

Nine-Dragon 2191

Chapter 2191 Unfathomable

He didn't have a leaf.

However, he still had 20,000 drops of Dao Master's blood from Dao master purple clouds and Dao master white bone, as well as a Heavenly Dao Eye of death!

Unless one of them was close to the level of a vile woman, he would die if he shone on them!

At the very least, he made up his mind. He didn't care if the innocents of the seven ultimate civilization were dead or alive. He threw out a handful of world-destroying dust and crushed the entire seven ultimate civilization.

While he was thinking, an air wave came from afar.

Several Dao Masters and Bi Yun Hong Xian, led by Golden Pupil Langjun, flew across the sky.

Wind Flower Dao master was the most enthusiastic. She snorted coldly and said, "Devil! You killed the innocents indiscriminately. You deserve to die. Let me take you in!"

What she hoped the most was to silence Su Yu and not let him say a word.

However, there was someone who was faster than him.

Golden-eyed Langjun took out a golden bell and instantly flipped Su Yu inside.

The strange thing was that Su Yu did not resist. Instead, he was very calm.

"Do you want to say something?" Golden-eyed langjun came in front of the golden bell with his hands behind his back and asked.

Su Yu stood with his hands behind his back and said indifferently, "You are not as smart as you think."

"Is that so? But it's enough that I caught you," golden-eyed Langjun said indifferently. At the same time, he took out a golden sharp blade and stared at Bi Yun Hong Xian. "You do it."

Bi Yun Hong Xian hesitated and did not grab the sharp blade.

It was an immortal embryo of a dao artifact that could destroy a dao master. It was extremely powerful.

If he really stabbed it, Su Yu would die without a doubt.

"You are the heir of the number one aristocratic family. You can not be emotional, and you are not allowed to be weak!" He seemed to be blaming Bi Yun Hong Xian for pleading for Su Yu previously.

Under pressure, Bi Yun Hong Xian held the sharp blade and walked toward Su Yu step by step.

She came in front of the golden bell and said apologetically, "Su Ruchu, don't blame me, I was forced!"

As she said this, she stabbed the blade into the golden bell and pointed at Su Yu's vital point.

Seeing this, the wind flower path master's lips curled up into a cold arc.

Golden Pupil Langjun was expressionless as he watched Su Yu receive the fatal blow.

However, at this moment, Su Yu suddenly opened his mouth and bit the sharp blade.

With a crack, the sharp blade of the immortal item was directly bitten off!

At the same time, Su Yu also bit off the golden bell and stretched out a hand. Like Lightning, he twisted Bi Yun Hong Xian's neck.

No one had expected this sudden scene.

From Su Yu biting off the sharp blade to twisting Bi Yun Hong Xian, it only happened in a split second.

"How dare you!" Golden-eyed Langjun glared at him and said.

Su Yu's expression was indifferent. "You're going to kill me, why wouldn't I Dare?"

He was about to strangle her to death!

"Stop!" Golden-eyed Langjun waved his hand and took back the golden bell. He said in a deep voice, "Su Ruchu, I can let you go, but you must not hurt a single hair on my daughter's head. Otherwise, you will have nowhere to run!"

Su Yu said, "Give me your warship."

Golden-eyed Langjun hesitated for a moment. That warship was the only heaven relic warship of the first absolute civilization.

This warship was created by the Heaven Relic Emperor himself, and there were only nine of them.

Five of them had been destroyed, and the other three were all in the hands of the seventh absolute family.

The last one was lucky enough to be in the hands of the first absolute family.

How could he be willing to hand such an expensive warship over to Su Yu?

The wind flower path master became anxious and said, "Family head, we can't agree to him! If we keep him, we still have a chance to save the young miss. If we hand the warship over to him, who knows where he will take the young Miss!"

The other path masters deeply agreed.

They could completely continue to negotiate with Su Yu and try to exchange the young miss back.

"I will only give you ten breaths to decide if you agree or not!" Su Yu began to count. "Ten!"

After counting for a while, golden pupil Langjun said, "Give it to him!"

"But..." the wind flower path master was extremely unwilling.

“I said, give it to him!”Golden Pupil Langjun's tone became heavier as he said.

Thus, everyone was unwilling to give the heavenly relic battleship to Su Yu.

Su Yu refined it on the spot and familiarized himself with the operation process.

He was somewhat depressed to discover that the heavenly relic battleship could only be activated by the power of a Dao master. With the remaining power of a dao master in the deep mountains, he could probably only activate it once.

“I will release the people after they are safe! However, if you dare to catch up, then I can't guarantee anything!”Su Yu said indifferently. He subdued Bi Yun Hong Xian and jumped onto the battleship.

Then, he immediately activated it and disappeared without a trace.

Golden Pupil Langjun's face sank into the water and said, “The rest of you, go back to the manor and keep watch!”

The wind flower path master's face was full of worry. What if Su Yu said something to the family head?

At this moment, golden pupil Langjun suddenly said, “Wind flower, you know this boy the best. Follow me and chase after him.”

The wind flower path master was delighted and said, “Yes, sir!”

The two of them immediately chased after him.

They thought that it would take a long time to catch up to Su Yu, but unexpectedly, they found the heaven relic battleship docked on the beach of the continent.

What was more wonderful was that Su Yu and Bi Yun Hong Xian were among them.

The wind flower path master was overjoyed. It seemed that the power of Dao Master Su Yu was insufficient, so he couldn't control the heaven relic battleship for too long.

However, what was slightly strange was that.

Sensing their arrival, Su Yu did not do anything to Bi Yun Hong Xian.

Instead, he drank and chatted with him on the heavenly relic battleship.

Daoist master wind flower frowned slightly and vaguely sensed that something was wrong.

“Su Ruchu! Do you have anything to say?”golden-eyed Langjun walked over with his hands behind his back with a hint of coldness on his face.

Su Yu put down the wine cup indifferently and said, “What I want to say is that Daoist master wind flower is the spy of the second exceptional family.”

Hearing this, the wind flower path master angrily rebuked, “Nonsense! I have risked my life for the first most powerful family for so many years, how can I be a spy for the second most powerful family? Family head, this child is trying to sow discord, I hope you can understand!”

The Golden Pupil Langjun's eyes grew colder as he stared at Su Yu and said indifferently, “One is my clan elder, the other is the murderer who kidnapped my daughter, who would I believe?”

Upon receiving such an answer, the wind flower path master heaved a sigh of relief, but he did not wait for him to be happy. Golden pupil Langjun continued, "What I believe, of course... is Su Ruchu!"

The wind flower path master was stunned and said, "Clan Head, you are saying that you believe him?"

Golden Pupil Langjun turned his body to the side and stared at the wind flower path master. His eyes were filled with complicated emotions as he said, "I originally wanted to keep you for a period of time, but unfortunately, you already have evil intentions!"

The wind flower path master trembled slightly and pretended to be calm as he said, "Clan head, I don't understand what you're saying."

"You do. Twenty years ago, you accepted three drops of Heavenly Grace Dew from the young master of the second exceptional family in exchange for working for the second exceptional family. I knew about this long ago." Golden Pupil Langjun's words were earth-shattering.

"As the clan head of the first exceptional family, it's my fault for not being able to provide you with Heavenly Grace Dew. Therefore, I ignored it and reminded you many times in the open and in the dark to remain loyal to the aristocratic family. However, you still didn't understand what I meant in the end and caused such a huge massacre at the heaven shattering mountain."

His words conveyed deep disappointment.

When the wind flower path master heard this, his face was as pale as a sheet of paper, he said, "No... impossible. How did the head know about what happened back then? At that time, other than me and the young master of the number two aristocratic family, there were only his trusted aides... wait, head, you... bribed that young master's trusted aide?"

The golden-eyed Langjun was silent, which was equivalent to admitting it.

The wind flower path master sucked in a breath of cold air. He felt that the usually gentle and refined family head was now like an abyss, unfathomable!

He had placed a chess piece so deep into the second absolute family without making a sound!

The second absolute family probably didn't have many core secrets anymore, and they were truly kept secret.

"Wind flower, you can be a human again in the next life!" The golden-eyed Langjun sighed and threw out a golden domain.

The wind flower path master's eyes were filled with panic. As he released his domain to resist, he shouted, "Family head, spare my life! Spare my life!"

What answered him was the soundless domain enveloping him.

When the two domains clashed, the wind flower path master's domain was completely burnt up by the Golden Light.

His body was also completely destroyed by the golden light!

Su Yu observed the entire process and his pupils contracted slightly.

At the same time, the path master, Golden Pupil Langjun, was much stronger than the wind flower path master!

Golden Pupil Langjun silently watched as the wind flower path master turned into ashes and dispersed. A complicated look flashed across his eyes before he regained his calm and turned around to land on the heaven legacy battleship.

"How is this ending?" Golden Pupil Langjun sat down and smiled warmly.

Su Yu was neither servile nor overbearing, "Nothing much! After all, I am still a wanted person by the number one aristocratic family."

The news of the wind flower path master being a traitor was only known to those present.

The outside world still believed that Su Yu had betrayed them.

"To be honest, I am quite satisfied. Only in this way can you help me do something," golden-eyed Langjun said.

They were unusually harmonious, and it didn't seem like there was any unhappiness at all.

"Is this the reason why the Patriarch wants to send me a private message in the Golden Bell?" It turned out that golden-eyed Langjun's words were implied in the golden bell.

He knew that Su Yu was innocent, and he hoped that Su Yu would take Bi Yun Hong Xian as a hostage and cooperate with him to put on a show.

That was why the previous scene had happened.

"Of course," golden-eyed prince said, "I hope that you can infiltrate the Pirate Alliance as a spy."

Hearing this, Su Yu stared at the gentle man in front of him.

He reminded Su Yu of a person -- Dongfang Xia of the Great Yu imperial court.

He was also a wily old fox, but golden-eyed prince gave off an unfathomable feeling.

To be able to place someone by the side of the young master of the second most powerful family, his ability to scheme was evident.

Now, he had to arrange for him to enter the Pirate Alliance. He really had a good plan.

"Then, you must have prepared a reward that I'm interested in," Su Yu said lightly.

The golden-eyed prince smiled, "How about marrying my daughter to you as a reward?"

Bi Yun Hongxian was stunned by his words. Was her father joking?

“Let’s be serious. This joke isn’t very funny.”

The young miss of the number one aristocratic family, the future heir, would be so casual as to marry someone whose background wasn’t even clear?

Moreover, in the eyes of the golden-eyed Langjun, he was just an insignificant person, right?

“It’s indeed not very funny.”The golden-eyed Langjun stared into Su Yu’s eyes and said indifferently.

He didn’t want to betroth Bi Yun Hong Xian to Su Yu, but wanted to see Su Yu’s reaction.

If he really had improper thoughts about his daughter, the following conversation would probably be another kind of disharmonious atmosphere.

There was only time for one update, and the remaining one update would be sent at night.

Chapter 2192 Evil Dragon Imperial Sky

Fortunately, he still had some self-awareness.

Therefore, he could still continue to talk peacefully.

“Do you have something you want to do?”Golden Pupil Langjun said confidently.

As the head of the number one aristocratic family, he indeed had such confidence.

“Send me to the evil daughter Palace,”Su Yu said indifferently.

Since the other party had such a tone, what was there for him to hesitate about?

Hearing this, Golden Pupil Langjun was stunned. He sucked in a breath of cold air and said, “Vile Maiden Palace? Sir’s request... is beyond my ability. Change it.”

His expression was slightly awkward, but he immediately returned to normal.

“If you can’t send me there, then you can tell me where the vile maiden palace is.”

“This...”golden pupil Langjun hesitated and said, “I don’t know either!”

Su Yu said indifferently, “Then why should I Be Your Spy?”

After failing to fulfill two requests, golden pupil Langjun put down his attitude and said, “It’s not that I can’t do it, but it’s your request. No one in the seven ultimate civilizations can do it.”

He hoped that Su Yu could change another condition.

“I want the heaven cleansing dust, but you didn’t fulfill it. You also can’t satisfy the clue of a place name. To be honest, I’m quite disappointed in your number one aristocratic family.”Su Yu stood up and said.

The so-called seven star civilization was nothing more than this.

Seeing that the discussion was about to collapse, Bi Yun Hong Xian was anxious. Suddenly, she had an idea and said, “Father, don’t we have a heaven’s Well?”

After his reminder, Golden Pupil Lang Jun's eyes flickered slightly, and a trace of hesitation appeared on his face.

Only when Su Yu really left did he say, "Wait!"

He said, "Just as my daughter said, our number one aristocratic family has a heaven's well that can answer all the questions in the world."

"Is that so?" Su Yu expressed his doubt.

The golden-eyed Langjun waved his hand, conjuring an image.

A dilapidated dry well was hidden somewhere under the blessing of the Dao Masters' seals.

"This is the heaven's well that the heavenly emperor created when he was still in power. If there are more than ten Dao masters infusing primal energy into it at the same time, it can be activated and ask questions. The Echo in the well will give you the answer you want."

Su Yu's eyes flickered slightly. This was somewhat like an undying ancestral demon.

However, the authenticity was questionable.

"You can rest assured on this point. Anyone who asks someone who knows the truth will know that our number one aristocratic family has such a heavenly well."

Su Yu nodded slowly. "Let's Believe in this ancient well for now. However, why must you open it for me? Spending Ten Dao Masters to open it at the same time is no small feat."

Golden Pupil Lang Jun said indifferently, "You can ask around if my golden pupil Lang Jun has broken his promise. If anyone tells you that I have broken the agreement, it doesn't matter if you give up the mission Midway."

He was so confident that he indeed looked trustworthy.

Find an opportunity to ask the people who knew about it.

"Then, how long do you plan to let me be a spy? It Can't be more than a hundred years, right?" Su Yu said.

The golden-eyed prince waved his hand. "Of course not! I only hope that after you become a spy, you can help us accomplish one thing."

"That is, gather the power of the Pirate Alliance and give the second most powerful family a destructive blow!"

The answer was as expected.

Presumably, the golden-eyed Prince did not plan to destroy the entire pirate alliance by himself.

To make Su Yu a spy, the target should be something else.

Now, it seemed that it was as expected.

Jin Tong Lang Jun smiled faintly, "How about it, are you willing to try?"

Did Su Yu still have a choice?

It was not easy to find the clue of the evil maiden palace, so naturally, he could not give up.

"Then, how do you plan to make the Pirate Alliance accept an outsider like me?" Su Yu asked.

"Hehe!" "This is the reason why I wanted to arrest you even though I knew that you were wronged." The golden-eyed prince smiled. "The Pirate Alliance only accepts people who commit heinous crimes. You killing the younger generation of my number one aristocratic family is the best qualification."

After thinking for a while, Su Yu said thoughtfully, "Even if I joined, I would still be the most ordinary pirate member, right? To become their core within a short period of time and influence their actions is not an ordinary difficulty."

The golden-eyed prince smiled, "That will depend on your own ability."

After a moment of silence, Su Yu said, "Alright, leave it to me."

The golden-eyed prince handed Su Yu an astrolabe and said, "The Pirate Alliance was besieged by US last time and suffered heavy casualties. Now, they are recruiting new pirate members on a large scale. If you go to this place and reveal your identity, you should be placed in an important position."

After holding the astrolabe, Su Yu immediately set off.

A hint of joy flashed across Bi Yun Hong Xian's beautiful eyes as she said, "With young master Su's help, Father's grand plan will soon succeed."

The golden-eyed Langjun said indifferently, "He is just a pawn. My Plan for my grand plan relies on my many years of planning!"

Bi Yun Hong Xian smiled lightly and did not refute, "It's just that I always feel that young master Su is not an ordinary person."

Golden-eyed Langjun looked at Bi Yun Hong Xian meaningfully and said, "Restrain your feelings. A person like him is not worthy of you!"

Bi Yun Hong Xian asked back, "Then what kind of person is worthy? The famous nine-colored heavenly venerate?"

He shook his head, golden-eyed langjun laughed and said, "Why do you have to say such words in anger? What kind of person is nine-colored heavenly venerate? He was an almighty who hunted down his evil daughter. He was someone who could intimidate the entire galaxy civilization with a single word. No matter how bad his taste was, he would never take a fancy to our little number one aristocratic family."

Bi Yun Hong Xian said indifferently, "It's really hard for me to be happy when Father says that! Am I really that weak?"

“Hehe, in the seven ultimate civilization, you and Princess Pipa are naturally peerless figures. However, in the eyes of such an important figure, they are just pink skeletons.”

Bi Yun Hong Xian laughed self-deprecatingly.

“In short, if you want to find someone, you have to at least find a successor to the Patriarch of one of the seven ultimate families. Su Ruchu is lacking in all aspects and is far from being qualified to be your spouse.”

Bi Yun Hong Xian’s face was calm, but she was thinking in her heart. If Su Ruchu’s body was not exhausted, how many successors of the seven ultimate families would be able to fight head-on with the powerful combat power that he had used to kill Dao Master Bai Gu?

Other than Xia Ruchen, the number one person of the seven ultimate civilization, no one else should be able to fight him, right?

However, Bi Yun Hong Xian knew very well that the heir of the seven ultimate families that her father mentioned was actually Xia Ruchen.

In her father’s eyes, only he was worthy of his daughter!

Speaking of Su Yu...

Holding the astrolabe in his hand, he didn’t rush over immediately. Instead, he was looking for a deserted civilization.

“Come out!” He waved his palm at the space of the Buddha Bead, and a flying dragon appeared. It was the evil dragon.

“Release the Heaven and earth energy that you have absorbed.” Su Yu decided to refine his dao body here.

The evil dragon rolled its eyes and said, “Sir, just refining the dao body might be a waste of the heaven and Earth Energy.”

“Do you have anything to say?” Su Yu asked.

The evil dragon lowered its head and said respectfully, “I wonder how far Sir has cultivated the evil Dragon Bible?”

Hearing this, Su Yu’s heart moved.

He had long cultivated the first chapter of the Evil Dragon Bible, the evil dragon nirvana, to the peak.

But the second chapter, “Evil Dragon Imperial Sky”, was still unable to grasp the main point.

This Bible was obtained from this evil dragon. Could it be that there were some key points in it that he did not know about?

“The evil dragon has been unable to cultivate. Could it be that you did something to it?” Su Yu’s eyes were filled with suspicion.

Chapter 2193 Incarnation

The evil dragon smiled evilly. "Of course. When I was suppressed back then, I expected that someone would come and snatch the 'evil dragon bible' one day, so I purposely changed a part of the contents of the Bible."

No wonder!

As he spoke, the evil dragon pulled off a reverse scale on his neck. As drops of dragon blood dripped down, the scale floated in front of Su Yu.

There were many words on the scale.

"This is the original version of the Evil Dragon Bible."

Su Yu took the scale and compared it with it. As expected, he found that it was much more exquisite.

He experienced the evil dragon Nirvana once again and found that there were more mysteries within it.

If he used it again, it should be able to increase its power.

He then looked at the second chapter of the Evil Dragon's reign of Heaven. After looking at it, he found that the second chapter, which was once difficult to comprehend, immediately had some clues.

The evil dragon said from the side, "I have studied the 'Evil Dragon Bible' for many years and have some insights. Would you like to hear it, sir?"

"Speak!" Su Yu's eyes lit up. It had been suppressed for countless years and had countless things to do. It had been free to study this scripture for many years, and the level of comprehension it had accumulated far exceeded that of ordinary people.

"According to my understanding, the evil dragon Nirvana belongs to the basic chapter, which is the foundation of the later stage of cultivation. If you don't complete this chapter, it will be difficult for you to continue your cultivation," the evil dragon said as it rolled its eyes.

Su Yu nodded. During the short period of comprehension just now, he was indeed able to sense the weak connection between the second chapter and the previous one.

"And then?"

"The first chapter is the foundation. The second chapter is prepared for the Dao master to strengthen his dao body! This technique can only be cultivated when he breaks through to the dao body. Once he breaks through to the Dao master level, it will be useless to cultivate again."

Hearing this, Su Yu was slightly confused. The dao body was already a rarely seen tough body.

There were not many things that could harm it. If it was strengthened, what level would it be?

“In our Dragon Clan, there is a body that surpasses the dao body. It is called the Heavenly Dragon Dao Body! “Throughout the generations, only the Dragon Emperor was able to successfully cultivate it. For the rest of the Dragon clan, apart from a few people with extraordinary talent or great luck, very few people have succeeded.”

“But according to my research, the second chapter of the Evil Dragon Bible was created for the Heavenly Dragon Dao Body!”The Evil Dragon’s eyes were burning with passion.

Heavenly Dragon Dao Body? Su Yu narrowed his eyes and asked, “How strong is this physique?”

“Very strong! A simple body collision would cause an ordinary dao body to be crushed by the Heavenly Dragon Dao body. The Dragon Emperor can intimidate the dragon race, and the Heavenly Dragon Dao body is one of the reasons.”

Su Yu looked thoughtful when he heard this and said, “Keep an eye out for me!”

He was obviously worried when he heard the evil dragon say that it was better for him to comprehend it by himself.

After entering the time acceleration state, Su Yu immediately began to comprehend.

A few months later.

Under the time acceleration state, he had comprehended for no less than a few hundred years and finally comprehended the complete ‘Evil Dragon Imperial Sky’.

Just as the evil dragon said, the second volume was tailor-made for the Heavenly Dragon Dao body.

Once the Heavenly Dragon Dao body was completed, it would not be afraid of an ordinary dao master’s domain at all. It could even rely on its body to destroy the domain with brute force. It could be said to be invincible!

Su Yu’s heart was moved!

He mobilized the dragon blood in his body and performed the evil Dragon Nirvana. He transformed into a half-human and half-dragon form and cultivated the evil dragon imperial sky.

At the same time, he ordered the evil dragon to release the power of Heaven and earth in the Dragon Pearl and start to transform into a body.

The evil dragon nodded and poured out the power of heaven and earth in the Dragon Pearl.

Instantly, Su Yu felt as if his body was about to be torn apart. He was in extreme pain and subconsciously wanted to stop. However, if he stopped now, he would never be able to step into the Dao master realm for the rest of his life.

Gritting his teeth, Su Yu silently endured the drastic changes in his body.

First, the bones in his body were turning into powder.

Next, his muscles were being pulled apart bit by bit. Then, under the nourishment of the heaven and earth energy, they were being refined again.

Next, his skin began to crack inch by inch.

In a short instant, his entire body transformed into a terrifying bloody figure.

However, this was only the beginning.

Break and then establish.

The pain of establishing was far greater than breaking.

His bones that had turned into powder absorbed the power of Heaven and earth and reassembled.

One grain reassembled with another, then a pile reassembled with a pile, one piece reassembled with another, and finally, one root reconnected with another..

The entire process was as if it had been recreated.

The difference was that his soul was awake at this moment. That endless pain stimulated his soul to shake endlessly.

Just the changes in his bones were enough to make more than half of the people pass out from the pain.

Once they passed out, the transformation of Dao would stop here.

Then, his muscles would also reassemble bit by bit. The process was extremely slow.

At the same time, his skin was also reassembling.

It was something that could be finished in a cup of tea, but in Su Yu's perception, it was as if an entire day had passed.

When everything stopped, the dragon body that he had transformed into had already changed greatly.

The half-dragon body that was once ferocious and pitch-black was now completely white-gold in color!

His entire body was covered in beautiful white-gold scales that emitted a dazzling light in the silent void.

It gave people a sense of holiness and dignity.

The evil dragon at the side witnessed the entire process and could not help but be overjoyed. "It really is true! White-gold scales, the symbol of the Heavenly Dragon Dao Body!"

Su Yu thought for a moment and took out the dao body of the demi-human.

He clenched his Dragon Claw and slammed it on the human-demon's body.

Without any resistance from the other party, the human-demon's body was directly smashed into minced meat!

Seeing this scene, Su Yu's eyes were filled with joy.

“Is this the Heavenly Dragon Dao Body?” It was truly incredibly powerful!

Under normal circumstances, even if Su Yu transformed into a dao body, he would at most be on par with the human-demon body.

With this body, he believed that he would be able to give many dao masters an unexpected surprise!

“Thank you for the Reminder.” Su Yu looked at the evil dragon.

It could have remained silent.

The evil dragon sighed, “There’s no need to thank me. I should be the one thanking you. Release Me and give me the power to recover my cultivation.”

“Likewise!” Su Yu smiled faintly and said, “What are your plans?”

He decided to let the evil dragon live.

Looking at the vast world, the evil dragon laughed self-deprecatingly. “Do I have anywhere else to go? If you don’t mind, I’m willing to follow you.”

Without much consideration, Su Yu agreed.

Putting everything else aside, the evil dragon’s comprehension of the evil dragon Bible was far greater than others.

With it by the side, it should be faster to comprehend this scripture.

Keeping it into the space of the Buddhist beads, Su Yu fixed his eyes on the astrolabe and muttered to himself, “Being a spy in the Pirate Alliance? To be precise, I was originally a member of the Pirate Alliance. Whose spy am I Now?”

With that thought in mind, he stepped into the void and headed there.

Several months later.

Heavenly Void Civilization.

A six-star civilization that had been occupied by pirates for many years.

At this moment, countless pirate ships of all sizes were gathered outside of the civilization.

Seeing this scene, Su Yu sighed silently. If he wanted to completely destroy the pirate alliance, he might need to do another big encirclement like last time.

However, the pirate alliance that had suffered a loss would obviously not be easily fooled again.

However, just like what Golden Pupil Langjun had said, the current pirate alliance was crazily absorbing pirates.

A lot of nothingness wanderers came to join the pirates.

Among them, there must be spies from the other six aristocratic families.

The Pirate Alliance was aware of this, so they set up a strict inspection.

Chapter 2194 Gathering Of The Strong (First Watch)

Every person who joined the pirates had to go through a series of identity checks.

If they were found to be suspected of being an undercover, they would not be able to return.

Su Yu asked around and found that the ten great pirates were all recruiting people. The rewards for the recruitment of the pirates were the most intense.

This was because the last time they were besieged by the seven ultimate civilization, the Pirates suffered the most casualties.

Not only did they lose their main ships and most of their small and medium-sized fleets, they even lost two deputy leaders, leaving behind only the Bald Sea Wolf sect master.

In order to regain their former glory and not be swallowed up by the other nine great pirates, the sea wolf pirates did not hesitate to spend many years of their resources to recruit pirates.

Therefore, they attracted quite a number of people to join him.

Su Yu pondered for a long time. He was previously a member of the Sea Wolf Pirates.

Now that he had completed another major case in the first ultimate civilization, joining the pirate crew should be the best time to enter their core.

With this thought in mind, Su Yu immediately set off to the area where the pirate crew was recruited.

The pirate crew, who rarely showed their faces, personally sat in front of a huge ship to observe the identity verification and strength assessment.

Their methods of identity check originated from the seven ultimate civilization's method of identifying enemies.

There were seven pieces of jade on the verification platform, and each piece contained the blood essence of an aristocratic family.

As long as someone from the seven ultimate civilization touched the jade, there would be a corresponding reaction.

Of course, if there were traitors from the seven ultimate civilization, they would have to declare that they were from the seven ultimate civilization and accept the soul search from the Sea Wolf Path Master. Only then could they join them.

The entire process was sparse but not confusing. It was not difficult to cheat and blend in.

Su Yu queued up to join as a newcomer.

When he checked his identity, he, who did not have the bloodline of the seven ultimate civilization, would naturally pass easily.

“Come here and wait for the Martial Force Test.” After passing the identity test, someone led him to the other end of the deck.

There were already tens of thousands of people gathered there. According to their cultivation, they were divided into different square formations.

“Release your prehistoric power and take a look.”The leader was a half-step DAO Master.

Su Yu clenched his fist and a pure prehistoric power poured out.

“Half-step Dao Master?”The opponent’s eyes clearly lit up.

What the Sea Wolf Pirates lacked the most right now was elite experts!

“Come over here!”His attitude immediately became much gentler, and he led Su Yu to a quiet cabin.

Rows of beautiful pirate girls were moving back and forth, serving the two men inside.

Their ages were different, one in his eighties and the other in his forties.

Su Yu’s entry naturally caught their attention.

They raised their heads and sized him up, slightly surprised.

To be able to come to this private room, it was enough to show that his cultivation had reached the half-step dao master level.

But such a young half-step dao master should be a top genius nurtured by the seven ultimate civilizations or some six-star civilizations, right?

He actually came to join the pirates.

“The three of you should get familiar with each other. Perhaps you will be colleagues in the future.”The guide closed the cabin door with a smile.

The old man and the middle-aged man looked at Su Yu with interest and stood up one after another. They cupped their fists and said, “Young Friend, your talent is astonishing. I admire you!”

Su Yu said, “Seniors, you flatter me. I still need to learn from you.”

Although Su Yu was young, he was not arrogant at all. The two of them were full of praise.

“Young friend, why did you come to join the Pirates? With your talent, you can be placed in an important position in any place, right?”The old man asked curiously.

Su Yu sighed, “I was pressured by others. I had no choice but to kill some people. I had no choice but to join the Pirate Alliance.”

The middle-aged man was very curious, “May I ask who you killed? With your talent, even if you killed some people, there must be some big forces that want to protect you, right?”

Su Yu said helplessly, “I probably killed half of the geniuses of the number one aristocratic family.”

The old man and the middle-aged man both took a deep breath.

“Are you talking about the number one aristocratic family of the seven ultimate civilizations?”

“That’s right!”

“Hiss!”The middle-aged man sucked in a breath of cold air and looked at Su Yu again. “How should I address you, sir?”

“Young Master Wu Chen!”

“What!”The old man cried out in surprise. “Are you the young master Wu Chen who has recently been wanted by the number one aristocratic family for 10 million dao coins?”

The middle-aged man looked at Han. “Elder Poison, have you heard of him?”

“Why haven’t I heard of Him?”? “His current fame has already spread to the nearby six-star civilization.”The old man sized up Su Yu in surprise. “It’s said that young master Wuchen killed more than three hundred people from the branch of the number one aristocratic family in heaven shattering mountain! He even assaulted Bi Yun Hong Xian and almost succeeded!”

Wait a minute!

Su Yu blinked and said that he killed a disciple from the branch of the number one aristocratic family. He admitted this crime and said that he killed more than three hundred people... Alright, he reluctantly admitted it.

However, he said that he had violated Bi Yun Hong Xian?

Wasn’t the crime fabricated by Golden Pupil Prince Too Ridiculous?

“I heard that he almost succeeded. He had already stripped Bi Yun Hong Xian naked. Just as he was about to do it, the furious clan elder arrived and had no choice but to flee!”

“I also heard that among the three hundred or so heaven’s favorites that he had killed, even the prettier female did not escape the clutches of the Devil!”

Su Yu’s forehead was full of black lines.

Did he dare to go a little overboard?

The current him had already been recognized by the outside world as a homicidal maniac and lecherous maniac, right?

“Young Master Wuchen, looking at your expression, could these rumors be wrong?”The middle-aged expert asked.

What could Su Yu Say? That the golden-eyed prince-in-law’s strolls were all fake news?

“More or less, yes, more or less.”Su Yu’s face stiffened as he replied.

The old man and the middle-aged man revealed looks of admiration as they said, “Young Master Wuchen is really a role model for us pirates. I heard that Bi Yun Hong Xian is as beautiful as a fairy. I wonder how many people would envy you for being able to get close to her!”

The corners of Su Yu's mouth twitched slightly. These two old people did not know how to be embarrassed!

"May I ask who you are?"

The old man laughed hoarsely. "I am poison diviner."

"I am not as famous as elder poison. I am Tian Xue Macheteman."

Su Yu greeted the two of them.

The two of them had quite a good impression of Su Yu. In addition, they were both new pirates, so it was inevitable that they would be ostracized by the old pirates in the future.

Therefore, they had the intention to build a good relationship with Su Yu and reach an alliance.

"Since there's still some time before the martial arts test, how about we discuss martial arts?" Poison Soothsayer said.

Tian Xue blade master clapped his hands and smiled. "That's exactly what I'm thinking."

The time that the two of them had cultivated was far longer than Su Yu's. In terms of martial arts experience, they were naturally better than Su Yu.

However, when they really discussed it, poison operator and the Heavenly Snow Saberman slowly became quiet from the beginning.

They turned their ears to listen to Su Yu's explanation.

Every time they talked about the difficult points of martial arts, they could get a new understanding from Su Yu's explanation.

Gradually, they could not help but turn their bodies sideways, as if they were students listening to a teacher's lecture.

Only when there was movement outside the cabin did Su Yu stop. He said with a faint smile, "Why don't we end the martial arts discussion today and continue it another day?"

Poison operator and Heavenly Snow Saberman suddenly returned to reality from the discussion, feeling lost.

Heavenly Snow Saberman cupped his fists and said, "Listening to your words is better than reading ten years of books!"

Poison soothsayer also sighed, "I have cultivated all my life, but my theory of martial arts is not as good as yours. I am so ashamed, so ashamed!"

Su Yu chuckled, "Seniors, you flatter me. I just happen to know some things. It is nothing."

Seeing that Su Yu was so knowledgeable in martial arts but was still so humble, the two people admired him from the bottom of their hearts.

No wonder he could achieve such achievements at such a young age!

Creak --

At this moment, the door was pushed open.

The guide brought in a young man who looked to be in his thirties.

His entire body was like a rock. His hair was made of mud threads, and his eyes were made of two purple gemstones.

The most special thing was that he carried a broadsword that was as tall as a person on his back.

“Sword in the stone!” The Heavenly Snow Saberman and poison soothsayer cried out in surprise when they saw this person. They immediately stood up and took the initiative to bow to him. “Lord Sword in the stone, you’re here too!”

Su Yu was surprised. Was this person very famous?

He stood up and cupped his fists at him.

However, sword in the stone was an extremely proud person. He nodded at the three of them indifferently and occupied an area by himself. No one paid any attention to him.

Su Yu and the other two felt embarrassed and went back to their seats.

“Who is Shi Zhong Jian?” Su Yu asked.

Poison operator looked at Su Yu in surprise. “You don’t know him? He is already an existence whose body and soul have already reached the Dao stage. He is only a step away from becoming a dao master! His strength can be ranked in the top 100 out of the tens of millions of nearby civilizations!”

Of course, the top 100 was because there was no dao master participating in the ranking!

“That’s right!” Heavenly Snow Saberman said, “His strength is powerful not only because of his dao body and soul dao transformation, but also because he has a trace of the upper third-rate race, the bloodline of the heavenly stone clansmen. The power of that Stone Sword is no less than a dao artifact immortal embryo!”

“In a real battle, no more than 100 people below Dao Master can defeat him.”

Su Yu suddenly understood. Was his dao body and Soul Dao at the same time?

He did not know if he could withstand a blow from his Heavenly Dragon Dao body.

Half a day later, the cabin door was opened again. The guide led a young girl who looked to be only 16 or 17 years old.

Her face was carved with jade and was very beautiful. She was as adorable as a porcelain doll.

On her forehead, a floating pink lotus flower bloomed.

Seeing her, poison operator and Heavenly Snow Saberman were shocked again. “The star girl of the Sacred Lotus Star from a Super six-star civilization?”

Even the arrogant sword in the stone frowned when he saw this girl, and his eyes were filled with fighting spirit.

This time, before Su Yu asked, poison operator lowered his voice and said seriously, “Oh my God, I’ve seen a ghost! It’s fine if a famous prodigal like sword in the stone is willing to join the pirates, but even the star girl of the Sacred Lotus Star Is Here!”

Sky Snow Saberman said, “I heard that the Sacred Lotus Star only recommends one star lady every hundred years. Why would such an important figure come to join the Pirates?”

The Sacred Lotus Star was an existence whose strength far exceeded that of a six-star civilization, but was also slightly lower than that of a seven-star civilization.

It was just like the demon race in its heyday.

The star Lady was a landmark figure who led an era and often poured a great deal of effort into the sacred star.

It was hard to imagine that the star lady with boundless prospects was willing to join the Pirates!

Su Yu’s gaze flickered slightly. Just the pirates alone had brought so many top-notch talents with unknown names.

Could it be that there was an unknown reason behind it?

Chapter 2195 Martial Arts Competition

“Hello, everyone.”Star lady smiled at them.

Sky Snow Saberman and poison operator replied politely. Su Yu also smiled and nodded.

“Since everyone has met, let’s go meet the leader. He will personally observe the test of your martial arts.”The leader smiled warmly.

Everyone nodded slightly, and their expressions didn’t change much.

With their cultivation, joining the wolf pirates was a done deal.

The only difference was what positions the five of them would arrange.

As far as they knew, each pirate branch usually only had two deputy leaders and ten chapter leaders.

The deputy leader was an existence whose power was second only to the leader, and the chapter leader had to listen to the deputy leader’s orders and control a division fleet.

Out of the five of them, only two could become the vice-leader, while the other three would become the chapter leader.

At the same time, they were half-step dao masters, but they had to listen to the orders of another person. No one was willing to accept this.

Therefore, in the next test of strength, whether it was Su Yu, the Heavenly Snow Saberman, or the others, none of them would leave any strength behind.

Under the guidance of the guide, they came to the deck.

On the wide deck stood an arena sealed by a DAO Master. All the experts could compete on it.

Above the arena floated a throne. On the throne was the Frowning Dao Master Sea Wolf.

In the Battle of encirclement a few years ago, the Sea Wolf Pirates had suffered great losses.

Until now, there were no signs of recovery.

On the other hand, Xie Xiaoyue had foresight in that battle. She led her own pirates and escaped the encirclement without a scratch.

The current Xie Xiaoyue was already the number one pirate amongst the ten great pirates and had the faint intention of dominating the pirate alliance.

This open recruitment of pirates should be a chance to turn the tables.

However, what made Dao Master Sea Wolf Despair was that he heard that there were already quite a few famous prodigies in the nearby star areas who had chosen to join Xie Xiaoyue.

This made it difficult for Dao Master Sea Wolf to be happy.

“Leader, the person has been brought here.”

Dao Master Sea Wolf came back to his senses and swept his gaze over. First, he looked at Su Yu and was slightly stunned.

Su Yu naturally remembered that his two former deputy leaders had picked up a half-step dao master who had exhausted his body.

He had thought that Su Yu had died in that encirclement a long time ago. He had not expected that not only did he not die, but he had also appeared in front of him once again.

A calm look flashed across his eyes as he looked at the other two.

When he realized that they were the rather famous poison operator and the Heavenly Snow Saberman, a hint of a smile finally appeared on his gloomy face.

There were still two decent seedlings.

When he looked at the sword in the stone, his expression suddenly changed, and a look of surprise flashed across his eyes.

Sword in the stone? The half-step DAO Master ranked in the top 100!

Such a figure actually defected to him?

Dao Master Sea Wolf couldn't help but be overjoyed.

However, when he looked at the last star lady, his pupils constricted, and he suddenly stood up from his throne. His heart was filled with ecstasy.

Star Lady?

Every generation's star Lady of the Lotus Saint Star was at least in the top 20!

Her strength was close to the strength of any heir of any aristocratic family in the seven ultimate civilization!

Such a figure actually came to seek refuge with him?

He was, after all, a dao master. After a short period of ecstasy, he quickly regained his composure and calmly said, “En, let the test begin.”

With a shake of his sleeve, a stone tablet appeared.

Light swirled on the surface of the stone tablet, and traces of spatial aura spread out from within.

“Draw lots to determine the order.” Dao Master Sea Wolf waved his hand, five Jade slips with flashing lights appeared, “Each piece has a number on it. From one to five, whichever number you get will be the number to be tested. Do you have any objections?”

Everyone fell silent. The sword in the stone leaped into the air and grabbed one of the jade slips in the middle.

After wiping off the light on it, number three appeared!

Following that was Star Lady. She used her skillful hand to grab the right-most jade slip. The light on the jade slip faded and number four appeared.

“Hehe, number four.”

The Heavenly Snow Saberman and poison operator each took one jade slip. They were number two and number one respectively.

There was only one left. It didn’t need to be taken to know that Su Yu was ranked fifth.

After the ranking was arranged, poison operator was the first to arrive in front of the stone tablet. He placed his hand on it, and the rotating light immediately sucked it in.

After the time it takes for half an incense stick to burn, poison operator fell out in a sorry state. He was panting heavily, and there were many wounds on his body, making him look rather miserable.

Tick-tock --

A series of numbers appeared on the stone tablet behind him.

On it was displayed, “1,800 points of martial strength.”

Dao Master Sea Wolf nodded his head in satisfaction. “Not bad!”

“Inside the stone tablet are the nine afterimages that I left behind. Each of them represents a stage of my strength. You will go from weak to strong and fight with my afterimages from the past until you fail and fall out of the stone tablet. Based on your performance in the stone tablet, your martial strength will be automatically evaluated.”

The Sea Wolf Path Master explained the rules.

The stone sword with a proud expression said, “What if I defeat all of your afterimages?”

Upon hearing this, the Sea Wolf Path Master didn’t get angry. Instead, he laughed and said, “If you really have such ability, there’s no harm in letting you be the leader.”

Inside the stone tablet, the ninth afterimage was none other than the current Sea Wolf Path Master!

As a dao master, who would be able to fight against him?

“The second one, begin.”

The Heavenly Snow Saberman entered. After the time it takes for half an incense stick to burn, he came out in a slightly pathetic state and shook his head at the crowd with a bitter smile.

The stone tablet behind him emitted a tick, and the number 2,100 appeared.

“Sorry for making a fool of myself.” The Heavenly Snow Saberman laughed self-mockingly.

He was rather satisfied with his overall performance inside.

He even revealed his strength that was stronger than poison operator.

However, with people like stone sword and star lady in front of him, his little bit of martial strength was really not enough.

“Not bad!” Dao Master Sea Wolf gave a positive evaluation.

His gaze then turned to stone sword, revealing a few strands of anticipation. “Next, Stone Sword!”

Stone sword stepped into the stone monument expressionlessly.

After the time it takes for an incense stick to burn, there was no sign of him coming out.

After the time it takes for two incense sticks to burn, finally, the vortex of the stone tablet violently surged.

A wave of sharp sword Qi suddenly shot out from within.

Sword in the stone held the stone sword in both hands, and in the position of holding it horizontally across his chest, he flew backwards.

Poison operator and the Heavenly Snow Saberman were secretly apprehensive.

He had lasted twice as long as them inside, which meant that he had defeated more afterimages.

Tick-tock --

A shocking number flashed on the stone tablet!

4,700!

It was more than twice as long as them?

There was still more than twice as long!

The Heavenly Snow Saberman swallowed hard and looked at the sword in the stone with deep respect.

As expected of the famous sword in the stone, his combat strength was too powerful!

Even if he and Poison Soothsayer joined hands, they were still not a match for him.

“Good!” Dao Master Sea Wolf clapped his hands and laughed loudly, feeling extremely satisfied.

Back then, Jiang Nan Yue and du Bu Chen, the two deputy leaders, only had a battle prowess of slightly over 3,000.

Shi Zhong Jian was simply too much stronger than them!

Shi Zhong Jian shook his head regretfully, "I'm still not enough."

Even after obtaining such results, he was still not satisfied. It could be seen how high his expectations for himself were.

"Next, Star Lady." Dao Master Sea Wolf's voice trembled, and his eyes were filled with anticipation.

Star lady giggled and entered the stone tablet to be tested.

Chapter 2196 Consecutive Challenges

Time trickled by.

One incense stick, two incense sticks. Everyone present tensed up.

The longer they stayed in the stone tablet, the greater the potential of the other party.

The two incense sticks had yet to come out. This was sufficient to prove that the other party's battle prowess was on par with Shi Zhong Jian.

However, there was still no sign of her appearing.

It was only when the third incense stick was lit that a gust of fragrance suddenly drifted out from the stone tablet. With a calm expression, star lady walked out with a smile.

Three incense sticks!

Stone sword's expression was solemn as he stared intently at the stone tablet.

Heavenly Snow Saberman, poison operator, and Sea Wolf sect master all stared unblinkingly at the stone tablet.

How strong would he be if he persisted for three incense sticks?

Di Di --

A crisp sound rang out, and a series of clear words appeared on it.

"Seven thousand!"

Seeing such a number, stone sword tightly hugged the stone sword in his arms, his eyes revealing a deep unwillingness.

Seven thousand..

Not only was it higher than him, it was far higher than him!

If they really fought, he was probably not a match for star-lady.

"Good! That's Great!" Dao Master Sea Wolf suddenly stood up. His face was filled with ecstasy as he said, "Star-lady, are you sure you want to join us, the Sea Wolf Pirates? It's still not too late to regret it now. If you really join us, it will be very difficult for you to regret it again."

Star lady blinked her eyes and said, "Of course I'm sure!"

Dao Master Sea Wolf was overjoyed, and he said with certainty, "Okay! I'll make you..."

As he spoke, he glanced at Su Yu and realized that there was still someone who had not received the test.

He frowned slightly. He actually did not think highly of Su Yu.

Su Yu's name was not well known, and not only was he not famous among the half-step Dao Masters, but his body was also in a state of exhaustion. He was equivalent to half a cripple.

Even if such a person passed the test, what was the point? To be able to take up the responsibility of a branch leader?

Was it very difficult?

However, he could not refuse in public. He said, "The last one, Su Ruchu."

Su Yu nodded and walked into the stone tablet.

Poison Operator's eyes were beaming. At least he was not at the bottom. Su Yu was still at the end.

Sword in the stone snorted. "A waste of time!"

Star Lady, who was at the side, held her snow-white cheeks and shook her snow-white legs in boredom, waiting for the result.

In everyone's opinion, the waiting time would not be too long. At most, it would take an incense stick. Perhaps it would not be needed.

Su Yu took their words to heart and entered the vortex expressionlessly.

There was a space inside. It was a gray world.

"Another one!" An impatient sigh fell into his ears.

Glancing sideways, he saw a youth that looked somewhat similar to Dao Master Sea Wolf, about 100 years old.

He could be considered the Young Dao Master Sea Wolf.

His cultivation had barely reached the half-step dao master level, but he didn't have any dao transformation.

"Make your move. The first four people all successfully challenged me within ten breaths. Let's see how you do." The afterimage said as the laws in his body surged out and shot out with a swoosh.

Su Yu didn't even look at it. He casually sent out a spatial law and shattered the law while destroying the afterimage.

It didn't take more than a breath.

After the afterimage was destroyed, the surrounding scenery turned blood red.

What appeared was a DAO Master Sea Wolf whose body was more than half formed. From his age, he should be close to 200 years old.

“Oh? Another one. Alright, let’s see what you can do.”The other party laughed and slapped his palm over.

The palm power that carried traces of the DAO Master’s intent was terrifying.

Su Yu’s expression didn’t change. He raised a finger and lightly touched the other party. The two-hundred-year-old Dao Master Sea Wolf turned into pieces of dust and flew into the air.

“Next!”

The surroundings changed once again as they appeared on the ruins battlefield.

A red-cloaked DAO Master Sea Wolf who was surrounded by blood qi appeared. This should be when he was three hundred years old and his body had completely transformed into a dao.

“You’re quite powerful. To be able to reach this stage at such a young age shows that your talent is better than mine back then.”The Cloaked Dao master sea wolf praised, “Poison operator and Sky Snow Saberman managed to last for half an incense stick in my hands. Let’s see how long you can last!”

He clenched his right fist and struck out across the air.

The peerless aura of a dao master was sharp and oppressive.

An ordinary half-step DAO Master had already fled in a sorry state under the threat of the Dao body and didn’t dare to resist.

Even poison operator and Sky Snow Saberman used their full strength to resist.

Only Su Yu’s expression was calm as usual. He still extended a finger and pointed across the air.

Beep --

The Cloaked Sea Wolf Dao master was crushed into pieces by a cry of surprise.

In front of the Heavenly Dragon Dao Body, the Dao master’s body could only be considered paper.

“Next.”

The scene suddenly changed, and Su Yu appeared in a pool of lightning.

Dao Master Sea Wolf, who was more than 500 years old, was in the lightning pool, using lightning to refine his soul.

His soul had already been more than half dao-formed.

Was this a competition of dao-formed souls?

“Eh? Not bad. You can defeat me from 500 years ago at such a young age?”Dao Master Sea Wolf was full of praise. “If you can continue to grow, the chances of you becoming a dao master are quite high!”

“However, you’ll have to pass through me first.” Dao Master Sea Wolf jumped out of the lightning pool.

He pointed his finger at the center of his brows, and an invisible spiritual power swept over like a tidal wave.

If he didn’t resist, Su Yu would be knocked unconscious on the spot.

“A soul?” Su Yu’s eyes widened, and he released his dao-converted soul.

Boom --

The opponent’s soul wave was directly pierced through.

Dao Master Sea Wolf’s body trembled, and his eyes revealed shock. “Not only is your body dao-transformed, but your soul is also dao-transformed to such a degree?”

He was incomparably shocked as he said, “Your strength is only second to that star girl! Congratulations, you defeated my fourth afterimage.”

After saying that, he took the initiative to disappear.

In the next moment, heaven and earth were reversed, and he appeared on an endless vast sea.

The thousand-year-old DAO Master Sea Wolf was capturing the strange creatures in the ocean and transforming his soul.

His soul had already fully transformed into Dao!

Sensing Su Yu’s arrival, he stood up in surprise. “You’ve arrived at the fifth stage? At your age, you’re quite powerful!”

Su Yu said indifferently, “Don’t say any unnecessary words. Let’s just start!”

Shaking his head lightly, Dao master sea wolf said, “Your soul is only half-dao. You are far from being my match.”

After he finished speaking, his eyes suddenly opened and transformed into a powerful soul spear that shot towards Su Yu.

Su Yu’s expression was calm. A crack appeared between his brows like a reincarnation eye.

In an instant, the soul spear was swallowed up.

“What? What secret technique is this?” Dao Master Sea Wolf was shocked.

The long spear formed by Dao Soul was enough to destroy all the soul bodies below Dao Master.

But Su Yu actually swallowed it?

How could he know that this was the soul space of the “Son of Heaven’s aura-gazing technique”? Even Dao master’s soul could be forcefully suppressed inside. So what if it was just a long spear formed by Dao Soul?

His eyes flickered repeatedly. He bowed deeply to Su Yu. “You win! When you get out, please tell me your true strength. Don’t miss a talent like you!”

Su Yu nodded nonchalantly and said indifferently, “Next!”

Chapter 2197 The Power Of The Dao Body

The next person to appear was Dao Master Sea Wolf, who had cultivated for 1,500 years.

At this moment, he had already successfully comprehended a portion of the domain.

“To be able to reach this stage at your age is truly unbelievable!” Dao Master Sea Wolf’s eyes revealed a look of shock.

To be able to surpass Dao Master Sea Wolf’s cultivation of 1,000 years in just over a hundred years, one could see his potential.

“Whether you can resist my domain or not, you can be proud!” Dao Master Sea Wolf praised him. “Get Ready!”

The image behind him floated, and a huge sea wolf swept across the star field, swallowing many civilizations.

That was his domain, the Sea Wolf Domain.

“Heavenly Dragon Dao Body!” Su Yu growled and turned into a half-dragon that was shining with golden light.

With a sweep of his dragon tail, he smashed the sea wolf domain into pieces!

Although his Heavenly Dragon Dao body was only at the initial stage, he had only comprehended half of the Sea Wolf Dao master’s domain.

It was not difficult to smash it into pieces!

“Unbelievable!” Sea Wolf Dao master widened his eyes. “That star girl is just so-so!”

Star Girl also defeated him.

However, compared to Su Yu, star girl not only tried her best, but also spent a long time.

How could she be like Su Yu, easily defeating him?

“Next!” Su Yu said indifferently.

“You still want to continue the challenge?” Dao Master Sea Wolf was extremely shocked.

However, this space had been set up long ago. As long as Su Yu didn’t take the initiative to withdraw, the afterimages of Dao Master Sea Wolf of different ages would continuously appear.

The afterimage in front of him quickly disappeared and was replaced by a slightly aged middle-aged man who looked very similar to the current Dao Master Sea Wolf.

He was the DAO Master Sea Wolf who had completely reached the domain realm of laws!

In a sense, he was already at the limit of a half-step dao master. As long as he was willing, he could break through to the Dao master level at any time.

The afterimage that appeared was silently cultivating.

When he suddenly saw Su Yu's arrival, he couldn't help but be shocked, "Another one?"

Star Lady had come not long ago and was defeated by him.

Unexpectedly, another one had come. Moreover, he didn't look much older than the star lady.

"Where Are You a heaven's favorite? Can you tell me your background?" At this moment, Dao Master Sea Wolf, who had cultivated for more than two thousand years, asked with a complicated expression.

The cultivation of others for a hundred years was equivalent to his nearly two thousand years of cultivation.

It could really be said that comparing people was infuriating.

"You're just an afterimage. What's the use of knowing so much?" Su Yu said indifferently. Maintaining his half-dragon body, he took the initiative to attack.

"You have courage!" Dao Master Sea Wolf's eyes lit up. He laughed and unleashed the complete sea wolf domain.

However, a sky-reaching giant wolf suddenly charged over, its eyes emitting a cold and gloomy light.

Su Yu wasn't afraid. The other party hadn't reached the Dao master level yet, so the power of the domain was limited.

Peng --

The initial stage of the Heavenly Dragon Dao body wasn't afraid of the other party's domain at all.

His dragon claws fiercely pierced through the domain. Although he was sent flying by the domain, it wasn't a big deal.

Moreover, it was his first time using the Heavenly Dragon Dao body, so Su Yu was a little unfamiliar with it. He became more and more familiar with the battles after that. Instead, he gradually gained the upper hand.

After two hours, his domain finally suffered a series of heavy injuries and was finally destroyed.

Su Yu was also in a sorry state. His dragon scales were peeled off, and many of them were filled with hideous injuries.

However, he had finally won!

"You want me to dominate for two thousand years, but you can't defeat a hundred-year-old prodigy!" The defeated Dao Master Hai Lang let out a long sigh.

He had already received quite a shock from star lady losing to him.

This time, he was directly defeated by Su Yu and received a devastating blow.

He couldn't help but admit that there were indeed geniuses in this world that ordinary people couldn't understand!

"You've won!" Dao Master Sea Wolf looked at Su Yu with a complicated expression. After a moment of silence, he said, "I'll give you a piece of advice, and that's it!"

Su Yu didn't say anything and just listened to him continue.

"The current me might still be able to appreciate you, but the future me might not be able to accommodate you."

People had different beliefs at different times in their lives.

At the age of 2,000 years, Dao Master Sea Wolf might have been tolerant of the younger generation that had caught up to him.

However, the current Dao Master Sea Wolf had experienced the vicissitudes of time. He probably wouldn't tolerate someone threatening his position.

Therefore, it was best for Su Yu to stop here.

"Thanks for the reminder," Su Yu said.

He had no intention of continuing the challenge. The next person to appear would be Dao Master Sea Wolf, who was a dao master.

With Su Yu's current condition, he was not a match for him.

Unless he recovered his body.

A powerful life force surged out of his body and healed his injuries. Then, he left this space without hesitation.

Little did he know that the outside world had already turned upside down.

He had thought that Su Yu would not be able to last for the time it takes an incense stick to burn.

But who knew that he had not appeared for a full two hours.

The sword in the stone had long lost his patience and said, "Sect Master Sea Wolf, he probably died inside. I feel that we don't have to wait for a small fry like him anymore."

He did not hide his contempt for Su Yu at all and directly called Su Yu a "Small fry."

The Heavenly Snow Saberman and poison operator frowned slightly.

They were the only ones who knew Su Yu better.

In view of Su Yu's profound martial arts theory, they had thought about whether Su Yu would persist in fighting until now.

But when they looked at the star lady, they denied this absurd idea.

The star lady had only persisted for three incense sticks. Could Su Yu surpass her?

The possibility of him dying in there was very high!

A trace of curiosity had unknowingly appeared on star Lady's indifferent face.

She had seen the strength of the two thousand year old Sea Wolf Dao Master. To be honest, almost no one below Dao Master could defeat him.

Could it be that Su Yu could contend against him for so long?

The possibility of him dying in there was even higher, right?

Only Dao Master Sea Wolf himself knew that it was impossible for anyone to die in that space.

The afterimages he left behind would at most seriously injure someone.

However, if the other party was seriously injured and unconscious, it was entirely possible.

He also didn't think that Su Yu could hold on for so long.

"It's about time. I'll bring him back personally." Dao Master Sea Wolf felt that he had deliberately waited for two hours, which was already an extremely cautious method.

He was about to open the stone tablet.

Suddenly, the light distorted and Su Yu walked out unscathed.

Sword in the stone snorted lightly, "Did you sleep well in there?"

His tone was full of blame.

Su Yu glanced at him and felt that it was baffling. When had he slept in there?

The Heavenly Snow Saberman and Poison Soothsayer gave him comforting looks, telling him not to lose heart.

Dao Master Sea Wolf was slightly startled. He looked at Su Yu with some disappointment. He actually fainted inside. It was really disappointing!

Dao Master Sea Wolf was extremely doubtful that he could survive the encirclement last time.

"It's good that you're back." Of course, on the surface, Dao Master Sea Wolf didn't show any change in expression. He said, "Don't be disheartened. If you work hard in the future, you might be able to catch up to them. Do you understand?"

Catch up to them?

Su Yu came to a sudden realization. He somewhat understood everyone's abnormal behavior.

Perhaps he had stayed in there for too long and caused them to misunderstand?

He didn't argue and said, "I'll continue to work hard."

Chapter 2198 Retreating In The Face Of Difficulty

"Mm, you are worthy of being taught." Dao Master Sea Wolf nodded his head lightly.

He looked at Su Yu, then at sword in the stone and star Lady. He couldn't help but sigh at the huge gap between people.

At the same time, sword in the stone and star lady were far better than Su Yu.

The first two would become Dao Masters in the future. It was almost certain, but Su Yu's hopes were slim.

“Since the test of strength has been completed, I'll give you the corresponding positions according to the strength of your strength.” Dao Master Sea Wolf looked at star lady and stone-in-sword with gratification.

It was the fairest way for strength to determine the positions, and he believed that no one would have any objections.

The Heavenly Snow Saberman and poison operator could only be envious. They had thought that they would most likely get the position of deputy chief if they came to seek refuge with the sea wolf pirates.

However, they had never expected that a favored son of heaven like sword in the stone and star lady would come one after the other.

They could only sit at the back and take up the position of branch leader.

Star Lady's expression was calm, but sword in the stone had a trace of arrogance on his face.

Beep Beep --

At this moment, a series of numbers appeared on the stone tablet.

Dao Master Sea Wolf did not even look at it. He had already assumed that Su Yu's martial strength was very low and said, “There are two vacancies for deputy chiefs under me. One of them will be taken up by star lady...”

He looked at star lady and frowned slightly. She wasn't listening to him. Instead, she was staring at the stone tablet without blinking.

She was distracted at such an important occasion.

Even though Dao Master Sea Wolf admired her, he was very displeased. He was about to say something when he suddenly realized that sword in the stone, Heavenly Snow Saberman, poison operator, and the others were all staring at the stone tablet with strange gazes.

Some were confused, some were puzzled, and some were even shocked.

Dao Master Sea Wolf was slightly stunned. He looked at the stone tablet and was immediately stunned. He muttered, “Nineteen thousand?”

He was a little doubtful if he had seen wrongly. He subconsciously looked again. After confirming that it was really nineteen thousand, he couldn't help but be stunned.

Star Lady was such a famous figure in the world, but she was only seven thousand.

What was nineteen thousand?

He had personally set up the space, so he understood the meaning of numbers. It was also the most obvious.

19,000, that was close to the strength of a dao master.

In the entire seven ultimate civilization's domain, there were almost no half-step dao masters who could reach such a terrifying strength.

Su Yu, who was half-exhausted, could do it?

That was impossible!

His instincts told him that something must have gone wrong in the stone tablet.

“What the hell?” Sword in the stone shook his head. “You can even cheat in such a test?”

There was disappointment in his words toward Dao Master Sea Wolf.

After the Heavenly Snow Saberman and poison operator came back to their senses, they also felt that Su Yu had most likely found some trick.

Otherwise, such a high combat value was too illogical.

Only Star Lady looked at Su Yu and fell into deep thought.

Dao Master Sea Wolf came back to his senses and looked deeply at Su Yu. He frowned and said, “Su Ruchu, can you tell me how you did it?”

Hearing his questioning tone, Su Yu asked in a neither servile nor overbearing manner, “Then, may I ask, leader, apart from Combat Power, did you set up an extra shortcut to clear the level?”

Did he mean that Dao Master Sea Wolf couldn't even trust the things he set up?

Dao Master Sea Wolf's gaze deepened a little, and he said, “Of course not!”

Su Yu stood there silently and didn't say another word.

Dao Master Sea Wolf knew what to do next.

If he denied Su Yu's martial strength, it was the same as denying himself.

In public, he probably couldn't wipe away this face.

After a long silence, sect Master Sea Wolf looked at Su Yu with a deep gaze and said, “The second deputy chief, Su Ruchu.”

“Thank you, Chief.” Su Yu cupped his fists and said.

The expressions of the people present were different.

The Heavenly Snow Saberman and poison soothsayer were both envious and lamented. Su Yu was the only one who could cheat to become a deputy chief since ancient times!

After being at a loss, stone sword revealed a deep anger.

A person whom he disdained to look at had actually replaced his position as deputy chief?

The most laughable thing was that the sea wolf sect master recognized the other party's clearly unreasonable martial strength!

Only star lady gracefully curtsied towards Su Yu. "Deputy chief Su, please take care of me in the future."

Su Yu's expression was indifferent. "That's easy to say!"

Hearing such an impolite tone, everyone secretly criticized him.

Even star Lady couldn't help but twitch her forehead. She thought to herself, isn't this Su Ruchu a little too arrogant?

With her strength, other than the Dao Master, who else could take care of her?

Dao Master Sea Wolf's face was expressionless as he continued, "Sword in the stone, as the First Fleet's leader, Sky Snow Saberman as the Second Fleet's leader, and Poison Soothsayer's Third Fleet's leader!"

The others were fine, but sword in the stone secretly clenched his fists, his heart filled with unwillingness.

"Alright, everyone, go and rest. Someone will arrange your rooms. After the recruitment is over, I will publicly award you with your identity seals," sect Master Sea Wolf said.

After everyone left, a bright light flashed, and he immediately checked the stone tablet, trying to find traces of Su Yu cheating.

Under the arrangement of the leader, Su Yu and the others went to their own cabins.

The Cabin Su Yu was in was relatively ordinary, completely unlike the place where a deputy leader should live.

"Deputy leader Su, if you have any orders, you can tell me at any time." The leader was a beautiful woman with five crowns, and there was a bit of charm between her brows.

She took out the communication jade seal and handed it to Su Yu, then left the cabin with a smile.

With a quick glance, she came to Dao Master Sea Wolf's cabin and bowed in front of the door. "Reporting to leader, we have already settled Su Ruchu in an ordinary cabin according to your instructions."

Only people below the rank of chapter leader would live in an ordinary cabin.

Chapter leaders usually lived in high-class cabins.

As for the deputy leader, he should live in a top-grade cabin.

Daoist Master Sea Wolf's intention to deliberately arrange a cabin for Su Yu that was not even comparable to a chapter leader was self-evident.

“Did he say anything?” Daoist master sea wolf asked thoughtfully as he fumbled around with the stone tablet in the room.

The pretty woman shook her head lightly and said with some regret, “No!”

Daoist Master Sea Wolf’s intention for arranging this was very simple. He hoped that Su Yu would back out of the difficult situation.

If he was indignant because of the bad treatment and made a big fuss, it would be even better. Then, he would have a fair and aboveboard reason to expel Su Yu.

Unfortunately, Su Yu did not.

After a pause, the pretty woman said, “Leader, if you want to expel Su Yu, you only need to move your mouth and he won’t dare to stay, right?”

Dao Master Sea Wolf said indifferently, “Now is the time to recruit people. If I expel a deputy leader for no reason, who do you think would dare to rely on me?”

Hearing this, the pretty woman came to a sudden realization.

If Dao Master Sea Wolf had a bad reputation of not valuing talents and casually expelling people, any ambitious talent would probably choose the other nine pirate leaders instead of him.

“In the next few days, treat him as you should. Don’t let others talk about him. I hope he knows his place and leaves by himself. Don’t take the position of the sword in the stone for nothing,” Dao Master Sea Wolf exhorted.

The pretty woman sighed silently. She thought to herself, if he was Su Yu, he would have left long ago.

Why should he stay here and watch others’ expressions?

If he had something to do during the day, he could only do one more shift. Tomorrow, he would have to make up for it at the fifth shift. Tomorrow, he would have to make up for it at eight in the morning. At noon, he would have to make up for it at twelve in the afternoon. Then, he would make up for it at six in the evening.

Chapter 2199 Pirate’s Revenge

After Su Yu settled down, he immediately comprehended the domain and did not let go of any opportunity to improve.

A few days later, the voice of the heavenly snow saberman and poison soothsayer sounded from outside the cabin, “Vice leader Su, we are here to congratulate you!”

Su Yu stopped his cultivation and opened the door to bring the two in.

“Vice leader Su became the vice leader at such a young age. Your Future is boundless!” Poison soothsayer laughed and gave a gift.

The Heavenly Snow Saberman handed over a saber. “This is a divine weapon that I personally forged. I hope it will catch deputy chief Su’s eye.”

“You’re too kind.” Su Yu accepted it generously.

The two gifts were naturally useless to Su Yu, but the gift was light and the sentiment heavy.

Ever since he became the deputy chief, no one had come to pay him a visit. The Heavenly Snow Saberman duo could be considered the only ones.

“Haha, I Hope Deputy Chief SU can help us more in the future!”Poison soothsayer laughed.

Su Yu smiled but didn’t say anything.

He saw Dao Master Sea Wolf’s eyes. He was very unwilling to give this deputy chief to him.

It was hard to say whether he would be able to use him in the future.

Su Yu set up a table of wine and took out the wine that contained the absolute beginning Qi to serve the two.

After drinking it, the two turned pale with fright.

“Absolute beginning Qi? That’s the Dao Master’s Favorite Thing!”The Heavenly Snow Saberman’s eyes revealed astonishment.

Poison operator was also shocked. “Deputy chief su really has hidden it well! The absolute beginning qi is the Dao master’s best item for nurturing the DAO Master’s power. You Can’t even beg for it, yet you have an entire pot here?”

Oh? The absolute beginning Qi had such an effect?

It made sense.

Even the primeval power of the Emperors of Heaven and earth could not be converted from spiritual qi.

What more the power of a Dao Master?

As the source of all things, the absolute beginning Qi could evolve into anything.

In the hands of a dao master, it was not strange for it to evolve into the absolute beginning Qi.

“Deputy chief SU, it’s too much of a waste to give us this level of absolute beginning Qi. Why Don’t you give it to Dao Master Sea Wolf? Perhaps he will think highly of you,”poison operator reminded him kindly.

The Heavenly Snow Saberman nodded in agreement and said hesitantly, “From what I see, Dao Master Sea Wolf seems to have some complaints about you. Why Don’t you take the initiative to improve your relationship?”

They could still tell that Su Yu was not highly valued.

Hearing the goodwill of the two, Su Yu smiled faintly. “I’ve relied on a rebellious intent to get to where I am today. If I bow my head to others for the sake of my future and accept their blessings, it will be difficult for my dao to advance any further.”

The Heavenly Snow Saberman and poison soothsayer looked at each other and sighed.

Who Didn’t have their own rebellious intent after reaching the half-step Dao master realm?

However, they could do it.

It was extremely difficult to do it!

Su Yu was still so persistent at such an important juncture. No wonder he could achieve such an achievement.

After a moment of silence, the heavenly snow saberman sighed and said, "Deputy leader Su, I'll tell you the truth. In fact, Dao Master Hai Lang invited us to hold the appointment ceremony a day ago. Poison Soothsayer and I both received the chapter leader's Seal."

"Star Lady and Shi Zhongjian also participated!"

Only Su Yu seemed to have been forgotten by others.

He was a dignified deputy leader, yet he was not informed.

Poison soothsayer also sighed and said, "Although Shi Zhongjian received the chapter leader's seal, as far as I know, he's currently staying in the cabin that should belong to you."

In stark contrast, Su Yu's grievance could be seen.

Su Yu's expression was calm and unperturbed.

The intention of Dao Master Sea Wolf to chase him away was already quite obvious.

He only needed to say it out loud!

Should he withdraw from the Sea Wolf Pirates now?

If that happened, it would only play right into DAO Master Sea Wolf's hands, right?

Moreover, among all the pirates, only DAO Master Sea Wolf lacked a position like vice leader.

The other pirates would also have difficulty obtaining a high position if they joined them.

"Vice leader Su, in the future, you must be careful. Don't let others catch you," Sky Snow Saberman said.

If Su Yu was caught, he would be demoted at the very least, and Dao Master Sea Wolf might even wipe him out at the very worst.

"Thank you for your heartfelt words. I will remember them in my heart," Su Yu said. "I know what to do next."

The reason why he was in such a situation was due to DAO Master Sea Wolf's doubts about Su Yu's strength.

If he displayed the strength to crush the sword in the stone and star lady, the difficulties would be easily solved.

As long as he gained Dao Master Sea Wolf's trust, he could successfully complete his undercover plan and obtain the whereabouts of the vile daughter.

In the following days, Su Yu did not take the initiative to go to Dao Master Sea Wolf to ask for the seal.

Instead, he didn't leave his house and cultivated silently to increase his strength.

He was able to stay calm, but the sword in the stone became more and more unable to stay calm.

As time passed, his position as the captain of the First Fleet became more and more stable.

If he didn't think of a way, he really wanted to confirm his position as the chapter leader!

These days, he had been looking for trouble with Su Yu and wanted to use this opportunity to create trouble and drive Su Yu away.

With sect Master Sea Wolf helping him, this method was almost certain.

However, Su Yu never showed up. He couldn't do anything even if he wanted to.

Helpless, he could only ask sect Master Sea Wolf to tell him his intention, "Leader, please uphold justice for me!"

How could a person who relied on cheating occupy his position?

Sect Master Sea Wolf frowned slightly. He had deliberately created so much injustice, yet Su Yu was still able to endure it.

After a moment of silence, Dao Master Sea Wolf said slowly, "Alright, there's something I want to announce. With this, I should be able to kick him out smoothly."

Stone Sword's heart tightened. For several days, Dao Master Sea Wolf had been discussing something with the other nine pirates.

The discussion lasted for an entire day.

It was only finished yesterday.

Could the so-called matter have something to do with this?

However, he was happy that justice could be served.

Soon, Su Yu, who was deep in his cultivation, was also notified of the gathering.

After stopping his cultivation, Su Yu's eyes shone brightly as he calmly headed toward the cabin.

Not only were star lady, sword in the stone, Heavenly Snow Saberman, poison operator, and the others gathered in the cabin, but there were also many people who had recently been recruited at the level of a division leader.

Perhaps it was because Su Yu was the latest to be notified, but when he arrived, everyone had arrived except for DAO Master Sea Wolf.

"He's that deputy leader, Su Ruchu?"

"To be precise, he's the quasi-deputy leader, right? Everyone has a seal, but he's the only one who doesn't have one."

"I heard that he came in by cheating, so he wasn't favored by the leader!"

"Seriously, why do you have to put on such a show? You're embarrassing yourself!"

..

As soon as he entered, he immediately attracted the attention of everyone and burst into conversations.

Apart from the heavenly snow Saberman and poison soothsayer who greeted him from afar, everyone else looked at him with strange gazes.

Su Yu's expression was calm as he stood in a corner.

His ears heard the voices of criticism, but his heart was as calm as water.

Shua --

The sound of sleeves tearing through the air rang out. The Sea Wolf sect master was like a phantom as he appeared on the main seat at the very top.

His expression was solemn as he swept his gaze across the crowd and said, "Since everyone is here, I'll announce it directly!"

"Over the past few days, the ten great pirates have been discussing how to take revenge against the Seven Uniques." Daoist master sea wolf said, "Through our discussion, we have decided to choose one of the aristocratic families to carry out a destructive revenge!"

The overall strength of the pirate alliance was only equivalent to that of an aristocratic family.

If they wanted to take revenge, they could only choose one aristocratic family.

"During the encirclement back then, the 2nd exceptional family caused the most casualties to us! Therefore, we plan to take revenge against the 2nd Exceptional Family!" Dao Master Sea Wolf said.

Everyone was excited.

This meant that there would soon be a large scale operation.

"This revenge is called beheading!" Dao Master Sea Wolf said in a low voice, "There are two main targets for revenge. First, exterminate the 2nd exceptional family's family head, Emperor Breaker! Second, capture the 2nd exceptional family's young master, Greedy Wolf King!"

If the current family head and heir of the second absolute family were all eliminated, the Pirate Alliance's Revenge this time would be enough to shake the entire seven star civilization.

"Sovereign breaker will be dealt with by the ten pirate leaders, and the Ravenous Wolf King will be dealt with by the vice-leader."

This point wasn't out of everyone's expectations.

Stone sword paused and said, "May I ask, leader, how many pirates are willing to send out the vice-leader?"

Sea Wolf Path Master had a resolute expression and said, “The other pirates are all afraid and are unwilling to send people to capture the ravenous Wolf King Alive.”

“But I think that we pirates should be brave enough to take on the responsibility, so I accepted the mission!”

What?

Hearing this, everyone present revealed a meaningful expression.

How could the ravenous Wolf King be so easy to capture?

Every young master of the seven absolute family was not an ordinary person.

They usually had wisdom and martial strength.

The Ravenous Wolf King was one of the best. Rumor had it that his strength was enough to rank in the top seven!

Unless it was a dao master and a few half-step dao masters who were geniuses, it was impossible to capture the ravenous Wolf King.

Moreover, it was impossible for the Ravenous Wolf King to not have a dao master protecting him.

Why were the other pirates unwilling to send people? Because they knew that this was suicide. It was impossible for the deputy leader to complete the mission!

Dao Master Sea Wolf actually accepted the mission!

Then, whoever he sent now would be sent to die.

Dao Master Sea Wolf didn't seem to notice the strange expressions on everyone's faces. He said righteously, “The blood feud is here, how can we be afraid? If the other pirates are unwilling to do something, I, the Sea Wolf Pirates, will do it!”

His words were sonorous and forceful, but everyone was sneering in their hearts.

It was as if he was saying that he was going to hunt down the army breaking Emperor alone!

Actually, wasn't he going to choose someone to die?

He really knew how to be generous!

“After a night of careful consideration, I've decided to appoint vice leader Su of the Sea Wolf Pirates to carry out the mission!” Dao Master Sea Wolf finally revealed his original goal.

To send Su Yu to his death!

This wasn't out of everyone's expectations.

“Vice-leader SU's combat power has reached 19,000, so he's the most suitable candidate. This mission will definitely belong to him!” Dao Master Sea Wolf looked at Su Yu with encouraging eyes.

Hearing this, many people revealed gloating looks.

“Is this called Karma? How can a vice-leader who cheated be so easily settled down?”

“Hehe, he should know what regret is now, right?”

..

“No problem, I agree.” However, no one expected Su Yu to take a step forward calmly and casually accept the mission.

Chapter 2200 Gathering Intelligence (Second Watch)

Su Yu’s eyes were calm. He had no choice but to accept this mission, right?

Rather than being forced to accept a mission, he might as well take the initiative to accept it.

However, since Dao Master Sea Wolf wanted to kill him, Su Yu also accepted it.

If one day, his body recovered, he would definitely be killed by Su Yu’s sword!

If he could disregard Su Yu’s life, then don’t blame Su Yu for being merciless in the future!

“Vice-leader Su didn’t disappoint me! Good!” Dao Master Sea Wolf clapped his hands and smiled, as if he admired Su Yu, he took out a seal and threw it to Su Yu. “Your vice-leader seal can use this seal to mobilize some of my connections in the second absolute family.”

Since the seven exceptional families could arrange spies among the pirates, why couldn’t the pirates also arrange spies in the seven exceptional civilization?

“I’ll go now!” Su Yu held the seal and said indifferently.

Dao Master Sea Wolf nodded lightly. “I wish you success!”

As he spoke, he flicked his finger and used a wisp of Dao master’s power. “Use it well.”

At this point, Dao Master Sea Wolf had done his best. If he died in the second exceptional family, it wouldn’t have anything to do with him, right?

“Thank you!” Su Yu turned around and stepped out of the cabin.

Looking at his back, Dao Master Sea Wolf’s lips curled into a pleased smile.

He could finally get rid of Su Yu.

Sword in the stone revealed a pleased smile. He believed that Su Yu’s bad news would come soon.

He would be able to become the new deputy leader!

Su Yu left the main pirate ship and took a small pirate ship to go to the second absolute civilization alone.

The power of the DAO Master in his body was almost exhausted.

At this moment, a trace of the power of the Dao master given by Dao Master Sea Wolf had returned.

As long as he didn’t use “Day and night”, he should be able to use it to complete the mission.

However, Su Yu didn't think that Dao Master Sea Wolf would be so kind.

He wished that he would die outside. Why would he give a trace of the power of the Dao Master?

With a flash of light, the small boat left the six-star civilization of the pirate's lair.

Su Yu came to an empty place and inspected the situation inside his body.

Under his internal inspection, everything inside his body was safe and sound.

However, since Su Yu was suspicious, he wanted to investigate to the end.

He used the laws of fate to scan his body back and forth and found a problem as expected.

He saw a faintly discernible line that connected one end to himself and the other end to the pirate's lair.

"There is indeed something wrong with that Wisp of Dao Master's power!" He carefully identified it and confirmed that this line was harmless. However, once Su Yu died, the line would automatically break, and Dao Master Sea Wolf would sense it.

"If I die outside, you must be looking forward to it, right?" Su Yu's eyes flashed with a cold light.

Unfortunately, he would not do as he wished.

Two months later.

A pirate ship stopped in the sky above the second aristocratic family.

The second aristocratic family was a boundless desert. In the midst of strong winds, yellow sand filled the sky, and the Sun could not be seen all year round.

Emerald green oases dotted the yellow sand like emeralds.

The oasis in the middle was extremely large, and that was where the second aristocratic family's imperial residence was located.

Around the imperial residence, there were nine small oases that surrounded the imperial residence like nine stars surrounding the Moon.

With a thought, Su Yu landed on one of the nine small oases.

It was small, but it looked from afar.

Only by being there personally could one sense the vastness of the small oases, which were as large as a six-star civilization.

He did not immediately go to look for the greedy wolf king, but came here instead.

His purpose was naturally to collect information first.

Looking around, Su Yu walked and stopped in the civilization, and finally came to a coffin shop in an unremarkable mortal city.

At this time, night was approaching.

A hunchbacked old man with a goatee was sitting in front of a dim yellow oil lamp, carving a coffin.

His name was Wang San, and he was a well-known carpenter in wind and cloud city. He was best at making coffins.

The coffins he made were not only beautiful, but also sturdy and durable.

In wind and cloud city and the nearby villages and towns, whenever there was a funeral, they would find him to make custom coffins.

At this moment, the half-opened door of the shop slowly opened.

A young man wearing a bamboo hat stood outside the room with his hands behind his back.

Wang San glanced sideways and said indifferently, "It's already closed. Come back tomorrow."

The young master said indifferently, "After doing business with the dead during the day, it's time to do business with the living at night. How can it be closed?"

A bright light flashed in the old man's eyes and he said expressionlessly, "I don't quite understand what you said, Young Master."

"No, you understand." The young master took out a skull-shaped seal.

The three big words Su Ruchu were engraved on the seal.

Upon seeing this seal, Wang San's expression changed. He hurriedly stood up and bowed, "I am Wang San, paying my respects to the vice-leader!"

He was a member of the wolf pirates hidden in the second aristocratic family.

His status was not low, only second to the branch leader. He was in charge of gathering information for the entire second aristocratic family.

Su Yu coming to find him was the most correct choice.

"Okay." Su Yu took off his bamboo hat and walked in.

Wang San immediately closed the door. He was secretly surprised. How did he become such a young deputy leader?

"Deputy leader is here. What are your orders?" Wang San said with his body on his back.

Su Yu looked around and set up a space barrier to block all outside detection.

"I'm asking you alone."

"Who?"

"The greedy Wolf King!"

Wang San was slightly surprised. "I wonder what the Deputy Leader wants to know about him."

“All aspects!”

“Deputy leader, Please Wait A Moment!” Wang San took out a steel nail that was used to nail the coffin.

At a glance, the steel nail was nothing.

However, upon closer inspection, one would realize that there were many small words engraved on the steel nail.

It was impossible to see it with the naked eye. Only those who had trained their eyesight or had extremely high cultivation could see it clearly.

Su Yu used his clairvoyance eyes to discover that there was something strange on the steel nails.

“Profound kung fu!” Su Yu praised. It was difficult for even the human eye to see the words. It was obvious how difficult it was to engrave them.

Wang San smiled and said, “Deputy chief is too polite. In our intelligence business, we naturally have to be extremely careful. Engraving the information on the steel nails is also a last resort!”

As he spoke, he carefully searched through the information.

Not long after, he found three steel nails and handed them to Su Yu. He said, “This is all the information of the Ravenous Wolf King. Deputy Chief, please take a look.”

Su Yu carefully looked at the three steel nails. There were more than 10,000 words on them, detailing the life of the Ravenous Wolf King.

After spending a cup of tea, Su Yu finally finished reading.

His eyes were filled with a deep sense of confusion.

The Ravenous Wolf King’s personality was cunning, wise, and calm. Although he was still a young master, he had already participated in the governance of the second-best aristocratic family, and his performance was outstanding. As the family head, Emperor Po Jun saw him as one of the masterminds behind the scenes.

His brothers and sisters had been beaten up by the Ravenous Wolf King for many years, both in the open and in the dark.

The light ones had their cultivation abolished, the heavy ones had been chased out of the aristocratic family, and there was even a big brother whose ability was on par with his, who had gone missing unexpectedly many years ago.

Based on his personality, he was not easy to deal with.

His martial strength was also not ordinary. He was ranked second among the half-step Dao Masters of the seven ultimate aristocratic families!

If he were to be placed in the top ten of the seven ultimate aristocratic families, he would be able to rule the boundless void.

If an ordinary half-step dao master were to face him, he would only die.

What Su Yu had to face was a peer with an extremely strong personality and martial strength.

It will be extremely difficult to capture him alive.

However, these are not what Su Yu is worried about.
