Chapter 2211 Ten Thousand Miles Of Pursuit

Whoosh --

On the other side of the border, on the other side of the light screen, four figures immediately appeared.

Across the light screen, they all knelt down on one knee and said, "Greetings, deputy leader Su. The formation is ready!"

The four people stepped forward and stood in front of the light screen.

Instantly, a brilliant light swirled under their feet, and a formation that had long been prepared appeared.

Seeing this array formation, the last bit of luck in the greedy Wolf King's heart was completely destroyed. He said in despair, "Grand Mystery Replacement Array!"

Xue Meng Feiyu also recognized this array formation. Her delicate body trembled slightly and she muttered, "Grand Mystery Replacement Array requires three months to be set up before it can be successfully set up. Moreover, it only exists for less than three days!"

She stared at Su Yu and her heart was filled with a suffocating feeling.

In other words, three months ago, Su Yu had already predicted that the border would be sealed. He had also planned out an escape route and timed it perfectly!

His scheming was too deep, too deep!

It was so deep that it caused one to despair!

"Activate!" Su Yu carried the two of them and walked forward.

A grand mystery replacement formation also appeared under their feet.

This formation was one of the few formations that could counter formations.

As long as one could set up a formation on both sides of the formation in advance, they would be able to exchange for the lives inside and outside the formation!

The moment they stepped on it, a powerful force of the formation was activated.

The next moment, the four men in black outside the seal appeared in the formation that Su Yu and the others had previously stood in.

Su Yu and the others had arrived at the formation in the outside world.

As such, they had finally left the territory of the second exceptional family.

The array formation beneath their feet immediately cracked and became abandoned.

"Disperse immediately."

The four men in black immediately fled in different directions.

Su Yu took out a battleship and immediately soared into the sky.

The activation of the Grand Mystery Replacement Array would definitely alarm the emperor of destruction, and they could not stay here for long.

As expected, a few days later.

The Emperor of Destruction, the five Dao Masters, and a large group of people rushed here.

Looking at the shattered Taixuan replacement array, Emperor Pojun's face was gloomy. "Such a lost ancient array formation is actually created. Young Master Wuchen is really scheming!"

This array formation was rumored to have been lost in the previous era.

He did not expect young master wuchen to be able to set it up.

"Clan leader, should we barge into the number one aristocratic family and ask for them?" The beautiful woman in Palace attire, who was also the DAO Master Xianhua, asked with a frown.

If they really barged in, it would be an official battle between the two aristocratic families.

This was the situation that they were most unwilling to see.

"There's no other way!" Army destroyer Emperor's face was as cold as ice.

The Ravenous Wolf King was his most desired successor. If something happened to him because of this, who knew how long he would have to wait before he could groom another qualified successor.

The dao masters nodded slowly.

Just as they were about to charge in, Army destroyer Emperor received a message.

He crushed it and his pupils constricted.

It was a message from Golden Eye Langjun. The message said that young master Wu Chen had defected to the number one aristocratic family and joined the Pirate Alliance!

There was also other information attached to it to prove that Golden Eye Langjun did not make up a lie.

"Pirate Alliance!" Emperor Po Jun was furious. He circled around but in the end, it was the pirates who did it!

"Chase!"

There weren't that many taboos in the void!

The DAO Master directly teleported into the void while the rest of the people rode on warships and left in full force.

The number one aristocratic family.

The information in front of Golden Pupil Langjun was like white snow flying in the sky as it was continuously transmitted.

The corners of his mouth curled up into a deep surprised expression.

“Father, why are the changes in the information so frequent?” Bi Yun Hong Xian, who was summoned by her father, walked in and curiously looked at the pieces of information flying over.

Golden Eyes Langjun then told her about what happened in the second exceptional family.

After hearing this, Bi Yun Hong Xian’s beautiful eyes widened, she said in disbelief, “How is this possible? Putting aside the fact that the ravenous Wolf King has great luck, no one can harm him at all. Just the fact that the ravenous Wolf King is in the second exceptional family and has Dao Masters by his side all year round, why would anyone kidnap him?”

“If you don’t understand, then I don’t understand either!” Golden Pupil Langjun couldn’t figure out how Su Yu had successfully kidnapped the ravenous Wolf King.

If Xia Ruchen, who was known as the shocking cloud in the human world, had been kidnapped, he wouldn’t have been so surprised.

Even the DAO Master couldn’t do anything to the mysterious physique of the Ravenous Wolf King. How did Su Ruchu do it?

“Amazing!” Bi Yun Hong Xian pondered for a moment and revealed a look of approval.

To be able to do what others couldn’t, this was the Su Ruchu in Bi Yun Hong Xian’s impression.

“In addition, there was also Xue Meng Feiyu, who was a guest of the second peerless family.” The golden-eyed prince gazed at Bi Yun Hong Xian with a profound gaze.

“Princess Pipa was also taken away?” Bi Yun Hong Xian was completely shocked.

Xue Meng Feiyu, who was known as Princess Pipa, was one of the peerless twins who were on equal footing with her.

It was said that she was extremely powerful, second only to the ravenous Wolf King, yet she was captured together!

“This Su Ruchu, in order to gain the trust of the pirates, she really did something earth-shattering,” golden-eyed Langjun said frankly. He did not expect Su Yu to have such abilities.

Bi Yun Hong Xian was not that surprised. With the intelligence Su Yu displayed when he saved her back then, the scene before her was unexpected and reasonable.

“No matter what, Su Yu has done something that is extremely beneficial to our number one aristocratic family,” golden-eyed langjun said, “Especially to you!”

“Me?” Bi Yun Hong Xian was intelligent. After a slight pause, she understood the meaning behind his words.

With one less competitor, she would have a better chance of marrying Ren Jingyun, right?

“Father, it’s still too early to talk about this,” Bi Yun Hong Xian said softly.

“Hehe!” Golden pupil Lang Jun smiled meaningfully.

In the void.

The direction of the pirate’s lair was filled with countless experts from the second most powerful family.

They searched all the civilizations along the way, preventing Su Yu from teleporting back to the Pirate Alliance through the myriad sect beasts of those civilizations.

On a certain civilization.

In a pavilion on a mountain peak.

Looking at a crack in space, snowdream flying rain bit her red lips tightly.

There was really no hope!

Su Yu had even figured out the myriad sect beasts of this civilization and was well prepared!

He had already arranged a perfect escape route, not giving them any chance to escape.

“I really admit defeat!” The greedy wolf king had seen how meticulous Su Yu was and had no hope of escaping.

However, Su Yu frowned slightly.

The myriad sect beast in front of him appeared more than two days later than expected.

Under normal circumstances, it should have left two days ago.

“Has someone disturbed the myriad sect beast and made it stall for time?” Su Yu looked back at the void behind him.

He didn’t know if there was enough time.

As if confirming his thoughts, several powerful auras came from beyond the sky.

After they appeared, they each rushed to the nearby places where the Wan Zong Beast might have appeared and conducted a thorough search.

One of the slightly familiar auras was rushing towards Su Yu’s location.

His heart sank slightly.

It was not appropriate to disturb the Wan Zong Beast when it was walking. Otherwise, the Wan Zong Beast would panic and take it to an area where it might not be able to return for the rest of its life.

Even if the person who came was not very strong, he or she still had the ability to disturb the myriad sect beast.

Therefore, if this person really came in time, he or she must be killed.

As the person's aura approached, Su Yu saw an old woman who looked over 60 from afar.

She was no one else, it was guest elder Lu!

Guest elder Lu looked left and right, looking for suspicious people.

Suddenly, his gaze swept across the peak of the mountain and discovered three lifeless people standing there.

Two of them were the greedy wolf king and Xue Meng Feiyu.

The one in the middle was a person in a bamboo hat.

Guest elder Lu's face lit up and he immediately crushed a communication jade pendant.

He then looked at the ten thousand sect beast that had yet to appear and sneered, "Young Master Wuchen! You Can't escape!"

Now that his identity had been exposed, Su Yu naturally wouldn't hide anymore. He took off his bamboo hat and revealed a face that made guest elder Lu want to personally destroy it day and night.

"Being old and not dying makes you a thief! Guest elder Lu, you've really changed your appearance and become a loyal dog of the second peerless family," Su Yu said indifferently.

Cold air flowed around guest elder Lu's body as he burst out with shocking killing intent. He laughed out loud, "Little Bastard, isn't It All thanks to you? If you hadn't set me up and wronged me, how could I have really rebelled?"

Hearing this, the Ravenous Wolf King and Xue Meng Feiyu revealed strange expressions.

Su Ruchu really... schemed against people everywhere?

Seeing guest elder Lu's expression as if he wanted to eat Su Yu alive, only God knew how miserably she had been set up.

"I feel that if you betrayed me, all the young men of the number one aristocratic family would be grateful to me." Su Yu smiled.

Guest elder Lu's face was trembling as he stared at Su Yu.

If looks could kill, Su Yu would have been cut into a thousand pieces and died ten thousand times.

Kacha --

The space behind him rippled and the myriad sect beast was about to appear.

Guest elder Lu rolled his eyes and slowly retreated.

There was no need to explain what she was planning.

Su Yu's expression was indifferent. She took a step forward and said, "I can only kill you first."

"Hehe, you think you're Worthy?" Guest elder Lu was not angry. Instead, she was happy.

If Su Yu really had the ability to kill an expert like the human demon, she would still be slightly afraid of Su Yu.

Unfortunately, she could now confirm that it was Su Yu's own acting.

Her true strength was only that of an ordinary half-step dao master.

"You underestimate the strength of a former guest elder." Guest elder Lu stopped in her tracks. Her old face was covered with coldness. "Actually, I can destroy you as easily as destroying a Mutt!"

The last word was still in her mouth, but she had already released more than half of her dao transformation domain.

"Die!" She laughed sinisterly and released ten thousand naked male bodies.

One by one, the young men flirted and winked in the domain.

However, they all had sharp blades hidden in the dark.

If they really fell into the domain, it would be quite dangerous.

The veins on Su Yu's forehead twitched. "What an unsurprising domain!"

Whether it was her personality or this domain, they were all the same, causing goosebumps all over her body!

"Hehe, I'm not a demi-demon. You can beat me however you want!" Guest elder Lu sneered. "Die!"

The domain suddenly pounced over.

Over 10,000 naked young men opened their arms and pounced over.

Su Yu immediately felt his hair stand on end. "Heavenly Dragon Dao Body!"

He transformed into his half-dragon form and slashed down with his dragon claw.

Crack --

The domain started from the middle and was directly torn apart.

The naked man inside instantly vanished into thin air.

Su Yu's claw did not stop. It was unstoppable as it tore apart guest elder Lu's Dao Body!

"How... Is it possible?" Guest elder Lu lowered his head and looked at his torn dao body in disbelief.

Chapter 2212 The Power Of Fate

She had already completely transformed her body. How could she be destroyed so easily?

Su Yu said calmly, "Actually, I can destroy you as easily as destroying a mutt."

If it weren't for her identity, she would have killed guest elder Lu long ago at the heaven shattering mountain.

Of course, it wasn't too late.

Shua --

Guest elder Lu's soul flew out of his body. Before he could escape, he was devoured by Su Yu's soul vortex.

Looking at the domain that dissipated with the wind, Su Yu felt a chill run down his spine. He said, "If this domain can kill people, it must be extremely disgusting, right?"

Kacha --

At this moment, the space cracked again.

The myriad sect beast was about to appear.

Su Yu returned to the peak of the mountain and stared at the space. He was slightly nervous.

Guest elder Lu had already informed the experts of the second peerless family. He didn't know if they would be able to make it in time!

After the time it took to brew a cup of tea.

Finally, the space shattered and a myriad sect beast emerged.

Su Yu was about to bring the two of them up when he suddenly stopped.

He gazed deeply into the sky.

The imposing aura of the Dao masters descended in a frenzy.

He would probably arrive before the myriad sect beast left. At that time, he would only need to move his fingers to disrupt the myriad sect beast.

On the myriad sect beast, Su Yu would have no way of retaliating.

"How troublesome! I can only use the power of all the Dao Masters." Su Yu drew his sin sword, and his heart sank.

If that was the case, when he returned to the vicinity of the pirate alliance, he would probably not even have the power to move.

At that time, it would be hard to say if he encountered pirates with malicious intentions!

More than 90% of the pirates were criminals of all kinds. Killing and snatching treasures were nothing more than a common occurrence for them.

However, if they fell into the hands of the second absolute family, they would die without a doubt!

When he made up his mind, the DAO Master who had come to inquire appeared in this civilization.

Su Yu only saw a blur before he could see the person clearly.

"It really is you!" Unfortunately, the person who had come also happened to know Su Yu.

"Hehe, it's been a long time." Su Yu smiled faintly. The person who had come was the beautiful woman in Palace attire, which was also the Fairy Flower Dao Master.

Her phoenix-like eyes contained a faint chill as she said, “You ruined my plans and stole my magic treasure, yet you still dare to come to the second exceptional family and abduct our young master! Young Master Wuchen, I really admire your courage!”

“You flatter me!” Su Yu said indifferently. The sin sword in her hand was slowly raised, and a trace of restrained sharpness, like a long snake spitting out its tongue, was emitted.

The fairy flower path master’s pupils constricted slightly, and for some reason, her heart skipped a beat.

Having cultivated for so many years, her instincts told her that Su Yu was in grave danger.

“Young Master Wuchen, do you think you can escape?” The Immortal Flower Path Master didn’t act rashly.

However, Su Yu pressed on step by step and said indifferently, “You don’t need to use your little diversion trick on me. Aren’t you just trying to make me ignore your young master?”

The Immortal Flower Path Master’s expression was still the same, but there was a hint of stiffness in her subtle expression.

“Now, immediately withdraw from this civilization!”

Hearing this, the immortal flower path master fell into deep thought and continued to stall for time.

However, Su Yu didn’t give her a chance. “Before the myriad sect beast appeared, if you hadn’t left, then I would have had to kill your young master.”

He sucked back with one hand, and immediately, the ravenous Wolf King was sucked into his palm and grabbed his neck.

That arm turned into a dragon arm and suddenly exerted force.

The Ravenous Wolf King’s neck immediately let out a creaking sound, as if it was about to be snapped.

The immortal flower path master’s gaze focused, and he said in a deep voice, “Do you know the consequences?”

Su Yu said indifferently, “Whether I kill him or not, the consequences are the same for me!”

No matter how he treated the ravenous Wolf King, once Su Yu was captured by the second peerless family, they would definitely not let him go.

The fairy flower path master felt that it was extremely troublesome. Su Yu had a hostage in hand, so she really couldn’t do anything to him.

Her gaze turned, and the fairy flower path master gritted her silver teeth and said, “Alright, I’ll leave! Otherwise, if anything happens to the ravenous Wolf King, the fault may appear on me!”

If she caused the ravenous Wolf King’s death, not only would she have no merit, she would also be guilty.

Rather than that, it would be better for her to retreat. She would have contributed nothing and committed no crime.

Sou --

The immortal flower path master was decisive in her actions. She left immediately.

In the blink of an eye, her aura disappeared from the civilization.

However, Su Yu's brows were deeply furrowed. She snorted coldly and said, "Do you think I'm easy to fool?"

Under the perception of the Eye of heaven, the immortal flower path master did not leave. Instead, she drew out a strand of her own aura and shot it toward the void beyond the sky.

She was hiding nearby, waiting for the moment Su Yu stepped onto the myriad sect beast to disturb it!

There was no sound in the void.

Su Yu's eyes were slightly cold as he lightly slashed towards a certain place in the void.

A sword scar streaked across a certain place, causing the space there to distort unnaturally.

A figure with a gloomy expression appeared.

It was the fairy flower path master!

She angrily threatened, "Young Master Wuchen! The prestige of the second absolute family can not be offended! Even if you sacrifice a young master, I will not allow you to succeed!"

From ancient times until now, there had never been a successor of the seven absolute family that was successfully kidnapped by pirates.

If the second absolute family set a precedent, they would probably no longer have the face to establish themselves in the seven absolute family.

Hence, they would rather the greedy wolf king die at the hands of Su Yu than allow him to be brought back to the pirate alliance.

Su Yu frowned deeply.

After all, it was a seven uniques family. It wouldn't be easy to force them to submit just by relying on a young master!

Since that was the case, he could only use methods to forcefully kill the fairy flower path master!

Gripping the sin sword, Su Yu mobilized the power of the path master in his body and prepared to use the sword day and night.

However, at this moment, a wave of boiling heat suddenly came from Su Yu's inner world.

In the dark, a mysterious fate burst out.

"Fate Dao Bead?" Su Yu was surprised. The greedy wolf king had already succeeded in choosing a master after inserting the dao bead into Su Yu's body.

However, it was suddenly activated at this critical moment?

Could something unexpected happen?

Kacha --

At this moment, the space behind them had completely left, and the myriad sect beast poked its head out.

Strangely, there was a woman standing on the myriad sect Beast's back with a slightly dazed expression.

She was wearing a golden cloak and had a seven-colored crown on her head.

Her appearance was delicate and elegant.

She was like a queen who had descended to the mortal world.

"Xie Xiaoyue?" The fairy flower path master sucked in a breath of cold air. She immediately recognized who the person in front of her was!

But, hadn't Xie Xiaoyue already returned to the Pirate Alliance?

How could she appear on the myriad sect beast?

Xie Xiaoyue composed herself and scanned her surroundings. Her gaze fell on the fairy flower path master, but she heaved a sigh of relief. She revealed a relaxed expression. "It's really a stroke of luck. She actually returned alive!"

It turned out that at that time, Xie Xiaoyue and the others had quickly retreated back to the Pirate Alliance's Nest.

In order to save time, Xie Xiaoyue had used a place that she was very familiar with where the myriad sect beast appeared.

Who knew that as soon as she got there, the civilization was in chaos. A few warriors who didn't know anything were fighting nearby.

The myriad sect beast was alarmed. It ran in panic in space and didn't stop for more than a month.

Xie Xiaoyue had already planned to wander in the endless desolate land and never come back.

However, just now, the myriad sect beast that was running was suddenly hit by some kind of force. Its body slanted and hit the space barrier nearby.

And then, just like that, it suddenly appeared.

What made Xie Xiaoyue even more overjoyed was that the place it appeared wasn't far away from where she couldn't return to, but not far from the second absolute aristocrat clan!

Dao Master Xianhua didn't even think about it before turning around and fleeing. Her heart was filled with extreme shock.

Who Wasn't good enough to run into the number one person in the Pirate Alliance, Xie Xiaoyue?

How could her strange movements escape Xie Xiaoyue's eyes?

“Perhaps it’s the will of heaven. During the great battle, none of the Dao Masters of your second peerless family were injured, but now, you’ve sent them to me! Since that’s the case, I won’t be polite and accept them!”

Xie Xiaoyue’s lips squirmed continuously, as if she was chanting some profound incantation.

The fleeing Dao Master Xianhua’s body trembled violently, and her entire body turned into wisps of green smoke.

Then, with a bang, he began to burn.

And in an extremely short period of time, he was burned into ashes!

The dignified immortal flower path master had died at the hands of Xie Xiaoyue, who had appeared out of nowhere.

Su Yu was stunned as he watched from the side. This... was the fate of the Ravenous Wolf King?

It was so evil that it left people speechless!

The Ravenous Wolf King couldn’t help but smile bitterly as he watched. He had originally thought that he would see another chance to survive, but who knew that this chance would be destroyed by his own fate.

After killing the fairy flower path master, Xie Xiaoyue started to size up Su Yu. She had wanted to kill him as well.

But she suddenly realized that Su Yu was holding onto the second peerless family’s ravenous wolf young master. She couldn’t help but be surprised, “You are?”

Su Yu naturally didn’t dare to hide. He immediately said, “I am the vice leader of the Sea Wolf Pirates, Su Ruchu. I have been ordered to capture the ravenous Wolf King!”

Hearing this, Xie Xiaoyue’s eyes were filled with disbelief.

She knew that another vice-leader of the pirates was carrying out a mission to capture the greedy wolf king.

Back then, when the ten great pirates discussed, all the pirate leaders were unwilling to accept this mission.

Only Dao Master Sea Wolf, contrary to his usual behavior, accepted this mission.

Later on, there was a rumor that Dao Master Sea Wolf handed the mission to a vice-leader.

Everyone knew that Dao Master Sea Wolf wanted to use the mission to kill someone!

However, Xie Xiaoyue found it unbelievable that the deputy chief had succeeded!

Who was the greedy wolf king?

Even Xie Xiaoyue felt very uneasy when she saw the strange and unpredictable luck on his body.

Maybe the other party’s Luck was activated and she died inexplicably.

However, the little deputy leader in front of her had actually succeeded!

“Release your soul. I want to test it a little,” Xie Xiaoyue said.

Su Yu frowned slightly and resisted inwardly.

“Don’t worry. I will only Test your memories during this period of time.”Xie Xiaoyue did not allow herself to be questioned. Her eyes flickered with a soul light as she flipped through Su Yu’s memories.

After she finished reading, her eyes were filled with shock!

“Unbelievable! You actually managed to sneak into the core circle of the second Peerless Family?”Xie Xiaoyue was exceptionally surprised by his tactful and resourceful mind.

In terms of mind alone, Su Yu was even more powerful than most Eternal Dao Masters!

But then, she laughed angrily, “I was wondering why our Pirate Alliance’s Lair was robbed. So it was you!”

Su Yu’s heart sank.

He didn’t want Xie Xiaoyue to look through his memories because of this!

Chapter 2213 Unfair Treatment

In order to gain the trust of the second aristocratic family, what he did was probably not something that any pirate leader could tolerate, right?

“Well done!”However, what surprised Su Yu was that Xie Xiaoyue actually smiled and praised, “Those who achieve great things do not care about the small details! Sacrificing partial benefits in exchange for greater benefits is what makes a successful pirate!”

She sized Su Yu up as if she was looking at a treasure, “I have never admired anyone in my life. You are the first!”

If she was Su Yu, she would definitely not be able to do what was right in front of her eyes.

Her eyes were filled with sincere admiration.

With a light smile, she reached out her hand to Su Yu and said, “Su Ruchu, are you willing to join the small Moon Pirates?”

UH --

Su Yu was stunned. The situation had changed so quickly that he could not bear it.

He thought that he was dead for sure.

In the end, not only did Xie Xiaoyue not do anything to him, she even took the initiative to recruit him?

Su Yu pondered for a moment, cupped his fists and said, “Thank you, leader Xiaoyue, for your kindness. However, I have already joined the Sea Wolf Pirates first. Without a proper name, I can not join another group of pirates!”

Xie Xiao Yue didn't think much of it. "That's hard to say. Can't I just ask Sea Wolf for the person? I don't believe that he would dare not give me the person I want!"

Su Yu's lips were slightly bitter.

If he stayed at the Sea Wolf Pirates, he could at least become a deputy leader.

If he joined Xiao Yue's pirates, what position could he get?

Even the sea wolf path master could recruit top talents like star Lady and Sword in the stone, let alone Xie Xiao Yue?

He had even more experts under his command. After he joined, it would be difficult for him to be placed in an important position.

"You can rest assured that if you join my command, I will definitely not let you suffer any grievances!" Xie Xiaoyue assured him.

Su Yu found it hard to believe and said, "Please allow junior to return to the Sea Wolf Pirates first."

"Alright!" Xie Xiaoyue did not force him and agreed immediately.

Raising her head to look beyond the sky, Xie Xiaoyue said, "Sovereign breaker is rushing over. It's still not too late to use the ten thousand sect beasts now!"

Su Yu nodded and walked to the pavilion with greed in his hand. With his other hand, he grabbed Xue Meng Feiyu, whose face was pale from despair.

"Killing two birds with one stone. Hehe, the seven ultimate civilization is going to be completely shaken. Your Name, Su Ruchu, will reverberate through time and space!" Xie Xiaoyue let out a long laugh and led them onto the myriad sect beast.

Roar --

The myriad sect beast let out a low roar and left with the three of them.

After the space had completely closed up, Sovereign Breaker and the others finally appeared.

Looking at the immortal flower path master who was only left with a pile of ashes, he then looked at the aura left behind by the myriad sect beast.

Sovereign Breaker's eyes were about to split open. "Young Master Wuchen! ! My second ultimate family has exhausted everything. I must crush your bones and scatter your ashes, never to be reincarnated!"

That great hatred that was engraved in his heart was like a sharp arrow piercing through tens of millions of nothingness, shaking countless civilizations.

At this moment, all the living beings of countless civilizations knew of a person named Su Ruchu!

A person who had been sworn by the second most exceptional family to be killed at all costs!

Not long after.

In the Pirate Alliance's Nest.

Standing outside the nest, Su Yu thought for a moment and said, "Dao Master Little Moon, please give me some time. I want to talk to Dao Master Sea Wolf alone."

Even if he joined the Xiaoyue Pirates, he should see Dao Master Sea Wolf's attitude first, right?

If he still ignored the greed Wolf King after learning that he had the ability to capture him alive, it wouldn't be too late for him to leave.

"Okay!" Xie Xiaoyue thought for a moment and said, "If he makes things difficult for you, just call me!"

"Thank you!" Su Yu cupped his fists and turned around to walk into the area of the Sea Wolf Pirates.

When he arrived at the main battleship of the Sea Wolf sect master, he was met with many strange gazes as soon as he boarded the battleship.

They all looked at Su Yu up and down with an unusual expression.

There was surprise, doubt, and even more pity.

Su Yu was slightly confused and headed to the main hall where the Sea Wolf sect master often met people.

When he came to the front of the hall, he saw that there were lanterns and streamers everywhere, making it extremely lively.

One by one, beautiful maids were carrying exquisite wine and meat as they walked in and out with joyous expressions on their faces.

"Did something joyous happen?" Su Yu was slightly surprised as he walked along the stairs to the entrance of the hall.

Looking inside, he saw that the hall was filled with eighteen tables of banquets.

Every table was filled with middle-and high-level pirates amongst the sea wolf pirates.

Among them were star lady, the machetemen in the snow that Su Yu was more familiar with, and poison operator.

At a banquet in the middle, Shi Zhongjian had a joyous expression on his face. He toasted the Sea Wolf Path Master, who was sitting on the throne of the pirate leader, and said, "I will do my best and do my duty as a Deputy Leader."

The Sea Wolf Path Master had a happy smile on his face. He took out his wine cup and clinked it across the air. He said, "Good! I have high hopes for you!"

Su Yu saw this and had a myriad of thoughts in his mind.

The Pirate Alliance had made an agreement that every pirate tribe would only have one leader and two deputy leaders.

There would definitely not be another deputy leader!

Right now, sealing the sword in the stone as the new deputy leader meant that one of the deputy leaders had been replaced.

Star Lady was the Person Dao Master Sea Wolf had high hopes for. Naturally, she would not be the one to be replaced.

It could only be Su Yu!

Su Yu stood at the main entrance, his long and lonely figure enveloping some of the guests.

They turned their heads and saw Su Yu's face clearly. They could not help but be stunned.

Many guests sensed the abnormality and looked over one after another with strange expressions.

In the end, Dao Master Sea Wolf was finally alarmed.

He looked at the door and was stunned on the spot.

A month ago, the Dao master power that he had attached to Su Yu's body was cut off from his senses.

He used this to determine that Su Yu had failed and died.

Therefore, not long after he returned to the Pirate Alliance, he held a celebratory banquet for three consecutive days, congratulating the sword in the stone on becoming the new deputy leader.

Today was the last day.

However, Dao Master Sea Wolf never expected that Su Yu didn't die!

Not only did he not die, he even appeared at the celebratory banquet!

At the banquet, the guests looked at each other and communicated telepathically.

"This is F * cking awkward!"

"However, the awkward one should be Su Ruchu. Even if she comes back a day later, it's still good!"

"Depriving his deputy leader in front of him... this... can't be any more awkward than this, right?"

"I can't help but sympathize with Su Ruchu. HMM, even though he brought this upon himself."

Sword in the stone also noticed Su Yu. While he was surprised, he frowned deeply. He actually didn't die?

Su Yu took in everyone's expressions and felt a chill in his heart.

It was probably because he was frozen by the snow dream flying rain and Su Yu entered a state of suspended animation that sect Master Sea Wolf mistakenly thought he was dead?

However, that was more than half a month ago.

In addition to the news being transmitted back, it would take another ten days of effort.

Almost a few days after confirming Su Yu's death, he immediately held a congratulatory banquet for the sword in the stone.

Su Yu's heart gradually cooled down.

He was fighting for the sea wolf pirates outside, fighting for the Sea Wolf Pirates.

But what were the Sea Wolf Pirates doing?

Knowing that he had just died, they couldn't wait to strip him of his position as deputy chief and hold a celebratory banquet?

There was no one more heartless than this!

At this moment, Su Yu knew that the sea wolf pirates couldn't be left behind.

In such a heartless place, even if they stayed, they wouldn't be able to get any important use.

In fact, they might even perform too well and Cause Dao Master Sea Wolf to be afraid.

Just as he had said in the past, don't perform too well, or else it would cause Dao Master Sea Wolf to be suspicious.

Was there a need for him to stay in such a place?

"Oh, you're back." After a short moment of shock and thought, Dao Master Sea Wolf's expression returned to normal. "How was the mission?"

Su Yu wiped away the expression in his eyes and said indifferently, "It wasn't considered complete."

Capturing the greedy wolf king had exacted revenge on the second exceptional family, but he had also captured Snow Dream Flying Rain, which was considered a side effect of offending the sixth exceptional family at the same time.

Therefore, the mission this time wasn't considered complete.

However, in the ears of Dao Master Sea Wolf and the others, it was naturally understood as a failure of the mission.

Dao Master Sea Wolf's eyes didn't even show any disappointment, because he had never held any expectations.

"En, it's good that you're back!" Dao Master Sea Wolf said indifferently. He paused for a moment and said, "Because I mistakenly thought that you had already died, and the Sea Wolf Pirates couldn't do without a deputy leader for another day, I appointed stone sword as the new Deputy Leader!"

"Since you're back, it's just right. Return the Deputy Leader's Seal!" Dao Master Sea Wolf said, "I won't mistreat you. The position of the First Fleet's chapter leader will be taken by you."

From his tone, taking away the position of deputy leader and giving it to a chapter leader seemed to be very convenient for him.

Su Yu didn't say a word. He handed the skull-shaped deputy leader's Seal to DAO Master Sea Wolf. He nodded and took out the chapter leader Seal of the First Fleet. He threw it at Su Yu and said, "Take It!"

That gesture was like giving alms.

However, Su Yu didn't take it.

Instead, he tilted his body slightly and moved aside. He said indifferently, "Dao Master Sea Wolf, you misunderstood."

Dao Master Sea Wolf looked at the chapter leader seal that had fallen to the ground and made a loud clanging sound. He was slightly displeased. "What do you call me?"

As a sea wolf pirate, he should call him leader, not Dao Master Sea Wolf!

"Dao Master Sea Wolf!" Su Yu repeated. "I hand over the deputy leader's seal. It means that I'm withdrawing from the Sea Wolf Pirates."

"The Sea Wolf Pirates have many talents. I'm just a mediocre person. I'm unable to work for the Sea Wolf Pirates. I feel ashamed, so I hereby announce that I'm withdrawing from the Sea Wolf Pirates!"

Upon hearing this, the Sea Wolf sect master's displeasure deepened, he thought to himself, "Is this a quarrel with me? Why Don't you take a look at your own capabilities? If not for the fear of gossip from outsiders, with his ability to cheat, does he deserve the position of the First Fleet's leader?"

With this thought in his heart, the Sea Wolf sect master's expression was calm as he said indifferently, "Since vice leader Su has made up his mind, I will not keep you!"

He felt that Su Yu would regret it sooner or later.

If he left the Sea Wolf Pirates, who would be willing to take Su Yu in?

Not to mention giving him the position of the First Fleet's leader?

No?

"Thank you, Dao Master Sea Wolf, for helping me." Su Yu had completely given up on the Sea Wolf Pirates and had no more hope.

He turned around, and under the pitying gazes of many guests, he stepped on the afterglow of the setting sun and slowly walked out.

"Wait!" Shi Zhongjian left the banquet and walked over with his hands behind his back.

"What's the matter?" Su Yu looked at him, but there was no trace of him in his eyes.

He really didn't put this kind of person in his eyes.

His pair of arrogant eyes contained contempt. "Su Ruchu, no matter what, you're still a former member of the pirate crew. Why don't you understand the rules at all? Seeing the new deputy leader, you don't even have the attitude to kneel?"

Chapter 2214 2105, As You Wish

Su Yu was already like a drowning dog. He no longer had any challenge to the position of Sword in the stone.

The reason why he did this was because he wanted to quickly establish the prestige of his vice-leader by suppressing Su Yu.

He needed to let everyone know that from now on, one of the two vice-leaders of the Sea Wolf Pirates was sword in the stone and not Su Ruchu!

The pity in everyone's eyes deepened. A fallen Phoenix was worse than a chicken.

A dignified vice leader actually had to kneel down in front of everyone!

What a pity, what a pity!

Su Yu did not speak, but looked at Dao Master Sea Wolf.

He sat high on the leader's throne and looked down at Su Yu. He said indifferently, "Vice leader Shi's words are reasonable. It's just etiquette. Su Ruchu, just do as he says."

Just Etiquette?

If it were any other occasion, it might be etiquette.

But in this current situation, could it still be considered etiquette?

This was an extremely blatant humiliation, right?

Moreover, when he was the deputy leader, when Shi Zhongjian saw him, did he kneel before him?

Looking at Dao Master Sea Wolf who had gone off the rails, Su Yu was unperturbed. He had already seen through Dao Master Sea Wolf's character. How could he have any expectations?

Such an answer was not surprising at all.

"Did you hear that? Kneel down!" Stone sword's gaze was threatening, and his tall figure was even more threatening.

Su Yu shook his head lightly, he said, "Perhaps your ears aren't working well. I need to repeat myself. Just now, I have already withdrawn from the Sea Wolf Pirates. Now, I am neither your subordinate nor a member of the Sea Wolf Pirates. What reason do you have for me to kneel down to you?"

Stone sword sneered. "As long as you haven't stepped out of the Hall of the Pirates, you will still be a member of the Pirates!"

He had made up his mind. Today, Su Yu had to kneel. Even if he didn't kneel, he had to kneel!

"Then I will leave!" Su Yu said indifferently. He turned around and walked out of the hall.

“Men, the members of the Pirates have no respect for the vice-leader. take him down!” Stone sword was aggressive. With an order, two rows of pirates immediately walked out of the hall.

They didn’t even see Su Yu, the former vice-leader of the Pirates. They pounced on him like tigers and wolves.

Su Yu didn’t even look at him. He didn’t even stop and continued to walk out.

A layer of extremely powerful sword Qi appeared around him and formed a circle, slashing away all the pirates that pounced on him.

The figures of the Pirates flew like sandbags and crashed in all directions.

Many tables were knocked over.

Suddenly, the rich aroma of wine and meat filled the entire hall.

Seeing that Su Yu dared to fight back, the sword in the stone had a vicious look on his face. He pulled out the stone sword on his back and said coldly, “You openly rebelled against the deputy leader and injured law enforcement officers! You deserve to be killed!”

Su Yu was of no value anyway. If he was killed in public, Dao Master Sea Wolf wouldn’t say a word.

As the sword slashed down, one of Su Yu’s feet had already stepped out of the hall.

However, he suddenly retracted his foot and stood back inside the hall.

He slowly turned around and stared coldly at the sword in the stone.

He endured and endured, gave way and retreated again and again!

However, the sword in the stone didn’t know how to restrain itself at all!

Su Yu wasn’t a clay figurine, but he had his own temper.

Looking at the sword in the stone, Su Yu said indifferently, “I’ve never thought of paying attention to an ant like you. Since you insist on attracting my attention, then I’ll pay a little attention to you!”

Not seeing Su Yu make any movements, he just raised his hand lightly and easily grabbed the sword that was coming at him.

No matter how sharp the sword was or how much power it carried, it was steadily grabbed by Su Yu with one hand.

On the other hand, the sword in the stone suddenly stopped because of the falling momentum of the sword. The hilt of the sword sent out a huge rebounding force, and the palm of the sword in the stone was pushed away.

The stone sword that he relied on was actually snatched away by Su Yu!

“You... What kind of unorthodox method did you use?” The stone sword turned pale with fright.

That stone sword was not an ordinary sword. It was a dao artifact immortal embryo that he had refined with the heavenly stone bloodline for a long time. Its power was so strong that even dao masters did not dare to use their bodies to block it.

However, it was actually grabbed by Su Yu in the air.

How was this possible?

Su Yu held the hilt of the sword with one hand and the body of the sword with the other hand.

Then, both of his hands exerted force to break the sword.

Kacha!

The stone sword was broken into two pieces!

“Ah! My Stone Sword!”The stone sword roared in disbelief.

However, while he was still roaring, his vision turned black. Su Yu strode over.

The stone sword had an extremely furious expression on its face. It roared and charged at Su Yu without any reason.

He was a half-step DAO Master with both body and soul, and his strength was unparalleled.

In his anger, he unleashed his full strength without caring about anything else.

Su Yu’s gaze was indifferent as he casually pointed a finger at his palm.

Kacha Kacha --

A shocking scene appeared.

The stone sword’s arm was actually shattered inch by inch by the finger.

In the end, the entire arm was peeled off, and half of the body was covered in cracks.

Everyone present was shocked.

They could not believe what they were seeing.

The body of the Dao Master in the stone sword was unable to block Su Yu’s finger!

Plop --

The body of the stone sword fell to the ground unsteadily under the immense force. His eyes were filled with fear.

PA --

Su Yu walked forward and stepped on his face, pressing his head into the ground.

“Ah!”The stone sword let out a painful howl. His remaining arm struggled desperately, trying to break free. However, he could not do anything to Su Yu’s foot.

He was like an ant that could not resist at all, being trampled under someone’s foot.

Su Yu looked at his fear and fear expression, which was completely different from his previous arrogant and arrogant expression. He said indifferently, "With this little ability, you want to learn from others?"

With a light snort, he kicked with the tip of his foot, sending him flying and crashing into the wine table in the middle.

With a rustling sound, the wine table was smashed into pieces.

The sword in the stone was lying on the ground, and no one knew whether it was alive or dead?

Looking at its abdomen, a huge hole was directly kicked through.

Even if he healed his injuries, there would be irreversible sequelae!

Shaking his sleeves, Su Yu ignored the silent crowd and walked out expressionlessly.

"Humph! You're courting death!" Dao Master Sea Wolf's face was as dark as water!

He admitted that he had misjudged Su Yu. Su Yu indeed had extraordinary strength, but during the celebration banquet he held, he had crippled the vice leader that he had personally promoted.

Had he considered his dignity?

Shua --

Dao Master Sea Wolf acted decisively and ruthlessly, "You injured my vice leader. If you want to leave, you have to ask Me First!"

Killing intent rose in Su Yu's eyes.

He turned around and transformed into a holy half-human half-dragon.

His two dragon arms collided head-on with Dao Master Sea Wolf!

Clang Clang Clang --

Dao Master Sea Wolf felt an earth-shattering power that forced him to retreat!

Everyone present sucked in a breath of cold air!

Su Ruchu didn't lose in a head-on collision with Dao Master Sea Wolf. Instead, he forced Dao Master Sea Wolf to retreat!

At this moment, Dao Master Sea Wolf was truly shocked.

He originally thought that Su Yu's strength was only higher than the sword in the stone.

But after the actual exchange, he realized that it was not the case at all!

His physique was so strong that he was already above the Dao Master!

Among the ten great pirates, perhaps only Xie Xiaoyue could receive his punch without a change in expression.

The gloomy look on his face immediately disappeared and was replaced by joy. He said, "What's with your strength..."

His heart was pounding. He realized that he had unintentionally recruited a heaven-defying genius!

During the test of his martial strength that day, Su Yu did not cheat. Instead, he relied on his own true ability to reach 19,000 martial strength.

He was ecstatic!

This was simply recruiting a dao master who was second only to him!

However, before he could finish asking, a boundless golden wild wind attacked.

Dao Master Sea Wolf's pupils constricted, and a huge sea wolf immediately appeared behind him to block the violent wind.

However, the power of the violent wind was extremely powerful, and it directly shattered the Sea Wolf's phantom image.

Dao Master Sea Wolf gave a muffled groan, and a trace of blood flowed out from the corner of his mouth.

He wore an angry expression and said in a low voice, "Xie Xiaoyue, are you crazy? You actually attacked me?"

Swoosh --

A golden whirlwind stopped beside Su Yu and Xie Xiaoyue's figure appeared.

She checked whether Su Yu was injured and said, "I was wondering why you didn't come out after waiting for a long time. It turns out that you were bullied by the Sea Wolves!"

Su Yu said, "Thank you, sect Master Xiaoyue. I'm fine."

"Well, have you told the Sea Wolves about the situation?"

"No!" Su Yu said indifferently, "There's no need to say anymore, I've already withdrawn from the Sea Wolves!"

Xie Xiao Yue's eyes lit up and she said with a smile, "Haha, a good bird chooses the tree to roost! From now on, if you join the small moon pirates, I'll make you the first vice-leader, and your position will be above the other vice-leader!"

Hearing this, everyone was moved.

Xie Xiao Yue's pirates were the most elite of all the Pirates!

It was said that the current two vice leaders were the best of the best. Their strength and potential were even stronger than star lady!

But Xie Xiaoyue was actually willing to remove one of the vice leaders and let Su Yu take over?

How much trust did she have in Su Yu?

Sea Wolf Path Master was also shocked and doubtful. Was it because Xie Xiaoyue saw Su Yu's powerful strength?

He felt extremely regretful in his heart. His lips moved, trying to persuade Su Yu to stay.

But, was it still possible?

One was the vice-leader of the strongest pirates, and the other was the vice-leader of the lowest-tier pirates.

One was grateful to him, and the other was yelling at him to kill him.

No matter what Su Yu did, it was impossible for him to come back, right?

As a pirate leader, Dao Master Sea Wolf felt that he still had this bit of dignity.

If he lost it, then he lost it. Wouldn't it hurt his face if he forced him to stay?

"Let's Go! I, Xie Xiaoyue, promise you that I will never let you suffer like you did in the Sea Wolf Pirates!" Xie Xiaoyue patted Su Yu's shoulder and promised him.

Su Yu nodded and left with Xie Xiaoyue.

Dao Master Sea Wolf looked at the messy banquet and said, "Clean it up."

Although he was slightly regretful for losing Su Yu, he quickly recovered his emotions.

"As long as everyone knows about Su Yu's matter, you can't spread it to the outside world," Dao Master Sea Wolf said.

If this news spread, Dao Master Sea Wolf's face would be somewhat tarnished.

However, even if he wanted to hide it, he might not be able to do so.

A few days later.

A piece of news that was like a bomb had shaken the entire pirate alliance!

The second aristocratic family's young master, the Ravenous Wolf King, and the sixth aristocratic family's heir, Xue Meng Feiyu, had been kidnapped!

Even in their dreams, the pirate alliance had wanted to kidnap the heir of an aristocratic family and make their name known to the world.

Unfortunately, they had never been able to do so.

Now, they were able to capture two at once. How could this not be shocking?

Dao Master Sea Wolf was also shocked when he received the news.

"Who did it?" Su Yu appeared in his mind, but he quickly denied it. Even Dao master might not have the confidence to catch the greedy wolf king, let alone Su Yu?

The third watch could be considered the first attempt to break out. In the future, the number of explosions would gradually increase.

En, tonight, he would go fishing and catch a few catties of fish. Tomorrow, he would update a few pieces and announce the data in the group at night.

Chapter 2215 The Wrong Person.

Everyone knew that the Ravenous Wolf King was hard to catch.

It should be Xie Xiaoyue herself, Dao Master Sea Wolf thought.

“Reporting to leader, it’s... The vice leader of the Xiaoyue Pirates.”The reporter looked hesitant.

Hearing this, Dao Master Sea Wolf couldn’t help but be surprised, “Vice leader?”

In his opinion, Xie Xiaoyue herself was hard to deal with, but in the end, the person who did it was actually a vice leader?

It was really hard to believe?

“Which deputy chief? Iron hand or Wu Su?”Asked Sea Wolf Dao Master.

Xie Xiaoyue wasn’t like the other pirates, whose strength had been seriously affected.

Her two deputy chiefs were still there.

However, Sea Wolf Dao master found it very unbelievable.

Xie Xiaoyue had clearly refused to accept the mission to capture the greedy wolf king.

Why did she secretly send the deputy chief to complete the task?

The reporter lowered his head and didn’t dare to look at Dao Master Sea Wolf’s eyes. He said in a low voice, “It’s... It’s deputy chief Su?”

“Surnamed Su?”Dao Master Sea Wolf’s heart pounded, and his eyes were filled with speculation and disbelief.

How could he forget that a few days ago, Xie Xiaoyue announced publicly in front of the Sea Wolf Pirates that she was going to make Su Ruchu the first deputy chief?

Iron Hand and Wu Su’s real names were not Su’s surname.

Who was deputy leader Su that appeared in front of him?

However, he was unwilling to believe it, and he also couldn’t believe that Su Yu had actually completed the mission that he sent Su Yu to his death!

“Yes, it’s Su Ruchu.”

The words of the reporter extinguished the last bit of hope of Dao Master Sea Wolf.

It was really Su Ruchu!

“Didn’t he say that he didn’t complete the mission perfectly?”Dao Master Sea Wolf muttered to himself, his mind blank.

Then, he suddenly realized something and leaned back on the throne.

Not only did Su Yu capture the ravenous Wolf King, but he also captured Snow Dream Flying Rain. In a sense, it was indeed not a complete mission.

Thinking up to this point, Dao Master Sea Wolf had mixed feelings.

He had taken away the position of deputy chief from an extremely talented person who was able to kidnap two heirs of aristocratic families in one go.

No, not only did he take away his position, he had even deliberately humiliated him. In the end, he even personally taught him a lesson.

Such a person, he had chased him away alive and chased him into Xie Xiao Yue's camp!

And all he had done was to exchange for a trash who did not even have the strength to retaliate in Su Yu's hands!

To be honest, the sword in the stone was very outstanding, but compared to Su Ruchu, especially Su Yu who could capture the greedy wolf king and snow dream flying rain at the same time, what was he?

Was he even worth a hair on Su Yu's head?

What was the meaning of throwing a watermelon to pick up a sesame seed?

Daoist Master Sea Wolf was a living reality.

"Leader, we have something to report." At this moment, the joint report of the two deputy leaders and several branch leaders came from outside the hall.

Dao Master Sea Wolf came back to his senses slightly and said dejectedly, "Come in."

The group of people looked a little anxious.

Dao Master Sea Wolf looked at the group of people. When his gaze fell on the stone sword which had recovered slightly, his heart felt an inexplicable pain.

It was as if a needle had pierced into his heart.

Upon seeing him, Dao Master Sea Wolf had the urge to slap himself.

Just what kind of eyes did he have that he would chase away a talent like Su Ruchu for such a trash?

"Sword in the stone, after your injuries recover, head to a new star field and open up a new territory for US Sea Wolf Pirates. This mission is extremely difficult, and only you are capable of doing it."

Hearing this, everyone's expressions changed slightly.

It had finally come to this point.

Opening up a new territory meant that one had to go against the local forces, and the casualties of those who opened up a new territory were extremely heavy.

Usually, less than one in ten would survive.

Anyone who was sent to open up a new territory was basically someone who wasn't placed in an important position or was marginalized.

Because of sword in the stone, someone like Su Yu was chased away alive. Right now, the last thing sect Master Sea Wolf wanted to see was sword in the stone, right?

Sword in the stone's body trembled, and his eyes were filled with regret.

If he had known this would happen, why would he have done it in the first place?

Wouldn't it be great if he could be the first chapter leader in peace and receive the attention and training of the leader?

Now, he had nothing!

"Did something important happen when you came together to report?" Dao Master Sea Wolf asked.

Star Lady said in a serious voice, "Yes, we found traces of the second exceptional family's activities in the territory."

"Oh?" Master Sea Wolf immediately paid attention and said, "Tell us."

The second aristocratic family would never risk their lives to enter the Pirate Alliance.

"Today, we found that several frigates guarding the main battleship had lost contact. No matter how we tried to contact the captain on board, there was no reply

"Then, we sent people to contact him in person. In the end, those who went did not come back, and there were no clues

"Until captain poison operator went in person, and he sent half a message back."

After hearing that the situation was so strange, Dao Master Sea Wolf knew that something had happened!

Moreover, it was not a small matter?

"What message did he send back?"

Star lady said, "He only said three words... Emperor Po Jun!"

Dao Master Sea Wolf's pupils contracted violently

Could it be that Emperor Po Jun came to the Pirate Alliance personally?

"Let's Go! Follow me to take a look!" Dao Master Sea Wolf's heart was heavy as he led a group of experts toward the frigate that had lost contact with him.

However, as soon as he appeared, an extremely terrifying aura suddenly enveloped the main ship.

Dao Master Mo Yuan, Dao Master Pojun, and the other Dao master experts, as well as hundreds of half-step Dao Masters, charged toward Dao Master Sea Wolf with a frigate.

Emperor Pojun's eyes shone with a cold light. He jumped onto the main ship and attacked Dao Master Hai Lang without saying a word.

Dao master Hai Lang sucked in a breath of cold air. He hurriedly circulated the power of the DAO Master and activated the various arrays on the main ship. he shouted, "Notify the other pirates!"

His heart trembled violently as he used the power of the arrays to resist Emperor Pojun.

However, how powerful was emperor Po Jun. . ? Could he actually resist it completely?

In just one exchange, he was defeated by Emperor Po Jun. . He spat out large mouthfuls of blood.

"Where is Su Ruchu? Where is my son?"Emperor Po Jun. . It was as if he wanted to eat someone. His eyes were red as he asked.

After Su Yu escaped, Emperor Po Jun. was extremely furious. He chose Three Dao master experts and charged into the nest of the pirate alliance to save his son.

Only in this way could the reputation of the second peerless family be restored.

They used the myriad sect beasts to find the nearby area. After hiding for a day, they secretly attacked. Finally, without alerting the other pirates, they got close to the pirates.

Now, they suddenly launched a fatal attack.

If everything went smoothly, they should be able to save the greedy wolf king before the other pirates could react.

At the mention of Su Ruchu, Dao Master Sea Wolf's heart was filled with bitterness, regret, and anger.

The fame and benefits that Su Yu brought from capturing the heirs of the two aristocratic families all went to Xie Xiaoyue.

However, the revenge of the second aristocratic family all fell on him.

The benefits didn't fall, but the disadvantages were all brought out.

He gritted his teeth and said shyly, "Su Ruchu has already quit US Sea Wolf Pirates and joined the pirates where Xie Xiaoyue is!"

As soon as he said that, Emperor Pojun looked at him and said coldly, "Do you think I'll believe it?"

Dao Master Sea Wolf didn't treat Su Ruchu, a dazzling heaven's favorite, as a treasure. Why Would Dao Master Sea Wolf allow him to quit the Sea Wolf Pirates?

No one would believe it, right?

Unless the sea wolf pirates were too stupid to be saved!

Dao Master Sea Wolf felt even more bitter in his heart. See, even his enemies didn't believe that he was that stupid.

But the truth was that he really did it!

"Hand over Su Ruchu, or else you'll die without a burial place!"With boundless anger, Emperor Po Jun attacked with anger.

Every attack made Dao Master Sea Wolf feel extremely uncomfortable.

At the same time, the other three dao masters were on a killing spree, continuously capturing captives and conducting soul searches on them.

A moment later, the three dao masters stopped with astonished expressions and came in front of Emperor Po Jun and said, "Clan master, you've found the wrong person!"

Sovereign breaker said coldly, "Isn't Su Ruchu the vice-leader of the Sea Wolf Pirates? Why did you find the wrong person?"

Dao master Mo Yuan said, "A few days ago, Su Ruchu was indeed the vice-leader of the Sea Wolf Pirates. However, a few days ago, Dao Master Sea Wolf stripped Su Ruchu of her position as the vice-leader. At the same time, she helped the new vice-leader to humiliate him. Currently, Su Ruchu has been forced out of the Sea Wolf Pirates."

Upon hearing this, Royal Soldier Breaker looked at Dao Master Sea Wolf in disbelief.

He simply couldn't understand what Dao Master Sea Wolf was thinking.

A person like Su Yu might not be unique in the world, but he was definitely a rare occurrence, right?

Such a talent was not bad even in an eight-star civilization.

In a seven-star civilization, he was definitely an existence like the king of Heaven's favorites.

He actually chased him away?

Was the Sea Wolf Dao master born with a flaw in his IQ? That was what Emperor Breaker thought in his heart.

Sensing the gazes of Emperor Breaker and the Three Dao Masters looking at him, Dao Master Sea Wolf really wished he could find a hole to hide in.

This matter had already become a black spot that he could not wash away!

However, because the truth of the matter had been revealed, Emperor Breaker stopped his attacks. His expression was as gloomy as water as he said, "Then where is Su Ruchu Now?"

"She has joined the Pirates of Xie Xiaoyue and was made the first vice-leader by Xie Xiaoyue!"

"What?" Sovereign Breaker clenched his fists in anger.

The battle in front of them had probably attracted the attention of most of the pirates and they were rushing over.

How could they have the chance to attack Xie Xiaoyue again?

If they didn't leave now, they would be surrounded by the entire pirate alliance and completely destroyed.

Especially with Xie Xiaoyue's unfathomable strength, it was impossible to take her from her hands!

There was no hope for them to take back the greedy wolf king.

“Retreat!” Emperor Po made a prompt decision and led everyone to leave quickly.

Not long after, the pirates from all sides arrived at the territory of the Pirates.

Looking at the destroyed frigates, the damaged main force ships, and the many new pirates that they had just recruited, the nine pirates were shocked.

When they found out that it was the work of the second most powerful family, they were shocked and had strange expressions on their faces.

The news of Su Ruchu being chased away had already spread throughout the pirate alliance.

Dao Master Sea Wolf was blind and had sent a proud king like Su Ruchu into Xie Xiaoyue’s hands, becoming a laughingstock.

What was even more ridiculous was that Dao Master Sea Wolf didn’t get any benefits and was instead taken care of by the second most powerful family.

Dao Master Sea Wolf clenched his fists and felt a sense of shame and shame that he had never felt before in his life.

He raised his head and suddenly saw Su Yu standing beside Xie Xiaoyue with his hands behind his back.

He was looking at the miserable situation with a calm expression on his face.

It was the first watch. He had originally planned to go to the fifth watch, but he was delayed by something today and needed to go to the fourth watch! He had said before that he needed to go to the fifth watch once, which added up to the ninth watch.

But I also have something to do tomorrow, I can only update two more, Monday and nine more together.

Chapter 2216 Heavenly Remains Cave Abode

That look of indifference on his face made Dao Master Sea Wolf feel extremely complicated!

Su Yu must be laughing at him in his heart right now, right?

After all, it was not common for a dao master to laugh at him, right?

How would he know that Su Yu would not be bothered to laugh at someone like him.

He was rejoicing that the fate dao bead had allowed him to meet Xie Xiaoyue.

Otherwise, even if he succeeded in taking back the Pirate Alliance, Dao Master Sea Wolf wouldn’t be able to protect him.

“Strengthen our defenses,” Xie Xiaoyue said indifferently.

The second peerless family must have escaped far away by now. It was useless to chase after them.

“Since everyone is here, let’s have a meeting at the last minute to discuss how to deal with the two hostages,” Xie Xiaoyue said.

Soon, Dao Master Sea Wolf’s main ship’s main hall.

The ten pirate leaders, Su Yu, the greedy wolf king, and Xue Meng Feiyu were among them.

In theory, this was a meeting of the pirate leaders. As the deputy leader, Su Yu wasn't qualified to participate at all.

However, the ten pirate leaders didn't oppose it.

On the contrary, most of them looked at him kindly.

People like Su Yu, even as Xie Xiaoyue's competitor, were quite appreciative.

"These two, how do you think we should deal with them?" Xie Xiaoyue asked.

The few leaders exchanged glances.

The Blue Phoenix Pirate Leader's beautiful eyes jumped back and forth between the Ravenous Wolf King and Snow Dream Flying Rain, with a smile that wasn't a smile, he said, "It's rare for us to capture the heirs of the two great families. Of course, we have to lock them up for a few more years so that our pirate alliance can earn enough reputation and extort resources from the two great families."

The other pirate leaders nodded their heads in agreement.

This time, the pirate alliance could be considered to have done something big!

"I think it's better to extort the resources as soon as possible and exchange the hostages with them," Xie Xiaoyue said indifferently.

The Blue Phoenix leader pondered, "Why do you say that?"

Now, everyone faintly took Xie Xiaoyue as the leader.

Xie Xiaoyue hesitated for a moment and said, "To tell you the truth, I recently captured a person's maid and learned some incredible news from her mouth."

"Whose maid?" Everyone was curious.

The fact that Xie Xiaoyue said "Incredible" showed that this matter was really extraordinary.

"Xia Yi Nunnery!"

As soon as these three words were uttered, Su Yu clearly felt the air in the hall tense up.

Traces of fear and dread flowed out of the eyes of several pirate leaders.

"Leader Xiaoyue is audacious. I admire you, I admire you!" The Blue Phoenix leader cupped his fists, full of admiration from the bottom of his heart.

The other pirate leaders also looked at Xie Xiaoyue with deep admiration.

Su Yu was also slightly surprised.

Over the past few days, he had browsed through a large amount of information about the seven ultimate civilization on Xie Xiaoyue's pirate ship.

Among all the information, there was one name that appeared the most frequently.

It was Xia Yi'an!

He was the head of the seventh ultimate family, and it was said that he was the descendant of the Heavenly Emperor.

The other names of the heads of the other six families didn't appear as often as Xia Yi'an.

All the information described Xia Yi'an's incredible legends.

It was said that he was born to be an emperor!

In just two hundred years, he broke through to become a dao master.

At the age of three hundred, he defeated his father and became the new head of the seventh-best aristocratic family.

At the age of five hundred, he went on a trip to other places. When he passed by a seven-star civilization, he was hunted down by that civilization.

He single-handedly defeated all the Dao master experts of that civilization with a single sword and snatched away the most famous beauty of that civilization as his wife.

After that, he quieted down and focused on cultivation.

After billions of years, he never showed his face again.

Everything was managed by his father, Xia Donglai.

Therefore, although the head of the seventh aristocratic family appeared to be Xia donglai, everyone knew who he was.

Now that they heard that Xie Xiaoyue dared to capture the maid of Xia Yi Temple, how could they not be shocked by her audacity?

Leader Blue Phoenix asked, "Then, what is the news about the maidservant?"

Everyone was curious about the so-called seventh-rank official in front of the prime minister's door.

The maidservant also had to see whose maidservant it was.

The status of Xia Yi'an's maidservant was high enough to attract the attention of the Dao Masters.

"Xia Yi'an is coming out of closed-door cultivation."

Suddenly, the whole place fell silent again. Even the sound of breathing was muffled.

After a long while, Daoist Master Sea Wolf said with a frozen expression, "You mean... he is coming out?"

Daoist Master Sea Wolf couldn't even finish his words, which showed the fear in his heart.

The expressions of the other pirates also became unsightly.

If Xia Yi'an really came out and attacked the pirate alliance, he could probably wipe out all the pirates by himself.

"Yes, he will come out soon," Xie Xiaoyue said calmly. "However, he came out not for the pirate alliance, but because he sensed that something big was going to happen to the seven ultimate civilization, so he came out early."

Something Big?

Everyone was surprised again. How many big things had happened to the seven ultimate civilization after billions of years?

Xia Yi'an had never shown his face even when he was almost conquered by another civilization.

But now, he had to come out of closed-door cultivation for one thing.

“What is it?”

Xie Xiaoyue said from afar, “The cave abode of heavenly relics has been born!”

Hearing this, all the pirate leaders were shocked. Those who couldn't keep their composure even stood up.

Their eyes were wide open, their pupils constricted, and their breathing quickened, as if they had fallen into a great shock.

“Are you serious?”The Blue Phoenix Pirate asked in shock.

Xie Xiaoyue nodded. “I've searched his soul repeatedly and confirmed it.”

Hearing this, all the pirate leaders became excited.

“The heavenly remains cave abode. I heard that it's the supreme cave abode that the heavenly remains emperor has accumulated his entire life!”

“I heard that even if you can obtain one-thousandth of it, you can establish a powerful force that can contend against the Seven Uniques!”

“No! It is said that whoever obtains the heaven's legacy cave abode will obtain the world!”

..

Su Yu was also moved.

He had read a lot of information about the name of the Heaven's legacy cave abode.

Many myths and legends recorded in the seven ultimate civilization were inextricably linked to the Heaven's legacy cave abode.

There was even a legend that the heaven's legacy Emperor did not die. Instead, he hid in the heaven's legacy cave abode to cultivate.

He was only waiting for the day when he would return to the world and return to the old mountains and rivers.

There were hundreds of versions of the treasures and rumors.

In short, the Heavenly Yi Cave abode had long become a myth.

Unfortunately, the Heavenly Yi cave abode had disappeared along with the heavenly emperor.

For many years, the descendants had been searching for it.

Unexpectedly, many years later, the news that the Heavenly Yi cave abode was about to be born was suddenly revealed.

Xie Xiaoyue said, "Xia Yi'an is said to be one of the descendants who inherited the heavenly remains emperor's bloodline the most. With his powerful bloodline sense, he sensed that the heavenly remains cave abode was being controlled by a mysterious force and was about to come into being. That's why Xia Yi'an appeared."

Everyone was already excited.

"However, it's still unknown when and where the heavenly remains cave abode will appear. Even Xia Yi'an isn't very clear. He only said that it will appear in the next few years."

Hearing this, everyone finally understood why Xie Xiaoyue suggested that they return the two people as soon as possible.

The main purpose was to extort a large amount of resources before the heavenly remains cave mansion appeared, so as to quickly replenish the strength that they had lost during the last encirclement.

Leader Blue Phoenix said, "Alright. Leader Xiaoyue will arrange for the return of the hostages."

Since the hostages were returned, they didn't get much of the resources extorted.

They might as well let Xie Xiaoyue worry about it herself.

"I have already made arrangements!" Xie Xiaoyue said.

Her true intention was not to ask the other nine pirates how to deal with the two hostages.

Instead, she wanted to take the opportunity to tell them the news about the heavenly relic cave abode.

On the way back to the pirates, Su Yu thought for a while and said, "I was wrong to let leader Xiao Yue go."

He had let go of all the captives that Xie Xiaoyue had captured back then.

There was a gentle and indifferent young girl among them, which was very strange.

Not only the sword god in white felt that she was familiar, but even the flower girl in the early morning felt that she was familiar too. They all said that they had seen her somewhere before, but they couldn't remember where.

Even the Royal Emperor of the Broken Army had cast a confused look at her.

Now that he thought about it, the ordinary young girl who could make all the different people have a slight impression of her was probably the handmaiden of Xia Yi'an.

"It doesn't matter. I have received the news. I will let him go sooner or later," Xie Xiaoyue said indifferently as she walked in front, not blaming Su Yu for this.

She looked at the Ravenous Wolf King and Xue Mengfeiyu and said, "Ravenous Wolf King, I will exchange her back in one month, and Xue Mengfeiyu will need one year. In this one year, let her be your personal maid."

The Ravenous Wolf King looked at Snow Dream flying rain with a satisfied expression.

As expected, a beautiful woman like snow dream flying rain would not have a good ending in the hands of pirates.

It was inevitable to be spoiled.

Su Yu frowned slightly and said, "Leader, I want to take this opportunity to cultivate more. I'm afraid I won't have time to take care of this hostage."

Xie Xiaoyue turned her head and said with a faint smile, "No regrets?"

Ever since the news of the snow dream flying rain falling into her hands spread, no less than six pirate leaders had greeted her, hoping to transfer the snow dream flying rain to them.

Such a stunning beauty that shook the seven ultimate civilization, even a dao master with extraordinary willpower could not resist.

Su Yu's refusal really surprised Xie Xiaoyue.

"No Regrets!" Su Yu said indifferently.

He had seen too many beautiful women and wanted to discuss beauty in person.

Moreover, he had seen how heartless Xue Meng Feiyu was.

It was hard for Su Yu to be interested in such a woman.

"Then I have to hand her over to you." Xie Xiaoyue smiled and pointed her finger. A ball of light entered Xue Meng Feiyu's forehead.

Snow dream flying rain felt a wave of pain. She covered her forehead and revealed a bewildered expression.

"This is my evil Moon Domain. Once it is activated, those who submit to me will prosper and those who defy me will die! Even a single thought of betraying me will make you suffer!" Xie Xiaoyue said indifferently.

After that, she flicked her finger and a ball of light entered the space between Su Yu's brows.

"From now on, the one you have to obey is him. You can try disobeying him," Xie Xiaoyue said.

Su Yu was extremely helpless. He didn't want it, but he had to force it on himself!

Xue Meng Feiyu bit her lips tightly, as if her heart was bleeding.

If Su Yu forced her and wanted to violate her, wouldn't that mean that not only could she not resist, but she also had to cooperate obediently?

Chapter 2217 The Four Great Scholars

Thinking of this, Xue Meng Feiyu's heart was filled with shame, and she felt extremely unwilling.

However, just as she was unwilling, a sharp pain suddenly came from the depths of her mind.

Xue Meng Feiyu hugged her head and screamed. She was in so much pain that her entire body was trembling. Her beautiful face was filled with pain.

After a long while, the pain finally eased, and her beautiful face was deathly pale.

Looking at her like this, the greedy wolf king couldn't help but laugh, "B * Tch, you're done for! hahahaha..."

Xue Meng Feiyu lowered her head and didn't dare to think too much. She was afraid that she would be tormented by the pain again.

"This is the first gift for you to join the small Moon Pirates." Xie Xiaoyue smiled faintly, "Next, I have another gift for you."

Su Yu felt bitter in his heart. It was really hard to enjoy Xie Xiaoyue's gift.

"Don't reject it. It's about your injuries."

Hearing this, Su Yu's spirit was slightly shaken. Could it be..

"I'll give you a piece of heaven cleansing dust!" Xie Xiaoyue said what Su Yu's heart palpitated with excitement.

What did the current Su Yu lack the most?

Without a doubt, it was the heaven cleansing dust!

He did not obtain it from the number one aristocratic family. Unexpectedly, he took a detour and obtained it from Xie Xiaoyue.

"However, this heaven cleansing dust is currently suppressing some kind of evil seal. The seal is gradually being removed. After it is removed, the heaven cleansing dust will lose its use and will be handed over to you."

Su Yu said excitedly, "Thank you, leader!"

"It's what I should do." Xie Xiaoyue said, "Come, today I will officially grant you the position of Deputy Leader!"

Although Xie Xiaoyue had already appointed him as the new vice-leader, it was just a formality.

There wasn't a formal process yet.

They returned to the main ship of the Xiaoyue Pirates.

In a guest hall, gathered the core figures of the Xiaoyue Pirates.

Two vice-leaders, several branch leaders, and a few elders whose identities were unknown.

"Everyone, this is your trusted vice-leader. I think we don't need to talk about his deeds anymore." Xie Xiaoyue sat on the throne, smiled, and introduced Su Yu to everyone.

The hall was immediately filled with applause.

Su Yu noticed that a few of them did not move at all.

One of them was a middle-aged man who looked to be in his forties. He was one of the vice-leaders, Wu Su.

This was the person Su Yu wanted to replace.

And Wu Su would be removed from his position as the vice-leader. There were other arrangements.

It would be strange if he was happy at this moment!

As for the other elders, Su Yu was slightly surprised.

He had heard that Xie Xiaoyue had a special group of people under her during his days at the small moon pirates.

They were not strong, but they were very old.

Xie Xiaoyue had been relying on them for a long time to do something mysterious.

Xie Xiaoyue treated them politely and respectfully.

Their status was no less than that of the vice-leader.

“Now, I officially appoint Su Yu as the new vice-leader. He will be in charge of the internal missions of the small Moon Pirates.”

The overall mission of the small moon pirates was divided into external and internal missions.

External missions were usually robbery, while internal missions were managing the daily affairs of the entire Pirate Alliance.

In terms of importance, of course, the former was more important.

However, although Xie Xiaoyue trusted Su Yu’s intelligence, she had to let him adapt to the small moon pirates so that he could take on more important missions.

Therefore, she decided to let Su Yu start with internal affairs.

However, just as she finished her sentence.

Among the few old men with tense expressions, one of them had sparse hair and only one blue eye. He was a fair-skinned old man, he said indifferently, “Leader, I don’t object to you recruiting outstanding talents, but isn’t it too hasty to choose a young man who has no qualifications and is completely unfamiliar with the Pirates of the small moon to take charge of the internal mission?”

Xie Xiaoyue could ignore the objections of others.

However, they had to take their objections seriously.

Xie Xiaoyue said, “Elders, you may not know this, but from my understanding of Su Ruchu, he is extremely intelligent. As long as we give him some time, he will be able to take charge of the internal affairs easily.”

The one-eyed elder looked into the distance and said, "Leader! "We watched you build the Xiaoyue pirates step by step with our own eyes. After many years of training, you have come to where you are today. I hope that you will not forget your original intention and act carefully. Otherwise, all the years of hard work will be wasted."

They turned a deaf ear to Xie Xiaoyue's words.

"Yes! After so many years, we, the Wen elders, have worked hard to build such a great foundation for leader. Please think twice, leader!"

"Please think twice, leader!"

The four so-called Wen elders all resigned, asking Xie Xiaoyue to give up on Su Yu and ask the deputy leader.

Xie Xiaoyue's face was a bit ugly. She had promised that she would never let Su Yu suffer the grievances of the Wolf Pirates.

But now..

Clenching her teeth slightly, Xie Xiaoyue pushed aside the crowd and said, "Four elders, there is no need to say anymore. I have made up my mind! Wu Su, I will appoint you as the chief of the three fleets and take charge of the three fleets!"

Wu Su pursed his lips and stood up with a heavy heart. He stepped forward and handed over the deputy chief's seal and said, "We will follow the chief's arrangement!"

Xie Xiaoyue nodded and handed the seal to Su Yu. She said, "Congratulations, deputy chief Su!"

"Thank you for your training, leader. I will do my best to serve you..."

"Sigh!"

The one-eyed elder Wen suddenly sighed heavily. He bit his old head and said sorrowfully, "The rise and fall of the Little Moon Pirates! I have seen the progress of the Little Moon Pirates with my own eyes, but I have seen their decline with my own eyes. How Sad!"

The other elder Wen stood up and shook his sleeves. He looked around and said with disappointment, "Today is the day! The Little Moon Pirates are destined to fall!"

The other two elders also sighed.

It was as if they had accepted Su Yu's fate and the Little Moon Pirates were about to face a disaster.

Xie Xiaoyue frowned deeply. These four old geezers only felt that she didn't care about their face, so they moaned.

In the entire pirate alliance, only the four of them dared to treat her like this!

However, Xie Xiaoyue was very helpless because she really couldn't leave these four people.

Without them, some things could not be completed.

"In addition, I have another announcement." Xie Xiaoyue said, "I have already promised that I will hand over Tian Jingchen to deputy chief su to treat his body."

“No!”

However, just as Xie Xiaoyue said that, the one-eyed elder Wen raised his voice to object.

“The use of Tian Jingchen is wonderful beyond words. Perhaps in the future, we will encounter a seal that is contaminated with evil qi. How can we waste it?” He said with conviction.

Xie Xiaoyue looked displeased, she said indifferently, “Elder Wen, please don’t Pester Us. The evil Qi in that seal was accidentally triggered by us. It’s almost impossible for us to encounter such a powerful evil Qi seal in the future.”

“Moreover, if Tian Jingchen is given to deputy chief SU, he will be able to recover his strength. How can we say that it’s a waste?”

The one-eyed elder Wen’s face was grim as he said, “In this aspect, we have more say than chief, right?”

“That’s right! Please don’t interfere with us, chief. Otherwise, one day, if we really encounter a seal that is tainted with evil energy, don’t blame us for being helpless.”

From their tone, it seemed that without them, the small moon pirates would immediately collapse.

Xie Xiaoyue narrowed her eyes. As they had been relying on them for a long time, the four elders had grown accustomed to being arrogant.

It was not the first time that they had contradicted her in public.

It was as if they did not put her in their eyes.

To be honest, if she could not find someone to replace them, she would have driven them away long ago.

“My words will not change!” Xie Xiaoyue said firmly, “The four of you, unseal that seal as soon as possible. After you use it, Tian Jingchen will belong to deputy chief Su! No objections!”

The one-eyed elder Wen had been humiliated twice by Xie Xiaoyue in public.

He flicked his sleeves and stood up, snorting softly, “I’m sorry, I haven’t been feeling well recently. I’m afraid I don’t have time to study the seal! Please forgive me, Chief!”

After saying that, without waiting for Xie Xiaoyue to speak, he left with his hands behind his back with a gloomy expression!

The other three Wen elders stood up one after another.

“The four of us have our own tasks. We can’t afford to lose one of us. Therefore, we might not be able to go and unseal the seal during this period of time!”

The three Wen elders left one after another.

Xie Xiaoyue's eyes were filled with coldness. These four old geezers were simply going too far!

She held the anger that she had suppressed for a long time in her heart and calmly said, "Today's matter ends here. Everyone, please leave."

The others left one after another. Only Su Yu stayed behind and said apologetically to Xie Xiaoyue, "Leader, I've made things difficult for you."

He also did not expect that those four old geezers would actually develop such a temper.

Xie Xiaoyue sighed. A hint of exhaustion flashed across her delicate and elegant beautiful face as she said, "It's none of your business. They contradicted me. It's not just a day or two."

Even if they did not have the matter of clearing the sky and dust today, they would still cause trouble sooner or later due to other matters that did not satisfy them.

Su Yu thought for a moment and said, "Leader, does the evil energy in the seal really trouble you? Although my strength is average, I have some methods to restrain the evil energy. Perhaps it can help you solve your problem."

He had the unbounded karma flame and an evil dragon, so it should not be a problem for him to remove the evil energy.

Xie Xiaoyue smiled in relief. "You are thoughtful, but the problem is not the evil energy, but how to break the seal."

After thinking for a moment, Xie Xiaoyue said, "Forget it. You are already the deputy leader. There are some things that you have the right to know."

"The reason why the Xiaoyue Pirates developed so quickly is that many years ago, we once robbed a strange mountain. There were many seals condensed from special characters on that mountain! "In order to break the seals, we must first translate the characters

"I searched for many years before I found four experts like the old Wen who were proficient in many characters. By relying on them to break the seals, we obtained many treasures from the mountain. For example, the Teacup that you took was one of them."

At the mention of the Teacup, Su Yu felt awkward.

He felt as if he had stolen something and was caught by the owner on the spot.

However, Su Yu was most concerned about another matter. He asked in surprise, "Words?"

"Yes, they are very strange words. I have read the books of many races, but there are no corresponding words. The four old scholars also relied on various attempts to decipher word by word." Xie Xiaoyue looked at Su Yu's somewhat strange expression, she said, "Do you have any ideas?"

Su Yu stroked his chin and thought, "I don't have any ideas, but unfortunately, I also have some attainments in language."

“Really?” Xie Xiaoyue was a little surprised.

The higher-class the race was, the greater the confidentiality of words.

Therefore, the fluidity of words was very low.

Usually, only those who had traveled far away and had a lot of experience would have a little understanding of the words of other races.

The four elders had been teleported to an eight-star civilization due to an unexpected spatial fluctuation. They had spent their entire lives there before coming back.

After the eight-star civilization came into contact with many alien races, they had more or less learned some alien languages.

Su Yu was so young. It was not easy just to spend time cultivating to such an extent. How could he still have the heart to travel around the world?

Xie Xiaoyue did not quite believe it in her heart.

“Naturally,” Su Yu said.

Xie Xiaoyue thought for a moment and said, “Alright, then I’ll test you on the spot.”

She waved her slender fingers in the air and drew out ten extremely rare characters. If it was an ordinary person, it would be very difficult to guess one or two of them.

But to Su Yu, these ten characters were quite simple.

“You translate these ten characters into the corresponding universal characters,” Xie Xiaoyue said delicately.

Su Yu blurted out, “Lin, Xiao, Zhu, Tian, sin, soul, punishment, luan, Tian, Qiang.”

Xie Xiaoyue opened her mouth in shock, her eyes filled with shock. “You actually guessed five correctly? Unbelievable! You really have some attainments in characters!”

Five? Su Yu was actually stunned.

“The correct ones should be Lin, Xiao, Zhu, fill, sin, marriage, punishment, chaos, farmland, and wall!”

Su Yu shook his head secretly. That was not right.

The attainments of the four old men were very limited. They had translated five of the words incorrectly.

However, he did not want to have any interaction with the four old men who took advantage of their seniority.

Therefore, even though he knew that they were wrong, he was too lazy to correct them.

Otherwise, if they found out about it, he would have to argue with Su Yu unreasonably. No, he would have to scold them angrily.

With their personalities, they would never allow anyone to question them.

Xie Xiaoyue's bright eyes were shining, and she couldn't hide her surprise. "Haha, I've really found a treasure!"

Not only was she powerful and intelligent, but she also dabbled in a wide range of subjects. She even had some attainments in foreign languages.

Even though he had only answered five of them correctly, which was far from being comparable to the four elders, it was already an extremely difficult task for him given his age.

"Leader, I would like to take a look at the seal that you mentioned. Perhaps, I can be of some help to you."

Xie Xiaoyue nodded in agreement and took out a mountain-shaped key. "Take it. However, don't act rashly. That seal is extremely powerful. If you aren't careful, you will be easily injured."

"Yes!"

Soon, Su Yu arrived in front of that Strange Mountain.

The mountain was a thousand feet tall, and there were mottled remnants all over its body. They were all traces left from the battle.

An ancient and unsophisticated feeling assaulted his face.

This mountain venerable had lived for an extremely long time.

Su Yu activated Xiao Die's talent and indeed, he could vaguely see several dark green and even light blue air masses hidden in the mountain.

This meant that there were many powerful and extraordinary treasures in the mountain, there was even a dark blue color that was hidden in the deepest part of the mountain.

The dark blue color should be the highest level treasure that he had seen so far.

"There are so many treasures in the mountain!" Su Yu was secretly surprised.

The mysterious sand he had obtained earlier was only one of them.

At the foot of the mountain, a door was set up. After opening it with a key.

He discovered that dozens of steps had been carved out of the mountain, leading to various parts of the mountain.

One of the paths had a barrier set up by someone, meaning that it was forbidden to pass through.

It should be the place that currently had the evil energy seal.

He walked along this path until he reached the end, and as expected, he came to a stone wall.

The stone wall was rapidly flashing with colorful seals, and balls of terrifying evil energy flew back and forth within the seal.

This was because there was a pure and holy sky purifying dust at the top of the seal.

Otherwise, the evil energy would be even more rampant.

“No wonder you want to use the sky purifying dust to suppress it!” Su Yu could easily find that there was a lot of evil energy hidden in the seal through the eye of insight.

The amount of evil energy stored was about ten times that of the outside world.

One could imagine how powerful the evil energy was? Even an ordinary dao master would find it difficult to approach it.

After thinking for a while, Su Yu sent a voice transmission to the evil dragon in the cave abode world, “Do you need evil energy for cultivation?”

The Sleeping Evil Dragon suddenly woke up and asked in surprise, “Of course. Why Do you ask?”

Su Yu did not say anything. He released it from the cave abode world and said, “After I break the seal, you can swallow as much evil energy as you can!”

The evil dragon was stunned. He looked at the evil qi flowing inside the seal.

As an evil dragon, his sense of evil qi was far superior to ordinary people. He even saw the huge amount of evil qi that had yet to appear inside the seal. He cried out in surprise, “So much evil qi?”

His face was filled with extreme joy. “The purest evil Qi for crossing calamity!”

It seemed that the evil qi was indeed very useful to him.

“Thank you, my Lord! Thank you, my Lord!” The evil dragon was extremely grateful.

Su Yu nodded and quietly observed the seal on it. He saw words of different sizes appearing on the seal.

Each word belonged to a different race.

“Most of the words are from eighth-rate races, and one of them is from a ninth-rate race. Is there a need to be so difficult to undo it?” Su Yu muttered softly.

Xie Xiaoyue said that it took the four great scholars more than a hundred years just to decipher half of the sealed words.

Su Yu originally thought that it would be a little difficult, but looking at it now, it was still too easy!

Walking forward, Su Yu copied all the words and translated them into common words one by one.

It would take one or two days to completely translate nearly 10,000 words.

While he was translating, in the literature hall.

As the place where the four great scholars lived and worked.

The four of them were drinking and discussing.

It could be seen that their expressions were not good.

Especially the one-eyed elder Wen. His expression was so gloomy that it looked like water was about to drip out.

If it was possible, he wished that he could strangle Su Yu to death.

“Leader is becoming more and more disrespectful to us!” An elder Wen said indignantly, “Didn’t she think that all these years, without US helping him break the seal on that mountain, how could she obtain countless treasures and how could she develop the small moon pirates to this day?”

“Now, for a young kid with an unknown background, she actually threw the harsh advice of the four elders to the back of her mind!”

“Outrageous! Outrageous!”

The four elders spoke one after another. It seemed that without them, the little moon pirates wouldn’t be where they were today.

“Now, the four of us will all rest. I want to see who will continue digging that mountain without us and how long the Little Moon Pirates can develop!”

Only one-eyed elder Wen’s face was as gloomy as water, he said, “It’s only a matter of time before the leader succumbs. But that Su... hmph, just wait and see. When he realizes how important we are to the Little Moon Pirates, he will definitely come and apologize to US within three days!”

One-eyed elder Wen said coldly, “However, it’s useless even if he kneels and apologizes! Unless you get the hell out of the Little Moon Pirates right now!”

They had previously said that it was for the development of the small moon pirates, but now, they refused to continue digging because of their own selfish interests. They didn’t care about the overall interests of the small moon pirates.

The words before and after formed a sharp contrast.

In the end, they were just angry that Xie Xiaoyue didn’t listen to them, so they threw a look at her.

“Oh right, I heard that that Lord will come in a few days. At that time, I’m afraid that leader will yield even more,” said an elder Wen.

The one-eyed elder Wen’s eyes flashed, and he said in surprise, “Are you talking about that Lord?”

The latter chuckled. “Of course!”

The one-eyed elder Wen was overjoyed. “Hehe, the heavens are helping me. When the time comes, the four of us will explain to that Lord what leader has done all these years. Let’s see what leader has to say!”

In the mountain.

After spending two days, Su Yu successfully translated all the words into common characters.

However, it was not enough to just translate them.

He still needed to rearrange nearly 10,000 words into a spell and rely on the spell to break the seal.

This was another costly project.

Su Yu used acceleration. Under the condition of 500 times time, he combined and arranged the 10,000 words according to the order on the seal.

Finally, after a day, it was finally arranged into a complete spell.

When the incantation was activated, the seal trembled violently, and then it began to dissipate on its own from the middle.

At the same time, a shocking amount of evil energy was released from within.

The evil dragon saw the opportunity and rushed forward. All the dragon scales on its body opened up like mouths, continuously absorbing the evil energy within.

Within a short hour, including the evil energy hidden within, it was completely absorbed by the evil dragon.

The dragon's body had undergone a huge change.

Its already pitch-black scales had become even darker, and its vicious head had become even more ferocious.

The surface of its body seemed to be burning with a layer of black flames that kept rolling, making people feel fearful.

"This is great, I can finally refine the evil king pearl that I've always dreamed of!" The evil dragon laughed loudly, feeling extremely pleased.

Evil King Pearl? It should be something that was only useful to the evil dragon.

However, this was the evil dragon's secret, and Su Yu wasn't willing to delve into it. He sent it back to the cave abode world.

He looked at the exposed stone wall in front of him, and a fierce battle intent seeped out from within this stone wall.

Under the eye of insight, there were two corpses that maintained the posture of fighting when they were alive.

One of the skeletons was full of evil energy

The other skeleton was holding a pretty good immortal embryo. Its level was almost the same as the sand that Su Yu had obtained before.

"What Mountain is this?" Su Yu was secretly surprised.

He looked around and found that similar scenes were not rare in the mountain.

They seemed to be in a war. Then, for some reason, they all died suddenly. The corpses did not even have time to fall down. They were all sealed in the mountain and turned into fossils.

Su Yu was surprised, but he did not want to explore this mountain.

Since this mountain was Xie Xiaoyue's secret to this day, she definitely did not want outsiders to study it too deeply.

She trusted herself, but it was better to stay as far away from taboos that she should not break.

However, once the seal was lifted, he could take away the heaven cleansing dust as promised.

Chapter 2219 Heartless Iron Catcher

With a grab, he took away the sky cleansing dust embedded in the stone wall.

As soon as he touched it, he felt a sense of holiness wash over him. The injuries in his body had obviously improved a lot.

“The sky cleansing dust is indeed magical.” Su Yu was secretly delighted. As long as he took the sky cleansing dust and recuperated for a while, he would be able to completely recover from his injuries.

Holding the sky-purifying dust in his hand, Su Yu immediately returned to his deputy chief’s mansion.

There was an extremely exquisite cultivation room in the mansion. Cultivating inside there, he did not have to worry about anyone or his aura being exposed.

When he was in the cultivation room, Su Yu immediately held the sky-purifying dust in his mouth.

Immediately, a slightly boiling warm current flowed out from the sky-purifying dust and flowed towards Su Yu’s limbs and bones.

When he looked inside, he could see waves of dazzling snow-white air currents that were constantly circulating within his body, filling up his entire body.

Instantly, Su Yu’s exhausted body felt unusually warm and comfortable.

It was as if a person who had been sick for a long time had finally gotten healthy.

Su Yu could not help but let out a soft moan of comfort.

As time passed, the feeling of weakness in his body gradually dissipated. His exhausted body recovered bit by bit.

One day later, Su Yu stood up.

He only felt that his entire body was filled with powerful strength.

From now on, when he fought with others, he no longer had to worry that there wasn’t much of the Dao master’s strength left to support him!

“It’s finally worth it after all the hard work.” How many risks had Su Yu taken in order to obtain this grain of heaven cleansing dust?

In the end, he still succeeded in obtaining it!

“Now, I’m only short of obtaining the vile daughter from the number one aristocratic family’s ancient well,” Su Yu muttered.

However, he still didn’t know why the golden-eyed Prince wanted Su Yu to help them by undercover pirates.

With the golden-eyed Prince’s shrewdness, his ambition was probably quite great.

Clang --

At this moment, the door to his residence was kicked open.

The panicked and terrified voices of the servants followed closely from within the residence.

Su Yu frowned. Who would dare barge into the Deputy Leader's residence?

He left the secret chamber and saw four old men standing in the middle of the courtyard with their nostrils facing up. They looked like they did not care about anyone.

Su Yu felt disgusted. He did not have a good impression of these four people.

They were average in their abilities, but they took advantage of their seniority and liked to point fingers at others.

It was really difficult for people to have a good impression of them.

And now, they had trespassed into his mansion!

Did they think that they were easy to bully?

It turned out that after three days, Su Yu did not kowtow and apologize as they had expected.

This made the one-eyed elder Wen, who had said this, feel very embarrassed, so he took the initiative to visit.

"The four of you have come to visit. Do you have any instructions?" Su Yu placed his hands behind his back and said indifferently.

The four elders looked over. The one-eyed elder Wen's expression was cold, and he looked like he was lecturing, "You don't know manners? Don't you know how to address people?"

They kicked the door of Su Yu's mansion away without saying a word. They looked like they were here to pick a fight, but they still expected Su Yu to be polite?

To be honest, they took themselves too seriously.

"Oh, you four old geezers, is there something you want to talk to me about?" Su Yu added a form of address.

Being called Old Geezers, the four elders immediately blew their beards and glared.

As Pirates of the small moon, which pirate was not respectful to the four of them?

Only Su Yu dared to address them in such a manner.

It was obvious that he didn't take the four of them to heart.

To think that before they came, they thought that Su Yu would feel guilty, or at least be quite polite.

But who knew..

The one-eyed elder Wen was furious. He slammed the crutch in his hand on the ground and scolded angrily, "Bastard! The four of US came here with good intentions to teach you a lesson. How dare you insult US Like This!"

Su Yu shook his head. He did not want to argue with them unnecessarily.

Teach Him?

Teach him what?

Was it martial arts, or was it their literary attainments that they were proud of? or were they here to teach him the principles of being a person?

Actually, they were here to teach him a lesson, not to teach him a lesson, right?

Unfortunately, Su Yu did not show his weak side as they had hoped.

“Teach me. The four of you will probably need to focus on studying for a long time,” Su Yu said frankly.

The only thing they were worth teaching others was their literary attainments, right?

However, their literary attainments were not even as good as the tip of Su Yu’s iceberg. How could they be qualified to teach Su Yu?

“Ridiculous! Kid, don’t think that you can be arrogant just because you accidentally caught the greedy wolf king.” one-eyed Wen said in an old tone, “You weren’t even born when we dominated the world!”

He shook his sleeves and took out a written contract. He threw it to Su Yu and said, “If you want to get along well with the four of us, then you have to abide by the following agreement. Otherwise, HMPH!”

Su Yu swept his gaze and fixed the contract that flew over.

However, he saw that there were three requirements on it.

First, he had to report the internal affairs to the four Wen Elders!

Second, he had to prioritize the matters that the four Wen elders had given him.

Third, he had to obey any of their orders!

When Su Yu saw this, he felt like laughing.

Even Xie Xiaoyue, the leader, wouldn’t dare to make such a contract with his deputy leader, right?

Rather than saying that this was a contract, it was more like a slave contract!

A contract to make Su Yu their slave.

“Are you done? Sign It after you’re Done!” The four old men stared at him.

They believed that Su Yu would make a choice.

If he insisted on fighting against the four old men, Su Yu would have a hard time in the small moon pirates.

Especially when it came to internal affairs, many people were already members of the four old men.

Without their permission, as the deputy leader, Su Yu might not be able to command them.

Su Yu did not say a word. He crushed the entire contract and threw it back.

Large pieces of confetti blew all over their white hair.

The four Wen elders were stunned and immediately became furious.

The one-eyed Wen elder fiercely tapped his walking stick and said angrily, "You will regret it! Go!"

In their eyes, Su Yu was just a hot-blooded young lad who did not know his limits.

Very soon, he would realize that as a small moon pirate, he could not do anything without the four of them!

"Leave? I told you to leave?" However, just as they turned around, Su Yu's cold voice came from behind.

One-eyed elder Wen turned his head and his eyes were filled with anger. "What, deputy leader Su, do you still want to keep us?"

He was extremely angry.

"I don't need to keep you. My residence can not accommodate the four of you old and disrespectful things!" Su Yu said indifferently. "I just want you to come and go as you please!"

Before the one-eyed elder Wen could react, Su Yu suddenly flashed over.

The four elders only had the cultivation of five crowns, and they did not even have time to dodge.

The one-eyed elder Wen was the first to be slapped to the ground by Su Yu, and the other three elders were successively slapped to the ground.

"You... you dare to attack us?" The one-eyed elder Wen's face was burning as he said in disbelief.

As Little Moon Pirates, the four of them were supreme existences, and even their leader didn't dare to hit them.

A mere deputy leader actually dared to hit them?

"Fight? No, I just want you all to get out!" Su Yu said indifferently, "Didn't you all kick the door in? I'll kick you all out!"

Then, he kicked them out four times in a row.

As they screamed, the four of them drew a long line in the air and fell outside the mansion one after another. They cried out in pain.

"From now on, you're not allowed to step into my mansion. Otherwise, the next time, it won't be as simple as asking you guys to get out!" Su Yu said indifferently.

He could be said to be extremely disgusted with these four old things!

The many servants in the manor looked at Su Yu as if they were looking at a monster.

It was really hard to imagine that among the little moon pirates, there was actually someone who dared to publicly beat up the four Wen elders.

Could it be that he was really not afraid of death?

When the four Wen elders flew into a rage, no one in the entire little moon pirates dared to interfere. Even Xie Xiaoyue had no choice but to turn a blind eye with a headache.

Experience told them that Su Yu was in big trouble.

The four elders were so angry that their lungs were about to explode!

“Outrageous! Outrageous!”The one-eyed elder was so angry that his eyes were about to burst. He pointed the crutch on the ground crazily. “Let’s Go! Let’s ask the leader what she has chosen!”

However, Xie Xiaoyue, who got the news first, went into seclusion in advance.

She used this to avoid the four Wen elders.

She had a headache: “Sigh, Su Ruchu has stirred up a hornet’s nest. These four old guys are going to stir up trouble for a few more days! I’m afraid Su Ruchu will be in a bit of trouble.”

Actually, Su Yu’s trouble wasn’t small.

The second absolute family.

After returning from defeat, Emperor Po Jun returned to the second absolute family’s manor.

However, he was surprised to find that outside the manor, there was an unremarkable horse.

At first glance, it was a rather ordinary horse.

However, as a dao master and the head of the second-best aristocratic family, Emperor Po Jun’s eyesight was extraordinary.

He immediately recognized that this horse was extraordinary.

There were three tufts of silver-white hair on its back.

Each of its four hooves was covered with a golden horseshoe.

The eyes of this horse were filled with anthropomorphic wisdom and calmness.

“Silver moon treading hair, leaving nothing but gold!”Emperor Po muttered the famous rumor of the seven ultimate civilization and his heart skipped a beat, “This... This is a gold and silver horse!”

It was said that a gold and silver horse was the offspring of an unexpected combination of a myriad clan beast and a top-grade mystical horse.

Many aristocratic families had imagined that the myriad clan beast would combine with other species to give birth to a new species that had the ability to travel through space.

However, all of them failed without exception.

For some unknown reason, the new species that were born were either born dead or died within a few days.

The longest record was that they lived for more than half a month before dying for no reason.

Only the gold and silver horse was a wild horse that was born out of an accident.

When he was discovered, he was traveling through space.

Several powerful dao masters used many methods to capture him.

It was rumored that this horse had the same ability as the myriad sect beast. It could travel through space without any restrictions.

However, what truly moved Emperor Pojun was not the horse, but its owner!

This horse was fierce and no one could ride it.

Even Xia Donglai of the seventh absolute family refused to let it ride.

It would rather go on a hunger strike than allow anyone to ride it.

Countless mighty figures had tried before and failed.

Only one person had succeeded.

He was... The Heaven's will iron constable!

The Heaven's will iron constable was not a person from the seven ultimate civilization.

No one could tell where she came from. It was as if she had suddenly appeared decades ago.

Chapter 2220 The World's Famous Constables

As soon as she appeared, she single-handedly captured and brought to justice a Daoist master criminal who had fled here with a bloody hand.

At that time, she was only at the half-step Daoist master level. She had not even turned her body into a Daoist, yet she had beaten that Daoist master half to death and captured him.

That battle had taken place in the sky above the seven ultimate civilization. Therefore, the Dao Masters of the seven ultimate civilization had witnessed it with their own eyes.

Her name had completely shaken the entire seven ultimate civilization.

Heartless Iron Constable, a constable who claimed to wipe out the world of injustice and vowed to establish a world of light.

No one knew which faction she came from. The only thing they knew was that she had indeed been capturing sinners everywhere for the past hundred years.

In the past thirty years, she had personally captured three sinners at the level of a Dao master!

What was even more shocking was that she had been stopped by the lord of another seven-star civilization when they were capturing a dao master who had committed heinous crimes.

In the end, she had injured the lord of that civilization and forcefully captured him.

No matter how weak the Lord of a seven-star civilization was, he was still at the level of any seven-star aristocratic family head. He was even more powerful.

However, the heartless iron constable could be said to be invincible. He directly injured the other party and forcefully took him away.

His strength could not be described as not terrifying!

As for that unruly and unruly golden and silver horse, it was strange. No one was willing to accept it. When facing the heartless iron constable, he took the initiative to kneel in front of him and acknowledge him as his master.

How many people's eyes had been shattered by this scene?

In the end, Xia Donglai still gave the Golden and silver horse to the heartless iron constable on one condition.

For many years, the heartless Iron Constable's whereabouts had been uncertain, and he had hunted down important criminals everywhere.

Now, her mount had actually appeared in front of his residence. How could emperor Pojun not be surprised?

He walked as quickly as he could. In the guest hall, a few clan elders were courteously receiving a woman dressed in plain white clothes with a veil on her face.

Her jet black hair was tied up into a ponytail and was tied up simply.

Her eyes were sharp and deep, as if she could see through everything in the world.

Her brows were slightly raised, giving off a heroic aura.

At this moment, she was sitting quietly.

She did not say anything. The tea beside her had been cold for a long time, but she had not drunk a single drop.

"Heartless Constable." Emperor Breaker smiled and took the initiative to greet her.

He had heard a lot about such a legendary woman.

Now that he could see her in person, he was quite glad.

"You are Emperor Breaker?" The woman's voice was cold and clear, with a deep decisiveness.

"That's right!"

Heartless constable nodded and said, "I'm here for Snow Dream Flying Rain."

Emperor Po didn't quite understand the reason behind this.

Snow Dream Flying Rain was a member of the sixth ultimate family. This matter was considered very big in the seventh ultimate civilization, but to the heartless iron constable, who was capturing all the criminals in the world, it was actually a trivial matter.

Why would she be alarmed?

"It was Xia Donglai who invited me to investigate this case," the heartless iron constable said indifferently.

Xia Donglai?

Emperor Po understood, but he didn't understand.

Because of the gold and silver horse, heartless iron constable had some connections with the seventh aristocratic family, so he was able to invite heartless iron constable to help. Emperor Po understood this point.

However, why would Xia Donglai worry about the sixth aristocratic family's Xue Meng Feiyu?

How would he know that Xue Meng Feiyu was actually Xia Donglai's son, Xia Ruchen's woman.

Of course, Xia Donglai would have to worry about Xue Meng Feiyu's matters.

However, it would be best if the heartless Iron Constable was willing to personally take action.

Up until now, there was no one she couldn't save!

If she could save Xue Meng Feiyu, she could also save the greedy wolf king.

"The second aristocratic family is willing to cooperate fully with the heartless iron constable. Everyone here can listen to the heartless Iron Constable's orders."

"No need." Constable Heartless's eyes were cold. "Bring me to two places. First, the stargazing platform! Second, the private room where the incident happened."

"Okay!"

Not long after, the stargazing platform.

It had been several months since Su Yu had deceived everyone here.

Later, more and more people came up, but there were no traces of the incident from before.

Emperor Po did not quite understand why constable heartless had come here.

The heartless iron constable did not say a word as she looked around.

All of a sudden, she stopped in front of a rock and gently flipped it open, revealing a fragment the size of a fingernail.

That was the piece of flesh and blood left behind when the human demon was destroyed by Su Yu.

After several months of drying up, it had already become dried meat.

Emperor Po was secretly surprised. What a strong eyesight, he could even see it?

The heartless iron constable held the dried meat in his hand, his eyes deep. "You are saying that he invited someone and pretended to have his body destroyed by him to Win Your Trust?"

"That's right!" Emperor Pojun said with certainty, "Many people saw it that day! Why, is there something else?"

Shaking his head, the heartless iron constable said, "There isn't anything else. It's just that this person's strength is very terrifying. Just by relying on his body, he could beat a dao master to the point that not even his bones were left."

Hearing this, Emperor Po Jun and the others were greatly shocked.

That demonic man back then did not display the power of a DAO Master!

“Is there a misunderstanding? In this world, is there really a dao master who is willing to be beaten to death by Su Ruchu? No matter how many benefits are offered, there isn’t a single dao master who is willing, right?”

Constable heartless said indifferently, “This is the second reason why he is so powerful. His soul power must be unbelievably powerful. He is able to control the body of a dao master. According to what I know, only the soul race of a ninth-rate race can split their soul into two independent entities.”

“If this person is not a soul clan member, he must be an expert who has completed his soul.”

“Besides, this person is very good at scheming.” Constable heartless said, “It is not a big deal for a person to deceive one person. It is enough to deceive everyone. It shows that he is confident and powerful. He is extremely scheming.”

If Su Yu was here, he would also be shocked.

Just a feeling of flesh was enough for constable heartless to see through Su Yu’s strength!

Emperor Po could not help but sigh in amazement when he heard this.

He thought that he had already seen through Su Yu, but after hearing what the heartless catcher said, he realized that Su Yu was still hiding a lot.

After putting away the jerky, the heartless catcher said calmly, “Next Place!”

In the private room.

Because of such a huge incident, the entire restaurant had been sealed by the second-best aristocratic family. No one had entered or left, so the scene was very well preserved.

Constable heartless looked at the remaining ice shards on the ground. They hadn’t melted yet.

After a moment, she said, “I roughly understand now. Thank you, Emperor Po, for your help.”

“Of course.” Emperor po said, “I have a presumptuous request. I hope that constable heartless can bring my son back when she rescues Xue Meng Feiyu.”

“Sure,” constable heartless said expressionlessly.

Emperor Po was grateful. He took out a storage ring, which contained a lot of resources.

Constable heartless did not even look at it and said, “I only do things for the Justice of Heaven and earth. I don’t ask for anything in return! This is my dao. Please don’t delay my cultivation, Emperor Po.”

Seeking justice for Heaven and earth. This was the self-cultivation of constable heartless.

Emperor Po sighed secretly. It was really hard to understand that there was such a righteous person in Heaven and Earth!

“It’s my fault.”Emperor Po immediately took it back and said, “Then I’ll have to trouble the heartless Iron Constable.”

“Okay.”The heartless iron constable turned around. Before he left, he said meaningfully, “If you save your son and Snowdream Feiyu at the same time, I hope you can control him and not let him do anything rash.”

She glanced at the remaining ice from the corner of her eyes.

She had already deduced the specific situation that day.

Combined with Xia Donglai asking her to save the unrelated snowdream feiyu, she was even more certain.

That day, SNOWDREAM Feiyu must have betrayed the ravenous Wolf King and subdued him first so that Su Ruchu could take advantage of it.

In the confusion of Emperor Pojun, constable heartless jumped onto the Golden and silver horse downstairs.

The Golden and silver horse neighed and a powerful beam of light shot out from its eyes. It opened a black hole in the space and jumped into it.

Emperor Po watched it leave and let out a deep breath. “Heartless iron constable, I didn’t miss! Don’t Worry!”

At that time.

Pirates of the small moon.

Recently, they had welcomed a very special guest.

Xie Xiaoyue, who was in closed-door cultivation, suddenly woke up. She calculated with her fingers and immediately left the closed-door cultivation room to head to the guest hall.

In the guest hall, four Wen elders were accompanying a white-clothed woman with smiles on their faces.

Her appearance was not bad, and her figure was graceful. Her entire body was emitting an indiscernible aura.

Xie Xiaoyue saw her and could not help but reveal a trace of fear on her face.

It could be seen that this woman’s strength was definitely not weaker than Xie Xiaoyue’s Dao master powerhouse, and she was not an Ordinary Dao master.

However, this dao master’s eyes occasionally flashed with a hint of dullness, appearing to be abnormal.

However, at times, her shrewdness and profound expression returned.

What made Xie Xiaoyue sink slightly was that the four old Wen were shamelessly complaining to this person.

“Grandma Meng, you must stand up for us!”The one-eyed old Wen, who had always had his nose in the air, now had a crying look on his face as he

complained to this white-clothed dao master, he said, "For an outsider, the leader actually ignored the contributions that the four of us have made to the small moon pirates for so many years. He made him despise us and even let him beat us!"

In fact, the white-clothed dao master was not old, probably less than a thousand years old.

The four elders were at least tens of thousands of years old.

But now, they called the white-clothed Dao Master Grandma.

"Yes, Grandma Meng, look at the injuries on our bodies!"

"How cold-hearted. Over the years, we have dedicated our lives to the little moon pirates, but in the end, we are treated like this!"

Hearing their words, the white-robed Daoist master frowned slightly. "There's actually such a thing?"

She turned her gaze to Xie Xiaoyue, who happened to be here, and said unhappily, "Xiaoyue, how can you let an outsider do this?"

Xie Xiaoyue smiled bitterly in her heart.

To be honest, she did not know how this white-robed DAO Master had come.

According to the four elders, when they were studying the seal on the mountain, a lost myriad sect beast suddenly appeared nearby without any warning.

Furthermore, a person had fallen from the myriad sect Beast's body.

That person was the white-robed dao master in front of them, who called himself Meng Ke'er.

His strength was extremely terrifying.
