

## Nine-Dragon 2411

Chapter 2411 Was Too Overbearing

“Qin Hui, you allowed your students to launch a sneak attack. You must give all of us an explanation,” Zi Xiaoyun reprimanded sternly, his voice shaking the entire civilization.

His stance of not giving up caused Qin Hui and the others' expressions to be extremely unsightly.

This time, it was definitely not going to be easy.

“Zi Xiaoyun, didn't you just want to use this opportunity to get rid of us? Fine, one at a time. Let's see, is it my life or yours that has more blood!” Qin Hui, Chen Yun, and Yue Shan looked at each other, their hair turning fierce.

The three of them had the nine death demon hearts.

Even if they had to fight to the death, they could be reborn immediately.

It was hard to say who would be at a disadvantage if the three of them went all out!

“Alright, let's do it one at a Time!” Zi Xiaoyun smiled sinisterly. After exchanging glances with the other teachers and students, they made their moves at the same time.

After suffering a loss from Qin Hui, Zi Xiaoyun still dared to fight one-on-one?

Seven to eight teachers swarmed forward and fought together with Qin Hui and the other two.

The result was obvious. Although the three of them did not die, in terms of combat strength, they were no match for a group of people.

Then, they looked at Xu Ming and another student who were also being beaten up.

An hour later, the battle slowly stopped.

Qin Hui was covered in blood while Chen Yun and Yue Shan were lying on the ground on their last breaths, unable to move at all.

The other student was half dead. He could only breathe out, but not in.

Xu Ming was also covered in injuries, but they were very slight.

For some reason, he had fought several times, but his injuries were not too serious.

Qin Hui struggled to support herself with one knee and glared at Zi Xiaoyun. “Despicable.”

Zi Xiaoyun laughed evilly. “Rather than saying that I'm despicable, it would be better to say that you're too incompetent.”

His palm trembled, and a sealed superstition floated in his palm.

It was the divine throne of Heaven and earth that Qin Hui had painstakingly obtained, but it was snatched away by Zi Xiaoyun Midway.

“This must be prepared for that Su Yu who has yet to become a dao master, right?” Zi Xiaoyun’s gaze was profound.

The Divine Throne of Heaven and earth was only useful to those who had yet to become a dao master.

For a heaven tier Dao master like Qin Hui, there was no need for the divine seat of Heaven and Earth.

One could imagine that it must be prepared for Su Yu.

“Zi Xiaoyun, what exactly do you want?” Qin Hui stared at the intelligence report and shouted.

Zi Xiaoyun let out a long laugh. “What do you want? It’s very simple. Kneel down and Kowtow to me a hundred times.”

He would never forget the last time they fought in the Azure Dragon Civilization, when Qin Hui took the opportunity to seriously injure him and put him into a coma.

His clothes had been destroyed and he was still lying unconscious on the ground, exposed to the eyes of others.

When he thought of this, Zi Xiaoyun felt goosebumps all over his body. He wished that he could kill Qin Hui on the spot and avenge the fool from that day!

If not for the Edict of the East region divine territory forbidding them from killing each other, he would have already killed Qin Hui a hundred times.

“Kneel to you?” Qin Hui’s eyes were filled with contempt. “You think that the defeated opponent of the past is worthy of me kneeling?”

Her words pierced Zi Xiaoyun’s heart. He gripped the intelligence tightly. “I’ll give you three seconds to consider. If not, I’ll crush the Intelligence!”

“Stop!” Qin Hui shouted.

Zi Xiaoyun had already started counting. “One breath! Two breaths! Three...”

Plop --

Without much hesitation or thought, Qin Hui knelt down and kowtowed to the ground.

The entire ground trembled slightly. It was clear how heavy the kowtow was.

One, two, three..

Chen Yun and Yue Shan’s eyes were about to pop out of their sockets. From now on, how was Qin Hui going to live in the East region divine territory?

One teacher kowtowing to another teacher. From now on, how was she going to raise her head?

However, in order to hold onto that piece of information, Qin Hui still resolutely endured the humiliation. She chose to endure it quietly, choosing to give up her dignity.

Under the gloating and triumphant gazes, Qin Hui kowtowed a full hundred times.

Her face was covered in blood, which was exceptionally terrifying.

However, her eyes were exceptionally calm. "I did it. Give me the information."

Zi Xiaoyun chuckled and threw the information over.

Qin Hui immediately caught it and thought to herself, at least I didn't fail my mission and successfully obtained the information.

However, the moment the intelligence fell into her hands, a thick dao master power overflowed from the intelligence.

The intelligence exploded into nothingness with a pop.

Qin Hui stared blankly at the fragmented intelligence. It took her quite a while to regain her senses before she flew into a rage. "Zi Xiaoyun! Are you courting death?"

She had already lowered her head and endured the insult.

But Zi Xiaoyun had actually broken his promise!

A boundless rage surged from the bottom of her heart.

However, Zi Xiaoyun had a mocking smile on his face. "Qin Hui, I've already given you the information. You didn't take good care of it yourself and broke it. What does that have to do with me? I, Zi Xiaoyun, am a person who keeps her word. I will never break my word."

Qin Hui gritted her teeth and forced herself to stand up. She unleashed her domain and attacked. "Die!"

She did not dare to imagine how Su Yu would view her after losing the information she had painstakingly obtained for half a year.

At the very least, she would receive a useless evaluation, right?

Zi Xiaoyun sneered. Without thinking, he raised his hand and struck out with his dao artifact.

Boom --

With Qin Hui's current state, if she were to recklessly fight Zi Xiaoyun head-on, the result was obvious.

Her domain was shattered on the spot, and she was also sent flying by the Dao artifact. She was sent flying out of the civilization and landed in the void.

"Overestimating yourself, Hehe..." Zi Xiaoyun laughed, shook his head, and left with his hands behind his back, ready to continue training.

Unexpectedly, the onlookers suddenly burst into an uproar.

Zi Xiaoyun turned his head and could not help but frown.

A Ray of light pierced through the void and caught Qin Hui, who was sent flying, and returned to the civilization.

The light faded away, revealing Su Yu, wayless Mo, and Qin Hui, who was being supported.

Zi Xiaoyun was full of smiles. “Hehe, student Su Yu, your teachers and students aren’t very capable. They were beaten up by someone. Hurry up and help them back to rest. Don’t embarrass yourself anymore.”

Su Yu didn’t say a word and asked in detail what happened.

Chen Yun and Yue Shan saw that Su Yu and wayless Mo had arrived, and they felt relieved. They crawled over with difficulty and explained everything clearly.

After listening to them, Su Yu’s expression was still as calm as water as he quietly healed Qin Hui and the other two.

Only after they recovered did he slowly raise his eyes and look at Zi Xiaoyun, he said indifferently, “I can forgive you for stealing the information. I can also tolerate you slandering and bullying my teacher. However, what I can not tolerate is you breaking your promise after insulting others!”

If Zi Xiaoyun had destroyed the information from the start, perhaps he would not have been too angry.

However, he deliberately humiliated her and broke his promise. By doing so, he had crossed Su Yu’s bottom line.

No matter what, Qin Hui was his person.

He could not tolerate outsiders bullying her like this!

Hearing this, Zi Xiaoyun could not help but laugh out loud, “Haha, interesting. I thought you would tuck your tail between your legs and leave after seeing the tragic state of the Azure Dragon Group. I did not expect you to still have such backbone. You want to avenge your teacher and classmates!”

As he said this, Zi Xiaoyun waved his sleeves. “Fine! I’ll Grant Your Wish! Tu Yihai, you go.”

A heaven tier intermediate stage student walked out from the Qilin team. It was Tu Yihai.

“Remember, you’re still a student of the East region divine territory. Be careful when you attack. Don’t accidentally kill someone,” Zi Xiaoyun said mockingly.

However, he was somewhat puzzled to discover that after he said this, Qin Hui, Chen Yun, and Yue Shan looked at him as if they were looking at a fool!

## Chapter 2412 Vicious Warning

Zi Xiaoyun was surprised. was there a problem with her words?

Although there was a hint of sarcasm, the meaning of her words was not exaggerated.

Tu Yihai was ranked second in the East region divine territory. His cultivation had reached the true intermediate stage of the Heaven Tier, which was not comparable to Feng Qingyang, who was at the initial stage of the heaven tier.

In a real fight, Feng Qingyang would definitely lose to Tu Yihai within ten moves.

As for Su Yu, he was only slightly higher than Feng Qingyang.

If Tu Yihai fought against Su Yu, Su Yu would definitely die in a life-and-death battle.

He did not understand the meaning behind Qin Hui and the other two's gazes.

"Tu Yihai, pretend that I did not say that." Zi Xiaoyun snorted inwardly, thinking that Qin Hui and the others did not know how to appreciate favors.

Since they didn't appreciate the favor, why should they show mercy?

"I know, teacher." Tu Yihai's body was tall and sturdy. His upper body was bare, and his entire body reflected a metallic luster.

At a glance, one could tell that he had completed his physique.

He threw a sinister smile at Su Yu, "If you kowtow and admit defeat now, I can still spare your dog life. If not..."

However, he realized that Su Yu didn't even look at him.

His gaze remained fixed on Zi Xiaoyun.

This made Tu Yi laugh, "You are still not serious even now. You really don't know how to write the word 'death'."

Only then did Su Yu look at him indifferently, "I don't kill innocent people, so don't give me any reason to touch you."

The teachers and students burst into laughter when they heard this. They looked at Su Yu and felt that it was extremely new.

"The second-ranked student of the East Region Divine Prefecture is actually being threatened by a finger pointing at his nose. This is really the first time in thousands of years."

"This person probably found some inexplicable confidence from Feng Qingyang, right?"

"Hehe, back then, Feng Qingyang did not use his full strength. This has already charmed the brat surnamed Su so much that he does not know the immensity of Heaven and earth?"

..

Tu Yihai's eyes were filled with contempt. He merely extended a finger. "The so-called strength is never something that can be said with just a breath! If you want to prove yourself, just use your full strength!"

Traces of DAO Master Power were slowly released from his pores, turning into ten-inch-long steel needles.

In the blink of an eye, he had turned into a ferocious existence with barbs all over his body.

Coupled with his strong physique, it was enough for the enemy to suffer in a battle.

"Let me see your strength!" Tu Yihai roared and turned into a rolling cluster of barbs, ruthlessly attacking Su Yu.

Everywhere it passed, holes were pierced into the void, densely packed and causing people's hearts to tremble.

"Hiss, this is Tu Yihai's best primordial sky-piercer technique, right? Under this technique, even Feng Qingyang was helpless and could only admit defeat."

"He attacked with all his strength from the start. It can be seen that Tu Yihai is angry."

"There's a good show to watch. Even if this Su Guy has some ability, I'm afraid he will be at a disadvantage."

The crowd looked on as they watched the show.

However, in the next moment, all the voices stopped abruptly.

This was because they were all shocked by the unbelievable scene and couldn't utter a single word.

However, they saw Tu Yihai, who was covered in spikes, suddenly stop.

He didn't stop himself. Instead, a finger was pointed at his glabella, forcing him to stop.

The owner of that finger was none other than Su Yu!

Su Yu stood where he was and calmly used a finger to stop Tu Yihai's crazy attack.

The sharp barbs on his body were easily broken by Su Yu's finger, unable to harm him at all.

Tu Yihai himself was extremely shocked. He could not believe that his full-powered attack was successfully blocked by someone else.

In the next moment, Tu Yihai suddenly felt an endless power coming from between his brows.

Under that power, his body was as small as dust. He had no way of resisting it.

With a whooshing sound, Tu Yihai was sent flying at an even faster speed towards Zi Xiaoyun.

A sudden change occurred. Zi Xiaoyun did not expect this at all and immediately took action to catch it.

However, that powerful power did not ease up. Instead, it passed onto Zi Xiaoyun's body.

Caught off guard, Zi Xiaoyun was forced to retreat seven or eight steps before finally stopping.

Beneath his feet was a groove formed by his feet.

Pu --

Although Tu Yihai was saved, the force still affected his body.

He could not hold it in and spat out a mouthful of blood on the spot. His expression was extremely weary.

Su Yu retracted his finger indifferently and said calmly, "You are probably not qualified to prove my strength."

His strength far surpassed that of Tu Yihai.

Even if Tu Yihai attacked with his full strength, he was completely unqualified to prove his strength.

Tu Yihai's eyes were wide open and he was so shocked that he was speechless. He never thought that one day, he would actually lose so miserably!

Hearing Su Yu's condescending contempt, he only felt that what he said earlier was ridiculous.

For a moment, he felt extremely ashamed.

Su Yu retracted his gaze and looked past him to Zi Xiaoyun. He said indifferently, "It's your turn."

With a 'chi' sound, the heaven-destroying staff appeared in his palm.

"Long!"

Instantly, the heaven-destroying staff became thirty feet long and was held tightly.

Zi Xiaoyun's eyelids could not help but Twitch. He could faintly see traces of fear.

When he had rescued tu yihai, he had already vaguely sensed the powerful physical strength Su Yu was hiding.

Coupled with the strange heaven-destroying staff in his hand, his intuition told him that danger was approaching.

"Su Yu, what do you want to do to teacher? In the East region divine territory, this is an offense against your superiors. Do you understand?" Zi Xiaoyun pretended to be calm as he berated.

Su Yu shook the heaven-destroying staff in his hand as he thought. He said slowly, "I don't understand. I only understand. Whoever pushes me too far, I will not forgive them!"

As he said that, he stomped on the ground and shot towards Zi Xiaoyun in an arc.

The heaven-destroying staff in his hand was instantly filled with endless primal power.

Instantly, the weight of the heaven-destroying staff increased drastically. Even Su Yu's high-level Heavenly Dragon Dao body could not control it.

He had made up his mind to teach Zi Xiaoyun an unforgettable lesson.

Zi Xiaoyun's expression also changed drastically. An evil wind blew against his face, and his heart pounded wildly. He felt a great sense of danger in his heart and sensed an extremely rare and intense danger.

At a critical moment, Zi Xiaoyun took out his dao artifact and tried to resist the heaven-destroying staff.

Who knew that when the two collided, the Dao artifact that Zi Xiaoyun spent tens of thousands of years to refine was crushed like mud. In the blink of an eye, it was smashed into pieces.

At the same time, the heaven-destroying staff smashed down with a loud bang, and it also smashed into Zi Xiaoyun's body.

Even a dao artifact could not withstand it, let alone a human?

“Ah!”!

With a shrill scream, Zi Xiaoyun’s entire body was pressed to the ground by the heaven-destroying staff and turned into a pile of meat paste.

A trembling soul escaped from the meat paste in a panic.

With the help of a drop of blood essence, it barely condensed its own body again.

However, compared to his previous body, his cultivation had dropped by an entire realm at this moment.

From the advanced stage of the Heaven Realm to the advanced stage of the fish-dragon realm!

He glared at Su Yu like a wild beast and gnashed his teeth, “Su Yu! If you dare to destroy my Taoist body, the evil loose cultivator will never forgive you!”

Chapter 2413 The Beauty Joins In

As he spoke, he rapidly transformed into a streak of light as he dashed towards the East Region Divine Prefecture.

There was fear, but also anger.

Su Yu smiled faintly. Tell Slayer Xie?

Hehe, if it was in the past, he would still be wary. But with his current relationship with Slayer Xie, as long as he did not destroy Slayer Xie in body and soul, then it had nothing to do with him.

“Everyone present, if anyone still thinks that my Azure Dragon Group is ambushing people, feel free to say it. I, Su Yu, will give all of you a chance to challenge them head-on.” Su Yu looked at everyone present and said in a calm voice, however, he gave off a great pressure. “You can challenge me one-on-one. I Don’t mind if you challenge me in a group. I, Su Yu, will accompany you to the end.”

The teachers and students of the Kirin Group, White Tiger Group, Sea Beast Group, and other groups did not dare to breathe loudly.

What a joke. Zi Xiaoyun had already been destroyed in body and soul by a single blow. Who would still dare to fight with Su Yu?

“This... This is a misunderstanding. I was instigated by the Kirin Group and did not understand the situation.” A teacher from the white tiger group was caught by Su Yu’s gaze and immediately tried to explain himself.

“Me too. I have no intention of becoming enemies with the Azure Dragon Group.”

“Our Sea Beast Group expresses our deepest apologies and is willing to make up for it in any way.”

However, Su Yu did not say a word and continued to stare at them.

It was only until their hearts were filled with fear that they slowly said, “Members of the Azure Dragon Team, you have already beaten and scolded them. It is too easy for you to say that it has nothing to do with me.”

Once these words were said, the group of teachers and students could not stop complaining.

If they had known that Su Yu was so powerful, how would they have dared to make a move?

However, they finally understood why the Azure Dragon Group was able to take the lead in the previous experience.

With Su Yu as an incomparably powerful backer, why would they worry about not being able to take the first place?

“Teacher Qin Hui, and the two of you, whoever has beaten you, point it out and return it back. Whoever dares to resist, I will make a decision for you,” Su Yu said calmly.

Upon hearing those words, the faces of the teachers and students changed.

They didn’t show any mercy to the members of the Azure Dragon Group. They were well aware of the severity of their attacks.

“Thank you, brother Su!” The other student endured the pain and stood up. He walked in front of a tall kylin group student and used his domain to chop off half of his body.

The latter didn’t dare to resist and could only hold on!

Qin Hui and the others struck one after another, returning all of the pain they had endured.

The group of teachers and students didn’t dare to voice their anger and just endured the beating silently.

An hour later, Qin Hui and the others finally vented their anger.

Su Yu watched coldly from the side. After the matter was over, he stared at Xu Ming and asked, “Why didn’t you make a move?”

From the beginning to the end, Xu Ming stood silently at the side, without any intention of retaliating.

When his name was called, Xu Ming felt an inexplicable panic. He forced a smile, “I... I didn’t suffer too many injuries. It’s okay.”

Su Yu nodded slowly. A trace of light flashed in his eyes.

“Okay. Since you’re okay, then continue with your training.” Su Yu waved his hand and dispersed the crowd.

He picked up the information fragment that was destroyed by Zi Xiaoyun.

“Where did you get the information?” Su Yu asked.

Since the information was destroyed, they could only search again.

Qin Hui immediately said, “It was sold to me by a person named Qin Xian ‘Er.”

Who?

Su Yu suddenly turned around. His eyes were like two burning torches. “Qin Xian ‘er?”

“It’s... Ah, it’s called Qin Xian ‘Er.” Qin Hui was frightened by Su Yu’s expression.

“Where is she?”

Qin Hui shook her head. “After selling the information, she left quietly. I have no way to trace her whereabouts.”

Su Yu’s mind was shaken, and his heart was particularly unsettled.

After several years, the people of the Western Region had finally arrived in the eastern region. were they preparing to participate in the recruitment that was about to begin?

However, why would Qin Xian ‘er sell the information?

Where did she get the information, and why did she need to sell the information?

Could it be that she was in the South Pole immortal palace and needed a large amount of dao currency?

“How did you know her name?” Su Yu suddenly realized. Qin Xian ‘er wouldn’t be stupid enough to say her name everywhere, right?

Qin Hui said with a matter-of-fact expression, “Is it difficult to know Qin Xian ‘er? She is the number one beauty in the western region. We in the eastern region have long heard of her. I recognized her at first sight.”

UH --

Even the western region knew of Qin Xian ‘Er’s reputation?

However, Su Yu was a little confused. Qin Xian ‘er was in and out of the South Pole Immortal Palace and rarely got close to others. How did her reputation spread so far?

If Linchen Hong Xian, Xue Meng Feiyu, or even Xuan Hua became the number one beauty of the western region, Su Yu would not find it strange.

It was really baffling that Qin Xian ‘er became the number one beauty of the western region.

Su Yu’s intuition told him that there must be a push in the dark that was shaping Qin Xian ‘er’s reputation as the number one beauty.

Otherwise, it would not be like this.

“Where did you meet?” Thinking of Qin Xian ‘er coming to the eastern region, Su Yu could not hold back the excitement in his heart. He urgently wanted to rush over and meet Qin Xian ‘er.

Qin Hui said, “I sent out a bounty through the channels, and this Qin Xian ‘er came looking for us. At the border between the eastern region and the Western Region, we agreed on a transaction.”

As she spoke, she handed the location of the deal to Su Yu.

Su Yu wanted to rush over, but after thinking about it carefully, he still suppressed the desire in his heart.

He was being pursued by the Dragon Emperor Now, so it was best not to meet Qin Xian ‘er so easily so as not to implicate her.

“Xian ‘er, wait a little longer. After I unseal the seal, I will definitely go and look for you,” Su Yu thought to himself.

However, in this way, the divine seat of Heaven and Earth’s information was cut off, and there was no way to find her.

At this moment, a beautiful woman with blue eyes and long golden hair walked out from the Sea Beast Group.

She was as cold as frost and extremely beautiful.

She carried two crescent blades on her back and slowly walked in front of Su Yu. She said, “You want to know the Divine Priest of Heaven and Earth, right?”

“Who are you?” Su Yu’s eyes flashed. It was another unfamiliar student.

However, the most surprising thing was that her cultivation was exceptionally powerful. She was actually at the advanced stage of the Heaven Tier.

Although she had just broken through, it was still shocking enough.

“Rain Su.” Coincidentally, the other party had the same surname as Su Yu.

Hearing her name, Su Yu suddenly understood. So she was the number one student in the East region divine territory, Rain Su.

She had long heard that this person had monstrous talent and that his cultivation level was unrivaled in the world.

Now that she saw him, it was as expected.

“You have information?”

Dancing Rain coldly nodded. “Yes!”

Su Yu’s eyes flashed. “Give me a reason to believe you.”

He was a teacher and student who had just taught the Sea Beast Group A lesson. It was hard to believe that dancing rain would show him kindness and inform him of the information.

“Reason?” Dancing Rain decisively drew out her dual blades and slashed at the teacher and student of the Sea Beast Group.

She drew a deep groove between them and coldly said, “From today onwards, I will draw a clear line with the Sea Beast Group and join the Azure Dragon Group from now on.”

The students of the East Region Divine Mansion had the right to change groups at any time.

As long as she had the ability to withstand the group’s revenge.

And as a late-stage heaven tier, she was clearly not afraid of the Sea Beast Group’s revenge.

This action caught several of the sea beast group’s teachers by surprise, followed by endless anger.

Chapter 2414 The Secret Truth

They had put in a lot of effort to train and nurture her?

But just as they were about to graduate, she left them and joined the Azure Dragon Team!

Dancing Rain did not understand their expressions and stared straight at Su Yu. “Is this enough?”

Su Yu looked at her in surprise for a while and nodded slowly. “Alright, I believe in your information. But, what do you want?”

He did not think that dancing rain would give him information for free.

As expected, dancing rain said, “I want you to help me with something.”

“What do you want first?”

Dancing Rain looked around and took out an array disk. She immediately activated it.

The array disk released an exceptionally high-level isolation array, isolating him and Su Yu within it.

Even a grandmaster realm expert might not be able to penetrate the array and listen to their conversation.

“You can speak now,” Su Yu said.

Without saying a word, rain quickly untied the ribbon around her waist. Her purple dress then loosened.

Then, with a light twirl of her jade-like fingers, she took off all her clothes, revealing a beautiful scenery.

Su Yu subconsciously averted his gaze. Without looking, he frowned slightly. “What do you mean?”

“Look at my body, and you’ll understand.”

HMM?

Hearing the hidden meaning, Su Yu looked out of the corner of his eyes. He was shocked to discover that there were strange blood-colored runes carved all over Mu Yu’s body.

Those runes rotated from time to time, as if they were circulating.

It was precisely because of the existence of the blood-colored runes that the beauty of his body was destroyed, causing his peerless appearance to lose its luster.

“This is...” Su Yu stared at the blood-colored runes in shock, extremely puzzled.

Dancing Rain slowly put on her purple dress and expressionlessly said, “As you can see, the rune of a puppet.”

“Puppet...” Su Yu was slightly confused.

Dancing Rain combed her messy hair and slowly said, “You should know that the students of the East Region Divine Prefecture have never come here voluntarily.”

Su Yu had already known this before he came.

After all, who would be willing to stay in such a harsh academy where they could not graduate and would become the slaves of their classmates?

“I know,” Su Yu said.

Dancing Rain shook her head. “But you definitely don’t know where the students go after graduation.”

Su Yu was slightly surprised. “Do you mean those who graduated, or those who couldn’t graduate?”

Those who couldn’t graduate became the slaves of those who graduated.

“Of course, they’re the Proud Sons of heaven who graduated.”

Su Yu thought carefully. Speaking of which, he really didn’t pay much attention to the situation of the graduates. He thought that they had gone out to fight and cultivate.

“Where did they go?”

Mu Yu said indifferently, “They’ve always been in the East region divine mansion. They haven’t left a single step.”

Haven’t left? Su Yu frowned deeply. He suddenly thought of something and said somewhat incredulously, “You’re saying...”

“It seems that the evil loose cultivator has already shown you those 1,000 great venerate realm half-life puppets.” Mu Yu’s expression was somewhat sympathetic.

What?

Su Yu was shocked.

Could it be that those thousand half-life puppets were all outstanding students who had graduated in the past?

“According to the rumors, the half-life puppets succeeded after fusing with the remnant soul of an ancient mighty figure with a dead body.” Rain’s eyes were filled with hatred. “However, if the remnant soul of an ancient mighty figure was

really that easy to fuse with, wouldn't their remnant soul simply attach itself to a dead body and resurrect into a half-life puppet?"

Su Yu's eyes darkened.

As expected, the evil loose cultivator was not a good person!

"The true method of refining a half-life puppet is to inject the remnant soul of an ancient mighty figure into a living body, destroying the original soul of the body and occupying the body. Moreover, the body's requirements are very strict. One must be extremely outstanding in order to succeed. Otherwise, the half-life puppet will easily fail,"rain su said the truth that no one knew.

"Why did the evil loose cultivator insist on forcefully capturing outstanding people from the region to enter the East Region's divine residence for further study? His goal was to select qualified containers for half-life puppets!"

It was no wonder that the evil loose cultivator used such a cruel method to force them to continuously unleash their potential.

So, it was to select the truly outstanding among them.

"How did you know?"It was hard to believe that the evil loose cultivator would spare those who knew and not silence them.

Rain's eyes suddenly turned sharp, and there was a hint of madness in them.

"Because my brother was refined into a half-life puppet..."as rain spoke, two lines of tears naturally fell from her eyes.

"And my brother and I were born together. I can feel what happened to him and even what he saw."Rain pointed at her own body. "The imprint of the puppet passed on to Me is the best proof."

There was such a strange constitution?

However, it was no wonder that rain dared to look for Su Yu.

Presumably, when evil loose cultivator displayed a thousand puppets, his brother's puppets saw Su Yu and the others.

And this information was transmitted to rain's mind.

"Rain, then you should know by now that I have a cooperative relationship with evil loose cultivator, right?"Su Yu's eyes flickered. "Aren't you afraid that I'll expose you?"

Rain stared coldly at Su Yu and warned, "If you know what kind of person rogue evil is and still dare to continue working with him, I have nothing to say."

To be able to tell such a big lie and turn all the outstanding students of the eastern region into half-life puppets.

Such a vicious and inhumane person, working with him was tantamount to asking for the skin of a tiger.

If Su Yu was smart enough, he should know how to choose.

“I choose to continue cooperating with him,” Su Yu said with certainty.

Dancing Rain was stunned for a moment. Then, her entire body was filled with a sharp aura and killing intent. Her eyes were burning with a strong killing intent. Her jade-like hands held the two scimitars on her back. “Consider me blind!”

Since that was the case, she could only kill Su Yu to silence him.

However, following that, Su Yu said, “But, I don’t intend to expose you!”

After a moment of hesitation, she slowly withdrew her hand.

If they really fought, she might not be Su Yu’s match.

“As hush money, you can just tell me what you know.” Su Yu smiled indifferently.

If he was the Matchless Holy Lord like the old Taoist, he would naturally kill the evil loose cultivator with a snap of his fingers when he found out that he was such an inhumane person.

But with his current strength, he was far from being evil loose cultivator’s match. There was no need to throw an egg at a stone for irrelevant people.

Rain threw out a scroll decisively and said solemnly, “If you go back on your words, feel free to look for me. I know some of his weaknesses.”

“Sure.” Su Yu did not refuse.

After both parties tidied up a little, Rain removed the isolation and left expressionlessly.

On Su Yu’s back, Wayless Demon frowned deeply. “Evil loose cultivator, dragon emperor... the waters of our outer regions are really deep!”

Su Yu agreed with him.

In fact, he knew more than Mo Wudao.

At least, he knew that the most desolate place in the western region hid a Taotie that could swallow the sky and swallow the earth!

That Taotie’s belly hid an even more shocking secret.

After watching him leave, Su Yu opened the scroll and read the information on it. His expression was shocked, and a complicated look appeared in his eyes.

Chapter 2415 A Great Calamity Was Approaching

The one who was shaken was not the divine seat of Heaven and earth, but a person who was also searching for the divine seat of Heaven and Earth.

That was the heartless iron constable!

The intelligence report said that the heartless iron constable and the many people who were searching for the divine seat of Heaven and earth had entered the most evil forbidden forest in the eastern region and never returned.

The so-called forbidden forest was the core area where a group of unparalleled experts fought in the early years of the new era.

After an era, the remnants of the Great War still remained.

Xuan Dao Master, as well as the tunnel master's domain and Dao Master's power crisscrossed, turning that area into an absolute forbidden area.

Other than the tunnel master who had the courage to go deep into it, if the other experts entered, only death awaited them.

From ancient times until now, there was no exception.

Constable heartless clearly did not need the divine seat of Heaven and earth, so why did she insist on going deep into it?

Who was she doing it for?

Su Yu understood in his heart.

It was for him!

In the ancient glazed cave, constable heartless thought that Su Yu would die without a doubt, so he had to do two things for Su Yu.

He had to find the divine throne of Heaven and earth and find Qin Xian 'er.

Therefore, even though he knew that he would die without a doubt, constable heartless still had to fulfill his promise --

To entertain the divine throne of Heaven and earth.

Now, she had gone deep into it for three months and had not returned. The situation was imaginable.

“Why Are You So Persistent?” Su Yu looked up at the endless sky. A masked woman riding a golden and silver horse appeared in front of his eyes.

She was dressed in white clothes like snow. She was full of righteousness and her heart was set on creating light.

Such a peerless woman, was she going to die just like that?

There was a time when Su Yu felt that she could be his confidante. She was the only person other than Xia Jingyu who could have a tacit understanding with him.

He did not expect that after parting at the ancient glazed cave, it was truly eternal.

A trace of sadness reverberated in his heart, making his heart empty, as if something was missing.

“What kind of virtue and ability do I have to deserve such treatment from you?” Su Yu let out a long sigh.

The sorrowful emotions were silently embellished.

Mo Wudao's heart was touched. He looked at the vast sky and muttered, "Cultivation is originally heartless. Life and death are inseparable! Don't be sad. She is only the past, and you still have a future."

She had her own friends, relatives, people who loved her so much that they hurt her heart. She also had feelings that she wanted to protect.

However, they could not defeat time. They could not defeat the ruthlessness of the Great Dao. They could not defeat the isolation of life and death.

Therefore, she could feel Su Yu's sadness.

"Thank you." Su Yu forced herself to stay awake. She turned her head and looked at Mo Wudao. "To be honest, you don't look like a person of the demonic path."

A person of the demonic path would definitely be heartless and serve the devil wholeheartedly.

On the other hand, wayless MO. . Although he was said to be heartless, he had feelings. He was completely different from a person who had achieved great success in the demonic path.

Hearing this, wayless Mo. Smiled in relief. "I really don't know if you're praising me or mocking me."

"It's up to you to understand." Su Yu looked at each other and smiled.

At this moment, it was as if the two of them had a spiritual connection and had a resonance.

Su Yu looked away unnaturally and looked in the direction of the Forbidden Forest. She took a deep breath and said, "Can you accompany me to the Forbidden Forest?"

Mo Wudao looked at Su Yu deeply. His reason told him not to go.

Because, the forbidden forest was definitely not a place that she had the right to trespass.

Once she entered, she would definitely die.

But out of the blue, she actually nodded and said, "Sure!"

"Thank you." Su Yu stared into the distance. What he saw was not the divine throne of Heaven and earth, but the white robe that was gradually moving further and further away.

He did not have many friends in his life, and the heartless iron catcher was one of them.

Since she was dead, Su Yu had to go and investigate.

However, it was not now.

The arrival of the Dragon Emperor was imminent, so Su Yu had no time to go to the forbidden forest.

He could only go after this matter was over.

He stayed in the camp for a few days and returned to the Azure Dragon Civilization with the Azure Dragon Group after the experiential learning.

“Xu Ming and Ao you performed well this time.” Qin Hui was in a good mood.

Without Su Yu’s help in this experiential learning and with one less student than before, the Azure Dragon Group still obtained an excellent result of being ranked fifth.

This was due to the breakthrough in their coiling dragon wood cultivation and the great increase in their strength.

“Teacher Qin, you flatter me. The reason why we were able to achieve such results is all because of brother Su.” Ao you raised his head and said, “Teacher, you don’t know that ever since brother Su had beaten Zi Xiaoyun until his dao body was shattered, Xu Ming and I went to hunt demonic beasts. It was really awe-inspiring!”

“Wherever we went, the other students all took detours!” “Some even managed to hunt down a level seven demonic beast and almost beat it to death. In the end, the moment we arrived, they left the demonic beast behind and ran away, afraid of confronting us.”

At this point, his gaze toward Su Yu was full of admiration.

Even Xu Ming was not as arrogant and unruly as he used to be. He was just silent and did not speak.

The group was chatting and laughing when suddenly, Qin Hui said with some suspicion, “The situation doesn’t seem right. Why haven’t we seen any of the teachers and students who came back before us?”

They passed by several civilizations consecutively, but they did not meet any teachers and students.

“The Azure Dragon Group is in imminent danger, how dare they come back?” On one of the civilizations, a few experts noticed the passing Azure Dragon Group and immediately began to discuss.

“That Su probably didn’t realize the importance of this matter at all.”

“Hehe, I heard that wanderer Xie was greatly angered by this!”

..

Hearing this, Qin Hui’s expression was calm as she secretly sneered.

Wanderer Xie was now in a cooperative relationship with her master. Not to mention breaking Zi Xiaoyun’s dao body, so what if she was killed?

Of course, she would not tell anyone.

Ao you and Xu Ming did not know, so they were naturally worried.

As you reminded him kindly, “Brother Su, a strong dragon can not suppress a local snake. Why Don’t you go out and hide?”

Su Yu replied with a smile, “There’s no need. We’ll cross the bridge when we come to it.”

Xu Ming, on the other hand, raised his eyebrows slightly. He seemed to have a lot on his mind.

All the civilizations that they passed by could sense their finger-pointing. It was as if the Azure Dragon Group was facing a great disaster.

“You are the Azure Dragon Group, right?” When they were about to return to the Azure Dragon Civilization, an old man in a black robe stood in front of them. That person was none other than deacon Li.

Qin Hui nodded. “Deacon Li, what are your orders?”

Deacon Li looked at Su Yu, his eyes filled with regret. He said, “Wanderer Xie has ordered that once the Azure Dragon Group returns, immediately head to the center of the Divine Mansion. Follow Me!”

As he said this, he led the way expressionlessly.

He truly felt pity for Su Yu in his heart. He was a young man at the advanced stage of the Heaven Tier who could destroy the dao body of Zi Xiaoyun.

Such talent was unheard of. He could be said to be a monster amongst monsters.

Unfortunately, he had underestimated the East region divine territory’s rules.

A student destroying a teacher’s dao body was an offense against one’s superiors. It was a taboo that the east region divine territory could not violate.

Once they violated it, the evil loose cultivator would not care about Su Yu’s talent.

He would only use the power of lightning to kill him to protect the east region divine territory’s prestige.

Su Yu’s feelings of standing up for the Azure Dragon Group could be understood, but unfortunately, he had made too big a mistake and could no longer be salvaged.

It turned out that a few days ago, Zi Xiaoyun had returned to the Azure Dragon Group ahead of schedule and had been kneeling outside the cultivation chamber of itinerant xie.

Chapter 2416 2307 Was Out Of His Expectations

Originally, loose cultivator Xie had not paid any attention to it. However, as this matter spread and the entire eastern region divine territory was shaken, loose cultivator xie had no choice but to step forward and uphold justice for Zi Xiaoyun.

After the group that had been training outside returned, they received orders from loose cultivator xie to go to the central divine territory and wait for orders.

This was to kill a chicken as a warning to the monkeys and intimidate others.

It would be fine if Su Yu and the others did not return, but since they had returned, their fates had already been decided.

Qin Hui's mood suddenly became perturbed. Could it be that wanderer Xie had changed his mind and wanted to harm Su Yu?

Otherwise, why was he so serious?

Meanwhile, Xu Ming's gaze quickly changed and he was exceptionally hesitant.

Not long after.

In the center of the Divine Mansion.

A black mass of people stood upright in a place that was overflowing with evil energy.

Their expressions were respectful as they faced a skinny old man who was silently meditating in front of them.

When Su Yu and the others arrived, the old man slowly opened his eyes and said in a hoarse voice, "Everyone has arrived, right?"

Everyone's expressions turned solemn as they simultaneously turned their gazes towards Su Yu.

The teachers and students of the Sea Beast Group, the White Tiger Group, and even the qilin group could not wait to show their gloating expressions.

How could a teacher's dao body be so easily broken?

Next, they would have to wait for a severe punishment!

Zi Xiaoyun stood beside unspecialized Xie and stared at Su Yu with hatred. There was no lack of revenge in his eyes.

He was a teacher who had made contributions for many years. Su Yu was nothing. He was just an outstanding student.

It wasn't hard to know which position the two of them held in unspecialized Xie's heart.

"Su Yu, come here." Sure enough, the evil loose cultivator put his hands behind his back and called out the names on the spot.

Under everyone's sighs or gazes, Su Yu walked over expressionlessly.

"What do you want to say?" The evil loose cultivator asked. It meant that he was already prepared to deal with Su Yu.

Zi Xiaoyun was overjoyed. The evil loose cultivator was getting serious!

Everyone shook their heads. Su Yu was really finished!

"Don't implicate the innocent," Su Yu said calmly.

Hearing this, many people looked at Qin Hui and the others.

Su Yu was about to die, and he still wanted to protect the Azure Dragon Group. However, he might not succeed.

"What if I say no?" The unspecialized Xie said indifferently.

As expected!

The unspecialized Xie had always been severely punished for such taboo matters.

Qin Hui and the others' faces changed drastically. What was going on? Did the unspecialized Xie really give up on the partnership with Su Yu?

Even they were implicated?

Xu Ming's face instantly turned pale. After a brief struggle, he gritted his teeth and suddenly rushed out of the Azure Dragon Group and ran behind Zi Xiaoyun, he raised his voice and said, "I have something to announce! Actually, half a year ago, I secretly turned my head to the Qilin Group and drew a clear line with the Azure Dragon Group."

UH --

As soon as he said this, the entire place was in an uproar.

"I said, during the battle in the camp, why were the Azure Dragon Group members all beaten up and heavily injured? Only Xu Ming suffered some superficial injuries. It turns out that he had long defected."

"It's within expectations. Xu Ming has such a special identity. The qilin group and other higher ranked groups, which one of them didn't covet him for a long time? It's only a matter of time before Xu Ming leaves the Azure Dragon Group."

"Hehe, the Azure Dragon Group can be considered to be a group of defections, right?"

..

While everyone was discussing, Qin Hui widened her eyes and stared at Xu Ming in disbelief. She said in a deep voice, "Xu Ming, you were the one who leaked the information I received about the divine seat of Heaven and earth?"

She had long been curious. The information she received about the divine seat of Heaven and earth was only known to the Azure Dragon Group.

How did Zi Xiaoyun know about it and snatch it from him?

So there was a mole!

Xu Ming turned his head to the side and snorted, indicating his tacit agreement.

"Ingrate!" Qin Hui spat softly, feeling a little heartache.

Back then, in order to nurture Xu Ming, the Azure Dragon Group had given up everything they had, and it could be said that they loved him in every way possible.

But in the end, Xu Ming had secretly betrayed them.

Qin Hui no longer cared about Xu Ming's strength. What she cared about was being deceived.

“Tch! You all willingly treated me well. I didn’t beg you.” Xu Ming curled his lips disapprovingly. He did not feel the slightest gratitude towards the Azure Dragon Group for their kindness.

Zi Xiaoyun gave them a thumbs up and said with a smile, “Well said. Don’t blame others for your own stupidity.”

Qin Hui and the other two glared at each other with anger.

Su Yu, on the other hand, felt that everything was logical.

With Xu Ming’s personality, it was his nature to forget about loyalty for profit. What was strange about him betraying the Azure Dragon Group?

When Su Yu met Xu Ming in the camp, he already knew that Xu Ming had already betrayed them.

This included playing a double act with Tu Yihai, which had led to the Azure Dragon Group being besieged. This was also Xu Ming’s doing.

“Enough, all of you shut up.” Xie Wanderer was not angry, but rather powerful, causing the entire scene to instantly fall silent.

The final result had finally arrived.

Xie Wanderer slowly put down his hands. “Just as I said, if one person makes a mistake, the entire group will punish him. No one will be spared!”

The Azure Dragon Group was finished!

“Qilin Group, Zi Xiaoyun will be expelled from the East region divine residence. From now on, he will not be allowed to set foot in the East Region!”

“The rest of the group members will be enslaved for seven days as punishment.”

UH --

Wait!

Punish who?

Qilin Group? Zi Xiaoyun and the teachers and students in the group?

Did Xie Wanderer make a mistake?

The victim was Zi Xiaoyun. How could he punish the victim instead of the murderer?

Zi Xiaoyun himself was stunned. He turned around and hurriedly said, “Please let the evil loose cultivator know that the one whose dao body was shattered was me and not Su Yu.”

He wondered if the evil loose cultivator had misunderstood something.

Unexpectedly, the evil loose cultivator gave him a cold glance and said, “You framed others and besieged the Azure Dragon Group maliciously. How dare you come to me and complain about the evil person first!”

These words made everyone present sweat.

The evil loose cultivator wasn't present, but he could see through everything.

Plop --

Zi Xiaoyun broke out in cold sweat and knelt down, not daring to quibble, "Evil loose cultivator, please atone for your sins, I won't dare to do it again."

"Seeing that you've done meritorious deeds for so many years, I'll spare your life. Get lost." The evil loose cultivator waved his hand.

Zi Xiaoyun didn't dare to say another word. She immediately lowered her head and left the crowd dejectedly.

"The rest of the team members will be slaves for a week." After finishing his sentence, he flicked his sleeve and left.

The crowd exploded.

"Can anyone tell me why this happened?"

"Even if Zi Xiaoyun was in the wrong first, isn't it too much to directly expel him?"

"Moreover, it's a fact that Su broke Zi Xiaoyun's dao body. How could Xie Wanderer turn a blind eye?"

The Smart Ones had already understood the deeper meaning behind it, and all of them went forward to chat with Su Yu.

They understood that in the East region divine territory, the most dazzling new star was slowly rising.

Su Yu casually responded a few times, then left the crowd and returned to the Azure Dragon Civilization.

In the next year, he had to seize every minute and second to comprehend the "Nine-five supreme technique", and strive to completely control the royal authority Longzun Sword.

At that time.

Zi Xiaoyun left the East region divine mansion in a sorry state and walked aimlessly in the void.

His mind was blank. He still did not understand why unspecialized Xie would make such an incomprehensible decision.

Could it be that the strict rules of the East region divine mansion were no longer important?

Could it be that unspecialized xie valued that su guy?

Could it be that he really had to fall into such a desperate situation?

As his heart was churning violently, suddenly, a rough, yet deliberately soft and sensual voice entered his ears. "Husband, I have something to ask you!"

Chapter 2417 Asking For My Husband

“Who is it?” Zi Xiaoyun’s heart skipped a beat. With his current cultivation of the advanced stage of the fish-dragon realm, he did not know that someone was approaching him.

He suddenly looked up and saw a beautiful woman in a long red dress with heavy makeup and a slim figure standing in front of him.

Zi Xiaoyun stepped back cautiously and stared at her. “Who are you?”

The latter blinked her eyes charmingly and pinched her throat. “I’m here to seek refuge with my husband. Please Pass on a message for me.”

Zi Xiaoyun felt nauseous when he heard that.

The person in front of him was extremely beautiful and could be called a stunner in the world, but why was his voice a man?

“Who is your husband?” Zi Xiaoyun suppressed his discomfort and asked calmly.

This woman was a little strange, and he didn’t want to offend her.

“Su Yu.”

If it was someone else, Zi Xiaoyun might have spread the news out of goodwill.

But Su Yu, he wanted to peel off her skin and eat her flesh!

“That Little Bastard?” Zi Xiaoyun blurted out and snorted angrily.

As soon as he said this, he realized that something was wrong and immediately looked at the woman’s face.

Just now, she was full of smiles and secretly flirted with him. In the blink of an eye, dark clouds covered her face. She stared at him coldly and said, “You insulted my husband? Old Thing, seeing how beautiful you are, I was patient enough to ask you. Now, it seems that there’s no need!”

“Wait... Ah...” Zi Xiaoyun wanted to defend himself.

However, how could the infamous poison lady be someone who would listen to others? He immediately captured her.

A fierce glint flashed across his face as he forcefully searched her soul. Waves of green smoke rose from Zi Xiaoyun’s head as his eyes turned white and his body trembled violently.

This was the reason why his soul was forcefully searched. The process was extremely painful.

After the soul search was completed, Zi Xiaoyun’s eyes were dull. He was in a daze and foaming at the mouth. He had already become an idiot-like figure.

“HMPH!” Poison Fate Madam threw him aside and said angrily, “As expected of the person I have set my eyes on. I didn’t expect that he would be so highly regarded by the evil wanderer. I would rather sacrifice a person at the advanced stage of the heaven tier for him.”

“Mm, it seems like I have to pay a price.” Poison Fate Madam said with some heartache, “However, in order to obtain true love, these sacrifices are worth it.”

After making up her mind, Poison Fate Madam stepped into a group of civilizations in the Eastern Region Divine territory.

Just as she entered, several heaven tier auras approached her. They were the law enforcers in charge of order.

“Who are you?” The person in the lead was deacon Li. He sized up poison fate madam in surprise.

Poison fate madam tidied her long hair and said arrogantly, “A group of mortals are not fit to speak to me. Get lost!”

UH --

The muscles on deacon Li’s face twitched. He felt his scalp go numb. This woman... No, where did this man come from?

“This is an important place in the East region divine territory. Outsiders are not allowed to enter. Retreat quickly,” deacon li shouted sternly.

Madam poison fate snorted charmingly, “I’m here to find true love. Don’t you dare try to stop me.”

As she spoke, she charged forward.

Deacon Li and the others immediately went forward to stop her, but they were scattered by Madame Poison Fate. At the same time, they kept shouting, “Husband Su Yu, I’m here to find you. Come out quickly...”

Deacon Li was in trouble after being hit. He was shocked and angry. “Do it!”

The group of deacons took out their Dao artifacts and chased after her. Just as they were about to attack her, a loud voice came from the sky.

“Step back. Madam Poison Fate, you dare to act rashly in front of me?”

A hunchbacked, skinny figure walked over with a sky full of evil qi.

“Evil Wanderer!” Deacon Li and the others saluted respectfully, but their hearts were filled with shock.

That androgynous person was actually the famous madam poison fate in the Eastern Market?

Thinking of the rumors that he was a man but liked men, deacon Li’s old body trembled.

Madam poison life fiercely rolled her eyes at Deacon Li. “I’m not interested in old bones like you. Don’t Worry!”

Then, she looked at evil loose cultivator, twisted her slender waist, and winked at him. “Aiyo, it’s been tens of thousands of years. Evil loose cultivator, you’re aging really fast. Back then, you were still a gentleman with a graceful bearing. How come you’re aging so fast after tens of thousands of years?”

For a powerful person of the realm of the evil wanderer, tens of thousands of years is only one ten-thousandth of his life.

But he was from the middle-aged, rapidly aging into the elderly, which can be seen through the strange.

“Poison Life Madam as always.” Evil loose person vicissitudes of life smile: “Do not know, you come, what important matter.”

He lived in the eastern regions with Madame Fatale for many years, but never meddled with her.

Today, the other party had come to visit, so he definitely had bad intentions.

Madame Poison Fate Chuckled and casually picked up a middle-aged man with a weary expression.

It was none other than Dan Hai Qing.

“Wanderer Xie, save me!” Dan Hai Qing had a confused look on his face. When he realized that wanderer Xie was right in front of him, he immediately cried out for help.

Wanderer Xie glanced at him indifferently and said, “Madame Poison Fate, what does this mean?”

Madame poison fate sneered, “Then we have to ask the people you taught what they did in my territory!”

He flicked his sleeve, and a fluorescent light flew into the air, turning into a moving picture.

In the picture, Dan Hai Qing slaughtered many shopkeepers and robbed them of ten thousand dao stones.

Seeing this scene, the evil loose cultivator’s expression was as calm as before, and he nodded slightly, “So that’s the case! En, one should take responsibility for what one does. This person is at your disposal.”

He had actually chosen to give up on Danhai Qing.

“HMPH! How can it be that Easy?” Madame poison fate said, “It’s so easy to kill people from my east pole market?”

Her meaning was clearly to ask for compensation.

Evil loose cultivator wasn’t angry either. “What do you want?”

“I want... Su Yu! Hand him over.” Madame Poison Fate finally revealed her true intention.

After hearing these words, the evil loose cultivator’s eyes flashed. Could it be that Madame Poison Fate knew how important Su Yu was to him? Otherwise, why would she ask for Su Yu by name?

“No!” The evil loose cultivator firmly refused.

If it was before, not to mention one, even a pile of Su Yu could be given to Madame Poison fate at will.

But now, it was absolutely impossible.

Madame poison fate coldly said, “Evil loose cultivator, don’t tell me you want to start a war with me for a Su Yu?”

An invisible aura was suddenly released.

A thick, pitch-black poisonous fog was spat out from his body. Dan Haiqing let out a miserable cry and turned into a white skeleton, completely destroyed by the poison.

Deacon Li and the others retreated one after another, afraid of being affected.

They couldn’t understand why madam poison fate would do this for a Su Yu.

However, what made them even more confused was that the evil loose cultivator snorted and did not compromise, “If you want to start a war, then let’s start a war. I’m not afraid of You!”

Madam poison life laughed angrily, “Old fool, don’t ask an old cow to eat young grass. Su Yu’s young grass is mine!”

Her voice was exceptionally loud, and it was difficult for the various large civilizations in the East region divine territory not to hear it.

Su Yu, who was cultivating, was suddenly jolted awake. His face instantly darkened, “Haunting!”

The poison lady was still persistent even after being exposed to the destructive light!

“Hehe...”wayless mo could not help but cover his mouth and laugh. “Why don’t you marry him?”

“Get lost!”Su Yu was not in a good mood. “Don’t let anyone disturb me for the next year!”

He might as well completely seal the secret chamber and never show his face until the Dragon Emperor arrived.

Chapter 2418 The Arrival Of The Dragon Emperor (First Watch)

Su Yu did not pay any attention to it, and the outside world soon began to fight.

Madam poison life dragged xie loose cultivator and fought for ten days and ten nights, from the East region divine mansion all the way to the depths of the universe, all the way to several galaxies beyond.

It was not until xie loose cultivator had no choice but to take out a half-life great paragon puppet that Madam Poison Life was scared away.

“What a lunatic!”The evil loose cultivator returned with a face full of guilt and anger.

It was clear that he did not gain much advantage from the battle with the poison fate madam.

The main reason was that he was already injured, so he had suffered quite a bit.

However, the poison fate madam did not leave. Instead, she lingered around the East region divine mansion and refused to leave. She tried to barge in every now and then, preventing the evil loose cultivator from recovering from his injuries.

Time passed by slowly.

In the depths of the East region, there was a chaotic region filled with waves of light.

This place was filled with an aura of destruction. The Sky and earth were in a state of chaos. Due to the destruction, one could not tell the boundaries.

The space around them was either damaged or narrow. Occasionally, there would be flashes of remnant energy that were comparable to the destructive waves.

In this deathly silent land, a figure dressed in snow fell into a narrow space.

Behind him, a long snake filled with intelligence roared furiously and chased closely.

This snake was formed from the aftermath of the battle nearby. Its degree of danger was even stronger than the destructive light.

If a late-stage great venerate realm expert encountered it, he would also be reduced to ashes.

The woman in snow clothes turned her head and looked back. Her peerlessly beautiful face was filled with calmness and persistence. She fled deeper into the forest without saying a word.

She was none other than the heartless iron constable who had been missing for many years in the Forbidden Forest.

She was not dead yet, but she was still walking on the road of death.

“Human, leave this place!” The long snake chased after her and scolded her with great resentment, “Otherwise, you will sleep here with me.”

The heartless iron constable did not turn around. He did not even frown as he continued to move forward stubbornly.

“If I leave, who will fulfill his long-cherished wish?” The heartless catch took a step forward, and a fresh blood mark appeared under his feet.

“Stubborn!” The long snake snorted and suddenly turned into a straight ray, piercing through the heartless catch’s delicate body.

The heartless catch gritted his teeth and took out the golden black tortoise.

With a ding, the golden black tortoise successfully blocked it.

However, the powerful force of the ray itself sent constable heartless flying forward and crashed into a broken spatial barrier.

Dong --

The entire spatial barrier shattered.

Constable Heartless’s half-step dao master body was unable to withstand such an injury, and her skin was instantly torn open.

A dazzling bright red instantly dyed her snow-white dress red.

She struggled to get up. Although her face was as pale as paper, her eyes were still determined and calm. "I said, I must fulfill that person's last wish! Unless, I can't take another step."

Shaking her weak body, the heartless criminal walked forward with difficulty.

Wherever she passed, the blood condensed into a blood line..

The Ray bounced back and turned back into a long snake. Her slightly intelligent eyes were filled with regret. "Human, why go to this extent? Are you willing to sacrifice yourself for the last wish of a dead person?"

It was the king of an area in the forbidden forest.

One day, a group of uninvited guests barged into the forbidden forest.

It had seen with its own eyes that they had all died tragically under the remnant destructive power of the ancient times.

The beautiful woman in White was not spared either.

It was only because she had a strange magical equipment protecting her that she was not killed. However, her body had already suffered irreparable damage.

According to its senses, this woman's life force was rapidly withering like a winter flower.

If she returned to the outside world at this moment and properly treated her injuries, there might still be hope.

However, in the forbidden forest, under the erosion of residual energy everywhere, her life force would only accelerate.

Her life force would only last for a year at most.

However, even so, this seemingly weak human woman actually continued forward with incredible indifference and persistence.

And her goal was actually just to fulfill the wish of a dead person.

It couldn't understand.

"You don't understand, and you won't understand." Without saying a word, the heartless catcher jumped into the spatial gap in front of him and entered another space.

That space was a land of burning flames.

Under that level of fire, even a late stage grandmaster realm expert would die miserably.

Even with the protection of the Golden Black Tortoise, she wouldn't be able to hold on for too long.

"Human, you're already close to the sacred ruins of the forbidden forest. Leave quickly. Otherwise, you really won't be able to leave again." The long snake's eyes were moved as it stared at the white afterimage in the intense flames.

The heartless catch didn't say a word. He hugged his arms tightly and endured the intense steam of the intense flames. Like a moth flying into a flame, he walked towards the center of the sacred ruins. There was an incomparably hot giant ball of light.

There, a floating divine throne was flickering under the light of the fire.

As the heartless catcher continued to step forward, her body was melting at a speed visible to the naked eye under the increasingly intense heat.

With a puff, her entire body disappeared into the fire.

The long snake coiled outside and sighed. "I will never understand the feelings of humans. Sigh..."

With a silent sigh, the long body turned into a chaotic energy and slowly dissipated.

At the same time.

Far away in the divine residence of the eastern region, Su Yu was meditating in seclusion when he suddenly woke up from deep seclusion without any warning.

His expression was blank, but the corners of his eyes were inexplicably moist.

"Why am I suddenly feeling sad?" Su Yu wiped the moist corners of his eyes with his index finger and said in a daze.

She looked down at her own heart, which was inexplicably constricted at this moment.

It was as if she was sobbing silently, and it was extremely uncomfortable.

"What's Wrong?" Pathless Mo's gentle voice came from beside her ear.

Su Yu's inexplicable sadness also infected her.

"Is it about your friend in the Forbidden Forest?" Pathless mo asked slowly.

Su Yu shook her head slightly. "I hope it's not because of her."

If they parted at the ancient glazed cave, it would be forever. To him, it would be an eternal regret.

"Be patient. After the brand is removed, I'll go with you to the Forbidden Forest."

"Thank you!" Su Yu took a deep breath, suppressed the loneliness in his heart, and continued to comprehend.

Ten months later.

Su Yu was once again shocked awake from his deep meditation.

This time, it was no longer sadness, but an inexplicable panic.

He pulled open his chest and took a look. A ferocious dragon head had appeared on the surface of his body at some point in time. It kept opening its mouth and roaring.

As for Mo Wudao, his expression had long been extremely solemn.

"Are you mentally prepared?" Mo Wudao asked in a serious voice.

This Day had finally come.

The Dragon Emperor had already stepped into the eastern region.

The marks on their bodies had clearly sensed it.

“Faster than expected!” At this time, a hoarse voice appeared outside their secret chamber.

When they opened the door to the secret chamber, they saw that it was the evil loose cultivator.

His gaze was equally solemn as he looked toward the edge of the eastern region.

Chapter 2419 Dragon Scale Space (Second Watch)

“Go and prepare!” The evil loose cultivator flicked his sleeves, and an evil qi wrapped around the two of them as they entered the stone plate in the cave abode world.

The evil loose cultivator’s voice echoed in the sky above the cave abode world, “Once I give the signal, you will immediately set off.”

At the same time, two light spots slowly descended from the sky and fell into their palms.

The light spots contained unique information that was related to the consciousness of the people without self.

“There’s another universe at the bottom of the void below the Divine Dragon Battlefield?” Mo Wudao was greatly surprised.

She had already searched the Divine Dragon battlefield the last time she went there. If there was another universe, how could she not know about it?

Hiss --

Suddenly, Mo Wudao felt a sharp pain in her palm and could not help but take a light breath.

He looked down and saw that the light spot on his palm had turned into a sinister purple eye.

It was like a mark embedded on the surface of his skin.

“When you arrive at the Divine Dragon battlefield, this eye will lead the way for you.” The voice of the evil loose cultivator faded away.

Su Yu also lowered his head and looked at his palm. There was also an eye mark.

“Get Ready!” Su Yu activated the stone plate and used a spatial storage device to put away the lake that the person without self had turned into.

Since he had recovered his consciousness, it was best to take away the body of the selfless person as well.

Since the evil loose cultivator did not hide it, he naturally had no intention of stopping Su Yu from taking it away.

The two of them waited patiently in front of the stone plate.

However, their emotions were getting more and more nervous every moment.

As the Dragon Emperor approached, the imprints on their chests could not help but roar in a low voice, causing their bodies to involuntarily tense up.

Bang Bang --

In the incomparably quiet world, it was as if only their two hearts were beating.

**“He’s Close!”**Wayless Mo’s breathing suddenly stopped.

The brand on their chests was already starting to heat up, indicating that the Dragon Emperor was outside the East region divine territory.

However, the evil loose cultivator had yet to inform them.

After a short span of three breaths, the brand was no longer hot. Instead, it became extremely hot, causing their dao bodies to start burning.

The Dragon Emperor had stepped into the East region divine territory, just outside the cave abode world!

However, the evil loose cultivator still did not send them a message.

Could it be that the two of them were confronting each other?

Right at this moment, Su Yu suddenly felt that the brand had quieted down. The scorching temperature also dropped a thousand miles and rapidly retreated.

The strange change caused Su Yu to frown slightly. The Dragon Emperor had left?

Suddenly, an intensely undulating line of fate appeared on Su Yu’s chest.

That line was almost broken due to the sheer size of the bully.

At the same time, a sense of danger that made his hair stand on end surged up in his heart.

**“The Dragon Emperor has already come in. Let’s Go!”**Su Yu didn’t wait for the evil loose cultivator’s notice and immediately jumped onto the stone plate that had already been activated.

With a whoosh, a pillar of light rushed out from under the stone plate and instantly engulfed the two of them.

Almost at this moment, a huge dragon claw that was comparable to the sky of the entire cave abode world suddenly stomped down without any warning, crushing the stone plate into pieces.

Even the light pillar was crushed into powder.

After a while, the Dragon Claw was raised.

A withered old man in a yellow robe with a hunched back appeared in front of the shattered stone plate.

He held a walking stick in his left hand, and a corpse was pierced through his right hand.

That corpse was none other than... the evil loose cultivator!

The face of the evil loose cultivator was filled with disbelief before he died. He had a dumbfounded expression and appeared extremely shocked.

The number one expert of the Eastern Region, Xie Wanderer, was killed instantly without even being able to block a single move from the Dragon Emperor!

The 1,000 great venerable realm puppets that he relied on died for no reason before they could even be put to use.

“I never went back on my words. I said that I would kill all of you within three years and I will not spare any more of you,” the Dragon Emperor said indifferently.

Two strange rays of light shot out from his eyes and the broken stone plate was glued back together and restored to its original state!

After that, the Dragon Emperor activated the stone plate and prepared to enter.

Who would have thought that the 1,000 great venerable realm half-life puppets underground would all move on their own and leave the underground one after another, taking the initiative to attack the Dragon Emperor.

The Dragon Emperor raised his eyebrows slightly. “An order issued before death? That’s a small problem.”

Sighing, the Dragon Emperor turned around and walked towards the puppets that filled the sky.

He did not use any moves and merely walked over casually. However, with every step he took, a grandmaster puppet would break into pieces.

It was not until the intermediate stage of the Grandmaster realm that he needed to move his fingers slightly.

Even so, there were too many half-life puppets and it was impossible to kill them all in a short period of time.

The Dragon Emperor was extremely patient. He maintained a calm expression and destroyed one puppet after another.

On the other side.

Su Yu and Mo Wudao successfully used the stone plate to leave at the critical moment.

This leap took the entire eastern region.

When they reappeared, they actually appeared in the sky above the divine dragon battlefield with great precision.

Su Yu felt dizzy. When he regained his senses and saw the scene before him clearly, he was secretly surprised at the power of the stone plate.

It was really unbelievable that they could still locate the stone plate so accurately despite crossing such a long distance.

“Find the consciousness of the so-called selfless person immediately and use the selfless person to dissolve the brand,” Mo Wudao said anxiously.

The two of them opened their palms at the same time. The purple eyes shot out a ray of purple evil light and pointed in the direction.

All the Bone Dragons in the Divine Dragon battlefield had been taken away by Mo Wudao. All that was left was a huge golden dragon scale.

That should have been left behind by the previous Dragon Emperor.

This place was completely empty. Where was the consciousness of someone who had no self?

However, the purple gaze was directed at the Golden Dragon Scale. Su Yu had no choice but to approach it and observe it carefully.

There was still nothing special about the dragon scale as far as his eyes could see.

As time passed, the dragon scale had long lost the pressure of the Dragon Emperor and became extremely pale.

However, the purple light that pointed out this place definitely had a purpose.

Su Yu's heart moved. He activated the dragon bloodline in his body and touched it with his hand.

In the end, the dragon scale suddenly shone brightly.

A spatial door that only allowed one person to pass through appeared on the dragon scale very cleverly.

"A dragon scale that formed its own world?" Mo Wudao said in surprise, "Could this be a reverse scale of the Dragon Emperor?"

Although the previous dragon emperor's cultivation was not high, the most important scale on his entire body was the reverse scale. It had often been refined into a cave world.

Before this, Mo Wudao had never thought about the uniqueness of this dragon scale.

Without giving it much thought, Su Yu leaped into it.

What he saw was a boundless grassland.

The sky was blue, the grass was green, and the wind was warm.

The scenery was picturesque, and the environment was tranquil and otherworldly.

It was hard to imagine why the Dragon Emperor would waste a reverse scale to open up such a useless spatial cave abode.

The two landed and stepped on the grassland.

Crackle --

A light thunder suddenly came from under Su Yu's feet.

Looking down, it turned out that the seemingly ordinary grassland had a profound meaning.

Every blade of grass was filled with a trace of lightning.

The grassland here was more than a trillion?

With so much lightning, once it was triggered, all the powerhouses below the heaven tier would be turned into ashes.

## Chapter 2420 Desperate Escape

With the low cultivation level of the dragon emperor at that time, he had obviously spent a lot of effort to set up such a space cave world.

“Hurry up and find someone?” Mo Wudao felt a little tightness in his chest.

As a member of the demonic path, Thunder was a masculine thing that restrained them, so it naturally made him uncomfortable.

Su Yu looked around and suddenly looked in a direction.

At the end of the grassland, there was a stone mountain.

There was actually a small wooden house on the mountain.

With a tap of his toes, he quickly flashed over and stood in front of the wooden house.

The courtyard of the wooden house was planted with neatly arranged flowers and plants. They were all unusually neat and tidy.

The courtyard was also spotless and exceptionally clean.

And a young man dressed in green clothes with neatly combed hair was bending down to water the flowers and plants.

The arrival of Su Yu and the others set off a strong wind that blew the flowers and plants in the garden into the air.

The young man’s ink-black hair was also blown into a mess.

He turned around and tidied his hair. He stared at the two strangers in front of him in astonishment.

“Who are you?” The young man asked.

Su Yu and wayless devil were sizing up the young man.

The young man had delicate features and a jade-like face. He was exceptionally handsome.

There was no trace of age on his face. He looked like he was only twenty years old. His entire body exuded an innocence that did not know the affairs of the world.

“Who are you?” Su Yu asked back.

The young man was as gentle as jade. Even though he was stunned, he did not lose his manners and bowed. “I also want to know who I am, where I came from, and why I am here.”

Upon hearing this, Su Yu and pathless mo looked at each other.

They thought of two words at the same time.

No self!

No Self, no heaven, no Earth. There was only one consciousness that suppressed the evil reverent cemetery.

The possibility that this young man was a person without self was very high.

“How many years have you been here?” Su Yu asked.

The young man shook his head. “I can’t remember. There is no time, no night, only the never-fading day.”

As he spoke, he curiously sized up Su Yu and Mo Wudao. “How did you guys get here? I’ve tried to walk through this grassland, but I’ve never been able to get out.”

Su Yu stared at the other party for a while and said, “I can answer these questions later. Now, please cooperate with me on one thing.”

He took out a puddle of water formed by the selfless person and said, “Do you have anything to say about this thing?”

Unexpectedly, as soon as he took it out, the young man’s eyes could no longer leave the puddle of water.

His eyes could not help but shed tears as he muttered, “Strange, why Am I crying? It seems to be something that I’ve been missing for many years?”

Su Yu and Mo Wudao’s hearts shook at the same time.

It was not far from the truth. The young man in front of them should be the consciousness of the selfless person.

For some reason, it was trapped in the reverse scale of the Dragon Emperor. Over the long years, it gradually gained sentience, flesh and blood, and became a mortal.

Time was tight, and Su Yu had no time to explain more. He said, “You may be in a little pain next, but don’t worry, this is for your own good.”

As he spoke, his palm gently covered the top of the young man’s head.

After a burst of intense pain, the young man’s body collapsed to the ground, and his soul was completely extracted by Su Yu.

“Whether you are the consciousness of a selfless person, we will know at a glance.” Su Yu fused his soul into this lake.

If he was really the consciousness of a selfless person, it would be very easy for him to refuse with his own body.

If not, it would be very difficult.

Su Yu and Mo Wudao stared at his soul, extremely nervous.

If he wasn’t, they would have no way to escape.

However, what made the two overjoyed was that their souls had fused smoothly!

After the young man’s soul fused into the scattered lake, it immediately condensed into a transparent human form.

“Success!” Mo Wudao’s eyes couldn’t help but flicker.

However, the power of the profound dao that he imagined didn’t come out from his body.

“Is something wrong?” Mo Wudao was puzzled.

Su Yu narrowed his eyes and said slowly, “Wait a little longer.”

After the time it takes for an incense stick to burn.

The person who had no self finally opened his eyes. His eyes were pure and clear. It was the gaze of the young man just now.

“So, I’m the person who had no self who suppressed the wicked sovereign cemetery in the eastern region.” The young man muttered, “Back then, the current Dragon Emperor plotted to seize power and set up an ambush here, attracting the previous Dragon Emperor and the others here. The ambush suppressed them and killed all of them. I was dragged into it by coincidence, and my consciousness was knocked out of my body and accidentally fell into this spatial cave abode. This trap will last for hundreds of millions of years!”

Perhaps Mo Wudao did not understand the meaning of the ambush.

However, Su Yu instantly understood.

Could it be that the creator dragon stole the “Dragon Abyss Treasure Scroll” back then was actually designed by the current Dragon Emperor in order to lure the Dragon Emperor and the other important elders of the dragon race to ambush and kill them.

Only then could he successfully seize the throne.

However, how could someone who had no self in the eastern region be involved in the scene of the Dragon Race’s conflict in the distant southern region?

Su Yu’s eyes flashed.

Mo Wudao did not care about the cause and effect. She only cared about removing the brand.

“Since you have no self, why don’t you have any Xuan Dao Power?”

She had a bad feeling.

The person who had no self said, “My consciousness has left my body for many years. I need some time to fuse with it.”

“How long will it take?” Mo Wudao’s heart sank.

The selfless man tied up two fingers. “Two months.”

Two months?

It was easier said than done.

Before they left, the Dragon Emperor had already barged into the cave abode world of the stone plate. There was a high chance that he would get the stone plate.

If they thought about their original plan, it was absolutely impossible to stall the other party for two months.

Even if it was two months, it would still be difficult.

However, they had no other choice.

“Alright, you can come with us,” wayless Mo said decisively. He could only flee while buying time for the people without me.

Su Yu and wayless Mo did not stop. They immediately brought the people without me out of the scaled space.

Before they left, Su Yu looked back at the green grass on the ground with a meaningful look.

Soon, the three of them appeared above the Divine Dragon Battlefield. They looked around but did not know where to go.

“Let’s go back to the northern region. I know a few ancient teleportation arrays. They might be able to delay us for a while,” Mo Wudao said.

As the number one demonic cultivator in the northern region, she was more familiar with the northern region than anyone else.

“Okay!” Su Yu agreed.

Soon, the three of them turned around and headed towards the northern domain.

One month later.

At the border of the northern domain.

The northern domain was as vast as the eastern, western, and southern domains.

To traverse the northern domain, even great venerables would need several years.

However, at this moment, they stopped in front of an ancient cave that was buried underground.

In the ancient cave, there was a teleportation array left behind from an unknown era. The runes carved on the array were 70% similar to the runes on the stone plate.

“This is an imitation stone plate. It should have been left behind by the unparalleled mighty figure in the early years of the new age. After I discovered it, I spent a lot of time repairing it. I can barely use it once.” Wayless mo pointed with his finger and activated it.
