Chapter 2321 Just One Punch

“Hehe, the never-night illumination palace is a bunch of idiots! We were all single-handedly challenged by Su Yu, let alone a bunch of trash like the never-night Illumination Palace?”

“What’s laughable is that they still want to single-handedly challenge Su Yu? Why don’t they just piss their pants and reflect on their own behavior!”

“That’s true. A peerless genius like Su Yu would definitely receive top-notch treatment in our radiant palace. What’s laughable is that in the never-night empire, he was actually provoked and ridiculed by a few unrated minor characters!”

“I’ve learned a lot by coming here today!”! There was a reason why the talents the eternal nightless empire had nurtured over the years didn’t show any interest in them. Just by looking at their performance, one would understand that if they didn’t respect talents, there would naturally be no talents willing to serve them.”

..

Hearing this, Yao Yue Gongzi’s body stiffened even more.

The other members of the Eternal Nightless Palace were similarly shocked!

Su Yu single-handedly took on all the envoys of Light?

This... must not be true!

Princess Qianyue sucked in a breath of cold air and stared at Su Yu in disbelief.

She had never thought that Su Yu was that amazing. Only now did she know that he was actually a top-notch genius King?

However, she also didn’t believe that this was true.

“You want to challenge me, right? Then all of you should be ready.” Su Yu looked at the members of the never-night illumination palace in front of him and said calmly.

Young Master Yao Yue was quick-witted. Two lines of bean-sized beads of sweat immediately dripped down his forehead. He hurriedly waved his hand and said, “Surname... Young Master Su, it’s all a misunderstanding!”

The hearts of the other members of the never-night illumination palace were also beating wildly.

He had actually provoked the most terrifying king of Heaven’s favorites in the entire hall!

They were small fry who couldn’t even defeat Xuan Yin, and who was Su Yu? A peerless figure who single-handedly suppressed Xuan Yin and all the emissaries of Light?

Su Yu had been fed up with them for a long time. He silently raised a hand and slowly clenched it into a fist. "You guys didn't misunderstand anything."

As he said that, he threw a punch across the air and casually threw it over.

In an instant, an astonishing pressure came gushing over.

Young Master Yao Yue's expression changed drastically. He hurriedly said, "Quick, quickly defend!"

Instantly, they all unleashed their own domains, joining forces to defend against this seemingly ordinary punch.

Bang Bang --

However, only the sound of several domains being torn apart could be heard, and explosions rang out one after another.

Their domains were like thin pieces of paper in front of a raging wind, all torn into pieces.

Even young master Yao Yue and all the other members of the never-night Illumination Palace were all subjected to an overwhelming power, and they all vomited blood and were heavily injured, lying on the ground and wailing incessantly.

At this moment, the spectators from the eternal illumination empire fell into a deathly silence.

They simply couldn't believe that even when all the members of the Eternal Illumination Palace joined forces, they were still unable to block a simple punch from their peers!

Princess Qianyue was also stunned. Su Yu... had really crushed the entire eternal illumination palace with a single punch!

At this moment, Su Yu's status in his heart was crazily magnified.

He was the genius who had hidden the deepest!

Whatever Young Master Yao Yue or the emissary of light, they were far inferior to him.

Suddenly, she thought of what Su Yu had said, and her heart suddenly tightened. A hint of regret lingered in her heart.

The emissary of light was the one who had the calmest expression on everyone's face.

They had long witnessed Su Yu's true strength. The ending of the nightless luminous palace was completely within their expectations.

"Hehe, bringing disgrace upon yourself." Zheng Yuan mocked.

Even Xuan Hua cast an extremely disappointed gaze towards the nightless luminous palace. "It's really hard to believe that we want to cooperate with such a person!"

Not to mention them, the various figures of the nightless imperial kingdom were all incomparably disappointed.

Other than Princess Qianyue, the performance of the nightless Luminous Palace could only be described with two words -- unbearable!

Not only did they not bring glory to the never-night imperial kingdom, they had even brought shame to the imperial kingdom!

Withdrawing his fist, Su Yu's expression remained unchanged as he silently left the square.

Wherever he passed, the crowd automatically opened up a path for him. The gazes they gave him were filled with deep reverence.

"Teacher, teacher Su, wait for me." Princess Qianyue bit her lips and quickly chased after him.

However, Su Yu didn't stop nor did he turn around. He only said, "I've said it. From today onwards, I'm no longer your teacher. You're Free!"

With that, he left alone.

Princess Qianyue stood where she was. She felt wronged and humiliated at the same time.

Didn't she think it was too much to treat her like this in front of everyone?

"HMPH, what's so great about it!" Princess Qianyue snorted secretly. There were many experts in the imperial kingdom. It wouldn't be too much to have one more Su Yu, and it wouldn't be too little to have one less Su Yu!

A friendly exchange ended in a unique way.

The people of the eternal imperial kingdom remembered the Radiant Envoy's outstanding talent, but they also remembered another silver-haired human who was unknown.

He was the one who would be remembered today!

The next day.

The emperor issued an order that shook the imperial kingdom!

From now on, the Eternal Palace would be canceled, and the current organization of the Eternal Palace would immediately be disbanded.

From now on, there would be no such thing as the never-night Illumination Palace!

At the same time, the members of the never-night Illumination Palace in the past, with the exception of Princess Qianyue, were all sent to the borders and would not be allowed to return to the imperial city for the rest of their lives.

In other words, they would not even have the qualifications to participate in the ancient glazed cave.

The reason for this was that after the exchange of pointers, all the important figures who had personally watched the battle were filled with righteous indignation as they lambasted the never-night illumination palace for its incompetence and ugliness.

When he learned of the various ugliness of the never-night illumination palace at the venue, the monarch was so angry that his vision turned black.

Hence, in a fit of anger, he permanently revoked the never-night illumination palace and severely punished those members of the palace who had lost the face of the Imperial Kingdom.

However, the one who was even more furious was Princess Qianyue!

He had spent a lot of effort before he managed to invite Su Yu to tutor her.

The final result was also extremely satisfactory to the monarch. In just a short half a year, Princess Qianyue's progress was like the help of a god. She had actually defeated the third ranked emissary of light for the first time in her life and had really helped the imperial kingdom to stand up for itself.

However, when he heard the scene of her fighting against Xuanhua, as well as the fact that Su Yu was so angry that he announced on the spot that he no longer cared about her, he was truly furious.

If he was a teacher, he probably wouldn't even bother to care about Princess Qianyue anymore.

As the saying goes, a mud can not support a wall. It was nothing more than that!

A battle that was a sure win, and she actually lost miserably!

Moreover, the reason for her defeat was actually a lack of confidence!

"Pass the message to Su Yu."The emperor still decided to persuade Su Yu properly, trying to get him to help his daughter again.

Who knew that at this moment, the Princess's residence reported that Princess Qianyue had lost her temper in the residence and threw all of Su Yu's belongings out of the main door.

"How dare you!"The monarch was furious.

If Su Yu knew about this, he would not be able to mediate the situation even if he wanted to!

"Men, pass my orders. From today onwards, Princess Qianyue will be confined in her room. Do not take a single step out!"

"Yes!"

After giving his orders, the monarch was prepared to summon Su Yu again. However, after some thought, he decided to meet Su Yu in person.

He summoned Xie Xiaoyue first and asked about Su Yu's whereabouts.

Xie Xiaoyue did not hide anything. "Xuan Hua has invited Su Yu to spar with him. I was just about to go."

Fight with Xuan Hua?

The monarch was immediately interested. He really wanted to know how deep Su Yu's bottom line was.

"I also go! Let's See!"The king said.

Chapter 2322 Strange Outline

Inside the Imperial Palace, in a secret training ground.

This place was surrounded by an exceptionally sturdy defense that was indestructible.

Moreover, it contained a very powerful shielding effect that ordinary people were unable to see through.

At this moment, Su Yu, Xuan Hua, and Xuan Yin were present.

Both parties were making preparations for the upcoming sparring session.

“Young master Su, I’ll host the sparring for you. You Won’t mind, right?”Xuan Yin smiled faintly.

Su Yu glanced at her. How could he forget that two months ago, she had looked at him with hostility in the crowd?

“I don’t mind.”Su Yu said indifferently.

Hostility was nothing. The other emissaries of light had looked at her with hostility.

As long as she did not overestimate herself.

“Young master Su, regardless of the outcome of this battle, I will hand over the fixed astrolabe immediately.”Xuan Hua was looking forward to the battle with Su Yu.

Even if she was defeated by Su Yu, she would accept it.

“It’s best that way.”Su Yu said lightly.

In order to obtain the fixed astrolabe, he had many twists and turns.

First, he went to the Star Alliance Chamber of Commerce to buy information. In the end, he was cheated of a sum of money by an innocent person. Then, he sneaked into the Star Alliance Chamber of Commerce to steal the information.

It was not easy for him to obtain the information, but the star fixing disc had already fallen into the hands of the Palace of light.

He had spent quite a lot of effort to obtain the Emperor of the Eternal Nightless Empire’s help. Only then was he able to borrow the star fixing disc for use.

Unexpectedly, Xuan Hua had interfered once more. He needed to spar with him first.

Su Yu felt that his patience had already been exhausted.

If Xuan Hua still wanted to cause trouble in the future, then don’t blame him for losing his temper.

Seeing Su Yu’s slight displeasure, Xuan Hua said, “I, Xuan Hua, Am a man of my word.”

“Let’s begin,”Su Yu said.

At this moment, Xie Xiaoyue and the monarch walked over.

“Hehe, just in time.”Xie Xiaoyue smiled and chose a good spot to watch the battle.

The monarch also smiled and nodded to Su Yu from afar.

He also took the opportunity to nod to Xuan Hua and Xuan Yin.

When his gaze swept past Xuan Hua, it was nothing. He only paused for a moment and curiously sized up Xuan Hua, the famous expert of the glazed tile civilization.

However, when his gaze landed on Xuan Yin, his gaze suddenly stopped, and a thoughtful look appeared between his brows.

However, he hid it very deeply. It only lasted for a moment before he averted his gaze as if nothing had happened.

On the stage, Su Yu and Xuan Hua were already prepared.

“Who’s first?” Xuan Hua seemed to be smiling, but in fact, he was a little nervous. Facing the calm Su Yu, he felt as if Mount Tai was pressing down on him.

Su Yu said, “You go first.”

If someone else said such words to Xuan Hua, they would probably be overestimating themselves and being arrogant.

However, when Su Yu said it, Xuan Hua gladly accepted it.

Towards a spatial domain expert like Su Yu, he really could not be underestimated.

“Be careful!” Xuan Hua took out a brush with a golden tip and quickly drew a picture in the air.

That picture was a sword formation.

It was made up of eight swords, and each sword was a dao artifact!

This was a dao artifact that Xuan Hua had memorized by the Dao masters who had watched and used swords over the years.

After studying it, he learned a few sword formations.

With this dao artifact, one could imagine the power of this sword formation.

Xie Xiaoyue secretly clicked her tongue when she saw this. “In a sense, this xuan hua can be said to be invincible!”

The monarch deeply agreed. “The uniqueness of the sword formation is that it can unleash multiple times the power of several swords. The power of the sword formation right now should far exceed the superposition of the power of eight swords.”

While the two were commenting, Xuan Hua had already finished drawing.

The Sword Formation materialized from nothingness. With a tap of the tip of Xuan Hua’s brush, the sword formation formed an oval shape like branches and leaves. It spread out in all directions and surrounded Su Yu’s head.

“Kill!” Xuan Hua shouted softly.

The eight swords turned into eight dazzling rays of light at the same time and spun rapidly in their respective trajectories.

The Sword Qi released during the process of spinning was superimposed on each other, and after the superimposition, it continued to grow stronger. In a short moment, eight extremely terrifying sword Qi were formed.

Each of them could kill a clan master level dao master without being seen.

At the beginning, the power of the eight sword Qi was imaginable!

Sou Sou Sou --

The eight sword Qi slashed down at the same time, producing a power that made one's heart skip a beat.

Xie Xiaoyue could not help but sweat for Su Yu.

However, Su Yu was very calm. He simply released his space domain, and a layer of fluctuating folded space appeared around his body.

Clang --

The eight sword qi pierced into the folded space, and were immediately forced to change their trajectory, flying past Su Yu's body.

Xuan Hua's pupils constricted. Space Domain was indeed troublesome.

The divine art that was attacking him could completely change its direction within a short period of time.

“Kill Again!” If one attack didn't work, he would attack again.

The Sword Formation shot out another eight streaks of sword qi. Before they could completely shoot out, Xuan Hua continued to control the sword formation, releasing powerful sword Qi again and again.

Within a few breaths of time, the entire sky above the training ground was filled with terrifyingly thick sword qi.

They attacked Su Yu from different directions, different angles, and different trajectories like a storm.

What was even more spectacular was that any sword qi that shot towards Su Yu would shoot out from another direction.

A moment later, the sword array drawn by Xuan Hua finally couldn't take it anymore and turned back into a painting and disintegrated.

After all, that wasn't a real object. Once the special domain contained in the words dissipated, it would naturally disintegrate.

“Do you still want to continue?” Su Yu did not fight back at all.

If Xuan Hua's painting was only at the same level as before, it would not be able to do anything to the spatial domain.

Unless she could break through the spatial domain!

“Of course!” Xuan Hua became more and more happy as she fought. She had been in the Palace of light for many years, but she had never had anyone who could spar with her.

Although the Destiny’s daughter was better than her, she could remain in seclusion for a long time.

And Kong Qu, who was only second to her, was too inferior to her. He was not suitable as a sparring opponent.

Su Yu was the only person who could spar with her up to now.

“Destiny’s Spear!” Xuan Hua’s eyes became sharp. She drew out a spear of ice that was covered in barbs extremely quickly.

Different from the sword-shaped dao artifact just now, the spiritual pressure that this destiny’s spear emitted was quite shocking.

The eight swords added together were probably less than one-tenth of this spear!

The monarch was surprised when he saw this. “The Great Palace Master is really willing to give his dao artifact to Xuan Hua to copy.”

The Heavenly Fate Spear was the divine spear used by the Great Palace Master of the Radiant Palace!

Its power was especially shocking.

“Stab!”

Chirp --

The spear was sharp and gave off a terrifying spiritual pressure, causing the spatial domain on the surface of Su Yu’s body to flicker slightly.

Su Yu had finally made his move.

“Infinite space folding!” The space domain rapidly changed, becoming a strange place that continuously overlapped.

The heavenly fate spear stabbed in. Su Yu was clearly very close, but the space domain had folded him into another space.

It was not easy to get rid of this space, but he was once again folded.

Then, the cycle continued, repeating over and over again..

In the end, the heavenly fate spear collapsed.

Xuan Hua gritted her teeth and shouted, “Okay, I’ll use one last move. You really have to be careful!”

She had wanted to hold back, but now it seemed that she could not do anything to Su Yu if he did not use his true abilities.

Pu --

She suddenly bit the tip of her tongue and spat out a mouthful of blood onto the brush tip, dyeing the golden tip of the brush red.

When she was painting again, she could vaguely feel an abnormal and evil power undulating.

Under her lightning-like drawing, a figure that made Su Yu's eyes turn slightly cold appeared!

On the contrary, the monarch was slightly at a loss. "Who is that figure?"

It could be seen that Xuan Hua was actually trying to draw the entire person clearly.

However, there seemed to be some kind of power that made Xuan Hua's drawing only be able to draw a vague outline.

Xie Xiaoyue was slightly shocked when she saw this. "What kind of character can't even be drawn?"

Only Su Yu knew!

Because not long ago, he had also devoured a part of this person's soul.

That's right, it was the carefree emperor!

Although he did not have a specific face, that outline and the aura that was emitted, Su Yu would never forget it.

However, Xuan Hua's drawing should not be the carefree emperor's real body.

Otherwise, she would not even be able to draw.

How could the son of Heaven of the sacred mountain be described by a living being?

However, what she was describing was not the second clone that Su Yu had killed.

"Who is this person? Whose name and surname are unknown." Xuan Hua drew, she said solemnly, "Ten years ago, when I was traveling outside, I saw this person's figure from afar. He came from a distant land and easily kicked an abandoned seven star civilization in front of him to pieces."

"In an instant, the seven-star civilization was gone

"All these years, I've been trying to draw it, but I could only draw its outline," Xuan Hua said in confusion. "I clearly remember his facial features, but every time I tried to draw it in detail, an invisible force would stop me. I would either draw it wrong, or there would be all kinds of accidents. For example, the brush would suddenly break, or my hand would suddenly tremble..."

Hearing her description, Xie Xiaoyue and the ruler became serious.

There was actually such a strange thing?

A single kick to destroy a seven-star civilization, and judging from her description, it should be effortless!

Such a figure must be a taboo in that taboo!

But he actually appeared in the Eastern Region?

Could it not be that the distant eight-star civilization only appeared?

Su Yu's calm face was clouded with gloom.

He knew who the other party was and even knew why they had come.

It was another clone sent by the carefree emperor to the eastern region to look for him!

A great sense of danger suddenly came!

He had to raise his strength as soon as possible, otherwise..

“Therefore, this clone is very dangerous. Su Yu, if you are not a match for it, admit defeat immediately and do not risk your life,” Xuan Hua said in a serious tone.

Su Yu stared at the outline of the Carefree Emperor's clone. He could feel the intense threat it posed.

However, it was still within his limits!

“Bring it on!” Su Yu's body was covered in a layer of holy light. Layers of scales covered his entire body.

At the same time, a long dragon-shaped sword appeared in his hand.

When he saw this sword, the monarch's pupils constricted. “The Southern Mountain Range's dragon race inheritance divine sword?”

He stared at Su Yu in disbelief, his eyes filled with shock.

The southern mountain range was the most mysterious region in the outer realms. It had always been a land of crouching tigers and hidden dragons.

Among them, the dragon race was the most talked about.

A powerful expert emerged in succession, shocking the top civilizations of the outer realms.

Especially tens of millions of years ago, after the previous Dragon Emperor perished, under the leadership of the new Dragon Emperor, the Dragon Race's civilization developed to its peak.

One supreme expert after another mysteriously appeared in the race, suppressing all living beings in the outer realms to the point of prostrating themselves.

Chapter 2323 Twists And Turns

In just a few tens of millions of years, the dragon race had already leaped from an unrated seven-star civilization to becoming one of the top civilizations.

However, there had always been a rumor circulating in the outer regions.

It was said that the Dragon Race's sword of inheritance, the Royal Longzun Sword, had never returned.

The monarch of the Eternal Nightless Empire did not believe this rumor at first.

However, the royal longzun sword in Su Yu's hand made him pale with fright.

“How could it be in Su Yu’s hands?”The monarch was inexplicably shocked. Looking at Su Yu’s half-human and half-dragon form, his heart was even more confused.

Could it be that Su Yu was not a human, but came from a distant dragon clan?

Thinking of this, his heart immediately became extremely eager.

While he was pondering in his heart, Xuan Hua controlled the outline to attack.

The silhouette did not seem to be proficient in any domain or divine arts. It was just a kick.

However, it was this kick that caused the silhouette’s master to kick the entire seven star civilization into pieces.

The power displayed by the silhouette was not even one-thousandth of its master’s.

However, with a kick, the entire secret training ground’s restrictions were swaying wildly, as if they were about to break.

The monarch’s expression changed drastically. He had no choice but to take action and maintain the restriction.

Otherwise, if the restriction was really broken and the remaining power leaked out, innocent people would be injured.

Su Yu’s eyes were extremely cold as he stared at that kick.

“That’s good. I haven’t tried the Royal Longzun Sword for a long time!”Su Yu said in a low voice.

The power of the Royal Longzun sword was based on the purity of the dragon blood in the owner’s body.

In the Palace of Light, he was baptized with Dragon Blood, and the dragon blood in his body was several times more than before. The power of the Royal Longzun sword was released unprecedentedly!

However, after hearing the roar of a majestic dragon, the Royal Longzun Sword turned into a golden dragon and rushed toward the silhouette of the dragon.

The dragon and the foot collided in the air, and a shocking power burst out. It was about to reach the level of Xia Yi’an.

The restrictions in all directions were on the verge of collapse!

The monarch used his great power to forcibly stabilize the restrictions, secretly rejoicing.

Fortunately, he had rushed over to watch the battle. Otherwise, if there was no one to organize it, it would definitely cause a huge commotion!

Fortunately, the outline of Xuan Hua was particularly unstable. After one foot, it was powerless and collapsed on its own.

The Golden Dragon released by Su Yu slowly dimmed and turned back into the Royal Longzun Sword.

The two's all-out attack seemed to be a draw.

But in reality..

"I lost! I'm impressed!" Xuan Hua stared at the Royal Longzun Sword in Su Yu's palm. She was completely convinced of her loss.

Although she could draw such a powerful silhouette, it was especially unstable. On the other hand, Su Yu could continuously display that world-shaking and majestic sword technique.

If it was a life-and-death battle, Su Yu would have already slashed his sword over.

As for Xuan Hua, she would not have the chance to draw her outline again.

Su Yu put away the Royal Longzun sword and glanced at the monarch from the corner of his eyes.

Although he was fighting Xuan Hua with all his strength, he could see the situation around him clearly. It was as if the monarch recognized the origin of this sword.

"Thank you for letting me win." With a flash of his eyes, Su Yu said to Xuan Hua as if nothing had happened.

Pa Pa --

Xie Xiaoyue's eyes were filled with admiration, "It's amazing. Both of them are extremely powerful."

The monarch also stood up and could not help but praise, "In the same generation, there shouldn't be many who can beat the both of you."

"Your Majesty is too kind." Xuan Hua's haughty attitude that appeared and disappeared into thin air.

After this battle, the pride in her heart had been tempered a lot.

Su Yu was such a powerful figure, yet he was still keeping a low profile. What right did she, a defeated opponent, have to be proud?

After the sparring, Xuan Hua kept her promise. She took out a spatial storage device and handed it to Su Yu. "Star-stabilizing disk, please investigate."

Su Yu let out a long breath. He had finally obtained it.

However, just as Su Yu was about to reach out to take it, Xuan Yin, who was hosting the sparring, suddenly attacked without any warning!

"Heaven, Earth, heaven, and Earth, suppress!"

Instantly, the words "Heaven," "Earth," "Heaven," and "Earth" suddenly suppressed Xuan Hua.

Xuan Yin's attack was both sudden and unexpected.

Xuan Hua was caught off guard and was suppressed on the spot.

When her body was unable to move, her palm loosened and the spatial storage item was snatched away.

“Xuan Yin, what are you doing?” Xuan Hua turned her head and saw Xuan Yin holding the spatial storage item. Her expression was twisted as she smiled evilly. “I finally got it.”

Xuan Hua’s entire body trembled. “You’re Not Xuan Yin! Who Are You?”

“Hehe...” Xuan Yin cackled coldly as she turned around and charged out.

However, she had no choice but to stop the moment she took a step out. Her eyes were slightly solemn as she stared at the seemingly empty exit.

At the exit, a huge net made of extremely dense dao master power had unknowingly been set up.

If one were to accidentally touch it, they would be stuck to it and unable to move.

“I’ve long seen that there’s something wrong with you.” The Emperor of the nightless Imperial Kingdom teleported to the exit and stared coldly at Xuan Yin.

Others might not be able to detect it, but he could faintly sense that there was an extremely dark aura lurking within Xuan Yin’s body.

That power did not belong to the Palace of light!

Therefore, he made preparations in secret and sealed the exit.

Sure enough, the aura in his body was scheming against him, trying to snatch the astrolabe.

In the past, when he was with Xuan Hua, the owner of this aura had no way to attack him.

Not only was Xuan Hua very vigilant, but he was also protected by Vice Palace Master Lu.

Only at this moment, when Xuan Hua relaxed, did he find the perfect opportunity.

“So what if I see it? With just you, Xiao Lifeng? Unless the palace master of the Palace of Light is also present.” Who knew that not only did the owner of the Aura not panic, but he was fearless and did not fear Xiao Lifeng at all.

Xiao Lifeng’s eyes were cold. “If I’m not wrong, you are shadow hunter, right? A junior doesn’t have the right to say such things to me!”

As soon as he finished speaking, the entire outside of the training ground was suddenly covered with an exceptionally sinister aura.

“Hehe, my disciple isn’t qualified. Then, I should be qualified to be your master!”

Huala --

In an instant, the restrictions of the entire training grounds were completely shattered. Tens of thousands of ghostly figures descended and pounced towards Xiao Lifeng.

The ghostly figures in his line of sight were all half-step Dao Masters. The tens of thousands of ghostly figures were completely not something that Su Yu and Xuan Hua could deal with.

“Back off!” Xiao Lifeng’s eyes were serious. “It’s the Xuan Master of the Sword Whisper Pavilion!”

“Ten stars of splitting open the sky!”Xiao Lifeng roared and used his powerful domain for the first time.

The ten stars released a radiance that was as bright as the sun and moon.

Under the cover of the radiance, everything disappeared.

Especially those fierce ghosts, they fled in panic as if they had met their nemesis.

While the two figures were fighting, a pitch-black shadow suddenly jumped out of Xuan Yin’s body and escaped with the spatial storage item.

Su Yu’s eyes were ice-cold. He was truly furious.

He had gone through so much trouble for the fixed astrolabe, and at the last moment, someone from the Sword Whisper Pavilion had appeared to scheme and snatch it?

Was this a deliberate move against him?

“You want to leave?”Su Yu summoned the Royal Longzun Sword and slashed out with it.

Lie Ying’s strength was no less than before.

But strangely, Lie Ying was safe and sound.

Su Yu’s sword seemed to hit the air.

“Hehe, you think you can do anything to me with that little ability of yours? I’ll accept the astrolabe with a smile!”Lie Ying smiled contemptuously.

Su Yu’s eyes were calm. “Isn’t it just a soul secret technique?”

That so-called black shadow was not a physical body, but a kind of use of a soul secret technique.

It was just that it appeared very strange and ordinary people would not be able to see through it.

However, Su Yu had mastered the soul law. After a careful observation, he would be able to see through it.

“Humph, so what if I can see through it? You are not worthy of keeping me.”Lie Ying was shocked. Someone had actually seen through it?

However, he was not afraid at all.

As a soul body, any physical attack would not be able to do anything to him.

Su Yu didn’t say a word and formed a seal with his palms.

Instantly, another identical Su Yu walked out of his body as if he was a clone.

Whoosh --

The Su Yu that was a clone was naturally Su Yu’s soul body.

Having cultivated to the immortal soul stage, his soul was already terrifyingly condensed.

It was just that he hadn't had the chance to use it yet, but now he had a use for it.

With the help of the spatial domain, Su Yu's soul moved behind Lie Ying with a single step and punched his back lightly.

Lie Ying sneered, "You actually dare to use your soul to fight me? You're really courting death!"

The body was the armor, and the soul was the heart.

Leaving the armor, and the heart coming out to fight alone, was simply courting death!

Lie Ying fled while unhurriedly throwing a backhand attack.

Bang Bang --

The scene of Su Yu's soul being shattered by his palm did not appear in his imagination.

Instead, a terrifying destructive force came from the other party's soul and spread through his entire body through his palm.

Ah --

Lie Ying let out a pained cry as if his body had been cut by tens of thousands of small knives.

The Sword Whisper Pavilion Master, who was fighting with Xiao Lifeng, had just realized that his beloved disciple had actually been tortured to death in the soul that he was most proficient in.

"How dare you! You are courting death!" The Sword Whisper Pavilion Master threw a ghost shadow across the air.

Xiao Lifeng was also greatly shocked.

Not only had Su Yu cultivated his physique to the extreme, even his soul was unbelievably strong.

Xuan Hua was also extremely shocked. She thought that the sword technique was the peak of Su Yu's strength.

Now, it seemed that it was just the tip of the iceberg.

How Strong was this man?

However, the Sword Whisper Pavilion Master had to ask Xiao Lifeng before attacking Su Yu.

"Hehe, you shameless Old Thing, you have the face to attack a Junior?" Xiao Lifeng scoffed. With a shake of his sleeve, several small swords flew out from his sleeve and chased after the Ghost Shadow, killing it one by one.

Taking this opportunity, Su Yu channeled all the soul power in his body into his fist.

Puff --

With a loud scream, Lie Ying's soul was torn into pieces and turned into black shadows.

However, it did not disappear. Instead, it continued to flee in all directions.

Ordinary souls had already died on the spot.

Lie Ying was different!

However, the number of souls that could escape in front of Su Yu could be counted on one hand.

Lie Ying was obviously not among them!

“Soul Devourer!” The space between his brows opened, and the endless whirlpool sucked back all the souls that had escaped.

Lie Ying finally felt panic, and dozens of fragments shouted at the same time, “Master, Save Me Quickly!”

Seeing this scene, sword asker master was furious, “How dare you! Don’t give me the chance to crush your bones and Scatter Your Ashes!”

The people who wanted to crush Su Yu’s bones and scatter his ashes were probably enough to fill a small civilization, right?

Would he be too much?

Chapter 2324 Exasperation

Sou --

Su Yu increased the suction force, and all the black shadows were devoured.

The Sword Whisper Pavilion Master who failed to protect his disciple flew into a rage and charged at Su Yu without caring about anything else.

Even though Xiao Lifeng grabbed the space behind him and gave him a vicious blow!

“Die!” The Sword Whisper Pavilion Master’s killing intent was shocking as he raised his finger and pointed at Su Yu.

Instantly, numerous ghostly figures surrounded Su Yu’s body as they crazily gnawed at his body.

“Demons and monsters!” Su Yu was not afraid.

If Xiao Lifeng attacked him like this, he would still be afraid.

However, controlling the ghosts to deal with him was like a fat pig running into a butcher’s house!

Shua --

Su Yu pulled out the crystal sword with his left hand. Under the activation of the Crystal Sword, a dense unbounded karma flame gushed out.

As Su Yu swept his sword horizontally, the flame arcs vaporized all the ghostly shadows on his body!

Just as he was about to use all his strength to resist the Sword Whisper Pavilion Master’s Fury, his figure suddenly turned and grabbed the spatial storage item that Su Yu had yet to collect in time. Then, he quickly fled.

He was still far away. He left behind a few resentful words, “Brat, I’ll remember you!”

Xiao Lifeng’s expression changed drastically. He hurriedly urged Su Yu and Xuan Hua, “Quickly request for the protection of the imperial palace. Don’t take even half a step out of the Imperial Palace.”

He himself was trying his best to chase after the Sword Whisper Pavilion Master.

He could not afford to lose the star fixing disc!

This was something that belonged to the palace master of the Radiant Palace. It was not easy for her to lend it to him. If he lost it just like that, what would the palace master of the Radiant Palace think?

Would the cooperation that they had worked so hard to establish continue?

Of course not!

Xiao Lifeng's heart sank. "Damn it, I was too careless."

Actually, when he had secretly agreed to cooperate with the Palace of Light, he had already thought that the Sword Whisper Pavilion would not let the matter rest.

If they cooperated, once the ancient glazed cave was opened, the Sword Whisper Pavilion would definitely be at a disadvantage.

Therefore, the Sword Whisper Pavilion might come to destroy the cooperation.

He did not expect them to come so quickly, and it was the Sword Whisper Pavilion Master himself!

Su Yu's heart was also sinking.

He stared at the empty sky, unable to catch up even if he wanted to.

"Sword Whisper Pavilion!" Su Yu felt like someone had plucked a peach.

He had worked hard to get the astrolabe, but it was snatched away in the middle!

"Young master Su, you don't have to worry." Unexpectedly, Xuan Hua had a strange smile on her face.

She was treating Xuan Yin's injuries.

Xuan Yin's body had been occupied by someone for a long time and her soul was weak. After a short period of treatment, she had recovered a lot.

Standing up, Xuan Hua said with a faint smile, "Xuan Yin is my elder sister. How can her behavior and words be different from her elder sister's but her younger sister can't see it?"

Eh?

Su Yu's eyes shone brightly. "You mean..."

Xuan Hua smiled, "I have always seen Xuan Yin's changes. I have some guesses as to whether she has been taken over by someone, but I am not sure. Thus, I did not alert her."

As she spoke, Xuan Hua took out a new spatial storage device and said, "So, I took out an empty spatial storage device to test it out. In the end, Lie Ying really revealed her fox tail and ran away after snatching the spatial ring."

Su Yu's mood was like an undulating mountain range, unable to hide the joy in his heart.

Taking the spatial storage item, he took a look and saw that there was a huge compass that was as big as a mountain quietly lying inside. Strange runes were carved densely on it.

From its appearance, it was indeed the astrolabe!

“Many thanks!” Su Yu was extremely grateful.

Fortunately, Xuan Hua was smart and secretly held back. Otherwise, the consequences would be unimaginable.

“This is because of my sister’s carelessness. It’s only right for me to be on the safe side,” Xuan Hua said.

Xuan Yin lowered her head in shame. She was about to make a huge mistake.

Su Yu glanced at Xuan Yin and said, “Since it’s over, then everything will be fine. However, when Sword Whisper Pavilion Master finds out the truth, I’m afraid he’ll hate me even more.”

Xuan Hua covered her mouth and laughed, “Then you’ll have to pray for yourself.”

The Sword Whisper Pavilion Master and his disciple, Shadow Hunter, had worked hard to set up this trap for a long time.

In the end, not only did they not obtain the star-determining disk, but they had even killed their disciple on the spot!

They had really failed to get what they wanted!

On the other side of the conversation.

Xiao Lifeng had been chasing after the Sword Whisper Pavilion Master until the latter had escaped back into the territory of the Sword Whisper Pavilion. Only then did he give up unwillingly.

His heart was heavy.

Just one mistake and he would lose everything!

At this moment, Xiao Lifeng received a message from Su Yu. When he saw the content of the message, Xiao Lifeng was stunned for a moment. Then, he looked in the direction of the Sword Whisper Pavilion, he could not help but laugh out loud. “That old man’s expression is probably uglier now than when he ate a dead person, right?”

In the heart of the Sword Whisper Pavilion.

The Sword Whisper Pavilion Master who had finally gotten rid of Xiao Lifeng chuckled. “Xiao Lifeng, oh Xiao Lifeng, let’s see how you’re going to end things.”

It was only now that he had the time to look at the spatial storage device. However, the moment he took a look, he could no longer laugh.

There was no fixed astrolabe in it. There was not a single blade of Grass!

He was stunned for a moment before he realized that he had been played.

His face instantly turned red, and then incomparably livid.

He clenched his fists tightly. Due to his anger, the veins on his face were twisted, and he looked exceptionally ferocious. "Little Bastard, this old man will make sure that you die a horrible death! !"

In a fit of rage, he returned to the Sword Whisper Pavilion.

He did not have the time to deal with the administrative affairs that the Sword Whisper Pavilion had accumulated over the past few months, so he hurriedly rushed to the place where he cultivated.

Inside, a man with a weak face was sitting cross-legged.

His outline was exactly the same as that of Lie Ying.

He was Lie Ying's body!

"Ying 'er, how are you doing?"

However, the body that was clearly going to the soul actually opened its eyes, and hatred was written all over them. "Very bad! I lost a third of my soul!"

It turned out that Lie Ying was not the entirety of his soul, only a third of it.

The Sword Whisper Pavilion Master's face turned pale, and his hatred deepened.

Lie Ying had lost so many souls, and his strength had plummeted.

As someone who was almost certain that he would be able to enter an eight-star civilization, he was now uncertain!

"Men, investigate all the information about that little bastard. I, Master Gui, swear that if I don't personally kill this child, the heavens will strike five Thunderbolts!" Master GUI roared furiously.

Lie Ying frowned. At his master's realm, it was better not to casually swear.

Otherwise, it would be very easy to be influenced by the will of the unseen. If it didn't succeed, it was really possible to achieve it.

"Let me do it." Lie Ying's eyes were cold. "When we meet again in the ancient glazed cave, I hope that he still dares to appear in front of me as a soul!"

On the other side!

Su Yu, who had obtained the fixed star disk, immediately went into seclusion to use the fixed star disk.

He took out the evil daughter's soul crystal core and placed it in the center of the fixed star disk.

Then, he used the primeval power to activate the fixed star disk.

With a large amount of power pouring in, the fixed star disk underwent an extremely obvious change.

The Needle on the disk spun quickly, stopping for a moment with each cup of tea.

When it stopped, the tip of the needle would point to a symbol.

Thus, after eight consecutive pauses, it pointed to eight symbols.

Those symbols all represented various meanings.

Su Yu had learned about the meanings of the symbols from the Star Alliance Chamber of Commerce's intelligence.

Very quickly, the eight symbols were translated, but the result was a sentence.

"Far away in the horizon, close at hand."

Seeing these eight characters, Su Yu had the urge to trash the star-fixing disc.

Could it be that things like the heaven-seeking well and the star-fixing disc couldn't be explained clearly?

Far away in the horizon, close at hand, it made people even more confused.

Su Yu couldn't figure out the meaning of these words no matter how hard he tried.

The heaven-seeking well had said very clearly that the evil maiden palace was in an eight-star civilization.

But the star-fixing disc also said that it was far away from Su Yu, but also close.

"You're really toying with me!" Su Yu bared his teeth.

After going around in a big circle, the astrolabe had said nothing in the end!

"I really shouldn't place my hopes on these things." Su Yu sighed deeply.

Of course, even though he only said that, he already had some confidence in his heart.

At least he already knew that he was not far from the vile-daughter palace!

"Hu! Next, I can rest assured that the ancient glazed cave ahead is a place to hone my skills. I should also make preparations." Su Yu took out all the treasures in his body and prepared to count or re-refine them.

After choosing among them, most of the treasures were classified as giving up.

There was only one treasure that Su Yu felt it was a pity to give up.

That was the Heavenly Dao Eye of death.

As the son of Heaven of the Sacred Mountain, the eye of death of the nine-tailed fox was filled with an extremely dense death domain.

But for some reason, its power was very limited.

Su Yu used 10,000 drops of ordinary dao master's blood to kill an Ordinary Dao master.

At the moment, it could not keep up with his needs, so Su Yu wanted to refine it again.

Refining meant changing part of the eye's ability.

After thinking about it, Su Yu took out the unbounded flaming golden sword he had just used.

This sword had given birth to the unbounded flaming golden sword, and it had helped Su Yu a lot.

However, Su Yu already had the Royal Longzun Sword and the evil sword, two supreme swords. The grade of this sword was far from being able to keep up and was completely useless.

It was better to strip off the unbounded flames and merge it into the Heavenly Dao Eye of death.

He did as he said and forcefully crushed the sword with his strong physique.

Inside the sword, a bean-sized golden lightning flame flickered and extinguished.

This was the unbounded flames!

Su Yu carefully merged the unbounded flames into the heavenly dao eye of death.

He had already predicted that the fusion process would not go smoothly.

After all, this eye came from the son of Heaven of the sacred mountain.

Even if the owner of the eye had died many years ago, it was still a taboo existence.

Hence, before the official start, he had made several defensive preparations to prevent himself from being accidentally injured.

Chi --

When the limitless karmic flames landed on the Heavenly Dao Eye of death, a soft sound immediately sounded.

“Eh?” Only now did Su Yu realize that there was a layer of film on the surface of the eyeball that he had never noticed.

No matter what kind of ocular technique that film was, he could not see it clearly. He could not even feel it when he touched it.

Only at this moment, when the infinite karmic flames ignited the film, did Su Yu realize in horror.

“Could it be that the Heavenly Dao Eye of death formed its own protection?” Su Yu had always been curious. The power of the Heavenly Dao Eye of death was not as powerful as he had imagined.

From the looks of it now, it was this layer of membrane that was blocking most of the power.

When the membrane was completely burnt, the Heavenly Dao Eye of death emitted an unusually dazzling dark green light.

That dark light was soul-stirring, like the ruler of death, quietly watching him.

Even Su Yu himself could not help but feel his heart skip a beat.

What was even more unexpected was that a pupil had actually appeared on the Heavenly Dao Eye of death! !

Moreover, the pupil also turned a bit.

Chapter 2325 Yuan Level Domain

The Heavenly Dao Eye of death that Su Yu obtained was originally the nine Jade Spirit Pearl.

For a very long time, he had been using it purely as a spatial storage item.

He had never thought that it was actually a living thing!

Being stared at by that eye, Su Yu's hair stood on end, and his heart pounded wildly.

At this moment, Su Yu felt as if he was looking at a bottomless abyss, and there was an eye in the abyss that was silently looking at him.

That formless panic spread to every corner of his heart and soul, making him feel terrified.

Fortunately, that pupil gently turned and moved to another place.

The fear in Su Yu's heart gradually dissipated, and his heart gradually relaxed.

"What a terrifying eye." Su Yu was secretly apprehensive.

This was the True Heavenly Dao Eye of death!

The power of the Heavenly Dao Eye of death that he used in the past was probably not even a scratch!

Su Yu's heart moved, and he attempted to take out 10,000 drops of Dao master's blood and pour them into his eyeball. His pupils turned again, and a layer of dark ripples spread out from the depths of his pupils.

It was precisely this ripple that was able to destroy the enemy and kill Ordinary Dao Masters.

"There's no change." Su Yu could not help but be disappointed.

The True Heavenly Dao Eye of death indeed could not be activated by relying on some dao master's blood.

However, at this moment, that Black Ripple was mixed with a faint golden lightning flame. It was the unbounded karma flame.

However, it was much weaker than before.

Due to the burning of the thin film, it had consumed a lot of energy.

In the end, not only did it not strengthen the eye of death of the Heavenly Dao, it had even lost the power of the unbounded karma flame. It was truly exhausting and unrewarding!

Boom --

Suddenly, an earth-shattering muffled thunder exploded for no reason.

Moreover, it blasted towards the cave abode where Su Yu was.

The muffled thunder contained an exceptionally terrifying power of lightning, far surpassing any lightning that Su Yu had ever seen before.

That was not purely the power of lightning, but an extremely high level lightning domain.

Rumble --

Lightning rumbled down, and the ancient restriction that had been operating above the imperial palace for tens of thousands of years was actually unable to withstand even the slightest bit of it, being shattered on the spot.

The Thunder descended vertically and landed on the cave abode where Su Yu was.

In an instant, the cave abode was reduced to ashes, leaving behind a bottomless abyss.

The remaining lightning arcs swam within it and did not dissipate for a long time.

Su Yu had long disappeared!

The monarch who sensed the huge commotion rushed over with a change in expression. What he saw was a scene that made his heart jump.

“This is an elemental domain?”The monarch stared at the remaining lightning arcs and took a deep breath.

The same type of domain was divided into four levels, beginner, middle, high, and elemental.

The monarch was one of the three great experts of the glazed era civilization. As one of the top experts in the entire western region, his domain level was only at the intermediate level.

Even the powerful and extraordinary dragon race civilization, the current heaven-defying Dragon Emperor, had only an advanced domain.

The Yuan level was not something that should exist in the outer realm.

Moreover, to send a domain from the outer realm across countless spaces!

“Who is the one who used the Lightning Domain?”The monarch was extremely shocked.

Suppressing the shock in his heart, the monarch looked around before realizing where the Abyss was. His heart skipped a beat, as if he had missed a beat.

“Su Yu! Su Yu!”He shouted as he looked around.

However, the only thing that answered him was the crackling sound of thunder.

His heart kept sinking. Even though he didn’t want to believe it, it was impossible for him to come back to life under the Yuan level domain, let alone Su Yu?

Even though Su Yu was proficient in the spatial domain, his domain was only at the beginner level.

Under the Yuan level domain, the beginner level domain couldn’t withstand a single blow.

It was impossible for Su Yu to survive!

“What a pity, a genius of a generation died in the Yuan level domain just like that.”The monarch sighed, truly feeling pity for Su Yu.

Once a spatial domain user grows up, his future potential would be unimaginable.

Shua Shua Shua Shua --

Several experts rushed over.

Among them were Xie Xiaoyue, heartless iron constable, and Princess Qianyue.

“Father, what... is going on?” The muffled thunder just now had probably alarmed half of the imperial kingdom, so there was no reason for Princess Qianyue not to know.

The emperor’s eyes were filled with sorrow. “Your teacher passed away.”

Ah?

Princess Qianyue blinked her eyes, but for some reason, her heart relaxed. It was as if the stone hanging in her heart had finally dispersed.

On the other hand, Xie Xiaoyue stared at the remaining lightning arc in a daze. “Yuan level lightning domain!”

The strange thing was that she actually recognized the lightning!

Even the monarch couldn’t help but look at Xie Xiaoyue strangely. He didn’t expect that this woman could actually recognize it.

“It is indeed an yuan level domain.” Constable heartless stood on the spot with a complicated expression, looking at the endless abyss, he said slowly, “If the target of this domain is the glaze civilization, then the current civilization has already been reduced to ashes.”

The monarch nodded his head lightly to express his agreement.

The terror of a Yuan level domain was definitely not something that could be described with words. If one really wanted to compare it, it was probably equivalent to the kick of the taboo existence that Xuan Hua had encountered.

Under such an attack, would su yu still be able to survive?

Impossible, right?

Xie Xiaoyue only regained her senses after a long time. She realized that this was the place where Su Yu lived. Her eyes lost focus as she shook her head and said, “This joke is not funny at all!”

Why would a yuan level domain appear and why would a domain just happen to attack Su Yu?

She was unwilling to admit it, unwilling to accept the cruel reality that had come so suddenly.

Constable heartless sighed softly. “I’m sorry for your loss.”

A hint of sadness flashed across her eyes.

She had once thought that she might have found someone who shared the same ideals.

Now..

Everyone’s mood was different. Little did they know that they were far away in a mountain.

The Sky suddenly tore apart. Thunderbolts danced wildly like wild snakes, destroying the mountain into pieces.

In an instant, the world was engulfed in a sea of fire.

Bang --

A huge cauldron suddenly fell from the sky and smashed into the ground, causing the ground to crack.

This fire burned for an entire month.

When the fire subsided, everything turned into charcoal, except for the cauldron.

Pop --

Suddenly, the cauldron shook, and a person drilled out.

That person was none other than Su Yu!

As the lightning descended, Su Yu's law of fate continuously sent out a strong warning.

In a critical situation, Su Yu didn't hesitate to take out the nine dragons divine cauldron and jumped into it to hide.

At the same time, he activated the law of time and space domain to try to move the nine dragons divine cauldron to its original location.

In the end, the nine dragons divine cauldron was still struck by that terrifying lightning domain.

Fortunately, the nine dragons divine cauldron was truly indestructible and didn't suffer any damage.

Under the effects of time and space, the nine dragons divine cauldron and a portion of the lightning arcs were transferred to this place.

Although he had escaped a calamity, Su Yu didn't feel good.

The surface of his body was charred black, and his chest had turned into charcoal. The internal organs in his body had been damaged, and his vitality was rapidly declining.

All of this was because Su Yu had opened the three-zhang Small World.

Without the protection of the three-zhang Small World, he would definitely be completely obliterated by the lightning power that had intruded into the nine dragons divine cauldron.

Chapter 2326 The Body Of Lightning

Even so, he was still unconscious in the nine dragons divine cauldron for more than a month!

This was something that had never happened before!

"What's with that lightning domain? It seems to be very powerful!" Su Yu recalled the scene back then and couldn't help but feel a lingering fear in his heart.

He didn't understand how that lightning domain could suddenly come without any warning!

Chi Chi --

Just as he was thinking, something in his palm made a strange sound.

Su Yu looked down and was so scared that he almost threw the thing in his hand away.

He saw that in the eye of death of the heavenly axiom, there was actually a thread of needle-sized lightning arcs moving around.

That lightning arcs were not nothing but a remnant of the lightning domain just now!

However, what was different was that the originally pale lightning arcs now had a faint golden color.

Moreover, not only did it not pose a threat to Su Yu, it even had a faint mental connection.

“Could it be...” Su Yu’s heart skipped a beat as an unbelievable thought popped up in his mind.

“Unbounded karma flame, come out!” He tried to communicate with it and shouted. The lightning arc of the embroidery needle flew out from his eyeball!

It was indeed like that!

The remaining lightning arc merged with the unbounded karma flame and became Su Yu’s control.

Gazing at this lightning arc embroidery needle, Su Yu was overjoyed.

Although it was only the size of an embroidery needle, its power was bound to be earth-shattering. If it was used, even a dao master of Xia Yi’an’s level would be reduced to ashes.

And a Dao Master of the Eternal Night Imperial Kingdom’s monarch level would at the very least be heavily injured.

If used properly, it could even be killed!

Of course, the power of this lightning arc would be greatly reduced after using it once, and it might even dissipate. Thus, it had to be used until the critical moment.

“What an unexpected gain!” Su Yu grinned.

This smile tugged at the charred muscles at the corner of Su Yu’s mouth, and he could not help but grin in pain. “Hiss, it’s better to repair my body first.”

Su Yu immediately used the law of life to quickly repair his severely burned body.

Unexpectedly, when his life force entered his body, it was met with an unusually strong resistance, devouring more than half of his life force. Only a small part of it was needed for Su Yu to heal his injuries.

“What’s going on?” He looked inside his body, and with a glance, his heart hung in the air again.

His bloodline was filled with lightning!

The Lightning was far less powerful than the lightning domain, but it had the same aura as the Lightning Domain!

It was obvious that Su Yu’s body had absorbed the Lightning after he was struck by the Lightning Arc.

The Lightning merged with his bloodline and became a part of Su Yu’s body.

He thought for a moment and tried to punch the air.

In the end, a layer of flickering lightning arcs immediately appeared on the surface of his fist.

When the lightning arcs touched the outside world, they immediately tore the space apart.

“This...” Su Yu was stunned. The power of this lightning arcs was not weak. Any clan master who took a punch would be destroyed by the Lightning on the spot.

Even Xia Yi'an level figures had to be wary of it.

It could be imagined that with Su Yu's Heavenly Dragon Dao body, the power of this lightning arcs would be unleashed to the extreme!

Any punch would be enough to make those experts suffer!

“Although it was dangerous this time, the gains were not small,” Su Yu thought to himself.

Staring at the Heavenly Dao Eye of death in his palm, Su Yu felt that the reason why the Lightning was summoned was most likely because the membrane on the surface of the Heavenly Dao Eye of death had been burned.

However, whose domain was that?

An eight-star civilization.

In a vast, dark region, ancient coffins were scattered everywhere.

A gloomy aura filled the sky and earth.

In the depths of the darkness, there was no light at all. To be exact, there was some kind of existence that devoured everything that had light.

Chi La --

Suddenly, the sound of a rough chain rubbing against each other sounded without any warning.

What followed was an extremely dull murmur. “I've finally found... The Eye of death of the Heavenly Dao!”

That voice seemed to come from a box, and in addition to the low voice, it sounded even colder.

“This demon lord, the day of my escape is coming...”

Boom --

Suddenly, an extremely terrifying bolt of lightning appeared without any warning, temporarily illuminating the darkness.

In that short moment of brightness, an incomparably large blood-red ancient coffin was firmly sealed by eighteen iron chains on a gigantic dragon bone!

After that, the world sank into a deep darkness once more.

The glazed culture.

At the border of the nightless imperial kingdom, Su Yu had transformed into a half-dragon body.

However, compared to the Golden Dragon Scales of the past, some of the scales were actually pale white.

After several months, not only had his body recovered to its peak, he had also skillfully utilized the lightning power that he had absorbed within his body.

Now, he could transform them into scales and attach them to the surface of his body. Together with the Heavenly Dragon Dao body, they would be able to play an unexpectedly huge role.

After he finished cultivating, Su Yu was quite satisfied with his current body.

He raised his eyes and looked in the direction of the Eternal Nightless Empire. Then, he slowly turned around and walked towards the intersection of the Eternal Nightless Empire, the Radiant Palace, and the Sword Whisper Pavilion.

There was a city there, and it was called Veluriyam City.

This city was jointly established by the three forces, and they all sent experts from their respective forces to guard it.

Their goal was to protect the largest ancient ruins of the glazed era civilization -- the glazed ancient cave.

Calculating the time, the opening of the glazed ancient cave was about to arrive.

Su Yu did not want to miss out on the various rumors inside.

A few days later.

Glazed city.

Su Yu hesitated outside the city for a while. Then, he moved his bones slightly, causing them to become taller and bigger. At the same time, a faint layer of lightning appeared on the surface of his body, enveloping his entire body.

From the outside, it was impossible to see Su Yu's true appearance.

Only then did he step into Veluriyam City.

Unexpectedly, the city was abnormally lively. There were numerous merchants and various shops in the city.

It turned out that because of the existence of the ancient Veluriyam Cave, there were many more spiritual objects in the vicinity than in other places. As a result, for tens of millions of years, there were often people searching for natural treasures here.

As time passed, Veluriyam city became lively.

Bang Bang --

As soon as he entered the city, Su Yu heard the sounds of intense fighting coming from within the city. He could faintly hear the cheers of the residents of Veluriyam City.

“Haha, Veluriyam City is finally going to be lively!”

“All the prodigies of the three major forces have entered the city. Isn’t it just a few days ago, and they’re already beating their brains out? How exciting!”

“The most pitiful one is still the representative of the nightless Imperial Kingdom. How miserable.”

Hearing this, Su Yu originally didn’t want to bother with them. He really didn’t want to bother with the group of people from the nightless imperial kingdom’s nightless Illumination Palace.

However, he soon realized that something wasn’t right. The nightless illumination palace had already been banned, so how could he still come as a representative?

Filled with curiosity, Su Yu walked over to take a look.

He discovered that a man and a woman were currently fighting each other.

Su Yu didn’t recognize the man, but his domain was somewhat inclined towards the dark element, similar to the Sword Whisper Pavilion Master’s, giving off a ghostly aura.

His identity was undoubtedly from the Sword Whisper Pavilion.

Su Yu did not even have the interest to continue watching the other woman. He turned around and left.

He took a break and came back to make up for it.

Chapter 2327

Peng -

As she turned around, she heard a muffled sound behind her, followed by an angry groan.

“Sword Whisper Pavilion, you’re all Crazy!” There were only a few women that Su Yu could see and walk away. Princess Qianyue was one of them.

Princess Qianyue was inexplicably angry. Ever since she came to Liu Li City, in just a few days, the people of Sword Whisper Pavilion had been picking on her like mad dogs

Five people, including light, had been provoked by the Sword Whisper Pavilion and were injured.

Princess Qianyue was the same!

Because no one liked her, she wandered around Veluriyam city alone and found a rather rare spiritual item. Just as she was about to buy it, the people from the Sword Whisper Pavilion suddenly appeared!

The fourth-ranked Heaven’s favorite of the Sword Whisper Pavilion stepped in and shattered the spiritual item.

It was fine then, but the shop owner demanded compensation from Princess Qianyue!

Because this shop was set up by the Sword Whisper Pavilion’s Garrison!

With Princess Qianyue’s temper, how could she swallow this cowardice? She immediately quarreled, and the quarrel grew more and more intense until it turned into a fight.

However, she didn't think that the other party's purpose of provoking her was to find a legitimate reason to attack?

In the end, the young man from the Sword Whisper Pavilion attacked with an attack talisman that he had prepared for a long time. He injured Princess Qianyue on the spot, preventing her from displaying the body of the nine gods that he was so proud of!

The result was obvious!

Princess Qianyue was sent flying by the other party's palm, but she happened to crash into Su Yu without any deviation!

Su Yu didn't even turn his head back. He lightly slapped his palm behind him, using just the right amount of gentleness to dissolve the qi-jin on Princess Qianyue's body!

Only then did Princess Qianyue's flying speed slow down, so that she wouldn't hit Su Yu.

Then, Su Yu's right arm wrapped around Princess Qianyue.

Princess Qianyue was currently being bullied, and she was extremely grateful for being saved.

Staring at the tall, stout man who was covered in lightning, Princess Qianyue felt a little strange.

"Thank... Thank you!" Princess Qianyue was slightly embarrassed as she was being hugged by the Lightning Man. Her fair cheeks turned slightly red as she thanked him in a low voice.

Su Yu was stunned for a moment. Princess Qianyue still had such an expression. It was the complete opposite of her unruly personality.

However, Su Yu was stunned for a moment, causing Princess Qianyue to think that he was gazing at her with deep affection. Her face turned even redder.

Su Yu was baffled. He put her down expressionlessly and turned around to leave.

"Yo! What a hero saving the damsel in distress. TSK TSK!" Who knew that the young man from the Sword Whisper Pavilion had a cold expression on his face. "But you should ask around about who I am and whether you are worthy of being a hero."

Su Yu did not like Princess Qianyue, but he loathed the Sword Whisper Pavilion even more!

"Scram!" If he wanted to provoke him, Su Yu could let him get what he wanted.

The young man was clearly startled. He had not even said anything before he was scolded to SCRAM!

This time, he felt that he was not provoking this person, but this person was provoking him!

"Fine, I'll Let You Scram!" The young man's expression turned cold as he threw out a powerful talisman paper.

There were four beast heads carved on the talisman, and each of them was baring their fangs and brandishing their claws. They were extremely ferocious!

“Be careful! Don’t be touched by the talisman, or else your strength will be restricted and you’ll be at the mercy of others!”

Princess Qianyue reminded him from the side!

She had suffered such a loss just now!

However, it was too late for her to remind him now. The Talisman exploded, and several beast heads drilled out from within and tore at Su Yu!

“Ah!” Princess Qianyue cried out in shock, but there was nothing she could do. All she could do was silently mutter in her heart, ‘It’s over!’

The young man laughed savagely. He had already seen how Su Yu’s entire body was bound by the Beast Heads!

He took a step forward, sneering as he attacked Su Yu, who was about to be bound!

However, in the next moment, what caused the young man’s soul to leave his body was that Su Yu didn’t move at all. With just a light flash of the Lightning Fox on the surface of his body, the four extremely powerful beast heads instantly turned into black smoke and dust with a ‘Pu’sound!

Waves of shock and terror rose in the Young Man’s heart. Those were not ordinary beast heads, but were personally refined by the Xuan Master. They contained the middle-grade domain unique to the Xuan Master. Although it was extremely weak, other than the palace lord of light and the monarch of the nightless imperial kingdom., who else would be able to take them lightly?

Who was this thunder man before him?

However, the young man did not have the time to think too much, because he was charging towards Su Yu like a meteor!

He thought that Su Yu would definitely be restrained, so he used all his strength, but now he could not even stop himself!

Seeing that there was no way to dodge, the young man gritted his teeth and braced himself to attack Su Yu!

Pu -

His fluke did not succeed, just like the four beast heads from before, without even struggling, they were killed by the mysterious and terrifying lightning on the spot, not even leaving behind a single dregs!

The Sword Whisper Pavilion’s shopkeeper’s face turned pale as he screamed, “You killed Gui Sha! !”

Gui Sha was the fourth-ranked prodigy of the Sword Whisper Pavilion and he was specially chosen by the Sword Whisper Pavilion. If he died just like that, the pavilion master would definitely not let it go!

Su Yu shook the dust off his body and said indifferently, “You have to be responsible for what you say! Did you see me make a move? He crashed into my body and killed himself. How can you blame me for that?”

Shaking his head, Su Yu walked away and said without turning his head, “Tell Your Xuan Master that old man to come at any time for revenge. I’ll make sure he never comes back!”

Hearing this, the onlookers were in an uproar!

He actually dared to challenge the Xuan Master of the Inquisitive Sword Pavilion?

He was one of the three super powerhouses of the glazed era civilization!

Everyone looked at Su Yu’s back as he left and was inexplicably shocked!

On the other hand, Princess Qianyue’s colorful eyes were shining!

She felt that this was how a man should live his life. He was fearless and unrivalled!

Speaking of which, after Su Yu left, he searched the city and indeed found the location where the nightless Imperial Kingdom was stationed.

Meanwhile, the Palace of light was at a nearby location, and both parties formed an alliance.

Su Yu came to a remote corner nearby, removed his disguise, and walked into a luxurious inn. He wanted to ask the waiter where the people of the nightless imperial kingdom were, but a familiar voice sounded in his ears.

He turned his head and saw Princess Qianyue recounting what had happened in a private room, beaming with joy!

When it came to how powerful she was, she was so excited that her face flushed red.

Xuan Hua, Xie Xiaoyue, and constable heartless were all present.

“Let’s drink some water first!”Xie Xiaoyue stopped Princess Qianyue from continuing. Within an hour, she had already recounted the story three times like she was reciting a story, and she was already sick of it.

Xuan Hua’s eyes revealed a look of doubt, however, “It’s not that I don’t believe your story, but that Ghost Sand’s strength is quite good, second only to mine. You said that he crashed into that person who was covered in lightning and turned into ashes. It’s really hard to believe.”

If that was really the case, how terrifying would that person be?

At this moment, constable heartless cast a deep glance at Princess Qianyue and nodded. “I think that the princess isn’t lying.”

She could tell at a glance whether a person was lying or not!

However, if that was the case, how terrifying would that Thunder man be?

“Also...”Princess Qianyue lowered her head shyly. “He seems to be interested in me!”

UH -

Su Yu, who heard this outside the door, felt a chill. She was interested in no one, and it was impossible for her to be so interested in Princess Qianyue!

She was outside and used her phone to type, so it was very slow.

Chapter 2328 Revenge

Should she say that Princess Qianyue was overthinking things, or that Su Yu didn't understand romance?

In any case, Su Yu didn't realize that there was any basis for love between them.

"This Princess Qianyue, she doesn't know good from bad." Su Yu saved her twice.

The first time, she didn't know what was good for her and scolded Su Yu for being a busybody.

The second time, she unintentionally made a move, but she was inexplicably worshipped by her.

They both saved her, but the result was completely different.

The reason was that the first time, Su Yu's strength didn't intimidate her, but the second time, it refreshed her understanding.

She admired a stranger just because she was powerful. What if this stranger had evil intentions?

Su Yu's eyes were filled with extreme disappointment. Princess Qianyue was already beyond saving!

At this moment, their conversation started again in the room.

Constable heartless iron reminded Princess Qianyue, "In this world, those who save you are not necessarily good people. Those who push you into the fire pit are not necessarily bad people."

Her words had a double meaning. She pointed at Thunder Man and Su Yu at the same time.

Xie Xiaoyue also said, "The human heart is unpredictable. It only helped you neutralize a palm strike. Don't take it to heart too much."

Upon hearing this, Princess Qianyue was very indignant. She thought to herself that the two of them must be envious and jealous of her!

"Yeah, everyone looks like a bad person. Only Su Yu is a good person, right?" Princess Qianyue mocked, "It's a pity that he was struck to death by lightning. I really don't know how many good deeds he has done before he was struck by lightning!"

Upon hearing this, Xie Xiaoyue glared at her angrily. "Watch your tone!"

Su Yu's unexpected death had always been Xie Xiaoyue's unresolvable grief. She was a good person and left as she pleased.

The world was unpredictable. Who Could Be with whom forever?

Princess Qianyue's disrespect made it particularly disgusted. Its eyes flashed with cold light.

Constable heartless also looked at her indifferently. “As your former teacher, it’s better to give him respect. Without him, there wouldn’t be the current you.”

Constable heartless also felt extremely regretful for Su Yu’s departure.

Princess Qianyue’s words and actions were really unsightly.

“I’ve earned all my achievements through my own hard work. What does it have to do with him?” Princess Qianyue had always been fearless. Now that Su Yu wasn’t around, she was even more unrestrained.

She pointed at herself. “I was born with the body of the nine gods, but it has nothing to do with Su Yu!”

The more she said, the more she went overboard!

Xie Xiaoyue slammed the table and stood up, scolding angrily, “You ungrateful thing! The body of the nine gods is yours, but without Su Yu taking the risk to train with you all day long, would it be as powerful as it is today?”

“Hasn’t it been a few months now? Without his help, has your body of the nine gods improved?”

Xie Xiaoyue felt deeply unworthy for Su Yu. After all her efforts, all she got was Princess Qianyue’s complete denial!

She finally understood why Su Yu would dissolve the teacher-student relationship. It was because Su Yu had already seen through Princess Qianyue’s character.

She was selfish, narrow-minded, and short-sighted, casually trampling on the help of others!

Princess Qianyue was hit where it hurt.

Indeed, she didn’t feel it in the past. However, after Su Yu left, no one sharpened his body of the nine gods. His power remained at the same level as before, without any improvement.

However, how could she be willing to admit this?

She avoided talking about it and blamed xie xiaoyue, “Don’t blame me with these high-sounding things. Don’t think that I don’t know that you and Su Yu have been having an affair for a long time! You are so beautiful. Why would he be so kind to save you from the Palace of Light?”

“I advise you to find another reliable man. Don’t just hang yourself on a dead tree like Su Yu!”

Her unscrupulous and mocking tone finally completely infuriated Xie Xiaoyue!

Bang!

Xie Xiaoyue flipped over the table and her killing intent flowed. “I rarely kill people, but a woman like you deserves to be killed!”

She was once a pirate. Why would she be afraid of killing a Princess?

At the very most, she could return to being a pirate after being hunted down!

Princess Qianyue was unafraid. “Who’s Afraid of You?”

Her body of the nine gods had been honed by Su Yu and was no longer the same as before. She might not be afraid of Xie Xiaoyue!

It had to be said that Princess Qianyue was unkind and merciless. On the one hand, she enjoyed the increase in strength brought by Su Yu with ease. On the other hand, she was picky and looked down on Su Yu!

Slap!

A loud slap landed on her face. However, the one who attacked was not Xie Xiaoyue, but the heartless iron constable.

Her eyes were filled with a faint sense of disgust. “I rarely hate a person. You’re one of the few!”

“You don’t know how to be grateful and even use your greatest malice to speculate about Su Yu. A person like you really doesn’t deserve to be his student.”

If Su Yu was really a lecherous person, he would have attacked her a long time ago, but he didn’t. He even used an excuse to let him off.

Would such a person covet Xie Xiaoyue’s beauty?

Princess Qianyue was caught off guard by the slap. She covered her left cheek and glared angrily, “You dare to hit me?”

No one had ever hit her since she was young!

Constable heartless said indifferently, “So what if I hit you? Your Father Knows, and will only say that I hit well.”

That was indeed the case. Constable heartless was the proud daughter of heaven that the monarch had painstakingly invited to replace the Eternal Nightless Empire to participate in the recruitment for the eight-star civilization. For this reason, the monarch often lamented that he was lucky.

At this critical juncture, how would the monarch dare to hold the heartless iron constable accountable?

Princess Qianyue stared at the heartless iron constable. “You’ve also been protecting Su Yu all along. I’m afraid that there will inevitably be an affair between the two of you, right?”

PA!

Suddenly, a gust of wind blew over, followed by a sharp and resounding slap on the other right side of her cheek.

However, the one who attacked wasn’t the heartless iron constable, nor was it Xie Xiaoyue, but... Su Yu!

“Who hit me?” Princess Qianyue screamed in anger. She had already entered the room and was about to go crazy, but she was actually slapped repeatedly by someone. It was simply the greatest humiliation in her life!

However, when she stared at the person who made a move, her fury instantly froze as if she had encountered an eternal chill!

Her expression also became incomparably frozen as she stared at the silver-haired figure before her without moving.

“Su... su... teacher Su!” She, who had been baring her fangs and brandishing her claws just now, stammered like a cat.

Su Yu looked at her calmly, his eyes unmoved. He said calmly, “Didn’t I say that I’m no longer your teacher?”

Princess Qianyue had just come to a realization!

That’s right, a year had passed. According to the agreement, Su Yu would only be her teacher for a year.

Since that was the case, why should she be afraid of Him?

“I slapped you, not for me, but for them!” Su Yu could ignore Princess Qianyue’s insult to him, but he could not ignore her slander towards Xie Xiaoyue and Constable Heartless.

Constable Heartless had slapped Xie Xiaoyue.

Constable Heartless would be the one to slap her.

Princess Qianyue lowered her head with hatred in her eyes. Why did you hit me? You are no longer my teacher!

Su Yu seemed to be able to see through her thoughts and said, “If you are not satisfied, you can look for your father.”

After that, he waved his sleeves and threw her out with a wisp of spatial energy.

Then, he turned around and smiled at the two girls. “I’ve Made You Worry!”

At this moment, the two girls were looking at them in shock and disbelief.

They found it hard to believe that Su Yu had appeared in front of them alive!

How could anyone below the Yuan level domain possibly survive!

According to theory, if that Yuan level domain were to spread out, the entire glazed era civilization would be gone!

If all the domains were to attack Su Yu’s residence, how could he be safe and sound?

However, Su Yu had indeed appeared in front of them!

The two ladies regained their senses and their faces were filled with joy at the same time!

Constable heartless only revealed a faint smile of heartfelt joy.

Compared to her reserved self, Xie Xiaoyue was much more Frank. She walked forward in surprise and pulled on Su Yu's sleeve, sizing him up from top to bottom.

Her eyes were filled with tears of joy because of the surprise. "This is great, this is great!"

Because of her excitement, she was incoherent and did not know what to say.

Su Yu comforted her by patting her shoulder. "I'm back."

He sighed in his heart. That sudden disaster seemed to be a good fortune.

Not only did he gain a lot, but he also verified some people's attitudes.

Others did not dare to say it, but Xie Xiaoyue was worthy of Su Yu's sincere treatment.

Not long after, the news of Su Yu's survival spread like wildfire.

Shua..

The monarch was the first to rush over. His eyes were wide with disbelief, as if he was looking at a monster.

"I can't believe that you're Still Alive!"The monarch was both surprised and delighted. He felt a sense of surprise that he had regained what he had lost.

Su Yu smiled indifferently. "I've made the monarch worried."

"Haha, today is a day of celebration. Come, let me welcome you!"The monarch held a feast for his guests.

From this, one could see that he was in a good mood!

"Now is not the time to be distracted. The Sword Whisper Pavilion is too aggressive. Doesn't the Emperor and the palace lord of light have any countermeasures?"

They couldn't possibly allow the Eternal Night Empire and the Palace of light to remain in a passive position, right?

The emperor's expression was grim. He had long heard of Princess Qianyue being bullied by Gui Sha on the streets.

How could he not be angry?

"Alas! You may not know this, but I, the Palace Master of Light, and the Master of Sword Whisper have reached a consensus since the establishment of Veluriyam City."

"In Veluriyam City, the Three Dao Masters and the Dao Masters in the fish-dragon realm are not allowed to fight in Veluriyam City. This is to prevent us from being too powerful. When we fight, it will affect the ancient veluriyam cave under the city and cause irreparable damage."

The so-called fish-dragon realm should be the dao masters of Xia Yi'an.

And the three of them were above the fish-dragon realm.

Knowing this, Su Yu understood a little.

“However, are the young generation of our two sides inferior to each other when we join hands?” Su Yu asked.

Not to mention the mysterious paintings in the Palace of Light, the heartless iron catcher, Xie Xiaoyue, and the others from the nightless imperial kingdom were the representatives.

No matter what, they shouldn’t be suppressed by the Sword Whisper Pavilion!

Hearing this, the monarch sighed deeply, “If Veluriyam capital could act for no reason, why would they allow the Sword Whisper Pavilion to act so arrogantly?”

Only now did Su Yu understand the true reason.

The Sword Whisper Pavilion was good at using schemes and tricks to provoke others, using legitimate reasons to act. Because it was usually a premeditated scheme, the people of the Sword Whisper Pavilion would definitely have a 90% chance of success if they acted.

On the other hand, those from the radiant palace and the nightless Imperial Kingdom who had the ability disdained scheming and scheming, while those who wanted to scheme and scheme wouldn’t be able to defeat the other party.

“Serves you right for being bullied by others.” Su Yu didn’t think much of it. The quality of a scheme depended on the person who used it.

If they stuck to their reputation and hesitated and didn’t use it, they would serve them right for being taken advantage of.

Chapter 2329

“For once and for all, let me do it,” Su Yu said lightly.

Rather than being constantly provoked by sword whisper and affecting his preparations for the glazed ancient cave, it was better to personally make things difficult for sword whisper so that they would have no time to cause trouble.

Moreover, he had already offended silkworm whisper by his side, so there was no need to hold back.

“You want to make a move?” Xie Xiaoyue’s eyes shone brightly.

Based on her understanding of Su Yu, he would either not make a move, or if he did, it would be like a whirlwind.

It was cruel and merciless.

She herself was an excellent example. Su Yu had obtained the entire pirate alliance without a sound.

As the number one person in the pirate alliance, she had almost become a prisoner.

“Do you mind having a fly in your ear all the time?” Su Yu asked back.

Xie Xiaoyue giggled. “Hahaha, the Sword Whisper Pavilion is in trouble.”

She seemed to have already seen how the Sword Whisper Pavilion and the others were in a terrible state.

On the other hand, the monarch and the heartless iron constable did not know Su Yu very well. They did not understand where Su Yu's confidence came from, nor did they understand where Xie Xiaoyue's gloating expression came from.

"Release the news that I came back alive," Su Yu said. He already had a complete plan in his heart.

Hearing this, Xie Xiaoyue immediately frowned. She thought that Su Yu would act in secret.

Announcing that she came back alive in a high-profile manner, wasn't that exposing herself in front of others?

With Su Yu's past conflict with Sword Whisper, sword whisper would probably immediately attack. There was still room for Su Yu to make a move?

However, she did not question anything.

Su Yu must have his own reasons for doing so.

However, the monarch advised him tactfully, "Young master Su, don't reveal yourself for the time being."

Su Yu had killed his beloved disciple, Ying Ying's soul, in front of the Sword Whisper Pavilion's master. How could they let go of such a deep hatred?

Su Yu was killed by the heavenly lightning. They had no way to pursue the matter.

If they knew that Su Yu was still alive, they would definitely kill him.

The monarch was a little puzzled. Su Yu should not be such a courageous and foolhardy person. How could he be so muddle-headed?

"Thank you for your concern, monarch, but I have my own considerations," Su Yu said.

The monarch pondered for a moment before sighing, "Alright, be careful."

It was not just the Sword Whisper Pavilion that had people all over Veluriyam City. The Eternal Nightless Imperial Kingdom was the same.

Through the channels of the Eternal Nightless Imperial Kingdom, the news that Su Yu had survived the calamity and returned alive swept through the entire Veluriyam capital.

At that moment.

In a certain mountain villa controlled by the Sword Whisper Pavilion.

Seven figures with many shadows were sitting around in a dark corner of the mountain villa.

Just like how the Palace of Light had emissaries of light and the Eternal Nightless Imperial Kingdom had the Eternal Nightless Palace, the Sword Whisper Pavilion also had a faction formed by Heaven's chosen. It was called the nine sword pavilion.

There were only nine people in each session of this pavilion, and all of them were the top geniuses of the Sword Whisper Pavilion.

The leader of the nine sword pavilion this time was naturally shadow hunter.

Ghost Killer, who had died at the hands of Su Yu, was a member of the Nine Sword Pavilion who was ranked fourth.

Now, apart from that mysterious shadow hunter, the other seven members were all here.

“Haven’t you found out who the Thunder Man Is Yet?” Ghost Eye, who was ranked second, said sinisterly.

Just as its name suggested, Ghost Eye’s entire body was like a gigantic eye floating in the air, emitting a soul-level conversation!

It was said that Ghost Eye’s original body had been destroyed many years ago due to an accident.

As a result, it was only left with a ball of soul.

Even so, its soul was still extremely powerful. With just its soul body, it had been sitting firmly in the second position of the Nine Swords Pavilion until now, and no one could contend against it.

“No. There’s no trace of our spies in the nightless Imperial Kingdom and the Palace of light. It’s as if he appeared out of thin air.” The third-ranked member of the Nine Swords Pavilion shook his head and whispered.

Among the powerhouses of the glazed era civilization, there were very few who were good at lightning.

However, none of them had trained themselves to such a terrifying level.

“Is there a mistake in the news? Just by bumping into him, he was blown into ashes by the lightning arcs emanating from his body? That’s too unrealistic,” said the fifth-ranked member of the Nine Swords Pavilion.

They were very clear about Gui Sha’s strength. With his physique, only dao masters above the fish-dragon realm had the ability to destroy him in one blow.

Was the thunder man such a strong man?

“No, I went to the scene personally to check. Gui Sha was indeed blown to ashes.” A member who was ranked last had an indelible fear on his face.

The atmosphere in the secret room suddenly became much more solemn.

The veluriyam ancient cave hadn’t even started yet, and they had already lost a capable general. How could they be happy?

“Perhaps it’s someone from another civilization other than the nine seven-star civilizations.” In the end, Ghost Eye said uncertainly.

The other six nodded slightly. This was the only explanation.

The veluriyam civilization was only one of the nine strongest seven-star civilizations in the western region.

The Thunder people were most likely from the other eight civilizations.

“We can only blame ghost sand’s bad luck for accidentally offending a passing expert.”

Just as everyone was resigned to their fate, suddenly, a beeping sound came from Ghost Eye’s body.

Looking down, it was a message from his communication jade art.

After opening it, Ghost Eye’s huge eyes immediately shot out an unusually sharp cold light.

The intensity of that cold light caused everyone present to shudder violently.

“Big Brother Ghost Eye, what happened?”

Ghost eye sneered, “I received good news that could be considered bad news!”

“Why?” Everyone didn’t quite understand what he meant.

“That person called Su Yu, he didn’t die!”

When the people from Sword Whisper Pavilion received the news, they immediately passed it to Sword Whisper Pavilion Master, followed by nine Swords Pavilion.

“What? He didn’t die?” Everyone was shocked.

They heard that the one who attacked Su Yu was a yuan level domain Esper.

If he could survive like this, how could his life be so hard?

However, what came next was their intense excitement and killing intent.

They finally understood why ghost eye would say that this was good news that could be considered bad news.

The bad news was that Su Yu didn’t die.

The good news was that Su Yu could die in their hands.

Right now, Su Yu had formed a grudge with the entire sword Whisper Pavilion. Everyone wanted to kill him and get rid of him quickly.

They were helpless when he died under the Lightning.

Wasn’t the fact that he did not die now giving them a chance to kill him?

“Immediately inform Big Brother Shadow Hunter to come out of seclusion and come with us. We will use a strategy to destroy him openly,” someone suggested. They were ready to send a message to shadow hunter on the spot.

“Wait!”

Ghost eye said solemnly, “Lie Ying has lost a lump of his soul and is in the process of repairing it. Remember to disturb him.”

Only then did they extinguish the thought of finding lie Ying.

“It’s more than enough for the seven of us to work together to deal with a mere Su Yu,”ghost eye said confidently.

The other six people were extremely convinced and did not doubt him in the slightest.

This was because all the previous schemes against the Palace of light and the nightless imperial kingdom had all been plotted by Ghost Eye, and all of them had succeeded without exception.

“We’ll listen to Big Brother Ghost Eye. Please instruct us, Big Brother Ghost Eye.”

In their minds, Ghost Eye would definitely have them think of a way to lure Su Yu out, and then use a strategy to provoke the other party to take the initiative to attack. After that, they would use a reasonable excuse to kill him.

Unexpectedly, ghost eye indifferently said, “First, we need to understand that this is a trap.”

UH --

Everyone present was instantly stunned.

A trap?

“Big Brother Ghost Eye, what do you mean it’s a trap?”

Ghost Eye’s eyes revealed a hint of shrewdness. “Judging from Su Yu’s deep concealment, he must be an extremely cunning person. Why would such a person easily expose his whereabouts and let our people know?”

He actually saw through Su Yu’s intentions with a single glance!

“The people of Sword Whisper Pavilion are not good at gathering intelligence. If we forgive him, we also received the news at the first moment. As expected, this news was intentionally spread by them,”ghost eye said slowly.

Everyone came to a sudden realization.

“Big Brother Ghost Eye is extremely intelligent. I’m impressed!”

“Hiss! That’s really the case!”

“Hehe, if Su Yu wants to compete with our Big Brother Ghost Eye in terms of intelligence, I’m afraid it’s nothing!”

“Then, Big Brother Ghost Eye, what should we do now?”

Ghost eye sneered, “Of course, we’ll push the boat along with the current and give Su Yu a huge surprise!”

A huge surprise?

“Didn’t he want to lure us to take revenge? Then, we’ll do as he wishes!” Ghost Eye’s voice gradually lowered as he transmitted his voice to inform the six of their specific plans.

A moment later, a black shadow flashed in the secret chamber, and everyone left, arriving at the place where the eternal nightless Imperial Kingdom stayed.

The person with Ghost Eye as the leader hid in the dark.

After a long time, a sneaky waiter walked out of the inn, bowing and nodding as he came in front of them. “Greetings, Ghost Eye and the members of the Nine Swords Pavilion.”

This waiter was the spy they had planted in the inn.

The waiter had provided them with information for many of their previous schemes.

“How is it? is that Su Yu in his room?” Ghost Eye asked.

The waiter shook his head, “Lord Ghost Eye predicted everything. Su Yu left the inn two hours ago. Now, Xuan Hua, heartless catcher, Xie Xiaoyue, and the others are hiding in his residence. They will find the right reason to attack you once you enter.”

Hearing this, the six members of nine swords pavilion were convinced.

“It’s really amazing. It’s exactly as brother ghost eye predicted. This is indeed a conspiracy!”

“Fortunately, we have brother Ghost Eye. Otherwise, we would have been killed by that Su!”

“Bah! Su is really cunning! But fortunately, we have brother Ghost Eye!” Everyone praised.

Ghost eye indifferently said, “Since that’s the case, then let’s give that Su fellow a surprise. where is he heading to now?”

The waiter said in a dilemma, “I don’t know about that. However, he must be hiding in some secret place, waiting to watch the good show of the Lords.”

“Hehe, then let’s give him a good show to watch.” Ghost eye said, “Spread the news, saying that our nine swords pavilion came looking for Su Yu to take revenge. In the end, we were jointly suppressed by the Palace of Light and the nightless imperial kingdom, resulting in heavy casualties.”

Since Su Yu was hiding in the dark, he must have been paying close attention to the information.

Once he learned that his plan had succeeded, he would naturally come back to take a look.

And as long as he returned, they would give him another surprise attack, so that Su Yu would never forget it for the rest of his life!

The people of the Sword Whisper Pavilion quickly spread the news.

For the not-so-huge Veluriyam City, the news spread very quickly, especially such a shocking news.

Su Yu, who had secretly received the news, came back as if he had been relieved of a heavy burden. With a smile on his face, he came to the front of the inn, and the corners of his mouth were slightly smug.

Chapter 2330 The Truth Was Revealed

Little did they know that they had fallen into the trap of Sword Whisper and the others.

Ghost Eye and the others hid in the dark and looked at Su Yu who had returned to check on the situation as expected. They could not help but laugh coldly.

“You dare to compete with our Big Brother Ghost Eye with such a scheme!”

“Hehe, the fish has finally taken the bait!”

Ghost eye smiled deeply and said, “Brothers, what are you waiting for?”

Hua Hua Hua Hua --

The seven people each sneered and appeared from the dark.

They had long been prepared to lock down a location. It would be very difficult for Su Yu to escape in an instant.

Su Yu was caught off guard and was blocked by them. A hint of panic flashed across his face.

“Su Yu, you didn’t expect this, did you?”The member of Nine Swords Pavilion who was ranked third sneered. “This is called, there is always someone better than you! If you want to scheme against us, don’t think twice about yourself!”

Ghost eye said indifferently, “Su Yu, we suspect that you’ve stolen something from us. Please cooperate with US and check your storage space.”

Of course, these were words that could provoke Su Yu.

If Su Yu didn’t agree, they could use this as an excuse to attack.

If he agreed, they could use another reason to attack.

No matter what, Su Yu wouldn’t be able to get away with it today.

“Humph, if you want to catch me, you’ll have to see what you can do.”After a moment of panic, Su Yu immediately used the power of space and instantly rushed out of their encirclement.

Ghost Eye was slightly surprised. “This person is also proficient in Space Divine Arts?”

But before he could be surprised, ghost eye immediately led his men to chase after him. “Chase!”

The two parties chased after each other and quickly chased out of Liu Li City and arrived at an abandoned manor on the outskirts.

The manor was filled with ghostly qi, and there was no sign of anyone.

The strangest thing was that after Su Yu sneaked into the manor, it was as if he had vanished into thin air.

No matter how hard they searched, there was no trace of Su Yu.

“Where is Su Yu?” Ghost Eye was surprised.

They clearly sensed that Su Yu had entered the manor, so why couldn’t they find him?

“Seal this place. Even if we have to dig three feet into the ground, we have to find that Su Yu!”

Little did he know that under the cover of a noiseless void, Su Yu was quietly leaving the manor and returning to a quiet courtyard in Liu Li City.

This courtyard seemed to be the same as the outside world, but in reality, experts were circling around in the dark.

It was difficult for even a fly to fly in.

In the courtyard, under the cover of a void force, Su Yu silently entered.

Then, he quietly entered a secret room in the courtyard.

After entering, the void energy around Su Yu withdrew, revealing the little qilin’s figure.

“I don’t have much void energy left. You should use it sparingly.” Ever since the little qilin evolved, most of the void energy in his body had evolved into chaotic energy. Only a few were still preserved, so every time he used it, he would use it sparingly.

Su Yu nodded, and a faint smile appeared on his face. “It’s enough.”

He looked at the center of the secret chamber, where a person who looked exactly like him was sitting cross-legged.

To be more precise, Su Yu’s soul had left his body, and his original body had always been in the secret chamber.

Shua --

His soul returned to his body, and a knowing smile appeared on the corner of Su Yu’s mouth.

This courtyard was the courtyard of the Great Palace Master of the Palace of Light.

Two hours ago, he came to the courtyard and specially came to visit the Great Palace Master.

If it was anyone else, this great palace master would have disdained to meet them. However, Su Yu was the second person to be imparted the teachings of the radiant divine deer in the recent era.

It was not a day or two that the great palace master wanted to meet Su Yu.

Dong Dong --

There was a knock on the door outside the secret room.

Su Yu stood up and opened the door to take a look. A graceful and beautiful middle-aged woman stood outside the door like a blooming peony.

She was one of the three great experts of the glaze civilization, the Great Palace Master of the Radiant Palace!

When he first met her, Su Yu had never thought that the great palace master would be so beautiful. He only knew that the Great Palace Master was a woman.

“Young master Su, do you have any leads?”The Great Palace master gazed at Su Yu with an indescribable fervor in her eyes.

Two hours ago, Su Yu suddenly came to visit. He said that he was here on the orders of the Emperor of the eternal nightless empire to return the astrolabe.

She was naturally happy to meet Su Yu.

She also wanted to see what would happen to Su Yu, who had turned the deer chasing event upside down and trampled almost all the envoys of light under his feet. What would happen to the mysterious person who received the Divine Deer of light’s teachings but rejected it on the spot.

Hence, she immediately met him.

From the way he spoke, Su Yu was indeed extraordinary.

In terms of strength, the first palace master could barely tell that Su Yu was still hiding something. In particular, there was a faint threat emanating from him, causing her, who was one of the three great experts of the glazed era civilization, to feel slightly uneasy.

The two of them talked for a long time. In the end, the first palace master couldn’t hold it in and asked about the divine deer of light.

She was eager to know if Su Yu had anything special that could make the divine deer of light pass down its teachings.

In fact, she didn’t have any hope.

Perhaps even Su Yu himself didn’t understand why the Divine Deer of light would pass down its teachings to him.

And even if he knew, why would he tell her?

Who knew that Su Yu did not reject it outright. Instead, she said that she had some clues that needed to be sorted out.

Thus, the great palace master generously gave her cultivation room to Su Yu to use, allowing her to calm her mind and think.

Two hours passed, and she really hoped to receive Su Yu’s answer.

Su Yu frowned and said in deep thought, “Great Palace Master, my knowledge is limited. If it is not the answer you wish to receive, please do not blame me.”

The Head Palace Master’s voice was mellow and gentle, “Young master Su, you have already done your best by telling me. How can I blame you?”

Su Yu nodded and said, “To tell you the truth, I once met an old Taoist who was sweeping snow at the border of the two countries. His name is unknown. I think that the reason why the Holy Deer of light passed the Dharma to me may be related to this person.”

“Old Taoist?” The first palace master’s phoenix-like eyes were deep in thought.
“Only him?”

“There’s also a tombstone with three words engraved on it.”

The first palace master asked, “Which three words?”

“Zhuo Tianran.”

Unexpectedly, the first palace master’s pupils constricted. She took a step forward and held Su Yu’s arms with both hands.

Subconsciously, she used an unusual amount of strength. Even the lightning in Su Yu’s body could not help but shoot out.

A huge pain spread from Su Yu’s arms to his soul.

Looking at the expression of the first palace master, her eyes widened and her jade-like face trembled as she stared at Su Yu. Where was the calmness and calmness of the first palace master of the Palace of Light?

Su Yu knew that just as she had guessed, that old Daoist was indeed not an ordinary person.

“First Palace Master, please don’t be agitated.”

Only with this reminder did the great palace master realize that he had lost his composure. He hurriedly withdrew his hand and said apologetically, “I’m sorry, I’ve lost my composure! Young Master Su, can you tell me where that Old Daoist is?”

Su Yu shook his head and said, “He has already gone to the entrance.”

He recounted what had happened.

After hearing this, the Great Palace master looked at the distant horizon and let out a long sigh, “Time and fate! It turns out that he has been in the glazed tile civilization all this while. We have been looking for him for so many years in vain.”

Su Yu’s heart moved. “May I ask, Great Palace Master, who is that old Taoist?”

“Haven’t you seen his name?” The Great Palace master turned around and looked at Su Yu as he said faintly.

Seen?

All of a sudden, Su Yu said in surprise, “The name on the tombstone is the name of the old Taoist?”

“Yes.” The Great Palace master said affirmatively.

Su Yu was stunned. There was actually someone who built a tombstone for him!

That old Taoist was really not an ordinary person!

“Is this person very special? Is He... the owner of the Divine Deer of light?” Su Yu guessed.

The first palace master hesitated for a moment and did not hide it. He said, “Yes, but it’s not just that!”

“He is the founder of the glazed era, a person who lived from the previous era to this era!”

Su Yu’s heart was calm, but he did not find it too strange.

Only in this way could he explain the various mysteries.

“You don’t seem surprised?”The head palace master looked at Su Yu’s expression and was slightly surprised.

Anyone would be surprised to know that he had seen an ancient venerable who had lived for two eras, right?

There were not many who were as calm as Su Yu.

Su Yu naturally would not be surprised. Not long ago, he had swallowed the soul of an old monster from the previous era, which was the remnant soul of the human demon.

“Anything can happen at the end of the new era,”Su Yu said calmly.

Looking at the sky, Su Yu cupped her fists and said, “That’s all I know. I’ve told you everything. Goodbye.”

The first palace master nodded slowly. “As a thank you, I’ll give you something.”

She casually looked into her spatial storage world and was ready to take out some things.

However, at this moment, she realized that several important treasures were missing from her spatial storage world.

One of them was a magic treasure that was comparable to the astrolabe!

“Who broke into my spatial storage world and stole my magic treasure? !”The Aura around the first palace master changed from gentle to unusually fierce.

The wind around her body was strong enough to crush a master-level dao master to death.

“Great Palace Master! What Happened?”Outside the small courtyard, the four fish-dragon Realm Dao masters who were guarding the Great Palace master showed up one after another and asked in bewilderment.

The Great Palace master narrowed her eyes and looked around.

When she glanced at Su Yu, she paused slightly.

There was nothing unusual in the storage world before Su Yu came.

Could it be him?

However, Su Yu had been trying to steal her things in front of her. Did she think she was blind?

Therefore, Su Yu was the most impossible!

She swept past Su Yu and the four Dao Masters of the fish-dragon realm. Her eyes turned cold as she laughed angrily, “You really don’t think much of me when you steal from me!”

She admitted that the thief’s ability was too brilliant.

He could sneak into her storage world without her noticing.

However, it was a pity that people at her realm had more or less unique auras. She could sense their location with just a thought.

“I want to see who has the guts to do this!”

As soon as she finished speaking, she closed her eyes and suddenly opened them. She shot in a certain direction and said with a smile, “Let’s go and see who they are!”

She rolled up her sleeves and a few people, including Su Yu, instantly left this place.

At that time.

The people who were still searching for Su Yu were still unable to find Su Yu after digging three feet into the ground.

However, they unexpectedly found a hidden array formation.

“Why is there a shielding array formation?” Ghost Eye sensed that something was wrong.

Su Yu was missing, but he left behind a shielding array formation. Could it be that there was a mystery behind it?

A black light shot out from his eyes and shattered the array.

In the end, what entered his eyes shocked him greatly.
