

Nine-Dragon 2371

Chapter 2371 Memories Like Poison

More importantly, according to the people who had gone to see him, this person called Su Yu was not some old monster who had cultivated for many years, but a contemporary youth who had only cultivated for a mere hundred years.

This time, it was enough to shock the eyes of the world, and they all guessed Su Yu's origin.

Some people guessed that he must be a disciple of a certain seven star civilization master.

Moreover, he was a disciple of one of the top nine seven-star civilization masters. As for why they had never heard of his name, many people attributed it to deliberately hiding Su Yu from others.

Such important news would naturally reach the ears of the south sea civilization.

When Qin Xian 'er heard the report from an ordinary disciple, her eyes widened. "Even senior sister Yuan..."

She couldn't believe that Su Yu's strength had reached such a shocking level in just twenty to thirty years.

"Is that Guy a Freak?" Qin Xian 'er opened her small mouth and guessed secretly.

"Fairy, please think of a way to save them. If this continues, the glory of the South Sea Civilization will all be lost," the disciple said bitterly.

The South Sea civilization had never suffered such humiliation before.

Among all the disciples in front of her, only Qin Xian 'er was still alive.

"What can I Do?" Qin Xian 'er pointed at her nose. She was inferior to Hai Qingxiao, so how could she deal with Su Yu?

The disciple said, "Fairy, please Wake Master and eldest senior brother up."

Qin Xian 'er hesitated.

It was fine to wake them up, but if they really did it, with what Su Yu had done, they would definitely not let Su Yu go.

At the very least, it would be a punishment of abolishing his cultivation. At the very worst, he would die!

Although she had a grudge against Su Yu, she did not want to see him die.

"There's no need to disturb them. I'll Go!" Qin Xian 'er did not want to see Su Yu, but at this moment, she had to go.

After leaving the manor, Qin Xian 'er went straight to the manor.

Standing outside the manor, she looked at the arrogant sign and pouted. "This guy is really arrogant. I remember that he wasn't like this in the past."

She thought about how to persuade Su Yu to let her go as she walked in.

“He seems to be quite friendly to me. If I try to persuade him with words, he will give me face,” Qin Xian ‘er thought to herself.

When she came to the atrium, she saw Su Yu sitting there reading a book from afar.

His posture was elegant and his artistic conception was elegant, like an immortal in a painting.

Qin Xian ‘er felt an inexplicable sense of familiarity in her heart.

This scene seemed familiar.

“You are finally here.” Su Yu put down the book and looked up at Qin Xian ‘er with a smile.

He had suppressed Hai Qingxiao and the others in the Cesspit, not out of revenge.

He was waiting for Qin Xian ‘er.

He guessed that Qin Xian ‘er could not sit by and watch her senior brothers and sisters being humiliated. Regardless of whether she was willing or not, she would come and plead for mercy.

Qin Xian ‘er wrinkled her nose. “You say it as if you were waiting for me on purpose.”

“I was indeed waiting for you.” Su Yu did not shy away from saying, “Just a few useless pieces of trash. How could I waste my effort to deal with them one by one?”

Qin Xian ‘er immediately became unnatural and said awkwardly, “Here we go again. Can you not say such hypocritical words?”

Su Yu smiled and took out the spirit liquid made from snake gall. He divided them into five portions and placed them on the table.

At the same time, he pointed at the manure pit and said, “Don’t expect that I will let you go just because of one or two nice words from you.”

Qin Xian ‘Er’s heart was exposed and she said in embarrassment, “Bah! Who asked you? Come, Let’s Fight!”

Su Yu smiled and said, “Sure.”

He walked over with his hands behind his back and looked at Qin Xian ‘er with a smile. “You can attack me all you want. If you can hurt me, I will lose.”

A cunning light flashed in Qin Xian ‘ER’s eyes. “That’s what you said!”

“Ha!” Qin Xian ‘er held a murderous dao artifact in her hand, and her entire person had a sharp temperament. She rushed over in an instant and thrust a javelin toward Su Yu’s shoulder.

She specialized in picking the most innocuous parts, afraid that she would really hurt Su Yu.

However, Su Yu did not really spar with her as she had imagined.

Instead, he tilted his shoulder slightly and deftly avoided this attack. Then, he grabbed Qin Xian 'er's waist with his right hand and pulled her into his embrace.

At the same time, his other hand pressed on her shoulder and forcefully interrupted the Dao master power flowing in her body, causing her to lose her cultivation.

When Qin Xian 'er came back to her senses, she was already like a kitten being subdued by Su Yu.

“You... Let Go of me, you shameless bastard...”Qin Xian 'er's body stiffened as she was held in Su Yu's arms, and her face was completely red.

She never expected that Su Yu would pick on her so lightly.

Su Yu stretched out a finger and covered her lips. There was a desolate and expectant look on his face. “It doesn't matter whether I'm Shameless or a bastard, because I'm such a person to begin with.”

His words seemed to have a hidden meaning.

Qin Xian 'ER's mind was blank. She only knew to keep beating her chest, but she couldn't scold him anymore.

Moreover, the strength of the beating became weaker and weaker. In the end, she didn't move at all and allowed him to hug her.

“You Like Me?”Qin Xian 'er raised her head and looked at Su Yu faintly.

Su Yu nodded. “Yes.”

“How much do you like me?”Qin Xian 'er's eyes were sparkling. She didn't understand why she asked this question.

It was as if this question had been stuck in her heart for a very, very long time..

Su Yu slowly closed his eyes and opened them again. He said seriously and clearly, “If you want my life, I can immediately give you my love.”

Qin Xian 'er's heart pounded, and an inexplicable emotion surged out of her heart.

There was joy, and there was also an inexplicable sadness.

It was as if she had been waiting for this answer for an entire era.

“Why?”Qin Xian 'er looked straight into Su Yu's eyes.

Su Yu did not say anything and pointed at the five bottles of spirit liquid. “The answer is inside.”

Qin Xian 'er pursed her lips.

She and Su Yu had only met twice. It would not be an exaggeration to say that they were strangers.

There would naturally be risks if she drank that kind of thing casually.

However, when she looked into Su Yu's eyes, she did not know if it was an illusion, but she felt that there was a voice in her heart urging her to drink it.

“Okay.”Qin Xian 'er hesitated for a moment before walking over.

She picked up the first bottle and slowly drank it.

A spiciness entered her throat, and it was unusually stimulating.

Under that stimulation, some fragmented memories appeared in her mind!

In a forest, a young and tender youth was squatting in front of her body, absorbing the snake venom for her.

And that youth could faintly see Su Yu's outline.

"We..."Qin Xian 'er looked at Su Yu in a daze. "We've known each other for a very, very long time?"

Su Yu couldn't suppress the excitement in his heart, but he forced himself to calm down. He said with a smile, "To be precise, we've known each other for 135 years and October."

Qin Xian 'ER's eyes welled up with tears. Su Yu didn't lie to her.

They really knew each other. They had known each other for many years.

The blankness and deformity in her memory was really related to Su Yu.

Then, she drank the second bottle.

The scene that appeared this time was a jubilant wedding.

Su Yu was dressed in a red robe while she wore a phoenix crown and a red glow. The two of them bowed to a smiling middle-aged man.

"Ah! I... You..."Qin Xian 'er covered her mouth in disbelief. She pointed at Su Yu and then pointed at herself.

Su Yu's expression could not hide a hint of loneliness. "Yes, we are... husband and wife."

"Ah!"Qin Xian 'er cried out in a low voice. She could not accept this sudden reality and immediately drank the third bottle.

Another scene from her memories appeared in her mind.

Su Yu stepped on the ice, bringing with her an overwhelming chill. In the eyes of everyone in a certain sect, she had snatched her away.

Because she was going to be forced to marry someone else.

In the scene, Su Yu stood alone, facing people from a sect whose cultivation was far higher than his.

In her eyes, there was a resolute and tragic look that could be seen even if tens of millions of people were to die. There was also a resolute and unyielding look that could welcome death.

As for herself, she was only protected behind her by Su Yu's not-so-majestic body.

It was as if even if she was facing the collapse of the world and the destruction of the world, that figure would still block in front of her and would never retreat.

Upon seeing this, something seemed to have been touched in the depths of Qin Xian 'Er's soul. It made her heart ache inexplicably, and she couldn't help but shed tears.

At this moment, the way she looked at Su Yu changed completely. "Are you really my... husband?"

Su Yu didn't say anything and handed over the fourth bottle.

Qin Xian 'er swallowed it in one gulp. She was eager to know what happened between them later.

After the fourth bottle, another scene appeared.

However, that scene stunned her. Her face was at a loss.

She and Su Yu had completed their unfinished engagement in the true dragon continent in front of the world and the common people.

However, a beautiful woman who was so beautiful that even the sun was dim and everything in the world was indescribably beautiful appeared.

And with her appearance, Su Yu finally told Qin Xian 'er that he liked that extremely beautiful woman.

In the end, that woman killed her with a sword!

"No!" Qin Xian 'er covered her mouth and kept stepping back. Tears fell from her eyes like rain. It was as if she could really feel the pain in her heart at that time.

First, she was deceived by her husband, and then she was deceived by her best friend who seemed to be her best friend.

"You are a liar!" Qin Xian 'er stared at Su Yu with cold eyes. "I must have forgotten you because you betrayed me, right?"

Suddenly, hatred filled her heart.

Su Yu did not deny it. He said, "I am indeed a liar, an incurable liar."

The first person he deceived was not his enemy, but the woman he liked the most.

"There is one last bottle," Su Yu said. "You can drink it or not."

Every moment that Xian 'er recalled was the most important moment in her life. Therefore, the memory fragments would be the first to come back.

Feeling Xian 'er's pain at this moment, Su Yu felt that perhaps allowing Qin Xian 'er's memories to return to the moment when he betrayed her was also an ending.

At least Qin Xian 'er didn't have to hold on to that missing memory.

As long as she knew that it was a person who was not worth remembering.

Although he would be unwilling, Xian 'er could be relieved.

"I don't want to believe you anymore!" Qin Xian 'ER's eyes were blurred by tears. She kept thinking about Su Yu's betrayal, Xia Jingyu's appearance, and the darkest moment in her life.

She even forgot Hai Qingxiao and the others and turned around to run away.

Su Yu watched her back disappearing from his sight bit by bit. It was like the time when Qin Xian 'er fell into Su Yu's arms and passed away bit by bit.

He looked up at the empty sky and felt a huge sense of loneliness. It was so heavy that he felt like he was suffocating.

The pain in his chest was like it was being torn apart in his heart.

After a long time, he looked at the last bottle.

If Qin Xian 'er had taken it, she would definitely remember that Su Yu had given her life to Qin Xian 'er.

Just like what he had said earlier, his love for her was "If you want my life, I can immediately give you my love".

At that time, he was really willing to let Qin Xian er kill him.

Chapter 2372 Jealousy

Rubbing the last bottle, Su Yu felt lonely. He did not regret it.

Xian 'er had recovered her memory. The scene from that year could not be skipped.

Su Yu did not want to escape that scene. That was indeed the moment when he hurt Qin Xian 'er the most. It was the moment when he had always wanted to make up for it, but he had never succeeded.

Even though Qin Xian 'er had already forgiven him and even more so Xia Jingyu.

However, he understood that the pain was like a nail that had been nailed into a piece of wood.

Even if the nail was removed one day, the wound would still be there and would not disappear.

The reason why he could not see it must be because it was hidden by the wood and he did not want others to see it.

Qin Xian 'er was exactly that kind-hearted girl who kept on giving.

She didn't want Su Yu to think that she cared about the scene from back then, making Su Yu feel guilty and sad, so she chose to hide it.

But the fourth bottle of spirit liquid, what she recalled was that scene.

It could be seen that she had never forgotten it, only making Su Yu think that she had forgotten it.

Standing on the spot, Su Yu's heart was empty, like a puppet that had lost its soul and future, staring at the sky without moving.

Until the sky was completely dark.

There was no light and no light.

Under the weak starlight, Su Yu slowly took a step forward and left alone.

"Young master Su."The Divine Flame Demoness appeared in the dark with a gentle expression, she sighed softly, "I don't really understand people's feelings,

but as the saying goes, sincerity is everything. As time goes by, that lady will naturally understand your intentions.”

Su Yu’s eyes dimmed, and he forced a smile. “Thank you.”

The divine flame demoness was slightly puzzled. Why wasn’t Su Yu surprised at who he was?

“You’re the Divine Flame Demoness that master mentioned, right?” Su Yu pulled himself together.

Without Qin Xian ‘er, he had other things he had to do.

For example, the Holy Mountain of destruction.

The situation between him and Qin Xian ‘er today was all thanks to the son of Heaven of the Holy Mountain!

“In the absolute beginning realm, with me, Su Yu, there will be no sacred mountain!” He secretly swore in his heart.

Hearing Su Yu’s words, the Divine Flame Demoness was nervous and expectant. “Your master mentioned me?”

She really wanted to know how that senior evaluated her.

“Yes, master said that although your aptitude is weak and it’s difficult for you to become a great being, if you work hard and receive guidance, you can still hope to reach the peak of martial arts in the future, comparable to the sacred ancestor and ancient gods.”

The divine flame demoness was overjoyed. “Senior, you really said that?”

Su Yu glanced at her. “I never lie.”

In his heart, he silently added, “Except now.”

The Divine Flame Demoness’ heart was filled with excitement, and her heart was unprecedentedly open. She was even more certain that she would survive this great calamity and continue to strive for the next era.

She looked at Su Yu, and to be honest, she was very surprised.

First, she was surprised that Su Yu’s cultivation was only half-step dao master.

The disciples trained by such a senior should at least be among the Xuan Dao Masters.

Second, she was surprised. Although Su Yu’s cultivation was low, his strength was so terrifying that it made people tremble.

A mere half-step dao master could suppress a dao master in the middle stage of the fish-dragon realm.

She had never heard of such a DAO Master who fought across several levels.

Therefore, she confirmed that the person in front of her was indeed the disciple of that senior.

Only a senior like that could produce such a heaven-defying disciple.

“Where is my master?”

“Your master is out, but he told me to take care of you if I meet you. If young master Su doesn’t want to stay in the manor, you can wait for your master’s return at the inn with us.”

Su Yu nodded. “Let’s Go!”

The divine flame demoness nodded. Suddenly, she looked at Hai Qingxiao and the others and asked, “How are they going to deal with them?”

Su Yu looked at them and could not help but think of Qin Xian ‘er.

They were Qin Xian ‘er’s senior brothers after all. It was enough to suppress them in the latrine pit. She said, “If they want to stay in there, then they can continue to stay.”

After saying that, she turned around and left.

Hai Qingxiao and the others felt as if they had been pardoned. They crawled out of the latrine pit one after another and fled back to the manor in an extremely miserable state.

After Su Yu returned to the inn, he met Xie Xiaoyue who was wandering around in boredom.

“Eh?” Xie Xiaoyue still wanted to go to the manor to observe and observe. Suddenly, she keenly noticed Su Yu’s depressed mood and asked, “What’s wrong with you?”

“Nothing.” Su Yu forced himself to be calm and smiled faintly. “Before I set off, I will be in closed-door cultivation. If there’s nothing urgent, Don’t disturb me for the time being.”

Xie Xiaoyue was suspicious. After Su Yu left, she asked the divine flame female devil.

The divine flame female devil could see that Xie Xiaoyue and her senior’s relationship was not ordinary. In addition, there were many people who knew about the manor, so she did not hide it.

When she learned that Su Yu and Qin Xian ‘er had fallen out, Xie Xiaoyue’s heart skipped a beat.

She only thought that her actions that day had caused the two of them to be unhappy.

Others might not know, but she knew that Qin Xian ‘er was Su Yu’s wife.

When she thought of this, she felt extremely guilty.

After pondering for a long time, she bit her red lips and went out alone, arriving at the manor where the South Sea civilization was located.

Looking at the tight defensive barrier, Xie Xiaoyue’s eyes flashed. She took out an ancient talisman with dense demonic qi and pasted it on her forehead with some heartache.

A strange scene appeared. Her body disappeared into thin air and she didn’t even have any breath.

What was even more amazing was that she could ignore the barrier that the South Pole Immortal Weng had personally set up and enter the manor directly.

After searching for a while, she came to the outside of the house where Qin Xian 'er was.

She could hear endless sobbing inside.

Qin Xian 'Er lay on the table and looked at the lonely burning candle. The tearing pain brought by that memory reverberated in her heart and she couldn't let it go for a long time.

"Su Yu, since I'm your wife, why did you betray me and fall in love with another woman? You Heartless Man!" She clenched her pink fists.

Suddenly, she pulled down the bag hanging by her waist.

In the bag, there were all kinds of things.

But every one of them was exquisite.

Although she had lost her memory, Qin Xian 'er still had a habit that hadn't changed.

Whenever there was something good, she liked to keep half of it in her small pocket.

Day after day, year after year.

She herself did not understand where the habit came from and who the things were left for.

It was not until she had eaten the four bottles of spirit liquid that she suddenly understood. Perhaps, that pocket was left for Su Yu.

She always wanted to leave the things she liked for Su Yu.

But, what did Su Yu Do to her?

She threw the bag on the table and slapped it.

If she slapped it, it would definitely be shattered, and her years of accumulation would be reduced to nothing.

However, her palm hit the air, but no matter how she slapped it, she could not continue. It was as if there was some kind of power obstructing her.

Her heart was filled with pain. "Why, why is it like this?"

"Ahem... Miss Qin, right? I think you misunderstood. Your husband and I are innocent." Xie Xiaoyue tore off the talisman on her forehead and revealed herself. She said awkwardly.

Qin Xian 'er suddenly sensed the movement behind her and stabbed her back reflexively.

Xie Xiaoyue reacted quickly. As the Dao Master of the fish-dragon realm, she easily held her. She couldn't help but spit, "I say, do you have to be so ruthless?"

Qin Xian 'er turned around and saw her. She immediately looked unhappy and asked, "How did you get in?"

The South Pole Immortal Weng had personally set up the array outside, so ordinary people could not enter.

Moreover, she practiced the Asura Dao, so she was the most sensitive to auras.

Even the eldest brother could not get close to her without her noticing.

“Don’t worry about how I got in. I’m here to tell you that you have misunderstood Su Yu.” Xie Xiaoyue stared at her and said, “Su Yu has never done anything to me, nor has he done anything to other women.”

Qin Xian ‘er had already obtained part of her memory, but it was very incomplete. She did not understand all of Su Yu’s past.

Hearing the meaning of the woman in front of her, it seemed that she and Su Yu had a lot of past. Her heart was abnormally uncomfortable. She snorted and said, “You say it as if you know him very well.”

Xie Xiaoyue thought for a moment, she said, “I think so. At least, I can see his character more clearly. For example, last time, there was a peerless beauty called the heartless iron catcher. She was captured by him, but he didn’t touch her at all. He even let her go!”

“Peerless Beauty?” Qin Xian ‘Er’s heart clenched. Was she talking about the woman who killed her?

“Is that so?” Qin Xian ‘er had a look of disbelief.

Xie Xiaoyue said, “Yes, there are many beautiful girls around him, such as Biyun Hongxian, Princess Qianyu, and so on. But Su Yu has never made any improper moves.”

There were other women?

Qin Xian ‘er clenched her fists. “That womanizer! I love every one I see!”

The more she heard, the more uncomfortable she felt. She even had a faint sense of urgency, as if Su Yu would leave with another woman.

“Hey, I said so much just to tell you that he only has you in his heart and has never been unfaithful. Why Can’t you understand human language, Young Lady?” Xie Xiaoyue rolled her eyes at her.

Qin Xian ‘er was in a fit of anger and glared at Xie Xiaoyue. “What About You? What’s the meaning of hugging his arm in broad daylight? Aren’t you ashamed?”

Xie Xiaoyue felt wronged and argued, “That... that’s because we have a good relationship and are honest with each other!”

“Why don’t you just say Little Wu guessed it!” The more Qin Xian ‘er said, the more annoyed she became.

Who Was Xie Xiaoyue? She was born as a pirate. When had she ever looked for someone to explain to her in such a humble manner and even tried to persuade her.

Who knew that Qin Xian ‘er’s body was full of thorns and it was so difficult to talk to her., she was annoyed in her heart. “You can think whatever you want. Without You, would su yu still be different from other women? “Hmph, I’ll go back and persuade him now. There are plenty of other women in

the world. Why should he fall in love with a single flower? There's no need to be sad for a heartless woman like you."

"He's sad for me?" Qin Xian 'ER's heart softened and most of her anger dissipated.

She should have hated him, but she couldn't.

However, when she heard Xie Xiaoyue say that she wanted to persuade Su Yu to find another one, Qin Xian 'er was really annoyed. She scolded, "Vixen, you finally revealed your tail and spoke your mind?"

Xie Xiaoyue was so angry that she pointed at her own nose. "Vixen, me?"

"Humph! You've long hoped to break us up so that you can rise to the top, right?" At this moment, Qin Xian 'er was like a vinegar jar.

Xie Xiaoyue rolled up her sleeves and was extremely angry. "I say, you really don't know what's good for you. In the past, anyone who dared to talk to me like that would have been beaten to death by me!"

The corner of Qin Xian 'ER's mouth twitched. "You want to fight? Sure, that's what I Want!"

She pulled out a long spear that was emitting dense killing intent.

Chapter 2373 The Dragon Race Attacked

"Are you serious? Fine! Am I afraid of You?" Ever since she became the Dao Master of the fish-dragon realm, Xie Xiaoyue had never made a move!

The two women talked and finally began to fight.

With a loud crash, Qin Xian 'Er's room was cut in half by the aftermath of their battle.

The beam of the room was blown a thousand feet high, and the nearby houses were damaged by an unexpected disaster.

Next to Qin Xian 'er was senior sister Yuan's room. She was taking a bath inside and washing the feces all over her body.

Caught off guard, her own house was overturned by someone, revealing her naked body.

For a moment, the beautiful scenery was endless.

"Ah!" Senior Sister Yuan screamed and hurriedly condensed clothes on the surface of her body in shock and anger. She glared at Qin Xian 'Er's room. "Qin Xian 'er! !!"

Clang! Clang! Clang

It was not until the intense sounds of fighting came from inside that senior sister Yuan realized something was wrong. She shouted anxiously, "Enemy Attack!"

She took out her dao artifact and rushed in.

Xie Xiaoyue, who was fighting with Qin Xian 'er, was more and more surprised as they fought.

In terms of cultivation, Qin Xian 'er was only in the forgotten speech realm.

However, the opponent's battle experience surprised her greatly.

Every move and move of the opponent seemed to be cultivated for killing people. The power was not that great, but every move was fatal.

She was unable to do anything to the opponent in a short while.

Sensing senior sister Yuan's arrival, Xie Xiaoyue could only retreat and shout, "I'll settle the score with you next time."

With that, she took out the invisible demonic qi talisman paper and stuck it on her forehead, disappearing without a trace.

Qin Xian 'er stabbed the air with her spear and shouted, "Come out! Come out and fight!"

Senior Sister Yuan rushed over and surveyed the surroundings. After confirming that the enemy's aura had disappeared without a trace, she left.

She was surprised that this person could sneak into the manor. She looked at Qin Xian 'er, who was filled with anger like a small explosive barrel, with a strange feeling in her heart.

In her memory, Qin Xian 'ER had always been cold and terrifying.

She rarely saw her angry.

But now, she was so angry!

Could it be that the enemy had done something to her? Was there a need to be so angry?

"Junior Sister Qin, are you okay?" Senior Sister Yuan asked.

Qin Xian 'er looked around with her eyes wide open. She clenched her silver teeth tightly and said, "I'm Fine!"

No matter how she looked at it, her tone sounded like something was wrong?

Senior sister Yuan said, "The enemy has already left. First, check the array formation of the manor and see if there are any defects."

Qin Xian 'er was extremely unwilling. She yelled at the air, "Don't Let Me See You Again! !"

"TSK!"

Faintly, Xie Xiaoyue's noncommittal and contemptuous voice could be heard.

Qin Xian 'er, who was just about to calm down, immediately looked around angrily. "Stinky Vixen, come out. If you have the ability, don't hide!"

"Hehe, if you have the ability, can you find me?" Xie Xiaoyue didn't care at all.

Qin Xian 'er immediately went crazy. "Okay! I'll find Su Yu right now and ask him to drive you away!"

She was so angry that she almost forgot that she was angry with Su Yu.

"With you?"

“Of course, I’m his wife!”Qin Xian ‘er said proudly.

Xie Xiaoyue couldn’t smile anymore and said coldly, “Don’t you dare!”

“Then let’s try!”Qin Xian ‘er smiled and showed her white and fine teeth.

The two women were bickering, and senior sister Yuan was stunned when she heard it.

What was going on with the Vixen?

Whose wife was Qin Xian ‘er?

Just as the three women were about to throw themselves into the battle, suddenly, an unexpectedly intense cracking sound resounded outside the array formation.

The sky above the entire civilization was filled with the monstrous dragon roars of dozens of giant dragons at the same time.

The clouds shook, and the endless dragon breath turned into huge fireballs that descended from the sky into the forest.

Wherever they landed, there would be a sea of fire.

Cities and forests were destroyed by the fireballs.

As the main city of the shore civilization, it suffered more than half of the Dragon Breath’s fire.

Senior Sister Yuan’s expression changed, “Not good, the dragon race is here to take revenge!”

Qin Xian ‘ER’s expression was also solemn, and she did not have time to bicker.

A few days ago, the lone emperor of the Southern Mountain Range’s dragon race appeared in the shore civilization and started a massacre. He attracted the experts of the shore civilization to attack and chase him away.

It was said that the lone emperor wasn’t willing to accept this.

Before he left, he said that the dragon race shouldn’t be humiliated. He wanted to take revenge on the person who took the Dragon Emperor’s blood.

Now, it seemed that the lone emperor was a man of his word.

In just a few days, he had tangled with dozens of dragons at the Deva realm and above to take revenge on the shore civilization.

As he spoke, three balls of Dragon Breath Flames suddenly crashed into the south sea civilization’s barrier.

Two of the huge balls of dragon breath flames were easily blocked by the restriction.

However, the third huge ball of Dragon Breath Flames was extremely powerful for some unknown reason. It directly smashed through the restriction!

The fireball passed through the restriction and smashed into the manor, instantly causing a sea of fire.

Under the terrifying Dragon Breath, all the houses were set on fire.

All the living beings below the dao master immediately cried out in pain as they were rapidly melted by the fire.

Even Qin Xian 'er and the others felt extremely uncomfortable and had no choice but to use the power of the Dao master to resist the high temperature.

At this moment, a furious snort that shook the world came from the underground of the manor. "The Dragon Race has gone too far!"

Boom --

The earth trembled violently and a crack that was a hundred feet wide opened up. A short old man with a flowing white beard flew out rapidly and rushed into the giant dragon in the sky.

"South Pole Immortal Weng is here too. Good, I've wanted to meet you for a long time!" One of the giant dragons with an exceptionally thick body let out a deep dragon roar.

South Pole Immortal Weng's expression suddenly became serious. "Long Taiji, I didn't expect you to be nearby!"

He glanced at the black dragon in the giant dragon and understood that these dragons were all protecting Gu Huang.

Emperor Gu was the number one genius of the dragon race and the future heir of the Dragon Emperor. There was no way he would lack the protection of a supreme expert.

When the dragon race attacked, the South Pole Immortal Weng had no choice but to accept the challenge. He immediately fought with long taiji, one of the three Supreme Realm Dao Masters of the Dragon Race.

The other places that were destroyed by the dragon breath were too busy saving themselves to fight with the dragon race.

This caused the dragon race to swoop down and wantonly capture the warriors of the shore civilization.

The targets they chose were very specific. They were either young women or young men.

This was because the charming woman and Su Yu who had escaped from Emperor Gu's hands that day were both young men.

Therefore, those two hundred drops of dragon blood must be among these young men.

Roar --

Suddenly, a heaven tier dragon swooped down and charged toward the south sea civilization.

Obviously, the young men and women in the mountain village had attracted their attention.

"How dare you!" The South Pole Immortal Weng couldn't get away and had no time to save them.

However, a saber-wielding young man with long blood-colored hair, jet-black lips, and a resolute face rushed out of the crack, giving off a wild and unrestrained feeling.

“Domineering blade style!”The unrestrained young man slashed out against the sky.

A wave of 100,000-meter-long blade qi tore through space and time, slamming into the heaven tier dragon.

With a muffled sound, the dragon’s back was slashed open with a gash so deep that bone could be seen.

The dragon let out a pained roar before turning furious. “Ant! It’s fortunate that I have a mid-stage heaven tier Dao Master. Otherwise, I would have really fallen into your trap.”

Pah --

The dragon swept its long tail fiercely, sending the entire manor flying like a mountain range.

Everyone in the manor, including the Wild Youth, was instantly sent flying into the air.

AO --

The dragon opened its mouth and sucked everyone in mid-air into its mouth.

Everyone was shocked and used all their skills to escape.

However, the suction from the dragon’s mouth was truly terrifying!

No matter how they used all their skills, there was nothing they could do.

Only the wild youth bit the tip of his tongue and spat out a large amount of blood onto the scimitar in his hand.

The scimitar immediately turned blood red as it escaped with the youth.

The rest of the people were all swallowed up.

Qin Xian ‘er was not spared either!

After capturing them, the giant dragons soared into the sky and returned to the group of dragons.

The other giant dragons also captured enough people and gathered in one place.

At this moment, the South Pole Immortal Weng was gasping for breath. His entire body was covered in serious injuries.

On the other hand, Long Taiji was fine except for the loss of his scales.

“Hehe, the best in the western regions is just so-so!”Long Taiji smiled contemptuously. “Let’s Go!”

He led the group of dragons and swaggered away, leaving behind a devastated civilization.

At that time.

The inn where Su Yu was was also not spared and was razed to the ground by the dragon race.

However, the Divine Flame Female Devil held on in their inn and was not damaged at all. The huge dragon that came to capture people was also chased away by the Divine Flame Female Devil.

“Young Master Su, are you alright?”The divine flame female devil found the isolation room where Su Yu was and asked with concern.

However, she saw Su Yu sitting quietly on the spot. Although his cultivation room was already rumbling, it did not seem to affect him at all.

He shook the dust off his body and shook his head gently. “I’m fine.”

Even without the divine flame demoness, that huge dragon could not do anything to Su Yu.

With his current realm, when he used the Heavenly Dragon Dao body, it was not any weaker than the early stage of the Heaven Tier Dao Master.

The divine flame demoness heaved a sigh of relief. Then, she looked at the afterimages of the group of dragons leaving and was not without worry. “Just as I expected, the dragon race will not let this matter rest. I really don’t know who took the two hundred drops of Dragon Emperor’s blood and provoked the invasion of the Dragons.”

Su Yu was very disdainful in his heart.

The Lonely Emperor had made it very clear that because it was fair, he had used the 200 drops of Dragon Emperor’s blood to exchange for the body of the Dragon Whelp.

How dignified was that?

However, he really thought that the Dragon Emperor’s blood had been lost. He flew into a rage and did not hesitate to destroy the shore civilization to search for the 200 drops of Dragon Emperor’s blood.

Su Yu’s impression of the lonely emperor could be considered to be extremely poor.

On the surface, he appeared to be righteous, but in reality, he was not.

However, this had nothing to do with him.

In the underground market, he did not reveal any information about himself. The dragon race could not expose Su Yu to anyone they captured.

At this moment, Xie Xiaoyue ran back in a panic.

It turned out that she had the talisman paper with her and managed to escape through the restriction in time.

She saw Qin Xian ‘er being captured with her own eyes and knew that something bad was about to happen. She immediately rushed back.

“Not good, Su Yu!”Xie Xiaoyue said in a panic, “Qin Xian ‘er was captured by the dragon race.”

“What?”Su Yu suddenly stood up and looked furious. “How do those trash from the South Sea Civilization view people? Even a few dragons can’t stop them!”

He had thought that no matter which faction’s young elites were captured, it would be impossible for them to capture the south sea civilization.

After all, there was the South Pole Immortal Weng, the number one expert of the western region.

Who knew that they would actually be so weak!

His mood immediately became extremely urgent!

The longer Qin Xian 'er was in the hands of the dragon race, the more dangerous it would be!

He had personally witnessed the dragon race's brutality. They destroyed the underground market city and destroyed the shore civilization at every turn. They did not take the lives of the other races seriously at all.

If Xian 'er fell into their hands, how could there be a good outcome?

Chapter 2374 Mie Er Dragon Clan

Although Xian 'er's current memories were of the moment when she hated him.

He couldn't just stand by and watch.

Even if she hated him to the bone, she had to save him from the depths of Hell.

"Su Yu, you want to save her? Don't be muddle-headed. It's impossible for you to save Qin Xian 'er by yourself." Xie Xiaoyue sensed Su Yu's intentions and stopped him.

The entire shore civilization had fallen into a state of devastation.

The number one expert of the Western Region had returned injured, and many experts had died.

How could Su Yu save Qin Xian 'er from them alone?

That was a road to certain death!

Su Yu's gaze was calm, and there was a calmness that had been settled for many years. "If it's for her, the heavens can be turned, the earth can be brushed, and even if I die, I won't regret it."

After he finished speaking, he transformed into a bolt of lightning that shot out of the clouds and chased in the direction of the Dragon Clan.

Xie Xiaoyue was stunned on the spot. Her last words echoed in her mind, and great envy welled up in her heart.

"With a husband like this, what more could a husband ask for?" Xie Xiaoyue murmured, "Qin Xian 'er, Oh Qin Xian 'er, what kind of virtue do you have to find such a husband?"

The Divine Flame Demoness had a worried look on her face as she said, "You guys hide for the time being. I'll go with young master Su."

But at this moment, Su Yu's voice came from the sky.

"I alone can do it!"

Although the divine flame female devil was strong, she was ultimately weak and could not play a decisive role.

Rather than that, it was better for Su Yu to go alone.

There was no need to implicate innocent people because of his matter.

The Divine Flame Female Devil stopped in her footsteps and was secretly anxious, "If senior was here, it would be good. How could we allow the Dragon clan to destroy us here?"

Xie Xiaoyue's gaze shifted slightly. "Demoness, there's no need to worry. The most important thing now is to contact the leaders of the other factions and form an army to pursue the dragon race."

This time, many of the younger generation of the factions had been captured by the dragon race.

Those young elites were the main force that they had participated in the recruitment of the eight-star civilization. How could they sit idly by and watch?

The dragon race had come too suddenly, and many leaders didn't have time to react.

If they were united, how could they be afraid of the dozens of dragons?

"If we are fast enough, we might be able to catch up in time and help Su Yu."

The Divine Flame Demoness knew how powerful the dragon race was. If she went alone, she might not be of much use, and she could only rely on the strength of the leaders.

Fortunately, almost all the people from the nine seven-star civilizations of the Western Region had already arrived at the shore civilization.

With their combined strength, they were almost certain that they would be able to take back the people that had been snatched away.

The prerequisite was that they were still alive.

"I'll go and contact them right away," the divine flame demoness said.

However, there was someone who was even faster than her.

That was the South Pole Immortal Weng.

As the number one expert of the Western Region, the South Pole Immortal Weng had great appeal. He used the strength of a powerful dao master at the Grandmaster realm to issue a notice to the entire shore civilization, "All experts at the heaven tier and above within the civilization, quickly come and meet them!"

Having suffered the erosion of the dragon race, they immediately found their backbone and headed to the mountain villa where the South Sea civilization was located.

The divine flame demoness frowned slightly.

She and the South Pole Immortal Weng weren't very friendly.

But for Su Yu's sake, they had to go.

When they arrived at the mountain villa, as expected, all the forces of the nine seven star civilizations were present.

For example, the famous ten thousand insect civilization was among them.

The arrival of the divine flame demoness made all the experts present excited.

The arrival of the second strongest expert of the western region added to their confidence.

“Everyone, I don’t need to explain the situation anymore.”The Antarctic Immortal Weng looked at the divine flame demoness with deep meaning, then, he said in a low voice, “The dragon race of the southern region dares to trespass into our Western Region and even capture our outstanding disciple in front of us. This is an open war!”

The atmosphere suddenly became much more solemn.

The provocation of the dragon race could indeed be called a war!

“Can you endure it?”Immortal Weng of the South Pole glanced at everyone present.

“Of course not!”The leader of the myriad insect civilization.., he kicked the table and said, “The dragon race has gone too far. We didn’t do anything to that Lone Emperor when they went on a killing spree. We only chased him out. However, did the dragon race owe us any favors? Instead, they went even further and destroyed the shore civilization!”

“A scholar can be killed but not humiliated!”The leader of the shore civilization was the most furious. “Ever since the dragon race rose to power, they have always been overbearing and arrogant. Our shore civilization originally wanted to calm things down, but the dragon race is really too much of a bully! “I don’t have any hostages in the hands of the dragon race, but I’m willing to follow everyone and catch up with the Dragon Race to teach them a lesson. We need to let them know that the western region can not be bullied!”

“That’s right! Only pain can let the Dragons know what the bottom line is!”

Everyone spoke one after another, and their wills were very unified.

No matter what, they had to catch up and take back their own disciples, and at the same time, teach the dragons a deep lesson.

The South Pole Immortal Weng sighed in relief. “There are many righteous people in the Western Region, so why worry about the future?”

“Everyone, follow me!”The South Pole Immortal Weng stood up.

At this moment, the blood-haired young man standing upright beside him said, “Master, although I don’t have the realm of Celestial Being, I’m willing to follow you seniors to kill the Dragon Race and save Junior Brothers and sisters!”

Hearing this, the leaders of the various forces looked over, their eyes filled with unspeakable envy.

They might not have seen that young man, but they had definitely heard of him.

The South Pole Immortal Weng’s eldest disciple, Tie Bufan!

He was a contemporary elite who had cultivated the dao of the blade to perfection.

He was also the worthy God Emperor of the Western Region!

None of the other eight seven-star civilizations were his match, so he was chosen as the number one genius of the western region.

His fame was comparable to that of the solitary emperor.

“The South Pole Immortal Weng has really taught a good disciple.” The lord of the myriad insect civilization was not without envy.

“I saw with my own eyes just now that your disciple fought head-on with that heaven tier dragon and even injured it. The younger generation is truly formidable!”

“It’s indeed impressive. This time, there will definitely be a place for him in the recruitment of the Eight Star Civilization!”

..

Among the crowd, only the divine flame demoness did not think much of it.

He might have been the king of Heaven’s pride in the past.

But now, it might not be so.

Su Yu had the power to compete with Tie Bufan, or perhaps even stronger.

In the manor, Su Yu had always played it down and never revealed his true strength. Therefore, his true strength should be higher than what the Divine Flame Female Devil had witnessed.

The South Pole Immortal Weng was not unsatisfied. He cupped his fists and said, “Everyone, you flatter me. Bufan is still young. What he needs is more training and not praise.”

Then, he looked at Tie Bufan, who was calm and steady. He was neither arrogant nor impatient.

This action won the approval of everyone.

The South Pole Immortal Weng looked at the time and said, “Time is tight. Let’s set off immediately.”

The Dragons were best at flying. If they dragged on for too long, they might not be able to catch up.

Thus, a group of people charged into the galaxy.

On the other side of the universe.

After Su Yu rushed out of the clouds, he did not hesitate to use his ancestral blood to catch up with the dragons that had already left the western region.

Huala --

Amidst the chaos of yin and Yang and life and death, Su Yu appeared.

At the end of his field of vision, dozens of giant dragons rampaged, crushing all the small civilizations and meteorites along the way.

They only stopped when they stopped at a slightly larger civilization and landed on a huge mountain.

Dozens of dragons crouched down and opened their mouths to spit out all the people they had captured.

Qin Xian 'er, senior sister Yuan, and the others were among them.

“Those who stole two hundred drops of dragon blood, step forward.” Gu Huang crossed his arms in front of his chest and looked at the nearly one hundred people in front of him with contempt in his eyes.

However, no one answered.

Because they really didn't steal it.

“No One?” Gu Huang's eyes were cold. “In that case...”

All of a sudden, he stretched out his dragon claw and grabbed the nearest wolf warrior. He pressed him to the ground and said coldly, “From now on, I will kill one person every ten breaths until you admit it!”

Then, his Dragon Claw released a layer of black dragon breath, which burned the Wolf warrior until he screamed miserably.

That warrior tried his best to resist, but he couldn't move the Dragon Claw at all.

The dragon breath burned him from the surface of his body to the inside of his body. Finally, he was burned to death.

The process was extremely cruel, which shook their hearts.

Just in time, ten breaths had passed.

Gu Huang caught another warrior. Without saying anything, he used the dragon breath to burn him to death.

There was no mercy in his eyes. There was only an endless coldness.

Everybody Shivered. They were panicking. They looked at each other, hoping that someone would stand up.

However, they did not.

Gu Huang snorted heavily. “Their deaths are all because of you. You Can't Blame Me!”

As he spoke, he grabbed another person.

This grab happened to grab Qin Xian 'er.

Qin Xian 'er's eyes were calm and did not panic. It was as if she had already seen death very clearly.

In the Shura Civilization, when she became the Shura King through experience, she had killed all living beings. She was no longer afraid of death.

However, before she died, she had no reason to feel regret.

In her mind, she recalled the last scene of her parting with Su Yu. She recalled Su Yu's pair of seemingly calm but lonely eyes when she left.

“Was I wrong? But, he really betrayed me like that.” Qin Xian ‘er had a lingering sense of injustice in her heart.

Gu Huang showed no mercy. In his dragon claws, the burning strong dragon breath was about to burn Qin Xian ‘er alive in an instant.

However, at this moment, an ethereal and majestic voice pierced through the universe and the primeval galaxy.

“Burn her, and I will destroy the entire Dragon Race!”

The voice was unusually calm and confident. It was like an existence in the dark that was looking down at them.

Gu Huang could not help but stop his claws. He looked up at the galaxy and looked for the source of the voice. “Who is it?”

Chi --

Suddenly, the stars in the sky above the civilization turned into a whirlpool.

A strong wind blew out from the whirlpool.

In the wind, a young man with silver hair and an ice crown on his head slowly fell down with a pair of cold eyes.

Although his figure was weak, he looked like a King of darkness who had walked out of hell.

Her entire body was emitting a dangerous aura that made people shudder.

“Stellar transposition, is that... a spatial domain?” Long Taiji looked at the chaotic galaxy in the sky and was slightly surprised.

It had been a long time since he had heard that there was someone in the world who controlled eight great domains.

Gu Huang was stunned for a moment before disagreeing, “A mere half-step dao master who controls a spatial domain dares to play tricks? Not to mention burning her, so what if I burn her to death?”

As he spoke, dragon breath erupted from his claws.

Su Yu’s gaze instantly turned ice-cold as the space within his body distorted rapidly.

Chapter 2375 Single-Mindedness

In an instant, it was as if the sky had turned upside down and the earth had turned upside down.

The huge space where Su Yu was was distorted.

In the next moment, Gu Huang felt the space under his claw shake violently as if someone had forcibly replaced it.

He looked down and saw that Qin Xian ‘er was indistinct and had been replaced by Su Yu!

Space Replacement!

When the dragon breath came, Su Yu used spatial displacement to replace Qin Xian 'er, allowing him to withstand the destructive dragon breath.

Gu Huang was slightly stunned, but his eyes were cold. Not only did he spit out the dragon breath from his claws, but his dragon claws also pressed down fiercely. "Ants are not worthy of mastering spatial domain!"

Su Yu raised his head. His cold eyes were like peerless ice as he stared at Gu Huang's huge dragon head. "Scram!"

He shook his arms and his late-stage fish-dragon realm physique burst out.

Gu Huang was caught off guard. He did not expect a small half-step dao master to have such a physique. He was accidentally pushed away by Su Yu's fist.

His body suddenly lost its center of gravity and fell to the ground.

Although his huge claw was pushed away, the dragon breath still arrived as scheduled and sprayed on Su Yu's body.

The terrifying dragon breath instantly burned all of Su Yu's clothes into ashes.

The skin and flesh on his body were like leather in a raging flame, making a sizzling sound.

In the blink of an eye, his flesh and blood became a mess, and his facial features could not be distinguished.

The dragon breath still spread on his body, turning him into a Burning Man.

But he did not make a sound. There was only a creepy silence.

In the distance, Qin Xian 'er, who had just figured out what was going on, saw the scene of Su Yu turning into a Burning Man.

She was stunned. All the hatred, pain, and confusion in her heart vanished in an instant.

There was only shock and emotion that came from the depths of her soul.

It was accompanied by a heart-wrenching pain.

It was as if the raging flames were also burning Su Yu!

"Su... Su Yu!" Qin Xian 'er blurted out in the end and hurriedly flew over.

Tears fell like rain from her eyes.

She did not understand why Su Yu betrayed her and even died for her.

Why?

She did not understand and did not want to think about it anymore. She only wanted to extinguish the dragon breath on Su Yu's body and ask him personally.

"HMPH!"

Gu Huang's heavy cold snort sounded like muffled thunder exploding in his ears.

Qin Xian 'ER's delicate body floated in the air like a butterfly.

Streams of fresh blood drew a stunning arc in the trajectory of her flying.

It was beautiful and stunning, as if she was describing the last and most magnificent painting in the world.

At the same time, a dragon claw that blotted out the sky came down with a black shadow. It came down with an aura of death and slammed it into the netherworld.

Poor Qin Xian 'er's cultivation was insignificant. Below Gu Huang, she was like a lowly speck of dust.

She could only wait for her fate of death and had no way to fight back.

"Lowly race, lowly woman, no one can save you?" Gu Huang smacked down with his claw, wanting to turn Qin Xian 'er, who was flying backward, into minced meat.

However, another majestic space descended.

Beside Qin Xian 'er, who was flying, space distorted and a burning figure appeared.

He held Qin Xian 'er with one hand and raised the other to block Gu Huang's terrifying dragon claw.

This claw was Gu Huang's full strength claw. How could Su Yu, who was in human form, resist it?

His body was like a piece of paper as he was pressed down and quickly sank.

Further down was the bottom of the void.

Su Yu would definitely be crushed into pieces.

At this moment, Su Yu stretched out a finger and tapped the space between Qin Xian 'er's brows, injecting a spatial domain into her body.

"Go, don't turn back." Su Yu released his finger and activated the spatial domain.

He didn't even glance at Qin Xian 'er. It was as if he was talking to the air, the past, and Qin Xian 'er at a certain moment in the past.

Perhaps this was the last time he would save Qin Xian 'er.

In the future, he would never be able to wait by her side!

"No..." Qin Xian 'er's heart shook violently. At the moment of life and death, she suddenly recalled many memory fragments that she had never had before.

That was the effect of the snake bile spirit liquid.

Not only did it help her recall the four most profound memories, at this moment, the medicinal effect of the precipitation was stimulated, and it also made her recall many weak memory fragments.

Although those fragments were not profound, they were all related to Su Yu.

Bit by bit, they were like Mountain Springs, clouds, and rain, nourishing her blank memories.

Sweet, sour, sweet, missing... all kinds of emotions filled her heart.

It turned out that she had once loved Su Yu.

Even after he betrayed her.

That Heart had never changed.

However, the spatial domain had already been activated. Qin Xian 'ER's body twisted and instantly swept her away.

The moment she was swept away, Qin Xian 'er reached out her hand to grab Su Yu. However, she only managed to grab a jade bottle that was floating around her.

With a boom, Qin Xian 'er was taken away in an instant, far away from the Endless Starfield.

She landed on an abandoned civilization. She didn't care about the injuries on her body as she climbed up in a sorry state.

"Su Yu!" Qin Xian 'er climbed up, her tears running down her face.

She tried to fly back to save Su Yu.

Only then did she realize that she didn't catch nothing.

Feeling the foreign object in her palm, she turned her head and saw that it was the fifth bottle of spirit liquid that she had never drunk before.

She was stunned for a moment. Then, she drank it without hesitation.

She couldn't wait to know what happened to her and Su Yu later?

Did Su Yu regret it?

After a burst of intense sweetness, a scene appeared in her mind.

In the scene, Su Yu's face was pale and blood flowed from the corner of his mouth. He stood in front of him with a bitter smile.

Beside her, a middle-aged man in a yellow robe had a cold smile and pity in his eyes.

"No... i. . . I poisoned Su Yu?" Qin Xian 'er covered her mouth as thunder rumbled in her mind.

Moreover, Su Yu chose to die despite knowing that he was poisoned.

She had already killed Su Yu once and used her own hands to kill him once!

He had long repaid what he owed her with his life.

Now, he was still using his own life to save her!

A great sense of regret reverberated in her heart.

She should not have been so careless, impulsive, and heartless. She would never believe him again.

That sentence might have been the last sentence she said to Su Yu!

“No!”Qin Xian ‘ER’s heart surged with great regret. If time could be repeated, she would never say that sentence again.

She ignored her injuries and sprinted, eager to see Su Yu. She wanted to apologize to him, thank him, and tell him that she didn’t hate him.

However, his injuries were too heavy. He didn’t even have the power to break through the civilization and fell from the sky.

She tried several times forcefully but failed midway.

She had no choice but to stop to rest her body. As she rested, she sobbed regretfully.

On the other side!

The moment he sent Qin Xian ‘er away, he was struck into the bottom of the void by the Dragon Claw.

The void shook and slapped the sky, rolling back into the galaxy of the universe.

The magnificent waves shook the heaven and earth, unable to calm down for a long time.

The galaxy in the distance was even more turbulent, rolling toward the depths of the universe.

The power of this palm had already reached the physique of an early stage heaven tier warrior!

No one could stop it, nothing could stop it!

There was absolutely no possibility of life under the claws.

The universe was silent, only the sound of the void rustling could be heard.

Gu Huang raised his dragon claw and lightly shook his claw. He let out a long sigh, “Finally, it’s quiet!”

Long Taiji watched coldly from the side. He smiled and said, “A lowly human who dares to offend his superiors will end up like this.”

Emperor Gu was contemptuous. “Don’t blame me for courting death! Also, send a dragon to find that lowly human woman. You Don’t have to bring her back. Just kill her!”

His killing intent was heavy. It could be seen that he did not want to let even one of them go.

However, at this moment...

A dazzling light came from the bottom of the dark void without any sign.

Not only did it illuminate the entire bottom of the void, but it also illuminated the dark universe.

It was as if a sun was rising from the bottom.

“What’s going on?”Gu Huang frowned. He looked at the dazzling light with his huge dragon eyes and saw a blurry figure covered in powerful lightning slowly walking up from the bottom of the void.

His steps were very slow and rhythmic.

It was like a heartbeat.

Under his gaze, the Sun finally rose.

“He’s not dead?”Gu Huang was shocked.

At this moment, not only was Su Yu not dead, the injuries that were burned by the dragon breath also disappeared without a trace.

His left hand was vertical while his right hand was slightly raised. He clenched his fist as if there was something in it.

His eyes were also lowered as he stared at the fist.

His head was lowered so that no one could see the expression on his face.

“Interesting. There are very few people of the same age who can withstand one of my claws.”Gu Huang said proudly, “Alright, then I’ll be more serious and grant you death.”

As he said that, Gu Huang once again slapped down with his claw.

Compared to the last time, he not only slapped down with all his strength, but also carried a strong dragon breath.

Bang --

Su Yu also raised his head and only raised his left arm.

The moment he raised his arm, his body rapidly changed.

From a human body, he rapidly transformed into a half-dragon body that was dark gold in color.

That Dark Golden Dragon Claw easily blocked Gu Huang’s slap.

At the same time, the Dragon Claw released a Dark Dragon Breath.

Chi --

Ah!

Gu Huang suddenly screamed and hurriedly pulled back his dragon claw.

However, there were burn marks on his claw.

A dragon was burned by a human with dragon breath?

Such a strange thing was rarely seen.

Gu Huang staggered and stared at Su Yu’s current form.

Half human, half dragon.

“Half Dragon Body?”Gu Huang was shocked and angry.

He was angry that a human dared to use the materials of the Dragon Race to cultivate the secret art of half-dragon transformation! ”...”

He was shocked that as a pure dragon, his physique was not as good as the other party's half-dragon!

Grand Ancestor Dragon's eyes flashed with a deep shock.

It seemed that Su Yu's half-dragon body reminded him of something.

Su Yu's eyes were calm. In the calmness, there was a chill that made people shudder.

He opened his palm, and it was the blood that Qin Xian 'er spat out.

"A total of 23 drops." Su Yu lowered his head, and his tone was unspeakably cold and cold. "I said before, you are not allowed to hurt her! Since you insist on doing things your own way, then one drop of blood and one dragon will pay for it!"

He raised his head, and his pair of golden eyes shot out killing rays that tore through the sky.

Chapter 2376 The Great Battle Against Gu Huang

He raised his hand and waved it, and the heaven-destroying staff appeared.

Seeing this staff, Gu Huang's expression changed drastically. He immediately recognized it and said in an unusually intense tone, "You are the person who stole the Dragon Emperor's blood?"

The person who had beaten him down and snatched the dragon blood was actually a small character who was only half a step away from becoming a dao master?

Gu Huang could not believe it.

Su Yu turned a deaf ear to it. There was only killing intent in his eyes. "Long!"

The heaven-destroying staff instantly became three meters long and was held lightly in his palm.

"Good! I'll meet you properly today!" Gu Huang was very unwilling to accept the failure of the underground market that day. He said to Long Taiji, "All of you, don't make a move. Let Me Do it myself!"

Long Taiji nodded in approval.

The growth of the dragon race had always been very cruel.

From the moment they were born, they began to train themselves.

And the way to train themselves was never by sparring, but by finding enemies with similar strength and fighting to the death!

In the midst of death, they constantly stimulated their various potential and let their strength sublimates again and again.

Hence, the number of the dragon race was always scarce.

There was only one prince of the current dragon race.

Initially, there were a total of four princes, but all of them died in the cruel training and did not come back alive.

The solitary emperor was the last and also the most powerful one.

The human in front of him, based on Long Taiji's senses, was very strong. He should be able to become a training for the solitary emperor, becoming a stepping stone for him to sublimate again.

"Don't worry about fighting," Long Taiji said.

Gu Huang held his dragon claw and grinned. Then, he took out a very special weapon.

It was a whip made of dragon tendons.

The Whip released a dense dragon breath. With just a little whipping, the dragon breath could be injected into a person's body, causing death.

"Last time, you were careless. This time, it won't be so easy for you to escape!" Gu Huang didn't think that Su Yu's strength would improve much in just a few days.

Last time, Su Yu escaped when he was defeated.

This time, he couldn't escape even if he wanted to.

Bang --

Su Yu didn't listen to his nonsense at all. He picked up the heaven-destroying staff and hit it right on the head.

Gu Huang's lips curled into a teasing smile. "I'll let you have a taste of the Dragon Soul Whip First!"

PA --

He shook his wrist, and the Dragon Soul Whip was like a moving long snake. It twisted its body and ruthlessly lashed toward Su Yu's waist at a tricky angle.

Along the way, Terrifying Dragon Breath was everywhere.

If it was hit, with Su Yu's current half-dragon body, he would be either dead or crippled.

However, Su Yu's eyes were calm and without any fluctuations, as if there was only emperor Gu in his eyes.

In his mind, he kept replaying the scene of emperor Gu severely injuring him.

He had already owed Qin Xian 'er enough in his life, but he didn't even have the ability to protect her face to face!

When he thought of this, his heart became even colder.

Even those eyes were like two ice-cold abysses, shooting out gazes that froze the air.

"Die!" Su Yu ignored the long whip whipping his body, lashing his waist until it was a bloody mess. He ignored the dragon breath that entered his body, burning his internal organs to ashes, and ignored the extreme pain.

He only had one thought, one thought, and one thing to do.

That was to kill Gu Huang!

Bang --

The heaven-destroying staff smashed down with an extremely cold power.

Gu Huang's expression changed slightly. He thought that Su Yu would switch from offense to defense, but he did not expect that it would be a situation where both sides would be injured.

His heart jumped, but he did not have time to take back the Dragon Soul Whip. Instead, he punched out with a single fist, "Tyrant Dragon dao-destroying fist!"

Instantly, Ten Thousand Dragons roared and thunder rumbled. The momentum was extremely terrifying!

That day, it was this punch that destroyed the entire light barrier and killed many innocent people.

Seeing the same move from that day, Su Yu was not afraid at all. The Heaven destroying staff smashed down with a loud bang.

Boom --

The earth-shaking loud sound shook the entire universe and stirred up tens of thousands of acres of nothingness.

Instantly, the galaxy surged and swallowed all the abandoned civilizations and meteorites in all directions.

The Dragon Roar in the Lonely Emperor's fist was completely shattered by the staff.

A large part of the dragon scales on his fist were smashed off, revealing blood-red dragon flesh.

Gu Huang's fist was burning with pain, but his entire arm was numb and did not listen to his commands.

The hardness of the heaven-destroying rod was beyond his imagination.

"So that's all!" Gu Huang laughed. "If you don't use your full strength, you won't be able to protect a lowly human woman like you!"

His tone was full of mockery.

Su Yu's eyes were calm. "You're already shouting before it has even started?"

Gu Huang was stunned. It hadn't even started?

What did he mean?

Su Yu suddenly shouted beside his ear, "Heavy!"

He crazily poured primal energy into the heaven destroying staff, causing its weight to increase by a hundred times!

He couldn't even bear such a weight.

Before the lonely emperor could understand what was going on, he suddenly felt an unstoppable heaven-shaking power coming from his fist.

It was the heaven-destroying staff, which suddenly became extremely heavy.

It was so heavy that even if he used all his dragon power, he couldn't block it at all!

Crack --

His arm was crushed by the heaven-destroying staff on the spot!

Bang --

The heaven-destroying staff followed the momentum and smashed onto his long dragon body.

"Ah!" The sound of bones breaking was transmitted through his body like musical notes.

In just an instant, the bones in Gu Huang's body were broken into pieces.

Under the immense pressure of the heaven-destroying staff, he kept sinking into the bottom of the void.

This scene caught Long Taiji and the others who were watching by surprise.

"Gu Huang!" A dragon turned pale with fright and wanted to rush over to help.

However, Long Taiji stopped him. "This is a training for lone emperor. Unless necessary, you are not allowed to interfere!"

"But lone emperor, he..."

Long Taiji said calmly, "If lone emperor was defeated so easily, what qualifications does he have to become the successor of the Dragon Emperor? What he displayed was just the tip of the iceberg!"

Then..., he stared at Su Yu. "It's rare for the human race to have such a heaven's favorite! In any other era, he could have become the leader of the human race. However, it's a pity that he met Gu Huang. In the end, he is still a stepping stone on Gu Huang's path of growth."

On the battlefield.

Su Yu's eyes were ice-cold. He held the heaven-destroying staff in his hand and kept pressing down on Gu Huang.

When Gu Huang was pressed into the bottom of nothingness, anger appeared in his eyes. He felt humiliated as if he had been bitten by an ant. "Enough!"

"Mad Dragon Transformation!" Emperor Gu's eyes suddenly turned red, and the Dragon Heart in his body began to beat faster.

His dragon body continued to expand at a speed visible to the naked eye.

His dragon body, which was originally only ten thousand feet long, instantly became ten thousand feet long.

What was even more bizarre was that the broken bones in his body began to drill out of his body, turning into bone spikes that stabbed into the surface of his body.

From Afar, he looked like a dragon covered in bone spikes.

The broken bones in his body were healing in the blink of an eye.

“Scram!” Gu Huang’s gigantic dragon body shook violently, and he actually managed to pull away the heaven destroying staff.

The force of the force caused a huge wave to rise in the air.

Long Taiji, who was watching from above, revealed a gratified expression. “This is the real Gu Huang, the number one heaven’s favorite in the southern domain, Gu Huang.”

However, what caused his gaze to slightly change was that the scene of Su Yu being sent flying in an instant did not appear in his imagination.

Chapter 2377 Ten Thousand Bones Burying The Soul (Third Watch)

On the contrary, Su Yu held the heaven-destroying staff in his hand, like a divine needle that could calm the sea. He stood in the churning void and was not affected at all.

“That staff, what’s going on?” He was suspicious.

At the bottom of the Void, Gu Huang, who was covered in bone spikes, stared at Su Yu from afar. “You forced me to use the mad dragon transformation. You Lowly Ant, You can die without regrets!”

Su Yu did not say a word. He continued to pour primal energy into the heaven-destroying staff. “Thin!”

The heaven-destroying staff immediately became as thin as an embroidery needle.

Following that, Su Yu aimed the embroidery needle at Gu Huang’s enormous body and said slowly, “Long!”

Xiu --

The embroidery needle immediately became 30,000 feet long and pierced towards Gu Huang’s enormous dragon body.

Moreover, it was right at his heart!

He had once searched for the heart of the ancestral dragon, so he was extremely clear about the body structure of a dragon!

Ding --

A spark flashed, and the embroidery needle was nailed onto a huge dragon scale, unable to go any deeper.

Gu Huang’s blood-red eyes were filled with contempt. “You still haven’t understood how powerful the berserk dragon transformation is!”

His body suddenly shook, and a monstrous power swept away the embroidery needle, unable to penetrate his body at all.

After going through the berserk dragon transformation, Emperor Gu’s dragon body became ten times stronger.

His scales were no longer able to be struck down like before.

“Accept the death I bestow upon you, lowly human!” Emperor Gu swept his tail over, and the tail was densely covered with malevolent bone spikes.

Su Yu withdrew the heaven destroying staff and blocked it in front of his chest.

With a rumble, he was swept away by the huge tail.

Emperor Gu’s eyes were filled with pity. “Goodbye!”

The bone spike on his tail suddenly shot out of his body and stabbed towards Su Yu.

The bone spike was at least 30 meters wide and was enough to crush Su Yu to death.

However, Su Yu’s eyes were calm as he silently chanted an incantation.

The incantation was extremely ancient and it was an ancient language of the dragon race!

Long Taiji, who felt that the battle was over, suddenly had a change in expression. He said in disbelief, “This... This is a secret technique passed down from generation to generation by the imperial family of the previous dynasty!”

He didn’t finish his sentence, because Su Yu had already activated it.

“Dragon! Blood! Boil! Boil!”

As soon as the words left his mouth, an extremely ancient thing seemed to awaken within the dragon blood of all the Dragons present.

It caused them to begin to burn from the inside out.

Even as Heaven Tier Dao lords, they were able to suppress this mysterious ancient flame. However, they couldn’t help but feel fear toward the primordial era.

If they were like this, then the lone emperor’s cultivation was even lower than theirs.

His enormous dragon body suddenly burned fiercely!

He tried his best to suppress the flame, but to no avail.

The Endless Flames burned him until he was in extreme pain. He roared repeatedly, “Dragon blood boiling, one of the secret arts of the previous imperial family. How Do you know it? How do you know it?”

But at this moment, Su Yu’s face was deathly pale.

This art originated from Princess Linglong.

She had personally used it, and Su Yu had secretly learned it.

However, this art required an extremely large amount of dragon blood as the price before it could be activated.

He had fused two hundred drops of Dragon Emperor’s blood into his body, and this art alone had depleted more than half of it!

Even if the Dragon Emperor personally used this art, he had to be careful.

However, as long as he could kill sovereign Gu, no matter how great the price was, it didn't matter!

As the flames burned, the dragon scales on Emperor Gu's body peeled off one after another, revealing a bloody mess of dragon flesh!

Su Yu looked at him coldly. He held the heaven-destroying staff in his hand and once again used it as an embroidery needle.

Pu --

The 30,000-meter-long embroidery needle finally pierced through his dragon body and pierced through his heart.

Ah --

Emperor Gu let out a heart-wrenching roar. As he felt his life slipping away, he finally felt the danger of death.

“Second change of the Mad Dragon!” Emperor Gu's blood-red eyes suddenly turned pale.

His body of a 30,000-meter-long dragon was completely destroyed, leaving only a complete dragon bone.

Furthermore, the bone rapidly grew, replacing the missing flesh and blood.

In the blink of an eye, it turned into a bone dragon.

Even the heart had turned into an incomparably hard bone.

As such, his heart was saved and he was spared from death.

“You're courting death!” Emperor Gu was completely exposed. In other words, he felt a trace of fear.

This human was too mysterious and terrifying.

If he hadn't successfully cultivated the second change of the Mad Dragon not long ago, he would definitely die today!

An unprecedented killing intent reverberated in his heart.

He had to die, he had to die!

Emperor Gu, who felt a huge threat, felt his killing intent rise. “Ten thousand bones burying the soul!”

Pale-white flames shot out from his ten thousand feet long dragon body.

It was a mysterious flame that was a hundred times more terrifying than dragon breath. Even from a great distance, Su Yu could feel the burning sensation coming from his half-dragon body.

If he was touched by the pale-white flame, his soul would definitely be destroyed.

However, Emperor Gu still underestimated the heaven-destroying staff.

This sword could be compared to the royal authority longzun sword.

“Thick!” He growled, and the heaven-destroying staff suddenly became as thick as an arm.

The heaven-destroying staff that pierced through the heart expanded several times without any hindrance, and it naturally crushed the bone-like heart.

The pain from the distance made Gu Huang even more irritable. He roared and pounced over, “Die!”

Along with him came the extremely dangerous pale flames.

Su Yu’s expression was cold. He held the heaven-destroying staff with both hands and exerted all his strength. “Rise!”

Rumble --

A shocking scene appeared!

Su Yu actually lifted the hundred thousand feet tall sovereign gu up!

It was like lifting a wooden fork with a snake on it.

Compared to the hundred thousand feet tall sovereign gu, Su Yu was as small as dust.

At this moment, he used the power of regret to lift him up into the air alive, and then... he ruthlessly smashed down!

Bang --

The dragon body was hurled to the ground, hit the Galaxy Trembling, the nothingness roar.

Will be the lone emperor of the southern region as the number one pride of the majesty, smashed into nothing.

“Ah! The human race, I destroyed...” the lonely emperor roars.

But has not yet got up, Su Yu will pick it up, and then ruthlessly smashed down.

Bang --

“O human, I . . .”

Bang --

“The humans...”

Bang --

Bang --

Bang --

The top of a group of dragons, looking at the lonely emperor, was Su Yu with a stick, on the ground to swing swing over.

At this moment, the Lonely Emperor, how is it still like the world-shaking south of the number one pride, is a dead dog.

At first he could yell, but then his voice got weaker.

Until now, he was knocked unconscious!

They could not believe that the strongest heaven's favorite of the Dragon Race had been defeated so miserably by a human!

Long Taiji was shocked, and his killing intent surged.

This child could not be left alive.

When he grew up in the future, he would definitely be a figure comparable to the dragon emperor.

Furthermore, he had the shadow of the previous imperial family of the Dragon Race.

Neither reason nor emotion could tolerate him living in this world.

“Human, stop.” Long Taiji spoke in a lofty manner. His tone was not a request, but an order.

As he spoke, he flicked his finger at Su Yu.

A Dao master at the Grandmaster realm, with one breath and one thought, was incomparably terrifying, let alone this flick?

It seemed like he was stopping Su Yu, but he wanted Su Yu's life!

Chapter 2378 Chasing After The Dragons

“Get lost!” Su Yu glared at him and took out the insect ancestor's finger. At the same time, he took out a drop of the insect ancestor's blood essence and crushed it.

Instantly, a boundless finger shadow that spanned tens of millions of meters across the galaxy suddenly appeared.

The Finger Shadow was majestic and covered the sky and earth.

The entire galaxy trembled.

The void was split into two because of the finger shadow. The stars were thrown into chaos because of it. The Yin and Yang of the universe were turned upside down because of it.

Dozens of dragons were scattered by the destructive aura emitted by the Finger Shadow.

Even a grandmaster long Taiji couldn't block the ancient ancestor level power.

The finger shadow pierced through the galaxy and pointed straight at long taiji!

In an instant, long Taiji's dragon heart pounded wildly. His muscles tensed up like an ant in front of a monstrous flood.

In the face of such a disaster, he was extremely tiny.

His pupils constricted and his scalp was extremely numb!

At this critical moment, he did not have time to think too much. He grabbed a huge dragon beside him and blocked it in front of him.

Pu --

However, under the shadow of the finger, the so-called dragon race experts were nothing more than pieces of paper. They were easily crushed into a rain of blood!

Long Taiji was greatly shocked. Extreme fear surged up in his heart.

What was that finger?

How could it have such terrifying power?

He suddenly remembered what Su Yu had said, that he would injure that human woman once and exterminate the entire dragon race.

At this moment, he realized that he was not a threat, but that he could really do it.

Under the power of the ancestral level, even if the Dragon Emperor came personally, he might not be able to withstand it!

His heart was shrouded in death, and he felt an unprecedented fear.

“Come here!” He grabbed another nearby dragon with his dragon claw and blocked in front of him.

With a scream, that dragon was killed on the spot.

At this moment, he no longer had the demeanor of one of the three great experts of the dragon race. It was as if he was crazily dragging his companions down with him, using their flesh and blood to block the terrifying finger shadow.

Only after sacrificing eight giant dragons did the finger shadow gradually weaken.

Even so, when it hit long Taiji’s body, it still shattered half of his body, almost killing him from the heavens and earth.

Luckily, he escaped the disaster. Long Taiji panted heavily and stared at Su Yu with a frightened expression.

His eyes were filled with deep fear.

Su Yu did not even look at him. He only looked at Gu Huang under his feet and his starry eyes were cold. “No one can save you!”

Boom --

Su Yu lifted his palm and lifted him up again before smashing him onto the ground.

Long Taiji and the others only watched from the side but did not dare to stop him.

They could only watch as Gu Huang was smashed into a bloody mess again and again!

“Save me...” Gu Huang cried out weakly for help. There was no longer any trace of arrogance and arrogance in his eyes.

However, how would long Taiji and the others dare to make a move?

However, if they could only watch Gu Huang die in front of them, it would still be difficult for them to escape death after they returned.

There was only one ending for them -- they would be executed by the Dragon Emperor!

Seeing Gu Huang getting weaker and weaker and on the verge of death, Long Taiji gritted his teeth, he roared angrily, "Human, Stop Now. It's not too late for you to regret! If you really kill Gu Huang, you, your human race, your woman, your family, your friends, and the place where you once stayed will all be razed to the ground by the Dragon Race!"

That sonorous and powerful threatening voice roared in the sky and earth.

Every word was filled with deep hatred and the threat was deep.

With the strength of the dragon race, they were indeed able to destroy the human race, Su Yu's family and friends, and all the civilizations that they had stayed in.

"Therefore, this is why we must destroy you all!" Su Yu said coldly without turning his head.

At this moment, they still did not understand what their mistake was. They still used the people and things that Su Yu valued the most to threaten him.

If he did not destroy such a dragon race, would he wait for them to recover their vitality and destroy the people and things that he valued the most?

"Die!" Su Yu once again used his finger shadow.

Long Taiji's scalp went numb. What exactly was that thing that could be continuously activated?

However, with the previous experience, Long Taiji was mentally prepared. He hurriedly shouted, "Form the ten thousand dragons array!"

The remaining eighteen dragons, with long Taiji as the center, chanted the ancient dragon language.

The scales of all the dragons turned a strange blood-red color.

The eighteen dragons stood in their respective positions, forming a very strange rune.

The Finger Shadow rolled over, and the rune floated and blocked it.

However, it only blocked it for a moment before the finger shadow continued to move forward, crushing the first dragon into minced meat.

Next was the second and third.

Long Taiji hid at the back and shouted, "Save Gu Huang!"

He and the three dragons pulled out the symbols and rushed towards Su Yu.

Long Taiji grabbed Gu Huang's dragon horn and used all his strength to pull it out from the heaven destroying staff.

Immediately, dragon blood splattered. Gu Huang was weak and let out a miserable groan.

However, at least he was saved!

Su Yu's eyes turned cold. Just as he was about to chase after him, long taiji shouted, "Stop him!"

The two giant dragons charged at Su Yu in fear while he himself fled with Gu Huang.

At this moment, the finger shadows crushed the giant dragons one after another. Their strength was exhausted and they finally collapsed.

The ten giant dragons that were lucky enough to survive followed Long Taiji and fled in a panic.

Only the two giant dragons were left behind to block Su Yu.

“Human, enough is enough. Otherwise, you won’t be able to bear the consequences!” The two giant dragons shouted coldly and angrily.

What was enough?

If Su Yu didn’t have the ability to resist them, if Su Yu was really just a tiny ant, would they stop?

No!

Qin Xian ‘er would be killed by them cruelly, and Su Yu would be killed cruelly by them.

When it was their turn to be hunted down, they asked Su Yu to stop.

“You are the ones who are the least qualified to say Stop!” Su Yu took out the ancestral dragon’s feather and poured a drop of insect ancestor’s essence blood into it.

Swoosh --

The ancestral dragon’s feather moved and drew an extremely strange arc in the air.

The arc cut through the enormous bodies of the two giant dragons and easily cut them into two halves like paper.

As the Dragon’s blood soared into the sky, Su Yu, who was covered in dragon blood, broke through the universe and caught up with the group of dragons.

The many dragons who had already escaped to an extremely far place and felt slightly safe all shuddered when they sensed the incomparably cold figure behind them.

Turning their heads to look, they saw a person covered in blood, like a blood demon that crawled out from the depths of hell, following closely behind them.

A chill that had fallen into the ice cellar surged in their hearts at the same time.

Gu Huang’s teeth were chattering as he said, “Long Taiji, quickly tell him that I admit my mistake.”

Long Taiji’s heart was trembling. “It’s Too Late!”

If he had a choice, he would never have let Gu Huang come to the shore civilization, much less take revenge on the shore civilization that relied on the strong to bully the weak.

Or, even if Gu Huang had listened to this human’s warning and did not harm the human girl, there was still room for redemption.

It was too late to regret now.

Staring at the blood shadow chasing after them, Long Taiji only felt that it was not some half-step dao master human who was chasing after them, but a peerless fierce person who was on par with the Dragon Emperor.

“You should never, never have attacked that human girl!” Long Taiji felt inexplicably regretful. Why didn’t he stop the Gu Emperor at that time? If..

Unfortunately, there were no ifs!

“All of you, stay!” Long Taiji shouted at the remaining ten dragons.

The ten dragons were extremely unwilling!

Why?

It was clearly the fault of the Gu Emperor. They had done nothing. Why should they pay for the Gu Emperor’s mistake?

If they stayed, they would definitely die!

However, the Dragon Clan’s hierarchy was strict, so they couldn’t ignore Long Taiji’s words.

With great unwillingness, they could only choose to stay. They turned around and stared at the blood shadow that was rapidly chasing them with fear.

All the Dragons swallowed hard, their hearts filled with fear.

Die!

They would definitely die!

The huge bodies of the Dragons couldn’t help but tremble.

The moment they were about to die, it stimulated their desire to live.

“Go All Out!” One of the Advanced Stage Heaven Tier Dragons said in a trembling voice.

The other dragons gathered their courage and prepared to face death.

However, at this moment, the blood shadow that was attacking shouted coldly, “Those who surrender won’t be killed. Take it and kill without mercy!”

After attacking twice, he had already killed 21 dragons. If he killed Gu Huang and Long Taiji, he would have 20 dragons.

Just as he had said, one drop of blood and one dragon.

If Xian ‘er spat out 23 drops of blood, he would kill 23 Dragons.

The ten dragons in front of him could be killed, but they could not be killed.

The ten dragons that were already prepared to die immediately began to struggle.

The dragon race was the most honorable and proud race in the outer realm.

Ever since the dragon race became powerful, they had never submitted to other races.

Therefore, psychologically, they refused to surrender.

However, the reality was that their dragon bodies could not be controlled and they fell to the ground.

“I. . . Surrender!”

“I Surrender Too!”

The ten thousand-foot-long dragons all fell to the ground.

Their dragon claws moved forward and their heads hung low on the ground.

Su Yu flew over their heads and shouted, “Hand over the Dragon Pearls.”

The dragon pearls were the core of the dragon race, and they were also the key to life. Once they were controlled by someone, it was the same as having one’s life in the hands of another.

However, none of the Dragons dared to resist, and all of them handed over the dragon pearls.

Su Yu clenched his large hand and grabbed all ten dragon pearls in his palm.

“Follow me!” Su Yu used the ancestral dragon’s unique feather and brought ten dragons with him. In an instant, he cut through the yin-yang and life-and-death situations and caught up with long Taiji and the others who had long fled.

The ten dragons were extremely shocked.

What kind of heaven-defying divine art was this?

Could a single thought cause yin and Yang and life and death?

Long Taiji was equally shocked!

At this moment, he had already escaped to a huge teleportation formation.

It was a teleportation formation built by the dragon race, and it was used to connect to all the major civilizations of the southern mountain range.

As long as they escaped into it, they could immediately head to the large dragon civilization and receive the protection of many experts.

They would be able to escape this calamity.

However, what made long taiji despair was that Su Yu actually led ten giant dragons and suddenly blocked the teleportation array.

What made him even more despair was that after Su Yu appeared, he smashed the teleportation array with his club and shattered it, completely cutting off long Taiji’s hope of escaping.

Looking at the ten giant dragons that betrayed him, he followed closely behind Su Yu.

Looking at Gu Huang who was already heavily injured, Long Taiji said in grief and indignation, “Human, you are too ruthless! We merely injured your woman. Is there a need to be so ruthless?”

Su Yu’s expression was indifferent as he said coldly, “I am ruthless because you are even more ruthless!”

If Su Yu did not have the insect ancestor’s finger, essence blood, and Ancestral Dragon Yiyu, would they let Su Yu and Qin Xian ‘er off?

No, even if Qin Xian 'er was injured, they would not let her off. They wanted to find Qin Xian 'er and kill her on the spot.

At that time, did they ever think of exterminating them?

No!

Only when the same fate fell on their heads would they berate others in grief and indignation for exterminating them!

And they never thought about whether what they did was right or wrong.

Was there a need to forgive such enemies?

If they were forgiven today, they would gather their strength tomorrow and come back again.

At that time, when Su Yu asked them not to be merciless, would they hold back?

Chapter 2379 The Dragon Emperor Appeared

"Kindness is only given to friends and kind people. What is left for the enemy is only cruelty!" Su Yu's expression was indifferent as he took out the insect ancestor's finger.

Long Taiji's eyes were filled with grief and indignation.

The Lonely Emperor was also filled with indignation. "Can't I admit my mistake? Why must you do this?"

Even at the end of his life, he still spoke in this manner. He did not realize what he had done wrong at all.

How could Su Yu convince him to forgive such a person?

"Die!" Su Yu coldly raised his finger.

In the midst of despair, Gu Huang burst out with the will to survive. "I, Gu Huang, still want to head to the eight-star civilization and lead the imperial family. I also want to dominate the world. I can not die!"

Determination shot out from his eyes as he suddenly stared at Long Taiji's back and said coldly, "Long Taiji, you will definitely die. Why Don't you fulfill my wish!"

Long Taiji was currently on guard against Su Yu. How could he be on guard against the Lonely Emperor?

Hearing his crazy words, he knew that something was wrong. He quickly said, "What are you doing..."

Puchi --

The answer he got was a dragon claw that had pierced through his dragon heart.

Long Taiji looked at the dragon claw that had pierced through his chest in disbelief. In that Dragon Claw, his heart that should have belonged to him was beating.

Chi --

The Lonely Emperor pulled back his Dragon Claw and stared at the heart in his hand. He said mercilessly and cruelly, "You know the reason why the Dragon Emperor is so powerful. I'm just imitating the Dragon Emperor and undergoing the rebirth of the Dragon Clan!"

Long Taiji panted heavily. His vitality was fading bit by bit.

He wanted to laugh, but he couldn't.

He thought that he would die in the hands of Su Yu, but he didn't expect that he would die in the hands of the person he wanted to protect.

Was this a tragedy or a trap?

"Dragon Emperor, so you really taught him the 'Dragon Abyss Treasure Scroll!'" Long Taiji looked up at the empty sky and smiled bitterly. "Even if it wasn't today, I would have ended up like this sooner or later, right?"

The speaker did not mean what he said, but the listener did.

Others might not know what the 'Dragon Abyss Treasure Scroll' was, but how could Su Yu not know?

It was the supreme secret manual that the creator Dragon had stolen from the Dragon Clan!

It was a mysterious book from the Dao Abyss!

After obtaining this book, the ancestor Dragon had grown from an ordinary divine dragon to one of the nine great holy ancestors, the ancestor dragon.

The previous generation of the Dragon Clan's royal family had encountered all sorts of accidents when they chased after the creator Dragon who had stolen this book. As a result, the Dragon Emperor had fallen and the princess had perished.

However, since the Dragon Abyss treasured book had been snatched away by the creator Dragon, where did the current Dragon Emperor get the Dragon Abyss treasured book?

What was the relationship between the current Dragon Emperor and the creator Dragon?

Was the previous generation of the Dragon Emperor really killed by the creator dragon alone?

Unfortunately, the soul of the creator Dragon had already been used by Su Yu to convert his soul. Otherwise, he could have learned a lot of secrets through soul searching.

Gu Huang said darkly, "Since you know, then I won't be polite!"

"Ancestral Dragon Nirvana!" Gu Huang roared and opened his mouth to eat the entire heart.

Bang Bang --

Instantly, two hearts beat in his body at the same time.

Fist-sized vortexes appeared on the surface of Gu Huang's body, producing a targeted suction force.

Long Taiji's body turned into sparkling light spots, which were swallowed by hundreds of vortexes and merged into Gu Huang's body.

Meanwhile, Gu Huang's aura rose rapidly.

From the late stage of the fish-dragon realm, he instantly rose to the early stage of the Heaven Tier, and then soared all the way.

In just a few breaths, he had successfully reached the completion of the heaven tier.

He was just one step away from the grandmaster realm.

The pupils of the ten giant dragons contracted, and fear rose from the bottom of their hearts.

This was the ultimate forbidden technique of the "Dragon Abyss treasured scroll", the ancestral Dragon Nirvana.

It was said that if the descendants of the ancestral dragon swallowed enough of their own kind, there was a chance that a trace of the ancestral dragon's bloodline would be born from their bodies.

With the terrifying power of the ancestral dragon, even if there was only a trace of the ancestral dragon's blood, it could still shake the heavens and shake the earth.

And even if there wasn't a trace of the ancestral dragon's bloodline, they could still use this technique to absorb all of the other party's essence into their own bodies.

However, this technique was too evil. It had been listed as a forbidden technique by the ancestral dragon from the very beginning and forbade future generations to cultivate it.

It had also been stated that once the forbidden technique was activated, the dragon clan would be exterminated.

Once the cultivation started, the Dragon clan would definitely be exterminated.

As for the reason behind this, the ancestral dragon did not mention it.

However, the Dragon Clan's imperial family had always followed their ancestral teachings. Even though the Dragon Clan had declined, they had never disobeyed the ancestral dragon Ming Lin.

Only the current Dragon Emperor had cultivated this forbidden technique without permission and achieved a glory that the previous Dragon Emperors had never achieved.

The fact that the GU emperor's cultivation had reached the late stage of the heaven tier was enough to show how tyrannical this technique was!

It seemed that his cultivation would continue to rise and he would become an existence at the grandmaster realm.

What was more worrying was that there was a certain chance that the ancestral dragon bloodline would appear.

Once that happened, a mere insect ancestor's finger would not be able to contend against it!

Su Yu's eyes were cold as he drew a line in the air with one hand.

Six huge doors that blotted out the sky suddenly appeared in the world.

Each door represented a concept.

“Reincarnation!” Su Yu was like an immortal who had mastered six paths. His five fingers tapped together and the six paths of reincarnation suddenly opened.

From the six huge doors, immortal mist of different colors flowed out from each of them. There was also a mysterious meaning.

“Law of Reincarnation?” The ten giant dragons felt their scalps go numb.

Reincarnation only existed in legends. Even if it existed, very few people knew about it, let alone cultivating.

But Su Yu not only cultivated, he even comprehended the law!

“Nirvana, you have to ask me if I agree!” Su Yu’s palm was reincarnated.

The six wide open doors all passed through the Lonely Emperor’s body.

Every time they passed through, it caused his nirvana to retreat a little.

When the six doors passed through his body, it forcefully interrupted the process of his ancestral dragon’s nirvana!

Wah --

Gu Huang suddenly spat out a heart. His cultivation, which was about to break through to the grandmaster realm, rapidly fell back to the later stage of the fish-dragon realm like the receding tide of the sea.

“How... How is this possible?” Gu Huang looked at the beating heart of the Grandmaster realm on the ground in disbelief.

The secret technique of the Dragon Abyss treasured scroll had been forcefully interrupted!

This was impossible, absolutely impossible!

Boom --

Su Yu pressed down with his palm, and the door of six paths sank into the bottom of nothingness.

He stood with one hand behind his back, his silver hair dancing wildly. His pair of cold eyes looked down at the world as if he was the supreme ruler of absolute beginning, looking down on all living beings.

“Ancestral Dragon Nirvana, you are not worthy.” Su Yu looked down like a god, depriving a mortal of the right to become a god.

Emperor Gu suddenly raised his head, his eyes filled with hatred. “Su Yu! I curse you, you will die a horrible death!”

Puff --

Emperor Gu, who knew that he would die for sure, used his cultivation and dragon blood to form a curse on his chest before he died.

Together with the ancient Dragon language of the Dragon Royal Family, he activated the curse.

Instantly, Su Yu’s chest burned, and a ferocious black dragon was branded on his chest.

Gu Huang's dragon body rapidly declined and was on the verge of death.

"Hahaha, this is one of the highest curses of the dragon race. It will devour your cultivation bit by bit, devour your flesh and blood, and let you slowly die in pain! You will die even more miserably than me..."Gu Huang threw his head back and laughed loudly, his laughter was filled with hatred.

However, he did not laugh for long.

Because before the black dragon curse could unleash its power, a blood crystal suddenly drilled out of Su Yu's body.

The blood crystal turned into a beautiful snow-like dragon head, swallowing the black dragon curse with large mouthfuls.

The Black Dragon curse hurriedly fled, escaping in all directions within Su Yu's body.

However, it could not escape the snow-white dragon head at all, swallowing it bit by bit.

The black dragon wanted to resist the curse, but the two sides were obviously not on the same level.

The black dragon bit the snow-white dragon, but it did not miss a single bite.

But the white dragon bit a big piece.

In the end, the black dragon's curse was eaten until not even dregs were left.

Gu Huang stood there, unable to believe his own eyes. "The Curse of life and Death! The ultimate curse passed down from generation to generation in the Dragon Royal Family? Impossible, that is a curse that only the dragon princess can cast, but this dynasty does not have a Princess!"

This dynasty indeed didn't have one, but the previous dynasty did.

Princess Linglong cast a curse of unity on Su Yu.

The content of the curse was that if Princess Linglong died, Su Yu would definitely die.

On the other hand, if Su Yu died, she wouldn't die!

Su Yu hadn't paid attention to the curse of unity for a long time. He didn't expect that there would be such a thing.

"Everything about you, in my opinion, is the trick of an ant,"Su Yu said indifferently.

The ten giant dragons behind him couldn't help but pity him.

Gu Huang was powerful in the world, but he was restrained by Su Yu in every aspect.

Even the curse that was formed by his life's cultivation and flesh was restrained by Su Yu.

This... was too tragic, wasn't it?

"Ah! Am I, Gu Huang, destined to be like this?"Gu Huang couldn't help but let out a sorrowful and angry roar.

Su Yu's eyes turned cold. He swung the heaven-destroying staff and smashed it into pieces on the spot, completely killing it.

"Are you waiting for someone to save you?" Su Yu shook the dragon blood on the heaven-destroying staff and said coldly.

Looking around, Su Yu put away Long Taiji's heart.

After thinking about it, he sealed it in ice.

As long as the ice was unsealed, the heart could still be revived.

Then, he put away the bodies of Long Taiji and Gu Huang.

The former was a dragon at the Grandmaster realm, while the latter was the bloodline of the royal family of the Dragon Clan. It was of great use to him.

Moreover, there were some things that he wanted to verify.

However, just as Su Yu was cleaning up emperor Gu's corpse, his dragon body began to burn without any warning.

It was a layer of purplish-black evil flames.

Su Yu accidentally touched it and it immediately burned his entire body, burning his body into ashes.

In a short breath, he was burned to death!

The Flames on Emperor Gu's body condensed into an abnormally sinister face of the dragon race.

Seeing this face, the ten giant dragons trembled and knelt down, shouting in unison, "Greetings, Your Majesty, Dragon Emperor!"

The person who revealed himself was none other than the Dragon Emperor!

Of course, it was not his original body, but a trace of power left in Emperor Gu's body.

When Emperor Gu died, the hidden power would awaken and reveal itself.

"Use your death to atone for your crimes!" The Dragon Emperor's voice was calm, but it was extremely majestic.

The ten dragons actually obeyed. They raised their dragon claws and slapped their heads, prepared to use their deaths to atone for their crimes.

If they failed to protect the lonely emperor, it would be a death sentence.

However, right at this moment, from the ashes that Su Yu had turned into, an indifferent voice suddenly sounded, "Your lives are mine, only I can let you die! ?"

Whoosh --

A powerful life force rose from the ashes and transformed into a new state of Su Yu.

The ten giant dragons had just woken up.

Yes, the present was different from the past.

They had completely abandoned the dragon clan and chose to become Su Yu's subjects. What was the point of obeying the Dragon Emperor's order?

Moreover, it was to let them die to atone for their crimes?

Chapter 2380 The Aftermath

As a result, the dragons all thought it through and put down their claws.

This incident was all caused by the lonely emperor himself. His death had nothing to do with them, so why should they die to atone for his crimes?

"You're too bold."The giant flaming face of the Dragon Emperor Shook.

The Ten Dragons were silent. They didn't dare to refute or even look at the Dragon Emperor in the eye.

The Dragon Emperor looked at them coldly and finally looked at Su Yu. He looked at him up and down and said indifferently, "Did I see wrongly?"

He clearly felt that Su Yu's life was gone. Why did he suddenly come back to life?

"It doesn't matter whether I saw wrongly or not. What matters is that you speak quickly. If you don't have anything to say, then get lost!"Su Yu said coldly.

Since the Dragon Emperor had appeared, he would definitely not speak without reason.

"Human Junior, you have two options. One is to join our Dragon Clan, and the other is for me to personally hunt you down and kill you. Which one do you choose?"The Dragon Emperor said concisely.

Joining the Dragon Clan sounded nice, but in reality, if one really joined, what would be the outcome? was there even a need to ask?

One had a close relationship with the previous dynasty's dragon royal family, the other cultivated the evil Dragon Bible, and the other killed the number one chosen of the Dragon Clan. How would he be treated?

Death might not be the worst outcome.

"I won't choose any of them,"Su Yu said calmly. He even dared to snatch the things of the three ancestors, so why should he fear the Dragon Emperor?

The Dragon Emperor nodded slightly. "I understand! I will personally hunt you down and kill you until you die without a burial ground!"

After saying that, the flames were extinguished.

Finally, the Dragon Emperor's vague warning came. "Remember My Words!"

Puff --

The Flames were extinguished, leaving only the dragon emperor's words floating in the air.

Su Yu did not take it seriously and led the ten giant dragons to leave this place temporarily.

The commotion just now was too big, so it was not suitable for them to stay here for long.

Little did they know.

Far Away in a secret chamber of the Taiji civilization.

As a member of the tripod, Princess Linglong of the Dragon clan was sitting cross-legged and meditating with concentration.

With the help of princess ru Chen's body, Princess Linglong's soul was nourished to be quite strong.

Just as she was cultivating as usual, she suddenly opened her eyes, and a look of shock shot out of them.

An ice crystal emerged from within her body.

From within the ice crystal, an incomparably terrifying dao master's power flowed out and crazily fused with her body.

"This... This is..."Princess Ling long couldn't believe it. "It's the curse on Su Yu's body that absorbed the power of a certain Dragon Race Almighty. How is this possible?"

She was full of shock and doubt, but she couldn't afford to be distracted.

How could her ordinary body withstand the boundless power of a dao master?

"Ten Thousand Dragons absorb water!"At this critical moment, Princess Linglong used the secret technique of the imperial family to quickly digest the power of the Dao master that had descended from the sky.

Her body continued to change at a speed visible to the naked eye.

Layers of crystal skins kept peeling off her body.

Her aura was like a golden silkworm breaking out of its cocoon, soaring wildly.

This movement attracted many powerhouses of the Taiji civilization.

Feeling the magnificent power of the Taoist master, all of them were shocked.

After an entire day, Princess Linglong slowly opened her eyes. There was both surprise and regret in her eyes.

She was pleasantly surprised that with the help of the Taoist masters, she had successfully recovered her cultivation to the peak and reached the completion of the forgotten words state.

Unfortunately, the power was so huge that she only had time to absorb one-tenth of it and waste the remaining nine-tenths. Otherwise, she could have broken through to the late stage of the fish-dragon realm.

"Princess Linglong, Congratulations!"The Dark King was the first to arrive, his face full of surprise.

Princess Linglong did not mind. She looked into the distance thoughtfully and said, "The one who should be grateful is Su Yu."

She had never thought that the curse that she had cast on Su Yu to save her life would one day bring her a great opportunity.

What was even more unexpected was that Su Yu's current enemy was already at the level of a Dao master in the fish-dragon realm.

It had only been thirty years since they last met, but he was already so powerful!

On the other side.

In a dark galaxy, a gloomy-looking young man had kicked a six-star civilization to pieces.

That civilization was the civilization that Su Yu had passed through during the battle between the second clone of the carefree emperor.

With a single kick from the young man, the civilization that had existed for an entire era was easily crushed like mud.

In the blink of an eye, all the living beings on it were destroyed and died in the sudden disaster.

"Damn it, where is he hiding?" This young man was none other than the second clone of the carefree emperor.

After more than ten years, he had finally found the nearby area.

However, he was unable to pinpoint Su Yu's exact location.

In his anger, he casually kicked the nearby civilization to vent his anger, causing it to explode.

At this moment, carefree emperor seemed to have sensed something and looked towards the western region's border.

Immediately, the corners of his mouth revealed a hint of disdain. "I was wondering where the ancestral level strength came from. So it's the snake, insect, rat, and ant that were on the verge of death in the previous era!"

He couldn't be bothered with them. However, the appearance of the ancestral level power had triggered his guess.

"That little saintly being carries the hopes of all living beings. It has always been blessed with great opportunities," carefree emperor said thoughtfully. "If I calculate the time, it should be when the eight-star civilization is recruiting extraterrestrial beings, right? That kid shouldn't miss it!"

Then, he closed his eyes as if he was receiving some kind of message.

After a while, he looked up at the eastern region. "Alright, I'll wait for You There!"

Boom --

The Heaven and Earth split apart as the carefree emperor left in an instant. The strong winds that he stirred up blew away groups of civilizations!

A few days later.

A group of powerful experts from the shore civilization finally caught up with the aura of the dragon race.

They were already mentally prepared for a life and death battle.

However, when they arrived at the border of the southern region and saw the scene on the ground, they were all stunned.

The corpses of the Dragons lay in the air.

Judging from their wounds, they were all killed by a magnificent power.

There was a weak ancestral level power near the corpses. They were frightened even before they got close.

“Who did it?”The Lord of the ten thousand insect civilization sucked in a cold breath.

It was easy to kill a dragon at the heaven tier, but with so many of them, even the South Pole Immortal Weng was far from being able to kill them all in one strike.

Everyone was shocked as they watched the terrifying scene.

Among them, only the divine flame female devil knew who did it.

Apart from that senior, no one else could crush dozens of giant dragons as easily as crushing bugs, right?

“Senior still made a move in the end,”said the divine flame demoness. Recalling the senior’s disdain towards the dragon race, she felt very helpless. “The dragon race has really provoked an existence that they shouldn’t have provoked.”

Seriously, it wasn’t good to capture anyone’s woman, yet they had to capture the senior’s Disciple’s woman.

Wasn’t this asking for death in the middle of the night?

The Divine Flame Demoness’gaze shifted. While the others were still distracted, she immediately pounced forward and took away the corpses of the five giant dragons.

These were all dragon bodies of the heaven tier, and the materials on their bodies were extremely precious.

Normally, they wouldn’t even think about it.

Only at this moment could they obtain eight dragons.

The South Pole Immortal Weng then reacted and joined in the fight. However, the other experts all reacted and joined in.

Therefore, he only managed to obtain five dragons, and the rest were divided up.

Because of this, a big internal conflict broke out among the various factions, and they fought each other.

Fortunately, the South Pole Immortal Weng and the divine flame female devil suppressed the chaos and calmed it down.

“Let me see what happened!”The South Pole Immortal Weng’s Beard fluttered as he waved his sleeves as if he was painting.

Traces of Aura gathered from nearby and formed a picture in the air.

When the picture appeared, all the mighty figures in the Western Region felt their scalps go numb!

In the scene, dozens of dragons fled in panic.

Behind them, in the boundless darkness, a blurry figure covered in blood crawled out of Hell and chased after them relentlessly.

“Who... who is that? He’s chasing after so many dragons by himself?”

“To be precise, Long Taiji is also on the hunt!”The South Pole Immortal Weng’s expression was unprecedentedly solemn.

The South Pole Immortal Weng, who had personally fought with long taiji, knew how terrifying long Taiji was.

However, someone as powerful as him was being pursued by a blood shadow man?

“There are such Peerless Devils in our Western Region?”Someone mistook Su Yu for someone from the Devil Path.

The Devil Path in the Western Region wasn’t flourishing, and they had never heard of such a terrifying devil path.

“Could it be the Devil Wudao from the Northern Region?”

Out of the four regions, the northern region’s demonic path was the most prosperous.

The most famous one was the number one demonic path in the northern region, the demonic path.

It was rumored that the strength of the demonic path was earth-shattering, comparable to that of the Dragon Emperor.

Only by personally acting could he chase long Taiji and the others and escape in a panic.

“The recruitment of the eight-star civilization is imminent, and the peerless experts are arriving in droves. These are truly troubled times!”A civilization master sighed.

The South Pole Immortal Weng frowned slightly. was that Blood Shadow Really Wu Dao Mo?

Wu Dao Mo had never left the northern region, so how could he appear without any warning and even chase after the Dragon Race?

However, the most important thing now was to find the captured disciples.

Everyone spread out. On the nearby civilization, they indeed found the bound disciples.

Apart from two of them who died tragically, the rest were all safe and sound.

Some civilization masters tried to ask them if they knew anything, but none of them could answer.

They could only feel the terrifying fluctuations of the battle, but they didn't know who was fighting with the dragon race.

However, the appearance of a piece of information made all the factions excited.

“Master, it seems that that person is here for Junior Sister Qin.” Hai Qingxiao's face was a bit pale.

South Pole Immortal Weng's sharp light flashed. “Explain clearly!”

Therefore, Hai Qingxiao told him about Qin Xian 'er's sudden appearance when she was about to be burned to death.

“Where is Qin Xian 'er?” South Pole Immortal Weng looked around and found that Qin Xian 'er was nowhere to be found.

The other forces were also greatly moved. Pathless devil was here for Qin Xian 'er from South Pole Immortal Palace?

It was self-evident what that meant!

“Go all out to find Qin Xian 'er!” Immortal Weng of the South Pole was greatly moved. Regardless of whether the blood shadow was wayless devil or not, as long as he could use Qin Xian 'er to pull her to his side, it would be a peerless help!

Immediately, everyone from the South Pole civilization spread out to look for Qin Xian 'er.

Two days later, someone finally found Qin Xian 'er, who was still recovering from her injuries, in an abandoned place.

When the South Pole Immortal Weng heard the news, he personally rushed over and greeted her.

Qin Xian 'er was flattered. Although the South Pole Immortal Weng accepted her as a disciple, he did not take her seriously. How could he be so eager?
