

Nine-Dragon 2251

Chapter 2251 Plundering Goods

“Leader Blue Phoenix, come down.” The Sea Wolf leader shouted towards the void behind him.

With a ‘chi’ sound, a gigantic blue phoenix flew down from an extremely high altitude and landed on the ground with a ‘sou’ sound.

A clear and hazy radiance pervaded its body as its gigantic body gradually transformed into a graceful woman.

It was the Blue Phoenix leader.

Su Yu was slightly surprised. It wasn’t that he was surprised by her appearance, but that she could fly.

In the heavenly remains cave abode, there was a very strong restriction in the air.

The higher one was, the stronger the restriction was, making it impossible for one to fly.

Up until now, Su Yu had only been able to fly at a height of 300 meters.

To be able to fly at such a high altitude like the leader of the Blue Phoenix, it should have been due to her talent.

Even a clan leader Level Dao master wouldn’t be able to do it.

After leader Cyan Phoenix appeared, she blinked her beautiful eyes and stared at Su Yu. “What a coincidence to meet leader Su here.”

She had always had a good impression of Su Yu, so she immediately sent her goodwill.

“Leader Cyan Phoenix’s talent and instinct is really admirable.” Su Yu sighed from the bottom of her heart.

If she had her talent, why would the forest of ten thousand bones be so difficult?

“Hehe, leader Su is the most well-hidden.” Leader Blue Phoenix said a sentence that was not known whether it was polite or had a deeper meaning.

Su Yu only smiled and did not say anything.

Leader Sea Wolf saw that the two of them were extremely familiar with each other and was displeased. He interrupted their conversation and said, “We don’t have much time. It’s better for us to set off as soon as possible.”

Leader Blue Phoenix’s smile disappeared. She agreed deeply and said, “Time is indeed tight.”

Su Yu replied, “Since we are going to cooperate, can you tell us what you are going to do?”

To be able to get two pirate leaders to work together, it shouldn’t be simple.

The blue phoenix leader replied, “When I was high up in the sky, I discovered that a group of people from the number one aristocratic family were acting sneakily. They seemed to be transporting something and were in a hurry to meet up with Golden Eyes Prince.”

Hearing this, Su Yu's eyes flashed.

At the mention of Golden Eyes, Su Yu felt a sense of unease.

This person was too shrewd and had too big of a scheme.

It wasn't a good thing for his people to appear nearby.

"Sea Wolf leader and I decided to rob them and investigate what they were transporting," Blue Phoenix leader continued.

They probably felt that the number one aristocratic family had discovered something extraordinary and wanted to rob them.

"Which direction?"

"North."

Su Yu immediately agreed, "Okay, Count me in."

Since they didn't delay the journey, they could take the opportunity to attack the sea wolf leader. Why Not?

Su Yu wasn't interested in the things the number one aristocratic family was transporting.

He was interested in the sea wolf leader.

If he didn't take his life, Su Yu would be like a knife at his back!

"Then let's set off immediately!"

Thus, the three leaders of Su Yu and the subordinates of the leader of the Sea Wolves set off together.

The leader of the Blue Phoenix was high up in the sky and could easily lock onto their direction, so it was very easy to track them down.

In just two days, not only did they catch up, they even circled ahead of them.

They also set up an ambush in a stone forest that they had to pass through.

Not long after the ambush, they indeed saw a group of people mysteriously moving forward at high speed.

Su Yu recognized the leader of the group. He was one of the elders of the number one aristocratic family, Dao master monolith.

Behind him were several guest elders. Su Yu recognized most of them.

Only one of them, after Su Yu looked at him, frowned slightly.

This guest elder was covered in special clothing. Although Su Yu couldn't see his true appearance, he gave Su Yu a very uncomfortable feeling.

"Does the number one aristocratic family have this guest?" Su Yu muttered softly.

Shua --

Blue Phoenix leader landed and said in a low voice, "Get Ready!"

Su Yu's mind was focused.

When they arrived at the location of the ambush, he and the two leaders suddenly charged out.

The pirates from all directions also charged out!

Boulder path master sensed the unusual movement and his expression changed greatly. he shouted urgently, "Enemy attack! Protect that thing!"

Other than Dao master boulder and a few guest elders, the rest of the members of the number one aristocratic family surrounded a beast carriage in the middle.

"The Pirate Alliance and the heavenly remains cave abode are filled with treasures. Why are you fighting with us for this little thing?" Dao master boulder said furiously, "If you have the time, why don't you head elsewhere to search for treasures?"

His words made sense. The heavenly remains cave abode was filled with treasures.

However, the best treasures would always be in the hands of the enemy.

With such a mentality, leader Blue Phoenix spared no effort in robbing them.

"Cut the crap. Put down the Beast Carriage and all the spatial storage devices on you. Otherwise, none of you will be able to leave today!" The Sea Wolf leader stared at Dao master boulder like a Viper waiting for an opportunity to strike.

Dao master boulder looked at leader Blue Phoenix with a solemn expression, then at leader Sea Wolf. He gritted his teeth and shouted, "The goods are here, the people are here, the goods are dead, the people are dead! Kill!"

Immediately, the two sides began to fight.

The Rock Daoist master dealt with the two pirate leaders alone, while the guests under him fought with the pirates.

The battle immediately turned white-hot, and it was abnormally intense.

In the battle between the Daoist masters, naturally, leader Blue Phoenix and leader Sea Wolf had the upper hand.

However, in the battle between their subordinates, the guests were one-sided.

The guests of the number one aristocratic family were all at least half-step dao master level.

Among the Pirates of the Sea Wolf leader, there were a few who were at least half-step dao master level.

Therefore, the pirates were at a disadvantage in the battle.

The swordsman in the snow was attacked by two guests and tried his best to hold on. Seeing Su Yu standing by the side with his hands behind his back, he said, "Leader Su, please lend a hand!"

In order to avoid being recognized by the number one aristocratic family, Su Yu had disguised himself.

With a light tap of his head, he stepped into the crowd of guest retainers.

With his strength, even if he slightly used the small success of the Heavenly Dragon Dao body, he would still be able to crush them.

Therefore, when he attacked, it was almost like a tiger entering a flock of sheep.

In a short span of ten breaths, all the guest retainers were injured by Su Yu.

Only one of them, Su Yu's Heavenly Dragon Dao body, was actually withstood.

That guest elder was precisely the guest elder who made Su Yu feel extremely uncomfortable.

“Interesting.” Su Yu looked at him indifferently. An ordinary guest elder was able to withstand the attack of the initial stage Heavenly Dragon Dao Body?

Even an ordinary dao master might not be able to withstand it.

Thinking about how a powerful figure like the Stargirl was willing to work for golden pupil prince, Su Yu felt that the guest elder before him was probably not as simple as he appeared.

“Which group of pirates are you from?” This guest was similarly surprised by Su Yu's strength.

It could be seen that this pirate leader clearly did not use his full strength, but even so, he was still extraordinarily powerful.

“I'll tell you again when you fall,” Su Yu said indifferently. He took a step forward, and the dragon scales on his body transformed into a holy golden color. It was shockingly the dao body of a fully formed Heavenly Dragon.

If even the clan head-level dao master was unable to withstand it, then this honored guest was even more unable to.

“Retreat!” However, at this moment, the gradually weakening dao master boulder gritted his teeth and announced his retreat.

The many honored guests and Dao master boulder immediately retreated frantically.

Leader Blue Phoenix and leader Sea Wolf didn't give chase. They only symbolically chased them away and returned.

Their purpose of this trip was to rob, not to kill for no reason.

The leader of the Blue Phoenix and the leader of the Sea Wolves surrounded the beast carriage with greed in their eyes.

Su Yu, on the other hand, slowly retreated with a flash of light.

Chapter 2252 Ominous Feeling

Whenever golden-eyed prince was involved, Su Yu instinctively moved away.

Just as Su Yu retreated to a safe place, the beast carriage suddenly exploded on its own from the inside out.

Ninety-nine energy chains shot out from the inside and shot out randomly.

The pirates who thought they had successfully plundered something were caught off guard!

The chains were very strange. Even if they brushed against it, they would stick to it and entangle it tightly with their souls, making it impossible for them to break free.

Among them, the fastest to react were naturally leader Blue Phoenix and leader Sea Wolf.

The former immediately transformed into a Blue Phoenix and flew 30,000 miles in an instant.

The latter's back transformed into the back of a sea wolf and blocked in front of him.

However, the chain completely ignored the phantom image of the Sea Wolf leader and directly pierced through it, piercing through the sea wolf leader's Dao body.

Ah --

Perhaps it was because the higher the cultivation level, the more serious the damage from the chain was. The soul of the Sea Wolf Leader sizzled with white smoke, as if it was suffering a great ordeal.

He could not help but let out an extremely miserable howl.

Although the Blue Phoenix leader was good at flying, he wasn't able to escape from this disaster.

A chain extended almost infinitely, piercing through the Blue Phoenix leader who had already flown to the depths of the sky. It pulled him down and smashed him to the ground.

Within a few breaths of time, all the pirates, including the two pirate leaders, were captured by the chain.

The chain contained a mysterious power, causing them to be unable to unleash even the slightest bit of their strength. They were just like mortals!

However, the chains did not stop attacking.

That was because there was still one person who had yet to be captured!

That was Su Yu!

Due to his foresight, he had retreated to a distance ahead of time.

Therefore, when he noticed that something was amiss, he immediately used the space law to teleport somewhere else.

However, he did not manage to escape the chains. One of the chains followed him like a shadow. It actually followed closely and teleported over, shooting towards Su Yu's body.

Su Yu swept his sword, but the powerful sword Qi couldn't hurt the chains at all.

"What is this chain?" Su Yu was secretly surprised. Before he could block it, the chain shot into Su Yu's body.

Instantly, Su Yu felt a vague and disgusting thing quickly corroding his soul, trying to merge into it.

Meow --

Suddenly, the Wangsheng Cat's dim yellow cat eyes suddenly opened, and the thing that had invaded Su Yu's soul quickly retreated like a tide.

The chains immediately left Su Yu's body and quickly returned.

"Hu!" Su Yu let out a breath of relief. It was a close call.

Luckily, he had obtained the six great treasures of the Heavenly Emperor in advance, the Fierce Soul Stone, which could protect his soul.

Otherwise, it would have been dangerous.

At the same time, Su Yu was thinking about what the chains were and why they were so powerful!

Even a clan Lord Level Dao master might not be able to fight against the chains!

The golden-eyed Langjun hid such a powerful magic treasure but never revealed it in front of everyone. At this moment, he had caught two pirate leaders unprepared.

Dao master monolith and the others who had already left reappeared as expected.

They were all smiling as they glanced at the motionless pirates.

Among them, the rather strange pirate threw a mocking smile at Dao master monolith and said, "As expected of the stupid pirate alliance. It's so easy to take the bait. It's impossibly stupid..."

Dao master boulder said slowly, "The master of the Clan has a brilliant plan. With a simple trap, he was able to capture so many members of the Pirate Alliance!"

Just as they were feeling smug, one of the pirates who was in charge of counting the number of people exclaimed, "There's still one more pirate left!"

They had secretly counted how many pirates had attacked them just now.

Now that they compared them, they found that there was one less person.

"Who are we lacking?" Dao master boulder frowned and asked. If news of what had happened here spread, it would be quite difficult to deal with other pirates.

"Su Ruchu!" The guest elder beside him said with a solemn expression.

He had suffered at Su Yu's hands before, so he paid special attention to Su Ruchu.

With a glance, he immediately discovered that Su Ruchu was missing.

"He actually escaped?" Dao master boulder was deeply surprised. "These chains were meticulously prepared by the patriarch. In the pirate alliance, only Xie Xiaoyue might be able to escape. What exactly is going on with this pirate leader surnamed Su?"

Although he was surprised, Dao master monolith immediately became alert and said, "Bring them along and leave immediately!"

Shua --

They took a step forward and Su Yu appeared behind them.

Looking at the back view of Dao Master Monolith and the others, his eyes revealed a deep light.

Theoretically speaking, he was happy to see the pirates being captured.

However, what was the purpose of Golden Pupil Langjun deliberately setting up a trap to trap the Pirate Alliance?

What appeared in front of Su Yu was probably just one of the small teams.

In the other directions, there should be other clan elders leading the teams to trap the enemy.

The target of the trap might not just be the pirate alliance. All the forces that coveted the number one aristocratic family were its targets.

He had a deep fear of the Golden Pupil Langjun. Now, he naturally wanted to take the opportunity to pry into what he wanted to do.

Concealing his aura, Su Yu silently followed the boulder path master and the others.

After traveling quite a distance, the other party sneakily arrived in a desert.

In the desert, white bone powder danced all year round, blotting out the sky and the sun, blocking out one's vision.

In an unremarkable ruin in the desert, it was very calm, without any bone powder wreaking havoc.

In the ruins, there were elders and guest elders from the number one aristocratic family.

They were constantly rushing back from other places. They had people with unknown identities in their hands.

There were people from the pirate alliance and people from other aristocratic families.

All the captives were like the Blue Phoenix leader and the Sea Wolf leader. They had chains on their bodies to suppress them.

The captives were brought to the ruins and immediately thrown into the giant cage.

In front of the cage, there was an ancient pool filled with fresh God's blood and the Dao Master's blood!

Fresh corpses piled up into a mountain one after another.

In the pool, the waves rolled rhythmically, as if there was something inside that was beating continuously.

What made Su Yu's pupils slightly tremble was that the golden-eyed prince, whom he had not seen for a long time, was right in front of the blood pool.

He was holding an ancient pitch-black book. As he softly chanted an incantation, he gave an order, "Next batch!"

Immediately, a group of fierce-looking foreign dignitaries brought over ten captives and made them kneel in front of the blood pool.

As the golden-eyed Prince's incantation sounded, ten bright red tentacles jumped out of the blood pool and pierced into the captives' bodies, devouring their divine blood.

After a cup of tea, only a shriveled skeleton remained of the ten people.

At this moment, the surging waves in the blood pool were even more intense.

The golden-eyed Langjun closed the pitch-black scripture and stared at the blood pool with a satisfied expression. "We'll continue after two hours. Watch the captives carefully!"

After he finished speaking, he retreated back to the cultivation room with a slightly pale face.

It seemed that the consumption of his dao master's power when he used that mysterious incantation could not be underestimated.

Su Yu saw it and frowned. Was the golden-eyed Langjun summoning something?

That blood pool gave him a rather ominous feeling!

Chapter 2253 The Same Goes For Each Other

"Farewell, Patriarch," several elders said respectfully. They stood on their own sides and guarded the captives closely.

Among the captives, the pirate alliance was relatively quiet. If they fell into the hands of the Seven Uniques, they would die without a doubt. They were already mentally prepared for this.

However, there were other forces of the other aristocratic families that were also captured.

Among them was the white-robed sword god of the third aristocratic family.

He said indignantly, "Golden-eyed prince! Your methods are cruel and your actions are vicious. You are even more ruthless than the Pirates!"

Although the Pirates were also ruthless, they were not like golden-eyed prince who did not differentiate between friend and foe and captured people to extract their blood essence.

Of course, his angry roars and shouts were met with a beating.

After beating him until he was covered in wounds, the number one aristocratic family stopped and said indifferently, "Be obedient, or else it will be your turn in the next batch!"

The white-robed god of swords stubbornly wanted to say something, but the morning flower girl beside him quietly pulled his sleeve and said in a low voice, "Don't be rash, this won't help."

Only then did the white-robed god of Swords quieten down. He exchanged a glance with the morning flower girl and laughed at himself.

They had been implicated in the matter of the ravenous Wolf King being captured because they had recommended him to young master Shang. They had suffered a lot during that time.

This time, they had a rare opportunity to come to the heavenly remains cave abode to redeem themselves. Who would have thought that they would fall for the tricks of the number one aristocratic family. Many experts from the number three aristocratic family, including the two of them, had been captured and brought here.

They had also witnessed such a bloody scene with their own eyes.

“So this is the will of heaven!”The white-robed sword God let out a long sigh. They had escaped death when the greedy wolf king was captured, but they still could not escape death when they came to the heavenly remains cave abode.

The morning flower girl lowered her head to look at the huge iron cage and the Dao master experts guarding outside. Her heart sank.

This time, it was really a dead end!

Bang --

Suddenly, a loud sound rang out without any warning!

The huge cage that bound them actually twisted and broke apart, revealing a huge gap.

A person wearing a bamboo hat held a pitch-black longsword in his hand and forcefully cut through the huge cage.

The morning flower girl was stunned at first. This cage was sealed with several Dao Masters. Unless it was a clan master level dao master, an Ordinary Dao master wouldn't be able to do anything to the cage.

This was also the reason why they were unable to resist.

The person in front of them had easily broken the cage!

However, after a short moment of shock, she and the many trapped people immediately reacted and came out from the gap.

The elders guarding outside the cage immediately reacted and rushed over to stop everyone from escaping.

However, Su Yu swept his sword across the sky and night. With his exceptional swordsmanship, he intimidated them so much that they did not dare to approach.

Soon, the captured Snowy Machetemen and the other pirates also escaped.

He said in a hurried voice, “Leader Sea Wolf and leader Blue Phoenix are locked in another cage...”

Su Yu said calmly, “You take your men and escape first. Leave the task of rescuing the two leaders to me.”

“Leader Su, be careful!”The snowy machetemen said,

after they left, Su Yu turned his gaze to another cage.

That Cage was sealed from the outside to the inside. Therefore, although there was a huge commotion from the outside, the people inside did not know the situation at all.

With a flash of light, Su Yu flashed over.

Before he arrived, he used his sword to move forward day and night. The elders who were responsible for guarding the cage moved aside in fear, not daring to come any closer.

Clang --

With a sweep of the sword light, the cage was blasted open.

Two figures were revealed. They were the Blue Phoenix leader and the Sea Wolf leader who had been captured.

Their mental state was not good. Other than the damage caused by the chains, the array formation on the cage had a faint restraining effect on them, causing their consciousness to become hazy.

This was to prevent them from resisting on the spot when their blood essence was extracted later, resulting in an adverse effect.

The Sea Wolf leader was still fine. He only felt a little tired, but the Blue Phoenix leader had already fallen into a deep coma.

When he discovered that the cage had been broken, the sea wolf leader was initially shocked. Then, he realized that it was Su Yu who had come to rescue him. He was delighted and immediately perked up. He stood up and said, "Leader Su, thank you for your trouble!"

Su Yu did not say a word. He took a step forward and carried the Blue Phoenix leader by his waist. Then, he immediately rushed out.

With such a huge commotion, he believed that the Golden Eyes Langjun would quickly react.

The Sea Wolf leader followed Su Yu and rushed out.

Who would have thought that after Su Yu left, he actually set up ten spatial vortexes at the gap.

Sensing Su Yu's intention, the smile on the Sea Wolf Leader's face disappeared. He roared angrily, "Little Bastard! I knew you were thinking of ways to kill me!"

"Open!" He roared and transformed into a huge wolf shadow behind him. He tore apart several spatial vortexes in one go.

Within a few breaths, the ten spatial vortexes that Su Yu had set up were successfully torn apart.

The moment he came out, he happened to see Su Yu escaping with leader Blue Phoenix in his arms.

However, he did not have the time to chase after him because the surrounding elders had already surrounded him.

"Su Yu, we're not finished!" The Sea Wolf Leader's heart was filled with hatred. As long as he could return alive this time, he would definitely think of every possible way to kill Su Yu!

The enmity between them had reached the point of no return.

Even though all the conflicts were caused by the Sea Wolf leader alone.

"Freeze!" However, Su Yu might not be able to grant his wish even if he wanted to leave.

Su Yu, who was already far away, activated the laws of time and space to freeze him in place.

When three breaths passed and the Sea Wolf leader was freed from it, he felt that the world had taken a leap.

Moreover, the elders who had been far away earlier had strangely appeared before his eyes.

It was not teleportation, but a lack of time and space.

His heart thumped, as if he had missed a beat. It was as if he had stepped off a cliff and fallen into an abyss.

A thick sense of despair enveloped his heart.

In his eyes, the domain released by several elders was reflected.

In the next moment, the Sea Wolf leader was on the verge of death after being hit by the attacks.

In his eyes, Su Yu's back was reflected.

Shua --

At the same time, Golden Pupil Langjun finally appeared after being informed by the elders.

Looking at the two destroyed cages, his face suddenly darkened, "Who did it?"

Rock Daoist master's heart trembled: "Reporting to master, it seems to be someone from the Pirate Alliance. His swordsmanship is superb, extremely powerful!"

"How can he be more powerful than you?" Golden Pupil Langjun scolded.

Could it be that the five elders could not stop one of the ten great pirate leaders?

Unless it was Xie Xiaoyue herself!

Rock Daoist master also said in disbelief: "It is absolutely true! The other party's swordsmanship can take our lives at will, but the other party is not Xie Xiaoyue. I heard the pirates call him leader Su."

Golden Pupil Langjun's expression fluctuated for a long time before he said, "Investigate for me. It's impossible for such a powerful leader to appear in the Pirate Alliance for no reason!"

The Dying Sea Wolf leader heard this and a trace of hatred remained in his weak eyes. He said, "He is... Su Ruchu..."

Chapter 2254 Far North

Him?

No one in the number one aristocratic family would be unfamiliar with the name Su Ruchu.

In the eyes of the elders and guest elders, Su Ruchu was an executioner who had killed many outstanding disciples of the number one aristocratic family and had already defected to the Pirate Alliance.

Only golden-eyed Langjun understood that Su Ruchu was a chess piece that he had planted in the Pirate Alliance!

However, didn't this chess piece possess such terrifying strength?

Golden-eyed Langjun didn't believe it.

“Do you want to know more?”The Sea Wolf leader recovered slightly and said, “I can help you get rid of this person!”

The Pitiful Sea Wolf leader didn't know Su Yu's true identity.

As an excellent chess piece that golden-eyed Langjun had successfully infiltrated the pirate alliance, how could anyone threaten him?

The golden-eyed Langjun smiled. “Alright, this Langjun will remember this favor. If you have another life, you can ask me for repayment.”

The Sea Wolf leader was slightly stunned. Before he could understand, he was kicked into the blood pool by the golden-eyed Langjun.

Instantly, hundreds of tentacles stretched out from the blood pool. In the blink of an eye, the sea wolf leader was completely devoured. Not even dregs were left.

Golden Eyes Langjun said indifferently, “Continue to capture people until the pool of blood is completely filled!”

On the other side.

Su Yu brought leader Blue Phoenix to a snowy plain to the north.

The swordsman in the snow informed him of their hiding place.

As soon as he landed, the swordsman in the snow walked over with a look of anticipation. He looked at the unconscious leader Blue Phoenix and said, “Where's our leader? Why is only leader Blue Phoenix Here?”

The Pirates of the wolf pirates surrounded him one after another, their eyes filled with worry.

“I'm sorry, the enemies are too many and too strong. I only managed to save Blue Phoenix leader in time! Blue Phoenix Leader has already... met with an accident!”

After hearing this bad news, the Pirates of the Wolf Pirates immediately became sorrowful and uneasy.

The Pirate Alliance was a place where all kinds of villains gathered. They only believed in the law of the jungle.

It was easy to predict what would happen to them if they lost their pirate leader.

They would definitely be eaten until not even their bones were left!

The swordsman in the snow was also at a loss for a long time. He sighed in his heart. Fate really played a trick on people!

He had rushed over from thousands of miles to seek refuge with Dao Master Sea Wolf. Who knew that he would die tragically in just a short while.

Where should he be now?

All of a sudden, the swordsman in the snow looked at Su Yu, who was close in front of him. He had an idea and said, “Leader Su, do you need any men?”

Of course I do!

Su Yu said that he was the leader of a group of pirates, but because he was established in a hurry, he was the only leader and there were no pirates.

“Brother Snow, what do you mean?” Su Yu, who was a wise man, immediately saw the thoughts in his eyes, but he pretended not to know.

The swordsman in the snow immediately knelt down on one knee and said, “We are willing to join leader Su and listen to leader’s orders.”

Many pirates who had lost their backbone followed suit.

Not only was Su Yu’s strength outstanding, he had the strength to intimidate several elders. Moreover, he had recently extorted a large amount of wealth from the sixth aristocratic family, and he was rich in resources.

Joining him was more beneficial than being a pirate.

Su Yu pretended to decline, “I can’t absolve myself of the blame for not being able to save the sea wolf leader. If I accept you guys, it will inevitably attract criticism. I’m afraid this matter isn’t appropriate...”

How could the Snow Saberman and the others allow Su Yu to decline?

He immediately said, “Leader Su barged into the enemy camp alone, dealing with many experts from the first aristocratic family. Not only did he save us, but he also saved leader Blue Phoenix. His merits are immeasurable. How can you say that he can’t absolve himself of the blame?”

“That’s right, leader Su, you’re Our Savior. We’re willing to follow you from now on. What can outsiders say?”

“Right! Leader Su is magnanimous and righteous. Whoever dares to speak ill of him, we’ll fight it out with him!”

..

With the United will forming a city, Su Yu “Helplessly” said, “Alright, since everyone says so, then you guys can join my pirates from now on. I’ll take care of you guys for Leader Sea Wolf.”

Actually, Su Yu had already planned to form his own pirates.

He didn’t really want to just be Xie Xiaoyue’s puppet.

Although Xie Xiaoyue might not dare to do anything to him.

But some things still needed to be done by his own people.

“Leader, how should we deal with them?” The swordsman in the snow pointed at a group of people who were hiding in a corner.

It was surprisingly morning flower girl, white-robed sword God, and the others from the third absolute family.

When they fled, they didn't know where to go and fled with the pirate alliance.

In the end, after they were safe, they realized that they had been surrounded by a large number of pirates.

Su Yu thought for a moment and looked at morning flower girl and the white-robed sword God.
“How were you captured?”

Morning flower girl cautiously looked at Su Yu and said, “When we were exploring a heart-shaped lake, we were captured by golden-eyed Prince's men.”

The speaker didn't mean it, but the listener did.

Heart-shaped lake... one of the six regions recorded in Dance's handbook was a heart-shaped lake.

It was one of the six great treasures of heavenly emperor.

“What did you find?” Su Yu asked.

Early morning flower girl bitterly said, “When we arrived, the number one aristocratic family had already searched the whole place!”

Su Yu was disappointed.

It seemed that golden-eyed prince had already obtained the things inside.

Otherwise, he should still be searching for things there instead of setting up a blood pool here..

At the mention of the blood pool, Su Yu's heart paused for a moment. Could it be that the blood pool was one of the six great treasures that golden-eyed Prince had obtained?

Dance's handwritten letter said that it was a huge treasure called “Eternal life” that could bring people back from the dead..

“Who do you want to resurrect?” Su Yu whispered.

However, in this way.

They didn't need to go to the treasure burial site in the central region. They could directly go north to the area of the emotion severing platform.

Looking at the morning flower woman and the others, Su Yu said, “Let's go.”

The swordsman in the snow was stunned for a moment and said, “Let them go just like that?”

According to the Pirates' practice, the women had to stay, and the men had to at least search all of their bodies. The more ruthless ones had to be killed.

They could just release them directly, but they really didn't want to act like pirates.

“Meaningless killing will only attract the cooperation of the other big aristocratic families to suppress us. The gains won't make up for the losses,” Su Yu said calmly.

Although he had formed a group of pirates, he wasn't willing to form a group of pirates who had done all kinds of evil deeds.

The Morning Flower Girl and the others were extremely grateful. They all bowed to Su Yu, "We will remember this favor. We will definitely repay it in the future."

Su Yu did not expect that the early morning flower girl would repay him one day. She waved her hand and led the group to the north.

Not long after they left, leader Blue Phoenix finally woke up.

She rubbed the space between her brows and looked around with a confused expression. She muttered, "I was saved?"

"It was leader Su who saved you!" A female pirate who was looking after her said with a smile.

She told her everything that happened next.

Chief Blue Phoenix was very grateful.

Without Su Yu, she would definitely die this time!

"By the way, where are we going now?"

"The northernmost area! Chief said so."

"What!" Chief Blue Phoenix immediately struggled to stand up and said, "Quick, help me to see Chief Su. We Can't go to the northernmost area!"

She seemed to know something.

Chapter 2255 Frost Immortal Moth

Knowing that their leader was in danger, how could the female pirate dare to neglect him?

She immediately ran over to inform Su Yu.

Hearing about this matter, Su Yu personally rushed over. First, he checked out leader Blue Phoenix's injuries and said, "It's alright. It's not too serious."

Leader Blue Phoenix said, "My injuries aren't important. What's important is that you stop immediately. Don't forget to go to the far north."

"Why?" Su Yu was puzzled.

Looking at Blue Phoenix Leader's expression, he was very nervous.

"The far north has already become a forbidden zone of death. Anyone who enters will die without a doubt!" Blue Phoenix leader said, "The fourth absolute family, from the family head to the clan elders, to the younger generation of the clan, has all been buried there."

Hearing this, Su Yu's brows furrowed deeply.

The fourth exceptional family was completely wiped out?

Su Yu wasn't surprised that others couldn't escape. The forest of ten thousand bones previously already had the ability to make an ordinary dao master die without a doubt.

However, not even being able to escape from their home was too unbelievable.

“How do you know?” Su Yu asked back.

There was still some lingering fear in leader Blue Phoenix’s eyes. He said, “Because that’s where I escaped from!”

“What happened there?”

“Yes!” The blue phoenix leader said, “I was initially teleported to the extreme north, where there was an ice mountain.”

“At that time, Xia Yi'an, Xia donglai, Xia Ruchen, and the people from the fourth exceptional family were all exploring the area. In the end, someone triggered something, and the entire ice mountain suddenly moved, and then continued to spew out a large amount of cold air!”

“Xia Yi'an’s martial arts were unrivaled, and he succeeded in taking his own people away. However, the fourth exceptional family was not so lucky. Together with the family head, they were all frozen by the cold air forever, and died completely.”

“The cold air is still spewing out continuously, forming an ice-cold Forbidden Zone of death. Anyone who enters will die without a doubt!”

Even a legendary figure like Xia Yi'an could not enter easily. It was not an exaggeration to say that it was a forbidden zone of death.

After the leader of the Blue Phoenix finished speaking, he immediately looked at Su Yu, thinking that after learning of the danger in the far north, he should have given up on the idea.

However, Su Yu didn’t seem to be afraid at all. Instead, he let out a sigh of relief!

The leader of the Blue Phoenix was stunned, thinking that his story wasn’t vivid enough?

Why did Su Yu let out a sigh of relief as if he had heard a beautiful story?

How could he have known that Su Yu was most worried that the treasures left behind in the extreme north had already been developed by the experts who had been teleported there.

How could he not heave a sigh of relief when he found out that they were all blocked by the so-called cold air forbidden zone?

“Leader Su, I was lucky. I just happened to arrive outside the forbidden zone, and the snow mountain underwent a strange change. That’s why I escaped to this place in one breath. You must not take any risks...”

“Everyone, listen up. The land of the extreme north, Speed Up!” Su Yu commanded. At this moment, he was even smiling.

Leader Blue Phoenix was dumbfounded..

After several days of traveling, they finally arrived at the land of the extreme north.

The heavenly remains cave abode had already been explored by those who had entered for several days. The other few treasures had already been controlled by different factions.

Those who had received the news rushed to the last unexcavated treasure trove, the snow mountain!

Hence, when Su Yu arrived, he saw almost all the other forces besides the first and fourth absolute families.

Xie Xiaoyue and several pirate alliances were here.

Su Yu and the others had many people. Their arrival was naturally hard to avoid everyone's eyes and ears.

When Xie Xiaoyue saw Su Yu here, her eyes revealed a surprised expression.

Wasn't Su Yu blocked by that statue?

He actually managed to enter?

Even though she was shocked, she was still glad that Su Yu entered.

With Su Yu's strength, he might be able to help a little.

"Leader Su." Xie Xiaoyue waved her hand and asked all of them to come over.

Su Yu walked over in a few steps and said, "Leader Xiaoyue."

HMM? Xie Xiaoyue's eyes flashed slightly.

Su Yu had always called her leader and treated her as a subordinate.

What did it mean to call her leader Xiaoyue Now?

"We pay our respects to leader Xiaoyue." The swordsman in the snow and the others stepped forward and greeted Su Yu.

Such a move finally made Xie Xiaoyue realize that it was unusual. She glanced around and said, "Where's leader Sea Wolf?"

The swordsman in the snow said dejectedly, "Reporting to leader Xiaoyue, leader Sea Wolf was framed by the number one noble family and has died. We are now willing to join leader Su and become a member of the dustless pirates."

Hearing this, Xie Xiaoyue's heart sank.

She did advocate for Su Yu to be independent and establish the dustless pirates.

But the goal was to make Su Yu a puppet so that she could take all the money she got.

She absolutely did not intend to let Su Yu control a powerful pirate.

Now, Su Yu had taken over everything about leader Sea Wolf, which was beyond her control.

"I see," Xie Xiaoyue said with a nostalgic look.

Her heart was racing as she thought of a countermeasure.

“Leader Xiaoyue, what’s the situation now?”Leader Blue Phoenix interrupted Xie Xiaoyue’s thoughts.

Xie Xiaoyue came back to her senses and said helplessly, “As you can see.”

Su Yu looked over. The sky was blue, and the wind and sun were beautiful. A snow-covered mountain stood at the end of his line of sight.

Everything seemed peaceful and there was no danger to speak of.

Except for a dozen human-shaped icicles, they appeared before his eyes.

They retained the panic and fear before they died. Their bodies still maintained the posture of fleeing, but at this moment, they were completely frozen in place.

Su Yu’s heart moved, and he tried to use his clairvoyance eye to investigate.

Sure enough, under the clairvoyance eye, he saw a dense number of cold air moths moving around with the snowy mountain as the center.

Any living being that got close would be frozen to death in an instant.

“Moths? They should be the frost immortal moths recorded in dance’s handwritten letter, right?”Su Yu muttered to himself.

It was said that when Emperor Tian Yi was alive, he once found a pair of beast eggs in an ancient meteorite.

After ten thousand years of incubation, a pair of frost immortal moths were born.

The Frost immortal moths themselves were not powerful. What was powerful was that once they multiplied, their scale reached tens of thousands. When they gathered together, they would produce a cold ice domain.

Even the Emperor of Heaven’s will had to be wary of such a powerful domain.

The frost immortal moth in front of him should be the offspring of the first two immortal moths after countless generations, numbering up to 100,000.

It was not surprising that all the members of the fourth exceptional family had been wiped out.

However, Xia Yian was able to bring people back alive from the inside, which showed his ability.

And in dance’s handwritten letter, there was a way to deal with the frost immortal moth.

However, there were too many people around. If he used it in public, he would be in trouble.

Moreover, if one more person stepped into the snow mountain, one more person would know the existence of the emotion severing platform, and the pressure of fighting for the divine seat of Heaven and earth would be even greater.

The bracelet was what he relied on at the moment. Even though he had reached the Heavenly Dragon Dao body, he could barely protect himself.

However, since Su Yu could get the bracelet, who could be sure that the others didn’t have powerful magic treasures and talismans?

So, he had better sneak in.

Chapter 2256 Beat Them To It (First Watch)

“It seems that we are not fated to be here,” the leader of the Green Phoenix tribe said dispiritedly.

Xie Xiaoyue shook her head. “Not necessarily!”

“Oh?”?

The leader of the Green Phoenix tribe asked in surprise, “Why do you say that?”

With the terror of the forbidden area of death, would anyone be able to force their way in?

“Xia Yian has a magic treasure inherited from the Heavenly Emperor. After activating it, he will be able to open up a passage in the forbidden zone,” Xie Xiaoyue said.

The Blue Phoenix leader frowned. “Is Xia Yian that stupid?”

Wouldn’t the opening of the passage benefit others?

“That magic treasure is too powerful. Xia Yian alone can’t activate it. Someone needs to activate it,” Xie Xiaoyue said with a twinkle.

How powerful was Xia Yi’an? He couldn’t activate that magic treasure alone!

However, it was also because of this that the magic treasure could open a passage in such a terrifying forbidden zone of death.

“Is there anyone among us who is as powerful as Xia Yi’an? I don’t think so!” The leader of the Blue Phoenix asked suspiciously.

With Xia Yi’an’s supreme status, there was no expert in the entire seven ultimate civilization and its radiation range who could rival him.

It might not be easy to activate that magic treasure.

“Of course not!” Xie Xiaoyue said, “But unfortunately, a powerful expert from the Starfire civilization came... The purple flame demoness! Her strength is on par with Xia Yi’an!”

Su Yu was slightly surprised when he heard that. He had read about it in a book.

The Starfire civilization was a powerful seven-star civilization.

Their strength was no less than when the heavenly remains civilization was at its most glorious.

The Starfire civilization had four extremely powerful rulers, known as the Starfire Four Devils.

Each of the Four Devils was an old monster that had lived for more than half a century!

The first devil was someone who was at the same time as the heavenly remains emperor.

His strength was no weaker than the heavenly remains Emperor’s!

The Purple Flame Demoness was one of them. She was only born after the heavenly remains Emperor had fallen a long time ago. In the end, she worked hard and became the last of the four devils.

However, her strength was amazing.

It was said that she had once conquered dozens of seven-star civilizations by herself and one sword, but she had never lost.

In terms of battle results, even Xia Yi'an was inferior.

How could Su Yu not know about such a famous expert?

At this moment.., xie Xiaoyue continued, "Someone has already sent a message that the Purple Flame she-devil has appeared in the Heavenly Yi Cave abode and is heading in our direction. If her target is also this last treasure land, she will cooperate with Xia Yi'an to open a passage together."

The passage would be opened, but it was unknown how many people would be allowed to enter.

Su Yu's heart sank.

It was hard to say if others could enter, but it was impossible for him to be allowed to enter, right?

Putting aside the fact that his previous hostage-taking actions had caused the seven ultimate civilization to lose face, just Xia Ruchen's killing intent towards him would not allow him to enter.

Moreover, the more people who entered, the more difficult it would be to obtain the divine seat of Heaven and earth.

It seemed that he had to enter alone as soon as possible.

"Leader Xiaoyue, leader Cyan Phoenix, I'll check around," Su Yu said.

Xie Xiaoyue only knew that Su Yu would not give up. He had to find out what was going on. She nodded and said, "Be careful."

When many people came, they were like Su Yu, hoping to get lucky.

Xie Xiaoyue herself was the same, so she did not notice Su Yu's abnormality.

Su Yu circled around the forbidden area of death until he reached the least possible angle.

After making sure that there was no one around, he immediately formed a seal with his hands and chanted a very strange language.

It was a simple spell to control the frost immortal moth that was recorded in Dance's Handbook!

As expected, with a thought of the spell, the frost immortal moth left and made a path that was wide enough for one person.

Su Yu's figure flashed and he jumped into it.

Just as he was about to leave, he heard a sigh, "Young master su is really extraordinary. He does extraordinary things."

"Who?" Su Yu's heart jumped and he turned around.

He realized that it was Bi Yun Hong Chen. She suddenly appeared behind him and looked at Su Yu. Su Yu was surprised. When he opened the path, he had already confirmed that there was no one nearby.

How did Biyun Hongxian escape his detection?

Thinking that she was the daughter of golden-eyed prince, Su Yu didn't think it was strange.

The star girl that golden-eyed prince had recruited was already so well hidden. Was it strange that Linchen Hongxian was hiding something?

She must have cultivated some kind of concealment technique that could easily avoid detection.

"So it's you." Su Yu's eyes flashed. The tunnel had already been discovered by Linchen Hongxian. How should he deal with her?

Should she be silenced, or..

"I originally followed young master Su to this remote place to say some urgent words. I really didn't want to disrupt young master Su's plan." Linchen Hongxian said apologetically, "I can enter with young master Su."

She used her actions to dispel Su Yu's worries.

Su Yu thought to himself that this woman was calm and composed. He nodded and said, "Keep it quiet."

"I'll listen to young master Su's orders." Linchen Hong Xian followed Su Yu through the passage and entered the forbidden area of death. She quietly groped her way toward the snowy mountain.

At that time.

Outside the forbidden area of death, in the depths of the horizon, a fireball was rapidly approaching like a sun that had fallen from the sky.

Before the person arrived, it had already caused a terrifying high temperature, causing the half-step dao masters to flee into the distance.

If they didn't flee now, when the other party arrived, the strange heat would completely melt them.

The remaining Dao masters had deep fear and reverence on their faces as they watched the huge fireball descend without blinking.

Pu --

The fireball smashed onto the ground, causing sparks to fly.

Under the contrast of the Sparks, the three figures were exceptionally clear.

They were the purple flame she-devil, Zhan wushuang, and the depressed star lady.

"Yo, it's very lively." The purple flame she-devil walked over with her waist twisted.

She didn't look at anyone else but Xia Yi'an. "Rumor has it that there is a descendant of the Heavenly Emperor of the seven ultimate civilization who inherited his bloodline. It seems that it's You?"

Xia Yi'an stood with his arms crossed and said lightly, "How do you know that I am the Heavenly Emperor?"

The purple flame demoness covered her mouth and laughed lightly, "Who else but you looks so similar to the Heavenly Emperor?"

It turned out that Xia Yi'an and the heavenly emperor looked somewhat similar.

If Su Yu was here, he might understand why Xia Yi'an looked familiar to him.

Xia Yi'an revealed a faint smile, "I am indeed Xia Yi'an, and I have been waiting for you for a long time."

Ziyan glanced at the forbidden area of death and smiled. "Frost immortal moth? It seems that we have come to the right place."

There were no powerful creatures guarding the other places of treasures.

But this place was an exception!

"You have been waiting for me because you want to join hands with me to expel the frost immortal moth?" Ziyan was also a bit afraid of the frost immortal moth.

It was difficult for her to barge into such a large number of immortal moths.

"Yes. I have a magical equipment. If you and I activate it together, we can open a passage to the inside. It will last for about ten days."

Demoness purple flame rolled her eyes. "Do you need us to keep it up for ten days?"

"Yes!"

Upon hearing this, many people's faces beamed with joy.

This meant that the two of them could only maintain the magical equipment outside and could not enter to compete with them for it.

Chapter 2257 Finally, The Divine Seat (First Watch)

"How about it? Do you agree?" Xia Yi'an asked the purple flame she-devil.

"Sure." The purple flame she-devil didn't think for long, and the corners of her mouth curled up. "But, I only allow the two people I brought in, and you can only send the same number of people in..."

Xia Yi'an looked at Zhan Wushuang and the star girl and said, "Okay!"

He looked behind him and said, "Father, Ruchen, you go in."

In this way, four people could enter.

The others could only watch from the outside.

Xue Mengfeiyu from the sixth exceptional family had a helpless expression on her face. She thought that obtaining the cultivation technique of the heavenly emperor meant that she had a predestined relationship with the inheritance of the heavenly emperor, but she didn't expect that she wouldn't get anything ever since she came to the heavenly cave abode.

This made Xue Mengfeiyu, who thought that she was blessed with good fortune, feel very frustrated.

Mie Zheng also sighed deeply. With Xia Yi'an and the demoness purple flame present, they wouldn't be able to enter the mountain.

This snowy mountain was protected so tightly that it was definitely not an ordinary treasure. It was even more important than the other five treasures.

However, it didn't belong to them.

All of a sudden, Mie Zheng looked in the direction of the Pirate Alliance. He suddenly raised his eyebrows and asked, "Where is Su Ruchu?"

She was clearly still there just now, but now she had disappeared.

Xue Meng Feiyu couldn't be bothered to look at him. She said, "Who cares? Maybe we didn't get anything along the way and are unreconciled to find the treasures that everyone missed."

Mie Zheng shook his head slightly. In his eyes, Su Yu was a person with extraordinary intelligence. Moreover, he had obtained the fate dao bead of the greedy wolf king, so his luck would definitely not be bad.

At this moment, he had disappeared without a trace, causing extermination to make a series of guesses.

"Let's hope that he has gained something. After the heavenly remains cave ends, I have something that I need to ask him to do. The more he gains, the greater his chances are," extermination muttered softly.

The other aristocratic families and people from the various powers were unwilling to accept this.

As expected, they were all forbidden from entering.

Xie Xiaoyue frowned deeply. She was extremely unwilling to accept this. She hated herself for being too weak and unable to fight against them. She could only watch helplessly as the strongest treasure in the heavenly remains cave appeared before her eyes. However, she could do nothing about it.

It was the same for the army obliteration emperor and the Ravenous Wolf King.

The latter clenched his fists. His chest was filled with anger. "If I had the Fate Dao Bead, why would I go to this extent?"

In the past, he could rely on the fate dao bead to pick up treasures in ordinary places without any treasures.

Now, the heavenly remains cave abode was filled with treasures. He had risked his life and yet, he had not seen anything that could catch his eye.

“My strength, my strength is still too low!”The Greedy Wolf King clenched his fists.

Xia Yi'an and the Purple Flame she-devil's control over the sixth great relic encouraged the surrounding warriors to become stronger.

However, at this moment, they could only watch.

At this moment, Xia Yi'an took out a dharma treasure that looked like a cone, which was only the size of a palm.

After blowing on it, the cone expanded rapidly, becoming one zhang tall and one Zhang Long.

“Let's begin!”Xia Yi'an said lightly, pouring in the powerful power of the Dao Master.

The cone suddenly spun on its own, its sharp end extending forward.

Those Frost immortal moths were crushed when they touched the rotating cone. They couldn't hurt the inside of the cone at all.

“Let's go in,”Xia Yi'an said.

Xia donglai, Xia Ruchen, Zhan wushuang, and Xingnu immediately stepped into the cone and entered the forbidden area of death.

At the same time.

Su Yu and Bi Yun Hong Xian finally arrived at the foot of the snow mountain after going through the forbidden area of death for a long time.

The snow mountain seemed to have a strange deterrent force. The raging frost immortal moth didn't dare to enter the snow mountain when it was ten thousand feet away from it.

“Phew!”Bi Yun Hong Xian let out a sigh of relief. She seemed calm on the surface, but she was actually quite afraid.

She raised her snow-white eyes and looked at the figure in front of her. She thought, “What a strange man.”

Every time they met, he would do something that surprised her.

Even Xia Yi Nunnery did not dare to trespass on the snowy mountain, but Su Yu was able to enter a place where no one was around.

“What do you want to say to me?”Su Yu turned around and happened to meet her snow-white eyes.

Biyun Hongxian avoided her gaze and did not forget her purpose of following Su Yu to a remote place. She said, “Actually, it's nothing. I'm just passing on Father's words.”

She had finally come!

Golden-eyed prince asked Su Yu to become a spy for the Pirate Alliance because he hoped that he would be able to influence the decision of the Pirate Alliance.

“Speak,” Su Yu said. He was currently in the Pirate Alliance, so he could be considered to have some influence.

Bi Yun Hong Xian said, “My father hopes that you can mobilize the pirate alliance to snatch something.”

“What?”

“The Divine Throne of Heaven and Earth.”

Su Yu’s heart sank. The golden-eyed Prince’s target was indeed this item!

His mind was filled with thoughts. After pondering for a moment, he nodded slowly, “I will think of a way to convince them.”

He could have imitated the emperor’s killing sword and used it up before giving it away.

“Why aren’t you surprised at all?” Bi Yun Hong Xian asked suspiciously, “Or did you already anticipate father’s intentions?”

Su Yu said indifferently, “Don’t you think you’re asking too many questions?”

Bi Yun Hong Xian only realized then that she had probed too deeply into Su Yu’s background. She hurriedly said, “I’m sorry.”

Su Yu nodded slowly and stepped onto the snowy mountain.

As he stepped on it, a bone-piercing cold feeling came from beneath his feet.

With his current physique, he could still feel the bone-piercing cold. It was evident how cold the snowy mountain was.

An Ordinary Dao master would probably be frozen to death the moment he took a step forward!

He turned back to look at Bi Yun Hong Xian and was slightly surprised to find that she was safe and sound as she stepped on the snow mountain. She even smiled sweetly at him and asked, “Is there a problem?”

“No,” Su Yu replied calmly.

She was able to silently follow him and even treat the ice as nothing.

The daughter of the golden-eyed Langjun was truly extraordinary.

The two of them continued upwards.

The higher they went, the more terrifying the cold air beneath their feet became.

He tried to fly over, but he discovered that once the power of desolation was released, it was immediately frozen.

Even the space laws were frozen by the terrifying cold air, making it impossible for them to teleport.

With no other choice, they could only take one step at a time.

When they were still a hundred steps away from the snow mountain, Su Yu had already activated his great success Heavenly Dragon Dao body.

Even so, he was still shivering from the cold, making it difficult for him to move.

And Bi Yun Hong Xian, who had been walking on flat ground, hugged her body with both arms, reaching her limits.

The remaining hundred steps seemed to be within reach, but in reality, they were far away.

“Su Ruchu, let’s give up. If the mountainside is already like this, then the cold air on the mountaintop is probably unimaginably strong. If we go up, we will definitely die.” Bi Yun Hong Xian’s face turned green from the cold as she trembled.

Give Up?

Did he have the strength to give up?

Cultivating the eight great laws at the same time and wanting to turn them all into domains in a short period of time, other than the divine thrones of Heaven and earth, what other shortcut could there be in the world?

“I don’t want to give up until the last moment.” Su Yu gritted his teeth and took another step forward.

He wanted strength, absolute strength!

If he had absolute strength, how could Qin Xian ‘er’s memories be taken away by the Heavenly Dao?

If she had absolute strength, why would Yun Yazhi use his identity as Su Yu to block a fatal sword?

Charge!

Su Yu’s heart was as firm as steel. His body, which had already been frozen stiff, had an unknown amount of strength, but he continued to charge forward for dozens of steps.

Moreover, his momentum did not stop!

Behind him, Bi Yun Hong Xian’s heart trembled when she saw this.

The dozens of steps that Su Yu had just taken left a glaring bloody footprint on the ground with each step.

The cold air here was too shocking. If his feet stopped for a moment, they would immediately freeze together with the snow mountain under his feet.

Under normal circumstances, if he used the power of desolation in his body to dissolve the cold air under his feet, he would be able to take a step up with great difficulty.

However, Su Yu directly gave up the skin and flesh under his feet and forcefully climbed up.

Therefore, with every step he took, a layer of flesh and blood would be torn off.

Then, he used his powerful life force to recover his body midway. After repeating this process, his body seemed to be fine, but the pain came one after another, piercing through his heart.

Her eyes flickered with shock. Suddenly, she felt that Su Yu's figure was exceptionally tall.

What kind of determination was it that made him want to obtain the divine seat of Heaven and Earth at all costs?

Was it an order for his father?

Obviously not!

She silently watched Su Yu as she stepped step by step onto the peak of the snow mountain.

Along the way, she left behind a dazzling bright red trail!

Standing on the peak of the snow mountain, Su Yu completely forgot the pain in her legs. She looked at the object in front of her and her heart was slightly excited.

On the peak of the Snow Mountain, a throne covered in ice that had been standing there for less than a few years was reflected in her eyes.

The throne was exquisitely carved. The Sun, moon, and stars floated around it. On the left side of the armrest was a dragon, and on the right hand was a phoenix.

The back of the throne was condensed from a hazy radiance that looked like a river of stars.

At first glance, it was as beautiful as a dream!

At the same time, a threatening aura of an emperor rushed toward him!

"Divine throne of Heaven and earth! We finally meet." Su Yu walked forward with great difficulty. He took a step forward, and half of his body was completely frozen, making him unable to move.

"Break!" Su Yu's remaining right body shook violently, abandoning the frozen half of his body.

Instantly, fresh blood dripped all over the snow.

However, it was immediately frozen again.

Su Yu, who only had half of his body left, had a terrifyingly determined gaze. "Law of Life!"

His left body immediately recovered.

However, the right half of his body was immediately frozen again.

Without thinking, Su Yu struggled with the left side of his body and abandoned the right side of his body.

He repeated this over and over again, enduring the extreme pain of his body being torn apart. Step by step, he arrived in front of the divine seat of Heaven and earth.

The closer he got to the divine seat, the stronger the cold air became!

When he arrived in front of the divine seat, his entire body was frozen from the inside out by the cold air.

Su Yu bent his knees with difficulty and sat down slowly.

However, just as he touched the divine seat of Heaven and Earth, an extremely angry will of resistance came from the divine seat.

Just like the Emperor's killing sword, it had its own intelligence and would choose a master that it felt was suitable for it.

The consequence of someone forcefully occupying it was only death!

Boom --

A destructive force rushed out from the divine seat and instantly destroyed Su Yu into ice shards!

"Rise from the dead!" Su Yu's voice sounded from the ice shards.

Those shards gathered back into Su Yu!

"I, Su Yu, have never admitted defeat in my life?" Su Yu sat down again.

As long as he wanted to sit on something, even if it was the heavenly axiom, he would sit on it!

Boom --

A contemptuous will came from the divine seat of Heaven and earth, and another destructive force rushed out.

"Undying Domain!" He activated the power of the Nine Dragons Divine Cauldron and formed an undying domain around him.

No harm could kill him within a cup of tea.

Peng --

The power of the divine seat of Heaven and earth was the destructive power that could destroy all dao masters below the level of the heavenly emperor.

Su Yu's body couldn't withstand even the slightest impact, and he vanished on the spot.

However, under the immortal domain, his body recovered.

However, the feeling of his body being crushed did not weaken at all and was transmitted to his soul.

Chapter 2258 Space Domain

Even though Su Yu had gone through countless painful tempering, he could not help but let out a miserable groan. His body, which had been condensed once again, could not help but tremble slightly.

"I can not admit defeat!" The scene of Xian 'ER's memory being taken away echoed in his mind. The sorrowful feeling of Huan Yun Yazhi blocking a sword for him, he gritted his teeth, endured the intense pain, and leaned against the magnificent galaxy-like back.

In an instant, Su Yu's mind flashed with thousands of lights, piercing through the chaos in his mind.

Many parts of his mind were suddenly enlightened.

His space law could not help but appear, and a small wine-red dragon excitedly revolved around Su Yu's body.

In a short moment, Su Yu seemed to understand a dilemma that he had not understood for decades.

A phantom image enveloped the little wine-red dragon.

This was a sign that the space domain was beginning to take shape!

The rumors about the divine seat of heaven and earth were indeed true!

However, the good times did not last long. Su Yu's comprehension from the divine seat of Heaven and earth seemed to have angered the divine seat's consciousness even more.

A destructive power that was twice as strong as before instantly destroyed Su Yu once again.

However, relying on the undying domain, Su Yu condensed his body again.

His soul was filled with endless pain, preventing him from being able to divert his attention to comprehend.

However, with his extremely firm conviction, Su Yu suppressed the pain and split a tenth of his consciousness to continue absorbing the comprehension of the divine seat of Heaven and earth, completing the domain of laws.

Boom --

In exchange, the divine seat of Heaven and Earth became even more furious.

Once, twice, thrice..

Su Yu had already forgotten how many times he had died. Each time, the pain had yet to dissipate, and another time, the pain of his body being crushed and his bones crushed came.

In the never-ending pain, Su Yu forcefully held on for the time it takes to brew a cup of tea.

At the moment when the death domain dissipated, the divine seat of Heaven and Earth once again rushed out ten times the original destructive power of the Dao.

One could feel the divine seat of heaven and Earth's extreme anger.

However, Su Yu's domain transformation of space laws was at the final moment.

In half the time it takes to brew a cup of tea, he should be able to succeed.

If he gave up now, he would be on the verge of success!

"Fate, appear!" At the critical moment, Su Yu let out a light shout, and a dense ball of fate appeared above his head.

That Ball of fate had a faint shadow of the God of Heaven and earth.

This was the emperor's four-piece set of fate that Yun Yazi requested for Su Yu back then.

Although he couldn't conquer the emperor's four-piece Emperor's set, he could at least get a bit of luck from it.

Sure enough, after this ball of fate appeared, the consciousness of the divine seat of Heaven and earth seemed to fall into a daze and stopped attacking.

Su Yu took advantage of the short-term precious opportunity to crazily absorb the insights.

He only left a part of his consciousness to guard against the divine seat of Heaven and earth, and the remaining nine parts of his consciousness were all immersed in the insights.

As such, the speed of the domain esper increased greatly.

However, as time passed, the consciousness of the divine seat of heaven and earth seemed to gradually realize that the lump of fate didn't conquer his fate.

The divine seat of Heaven and Earth suddenly erupted with a terrifying destructive dao energy.

At this moment, Su Yu successfully transformed into a domain of space laws!

"Space Domain!"

With Su Yu as the center, the space within a hundred feet suddenly distorted.

It was like a reflection in the water being blown by the wind.

The destructive power of the divine seat of Heaven and earth also twisted and brushed against Su Yu.

Taking this opportunity, Su Yu took a step away. Only then did he avoid the fatal attack.

He had just formed his space domain and its power was indeed astonishing!

Ordinary attacks might not be able to do anything to him.

The only flaw was that the divine seat of Heaven and earth didn't recognize him and couldn't continue to give the other seven laws to domain Espers.

"I'll bring you back and slowly use them!"Su Yu snorted.

At most, he would work harder and use his death domain once a day to forcefully absorb the divine seat of heaven and Earth's comprehension.

No matter what, he had to completely domain the laws.

As if sensing danger, the divine seat of Heaven and Earth suddenly shook, shaking off the ice all over his body, and then flew toward the foot of the snow mountain.

Su Yu pointed with the tip of his foot. Ignoring the cold air invading his body, he immediately chased after it.

By the time he reached the edge of the mountain, the divine seat of Heaven and earth had already flown to the mountainside.

Seeing that it was flying further and further away, Su Yu grabbed toward the nine jade spiritual pearl and grabbed a handful of world-destroying dust.

Every grain of world-destroying dust had a terrifying weight that could destroy a five-star civilization, let alone a handful?

With a wave of his palm, he scattered the sand and landed on the divine seat of Heaven and earth.

Boom --

The divine seat of Heaven and Earth was suddenly suppressed by an endless weight and fell onto the mountainside with a loud bang.

How could the snowy mountain withstand a whole handful of world-destroying dust?

With a loud boom, the snowy mountain that had existed for half an era and was filled with an oppressive cold air collapsed with a loud boom.

Biyun Hongxian, who was at the mountainside, was shocked and quickly fled down the mountain.

She managed to escape to the foot of the mountain just as the snow mountain collapsed.

Looking at the white snow flying in the sky, the ice splashing in all directions, and the snow mountain that had collapsed into ruins, Bi Yun Hong Xian was indescribably shocked.

What had happened up there caused the entire snow mountain to collapse.

Suddenly, her pupils constricted as she realized that an extremely distorted figure was jumping back and forth in the ruins before finally stopping in front of a pile of ruins.

The other party kicked away a large pile of ruins, revealing an exquisite and peerless throne.

At this moment, the entire body of the throne was trembling continuously, as if it could not bear the weight.

A full 100 grains of lost dust were pressing down on it, so it was naturally uncomfortable.

However, Su Yu could feel that the divine seat of Heaven and earth did not give in just like that. Its consciousness was still filled with anger.

Boom --

What surprised Su Yu was that the divine seat of Heaven and earth was still able to resist even in this state.

Hundreds of destructive dao energy blasted out, sending the world-destroying dust three inches high.

Then, it took the opportunity to fly away.

Su Yu rolled up his sleeves and swept the world-destroying dust up. At the same time, he spread out a floating picture.

It was a picture that was constantly changing in space. From one space to another, it was changing rapidly.

It was as if the scene was a land filled with endless space.

This was the space domain.

After enveloping the divine throne of heaven and earth, it was as if the divine throne of Heaven and earth had fallen into a maze. It seemed like it was constantly flying forward, but in reality, it was spinning on the spot.

Su Yu let out a slight sigh of relief and quickly walked over. He was about to seal the divine throne of Heaven and earth.

Unexpectedly, the ground was filled with lotuses without any warning.

Hundreds of lotuses pounced on the spatial domain like moths, corroding it to the size of a pinhole.

Once a flaw appeared in the domain, it would be like an ant's nest within a thousand li.

The Divine Throne of Heaven and earth immediately found a weak point and instantly exploded with the power of destruction of Dao, creating a hole in the domain. He took the opportunity to jump out of the domain.

Su Yu narrowed his eyes. Who else could summon a lotus flower to fight against the enemy but star Lady?

“You don't deserve the divine seat of Heaven and Earth.” Star Lady's cold voice came from the horizon.

Her tone did not conceal her hatred for Su Yu at all.

Su Yu's face darkened and immediately chased after the divine seat of Heaven and earth that was gradually flying away.

However, just as he moved, lotuses appeared under his feet.

Su Yu was faintly angry. Including this time, Star Lady had interfered with him twice to seize important treasures.

“I'm only warning you once, don't force me!” Su Yu's voice was filled with space domain.

He was clearly far away from star lady, but it was as if he was speaking into her ears.

At the same time, wherever his voice passed, the Lotuses on the ground were all distorted inch by inch into powder by the shattered space.

Star Lady, who was rushing over, narrowed her eyes and said calmly, “He has successfully transformed into a law domain! Moreover, it's a space domain!”

Zhan wushuang, who was at the side, raised the tip of his brows slightly.

“Why, do you have something to say?” Star Lady saw Zhan Wushuang's strange expression and asked.

Zhan Wushuang's eyes were complicated as he said, “I also know a person who is proficient in space laws. However, he should be in a three-star civilization very far away, at least a thousand years away from here.”

The star lady did not think much of it. “Comprehending space law is indeed a heaven-sent talent. However, to be able to reach the domain realm is like a carp leaping over the dragon's Gate.”

Occasionally, there would be people who had accidentally comprehended space law. However, without breaking through the domain realm, it was nothing.

There were very few people who could reach the space domain realm like Su Yu!

Zhan wushuang deeply agreed. In his heart, Su Yu was still in the three-star civilization as his moon worship sect master. How would he know how big the world was?

“Su Yu and I are already on two different levels. We shouldn’t have any more interactions in this life, right?”Zhan wushuang thought to himself.

One was living in a three-star civilization while the other was about to become a dao master.

They were like two straight lines, never to meet again.

“Let’s go after them. Purple Flame Demoness and Golden Pupil Prince both need the divine seat of Heaven and earth. Once we get it, let them fight to the death. The two of US can take this opportunity to escape from their control,”star lady calculated.

Zhan Wushuang was slightly doubtful. “The Golden Pupil Prince You mentioned is only the existence of a civilization master, right? Forgive me for being blunt, but he probably can’t even defeat Purple Flame demoness with a single finger.”

“Hehe, Golden Pupil Prince is an ordinary civilization master. How could I join him? Don’t worry, he hides deeper than anyone else. He’s even more terrifying!”Star lady was full of confidence.

She was not willing to be the Purple Flame Witch’s plaything and tried every means to get rid of him.

The divine seat of Heaven and earth in front of them was the only thing that could provoke them to fight.

Zhan wushuang said, “If you are within 30,000 feet of the divine seat of Heaven and Earth, I have a way to subdue it.”

The three of them chased each other from a distance.

In order to avoid being recognized by people outside the forbidden zone of death, Su Yu deliberately hid his figure.

The divine seat of Heaven and earth fled very quickly, and this chase lasted for six whole days.

Finally, the divine seat of Heaven and earth also had moments of exhaustion, especially after being continuously attacked by Su Yu’s spatial domain. Finally, his speed slowed down and Su Yu caught up.

At the same time, Star Lady and Zhan Wushuang also caught up.

Once Star Lady’s Lotus Mark was activated, her speed was even faster than dao master’s.

Seeing that the divine seat of Heaven and earth was about to be activated, Zhan Wushuang was excited. He secretly clenched his fists and said, “Hanxuan, wait for me!”

He took a deep breath and an extremely clear phantom of a throne appeared above his head. It was as if it had materialized.

This was the true fate of the Heavenly Luck Dao Master!

The divine seat of heaven and earth suddenly trembled and flew toward Zhan Wushuang.

His consciousness was filled with excitement and joy.

When Su Yu saw this scene, he turned his head to look at Zhan Wushuang. After a moment of surprise, he regained his composure.

It was unexpected, but within reason.

How could the emperor's four-piece set be lacking Zhan Wushuang?

Looking at the divine throne of Heaven and earth rushing towards Zhan wushuang, Su Yu's eyes turned cold.

He sat on it and the Divine Throne of Heaven and Earth tried its best to destroy him.

But the moment Zhan Wushuang appeared, he was like a dog that had seen meat and took the initiative to recognize him as its master!

Even if Su Yu is mud pinch, are full of fire!

Chapter 2259 Beating The Divine Seat

"Have you asked me if you want to recognize me as your master?" Su Yu waved his hand, and a fiery red bracelet appeared in his palm. It was the remains of the heavenly emperor.

He picked one up with his two fingers and threw it at the divine seat.

Boom

A terrifying power that far surpassed the family head exploded from the bead, and the divine seat fell from the sky.

The originally fluorescent throne was slightly dimmer.

The entire throne was trembling slightly.

In the distance, star Lady and Zhan Wushuang couldn't help but glare at him angrily. Did they make a mistake? That was the divine throne of Heaven and earth, it was used to sit, not to fight.

However, Su Yu didn't stop.

Immediately, a spatial domain trapped him on the spot, preventing him from moving. At the same time, he took out the sin sword and chased after him.

Star lady was anxious and angry when she saw this. "Su Yu, if you can't get it yourself, don't you want others to get it too?"

She formed a seal with her two fingers and countless lotuses immediately spread out from the ground. She pounced forward and corroded a small hole in the spatial domain.

The divine seat of Heaven and Earth was able to shatter the domain and take the opportunity to escape.

However, Su Yu had already caught up in a short amount of time.

“Morning and evening!”

The Ultimate Sword, together with the extremely sharp evil sword, pierced the armrest of the throne.

The divine seat of heaven and earth trembled violently, and the armrest was actually cracked by Su Yu’s sword!

However, these things didn’t stop.

Su Yu took out a silver fruit with a broken shell, and with a flip of his hand, he poured out a stone from the fruit and landed on the divine seat of Heaven and earth.

The indestructible divine seat of heaven and earth was suddenly pressed down by the stone. It immediately let out a creaking sound!

Fine cracks appeared on its four legs and the cracks continued to expand. It looked like it was about to be completely crushed!

Star Lady and Zhan Wushuang’s eyes were about to crack!

The divine seat of Heaven and earth was about to be completely destroyed!

At the same time, endless furious roars came from within the divine seat. Streams of destructive power rushed out from within in an attempt to send the stone flying.

However, the stone was terrifyingly heavy. No matter how much the dao-destroying power attacked, it did not move. Instead, it pressed down on the divine seat of Heaven and earth, causing it to sink into the ground.

To be more precise, the entire earth was being pressed down, causing it to sink.

In the blink of an eye, the originally raised ruins were pressed into a concave basin.

Furthermore, the basin was still sinking rapidly.

It looked as if it was going to collapse the entire heavenly remains cave abode.

Seeing that the divine seat of Heaven and earth was about to be destroyed, Su Yu held the fruit shell of the Indian silver bamboo and put away the stone.

Only then could the divine seat of Heaven and earth breathe a sigh of relief.

However, its consciousness had already been hit by Su Yu, leaving a shadow in its heart.

It did not even have the time to throw itself into Zhan Wushuang’s arms. It spun and rushed elsewhere.

Su Yu’s eyes were ice-cold as he held his sword and chased after him.

The divine seat of Heaven and earth seemed to have sensed something. He trembled and ran for his life.

Star Lady and Zhan Wushuang followed behind him. They were both shocked and angry.

“What’s the background of that pirate leader surnamed Su?” Zhan Wushuang was both angry and surprised.

Judging from his cultivation, he should be about the same as him.

However, his swordsmanship was terrifyingly brilliant!

Moreover, he held so many strange but extremely powerful things in his hands.

For example, that bracelet, and that silver fruit. Each of them was more exaggerated than the last.

“I also want to ask!” Star Lady’s face sank. She had come into close contact with Su Yu and thought that she had already found out some details about him.

However, who knew that he had hidden too deeply. What she found was just the tip of the iceberg!

The three of them chased after the divine seat of Heaven and Earth one after another.

A day later, the divine seat of Heaven and Earth was forced to the edge of the forbidden area of death.

Outside the forbidden area were the leaders of various forces. Once the divine seat of Heaven and Earth went out, it would be even easier for him to be imprisoned.

Seeing that he had nowhere to go, Su Yu took a step forward and prepared to use the spatial domain to completely seal him up and take him away.

Who knew that at this moment, two people with awe-inspiring auras actually charged out from the slanted ground.

One of them was only a half-step dao master, and Su Yu did not care much about it.

The other one was an expert at the level of the Clan Master!

It seemed like they had been waiting for this moment for a long time, and they were attacking Su Yu’s vital points.

Su Yu’s heart trembled. At this critical moment, he suddenly used the great success Heavenly Dragon Dao Body and transformed into a golden, holy half-human half-dragon.

His left hand formed a fist and fiercely struck the half-step dao master.

His right hand gripped the sin sword and unleashed the morning and evening.

One against two!

Bang --

Two muffled sounds rang out consecutively as the half-step dao master retreated frantically. The sound of his body shattering could be heard.

Under his robe, transparent shards that looked like glass were scattered all over the ground.

His eyes were filled with shock and fear. “My Heavenly Relic Treasure Robe!”

This item was a defensive treasure robe from the heavenly relic era. Under normal circumstances, a family head level expert wouldn't be able to break it in the slightest.

However, at this moment, his opponent had shattered it with a single punch!

One could imagine how strong his physique was!

Similarly, that family head level expert wasn't having a good time either. His entire body was covered in sword wounds and his domain had been sliced in half from top to bottom.

“Who are you?”The family head level expert was shocked.

The other party wore a bamboo hat and could hide his aura at the same time, making it impossible for others to see through his true appearance.

However, his terrifying strength was not inferior to the family head's. He really could not think of anyone else.

“Xia donglai, Xia Ruchen, you grandfather and grandson have a good plan!”Su Yu said indifferently.

They must have discovered the existence of the divine seat of Heaven and earth long ago, and even discovered that Su Yu and the others were chasing him.

However, they did not appear to chase him, but hid in the shadows.

They waited until Su Yu was alone, then suddenly attacked, preparing to end Su Yu and snatch the divine seat of Heaven and earth.

However, they never imagined that Su Yu's strength was ridiculously strong!

Not only did he fail to kill him, he was even heavily injured by him.

“Sir, the Divine Throne of Heaven and earth involves the entire seven ultimate civilization. It is not something that you can monopolize alone. It is best for you to withdraw as soon as possible so that you won't bring disaster upon yourself...”Xia Ruchen warned.

Before he could finish his sentence, he was interrupted by Su Yu with a cold gaze. “This sentence is not worthy for you to say!”

He was not even able to defeat his casual move, yet he still had the face to shamelessly warn Su Yu.

Should he say that he felt good about himself, or that he had been conceited for too long?

Xia Ruchen had always been proud and arrogant, claiming to be the number one person among the younger generation of the seven uniques. He immediately opened his mouth to retort.

“Chen 'er, he's right. Don't say meaningless words.”Xia donglai said indifferently, stopping Xia Ruchen from speaking.

If he angered the other party and insisted on killing Xia Ruchen, he might not be able to stop him.

Xia donglai looked at Su Yu and said, “Sir, how about we make a deal! The Divine Priest of Heaven and earth will be given to us, the seventh absolute family. Whatever you want, just say the word!”

If he couldn't kill Su Yu, then he would trade for it.

Hearing this, Su Yu shook his head lightly, "Are all of you equally arrogant? The seventh absolute family added together, can they be worth as much as the divine priest of Heaven and Earth's armrest? What do you want in exchange?"

Su Yu had no interest in talking to them who did not know what they were talking about. He instantly flew towards the divine seat of Heaven and earth and said indifferently without turning his head, "Don't act like you're courting death!"

Chapter 2260 Intense Competition

Xia Ruchen felt his pride was stimulated and was about to chase after him, but he was stopped by Xia Donglai. He shook his head and said, "Don't act Rashly."

"But are we going to watch him take away the divine seat of Heaven and earth right under our noses?" Xia Ruchen said unwillingly.

Xia Donglai put away his sword lightly and said, "Your father doesn't expect us to get the divine seat of Heaven and Earth. The real battlefield is... outside!"

Xia Yi'an and the purple flame demoness were the real forces fighting for the divine seat of Heaven and earth.

The task of the two of them, including the star Lady and Zhan Wushuang, was actually just to find the divine seat of Heaven and earth and bring it out of the forbidden zone of death.

In the end, it would depend on who would get it, Xia Yi'an or the purple flame demoness.

Su Yu caught up with the divine seat of Heaven and Earth with a few quick steps. He used a space domain to seal it and then quickly set up a seal, making it unable to move.

The divine seat of Heaven and earth was finally in his hands!

But, it was only temporary!

Gazing at the scene outside, Su Yu narrowed his eyes slightly.

This was the edge of the forbidden area of death. How could the battle just now be hidden from the experts outside?

Xie Xiaoyue, Emperor Po Jun, extermination, the third and fifth absolute family's head, Xia Yi'an, the purple flame demoness, the greedy wolf king, Xue Meng Feiyu, and the others had all arrived here.

Countless pairs of almost materialized eyes were staring at Su Yu and the divine seat of Heaven and earth in his hands!

Due to the frost immortal moth, they didn't dare to barge in.

However, if Su Yu wanted to get out and successfully escape from them, the possibility was almost zero.

At the same time, Star Lady and Zhan Wushuang caught up.

Star Lady Stared at the divine seat of Heaven and earth. After catching up, she launched an attack without a word to snatch the divine seat of Heaven and earth.

If it were not for the star lady and Zhan Wushuang, Su Yu could still slowly transform into a domain of laws in the forbidden area of death.

But now..

There was a tiger in front and a wolf behind!

Su Yu's mind was filled with thoughts. A moment later, a decisive look flashed across his eyes.

He tore open the seal of the divine seat of Heaven and earth and said to her, "Whether you can escape or not depends on your luck!"

Then, under the loud shout of the Star Lady, he pushed the divine seat of Heaven and earth out of the forbidden area of death.

Rather than being hunted down by the whole world, it was better to let the whole world kill one another for the divine seat of Heaven and earth, and then Su Yu would come and take it away.

As soon as the divine seat of Heaven and Earth fell into the outside world, Xia Yi'an and the Purple Flame She-devil fought for it at the same time!

At this moment, Xia Yi'an also unleashed his true cultivation.

His aura was not inferior to the purple flame she-devil at all!

The latter was shocked. "Fish-dragon realm!"

Xia Yi'an said lightly, "Please show mercy, Purple Flame Female Devil."

"Humph!" The purple flame female devil charged toward the divine seat of Heaven and Earth with burning flames all over her body.

Xia Yi'an also charged forward.

The two inevitably clashed in public.

The destructive shockwave was unparalleled, and half of the cave abode of heavenly relics shook because of it.

The divine seat of Heaven and Earth was sandwiched between the two. After being shaken, it spun and fled in other directions.

However, Xia Yi'an and the Purple Flame Demoness didn't give in to each other, and neither of them showed any intention of stopping.

Xie Xiaoyue's eyes flashed, and she took the opportunity to rush up and grab the divine seat of Heaven and earth.

However, Emperor Pojun was ready to attack as well. He rushed up immediately and said, "A mere pirate alliance is not qualified to touch the divine seat of Heaven and earth. Get lost!"

The new and old grudges between the two of them were ignited.

They started to fight each other immediately.

The divine seat of Heaven and earth was quite cunning. After causing the two to fight each other, he flew away.

Wherever he passed by, there would be intense fighting.

Before long, the entire forbidden area was filled with fireworks.

The divine seat of Heaven and Earth was not in a hurry to escape. Instead, he dodged left and right and passed through the crowd, continuously creating a fight.

In the end, when the entire place turned into chaos, he finally fled in the direction he had planned.

Most of the people were still fighting. Only a few noticed and chased after them.

As a result, the pressure on the divine seat of Heaven and earth was greatly reduced.

Su Yu's eyes flashed with a bright light. The figure standing with his hands behind his back twisted and shattered into ripples.

In the next moment, a distorted figure slowly appeared behind Xia Yi'an and the others.

This was the magical effect of the spatial domain. As long as one's consciousness reached it, they could cross space and reach it.

In terms of speed, Xia Yian and the others were not as fast as them.

However, he was not in a hurry to catch up.

Now that he had the divine seat of Heaven and Earth, he would only become the target of everyone.

The group chased after him crazily.

A few days later, they crossed half of the cave abode of heavenly relics and arrived at the central region.

Xia Yian and the demoness of purple flame temporarily gave up the dispute and joined hands to catch up to the divine seat of heaven and earth, trapping him in an area.

Without saying anything, the purple flame she-devil flicked out a blue jade pendant hanging on her chest. The jade pendant ignited in the air and turned into a towering flame, which instantly turned the area into a surging sea of fire and swallowed the divine seat of Heaven and earth.

Xia Yi'an's eyebrows tightened. He punched the flame, but the Sea of fire only shook slightly.

"Divine Flame Territory!"Xia Yi'an's expression changed slightly.

Among the four devils of the spark civilization, the number one devil was the Divine Flame Female Devil.

She had not appeared for half a century, but half a century ago, she was already a famous expert in the absolute beginning.

When she became famous, even the heavenly emperor had not appeared yet.

Now, no one knew the true strength of the Divine Flame Female Devil.

But judging from this wisp of domain, it was probably powerful enough to make people look up to it.

It might even be possible to step into that legendary realm!

“Hehe, the divine seat of Heaven and Earth is mine after all.” The purple flame demoness hooked her finger, and the towering giant flame wrapped around the divine seat of Heaven and earth, shrinking and flying toward her palm.

Seeing that the divine seat of Heaven and earth was about to fall into someone else’s hands, the many experts who rushed over finally stopped hiding!

“Heavenly right hand!” Xie Xiaoyue gritted her silver teeth and took out a palm that was entirely gray.

There was an eye embedded in the middle of the palm!

The eye was originally tightly shut, but after Xie Xiaoyue infused her power, the eye suddenly opened like a living thing.

Immediately, the body of the purple flame female devil that was being watched by the eye started to petrify!

A hint of fear appeared in the eyes of the purple flame female devil, “One of the six heavenly relics treasures! Petrify right hand!”

She quickly raised her finger that could still move, and a ball of purple flame ignited and pointed at her waist.

The Flames immediately burned her entire body, burning the petrified body to prevent it from endangering her entire body.

Xie Xiaoyue was shocked. Even the heaven’s legacy Emperor’s treasures could contend against her?

Even if this purple flame demoness wasn’t at the level of the Heaven’s legacy Emperor, she wasn’t far from it!

“Watch me!” Emperor Po Jun grinned and also took out a hand. He clenched the other four fingers of the hand, and only his index finger was raised.

He held his hand and pointed at the purple flame she-devil. “Heaven’s legacy left Palm!”

Instantly, the flames on the purple flame she-devil’s body were extinguished, and ice appeared from the inside out.

The extinguishing of the flames caused her to continue petrifying.

However, this wasn’t enough!

At least, to the purple flame she-devil, this wasn’t enough to kill her.

“Heaven’s legacy foot!” Mie Zheng had also obtained one of the Heaven’s legacy Emperor’s treasures.

It was the size of a fist, and it was a crystal-colored foot that looked like an accessory.

However, after infusing the DAO Master's power into it, the crystal-colored foot quickly expanded to ten thousand times its original size. It turned into a huge stone pillar that connected heaven and earth and stomped down.
