demon, to be able to capture two deputy chiefs by yourself, I admire you."

"So-so." The demon drank the wine absentmindedly, but did not have the slightest awareness of danger approaching.

Several half-step dao master level experts were secretly gathering on the deck.

Once everyone had arrived, they would attack this demon and annihilate him.

The commanding general patiently chatted with him for a while. When he received the hint that the ambush was ready, he smiled and stood up. "Then, Brother Devil, Welcome to join us..."

After he finished speaking, he immediately attacked together with the other half-step dao master experts to kill this person.

However, at this moment, a clear and long shout shook the entire scarlet warship.

"Retreat! Don't fall for it!"

Immediately after, a threatening sword aura enveloped the entire warship without any warning.

In the cabin, a ripple appeared on Bi Yun Hong Xian's quiet face.

The Three Dao masters behind her revealed a fearful expression. "What a terrifying sword technique! Who Is It?"

On the deck.

Before the commanding general could figure out who it was, he saw a figure that came from nowhere step onto the deck and execute an ordinary sword technique.

This sword was filled with extreme profoundness.

It was simple and ordinary, but it contained endless profoundness.

Puchi --

The half-step dao master demon didn't even have time to resist, and his body was pierced by the sword!

At the same time, the figure didn't stop. He arrived in front of supreme dust and Jiang Nanyue, and each slapped their heads.

At this moment, the commanding general was shocked to discover that the world within their bodies was continuing to expand, showing signs of self-destruction.

Chapter 2166 Change Of Plans

With the self-detonation of two half-step dao masters, the giant battleship beneath their feet would probably be heavily damaged.

As for the few half-step dao masters who came to besiege them, as well as the commanding general himself, they would all be blown to ashes.

After walking past the gates of Hell, the commanding general wiped the sweat off his palms and angrily stepped forward. With two palms, he destroyed the inner heaven and earth of supreme dust and Jiang Nanyue, turning them into disabled people.

The two of them were still unconscious and had no idea what had happened.

Only then did the commanding general let out a sigh of relief. He cupped his fists at the approaching figure, sizing him up while sincerely thanking him, "Thank you... for saving us, master."

The master in front of him was actually a human creature from a ninth-rate race.

He had long silver hair, a pair of wise and cold eyes, and a slightly skinny figure.

It was the complete opposite of the stunning sword strike just now.

This person was naturally Su Yu!

And the person under the Black Cloak was a demoness.

Su Yu knew very well that if he wanted to marry that Bi Yun Hong Xian's trust, relying on two deputy leaders wouldn't work.

So, he set up a chain of schemes to marry their trust.

Others didn't dare to say, but at least the commanding general in front of him wasn't on guard against him.

"I'm not saving you." Su Yu's expression was cold, as if he did not put him in his eyes. He walked forward, took off his cloak, and revealed the true appearance of the demon.

A strong evil aura was emitted, causing the commanding general to shudder.

"This is..." he asked carefully. The demon gave him a terrifying feeling.

Su Yu said calmly, "A dao master who cultivated the devouring domain is already dead."

"Dao Master?" The commanding general sucked in a breath of cold air. No wonder the corpse was so terrifying.

At this moment, Bi Yun Hong Xian and the three dao masters who sensed the terrifying sword qi walked out. They first stared at the human demon on the ground, and the Three Dao Masters' expressions sank slightly.

"An ancient demon." One of the Dao Masters let out a sigh of relief. "Fortunately, he's already dead."

The other two dao masters stared at Su Yu in bewilderment and said hesitantly, "That sword strike just now was..."

The commanding general immediately said, "Greetings, Sirs. Reporting to SIRS, it's all thanks to this human expert that we..."

He recounted the entire sequence of events.

After hearing this, the Three Dao masters stared at the corpse of the human demon and revealed a trace of true disgust.

“The people of the Pirate Alliance are indeed Crafty!”

“Fortunately, young miss is wise and didn’t fall for it. She gave him a chance to meet. Otherwise, it would have been more or less troublesome.”

Bi Yun Hong Xian’s gaze remained fixed on Su Yu.

Her gaze was deep and calm, like the vast ocean, making one unable to see the bottom.

She looked at Su Yu’s expression and bowed. In a sweet voice, she said, “Thank you for your help, young master. May I know your name?”

Su Yu glanced at her indifferently before looking away expressionlessly. He ignored her and lowered his body to search for the items on the demi-demon’s body, looking for the spoils of war.

Bi Yun Hong Xian was not angry at being ignored. She remained calm and said, “On behalf of the number one aristocratic family, I would like to express my sincere gratitude to young master. Please accept these gifts.”

She took out a bronze card with a decent amount of dao currency in it.

However, Su Yu did not even look at it. He did not even turn his head and said indifferently, “I only do things for myself. There’s no need to thank me.”

At this moment, he had already plundered the human demon and took away its corpse.

Of course, the human demon was not dead. It was just that the soul in its body was taken back by Su Yu, causing it to look like a dead corpse.

After doing all this, he stepped into the void and prepared to leave.

Seeing such an expert leave so quickly, the three dao masters hurriedly said, “Young friend, please wait!”

Su Yu stopped and looked at them. “What’s the matter?”

When this scene fell into the eyes of Biyun Hong Xian, she mistakenly thought that Su Yu was only willing to talk to Dao Masters as equals.

Thinking back to that terrifying sword attack, Bi Yun Hong Xian felt relieved. Why was Su Yu so cold.

All below Dao Masters were ants. It was perfectly normal for him to have such a mentality.

“Young friend, we have a presumptuous request. Please stay and help us,” the Three Dao Masters said.

Su Yu frowned. “I’m only at the half-step Dao master realm. How can I help you three?”

The Three Dao Masters smiled bitterly and said, “Little friend, don’t be modest. I’m afraid that your sword just now could even kill us!”

“As you can see, we are at an absolute disadvantage and will soon be completely wiped out. Therefore, little friend, please help us a little.”

Hearing this, Su Yu was a little displeased. “Everyone, since you have already predicted that you will be completely wiped out, why are you still trying to ask for my help?”

Could it be that they were going to drag him down with them?

The three dao masters quickly said, “Little friend, can we discuss this in the cabin? You can rest assured that we will definitely not mistreat you.”

Su Yu hesitated for a moment and said, “Alright.”

Just like that, Su Yu openly entered the cabin of the Scarlet warship and shared a room with Bi Yun Hong Xian, who the Pirate Alliance wanted to capture.

Of course, she had three dao masters protecting her, so Su Yu couldn’t do anything.

However, as planned, she had won their trust.

“Little friend, to be honest, we are preparing to retreat.”The Three Dao Masters went straight to the point.

Su Yu’s expression was calm as she said, “Do you mean to leave the warship and the ordinary people to attract the attention of the Pirate Alliance While You Escape?”

After a pause, Su Yu looked at Bi Yun Hong Xian and said, “Or do you mean to say that you were intentionally ambushed by the pirate alliance and lured them out in a group? You set up an inescapable net to kill the Pirate Alliance?”

Hearing this, the four people in the room were shocked.

Bi Yun Hong Xian’s calm face revealed a hint of surprise as she sized up Su Yu.

If not for the fact that only the four of them knew this secret, she would have almost suspected where he had heard it from.

That’s right, as the daughter of the number one aristocratic family, why would she leave the seven star civilization when she knew that she was being eyed by the Pirate Alliance?

She had deliberately appeared here to attract the attention of many pirate alliances.

In the dark, the entire seven star civilization had mobilized a large number of experts to form a huge encirclement.

At this moment, the encirclement was rapidly shrinking. At that time, these pirate alliances would become fish in a barrel.

For many years, the nearby pirate forces had been harassing the seven uniques.

The seven uniques often sent out their forces to sweep them.

However, they were very scattered. They would often attack one pirate, and the other pirates would receive the news and immediately hide. When the limelight was over, they would come out to do evil.

Secondly, they were extremely mobile. Once they were chased, they would immediately hide in the vast void and wouldn't be found.

After discussion, the seven families of the Seven Uniques decided to use her as bait.

They would use her as bait to capture all the pirate forces nearby.

They had just received news that the seven uniques had sealed off the area. They told her to retreat quickly to prevent the pirate alliance from harming her.

“The four of us are preparing to leave this place. However, as you can see, in order to lure the Pirate Alliance into a trap, we didn't bring too much power. Only the three of us are protecting miss.”

The three of them were not weak, but the one who was attacking them was the leader of the ten great pirates.

In front of the ten Dao Masters, it was completely unknown whether the three of them could protect Bi Yun Hong Xian and retreat safely.

Unfortunately, Su Yu was here!

Naturally, they hoped that Su Yu could lend them a hand!

Hearing this, Su Yu thought to himself. If he could protect Bi Yun Hong Xian and return to the seven ultimate civilization in exchange for the heaven cleansing dust, then the plan to kidnap her could be completely abandoned.

The plan could not keep up with the changes, so Su Yu immediately made corresponding adjustments.

He thought for a moment and said, “I understand what you mean. I can agree to help Miss Bi Yun retreat safely, but I want a piece of the heaven cleansing dust. Can you be satisfied with that?”

Heaven cleansing dust?

Hearing this, the four of them looked relaxed instead.

Chapter 2167 Creating A Diversion

One of the Dao Masters., he even smiled in surprise. “If you want something else, it might be hard to say, but the sky cleansing dust... Hehe, our number one aristocratic family controls the largest sky cleansing mine in the seven ultimate civilization. We can produce three grains of sky cleansing dust every year.”

“If you can really help miss return to the seven ultimate civilization, it's not that we can't consider giving you one grain of sky cleansing dust,” said the Dao Master.

The four people present looked at Su Yu, waiting for his response.

Su Yu smiled silently for a while before saying, “You mean, even if I do everything I can to protect your miss and return to the seven ultimate civilization, whether I give you a grain of heaven cleansing dust or not depends on your mood?”

Ambiguous words were the most untrustworthy.

Seeing that Su Yu was unhappy, Bi Yun Hong Xian said, "I guarantee in my name that I will give you a grain of heaven cleansing dust."

Only then did Su Yu gently nod his head. "Sure! But as you can see, my body is severely overdrawn and I have to rely on a wisp of DAO Master's power to support me. If I run out, I will need the Three Dao Masters to give me some dao master's power."

"Haha, sure, Sure!" How could the three dao masters not see the abnormality in Su Yu's body?

At this moment, they naturally agreed readily.

Just a bit of Dao Master's power, and he could get the help of a swordsmanship master, why not?

"What is your retreat plan?" Su Yu asked.

"No Plan!" The three dao masters said frankly, "Because before the entire encirclement plan began, we were unable to know the specific situation at this moment, so when we made the big plan, our plan was to act according to the circumstances!"

The corner of Su Yu's mouth twitched slightly. This time, the pirates had not offended more than a thousand large and small factions.

Among them, there were dozens of Dao Masters.

And this warship was the one that all the pirates paid the most attention to. It was not difficult for them to leave quietly under their noses.

After pondering for a moment, Su Yu said, "If you don't have a plan, I do have one. It depends on whether you have the guts or not."

The three dao masters immediately said, "Please speak."

In fact, they had their own plans, but they also wanted to hear Su Yu's idea.

Su Yu looked at the battleships in the sky and said, "How about we play along?"

The Three Dao Masters were stunned. It seemed that Su Yu's idea was different from what they thought. "How do we play along?"

In their opinion, it was best to create a diversion.

One side would disguise themselves as Bi Yun Hong Xian and escape this place, drawing away most of the pirates while the real Bi Yun Hong Xian would secretly retreat under the cover of experts.

"Create a diversion," Su Yu said.

The Three Dao Masters secretly looked down on it. They thought that there would be some good method, but it turned out that it was the same as them.

It seemed that everyone's views should be the same.

However, they heard su yu say, “We’ll let the Real Bi Yun Hong Xian distract the enemy. The disguised Bi Yun Hong Xian will be behind us.”

“You mean, let our young lady distract the enemy so that we can escape?”The Three Dao Masters looked at Su Yu in disbelief.

What kind of person could come up with such... an extremely stupid idea?

“Let’s not consider this idea for the time being.”One Dao master directly rejected Su Yu’s idea.

Although the other two dao masters did not say it, it was easy to imagine what they were thinking in their hearts.

On the other hand, Bi Yun Hong Xian stared at Su Yu thoughtfully, she said, “I think what young master means is that our plan of creating a diversion to the west has actually been well-prepared by the enemy and they might not fall for it. Therefore, we will play along and use a diversion to create a diversion. Perhaps this method will be more effective.”

“But what if the enemy is not as smart as we thought and really catches up? Wouldn’t miss be in Danger?”The Three Dao Masters said.

Bi Yun Hong Xian looked at Su Yu and said, “That will depend on young master’s specific decision.”

Su Yu smiled faintly. “That’s why I said, it depends on whether you have the guts.”

Everyone was silent for a moment before Bi Yun Hong Xian said, “I think young master’s plan should have more hope than a diversion.”

In other words, she approved of Su Yu’s decision.

Su Yu was slightly surprised. This woman was quite wise.

Normal people would not be in such danger.

Since she said so, the three dao masters naturally would not oppose it. They said, “Alright, let’s take a gamble.”

Su Yu nodded slightly and said, “The specific plan is like this...”

After listening to her plan, the five of them immediately began to prepare.

A moment later.

Su Yu, a dao master, and Bi Yun Hong Xian were riding on a small boat. They suddenly left the Crimson warship and rushed in the direction of the seven ultimate civilization.

Such a commotion immediately attracted the attention of all the pirates.

Many pirates from small factions immediately rushed forward to chase after them.

However, the pirates from many large factions strangely didn’t make any movements.

“Report, Bi Yun Hong Xian escaped under the cover of a Dao master and a half-step Dao Master!” A crew member immediately reported in front of Dao Master Sea Wolf.

Dao Master Sea Wolf muttered to himself, “Three Dao masters and only one protector. Hehe... a diversion?”

As expected, the pirates had already judged that Biyun Hong Xian would definitely escape based on the situation.

Moreover, she wouldn’t escape directly. There would definitely be some sort of camouflage.

The diversion was a pretty good camouflage.

They would have people disguise themselves as Biyun Hong Xian to distract most of their attention, and then the real Biyun Hong Xian would escape.

However, just in case, they couldn’t let the Fake Bi Yun Hong Xian escape.

What if she was real?

Even if it was just in case!

“Send a few small boats to intercept her,” Dao Master Sea Wolf said.

The other big pirates made similar analyses.

Because they had met not long ago and exchanged opinions, they expected the other party to have some sort of trick up their sleeves.

Therefore, an extremely strange scene occurred.

The ten great pirates did not move and only sent a small group of people to chase after them.

Many small and medium-sized pirates noticed the unusual behavior of the great pirates and understood what it meant. Most of them gave up chasing and continued to besiege the crimson warships.

Half a day later, what made all the pirates excited was that, as expected, when the warships of the Seven Uniques Alliance were almost completely destroyed, the “Real” Bi Yun Hong Xian finally escaped on a small boat under the cover of the two Dao Masters.

Dao Master Sea Wolf laughed. “Let me see who will be the victor this time!”

Whoever could capture Bi Yun Hong Xian would have the initiative to negotiate with the first uniques world and receive unimaginable benefits.

After this, they might even be able to become the kings of the Pirates with the benefits of extortion.

The rest of the great pirates moved one after another, and the auras of Dao Masters soared into the sky.

Many experts of the small and medium-sized pirates chased after them.

The two dao masters who had escaped were shocked, but they were also secretly glad.

“Fortunately, Miss didn’t use our diversion plan. Everything was within the enemy’s expectations!” One of the Dao Masters was secretly glad.

The Other Dao master nodded. “Yes, that human is extraordinarily intelligent. He has the ability to fight with the human that our number one aristocratic family took in.”

“His intelligence should be even higher than the human that we have taken in.”

The two of them spoke one after another as they quickly escaped with a fake Bi Yun Hong Xian.

On the other side, Su Yu and a dao master ran away with Bi Yun Hong Xian in an orderly manner.

Sensing that there weren’t many pursuers behind them, Bi Yun Hong Xian looked at Su Yu with a glimmer in her eyes.

“Young friend, you have thought through everything. I admire you!” The dao master said in surprise, “May I know your name, Young Friend?”

Su Yu said, “Su Ruchu.”

“Hehe, I am DAO Master Boulder. I have returned to the seven ultimate civilization. Please come to my residence and have a seat.” Dao master boulder treated Su Yu as a peer.

“It is still too early to say this. We are not completely rid of our enemies,” Su Yu said.

Dao master boulder nodded slightly, his expression slightly solemn. “There is indeed a rather powerful pirate chasing after us.”

He turned his head and saw a powerful dao master standing on the bow of a bone warship.

Dao master boulder knew that Dao Master. He was the eleventh-ranked pirate leader, Dao Master White Bones.

This dao master had been unable to become one of the ten great pirates with a single move back then.

However, there was no doubt about his powerful cultivation.

In a real fight, Dao master boulder did not have much confidence in winning.

Furthermore, there were small pirates with varying levels of strength. If he could not pull back, it was unknown whether Su Yu and Bi Yun Hong Xian would be able to contend against them.

As Dao master boulder flew, he laughed loudly and said, “Dao master white bone, the Real Bi Yun Hong Xian is here. Come and chase her, Don’t Stop!”

He wanted to set up a trap so that Dao master white bone would realize that he was chasing a fake Bi Yun Hong Xian.

Hearing this, Dao master white bone said in a hoarse voice, “Of course, I know. I’m chasing Bi Yun Hong Xian. Is there a fake one?”

Dao master Boulder's face immediately stiffened.

In the end, Dao master white bone didn't realize that there was a possibility of a diversion.

He had caught up with him in a silly manner!

Not only did dao master boulder not arouse dao master white bone's suspicion, he made him even more certain that he was chasing after Bi Yun Hong Xian.

Even Su Yu couldn't help but Twitch the corner of his mouth.

How did someone with such a lack of intelligence become a dao master?

"There's no need to escape. Bi Yun Hong Xian is mine!" A layer of white bone powder rippled on the surface of Dao master white bone.

Su Yu and Bi Yun Hong Xian, who were extremely far away, immediately felt their bones rapidly soften as if something had sucked them away.

"Be careful! It's Dao Master White Bone's domain!" Dao master boulder was naturally unaffected. He stepped forward and enveloped Bi Yun Hong Xian, neutralizing the other party's domain attack.

However, he only had time to protect Bi Yun Hong Xian and didn't have the time to care about Su Yu.

The strange thing was that Su Yu was not in a bad state. On the contrary, he was in a better state than Bi Yun Hong Xian.

This made dao master boulder secretly surprised.

How could he have known that Su Yu had created a small realm and hidden himself within it.

How could an ordinary domain attack hurt him?

Dao Master White Bone's attack failed, but he took advantage of the situation to catch up. Dense bone spikes shot out from his body like an inverted forest, piercing down in all directions.

Dao master monolith snorted and said, "I'll deal with him. Young friend Su, protect the young lady and leave first."

As he spoke, he injected two wisps of Dao master's power into Su Yu's body.

This was enough for Su Yu to use his "Morning and evening" sword twice at full strength.

"Go!" Su Yu steered the small boat and sped away.

Hundreds of pirate ships chased after him.

There were many powerful experts among the pirates, and they soon caught up.

On one of the ships, there were three strong half-step masters on the bow, and they had already caught up with Su Yu and the others.

Chapter 2168 The Boudoir

“You won’t be able to escape!”

Su Yu turned his head to take a look. His gaze was slightly cold as he spread out his five fingers, and nine Silver Suns shot across the sky.

“Nine Yang Universal Sword Formation!”

The sword formation descended and turned into a heaven-splitting sharp light that cut through everything.

Creak --

The small boat, along with the boat, were all cut into pieces.

Seeing this scene, Bi Yun Hong Xian was secretly surprised.

Even a half-step DAO Master was killed?

The many pirates who were chasing stopped with their scalps tingling, hesitating whether they should continue chasing.

However, Su Yu also stopped.

“You’re not chasing anymore? Then, it’s my turn to chase after you!” Su Yu pulled out the sovereign dragon supreme sword and slashed through the air.

“Sinkhole!”

Countless pitch-black sword shadows transformed into a demonic dragon and roared as they charged down.

One pirate ship after another was devoured by the demonic dragon, leaving not even a trace of dregs behind.

The hesitant pirates finally fled in panic.

But how could they outrun the demonic dragon?

In a short while, all the pirate ships in the void were wiped out. Not a single one was left.

Only then did Su Yu calmly put away his sword.

Bi Yun Hong Xian was surprised. She looked deeply at Su Yu and said, “Young Master Su, why do you have to attack? It’s a waste of the DAO Master’s power.”

They clearly did not dare to chase after him anymore. There was no need to chase after him.

“Didn’t you already know the reason?” Su Yu looked at her indifferently.

Bi Yun Hong Xian stroked her hair by her ear helplessly and said, “Young master Su, you were actually killing me to show me. You wanted me to remember my promise.”

“Hehe...” Su Yu only smiled and then steered the small boat back.

Looking at the distant Monolith Dao Master, who was in an extremely passive position in dao master white bone’s hands, Su Yu said indifferently, “Wait a moment.”

He took a deep breath and took out an ancient sword that was completely black.

This was the evil daughter's Dao artifact, the evil sword!

The power within it could only be unleashed by the person.

However, as the sword's own sharp attribute, it could still be used.

He held the sword with one hand, and an extremely profound concept surrounded his body.

He leaped up and thrust his sword forward.

Dao Master Boulder, who was fighting, suddenly felt an aura that caused his heart to palpitate. He hurriedly avoided his body.

A seemingly calm sword shadow brushed past his thorny fruit and struck dao master white bone's chest.

Kacha --

The sound of bones cracking could be heard coming from within his body. Then, his entire body began to fall apart.

A large amount of life force leaked out from the cracks.

The surrounding domain was rapidly disintegrating.

This... was a sign of DAO Master's death.

"Impossible! My white bone body is said to be the strongest Dao master. How could it be shattered... ?" Dao master white bone said in disbelief. His eyes grew dimmer and dimmer, and his soul was also dissipating.

Why was it impossible?

A wooden sword could still hurt the evil daughter.

Was it difficult to kill Dao master white bone?

Su Yu pointed his finger at the center of his brows, and a soul vortex opened up, sucking in all the scattered souls.

With the souls of the demi-humans and demons, there were already two Dao Masters'souls.

If he refined all their souls, his soul would probably be strong enough to burst this body.

Su Yu took Dao master white bone's body after taking a look at it.

Why didn't he take 10,000 drops of blood?

"Hiss!" Dao master boulder sucked in a breath of cold air after seeing the entire process up close.

It was very difficult to end a battle between a dao master and a dao master.

That was because both the dao body and the Dao Soul of a dao master were very difficult to destroy.

But this dao master white bone, who was even more powerful than him, was actually... destroyed by a single sword strike?

Bi Yun Hong Xian, who was watching the battle from afar, was also replaced by shock on her calm face.

What kind of sword technique was this? How could it be so terrifying?

With the same sword strike of the sin sword, the power of the sin sword was a level higher than that of the wooden sword.

An Ordinary Dao master probably wouldn't be able to escape a single sword strike.

Putting away the sin sword, Su Yu returned to the small boat with an expressionless face. He said indifferently, "The enemy will react very quickly. Let's hurry up."

"Oh, okay." Unknowingly, Dao Master Boulder's posture became much more humble.

On the other side.

The two dao masters who were trying their best to escape were unable to escape in the end. They were surrounded by a group of great pirates.

"A fake Bi Yun Hong Xian? Then where is the real one..." Dao Master Sea Wolf looked at the fake Bi Yun Hong Xian on the ground. One could imagine how his heart felt.

The two dao masters chuckled. "Hehe, didn't the real Biyun Hong Xian lead the pursuers away? Why are you only reacting now?"

What?

Was that the real Biyun Hong Xian?

One of the pirate leaders was shocked. "What the hell are you doing? How dare you let Biyun Hong Xian lead the pursuers away for the two of you?"

The group of pirates was shocked beyond words.

Things were completely out of their expectations. The Seven Uniques alliance was so cunning that they let Bi Yun Hong Xian swagger away in front of them.

"Chase!" Dao Master Sea Wolf didn't even bother with the two dao masters in front of him and gave the order to chase.

All of a sudden, Dao Master Sea Wolf unexpectedly discovered that Xie Xiaoyue was nowhere to be seen.

She was still there when they were chasing halfway. Why was she nowhere to be seen now?

"Forget it, let's ignore him. Brothers, let's Chase..."

Boom Boom Boom --

Just as they turned around and prepared to chase after her, dense dust-like objects appeared at the end of the void.

Looking closely, the pirates sucked in a breath of cold air.

“The main force of the Seven Uniques Alliance’s battleships!”

There were at least tens of thousands of them, ten times more than the Pirate Alliance!

Furthermore, they didn’t come from one direction, but from all directions.

They were surrounded!

At this moment, many dao masters realized that Bi Yun Hong Xian was simply bait to lure them out.

Her goal was to lure all the pirates out and attack them one by one!

“Break out!” Dao master Hai Lang’s expression changed drastically. He was furious and ordered his battleship to charge in a certain direction.

The other Eight Dao Masters also chose their own directions to break out of the encirclement and fled frantically.

However, the Seven Uniques alliance had prepared for a long time and made such a risky sacrifice. How could they escape.

Countless battleships fired at the same time, covering the entire area under the fierce explosions.

The battleships of the nine great pirates could barely resist, but many small and medium-sized pirates were blown to pieces.

In a short time, the small and medium-sized pirates who had been wreaking havoc for countless years were all caught.

Even the nine pirate fleets were broken and more than half of them died.

Furthermore, as the Seven Uniques alliance fleets surrounded them, their casualties became heavier and heavier.

In the end, the nine pirate leaders gave up the fleets that they had spent their entire lives on and worked together to fight their way out.

After all, they were Dao Masters, and the ten Dao Masters were working together. If they wanted to leave, no one would be able to stop them.

However, after this battle, the Pirate Alliance’s vitality had been greatly damaged, and less than one-tenth of it remained.

To recover to its current peak, it would take at least several million years.

The Seven Uniques alliance had achieved a complete victory.

On the other side, Su Yu, Dao Master Boulder, Bi Yun Hong Xian, and the others had finally safely boarded the meteorite fragments.

It looked like sand on a beach, extending from the Sea of nothingness to the mainland.

Back then, it was here that they had started a great battle with the evil daughter.

They never thought that one day, they would return to this place.

“Young master Su, don’t tell me you also know that the nine-colored heavenly venerate once fought the evil daughter here?” Bi Yun Hong Xian looked at Su Yu curiously.

Su Yu asked, “Who is the nine-colored heavenly venerate?”

He didn’t want to reveal too much.

Bi Yun Hong Xian covered her mouth, she laughed lightly, “Young master Su, are you joking? Now, who doesn’t know about nine-colored Celestial Master? That is the pride of your human race, a mortal saintly being! After chasing the evil daughter for decades, it shook the entire star field. Everyone knows about it. How could you not have heard about it?”

Su Yu said indifferently, “I’m in closed-door cultivation and don’t know about it.”

Dao master boulder laughed, “It’s good that you didn’t know. If you knew that in the current primeval universe, any peerless fairy would be proud of marrying the nine-colored Celestial Master. I don’t know what you would think.”

As he spoke, he glanced at Bi Yun Hong Xian.

It meant that Bi Yun Hong Xian was one of them.

Bi Yun Hong Xian was very calm about this and did not hide anything. She said, “The nine-colored Celestial Master is such an unparalleled expert. What’s strange about me looking forward to it? His battle strength is probably far inferior to that of our seven ultimate civilizations combined.”

Su Yu’s expression was indifferent and he was not proud of it.

His mortal body was only at the initial stage and was far from reaching the mature state. There was nothing to be happy about.

“Oh, then I’m ignorant. You can leave now,” Su Yu said.

Bi Yun Hong Xian looked at Su Yu thoughtfully. She was puzzled. Why was he not moved at all when he heard about nine-colored heavenly venerate’s deeds?

The person chasing after her was an evil daughter. She was known to be the strongest existence under the stone embryo emperor.

Bi Yun Hong Xian hid this doubt in the bottom of her heart and nodded.

A few years later, the distance did not seem too far away. Even with the DAO Master’s speed, it took him five years before he finally left the beach and reached the shore.

This was the number one aristocratic family along the coast.

There were also the second, third, and even the seventh aristocratic family!

The distance between them was so long that it would take the Dao master more than a hundred years to cross.

Anyone below the DAO Master would never be able to cross it in their entire life.

At this moment, they appeared in a huge city.

The size of this city was as huge as the entire demon world.

What was slightly strange was that there were not many men in the city. Most of them were women. Moreover, they did not seem to be ordinary residents. Instead, they had their own jobs to do.

“Is this the city where the number one aristocratic family is located?” Su Yu asked.

When Dao master boulder heard this, he smiled mockingly. “Little friend Su, it seems like you really have never been to the continent’s civilization. You are still looking at our seven-star civilization with the eyes of the past.”

“The city that you see is actually just our young lady’s Boudoir.”

Boudoir?

Su Yu couldn’t help but be stunned. A 6-star civilization was actually just a boudoir?

“The mansion of the number one aristocratic family is filled with a thousand similar cities. The city is filled with the servants of our aristocratic family. They have a clear division of labor to maintain the operation of the city.”

Su Yu felt like he was looking at the sky from the bottom of a well. It took him a long time to get used to it.

Chapter 2169 Heaven Breaking Mountain

Bi Yun Hong Xian smiled lightly and said, “Sorry for making a fool of myself, Young Master Su. I didn’t want to be so extravagant, but with my status, I can’t do it.”

As the only child of the number one aristocratic family, the future heir.

She was destined to have her own pomp and circumstance, whether she liked it or not.

After a pause, she said, “Young master Su, please come with me and rest for a while. I will arrange the heaven cleansing dust for you.”

Su Yu understood the value of the heaven cleansing dust. Bi Yun Hong Xian herself might not be able to bring it with her, so she followed her to a quiet house.

The house had a quiet and elegant style, and its fragrance permeated the air. It should be used exclusively by women.

“Young master Su, please treat this as my boudoir for now. You can rest here first. I will report the situation of this plan to father. As for your help, I will explain in detail. In this way, you should be able to apply for a heaven cleansing dust.”

Bi Yun Hong Xian said this. She was able to come back alive this time because of Su Yu’s contributions.

As a father who had always doted on him, it should not be a problem for him to ask for a grain of heaven purifying dust to repay Su Yu for this.

“I await your good news,” Su Yu said.

After sending Bi Yun Hong Xian off, Su Yu checked the condition of his body.

Currently, there was only a wisp and a half of the Dao master's power left in his body.

It was enough for him to use the sword of the day and night at full strength and satisfy his basic battle needs.

His body, which he had thought would be extremely troublesome, seemed to be able to be resolved very quickly.

He heaved a sigh of relief and looked into the soul space between his brows.

The two dao souls of the demi-demon and Dao master white bone were both sealed within.

Dao master white bone was still fine. His soul had already been destroyed and lost its will, leaving behind only the most primitive soul radiance.

However, the demi-human was a complete soul.

Of course, being in his soul space was useless.

Sensing Su Yu's arrival, the demi-human shrank into a corner in fear. "Su... saintly being, on account of the fact that I have never hurt you, please give me a way to live. I can agree to whatever you want."

Su Yu said indifferently, "You can live, but you don't have to think about leaving this place."

If he went out, it would mean that more creatures would be devoured by him, and they would suffer harm.

Although Su Yu was not a merciful person, there was no need for him to release a demon to harm the world.

The demi-human's face was pale as he said, "Sacred Body Su, I really don't dare to do evil anymore. If you don't believe me, I'm willing to sign a master-servant contract with you and become your slave."

In order to survive, the demi-human would risk everything.

Even his dignity.

Su Yu sighed inwardly. The longer a living creature lived, the more he treasured his life.

If it was an ordinary dao master, it would be very rare for him to automatically become someone else's slave just because he wanted to live.

The demi-human, who had experienced the destruction of an era, understood the value of life even more.

"There's no need for a contract. Don't resist. I'll leave a mark in your body and it'll be enough to control your life and death." Eight laws gathered in Su Yu's palm and condensed into an eight-colored petal mark that dotted his forehead.

Although the demonic man wanted to resist, he had no choice but to lower his head under the eaves.

“This is the mark of the eight laws of Heaven and earth. Once I activate it, the mark will be destroyed and become a destructive power. Even if your God is a dao master, you can easily kill him.”

The Vile daughter’s powerful and extraordinary domain could be destroyed by the destructive power, let alone the demonic man’s soul.

The demonic man rolled his eyes and tried to probe. In the end, he was horrified to sense an extremely terrifying destructive power.

He sat on the ground with a dejected expression.

He was really going to be controlled by Su Yu forever!

Thinking back, when Su Yu woke him up from his slumber, he was just an ant who had just entered the emperor realm.

After so many years, he had become his prisoner.

The world had really changed!

“Copy your memories to me,” Su Yu said.

The demi-human smiled bitterly and adapted to his identity. He asked, “Which part does master want?”

The current Su Yu couldn’t bear the memories of a Dao master.

At most, he could only bear a part of it.

“First, it’s about the stone fetus son of heaven. Second, it’s about breaking through to the Dao master level.”

The demi-human wasn’t surprised.

The current Su Yu, as an awakened mortal, would sooner or later clash with the stone fetus son of heaven. It was normal for him to understand the situation.

At the same time, Su Yu had also arrived at the end of the emperor. It was time for him to seek a breakthrough as a dao master.

He made a copy of the relevant memories and gave it to Su Yu.

After obtaining the memories, Su Yu withdrew from the soul space and immediately began to digest the two sets of memories.

At that time.

In the center of the mansion of the number one aristocratic family.

In the center of a huge city that was as vast as a six-star civilization.

In a pavilion.

Bi Yun Hong Xian was playing chess with a middle-aged man with golden eyes.

After a while, the outcome of the game was decided.

Bi Yun Hong Xian was at an absolute disadvantage.

“Father’s chess skills are getting more and more profound.” Bi Yun Hong Xian sighed and put down the white stone, indicating her surrender.

This was because the middle-aged man with golden eyes was the head of the number one aristocratic family, golden eyes husband.

It was rumored that his eyes had the ability to connect the future and the past, which was very strange.

There was once a dispute between the number one family and the number seven family, and the number one family was at a disadvantage.

In the end, the golden-eyed Langjun used the ability of his eyes to connect the future and the past, summoning the river of time and using it to reverse the outcome, causing the number seven family to suffer unimaginable losses.

At this point, the golden-eyed Langjun’s name spread throughout the world.

“It’s not that my chess skills are profound, but that you have something on your mind.” The golden-eyed Langjun’s bearing was like dust. He did not reveal his sharpness, but he gave off an unfathomable feeling.

Bi Yun Hong Xian said indifferently, “Father still understands me. I’m thinking of giving young master Su, who saved me, a reward that he is satisfied with.”

The golden-eyed Langjun calmly placed the black-and-white chess piece back and said, “Oh? You know what he wants?”

“I know, the heaven cleansing dust,” Bi Yun Hong Xian replied.

“Heaven Cleansing Dust?” Golden-eyed langjun frowned slightly.

Bi Yun Hong Xian’s heart tightened. “I’ve already promised him. It’s still in my name.”

“No!” Golden-eyed langjun said, “It’s not that I’m unwilling to give it to him. Compared to your life, a single grain of heaven cleansing dust is nothing. However, the heaven cleansing dust is already gone.”

“Doesn’t the clan have more than a hundred grains in stock? How can we say that we don’t have them?” Bi Yun Hong Xian’s heart sank.

Golden-eyed langjun said, “In the few years that you carried out your plan, the number one and number two aristocratic families once again clashed because of the heaven destroying mountain. The ten elders and thirty guest elders of the clan were all injured by the heaven shrouding light of the number two aristocratic families during the battle. There were incurable injuries in their bodies.”

“We had no choice but to use the heaven purifying dust to forcefully heal their injuries.”

“Therefore, there is no more heaven purifying dust left in the family.”

Bi Yun Hong Xian covered her mouth. "How can this be? But... I have already made a promise."

Golden-eyed langjun said, "Does he need the heaven purifying dust urgently? If he doesn't need it that badly, we can fulfill his other wishes."

"No! He is just for it. His body is overdrawn. Only it can be treated."

Chapter 2170 Young Master Wuchen

Upon hearing this, golden pupil Langjun frowned slightly and said, "Then, we can only let them wait a little longer."

"Although we suffered heavy losses in that great battle, we still managed to snatch the heaven shattering mountain in the end. And in this mountain, there is the entire seven ultimate civilization's largest heaven cleansing mine."

"As long as we wait patiently, it is only a matter of time before we mine a new heaven cleansing mine."

Bi Yun Hong Xian frowned deeply, finding it difficult to speak of it.

She had promised, but in the end, she did not do it. She still had to make Su Yu wait..

"Can the first piece of heaven purifying dust that is mined be guaranteed to young master Su?"

"No!" Jin Tong Langjun shook his head and said, "This time, the people who were injured by the heaven shrouding Ray are far from just the elders and guest elders. There are also many clansmen from our branches."

Bi Yun Hong Xian's expression turned ugly.

Even the heaven purifying dust in the mine was limited. It was impossible for each of them to get one grain.

Therefore, it was very likely that they would go to the mine personally and get the heaven purifying dust at close range.

Su Yu was waiting here. It was very likely that he would not be able to get the heaven purifying dust.

"Don't tell me he has to dig the mine personally?" Bi Yun Hong Xian felt even more troubled.

Golden-eyed prince said indifferently, "Strange, you can only blame yourself for being too stubborn and unable to fulfill your promise to others."

Bi Yun Hong Xian's face turned red and said, "I've learned from you. I'll handle this matter myself."

With a somewhat distressed expression, Bi Yun Hong Xian returned to her room.

At this moment, Su Yu had just finished digesting the two portions of memories.

He let out a breath of turbid air and muttered, "If I want to break through to Dao master, I have to completely transform my body, soul, and law."

The Dao of the soul was the easiest for Su Yu. His soul had already transformed into the majority of the Dao, and he was only half a step away from the complete dao transformation.

The dao of the laws required years of comprehension and could not be rushed.

Finally, it was the Dao of the body. The body had to reach the tyrannical level of the Dao master level. This was not something that could be done just by cultivating the body. Instead, it had to be tempered by the supreme power of the world in order to succeed.

It was not easy for Su Yu to achieve the dao transformation of the body.

According to the memories of humans and demons, the supreme power of Heaven and earth usually referred to the terrifying power of nature.

However, to be able to temper the body of a dao meant that the power of nature was comparable to that of a dao master.

It was not easy to find a similar place.

Just as he was in distress, Bi Yun Hong Xian walked over hesitantly.

Su Yu was looking forward to it. could his body finally recover?

"Young master Su, I'm useless. I didn't get the heaven cleansing dust," Bi Yun Hong Xian told him the truth.

She didn't imagine Su Yu to be furious.

Instead, he was calm and asked, "Can you tell me the reason?"

Su Yu could hear the guilt in Bi Yun Hong Xian's heart. She didn't want to go back on her words, but there was a reason.

In such a situation, he could still calmly listen to the reason.

Hearing this, Bi Yun Hong Xian felt even more ashamed and said, "Young master Su, it's like this..."

After hearing this, Su Yu frowned. This was not a good time!

"Is there any other danger in the heaven shattering mountain?" Su Yu asked.

In order to recover his body as soon as possible, he did not mind working hard.

Bi Yun Hong Xian was ashamed and said, "Young master Su, are you going to personally go to the mine to mine? This... how can I bear this?"

Not only did she fail to fulfill her promise to Tian Jingchen, she even wanted Su Yu to go by himself.

Was this how she treated her benefactor?

Only Su Yu himself knew that his motives were not pure. The so-called favor had long been canceled out.

“It’s alright. Miss Bi Yun, can you arrange for me to go to the mine?” Su Yu asked.

Bi Yun Hong Xian nodded. “That’s not a problem. It’s just that it’s too much for young master Su.”

Su Yu shook his head lightly. “It’s fine. I hope Miss Bi Yun can make the arrangements as soon as possible.”

“This... Alright!” Bi Yun Hong Xian said, “In theory, the heaven-cleaving mountain can only be dug out by our number one aristocratic family. You are an outsider and can not enter.”

“So, I’ll give you an identity.” Bi Yun Hong Xian took out a blank identity token and casually carved the words ‘young master Wu Chen’ on it.

She handed the identity token to Su Yu and said, “You can go to heaven shattering mountain as my distant cousin.”

What she meant was that from now on, Su Yu would also become a member of the number one aristocratic family.

He stared at the identity token thoughtfully.

“You don’t think an identity is enough? Then change it to another one.” Bi Yun Hong Xian saw that Su Yu’s expression was not right and asked.

Su Yu pointed at the four words on the identity token and said, “Your identity is fine, but why is it young master Wu Chen?”

Bi Yun Hong Xian covered her mouth and smiled lightly. She said indifferently, “I think young master Su should be a person who has no worldly heart, so I named you young master Wu Chen.”

She thought that Su Yu’s appearance was handsome, like an immortal who did not live in the mortal world, right?

Unfortunately, the situation was the exact opposite.

What was most difficult for him to get rid of was the rolling secular world.

“Thank you.”

Bi Yun Hong Xian heaved a long sigh of relief in her heart. She had thought that this young master Su was cold-hearted and would definitely say harsh words.

She did not expect him to be so considerate. She was truly surprised.

“When can we set off?”

“Let’s wait for another month. Heaven shattering mountain is at the junction of the first and second peerless families. It will take the Dao master more than

twenty years to travel there.”Bi Yun Hong Xian said, “Our first peerless family usually uses ten thousand sect beasts to travel there.”

“The nearest myriad sect beast will take another month to reach us.”

Su Yu was slightly surprised. Unfortunately, he had just learned about the myriad sect beast from the memories of the demi-humans.

The myriad sect beast was a very common spatial divine beast from the previous era.

When they were breeding, they usually gave birth to a female and a male at the same time.

As for the female and male myriad sect beasts, no matter how far apart they were, they could sense each other. Furthermore, they would think of all ways to travel through space to arrive in front of the other party.

Using this characteristic, people would fix one of them in a certain place, and the other would take the initiative to go over. People would stay in their bodies and complete space travel.

In the previous era, there were very few teleporting arrays because they were all replaced by myriad sect beasts.

Not only were they extremely fast, they were also extremely far away and could be used repeatedly.

As expected of a seven star civilization on the continent. Everything from the previous era existed.

“In the remaining one month, you can freely walk around the mansion of the number one aristocratic family. If you need anything, just let me know,”Bi Yun Hong Xian said.

Su Yu nodded. “Thank you for your trouble, Miss Hong Xian.”

Under his arrangements, Su Yu stayed in a mountain villa not far away.

He immediately went into seclusion and tried to condense his domain to prepare for breaking through to the Dao master level.

At the same time.

In the mansion of the number one aristocratic family, a figure emitting a vicious aura appeared in a certain room.

He slapped the table angrily. “What did you say? Young miss let a man stay in her boudoir?”

“Yes, guest elder Gu.”

The figure surrounded by vicious aura had bloodshot eyes. “Didn’t young miss say that she wasn’t interested in men? Now, how can she let a person she just met stay in her boudoir! But, I want to enter, but she won’t let me!”
