

Nine-Dragon 2241

Chapter 2241 Was Extremely Embarrassing

After hesitating for a moment, star lady jumped into it.

The crack closed immediately, not giving a second person a chance to pass through.

Su Yu's heart moved slightly. That statue was the key to entering the heavenly remains cave abode!

He immediately chased after the direction that the statue had escaped to.

Whoosh whoosh whoosh --

At the same time, three violent sounds of air being torn apart streaked across the sky.

Xie Xiaoyue and the others had finally caught up.

Moreover, their movements could easily attract others' attention.

Not long after, almost half of the Warriors in the city had noticed Xie Xiaoyue and the other two's abnormality.

That statue was also an extremely restless master. When it saw a beautiful woman, it would come forward to express its feelings of infatuation.

Moreover, it would casually give them a small gift.

As expected, those gifts turned into the same crack as before.

Bi Yun Hong Xian, Xue Meng Fei Yu, and the other beautiful women had already successfully entered the other end of the crack.

Regarding the lustful nature of the statue, Su Yu and the chasing crowd were speechless!

Of course, the one who was the most depressed was naturally xie Xiao Yue.

When that statue saw a beautiful woman, it would say something to tease them. After teasing them, it would send them to the true heavenly remains cave abode.

However, it would only run away when it saw Dao Xie Xiaoyue.

As a woman, one could imagine the blow that Xie Xiaoyue had received.

Was She not beautiful?

"Wait until we catch up to him. Don't make a move. Let Me Do It!" Xie Xiaoyue was inexplicably angry.

As the chase continued, everyone in the city sensed the truth.

This city was not the real heavenly remains cave abode.

And that statue had the ability to send people to the heavenly remains cave abode!

Thus, all the martial artists in the city began to chase after the statue.

Although the statue ran fast, how could it withstand the pursuit of everyone?

In the end, the statue was forced to the square where it stood at the beginning.

Facing the fountain, he stroked the long hair on his forehead in an elegant manner and said, “Ah! I’m So Beautiful!”

“Beautiful my ass! Pervert!” A bearded man who was unable to catch his breath cursed while panting heavily.

“Damn scoundrel! You flirt with pretty women when you see them, and you look disgusted when you see us men.” Another Dao Master who was running in a sorry state said fiercely.

“Damn it, I can’t stand this guy. Let me kill him with one strike!”

The favoritism of the statue attracted the condemnation of all the male martial artists!

The statue looked at the fountain in the mirror and said disdainfully, “Nonsense, you bunch of stinky men, do you still want my favor? Why Don’t you piss your pants and look at yourself in the Mirror!”

His words undoubtedly infuriated even more people.

“Kill him! !” Several furious Dao Masters could no longer hold back their temper and rushed over.

The statue raised its head proudly and snorted, “Kill me? Sure! But if I die, none of you will be able to enter the heavenly remains cave abode again!”

A purple mark suddenly appeared on its chest.

As the mark became clearer, a heart-shaped heart was revealed.

The heart continued to beat, emitting a very strange fluctuation.

That fluctuation was faintly similar to the fluctuation of the crack earlier.

“See? Only my heartbeat can open that crack. If I die, you will never be able to enter that crack again. Of course, the people inside will never be able to come out again.”

Hearing this, the Dao masters who had rushed over could not help but stop.

If that was the case, then this statue could not be touched!

The Dao Masters looked at each other. Emperor Pojun’s eyes flashed as he said, “The reason for your existence should not be just to teleport beautiful women in, right? How can we enter? Why Don’t you explain it clearly?”

The Other Dao Masters quieted down and looked at the statue, waiting to see how he would answer.

“You’ve finally understood!” The statue said proudly. He used his right hand to pick off his fingernails and said unhurriedly, “If you want me to open the door of

the heavenly remains cave abode for you, it's very simple. Just make me happy."

Make You Happy?

The dao masters immediately felt awkward. If the statue wanted something, it would be fine. As long as they had it, they would definitely give it to it.

After all, compared to the treasures in the heavenly remains cave abode, what did they lose?

But making the statue happy was really hard to fathom.

This statue had a strange aura all over its body. Who knew what would make it happy?

Emperor Po Jun also felt that it was difficult and said, "Can you be more specific? We... really don't know what to do."

The statue waved its hand unhappily. "What a bunch of uninterested men!"

The veins on the many dao masters' foreheads throbbed faintly.

Who would want to talk about interest with a statue?

"How about this, you guys come one by one. I'll make a request that will make me happy. If you can do it, then do it. If you can't do it, then change to the next one. How about it?"

Hearing this, the dao masters heaved a sigh of relief.

It was better to do something concrete than to tease the statue aimlessly.

"Then, who will go first?" The statue asked.

"Me!" Emperor Po Jun was the closest to the statue and was the first to strike.

As long as he entered the cave mansion earlier, he would have an opportunity to get the good fortune.

The dao masters behind him sighed and gathered around at the same time, trying to be the next one, afraid of falling behind.

Only Su Yu was at the back, neither too fast nor too slow.

He had the notes of Princess Dance and was very clear about the structure of the cave mansion.

He knew very well that there was not much difference between advanced and late entry in the cave mansion.

Even those who entered first might regret it.

The statue sat beside the fountain calmly and raised the teacup elegantly. "Look at you, big and burly. become my horse and ride around the fountain. What do you think?"

Emperor Pojun's pride of being one step faster was completely suppressed in his heart before he could show it.

His face was a little stiff, especially when he looked at the pitying gazes of the Dao Masters around him.

He forced a smile and said, "Can I ask for another..."

PA --

Before he could finish his words, the statue broke the Teacup in one go and said angrily, "I've already said the rules. If you can't do it, then get lost. Don't talk nonsense here!"

Emperor Pojun was so angry that his nose was crooked!

In the seven ultimate civilization, who dared to point at his nose and scold him like this?

He had tasted something new today!

However, when it was his turn to make a choice, emperor Po couldn't escape.

He could either really become a cow or a horse and ride around the fountain.

Or he could give up on the heavenly remains cave abode.

"Father..."the ravenous wolf king bit his lips, trying to persuade his father to give up.

Only he understood how his father cherished his face.

If he was humiliated like this, he would be embarrassed for the rest of his life.

"Ravenous Wolf, close your eyes."Emperor Po Jun interrupted him as if he was looking at death.

The Ravenous Wolf King lowered his head in pain and slowly closed his eyes. At the same time, he shouted, "All those belonging to the second absolute family, turn around!"

Their family head was about to sacrifice his dignity and make an unspeakable move.

The Dao Masters of the second peerless family immediately turned around, feeling ashamed.

Before long, they heard a plop, followed by the statue's Unbridled Laughter!

The greedy wolf king couldn't hold it in any longer. He turned around to take a look, and his eyes immediately reddened.

Chapter 2242 Aggressive

His father was kneeling on the ground like a horse, carrying the statue and circling around the fountain.

After circling around the ground, the statue still kept its promise. It drew a line in front of Emperor Pojun and a crack appeared.

Emperor Pojun didn't stop for a moment. He wished he could disappear from the world and jump into the crack in extreme discomfort.

"Who's next?"The stone statue said mockingly.

Hearing this, many Dao Masters hesitated.

“I’ll do it!” On the Pirate Alliance’s side, the Sea Wolf leader stood out after an intense struggle.

He had no choice but to give it his all!

Out of the ten great pirates, he was currently in the worst situation.

Not only was his vitality greatly damaged, his reputation had also been destroyed recently and he had become the laughing stock of all the pirates.

He urgently needed to make a comeback and change himself from then on.

The heavenly remains cave abode was his only chance.

Moreover, the most embarrassing request had already been used on Emperor Pojun, right?

If he had received the request, he might not be that embarrassed.

“You are, right?” The statue sized him up and said, “When you were chasing me just now, who shot an arrow at me and helped me lick my wound clean? Perhaps I would be happy.”

The Sea Wolf leader let out a sigh of relief. Although it still hurt his dignity, it was still better than Emperor Po Jun being treated like a horse?

He said seriously, “Excuse me, where is your wound?”

The statue turned around and pointed its butt at the Sea Wolf leader. “There! It’s up there!”

At a glance, the sea wolf leader’s face turned green!

It was actually * * * !

At this moment, he hated the archer to the bone. Who the F * ck could shoot so accurately?

In the crowd, Su Yu sneezed.

The archer was none other than Su Yu!

He used the bow of the sky to shoot an arrow at the back of the statue. Who knew that it would hit the center of the statue!

“Hey! I’ve been waiting for a long time. Are you going to lick it or not?” The stone statue turned its head in dissatisfaction.

The Sea Wolf Leader’s face was livid. He hesitated for a long time before he moved his mouth towards the statue with the determination of a hero who would never return.

However, just as he was about to kiss the statue, the Sea Wolf leader retracted his lips.

Then, he gritted his teeth and moved closer to the statue.

After some consideration and hesitation, he flung his sleeves and left. “Find someone else!”

After saying that, he walked away with a furious expression!

In the end, he still couldn’t bring himself to kiss the statue!

The stone statue was so angry that it blew its beard and glared at the statue. “You’re wasting my energy and time! Next, come over quickly!”

Everyone looked at each other, their faces filled with anger.

F * ck, who would dare to say such a thing!

In front of so many people, who would smoke? Who Wouldn’t need to live in a seven star civilization for the rest of their lives.

The stone statue was truly a disgusting person!

After waiting for a long time for no one, the stone statue put away its rear buttocks and said with a straight face, “You people, why don’t you know how to care for the weak at all? I’m injured, and you’re all taking so long to heal me.”

Are you trying to heal me?

To be honest, if it weren’t for the fact that the stone statue controlled everyone to enter and leave the heavenly remains cave abode, it would have been beaten out of its brain long ago!

“Forget it, let’s change the condition. Whoever calls me grandpa first can enter.”

As soon as he finished speaking, several voices of Grandpa rang out from the crowd.

“Hey! My good grandsons!”The stone statue grinned and said, “Come over here, you’re the fastest and the loudest!”

He pointed at one of the people in front of him and let him pass through the crack.

Then, the stone statue made a series of embarrassing requests.

For example, to help him bathe, to cut his nose hair, to help him wash his feet, and so on..

Everyone pinched their noses and finished with great difficulty, and then they were teleported to the heavenly remains cave abode one by one.

Finally, it was the Pirate Alliance’s turn.

The stone statue sneered at Xie Xiaoyue who had chased after him. It chuckled and said, “If you strip naked, I’ll Let You Go!”

Xie Xiaoyue had long expected that the stone statue would not easily let her go.

As expected!

It was impossible for her to strip naked in public.

She would not give up her dignity for the sake of wealth.

“In Your Dreams!”Xie Xiaoyue snorted coldly and stood by the side with a cold expression.

“You don’t agree? Fine, you guys, don’t even think about going in.”The stone statue shouted fearlessly.

The expressions of the Blue Phoenix leader and the others changed slightly. They were actually implicated.

Xie Xiaoyue frowned and said angrily, "Don't go too far!"

The stone statue crossed its legs and said indifferently, "I've changed my mind now. I need all of you to take off your clothes before I can let all of you go in together."

The male leader was still fine, but what was strange about a man revealing his body?

The ones who were in trouble were the women inside, such as Xie Xiaoyue and Qing Huang, as well as some female deputy leaders.

Almost everyone took off their clothes, leaving only the female pirates who gritted their teeth and did not dare to take off their clothes.

Su Yu was also not taking off her clothes.

"Why aren't you taking off your clothes?" When the stone statue looked around, it was surprised to find that a man was not taking off his clothes either.

"Young man, you're the only one left," the stone statue said calmly.

Su Yu smiled faintly, "That's enough fun. Don't drag everyone out."

When the stone statue heard that, it immediately loosened its shoulders and smiled, "Young man, you don't seem to understand the situation!"

Su Yu didn't say a word and slowly walked towards the stone statue.

The stone statue's eyelids twitched slightly, and it said in a threatening tone, "Kid, if I die, no one will be able to enter the heavenly remains cave mansion."

Su Yu smiled indifferently, revealing killing intent.

The stone statue quickly said, "Are you joking? I Am the key to the heavenly remains cave. You Can't do anything to me!"

However, Su Yu's eyes were as sharp as two sharp arrows, piercing through the stone statue's heart.

"Control? Who said that?" Su Yu's eyes were suffused with a faint star-like cold light. "The heavenly remains Emperor wants you to take the initiative to open the restriction when someone comes, and not allow you to play tricks on others."

The stone statue panicked and stammered, "Who... Are You?"

The Heavenly Emperor had arranged for him to welcome the people who came to the cave.

However, only he, the heavenly emperor, and a few of his enemies' trusted aides knew about this.

How did the silver-haired human know about this?

"It doesn't matter who I am. What's important is that you let us in immediately!" Su Yu said calmly.

The stone statue stared deeply at Su Yu. After a few changes in its gaze, it said in a low voice, "Unfortunately, Emperor Tianyi has already died. His orders are no longer effective!"

There was naturally a reason why he dared to be so arrogant.

Emperor Tianyi's absence from the mortal world was one of them.

He stared at Su Yu and said mockingly, "All of you can enter the heavenly remains cave abode unconditionally. Only this human will remain outside unless he licks my * ss clean!"

The stone statue was furious that Su Yu had exposed him.

The other pirates were overjoyed and entered through the cracks that appeared in front of them.

Before Xie Xiaoyue left, she warned, "Even if you can't enter, we still have so many people. We don't lack you. Don't make things difficult for yourself."

Sou --

Seeing that everyone had left and only Su Yu was left, the stone statue said sarcastically, "There's no one here now. You Can Lick as much as you want!"

Unexpectedly, not only was Su Yu not angry, but he even looked relaxed. He clenched his fists together and said to himself, "Finally, it's quiet. I can attack without any scruples!"

Chapter 2243 Forest Of Ten Thousand Bones

With someone around, Su Yu had to be more or less careful. He could not casually reveal the strength of his great accomplishment Heavenly Dragon Dao body.

But now!

There was no one around. He could try with the statue!

"What do you want to Do? Hit Me?"The statue's nostrils were facing the sky. It had an expression that said, "If you hit me, don't even think about it..."

Suddenly, Su Yu transformed into a golden half-human and half-dragon. He punched the statue's shoulder.

No matter how hard his stone body was, how could it block the attack of the Great Success Stage Heavenly Dragon Dao Body?

With a crash, the statue's shoulder was shattered.

"Ah, you really hit me?"The statue retreated in fear. "You... you can forget about entering the heavenly remains cave!"

Su Yu said calmly, "If I hit you, I can still enter!"

As he said that, he punched another hole in the statue's stomach.

The statue was really afraid and ran away.

However, how could he outrun the half-dragonized Su Yu?

After running a few steps, Su Yu caught up to him and broke half of his head.

"Ah! My beautiful long hair! Kid, just you wait, I'll find someone to beat you to death!"The statue ran away in anger.

After Su Yu taught it a few lessons, his heart was finally at ease.

He was utterly disgusted by this statue!

As for the heavenly remains cave abode, Su Yu's palm flashed, and a pitch-black bead appeared.

It was filled with an enormous amount of evil energy.

This object was precisely the evil king bead refined by the evil dragon.

Its purpose was to be able to overlook all the enemies' divine abilities, including the Dao master's domain.

"Open the crack!" Su Yu poured primal energy into the evil King Bead, and the evil King Bead immediately released pitch-black evil energy.

The evil qi condensed into the arm of the stone statue, imitating the movements of the stone statue, and slashed it from top to bottom.

Sure enough, he successfully learned from the stone statue and opened a crack leading to the cave abode of heavenly relics.

Su Yu recovered his human body, took away the wicked King Pearl, and entered easily.

On the other side.

The statue ran into a small alley, looked at the stream by the street, and said angrily, "Damn it, how can you be so ruthless to a beautiful man like me?"

He was full of resentment.

As he was muttering, the statue suddenly realized that two men's figures were reflected in the stream.

Looking Up, one of them was a very handsome young man.

The other was a rather ordinary middle-aged man. He was a character who would never look at others again if he was thrown into the crowd.

The statue was surprised. "There are still people who haven't left? HMM, just in time. Come, the older one, give me a back massage."

His boss ordered him impolitely.

"Father, are you saying that this statue is the key to opening the cave abode of Heavenly Relics?" The young man was none other than Xia Ruchen.

He looked at the statue suspiciously and said.

The identity of the middle-aged man next to him was obvious -- Xia Yi'an!

"HMM." Xia Yi'an nodded lightly.

They didn't chase after the statue like the others. Instead, they waited for the statue to be alone before showing up.

Xia Yi'an smiled at the statue. "You are the statue left by our ancestors, right? Can you let us into the cave abode of heavenly relics?"

He didn't pose any threat, but when the statue heard his words, it felt a chill on the bottom of its feet and couldn't help but tremble.

An inexplicable fear arose from the bottom of its heart.

"Okay... Okay!" The statue nodded in a daze. It didn't dare to act rashly. It opened the crack obediently and let the two of them pass.

Xia Yi'an smiled faintly and brought Xia Ruchen inside.

After they entered, the statue patted its chest and heaved a sigh of relief. "Oh my God, where did that man come from? Why does he look so much like the heavenly emperor?"

The resemblance he spoke of was not his appearance, but the invisible pressure he gave off.

The statue felt uneasy and found a new place to hide.

After experiencing Su Yu and Xia Yi Nunnery, the statue kept a low profile.

However, it had just found a cottage to hide.

Suddenly, a strong wind blew outside the cottage, and a terrifying aura that was as powerful as Xia Yi nunnery enveloped the cottage.

The cottage couldn't withstand the terrifying aura and collapsed directly, pressing the statue on the ground.

"Is it here?" A woman covered in flames landed on the statue and stepped on it, making it stick out its tongue.

In its heart, the statue was extremely resentful. Why was it me who was injured?

Zhan wushuang nodded and looked around. Finally, he lowered his head and looked at the statue under his feet with a strange feeling. "Strange, it seems like the entrance to the heavenly remains cave mansion is on this statue?"

The flaming woman lowered her head and said expressionlessly, "Is it this stone man? We'll know after we cut him open and examine him."

As she said this, the flaming woman was about to make her move. The statue was so frightened that its soul was gone. It hurriedly drew two cracks in front of the two of them and said, "Inside is the heavenly remains cave abode. Please come in!"

At this moment, the stone statue was almost about to cry!

The flaming woman looked at the stone statue with slight pity. This glance made the stone statue's hair stand on end, as if a frog was being stared at by a poisonous snake.

Luckily, the flaming woman didn't do anything unnecessary and entered the crack with her hands behind her back.

Zhan wushuang followed closely behind!

After the two entered, the statue patted its chest and said, "Oh my God, another ruthless character has come. I'd better hide as soon as possible!"

Inside the Heavenly Legacy Cave abode.

Su Yu looked at the scene in front of him in shock.

This was quite different from the cave abode he had imagined.

He had imagined that the heavenly emperor's cave abode should be well-organized and filled with the creatures he had created.

However, what he really saw was a place filled with giant skeletons and a wicked aura.

The world was dark and lightning flashed and thunder rumbled occasionally.

Under the flashing lightning, there were giant skeletons that had been displayed for an unknown amount of time.

“What kind of creatures are these?” Su Yu pondered. Not only were they huge, but their bodies were also filled with an extremely wicked aura.

Moreover, this evil aura gave him a vaguely familiar feeling.

He did not have time to think too much. The place where he appeared was a muddy swamp.

The swamp was not dangerous to Su Yu. What was dangerous was that there were many creatures hiding in the depths of the swamp that were filled with strong evil aura.

They sensed Su Yu's aura and crawled out one after another.

He looked around and broke through the air to the west.

Two hours later, he stood on a huge skeleton. Looking down, he could see a forest of white bones.

“Concubine Dance's handwritten letter is indeed true. There's a forest of ten thousand bones here.”

According to the handwritten letter, there were six treasure lands in the heavenly remains cave mansion.

The forest of ten thousand bones was one of them.

Compared to the other five treasure lands, the forest of ten thousand bones was the least dangerous, but it had a lot of good items.

“My Luck isn't good!” Su Yu sighed.

He wasn't interested in the emperor's collection.

The most important thing was the emotion severing platform!

However, the emotion severing platform was extremely far away from this place. The location between the two treasure lands was the southernmost and northernmost.

However, since he was here, he naturally had to go in and take a look.

He arrived in front of the forest of ten thousand bones in a flash.

He saw several figures hovering in front of the forest of ten thousand bones.

Among them, there was star lady!

Su Yu smiled. Just as he said, coming early might not necessarily be useful.

It was true that the forest of ten thousand bones was a treasure ground, but it was not so easy to enter.

Chapter 2244 Venturing In

Su Yu's arrival naturally attracted their attention.

Star Lady's eyes lit up and she immediately ran over with a smile. "Leader Su, what a coincidence!"
What a coincidence!

Su Yu slightly nodded his head and looked at her.

The two of them understood each other's intentions and did not mention each other's identities.

"Another pirate!" Beside the forest, there were three dao masters and three young men.

Their faces were unfamiliar. They should be dao masters from other than the first, second, and sixth aristocratic families.

Of course, they did not know Su Yu.

Perhaps they had heard of his name, but they might not know him.

Su Yu ignored them. Instead, he came to the edge of the forest of ten thousand bones.

After taking a closer look, he realized that the forest of ten thousand bones did not only have a few huge bones that could be seen in the distance. In the forest, the ground was densely packed with sharp bones of different sizes.

They were like bamboo shoots that emerged from the depths of the ground.

What was shocking was that right in front of him, there were three bloody corpses that were ten thousand feet into the forest.

Either their heads were pierced through by the bone spikes, or their chests were pierced through. Their bodies were suspended in the air at a height of a thousand feet, dripping with blood that had yet to dry up.

Combined with the endless bone spikes in the forest of ten thousand bones, it made people panic.

"The bone spikes in here are alive." Xing nu only said one sentence as her beautiful eyes turned solemn.

After she arrived at the heavenly remains cave abode, she coincidentally met an extremely rare divine beast in the outside world. Its level was not inferior to the heavenly lion at all.

Hence, she immediately began to chase after it.

Along the way, the members of the aristocratic families in front of her also discovered that they had all joined in the fight.

In the end, the divine beast charged into the forest of ten thousand bones.

Among them, a dao master from an aristocratic family was confident that his cultivation base was not bad. He led two juniors and charged in.

It was not a big deal when they just entered. When they were 30,000 meters in, dense bone spikes emerged from the ground.

Although the DAO Master tried his best to escape with his people, the further they went, the sharper the bone spikes became. Even the dao master's domain could not resist them.

In the end, they would end up like this.

All three of them were pierced by the bone spikes and died with their eyes wide open.

Su Yu was thinking about the manual in Princess Dance's book, which recorded the method to safely walk in the Forest of bones.

The only way was to have no way!

Unless one's physique was strong enough to not be afraid of the bone spikes, no one could enter.

"Two pirate friends over there." Among the six people of the aristocratic family, an old woman in red walked over and greeted them with a pleasant expression.

Su Yu nodded. "Do you have any advice?"

The old woman in red smiled and said, "Since we're both in the heavenly remains cave abode, I think we can put aside our status for now. We might as well work together and enter to take a look. What do you think?"

Su Yu was very curious as to what kind of divine beast they were chasing after.

A Dao master had already died, yet they still had to take the risk to go.

He glanced at star lady from the corner of his eye. This woman was probably hiding something from him.

"Of course we can cooperate. Please tell us your methods." Su Yu shared Xiao Die's perspective, but he could vaguely see a faint blue ball of light. It should be a good item at the Dao artifact level.

This item was right in front of him. How could he miss it?

The red-clothed old woman let out a sigh of relief and said, "I have a magic treasure called the eight desolation heart. Once it is used, it will produce a very powerful defensive power. We have tried it before, but even the patriarch was unable to destroy it in one strike."

It sounded like the magic treasure was of an extraordinary grade.

It should be a dao artifact, right?

"Since you have such a powerful magic treasure, why are you looking for the two of us?" Su Yu asked.

Actually, from the name of the magic treasure, Su Yu already had a guess.

“The eight desolation heart needs to be controlled by eight experts at the half-step dao master level and above at the same time. Only then can it be unassailable. If one person is missing, it will reveal its flaws.”

Hearing this, star Lady’s beautiful eyes flickered slightly, but she looked at Su Yu with an attitude of obeying him.

The red-clothed old woman watched this scene without batting an eyelid.

Su Yu naturally had no reason to refuse.

“Sure!”

The red-clothed old woman smiled lightly and took out a bronze piece. On it were words inscribed with a seal.

“This is the control method of the eight desolates heart. Young Master Su, familiarize yourself with this star Lady.”

The control method was not difficult. As long as one followed the normal force and frequency, one could infuse the power of desolates into a certain location in the eight desolates heart.

After a few attempts, the red-robed old woman took out a bronze ball.

It was only the size of a palm. After she blew on it, the bronze ball immediately expanded by a hundred times.

It could fit eight people inside.

Eight rings appeared on the outside of the bronze ball.

Each ring was bigger than the other, like the eight trajectories of a star, protecting the innermost ball.

The eight people entered.

Each of them occupied a position with a crystal tablet.

“Remember, don’t stop halfway, or you’ll expose your weakness and let those bone thorns in,”the old woman in red reminded.

He mainly told Su Yu and Xing Nu.

The other five people had no change in expression.

Although they couldn’t see anything from their expressions, deep worry and rejection were still hidden in their eyes.

If it wasn’t necessary, they wouldn’t have chosen the two pirates, Su Yu and Stargirl, right?

“Begin!”The old woman in red shouted in a low voice.

The eight people poured power into the stone tablet in front of them at the same time. The eight rings outside the copper ball began to rotate slowly and quickly.

The trajectories of the iron rings were all different. They revolved around the ball continuously.

When they rotated at a fast speed, the eight iron rings formed an impenetrable shadow that protected the entire copper ball.

Under such a high-speed rotation, it was likely that an expert at the level of the family head would find it very difficult to break through with one attack.

“Everyone, don’t Panic!”The red-clothed old woman said, “With the defensive power of the eight desolate heart, there shouldn’t be any problems!”

The few of them nodded and immediately began to move forward.

The copper ball entered the forest of bones under the eight trajectories.

At first, it was quiet, and the bone spikes around it did not move.

However, as they had said, when they reached 30,000 feet.

A strange scene appeared. The dense bone spikes nearby were like white snakes, sharp and rapidly shooting over.

Ding Ding Ding --

In an instant, the tracks outside the copper ball were filled with the dense sounds of torrential rain crashing into the autumn pond.

Everyone’s hearts thumped when they heard this. They were instantly at a loss.

These bone spikes were terrifying objects that could penetrate the body of a dao master.

If one of the eight of them were to be careless, all of them would die.

Fortunately, just as the red-robed old woman had said, the eight desolation heart successfully withstood it.

The red-dressed old woman’s old face still had traces of nervousness as she said, “Keep calm. Let’s continue.”

Just like that, the group of people shuttled back and forth.

However, the deeper they went, the sharper and sharper the bone spikes became. They also became larger and larger.

Even though they were unable to pierce through the desolate heart, they were still able to knock the entire copper ball around, causing them to completely lose their direction.

After experiencing numerous huge impacts, the problem they were worried about finally came!

The outermost ring had withstood more than half of the attacks.

After being attacked by a huge bone spike, it finally let out a whimper that couldn’t bear the weight.

It was a sign that it was about to break!

This sound was like an iron nail that pierced into everyone’s hearts.

A flaw finally appeared in their calm hearts.

"I don't want to die." One of the youngest three-eyed men's eyes was filled with panic.

There were already people who couldn't hold on anymore!

Su Yu secretly frowned. He didn't have anything to panic about. If he couldn't use the eight desolation heart, he could still rely on his perfected Heavenly Dragon Dao body to force his way in.

Although it would be much more dangerous, it was more than enough to save his life.

"Don't Panic..." the red-robed old woman said, intending to kill everyone in the Dark Mansion.

Crack --

However, at this moment, a huge bone spike that was a thousand feet thick and a hundred thousand feet long pierced out of the ground without any warning and stabbed into the eight desolation heart.

The entire desolate heart was sent flying from the ground to the sky above the forest of bones.

The outermost ring finally lost control and broke with a crack.

A twisted and broken ring slowly came to a stop.

The moment it stopped, the seventh ring was exposed, and it was immediately attacked like a storm.

Furthermore, because it had lost the protection of One Ring,.

Many of the bone spikes finally succeeded in attacking the copper ball.

Hearing the loud boom outside, everyone became even more panicked!

Especially the three-eyed man. His palm kept trembling, and even the primal power he released became intermittent and unstable.

Bang --

Finally, after experiencing all kinds of attacks, the seventh ring could not withstand it and broke on the spot.

The copper ball itself suffered more attacks.

"Ah! I don't want to Die! I don't want to Die!" The three-eyed man roared in despair. The primal power in his body went out of control and could not be injected into the ring in time.

Therefore, the sixth ring suddenly stopped rotating.

The pressure of the other five rings, which were already unable to withstand the attack, suddenly increased, and continuous whining sounds were heard.

PA --

Finally, the copper ball could not withstand the attack and was pierced by a bone spike.

Coincidentally, the direction that the bone spike pierced was where the three-eyed man was.

He was pierced on the spot and taken away by the bone spike.

In the sky, the three-eyed man's shrill cry was still lingering..

The moment he died, almost everyone in the copper ball panicked.

The prehistoric power that was instilled in them started to show signs of instability.

As a result, the five remaining rings began to slow down.

At the instant they slowed down, the bone spikes that filled the sky attacked like a storm and completely destroyed the five rings.

The copper ball was finally exposed in front of the bone spikes.

Bang Bang Bang --

The dense bone spikes pierced the copper ball and gave off a muffled sound like fried beans.

Countless dents could be seen on the surface of the copper ball with the naked eye.

Before long, the entire copper ball would be completely crushed!

The red-clothed old woman's face was deathly pale. She had overestimated the eight desolates heart and underestimated the forest of ten thousand bones!

There was no way forward, no way back, and she was in a dilemma!

Unless, a miracle was about to happen.

However, a miracle obviously wouldn't happen.

Hong --

With a loud bang, there was finally a direction that couldn't withstand the airtight attack, and the copper ball was blasted open.

Hundreds of bone spikes pierced through like lightning.

The two nearest dao masters did not even have the time to resist before they were pierced through like hedgehogs and taken away.

When this bone spike was pushed out, hundreds and thousands more bone spikes entered.

In the red-clothed old woman's eyes, only the bone white that made people despair was reflected..

Chapter 2245 What Is Fate

Seeing the endless bone spikes surging in like a tide, Su Yu had no choice but to give up on controlling the eight barren heart.

With a wave of his hand, he pulled out the sin sword.

The sin sword was the sharpest sword in Su Yu's hand. There was no other sword like it!

“Sinkhole!”

With a sweep of the sword, a sword shadow that was like an ink cloud swept across Su Yu's body like a tornado.

The bone spikes that were close by were all cut and broken.

With the obstruction of Su Yu's sword, the red-clothed old woman and the others had bought some time to recover.

They all used their special abilities.

The red-clothed old woman immediately used her domain and at the same time, she took out her shield to block in front of her.

The three half-step Dao Masters, including star Lady, also used all of their abilities.

The most eye-catching one was star lady. She pointed at the center of her brows, and the pink lotus mark once again turned into a real object. It didn't spin quickly on its own.

The petals of the lotus flower were like sharp blades, cutting off all the bone spikes that were attacking them.

The group worked together and barely managed to cut off the bone spikes that were attacking them.

However, this was just a drop in the bucket.

The damaged gap from before had more than doubled. As more and more bone spikes were stabbed in, the gap continued to expand.

They could not hold on for too long!

Just as the red-robed old woman and the others were feeling desperate, star Lady, who was the closest to the hole, suddenly found a strange place through the hole and said, "There are two caves there!"

Following her gaze, she saw that it was as she had expected.

They were heading to the edge of the forest of ten thousand bones. Further ahead was a flat land that stretched as far as the eye could see.

And above the land, there were two huge caves that were side by side.

"Have we returned to the edge of the forest where we came from?" A half-step dao master asked in confusion.

"No!" The red-robed old woman's eyes lit up with hope once again as she said excitedly, "While these bone spikes are pushing us up into the air, they are constantly pushing us forward to reach the other end of the forest."

"Hold on, we are going to be pushed out of the forest soon," the red-dressed old woman shouted.

At the moment of life and death, they naturally did not dare to slack off and clenched their teeth to hold on.

Finally, when the entire copper ball was riddled with holes and was about to be shattered into pieces of iron, the copper ball suddenly became light and fell crazily to the ground.

With a loud bang, Tongqiu crashed onto the ground.

The few of them crawled out of the broken copper ball in a sorry state.

They looked at the forest of ten thousand bones behind them.

The bone spikes were like white snakes that were slowly retracted. In the end, they turned into hard bone spikes and did not move at all.

Those who did not know the truth would only end up dead.

The old woman in red let out a long sigh. They had finally saved their lives. It could be said that they were very lucky this time!

“Clan elder, Look!” Suddenly, a young man pointed at the ground not far away.

Su Yu followed his gaze and saw traces of a row of cat claws.

The traces were very clear. They should have been left not too long ago.

Star Lady also noticed that the light in her eyes flickered slightly.

The red-robed old woman’s face was also full of joy. She was about to say something when her heart moved as she looked at Su Yu and star Lady.

Her gaze changed repeatedly. Traces of killing intent flashed and disappeared.

In the end, her gaze returned to calmness as she smiled and cupped her fists. “The two of you, from now on, we’ll go our separate ways! Farewell!”

After saying this, she took the lead and led the two juniors to chase after the Cat Paw Print.

The two juniors were both men, and they had extremely large ears.

One of the older ones had already transformed his body and soul, and only his laws had yet to be transformed.

“Clan Elder, why did you let them go?” The bracelet in the cat’s mouth was worn by the Heavenly Emperor himself. Even if they can’t win against us, if news of this gets out, our third aristocratic family will still be in trouble in the future,” he said thoughtfully.

Another junior agreed, “That’s right. Are you thinking of working together? If that’s the case, then there’s no need for that, right? They relied on us to successfully come here. Now, they’re all relying on their own abilities. They Can’t blame anyone for dying in the hands of the clan elders.”

It was laughable to say that.

It was as if only Su Yu and Xingnu were basking in their glory.

Could it be that without Su Yu and Xingnu, their group could activate the eight Desolation Heart?

It couldn’t be?

The red-clothed old woman’s expression was indifferent. “Do I need the two juniors to teach me the principles of doing things?”

The two juniors were stunned. The older one asked in surprise, “Then why did the clan elder let them go?”

After a moment of silence, the red-clothed old woman said in a serious voice, "I'm afraid that I might not be able to do anything to those two!"

There was a hint of fear in her expression.

"It can't be. The Clan Elder is a dao master. Those two are half-step Dao Masters. In front of the clan elder, they would be reduced to ashes with a flick of a finger," the younger one said in surprise.

The red-robed old woman shook her head slightly. "You don't understand! Those two are definitely not ordinary half-step Dao Masters!"

Only then did the two juniors reveal serious expressions.

In the entire seven ultimate civilization, there was actually someone other than Xia Ruchen who had the ability to resist a dao master.

It was truly unbelievable!

"Is it that man?" A junior asked, "The black sword in that person's hand is of an extraordinary grade!"

"No!" However, the red-robed old woman said, "It's just a Dao artifact that lost its master. It can't display much power. I'm talking about that woman."

She did not see how powerful Su Yu was.

Instead, it was the star lady who gave her some clues.

"She should be the celestial maiden from the Sacred Lotus Star!" The red-robed old woman said. "A few years ago, I accidentally received a secret message. This year's celestial maiden seems to have an empty star constitution. Once it's unleashed, it's enough to instantly kill an Ordinary Dao Master!"

What! !

The two juniors sucked in a breath of cold air.

The empty star Constitution was the highest constitution in the sacred lotus star, and it had the heaven-defying ability to temporarily increase one's cultivation.

However, since ancient times, only the founder of the Sacred Lotus Star, the Celestial Maiden, had such a constitution.

This year's celestial maiden actually possessed such a terrifying constitution!

No wonder the red-clothed old woman did not act rashly. Otherwise, if the other party fought to the death, it was really uncertain who would die.

"Alright, quickly chase after that cat." The red-clothed old woman looked at the footprints that extended into the distance and said in a deep voice.

On the other side.

Star Lady's eyes turned slightly as she looked at Su Yu and said, "What plans do you have?"

Her words had the intention of parting ways with Su Yu.

It seemed that she was unwilling for Su Yu to join in the fight for that cat!

"I'm just looking around," Su Yu said indifferently.

Star lady nodded slightly and said, "Alright then, see you later."

She cupped her fists slightly and stepped on the lotus flower as she chased after the Cat Paw Print.

After they were far away, she turned her head and forgot about Su Yu, who was already invisible. She pursed her lips and smiled, "I'm sorry, the good fortune is right in front of us. One less powerful competitor means one more hope."

However, she didn't know that Su Yu had Xiao die to share the view and could locate the direction of the treasure.

At the same time, there was a description of avoiding danger in concubine dance's handwritten letter.

For Su Yu, the treasures here were as easy as taking something from a bag.

Following Su Yu was a great fortune.

Unfortunately, she gave up!

Chapter 2246 Fighting The Bloody Man

Su Yu, who was far away, shrugged and looked around with Xiao Die's perspective.

Finally, he landed on the left side of the huge pit.

There was a blue level treasure in his perspective.

"Concubine Dance's record is right. In the left side of the pit, there is Emperor Tianyi's fierce Soul Stone!" Su Yu nodded slightly and then took another direction and went straight to the cave.

When he got closer, he found that the cave was extremely huge.

Standing at the edge, he could not see the other side of the cave.

In the cave, there was a heavy aura of death, and it was also filled with evil qi and unknown bones.

He jumped into the cave.

He followed the cave and went deeper underground.

At that time.

Outside the forest of ten thousand bones.

Zhan Wushuang and the flaming woman arrived.

Their luck was not good as they were teleported to the vicinity of the forest of ten thousand bones.

“According to my senses, the divine seat of Heaven and Earth is in the northernmost part of the forest. We have a long way to go.” Zhan wushuang said.

“The northernmost part?” The Flaming Woman’s gaze passed through the forest of ten thousand bones. “In order to save time, let’s go through this forest.”

Zhan wushuang looked at the several corpses hanging in mid-air in the forest and frowned slightly.

This, wouldn’t it be a little dangerous?

If the flaming woman’s room hadn’t discovered those corpses, she would have walked into the Forest of bones at a moderate speed.

As she had just entered 30,000 feet, those bone spikes had indeed undergone a strange change and pierced towards the flaming woman.

She sneered and sucked on her finger in a particularly charming manner. She sneered and said, “A mere evil creature dares to be impudent in front of me!”

She squatted down and gently tapped on the ground with the finger that she had sucked on.

In an instant, endless flames gushed out from the ground, burning all the bone spikes in an instant.

The temperature of the flames was extremely high. The bone spikes that even dao masters could penetrate were like snow that met with flames. They instantly melted into white rain water and scattered all over the ground.

In the rainwater, white flesh bugs filled with evil energy could be seen with the naked eye.

They were the ones controlling every bone spike and killing anyone who trespassed.

“You overestimate yourself.” The flaming woman took a step forward and trampled the bugs to death. Then, she took a step forward.

With every step forward, raging flames rose up in front of her, melting all the bone spikes.

Not to mention being attacked by the bone spikes, all the bone spikes avoided her in advance, fearing that they would be burned to death.

Just like that, the flaming woman strolled casually to the other end of the forest.

“Oh? Two Caves?” The flaming woman was slightly surprised. “What is that Heaven’s legacy guy doing?”

She could already see that the two caves were unusual.

After thinking for a while, she smiled. “Since we’re here, let’s take a look. Let’s go.”

She chose the cave on the right.

Unfortunately, the cave on the right was where star lady and the old woman in red were chasing after the kitten.

Speaking of which, Su Yu.

After a whole day's journey, they finally arrived at the deepest part of the cave.

At the bottom of the cave, snow-white bone powder was everywhere. It refracted a pale light and illuminated the bottom of the cave.

A nameless tombstone stood at the center of the bottom.

Su Yu looked over and saw a line of words on the nameless tombstone.

“When the sea reaches its end, the sky will be the shore. When the mountain reaches its peak, I will be the peak!”

Su Yu couldn't help but laugh as he thought about it carefully.

If these words were the epitaph, it was enough to show the owner's confidence when he was alive.

However, such a person was buried at the bottom of the nameless cave, and he looked down and desolate, which didn't match the epitaph.

Su Yu shook his head and looked at the southeast corner of the bottom.

There was a small door that had been opened artificially. The blue gas that he sensed was behind the door.

When he came to the door, he tried to break it open. However, the material of this door was surprising. It was actually condensed from the material of a Dao artifact. Even a dao master would find it difficult to forcefully break it open.

Su Yu used his great success Heavenly Dragon Dao Body to smash the door with a punch.

Even the Master Level Dao master would need to increase his strength, but he only left a shallow fist mark on the door.

As long as the door was more than one foot thick, Su Yu would need at least ten days to break it open.

It was obviously not worth it to delay the divine seat of Heaven and Earth for a Dao master level treasure.

Just as Su Yu was about to give up, a slight cracking sound came from behind him.

He turned his head and saw that it was actually the headless tombstone. A finger-wide crack had opened in the middle.

A large amount of blood flowed out from the tombstone.

In an instant, it condensed into a small blood pool that was ten feet long on the ground.

Gulp --

Suddenly, a bubble appeared from the blood pool. Following that, more and more bubbles appeared. The entire blood pool seemed to be boiling.

What was even more shocking was that the blood in the blood pool seemed to have come to life. It adhered to the bones nearby and wrapped them into its body. Then, it formed a human-like shape that was twenty feet tall.

It had all five features, body, and limbs.

It could even speak. Its voice was blurry and evil. "To enter the Heaven Chamber, you have to pass through Me First!"

A square heavenly halberd slowly condensed in the blood man's hand. Its entire body emitted a terrifying aura that was not weaker than the DAO Master of the family.

Su Yu narrowed his eyes slightly. The blood man in front of him was not a living creature.

It was a temporary body formed by an evil spirit with a remnant thought.

"Me? Who Are You?" Su Yu guessed.

"The Heavenly Emperor."

Su Yu's pupils constricted.

The remnant thought in front of him was the heavenly emperor himself?

But he immediately denied it.

How could the DAO blood left behind by a true heavenly emperor be the same as the one in front of him?

"The door to the heaven chamber can be opened after passing through you?"

"Yes!"

Su Yu gripped the sin sword tightly and said indifferently, "Then I'll let you die once more."

The bloody figure sensed Su Yu's attack and quickly waved the ancient halberd, drawing a mysterious path.

Su Yu's sin sword swept across, "Day and Night!"

The simple sword contained a supreme sword intent as it slashed through the path and landed on the bloody figure.

This sword was supposed to destroy its remnant will and make it completely disappear.

However, tens of thousands of arrows condensed from blood suddenly shot out from its bloody body and attacked Su Yu in all directions.

Su Yu's expression changed slightly. He immediately used the space law to distort the space in front of him, causing the arrows to shoot elsewhere.

Without waiting for Su Yu to take a step forward, the bloody figure's body suddenly exploded and turned into a ball of blood that shot toward Su Yu in an enveloping manner.

Su Yu's expression didn't change. He clapped his right hand and a large amount of sand shot out from the gourd at his waist to block in front of him.

However, the blood could be said to be all-pervasive. It immediately soaked the sand and sprayed it toward Su Yu, who was at a close distance.

Seeing that there was no way to dodge, Su Yu immediately used the three-zhang small world.

Pu, Pu, Pu --

With that, the blood stopped outside the three-zhang small world and couldn't take another step forward.

Taking this opportunity, the evil sword in Su Yu's hand changed into a crystal sword. "Unbounded karma flame!"

A mysterious flame emerged from the sword.

As soon as the unbounded karma flame appeared, it immediately vaporized the blood.

The rest of the blood seemed to have met its nemesis. It retreated rapidly and condensed into a bloody man again.

Compared to before, the bloody man was three to four inches shorter.

Chapter 2247 Fiery Red Bracelet

Su Yu was secretly shocked. The Bloody Man's strength was beyond his expectations.

If it weren't for the unbounded karma flame, which could restrain evil things, it probably wouldn't have been able to do anything to him!

The bloody man was in pain. He looked at the unbounded karma flame with slight vigilance and attacked again without fear of death.

What was different from before was that the bloody man's entire body released a layer of powerful bloody light, which enveloped the entire 30,000 feet around him.

Under the cover of the Blood Light, the evil things hidden deep underground were all absorbed and infused into the blood man's body.

His cultivation had already increased at a crazy speed.

In just a few breaths, he had already surpassed the level of the family head and reached an extremely high level.

Su Yu's face flashed with shock.

It wasn't because of how high his cultivation had become. It was because he had used this move of the blood man a long time ago!

And that was... The Evil Ghost Bloodline!

This was a unique ability of the ghost clan!

Once, Ling Xiaotian had injected this bloodline into Su Yu's body.

Time passed, and he was able to encounter the evil ghost bloodline again, causing Su Yu to be slightly dazed.

What he didn't quite understand was when did the remnant soul of the Heavenly Emperor become a ghost clan?

Or could it be that the Heavenly Emperor was a ghost clan?

While he was thinking, the bloody figure had already rushed over with an unparalleled aura.

With Su Yu's cultivation, he was no match for him.

With a light sigh, Su Yu took out two large bottles of blood.

Each bottle contained ten thousand dao master's blood.

He chose one bottle and crushed it. The ten thousand drops of Dao master's blood floated in front of him.

His right hand flashed with a bright light and the nine-jade spirit pearl appeared.

A layer of suction force circled around the nine-jade spirit Pearl, instantly devouring the Ten Thousand Drops of Dao Master's blood.

The entire nine-jade spiritual pearl released an emerald glow, enveloping the blood man.

Instantly, not even a scream could be heard. The remnant will in the blood man's body was destroyed without any warning.

His body turned into a ball of blood again, and then it quickly turned fishy and black.

With no other choice, Su Yu activated the eye of death of the Heavenly Dao.

Although the blood man was powerful, his soul was only a remnant will. How could he resist the power of death of the eye of death of the Heavenly Dao?

As soon as he died, there was a creaking sound behind him. A ten-meter-thick door slowly rose, revealing a demonic purple light.

Inside the purple light was the heaven chamber that the bloody man had mentioned!

After putting away the Heavenly Dao Eye of death, Su Yu entered the Heaven Chamber.

At that time.

At the bottom of the deep pit on the right, star Lady and the old woman in red were fighting a giant monster made of white bones.

The two young men that the red-robed old woman had brought with her were already decapitated.

Only the two of them were left, struggling to hold on.

The white bone monster had suddenly appeared, catching the four people who had just arrived at the bottom off guard.

The two young men were ambushed and killed on the spot.

By now, Stargirl and the red-robed old woman had both reached their limits.

This was especially true for the red-robed old woman. Her Dao master power had been exhausted, and her dao artifact had been destroyed by the giant monster.

"Stargirl, if you don't act now, when will you?" The red-robed old woman roared.

Stargirl gritted her silver teeth. "Old Thing, move aside!"

She took a deep breath, and the lotus mark between her brows suddenly rotated. The sharp horns of the eight lotus petals each extended out a pink line that spread throughout Stargirl's body.

Soon, the surface of her body was covered in curving pink lines that formed strange patterns.

At first glance, it looked like some kind of ancient rune.

The eyes of the old woman in red flashed. This was the legendary celestial body.

It was known as the strongest body in the sacred Lotus Star!

The star Lady slowly opened her eyes, and the eyes of her two beautiful eyes were replaced by lotuses.

"You forced me to this extent!" The star lady stared at the huge skeleton with a cold light in her eyes. She said coldly, "Flowers fall without roots!"

The patterns on the surface of its body were like a bright sun, shining brightly.

With her feet as the center, pink lotus flowers the size of a basin grew on the ground.

In the blink of an eye, the bottom of the deep pit bloomed with dense lotus flowers.

"Roar!" The skeleton monster roared. Its huge limbs stomped on the ground, crushing the lotus flowers into pieces.

However, the shattered lotus flowers stuck to the surface of the bones, corroding them into pitch-black powder.

The skeletal monster sensed the danger and immediately retreated.

However, there were lotuses all around it. Wherever it retreated, the lotuses would stick to its body and corrode a part of its bones.

Moreover, this was only the beginning.

Star Lady's eyes were cold. With a light shout, the lotuses all over the ground rose into the air, enveloping the entire skeletal monster.

Furious roars could be heard from within, and the sounds gradually weakened.

In the end, there was no sound at all.

The patterns on the star Lady's body slowly disappeared, and the lotuses turned into pink rays of light and returned to the star Lady's body.

On the spot, other than the black powder all over the ground, there were no residual shadows of the skeletal monster.

On the wall behind them, a stone door slowly opened, revealing a demonic purple light.

The star Lady Glanced at the old woman in red, killing intent flashing in her eyes as she said, "Don't act like you're looking for death!"

The old woman in red was terrified. How could she dare to disobey the star lady?

Her starry sky constitution was much more terrifying than the rumors!

Even a skeleton monster as powerful as the family head couldn't block the star Lady's Starry Sky Constitution Attack!

She followed the star Lady into the heaven chamber with some timidity.

Speaking of which, Su Yu.

After entering the heaven chamber, she looked around and realized that the so-called heaven chamber was just a rather spacious hall.

At the top of the hall, there was a throne made of Golden and special materials.

On the throne, there was a little black cat lying cross-legged.

It seemed to be sleeping soundly. When it heard that someone had entered, it immediately raised its head alertly and widened its eyes to look at the source of the sound.

After confirming that it was Su Yu, it immediately got up and paced back and forth on the throne.

Su Yu noticed that the little black cat was holding a fiery red bracelet in its mouth.

There were seven beads on the bracelet, and each moment contained a terrifying power that was no less than the aura of a bloody person.

"Star Lady and the others are chasing after this thing?" Su Yu suddenly realized.

He was curious as to why the red-clothed old woman and star lady were so obsessed with the little cat. So that was the case!

If he obtained that bracelet, he would be able to sweep through all the experts of the seven ultimate civilization, right?

Any aristocratic family that obtained it would be able to look down on the seven ultimate civilization.

Anyone who was not convinced would be able to completely destroy a family head with a single bead.

Of course, the prerequisite was that no other family head would be able to obtain a powerful magic treasure from the heavenly remains cave abode.

Since this item had appeared in front of Su Yu, there was naturally no reason for him to miss it.

With a flash of his left eye, the spatial vortex appeared behind the Little Cat, preparing to bring it over.

However, at this moment, the stone door on the other side of the hall suddenly opened with a click.

Star Lady and the old woman in red walked in from outside.

The hall was so empty that the first person star lady saw was Su Yu. She was slightly startled.

When she saw that Su Yu was capturing the little black cat, her expression changed slightly.

After hesitating for a moment, she decisively attacked the little black cat. "Lotus Roar!"

She stretched out her slender fingers and pointed at it. The Little Cat was sent flying.

Su Yu's spatial vortex instantly grabbed nothing.

Star Lady took the opportunity to flash over and capture the little black cat.

Su Yu frowned slightly. Ever since star Lady revealed her identity as a spy on Su Yu, there was a faint crack between them.

Now, snatching the treasure in front of him, was it considered tearing off half a mask?

Chapter 2248 Purple Flame Demoness

Since star Lady had made a move to snatch it, Su Yu naturally had no reason to be polite.

"Freeze!"His left eye flickered with a red spatial law as he activated the spatial freeze.

Star Lady, who was sprinting, was frozen on the spot.

She was like a fish that had suddenly been frozen in ice, unable to move at all.

Taking this opportunity, Su Yu looked at the Little Black Cat.

Because it had been continuously frightened, the little black cat tightened its grip on the bracelet in its mouth and slipped into the crack between the rocks.

"Spatial Lotus."Su Yu pointed from afar. A lotus flower suddenly bloomed with the Little Black Cat as the center, completely freezing it within.

He himself used spatial teleportation to arrive in front of the spatial lotus.

Just as he was about to take out the Little Black Cat, Star Lady's spatial freeze came to an end. Without thinking, she squatted down and slapped her palms on the ground.

Instantly, the densely packed pink lotus flowers wrapped around the spatial lotus flowers.

The spatial lotus flowers immediately disintegrated layer by layer, revealing the frozen little black cat.

At the same time, the pink lotus flowers wrapped around the little black cat and flew in the direction of Star Lady.

Su Yu snorted coldly and raised his sword.

The sharp evil sword immediately shattered the lotus into dust.

The Little Black Cat took the opportunity to jump out from a crack.

Star lady saw this and the lotus mark on her forehead flashed. A pink lotus appeared under her feet and carried her. With a speed that far exceeded that of a dao master, she immediately snatched it.

Su Yu was not willing to be outdone. "Space teleportation!"

He stared at the stone closest to the little black cat. The space around the stone and the space around Su Yu immediately exchanged positions.

In the next moment, Su Yu appeared at the stone.

The Little Black Cat was caught off guard. It bumped into the tip of Su Yu's foot and flipped over on the spot.

Su Yu grabbed her neck and successfully captured her.

At the same time, his left hand was like lightning as he grabbed the bracelet in her mouth.

The star Lady's expression changed slightly. The lotus mark between her brows shone brightly and released red lines, forming a strange texture on the surface of the star Lady's body.

Her gaze became ethereal and indifferent. The aura around her was also unfathomable.

"Su Ruchu, don't fight with me. You Can't fight with Me!" The star Lady's Lotus eyes stared at Su Yu. With her feet as the center, dense pink lotuses bloomed on the spot.

Before long, they bloomed throughout the entire hall, including the walls.

Su Yu successfully took off the bracelet and looked at the lotuses on the ground with slight trepidation.

He could feel a considerable amount of power from the lotuses.

It was probably not any weaker than the Heavenly Dao's eye of death.

After pondering for a moment, Su Yu threw the bracelet to the star lady and said, "You win!"

Star lady rolled up her sleeves and made sure that nothing was done before she accepted it.

She looked at Su Yu coldly and felt very strange.

With Su Yu's character, why would he give away such an important thing?

Was there something wrong with it?

She looked around. This place was heavily guarded by that skeleton monster. There must be something good inside.

Could it be that Su Yu had his eyes on this treasure?

"Leave this place immediately!" Star lady interrupted Su Yu's delusions.

Su Yu said coldly, "Star Lady, enough is enough. Don't go too far!"

Star Lady did not care about the friendship that they had fought side by side before. She said indifferently, "In the world of martial arts, the strong prey on the weak. I think that with your intelligence, you should understand."

Hints of threat came from her words.

Su Yu narrowed his eyes and stared deeply at the star lady for a moment. There was a hint of anger on his face as he left through the door.

Perhaps it was because he was afraid of her, so he deliberately avoided her.

The star lady's perception had been monitoring Su Yu. Only after she was sure that he had completely left the heaven chamber did she relax slightly.

"A proud son of heaven? In fact, he is only so-so." The star lady shook her head with a hint of contempt. If Su Yu had tried his best to fight back, she might have thought a little more highly of Su Yu.

In the end, just a slight scare was enough to make him hold back and not dare to resist.

She disdained to associate with such a person.

After chasing Su Yu away, the star lady glanced at the red-robed old woman at the door and gave her a warning look. Then, she began to search for treasures nearby with ease.

"The Heaven Chamber is so well sealed. There should be a very important treasure inside. Its value should be far greater than the bracelet." The star lady pondered.

However, she searched carefully inside and out. Even the throne was broken apart by the star lady, but she found nothing.

"Strange. Could it be that Su Yu has already taken it?" The Star Lady frowned and said uncertainly.

But then she shook her head. When she first came in, Su Yu was catching the kitten.

The first treasure he saw should be the bracelet in the kitten's mouth. He didn't have time to look for other treasures.

But why was there nothing here?

As she was thinking, she suddenly felt the aura of the red-clothed old woman behind her disappear.

She wasn't surprised that she disappeared. Perhaps she knew that she wouldn't be able to get away with it.

But when her aura disappeared, it was either because she had hidden it or because her life had been wiped away.

She suddenly had a bad feeling. She turned her head and her pupils constricted when she realized that there were two people standing at the door, one in front and one behind.

And beneath their feet, there was burning ashes.

That was the red-clothed old woman!

She didn't even have the chance to groan before she was directly burned into ashes!

Star lady stared at the woman who was covered in flames. Her pupils constricted, and even her tone became abnormally trembling. "One of the four devils of the spark civilization... The Purple Flame Demoness?"

Because of the surprise and shock, her words seemed to be incoherent and she stuttered.

The flaming woman was slightly surprised. "Oh? There's still someone who knows me. What a coincidence."

She twisted her slender waist and walked in charmingly. Her Bright Eyes looked around before returning to the star Lady. She hooked her finger with a faint smile. "Take it out, the things here."

The star Lady's heart tightened. She evaded her gaze and said, "Wh... what?"

The flaming woman chuckled. "That Heaven's will fellow has six great relics on him. This place should be one of them. Since you came first, you should have gotten that treasure."

Hearing this, star girl's gaze became even more evasive.

"Little girl, since you know my name, you should understand that I'm someone who doesn't like to talk nonsense." The purple flame demoness'tone became profound.

It was a sign that she was about to get angry.

Star Girl's lips were tightly pressed together, and her heart was trembling.

The purple flame female devil was not only temperamental. To be more precise, it was a distortion of human nature.

Even her preferences for men and women were different from ordinary people.

Recalling those bad rumors, star girl immediately took out the bracelet and threw it far away to the purple flame female devil.

The purple flame female devil held it across the air. With just a glance, her eyes were filled with danger. "Little girl, do you think it's fun to brush me off?"

Fool You? Who would dare?

The star lady quickly said, "I only found this one treasure in the Heaven Chamber. I really don't have anything else!"

"You call this a treasure?" The purple flame demoness narrowed her eyes.

Her words made the star lady feel bitter. She said, "Senior might not like this bracelet, but to us low-level warriors, it is indeed a rare treasure."

Purple flame she-devil laughed in surprise. "You can call a string of stones a treasure? Little Girl, you seem to have experienced something interesting!"

However, purple flame she-devil spat out a flame and ignited the bracelet.

An extremely obscure fluctuation immediately appeared on the surface of the bracelet.

The fluctuation faintly showed signs of an illusion.

With a pop, the surface of the bracelet seemed to be broken. Then, the bracelet, which was clearly tied with a fiery red bead, turned into an ordinary string of stones!

"How could it be?" Star Lady said in surprise. For a moment, she did not understand what was going on.

“Looking at you, you seem to be very surprised?”The purple flame sorceress chuckled meaningfully.

Star Lady was smart after all. She immediately understood what was going on. She clenched her fists and gritted her teeth. “Su Ruchu!”

Other than Su Yu touching the bracelet, there was no other person!

Although she did not understand how Su Yu did it and how he managed to fool her, she was indeed deceived.

Thinking about how Su Yu gave up the bracelet so easily, star lady was even more certain that she was tricked by Su Yu!

“Su Ruchu?”Purple Flame Demoness smiled faintly. “Then, the heavenly relic treasure here should have been taken by him too.”

“Impossible,”star lady said frankly. “When I came in, he was catching that kitten. He shouldn’t have had the chance to look for other treasures.”

Demoness purple flame said faintly, “Is it a black kitten? One of the six heavenly relics treasures is a little black cat that can never die. Its name is Wang Sheng Cat.”

What?

Star lady just remembered that when Su Yu left, he indeed did not take that seemingly ordinary little black cat away.

Moreover, now that she thought about it carefully, that little black cat was indeed extraordinary!

It was able to pass through the forest of bones unscathed and even enter the Heaven Chamber!

Was this an ordinary cat?

What made her feel extremely indignant was that Su Yu should have mentioned that he had discovered everything!

Not only did he use the fake bracelet to steal the sun, he even pretended to be unaware and took away the real treasure in the heaven chamber right under her nose!

“Su Ruchu!”She seemed to see Su Yu’s suffocating wisdom when they exchanged hostages again.

Star Lady, who thought that she was equally smart, realized for the first time that there was such a big gap between her and Su Yu!

“Little girl, come with me. I’ll leave Su Ruchu to you to deal with.”The purple flame demoness walked over and said with a smile.

Star Lady’s heart skipped a beat and she said hesitantly, “Senior, this junior’s strength is insignificant. I’m afraid I’ll be a burden to you. Forgive me for not being able to follow you.”

After saying that, her figure retreated rapidly. At the same time, the lotuses on the ground flew up and blocked behind her.

The corners of the Purple Flame Demoness' mouth curled up. In an instant, all the lotuses were burned into ashes. There wasn't even a chance for them to corrode.

And the figure of star lady who had escaped to the entrance of the Heaven Chamber was also exposed.

Chi La --

Just as Star Lady was about to escape, the exit of the Heaven Chamber suddenly burned with intense flames. With just a single strike, star lady would die without a burial ground.

“Are you going to die, or do you want to obey me?” The Purple Flame Demoness looked at Stargirl's moving body from top to bottom and smiled evilly.

Stargirl's heart trembled slightly. She turned around with an ugly expression and did not dare to move.

She knew that she would not be able to escape from the Purple Flame Demoness' Palm!

The purple flame demoness smiled evilly and walked in front of her. She grabbed Stargirl's chest with her palm and kneaded the swelling area.

Star-devil's face turned red. She felt humiliated, but she had no intention to resist.

On the other side of the entrance, Zhan Wushuang closed his eyes and sighed silently.

He could not bear to look at the Purple Flame she-devil's special hobby.

Chapter 2249 Hatred

This woman loathed men, but towards women..

This beautiful girl from the seven ultimate civilization was finished in the hands of the Purple Flame Demoness!

After a cup of tea, the Purple Flame Demoness finished and licked her lips, “What a wonderful feeling of a young girl! Not Bad, this trip wasn't in vain!”

Perhaps it was an illusion, but the color of the star Lady's skin dimmed slightly, while the purple flame demoness seemed to have become younger.

This was the reason why she liked women.

The domain she cultivated was a heaven-defying domain that allowed her to live forever.

In theory, as long as there were enough young women for her to absorb Yin Energy, she would be young forever until she died.

The real purple flame demoness should be an old woman with white hair.

On the other hand, the star girl, the woman who had been absorbed by her yin energy, had always aged before she had aged.

At the same time, due to the premature aging of yin energy, all aspects of her body would deteriorate, greatly affecting her path of martial arts.

The star Lady's hair was disheveled, and her clothes were disheveled as she crawled up. Her heart was filled with humiliation and hatred.

Never in her wildest dreams had she imagined that her innocence would one day be taken away by a woman!

She hated!

But she did not dare to hate the purple flame she-devil. She could only hate... Su Yu!

Yes, she hated Su Yu!

If he did not lie to her, why would she waste her time searching for the treasure and be caught by the Purple Flame Demoness in the end?

The hardest person to hate was herself.

Once her interests were damaged, once she was angry in her heart, she would subconsciously vent her anger on others!

Moreover, she would vent her anger on someone who was "Safe".

It was clearly the purple flame demoness who had violated her. Why didn't she hate her?

Because the purple flame demoness was a demoness who killed without batting an eye. She didn't dare to hate her!

As for Su Yu, ever since they got along, he was a person who had principles and didn't kill indiscriminately.

Hence, she hated Su Yu and didn't hate the Purple Flame Demoness.

"Little girl, from now on, You Are My Woman! I will help you take revenge for your grievances."The Purple Flame Demoness lifted star Lady's snow-white chin, she said, "That Su Ruchu, if we meet him, I will kill him for you."

Star lady nodded in relief. "Thank you, senior, but I want to do it myself!"

"Alright, just leave the treasure to me."Demoness purple flame did not care.

The three of them left the hall and headed towards the north.

Su Yu was also in the same direction.

After arriving at a relatively safe hilly area, Su Yu stopped.

With a flash of light, an object appeared in each of his hands.

One of them was the bracelet.

Su Yu smiled, "The illusion recorded in Princess Dance's handwritten letter is indeed effective."

In the handwritten letter, there was the ability to control the entire palace, including how to use the Mirage Dragon's illusion.

Just now in the hall, after Su Yu touched the bracelet, he cleverly changed it into a stone bead, and then used the illusion to cover it up, successfully deceiving star Lady.

As for the Little Black Cat..

Su Yu picked it up and let it flail around. He squinted his eyes, "It's hard to imagine that you're a treasure and not a living creature."

From the outside, the little black cat was indeed a living creature.

But from the shared view of Xiao Die, the Little Black Cat was a treasure that emitted a blue light.

"You're that Li Soul Stone?" Su Yu looked at it.

Concubine dance said that the Li Soul Stone was one of the six treasures that Emperor Tian Yi valued the most. As long as it was refined, it could protect the soul from being destroyed.

In other words, it was a soul defense magic treasure.

Moreover, its level was comparable to a dao artifact!

Different from a dao artifact, as long as the Li Soul Stone didn't have an owner, whoever got it would be able to play a role.

Su Yu's eyes shined. Since the nine dragons divine cauldron left his head, he had never encountered a suitable soul defense magic treasure.

The Fierce Soul Stone in front of him was one of the best magic treasures.

According to Princess Dance's notes, as long as he successfully refined it, the Emperor of Heaven's will couldn't hurt Su Yu's soul.

It was unknown how strong the Emperor of Heaven's will was.

However, it could be imagined that there weren't many people in the seven-star civilization who could surpass him.

After finding a safe place, Su Yu immediately sat cross-legged and began to refine the little black cat.

He took out a drop of his blood essence and fused it with a wisp of his soul, injecting it into the little black cat's forehead.

The little black cat naturally did its best to resist, but as a treasure without an owner, how could it resist?

In a short while, it was forcefully refined by Su Yu.

"Meow!" After the little black cat was refined, it immediately showed an unusual intimacy to Su Yu. It jumped onto Su Yu's shoulder and gently rubbed its face.

Su Yu had some memories of the Little Black Cat in his mind. He muttered softly, "Looking at a newborn cat? Is that the name that the Heavenly Emperor gave it? Does it have a deeper meaning?"

After thinking for a while, Su Yu looked towards the northernmost part of the cave.

The emotion severing platform was there!

It had been some time since he entered the heavenly cave abode. It was still uncertain whether the emotion severing platform had been discovered.

He had no time to waste.

He immediately set off and headed there.

A few days later, a huge fault suddenly appeared in front of the Open Plains, revealing an abyss that was a million feet deep.

Below the Abyss was another even more open plain.

Looking down from above, it turned out that Su Yu had always been on a huge plateau. Below him was the real plain.

Just as he was about to jump down, he suddenly caught a glimpse of a few familiar figures wandering nearby.

Among them were the sword in the stone, the swordsman in the snow, and a bunch of familiar people from the sea wolf pirates.

Su Yu's eyes flashed. What a coincidence!

If they were here, did that mean that Dao Master Sea Wolf was nearby?

Thinking of him, Su Yu's heart flickered with dense killing intent.

Back then, when Dao Master Sea Wolf forced Su Yu to carry out the mission to capture the greedy wolf king, he had sworn in his heart.

If there was a chance, he would take his life!

Unfortunately, in the pirate alliance, Su Yu did not have such an opportunity.

But now that he was in the heavenly remains cave abode, if the time was right..

“Leader... leader Su?” He had discovered them, and they had also discovered Su Yu.

The Saberman in the snow had a look of joy on his face as he quickly walked over.

At that time, they had joined the sea wolf pirates together, but now they had gone their separate ways, and their encounters were vastly different.

“How have you been?” Su Yu smiled. He had a pretty good impression of the Saberman in the snow.

“Sigh! How can we be safe? We don't have leader Su's abilities, so we can only muddle along and wait for death.” The Saberman in the snow said in shame, and then his eyes darkened. “Poison operator is even more unlucky, being killed by Emperor Pojun for no reason.”

After the greedy wolf king was captured, Emperor Po Junhuang led his men deep into the sea to rescue the pirates.

During this period, he killed quite a number of pirates, and one of them was poison operator.

Su Yu also sighed lightly and said, “Time and Fate!”

The swordsman in the snow was filled with loneliness. It was rare for him to meet an old friend like Su Yu, so his heart was filled with more and more unhappiness.

With a sense of loss, he chatted with Su Yu for a while.

Shi Zhongjian stood in the distance and looked at Su Yu with fear, not daring to come over.

“Hall Master in the snow, there’s not much time left,” Shi Zhongjian urged.

The swordsman in the snow sighed at Su Yu, cupped his fists, and said, “Leader Su, we’ll talk again when there’s a chance.”

Looking at his expression, he seemed to be in a hurry, as if he had something important to do.

Su Yu wanted to find Dao Master Sea Wolf, so he said, “Is it leader Sea Wolf who arranged your mission?”

Chapter 2250 Eight-Star Civilization

The Snow Saberman didn’t hide anything and said, “That’s not it. Some of our people found some strange ruins nearby and wanted to go take a look.”

Ruins? None of the ruins here were safe.

Even Dao Masters could die here.

With their cultivation, going there was no different from thinking.

“Do you mind if I take a look?” Su Yu asked.

This... The swordsman in the snow was in a bit of a dilemma. The ruins here were discovered by the pirates. As the leader of another pirate, it was inappropriate for Su Yu to go with them, right?

“I have to ask the deputy leader.” The swordsman in the snow said awkwardly.

He immediately ran to the sword in the stone and reported.

The sword in the stone hesitated for a while and then nodded its head, indicating that it agreed.

Because from the information from his subordinates, it seemed that the ruins were not very peaceful. If there was an expert like Su Yu traveling with them, it might be much safer.

Compared to him taking part of the treasure, his strength played a more important role.

After getting the agreement, Su Yu went with them to the abyss below.

At the bottom of the Abyss, there was indeed a remnant of ruins.

The ruins were deep and concealed many powerful evil things.

In fact, from Su Yu’s point of view, there were not many valuable treasures inside, but there was quite a bit of danger.

What caught his attention was that there was a faint dark green ball of light inside.

The difference was that it was moving!

“Clear out the danger and be careful!”The sword in the stone was extremely vigilant. Judging from the evil objects that were revealed, many of them posed a fatal threat to half-step Dao Masters.

Fortunately, they had many people. Many of them were armed with various types of magic treasures. Along the way, they charged in and cleared out many evil objects.

Occasionally, there would be some powerful half-step dao master level evil objects that were personally killed by the sword in the stone.

Su Yu only attacked those that he couldn’t kill.

Several times, the evil creatures that almost turned the stone sword into ashes were all easily killed by Su Yu.

This action made the stone sword secretly glad that he made the right decision.

Without Su Yu’s help, they would have all died here!

In the end, they completely cleared out the evil creatures in the ruins, and each of them separately searched for treasures.

Su Yu went straight to the moving treasure he found.

To his surprise, it was a broken scroll that was circling around the ruins.

On the scroll was a calligraphy with the blood of a dao master.

Su Yu didn’t pay much attention to it at first, but when he saw a few words, he couldn’t help but be slightly surprised.

“I’ve entered an eight-star civilization ten times, but I’ve been rejected. This is my regret...”

“An eight-star civilization has forced us to be outer space refugees. They’ve set up an ancient primordial formation to isolate us...”

“I’ve spent my entire life trying to make an eight-star civilization lower their heads and look at us outer space refugees...”

“The will of heaven!”

This calligraphy was left behind by the Emperor of the will of heaven!

The content of the calligraphy was very long, but because it was incomplete, it was only able to distinguish the three sentences above.

However, the three sentences revealed a lot of thought-provoking content.

First, there was indeed the rumored eight-star civilization in the absolute beginning realm.

Second, unlike any other civilization Su Yu had seen before, the eight-star civilization didn’t just go as they pleased. At least, with the Heaven’s legacy Emperor’s power, the eight-star civilization refused to enter!

After Su Yu saw it, his heart was shaken for a long time.

What kind of place was an eight-star civilization?

What was the so-called primordial formation that isolated them from the wilderness?

Just as he was thinking, the swordsman in the snow found Su Yu and found the floating calligraphy. He said in surprise, "The calligraphy left behind by the Heavenly Emperor himself?"

While he was shocked, he cast an envious look at Su Yu. "Leader Su, your luck is heaven-defying. You actually came across the heavenly emperor's relic."

Su Yu took a deep look at the calligraphy and said casually, "This item is useless to me. You can take it if you want."

It was just a piece of calligraphy. At most, it only contained some of the heavenly emperor's meaning. It might be of great use to other half-step dao masters, but it was not the case for Su Yu.

"This item is so valuable. Leader su found it first. I Can't take it."The swordsman in the snow said.

Su Yu calmly replied, "If you don't want it, give it to the sword in the stone."

"I want it!"When the swordsman in the snow heard this, he immediately stepped forward and accepted the calligraphy. He thanked Su Yu profusely, "Thank you leader Su, thank you!"

"No problem."Su Yu laughed lightly. The words '8-star civilization'lingered in his mind for a long time, and he couldn't get rid of it.

When they finished searching the ruins, everyone gathered together again.

The sword in the stone glanced at Su Yu with a deeper meaning in his eyes. He then told everyone, "Rest here. I've received the news that leader is rushing over."

A cold light flashed in the depths of Su Yu's eyes.

He had been waiting for him for a long time!

At this moment, the Saberman in the snow lowered his voice and said, "Leader Su, why don't you leave first before leader returns?"

The conflict between Su Yu and the Sea Wolf Pirates was already well-known.

When the Sea Wolf leader came back and found Su Yu here, it was inevitable that there would be conflict.

To be exact, Su Yu would be in danger.

Without Xie Xiaoyue's protection, who would know that the sea wolf leader killed Su Yu in the dark?

"Leave? No need. I have something to discuss with the sea wolf leader,"Su Yu said lightly.

He had already planned in his heart how to kill the Sea Wolf leader as quietly as possible without arousing suspicion.

The best method was to lure it to a remote area and kill it alone.

After making up his mind, Su Yu waited silently.

Half a day later.

The aura of the Sea Wolf leader had indeed appeared within his senses.

“Welcome Leader!”The people led by stone sword immediately stepped forward and bowed towards the air.

Shua --

As expected, the Sea Wolf Leader appeared. He casually glanced at everyone and discovered that they were all safe and sound. His heart was filled with joy and just as he was about to say something, he suddenly saw a person who appeared out of nowhere.

While everyone was bowing, the other person was standing straight and looking at him coldly.

It was hard for him not to notice.

When he saw his face clearly, the sea wolf leader unconsciously released a murderous aura. “Su Ruchu!”

Su Yu crossed his arms in front of his chest and slowly walked over. He said indifferently, “You should call me leader Su!”

“Humph!”The Sea Wolf leader snorted heavily. His eyes were filled with a cold light. “What are you doing among my pirates? Did Xie Xiaoyue send you here?”

His questioning tone was obviously looking for trouble.

Su Yu said indifferently, “You should thank me. Without me, they might not be able to stand in front of you safe and sound.”

The Sea Wolf Leader’s eyes gradually narrowed. He had long wanted to get rid of Su Yu, the character who made him lose all his face.

Because of Xie Xiaoyue, he did not dare to make a move.

Right now, he was in the heavenly remains cave abode, yet he still dared to run into his pirates alone. He was truly walking into a tiger’s den and walking into a trap!

Of course, there were too many people and too many eyes. He did not dare to kill him in front of so many people.

Otherwise, if Xie Xiaoyue heard about it, it would be unavoidable for her to take revenge.

He suddenly raised a trace of a smile and said, “Then I have to thank you.”

It was impossible to tell what he was thinking from his words.

Su Yu tacitly said, “You’re welcome!”

“Since chief su is here, it's just right. The three of us should be more confident if we attack together.”

Three? Su Yu's eyes flashed.
