

## **Nine-Dragon 2301**

Chapter 2301 Scheming And Scheming

The Shadow Beast immediately let out a shrill roar and rolled on the ground.

Wherever its body rolled past, any savage beast it came into contact with would be turned into a bloody mist on the spot!

Along with the blood splattering everywhere, seven to eight savage beasts were instantly crushed to death by the Berserk Shadow Beast.

But as time went by, the Shadow Beast's soul was severely injured, and its struggle became weaker and weaker.

In the end, it gradually stopped and lay on the ground, panting heavily. It didn't move at all.

The Beast King let out a long sigh of relief. The drop of blood that it had just used made its face as pale as paper, and the patterns of beast heads on its body were much lighter than before.

The price it had paid for that drop of blood seemed to be exceptionally high!

However, it had finally succeeded in subduing the Shadow Beast!

"Next, it's the two darn envoys of Light's turn," the beast slave king said angrily. He had lost more than half of his savage beasts, and he could not let this matter go so easily.

Roar --

Under his orders, the remaining forty or so savage beasts turned around and charged into the central forest.

Xuan Hua and Kong Qu were collecting the corpses of the savage beasts that had been killed or injured, and they had reaped a bountiful harvest.

When they noticed that a large number of savage beasts had returned, their expressions changed.

"The Shadow Beast lost? How is that possible?" Kong Qu was in disbelief. This didn't go according to the plan at all.

He looked at the incomplete corpses of Savage Beasts on the ground with some reluctance. Gritting his teeth, he could only take out the crystal chip and look at Xuan Hua.

Xuan Hua was also a little hesitant, but she didn't choose to give up. Instead, she seized the time to pick up a few more and turned around to flee into the distance.

Sensing that the savage beasts were about to enter her line of sight, Kong Qu made a prompt decision to give up on this activity and leave the dense fog forest.

At this moment, a large group of savage beasts rushed into her line of sight.

Seven to eight control-type talents attacked and bound her.

Fortunately, Kong Qu had already activated the crystal chip in advance, and a large amount of restrictive power swept her away.

Seeing this, the beast slave king let out an indignant roar and stared in the direction where Xuan Hua had left.

Perhaps she was the only light emissary left!

“Chase!” The Beast King shouted and ordered the savage beasts to collect all the corpses of the savage beasts along the way so that Xuan Hua would not have enough savage beasts to leave.

Su Yu and Xie Xiaoyue observed from afar. The latter pursed his lips into a smile and said, “God really doesn’t know when to stop. Kong Qu directly withdrew!”

Su Yu was also a little surprised. The Beast King was able to subdue the shadow beast and reverse the situation once again. It was very unexpected.

Based on the points that Xuan Hua had just obtained, it should be around 300 points. It was still a little short of Su Yu’s points.

“If it really can’t be done, I’ll throw away some savage beasts and take the initiative to reduce some points.” Su Yu analyzed. After he finished his words, he chased after it.

Xuan Hua was very unwilling to not obtain so many savage beast corpses. After flying in circles a few times, he returned. However, as cunning as the beast slave king, he had already put away all the corpses.

Especially the unconscious Shadow Beast. As it had 500 points, it was closely watched by the Beast King.

This forced Xuan Hua to think of a way to kill them again.

Finally, after five consecutive days of chasing and fleeing, Xuan Hua could only choose to sneak attack the Beast King’s Savage Beasts.

On this day.

Xuan Hua drew a pair of wings and fled at an astonishing speed. She fled into the central forest and disappeared without a trace.

The Beast Slave King was furious and could only lead a large group of Savage Beasts to blindly search for her in the central forest.

The central forest had been the territory of Shadow Beasts for many years. It had long been modified by Shadow Beasts to be suitable for cultivation. There were dark shadows everywhere in the central forest. Regardless of whether it was the species or the savage beasts, their line of sight had never exceeded five Li!

Furthermore, the terrain here was extremely complicated!

There were jagged and strange rocks everywhere. The twists and turns affected the road.

Xiu --

Suddenly, at a bend in the road, a dao tool level flying sword appeared without any warning. It killed a savage beast leading the way in front of the savage beasts on the spot.

The Beast Slave King was not angry. Instead, he was happy. he shouted, "Attack forward."

The purpose of the Xuan painting was the corpse of the Savage Beast. It must be hiding five Li ahead, waiting to take the corpse of the Savage Beast!

However, just as the Savage Beast Horde was about to attack, a tool-grade rope shot out from behind the Savage Beast Horde and swept away a savage beast with a swoosh.

"We've been tricked!"The Beast Slave King immediately reacted.

Xuan Hua had deliberately set up a trap in front to attract their attention. In reality, it was a diversion.

"Attack!"The Beast Slave King ordered the savage beasts to turn around and attack behind him.

However, after such a long time, Xuan Hua had long fled with the Howling Savage Beast!

"This stinky woman!"The Beast Slave King's face was gloomy and malevolent. "Catch her at all costs!"

Under his gloomy face, his eyes flickered with a cold smile that was hidden very deeply. He was like a cunning fox, watching his prey gradually step into the trap.

Following that, the furious Beast Slave King chased after Xuan Hua in the central forest like a madman.

Xuan Hua used his understanding of the central forest and the five-kilometer limit of his vision to frequently use strategies and sneak attacks to succeed.

Three days later, Xuan Hua had successfully obtained seven to eight savage beasts.

Adding the savage beasts he had obtained previously, his score exceeded four hundred.

However, Xuan Hua did not stop. Instead, he attacked more and more frequently.

The Beast Slave King was helpless. He continued to chase until he reached the center of the Central Forest.

A pitch-black lake was inlaid in the center.

Although the surroundings were black, the lake was so black that it was shining like a black pearl!

Strange Shadows were flowing in the lake, giving off an aura that made many savage beasts extremely uneasy.

"The Shadow Beast's nest."The Beast Slave King's heart tightened for no reason. However, when he thought that the shadow beast had been subdued, he forced himself to settle down.

He looked around, he raised his voice and shouted, "Messenger of light, there's no point in escaping like this. How about we face each other head-on? "If you win, I'll hand over all the savage beast

corpses to you. If you lose, I'll trouble you to temporarily suffer and become my hostage. How about it?"

He was just casually testing whether Xuan Hua was nearby. He didn't expect that the other party would really appear so muddle-headed.

Unexpectedly, from the shadows on the other side of the lake, a woman in an ink-black robe walked out with a faint smile on her lips. It was Xuan Hua.

"Sure!"

She actually agreed!

Not only was the Beast King not happy, he became even more vigilant.

Judging from the woman's methods, she was clearly a rather smart woman. How could she make such a stupid decision?

They had overwhelming power in a fair fight. How could it be fair?

However, since she was willing to show up and fight, it was naturally best.

He was afraid that she would crush the crystal chip and escape.

"How should we fight?" The Beast Slave King asked. He thought that Xuan Hua would definitely propose a fair fight.

However, Xuan Hua unexpectedly said, "I will fight all of you alone."

HMM?

The Beast Slave King's heart was shaken, and he once again felt that something was deeply wrong.

The other party was willing to show up, so there was already a big problem, but he still dared to take them one by one. Something was wrong!

"Retreat!" The beast slave king was extremely decisive, and immediately ordered the savage beasts to retreat.

Who knew that the corner of Xuan Hua's mouth curled up into a strange smile, "It took so much effort to lure all of you here. Don't you think it's already too late to leave?"

Gulp --

Suddenly, a huge bubble emerged from the pitch-black amber.

Accompanied by a deafening roar, an even larger shadow beast emerged from within.

Compared to just now, not only was the reminder bigger, the ferocious aura it emitted was several times stronger!

"Shadow... Shadow Beast? How could there be a second one?" The Beast Slave King sucked in a breath of cold air, his scalp tingling.

Xuan Hua calmly stroked her hair that was hanging in front of her chest and chuckled, “At that time, there was indeed only one shadow beast, but it was a pregnant shadow beast. The one you killed was a small one, and the mother has been cultivating here.”

Hiss!

The one they killed before was still a shadow beast that was underage?

Then the power of this shadow beast before them..

“That’s not right, why didn’t it attack you?” The Beast Slave King saw that something was wrong. After this Shadow Beast appeared, it didn’t pay any attention to Xuan Hua, but stared at them.

Xuan Hua’s smile deepened, and a teasing look appeared on her face. “I forgot to tell you guys that this shadow beast came from my family... Yes, it was once my family’s guardian beast.”

As a shadow beast that had watched Xuan Hua grow up, it had already regarded Xuan Hua as its master. Why would it attack her?

She had kept this information hidden too tightly. She was afraid that even Kong Qu, who was fighting alongside her, did not know about it at all!

Su Yu, who was secretly observing, was also quite shocked. The Shadow Beast actually came from Xuan Hua’s family?

However, this also solved his previous doubts.

Why was Xuan Hua able to lure out that Little Shadow Beast, but he was not attacked?

Moreover, she even dared to put on a show of killing each other in the Shadow Beast’s territory and Kong Qu, not afraid of alerting the shadow beast to attack him.

It turned out that the shadow beast was raised by her family!

“However, she’s already old and can’t leave this lake for too long, so she can only do everything she can to lure all of you here.”

The large number of shadows in this lake was the best place for this aging Mother Shadow Beast to fight!

The Beast Slave King and the other races’ faces instantly turned pale!

On the other hand, Xuan Hua’s beautiful face revealed some malevolence under the cover of the shadows, “Kill them all... Remember to leave their corpses intact!”

Roar --

The Mother Shadow Beast let out a low roar and turned into a ball of shadows that instantly pounced out.

In an instant, several savage beasts died on the spot!

Death was like a tide, swiftly drowning the Savage Beast Horde. No matter how powerful they were, before the Mother Shadow Beast, they were just like Mianyang, being slaughtered one-sided.

In a few breaths, there were only seven or eight savage beasts left in the Savage Beast Horde.

The Beast Slave King's life was in danger!

“Hehe, accept your fate, Beast Slave King.” Xuan Hua seemed to have seen the beast slave king's body being torn apart by the shadow beast.

However, there was not much panic on the Beast Slave King's face. Instead, it was replaced by an arrogant sneer. “Little girl, in terms of scheming and scheming, you are still far from it. Do you really think that you are the only one who knows how to set a trap?”

What?

Xuan Hua's eyes narrowed and she immediately realized that things were not looking good.

All of a sudden, she recalled the savage beasts that she had ambushed along the way. If she was talking about traps, they were the only ones that had a chance.

Without thinking, she took out the storage space that contained the corpses of the savage beasts and immediately threw it away.

However, the storage space exploded while it was still in the air.

All the savage beasts in it died instantly. Their Dao master's blood gushed out like a fountain!

Chapter 2302 Points

The blood that flew out contained many strange runes.

Xuan Hua retreated, but it was too late. Countless runes rushed out from the blood and surrounded Xuan Hua.

Immediately, Xuan Hua felt as if he was being pressed down by a huge mountain. His body became heavier and heavier, and in the end, he couldn't move.

Taking advantage of this opportunity, the Beast King flew over and subdued Xuan Hua.

At the same time, it placed a talisman sword covered with beast patterns on Xuan Hua's head. “Make it stop.”

Xuan Hua bit her red lips and blamed herself. She had been too careless. She should have checked the savage beasts that she had obtained first.

But now, she had fallen into the trap. Her efforts were in vain!

Under the threat of her life, Xuan Hua could only order the shadow beast to stop.

The Shadow Beast realized that Xuan Hua had been captured and roared angrily at the Beast King, but it did not dare to act rashly.

“Let it go, the further the better!”

Xuan Hua had no choice but to follow her instructions and order the shadow beast to completely leave.

After confirming that it was safe, the beast king heaved a sigh of relief and could not help but laugh out loud, “I've finally succeeded in capturing it! Although the price is a little high.”

Looking at the remaining four to five Savage Beasts, the Beast Slave King felt his heart ache.

Over a hundred savage beasts were annihilated just because they captured the woman in front of him alive.

However, the sacrifice was worth it.

Xuan Hua was the second-ranked emissary of light. She believed that the palace of light was willing to pay any price to save her life.

“Beast Slave King, what use is there for you to capture me? Why Don’t you let me go and I’ll ask the Palace of Light to let you live?”Xuan Hua said.

The Beast Slave King snorted. “Give me a way out and then immediately give me a dead end, right? Little Girl, you’re still too inexperienced to play word games with me!”

Xuan Hua was silent. In the hands of an old and cunning enemy, the hope of escaping with words was very slim.

After catching two envoys of light, the Beast Slave King was relieved. When the deer chasing time was over, he could negotiate with the Palace of light.

Just as he heaved a sigh of relief, suddenly, an incomparably sharp sword qi swept over without warning.

The Savage Beasts guarding the Beast King were caught off guard and killed by the Sword Qi.

The sudden change caused the beast king to turn pale with fright, and he hurriedly dodged.

He dodged, but the other savage beasts were all killed to protect him.

The Beast King’s face was covered in blood, which made his terrified expression look exceptionally ferocious.

He took a few steps back, holding the Starfall with one hand and Xuan Hua with the other, shouting, “Stop, or they will die immediately!”

In his opinion, the one who attacked was none other than the emissary of light, right?

With the other party’s two companions in hand, the other party was bound to be cautious.

“Die, die, I don’t feel bad.”In the dark shadow, Su Yu and Xie Xiaoyue walked out side by side.

“B \* Tch, it’s You?”The Beast Slave King saw Xie Xiaoyue at a glance and scolded angrily.

If Xie Xiaoyue had betrayed him, why would he risk his life to personally come and capture the messenger of light?

Xie Xiaoyue was silent. She leaned against Su Yu’s back with complicated feelings in her heart and did not look directly at the Beast Slave King.

No matter what, he had saved her life.

“I’m not surprised.”Xuan Hua looked straight at Su Yu and said indifferently.

This was not the first time Su Yu had done something like this!

The Beast King felt strange. They clearly knew each other, so they should be the envoys of light. How could they not care about the lives of their companions?

Seeing that Su Yu was getting closer, the beast king shouted, "Stop! One more step and one of them will die!"

Su Yu shrugged, "It doesn't matter if both of them die."

"Is that so?" The Beast King didn't believe it.

"You don't have to waste your efforts. He's not a messenger of light, but an extremely rare one who uses his own strength to participate in the competition," Xuan Hua said calmly.

The Beast King immediately felt a strong sense of unease. This meant that the other party could kill him without any scruples?

All of a sudden, the Beast King turned his gaze to the beast king beside Su Yu and said, "You don't care about these two people, but you should care about that B \* Tch's life, right?"

'HMM?'

Su Yu stopped in his tracks. His gaze shifted slightly as he said, "Could it be that you want to tell me that she has a restriction that you placed on her?"

"Hehe..." after confirming that Su Yu was indeed concerned about Xie Xiaoyue's life and death, the Beast King smiled sinisterly. "I don't know how to use a restriction, but it's not a problem for me to place a few beast talismans on her without anyone noticing."

As he spoke, the Beast King recited an incomparably obscure incantation.

Xie Xiaoyue, who was originally expressionless, suddenly felt a heart-wrenching pain. She clutched her chest tightly, and her expression was extremely pained.

After reciting it once, the Beast Slave King stopped and sneered. "Do you still need to confirm it again?"

Xie Xiaoyue's pain eased a little, but her face was still pale. She said in a low voice, "When? I have never eaten or drunk anything you gave me."

The Beast Slave King chuckled. "Of course it was the first time I saved you. When I helped you up, I patted your back gently."

So it was at that time!

"You should have seen the power of my Beast Talisman." The Beast Slave King's lips curled up in a teasing arc.

Hearing this, Xie Xiaoyue's body shivered. The Beast Slave King's Beast Talisman could make those savage beasts suffer a fate worse than death, and it could decide their life and death with a thought.

“You placed a beast talisman on me from the start, why did you do this?” Xie Xiaoyue shouted and asked.

Since she had saved her life, why did she have to do this?

“What do you think?” The Beast King smiled evilly and sized up Xie Xiaoyue’s beautiful body.

Of course, it was her beauty!

Xie Xiaoyue felt disgusted and asked, “Then you saved me...”

“Of course I designed it! Unfortunately, my hero didn’t manage to move you.” The Beast King was full of regret.

After learning the truth, Xie Xiaoyue was furious. “Despicable!”

She had always treated the beast slave king as her savior and worked hard for him until now.

In the end, everything was a scam!

“Hehe! As long as you can survive, the process is not important.” The Beast Slave King did not think much of it. He then looked at Su Yu and said, “Human, this woman belongs to you. Similarly, don’t interfere with me, how about it?”

Su Yu’s eyes were calm as he said, “Nothing much!”

“You want to destroy both Jade and stone?” The Beast King’s heart tightened. If Su Yu did not care about Xie Xiaoyue’s life, he would really die here today!

Fortunately, Su Yu shook his head and said, “Two conditions! First, take out the Beast Talisman! Second, put down a hostage.”

The former Beast King could still agree, but the latter, he had no choice but to hesitate.

“Don’t bargain. Otherwise, even if Xie Xiaoyue dies, I will destroy you!” Su Yu’s calm gaze was bone-chilling.

The Beast Slave King could not help but shudder.

He had seen many eyes filled with killing intent in his life, but very few people could make him shiver.

The seemingly calm gaze in front of him was one of them.

“Okay, I agree.” The beast slave king first chanted, and a blood-red palm appeared behind Xie Xiaoyue’s back. In the center of the Palm was a wriggling beast head. It was a beast talisman.

Then, he threw Starfall on the ground, meaning to let him go.

Starfall was overjoyed. At this moment, he felt as if he had just walked out from the gates of Hell.

However, in the next moment, Su Yu’s words made him feel as if he had fallen into an ice cellar. “I want the other one!”

The Beast Slave King was immediately dissatisfied. It was obvious that the Xuan painting was more valuable as a bargaining chip.

Moreover, he had paid a huge price to capture the Xuan painting. How could he let it go so easily?

“If you are unwilling, then I will come and take it personally.” The sword in Su Yu’s hand drew a sword flower.

The Beast Slave King had just realized that Xie Xiaoyue had already broken free from his control. Su Yu could have just killed him.

Without any other choice, the Beast Slave King could only abandon Xuan Hua and capture Starfall.

Starfall, who had just been freed, fell into the Beast Slave King’s demonic hands. It was so angry that it spat out blood and roared, “Human, I, Starfall, will never forgive you!”

As his voice faded away, Starfall was dragged away by the Beast King Without a trace.

This was the end of such a huge storm.

Su Yu looked at Xuan Hua and did not say a word. He untied her restraints and left with Xie Xiaoyue.

Xuan Hua was freed, and a trace of confusion flashed across her eyes.

A few days later, the time for chasing deer ended.

The entrance to the restriction opened again, and Su Yu and Xuan Hua left one after another.

Outside, Vice Palace Master Lu, Kong Qu, Yang Hua, and Zheng Yuan were already waiting outside.

Seeing Xuan Hua come out, the corners of Vice Palace Master Lu’s eyes curved, and he smiled, “How’s The Harvest?”

“It’s not bad,” Xuan Hua said indifferently.

Vice Palace Master Lu glanced at Su Yu, then ignored him and continued to look at the entrance.

“Vice palace master, there’s no need to wait. The Starfall has already fallen into the hands of a criminal,” Xuan Hua said.

Deputy Palace Master Lu’s eyes immediately turned sharp. “What’s the purpose of the criminal?”

“Negotiate!”

Deputy Palace Master Lu’s expression eased up. There had been many similar criminals in the past. As long as the hostage was safe, it was enough.

“Mm, we’ll send someone to deal with it later.” Deputy Palace Master Lu smiled again. “Then now, let’s each show off our gains from chasing deer.”

Zheng Yuan, Yang Hua, Huang Yang, and Qing Ling lowered their heads. They were too embarrassed to say anything after escaping empty-handed.

Kong Qu took out seven or eight savage beasts.

Vice Palace Master Lu said with satisfaction, “Not bad, two hundred points in total!”

Compared to the other four who had no rewards, Kong Qu’s rewards were quite bountiful.

“What about Xuan Hua?” Vice Palace Master Lu looked expectant.

Xuan Hua had taken out dozens of savage beasts that she had hunted!

Many of the Savage Beasts’ corpses were beyond recognition. Xuan Hua had taken away everything that she could bring back.

“1,400 points!” Vice Palace Head Lu cast a gratified look. Xuan Hua had indeed lived up to everyone’s expectations.

The onlookers were amazed.

“As expected of Xuan Hua. It’s not surprising that she got so many points!”

“She’s the first place winner!”

“Hehe, I’m curious about how much that powerful human gained.”

Vice Palace Master Lu looked at Su Yu and said calmly, “What about you?”

She didn’t care much about Su Yu. She thought that he was just barely qualified to chase deer.

Su Yu took out his gains, including Xie Xiaoyue’s.

“700 points.” Vice Palace Master Lu was extremely surprised. Even Kong Qu got 200 points. How did this person get it?

Those who knew about it mocked and mocked him.

“Oh, it’s only 700 points. Looking at how this human challenged all the envoys of light, I thought he would be first!”

“He finally knows what he’s capable of, right?”

..

Xuan Hua pursed her lips when she heard the sarcasm.

Only she knew that if Su Yu wanted to be first, he would have gotten it long ago.

Or rather, her first place was given by Su Yu!

Chapter 2303 Divided The Troops Into Two Groups

Deputy Palace Head Lu was confused. What single-handedly challenged all the envoys of Light? Why was everyone ridiculing him?

The nameless youth in front of him was already very impressive, alright?

A full 700 points!

Furthermore, they had purposely increased the difficulty of the competition this time!

According to their predictions, the first place would be considered qualified if they could get more than 500 points.

Su Yu's 700 points had far exceeded her expectations. If it was in the past, she would definitely be first place.

“Shut up! What right do you have to laugh at him?” Vice Palace Head Lu felt that it was laughable. A group of people who didn't even get a single point laughed at a person who got 700 points!

She felt an indescribable disappointment in her heart. If this year's emissary of light was a narrow-minded person who only looked at other people's shortcomings and not her own, it would be difficult for her to become a great martial artist in the future.

Such a person would have no chance of entering an eight-star civilization!

Only then did the surroundings quieten down.

Deputy Palace Head Lu said, “Now that the results of zhulu have been announced, combined with the ranking of the martial arts sparring, we can announce the rankings.”

Only Xuan Hua, Su Yu, and Kong Qu had the points while the rest had zero points. Was there any objection to such a ranking?

Su Yu heaved a sigh of relief. Although there were many twists and turns, the plan went smoothly, and he successfully took second place.

He felt that this was much more tiring than taking first place!

“First place...” Deputy Palace Head Lu was about to announce when suddenly, a clear and melodious voice of a beast sounded from the entrance of the restriction.

Everyone looked in the direction of the voice and saw a snow-white deer calmly walking out of the misty forest covered in holy light.

“Divine Deer of light!” Although they had seen it many times, they could not help but be amazed by the Divine Deer of light's beauty.

Su Yu also looked at it curiously. Unexpectedly, the Divine Deer of light was also looking at him.

Moreover, it moved its hooves and walked towards him.

Immediately, Su Yu had a bad feeling. He silently moved to the left.

However, the divine deer of light followed Su Yu's direction and came in front of him.

Under countless gazes, the divine deer of light intimately rubbed against Su Yu's sleeve and knelt down in front of him.

“What? The Divine Deer of light has acknowledged him?”

“It can't be, right? A divine beast as proud as the divine deer of light would only kneel down to the Great Palace Master. Why would it bow down to a Junior?”

“My eyes are playing tricks on me. My eyes must be playing tricks on me!”

Vice Palace Master Lu also sucked in a breath of cold air. He couldn't believe that such a thing would happen!

However, this was only the beginning. What happened next petrified everyone on the spot!

The stripes on the divine deer of light's body actually floated away from the surface of its body.

Ancient secret manuals revolved within the stripes.

They surrounded Su Yu and allowed him to choose for himself!

“Pass the Law!” The whole hall is aghast, can not believe the scene in front of.

Since the beginning of history, only to the first great master passed the law of the deer god of light, but to a nameless junior pass the law!

But, let them greatly surprised glasses, even thought that oneself dream is, by the human youth, unexpectedly dismissive, even dismissive wave hand: “I don't need, give to others!”

Give it to someone else..

Someone Else..

Come on..

The whole scene is dead silent, only Su Yu's words in the snow mountain drift.

Su Yu actually refused the Holy Deer of light transmission!

They couldn't believe their ears.

What the Holy Deer of light passed down is different from the cultivation method in outer space. It is an ancient cultivation method passed down from the last century!

If you succeed, you will be a big shot in the future.

No one could understand why Su Yu would reject him.

Did he not understand the significance of the divine light deer imparting its power to him?

Vice Palace Master Lu felt as if something was stuck in his throat, he could not even catch his breath. After a long while, he said anxiously, “Human, accept it.”

However, Su Yu turned a deaf ear to his words. Not only did he not accept it, he even shifted his direction and chased the divine light deer away, “Don't come to me! Go Away!”

The final target of the chasing deer was the divine deer of light!

Once it chose who to impart its strength to, it meant that whoever successfully captured it would be rewarded with 1,000 points!

Su Yu currently had 700 points. Adding another 1,000 points would be 1,700 points, far surpassing the 1,400 points of the Xuan painting. Without a doubt, he would be the first place!

If that was the case, where did his antlers come from?

He couldn't possibly cut off a section of the Divine Deer of light's head in front of everyone, right?

Finally, Deputy Palace Head Lu regained his senses and said angrily, "Are you crazy? Hurry up and accept the impartation!"

If you don't want it, we do!

Can't you just accept the impartation and then transfer it to someone else?

The impartation of the Divine Deer of light was an opportunity that hadn't appeared in tens of thousands of years.

However, Su Yu had his own difficulties. He was pretending to be a member of the Palace of Light. Once he accepted the impartation, would he be able to leave?

No matter what, the Palace of light would keep him and demand the dharma impartation. In the end, his identity would be exposed.

Perhaps, he would be like Xie Xiaoyue and be thrown into the misty forest as a criminal!

Therefore, Su Yu firmly resisted the dharma impartation.

Finally, after a few rejections, the divine deer of light withdrew the dharma impartation with disappointment in his eyes. However, he still followed Su Yu closely and refused to leave.

Deputy Palace Master Lu was so angry that his lungs were about to explode. He asked, "Why didn't you accept it?"

It was rare for the Divine Deer of light to want to pass down its teachings. Who knew when the next time would come.

"I don't want it. Is this answer alright?" Su Yu said indifferently, "Let's get back to the main topic."

Deputy palatial Lord Lu felt that her heart was bleeding. It was as if she had accidentally missed out on tens of billions of dao currency!

She looked at the Divine Deer of light with a pained expression and announced again, "The first place of the chasing deer... human race! Second place, Xuan Hua! Third place, Kong Qu! The rest are tied for fourth place."

As expected, it was first place!

Su Yu's face was filled with tears. He only wanted to get second place, why was it so difficult?

Moo --

The Divine Deer of light ran over and rubbed against Su Yu's calf.

Su Yu was so angry that he raised his leg and kicked the Divine Deer of light to the ground.

Wasn't it all caused by this divine deer of light?

It didn't come out early, it didn't come out late, but it had to come out at the last moment!

"Impudent!"

Instantly, several powerful auras that far surpassed the family head descended and pressed down on Su Yu.

Shua Shua Shua --

Several gray-robed elders appeared and glared angrily at Su Yu.

He actually dared to treat the divine beasts of the Palace of light in such a manner. This was simply outrageous!

Moo --

However, the Divine Deer of light turned around and crawled up again, blocking in front of Su Yu. It meant that those elders should not bully Su Yu.

Without a doubt, those elders were the ones who were secretly protecting the divine deer of light.

When they saw that the divine deer of light was being bullied, they immediately showed themselves. In the end, the divine deer of light protected that person instead, making them angry but have nowhere to vent their anger.

The group of emissaries of light also saw this and their eyes were spitting fire.

This was really unreasonable!

Everyone in the world wanted to obtain the Divine Deer of light's teachings, but it was disdainful of them.

Yet, Su Yu treated it like that, and it even took the initiative to stick to it!

It was really infuriating to compare people!

Vice Palace Master Lu was also full of resentment. He took the rewards and gave them to Su Yu and the others one by one.

Looking at the 100 million dao coins and a portion of absolute beginning Qi in his hand, Su Yu was quite disheartened.

He had worked for nothing!

“Goodbye!” He left with Xie Xiaoyue in a displeased mood.

“Wait!” Deputy Palace Master Lu stopped him. “Please stay and cooperate with the Palace of Light.”

Su Yu's eyes turned sharp. “What's the matter?”

Deputy Palace Master Lu looked at the Divine Deer of light and said, “Please contact the Divine Deer of light again and accept its teachings.”

The elders who were taking care of the Divine Deer of light also looked at Su Yu with eager eyes.

Perhaps they felt that their tone was too harsh, but vice palace master Lu's expression softened. “Don't worry. After this is done, I guarantee that you will receive unimaginable rewards.”

As a member of the Palace of Light, he indeed had the right to say these words.

However, Su Yu knew very well that if he agreed to them, he would probably never be able to leave the palace of light again.

Just as he was thinking about how to escape, a scream that sounded like a pig being slaughtered came from the restricted exit of the dense fog forest.

Instantly, everyone's attention was drawn to it.

They saw the Beast Slave King leading a group of injured savage beasts charging out from the entrance.

He grabbed a person's neck with his hand. It was Starfall.

His other hand held a bone sword and stabbed it into Starfall's thigh, causing Starfall to scream in pain.

**“Vice Palace Master, Save Me Quickly.”**Starfall saw that Vice Palace Master Lu and the others were outside and it was as if he saw hope for survival.

Vice Palace master Lu narrowed his eyes. **“Sinner, put down the emissary of light, or else you'll die even faster!”**

Beast slave king snorted. **“Do you think I'm a three-year-old child? If you don't want him to die, immediately prepare a fast ship for us. Otherwise, even if I die, he won't be able to have a good life!”**

However, whether it was vice palace master Lu or the few elders, they were unmoved.

Instead, they stared at beast slave king with a pitiful gaze.

Before the competition began, the Great Palace Master had warned them that the danger of the competition would increase, and life and death were determined by fate.

Furthermore, Starfall wasn't ranked high among the emissaries of light, and it was highly likely that it wasn't fated to be an eight-star civilization.

Its value wasn't enough to make the Palace of light compromise with a criminal.

**“Get Ready!”**Vice Palace Master Lu raised his hand and released an extremely dangerous domain.

The few elders also surrounded Starfall expressionlessly. They didn't put Starfall's life in their eyes at all.

Starfall's rising heart fell into the pitch-black abyss once again.

**“Vice Palace Master Lu, you can't do this. I don't want to die yet!”**

Vice Palace master Lu said indifferently, **“Starfall, the responsibility of the emissary of light is to contribute to the palace of light! You can go in peace. The Palace of light will take good care of your family.”**

As he said this, deputy palace master Lu did not hesitate to attack and kill Starfall together!

The Beast Slave King was furious. The emissary of light that he had spent so much effort to capture turned out to be a useless piece of trash!

He used his hand as a shield and threw it out.

Starfall only had time to curse before he was killed in body and soul.

The Beast Slave King Roared and the beast pictures on the surface of his body began to roar.

The wounded savage beasts behind him all exploded.

Countless blood vessels spurted out, forming a huge net that instantly sealed off the space within a hundred miles.

The Beast Slave King didn't place all his hopes on the emissary of light, and he also had a backup plan.

This blood formation could suppress them for the time it takes half an incense stick to burn.

Although it wasn't enough to escape from the Palace of light, it was still possible to temporarily escape from this place!

“Damn it! This is... This is the ancient giant tribe's array formation. That Beast Slave King is a descendant of the ancient giant tribe!” An old man recognized this array formation. He was both shocked and afraid.

“Hurry up and chase after him. We can't let him escape back. Otherwise, if we find our companions, Our Palace of light will be in danger!” The few of them worked together and finally broke the array formation after some hard work.

Just as they were about to chase after him, Vice Palace Head Lu noticed that another person was missing.

“Damn it, that human took the opportunity to escape as well! Let's split up and chase after him!” Vice Palace Head Lu was furious. He had truly lost his wife and lost his troops!

Chapter 2304 Crossing The Border (First Watch)

After losing a messenger of light, Su Yu and the descendants of the ancient giant race ran away at the same time.

“Then why did the human race run away?” The elders were surprised.

If ordinary people knew that the palace of light wanted to use them, they would be crazy with wisdom, right?

After hearing this, Vice Palace Master Lu became suspicious and said, “Speaking of which, this person has never passed by his true appearance... could it be that he is not a member of the Palace of Light?”

“Someone, transfer him to the token to enter the Martial Heavenly Palace.”

Soon, someone sent the token over.

There was a “Wang” character on it, indicating that he was a member of the Wang family.

“Wait! I recognize the aura of this token. It’s Wang Jiuyang’s!”Zheng Yuan immediately recognized it and said in shock.

Wang Jiuyang and Zheng Yuan were on good terms. They often went on adventures together. He had seen his identity token many times, so he naturally recognized it at a glance.

“Wang Jiuyang’s?”Deputy Palace Master Lu’s face was filled with anger.

Wang Jiuyang had already been killed. Why would he come here to participate in the competition?

“According to the wanted list at the border, the murderer is most likely a silver-haired human of the nightless Imperial Kingdom!”Another insider provided clues.

Silver-haired human?

Wasn’t that Su Yu?

Instantly, the crowd became excited!

He had killed their emissary of light and even pretended to be someone from the palace of light to swagger into a top-tier grand gathering.

Not only that, he had also single-handedly defeated all the heaven’s favorites of the same generation of the Palace of light, causing the emissary of light to suffer an indelible humiliation!

What was even more outrageous was that he had even obtained the first place in the Chaser Deer Competition!

If word got out that the first place of the Palace of light had been taken by an outsider, and that outsider had even received the teachings of the Divine Deer of light, the palace of light would probably become the laughing stock of the world!

A thick sense of humiliation lingered in everyone’s mind.

“It must have been arranged by the nightless Imperial Kingdom!”

“A scholar can be killed but not humiliated!”

“This is too much! !”

“Let’s kill our way back!”

Tens of thousands of warriors released their anger.

Vice Palace Head Lu was also extremely angry and felt deeply humiliated.

However, she was still relatively calm as she said in a deep voice, “It’s going to be that grand meeting soon. It’s not appropriate to make a big fuss with the nightless Imperial Kingdom. The most important thing now is to capture the silver-haired human race that escaped!”

After appeasing everyone, Vice Palace Head Lu personally led a group of people to chase after Su Yu.

The other few elders chased after Starfall.

The group of experts split into two groups and swiftly began their pursuit!

Speaking of which, Su Yu took advantage of the chaos to escape with Xie Xiaoyue.

After arriving at a safe zone, he split up with Xie Xiaoyue and agreed to meet up at the border of the nightless Imperial Kingdom.

At this moment, Su Yu's target was too big, and Xie Xiaoyue following him was even more dangerous.

He rushed towards the border alone. He even used his spatial domain to perform a spatial jump.

However, he was far behind and was still chasing after a pair of huge wings.

His speed was no less than a spatial jump.

Su Yu frowned. He stopped and stared at the newcomer.

Sou --

The newcomer was naturally Xuan Hua. She retracted her wings and landed thousands of feet away from Su Yu like a White Cloud.

There was a hint of coldness in Su Yu's eyes. If Xuan Hua kept following her and provided her location to the Palace of light at any time, things would not be good.

She had no choice but to capture Xuan Hua first.

"If I have bad intentions, you won't be able to leave the holy city of Light," Xuan Hua said indifferently. Her aura was restrained and she did not have any intention of attacking.

Indeed, Xuan Hua was one of the few people who discovered Su Yu's escape. If she had reminded Vice Palace Master Lu and the others, it would have been difficult for Su Yu to escape.

"So, Xuan Hua's envoy is here to teach you?" Su Yu did not understand Xuan Hua's intentions.

Xuan Hua did not say a word. She took out a reward. It was the reward for second place.

"I think you might need these rewards," Xuan Hua said.

Others might not know, but could Xuan Hua not see that Su Yu was trying every means to become second place?

His goal was obviously the reward for second place, the deer antler of the divine deer of light.

"You need the reward for second place. I need the reward for first place. Maybe we can exchange it," Xuan Hua said the condition that Su Yu couldn't refuse.

Without thinking, Su Yu took out 100 million dao coins and a portion of absolute beginning qi and threw it over.

Xuan Hua was slightly happy. He also threw the deer antler of the divine deer of light over.

The exchange was successful!

Su Yu felt weird. He had never expected that the deer antler would fall into his hands in such a way.

“Thank you.” Su Yu said.

He could tell that Xuan Hua’s reward for first place was fake. Helping him was the real thing.

“Thank you, although it was a little late.” Xuan Hua also expressed his gratitude.

Without Su Yu saving her from the Beast King, the outcome would be unimaginable.

Therefore, she actually came all the way here to express her gratitude.

“Likewise! In that case, I’ll take my leave.” Su Yu prepared to leave.

Xuan Hua said indifferently, “The borders have already been sealed. Where do you want to go?”

This..

Su Yu looked at Xuan Hua and waited for her to continue.

“This is for you. Perhaps you can use it in Tongxin Pass.” Xuan Hua took out a handkerchief. The handkerchief still had the faint scent of Xuan Hua’s body, and there was a pair of mandarin ducks embroidered on it.

However, this was not an ordinary handkerchief. It was a magical treasure for identification.

This was because a faintly discernible “Xuan” character floated between the two Mandarin ducks.

After saying this, Xuan Hua threw the handkerchief at Su Yu and walked away without looking back. Before she left, she said calmly, “If you are caught, don’t say that you have seen me.”

“Of course.” Su Yu smiled and grabbed the handkerchief.

Half a month later.

The entire Palace of light was searching wantonly. There were patrolling soldiers holding Su Yu’s portrait in every city and official road, searching everywhere.

Su Yu had no choice but to set off from a remote route.

Tongxin Pass, which he could have reached in seven or eight days, took him half a month to arrive.

Hiding outside Tongxin Pass, Su Yu took out a handkerchief and thought, who should I give this handkerchief to?

Unexpectedly, just as he took it out, the word “Xuan” on the handkerchief shook rapidly.

Then, a general in armor flew out from Tongxin Pass.

He looked around carefully and with the iron word “Xuan” in his palm, he slowly walked in the direction of Su Yu.

Su Yu’s heart skipped a beat and he quietly stood out.

The general was shocked and stared at Su Yu with suspicion, “You’re not from the Xuan family, are you?”

Su Yu walked out from the shadows and revealed his real face. The general was shocked, “It’s You!”

Strangely, he did not make a move. Instead, he nodded his head, "Miss has already informed me. Put this on and follow me."

As he spoke, he took out a set of soldier armor that he had already prepared and let Su Yu put it on. The other party had already prepared everything!

Su Yu put it on and transformed into a soldier of the Palace of light.

Under the leadership of this general of the Xuan family, he slowly walked into Tongxin Pass.

Inside Tongxin Pass, there was a large military camp with various ranks of officers passing through it.

However, no one doubted Su Yu.

A moment later, he successfully passed through the military camp and stood at the exit of Tongxin Pass.

The general of the Xuan family pointed to a dense forest outside the pass. "There's a fast ship there, enough for you to quickly get away from the border."

Su Yu sighed inwardly. To be honest, Xuan Hua was not very likable. Sometimes she was proud, and sometimes she was ruthless. However, there was also a part of human nature that belonged to her -- repaying kindness with gratitude.

There was no eternal bad person, and there was no absolute good person. It was the same for all living things in the world.

"Thank you." Su Yu cupped his fists and was about to leave when a fast ship suddenly flew over from outside tongxin pass and brushed past Su Yu and Xuan Hua.

Su Yu did not dare to look at them directly. Instead, he glanced at them from the corner of his eyes. Who knew that this glance would cause Su Yu's expression to change slightly.

He had actually seen Bi Yun Hong Xian!

The daughter of the number one aristocratic family of the seven ultimate civilizations!

If she was here, then didn't that mean that the golden-eyed prince was also nearby?

However, why would she rush over from the nightless Imperial Kingdom's territory?

"Who is that person?" Su Yu asked.

However, the general of the Xuan family shook his head warily. "It has nothing to do with you. Don't ask any more questions. Hurry up and leave!"

Su Yu's heart was filled with doubts, and a trace of unease arose in his heart.

The golden-eyed prince was an experienced schemer who was adept at setting up schemes, and he was extremely ambitious.

Wherever he appeared, a bloody storm would definitely be stirred up.

With a trace of unease, Su Yu quickly left and headed towards the agreed location, preparing to meet up with Xie Xiaoyue.

However, when Su Yu arrived, other than the dense traces of battle, there was no trace of Xie Xiaoyue.

“Oh no!” Su Yu looked around.

Xie Xiaoyue had been reported by Golden Pupil, and was already a wanted criminal in the eternal nightless empire. If the people of the Eternal Nightless Empire discovered her, it would be inevitable for them to capture her.

Her Luck was a little too bad!

She had even met people from the Eternal Nightless Empire at the border!

Fortunately, from the traces of a fight, Xie Xiaoyue had not been captured alive. She should have escaped.

After confirming the direction in which they had fled to, Su Yu swiftly chased after them.

Several hours later, they were finally discovered at a certain border of the nightless Imperial Kingdom.

Xie Xiaoyue was currently surrounded by five figures.

Two of the figures surrounded her, while the other three figures held the fort for her.

Looking at the five figures for the first time, Su Yu couldn't help but be stunned.

Wasn't the nightless Imperial Kingdom a little too small? They actually ran into them again!

The man and woman who attacked in the middle were precisely the two people Su Yu had encountered during his first visit to the nightless imperial kingdom.

Su Yu still remembered clearly how unruly and unruly that woman had been.

And those three old men had been secretly protecting her.

In terms of cultivation, even if the two of them joined forces, they wouldn't be a match for Xie Xiaoyue.

However, Xie Xiaoyue's current condition was extremely poor. Not only were there injuries all over her body, but she had also been placed with several restrictions. Her cultivation was suppressed to the level of an Ordinary Dao master, and she couldn't even use her domain.

Other than having an advantage in terms of physique, she was at a disadvantage.

“Haha, this is what makes it interesting!” Princess Qianyue laughed out loud. She really liked the feeling of being crushed.

The ordinary-looking man beside her complimented, “Our luck is pretty good. We actually managed to meet a fugitive!”

Originally, they had intended to come to the border to gain experience and temper themselves through spying.

Who knew that they would see a sneaky woman crossing the border and entering the territory of the eternal nightless Imperial Kingdom from afar? They had mistakenly thought that she was a spy from the Palace of Light and had taken the initiative to attack her.

Who would have thought that she was actually the pirate leader who had escaped a while ago!

This made the two of them extremely happy!

With the help of the three guardian elders, not only had they injured Xie Xiaoyue, they had also sealed her cultivation and domain, treating her as a test subject for actual combat.

Chapter 2305 Indestructible Soul Realm

Xie Xiaoyue, on the other hand, was struggling and complaining incessantly.

If a person was unlucky, even drinking cold water would fill the gaps between their teeth!

She had never encountered anything good since she came to the glazed tile civilization!

First, she was captured into the misty forest as prey, and then she was rescued by Su Yu with great difficulty. Now, she was captured and used as a training object!

The cultivation levels of the two people in front of her were not even worth mentioning. However, the immortal embryos and various talisman papers on their bodies were endless. To her, whose cultivation and domain had been sealed, they could cause a considerable amount of pain.

What made her even more aggrieved and painful was that if she only parried, it would be fine.

If she dared to fight back against the two people, the three old guys who were holding the line would definitely hit her hard!

She was completely reduced to a living target, suffering unspeakably.

Seeing that the unruly and willful woman's attacks were getting heavier and heavier, Xie Xiaoyue could not bear it anymore. She slightly used her strong physique to block the sword that was coming at her.

The immortal embryo was immediately smashed away by Xie Xiaoyue's arm, and coincidentally, it bounced onto the woman's face.

The woman was caught off guard. She was smashed by her own sword until her nose and mouth were covered in blood. She squatted on the ground in pain.

The three old men immediately pounced on her. One of them protected the woman, while the other two kicked Xie Xiaoyue away like she was a scarecrow.

Xie Xiaoyue rolled in the air for a few weeks. She clutched her abdomen and groaned in pain. Beads of sweat covered her pale forehead.

She looked extremely pained.

"Kill her for me!" The woman seemed to feel extremely humiliated. She flew into a rage out of humiliation and said in a sharp and ear-piercing tone.

The two old men were not hesitant at all. They were ready to kill her on the spot.

Su Yu saw this and shook his head secretly. That unruly woman was really as annoying as ever.

Shua --

Xie Xiaoyue was in trouble, so he naturally had no reason to stand by and watch.

A long sword Fox swept across the sky, causing the two elders who were preparing to kill to immediately turn around with vigilance.

Together with the other elder, the three family head level experts attacked at the same time and blocked this sword fox outside.

“How Dare You Ambush Us!”The unruly woman glared at the approaching human and shouted angrily.

Su Yu’s eyes were indifferent. Without saying anything, his right arm transformed into a dragon claw and slapped across the air.

Immediately, a power that shocked the three clan masters and elders swept over with an intense whirlwind.

The three of them worked together to dissipate this power. Their eyes were filled with shock.

Just the power of a single punch was enough to completely crush any one of them.

If they really fought, the three of them would die in just a few rounds.

An expert!

The human in front of them was definitely a top expert!

“Scram!”Su Yu scolded coldly.

The unruly woman raised her eyebrows as she placed her hands on her waist. “Impudent, do you know who I am? I Am... Wu Wu...”

The three old men hurriedly covered her mouth and quickly took her and the young man away.

If the woman did not know, how could they not know how powerful Su Yu was?

If they really angered the other party, they would all die without outside help!

The group of people fled in a panic.

Su Yu came to Xie Xiaoyue and untied the restriction on her body.

Only then did Xie Xiaoyue immediately mobilize the power of the DAO Master in her body to recover from her injuries. The various pains on her body were thus alleviated.

“My strength is still too weak.”Xie Xiaoyue was ashamed and did not have the face to look straight into Su Yu’s eyes.

She had actually been saved by Su Yu once again!

Su Yu stroked his chin. “With your realm, would it be very difficult to increase your strength again?”

“Yes, other than increasing your cultivation, the only other way is to increase the power of your domain.” Xie Xiaoyue sighed helplessly.

Her strength could be considered top-notch in the seven ultimate civilization, but it was only mediocre in the glaze civilization.

“I can’t help you with the cultivation of a dao master for the time being, but I can help you with your domain.” Su Yu casually took out a jug of absolute beginning qi.

Seeing this, Xie Xiaoyue was shocked. “Absolute beginning Qi? You... Where did you get it? This is a rare treasure!”

“Just use it well.” Su Yu handed it over casually.

Xie Xiaoyue was surprised and happy, but her mood was very complicated. She was silent for a while and seemed to have made up her mind. She let out a long sigh, “I don’t know if I can repay you for saving my life twice! Just tell me what you want me to do in the future. My people are already yours!”

She spoke very casually, but the veins on Su Yu’s forehead were throbbing. “Don’t say things that cause misunderstandings.”

Xie Xiaoyue was stunned. She had just noticed the ambiguity in her words and said mischievously, “I didn’t say anything wrong. I’m serious. I’m already yours. You can do whatever you want to me.”

As she spoke, she took off her clothes.

Su Yu was both angry and amused. “Don’t be silly. Let’s return to the Imperial City of the Eternal Nightless Empire. Looking at the time, that banquet should be about right.”

After some thought, Su Yu took out two invitation cards and passed the old priest’s invitation card to Xie Xiaoyue. “It just so happens that there are two... eh...”

Suddenly, Su Yu noticed that the old priest’s invitation card had an additional trace of holiness.

This aura was exactly the same as the divine deer of Light’s aura.

He had always been wondering why the divine deer of light would pick him out of all people, and why it had even taken the initiative to pass down its teachings.

Looking at the invitation, Su Yu had an uncertain guess.

Could it be that the holy deer of light mistook Su Yu for someone else because it sensed the invitation?

“Who is that old Taoist?” Su Yu asked in puzzlement.

The Holy Deer of light was an existence that had survived for almost half an era. It had existed since the first palace master of the Palace of Light, and its origin had always been a mystery.

If the Holy Deer of light could react to the old Taoist’s invitation, then who could the old Taoist be?

“Before we go back, we’ll go to a place on the way,” said Su Yu.

Several days later

On the Snowy Peak, Su Yu and Xie Xiaoyue stood side by side.

“What are you doing here? It’s deserted.” Xie Xiaoyue looked at the empty snowy peak.

However, Su Yu was surprised.

Where was the Taoist temple?

Where was the old Taoist priest?

There was nothing on the snow peak!

Even if the Taoist temple was moved away, there shouldn’t be no trace of it. However, the fact was that there was really nothing, not even a trace of dust.

Judging from the scene, it didn’t seem like there were any traces of the Taoist temple being built.

For a while, Su Yu wondered if he had gone to the wrong place.

However, there couldn’t be a mistake. This was exactly where the Taoist temple was!

“Could it be that all of that was a dream of mine?” Su Yu couldn’t help but doubt himself, but the real invitation in his hand and the incomparably clear memories told him that it was definitely not a dream!

Why would a person die?

Su Yu recalled the old Daoist’s question in his mind, and his heart was inexplicably curious. Who exactly was that old Daoist?

With an unsolvable doubt in his mind, Su Yu returned to the Imperial City of the Eternal Nightless Imperial Kingdom.

It just so happened that the banquet would begin in a few days.

After the banquet was over, he would focus on finding the fixed astrolabe.

He had already expected that the fixed astrolabe might not be easy to find, and it would be best to strengthen his own cultivation.

Su Yu immediately decided to enter closed door cultivation, digest the deer antler of the divine deer of light, and complete the Dao of the soul.

“Go into seclusion with peace of mind. I’ll protect you,” Xie Xiaoyue said.

With her around, Su Yu felt much more at ease. After setting up a restriction on the spot, he began his soul dao transformation.

He first mixed the deer antlers and some accessories into a kind of snow-white spiritual liquid.

After swallowing it, an incomparably gentle power entered his body and continuously seeped into his soul.

That comfortable feeling caused Su Yu to be unable to help but let out a few comfortable moans.

Under the nourishment of the snow-white spiritual liquid, 90% of his soul that had undergone the dao transformation was rapidly undergoing the dao transformation.

One after another, golden specks of light expanded at a speed visible to the naked eye.

Two days later, his soul was completely covered in golden light.

Su Yu also had a feeling that his soul was expanding. His soul had already reached the limit of the dao transformation and was about to complete the final dao transformation and become a dao transformation soul.

His heart moved and he was about to turn his soul into Dao, but suddenly, the green stone tablet in his arms spun out without any warning and stuck in his soul, obstructing the dao transformation of his soul.

A vast, nothingness and mighty voice reverberated in his mind, "The sixth level of the son of Heaven's aura-gazing technique, I will only say it once. Listen carefully."

Su Yu's heart was shocked!

Ever since he cultivated to the fifth level, the cultivation technique for the sixth level no longer appeared on the green stone tablet. Instead, it replaced the great void Mystic Palace inside.

After so long, Su Yu no longer had any hope for the sixth level. Who knew that it would suddenly appear!

Furthermore, it was personally taught by the great void Mystic Master who had not appeared for a long time.

"The sixth level is passed down orally. The cultivation technique is as follows..."

No wonder the green stone tablet did not appear. It turned out that the sixth level was passed down orally and not by words!

Su Yu's mind was unprecedentedly focused as he memorized the sixth level spell without missing a single word.

An hour later, his eyes shone brightly.

This was the sixth level of the son of Heaven's aura-gazing technique... The Indestructible Soul Realm!

Upon reaching this realm, one's soul would be indestructible, comparable to a dao artifact. Not only would one's defense be extremely strong, one could even use it as a weapon to destroy the enemy.

Thinking about it, if the enemy's soul wasn't strong enough, wouldn't Su Yu be able to gain the upper hand by using his soul to fight?

However, this realm was divided into three levels: upper, middle, and lower.

Every successful level required an extremely large number of souls.

The reason why this technique appeared at this moment was because his soul had finally reached the verge of Dao transformation, barely reaching the level of cultivating the Immortal Soul Realm

“A large number of souls?” Su Yu’s heart moved as he entered the soul space.

He had imprisoned many souls.

The Emperor of Heaven and Earth, the half-step Dao Master, the Dao Master, the human demon, and even the second clone of the Carefree Emperor had souls!

There were close to a hundred of them!

The total number of their souls was probably even more than the emperor of the Eternal Nightless Empire and the Great Palace Master of the Palace of Light.

“I’ll give it a try and see which level I can reach!” Su Yu thought to himself as he closed his eyes and activated the “Son of Heaven’s aura-gazing technique”.

From the beginning, Su Yu took out the soul of a heaven and earth emperor and crushed it. The soul turned into a piece of soul fluorescence and started to revolve around Su Yu’s soul along the route of the ‘son of Heaven’s aura-gazing technique’.

“It’s too little.” Su Yu clearly felt that his cultivation was sluggish, which meant that he had absorbed too little soul energy.

Then, he crushed ten heaven and Earth Emperor’s souls in a row before he could barely start to operate it.

However, after circulating the technique for a short period of time, he started to feel sluggish again.

He didn’t dare to stop at all. He crushed thirty half-step dao master souls and started to circulate the technique again.

Just like that, he continued to pour in higher-level souls to ensure that the technique continued to circulate.

Many of the souls in the soul space felt threatened and started to struggle.

Among them, the soul that struggled the most was the soul of the second clone of the carefree emperor.

He roared ferociously and used all his strength to attack the soul space.

So much so that the outline of a small person could be seen between Su Yu’s eyebrows, as if it was going to come out from between his eyebrows.

Chapter 2306 Attending The Banque

“Su Yu, if you touch me, I will make sure you beg for Death!” The soul of the carefree son of Heaven roared.

The Roar penetrated through the soul space and went deep into Su Yu’s soul, causing his soul that was about to be converted to Dao to tremble continuously as if it was about to collapse.

Even after being suppressed for so long, the soul of the carefree son of Heaven was still so powerful!

At that time, Su Yu had only successfully suppressed him in his mortal body state.

Now, he might not be able to do anything to him!

No matter how hard he struggled, Su Yu remained true to his heart. He methodically crushed the soul in his soul space, allowing the son of Heaven's qi-gazing technique to proceed smoothly.

Time passed bit by bit.

Three days later.

The son of Heaven's qi-gazing technique had already completed four great circulations in his body.

However, there were not many souls left in his soul space.

There were only two or Three Dao master souls, human and Demon Souls, and the soul split of the carefree son of heaven.

“In order to complete one of the nine great cycles, he absorbed so much soul power, but he hasn't even reached half of it.” Su Yu was amazed.

At first, he was still able to break through to the middle rank of the Undying Soul Realm in one go.

Now, it seemed that he might not even be able to succeed at the low rank.

If he failed, all his previous efforts would fail.

If he wanted to find that soul again, he would need an extremely long time to wait!

Gritting his teeth, Su Yu crushed the souls of a few dao masters and used their souls to perform his cultivation.

However, the later the cultivation, the more difficult it became. Their soul power only lasted for half a week!

Seeing that the cultivation was about to stop, Su Yu had no choice but to crush the soul of the demi-human.

The soul power of the demi-human was quite strong, comparable to several dao master level souls. Immediately, the cultivation that was about to stop started again, and continued for half a week.

Now, only the soul of the carefree emperor was left in the soul space.

However, the cultivation only lasted for five weeks, and there were still four weeks left.

He could only attack the soul of the carefree emperor!

Su Yu tried to break the carefree emperor's soul with his soul space, but his soul was as hard as iron. No matter how hard he tried, his soul was not harmed at all.

On the contrary, he managed to injure the soul space even a little while he was struggling desperately.

“Mortal saintly being, it's still too early for you to destroy me! Unless you activate the mortal saintly being again, or else...” the carefree emperor sneered.

Su Yu's expression became serious. He saw that his cultivation was getting slower and slower, and was about to stop completely.

Suddenly, carefree emperor let out a shrill scream. His entire body started to roll his eyes, and his entire soul melted into soul fragments at an extremely fast speed.

“Ah! What did you do? Stop it, stop it!” Carefree Emperor’s split soul roared in extreme fear.

Su Yu was stunned, he did not do anything!

“The son of Heaven’s aura-gazing technique, this... This is the divine technique of the Great Void Celestial Master! Impossible, the great void Celestial Master died in the previous era...”

Su Yu’s heart shook, it was the Great Void Celestial Master!

It was also the son of Heaven’s aura-gazing technique, but when the great void Celestial Master used it personally, the power was too terrifying.

He could not do anything to the Carefree Heaven’s soul avatar, but it was directly melted by the great void Celestial Master!

Especially now, the great void Celestial Master should only be a remnant soul, yet he had such terrifying power!

It was hard to imagine how powerful the great void Celestial Master was in his prime in the previous era!

Perhaps, he would be at the same level as Ren Zu!

“No! I don’t want to die yet! I’ve cultivated for tens of millions of years, and I’ll be able to get rid of my main body soon. I don’t want to die yet!” The unfettered son of Heaven’s split soul let out an unusually unwilling roar.

However, what awaited him was ashes.

After a moment, his form completely collapsed and turned into an endless amount of soul fluorescence.

“Hurry Up!” The voice of the great void Celestial Master was heard.

Su Yu was shocked and said gratefully, “Thank you for your help, Great Void Celestial Master!”

He immediately gathered his thoughts and infused the soul energy of the carefree emperor into the cultivation path. Instantly, the cultivation speed increased by several times!

A feeling of soul swelling that was about to overflow from his body filled his soul.

“What a thick soul energy. It’s almost close to the one hundred souls from before!” Su Yu was secretly amazed.

This was only the second clone of the Carefree Heaven and earth. If it was the first clone, wouldn’t it be even stronger? How powerful was his original body?

Thinking of this, Su Yu suddenly felt a sense of danger. He closed his eyes tightly and tried his best to attack.

Two days later.

All of his soul was exhausted, and Su Yu could barely complete nine circulations of the great heavenly cycle.

His Immortal Soul Realm had reached the lower level!

Su Yu's heart moved, and his soul left his body.

He looked at his body, and they were exactly the same. There was no way to tell which was the soul body and which was the physical body.

Then, Su Yu tried to punch out, and the hundreds of snow mountains in the direction of his fist were smashed into pieces through the air.

One could imagine how tough his soul was. It had already surpassed the Master Level Dao Master and was close to the level of Xia Yi'an.

Su Yu's body and soul were completely in sync!

After his soul returned to his body, Su Yu's eyes were filled with excitement. His soul and body would definitely be of great use!

After he finished cultivating, he calculated the time. Tonight should be the banquet.

Su Yu came out of closed-door cultivation and had a simple discussion with Xie Xiaoyue. Then, he disguised himself and went out to the banquet location indicated on the invitation.

Upon arriving there, Su Yu and Xie Xiaoyue were both slightly stunned.

The location of the banquet was actually Princess Qianyue's residence!

Su Yu had vaguely heard of the name of Princess Qianyue.

It was said that the monarch of the nightless imperial kingdom had two sons, one male and one female.

Prince Lingtian's talent wasn't bad, and he was also a tactful and steady person. He was decisive and capable, and was a rather good candidate to inherit the throne.

However, the emperor's favorite was Princess Qian Yue!

It was rumored that this princess had average talent and a bad personality. She was unruly and willful, but the emperor doted on her very much.

This banquet involved an eight-star civilization conference. For such an important banquet to be held in Princess Qian Yue's residence, it could be seen that the emperor doted on her to an extreme extent.

"This Princess Qianyue is so lucky." Xie Xiaoyue sighed.

Su Yu shrugged. "I think it's a disaster, not a blessing."

"How do you know?"

“With a nearly perfect royal brother in the past, this princess who relies on the emperor’s protection may be able to have everything she wants now, but one day when the emperor dies, she won’t be able to live for long.”

Xie Xiaoyue agreed. “After all, strength is the king of the world. She’s too weak and will be eliminated sooner or later. This is the trend of the times.”

Nodding, Su Yu went forward and took out the invitation card, handing it to the banquet gatekeeper to examine.

The slightly different thing was that when Xie Xiaoyue took out the invitation card, the gatekeeper’s expression was still quite calm.

But when he saw Su Yu’s golden invitation card, a strong sense of respect appeared on his face, and he even nodded at Su Yu.

“That blue-robed middle-aged man is indeed extraordinary?” Su Yu thought to himself.

“Esteemed guests, we reject all disguises for this banquet. Please go and put on your disguises.” After inspecting them, an old man glanced at their disguises and said with a warm smile.

Su Yu frowned slightly. He didn’t think much of it. He had never committed any crimes in the eternal nightless empire, so there shouldn’t be anything wrong.

However, Xie Xiaoyue was already wanted by the nightless imperial kingdom after being exposed by the Golden Pupil Langjun.

It would be troublesome for her to appear in public at such an important occasion, right?

Su Yu secretly transmitted his voice to Xie Xiaoyue, “Don’t accommodate yourself. This banquet should be mainly for discussion. It’s the same for me to pass on the contents to you after the event.”

However, Xie Xiaoyue mysteriously glanced at Su Yu, “I definitely want to go?”

“Okay!” Xie Xiaoyue said to the examiner straightforwardly. Then, she took off the mask on her face and revealed a delicate and young girl’s face.

Her eyebrows were like mountains, her eyes were as bright as the moon, her nose and lips were like cherry, and her teeth were like snow.

Her beautiful outline drew a stunning arc in the air.

At first glance, Su Yu couldn’t help but be stunned.

In the past, Xie Xiaoyue could only be described as beautiful, but she was close to thirty years old and lacked the youth of a young girl.

But in front of her was the appearance of a young and beautiful girl.

And her appearance was indeed extremely beautiful. It was even far superior to that of Bi Yun Hong Xian and Xue Meng Fei Yu.

Su Yu was stunned for a moment before he recovered. He secretly rebuked, "I'm afraid that your disguising technique won't be able to hide from their intentional inspection."

No matter how good a disguising technique was, it would be maintained by a cultivation technique or a magical treasure.

If no one investigated it carefully, it might still be difficult to see through it.

But if one wanted to investigate, there was always a trace to be followed.

However, what puzzled Su Yu was that after a few gatekeepers examined it, they nodded and said, "Remove all the disguises and allow entry."

This was possible?

Xie Xiaoyue still had a trick up her sleeve after all. She was actually very proficient in disguises that could be examined in person!

Shaking his head in amusement, Su Yu accepted the inspection of a few elders and was naturally easily allowed to enter.

The two of them entered. One was as handsome as a fairy while the other was astonishingly beautiful. Entering side by side naturally attracted many gazes.

Eighty-one tables were placed at the banquet venue.

Each table could seat two people.

The middle and front tables were basically occupied by those who came first. Only a few tables at the corners were left unoccupied.

"This fairy, why don't you sit with me?" A rather handsome young man walked over with a smile.

Xie Xiaoyue shook her head slightly, and then quietly put her arm around Su Yu's arm, indicating that she was Su Yu's partner and not to be disturbed.

The handsome man glanced sideways at Su Yu, sized him up, and then shook his head slightly, sighing, "A flower is thrown into a pile of cow dung!"

With that, he returned to his seat, and several young men and women who were watching the show around him all laughed.

"Even young master Yao Yue has his moments of misstep?"

"Hehe, I told you that the relationship between the two of them wasn't ordinary. If you don't believe me, you must be embarrassed, right?"

"I think it's because that man is too handsome that he overshadowed young master Yao Yue's glory."

..

The young man named Young Master Yao Yue.., he sneered and said, "What right does he have to overpower me?" In this world, strength is everything. How can a half-step dao master like him be

compared to me? “That girl is still young and inexperienced. When she understands the cruelty of this world in the future, she will know how wrong her choice was.”

The crowd burst into laughter once again.

They were a group of young men and women. They were one of the few young people present. They were laughing and joking loudly in such a solemn place. The middle-aged and old people who had status and power around them were all looking at them with tolerant eyes and smiling, they didn't have any intention of complaining.

Su Yu saw it and knew that their status shouldn't be ordinary.

Chapter 2307 His Majesty The King

“Let's go to a quiet corner.” Xie Xiaoyue pulled Su Yu to the most remote table in the lower right corner.

Su Yu pulled his hand away as if nothing had happened and said snappily, “Don't look for me for such things in the future. I'll be looked down upon for no reason.”

He was fine, but he was looked down upon by young master Yao Yue as “Cow dung”. It was all thanks to Xie Xiaoyue.

“Hehe, it feels so good to be clung onto by a great beauty. Look at how many people are throwing envious and jealous gazes at you.” Xie Xiao Yue rested her chin on her hands, her bright eyes smiling into a pair of crescent moons.

“I'd rather no one look at me.” Su Yu said indifferently.

As he was speaking, Su Yu suddenly felt a gaze staring at him, and when he turned his head to look, his heart couldn't help but tighten!

At the entrance of the banquet, a man and a woman stood shoulder to shoulder.

The man was the Prince of the nightless Imperial Kingdom, Ling Tian, and his bearing was radiant.

He smiled as he scanned the surroundings, not paying any attention to Su Yu.

However, the dreamy-faced woman in snow-white clothes beside him had a pair of sharp and deep eyes as she stared fixedly at Su Yu.

Heartless Iron Constable!

Su Yu silently cursed in his heart. This Western region was really too small!

He was able to meet heartless constable in such a manner!

However, there wasn't the slightest bit of surprise in Heartless Constable's eyes. It was as if he knew that Su Yu had already arrived at the glazed tile civilization.

“Heartless constable, let's go to the first-class seats.” There was a vacancy in the table at the very front that was specially reserved for Prince Ling Tian.

“No, please do as you wish, Prince Ling Tian.” Heartless constable said indifferently. He then walked over to the table beside Su Yu and sat down. He

didn't say anything and looked straight ahead. He didn't have any intention of talking to Su Yu.

Su Yu rubbed his nose guiltily.

In the entire scene, constable heartless iron should be the only one who knew that Su Yu was from the Pirate Alliance, right?

If she were to expose him in public, Su Yu would probably end up like Xie Xiao Yue.

“Oh, the old lover that you let go of back then is here. Be careful.” Xie Xiao Yue, who had completely changed her appearance and was not afraid of being recognized, gloated.

She had always suspected how the heartless criminal constable had escaped back then.

Later on, she thought a few times that Su Yu must have done it on purpose.

He was not a lecherous person, but he had deliberately revealed an impatient lecherous look to the heartless criminal constable. It was highly likely that he had taken the opportunity to let her go.

Su Yu rolled his eyes at her. What did she mean by ‘old lover’?

Nothing had happened between them!

However, Su Yu did not understand the intentions of the heartless criminal constable. She sat beside him without saying a word and did not expose him!

What was she trying to do?

Prince Ling Tian was slightly surprised. How did the heartless criminal constable end up in such a remote corner?

Looking at Su Yu, Prince Ling Tian was confused. Did they know each other?

After checking Su Yu's cultivation, Prince Ling Tian shook his head again. With a smile on his face, he gave up the front row seat and sat beside the heartless criminal constable. He chatted with him patiently and warmly.

Constable heartless would answer at times and not at times, appearing to be disinterested.

However, his gaze would occasionally drift toward Su Yu, and there was a hint of curiosity and contemplation in his eyes.

When Prince Ling Tian noticed this scene, he could not help but be surprised. Constable heartless really knew that half-step dao master human?

That was impossible, right?

What kind of existence was constable heartless? He should have at least befriended a seven-star civilization master, right?

There shouldn't be any interaction between her and this human.

“The princess has arrived!” At this moment, the doorman shouted loudly.

Hearing this, a trace of undetectable disgust flashed in the depths of Prince Ling Tian's eyes.

What arrogance!

As a prince, he had come from afar, yet there was no doorman to report the gifts.

Princess Qian Yue had arrived so late at his own residence, yet she had specially ordered someone to report the gifts!

As a prince of the eternal nightless Imperial Kingdom, Prince Ling Tian was extremely exhausted. He did not understand why his father would favor this useless imperial sister of his despite him working so hard.

Under the gazes of everyone present, Princess Qian Yue appeared on stage in her luxurious clothes under the guidance of several maids.

Su Yu and Xie Xiao Yue were also very curious about this famous Princess Qian Yue, so they cast curious gazes at her.

Who knew that when they took a look, both of them were stunned.

Wasn't that woman precisely the unruly woman who had taken Xie Xiaoyue as a test subject at the border?

Moreover, when Su Yu had first entered the darknight imperial kingdom, he had even met her once.

“She's Princess Qianyue?” Su Yu and Xie Xiaoyue cried out in a low voice.

Although their voices were very low, they still attracted the attention of the heartless stewards. She turned her gaze over and said indifferently, “So you two know the princess. Do you need me to call her over to get acquainted with you two?”

Su Yu hurriedly waved his hand. He could not wait to hide. How would he dare to get to know her face to face?

With Princess Qianyue's unruly and willful nature, she would probably lock Su Yu up on the spot!

Unfortunately, things did not go as planned!

After Princess Qianyue arrived, she first looked at Prince Ling Tian's seat. The result was that there was no one there, causing her to be very disappointed.

It was still the maidservant beside her who sent her a voice transmission and pointed at Prince Ling Tian in the corner.

Princess Qian Yue looked over and her eyes lit up. Her face was filled with joy as she flew over with a smile and said in a sweet voice, “Royal Brother.”

Prince Ling Tian's heart was filled with complicated emotions. He was envious and jealous of Princess Qian Yue, but he could not hate her.

This was because Princess Qian Yue was extremely attached to this royal brother of his. Every time her father gave her something good, he would share it with her.

“You're here,” Prince Ling Tian said helplessly.

Princess Qianyue asked, “Why is royal brother sitting here? Isn't there a seat for you in front?”

“This place is enough,” Prince Ling Tian said.

Princess Qianyue glanced at the heartless iron constable who was sitting with Prince Ling Tian. She did not hide her annoyance at all, and her eyebrows were raised.

Ever since the heartless iron constable arrived in the Eternal Night Empire, Prince Ling Tian had been accompanying this woman all day long. It was said that they even cultivated together, and their relationship was very close.

What made Princess Qian Yue the most displeased was that it was said that her royal brother had one-sided good intentions, but that woman was extremely unreasonable and had never taken the initiative to do anything to her royal brother.

This made Princess Qian Yue very indignant, and she felt a sense of loss as though her brother had been snatched away.

Seeing Prince Ling Tian abandon his own seat and specially come to this corner to accompany this woman, jealousy arose in her heart.

“You, move aside. This princess wants to sit here!” Princess Qianyue pointed at the Heartless Constable and ordered him to move aside.

The heartless constable was expressionless and stood up without saying a word. However, she did not walk far and sat next to Su Yu. She said indifferently, “Squeeze in.”

Three people were squeezed out of the table that the two of them were sitting on!

Xie Xiaoyue was immediately unhappy. wasn't this heartless constable talking to himself too much?

However, she didn't dare to make any noise in front of Princess Qianyue. She could only move to the side to make some space.

Su Yu lowered his head and moved to the side, secretly marveling at the cunning of the heartless iron constable.

She must have noticed that Su Yu and Princess Qianyue weren't on good terms. She must have guessed that he didn't dare to make any noise, so she forcefully squeezed her way over.

Other than silently moving aside, what else could Su Yu do?

With that, the three of them barely managed to squeeze in.

However, Princess Qianyue was very dissatisfied.

Her original intention was to keep constable heartless away from her royal brother, but she actually squeezed into the seat next to him.

She did not dare to vent her anger on someone like constable heartless, so she could only vent her anger on Su Yu and Xie Xiaoyue. “Do the two of you have any backbone? You gave way without saying a word...”

As she was speaking, Princess Qianyue suddenly stared at Su Yu, feeling that he looked exceptionally familiar.

“You, raise your head!” Princess Qianyu ordered.

Su Yu thought that he was unlucky. He thought that he could avoid it, but it seemed that he couldn't!

Since things had come to this, Su Yu could only raise his head and reveal his face.

“It's really you!” Princess Qianyu screamed loudly, her face filled with rage.

At the border, after she was chased away by Su Yu, she was filled with frustration.

As a princess, she could do whatever she wanted, but that silver-haired human had left her in the lurch a few months ago. Now, he was interfering with her training.

How could she tolerate this?

After that, she ordered people to investigate and found that Su Yu had very little information. It was very difficult to find him.

Never in her wildest dreams did she expect that Su Yu, who she couldn't find no matter how hard she tried, would show up at the banquet held in her mansion!

Su Yu smiled embarrassedly. “Oh, princess, it's been a long time.”

Princess Qianyu was so angry that she laughed. “Men, arrest him!”

As expected, the moment this unruly and willful princess discovered him, she immediately ordered people to arrest him.

Prince Ling Tian frowned slightly and stopped her. “Royal sister, Please Wait!”

Princess Qianyu said angrily, “Royal brother, you don't know how detestable this person is. He always bullies me!”

The corner of Prince Ling Tian's mouth twitched. Even with his sister's temper, if he didn't go along with her, that would mean that he was bullying her.

“Listen to me!” Prince Ling Tian was still calm and rational. “He was invited here for a reason, so he can't be rash.”

This banquet wasn't ordinary, and not just any Tom, Dick, and Harry could attend.

Those who were able to come here were all special people who had the permission of the imperial family and had a certain level of expertise in all aspects.

To put it bluntly, all of them were the future pillars of the nightless imperial kingdom. How could they be captured so easily?

“Imperial brother, this person is really too detestable. I must capture him.” Princess Qianyu had made up her mind and her attitude was extremely resolute!

Prince Ling Tian's repeated attempts to persuade her were futile and he had no choice but to give up.

He thought to himself, Su Yu's strength is too weak and he shouldn't be an extremely important person. So be it if I give up.

At this moment, the boy's voice came from outside the door, "His Majesty the King has arrived!"

Instantly, everyone stood up and respectfully faced the entrance. They slightly lowered their heads to express their respect.

"Everyone, please excuse me." A warm voice entered everyone's ears, making them feel extremely relaxed.

Su Yu was slightly stunned. This voice seemed somewhat familiar!

He raised his head and couldn't help but be stunned.

Wasn't this the blue-robed middle-aged man who had given him the invitation?

He was actually the emperor of the nightless Imperial Kingdom?

"Imperial Father!" Princess Qianyue threw herself into the emperor's embrace coquettishly and said aggrievedly, "Someone is bullying me, imperial father has to stand up for me!"

The emperor was a little helpless. Under such circumstances, anyone with even the slightest sense of judgement wouldn't spoil the atmosphere.

But she was his most beloved daughter!

"Oh? Who Is It?" The monarch asked.

Princess Qianyue pointed angrily at Su Yu, "It's him! Last time he bullied me, and now he's bullying me again. He's very detestable. Father, please stand up for me!"

The monarch followed her gaze and looked over. His originally dignified eyes were filled with a hint of joy. He quickly stepped forward and smiled, "Little Fellow Daoist, you're here as expected! I'm very pleased!"

Once these words were said, the entire place was silent and stunned!

Eight o'clock in the evening, above the third watch.

Chapter 2308 The Cursed Lands

The Emperor knows Su Yu?

Princess Qianyue's eyes widened. How could her father, who usually kept to himself, know a junior with an unknown background?

Furthermore, wasn't his father's attitude a little too abnormal?

How could he have the majesty and demeanor of the Emperor of the Eternal Nightless Empire Now?

He must have completely treated Su Yu as an important guest?

Prince Ling Tian's eyes shone with a bright light as disbelief appeared in his eyes. This unremarkable human actually knew his imperial father?

To be more precise, his imperial father was very happy with his arrival!

Moreover, even the heartless iron constable had a slightly different attitude towards him.

Just who was this human?

Su Yu recovered from his shock and returned the greeting in a neither servile nor overbearing manner. "Many thanks for the invitation, Your Majesty."

"Haha, What Are You talking about? You've graced this banquet with your presence,"the monarch boasted again and again.

His words had indeed attracted a lot of surprise, but more than that, it had attracted suspicion and jealousy.

The elders who were mature and prudent were still fine, but the young people in the middle were rather unconvinced.

Even the monarch had never praised them like this, so why should such a compliment fall on a nameless half-step dao master.

"Young master Yao Yue, have you heard of this person? It's really unbelievable! The emperor actually treated him like that!"

"I don't know him!"Young master Yao Yue looked at Su Yu with a much colder gaze. "I guess he's most likely very special."

Although this statement was a bit far-fetched, it was barely passable.

The glaze civilization was filled with crouching tigers and hidden dragons, and it was possible that a super powerful successor would jump out.

"I see. Relying on his identity and background is really nothing!"

"That's right! The most important thing to establish oneself in this world is one's own ability. A person like him who relies on his background can only flaunt his might for a moment, not for the rest of his life!"

..

They made wild guesses and belittled him without knowing the truth. It was really against their identity.

Su Yu felt helpless. Even without looking, he knew that the emperor's words had drawn a lot of hatred towards him.

"The imperial army is too kind,"Su Yu said indifferently.

He was concise and did not want to talk too much.

However, the emperor did not seem to understand what Su Yu meant. Not only did he not end the conversation, he even invited Prince Ling Tian and Princess Qian Yue. He smiled and said, "Little Friend, let me introduce you. These two are my son and my beloved daughter."

He then introduced them, "This is..."

He still did not know what Su Yu's name was.

"You can just call me Su Yu," Su Yu said calmly.

"This is young noble Su. Haven't you guys met him?" The emperor asked.

Although Prince Ling Tian was full of doubts, he did not reveal anything on the surface. Instead, he cupped his hands enthusiastically and said, "So it's young noble Su. It's a pleasure to meet you! After the banquet ends, come to my residence if you have the time. I will definitely treat you well."

On the other hand, Princess Qian Yue's almond-shaped eyes widened as she said angrily, "Father, why aren't you helping me! This fellow is really too much of a bully..."

Who would have thought that the monarch who always sided with Princess Qian Yue., however, he criticized her in a rare manner, "Qian Yue, don't mess around! I saw the scene back then. Young noble Su saved your life and not only did you not feel grateful, you even insulted him. Now, you are even threatening to take revenge! This is really unseemly!"

Being criticized by her father in public, Princess Qianyue was so aggrieved that she cried, "Father doesn't like me anymore, SOB SOB SOB..."

"HMPH! Go back and reflect on yourself. Don't embarrass yourself here!" Seeing that she did not repent and instead became even more severe, the emperor scolded her harshly.

Seeing this, Prince Ling Tian was extremely shocked.

What was going on?

His father's favoritism towards Princess Qianyue was close to spoiling her.

From a young age, no matter how big of a mistake Princess Qianyue had made, it was always turning a big issue into a small one. It had never been triggered.

Now, Princess Qianyue was only acting coquettishly and did not want to admit her mistakes. Why was he punishing her?

Prince Ling Tian stared at Su Yu, his eyes flickering with emotions.

This human definitely had something that his imperial father highly valued!

Only Su Yu understood that he must have secretly used his spatial domain to be discovered by him and intentionally tried to recruit him.

To be honest, if he had known earlier that the blue-robed middle-aged man was the monarch of the nightless imperial kingdom, he would not have attended this banquet no matter what.

He really did not wish to be embroiled in the whirlpool of a large power.

"What, reflect on yourself while facing the wall?" Princess Qianyue's eyes were wide open as she stared at the monarch in disbelief.

He was actually punishing her for an outsider!

Did He make a mistake?

“Why aren’t you going?”The monarch berated.

When his trusted aide saw that the monarch was truly enraged, he immediately grabbed the princess and left.

The noisy scene finally quieted down completely.

Many experienced guests looked at Su Yu with completely different gazes.

This person was definitely not an ordinary person!

Xie Xiaoyue looked at Su Yu with a face full of suspicion. In the past, she had always felt that she could not see through Su Yu, but now, she still could not see through him.

Wherever he went, he would always surprise people.

Constable heartless was also deep in thought. When she first came to the nightless imperial kingdom, she had never seen the monarch pay so much attention to him.

Suddenly, constable heartless seemed to have thought of something and said faintly, “I remember that the nine-colored heavenly venerate who appeared out of nowhere twenty years ago was also a human named Su Yu, right?”

Hearing this, Wu Xintie couldn’t help but feel frightened.

It was said that a mortal saintly being had appeared in the depths of the western region.

He had single-handedly killed the evil daughter and destroyed the carefree son of heaven!

His name was Su Yu!

What was even more coincidental was that his race was actually the human race!

Many people looked at Su Yu and seemed to be deep in thought.

But after a moment, they shook their heads secretly.

What kind of person was the nine-colored Celestial Master? He could destroy any seven-star civilization with a raise of his hand!

Such a character could enter an eight-star civilization directly. Why would he need to attend this banquet and obtain information about entering an eight-star civilization?

Those who were slightly more rational dismissed this ridiculous idea.

Even the emperor, who regarded Su Yu with great importance, smiled.

Even the Xuan Dao Palace would have to look up to such a prodigy. Why would they need to come to their tiny eternal imperial kingdom?

Su Yu smiled lightly. “There are many humans with the same name and surname. If they think that I’m the nine-colored heavenly venerate, there’s no harm in me admitting it.”

Hearing this, everyone smiled and did not take it seriously.

Xie Xiaoyue curled the corners of her lips. “Look at how beautiful he is! is the nine-colored heavenly venerate something that he can become just because he wants to?”

On the other hand, she was not in the mood to be an iron constable. Her pair of deep eyes stared deeply at Su Yu, as if she could see through everything about him.

“Alright, everyone, please take a seat.” The monarch chatted with Su Yu again and again. Seeing that it was getting late, he announced the official start of the banquet.

The servants brought over exceptionally rich and precious spiritual items for the guests to eat.

For a time, the guests were all happy.

However, everyone knew that this banquet was just a gimmick. The real focus was the news of gold entering an eight-star civilization.

As expected, after three rounds of wine, the King’s expression became solemn as he said solemnly, “Everyone, the once-in-a-century entrance test for an eight-star civilization is about to begin. This should be the last time.”

Everyone’s hearts instantly sank, and even the atmosphere became gloomy.

In less than 80 years, the era would be destroyed.

At that time, the western region would completely collapse.

Therefore, the recruitment of the eight-star civilization in the western region this time would be the last time in their lifetimes.

“We have no other choice. We can only send more people into the eight-star civilization at all costs to create a glimmer of hope for our future.”

The end of the epoch was a sharp blade hanging above everyone’s heads.

Now, that sharp blade was about to fall!

“Your Majesty, Please make the arrangements. All the clans of our eternal nightless Imperial Kingdom will listen to the king’s orders and strive to send all those who have hope into the eight-star civilization,” said an old man who was about to die.

The rest of the people expressed their positions one after another. Their wills were firm, and they felt as if they were united as a city.

In the face of destruction, they had no choice but to unite together even though they had always been scheming against each other.

The monarch said solemnly, “I have received your wishes! Now, I will announce the information collected from the eight-star civilization!”

Hearing this, everyone’s expressions became excited.

Every hundred years, the eight-star civilization would use various methods to send messages to the leaders of various forces.

They would be told about the various situations of this recruitment.

“The quota for this recruitment is 100 people!”The monarch’s voice was high.

Instantly, the entire place was filled with ecstasy.

“What, 100 people? In the past, there were less than 20 people!”

“That’s great! We have great hope this time!”

“It seems that the eight-star civilization has also taken into consideration our situation, so they specially expanded the quota for the recruitment.”

..

The king’s expression did not change, and he said, “The time is, ten years later, the venue will be... the Eastern Region!”

Hearing this, everyone’s expression slightly froze.

The eastern region was the most ominous place in the outer region.

As early as the beginning of the new era, there had been a long and protracted war, and countless almighty experts had died.

Among them, more than ten thousand seven-star civilization masters had been buried.

There were even rumors that eight-star civilization masters had died there.

Many years later, Corpse Qi filled the eastern region, turning it into an evil land. All the warriors who entered it hadn’t reached the level of the family head, so it was very difficult for them to come back alive.

Because that place had already become a cursed land.

Unless it was a native creature, it would be difficult for outsiders to adapt to the environment inside. In the end, they would either support their bodies with evil qi, or die there.

For many years, the venue had been held in the western, southern, and northern regions.

In theory, it should be held in the western region this year.

Who would have thought that it would be held in the eastern region.

“The eastern region, could this be a mistake by an eight-star civilization? Going there itself is a rather dangerous matter, not to mention holding the recruitment there,”an old man voiced his concerns.

Hearing this, the monarch sighed and shook his head. “I’ve already discussed this matter with the palace masters of the Radiant Palace and the sword Asker Pavilion. There’s nothing wrong with it. It’s going to be held in the Eastern Region!”

Everyone’s expressions became much uglier.

It couldn’t really be said that it was good news to hold the recruitment there!

“As long as everyone is careful and cautious, the problem shouldn’t be too big. What we need to guard against is another problem.”The monarch’s tone became heavy. “The eastern, southern, and northern regions have produced many

prodigies in the past hundred years. All kinds of prodigies and talents are showing signs of exploding. On the other hand, although there are quite a few prodigies in our western region who are famous throughout the world, overall, they seem to be extremely quiet!”

Chapter 2309 Body Of The Nine Gods

The hearts of the spectators pounded once more.

Although the number of participants this time had increased by leaps and bounds, the number of geniuses from the three regions had indeed increased explosively in the past 100 years.

They had already heard many related rumors.

On the other hand, the eastern region was truly too peaceful.

Leaving aside the other eight peak 7-star civilizations, just the three major powers of the glaze civilization alone hadn't seen a spike in the number of geniuses in the past 100 years.

Whether it was the palace of Light, the nightless Imperial Kingdom, or the Sword Whisper Pavilion, there hadn't been a surge of prodigies.

The only one who could do something about it was probably the chosen one.

“It's strange. With the advent of the apocalypse, prodigies have appeared in the other three regions. Only our western region seems to have been taken away by someone and hasn't changed for a long time.”Someone sighed deeply.

Many people deeply agreed!

Indeed, the western region seemed to have been deliberately robbed of their luck, and hadn't developed for many years.

“So, although there are a lot of 100 spots, if we don't fight for them with all our might, our western region might not be able to obtain much.”If the entire western region couldn't obtain much, then how many would fall into the hands of the Glaze Civilization's nightless imperial kingdom?

Could it be counted with one's fingers?

Taking a deep breath, the monarch said in a focused voice, “In order to give the geniuses of our glaze civilization a chance to win, the Princess of the Radiant Palace and the head of the Sword Whisper Pavilion have negotiated with me to prepare to open the ancient glazed cave of the glaze civilization so that all the geniuses with Hope can cultivate in it for five years!”

Hearing this, everyone's expressions changed drastically.

“Is it true that the ancient Veluriyam Cave has been opened?”

“Opening it once would consume nearly a hundred years of the accumulation of our entire Veluriyam Civilization!”

“Monarch, is it worth it? If we really do this, the days of the Veluriyam civilization will be very torturous in the future.”

The ancient Veluriyam Cave was a natural ancient cave where the Veluriyam civilization existed. Cultivating in it for one day was equivalent to cultivating outside for three years!

Not only did it contain the insights left behind by the previous generations of Veluriyam civilization's Dao Masters, but it also contained an extremely dense primordial qi. There were even ancient divine objects that were beneficial to the dao masters in raising their cultivation levels.

However, to open the ancient Veluriyam Cave, it required an unimaginable amount of resources.

In the past, it was very difficult for the three major factions to reach an agreement.

Now that the end of the epoch was about to arrive, they had just given up on their previous animosity and were prepared to fight it out.

"If we can't survive the end of the era, what's the use of having more resources?"The monarch sighed.

Everyone was silent. That was indeed the case. They had no other choice but to fight it out.

"It's settled then,"the monarch said. "After a year, you will go back and make preparations for the opening of the ancient Veluriyam Cave. After a year, you will enter the ancient Veluriyam Cave!"

Su Yu's eyes flashed. It sounded like the ancient glazed cave was a very good place.

To open it once would actually consume a hundred years of accumulation of the glazed civilization.

The glazed civilization was a hundred times richer than the seven ultimate civilization. A hundred times of accumulation would be enough to create ten more seven ultimate civilizations, right?

It had to be said that this was indeed a big deal.

However, it was a pity that Su Yu wanted to find the astrolabe, so he probably did not have the chance to go to the ancient glazed cave.

The banquet ended just like that.

Su Yu had indeed obtained a lot of useful information.

Ten years later, in the Eastern Region.

He wondered if the pearl-ji corpse king had entered an eight-star civilization. If not, would he go to the eastern region to participate in the recruitment?

While he was thinking, Su Yu came back to his senses after Xie Xiaoyue's reminder and prepared to leave.

"Little fellow Daoist Su Yu, please stay."However, the monarch urged him to stay with a smile.

Su Yu silently sighed. He had long known that it wouldn't be easy to leave.

He turned around and said in a neither servile nor overbearing manner, "What instructions do you have, Monarch?"

The monarch's face was full of smiles, and there was a trace of helplessness in his smile as he said, "I know that you're not a member of the Eternal Nightless Empire, but can you represent the Eternal Nightless Empire to participate in the war?"

If not for this, why would he have to treat Su Yu like this?

Su Yu was unwilling in his heart. He frowned and pondered, and was just about to decline politely.., the monarch added, "Little fellow Daoist, you don't have to worry. I Won't bind you to anything, and I won't ask you to do anything for the eternal nightless Imperial Kingdom. I'll only represent the eternal nightless imperial kingdom to participate in the war. Even if you really have the chance to enter an eight star civilization in the future, you can come and go freely. It doesn't matter whether you help the eternal nightless imperial kingdom or not."

Su Yu asked, "Then what do you want?"

They didn't ask him for anything, nor did they tie him to the imperial kingdom.

"It's not for any other reason. It's just that our eternal nightless Imperial Kingdom doesn't have anyone!" When there was no one around, the monarch finally spoke the words in his heart that he couldn't bring himself to say.

Su Yu was silent. Compared to the Palace of Light, the so-called group of geniuses of the Eternal Nightless Imperial Kingdom was truly too disappointing.

With just them wanting to obtain that 100 slots, it was truly a fool's dream.

"Only by joining us can our people from the eternal nightless empire be excited and work hard. This way, there's still a glimmer of hope to obtain the slots."

If it was just those few geniuses who couldn't stand on the stage, facing an incomparably powerful opponent, they would most likely lose their imposing manner in the beginning. The competition in the future would only get worse and worse, and in the end, they would suffer a crushing defeat.

If there was a leader like Su Yu, he would be able to cheer them on and fight for a chance to enter the ancient glazed cave.

"How about it? As long as you agree, all the resources within the imperial kingdom's borders can be used by you, including the qualifications to enter the ancient glazed cave."

Su Yu was instantly moved.

He might not have the chance to enter the ancient glazed cave, but Xie Xiaoyue could definitely go in and further her studies for a period of time.

"Sure." He would head to the eastern region to participate in the recruitment sooner or later, representing that the eternal imperial kingdom was only doing it on the spur of the moment!

Hearing this, the monarch heaved a long sigh of relief, and a stone pressed against his chest was slowly put down.

“How about this, from now on, you’ll temporarily stay in the imperial palace. If there’s anything you need, feel free to say it. How about it?”The monarch said.

It was difficult to decline the other party’s kind offer, and Su Yu indeed did not have a place to stay.

“Thank you for taking care of me, Monarch.”

Thus, Su Yu and Xie Xiaoyue moved over and stayed in the imperial palace.

In the entire Eternal Night Imperial Kingdom, the safest place was undoubtedly the Imperial Palace, right?

Su Yu went into seclusion and studied the information regarding the fixed astrolabe.

The last time the fixed astrolabe appeared was twenty years ago. The Zhuji Corpse King appeared in the glazed era civilization and led many corpse races to snatch it.

The location was the Sword Whisper Pavilion’s Ox King Mountain!

That time, the Zhuji Corpse King succeeded in snatching it, but after using it once, she prepared to take the fixed astrolabe away.

In the end, she angered all the experts of the glaze civilization to attack together. Helplessly, the Zhuji Corpse King could only give up on the fixed star plate.

In the end, the fixed star plate fell... into the hands of the Great Palace Master of the Radiant Palace!

Seeing this, Su Yu’s face instantly darkened.

It was easy to say who it fell into, but it just had to fall into the hands of the Great Palace Master of the Radiant Palace!

He had just caused a ruckus in the radiant palace, so the Great Palace master, whom he had never met before, probably had a particularly bad impression of Su Yu, right?

Wasn’t it a Fool’s dream for Xiang to borrow the astrolabe from her?

“If I had known earlier, why would I be thinking about the deer antler of the god of Light?”Su Yu smiled bitterly.

No, he had to think of a way.

After thinking about it, Su Yu felt that he could only seek help from the emperor of the eternal nightless Imperial Kingdom.

If he was the only one to appear, he might even be able to borrow the astrolabe from one of the three magnates of the glaze civilization.

With this thought in mind, he set off for the Great Proclamation Hall where the monarch was.

Just as he was about to enter, he saw layman Qing Yuan leave the Great Proclamation Hall from afar.

“It’s him?”Su Yu had imprinted it. It seemed that there was a rumor that layman Qing Yuan was Princess Qian Yue’s teacher.

He saw layman Qing Yuan, but the latter did not notice him. He left with a face full of joy, as if he had received a great benefit.

Su Yu knocked on the door and entered. He saw the monarch leaning in front of the table, concentrating on reading the memorials.

“Greetings, Your Majesty.”

The monarch was slightly surprised. Su Yu had come to see him not long after they parted. There must be something.

“Young master Su, you don’t need to be so courteous. Do you need something?”The monarch said amiably.

Su Yu told him his purpose.

“You need to use the star-stabilizing disk?”The monarch’s brows immediately furrowed, and his expression became difficult.

Su Yu sighed silently. He knew that he was asking too much, so he said, “I can promise to do something for the monarch.”

The monarch pondered for a moment, “It’s not that I don’t want to help, but this matter is very difficult to help. Back then, in order to obtain the star-stabilizing disc, the Great Palace Master of the Radiant Palace sacrificed a lot. Now, if you want to pay the slightest price, then don’t. Just borrowing the star-stabilizing disc is very difficult!”

This was because the era was about to end and the three major powers had temporarily reached an agreement. If it was a normal hostile relationship, there was no need to even think about it.

“I can only give it a try. I Can’t guarantee whether it will succeed or not,”the monarch said.

Su Yu cupped his fists. “It’s what I should do.”

“As a condition for helping you, I do have a matter that I need you to help me with.”The monarch’s gaze flashed slightly.

“Please speak, Emperor.”

The emperor said, “My daughter’s teacher, Layman Qingyuan, has been assigned by me to go to the ancient glazed cave to make preparations in advance. During the year that I’m vacant, I hope that you can temporarily become Princess Qianyue’s teacher.”

Become her teacher?

Thinking of that unruly and willful girl who was arrogant because of her pampering, Su Yu shook her head and said, “My qualifications are shallow. I’m afraid that I’m not suitable to be a teacher.”

“I know, my daughter is unruly and stubborn, it’s difficult to educate her, but I’ll give you a special right.”The monarch said with some reluctance, “Within a year, you can discipline him as you wish, as long as it’s within the scope of teacher’s responsibility, any discipline is fine!”

Was that so?

Then he could still try to teach her. Otherwise, with that young Miss's temper, who would be able to control her?

“Yes, but I hope that the monarch will agree to another condition.”

“Please speak!”

“Within a year, you are not allowed to see Princess Qianyue once.” Only then would princess Qianyue give up and be obedient.

The monarch was rarely unable to bear it. He was certain that his daughter would most likely suffer. However, the era was about to be destroyed, and he could only hope to enter an eight star civilization if he made her suffer a little.

“Sure!”

Su Yu heaved a sigh of relief. That would be easy!

“I wonder what the monarch wishes me to teach her? If she wants me to teach her strength, my personal cultivation is about the same as hers. I'm afraid I Won't be able to teach her.”

The monarch waved his sleeves and closed the door. He even cast a special soundproof barrier and said, “To tell you the truth, my daughter's constitution is quite special.”

Su Yu was not too surprised.

There was a reason why the imperial army favored Princess Qianyue so much.

Otherwise, there was no reason for them to neglect the perfect Prince Ling Tian in all aspects while taking care of the ordinary Princess Qianyue.

“She has... the body of the nine gods!”

HMM?

Su Yu's brows twitched. Why did this physique sound so familiar?

Chapter 2310 Acting As A Teacher

After thinking for a while, Su Yu finally remembered. Wasn't this the physique that Gu Taixu had painstakingly cultivated successfully?

Su Yu frowned slightly and said, “Forgive me for being blunt, but the body of the nine gods evolved from the body of the nine spirits, right? If this physique is successfully cultivated, it will display nine divine images. This physique is only useful to the galaxy overlords, right?”

“The princess has already reached the half-step dao master realm. What use is this body?”

The monarch looked surprised. “You actually know about the body of the nine gods?”

“Yes, there was once an enemy who possessed the body of the nine gods, but that was a long time ago.”

The monarch came to a realization and said, "That's a coincidence. You can even encounter such a rare body like the body of the nine gods twice!"

After a pause, the monarch continued, "You should be talking about the acquired nine gods physique."

"The nine gods physique is divided into innate and acquired. Among them, the acquired nine gods physique is evolved by the owner of the nine spirits physique by consuming a large amount of life essence and blood. The process is very cruel, and there is the harmony of Heaven and Earth."

Su Yu nodded, indicating that he was listening attentively.

"The acquired body of the nine gods is very limited. At most, one can only cultivate the dharma idol of the nine gods. However, that is not the case. If the devouring continues, the acquired body of the nine gods will continue to evolve!"

Oh? This was something new. Su Yu had never seen it in the relevant books.

"Once the devouring is successful, one will become a body of the nine daos!" The monarch said in a serious tone, "The so-called body of the nine daos means that once one becomes a dao master, one will possess nine great daos. One can imagine the strength of one."

Nine great daos, nine Dao artifacts, nine domains..

The strength of one of them was probably comparable to that of a powerful master of the family.

This was after considering that the nine great daos were relatively mediocre. If one cultivated a dao that was exceptionally powerful, his strength would definitely far exceed that of a master of the family. He might even reach the peak level of Xia Yi'an.

"It is best that your enemy is already dead. If he is still alive, you will be in a lot of trouble in the future," the monarch reminded him meaningfully.

Su Yu's eyes were indifferent, "If he is still alive, he better pray that he doesn't meet me."

Or else, he would kill him every time he saw him!

"You should be careful," the monarch said, "My daughter has the innate nine gods body! This body doesn't need to devour the blood essence of living beings to cultivate, but it is still very difficult to cultivate."

The monarch frowned, "She needs to fight constantly to stimulate the transformation of the nine gods body. The process is very slow!"

"If she did not have this kind of constitution, with her talent, she would have become a dao master long ago. Perhaps she would have broken through earlier than my brother. How could she have fallen to this day and still be unable to break through to become a Dao Master?"

Su Yu nodded to express his understanding.

Wasn't he one?

According to the standard of a normal person, if he only cultivated one dao, he could already be considered a dao master.

His body and soul had already been dao-transformed. The spatial laws had also been dao-transformed. He had even cultivated a spatial domain.

However, because the other seven laws could not be transformed into dao, he could not be considered a dao master. He could only be considered a half-step dao master.

Who would have thought that the seemingly unruly and willful Princess Qian Yue, who had mediocre talent, would actually have such a physique!

No wonder the monarch was so partial to protecting her!

Compared to her, the seemingly perfect Prince Ling Tian was indeed somewhat mediocre.

“You want me to train him?” Su Yu understood what the monarch meant.

The monarch nodded. “Yes!”

Su Yu was puzzled. “If he wants to train him, he can just find some experts, right? Why do you need me to come all the way here?”

Putting everything else aside, Princess Qianyue's few guards were far enough to become his training targets, right?

“You might not know this, but training requires the activation of the body of the nine gods, and once the body of the nine gods is activated, my daughter will become quite dangerous. There was once a family head-level training target who was accidentally injured to death by the body of the nine gods.”

“Therefore, no one who knows about this is willing to become a sparring partner for the body of the nine gods. As a result, their training has stagnated for a very long time.”

During this period, only the monarch would dare to spar with Princess Qianyue who was in the body of the nine gods.

However, he was busy for a long time, so he had very little time to accompany Princess Qianyue.

“Your Majesty, do you think too highly of me?” Su Yu cursed in his heart. Even a family head-level expert had died tragically. If he were to go, was he really not afraid that something would happen to him?

The monarch laughed out loud. “You possess the spatial domain. In terms of escaping, I can't even compare to you. Asking you to exchange pointers with her should be the safest.”

Su Yu had the intention to refuse, but when he thought of the fixed star disc, he had no choice but to agree.

Even though he was taking a risk, the monarch must have paid a huge price to borrow the fixed star disc for him.

“Alright, when do we start?”

“Right now. One more day, and she’ll have more chances.”

Su Yu nodded. “Alright, I’ll go to the Princess’ residence now. Please remember my request, Monarch. During this period, you must not see Princess Qianyue!”

Both parties agreed that Su Yu would be led to the princess’ residence by the monarch’s trusted aide, a green-robed elder.

She saw Princess Qianyue squatting in the courtyard, facing a wall.

However, she did not think about it. Instead, she held a small person in her left hand and a needle in her right hand as she continuously poked the small person.

The word “Su Yu” was clearly written on the small person’s chest.

“Damn you, Su Yu. I’ll stab you a thousand times and ten thousand times. I’ll stab you to death!” She muttered while poking the small person.

When the green-robed elder appeared and saw this scene, the corner of his mouth twitched slightly. He cast an embarrassed look at Su Yu, “Young Master Su, the princess has such a temper. Please don’t take offense!”

“Don’t worry, of course I won’t take offense... Of course I won’t!” Su Yu smiled lightly.

Since he had decided to become Princess Qianyue’s teacher, he would continue to be serious.

The matter of a student poking a teacher was something that naturally had to be dealt with severely!

“Cough cough...” the green-robed elder coughed dryly and said, “Princess, His Majesty has issued an edict.”

Immediately, Princess Qianyue immediately turned around and said with deep resentment, “I won’t listen, I Won’t listen! Father Doesn’t love me anymore!”

The green-robed elder braced himself and said, “Princess, His Majesty ordered to arrange a new teacher for you.”

“New teacher? Who Is It?” Princess Qianyue was immediately interested.

From a young age, only layman Qingyuan had been his teacher for a period of time before his body of the nine gods was discovered.

From then on, no one was qualified to be his teacher.

Why did he suddenly find a teacher for him?

“It’s this young master Su.” The green-robed elder moved aside, revealing Su Yu behind him.

When she saw Su Yu, Princess Qianyue's eyes widened. She could hardly believe her ears. "What? He's My Teacher?"

"This is an order from the Emperor." Seeing the princess' huge reaction, the green-robed elder was very prescient as he distanced himself from the two of them.

Princess Qianyue shouted, "Has father gone mad? He actually arranged for him to be my teacher? No, I want to see father. I want to find him and ask him clearly."

Princess Qianyue felt like she had become an abandoned child.

The green-robed elder said, "His Majesty is on official business. He hasn't seen any guests for the past year!" "In addition, this young master Su has the privilege of being personally bestowed by the emperor. He can order all the people and resources in the Princess' residence, including you, Princess. Without Young Master SU's permission, you are not even allowed to leave the princess' residence."

"What?" Princess Qianyue was in disbelief. How could her father give such a crazy order.

Wouldn't this mean that he would completely hand her over to Su Yu?

What if Su Yu had some evil intentions and did something to her? There wouldn't even be anyone to protect her!

"The verbal order has been passed on. This old servant will take his leave." The green-robed elder was actually quite happy in his heart.

All these years, the princess had been acting arrogantly, causing the entire imperial kingdom to be filled with anger and resentment.

However, the emperor doted on her so much that no one dared to do anything to her.

But now, someone had finally dealt with her!

After the green-robed elder left, Princess Qianyue glared at Su Yu and said, "If you know what's good for you, then leave the Princess' residence immediately. Otherwise, HMPH HMPH!"

"Otherwise what?"

"Otherwise, everyone in the Princess' residence is my trusted aide. Be careful that I don't make things difficult for you!"

Su Yu stood calmly with his arms crossed. "Then let's give it a try!"

"You said it! Don't regret it!" Princess Thousand Moon smiled coldly and shouted, "Men!"

Whoosh whoosh whoosh --

The first to bear the brunt were the three elders who were at the level of the family head who were guarding her, as well as a dozen or so ordinary dao masters.

They surrounded the princess and protected her.

“Chase him out!” Princess Qianyue ordered.

As expected, everyone obeyed Princess Qianyue’s orders and immediately took action.

However, Su Yu calmly took out a golden token. The golden light it emitted was particularly dazzling, causing the group of people who were about to take action to immediately stop in their tracks. They knelt on the ground in fear and said, “Greetings, your Majesty!”

Princess Qianyue took a deep breath and said, “Why is father’s personal identity token in your hands?”

There was only one token, and the monarch rarely left his body.

There were only some special occasions where he was unable to go, so he ordered people to bring the token.

Seeing this token was like seeing the monarch arrive in person.

No matter how loyal the Princess’s men were, how could they defy the monarch?

“Of course it was given by your father,” Su Yu said calmly. He looked around at the kneeling person and said, “Men, tie the princess up!”

What?

Princess Qianyue was so angry that her lungs were about to explode!

She was a dignified princess, but she was actually going to be tied up?

“Let’s see who dares?” Princess Qianyue was both angry and angry.

Su Yu looked at them calmly and narrowed his eyes slightly. “Those who disobey orders are considered to be disobeying the emperor!”

Only then did they stand up hesitantly and walk towards Princess Qianyue.

“You Dare?” Princess Qianyue shrank back and said angrily.

However, Su Yu held the emperor’s token in his hand. Who would dare to disobey his orders?

Even if they offended the princess to death, they could only brace themselves!

“We’ve offended the Princess!” A group of people came forward and tied the princess up.

The princess was so angry that she was flailing about wildly. However, her entire body was tied up like a dumpling. With a slight flutter, she staggered and fell to the ground, making a face-down intimate contact.

“You... bastards! I Won’t let you off!”

Su Yu was expressionless as he said indifferently, “Hang her up.”

To teach others, one had to first teach them the principles of being human.

How could they teach someone as unruly and unruly as her?

Everyone had no choice but to do as they were told and Hang Princess Qianyue under the eaves.

“You, you’re all so audacious. I’m going to complain to my father and chop off your heads...” Princess Qianyue was so angry that one Buddha gave birth to two Buddhas and jumped over the wall, glaring angrily at everyone present.

Su Yu’s eyes were calm as he said, “This is just the beginning. Your Highness, don’t be too impatient!”

Hearing this, the hearts of the surrounding people turned cold. What was this SU planning to do to the Princess?

Wasn’t it enough already?
