Chapter 2401 Who Is Setting A Trap? (Third Watch)

Qin Hui shrugged. "It's been around since ancient times, and we don't know its origin."

"Is that so?" Su Yu secretly noted it down. Under the leadership of Qin Hui and Dan Haiqing, the group landed on a civilization covered in mud.

Once they entered the civilization, the stench soared to the sky and was extremely pungent.

There was no soil for ordinary creatures to reproduce in the civilization. Only martial artists, or powerful martial artists, could adapt to such a dead and silent civilization.

After they landed, Qin Hui and Dan Haiqing each distributed the dao currency they brought, and each chose a side to search for the Ten Thousand Dao stones.

"Smart Man, where are you going to find the Ten Thousand Dao Stones?" Mo Wudao seemed to be deliberately inspecting Su Yu.

Su Yu answered smoothly, "There's no need to search. Someone will help me."

Mo Wudao was stunned. He did not understand what Su Yu meant. A crisp little girl's voice sounded behind them, "Customer... customer, do you need to buy something? I can lead the way."

Turning his head, he saw a pitiful 13-year-old girl wearing a green dress.

She had a pair of big eyes that made people love her. At this moment, she was nervously pinching the corner of her dress. Her expression was weak.

Wayless mo stared at Su Yu suspiciously. He wondered if this girl was arranged by Su Yu. How could there be such a person who had such foresight?

Su Yu smiled faintly, "I want to Buy Ten Thousand Dao stones. Do you know where I can find them?"

The little girl nodded. "I know. I . . . I can lead the way, but I need three dao coins."

"Sure." Su Yu took out his money card and traded with her on the spot.

"Lead the way. If you buy Ten Thousand Dao Stones, you will be given an additional reward." Su Yu patted her shoulder.

The little girl happily led the way. They came to a shop with very grand decorations. The words "Treasure Heaven Pavilion" were written on it.

When she looked inside, there were very few taboo items on the counter.

Among them were the remains of the dragon race that no one dared to sell in the other three regions!

However, the shopkeeper was not in front of the counter.

The business in the shop was also cold and deserted.

"Shopkeeper Han, we have guests," the little girl shouted crisply.

“Oh, they are here.” A fat middle-aged lizard man with big ears walked out from behind the hall. He looked very amiable. “Honored guests are here. Sorry for not welcoming you. Sorry for not welcoming you.”

The little girl tugged on his sleeve and said, “Please Buy Ten Thousand Dao stones at a cheaper price.”

After saying that, the little girl obediently left the Heavenly Treasure Pavilion and waited outside.

“No problem.” The lizard shopkeeper smiled and invited Su Yu and the others to sit down. He said, “It’s such a coincidence that the three of you are here. Our Heavenly Treasure Pavilion just received a batch of ten thousand dao stones. They are fresh, you know.”

Qin Hui was slightly happy. It was much easier than she had expected to buy ten thousand dao stones so easily.

“How much is it?”

The lizard shopkeeper said, “One hundred million dao coins, one ten thousand dao stone.”

Hearing this, Su Yu was secretly surprised. The price of Ten Thousand Dao Stones was ridiculously high. It actually cost one hundred million dao coins!

They needed to buy three boxes for this trip. A total of three hundred pieces. Didn’t that mean that it would cost thirty billion dao coins?

For such a large-scale transaction, only a domain lord would have such boldness.

Qin Hui and Su Yu exchanged a look. The price was still within the acceptable range.

The bottom line given by the evil loose cultivator was below 150 million dao dollars. 100 million dao dollars could be considered.

“How much do you have?” Qin Hui asked in return.

The lizard shopkeeper rubbed his palms. “Our quantity is very large. We have whatever you want, customer.”

Just as Qin Hui was about to tell him about the 150 dao coins that the Azure Dragon team was in charge of, Su Yu interrupted and said, “Just three is enough.”

A hint of disappointment flashed across the Lizard Shopkeeper’s eyes.

“Okay, please wait a moment. I will go to the back hall to get the goods.” The lizard shopkeeper was still very happy that the transaction was successful and returned to the back hall.

After he left, Qin Hui lowered her voice and asked, “Master, why only three?”

Su Yu said calmly, “Do you want people to know that you have 15 billion dao coins?”

After being taught, Qin Hui finally realized her carelessness.

It was not a good thing to expose her wealth in the east pole market.

On the other hand, Mo Wudao had a faint smile on his face. He kept sizing up Su Yu, which implied a deeper meaning.

After waiting for a while, the lizard shopkeeper walked over with a palm-sized box in his hands.

He opened the box in front of them gently.

Inside the box were three pitch-black stones the size of irregular fingernails.

Inside the stones, there were all kinds of power of law, which was exceptionally magical.

This was the Ten Thousand Dao stone.

Qin Hui took a look and said, "Can you check it?"

No one would be at ease with just a look at such an expensive item. Only by touching and checking it with one's own hands could they confirm its authenticity.

"This is the rule. Of course you can." The lizard manager was very easy to talk to. He handed over the small box with both hands and said, "Please take a look at it, guest."

As he said that, he tactfully stepped back to prevent the guest from being on guard.

However, just as Qin Hui was about to lower her head to check, the innkeeper who had stepped back suddenly retreated into the back hall.

His strange action immediately caused Qin Hui to feel uneasy. "There's a Trap!"

Without thinking, she threw away the small box in her hand.

Although his reaction was quick, he was still a step too late.

The three ten thousand dao stones in the small box cracked with a crack, and black threads shot out from the inside of the stone.

The threads were particularly sticky, and once they were shot out, they stuck to Qin Hui's body.

Su Yu was not spared either, and his entire body was sprayed out.

He tried to use the power of desolation to blast it away, but, let alone the power of desolation, even Qin Hui, with the power of a dao master, could not do anything to it.

In the end, Su Yu used the ice dragon breath, but he was also helpless.

At the same time, with a crash, the Heavenly Treasure Pavilion's door closed.

The lizard shopkeeper walked out from the back hall and looked at Su Yu, Qin Hui, and Mo Wudao who were stuck, his face was filled with traces of a cold smile. "My three guests, I'm sorry. I haven't opened for a long time, so I can only scrape some money off you."

Qin Hui was angry and angry. "You openly cheated our guests. Will anyone else come?"

The lizard shopkeeper smiled disapprovingly. "Hehe, this is the east pole market. which shop doesn't cheat people openly? Have you learned something?"

Qin Hui was speechless.

She had really learned something!

“What do you want?”Qin Hui shouted.

The lizard shopkeeper licked his tongue. “Of course I want to take 300 million dao coins from you guys first, then sell you guys. Of the two, one is human, the other is demon, and you are Moon woman. They are both rare species, hehe...”

Qin Hui was so angry that she did not say a word, while Su Yu’s expression was calm as water. He said indifferently, “If I were you, I can spare your life if you hand over three ten thousand dao stones now.”

“Every outsider who comes to my place will say the same thing, but their fate is... hehe...”the lizard shopkeeper waved the bottle of liquid in his hand.

Once they were given it, no matter how high their cultivation was, they would be unconscious.

“I’m different from them!”After Su Yu finished speaking, he suddenly took out the heaven extinguishing rod. “Long!”

Xiu --

The heaven extinguishing rod suddenly turned into a thousand feet long.

The other end accurately tapped on the lizard shopkeeper’s forehead.

With a puchi sound, his head was shattered by the heaven extinguishing rod, and he died on the spot.

“Don’t...”Qin Hui wanted to stop him, but it was too late. She smiled bitterly. “If he’s dead, who will untie this sticky thread?”

Su Yu said indifferently, “He naturally has a way to untie it.”

He inhaled through the air and found the spatial storage device on his body. After some searching, he found a bottle of snow-white liquid. He dripped a drop on the black sticky thread, and the sticky thread melted.

After a pot of tea, everyone finally got rid of all the sticky threads on their bodies.

“Damn it, how dare you cheat the East region divine territory’s Divine Territory!”Qin Hui kicked the lizard shopkeeper and crushed his spatial storage device in disappointment.

She had already checked and there were no ten thousand dao stones inside.

“Hahaha...”Mo Wudao could not help but laugh. “Smart person, is this the Ten Thousand Dao stone that someone helped you find?”

She had finally found something to use against Su Yu.

Su Yu’s expression was calm, as if he had not heard her. He silently opened the Heavenly Treasure Pavilion’s door.

The moment he opened it, he heard a little girl's sinister and hoarse laughter from outside the door. "Old Ghost, shouldn't you give me a big one this time?"

However, when she opened the door, she saw Su Yu and the others.

The lizard shopkeeper's corpse was lying on the ground coldly.

The Girl's smile disappeared, and her reaction was extremely quick. Without thinking, she took out a scroll and tore it.

A ball of green light flashed within the scroll, and the girl disappeared without a trace. Not even her aura was left behind.

Qin Hui blinked. "From the moment the little girl appeared, it was a trap?"

Wayless Mo's smile deepened, as if he was looking at Su Yu as a joke.

From the beginning, she could tell that the little girl was not what she appeared to be. On the surface, she was a weak girl, but in reality, she was probably an old witch who was on par with her.

It was laughable that Su Yu thought she was smart, but in the end, she was still bewitched by her and believed her words.

However, in the next moment, wayless Mo could not smile.

That was because Su Yu took out a jade plate. There was a light spot on it that was moving quickly.

He muttered, "It can be considered as such. From the moment the little girl appeared, I had already set her up."

Wait!

Pathless mo stared at Su Yu. "What do you mean?"

Qin Hui said in surprise, "Could it be that master knew from the beginning that the little girl had another identity?"

Su Yu rolled his eyes. "Isn't that obvious? How could a weak girl survive in such a vicious and evil place like the east pole market? It's easy to guess that she is not what she appears to be."

Uh..

Qin Hui could not help but shrink her neck, as if she was the only one among the three who did not realize it.

"Then master, is she the one you are targeting?"

Su Yu nodded. "My Three Dao coins are not that easy to get."

Pathless mo immediately remembered that when Su Yu handed her the three dao coins, she seemed to have patted the other party's shoulder. Could it be that she had secretly left a mark on her back then?

"Why did you leave a Mark? This old witch is at most a habitual criminal who cooperates with others. She is just a small fry. What is the use of locating her?" Pathless mo asked in puzzlement.

Su Yu's eyes sharpened like a hawk, piercing through everything.

"Small fry? That's not it!" Su Yu said slowly, "We're not the only ones who can see that she's a liar, but she's still alive. Why do you think that is?"

Chapter 2402 Benevolence And Leniency

After this analysis, wayless Mo was speechless.

Her realm was too high, and she never bothered to analyze a small character, so she neglected many details that she had never paid attention to.

However, Su Yu was observant, and her analysis was meticulous. She couldn't help but be convinced.

Qin Hui's eyes lit up. "Could it be that she's not just a person, but also an accomplice?"

Su Yu nodded with a smile and shook his head. "It's not as simple as an accomplice. There should be an organization behind her. Otherwise, how would she dare to commit such a blatant scam?"

Wayless mo frowned. "So what if we find that organization? It's not like they might have ten thousand stones."

Qin Hui could not see through Su Yu's thoughts either. They were here to find ten thousand stones, not to punish evil.

"They have it, and they must have a lot of it," Su Yu said indifferently.

Pathless mo asked in surprise, "How did you confirm it?"

Su Yu chuckled and said, "Did you forget that when I asked her about the Ten Thousand Dao stones, she did not hesitate to say that she knew about it? This means that she is very familiar with the ten thousand dao stones. Either she has it on her, or she often sees it."

With that said, Mo Wudao and Qin Hui remembered that the little girl's reply was exceptionally fluent.

The Ten Thousand Dao stone was something that only dao masters would use, and it rarely circulated in the market.

For a little girl to be suddenly asked about the ten thousand dao stone, she should also be unfamiliar with it. Yet, this girl answered without even thinking. It could be seen that she was indeed very familiar with the Ten Thousand Dao stone.

The Way Mo Wudao looked at Su Yu finally changed. "Human, you are indeed interesting."

Qin Hui agreed with him. Su Yu's experience, experience, and wisdom in the world did not look like a 100-year-old kid.

She, an old monster who had cultivated for hundreds of millions of years, felt a lot of pressure.

"But Master, why do you have to go through so much trouble to personally enter her trap and put yourself in danger? Wouldn't it have been enough to capture her and interrogate her about the location of her organization?" Qin Hui asked curiously.

In her opinion, entering the Heavenly Treasure Pavilion was completely unnecessary.

Su Yu shook his head lightly. "If I had interrogated her from the start, with her vigilance, there was a high chance that she wouldn't have escaped back to the organization and would have thought of ways to get rid of me instead. Only by shocking her with blood would she be able to scare her into immediately escaping back to the organization."

When Qin Hui heard this, she understood the meaning behind it.

If it was an ordinary danger, that girl would definitely use her familiarity with the eastern market city to think of ways to get rid of them.

However, if it was a life-and-death danger, she would be so frightened that she would immediately flee back to the organization.

Qin Hui's heart trembled. Su Yu had only interacted with that girl for a mere ten breaths. Even if he had calculated everything perfectly, he had even considered the details of this insight.

Looking at the young human in front of her, Qin Hui hugged her body for some reason and felt a chill run down her spine.

Mo Wudao's eyes also showed traces of fear and unease.

In the past, she had thought that Su Yu was merely a person who had grasped a powerful magic treasure and had dared to use the innate soul fusion art to possess his body.

However, the scene before her eyes overturned her understanding.

The human she possessed was not only blessed with strong luck, but also his flawless heart.

Even an old monster who had lived for more than half a century could not help but feel a chill in his heart.

It was really difficult to sleep and eat when facing such an enemy.

Even if his cultivation level was still very, very low..

Thinking of this, she could not help but secretly wonder if Su Yu would turn around and scheme against her in the future, taking revenge on her for forcefully possessing his body.

"Cough cough... that Su Yu... in the future, if there's anything you don't know about cultivation, feel free to ask. I can at least give you some pointers." Mo Wudao coughed dryly to express his goodwill.

Su Yu didn't think that Mo Wudao would have so many thoughts in such a short period of time. He calmly said, "You can't give me any pointers on my cultivation."

He didn't lack anything, only the law domain realm.

As for the seven great laws, there probably wasn't anyone in the world who could give him any pointers.

"You..." Mo Wudao's black eyebrows stood up. He was both angry and amused. He was the number one devil of the northern region, yet he lowered his body to

give pointers to a half-step dao master. In the end, the other party didn't appreciate his kindness?

How many experts had gone all out in order to request his appointment? Su Yu was better!

However, Qi was qi. Su Yu's cultivation and strength were indeed too strange.

His cultivation was obviously not compatible with his physique.

His physique was already at the late stage of the heaven tier at its strongest, almost approaching the great venerate realm.

But his cultivation was stuck at the half-step dao master level.

She was very puzzled. With Su Yu's luck and wisdom, was it very difficult to domain his laws?

How could he still be at the half-step Dao master level?

She looked at Su Yu meaningfully and said, "Could it be that you cultivate two laws and plan to domain two laws at the same time to become a Dual Domain Dao Master?"

"Uh... I guess so," Su Yu said. In fact, he cultivated eight laws!

"Hiss!" Qin Hui gasped, "In this era, there are still people who dare to try dual domains!"

Mo Wudao was also surprised, "Do you know how difficult it is to become a Dual Domain Dao Master?" When one became a dao master, the Heavenly Dao would block them more than twice as much as a single domain Dao Master. Almost no half-step DAO Master could successfully break through dual domains, except for some special physiques

Special physiques included the nine-god physique.

If they knew that Su Yu cultivated the eight laws, or the most abstruse and profound eight supreme laws in the world, who knew what they would think.

"We'll cross the bridge when we come to it. We'll find a way," Su Yu said, not willing to talk more.

Mo Wudao looked at Su Yu deeply. Her reason told her that a dual-domain dao master would never appear in this era.

However, emotionally speaking, this human that she couldn't see through might be able to succeed.

"Let's catch up." Su Yu interrupted their thoughts and came to a residential area of the easternmost market together.

In a certain abandoned courtyard, there was an abandoned ancient well.

However, there was another grotto-heaven under the ancient well. A group of warriors of different ages gathered together to exchange their experiences.

At this moment, the little girl landed, and a trace of panic remained on her face.

"Eh, Our Old Virgin has returned. Could it be that we've done something big again?" A martial artist ridiculed.

The little girl was furious and shouted, "Shut up! I'm in a bad mood! Where's second-in-charge?"

As she spoke, she walked towards the depths of the ancient well. She saw a middle-aged man counting dark stones one by one. There were dozens of them.

"Xiao Ge?" The middle-aged man put away the dark stones and said in surprise, "You came back so early. Could it be that you were exposed?"

Xiao ge nodded gloomily, "Yes, I met a group of ruthless people and killed the lizard manager. I reacted in time to escape."

The middle-aged man frowned slightly, "The Lizard Manager is an early-stage heaven tier powerhouse. Those people fell into a trap and killed the lizard manager. The strength of the people who attacked can not be underestimated. You are lucky to come back alive."

Xiao ge said unhappily, "Second-in-charge, do you mean to let it go just like that?"

"Do you still want to take revenge? We are only bringing business to those black shops. We are not fighting with people." The middle-aged man criticized, "Every line has its own rules. We can not act recklessly."

Xiao ge said, "But those people seem to be very rich. According to my observation, there are two groups of them. Their goal is the Ten Thousand Dao Stones."

The middle-aged man's eyes shone brightly. Those who came to search for the Ten Thousand Dao stones were definitely rich people.

However, he was still patient. He shook his head and said, "We are only in the business of leading the way. We are not in the business of killing and robbing."

Only then did Xiao Ge give up resentfully. "It's too easy for them!"

But at this moment, with a crash, the top of the entire ancient well was forcefully pierced through. Several figures calmly descended into the ancient well.

"I actually feel that you guys are the ones who benefit." Su Yu crossed his arms in front of his chest, coldly looking down at the group of swindlers below, he said, "I originally wanted to capture all of you in one fell swoop. Seeing that you guys didn't have the intention to kill us and rob us of our wealth, I let you guys off."

"How dare you trespass this place!" The second-in-charge's expression suddenly changed. Without thinking, he released his powerful cultivation of the middle stage of the heaven tier in an attempt to force them to retreat.

Qin Hui curled the corners of her lips and said contemptuously, "If you don't want to die, then leave."

Her body trembled. The powerful pressure of the late-stage of the heaven tier swept out and suppressed everyone, including the second-in-charge, to the ground.

The second-in-charge's expression changed drastically. "Late-stage of the heaven tier. Who Are You? Are you the teacher of the East Region Divine Prefecture?"

In the entire East region, there were very few late-stage heaven tier experts. Other than a few in the eastern market, the rest were from the East Region Divine Prefecture.

The woman in front of him was so unfamiliar. There was no doubt that she was from the East region divine mansion.

"Cut the crap. You know why we are here, right?" Qin Hui snorted coldly and glanced at the shivering Xiao Ge from the corner of her eyes.

The second-in-charge felt bitter in his heart. He realized that Xiao Ge had exposed her whereabouts and lured her here.

He did not quibble and said, "What do the three of you want? Please say it."

Qin Hui said, "Ten Thousand Dao stones, hand them over!"

What?

How could the second-in-charge bear to hand them over?

These ten thousand dao stones were all accumulated by their organization over the years. They were used to deal with the destruction of the epoch.

How could they hand them over all at once?

"We are willing to compensate everyone with dao coins," the second-in-charge said.

Qin Hui snorted coldly. She waved her hand across the air and forcefully snatched his spatial storage device. After examining it briefly, her eyes suddenly lit up. "Fifty-eight Ten Thousand Dao Stones!"

Following that, she snatched all the spatial storage devices from everyone present one by one. She was overjoyed as she said, "Everyone has one!"

After a rough calculation, there were more than 130 thousand dao stones. There were still 20 more to go before the mission.

"You guys can't do this. This is all our hard-earned money." Second-in-charge was pressed to the ground and made a desperate plea.

They had already used all the money they had accumulated over the years to buy the Ten Thousand Dao Stones Reserve.

How could they have expected that Su Yu and the others would empty it out?

Qin Hui's eyes were cold. "Hard-earned money? It's money exchanged for someone else's blood, right? You know how many people you have killed over the years! Not killing you today is already a great gift to you. One more word and I'll slaughter you all!"

To put it bluntly, the people in the east infinity market deserved to be killed. As for the remaining one who deserved to die, none of them were innocent.

If not for Su Yu's order not to take their lives, they would have all been killed as soon as they appeared.

Only then did the group obediently prostrate on the ground, not daring to resist anymore.

After obtaining the items they were satisfied with, Su Yu and the rest left.

Mo Wudao's eyes blinked as he looked at Su Yu and said, "You are not a soft-hearted person. Why would you let them off?"

Chapter 2403 Disaster Strikes The Wall

In her opinion, Su Yu would not hesitate to eliminate all of them.

"The Darkness also has its own rules. It's better for us not to interfere with this chaotic area, lest we get into trouble." Su Yu's eyes were slightly vigilant.

Since the easternmost market could exist until now, it must have its own dark order.

Otherwise, the various forces and experts would have long fought each other and never had a peaceful day. How could it be as peaceful as it appeared on the surface?

And the one who could create order must be a powerful existence that was higher than all of them.

That person was the one Su Yu was afraid of.

Rashly slaughtering people in the easternmost market was really not a wise move.

"There are still 20 left. We will try our best to obtain them through the proper channels. Even if the price is slightly higher, it doesn't matter," Su Yu instructed with a flash of brilliance.

Qin Hui said sternly, "We will follow master's orders."

After the three of them left, the group of people in the ancient well finally took a breather.

However, when they looked at the spatial storage devices that had been searched, all of them looked dispirited.

"Second-in-charge, what should we do? All of our years of hard work has been snatched away by someone!" Xiao Ge was filled with regret.

If she had known that this group of people would be so difficult to provoke, why would she have brought this upon herself?

But now!

"What else can we do?" The middle-aged man sighed. "The east pole market is a place where you rob me and I Rob You. We can only blame ourselves for not being as strong as them."

Xiao ge said indignantly, "Inform the first boss. He has a cultivation base at the late stages of the heaven tier. He might be able to catch up to the other party."

Shaking his head, the middle-aged man said, "There's no need to waste your energy. The other party is the teacher of the East region divine territory. At the same realm, their Dharma Treasures and

divine arts are even more powerful. It would be difficult for the first boss to take advantage of them!”

“Besides...”the middle-aged man had a strange expression. “The first-in-charge should be with Madame Poison Life right now. It’s not the time to disturb him.”

Upon mentioning Madame Poison life, Xiao Ge could not help but tremble in fear.

If the east pole market was said to be a place where a group of vicious criminals gathered, then Madame Poison Life was a criminal among criminals!

It could be said that she was the underground queen of the east pole market.

Ever since she came to the easternmost market half a century ago, she had ruled the market with absolute power and became the master behind the scenes.

She set a series of rules that allowed the easternmost market to recover from its initial chaotic state to its current calm appearance.

One could offend anyone in the easternmost market, but one must never offend the poison lady.

Offending her would mean one’s death.

As for their first leader, because of his good looks, he was fortunate enough to be seen by Madame Poison Fate. Every month, he had the opportunity to receive two hours of favor from Madame Poison Fate.

For this reason, the first leader went to Madame Poison Fate’s residence ten days ago to wait for her arrival.

Counting the time, he should be back soon.

“Should we let the first leader beg Madame Poison Fate?”Xiao Ge thought.

The second leader laughed self-deprecatingly. “In the eyes of Madame Poison Fate, we are no different from ants. She will not waste her energy to retrieve the ten thousand path stones for us.”

Sigh --

Xiao Ge let out a long sigh. They had really suffered a setback this time!

However, just as they were sighing, an ice-cold rebuke fell into their ears. “As expected, there is still a nest. I guessed that you are not just one person.”

“Who?”The middle-aged man’s heart skipped a beat. He had not even caught the other party’s aura. It must be an existence whose cultivation level was far higher than his.

Dong --

A pitch-black shadow suddenly fell from above and rolled around on the ground.

When it stopped and fixed its eyes, everyone turned pale with fright.

“Little Yuan!”It was a sweet-looking girl’s head, and she was one of them.

Little Yuan and little song were both waiting for their prey outside today.

They had never thought that they would be killed.

“Hehe, a bunch of crooks and thieves dared to lie to me. Today, I will kill all of you.”The person who spoke was none other than Dan Haiqing.

He separated from Qin Hui and the others and was targeted by Xiao Yuan.

Just like what happened to Su Yu and the others, they fell into a trap.

Dan Haiqing used his powerful cultivation to destroy the black shop. At the same time, he killed Xiao Yuan who couldn’t escape in time and found his nest according to his memories.

Seeing that Dan Hai Qing was going on a killing spree, the group of people naturally didn’t dare to sit back and wait for their deaths. They resisted one after another.

However, Dan Hai Qing had been in the advanced stage of the Heaven Clear State for a long time. His cultivation base was unfathomable. How could they, a motley crew, contend with him?

The first to be killed was the middle-aged man who was the second in charge, followed by Xiao Ge. After that, everyone was suppressed under the ancient well and slaughtered one by one.

After a cup of tea.

Dan Hai Qing stood in a pool of blood. There was no one left alive around him.

A hint of greed appeared in his eyes. He took the lead to retrieve the second-in-charge’s spatial storage device and searched for it. His face darkened slightly.

Then, he searched for the other spatial storage devices one after another. He found nothing.

“Damn it! I came here for nothing!”Dan Hai Qing angrily crushed the spatial storage device in his hand.

How could he be so kind as to punish evil?

He came here with the same purpose as Su Yu.

But he didn’t know that Su Yu had already arrived first.

“We have to search slowly.”Dan Hai Qing flew out of the ancient well and casually threw a divine spell, igniting the entire ancient well and burning it.

Immediately, the fire soared into the sky and thick smoke filled the air!

It was not until a day later that the fire was finally extinguished, leaving charred corpses on the ground.

Naturally, Dan Haiqing’s figure was long gone from the ruins.

What replaced him was a handsome middle-aged man with green hair.

At this moment, his eyes were about to split open. He clenched his fists tightly, and his face was filled with grief and indignation.

He was the head of this organization.

He had just returned from the poison fate Madam's place, but what he met was a scene that caused his heart to bleed.

All the brothers and sisters who had accompanied him for many years had been killed.

Only a few people who were out hunting did not return to the ancient well and escape.

"Go and find out who did it!" The first-in-charge's face was as dark as water.

"Yes, first-in-charge!" The few remaining companions behind him immediately went down to investigate with hatred.

With their connections in the Eastern Market City, it was not difficult to find the real murderer. It was just a matter of time.

On the other side, Su Yu and the others wandered around the shops. They bought 20,000,000 dao stones at a price far higher than 150 million dao coins, barely making up for the 150 pieces of the mission.

"I can finally go back and report the mission." Qin Hui heaved a long sigh of relief.

This was the first time that wanderer Xie had asked the Azure Dragon Group to carry out a mission. Now that the mission was successfully completed, it was time to report the mission.

Wayless mo sent a voice transmission to Su Yu, "Do you have a chance to get close to that person who has no self?"

Su Yu nodded slightly, "90% chance."

90% chance?

That was already quite high.

"Master, should we wait for Dan Haiqing and the others, or should we go back first?" Qin Hui asked for instructions.

Su Yu did not hesitate, "Of course we should leave as soon as possible. The easternmost market is not a place to stay for long."

With that, the group immediately left the eastern market.

Besides, Dan Hai Qing, the Ten Thousand Dao stones on the market were too hard to find. Even after searching through many shops, he could not find any to sell.

Occasionally, there would be one or two for sale. The price was also ridiculously high, far exceeding the bottom line of 150 million.

It was impossible to buy them with just the limited amount of dao coins he had on him.

Seeing that time was running out, a ruthless light flashed in Dan Hai Qing's eyes. "Feng Qingyang, you go back first. Teacher will stay behind and slowly search."

Feng Qing Yang did not suspect him. He cupped his fists, bowed, and left.

Dan Hai Qing stayed alone in the market. His long and narrow eyes slowly narrowed. "Don't blame me for being ruthless. You can only blame yourselves for being too evil!"

A few days later.

The east pole market was greatly shaken.

Because in one night, the owners of 23 shops were killed and all their belongings were taken away.

The lowest cultivation level of the murdered was at the initial stage of the Heaven Tier, and the highest was at the intermediate stage of the heaven tier.

The killer's methods were exceptionally cruel. In the shop, including the owner, no one was left alive. Even the owner's family members were not spared.

This matter made the people of the east pole market panic, and they all guessed who the killer was.

Meanwhile, in an underground palace in the east pole market.

In front of a towering giant door, the first-in-charge was kneeling there bitterly, not saying a word.

He had already knelt in front of Madame Poison Life for three days and three nights, begging Madame Poison Life to make a decision for him.

However, Madame Poison Order refused to see him at all.

He struggled in his heart and continued to wait. If Madame Poison Order still refused to see him, then the murderer would have already escaped from the east pole market.

It was better for him to go all out and fight with the murderer until both sides suffered heavy losses.

At this moment, the huge door opened a crack. An exceptionally handsome young man poked his head out and said, "Master Wu, Madame has summoned you."

Upon hearing this, master Wu was overjoyed. He immediately entered the door and came to a vast cave shrouded in pink mist.

One after another, handsome men, either elegant, burly, or extraordinary in bearing, were all rare and beautiful men.

They were surrounded by a seductive and charming middle-aged woman.

Her appearance could not be described as beautiful, but it was not too ugly either. However, her attire was full of charm.

Before Head Wu could speak, madam poison fate asked, "Is this the person who killed your children?"

Her voice was unusually rough, even more manly than a man's.

Head Wu was already used to it. When he looked at the portrait condensed at his fingertips, it was Dan Haiqing.

"It's him! It's him!" Head Wu had investigated many things. When he learned that Xiao Yuan's head had been taken away by someone with such a appearance, he guessed that it was most likely this person.

Madame Poison Fate's eyes were cold. "The people of the Eastern Region God mansion had the audacity to kill and use force on me!"

Without a doubt, the major incident of the 23 murders in one night had already alarmed her.

It was not difficult to find out who the real murderer was by doing her best to investigate.

Others might not know who Dan Hai Qing was, but of course she did. How could she not know the famous Kirin Group Teacher of the Eastern Region God Mansion?

"It seems that he has forgotten himself after not visiting old man Xie for a long time!" Madame Poison fate swung her arm. "Men, bring him out of the palace! I will personally hunt him down!"

At this moment, someone said, "Madame, according to our investigations, there is another group of people from the East Region Godly Palace. How should they be dealt with?"

"Kill them all together!" Madame Poison Fate said coldly.

The people from the East region divine mansion had massacred wantonly, and this had already angered their bottom line.

If they did not teach them a lesson with blood, wouldn't they be looking down on the East region market?

Outside the East region market.

A warship was rapidly sailing away.

On it stood Dan Haiqing with his hands behind his back.

As he rubbed the spatial storage device that was filled with 1.5 million dao stones, Dan Haiqing was satisfied. "There's a total of 22.5 billion dao coins left. Should I hand it over or keep it for myself?"

The corner of his lips curled up slightly. Naturally, he chose the latter.

This time, he didn't spend a single cent. After receiving the full amount of 10,000 dao stones, the money he saved naturally fell into his own pocket.

Chapter 2404 Pitch-Black Fog

Dan Haiqing was exceptionally satisfied with his windfall. He thought to himself, "I'm afraid Qin Hui and the others haven't even gathered ten thousand dao stones. They might still be searching in the east pole market."

He could imagine that after a night of tragedy, the east pole market would be under martial law.

Qin Hui and the others from the East region divine territory would not have a good ending.

Thinking of this, he gloated, "Don't blame me!"

With that, he sped up and left the east pole market.

He expected that the east pole market would take a few days to react and find out who the real culprit was.

By then, he would have already fled without a trace.

The eastern region was vast, where else could they find him?

Who knew that just as he was thinking, Dan Haiqing suddenly felt a wave of discomfort.

He lowered his head to scan the storage space and was surprised to find that the ten thousand dao stones from one of the shops had spontaneously ignited.

While he was shocked, Dan Haiqing immediately extinguished the fire.

“Fortunately, I made it in time.” Looking at the slightly damaged ten thousand dao stones, Dan Haiqing heaved a sigh of relief.

But then he realized something and his expression stiffened. “Not good! I fell into a trap! That flame shouldn’t have been extinguished!”

In the sky above the east pole market, Madame Poison fate held a ball of pitch-black flame in her hand.

Suddenly, the flame throbbed without warning. The corners of Madame Poison Fate’s mouth curled up. “I’ve found it!”

Her gaze was directed in the direction of Dan Haiqing.

“I’ll be gone for ten days!” Madame Poison Fate ordered. She tore through the void and chased after him.

Dan Haiqing’s expression was gloomy and uncertain. After several changes, he accelerated his escape without hesitation.

For this reason, he did not hesitate to expend a large amount of dao master’s power and urged his flying dharma treasure to flee at high speed.

This escape lasted for five days and five nights.

Dan Hai Qing’s face was sinister and pale. He was extremely weak, but he gritted his teeth and did not dare to stop for a moment to rest.

This was because two days ago, he clearly felt a powerful fluctuation behind him.

And it was getting closer and closer.

He already had a guess in his heart that it was most likely that the peerless expert who had ignited the Ten Thousand Dao Stones had caught up.

Thinking of this, his heart sank like water.

Just as he was extremely worried, he suddenly felt a peaceful fluctuation not far away from him. Moreover, there was a particularly familiar aura.

He was greatly alarmed. “Qin Hui, Su Yu? Aren’t they still in the Far East Market?”

He felt that it was extremely inconceivable.

However, on second thought, his face revealed a look of pleasant surprise. “The heavens have not wasted me!”

Gritting his teeth, he continued to use his dharma treasure to chase after them.

A few hours later, he arrived at a broken meteorite.

On the meteorite, Qin Hui, Su Yu, and the others were standing there.

Qin Hui raised her eyebrows. "Teacher Dan, Why Are You Alone?"

Since Dan Haiqing could sense them, they could naturally sense him as well.

"Feng Qingyang left first. Why? Didn't he run into you guys?" Dan Haiqing pretended to be surprised.

Feng Qingyang left a few days later than Su Yu and the others. How could he catch up to Qin Hui and the others?

He was probably left far behind now.

Qin Hui shook her head. Her eyes flickered as she sized up Dan Haiqing. "Did teacher Dan run into Big Trouble?"

He looked so weak that it was impossible to hide it.

Dan Haiqing sighed, he said, "Sigh, it's a long story. I ran into a person who framed me. In a fit of anger, I killed the shopkeeper and the person who led the way. Who knew that I would attract the pursuit of the east pole market? On account of the East Region Divine Territory, please protect me. When I recover my cultivation base, I will definitely give you a generous gift."

Qin Hui instinctively wanted to reject him. They were both teachers of the East Region Divine Prefecture. How could they not know each other's morals?

Dan Hai Qing's words should be half-true and half-false.

However, the other party had stood idly by while he was in trouble. When this matter reached the ears of itinerant xie, he could not avoid being punished.

"Alright, leave immediately after you recover your cultivation. Don't implicate us." Qin Hui reluctantly agreed.

"Many thanks, teacher Qin. Many thanks." Dan Hai Qing was grateful again and again. Under their protection, he immediately recovered the lost power of a dao master.

Half a day later, Dan Hai Qing completely recovered.

His face was ruddy. He smiled at Qin Hui and said, "I will remember this favor. I will definitely repay it heavily when I return to the East Region Divine Mansion."

Qin Hui said indifferently, "Stop talking nonsense and leave quickly."

She did not want to help Dan Hai Qing block the disaster.

"Hehe, I will leave now!" Dan Hai Qing cupped his fists and left in an unusually straightforward manner.

Qin Hui heaved a sigh of relief when she saw that he had completely disappeared from her senses.
“This old Fox is too lucky!”

Su Yu’s gaze flickered as he faintly sensed that something was amiss.

Based on his understanding of Dan Hai Qing, since there were powerful enemies chasing after him, he would definitely think of ways to stay behind and drag them along to deal with the enemies together.

How could he leave so freely?

He narrowed his eyes slightly and swept his gaze over the place where Dan Hai Qing had stayed.

At first glance, there was nothing.

However, under the clairvoyance eye, Su Yu was shocked to realize that there were a few ten thousand dao stones hidden under the ground where he had meditated.

PA --

Su Yu shattered that place with a palm across space and dug out four ten thousand dao stones.

“Ten Thousand Dao stones, left behind by Dan Hai Qing?” Qin Hui was startled.
“Is he that kind?”

Her instincts told her that Dan Haiqing was definitely not such a pure and kind person.

Su Yu fixed her gaze and said in a deep voice, “These four ten thousand dao stones seem to have been burned by an unknown flame.”

She had a bad premonition in her heart. After pondering for a moment, she raised her hand and threw them into the void. At the same time, she immediately changed the direction of the meteorite and fled in the opposite direction.

“Master, it has already deviated from the way back,” Qin Hui reminded.

Su Yu narrowed his eyes and said, “If we don’t deviate, I’m afraid we won’t be able to return.”

He had grasped the laws of fate and had a sense of danger that ordinary people could not compare to. At this moment, his heart was heavy, indicating that danger was coming.

“Oh, then we’ll listen to Master...” before Qin Hui could finish speaking, a pitch-black fog that covered the sky drifted over from the void behind them.

The fog was like a tsunami, sweeping up the nebula and tearing the void apart as it pounced over.

That momentum was extremely shocking.

Qin Hui’s eyes were wide open. She had only seen such a monstrous power when Xie Wanderer attacked.

“Run!” Qin Hui shouted delicately.

However, the black fog was too fast. In just an instant, it covered a large area of the void.

Dan Haiqing, who had already escaped to an extremely far distance, was also not spared. He was enveloped by the black fog.

In the Black Fog, the group instantly lost their direction.

Regardless of whether it was their senses or their souls, they all fell into pitch-black darkness at the same time, unable to discern their direction.

Dan Hai Qing's heart thumped. He cunningly restrained his aura and fluctuations and hid them.

His heart was beating rapidly. He thought to himself, 'it's fine. That unparalleled expert should have already caught up to Su Yu and the others...'

This thought was still lingering in his heart. Suddenly, a warm and moist air current blew into his ears. "I've Found You!"

Dan Hai Qing's entire body trembled and he subconsciously ran away.

However, his body had just moved when he lay down straight. Black poisonous blood flowed out of his ears.

With just a breath, Dan Hai Qing was knocked down. It was unknown whether he was alive or dead.

In the darkness, Poison Fate's wife was dressed in an enchanting red dress. She covered her mouth charmingly. "How should I deal with You?"

As she was thinking, her gaze suddenly turned in the direction of Su Yu. "Oh? There's still a group of people from the East Region's Divine Prefecture. Let's capture them together before we talk."

Chapter 2405 Love At First Sight

In the darkness, the sense of danger in Su Yu's heart grew stronger and stronger.

He used the clairvoyance eye and realized that this eye was the only one unaffected. He immediately looked around, but the result caused his pupils to constrict and his heart to race.

An extremely enchanting face was just three inches away from him!

The sudden discovery of a human face really gave Su Yu a fright. If it wasn't for his extraordinary willpower, he would have screamed out of fear long ago.

The human face opened its mouth and slowly exhaled a breath towards Su Yu.

Su Yu's reaction was extremely quick. Without thinking, he immediately took out the insect ancestor's finger and used a drop of the insect ancestor's blood to crush it with a finger.

A finger that could destroy the heavens suddenly appeared and struck the human figure that was close at hand.

The latter was caught off guard and only had time to let out an incomparably rough male cry before he was sent flying with a finger.

If it was an ordinary expert, even if he was at the intermediate stage of the Grandmaster realm, he would be reduced to ashes.

However, the strange and enchanting figure in front of him did not die. He was merely spewing out a large amount of poisonous gas from his body and was sent flying extremely far away.

Su Yu took a deep breath. What kind of cultivation was this?

Advanced stage of the Grandmaster Realm?

Thinking of this, his scalp went numb. He urged the meteorite to flee frantically.

With the clairvoyance eye, Su Yu was able to see the direction clearly and quickly left the darkness.

“All of you, restrain your aura and hide in the meteorite.” Su Yu shouted.

Compared to a grandmaster realm expert, how could he win?

He still had a drop of insect ancestor’s blood, which could activate the ancestral dragon’s strange feather once, but that was the final life-saving item.

Unless it was the final moment, he definitely couldn’t use it lightly.

Mo wudao spat out lightly, “What bad luck, we actually met that dead Ladyboy.”

It was obvious that Mo Wudao recognized the face.

“Don’t worry, as long as you restrain your aura, I have a way to make that dead Ladyboy unable to detect us.” Mo Wudao’s expression was slightly cold.

The group immediately drilled into the meteorite and restrained their aura.

Mo Wudao silently chanted an incantation and unleashed a secret demonic art that consumed a lot of dao master’s power.

A layer of weak air current naturally condensed on the surface of the meteorite.

Under the cover of the air current, their life force vanished without a trace.

Even if a powerful soul force swept across this meteorite, it would be unable to discover the person inside.

Boom --

Half a cup of tea later.

The void where they were at suddenly turned dark again and was enveloped by an incomparably majestic black fog.

Madame Poison life had caught up!

In the darkness, there was dead silence. However, Su Yu could feel that there was a black figure constantly searching in the darkness.

Su Yu and the others held their breaths and did not move. They did not even dare to look out to investigate, in case they were detected.

A Day passed.

However, they felt as if an entire month had passed, and it was exceptionally depressing.

At this moment, the meteorite that they were on sank slightly.

This slight change could be ignored, but everyone’s hearts were raised.

Someone had landed on their meteorite!

“You actually dared to hurt my peerless beauty. Human, I want you to make it up to me!” Madame Poison Fate’s face was slightly distorted, she said angrily, “I know that you are hiding nearby. Don’t be lucky. Come out, I can spare your life. Otherwise, Humph...”

He stomped down, and the entire meteorite trembled.

Cracking sounds spread over half of the meteorite.

If the force was a little stronger, the meteorite would be shattered and exposed.

At this moment, Qin Hui was so scared that she almost cried out. Her heart was about to jump out of her throat.

Fortunately, Mrs. Poison life jumped to the other meteorites to search.

One by one, she did not give up.

It was not until three days later that Mrs. Poison Life gave up unwillingly. “Humph! You guys are ruthless. You actually managed to escape my detection! I warn you, don’t ever step into the Far East market. Otherwise, don’t even think about leaving Alive!”

After saying that, she left.

The black fog also retreated rapidly like the tide.

A day later, after making sure that there was no more movement outside, Qin Hui let out a sigh of relief. Just as she was about to speak, Su Yu reached out to block her mouth and made a gesture of silence.

Qin Hui was stunned and did not understand what Su Yu meant.

Until a day later, suddenly, a meteorite that was approaching them suddenly exploded from the inside out.

A seductive figure flew out with a gloomy face and looked around coldly. “Could it be that they have really escaped from my hands? What a waste of expression, HMPH.”

With a swoosh, the seductive figure broke through the air and disappeared into the vast void.

Qin Hui was scared half to death, but the other party did not leave.

What he said before was to confuse them!

Fortunately, Su Yu was quick-witted and saw through the other party’s trajectory. Otherwise, the consequences would be unimaginable..

Just as she was about to compliment Su Yu, the other party once again shut his mouth. He shook his head, hinting at her not to make any noise.

Qin Hui’s heart jolted. It Can’t be. Could it be that the other party hasn’t left yet?

As soon as this thought came to her mind, an angry shout came from the opposite direction from where Poison Fate's wife had left.

It turned out that she had actually made a detour and arrived at the back of this area. She snorted angrily, "There really isn't any!"

At this moment, Qin Hui's gaze toward Su Yu was filled with worship.

The enemy's every move was exactly as Su Yu had predicted.

No matter how crafty your enemy was, it couldn't compare to Su Yu's prediction!

However, before Qin Hui could be happy, the communication jade formula on her waist suddenly vibrated slightly.

She subconsciously looked down and saw that it was a message from Dan Haiqing.

"This guy..." Qin Hui thought to herself. Suddenly, she was alert.

This was a short-distance jade seal teleportation device from the East Region Godly Palace. It would only work if Dan Hai Qing was within a radius of 100 million kilometers.

However, Dan Hai Qing was already countless galaxies away from them.

Unless..

At the thought of this, cold air rose from the soles of her feet as if she had fallen into an ice cellar.

At this moment, a bewitching laugh appeared above their heads. "The hiding game is over!"

Madame Poison Fate held the 180 communication jade seals in Danhai Qing's hand, and all of them were activated.

One of the jade seals was dark red, and the fluctuations it released were continuously transmitted to the meteorite!

Qin Hui's face was Pale!

All her efforts had been for naught!

Boom --

A heaven-shattering force came from above their heads, and the entire meteorite was completely torn apart, blasting them out of it.

Su Yu's gaze was solemn, and the ancestral dragon's feather in his sleeve gently fluttered. He secretly prepared a drop of ancestral blood.

There was no other way. The last drop of blood essence could only be used here.

Madame Poison Life played with her hair, trying to calm the anger on her face. She pretended to be elegant, but her voice could not change the rough and wild manliness of a man. "Impressive, I was almost fooled by you."

She sized Su Yu up with her almond-shaped eyes. It was just a cursory glance, but who knew that after one glance, she would focus on Su Yu.

Her eyes were sparkling and full of charm.

She was attracted by Su Yu's abnormally handsome appearance!

On the other hand, Su Yu had goosebumps all over his body. He had an especially bad feeling.

Chapter 2406 Destructive Light

Su Yu's nerves were tense. If he had no other choice, he could only use the ancestral Dragon Yiyu.

"Master Mo is like Jade, a gentleman is unparalleled in this world!" Unexpectedly, not only did Madame Poison Fate not make a move, she took out a handkerchief and half-covered her face. She said shyly and timidly, "Young master, do you believe that there is love at first sight in this world?"

UH --

Qin Hui and Mo Wudao were stunned and looked at Su Yu with a strange gaze.

Could it be that Madam Poison Fate..

Su Yu's hair stood on end and his entire body shivered. "I don't believe it."

If he was asked if he believed in love at first sight by someone who was neither a man nor a woman, could he dare to say that he believed it?

"I believe it!" Madame Poison Fate walked over and puffed out her chest. "If you don't believe it, feel it. My heart is like a young deer bumping about. My feelings are like the waves of the ocean. My Love is like the setting sun and my blood is hot. I..."

Su Yu could not help but take a step back and said, "Stop! I have a normal orientation. I'm sorry."

PFFT --

Although Mo Wudao knew that this was a very serious moment and that she should not laugh, she still could not help but laugh.

She had long known what kind of person poison fate madam was. She was a person who was supposed to be a man but treated herself as a woman.

However, she would never have thought that poison fate madam would actually fall for Su Yu. She even seemed to like him very much.

Poison Fate Madam's eyes darted around as tears welled up in her eyes. She said aggrievedly, "Could it be that my peerless appearance is not beautiful? Or do you think that my figure is not graceful enough to move young master's Heart?"

The corners of Su Yu's eyes twitched. Was this the main point?

Taking a deep breath, Su Yu said, "Senior, if you have something to say, please say it directly."

He really did not wish to continue to be entangled with poison fate madam.

Madame poison fate lowered her head shyly, her voice was like a mosquito's. "Young master, you are extraordinary, unparalleled in the human world. My looks are peerless, and I am magnificent. You and I are destined to be a golden couple!" "Why don't you follow me back to the east pole market and live happily ever after, becoming an immortal couple?"

Who wanted to be an immortal couple with someone who was neither a man nor a woman?

Su Yu refused verbally, "Senior, I have a family."

"It's fine, just kill them," Madame Poison Fate said. "Similarly, I will kill all my harem."

She looked at Su Yu affectionately. "There are three thousand harem members, and I Only Love You!"

"Get lost!"

Finally, Su Yu could not hold it in any longer and cursed.

After being teased repeatedly by a man with a broken sleeve, his bottom line finally could not take it anymore.

Poison Fate's wife was still affectionate. "Langjun, you look so handsome when you're angry. I love you to death!"

After saying this, she threw herself at him, wanting to throw herself into his arms.

How could Su Yu block a late stage grandmaster realm expert?

He couldn't even Dodge it!

Helpless, he prepared to activate the ancestral Dragon Yiyu.

He really didn't expect that two drops of insect ancestor's essence blood would be wasted on a person who was neither male nor female. It was really..

However, at this moment, an anxious aura suddenly spread out.

It was accompanied by strands of scorching heat.

The heat rose rapidly.

Before Su Yu and the others could understand what was going on, Madame Poison Fate suddenly turned around. Her expression changed again and again. "Destructive wave light! Damn it, how could it appear at this time!"

What?

Qin Hui's expression changed drastically!

The reason why the depths of the eastern region were desolate and deathly silent was because of the destructive wave light that could appear at any time.

Every time it appeared, it would wipe out all living beings within the range of the radiation.

As time passed, the depths of the eastern region became lifeless.

Only the easternmost market itself could resist the mysterious light.

Now, they were not far away from the depths of the eastern region, and they were also far away from the easternmost market.

Yet at this moment, the destructive light had arrived.

“We really don’t have much luck left.” Pathless mo widened his eyes.

Although the destructive light didn’t have any pattern, it would only appear once every hundred years or more.

They had encountered such a coincidence.

Madame Poison Fate’s eyes flickered, and her expression was filled with despair.

Under the destructive light, even a late-stage great paragon like him wouldn’t be able to escape death.

Su Yu’s expression changed rapidly.

“There’s no other way.” He finally chose to use the ancestral dragon unusual feather.

However, at this moment, a bead in Su Yu’s body suddenly jumped without any warning.

“The greedy wolf king’s fate Dao Bead?” Su Yu was stunned. He had almost forgotten that this bead was in his body.

At this critical moment, it suddenly jumped.

He was still in shock when a holy and pure ball of light rushed over from the raging flames.

The ball of light moved like lightning and stopped in front of Su Yu, revealing itself.

Looking at it, Su Yu couldn’t help but be stunned. “The Divine Deer of light?”

The Divine Deer of light that was full of holy aura in the Palace of light of the Glaze Civilization in the western region?

The Palace of light was massacred by the Star Alliance Chamber of Commerce. Su Yu thought that the deer was already dead, but not only was it not dead, it even appeared in the distant Eastern Region?

Was it alone here, or did someone bring it here?

What was even more coincidental was that it happened to be summoned here by the fate dao bead.

The Divine Deer of light was just like before, rubbing itself intimately against Su Yu’s palm.

Su Yu did not know whether to laugh or cry. In the face of a great disaster, it still had the mood to be intimate?

“Forget it, I’ll bring you along too,” Su Yu said.

However, the divine deer of light blinked its bright eyes and walked a few steps to the side. Then, it stopped and looked at Su Yu. After a few steps, it stopped and let out a deer cry.

“You want me to follow you?” Su Yu asked suspiciously.

The Divine Deer of light nodded.

Su Yu was surprised. The destructive light was about to arrive. Could it be that the divine deer of light knew a safe place?

Time was of the essence, and Su Yu couldn't think much about it. He said, "Follow it!"

The group of three immediately set out to follow.

Madame Poison Fate pondered for a moment, then followed them.

At this moment, the temperature in the world rose even more violently. The entire nothingness was as scorching as a sea of fire, suffocating people.

However, this was only a sign of the arrival of the destructive wave light. The true destructive wave light was still in the Eastern Market City.

If they really reached this place, it would be the scene of the world being destroyed by burning the sky and boiling the sea.

The group of people followed the Divine Deer of light and ran straight.

Half a day later, the entire world was dark red.

Each and every civilization was roasted red by the extremely high temperature, like burnt charcoal.

Under such a terrifying high temperature, Dao Masters below the heaven tier would die without a doubt.

However, the Divine Deer of light still did not stop.

Finally, half a day later.

The entire void began to boil, and terrifying heat waves pounced over one after another.

Su Yu had no choice but to activate his Heavenly Dragon Dao body, but even so, it was extremely difficult to resist.

The Cold Qi in his body was completely ineffective, and he felt a deep burning pain all over his body.

When he looked at Qin Hui again, she was also in extreme pain.

Another half a day later.

Su Yu's entire body was burnt until it festered, and his soul was also in extreme pain.

The primal power in his body was thrown into chaos because of the terrifying high temperature, and he could not support flying. He was already gradually unable to keep up with the Divine Deer of light!

He had reached his limit.

At this moment, the nothingness was like a furnace.

At the end of the nothingness, a beam of flame was sweeping across the entire eastern region.

Chapter 2407 Farewell To The Old Priest

It was only a matter of time before he caught sight of them.

At this moment, the Divine Deer of light turned its head and shot a milky-white ray of light at Su Yu and Qin Hui. The two of them immediately felt a wave of coolness, and the burning pain in their bodies quickly receded.

Su Yu thanked them in his heart and chased after them again.

In the last half day, the strange high temperature in the world caused madam poison order to Groan in pain. “Evil creature, where are you taking us?”

There were many red spots on the surface of her body that were burned.

The current high temperature was unbearable for him.

While he was cursing angrily, Madame Poison order seemed to have noticed something and stared straight ahead of the Divine Deer of light.

An ancient Taoist temple was floating in the void.

Qin Hui and Mo Wudao were surprised. “Why is there a Taoist temple here?”

Without the protection of civilization, how could a dilapidated Taoist temple withstand the attack of the power of the Void?

No matter what, the Divine Deer of light must have known that the Taoist temple could protect its safety by bringing them all the way here.

However, the destructive light also arrived unexpectedly.

The destructive light that burned the nothingness seemed to be extremely far away, but it swept over in the blink of an eye.

The Divine Deer of light let out an urgent deer cry and took the lead to fly into the Taoist temple.

Su Yu could not avoid it in time. His mind turned cold as he used his space domain to bring Mo Wudao and Qin Hui into the temple in an instant.

He had barely reached the place when the space domain that he had yet to retrieve was completely burned away.

As the domain was destroyed, Su Yu, who was the master, was traumatized. He could not help but spit out a mouthful of blood, and his face immediately turned as pale as a sheet of paper.

However, it was fortunate that the Taoist temple could really resist the destructive light.

Looking Up, the sky above the Taoist temple was already covered by the destructive light, exterminating the void. Under the extreme high temperature, nothing could survive.

However, inside the Taoist temple, there was only coolness and no burning sensation.

The entire Taoist temple was also extremely calm in the raging light, like a sea-pacifying divine pearl.

It was a blessing in disguise!

However, Madame Poison life was not so lucky.

Because of his hesitation, he had been following far behind the Divine Deer of light.

At this time, he was unable to return to the Taoist temple in time, and was instantly engulfed by the destructive light.

Outside the Taoist temple, one could only hear a heart-wrenching scream.

Just as Su Yu and the other two were guessing that Madame Poison life had already died in the destructive light, a cluster of pitch-black poisonous fog suddenly erupted.

The poisonous fog that erupted tenaciously penetrated the destructive light and arrived above the Taoist temple.

A figure that was covered in charred body fell from the poisonous fog and crashed into the courtyard of the Taoist temple.

“Cough cough... cough cough...” charcoal struggled to get up, the burns on his body recovering with unusual difficulty.

Qin Hui swallowed hard. He still didn’t die!

Madam Poison Life’s life was too great!

Su Yu’s eyes flashed. Madam poison life’s injuries were not as severe as before. Her cultivation had also fallen greatly. If he wanted to kill her, now was the best time.

Xiu --

He was still considering whether he should attack or not when Mo Wudao had already made his move decisively.

Her eyes turned black as she shot out two black feathered arrows, heading straight for madam poison life’s glabella.

Poison fate madam opened her eyes weakly. She wanted to dodge, but she couldn’t!

This was an attack from a grandmaster. If poison fate madam didn’t resist, she would definitely die. However, at this moment, there was a ding sound!

An inexplicable power blocked poison fate Madam’s path, turning the two arrows into nothingness.

“If you have to spare someone, spare them.” A magnificent and ethereal voice echoed in the sky above the Taoist temple.

Then, a scene that caused everyone to suck in a breath of cold air appeared.

A giant hand that covered the sky suddenly cut through the void and sent the destructive wave of light flying backward.

The destructive wave of light that filled the sky completely dissipated.

The scorching void gradually cooled down and returned to normal.

Mo Wudao sucked in a breath of cold air. neutralizing her two feathered arrows was nothing. At most, it was someone with her cultivation level.

However, to destroy the destructive light that was wreaking havoc in the depths of the eastern region with a single slap was too... terrifying!

Even the Hall Master of the Mysterious Dao Palace might not have such an unparalleled divine ability!

“This junior has been taught a lesson!” Mo Wudao immediately said piously, his heart thumping wildly.

“Go wherever you came from.” The voice drifted over, causing Su Yu, Mo Wudao, and Qin Hui to feel as if the world was spinning.

When their bodies stabilized, they were shocked to discover that they had already returned to the vicinity of the East Region Divine Territory!

Su Yu’s pupils constricted!

He could easily cross half of the East region with the ancestral dragon unique feather.

However, he was absolutely unable to send others to such a distant place through space.

Mo Wudao could not help but suck in a breath of cold air. “Just what kind of existence is the owner of that Daoist Temple? Hiss! !”

Only Su Yu knew that it was definitely an ancient existence comparable to the insect ancestor!

However, why did that Taoist temple look familiar?

That voice seemed to have been heard somewhere before?

This strange thought flashed through Su Yu’s mind.

In a Taoist temple far away.

An old Taoist priest with a withered face appeared in the courtyard with his hands behind his back.

His aura, which had been passed down through the ages, was naturally revealed.

As a late-stage grandmaster realm poison lady, she was instantly suppressed by that aura until she vomited blood and fainted on the spot!

The old Taoist priest said to the bright white deer with slight reproach, “You, why did you bring that Mortal Sacred Body?”

The bright divine deer let out a clear deer cry and tugged at the old Taoist priest’s sleeve coquettishly.

The old Taoist priest said indifferently, “It’s not that I don’t want to help, but I can’t Help! The Mortal Sacred Body and the son of Heaven of the sacred mountain have been irreconcilable since ancient times. My old bones don’t have the right to interfere in their affairs.”

The Divine Deer of light’s eyes dimmed, and he turned around unhappily.

The old Taoist chuckled, “Although I can’t help, I can still leave him a way out. I hope he has the chance to light the oil lamp again and reproduce the mortal body of the divine deer.”

His gaze slowly turned to Madame Poison Fate.

With just a sweep of his eyes, Madame Poison Fate's injuries recovered to their original state.

Then, the old Daoist waved his sleeve, and the Daoist Temple, him, and the divine deer of light disappeared into thin air. Only Madam Poison Life, who was gradually waking up, was left lying in the void in a daze.

“What happened? That Old Senior...”madam poison life gradually recalled, and her expression changed drastically.

After a long while, she calmed down and muttered, “I didn’t expect that the unrivaled sacred lord of the first year of the new era was still alive in this outer region. What a surprise!”

She patted her body and thought of Su Yu. Madam Poison Fate had survived a great disaster and was in an extremely good mood.

She turned around to look at the East region divine territory and smiled shyly, “You won’t be able to run away from the man I like!”

At the same time.

East region divine territory.

Su Yu and the other two returned to the divine territory and slowly walked towards the place where rogue Xie was in seclusion.

Wayless mo was slightly nervous, “Are you confident that you can get close to that person without me?”

“Of course!”Su Yu said softly, but her eyes were flickering with an unfathomable expression.

Mo Wudao was worried. “Can you be more specific?”

She couldn’t think of how they could get close to that selfless person just by completing the mission?

With the status of the evil loose cultivator, even if they completed the mission, they might not be able to get within a thousand feet of him.

Moreover, once they got close, they had to absorb the power of the Xuan Dao Master of the selfless person without alerting the evil loose cultivator.

How could Su Yu be confident that he could achieve his goal with just one mission?

Chapter 2408 No Self

Unfortunately, Su Yu only smiled and did not say anything. She had no intention of telling him anything.

“You Bastard!”Wayless mo pinched him. As the number one person of the northern domain’s demonic path, when had he ever been kept in the dark?

Only Su Yu made her want to go crazy.

The three of them chatted and laughed as they finally arrived at the world within a black tree in the middle of the eastern domain's divine prefecture.

The evil energy within this world was not inferior to the coiling dragon wood in any way.

Su Yu and the others had no choice but to use all their strength to resist.

“Who are you?” An awe-inspiring shout that sounded like thunder resounded in everyone's ears.

In this world, there was a golden giant that could support the heavens and the earth.

Its entire body was shining with golden light, as if it was forged from gold. It gave off an awe-inspiring and majestic aura.

“A half-human puppet at the intermediate stage of the Grandmaster Realm?” Mo Wudao was shocked.

Su Yu was also shining with a dark light. It was unknown how many half-human puppets at the advanced stage of the Grandmaster realm there were.

Even whether there were half-human puppets at the advanced stage of the Grandmaster realm was uncertain.

Qin Hui immediately said, “We are here to return the mission that the unspecialized Xie gave us.”

Only then did the golden figure slowly withdraw the golden light from his body, and the powerful pressure disappeared like the tide.

His enormous body moved aside, revealing an ancient purple tree behind him.

On the treetops, an old man was sitting cross-legged, his entire body wrapped in evil energy. It was surprisingly the evil loose cultivator!

“Greetings, evil loose cultivator.” Qin Hui bowed and said, her face full of respect.

The evil loose cultivator slowly opened his old eyes and said, “Where are the Ten Thousand Dao Stones?”

Qin Hui took out her spatial storage device and was sucked away by the other party.

Glancing inside, the evil loose cultivator slowly asked, “Why is there only half?”

“Reporting to the evil loose cultivator, Dan Haiqing is in charge of the other half, but for some reason, he hasn't returned yet,” Qin Hui said.

The evil loose cultivator listened and nodded slowly. He waved his sleeve and asked, “What reward do you want?”

Qin Hui was delighted.

She had already expected that she would get the reward for successfully bringing back the Ten Thousand Dao stones that wanderer Xie needed.

After all, this was a task that wanderer Xie had personally given out.

She thought to herself, could she get another chance to use the coiling dragon wood? Perhaps it would allow her cultivation to advance one step further.

However, Su Yu had already blurted out, "Our teacher hopes to pay respects to that selfless person from the Xuan Dao Palace."

What?

Qin Hui was almost shocked when she heard this.

That selfless person was a taboo existence. Normally, no one dared to mention him.

If Su Yu suddenly asked to meet him, what would the evil loose cultivator think?

He would definitely be angry, right?

Pathless Mo was dumbfounded. Was this the 90% chance that Su Yu had mentioned?

She simply couldn't believe that Su Yu was so nave. He thought that by completing a mission, he could get such a reward from the evil loose cultivator!

To someone as high and mighty as evil loose cultivator, Su Yu and the others were just ants.

Wasn't it natural for an ant to complete a mission for her?

The reward was just a token reward.

But what Su Yu asked for touched on evil loose cultivator's secret. How could they tolerate it?

"Yes!"

However, what made Qin Hui and Pathless Mo surprised was that evil loose cultivator actually agreed!

He gently nodded his head and said slowly, "Your mission concerns my life and death. You can agree to this request."

"Come with me." Wanderer Xie slowly stood up and walked to the end of the world.

Wayless mo blinked. "That's it?"

She had an unreal feeling. That taboo-like person without self could be seen so easily?

Stunned, she couldn't help but sigh, "If I knew it would be so easy, why did I have to endure until now?"

It was too easy for her to see evil loose cultivator just because she had rendered meritorious service.

"Hehe." Su Yu smiled, and there was a hint of profound mystery in her smile.

Half a cup of tea later.

Everyone came to a chaotic place.

As far as their eyes could see, it was an interweaving multi-colored lightning.

Amidst the flickering lightning, a thirty-foot-long lake was reflected in their eyes.

The evil loose cultivator also stopped in front of the lake and quietly stared at it.

Qin Hui was surprised. "Could it be that a person without self is hiding in the lake?"

Only Su Yu and Mo Wudao stared at the lake in astonishment.

The water in this lake seemed ordinary and even a little turbid. However, under their gazes, they could see that the water was squirming.

The entire lake was filled with life!

"If it's not hiding, then the lake is the one without me," wanderer Xie said slowly.

What?

Qin Hui was shocked. The legendary forbidden existence, the one without me, was actually a pool of water?

"Wanderer Xie, what's going on?" Qin Hui asked.

However, wanderer Xie slowly turned around and glanced at Qin Hui before turning to look at Su Yu.

To be more precise, he was looking at Mo Wudao, who was standing behind Su Yu. "Rather than saying that I'm answering Qin Hui, I'm actually answering you, right? The demon lord of the Northern Region, Mo Wudao?"

Upon hearing this, Mo Wudao said in fear and trepidation, "Xie Wanderer, you've misunderstood. I'm Su Little Demon, not some Mo Wudao."

"Hehe..." Xie Wanderer slowly released the powerful cultivation of the late stage of the Grandmaster realm.

Under that pressure, Qin Hui was the first to bear the brunt. Unable to withstand that powerful pressure, she fell to her knees with a plop, and the dao blood on her body quickly splattered out.

The same pressure descended on Mo Wudao and Su Yu.

Mo Wudao secretly gritted his teeth and wanted to take it head on. However, as the pressure grew stronger and stronger, it was already threatening his life. He had no choice but to release a ball of demonic qi to block that pressure.

Only then did the evil loose cultivator let out a hoarse laugh and withdrew the aura and pressure from his body.

"Rumor has it that wayless Mo has cultivated an ancient cultivation method, the eternal demon heart. Every time he dies, he will be reborn into his body. So it's true." The evil loose cultivator laughed.

Wayless Mo's eyes contained traces of coldness. Not only did the demonic qi in his body not weaken, it also continued to soar.

Since his identity had been seen through, there was no longer a need to hide it.

In fact, it was time to consider how to survive.

Based on her understanding of the evil loose cultivator, he was not a good person.

“Stop.” However, it was Su Yu who stopped her. “If the evil loose cultivator really wanted to harm you, he would have done it long ago. Why did he wait until now?”

Pathless Mo’s beautiful eyes flashed. “What do you mean?”

“I mean, your identity has long been suspected by the evil loose cultivator,” Su Yu said.

“When?”

“Probably when I saw you at the Evil Venerable’s tomb. I think he recognized your identity the first time he saw you,” Su Yu said indifferently as if she had already known it.

Mo Wudao raised his eyes in surprise and looked at the evil loose cultivator. The latter nodded slowly with a faint smile, indicating that he agreed with Su Yu’s guess.

How could a late-stage great paragon realm expert be so easily deceived?

When he first saw Mo Wudao, he already felt that she was very suspicious. He had guessed most of her identity, but she just didn’t make it public.

“You knew long ago, why didn’t you tell me?” Mo Wudao glared at Su Yu, feeling as if he had been deceived by Su Yu.

Su Yu said indifferently, “If I told you, would you still dare to stand in front of Xie Wanren?”

I’m afraid that Mo Wudao would leave the East region divine mansion far away and never face to face!

Chapter 2409 The Emperor Of The Outer Realms

“Are you crazy? You knew that I was seriously injured, yet you still sent me in front of the evil loose cultivator!” Pathless Mo’s mind was full of thoughts.

She even suspected that Su Yu had sold her out.

“You’re not the only one who was seriously injured,” Su Yu said as if she was hinting at something.

Eh?

Pathless Mo came back to his senses, and his gaze bounced back and forth between the evil loose cultivator and Su Yu. He said, “What exactly is going on?”

Su Yu said, “The matter is very simple. Evil loose cultivator will test your identity again, and I will push the boat with the current and let the two of you meet once.”

After all, he was an old monster who had lived for more than half a century. As long as he was reminded, he would immediately understand the whole story.

The so-called mission to find the ten thousand stones was that evil loose cultivator intentionally appointed the Azure Dragon Group.

Since it concerned the injury of evil loose cultivator, why would he give such an important mission to the Azure Dragon Group, which had been long behind?

The reason why he appointed the Azure Dragon Group was because he was certain that the young girl was wayless MO. .

Therefore, he wanted to use this as a test.

If it was really wayless MO. . He would definitely be able to successfully complete the task.

Now, as expected, the test came out.

“Su Yu, you fellow, don’t you know that this is very dangerous?”Wayless MO. .

Rashly letting the masters of the two regions meet. If he was careless, his life would be in danger.

“Don’t worry. Evil loose cultivator spent a lot of effort to test you, so he definitely wants to have a talk with you. So, I’ll take the opportunity to let you meet.”Su Yu said slowly.

In fact, pathless mo already had a plan in mind, but he couldn’t help but feel angry that Su Yu kept it from him.

“Calculate, calculate. Sooner or later, I’ll count myself in!”Pathless mo spat lightly and turned to look at evil loose cultivator. “Tell me, why are you looking for me?”

Evil loose cultivator gave a hoarse smile. “Of course, it’s to take what we need!”

Wayless Demon’s eyes flashed. “What do I need, and what do you need?”

“I need the same thing.”evil loose cultivator’s eyes flashed. “The consciousness of a person without self.”

Eh?

Wayless demon narrowed his eyes and stared at the lake. “What’s wrong with the consciousness of a person without self?”

With a wave of wanderer Xie’s sleeve, the lake water condensed into a human figure.

His whole body was lifelike, but his eyes were dim.

Finally, Su Yu and the others sensed that something was wrong.

“But according to the rumors, this selfless person is extremely powerful and has the ability to suppress the tomb of the Evil Venerable. Why Can’t I feel any pressure?”Qin Hui looked at the selfless person in surprise.

The evil itinerant said indifferently, “Because... it has already lost its consciousness.”

The person without self only had one consciousness to suppress the tomb of the Evil Venerable.

Rather than saying that it had lost its consciousness, it would be better to say that it had lost its only thread of soul.

If that was the case, didn't it mean that once the tomb of the evil venerable changed, no one could suppress it in time?

The evil itinerant loosened his hand, and the person without self drew a lake again. He said, "One day, I suddenly discovered that the person without self had turned into a lake. Its consciousness had already left, and its whereabouts were unknown."

The selfless person who had no consciousness held back all the power of the profound dao in his body.

It would be a pipe dream if he wanted to use it to dissolve the Dragon Emperor's mark on his body.

"God's plan is better than man's." Mo Wudao let out a long sigh.

He had racked his brains, but in the end, it was all for nothing.

Was he really going to surrender to fate and have all his life taken away by the Dragon Emperor?

"It's within my expectations," Su Yu said slowly.

The unselfish person had yet to show up at the grave of the Evil Venerable. It was evident that something must have gone wrong with him.

Su Yu was not surprised by the current situation.

"Where is his consciousness?" Su Yu's eyes were deep and determined. He had experienced countless desperate situations in his life. If he had given up before the last moment, he would not be the current Su Yu.

The evil loose cultivator looked at Su Yu with a profound gaze.

He was a little puzzled. Why was it that between the two of them, the human race was the leader?

"On the Divine Dragon Battlefield."

Hearing this, Su Yu and the evil loose cultivator were both stunned.

"Where?" The evil loose cultivator repeated with a look of disbelief.

The evil loose cultivator said, "The divine dragon battlefield."

After getting an affirmative answer, the expression on the evil loose cultivator's face kept changing. In the end, he threw his head back and roared, "Damn God, are you playing with me?"

In the end, the wayless person she had been searching for was actually right where she was!

It was laughable that she had gone through so much trouble to run from the Divine Dragon Battlefield to the depths of the eastern region, but in the end..

Even Su Yu felt a deep sense of grievance. Wasn't this too much of a joke?

“How about it? Do you have the guts to go to the Divine Dragon Battlefield and find the consciousness of the wayless person?” Evil Slayer asked.

Wayless mo pondered for a long time and slowly said, “To be honest, we came from the Divine Dragon Battlefield!”

Since things had already come to this point, there was no point in hiding it anymore.

She roughly told them what had happened.

After hearing this, the evil loose cultivator didn’t know whether to laugh or cry, “In that case, you have indeed come all this way for nothing!”

“So, I’m sorry, I’m afraid I can’t Help You,” Mo Wudao said slowly.

They had the Dragon Emperor’s mark on them. If they went to the southern region, the Dragon Emperor would definitely notice them and intercept them.

“Hehe, perhaps because of this, you can help me more.” evil loose cultivator smiled mysteriously.

Mo wudao frowned, “What do you mean?”

“Hehe, come with me.” evil loose cultivator’s feet trembled as he brought the three of them to an ancient stone plate.

The stone plate was engraved with extremely ancient characters. Even Su Yu could not recognize which race the characters belonged to.

“This object was an accidental burial object that I obtained from a grave. Its function is to teleport. It can teleport a person to an entire region in one breath.”

Hearing this, Mo Wudao’s eyes revealed some desire.

She had long heard that in the previous era, there was an extremely mysterious teleportation.

The teleportation distance was as long as a region.

Unfortunately, it was already lost. She didn’t expect that the evil loose cultivator would obtain one.

“When the Dragon Emperor follows the marks on your bodies and catches up to me, I will activate the teleportation array and send you to the Divine Dragon Battlefield. I will think of a way to stall the Dragon Emperor and buy you enough time,” said the evil loose cultivator while stroking his beard.

Mo Wudao’s eyes lit up, but he shook his head and said with a very serious expression, “I’m afraid you still don’t know the Dragon Emperor’s true strength. According to my guess, he has probably reached the level of Xuan Dao Master and is definitely not something you can resist!”

If they really fought, one look from the Dragon Emperor would be enough to make loose cultivator xie die without a burial place.

Then, he would snatch the stone plate and use it to teleport back to the Dragon Clan of the southern domain, catching Su Yu and Mo Wudao in the Act.

Who knew that not only was loose cultivator xie not afraid, but he was smiling with a sinister expression. “Xuan Dao Master? Hehe, I’d like to try and see if my many years of accumulation can compare with Xuan Dao Master.”

He lightly stomped on the ground, and a 30-meter wide crack appeared beneath his feet.

Looking into the crack, he saw thousands of half-life puppets standing upright in the depths of the ground.

Each half-life puppet’s cultivation was at the early stage of the Grandmaster realm!

Among them, there were even several half-life puppets at the middle stage of the Grandmaster realm.

Seeing this scene, Mo Wudao sucked in a breath of cold air, and his scalp went numb.

When he looked at the evil loose cultivator again, wayless Mo’s eyes were filled with deep fear.

With so many half-life puppets in his hands, the evil loose cultivator could completely unify the outer realms and become the emperor of the outer realms!

Chapter 2410 The Divine Seat Of Heaven And Earth

“If that’s the case, we can be at ease.”Wayless mo forced himself to remain calm.

The evil loose cultivator nodded. “In that case, during the period of time before the Dragon Emperor arrives at the divine residence of the Eastern Region, all of you can stay here in peace. When the time is ripe, I will send all of you to the Dragon God battlefield and inform you of the location where the consciousness of the wayless person is hiding.”

With that, the three of them took their leave.

Wanderer Xie watched them leave, his eyes flickering with strange light.

After returning to the Azure Dragon Civilization, wayless mo immediately set up an isolation array around him and said in a serious voice, “Su Yu, what do you think?”

His voice was hurried, and one could vaguely hear the uneasiness in his heart.

“This person... can not be trusted!”Su Yu said in a short but powerful voice.

Mo Wudao’s expression was unusually serious. “He has the power to unify the outer realms, but he has been lying low for thousands of years. This kind of person is too scheming.”

The two had the same thoughts.

If it wasn’t for loose cultivator xie showing them, it would be hard to believe that he had as many as a thousand great paragon level puppets.

With such a huge power sweeping through the outer realms, who could stop him?

The nine seven star civilizations of the Western Region?

The demonic path of the northern region?

The Dragon Race of the Southern Region?

No one could stop it!

However, the evil loose cultivator didn't attack. It could be seen that his plan was even more terrifying than the entire outer region.

How could he believe a single word of this person's words?

"Be mentally prepared. The trip to the Divine Dragon Battlefield won't be as easy as we thought," Mo Wudao said slowly.

Su Yu slightly nodded.

The plan was set. Su Yu and Mo Wudao were temporarily safe.

Su Yu relaxed and started to study the nine-five sovereign technique with all his might.

However, he was already suspicious, and he didn't dare to let anyone spy on him.

When he studied it, he would definitely place layers of isolation around him so that he could be at ease.

And with the help of the diluted ancient god's blood, Su Yu's comprehension increased by leaps and bounds.

The connection between him and the Sovereign Dragon Sword was becoming more and more intense.

He believed that it wouldn't be long before he could completely cultivate the nine-five sovereign technique. At that time, he would definitely be able to give the dragon emperor an "Unexpected surprise."

At that time, Qin Hui would use her identity in the East region divine palace to continuously do another thing for Su Yu -- investigate the whereabouts of the divine seat of Heaven and earth.

The news of the divine seat of Heaven and earth appearing in the East region had long since spread throughout the four regions.

Now that Su Yu was in the eastern region, he naturally had to take action.

Time flowed like water.

Half a year later.

The Royal Longzun sword floated in front of Su Yu's chest, and waves of pressure that commanded the world were slowly released.

This pressure had no effect on the other living beings.

But it had absolute suppression on the dragon race.

Even someone like Su Yu, who had the bloodline of the dragon race, felt a great weight, making it difficult for him to raise his head and look directly at the Royal Longzun Sword.

One could imagine what the real dragon clan would be like in front of the Royal Longzun Sword.

“I’ve already cultivated half of it. I’ll be able to successfully cultivate it in another year.” Su Yu’s eyes were sparkling.

The good thing was that after half a year of recuperation, wayless Mo’s injuries had also recovered quite a bit.

His strength had already recovered to the level of the Howling Sky Wolf Lord’s nefarious bone.

If he were to fight with the nefarious bone, who was at the intermediate stage of the Grandmaster realm, he should be able to kill it very easily.

However, just as Su Yu was about to continue, the jade seal on his waist began to ring rapidly.

He looked down and saw that it was a message from Qin Hui.

Su Yu was delighted.

Could it be that there was news from the Great Divine Priest of Heaven and earth?

However, when he opened the message, Su Yu’s expression immediately turned cold.

“Master, come quickly. The Great Divine Priest of Heaven and Earth’s information was snatched away by Zi Xiaoyun.”

Zi Xiaoyun?

Previously, when Zi Xiaoyun and Dan Hai Qing came to the Azure Dragon civilization to cause trouble, he had not pursued them.

The result was good. Zi Xiaoyun did not know his own fate and dared to stop him from looking for the divine seat of Heaven and earth.

The divine seat of Heaven and earth was the key to his breakthrough to Dao Master. How could he allow anyone to destroy it?

Creak --

Su Yu immediately stopped cultivating and left the stone door, heading straight for the place where Qin Hui was.

She was currently at the border of the eastern region.

While Su Yu was in closed-door cultivation, a new round of annual experiential learning began. Because he and wayless devil had reached a certain level of tacit understanding with wanderer Xie, there was no need for him to participate.

Qin Hui used the opportunity of the experiential learning to inquire around about the divine seat of Heaven and earth.

In the end, she was lucky and unexpectedly obtained a top-secret piece of information about the divine seat of Heaven and earth.

However, before she could get the information, she was snatched away by Zi Xiaoyun.

A few days later.

At the border between the eastern and southern regions.

A civilization could be seen from afar.

That was the camp of the teachers and students.

In the center of the camp, Qin Hui and the others were facing off against a large group of teachers and students.

Not only were they facing off against Zi Xiaoyun, but they were also facing off against the Kirin Group and the Sea Beast Group.

The Azure Dragon Group was alone and facing them from afar.

Apart from Xu Ming, the rest of the group were injured.

Among them, Qin Hui was the most severely injured.

There were traces of battle all around, and the battle situation was very anxious.

“Zi Xiaoyun, don’t go too far!” Qin Hui’s eyes were filled with deep anger.

Not only did Zi Xiaoyun steal the information, he even gathered a group of teachers and students to slander the Azure Dragon Group, saying that they had ambushed and injured Zi Xiaoyun’s favorite disciple, Tu Yihai!

But when the truth was revealed, Tu Yihai led a group of students from the qilin group to openly besiege Xu Ming and another student, snatching the demonic beast that they were about to obtain.

A fierce battle broke out between the two.

The Azure Dragon Group should have been at a disadvantage, but for some reason, Xu Ming had actually succeeded in injuring tu yihai.

Then Zi Xiaoyun reversed the truth and slandered Xu Ming and Tu Yihai for ambushing.

What was worse was that they had the advantage in numbers.

With everyone saying the same thing, deacon Li, who was in charge of guarding the place, could only let them settle it in private.

That was why there was a situation where the Azure Dragon team was facing off against several groups.

The outcome of the confrontation was obviously very disadvantageous to the Azure Dragon team.

Except for Xu Ming, who was younger and was protected by them, the rest of them were all injured to varying degrees.

Zi Xiaoyun’s gaze was calm as she snorted coldly, “It’s your Azure Dragon Team’s fault! Instead of training properly, you insisted on doing some despicable things!”

“That’s right. Teacher Dan Haiqing followed the Azure Dragon team to the east pole market to carry out a mission, but in the end? Only their Azure Dragon team returned, but teacher Dan Haiqing and Feng Qingyang are missing. God knows how they are doing!”

“Do you even need to ask? It’s most likely that the Azure Dragon team has done something behind the scenes.”

Everyone spoke one after another, not concealing their hostility towards the Azure Dragon team at all.

The reason was actually very simple.

The last time the Azure Dragon team won first place in the experiential learning, it had already made the vast majority of the groups feel unconvinced.

And this time, the Azure Dragon team, with only two students, actually obtained an exceptionally dazzling result, directly entering the top five.

This made them even more jealous and envious.

Xu Ming and the other student had obtained the reward of the first place last time, and their strength had increased by leaps and bounds, which was why they had obtained today’s harvest.

Therefore, when Zi Xiaoyun took the lead to provoke them, they unanimously chose to stand together with Zi Xiaoyun.

This was because they absolutely did not want to see a rising azure dragon team.
