

Nine-Dragon 2351

Chapter 2351 Questioned

After pondering for a while, Su Yu took out a severed finger.

It was cut off from insect ancestor's hand by ancestral Dragon Yiyu.

When Su Yu left, Ancestral Dragon Yiyu took it with him before it fell into Su Yu's hand.

After a brief inspection, Su Yu found that there were about ten drops of pure insect ancestor's blood inside.

The blood in a living being's body was divided into pure and thin drops.

There were only so many pure blood, and each drop was less than the last.

The ancestral insect had gone through an era, and every day, a drop of blood was dripped into the cauldron. Where could he get so much pure blood?

What he dripped was the thin blood that ran under his skin and could be expelled from his body at any time.

The essence contained was less than one-ten-millionth of a drop of pure ancestral blood.

Every drop of the ten drops of essence blood in his finger should be able to activate the ancestral dragon feather for an instant.

Through Su Yu's personal experience, even if it was just an instant, the attack power and flying ability of the ancestral dragon feather were incomparable. It was completely enough.

His heart slightly relaxed. At least he did not get nothing.

He could still use the ancestral dragon feather ten times in the future until he found a new ancestral blood.

However, the ancestral blood was too spiritual.

Su Yu was holding his finger. He could clearly feel the resistance of the ancestral blood.

What was even stranger was that one drop of the ancestral blood was mutating inside his finger. It was evolving from a drop of blood to a living creature.

That creature faintly had the aura of the insect ancestor.

"Reborn from a drop of blood?" Su Yu's eyes turned cold.

The ancestral blood was strong enough to transform into an incomparably powerful living creature.

It might not be as powerful as the true ancestral blood, but it was definitely not weak.

"Want to evolve into a living creature? That depends on whether I agree or Not!" He waved his left hand, and the nine dragons divine cauldron appeared in his palm.

The nine dragons divine cauldron was now empty of divine blood, and it was all used to refine the ancestral dragon's unique feather.

“Suppress!” He used the universal cauldron technique taught by Ren Zu to control the nine dragons divine cauldron, and suppressed all ten drops of ancestral blood along with his finger.

However, Su Yu wasn’t in the state he was in when he was a mortal. He couldn’t use the suppression technique to the extreme.

The finger felt the suppression of the nine dragons divine cauldron. It resisted from a distance and smashed the divine cauldron.

Su Yu had no choice but to continue using the suppression technique to destroy its resistance.

At that time.

In the depths of the sacred palace.

In the depths of a certain ancient city that was covered in flames.

In the lava, a coffin was stuck inside the face.

The purple flame she-devil and the other two she-devils were respectfully waiting in front of the coffin.

Creak --

The lid of the coffin slowly opened, and an extremely hot air current rolled out.

The purple flame she-devil’s expression changed slightly, and she hurriedly retreated.

The other two she-devils also kept increasing the distance between them, and they were especially wary of that air current.

“We pay our respects to the Divine Flame Female Devil.” The three female devils stood in the distance, bowing.

The four of them were also the four great female devils of the spark civilization, but they knew very well that it was so on the surface, but in reality, the three of them were only the foil to the Divine Flame Female Devil.

In terms of true strength, their combined strength couldn’t even compare to a single finger of the Divine Flame Female Devil.

“It seems to be very lively outside.” A hoarse and ancient voice sounded from within the coffin.

There was actually a faint trace of anger in that voice. The Purple Flame Female Devil and the others, who had been cultivating the fire domain all year round, couldn’t help but feel irritated.

If it was an ordinary person, they would probably have already started burning from the inside out.

Bang --

With a muffled sound, the lid of the coffin was completely opened, revealing a person whose entire body was covered in fiery red crystals!

That's right, it was a crystal!

Every part of her body was covered in sacred flame gilt gold! !

Who would have thought that the world-famous divine flame female Devil's main body was the sacred flame gilt gold that could help Dao Masters break through?

"Reporting to the female devil, our Starfire civilization has arrived at an unrivalled expert of an unknown realm."The Purple Flame Female Devil reported

The last time she saw the divine flame female devil was hundreds of millions of years ago.

After so many years, her appearance was still the same, but the pressure she gave him was far greater than before.

In the past, the divine flame female devil could only be considered a super expert.

But now, she had steadily surpassed super experts and reached an incomparably powerful realm.

It was believed that her true strength was comparable to those old monsters of the Xuan Dao Palace.

"Unparalleled expert?"The Divine Flame Female Devil closed her eyes slightly, as if she was sensing something, and said, "No, there is a stranger with mixed auras in my sacred palace."

Purple Flame Female Devil and the others also sensed that not long ago, the oppressive atmosphere had dissipated.

"Perhaps that senior has suppressed his aura,"purple flame female devil said.

Divine Flame Female Devil didn't think much of it. "You guys, could it be that you've been deceived?"

Deceived?

Recalling the scene when Su Yu appeared in the sky above the Starfire civilization, the three female devils shook their heads at the same time. They were very certain of the other party's strength.

"Tell us the details."The Divine Flame Demoness'Crystal Eyes narrowed slowly.

Thus, the three demonesses brought out the heaven and earth phenomenon and the endless pressure that was created by his sudden arrival.

After listening for a long time, the divine flame demoness said slowly, "In that case, his strength is only based on your senses. You have never seen him make a move?"

"Yes!"The purple flame demoness said, "However, with that kind of pressure on his body, even if he doesn't make a move, it can be seen how terrifying his realm is."

"Hehe..."

The divine flame she-devil shook her head. Her eyes were filled with the vicissitudes of life that could see through the world. "Seeing may not be true. Moreover, you haven't seen much of it. Isn't the pressure all over his body gone now?"

The three she-devils couldn't believe that Su Yu was a peerless expert in disguise.

Even if his pressure was disguised by something else, he dared to pretend to be an expert to come to the Starfire civilization to cheat food and drink. It couldn't be justified no matter what.

Who would have such guts?

"Come, follow me to meet him." The divine flame female devil left the coffin. Although her body was burning with flames, she gave off a chilling aura.

They arrived outside the sacred palace.

They could already sense Su Yu's aura through the sacred palace door.

"Humans still have a weak dragon aura?" The purple flame female devil immediately sensed it and was stunned.

The other two female devils were also suspicious. Could it be that the divine flame female devil was right and that the other party was a fake almighty?

The Divine Flame Female Devil's eyes were filled with cold killing intent. Someone actually took advantage of her seclusion to come to Starfire civilization to bluff.

It seemed that she had been in seclusion for too long and someone had already forgotten about her existence!

"Sir, I am the Divine Flame Female Devil. Please come out and meet me." The Divine Flame Female Devil maintained her basic politeness.

However, the room was silent. There was no response.

After waiting for a moment, divine flame female devil repeated again.

However, there was still no response from the room.

This time, Purple Flame Female Devil and the two female devils were completely shaken.

If this person was really an unparalleled expert, how could he not say anything?

The other party must have a guilty conscience and did not dare to come out!

Thinking of this, Purple Flame Female Devil's heart was filled with fury. Thinking of how she regarded him as an expert senior, kowtowing on the ground, and worshipping the most precious sacred fire gilt gold of the Starfire civilization, she was so angry that her chest almost exploded.

The two she-devils were also excited.

The divine flame she-devil's face turned completely cold. She stepped forward and said coldly, "Since you have the guts to come, you must be mentally prepared..."

An extremely dense killing intent surged out of her body.

At this moment, an unprecedentedly powerful pressure suddenly erupted from the sacred palace.

Under this pressure, the spiritual Qi of heaven and earth flew wildly, and the heavenly clouds changed dramatically. The entire sacred palace began to tremble violently.

Boom --

With a loud boom, an enormous finger shadow shuttled out of the sacred palace and crushed the entire sacred palace on the spot!

The Finger Shadow's momentum didn't decrease as it shot out of the sky.

Wherever it passed, it caused the heaven and earth atmosphere to shake violently, and it also shattered layers of space, leaving behind a pitch-black void zone.

The Shadow entered the distant universe and crushed all the abandoned stars around the spark civilization.

Standing on the spark civilization, one could see the stars explode one after another.

The Divine Flame Demoness took a step forward and half of her foot stopped in the air. She did not take another step forward.

Her face was filled with shock. "Ancestral level power?"

Hula --

The sky was filled with ruins that fell from the sky and crashed back to the sacred palace.

At the end of the ruins, a person who was full of lightning sat on the main seat and looked down at the four people. "What are you arguing about? I'll kill you all with one finger!"

The purple flame female Devil's anger was like a dog seeing a lion. She instantly shrunk back, and fear appeared on her face again.

The other two demonesses were also trembling in fear.

This... How was this a fake almighty?

Who could fake that finger?

Even the Divine Flame Demoness' heart wavered. Was she really wrong?

She fixed her gaze on Su Yu. When she noticed the lightning on his body, her pupils constricted again. "Yuan level domain!"

Although the Lightning was not a yuan level domain, it came from a yuan level domain. With her superior realm, she could recognize it at a glance.

There was no doubt in her heart. The coldness on her face disappeared completely. She put on a respectful expression and put her hands in front of her chest. "I am the Divine Flame Demoness. Please forgive me for disturbing you, senior."

Su Yu secretly heaved a sigh of relief. That was close!

He had been suppressing the insect ancestor's finger. Finally, when the four demonesses were about to break in, he successfully suppressed it!

He sacrificed a drop of insect ancestor's pure blood, held the finger in his hand, and poked it outwards.

Even if it was just a finger of insect ancestor's hand, even if it was just a casual poke, the power it produced was similarly on the level of destruction.

Thus, he successfully frightened the famous divine flame demoness.

Only then did he slightly recover from the crisis.

However, Su Yu understood that at this moment, he couldn't have any good expressions on his face.

Otherwise, it would be very easy for others to see through his guilty conscience, and then be suspected and seen through.

"I said before, this venerable self wants to rest, who gave you the courage to disturb me?" Su Yu had an unrelenting stance.

The purple flame female devil cried out bitterly in her heart and secretly glanced at the divine flame female devil. She thought to herself, the three of us have already said it, but the divine flame female devil did not believe us.

But now, she had completely angered the divine flame female devil.

The other party's finger just now must have been extremely displeased with them, right?

The divine flame she-devil hesitated for a moment before saying with a smile, "Senior, please calm down. It's my fault. I'll definitely do my best to make it up to senior!"

Without waiting for Su Yu to continue being angry, she took out an iron rod the size of a rolling pin.

"This is the heaven extinguishing rod that I obtained many years ago. It can change its size and weight at will. I hope that senior will take notice of it," the divine flame she-devil said.

Chapter 2352 The Fourth Level Of Dao Master

Su Yu did not take it. He first looked at the color of the item from Xiao Die's perspective.

When he took a look, he realized that it was entirely dark blue with a faint purple glow.

Blue represented the level of Dao artifacts, but this item was about to surpass Dao artifacts and reach a higher level of magic treasures.

In Su Yu's hand, other than the nine dragons divine cauldron, only the Royal Longzun sword was barely dark blue.

The heaven-destroying staff in front of him was a higher level of dark blue!

His heart pounded wildly, but his expression did not change. He said indifferently, "It's just a magic treasure that is about to transcend the Dao artifact. What's so strange about it?"

As soon as he said this, the divine flame demoness once again looked at Su Yu with high regard.

The heaven-destroying staff was very strange. There were no fluctuations on its surface. When she first got it, she thought it was just an ordinary staff.

She only managed to figure out its level after studying it for several years.

However, Su Yu was able to figure out its level with just a glance.

An expert was indeed an expert!

She was completely convinced and no longer had any doubts.

“Senior, please accept my apology.” The divine flame demoness still felt a bit of heartache. She only had two such high-level magic treasures. How could she not feel heartache if she gave one away?

Unfortunately, if she offended this person, she could only cut off her own flesh in exchange for forgiveness.

However, she was proficient in the fire element, so this staff was of no use to her.

Thinking of this, her heart felt much better.

Su Yu unwillingly accepted the staff and warned, “This will not happen again!”

Phew --

The group let out a long sigh of relief. They had finally survived the calamity.

“Senior, how about I accompany you to tour the Starfire Civilization?” Demoness divine flame tried to build a relationship with him.

Su Yu didn’t refuse. He also wanted to see the glory of the Starfire civilization.

“Lead the way.”

Thus, the four demonesses respectfully accompanied Su Yu to tour around the Starfire civilization.

In order to serve Su Yu well, the four demonesses used all their strength. They took out all the precious spirit fruits, spirit liquids, and other good things from the Starfire civilization to entertain him. They were afraid that senior Su Yu would be dissatisfied.

Along the way, they had arranged for the people from the sacred palace to prepare in advance. Billions of creatures lined the path to welcome them. It was a grand scene!

Su Yu talked to them one by one, but every time he talked, it was related to what he had seen and heard in the previous era.

In fact, it was all from the memories of the demonesses.

But in the ears of the four demonesses, it was deafening, especially the divine flame demoness.

She knew a little bit about the previous era, so she knew even more deeply that the things Su Yu said were things that had never been recorded in historical records. Only those who had personally experienced the previous era would know.

Her heart was filled with awe and awe.

The expert senior in front of her might be a super mighty figure that had survived the previous era.

Su Yu was beating around the bush, trying to understand the specific details of the outer realm from the divine flame demoness.

Her cultivation level was extremely high, and her knowledge was extremely broad. She knew much more than Xiao Lifeng, Bright Jade, and the others.

From her, Su Yu knew what kind of existence the mysterious Dao Palace was.

According to her, the lowest cultivation level that was qualified to join the Mysterious Dao Palace was the mysterious Dao Master.

As one of the top three existences in the nine seven star civilizations, she did not even have the qualifications to join the Mysterious Dao Palace!

At the same time, he finally understood the specific division of the realm of Dao Masters.

The Dao Masters of Heaven and earth were divided into four realms: Heaven, Earth, Xuan, and Huang.

At present, almost all the Dao Masters Su Yu had come into contact with belonged to the lowest level, Daoist master Huang.

Daoist master Huang was divided into five levels, from low to high, which were the initial dao realm, the Wangyan realm, the fish-dragon realm, the Deva realm, and the Grandmaster realm.

The initial dao realm was what Su Yu usually thought of as the Ordinary Dao master realm.

The Wangyan realm was the clan master realm.

The fish-dragon realm was the Xia Yi'an realm.

The Deva realm was Xiao Lifeng, Guangyu, and other Super Masters.

The grandmaster realm was like the divine flame demoness in front of him, standing in Daoist master Huang's realm and overlooking the world.

He had tried to inquire.

Above the Heavenly Dao master was the son of Heaven of the Sacred Mountain, who had ruled over all living beings for countless eras!

Yun Yazi and the vile daughter of the past were both former Heavenly Dao masters and members of the Heavenly Dao Palace.

They were all powerful existences that were second only to the sacred mountain.

Looking up at Cang Ming, Su Yu muttered in his heart, "After a hundred lifetimes, I've finally reached the realm of a dao master. I'm not far away from you guys!"

Su Yu's desire to break through to Dao master became more and more urgent!

He could foresee that if his eight great laws all transformed into a domain and broke through to dao master, his cultivation realm would definitely not be at the initial dao realm.

If he wanted to become a dao master, his soul and body would have already reached the dao transformation stage. Furthermore, he had also completed the domain transformation of the space laws. He could already be called at the initial Dao realm.

When the other seven great laws reached the domain transformation stage at the same time, would he still be at the initial dao realm?

Definitely Not!

At this moment, the jade pendant on demoness purple flame's waist was bright. When she heard it, she was overjoyed. She said, "Senior, there's news from the divine seat of Heaven and Earth."

“Where?” Lightning arced around Su Yu’s body.

Demoness purple flame said, “I’ll have to trouble senior to move and ask those who know on the spot.”

The person who knows about it?

Su Yu’s eyes flashed. He was in the spark civilization. How could he ignore the existence of a person?

Led by the four she-devils, Su Yu came to a remote mountain villa in the sacred flame city.

It was more like a cage than a mountain villa.

The mountain villa was surrounded by restrictions. There were Dao Masters of the fish-dragon realm guarding it in the dark. The people inside were forbidden from escaping or being taken away.

In the manor, a man was working as a coolie, refining talisman papers under the watchful eyes of a few dao masters of the unspeakable realm.

He was ragged and his hands and feet were bound by shackles that restricted the flow of the power of desolation.

There were several shocking blood grooves on his back, which could not be healed for a long time due to the lack of the power of desolation.

Some of his injuries were still getting worse, making his flesh and blood stink and rot.

Su Yu sighed in his heart. Back then, the disciple of the nine regions king looked down on his peers from the nine regions king, Zhan wushuang, but he actually ended up in such a miserable state.

Was he really the so-called heavenly fate emperor?

“Senior, that’s the person who knows.” The demoness purple flame said.

Su Yu recognized him at a glance. That was Zhan Wushuang!

He pretended not to know and said, “Oh, why was he imprisoned as a coolie?”

The purple flame demoness said, “This person has the luck of an emperor. With a little bit of luck, he will encounter a weathered dragon. We may not be able to subdue him, so we have no choice but to try our best to suppress him.”

Su Yu nodded lightly, “Bring him here.”

The purple flame demoness personally entered the small courtyard and brought Zhan wushuang over. She warned him sternly, “Answer whatever that senior asks you. Keep your mouth shut and don’t talk nonsense.”

Zhan wushuang raised his tired and dry eyes and looked at the person who was covered in lightning and whose true appearance could not be seen clearly.

He felt very strange in his heart. What kind of existence could be called a senior by the Purple Flame She-devil?

Could it be that she was on the same level as the Divine Flame She-devil?

However, he discovered that half a foot behind the Lightning Man, there was a woman covered in crystals. It was the rumored divine flame she-devil.

From the way they stood, the divine flame demoness seemed to respect the Thunder man.

He was shocked. who was this person?

“You still dare to look around. Do You Want Your Zi Xuan?”The purple flame demoness lowered her voice and threatened.

Zhan wushuang immediately lowered his head, his eyes gloomy.

He silently walked to Su Yu and knelt on one knee.

“Senior, this is the person who knows.”The purple flame demoness said, “If you have any questions, you can ask him.”

Su Yu nodded slightly and raised his hand. He casually threw out a piece of life force to heal his injuries.

Zhan Wushuang was slightly stunned and looked at Su Yu in confusion.

Even the four great she-devils were stunned. was senior such a kind person?

“Where is the divine seat of Heaven and earth?”Su Yu asked calmly.

Zhan Wushuang did not resist and said, “In the eastern region.”

Immediately, the expressions of the four she-devils changed slightly, especially the divine flame she-devil.

The others had only heard of the legends of the eastern region, but she had personally experienced the eastern region!

That place was an evil land.

She had once searched for a material and ventured deep into it, but unfortunately, she was surrounded by evil qi.

It took 300 million years before the evil Qi was finally removed.

Now, although her cultivation had greatly increased, it still left an indelible psychological scar on the eastern region.

What a coincidence?

It just so happened that the recruitment location of the eight-star civilization was set in the eastern region, and the divine seat of Heaven and Earth was also hiding there.

“Understood.”Su Yu said indifferently and did not ask any more questions.

The purple flame demoness probed, “Senior, aren’t you going to verify it again? What he said might not be the truth.”

She was very worried that Zhan wushuang would deceive senior and ultimately anger him, causing him to vent his anger on the spark civilization.

“No need.” Su Yu added, “From today onwards, he will be by my side!”

Did Zhan Wushuang lie to him?

Of course!

The emperor’s four-piece set would take the initiative to approach Zhan Wushuang. How could he go the other way and hide in the Western Region?

Therefore, Zhan Wushuang must be lying!

The true divine seat of Heaven and earth might only appear in the eastern region for a moment and attract the attention of the world. Then, he would secretly come to the western region to meet Zhan Wushuang.

Therefore, Su Yu felt that there was no need to continue asking.

Since he was lying, he must have prepared a lie.

As long as he brought Zhan Wushuang with him, the divine seat of Heaven and earth would find him sooner or later.

“Zhan Wushuang, it’s your fortune that senior has taken a fancy to you. Why Don’t you quickly thank him?” The purple flame demoness scolded.

Zhan Wushuang’s face was filled with gratitude, but his heart was unusually heavy.

God’s plan was better than man’s!

His original intention was to lure all the people of the Starfire civilization to the eastern region while he waited in the Western Region for the divine seat of Heaven and Earth to sneak back to meet him.

Who would have thought that an unknown expert would suddenly appear in the middle of the fight and even asked him to follow him, causing all his plans to fall through.

“Thank you for your kindness, senior.” Zhan wushuang appeared obedient.

“Mm.” Su Yu thought for a moment and said, “Seeing that you are still somewhat useful, I will promise you one thing. Speak, I can do it for you.”

Instantly, the Purple Flame she-devil and the others were restless.

It was not because Zhan Wushuang wanted to use this to deal with them.

However, Zhan Wushuang did not. Instead, he kowtowed repeatedly in excitement and said, “Thank you for your great kindness. I have nothing else to ask. I only hope that senior can save my... friend.”

“Oh? Who?”

“Her name is Zi Xuan. She is a good friend of mine. Now, she is trapped in the dungeon of the Starfire civilization. Please take her with you.”

Zi Xuan?

When he first saw Zhan Wushuang being threatened by the Purple Flame Demoness, he had a premonition that Zi Xuan might be in the hands of the Starfire civilization.

It turned out to be the case.

“Bring her here,” Su Yu ordered.

The Purple Flame Demoness’ face stiffened. She did not dare to disobey and immediately shattered a jade seal, giving an order to a certain person who was watching her.

Not long after.

A purple-clothed girl with a gloomy face and a haggard expression was brought over.

Su Yu recognized her at a glance. She was Zi Xuan, whom he had not seen for a long time.

Recalling their first meeting, he could not help but sigh.

“From now on, you will also follow by my side,” Su Yu said indifferently.

Zhan wushuang was overjoyed. He was grateful from the bottom of his heart to this senior who had suddenly appeared.

Although he had canceled his plan to seize the divine seat of Heaven and earth, he had indirectly saved Zi Xuan.

“Senior Brother Wushuang!” Zi Xuan’s eyes immediately became moist when she saw Zhan wushuang. She threw herself into his arms with a moan.

Zhan Wushuang was overwhelmed by the favor. He looked at the much thinner person in front of him and felt extremely distressed. He choked and said, “It’s senior brother’s incompetence that made you suffer!”

The two hugged each other in public. The relationship between the senior brother and sister was sincere and deep.

Su Yu did not disturb them. He lived alone in front of the stone table and quietly drank wine.

A hundred years had passed.

Their relationship was still the same as before, and they could still be together often.

But what about him?

He was alone, walking alone between heaven and earth.

A trace of envy emerged in his heart.

“Oh right, Zi Xuan, quickly come and thank this senior.” Zhan wushuang pulled Zi Xuan to kneel down and Kowtow.

Before Zi Xuan understood the situation, she kowtowed a few times like a chicken pecking on rice.

“No need for formalities. Stay by my side from now on,” Su Yu said.

Zi Xuan couldn’t help but look at him and said obediently, “Yes, senior.”

The four demonesses were surprised.

Why was senior the only one who had a good temper with them?

The purple flame demoness looked at Zi Xuan, who had an excellent purple color, and thought to herself, could it be that senior liked this type of thing?

With this thought in mind, she secretly activated the jade technique.

After indirectly saving Zhan wushuang and Zi Xuan, Su Yu felt that it was time to leave and prepare to return to the eastern region

However, just as he was about to leave, he saw a pure and elegant young girl wearing an ink-colored long gown walking over with light steps.

Seeing her, Su Yu couldn't help but smile.

He had almost forgotten about her!

“Greetings, Succubus.”The pure and innocent young girl obediently bowed to the purple flame succubus.

The Purple Flame Demoness was all smiles as she introduced her to Su Yu. “Senior, this is my... friend. From now on, she will be serving senior.”

The pure and innocent girl was stunned for a moment and couldn't help but look at Su Yu.

Su Yu was secretly amused. This girl wasn't just anyone. She was the former chess piece of golden-eyed Prince, Star Lady!

She was originally a spy of the Pirate Alliance and was also supervising Su Yu.

Unexpectedly, she was accidentally captured by purple flame demoness.

Star lady understood and knew that purple flame demoness wanted her to use her beauty to please this unknown expert senior.

She felt extremely wronged and resentful in her heart, but she had to agree. With a smile that was filled with joy, she said, “Junior star lady pays her respects to senior.”

Su Yu's impression of this woman couldn't be said to be good. He said indifferently, “You are willing to serve me?”

Star lady smiled and said, “It's my honor.”

“You probably don't have the qualifications to serve me, but since you're so sincere, I'll give you a chance.”Su Yu said calmly, “Zi Xuan, this will be your maidservant from now on. You can order her around.”

Zi Xuan pointed at herself in disbelief.

Who Was Star Lady? How could she not know? She was the exclusive possession of the Purple Flame Demoness, the woman she doted on the most.

In the Starfire civilization, not only did she have a high status, but her own strength had also reached the level of forgetting words.

In comparison, she was just an ordinary half-step dao master.

Zi Xuan really did not have the guts to let Stargirl serve her.

Chapter 2353 Shocking Eyeballs

She didn't have the guts, and neither did star Lady.

Let her serve the prisoner?

What was this senior thinking?

She turned her head to look at the purple flame demoness and cast an aggrieved gaze, asking for her help.

But what made her even more aggrieved was that not only did the purple flame demoness have no intention of begging for mercy, she glared at her fiercely instead, and the threat in her eyes was very strong.

Star Lady felt a chill run down her spine. The purple flame demoness had taken over everything for herself and in the end, she had treated her like a rag and thrown her away.

Even though she was filled with resentment, she still tactfully lowered her head and came in front of Zi Xuan. She bowed and said, "Master, what instructions do you have?"

Zi Xuan clutched her chest and did not dare to answer even half a word.

To Her, star Lady was a big shot that she did not even dare to breathe loudly.

Su Yu said calmly, "As a servant, do I still need to be instructed?"

Glancing at Zi Xuan's yellow face and dirty clothes that had been trapped for a long time, he said, "Bring your master downstairs to take a bath and change clothes. By the way, pay attention to the way you dress. This servant should look more like a servant!"

Star Lady was dressed in a way that was much more beautiful than Zi Xuan.

When the two stood together, Zi Xuan looked like a servant.

"Yes, Senior." The star lady bit her lips and faintly felt that this senior seemed to be targeting her.

Could it be that she had unintentionally offended him?

However, since she had just arrived here, she had not done anything out of the ordinary.

Feeling extremely puzzled, the star lady bent her waist and led Zi Xuan to wash up and dress up.

Seeing this, Zhan Wushuang's heart was suddenly enlightened. He no longer held any ill feelings towards Su Yu from the first time they met. Instead, he felt grateful.

Divine Flame demoness smiled and said, "Senior, why don't you come with us to the Eastern Region? To be honest, we are also preparing to go to the eastern region and send our disciples to participate in the recruitment of the eight-star civilization."

The Eastern Region's environment was dangerous and full of dangers.

Divine Flame She-devil wanted to bring Su Yu along. With this unparalleled expert, she would be able to resolve the crisis with just a raise of her hand.

Su Yu originally wanted to refuse, but after thinking about it carefully, in such a dangerous place like the eastern region, there was still a need for divine flame she-devil, a great Paragon Realm Dao master.

He pretended to be deep in thought. After a moment, he said helplessly, "Forget it. On account of your filial piety, there's no harm in bringing you along."

The divine flame demoness heaved a long sigh of relief. wasn't this what she hoped for by befriending her seniors.

The other three demonesses were overjoyed.

The purple flame demoness said excitedly, "Hehe, let's see if the South Pole Immortal Weng still dares to be arrogant when we meet in the western region this time!"

Out of the nine seven star civilizations of the Western Region, the spark civilization could only be ranked second.

The most powerful was the south pole civilization.

The South Pole Immortal Weng, who was in charge of the civilization, was said to be an ancient existence whose lifespan surpassed that of the divine flame demoness.

He had been coveting the Divine Flame Demoness and wanted to dig out the sacred flame gilt gold on her body to use it for cultivation. He wanted to break through his current great venerate realm and reach the realm of Xuan Dao Master.

In the past, he had attempted to invade the Starfire civilization many times, but was repelled by the divine flame demoness by relying on the terrain of the Starfire civilization.

Now, he dared to make such a move again?

Did he really think that the senior in front of him was a vegetarian?

If they knew that Su Yu was actually a half-step dao master, who knew what they would think.

"However, I need to pass by the glazed era civilization. There are some trivial matters that need to be dealt with." Su Yu's eyes shot out a cold light.

He still held a contract of the Sword Whisper Pavilion in his hand, and he couldn't refuse.

Moreover, he felt that the matter of the Golden Pupil Prince should be settled.

"I will listen to Senior's orders." The divine flame demoness naturally would not have any objections.

Not long after, Zi Xuan returned.

Her face was pink and ruddy, her long hair was jet black and beautiful, and she wore a pure white light yellow dress. She was bright and beautiful, like a fairy with an extraordinary immortal aura.

Zhan Wushuang was infatuated with her, and his expression was one of admiration that he tried hard to hide.

Su Yu only nodded slightly, and his impression of Zi Xuan was like this.

“Okay, let’s go,” Su Yu said.

The divine flame female devil came in front of him and opened a flaming spatial storage device. Seven or eight fire beasts ran out of it.

“Senior, this is the Skyfire flying beast that I have been quietly raising. It can reach billions of galaxies in an instant, and should be able to reach the glazed era civilization in ten days,” the divine flame female devil introduced.

The purple flame she-devil and the others were extremely envious. The Skyfire Flying Beast was raised by the godflame she-devil with her own sacred flame gilt gold.

It was one of a kind in the world!

In terms of speed, no one in the entire western region could compare to it.

The purpose of taking out this item was not only to show her affection, but also to show this senior the powerful side of the Starfire civilization.

However, no one expected that this move would not receive the praise of the senior, but a cold sneer. “Don’t take out this embarrassing thing!”

UH --

The divine flame female devil froze on the spot. She was a little displeased.

The Skyfire Flying Beast was something she was proud of. To think that it was evaluated as a disgrace.

Although the senior was an expert, he could not deliberately belittle her, right?

However, Su Yu continued, “When I come and go, do I still need to rely on such a lowly ant? Forget it, it’s good to let you broaden your horizons. It saves you from being like a frog at the bottom of a well, looking at the sky from a well!”

The Divine Flame Female Devil was skeptical. She believed that her senior had something that could surpass the flying beast of Skyfire.

How fast could it be?

At most, it could only be one or two times faster?

In any case, she had never heard of any mighty figure who had a magic treasure that was several times faster than the flying beast of Skyfire.

“Stand properly!” Su Yu said indifferently.

The Divine Flame Female Devil put away the Flying Beast of Skyfire. There was a hint of disbelief in her heart as she stood together with the other three female devils, Zhan wushuang, Zi Xuan, and Star Lady.

Whoosh --

Su Yu secretly clenched his palm, and an emerald-colored wing appeared in his palm.

At the same time, he secretly instilled a drop of ancestral insect blood into it.

Instantly, the wing turned into a thirty-foot-long, and suddenly flapped.

The Yin and Yang of Heaven and earth, the life and death of the human world, the space of the world, and even time, were all in disorder.

The Divine Flame Female Devil didn't see anything clearly. She only felt that the world was collapsing and the Earth was being torn apart, and her heart was in great shock.

Fortunately, the process only lasted for a breath.

The terrifying phenomenon quickly faded away. She only saw the jade in Su Yu's palm rapidly weakening. Everything had calmed down.

She was extremely shocked and asked, "Senior, may I ask if this is the preparation before flying away?"

If it was a flying magic treasure, why didn't senior continue and instead stopped?

Su Yu shook his head and sighed. "It really is like rotten wood that can not be carved. Open your eyes and look around you. where is this place?"

The Divine Flame Demoness looked sideways and her pupils constricted. Even with her millions of years of composure, she could not help but exclaim in shock, "This... this... This is the glaze civilization?"

There was absolutely no mistake.

It was a civilization that was filled with cold air and was filled with Han Xue all year round.

The purple flame demoness sucked in a breath of cold air. Her eyes were as wide as they could possibly be. She almost suspected that she was in a dream.

One Breath!

In just one breath, they had arrived at the Veluriyam civilization from the spark civilization, which was several years away!

Zhan wushuang and Zi Xuan were equally shocked.

The star Lady felt her scalp go numb. The way she looked at the Lightning Man was replaced by fear that came from her soul.

She had never understood why the divine flame demoness called him senior.

Now, she finally understood. This lightning man was an emperor-level existence that surpassed the current era and overtook the western region... No, the entire outer region!

With just a single move, he had led everyone on a three-year journey across the fish-dragon realm!

If she had not seen it with her own eyes, she would never have believed it!

The Divine Flame Demoness' heart pounded wildly, and she was extremely shocked.

This was the ability of an unparalleled mighty figure!

Thinking back to how she had taken out the sky fire flying beast that she was so proud of and wanted to show it off in front of her senior, she could not help but feel extremely awkward.

No wonder senior said that it was a inferior flying tool.

The funny thing was that she wasn't convinced at first.

Now, she realized that in Senior's eyes, it wasn't just inferior, it was simply worthless!

"You guys, you have to know that there is always someone better than you. There are always things in the world that you can't imagine. So, remember to be humble and look at all the things in the universe." Su Yu shook her head and pointed out.

This was a very simple principle, and everyone understood it.

But now that it was said by the senior, the four demonesses felt that it had the charm of the Great Dao, and they all felt enlightened.

The Divine Flame Demoness' face was filled with respect and sincere gratitude. "Senior, please enlighten me with your words!"

The Purple Flame Demoness and the other two were extremely pious. "I will remember senior's teachings."

Although Zhan Wushuang and Zi Xuan did not speak, their respect for Su Yu could not be any greater!

Star Lady's eyes flashed, and no one knew what she was thinking.

"Follow me to the glazed tile civilization." Su Yu paused, and said, "But I don't want to be too ostentatious."

Divine Flame female devil quickly continued, "If it's a trivial matter, senior will not be bothered. Just leave it to us."

"Okay." Su Yu took a step forward. He did not use the miraculous method of crossing space, but flew normally.

The Divine Flame Demoness felt strange, but thinking about what her senior had said just now, she did not want to be too ostentatious, so she slowly relaxed.

Under Su Yu's lead, a group of people descended above the domain of the sword whisper pavilion of the glazed era civilization.

At this moment, in the Sword Whisper Pavilion.

Ghost teacher, who had yet to recover from his injuries, was in the main hall of the Sword Whisper Pavilion, summoning the disciples of the Sword Whisper Pavilion.

Compared to the high-spirited look in front of the glazed era ancient cave, the current sword Whisper Pavilion was clearly much more dejected.

The Nine Sword Pavilion of the Sword Whisper Pavilion was left with only lie Ying and Ghost Eye.

The rest of the favored ones were all buried in the ancient glazed cave.

What was most infuriating was that Lie Ying and Ghost Shadow had made no progress.

On the contrary, Xuan Hua, Xuan Yin, and Kong Qu of the Palace of light had all advanced to the fish-dragon realm as Dao Masters.

There was also a Xie Xiaoyue from the Eternal Imperial Kingdom who had advanced to the fish-dragon realm.

Lie Ying, who used to be the best among the younger generation of the glazed civilization, was still stuck in the forgotten words realm and was far behind.

The entire sword Whisper Pavilion did not have any expectations for the recruitment test of the eight-star civilization.

“Everyone, there’s no need to be depressed!” Ghost Master’s ghostly aura was weak, he did not even have enough voice to speak. “Our Sword Whisper Pavilion’s foundation is superior to that of the radiant palace and the nightless imperial kingdom, so how can we be surpassed so easily? Don’t worry, those two parties will come and Beg Our Sword Whisper Pavilion very soon.”

Eh?

Everyone, from the disciples to the elders in the sect, were shocked and bewildered.

They had all fallen into such a situation. Where did teacher Gui get his confidence from?

“Pavilion Master, can you let us know a thing or two?” The first elder could not hold it in any longer and asked.

Teacher Gui stroked his beard and smiled. “The secrets of heaven can not be revealed!”

“Anyway, all you need to know is that in ten days, Sword Whisper Pavilion will lead the glazed era civilization.” Teacher Gui was abnormally confident.

What?

Unify the glazed culture in ten days?

Chapter 2354 The Change Of The Pavilion Master (Second Watch)

What did the pavilion master gain that made him so confident?

It must be known that for hundreds of billions of years, the glazed tile civilization had always been in a three-legged state.

Because the foundations of the three parties were almost the same, they had always maintained a delicate balance.

Any party wanted to occupy the entire glazed tile civilization by themselves, but they had never succeeded.

One could imagine how shocking teacher Gui’s words were.

However, seeing that he was so certain, the people of the Sword Whisper Pavilion became excited and expectant.

“Congratulations, pavilion master. The Sword Whisper Pavilion has unified the entire civilization for thousands of years!”

“Pavilion Master is wise!”

“We swear to follow you to the death and never betray you!”

The praises and shouts reached the nine heavens.

However, at this moment, a discordant voice drifted down from the sky. “I have received everyone’s wishes.”

The voice was ethereal and grand.

It was filled with boundless spatial energy, fluctuating between East and west, strong and weak. It was extremely mysterious.

Everyone in the Hall left the hall in shock and bewilderment and headed to the square to search for the source of the voice.

However, the scene before their eyes made them tremble in fear!

At some point in time, the sky of a million Li had been replaced by a raging flame.

The sky and the Earth were all printed into a bloody red.

The terrifying high temperature caused the lake water to boil, and countless spirit beasts in the water jumped out of the water.

The spiritual veins connecting the heaven and earth started to burn.

The low-level disciples who were in seclusion were all interrupted by the sudden high temperature, and they ran out with sweat all over their bodies.

The entire sword Whisper Pavilion instantly fell into a sea of fire.

Teacher GUI’s expression was cold and solemn. He slammed the table and broke through the main hall. He stood proudly in the sky with his hair and beard spread out. “Who is it? Why are you acting so sneaky? Come out!”

He quickly scanned his surroundings but did not find any suspicious people.

“I am standing in front of you. Why are you acting so sneaky?”

Suddenly, a voice drifted over from behind him.

Teacher Gui’s heart thumped and he actually appeared behind him silently.

He turned his head and saw a person covered in lightning standing behind him with his hands behind his back.

There were several people standing behind him.

He didn’t recognize a few of the young people.

But how could he not recognize the four women covered in flames?

“The four great demonesses of the Starfire civilization?” Teacher Gui almost bit his tongue off.

The Starfire civilization was several years away from the glazed era civilization. Why did the other party suddenly rush over without warning?

In particular, there was a demoness in the middle, her entire body made of crystals.

Her legend had always reverberated in the western region.

When she became famous, teacher Gui was still the young master of the Sword Whisper Pavilion!

Seeing the four of them, teacher Gui’s heart beat rapidly, and he pretended to be calm as he berated, “Demoness, what do you mean by barging into our glazed era civilization?”

The four demonesses did not say a word. They only looked at Su Yu’s back, meaning that they would follow his lead.

Master Gui could tell that their standing posture implied their status, and his heart trembled.

Even the divine flame demoness had to lower her head. Who Was this lightning man?

Did he also say what he just said?

“You are?” Master Gui probed.

Su Yu casually took out a contract and threw it over.

Master GUI was puzzled. He took it and looked at it. His pupils constricted. He was shocked and suspicious. “You are Su Yu?”

Su Yu?

The four demonesses were not too surprised. Perhaps this was senior’s real name.

However, Zhan Wushuang and Zi Xuan were stunned at the same time. They looked at each other at the same time.

Perhaps there were not many people in the world who were called Su Yu, but they all remembered one Su Yu.

“Su Yu is my beloved disciple,” Su Yu said indifferently.

Su Yu had a master?

Teacher Gui’s heart was shocked again, and his face immediately darkened. No wonder that Kid was extraordinary and did not put sword Whisper Pavilion in his eyes. It turned out that there was an expert behind him.

“Then, sir, are you here to ask me to exchange for this contract?” Master Gui clenched his teeth tightly, extremely unwilling.

“What do you think?” Su Yu asked indifferently.

Master GUI was about to unify the entire glazed era civilization, how could he bear to hand over the Sword Whisper Pavilion at this critical moment?

He had an idea and said, "Sir, this is the agreement between your disciple and me. If you want to complete the contract, please let him come in person."

Su Yu had already expected that Master Gui would go back on his word.

He was already prepared.

"You've misunderstood. I'm not here to listen to your opinion, but to order you." Su Yu said plainly, "I'll give you three breaths of time to leave the Sword Whisper Pavilion."

"Three!"

"Two!"

Master Gui was slightly afraid, but he thought to himself, I'm relying on the Sword Whisper Pavilion, don't Tell Me I'm afraid of this person?

"One!"

Three breaths later, Su Yu slowly closed his eyes, with no intention of making a move.

Master Gui saw this and thought to himself, it seems that the other party was just a verbal threat.

But who knew that the Divine Flame Demoness had reacted. She took a step forward and said faintly, "Master GUI, on account of being a member of the western region, leave immediately. This way, I can still spare your life."

Teacher Gui said in a serious voice, "Divine Flame Female Devil, you are the Master of the Starfire civilization, yet you are willing to be a lackey. Don't you feel ashamed?"

He really didn't understand how a top-notch expert like the divine flame female devil would yield to an inexplicable person of lightning.

The Divine Flame Female Devil shook her head. "Sigh, frog at the bottom of a well, you know nothing about Senior's power!"

"Senior disdains to attack an ant like you. Then, let me do it for you!" The Divine Flame Female Devil took a step forward, and her body released an unparalleled pressure that made all living beings tremble.

Master Gui was caught off guard, and his legs went weak. He almost knelt on the ground and cried out in shock, "Grandmaster Realm!"

The highest realm amongst Daoist Huang.

He was just one step away from Daoist Xuan!

"Fire, extinguish," the divine flame demoness said indifferently.

Master Gui suddenly let out a miserable cry. From the inside out, he was instantly burned into ashes.

The entire place instantly fell into a deathly silence. No one dared to believe what they were seeing.

The Master of the Sword Whisper Pavilion, who was in the Heaven Tier, was turned into ashes in just one move!

What followed was the Great Panic of the Sword Whisper Pavilion. They were terrified and uneasy under the terrifying pressure.

The Purple Flame Demoness and the other two had already known about his strength and were still calm. Zhan wushuang, Zi Xuan, and Xing nu felt their scalps go numb.

This was the difference between the Grandmaster realm and the Heaven Tier!

The two were like the difference between a martial arts expert and a mortal.

The former could kill the latter with a single thought.

Divine Flame She-devil's eyes were calm. She looked down at the sword whisper pavilion and said calmly, "Those who surrender won't be killed."

Hualala --

Who Dared not surrender? Who Dared to disobey?

From the disciples to the great elders, they all knelt down in fear. They didn't even have the intention to escape.

Su Yu saw this scene and smiled in his heart.

As expected, bringing the divine flame demoness had endless benefits.

He came alone to retrieve the Sword Whisper Pavilion. Putting aside how to chase away the ghost teacher, just subduing the stubborn people in the Sword Whisper Pavilion was already quite exhausting.

But now that the Divine Flame Demoness had appeared, who would dare to disobey?

After intimidating the Sword Whisper Pavilion, the divine flame demoness retreated to Su Yu's side and said, "Your insignificant cultivation is effective, senior."

Su Yu nodded indifferently and said, "Your cultivation is slightly inferior, but there is still room for saving."

The divine flame female devil was delighted and said, "Thank you for your affirmation, senior."

Following that, Su Yu successfully entered the Sword Whisper Pavilion and sat on the throne of the Sword Whisper Pavilion.

Looking down at the high-level officials of all sizes of the Sword Whisper Pavilion, Su Yu was unperturbed.

The purpose of taking down the Sword Whisper Pavilion was to leave a territory for the cauldron that he had created.

However, there were still some people in the sword whisper pavilion that needed to be cleaned up.

"Where is Shadow Hunter?" Su Yu said indifferently, "He bullied my beloved disciple. I will not sit idly by."

Everyone looked at each other, indicating that they did not find shadow hunter.

“Reporting to senior, Shadow Hunter has escaped,” a creature that only had eyes came out and said.

It was ghost eye.

Not only did it not escape, but it stayed behind and exposed lie Ying’s whereabouts.

“Where did you escape to?” Su Yu asked again.

Ghost eye said, “The border of the Palace of Light.”

“Lead the way and bring back his head,” said Su Yu.

“Yes!” Ghost Eye’s eyes flashed with excitement as he led the purple flame demoness to chase after Lie Ying.

Lie Ying had already escaped for half a day, crossing an unknown distance.

In theory, it was impossible to catch him.

But for some reason, ghost eye was able to pinpoint his whereabouts accurately, and a day later, he found him in a canyon.

With the purple flame female devil personally making a move, no matter how talented Shadow Hunter was, how could he be a match for her?

With just a few moves, he was captured alive by the Purple Flame Female Devil.

Shadow Hunter was both angry and angry as he stared at Ghost Eye with resentment. “It’s you. Why did you betray me?”

Ghost eye blinked his huge eyes and shot out a murderous aura that he had hidden for a long time. “What do you think? Weren’t you the one who made me look like this?”

Hearing that, Lie Ying fell silent.

Actually, in the Sword Whisper Pavilion, the one who was best at the soul was not lie Ying, but ghost eye.

He was the true soul genius.

Unfortunately, the Sword Whisper Pavilion Master favored Lie Ying more and wanted to nurture him to become the successor of the Sword Whisper Pavilion.

However, Ghost Eye had always been suppressing lie Ying, making it difficult for him to obtain the qualifications to become the successor.

Therefore, during one of Ghost Eye’s missions, he was ambushed by several mysterious people and his body was destroyed. His soul was also prepared to dress up, leaving only one eye remaining.

Ghost Eye knew who did it, but he did not dare to make a sound, much less take revenge. He could only choose to endure.

Last time, when Lie Ying and Su Yu had a direct confrontation, ghost eye knew that Su Yu was powerful, but he did not say it out loud. He wanted to use Su Yu’s hands to wipe him out.

Unfortunately, he did not succeed.

Now that the Sword Whisper Pavilion had been destroyed in a day, ghost eye finally got what he wanted.

“Lady Demoness, please hand lie Ying over to that senior for punishment.” Ghost Eye cupped his fists.

The purple flame demoness frowned. “You don’t plan to go back? You have made a great contribution by capturing this person. Senior will reward you extra.”

Ghost Eye waved his hand. “I’ve taken my revenge and want to live in seclusion from now on. I’ll leave the credit to Lady She-devil.”

The purple flame she-devil was tempted, so she didn’t try to persuade him. “Alright, you can go!”
“Goodbye!”

Ghost Eye turned into a shadow and flashed toward the sky.

But at this moment, a bolt of lightning suddenly fell from the sky and struck ghost eye, making him stagger and roll around.

At the same time, an extremely powerful spatial domain descended on the area.

Even Divine Flame Female Devil and the others were teleported here.

Su Yu stood with his hands behind his back and looked at ghost eye indifferently. “Trying to play tricks in front of me? Ant, you think too highly of yourself!”

Purple flame female devil turned around in shock, not understanding what was going on.

Not to mention her, even divine flame female devil and the others did not understand what Su Yu was trying to do.

Isn’t it said to catch hunting shadow?

Now that he has been captured, how can Su Yu go against an insignificant ghost eye?

Chapter 2355 The Army Was Approaching The City

Ghost Eye crawled up in a sorry state, his face full of fear. “Senior, I don’t know what I did not do well enough to offend you.”

He had an aggrieved and puzzled look.

The purple flame demoness guessed that this person should have left without saying goodbye, angering senior.

But, was there a need to be so harsh?

The other party took the initiative to render meritorious service, could it be that he was not allowed to leave just like that?

“Alright, Ghost Teacher, don’t pretend to be crazy in front of me,” Su Yu said coldly.

He had personally seen how ghost eye broke out of the bodies of two disciples.

Based on his guess, the ghost teacher that the divine flame demoness had killed should only be half of ghost teacher's body.

The other half was hiding in the body of a certain disciple.

He had originally thought that it would be shadow hunter who had already escaped, but Ghost Eye had taken the initiative to volunteer, so he became secretly vigilant.

On the surface, he was allowed to go and capture shadow hunter, but in reality, he was secretly monitoring him.

As expected, after ghost eye cooperated with the Purple Flame she-devil to capture shadow hunter, he immediately found an excuse to leave.

He thought that everyone's attention was attracted by shadow hunter. Little did he know that the person that Su Yu was most wary of was him!

Ghost Eye rolled his eyes and said with a blank expression, "Senior, I don't understand what you mean."

Su Yu did not say a word and only stared at her indifferently.

The Divine Flame Demoness walked over and said expressionlessly, "Since senior thinks that there's something wrong with you, then there's something wrong with you."

With a thought, Ghost Eye's body suddenly turned scarlet red, as if he was about to be burned into ashes from the inside out.

"Ah! Divine Flame Demoness, what grudge do I have with you?" At this moment, a desperate cry erupted from Ghost Eye's body.

That voice didn't belong to ghost eye at all, but belonged to another person!

Sou --

Groups of black shadows drilled out from Ghost Eye's body, condensing into a slightly transparent ghost teacher.

His entire body was weak, and his eyes were overflowing with hatred as he stared fixedly at Su Yu.

Everyone was astonished. It was actually ghost teacher!

The gazes of the Purple Flame Demoness and the others as they looked at Su Yu were filled with reverence.

No one present could tell what was going on.

Only senior had sharp eyes and could tell that Master Gui had escaped.

The divine flame she-devil's eyes were cold. She thought that she had been careless and almost let Master Gui escape.

Senior must be very dissatisfied with her at this moment.

Thinking of this, she said angrily, "Ten directional curse!"

As soon as she said this, the world turned red.

Ten Fire Dragons flew over from all directions and pierced through ghost master.

Ghost Master resisted on the verge of death and used his own domain, hoping to resist a bit.

However, in front of a grandmaster, he, a heaven tier powerhouse, was like a moth that was extinguished in an instant.

His domain broke and ten fire dragons passed through his body, turning him into charcoal.

On the verge of death, ghost master roared indignantly, "You will all die a horrible death! !"

His words were filled with malicious intent.

Su Yu's eyes were calm.

He had heard too many cursing words.

Turning around silently, Su Yu looked at the captured shadow hunter, and killing intent appeared in his eyes.

Since they had already formed an enmity, and it was a life-and-death enmity, what was the point of keeping him alive?

The purple flame demoness sensed Su Yu's intentions. Without saying anything, she poured a handful of purple flames into his head and burned shadow hunter into ashes on the spot.

"Senior, how should we deal with this person?"The Divine Flame Demoness pointed at Ghost Eye.

Ghost Teacher's departure allowed him to escape a calamity. Otherwise, he would inevitably be like his two junior brothers in the glazed ancient cave, instantly killed by the explosion.

Su Yu glanced at him. There was no need for this person to stay.

"Senior, please wait. I . . . I know a secret of ghost teacher,"Ghost Eye said hurriedly.

He did not want to follow in the footsteps of Shadow Hunter.

"Tell me."Su Yu looked at him calmly.

Ghost eye immediately said, "Teacher ghost hid in my body and left a part of the remaining memory in my soul. That memory seems to be related to the Veluriyam Civilization's Star Alliance Chamber of Commerce."

If it were other secrets, Su Yu would probably not be interested.

However, he needed to hear about the Star Alliance Chamber of Commerce.

"Speak."

Ghost eye hurriedly said, "It seems to be the vice president of the Star Alliance Chamber of Commerce's Western Region Branch, Piayun Zi, who has arrived at the glazed era civilization and is preparing to take over this civilization. Sword Asker has already secretly joined the Star Alliance Chamber of Commerce."

Hearing this, Su Yu fell into deep thought.

If the Star Alliance Chamber of Commerce really coveted the glazed era civilization, they would have made their move long ago after so many years.

Why did they choose this time.

“The existence of the three ancestors in the glazed era ancient cave should have been discovered by the Star Alliance Chamber of Commerce, Right?” Su Yu guessed secretly.

However, the Sword Whisper Pavilion was the territory that Su Yu had left for the cauldron. If it was occupied by the Star Alliance Chamber of Commerce, all their efforts would have been in vain.

“They have already made their move?” Su Yu asked.

Ghost eye said, “It seems that the Star Alliance Chamber of Commerce has already made their move many days ago. I wonder if the Eternal Nightless Empire and the Palace of light have noticed it.”

Xiao Lifeng and the radiant jade were not fools. If the Star Alliance’s Chamber of Commerce were to make a move, they should have noticed it.

What they should be worried about was whether they could contend against it.

That so-called drifting cloud was the vice president of the Star Alliance’s Chamber of Commerce in the Western Region. One could imagine how powerful he was. Xiao Lifeng and the radiant jade probably would not be able to deal with him.

After thinking for a moment, Su Yu brought over ghost teacher’s spatial storage device.

After a quick search, he found Master Gui’s personal communication technique.

His soul entered it to search for a moment, and the corners of his mouth curled into a faint smile.

“Since this is such a coincidence, then I’ll give the Star Alliance Chamber of Commerce a surprise.”

At that time.

The Eternal Imperial Kingdom.

The restrictions within the imperial kingdom were all activated,

the imperial capital’s Imperial City had also activated the great national defense formation that had been passed down to this day.

Within the imperial palace.

Xiao Lifeng’s expression was solemn as he treated the radiant Jade’s injuries.

The latter’s face was as pale as paper, and there was a bowl-sized bloody hole on her back. It was a ghastly sight.

An exceptionally feminine power remained within the wound, restraining the radiant Jade’s Dao Master’s power, causing her to be unable to recover on her own.

Xiao Lifeng used his own dao master’s power, along with his genius Numinous Treasure, to slowly expel the feminine power.

Beside the bright jade were Xuan Hua, Xuan Yin, and the other two, as well as a group of elites from the Radiant Palace.

However, they didn't see Vice Palace Master Lu among them.

After Xiao Lifeng's short treatment, the bright jade recovered a little.

"Palace Master of the Radiant Palace, how did you lose so quickly?" Xiao Lifeng asked in a serious voice.

A few months ago, both of them had sensed the abnormal movements of the Star Alliance Chamber of Commerce and had already taken precautions.

The Palace of light was even more well-prepared. Not only did they activate the various defensive barriers, but they also mobilized experts from their territories to the sacred city of light to take precautions.

With such a formation, even if the Eternal Nightless Empire and the Sword Whisper Pavilion joined hands, they might not be able to break through the sacred city of light within ten years.

But who would have thought that in just ten days, the jade of light, covered in injuries, would carve out a bloody path from the sacred city of light and seek refuge with the eternal nightless empire.

Among the group of people she had brought with her, all of them were also injured, and many of them had almost lost half their lives from the injuries they had sustained.

It was evident that it was not easy for them to escape from the holy city of light.

Radiant Jade's face was ashen, and her eyes flashed with hatred that could not be further from the truth. There was also extreme shame and self-blame in her eyes. "I was blind to not recognize the Star Alliance's lackeys around me."

She found it hard to speak, so she didn't continue.

But the meaning was obvious.

There was a Star Alliance Chamber of Commerce's spy in the Palace of Light

Xuan Hua's eyes were filled with deep hatred. "It's Vice Palace Master Lu! She's a member of the Star Alliance Chamber of Commerce. When the enemy attacked the sacred city, she actually activated all the restrictions of the sacred city, causing the enemy to invade on a large scale. In the end, palace master was injured by that driftcloud."

"And the Army of the Palace of Light at the border was also infiltrated by the Star Alliance Chamber of Commerce. When we escaped to the Eternal Night Empire, we were fiercely attacked by them."

Xuan Hua's face was filled with deep pain. This was because the clan that Xuan Hua belonged to was one of the traitors.

Xuan Hua was grateful for the kindness of the radiant jade. She chose to continue following and did not join the rebellion.

Looking at the pale-faced bright jade, she was deeply grateful. "Palace master risked her life to protect us, but many people still died on the way."

For example, Kong Qu.

He died during the betrayal of Vice Palace Master Lu.

Xiao Lifeng took a deep breath. Vice Palace Master Lu was a long-serving elder in the Palace of Light, and he was also a lackey of the Star Alliance Chamber of Commerce.

There was also the border army, which was the key control point of the Palace of Light, but it was also infiltrated by the Palace of light.

The Star Alliance Chamber of Commerce was everywhere, making people shiver.

Fortunately, Xiao Lifeng had always been wary of the Star Alliance Chamber of Commerce. Even opening a market was extremely cautious, so there should not be anyone from the Star Alliance Chamber of Commerce in the Imperial Kingdom's upper echelons.

"Palace Master of Light, take care of your health. Don't be overly sad," Xiao Lifeng comforted. "For the time being, stay in my nightless imperial kingdom and recuperate in peace."

Bright jade laughed bitterly. "The Star Alliance Chamber of Commerce has always been decisive and ruthless. They will never let this matter rest. I'd better leave as soon as possible to avoid causing trouble for the nightless Imperial Kingdom."

However, Xiao Lifeng understood very clearly.

The Palace of Light and the nightless imperial kingdom were both targets of the Star Alliance Chamber of Commerce.

Even if Bright Jade wasn't here, the Star Alliance Chamber of Commerce would still attack.

On the contrary, the jade of light remained here. After recovering from its injuries, it could be a powerful aid.

"Our lips are cold, our teeth are cold, and our fates are the same. Why should we be separated from each other?" Xiao Lifeng said.

The jade of light was grateful. "If I, the jade of light, do not die this time, I will forever be on good terms with the eternal nightless Imperial Kingdom."

"Let's talk about this in the future." Xiao Lifeng smiled bitterly. Whether or not he could survive this great calamity was in the cards.

As he was speaking, suddenly, the urgent sound of a jade pendant rang out from Xiao Lifeng's waist.

Opening it, Xiao Lifeng's majestic body swayed and his eyes were calm.

"Monarch, what happened?" The jade of light had a bad premonition.

Xiao Lifeng gripped the jade pendant tightly and said in a low voice, "Just like your border army, there has been a rebellion within our army. Currently, the rebel army has already gained the upper hand and has controlled the border."

If the border was controlled, it meant that the border restrictions of the imperial kingdom had fallen into the hands of the enemy.

The Star Alliance Chamber of Commerce's army would reach the foot of the imperial city as if there was no one there.

"Pass down the order to strictly supervise the people guarding the imperial city." Xiao Lifeng was suddenly uncertain. He didn't know if there were any spies of the Star Alliance Chamber of Commerce among his people.

The news of the Star Alliance Chamber of Commerce's invasion quickly spread through various channels.

The entire imperial city was in a panic. From the ordinary warriors to the aristocratic families, they were all preparing to escape.

Once the imperial city was breached, it would be the time for them to escape.

At the same time, the elites of the nightless imperial kingdom were searching for the members of the Star Alliance's Chamber of Commerce to prevent them from destroying the city from the inside.

For a time, the entire city was in a bloody mess.

Chapter 2356 The Enemy Was Inside

At the same time, the Star Alliance's Chamber of Commerce Army and the Eternal Night Empire's rebel army sent out their troops to conquer the imperial city.

On this day.

Outside the imperial city, tens of thousands of horses were silent. The densely packed warriors covered all the space inside and outside the imperial city like dark clouds.

The people of the Star Alliance's Chamber of Commerce were both in the sky and underground.

They finally arrived at the city and stopped in front of the imperial city's inheritance formation.

This formation was inherited from the founding monarch. After being strengthened and strengthened by the previous monarchs, it had long been impregnable.

Even if a great grandmaster realm expert came, he couldn't shake it from the outside.

On the city wall.

Xiao Lifeng, Guangyu, and the others were as if they were facing a great enemy. They looked down at a brightly colored carriage in the army below the city.

The carriage was covered with a soft, snow-white beast skin, and a half-naked, slender man was lying on the side.

He looked very young, and his facial features were soft and feminine. His long blue hair was particularly eye-catching.

Beside him, there were many beautiful women surrounded by beautiful women. All of them were stunning characters.

Some of them were not inferior to the top beauties like Bi Yun and Hong Xian.

Bright jade stared at this person with a serious gaze.

Xiao Lifeng said in a serious tone, "This person is Piao Yunzi, right?"

His words were filled with an unconcealable killing intent.

More than half of the city lords in the nightless Imperial Kingdom had lost their lives at the hands of this person.

"Yes! It's very likely that he has the cultivation of the perfect heaven tier." Bright Jade, who had fought with him before, had the deepest feelings.

The luminous jade had the cultivation of the advanced stage of the Heaven Tier, but in the hands of this person, it was difficult for it to withstand ten moves.

From this, one could infer that his cultivation had probably reached the peak of the heaven tier.

Xiao Lifeng's breathing quickened. The peak of the Heaven Tier was definitely not something he could contend against.

"Don't worry, we just can't handle it. They can't do anything to us." Xiao Lifeng looked at the enemy troops that were approaching the city walls, and he wasn't disheartened.

The core of the nightless imperial kingdom was him and a group of high-level officials.

As long as they did not die, the nightless imperial kingdom could rise again.

Therefore, as long as they protected themselves and the imperial city, they would be in an invincible position.

"Xiao Lifeng, the tide is turning. It's good for everyone if you surrender obediently." Piao Yunzi pushed aside the serving girl beside him, sat up, and lay down on the reclining chair with a gentle smile.

Xiao Lifeng's eyes were calm as he said, "Isn't the Star Alliance Chamber of Commerce Afraid of provoking the resistance of many civilizations by interfering with the seven star civilization without permission?"

Piao Yunzi chuckled. "Of course not! Humans are a kind of cold and cold-blooded creatures. They will not make any moves unless they have violated their own interests. Just like a group of pigs in captivity. When one of the pigs is killed, the other pigs will only watch coldly. Only when they have been killed will they retaliate with heart-wrenching resistance."

'they are actually compared to pigs?'

Xiao Lifeng was secretly angry, but it could not be denied that Piao Yunzi's words were indeed a reflection of all kinds of things in the world.

The Star Alliance Chamber of Commerce only violated the interests of the glazed civilization. The other civilizations would not take the risk to resist the Star Alliance Chamber of Commerce until they became the target.

“You are just a mere imperial city. You can last one day, but you can not last a lifetime,” Piao Yunzi said patiently. “If you are willing to submit now, not only will you be spared from death, but you will also become a glorious member of the Star Alliance Chamber of Commerce. Moreover, from now on, the Palace of light will also be under your jurisdiction. What do you think?”

His expression was very serious, and it didn’t seem like he was lying.

The heart of the bright jade wavered, and it couldn’t help but look at Xiao Lifeng.

Would he agree?

“Humph! Don’t embarrass yourself with your tricks to sow discord. If I, Xiao Lifeng, were really so muddle-headed, I would have long been pierced by thousands of arrows and turned into a pile of bones.” Xiao Lifeng’s mind was very clear in the face of the truth.

If the other party was so kind-hearted, why did he have to kill his way all the way to the bottom of the city wall?

He was merely trying to sow discord between Xiao Lifeng and the radiant jade!

Piao Yunzi’s eyes flickered. He was about to say something when Xiao Lifeng gave an order, “All subordinates of the Eternal Nightless Empire, listen up. From now on, you are to only guard the city wall. Unless I personally give the order, no one is allowed to open the formation without authorization!”

“Yes!”

At this crucial moment of life and death, Xiao Lifeng was the backbone of all of them.

Piao Yunzi’s gaze darkened, and a cold smile appeared on his face. “Xiao Lifeng, even if you aren’t thinking about yourself, you should be thinking about your people, right?”

Hualala --

A group of soldiers escorted a few experts who were bound all over to the city gates.

With a glance, they were all the city lords of the Eternal Nightless Empire.

They would rather die than surrender, and in the end, they were captured by the Star Alliance’s Chamber of Commerce.

A total of eleven people stood side by side, pressed together.

“They have all sworn to follow your loyalty to the death and laid down their feats for the eternal glory of your Nightless Empire. Do you have the heart to watch them become prisoners and then be beheaded?” driftcloud threatened.

His words implied that he was prepared to execute them before the two armies.

Xiao Lifeng's heart sank, and his eyes were filled with anger.

He clenched his fists tightly and pulled them together.

Those were all his trusted aides!

However, he also understood that he could not agree to drifting cloud son's request. Once they surrendered, not only would eleven of them die, but the entire imperial city would die.

The best example was the palace of light.

Those who refused to submit had been completely killed. The number of dead was unknown.

"Drifting cloud, if you attack an unarmed person, are you worthy of your status as the Vice President of the Star Alliance Chamber of Commerce?" Xiao Lifeng asked.

Drifting Cloud smiled darkly and snapped his fingers.

Immediately, a soldier beheaded the first captive.

The head rolled and blood spurted, making Xiao Lifeng's eyes almost pop out of their sockets.

"From now on, kill one person every two hours until you are willing to lead the people of the eternal nightless empire and hand over the former palace master of the Palace of Light." Drifting Cloud smiled faintly and lay on his side again, enjoying wine and having fun with the beautiful characters, his mood was extremely carefree.

It was as if this place wasn't a battlefield, but a place where he was at ease and at ease.

Xiao Lifeng painfully closed his eyes and didn't look at the other ten captives.

War was painful, but if one fell in pain, it would cause even more pain.

He endured the grief in his heart and gave a final order, "All members remember to only guard and not come out!"

Thus, he retreated to the attic on the city wall with bright jade and the others to rest.

He did not believe that the Star Alliance Chamber of Commerce would continue to waste time.

The Apocalypse was less than eighty years away. The Star Alliance Chamber of Commerce would never waste a lot of manpower, material resources, and financial resources for a civilization.

Retreating was only a matter of time.

As long as they could hold their ground.

Fortunately, they had learned from the lesson of the Palace of light. Xiao Lifeng had carried out a large-scale purge of the imperial city in advance and eliminated all the hidden dangers of the Star Alliance Chamber of Commerce.

If nothing unexpected happened, they should be able to hold on.

However, in the Princess's residence.

The princess, who was facing the wall, was holding a jade pendant. She had just received a message from the man in the bamboo hat.

"Your Highness, the hundreds of millions of sons of the nightless imperial kingdom are in imminent danger. Please save them, Princess," the man in the bamboo hat transmitted his voice.

Princess Qianyue frowned slightly. "Father is leading the experts of the country to resist the foreign enemies. Why are you begging me?"

The man in the bamboo hat transmitted his voice. "Princess, you don't know this. It is precisely because of the emperor's stubbornness that the common people have fallen into the fire and water!"

"What do you mean?" Princess Qianyue was a little displeased. He actually spoke ill of her father.

The man in the bamboo hat said sincerely, "The Star Alliance Chamber of Commerce only requires the Eternal Empire to submit. They will not harm anyone. However, the emperor's stubborn resistance caused the Star Alliance Chamber of Commerce to fly into a rage out of humiliation. They decided to break through the restrictions of the imperial city at all costs and slaughter everyone in the city."

"This..." Princess Qianyue hesitated, a hint of hesitation rising in her heart.

"Princess, the Palace of Light is a lesson learned from the past. Because of its stubborn resistance, it ended up being massacred by the Star Alliance Chamber of Commerce. Could the princess bear to see the imperial city end up the same way?"

Her words were moving, especially for those who had yet to experience the world.

"But my father... will they let it go?" Princess Qianyue also felt that such resistance was meaningless.

How powerful was the Star Alliance Chamber of Commerce? The defense of the Palace of light was not inferior to that of the eternal nightless empire, but what was the result? Wasn't it destroyed just like that?

"Princess, please rest assured. The Vice President of the Star Alliance Chamber of Commerce promised on the spot that as long as they were allowed to enter the city, not only would they pardon the monarch, but they would also bestow the territory of the Palace of light to the monarch, making him the overlord of the Glaze Civilization."

"Really?" Princess Qianyue was instantly moved.

“Absolutely! As the vice president, how could the promise he made be false?”The man in the bamboo hat continued, “Princess, if you can facilitate this matter, then you will be the most outstanding princess in the history of the nightless empire, and will be remembered forever by future generations.”

Princess Qianyue’s heart thumped. She had always loved vanity.

Hearing the man in the bamboo hat bluff her, she immediately thought of how her name would be passed down through the ages.

“Princess, doesn’t the king always feel that you are not good enough? This time, you have done something that has made him look at you in a new light.”

Princess Qianyue couldn’t help but say, “Alright, then I will go and persuade father to surrender.”

“No!”The man in the bamboo hat said, “How stubborn is the king? If the princess tries to persuade him, not only will she not appreciate your kindness, she might even think that the princess is unreasonable and imprison you.”

Princess Qianyue thought about it and agreed.

“Then what should we do?”Princess Qianyue asked.

The man in the bamboo hat said thoughtfully, “Princess, Do You Trust Me?”

Princess Qianyue trusted the man in the bamboo hat and said, “I trust you!”

She would rather trust the person she met for the first time than the person who had accompanied her for a long time and helped her.

“If you trust me, Princess, you can activate the city protection array alone,”the man in the bamboo hat said.

“No, Father Knows. He will beat me to death!”Princess Qianyue quickly said.

The man in the bamboo hat shook his head. “This is a good thing for the country, the people, and the emperor. Not only will he not punish you after this, but he will also dote on you even more from now on.”

Princess Qianyue hesitated. After thinking for a long time, she finally gritted her teeth and said, “Okay, I’ll Go!”

Not long after, Princess Qianyue quietly left the Princess’ mansion and came to the royal palace.

The core of the legacy array was in the royal palace.

Usually, Xiao Lifeng would personally guard it.

Now that Xiao Lifeng was on the city wall to deal with the army under the city, Xiao Lifeng assigned his trusted aides to guard it.

A total of nine masters in the fish-dragon realm surrounded the control hub so tightly that not even a mosquito could fly in.

Princess Qianyue thought for a while and an idea popped up in her mind.

Chapter 2357 Leave No One Alive

She pretended to be in a panic and ran to the door of the central hall of the array formation.

Outside the hall, there was a large array with an extremely tight defense that blocked her out.

She pounced on the array formation with all her might and said in a panic, "Nine guardians, this is bad. Father has been ambushed. Go and save him!"

As she said this, she wept.

Judging from her sorrowful expression, it did not look like she was faking it.

The nine fish-dragon realm experts were shocked. What would happen if the King was ambushed?

However, since they were personally assigned by the King to guard the array, their temperament was naturally different from ordinary people.

Although they were shocked, they did not panic.

"Princess, don't be anxious. Please tell us in detail who betrayed you, how your injuries are, and whether the enemy is under control." An experienced guardian did not rush to save her but asked about the situation in detail.

Princess Qianyue had made up an excuse at the last minute, so she had no time to think about the details. She could only prevaricate, "It's... It's the Palace Master of light who betrayed you. Father's injuries are very serious, and he's currently in a great battle with her. The situation is extremely critical!"

Hearing this, the protectors looked at each other, their hearts filled with suspicion.

Putting aside the fact that Guangming Jade was heavily injured, she was no match for the monarch at all.

What was the reason for her betrayal?

At this critical moment, she should be united with the monarch and fight against the enemy together.

"Princess, Please Wait a moment. We will contact the monarch to see if he really needs our help." The nine protectors immediately sent a message to Xiao Lifeng.

Princess Qianyue's heart skipped a beat. If she really sent a message, she would definitely be exposed.

"Aiyo!" Suddenly, Princess Qianyue had an idea and squatted down to cover her abdomen in pain.

"Princess, what happened to you?" The Protectors asked with concern.

Cold sweat dripped down Princess Qianyue's forehead. She said in pain, "I was injured on the way to deliver the message..."

The nine protectors looked at each other. Naturally, they didn't dare to ignore the princess. "Let's carry the princess in to heal her wounds first."

The Protectors cooperated well. The three of them activated the array. The three of them guarded against the outside while the three of them carried the princess in.

After closing the formation again, a few of them gathered around and asked, "Princess, may I ask where you are injured?"

The princess clutched her abdomen and said, "I'm injured here..."

Swoosh swoosh swoosh swoosh --

Suddenly, the princess withdrew her hand and an extremely powerful talisman paper flew out from her hand.

The Talisman Paper shot out the divine might of a heaven tier dao master, enveloping the nine of them. It was as if they were carrying ten thousand mountains on their backs, making it difficult for them to move an inch.

"Princess, what are you doing?" The nine protectors turned pale with fright. They had never thought that the princess would actually attack them.

Princess Qianyue stood up. How did her body look like it was injured?

She had a solemn expression as she said, "Protectors, I'm very sorry that I had no choice but to make this move. But for the sake of the citizens of the nightless imperial kingdom, I have no choice but to do this."

She walked quickly to the array hub, raised a sword in her hand, and slashed at it.

"You can't do this!" One of the Guardians was frightened. He was forced to explode his body and let his soul leave his body to stop the princess.

He slapped the sword in the princess' hand and sent it flying.

The soul of a fish-dragon realm warrior was so powerful that the princess could not resist at all and was sent flying.

The Protector did not dare to hurt the princess. He had to hug her and said, "Princess, if you destroy the National Formation, you will bring disaster to the people of Dawn!"

Blood oozed out of the corner of Princess Qianyue's mouth. She lowered her head in shame and said, "I was muddle-headed. Please punish me, Protector."

As a protector, he did not dare to really punish Princess Qianyue.

Putting her down, he hurried to protect the core of the array that had been shaken. He said, "The princess is young and insensible, but this kind of thing can not be done anymore. Do you understand..."

The word "Do" was still in his mouth when his back suddenly felt a chill.

Then, the chill spread to his entire body, causing his back to start condensing into a ball of ice.

He turned around with great difficulty and faced the princess who had a righteous look on her face.

She shook her head and sighed. "Protector, the one who doesn't understand is you! Only by doing this can the people of Dawn be saved! I'm sorry, for the sake of the people of the world, I can only kill you."

The thing that pierced through the Protector's body was nothing else but the nine to five heavens cold needle.

The Protector died with his eyes wide open and was frozen there forever.

In his eyes, the reflection of the princess's sword breaking the core of the array was reflected.

Crash --

The core was broken. Princess Qianyue wiped the sweat from her forehead and revealed a gratified smile. "The people are saved!"

She turned her head and looked at the Protector's corpse with his eyes wide open. She sighed and said, "Protector, sometimes loyalty is not always right. Your Death can exchange for the safety of the people of the world. It's a worthy death!"

After saying that, she left the other eight protectors behind and went to the city tower happily.

According to what the man in the bamboo hat said, after the array was broken and the Star Alliance Chamber of Commerce got what they wanted, not only would they pardon everyone, but they would also hand over the palace of light to her father.

From now on, her father would create a great undertaking for tens of thousands of generations.

And the one who contributed the most was her, Princess Qianyue.

She seemed to have already seen in the history books of a long, long time in the future, the description of a heroic and courageous person who saved the common people at a critical moment and sent the Eternal Nightless Empire to the peak of its history.

Creak... Creak..

The destruction of the array formation caused the array formation in the entire imperial city to slowly weaken.

Xiao Lifeng and bright jade, who were resting with their eyes closed in the main hall of the city tower, were the first to sense the changes in the array formation. The two of them opened their eyes at the same time, broke through the roof, and looked up at the array formation above their heads.

"Formation... not good. The core of the formation has been destroyed!" Xiao Lifeng's face was extremely pale. It was like someone had dug a huge hole in the bottom of a canoe while he was in the turbulent sea, it made him fall into a desperate situation.

Bright Jade staggered and said with a bitter smile, "It's the same as my radiant palace. Someone Betrayed You!"

"That won't happen! Those nine protectors are my trusted aides. They would never betray me!" Xiao Lifeng muttered.

Looking at the slowly thinning array, Xiao Lifeng's eyes were filled with despair.

“Father, Father!” At this moment, Princess Qianyue ran over with a smile on her face.

Xiao Lifeng returned to his senses and glared at her, “Why are you here? Quickly return to the imperial palace. This place is dangerous!”

Even at this desperate moment, Xiao Lifeng still regarded Princess Qianyue as a treasure.

Princess Qianyue smiled and said, “Hehe, the danger has been resolved. I’m not afraid.”

Before Xiao Lifeng could understand what she meant, his bright jade eyes flashed slightly.

“Qianyue, what do you mean by the danger has been resolved?”

Princess Qianyue said mysteriously, “Of course it’s the literal meaning! Didn’t the Vice President of the Star Alliance Chamber of Commerce say that as long as we are willing to have our heads photographed, not only will they pardon us, but they will also hand over the palace of light to Father?”

Thud --

Xiao Lifeng only felt his heart beat violently. He slowly looked at Princess Qianyue, and an unbelievable thought appeared in his mind.

“Qianyue, what did you do?” Xiao Lifeng held Princess Qianyue’s shoulders, as if his throat was blocked by something.

Princess Qianyue thought to herself, we will find out soon. It doesn’t matter if we let Father Know Now.

Anyway, she had already done what she needed to do.

“Hehe, it was me who broke the core of the array.” Princess Qianyue smiled and said, “When the array is broken, our nightless imperial kingdom will no longer resist, and the Star Alliance Chamber of Commerce will fulfill the agreement. At that time, our nightless imperial kingdom will reach the peak of its glorious history, surpassing past generations...”

She looked forward to the future and talked to herself.

“Where are the nine guardians? They didn’t Stop You?” Xiao Lifeng’s old body trembled, and his eyes became extremely empty.

Princess Qianyue didn’t notice at all and smiled proudly. “Haha, they, after all, are no match for my wisdom. With just a little trick, I’ve trapped them all!”

After a pause, she said truthfully, “However, there’s a stubborn guardian who wants to stop me from saving the world, so I can only kill him. Sigh, really, why bother?”

Xiao Lifeng could no longer listen to her. Perhaps, one of his hearts had already been destroyed by his daughter.

The nightless empire did not die in the hands of the enemy.

Instead, it died in the hands of his precious daughter!

“Qianyue, why did you do this?”Xiao Lifeng shook Princess Qianyue's shoulder and shed tears of pain.

He was suffering for the impending fate of the nightless empire, and even more so for his daughter's ignorance.

Princess Qianyue blinked her eyes. “Didn't I say it? In order to save the world! Only by surrendering will the Star Alliance's Chamber of Commerce let the World Go.”

“This... who told you this?”Xiao Lifeng's eyes were a blur.

Princess Qianyue thought for a moment and said embarrassedly, “It was that man in the bamboo hat who told me. He was truly thinking of our nightless imperial kingdom. That's why he told me to open the array without my father's knowledge. You must never blame him in the future...”

Slap --

An incomparably resounding slap landed fiercely on Princess Qianyue's face, causing that extremely handsome face to twist and distort.

Her body was like a tattered shoe as it flew and smashed into the stone pillar of the palace, shattering it into pieces.

Princess Qianyue fell to the ground and rolled for several weeks before she finally stopped.

Her mouth was covered in blood, and her eyes were wide open, she said in pain, “Father, I'm doing this for your own good, for the sake of the nightless imperial kingdom, and for the sake of all the people in the world. It's fine if you don't understand my heart, but you actually hit me. I don't have a father like you...”

Who knew that what he got in return was a roar that Xiao Lifeng had never heard before.

His eyes were about to pop out of their sockets, and he looked as if he was going to eat someone alive. He gritted his teeth and roared, “If I had a choice, I would have crushed you to death when you were born!”

He regretted it!

He had never regretted it before!

Why did he let her live in this world? Why did he have to work so hard to raise her.

What kind of sin did he commit to raise such a daughter who deserved to be cut into a thousand pieces?

He had repeatedly ordered that the spell formation was not to be activated.

Princess Qianyue did not listen to a single word he said. On the contrary, she believed it to be the truth when it was instigated by an outsider.

The most laughable thing was that she kept saying that she was doing this for the sake of all the people in the world, yet she did not hesitate to kill the protector who had doted on her since she was young.

Was she still human?

She was even more heartless than a beast!

In the end, she even caused a great disaster, harming the entire eternal night empire and harming all the people in the imperial city.

Yet, she actually did not know what she had done wrong and was still in the dark!

Princess Qianyue was filled with grievance. She clenched her teeth and looked at the Star Alliance's Chamber of Commerce Army below the city. She thought to herself, "Father, you will understand later that your daughter is right. At that time, if you say anything to me, I will never forgive you!"

As the restriction weakened to the limit, it was completely broken.

The Star Alliance Chamber of Commerce remained silent. They were all waiting for Piao Yunzi's words.

Piao Yunzi finally sat up leisurely. He looked at the princess on the city wall with a faint smile and said sinisterly, "Pass my order... kill all the people in the city. Leave No one alive!"

Chapter 2358 Rivers Of Blood

The experts on the city wall were not surprised, except for their pale faces.

No one believed that the Star Alliance would spare them after taking great pains to attack the Eternal Night Empire.

There was only one exception!

Princess Qianyue stood rooted to the ground, unable to believe what she had heard.

However, the words "Leave no one alive" still reverberated throughout the world, telling her time and time again that the Star Alliance Chamber of Commerce wanted to massacre the entire city.

"No, it's not like that!" Princess Thousand Moon climbed to the top of the city wall with great difficulty, wanting to question them. However, the Army of the Star Alliance Chamber of Commerce no longer had any obstructions. They charged into the imperial city and began a massacre.

A series of miserable screams immediately rang out.

The bottom of the city wall was instantly stained with blood!

Looking at the corpses of the citizens of the nightless imperial kingdom that fell one after another, looking at the dazzling bright red.

Princess Qianyue felt a chill in her heart. She was unprecedentedly afraid.

She had caused trouble!

She had caused a great disaster!

Those deaths were all because of her alone!

“No, it’s none of my business. I . . . I was also deceived.” Princess Qian Yue was unwilling to take responsibility, and she didn’t dare to take it either. She muttered to herself and tried to shirk responsibility.

“Soldiers, listen up. The city is here, the people are here, and the city is dead!” Xiao Lifeng had no hope of survival and roared loudly.

However, there were very few people who responded.

The Warriors, generals, and warriors on the city wall all stared at Princess Qian Yue.

Pairs of hateful eyes gathered into a raging flame that burned the sky.

“I’m willing to die for the country and for my family, but please forgive me for not being able to protect the Princess!” A general threw down his sword and sat on the ground, raising his neck to wait for death.

He would rather be hacked to death by an army than die protecting a princess who deserved to die ten thousand deaths.

“I only die for the people, not the Princess!”

“Please grant the princess a Death!”

“Please kill the Princess to appease the anger of the world!”

“Please kill the princess, Monarch!”

In the face of the country’s crisis, all the living beings on the city walls shouted in unison, demanding the death of Princess Qian Yue.

Every word, every sentence, every word, was filled with incomparable hatred for Princess Qian Yue.

Xiao Lifeng closed his eyes in pain, then opened them and looked coldly at Princess Qian Yue.

“Come here, stand in front of the city, and commit suicide to apologize to the souls of the civilians and generals that you killed!”

Princess Qian Yue was accused by thousands of people. She was so terrified that she cried and sobbed, “I didn’t do anything wrong. I also wanted to think of the world. Why should I be treated like this?”

These words angered everyone even more.

“Kill the Princess! If she doesn’t die, I won’t be able to rest in peace!”

“Kill! Kill! Kill!”

Princess Qian Yue’s retort was drowned out by the voices of the people in the world.

The feelings Xiao Lifeng had for Princess Qian Yue disappeared completely as the pungent smell of blood filled his nose.

His figure moved and grabbed the back of Princess Qian Yue’s neck, lifting her up to the city wall, he said sorrowfully to the generals, warriors, and warriors who were fighting fiercely downstairs, “I,

Xiao Lifeng, am incompetent. Raising such a vile creature that would bring disaster to the country and the people, and never repent even after death, is the greatest sin of my entire life

“Now, in the name of the Emperor of the Eternal Nightless Empire, in the name of Princess Qianyue's father, I will execute this vile creature in public!”

He had already made up his mind in pain!

Clenching his five fingers, he exerted force, wanting to crush his head!

However, right at this moment, Driftcloud Zi suddenly made his move.

Several white clouds floated past his body, and his figure strangely appeared behind Xiao Lifeng. An incomparably pale palm imprinted itself onto his back.

Xiao Lifeng had long been on guard, and had no choice but to throw Princess Qianyue aside and fight back with all his might.

The radiant jade did not have the slightest intention of waiting for death. It flew over and pincer attacked Xiao Lifeng one after the other.

“Hehe, that's good too. I'll come and experience the combat strength of the two super experts of the glaze civilization.” Piao Yunzi was not afraid at all. He fought with the two of them with ease.

At the same time, after a fierce battle.

In the end, the city-guarding army of the Eternal Night Empire was unable to stop the Star Alliance Chamber of Commerce Army, which was several times larger than their own side. They were all annihilated in the city tower.

The Star Alliance Chamber of Commerce's army barged into the city and strictly carried out Piao Yunzi's orders.

They killed anyone they saw, be it living creatures or spiritual pets. Anything that was alive had to be killed one by one. No one was left alive.

Corpses piled up in the city, and blood flowed like a river.

From the martial arts experts, to the ordinary people, to the elderly, the weak, women, and children, none of them escaped a calamity.

When dusk arrived.

In the once prosperous imperial city, only the Star Alliance Chamber of Commerce's army was left. They held weapons and checked the corpses one by one.

Anyone found alive who pretended to be dead was immediately killed on the spot.

Endless blood water, under the high temperature, emitted a thick blood mist.

The blood mist filled the imperial city, turning it into a bright red city.

The setting sun was like blood, and under the rays of the setting sun, the quiet imperial city was like a ghost city floating out of the yellow springs, adding a bit of sinister color to it.

The nightless imperial kingdom had been destroyed!

At the end of the world, a white cloud floated over.

Piao Yunzi had two hands on either side, each holding a person. Shockingly, they were Xiao Lifeng and the radiant jade.

The former was only left with half of his body, on the verge of death.

The latter was completely unharmed, but all of his power had been sealed, and he was just like a mortal.

“Greetings, senior driftcloud.” A black figure drilled out from the city tower.

He was none other than the mysterious hooded figure.

The hooded figure was accompanied by the expressionless Bi Yun Hong Xian and the Dazed Thousand Moon Princess.

“Hehe!” Driftcloud threw the two of them onto the ground.

Their capture meant that the palace of light and the Eternal Night Empire had been reduced to the dust of history.

There was no more palace of light in the world, let alone the Kingdom of Evernight.

“How’s the battle?” Drifting Cloud asked.

The hooded figure replied, “Apart from a few people who are still on the run, there are no survivors.”

“Mm, very good.” Drifting Cloud turned his gaze towards Princess Thousand Moon, the corners of his mouth curling up into a smile. “Princess Thousand Moon, what do you think?”

Princess Thousand Moon’s body trembled, and she immediately lowered her head, not daring to look drifting cloud in the eye. She was afraid that he would include her in the “No survivors” category.

“As for me, what I like the most is to leave trouble behind. Now, you must regret breaking the core of the array. You must hate me to death, right?”

Princess Qianyue hurriedly said, “No, no, I don’t. I don’t hate you.”

“Is that so?” Drifting Cloud walked over and lifted Princess Qianyue’s snow-white chin with his index finger. A hint of wickedness appeared in his eyes. “I’ve never tasted the taste of a princess before. Are you willing to have sex with me?”

Princess Qianyue was not a little girl, so she naturally understood the meaning of having sex with him.

It meant that she would become drifting cloud’s plaything from then on.

However, she agreed without hesitation and nodded repeatedly. "I'm willing, I'm willing. I only beg you not to kill me."

Drifting Cloud smiled wickedly. "There are two conditions for not killing you. First, be my woman. Second, show your loyalty."

He stuffed a strangely-shaped dagger into Princess Qianyue's hand. "This is my dao artifact, the Cold Soul Dagger. A Heaven Tier Dao master only needs one dagger to kill his soul."

Princess Qianyue's heart trembled. She somewhat understood what Piayun Zi wanted to do.

"Only after you kill your father will I believe that you truly want to stay by my side and be my plaything." Piayun Zi was very happy to see the father and daughter killing each other.

Princess Qianyue gripped the dagger tightly, her palm trembling. She didn't dare to do anything. After all, that was her biological father.

"Princess, have you forgotten that he wanted to kill you before the Army?" The man in the bamboo hat said from the side, "I don't think he had any intention of treating you as his daughter at that time."

After being reminded by him, Princess Qianyue recalled the scene just now.

At that moment, she thought that she was dead for sure.

That was because she could no longer see the love in Xiao Lifeng's eyes. All she saw was endless coldness and strangeness.

The fear of death made her feel resentful.

"Also, Princess, did you forget that your father slapped you and punished you to face the wall for a mere outsider?" The man in the bamboo hat said again.

When Xiao Lifeng came out of the ancient glazed cave, he slapped Princess Qianyue once because of Su Yu.

The old and new grudges made Princess Qianyue's pent-up dissatisfaction explode.

She walked forward with the cold soul dagger and said, "Xiao Lifeng, do you know that you were wrong?"

At this moment, Xiao Lifeng was extremely weak. He opened his eyes with difficulty and looked at his ferocious-looking daughter. He said weakly, "I know. The biggest mistake in my life was to have you as my daughter!"

Princess Qianyue was furious. She held the dagger and stabbed it into Xiao Lifeng's chest. She said resentfully, "Don't blame me. You're the one who let me down first! I clearly didn't do anything wrong, yet you want to kill me! You're not my father at all!"

The evil power in the cold soul dagger immediately invaded Xiao Lifeng's body and quickly destroyed his life.

Xiao Lifeng was in extreme pain, but he gritted his teeth and laughed coldly. "My stupid daughter, believe me. Your ending will be even worse than mine. Hahaha..."

Princess Qianyue's eyes were filled with hatred as she stabbed and stabbed with the dagger in her hand.

Fresh blood splattered all over her face, making her jade-like face look as malevolent as a ghost.

Only when Xiao Lifeng had completely lost his life did Princess Qianyue stop and breathe heavily.

After confirming that Xiao Lifeng was dead, she walked up to Piao Yunzi and returned the dagger with both hands. She said, "The conditions have been fulfilled. From today onwards, I am Senior Piao Yunzi's Woman!"

She thought that she would really be able to escape death once she fulfilled the two conditions.

Little did she know that this was all Piao Yunzi's play from the beginning to the end.

"Look in the mirror. Look at that ghostly face of yours. I don't want a woman like you." Piao Yunzi Laughed Evilily. He kicked Princess Qianyue to the ground like a wild dog.

The hooded man laughed. "If Senior Piao Yunzi doesn't like it, please don't waste it. Why Don't you give it to me?"

"Up to you," Piayun Zi said nonchalantly. He turned to look at the bright jade that was bound to the side and smiled evilily. "It's enough that I have Yu'er, the great beauty!"

With that, he left with the bright jade while laughing.

The man in the bamboo hat and princess Qianyue were left on the city wall.

Princess Qianyue got up and said submissively, "Big Brother, I'll listen to you obediently from now on. Don't Let the Star Alliance Chamber of Commerce Kill Me, Okay?"

The man in the bamboo hat laughed mysteriously. "Listen to me? Okay, I have something that I've wanted to ask of you for a very, very long time..."

Chapter 2359 Deserved Punishment

"What?" Hearing the strange laughter of the man in the bamboo hat, Princess Qianyue couldn't help but step back. She had a bad premonition.

The man in the bamboo hat laughed coldly. He took off his wide robe and the bamboo hat on his head, revealing a rather handsome face.

If Su Yu was here, he would definitely recognize that the person in front of him was none other than Gu Taixu!

A person who had been entangled with him since the beginning of the nine prefectures.

"I am Gu Taixu. It is my honor to be acquainted with you, Princess." Gu Taixu smiled very politely.

Princess Qianyue was uncertain. She sized him up and said, “You said that you wanted to ask me for help a long time ago. What do you mean?”

“I mean it literally.” Gu Taixu smiled. Traces of blood-red mist gradually lingered around his body.

The Mist grew more and more, and in the end, it looked like a blood cloud that surrounded Gu Taixu.

In the blood cloud, Beast roars could be heard continuously, and four slightly incomplete beast shadows were roaring continuously, looking extremely ferocious.

Princess Qianyue was so scared that she kept retreating, but she was shocked to find that her nine divine bodies were being manifested uncontrollably.

The nine divine images were majestic and solemn, facing off against the four Beast Shadows.

“What is that thing? Why is it able to affect my nine divine bodies?” Princess Qianyue was even more terrified and uneasy.

Gu Taixu placed his hands behind his back and said leisurely, “Princess, have you heard that the nine divine bodies are divided into innate and postnatal bodies?”

Princess Qianyue had indeed heard about this from her father.

“So What?”

Gu taixu chuckled, “Since you’ve heard about it, you should understand the difference between the two. For the innate nine divine bodies to evolve into the nine divine bodies, you need to constantly sharpen your divine bodies. As for the postnatal bodies...”

A thought that made her hair stand on end popped up in Princess Qianyue’s mind. “You... you’re going to...”

She remembered that her father had once said that the only way for the postnatal nine-path body to evolve into a nine-path body was to devour.

Only by devouring the essence of countless living beings would one have the chance to transform into a nine-path body.

This process was evil and bloody, extremely terrifying.

Could it be that the other party’s goal was to devour him?

“Hehe, it seems like princess has already guessed it.” Gu Taixu’s gaze turned steely and hot. “More than half of my postnatal nine dao body was eaten by a little bastard, and I have long lost the chance to advance into a body of nine daos! But, until one day, I found out that there is actually an innate nine dao body in this world!”

That innate nine dao body was naturally princess Qian Yue!

“If I can eat the innate nine dao body, then my body will belong to me. Not only will I be able to recover my previous divine body, but my divine body will also be

able to improve greatly. In the future, my chances of transforming into a nine dao body will be much greater!"

Princess Qian Yue's heart trembled, "You approached me from the beginning because of my divine body?"

"What else, my princess? Do you really think that everyone in the world revolves around you like your father and the people around you?" Gu Taixu said contemptuously.

It had to be said that Princess Qianyue was the most spoiled and useless girl he had ever seen.

She was completely self-centered and thought that it was natural for others to treat her well.

In the end, she even killed Xiao Lifeng, who had always doted on her.

Such an extremely selfish and foolish woman was an eye-opener for him.

But it was precisely because of this that he had the opportunity to get close to Princess Qianyue, and even schemed against her in the dark to help them complete their great undertaking.

"No, it's not like that." Princess Qianyue felt the danger and tried her best to shrink back. "Father, quickly save me..."

Her words came to an abrupt end. Only now did she realize that her father had already died, and he had still died in her hands.

Those powerful warriors who had protected her in the past had also fallen.

The world was vast, but she was the only one left.

There was no longer Xiao Lifeng, who was silently protecting her in the dark and watching her training.

There was no longer any warrior who was racking his brains to silently accompany her.

There was also no protector who cared whether she was injured.

There was only an enemy who had revealed her true colors.

"No, this isn't what I want." Princess Qianyue finally couldn't help but burst into tears

GU taixu sneered, "Can crying change fate? Princess, perhaps your father has always doted on you, but he has never taught you a single principle!"

"Everyone has to pay the price for their actions, and no one can be an exception, including you."

As the sound of his voice faded, the four beast shadows on the surface of his body roared furiously.

Princess Qianyue turned around and ran, crying as she ran.

She wanted to seek help, but all she could find was her father's already icy cold body. It was a pile of fallen corpses, the destroyed nightless imperial kingdom.

And the one who caused all of this wasn't anyone else, but herself.

"Accept your fate. Your own people want you dead, and your enemies want you dead as well. It's truly difficult for the heavens and earth to accept, and your death isn't worth regretting," Gu Taixu said coldly.

With a swoosh, a blood line shot out from the surface of her body and pierced through Princess Qian Yue's ankle, causing her to fall to the ground.

Before she could get up, several more blood lines shot out and entered her body.

With each strike, Princess Qian Yue emitted an excruciating pain.

This was because the blood line not only pierced through her body, but also went deep into her bone marrow, absorbing the nine divine bodies hidden in her body.

She was like an earthworm, constantly struggling and rolling on the ground, begging for mercy.

However, Gu Taixu did not show the slightest bit of mercy. What responded to her was that more and more blood threads entered her body.

The nine divine bodies that were condensed on the surface of her body were continuously weakened under the crazy absorption of hundreds of blood threads.

In their place, many weak divine images appeared behind Gu Taixu.

Through this method, Gu Taixu stripped Princess Qian Yue of her nine divine bodies.

The entire process lasted for a cup of tea.

During this period, Princess Qian Yue suffered an extreme pain that she had never experienced in her entire life.

At this moment, she finally regretted.

She regretted why she would rather believe the bamboo hat man whom she had only met once, but she did not want to believe her father's repeated strict orders.

She destroyed everyone, and also destroyed herself.

In the immense pain, her soul finally collapsed, and her mind was completely scattered. She became an unconscious fool, lying on the ground, crying and laughing.

After obtaining the ancient Taixu that she wanted, she faced the sky and roared, "The body of the nine gods has finally recovered, and it has far surpassed the past."

Nine incomparably fierce and complete beast shadows appeared behind him.

Among them, four beast shadows were extremely solid, releasing the pressure of a Dao master!

"Su Yu, when my nine Dao bodies are fully formed, it will be the time for me to crush my bones and Scatter My Ashes!" The one that Gu Taixu could not forget the most was Su Yu.

The hatred of stealing his wife and the hatred of hurting him made him unable to forget Su Yu at all times.

As long as he did not destroy her, he would never be able to rest in peace.

Looking at the Crazy Princess Qianyue for the last time, Gu Taixu sneered. He raised his finger and tapped on her forehead, he said slowly, "Once, I let Su Yu go because of my carelessness. In the end, he became my mortal enemy. I Won't make the same mistake twice."

Even if Princess Qianyue became a fool, Gu Taixu would not let her go.

Unexpectedly, at this moment, the clearly deranged Princess Qianyue's eyes suddenly became clear as she pleaded, "No, I won't make an enemy out of you, I swear!"

She actually pretended to be deranged, trying to trick Gu Taixu into letting her go.

But who knew that Gu Taixu was vicious and merciless, and it wasn't as expected.

Gu Taixu was stunned, and then his expression became even colder, "Then, it's time to kill you!"

Pu --

A Ray of light shot out from his fingertip and pierced through Princess Qianyue's head.

In the end, this princess who had single-handedly harmed the nightless Imperial Kingdom finally collapsed.

After doing all of this, Gu Taixu crushed a jade seal and transmitted his voice over. "Golden pupil prince-in-law, I have already obtained what I want. I will definitely fulfill my promise and help you complete that matter. Farewell!"

After saying that, he flew away.

On the other side, in a certain hall.

Piayun Zi had an evil smile on his face as he looked at the extremely cold bright jade.

At this moment, there was a ball of light that was continuously expanding and contracting on the belly of the bright jade. That was the Dao artifact that the bright jade had been hiding in its body all this while.

At this moment, it was being activated and was about to self-destruct.

"I didn't expect that you were already prepared. You left behind a trace of the power of the Dao Master in the Dao artifact." Piayun Zi's expression was relaxed.

The luminous jade said coldly, "The women who fall into your hands never have a good ending. So, even if I blow myself up, I Won't let you have a single cent!"

Piao Yunzi chuckled. "Of course you can die a hundred times, but what about your members of the Radiant Palace? That female disciple named Xuan Hua and Xuan Yin is also a peerless beauty. If I catch them, guess how I will treat them?"

Bright Jade's expression tensed. Before the battle, she had secretly sent the two girls away.

However, the current Veluriyam civilization was already under the control of the Star Alliance Chamber of Commerce. How long could they escape?

Once they were caught, their fate would be..

“Piayun Zi, what do you want?”Bright Jade glared at him.

Piayun zi smiled evilly as he sized up bright Jade’s beautiful body. “As long as you are willing to serve me well and make me happy, of course I can let them go. Otherwise, I will make it up to them!”

“Shameless!”The Radiant Jade was extremely embarrassed.

“Whether you agree or not is up to you. I, Piao Yun Zi, dislike forcing others the most.”Piao Yun Zi crossed his arms in front of his chest and chuckled.

The Radiant Jade’s eyes flickered as she struggled. A moment later, she bit her lips and the flickering light within her body slowly dimmed.

She would die either way. Rather than letting Xuan Hua and Xuan Yin suffer, it would be better for her to bear it herself.

Piao Yun Zi’s eyes were burning like a hunter who had succeeded in his evil scheme. He licked his tongue excitedly.

However, at this moment, a cold voice cut through the air above the hall.

“I can’t believe what I said.”The voice was cold and dreamy.

Piao Yun Zi felt his vision blur and he fell into an extremely long dream.

In the dream, he was entangled by a group of peerless women, making it difficult for him to extricate himself.

He knew that this was a dream, but he was unwilling to wake up from it.

“Wake up quickly!”Drifting Cloud Son finally shouted loudly, forcefully shattering the dream and returning to reality.

However, the bright jade in front of him had already disappeared, leaving behind only broken dream fragments.

“Who, who ruined this venerable self’s good deed?”Drifting Cloud son rushed through the roof and roared wildly.

Outside the Imperial City, in an uninhabited temple.

The seal on the radiant Jade’s body had been touched and it had regained its strength.

She looked at the tall woman in front of her who was dressed in snow-white clothes and was pleasantly surprised. “The chosen one!”

The one who saved her was the mysterious and extraordinary chosen one from the Palace of light.

Chapter 2360 There’s Nowhere To Run

As the number one emissary of light, she spent most of her time in seclusion and rarely showed her face.

The calamity that befell the Palace of light came too suddenly, and the jade of light had no time to save her.

She didn't expect that not only was she safe and sound, but she also saved herself from Piayun Zi.

What made her even more surprised was that Xuan Hua and Xuan Yin stood next to the chosen one!

Not only did she save her, she also saved Xuan Hua and Xuan Yin!

The Woman of fate had a calm expression on her face. There was neither joy nor sorrow as she greeted, "Greetings, Palace Lord."

The radiant jade was so surprised that she couldn't even speak. She sighed, "I didn't expect that you would be the one to save my radiant palace in the end."

"It's only right." The Woman of fate replied indifferently, "We shouldn't stay here for too long. Let's leave the glaze civilization as soon as possible."

The luminous jade nodded and cast a deep glance at the nightless imperial kingdom behind her, her eyes filled with grief. "It's a pity that Xiao Lifeng, the great ruler of the generation, ended up dying on his own daughter."

"Wait for me here for a moment. Before I leave, I want to help Xiao Lifeng get rid of that vile spawn," the luminous Jade said coldly.

"There's no need. She has already received the punishment she deserves," the chosen one replied.

Bright Jade was stunned, but she didn't doubt it.

Just as Xiao Lifeng said before he died, she would regret her ignorance.

Princess Qianyue destroyed everything and sent herself into the wolf's mouth. How could she have a good ending?

"Then, let's go. As the palace master, I'll send you on your last journey. I hope you can enter the eight-star civilization as you wish," Bright Jade said dejectedly.

Her original intention was to have the disciples she had nurtured enter the eight-star civilization and help the palace of light survive the great calamity.

But now, the Palace of light had been destroyed.

Her only wish was for them to enter the eight-star civilization and no longer have to worry and miss the Palace of light.

The group left the Veluriyam civilization not long after.

At that time.

Piao Yunzi had been searching the imperial city for a long time, but he was unable to find the location of the radiant jade. He could not help but be enraged. "Pass down my orders. If you catch Xuan Hua and Xuan Yin, send them to me immediately!"

He wanted to take revenge for the radiant Jade's escape!

After a long while, he calmed down and crushed a jade pendant. He sent a voice transmission, "Teacher Gui, quickly come and clean up the eternal nightless Imperial Kingdom."

Su Yu, who was leading the higher-ups of the Sword Whisper Pavilion and rushing to the Eternal Nightless Empire, saw the voice transmission and sighed lightly, "In the end, I'm still a step too late."

After learning that the Star Alliance's Chamber of Commerce had already made a move on both sides, he had led his men to rush over.

However, not long after he had left, he had received a message from Piayun Zi to Master Gui.

He had not expected that the two super forces, the Radiant Palace and the Eternal Nightless Empire, would not even last for a few days before they were all broken through.

He did not even have the time to go and rescue them.

"Let's Go!" Su Yu's eyes turned cold as he led his army to rush over.

Two days later.

The Sword Whisper Pavilion's army arrived at the foot of the city. When driftcloud received the news, he was slightly stunned. "So fast."

He had expected that it would take at least ten days.

"That's good too. I can leave and head to Veluriyam City." The only reason why driftcloud had taken over the Veluriyam civilization was because of the ancient Veluriyam Cave.

If he wanted to successfully occupy this place, he had to first eliminate the three overlords of the Veluriyam civilization. Otherwise, it would be very difficult to succeed.

Among them, the Sword Whisper Pavilion had long since surrendered to the Star Alliance's Chamber of Commerce. They only needed to deal with the radiant palace and the nightless Imperial Kingdom.

Now that everything was going according to plan, he could safely explore the ancient Veluriyam Cave after the Sword Whisper Pavilion took over their territories.

"Send someone to welcome them," drifting cloud said.

Not long after.

A group of people from the Star Alliance's Chamber of Commerce, led by Vice Palace Master Lu of the Palace of light in the past, went to the city to welcome them.

Vice Palace Master Lu was full of smiles. She had secretly dealt with Master Gui many times and could be considered an old acquaintance. This time, he was in charge of the entire glazed civilization, so naturally, she would benefit a lot.

As she waited with her gaze, a dark cloud finally arrived from the horizon.

What was slightly strange was that there was a faint burning flame hidden within the cloud.

However, these were all minor details and did not matter.

When the dark cloud completely arrived, she did not see Master Gui. However, she knew the higher-ups of the Sword Whisper Pavilion.

“Where is the Sword Whisper Pavilion Master?”Vice Palace Master Lu asked.

One of the higher-ups said in a daze, “The Pavilion Master is in the sky. Please come up to see him.”

In the Sky? Did he mean in the clouds?

Vice Palace Master Lu did not take any precautions and flew into the dark clouds.

However, as soon as she entered, she saw four people with flames burning all over their bodies.

When she saw them, Vice Palace Master Lu was stunned for a moment and felt that they looked very familiar. Then, she cried out in shock, “The Purple Flame Demoness?”

She might not know the other demonesses, but she knew the infamous purple flame demoness.

She was filled with surprise. Why was the Sword Whisper Pavilion entangled with the Starfire civilization?

“Where’s the Sword Whisper Pavilion Master?”She suppressed her surprise and decided to ask the Sword Whisper Pavilion Master for an explanation.

The Starfire civilization was not on good terms with their Star Alliance Chamber of Commerce. If they were to rashly get together with the Starfire civilization, were they not afraid of being punished by the Star Alliance Chamber of Commerce?

“Didn’t I answer you? It’s in the sky.”Seeing that Su Yu was too lazy to speak, the purple flame she-devil answered on his behalf.

In the Sky?

Finally, deputy palace master Lu sensed that something was wrong. He looked around and said in surprise, “You guys...”

“So long-winded!”The purple flame she-devil flicked her finger, and a wisp of purple flame surrounded deputy palace master Lu, making him dare not move.

This was because the slightest touch would cause him to be burned into ashes by these terrifying flames.

“You... What are you trying to do?”Vice Palace Head Lu asked in panic.

Su Yu didn’t say a word, and his eyes flashed as he searched through the void.

After a short moment, his gaze turned cold.

No wonder the palace of light and the nightless imperial kingdom were destroyed in a single day.

So there was a traitor!

The Palace of light was still acceptable, but the nightless imperial kingdom's destruction was simply a legend in the world.

The traitor was actually the princess.

Moreover, she had been deceived into breaking the core of the array formation, causing the destruction of the entire kingdom.

“Death is not worth regretting!” If Princess Qianyue were in front of him, he would have slapped her to death.

He had seen disasters before, but he had never seen a disaster like her.

In the end, she had even killed Xiao Lifeng.

However, Su Yu did not find this strange. Princess Qianyue had always been extremely self-centered, selfish to the extreme.

In a life-and-death crisis, killing Xiao Lifeng to save her own life was completely in line with her personality.

“Don't act rashly. The vice president of the Western Region Star Alliance's Chamber of Commerce is in the imperial city. You'd better think twice,” Vice Palace Master Lu warned.

Su Yu's eyes were indifferent. He snorted, “They're just slightly bigger ants.”

The purple flame demoness understood Su Yu's thoughts. With a thought, the purple flame tightened and instantly ignited vice palace master Lu.

With a heart-wrenching scream, she was burned into a charred corpse and fell from the dark clouds.

The people waiting below were all stunned when they saw deputy palace master Lu's corpse fall.

At the same time, a cold and magnificent order came from the dark clouds, “Leave no one alive!”

Since all the people in the imperial city had been slaughtered, what was left inside should be the Star Alliance Chamber of Commerce and a group of traitors. Killing them all wouldn't leave a single mistake.

With a command, the high-level warriors of the Sword Whisper Pavilion and the four demonesses entered the city one after another.

Even Zhan wushuang, Zi Xuan, and star Lady joined in the encirclement.

With the four demonesses opening the way, who could stop them?

In just a few breaths, half of the imperial city fell into a sea of fire, and the Star Alliance Chamber of Commerce lost countless people.

Drifting Cloud, who was waiting for teacher Gui in the imperial palace, sensed the abnormality and immediately rushed out. Looking at the raging fire in the city, he said angrily, “Who is it?”

It would have been fine if he did not come out. However, he was immediately discovered by the godly flame she-devil.

A wisp of seemingly weak and calm flame shot towards him.

Piao Yun Zi, who was in the midst of his anger, suddenly saw the godly flame that was attacking him. He was so scared that his heart was beating wildly. He cried out in shock, "The godly flame of the godly flame she-devil?"

His anger was replaced by the coldness in his heart. It was as if he had fallen into an ice cellar. The soles of his feet were emitting cold air.

Without thinking, he turned around and fled for his life.

He did not understand why the divine flame female devil would suddenly appear, but he knew that he was not a match for her at all.

He would be injured or killed in just one exchange.

But if he wanted to escape, would the Divine Flame Female Devil agree?

Chi --

In front of Piao Yun Zi, a wall of fire that connected the sky and the nine Netherworlds suddenly appeared, blocking his path.

Divine Flame Witch walked out of the wall of fire and looked at him calmly.

At this moment, how could piao Yunzi have any thoughts of a woman in his mind? He was only terrified.

He even regretted that he had volunteered to take on this mess.

"Divine Flame Witch, are you sure you want to make an enemy of the Star Alliance Chamber of Commerce?"

Killing an ordinary member of the Star Alliance Chamber of Commerce was not a big deal.

However, killing a dignified vice president was a war with the Star Alliance Chamber of Commerce.

Divine flame witch said indifferently, "Senior said that I can't do anything if you want to leave no one alive."

As she spoke, she recited the incantation silently.

Piao Yunzi suddenly felt that his body was burning, and he wanted to ignite it from the inside out.

A sense of fear that he was about to die instantly enveloped his soul.

At the critical moment, he took out a bamboo stick and shouted urgently, "President, save me!"

The bamboo stick was crushed and a ball of light mist burst out, revealing an old man in a gray robe. He had white hair and a white beard, and his immortal aura was floating. His entire body gave people a mysterious and unfathomable feeling.

"Old Man Xuanji." The Divine Flame Female Devil's expression was much more solemn.

In the Western Region, the South Pole Immortal Weng was ranked first, and the Divine Flame Female Devil was ranked second.

This ranking was established on the basis that only the nine seven-star civilizations were considered.

If the Star Alliance Chamber of Commerce was considered, all the rankings would have to be pushed back.

Because old man Xuanji was the undisputed number one!

Back then, in order to expand the Star Alliance Chamber of Commerce in the Western Region, old man Xuanji challenged the strongest experts of the nine great civilizations one by one, without a single defeat!

It could be imagined that the South Pole Immortal Weng was also defeated at his hands.

The one in front of him should be an afterimage of old man Xuanji, its power was not even one-ten-thousandth of the original body's.

However, this afterimage blew at Piao Yunzi.

Immediately, Piao Yunzi was blown out of the glazed tile civilization!

The divine flame demoness could not do anything even if she wanted to chase after him. She could only watch as old man Xuanji's afterimage gradually dissipated.

After the time it took to brew a cup of tea.

The imperial city had been cleared out. Everything was as Su Yu had requested. Not even a chicken or a dog was left.

Su Yu stood on the city wall and silently looked at Xiao Lifeng's corpse.

Behind him, the divine flame demoness returned and sighed, "Old Man Xuanji's incarnation appeared, and he was unable to leave Piao Yunzi behind."

Unexpectedly, Su Yu just turned around and looked out into the sky. He said indifferently, "This venerable self wants to kill an ant, and no one can save him."
