

Nine-Dragon 2381

Chapter 2381 The Divine Dragon Battlefield

“Xian ‘er, who is the senior who saved you?” The South Pole Immortal Weng asked with a pleasant expression.

Senior? was he referring to Su Yu?

She didn’t understand why they mistook Su Yu for a senior, but it was clear that Su Yu was fine.

She finally put down her worried heart.

“At last, I still have a chance to say sorry in person.” Qin Xian ‘er was looking forward to seeing Su Yu again.

“Xian ‘er, can’t you tell me?” Seeing that Qin Xian ‘er didn’t respond, South Pole Immortal Weng asked kindly.

Qin Xian ‘er shook her head. “I don’t know who senior is either.”

She was very clear-headed. It was best not to expose Su Yu on her own accord.

Hearing this, the masters of the four forces were greatly disappointed.

South Pole Immortal Weng also felt regretful. It seemed that Qin Xian ‘er didn’t have a deep relationship with that blood shadow person.

At least, it was not as deep as they had imagined.

“Alright, it’s alright. Follow me back to the shore civilization.” The South Pole Immortal Weng said expressionlessly.

Among them, the one who was the most relieved should be eldest senior brother Tie Bufan.

He was afraid that the South Pole Immortal Weng would put Qin Xian ‘er in an important position because of that mysterious senior.

It turned out to be a false alarm.

“Junior Sister Qin, it seems that you can’t change your destiny.” Tie Bufan stared at Qin Xian ‘er with a flash of pity in his eyes.

The South Pole Immortal Weng was never a kind person, and he would never save her for no reason.

He had his own intentions, but he had been hiding it from Qin Xian ‘er, so the latter didn’t know about it at all.

Everyone went back one after another. Except for the Divine Flame Demoness and the others, no one knew that Su Yu had been here before.

In a remote small civilization in the southern domain, ten giant dragons were guarding the outside layer by layer.

Inside, there was a spatial isolation formation.

Inside the formation, Su Yu was counting his gains and losses.

The biggest gain was naturally that Qin Xian 'er was safe and sound. With this alone, any losses were nothing.

Next was long Taiji's dragon body and Dragon Heart.

And what he lost was a hundred drops of Dragon Emperor's blood and four drops of insect ancestor's essence blood.

The former was fine, but the latter could not be made up for.

Out of 10 drops of essence blood, only three drops were left.

As a life-saving item, insect ancestor's essence blood had to be used with caution in the future.

After sizing up long Taiji's corpse in his interspatial ring, Su Yu tried to take out the dragon blood.

Unfortunately, he only took out 1,000 drops.

Because most of the essence in his body had been devoured by Gu Huang with the "Ancestral Dragon Nirvana".

Su Yu tried to fuse 1,000 drops of dragon blood into his body, but the blood essence was only enough to cover the 100 drops of Dragon Emperor's blood that he had lost previously.

"A difference of 10 times?" Su Yu touched his chin. "The difference between dragon emperor and long Taiji seems to be much greater than I imagined."

Long Taiji was an existence at the late stage of the Grandmaster realm.

And the Dragon Emperor's blood essence alone was 10 times stronger than long Taiji's, so how powerful was he?

Perfect Grandmaster realm?

Or... did he surpass Dao Master Huang and step into Dao Master Xuan?

"The Nirvana of the ancestral dragon. This technique is too heaven-defying." Su Yu frowned. In such a short period of time, the Dragon Emperor had become the number one expert in the southern domain. He even claimed to be the number one expert in the outer realms. One could see how powerful the Nirvana of the ancestral dragon was.

He had seen with his own eyes how the Gu Emperor's cultivation base had soared after using the Nirvana of the ancestral dragon.

"The Heavenly Dao has its own stability. There are gains and losses. Such a rapid increase in cultivation should have a huge drawback," Su Yu muttered.

If that wasn't the case, why would emperor Gu use this secret technique at such a critical moment?

With a thought, Su Yu summoned the evil dragon.

“What are your orders, fellow Daoist?”The evil dragon asked. Suddenly, he noticed the ten giant dragons beside Su Yu and was greatly shocked.

Su Yu thought for a moment and asked, “Do you know the secret technique of the Dragon Clan’s imperial family, the ‘Dragon Abyss Treasured Scroll’?”

The surprised evil dragon’s face suddenly became serious and solemn. “Of course I know. Why do you ask?”

Su Yu then told him about the GU emperor transformation.

Although the evil dragon’s cultivation was low, he knew a lot about the secret of the Dragon Clan. He said, “Fellow Daoist, you don’t have to be too surprised. The Ancestral Dragon’s Nirvana is a forbidden technique. After it is used, the price is very high. Usually, it won’t live past a year.”

One Year?

The price was indeed too high!

One year was just a snap of the fingers for an expert of that level.

“Wait! What’s going on with the Dragon Emperor? Why is he still alive after cultivating the Nirvana of the Ancestral Dragon?”Su Yu asked again.

The evil dragon shook his head with certainty. “Then he is definitely not cultivating the Nirvana of the Ancestral Dragon!”

Thinking about it carefully, Su Yu also felt that there was a big problem.

If the Dragon Emperor cultivated this technique, how could his cultivation still remain at the perfect grandmaster realm?

The accumulation of devouring over time had probably long reached an unimaginable terrifying realm.

“The Dragon Emperor is really mysterious,”Su Yu muttered.

The evil dragon’s eyes flashed, and he said, “You obtained the heart of a Great Grandmaster Realm Dragon? If that’s true, I think that it might be able to help you cultivate the Heavenly Dragon Dao body to the advanced stage.”

Currently, Su Yu’s Heavenly Dragon Dao body was only at the intermediate stage and was far from the advanced stage.

“How do I do that?”Su Yu was even more puzzled. The evil dragon was only an ordinary dragon at the Emperor Realm in the beginning. How did it know so many secrets?

“It’s very simple. You just need to combine it with the secret technique in the evil Dragon Bible, ‘Evil Dragon Rebirth,’And you’ll succeed,”the evil dragon said. “However, apart from that, you also need to get the complete skeleton of the Hundred Giant Dragons.”

Su Yu frowned slightly.

One complete skeleton of the dragon race was easy to deal with, but where could he find a hundred?

“Every generation of the dragon race has a special place to bury the remains of the dragon race. It’s called the Divine Dragon Graveyard.” The evil dragon said, “If you want to find the skeletons of the hundred or so giant dragons, you can only go to the Divine Dragon Graveyard.”

Su Yu was silent.

Not to mention that he was against stealing corpses, just his current identity and the consequences of barging into the Divine Dragon Graveyard made him have to be careful.

As if it could see through Su Yu’s thoughts, the evil dragon chuckled, “If it really doesn’t work, we can try our luck at the Divine Dragon Battlefield.”

The ten giant dragons around looked at the evil dragon in surprise. This dragon seemed to know a lot.

The Divine Dragon Battlefield was not a place that everyone knew about.

Even most dragons did not know of its existence.

“What is that place?” If it was a battlefield where no one was cleaning up the remains, then there was nothing to fight against.

The evil dragon said, “At the northernmost part of the southern mountain range, that was the place where the previous Dragon Emperor fought when he was chasing after the creation dragon. There were more than 10,000 dead and injured dragons, and most of them had been taken away by the Dragons. However, some of them were buried deep, or they were left there for some special reasons.”

Su Yu’s gaze flickered. “That place must be very dangerous, right?”

If there was no risk at all, those who had heard the news long ago would have dug up everything.

“The most dangerous thing is the remains themselves. They have already evolved into bone dragons over a long period of time. If we accidentally wake them up, it will be very dangerous.” The evil dragon seemed to know that place like the back of its hand. “The lowest cultivation level of the bone dragons is at the heaven tier. The strongest one is very likely to reach the grandmaster realm.”

Su Yu narrowed his eyes.

Even the Grandmaster realm!

With his current situation, it was best not to clash head-on with an existence at the Grandmaster realm.

“How you think about it will depend on fellow Daoist.” The evil dragon said as he passed the coordinates of the divine dragon battlefield to Su Yu and returned to the spatial storage device.

Su Yu pondered.

The cemetery might be easier, but he was unwilling to do so.

“Let’s go to the battlefield!” Su Yu stood up and said.

However, the ten dragons behind him started to hesitate.

One of the Dragons at the advanced stage of the heaven tier hesitated. “Master, the battlefield is a forbidden place for the dragons. Very few who enter will survive!”

“And...” he stared at the spatial storage device where the evil dragon was. “And that evil dragon doesn’t look like an ordinary dragon to me. At least, an ordinary dragon can’t master the Evil Dragon Bible.”

“This scripture is the Supreme Treasure of the Dragon Clan, second only to the ‘Dragon Abyss Treasure Scroll’. It was taken away by Long Feiyun, the first guardian of the previous generation of the Dragon Clan, many years ago. How could it appear on the body of a small evil dragon now?” “Master, you’d better not believe the words of this dragon.”

In fact, Su Yu didn’t need them to remind him that something was wrong.

From the moment the evil dragon refined the evil King Pearl, it was worthy of Su Yu’s suspicion.

“If you suspect someone, don’t use it. If you use someone, don’t suspect.” Since Su Yu decided to take the advice of the Wicked Dragon, he shouldn’t be afraid, “Let’s Go!”

The ten giant dragons were helpless and followed Su Yu to the battlefield of the Divine Dragon.

Two years later.

The northernmost part of the Dragon Clan.

Whether it was civilization or nothingness, they were all filled with dense cold air.

Each and every civilization was covered in silver and frozen into ice.

There were no living beings in the civilization, and the entire Void was dead silent.

From the distribution of the civilization, one could see the prosperity of this civilization river. However, for some reason, this place was filled with cold air, making those civilizations uninhabitable and eventually abandoned, all of them had become abandoned civilizations.

“This is the divine dragon battlefield. Further down is the territory of those bone dragons.” A giant dragon stared at the dark depths of the universe, and there was an unspeakable fear in its tone.

No one knew how many bone dragons remained in the darkness.

They only knew that from ancient times until now, very few of those who entered had survived.

After thinking for a while, Su Yu said, “You guys hide in the nearby civilizations. Don’t reveal your auras. I’ll go alone.”

During the two years' journey, he had secretly communicated with the evil dragons.

These bone dragons were the most sensitive to the auras of the Dragons themselves.

Ten Living Dragons would immediately wake them up if they barged into the place where the bone dragons roamed.

Therefore, it was inconvenient to bring them everywhere. It was better for Su Yu to go alone.

Hua --

Su Yu silently entered the incomparable darkness.

The deeper he went, the colder the air became.

The Darkness in front of him also became deeper. It was as if he could not see his own fingers.

Su Yu had no choice but to use his clairvoyance to break through the layers of darkness and see the scene in front of him clearly.

When he saw it, Su Yu was shocked.

It turned out that there was a huge snow-white mountain ridge in front of him three feet away.

He had almost bumped into it!

When he looked up, Su Yu realized that this was the remains of a giant dragon that was ten thousand feet tall!

The only difference was that the remains of the giant dragon seemed to be alive. As it breathed, its body expanded and shrank.

"Bone Dragon!" Su Yu immediately realized.

The faint aura that it emitted shocked Su Yu.

Advanced stage of the Heaven Tier!

Su Yu held his breath, afraid that it would wake him up.

The first bone dragon he found was at the advanced stage of the Heaven Tier!

He carefully took out a bright red rope and wound the bone dragon bit by bit.

Although the rope was thin, it was something that the evil dragon had personally refined. It was specially made to counter the bone dragon.

As long as it was entangled, no matter how powerful the bone dragon was, it would not be able to break free.

Chapter 2382 The Leader Of The Demonic Path

Half an hour later, Su Yu had already wrapped the rope around half of the bone dragon's body.

He was just short of wrapping the first half of its body, and he would be able to successfully capture the first bone dragon.

However, what Su Yu did not expect was that at this moment, the bone dragon's 30,000-meter-tall body suddenly trembled!

Its body quickly stretched out from its crouching position.

Two dim yellow flames lit up in its hollow eye sockets without any warning.

A powerful consciousness was emitted from its head!

Su Yu's heart thumped. It was over!

He must have accidentally awakened the bone dragon.

A bone dragon wasn't scary. At most, he could sacrifice another drop of insect ancestor's essence blood to kill it.

However, the evil dragon had said that bone dragons had a connection with each other.

Usually, when one bone dragon woke up, another bone dragon would wake up.

Therefore, even if Su Yu used all three drops of ancestral blood, he might not be able to deal with all the Bone Dragons.

Therefore, once a bone dragon woke up, what Su Yu needed to do was to run away and find a place to wait patiently for a year and a half, waiting for them to fall asleep again.

Roar --

A low and desolate dragon roar was emitted from the Bone Dragon's body.

Its huge dragon body began to shake vigorously.

And in the darkness not far away from Su Yu, three fierce dragon roars were heard.

The pressure brought by each dragon roar was not much weaker than the giant dragon in front of him.

Su Yu took out the ancestral dragon's unique feather and prepared to leave this place without thinking.

However, the ancestral dragons that had woken up did not have any intention of chasing after Su Yu. They did not even notice Su Yu's existence.

Even the bone dragon that was half-tied up by Su Yu only looked at the rope on the surface of its body in confusion. It struggled with all its strength and escaped from the rope.

Then, the bone dragons shouted at each other and echoed each other from afar. They swam deeper into the darkness together.

Su Yu took back the feather of the ancestral dragon and was surprised.

Bone Dragons were creatures without intelligence. Now that they had woken up and were heading in the same direction, did something big happen there?

Su Yu silently attached himself to the huge bone dragon and followed them deeper into the darkness.

Along the way, he heard the cries of bone dragons that woke him up. They all swam in the same direction, and their speed was getting faster and faster.

Then, a pale light appeared before his eyes.

It was an enormous golden scale.

However, its color was very dim, as if it had experienced too much time. The light was flattened, and it released a pale light.

Under the scale, there was a man in a black robe who was fighting with three bone dragons.

What shocked Su Yu was that the three bone dragons were all bone dragons at the great venerate realm.

With a single sway, the earth and mountains shook, and the weather changed.

The three bone dragons at the grandmaster realm were enough to sweep across an entire region.

However, what was even more surprising was that the black-robed man was fighting the three giant dragons alone, and he was not at a disadvantage at all.

Moreover, when he attacked, the three bone dragons at the grandmaster realm were badly damaged.

The three bone dragons roared and attacked crazily, but it was to no avail.

When the bone dragons that Su Yu was riding arrived, the three bone dragons roared in unison. All the bone dragons that had rushed over rushed over to help the three bone dragons deal with the black-robed man.

Under the crazy attacks of hundreds of bone dragons, the black-robed man was finally at a disadvantage. His black robe was torn apart by a bone dragon of the grandmaster realm, revealing his true body.

Surprisingly, it was a woman, an extremely cold woman in black.

Her entire body was exuding a monstrous demonic aura. Her every movement gave off a tremendous pressure that was like that of Heaven and earth.

Su Yu had only seen such an aura from the divine flame demoness.

“Who is she?” Su Yu asked in his heart.

The woman’s black robe was torn off, and a deep and ruthless aura appeared on her face. “A bunch of dragons who died with their eyes open!”

As she spoke, she slapped her waist and took out a small black gourd.

It was unknown what level the small gourd was. Su Yu stared at the mouth of the Black Gourd and had a bad premonition.

“Heavenly Abyss Demonic Gourd! Retrieve!” The woman raised the gourd high and shouted at the bone dragon that was the closest to her.

Immediately, a black light shot out from the gourd.

The black light instantly shone on the bone dragon, and the Bone Dragon that was a grandmaster was sucked into the gourd.

The surface of the gourd began to squirm. The Bone Dragon was struggling inside, trying to break out of the gourd. Unfortunately, the material of the gourd was extremely hard, and it failed.

Then, the woman raised the gourd and shone it over and over again. With each light, a bone dragon was sucked away.

In the time it takes for an incense stick to burn, the mysterious woman had taken away all of the hundreds of bone dragons.

However, the price the woman had to pay was not low.

Her face was as pale as a sheet of paper and she was panting heavily. Regardless of whether it was the strength of a dao master or her physical strength, she had used up a lot of it.

She put the gourd back to her waist with great effort and wiped the sweat off her forehead. “I shouldn’t have woken up the bone dragons. Why would they suddenly wake up?”

While muttering softly, the woman circled around the huge scale and searched for something.

From time to time, she would even dig up the area around the scale, as if she was looking for something.

After searching for a long time, she found nothing. The woman stood where she was, deep in thought. She muttered to herself, “That should be right. The previous Dragon Emperor did indeed fall here. Why is there only one scale?”

Su Yu, who had turned into a speck of dust, was confused when he heard this.

The Dragon Emperor had fallen here?

Hadn’t he fallen in the Sea of constellations civilization?

He had even seen the Dragon Emperor’s body with his own eyes.

His inherited magical treasure, the Sovereign Dragon Sword, had also been obtained there.

Suddenly, the woman seemed to have sensed something. She looked coldly in Su Yu’s direction and said, “Come out!”

As she said this, a strand of extremely powerful demonic qi shot straight at him!

Su Yu’s heart pounded violently. Had he been discovered?

Just as he was about to make a move, a strange and intense fluctuation appeared not far in front of him.

A giant dragon with a strange aura and an extremely old appearance appeared.

It transformed into the form of a stooped old man, holding a walking stick as it calmly stared at the incoming demonic qi.

However, when the Demonic Qi was three feet away from it, it was easily blocked by an invisible wall of Qi.

The woman’s pupils constricted when she saw this. She stared at the person in front of her without blinking. “Dragon Emperor?”

What?

Su Yu, who was hiding in the dark, was shocked.

The old man in front of her was the current Dragon Emperor?

Wasn't he rumored to be extremely old? Why was he so old?

It seemed that he was even older than an old monster like the South Pole Immortal Weng who had lived for an era.

"Hehe, it would be great to have friends from afar." The Dragon Emperor smiled calmly. "I should personally welcome Mo Wudao to the Southern Domain."

Su Yu was once again surprised. That woman from the demonic path was actually Mo Wudao from the northern domain?

Su Yu had naturally heard of Mo Wudao, the number one figure of the demonic path who shook the northern domain.

It was said that she was a figure of the demonic path with unfathomable strength that could stand shoulder to shoulder with the Dragon Emperor.

Who would have thought that she was a woman, just like the Divine Flame Demoness.

Who would have thought that she, who had never stepped out of the northern domain, would actually appear on the ancient battlefield of the southern domain's Dragon Clan.

Mo Wudao stared at the Dragon Emperor, his crystal eyes filled with self-blame. "I was careless. It seems that you discovered me when I first entered the southern domain."

"If my guess is correct, the person who woke up the Bone Dragons just now was you, right?" Mo Wudao asked in a serious tone.

In order to deal with the bone dragons, she had suffered a great loss.

This should be the result that the Dragon Emperor wanted to see.

Under normal circumstances, she might not be afraid of the Dragon Emperor.

But now..

The Dragon Emperor was much more cunning and cautious than she had imagined!

"Of course, I discovered you when you entered the southern region. Otherwise, I would be chasing after a human right now instead of keeping a close eye on you." The Dragon Emperor narrowed his eyes, revealing a sinister air.

Mo Wudao pretended to be calm as he recovered. "Since I've been discovered, I have nothing to say. That's right, I'm here to find the remains of the Dragon Emperor. But So What?"

As a member of the demonic path, it was unbelievable that she needed the remains of the dragon race.

“So What? I just want to tell you that if the remains of the previous Dragon Emperor were here, would it be your turn?”The Dragon Emperor said calmly. “I’ve searched this place more than ten thousand times.”

In other words, even he did not know where the remains of the previous Dragon Emperor were.

Mo Wudao sighed lightly. She had thought about it before coming here.

However, the remains of the dragon emperor were of great use to her. Even if the hope was slim, she had to come and look for it.

Unfortunately, that sliver of luck could only be disillusioned.

However, although the remains of the dragon emperor were not obtained, the remains of the over one hundred other dragons could barely be used.

This trip wasn’t for nothing.

“If that’s the case, I’ll take my leave.”Mo Wudao spread a pair of huge wings on his back and rushed out of the sky.

However, his figure hit an invisible wall of qi and bounced it back.

Just like the mysterious wall of Qi on the Dragon Emperor’s body.

“Nine-five Dragon Emperor Qi!”Mo Wudao’s expression darkened. He turned his head and stared at the Dragon Emperor. “What do you mean?”

The Dragon Emperor smiled calmly. “How can we come and go as we please in the Southern Region? Mo Wudao, since you are the number one person in the northern region, I will not kill you. However, I will take 300 million years of your life for my own use.”

Mo Wudao laughed angrily. “300 million years? How dare you say that! With my cultivation level, I only have less than 300 million years left.”

Heaven and earth had a time limit, let alone living beings?

Mo Wudao himself did not have 300 million years to live, how could he hand it over to the Dragon Emperor?

Su Yu’s heart was slightly moved. Why did the Dragon Emperor want his life?

Could it be that after cultivating the Nirvana of the ancestral dragon, he thought of a way to make up for his lifespan?

The Dragon Emperor’s eyes were unperturbed, “If you hand it over, you can leave! If you don’t hand it over, you can stay forever. How you choose is up to you.”

His calm tone was filled with boundless dominance.

Mo Wudao snorted coldly. “That depends on how capable you are. You Can Keep Me Here!”

Swoosh --

Mo Wudao’s entire body shot out thousands of black lights, shooting towards the nine-five dragon Emperor Qi in front of him.

With a puff, the tight qi wall was penetrated by Mo Wudao.

But before she could leave, the dragon emperor calmly tapped his walking stick.

Instantly, the nine-five Dragon Emperor Qi formed a dragon claw and slammed down.

The demonic qi on Mo Wudao's body scattered wildly as his body was pressed down rapidly.

If he was at his peak, Mo Wudao would not be afraid at all. However, at this moment, he was ambushed first and the Dao master's power was lacking. He could not continue.

His crystal eyes flashed and he actually changed his direction. He rushed towards the place where Su Yu was and coldly said, "Sir, you have watched for so long in secret. Are you still not planning to show yourself?"

As he spoke, a black light shot out from his mouth and shot straight at Su Yu.

Pretransmission. There was no more night. Don't wait.

Chapter 2383 Two Grasshoppers

Su Yu's expression was calm and didn't show any signs of shock.

He had already experienced too many similar situations.

The black light attacked and the space around Su Yu revolved around him, swallowing him.

Following that, Su Yu appeared in front of the two of them in a folded form.

The Dragon Emperor's old eyes narrowed slightly. "Spatial domain. This emperor has been in seclusion for many years. How come I didn't know that there were so many spatial domain users in this outer region?"

The Dragon Emperor's eyes narrowed. There was a human who had killed Gu Huang, long taiji, and many other dragons, and a mysterious person who had trespassed into the dragon race battlefield.

When had spatial domains become so widespread?

His voice contained the power of Mount Tai. Wherever his voice passed, the Void would shake.

The voice brushed past Su Yu's body, and as expected, it shattered the lightning on his body, revealing an extremely handsome silver-haired human.

"It really is you! Why am I not surprised at all?"

How could a person who dared to trespass into the Divine Dragon Battlefield Be a coward?

Su Yu had the guts to kill Gu Huang and long taiji, so what was trespassing into the divine dragon battlefield to him?

"And then?" Su Yu said indifferently, standing quietly by Mo Wudao's side.

Mo Wudao looked at Su Yu in surprise. After seeing his cultivation, his crystal eyes were filled with unspeakable disappointment.

She was only at the half-step DAO Master level!

She guessed that this person dared to enter the depths of the Divine Dragon Battlefield and was able to conceal himself so deeply. Even if his cultivation level was not as high as hers, it should not be too bad.

If the two of them worked together, they might be able to contend against the Dragon Emperor for a while.

Who knew that a half-step dao master would appear out of nowhere. This really made her somewhat astonished.

However, her eyeballs rolled back and forth between Su Yu and the Dragon Emperor.

Why did it sound like there was some sort of grudge between the two of them?

But what kind of grudge could there be between a half-step dao master and a high and Mighty Dragon Emperor?

To be exact, was the former qualified to bear grudges against the latter?

“And then?” The Dragon Emperor smiled calmly. “Human, you are very confident that you can leave this place alive.”

As he spoke, the Dragon Emperor tapped the ground with the crutch in his hand.

The Qi in the sky immediately condensed into a giant claw and slapped down at him.

Just now, Mo Wudao had been slapped down by a similar palm and was completely defenseless.

How could Su Yu defend against it?

Mo Wudao sighed silently in his heart and was prepared to dodge.

She felt that she had made a mistake.

The youth in front of her was not suitable to be a partner at all.

What she did not expect was that at this moment, Su Yu said exceptionally calmly, “Let’s make a deal.”

“Give me all the bone dragons in that gourd. In exchange, I’ll bring you out alive.” Su Yu did not look at her and said lightly.

Hearing this, Mo Wudao looked at Su Yu in disbelief. The look in his eyes meant that he had heard wrongly.

“You didn’t Mishear. Whether you agree or not, it’s all up to you,” Su Yu said calmly while she secretly took out the insect ancestor’s finger.

It would only take a moment to kill the Dragon Emperor on the spot.

Mo Wudao stared at Su Yu deeply. Reason told her that only a madman would believe a human youth who was half a step away from a dao master.

However, looking at that abnormally calm face, she somehow believed it. “Sure, as long as you can do it.”

“Alright!”

Whoosh --

When the nine-five Dragon Emperor Qi came crashing over, Su Yu took out the insect ancestor's finger and crushed it towards the Dragon Emperor's true body.

However, the Dragon Emperor's old eyes were still calm.

Su Yu felt strange. Could it be that something was wrong?

However, since things had already come to this, he had no other choice.

He activated a drop of the insect ancestor's blood essence and completely activated his finger.

Boom --

With a muffled sound, the insect ancestor's finger transformed into a huge shadow that pressed down on the Dragon Emperor's body.

Puff --

The Dragon Emperor was disillusioned on the spot and turned into broken beads. He could not have been more dead.

Looking at the broken beads flying in the sky in a daze, Su Yu had an unreal feeling. He died so easily?

A Dragon Taiji could escape several times, but the dragon emperor died so easily. It was really unbelievable.

However, no matter what, the Dragon Emperor was indeed dead.

Su Yu slowly turned around and looked at the surprised Mo Wudao. He stretched out his palm and said, "Give it to me."

Mo Wudao put away his surprise and regained his composure.

He looked at the finger on his palm and his eyes flashed. "Let's make another deal. I'll use the northern Stardust and I'll do something for you in exchange for this finger. What do you think?"

Su Yu didn't know what the Northern Stardust was.

Su Yu also didn't know how much use Mo Wudao's help was.

What he knew was that those conditions couldn't be exchanged for the insect ancestor finger.

"I can agree to it." However, Su Yu said, "The premise is that your help can kill the dragon emperor like the finger just now."

Mo Wudao shook his head with a mysterious smile, "Human, you still don't understand what the northern Stardust is."

In other words, it was something much more important than her help.

"I don't need to know," Su Yu said calmly. She hooked her finger. "For the last time, give it to me."

Wayless mo kept pushing and pushing. It was clear that he didn't want to fulfill the agreement.

"Alright, I'll give it to you." Wayless Mo took out the gourd, but he didn't give it to Su Yu. Instead, he opened the bottle cap, he was prepared to release all the bone dragons he had collected. "I only said that I'll give it to you, but I didn't say that I'll give you the gourd as well. If you want the Bone Dragon, catch it yourself!"

Su Yu's eyes turned cold. "You!"

The number one person in the Northern Region actually dared to act shamelessly!

"Young man, this is a lesson for you. There's no need to thank me." Wayless Mo's words were not without mischief.

Just as he was about to release the bone dragon, Su Yu suddenly felt something and his body suddenly moved a thousand feet away.

The broken beads that the dragon emperor had turned into exploded from the inside out and spurted out patches of purplish-black flames.

Just like the Lonely Emperor, the flames that appeared from his body.

Once those flames touched him, he would definitely die.

The patches of flames brushed past Su Yu's body.

He could be considered to have dodged a disaster, but Mo Wudao had never experienced it before, so he was not so lucky. He was swallowed by the sudden flames and fell right into it.

Ah --

With a mournful scream, Mo Wudao's entire body was set ablaze, turning into a burning man.

The Flames burned him thin at a speed visible to the naked eye.

He was about to follow in Su Yu's footsteps.

However, she was after all the number one person in the northern region, so she naturally had her own outstanding points.

At the critical moment, she let out a low shout, and her entire body exploded!

A large ball of blood light shot out from within.

The blood light left his body and condensed into a brand new body outside of the flames. It was a beautiful young woman.

Mo Wudao's original body was an ordinary-looking middle-aged woman.

At this moment, a young woman drilled out of his body!

The two of them looked very similar.

Before Su Yu could understand what was going on, he saw that the young woman's right pinky was stained with a wisp of flame.

The flame immediately spread to her entire body, wanting to burn her into nothingness.

At this critical moment, the young woman gritted her teeth and decisively self-destructed.

A ball of light that was relatively weaker burst out from her body.

The ball of light condensed into a short human figure. It was a petite 12-13 year old girl.

Her features were delicate and pretty, and one could vaguely see the young woman and wayless Devil's original body.

This time, there were no more flames on the young woman's body.

Her figure retreated quickly, far away from the flames.

She looked like a young woman, but her eyes were filled with vicissitudes, and her voice was particularly muddy. She was like a middle-aged woman, and not a young woman. "Dragon Emperor!"

Hu --

The scattered flames suddenly condensed into the Dragon Emperor's ferocious dragon head.

He looked calmly at wayless Mo. . He said hoarsely, "Someone once said that you had cultivated the eternal demon heart. I didn't believe it, but I didn't expect it to be true! Before You Die, you can release your body from the past and return to youth."

"Amazing!"

Su Yu was secretly surprised when he heard that. Return to youth?

The girl in front of him was Mo Wudao's original body?

"How is she as amazing as you? A mere body that I don't know if it's a clone or something is stronger than my original body. It seems like it's really as the rumors say. Your original body has already broken through the Huang Dao master realm and stepped into the Xuan Dao Realm."

Su Yu narrowed his eyes.

The Dragon Emperor just now was actually just a clone of the Real Dragon Emperor?

No wonder his expression was calm even after he was killed.

Because his original body was completely unharmed!

"Hehe..."the dragon emperor was hoarse and calm. "You and that human only have three years to escape. After three years, I will catch up to you."

As soon as he finished speaking, the ball of flames exploded on the spot and turned into two incomparably gray runes that shot towards the two of them.

Su Yu's expression changed slightly, and he immediately used the power of space to flash away.

However, that symbol ignored space and directly hit Su Yu's body.

Su Yu faintly felt that a gloomy and cold aura had penetrated deep into his bone marrow.

Right at this moment, the life and Death Convergence Curse once again appeared in his body, devouring this dragon race symbol.

However, it was different from the Gu Emperor's curse.

This symbol was abnormally powerful!

Not only did the curse of unity of life and death not devour it, it was instead destroyed by that symbol.

In the end, the curse of unity of life and death was completely destroyed, and only a third of the symbol was missing.

Su Yu's expression sank.

This symbol was harmless, but it could be sensed by the dragon emperor at all times!

Looking at Mo Wudao, she wasn't any better either.

Back in the young girl's era, her cultivation level had obviously decreased by a level. After resisting for a while, the rune finally drilled into her body.

With a muffled groan, the young girl's face was extremely pale. She gritted her teeth and said hatefully, "Dragon Emperor!"

She looked at Su Yu again with an exceptionally complicated expression.

After pondering for a long time, she threw the gourd to Su Yu and said, "Now we are like grasshoppers on a rope."

Her eyes were fluttering, and it was obvious that she had pinned her hopes on the insect ancestor finger in Su Yu's hand.

Su Yu saw through her mind, but he was not confident about the finger.

After all, the insect ancestor did not use its power in person. Su Yu only relied on a drop of its essence blood.

Its true power was probably not at the level of Xuan Dao Master.

Otherwise, the Dragon Emperor would not dare to chase after Su Yu even though he knew that Su Yu had this finger?

He must have known that this finger couldn't hurt his real body, so he had nothing to fear.

"I think it's better for two grasshoppers to run away together than to be together," Su Yu said with a gloomy look in his eyes.

If the two of them separated, perhaps the dragon emperor's brain would jerk and he would chase after wayless MO. . Then he would have the time and opportunity to remove the runes.

If they were together, it would be exactly what the Dragon Emperor wanted.

Wayless MO. . Thought for a while and quickly nodded. "You're right..."

"Right" was still in his mouth when suddenly, wayless Mo. .'s eyes suddenly turned sharp and he transformed into a black shadow that was as black as ink.

He suddenly crouched behind Su Yu and at the same time, he chanted an extremely obscure incantation.

Chapter 2384 Merging Into One

Instantly, Su Yu felt a burning sensation coming from his back.

At the same time, a feeling of flesh and blood merging crazily flashed in his heart.

“What are you doing?” Su Yu’s body trembled as he tried to push pathless mo away.

However, what shocked him was that he discovered that pathless Mo’s abdomen was actually one with him!

It was truly one with his body!

Mo Wudao’s body contained Mo Wudao, and Mo Wudao’s body also contained Su Yu!

The two of them were actually connected by flesh and blood!

With a thought, a powerful spatial power transformed into a sharp blade and slashed at the joint between the two.

However, Mo Wudao’s cold voice sounded beside his ear. “I advise you not to do this. Otherwise, the Demonic Dao in my body will remain in your body and forever interfere with your breakthrough to Dao Master.”

Crack --

The spatial blade stopped three inches above the joint.

Su Yu’s face turned cold, “Is it a secret technique of the Devil Dao?”

“This is an innate soul fusion technique that I created myself. I originally wanted to attach it to the body of a powerful living being and use it to pass through the Apocalypse.” Mo Wudao’s face was full of pride, “I didn’t expect that it would be used on a tiny human like you. What a failure!”

Su Yu’s expression was very unsightly. “Then please leave a tiny human like me!”

Unexpectedly, Mo Wudao not only refused, he even extended his arms and wrapped them around Su Yu’s neck, placing his chin on her shoulders.

At the same time, his legs were still attached to Su Yu’s waist.

From Afar, it looked like Su Yu was carrying a little sister on her back, completely unlike Su Yu and this woman who had merged into one.

“Don’t even think about leaving me behind!” Mo Wudao snorted. “My cultivation level has greatly decreased, but my lifespan has not decreased. The Dragon Emperor’s first target must be me, and then you!”

Su Yu gritted her teeth. “The Buddha said that if I don’t go to Hell, who will? As a senior, how can you not understand this principle? Anyway, you will die sooner or later. Why drag me down? Why not sacrifice yourself to fulfill my wish?”

“Dream On!” Mo Wudao bared his teeth. “I’ve cultivated for many years, I can’t die just like this!”

Looking at Su Yu who was filled with anger, Mo Wudao felt guilty, he said, “Don’t be unhappy! So what if we split up? The Dragon Emperor will find you sooner or later! And if I’m with you, I can help you destroy that Dragon Talisman.”

Su Yu’s heart eased up just now. “Do you have a way to remove that talisman?”

“Otherwise, would I just wait for Death?” Wayless mo asked back. “That talisman should be mixed with a trace of the profound dao energy in the dragon emperor’s body and refined by the secret method of the Dragon Clan. The Secret Method is fine, but the key is the profound dao energy. Even I can’t destroy it directly.”

She had no way, and Su Yu was even more unable to break it.

“But I know that there is a place that might be able to find something to offset this trace of Profound Dao Energy.”

“What Thing?”

Wayless mo said, “I said that you would secretly search for it alone and leave me behind, right?”

“Alright, you should at least tell me where it is, right?”

“The Eastern Region!”

There?

That was the place where the eight-star civilization recruited.

Would there be anything that Mo Wudao had mentioned there?

However, the eastern region was going to be there sooner or later.

Right now, they were only rushing there in advance.

“Let’s leave this place and talk about it in detail,” Mo Wudao urged.

Su Yu snorted coldly. “Then hurry up!”

Taking out the ancestral Dragon Yiyu, Su Yu instantly activated it.

Before he left, he took ten giant dragons with him. In a short breath, he crossed the entire western region and arrived at the eastern region’s border.

As soon as he appeared, a surge of evil qi rushed towards him.

Under that evil qi, Su Yu felt an inexplicable chill.

Under his eyes, he could faintly see traces of evil Qi seeping into his body through his pores.

“Don’t breathe in the evil qi, unless you want to die in the eastern region.” Mo Wudao released a black ball of light, enveloping Su Yu and himself within.

Only then was the evil qi isolated outside.

Su Yu felt her body warm up just now.

“Your body is really too weak.” Mo Wudao sighed helplessly and hesitated for a while, only then did he say, “Seeing that we share the same fate, I’ll give you a great benefit. From now on, you can use my cultivation at any time... mm, this is also the benefit of our bodies merging.”

Su Yu’s depressed mood finally eased a lot.

Although Mo Wudao’s cultivation had decreased by a level, she was still an expert at the great venerable realm.

To be able to share her cultivation, wouldn’t that mean that she was unrivaled in the outer realm?

“Don’t be smug. I cultivate the demonic path, and I don’t fit in with you. If you use it for too long, you’ll be demonized and lose your mind. At that time, I won’t be able to save you.”

Su Yu nodded. “How long can you use it for at most?”

“Ten breaths. The interval must be more than a year. That way, you will not be affected by my demonic path. Otherwise, you will easily become a demon,” Mo Wudao reminded.

In other words, within three years, Su Yu could use his cultivation three times!

“You can use it once now to strengthen your weak body. Of course, with the strengthening of the demonic path, your body will have some side effects of the demonic path in the future,” Mo Wudao said, the choice was up to Su Yu.

Of course... Su Yu would not choose the demonic path to temper his body.

He had a more ideal way to temper his body.

“I’ll cultivate on the spot and you’ll guard me.” Su Yu’s straightforwardness made Mo Wudao stunned. He said, “In the path of body tempering, in the outer realm, in terms of dominance, the demonic path is second. No one dares to say that it’s first. Are you sure you don’t want to use the demonic path to temper your body?”

Su Yu shook his head and sat cross-legged. He took out the black gourd.

In the past, he had long become familiar with the way the Heavenly Dragon Dao body advanced.

Taking a deep breath, he first used his own blood essence to draw a secret dragon clan formation in front of him. On it were exceptionally ancient Dragon clan characters.

Even the current generation of dragons might not be able to recognize all of them.

After the formation was drawn, Long Taiji's heart was unsealed and placed in the center of the formation.

Then, it placed the black gourd on one side of the formation.

Then, it opened the lid of the gourd.

Roar --

Immediately, a dragon's roar was heard and a bone dragon rushed out from within.

However, before it could show off its might, the blood-colored formation suddenly began to operate. Several blood-colored runes shot out and struck the Bone Dragon's body.

When the enormous ancient dragon met the blood-colored runes, it quickly melted into snow-white crystals like white snow.

At this moment, Long Taiji's heart suddenly jumped, and the sound of breathing could be faintly heard.

The snow-white crystals were absorbed by the heart.

Then, a second bone dragon appeared, and it was destroyed by the array formation, becoming snow-white crystals and absorbed by the heart.

This happened again and again.

After ten days, all the bone dragons were digested by the array formation.

Long Taiji's heart became incomparably crystal-clear, as if it was carved out of ice and snow.

"It's finally done!" Su Yu swept away the array formation, picked up the heart, and crushed it.

The heart shattered, revealing a small ice and snow dragon swimming freely inside.

At first, it was stunned. Then, under Su Yu's guidance, it pierced through Su Yu's chest.

Immediately, Su Yu's entire body began to crackle and crackle.

His body rapidly expanded and grew at an incredible speed.

In the blink of an eye, his ordinary human height had transformed into an ice-colored white dragon that was 30,000 meters tall!

The White Dragon's body was covered in incomparably thick scales, and its whiskers were extremely long.

Its eyes were deep and ice-cold, and everything within its line of sight had turned into ice.

Its entire body was emitting a majestic aura that made people's hearts tremble.

In terms of the strength of its physique, at this moment, it was completely comparable to the late stage of the heaven tier.

He was just a step away from reaching the grandmaster realm!

Mo Wudao stared blankly at Su Yu who had turned into a dragon and muttered, "What secret technique is this?"

She had never seen or even heard of a secret technique that could turn a human into a dragon.

If she hadn't seen it with her own eyes, she wouldn't have believed it.

Sou --

The snow-white dragon turned into a human.

Su Yu's appearance was still the same Su Yu, but there was a layer of cold air on his body.

That layer of cold air wasn't just pure cold air, it was more like a strange gas.

Pathless mo tried to poke the layer of cold air with his finger, but unexpectedly, the cold air slapped his finger back.

"Nine-five Ice Dragon Qi?" Pathless Mo was extremely surprised.

What the Dragon Emperor cultivated was nine-five dragon Emperor Qi, and Su Yu cultivated nine-five ice dragon qi.

"Is that so?" Su Yu was a little surprised. He tried to shake his body, and a layer of Qi wall that couldn't be seen by the naked eye spread out with him as the center, forming a Qi barrier with a circumference of hundreds of millions of miles.

Its hardness was far less terrifying than the nine-five dragon Emperor Qi, but it was still not to be underestimated.

At least, it could not be broken by anyone below the advanced stage of the Heaven Tier.

Then, under Su Yu's control, the nine-five ice dragon Qi turned into a dragon claw and smacked down, creating clear dragon claw marks on the ground. The power was astonishing.

"What an unexpected gain," Su Yu muttered to herself.

Mo Wudao's eyes were full of envy. "You really took all the benefits!"

They were all going to the Dragon Clan's battlefield.

In the end, not only did she not get anything, she even gave the bone dragon that she had spent so much effort to gather to Su Yu!

As for Su Yu, she had directly formed her current high-level Heavenly Dragon Dao body and even accidentally obtained nine to five ice dragon qi.

"Are you referring to the burden on my back?" Su Yu said unhappily.

What kind of Luck was this?

He had lost two drops of insect ancestor's essence blood, and he was personally hunted down by the Dragon Emperor himself. Now, there was even a demon Wudao who had fused with him.

"Hey, you're hurting my self-esteem by saying that. At least I'm the number one demon in the northern region. Can't you give me some dignity?" Demon Wudao said unhappily.

Su Yu did not care whether he was happy or not. He took a step into the eastern region.

Once he entered, an even denser evil aura invaded him.

However, it was all blocked by the nine-five ice dragon qi. Without the devilish Qi's defensive light shield, the evil Qi in front of him could not harm Su Yu at all.

Just as the two of them entered, a skeleton suddenly emerged from the ground.

Its arm was as sharp as a knife as it slashed towards Su Yu's legs.

Su Yu's eyes were calm. He did not dodge and allowed the knife to hit his legs.

Ding --

With a crisp sound, the bone knife broke.

At the same time, a boy's painful cry came from a hidden pile of rocks.

A boy crawled out from the mud. He held his arm and ran while shouting for help, "Teacher, save me! Someone is attacking me."

SWISH SWISH SWISH --

Several powerful auras immediately attacked from afar.

They were powerful because their cultivation had reached the heaven realm without exception, far surpassing Su Yu's.

In addition, there were several auras of the fish-dragon realm.

Chapter 2385 He Was A Child

Within three breaths, five people had arrived.

The three middle-aged men were at the front, and the two young men at the back were the same age as Su Yu.

The boy covered in mud ran behind the three teachers, clutching his arms. He pointed at Su Yu and the others and said aggrievedly, "Teacher, they were the ones who attacked me."

Su Yu stared at the boy indifferently. After he wiped the mud off his face, he could tell that he was about ten years old.

He was really ten years old, not his appearance.

What was surprising was that his cultivation was at the early stage of the fish-dragon realm!

Su Yu did not care about his cultivation, but this cultivation was really abnormal, right?

No matter how powerful a proud son of heaven was, in a dozen years'time, he would at most become an emperor.

The boy in front of him should not be an ordinary creature, right?

Looking at his arm, Su Yu seemed to have understood something.

Mo Wudao, who was on his back, sighed softly, "I didn't expect the eastern region to really succeed. I always thought that they were just daydreaming."

The three teachers were all female and their cultivation had reached the heaven tier. They sized up Su Yu and Mo Wudao from top to bottom.

Just as Su Yu thought that they were going to question him, the female teacher in the middle apologized to Su Yu, “The child is mischievous. I’m sorry.”

The child said unhappily, “Teacher, he was the one who attacked me. How Can You Apologize for me?”

The female teacher sighed and patted his head without saying a word.

The other two female teachers looked at the skeleton that had one of its arms cut off in front of Su Yu’s feet.

How weak could a person with such a physique be to be able to break the skeleton’s bones?

If he really attacked the boy, would he give the boy a chance to ask for help?

Therefore, it was obvious that the boy was lying.

“Xu Ming, I told you to watch carefully before you kill Demonic Beasts, do you understand?”The woman in the middle criticized.

However, her words were very gentle, and there was not much reproach in them.

The other two women did not look stern at all, and it could be vaguely seen that they doted on the boy.

Su Yu was very displeased. This was because his physique had just advanced to the high level of the Heavenly Dragon Dao body, and he was exceptionally strong.

If it had been his physique from before, he would have been injured even if his leg was not broken.

But the three girls had just casually reminded this child and it was over. They did not even have any decent criticism. It was really outrageous!

Su Yu shook his head secretly, but he did not intend to pursue the matter too much.

But he did not pursue the matter, but the boy was still brooding over it. “But my skeleton arm was broken by him. No matter what, he has to compensate me!”

Su Yu could not help but laugh. He did not pursue the matter with the child, but instead, the other party demanded compensation from him?

“I’ll compensate you with a slap. Do you want it?”Su Yu’s gaze was slightly cold.

As soon as these words were said, the three teachers were immediately displeased.

The woman in the middle pulled a long face and rebuked, “He’s still just a child! As an adult, don’t you feel ashamed to be so calculative?”

A child?

A child came out to kill at such a young age. If he couldn’t kill someone, why did he need the victim to compensate him with the killing tool?

Most adults were not as dangerous as a child like him, right?

Looking at the expressions of the three teachers, Su Yu finally knew where this child's personality came from.

What kind of teacher, what kind of child.

"Fine, as an adult, I won't be calculative with a villain." Su Yu's words had a double meaning. He moved away and walked around them towards the depths of the eastern region.

Summer insects could not be treated with ice. Those who did not conform to their worldview would not be able to gain anything by saying more.

"Wait!" The woman in the middle shouted at Su Yu and said, "You heard what Xu Ming said just now. After all, you were the one who broke the arm of the skeleton. It's better to compensate it before leaving."

What?

Su Yu wondered if he had heard wrongly.

When she first met this woman, she had apologized on behalf of the child and thought that this woman was a reasonable person.

Why did such a ridiculous remark come out of her mouth?

"If you are provoking me, I can accompany you. If not, please make way." Su Yu's expression turned cold.

The female teacher had a calm expression, she said very calmly, "One must be reasonable. He is just a child. Even if he attacks, how much power does it have? As an adult and an elder, how can you break his skeleton arm?"

Looking at her serious and nonsensical manner, Su Yu only smiled.

That child's slash was not weak. Otherwise, the skeleton's arm would not have been cut off.

"Please be clear. I Am the victim!" Su Yu pointed at herself, trying to convince people with reason.

The female teacher sized Su Yu up and asked, "Then are you injured? No! Since you are not injured, how can you talk about being a victim?"

The other two teachers were not as polite as she was.

"Teacher Qin, don't waste your breath on him!" The teacher on the right lost his patience and said, "The teachers of our East region divine prefecture are all reasonable people. Since you're not willing to compensate us, we can only take action."

East Region Divine Prefecture?

Su Yu had naturally heard of it. It was the most famous academy in the East region.

The academy was personally founded by the ruler of the eastern region, itinerant xie.

However, it was different from an ordinary academy.

Ordinary academies were places where students from all over the world chose to enter.

However, the eastern region divine residence was not.

It was a compulsory recruitment of the favored sons of Heaven from the Eastern Region!

Once it was detected that the young generation had extremely high qualifications, they would be sent to the eastern region divine residence from a young age to further their studies for a hundred years.

When they graduated a hundred years later, only ten students remained.

These ten people successfully graduated and immediately took over important positions in the East region, becoming important figures.

The remaining students... all became the slaves of the other ten!

The results were extremely cruel!

But it was precisely because of this that the recruited students worked exceptionally hard in their studies and cultivation, afraid that they would end up becoming slaves of others when they graduated.

In addition, the environment of the eastern region was harsh to begin with. Under the psychological and environmental pressure, the vast majority of students would unleash their potential.

Because of this, the eastern region gave birth to generation after generation of heaven-defying geniuses.

Their strength was as powerful as monsters. Especially the top ranker every year, who had reached a terrifying state.

For example, Gu Huang claimed to be the number one person in the southern region. He even claimed to be the number one heaven-defying genius of the outer regions.

However, that was because the heaven's favorite in the eastern domain never left the eastern domain.

They simply did not have the time to roam the outer domain and make a name for themselves. They wished they could spend all their time cultivating.

Hence, emperor Gu could only be considered the number one heaven's favorite in the western, southern, and northern domains.

It was hard to say if he could suppress the eastern domain.

They did not expect that the group in front of them were from the eastern domain. No wonder the three middle-aged men considered themselves teachers.

Seeing that Su Yu did not speak, they thought that Su Yu had captured the east region divine territory's reputation.

“We will repeat this one last time. We will compensate Xu Ming, and this conflict will be written off.”

Su Yu nodded slowly and said, “Alright, tell us. What kind of compensation do you want?”

The three teachers looked at the boy, their eyes filled with a warm smile. “Xu Ming, what do you want? Just say it. Don’t be afraid.”

The boy tilted his head and his eyes lit up. “I want the defensive magic treasure on his body!”

He could tell that it was not Su Yu who had broken the skeleton’s arm. Instead, it was some kind of defensive item circulating on the surface of his body.

Hearing that, the three teachers stared at Su Yu. Teacher Qin said, “Did you hear that? Take it out. Our Time is very precious. We don’t have time to waste here with you.”

Su Yu said very frankly, “I don’t have any defensive magic treasures.”

He really didn’t have any!

Teacher Qin said, “Alright, then search me!”

As she said this, she took a step forward. Her five fingers made a grabbing gesture and twisted toward Su Yu’s neck. “I’ll capture him. Xu Ming will search me...”

However, the moment she got close, a pitch-black palm struck her face like lightning, causing her to have no reaction at all.

A crisp sound echoed in the surroundings.

Teacher Qin spun around like a spinning top.

A clear black palm print appeared on her face.

The Demonic Qi in the palm print did not dissipate with the passage of time.

Teacher Qin was stunned by the slap. She shook her head after a while and regained her consciousness.

A slightly hoarse voice sounded in her ears, “I’ve tolerated you for a long time!”

Teacher Qin raised her head and looked at Mo Wudao who was on Su Yu’s back. At this moment, she was staring at her with undisguised contempt.

She was actually beaten up by a young girl!

Teacher Qin angrily rebuked, “Impudent! Whose Child Is This? Why are you so uncultured?”

Her words were filled with thick annoyance.

Su Yu was also stunned for a moment. She did not expect Mo Wudao to make a move.

For an old monster like her who had lived for countless years, she should have already become indifferent to such matters, right?

What he did not know was that wayless Mo cultivated the demonic path, so his personality was extremely impetuous.

Being able to make a move at will was a common state for people of the demonic path.

It was considered normal for her to be like this.

Seeing that teacher Qin's anger was rising, Su Yu's eyes were filled with disdain as she said indifferently, "Teacher Qin, she is only a child. As an adult, don't you feel that you have lost your status as a teacher of the Divine Prefecture of the eastern domain by bickering with a child?"

Su Yu sent the same words to teacher Qin.

However, a painful sound came from her waist. It was the sound of wayless mo twisting the flesh on her waist. He transmitted his voice angrily, "Who are you calling a child?"

She was an old monster who had not lived for many years!

However, she only looked like a child now.

"Nonsense! A child can slap an adult's face at will?" Teacher Qin realized that the palm print on her face could not be wiped away, and the anger on her face grew even stronger.

Su Yu sized her up very seriously. "You're not injured, is it worth making such a fuss over?"

This was also what teacher Qin said.

In the same situation, when she spoke about others, she stood on the moral high ground and spoke with conviction.

When it was her turn, she was filled with indignation.

This kind of person didn't have a problem with her IQ, but her heart was too evil!

She was clearly pretending to be ignorant!

"Cut the crap, hand over the Thing!" Qin laoshi simply couldn't be bothered to pretend anymore. Releasing the aura of a celestial realm expert, he rebuked angrily.

The other two teachers did the same, revealing their evil faces.

"Qin Laoshi, it's rare to meet an outsider. Let's kill him first!" The other two teachers said.

Qin laoshi nodded and lightly patted his face. "My face is almost stiff from pretending to be a good person!"

She bared her teeth, and a hint of evil appeared between her brows.

At this point, their original faces were completely exposed.

To their surprise, not only did Su Yu not panic, she even clapped her hands. "Wouldn't it have been better if I had done this earlier? In My Life, I'm most afraid of one type of person, and least of one type of person!"

The people I'm most afraid of are reasonable people, and the people I'm least afraid of are unreasonable people.

Chapter 2386 The Nine Death Demon Heart

He had always acted with a clear conscience in his life.

If others had their reasons or just moved their mouths, Su Yu would have no way to attack them.

Su Yu could easily deal with those who harbored evil intentions and liked to bully the weak -- he could just use force!

“Oh? Outsiders, being arrogant in the eastern region is not a wise move. If I were you, I would immediately tuck my tail between my legs and admit defeat,” teacher Qin said coldly.

The eastern region was the most mysterious region. The living beings living there were also extremely mysterious, making people fearful.

Su Yu said calmly, “No matter how mysterious the eastern region is, it isn’t to the extent that a few insects are enough to make people fear the Rat!”

“Hehe, what big words!” Teacher Qin laughed. “Teachers, why don’t the three of us show our students the elegance of the Eastern Region Divine Prefecture’s teachers?”

“I have the same intention!”

The three women looked at each other and chose to attack at the same time.

“Not bad.” Su Yu praised.

The cultivation that Su Yu displayed was only half-step dao master.

If it was an ordinary expert, they would probably look down on him.

But the three in front of them weren’t careless at all and chose to attack at the same time. It could be seen how harsh the environment in the East region was. They were used to being cautious.

Unfortunately, they were still careless and offended someone they should not have offended!

“Nine-five Ice Dragon Qi!” Su Yu stood where she was and did not move at all. She quietly watched the three teachers at the initial stage of the heaven tier attacking together.

When they released the power of the Dao master, Su Yu easily shook off the nine-five ice dragon Qi that was surrounding her. It turned into an invisible wall of qi and fiercely pushed it over.

Pah! Pah! Pah

In an instant, the three teachers were like flies that flew into the wall and were repelled one after another.

Wah

With their strong bodies, they did not feel good when they crashed into the wall of Qi. They spat out large mouthfuls of blood.

“What is that?” Teacher Qin’s mouth was full of blood. He looked back at the invisible wall of Qi that was covered in blood with a surprised face.

The other two teachers were also bewildered and couldn’t figure out the situation at all.

The three students behind, including the boy, sucked in a breath of cold air at the same time.

The three teachers had attacked with their full strength, but they were actually injured by the other party’s invisible wall of Air?

An expert!

He was definitely an expert!

Teacher Qin’s gaze changed rapidly, and she slapped the ground with both hands.

Immediately, dust soared into the sky. Dozens of demonic beasts condensed from the soil that was filled with evil energy roared and drilled out from the underground crack, attacking Su Yu.

She, the other two teachers, and the three students quickly escaped.

Their decisiveness made Su Yu sigh again. The people of the eastern region were obviously different from the people of the other three regions.

“You want to escape?” Su Yu’s expression was indifferent.

He endured it again and again. They forced him again and again, so don’t blame Su Yu for being merciless!

His eyes flashed, and the nine-five ice dragon qi spread to billions of square miles, enveloping the entire region.

At the same time, everything in the area was instantly frozen into ice.

This was the true power of the nine-five Ice Dragon Qi.

Except for the three teachers, everything including the three students were ice sculptures.

Even so, the three teachers were covered in ice, and their movements became extremely slow.

“This... could this be the nine-five dragon Qi of the Dragon Clan?” The three teachers’ expressions changed drastically, and fear appeared on their faces.

“This is something that only a dragon at the grandmaster realm could comprehend!”

They had obviously misunderstood that Su Yu was a great venerable realm dragon.

“Don’t you think it’s too late to realize it now?” Su Yu didn’t explain and said coldly.

Plop --

Teacher Qin suddenly stopped running. He turned around and knelt on the ground. He said decisively, “I’m blind. Senior, please be merciful and spare my life.”

“Senior, please forgive me!”

“Senior, Please Show Mercy!”

The other two teachers also kneeled down and begged for mercy.

With such a speed, there was no one else who could admit defeat!

Su Yu pondered deeply, thinking about how to deal with them.

If he let them go, he was afraid that they would cause trouble and affect his ability to erase the dragon clan’s symbols.

If he killed them, the other party would beg for mercy so quickly.

“If you want to live, it is very easy.” Mo Wudao, who was on Su Yu’s back, said with a strange smile, “As long as you swallow the nine death demon heart that I personally refined, I will spare your lives.”

Su Yu was stunned. Nine Death Demon Heart, what was that?

“What? Nine Death Demon Heart... you... could you be... the demon lord of the Northern Region, Mo Wudao?” Teacher Qin’s face was pale as he suddenly raised his head and stared at the young girl’s Mo Wudao.

The other two teachers were also shocked.

Mo wudao smiled faintly, “Looks like there’s no need to introduce yourself! Tell me, do you want to die or accept?”

“I accept!” Unexpectedly, not only did the three teachers not hesitate, they even agreed without hesitation.

What surprised Su Yu was that the three teachers still had a hint of excitement and anticipation on their faces.

“Alright, seeing that you guys are still sensible enough, take it!” Wayless mo flipped his palm, and three beating Hearts appeared in his palm.

On each heart, there were nine apertures.

“What a rich life force.” Su Yu had mastered the life law, so she could naturally sense the abnormality of the heart.

Mo Wudao leaned in front of Su Yu’s ear and blew a breath with a smile that was not a smile. “Why, Little Human, do you want it too? I can give you a bigger one!”

Su Yu decisively refused. “You can keep it!”

Mo Wudao chuckled and threw the three hearts over. The three teachers seemed to have obtained great fortune as they happily swallowed them.

Plop --

A dull and powerful heartbeat came from the three people’s bodies.

Moreover, there was a faint trace of Devil Qi hidden in their bloodlines.

“Thank you, Devil Master, for the reward!”The three teachers said happily.

Su Yu was slightly confused. What kind of good thing was that Nine Death Devil Heart?

“Little human, it’s too late for you to regret.”Wayless mo said proudly, “I personally refined the nine death devil heart. Once the owner of the Devil Heart encounters life-threatening danger, even if there is only a drop of blood left, he can rely on the heart to be reborn on the spot. He can use it nine times in total. In other words, he has nine lives!”

“This heart, how many people have begged me to give it to them? I don’t even care about it. Yet, you actually despise it.”Mo Wudao snorted lightly.

No wonder the three teachers were so excited.

If it was anyone else who obtained such a great ability, they would be excited, right?

However, Su Yu shook his head and didn’t think much of it.

He never felt that there were only benefits and no disadvantages in this world.

To obtain the ability of nine deaths, one would have to pay a corresponding price.

“Of course, it’s not that my heart is without any disadvantages. Once I obtain it, my life will be connected to mine.”Mo Wudao felt slightly guilty. “If anything happens to me, they will die immediately.”

As expected!

Su Yu’s face darkened. “The accident you mentioned also includes your bad mood, right?”

She was afraid that this so-called connection would be a huge hidden danger that could determine the other party’s life and death with just a thought from her!

“Ahem, that’s not the point. Ignore it, ignore it.”Mo Wudao coughed dryly.

Su Yu looked at the three teachers with some sympathy.

However, they must have already known the disadvantages of the nine death demon heart in advance and were still willing to accept it. The others also had nothing to say.

Suddenly, Su Yu’s heart stirred.

He did not think that wayless Mo was a soft-hearted person. Why would he control these three instead of killing them?

That nine-death demon heart should not be something that could be refined so easily, right?

Why waste it on these three useless people?

“What are you planning?”Su Yu asked.

Wayless mo impatiently poked Su Yu's chest. "We are about to face a great calamity. Why do you think I am?"

Blocking her hand, Su Yu's heart skipped a beat. "The thing you mentioned that can counteract the power of the profound path, is it in the East Region's divine mansion?"

"Sort of," pathless mo replied nonchalantly.

"Explain it clearly." Su Yu's brows furrowed. He was someone who was speaking halfway through his sentence.

Pathless mo stammered, "To be precise, it is in the body of the evil loose cultivator."

Who?

The number one person in the eastern region, the evil loose cultivator?

This person was known as the number one evil in the outer realms!

His actions were extremely secretive and unpredictable!

No one was willing to interact with him, let alone obtain something that he carried on his person.

"Then you must have thought of a way?" Su Yu asked.

Wayless mo scratched his head and said in embarrassment, "Cough Cough, sneaking into the Eastern Region's divine residence is all I can think of at the moment. How Do I Get That Thing... Cough Cough, let me think again, think again."

Su Yu was so angry that she rolled her eyes!

After all this time, that thing was just a castle in the air. She had no way of getting it.

No wonder she had been prevaricating before. She had only said that she was taking the thing in the East region!

She had been prevaricating about what it was and exactly where it was!

"Others boarded a pirate ship, but I boarded a sunken ship!" Su Yu's face turned completely black.

It was as difficult as ascending to the heavens to take something from the number one evil in the East region!

But since things had come to this point, he had no other choice.

Looking at the three teachers, it seemed like he could only find a way to break through from them.

However, the three teachers had dealt with the three students!

Staring at the three ice sculptures, Su Yu was thinking about how to deal with them.

"Kill them. It's such a simple matter." Mo Wudao looked relaxed and didn't feel guilty at all.

Su Yu was annoyed. "If you can't do anything about it, then shut up!"

"Shut up then." Pathless mo snorted and turned his head away.

Su Yu stood at the same spot. His mind was full of thoughts as one plan after another appeared in his mind.

However, he did not have enough information at the moment. He did not know which plan was more reliable.

However, Su Yu had already made up his mind about how to deal with the three people in front of him.

With a wave of his hand, the nine-five ice dragon Qi dissipated, and all the living beings in the area gradually recovered.

Su Yu looked at the three teachers and said seriously, "From today onwards, the two of us will be your new students. When we return to the eastern region, we are not allowed to reveal our whereabouts. Do you understand?"

The three teachers were stunned. They looked at Mo Wudao, who was on Su Yu's back, and vaguely saw her as the leader.

"Why are you looking at her? She is just a worm on my body. She has to listen to me in everything. If you are her people, then you are even more my people!" Su Yu shouted.

Mo Wudao widened his eyes and bit on Su Yu's shoulder. "Fine, I will bite you right now."

However, Su Yu's body was now so strong that she almost lost her teeth.

In a fit of anger, she could only say to the three of them, "Listen to his orders from now on!"

"Yes!" Only then did the three teachers submit to Su Yu.

At this moment, the three students gradually melted from the ice and looked around while shivering.

When their eyes met Su Yu's, their expressions changed drastically.

The temperature had dropped, and in the blink of an eye, it was winter. The book friends paid attention to protecting themselves from the cold and keeping warm.

Chapter 2387 Capturing Demonic Beasts

Although they had not witnessed Su Yu's 95 Ice Dragon Qi with their own eyes, nor did they know Mo Wudao's identity.

However, Su Yu's terrifying qi wall still made them tremble in fear.

Without thinking, they immediately split into three groups to escape.

"Why are you running? Don't make a Fuss!" However, at this moment, teacher Qin suddenly stopped them.

The three students were stunned. They turned around and looked at teacher Qin in confusion.

If they didn't run now, when would they do so?

“During the period when you were sealed in ice, they were already given the red names of infatuation. They are now our people.” Teacher Qin placed his hands in front of his chest and said arrogantly.

The three students were shocked when they heard this.

The so-called red names of infatuation were a mysterious hidden weapon personally refined by wanderer Xie.

Once the other party was hit, they would be loyal to the East region divine territory from the bottom of their hearts.

Many unruly and ruthless people in the East region were fortunate enough to have tasted the taste of the infatuated red name, becoming the Guardian slave of the East region divine territory. They were known as the Guardian slave for short.

“Congratulations, teacher Qin, for obtaining an outstanding guardian slave!” The three students ran back happily, not suspecting that their teacher had defected in the slightest.

The boy licked his lips, his eyes filled with malice. “Teacher, let me deal with this detestable slave. HMPH, if he dares to freeze me, I’ll burn him to death!”

However, teacher Qin did not allow him to do as he pleased. Instead, he said sternly, “You can’t!”

“Why!” The boy stomped his feet, extremely displeased.

The other two teachers said with a tone of indifference, “Xu Ming, you’re not young anymore. You should understand the stakes between us three teachers and the other teachers of the East Region Divine Prefecture!”

“That’s right. The East Region Divine Prefecture has 81 teachers. Every three teachers will form a group and train their own students. The disciples that the three of us train won’t be as outstanding as the other groups. If this continues, by the time you graduate, not only will you become someone else’s slave, but the three of us will also be responsible for bearing the evil loose cultivator’s ten-year evil bone corrosion!”

At the mention of the myriad evil bone eroding, the three teachers couldn’t help but shudder.

That was the punishment that the evil loose cultivator gave to the failed teachers!

If the teachers failed to discipline their students properly, they would be punished by the myriad evil bone eroding. That feeling was comparable to entering the Netherworld or the netherworld. The pain was unforgettable and unforgettable.

Xu Ming said in surprise, “Teacher Qin, you want to take these two people as your students?”

Teacher Qin nodded seriously, “Yes, do you have any objections?”

Xu Ming glared at Su Yu angrily, “I’m not willing. If he is here, then I’m Not Here!”

“Alright, I’ll fulfill your wish.”Teacher Qin said indifferently, “If you insist on doing so, then you can choose another master teacher!”

Xu Ming was stunned. He had never thought that a student who was welcomed and doted on by the teacher would be neglected so much overnight. He couldn’t compare to an outsider like Su Yu!

His thoughts churned in his mind. With mixed feelings, he gritted his teeth and said, “I was just saying it in anger.”

How could it be that easy to change teachers?

Under Teacher Qin, he could receive the best care, but under the other teachers, it was different.

“Don’t do it again.”Teacher Qin warned. Then, he looked at Su Yu and said slowly, “Su Yu, from today onwards, you are my student. Now, join me at the camp.”

“Yes, teacher Qin,”Su Yu said with a respectful expression.

Of course, everything had been secretly instructed by Su Yu.

It was necessary to sneak into the East region divine territory.

“As for her...”teacher Qin asked, pretending to be serious.

Su Yu said, “She is my younger sister. Her name is... little demon Su!”

As soon as he finished speaking, his waist was violently twisted again..

Teacher Qin’s original name was Qin Hui. The other two teachers were Yue Shan and Chen Yun.

Their group’s training had been cut short due to an accident, and they had returned to a civilization filled with a towering evil aura.

Within that civilization, there were many teachers and students coming and going. They all came to a hall somewhere in the civilization and took out the demonic beasts they had hunted.

So, this was the East Region Divine Territory’s annual training.

Teachers from different groups led their students to the eastern region’s borders to hunt demonic beasts.

Qin Hui led Su Yu and the others into the main hall.

In the main hall, there were full-time staff members of the Eastern Region Divine Prefecture who were responsible for registering the demonic beasts that the various groups had hunted.

“Teacher Qin, where are the demonic beasts that your students have hunted?”The old man was slightly surprised as he sized up Su Yu and Pathless Mo. .

Qin Hui waved her hand, and the three students, including the child, each took out the demonic beasts that they had hunted.

The old man sized them up before taking notes, “Two level seven demonic beasts, eight level six demonic beasts, and thirty level five demonic beasts. A total of 90 points. The current ranking... is 27th.”

In the East region divine territory, there were only 27 groups in total.

The 27th was naturally the last.

Qin Hui’s expression didn’t look too good.

There were still about ten days before the training officially ended. The other groups were continuing to hunt, and the number of demonic beasts they would obtain would increase.

“Teacher Qin, it is necessary to remind you that in this training, the students of the last-ranked team will be punished for serving as slaves for seven days. Teacher will publicly flog 30,000 demonic beasts. Are you mentally prepared?”The elder asked.

Qin Hui’s face turned pale as she nodded.

After a student became a slave, anyone in the East Region Divine Prefecture would be able to order them around. Furthermore, no one was allowed to resist. Otherwise, they would be punished even more severely.

As for the people in the East region divine territory, none of them were easy to deal with. They would use this opportunity to humiliate the person who acted as a slave to the extreme, causing the person to break down mentally and lose the right to compete with them.

As for the teacher, her situation was not any better. After the thirty thousand lashes, the injuries were minor, but the most important thing was that the process was extremely humiliating.

The person who was being punished had to strip off all of their clothes and carry out the punishment in public.

The three of them were female teachers. If they were to receive such punishment, they would be too ashamed to raise their heads in the East region divine territory.

“I’m here to apply for two student ids.”Qin Hui pointed at Su Yu and Mo Wudao. “These are Su Yu and Su Xiaomo. They are two new students that I accepted during the hunting process.”

The old man’s eyes revealed a look of realization as he reminded, “Teachers have the right to accept new students. However, if there are any problems with the students, the teacher is the first person responsible.”

This action was to prevent the teacher from randomly taking in students with unknown identities and causing all sorts of consequences.

“I understand.”Qin Hui nodded.

With that, the old man did not say anything else. He took out two very special pieces of paper and blew on them. The words “Su Yu”and “Little Demon SU”appeared on each piece of paper.

Following that, the old man shook his wrist and the two pieces of paper instantly sank into their heads.

Their names could be seen on their foreheads.

“From today onwards, the two of you are students of the East region divine territory. Remember to work hard and not slack off.”

Su Yu and Mo Wudao nodded. “We Understand.”

“Go. There are still ten days left. I hope there’s still time.”The old man waved his hand, telling them to continue their training.

After they left, a purple-faced middle-aged man walked out of the hall.

With a smile on his face, he asked, “Elder Mo, how is it? Are there any results that are higher than our Kirin Group’s?”

The 27 groups all had different code names.

Among them, one of the most famous groups was the Kirin Group.

Not only were their teachers powerful and experienced in teaching, the students they recruited were also top-notch.

Throughout the years of training, the Kirin Group had always been ranked in the top three.

This time, they took the lead, and with their current results of 200 points, they were firmly in first place.

Elder mo shook his old head, and a rare smile appeared on his indifferent face. “Your Kirin Group is extremely strong, and this time, your luck is extremely good. You bumped into a whole nest of grade-6 demonic beasts, and the water can refresh your results of first place.”

“Hehe, that’s good,”the purple-faced middle-aged man said.

“However, the lowest score has been refreshed. It’s the Azure Dragon Group,”elder Mo told them enthusiastically, completely different from the attitude he had when he was treating Qin Hui and the others.

The purple-faced middle-aged man shrugged. “As expected, three useless women and three useless students. Their training every year is within the bottom five. It’s very normal for them to fall to the last place this year.”

Elder mo nodded and said, “There is indeed no suspense between the first place and the last place.”

..

On the other side.

After returning to the void, Qin Hui said, “You all heard what I said just now. It is our honor to be the last place in the Azure Dragon Group.”

Xu Ming clenched his fists tightly and said, "Damn it! We were the ones who found the level six Demonic Beast's lair first, but the Kirin Group got there first."

Qin Hui shook her head and said, "Your skills are not as good as others, and the wheat clerks can't do anything to others. If you don't want to become the slaves of the other students, and don't want to be tormented by them, then focus on finding the demonic beast!"

The hearts of the three students suddenly tightened.

Xu Ming looked at the other two students. "Brother Zheng, brother Qing, let's go."

He cast a sidelong glance at Su Yu, implying that he was encouraging them.

Qin Hui received a secret message from Su Yu and said, "Yue Shan, Chen Yun, you follow them. I will follow Su Yu and Su Xiaomo."

According to the rules, the teachers had to follow and protect the students in secret.

After Xu Ming and the others left, Qin Hui lowered her head and said with a bitter smile, "Please excuse us, my two masters. Our Azure Dragon Group is incompetent. Perhaps we will cause you two masters to suffer."

Mo Wudao said indifferently, "Aren't there still ten days left?"

With her strength, wouldn't it be easy for her to hunt demonic beasts?

"Master, you don't know." Qin Hui smiled bitterly. "This time, we have already reached the final stage. Most of the demonic beasts have been killed. Whether or not we can encounter high-level demonic beasts will depend on luck."

If Mo Wudao had joined them earlier, the many high-level demonic beasts that they had encountered before would not have any room to escape.

Especially that level six demonic Beast's lair, the Kirin Group would not be able to get there first.

But now, it was too late.

Wayless Mo's eyebrows twitched. "Could it be that I, the number one person of the northern demonic path, want to come to the eastern region to be the servant of those little brats?"

Su Yu was expressionless as he opened Xiao Die's shared view.

Just now, he had seen demonic beasts. Demonic beasts of different levels represented different colors in Xiao Die's view.

At this moment, with a glance, everything in the world was presented in different colors.

Among them, there were two colors that were exactly the same as the color of a grade-7 demonic beast.

"Northeast corner, billions of miles away, southeast corner, three hundred million miles away," Su Yu said calmly and immediately flew to the northeast corner.

In the sky above an unconcealed valley, Su Yu stopped.

Teacher Qin followed behind them and found that Su Yu was talking about this place, he secretly frowned and said, "I don't know how many people have searched this valley. If there are others, it's not their turn to take advantage of it. I really don't know why he chose this place."

Chapter 2388 Deliberately Humiliating Others

Just as he was thinking, wayless devil on Su Yu's back suddenly exclaimed, "There really is one!"

He blew into the valley, and immediately, a strong wind blew in the valley.

Countless grains of dust were swept up and flew into the air.

Some of the seemingly ordinary grains of dust strangely came to life and gathered together, turning into a giant python that was full of evil energy.

It struggled and tried to escape in fear. However, it was unable to escape and was dragged to the front of Su Yu.

Upon seeing this scene, teacher Qin cried out in shock, "This is an extremely rare grade seven demonic beast, the yellow dust python! My God, no wonder no one discovered it."

This python was extremely special. Once it chose to hide, it could split its body into countless pieces of dust.

Unless there was a mighty figure, it would be very difficult to discover it.

It was not surprising that pathless mo could see through the yellow dust python at a glance.

What was surprising was how Su Yu was able to confirm that the yellow dust python was hiding here from billions of miles away.

It was simply inconceivable!

Su Yu grabbed with his hand and grabbed the yellow dust python into his spatial storage.

Then, his gaze flashed and fixed on the southeast corner.

The southeast corner was a dilapidated cave, and one could faintly smell the large amount of demonic beast aura remaining inside.

Seeing this place, teacher Qin clenched her fists and sighed.

This place was the lair of the level six demonic beast that they had discovered, but the Kirin civilization had gotten there first.

However, she felt that Su Yu's trip this time was really a wasted one.

Not only did the Kirin group carry out a three-foot search of this place, but the Azure Dragon Group was also unwilling to give up and had come to look for it. The other groups also came to try their luck when they found out that this place was their lair.

But without exception, all of them didn't find anything.

This lair had already been turned upside down by people. How could they possibly find a new demonic beast?

However, after Su Yu arrived, he didn't say a word and threw a punch at the lair below.

With a rumble, the entire cave suddenly shook.

Then, what surprised Qin Hui was that the cave suddenly closed. At the same time, it quickly drilled into the ground!

“What? The Lair itself is a demonic beast?” Qin Hui was extremely surprised.

After several rounds of chasing, the level seven demonic beast still couldn’t defeat Su Yu’s strong physique, so it was knocked unconscious and grabbed.

Qin Hui stared at Su Yu in disbelief.

If the former was a coincidence, then the latter, Su Yu locking onto another level seven demonic beast from three hundred million miles away, could it still be a coincidence?

Wayless mo clicked his tongue in wonder. “Holy Sh * t, can you do the Math?”

Even she could not sense the demonic beast, but Su Yu easily recognized it.

Su Yu did not say a word when she heard that. She looked around and said calmly, “Eight hundred million miles to the north, seven hundred million miles to the northwest, four hundred million miles to the Southwest...”

In the next five days.

Su Yu traveled through seven to eight regions, and found a single demonic beast accurately in each region.

His accuracy left Qin Hui dumbstruck.

What surprised her even more was that each demonic beast was above level six!

The three of them stood in front of a messy ancient tree. Su Yu had just captured another level seven demonic beast here.

“Including the demonic beasts you’ve hunted before, so far, we’ve already got 270 points.” Qin Hui’s face was glowing with joy, like a huge rock that had been pressed on her chest for a long time, suddenly, she felt empty. “With this kind of result, we can at least be ranked in the top 15.”

This time, not only could they break away from the historical result of being in the bottom five, but they could also be ranked in the top 15.

The experience of the Azure Dragon Group this time would definitely be an eye-opener!

“Only 15?” Su Yu was not quite satisfied. “Looks like we have to continue!”

He swept his gaze and looked in a certain direction, and his eyes lit up slightly. “Oh? An undiscovered lair of a level six demonic beast? We’ve finally hit the jackpot.”

From his point of view, there were no less than 100 level-six demonic beasts.

The equivalent score should be around 500 points.

Adding the previous gains, it was close to 800 points. There was no doubt that he would win the first place in this experiential learning.

Swoosh --

Su Yu immediately flew over and just appeared. He found a student in the advanced stage of the fish-dragon realm hiding nearby with a face full of joy. He crushed the jade seal as if he was informing someone.

Qin Hui saw it and felt hatred from the bottom of her heart.

Unfortunately, the student was actually a member of the Kirin Group!

She was about to send a telepathic message to Su Yu, but she saw that Su Yu did not care. He first used the 95 Ice Dragon Qi to freeze the other party into an ice sculpture.

Then, he used the 95 ice dragon Qi to surround the entire nest of the demonic beasts.

Then, he and Mo Wudao went into the sheep herd to harvest the demonic beasts wantonly.

After a cup of tea, a hundred level six demonic beasts were all in the bag.

“There are still a few level five demonic beasts.” Wayless Mo had sharp eyes and found a few small demonic beasts hidden. Just as he was about to capture them, Su Yu turned around lazily and said, “Alright, even if we capture them, there won’t be much left.”

Hearing this, Qin Hui sweated profusely.

Xu Ming and the other two students had fought fiercely with the other groups for the sake of a level five demonic beast.

However, Su Yu was so good that he didn’t even bother to look at them anymore!

This was the difference between them!

Su Yu and the others left. When they left, they collected the nine-five Ice Dragon Qi.

The student who had turned into an ice sculpture melted slowly.

He shivered and looked at the empty nest in front of him. He flew into a rage. “Who? Who Is It?”

Soon, the three of them rushed over.

All of them were Dao Masters in the late stage of the fish-dragon realm.

“Zhao Zhili, what’s going on?” A skinny young man looked at the melting cold air in the sky.

Zhao Zhili was furious. He pointed at the nest and said, “We’ve been robbed!”

“Is that true?” The skinny young man looked incredulous. “There are 100 level-six demonic beasts. Even if the four of us attack with all our might, we can’t capture all of them. Besides, from the time you sent the message to the time we arrived, it would only take us ten minutes at most. How could a student do that?”

The three students all cast doubtful gazes at Zhao Zhili.

“I swear to the heavens that everything I said is true!” Zhao Zhili said confidently.

The three students frowned deeply. “That’s Strange!”

“Forget it. It definitely wasn’t done by a student. It might have been taken away by a passing senior expert. It Won’t affect our results,” the thin young man said after thinking for a while.

The other students nodded. There were still five days left until the final moment.

Their qilin team was far ahead with 400 points.

If nothing unexpected happened, it would be impossible for anyone to affect the first place result.

..

On the other side, Wayless Mo asked Su Yu, “Where are you going?”

“I’m going back to rest. I’ve caught enough,” Su Yu said indifferently.

No one could affect the total score of 800 points. It would be a waste of energy and time no matter how many demonic beasts they caught. It was better to return to that civilization and get some information about the east region divine prefecture so that he could make his own plans.

“Wait, I think I saw Xu Ming and the others hunting a level five demonic beast.” Pathless Mo’s senses were strong, so he immediately noticed and said, “Let’s go and snatch those level five demonic beasts.”

Su Yu said uninterested, “Boring.”

With no other choice, Pathless Mo could only lightly spit out, “That three brats got lucky.”

After returning to the civilization, Qin Hui and the other two immediately attracted a lot of attention.

“The Azure Dragon team is getting impatient. They came back to check out the latest results rankings, right?”

“Hehe, isn’t that right? Look, they don’t even have the mood to catch demonic beasts anymore.”

“Unfortunately, they will be very disappointed, because the second-to-last place is already more than enough to pull them away!”

..

However, what surprised them was that Qin Hui did not go to the main hall to check out the rankings. Instead, she brought Su Yu and Su Xiaomo, the two students, to live in a rather luxurious manor in this civilization, and leisurely enjoyed the rest.

When the news reached Elder Mo’s ears in the main hall, the latter sighed in disappointment, “Does the Azure Dragon team know that they have no hope, so they are throwing everything away? Unambitious thing!”

When the purple-masked middle-aged man, who was strolling around in the civilization, received the news, he could not help but laugh. He did not even have the mood to comment on it.

He did not even have the mood to consider such a useless group as a competitor!

In the manor.

A group of black-clothed members of the East region divine territory stood outside the manor with a dignified expression.

“Teacher Qin, I have come to pay a visit.”

Qin Hui was in the courtyard, submissively telling Su Yu all the information she knew about the East region divine territory.

She suddenly heard a familiar voice and was slightly surprised. “The White Tiger Group’s alchemy teacher?”

“Strange. The White Tiger Group is one of the top three groups all year round. It is on par with the qilin group. Usually, they would not even take a second look at our Azure Dragon Group. Now, they actually came to pay a visit. How Strange,”Qin Hui muttered to herself.

Su Yu waved his sleeves. “Let’s go and meet them first.”

“Yes!”

Qin Hui came to the front yard and politely invited Dan Laoshi to the guest hall. It was a very polite greeting.

“Dan Laoshi, what brings you here?”Qin Hui’s face was full of smiles. She was very respectful to this Dan Laoshi.

Dan Laoshi stroked his white beard and sat at the main seat. His eyelids drooped slightly as he looked down at Qin Hui. He said faintly, “I do have some matters that I need your Azure Dragon Group to handle.”

Qin Hui felt uncomfortable listening to his tone.

Why did it seem like the Azure Dragon team should listen to the white tiger team.

“Please speak.”Qin Hui’s smile disappeared.

Teacher Dan flicked his finger on the table and went straight to the point. “I’m a little interested in your team’s Xu Ming. Why Don’t you let him come to my team so that he won’t be implicated in your team.”

What?

Qin Hui’s face was filled with annoyance.

Between different groups, there would often be teachers snatching students from other groups.

However, it was usually done in secret, and everyone knew it.

But teacher Dan actually asked Qin Hui for the person in front of her!

Moreover, it was in a commanding tone.

This was completely a slap in Qin Hui's face, making her embarrassed!

"Teacher Dan, don't you think it's too much to deliberately humiliate people like this?" Qin Hui's face was as cold as ice.

Teacher Dan said indifferently, "Your Azure Dragon team has already given up on themselves. Do you still have respect to speak of? "Seriously, if you hand Xu Ming over to our white tiger team now, when you guys are punished, our white tiger team will be able to slightly intimidate the other teams and let you guys suffer less! !"

Hearing this, Qin Hui was stunned for a moment and came to a realization.

So that's how it is!

She found it amusing that she had given up on herself? Hehe, they have already obtained enough results and don't wish to get any more!

However, she naturally wouldn't say it out loud. With a faint smile, she said, "The heart of our Azure Dragon Tribe doesn't need your white tiger tribe to worry about it. Where did it come from? Scram to where you came from!"

The indifferent Dan Laoshi was suddenly taken aback. He stared at the arrogant Qin Hui with a slightly unfamiliar gaze.

This is still his memory, that humble position, often Humble Qin Hui?

Chapter 2389 Was Meaningless

"Qin Hui, it seems like you still don't understand your situation," Dan Laoshi said coldly.

He didn't understand what was wrong with Qin Hui.

She was already destined to be the last, yet she still dared to be so arrogant and berate him.

Could it be that not only did he give up on this training, he had already given up on himself and even gave up on his graduation?

Qin Hui laughed coldly. "I understand my situation very well. There's no need for teacher Dan to worry. I don't want to repeat the same words a second time!"

At this point, teacher Dan had nothing more to say.

His face darkened. "Alright! Then my white tiger group will wait to see the fate of your Azure Dragon Group. At that time, don't blame my White Tiger Group's students for being mischievous and bullying your azure dragon group's slaves!"

"Hehe, then just you wait!"

HMPH!

With a grunt, Dan Laoshi flicked his sleeves and left.

Qin Hui watched him leave with a face full of indignation. She had never felt so happy before. "Hahaha, it feels so good to scold the white tiger team's teacher away!"

If it was in the past, their Azure Dragon team, which was at the bottom, would only have to bow and scrape in front of the white tiger team.

How would they dare to scold him away like this?

For the first time, Qin Hui felt that meeting Su Yu and Mo Wudao was not a bad thing.

The white tiger team was not the only one who had the same thoughts. One after another, representatives from other teams came to talk to Qin Hui.

Some were more tactful, while others were like the white tiger team, undisguised threats.

They only had one goal, to ask for Xu Ming.

Of course, the answer they received was unexpected.

At worst, they would leave in disappointment, and at worst, they would be filled with shame and anger.

This situation continued until five days later.

Under the leadership of Chen Yun and Yue Shan, Xu Ming and the other three students returned to the camp on time.

After the last ten days of hard work and hard work, they had successfully captured two level five demonic beasts and even accidentally captured a level six demonic beast, adding twelve points to their group.

“Our harvest is very good. If Su Yu and Su Xiaomo also managed to kill the demonic beasts, we might have a chance to get rid of the last one.” Yue Shan was full of hope.

Chen Yun could not help but feel uneasy. After returning to civilization, she immediately sent a message to Qin Hui to confirm the other party’s location.

After a short while, the two sides met at the mountain villa after ten days.

Qin Hui took the initiative to welcome them and said with a smile, “You two teachers have worked hard, and the three students have also worked hard.”

“It’s our duty to work harder.” Xu Ming chuckled and said, “Thank you for your hard work, teacher Qin.”

Qin Hui said frankly, “Actually, I’m fine. I didn’t work hard at all.”

She was telling the truth.

Along the way, Su Yu and Su Xiaomo didn’t need her protection at all. They just followed them everywhere to catch demonic beasts.

In the end, they even returned to the villa five days early to rest. When had they ever worked hard?

Yue Shan and Chen Yun only thought that Qin Hui was being modest.

Chen Yun sighed and said, “Teacher Qin must have worked hard to come back just now, right? I wonder if those two people have hunted demonic beasts.”

Qin Hui was speechless. She had already said that she didn't work hard.

"To tell you the truth, I came back five days ago," Qin Hui said.

Hearing that, Yue Shan and Chen Yun were stunned. Then, they pursed their lips tightly and stared at Qin Hui with a complicated gaze.

There was anger, blame, and deep resentment.

They led their students outside and risked their lives to capture the demonic beasts.

How Could Qin Hui give up on training without informing them and return to the villa to recuperate?

A great sense of disappointment and betrayal surged into their hearts.

However, the feelings they had spent years with each other allowed them to maintain restraint and did not flare up.

On the other hand, Xu Ming's three students were not that shrewd.

Xu Ming, in particular, immediately clenched his fists in anger and widened his eyes. "What did you say? You came back five days early?"

Then what was the point of them working so hard to capture demonic beasts outside?

Moreover, they had come back early. It was obvious that they had given up on this experiential learning and would not be unable to capture any demonic beasts, right?

Initially, they had hopes of making a comeback, but now, there was no hope at all!

The Rage in Xu Ming's heart could be imagined.

"Teacher Qin, it was Su Yu and Su Xiaomo who decided to give up, right?" A student asked with a gloomy expression.

Teachers were only responsible for protecting the safety of their students. Whether they gave up on the experiential learning or not, it was up to the students, not the teachers.

Qin Hui nodded. "Yes, but they have already..."

Unfortunately, before she could finish, Xu Ming shouted, "I knew it was those two guys!"

With a furious expression, he roared at the villa, "Those two surnamed Su, get the hell out here!"

Ever since he had met the two of them, nothing good had happened.

Now, they were dragging them down to the last place.

After a long time, there was no reply. Xu Ming was so angry that his chest felt like it was about to explode. "If you don't come out now, I'll raze the villa to the ground!"

At this moment, Su Yu was in a secret room, analyzing all sorts of information about the East region divine territory.

How could he have the leisure to bother with Xu Ming?

After a long time without a response, Xu Ming's old attitude flared up. With a furious roar, he actually used his powerful cultivation to forcefully destroy the mountain villa.

A powerful fluctuation swept out in all directions with him at the center.

Wherever it passed, all the buildings were destroyed.

By the time Qin Hui and the other two teachers wanted to stop it, it was already too late. They could only curse in their hearts.

Huala --

The secret chamber where Su Yu was was also not spared.

Although there was a restriction that seemed to prevent it from collapsing, it was still swept by the Shockwave and woke him up from his concentration.

His eyes turned cold. "You're courting death!"

Boom --

He stepped on the ground and used his spatial domain to leave the secret chamber and appeared behind Xu Ming.

Without even looking at him, he slapped the back of his head.

Xu Ming immediately sensed something and a golden ring appeared on his head as a defense.

PA --

But Su Yu's slap was so powerful. How could a normal defense defend against it?

The ring trembled slightly and then shattered.

The back of Xu Ming's head was hit hard. He staggered forward and fell a few times before he fell into the ruins, his face covered in dust.

Su Yu retracted his hand and looked at the broken ring. He was surprised. What a strange ring.

If he did not sense wrongly, he vaguely felt that the power of the Dragon Emperor's Profound Dao in his body had fluctuated.

"You dare to hit me?" Xu Ming climbed up in anger. His eyes were as wide as a frog and he glared at Su Yu without blinking.

Su Yu returned to his senses and looked at him calmly. "Hitting you is a light punishment!"

That slap just now contained a hint of killing intent.

If not for the protection of the ring, the current Xu Ming would have already been killed by that slap.

Xu Ming came to Qin Hui's side and said angrily, "Teacher Qin, you have to stand up for me."

Qin Hui was speechless. Her life was in Su Yu's hands, how could she stand up for him?

"Xu Ming, Su Yu is right. You've gone too far!" Qin Hui lectured him seriously.

"After returning to the East region divine territory, I went into seclusion to think!"

Xu Ming was stunned. Teacher Qin, who had protected him in all aspects, was now protecting Su Yu instead.

He was the victim!

Why did he punish him and not mention anything about Su Yu?

Yue Shan and Chen Yun sighed in their hearts. The latter broke the cold atmosphere and said, "Stop arguing. Time is almost up. Hurry to the main hall to hand over the demonic beasts."

The two of them sighed. It didn't matter whether they handed them over or not.

They were destined to be the last.

Xu Ming was so aggrieved that tears fell from his eyes. He silently followed them to the main hall.

In the main hall, the other groups had all arrived.

Among them were the white tiger group and the Qilin Group.

The entry of the Azure Dragon Group caused many groups that were chased away by Qin Hui to cast hostile looks at them.

Sensing the subtle atmosphere, Yue Shan and Chen Yun were baffled.

"Isn't this the Azure Dragon Group? They came so late. Do they think that they can delay it?"

"Hehe, haven't you heard? They gave up five days ago. Perhaps they had too much fun and lost track of time."

"Let's watch their show later!"

Upon hearing this, Xu Ming and the other two students clenched their fists tightly.

They weren't supposed to be in last place!

"Teacher Qin, how is your hunting situation?" At this moment, a group of young teachers walked over with four students and greeted them warmly.

Qin Hui recognized them. They were from the black tortoise group.

Just like the Azure Dragon Group, they were always in the bottom five.

The black tortoise group had already been in last place many times, and this time, they were in last place.

Now, they were here to inquire about the Azure Dragon Group's situation and see if they had made a comeback.

Before this, the Azure Dragon Group was only ten points short of the Black Tortoise Group.

Qin Hui said calmly, "It's alright. I've made some gains."

The black tortoise group's teacher who asked the question had a faint smile on his face. "Is that so? You guys have rested for five days, yet you still managed to make some gains. It's really not easy!"

His gaze shifted slightly, and he said, "We're not as powerful as you guys. We've worked hard for ten days, but we've only caught four level five demonic beasts."

What?

Xu Ming suddenly raised his head. The black tortoise group's gains were very small.

With the current situation, the Azure Dragon Group was only two points lower than the black tortoise group!

Two points, capturing two level five demonic beasts was enough!

Thinking of this, Xu Ming glared at Su Yu with hatred in his eyes.

If they had not given up and persisted for a few more days, would it have been difficult to find two level five demonic beasts?

It was all because they had given up on themselves that the Azure Dragon Group had become the last place by two points!

Yue Shan and Chen Yun were also stunned. They sighed and felt extremely upset.

They could have avoided being the last place!

After capturing their subtle expressions, the black tortoise group's teachers and students heaved a sigh of relief. Fortunately, the Azure Dragon Group had not run away from being the last place.

They hadn't gained much in the past ten days, and they thought that they were doomed. Who knew that a miracle would happen!

They really had to thank Su Yu and Su Xiaomo, who had given up on their training!

"Hehe, teacher Qin, don't be discouraged. It Won't be too late to work harder next year."With that said, the group left with a satisfied smile.

The faces of the members of the Azure Dragon Group didn't look too good.

At this moment, the Elder in the main hall drew a spatial barrier in front of him to isolate him from the outside world. "According to the groups, send representatives to hand in demonic beasts one by one."

The group entered one by one in an orderly manner, their expressions filled with anticipation.

After the registration was completed, the ranking would be officially announced.

The higher the ranking, the more rewards one would receive.

Especially the reward for the first place, which had always been what all the groups yearned for the most.

No one knew who would get the reward for this experiential learning.

In the end, it was Su Yu's turn.

"I'll go."Qin Hui took out two spatial storage devices and entered them.

Chapter 2390 The Crowd Was Excited

After entering, the old man raised his head and found that it was the Azure Dragon Group. His old eyes could not hide his contempt.

It was not scary to fall behind. What was scary was to give up and not know how to work hard.

“Take it out.” Therefore, the old man’s attitude was much more indifferent. He was not as polite to the other groups at all.

Qin Hui’s expression remained the same as she placed the two spatial storage devices in front of her.

The old man casually picked up the spatial storage device in his left hand and probed into it. He said indifferently, “One level six demonic beast, two level five demonic beasts, twelve points, accumulated 102 points.”

His expression was slightly better,

currently, the second-to-last place score was 104 points for the Black Tortoise Group.

If there were more than two level five demonic beasts in the other spatial storage device, they would be able to successfully shake off the last place.

With a slight hint of expectation, the old man picked up the second spatial storage device and casually probed inside.

In the end, he saw a dense mass of demonic beasts, and the number... was countless!

He was shocked at that time, and didn’t even notice that the pen in his hand had dropped on the table.

“Where... did these come from?” The old man was dumbstruck, and he asked a question without any sense.

Because there were too many demonic beasts inside!

The most shocking thing was that there was not even a single level five demonic beast. The lowest level was a level six demonic beast.

Among them, there were several level seven demonic beasts!

Qin Hui said calmly, “Deacon Li, you must be joking. Of course, the demonic beasts were caught. Could it be that someone would give them to us?”

The old man realized that he had lost his composure just now and quickly put away his shocked expression. “Ahem, I’m just asking, just asking!”

As he spoke, he carefully counted the number and level of the demonic beasts.

After half a cup of tea had passed, he wrote down a heavy stroke in disbelief. “Azure Dragon Group, 790 points, first place!”

Qin Hui’s heart thumped loudly as she left the enchantment contentedly.

Seeing the Azure Dragon Group enter and not come out for a long time, the outside world couldn’t help but feel suspicious.

“What the hell is going on? Even the number one kirin clan didn’t spend such a long time!”

“Could it be that Qin Hui is trying to bribe Deacon Li?”

“That won’t take that long, unless she sacrifices her looks!”

“Ahem, deacon Li is famous for being upright and upright in the East region divine territory. He wouldn’t do such a thing, right?”

As she spoke, Qin Hui came out with a slightly red face under everyone’s gaze.

Her strange expression immediately attracted many guesses.

Could it be that they were really in there after such a long time?

Little did they know that it was because Qin Hui was too excited.

After the last few groups entered separately, the old man withdrew the enchantment.

Everyone’s expressions were solemn as they waited for the old man’s announcement.

“The results have been calculated. I will only announce the top three and the bottom three. As for the rest, after the list is released, you can go and take a look yourself,”the old man said indifferently.

Everyone was filled with anticipation.

Especially the purple-faced middle-aged man from the Kirin Group. He stood with his hands behind his back and his eyes were filled with confidence.

According to the information he had, the Kirin Group was firmly in first place. There was no suspense at all.

“Announce the bottom three first,”the old man said. “The third from the bottom, the Golden Crow Group!”

Everyone’s expressions were calm. The Golden Crow Group was a group that was always in the bottom five, so it was normal for them to get the third from the bottom.

“Second from the bottom...”

The black tortoise group’s teachers and students smiled knowingly. Of course, they were in second place!

This time, they had narrowly escaped death.

It was better to let the Azure Dragon Group have a taste of that painful punishment.

“Black Phoenix Group!”

However, what shocked the black tortoise group’s teachers and students was that they were not in second place.

“What’s going on? We are the second from the bottom!”

“Could it be that we accidentally fell into the Golden Crow Group and the Black Phoenix Group and became fourth to last place, so we didn’t announce our ranking?”

Thinking of this, the students and teachers found it unbelievable.

Ten days ago, the Golden Crow Group and the Black Phoenix Group had more points than them, so why did they fall behind them now?

“First to last place...”the old man deliberately paused and glanced at the Azure Dragon Group.

Many of the representatives present gloated at the Azure Dragon Group.

Some of the teachers and students had already cast hostile looks.

Next was the beginning of the Azure Dragon Group’s nightmare.

Xu Ming clenched his fists and lowered his head deeply. Yue Shan, Chen Yun, and the other two teachers also lowered their heads in shame, not daring to meet the gazes of the others.

They sighed silently in their hearts. Of course, they were the first from the bottom.

“Black Tortoise Group!”The old man’s voice was extremely penetrating as he said slowly.

In an instant, the hall was deathly silent.

Regardless of whether it was the group that was gloating, Black Tortoise Group, or Azure Dragon Group, they were all stunned.

What was going on?

Shouldn’t it be the Azure Dragon Group?

They had all given up on themselves and given up on training. Yet, they weren’t the last place?

The students and teachers of the Xuanwu group were petrified. It was as if they had fallen from the clouds into the eighteen levels of hell.

They were actually in the last place!

In the Azure Dragon Group, Yue Shan, Chen Yun, and the others, who were filled with shame, suddenly raised their heads in disbelief.

“We’re not in the last place? We’re not even in the third place?”Yue Shan stammered.

They were already destined to be in the last place, but the result was completely different from what they had expected.

Chen Yun’s face was also full of disbelief. She suddenly looked at Su Yu and Su Xiaomo.

There was only one explanation for this situation, and that was that Su Yu and Su Xiaomo had killed a lot of demonic beasts within five days.

Not only had they successfully gotten rid of the last place, but they had also gotten rid of the last three places.

They had wronged Su Yu and Su Xiaomo. The reason why they had come back five days earlier must have been because they were already well-prepared!

“Consider yourselves Lucky!”The Pill Master of the White Tiger Group said angrily.

The purple-faced middle-aged man of the Kirin Group glanced disdainfully at the delighted teachers and students of the Azure Dragon Group and shook his head. “The sorrow of the weak.”

So what if they got rid of the last place? weren’t they still at the bottom?

Even so, he was still incomparably excited.

If it was the Kirin Group, they would definitely not be like this. They would feel ashamed if they fell out of the top five, let alone the bottom five?

He retracted his gaze indifferently and looked at the old man, waiting for the top three... No, the first place to be announced.

“Now, the top three will be announced.”The old man looked at the crowd. “The third place... White Tiger Group!”

Dan Laoshi was taken aback. He frowned slightly.

Ten days ago, the White Tiger Group was still in second place. There was a gap of thirty points between them and the third place Sea Beast Group.

Who would have thought that ten days later, they would actually be overtaken by the sea beast team.

What a mistake.

The purple-faced middle-aged man was also a little surprised. He threw a hint of ridicule at teacher dan, “Dan Haiqing, in the next year, you have to work hard. Don’t let someone overtake you in the next year, Hehe...”

While everyone was discussing intensely, the old man said, “Second place... Qilin team!”

It wasn’t the Sea Beast Group, but the Qilin Group!

“What?”The entire crowd was in an uproar, unable to believe this result.

The qilin group, which far surpassed everyone and was leading by itself, was actually second place!

Was there something wrong?

Could it be that the sea beast group suddenly erupted within a short ten days and couldn’t catch hundreds of demonic beasts, kicking the first place qilin group off its throne?

“Isn’t the Sea Beast Group too powerful? Ten days ago, they were 100 points behind the Kirin Group!”

“Perhaps this is the result of accumulating strength.”

“This time, the Sea Beast Group is indeed a dark horse. I really didn’t expect that they would be the first place.”

The crowd was boiling. They were all surprised by the unexpected result.

The purple-masked middle-aged man stood there, unable to accept such an unexpected result.

Dan Haiqing could not help but laugh. “Zi Xiaoyun, I’ll give you the same words. Keep working hard, Don’t let others overtake you and lose the easy first place!”

Hearing this, the purple-masked middle-aged man’s face alternated between green and red as he stood there.

“Finally, the first place in this experiential learning is...”the old man announced forcefully.

The crowd was still chatting with each other and did not pay attention to them.

Because they already “Knew”that it was the sea beast group.

“It’s... The Azure Dragon Group!”

As soon as he finished speaking, the entire world instantly fell silent.

It was as if the river of time was suddenly cut off by someone, and the space-time at that moment fell into a permanent freeze.

The people who were chatting all stopped and looked at each other as if they were asking if they had heard wrong.

It wasn’t until the old man’s echo echoed in the hall twice that they were instantly awakened.

“Wait, who? The Azure Dragon Team?”

It was not the sea beast team, but the Azure Dragon team, which was always ranked at the bottom?

“There must be a mistake, right?”

“Did something go wrong when the results were calculated, and the total score was wrong?”

“It should be like this.”

Everyone looked at the old man, hoping that he would answer everyone’s doubts.

However, the old man’s expression did not change. He repeated, “The first place, the Azure Dragon team, is not wrong!”

After receiving an affirmative answer, the entire place was in an uproar.

“How is that possible? Ten days ago, the Azure Dragon team was still in last place. Ten days later, they will be in first place. There’s no possibility at all!”

“There’s definitely something wrong with the ranking!”

“Yes, there’s a Problem!”

The teachers and students present were all saying the same thing. They could not accept the fact that the Azure Dragon team was in first place.

Dan Haiqing was the most surprised. He said, “Deacon Li, it’s not that we are causing trouble, but this is a serious matter. Deacon Li, please announce their scores. We will judge for ourselves.”

Deacon Li smiled bitterly in his heart. He had already predicted the current situation when they were ranked.

“Okay, I will announce the scores of the top three,” the old man said. “The White Tiger Group in third place has 480 points.”

“The Kirin team in second place has 503 points.”

Zi Xiaoyun and Dan Haiqing nodded, showing no objection to their scores.

“The Azure Dragon team in first place has 800 points.” After deacon Li finished reading, he silently sealed his ears with the power of a dao master.

Because as soon as his voice fell, the whole place once again rang with shocking exclamations.

“What? 800 points?”

“Hahaha, 800 points. Ten days ago, they only had 90 points. Ten days later, they have 800 points?”

“I won’t believe it even if you beat me to death!”

“Wait, that Qin Hui has been in the spatial barrier for an exceptionally long time. She even had a strange expression when she came out. Could it be...”

“HMPH! I really didn’t expect it. It was just a joke at first. Now, it seems like it’s true!”

“Deacon Li is a law enforcement officer of the East region divine territory. He actually made such a dirty deal in public!”

“I will definitely report this incident to the upper echelons of the eastern region divine territory. I will not tolerate anyone who openly cheats or takes bribes!”

..

The crowd was as excited as an ignited barrel of dynamite.

It was even earlier.
