

Nine-Dragon 2181

Chapter 2181 The Throne Of Heaven And Earth

“Safe for me?” Su Yu couldn’t help but laugh.

Not long ago, it was still needed to feed the caterpillar, but now it had to take care of his safety?

“Of course! You will like the gift I gave you,” Xiao Die said confidently. “Come here!”

Su Yu smiled and walked over.

“Come a little closer.”

Su Yu took another step forward, his face almost touching her nose.

“A little more!”

“Again...”

Smack..

Suddenly, Xiao Die’s red lips kissed Su Yu’s cheek.

Su Yu subconsciously pulled away, covered his face, and said in surprise, “You?”

He had never had any thoughts about Xiao die.

Just as he had said before, he had watched Xiao die grow up little by little, and he really could not give birth to the emotions between a man and a woman.

From the beginning to the end, he had treated her like a little girl.

“What are you thinking? Narcissist!” Xiao Die glared at Su Yu. “Look in the mirror. Look at your face.”

Su Yu casually condensed an ice mirror in front of him. When he looked at it, there was actually a nine-colored butterfly mark on his face.

The wings of the mark flapped slowly, looking lifelike.

Her kiss had turned into a butterfly mark!

Su Yu was stunned and didn’t know whether to laugh or cry. “You want me, a grown man, to wear a butterfly mark on my face?”

“It will naturally disappear later,” Xiao Die said seriously. “This mark contains my innate ability. From now on, you can share my ability.”

Su Yu pointed at his mouth. “You’re saying that I will become greedy?”

Xiao Die clenched her fists and said, “I have an impulse to beat you up. Why do you think that is?”

How was her talent greedy?

It was clearly omnivorous!

There was almost nothing in the world that could not be bitten open!

“Haha...” Su Yu laughed and stopped teasing her. He said, “Thank you.”

Xiao die pouted and said, “I won’t talk to You Anymore, you bad guy!”

After that, she went back into the nine Jade Spirit Pearl.

Su Yu touched the mark on his face. It had indeed disappeared very quickly and appeared in the depths of his soul.

As long as his soul was activated, he would be able to share that heaven defying gnawing ability.

Su Yu’s heart warmed slightly. Although that little fellow had resisted him verbally, in reality, he had always treated him as the person closest to him, hadn’t he?

While he was lost in thought, the Dark Emperor’s scripture that had been pierced through by the unbounded flaming sword slid onto the ground.

The evil energy within his body had completely dissipated and there was no longer any danger.

Su Yu bent down to pick it up and flipped it open to take a look. He discovered that it was all recorded in ancient characters that had been lost for generations.

Unfortunately, he recognized those characters.

“Isn’t it some kind of cultivation technique?” Su Yu had initially thought that the supreme dark emperor scripture should be some kind of powerful cultivation technique.

After reading through the contents, he realized that it was merely the autobiography of a person who claimed to be the dark emperor for his entire life.

This dark emperor was an ancient mighty figure at the beginning of the New Age!

He relied on a throne and his evil techniques were unrivaled.

However, his actions were too evil.

All his life, he had been challenging the strongest warriors from one civilization after another.

If the other party was defeated, he would slaughter all the civilizations that the other party belonged to and absorb their flesh and blood to cultivate the evil techniques.

Throughout his life, countless civilizations were annihilated because of him.

For a long period of time, the Dark Emperor had become a nightmare that engulfed many civilizations in the absolute beginning realm.

Many high level civilizations had started to hunt down the dark emperor, but they had never succeeded. Instead, they had lost countless soldiers.

Seeing the dark emperor slaughtering everywhere, the evil technique was getting stronger and stronger, threatening the entire absolute beginning realm.

The Heavenly Dao Palace had made their move!

And it was the Heavenly Dao Palace Master with the highest cultivation!

After a thousand years of pursuit, crossing the entire absolute beginning world, they finally killed the unexcelled dark emperor under the sword.

However, although the Dark Emperor had died, his throne was still preserved.

Moreover, before he died, he hid the throne somewhere and with the Dark Emperor's blood, he left behind a copy of the "Dark Emperor's supreme scripture", recording his life and the location of the throne.

Seeing this, Su Yu's heart pounded.

The topmost scripture said that the throne was stolen from the heavenly court by the Dark Emperor and was a throne reserved for the emperor.

It was infused with the power of an ancient god.

Sitting on the throne, one could share the ancient god's perspective and comprehend all the confusion in the world.

That was why the Dark Emperor's evil techniques were cultivated so quickly and so heaven-defying.

It was all because of that throne!

And that Throne's real name was... the throne of Heaven and earth!

That was one of the four pieces of the emperor's set!

Su Yu had already seen the emperor's killing sword before.

And now, there was actually a throne of heaven and earth that was two of the four pieces!

The current Su Yu was at the moment when he broke through to Dao Master.

The dao of the body and the Dao of the soul were fine, but the Dao of the laws... since ancient times, no one had been able to bring all eight laws into the domain at the same time.

And the throne of Heaven and earth might be the only way for Su Yu to transform his laws into Dao!

"The emperor's four-piece set, we meet again." Su Yu sighed in his heart.

At the same time, he could not help but think, if the emperor's four-piece set appeared, would Zhan Wushuang appear again?

There was an invisible connection between Zhan Wushuang and the four-piece set, allowing him to sense where the four-piece set was at any time.

"A natural born emperor, the four-piece set is destined to belong to him." Su Yu smiled lightly. "The premise is that without me!"

With him, Su Yu, the four-piece emperor set might not only belong to Zhan Wushuang!

“I must get this thing!” He had already grasped the whereabouts of the Heaven and Earth throne, and it was located in a place called the “Emotion severing platform.”.

As long as he confirmed where it was, he would immediately head there to search for the Heaven and Earth throne.

After putting away the Taishang scripture, Su Yu glanced at the dim sky cleansing dust and returned disappointed.

Not long after he returned to the inn, a communication jade pendant in his hand suddenly rang.

After Su Yu finished reading, a bright light flashed. After resting for a while, he set off to a desolate manor outside the city.

When he appeared, he heard a melodious voice, “Young Master Wuchen is indeed a man of his word.”

The person who spoke was none other than the beautiful woman selling information.

Her eyes contained a smile as she gestured for Su Yu to enter. “Please enter!”

Su Yu swept his gaze inside and discovered that he wasn’t the only one who had entered. There were also many young elites from the number one aristocratic family.

He recognized one of them, a man with long golden hair who was dressed in feathered clothes.

He was known as the number one expert in the younger generation among the many branches of the number one aristocratic family, Wu Tong Qiu Ke.

Other than Bi Yun Hong Xian from the main branch, the others were no match for this person.

It was said that he had already completed the Dao of the soul and was very powerful in the Dao of the soul.

As for the others, they were all famous young geniuses from the number one aristocratic family.

“They are all people with potential from the number one aristocratic family.” Su Yu thought to himself.

Suddenly, Su Yu discovered that there was a familiar figure in the crowd.

However, she was not from the number one aristocratic family, but... a remnant of the number two aristocratic family!

Not long ago, he had seen her in the Dark Emperor’s tomb!

Looking at her and then at the beautiful woman in the palace attire, Su Yu felt a chill run down his spine.

He had long felt that this woman looked rather familiar.

He had thought that he had seen her before, but now he realized that the reason why she looked familiar was because this woman was fifty percent similar to the beautiful woman in the palace attire!

“This person looks so unfamiliar.” Su Yu looked at the woman and asked.

The beautiful woman in the palace smiled, "That's my sister. Oh right, she's in the east mining area with you. Why, haven't you guys seen her before?"

Su Yu thought to himself, as expected!

The beautiful woman in the palace was also a remnant of the second most powerful family!

A remnant would kindly help the elites of the first most powerful family to transform into dao bodies?

It's the first watch.

Chapter 2182 Heaven's Legacy Ancient Country

"We have never met before." Su Yu looked at his sister with an unfamiliar gaze.

The beautiful woman in Palace attire saw his expression and smiled like the wind. She called her over and said, "Little duo, let me introduce you to the famous young master Wuchen. This is my sister, Shu Xianduo."

Shu Xianduo's brows were delicate and pretty. She bowed lightly and said, "Young master's name is like thunder."

Everyone in the town knew of young master Wuchen's reputation for being able to dig up a thousand Jin of Tianjing ore in the abandoned eastern mining area.

It was widely rumored in the town that Su Yu had the talent to search for treasures.

Otherwise, there was no way to explain how he managed to obtain so many Tianjing ore.

"You flatter me." Su Yu smiled gently. There was not the slightest change in his expression.

However, he was already extremely vigilant in his heart.

The agreement between him and the beautiful woman in the palace was a thousand Jin of pure heaven ore.

However, if his sister Shu Xianduo was able to open up that mine tomb that was filled with pure heaven ore, would she be able to collect too little pure heaven ore?

Would the beautiful woman in the palace lack pure heaven ore?

There must be a reason for inviting him.

"Young Master Wuchen, please take care of her later."

"That's easy to say." Su Yu said this, but he was thinking quickly in his heart.

He could already be sure that the beautiful woman in the palace was up to no good, and whether or not the supreme power of Heaven and earth existed was another matter.

Now, perhaps he should withdraw and retreat.

The only problem was, could he leave now?

Shu Xianduo's strength was still easy to say, but the beautiful woman in the palace had yet to see through it.

She dared to deceive many half-step dao masters from the number one peerless family to come here, so she must have strong confidence that she could subdue them at the critical moment.

As for Su Yu, he had already used the power of the ancient tomb for a day and a night.

The dao master's strength in his body was simply not enough to execute the sword art of Exterminating Dao Masters.

At most, he could only kill some half-step dao masters.

Hence, even though he knew that the beautiful woman in the palace dress had other intentions, he couldn't act rashly.

"Everyone, everyone is here. We can set off now." The beautiful woman in the palace dress said.

Upon hearing this, traces of anticipation could be seen in the eyes of everyone.

"Thank you, Shopkeeper Shu, for leading the way." Wu Tong Qiu Ke smiled.

The beautiful woman in the palace attire smiled, "We all have a transaction with us, there's no need to thank us."

As she spoke, she turned her gaze to Su Yu and spoke, "I hope young master Wuchen will not be stingy in helping everyone on this trip."

Su Yu frowned.

These words were said in private, but in public, in front of the most outstanding geniuses of the number one aristocratic family. It was really inappropriate.

As expected, Wutong Qiu Ke's long and narrow eyes looked over. He sized Su Yu up and said, "Oh? What shopkeeper Shu means is that we have obtained the ultimate power of Heaven and earth, but we still have to rely on young master Wuchen?"

As the number one person of the branch, he indeed had the capital to be unconvinced.

When Yu Ren heard this, he was also not very comfortable. He looked over with a surprised and disdainful gaze.

Which one of them present was not a famous Heaven's pride expert? How could they allow an unknown peer to ride on their heads.

Su Yu said indifferently, "Manager Shu thinks too highly of me. I am only an ordinary martial artist. I should rely on the fellow martial artists present here."

Although he could indeed easily defeat any of his peers here, there was no need for him to offend them for no reason at all.

"You still have some self-awareness," Wu Tong Qiu Ke said indifferently.

With him present, it was not young master Wu Chen's turn to stand up!

Seeing Su Yu like this, the gazes of the others faded away one after another.

The beautiful woman in imperial clothing smiled sweetly and said, "Don't underestimate young master Wu Chen. He's very powerful."

As soon as these words were spoken, everyone who had already retracted their gazes became displeased.

For some reason, she intentionally provoked Su Yu and everyone else.

Su Yu's brows furrowed deeply. What was this woman planning?

Seeing that she was about to continue, Su Yu coldly asked, "How long does shopkeeper Shu intend to drag this out?"

Hearing her displeasure, she smiled and changed the topic, "Let's set off!"

Under her lead, the group left the town and headed to the southeast corner of the heaven-destroying mountain.

A few days later, they heard a desert.

They couldn't see the end of the desert as far as their eyes could see.

An ancient stone tablet stood alone in the desert.

The stone tablet was the dividing line between the number one and number two aristocratic families.

"The most powerful force of Heaven and Earth is here?" Wu Tong Qiu Ke voiced her doubts.

The supreme power of heaven and earth would usually nourish the living beings nearby, so that spiritual objects were everywhere.

The barren land in front of them didn't look like it would have the supreme power of Heaven and earth.

The beautiful woman in the imperial dress smiled sweetly. "Don't look at the surface. Do you know that this desert used to be the place where the spiritual energy of the seven ultimate civilization was the most abundant?"

Everyone was surprised, but they didn't know anything about it.

The seven ultimate civilizations were too big and had a long history. There were many things that one wouldn't know if one didn't deliberately study them.

"This place used to be the capital of the ancient Kingdom of Heaven's legacy!" The beautiful woman's eyes were filled with yearning and regret.

"The ancient Kingdom of Heaven's legacy?" Wu Tong Qiu Ke was in awe. "The country where the seven ultimate civilizations were founded?"

"That's right!" The beautiful woman in the palace was filled with loneliness. "Back in the day, the Heaven's legacy ancient country unified the seven ultimate civilizations and controlled the entire world. How glorious and magnificent was

that? Unfortunately, the country was destroyed overnight and the ancient country was torn apart. It gradually declined until today.”

The Heaven’s legacy ancient country was the only one that unified the entire history of the seven ultimate civilizations.

Under its rule, there were many experts and talented people.

The Emperor of the Heaven’s legacy ancient nation, the Heaven’s legacy Emperor, was even more talented.

He led the people of the ancient nation to conquer the other seven-star civilization.

At that time, the seven ultimate civilization was extremely glorious.

Unfortunately, the good times didn’t last long.

The Heaven’s legacy Emperor mysteriously died in one night, and the experts led by him immediately lost their backbone.

After that, with the instigation of external forces, the heavenly emperor ancient kingdom fell into a long and endless civil war.

In the end, the glorious heavenly emperor ancient kingdom was split into four.

And during the long war, it continued to split.

In the end, it became the current seven great families, each ruling their own territory.

The former Heavenly Emperor Ancient Kingdom was renamed the Seven Ultimate Civilization.

The people of the seven ultimate civilization all yearned for the heavenly emperor ancient kingdom.

That was their peak moment.

How could they not be surprised when they learned that this desert was the Heaven’s legacy ancient kingdom?

“But according to historical records, isn’t the Heaven’s legacy ancient kingdom’s ancient capital in the seventh Ultimate Family?”Wu Tong Qiu Ke asked after a short moment of surprise.

The seventh ultimate family had always considered themselves descendants of the Heaven’s legacy Emperor. They announced to the outside world that they were the true descendants of the Heaven’s legacy ancient kingdom.

They lived in the capital of the ancient kingdom.

The beautiful woman nodded and said, “Indeed, the true capital of the Heavenly Emperor is in the seventh aristocratic family.”

“Then why did you say that this is the capital of the Heavenly Emperor?”

The beautiful woman said slowly, “The history books only know where the seventh aristocratic family is, but they don’t know that the Heavenly Emperor moved to the capital once.”

Chapter 2183 Dao Master Expert

Hearing this, everyone felt that it was new.

“There’s actually such a thing?”

“Yes! When the Heaven’s legacy ancient kingdom was founded, because it was discovered that there was a power that could not be suppressed beneath the imperial capital, it chose to move the capital.”

“This matter is too far away, and it happened at the beginning of the founding of the kingdom. Therefore, it was not recorded in the history books. I only discovered it in an ancient book and came here to investigate. In the end, I really found a powerful force of heaven and earth beneath the ground.”

Wu Tong Qiu Ke was moved. “Could it be that after such a long time, that uncontrollable energy has yet to erupt?”

If that was the case, the number one and number two aristocratic families would be in danger!

Even the heavenly emperor chose to move the capital. One could see how terrifying that energy was.

“There’s no need to worry anymore. If not, where did this desert come from? Why is there no trace of the ancient capital’s ruins?”The beautiful woman in the palace dress asked.

Hearing this, everyone sucked in a breath of cold air.

Could it be that all the deserts were caused by the eruption of that energy back then?

The entire second and third supreme aristocrat clans were all located deep within the desert.

“If not, is there any other reason?”The beautiful woman in the palace dress asked.

Wu Tong Qiu ke continued, “Then, the heaven and earth energy you discovered is...”

“It’s the remnant energy from back then. It’s hidden deep underground and is about to erupt.”The beautiful woman in the palace spoke with a serious expression. “However, even if it’s the remnant energy, it’s still extremely powerful. The core of the energy, even if the DAO Master were to fall into it, he would die without a doubt!”

Hearing this, the hearts of everyone trembled.

“However, as long as it’s outside the boundary of that energy, there shouldn’t be any problems.”The beautiful woman in the palace glanced at the sky as she continued, “Let’s go down. That energy shouldn’t be too far away from erupting.”

She casually pointed at a certain spot in the void in front of the boundary stone.

A ripple was seen, revealing an array that had been set up for a long time.

Under the array, a ruin was concealed.

The beautiful woman walked forward and stomped her feet on a corner of the ruin. An ancient well appeared on the ground.

She was the first to jump down. Wutong Qiuke and the others entered one after another.

In the end, Su Yu was left lingering. She was hesitant.

“Young master wuchen, time waits for no one. What are you waiting for?” Shu Xianduo looked at Su Yu with a profound gaze.

Su Yu nodded and jumped into the cave.

After falling for two hours, he stood firmly on a huge rock.

Looking around, he did not know how deep the underground was. It was an extremely large underground cave.

The walls of the cave were all decorated with Tianjing ore. The holy light emitted from it illuminated the entire underground.

With the help of the light, one could clearly see a sleeping giant python lying deep underground.

Its body was emitting a suffocating aura.

“That is the remaining power of Heaven and earth. However, because it has been dormant for too long, it has gained sentience.” The beautiful woman in the palace dress only said this now.

Everyone’s expressions changed.

The power of Heaven and earth that had sentience could explode and destroy them at any time?

“Sir, are you joking?” Wu Tong Qiu Ke’s face was gloomy. “This power of Heaven and Earth has its own intelligence. It can kill all of us at will, and it even wants to borrow its power to transform into a body. It’s delusional!”

He was so angry that he rose into the air and waved his hand to leave. “Whoever isn’t afraid of death will attack. I Won’t accompany you anymore!”

Compared to a body that transformed into a dao, life was naturally more important.

The moment Wu Tong Qiu Ke left, the rest of the people started to waver and prepared to leave.

“Did you forget something?” The beautiful woman in the palace dress said calmly.

Wu Tong Qiu ke said, “You said it was a deal, right? Sorry, you hid the specific situation first, so don’t blame me for breaking the contract later!”

The beautiful woman in the palace dress had an agreement with everyone.

“No, I’m not talking about an agreement, but you seem to have forgotten your identity.”

Wu Tong Qiu ke frowned. "Identity? The number one aristocratic family, the number one person of the branch family, Wu Tong Qiu Ke, is there a problem?"

The eyes of the beautiful woman in the palace dress became playful. "No problem, the problem is that I'm the remnant of the number two aristocratic family that you speak of!"

When these words were said, the entire scene turned pale with fright!

"Remnant?" Wu Tong Qiu Ke's eyebrows rose high, and then his long and narrow eyes narrowed. "You mean, you want us to fulfill your wish and send you on Your Way?"

He actually dared to reveal his identity in front of so many geniuses of the number one aristocratic family. He was indeed courting death.

"Is that so?" The beautiful woman in Palace attire smiled deeply, her body suddenly releasing an oppressive aura.

Wu Tong Qiu Ke, who was flying in the air, was directly suppressed by this aura and fell to the ground.

The others, who were slightly weaker, were directly suppressed by this violent aura until they knelt on the ground.

Only a few people were still able to stand, including Su Yu.

"Dao... Dao Master?" Everyone present turned pale with fright!

Wu Tong Qiu Ke's face was deathly pale as he stared at the other party in fear. He had never thought that the beautiful woman in the palace would be a dao master, or even a dao master of the second most powerful family!

"Now, do you still want to send me on my way?" The beautiful woman in the palace completely exposed herself as she said with a faint smile.

Wutong Qiuke immediately lowered his head, not daring to look into her eyes.

The beautiful woman in the palace dress smiled and looked around. Her gaze fell on a few people who had never knelt down.

When she glanced at Su Yu, her gaze froze and she said with a smile, "Looking at you, you don't seem to be surprised at all."

It was within her expectations. How could she be surprised?

Su Yu's expression was indifferent as he said, "Senior tricked us to this point. I think you don't like what we have. If there's anything, you can say it now."

The others were all silent, but Su Yu, on the other hand, spoke with a tone of equality.

The beautiful woman in palace clothes sized up Su Yu and said, "Your tone really makes people uncomfortable!"

Her words contained traces of threat, as if she was about to make a move. But then, her eyes curved into crescent moons as she said with a smile, “However, people with ability will always be treated differently.”

“Those who are capable?” Wutong Qiuke, who was lying on the ground, could not understand. How could Su Yu be worthy of the appreciation of a dao master!

The beautiful woman continued, “Of course, I didn’t bring you here for your pitiful things! I came here to ask you to help me take out something from this power of Heaven and earth!”

Everyone was silent. They had no choice but to listen to the beautiful woman in the palace.

“That thing was left behind by one of the imperial concubines of the Heavenly Emperor. It was called the emotion severing flute. Because of an accident, it fell here and was wrapped up in this heaven and earth energy.”

“Take out this flute for me. It’s not that I can’t consider letting you go.”

Everyone looked at each other, thinking.

Su Yu’s eyes flashed as he asked, “You’re a Dao master. Why do you need us half-step Dao Masters to take the flute?”

This question was also what everyone was thinking.

The beautiful woman in the palace dress said indifferently, “It’s very simple, because this force of Heaven and earth is more sensitive to people with stronger cultivations. If I were to enter, I’m afraid I would immediately wake them up. Only you guys can go deep into their bodies and search for the flute!”

So that was the case.

However, if they were to accidentally wake up this force of Heaven and earth, they would be the ones who would die!

Chapter 2184 Overestimating Yourself

Looking around at everyone, the beautiful woman in palace attire said leisurely, “If anyone manages to obtain the emotion severing flute, not only can I let him go, I will also give him a defensive type dao artifact immortal embryo.”

Hearing this, everyone’s emotions fluctuated, and traces of hope for survival shot out from their eyes.

Wu Tong Qiu Ke slapped the ground with both of his palms. Before most of the people could react, he took the lead and leaped into the Python’s body.

The others jumped into the Python one after another.

The words of the beautiful woman in the palace might not be believable, but they didn’t have the right to choose.

Under the strict law of the jungle, they could only go with the flow and fight for their slim chance of survival.

“Why don’t you go?” Shu Xianduo stared at Su Yu and said indifferently.

Su Yu didn’t respond. He pointed at his own cheek.

A faint butterfly mark quietly flashed past.

He was sharing Xiaodie’s talent.

At this moment, he looked at everything in the universe from Xiaodie’s perspective.

Different from humans, everything in Xiaodie’s eyes had different colors.

According to their own levels, they were divided into seven levels: red, orange, yellow, green, blue, blue, and purple.

For example, Shu Xianduo was yellow in Xiaodie’s eyes.

Her sister, the beautiful woman in the palace dress, had a higher cultivation level and was green.

As for the giant python that was formed from the power of Heaven and earth in the deep pit, it was green,

he observed the giant python and found that the color of the seven inches of the giant python was obviously darker.

There was a very high-level foreign object there.

Quietly exiting Xiao Die’s field of vision, Su Yu entered the giant Python’s body at a leisurely pace.

After he left, Shu Xianduo was deep in thought. She said, “Sister, why do you like Young Master Wuchen so much? It’s just an accidental discovery of some heavenly net ore.”

The beautiful woman in palace clothes said calmly, “From the looks of it, he is indeed mediocre. His body, soul, and law have no dao transformation. However, if his body was not in a serious overdraft state, I’m afraid I might not even be his match.”

“Sister, you must be joking. You are a Supreme Dao Master. If he completes all three transformations, will he be your opponent?” Shu Xianduo did not think so.

The beautiful woman in the palace dress patted her head and said, “I have repeatedly warned you that there is always someone better than you! The world is so big, there will always be an existence beyond your imagination! Young Master Wuchen is one of them.”

“Are you serious?”

“Of course!”

“So he must have the love severing flute?”

The beautiful woman in the imperial dress said with a faint smile, “I think so!”

Shu Xianduo had a strange expression on her face, she looked at her with puzzlement. “Then, it’s enough to have him alone. Why did you invite the others? Moreover, you deliberately provoked their conflict. Why? “If he is really so powerful, Wutong Qiu and the others will be courting death if they make things difficult for Su Yu, right?”

She had a puzzled look on her face. She felt that her sister's actions were too unnecessary.

The beautiful woman in palace attire had an unfathomable look on her face as she said, "If they don't seek their own deaths, how can my second aristocratic family take him in?"

It was only at this moment that Shu Xianduo came to a realization.

"Did sister take a liking to his potential and want to take him in as her subordinate?"

The beautiful woman in Palace attire had the intention of letting Su Yu get rid of many young experts from the first aristocratic family. She would relay this matter to the first aristocratic family.

Many of the top young generation had fallen. Would the number one aristocratic family let this matter rest?

Young Master Wuchen would inevitably be expelled from the number one aristocratic family and would be hunted down at the same time.

And young master wuchen, who had no place to stay, would be recruited by the number two aristocratic family. What would he think?

The answer was obvious.

"Of course, the prerequisite is that he can get his love severing flute back alive." The beautiful woman in the imperial dress looked at the giant python that was filled with the power of heaven and earth.

The place inside the Python's body seemed to be only 30,000 feet long, but in fact, it was a cave world of its own.

As far as the eye could see, it was a motley ball of light with no end in sight.

It was messy and mixed.

That was the wandering power of heaven and earth.

Su Yu's eyes were filled with regret. Unfortunately, the power of heaven and earth was too scattered, and it was far from enough to temper his dao body.

"Let's find the emotion severing Xiao first." Su Yu's eyes flashed with a bright light, and he took a step toward the seven-inch area that he sensed.

However, when he arrived, a few people had already arrived.

Among them was Wu Tong Qiu Ke.

It seemed that Su Yu was not the only one with a special ability to search.

"Another one!" Wu Tong Qiu Ke coldly glanced at Su Yu, his eyes filled with hostility.

Su Yu turned a blind eye and looked ahead. There was a beating heart floating in front of him.

That should be the core of the Python.

One could see with the naked eye that there was a blurry image of a flute within the heart.

However, it wasn't easy to obtain the flute.

There were traces left on the heart. It should have been left behind by Wu Tong Qiu Ke and the others.

They couldn't do anything to the heart!

"If the heart isn't broken, it'll be difficult to take out the flute. If we can't give our orders, everyone will die." A exhausted youth's face was pale.

A woman couldn't help but cry out, "I don't want to die yet!"

"What are you crying for?" Wu Tong Qiu ke snorted in contempt and said, "It's not the last moment yet!"

He flipped his palm and took out a chessboard with water-like ripples. It was shining as if it was transparent.

"This is the illusionary water universe chess!" Wu Tong Qiu Ke threw the chess piece into the air and enlarged it infinitely, including the heart.

The position of the heart was even more subtle. It was the commander of the other side!

Wu Tong Qiu Ke himself stood on his own commander's position.

"Each of you stand in your own positions. This way, you can gather your strength together and destroy the enemy commander in the chessboard!"

Everyone understood.

"I will arrange reasonable positions based on your strength." Wu Tong Qiu Ke looked at everyone and said, "Poisonous couple, you take the position! Ba Shan Qiu Zi, you have a seat..."

Everyone in front of him had their own arrangements. When it was Su Yu's turn, he said calmly, "You can be the pawn."

What he meant was that Su Yu's strength was the lowest among them.

Anyone with a discerning eye could see that Wutong Qiuke was deliberately suppressing Su Yu.

As a beautiful woman in Palace attire, the Dao Master had repeatedly praised him highly. It was clear that he was extraordinary.

Treating him like a chess piece and ordering him around, it was clear that he was deliberately humiliating and suppressing him.

"Pawn, listen to my orders. Take a step forward!"

Su Yu was already standing at the edge of the heart. If he took another step forward, he would have to collide with the defense revolving on the surface of the heart.

At the moment of collision, he should be able to observe the source of this layer of defense and destroy it.

Of course, Su Yu would be sent flying in an instant.

Unexpectedly, Su Yu completely ignored him and was looking at the heart with a focused expression.

“Are you deaf? I’ll let you advance!”Wutong Qiuke ordered.

Su Yu frowned and said indifferently, “This is baffling! Why should I listen to your orders?”

Wutong Qiuke asked back, “Other than my Huan Yun Heaven and Earth Array Chess, is there any other way to break the heart? If you don’t want to get everyone killed, listen to my orders obediently!”

He looked at Su Yu with righteousness in his eyes.

To be honest, Su Yu did not pay any attention to him from the beginning to the end.

But this person felt too good about himself.

It became impossible for Su Yu to ignore it again.

It was the first watch of the day.

Chapter 2185 The Magical Use Of The Evil Dragon

The tip of his right foot was lifted slightly and then landed.

The word “Pawn”under his foot was destroyed into smoke.

The Huan Yun Heaven and Earth Chess Pieces swayed and shook violently. They broke into pieces and turned into specks of fluorescent light before disappearing.

“You dare to destroy my Huan Yun Heaven and Earth Chess Pieces!”Wu Tong Qiu Ke narrowed his eyes. A cold light that could devour people was flickering in his eyes.

Su Yu looked at him indifferently. “First, put away that disgusting trick of yours! Second, I have never agreed to join hands with you. Please don’t count me in! Third, the one who wants to kill you is clearly that Dao Master. You Don’t blame him, but me?”

These three sentences were concise and comprehensive. They pointed out the reason and also indicated Su Yu’s position.

“Different paths don’t make for different strategies. Since you don’t want to join hands with us, then please leave!”Wutong Qiuke was like a lord in this place, giving out orders.

Su Yu shook his head. He didn’t want to have any more interactions with them.

Although he didn’t have clear evidence, his instincts told him that the beautiful woman in the palace dress had a rather profound intention to sow discord in the manor.

If he were to clash with them now, he might be playing right into their hands.

Even if they worked together, they would not be able to break this heart in a short period of time.

He might as well take this opportunity to see if he could gather some of the power of heaven and earth for his own use.

He took a step out of the local area and away from the location of the heart.

As he watched him leave, Wutong Qiuke muttered disdainfully, "I was really worried that you had some ability. Now it seems that I was worrying too much."

In his opinion, Su Yu's free and easy departure was the result of his own threat.

The reason he was making things difficult for Su Yu was actually to push Su Yu away.

Otherwise, if a person that the dao master highly favored was here, after the broken love flute was born, who would have the flute?

"Come, break open the heart!" Wu Tong Qiu Ke's eyes revealed a look of hope.

On the other side.

Su Yu came to a place where the power of heaven and earth was relatively thick.

Balls of the power of Heaven and earth appeared one after another.

He tried to pull a ball of the power of heaven and earth into his palm. Seeing that there was no resistance, he sucked it into his body.

However, after that power entered his body, it naturally flowed out of his body and did not remain.

After thinking for a while, Su Yu was unwilling to give up. He tried many methods, but without exception, he could not retain the power of heaven and earth in this place.

They were like immature fruits that could not be picked.

Just as he was feeling helpless, one of the Buddha beads on his wrist was slightly burning.

His soul swept across it. It was the evil dragon that he had taken away from Emperor Yu's dynasty.

"What is it?" The evil dragon kept hitting the space barrier of the Buddha beads. Only then did it catch Su Yu's attention and ask.

The evil dragon was excited and said, "Sir, I want to recover the peak strength of a four-crowned emperor. Please give me a chance."

With Su Yu's current cultivation, he was not afraid of the evil dragon recovering to the peak, but..

"What did you notice?" He asked.

The evil dragon said carefully, "The outside... should be the natural power of Heaven and earth, right? If you don't need it, or if you have excess, please give it to me. I'm willing to do anything to repay you."

Su Yu sighed, "Then, I'm afraid I'll have to disappoint you. The power of Heaven and earth here is still accumulating. It hasn't erupted yet, so I can't absorb it."

"I can! I can absorb it!"

Eh?

Su Yu's light flashed, and he immediately released it, "Try it!"

The body of the evil dragon had been suppressed by the seven ancient swords until now. The seven holes that were so deep that one could see the bones had not recovered yet.

He twisted the body of the dragon, and excitement flowed in his dragon eyes.

He carefully glanced at Su Yu, and after getting the latter's approval, he opened his mouth and suddenly inhaled.

A large amount of heaven and earth energy gathered around him and entered his body.

He saw that the energy was about to flow out of his body.

Suddenly, the black scales on the evil dragon's body expanded rapidly, covering layer after layer.

The Dragon Clan's aura that was unique to the scales was released, forming a latex-like membrane.

Twenty percent of the Heaven and earth energy that flowed out failed to penetrate the layers of scales, and another thirty percent failed to penetrate the layer of membrane formed by the Dragon Clan's aura.

In the end, fifty percent remained in his body and was digested by the evil dragon for its own use.

His cultivation continued to rise, and in a moment, he reached the three-crowned emperor.

An hour later, his aura soared to the four-crowned emperor.

"Hahaha... I've finally recovered!" The evil dragon threw his head back and laughed loudly. There was much helplessness and sorrow hidden in his laughter.

After laughing, he looked at Su Yu, and endless gratitude flowed through his dragon eyes. "There's no need to thank me for my great kindness. As a member of the Dragon Clan, I will always repay your kindness. Sir, if there's anything you need me to do, I will go through fire and water without any hesitation."

As an evil dragon, he restrained his evil aura, but he was still quite serious and didn't make others feel disgusted.

"There's no need to go through fire and water. Can you tell me how much more heaven and earth energy you can absorb?"

UH --

The evil dragon pointed at the heaven and earth energy in front of him. "Sir, you're still willing to let me continue to absorb it? Heaven and earth energy is the best tonic for the Dragon Clan. My cultivation might grow infinitely."

"Answer me," Su Yu said indifferently.

Even if the evil dragon broke through to Dao master, he would not be worried about it.

“In theory, I can absorb the weight of your body’s dao transformation.”The evil dragon was an old monster who had lived for countless years. He realized Su Yu’s intention to temper his dao body.

Su Yu’s eyes were dark. “Then what are you waiting for?”

The evil dragon nodded and continued to absorb the heaven and earth energy without hesitation.

The power of Heaven and earth continued to gather in the body of the Dragon Pearl.

The entire Python weakened at a speed visible to the naked eye.

Perhaps sensing the danger in itself, the python wriggled and showed signs of waking up.

The beautiful woman in the palace dress looked at it and her beautiful eyebrows arched slightly.

“Sister, the situation is not good!”Shu Xianduo narrowed her eyes and said, “We have already lost the supreme scripture of the evil emperor. If we lose the emotion severing flute, I’m afraid that the thing that young master is looking for might really be lost.”

The eyes of the beautiful woman in the palace dress flashed with wisdom and wisdom as she said faintly, “I believe that Su Yu has the ability to obtain the emotion severing flute.”

Shu Xianduo had a question in her heart. If Su Yu had the ability to obtain the emotion severing flute, why would he still listen to her sister’s orders?

However, her sister was a Supreme Dao Master and she did not dare to question it.

Within the body of the giant python.

Wu Tong Qiu Ke and the others also felt the change.

The power of Heaven and earth in the surroundings became violent.

Their hearts, which were besieging them, also began to beat faster.

“The power of Heaven and Earth is about to awaken!”Wu Tong Qiu Ke’s heart was in his throat. He swallowed a bottle of potion to replenish the primeval power and growled, “It’s almost time. Continue!”

Looking at his heart, a deep hole had been punched. It was only a matter of a few attacks before it was pierced through. Everyone was excited.

They all took out their trump cards and decided to put them to use.

Once!

Twice!

Three times!

Finally, before the power of Heaven and Earth was awakened, their hearts were destroyed together.

With a cracking sound, a corner of the heart was peeled off, revealing a crimson flute.

When this object appeared, a few sharp hissing sounds could be heard.

It was the other people who were releasing their trump cards.

However, what they were attacking was not the heart, but... the Wutong Qiu Ke!

Chapter 2186 Was Out Of Everyone's Expectations

"You!" Parasol autumn guest turned around and took out a well-hidden shield.

The shield split into tens of thousands of shield shadows and absorbed all the attacks.

"You're both from the number one aristocratic family, yet you're plotting against me?" Parasol autumn guest revealed a furious expression.

"Hehe, Wu Tong Qiu Ke, stop putting on an act. Didn't you exclude young master Wu Chen to chase away your strongest competitor? Do you really think we are fools? Can't you tell?" A redwood girl sneered.

"Furthermore, we want to kill you, so why don't you want to kill us as well?"

"There's only one emotion severing Xiao, and we have many people! Among them, you are the strongest. In theory, you will naturally snatch the emotion severing Xiao, so the few of us have no choice but to join hands!"

No one was a fool, and they all understood the logic behind this.

"You're courting death!" Seeing that everything had been exposed, Wu Tong Qiu Ke did not waste any more words, nor did he have the slightest bit of kinship. He ruthlessly activated an extremely high-grade talisman seal and threw it forward.

However, he himself took a step back and casually grabbed at emotion severing Xiao.

"It won't be that easy!" The red-clothed woman raised her hand and released a small bird. It transformed into a bolt of lightning and struck the back of Wu Tong Qiu Ke's hand.

His entire body went numb and his arm reflexively pulled back.

Taking advantage of this opportunity, several people joined forces to attack.

Although Wutong Qiuke's strength was outstanding, how could he dare to be careless when fighting against several people alone?

He had no choice but to fight with all his strength.

Both sides engaged in a great battle within the Python's body. All kinds of law chains flew out and the sounds of collisions kept on ringing out.

Both sides had the goal of killing each other. It could be said that their eyes were red from killing.

After a huge battle, Wu Tong Qiu Ke was injured all over, while the other side suffered heavy casualties.

The red-robed woman in the lead had lost an arm. Due to her severe injuries, she was unable to recover.

Her expression was calm as she gritted her teeth. Wu Tong Qiu Ke's strength was actually hidden a lot.

His true strength was probably not weaker than the main branch's Bi Yun Hong Xian!

"Go!"The red-robed woman said.

Knowing that she was powerless to snatch it, she could only run!

"You want to run? HMPH!"Wu Tong Qiu Ke clenched her palm, and the ten round pearls exploded at the same time, spraying out a large amount of unknown quicksand that suddenly drowned several people.

"Die!"Following that, she chanted an incantation, and the quicksand actually twisted crazily like a living thing, crushing all the people inside.

Shocking blood flowed all over the ground, dyeing the quicksand red.

After making sure that all of them were dead, Wu Tong Qiu Ke was panting and turned around to retrieve the emotion severing flute.

However, when he turned around and saw the scene, his eyes almost popped out of their sockets.

He saw a person standing at his heart and playing with the emotion severing flute in his hand!

"Put it down!"Wu Tong Qiu was so polite that he almost vomited blood.

He worked hard to open his heart and destroy all the contenders at the same time. In the end, young master Wu Chen came and casually took away the emotion severing flute!

Did he have to bully others like this?

Su Yu played with it and said indifferently, "The Xiao is not bad. I just don't know how it tastes."

Under the Dumbstruck Wutong Qiuke, Su Yu opened his mouth and actually... ate the emotion-severing Xiao!

Yes!

He directly bit it into pieces and then swallowed it!

"You... You're Crazy!"Wutong Qiuke said in shock.

The emotion-severing Xiao was the only chance to survive. Why did he have to bite it into pieces and eat it?

Su Yu's expression was indifferent as he said, "If I don't eat it, don't tell me I'm going to use it to surrender to the enemy?"

From the very beginning, Su Yu had never intended to give the emotion severing Xiao to the beautiful woman in the palace attire.

Not only did he plot against him and the members of the number one aristocratic family to kill each other, he even forced him to take something?

Hehe, Su Yu did not have such a good temper!

“Do you know what you’ve done?”Wutong Qiu shouted in a flustered manner.

Su Yu wiped his mouth with an insatiable desire. He did not dare to flatter her. He really did not know how Xiao Die was able to swallow it.

Looking at Wutong Qiu Ke, Su Yu said lightly, “Of course I know. Moreover, I know more than you do.”

“You know more than me. You must know that you will die a miserable death, right?”At this moment, Wutong Qiu Ke hated Su Yu to the extreme.

Killing intent shot out from his eyes as if it had materialized.

However, Su Yu did not panic. He used space folding to turn himself into a speck of dust, he said, “What I know more than you is that this emotion severing flute is actually the source of the giant Python’s intelligence. Once the emotion severing flute is shattered, the giant Python will definitely awaken and the power of Heaven and earth will definitely erupt!”

As if confirming his words, the surrounding power of heaven and earth rapidly gathered into one.

Waves of destructive energy rippled in all directions.

The many prodigies in the giant Python’s body were all shocked and fled from the giant python.

While Wu Tong Qiu Ke was furious, he did not have the time to find Su Yu and fled in fear.

However, he was the closest to the giant Python’s heart and the destructive energy he endured was the most powerful.

Before he could take a few steps, he was immediately swept away by a destructive wave. It was unknown whether he was alive or dead!

Above.

In the beautiful eyes of the palace-dressed woman, there was a reflection of the roaring and twisting giant python. Her heart sank to the bottom of the valley!

“We failed!”The palace-dressed woman gritted her teeth. Her eyes were filled with extreme unwillingness.

Su Yu, who she had hoped for so much, actually failed!

Shu Xianduo sighed. Her sister had also made mistakes sometimes.

“Let’s Go!”Shu Xianduo reminded.

No matter how unwilling the woman was, she could only escape.

However, the Python seemed to be angered. It stared at the woman with the highest cultivation among the people present.

The woman’s heart shrank. She hurriedly stepped out of the underground world and stood in the air above the desert.

However, before she could make a move, a pillar of light shot out from the bottom of the desert and directly hit the woman.

The woman grunted, and her dao body was like a porcelain doll, filled with cracks.

This was because she had dodged in time and was only grazed by the remaining force. Otherwise, it would not have been as simple as cracking?

After escaping the disaster, the beautiful woman in the palace dress immediately flashed into the distance.

She watched as the giant python charged out of the ground and erupted into the void outside of civilization.

When everything calmed down, she circulated the power of the DAO Master in her body with great difficulty to recover her body.

Her gaze tightened, and she immediately went underground to search for the broken love flute.

However, she found nothing!

“Did it shatter at the moment the power of Heaven and Earth was awakened?” The beautiful woman in the palace dress was unwilling to give up.

Just as she was about to say something, she suddenly found a person who had fallen into the deep pit.

It was actually the parasol tree autumn guest who had survived a great disaster!

“Eh? It even transformed its body?” The beautiful woman in the palace dress hooked her finger and pulled the dying parasol tree autumn guest over. “What happened? Why did the power of Heaven and Earth awaken for no reason?”

The latter was terrified and did not dare to hide anything. She explained everything clearly.

“What? He ate the emotion-severing flute?” The beautiful woman in the palace outfit was shocked. She knew very well that it was something close to the immortal embryo of a Dao artifact. It was abnormally hard.

What followed was anger.

She had expected that Su Yu had the ability to get the emotion-severing flute, but she had not expected that the other party was unwilling to hand it over to him!

“Why did he do that?” For the first time, anger swirled in the beautiful woman’s eyes.

At this moment, an indifferent voice resonated from the ground. “You’re injured now, and you still want to ask why?”

Chapter 2187 Yuan Tianling Belt

The beautiful woman in the palace dress turned her head to look, and her pupils constricted slightly.

She saw a speck of dust, from nothing, folding into a complete young master wuchen.

Her eyes suddenly became sharp. “You mean to deliberately awaken the power of Heaven and earth to hurt me?”

Su Yu shook his dusty robe and said indifferently, “To be precise, I’m going to kill you! But you’re lucky that you’re only injured and not dead.”

From the very beginning, he had wanted to borrow the power of Heaven and earth.

It was slightly regretful that this woman had escaped a disaster and was only seriously injured.

The beautiful woman in the palace dress looked at Su Yu’s indifferent expression and felt a chill in her heart.

This child did not show his emotions.

He clearly wanted to kill her, but he never showed any killing intent. Even when they were face to face, he did not feel any killing intent.

Many old monsters who had lived for countless years had such a temperament, right?

She had a feeling that Su Yu could not be controlled. Moreover, not only could he not be controlled, he was also extremely dangerous.

After all, he was an expert at the DAO Master level. After experiencing so many storms and waves, he had seen so much. He immediately realized that a person like Su Yu could not be used by him.

Moreover, she could see that in the near future, Su Yu would still be a threat to the second-best aristocratic family.

A weak killing intent swirled in her eyes.

“Then I have to admire your courage. You know that I will only be injured and not die, yet you still dare to show yourself!” The beautiful woman in the palace dress slowly released her domain.

Her domain was like a dream-like peach blossom forest, filled with a mesmerizing pink fragrance.

Once he was enveloped by it, he would immediately sink into it and be unable to extricate himself.

“Spring Sleep.” The beautiful woman in palace clothes immediately activated her domain. With herself as the center, her domain rapidly spread out in a circular arc.

In just a moment, it would cover the entire underground.

Theoretically speaking, there was no suspense between a dao master and an upper half-step dao master.

Even if Su Yu gave him a sense of danger, he was an exhausted body. How could he have the strength to fight?

Looking at the incoming fluctuations, Su Yu’s eyes were calm. He took out a leaf calmly and said, “Since I dared to show up, how could I be unprepared?”

He threw the leaf and released a domain from within.

Within the domain, the warhorses neighed and experts were as numerous as the clouds. It was filled with sharp killing intent that tore apart the sky like a broken sky.

This leaf was one of the three leaves given to him by the Heaven Destruction Dao Master of the Cangyang Mirror Daoist Hall.

It contained his strongest attack.

As a life-saving method, Su Yu had kept it and not used it.

The battlefield domain sliced open the spring hibernation domain in a revolving manner.

The spring hibernation domain flew in all directions.

The difference between the two domains was obvious!

The spring hibernation domain was a support domain, while the battlefield domain was an offensive domain, and it was exceptionally fierce.

The beautiful woman in the palace changed her expression. She saw that her domain was being torn open and locked onto by the opponent's battlefield domain.

She immediately retreated and took out a defensive-type dao artifact immortal embryo.

It was a silk-like ribbon that flew out and wrapped around the battlefield domain. It spun continuously and disintegrated the battlefield domain.

Finally, when the battlefield domain reached the beautiful woman, it was only a tiny bit weak.

After she spat out a mouthful of Dao Master's blood, the beautiful woman finally recovered.

She grabbed back the DAO Master's blood and stared at Su Yu, her eyes filled with fear.

Just as she was about to say something, Su Yu took out two leaves at the same time and made a gesture to throw them over.

The beautiful woman in the palace dress's eyelids twitched. One leaf almost threatened her life, let alone two?

Even the immortal embryo with Defensive Dao artifacts could not continue!

"I will remember you, Young Master Wuchen! We will meet again!"The beautiful woman in the palace dress was filled with hatred.

If it was not for the fact that she was injured by the power of Heaven and Earth First, and her strength was not even 10% of the original, how would she end up like this?

When her dao body was restored, she might not necessarily be afraid of the domain inside the two leaves!

With a muffled groan, the beautiful woman in the imperial dress grabbed Shu Xianduo and leaped away.

Before she left, she grabbed at the immortal embryo of Dao artifact across space.

However, her palm was empty. When she looked again, it was actually Su Yu who had used the power of space to move it into her hand.

“You!” The beautiful woman in the palace dress spat fire from her beautiful eyes. She wanted to snatch the leaf back, but she was afraid of the two leaves in Su Yu’s hand.

Helplessly, she could only give up with hatred!

She had been hiding under the eyes of the three elders of the number one aristocratic family until now, and there had never been any problems.

But now, she had actually fallen into the hands of a kid who was half a step away from Dao Master.

Even the immortal embryo of a defensive dao artifact in her hand had been snatched away by the other party. To her, it was truly a great humiliation!

“Just you wait!” The beautiful woman in the palace dress left after saying those words.

Su Yu couldn’t catch up in time and could only watch her escape.

After weighing the ribbon in her hand, Su Yu was quite satisfied.

A leaf was finally not wasted and she obtained a defensive type dao item immortal embryo.

Su Yu had already experienced its defensive power just now. It was completely capable of withstanding a dao master level attack.

“Yuan Tian Spirit Belt!” Su Yu muttered softly and put the item away.

Looking around at the surrounding survivors, the way they looked at Su Yu changed simultaneously.

A fellow cultivator with a dao master level attack would be able to kill them as easily as slaughtering chickens and dogs.

The others did not feel anything. They only felt awe and respect.

Parasol tree autumn guest was filled with fear. He lowered his head, and his thoughts changed endlessly.

At this moment, he could be said to be extremely regretful.

If he had known that Su Yu was so well-hidden, he would not have disrespected him.

Su Yu looked at him indifferently and then left expressionlessly.

There were too many people and too many eyes. If he killed him now, wouldn’t it be giving the people a reason?

Yu Ren was still in shock. They all returned to the town.

However, from far away, they found something abnormal.

The town was filled with smoke and countless casualties.

A group of warriors from the number one aristocratic family gathered their bodies with a mournful expression.

“What happened?” Wu Tong Qiu Ke met a familiar young man and immediately asked.

The other party was overjoyed when he saw that he and many outstanding young men were still alive. He said, “You guys are still alive. That’s great. We all thought that you had died in the rebellion!”

They had been gone for several days and their whereabouts were a mystery. They all thought that they had already met with misfortune.

“Rebellion?” Wutong Qiuke’s heart tightened. “They are the remnants of the second exceptional family, right?”

“Yes! There are tens of thousands of the remnants of the second exceptional family hidden in the town. Three days ago, they suddenly launched a collective attack. We were completely unprepared and the casualties were extremely tragic!”

The group of youths who had rushed over were all astonished when they heard this.

“Tens of thousands? Where did so many come from?”

How could there be so many survivors of the second absolute family in such a tight security like the town’s security?

They couldn’t understand it at all!

“Some of the guest elders have already been bribed by the second absolute family, so they entered the town for a test. They cheated and let many of the second absolute family’s people in!”

Hearing this, many of the youths were furious, “Among our guest retainers, apart from Lu Xuan, there are other traitors?”

After understanding the rest of the details, they could not suppress their anger.

This time, there were tens of thousands of casualties, and among them, the more outstanding younger generation had the most serious casualties.

Chapter 2188 Enemies Within

This was a deliberate move by the second most illustrious family, specifically targeting the outstanding youths of the first most illustrious family.

After finishing, they would immediately retreat back to the second most illustrious family.

Su Yu’s heart was as clear as a mirror.

The second most illustrious family’s ambition was not in the Tian Jing mine, but in the “Dark Emperor’s supreme scripture” and the “Broken love flute” in the Tian Jing mine.

Hence, when the time came, there was no need to hide anymore, and they would launch a sneak attack at the same time.

“I didn’t expect that there would really be an honored guest who defected to the second peerless family,” Su Yu thought to himself.

Lu Xuan was wronged. He knew very well that there really was a traitor.

However, this did not concern Su Yu.

“You guys should report to the elder of the wind flower clan as soon as possible. He must be overjoyed to know that you guys are still alive.”

The group of people in front of them could be said to be the strongest group in the branch. They were either soul dao cultivators or a part of the body dao cultivators.

They did not suffer any losses. It could be considered a blessing in disguise.

Su Yu nodded and came to the station with many young elites.

The three elders were discussing something urgently.

Seeing that Su Yu and the others had returned, the wind flower path master smiled and said, “It’s good that you have returned. Make some preparations. Everyone, withdraw from the Sky Net Mine.”

“Withdraw?” Many young elites could not understand.

The wind flower clan elder said seriously, “This is an order from the clan leader after we communicated with him! For the sake of safety, all of you youths, temporarily stop all mining activities and immediately return to the clan.”

They were unwilling to accept this. They had not even dug into the Tian Jing Chen yet, and they were all going to retreat?

Su Yu also frowned deeply. If they retreated just like this, the Tian Jing Chen would miss his arm.

“Family head’s orders are not to be disobeyed. You have two hours to prepare. After you are ready, I will personally escort you to board the myriad sect beast and return to the number one aristocratic family.”

So Urgent?

It seemed that the situation was not optimistic. The people from the number two aristocratic family might attack again at any time.

Everyone was helpless and could only return to pack their things.

Su Yu did not have much to pack. Instead, he found a quiet place and clenched his fingers. He took out the love broken flute powder that he had eaten and gathered it in his palm.

“Reverse time and space!” He activated a small-scale reverse time and space, causing the love broken flute to return to a time when it had not been eaten.

By now, no one should know that the love broken flute still existed in this world.

He sized it up and tried to play it.

In the end, Su Yu, who did not know how to play the melody, played a piece of music that reverberated in his heart.

It was beautiful and pleasant, unlike ordinary music.

“Strange!” Su Yu was surprised. He tried a few more times and found that no matter how he played, the music was the same.

He could only play one piece of the flute.

“The beautiful woman in the palace has been planning for so long. It Can’t be just for a piece of music, right?” Su Yu rolled his eyes and immediately realized the problem.

He played it again and recorded the entire score on the paper.

Su Yu, who did not understand music, could not see anything. If he handed it over to someone proficient in music, he might be able to discover the problem with the score.

Two hours later.

Everyone gathered in the main hall once again.

The wind flower path master was already waiting in the courtyard, staring at the space barrier that had cracked open like a spider web.

The myriad sect beast was about to arrive.

“Don’t be discouraged. After we stabilize the heaven shattering mountain, you will have a chance to return,” the wind flower path master said indifferently.

Everyone could only take his words of comfort.

The three path masters were still unable to guarantee their safety.

In the future, would they send four or five path masters?

Obviously, they wouldn’t.

When they had the chance to come again, it would be a long time before they could.

Rustle --

With the sound of space shattering, the myriad sect beast revealed its head and immediately prepared to retreat.

“Let’s Go!” The wind flower path master took the lead and flew up, while Yu Ren followed.

Not long after, with mixed feelings, everyone began to traverse through an extremely long distance.

After the time it takes for half an incense stick to burn, the transmigration continued.

Su Yu frowned.

Something was wrong!

When they came, it could be said that they had teleported. It had only been the time it took to brew a cup of tea.

The time before their eyes was more than double.

At the moment of bewilderment in his heart, the space before his eyes suddenly lit up. It was a sign that they had arrived at the end of the space.

Everyone heaved a sigh of relief. After the myriad sect beast stopped, they all jumped out of the tunnel and arrived at the outside world.

What greeted their eyes was a lush green lake.

“Where is this place? How Strange.”

They should have directly returned to the residence of the King’s manor.

The wind flower path master stood by the lakeside and said leisurely, “It’s an ordinary forest near the mansion of the number one aristocratic family. Wait patiently for a moment. I have already informed the people of the mansion to come and bring you back.”

With the path master as a guarantor, all the doubts in the master’s heart were dispelled. He sat cross-legged with a relaxed expression and discussed with each other.

Only Su Yu secretly activated the eye of heaven and observed the situation from top to bottom. At the same time, he was on guard.

Something was wrong. It was definitely not what the wind flower path master had explained.

The place they were heading to was definitely not the imperial residence of the number one aristocratic family, but another place!

The instant the Eye of heaven opened, Su Yu’s pupils constricted.

He thought for a moment and said, “Senior, I have something to do. If I want to act alone, I won’t trouble the imperial residence to come and receive me.”

The wind flower path master looked over and said indifferently, “Is the matter very important?”

“Yes, it is important!” Su Yu said concisely.

The wind flower path master did not say anything and let him pass. He said, “Be careful on your way!”

Su Yu immediately left first.

Seeing him leave, the parasol tree autumn guest heaved a sigh of relief in his heart. He snorted and said, “At least you are smart enough to avoid me!”

Being in the heaven shattering mountain, the parasol tree autumn guest could not do anything to Su Yu.

But returning to the imperial residence, Hehe, what was Su Yu to him? To make him kneel, he would never dare to stand!

He did not expect that he would actually escape at the last minute and let his last minute plans fall through.

Speaking of which, after Su Yu unhurriedly distanced himself from them, he immediately teleported to an extremely far distance.

His expression was grave.

However, just as he took a step forward, he realized that he was actually standing on the same spot.

He was still standing at the edge of the small forest and had not gone far!

He stopped walking and his eyes became sharp and sharp. He said indifferently, "There's no need to hide anymore since there's only you and me!"

Only a powerful dao master could forcefully capture him from the crossing.

And in front of him, there was only one powerful dao master -- the Wind Flower Dao Master!

Swoosh --

A black shadow flashed before Su Yu's eyes, and the black-robed Wind Flower Dao master appeared.

The only Female Dao Master!

She looked down at Su Yu and sized him up curiously, saying, "You know that I have a problem?"

As soon as these words were said, the identity of the Wind Flower Dao Master was immediately revealed!

Su Yu said, "To be able to let in tens of thousands of remnants of the second absolute family, and to allow an enemy dao master to live freely in the city for decades, these are not things that a mere guest can cover the sky with a single hand! There must be an even greater figure!"

"Among the three clan elders, perhaps one of them is a traitor!" Su Yu said, "Until now, I've only confirmed that you are a traitor! Because, you actually brought us to the territory of the second aristocratic family."

Chapter 2189 Dao Master Mo Yuan

Beyond the forest and the lake was an endless desert!

The place they were at was actually just an oasis in the desert.

With such a terrain, the entire seven ultimate civilization could only be found in the territories of the second and third ultimate families.

The Wind Flower Dao Master had lied to them that this place was the number one ultimate civilization, so there was no need to doubt his stance.

"You are very smart, really." The wind flower path master looked at Su Yu with her hands behind her back. "I have hidden myself so well that for many years, the clan leader has never doubted me. I didn't expect that you would be able to see through me and discover my identity."

Su Yu's wisdom and observation were meticulous. As an enemy, she sincerely praised him.

His wisdom was not inferior to many other path master experts.

"It seems like bringing you back is the wisest decision." The wind flower path master said slowly.

Originally, she had thought highly of Wu Tong Qiu Ke and wanted to send an extremely talented person to the second peerless family.

But now, it seemed that Su Yu's wisdom might be even better than Wu Tong Qiu Ke's.

Su Yu secretly took out a leaf and was ready to activate it at any time.

Different from the heavily injured palace dress beauty, the wind flower path master in front of her was a peak State Dao Master.

Just one leaf alone might not be enough to do anything to her.

Unless she took out the other two leaves at the same time.

Shua --

Suddenly, the surrounding aura suddenly condensed, and a stifling aura rushed over.

Beside the DAO Master of the Wind Flower Path, a thirty-foot-long alien in pitch-black demon armor appeared.

He had eight arms, and his body was burly and abnormally powerful.

He was also a DAO master level expert.

"Feng Hua, why aren't you going back? The myriad sect beast that is going back to the number one aristocratic family is coming soon." The demonic armored alien said.

Dao Master Feng Hua gave him some respect and said, "Lord Mo Yuan, this kid wanted to escape, so he came here to stop him, so he was delayed for a while."

"Escape?" Dao master Mo Yuan sized up Su Yu, and his eyes flashed. "He does seem to be extraordinary. mm, you go, leave this place to me!"

Dao master wind flower was in charge of swindling all the outstanding members of the number one aristocratic family and then returning to continue being spies.

Dao Master Mo Yuan took Su Yu and the others away.

With a light nod, Dao master wind flower turned around and returned to the place where he came from.

The space that had just been healed once again filled with cracks.

Seeing this scene through the eye of heaven, Su Yu's heart tightened.

That was the only chance he had to return to the number one aristocratic family.

Right now, he was regarded as a member of the number one aristocratic family. Once he fell into the second absolute, he would be imprisoned for a very long period of time until he finally reached the number two aristocratic family.

This was not the situation he wanted.

“Kid, Accept Your Fate...” Dao Master Mo Yuan said.

Su Yu interrupted him and said, “I’ll walk back myself!”

He walked back silently and returned to the small forest to meet up with Wu Tong Qiu Ke and the others.

“Hehe...” Dao Master Mo Yuan revealed a faint smile. “At least you know your place.”

Wu Tong Qiu ke frowned slightly. He didn’t understand why Su Yu would return!

Could it be that he didn’t understand that returning to the number one aristocratic family was Wu Tong Qiu Ke’s territory?

“Hey...” Wu Tong Qiu Ke was about to say something when he suddenly saw Dao master devil armor following behind Su Yu. He was stunned for a moment. “Who are you?”

As soon as he finished speaking, the other party laughed boorishly. “Welcome to the second absolute family!”

The... second absolute family?

Most of the people were completely dumbfounded. They turned to look at the wind flower path master.

The latter was expressionless. His back was facing them as he waited for the myriad sect beast to appear.

Those who were slightly smarter immediately realized that something was wrong.

Kacha --

At this moment, space split open. The myriad sect beast stuck its head out and prepared to retreat!

The wind flower path master jumped onto the myriad sect beast alone, not looking at anyone behind him.

“Elder of the wind flower clan... has betrayed us!” Finally, all the young elites present came to their senses.

Some of them tried to fly onto the myriad sect beast.

However, the wind flower path master mercilessly waved his robe and released a domain, blocking their path. He said indifferently, “Stay here in peace, the second exceptional family will not mistreat you!”

“No!”The young elites were forced to wait outside. Their Hearts felt like they had fallen into an ice-cold and pitch-black abyss.

They had been abandoned!

“Haha, you are all talents. As long as you are willing to submit, our second exceptional family will not mistreat you.”Dao Master Mo Yuan’s loud laughter came from behind.

Su Yu’s eyes flickered with a dark light. He did not make a move.

The moment the myriad sect beast entered the space, he suddenly attacked!

“War Domain!”The leaf hidden in his hand was activated without warning, instantly shattering the wind flower path master’s domain.

Then, he took the opportunity to fly over.

The others reacted extremely quickly, following closely behind Su Yu to catch up with the myriad sect beast.

Once the myriad sect beast began to cross the space, even a dao master expert wouldn’t dare to carelessly move on its body.

Otherwise, if the myriad sect beasts were alarmed and he chose a random direction to escape, they might very well be taken to a distant foreign land that the myriad sect beasts would never be able to return to.

As long as they stepped onto it, the Wind Flower Dao master would be helpless!

However, the Wind Flower Dao Master couldn’t stop them, but Dao Master Mo Yuan could.

“Devil shocks the world!”Seeing this, he snorted coldly.

An enormous devil shadow domain descended with a bang.

A devil shadow that looked like a giant ape descended from the sky and slammed its fists on the ground.

The young elites present immediately felt as if they had been hit by a civilization. They spat out divine blood one after another, and the heavy ones fainted on the spot.

However, two of them barely managed to resist and took the opportunity to step on the ten thousand sect Beast’s tail.

One of them was Su Yu. The dao body of a human devil appeared in front of him, and he used his dao body to resist the domain’s attack.

The other was Wu Tong Qiu Ke. He held a broken bronze statue in his hand, and he released a broken domain from it, barely cancelling out most of the domain attacks.

When Dao Master Mo Yuan rushed over, Wan Zongshou had already stepped into space.

He wanted to attack, but he was worried that he would disturb Wan Zongshou and Implicate Dao Master Feng Hua, so he could only let it go with hatred.

“That Kid’s temperament is simply terrifying!” Dao Master Mo Yuan focused his eyes and pondered.

Facing two dao masters at the same time, not only was he calm and composed, he was even able to hold himself back!

He clearly had such a powerful leaf, but he had been holding himself back until the most opportune moment, when he suddenly made his move and looked for a chance of survival.

“I hope that the wind flower can subdue him. Such a talent is hard to come by.”

In the space.

The Wind Flower Dao master’s eyes contained an icy light as she jumped between Su Yu and Wu Tong Qiu Ke. Her tone was sinister as she said, “Good! Very good! I originally wanted to give you guys a chance to soar to great heights, but you guys insisted on choosing the road to the Netherworld!”

How could she tolerate two people who knew about this to return to the number one aristocratic family?

Her identity would definitely be revealed.

Wu Tong Qiu Ke’s entire body was cold as her heart sank to the bottom.

The myriad sect beast had stepped onto it, but how to return alive was the true test.

Just the broken domain in his bronze statue was unable to withstand the wind flower path master.

Su Yu, on the other hand, was calm and collected as she said indifferently, “You can make your move now.”

The wind flower path master narrowed her eyes. If she could, she would definitely make her move now!

However, being on the myriad sect beast, she really had to weigh her options.

“Since you don’t dare, then please shut up and save your effort.” Su Yu sat down calmly and took out the origin heavenly spirit belt.

This item had considerable defense, so she naturally had to refine it as soon as possible.

Upon seeing this item, the wind flower path master’s pupils constricted. “Origin Heavenly Spirit Belt!”

As a member of the second most powerful family, there was no reason for her not to recognize the beautiful woman’s revenge.

“How did it end up in your hands?”

“She gave it to me,” Su Yu said calmly.

The wind flower path master’s expression fluctuated. Of course, she knew the truth about how Wu Tong Qiu Ke and the others had been tricked by the beautiful woman.

When she discovered that Su Yu, Wu Tong Qiu Ke, and the others had returned alive, she initially thought that something had happened to the beautiful woman.

Now, it seemed that his guess was correct.

Even the immortal embryo and the original heavenly spirit belt had fallen into this person's hands.

The killing intent in his eyes was even more intense!

Kacha --

After an unknown amount of time, the space in front of him suddenly split open. Shockingly, the myriad sect beast had returned to the side of another myriad sect beast.

A familiar aura of the number one aristocratic family assaulted his face.

The wind flower path master was the first to jump out. He immediately released a powerful domain and struck back at the myriad sect beast.

In this way, Su Yu and Parasol Tree Qiu Ke were in a desperate situation.

If they didn't come out, the frightened myriad sect beast would head to an unknown place.

Come out and take a hit from the domain.

Su Yu jumped out without thinking.

A ribbon was like lightning and quickly wrapped around the wind flower path master's domain, destroying it.

Parasol Tree Qiu Ke also immediately released the domain from the bronze statue and took the opportunity to attack the wind flower path master.

No matter what the gap between him and Su Yu was, the two of them had a common enemy!

The wind flower path master could not contain his anger. With a slap of his palm, he gathered another domain and sent both of them flying. "Scram!"

Su Yu had the origin heavenly spirit protecting him and was only slightly injured. He used the force to escape.

Wutong Qiuke was not so lucky. The bronze statue in his hand was directly shattered.

Fortunately, he had already successfully transformed into a dao body, so his body was not in a big deal.

"Humph!" The wind flower path master grabbed his throat and subdued him. Then, he quickly chased after Su Yu.

Su Yu took out a leaf, sighed secretly, and threw it out.

A domain that contained a sharp attack instantly enveloped his back.

The wind flower path master's expression changed, and he immediately used his own domain to resist.

The two domains clashed, and after a stalemate, they were both destroyed.

The wind flower path master waved away the remaining domains in the sky and looked around.

However, Su Yu was nowhere to be seen.

In the atmosphere, not even a trace of her aura was left!

She stood where she was and squinted her eyes, “Young Master Wuchen, I know that you are nearby. If possible, I hope that we can have a talk!”

“I know your background very well. You’re not from the number one aristocratic family. I’m undercover in the number one aristocratic family. There’s no conflict of interest between us, is there?”

“As long as you don’t expose my identity, not only will I not kill you, I’ll also give you many benefits. What do you think?”

As she spoke, she sensed the atmospheric fluctuations in all directions.

At the same time, she secretly condensed a domain in her sleeve. If there were any abnormalities, she would immediately take action.

She would never hand her fate over to a junior.

However, the surroundings were completely silent. There was no movement.

After the time it takes for an incense stick to burn, the wind flower path master frowned. “Has he gone far?”

With deep worry, the wind flower path master looked in another direction.

However, after the time it takes to finish a cup of tea, her figure suddenly appeared in the quiet vicinity. She said angrily, “He’s really gone!”

It was the first watch today! She had recently fallen behind on the third watch, so she would start making up for it tomorrow. It would be the first watch at 8 am, the second watch at noon, and the second watch at 6 pm. There were five watches in total.

Chapter 2190 Chaos Of Time And Space (First Watch)

It turned out that she still firmly believed that Su Yu was nearby.

Thus, even though she said that she was going somewhere else, she was actually secretly observing and waiting for Su Yu to appear.

She angrily looked around her as she anxiously flew away.

An hour passed.

Two hours passed.

Four hours passed..

Until an entire day passed..,

with a swoosh, the figure of the wind flower path master appeared out of nowhere!

She had yet to leave!

She had been waiting here for an entire day!

Her face sank as she surveyed her surroundings sinisterly. "Damn it! He really escaped!"

With a face full of unwillingness, she really left.

One day passed, two days passed... until one month later!

With a kacha sound, the vague outline of the wind flower path master appeared on a nearby tree.

She was actually waiting here for one month!

Her eyes were filled with doubt and unwillingness. In the end, she gritted her teeth and really left.

Not long after, under a certain tree.

A mass of nothingness appeared silently.

In the nothingness, Su Yu was sitting cross-legged while the little qilin was sleeping in his arms.

Sensing Su Yu's movements, the little qilin blinked his eyes and muttered, "He's finally gone?"

"Mm, it's been hard on you." Su Yu rubbed his head. Supporting the void for such a long time was a heavy burden for the little qilin.

Placing him into the nine jade spirit pearl, Su Yu's eyes revealed a faint cold light.

The wind flower path master was very patient and also very confident. She firmly believed that Su Yu was nearby.

Therefore, she tried to lure him to appear four times in a row.

Unfortunately, Su Yu's patience was even stronger than hers!

"I have to return to the imperial residence as soon as possible!" Su Yu thought to himself.

One year later.

After a long journey, Su Yu finally rushed back to the residence of the number one aristocratic family.

However, he did not reveal his true appearance, nor did he directly look for the members of the aristocratic family.

Instead, he came to the boudoir of Bi Yun Hong Xian. In a city, he silently sneaked into it.

In the teahouse, Su Yu listened to the discussions of the customers. His heart was as calm as water, and there were no waves.

"I wonder if young master Wu Chen has been caught!"

"It's been more than a year. Perhaps he's hiding somewhere."

"It's hard to imagine that he's such a vicious person. He colluded with the second-best aristocratic family and not only killed Wang Xue Ling and the others, he even assassinated so many outstanding peers!"

"Don't you find it strange? No matter how strong Young Master Wuchen is, he can't kill so many people by himself, right?"

“It’s said that the wind flower path master was entangled by the second aristocratic family’s Mo Yuan, which gave Young Master Wuchen an opportunity.”

“I see...”

Hearing their conversation, Su Yu was not the least bit surprised.

The wind flower path master failed to kill him. In order to protect himself, he would definitely spread rumors and slander Su Yu, slandering him as a traitor of the second aristocratic family.

One was a path master who had served the number one aristocratic family for countless years and had made countless contributions.

The other was a junior who had just arrived at the number one aristocratic family and had not made a single contribution.

If the two accused each other of being a traitor, who would they believe?

“The number one aristocratic family must not be left behind.” Su Yu put down his wine cup and looked into the distance.

However, before he left, he had to remind the number one aristocratic family.

It could be considered as borrowing the favor of the Tian Jing mine. As for whether they believed it or not, it was up to them.

A few days later.

Bi Yun Hong Xian was quietly reading a book under the quiet sunlight.

The boulder path master suddenly barged in and placed a letter on the stone table with a complicated expression.

Bi Yun Hong Xian did not even raise her head and said indifferently, “What’s the matter?”

“Someone sent a letter and handed it to miss.”

Bi Yun Hong Xian’s expression was calm and emotionless. “OH.”

She didn’t even glance at the letter and continued reading as if there was no one else around. She was as demure as the dust.

“It’s a letter from Su Ruchu.”

Bi Yun Hong Xian’s beautiful eyes suddenly narrowed.

She immediately put down the book and picked up the letter. “Why is it a letter?”

They had clearly exchanged communication jade pendants and could directly contact each other.

As they pondered, they opened them.

The content in their hearts was very simple. There was only one sentence.

“Beware of the wind flower path master.”

The short six words were reflected in Bi Yun Hong Xian’s eyes.

The boulder path master was stunned. "I thought he would explain himself to miss or ask for her help."

But he didn't.

Other than a reminder, there was nothing else.

Bi Yun Hong Xian slowly put down the letter and said leisurely, "Probably, he doesn't bother to explain himself. He is really arrogant!"

Would people try their best to explain their innocence to the ups and downs in their eyes?

No!

They would only try to explain to those who felt that it was important, worthwhile, and necessary.

As for the number one aristocratic family, in Su Yu's eyes, they were the former without any weight.

Just like how Su Yu treated her indifferently when they first met, that kind of inner arrogance was still fresh in people's memories.

"How do you plan to deal with it, young miss?" Dao master monolith asked.

The current Su Yu was already a wanted target of the number one aristocratic family.

Bi Yun Hong Xian fumbled for the letter and said faintly, "Then do you think I will believe him, or the elder of the Wind Flower Clan?"

"Of course it's the latter!" Dao master monolith said without hesitation.

One was a clan elder that they had been together for many years, and the other was an outsider that they had only met once. Was there still a need to doubt?

Bi Yun Hong Xian smiled faintly and said, "What if I tell you that I trust him more?"

"Miss, you have to be careful! Not only is the wind flower path master's words trustworthy, the Parasol Tree Qiu Ke has also released his soul for others to examine. It was indeed Su Yu who killed his compatriots in order to seize a flute."

Bi Yun Hong Xian pointed at the six big words on the letter. Her beautiful eyes flickered with a sharp green light. "Everything can be faked. It is difficult to fake one's heart!"

"Since Su Yu has returned, he should have already heard the news and know that he is wanted, right?" Bi Yun Hong Xian said calmly, "He just needs to escape. Why did he specially send the letter to Remind Me?"

Dao master boulder thought for a moment and said, "This... is he maliciously framing Dao Master Feng Hua to set up a trap?"

"Before setting up a trap, he needs to clarify himself first. That way, his words will be more believable. However, he did not defend himself."

The Rock Daoist Master was instantly stumped.

It seemed that there was indeed something strange about it.

“Letter, who sent it?”

“It’s the farmer who is responsible for delivering the daily food to Miss’s boudoir.”

“When did the letter reach his hands?”

“Three days ago.”

Bi Yun Hong Xian sighed and said, “No wonder he had to send the letter. The current him has already gone far away, right?”

If he used the jade technique, his position would immediately be determined by the number one aristocratic family.

Only by using the letter would he be able to avoid it.

After a moment of silence, Bi Yun Hong Xian said, “I’m going out for a while.”

Speaking of which, Su Yu.

After handing the letter to a farmer, he set off alone towards the coastal area of the number one aristocratic family.

On this day, Su Yu suddenly sensed something and raised his head to look into the depths of the sky.

He could faintly see a pair of golden eyes silently looking at him.

The eyes were faintly discernible, as if they were real and illusory, as if they did not exist in the current space-time.

He frowned slightly and stretched out his palm to gently sweep across the sky.

Two hours ago, in the manor of the number one aristocratic family, the golden-eyed Langjun’s eyes were as bright as two Golden Suns, extremely dazzling.

All of a sudden, his entire body trembled and his eyes rapidly dimmed. His eyes were filled with disbelief, “How could this be?”

Bi Yun Hong Xian stepped forward to support his trembling body and asked in surprise, “Father, what happened?”

Golden Pupil Langjun said in disbelief, “He found me!”

All the Dao Masters present were shocked.

“Family head, you were in the reverse flow of time and space just now. You were observing him in the future! How could he detect you?” Dao master Feng Hua was shocked.

The Golden Pupil Langjun’s strongest ability was his eyes. He could connect the past and the future and activate the reverse flow of time and space.

He had entered the future two hours later to track Su Yu’s whereabouts.

Unexpectedly, the future Su Yu was able to see through time and space and discover him hiding in the past.

“He wasn’t just able to detect me.”The Golden Pupil Langjun’s expression was slightly solemn. “He was able to block my eyes!”

This action meant that Su Yu had an earth-shattering ability that could reverse time and space!

“However, I’ve finally roughly determined his location!”Golden-eyed Langjun’s eyes turned cold. “Let’s set off and destroy this child!”

Bi Yun Hong Xian hurriedly said, “Father, please reconsider. There’s something fishy about this matter!”

She glanced slightly at Daoist master wind flower.

“I’ve made up my mind!”golden-eyed Langjun said indifferently.

With a swoosh, he and the other Daoist masters boarded a battleship with a peculiar design.

Bi Yun Hong Xian stepped on her toes and said, “I’ll go too!”

The battleship broke through the endless space in one breath, second only to the myriad sect beasts.

Just one day later, it arrived at the place where Su Yu had appeared.

Golden Pupil Langjun once again used her eyes to see through the other shore of time and space, where Su Yu would go.

On a mountain peak, Su Yu stood and looked into the distance.

Suddenly, he raised his head as if he had sensed something and met the golden eyes once again.

“Rebel against spacetime!”He raised his palm and twisted it, causing the spacetime around him to fall into a state of chaos. Sometimes he would advance, sometimes he would retreat, and sometimes he would freeze.

In the eyes of the golden-eyed Langjun, Su Yu’s figure would appear and disappear at times, completely unpredictable.

After retreating from the investigation, the golden-eyed Langjun’s face was filled with shock. “Rebel against spacetime?”

“Chase!”However, his gaze became even more determined.

The Wind Flower Path Master’s heart skipped a beat when she heard this. Just who was this kid?

She felt somewhat regretful. She had underestimated this kid too much. If only she had risked everything to kill him back then, why would she have to go through so much trouble now?

Half a day later.

They appeared at the peak of the mountain where Su Yu had appeared.

However, there was still some chaos in the nearby space-time. The golden-eyed Langjun was unable to activate the flow of time and space.

“Hong Xian, give me the letter!”The golden-eyed Langjun said.

Biyun Hong Xian resisted, but how could she resist?

The golden-eyed Langjun’s eyes flashed, and the letter she had hidden fell into his hands.

“Father, please show mercy. I think there might be something hidden,”Biyun Hong Xian pleaded.

The golden-eyed Langjun looked at her indifferently and said, “Don’t lower your head to others! This is very disappointing.”

As the future heir of the number one aristocratic family, he shouldn’t lower his head to anyone, especially because of an outsider!

Turning around, the golden-eyed Langjun grabbed the letter and blew on it.

The words written on it flew out like tadpoles and quickly flew towards the direction of Su Yu.

“Chase!”

Following the words, the group of people quickly rushed over.

Bi Yun Hong Xian looked apologetic and sighed, “You shouldn’t have warned me!”

These few words exposed Su Yu’s final whereabouts!

At a certain place, Su Yu stopped and turned around slowly. His eyes were cold, “Do you really want me to start a fearless killing spree?”

Sensing the end of the world, Su Yu turned around and looked coldly with his hands behind his back.
