Chapter 2221 Blood For Blood

When she first arrived, Xie Xiaoyue had a huge fight with her.

In the end, not only did she not do anything to her opponent, she was even suppressed by Meng Ke'er.

This was also because Meng Ke'er did not have a dao artifact on her.

If she were to use a dao artifact, Xie Xiaoyue would definitely lose.

When she first arrived, Meng Ke'er was not in her right mind. She did not even remember where she came from. She only knew her name, and then she had a father. She had completely forgotten the rest.

Ever since then, she had treated the small moon pirates as her home.

Every day, she would stay at the bow of the ship and rely on her powerful cultivation to regain her consciousness.

Her memory was restored bit by bit, and by now, more than half of it had been restored.

However, she still did not remember where she came from.

Therefore, she would go out for three years every time to search for clues, and it had been several decades since then.

Today was the day she was going to come back.

It seemed that her logic was clear and her words were accurate, so she should have recovered some of her sanity.

Hearing her reproach, Xie Xiaoyue smiled bitterly and said, "Sister Ke'er, let me explain. The four of them made things difficult for us first."

One-eyed elder Wen immediately interrupted her in order to prevent him from telling the truth, he said, "We made things difficult for them, but did we make a move? No, right? But what about that Su? Without saying anything, he severely injured the four of us, but you didn't punish us at all!"

"Grandma Meng, you must help us!"

Hearing that, Meng Ke'er stared at Xie Xiaoyue and said, "I only ask you, did that so-called deputy chief Su beat them up?"

Xie Xiaoyue was secretly distressed and could only get, "Yes!"

"Then that's it!" Meng Ke'er tutored her and said, "It's not easy for you to establish the Xiaoyue Pirates. You know the role of the four Wen elders. Aren't you afraid that treating the meritorious officials like this will chill the hearts of the other pirates?"

Xie Xiaoyue was speechless in her heart. She was afraid that the entire little moon pirates would be very happy to see the four elders of the Wen family get beaten up.

Based on what the four of them usually did in the little moon pirates, there were many people who wanted to beat them up!

Su Yu had merely done something that everyone wanted to do but didn't dare to do.

"Listen to me..."Xie Xiaoyue wanted to explain, but Meng Ke'er waved her hand and said, "There's no need to explain. Immediately bring the four elders of the Wen family to find that vice-leader and let him give an explanation to the four elders of the Wen Family!"

Hearing this, the four elders laughed in their hearts.

This time, let's see what that Su Guy will do. Does he think that relying on the leader's appreciation will make him disrespectful to them?

HMPH!

Later, not only will he be stripped of his position as a pirate, but he will also have to pay back the injuries of the four people tenfold!

Seeing the four people's eyes, Xie Xiaoyue's heart sank.

However, she would not let the four of them get what they wanted.

She had said before that she would never let Su Yu suffer the same grievances as the pirates.

This was her promise to Su Yu!

"Alright!"Xie Xiaoyue said.

However, one-eyed elder Wen said, "Grandma Meng, you should go too!"

He was very worried that Xie Xiaoyue would go behind his back and punish Su Yu without Meng Ke'er.

Hence, he dragged Meng Ke'er along.

Meng Ke'er wanted to refuse because this was the internal affairs of the Pirates of Xiaoyue and she did not want to interfere too much.

However, on second thought, the four elders could not hold the fort and said, "Alright, but I will only watch from the side and will not make a move."

"Thank you, Grandma Meng!"The one-eyed elder Wen said gratefully.

They wanted Meng Ke'er to be present!

Xie Xiaoyue secretly hated these four old fellows!

Her heart was rapidly calculating. No matter what, even if she fought with Meng Ke'er again, she could not expel Su Yu.

However, it was inevitable that Su Yu would receive a little punishment and put on an act.

Who asked the four Wen elders to find a character that even she was quite afraid of?

Very soon, the group of people arrived in front of Su Yu's residence.

The one-eyed Wen Elder's gaze shifted, he said, "Grandma Meng, please let us negotiate with deputy chief su first. After all, he is still young. As the older generation, we are willing to tolerate his mistakes. As long as he is willing to admit his mistakes in good faith, there is no need to investigate further."

Regarding this, Meng Ke'er nodded in agreement and said in a gratified manner, "It is the Little Moon Pirates' fortune that you can think like this."

Xie Xiaoyue frowned. She did not think that these four old fellows were so magnanimous.

However, before she officially appeared, it would be best if Su Yu could really take care of it himself.

The four Wen elders turned around and walked towards the mansion.

The moment they turned around, the one-eyed Wen Elder's blue eyes revealed a deep coldness.

Tolerate Su Yu? Dream On!

His original intention of entering was very simple. He deliberately created trouble, forcing Su Yu to be angry before attacking again.

It would be very difficult for Xie Xiaoyue to deal with those who had beaten them twice, right?

With such a goal in mind, the four of them entered the mansion again.

In the backyard, Su Yu was quietly comprehending the Evil Dragon Bible, hoping to improve the "Heavenly Dragon Dao Body" to another level.

While he was comprehending, Xue Mengfeiyu lowered her head and walked over quietly. She said respectfully, "Deputy leader Su, the four old men are here again."

At this moment, Xue Mengfeiyu had already adapted to her identity as a maid.

Su Yu did not do anything inappropriate to her as she had imagined. He only treated her as a maid.

This made Xue Mengfeiyu very relieved. Hence, she acted even more obedient, afraid that Su Yu would change his mind in anger.

"Them?" Su Yu stopped comprehending and a cold glint flashed in his eyes.

He had already warned them not to come to his mansion again.

His figure flashed and he immediately appeared in the front yard.

The four old men were pointing their fingers in the middle of the yard, ordering them to prepare good wine and food.

Even after Su Yu appeared, they were still extremely calm and still ordered them around.

One of the servants was a little slow and was angrily scolded by an old man by the collar.

They were treating this place as their own residence!

"Four of you, what do you want to teach us this time?" Su Yu said indifferently. There was no smile on his face, and his tone was very cold.

It was obvious that Su Yu was very unkind.

However, the four elders did not seem to notice it. The one-eyed elder Wen even sat down boldly and shouted, "Why aren't you kneeling down and kowtowing to apologize to us?"

Su Yu found it funny. Although they were old, their schemes were very bad.

They wanted to make him angry, but they used such a simple trick.

Those who were shrewd had to think about whether the four elders had other plans.

However, even though they knew that they were provoking him, Su Yu was still angry.

So what if they were angry? Could they do anything to him?

"Kowtow? How many do you want to Kowtow?"

"Not many, just knock a thousand at random," the one-eyed elder Wen said indifferently.

He added in his heart that even if Su Yu really kowtowed, it would be useless even if he knocked ten thousand!

They would never forgive him!

"A thousand, right? Sure! As you wish." Su Yu's wine-red light flashed, and a light barrier appeared, trapping the four of them inside.

His eyes were cold. If they wanted him to be angry, then let them get what they wanted!

The four old men were calm and composed. Next, Su Yu was going to make a move on them, right?

At most, he would only injure them. Would he dare to threaten their lives?

The more severely they were injured, the better the effect.

"Now, if none of you kowtow to me a thousand times, I can consider letting you leave. If you don't Kowtow, then don't even think about leaving my mansion," Su Yu said indifferently.

The four old fellows were already at loggerheads with Su Yu.

Although their strength was average, if they were to ruin Su Yu's matter, they could still do it with their connections among the small moon pirates.

Just in case, it was best to destroy them.

In any case, with Su Yu's attainments in writing, Xie Xiaoyue wouldn't care too much about their lives.

Even if they died, it would be in vain.

The pitiful four Wen elders had no idea that they had forced themselves into a dead end.

The one-eyed wen elder sneered, "Yellow-mouthed child, you think you can make us kneel?"

The other wen elder said righteously, "We would rather die than kneel!"

What they wanted was to have a conflict with Su Yu.

However, just as this Wen Elder finished his words, Su Yu casually tapped on the forehead of his head.

With a PFFT sound, this elder Wen immediately fell to the ground. His soul and body were destroyed at the same time.

The one-eyed elder Wen and the other two elders, who were still sneering at this scene, had stiff expressions on their faces. They stared at the dead elder Wen without blinking, unable to believe this scene.

Su Yu... really dared to kill them?

Didn't he know what this meant?

They were the only ones who could break the seal.

"I think the three of you would rather die than kneel, right?" Su Yu said faintly.

The one-eyed Wen Elder's old body trembled violently. The arrogance on his face disappeared and was replaced by deep fear.

With a plop, he took the lead to kneel on the ground and kowtowed. "Deputy leader Su, please spare my life!"

The other two elders knelt down and kowtowed one after another.

They were used to being arrogant because they knew that no one would dare to do anything to them in the small moon pirates.

Only Su Yu did not care about their lives at all. He had scared them just now.

Thud thud thud --

Su Yu counted them one by one. By the time he reached a thousand, the three of them had already kowtowed until their heads were bleeding.

"At least you are sensible!" Su Yu had said that if they were willing to kowtow a thousand times, he would let them off.

He was a man of his words!

"Get lost!" Su Yu shouted softly and kicked the three of them away.

This time, he used a lot of strength and kicked the bones of the three of them to pieces. It was a lesson that was engraved in their bones.

Kacha --

The three of them fell outside the courtyard. Two of the elders fainted.

Only the one-eyed elder was still awake. However, the pain all over his body was better than being awake. He might as well have fainted completely.

He could not help but scream like a pig being slaughtered.

Meng Ke'er's face was cold as she glared at Xie Xiaoyue. "Do you still want to explain anything?"

Xie Xiaoyue was speechless?

She secretly blamed Su Yu for being careless. Could it be that he could not see that the four elders were scheming?

They had actually injured them again.

Now, it was difficult for her to even speak for Su Yu.

Meng Ke'er squatted down and used the power of the DAO Master to restore the three people's bodies. The other two elders also woke up with pale faces.

Just as they woke up.., the three of them immediately hugged their heads and cried bitterly, "Grandma Meng, Please Help Us!"! Deputy Chief Su's nature was hard to change. We tried to persuade him nicely, hoping that he would restrain his personality from now on. In the end, not only did he force us to kneel down and kowtow a thousand times, he also severely injured us!"

The one-eyed old Wen General Su Yu hated them to the core. They actually dared to make them kneel down and apologize?

This debt must be repaid with their blood!

Chapter 2222 Call Me Grandpa

Hearing this, Meng Ke'er's face turned cold as she said, "Xiaoyue, do as you see fit!"

Xie Xiaoyue was helpless and was about to say something when Su Yu, who had sensed the commotion outside, walked out.

He had long known that the four elders of the Wen family must have come prepared. He wanted to see what kind of people the four elders of the Wen family could invite.

However, he stood at the entrance of the mansion and looked outside.

When his gaze fell on Meng Ke'er, he could no longer leave.

At the same time, his heart continued to sink.

Meng Ke'er... How could he forget?

Back then, she had caught him in the body of a Rahu and almost transformed him.

Fortunately, Su Yu had used all his strength and finally succeeded in beating her until her memories were in a mess.

Now that he saw her again and saw that her eyes were clear, she had probably regained her consciousness, right?

Thinking of this, Su Yu's heart was extremely heavy.

Was he going to expose his sword day and night?

In front of Xie Xiaoyue, he was extremely unwilling to do so.

"Father!" However, what caught Su Yu off guard was that after Meng Ke'er stared at him for a while, she suddenly cried out in surprise. Her white shadow flashed and she threw herself into Su Yu's arms.

Su Yu was stunned and at a loss!

She had not recovered her memory yet, yet she still regarded him as her father?

Because Meng Ke'er was often beaten up by her father when she was young, it became a psychological trauma for her.

Therefore, Su Yu's beating caused Meng Ke'er to be confused and mistakenly overlapped Su Yu and her father's figure.

He was stunned, Xie Xiaoyue and the three old men were also stunned.

Why did she call Su Ruchu?

Father?

After Xie Xiaoyue became the pirate leader, she went on a crusade. She had seen and heard many strange things.

However, a powerful dao master who had cultivated for tens of thousands of years recognized a young man who was only a hundred years old as his father!

It was hard for her to believe that such a ridiculous thing had happened in front of her!

"Father! I finally found you! Ke'er missed you so much!" She kept rubbing against Su Yu's arms with tears in her eyes.

The corners of Su Yu's mouth twitched. He had really picked up such a big daughter!

However, Su Yu did not dare to tell the truth of the matter.

This woman was extremely powerful. Back then, when the Three Dao Masters of the Star Alliance Chamber of Commerce joined hands, not only did they fail to capture her, they were even injured by her.

It could be seen how powerful she was.

If she could explain clearly and let her recall everything that had happened back then, Su Yu felt that she was not far from death.

"Cough cough... that... good daughter, I have been looking for you for a long time." Su Yu pried her hand away and coughed dryly. He became Meng Ke'er's father without blushing or beating his heart.

Looking at the dumbfounded Xie Xiaoyue, Su Yu smiled awkwardly. "Let me introduce you. This is my daughter, Meng Ke'er. It seems that you two have already met."

Xie Xiaoyue nodded blankly and laughed dryly. "I... Know!"

Meng Ke'er recovered from the pleasant surprise of meeting them and looked at the four old men. She frowned and said, "Father, why did you have a conflict with my four grandsons?"

"Grandsons?" Su Yu was stunned. What kind of messy relationship was this?

She was slightly stunned for a moment and then explained the cause and effect.

After hearing that, Meng Ke'er turned around angrily and kicked each of them. "Three B * stards, how can you have eyes? Treating my father like this? Aren't you going to apologize?"

The three elders were already shocked by the absurd scene and lost their thoughts. They said in a daze, "Yes, I'm sorry, Deputy Chief Su!"

"What are you calling him?" Meng Ke'er glared at them. "You impudent things! Quickly call him grand-grandfather!"

Grand-grandfather?

Xie Xiaoyue, who was at the side, almost laughed out loud!

The four elders fawned over Meng Ke'er and willingly became her grandchildren.

Now, they wanted to call Su Ruchu grandfather!

The one-eyed old man widened his eyes. Grandfather?

"B * Stard! Why aren't you calling her grandfather?" Meng Ke'er glared at them and said.

The three of them looked at each other with a pained expression as if they had eaten a bowl of flies. They lowered their heads and said, "Grandfather... Grandfather!"

Su Yu couldn't help but laugh. The three old men had never thought that he wouldn't be able to rely on them and would instead call Su Yu grandfather, right?

"Yes, three obedient great-grandsons." Su Yu said with a smile that was not a smile.

Xie Xiaoyue looked inside the mansion and said, "Where's the other one?"

"Dead." Su Yu still had a calm smile on his face as he casually said.

Hearing this, Xie Xiaoyue's expression suddenly changed.

Dead?

The four old scholars each had their own specialties and could not lack one.

With one dead, who could break the seal in the mountain?

"Leader, you don't have to worry too much. If there's a need, I can help you translate the words," Su Yu said.

Xie Xiaoyue's eyes were gloomy and complicated. It was easy to say. Although Su Yu had some attainments, he was still lacking a lot compared to the four old men. He could not replace any of them.

However, for the sake of Meng Ke'er, she could not get angry. She said, "Forget it. I'll look for someone else."

Su Yu shrugged and said, "Alright, but I suggest that leader chase these three old things away first. If they stay in the small moon pirates, they'll be a disaster sooner or later."

From their selfish and selfish point of view, when the small moon pirates were in trouble one day, they would be the first to defect.

There was no doubt about this.

Having been killed by Su Yu, a precious old Wen, Xie Xiaoyue was already displeased, but after being chased away... Xie Xiaoyue even suspected that Su Yu was deliberately making things difficult for her.

She said calmly, "Deputy chief su, if they also chase you away, who will be able to unseal the words on the seal in the future? Will it only depend on you?"

Su Yu said, "Of course, it's enough to rely on me alone."

Xie Xiaoyue wanted to laugh a little. With your half-baked attainments?

She was a little angry and said, "Alright, then why don't you tell me first. You've been to the mountains before, right? How many foreign languages have you deciphered?"

With how rare those languages were, Su Yu could be considered to have a deep understanding of them.

Decipher a few? That was impossible.

Su Yu thought for a moment and said, "I haven't counted them in detail, but there shouldn't be less than 10,000."

10,000?

Xie Xiaoyue really felt that the current Su Yu was a little unreasonable. She thought to herself, why didn't you say that you've completely deciphered the seal?

"In short, I have completely broken the evil energy seal."

Xie Xiaoyue was secretly amused. He really said that!

However, she thought about it again. With Su Yu's performance in the second aristocratic family, would he like to talk nonsense like this?

Her heart moved and she said, "Wait a moment, I'll be back soon."

Her figure flashed and Xie Xiaoyue disappeared. Not long after, she returned with a shocked expression.

She had been to the mountain.

The seal on that side had been completely broken!

"You... How did you do it?" Xie Xiaoyue looked at Su Yu in shock, as if she was looking at a huge treasure house that had never been excavated.

Su Yu said, "Leader, you can think that it was a guess."

Guess? He could guess all 10,000 words?

She turned her gaze and took out the 10 words that she had used to examine Su Yu. She said, "Among them, there are five words. The conjectures of the four elders have always been wrong?"

Su Yu nodded and said, "You can say that."

Xie Xiaoyue sucked in a breath of cold air. It was really true!

She could not believe that Su Yu was so young. How did he know the language of the myriad races!

Objectively speaking, this was simply impossible!

"Deputy Chief Su, you have really surprised me!" Xie Xiaoyue patted Su Yu's shoulder. Her heart was filled with great surprise.

In just three days, Su Yu had done something that the four old men of literature might not have been able to do for decades.

Such an earth-shattering talent had actually become her subordinate.

Xie Xiaoyue felt as if she had hit the jackpot.

"Humph!" At this time, Meng Ke'er snorted lightly and stared at Xie Xiaoyue with a slightly unfriendly gaze. She said, "I've been paying attention to him for a long time. How can you continue to call him deputy chief?"

Xie Xiaoyue was slightly stunned before she became embarrassed.

She and Meng Ke'er addressed each other as sisters.

And Su Yu was Meng Ke'er's father. In that case, didn't she have to address Su Yu as... uncle?

Su Yu also noticed that something was amiss. The corner of his mouth twitched. Oh well, there was another big niece!

"Why? Do you want to take advantage of my seniority?" Meng Ke'er stared at her.

If she called Su Yu Junior, then wouldn't Meng Ke'er be her junior?

Xie Xiaoyue was forced to say, "Su... Uncle Su!"

Su Yu was embarrassed and said, "This... Don't call me by my name. If you have anything to say in the future, just say it. Try not to call me by my name."

The relationship between them was really messy!

Suddenly, Su Yu noticed the three of them and said, "The three of them should be dealt with as soon as possible."

Xie Xiaoyue noticed the pale faces of the four of them and her eyes were cold.

She had been waiting for this day for too long!

The four of them had indeed contributed to the little moon pirates, but the negative effects were also extremely bad.

Now that someone could replace them, it was the best!

“Men, send the three Wen elders out of the Pirate Alliance!” Xie Xiaoyue did not choose to kill them.

Although they had been hated by Xie Xiaoyue for a long time, the great contributions they had made to the Pirates of Xiaoyue were real.

Therefore, they were only banished, not killed.

A few pirates immediately came forward and pushed them away.

Just as they left, the pirates who received the news cheered and some even set off firecrackers.

It could be seen that they had been infuriated by the four old men over the years.

After finishing off the old man, Su Yu thought of his maid, Xue Meng Feiyu.

She had always been by his side, so it was not a good thing.

“Xue Meng feiyu, it’s better to exchange her as soon as possible. Just as you said before, the heavenly remains cave abode is about to be born. It’s better not to create unnecessary problems at this critical moment.”

Xie Xiaoyue smiled faintly, “You really don’t plan to take a bite? According to my observation, she should still be a virgin!”

Su Yu smiled lightly, “Even if she’s a hostage, it’s not right to take her virginity.”

After hearing that, Xie Xiaoyue and Meng Ke'er looked at Su Yu strangely.

Especially Xie Xiaoyue, she had personally seen Xue Meng Feiyu’s Peerless Beauty.

She had thought that Su Yu was just saying it out loud, but she did not expect that after placing Xue Meng Feiyu by his side for so long, Su Yu really did not make a move.

Just this temperament alone was enough to make Xie Xiaoyue look at him in a new light.

On the other hand, Meng Ke'er had never seen Xue Meng Feiyu before. She asked meaningfully, “Is she pretty?”

Xie Xiaoyue nodded deeply, “She is one of the few Peerless Beauties in the seven ultimate civilization. The heirs of two aristocratic families are all jealous of her.”

“Oh, I See!” Meng Ke'er’s eyes were filled with a strange look.

Chapter 2223 Identity Revealed

Seeing that the topic was getting further and further away, Su Yu said, “Please make arrangements as soon as possible to return this woman.”

“Okay,” Xie Xiaoyue agreed.

At that time.

Outside the Pirate Alliance, a lone boat landed from a pirate battleship.

On the battleship stood another vice-leader of the Xiaoyue Pirates, iron hand!

He cupped his hands towards the three elders with a fake smile. "I'll send the three of you here. Have a safe journey!"

After saying that, he turned the huge ship around with a laugh.

The three elders sat on the lone boat and floated towards the empty space.

The one-eyed elder had a dejected expression. He felt that everything happened too quickly and intensely, as if it was a dream.

Before yesterday, they were still supreme figures who could summon the wind and rain in the small moon pirates. They were top-notch experts who could contend with their leader.

But now, they were like three stray dogs who had been chased away.

The changes before and after were so big and fast that it was hard to accept.

"I'm not resigned!"An elder Wen clenched his fists. **"We've paid so much for the small moon pirates, and in the end, we're chased away just like that?"**

They had never thought about how many years they had been using their status to bully others and how many benefits they had gained from it.

Putting everything else aside, they had already pocketed a lot of treasures from that mountain.

Now that they were chased away, they had a wronged expression on their faces.

The one-eyed elder Wen was about to say something when a cold voice suddenly sounded clearly in their ears. **"Which group of pirates do the three of you belong to?"**

The three of them looked up and saw an ordinary horse stepping on the air.

A woman in plain white sat quietly on the back of the horse.

She was the heartless iron constable who had come to rescue Xue Meng Feiyu.

"Who are you?"The three elders had good eyesight.

Not to mention that a woman dared to barge into the vicinity of the Pirate Alliance for no reason, just the fact that the horse she was riding was able to step on the air and was safe showed that this horse was extraordinary.

"Answer!"Constable heartless turned a deaf ear to their rhetorical questions and said lightly.

After losing the protection of the Little Moon Pirates, the three men became much more honest and immediately said, **"Little Moon Pirates."**

Constable heartless nodded lightly, **"Your luck is not bad!"**

She was looking for the little moon pirates, and unfortunately, she met three of them the moment she arrived.

"Bring me into the Little Moon Pirates, and I'll spare your lives,"constable heartless said.

She had heard of Xie Xiaoyue's name. It was said that she was the strongest among the ten great pirates.

Her strength was quite profound. If it was not necessary, it was better not to confront her directly.

Hearing this, the three old men said bitterly, "Sir, you're Late!"

Constable heartless frowned. After asking carefully, he found out that the three of them had been expelled.

They could not even protect themselves, so how could they bring people in?

Constable heartless said indifferently, "It doesn't matter. Just change the method a little. You can do this..."

Pirates of the small moon.

Su Yu and the other two were discussing how to deal with Xue Meng Feiyu when they suddenly received a report that the three Wen elders had returned!

Xie Xiaoyue glared at the person who came to report, "How to deal with them? Do you still need to report to me?"

Since they had returned, they would chase them away!

"But the three Wen elders captured a person from the sixth ultimate civilization. She claimed to be here to rescue Xue Meng Feiyu."

Xie Xiaoyue was surprised and said thoughtfully, "Yes, bring them up!"

Soon, the three Wen elders came over with a woman whose clothes were in a mess and blood was dripping from the corner of her mouth. It was obvious that she was injured.

There were many wounds on her body that were caused by the three Wen elders.

"Are you from the sixth Ultimate Civilization?" Xie Xiaoyue took off her veil and found that under the veil was an extremely exquisite face.

She didn't dare to say that it was unique in the world, but it was not much inferior to Xue Meng Feiyu.

The captured woman nodded her head in fear.

Xie Xiaoyue's eyes were filled with suspicion. She suddenly stretched out her hand and pointed at the center of her brows to perform a soul search.

Compared to inquiring, a soul search was more reliable.

After a round of searching, Xie Xiaoyue discovered that she was actually Xue Meng Feiyu's personal maid. At least, that was what her memory showed.

"She is indeed from the sixth ultimate civilization. She should be here to rescue Xue Meng Feiyu," Xie Xiaoyue said indifferently, not paying too much attention to it.

This woman only had the cultivation of a half-step dao master. Out of loyalty, she had traveled thousands of miles to come here.

She could not achieve anything by herself.

“The three of you...”Xie Xiaoyue looked at the three Wen elders and sighed in her heart. She said, “Rest for a day. We’ll leave tomorrow.”

The three Wen elders sighed and said, “We have no face to stay. Goodbye.”

After saying that, the three Wen elders did not want to stay any longer. It was as if they would take their lives if they stayed any longer. They quickly left.

Xie Xiaoyue thought that the three Wen elders did not want to be noticed.

However, Su Yu frowned slightly. He felt that something was not right.

Finally, Xie Xiaoyue looked at the woman who was captured and said, “What a coincidence! It just so happens that snowdream Feiyu is going to be sent back. This woman will replace her and become your maid! What do you think?”

Su Yu looked at the beautiful woman in white in front of him and shook his head, “Nothing much!”

Xie Xiaoyue patted his shoulder and said, “Pirates have to look like pirates. How can they not be attracted to women?”

Su Yu said with a deep meaning, “I might accept other women, but this woman... I advise leader to either let her go or kill her. It’s best not to stay on the pirate ship.”

Hearing this, Xie Xiaoyue could hear the hidden meaning. She stared at the woman in white warily and said, “What do you think is wrong with her? Is She Too Beautiful?”

It was not easy to understand why such a beautiful woman would be willing to be someone else’s maid.

“No, it’s not important whether she’s beautiful or not. What’s important is that her subtle expression is very inconsistent with the nervousness and fear she shows.”Su Yu observed carefully. “A person who has fear in her heart, but her hands and feet have not moved at all.”

Indeed, if a nervous person was fearful on the face, their body would also develop corresponding symptoms.

For example, if they were at a loss, or if they were at a loss, they would subconsciously cover up the panic in their hearts.

It was impossible for them to not move at all.

This was only the case for people who were extremely strong, confident, and calm.

“Moreover, look at the palms of her hands. They are coarse compared to the rest of her skin. This shows that she often holds things in her hands!”Su Yu said, “Among them, the roughness of her left hand should be caused by something

like the reins being worn out over time, while her right hand is caused by holding a sword all year round!”

“I can imagine that she rides a horse or a savage beast all year round. Moreover, it should be the same mount. This mount should be her exclusive mount!” “But, did leader find the mount that accompanied her all year round in her memory?”

Xie Xiaoyue shook her head, “There is no landline in her memory.”

She understood what Su Yu was trying to say. This woman’s memory must be fake!

“Look at her feet again. She seems to be standing casually, but the tip of her feet is aimed at you, leader.” Su Yu’s eyes were deep. “This is a defensive posture. It is a subconscious action of a person!”

“It is obvious that she is always on guard against you.”

“And a person with fear should avoid direct and indirect contact with the target of her fear! If she is really afraid of you, the tip of her feet should be moved to another place and not aimed at you.”

Hearing Su Yu’s analysis, Xie Xiaoyue already had a clue in her heart.

She shook her head lightly and said, “It does make sense, but isn’t it too hasty? I don’t think she’s...”

Suddenly, Xie Xiaoyue, who was still doubtful a breath ago, attacked this woman without any warning after a breath!

This move caught her off guard!

She was testing if this woman was really as Su Yu said, wary of herself, and even more so, testing this woman’s true strength!

However, what surprised Xie Xiaoyue was.

This woman was caught off guard, and her body was pierced through by Xie Xiaoyue’s palm. She fell unconscious in a pool of blood.

Xie Xiaoyue asked suspiciously, “Are you sure there’s something wrong with her identity?”

Su Yu shook his head. “I’m not sure, so I said, either let her go or kill her! However, my guess has never been wrong.”

Ever since he started cultivating, all his guesses were correct without exception.

Xie Xiaoyue did not say anything, but Meng Keer held her chin and sized up the woman. She said thoughtfully, “I seem to have seen this woman somewhere before.”

Su Yu’s heart skipped a beat when he heard this. Could it be someone from Xia Yi’an?

“I remember now!”Meng Keer suddenly stood up, her eyes full of surprise. “She is the heartless iron constable! When I traveled around the nearby civilizations, I once saw a civilization that worshipped her erect a statue of her.”

The heartless catcher?

Xie Xiaoyue was shocked!

Who Didn’t know about the heartless catcher? She was known as one of the most powerful catchers in the world.

In the world, no one who was captured by her could escape.

Xie Xiaoyue’s heart was filled with killing intent. To The Pirate Alliance that traveled in the Dark Zone, the heartless catcher was their nemesis.

If the heartless catcher decided to capture them one day, none of the ten pirate leaders would be able to escape!

Right now, perhaps this woman was trying to hide her identity, so she did not retaliate and was knocked unconscious.

If she did not take this opportunity to kill her, when would she do so?

Xie Xiaoyue condensed a domain in her palm and was about to kill her with a palm strike.

“Leader, Wait!”Su Yu suddenly said.

Xie Xiaoyue said, “Is there anything wrong?”

Su Yu said a little embarrassedly, “I can kill her, but isn’t it a pity to kill such a stunning catcher? Rather than wasting it, why don’t you satisfy me once and let me kill her again?”

Xie Xiaoyue asked suspiciously, “You?”

The snow dream flying rain was placed in front of him, but Su Yu had not touched her for days. Why would he suddenly be interested in the heartless constable?

Su Yu chuckled and said, “Actually, I hate the Way Snow Dream Flying Rain Is. I don’t want to have anything to do with that kind of woman, but the heartless constable is someone that everyone respects. If I can get him, I’ll be satisfied even if I Die!”

That made sense!

However, Su Yu had previously said that even if they were enemies, they wouldn’t be willing to force them and take away their virginity.

Now, it seemed like he was just saying empty words.

Xie Xiaoyue’s image of Su Yu dimmed a little.

After a slight hesitation, she said, “Alright, I’ll leave it to you to handle. But you must kill her and leave no loose ends!”

“Of course!” Su Yu looked anxious. He carried her by her waist and looked left and right. Finally, they arrived on a warship that was relatively far away from the main ship.

Seeing this scene, Xie Xiaoyue was both angry and amused. “Hiding so far away, I won’t peek!”

Su Yu put the heartless catcher on the soft grass, and then immediately began to take off her clothes in a hurry.

Chapter 2224 The Wild-Subduing Black Tortoise

Just as she was about to touch the heartless constable’s collar, she opened her eyes without any warning and grabbed Su Yu’s wrist with one hand.

Su Yu’s eyes and hands were quick. She leaped backward and jumped away from where she was, avoiding her grasp.

“Your reaction is very fast.” The heartless constable sat up and wiped off the blood at the corner of his mouth. His eyes were calm and sharp as he sized up Su Yu.

“You flatter me.” Su Yu said lightly.

Constable heartless took a light breath and stared at Su Yu as if he was trying to see through her.

“You are the strongest and have the intelligence of a demon. Among the people of your age that I have seen, you can be ranked in the top ten.”

“Top Ten? You think too highly of me.”

Shaking his head lightly, constable heartless said, “I have never thought too highly of anyone, nor did I underestimate anyone! You can indeed be ranked in the top ten!”

She used a heaven-defying secret technique to secretly modify her memories.

In the end, she succeeded in deceiving Xie Xiaoyue, but not Su Yu!

Her original intention was to pretend to be a hostage and sneak into the Xiaoyue Pirates, waiting for the opportunity to rescue Xue Meng Feiyu.

Unfortunately, Su Yu’s observation was meticulous, and his mind was heaven-defying, so he saw through her suspicious identity.

Ever since she became a police officer, this was the first time she had made a mistake.

However, there was still a chance to redeem herself.

The person in front of her was a deputy leader. He should know the whereabouts of Xue Meng Feiyu and the greedy wolf king.

If she captured him, she would still be able to successfully take them away.

“So? You plan to capture me just because your plan failed?” Su Yu sized up the heartless constable with a lecherous look and said, “Aren’t you afraid that you will really fall into my hands? At that time, you will be MY WOMAN!”

The heartless constable's expression did not change at all. She said indifferently, "As long as you have the ability!"

Shua --

She clenched her right hand on her waist and immediately pulled out a soft sword.

The sword was as soft as a willow, but it was filled with a powerful spatial power.

"Surrender!" The heartless constable stabbed her sword over.

The sword should not have been able to reach her from a hundred feet away. However, the body of the sword suddenly became a hundred feet long and pointed at Su Yu's chest.

Su Yu's eyelids twitched and dodged the attack.

Chi La --

The sword brushed past his shoulder and cut off a piece of his bloody sleeve.

"Space law... No, it's a space domain." Su Yu's eyes turned serious.

This woman might not be proficient in space domain, but the soft sword contained a very solid space domain.

The reason why the sword could instantly grow longer was because of the spatial domain.

"Since you can see through spatial domains, it seems that you should be proficient in spatial divine arts, or even spatial laws," constable heartless said indifferently as he shook his wrist.

Suddenly, the soft sword that had missed its target turned around and hooked onto Su Yu's back.

"Spatial Vortex!" Su Yu let out a low shout as a spatial vortex immediately appeared behind him.

The tip of the flexible sword stabbed into the spatial vortex, but it stabbed out from the space on the right side of Su Yu's arm.

In a moment of crisis, he used spatial laws to neutralize his opponent's attack.

"You really are proficient in spatial laws," heartless iron said. Then, with a violent shake of his wrist, the flexible sword immediately split into nine small flexible swords.

They sealed off Su Yu's surroundings from different directions, leaving him with no way out.

These small swords also contained a spatial domain. If he was stabbed, even Su Yu's Heavenly Dragon Dao body might not be able to withstand it!

"Spatial folding!" What Su Yu folded was not his own body, but the surrounding space.

His surroundings were like layers of paper.

Apart from Su Yu, the surroundings were all distorted.

The nine attacking flexible swords immediately lost their bearings.

Taking advantage of this opportunity, Su Yu used spatial translocation and teleported out from a flaw.

Ding --

The nine soft swords barely left. The tips of the nine soft swords clashed together with a crisp sound.

If Su Yu had been a step later, the nine sword tips would have pierced into Su Yu's body.

Constable heartless was calm. His attack did not succeed. He held the sword with both hands, and the entire sword suddenly shattered, turning into countless densely packed spatial scales.

They were as small as fish scales. The difference was that each of them contained a spatial domain.

The scales were like impenetrable raindrops that scattered all over the sky.

Su Yu could not avoid them.

His eyes turned cold and the Royal Longzun sword appeared in his palm.

With his feet as the center, his body spun on the spot. The Royal Longzun Sword in his hand drew an elegant arc in the air.

The arc was like lightning and carried waves of dragon roars.

Large scales were like white snow as they were crazily rolled back.

The heartless catcher pinched with his left hand, and a huge black tortoise appeared under his feet.

The black tortoise stuck its head out and looked at the arc with a pair of indifferent eyes. It stood up unhurriedly.

It used its wide and thick turtle shell to block the rolled scales and the arc.

What surprised Su Yu was that the black tortoise was an unknown creature. Its shell was terrifyingly hard.

The scales were placed on the turtle shell, but the spatial domain inside was completely ineffective!

This was a spatial domain.

As a domain evolved from the eight great laws, the power of this domain was far stronger than ordinary domains.

Even Su Yu's Heavenly Dragon Dao body might not be able to withstand a spatial domain.

However, this turtle of unknown origin was able to do it.

How could Su Yu not be surprised?

Pu Pu Pu --

The black tortoise blocked all the densely packed scales and arcs before slowly lying on the ground, not moving at all.

Constable heartless iron said indifferently, "You are indeed very strong. In terms of strength, among the peers I have met, you are ranked in the top 100."

She slowly put down the soft sword, and a golden turtle appeared on her fair and delicate palm.

It was not a turtle, but a turtle-shaped furnace.

In the furnace, an indestructible fire could be seen burning with the naked eye.

As soon as this thing appeared, Su Yu immediately felt a strong sense of danger.

All the hair on his body stood up involuntarily.

The bones all over his body trembled gently, as if they were about to be melted by the furnace.

What shocked Su Yu even more was that the nine dragons divine cauldron in his body started to move slightly and let out a few dragon roars.

It was as if he had encountered something familiar.

The last time the nine dragons divine cauldron moved was in the Demon World's ancient Dream Forbidden Land.

When it faced Ren Zu's Universal Cauldron, the Nine Dragons Divine Cauldron had once let out a cheer.

Now, it could be considered the second time, although it was very weak.

It could not be underestimated.

That golden turtle was definitely not an ordinary object!

"Let's end this quickly, so I can only use this object," constable heartless said with a calm expression.

She had worked on cases for decades and had never failed. Even when facing the Master of a seven star civilization, she was still able to injure it.

Therefore, it looked like this golden turtle-shaped furnace.

"Desolate suppressing black turtle furnace!" Constable heartless said softly. With a toss of her hand, the golden turtle turned into a living creature and pounced towards Su Yu.

Its size was clearly very small, but it was within Su Yu's field of vision.

The shadow on its abdomen was like the sky, boundless and boundless.

No matter which direction Su Yu dodged, he could not avoid it.

His heart trembled. What was this thing?

It did not look like an immortal embryo of a dao artifact, nor did it look like a dao artifact!

He immediately used Xiao Die's perspective, but when he saw it, he sucked in a breath of cold air.

Chapter 2225 2116, Ashamed Of Being Inferior

The color of this golden turtle was actually dark purple!

Furthermore, there was a hint of black within the dark purple!

One had to know that the color of Dao artifacts was only light blue in Xiao Die's perspective.

Only top-grade Dao artifacts would appear dark blue.

However, the golden turtle in front of her not only exceeded the blue range and reached dark purple, it also contained a hint of black.

Its level was simply unimaginable.

Su Yu even suspected that it was an existence on the same level as the nine dragons divine cauldron!

Sensing the incomparable danger, Su Yu no longer held back.

"Space-time Freeze!"His eyes suddenly shot out two intersecting colors, weaving into a large hand.

The large hand made a sizzling sound, and it suddenly grabbed the space-time within a radius of billions of miles.

Instantly, time and space came to a standstill.

Other than Xie Xiaoyue and a few other powerful dao masters who could vaguely sense the change in space-time, everyone else was frozen in place.

As for the heartless iron catcher in front of him, he was frozen in place. However, the golden turtle ignored him and forcefully crushed the huge palm formed from the laws of space-time, crashing down with a loud rumble.

Su Yu was terrified. He withdrew his royal longzun sword and took out his pitch-black evil sword.

"Morning and night!"Without any hesitation, he launched a powerful attack at the frozen heartless catch.

Instantly, the world turned dark. Darkness and light existed at the same time at the highest point of the world.

At the intersection of the two, a simple and unadorned sword Qi was born. It lightly pointed at the heartless catch.

This was a brand new form after he had comprehended morning and night sword.

Its power was even stronger than before.

This sword should have wiped heartless catch off guard on the spot.

However, because the flexible sword at his waist contained a space domain, it trembled slightly and shattered the space-time that sealed heartless catch.

Heartless catch woke up in time and saw the terrifying sword that was just inches away.

Her expression, which had always been calm, finally changed.

“Come back!” She immediately waved her hand, and the golden tortoise that was about to pounce on Su Yu immediately appeared in front of her.

The golden tortoise turned into the strange black tortoise from earlier. It stood up and blocked the day and night.

Ding --

A clear sound was heard.

The evil sword cut three inches deep into the black tortoise’s shell, and it could no longer cut in.

The black turtle was in pain, and the member was the first to spin.

Su Yu did not want the evil sword to be swept away, so he immediately drew his sword and then used the sword of the day and night again.

The heartless catcher’s pretty eyes showed some fear. She grabbed the black turtle and shouted in a low voice, “Gold and Silver Horse!”

Clang --

With a majestic neigh, a space crack suddenly appeared between the two of them.

A group of seemingly ordinary horses galloped out.

The heartless iron constable jumped onto it, and then the gold and silver horse jumped into the void.

Su Yu thought for a moment, but not only did he not chase after her, he even let out a sigh of relief. “Phew! I’ve finally let her go!”

Su Yu had heard a lot about the heartless iron constable in the Pirate Alliance.

It was rumored that she was a legendary woman whose goal was to create light.

Su Yu could not help but sigh in amazement after understanding many of her legendary stories.

There were even some who felt inferior.

He felt that there was goodness in his heart, and sometimes he would do chivalrous deeds.

However, he had never thought of protecting the world and annihilating evil as his responsibility.

At least, in terms of ideals, Su Yu was not as great and noble as the heartless constable.

Moreover, the Heartless Constable was a man of his word, and he had been fulfilling his promise for many years.

Su Yu had seen the criminals she had hired to capture. Every single one of them was a blood-curdling criminal.

Even if Su Yu was present, he would probably get rid of them.

Su Yu was not a noble and selfless person. However, he admired and loved people with lofty ideals.

Therefore, when he found out that this woman was the world-famous heartless iron constable, he was willing to let her live.

He had stopped Xie Xiaoyue from killing her just now.

However, Su Yu was now a spy. If he let the heartless criminal go in public, everyone would suspect his identity as a spy, right?

Therefore, Su Yu pretended to be a lustful person and wanted to be rude to the heartless criminal.

He even deliberately brought her to the battleship at the edge to make it easier for the heartless criminal to escape.

As such, it was hard for the heartless criminal to imagine that a lecherous person like Su Yu was actually trying to save her, much less that he was a spy.

As for the scene of the subsequent fight, it was beyond Su Yu's expectations.

Su Yu knew that the heartless criminal was not unconscious.

However, she was so powerful that Su Yu was out of control.

If he did not have some skills, he would have been captured by the heartless criminal.

He was captured instead of saving her. Just thinking about that scene made Su Yu's stomach hurt.

Fortunately, he managed to successfully let go of the heartless criminal.

Shua Shua Shua --

Xie Xiaoyue and Meng Ke'er who felt the battle ripples rushed over at the same time.

Looking at the slightly disheveled Su Yu, the eyes of the two girls immediately turned sharp.

"Where's the heartless criminal?" Xie Xiaoyue narrowed her eyes and asked, her heart sinking slightly.

Su Yu said in embarrassment, "She pretended to be unconscious. She took the opportunity to escape before I could start."

Xie Xiaoyue sniffed the remaining battle ripples nearby and asked, "Then, what are the traces of battle here?"

Xie Xiaoyue knew about that terrifying turtle.

But who owned the chaotic space-time and the powerful sword qi?

"It seems that an old grudge of the heartless iron constable suddenly appeared and launched a sneak attack on him."

Xie Xiaoyue frowned. What a coincidence?

The heartless Iron Constable was just about to kill Su Yu when that old grudge came?

There was no such coincidence in the world.

However, the most important thing now was not to investigate the reason, but how to deal with it.

"Deputy chief Su, go back to your mansion immediately and protect Xue Meng Feiyu. Don't let her be taken away," Xie Xiaoyue said.

The purpose of the heartless iron constable's visit was very likely to be this woman.

"Alright!" Su Yu immediately returned to his residence.

Meng Ke'er's beautiful eyes flashed, and she said, "Father, I'll go with you."

Su Yu naturally wouldn't object. With the powerful Meng Ke'er, if the Heartless Iron Constable Zhenzhen appeared, it would be much easier to deal with her.

The two returned to their residence while Su Yu set up a formation outside.

The heartless Iron Constable's gold and silver horse was said to be able to travel through space at any time.

If it suddenly appeared, it would be impossible to guard against it.

Hence, Su Yu set up a layer of formation at the last minute.

Once there were living beings nearby who were traveling through space, the formation would immediately sense it.

"Father, I'll go guard that little girl."

"Okay."

A mysterious look flashed across the corner of Meng Ke'er's eyes as she arrived at Su Yu's bedroom.

In the room, Xue Meng Feiyu was earnestly making the bed and folding the quilt. She did not dare to slack off in the slightest.

Hearing the movement behind her, she immediately turned around and lowered her head, "Young master Su!"

"You should call me miss."

Hearing the woman's voice, Snowdream Feiyu looked up curiously and found that it was a beautiful woman in white.

"You are?"

"Su Ruchu is my father. Who do you think I am?"

Chapter 2226 One Step Too Late

Xue Mengfeiyu was stunned. Su Yu's child was already so old?

Why did he look so much older than Su Yu?

But, what did this have to do with her?

She said honestly, "Greetings, Miss!"

"En! Little Girl, I want you to do something. After the deed is done, I will give you something as compensation."

Upon hearing this, Xue Meng Feiyu knew that it was not a good thing. She said tactfully, "Miss, this servant's status is lowly. I can not help you much."

“No! I don’t want your status. I want your... Person!”

Want My Person? Xue Meng Feiyu subconsciously covered her chest. She thought to herself, this woman couldn’t be the rumored broken sleeve fetish, right?

Xue Meng Feiyu wanted to object, but Meng Ke'er had already flicked out a wisp of domain without any explanation, enveloping Xue Meng Feiyu.

Poor Xue Meng Feiyu came to the Pirate Alliance and was simultaneously cast out of her domain by two Dao Masters.

“What did you do to me?”At this moment, Xue Meng Feiyu felt like crying.

Why did they both like to cast their domains on others?

The former was to make her obey Su Yu, but now?

“This is my myriad dream domain. Once activated, your consciousness will enter an illusory dream! “Later, the first man you see will automatically be replaced by the person you want to see the most in your consciousness. Of course, whatever you want to do in your dream, your body will also take the initiative to do it in reality.”

“No! I don’t want it!”Xue Meng Feiyu was intelligent and immediately understood what this was. Her face was deathly pale.

In Su Yu’s bedroom, who would be the first person she would see?

“It’s not up to you.”Xue Meng Feiyu snapped her fingers. Instantly, Xue Meng Feiyu’s eyes darkened.

Meng Ke'er’s domain was very magical. Xue Meng Feiyu was clearly in an illusion.

However, there was no dullness in her eyes.

Her entire person was very clear-headed and there was no sign of anything unusual.

“Father, you must be really frustrated to not be able to get the heartless iron constable, right? I can only use you to quench father’s thirst.”Meng Ke'er smiled and closed the door softly, guarding outside.

Not long after, Su Yu set up the array.

However, he saw Meng Ke'er patrolling outside his bedroom.

“Why don’t you go in?”Su Yu asked.

The heartless Iron Constable’s Golden and silver horse was extraordinary. It might even be able to break through this array and appear beside Xue Meng Feiyu, immediately taking him away.

Therefore, it was best to guard Xue Meng Feiyu closely.

Meng Ke'er felt guilty and stammered, “I can make it in time outside!”

“Alright, inform me immediately if anything happens.” Su Yu was worried that Xue Meng Feiyu would be alone inside, so he pushed the door open and entered.

He saw Xue Meng Feiyu’s back facing him as she bent down to fold the blanket.

When she bent down, her raised buttocks outlined two smooth lines.

Su Yu calmly moved his gaze away and sat cross-legged on the FUTON on the ground.

Not long after he closed his eyes, he suddenly felt a fragrant wind blow over.

When he opened his eyes, he saw that it was actually Xue Mengfeiyu. He did not know when she had arrived three feet away from Su Yu.

A face that was supposed to be White was now covered in a strange red color.

Her crystal-like eyes were filled with an abnormal light.

She exhaled like an orchid and looked straight at Su Yu.

Su Yu immediately recognized her form. She must have been hit by something and lost her mind.

“Ruchen, I... I Am Yours!” As she said that, she threw herself into Su Yu’s arms.

As soon as her body fell into his arms, Su Yu immediately felt a deep burning sensation.

When she looked down, she had already taken off her clothes.

At this moment, she was like a little sheep that had been shimmering, lying in Su Yu’s arms, giving and receiving whatever she wanted.

No matter how strong Su Yu’s willpower was, he could not help but feel his heart waver a little.

However, this thought had just been born and was forcefully erased by her.

This Woman’s heart was too heartless. Being entangled with such a woman was detrimental to her cultivation.

“Wake up!” Su Yu pointed at the center of her brows, using her own soul power to awaken her consciousness.

However, just as she extended her finger, snowdream flying rain caught it in her mouth and sucked it gently.

Su Yu frowned and was about to forcefully push it away.

Suddenly, the array outside trembled violently.

Su Yu was shocked. The heartless iron constable had indeed returned!

Kacha --

A moment after the array moved, a space appeared in front of Su Yu, and a horse poked its head out.

On top of it sat the heartless constable.

She glanced around and happened to see an abnormally indecent scene in front of her.

Xue Mengfeiyu lay naked in Su Yu's arms.

As for Su Yu, he stretched out his finger and let Xue Mengfeiyu suck on it.

The heartless constable was expressionless and sighed slightly, "I'm a step too late!"

Crash --

Su Yu blocked Xue Mengfeiyu behind him and was about to summon the evil sword.

Merciless steel turned around and left.

After making sure that he left completely, Su Yu heaved a sigh of relief.

Following that, Meng Ke'er, Xie Xiaoyue, and the others arrived one after another.

After learning that merciless steel almost took Xue Meng Feiyu away, Xie Xiaoyue finally made up her mind, she said, "Vice leader Su, I'll leave the negotiation with the sixth exceptional family to you. You must fight for more resources and save up for the upcoming Heavenly Legacy Cave Abode."

Personally going?

The dangers involved were not small.

"You've just entered the Pirate Alliance and what you lack is qualifications. If you can bring back more resources this time and let the other pirates benefit, then you will have more authority in the entire Pirate Alliance."

Su Yu pondered for a moment and nodded in agreement.

Golden Pupil Langjun's condition was that Su Yu could influence the overall decision of the Pirate Alliance.

Now that he was extorting money, it was a chance for him to raise his voice.

If he performed well enough and took back more things, he would undoubtedly be favored by the Pirate Alliance.

In the future, his suggestion would naturally be carefully considered by the pirate alliance.

"Before the negotiation, I need to make some preparations."

"No problem, you have a month to prepare."

Back in the bedroom, Su Yu looked at the tearful and aggrieved snow dream flying rain and said calmly, "Don't cry anymore, or I'll really kill you!"

As soon as she said this, snow dream flying rain immediately wiped away her tears. However, she hated Su Yu so much that she gritted her teeth.

Although nothing had happened just now, her body had already been seen and touched by him, right?

To Xue Meng Feiyu, this was intolerable!

“Get Ready. I’ll send you off in a month. During this period, you’re not allowed to go out!” Su Yu sat cross-legged and stared at her, in case the heartless iron constable came back again.

He cast a spatial barrier around his body.

As a result, Xue Meng Feiyu couldn’t see what Su Yu was doing inside.

Su Yu’s heart stirred, and he entered the cave abode world. He wanted to ask the evil dragon about the next step of the Heavenly Dragon Dao body’s cultivation.

But as soon as he entered, he heard the evil dragon’s cheers and shouts.

“The evil King Pearl has finally been successfully refined!”

He saw the evil dragon circling around a fist-sized pearl that was emitting black light, continuously flying up and down.

His expression was filled with deep joy.

“Congratulations.” Su Yu glanced at the evil king bead. Although he did not know what the use of this item was, his intuition told him that it was quite extraordinary.

The evil dragon immediately transformed into its human form. It held an evil king bead in its hand and said with a smile, “Thank you, sir, for helping me to successfully cultivate the evil king bead!”

“What use is it?” Su Yu asked casually.

Chapter 2227 Throwing Away One’s Life In Vain

The evil dragon licked its lips and said excitedly, “This is the Dragon Pearl, the evil King Pearl, which was introduced in a refining technique that I erased from the Evil Dragon Bible

“It needs the purest evil Qi in the world to be refined! Once it is refined, as long as the evil King Pearl is in your mouth, you can summon the evil King to possess you and fight.”

It sounded like summoning a soul to possess and fight.

“Is it very powerful?”

The evil dragon laughed proudly, “Of course it’s powerful! Once the evil King possesses you, you can share the evil King’s Evil Moon ability!”

“The so-called evil Moon ability is an extremely powerful eye technique that can replicate all other people’s attacks, including domains!”

Hearing this, Su Yu’s pupils constricted.

An eye technique that could replicate even domains?

What kind of existence was that?

Su Yu himself could not help but feel his heart palpitate!

“Sir, this pearl only had a chance to see the light of day because of your gift. Therefore, you should be the first to try it and let it once again emit the brilliant brilliance hidden in the dust of history.”

Su Yu waved his hand. “This item was painstakingly refined by you. I can not keep it for myself.”

Seeing that Su Yu had no intention of taking it, the evil dragon was even more grateful.

He was under the eaves. If Su Yu wanted to take it away, he couldn’t do anything about it.

It was only because Su Yu respected him as a living being and not as some kind of effort that he was willing to do so.

“Sir, please don’t refuse. One day, when you feel that you no longer need the evil King Pearl, you can return it to me.”

After thinking for a while, Su Yu said, “Alright, thank you!”

After thinking for a while, Su Yu asked again, “Can anyone use this pearl?”

“Of course not!” The wicked dragon said, “Only we who have cultivated the Wicked Dragon Bible can activate it. If others get this thing, it’s equivalent to a piece of trash, just like if others get Dao artifacts, it’s useless.”

Su Yu nodded deeply. Copying someone else’s domain?

If it was used cleverly, it would seem very shocking.

Then, Su Yu asked about the second stage of cultivating the Heavenly Dragon Dao body.

The Evil Dragon’s answer was that in addition to comprehending the second stage, one had to experience it again. It was similar to the last time when the heaven and earth forces attacked.

Only under the impact of an incomparably powerful force could the Heavenly Dragon Dao body continue to evolve.

Of course, as the Heavenly Dragon Dao body grew stronger and stronger, the heaven and earth energy it required should be even stronger than the first time.

But, how could that be easy?

One month later, Su Yu arrived at Xie Xiaoyue’s main hall as promised.

He saw that there were a few people from the other pirates in the hall.

He didn’t know the others, but he naturally knew the star lady of the Wolf Pirates.

The latter nodded slightly and smiled kindly.

Su Yu replied with a faint smile.

“Vice leader Su, you should get to know these people on the way.” Xie Xiaoyue’s face was obviously not very happy.

The original plan was to send Su Yu and iron hand, the two vice leaders, to the sixth absolute civilization together.

But the other nine pirates suddenly came looking for them, hoping that the newly recruited young pirates would go together.

Su Yu was secretly puzzled. How could there suddenly be so many people?

Moreover, they were generally not old.

“Yes, leader.” Su Yu was puzzled. He boarded a speedboat and headed to the place where the ten thousand sect beasts appeared nearby.

After boarding the speedboat, Su Yu lived alone in a corner and watched over Xue Meng Feiyu.

“Deputy leader Su, you’ve worked hard.” At this time, the fragrance of a young girl drifted from behind him. A hand holding a spirit wine that was rich in spiritual Qi was sent to Su Yu.

Su Yu turned his head and saw that it was star lady.

She took the spirit wine but did not drink it. She only smiled lightly.

“Deputy chief Su, don’t you want to ask something? For example, why did so many people suddenly appear when you were supposed to negotiate alone?” Star Lady’s eyes flashed with Slyness.

Su Yu said, “Something must have happened during the month that I was in seclusion, right?”

“Correct!” Star lady was slightly mischievous. “A rare heaven-ceasing lion intruded into the territory of the sixth absolute family. Many experts are chasing after it.”

Heaven-ceasing Lion? Su Yu was slightly moved.

Heaven-ceasing lion was a unique lion that was born from a stone lion.

A stone lion that was carved out of some special materials, after experiencing endless heaven and earth energy and being nourished for a long time, would naturally give birth to a spiritual intelligence.

After that, the spiritual intelligence left the stone lions and was named the Heavenly Lion.

The heavenly lion’s potential was extremely shocking. Usually, it could grow to the level of a dao master, or even a powerful dao master at the level of a clan master.

Once the heavenly lion appeared, it would definitely be a target for everyone to fight for.

However, the heavenly lion was extremely spiritual, second only to the gold and silver horses.

Only people with great potential would choose to recognize a master.

And those who had already reached the Dao master level, in the eyes of the heavenly lion, were those whose potential had already been exhausted.

It would only choose young people who were on par with it in the younger generation, and then grow together.

At present, many young elites from the seven ultimate civilizations, from the seven aristocratic families, had already gone to the sixth ultimate family to hunt down the heavenly lion that had suddenly appeared.

The Pirate Alliance, who had received the news, naturally didn't want to be left behind.

They wanted to take advantage of this negotiation to enter the sixth ultimate family and look for the heavenly lion.

After learning the whole story, Su Yu shrugged, not interested in it at all.

Not long after, they arrived at a place where the ten thousand clan beasts appeared. After waiting for a few days, the ten thousand clan beasts appeared. Because of this, they successfully rushed to the civilization near the seven ultimate civilization.

Iron Hand, who was traveling with them, found Su Yu and discussed, "Deputy leader Su, regarding the matter of exchanging hostages, what do you plan to do?"

Actually, Iron Hand had been in the Pirate Alliance for many years and was already familiar with exchanging hostages.

It was just that he wanted to test Su Yu.

He wanted to see if this child was worthy of the leader's attention.

Su Yu understood Iron Hand's intentions and lightly said, "I will personally bring her into the sixth ultimate aristocratic family and negotiate with the head of the aristocratic family."

Iron Hand was stunned. He originally thought that Su Yu would come up with a good idea.

But looking at it now, how was this an idea? It was clearly... a mistake!

Bringing Snowdream flying rain into the sixth exceptional family, did they still want to come back?

The sixth exceptional family would do everything possible to take back the hostage, right?

Even if Su Yu and the others used the hostage's life as a hostage, how could they escape from the pursuit of the sixth exceptional family?

The most correct way would be to take the treasures first, then send a message to them, asking them to head to a certain place to take the hostages.

Just like Su Yu, he barged in without any strategy. He was simply going to wipe out all of them!

He could be said to be extremely disappointed in Su Yu.

He really couldn't understand how he had captured the greedy wolf king and Xue Meng Feiyu back then. It was simply inconceivable!

How did he know that the Heartless Iron Constable had already interfered in this matter.

Snow dream flying rain had left Su Yu more than a thousand feet away. Even the heartless iron constable could suddenly appear and successfully kidnap her.

Therefore, bringing her with him was the safest and safest method.

“Let’s go to the sixth exceptional family to negotiate!”

Iron hand shouted, “Deputy leader Su, please forgive us for not being able to accompany you in your adventure!”

He did not want to die in vain!

Chapter 2228 Extremely Intelligent

Actually, there was no need for him to say anything. None of the young elites who had come were willing to follow Su Yu.

As long as they were not stupid, they understood how ignorant Su Yu was when he brought the hostages with him to negotiate.

Su Yu looked at them indifferently and said, “I think it’s better for all of you not to stay here.”

However, no one was willing to believe him.

The young elites present were extremely unconvinced of Su Yu’s fame.

At this moment, they would not agree with his foolish decision.

“I’ll go with you!” Star Lady came out from the crowd and said.

She blinked at the crowd behind her and said, “I think it’s better for all of you to listen to deputy chief Su.”

After saying this, she left with Su Yu and headed straight for the sixth absolute family.

Leaving everyone behind.

“Deputy chief tie, what should we do about capturing the heavenly lion?” The stone sword from the Sea Wolf Pirates asked with a frown.

Their original intention was to negotiate for the seven absolute civilization to allow them to enter and capture the heavenly lion.

However, because of Su Yu’s arbitrary actions, all of them had turned to dust.

Iron Hand said in a low voice, “There’s no other way, we can only sneak in quietly! In any case, the sixth ultimate aristocratic family is vast and boundless. As long as you don’t deliberately reveal your tracks, you shouldn’t be recognized.”

In fact, many young elites also planned to sneak in.

It was only after obtaining Iron Hand’s confirmation that they felt confident.

“All of you should prepare yourselves. Once you’re ready, you can set off!”

Hunting the heavenly lion was not an easy task. It was almost impossible to do it alone.

Only a small team of at least a few people would have a chance.

Therefore, everyone present immediately formed teams with each other.

Half a day later, everything was ready. Just as they were about to set off, they suddenly realized that a black cloud was surging in from outside the civilization.

When they got closer, they realized that it wasn't a dark cloud. It was clearly countless battleships!

There were thousands of battleships!

Each of them had huge cannons that were filled with energy, aiming at everyone on the civilization.

"We are surrounded by the battleships of the seven ultimate civilization?"

"How is that possible? Did they predict that we would come?"

At this moment, a strong man with his hands behind his back was floating on a slightly larger battleship.

His body was tall and sturdy like a tower, and he had a cold smile on his face. "I knew that you greedy pirates would be attracted by the heavenly lion! I've been waiting for you for a long time!"

Hearing this, Iron Hand's heart skipped a beat, as if he had missed a beat.

He finally understood why Su Yu had advised them to leave this place as soon as possible before he left.

That was because at that time, Su Yu had already predicted that the enemy might have predicted his actions and was currently patrolling the vicinity where all the myriad sect beasts appeared.

"Surrender or die?" The Brawny man grinned and revealed a cold smile.

Iron Hand's heart turned cold. Under the bombardment of a thousand huge cannons, not a single person present could survive.

However, if they fell into the hands of the sixth exceptional family, there would still be no way to survive!

The only difference was that they would die sooner or later.

"Don't fight, we surrender!" Iron Hand made a very wise decision and led all the young elites to raise their hands and surrender.

It was a pity that they had come to hunt the heavenly lion, but in the end, they were not even able to see the shadow of the lion before they were hunted by others!

"Bring all of them back!" The Brawny man chuckled and pressed down on the group of captives, returning with a full load.

The sixth absolute family.

On an island floating in the sky, there were several magnificent palaces.

"The meaning of the heartless catcher is..." three people sat in one of the palaces.

One of them was a veiled woman in white, and she was the heartless catcher.

The other two were middle-aged, but they were still astonishingly handsome. Their facial features and charm were somewhat similar to Xue Meng Feiyu.

He was the family head of the sixth exceptional family, extermination!

The other was a fair-skinned and handsome young man in luxurious clothes. He held a purple sword in his hand and had an extraordinary temperament!

He also looked at constable heartless with concern and said, "Please state clearly whether Feiyu's rescue was successful."

Constable heartless said indifferently, "You see that I'm empty-handed. Do you still need to ask?"

She had never left. She had been lingering around snow dream flying rain, constantly looking for an opportunity to take her away.

Unfortunately, Su Yu was too vigilant. For a month, she had not left.

She did not give her a chance to make a move at all.

When she learned that they were going to send snow dream flying rain back and extort money, Constable Heartless Iron knew that things could not be done, so he rushed back an hour earlier.

"How could it be? Heartless Iron Constable made a move, and Gai Wu failed!" Mie Zheng still refused to believe it.

Even the master of the seven-star civilization couldn't stop heartless iron constable from taking a person away.

In the pirate alliance, the strongest person was Xie Xiaoyue. could her strength threaten heartless iron constable?

Heartless Iron Constable's expression was calm, he seemed to be convinced. "In the Pirate Alliance, there's an expert! Whether it's his mind, martial arts, or strategies, he's not inferior to me. As long as he's alive, I won't be able to save snow dream flying rain."

Upon hearing this, extermination frowned. "Is it Xie Xiaoyue?"

"No." Constable heartless shook his head.

The young man couldn't sit still and said, "Who is he? Xie Xiaoyue is the closest to you in terms of martial arts in the Pirate Alliance, but she shouldn't be able to stop you!"

Constable heartless shook his head calmly. "I can't say."

"Why?" The young man raised his eyebrows.

Constable heartless stared at the Teacup on the table and was slightly absent-minded. "Because he let me off."

Upon hearing this, Mie Zheng and the young man gasped.

That person's martial arts were actually better than constable heartless's!

The young man said unwillingly, "So What If I save you? He's a pirate. Everyone has to kill him!"

"No!" Constable Heartless's eyes were deep and profound. "I'm thinking that he's not a real pirate. He's a spy sent by some aristocratic family!"

Constable heartless initially thought that Su Yu had violated her.

However, after thinking about it carefully, if Su Yu wanted to violate her, why didn't he do it in his own bedroom? Why did he choose to do it in a remote place?

Then, it was actually to make it easier for her to escape, right?

Therefore, she was very sure of her guess.

"Spy? which noble family?"The young man's eyes flashed.

Constable heartless said indifferently, "After I looked through a lot of information, I was able to confirm which aristocratic family he came from. However, he let me off the hook. I'll keep it a secret for him this time."

The young man's eyes were filled with deep annoyance.

He did not care about any undercover. Anyone who dared to obstruct him from rescuing Xue Meng feiyu would be making an enemy out of him.

Looking at the young man, constable heartless said, "Also, I have some news that I might need to tell you."

She placed a jade seal on the table and stood up. She cupped her fists at the young man and said, "Tell your father that the mission has failed. He will return the favor next time."

After that, she disappeared from where she was.

The young man had a bad feeling and crushed the jade seal.

A scene was projected into the air. He saw Snow Dream flying in the rain with her naked body. Her eyes were filled with love as she leaned into the arms of a man. She even enjoyed sucking his fingers.

Seeing this scene, the young man's eyes widened, and his entire body could not help but tremble!

Chapter 2229 Begging To Be Recognized As His Master

"Feiyu!"He clenched his fists, the muscles on his face were shaking, and the muscles on his cheeks were moving up and down.

It could be seen that he was gnashing his teeth at this moment.

The scene ended here, and there was no follow-up.

But Feiyu had already done that with that man. What would happen after that?

Thinking of this, the young man could not contain his anger. It was as if a ball of fire was burning in his chest.

However, he was quite shrewd and didn't say anything else.

Mie Zheng's expression was dejected and his eyes dimmed.

Although he had expected it, it was still difficult to accept the fact that it had really happened.

Would a peerless character like his daughter end up well in the hands of the Pirate Alliance?

He looked at the young man and said, "Young Master Xia, I've Troubled You."

Although he was unable to save his daughter, he was still grateful for the help of the seventh exceptional family.

The young man was none other than Xia Ruchen.

After a short moment of anger, he had already regained his composure and said, "It's alright."

Seeing this, Mie Zheng secretly praised him. Despite suffering so much pain, he was able to regain his composure in just a few breaths.

He was worthy of being Xia Yi Temple's son!

Just this temperament of his meant that he was destined to achieve something that ordinary people could not compare to.

At the same time, his heart was gloomy. His daughter had lost her innocence. It was impossible for Xia Ruchen to marry her, right?

A proud son of Heaven had just missed the chance to marry into the sixth exceptional family.

"Uncle, I'll take my leave and return to the seventh exceptional family first."

Mie Zheng said, "Alright. The pirates came to ask for hostages. I don't have time to receive young master Xia personally. I'm sorry."

Xia Ruchen nodded and left with a complicated expression.

Mie Zheng sighed deeply and was silent for a long time. He slowly raised his head and his eyes were filled with determination.

"If the pirates inform us to come to negotiate, inform me immediately," Mie Zheng said.

Regardless of whether his daughter was still innocent or not, she was his favorite daughter.

He had to redeem her.

At that time.

Su Yu and the star Lady brought the snow dream flying rain to a certain place in the sixth exceptional family.

This place was quite a distance from the imperial residence.

He naturally came here to arrange an escape route in advance.

Otherwise, would he really swagger into the residence to exchange hostages?

Although he was confident in his own strength, he was not foolish enough to be conceited.

After several days of gathering intelligence, Su Yu found a few places where traces of the myriad sect beast would appear in the near future.

Swoosh --

One day, the three of them arrived at a cloud summit.

According to the intelligence analysis, someone had seen the ten thousand sect beasts here before, and the interval was one month.

After careful calculation, another three days would be one month.

At that time, the ten thousand sect beasts should appear here.

Once they obtained the resources, they could use the ten thousand sect beasts here to leave in time.

“Let’s head to the next location to confirm...”as Su Yu spoke, he suddenly saw a dense crowd flying over from the horizon.

There were nearly a thousand people. They were frantically chasing after them in groups, using all sorts of magical treasures and talismans to increase their speed.

Seeing that their cultivations weren’t high, and they weren’t even at the Dao master level, Su Yu didn’t immediately leave.

Very quickly, when they got closer, Su Yu and the other two only saw what they were chasing after.

They were actually chasing after a stone lion covered in rust!

That stone lion was very fierce. It would turn around and roar at them from time to time, appearing to be unruly and unruly.

A group of young elites, on the other hand, were filled with excitement and joy as they continued to chase after it.

The star lady immediately recognized it, and a hint of excitement flashed across her pretty eyes.

“It’s the heavenly lion of extinction!”

Xue Meng Feiyu was also extremely shocked!

She had just returned and she had already encountered the heavenly lion of extinction that was being chased?

Looking at the heavenly lion of extinction running towards her direction, Xue Meng Feiyu’s heart thumped wildly. This was a legendary innate spiritual beast that could grow to the level of the family head!

If she could make it acknowledge her as its master, it would be equivalent to having an extremely powerful pet in the future!

“Let’s go, there’s no point.”Su Yu said indifferently.

In the eyes of ordinary people, the heavenly lion was indeed very valuable, but to Su Yu, it was even less valuable than chicken ribs.

It would take him at least tens of thousands of years to become a clan master level Dao master, right?

For such a long time, Su Yu’s cultivation base had broken through to an unknown level!

Moreover, the current Su Yu had a sword technique that could exchange blows with a clan master level dao master.

Furthermore, with the constant cultivation of the Heavenly Dragon Dao body, he would surpass the sect master sooner or later.

Why would he need to raise a heavenly lion with limited potential?

What was the meaning of this? Xue Meng Feiyu thought that she had heard wrongly.

Even the sect master of an aristocratic family wanted the heavenly lion, right?

On the other hand, star lady was interested in beating up Su Yu. Others might think that Su Yu was conceited, but to star lady, Su Yu was just showing off his usual self.

It was just that Su Yu was standing too high up, so he was considered conceited.

But, the strange thing was.

When the heavenly lion saw Su Yu and the others, it was also prepared to turn around and escape in another direction.

But who knew that it seemed to have noticed something, and its eyes revealed a look of surprise. It actually quickened its pace and ran towards them.

In the end, before Su Yu and the others had left, it rushed over and lay in front of Su Yu. It kept rolling its body, and even stuck out its tongue. Its pair of eyes looked longingly at Su Yu.

The heaven-ceasing lion was full of intelligence and could discern the potential of others.

He looked down on the prodigies of the seven ultimate civilizations who were chasing after him.

But when he saw Su Yu, he saw Su Yu's shocking potential.

No, it was not shocking, but heaven-defying!

That was why the heaven-ceasing lion, such a proud spiritual object, ran in front of Su Yu and pretended to be cute, fawning over him, hoping that he would accept him.

This scene made Xue Meng Feiyu's eyes pop out.

Even star lady covered her mouth and exclaimed in disbelief.

It was not the first time she had heard of the pride of the Heavenly Lion.

Even if it met a master that it liked, it would have to beg him nicely before it would consider signing a contract and become his pet.

Moreover, even if it became a pet, it would be quite proud.

Its master might not be able to order it around every time.

It was said that there was once an overwhelming prodigy who obtained a heavenly lion. When fighting with the enemy, its master fought to the death while it played leisurely at the side.

No matter how much its master called for it, it was so proud that it refused to make a move.

In the end, it watched its master being beaten to death before it left.

She had never heard of a heavenly lion fawning over its master.

Except for now!

Snowdream Feiyu was also shocked.

Could it be that Su Yu's potential was very strong?

How strong could a lowly pirate like him be?

Snowdream Feiyu did not want to believe this.

However, she could not help but believe that the heaven-ceasing lion begged him to take her as a pet. This kind of extraordinary news was comparable to the gold and silver horses acknowledging the heartless iron as their master back then.

Su Yu frowned. "Get out of the way, get lost!"

He kicked the heavenly lion that was begging to be taken in, causing it to roll several times on the spot.

He could not be bothered to take in such a useless spiritual pet.

The veins on star lady's forehead twitched. She did not know why, but she had an urge to hit someone. This feeling was very strong.

The God pet that every Heaven's favorite in the world dreamed of taking the initiative to acknowledge Su Yu as their master, yet he kicked it away with disdain?

Star Lady felt that this kick was also aimed at her own face.

It was really better to compare goods than people!

Xue Meng Feiyu also widened her eyes. How could she treat a super divine beast like this?

She couldn't help but feel sorry for the Heavenly Lion.

Coincidentally, the group of Heaven's favorites caught up and watched as their heavenly lion was kicked away. While they were shocked, they had a feeling that their hearts were bleeding.

Divine beasts were meant to be protected, not kicked!

However, the heaven's end lion that was unruly towards them was really like a dog.

After being kicked away, not only was it not angry, but it ran over again. While pressing its tail, it acted cute and tried its best to please Su Yu.

From the looks of it, it couldn't wait to lick Su Yu's toes!

However, Su Yu was slightly unhappy. "Don't force me! With your potential, you are useless to me. Find another master!"

After saying that, he was about to leave when the heavenly lion pounced on him. He hugged his thigh and kept rubbing against it intimately. He was begging for mercy.

"HMPH!" Su Yu's eyes were slightly cold. He shook his right leg and sent the heavenly lion flying. He rolled on the ground for a few weeks and was covered in mud before he finally stopped.

"Don't Pester me anymore. Otherwise, I'll skin you alive and use you to make soup!" Su Yu turned around and left. He headed to the next location with a guilty conscience.

Star Lady and Xue Meng Feiyu left with Su Yu reluctantly.

The heavenly lion was left behind to wipe away its tears pitifully.

Seeing this scene, the hearts of many young elites were broken!

Was there anyone who bullied a divine beast like this?

They wished they could chase up and beat Su Yu Up!

A beautiful young lady with good potential stepped forward with a comforting smile and said, "Heavenly Lion, don't be sad. Come with Me, okay? I will treat you well..."

However, heavenly lion suddenly raised his head.

His pair of eyes revealed a human-like disdain.

Moreover, it even spoke in human language and said contemptuously, "A bunch of salted fish!"

After saying that, it glared with its four legs and fled.

The young woman was left behind with a stiff and awkward expression.

Many of the young elites were also quite angry.

It actually called them salted fish?

What was even more infuriating was that the heaven ceasing lion was obviously chasing after Su Yu!

It would rather be treated as a footstep by Su Yu's fresh fish than be treated as a treasure by a bunch of salted fish like them!

How infuriating!

However, even though the heaven ceasing lion's attitude was so bad, they still held on to hope and wanted to take the heaven ceasing lion as their own.

Su Yu methodically identified the locations where the myriad sect beasts appeared before finally setting off towards the direction of the imperial residence.

Two days later.

The imperial residence.

Exterminating Zheng Wuxin was meditating.

According to the heartless iron catcher, the pirates who came to negotiate should have already arrived nearby.

However, several days had passed, so why was there no notification of negotiation?

"Report, there are people outside the mansion who call themselves The Pirate Alliance. They are here with young Miss!"

There was actually such a thing?

Mie Zheng was somewhat in disbelief. They actually brought a hostage in front of them. weren't they afraid that they wouldn't be able to escape?

With a thought, he immediately flashed out of the mansion.

What entered his eyes was the image of a man who had made peace with his daughter and a young woman with a pink lotus mark on her forehead.

Finally, he saw his daughter, who looked nervous.

Seeing that she was safe and sound, Mie Zheng heaved a sigh of relief. He looked at Su Yu and Xing nu and said calmly, "What do you want? Just say it."

Chapter 2230 Double The Chips

Su Yu looked around at the people coming and going. "Sir, are you prepared to negotiate here?"

"Then, shall we enter the mansion to negotiate?" Mie Zheng asked.

"Sure!"

Mie Zheng found it unbelievable. After entering his mansion, did these two think that they would still be able to come out alive?

However, this was exactly what he wanted, so why not?

"Please come in!"

Under his arrangements, they sat opposite each other in the guest hall in a rather harmonious atmosphere.

Mie Zheng even called over the Dao Masters of the sixth exceptional family, a total of twelve dao masters.

They did not emit a trace of the aura of Dao Masters, but just by standing there, they gave off a suffocating feeling.

Even if a pirate leader personally came to negotiate, he would still feel great pressure, right?

However, Su Yu's expression was calm and there was no trace of nervousness on his face. He said, "I have brought the hostage. How much do you think she is worth as the successor of the Sixth Absolute Family?"

Mie Zheng looked at his daughter meaningfully.

For the sake of his daughter's safety, Mie Zheng did not act rashly.

After thinking for a while, he said very sincerely, "Name your price!"

Su Yu put down his teacup, raised his eyes, and said indifferently, "Half of the sixth peerless family's inventory."

From the beginning of its establishment until now, the resources accumulated in the sixth peerless family's treasury had probably reached an unimaginable level.

Half of it was probably several times more than the entire pirate alliance combined.

With those resources, Su Yu could completely build another pirate alliance.

"Half?" Mie Zheng laughed, "Are you joking?"

If they lost half, the sixth aristocratic family would definitely suffer a huge loss.

Although it wouldn't be a huge loss, their development would be much slower than the other six aristocratic families.

"Of course not." Su Yu said, "We aren't familiar with each other, we naturally won't joke with you."

Mie Zheng shook his head, "Half, too much! You killed my daughter in front of me, I Won't give it to you."

He didn't quite understand how this pirate, who was so stupid as to send the hostages to his mansion, had the guts to ask for half of the resources?

Such a ridiculous request, no one would agree to it, right?

Of course, Su Yu didn't expect them to agree.

Expelling such a high condition was naturally used to bargain.

"At most, I can only give you 1/10,000!" Mie Zheng said.

Su Yu shook his head, "Are you going to dismiss the beggars? Half!"

"Okay, 1/1000," mie Zheng said

"Half!" Su Yu didn't waver, his expression was resolute.

"1/100! No More!" Mie Zheng said.

When he came, Xie Xiaoyue gave him this number as his bottom line.

As long as he reached it, the mission would be completed successfully.

However, Su Yu wanted to gain the trust and favor of many pirates, so these were naturally not enough.

"I said, half!"

"Two percent!"

"Half!"

..

Both sides continued to bargain.

In the end, when it reached five percent, Mie Zheng did not increase.

Su Yu was satisfied.

Five times the bottom line was not bad.

Such a large amount of resources was comparable to the accumulation of one of the ten great pirates.

"Deal," Su Yu said lightly.

Mie Zheng was a little tired as he looked at the young man in front of him.

To be honest, if it wasn't for his standpoint, he would really admire such a young man.

Bargaining with the Twelve Dao masters without changing his expression.

Just his calmness alone wasn't inferior to any of the heirs of the Seven Uniques!

Why would such a figure become a pirate?

It was truly a pity.

The most unfortunate thing was that he didn't know what was good for him and had his hands on his daughter.

If he didn't, he would have considered recruiting her and letting her join the sixth family.

However, violating his daughter was an unforgivable crime!

A trace of killing intent lingered in Mie Zheng's heart.

However, there was nothing unusual on the surface.

"Alright," Mie Zheng said. The bargaining chip had been discussed, and the next question was how to make the deal.

"I'll transfer the resources in your treasury now." Su Yu said, "Three days later, I'll send a message to you, asking you to go somewhere and take the person away."

Mie Zheng was not surprised. He said, "Sure! Please follow me to the Treasury!"

Since it was a transfer, Su Yu naturally had to keep an eye on it personally.

Soon, the three of them arrived in front of a treasury that was heavily guarded.

Mie Zheng hinted to the Dao Masters to take the opportunity to attack.

There was a powerful spatial array in the treasury.

When the treasury door opened, it would activate by itself, imprisoning all those without the bloodline of the sixth absolute family.

In other words, Su Yu and star lady would be trapped in the spatial array at the first opportunity.

Taking the opportunity, one group of them would rescue Xue Meng Feiyu, while the other group would be responsible for capturing Su Yu and star lady alive. They would immediately search their souls to see if they had tampered with Xue Meng Feiyu's body.

The few of them exchanged a look and understood what they should do.

Mie Zheng's face was expressionless as he pointed at a certain opening formation in the Treasury, preparing to carry out his plan.

However, at this moment, a huge commotion came from outside the manor.

At the same time, a stone lion covered in rust actually ran into the manor in a panic, knocking its head against the Treasury door.

It cried out in pain and was bounced back by the treasury door.

Everyone was stunned. There were many experts guarding the manor in secret. How could something break into such a strict place like the Treasury?

However, when they took a closer look, many dao masters, including Mie Zheng, were all astonished.

“Heavenly Lion of extinction?” Mie Zheng was stunned for a moment before a blazing light appeared in his eyes.

If he could obtain a heavenly lion of extinction, after it was nurtured and matured, it would be equivalent to having a powerful combat strength that was not inferior to his own.

He had already sent the young elites of his clan to capture it.

He had never thought that it would actually run into the sixth exceptional family on its own.

It was truly the will of heaven... Ah..

What made extermination almost cry out “AH” was that the heavenly lion shook its head and immediately ran to Su Yu, wagging its tail and begging for shelter.

This scene left them dumbstruck.

With the pride of the Heaven’s end lion, it would actually beg to be taken in?

Impossible, this was impossible!

However, the reality was right in front of their eyes!

However, what made their eyes pop out of their sockets was that Su Yu kicked it away and said, “Are you really not afraid that I will cook you up and eat you?”

Upon hearing this, not only did the heaven’s end lion not give up, it once again ran over and begged to be taken in.

Mie Zheng and the others returned to their senses and looked at Su Yu with eyes filled with endless shock.

To be able to make the heaven’s end lion so eager to recognize him as its master, then just how powerful was Su Yu’s potential?

He was probably more powerful than any of the heirs of the seven ultimate civilizations, right?

At the very least, if Xia Ruchen was here, the Heaven’s end Lion would definitely not beg him like this.

Mie Zheng’s mind spun. In a short moment, countless thoughts appeared in his mind.

Finally, a subtle change appeared in his eyes.

Su Yu glared at the heavenly lion and said, “Exterminate conqueror, please continue.”

Exterminate conqueror nodded with a smile and tapped on the Treasury door again.

Therefore, when the treasury door opened, nothing happened.

The dao masters who were waiting for an opportunity were slightly stunned and did not act rashly.

What was going on?

The spatial confinement array had failed?

They secretly sent a voice transmission to Mie Zheng, but did not receive any reply.

After opening the Treasury, Mie Zheng took out ten storage rings and began to fill them up.

Soon, five storage rings were filled.

However, Mie Zheng did not have any intention of stopping and continued to fill the sixth one.

The Dao Masters hurriedly sent a voice transmission, “Patriarch, that’s enough, that’s Enough!”

However, Mie Zheng continued to fill the storage rings.

After the sixth storage ring was the seventh one.

After the seventh one was the eighth one..

In the end, the storage rings were filled to the brim with a total of ten storage rings before he stopped.

With so many resources, it was a full tenth of the sixth exceptional family!

This was double the amount of chips that they had agreed upon!

“Take the chips,”mie Zheng said.

Su Yu didn’t accept it and said, “What does family head Mie Zheng Mean?”

The chips that they had agreed on suddenly doubled!

Su Yu didn’t think that it was easy to take the extra double chips.

“Hehe, it’s nothing much. I just hope that one day, when the sixth elite family needs you, you can help us.”Mie Zheng smiled.

Su Yu’s light flashed. He somewhat understood what Mie Zheng meant.

He probably realized that Su Yu’s potential was shocking, so he decided to help him in the midst of a crisis and deal with their relationship in advance.

One day, when Su Yu rose to fame, he could return the favor to the sixth elite family.

After thinking for a while, Su Yu accepted all ten storage rings and said, “I can promise anything I can.”

“Deal.”Mie Zheng smiled.

After getting the chips, Su Yu said, “According to the previous agreement, after I leave, I will inform you to go to a place to look for Xue Meng Feiyu.”

“Sure!”

Thus, Su Yu did not encounter any obstacles and successfully left the mansion.

The heavenly lion still did not give up and followed obediently.

Leaving the mansion.

Star lady covered her mouth and chuckled, "I was really worried that Mie Zheng would keep you as his son-in-law."

She was smart and understood Mie Zheng's intention.

If conditions allowed, she had no doubt that Mie Zheng would keep Su Yu as his son-in-law.

Hearing this, Xue Mengfeiyu looked indifferent and didn't find it funny.

In her heart, the only person who was worthy of her was Xia Yian's son, Xia Ruchen.

Who else was qualified to marry her?

"Are you not convinced?" The star lady saw the slight disdain in Xue Mengfeiyu's eyes.

Xue Mengfeiyu said, "No! However, my heart belongs to someone else. I only love brother Ruchen for the rest of my life."

Xia Ruchen?

The star Lady did not think much of it. In comparison, was Xia Ruchen as outstanding as Su Ruchu?

Would the heavenly lion beg Xia Ruchen to become his pet?

No Way?

Su Yu could not be bothered with who Xue Mengfeiyu liked. He said indifferently, "Let's Go!"

According to the plan, Su Yu planned to place Xue Mengfeiyu in the opposite direction. That way, he would be able to lure away the people from the sixth exceptional family.

However, just as they left the city where the mansion was located and arrived at the outskirts.

Three rather powerful auras quickly caught up to them.

Two of them had already reached the dao master level, while the remaining one was a half-step dao master, but his aura was no weaker than the other two.

The most surprising thing was that he was abnormally young.

"Brother Ruchen?" Xue Mengfeiyu said in pleasant surprise.

She subconsciously wanted to walk over and throw herself into his arms, but Su Yu gently put his shoulder on her and said indifferently, "Don't go over."
