

Nine-Dragon 2171

Chapter 2171 Tianjing Mine

“At the end of the day, you just don’t like me, do you?” Guest elder Gu was abnormally indignant.

The person who came to inform him was as silent as a cicada in winter, not daring to speak.

The guest elder Gu in front of him was a talented young half-step dao master. It was said that he had cultivated for only 300 years.

He had already completed the body dao transformation and had great hopes of becoming a dao master in his lifetime.

The clan head felt that he was a talent, so he recruited him to join the ranks of the guest elders.

However, this guest elder Gu was not at ease. He had always wanted to inherit the number one aristocratic family by marrying the young miss.

Unfortunately, the young miss had high standards and did not take him to heart.

Hearing that the young miss, who was not very close to men, had brought a man into her boudoir, he was naturally furious.

“What is his name?”

“Su Ruchu!”

“Surnamed Su?” Ke-qing Gu’s eyes were filled with disgust. “The person I hate the most in my life is surnamed Su!”

“What is he doing in our number one aristocratic family?”

“It is said that he is here to take the Tianjingchen.”

Ke-qing gu pondered and said, “The Tianjingchen is already gone. Moreover, there are still many people who need it. They have already gone to the heaven shattering mountain to personally dig it up. If he wants it, he can only dig it up himself.”

With this thought in mind, guest elder Gu raised his hand and took out a jade seal. After inserting some words into it, he crushed it.

The information in the Jade Seal turned into ripples and spread far away.

“Want to get the heaven purifying dust? Hehe, it’s not that easy!”

A month’s time passed by in a flash.

Su Yu’s process of dao transformation was abnormally slow.

He had first tried the time law, but he had only completed less than 1/10,000,000 of the domain transformation.

Su Yu slowly opened his eyes, and a wave of exhaustion flashed across his eyes.

“A domain is indeed not that easy to form,” Su Yu muttered.

In the memories of the demi-demon, geniuses with high comprehension needed at least a hundred years to complete the dao transformation of the law and form a domain.

Moreover, that was the law they cultivated. It was just an ordinary law.

For someone like Su Yu, he was cultivating the eight great laws. The difficulty of Dao transformation was a hundred times higher.

It was easier said than done to succeed?

Su Yu was not discouraged after encountering such a huge challenge on his first attempt.

The Simultaneous Dao transformation of the eight great laws was unprecedented. It was destined that he would not be able to achieve dao transformation in a normal way.

After his body had achieved dao transformation, he would think of a way to achieve dao transformation of the laws!

Dong Dong --

At this moment, there was a knock on the door.

It was Bi Yun Hong Xian. She arrived in a month's time. She came to remind Su Yu, "Young master Su, the Wan Zong Beast is here."

Su Yu opened the door and said, "Alright."

Under her lead, they arrived at a place where space was shattered. It was as dense as a spider web.

Furthermore, the cracks in space continued to grow.

It was as if something was about to come out.

That, without a doubt, was the myriad sect beast.

In front of the space, there were already many people who had come here, waiting to ride the myriad sect beast together.

They were all branches of the number one aristocratic family.

The number one aristocratic family had prospered to this day. How many years had it been since it spread its branches and leaves, giving birth to countless descendants.

In the entire territory of the number one aristocratic family, one percent of the population was a branch of the number one aristocratic family.

The number of people was huge!

When they saw Bi Yun Hong Xian arrive, they all bowed respectfully.

"Greetings, young Miss!"

As a branch family, they had a deep respect for the main family.

Bi Yun Hong Xian nodded indifferently, "Okay."

Then, she ignored them and introduced to Su Yu the way to ride the myriad sect beast, as well as the things to take note of on the Heaven Destroying Mountain.

His words were very polite, as if he was treating an elder.

This scene made many people present feel astonished.

They didn't quite understand who Su Yu was, how could he receive such treatment from the young miss?

Only a few people knew that Su Yu had killed the white bone path master with a single sword, but it hadn't spread. They didn't understand why.

“The heaven cleansing dust is known as the strongest object of the seven ultimate civilizations. Ordinary Magic Treasures are unable to blast it apart. Only a specially made shovel can dig it out.”

As Bi Yun Hong Xian spoke, a dark golden shovel appeared in her hand.

“This dark golden shovel is for me. As compensation, I'll give it to you.”

Su Yu took it in confusion. It was all about mining, and it had nothing to do with shovels?

However, everyone who saw this scene exploded on the spot.

“Oh my God! A flowing gold shovel, that must be miss's personal immortal embryo!”

“It's known as the sharpest shovel. With it in hand, its mining speed is three times faster than others!”

“But, why would miss hand it over to this human?”

Hearing this, Su Yu was slightly stunned. He looked at Bi Yun Hong Xian with gratitude.

Just as he was about to say something, he heard a crack. The spider web-like spatial crack finally cracked open, revealing a huge black object.

At first glance, it looked like a stone, but upon closer inspection, he realized that it was a stone with countless spatial wings.

Its pair of clear black and white eyes looked around before it retreated, preparing to leave.

“Take advantage of NOW!” Bi Yun Hong Xian said.

Su Yu tiptoed and immediately jumped onto the myriad ancestor beast.

The rest of them climbed onto the myriad ancestor beast one after another and followed it through space.

Su Yu only felt that everything before him was pitch black, and the space around him was changing at an incredible distance.

In terms of speed, it was even faster than the Rahu that he used to ride on.

However, the myriad sect beast could only use short-distance teleportation. It was unable to cross an endless distance like the Rahu.

Even in the previous era, the myriad sect beast could only be used for short-distance teleportation.

Half a day later.

Su Yu suddenly felt the aura around him change, and there was a holy and peaceful aura in the air.

At the same time, the space around them suddenly shattered.

They left the space together with the myriad sect beast and arrived at a strange region.

The world was in ruins, and everything was desolate and ruined.

The Sky was gray, and the sky was covered by dust.

A sense of desolation rose in his heart.

However, on the contrary, at the end of the world, there was a pure white mountain that gave off a holy and peaceful aura.

The mountain looked like an ice mountain from afar. It was crystal clear and exceptionally beautiful.

Before he got close, Su Yu felt that the injuries in his body were showing signs of improvement.

“Tian Jing mine!” Su Yu looked expectant.

This mountain could produce several grains of Tian Jing dust every year. With the flowing gold shovel in his hand, he should be able to dig it.

Before coming, Su Yu had already understood the matters related to mining.

After jumping off the myriad sect beast, he came to the front of the heaven purifying mine.

From Afar, the heaven purifying mine didn't look big. In fact, the size of the wheel wasn't much smaller than a four-star civilization.

At the foot of the mountain, there was a rather large town.

It was formed naturally by the people who had been mining here all year round.

Not only were there people from the number one aristocratic family, there were also remnants of the number two aristocratic family secretly working.

They had been defeated by the number one aristocratic family, but they had never intended to give up.

There had always been people working in the dark, waiting for an opportunity to snatch back the Broken Heaven Mountain.

Hence, the number one aristocratic family was always on guard.

In the town, there were three elders from the number one aristocratic family.

Chapter 2172 Coercion And Enticement

Every one of them was at the level of a Dao master.

There were as many as ten honored guests.

Those honored guests were not ordinary half-step dao masters either. They were either in the Dao of the body, or in the Dao of the soul. There were even people who had condensed a domain.

If the number one aristocratic family wanted to take it back, it was impossible for them not to put in some effort.

In order to guard against them, all those who entered the heavenly net mine had to be identified by the honored guests and strictly listen to their orders.

Otherwise, they had the right to kill on the spot.

The rules were so strict that the visitors had no choice but to behave themselves.

At the entrance of the town, a guest elder who was about thirty years old set up a wine table at the entrance. He casually sat in front of the wine table and checked the identity of the people who entered.

The visitor placed the identity token on the table. He opened his mouth and spat out a mouthful of wine. The identity token would react accordingly.

Any real identity token would emit a faint blue light in the wine.

If it was a fake identity token, it would glow red.

Su Yu waited patiently in line. At this moment, a calm-looking man with a curly beard took out his identity token and placed it on the table.

The guest elder glanced at him and asked indifferently, "Where are you from?"

"Yue Qiong Mountain, a person from the south."

The guest elder glanced at the two words "Black Wolf" on the token and silently spat out a mouthful of wine.

When the water splashed on the token, the two words "Black Wolf" immediately emitted a faint blue clear light.

There was no doubt that the token was real.

The curly-bearded man grabbed the token and walked into the city expressionlessly.

Who knew that after just a few steps, the token would emit an eye-catching red light.

The curly bearded man's face stiffened, and he said in shock, "What... What's going on? My token is real!"

The guest smiled insincerely, he said, "There's no need to pretend anymore! It hasn't been a day or two since someone from your number two aristocratic family stole our number one aristocratic family's token to get away with it. In the past, the elders were busy and didn't have the time to care about you. Now, Hehe, we've found a new way!"

“As long as you don’t have the bloodline of the first most powerful family, you will immediately release the red packet when you hold the token that has been sprayed with wine.”

Hearing this, the curly bearded man’s heart jumped. Without thinking, he took a step out.

His identity was self-evident. He really was from the second most powerful family!

The guest couldn’t be bothered to chase after him. He just stared at his back with a cold smile.

Boom --

Suddenly, an incomparably sharp blade light shot out from the town. It split the curly-bearded man into two halves from a great distance away.

The Blood Mist soared into the sky, covering the broken gray sky with a layer of dazzling bright red.

“Next!”The guest retainer looked at everyone with a cold smile.

The expressions of some of them changed, and they all looked for an excuse to leave the group.

In an instant, no less than ten people left one after another.

The guest elder was too lazy to pursue this matter.

There were many similar people in the city, so how could they have the time to be serious?

“Next!”

It was Su Yu’s turn next.

He frowned slightly and took out his ‘Young Master Wuchen’s’token.

If this guest elder’s words were true, he should also be unable to pass the test.

After all, he did not have the slightest bit of the bloodline of the number one aristocratic family.

However, after looking at the token, that guest elder’s gaze became unfathomable.

After staring at Su Yu for a long while, he slowly said, “Since it’s the identity token that young miss personally gave, then there’s no need to test it. Enter.”

Only then did su yu heave a sigh of relief.

The guest elder stared at Su Yu’s back as he entered, the corners of his mouth curling into a cold smile as he muttered, “Stay properly in the mansion, no one has been able to do anything to you, yet you don’t even know whether you’re Dead or alive, coming to the heaven shattering mountain!”

Shaking his head, he continued to examine Su Yu as if nothing had happened.

After entering the town, Su Yu immediately reported to the city lord of the town.

Just as he had said before, if one wanted to enter the Tian Jing mine, they had to go through the arrangements of the local guest elder.

The local city Lord was a guest elder.

His position was ranked first among the thirty guest elders of the number one aristocratic family.

He was an existence whose body and soul had already reached the Dao stage.

His strength was no trifling matter.

There should be very few half-step dao masters who could contend against him.

“Greetings, guest elder Lu.” Su Yu came to the guest elder’s residence and paid him a visit.

The guest elder looked to be in his sixties, and she was also a woman.

Her beauty could not be considered outstanding, and she was already showing signs of aging.

The most special thing was that there was a plum blossom mark on the left side of her face. It was bright red, as if it was painted by blood.

“Raise your head.” Guest elder Lu was just casually embroidering the female red. When he heard this, he looked at Su Yu.

Su Yu was puzzled. When she raised her head, she realized that guest elder Lu was sizing her up with a very strange gaze.

That gaze contained a hint of surprise and passion.

She put down the female red in her hand and walked over. She sized up Su Yu up close and nodded from time to time. She praised, “Not bad! Not Bad!”

As she spoke, she even stretched out her finger and tapped Su Yu’s shoulder.

Su Yu frowned slightly and moved aside. She said, “Guest elder Lu, I’m here to mine. Please make the arrangements.”

“What’s the Rush?” Guest elder Lu sat back down unhurriedly. He said with a deep meaning, “This mine is divided into good and bad mines, vigorous and exhausted. which piece of Tianjing Mine do you want to mine?”

The Tianjing mine had been excavated by two aristocratic families, and a part of it had already been hollowed out and exhausted. Naturally, there would be no Tianjing dust.

Su Yu said, “Naturally, I want to excavate the vigorous part.”

He had a faint bad feeling.

The way this woman looked at him was not normal.

“But, there are so many people excavating the Tianjing mine. We can’t all excavate the vigorous part, right?” Guest elder Lu looked at Su Yu up and down and said meaningfully.

Su Yu frowned and said, “Guest elder Lu, if you have anything to say, just say it.”

“Hehe, I like straightforward people!” Guest elder Lu said with a smile, “As for me, I lost my husband in the early years and am alone. So every night, I am lonely and empty. I need someone to accompany me at night to relieve my boredom.”

“I wonder if you are willing?” Guest elder Lu said, “If you are willing, I can arrange for you to go to the newly opened area. There is the most Tianjing mine there...”

Before she could finish, Su Yu’s face turned green.

Was he asking him to sell his body in exchange for a good mining location?

Alright, if the other party was an enchanting beauty, although he would not agree, at least he would feel better.

But being forced by an old woman who looked to be in her sixties, this... really gave him goosebumps.

“Guest elder Lu, just randomly arrange a mine for me. I’m not Picky,” Su Yu hurriedly said.

If he chose a bad mine, he could still think of a way to get the sky cleansing dust.

But if he lost his innocence, he would never be able to get it back.

Hearing this, guest elder Lu’s smiling face instantly turned livid, and a threatening look appeared in his eyes. “I’ll give you one last chance. Stay with me for one night and I’ll guarantee that you’ll go to the best mine!”

“Think about it carefully! No matter which aspect it is, you’ll be the winner.” She shook her hair in a flirtatious manner.

Chapter 2173 The Tomb In The Mine

Su Yu said calmly, “I told you, I don’t pick ore spots.”

In the end, he made his stance clear and his expression was firm. Guest elder Lu’s eyes flashed with unsatisfied anger as he said, “Alright! I’ll fulfill your wish! Go to the Eastern Mining Area Tomorrow!”

The eastern mining area had already been mined during the period of the second absolute era.

Later on, it was mined by the number one aristocratic family. The Tianjing mine inside could be said to have been completely mined, not even a speck of dregs.

“Alright!” Su Yu was expressionless as she turned around to leave.

Compared to not being able to mine, reputation was more important.

“Hold On!” Guest elder Lu sneered. “There are requirements for mining. You must hand over a hundred Jin of pure Tianjing ore every day. If it doesn’t meet the standards, it means that you are not serious about mining. At that time, you will be disqualified from mining and will be sent back to wherever you came from!”

After a pause, she added, “No matter who introduced you here, even if you are a dragon, you have to stay here!”

Objectively speaking, the heaven-cleaving broken mountain was still in the midst of war.

The person in charge of this place had the meaning of “When a general is outside, the emperor’s orders are not obeyed”.

As long as Su Yu did not fulfill the rules and disqualified him from mining, even golden pupil Langjun would have nothing to say.

“I think the east mining area is pretty good. There’s no need for guest elder Lu to worry about me,” Su Yu said indifferently.

After saying that, he left with his hands behind his back, leaving guest elder Lu furious.

“B * Stard! You’re really like what guest elder Gu said. You’re not the same thing at all!” Guest elder Lu snorted coldly. “You’re lucky that I like you. I Won’t forgive you for Ruining My Heart!”

“Don’t you like the Eastern Mining Area? Fine! I’ll see how you dig!”

After Su Yu left, she came to a shop in the town.

The shop had all kinds of information specifically for sale.

Especially the information about the mine, which was even more detailed.

“Customer, what do you need?” The shopkeeper was a beautiful woman dressed in palace clothes. Her smile revealed her pearly white teeth.

There was a shrewd expression between her brows.

Su Yu said, “Information about the mine.”

The beautiful woman dressed in palace attire sized up Su Yu and said with a smile, “Then, may I ask which mine is the customer in charge of?”

“East Mine.”

Hearing this, the beautiful woman dressed in palace attire’s expression changed unnaturally. She said, “East Mine? But the mines there have already been dug out. Why would guest minister Lu still assign people there?”

Su Yu looked at her indifferently and said, “Are you selling or asking the truth?”

The beautiful woman immediately said apologetically, “I’m sorry, I mean, you should apply to guest minister Lu to change to another area. There really isn’t any mines there.”

After saying that, she shook her head regretfully and said, “The information on the east mine is from two months ago. Are you sure you still need it?”

“Give it to me!”

Only then did the beautiful woman helplessly sell the relevant information to him for a price of 100,000 Dao dollars.

Watching Su Yu leave with the information in his hands, the beautiful woman frowned slightly. “Why would guest elder Lu arrange for people to go to the abandoned east mine? Have the elders and guest elders in the town noticed anything?”

The next morning.

Su Yu came to the entrance of the mine.

The entire mine was sealed off by the formation that the DAO Master had set up together.

The huge formation only left a passageway at the entrance of the mine for people to enter and exit.

Ten guest elders and a clan elder sat there.

One of the guest elders held a scroll in his hand. On it were the names of the people who had come to mine the mine, as well as the areas they wanted to head to.

Su Yu patiently queued up. He originally thought that he was the only one heading to the eastern mine.

However, one after another, he heard that three people were heading to the east mine.

“Could it be that they have offended guest elder Lu as well, so they were sent here?” Su Yu was slightly surprised.

“Su Yu, East Mine!” The guest elder muttered indifferently.

Su Yu returned to his senses and immediately walked forward, stepping into the formation.

Immediately, the power of spatial teleportation sent Su Yu directly to the east mine.

Looking around, the east mine was completely empty.

Even the ground had been dug out for thousands of feet. There was simply no heavenly pure mine to dig out.

Su Yu held the flowing gold shovel in his hand and sighed helplessly. “I’m afraid I’ll have to let down Bi Yun Hong Xian’s good intentions. I have no use for this shovel.”

He glanced at the bottomless pits around him.

Su Yu’s finger tapped on the nine Jade Spirit Pearl, and Xiao Die suddenly appeared.

She was writing with a brush in her hand and focused on practicing her calligraphy.

She was very displeased when she was suddenly called out, “Annoying mortal... Hey, what is this place?”

As she spoke, she suddenly sensed something and immediately looked around. Her pair of crystal eyes flashed with traces of surprise and desire.

Su Yu took in her expression and said, “I specially brought you to a good place to search for treasures.”

“Specially? Do you think I’ll believe you?” Xiao die looked as if she had already seen through him.

Su Yu shrugged and said, "I'll take it and send you back."

Xiao die humphed shyly, "You're already here!"

As she said that, she sniffed lightly and jumped into a very ordinary waste pit.

This waste pit had already been dug up, so it should be very difficult for there to be a Tianjing mine inside.

However, Xiao Die's gaze was fixed in one of the directions, and then she punched out.

Kacha --

The wall of the abandoned pit was punched out with a small hole that was a hundred feet long.

In the depths of the hole, there was a faint holy and pure light.

Su Yu went over to take a look, and was slightly surprised. Inside was a fist-sized Tianjing mine, about two to three kilograms.

However, could it be a mere tianjing mine that Xiao Die was interested in?

Obviously not!

Sure enough, Xiao Die did not even look at the Tianjing ore. The shadow of a giant nine-colored butterfly appeared behind her.

The butterfly flapped its wings and the entire pit rumbled.

The wall that was a thousand feet tall shattered.

Pieces of Tianjing ore that had not been dug out fell out one after another.

Su Yu waved his hand and used the power of space to take out all the ores. Instantly, he had seventy to eighty catties.

The mission of 100 catties would not take too long.

However, as the wall crumbled, a hidden passage suddenly appeared.

That passage was not opened by someone later, but had appeared very early.

From the remnants of the excavation, it seemed like a long time had passed.

Xiao Die walked in quickly, looking very expectant.

There was good stuff inside!

Su Yu immediately followed her in.

As they went deeper, more and more Tianjing mines appeared along the way. In the end, the entire cave was filled with Tianjing mines!

Su Yu casually collected a few, and there were hundreds of thousands of Jin.

When they reached the end of the cave, there was a huge natural tianjing mine.

It was crystal clear, like a piece of glass.

Through the Tianjing mine, they could still see the other side.

When he fixed his eyes on it, he saw that it was an extremely wide man-made tomb.

Everything in the room was refined from Tianjing mine.

He could even see the graceful figure in the coffin through the tomb.

What made Su Yu more excited was that the forehead of the figure in the coffin emitted a dazzling white light like the blazing sun.

“Tianjing Dust!” Su Yu thought to himself.

However, before Su Yu and the others could do anything, a strange movement suddenly occurred in the tomb.

From another angle, three people suddenly walked out.

Those three people were the same people who had been sent to the east mining area!

Chapter 2174 Dao Master Restriction (First Watch)

“It’s actually them?” Su Yu was secretly surprised.

He was able to find this place because of Xiao die... Oh, this person who was naturally sensitive to treasures.

But the three of them couldn’t possibly have a Xiao die as well, right?

“Let’s continue today. If we hold on for another half a month, we’ll be able to break open this heavenly net mineral coffin.” Among the three of them, there was a woman.

At first glance, Su Yu felt that she looked familiar. It was as if he had seen her somewhere before.

But he wasn’t sure.

The other two were a Hale and hearty old man and a young man.

The Hale and hearty old man looked at the tomb with a look of deep anticipation. “Fortunately, the people from the number one aristocratic family didn’t discover the existence of the tomb inside this mine.”

From their tone, they weren’t from the number one aristocratic family.

They should be from the number two aristocratic family.

They might have discovered the existence of this tomb when they were excavating previously.

However, they had concealed the news extremely tightly, so the number one aristocratic family still did not know that there was a tomb.

At this moment, the young man said, “I heard from sister fan that guest elder Lu sent a young man here. Could it be that our small actions over the years have been discovered?”

Hearing this, the two people’s faces tensed up slightly, and they could not help but worry.

“It’s hard to say!”The Hale and hearty elder revealed a worried expression. “This person’s arrangement was too abrupt. It happened just before we were about to open the coffin. If it’s a coincidence, then it’s too much of a coincidence.”

The woman did not think so and said, “I think there’s no need to worry too much. Everyone knows what kind of person guest elder Lu is.”

“And my sister said that the young man sent here is extremely handsome!”The woman said with a smile that was not a smile. “I think it’s probably because guest elder Lu couldn’t get her, so he punished him to come to the east mining area.”

Hearing this, the other two people let out a sigh of relief and said, “I hope so.”

In front of the Crystal Mine, Xiao Die turned her head and looked at Su Yu suspiciously. She wanted to smile but wanted to pretend to be noble and reserved.

“Don’t think too much. I definitely won’t lose my virginity to her.”The veins on Su Yu’s forehead jumped.

Puchi --

Xiao Die finally couldn’t hold it in and burst out laughing.

Fortunately, the Tianjing mine had a strong isolation effect. Otherwise, those people would definitely notice it.

“You also have this day.”Xiao die seemed to be taking pleasure in Su Yu’s misfortune. There weren’t many people who could make Su Yu suffer.

A row of black lines appeared on Su Yu’s forehead. He glared at her and said, “Seriously! Do you also think that there is something unusual in that Coffin?”

Xiao Die shook her head at this and said, “To be exact, there is something very extraordinary on that corpse. I want to eat it.”

“Is it that grain of heaven purifying dust?”

Xiao die said, “No, that thing should be even more extraordinary than the heaven purifying dust!”

Looking at the three of them, Xiao die said, “Are you confident in dealing with the three of them?”

It could be seen that she was very anxious and wanted to make a move now.

“It’s not difficult to deal with them, but I don’t Have Much Dao master power on me. If it’s not necessary, it’s best not to waste it.”

Xiao Die thought for a moment and lay down on the crystal mine. She narrowed her eyes leisurely and said, “Then let’s wait for them to leave first.”

The two of them waited patiently.

The three of them did not leave until the mining time ended that day.

Dong --

Xiao die could not wait to destroy the Tianjing mine and immediately jumped in.

Su Yu also immediately went in and arrived in front of the coffin.

Before this, the Tianjing mine was isolated, so he could not feel anything.

But now, when he got close to it, he could vaguely feel a heart-palpitating evil intent.

Through the Tianjing mining coffin, they could vaguely see that there was a four-limbed shadow inside. They did not know what race it was, but they had never heard of it.

“Then I’ll start working!”Xiao die ground her teeth, but she was worried about Su Yu. She said unnaturally, “Can you turn around and not look?”

She seemed to think that eating was rather unsightly.

Su Yu rolled his eyes. “I’ve watched you grow up since you were young. Why do you have to avoid me when you eat?”

Xiao die frowned when she heard that. “I don’t know why, but I have an impulse to get angry!”

Why did she feel like she was raised by Su Yu as a daughter!

“Hehe, let’s start digging.”Su Yu smiled and began to observe the coffin.

He realized that there was a layer of strange light circulating outside the Tianjing mine.

The light kept changing, and it looked like an ordinary isolation barrier.

Su Yu began to ponder. If it was really just an ordinary barrier, why would the three of them have to dig for half a year?

While he was thinking, Xiao Die had already begun to bite. However, she, who could bite through anything in the past, had only managed to shake the barrier!

She opened her mouth in surprise and asked, “What’s going on?”

In shock and bewilderment, she once again bit down.

Immediately, a sudden change occurred.

A powerful arc of light shot out from the restriction, carrying a terrifying destructive power. It was not inferior to a dao master’s all-out Attack!

Xiao die was caught off guard and was about to be hit by the arc of light.

“Be careful!”At the critical moment, Su Yu, who was already prepared, immediately took out the three-zhang Small World and pulled Xiao Die into his arms.

Bang --

Just as Xiao Die was pulled over, the arc light struck.

The entire small world trembled from the attack, but fortunately, after entering the small world, it was like a clay ox entering the sea.

“Hu!” Su Yu let out a sigh of relief and put Xiao Die down.

Her face was slightly pale, and fear appeared in her eyes. It was indeed too dangerous just now.

She was almost beaten into ashes.

“Hide behind me. I’ll check the restriction carefully.” Su Yu’s eyes emitted a purple light. “Freeze!”

With an order, the entire moving restriction immediately froze.

Looking at it like this, Su Yu couldn’t help but feel his scalp go numb.

At this moment, he could clearly see that it wasn’t a restriction, but tens of thousands of restrictions that were mixed together.

There were several extremely ancient and powerful restrictions that were still in operation.

Xiao die could naturally bite through one restriction, ten or even a hundred. However, it would take her a considerable amount of time to bite through the 10,000 restrictions that were combined into one.

Furthermore, the three ancient restrictions inside were no small matter.

Those three ancient restrictions had gone through countless eras, and their power had been greatly reduced. It wasn’t even 1% of what it was at the beginning.

Even so, once they came into contact with it, they would be able to unleash an attack at the DAO Master level.

It was hard to imagine how terrifying the initial state of the three restrictions was!

The ten thousand restrictions were the same. Even after countless years, they still had the power of a half-step dao master.

Their power at their peak should not be inferior to that of a dao master.

His expression turned solemn as he stared at the figure in the sky net mining coffin. A dark cloud appeared in his heart.

He felt that it was better not to open this sky net mining coffin.

Having experienced shocking demons, Su Yu knew that before the apocalypse, there were many powerful and extraordinary existences hidden in the world.

They might be quite evil, so it was best not to touch them.

“Xiao Die, is the thing inside very important to you?” Su Yu asked in a serious voice.

Xiao Die thought for a moment and said, “Yes, it’s very important. I think that after eating it, I might be able to evolve again.”

Evolve again?

She had already evolved three times, right?

If she evolved again, what kind of existence would that be?

“Su Yu, please help me. Ever since the last evolution, there has been a vague voice in my mind telling me to go back quickly.” Xiao Die said what she had been hiding for a long time. “I didn’t want to care about it, but for some reason, that voice kept appearing, and I had to care about it.”

“However, there was no hint of where to go. I think if I evolve again, there might be an answer.”

Oh?

There was a voice in her mind?

As a mutated nine-colored chaos butterfly, her evolution was indeed quite strange.

A normal nine-colored chaos butterfly was born in a human state. As it evolved, it eventually turned into a butterfly.

Xiao die was the exact opposite.

Moreover, why was she in the seed of the Indian silver bamboo?

Where did she come from? Where did the voice in her head lead her to?

Looking at Xiao Die’s distressed expression, Su Yu’s heart softened. He said, “Alright, but we don’t want to take any more risks.”

His eyes flashed. “Those three can dig up the coffin, but they aren’t affected. Why don’t we let them dig it up before taking action?”

“Okay, I’ll listen to you.” Xiao die was rarely obedient.

Thus, Su Yu and Xiao Die left through the hole.

Of course, before they left, they sealed the piece of Tianjing mine to prevent the three of them from noticing.

They left the mine and returned to the town.

Before they walked out of the exit, they heard a stern rebuke. “You came out late!”

When they opened their eyes, they saw that it was guest elder Lu sitting on an armchair, collecting the Tianjing mine from the people who had left the mine.

When he saw Su Yu, he immediately frowned and scolded him.

Su Yu’s expression was calm as he said calmly, “I encountered some good mines, so I dug a little longer. Why? I Can’t be a little late and be disqualified from digging, right?”

In the mine, there were countless miners. It would take them a while just to line up and leave.

How could everyone leave on time?

If they expelled him from the mine for this reason, Golden Pupil Langjun would definitely be dissatisfied.

Guest elder Lu narrowed his eyes. There were not many people who dared to contradict him.

Su Yu was one of them!

“Are you done digging?” Guest elder Lu stared at Su Yu with a cold gaze, his threat extremely strong.

She did not believe that Su Yu could really dig up a hundred or so mines in the eastern mine area.

The ores there had long been emptied out.

Even if he could find a few scattered pieces of ores, they would definitely not exceed five catties.

He could forget about digging up a hundred catties of ores!

“Alright.” However, Su Yu’s reply startled guest elder Lu. He asked in return, “Are you done digging?”

Su Yu did not say a word. He threw out a small pocket that was specially used to hold the Tianjing ore and threw it on the table.

The hard table was smashed into a small pit by this throw.

Guest elder Lu was skeptical. He opened the small bag to take a look, and his gaze immediately changed.

Surprise, doubt, and deep doubt.

“How did you get here? Speak!” Guest elder Lu put down the bag and stared at Su Yu with a questioning look.

Su Yu’s expression was indifferent as he said, “What do you think?”

Guest elder Lu narrowed his eyes. “I think you stole it! Tell me truthfully who you stole the ore from, and I can let bygones be bygones. If you hide it and don’t report it, HMPH!”

Chapter 2175 Ultimate Strength

“Steal?” Su Yu’s eyes were cold.

Without a word, he took out a thousand Jin of Tianjing ore from his spatial storage.

The nearby guest elders and the miners who hadn’t left were all shocked.

“A Thousand Jin? No one in the area with the highest ore production can dig up a thousand Jin in a day!”

“Is this fake? The ores in the eastern mining area have long been exhausted. Even if there are more, there shouldn’t be as many as 1,000 catties!”

“Moreover, even if there are so many, how did he mine them? With the hardness of the Tianjing ore, can a normal person dig down more than 1,000 catties in a day?”

It was obviously impossible!

Guest elder Lu was also stunned, his face full of astonishment.

Where did the eastern mining area get so many tianjing ore?

“Now, tell me again, who did I steal a thousand Jin of Tianjing ores from?”

No one could dig up a thousand Jin of Tianjing ores in a day, let alone in the eastern mining area.

There were not many people digging there. The total amount of ores that those people dug up could not even reach a thousand Jin.

So, it could not have been stolen.

Guest elder Lu’s eyes narrowed slightly. “Alright, even if you didn’t steal it, can you explain the origin of the Tianjing ores?”

Su Yu said calmly, “Is there a need for me to explain? I don’t remember that the miners have to provide the guest elder with the details of the mining process.”

There was always a difference between good and bad mining points in the mine.

It was human nature to dig for the good mining points by themselves. Therefore, the mine did not stipulate that the mining process had to be explained.

The Guest Elder’s task was only to arrange for people to dig at a certain location and then count the ores that these people dug every day.

They did not interfere in the rest of the matters.

“I am a guest retainer!” Guest retainer Lu said solemnly.

Su Yu’s eyes revealed contempt. “Wait until you become the head of an aristocratic family, then we’ll talk about it!”

As she spoke, she put away the 500 jin of ores and left the 500 jin of ores behind. She said indifferently, “If there are no problems with the ores, then I’ll take my leave!”

He did not place her in his eyes at all and left.

The Guest Elder’s greatest authority was nothing more than deciding on the mine.

Su Yu no longer cared about the mine. Her so-called deterrence was just empty talk.

Guest elder Lu stared at Su Yu as she left, his gaze gradually turning cold.

“There’s no one in Broken Heaven Mountain that I can’t deal with!” Guest elder Lu was truly furious.

He was no longer limited to helping guest elder Gu make things difficult for him. Instead, he wanted to ruthlessly punish Su Yu himself.

Su Yu did not know about this.

However, he was on guard.

After returning to his residence, Su Yu quietly rested.

At this moment, there was a knock on the door.

When he opened the door, he saw that it was a slightly familiar person. Thinking about it carefully, wasn't it the woman in Palace attire who sold intelligence?

"Is There Something?" Su Yu guessed the reason for her visit.

The beautiful woman in Palace attire lightly smiled. "Of course there's something good. That's why I dared to come and disturb young master Wuchen."

"Tell me about it," Su Yu said.

The beautiful woman in the palace dress had a twinkle in her eyes. "Young Master Wuchen, are you sure you want to talk about it here?"

She looked around. Many pedestrians in the corridor were staring at them.

Su Yu hesitated for a moment and moved aside. "Come in."

After the two of them sat down, Su Yu said, "Let's get straight to the point."

"I want to buy the extra Tianjing mine in Young Master Wuchen's hands," the beautiful woman in the palace dress said.

Su Yu's expression was calm. His intention was exactly what he had imagined.

"If that's all, then please go back," said Su Yu calmly.

He did not lack dao currency, so there was no need for him to exchange for the Tian Jing mine.

The Tian Jing mine was quite popular in the seven ultimate civilization. It could be exchanged for many precious things that could not be bought with Dao currency.

The beautiful woman in the palace dress did not look disappointed. Instead, she smiled mysteriously. "Then, I'll change the deal again!"

"Speak," Su Yu said.

The beautiful woman said meaningfully, "I see that although your cultivation is half a step away from becoming a dao master, your body has yet to become a dao master, right?"

There was a hint of mystery in her tone, causing people to think about it.

Su Yu's eyes flashed slightly. "If you have something to say, say it!"

"Hehe, you also know that I sell intelligence, so I can obtain many insider information that only a few people know." The beautiful woman stared into Su Yu's eyes, she enunciated clearly, "I recently received an important piece of news. Somewhere in the heaven shattering mountain, there is an ultimate power of heaven and earth that is about to erupt!"

"What is the ultimate power of Heaven and Earth used for? I don't think I need to tell you more, right?"

Su Yu's heart pounded.

The body transformation could only be completed by tempering it with the ultimate power of Heaven and earth.

However, the ultimate power of Heaven and earth was something that could only be encountered and not sought.

It was truly a pleasant surprise that there was actually a place that was about to erupt.

“Are you serious about what you said?” Su Yu asked.

The beautiful woman in the palace dress had a bright look in her eyes. “Absolutely. When the time comes, I myself will also go. If there isn’t any at that time, you can not give me the Tianjing mine.”

This did not cause much loss to Su Yu.

“When is the time of the eruption?” Su Yu asked.

The beautiful woman said, “Based on the information I gathered, it should be at a certain time half a month later.”

Half a month later?

It just so happened that the Tianjing mineral coffin was opened, and the time was just right.

“Sure! How Much Tianjing Mineral do you plan to collect?”

“100,000 catties!”

Su Yu frowned deeply. “Are you kidding me? How can I produce 100,000 catties of Tianjing Mineral? I can only give you 1,000 catties at most.”

He did not care about a hundred thousand catties of pure heaven ore.

With the scale of the ancient tomb, the pure heaven ore inside was more than a million catties.

However, if he revealed that he had a hundred thousand catties of pure heaven ore, it would arouse suspicion no matter what, right?

“Hehe, sir, you must be joking. The chance of body dao transformation is a once-in-a-lifetime opportunity. Many half-step Dao Masters have never had the chance to transform their bodies into Dao. How can its value be only a thousand catties?” The palace-dressed woman shook her head and said, “Let me give you a number. Fifty thousand catties!”

“1,000 Catties!”

“50,000!”

“1,000!”

..

The beautiful woman in Palace attire stood up and sighed, “If you are not sincere, then forget it.”

Su Yu said indifferently, “Then please go ahead. I believe that other than me, no one else in this mine should be able to give you an extra 1,000 catties of heavenly net ore.”

These words were the truth. Other people could guarantee that their daily tasks were not bad, so how could they expect to have extra?

The beautiful woman stopped in her tracks and turned her head to stare at Su Yu. She was a little discouraged and said, "Two thousand catties!"

"One thousand! If you don't want it, then forget it!"

The beautiful woman glared at him angrily. "You really have a heart of stone. You're not even willing to give up one more catty!"

Su Yu just shrugged and did not say a word.

The beautiful woman in the palace had no choice but to say, "Alright, one thousand then. When the time comes, I'll contact you!"

Both parties exchanged their communication magic tools and took their leave.

Su Yu looked at the back of the beautiful woman in the imperial dress as she left. He was deep in thought, "Why would the most powerful force of Heaven and earth appear at the Heaven Shattering Mountain? She wouldn't just sell this information to me, right?"

After sending her off, Su Yu was about to close his eyes and meditate.

Suddenly, there was a knock on the door.

He thought that it was the beautiful woman in the imperial dress who had left and returned, but when he opened the door, he saw that it was a young man from the number one aristocratic family who had come here with the myriad sect beasts.

Chapter 2176 Framing

He was about 30 years old and had a graceful wind god Jade. He had a gentle and refined aura.

However, Su Yu did not suddenly realize that when Bi Yun Hong Xian gave him the flowing gold shovel, it attracted his questioning gaze.

At this moment, he was full of smiles and was extremely polite. He cupped his fists and said, "Congratulations, young master Wu Chen. You were able to excavate a large-scale Tianjing mine in the waste pit."

Su Yu's expression was indifferent as he said, "I was just lucky. You Are?"

"Oh, I haven't introduced myself. I am from Tianyun. I came from the number one aristocratic family, Myriad sect beast. I have met you once before." He introduced himself straightforwardly.

Su Yu nodded slightly and said, "So that's the case. You have come to teach me something?"

"Hehe, the mine I'm digging almost couldn't even complete today's task. How would I have the face to teach Young Master Wuchen?" Tianyun laughed self-deprecatingly.

Su Yu's expression was indifferent. "Then the person you came today is..."

Tian Yunzhong laughed and said, "I came here to ask for some mining experience from brother."

Hearing this, Su Yu said without hesitation, "I said, I was just lucky. In fact, I don't have much experience."

However, Tian Yunzhong did not seem to hear the distant meaning in Su Yu's words. He said, "You're joking. If you don't have experience, then who has experience in the entire mine?"

"Moreover, I know that young master Wuchen needs Tian Jingchen. Coincidentally, I know some news about Tian Jingchen. Perhaps we can chat about this while we're at it."

News about Tian Jingchen?

Was there a new Tian Jingchen somewhere in the mine?

"Please come in." Su Yu invited him in.

Not long after, the two of them started chatting.

Su Yu was a little surprised. Tian Yunzhong said that he was here to ask for experience in mining, but his words were not very enthusiastic about it.

He was always rambling and only asked once in a while.

Moreover, he was also hesitant about the news about Tian Jingchen.

Su Yu felt that he was trying to find something to talk about!

"Are you stalling for time?" After chatting for two hours, when Tian Yunzhong was still rambling about him and talking about meaningless topics, Su Yu interrupted him with a cold look in his eyes.

He was certain that Tian Yunzhong had come here for another purpose.

Combined with the fact that he was afraid of guest elder Lu during the day, Su Yu felt that there was a high chance that Tian Yunzhong had come here under orders to stall for time!

As expected, Tian Yunzhong was caught off guard and his true intentions were revealed. His eyes flashed slightly and he hurriedly said, "Brother Wuchen, what are you saying?"

Although he concealed it well, Su Yu still managed to catch that slight flicker.

He narrowed his eyes and said calmly, "It's getting late, please go back."

However, Tian Yunzhong smiled and said, "I'm sorry, I'm sorry. Maybe the topic is off. Let's talk about the news about Jingchen again..."

"I'm tired and want to rest. Let's talk again next time."

Tian Yunzhong said stubbornly, "Maybe there won't be a chance next time..."

Su Yu's gaze turned cold. He had repeatedly ordered the other party to leave, but the other party refused to leave.

At this point, was there still a need to doubt his motives?

He was definitely trying to stall for time!

“I’ll say it one last time. Leave my residence as far away as possible!” Su Yu’s eyes revealed a cold glint.

Sensing the killing intent that Su Yu was gradually releasing, the smile on Tian Yun’s face disappeared. Similarly, he released his cultivation. His previously amiable face.., suddenly, there was a wave of displeasure. “HMPH! I came here with good intentions to chat with you. Is this how you treat me?”

“Chat? Hehe!” Su Yu laughed coldly and slapped him.

He had already made his move, but Tian Yunzhong still had no intention of leaving. He turned his palm and slapped him.

His intentions were already exposed!

He wanted to stay in Su Yu’s room!

No matter what his motive was, he absolutely could not let him stay.

“WUCHEN, is this how you treat people with good intentions? You really don’t know how to Behave!” Tian Yunzhong snorted.

Su Yu narrowed his eyes. He had always disdained to use words to argue with people who lied through their teeth.

The aura around him became fierce.

“Since you don’t want to leave, then you don’t have to leave anymore!” Su Yu said indifferently.

He had secretly released the Eye of Heaven to survey the situation.

As expected, he saw guest elder Lu and a few other guest elders rushing toward the inn he was at.

Since Tian Yunzhong wanted to harm him so badly, Su Yu had no reason to be polite.

“Hehe, I want to stay. What can you do to me?” Tian Yunzhong said contemptuously, “He’s just a piece of trash who relied on fawning to get the favor of the young Miss!”

He finally spoke his mind!

Su Yu smiled faintly. Fawning?

He really did not know who fawned on whom between him and Bi Yun Hong Xian!

“I have no intention of chasing you away. Just as I said, you don’t have to leave anymore!” Su Yu’s gaze turned cold as he activated the spacetime freeze.

“Freeze!”

There was still a hint of contempt on Tian Yun’s face as his body and soul were frozen in place.

Su Yu pulled out his soul and stored it into the spatial vortex. Then, he used the law of death to turn his body into ashes.

At the same time, he used his life force to sweep away all the auras in the nearby heavenly clouds.

After he was done, a huge commotion broke out outside the inn.

Several tyrannical auras enveloped the inn and set up a formation, sealing off the entire inn, preventing anyone from leaving or entering.

“There are remnants of the second supreme aristocrat clan inside. Everyone, stay in your rooms and don’t come out!” Guest elder Lu’s voice was so loud that the entire town could hear it.

Not only did the people in the inn hear it, the others were also alarmed and rushed over one after another.

Everyone was bewildered.

“What kind of remnants are they? Is it worth using five guest elders?”

“What’s even stranger is, how did the guest elders know that there are remnants here?”

Guest elder Lu said loudly, “Our people have been hiding in the inn and discovered some suspicious items and suspicious people. Now, we are ordered to come and capture them!”

As she said that, she and a few other guest elders swooped down and smashed the roof of the house where Su Yu was and jumped into it.

“How dare you! Surrender now...” guest elder Lu shouted before he could even see the situation clearly.

When he realized that Su Yu was the only one in the house, he was stunned.

What about the Sky Cloud?

According to their plan, when they jumped in, the sky cloud would throw the stolen goods in the corner of the house.

Then, they would catch Su Yu with the stolen goods.

But now, there was no one in Tian Yun.

Only Su Yu was calmly leaning on the stone bed, staring at her. “Remnants? Who are you talking about?”

The other four guest retainers looked suspicious and said to guest retainer Lu, “Is your information accurate? Didn’t you say that there are remnants here? Are You referring to Young Master Wuchen? But, we need evidence, right?”

Guest retainer Lu’s face alternated between green and purple. He scanned his surroundings unwillingly, hoping to find some clues.

But, unfortunately, the room was extremely clean. There were no so-called stolen goods.

“Where is he?” Guest retainer Lu stared at Su Yu’s face, but just as he said that, he realized that he shouldn’t have asked that question.

He felt that he had let down his readers. Sigh.

Chapter 2177 A Tooth For A Tooth

Su Yu narrowed her eyes. Her question was enough to prove that this matter was indeed planned by guest elder Lu in secret.

That Tianyunzhong was just a pawn.

“Who are you talking about?” Su Yu asked calmly.

Guest elder Lu knew that he had been exposed, so there was no need to hide it anymore. He said, “Stop pretending! Where’s Tianyunzhong? He sent a message saying that there’s something suspicious in your house.”

Su Yu shrugged. “Yun Tianzhong? Who?”

“HMPH! Stop pretending to be ignorant here!” Lu Keqing’s face revealed traces of viciousness.

Su Yu’s eyes flashed with a cold light. “Everything has to be based on evidence. Are you accusing me of being a remnant of the second-best family, yet you still insist that I hand over a person I don’t know? I say, even the family head isn’t as arrogant as you, right? Or do you really think that the mine is yours and you can do whatever you want?”

“If that’s the case, then I can withdraw from the mine right now and report everything that happened today to the family head!”

Hearing her threatening words, the other guest elders frowned slightly.

Guest elder Lu’s actions did indeed carry too many personal emotions and subjective opinions.

If this matter were to really reach the ears of the family head, it would indeed not have a good impact.

They were about to persuade guest elder Lu, but she stubbornly said, “Who do you think you are to have the right to see the family head? If you don’t hand her over today, don’t even think about it...”

She did not continue speaking. Instead, she stared unblinkingly at the thing in Su Yu’s hand, her expression changing unpredictably.

However, she saw a golden shovel swaying in Su Yu’s hand.

When the guest elders saw this, their expressions changed. “Golden Shovel?”

In the entire number one aristocratic family, there was only one golden shovel, and it was in the hands of the young miss.

How could it appear in Su Yu’s hand.

At the same time, Su Yu held a video recording jade formula in his palm, recording everything that was happening from now on.

“I may not have the right to meet the family head, but I can still meet the young miss,” Su Yu said indifferently. “Continue speaking!”

Guest elder Lu secretly gritted his teeth, his heart filled with rage.

Holding the golden shovel in his hand, it was enough to show that the young miss had a deep relationship with him.

How difficult would it be to send this video to Golden Pupil Husband?

“Let’s Go!” Guest elder Lu said bitterly. He had actually suffered a loss in the hands of a junior!

This debt must not be settled so easily!

The few guest elders left. After a long time, after making sure that they would not return, Su Yu sat cross-legged and entered the soul space.

He saw Yun Tian’s soul curled up in a corner, not moving at all.

“It seems that I don’t need to explain your current situation.” Su Yu’s eyes were filled with cold starlight.

Yun Tian was filled with fear and regret. He plopped down on his knees and begged, “Please let me go, I was forced!”

Forced?

From his performance, it did not seem like he was forced.

Su Yu’s gaze was indifferent. “Speak, what did guest elder Lu order you to do?”

This old woman had dealt with him time and time again.

If he were to let it go, it would be difficult for him to be at ease!

Tian Yun told him everything he knew and said, “I was forced by her to frame you as a remnant of the second peerless family.”

“Speak in detail!”

“The specifics are that you want me to leave your residence now, and then when they come, immediately leave behind something unique to a young master of the second peerless family to frame you.”

Su Yu’s eyes lit up. “What is it? Take it out.”

Tian Yun zhong nodded and spat out a storage ring from his soul.

Starlight flickered and a peculiar looking earthen yellow dagger appeared in his palm.

This dagger did not have a strong spiritual pressure and did not look like a treasure.

Weighing the dagger, Su Yu’s eyes lit up. “Do you want to live, or do you want to Die?”

“If you want to live, please give me a way out!”

Su Yu said calmly, "If you want to live, it's very simple. Help me do one thing!"

"Please say it. I will definitely help you do it!" Seeing the hope of survival, Tian Yun Zhong naturally spared no effort to survive.

Su Yu said calmly, "Help me return a tooth for a tooth, an eye for an eye!"

Tian Yun zhong immediately understood what Su Yu meant. He said, "You... want me to frame guest elder Lu?"

"You're Not Willing?"

Tian Yun Zhong felt bitter. Was it really that easy to frame a guest elder?

If a guest elder was suspected, how big of a deal would that be?

At that time, it would definitely alert the other guest elders, or even the clan elders, to make an appearance.

It would probably be easy for them to be seen through the plan of framing the guest elder, and they would not be able to protect themselves.

Moreover, even if the framing was successful, the guest elder might not die in a short period of time.

If she did not die, she would bear a grudge against him.

No matter how one looked at it, it was a dead end.

However, if she did not agree, she would die now!

"I'm willing, I'm very willing!" Tian Yun Zhong immediately said.

Su Yu nodded and brought his soul out of the soul space.

At the same time, he used his aura to create a new body in Tian Yun.

Tian Yun was shocked by Su Yu's heaven-defying methods and stared at his body in disbelief.

Just as his soul lost control, a sharp pain suddenly came from within his soul.

It was Su Yu. He pointed a finger deep between his brows and inserted a restriction into it.

"Don't try to get rid of the restriction. You'll only die faster if you do."

Tian Yunzhong nodded repeatedly and said, "Please watch my performance next!"

After informing him of the detailed plan, Tian Yunzhong immediately left.

Speaking of which, the more guest elder Lu thought about it, the angrier he got.

"Child Wuchen! How dare you humiliate me like this, I won't let you off!" Guest elder Lu clenched his fists.

The anger in his heart had come out of nowhere.

It was clear that she had failed to bully Su Yu, but from what she could sense, she was the one who had been humiliated.

Her eyes sparkled as she thought about how to improve her actions.

This time, she had failed to frame Su Yu. If she wanted to use any more tricks, the other party would definitely be on guard.

Perhaps, she could only use some forceful methods..

Just as he was thinking, suddenly, an aura descended without warning.

The person who had arrived was one of the few guest elders that had just dispersed.

The other party had a deep relationship with her, and could be considered to be based on their friendship.

“Guest elder Li, is there something wrong?” Guest elder Lu asked when he saw his old friend’s mysterious appearance. He knew that something might have happened.

Guest elder Li looked left and right and said in a low voice, “Someone reported you to the Clan Elder, saying that you are suspected of colluding with the remnants of the second peerless family. I will inform you immediately when I get the news! The clan elder will definitely summon you to confront him later. Be careful!”

Guest elder Lu was startled and muttered, “Who dares to report me?”

On the ground of heaven shattering mountain, who would have the guts to report her?

Other than that young master wuchen, there shouldn’t be anyone else, right?

“Young Master Wuchen!” Guest elder Lu was furious, as if he had been wronged.

Guest elder Li said in shock, “The person who reported you wasn’t young master wuchen, but Tian Yunzhong!”

What?

Guest elder Lu was shocked.

She had asked Tian Yunzhong to frame Su Yu, but he had disappeared.

So he had gone to report her!

Her heart was boiling with anger. She only felt that she had been betrayed.

“No one should believe his words, right?” Guest elder Lu’s face sank?

Guest elder Li hesitated for a moment and said, “This... the situation might not be too optimistic. He claimed that he had a dagger that you handed to him, and he also said that you might have been bribed by the second peerless family to become a spy. He has other evidence!”

“This matter has alarmed the three elders and all the guest elders. Now, we can only wait for the elders to appear and question you in public.”

“How dare he slander me like this?” Guest elder Lu clenched her fists.

She had nothing to say about that dagger.

This was something that she had snatched from the young master of the second peerless family back when they were fighting over the heaven shattering mountain. She had not handed it over.

But to say that she was a spy and that she had evidence, that was too laughable!

Chapter 2178 No Loose Ends

“Be careful. Even if the other party doesn’t have any real evidence, if he dares to say something like that, it shouldn’t be without reason,” guest elder Li reminded.

Guest elder Lu gritted his teeth. “He’s already in front of the Elders?”

“That’s not it. He’s still at the garrison point, waiting for the elders to summon him.”

“What an ungrateful thing. I want to ask him what’s going on!”

Guest elder Li nodded. “Mm, before the formal confrontation, it’s also good for you to have a private talk. However, remember your limits and don’t do anything too extreme.”

“I understand!”

After guest elder Li left sneakily, guest elder Lu immediately headed to the station.

Little did he know that guest elder Li had suddenly returned. Looking at guest elder Lu’s back, he revealed a faint smile.

A layer of faint ripples appeared on his body. When the ripples dissipated, his face turned into Su Yu’s!

At the same time.

Inside the garrison point.

Several guest elders gathered in the hall, exchanging opinions.

“What do you think of the report in the Sky Cloud?”

“Half true, half false.” A guest elder’s eyes revealed a shrewd look. “How many years has guest elder Lu been in the number one aristocratic family? If she was a spy from the number two aristocratic family, she would have been found out long ago!”

“Indeed. In the Great War several years ago, he killed quite a number of people from the number two aristocratic family. It would be unrealistic to say that she was a spy!”

“In my opinion, there is an 80-90% chance that this is a false accusation.”

“In a while, the clan elder will definitely conduct a soul search on her. This is a matter of great importance to the guest retainer. She will definitely not believe just one side of the story.”

Everyone agreed.

At this moment, guest elder Lu had arrived at the garrison point. However, he did not see any of the guest elders. Instead, he swept his gaze across them and arrived at a side hall of the garrison point.

In the hall, Tian Yun was pacing back and forth nervously with his hands behind his back, showing the anxiety in his heart.

He was about to confront guest elder Lu in court later. How could he not be nervous?

With a clang, the hall door was kicked open.

He turned around and saw a figure that made his heart tremble.

“Guest... guest elder Lu?” At this moment, the person he did not want to see the most was guest elder Lu!

Moreover, it was before the confrontation.

Out of guilt, he shrank back and said, “Guest elder Lu, you... What are you doing here?”

Guest elder Lu closed the door with a dark look in her eyes. “What do you think?”

Her quivering tone indicated the extreme anger in her heart.

Tian Yunzhong felt a lingering fear in his heart, but when he thought of Su Yu’s exhortation, he gritted his teeth and said righteously, “Foreign dignitary Lu! You’d better turn back and tell the clan elder the truth about your actions. Don’t make any more mistakes.”

Hearing this, foreign dignitary Lu’s gaze became even deeper. “What did I do wrong? Why Don’t you teach me?”

Tian Yunzhong said seriously, “Naturally, it’s about you colluding with the second Peerless Family! ‘I already have evidence on this matter. Later, I will make a statement to the clan elder. If you voluntarily confess, perhaps the clan elder can spare your life. If you are stubborn, no one can save you!’”

He had a confident look on his face.

Guest elder Lu laughed angrily. “Me colluding with the second Peerless Family? Ridiculous!”

Tian Yunzhong shook his head and said calmly, “It’s not ridiculous! Guest elder Lu, don’t make any more mistakes. You have nowhere else to go...”

His words really made guest elder Lu tremble with anger.

He kept saying that she shouldn’t make any more mistakes, but there was no evidence at all!

“Tell me clearly, what exactly is going on with you?” Guest elder Lu inhaled through the air and drew Tian Yunzhong close to him.

His body had already undergone dao transformation and was not something Tian Yun could resist at all.

“Speak! Did that Wuchen order you to do it?” Guest elder Lu grabbed Tian Yun by the throat and pressed him.

Tian Yun said with difficulty, “No... no...”

“You still dare to say no...” guest elder Lu rebuked angrily.

Unexpectedly, Tian Yun’s eyes suddenly darkened. His soul had been destroyed and even his body had exploded.

The huge shock wave had shattered the entire side hall.

Guest elder Lu had a dao body, so he did not suffer any injuries. He was just shocked that the sky cloud had suddenly died and his soul had been destroyed.

Shua Shua Shua --

How could the abnormal movements in this place be hidden from the nearby guest elders?

They rushed over one after another, feeling the flattened side hall and the shattered Sky Cloud.

Meanwhile, guest elder Lu was still holding onto Sky Cloud’s throat.

“Guest elder Lu, you... killed him?” The guest elder who had rushed over looked at the scene before him in disbelief.

“When did she come?”

“Why did she want to kill Sky Cloud? Could it be that... Sky Cloud’s snitch was real and she wanted to silence him?”

Many of the guest elders looked at guest elder Lu in a different way.

Originally, they did not believe Tian Yunzhong’s snitch at all, but now that guest elder Lu had publicly silenced him, then perhaps what Tian Yunzhong said was true.

Finally, guest elder Lu sensed that something was wrong and hurriedly explained, “I... I didn’t do it!”

However, none of the guest retainers said anything. All of them stared at her with a suspicious gaze.

If she didn’t do it, then who did?

He couldn’t take it anymore and committed suicide?

No matter how hard she tried to explain herself, why she had secretly appeared in the side hall in the Heavenly Cloud and why she had maintained her murderous stance just now, there was no way to clear her name.

“Listen to my explanation...” guest elder Lu finally realized that he had fallen into a trap.

Su Yu’s true intention was not to rely on the heavenly cloud to frame him.

Instead, he wanted to use his death to make it so that guest elder Lu would not be able to clear his name even if he jumped into the Yellow River!

From the start, it had been a series of traps.

“HMPH!” Suddenly, a loud snort sounded.

Guest elder Lu grunted and blood immediately flowed out from the corner of his mouth. His face was filled with pain and fear.

It was the DAO Master who had arrived!

Although he had not arrived, his will had already arrived.

“Dao Master Feng Hua, I am innocent. Please believe me.” Guest elder Lu hurriedly said, “If you don’t believe me, you can perform a soul search on me. I really did not collude with the second peerless family.”

The Invisible Daoist master said indifferently, “You are already a person in the process of Soul Dao transformation. You have the ability to change your soul’s memories. What’s the use of a soul search?”

“I... I...” Guest elder Lu really could not defend himself.

Daoist master wind flower said indifferently, “The only witness has already been silenced by you. There is still no evidence to prove that you colluded with the second exceptional family. However, in view of your suspicion, you are now officially stripped of all your duties and imprisoned in the dungeon. You will wait for us to investigate until we come to a conclusion.”

Instantly, guest elder Lu’s face turned deathly pale.

Stripped of her position as a guest elder, she would have nothing!

Furthermore, even if the investigation was done properly in the future, would she still be placed in an important position?

With the suspicion already there, the first exceptional family might not be willing to reappoint her as a guest elder, right?

Her career as a guest elder could be said to have ended by more than half!

“Go to the dungeon yourself. Don’t make me do it!” After the wind flower path master finished speaking, her voice completely disappeared.

Under the suspicious gazes of many of his former colleagues, guest elder Lu clenched her fists and went to the dungeon alone to be bound in grief and indignation.

Only she herself understood that everything had been plotted behind the scenes by Young Master Wuchen!

At this moment, she hated Su Yu to the core.

“When I come out, I will definitely take your life!” She said viciously in her heart.

On the other side.

In a certain room, Su Yu had used resurrection to revive the recently dead Tian Yun.

He was a man of his word. Since he had promised to give him a way out, he naturally would not go back on his word.

Of course, it was not appropriate for him to show his face in the heavenly cloud now, so he casually put him into the space of the Buddha bead.

“Only to be imprisoned? As expected,” Su Yu said to himself.

The elders could not possibly kill guest elder Lu without any evidence.

“Looks like we have to work harder!”

Since they had decided to make a move, they had to get rid of the root of the problem and not leave any loose ends!

Chapter 2179 Opening Of The Ancient Tomb

He sat cross-legged as the Eye of Heaven appeared in the sky above the town.

His eyes were pale as he saw through everything in the town, including the dungeon.

Under his eyes, guest elder Lu was in a prison cell.

She stood in the shadows in the corner, her entire person was extremely gloomy, like a malicious spirit.

Then, the huge eye of heaven suddenly shot out a wine-red pillar of light, and in a flash, it brought guest elder Lu out of the cell.

Then, it appeared in Su Yu’s room!

Guest elder Lu was stunned. Before he could figure out what was going on, he heard a voice that was engraved in his heart, “We meet again, guest elder Lu.”

After searching for the source of the voice, he focused his eyes and saw that guest elder Lu’s eyes were about to crack. “Wuchen! It’s You!”

Just as she was about to fly into a rage, she suddenly realized that something was wrong. “Wait, why did you let me out?”

Having been schemed against once, she immediately became vigilant and said in a deep voice, “You want to frame me for breaking out of prison so that I can be executed, right?”

When he saw Su Yu’s indifferent expression, guest elder Lu confirmed his guess. He was both angry and angry. “Shameless Brat!”

Su Yu chuckled. “Shameless? This word coming out of your mouth really has a unique flavor!”

Guest elder Lu snorted coldly. He knew that he had to return to the dungeon as soon as possible. He could not stay outside for long.

Otherwise, the crime of breaking out of the prison would be completely confirmed.

She turned around and left the room, but how could Su Yu let her go?

“Spatial barrier!” He used spatial laws to seal the entire room in layers.

“You Think You Can Stop Me?” Guest elder Lu clapped his palm and the powerful body of the Dao master shattered the spatial barrier.

However, after the spatial barrier shattered, tens of thousands of spatial barriers appeared one after another.

Guest elder Lu’s expression changed slightly. He turned his head and stared at Su Yu, his face contorted. “You’re courting death!”

Su Yu sneered. “You speak as if you have good intentions towards me!”

Guest elder Lu felt a sense of urgency in his heart. He did not have the time to explain further to Su Yu as he continued to bombard the barrier.

Time and time again, he finally managed to shatter the tens of thousands of barriers with great difficulty.

Su Yu casually used spatial laws to create another tens of thousands of spatial barriers.

“Ah! I Won’t let you off!” Guest elder Lu was furious.

Guest elder Lu, who was already extremely furious, was provoked by Su Yu again and again. Finally, he could not hold it in anymore and turned around to attack Su Yu.

With his dao master body, wouldn’t it be a piece of cake for him to kill a half-step dao master without any dao transformation?

“Hehe...” Su Yu chuckled and casually set up more than 10,000 spatial barriers in front of him.

No matter how guest elder Lu pounced on him, he was unable to break through them immediately.

At the same time, every time a spatial barrier was broken, it would cause a huge commotion.

It was not a huge town to begin with, so how could such a commotion not attract attention.

Suddenly, several piercing gazes shot over.

Su Yu’s heart stirred. He immediately put away all the spatial barriers and took the initiative to meet the aftershock of guest elder Lu’s attack.

Pu --

He was heavily injured and spat out a mouthful of blood.

Guest elder Lu was already filled with killing intent. He rushed over and pressed his palm against Su Yu’s head, wanting to kill him on the spot.

Su Yu’s face was filled with panic. She took out her flowing gold shovel and said, “You can’t kill me. I’m one of Miss’s People!”

“Who Cares who you are? Die!” Guest elder Lu’s facial features were ferocious as she roared in a low voice.

At this moment, a cold snort was suddenly transmitted over.

It was as if guest elder Lu had been struck by lightning and was sent flying hundreds of feet away on the spot.

Her entire body was covered with numerous cracks, which were signs of her body being injured.

Just as she was about to get up, three majestic figures suddenly appeared and attacked at the same time, suppressing guest elder Lu on the ground.

The three figures were surrounded by a domain, making them look extremely mysterious.

They were naturally the three clan elders guarding this place!

“Stubborn!” One of the three clan elders, a female dao master, snorted and said, “I gave you a chance to turn over a new leaf, but you actually escaped from prison to take revenge and kill people!”

Guest elder Lu was suppressed by the Three Dao Masters, and he suddenly calmed down and said hurriedly, “Please listen to my explanation. I was framed!”

“Framed? Hehe!” Dao Master Feng Hua was furious. “He framed you and let you escape from prison. He framed you and let you take revenge and kill someone?”

That was the truth!

However, who would believe it?

A dao-fied guest elder was saved from a tightly guarded dungeon by an ordinary half-step Dao Master?

Not only did she save him, but she even allowed him to kill her?

The other two dao masters were filled with disappointment.

“You unrepentant thing! Originally, the three of us still had a sliver of trust in you. We wanted to wait for the results of the investigation to come out before asking the patriarch for permission to reappoint you as an honored guest. Now, it seems that there’s no need!”

The other elder looked at Su Yu and asked, “Why did she break out of the prison to kill you?”

Su Yu covered her wound and said in a deep voice, “Before Tian Yunzhong reported it, he told me that if he met with misfortune one day, please take care of his family.”

“I think that guest elder Lu must have misunderstood. Tian Yunzhong told me where the evidence was hidden, so he killed me to silence me.”

Hearing this, the Three Dao Masters’ expressions did not change, but they had already made up their minds.

Other than this reason, what else could make guest elder Lu break out of prison and kill someone?

Now, she said that she didn’t collude with the second peerless family. She didn’t believe it herself, right?

“I was wronged. Everything was set up by him to frame me. You guys believe me, really...” guest elder Lu sobbed as he defended himself.

PA --

Dao Master Feng Hua slapped her in the face and berated angrily, “Shut up! You Disgrace!”

She had not only silenced him once, she had even tried to do it a second time. Now that she was caught red-handed, she still wanted to quibble.

Was she insulting the intelligence of the three clan elders?

“This person can be determined to be a spy of the second absolute family. How should we deal with him?” The wind flower path master asked coldly.

The other two clan elders exchanged glances and saw the ruthlessness in each other’s eyes.

There was only one way to deal with the remnants of the second absolute family.

Die!

“No! I’m not, I’m really innocent!” Guest elder Lu fell into great panic and repeatedly kowtowed. “As long as you spare my life, I’m willing to do anything!”

However, the three clan elders had already made up their minds.

Guest elder Lu was simply too arrogant. Not only did he publicly silence them, he even dared to break out of prison to silence them twice.

Combined with his usual personality, he definitely could not let such a person live!

The wind flower path master said coldly, “Everything requires a price, and you are no exception!”

After saying that, he was about to end guest elder Lu’s life with a finger.

At the moment of life and death, guest elder Lu gritted his teeth and took out a golden token. His entire body was emitting waves of golden light.

On it were the words “Avoid death”. The words were vigorous and powerful, emitting a unique rhythm.

“I have a death-free token personally bestowed by the patriarch. You Can’t kill me!” Guest elder Lu said with heartache.

The three clan elders’ expressions changed slightly. Daoist master Feng Hua took the death-exemption token and flipped through it. He asked in surprise, “It’s a real death-exemption token, but... how did you get it?”

The death-exemption token was only given to those who contributed greatly to the number one aristocratic family.

Every generation’s patriarch would not give out more than three death-exemption tokens.

Did guest elder Lu contribute anything? He was actually able to obtain a death-exemption token?

Guest elder Lu said proudly, "A few years ago, during the fight with the second peerless family, the family head was in danger. I risked my life to block a fatal blow for him, so the family head secretly rewarded me with a death-exemption token!"

The battle a few years ago was indeed quite dangerous.

She did not expect that the seemingly unharmed family head would actually be in danger.

She stared at the three elders and said, "Now, can you still kill me?"

The three elders looked hesitant. The death-exemption token was personally given by the family head. Who would dare to kill her?

Daoist master wind flower thought for a long time and said, "The death penalty can be avoided, but the punishment can not be escaped!"

She flicked her finger and a restriction entered guest elder Lu's body, trapping his power and making him become a mortal.

"Force him into the dungeon and wait for the clan leader to personally punish him." Although she could not kill him, she could still imprison him.

At the same time, she took away the token in guest elder Lu's hand. "The death-exemption token can only be used once!"

Guest elder Lu's heart ached. That was her life-saving item, and now she had lost it just like that.

Everything was thanks to Su Yu!

She glared at Su Yu with hatred in her eyes.

If there was even the slightest chance, she had to make Su Yu pay the price in blood.

Seeing that she had been suppressed, Su Yu felt a little regretful.

Everything had been planned out, except for the gold medal of survival, which was out of his expectations.

If he wanted to use the same trick again and make guest elder Lu break out of prison to silence her, it would attract too much suspicion.

It was impossible to kill her for the time being!

Unless he wanted to expose himself and use force.

At this moment, the wind flower path master looked at Su Yu and said, "Has she ever done anything unfair to you? If she has, I can help you clear your name now."

The only unfair thing she had done was to arrange for him to be in the east mining area, right?

However, the opening of the sky net mining coffin was imminent, so he naturally could not leave.

"No!"

Nodding, the wind flower path master and the other two elders left silently.

The next day, the entire town was in an uproar.

Guest elder Lu was actually a survivor of the second most powerful family!

When they found out that she was imprisoned in the dungeon, the entire city clapped their hands in delight.

Usually, guest elder Lu was extremely arrogant and overbearing.

Now that he had ended up like this, it was naturally gratifying.

Regarding this, Su Yu treated it calmly. expressionlessly, he entered the eastern mining area and then quietly entered the tunnel.

As expected, that group of people was trying to dig up the sky net mining coffin again.

This continued for half a month.

On this day, Su Yu and Xiao Die hid in front of the sky net mining coffin and closely watched the actions of the three people.

They used a special magical artifact and finally broke the final restriction.

With a muffled thunder-like sound, the sky net mining coffin was finally revealed in front of people!

An evil aura that had been sealed for a long time assaulted Su Yu's face!

Even though they were far away, it still gave Su Yu a sense of trepidation.

Fortunately, what made Su Yu feel slightly relieved was that through the clairvoyance eye, he could confirm that the skeleton was already dead to the point of no return.

The thing that truly emitted the evil aura was a beast skin book placed on its chest.

On the cover, there were extremely rare words that ordinary people wouldn't be able to recognize.

There seemed to be some extremely evil existence hidden within the book, making people shudder in fear.

And the target of the three people was the beast skin book.

"The Dark Emperor's supreme scripture! It's really here!" Among the three people, the woman that Su Yu felt like he had seen before had a look of deep joy in her eyes.

The young man and the old man beside him also found it hard to suppress their excitement.

Chapter 2180 The Supreme Evil Scripture

"The young master has been searching for many years and has dug up more than a hundred ancient emperors'tombs. He finally found them in the heaven-destroying mountain tomb,"the young man said.

The old man sighed, "The young master had already deduced that the feng shui structure and geography of the heaven-destroying mountain was most likely an ancient tomb of a super expert. It was as he expected!"

The woman agreed. "Young master is wise and wise, and your foresight is like a god. We Admire You!"

The young man said, "What we admire the most is young master's vast abilities. Even though the heaven-cleaving mountain has been occupied, he was still able to arrange for us to continue excavating here without being disturbed."

Hearing this, Su Yu's heart moved slightly.

He had long felt that it was strange. He had come here because guest elder Lu was trying to create trouble for him.

The three of them could not possibly have offended guest elder Lu as well, could they?

From the looks of it now, there was actually a person with a high status in the heaven splitter mountain who had been bribed by the second most prestigious family!

Who could that person be?

As they were deep in thought, they had already begun to step forward to retrieve the copy of the "Dark Emperor's supreme scripture".

"Are we going to make a move?" Xiao Die licked her lips. The treasure that she thought of was obviously the Beast Skin Scroll.

Su Yu shook his head lightly. "Don't act rashly. That beast skin scroll might not be easy to take."

"It is indeed not easy to take. If this thing is not handled properly, it will be very dangerous." Xiao Die said.

Things that could make her feel dangerous were really rare.

The two of them watched closely and saw that the three of them were also very careful. They used a special special container to carefully place the "Dark emperor's scripture" inside.

Then, they immediately strengthened the seal, sealing the beast skin book to prevent any accidents from happening.

The entire process was very smooth, without any accidents happening.

The three of them let out a long sigh of relief, their faces showing a relaxed expression.

"What should we do with the corpse?" The woman looked at the remains inside the Tian Jing mining coffin and asked.

The old man was mature and serious, with a hint of fear, "After all, it's the remains of an expert. Who knows if he left behind some backup plan to prevent outsiders from damaging the body. It's enough for us to obtain the supreme scripture of the Dark Emperor. We shouldn't pay attention to the corpse anymore to avoid any unnecessary complications."

The young man, on the other hand, stared greedily at the Tianjing dust between the brows of the remains and said, "It's a pity that we're not moving. We can't let go of this grain of Tianjing dust."

"This..." the old man was a bit hesitant, but seeing that everyone had worked hard for this for a long time, he didn't want to stop him. He said, "Be careful. If something goes wrong, stop immediately."

"I know," the young man said.

He took out a long hook at the level of Dao artifact immortal embryo, and with a light hook, he hooked the dustless sky.

The brilliant dustless sky was like a glass bead, falling to the ground with a crisp sound.

Just as the young man was about to pull it over, the sky-purifying dust suddenly dimmed.

The holy light it emitted was quickly extinguished, leaving only an ordinary crystal that was dim.

There were countless cracks on the surface of his body. It was because the holy light in his body had dissipated.

The young man was stunned and sighed in disappointment, "After countless years, this sky-purifying dust has lost its effect. What a pity!"

Su Yu's eyes were filled with disappointment as well. He thought that he would be able to obtain a grain of heaven cleansing dust, but to think that it would end up like this!

"Let's go back and report to young master," the old man said as he looked at the remains.

However, just as he finished speaking, a faint cracking sound was heard.

There were only the three of them in the ancient tomb. It was extremely quiet. How could such a commotion be hidden from their ears?

The three of them looked at the corpse that was supposed to be dead.

What made their hair stand on end was that the corpse actually stood up from the coffin.

Waves of evil Qi that originated from the beast skin book were emitted from its body.

"It... It's alive?" The young man asked in shock.

The old man stared at the corpse and said regretfully, "I should have stopped you! The effect of the heaven cleansing dust should have been to suppress the evil Qi in the corpse. Now that the heaven cleansing dust has shattered and nothing can suppress it, the evil Qi in its body has awakened."

"These evil energies have accumulated over countless years and have long developed their own consciousness, controlling this remains."

As he said that, he retreated and said, "Leave this place immediately."

The other two did not dare to stay any longer and left the ancient tomb without thinking.

However, just as they were about to leave, the remains chanted an obscure incantation.

The sealed Dark Emperor's scripture suddenly spun and cut open the seal with its sharp horns.

At the same time, an extremely sharp evil Qi was released from the book.

The old man who was holding the Beast Skin Scroll was caught off guard and was struck by the evil Qi on the spot.

His eyes immediately sank into a dark grey.

“Old Yuan!”The young man cried out in shock and immediately went forward to pull him away from the Dark Emperor’s scripture.

However, suddenly, the young man felt a chill in his chest.

The old man had actually pierced through the young man’s body with one claw.

Very quickly, the young man’s eyes were also dark.

The two of them turned around in a daze and looked at the only woman left.

The woman was scared out of her wits and she looked at the Dark Emperor’s highest scripture unwillingly before she turned around and went out of the ancient tomb.

Before she left, she pulled down the traps in the ancient tomb and the entire tomb was sealed up once again.

Su Yu was equally surprised when he saw the unexpected scene.

It turned out that the “Dark Emperor’s supreme scripture”was actually an evil book that could manipulate People’s hearts.

Just as he was wondering if he should go down, the old man and the young man who did not manage to catch the woman turned their heads and stared in the direction of Su Yu.

Su Yu’s heart skipped a beat. He had been discovered!

To be more precise, it was the scriptures that had discovered his and Xiao Die’s existence.

“Roar...”

The two men let out non-human beast roars and pounced over at the same time.

“Since we’ve been discovered, we can only take action.”Su Yu pulled out a long sword that was burning with golden flames with a backhand.

It was the unbounded karma flame.

In terms of restraining evil, it belonged to this item!

Kicking away the Tianjing mine in front of him, Su Yu jumped into the ancient tomb with his sword and swept out with his ultimate.

The unbounded karmic flame swept out in a circular arc, emptying out all the evil energy in the vicinity.

The old man and the young man subconsciously retreated, as if they were extremely afraid of the unbounded karmic flame.

“Space, Freeze!”Su Yu shouted softly and froze the two of them. Then, he rushed forward and pierced through the two of them at the same time with his sword.

The powerful unbounded karma flame surged into their bodies and burned all the evil qi inside.

The two of them fell to the ground weakly just now and were seriously injured!

In order to prevent them from being controlled by the evil qi again, he threw them into the space of the Buddha beads.

Whoosh --

At this moment, the supreme scripture of the evil emperor spun and shot out a large amount of evil qi, which condensed into countless pitch-black steel needles and shot toward Su Yu.

“Thirty Feet Small Realm!” Having personally witnessed how the old man was demonized, he did not dare to be careless.

Xiu Xiu Xiu Xiu --

Countless steel needles entered the thirty feet small realm like mud flowing into the sea, unable to harm Su Yu in the slightest.

“Seeing that the supreme dark emperor Scripture’s attack was ineffective, it spun around and fell into the hands of the remains.” The remains held the beast skin book in its hand and flipped it open.

Immediately, a shocking wave of evil qi rolled out with a rumble, forming an incomparably malevolent giant door in front of him.

As he chanted, numerous powerful figures formed from the evil Qi walked out one after another from the door.

There were a total of seven of them, and each of them had a world-shaking and terrifying aura.

The strength of that Aura was not inferior to that of a dao master!

Su Yu’s eyelids were twitching wildly, and his heart was extremely heavy.

He could easily deal with a dao master.

But seven... just thinking about it made Su Yu’s scalp go numb.

“Leave them to me. You take the Scripture.” At this moment, Xiao Die took a step forward and took a deep breath. The figure of a butterfly appeared behind her.

With a flash of its wings, a powerful and peerless storm formed.

The storm formed a vortex of its own, like a bottomless pit, swallowing everything in its path.

The seven demonized figures were immediately pulled back by the suction force, rendering them unable to move for the time being.

Su Yu’s light flashed and seized the opportunity to leap towards the remains.

“Power of Destruction!” The eight laws swirled around his palm, like a sudden annihilation, giving birth to the power of destruction.

Pu --

How could a corpse that had been dead for who knew how long be able to withstand such a powerful power of destruction?

In an instant, the corpse was completely gone.

Only the “Dark Emperor’s supreme scripture” was left floating in the air, unscathed, as it opened the second page.

As it opened, a wave of evil energy that was ten thousand times more evil than before suddenly rushed out!

Su Yu’s heart trembled. Just how much evil energy was hidden within this book?

At that moment, he shouted in a low voice, “Freeze time and space!”

Under the double freeze of time and space, the beast skin book was only slightly obstructed!

Su Yu’s pupils constricted. He knew that the critical moment was approaching and he could not delay any longer.

“Day and Night!” He gripped the unbounded flaming sword with both his hands and a powerful mystical power was born in his palms.

Accompanied by that simple and unadorned sword form, it pierced through the “Dark Emperor’s supreme scripture”.

With a slight explosion, the evil energy that was about to rush out was extinguished by a single sword strike.

At the same time, the entire beast skin book was pierced through by a single sword strike.

The Beast Skin book was like a living thing, struggling and squirming as it tried to get rid of the sword.

However, it was unable to succeed.

After the book was subdued, the Seven Evil Incarnations released from the first door naturally retreated back into the book.

Xiao die opened her hand and pounced over, biting onto the dark emperor’s supreme scripture.

Su Yu’s eyelids twitched as he looked at it. “Aren’t you afraid of being poisoned to death?”

Xiao die acted as if she did not hear it and her face was filled with excitement. No matter how the Beast Skin Book struggled, she would not let go of it.

Inside the book, waves of shocking evil energy were being sucked away by Xiao die at a speed visible to the naked eye.

As the evil energy flowed away, the beast skin book became slower and slower.

In the end, when all the evil energy was sucked away, it did not move at all, as if it was a dead object.

Gulp --

Xiao Die let go of her mouth and burped.

Touching her round belly, she looked at Su Yu in embarrassment and said, “Don’t laugh at me! This is the only time, it won’t happen again! When I evolve again, I won’t eat so much anymore!”

Su Yu was slightly enlightened. The reason why Xiao Die ate so much every time was because she needed to evolve.

If she evolved again, she should evolve into a mature body, right?

Then, she might not eat like she did now.

“I’m not smiling.” Su Yu pointed at his face.

“Don’t Laugh In Your Heart!” Xiao die showed a coquettish expression that she had not shown for a long time.

“Hehe... Go. I’m looking forward to your final evolution.” Su Yu smiled and touched her head.

Xiao Die did not resist. A dark expression appeared on her face as she said, “My evolution this time will probably last longer than before. You have to live well.”

Cultivation was ruthless.

No one knew when their path of cultivation would stop.

“How many storms have I walked through? How Can I Die? Rest assured, I will smile and welcome you out of the Cocoon!”

Xiao die raised her head, her crystal eyes filled with emotion.

After a long silence, she suddenly raised her head as if she had made up her mind. “For your safety, I’ll give you a gift!”
