Chapter 2291 Martial Heavenly Palace

“Please explain in detail,” Su Yu said.

Seeing that Su Yu was unusually interested, Bai Qingsong explained Zhulu in detail.

After listening, Su Yu’s eyes shone with a deep, dark light.

He might not be interested in ancient cultivation methods, but the deer antler of the divine light deer was something that Su Yu wanted!

If he could get it, he could shorten his hard work by ten years and transform his soul in a short period of time!

However, the Divine Deer of light would definitely be under the strict protection of many Dao Masters. It would be extremely difficult to extract the antler from its body.

“Other than that, even if I don’t obtain the Divine Deer of light’s impartation technique, I can still obtain the prizes according to each other’s ranking.”

Su Yu was thinking about the antler and was obviously absent-minded. He asked, “Oh? What Prizes?”

“For example, the first place is 100 million dao coins and a portion of... absolute beginning Qi.” Bai Qingsong suddenly realized that the first place was nothing to Su Yu.

Absolute beginning Qi was indeed a crazy prize for everyone.

But to Su Yu... it was like a beggar rewarding a rich man with a steamed bun.

He smiled bitterly and said, “The second place is the deer antler of the divine deer of light, and the third place is...”

“Wait!” The focus in Su Yu’s eyes shrank, and he said in surprise, “Deer antler?”

“Yeah! Is there a problem with young master Su?” Bai Qingsong was surprised. In his opinion, the first place was so insignificant to Su Yu, so the reward for the second place should be even less important to him.

Who would have thought that he would have such an expression.

“Isn’t the Divine Deer of light the Guardian Divine Beast of the Palace of Light? How could we cut the deer antler from its body?” Su Yu was confused.

Bai Qingsong couldn’t help but laugh, “So young master Su is curious about this!” The reason was very simple. Every ten years, the Divine Deer of light would shed off a layer of old antler. After years of collecting these antler, the storage quantity is quite large. At the very least, it’s not as rare as the absolute beginning Qi.”

So that’s how it was!

Su Yu was delighted. This sacred city didn’t come in vain!

As long as he could get second place in the deerchaser, he could get the antler!

There was no need to take any extra risks!

“Young master Su, if you are interested, you need to hurry up. The contest is about to start. If you are late, you will miss the opportunity to register,” Bai Qingsong kindly reminded him.

Su Yu cupped his fists and bowed. “Thank you. Goodbye!”

Bai Qingsong immediately brought him to the teleportation array in the backyard and cupped his fists. “Good luck, Young Master Su!”

Su Yu nodded and stepped into the teleportation array, leaving silently.

When he reappeared, he appeared in a remote corner of the sacred city.

He immediately moved to the northeast corner of the sacred city.

This place was the famous Martial Arts Heavenly Palace of the Palace of light.

The Heavenly Palace only had two floors.

Usually, only the first floor was open for the martial arts experts to spar with and rank.

The Palace of Light’s board of light was from the Martial Arts Heavenly Palace.

The light ranking board listed all the experts in the realm according to their strength and ranked them according to their strength.

The first floor was open all year round, but the second floor was only open once every fifty years.

Only a group of people had the qualifications to step onto it!

The current generation’s prodigies!

Furthermore, only those who had reached the Dao master realm were allowed to step onto it.

The rest were not allowed to go up to the second floor.

Su Yu went to the registration area.

There were two conditions for registration. The first was that one’s strength had reached the Dao master realm, and the second was that one had to provide proof of identity.

The former was still fine, but the latter thought for a while. An idea flashed through Su Yu’s mind, and he took out a spatial storage device.

This was Wang Jiuyang’s spatial storage device. At that time, he had taken it out on a whim.

He searched inside and found a token. There was no name on it, only the word “Wang”!

This was the Wang family’s identity certificate.

The Wang family was extremely huge, and its members were scattered all over the palace of light.

Even in remote places like the late autumn snowfield, there were remote branches of the Wang family.

“Fortunately, I took Wang Jiuyang’s storage item,” Su Yu thought to himself. Then, he took the identity token and went to register.

At the same time, more and more warriors gathered outside the Heavenly Palace.

At a glance, tens of thousands of miles were crowded with people’s heads.

They all looked at the second floor of the Heavenly Palace with envy.

There were only exquisite railings on the fourth floor, so they could clearly see the situation on the second floor.

In the building sat seven young elites dressed in extraordinary clothes, talking and laughing cheerfully.

Among them, Xuan Hua was in the lead. She sat at the top seat with a half-smile on her face, looking up at the hundreds of millions of warriors.

She enjoyed the attention of so many people, as if she was the Sun in the sky, unique.

“All the elites in the world are here,” Xuan Hua said with a faint smile.

The other six elites smiled. The one on Xuan Hua’s right hand was a handsome man. He waved the folding fan in his hand and said with a faint smile, “To be precise, all the people below the emissary of light are ants!”

The other elites smiled but didn’t say anything. However, there was more or less pride on their faces.

It was true.

Every time they fought for the deer, it was said that it was the provincial capital of all the elites in the Palace of light.

However, only the emissary of light was qualified to fight for the deer and ascend to the second floor of the Heavenly Palace!

Fighting for the deer was just a stage for the emissary of light to show off.

In the past, few warriors who were not emissaries of light had reached the second floor of the Heavenly Palace.

Xuan Hua raised her glass and saluted to the crowd from afar. “This is a grand event for US emissaries of light. Let us show the world...”

Tap, tap, tap --

However, just as they were raising their glasses and drinking, the sound of footsteps on the stairs came from the entrance.

The crowd looked toward the sound and saw a silver-haired warrior wearing a golden mask walking up.

He looked at everyone calmly and then sat on the seat at the end as if there was no one else around. He waited for the competition to begin without saying a word.

The seven emissaries of light were stunned.

How could someone other than the emissaries of light ascend to the second floor of the Heavenly Palace?

It shouldn't be!

However, there were several powerful dao masters guarding the entrance to the first floor. Only after they had strictly checked their strength would they be qualified to ascend to the second floor.

The fact that they let this person up was enough to show that he had the qualifications to go up to the second floor.

A hint of surprise flashed across Xuan Hua's eyes.

Other than the emissary of light, there was actually a peerless genius whose strength had reached the Dao master level within two hundred years?

Logically speaking, the geniuses within the Radiant Palace had gone through many stages of selection. After a great wave washed the sand, the truly powerful ones had long been selected.

How could they have missed out?

"You are?" Xuan Hua asked.

Su Yu looked straight ahead and said indifferently, "A nameless nobody."

It would be a mistake to say too much. Moreover, he was a wanted person. It was not appropriate for him to say too much to avoid exposing himself.

However, the DEERCHASER had always been a grand event exclusive to the emissaries of light.

Su Yu's unexpected addition had already faintly aroused their collective hostility.

Now, Su Yu's attitude of not wanting to talk to them had naturally caused their enmity to deepen.

"What attitude? Xuan Hua's emissary of light is asking you a question!" The man with delicate features stared at Su Yu with dissatisfaction.

Su Yu raised his eyes to look at him and said, "She asked, and I answered. Is there anything wrong?"

The man with delicate features was the sixth-ranked emissary of Light, Starfall Emissary. When he heard Su Yu's sophistry, he was greatly displeased. "Do you know who we are and what our identities are?"

Su Yu said briefly, "Emissaries of Light."

"It's good that you know!"

"So?" However, Su Yu asked back faintly.

Starfall was immediately choked. So? So he should know how to talk to them in an attitude!

What kind of person was the emissary of Light?

If it was any other time, he would be a big shot who could only be seen from afar. An ordinary martial artist would feel honored to meet him once!

As the second-ranked light emissary, Xuan Hua, she personally asked how great of an honor it would be for Su Yu. An ordinary person wouldn't even dream of it.

In the end, Su Yu was doing well. He actually had a cold attitude!

Moreover, his words showed that he didn't put the light emissary in his eyes!

Starfall stared at Su Yu and crossed his arms in front of his chest. He said calmly, "Do you know that if it was any other time, you don't even have the right to speak to us?"

His words were not false. With the position of the emissary of light, it was not something that an ordinary person could speak to.

Su Yu's eyes were calm. "If I'm not mistaken, you guys are the ones talking to me right now!"

He had not taken the initiative to talk to them at all.

"You! If you refuse a toast, you'll have to drink the forfeit..." a vicious glint flashed in Starfall's eyes.

Just as he was about to flare up, Xuan Hua said indifferently, "Forget it, chasing deer is a grand meeting of the Palace of Light. Everyone should be calm and attend the meeting. There's no need to make enemies."

As she said this, she smiled at Su Yu lightly, "I welcome you on behalf of the emissary of Light."

Su Yu merely nodded slightly, then slowly closed his eyes and did not say a word.

Starfall was abnormally angry when he saw this. What kind of thing was worthy of putting on airs in front of their emissary of light!

Of course, since Xuan Hua had already spoken, he naturally would not make things difficult for them. He sneered, "Later, let me experience your strength and see if your strength can match up to your arrogance."

Su Yu frowned slightly.

When had he ever been arrogant?

He just did not lower his head to them as these emissaries of light expected and satisfy their desire to look down on all living things.

They were the ones who looked down on everyone, not Su Yu!

Dong --

A moment later, the crisp sound of a gong traveled into the martial heavenly palace from afar.

The martial artists watching the battle downstairs were obviously in an uproar.

Xuan Hua slowly stood up and said, "There are still two hours left in the competition. According to tradition, the people present here will exchange martial arts."

Su Yu knew this.

Before the official competition, they needed to spar with each other to roughly determine the strength of each participant.

This sparring would be used as a reference for the final ranking.

Su Yu wanted to get the final second place. It would be best if he revealed a certain level of strength during the sparring later. Otherwise, it would affect the final result.

He looked at Starfall. Didn't this person want to experience his own strength just now?

Then let him have it!

Feeling Su Yu's stolen gaze, starfall sneered, "The battle between the emissaries of Light Isn't over yet. Is it your turn to go on stage? Take a good look at what an emissary of light is, and then prepare yourself mentally!"

Towards the end, the corners of his mouth curled up with a slightly sinister look.

Su Yu shrugged and said happily.

He could observe the strength of the emissary of light from the side, just in case.

Xuan Hua, the host, said, "The first match, Yang Hua versus Starfall!"

Yang Hua was the seventh-ranked emissary of light, but his strength had still reached the realm of Dao Master.

Starfall walked confidently to the center and smiled. "Come, let me see how much you've improved after ten years of cultivation."

Ten years ago, they were competing for the position of emissary of light. Yang Hua lamented the fact that he was ranked sixth by one move and was ranked seventh.

Now that they had met again, Yang Hua's eyes flashed with deep anticipation!

Chapter 2292 Painstaking Efforts

For the past ten years, he had been working hard in his cultivation and had been keeping a low profile while concealing his true strength.

This exchange would probably give Starfall a huge shock!

"Starfall emissary, be careful." Yang Hua took out two rings, one gold and one silver, and poured a large amount of dao master power into them.

Instantly, the two rings began to spin rapidly around him.

This was the Dao artifact that he had spent ten years refining.

The spectators' expressions suddenly changed.

"He actually condensed a dao artifact!"

The condensation of a dao artifact required great perseverance and luck. Many Dao masters who had attained dao master bodies for tens of millions of years were unable to successfully condense a dao artifact.

Either the conditions were not good enough, or the luck was not good.

Starfall had only become a dao master for about ten years, yet it was already able to condense its own dao artifact. It was truly rare!

“Go!” Yang Hua raised his finger and pointed. Two rings, one gold and one silver, each shot out incomparably thick pillars of light, instantly attacking Starfall.

That kind of power could be considered quite good at the level of an Ordinary Dao master.

If it was ten years ago, such an attack was enough to kill its way into the top five.

However, Starfall was not as panicked or afraid as Yang Hua had imagined. Instead, it revealed a faint sneer.

He swiped at his waist and took out a purple vertical flute.

The vertical flute shone brightly. One look and one could tell that it was a dao artifact!

“Starfall has also condensed a dao artifact?”

The few emissaries of light were once again surprised.

Under the blowing, the flute emitted an unusually difficult musical note. The listeners felt a splitting headache and were extremely uncomfortable.

Just as the two pillars of light were about to hit Starfall, they suddenly turned strangely and attacked Yang Hua himself!

Yang Hua was caught off guard and hurriedly used his defense. However, he was still caught off guard and was sent flying by his own dao weapon.

Halfway through his flight, before he could stabilize his body, a powerful domain enveloped him.

Within the domain, he received a second attack. His entire body trembled and with a ‘wa’, he spat out a large mouthful of blood. Then, he fell to the ground, his face pale and weak.

Swish --

Starfall elegantly placed the vertical flute back into its waist, his face had a trace of mockery. “Yang Hua, in these ten years, you’ve regressed. Back then, you could still block ten or so of my moves. Why are you unable to block even one move now? TSK TSK...”

The envoys of light were deep in thought. It was not that Yang Hua’s strength had regressed.

His strength could be said to have improved by leaps and bounds compared to ten years ago!

The reason why he had been defeated so miserably was actually because Starfall’s strength had greatly increased!

With his strength, he might be able to try and challenge Wang Jiuyang, who was ranked fifth.

The emissaries of Light, who were ranked lower, looked at Wang Jiuyang with a hint of fear and admiration.

Xuan Hua sat steadily in the first seat and commented with a smile, “Yang Hua’s willpower is firm. It is good to congratulate him for condensing a dao artifact. The weakness is that the dao artifact’s spirituality is not enough, resulting in it being controlled by someone and backfiring on itself. On the whole, it is not bad.”

Yang Hua, who was originally dejected, looked much better.

Xuan Hua rarely praised people. After receiving a “Not bad” comment, ten years of hard work had not been in vain.

After he received the affirmation, Starfall also looked at Xuan Hua with anticipation, hoping to get her comment.

“Not only does Starfall have amazing willpower, but it’s also distracted from refining its domain. Its cultivation has not fallen. It’s indeed rare. It’s not bad.”

Immediately, a smile appeared on Starfall’s face.

“Not bad.” This kind of evaluation came from Xuan Hua’s mouth. It was enough to be proud of.

After all, that was a comment from the second emissary of light. It was especially rare.

Xuan Hua was like a queen, looking down at the other emissaries from above. “The second round, qingling versus Huang Yang.”

One of them was ranked ninth, and the other was ranked tenth.

The two of them had the cultivation of a dao master, but they did not form Dao artifacts. They fought each other with their domains.

After more than a hundred rounds, the winner was barely determined.

Xuan Hua’s expression was calm as she commented, “In the past ten years, you two have only stabilized your cultivation, but you have not achieved much. It’s really disappointing.”

Every step of the Dao master realm was difficult.

How difficult was it to break through?

Ten years to stabilize one’s foundation was already the result of a lot of hard work. If it was any new dao master, ten years to stabilize their foundation would make them ecstatic, and outsiders would see it as a huge improvement.

However, they were emissaries of light, and this bit of achievement did not match their status and status.

“Next round, Kong Qu vs Zheng Yuan.”

The rest of the emissaries of light were immediately energized.

Zheng Yuan was ranked eighth among the emissaries of light, but Kong Qu was a powerful existence ranked third. His strength was only second to Xuan Hua!

His performance was very anticipated.

The two stood in the middle of the arena. Zheng Yuan had a bitter expression on his face as he bowed respectfully to Kong Qu. “Emissary Kong Qu, Please Show Mercy.”

“I’ll let you have one move,” Kong Qu said.

In a fight between Dao Masters, victory could usually be decided with one move.

However, no one thought that Kong Qu was conceited when he let go of one move. This was because with the difference in strength between the two, even if Kong Qu let go of ten moves, Zheng Yuan might not have a chance of winning.

“Thank you!” Zheng Yuan took a deep breath and attacked with all his strength.

Zheng Yuan did not condense his own dao artifact and fought with his full-screen domain.

His domain was the lightning domain. After it was released, it immediately released an endless amount of terrifying lightning toward Kong Qu.

The continuous lightning and the rolling thunder created a rather powerful image, which attracted the approval of several emissaries.

The reason why Zheng Yuan was ranked eighth was largely because his domain was more powerful than other people’s domains.

However, what shocked everyone was that Kong Qu stood in the middle of the Lightning and did not even use any defensive barrier. No matter how the lightning struck his body, it could not harm his dao body at all!

“As expected of Kong Qu.” While everyone was stunned, they could only sigh and turn to look at Zheng Yuan with pity.

The greatest sorrow of sparring with others was not losing, but that the opponent could not beat you even if you wanted to.

Zheng Yuan smiled bitterly and slowly retracted his domain. “I lost!”

Kong Qu nodded indifferently and said, “Continue to work hard.”

As he said that, he silently returned to his seat.

The sparring ended without a sound.

Kong Qu did not make a single move, but he deserved to win.

“Subduing the enemy without a fight, not bad,” Xuan Hua said lightly.

There was a hint of contempt in her words.

The layman watched the show, but the expert saw the trick.

Others might think that Kong Qu was amazing if she didn’t defend against Zheng Yuan’s domain, but from Xuan Hua’s point of view, it was just a Defensive Dao artifact that Kong Qu had prepared beforehand.

Otherwise, how could she be unharmed when she withstood Zheng Yuan’s domain without any defense?

Kong Qu deliberately let go of a move, but in fact, she was deliberately conserving her strength and didn’t want to be seen by her.

Kong Qu looked at Xuan Hua, and a hint of a challenge could be seen in his eyes.

She had been suppressed by Xuan Hua, so she had long had the intention to challenge again. This time, she must not miss the competition. She said, "Xuan Hua's emissary, why don't we have a Spar?"

The eyes of the emissaries of light immediately lit up.

The fight between the second and third-ranked emissaries of light was a rare major event.

Everyone looked at Xuan Hua expectantly. They were unusually eager to witness the battle between the two top emissaries.

However, Xuan Hua smiled faintly and shook her head, "There's no need."

"Are you afraid of losing?" Kong Qu's face stiffened.

Xuan Hua's eyes contained a condescending look as she said, "No, I'm afraid that you can't afford to lose!"

Kong qu mocked himself, "So in the eyes of Xuan Hua emissaries, I'm a person who can't afford to lose! If I lose to you within a hundred moves, I definitely won't Pester You and refuse to admit defeat."

Xuan hua calmly replied, "You have misunderstood my meaning. I am not saying that you are unwilling to admit defeat."

"What do you mean by that?" Kong Qu furrowed his brows.

Xuan Hua did not say a word. Her slender jade-like fingers gently tapped the sky above her head.

Instantly, it was clear skies for thousands of miles. However, a dark cloud suddenly covered the sky. Thunder rumbled and there were even dark-red flames that pervaded the clouds.

A destructive aura of a great calamity was pressing down on all living beings, making them tremble!

As emissaries of light, their bodies trembled, and they felt a mighty aura of heaven and earth.

Kong Qu was shocked. "A finger evolved into a heavenly tribulation... you... Your Dao of painting has reached such a realm?"

Xuan Hua slowly withdrew her finger, and the great calamity of Heaven and earth receded quickly, returning to the clear sky.

Apart from the remaining traces of pressure, there was nothing left. It was as if nothing had happened just now.

"Do you understand what I mean?" Xuan Hua said calmly.

Kong Qu's body stood stiffly on the spot for a long time. A bitter smile appeared on the corner of his mouth, and he bowed deeply to Xuan Hua. "I've lost."

He understood what Xuan Hua meant.

It was not that he was worried that he would not admit defeat, but he was afraid that after Kong Qu lost, he would be unable to recover because of the great disparity in strength between the two of them. He would then “Not be able to afford to lose.”.

Everyone stared at Xuan Hua, the longing in their eyes reaching an unprecedented height!

This was the strength of the emissary of light who was ranked second!

They could only look up!

The sparring between the emissaries of light ended here. Xuan Hua said, “Now we can make a ranking! I am first, Kong Qu is second, Starfall is third, Yang Hua is fourth... Huang Yang is seventh.”

Finally, her gaze swept toward Su Yu and she said indifferently, “You’ll be eighth.”

The crowd below the stage gave a warm cheer.

“This trip was worth it. I’ve seen quite a few messengers of light sparring.”

“Indeed! As expected of the Messengers of light. Their talent and strength are really terrifying!”

“With them, our radiant palace will continue to prosper in the future!”

..

Upon hearing the cheers from the crowd, Xuan Hua smiled faintly. “Since the ranking has been determined, let’s head to the hunting ground. Prepare...”

“Wait!” A voice interrupted Xuan Hua’s announcement.

Xuan Hua shifted her gaze to the speaker and asked, “Do you have any objections?”

The person who interrupted her was naturally Su Yu. He asked seriously, “May I ask, what is the basis for ranking me eighth?”

He did not even make a move and was directly ranked last.

Su Yu was not someone who loved vanity. If it were any other occasion, he would not care if he was ranked in any other place.

But now, the ranking of this sparring would affect Zhulu’s entire ranking. It would directly affect whether he could get the deer antler of the divine deer of light!

Xuan hua said calmly, “Don’t you think that I’m ranking you in last place for your own good?”

As she spoke, she glanced at Starfall.

Starfall’s hostility towards Su Yu was only a little short of being written on her face.

If she allowed Su Yu to spar with her, she would probably end up in a very miserable state!

Kong Qu also looked at Su Yu and shouted softly, “Human, don’t be ungrateful. Xuan Hua has put in a lot of effort. You just have to bear with it.”

Chapter 2293

Starfall revealed a displeased expression and said, “Envoy Xuan Hua is really too merciful. Someone as disrespectful as him is actually treating him so well!”

“That’s right, envoy Xuan Hua, not everyone is worthy of sympathy. A person like him, who is mediocre and arrogant, should actually be taught a lesson.”

“A person like him will easily anger some ruthless people in the future and kill them! Rather than that, why don’t we teach him a lesson and let him know the immensity of Heaven and Earth and not dare to act recklessly again!”

“That’s right. Not only are we teaching him the principles of being a person, we are also saving his life.”

“Xuan Hua Envoy, don’t harm him just because of a moment of softness!”

The emissaries of light tried to persuade them in a dignified manner. They were obviously trying to take revenge on Su Yu, but they made themselves sound so noble. They were only one step away from becoming Su Yu’s biological parents!

Xuan Hua frowned slightly and looked at them with her beautiful eyes. “Are you all denying my decision?”

When she looked at them, everyone immediately shut their mouths guiltily. No one insisted.

Only then did Xuan Hua make the final decision. She said, “Since that’s the case, then let’s use the ranking just now...”

“Wait!” Su Yu interrupted her again with an unhappy expression. “Do you light envoys always like to talk to yourselves like this?”

Su Yu was not convinced by the ranking’s opinion, but Xuan Hua turned a deaf ear to it. Instead, she was immersed in her own “Benevolent” imagination.

“You...” Xuan Hua found it unbelievable. She had already helped Su Yu so clearly. Why did he look so ungrateful?

“Emissary Xuan Hua! Look, this kind of person doesn’t know the immensity of Heaven and earth. Is it meaningful for you to help him? No!”

“This kind of person will be slapped to death sooner or later!”

“Emissary Xuan Hua, let me spar with him. I need to let him know what it means to know when to stop!”

..

Su Yu raised his eyebrows. What did he say that made the envoys of light so angry?

He just wanted to participate in the spar. How did he become a sinner?

“All of You Shut Up!” Su Yu took a deep breath and suddenly raised his voice.

His voice naturally carried a dragon’s might. After he spoke, it instantly suppressed the voices of the envoys of light.

Even the chaotic voices of the countless spectators below the stage were suppressed.

Only Su Yu's voice reverberated over and over again in the entire arena. All sounds were obliterated.

When his voice disappeared, the entire arena was silent!

Su Yu stood up and walked to the center of the arena. With his hands behind his back, he looked at the emissaries of light. "Together, or one by one?"

What?

He wanted to challenge everyone alone?

And he even said that he wanted them to come together?

This... was simply too arrogant!

Ignoring the feelings of the martial artists below the stage, the few envoys of light on the stage were all so angry that they laughed.

A nameless junior looked down on the envoys of light in front of all the powerful martial artists in the world!

Huang Yang, who was ranked last, snorted angrily. "Ignorant and fearless thing, you don't even know that we are saving you..."

He had already said the same thing twice.

However, this time, he didn't finish because Su Yu's gaze was like lightning as he stared at him.

Two extremely intense golden light pillars shot out from his eyes.

These were the additional talents that came with the great increase in his dragon blood. Using his eyes to stimulate dragon power, the power was still passable. Any Dao master below the family head could be killed or severely injured in one strike.

Huang Yang did not even finish his words before he was hit by the Golden Light Pillar.

Being hit by such a heavy blow, Huang Yang spat out a large mouthful of blood and was sent flying from the second floor of the Martial Heavenly Palace to the first floor.

With a muffled bang, Huang Yang lay on the ground with blood all over his face. His entire body was twitching, and he seemed to be seriously injured!

Instantly, the boiling crowd slowly quieted down, and finally fell into a strange silence.

A glance... seriously injured the emissary of light who was ranked last?

Shua Shua Shua --

Su Yu instantly became the focus of the crowd!

"If you want to fight, then fight. You're so long-winded!" Su Yu really couldn't hold back his temper, so he directly made a move to shut him up.

Glancing at the remaining emissaries of light, Su Yu said indifferently, "Together or alone?"

Finally, the emissaries of light were provoked to come back to their senses, shocked and angry.

Zheng Yuan took a step forward and reprimanded, "What kind of ability is a sneak attack? Don't think that you can step on US emissaries of light to get to the top..."

It was another guy who was talking to himself.

When had Su Yu ever taken the initiative to provoke them? They had always been targeting Su Yu, okay?

"Get lost!" Su Yu was too lazy to talk nonsense with him. Two golden beams of light shot out from his eyes again.

Zheng Yuan was furious when he was interrupted. However, with Huang Yang's example, he immediately unleashed his lightning domain and shouted, "Little trick, I'll let you see the true nature of the emissary of light..."

Pu --

However, the golden beam of light directly shattered the lightning domain as if it had pierced through a piece of paper!

Moreover, it struck Zheng Yuan's body without any obstruction.

Just like Huang Yang, he was blasted to the point of spitting out blood and flew out of the second floor of the Heavenly Palace.

Amidst the earth-shattering uproar below the stage, he crashed onto the ground and fell unconscious on the spot!

If Huang Yang, who was ranked last, was said to have been careless.

However, if Zheng Yuan, who was ranked eighth, was defeated in the same manner, it was enough to make people alert.

As expected, Qing Ling, who was ranked ninth, had a pair of beautiful eyes that were filled with anger.

At this moment, when Su Yu's gaze swept over, she avoided it. She did not even dare to look at Su Yu, afraid that Su Yu would attack her next.

The aura of the emissary of light was greatly weakened after Su Yu defeated one person consecutively.

However, under the gaze of everyone, they had no choice but to retreat!

"Let me experience it for you!" Yang Hua stood out from the crowd!

As the seventh ranked person, his strength was only slightly stronger than Zheng Yuan's.

He had no confidence in defeating Su Yu!

Taking out his gold and silver dual-ring dao artifact, Yang Hua attacked without saying a word.

Su Yu stood where he was and shot out two more golden beams of light. Compared to the previous two beams, the power was obviously much weaker.

Even so, the beams of light shot out from Yang Hua's dao artifact were still dispersed.

The remaining golden beams of light also blasted the Dao artifact away and smashed onto Yang Hua's body, causing him to continuously retreat and almost fall into the Martial Heavenly Palace.

Yang Hua was bewildered. Why was the power of the golden beam of light so much weaker this time?

Was it because he lacked physical strength, or..

"You should thank yourself for not being long-winded!" Su Yu gave him the answer he wanted. "Stand down!"

Yang Hua bit his lips. How could he admit defeat?

However, the outcome of a sparring match was never determined by whether he was willing to admit defeat or not.

He was not strong enough, so he could only admit defeat.

"I lost." Yang Hua silently retreated.

With a look of defeat on his face, the crowd below the stage was already in an uproar.

"Who is he?"

"Where did he come from?"

"How can our radiant palace still have such a powerful young prodigy that has yet to be discovered?"

"His strength is too terrifying!"

Su Yu turned a deaf ear to their voices. He only looked at the remaining three people and repeated that sentence, "Together or alone?"

Chapter 2294 I'll Give You One Move

The previous two times, the same words gave people the feeling of arrogance.

At this moment, billions of people could feel a domineering air from Su Yu's words, as well as a calm and composed look from the clouds overlooking the world.

He did not need Xuan Hua's help, nor did he need the envoy of light to teach him the principles of being a human, much less their so-called life-saving!

Xuan Hua's expression was calm and did not panic. He said calmly, "Starfall, you go."

They could not attack together. The honor of being the messenger of light forced them to fight one-on-one.

If they really attacked together, even if they won, they would lose!

Not only did Starfall not go forward, he subconsciously shrank back, he said in a deep voice, "Xuan Hua's messenger, this person is deliberately causing trouble. Why do we need to be polite with him? We need to punish this person together so that we can uphold the honor of being the messenger of light..."

Before this, he had said that Su Yu was arrogant and that he would personally teach him a lesson.

Now, when it was his turn to personally go on stage, he was talking about him and even wanted to pull Xuan Hua along.

He was not afraid of losing. On the contrary, he felt that he should be able to defeat Su Yu, but it should be a narrow victory!

In the end, he might end up in a rather pathetic state.

In front of everyone in the world, he was in such a sorry state to be able to defeat someone he looked down on. He really could not bring himself to lose face.

"I don't want to repeat the same words a second time," Xuan Hua said calmly, her voice a little colder.

Kong Qu also glared at Starfall with an unfriendly expression and berated, "As an emissary of light, How Can You Be Afraid?"

As soon as he said this, Starfall was immediately unhappy.

Why did it sound like he was afraid of a fight?

He just didn't want to win too hard.

The two emissaries of light who were ranked at the top said so, so Starfall could only grit his teeth and step forward.

Traces of hostility appeared on his face, he stared at Su Yu with an exceptionally cold gaze. "That's good too. You have some decent strength, so it'll be interesting to spar with you. be mentally prepared. Next, perhaps you'll taste the taste of being defeated by an emissary of light!"

Su Yu was rather disgusted with this person.

If one were to compare the emissary of light, the person with the strongest sense of superiority, other than Wang Jiuyang, would be Starfall.

The former was ranked fifth, while the latter was ranked sixth.

The more average people were, the more they liked to use their status to fill up their sense of vanity.

On the contrary, Xuan Hua, Kong Qu, and Xuan Yin, who were ranked at the top, appeared more reserved.

Just like what the ancient people said, a bucket full of water would not make a sound, and half a bucket of water would make a clinking sound.

"You talk too much," Su Yu said calmly. Without saying a word, he shot out two golden pillars of light.

Starfall was extremely displeased that he was going to fight just like that. He roared, "Stop right there!"

It was this pillar of light that had defeated three people in a row!

He absolutely did not want to become the fourth person.

Shua --

He immediately pulled out the long whistle from his waist and began to play on the spot. Ear-piercing notes were continuously emitted.

Just as the Golden Pillar of light was about to reach him, it strangely twisted its direction and turned towards Su Yu.

PA --

The golden pillar of light immediately hit Su Yu.

Starfall's face lit up with joy. He put down his long whistle and lectured him with the tone of a senior, "I've already said that you must know how high the sky is and how thick the ground is. Otherwise, the outcome will be very... very..."

He did not continue because the two golden pillars of light did not cause any damage to Su Yu's body at all.

Just a layer of dragon scales appeared on the surface of Su Yu's body and the two golden pillars of light dispersed.

How similar was this scene to when Zheng Yuan attacked Kong Qu?

He took the other party's attack head-on without putting up any defense!

Su Yu was the same!

Xuan Hua's eyes flashed as she sized up the clothes Su Yu was wearing. It was as if she was observing if Su Yu was wearing a defensive dao artifact like Kong Qu.

There was an uproar below the stage. She was once again shocked by Su Yu's incomparably strong physique.

Starfall stopped mid-sentence and his expression became much more solemn.

Su Yu was even more difficult to deal with than he had imagined!

However, he did not think that he would lose.

"HMPH, it's just the beginning. Don't be so smug!" Starfall raised his long whistle again and played it slowly.

When had Su Yu ever been smug?

He was the one who was smug, wasn't he? He thought that he had let Su Yu take a heavy blow, but in the end, he did not..

The deep and difficult flute sound rang out again. This time, the flute sound was controlling Su Yu's body! !

His body seemed to be on the verge of going out of control.

Especially his right hand, it actually lifted up on its own and slapped towards his own cheek.

His Dao weapon wasn't just controlling the dao weapon, it could even control the other party's body.

Starfall secretly sneered. After he had mastered his dao weapon, he had once sparred with some family head level experts.

Even experts like them felt that his dao weapon was extremely troublesome to deal with.

Su Yu was obviously no exception.

He sneered and controlled Su Yu's palm to ruthlessly slap his own face.

There shouldn't be anything more embarrassing than slapping his own face, right?

However, just as Su Yu's palm was about to slap his own face, Su Yu's palm suddenly stopped and did not continue to slap.

What was going on?

Starfall accelerated its playing of the long whistle, but not only was Su Yu's palm not controlled, it was even lowered.

Looking at Su Yu's face again, a faint teasing expression flashed across his face. "Seeing that you were playing with all your might, I was forced to cooperate with you."

His body was filled with dragon blood, exuding an astonishing pressure. Any external force that entered his body would be dispersed by the dragon power.

How could the notes that Starfall played control him?

He was only doing it for Starfall to cheer him up.

How was that possible?

Starfall did not believe that its own dao artifact could not do anything to Su Yu!

As he spoke, he played even harder, creating even more ear-piercing notes.

Even the few envoys of light who were watching could not help but cover their ears.

However, there were still no signs of controlling Su Yu. It only made him frown slightly. "It's a little noisy!"

As he spoke, he slowly opened his mouth and took a deep breath.

With this breath, the entire atmosphere within a radius of ten thousand miles was sucked away by Su Yu.

The huge change caused the clouds in the sky to change drastically. Many mortals felt short-lived suffocation and covered their throats in pain. They only regained their strength when the atmosphere in the distance filled up the vacuum.

Looking at Su Yu again, his skinny body was like a balloon that had been inflated. His entire body was more than three times swollen.

Xuan Hua's pupils constricted slightly as she shouted, "Activate the defensive barrier!"

She took the lead and drew an oil umbrella over her head. A large amount of golden light fell from the edge of the oil umbrella, shielding her within.

The rest of them activated the defensive barrier one after another and kept retreating.

Starfall also felt a great threat. Its eyelids twitched wildly, and the notes that were being played in its mouth were extremely chaotic and ear-piercing.

Roar --

At this moment, Su Yu suddenly opened his mouth and spat out the air that he had inhaled.

A Majestic Dragon's Roar roared out!

The dragon's roar contained boundless pressure that radiated in all directions.

The spectators below the stage were like leeks as they fell one after another, affecting thousands of miles of people and causing a series of wails!

If this was the case from afar, then the Martial Heavenly Palace that was right in front of them started to tremble.

The huge destructive power brought by the dragon's roar shattered many of the decorations in the Martial Heavenly Palace, and even a few beams fell off.

Fortunately, the Heavenly Palace had a powerful and extraordinary restriction to maintain it. Otherwise, it would have been destroyed by the roar just now!

Looking at the Starfall at a close distance, the clothes on its body were shattered like strips of cloth, and the long roar in its hand was even more shaken to an unknown place by the Dragon's roar.

Starfall himself stood on the spot like a piece of wood. His ears, eyes, nose, and mouth were all covered in blood.

Even his entire body was blood red.

If one looked carefully, one would discover that his pores were filled with the blood of a dao master that had yet to overflow.

Facing the Dragon's roar head-on, he appeared fine on the surface, but his body had already been shattered into a mess.

A gust of wind blew past. Starfall's eyes widened and fell to the ground with a plop.

It breathed in less and breathed out more. It was on its last breath.

Hiss --

The messy crowd below the stage stood up, their faces filled with terror.

With a single roar, it had almost killed the sixth-ranked emissary of light!

This was the sound wave technique that had been perfected!

Compared to this, Starfall's control of the Dao artifact was only a small step.

Dragon Roar was also an additional talent obtained after Su Yu's dragon blood soared. Not only did it contain sound wave attacks, it also contained dragon pressure.

Su Yu's expression was indifferent. "I hope that my attack this time will let you understand the immensity of heaven and earth. I also hope that you can restrain yourself from now on so that you won't die without knowing how!"

Starfall's words were repeated from Su Yu's mouth.

The emissary of light who had been defeated by Su Yu immediately felt ashamed and wished that he could find a hole to hide in.

The one who did not know how high the sky was and how thick the ground was, was not Su Yu, but them!

To think that they were the ones who wanted to teach Su Yu how to behave!

Now that he thought about his face, the one who was truly arrogant was himself!

After defeating four people in a row, Su Yu's momentum was like the Sun in the sky!

Countless people were secretly guessing his identity. The geniuses in the Radiant Palace had gone through many trials, how could they miss such a world-shaking figure?

Su Yu's eyes were calm as he looked at the remaining Xuan Hua and Kong Qu. He said indifferently, "I don't mind if you guys join forces."

Finally, everyone was completely in an uproar.

This was the peak Battle of this year's tournament!

A nameless genius who suppressed the current generation, challenging the two top emissaries of the radiant palace one by one!

Xuan Hua's beautiful eyes looked straight into Su Yu's eyes. She said, "Don't push things too hard. Enough is enough."

Su Yu had already defeated four people in a row, which had a huge negative impact on the glory of the emissary of light.

If even Kong Qu was defeated by him, it would inevitably cause outsiders to question the strength of this year's emissary of light.

Su Yu sneered, "What do you mean by 'Enough is enough'? Does it mean that in a fair sparring situation, only you emissaries of light are allowed to win against others, but others are not allowed to win against you?"

Xuan Hua did not say anything. He quietly looked at Su Yu, and the half-smile on his face disappeared without a trace.

"Let me do it!" Kong Qu stepped forward, his face full of fighting spirit. "I, the emissary of light, can take it, but I can also let it go."

He had previously hidden his strength to challenge Xuan Hua.

However, after Xuan Hua showed that finger, he knew that he was not strong enough, so he did not have to hide it and let it go!

“Okay!” Su Yu said, “Since you are still straightforward, I will let you have a move.”

Among the emissaries of light, there were only two people who did not mock him.

One was Xuan Hua, and the other was him.

Therefore, Su Yu was extra lenient and decided to let him have a move. Otherwise, once he made a move, Kong Qu would not even have the chance to make a move.

What?

As soon as these words were said, the whole place was in an uproar.

Chapter 2295 Looking Down On All Heroes

“Isn’t he too arrogant? He actually dared to let Kong Qu take one move?”

“This... Kong Qu dared to let Zheng Yuan take one move because of the disparity in strength between the two sides. It’s fine to let him take one move, but Kong Qu is the third-ranked emissary of light. Even Xuan Hua might not dare to show off like this!”

“I don’t believe that he really doesn’t dare to fight back and take one move from Kong Qu head-on! This is impossible!”

..

Kong Qu’s expression changed as he frowned and said, “Sir, are you too confident in your own strength? The difference between our light emissary’s strength in the top three rankings and the ranking behind is extremely huge.”

He felt that he had been underestimated.

Su Yu had probably won four consecutive victories and was a little carried away, so he reminded him.

Su Yu smiled indifferently, “It’s useless to say more. Let’s fight.”

Kong Qu already had a bit of a temper. He thought to himself that he had already done his best. Since Su Yu was determined to do so, why should he hold back?

“Then you be careful!” Kong Qu took a deep breath and released a terrifying family head level aura.

Seeing this, an earthquake-like exclamation came from below the stage.

“Ah! Family head level! Kong Qu actually broke through to such a level!”

“Ten years ago, he was still an ordinary dao master. It’s only been a few years!”

“Oh my God! Kong Qu has hidden himself too deeply!”

“However, this time, that human brat will stop here!”

“Hahaha, let him be arrogant. He probably wouldn’t even dream that Kong Qu is a powerful expert at the level of the clan head. He actually gave in to one move. Haha, I’m Dying of Laughter!”

..

Compared to the teasing of outsiders, Kong Qu appeared very calm. He looked straight into Su Yu’s eyes and said, “It’s not too late for you to go back on your words now.”

Su Yu said calmly, “I’m a man of my word. Make Your Move.”

Kong Qu secretly shook his head. He felt that Su Yu was suffering because he wanted to save face.

After displaying his true cultivation, Su Yu still dared to make such a big move. It was probably because he could not save face and was unwilling to take back what he said just now.

“What a pity.”Kong Qu sighed and made his move without any scruples.

Not only did he take out his dao weapon, he also released his own domain. Together with the power of the Clan Master Level Dao Master, once he made his move, it was enough to crush any Ordinary Dao master and force them to flee!

Seeing Su Yu being enveloped by the Dao artifact and domain, countless pairs of eyes sneered, as if they had already seen the scene of this person begging for mercy.

The dignity of the emissary of light must not be violated!

Even Kong Qu himself revealed a regretful expression.

Unfortunately, if he had a record of four consecutive victories, he would have soared to the skies and become famous in the Palace of light.

However, he insisted on challenging him. He challenged him more than once, and was so arrogant that he gave in to one move. As a result, he suffered a crushing defeat and ended up being ridiculed by countless people.

“Sigh! Why Bother...”Kong Qu sighed.

However, in the next moment, his pupils constricted!

Su Yu was indeed hit by the Dao artifacts and domain attacks. However, he wasn’t killed as he had imagined.

In fact, he wasn’t even injured!

What was most unbelievable to Kong Qu was that Su Yu didn’t even have the simplest defensive barrier from the beginning to the end. He allowed Su Yu’s attacks to land on his body.

The surface of his body was surrounded by dense blood qi. This was the natural reaction of his body after being attacked.

The Blood Qi gathered together and formed a blood-colored giant dragon.

His full-strength attacks were unable to penetrate the blood-colored giant dragon!

The hundreds of millions of martial artists who were waiting to see Su Yu go down the stage were completely shocked!

“No... impossible, he actually took Kong Qu’s attack head-on...”

“The important thing is not whether he took it or not, but rather, he didn’t even have any defense. He took it head-on with his body!”

“Who on Earth is he?”

..

Kong Qu looked at Su Yu in shock for a long time. At the same time, many complicated emotions flashed in his heart.

Shock, disbelief, unwillingness, and dejection.

It was not until Su Yu’s blood qi shook and forcefully shook away his dao artifact and domain that Kong Qu came back to his senses. His face was filled with bitterness, he bowed deeply to Su Yu.

“Your Excellency’s strength has reached the peak. Kong Qu is willing to admit defeat!”

His automatic surrender caused the already silent crowd to become deathly silent.

No one felt that Kong Qu’s surrender was abrupt. After all, was there a need to spar with a ruthless character who stood still and could not be beaten?

The two were on completely different levels!

In the end, everyone turned their gazes towards Xuan Hua.

With Su Yu’s strength, there was no doubt that he would continue to challenge Xuan Hua, right?

Could it be that their emissary of light was really going to be defeated one by one by a nameless person?

If word of this got out, the nearby eternal nightless Imperial Kingdom would surely mock their emissary of light for being a figurehead, right?

For the emissary of light and the Palace of light, this was an exceptionally dark day!

Just as everyone was feeling extremely dejected, Su Yu suddenly said, “Forget it, let’s end the sparring here.”

For some reason, everyone felt relieved and let out a long sigh. It was as if they felt that Xuan Hua would lose if they continued to challenge him.

“Let me re-bid the rankings. Xuan Hua is first, I am second, you are third, you are fourth, you are fifth...” Su Yu was like a champion as he re-ranked everyone in front of everyone.

Because he did not pay attention to their names, other than Xuan Hua, he used ‘You’ instead.

It sounded extremely disrespectful.

However, no one thought so anymore because Su Yu had the absolute strength to ignore their names!

“If you have any objections, you can step forward.” Su Yu looked at the few emissaries of light.

Other than Xuan Hua, everyone else had to lower their heads wherever he looked. They could not look directly at him!

Xuan Hua’s red lips parted slightly, “Actually, you can still continue to challenge him.”

There was a hint of anger in her words.

She had defeated the five emissaries of light in a row, and even the third place was not spared.

This was an unprecedented blow to the reputation of the emissary of light!

She had warned Su Yu in advance that he should stop where he was going, but he still went ahead and insisted on defeating Kong Qu as well!

It was not a big deal for the first four people to be defeated. They were all ranked quite low.

But Kong Qu was different!

Even he, who was ranked third, was defeated. How would outsiders view the emissary of Light?

They would probably think that they were not worthy of their name, right?

Su Yu could hear the hidden anger in his words. He said lightly, “No need. I’m tired. Let’s take a short rest.”

Tired?

From the beginning to the end, Su Yu had never used any primal power.

The most noticeable thing was that ever since Su Yu began the challenge, he had been standing in the same place without moving his feet!

Today’s battle had completely made Su Yu famous in the Palace of light!

Xuan Hua’s Crystal Eyes were solemn. “Say Your Name!”

The eyes of hundreds of millions of warriors were also shocked as they stared at Su Yu.

They were too curious as to where such a peerless genius came from the Radiant Palace.

The reason why they didn’t suspect that Su Yu was from the outer regions was because those who could participate in the deer race had gone through identity checks. They must be from the radiant palace.

However, Xuan Hua’s tone was really a problem.

Rather than saying that she was asking, it was more like an order.

Su Yu said indifferently, “I’ll talk about it after you win.”

The so-called win was naturally not a spar, but the overall ranking of the competitors.

“I’m not interested in the names of the defeated opponents, and I don’t want to know either,” Xuan Hua said tit for tat.

Su Yu shrugged. “It’s not too late to say that after you win.”

Xuan Hua and Su Yu looked at each other, and their gazes faintly collided in the air.

“Let’s go to the hunting ground!” Xuan Hua slapped the table and left.

The rest of the light envoys followed.

Su Yu walked at the back, thinking about the rules of hunting deer.

There were many wild creatures in the hunting ground. Some of them were savage beasts, and some were criminals imprisoned by the Palace of light.

According to their strength, the points they got from hunting were different.

Among the prey, the one with the highest points was undoubtedly the Divine Deer of light, which had 1,000 points each.

Among the remaining prey, the one at the level of Xia Yi'an had 500 points, but there was only one such prey in the entire hunting ground.

The one at the level of the head of the family had 10, each with 100 points.

The One Hundred Ordinary Dao masters had 20 points for each.

They were scattered in every corner of the hunting ground. How to find and kill them was up to them.

A moment later.

A dense fog forest surrounded by layers of restrictions appeared in front of them.

Su Yu tried to use the clairvoyance eye, but that layer of fog was extremely isolating. He couldn’t see too far, and it was only ten miles at most.

“Congratulations on participating in the deer hunting competition.” A group of beautiful women in palace clothes had been waiting in front of the entrance of the restriction.

Among them, a beautiful woman in black palace clothes was in the middle. She looked extremely beautiful.

However, her aura was also extremely terrifying, almost the same as Xia Yi'an’s.

“Greetings, Vice Palace Master Lu!” Xuan Hua and the others stepped forward respectfully.

Vice Palace Master? Su Yu was secretly surprised. No wonder she was so powerful. He followed them and bowed.

“No need to be so polite.” Vice Palace Master Lu smiled. When he glanced at Su Yu, he was slightly surprised. He wondered why someone who was not an emissary of light would participate.

Such a situation was very rare in the previous competitions.

It should be a heaven's chosen that had been overlooked.

Seeing Su Yu standing behind the emissary of light in a low-key manner, vice palace head Lu knew that this person's strength should be ranked behind them.

With this thought in mind, she did not care much, she took out a few ice crystal chips in the shape of Thunderbolts. "Each of you take one and inject your blood essence. Once you encounter an irresistible danger inside, you only need to crush it and you will be transported out in time by the restriction."

"Understood!" Everyone followed suit. This was a life-saving talisman, so they couldn't afford to be careless.

"Also, let me remind you that other than savage beasts, we have captured a new batch of criminals. Not only are they powerful, they are also extremely cunning. You must be careful when hunting them."

Su Yu was on high alert. For Vice Palace Head Lu to be able to remind them, those criminals were likely to be in grave danger.

Even though Su Yu had great strength, he didn't dare to be careless.

"Let's Go!" Vice Palace Master Lu opened the entrance on the spot and let them in.

After they all entered.., one of vice palace master Lu's confidants said worriedly, "Vice Palace master, is it really okay to let those criminals in? When we caught them back then, we lost no less than three family head level experts! "The envoys of light have only cultivated for a short period of time, so I'm afraid their strength is inferior."

Hearing this, Vice Palace Head Lu's brows became gloomy, he sighed and said, "How could palace head not know? "It's just that we can't take it step by step. In a few more decades, it will be the time of great calamity. At that time, everything will be reduced to ashes. The envoys of light can only work even harder to temper themselves before they have a chance to enter an eight-star civilization. Therefore... letting them encounter danger is also for their own good..."

'F * ck!'! Last night, he wanted to rest for a while before writing and set his alarm clock to eight o'clock. In the end, he somehow slept until two-thirty in the morning... Now it was four o'clock in the morning, making up for yesterday's. There were still two chapters left at eight o'clock in a while.

Chapter 2296 Savage Beast Ambush

When he heard the words "Great Calamity", a deep fear flashed across his trusted aide's face. He sighed bitterly, "The end of the epoch, the end of the sacred mountain, who can avoid this calamity?"

The answer might only be found in the rumored eight-star civilization!

At least in the outer regions, there was no place to hide.

Once the epoch was destroyed, every seven-star civilization would be destroyed in an instant!

Therefore, all the seven-star civilizations were trying their best to send people into the eight-star civilization.

This was because some forces in the eight-star civilization had once promised that once the people they sent were satisfied, they would be able to use all-encompassing divine arts to pull the entire civilization into the eight-star civilization and avoid the calamity.

Whether it was the palace of Light, the Eternal Night Imperial Kingdom, or the other seven great civilizations, they had been sparing no effort to send in talented people for many years.

There were only eighty years left until the destruction of the sacred mountain!

This batch of emissaries of light was the last batch of chosen ones that the palace of light could nurture.

The Palace of light placed their hopes on them, hoping to nurture them as much as possible to the satisfaction of the forces in the eight-star civilization.

Hence, under the orders of the Great Palace master, they had specially increased the level of danger in order to maximize their potential.

Vice Palace Master Lu looked at the misty forest and muttered, "I hope they have gained something."

Misty Forest.

As soon as they entered, the emissaries of light tacitly separated and searched for their prey alone.

Su Yu raised his head and looked at the sky. He released the Eye of heaven and looked down from above.

Under such a perspective, it was ten times larger than normal. With a sweep, he could cover an area of a hundred Li.

He chose a direction and continued searching with the Eye of heaven.

Half a day later.

Su Yu stopped and stood on a pile of bones. There was a hint of surprise on his face.

The area of the dense fog forest was not considered large. In half a day's time, he should have covered one-tenth of the area.

The strange thing was that during this period of time, he had not even seen a single Savage Beast, let alone hunted one!

Moreover, he had met Kong Qu halfway, and the latter had also not killed a single savage beast.

'strange, based on the number of prey that was dropped, this shouldn't be the case.' Su Yu thought to himself.

Roar --

Suddenly, a thunderous roar came from afar.

Su Yu immediately used the eye of heaven to check and found that there was movement in a lake a hundred miles away.

He immediately went forward.

Soon, when he was still ten miles away from the lake, Su Yu slowed down.

He hid behind a huge tree and observed closely through the Eye of heaven.

Ripples rippled in the lake and did not calm down for a long time.

In the middle of the ripples, a long-necked white savage beast was catching food in the lake.

Judging from the spiritual pressure emanating from its body, it should be an Ordinary Dao master level Savage Beast.

At this moment, it was happily catching food as if there was no one else around. It didn't sense any danger at all.

Su Yu looked around and was ready to capture it.

Who knew that a human figure would be the first to fly out.

He carried the Lightning Domain and launched a sneak attack on the long-necked Savage Beast.

The Savage Beast was greatly alarmed. In its panic, it didn't even have the time to display its innate talent before it was covered by an endless domain.

After a series of frenzied lightning and Thunder, the Savage Beast let out a miserable cry and fell to the ground with a loud crash, creating a huge wave in the sky.

Zheng Yuan jumped onto the savage beast and said with a delighted expression, "I've finally caught one. It's really not easy!"

It turned out that it wasn't just Su Yu and Kong Qu. Zheng Yuan hadn't caught one before as well.

Su Yu's eyes flashed, and he felt that something was amiss.

The three of them chose a direction. The area they covered in half a day had at least thirty percent of the dense fog forest, but they didn't manage to get anything!

Where did the savage beasts go?

Why was there one here?

Just as he was thinking, a strange scene suddenly appeared from the Eye of heaven.

In the depths of the lake, a round dark red color appeared, and it kept rising from the bottom of the lake to the surface.

The Eye of Heaven was able to detect it because it was looking down from above.

However, Zheng Yuan didn't know anything. He was happily putting the savage beast into his storage space.

Splash --

Suddenly, the sound of water exploding!

An incomparably sharp pitch-black spike suddenly shot out from the bottom of the lake and stabbed at Zheng Yuan.

Zheng Yuan was caught off guard. He only had time to release his domain to resist the black spike.

But that Spike was extremely dangerous. It completely ignored his domain and directly attacked Zheng Yuan's body.

Zheng Yuan was shocked. How could he still care about the savage beast? He turned around and fled.

His body barely brushed past the black spike and fled back to the shore.

Turning his head, he saw a huge savage beast slowly floating out from the bottom of the lake.

It looked like a horse, but it was at least 30,000 feet in size. On its forehead was a huge scarlet eye.

On top of its head was a pitch-black horn.

Just now, Zheng Yuan was nearly killed by this horn.

“A clan head level Savage Beast?” Zheng Yuan's scalp went numb, and he ran for his life without thinking.

However, how could Zheng Yuan escape from a clan head level Savage Beast?

He had only fled for a few dozen Li when the unicorn horse caught up to him at lightning speed. The sharp horns on his head were still emitting an extremely powerful black light pillar.

Sensing the intense life-and-death crisis, Zheng Yuan crushed the crystal chip with an unwilling expression.

Immediately, a ray of light shot out from the restriction, shielding Zheng Yuan within.

The black light pillar shot onto the light pillar, and it immediately dissipated on its own.

Following which, the ray of light swept Zheng Yuan away from the dense fog forest.

The unicorn horse failed in its chase and returned to the lake. It came before the long-necked Savage Beast and lowered its head to treat its injuries.

But at this moment, a sharp sound of air being torn apart suddenly came.

The Unicorn Horse was alarmed and immediately released a black ray of light from its sharp horn to protect its entire body.

But when it heard the sound, a pitch-black sharp arrow had already pierced through its body.

The immense force sent his hundred thousand feet body flying for hundreds of miles, smashing it into a forest.

In the end, he was pinned to the ground by a small black arrow, struggling violently.

Shua --

A human figure appeared above his head, looking at him thoughtfully. “You Savage Beasts would set up an ambush?”

Su Yu saw Zheng Yuan's encounter clearly from the side.

That snow-white savage beast was just a prey to lure the messenger of light over. This unicorn horse was hidden in the dark as a trump card, giving the intruder a fatal blow at the critical moment.

A rather thin intelligence would not do such a thing.

The Unicorn Horse neighed. Other than struggling, it did not understand what Su Yu was asking.

Sighing in his heart, Su Yu put the unicorn horse back into his storage space.

However, Su Yu didn't touch the unconscious snow-white Savage Beast.

Instead, he hid in the dark and quietly observed the savage beast.

Half a day later, it finally woke up.

It first looked around vigilantly. After making sure that there was no one around, it lowered its head and trotted in a certain direction.

Su Yu's eyes flashed. There was indeed a problem!

He used his invisibility skill and followed quietly.

The snow-white Savage Beast was very cunning. It circled back and forth several times and chose a place to rest, causing others to think that it was just a normal activity.

If there was someone secretly following it, it would quickly give up on following it.

However, Su Yu had always believed in his own judgment. Once he made a judgment, he would definitely persevere to the end.

Just like that, a few days later, after the snow-white Savage Beast confirmed that it wasn't being followed, it finally headed in a certain direction at high speed.

Not long after, it arrived in front of a huge iceberg filled with caves of various sizes.

This iceberg was a habitat known as the Dark Snow Moon Rabbit, but at this moment, there wasn't a single dark snow moon rabbit in it. It was as if it had been scared off by someone.

The snow-white Savage Beast walked into the mountain from a relatively large cave. In the depths of the mountain, there were hundreds of savage beasts!

Most of them were at the DAO Master level, and a few of them were at the clan head level.

Su Yu secretly followed them here, and his gaze changed. No wonder there weren't any savage beasts in the dense fog forest. It turned out that they were all gathered here.

He looked deeper into the mountain and found some people!

They weren't savage beasts, but creatures of a certain race.

There were around ten people, and they came from all kinds of races.

One of them was a man in a green robe, and his body was covered with all kinds of beast pictures. He held a ball in his hand, and he kept spitting out strange words.

The Savage Beasts looked at the man in a green robe with respect!

After the snow-white Savage Beast entered, it came to the front of the man in a green robe in fear, speaking in Beast language about what had just happened to Xu Shuo.

The man in a green robe understood what the snow-white savage beast was saying through the ball, and he said angrily, "Trash! You actually let go of the person you got! and the Unicorn, why didn't it come back with you?"

The snow-white Savage Beast roared a few times, as if saying that it didn't know where the unicorn had gone.

"Betray me? HMPH!"The green-robed man took out an old talisman from his sleeve. There was a drop of blood from the unicorn on it.

He stuck the talisman on his body, and a strange scene appeared.

The Beast diagram on his body started to squirm, as if it had become a living thing. He swallowed the talisman in one gulp.

Su Yu, who was hiding in the dark, felt his storage space tremble slightly.

He looked inside and discovered that the injured unicorn horse had died tragically!

"That green-robed man... is controlling all of the savage beasts here?"Su Yu's heart trembled.

That was practically all of the savage beasts here. How did he do it?

At this moment, movement came from behind Su Yu.

He continued to hide and silently watch.

He saw people from several races returning with a group of injured savage beasts.

One of the races made Su Yu's heart tremble. He couldn't believe his eyes.

There was a woman who looked like a human in there.

She was dressed in a snow-white dress, floating like snow, but her expression was very numb.

She expressionlessly led an injured savage beast into the cave and said, "This Savage Beast encountered the third-ranked emissary of light. Not only did it fail to capture the person, it was almost captured by the other party."

The green-robed man walked over, but he did not look at the injured Savage Beast. Instead, he looked at the woman with concern and asked, "Yue'er, are you alright?"

The woman named Yue'er's eyes were cold as she said, "With my cultivation, how many emissaries of light can shake me? Also, my name is Xie Xiaoyue, not Yue'er!"

She was none other than Xie Xiaoyue who had been spared by Su Yu!

Unexpectedly, she became a prisoner of the Palace of Light and was even banished to the hunting ground ten years later.

Su Yu had mixed feelings when he saw her.

He was partly responsible for going from the number one person in the pirate alliance to a prisoner.

Chapter 2297 Mysterious And Unpredictable

Without him destroying the pirate alliance, she would not have gone far away and become a prisoner.

“Meeting her here might be God’s will.” Su Yu thought to himself and continued to observe.

“Yue’er, don’t be like this. Without Me, you would have long fallen into the mouths of savage beasts and become their food.” The green-robed man said with a laugh.

In his words, he sounded as if he was threatening Xie Xiaoyue with a favor.

Back when Xie Xiaoyue was exiled to the hunting ground, she was attacked by two clan leader level Savage Beasts.

Fortunately, the green-robed man who entered earlier saved her and controlled the savage beasts. Otherwise, Xie Xiaoyue might have really become a meal for the savage beasts.

Xie Xiaoyue’s lips moved and she sighed. She didn’t resist anymore.

He had saved her life after all. If it wasn’t too much, she would have let him do whatever he wanted.

“Beast-enslavement king, have the others captured the emissary of Light?”

The green-robed man was called beast-enslavement king. He was the leader of their species.

Because he was good at a skill that no one else knew!

Controlling Savage Beasts!

Except for the Xia Yi’an-level Savage Beast, the green-robed man controlled all the other savage beasts in the entire misty forest.

Although his cultivation was only at the DAO Master level, he controlled an entire army of savage beasts and was worthy of being their leader.

Xie Xiaoyue was willing to join his forces not only because she had saved their lives, but more importantly, she had the same goal as them -- to escape from the Misty Forest.

The restrictions in the misty forest were very terrifying. Even if all the savage beasts and their people were gathered together, they would not be able to break through.

Fortunately, the dense fog forest was facing a once-in-fifty-year competition.

Only then would they have a chance.

Their initial plan was to capture a group of envoys of light and force the Palace of light to let them leave by holding them hostage.

Given the importance the palace of light placed on the envoys of light, as long as they could hold them hostage, this plan would definitely succeed.

Thus, they had carefully laid out their plans for a long time, setting up ambushes in many places.

Unfortunately, so far, they hadn't succeeded.

Because every emissary of light had a life-saving talisman prepared on them. At the critical moment, they could leave at any time.

Unless they were caught off guard and could subdue a emissary of light.

"Not yet." Beast slave king sighed and said, "They are all a bunch of trash."

As soon as he said this, more than a hundred savage beasts panted uneasily. They were afraid that he would kill them in anger.

"I'll go out again and see if I can try my luck," Xie Xiaoyue said.

She didn't really want to be in the same room as the Beast King.

Xie Xiaoyue was very clear about his intentions.

Not long after he joined them, the Beast King had sneaked into her seclusion room while she was deep in meditation to plot against him.

Fortunately, she was alert and prepared a plan in advance so that she could wake up in time. Otherwise, the consequences would have been unimaginable.

After that, the beast slave king decided to get close to her openly, and he even considered himself to be her man.

Anyone else who wanted to get close to her was sent out by the Beast Slave King for various reasons, and they never returned.

Everyone knew that those people had been eaten by the savage beasts controlled by the Beast Slave King.

And this person owed Xie Xiaoyue a favor. Even though Xie Xiaoyue was extremely disgusted, she couldn't say anything. She could only choose to have as little contact with him as possible.

The Beast King hesitated. He was quite reluctant to let Xie Xiaoyue leave.

More time together would give him a chance to get close to her.

But in the hands of the people he recruited, in terms of strength, experience, and ability, Xie Xiaoyue was number two. No one said that she was number one.

At the moment, capturing the light emissary was a matter of whether they could leave this place or not. He could only let Xie Xiaoyue leave.

"Alright, bring two family head level Savage Beasts to protect yourself." The Beast Slave King commanded the two family head level savage beasts.

Xie Xiaoyue's snow-white chin lightly tapped on the ground, and her whole body relaxed as she left.

As he watched Xie Xiaoyue's beautiful figure leave, an evil light flashed across the Beast Slave King's eyes, and he sneered, "Little Girl, you can't escape from my evil clutches. Sooner or later, you'll have to listen to my orders obediently!"

Seeing this, Su Yu glanced at the beast slave king indifferently before looking at the hundreds of savage beasts beside him. Then, he left with an expressionless face and secretly followed Xie Xiaoyue.

There were simply too many savage beasts in the cave. If all the envoys of light and him were to barge into the cave and alert the savage beasts, no one would be able to escape.

On the contrary, the two savage beasts beside Xie Xiaoyue could still plot something.

Besides, she also wanted to have a talk with Xie Xiaoyue.

He followed Xie Xiaoyue all the way until half a day later, when he was completely far away from the iceberg. Only then did he get ready to make a move.

“You have followed me for so long. Can You Come Out Now?” However, Xie Xiaoyue suddenly stood still and said without turning her head.

Su Yu’s heart skipped a beat. Had he been discovered?

It shouldn’t be. He had borrowed the power of nothingness left behind by the little qilin, so it should be very difficult for him to notice it.

Shua --

Just as he was about to appear, a beautiful figure flashed in front of him. A woman wearing an ink-black dress with an indifferent expression floated in the air.

Xuan Hua!

It was actually her!

“It seems like you’ve already noticed me?” Xuan Hua was playing with a brush in his hand, and there was a faint smile on his face.

Xie Xiaoyue turned around, and her face was cold. “You’re quite capable to be able to track down our nest.”

Every Savage Beast had gone through the Beast King’s special training, under normal circumstances, no one would be able to trace them to their nest.

For the young girl in front of her to be able to find that place, it could be seen that she was far more capable than an ordinary person.

When she had just left the iceberg, Xie Xiaoyue had already noticed Xuan Hua’s existence.

But she did not dare to alert the enemy. If she were to rashly inform the Beast King, this person would definitely escape. Then, where would she find her?

Thus, she pretended not to know until this place.

“You flatter me. It’s just a little bit of cleverness.” Xuan Hua looked at Xie Xiaoyue and the two clan leader level savage beasts beside her and said, “I don’t want to hurt you, so it’s better for you to surrender and admit defeat.”

Xie Xiaoyue was expressionless and asked in return, “Surrender and admit defeat, and then I’ll be treated as your spoils of war, right?”

He had heard from the Slave Beast King that as long as she was the prey of the misty forest.

Whoever caught her, she would belong to them and be at their disposal.

After becoming someone else's slave, not only would her situation not improve, she would even fall into a worse situation.

In the Misty Forest, at least she still had some freedom.

If she became someone else's slave, she might not even be able to control her own life and death.

Therefore, if possible, she had to fight for it.

She had to capture a messenger of light and use it to escape from the Palace of light!

"You're not old, but you have a big mouth." Xie Xiaoyue said, "You're ranked quite high among the messengers of light, aren't you?"

Xie Xiaoyue would never have thought that the person standing in front of her was the second-ranked heaven's favored daughter.

In any previous batch of messengers of light, she could be ranked first.

His strength was so terrifying that it far exceeded Xie Xiaoyue's ability to deal with him.

"It's alright. Anyway, he's not ranked first." Xuan Hua said indifferently.

Xie Xiaoyue nodded and said, "Then, we'll see what each of us can do!"

Roar --

The two savage beasts at the level of the family head roared and immediately released their talents.

One of them could control the gravity of the earth, while the other could devour the blood essence of others with his gaze. They were both very powerful savage beasts.

However, Xuan Hua's expression was calm. He held a brush in his hand and drew two strokes in the air, drawing out a mirror with no edges.

Under the reflection of the mirror, it was obvious that it was attacking Xuan Hua's talent, but it was actually attacking them instead.

Instantly, the three people, including Xie Xiaoyue, were subjected to an incomparably huge gravitational force.

Xie Xiaoyue was still fine. She was able to use her thick dao master power to hold on.

The two huge savage beasts whimpered and fell to the ground, struggling with great difficulty.

"Painting is the Dao. Are You... the second-ranked Xuan Painting?" Xie Xiaoyue knew a little about the current emissary of light.

The chosen one didn't need to be mentioned. She was an invincible woman.

Xie Xiaoyue had heard of the second-ranked Xuan painting many times.

It was said that she cultivated the dao of painting that very few people would choose.

Anything she casually drew could become a physical object.

The most terrifying thing was that she could even draw a dao artifact.

The mirror in front of her must be a dao artifact.

This was equivalent to Xuan hua controlling all the Dao artifacts that she had seen before!

“It’s me. Are you surprised?”Xuan Hua said with a smile, his eyes full of mockery.

Xie Xiaoyue was full of bitterness. She was only surprised, not happy!

If she had known that Xuan Hua was here, why would she deal with her alone?

“Crescent moon hook!”Xie Xiaoyue struggled to resist. Her eyes suddenly turned into two broken moons.

An unusually sharp invisible blade shot out, completely cutting through the gravity that was suppressing her. At the same time, it slashed toward Xuan Hua.

Xuan Hua covered her mouth and smiled, “I thought you would run away immediately.”

She drew a golden bell in front of her calmly.

The golden bell immediately turned into a real object. When it was hit by the Invisible Blade, the golden bell emitted an intense buzzing sound.

That buzzing sound was extremely powerful to the soul!

Xie Xiaoyue immediately had a splitting headache. Her vision was dizzy and she was about to fall into a coma.

In just two to three rounds, Xuan Hua had subdued two savage beasts and Xie Xiaoyue!

Su Yu, who was secretly observing, felt a chill in his heart.

Xuan Hua’s Dao was indeed strange and unpredictable.

The ringing of the golden bell just now was fortunate that he had the Li Soul Stone to protect his soul. Otherwise, he would have been struck too!

If he were to fight with this woman, he might not be able to defeat Xuan Hua if he did not use his full strength!

Seeing that Xuan Hua was about to restrain Xie Xiaoyue, Su Yu knew that he could not wait any longer and revealed his figure!

The moment his aura appeared, Xuan Hua was shocked. He did not expect that there was actually another person in the dark!

Xuan Hua did not even think about it. His palm was like lightning as he drew out several long swords of the level of Dao artifacts in the air, forming a sword formation.

Swoosh swoosh swoosh --

An endless sword formation swept over. It could not only stop the enemy but also kill them.

Taking this opportunity, Xuan Hua took a step forward and grabbed Xie Xiaoyue first.

However, since Su Yu had made his move, he must have predicted the possible outcome.

“Time and space, Freeze!” He instantly activated the space-time law to freeze the sword formation.

Xuan Hua was also frozen, but he still had the ability to move. It was just that it was much slower.

Su Yu took the opportunity to attack her from behind. Before she could, he grabbed Xie Xiaoyue by the waist and carried her away.

When the space-time freeze ended, Xuan Hua grabbed nothing but air. She staggered and almost fell into Su Yu’s arms!

Su Yu did not stop and ran away quickly.

He did not want to fight Xuan Hua too early, especially when the outcome of the battle in the Misty Forest was still undecided!

Chapter 2298 Enemies Meet

“It’s You?” Xuan Hua recognized Su Yu’s back and shouted in anger!

She looked like a mantis stalking a Cicada and a oriole following behind.

However, she was a mantis and others were orioles!

“You passed!” Xuan Hua raised her brush and drew a pair of enormous black wings in the sky. The wings materialized and landed on her back. After flapping, they burst out with extremely high speed.

In ten breaths, she caught up with Su Yu.

Sensing that Xuan Hua was close behind her, Su Yu, who was holding Xie Xiaoyue in his arms, could not make a move. His entire body shook and the dragon blood in his body surged. A layer of dragon qi overflowed from his body and condensed into the shape of a dragon.

With a sweep of his long tail, the entire dragon shot away like a sharp arrow, shaking Xuan Hua off.

Xuan Hua was both angry and angry. However, Su Yu was too fast, and she finally lost him after an hour.

“Damn it!” She stomped her feet in anger. “Don’t touch me again, or I won’t Let You Go!”

On the other side.

After Su Yu got rid of Xuan Hua, he landed in a relatively safe place.

Looking at Xie Xiaoyue who seemed to be asleep with her eyes closed, Su Yu smiled. “It’s safe now.”

Xie Xiaoyue suddenly opened her eyes and suddenly attacked Su Yu. She used her right palm to attack Su Yu’s chest.

However, Su Yu seemed to have expected it and threw her to the ground.

Thud --

Xie Xiaoyue's butt fell to the ground, making a few muffled sounds.

Her sneak attack failed, so she rolled on the ground and pulled some distance away. Then, she turned around with unusual vigilance and stared at Su Yu with an unfriendly look.

"I can be considered your savior. Is it really good to treat me like this?" Su Yu teased.

Xie Xiaoyue's almond-shaped eyes widened. "Save me? You emissaries of light are all dogs!"

Su Yu touched his nose and smiled. "I'm not an emissary of light."

"You're not?" Xie Xiaoyue was suspicious. Only emissaries of light had participated in the deer chases.

At this moment, Su Yu slowly took off his mask and revealed his handsome face.

With just a glance, Xie Xiaoyue widened her eyes and exclaimed in disbelief, "Su Ruchu! ! How could it be you?"

"HMM, are you surprised?" Su Yu laughed.

After coming back to her senses, Xie Xiaoyue gritted her snow-white teeth and her eyes turned sharp. She charged forward without care and took the initiative to attack, "I'll destroy you! !"

The power of the DAO Master and the domain were released.

However, Su Yu merely struck out with his palm and his attack was completely destroyed.

At the same time, he grabbed Xie Xiaoyue's right wrist as fast as lightning and said with a smile, "It's not good to fight when old friends meet again."

"Ptui! Who's old friends with you? We're irreconcilable enemies!" Xie Xiaoyue struggled with all her might but Su Yu's hand was like an iron pincer as he grabbed Xie Xiaoyue tightly.

Unable to break free, Xie Xiaoyue's other hand dug into his heart.

Su Yu had a smile on his face as he grabbed Xie Xiaoyue's other hand.

No matter how Xie Xiaoyue resisted, she could not break free.

"Leader Xiaoyue, the world has changed. You're still the same as you were in the past, but I'm no longer the same person. Don't do anything rash," Su Yu said indifferently.

Although Xie Xiaoyue's face was full of hatred, the shock in her heart had long since spread out.

Su Yu took over the pirate alliance by relying on schemes and tricks. In terms of strength, she had never placed Su Yu in her eyes.

But when they met again ten years later, he actually overshadowed her?

This change was really too big!

The more Xie Xiaoyue thought so, the more resentful she became.

Ten years later, she became a prisoner, but Su Yu was doing better and better!

“Damn god! Are You Blind? You actually let a wicked person lead the way!” Perhaps it was because she was too sorrowful and indignant, Xie Xiaoyue raised her head and cried out, feeling so wronged that she started to wail.

Speaking of which, she was really miserable.

She was a good leader of the Pirate Alliance, but she was killed in front of everyone.

She ran to the glaze civilization to seek development, but she ended up as a prisoner.

She thought that she had caught a light envoy, but in the end, she met the best light envoy and almost lost her life!

In the end, she was saved by someone who had caused her to fall into such a situation.

“A villain from the mouth of a pirate leader. No matter how you look at it, it sounds like a good person, right?” Su Yu let go of her hands and laughed.

Xie Xiaoyue raised her tearful eyes and stared at him angrily. “You still have the face to laugh? It’s all thanks to you!”

Su Yu smiled and took out a jade bottle with the level of immortal embryo. He took out some spiritual liquid from it and sprinkled a few drops on Xie Xiaoyue’s head.

The remaining pain in her soul immediately disappeared.

Xie Xiaoyue still glared at Su Yu, but she was no longer as fierce as before. Instead, she became more complicated.

After a long while, she finally managed to convince herself and let out a long sigh. “Forget it. Since you’ve become a prisoner, you deserve to end up like this. Let’s forget about the past.”

She remembered that when Su Yu occupied the pirate alliance, he had once let her go.

In addition to the fact that she had saved his life today, and that she did not really hate Su Yu to the bone, she decided to let go of the past.

“Oh, you’re really merciful. Are you going to let me off just like that?” Su Yu smiled faintly.

Xie Xiaoyue looked at him from the corner of her eyes. “HMPH! Don’t try to be brave. As the prey of the misty forest, you should be mentally prepared. This place can kill you at any time.”

Su Yu’s smile deepened, causing Xie Xiaoyue’s heart to tremble. “Why are you smiling?”

“I want to tell you a piece of news, but I don’t know if it’s good news or bad news for you.”

Xie Xiaoyue pointed at her own dejected self in a self-deprecating manner. “Is there any worse news than this?”

“Yes!”

“What?”

“I’m not a prisoner, but a hunter participating in the deer chases.”

Xie Xiaoyue was like a stone statue. She was petrified on the spot as if she had been struck by a bolt from the blue. When she regained her senses, she looked as if she was about to eat Su Yu. She threw her head back and roared furiously, “A wicked man is the way, a wicked man is the way! !”

She did not understand how Su Yu managed to sneak into the Misty Forest of the Palace of light.

However, she believed it unconditionally.

Because Su Yu was indeed able to do it!

Thinking of this, she almost vomited blood. Her heart was extremely unbalanced.

Su Yu had caused her to be like this. Not only did he not get his retribution, he even became a hunter!

“Hahaha...” Su Yu burst into laughter. “Looks like it’s bad news for you.”

Xie Xiaoyue glared at Su Yu. She ground her silver teeth and wanted to cry, but did not.

After teasing him enough, Su Yu stopped. He smiled and said, “You can be my prey for now. After we leave the Misty Forest, how can I Let You Live?”

Xie Xiaoyue’s eyes immediately lit up and she said in surprise, “Really?”

Her expression changed faster than flipping through a book!

“It’s fake!” Su Yu said.

“You!” Xie Xiaoyue’s face was full of anger again. She felt like she was being played around on her back.

“Not only will I let you go, I will also give you a good fortune,” Su Yu said again.

Xie Xiaoyue was stunned. Her anger turned into anger and laughter, “Bastard!”

He was obviously teasing her!

However, she was completely relieved. After leaving the Palace of Light, there was finally hope for her to regain her freedom.

She was still very clear about Su Yu’s character. Since he had decided to let her go, he would naturally let her go.

However, she did not know what his so-called good fortune was.

“Tell me, how did you get caught by the Palace of Light?” Su Yu asked.

Xie Xiaoyue said resentfully, “Thanks to you, I have nothing and came to the glazed tile civilization to develop. However, not long after I arrived, I was deceived by a person and then betrayed to the Palace of Light.”

“Who?”

“Golden Pupil Prince!”

Su Yu’s pupils slightly changed. “He is also in the glazed tile civilization!”

“Yes! In order to gain the trust of the nightless Imperial Kingdom as soon as possible, he sold the information about me being the leader of the Pirate Alliance to the Imperial Kingdom. I had to flee to the palace of light and was captured by the Army of the Palace of light at the border.”

As Xie Xiaoyue spoke, she found Su Yu deep in thought.

“What are you thinking about?”

Su Yu was thinking about the golden pupil Prince’s motive. From the first time they had met, this person had given su yu a rather uneasy feeling.

The encounter at the heavenly remains cave mansion also proved that Su Yu’s intuition was correct.

After learning that he was in the glazed tile civilization, Su Yu had a very bad premonition.

“I hope that I won’t have any more interactions with him.”Su Yu thought so. Then, he looked at Xie Xiaoyue. “What plans do you have in the Misty Forest?”

Xie Xiaoyue shook her head and said, “Before I met you, I hoped to catch a messenger of light. Now, I don’t need anything.”

Now, she just needed to be Su Yu’s prey and successfully leave.

“Oh? You Don’t care about that Beast King? He has a deep affection for you,”Su Yu said with a faint smile.

Xie Xiaoyue’s face immediately turned cold. “Don’t mention him! If it weren’t for the fact that I saved his life, I would have killed him long ago!”

“Hehe...”Su Yu chuckled softly, but there was a deeper meaning in his eyes. Saved his life? It was probably not that simple.

He never believed in coincidences!

Xie Xiaoyue had just been besieged by Savage Beasts, and the Beast Enslavement King had appeared at the same time.

On top of that, the beast enslavement king had the ability to control savage beasts..

The truth behind this was worth pondering over!

However, if there was no evidence, Su Yu would not use his guesses to make malicious conjectures about others.

“Since you know about the Beast King’s plan, then you know where all the traps he set up are, right?”

“Basically, I know. You Want Me to guide you to hunt down those savage beasts and criminals?”

“Of course!”

Xie Xiaoyue immediately hesitated, she said slowly, “Going against the Beast King won’t end well. He controls all the savage beasts in the dense fog forest. If he really gets angry, he will hunt you and me down alone. Unless you give up the competition and leave the dense fog forest.”

Su Yu recalled the ice-filled savage beasts and agreed.

“Or, you can join hands with the other envoys of light and attack together,” Xie Xiaoyue said.

Su Yu chuckled, “Those envoys of light shouldn’t cooperate with me.”

“Why?” Xie Xiaoyue blinked her eyes, “Under such special circumstances, they should temporarily give up the fight.”

“Because, other than that Xuan Hua, they have all been beaten up by me.”

UH --

Xie Xiaoyue’s eyelids kept twitching as she muttered, “You are really a scourge, in many ways!”

“Alright, just do as I say.”

Following that, with Xie Xiaoyue leading the way, it was easy for Su Yu to find the savage beasts that she had set up.

At the same time, he could also see through their traps and kill them easily.

Five days later.

Su Yu had already successfully killed four clan leader level savage beasts, 20 ordinary savage beasts, and a unicorn horse, totaling up to 600 points.

“The points are enough.” Su Yu analyzed in secret. The only concern now was Xuan Hua.

If her total points didn’t surpass Su Yu, he wouldn’t be able to get second place and the antler.

Chapter 2299 Central Forest

“It seems that I still have to find Xuan Hua first. If she doesn’t hunt enough prey, I still need to help her,” Su Yu said thoughtfully.

Xie Xiaoyue heard this and sighed deeply, “Su Ruchu, I realized that you’ve changed.”

“How did you change?” Su Yu asked in surprise.

“Although you were a jerk in the past, you were at least not close to women. Now, you’re trapped by beauty, and you’re so muddle-headed that you even helped her score!” Xie Xiaoyue looked disappointed, “Sigh, there’s no cat in the world that doesn’t eat fish. If there is, it must be temporary.”

Su Yu's veins twitched. "You're thinking too much."

He told her the whole story.

Xie Xiaoyue just now had a look of realization. "So it's for the Dao of the soul. No wonder!"

She looked at Su Yu and couldn't help but sigh. Su Yu was able to get to where he was today because of luck.

He actually dared to pretend to be a heaven's favorite in the Palace of light and go to the deer chaser to swindle deer antler!

If it was her, she would never dare to do that even if she had ten more guts.

Now that she thought about it, the pirate that she had painstakingly built was snatched away by Su Yu. It was really not an injustice.

"Alright, I will reluctantly believe you." Xie Xiaoyue raised her eyes and said.

Reluctantly?

Su Yu touched his nose. He really did not have any interest in Xuan Hua.

"Let's go and find her first. Let's see how she is doing in the hunt," Su Yu said.

Xie Xiaoyue was confused. "Do you know where she is?"

Su Yu asked, "If you found a beehive, would you still go through all the trouble to find the scattered bees?"

"No." Xie Xiaoyue understood. Xuan Hua wanted to hunt a large number of prey, so he could only hide near the beehive and wait for an opportunity to hunt.

The two of them immediately moved and came to the vicinity of the iceberg.

They hid and closely observed the nearby movements.

Su Yu opened his clairvoyance eye. Everything in the world could not be hidden. The situation inside the iceberg could be clearly seen.

However, there was no trace of Xuan Hua.

"It shouldn't be." Su Yu pondered. Other than the iceberg, there was no other prey to kill. Xuan Hua could only attack from here.

Suddenly, Su Yu's heart moved. "Have you ever seen the Divine Deer of light in the Misty Forest?"

Xie Xiaoyue asked back, "Divine Deer of light? What does it look like?"

Su Yu drew the Divine Deer of light in the air on the spot, and Xie Xiaoyue cried out in surprise, "It's it!"

"You know?"

"Yes! A few months ago, when the Beast King was controlling the other savage beasts, he encountered this snow deer midway! But it escaped. It and that

Shadow Beast are the only savage beasts that were not controlled by the Beast King.”

After a pause, Xie Xiaoyue said, “Are you saying that Xuan Hua went to look for the snow deer?”

“Yes, it’s possible,” Su Yu said. If he caught the divine deer of light and received its cultivation impartation, then the ranking of the deer would be meaningless to Xuan Hua. It wouldn’t matter even if he was ranked last.

“But, it’s also possible that he went to look for that Shadow Beast,” Su Yu added.

That Shadow Beast’s strength was equal to Xia Yi’an’s, and it had a score of 500.

Judging from the brief encounter, Xuan Hua was extremely powerful. Those who refused to admit defeat would not be willing to wait for death.

“What should we do then?”

“Wait patiently!” Su Yu said.

At that time.

In the iceberg.

Dozens of talisman papers were placed in front of the Beast King. They were all dim and many of them had cracks.

It was because the savage beast that was enslaved had died.

“Xie Xiaoyue!” The Beast King let out a low and angry roar. “You Betrayed Me!”

The only person who knew the location of the ambush was Xie Xiaoyue!

In just five days, all the savage beasts had been destroyed. There was only one possibility. Xie Xiaoyue had personally led an extremely powerful expert over and pointed out the location of the trap!

“Stinky Woman, you ruined my plan! I want you to die without a burial place!” The Beast King roared at the sky in extreme anger.

Xie Xiaoyue’s betrayal not only allowed her to escape from his control, but also ruined his plan to capture the envoy of light!

He would never be able to leave the misty forest in his lifetime.

In fact, he wouldn’t be able to live for long..

His expression kept changing. After a moment, he made up his mind. “Everyone gather!”

More than ten criminals and more than a hundred savage beasts gathered around him.

“From now on, we will move together and capture the envoy of light at all costs!” After the ambush was over, he had no choice but to go all out.

Previously, in order to capture as many of the envoys of light alive as possible, he had only sent a small number of savage beasts to set up an ambush outside to prevent too many savage beasts from scaring the envoy of light out of the dense fog forest.

Now that there was no way out, he could only go all out. Even if he managed to capture one of them, it would be enough!

Xie Xiaoyue's betrayal had left him in a rather passive position.

"Let's Go!"

Hong Long Long --

Hundreds of savage beasts roared as they charged out of the ice mountain. Their heavy and messy footsteps caused the air to tremble violently, and the ground to tremble.

Su Yu and Xie Xiaoyue, who were hiding far away from the ice mountain, felt a huge commotion.

Roar --

Amidst the deafening roars of the savage beasts, the army of savage beasts swept up the ice shards in the sky and charged out. Like a ferocious tide, they charged in the same direction.

Wherever they went, whether it was the ice rocks or the forest, they were all destroyed.

The scene was extremely shocking.

Su Yu hid in the dark and immediately discovered that among the savage beasts, the Beast Slave King was among them.

He was in the middle of the savage beasts and was under heavy protection, so he couldn't get close.

"Follow me," Su Yu thought.

He didn't expect that the Beast Slave King would be so bold as to risk everything!

With such a large number of savage beasts, it was likely that they would encounter any emissary of light. The latter would either escape or use a life-saving talisman to leave the dense fog forest.

To capture an emissary of light alive, they would really need to try their luck.

The huge commotion caused by the savage beast tide attracted many emissaries of light.

They had been in the dense fog forest for several days without finding anything. When they noticed the movements of so many savage beasts, they naturally rushed over.

In addition, their vision in the dense fog forest was extremely obstructed. It was only ten Li.

When they sensed that the number of savage beasts was extremely terrifying and that they could not make any plans, they were already in the attack range of the Savage Beast Tide!

The first to rush over were Huang Yang and Qing Ling.

The two of them met halfway and came here together to investigate.

In the end, they discovered the existence of the Beast Tide Army. As the two of them were originally weak, they had always been very cautious. Without saying anything, they immediately activated the crystal chip and were swept out by the restriction.

Half a day later, two more envoys of light rushed over.

They were Starfall and Yang Hua.

The two of them, who had a slight grudge against each other, noticed the huge commotion and happened to bump into each other.

Due to the huge commotion, they became wary of it. Thus, they came to a temporary consensus and came over to investigate.

Twenty Li away, the two of them went into hiding.

Starfall's eyes were filled with excitement. "The opportunity is right in front of us. Whether we can get a good ranking will depend on now."

He had been searching for a few days, but he didn't even see the shadow of a savage beast. Now that there were so many of them, he was overjoyed.

His arrogance hadn't changed at all. Even after learning a lesson from Su Yu, it was still hard for him to change.

On the other hand, Yang Hua became much more cautious. He said solemnly, "From the sound of it, there seem to be a lot of savage beasts!"

He secretly took out a crystal chip and placed it between his fingers, ready to activate at any moment.

"With the two of us working together, even a master-level savage beast can take on a few of them. There's no need to worry too much." Starfall was full of confidence.

Boom Boom --

Suddenly, the clouds churned and savage beasts that were like a tide suddenly appeared.

The moment they appeared, a few dao master-level savage beasts that were good at controlling their talents began to attack.

The first to bear the brunt of the attack was the soul attack. Yang Hua and Starfall were caught off guard by the soul attack. They immediately had a splitting headache and lost their consciousness for a short while.

Following that was a petrification attack. Their bodies quickly hardened, preventing them from moving.

"Not good!" Starfall shouted and hurriedly went to retrieve the crystal chip. However, his arm was abnormally stiff and he did not have the time to retrieve it.

Yang Hua was lucky enough to hold the crystal chip in his palm. When he sensed the immense danger, he immediately made his move.

With a swoosh, Yang Hua was directly sent out of the Misty Forest.

Only Starfall was petrified on the spot with a face full of fear and despair. Following that, freezing, binding, and other control-type attacks were launched, making it impossible for him to escape.

When more than a hundred savage beasts completely appeared and surrounded him, Starfall's face was as pale as paper, and his heart was beating wildly.

At this moment, he was extremely regretful.

He was too conceited and underestimated the savage beasts, to the extent that he did not prepare an escape route in advance.

“Hahahaha! I've finally caught one.”The Beast Slave King let out a long sigh of relief, he threw his head back and laughed loudly. All the light emissaries he met along the way were exceptionally cunning. When they saw that the situation was not good, they retreated out of the misty forest. There was nothing he could do.

This emissary of light in front of him was really stupid!

The Beast Slave King was overjoyed. He jumped down from the Savage Beast and stared at Starfall with a sinister smile. He took out an incomparably sharp giant knife and chopped off its four limbs on the spot.

In an instant, fresh blood splattered, and a mournful scream reverberated in the dense fog.

Starfall suffered from the torture of its broken limbs. It was in so much pain that it wished to die. Moreover, its body was in a petrified state. It was unable to recover its body, and it was also unable to suppress the pain.

The constant pain made it feel as if it had fallen into hell!

“Just to be safe, we have to let the honorable emissary of light suffer a little,”the beast slave king said with a sinister smile.

It was not easy to catch one, so he could not let it escape.

“Let's go, continue to search!”The Beast Slave King waved his hand. The more emissaries of light they caught, the more bargaining chips they had.

After the Savage Beast Tide, Xie Xiaoyue had a suspicious look on her face. “Is that guy really the emissary of Light? With his temperament, he would have been eaten to the bone in our seven ultimate civilization long ago!”

He was still so self-righteous even though he was in the Misty Forest. Should he say that he was young and frivolous, or was he ignorant and fearless?

Su Yu's expression was indifferent. “It's as expected.”

A leopard can not change its spots. After Su Yu taught him a lesson, the other party did not learn from it and continued to act as he pleased. Now, the retribution came too quickly!

“Let's go. Xuan Hua should appear soon,”Su Yu said.

Unless Xuan Hua had already caught the divine deer of light, he would still be attracted here.

A few days later, almost 20% of the entire misty forest was flattened by the beast tide.

However, there was still no sign of Xuan Hua.

Su Yu calmed down and did not panic.

A few days later, more than half of the misty forest was trampled over.

Until almost 90% of the misty forest was flattened, there was still no sign of Xuan Hua!

Su Yu frowned, "Is the central area of the dense fog forest very special?"

He had left marks along the way and found that 90% of the area that had been flattened was the periphery of the dense fog forest.

The Beast Slave King had always led the savage beasts around the central area to search, but had never dared to take a single step into the central forest.

Chapter 2300 Fierce Beast King

"That shadow beast is resting in the central area." Xie Xiaoyue was much more serious.

She was lucky enough to see the Shadow Beast once. At that time, the Beast King led dozens of Savage Beasts to conquer the other savage beasts one by one.

Midway, they happened to meet the shadow beast foraging for food.

The Beast King could easily enslave the savage beasts of the master level, but when they saw the shadow beast, they ordered the Savage Beasts to retreat in fear, not to alarm it.

The group of unruly savage beasts didn't dare to breathe loudly when they met the shadow beast, and their bodies trembled.

The Shadow Beast's power was obvious!

It was the king of the entire Misty Forest!

Therefore, the Slave Beast King didn't dare to step into the central forest!

But at this moment, the search of the entire misty forest was fruitless, so the slave beast King could only look at the central misty forest.

"Could it be that the remaining light envoys dare to hide in the Shadow Beast's territory?" The Slave Beast King was uncertain.

With the Shadow Beast's ferocity, once it entered its territory, it would be immediately detected.

As for Intruders, the Shadow Beast had always treated them in the cruelest way!

"Or could it be that they have already left the Misty Forest?" The Slave Beast King pondered.

Hua Hua --

At this moment, the sound of fierce fighting and the sound of fleeing came from the central forest.

A moment later, the mist ten miles away broke apart, and two extremely disheveled figures rushed out.

One of them was Xuan Hua, and the other was Kong Qu.

The two of them were fighting fiercely, and they were both panting. Their bodies were also covered in mud and dust, making them look extremely disheveled.

“Kong Qu, you dare to betray me?” Xuan Hua’s face was filled with anger, and there was a broken sword that was as black as ink stuck on his back.

Kong Qu held the broken sword hilt in his hand and shouted, “You are heartless, and I am unjust! Don’t even think about escaping today...”

The two of them chased after him while cursing at each other.

Suddenly, they realized that the Savage Beast Tide had disappeared before their eyes.

Their expressions changed drastically. They turned around in a hurry and rushed back to the central forest.

The Beast Slave King was stunned for a moment. He had never expected the envoys of light to kill each other. At this moment, he snapped back to his senses and roared, “Chase!”

Roar --

His eyes were filled with excitement. If he could obtain the remaining two envoys of light, then there would be no suspense in the negotiation.

The Savage Beast Tide rushed into the forest. Xie Xiaoyue could not hold herself back and was about to follow, but Su Yu pressed on her shoulder and said, “Don’t move!”

His tone was unusually grave.

Sensing that something was wrong with Su Yu’s expression, Xie Xiaoyue asked, “What’s Wrong?”

“Be careful, there might be a trap.” Su Yu narrowed his eyes.

Putting aside the fact that Kong Qu’s strength was thousands of miles away from Xuan Hua’s, how could he sneak attack Xuan Hua and even stab her with his sword!

Just the location where the two of them were arguing was completely unreasonable.

The Shadow Beast’s territory, and they were still arguing like that. weren’t they afraid of alerting the Shadow Beast?

And in the end, the two of them returned to the central forest. No matter how one looked at it, it seemed like a trap, right?

As expected, just as Su Yu was still muttering the word ‘deceit’, a shrill cry of a savage beast pierced through the central forest.

Closely following that was a dense cluster of shrill cries, one after another, one after another.

Those savage beasts that had charged in were currently charging out in large numbers, as if they had encountered something extremely terrifying.

The savage beasts that were the first to charge out were all drenched in the blood of other savage beasts, and their expressions were extremely terrified.

Xie Xiaoyue's heart thumped. Su Yu had really hit the nail on the head!

She hid even more carefully and quietly observed the situation.

Out of the hundred or so savage beasts that charged in, only seventy or so came back.

Furthermore, they were all running away, but for some reason, they fell one after another and died mysteriously.

In the blink of an eye, another twenty or so savage beasts died.

This was a one-sided massacre, and no one knew how they were killed.

“Look at their shadows!” Su Yu's gaze was sharp, and he immediately noticed something strange.

Xie Xiaoyue followed Su Yu's gaze, and her hair stood on end!

In the Shadows of the Savage Beast Tide, there was a human-shaped shadow with barbs all over its body. Its appearance was savage and terrifying, as if it was an evil spirit that had walked out from the depths of hell.

It merged into the shadows of Savage Beasts, and with a vicious claw, it could kill a savage beast.

“Shadow Beast!” Xie Xiaoyue's lips and teeth were cold.

The biggest talent of shadow beasts was that they could blend into the shadows of others, and through the shadows, they could kill people, making it hard for people to guard against them!

Along with the tide of Savage Beasts, the corpses of Savage Beasts fled in panic, and two people with indifferent expressions walked out of the central forest.

They were Xuan Hua and Kong Qu, who were fighting with each other just now.

The two of them followed the Savage Beast Horde in an orderly manner to pick up the corpses. How could they be as tense as before?

Xie Xiaoyue saw this scene and secretly thought that Su Yu had predicted everything.

These two people were clearly scheming!

They deliberately lured the Savage Beast Horde into the central forest and used the Shadow Beasts to get rid of them while they followed behind to take advantage of the situation.

“What a good plan.” Xie Xiaoyue could not help but sigh. The two emissaries of light in front of her had the guts to use the Shadow Beasts. This was no different from asking a tiger for its skin.

Su Yu heaved a sigh of relief. “It seems that Xuan Hua doesn't need our help.”

At this rate, Xuan Hua would definitely get more points than Su Yu.

“But, you might have to worry about that emissary of light.” Xie Xiaoyue looked at Kong Qu with a meaningful look.

With this speed, Kong Qu would also surpass Su Yu.

In the end, Kong Qu would be in second place and Su Yu would be in third place.

“Indeed.” Su Yu frowned. He was thinking about what he should do. Should he snatch Kong Qu’s Prey?

Roar --

Suddenly, something strange happened.

A roar that was different from the other savage beasts entered everyone’s ears.

Su Yu and Xie Xiaoyue immediately chased after it. They discovered that the Shadow Beast was forced out of its shadow and revealed its real body. It was surrounded by many savage beasts.

After a brief observation, Su Yu discovered that there were a few inconspicuous savage beasts that had extremely ancient arrays carved on their bodies.

These arrays were maintained by the Savage Beasts’ own DAO Master’s blood and were always in operation.

However, the Beast Slave King had been deliberately hiding them.

At this moment, the Beast Slave King was riding on the back of a savage beast that was at the level of a clan master. He stared at the Shadow Beast and said in a deep voice, “Since I dared to intrude into your territory, I naturally wouldn’t be without confidence! This beast blood heart destruction array was prepared for you.”

Ever since he saw the Shadow Beast for the first time, the Beast Slave King had been extremely wary of it.

This Beast’s strength was too strong, and he had to be on guard.

Thus, for several months, he had been secretly drawing this beast blood heart extermination array that was not weak.

As long as he succeeded in activating it, there was a certain chance that the shadow beast would lose its consciousness and become the Beast Pet of the Beast Slave King!

Right now, the Shadow Beast was chasing after them, and it was also chasing after the savage beasts. This was the best opportunity to activate it.

The moment the formation moved, the Shadow Beast was forced out of the shadow.

Since it was unable to merge with the Shadow Beast, the Shadow Beast’s threat was greatly reduced.

“Continue to activate!” The Beast Slave King shouted.

Immediately, a few more savage beasts revealed a carved formation on their bodies.

The power of the formation suddenly increased!

The Shadow Beast seemed to be enduring the invisible power of the formation. With a pained and fierce roar, it pounced towards one of the savage beasts.

However, an invisible layer of blood-colored thread appeared in front of its body, obstructing its movements.

Seeing this scene, the Beast Slave King's lips curled into a relaxed expression.

However, before this expression could last for long, the Shadow Beast's entire body released a black mist, shattering the blood-colored thread and biting onto a savage beast that had a formation.

The Savage Beast shriveled at an astonishing speed, like a deflated balloon. Soon, it was only left with a skin bag.

After eating a savage beast, the Shadow Beast's ferocious aura did not decrease but instead increased. With a roar, it pounced on the Beast King.

The latter was so scared that his soul was gone. He hurriedly took out several ancient talisman papers and stuck them on his body, allowing the beast picture on his body to be devoured.

Immediately, the Blood Qi in the bodies of the ten savage beasts with the formation on their bodies seeped out of their bodies like a raging fire.

The ten savage beasts let out painful roars, but because of the talisman paper, they were unable to move. They could only watch as their dao blood was continuously burned to nothing.

The burning of their dao blood caused the power of the formation to increase explosively.

Those blood-colored threads that couldn't be seen with the naked eye turned into corporeal chains, trapping the shadow beasts that pounced over.

But even so, the shadow beasts were still extremely powerful. With the body of a single person, they carried the ten savage beasts and crazily counterattacked.

The Beast Slave King was shocked,

the Beast Slave King's scalp went numb. As expected of the Shadow Beast. Even after igniting the beast blood heart extermination array set up by ten savage beasts, it was still unable to trap him!

At this critical moment, the Beast Slave King urged the other savage beasts to launch their innate attacks simultaneously.

How shocking was it when the attacks of more than Forty Dao Masters were combined together?

However, the shadow beast was restrained and its strength was greatly reduced. Under such circumstances, it actually activated its body full of shadows and resisted the attacks of all the savage beasts by itself. It was not at a disadvantage at all.

Xie Xiaoyue, who was watching from the shadows, gasped, "This... It is simply invincible!"

She felt that even if Xia Yi'an came personally, he might not be able to do anything to this shadow beast!

The two sides fought fiercely against each other. Seeing that the shadow beast was so ferocious that it could not be subdued, the Beast King gritted its teeth and took out its dao master's blood.

Its blood was very strange. Within a single drop of blood, there were tens of thousands of beast shadows!

Su Yu's pupils shrank when he saw this scene. "This is..."

He remembered that in the previous era, there was an extinct race among the ten thousand races. This race had a murderous aura. They had killed countless people. The other races had besieged them and killed them all.

According to the records, this race had ruled half of the absolute beginning realm at its peak!

All the races were enslaved by this race. They could be enslaved, killed, or even used as materials for their cultivation.

It was because of this that the gods and men were enraged and were overthrown by all the races.

Looking at this drop of blood, Su Yu couldn't help but think of that terrifying race.

However, this race had been extinct since the last era. Moreover, after the destruction and restart of another era, it shouldn't have existed in this era!

"Is he alone, or... is there a lot?" Su Yu felt a sense of unease.

The place where this race appeared had always been filled with rivers of blood.

If he was alone, it would not be a big deal, but if there were more..

As he pondered, the Beast Slave King had already flicked out the drop of blood that contained thousands of beast souls, landing on the top of the Shadow Beast's head.

One by one, extremely fierce souls flew over from the drop of blood, fusing into the mind of the Shadow Beast and devouring its soul,
