

Nine-Dragon 2361

Chapter 2361 Border Of The Western Region

The divine flame demoness subconsciously retreated and stared at Su Yu, thinking that he was going to use a world-shaking divine art.

However, Su Yu didn't do anything. He just looked at the sky and silently withdrew his gaze.

At the same time.

Outside the glazed era civilization.

Tens of thousands of battleships were displayed on an abandoned planet near the glazed era civilization.

Meng Ke'er, who was cultivating, suddenly received a message from Su Yu.

After reading the content, she stood up solemnly and shouted, "Order all warships to enter combat mode and destroy the enemy!"

Boom! Boom! Boom

The tens of thousands of warships that had been stationed on the planet for years finally moved.

They were arranged up and down, covering more than half of the sky.

Powerful cannons were aimed in the direction of the glazed era civilization.

Meng Ke'er's eyes only narrowed when a panicked figure rushed from the glazed era civilization to this place. "Fire!"

Boom Boom Boom --

Hundreds of thousands of giant cannons fired at the same time. The momentum tore the sky and earth apart. It was truly a universe of stars.

A giant cannon's power was only half a step away from a dao master, but the power of a thousand, ten thousand, or hundreds of thousands would increase exponentially.

Piao Yunzi was trying his best to escape, afraid that the divine flame demoness would catch up.

Who would have thought that there was a mysterious force hidden outside of the glazed civilization?

Caught off guard, he was targeted and hit on the spot.

At the critical moment, he unleashed the power of the Deva realm and condensed a defense on the surface of his body.

However, under such a magnificent attack, the defense could only last for three breaths before it exploded with a bang.

Its main body was hit by an unimaginable destructive attack.

Without even a scream, it was drowned in the endless explosions of the huge cannons.

Its dao body was torn into pieces, spraying dao blood all the way back to the glazed civilization.

On the wall of the imperial city.

The Divine Flame Demoness and the others only heard a tearing sound coming from the sky, and then they saw several broken limbs fall to the ground.

Those broken limbs were all not floating cloud's corpse.

"This..."the divine flame female devil was shocked.

They were so far away from each other, and senior had killed him in the universe with just a glance!

What kind of unrivaled godly power was this?

The Purple Flame Female Devil and the others also felt their scalps go numb. If they were to become enemies with senior, no one would be able to save them even if they fled to the sky or the earth.

Zhan wushuang, Zi Xuan, and the star Lady also sucked in a breath of cold air.

Such divine might should be invincible in the Western Region, right?

Su Yu didn't even look at the corpse. Looking at Xiao Lifeng's corpse, he sighed in his heart.

Why was there a need?

It was human nature to care for one's children. However, if one doted on them too much, they would definitely harm others and themselves.

The vast nightless imperial kingdom was destroyed by Princess Qianyue in the blink of an eye.

There was no lack of reasons for Xiao Lifeng's destruction.

If it wasn't for his excessive favoritism, how would the princess be able to act wantonly?

"Senior, do you know the monarch of the nightless Imperial Kingdom?"The Divine Flame Demoness asked probingly.

She felt very strange in her heart. How could a high and mighty senior know Xiao Lifeng.

Su Yu shook his head lightly. "I don't know him. However, I've heard from my disciple that he was taken care of by this monarch in the glaze civilization."

"I see."The divine flame demoness said regretfully, "Senior, I'm sorry for your loss. A dead person can not be revived."

Who knew that Su Yu said indifferently, "You're acting on your own again?"

UH --

The Divine Flame Demoness was stunned. She did not understand how she had said anything wrong in that short sentence.

She was merely advising senior not to take it to heart.

How did she act on her own?

Not to mention her being puzzled, the Purple Flame Demoness and the others were also astonished. They did not understand what senior said at all.

However, what the senior said next overturned what they had known all their lives.

“I have long jumped out of the Heavenly Dao. I am not in the five elements. How can mere life and death stop me?” Su Yu said indifferently. Then, with a wave of his sleeve, an emerald-colored energy seeped into Xiao Lifeng’s body.

Xiao Lifeng’s body, which was already dead and cold, was actually slowly emitting warmth!

At the same time, the broken lower half of his body was rebuilding his meridians, bones, and flesh at a speed visible to the naked eye.

After a moment, his body was completely new, and even his injuries were completely healed.

What was even more unbelievable was that Xiao Lifeng’s soul, which had already dissipated, had actually gathered back in his body and was rapidly recovering.

“UH...”

Suddenly, Xiao Lifeng’s heart suddenly pounded fiercely, and his entire body was once again filled with vitality.

At the same time, his eyes gradually opened, and his gaze was filled with confusion.

“I... Am still alive?” Xiao Lifeng muttered, still in a blurry state of consciousness.

In his eyes, a group of people with frozen expressions and trembling bodies were reflected.

The divine flame demoness blinked and bit the tip of her tongue, wondering if she was dreaming.

Life and death were absolute boundaries.

However, in the hands of a senior, a person who had died could be resurrected!

This completely overturned her understanding of life that had existed for hundreds of millions of years.

The Purple Flame Female Devil and the others were both shocked and extremely excited,

“Resurrecting from the dead is truly resurrecting from the dead...” the worship of the purple flame female devil toward Su Yu was unprecedentedly strong, and she even started to believe in him.

It was as if a mortal had met a God by chance.

“The sacred ancestor has shown his spirit, we pay our respects to the sacred ancestor!” The divine flame demoness was so excited that she couldn’t control herself. She knelt down on the ground with everyone else, expressing the utmost respect in her heart.

They could be sure that the senior’s realm had already surpassed their imaginations.

He was very likely an Earth Dao master, no, it was very likely a heavenly dao master, or even one of the nine sacred ancestors that were comparable to the son of Heaven of the sacred mountain in the ancient era!

Only such a person could jump out of the Heavenly Dao and not be within the five elements!

Su Yu's face was not red and his heart was not beating. He said indifferently, "It's just a small trick. Just Remember, don't make decisions on your own anymore."

At this moment, the divine flame female devil finally understood the meaning of these words.

She had taken the initiative to console her senior, saying that people who died could not be resurrected.

But to her senior, bringing the dead back to life was just a matter of a thought. How could she say that she was sorry?

That was why she acted on her own initiative.

"Junior doesn't dare," said the Divine Flame Female Devil. She no longer dared to use her common sense to speculate about senior.

Who knew if he would subvert her common sense the next time?

Xiao Lifeng gradually recovered his consciousness. He looked at the Divine Flame Female Devil and the others and said in a daze, "The female devil of the Spark Civilization? where is this place?"

For a moment, he thought that he had arrived in the world of the dead after his death.

The divine flame demoness said, "You didn't die. To be exact, it was senior who saved you."

Saved?

Xiao Lifeng didn't think too much about it. He thought that he was only heavily injured and that his injuries had been healed.

"Thank you for saving my life, Senior." He looked at Su Yu who was covered in lightning and felt astonished. With the Divine Flame Demoness's status, she actually called him senior?

However, he still needed to be grateful for saving his life.

"Xiao Lifeng, the imperial kingdom has already been destroyed. Do you have any plans for the future?" Su Yu asked.

Xiao Lifeng glanced at the dead Princess Qian Yue not too far away. His pupils constricted, and a great sorrow welled up in his heart.

She was still his daughter after all. Even though he had almost died in her hands, he still couldn't bring forth any hatred.

What he had was only self-blame and regret.

“I... Have no home to return to.” Looking at the destroyed imperial city, Xiao Lifeng sighed dejectedly.

Su Yu nodded. “Then, are you willing to replace my disciple, Su Yu, and take charge of the Veluriyam Civilization?”

What?

Take Charge of the Veluriyam Civilization? Xiao Lifeng could not believe his ears.

The divine flame demoness added, “Xiao Lifeng, senior has already destroyed all enemies of the Star Alliance Chamber of Commerce, including Piao Yunzi and the Sword Whisper Pavilion. Now, the entire Veluriyam civilization is under Senior’s control.”

Hearing this, Xiao Lifeng was shocked. To be able to kill Piao Yunzi, this senior must be very powerful.

“Senior treated me so well after you recovered from your serious injury. How can I repay you?” Xiao Lifeng asked.

Divine Flame Female Devil looked at Xiao Lifeng with a condescending gaze. “Xiao Lifeng, senior is not treating your injury, but resurrecting the dead you!”

Xiao Lifeng was stunned and nodded. “Oh, so that’s how it is.”

He did not believe it at all.

How could a dead person live?

At most, his injuries were very serious and he was on the verge of death.

The divine flame demoness sighed. “Sigh, a summer worm can not speak in ice.”

She finally understood how senior felt when she said that a dead person could not be revived.

She really did not even have the interest to explain herself to a frog at the bottom of a well.

Su Yu did not care at all and said indifferently, “You take care of the glazed era civilization and wait for an organization called ‘ding’ to come knocking on your door. You just have to help it develop properly.”

Xiao Lifeng already had nowhere to go and nothing to do. He was in charge of the glazed era civilization in exchange for helping an organization. Why Not?

“I will comply with Senior’s decree.” Xiao Lifeng bowed.

Su Yu nodded silently.

The matters of the glazed era civilization had been settled. It was time to leave and head to the eastern region to find the divine seat of Heaven and earth. At the same time, he would participate in the recruitment of the eight-star civilization.

“Mm.” Su Yu’s nostrils lightly hummed. He followed the same method and activated the ancestral dragon’s unique feather. It swept up the Divine Flame Demoness and the others and instantly left.

The terrifying yin-yang reversal and life-and-death disorder caused Xiao Lifeng, who had his head lowered, to be frightened. His expression changed, and he staggered and fell to the ground.

When he opened his eyes again, he saw that there was no one in front of him?

Other than the space that was torn apart and the terrifying phenomenon that remained, there was nothing else.

“Then... What realm is that?” Xiao Lifeng sucked in a breath of cold air. He had just realized that the divine flame she-devil had spoken of reviving the dead might not be nonsense, but the truth!

Moreover, before Su Yu left, he swept through Veluriyam City and took away Xie Xiaoyue, who was guarding in front of the ancient Veluriyam Cave.

At the same time, Meng Ke'er led the warship to hide again, secretly guarding the Veluriyam civilization.

In the next breath.

In the depths of the universe.

A ball of light suddenly descended on a place filled with evil qi.

When the light dispersed, several figures walked out. They were surprisingly Su Yu, the demoness, and the others.

With the activation of the ancestral dragon feather, they instantly flew out of the glass civilization and arrived in an unknown domain.

What greeted their eyes was a dark red universe.

It was as if there was a sea of blood in the depths of the universe in front of them, illuminating the universe red and giving people a particularly uneasy feeling.

“The boundary between the western region and the Eastern Region.” The Divine Flame Demoness' pupils constricted. In a breath, she crossed the entire western region and arrived at the Western Region's border.

Senior's divine ability was even beyond her expectations!

“There are still a few years before the recruitment of the eight star civilization. Senior, do you think we should enter the eastern region now or talk about it later?” Divine Flame Female Devil asked for Su Yu's opinion and didn't dare to make any decisions.

Of course, Su Yu wouldn't enter at this moment.

This wasn't the first time Su Yu had heard of the Eastern Region's evil.

Every moment spent in there added to the danger.

Chapter 2362 Meeting Xian 'Er By Chance

“My disciple might still be on his way here, so I’ll wait for him here for now.” Su Yu casually found an excuse.

“As you command, Senior.” The divine flame demoness said, “I know that there’s a small civilization nearby, and it’s a place that people who enter the eastern region must pass by. Senior, why don’t you move there to rest?”

Su Yu naturally would not refuse.

“Senior, who are you? Why did you bring me here? I still need to stay at the glazed era civilization and others!” Xie Xiaoyue’s weak voice came from beside him.

This was because she could feel that the identity of the lightning person in front of her was very terrifying.

She was clearly at the glazed era civilization, but she was actually brought to the edge of the western region in an instant!

Su Yu had just realized that Xie Xiaoyue still did not understand the situation. He said, “Cut the crap. Just follow me.”

He was still a little relieved that Xie Xiaoyue was still waiting for his return at the entrance of the ancient glazed cave.

Xie Xiaoyue pursed her lips and did not dare to say anything. Mo Mo followed them to a small civilization nearby.

The civilization was not big. It was only at the level of a five-star civilization.

However, at a glance, there were quite a number of powerhouses on it.

There were hundreds of powerhouses in the fish-dragon realm and several in the heaven tier!

There were also countless powerful warriors in the forgotten language realm and the initial dao realm.

Their identities were self-evident. They were all people from other civilizations who had come to the eastern region to participate in the recruitment of the eight-star civilization.

They also chose to wait here for the time being and enter the eight-star civilization when the recruitment assessment was approaching.

“This star is called ‘shore’, which means that the eastern region is a sea of suffering. When we turn back, we will be at the shore,” the Divine Flame Demoness said. “This civilization’s location is special. Over time, it will become the last stop for people traveling to the eastern region. Many warriors will make ample preparations here. Therefore, the resources on this star are abundantly abundant, which is even better than the main cities of the nine great civilizations.”

Su Yu nodded slightly. There was no need for her to say yes. Su Yu could also feel the rich spiritual energy emanating from the city.

It just so happened that Su Yu had some things he wanted to prepare.

After the group arrived at the civilization and settled down in the Inn, Su Yu only brought Xie Xiaoyue to the market city.

In the ancient glazed cave, the snake ancestor gave Su Yu a snake gall that could cure all injuries.

He had once asked if he could recover the memories that had been erased by the Heavenly Dao, and the other party had answered with certainty that he could only recover a small part of it.

He had never been willing to use this snake gall and had planned to leave it for Qin Xian 'er.

If they could meet again.

However, the power contained in the snake gall was too powerful, and it required some special herbs to neutralize its medicinal power before it could be given to Qin Xian 'er to consume.

He was now looking for the herbs he needed.

“Senior, where are you taking me?” Xie Xiaoyue’s heart was perturbed. She completely didn’t understand what senior’s intentions were towards her.

“Follow me.” Su Yu brought her to a dark and deserted alley.

Xie Xiaoyue’s heart was even more uneasy. She thought to herself, senior can’t be thinking of doing something to me, right?

However, she immediately shook her head. If she really wanted to do something, why couldn’t she do it? Why did she have to come to a small alley in the market city?

“Do you know who I am?”

Xie Xiaoyue was baffled and laughed in her heart. “I don’t care who you are. You brought me to the edge of the western region for no reason. You are seriously ill. I still have to wait for Su Yu to come back.”

“I am Su Yu,” Su Yu said truthfully.

Xie Xiaoyue subconsciously nodded and replied, “Oh, so senior is Su Yu... Ah! Who Did you say you are?”

She came back to her senses and screamed.

Su Yu covered his mouth and said, “I haven’t seen you for a few years, and my willpower has become weaker.”

As he said that, the lightning on his body disappeared completely, revealing Su Yu’s real face.

Seeing him, Xie Xiaoyue’s beautiful eyes flashed violently, showing the extreme excitement in her heart.

Her mouth was covered, and she could only wave her hands excitedly.

“Keep it quiet.”

Xie Xiaoyue nodded, and Su Yu let go.

“I knew you were an indestructible cockroach. You will never die.” Xie Xiaoyue’s face was full of excitement, and the haze in her heart had disappeared. She couldn’t help but reveal a beautiful, soul-stirring smile.

The corners of Su Yu’s eyes twitched. “I don’t know whether I should be happy or not when you say that.”

Xie Xiaoyue punched him, she asked curiously, “By the way, tell me, how did you pretend to be a Senior?” No, crossing the entire western region in one breath didn’t seem like a disguise... Oh, I understand now! “You got lucky in the ancient glazed cave and picked up a good treasure again.”

Su Yu hissed, “I say, can your words be more pleasant? What do you mean by getting lucky?”

Xie Xiaoyue laughed and was very open in front of Su Yu.

“I introduced myself to you because I don’t want you to worry anymore, but remember not to expose me, or it will be very dangerous.”

Xie Xiaoyue agreed deeply. Once her identity was exposed, the four female devils would probably not let Su Yu go.

“I will keep my mouth shut,” Xie Xiaoyue said.

Su Yu nodded, “In addition, I need your help to find you. I have a special medicinal herb that I need to buy, and I need your help.”

“What is there to talk about between you and Me?” Xie Xiaoyue rolled her eyes and held Su Yu’s arm as they walked out of the alley.

Perhaps it was because she was too excited to recover what she had lost, which resulted in her actions being much more light-hearted than before.

Su Yu pulled back his arm without batting an eyelid. He did not want to attract unnecessary misunderstandings.

Xie Xiaoyue’s current disguise was too beautiful. As they walked in the marketplace, there were many people looking back.

Being held by her arm, Su Yu did not know how many times he would be killed by the stares of others along the way.

After the time it takes for an incense stick to burn.

Su Yu stopped in front of a shop that only women were allowed to enter.

All female items were sold inside, and some of them were very private for women. Therefore, men were not allowed to enter.

“I need to buy three Jin of South Sea divine mud. Only it is available inside,” Su Yu said.

The South Sea Godly mud was a holy item used to make top-grade rouge. It was basically not available in other places.

Only a few top-tier female shops had it.

“Eh? Are you going to buy it for your sweetheart?” Xie Xiaoyue said with a faint smile.

Su Yu rolled his eyes at her. “What nonsense are you talking about? Hurry up and Go!”

While laughing, Xie Xiaoyue hopped into the shop called Cloud Building.

“Fairy, what do you want to buy?” A maid asked obediently.

“South Sea Divine Mud, do you have it?”

The maid’s eyes lit up. “Yes, I do. Fairy, please go to the second floor.”

Xie Xiaoyue walked to the second floor and saw a huge display case with all kinds of expensive rouge powder on display.

In one corner, there was indeed a big piece of South Sea Divine Mud for sale.

Just as she was about to step forward, a rather dainty figure suddenly arrived before her and sized up the South Sea divine mud.

Not Good!

Xie Xiaoyue immediately sensed that something was wrong. That piece of South Sea Divine Mud was not big, only a little over three Jin.

If the other party beat her to it, she would not be able to pay the price.

“Shopkeeper, I want all of the South Sea Divine Mud!” Xie Xiaoyue shouted as she walked over.

As the former pirate leader, Xie Xiaoyue was not a person who followed rules.

Hearing this, the owner of the delicate figure in front of the counter turned around and looked at her with a frown.

Xie Xiaoyue took a look and realized that this girl was astonishingly beautiful.

She had an oval face, bright big eyes, and was full of immortal qi. She was just like a little elf in the mountains.

She thought that she was a beauty, but when she saw such a girl, she couldn’t help but compare in her heart.

“Shopkeeper, I want it too.” The petite girl stared at Xie Xiaoyue with slight dissatisfaction.

Xie Xiaoyue came back to her senses and walked over. She slammed the table and glared at the shopkeeper. “How much? I’ll buy it.”

The petite girl seemed to be angry at Xie Xiaoyue’s arrogance as well. She said, “Shopkeeper, I came to the counter first. You should have sold it to me first.”

Xie Xiaoyue didn’t think much of it. “So what if you came first? I asked for it first!”

“Humph! How unreasonable!”The pretty girl glared at her angrily. “Shopkeeper, how much is it?”

The shopkeeper was caught in the middle and was in a dilemma. He didn’t want to offend either of them, so he said, “Fairies, how about we split it equally?”

“No!”The two women said in unison and stared at the shopkeeper.

The shopkeeper was helpless and could only say, “Three Jin of South Sea divine mud. Total Price, three million dao coins.”

The pretty girl took out a small pocket, which contained three million dao coins. “Here you are!”

PA --

“Wait!”Xie Xiaoyue squinted her eyes and said with a faint smile, “Little girl, since you and I won’t give in to each other, let’s see who has more money! Four Million Dao coins!”

“Five hundred!”The Pretty Girl was unwilling to admit defeat.

“Hehe, ten million!”As the pirate leader, how could Xie Xiaoyue be poor?

Moreover, her gains in the ancient glazed cave were not small. A mere ten million was just a drop in the ocean.

On the other hand, the petite girl was poor. She spent more than ten million for a mere three kilograms of the South Sea divine mud. She was really unwilling.

“Don’t go too far!”The Petite Girl said angrily.

Xie Xiaoyue put one hand on her waist and smiled. “So what if I Go Too Far? What can you do to me?”

“You!”The petite girl stomped her feet and gave Xie Xiaoyue a fierce glance before walking away angrily.

She went straight downstairs and arrived at the door.

A scholarly-looking young man dressed in green robes with a bamboo crown on his head flashed out with an eager smile. “Sister Xian ‘er, you bought it so quickly?”

The way the other party looked at the petite girl contained an undetectable abnormality.

There was greed, adoration, and possessiveness.

The Petite Girl was none other than Qin Xian ‘er, who had left the asura realm to roam the world alone!

When she was hunting demonic beasts in a certain place, she suddenly encountered the collapse of heaven and earth and was accidentally dragged into a powerful and abnormal spatial rift.

She had drifted for ten years before she fell out of it a few years ago.

She was seriously injured, but fortunately, she fell near the south sea civilization. It happened that the South Pole Immortal Weng was traveling nearby, so she saved him and brought him back to the South Pole Immortal Palace.

The South Pole Immortal Weng was surprised to find that Qin Xian 'er had a special dark phoenix body, so he kept her in the South Pole Immortal Palace.

This time, as one of the representatives of the South Sea Civilization, Qin Xian 'er went to the eastern region to participate in the recruitment of the eight-star civilization.

The scholar in front of her was one of the young elites of the South Pole Immortal Palace, Hai Qingxiao.

Qin Xian 'er wanted to buy some south sea divine mud to refine some things that she wanted to use, but this senior brother insisted on following her.

“Senior brother Hai, please call me Miss Qin or junior sister.” Qin Xian 'ER's gaze was cold and clear, dividing their relationship very clearly.

She was no longer the initially ignorant Qin Xian 'er. She was exceptionally sensitive to men's gazes.

She was well aware of what this senior brother had in mind for her.

Chapter 2363 Big Misunderstanding

“Junior Sister Xian 'er, don't be so distant.” Hai Qingxiao was full of smiles.

What responded to him was Qin Xian 'er's increasingly cold and even disgusted gaze.

Only then did Hai Qingxiao's smile stiffen. He said embarrassedly, “Alright, Junior Sister Qin, I only hope to deepen our relationship with you. I don't have any other intentions.”

Qin Xian 'er did not give him the slightest chance to continue developing. She said, “Our relationship can stop at senior brother and sister. There's no need to go any further.”

Being rejected so mercilessly by her, Hai Qingxiao could only smile awkwardly and bitterly.

Qin Xian 'er walked around her, feeling depressed as she walked out.

First, she met a rude woman, and then there was hai qingxiao who kept pestering her. Qin Xian 'er was in a very bad mood.

She lowered her head and walked down the stairs. However, she caught a glimpse of a figure standing at the corner of the door.

That figure seemed familiar. She couldn't help but raise her head to take a look. However, when she saw it, she was suddenly stunned. “It's You?”

Of course, Qin Xian 'er would not forget the Su Yu who took the initiative to hug her in the ancestral demon land and used the asura sovereign seal to threaten her to accompany him for a period of time in the Star Alliance's Chamber of Commerce Civilization.

Su Yu was resting with his eyes closed when he suddenly heard a familiar voice that made his soul tremble. He suddenly opened his eyes and what entered his sight was Qin Xian 'er's handsome face.

He almost thought that he had seen wrongly.

The current Qin Xian 'er should still be in the Shura World, a place a thousand years away.

Why would she appear here?

“Xian 'er?” Su Yu rushed forward and pulled Qin Xian 'er into his embrace.

At the moment of forgetting his feelings, he had even forgotten that Qin Xian 'er could no longer remember him.

Qin Xian 'er was a little dumbfounded. She thought to herself, what's wrong with this person?

The first time they met, he hugged her immediately. This time again!

However, what made her feel incredulous was that even though she could push him away very easily, her body did not listen to her commands. She stood motionlessly on the spot and allowed Su Yu to hug her.

Perhaps her soul had already forgotten about Su Yu.

However, her body remembered it clearly.

Feeling the heavy male aura, Qin Xian 'er was embarrassed. She finally found her body and pushed her away forcefully.

She originally wanted to scold him harshly for being dirty or shameless, but when it reached her mouth, it actually turned into a complaint with a hint of shyness. “Why are you always like this?”

Qin Xian 'er could not understand what was wrong with her.

She was so repulsed by other men. Even intimate terms could attract her disgust and coldness.

But the man in front of her was hugging her in public, and she was only complaining indifferently?

Her actions now did not look like her at all!

Su Yu had just realized that Qin Xian 'er was no longer the Qin Xian 'er of the past, but the joy and excitement in her eyes were indescribable.

His pair of eyes stared intently at Qin Xian 'er as if he could melt her in the next moment.

When Qin Xian 'er met his pair of eyes, she actually felt uncomfortable all over. She averted her gaze and felt inexplicably guilty. “You... Why are you here too?”

That's not right!

Qin Xian 'er felt that she was about to go crazy. Why would she ask such a question?

She should have warned him ruthlessly!

In the end, she acted like someone she had known for a long time, greeting him when they met.

“I'm here to save someone. What About You?”

Qin Xian 'er replied with an 'oh' and said, “I'm here to participate in the recruitment of an eight-star civilization.”

The two stood opposite each other, answering each other's questions as if they were friends who had not seen each other for many years.

Hai Qingxiao, who was at the side, stared at Qin Xian 'er's expression and then at Su Yu. His gaze could not help but sink.

In the South Pole Immortal Palace, Qin Xian 'er was known for her coldness, especially toward men of the same age. She never pretended to be friendly.

Many elites talked to her, but she didn't even answer them directly.

However, at this moment, how could Qin Xian 'er still have the performance of the South Pole Immortal Palace?

Hai Qingxiao couldn't help but feel jealous. He interjected, "Brother, you are?"

As he spoke, he sized up Su Yu with a scrutinizing gaze.

Su Yu turned a deaf ear to him. At this moment, he only had Qin Xian 'er in his eyes.

"Brother, I'm asking you a question." Hai Qingxiao was displeased and repeated his question.

Su Yu looked at him just now and his gaze turned cold. "Scram!"

To those who pestered Qin Xian 'er and even disturbed the atmosphere of their reunion, Su Yu restrained himself by not sending him flying with a single punch.

Hai Qingxiao laughed angrily. "Do you know who I am? You Dare to tell me to Scram?"

Just as he was about to get even angrier, Qin Xian 'er turned her head and said coldly, "I told you to get lost."

For some reason, Hai Qingxiao interrupted their conversation and made her feel very uncomfortable. She couldn't help but lose her temper!

Hai Qingxiao was taken aback and looked at Qin Xian 'er in surprise. Deep suspicion appeared in his eyes.

What was the relationship between Qin Xian 'er and this human?

He gave Su Yu a deep look, memorized his appearance, and left with a light snort.

Qin Xian 'er looked at his back with disgust. She turned to look at Su Yu and asked, "How have you been recently?"

"If you are, I will be in a sea of suffering, and I will be content." Su Yu looked at Qin Xian 'er and said deeply.

Qin Xian 'er's heart inexplicably shook. She had heard many similar sweet words.

Those words would only make her feel nauseous and disgusted.

However, when Su Yu said it, there was an inexplicable warmth and touching feeling.

However, as soon as this touched feeling appeared, there was an unseen force that erased this touched feeling.

“You are always like this every time we meet. You are so outspoken. You said that we were only friends in the past. Don’t say such frivolous words, okay?”Qin Xian ‘er pouted her small mouth.

Although she said so, there was not a trace of sternness in her words.

“Okay, okay, okay. I got it.”Su Yu was happy in his heart. Even though he saw Qin Xian ‘er getting angry, he felt satisfied in his heart.

However, the shortest time was just a good time.

Xie Xiaoyue carried the southern sea godly mud and walked out of cloud tower with a smile. She ran to Su Yu like a little bird returning to its owner. She held his arm intimately and showed the southern sea godly mud in her hand. She said, “Yes, success! How are you going to thank me tonight?”

Unexpectedly, Su Yu’s face turned stiff.

Qin Xian ‘er, who was sitting opposite him, quickly lowered her face and stared at Xie Xiaoyue without blinking.

Because of the angle, Xie Xiaoyue didn’t see who Su Yu was talking to just now. At this moment, she followed Su Yu’s gaze and was stunned. “It’s You? Do you know each other?”

Qin Xian ‘er looked at Xie Xiaoyue’s hand that was holding Su Yu’s arm. She was still acting coquettishly just now, but she immediately lowered her face and stared at Su Yu. She said unhappily, “I Won’t disturb you guys!”

Su Yu immediately pulled back his hand and pulled Qin Xian ‘er. “Xian ‘er, let me explain.”

“I won’t listen, I Won’t listen, I won’t Listen...”Qin Xian ‘er felt an indescribable anger in her heart. “You should properly thank your woman tonight. It wasn’t easy for her to obtain this piece of the divine mud of the South Sea.”

As she said this, she shook off Su Yu’s hand and walked away quickly.

After walking for a distance, she was suddenly stunned. She thought to herself, “Strange, why Am I angry? What does it have to do with me if he has a woman?”

Although she said this in her heart, when she recalled the scene of Xie Xiaoyue holding Su Yu’s arm and recalled Xie Xiaoyue’s peerless beauty, which did not lose out to her own appearance, her heart felt inexplicably sour.

It was as if she had lost something.

Su Yu glared at Xie Xiaoyue unhappily. “How can it not be bad?”

He immediately chased after her, but Qin Xian ‘er ran all the way without stopping until she ran into a heavily guarded manor,

the manor was filled with experts, and there was a faint, terrifying aura that was comparable to that of the divine flame demoness.

“The resting place of the South Pole Immortal Palace. No one is allowed to enter!”The guard at the door sternly stopped Su Yu from approaching.

South Pole Immortal Palace?

Su Yu was slightly solemn. As the most powerful seven-star civilization among the nine great seven-star civilizations, it was indeed not suitable for him to barge in.

“Why did Xian ‘er join the South Pole Immortal Palace?”Su Yu frowned. He had once heard the divine flame demoness mention that the South Pole Immortal Weng was not a good person.

Would Xian ‘er be in danger if she stayed in the South Pole Immortal Palace?

Thinking of this, his heart could not help but become heavy.

“Why aren’t you leaving?”The guard scolded.

Su Yu looked deeply at the manor and left silently.

For the time being, Xian ‘er shouldn’t be in danger. If she was, she would have already met with an accident.

“It seems that the most important thing now is to quickly prepare the snake gall and let Xian ‘er recover some of her memories. Only then can she leave the South Pole Immortal Palace voluntarily and follow me,”Su Yu muttered to himself and immediately rushed back.

Halfway through, he met up with Xie Xiaoyue and quickly walked to the place where he was staying.

“Who is that woman? Your Friend? Your Sweetheart?”Xie Xiaoyue kept asking non-stop.

To be honest, it was Xie Xiaoyue’s first time seeing Su Yu lose his composure like that.

Therefore, she couldn’t help but guess the other party’s identity.

“My wife.”

“AH? !”Xie Xiaoyue’s mouth was wide open and her eyes were a little dull. “It’s over! I’ve caused trouble! If I knew that I had that kind of relationship with you, I wouldn’t have fought with her for the divine mud of the South Sea!”

Su Yu was both angry and amused when he heard that.

He was angry that the temper of the pirate Xie Xiaoyue had not changed, but he was laughing that there was such a coincidence in the world?

He had only entrusted Xie Xiaoyue to buy a piece of the South Sea divine mud, but in the end, Qin Xian ‘er had misunderstood the abnormal relationship between him and Xie Xiaoyue.

“Fate really plays tricks on people!” Su Yu smiled bitterly.

After returning to the Inn, Su Yu immediately began to prepare the snake gall and accessories.

At that time.

In the South Pole Immortal Palace, Hai Qingxiao was drinking in the pavilion with an angry face.

The people accompanying him were all Hai Qingxiao’s fellow disciples.

“Junior brother Hai, what made you so angry? Could it be that you were treated coldly by Junior Sister Qin again?” A square-faced youth teased.

Among the people present, who had not been choked by Qin Xian ‘er?

They were already used to it and had long given up on pursuing Qin Xian ‘er.

Only Hai Qingxiao was still persisting and pestering her, unwilling to give up.

“It’s fine if it’s Leng Yan and Leng Yu. I’m completely sincere towards junior sister Qin. She will understand my intentions sooner or later. What I’m angry about is that she treats me like this but treats a wild man who appeared out of nowhere differently!” Hai Qingxiao smashed the wine cup onto the table, with a bang, the wine cup was crushed.

The square-faced youth immediately felt jealous. “There’s actually such a thing?”

Thus, Hai Qingxiao told them the whole story.

Hearing this, the few youths present felt somewhat uncomfortable.

They originally thought that Qin Xian ‘er had such a personality, but now it seemed that it was just Qin Xian ‘er deliberately distancing herself from them.

This kind of difference in treatment made it really difficult for them to accept it.

Especially when Hai Qingxiao said that the wild man only had the cultivation of a half-step dao master.

“You are not being polite. I, a disciple of the South Pole Immortal Palace, a peerless dragon among men, was actually defeated by a useless wild man!” Hai Qingxiao found it hard to swallow this injustice.

Chapter 2364 Underground Market

“I really don’t understand why such a peerless woman like Qin Xian ‘er would treat such a person differently.” One of the senior brothers sighed unwillingly.

“If this matter were to get out, outsiders would definitely think that our disciples of the South Pole Immortal Palace can’t even compare to a half-step dao master.” Another senior brother said indignantly.

The difference in Qin Xian ‘er’s attitude towards them and Su Yu’s really made them feel unbalanced.

“Senior Brothers, you have all recently come out from the southern sea great wilderness. I presume that your strength has increased greatly? Why Don’t you practice before the recruitment ceremony of the eight-star civilization?” Hai Qingxiao said thoughtfully.

The southern sea great wilderness was like the glazed ancient cave of the glazed era civilization. It was a mystical place passed down from the ancient times.

This group of Heaven’s favorites had cultivated in there for several years, and their strength had improved by leaps and bounds.

However, because time was short, they had no time to spar with each other, so they were unable to know each other’s background.

The few senior brothers looked at each other and revealed a rather intense interest.

They were too lazy to personally take care of a half-step dao master.

However, if they could secretly spy on the strength of these few senior brothers, then it would be worth going.

They were now fellow disciples, and in the near future, they would be competing against each other on the same stage.

Everyone wanted to know the other party’s background in advance.

Therefore, they each had their own ulterior motives, nodding their heads one after another. “Junior brother Hai’s suggestion is not bad, the recruitment is extremely dangerous. If we practice in advance, it will only benefit us, there is no harm.”

Everyone hit it off.

“Alright! Then where is the human?”

Hai Qingxiao shook his head. “I didn’t follow him, I don’t know where he is staying. However, this civilization is only so big, wouldn’t it be easy to find someone?”

“Within three days, we will definitely find him!”

“Alright, three days later, we will wait for the representative of the Antarctic Immortal Palace to pay a visit to meet that kid!”

--

At the inn.

Su Yu carefully and attentively configured the snake gall.

The process was not complicated, but there were many aspects that required extreme precision. One mistake could easily lead to failure.

He had bought three Jin of South Sea divine mud in preparation for failure.

However, since Qin Xian ‘er was in urgent need of the South Sea divine mud, he was unusually focused and tried to reduce the probability of failure. He hoped to leave more of the South Sea divine mud for Qin Xian ‘er when there was an opportunity to pass it to her.

For this, he did not hesitate to use up his soul power to ensure that none of them failed.

An entire day later.

Su Yu's mind was in a daze. It was as if he had been cultivating for several years. The depletion of his mental power was extremely severe.

However, his tired eyes were filled with gratification.

The bottle of jade-colored spirit liquid in his hand was made from snake gall.

As long as she found an opportunity to let Qin Xian 'er drink it, she would more or less recover a portion of her memories.

Carefully putting it away, Su Yu rubbed his aching head.

After a moment of silence, he took out the heaven extinguishing rod that the divine flame demoness had given him.

Before this, he didn't have the time or opportunity to explore. Now, he had finally found some time.

He rubbed the body of the heaven extinguishing rod and felt a few bumps on his fingers. He fixed his gaze and saw the three words "Heaven extinguishing rod".

The words were bold and powerful, filled with a domineering feeling that looked down on the world.

Holding it in his hand, Su Yu had a faint feeling that he couldn't hold it, and his arm sank uncontrollably.

"Strange!" Su Yu was surprised.

He didn't feel the weight of the heaven-destroying staff, but his arm had a posture that was difficult to hold.

This was under the condition that it was not activated. Once activated, according to what the Divine Flame Female Devil said, it would change its size and length at will.

"Let's give it a try!" With a thought, he poured primal force into the heaven-destroying staff and shouted at the same time, "Long!"

Xiu --

As expected, the heaven-destroying staff immediately changed from the length of a rolling pin to the length of a three-foot sword.

And its weight instantly increased by thirty times!

Su Yu's hand could not help but sink down. He almost did not grasp it.

"This..." Su Yu was surprised. He tried to pour a little primal force into it again, but in the end, it increased by three times and its weight increased by three hundred times!

Plop --

Su Yu was caught off guard. The heaven-destroying staff that had suddenly become extremely heavy staggered and almost fell to the ground with a plop.

He held it in until his face was red. He used all the strength in his body to slowly lift the heaven-destroying staff.

For this, he did not hesitate to use the Heavenly Dragon Dao body.

Because the dragon blood had been drained, Su Yu's Heavenly Dragon Dao body was far from what it used to be. However, he still had the Oblivion State. In the end, he was unable to lift it and could only stabilize it.

If it was a little heavier, Su Yu would definitely not be able to lift it up.

Helpless, he could only withdraw the primeval power. The heaven-destroying staff slowly shrank and finally turned into a rolling pin.

"Unbelievable." Su Yu had only infused the primeval power, but the heaven-destroying staff had become so heavy. If he infused the power of a dao master, wouldn't it be so heavy that it would crush a seven-star civilization?

His eyes were filled with excitement. He confirmed that this was indeed a top-grade treasure, not inferior to the Royal Longzun Sword at all.

"However, it will be very difficult to control it." Su Yu frowned and pondered.

With its weight, Su Yu was already burdened by its weight before he could destroy the enemy.

"If only the dragon blood in my body had not been extracted." Su Yu sighed secretly. With the strength of the Heavenly Dragon Dao body, he would be able to barely activate the heaven-destroying staff.

With this thought, his heart moved.

It might be difficult to find dragon blood elsewhere, but this was the last civilization that had left the western region.

This place was as prosperous as any of the nine seven-star civilization's capitals.

He immediately set off and arrived at the market.

After careful searching, he did not find any shops that were similar to the palace of light that were filled with dragon blood.

Just as he was feeling disappointed, he suddenly raised his eyebrows and turned around. "Sir, you've been following me for a while."

Behind him, a yellow-robed young man was bowing and nodding. He had shifty eyes and a cunning look on his face. "Young master, I've been observing you for a while. Young master, do you want to buy something that you can't get?"

Without waiting for Su Yu to ask, the yellow-robed young man introduced himself. "I'm Not Talented. In this marketplace, I know every house that has a few rats, every house that has a female dog that has stolen a wild male dog, and every house that has a male cat that is promiscuous!"

The corner of Su Yu's mouth twitched. In fact, the moment the other party opened his mouth, he already knew his identity.

In the coastal civilization market, there was a type of person who specialized in guiding outsiders to earn money.

However, his refreshing and refined boasting really made Su Yu feel refreshed!

"Alright, I don't look for rats, nor do I look for cats and dogs. I only look for dragons," Su Yu said.

The yellow-robed young man chuckled. "You must be joking, customer. After hundreds of millions of years, when the Dragon Clan was declining, you could buy the Dragon clan all over the street. You could even buy the beautiful female dragon clan. Now, who dares to sell the Dragon Clan? Aren't you afraid that the Dragon clan will come and exterminate the clan?"

The Dragon Clan today was different from the past.

Now that it had faintly become the number one clan in the outer regions, no one dared to buy or sell the Dragon Clan anymore.

"Dragons can't do it. There must be someone selling the body parts of dragons, right?" Su Yu said.

The yellow-robed young man shook his head affirmatively, "No!"

This place was already at the edge of the western region, not far from the southern region where the Dragon Clan was located.

It was unlike the glazed culture, which was located in the depths of the Western Region and secretly sold some dragon blood. The Dragon Clan might not know.

Just as Su Yu was disappointed, the yellow-robed young man suddenly lowered his voice and said, "Of course not on the surface, but there are still some in the dark."

Su Yu's heart moved.

Since there were transactions on the surface in such a prosperous trading place, there should be underground transactions as well.

"Lead the way!" Su Yu did not say anything and threw a hundred dao coins to the yellow-robed young man.

The yellow-robed young man's eyes, which were the size of two green beans, immediately sparkled and he said in joy, "Young master is so generous, I like it! Hehe, come with me, I guarantee you will be satisfied!"

Under his lead, Su Yu walked through the winding and worn-out path and arrived at a small market that was hidden deep underground.

Most of the people in the market had their faces covered, concealing their identities.

They were all on high alert, and there was a slightly tense atmosphere.

“Do you see the tent in the innermost part?”The yellow-shirted young man pointed inside, he said, “That is a shop specially set up by a man named Qing Yangzi. Every day, he will sell some dragon body materials at regular intervals. If you are lucky, you might be able to buy dragon blood.”

After saying that, the yellow-robed young man cupped his fists and said, “Since the road has been pointed out, I’ll take my leave.”

He walked out of the underground market with a smile. However, at the entrance of the underground market, he met an exceptionally tall man.

The other party’s entire body was covered by a black robe. His entire body was still emitting a mysterious aura, making it impossible to see his real body clearly.

Standing in front of him, the yellow-robed young man felt an inexplicable sense of suffocation, and his heart began to panic for no reason.

He hurriedly made way and said, “Your Excellency, Please.”

The black-robed man stood there, and the eyes under the black robe quietly looked at the yellow-robed young man.

The yellow-robed young man’s heart pounded wildly, and it was beating faster and faster, as if it was going to jump out of his throat.

His face gradually turned pale, and his eyes moved rapidly. He was about to faint from suffocation.

Fortunately, after the black-robed man fell silent for a while, he walked into the underground market without saying a word.

Only then did the yellow-robed young man heave a huge sigh of relief.

He realized that in a short period of time, his entire body was drenched, and his hands and feet were trembling uncontrollably.

“What a terrifying figure.”The yellow-robed young man’s lips trembled. He turned his head and gazed deeply at the black-robed man’s back. Instantly, his entire body turned cold, as if he was a mortal who had seen a ghost.

“I can’t stay here any longer. I have to leave quickly.”The yellow-robed young man supported himself against the wall as he rolled and crawled out of the underground market. He flew all the way out of the city and did not dare to stop at all.

Su Yu came to the front of the tent called Qing Yangzi.

He opened the tent to take a look. There were already three or four people with unknown identities waiting inside.

Su Yu’s arrival made them look at him with slight vigilance. Then, they continued to wait as if nothing had happened.

“Sir, are you also here to buy the body materials of the Dragon Clan?” After Su Yu sat down, a soft and charming voice drifted over from his side.

Su Yu’s expression was indifferent. “Sir, you don’t have to ask what I’m here to buy. You’ll know later.”

“Yo, from the sound of it, it’s a little brother.” The charming woman came over and exhaled like an orchid. “Little brother, I’m alone tonight. Do you want to...”

PA --

Su Yu’s punch was the answer.

He only used 30% of his strength. Even so, he still knocked the charming woman to the side.

This was the result of her using her arms to block him.

“You are so rude!” The charming woman scolded angrily.

Su Yu looked indifferent. He reached into the ground with his two fingers and took out a five-colored centipede from the ground.

“You should be glad that I’m a magnanimous person. Otherwise, if I secretly planted poisonous insects on you, it wouldn’t be an exaggeration to beat you to death!” Su Yu’s tone was cold.

Among the nine great seven-star civilizations, there was only one that was good at controlling spiritual insects!

Chapter 2365 Larva Of The Dragon Clan

The myriad insects civilization!

The warriors of this civilization all used controlling all kinds of spiritual insects as their specialty.

Those spiritual insects had different abilities, some of which were particularly evil.

For example, this five-colored centipede in front of Su Yu, if Su Yu didn’t recognize it wrongly, should be the relatively rare bewitching blood centipede of the myriad insects civilization.

Once it bit someone, that person’s consciousness would be taken away by the owner of the centipede and controlled by it.

However, on the surface, it could not be seen at all.

This woman had just used words to tease and divert Su Yu’s attention, but in reality, she had secretly released the five-colored centipede.

Ordinary people had already fallen into the trap. Fortunately, Su Yu was vigilant and had been secretly on guard. He had also secretly opened the clairvoyance and discovered the situation underground just now.

The charming woman’s gaze suddenly became sharper. She could not help but look at Su Yu up and down.

Recalling the strength of that punch just now, she guessed that the other party was very likely an initial dao realm expert.

“His realm is average.”The flirtatious woman didn’t think much of it. “If it wasn’t for controlling the spirit insect’s clone just now, he might not have been able to do anything to me.”

However, she didn’t know at all that Su Yu had only used thirty percent of his strength just now.

If Su Yu had really used his full strength just now, she would have already become a corpse.

“HMPH!”The charming woman snorted lightly and then looked straight ahead.

The other two people turned a blind eye to the conflict between Su Yu and Qing Yangzi.

Su Yu glanced around and found that there were five futons in the tent.

It seemed that Qing Yangzi would wait until the futons were full before showing himself.

Tap Tap --

At this moment, very heavy footsteps were heard outside the tent.

Su Yu turned his head and saw that the tent had just been opened. An exceptionally tall and sturdy black-robed person walked in.

His aura was restrained and it was impossible to tell his cultivation level.

However, he gave off an exceptionally powerful pressure.

Su Yu was slightly apprehensive. He could feel that the other party’s pressure was due to him deliberately shrinking.

Otherwise, they might not be able to withstand it.

A powerhouse!

An absolute powerhouse!

In an instant, Su Yu’s mind was filled with thoughts.

The black-robed man did not look askance. He sat on the last futon and said indifferently, “Let’s begin.”

His voice was abnormally thick, like metal, giving off an extremely heavy pressure.

“Hahaha...”a loud laugh came from outside. A masked middle-aged man covered in green feathers smiled and Strode in. “Everyone is today’s Distinguished Guest!”

The person who came was undoubtedly Qing Yangzi!

He strode in and took the lead seat in the center. He said in a friendly manner, “Everyone has come at the right time. I just received a new batch of dragon clan materials. I guarantee that everyone will be satisfied.”

Because Dragon clan materials were very scarce, the sources of resources were extremely limited.

Therefore, the visitors did not have the right to make reservations. They only had the right to choose from whatever Qing Yangzi offered.

If there was nothing that they were satisfied with, they could leave on the spot. If there was anything that they were satisfied with, they could leave behind the transaction.

The charming woman said in a displeased tone, “You always say that about the customers who come every day, right? But in all these years, I haven’t seen you sell any good goods. They are all dragon clan bones that have died for who knows how long. What use can they be?”

Hearing this, Su Yu felt as if he had been tricked.

If it was dragon bones, what use would he have?

That yellow-clothed youth was still not reliable!

But since he had already come, then he would just have to see the end.

“This fairy, you are wrong in saying this. I, Qing Yang Zi, have never spoken without thinking. Since you say that it’s fresh materials, then it must be fresh.”Qing Yang Zi took out a huge stone box.

On it were carved words that were difficult for outsiders to recognize.

“Do you see it? What is carved on it are all fresh dragon race runes. Isn’t it amazing?”Qing Yangzi said mysteriously.

Su Yu took a few glances and frowned slightly.

The runes on it should be the ancient dragon language. The general meaning was that this was the coffin of a certain dragon race woman.

Su Yu was secretly surprised. Qing Yangzi was originally not bad, but he actually directly robbed the tomb from the dragon race.

It was hard for Su Yu to say that he supported this action.

Because looking at the words, it was carved by the parents of a white-haired man who had sent a black-haired man away. There was a deep sorrow in the words.

Doing such a thing really hurt the Peace of heaven.

“Everyone, Keep Your Eyes Open!”Qing Yangzi slapped the stone box, and inside lay a pink baby dragon that was about a hundred feet long.

The eyes of the charming woman and the other two suddenly lit up. “It’s actually a complete dragon! Although it’s a baby dragon, it’s already extremely rare.”

It had been many years since the shore civilization had sold a dragon.

It was easy to imagine how important the complete remains of this dragon were.

Su Yu sighed lightly.

It was only a dragon whelp, and the amount of true dragon blood condensed in its body was pitifully little. It was probably not as thick as the dragon blood in his body.

Even if he obtained it, it would be useless. Moreover, he did not want to touch this stolen dragon body.

“How much?”The charming woman was eager to try.

Qing Yangzi caressed the dragon body and said, “At least one billion dao dollars!”

“One billion?”The charming woman sucked in a breath of cold air. Clearly, the price had exceeded her expectations.

However, looking at the dragon body in front of her, the charming woman gritted her teeth and decided to buy it. “One billion!”

“Little girl, with me here, how can you buy it? One Billion Dao dollars!”A masked man directly increased the price by one hundred million.

The other masked man did not want to be outdone and said slowly, “Dragon body, I am determined to get it. 1.2 billion!”

The charming woman was a little anxious and shouted, “Everyone is competing with me. 1.3 billion!”

The three of them were determined to get it. They competed with each other and raised the price to nearly 2 billion!

Su Yu was slightly speechless. 2 billion dao coins had completely exceeded the value of this dragon whelp. It was really not worth it.

Seeing that the frequency of the bidding was getting lower and lower, and that the seductive woman had the upper hand in the end, Su Yu felt that the auction should end here.

Who knew that the tall and big black-robed man who had not said anything all this while said indifferently, “20 billion dao coins!”

How much?

20 billion?

He directly pushed the highest price of two billion up by ten times!

Qing Yangzi was stunned. “Customer, once the transaction price is set, you are not allowed to go back on your word.”

The tall figure said indifferently, “To me, she is a priceless treasure.”

His words revealed a trace of strangeness.

Qing Yangzi was overjoyed. He quickly took the stone box and said, “Good, good, good. It’s yours, customer.”

He looked at the black-robed man with excitement.

20 billion dao coins. He was about to get it.

The black-robed man stretched out his hand and took out something from under the black robe.

It was not a money card, but a jade bottle that was as long as an arm.

The bottle was filled with dark red to black drops of liquid.

Qing Yangzi was stunned and asked, "Guest, what does this mean?"

The black-robed man became enigmatic and said calmly, "Is this pure dragon blood, or is it from the Dragon Clan at the Grandmaster Realm? Each drop is no less than 100 million dao dollars. 200 drops is enough for 20 billion."

Dragon Clan's blood at the Grandmaster Realm?

Qing Yangzi frowned. As far as he knew, there were no more than three people at the Grandmaster realm in the entire Dragon Clan.

Every drop of their dragon blood was abnormally precious and would never be revealed.

How could there be a total of 200 drops?

"Really?" Qing Yangzi said.

The black-robed man said, "You can examine it on the spot."

Since this was an important matter, Qing Yangzi naturally would not make a muddle-headed deal and opened the jade bottle on the spot.

Instantly, a flame spewed out from the jade bottle, almost burning Qing Yangzi's eyes.

"Dragon Breath!" Qing Yangzi took a deep breath. It was said that only experts who had reached the great venerable realm could produce dragon breath from the dragon blood in their bodies.

This was indeed the great venerable realm dragon blood!

Su Yu's heart pounded wildly as he watched from the side.

However, it wasn't excitement, but a great crisis!

How could an ordinary person get dragon blood of the Grandmaster realm, or two hundred drops?

There was only one answer!

"Deal!" Qing Yangzi immediately said. He stuffed the jade bottle into his storage space and threw the stone box into the black-robed man's arms.

Then, without thinking, he turned around and rushed out of the tent.

He also had a feeling that something was wrong, so after getting the dragon blood, he immediately ran away.

The black-robed man took the stone box calmly and looked at the swimming dragon in the stone box, revealing traces of sadness.

Then, he said indifferently, "Father said that a person needs justice and fairness. I took back my sister's body fairly. Then, I can do what I want with a peace of mind."

Ah --

Suddenly, Qing Yangzi's scream came from outside the tent.

He stumbled back into the tent. His body was covered in blood and flesh, and he was emitting scorched white smoke as if he had been burned by some terrible heat.

"Outside the tent, someone has cast the Dragon Clan's restriction!" Qing Yangzi shouted, but his eyes were fixed on the black-robed man.

SWISH SWISH SWISH --

The charming woman and the others, including the common saying, jumped away from the black-robed man and stared at him without blinking.

Qing yangzi shouted, "Who are you?"

The black-robed man put away the stone box and looked at Qing Yangzi. He slowly took off his black robe and revealed a dragon head!

His whole body was green-brown and emitted a metallic luster, as if it was made of metal.

"My Name is Gu Huang. Perhaps you've heard of my name."

As soon as he said this, the whole place was filled with shocked voices.

"The number one expert of the younger generation of the dragon race, Emperor Gu?" The charming woman screamed, her voice filled with unspeakable fear and dread!

Emperor Gu was known as the strongest person in the southern domain, the future successor of the Dragon Race!

From the moment he was born until now, he had never been defeated by anyone.

Instead, many famous figures from the outer regions had fallen at his hands.

For example, the Tianhai civilization, one of the nine great seven-star civilizations, the Master of the civilization who had reached the heaven tier, had been killed by the Lonely Emperor ten years ago.

The reason was that the master of the Tianhai Civilization had bought and sold a dragon without permission.

The Lonely Emperor had single-handedly charged into the Tianhai civilization and taken its head.

After learning that the person in front of them was the terrifying lonely emperor who had terrified the outer regions, the charming woman and the others turned pale.

"Why is human greed always like a gully, unable to be filled?" The sovereign gu said indifferently, "My sister died tragically. She was already very miserable, but why should she be humiliated by your filthy greed after her death?"

As the sound of his voice faded, Qing Yangzi's body suddenly burst into flames.

"Ah! Don't, I was wrong. I Won't dare to do it again from now on. Please let me go!" Qing Yangzi's pleas were useless.

He was burned into a pile of ashes in a heart-wrenching scream.

Chapter 2366 Battle Of The Lonely Emperor

The Charming Lady and the others' faces sank into the water, not daring to breathe.

This was the number one genius of the southern mountain range!

Qing Yangzi had the strength of the forgetting words state, but in the hands of the lonely emperor, he was as insignificant as an ant.

With just a word, he could be burned to ashes.

What made them feel even more suffocated was that after the lonely emperor killed Qing Yangzi, who had stolen his sister's corpse, he had no intention of leaving.

His back was facing the crowd, emitting an unusually powerful pressure.

The coquettish woman swallowed hard and said, "Gu Huang, we have never touched your sister's remains. I hope you can bear with us."

The other two guests stared at Gu Huang's back as if they were waiting for the judge to decide their fate.

"It's true that you have never done it, but you have thought about it!" Gu Huang's words were like an ice-cold iron sword that pierced into their hearts, causing their hearts to turn cold.

Gu Huang turned around and looked at Su Yu, the charming woman, and the others indifferently. He said slowly, "The remains of the dragon race are not to be violated. Those who violate it will be executed!"

The air around them suddenly became hot, and there were faint flames scurrying about.

The Charming Woman's heart sank to the bottom. She shouted, "Everyone, don't take any chances. Attack together!"

"Okay!"

"That's all we can do!"

The other two guests did not take any chances either. They were prepared to face Gu Huang together.

"What About You?" The charming lady looked at Su Yu solemnly.

Su Yu was silent. He was actually still wronged because he had never thought of fighting for this young dragon's remains.

However, even if he explained, Gu Huang would not believe a single word, right?

"Count me in!" Su Yu said slowly as he stared at the tall figure in front of him.

Was the Dragon clan the number one expert?

He should be the complete dragon clan that Su Yu had met.

The World Creation Dragon, World Destruction Dragon, Evil Dragon, fire dragon true monarch, and even Princess Linglong that he had met in the past, they should be called the dragon clan of the previous generation.

They were either imprisoned, Big Daddy, or only left with remnant souls, struggling to survive.

He didn't expect that one day, Su Yu would still meet the real dragon clan.

"A bunch of ants." Gu Huang looked down at them indifferently, naturally releasing a domineering aura.

Gu Huang crossed his arms in front of his chest, a layer of air current flowing around his body.

The air current instantly penetrated through his body and transformed into Gu Huang's form. It split into four and rushed towards the four of them.

"Be careful!" The charming woman shouted, and a large number of bugs with hard black shells flew out from her wide sleeves.

The insects covered her whole body densely to resist the air current.

However, as soon as the air current touched her, the insects were shattered into pieces.

The charming woman was blown away by the air current and fell to the ground. She died on the spot!

The other two guests were not in a good situation either. Half of their bodies were directly shattered and they screamed endlessly.

Only Su Yu was slightly better.

When the air current attacked, he quietly took out the three-zhang small realm. The air current that attacked was like a clay ox entering the sea, and it was dissolved into nothingness.

"Eh?" Gu Huang looked at Su Yu in surprise. "You have some ability."

Su Yu did not feel any praise from these words.

The other party fought against four people by himself, and he even used a trace of his aura to injure the enemy, resulting in a situation where one died and two were injured.

His strength was astonishing.

"However, this is the end," Gu Huang said indifferently. "Heavenly Flame!"

Boom --

The space within the tent suddenly burned up. It was an extremely terrifying dragon breath fire.

In an instant, everything within the tent was burned up.

A golden dragon-shaped light barrier was revealed outside. Within the light barrier, they were like turtles in a jar, being devoured by the raging flames.

The other two guests were unwilling to sit still and wait for death. One after another, they took out their Dao artifacts and domains.

But as soon as they took them out, they were melted by the dragon breath!

Their Dao bodies began to show serious burns.

“Little brother, hurry up.” The two guests were shocked and desperately took out their other magic treasures to resist the terrifying dragon breath. At the same time, they urged Su Yu to hurry up.

Su Yu nodded and said, “Alright, watch me...”

As soon as he finished speaking, Su Yu suddenly turned around and rushed to the other end of the light barrier.

His swift figure stirred up a whirlwind and brushed past the seductive woman’s corpse on the ground, actually turning it into pieces of skin.

Of course, this was not caused by Su Yu’s movement technique, but because the seductive woman’s corpse was fake.

Under that Gray Robe were all bugs!

The real charming woman had already drilled into the ground under the cover of the bugs and opened a passage in the light barrier from the ground.

Under Su Yu’s clairvoyance, nothing could hide.

The reason why he didn’t move was because he was waiting for this moment.

The charming woman was lying on the ground in front of the precious spiritual bugs.

After sacrificing so many spiritual bugs, she finally had the chance to open a gap in the extremely tough and dangerous light barrier that only one person could pass through.

Who knew that just as she was about to succeed, Su Yu actually rushed over.

The charming woman was angry and angry. “Stop him!”

An unexpected scene appeared. The two guests actually abandoned Gu Huang and turned to stop Su Yu. With a blank expression, they said, “Sir, why don’t you stay with us and resist Gu Huang Together?”

At this point, anyone could see that the two guests had long been controlled by the charming woman with their souls.

On the surface, they seemed to have their own selves, but in reality, they were already coquettishly woman’s people.

Moreover, previously, the Coquettish Woman and the two guests had talked to each other and crazily raised the auction price of the dragon body. Now, it seemed that they were deliberately trying to inflate the price.

They and Qing Yangzi were simply a group of people!

Their target was Su Yu and Gu Huang, the two real guests.

Unfortunately, they never thought that one of the guests would be Gu Huang himself.

It was laughable that this charming woman secretly ordered the two guests to fight Gu Huang together with Su Yu so that she could buy time for her to escape.

“Even if you use me, you still have to see what you are capable of.” Su Yu sneered and shouted, “Space displacement!”

The displacement was not Su Yu and the seductive woman’s position.

Instead, it was the light shield in front of Su Yu and the gap that the seductive woman had dug out.

The seductive woman did not understand what was going on. The gap that she had painstakingly dug out was suddenly replaced by a perfectly intact light shield, causing her to almost crash into it and burn to death.

On the other hand, Su Yu’s front was replaced by a hole.

Without thinking, Su Yu leaped up and prepared to leave through the hole.

However, before he left, a wine-red light flashed in Su Yu’s eyes, and Qing Yangzi’s spatial storage device fell into Su Yu’s hands.

There were two hundred drops of great venerable realm dragon blood in it, how could he miss it?

After obtaining this dragon blood, not only would the dragon blood he lost be made up for, it would also greatly increase.

The might of the Heavenly Dragon Dao body that he could display would be even greater!

However, the person that Gu Huang paid the most attention to was Su Yu.

The only person who could remain unharmed under his aura.

“Moon Cage!” Gu Huang pressed his palms together and silently chanted an incantation.

An ancient aura filled the light barrier.

That aura rapidly gathered and actually condensed into a ten-foot-wide moon.

Under the moonlight, the hole in the light barrier was immediately closed.

Su Yu’s leaping figure had no choice but to stop immediately, and his expression changed again and again.

Pop --

The coquettish woman emerged from the ground and looked at the hole that had recovered to its original state. She almost went berserk. “You... I...”

If she could, the coquettish woman really wanted to strangle Su Yu to death.

She could have successfully escaped, but now, she was discovered by sovereign Gu and had no way out!

Su Yu sighed and turned around. He looked at Gu Huang with a serious expression. "There's no other way. I can only fight!"

Sou --

A small stick of a rolling pin appeared in his palm. It twirled around his palm and became three meters long.

The charming woman was filled with anger, but she could only choose to fight Gu Huang.

"Hundred insects crossing the border!" She took out a small black jar and opened it. She threw it on the ground and instantly, an endless stream of extremely fierce insects crawled out.

Each insect's cultivation was no less than a half-step dao master.

If more than a thousand insects attacked at the same time, one could imagine how terrifying the power would be.

More than a thousand insects turned into a black tide and rushed toward Gu Huang.

Gu Huang's eyes were indifferent. "They're just insects!"

He snorted, and a wave of pure dragon breath that was far stronger than before rushed out from his nostrils, burning more than half of the insects on the ground in an instant.

The remaining Bugs took the opportunity to climb onto his body and devour him.

Gu Huang's eyes were filled with disdain, and a layer of pitch-black dragon scales appeared on his body.

Creak, Creak, Creak --

The sound of metal rubbing against each other rang out, and the group of black bugs bit on the dragon scales, creating sparks, but they couldn't do anything.

"Get lost!" Gu Huang's body shook, and the black bugs all over his body were sent flying, turning into hidden weapons that smashed in all directions.

When they hit the light shield, it shook violently as if it was going to break.

The charming woman was also hit by a flying bug. A bloody hole was punched in her abdomen, and she was in so much pain that she grinned.

However, most of the bugs were aimed at Su Yu.

Su Yu flipped his wrist and stuck the heaven-destroying staff in front of him. He secretly instilled primal power into it. "Big!"

The ten-foot-long heaven-destroying staff suddenly became half a foot thick and blocked in front of Su Yu.

Clang --

A heavy sound of collision resounded on the heaven-destroying staff. Hundreds of insects were sent flying when they hit the heaven-destroying staff.

The heaven-destroying staff trembled every time it hit.

Su Yu's hand, which was holding the heaven-destroying staff tightly, was shaken until it was in extreme pain.

He was secretly surprised. As the lone emperor of the dragon race, his body was so strong that he could be said to be invincible among his peers.

Unless Su Yu could refine more than 200 drops of dragon blood and successfully advance the Heavenly Dragon Dao body to the high-level, he would still be able to compete with the lone emperor.

"It's my turn!" After blocking the many insects, Su Yu's eyes flashed with a strange light. He shrunk the heaven-destroying staff to the size of an ordinary staff. Then, he carried him and pounced on him, giving the lone emperor a blow on the head.

"Small tricks." The Lone Emperor didn't think much of it. He still maintained the posture of crossing his arms in front of his chest and roared at Su Yu.

Immediately, a mighty draconic aura that suppressed all living things swept out.

Although Su Yu was on guard, he could not avoid it.

"Space collapse!" Su Yu's expression was calm. He released his space domain, causing the space between him and Gu Huang to collapse directly. It was like a bottomless abyss.

The draconic roars that came roaring all poured into it.

Su Yu was not affected at all. The speed of his swing did not decrease but increased instead.

At this point, Gu Huang finally lowered his right hand that was hugging his chest and grabbed at the top of his head.

With his invincible physique, once he grabbed it, even the heaven-destroying staff would be snatched away by Su Yu if he said that it would hurt him.

However, just as the heaven-destroying staff was about to hit his head, a strange scene appeared!

The first watch would be replaced by the fifth watch the next day.

Chapter 2367 Dragon Body Advancement

The heaven-destroying staff suddenly twisted. The straight staff bent like noodles and hit Gu Huang's back.

Gu Huang was caught off guard and was hit by the staff.

Clang --

The sound of metal clashing exploded. Gu Huang received a heavy force and three scales on his back were smashed off.

His body staggered forward as he pounced towards Su Yu.

Gu Huang, who had a proud expression on his face, revealed a hint of anger.

He had treated Su Yu as an ant, but he had never thought that he would be injured by an ant.

However, as the number one genius of the southern mountain range, he was naturally very experienced in actual combat.

Not only did he react immediately, he also pounced towards Su Yu and attacked.

“Extremely fierce Dragon Breath!”He snorted heavily and spat out a mysterious Azure Dragon Breath.

This dragon breath was terrifying and was several times stronger than the dragon breath he had spat out earlier.

Fortunately, since Su Yu had chosen to fight, he had already prepared his moves.

“Three Zhang Small Realm.”

A mysterious small realm appeared on the surface of his body once again and absorbed all the Azure Flames that were attacking him.

However, it was different from the last time. The small world had become much hotter.

If the temperature of this dragon breath was a little higher, the small world might not be able to withstand it.

“This again?”Gu Huang was really surprised. The previous Dragon Breath was just an ordinary dragon breath. It was not a big deal that the other party could dissolve it in an invisible way.

However, the DAO Master in the forgotten words realm could not resist the dragon breath at all.

Even the Dao Master in the fish-dragon realm could barely resist it.

What on Earth was going on with this ant in front of him?

Before he could take any further action, he suddenly felt a sharp pain in his abdomen.

He saw that one end of the heaven-destroying staff in Su Yu’s hand was also twisted.

The end of the staff bent and attacked his abdomen.

Bang, Bang, Bang --

Gu Huang had just stopped staggering when he was hit by the heaven-destroying staff again and again.

He felt a burning pain coming from his back and abdomen, a trace of anger finally appeared in Gu Huang’s eyes. “I, Gu Huang, am invincible in my life. It is rare for me to be hit twice in a row! Alright, then I will use my true ability to show my respect to you!”

“Hu --”Gu Huang let out a long breath. The pitch-black scales on his body stood up as if they could breathe.

“Tyrant Dragon Destruction Dao Fist!” Emperor Gu threw out a punch.

Ten Thousand Dragons roared in the force of the punch, rolling like thunder.

The entire light barrier started to shake crazily, as if it was about to be destroyed.

The Small World on the surface of Su Yu’s body was also flickering. It was about to be destroyed by the supreme power of the punch.

“If you can survive one punch from me, then I will lose!” This punch was one of Emperor Gu’s strongest punches.

Even for those in the Deva realm, only mid to late stage experts could block it.

Early Stage Dao Masters in the Deva realm would definitely die if they touched it!

Su Yu’s eyes were cold. If he took out the nine dragons cauldron, he was confident that he could block it.

However, there was no need!

“Grow!” Suddenly, Su Yu shouted. The two ends of the heaven exterminating staff had unknowingly spread to both sides and reached the end of the light barrier.

If it was a little longer, it would be able to pierce through the light barrier.

With his shout, the heaven-destroying staff suddenly became longer and heavier.

The two sides of the heaven-destroying staff immediately punctured a hole in both sides of the light barrier.

At the same time, due to the sudden increase in weight of the heaven-destroying staff, it continued to fall, tearing a long crack in the hole.

Before Gu Huang’s punch arrived, Su Yu used space to fold and turned into a speck of dust that quickly floated out of the narrow crack.

It turned out that this was Su Yu’s real goal.

He had no need to fight to the death with Gu Huang.

They had no grudges or grudges.

Therefore, his intention from the beginning was to use the heaven-destroying staff to open the gap in the light barrier.

He successfully escaped. The charming woman’s eyes and hands were quick, and her body dismembered into densely packed bugs that crawled out from the other side of the crack.

After leaving, she turned into a swarm of insects and hurriedly escaped.

Gu Huang’s punch missed, only killing the two guests who couldn’t escape in time on the spot.

At the same time, the entire light shield couldn’t withstand Gu Huang’s attack and completely shattered it.

The remaining fist power swept in all directions, bombarding the entire underground market until it collapsed.

Countless nearby underground merchants and buyers suffered undeserved disasters and died tragically under one punch.

Instantly, the entire underground market fell into a panic.

All the martial artists screamed and scrambled to escape.

In the crowd, Su Yu took off his disguise, put away the heaven extinguishing rod, and quietly slipped into the crowd to escape.

Gu Huang flew into a rage, "Come out if you have the guts, and fight me one-on-one?"

Su Yu, who had already escaped to the ground, heard the roars and shouts from the underground and shook his head in amusement, "Do you take me for a Fool? I've already taken all the advantages, why should I stay and fight you to the death?"

He weighed the Qing Yangzi storage device in his hand and returned to the inn with satisfaction.

After returning, Su Yu immediately went into seclusion.

To be on the safe side, he set up several layers of isolation arrays outside the room to prevent the aura of the dragon blood from spreading out and attracting Gu Huang over.

After making all the preparations, Su Yu took out the jade bottle and gazed at the two hundred drops of extremely pure great venerable realm dragon blood inside. He couldn't wait to take out a drop and fuse it into his bloodline on the spot.

In an instant, the bloodline in Su Yu's body churned like boiling water.

The Qi and blood in his body flowed at an extremely fast speed.

Su Yu only felt that there was a fierce beast running wildly in his meridians, bringing pain all over his body.

The most amazing thing was that wisps of flames emerged from his pores. It was the Dragon Breath!

"Hiss!" The corner of Su Yu's mouth twitched in pain. "This is only one drop of blood!"

However, the more this was the case, the more excited Su Yu became.

Perhaps, after refining all of this blood, the improvement would be even greater than imagined.

Taking a deep breath, Su Yu endured the intense pain and refined the dragon blood drop by drop.

Two days later, Su Yu's Qi and blood churned all over his body. A layer of pale blue dragon breath flame burned on the surface of his body and did not extinguish.

Dragon roars filled his body, and he was indescribably excited.

His eyes turned golden!

Wherever he looked, he was ignited by the dragon breath and turned into ashes.

In the secret chamber, other than the four walls, everything else that was on display had been reduced to dust.

Even the clothes on Su Yu's body were not spared and were burned to ashes.

The temperature in the secret chamber was exceptionally hot because of the high temperature emitted from the surface of Su Yu's body.

Under such temperature, the DAO Master of the initial dao realm would be roasted into a dried human in less than two hours.

And this was because Su Yu had yet to use the Heavenly Dragon Dao body, if he used it, the power would probably be even stronger than before.

"The power of the Dragon Blood of the Grandmaster realm is really beyond my expectations!"Su Yu was secretly surprised.

At this moment, his physical strength was at the late stage of the heavenly human realm even if he did not use the Heavenly Dragon Dao body. If he used it, he would probably be able to reach the early stage of the fish-dragon realm directly.

With such a physical strength, he could sweep across all his contemporaries!

Even Emperor Gu, who was famous for his physical strength, could fight several rounds without being at a disadvantage.

Suddenly, Su Yu's heart moved, and he took out the heaven-destroying staff again.

"Grow!"He infused the primeval power into it and made it ten feet long.

The heaven-destroying staff, which had felt extremely heavy before, now felt light in his hand.

"Longer!"Su Yu finally felt a little heavy after three feet, but he could still wield it freely.

"With this physique and the weight of the heaven-destroying staff, I'm afraid that even a dao master in the early stage of the fish-dragon realm would have a big headache if he encountered it, right?"Su Yu commented.

Su Yu had gained a lot during his trip to the underground market and was quite satisfied.

After finishing his cultivation, Su Yu left the retreat.

"The snake gall has been prepared. How should I persuade Xian 'Er to drink it?"Su Yu began to think.

With his current relationship with Qin Xian 'er, especially since Xian 'er had a misunderstanding about him, would Qin Xian 'er drink the thing he gave her?

"Senior, you're out."Outside the secret room, the divine flame female demon who was waiting respectfully outside said respectfully.

Su Yu collected his thoughts and said, "Yes, what's the matter?"

The divine flame female demon lightly shook her head. "Nothing major. It's just that the lone emperor of the dragon race appeared in the shore civilization for some unknown reason and started a massacre. Fortunately, the master of the shore civilization acted and chased him away."

"So?" Su Yu lightly said, "A mere little dragon, you also need to report to me?"

The divine flame female demon said, "Senior's divine might is unrivalled. Naturally, you don't care about a little dragon. But there's news that he lost the Black Dragon Emperor's blood essence here. With the Black Dragon Emperor's personality, he definitely won't let it go."

Su Yu's heart moved. Could it be that the two hundred drops of blood came from the current Dragon Emperor?

However, so what?

He even had the dragon race's inheritance treasure, the Sovereign Dragon Sword, in his hand. So what if he took the two hundred drops of blood essence?

"Black Dragon Emperor? If he is still in the land civilization, I will crush him to death right now!" Su Yu said indifferently, "Disturbing my peace is a capital offense!"

The godly flame demoness repeatedly agreed. She thought to herself, only a senior could say that he would crush the Black Dragon Emperor.

That was an existence that was very likely to surpass Daoist master Huang!

She did not doubt it. She firmly believed in her senior's strength.

"Oh right, senior, recently, some disciples of the Antarctic civilization seem to be investigating our inn. Do we need to pay attention to them?" The godly flame demoness said, "If we need to, I will chase them away."

South Pole Civilization?

Su Yu's first instinct was that they were here for him.

"No need," Su Yu said indifferently. They were here for him. It must be because of Qin Xian 'er, right?

Su Yu did not forget the gaze that the person called Hai Qingxiao gave him before he left.

Since it was related to Xian 'er, Su Yu hoped to settle it himself and not by the hands of the Divine Flame Demoness.

"A bunch of bugs, why bother?" As Su Yu spoke, he suddenly calculated with his fingers, he said, "Yes, I've calculated that my disciple, Su Yu, should arrive at the shore civilization in the next few days. If he encounters any trouble and I'm in seclusion, you guys should lend a hand."

The divine flame she-devil was overjoyed. "Yes, Senior!"

She couldn't wait to work hard for senior.

At the same time, she was extremely curious about what kind of disciple her senior would teach.

It must be some upper third-rate high-class race, right?

In fact, it was even an existence of the highest-class first-rate race.

After all, with her senior's arrogance, it was impossible for a low-class race to enter her eyes and become her disciple.

"I'll go out for a while," Su Yu said and left the inn alone.

He came to a place where no one was around. The lightning on his body faded away, revealing Su Yu's original appearance.

He did not hide his tracks. Instead, he swaggered in the marketplace.

Not long after, Su Yu faintly felt several strange gazes sweeping over him.

Chapter 2368 No Trash Can Enter

He smiled. "That's good. I was worried that I wouldn't be able to see Xian 'er. You guys came at the right time."

He had already thought of a way to see Qin Xian 'er.

Pretending that he didn't notice the person following him, Su Yu came to a rather remote manor in the suburbs and rented it at a high price.

He also put up a sign outside the manor.

"Don't let trash in, or else they'll all be soaked in the latrine."

Then, he leisurely waited in the manor.

In just a few hours.

A sneaky middle-aged man led three young men.

The leader was Hai Qingxiao, and behind him were his two senior brothers, Du Mingtang and Yuan Chen.

Within three days, they had placed a bounty on Su Yu's whereabouts in this civilization with considerable wealth.

As soon as Su Yu left the inn, he was immediately discovered by someone who was concerned and informed the three of them of the news.

The three of them stood outside the manor and looked at the signboard that had obviously just been erected. They could not help but sneer.

"He's quite arrogant!" Du mingtang said disdainfully, "Perhaps in his eyes, those who are inferior to him are all trash, but in our eyes, isn't he also trash?"

Yuan Chen also didn't think much of it. "He's arrogant and doesn't know the immensity of Heaven and earth. He doesn't even understand the principle that there are people beyond heaven and there are people beyond heaven. His character and intelligence are inferior to people. I really don't understand why junior sister Qin would like such a person."

“What nonsense. Can’t we just go in and meet him?” Hai Qingxiao’s face was cold. He ignored the sign and stepped into the manor.

They soon sensed that there was a creature’s aura in the middle of the manor. It was Su Yu.

The three of them quickly walked over and saw Su Yu leisurely feeding the small fish in the pond.

“Yo, you’re quite free!” Hai Qingxiao said sarcastically.

He wanted to see any surprise or panic on Su Yu’s face.

However, Su Yu didn’t even turn his head back. He continued to feed the fish with interest and said indifferently, “If you guys aren’t blind, you should be able to see the sign outside the manor. I’ve already said that no trash can enter. You guys really have guts.”

Hai qingxiao sneered, “I think, the one with Guts is you, right? Seeing that I am here, you are still so calm. I am afraid that you are not putting on an act, but you are actually beating your heart, right?”

As a disciple of the Antarctic civilization, Hai Qingxiao had the right to say this.

Of course, in front of Su Yu, he did not even have the right to make Su Yu’s hair stand on end, let alone beating his heart?

“Who are you? Are you very famous? Do I have to know you?” Su Yu put down the fish food and turned his head to look at him.

These words made Hai Qingxiao choke in his heart.

Indeed, the South Sea civilization was famous, not him, Hai Qingxiao.

Under the name of the South Pole Immortal Weng’s many disciples, he could only be considered at the bottom of the list and could not be ranked in the list at all.

Being pierced by Su Yu, Hai Qingxiao’s face immediately showed some anger. “Humph! You Don’t know how to appreciate favors! Then, I won’t bother to be polite to you!”

Su Yu shook his head as if they had never been polite before.

How could they be polite when they came uninvited and were so aggressive?

“I’ll give you three ways to go.” Hai Qingxiao held up three fingers. “First, write a letter of guarantee and never see Qin Xian ‘er again. Otherwise, there will be thunder and lightning, and you will die without a burial place! At the same time, give the three of us ten million dao coins each as compensation.”

This manor was not cheap. Even if they could rent it, it could be seen that Su Yu’s wealth was extraordinary.

Hai Qingxiao added a condition for extortion at the last minute.

“Second, under the three of us, each of us will take a blow. It’s up to you whether you resist or not.”

That meant that he completely treated Su Yu as a weakling who could be bullied at will.

“Third, kowtow to the three of US 100 times. Every time you kowtow, you have to scold yourself for being a lazy toad eating swan meat!”

After making the three choices, Hai Qingxiao stood with his arms crossed and looked at Su Yu with a cold smile.

Du mingtang frowned slightly. “Junior brother Hai, aren’t you being too merciful? Is this the price you have to pay for touching our South Pole Immortal Palace’s Fairy Junior Sister?”

Yuan Chen was also extremely dissatisfied. “Junior brother Hai is still not ruthless enough. To deal with this kind of person, we can only use force and beat him from body to heart.”

The two originally wanted to see how each other’s strength progressed and use Su Yu as a target.

Hai Qingxiao made three choices on his own. If Su Yu chose to apologize or kowtow, wouldn’t it be a wasted trip?

Therefore, the two were very displeased.

Hai qingxiao said loudly, “At least we are the disciples of the South Pole Immortal Weng. We still have to pay attention to our status. If people know that we are misbehaving, they will blacken master.”

Since he had brought out the South Pole Immortal Weng, Du Mingtang and Yuan Chen had nothing to say.

The two of them stared at Su Yu with unfriendly eyes. They were basically saying that he was lucky to have escaped death.

“Which of the three choices do you think is the most suitable?” Hai Qingxiao released his Forgotten Words Realm Dao master realm and slowly pressured Su Yu.

As long as Su Yu was not stupid, he should know what to choose.

“The second one.” Su Yu smiled faintly.

Instantly, the three of them were stunned.

Su Yu actually took the initiative to take a palm from each of the three of them?

Was he crazy?

An ordinary half-step dao master would not even be able to catch a single finger from them. They would often be stabbed to death by a single finger.

What’s more, there were three of them?

Even shattering their bones would not be enough for each of the three of them to take a palm.

“Are you sure?” Actually, what Hai Qingxiao hoped the most was for Su Yu to choose the third one.

He wanted Su Yu to kowtow and apologize and scold him for being a toad eating swan meat.

After showing this video to Qin Xian 'er, no matter how much special feelings Qin Xian 'er had for him, she would be wiped clean by this incomparably cowardly performance, right?

"I never say nonsense," Su Yu said affirmatively.

Hai Qingxiao's eyes narrowed slowly, and his tone became gloomy. "You chose it yourself. Don't blame me for not giving you another choice!"

On the contrary, Du Mingtang and Yuan Chen were secretly delighted.

Du mingtang chuckled and said, "Who's first?"

Yuan Chen volunteered and gave a strange laugh. "I think it's better to leave the first chance to junior brother Hai?"

"Of course I have no objections," du Mingtang readily agreed.

Hai Qingxiao's eyes were cold. "Alright, if I make a move, the two senior martial brothers might not have the chance to practice target practice again."

Du Mingtang and Yuan Chen did not mind at all. "Junior martial brother Hai, please don't stand on ceremony."

How could a half-step dao master have the courage to accept a palm strike from three Dao Masters in the Forgotten Words Realm?

He must have his own powerful backing.

Therefore, the two of them were not worried that Hai Qingxiao would be able to finish him off with a palm strike.

Hai Qingxiao understood what the two of them meant and immediately felt annoyed that he had been underestimated. He bared his teeth and said, "Alright, then I'll ask the two senior brothers to wait and See!"

"Su, are you ready?" Hai qingxiao said, "You can resist however you want. I don't mind."

However, Su Yu only shrugged his shoulders and said, "I won't resist."

He really didn't need to resist when dealing with such a small character.

"Hehe, it seems that you are very confident in your defense." Hai qingxiao sneered and pointed at Su Yu.

Hai Qingxiao didn't hold back much even though he was pointing at Su Yu.

A finger that was thousands of feet long stabbed at Su Yu's body.

Du Mingtang and Yuan Chen watched coldly and were secretly surprised.

"Junior brother Hai has improved a lot in the great wilderness of the South Sea. He has broken through from the initial stage of the forgetful state to the intermediate stage. He's quite impressive."

“I wonder if that kid can hold on!”

Clang --

In their imagination, the scene of Su Yu being crushed into a pile of meat paste didn't happen. Instead, they heard an inexplicable clang.

They looked at Su Yu again, but he didn't move at all.

The finger force that he shot out was like an itch. It crashed into Su Yu's body and was immediately scattered.

“Eh?” Du Mingtang and Yuan Chen, who were watching the battle, cried out in surprise.

They had considered that Su Yu did indeed have a defensive item.

They did not have any confidence in whether or not he could withstand junior brother Hai's attack.

The result was beyond their expectations. Not only did he withstand it, but he also had it exceptionally easy!

Hai Qingxiao himself was stunned. When he heard his two senior brothers' astonishment, he immediately felt humiliated and could not bring himself to ask, “What kind of defensive magic treasure did you use?”

Su Yu said very frankly, “I didn't. If you saw it, you can tell me.”

Hai Qingxiao could not believe that a half-step dao master could block an attack from him, an expert in the intermediate stage of the forgotten speech state, without using any defensive magic treasure.

“Petty tricks,” Hai Qingxiao said angrily.

At this moment, Yuan Chen was afraid that Hai Qingxiao would attack again and really kill Su Yu. He quickly said, “We agreed on one move per person. The disciples of the South Sea civilization have to pay attention to integrity. Junior brother Hai, step back. Don't break the agreement.”

Only then did Hai Qingxiao step back unwillingly. He looked at his two senior brothers and asked, “Which one of you will go first?”

“I'll go first.” Du Mingtang's face was somewhat helpless.

It seemed that the two of them had already discussed and agreed that Du Mingtang would go first.

Du Mingtang walked over and looked at Su Yu, smiling like a spring breeze. “Sorry to offend you. You can go ahead and attack as you wish. It's fine.”

After that, he released his own aura and shockingly reached the advanced stage of the Forgetting Words State!

Hai Qingxiao's pupils constricted, and Yuan Chen's expression also changed slightly.

Senior Brother Du Mingtang had also gained a lot from his trip to the Great Wilderness of the South Sea.

However, du Mingtang became slightly more serious and released his own domain. It was a blank blue sky. The clouds in the sky gathered and scattered, and were suddenly crushed by something.

His domain was neither white clouds nor blue sky, but wind!

Whoosh --

An invisible gale swept past, cutting through everything in its path.

Hai Qingxiao smiled at Yuan Chen. "Senior brother Yuan doesn't have a chance."

Yuan Chen sighed silently. He also felt that he didn't have a chance. Under such a domain, it would be difficult for him to withstand it, let alone Su Yu?

No matter how strong a defensive magic treasure was, it would be useless.

Clang --

However, a strange sound of metal colliding entered their ears.

They looked up and saw that Su Yu was still standing in the same spot, while du Mingtang's wind domain had collapsed and returned.

Du Mingtang's face stiffened. He did not quite believe the situation before his eyes.

Hai Qingxiao's failure was due to his carelessness and underestimation of the enemy. However, he had made serious preparations. How could he not be able to do anything to this person?

Yuan Chen's eyes shone brightly as he praised, "Amazing! He was able to withstand senior brother Du's attack. From now on, watch me!"

He licked his lips as a hint of confidence appeared on his face.

Chapter 2369 Famous Everywhere

Du Mingtang retreated a little unwillingly. He stared at Su Yu and sized him up from head to toe.

At the same time, Hai Qingxiao's eyes shone with a strange light.

"Kid, to be able to withstand one move from my senior brother and junior brother, to be honest, you're pretty good." Yuan Chen couldn't help but praise, "However, to meet me, you should probably say goodbye."

Hong --

The surface of his body rumbled like a tidal wave, and the Thick Dao master power gushed out.

Du Mingtang and Hai qingxiao were both shocked, "Perfect Forgetting Words State! !"

Initially, Du Mingtang and Yuan Chen's cultivation levels were the same.

However, during the trip to the Great Wilderness of the South Sea, the latter's gains were far greater than the former.

"Hehe, this kid, leave it to me!" Yuan Chen took out a round wheel.

This item was Yuan Chen's Dao artifact. If it was activated based on his current cultivation level, its power could be imagined.

Even if du Mingtang and Hai Qingxiao joined forces, they would not be a match for it.

“Go!”

Yuan Chen used the round wheel. The round wheel immediately drew out tens of thousands of sharp blades, densely cutting towards Su Yu.

Su Yu had nowhere to run, so he was enveloped by the countless blades.

In theory, he would be torn to pieces.

However, a familiar voice sounded mercilessly.

Clang --

The sound of metal colliding was heard again. Yuan Chen’s round wheel was directly bounced away.

The tens of thousands of tracks disappeared in an instant.

“How is this possible?”Yuan Chen froze on the spot and stared at the Dao artifact that he bounced back in disbelief.

Du mingli and Hai Qingxiao were also shocked.

How was this possible?

The dao artifact that was activated at full strength by someone at the perfection stage of the forgotten words realm couldn’t hurt this person at all?

What kind of defensive magic treasure could block such an attack?

At this moment, Su Yu casually brushed his clothes and said indifferently, “One move per person. I was able to withstand it. To be honest, it wasn’t much.”

The faces of the three of them instantly turned green and red.

They came to Su Yu arrogantly and took the initiative to attack him. They even said that Su Yu could resist at will.

In the end, Su Yu did not even resist. They could not do anything to him at all!

This was practically a slap on his own face!

And it was a very heavy one.

Hai Qingxiao was so embarrassed that he became angry. “Why are you trying to show off by relying on top-grade defensive magic treasures? As martial artists, we should rely on ourselves and not some random magic treasures.”

“That’s right!”Du Mingtang also felt that he could not step down from the stage. He said righteously, “The self is the foundation while the magic treasures are just side issues. If we reverse the situation, it will be difficult for us to go far in the martial arts.”

Yuan Chen rebuked, “I just said that your character is really bad.”

Listening to them defend themselves one after another, Su Yu looked up at the sky and laughed.

“You are Dao Masters of the forgotten language realm. You beat up a half-step dao master, yet you don’t allow others to use defensive magic treasures? If you use them, it’s just a side issue. Is it because of your bad character?” Su Yu laughed. “Are you cursing yourself?”

“Furthermore, which eye of yours saw that I was using defensive magic treasures?”

The so-called geniuses of the South Sea civilization were not as famous as meeting them.

The three of them blushed and felt humiliated.

Hai Qingxiao stared at Su Yu with a hint of greed in his eyes, he thought to himself, “This guy must be wearing an extremely high-grade defensive magic treasure! Otherwise, how can he resist our attacks? If I can snatch him away and use him as my assistant, won’t my strength improve greatly?”

Du Mingtang and Yuan Chen also had the same thought.

The two of them had originally planned to practice today.

But now, it seemed that their trip had not been in vain. The Magic Treasure on this kid’s body was definitely at a heaven-defying level.

Greed arose in the hearts of the three of them. They looked at each other and nodded without batting an eyelid.

Hai Qingxiao chided righteously, “Surnamed Su, you have insulted the South Sea civilization. On behalf of the South Sea Civilization, we will punish you!”

Obviously, he wanted to snatch the item, but his words sounded better than anything else.

“As long as you have the ability.” Su Yu’s eyes were indifferent, and there was even a trace of coldness.

“Go!” Since the three of them wanted to snatch the item, they naturally wouldn’t hold back.

Under the situation where the three of them were in the forgetting words state, their battle strength erupted.

Su Yu finally made his move.

He raised his right hand and flicked his fingers three times.

Every time he flicked his fingers, a terrifying force of the fish-dragon state attacked him.

Poof, poof, poof --

Three crisp sounds of bugs being crushed sounded. Hai Qingxiao and the other two were directly bounced away and smashed to the ground.

Each of their bodies was smashed into a bloody mess as if they had been pinched.

The three of them were seriously injured and their souls were still intact, so they were very conscious.

The three of them were shocked and asked, "Who... who are you?"

Finally, they realized that something was wrong,

the opponent's amazing defense could be attributed to the magic treasure, but what about the physique of the fish-dragon realm?

No matter how stupid they were, they should have known that Su Yu did not rely on any magic treasure, but because he was exceptionally powerful!

Su Yu slowly walked over with his hands behind his back and said indifferently, "Am I not the Su Yu that you want to force to kneel down and force him to apologize? Don't you recognize me?"

Hai Qingxiao swallowed hard, his heart trembling violently.

Looking at Su Yu, who was not tall, he felt a suffocating fear.

Du Mingtang's heart trembled even more, and he hurriedly said, "This... This is junior brother Hai's idea, I don't have any ill intentions."

Yuan Chen also quickly tried to distance himself from the relationship. "Please... Senior, please be magnanimous. I only did this because I believed junior brother Hai's slander."

"Is that so?" Su Yu shifted his gaze to Hai Qingxiao. Hai Qingxiao was so frightened that his face turned green and his heart was beating wildly.

Su Yu looked at his lower body in silence. He saw that his crotch was wet and there was a pungent smell.

He was actually scared to the point of peeing!

"A person like you has the nerve to pursue Xian 'er." Su Yu shook his head.

Such a person was not even qualified to be a love rival.

"Lord Su... I'm a toad eating swan meat. Please go around me, go around me!" Hai Qingxiao pleaded.

Su Yu was surprised. "Oh? I thought you guys would use the identity of the South Sea Civilization to scare me."

This was always the case when they encountered enemies with identities.

Of course, Su Yu never took their identities seriously. They deserved to be killed and beaten up.

"Master Su, you must be joking. We are sincerely convinced and don't dare to disturb you anymore." Du Mingtang struggled to get up and wanted to leave.

"Did I let you go?" Su Yu said lightly.

Thud --

Du Mingtang and the other two's hearts jumped at the same time.

“What orders do you have, Lord Su?” Du Mingtang forced a smile.

Su Yu clasped his hands behind his back and said, “I believe all of you have seen the sign I erected at the entrance of the manor, right? Read it.”

Du Mingtang immediately felt embarrassed and stammered, “Don’t let trash in, otherwise...”

He had only read the first half of the sentence because he did not realize that he was trash in Su Yu’s eyes, so he did not continue reading.

“What About You? Do you remember?” Su Yu asked Yuan Chen.

The latter also stuttered, indicating that he had not finished reading.

As for Hai Qingxiao, he did not even look at him.

“Since you have not read it, then I will repeat it again.” Su Yu said, “Trash should not enter, or else you will be soaked in the latrine pit!”

Ah?

Soaked in the latrine pit?

The faces of the three instantly turned pale!

“Lord Su, don’t be like this. We’re all famous people. We can discuss everything properly. There’s no need to be like this...”

However, before they could finish their words, Su Yu had sealed their primal powers and souls.

As such, they couldn’t even control their bodies. They were like puppets.

“I’m a man of my word. Since I’ve decided to soak all of you in the latrine pit, then I must soak in the latrine pit!” Su Yu said indifferently.

Following that, he brought the three of them to the latrine in the atrium and kicked the stone cover of the latrine pit away.

Under the three people’s livid expressions, three consecutive plopping sounds were heard and they were all thrown into the latrine pit.

Instantly, the stench soared into the sky.

Su Yu was almost fumed by the stench and immediately sealed the stone cover.

Then, he came to the entrance of the manor and stared at the messenger who had yet to walk far away.

With a glare, the messenger felt a sharp pain in his heart, and the blood in his body boiled as if it was going to explode.

“You have been poisoned by me. Immediately spread the news in the marketplace. I, Su Yu, have suppressed these three people in the latrine pit!”

That person was only a minor character with a cultivation of half-step dao master. How could he dare to resist? He immediately came to the marketplace and spread the news.

In just two days, the news had spread throughout the entire city.

If it had been anyone else who had been suppressed in the latrine pit, it probably wouldn't have caused a stir.

However, Hai Qingxiao and the other two were all disciples of the South Sea Civilization. Just their identities alone were enough to attract widespread attention.

“What? Did I hear wrong? Three outstanding disciples of the South Sea civilization were suppressed in the latrine pit by Su Yu of unknown origin?”

“It can't be. The disciples of the South Sea Civilization who went to the eastern region this time, which one of them was not a dragon among thousands of chosen people, actually ended up being suppressed in the latrine? How is that possible?”

“It's absolutely true. Someone has already gone to that manor to confirm on the spot that the manor owner named Su Yu was very generous to send people to see the latrine. It really was Hai Qingxiao and the other two!”

“What? That's really true! Then I have to go and take a look. The South Sea civilization's favored son of heaven was suppressed in the latrine pit. This is a legend that has existed since ancient times!”

For a moment, Su Yu's manor was trampled over by the welcoming guests that came one after another.

At the same time, everyone in the shore civilization knew the existence of a person named Su Yu.

The first to receive the news were the Divine Flame Female Devil and the others.

“Su Yu? Senior's Disciple?” Divine Flame Female Devil was greatly surprised.

Purple flame female devil said excitedly, “We will go and introduce ourselves to young master Su Yu now.”

“Wait!” Divine flame female devil carefully said, “Senior said very clearly that if his disciple needs help, we will act. Now that there is no situation, if we act rashly, will it interfere with his training and attract senior's displeasure?”

With that said, the demoness' heart turned cold.

“Lord Divine Flame is thoughtful!”

The demoness said, “How about this, you guys continue to stay here and wait for senior. I will secretly stay near the manor and act according to the situation.”

With that said, she left alone and came down from the Qian Manor near the manor.

At the same time, in the market, many people from all directions heard Su Yu's name.

In a Shabby Inn.

A group of people from extremely far away were gathered together.

“That Su Yu, is he the Su Yu we know?”

Chapter 2370 Continuous Suppression

“That shouldn’t be the case, right? I’ve heard that Hai Qingxiao, Du Mingtang, and Yuan Chen are all family heads like us. The Su Yu we know has the right to defeat them and suppress them in the latrine pit?”

“No matter what, let’s go take a look when we have the chance,” a person with a powerful voice said.

The news that the whole city was boiling would naturally reach the ears of the south sea civilization.

In the villa where they lived.

In the backyard.

Four people were gathered together.

Including Qin Xian ‘er.

“Aren’t Hai Qingxiao and the others too incompetent? They were suppressed in the latrine by a half-step DAO Master of unknown origin!” A young woman said resentfully.

Her cultivation was quite extraordinary. She had reached the middle stage of the fish-dragon realm and was the one with the highest cultivation among all the people present!

“Senior sister Yuan, the responsibility is not with Hai Qingxiao and the others. It should be in the hands of that person called Su Yu!” A young man in the early stage of the fish-dragon realm said unhappily.

“I agree with senior brother Fei. No matter how many of them junior brother Hai and the others are, they are still disciples of the South Sea Civilization. Are they deliberately embarrassing us by suppressing them in the latrine pit?” Said a man, he had the cultivation of the perfect stage of the forgotten words realm, which was the same as Yuanchen’s.

Initially, he was prepared to teach Su Yu a lesson together with Hai Qingxiao and the others.

However, he had a mission on the way and had to go.

At this moment, when he learned of the fate of Hai Qingxiao and the others, he secretly rejoiced and became angry.

That Su was really too much!

When Qin Xian ‘er heard it, she was inexplicably shocked. She thought to herself, “Is that guy that powerful? It must be fake!”

Qin Xian 'er knew a thing or two about the strength of Hai Qingxiao and the other two. After all, they were all powerhouses in the forgetting words realm, yet they were all defeated by Su Yu. It was impossible no matter how she looked at it.

However, she didn't think much of what senior brother Fei said.

Hai Qingxiao and the others took the initiative to pick a fight. They deserved to be suppressed in the latrine pit.

Why did it seem like they deserved special forgiveness just because they were disciples of the South Sea Civilization?

It was hard for Qin Xian 'er to accept such a lofty attitude of looking down on others.

Senior sister Yuan said, "The most important thing now is to rescue the three junior brothers immediately."

Senior Brother Fei frowned and said, "Shouldn't we inform eldest brother and master first?"

The South Pole Immortal Weng had taken in a total of eight disciples, and senior sister Yuan was ranked second.

Above her, there was another eldest brother whom the South Pole Immortal Weng valued the most. His strength was unfathomable.

It was said that senior sister Yuan had fought with him twenty years ago and admitted defeat before she could even last one move.

Now that twenty years had passed and he had gone through the experience of the Great Wilderness of the South Sea, it was hard to guess how profound his senior brother's strength was.

"No need. Master and senior brother are already in closed-door cultivation. There's no need to alarm them over such a small matter," senior sister Yuan said. "It's just a small matter. We can handle it ourselves!"

"Alright! I'll go with the world!"

"I'll go too!"

Two of them decided to follow senior sister Yuan.

Senior Sister Yuan looked at Qin Xian 'er, who was silent, and said, "What About You?"

"I'm not going," Qin Xian 'er replied coldly.

Recalling the scene of Su Yu getting close to another woman, Qin Xian 'er did not want to see the man who had upset her.

"Alright, you can stay here and look after the house." Senior Sister Yuan didn't insist.

The three of them left the manor.

Senior Brother Fei frowned and said, "Senior sister, Junior Sister Qin isn't paying attention to our matters."

“Yeah, Junior Sister Qin isn’t at all in the South Sea Civilization’s honor or disgrace,” Zheng Long said.

Senior Sister Yuan didn’t say anything.

To be honest, she also hated Qin Xian ‘er.

Ever since she came, a few of her fellow disciples had been circling around Qin Xian ‘er like flies that had seen meat.

This made senior sister Yuan very jealous.

However, as the second senior sister, she had never shown this.

“Don’t gossip about others behind their backs,” senior sister Yuan said and went to the manor without saying a word.

When they arrived at the manor, there was an endless stream of onlookers inside and outside.

“F * ck, they’re all here to watch the south sea civilization make a fool of themselves!” Zheng Long had a bad temper and swore on the spot.

Senior Brother Fei’s face darkened. He flew into the air and released his cultivation of the fish-dragon realm. He said with a murderous aura, “If you don’t want to die, stay here and watch!”

Under the strong pressure, everyone looked over in fear. They found that Fei Qing, who was ranked third in the south sea civilization, had turned into birds and beasts. No one dared to stay.

Soon, the manor was empty.

Senior Sister Yuan looked down coldly and said, “Who is Su Yu? Come out!”

“Don’t you have eyes? Can’t you read?” In the middle of the manor, Su Yu was quietly reading a book.

Senior Sister Yuan followed the voice and looked over. She was slightly puzzled. He was much younger than she had imagined.

And just as the rumors said, the other party was really a half-step dao master.

It was truly unbelievable!

“Hand him over.” Zheng Long was not so polite and said fiercely, “Aren’t you a little too bold to dare touch people from the South Sea Civilization!”

As he said this, he quickly landed in the middle of the courtyard, jumped down from the high sky, and directly stepped on the top of Su Yu’s head. “I told you to be insolent!”

Unexpectedly, Su Yu did not even raise his head and said indifferently, “You should have taken a look at the sign at the door before entering.”

As soon as he finished speaking, Su Yu directly raised his hand and grabbed his ankle. Then, he casually smashed it onto the ground.

Bang --

Zheng Long was smashed onto the ground, turning into a bloody mess on the spot. He also fell into a coma. Like a dead dog, he lay on the ground, unable to move.

Just now, he was still arrogant, but in the blink of an eye, he ended up like this.

What was even more outrageous was that Su Yu threw him across the air, throwing him into the fecal pit that was surrounded by people.

With a splash, Zheng Long was thrown into the manure pit, causing the stench of the day to spread again.

Senior Sister Yuan and Fei Qing's expressions changed when they saw this scene.

Before they came, they had thought that Hai Qingxiao and the others were defeated because Su Yu had used some tricks and was lucky enough to succeed.

However, they saw with their own eyes that this was not the case.

Zheng long and Yuan Chen's cultivation levels were similar, but in the end?

Like beating a dog to death, they were defeated in one move.

Such strength was beyond imagination!

Fei Qing's face trembled, and his arrogance immediately weakened. Just as he was about to say something, Su Yu interrupted him, "I know who you are, but please look at the sign before you speak."

Fei Qing and senior sister Yuan looked over and clearly saw the exceptionally arrogant words on the sign.

"Trash..." Fei Qing's cheeks twitched as he said in a resounding voice, "Sir, leave a line in everything. What big mistake did junior brother Hai and the others make? Is there a need to humiliate them like this?"

Su Yu put down the scroll. To be honest, he was a little too lazy to reason with others.

This was especially true for those who had a high and mighty attitude.

"I'm only humiliating them. They want my life." As he said this, Su Yu's sleeves shook, showing them the scene of Hai Qingxiao and the others breaking into the manor.

The three humiliating requests, the three people's ruthless attacks, and their ugly actions of killing Su Yu and snatching the treasure were all displayed in front of them.

Fei Qing was at a loss for words, but he still tried to argue. "But aren't you fine now? Did you receive any substantial harm? Why are you being so aggressive?"

"I'm being aggressive?" Su Yu's gaze turned cold. He shook his head and didn't want to say another word to them.

There was really no need to be reasonable with people like them who were high and mighty.

It was clear that Su Yu was the victim. In their mouths, being the murderer was the true innocence. Fei Qing said, "How about this, I'll give you 30 million dao currency. Release him immediately!" His attitude was not like a discussion, but a charity.

It was as if Su Yu had gained a huge advantage.

Su Yu silently picked up the book and started reading again, completely ignoring Fei Qing.

Fei Qing spoke a few times, but Su Yu ignored him, his heart was filled with anger. "I say, do you understand the current situation? You have offended the south sea civilization! I am giving you a chance to talk to you now. If you regret it in the future, it will be too late!"

Su Yu's silence was still the answer.

"Hey!" Fei Qing was finally angry. "Senior sister Yuan, this guy is going to do it the hard way. I'll go down and meet him!"

As a Taoist master in the fish-dragon realm, Fei Qing was still confident.

He was sure that no matter how powerful Su Yu was, he would be fine as long as he was careful.

Senior Sister Yuan nodded. Since she couldn't speak, she could only use force.

Fei Qing flew over quickly. He was unknown. He first released the aura of the fish-dragon realm, and at the same time, he released his domain and Taoist artifact, he shouted, "Don't think that just because you have some ability, you don't put people in your eyes. The heritage of the South Sea civilization is beyond your imagination."

However, he was still in mid-air. Suddenly, Su Yu glanced at him and snorted.

Fei Qing's body suddenly burst into flames, and it was the kind of fire that could not be put out.

Instantly, Fei Qing let out a heart-wrenching scream as he fell continuously from the high school.

Finally, with a loud bang, he crashed heavily onto the ground and knocked himself unconscious on the spot.

Su Yu casually waved his hand and threw him into the manure pit as well.

In this way, a total of five people were all suppressed in the manure pit. The scene was spectacular.

"You, you've really gone too far!" Senior Sister Yuan's face was ashen. "Since you've repeatedly provoked the bottom line of the south sea civilization, then, I'll do as you wish!"

"I'll go back and ask Master to teach you on behalf of your parents. What is respect?" Senior Sister Yuan snorted and turned to leave.

Su Yu's eyes were slightly cold.

He didn't have parents in this world, but it didn't mean that anyone could insult them.

"If you want to leave, you have to ask Me First!" Su Yu took out the heaven-destroying staff and calmly said, "Long!"

Whoosh --

The heaven-destroying staff, which was the size of a rolling pin, suddenly became three thousand feet long.

Moreover, it hit senior sister Yuan with great accuracy.

She was shocked by the staff that suddenly became long. Seeing that it was about to hit her, she subconsciously wanted to grab it. However, when her hand touched it, she realized that it was extremely heavy.

No matter how much strength and cultivation he had in the middle stage of the fish-dragon realm, it was completely useless. He was pressed down by the heaven-destroying staff, knocked down from the sky, and smashed into the manor.

The heaven-destroying staff pressed her down on the ground, but she could not push it away no matter how hard she tried. It even became heavier and heavier, so much so that she could not stop vomiting blood.

“You should go with me!” Su Yu flicked her finger, sealed her cultivation and soul, and threw her into the manure pit.

There were eight disciples of the South Pole Immortal Weng in total, but six of them were suppressed in the manure pit.

Such explosive news quickly spread throughout the entire civilization like wildfire through the mouths of onlookers.

For a moment, the entire civilization was in an uproar.

It was understandable that Yuan Chen and the others were suppressed. After all, the cultivation levels of the three of them were not considered top-notch.

But what kind of person was senior sister Yuan?

Even she was suppressed. It could be seen how extraordinary the person named Su Yu was!
