

Nine-Dragon 2311

Chapter 2311 Taming The Princess

“Surnamed Su, I’m not afraid of You!” Princess Qian Yue was furious as she shouted while grimacing.

Su Yu’s gaze was indifferent. “I was once lucky enough to see their dense fog forest in the palace of light. I placed the criminals and prisoners inside and left them to fend for themselves.”

The people of the nightless Imperial Kingdom still knew about the famous dense fog forest.

It was said that there were many ferocious dao master level savage beasts kept in the misty forest.

“You want to build a misty forest? Hehe, it’s useless. There aren’t many Dao master level savage beasts in the nightless Imperial Kingdom?” Princess Qian Yue scoffed at Su Yu’s idea.

Su Yu gave a faint smile. “There aren’t many dao master level savage beasts, but there are still many half-step dao master level Savage Beasts.”

As he spoke, he pointed his finger and sent several balls of dragon power into Princess Qian Yue’s body, blocking her meridians that were circulating the primeval power.

“Men, pull out all the magic treasures on her.”

Several female warriors stepped forward and plucked Princess Qian Yue to the innermost layer of her clothes.

All the magic treasures and accessories on her body were taken away.

“Bring over all the half-step dao master level tamed beasts in the palace.”

Under his orders, the people of the Princess’s residence obeyed his orders and quickly arranged everything.

Half a day later.

Su Yu held a small cave world in his hand. The space inside was only one-fifth the size of the misty forest.

Similarly, the savage beasts were only a little more than one-fifth.

“Roar...”

As soon as the cave world was opened, one could hear the roars of the savage beasts coming from inside.

Many savage beasts even began to kill each other and devour each other.

The crowd watched with fear and trepidation. Wasn’t this too dangerous?

The Princess’s Primeval Power and Magic Treasures had been sealed, and only her physical body was left. However, her physical body was only half a step away from the DAO Master level, and was not much stronger than the savage beasts inside.

If she were to face two savage beasts or more at the same time inside, she would be in great danger. While they were thinking, Su Yu had already picked up Princess Qian Yue and tossed her into the cavern world.

“Ah! Surnamed Su, I won’t let you off...”

“Roar... roar...”

A series of excited beast roars drowned out Princess Qian Yue’s furious roars.

Her appearance was no different from food to the savage beasts, so they naturally chased after her.

Poor Princess Qianyue only had her physical body left, but comparing her physical body with that of a savage beast, wasn’t that just showing off in front of an expert?

She had no choice but to hide and think of all ways to get rid of the savage beasts.

She had thought of begging Su Yu for mercy, but due to her pride, she was unable to lower her head to Su Yu.

For a few days, she was exhausted from running around.

This space was too small, and there were too many savage beasts. It wouldn’t take long for the Savage Beasts to find her, and she would have no choice but to continue running.

For several days, she didn’t even have a way to recover her stamina. She could only rely on picking wild spiritual herbs to barely recover her stamina.

“I can, I definitely can!” Princess Qianyue was exceptionally stubborn, and she refused to lower her head.

However, without sufficient replenishment, how many days could she endure?

Finally, a few days later.

Her physical strength was lacking, and she could no longer escape the pursuit of a group of savage beasts. She was surrounded and attacked by them to a corner.

Princess Qianyue gritted her teeth, thinking to herself, “I am the Princess of the nightless Imperial Kingdom. Does surnamed Su really dare to feed me to the savage beasts? He will definitely make a move when I am in a difficult situation!”

With this thought in mind, she raised her head and looked out of the cave world with a sneer, as if to say, “Do as you see fit!”

However, what she absolutely did not expect was that Su Yu did not observe the cave world at all.

Instead, he was cultivating leisurely by the side, completely unaware of Princess Qianyue’s recent situation.

On the other hand, a few warriors who were observing turned pale with fright and said in panic, “Mr. Su, the princess is in danger. Quickly save her!”

This cave abode world belonged to Su Yu. They could not control it and could only watch anxiously.

However, Su Yu's expression was indifferent. "It's not the time yet."

If he wanted to teach Princess Qian Yue, he had to teach her what respect was.

A student who was not afraid of anything could not even be taught by the Great Luo God.

"Then what is the time? Are We waiting for her to be bitten to death?"The three old men who guarded the princess all year round glared at her angrily.

They had already been pained by the fact that the princess had been hunted down for more than ten days and suffered a great deal. If they were to cause her to suffer a great deal of pain, then... then they would even want to fight Su Yu to the death.

Moreover, if Princess Qianyue was really killed, would they still be able to live?

It would be strange if they were not executed by the Emperor!

"If she dies, so be it,"Su Yu said indifferently, not caring at all.

At most, he could bring her back from the dead. How difficult would that be?

"You... you're messing around!"The group of people were furious when they found out that Su Yu did not care about the life or death of the princess at all.

Su Yu silently took out the token of the monarch and said indifferently, "From now on, everyone, evacuate this small courtyard. Do not approach under any circumstances. Otherwise, you will be punished for deceiving the monarch!"

They were both shocked and angry. This Su Yu was simply audacious to the extreme!

"I want to see the monarch to expose you!"The three old men guarding the princess flung their hands angrily and left, their expressions especially panicked.

The others also left one after another, extremely dissatisfied with Su Yu's way of handling things. How could they treat the princess like that?

Su Yu secretly shook his head as he watched. Although the monarch doted on the princess's wildness and willfulness, there was a reason for the excessive protection of the people beside her.

They seemed to be protecting the princess, but in reality, they were harming her.

Without experiencing true tempering, how could one talk about rebirth.

"Die!"At this moment, a change occurred in the cave world.

Princess Qianyue, who had been forced into a dead end, finally activated the nine God bodies in her body.

The naked eye could see nine towering ancient god mansions shooting out from their bodies and attacking the attacking beasts.

Wherever the God mansions passed, groups of savage beasts were crushed to death.

The power of each God mansions was no less than a dao master.

With nine divine residences working together, a dao master at the level of a clan master might be in danger if he wasn't careful.

However, Princess Qianyue's primal energy was sealed, so she couldn't maintain the divine residence for long.

In just three breaths, the divine residence collapsed.

The savage beasts that had escaped noticed the situation and gathered around once more. They stared at Princess Qianyue with Hungry Eyes, emitting a devouring light.

Then, they rushed forward..

Princess Qianyue's face turned pale, but she firmly believed that Su Yu wouldn't just sit idly by and do nothing. He would definitely save her at the last moment, he would!

Roar --

The furious roar that came close to her ears shook her eardrums, and an incomparably fishy smell assaulted her face.

Following which, she felt an intense pain from her arm being torn apart!

Furthermore, it wasn't just one area, but many!

She was being attacked and gnawed by the savage beasts!

"Ah! Save Me! Quickly save me..." at this moment, Princess Qianyue finally felt her first fear in her life amidst the excruciating pain.

However, no one saved her.

The scene of Su Yu appearing in her imagination didn't appear either. There were only savage beasts pouncing on her one after another.

Princess Qianyue was completely flustered. She cried, "I was wrong, I was really wrong!"

Unfortunately, no one paid any attention to her until the excruciating pain made her lose consciousness and fall into an eternal coma.

She knew that she was going to die!

Moreover, she was going to die in such a ridiculous way!

Su Yu, who was standing in the outside world with his hands behind his back, had already arrived in front of the cave abode. He put down his left hand and held Princess Qianyue's personal magic treasure.

In his palm, there was an emerald light.

"Rise from the dead and come back to life!"

He muttered softly, and the Emerald Light continued to expand, condensing blood, bones, and flesh from nothing.

The last complete Princess Qianyue lay in front of him. She hugged her body and shivered. Her expression was filled with pain, as if she was still immersed in the moment before her death.

“Wake up, it’s time to wake up.” Su Yu smiled faintly.

Princess Qianyue was startled. She opened her eyes in fear. What she saw was no longer a bloody mouth, but a blue sky. Instead, it was a silver-haired human face.

For the first time, she felt how kind that silver-haired human face was. For the first time, she felt how bright and precious this world was!

“I... Didn’t I Die?” Princess Qianyue sat up and examined her body, which was completely unscathed. Her heart was filled with confusion.

No matter how precious the medicine was or how good the healing methods were, it would be difficult for her body to recover so well in such a short period of time, right?

The stronger the body, the more difficult it would be for her to recover from her injuries.

How did Su Yu do it?

Moreover, she had a strange feeling that this body didn’t belong to her. It was as if it had been remodeled.

Due to years of cultivation, her previous body had accumulated some minor flaws. But now, they were all gone, as if she had been reborn.

Su Yu quietly put away the world of the cave abode and glanced inside. The savage beasts were still eating Princess Qianyue’s corpse..

“If you want to die, I can send you in to experience it again,” Su Yu said indifferently.

Princess Qianyue immediately shivered. Even if it was an illusion or a nightmare, she definitely didn’t want to experience it again.

The feeling of being eaten by a savage beast was too realistic, too painful, and too terrifying.

Just thinking about it made Princess Qianyue Shudder!

She raised her head to look at Su Yu. There was still anger in her eyes, but more of it was fear.

Most of her previous arrogance had disappeared.

“Fortunately, I didn’t die in vain.” Looking at her performance, Su Yu said, “I was thinking of letting you go in a few more times.”

“Ah! Don’t! I don’t want to go in again!” Princess Qianyue said hurriedly. She was so anxious that tears were about to fall.

It seemed that this cave abode world had left a deep impression on her!

Su Yu secretly shook his head. He still had too little experience.

Who Didn’t have many experiences of despair in a true almighty?

However, she was afraid, so it would be much easier to teach her from now on.

“Do you still recognize me as your teacher?”

“Yes! I acknowledge!” Princess Qianyue immediately responded. She was afraid that Su Yu would throw her in again if he didn’t agree with her.

Su Yu nodded. “Follow me.”

The two of them arrived at the training field of the Princess’ residence.

Su Yu withdrew a ball of dragon power from Princess Qianyue’s body, allowing her to release her primal power. “Make your move. Use the attack that you’re best at!”

After regaining her primal power, Princess Qianyue felt as if she had been reborn.

Looking at Su Yu in front of her, a hint of hidden anger flashed in the depths of Princess Qianyue’s eyes. She thought to herself, “What I’m best at is the body of the nine gods. Once I use it, I’ll either die or be heavily injured!”

“Go ahead and Attack!” Su Yu urged.

Princess Qianyue thought to herself, you asked for it!

Chapter 2312 Small Progress

“Alright! Then please be careful, teacher Su!” Princess Qianyue had a mysterious smile on her face as she decided to give Su Yu a huge surprise. “The body of the nine gods!”

Nine divine images immediately appeared within her body and attacked Su Yu in unison.

Each divine image was comparable to an ordinary dao master. If the nine divine images attacked at the same time, Su Yu would definitely suffer a loss or even be severely injured.

They would also let Su Yu have a taste of the pain!

However, the image of Su Yu being knocked down did not appear in her mind!

Su Yu stood on the spot. He did not even move his feet. He merely stretched out an arm casually. The surface of his arm was immediately covered with a layer of scales that turned into a dragon claw.

Then, he slapped the nine dharma idols that were attacking him and repelled all of their attacks.

“How is this possible?” Princess Qianyue was dumbstruck.

She was well aware of how powerful her dharma idols were. Even clan leaders had to be careful in order to avoid them.

But Su Yu had repelled them with just one hand!

He was only a half-step dao master. Where did he get such a terrifying physique?

However, what drove Princess Qianyue crazy was that Su Yu didn’t stop after repelling the Dharma Idols. Instead, he frowned slightly. “He’s much weaker than I thought. There’s still a long way to go in order to hone his skills!”

Before he came, he was worried that the dharma idol might be in danger.

But now, it seemed that his nine-god body had not evolved to the point of threatening Su Yu.

As he spoke, he took the initiative to attack the nine Dharma Idols.

Each attack caused the dharma idols to tremble slightly. Their bodies were constantly changing as if they were about to be destroyed.

The nine dharma idols and Princess Qianyue were connected in spirit. Princess Qianyue also felt a little pain when they were hurt. She bared her teeth. Princess Qianyue was secretly unwilling and said, "Again!"

The nine dharma idols roared and pounced on Su Yu, launching a full-scale attack from all directions.

However, to Su Yu, their attacks were just raindrops. They couldn't cause any damage at all!

After dozens of rounds, Princess Qianyue was covered in sweat and her lips were trembling. It was obvious that she was in a lot of pain.

Su Yu sighed and had no choice but to stop.

She had just experienced the pain of death and was also affected by the Dharma Idol of the divine residence. She was in a lot of pain. If this continued, her body might not be able to take it.

"We'll continue tomorrow," Su Yu said.

Princess Qianyue said pitifully, "Do you still want it tomorrow? Can you delay it for a few days?"

Su Yu silently took out the cave world.

Princess Qianyue's face instantly turned pale and she hurriedly said, "Alright, Alright, we'll continue tomorrow!"

Princess Qianyue trembled when she saw this immortal's Cave world.

Just like that, Su Yu and Princess Qianyue sparred with each other every day for the next few days.

Under Su Yu's frenzied torture and tempering, his divine residence technique was much firmer than before, and the power it released was slightly stronger than before.

Now that they had joined forces to attack, Su Yu needed to treat it seriously before he could withstand it.

Unfortunately, Princess Qianyue was in great pain all day long and did not pay attention to the changes in the Dharma aspect of the divine residence.

On this day, after the sparring ended, a few guests came to the Princess's residence.

Princess Qianyue hugged her shivering body and asked Su Yu, "Can I go and receive them?"

"Go ahead." After the sparring ended, Su Yu naturally would not interfere with her normal activities.

In the reception hall of the Princess's residence, Princess Qianyue received a group of young elites.

One of them was young master Yao Yue.

“Princess, why haven’t you gone to the Heavenly Cloud Tower to spar with US recently?” Young Master Yao Yue asked with a smile.

In the past, Princess Qianyue would spar with the elites of the nightless imperial kingdom in the Heavenly Cloud Tower.

But in the past month, Princess Qianyue hadn’t stepped into the heavenly cloud tower once.

Thus, young master Yao Yue and the others came to pay a visit.

Princess Qianyue found it difficult to speak. “It’s a long story. Recently, I have a new teacher who is strict with me. Without his permission, I can not go out.”

Many young elites clicked their tongues in wonder.

Who did not know that Princess Qianyue was an existence that feared nothing in the nightless Imperial Kingdom? Who could discipline her?

It must be a powerful and respected senior, right?

Everyone thought so in their hearts and couldn’t help but feel respect.

“I see!” Young Master Yao Yue said regretfully, “The recruitment for the eight-star civilization is imminent. The members of our nightless illumination palace need to work even harder to cultivate.”

The Palace of light had emissaries of light, while the nightless imperial kingdom had the nightless Illumination Palace, which gathered the strongest elites of the current generation in the nightless Imperial Kingdom.

Young Master Yao Yue and the others were palace members.

Moreover, young master Yao Yue was the number one palace member!

His strength was the strongest among the prodigies of the current generation of the Kingdom of eternal night. In the past, he had always been the number one in sparring.

Princess Thousand Moon deeply agreed and sighed, “It’s a pity that I’m restricted and can’t go to the Cloudy Sky Tower to spar with everyone.”

Young Master Yao Yue smiled and said, “Why do we need to go to the Cloudy Sky Tower? Isn’t it good that we can participate in the Princess’ residence nearby?”

Upon hearing this, Princess Thousand Moon was moved. She had always been very focused on cultivating martial arts. Otherwise, she wouldn’t have been met by Su Yu twice in the middle of sparring and training.

“As long as you don’t mind going through the trouble, there’s no harm in staying in my residence to spar.” Princess Thousand Moon was eager to give it a try.

Very soon, under Princess Thousand Moon’s arrangements, they entered the training grounds and began sparring with each other.

Young Master Yao Yue was the first to make a move. His strength was indeed worthy of the first place.

His cultivation base was at the level of the family head, and his Dao artifacts and domains were all condensed into form. When he made a move, he was able to suppress the other members of the never-night Illumination Palace.

His strength was probably equivalent to Kong Qu, one of the emissaries of light.

Princess Qianyue watched from the side and secretly admired him. Young Master Yao Yue was indeed very outstanding. He was rare among his peers.

In previous sparring sessions, even if she used the nine gods body, she would usually be defeated very quickly.

After everyone sparred, Yaoyue Gongzi finally looked at Princess Qianyue and said with a smile, “Princess, how about we spar?”

Princess Qianyue was more than happy to do so. She said, “Hehe, please show mercy, Yaoyue Gongzi. Otherwise, I won’t be able to defeat you.”

“Haha, That’s Easy!” Young Master Yao Yue laughed out loud. He thought to himself, ‘at the right time, I still have to show some mercy. I Can’t let Princess Thousand Moon lose too badly.’

The two of them came to the center of the training field.

Faced with such a difficult opponent like young master Yao Yue, Princess Thousand Moon immediately released her nine gods body and waited solemnly.

Young Master Yao Yue smiled and said, “Then princess, be careful!”

Princess Thousand Moon nodded and began to spar with Princess Yao Yue.

Young master Yao Yue’s eyes flashed. He was prepared to attack with all his strength and gain the upper hand before giving way.

In this way, not only would people be able to see that his strength far surpassed Princess Thousand Moon’s, they would also be able to understand that he was giving way.

He released his domain and attacked together with his dao weapon.

Based on past experience, this full-powered attack should be able to force his nine-god body to retreat.

“Ten thousand demons swallowing the sea!”

“Cloud Dao Needle!”

Princess Thousand Moon’s expression was grave as she prepared herself mentally for her divine residence’s Dharma Idol to be forced back.

Bang --

Bang Bang --

However, what surprised Princess Thousand Moon was that her divine residence's Dharma Idol didn't retreat after the real fight. Instead, it crashed into her domain and sent her dao weapon flying.

The remaining force even knocked the unprepared young master Yao Yue back and almost made him fall to the ground.

The expressions of the onlookers changed as well.

What was going on?

"Brother Yao Yue gave in, didn't he?"

"I think so. Otherwise, the princess wouldn't have the upper hand."

"Brother Yao Yue really isn't that lenient to us. Only he shows mercy to the Princess."

..

Hearing their words, Princess Thousand Moon felt relieved. No wonder it was like this.

However, only young master Yao Yue knew that he didn't give up. Princess Thousand Moon's divinatory signs were much stronger than before!

Although each divinatory sign didn't have any special changes, there were nine of them. When the nine of them were stacked together, the changes were quite obvious. It was just that Princess Thousand Moon herself didn't notice it.

Yao Yue climbed up from the ground in a sorry state, feeling extremely dejected. He was afraid that he would not be able to keep his first place.

"Yao Yue Gongzi, why don't we call it a day? I think you must be tired from sparring continuously." Princess Thousand Moon was rather disappointed.

She really hoped that Yao Yue Gongzi would not show any mercy, just like Su Yu did. Only then would it be helpful for his cultivation.

Unfortunately, the other party was unwilling to go all out because of his status as a princess.

Young Master Yao Yue was more than happy to do so. He coughed lightly and said, "I was indeed a little careless just now. If there's a chance to fight next time, I definitely won't go easy on you."

He was clearly inferior to the princess, but he still wanted to flatter himself.

"Sorry to bother you today, Princess. Let's meet again another day." Young Master Yao Yue cupped his fists and said, then quickly took his leave.

When he left the Princess's residence, he took a deep look at the Princess's residence, he was secretly surprised. 'the monarch really found a teacher with profound knowledge for Princess Qian Yue. It's only been a month, and she's already able to evolve her body of nine gods to such an extent! How terrifying!'

He had expected that the next time they met, he would probably be even less of a match for Princess Qian Yue!

After Princess Qian Yue finished sparring, she passed by a small courtyard and saw that Su Yu was silently flipping through a communication jade slip. She couldn't help but snort angrily.

She had suffered for a month in vain, but it was of no use.

What teacher!

Su Yu didn't know that the princess had sparred with someone. He was seriously flipping through this jade slip, and a bitter smile flashed across his face.

This was a message that the monarch had just sent.

The contents of the jade slip were that the eternal imperial kingdom and the Palace of light were preparing to have a friendly exchange between the youths of both sides before the ancient glazed cave opened.

The main purpose of the exchange was to focus on the emissary of light and the eternal luminous palace.

On the surface, it was obviously a martial arts exchange, but in reality, it was supposed to be an agreement on some specific cooperation matters in the ancient glazed cave.

There were still dangers in the ancient glazed cave, so both sides hoped that they could reach a cooperative stance and take care of each other in the ancient glazed cave.

This friendly exchange was to lay the foundation for this.

"I'm afraid it will be very difficult to become friendly." Su Yu laughed. The emissary of light had suppressed the nightless luminous palace all year round and always looked down on the nightless luminous palace with a superior attitude. How could they lower themselves to befriend the nightless Luminous Palace?

"Forget it, let's see their own luck." Su Yu shook his head and looked at the other message from the monarch, a trace of a smile flashing across his face.

The fixed star disk has been settled!

Chapter 2313 Enlightened Masters

Not knowing what price the monarch had paid, the palace head of the Palace of light decided to lend the fixed astrolabe to the nightless imperial kingdom for use once.

At that time, the envoys of light from this friendly exchange would bring it to the nightless imperial kingdom.

"I've finally got it!" Su Yu let out a long sigh of relief. He found the fixed astrolabe and was able to inquire about the whereabouts of the vile daughter and resurrect Yun Yazhi's soul.

Thinking of this, he was looking forward to the friendly exchange in a few months.

Since the monarch kept his promise and borrowed the star-fixing disc, Su Yu naturally put more effort into teaching Princess Qianyue.

In the following days, Su Yu accompanied Princess Qianyue to train her body of the nine gods during the day and consolidated the “Immortal Soul Realm” at night.

On this day, Xie Xiaoyue came to visit.

“Is there a need to be so serious about teaching that unruly princess?” Xie Xiaoyue had actually come many times, but every time she came, Su Yu was in closed-door cultivation training the princess.

Su Yu said, “I’ve been entrusted with the task of being loyal to others. I’m just unashamed of it.”

Glancing at Xie Xiaoyue, Su Yu said, “Is it not comfortable living in the Imperial Palace?”

“No, I’ve heard a piece of news, and I’ve come to tell you,” Xie Xiaoyue said. “I heard that the never-night illumination palace in the city is preparing to hold a sparring session among the prodigies of the never-night Imperial Kingdom.”

Su Yu’s eyes were indifferent. He was not interested in their sparring session.

Even with young master Yao Yue’s strength, Su Yu did not pay much attention to them. Their sparring session was meaningless to Su Yu.

Xie Xiaoyue’s eyes flashed. “I know that you are not interested in their sparring session, but do you know who will participate in this sparring session?”

“I know her?” She must have a deeper meaning behind her question.

“Snow Dream Flying Rain.”

Su Yu was only slightly surprised, but he did not look any more surprised.

Because not long ago, he had just seen this woman at the border.

The strange thing was that she was able to freely enter and exit the military camp of the Palace of Light. Moreover, the general of Xuan Hua’s clan seemed to be very secretive about it.

“Have you seen her?” Xie Xiaoyue read something from Su Yu’s eyes and asked curiously.

Su Yu nodded and told her about the incident at the camp of the Palace of light that day.

After hearing that, Xie Xiaoyue’s face was full of suspicion. “What are these father and daughter planning to do now? It’s fine that Golden Pupil Langjun became the Vice President of the local Star Alliance Chamber of Commerce in a strange way, but how is his daughter related to the Palace of Light?”

The Speaker had no intention of listening. Su Yu’s eyes flickered fiercely. Golden Pupil Lang Jun had actually become the vice president of the Star Alliance Chamber of Commerce?

On what basis?

Based on his experience in dealing with the Star Alliance Chamber of Commerce, there was not a single person in the Star Alliance Chamber of Commerce who was not greedy and insatiable. The price of wanting to become their vice president from an Outsider was probably unimaginable.

Golden Pupil Prince, an ordinary master-level Dao Master from the seven ultimate civilizations, could he afford such a high price?

He was deeply suspicious of this!

“This father and daughter pair are indeed scheming something.” The uneasiness in Su Yu’s heart deepened.

If they were in another civilization, Su Yu could still ignore them.

However, in the glazed tile civilization, it involved him, so he could not sit idly by.

“In that case, I have to personally attend this sparring session.” Su Yu’s eyes flashed.

The next day.

Su Yu sparred with Princess Qianyue as usual.

When the sparring session ended, Princess Qianyue said hesitantly, “Teacher Su, I want to take a day off.”

“The reason.”

“I have an important sparring session tomorrow. If I want to participate, please allow me, teacher Su.”

Su Yu said calmly, “Sure!”

Princess Qianyue was secretly happy. This new teacher was still very sensible.

Unexpectedly, Su Yu changed the topic and said, “But, you have to bring me along!”

He was just worrying about how to arrange for Princess Qianyue, but he didn’t expect her to receive an invitation as well.

“Ah?” Princess Qianyue’s face immediately stiffened. She absolutely didn’t want the world to know that she was being disciplined by a teacher.

Fortunately, Su Yu said again, “However, I’m not going as your teacher.”

“That’s great... Oh, what I mean is, it’s all up to teacher.” Princess Qianyue let out a long sigh of relief.

Su Yu said, “I’ll participate as your friend.”

“Alright, teacher Su!”

The teacher and the student made some preparations and headed to the west wind tower in the imperial city the next day.

The pavilion was already filled with all the invited geniuses, with young noble Yao Yue as the main guest and Prince Ling Tian as the prince.

The friendly exchange a few months later was related to the honor and disgrace of the younger generation of martial artists in the Eternal Night Empire, so how could they not take it seriously?

Upon closer inspection, Su Yu realized that even the heartless iron constable was rarely willing to appear.

She sat quietly in a corner, carrying the carriage away with her hands as she carefully flipped through the various cases. She did not seem to fit in with the atmosphere at the scene.

“The princess has arrived!”The Servant of the West Wind Restaurant saw the princess’carriage from afar and chanted loudly.

Everyone was excited. After all, she was the emperor’s favorite princess and a member of the never-night Illumination Palace. Naturally, she was welcomed by everyone.

With a big smile on his face, Yaoyue Gongzi took the initiative to go downstairs and greet the carriage.

The door curtain of the carriage was opened by the maidservant and Princess Qianyue was the first to step out of the carriage.

“Your Highness, you have graced us with your presence!”Yaoyue Gongzi smiled.

Princess Qianyue nodded and jumped out of the carriage. However, she did not follow Yaoyue Gongzi’s invitation and went upstairs. Instead, she waited beside the carriage.

“Princess?”Yaoyue Gongzi looked at her in confusion.

At this moment, another young man stepped out of the carriage. It was Su Yu!

Seeing him alighting from the princess’carriage, everyone present could not remain calm.

“What’s going on? How can the princess’carriage be used by someone else?”

“That can’t be right! Why would the princess come with this human?”

“F * * K! Who is he to actually be able to ride in the same carriage as the Princess!”

..

Even the heartless constable put down the carriage and looked over in deep thought.

Prince Ling Tian was also astonished. The imperial family had strict rules, and his sister’s carriage was not something that an ordinary man could easily ride.

At the side, young noble Yao Yue was the most shocked.

This silver-haired human whom he looked down on had received the warm welcome of the emperor, and now he was actually riding the Princess’carriage?

According to what he knew, this carriage was definitely not allowed to be ridden by outsiders!

Especially men outside of the Imperial Family!

Young master Yao Yue frowned and asked, “Princess, who is this person?”

Princess Qianyue was very reluctant to introduce Su Yu, but she had no other choice. She asked in return, "Did you forget about the banquet a few days ago? Su Yu."

Young Master Yao Yue did not want to ask for his name. "Then, the princess and he are..."

"Friends," Princess Qianyue said in a short and guilty manner.

Friends could ride Princess Qianyue's special carriage?

They had been friends with the princess for many years, but the princess had never allowed them to board the Princess's carriage!

This human named Su Yu actually had such qualifications in just a few days.

It was hard for Yao Yue not to be jealous.

But he appeared very generous on the surface. He smiled and said, "So it's young master Su. Look at my memory. Please!"

He thought to himself that this human was too popular. He did not put the members of the never-night illumination palace in his eyes at all.

The previous banquet was fine, but this time, he was so high-profile when he participated in the sparring meeting.

He would have to make him suffer a little later!

Su Yu could see what he was thinking, but would he care?

The group went up to the west tower.

"Princess, Please." Princess Qianyue was naturally treated like the moon surrounded by stars. She sent him to the most honorable seat.

Yaoyue Gongzi turned around and smiled apologetically at Su Yu. "There are no more seats here. Please help yourself, Young Master Su."

Su Yu looked around. Wherever his gaze landed, all the young elites raised their necks. They either crossed their legs and occupied the empty seats, or they showed hostility and told him not to come over.

There were all sorts of seats, but there was no place for Su Yu to stay.

Yao Yue Gongzi saw this and laughed in his heart. There won't even be a seat later. Let's see if you have the nerve to participate.

But at this moment, a calm and sweet voice drifted over. "If you don't mind, you can sit here."

Everyone looked over when they heard the voice, and their expressions instantly became unnatural.

It was the heartless iron constable who did not fit in with the crowd. He flicked the bench beside him with his sleeves and cleared Su Yu's seat.

This scene once again caused the crowd to have mixed feelings.

The famous heartless iron constable, they had tried their best to befriend him, but he did not even reply. All they received was his usual cold indifference.

In the entire eternal nightless empire, the only person who had successfully gotten close to the heartless Iron Constable was Prince Ling Tian!

However, it was said that she was also extremely cold towards Prince Ling Tian.

In this sparring session, she had even rejected Prince Ling Tian's request to sit together with him and occupy a corner by herself, silently flipping through the files.

Who knew that she would actually give way to Su Yu.

This caused everyone to be extremely depressed. What was so good about this silver-haired human?

Why did it seem like every important figure was especially special to him?

"Why don't you come over to My Place?" However, another voice drifted over.

When everyone looked over, their eyes couldn't help but flash with a strong sense of amazement!

"Who is this? She's so beautiful!"

"I think she went to the monarch's banquet the last time. She seems to be the companion of that silver-haired human, right?"

"What a waste of God's gift! Such a beautiful woman is actually the kind of human companion that can't stand up to the public!"

..

It turned out that Xie Xiaoyue had already expected that the sparring wouldn't go too smoothly, so she came in advance to occupy the seat.

Su Yu thought about it, but chose to sit with constable heartless.

He had some questions that he wanted to ask constable heartless.

Xie Xiaoyue curled the corner of her mouth. "Valuing a man over a friend!"

However, she still stood up readily and came to constable heartless's side together. She sized her up with an unfriendly gaze. "Miss, young master Su is a decent person. Don't do anything that will cause people to misunderstand, okay?"

Su Yu rolled his eyes at her. This sentence was the one that would cause others to misunderstand, right?

Unexpectedly, constable heartless cast a glance at Xie Xiaoyue and said indifferently, "It's not the first time we've met. There's no need to address me as miss, leader Xiaoyue."

Xie Xiaoyue's body immediately stiffened and her eyes revealed disbelief.

Constable heartless actually knew her true identity!

Su Yu was also secretly shocked. What Sharp Insight!

The three of them sat down and chatted with each other.

Young Master Yao Yue looked deeply at Su Yu. He was very unhappy, but the important matter was more important.

She invited the princess to sit down and smiled apologetically, "Princess, didn't your teacher come?"

Hearing this, Princess Qian Yue, who was in a good mood, stiffened for a moment and laughed dryly, "My teacher... he... is quite busy, haha..."

His teacher was right across from him!

"That's a pity. Your teacher must be an expert in the Dao right now. If he is willing to teach us how to spar, it will be an enlightening effect on our cultivation," young master Yao Yue said regretfully.

These words stunned Princess Qian Yue. She thought to herself, he is talking about Su Yu, right?

But How did Su Yu become an expert in the Dao?

Chapter 2314 She Could Not Calm Down

She really did not understand why Yao Yue Gongzi would have such a ridiculous view.

Moreover, wasn't Su Yu right in front of her?

Yao Yue Gongzi's attitude towards Su Yu was the exact opposite of how he treated a 'Dao Expert'.

With this thought in mind, she looked at the corner where Su Yu was and could not help but roll her eyes.

She saw that Su Yu was squeezed in the middle by two women, chatting and laughing with the two of them. Was such a person considered a dao expert?

Young Master Yao Yue must have misunderstood something.

Su Yu ignored everyone else and asked Constable Xiang Wuxin under countless envious gazes, "As a constable who swore to clean up the filth of the world and establish the world of light, wouldn't it be against your heart to sit with two pirate leaders?"

Constable Wuxin's expression was calm. He extended a finger and let a ray of sunlight shine on his slender fingers.

Instantly, a clear shadow was projected on the ground.

"There is light, there is shadow. Under the light, there must be darkness. It can not be avoided," constable heartless said. "All I can do is to eliminate the great evil. Otherwise, I would not be able to fulfill my wish even if I transformed into thousands of incarnations."

Upon hearing this, Su Yu smiled instead.

He had once thought that constable heartless was too naive.

"What are you smiling about?" Constable heartless looked over with his deep eyes.

Su Yu nodded. "You are different from what I imagined."

Constable heartless smiled slightly and said, "I must be very pedantic in my imagination, right?"

"Yes," Su Yu said.

In fact, she was still a little pedantic.

Was it related to her that the world was filled with evil?

Was it beneficial for her to punish the evil?

Was it not good for her to have the energy to cultivate alone and improve her own strength?

"But it's precisely because of pedantry that I'm admirable," Su Yu said slowly.

This was also the reason why he was willing to save detective heartless.

Xie Xiaoyue came over and wrinkled her nose. "Aren't you afraid that people will say that you're meddling in other people's business?"

Constable heartless caressed the file in his hand and said indifferently, "What does it have to do with me if the world's reputation is tarnished? I only act according to my heart."

What a good sentence, what does it have to do with me if the world's reputation is tarnished?

Xie Xiaoyue's lips twitched and she could not continue arguing. She felt a sense of inferiority in her heart.

They were both women, but one of them had the world's justice in her heart while the other was willing to collude with the pirates.

They paled in comparison!

"Alright, thank you for your forgiveness, Constable Heartless." Su Yu cupped his fists.

Constable heartless said plainly, "Didn't you also let him off?"

Su Yu was not surprised. With his insight and intelligence, he might not have noticed Su Yu's good intentions at the time, but he would have understood after calming down.

"I have something to ask you, constable heartless."

"Please speak."

"How much do you know about the Golden Pupil Royal Prince?"

Constable heartless retracted the file in his hand and looked at Su Yu with his clear black and white eyes. "What are you trying to say?"

"I feel that this person is too shrewd and ambitious. Recently, I've noticed that he has appeared in the nightless Imperial Kingdom, and I'm somewhat worried."

Constable Heartless's expression became more solemn as he drew a soundproof barrier around him as if nothing had happened. He said, "To be honest, I've been reading the Golden Pupil Royal Prince's file recently. I have some guesses about his plans."

“However, I can’t tell you for the time being.”

Su Yu was secretly shocked. As expected!

Constable heartless had a very rich source of information, far surpassing Su Yu. She must have grasped a lot of secret information.

“If you need help, you can contact me.”

“Thank you.”

Just as they finished talking, a beautiful figure in snow-white clothes arrived at the west wind building.

Su Yu’s gaze tightened. Bi Yun Hong Xian!

Her appearance had stunned all the men present.

After all, she was one of the two most beautiful women in the seven ultimate civilization.

Young master Yao Yue’s eyes lit up. He took the initiative to step forward and said with a smile, “Fairy Bi Yun, you are here in person. I am honored to have you here. Please take a seat.”

Bi Yun Hong Xian nodded with a smile. Just as she was about to follow his hand gesture, she caught a glimpse of a familiar figure in the corner of her eyes.

Glancing sideways, Bi Yun Hong Xian was stunned for a moment before a look of joy appeared on her face. She walked forward with light steps and curtsied, “Young master Su, it’s been a long time.”

UH --

Everyone was stunned once again. Young Master Yao Yue’s smile froze on his face.

It was the same again!

Why did every important person seem to know Su Yu!

Many people, including young master Yao Yue, had the misconception that they were too ignorant and did not know that Su Yu was actually a famous big shot?

The monarch treated Su Yu with great courtesy, Princess Qian Yue even shared a carriage with him, and the renowned heartless iron constable had a mysterious relationship with him. Even Bi Yun Hong Xian, who had recently come to the Eternal Imperial Kingdom, was acquainted with Su Yu.

It must be because they were too ignorant, hehe..

Everyone’s hearts were in a mess.

Su Yu’s gaze was calm as he lightly tapped his chin. “How have you been?”

“I’m fine, but young master Su, my father and I left in a hurry and didn’t inform young master Su of our departure. I never thought that we would meet again in the nightless imperial kingdom ten years later.” Bi Yun Hong Xian was truly moved and extremely happy.

The excitement and joy in her eyes were sincere and not hidden.

“It’s fine. The Pirate Alliance has already been disbanded, and I was able to escape. Thank you for your concern, Miss Bi Yun.”

Bi Yun Hong Xian’s eyes were filled with regret. Back then, her father’s scheme had been exposed, and she had no choice but to take the core members of the aristocratic families away. She didn’t have the time to inform anyone.

She had always been unable to let go of this.

Seeing Su Yu again, her feelings were obvious.

“Can I sit next to you?” Bi Yun Hong Xian asked. Meeting Su Yu was like meeting an old friend.

Su Yu looked at the slightly crowded corner and said, “If you don’t mind.”

Bi Yun Hong Xian smiled and sat beside Xie Xiaoyue, barely squeezing down.

Xie Xiaoyue moved her butt to the side and rolled her eyes at Su Yu. Her lips moved and spat out a few words that only Su Yu could hear, “Show mercy everywhere!”

Su Yu could only shrug his shoulders to express his helplessness.

He really did not do anything to Bi Yun Hong Xian.

In fact, their friendship was only shallow and did not go deep.

It was just that she valued favors more and had always been thinking of him.

Young Master Yao Yue saw this and was rather jealous.

Bi Yun Hong Xian would rather squeeze with Su Yu than come to the seat of Honor!

But now, the seat of Honor was the center of this sparring session. In the end, everyone’s attention was completely drawn to that corner.

At this moment, when he saw Su Yu, he felt a piercing pain in his eyes, as if Su Yu had become a thorn in his eyes.

“Damn it! I’ll make you suffer later!” Young Master Yao Yue was secretly furious.

Su Yu had only come to the nightless imperial kingdom for a few days, and he had already stolen all the limelight of the Imperial Kingdom!

“Since everyone is here, then let’s formally exchange pointers.” Young Master Yao Yue seemed to be the host of the sparring session, he said, “The main purpose of this sparring session is to explore each other’s weaknesses, so the sparring session needs to be serious and not stop at the last minute.”

In other words, injuries might appear during the sparring session.

The group of Heaven’s favorites nodded and did not have any objections.

They had all suffered greatly to be able to achieve their current status. It was common for them to get injured during sparring. What was there to be afraid of?

However, they were not afraid of getting injured, but they were afraid that the princess would get injured.

If she were to get injured, the emperor might be angered and his life would be in danger.

“This time, we invite the princess to be a witness and urge us to do our best in sparring,” young master Yao Yue said.

Princess Thousand Moon raised her eyebrows. If she was the supervisor, wouldn’t she be unable to fight?

Didn’t she come here to spar with everyone?

Her princess temper was about to flare up, but she didn’t dare to act rashly due to Su Yu’s presence. She could only endure it and nod unwillingly, “Alright.”

Young master Yao Yue heaved a sigh of relief in his heart.

He originally didn’t want to invite Princess Thousand Moon to spar with the west wind tower this time.

He knew that he might no longer be a match for Princess Qianyue.

However, it wasn’t right to not invite Princess Qianyue, who was also a member of the never-night Illumination Palace. He could only brace himself and set her up.

In short, he would try his best not to let Princess Qianyue make a move so that he wouldn’t lose his position as the number one person in the never-night illumination palace.

The sparring began very quickly.

Different from the last time when the Princess’s residence had only had a small taste, both sides were going all out in this sparring. It was a real fight, and the battle was exceptionally intense.

Many of the spectators were amazed. They had learned a lot from their sparring.

There were only four discordant figures who had never paid attention to each other’s battles from the beginning.

Su Yu and the other two had been communicating with each other. With their strength and realm, the sparring of the members of the nightless luminous palace had no value to be learned.

Su Yu’s main focus was on beating around the bush, trying to get some information from Bi Yun Hong Xian.

Unfortunately, Bi Yun Hong Xian did not know what the golden-eyed Langjun was trying to do.

Including the previous operation, she was only informed of it when the plan was about to be implemented. During that time, she only gave orders to help the golden-eyed Langjun with some matters.

In the end, Su Yu asked Bi Yun Hong Xian what she was doing in the military camp of the Palace of light. She was also at a loss and said that she was just delivering a letter under her father’s orders.

Just as Su Yu was about to ask more questions, young master Yao Yue cupped his hands and smiled at everyone. “The sparring session of the never-night bright palace has temporarily come to an end. However, our exchange has not stopped!”

He changed his tone and pointed the spear at Su Yu and the others who were talking.

“We are very lucky to have invited the famous young master Su Yu today. Why don’t we invite him out to show us his skills?”

Not many people knew Su Yu’s name.

Therefore, when young master Yao Yue said the four words ‘famous’, he drew a burst of laughter.

“Who is Su Yu? And he is famous? Should I know who he is?”

“It should be that human youth who got off the princess’ carriage, right?”

“He is only a half-step dao master, and he is worthy of the four words ‘famous’?”

“Yes, I guess young master Yao Yue is being sarcastic!”

..

Disregarding the hostility that young master Yao Yue had intentionally stirred up, just the fact that he had invited Su Yu to the arena without any preparation showed no respect at all.

They had agreed that the members of the never-night illumination palace would spar with each other. If they were to invite an outsider to the arena, they should have at least informed him beforehand, right?

Moreover, they had not specially invited Su Yu at all.

Su Yu felt disgusted and cast an indifferent gaze at them, showing no mercy at all. He said, “You guys can continue sparring. My strength is insignificant, so I won’t come out and embarrass myself.”

Hearing his refusal, how could the members of the never-night Illumination Palace let him go?

Chapter 2315 Space-Time Talent

They had been jealous of Su Yu for a long time and had long wanted to teach him a lesson.

“Don’t, young master Su. You are someone highly valued by the emperor. We have been looking forward to fighting with you.”

“Yes, I heard that your strength is very impressive. It should be effortless for you to suppress us, right?”

..

The corners of young master Yao Yue’s mouth curled up slightly. It seemed that even without him taking action, there were still people who were willing to serve him.

What he did not know was that the sarcasm of the few members of the never-night illumination palace was actually all true.

The monarch really valued Su Yu because of his strength. He was able to suppress all of them present with ease.

It was just that they found it hard to believe!

Xie Xiaoyue sneered. What a bunch of fellows who overestimated themselves.

At this moment, Su Yu disdained to fight with them. If they were to really fight, all of them combined would not even be able to match up to a single fist of Su Yu's.

The heartless catcher glanced at the clamoring members of the never-night illumination palace and said, "Aren't you going to shut them up?"

Su Yu said indifferently, "I can't be bothered with them."

However, when young master Yao Yue saw that Su Yu still did not come out, he thought to himself that Su Yu must have been frightened and did not dare to come out. He did not relent and said, "Young master Su, look, it's hard to decline a kind offer..."

Swoosh --

A beautiful figure flashed, and Bi Yun Hong Xian rushed forward and said indifferently, "Young master Su doesn't want to come, let me spar with you on his behalf."

Forget about the others, even Su Yu himself was stunned.

Bi Yun Hong Xian's strength was only at the half-step dao master level. Most of the members of the nightless illumination palace in front of him were Dao Masters.

Was she confident in dealing with them?

Young Master Yao Yue was particularly jealous. What was so good about that su fellow that so many people were protecting him?

"Fairy Bi Yun, it's better to ask young master Su to come personally. We're afraid of hurting you." Young master Yao Yue suppressed his anger and said with a smile.

Fairy Bi Yun Hong slowly released her primal power and said with a calm expression, "All of you still know too little about young master Su. If all of you are not even as good as me, you probably won't even be able to defeat him with one hand."

The people who were already ineffably jealous of Su Yu almost exploded with anger when they heard this.

They still couldn't defeat Su Yu with one hand?

Even a joke had to have a limit, alright?

Or rather, this was an insult to the never-night illumination palace!

"Since fairy Bi Yun says so, then I shall have the audacity to test fairy Bi Yun's strength." An ordinary-looking youth walked forward.

Su Yu knew this person. He often went out to temper himself with Princess Qian Yue.

He was ranked last in the never-night illumination palace. He was the only member of the never-night Illumination Palace who had not broken through to become a DAO Master.

“Please.” Bi Yun Hong Xian said calmly, “You can attack now.”

The youth cast a sidelong glance at Su Yu and said coldly, “After fairy Bi Yun is defeated, I want to properly experience the might of young master Su’s fist!”

As he spoke, he released his primal power and unleashed all of his Dao artifacts, immortal embryos, and Magic Treasures. He took the initiative to launch an attack.

His attacks could not be described as not fierce. There was practically no room for him to hide.

However, what was unexpected was that fairy Bi Yun didn’t even have any defense. With just a light step, she easily evaded all of the attacks.

It was as if she could predict in advance which direction the enemy’s attack would land in.

The young man was stunned. He couldn’t believe that fairy Bi Yun easily evaded his attack with his full strength.

He attacked again.

But the result was the same!

The people who had planned to watch fairy Bi Yun being defeated gradually realized that something was wrong!

After ten consecutive moves, fairy Bi Yun only dodged and didn’t attack.

After eleven moves, fairy Bi Yun said indifferently, “Ten moves have passed. It’s my turn!”

She didn’t use any powerful divine arts. She just stepped forward and flicked a strand of primal power.

However, the strange thing was that this simple attack made the young man seem stupid. He swayed left and right, unable to shake it off. In the end, he was pressed between his brows.

PA --

Without even a miserable groan, the young man was knocked unconscious.

This strange scene caused the entire place to be silent for a long time. No one understood what had happened.

Only Su Yu knew!

He gazed deeply at Bi Yun Hong Xian. Back in the seven ultimate civilization, Bi Yun Hong Xian had yet to inherit the bloodline of the Heaven’s will empress.

Ten years later, she had completely grasped it!

The only one who could predict the enemy’s trajectory in advance was the space-time domain of the Heaven’s will empress, right?

Bi Yun Hong Xian had also inherited her bloodline.

After the golden-eyed prince, she was the second.

“Who else?” Bi Yun Hong Xian asked indifferently, but no one dared to underestimate her anymore.

“I’ll do it!” In the never-night illumination palace, the fifth-ranked Zhuifeng Zi volunteered.

Zhuifeng Zi was the one in the never-night Illumination Palace who was best at movement techniques. Even the first-ranked young master Yao Yue was not as good as him.

The former’s defeat was so strange that Zhuifeng Zi wondered if it was because his reaction speed was not fast enough.

Only Su Yu knew that this person would definitely lose.

Before the talent of space-time, movement techniques were illusory.

Unless the enemy was too powerful and could interfere with Bi Yun Hong Xian’s talent of space-time, otherwise, she was an invincible existence!

The two sides quickly exchanged blows.

They thought that wind-chaser’s appearance would change the situation, but who knew that they would still fall into the same strange situation as the former.

No matter how fast wind-chaser’s movement technique was, or how crafty and unfathomable his attacks were,.

Bi Yun Hong Xian was able to predict in advance and easily dodge it.

After ten moves, she made her move.

It was still a wisp of primitive power, but wind-chaser, who was famous for his movement technique, was like a demon. He couldn’t shake it off and was eventually sent flying.

“Next!” While everyone was shocked, Bi Yun Hong Xian said calmly.

This time, who would dare to attack again?

They didn’t even know how Bi Yun Hong Xian won!

Yao Yue Gongzi’s face was solemn. He felt threatened. There were really crouching tigers and hidden dragons!

It was fine if it was Princess Thousand Moon, but even Bi Yun Hong Xian, who was so inconspicuous, was so terrifying!

He thought that if they really fought, he might not even have a fifty percent chance of winning.

For a moment, the entire place was terrifyingly quiet. The members of the nightless luminous palace who were still clamoring just now all quieted down.

“Since no one is challenging him, then the challenge to young master Su should end here. If he can’t even be compared to me, then there’s really no need to

waste his energy.”After saying that, Bi Yun Hong Xian changed her indifference, with a bashful smile on her face, she sat back down beside Su Yu.

Su Yu smiled bitterly and said, “I’m not as powerful as Miss Bi Yun imagined.”

Of course, he was being modest.

Although his talent in space-time was powerful, Su Yu also grasped the laws of time and Space Domain, which was the nemesis of Bi Yun Hong Xian.

“Young master Su is unpredictable and can often show what ordinary people can’t. Although I have made some progress in ten years, young master Su’s progress must be even greater,”Bi Yun Hong Xian said frankly.

Xie Xiaoyue, who was at the side, muttered in her heart. Bi Yun Hong Xian was right.

The Su Yu from ten years ago and the Su Yu from ten years later were two completely different levels!

“I think so too.”The strange thing was that the heartless constable said the same thing. He looked at Su Yu with a meaningful gaze.

Among his peers, Su Yu was the only one who had defeated him.

Moreover, she had a feeling that Su Yu had not done his best at that time.

“Humph!”Young Master Yao Yue snorted coldly. He was particularly unhappy.

A good and harmonious sparring session had ended in a sorry state because of Su Yu.

The members of the never-night illumination palace left on bad terms.

Walking down the west wind tower, wind chasing son said, “Big Brother Yao Yue, are we just going to let it go? That su fellow is relying on his good luck with women and has women backing him up. He despises us. How Hateful!”

When had Su Yu ever despised them?

It was because they were jealous and could not calm down, right?

“What else?”Yao Yue glared at him. “Unless you also have such good luck with women!”

He was extremely jealous. Why did all those powerful women regard Su Yu as an important friend?

On the other hand, he, the number one genius of the eternal nightless Imperial Kingdom, was unwilling to get close to him?

This was really unreasonable!

“How could I have such a handsome appearance like that human!”Wind Chaser said sourly.

In terms of appearance, none of the people in the eternal night palace could compare to Su Yu.

“Pretty Boy! Just looking at him makes me angry!”

“This is really hard to swallow!”

After all, young master Yao Yue was a little older than them, so he quickly calmed down, he said, “There will be plenty of time in the future, and there will be plenty of opportunities. For example, there will soon be a friendly exchange between the nightless Imperial Kingdom and the Palace of light! At that time, there will be many powerful experts gathered, and I’m afraid that no woman will be able to protect him in time!”

Hearing this, everyone’s eyes lit up, as if they had already seen Su Yu’s swollen face from the beatings, and they all revealed knowing smiles.

West Wind Tower.

The four of them chatted for a while. Su Yu felt that he could no longer learn anything more from Bi Yun Hong Xian, so he stood up and bade her farewell. “We’ll meet again next time.”

Bi Yun Hong Xian hurriedly said, “The nightless imperial kingdom and the radiant palace have a friendly exchange with the younger generation. Do you want to go?”

She really liked chatting with Su Yu. Whether it was in terms of strength or character, she was extremely satisfied.

“Go.” Su Yu looked at Princess Qianyue who was waiting for him in the distance.

If he didn’t go, no one would be able to suppress the people from the Palace of light.

“Okay, then I’ll see you in two months.” Bi Yun Hong Xian left in satisfaction.

The heartless constable took her away and said without looking back, “I’ll see you in two months.”

“What About You? Are you going to the Princess’s residence or the palace with me?” Su Yu asked Xie Xiaoyue.

Xie Xiaoyue glanced at the princess and said mischievously, “I still don’t want to disturb you and the great beauty of the Princess.”

Su Yu was speechless. He felt that Xie Xiaoyue seemed to have become much more lively ever since she had disguised herself as such a peerless beauty.

In the past, Xie Xiaoyue always gave people the impression that she was mature and mature, but now, she had the feeling of a young girl.

“I say, take off your disguise. With my current identity, it shouldn’t be a problem to get the eternal nightless empire to revoke their arrest warrant on you.” He couldn’t always let Xie Xiaoyue wear this mask, right?

Xie Xiaoyue stopped in her tracks, turned her head, and poked her fair and tender cheeks with her index finger. “Oh? Isn’t my face Beautiful Now?”

To be honest, it was beautiful.

It was an extremely rare beauty.

Su Yu had never seen it many times in his life.

But unfortunately, this was just a disguise.

“Beautiful.”

“Then why do you want to take it off?”Xie Xiaoyue asked with a grin.

Su Yu waved his hand. “It’s up to you. I’m just saying.”

After that, he left and returned to the Princess’s residence with Princess Qianyue.

Xie Xiaoyue looked at Su Yu’s back and touched the extremely elastic face of the young girl. She giggled. “At least you have good taste. You know that this demon lord... Oh, this lady’s Beauty!”

Unfortunately, Su Yu did not hear this sentence!

Chapter 2316 Friendly Communication

Princess Qianyue’s face was filled with displeasure as she boarded the carriage.

This sparring session had nothing to do with her at all, causing him, who had come here in high spirits, to come here for nothing.

“Gold will shine sooner or later. What’s the Rush?”Su Yu saw through her worries and asked.

Princess Qianyue still didn’t dare to throw a tantrum in front of Su Yu. She said aggrievedly, “I just don’t want to be left behind. It’s going to be a friendly sparring session between the two major powers soon. As the Princess of the nightless Imperial Kingdom, I can’t bring shame to the Imperial Kingdom.”

Oh? She was still worried about the imperial kingdom?

She did not see it at all in the past. She thought that she was just being unruly and willful.

“Left behind? You’re thinking too much. Under my guidance, your strength is enough to crush any one of them. They are no longer a match for you,”Su Yu consoled.

Princess Qianyue secretly rolled her eyes. She thought to herself, he really dares to say it!

The others in the never-night illumination palace might be easy to deal with, but young master Yao Yue’s strength was very formidable.

Until the last time they fought, he had to give in in order to barely suppress him.

Of course, on the surface, Princess Qianyue didn’t dare to refute. She nodded like a chick pecking at grains, “Yes, yes, yes, teacher Su is right. Your student is enlightened!”

Su Yu nodded slightly. All of a sudden, his eyebrows jumped.

Without any warning, he felt a hint of hostility.

As he spoke, Su Yu suddenly lifted the curtain of the carriage and cast a sharp gaze outside.

However, he saw a woman with picturesque features. She hurriedly averted her gaze and turned around to squeeze into the depths of the crowd.

“It’s her?” Su Yu was surprised.

Su Yu knew this woman. At that time, they were at the peak of the snow mountain together and obtained an invitation from that mysterious old Daoist.

Her name seemed to be Xuan Yin.

At the banquet earlier, there had been many people and many eyes, so Su Yu hadn’t paid attention to whether Xuan Yin was among them.

But now, she had appeared in the Eternal Imperial Kingdom, and had even cast a hostile gaze at Su Yu.

“Interesting.” Su Yu smiled.

Presumably, it was because of what Su Yu had done in the palace of light that Xuan Yin had found out, and thus hated Su Yu very much.

However, she should be glad that she didn’t do anything out of the ordinary. Otherwise, what shot at her just now wouldn’t have been two gazes, but a fatal move!

Xuan Yin sneaked into the crowd and watched the carriage slowly leave. She clenched her fists unwillingly.

“Damn it, the enemy is right in front of us, but we can’t act Rashly!” Xuan Yin said in a low voice.

There was news from the Palace of light that a silver-haired human named Su Yu had wreaked havoc in the palace of light!

Not only had he defeated all the elites of the Palace of light, he had even disguised himself as Wang Jiuyang and barged into the misty forest without permission. He had taken first place in the Battle of the deer, causing the emissary of light to lose face!

As a member of the emissary of Light, Xuan Yin could not tolerate Su Yu’s actions.

Just now, she had been secretly gathering information about the strength of the never-night illumination palace outside the west wind tower. When she accidentally discovered Su Yu’s presence, she had the intention of taking revenge. She decided to follow Su Yu and wait for an opportunity to take revenge.

Who knew that Su Yu’s senses were astonishing and had detected her in advance.

“Su Yu, you’re hiding in the crowd. I Can’t do anything to you, but you’d better pray that you don’t fall behind.” Xuan Yin knew that Su Yu had the strength to crush Kong Qu, but she was still confident enough to take revenge on Su Yu.

It could be seen that Xuan Yin was quite confident!

She turned around and came to a remote alley, returning to her nearest hiding place.

Unexpectedly, when she pushed open the door of the cave abode, there was a distorted black shadow waiting for her for a long time.

That Shadow gave off an evil aura, and its pair of scarlet eyes looked particularly terrifying in the shadow.

“Jie Jie! It's been a long time since I've seen you, Miss Xuan Yin.”

Xuan Yin immediately recognized that hoarse voice after hearing just one sentence. Her expression changed drastically, and she gasped, “You are... Shadow Hunter?”

“Hehe, thank you for your love, Miss Xuan Yin. You still remember me.”

Xuan Yin's expression was extremely grave. How could she not remember Lie Ying?

He was an expert of the same generation who had once trampled Xuan Hua under his feet. He was a heaven-gifted genius who claimed to be competing with the chosen one!

Not only that, this person was vicious and merciless. He was definitely not someone who was easy to get along with.

If she was in a bad mood, she would kill people for fun.

The hair on her body stood on end, and her muscles tensed up. She was ready to escape at any moment.

“Don't be nervous. I didn't come all the way to the nightless imperial kingdom for you.”

“Since it's not for me, why are you looking for me?”

“I'm Looking for you because I want you to do something for me.”

Xuan Yin slowly retreated and said coldly, “What if I say no?”

“I never allow people to say no!”

As soon as she said that, the distorted black shadow that was clearly still far away wrapped around Xuan Yin in the blink of an eye and merged into her body.

“Stop!” Xuan Yin turned pale with fright. The power of the DAO Master in her body kept erupting, trying to squeeze the black shadow out of her body.

However, the black shadow did not have any obstruction and merged into Xuan Yin's body bit by bit.

A moment later, Xuan Yin lay on the ground covered in sweat. Her body twitched and she said “No” intermittently.

Until she couldn't say a word.

After lying on the ground for a long time, she suddenly stood up with an evil look on her face.

“What a troublesome body. My consciousness of resistance is too strong. It has wasted a lot of my energy.”

“However, this body is enough.” Xuan Yin gave a strange smile.

Time was like water.

Two months passed by in a flash.

However, many warriors of the nightless Imperial Kingdom felt as if two years had passed. They felt that two months was a long time.

The Eternal Night Imperial Kingdom and the Radiant Palace, which had always been enemies, had broken through the ice for the first time after so many years. It was indeed very exciting.

After waiting eagerly, the Radiant Palace's emissary finally led a team over.

The team was led by several experts of the radiant palace, including a Vice Palace head.

Coincidentally, this vice palace head, Su Yu, knew him. It was that Vice Palace Head Lu!

Among the radiant emissaries, the one leading the team was Xuan Hua.

That incomparably mysterious Destiny's daughter still hadn't appeared.

This caused many warriors who were filled with anticipation to be greatly disappointed.

After settling down in the nightless Imperial Kingdom, the group of people from the Palace of light temporarily moved into the monarch's side palace, allowing them to rest temporarily after their long journey. They were also scheduled to begin the exchange of pointers between the two sides ten days later.

Instantly, the Imperial City of the nightless Imperial Kingdom seemed to have been reinvigorated.

Whether it was the streets, alleys, or teahouses in the market, all of them were talking about the radiant envoy of the Palace of Light with great gusto.

The one that was talked about the most was naturally Xuan Hua.

Not only was she beautiful, but her strength was also extremely powerful. Many male warriors regarded her as their dream lover.

Apart from that, they were most concerned about the outcome of this exchange meeting.

Although it was said to be an exchange, they were very clear that the main objective was still to spar.

The majority of the people of the eternal nightless empire were extremely pessimistic. This was because in the past, from the looks of the situation, the eternal nightless palace was indeed inferior by more than a level to the radiant palace.

The people of the world were discussing the radiant palace. The group of radiant emissaries from the Radiant Palace were in the secret room, listening to the information from Xuan Yin.

"The members of the palace of the nightless luminous palace, other than that young master Yao Yue, are all ordinary people. There's no need to worry about them," Xuan Yin said.

The emissaries of light looked relaxed and did not look nervous at all.

Xuan Yin's information did not exceed her expectations in the slightest.

No matter how many years had passed, the younger generation of the nightless imperial kingdom was still so weak!

“Sigh! It really isn’t what the first palace master is thinking. Why must we choose to cooperate with the nightless Imperial Kingdom?”Zheng Yuan crossed his arms behind his head and leaned against the wall, filled with unwillingness.

Yang Hua was also very puzzled, he said, “The overall strength of the Sword Whisper Pavilion is far superior to the nightless Imperial Kingdom. If we cooperate with them, we will gain even more benefits in the glazed ancient cave in the future. Cooperating with the nightless Imperial Kingdom... Hehe, it will only slow us down, right?”

Even Xuan Hua did not quite understand the grand palace master’s intentions.

When she learned that the ancient glazed cave was about to open, she had expected that the palace of light might choose to cooperate with one of the powers.

She had originally thought that it would definitely be the Sword Whisper Pavilion, which was on par with the Palace of light.

She had not expected it to be the nightless imperial kingdom.

It was not that she had underestimated the nightless imperial kingdom, but that the nightless imperial kingdom really did not have any talents that they could bring out.

Cooperating with them in the ancient glazed cave would only drag them down.

“Forget it, this is the decision of the Great Palace master, we can only obey.”Xuan Hua hammered the final decision. “From today onwards, don’t show any regretful attitude, lest it affects the cooperation between the two sides.”

The other envoys of light didn’t dare to disobey her words.

However, the contempt towards the eternal eventide luminous palace that came from the bottom of their hearts couldn’t be changed.

“Is there any other important information?”Xuan Hua asked as if she was implying something.

Xuan yin nodded and said, “Su Yu is in the Imperial City.”

What?

The lazy crowd suddenly became alert.

For the past few months, the word ‘Su Yu’was like a nightmare that wouldn’t disperse.

No matter where they went, there would always be warriors of the palace of light pointing and pointing at their light envoys, saying that they were incompetent and letting the people of the never-night empire destroy their prestige.

At the most serious time, there would be a bigger demonstration, demanding that the emissaries of light be withdrawn and not to waste any more resources of the Palace of light.

This period of time was simply the most torturous time for the emissaries of light.

This time, they went to the Eternal Night Imperial Kingdom to participate in the exchange. To a large extent, it carried the hopes of many warriors of the Palace of light... defeating Su Yu and taking back the glory of the emissary of light.

Zheng Yuan and the others all looked towards Xuan Hua.

Among all of them, only Xuan Hua was able to suppress Su Yu.

All of their hopes were on Xuan Hua!

Xuan Hua's gaze flashed slightly as he asked, "What is Su Yu's identity?"

"He isn't of any identity. He is neither a member of the Eternal Nightless Empire nor a member of the Eternal Night Illumination Hall."

Xuan Hua then asked, "Will he participate in this exchange?"

"This... I don't think so," Xuan Yin replied. Su Yu had no interest in participating in the exchange of pointers at the West Wind Tower. He was completely out of the picture.

Hearing this, everyone heaved a long sigh of relief, and the pressure on their bodies relaxed.

If Su Yu participated in this exchange, they would probably lose face once more.

Princess residence.

Su Yu carried out orderly training for Princess Qianyue. He didn't seem to be affected by the arrival of the emissary of light at all.

After several months of training, Princess Qianyue's nine dharma idols were much more solid than before.

If the nine dharma idols were to attack at full strength, Su Yu would need to treat them seriously before he could withstand them.

Based on his speculation, among the emissaries of light, other than Xuan Hua, no one should be able to defeat Princess Qianyue.

"How much do you desire to be first in this exchange?" Su Yu asked.

Princess Qianyue gave Su Yu a strange look, thinking to herself, isn't that nonsense? Who wouldn't want to be the champion and win glory for the Eternal Nightless Empire?

"Teacher Su, I desire it very much." Princess Qianyue said bashfully.

Su Yu thought for a moment, then took out a pitch-black round bead.

"Take it, refine it again within ten days, and learn how to use it."

This was the evil King Bead, and it could duplicate all of the enemy's domains and divine arts.

If there was anything that could counter the mysterious painting's strange ability to make things appear real, it would be the evil King Pearl.

“Give it to me?”

“Don’t think too highly of yourself.” Su Yu was not in a good mood. “Remember to return it to me after the sparring session.”

This item belonged to the evil dragon. He had no right to give it to anyone else.

To be honest, Princess Qianyue did not have much interest in this so-called magic treasure.

She was a dignified Princess Qianyue, and she possessed the eternal nightless Imperial Kingdom’s Peerless Magic Treasure. How could she possibly be interested in the item that Su Yu had given her?

However, Su Yu had given her an order, and she didn’t dare to disobey it. She immediately sat down obediently and began to refine it.

Ten days passed in the blink of an eye.

Everyone looked forward to the friendly exchange and sparring between the eternal nightless Imperial Kingdom and the Palace of light.

In the training field, Princess Qianyue fondly played with the evil King Pearl. She realized that this magic treasure was simply too magical.

With this treasure in hand, she could do whatever she wanted in the glazed culture!

“Teacher Su, thank you,” Princess Qianyue finally said obediently. In her heart, she thought, this is what you have to compensate me for months of suffering!

Su Yu looked at the time and said, “Let’s set off as soon as possible.”

“You’re not going?”

Su Yu said, “I’m observing in the dark. Perform well.”

“Okay!” Princess Qianyue was like a little bird that had been released. After regaining her freedom, she immediately went to the palace’s Tianmen Square.

By the time she arrived, all the members of the never-night illumination palace had already arrived.

On the other hand, none of the envoys of light had actually arrived.

“Princess, these envoys of light really have high statuses,” young master Yao Yue complained.

Princess Qianyue didn’t mind. “Statuses are determined by ability, not by who arrives late. Do you understand?”

“Your words make sense, princess.”

Everyone waited patiently.

It was only when the appointed time was about to arrive that the members of the Palace of light arrived late!

Under the leadership of Vice Palace Master Lu, Xuan Hua and the others wore bright uniform clothes and walked into the square majestically.

All of them were in high spirits and were extremely confident, making them seem different from the rest.

In contrast, the members of the never-night Illumination Palace didn't have enough confidence.

Their bearing was obviously inferior to the other party's.

This scene caused the various people who came to observe to sigh inwardly. The never-night illumination palace was truly inferior to the envoys of light in all aspects!

Xuan Hua and the others had calm expressions, and even sat down with a little arrogance towards the members of the never-night illumination palace.

Under the powerful aura, the people of the never-night illumination palace were even more pressured and embarrassed.

Only Princess Qianyue, who had grown up in the royal family since young, was not affected by their aura. She said in a graceful manner, "Welcome, envoys of light from the Palace of light. On behalf of the royal family, I welcome all of you."

Zheng Yuan nodded slightly. He sized up the members of the nightless luminous palace one by one and muttered in unison, "Good and bad are mixed."

Although his voice was soft, most of the members of the nightless Luminous Palace were dao masters. How could he hide it from them.

Instantly, their faces lost all light. They were angry and angry, but they did not dare to flare up.

It was Xuan Hua who cared about the overall situation. He said indifferently, "On behalf of the Palace of Light, I thank all of you for your warm hospitality!"

Princess Qianyue clapped her hands. Young Master Yao Yue and the others immediately took out the crystal badges that the palace of never-night illumination had made in a month's time. There were a total of eighteen of them, one for each person, which symbolized the friendship and unity of both sides.

For this reason, the members of the palace of never-night illumination gave up their cultivation and specially prepared this gift.

"This is a small gift that we have carefully prepared. Please don't mind it, emissaries." Young master Yao Yue laughed heartily.

Seeing the Crystal Badge, the light emissaries had a strange expression.

Zheng Yuan smiled faintly. "Oh, so the never-night illumination palace has prepared a gift as well. Unfortunately, we have also prepared a gift for you."

His smile had a hint of mockery.

Chapter 2317 Losing Face

Zheng Yuan and Yang Hua each took out a spatial storage item and took out nine jade bottles.

The bottles contained a type of transparent spirit liquid, but it couldn't be seen visually.

Xuan Hua said indifferently, "Before we came, we prepared a gift for you. I hope you will accept it."

She pushed the jade bottle over.

Young Master Yao Yue was filled with suspicion. Zheng Yuan's undisguised mockery gave him a bad feeling.

Was this bottle of spirit liquid very special?

However, since things had come to this, he could only brace himself and open a jade bottle.

The astonishing spirit energy that he had imagined did not come. Instead, the special fragrance that the spirit liquid should have had appeared.

"A bottle of water?" A few members of the never-night Illumination Palace opened it and were stunned. They could not understand what the emissary of light was trying to say.

Was he trying to humiliate them on purpose?

Yao Yue felt indignant in his heart. He knew that the emissary of light had come to look down on the never-night illumination palace, but wasn't giving them a bottle of water too humiliating?

He might as well not give them anything at all!

Just as he was about to fly into a rage, he suddenly sensed a weak aura and could not help but tremble. "This is... absolute beginning qi?"

Although it was extremely weak, almost equivalent to nothing, it was still detected.

He immediately picked up the jade bottle and sniffed it carefully. An uncontrollable ecstasy appeared on his face.

This was the absolute beginning Qi that was priceless!

One could only obtain this item by chance. It was definitely not something that could be bought with money.

Young master Yao Yue's aristocratic family was quite large and extremely wealthy. However, he had never had the chance to obtain the absolute beginning Qi for hundreds of years.

This was the first time he had obtained it since he began his cultivation.

It was rumored that the absolute beginning Qi had an unimaginable effect on the improvement of one's domain. He had been longing for it for a long time.

Hence, he could not help but reveal traces of wild joy on his face.

However, his mental fortitude was still alright. He immediately restrained his strange expression.

However, the other members of the never-night illumination palace did not have such mental fortitude. All of them were overjoyed. There were even a few who could not help but laugh out loud.

Young Master Yao Yue's heart skipped a beat, and he immediately understood the meaning behind Zheng Yuan's mocking expression.

The gifts that they had thought they had prepared meticulously were not even left with dregs in the face of absolute beginning Qi.

Just the weight of the gifts they had given out was already a notch lower than the never-night illumination palace.

Looking at the behavior of the never-night Illumination Palace members when they received the gifts, it was as if a country bumpkin had entered the city and was given a steamed bun by the deputy young master of the landlord's family!

Even young master Yao Yue himself felt ashamed of the performance of the members of the never-night illumination palace and wished that he could find a hole in the ground to hide in.

“Many thanks to the envoy of light for bringing the gifts!” Young Master Yao Yue hurriedly spoke out, faintly carrying a shocking power that caused the few members of the never-night illumination palace who were immersed in ecstasy to wake up.

Only then did they realize that they had revealed their ugliness. One after another, they awkwardly put away their jade bottles and became serious.

However, the spectating figures of the royal capital all felt that they had lost all face.

“The future of our eternal nightless empire actually depends on these trash?”

“Sigh! Let's go, we don't have the face to continue watching!”

“It's better to suggest to his majesty as soon as possible that we cancel the so-called eternal illumination hall. Other than making a fool of ourselves, we don't have any other specialties!”

..

As citizens of the Eternal Nightless Empire, they all felt extremely ashamed.

The performance of the members of the nightless illumination palace was really too embarrassing!

Princess Qianyue was also extremely furious. Seriously, they usually looked down on each other with their noses up in the air. In the end, when they brought out something good, they were like country bumpkins!

She also felt embarrassed.

Xuan hua said calmly, “No need to thank me. It's just a small token of appreciation.”

This was really a small token of appreciation.

Recently, a batch of extremely dense absolute beginning Qi had come out of nowhere from the Palace of light.

The entire Palace of light had fallen into a frenzy of fighting.

Several emissaries of light had paid together and joined in the fierce fight. Finally, they had bought a hundred drops of absolute beginning Qi with hundreds of millions of dao coins.

According to their own money, the absolute beginning qi and spiritual liquid were all distributed.

However, there was still one drop left. They diluted it nine times and divided it into nine parts to give to the members of the never-night Bright Hall.

Looking at their ugly expressions, Xuan Hua could not help but waver.

They really wanted to cooperate with such people?

She was really unwilling!

However, the important thing was still their strength. Let's see how strong they were first.

After a round of exchanges, everyone gradually shifted the topic to sparring.

Finally, it was Zheng Yuan. He put down his teacup and said, "The last time our radiant palace sparred with the never-night illumination palace was decades ago. Since we are fortunate enough to cooperate today, why don't we spar and improve our relationship?"

A fighting spirit rose in young master Yao Yue's heart.

In that battle back then, the never-night illumination palace could be said to have suffered a crushing defeat!

As the number one person of the never-night Illumination Palace, he was defeated in less than three moves by the radiant envoy called Kong Qu.

All these years, he had been training hard all the time, striving to raise his cultivation to a higher level.

All for the sake that one day, he would be able to wash away the humiliation of those years.

"That's what we want!" Yao Yue Gongzi's fighting spirit shot up.

Xuan Hua nodded. "Alright, let's have a spar then. Friendship first, competition second."

No one would believe her words.

When two forces of the same generation fought, how could they not value the competition?

Under the arrangement of both sides, the square was soon empty for sparring.

"I'll take the first round." Zheng Yuan smiled contemptuously and volunteered to go on stage.

Zheng Yuan was ranked eighth in the light, and could be considered to be at the bottom.

Yao Yue Gongzi glanced coldly at this person. If one were to say that the person who was most ridiculed and ridiculed was Zheng Yuan.

"Qin Feng, you go!" Yao Yue Gongzi said.

Qin Feng was ranked seventh in the never-night illumination palace. Although he had just broken through to Dao Master, his foundation was stable. He had condensed his domain and Dao artifact, and his strength was quite good.

"Give this person a slap to shut his filthy mouth," Yao Yue Gongzi transmitted his voice.

Qin Feng nodded without batting an eyelid. He looked at Zheng Yuan with an unfriendly gaze.

Yao Yue Gongzi was not the only one who wanted to slap Zheng Yuan's mouth.

"Oh? I still suggest that you send someone with a higher ranking. Otherwise, the outcome will be very ugly." Zheng Yuan placed his hands behind his back and had a half-smile on his face.

Qin Feng was not afraid. "It's more than enough to deal with you!"

Splash --

A long sound of flowing water lingered around Qin Feng. It was the activation of his domain.

Zheng Yuan chuckled. "The domain is already formed. It's not bad."

As he spoke, the image of ten thousand mountains appeared beside Zheng Yuan.

"Be careful, Brother Qin Feng." Zheng Yuan sneered and suddenly activated his domain.

The domain of a hundred thousand mountains pressed down at the same time.

Qin Feng wasn't willing to be outdone and controlled his domain to attack head-on.

The two images interweaved, and the long river image was crushed inch by inch.

Without even the slightest bit of resistance, it was completely crushed.

Puff --

Qin Feng spat out a mouthful of blood on the spot and fainted on the spot.

Just a single exchange, Qin Feng was as fragile as a piece of paper and was directly knocked unconscious on the spot!

Many of the surrounding people covered their faces and shook their heads, feeling extremely embarrassed.

There was a huge difference in strength between the light emissary and the members of the nightless Luminous Palace!

The faces of the members of the nightless luminous palace were extremely unsightly.

They had never thought that Qin Feng would definitely win, but wasn't this defeat too miserable?

What made them feel even more ashamed was that the light emissary's side did not have the slightest bit of cheering and joy for victory. On the contrary, they were very calm.

That calmness meant that they felt that victory was a matter of course.

If Zheng Yuan were to lose, they would be surprised instead.

Was the gap between them really so Big?

The members of the never-night Illumination Palace were extremely unwilling.

“Aiya, I’ve already said that it’s best to send someone ranked higher. Otherwise, it would be very miserable. It’s a pity that you guys didn’t listen!” Zheng Yuan folded his hands in his sleeves and said with a regretful expression.

Yao Yue Gongzi’s gaze suddenly turned cold. “Do you still want to continue the challenge?”

“Of course!” Zheng Yuan’s expression was fearless.

“Alright! Zhan lie, you come!”

Zhan lie was the fifth ranked member of the never-night Illumination Palace. He had already become a dao master for a few years, and his overall strength far surpassed Qin Feng in all aspects.

“Yes!”

Zhan lie walked forward. His two bell-like eyes stared at Zheng Yuan and said, “Do you dare to fight with me?”

“Hehe, I’m afraid that you will lose too miserably,” Zheng Yuan said calmly.

“Then, let’s begin!” Zhan lie took out an extremely heavy battle axe from his back and stabbed it into the ground. The entire square trembled.

Zheng Yuan pursed his lips. “Dao artifact? That’s fine. Let’s compete with Dao artifacts.”

He took out a mace. Layers of lightning were flowing on the mace, flickering endlessly.

“Ha!” Zhan lie roared as he stepped forward and slashed down with his battle axe.

Zheng Yuan said contemptuously, “It’s not a competition of who can shout louder and who can win!”

Bang --

He raised his mace and counterattacked.

Zheng Yuan, who looked much weaker, actually managed to block the battle axe.

Then, the two of them exchanged blows with each other using their DAO weapons. The battle lasted no less than a hundred rounds.

In the end, when both sides were somewhat exhausted, Zheng Yuan withdrew and said with a smile, “I admit defeat! The experts of the never-night illumination palace are as numerous as the clouds, and I, Zheng Yuan, am far inferior!”

How was that admitting defeat wholeheartedly? It was clearly a taunt!

The people of the never-night illumination palace did not feel any sense of victory either.

The fifth-ranked prodigy of the never-night illumination palace had not been able to defeat the eighth-ranked last person in more than a hundred rounds. What kind of victory was this?

The battle column clenched his fists and retreated with shame in his eyes. He bowed his head to young master Yao Yue and said, “It’s my fault.”

Even though they had won, they had still lost!

Young master Yao Yue suppressed the anger in his heart and said, "Who will you send out next?"

Shua --

A figure walked out from the crowd. It was Yang Hua, who was ranked seventh.

"Of course it's me." Yang Hua crossed his arms and smiled, his eyes filled with coldness.

Young Master Yao Yue felt a wave of shame in his heart. The person ranked eighth had fallen, but the person ranked seventh had to fight?

If their people lost again, then they would really lose face!

"Alright, Fang Juan, you go on stage."

Fang Juan was ranked third in the never-night illumination palace, and she had recently broken through to the level of the family head.

Although she did not have the time to comprehend it, it was more than enough to deal with Yang Hua, who was only at the level of an Ordinary Dao master.

Fang Juan's face was cold as she walked forward and said, "I don't want to bully the weak with the strong. You can choose to withdraw."

Was there any suspense in a fight between a family head and an Ordinary Dao Master?

Yang Hua was calm and composed. "There's no need for that. Recently, I feel that I have made some progress in my cultivation. I would like to try challenging a family head level dao master. It just so happens that I would like to invite Miss Fang Juan to spar with me."

To be so arrogant as to spar with a master-level dao master, this was really going too far!

Chapter 2318 Swept Across The Scene

"I'm just afraid that you can't afford it!" Fang Juan released her incomparably dense dao master power, crushing Yang Hua.

Yang Hua, however, was unafraid as he slowly unleashed his domain.

Compared to the time when he was chasing deer, his domain was obviously much more solid.

This was also the reason why Yang Hua Dared to challenge a Clan Master Level Dao Master.

"Let's begin!" Yang Hua took the initiative to attack.

Fang Juan used the strength of a dao master, which was still not considered stable, to clash head-on with the opponent's domain. She thought that she would be able to break it easily, but who knew that instead of breaking it, she would instead be enveloped by the opponent's domain.

Fang Juan was surprised. The sturdiness of the opponent's domain was almost on par with the clan lord level.

Hong --

The opponent's domain unleashed its might, and waves of terrifying power descended upon her body, causing her dao body to tremble violently.

Due to her carelessness, a trace of blood seeped out from the corner of Fang Juan's mouth.

She was furious in her heart. This was truly a great humiliation!

In a head-on battle, a clan head-level dao master was actually inferior to a mere ordinary dao master!

"Scram!" Fang Juan released her domain.

However, the moment she released it, Yang Hua immediately withdrew his domain and retreated. He cupped his fists and smiled. "Formidable, formidable! As expected of the clan head-level Dao Master of the never-night Illumination Palace. You are indeed formidable. I admire you, I admit defeat!"

Everyone could hear the sarcasm in his words.

Fang Juan lost all her face. There was only frustration in her heart, but she could not let it out. She could only say to the others, "Who else wants to fight? Come out!"

She took a closer look and found that Starfall, who was ranked sixth, and Wang Jiuyang, who was ranked fifth, were not there.

Only Xuan Yin, who was ranked fourth, was there.

Being swept by Fang Juan's gaze, Xuan Yin sighed helplessly, "Then I will be the only one to fight."

She walked forward as if she was walking on clouds and said indifferently, "I'll let you have one move."

Let?

Fang Juan's heart was hurt. She shook her head and said, "There's no need. Otherwise, if I win, it would be an unfair victory!"

Xuan Yin said indifferently, "Alright, then let's begin."

This time, Fang Juan did not dare to be careless. After all, the other party was the fourth-ranked light emissary. His strength should be extraordinary.

She took out her domain and Dao artifact at the same time, ready to fight seriously.

Unexpectedly, Xuan Yin stood still and only softly uttered the word "Suppress."

A huge "Suppress" word fell from the sky as if the sky was falling down.

Such a strange domain shocked Fang Juan, and she hurriedly used her domain to fight against the Dao artifact.

However, the "Suppress" word completely ignored the attack and directly pressed down on Fang Juan's body, suppressing her to the ground and making her unable to move.

Xuan Yin sighed lightly. "I'll let you have a chance to make a move."

If she made a move, Fang Juan wouldn't even have the chance to make a move!

Instantly, the entire place fell into a deathly silence.

There was only one word in everyone's mind.

Strong!

They were both Clan Head Level Dao Masters, but the difference in strength between them was like the difference between heaven and earth!

“Next.” Xuan Yin waved her sleeves lightly, sweeping Fang Juan out of the arena and looking at the members of the never-night Illumination Palace.

Yao Yue Gongzi gritted his teeth and strode forward. “Let me!”

Against such a powerful enemy, who else could rival him?

Xuan Yin glanced at him indifferently and said, “Do you need me to give you some leeway?”

Yao Yue Gongzi replied in a deep voice, “No need!”

As the number one person of the never-night illumination palace, he had his own dignity.

“Suppress!” Xuan Yin spat out one word casually.

Just like earlier, the incomparably huge “Suppress” word descended from the sky, suppressing young master Yao Yue.

Young Master Yao Yue's expression was extremely grave as he took out a thousand feet long sword that was flashing with seven colors.

“Absolute Heaven Seven Sword Technique!” Young Master Yao Yue's domain was sword technique.

The thousand feet long sword swept across the sky, instantly shattering the suppressing word that was crushing down.

At the same time, the sword Qi pointed straight at Xuan Yin!

The eyes of the members of the never-night illumination palace and the many spectating figures of the imperial kingdom lit up. As expected of the leader of the never-night Illumination Palace!

However, Xuan Yin was neither fast nor slow as she spat out another word, “Block!”

The word “Block” appeared in front of her.

The intense sword qi struck the “Block” and was immediately bounced back.

Without waiting for young master Yao Yue to continue using his sword arts, Xuan Yin spat out another word, “Trap!”

Instantly, a huge trapped word trapped Yao Yue Gongzi in the middle.

Furthermore, the trapped word continued to shrink and bind him.

Yao Yue Gongzi continued to display his sword techniques and finally managed to break the trapped word.

However, Xuan Yin immediately followed up with Dao master's pressing word.

The pressing word was even more powerful than the suppressing word.

Yao Yue Gongzi was unable to break it even after seven consecutive strikes. In the end, he was pressed onto the ground, unable to move his fingers.

Xuan Yin did not even gasp for breath as she said indifferently, "You've regressed."

Back then, young master Yao Yue was still able to defeat her and battle with Kong Qu.

But now, he could not even make it to her level!

Young Master Yao Yue was filled with a strong sense of unwillingness. His strength had clearly improved a lot, and he had clearly wanted to avenge his previous humiliation. But who would have thought that he was not even as good as his defeated opponent back then, and was instead defeated in a few moves.

Actually, it was not that he had retreated, but that the emissaries of light had improved too quickly.

Xuan Yin looked at the remaining members of the never-night illumination palace and said, "Is this the end of the sparring?"

If even young master Yao Yue, who was ranked first, had suffered a crushing defeat, who else could go up?

The members of the never-night Illumination Palace fell silent, and no one dared to step forward.

Even Princess Thousand Moon, who was ranked second.

She had always thought that she was inferior to young master Yao Yue. Yet, he had suffered such a miserable defeat, let alone her?

There was no hope of victory at all!

Seeing that no one from the never-night illumination palace dared to step forward, the corners of Zheng Yuan's mouth curled up. "Emissary Xuan Yin, stop where you are. At the very least, leave a cover for the members of the never-night Illumination Palace. After defeating them all, how are we going to work together in the future?"

Yang Hua also teased, "That's right. We have to work together amicably. It's not appropriate to make our relationship too stiff. Let's give them some face."

The two of them exchanged words, stinging the self-esteem of the never-night illumination palace's members and making it difficult for them to resist the humiliation.

However, their strength was inferior to others, so they could only lower their heads and mock others.

Right at this moment, a faint sigh spread across the square without any warning. "You really disappoint me."

That voice..

Zheng Yuan and Yang Hua, who were chatting and laughing, froze with fear in their eyes.

That voice was the nightmare that had troubled them for more than two months!

Even if they were separated by thousands of years, they would never forget that voice.

Xuan Hua, who had a calm expression, suddenly changed her expression. Her eyes were solemn as she shouted, "You're finally here!"

She had expected that although Su Yu would not participate in the exchange of pointers, he would definitely observe in secret.

Kong Qu, Huang Yang, Qing Ling, and the others all sat up straight, looking extremely solemn as they observed their surroundings.

From their expressions, there was no longer any trace of their previous high and mighty attitude?

Sensing the huge change in the expression of the emissary of light and the others, the people of the never-night illumination palace could not help but be stunned.

What was going on?

The emissary of light seemed to be very wary of the speaker.

Moreover, that voice sounded somewhat familiar to them.

Yaoyue Gongzi was suspicious. He thought, who is this person?

The voice was nearby, but he couldn't detect the presence of the person. It must be a certain expert, right?

"Teacher Su." It wasn't until Princess Qianyue muttered in a low voice that yaoyue Gongzi's entire body trembled. He said, "It's the teacher of your expert?"

Princess Qianyue was speechless. What was going on with Yao Yue Gongzi? He always said that Su was a person who attained dao.

"That's right." Princess Qianyue nodded. Just as she was about to say something, the space around Princess Qianyue suddenly folded without any warning.

In the next moment, even the throne she was sitting on teleported to the center of the arena.

What replaced it was the place where it was originally at, replaced by the space on the arena.

"Hiss! Space Displacement!"

"Who is it? Space displacement, this... This is a mighty figure with a space domain!"

"How can someone comprehend a space domain?"

..

The entire scene was in a frenzy of shock.

Young Master Yao Yue was so excited that he was incoherent. "Our Eternal Nightless Empire actually has such a mighty figure!"

Fang Juan, Zhan Lie, and the other palace members were all so excited that their bodies were trembling. Such a legendary figure with a space domain had actually been born in the Eternal Nightless Empire!

The group of envoys of light were extremely shocked.

“Spatial... spatial domain? Is it that person? Impossible, how old is he? How could he have comprehended a spatial domain?”

“No, it’s impossible, it’s absolutely impossible!”

On the other hand, the envoys of light were all rambling incoherently, unable to believe the reality before their eyes.

Xuan Hua’s pupils shrunk into a needle, and she couldn’t help but suck in a breath of cold air.

Su Yu was actually a space domain Esper!

However, not only did she not feel fear, she even stimulated her fighting spirit.

Among her peers, other than the chosen one, there was actually such a peerless figure!

If she didn’t fight with him, she would definitely regret it for the rest of her life!

Only Princess Qianyue looked around with a confused expression, looking very innocent.

“As my student, you actually don’t even have the courage to go up and fight. You really disappoint me!” Su Yu’s dissatisfied criticism floated in the sky. “If you can’t win first place, I’ll send you back to that space to temper yourself.”

“Ah! I don’t want it!” Princess Qianyue’s mind was occupied by fear, like a cat whose tail had been stepped on. She stood up with a whoosh and hurriedly said to Xuan Yin, “Quick, quick, quick, let’s hurry up and start!”

The tempering of that dimension had simply become a shadow that she would never forget in her entire life.

Xuan Yin looked at Princess Qianyue’s expression strangely and said, “Are you sure you want to fight me?”

The other party was the princess of the Eternal Nightless Imperial Kingdom. She had heard that the skinny monarch doted on her. If she were to accidentally injure her, the consequences would not be good.

“Why do you talk so much nonsense!” Princess Qianyue was afraid that Su Yu would lose his temper and throw her in again. Seeing Xuan Yin Dawdling, she immediately made her move. “I don’t care about you anymore!”

In an instant, the nine divinities appeared at the same time.

She rarely used the dharma idols of the divine residences in front of outsiders.

At present, other than the members of the never-night illumination palace, only Su Yu and the monarch knew that she had the body of nine gods.

Therefore, when she used it at once, it was very shocking.

Xuan Yin did not understand what this was. She only subconsciously said the word “Block” in front of her.

She naturally thought that even the first-ranked young master Yao Yue would not be able to break this word, let alone the second-ranked Princess Qianyue?

However, what she, the emissary of light, and all the spectators present didn’t expect happened!

The nine divine images were terrifyingly hard, and they directly crushed the word “Block” into pieces. Moreover, their momentum didn’t decrease, and they heavily struck Xuan Yin’s body.

With a miserable cry, Xuan Yin flew back to the emissary of light with blood flowing out of her mouth.

Then, she fainted on the spot!

Chapter 2319 Great Disappointment

The entire scene fell into absolute silence.

Many people even wondered if they were hallucinating.

Someone as strong as Xuan Yin was actually knocked unconscious by the second ranked person of the never-night illumination palace in one move.

During this period, Chuyin was completely powerless to resist!

How similar was this scene to Chuyin defeating Fang Juan in one move?

But this time, it was Chuyin’s turn!

The envoys of light were greatly shocked, as were the people from the never-night illumination palace.

They knew the princess’s strength the best. After many sparring sessions, the princess had lost to young master Yao Yue by a very obvious margin.

How could she have suppressed and knocked out that incomparably powerful Xuan Yin in such a tyrannical manner?

They felt that Princess Qian Yue had secretly activated something, using an out-of-the-box move.

But could she hide it from everyone’s eyes?

Obviously not!

Even Princess Qianyue was also stunned on the spot.

What was going on?

She was already mentally prepared to be defeated by Xuan Yin. Why was Xuan Yin so weak?

She even suspected that Xuan Yin was deliberately going easy on her and admitting defeat?

But seeing Xuan Yin’s serious injuries, this thought was dispelled.

Her heart was filled with confusion and she had no idea what was going on.

Only a few people knew the inside story.

That included young master Yao Yue. He stared at Princess Thousand Moon with shock in his eyes as waves of shock rose in his heart.

Even though he knew that Princess Thousand Moon's true strength was already above his own.

But he never expected that two months later, her strength had improved even more than the last time, to an unimaginable extent!

At least, he was far inferior!

Thinking of this, he admired Princess Qian Yue's teacher from the bottom of his heart.

Only a mighty figure like the spatial domain could teach Princess Qian Yue to become what she was today!

Princess Qian Yue gradually came back to her senses. Su Yu's exhortation appeared in her mind. If she couldn't be first, she had to enter that space again. She immediately became anxious and said, "Next!"

Swoosh --

Kong Qu crossed his arms in front of his chest and strode over. "Let me do it."

In terms of strength, Kong Qu was a level higher than Xuan Yin.

Princess Qianyue could defeat Xuan Yin, but she might not be able to defeat Kong Qu.

"Good! Make your move quickly." Princess Qianyue looked like she was in a hurry.

Kong Qu didn't say anything else and unleashed his domain and Dao artifact.

When he attacked with all his might, he brought with him an immense pressure.

Everyone watching from afar could sense that Kong Qu was extraordinary.

The princess was in danger!

The elders who were protecting the princess were secretly prepared. If anything went wrong, they would attack immediately.

Princess Thousand Moon was also worried. She braced herself and used her nine god body to attack.

The nine divine mansions each attacked.

She thought that the attack power of the divine mansions was quite weak, but these nine divine mansions seemed to be completely different from ordinary divine mansions.

The divine spells they cast were extremely powerful.

Bang! Bang! Bang

After a few breaths, Kong Qu's domain and Dao artifact were destroyed on the spot.

Kong Qu himself was also knocked back repeatedly, and his entire body was in pain.

His pupils constricted, and his face was deep and solemn.

On the other hand, Princess Qianyue was puzzled. Could it be that her divine image had become more powerful without her knowing?

With this thought in mind, Princess Qianyue took the initiative to attack Kong Qu this time.

After thirty rounds, Kong Qu became more and more alarmed. He was at a complete disadvantage.

No matter how he resisted, he couldn't threaten Princess Qianyue in the slightest.

On the contrary, he was being attacked by nine divine images again and again, and his injuries were getting worse and worse.

"I admit defeat!" After fighting for a long time, Kong Qu admitted defeat decisively.

Thus, Princess Qianyue won two rounds in a row, and the people she won were all super experts among the emissaries of light.

Princess Qianyue was excited. After exchanging blows again and again, she finally confirmed that her divine images were indeed much more solid than before.

"Could it be the effect of Su Yu's tempering?" Princess Qianyue was very unwilling to admit that this was all due to Su Yu.

In her eyes, Su Yu couldn't be considered a teacher at all other than threatening her.

"In that case, it's my turn." Xuan Hua looked up at the sky above her.

She and Su Yu had several chances to exchange blows, but they never got what they wanted.

Now, she was going to fight Su Yu's student.

If she lost, she would no longer have the right to challenge Su Yu.

Instantly, the crowd was excited.

Xuan Hua had finally made her move.

All the members of the never-night illumination palace had never achieved a battle result that was close to the second place of the emissary of light.

But now, it was achieved by the stunning Princess Qianyue, which gave them an especially unrealistic feeling.

However, it was hard to say if she could beat Xuan Hua.

There were many rumors about Xuan Hua.

The most common rumor was that her strength was not inferior to any of the previous leaders of the envoys of light.

It was only because of the existence of the chosen one that she was ranked second.

Princess Qianyue suddenly became nervous. The so-called name of a person, the shadow of a tree, and Xuan Hua gave her an indelible powerful impression.

She never thought that she would one day be able to walk in front of Xuan Hua and spar with him on the spot.

Hence, her confidence was abnormally low.

“Make your move,” Xuan Hua said indifferently.

Princess Qianyue braced herself and once again displayed the body of the nine gods.

Xuan Hua had watched the battle for a long time and had long come up with a countermeasure. He drew a spatial vortex in the air and swallowed the attack of his body of the nine gods.

She was unharmed.

Seeing that her nine gods body was indeed useless against Xuan Hua, Princess Qianyue was even less confident.

Her aura was not enough and she had already lost.

She was not confident enough and lost again.

Hence, the next battle was unusually passive.

She clearly had an extremely powerful nine gods body, but she was easily suppressed by Xuan Hua and was at an absolute disadvantage.

In less than twenty rounds, Princess Qianyue’s Dharma Idol was shaken by Xuan Hua.

Princess Qianyue, who was implicated, grunted and was sent flying by Xuan Hua.

Princess Qianyue screamed and was about to fall to the ground.

At this moment, an extremely strange figure appeared and caught Princess Qianyue and placed her on the ground.

Princess Qianyue was still in shock. She looked at the silver-haired figure in front of her and lowered her head in fear.

She was so scared that she was about to cry. She could already imagine herself being thrown into that space and going through a nightmare-like experience again.

“I... I’m sorry.” Princess Qianyue cried out aggrievedly.

Su Yu did not turn around and said calmly, “From today onwards, you’re free. I Won’t care about you anymore.”

What did he mean?

Princess Qianyue said weakly, “Teacher, I don’t understand what you’re saying...”

“What I mean is, from today onwards, I’m no longer your teacher. You can do whatever you want!” Su Yu was indescribably disappointed.

What did it mean to be unable to help others? This was probably what Princess Qianyue was like.

She clearly had an incomparable advantage, but because of her timidity, she was forced to lose!
If this was just her temperament, then what was the point of forgetting about the evil King Pearl?
To be sure, he loaned her the orb for critical use.

But what happened?

Chapter 2320 No Need To Endure Any Longer

Because she was afraid of Xuan Hua, and because she was suppressed by the other party's aura, she actually didn't think of using it!

No longer be my teacher?

Princess Qianyue was elated, and she felt a sense of joy as if she had regained her freedom.

She felt that this was the first time in her life that she had felt so relaxed!

Hearing the anger in Su Yu's words, Princess Qianyue didn't think much of it. She couldn't wait for him to leave as soon as possible. Who cared about him being a teacher?

"You're finally out, Su Yu!" Xuan Hua floated down and stared at Su Yu, his eyes extremely grave.

Eh? Xuan Hua knew Su Yu?

Princess Qianyue was slightly surprised.

But what made her even more curious was that the other envoys of light looked at Su Yu with extremely complicated gazes.

There was respect and fear. In short, apart from the envoys of light, no one dared to look at Su Yu.

"Long time no see, Xuan Hua." Su Yu was not in a good mood.

Xuan Hua looked at Princess Qianyue, then at Su Yu, and said, "The students you taught are really not that good."

"I think so too." Su Yu sighed.

A spar that could have been won was completely defeated in the end.

"How about we spar?" Xuan Hua's eyes were full of fighting spirit.

She was looking forward to the performance of the spatial domain. Was it as miraculous as the rumors said.

"There's no need for that. That's a battle between your never-night illumination palace and the Palace of light. I'm an Outsider." Su Yu rejected tactfully.

He felt that there was no need for a meaningless duel.

Moreover, there were too many people and too many eyes. It wasn't suitable for a spar.

"Is that so? Let me tell you a little secret. I'll be keeping the star-determining disc for the time being." Xuan Hua smiled as she twirled a strand of hair on her chest

with her fingers. “Tell me, if I’m not satisfied, wouldn’t the star-determining disc be given to you?”

Xuan Hua was extremely intelligent. She had already guessed that the person who needed the astrolabe wasn’t the eternal night imperial kingdom, but Su Yu!

The astrolabe had been in the palace of light for decades, and the Eternal Night Imperial Kingdom had never lent it to her before.

Why did Su Yu want to borrow this object the moment she arrived at the Eternal Night Imperial Kingdom?

It was obvious that the person who needed this object was someone else.

And Su Yu had actually become the teacher of Princess Thousand Moons. Xuan Hua had no choice but to guess whether that person was Su Yu.

Su Yu did not deny it. He smiled bitterly and sighed, “It’s really a bumpy ride. Alright, if you want to spar, then we’ll do as you wish. But, let’s go somewhere else.”

“That’s what I want.” Su Yu did not want others to see his full strength, so how could Xuan Hua think the same?

Most of the conversation between the two was done through voice transmission. Therefore, outsiders only saw the two looking at each other, but they did not know what they were saying.

After a while, the two of them looked away.

Xuan Hua returned to the messenger of light while Su Yu walked into the crowd.

When she passed by Princess Qianyue, she said indifferently, “Give me the evil King Pearl.”

Princess Qianyue suddenly came to a realization. That’s right, how could she have forgotten about this thing?

If she had used it properly just now, she might not have lost!

She patted her head in frustration and regret. Seriously, how could she have forgotten about it at such a critical moment?

Su Yu had asked for it in person. No matter how regretful she was, she had no choice but to hand it back obediently.

The sparring between the never-night Illumination Palace and the emissary of light came to an end here.

The fate of the never-night illumination palace being trampled under the emissary of light had not changed.

But even so, the never-night illumination palace was extremely satisfied.

After Princess Qianyue returned, she immediately became the object of compliments from the never-night Illumination Palace’s members and burst into cheers.

As they celebrated, the little regret in Princess Qianyue's heart vanished into thin air, and she became complacent.

Seeing this scene, Su Yu shook his head.

A peerless expert who had never been taught in this world would never be able to become a great person if his heart did not change. Even if he had a peerless physique, it would be useless!

"Surnamed Su, everyone is sincerely happy for the princess. What do you mean by shaking your head?" Young Master Yao Yue had been paying attention to Su Yu for a long time.

When he saw Su Yu's actions, he was very indignant.

Hearing this, a few members of the never-night Illumination Palace looked over.

They had long been jealous and dissatisfied with Su Yu. Seeing that he did not give the princess any face, how could they have a good attitude?

"Princess Qianyue has earned so much glory for our never-night Illumination Palace, and everyone else is happy about it. Why are you shaking your head over there?"

"That's right. Is there any point in pretending to be profound?"

"I hate him the moment I see him!"

"I say, Princess, is this person really your friend? How can there be a friend who can't stand to see you like this?"

Princess Qianyue did not dare to speak ill of Su Yu. It was worth it for her to equivocate, "He's always been like this. It's fine."

HMPH!

Young Master Yao Yue could hear the grievance in Princess Qianyue's words and became even more dissatisfied. He said, "Princess, take a rest for a while. I'll seek justice for you."

"That's right! If we don't teach this kind of person a lesson, he won't know what his surname is!"

The members of the never-night illumination palace who had long disliked Su Yu cast hostile gazes at Su Yu.

"Su Yu, how about I Challenge You one-on-one?" Zhan lie grinned and bared his teeth.

Young Master Yao Yue also said, "Don't worry, we won't bully you just because we have more people. We'll give you a fair chance!"

In fact, at any other time, Su Yu would really ignore them.

But at this moment, Su Yu's mood was indeed very bad.

And this was not the first time they had provoked him.

“You want to spar with me, right?” Su Yu stood still and looked at the members of the never-night illumination palace indifferently. “Sure!”

The few members of the never-night Illumination Palace sneered. Of course, you can. Don’t tell me you still have the right to refuse?

But who knew that Su Yu would say something else next.

“However, I’m a person who finds it troublesome, so all of you should attack together to save time.”

As soon as he finished speaking, the group of never-night Illumination Palace’s members laughed in anger.

“Surnamed Su, is your brain not working properly? What nonsense are you spouting!”

“It’s probably because you’re too used to being protected by women. You’re too complacent.”

“Hehe, such a muddle-headed person really needs us to help him clear his head!”

Young Master Yao Yue smiled faintly and said, “Don’t worry, our never-night illumination palace isn’t that Shameless. Since we agreed on a one-on-one fight, then we’ll definitely have a one-on-one fight. I’ll Go First!”

He took the lead and arrived at the center of the square.

Su Yu’s gaze was calm as he said indifferently, “I told you all to go together.”

As soon as he finished speaking, several members of the never-night Illumination Palace who were laughing at themselves were enveloped by a shocking spatial energy at the same time.

Then, just like Princess Qianyue, they were replaced by spatial energy.

Everyone gathered around Yaoyue Gongzi and stood in front of Su Yu.

Their hearts were filled with shock. This... wasn’t this the divine technique of Princess Qianyue’s teacher, the spatial domain?

On the other hand, Yaoyue Gongzi was extremely shocked. He cried out in shock, “You... You Are...”

He didn’t say it out loud because he simply couldn’t believe it.

Princess Thousand Moon’s teacher, who was an expert in the Dao, was actually Su Yu, who was the same age as them?

He looked at princess thousand moon and said, “Princess, your teacher is Su Yu?”

Princess Thousand Moon hesitated for a moment before lightly nodding her chin. “Yes, he used to be.”

Upon hearing this, Yaoyue was stunned and Numb.

Until the whispers from the Messenger of light woke him up.
