

Nine-Dragon 2421

Chapter 2421 Beyond Recognition

At this very moment, the brand on their chests suddenly began to float again.

“So Fast!” Mo Wudao’s expression changed.

The Dragon Emperor had already appeared near the Northern Region!

Without further ADO, the two immediately jumped up and activated the stone plate.

After a long distance teleportation, they appeared in front of a snowy peak in the middle of the northern region.

This time, they had crossed one-tenth of the northern region.

However, the brand on their bodies was still faintly floating, indicating that the dragon emperor was speeding towards this place at an unimaginable speed.

“Hurry to the next ancient teleportation formation immediately.” As Mo Wudao spoke, he destroyed the ancient teleportation formation behind him to prevent the dragon emperor from catching up through the ancient teleportation formation.

The three of them continued their journey in a frenzy.

Five days later.

The three of them opened the ancient teleportation formation hidden under the bottomless abyss and guarded by many ferocious beasts once again.

At this moment, the marks on their bodies were already starting to heat up slightly.

This meant that the dragon emperor was about to catch up to them.

He would catch up to them completely in less than two hours at most.

“How much longer do you need?” Mo Wudao asked as his face sank into the water.

The person without self was neither too fast nor too slow. “Twenty-five days.”

Twenty-five days to Mo Wudao was just a snap of the fingers.

But at this moment, it seemed to be incomparably long.

“Let’s Go!” They had no choice but to fight.

Once they boarded the ancient teleportation formation, they once again teleported a tenth of the distance forward.

After that, they immediately rushed to the next ancient formation.

This repeated.

A whole month and twenty days.

They once again narrowly escaped from the Dragon Emperor's palm. This time, their bodies were already burning, indicating that the dragon emperor was close at hand.

Even at this moment, the brand on their chests was also fluctuating violently.

But this was not the worst.

The worst thing was that the one they used before was already the last ancient teleportation formation.

Most of the ancient teleportation formations passed down in the early years of the new age had already been destroyed. Mo Wudao being able to repair five of them was already pretty good, and he could not ask for more.

"Su Yu, if you only have one day left to live, what would you want to Do?" Mo Wudao said tiredly.

What was tiring was not only the two months of running for his life, but the three years of fear and trepidation. It was more of a hopeless attempt to survive.

Su Yu did not say a word and continued to run forward, he said, "If there is only one day left, I will use ninety-nine percent of my time to extend this day. If I really can't extend it, I will use the last bit of time to perish together with the enemy."

There was always a huge hidden danger in his body.

That was the eye of Taotie.

If it really came to the moment of certain death, he wouldn't mind opening the eye of Taotie and swallowing the enemy.

Although he himself couldn't seal the eye of Taotie anymore, he would continue to grow and eventually swallow himself.

However, to be able to perish together with the enemy, everything was worth it.

Mo Wudao was stunned and encouraged again.

Even a junior had such a strong desire to survive, let alone an old monster like her who had lived for many years?

"Okay, I'll go all out this time!" Mo Wudao gritted his teeth and crazily poured his demonic qi into Su Yu's body. "Take my cultivation!"

Instantly, Su Yu borrowed Mo Wudao's cultivation to reach the middle stage of the Grandmaster realm.

With such a realm, how could the physique of the intermediate stage of the heaven tier be compared to flying?

Their speed instantly increased by three times.

However, the brand on their bodies did not weaken much because of this. It only slowed down and intensified.

Even if Su Yu's cultivation increased, he was only at the intermediate stage of the Grandmaster realm.

The Dragon Emperor was an existence at the level of Xuan Dao Master. How could he be faster than him?

Moreover, Su Yu could only hold on for ten breaths at most!

However, it was already very good that it could be alleviated.

If they could drag on for ten days and wait for the people without me to recover their realms, everything would be solved after they dissolved the brand.

Five days later.

Su Yu and Mo Wudao's chests were already burning hot.

The Dragon Emperor was already very close to them.

Their hearts slowly sank.

There were only five days left. They might not be able to hold on for much longer.

Two days later.

They already felt an extreme burning pain in their bodies.

It was only a matter of time before the Dragon Emperor caught up to them.

Finally, one day later.

An aura that caused all living things in the world and even the galaxy and universe to tremble enveloped over.

Mo Wudao's eyes were filled with despair.

It was over!

However, suddenly, Mo Wudao lowered his head and looked at the terrain in all directions. A trace of joy appeared on his face as he said, "We are temporarily saved. Hurry up and get down."

Upon hearing this, Su Yu immediately flew down to the ground.

A flowing pitch-black river could be seen flowing in the middle of the northern region, passing through half of the northern region's Milky Way.

"It's the Mo 'Er River, the outer region's Mo 'Er River." Wayless Mo's face revealed a trace of joy. "The demonic qi inside is extremely dense. It can temporarily block off the fluctuations of the brand."

Perhaps it wouldn't be able to block it for too long, but if it persisted for one or two days, it might succeed.

Su Yu did not dare to hesitate after hearing this. He immediately jumped into the Demon River and walked against it.

After a short while.

Su Yu and the others suddenly felt their entire bodies sinking, as if there was something pressing on them.

The entire demon river undulated, raising huge waves.

The brand on their chests turned into raging flames, burning the two of them.

The Dragon Emperor had already arrived, right above their heads.

Su Yu and Mo Wudao stopped their actions and lurked at the bottom of the Demon River without moving.

Above the Demon River, the Dragon Emperor, who was dressed in imperial robes, stood calmly above the demon river, looking down at it.

Wherever his gaze passed, the Demon River would tremble violently.

“Come out,” the Dragon Emperor said softly, and the nine-five Dragon Emperor Qi around him turned into a dragon claw that reached up to the sky, slashing down with one claw.

The Demon River was cut off in an instant.

However, the Demon River was long and wide enough. If one wanted to grab Su Yu and the others, it was no different from grabbing a grain of gold in a handful of sand.

The Dragon Emperor was exceptionally patient. If he failed to grab them, he would immediately grab them again and again in the Demon River.

Su Yu and Mo Wudao’s hearts were in their throats. The aura around them was completely restrained.

Plop ——

Suddenly, the dragon claw brushed past them thirty feet away.

The powerful dragon power carried by the Dragon Claw was wreaking havoc and destroying everything around it.

The slightest touch would definitely kill one’s body and soul.

What was even more unfortunate was that one of the dragon power splashed in the direction of Mo Wudao.

Not only was she injured, but she also didn’t dare to recklessly use the power of the demonic path. Otherwise, she would be immediately discovered by the Dragon Emperor.

If she were to take a hit like this, she would definitely die.

At the critical moment, Su Yu turned around and shifted her to the front while he used his chest to withstand the fierce dragon power.

He had the bloodline of the Dragon Clan, so he was immune to the dragon power. He might not die.

Puff --

With the dragon power in his body, most of the dragon power was dissolved by the dragon blood in his body. However, he was not a pure dragon after all. He could not absorb the excess dragon power, so he started to wreak havoc in his body.

First, his internal organs were shattered.

Then, his bones were broken inch by inch. Finally, his flesh and blood were shattered.

In the blink of an eye, he turned into a bloodied man who was beyond recognition.

Chapter 2422 Last Stand

An incomparable pain reverberated in his body.

However, not only could Su Yu not heal the pain, he had to endure it and not make a sound.

He clenched his teeth tightly and did not make a sound.

Because of the pain, his teeth were almost crushed. His already festering face was also bleeding because it was too tense.

Mo Wudao looked at Su Yu in a daze, unable to believe what had just happened.

Only when she regained her senses did she hurriedly send a voice transmission, "Why did you do this?"

Her heart was surging with emotions.

Su Yu forced herself to remain calm, "If you can accompany me to the Forbidden Forest, I'll take a hit for you. Let's call it even."

Mo Wudao looked at Su Yu, and her heart felt warm.

She had controlled the northern region and become the king of the northern region that everyone feared. It had been too long since she had cared about her feelings. All she cared about was her illusory immortality.

She had never thought that one day, she would be moved by someone.

"Silly, I haven't even gone yet. You've already thrown your life away." Mo Wudao's gaze was gentle.

Su Yu chuckled and couldn't say another word. He tried his best to suppress the bursting pain in his body.

A Day passed by quickly, but to Su Yu, it was like a year.

Every moment was a hellish torture for Su Yu.

Several times, he almost fainted, but he still gritted his teeth and held on.

"There's only one day left, I can hold on." Su Yu gritted his teeth and said.

There was only one day left.

Once the people without self recovered, they could completely dissolve the brand. From then on, the world was vast, why should they fear the Dragon Emperor?

The last day was even more difficult to endure.

Perhaps the three-year period was coming, and the Dragon Emperor was about to go back on his word before he killed Su Yu and the others.

Therefore, he attacked even more frequently.

He pushed the nine-five Dragon Emperor Qi to the extreme, and ten dragon claws of the same size clawed at him at the same time.

Several times, they were almost caught, but they narrowly avoided it.

However, if this continued, it was only a matter of time before they were caught.

Time slowly passed.

The people without self had already recovered to the final stage, and were about to succeed.

The Ten Dragon Claws also searched for a long time but to no avail. They turned towards the distance.

Mo Wudao's eyes lit up with excitement. They were saved!

However, at this moment, no one had expected that one of the dragon claws would suddenly claw towards their location.

The center of the Dragon Claw was aimed at them.

This claw caused the surrounding Devil River to sink. Su Yu's body, which was already riddled with holes, was unable to withstand it and was immediately crushed into pieces. It was on the verge of completely shattering.

Mo Wudao's eyes dimmed. That Spark of hope seemed to have been splashed by cold water. It was as if it had turned into ashes.

However, when he glanced at Su Yu, something else appeared in Mo Wudao's eyes. He suddenly bent down, he softly sighed beside Su Yu's ear, "I'm sorry. Perhaps, I'll have to break my first oath in life. I Can't go to the Forbidden Forest. I wish you good luck..."

As she spoke, she chanted an incantation silently and actually released a dense demonic aura.

Her body that was connected to Su Yu's suddenly separated.

Looking deeply at Su Yu, wayless Mo smiled in relief. "Life doesn't matter how long it is. Three years of Knowing You is equivalent to thirty million years of my life. I'm already satisfied. Goodbye!"

With that, he charged towards the dragon claw that was clawing down.

At the same time, he pushed Su Yu and wayless away from the range of the Dragon Claw with one finger.

No!

Su Yu roared in his heart. He wanted to go forward and stop him, but his heavily injured body was simply unable to do so.

He could only watch helplessly as wayless Mo's tiny body was ruthlessly grabbed by the Dragon Claw and then swiftly pulled out of the Devil River.

This dragon claw grabbed onto a person, and the other nine dragon claws flew over one after another, tightly grabbing onto wayless Mo, making it impossible for him to escape.

The Dragon Emperor, who had been chasing after wayless Mo for three years, had a sharp glint in his old eyes. He took a step forward and said hoarsely, "I've finally caught one."

As soon as he finished speaking, five dragon claws were pulled out, and they continuously clawed at the place where wayless Mo was held.

However, because Su Yu and the other two had already been pushed out of this place, they did not catch anyone.

The Dragon Emperor slowly retracted his dragon claws and said hoarsely, "Forget it, I'll deal with you first. I don't have much time left, so I need to borrow you for a while."

He leaned on his walking stick and drew a huge array formation with himself as the center.

For this, he did not hesitate to waste his precious dragon emperor blood essence to draw runes.

When the array formation was completed, a rune that Su Yu was slightly familiar with came into view.

"This is the life-stealing eternal life technique from the 'Dragon Abyss Treasured Scroll'!" Su Yu's pupils constricted.

The creator Dragon had once shown him the contents of the 'Dragon Abyss Treasured Scroll', and there was a life-stealing eternal life technique in it.

As long as one cultivated the Dragon Abyss Treasure Scroll to the depths, they would be able to successfully use it.

The only use of this technique was to steal one's lifespan.

Su Yu suddenly realized that the Dragon Emperor must have also cultivated the forbidden technique of the ancestral dragon's nirvana.

However, the reason why his lifespan was not reduced to death was because he had been stealing the lives of others to replenish his own lifespan.

"How much longer do you need?" Su Yu suddenly turned around and looked at the selfless person.

"Now!" The selfless person said with an indifferent expression.

Su Yu looked at the array that was about to be completed and gritted his teeth. "Forget it, I don't need you anymore!"

A huge amount of life force surged out of his body and quickly restored his broken body.

The selfless person was shocked. "You're crazy. Mo Wudao sacrificed himself to give you this opportunity. If you treat your injuries rashly, won't you be discovered immediately?"

Su Yu's body recovered as he silently took out the ancestral dragon feather.

His expression was indescribably solemn and solemn, "I, Su Yu, have never needed a woman to sacrifice herself to save me in my life!"

Rather than live on, it was better to die standing.

Shua --

The last drop of insect ancestor's blood essence was injected into the ancestral dragon feather and it was instantly activated.

The ancestral dragon feather created a trajectory in the sky and flew past the nine-five Dragon Emperor Qi in the sky.

The sharp trajectory easily cut through the five dragon claws.

Su Yu reached out with both hands and grabbed wayless mo. then, he used the ancestral dragon feather to quickly fly away.

"Humph!"

However, a heavy and unusually muffled sound, like thunder, exploded deep in Su Yu's head.

The ancestral dragon feather on his back suddenly trembled and lost the ability to fly.

Su Yu, along with his wings, quickly fell down.

The crossing of a region had failed!

Su Yu quickly stabilized his figure and stared at the mysterious dragon text in the Dragon Emperor's hand. His heart was unusually calm.

Because this scene was not unexpected.

He could use the ancestral dragon feather to escape from the Dragon Emperor's avatar once, but he might not be able to escape from the Dragon Emperor's hands again.

"I've been watching out for you."The dragon emperor calmly sized up Su Yu and the ancestral dragon feather on his back.

Su Yu pulled Mo Wudao, who was trembling all over, tightly and stared coldly at the Dragon Emperor.

Not only was he not afraid, an inexplicable fighting spirit rose up in him instead.

Even if the person in front of him was the extremely terrifying Dao Master Xuan!

"I've said before that I'll take your lives within three years. I'll never go back on my words."The Dragon Emperor said calmly with his hands behind his back.

Today was the last day of three years.

Su Yu took out the heaven-destroying staff and gently stroked it. He said unhurriedly, "Many people have said this, but they are all dead! You are no exception!"

A hint of madness flowed in his eyes.

For the first time in many years, the ice crystal crown on his head slowly rotated away from his head.

Chapter 2423 Subdue The Dragon Emperor

A black eye that had been sealed for a hundred years slowly appeared.

That was the eye of Taotie.

Once it was opened, it would never be able to be re-sealed again.

It would lose control and endlessly devour everything within its sight.

The Sky, the Earth, the Sun, the Moon, the stars, the galaxy, the universe... Everything would be devoured.

Until it had nothing to devour, even the host himself.

Su Yu didn't want to use the eye of Taotie, but he also didn't want his enemy to succeed.

The Dragon Emperor, whose eyes were only half-opened and had a calm expression for ten thousand years, suddenly had a drastic change in expression. He crazily ran back and cried out in shock, "Eye of Taotie? You... Where did you come from?"

He couldn't hide the deep fear and panic in his heart.

Even with his current cultivation level, he would still be instantly devoured by the eye of Taotie, which could devour anything.

"You go down first. I'll tell you later," Su Yu shouted in a low voice.

The Ice Crystal Crown on his head sped up and he was about to release the eye of Taotie completely.

The Dragon Emperor's heart trembled and he struggled violently in his heart. He was hesitating whether to escape or stay.

"I don't believe that you dare to open the eye of Taotie." The Dragon Emperor coldly shouted as his eyes calmed down.

The eye of Taotie was indeed terrifying, but if he tried his best to escape, there was still time.

On the contrary, once Su Yu opened it, he would definitely die.

"You're right, I really don't dare." What surprised the dragon emperor was that Su Yu suddenly pressed down on the ice crystal crown and suppressed the eye of Taotie.

A raging consciousness rushed into Su Yu's mind.

It was the cold consciousness of the eye of Taotie, which felt that it was about to escape.

"What I want to give you is another great gift." Su Yu's right hand flashed and pulled out a dragon-shaped longsword.

Looking at the sword, the Dragon Emperor's pupils constricted, and a great joy appeared on his face. "The sacred sword passed down by the royal family of the Dragon Clan, the Royal Longzun Sword?"

The Royal Longzun sword was the keepsake of the previous Dragon Emperors.

Without this sword, the name would not be justified.

The Dragon Emperor had ruled the Dragon clan for many years, but he lacked this sword.

On the surface, he suppressed the dragon clan with absolute force, but in reality, very few people respected him.

The reason was that there was no Royal Longzun Sword.

For many years, he had been looking for the Royal Longzun sword that the dragon emperor carried with him, but there was no sign of it.

He thought that it had disappeared with the Dragon Emperor's death.

He did not expect it to appear on the tiny human before him.

"Human, you have given me too many surprises!" First, it was the ancestral dragon's feather, and then it was the Royal Longzun Sword, the Holy Relic of the Dragon Clan's inheritance.

To the Dragon Emperor, this was simply a gift that was delivered to his door.

"Dragon Emperor, seeing this sword is like meeting the Emperor of dragons. Why don't you quickly kneel down?" Su Yu held the Royal Longzun Sword and said solemnly.

He didn't really intend to use the eye of Taotie to perish together with the Dragon Emperor. Instead, he used it as a threat to make the dragon emperor refrain from taking action.

The real trump card was the Royal Longzun Sword!

The Dragon Emperor laughed hoarsely, and there was no lack of contempt in his laughter. "Rumor has it that if you control the Royal Longzun Sword, you can command the Dragon Clan. No dragon dares to disobey you! This rumor is true, but only half of it is true."

"The other half is that you need to master the secret technique of the Dragon Clan's inheritance, the nine-five sovereign technique!" The Dragon Emperor laughed out loud. "I regret to tell you that the nine-five sovereign technique was cut off several generations ago by the Dragon Emperor. No one knows where this technique is."

"What's the use of having the Royal Longzun Sword? It's just a slightly tougher magic treasure." The Dragon Emperor laughed out loud. "Su Yu, put down the royal longzun sword and the Ancestral Dragon Yiyu. I can be merciful and spare your dog life. Otherwise, I will make you regret coming to this world."

Under the intense gaze, Su Yu's eyes became calm.

It was like a Cold Lake in late autumn. It was calm and profound.

“Who told you that I don’t have the ‘nine-five supreme technique’?” Su Yu touched the royal longzun sword and said slowly.

The Dragon Emperor smiled and shook his head. “Human, don’t scare me. If I say you don’t have it, then you don’t have it.”

“Is that so? Then take a look. Is this the nine-five supreme technique?” After Su Yu finished speaking, he opened his mouth and chanted an extremely ancient dragon incantation.

Nine different dragon roars were emitted from the Royal Longzun Sword.

At the same time, nine dragon breaths of different colors flew out from the Royal Longzun sword and curled around Su Yu’s body, forming a dragon-shaped throne.

Su Yu held the hilt of the sword and stabbed it into the ground. He sat on the throne and looked down at the Dragon Emperor, whose face gradually turned serious and even distorted.

“Kneel!” Su Yu ordered indifferently.

The Yellow Robe of the Dragon Emperor shook as he roared, “I am the current Dragon Emperor, the Supreme Dragon of the Dragon Race. I will not kneel to anyone...”

However, from the Royal Longzun Sword, an extremely powerful dragon aura that had been passed down for thousands of generations suddenly radiated out.

Under that Aura, all the Dragons submitted from the bottom of their hearts.

Even though the Dragon Emperor was powerful, he was still only a member of the dragon race.

Under the aura of the dragon, the Dragon Emperor’s eyes struggled violently. The muscles on his cheeks were like balloons, expanding and contracting at times.

The dragon body was trembling non-stop.

His already stooped body became even more stooped, and he was about to kneel down.

“! No! Kneel!” The Dragon Emperor gritted his teeth and said these three words.

How could he be willing?

He had painstakingly planned to become the Dragon Emperor, but he had to submit to a sword and a human.

Roar --

With a huge dragon roar that shook the world, the Dragon Emperor transformed into a hundred thousand feet tall golden dragon to resist the endless dragon’s might.

However, even if he transformed into a dragon, he was still unable to resist the dragon’s might.

The huge dragon’s body continued to roll and slowly fell back to the ground.

Its haughty head also sank bit by bit under the Endless Dragon’s might.

“Su Yu! I am the Supreme Dragon of the dragon race. I will never submit to you human ants...”

Su Yu turned a deaf ear and raised the Royal Longzun Sword. He stabbed it into the ground and shouted sternly, “Kneel!”

As if sensing its master’s will, the royal longzun sword erupted with even more intense dragon’s might.

Plop --

Under such dragon power, the Dragon Emperor finally couldn’t resist anymore. Its entire head and dragon body instantly fell to the ground.

Its huge head pressed against the ground and let out a dragon roar with difficulty. “You can’t suppress me forever. As long as I can escape, I will crush you into pieces and never reincarnate...”

Su Yu sneered, pulled out his sword and stood in front of the Dragon Emperor’s huge head.

“You’ve underestimated the Royal Longzun sword and overestimated yourself.” Su Yu said indifferently. “Whether you submit or not doesn’t depend on me.”

After he finished speaking, he stabbed the sword into the dragon emperor’s forehead.

As a Xuan Dao Master Level Dragon Emperor, his body should be invincible and his dao artifacts shouldn’t be able to break it.

However, the royal longzun sword easily stabbed into it.

A great power of deterrence crazily surged into the Dragon Emperor’s soul from the Royal Longzun Sword.

His will to resist was wiped out under that deterrence.

His huge dragon eyes were full of pain and resistance.

However, everything was in vain under the Royal Longzun Sword.

One Breath, two breaths, three breaths!

One Cup of tea, two cups of tea, three cups of tea..

After half a day, there was no longer any arrogance in the Dragon Emperor’s eyes. All that was left was his absolute submission to Su Yu... to be exact, to the Royal Longzun Sword.

PFFT --

Su Yu pulled out the Royal Longzun sword and said indifferently, “Dragon Emperor, do you submit to me?”

The Dragon Emperor lowered his head and said piously, “I will submit to you with my life and trust you, Dragon Emperor, and never betray you.”

Hearing this, Su Yu withdrew the Royal Longzun Sword. Just as he breathed a sigh of relief, a heart-wrenching pain came from his waist.

He turned his head and saw that it was Mo Wudao. His face was full of anger. "You clearly have such a powerful method, why didn't you take it out earlier?"

If they had known that they could take back the dragon emperor so easily, what was the point of their desperate escape this time? How laughable was the three-year warning?

She simply did not understand what was wrong with Su Yu. Why did he have to wait until the last moment to use his trump card.

Su Yu picked up the Royal Longzun Sword and shook his head. "How can I be sure that the Royal Longzun Sword will definitely make the Dragon Emperor submit? Unless it's the last moment, of course I won't try to hit a rock with an egg."

Hearing this, Mo Wudao felt that it made sense.

That was true.

The Royal Longzun Sword had been lost for many years, and the nine-five sovereign technique had been lost for several generations. and the current dragon emperor was extraordinarily powerful.

Who could guarantee that the royal longzun sword would be able to suppress the Dragon Emperor?

Therefore, this was a trump card that could only be used when there was no other choice.

"Humph, next time, it's best to discuss this with me in advance," Mo Wudao said resentfully. They had walked through the gates of Hell once this time.

At least she had some mental preparation.

"Is there a need for the next time?" Su Yu chuckled and looked at the dragon emperor. "Take back your brand."

The dragon emperor said respectfully, "Yes!"

As he spoke, he slowly raised his dragon head and recited the Dragon Clan's incantation.

However, at this moment, a strong Xuan Dao energy that caused the heaven and earth to lose their color and the galaxy to tumble suddenly flew out from the bottom of the void and instantly pierced through the Dragon Emperor's head.

The Dragon Emperor sensed the danger and roared angrily, using the nine-five dragon Emperor Qi to fight against the Dragon Claw.

However, the Xuan Dao Energy was extremely pure and far superior to the Dragon Emperor.

The nine-five Dragon Emperor Qi around him was pierced through on the spot, and the Dragon Emperor was also blasted into pieces like mud.

The power of Xuan Dao mercilessly penetrated through the Dragon Emperor's head, destroying the soul in his body in an instant.

Within a short breath, the Dragon Emperor was killed without any warning.

The sudden scene also shocked Su Yu and Mo Wudao, and they hurriedly dodged.

When they turned around, the Dragon Emperor was already dead.

A dignified expert of Xuan Dao of a generation actually died just like that?

While the two were bewildered, a gentle and indifferent voice came from the bottom of the void, “Fortunately, I recovered in time.”

A transcendent-looking young man flew out.

It was a transparent selfless person!

A faintly discernible fluorescent light lingered around his body. That fluorescent light was the mystic dao power of a selfless person.

Just One Ray was enough to kill a Mystic Dao Master of the same level, the Dragon Emperor.

The strength of the selfless people was unimaginable.

Mo wudao frowned and said, “Why Are You So Reckless? The Dragon Emperor has already been subdued by us. There’s no need to kill him.”

This was the combat strength of a Xuan Dao Master, and it was also an absolutely loyal combat strength.

After going through the outer regions several times, where could he find a second one?

The result was good. He was killed by the selfless people’s impulsiveness!

Chapter 2424 The Real Enemy

“No!”The selfless man shook his head and said, “You don’t understand. The identity of the current Dragon Emperor is a bit special. It’s impossible to make him submit with just the Royal Longzun Sword. He’s just pretending to submit and waiting for an opportunity to bite you back.”

The selfless man’s realm was very high, so he could naturally see the details that ordinary people didn’t know.

Although Mo Wudao was indignant, he still chose to be skeptical.

“You’re right, but the brand on our bodies will have to be resolved by the Xuan Dao Energy on your body,”Mo Wudao said.

The selfless person nodded. “Of course. You have done me a favor, so I will naturally repay you. Come over.”

He pressed his palms together, and the Xuan Dao energy around him turned into an extraordinarily beautiful ring.

“If you approach the ring, you will be able to absorb a trace of the Xuan Dao Energy and dissolve the brand,”the selfless person said.

Mo Wudao heaved a sigh of relief and walked over with Su Yu.

However, just as they were about to approach the ring, Su Yu grabbed her wrist and pulled her back.

At the same time, Su Yu took a step forward and slashed at the selfless person's head with the Royal Longzun Sword.

“Ah! Su Yu, what are you doing?” Mo Wudao was shocked by Su Yu's outrageous action and wanted to stop him, but it was too late.

Hum --

With the sound of a bell, the Royal Longzun sword was cut three feet away from the selfless man and could no longer be cut down.

Because the selfless man easily caught the tip of the sword with two fingers.

His expression was unusually calm. He tilted his head and narrowed his eyes slightly, as if he was smiling or not. “I don't understand what you mean.”

Su Yu's expression at this moment was solemn, even more so than when he was facing the Dragon Emperor.

“No, you understand, Evil Wanderer,” Su Yu said slowly.

Who? Evil Wanderer?

Mo Wudao widened his eyes, completely unable to understand why Su Yu called the person in front of him evil wanderer.

He was clearly someone who had no self!

“Hahaha...” suddenly, the indifferent-looking evil wanderer flicked his finger and sent Su Yu and his sword flying.

In a casual manner, there was a destructive power that caused Su Yu's body to roll violently. His body cracked and blood splattered everywhere.

The Royal Longzun Sword in his hand seemed to have suffered a great deal of damage as it trembled non-stop.

The throne that was formed instantly collapsed.

“Human, you are indeed extremely intelligent. I have roamed the eastern region all my life and have never seen someone who is as intelligent as you.” The voice was no longer clear and ethereal, but extremely ancient.

Mo Wudao instantly recognized this voice and said in shock, “Evil! Loose! Person! How is this possible?”

That voice was indeed evil loose cultivator!

But How was it possible?

Wasn't the person in front of him someone who had no self?

“Su Yu, what exactly is going on?” Mo Wudao was extremely confused.

Su Yu's expression became more and more serious, and there were even traces of despair. "You and I have been deceived. From the beginning, what we saved was not the consciousness of the person who had no self, but the consciousness of evil loose cultivator."

"Why are there so many Thunderbolts inside the dragon scale space that can restrain evil things? It's to trap an evil thing," Su Yu said in a serious voice.

Pathless Mo had a deep impression of the endless grassland thunderbolts. Even with his great venerate realm cultivation, he felt particularly uncomfortable inside.

If it was a heaven tier evil thing inside, it would definitely be unable to escape.

"You're saying that what we saved was the consciousness of the evil loose cultivator?" Pathless Mo asked in surprise.

If it was evil, there shouldn't be anything more evil than the evil loose cultivator's consciousness in the entire outer realm.

"Yes!" Su Yu gripped the Royal Sovereign Longzun sword tightly.

"Then what about the evil loose cultivator from the East region's divine mansion? Who is he? And who is he?" Pathless Mo was completely puzzled.

Su Yu said, "Is there a need to say it? Of course, he is also a half-life puppet. It's just that, he is only a half-life puppet at the late stage of the great venerate realm."

This..

Pathless Mo only felt that he had fallen into a huge whirlpool, and there were things happening around him that he couldn't believe.

The evil loose cultivator that shook the eastern region was actually... a... Puppet?

"Madame Poison fate once said that tens of thousands of years ago, she and the evil loose cultivator were the same age. Why did the evil loose cultivator become such an old man from a middle-aged man in just tens of thousands of years? "I think the reason is very simple, right? "His lifespan has all been increased to the consciousness trapped in the Golden Dragon Scales. Only in this way can his consciousness not be destroyed and wait to be rescued."

Mo Wudao felt that it was abnormally reasonable after hearing it for the first time.

But then he thought about it and shook his head, "Since he needs to be rescued, why not let that puppet lead a thousand venerated realm puppets to kill him and directly save him from the golden scales? Instead, they want to use us?"

Su Yu looked at the dead body of the Dragon Emperor and his eyes darkened, "The dragon emperor is here and those puppets are just seeking their own death."

"But, why is loose cultivator Xie's consciousness trapped in the golden scales when he's in the Eastern Region? And why is his consciousness able to

naturally fuse into the body of the selfless person?"The two of them had seen it with their own eyes, the young man's consciousness and the selfless person's body had fused perfectly.

Su Yu shook his head. This was the only step he could deduce.

Anything further would involve a conspiracy hundreds of millions of years ago, so it was impossible to deduce.

Clap Clap Clap --

Wanderer Xie clapped his hands and praised endlessly, "To be honest, you really surprised me. With your intelligence, you can completely toy with the entire outer region!"

Obviously, Su Yu's speculation was all correct!

"Seeing that you are so close to the truth, I'll tell you the truth."Xie Wanderer pointed at himself, then he pointed at the dragon emperor, "The selfless person has been suppressing the evil venerable cemetery for years. Over time, the invisible evil energy has eroded and formed evil thoughts."

The selfless person only had one consciousness, and that was to suppress the evil venerable cemetery.

Once an evil thought arose, that person would no longer be a person without self.

"He wanted to be independent, wanted to climb to a higher realm, and get rid of the restrictions of the Mysterious Dao Palace. Therefore, he found me and made a deal with me."The evil loose cultivator sneered. "The content of the deal was that I would obtain the body of a person without self, and from then on, I would become the Mysterious Dao master. And then, it would deceive the world, and its consciousness would leave this body, ruling over the Dragon Clan, and cultivating that forbidden codex, the Dragon Pool Treasure Scroll."

"That's why the two of us hit it off."

"I personally designed it so that the creator Dragon could steal the Dragon Abyss treasured scroll and attract the current generation of experts from the Dragon Emperor's lineage to kill them together with the selfless people."evil loose cultivator slowly said, "The plan was very successful."

"But..."a trace of hatred flashed in evil loose cultivator's eyes. "Along the way, an unparalleled expert who passed by meddled in other people's business and said that there was peace in the heavens and destroyed my dao body as punishment. As for the consciousness of the selfless person, it was split in half by that unparalleled expert."

"Fortunately, that unparalleled expert had urgent matters to attend to and didn't handle it carefully. That gave me and the selfless person a chance to catch our

breath. My soul was captured by the Dragon Emperor and sealed within his dragon scales, enduring the wear and tear of time.”

“As for the consciousness of the selfless person’s two halves, half of it disappeared without a trace. The remaining half occupied the body of a dying divine dragon and cultivated the ‘Dragon Abyss treasured scroll’. In a short period of time, they became Dao Master Xuan.”

“It’s only a matter of time before they surpass the underground Daoist Hall in time.”

“And in order to keep the secret, this dragon Emperor used his great magic power to set up a divine dragon battlefield here, and he would never allow the puppet that I left in the East region divine mansion to save me.”

“Unfortunately, his plan was very good, but he only missed the point. You rented the Royal Longzun sword and even learned the “Nine-five supreme technique”, subduing him and giving me the chance to kill him.”

After hearing the truth from hundreds of millions of years ago, wayless Mo was dumbfounded.

The main culprit was actually the selfless person who had evil thoughts.

Together with the evil loose cultivator, they had created a bloody tragedy.

If it weren’t for the intervention of an unparalleled expert, the two of them would have already achieved their goal.

It was only until today that the evil loose cultivator got what he wanted.

As for the selfless person, he had lost half of his consciousness.

“How is it? Do you have anything else you want to ask?”The evil loose cultivator threw his head back and laughed loudly, as if he was happy to see the light again.

Pathless mo stared at him coldly. “I want to know, what are you going to do after you’ve achieved your wish and obtained the body of the selfless person?”

“Hehe...”the evil loose cultivator laughed evilly and looked around the universe, he clenched his fists. “Since you have such a powerful power, you naturally have to do what you should do! The four regions and the Mysterious Dao Palace must all submit to my feet and use their power to help me step into the next era and become Immortal!”

Zhuang Huai’s intense roar shook the world.

His ambition that he had suppressed for countless years finally exploded.

They had to stay in the same region and survive the great calamity that would destroy the world after seventy years!

“As for you guys...”Xie Wanderer turned to look at Su Yu and Mo Wudao, and his transparent eyes slowly rolled around, a hint of cruelty flashed in his eyes. “Originally, I wanted to kill you guys, but no matter what, you all owe me a great favor!”

“I won’t do such an ungrateful thing,”said the evil loose cultivator.

However, pathless demon and Su Yu weren’t happy at all.

With the evil and cruelty of the evil loose cultivator, would he really let them go?

Obviously, he wouldn’t.

“So, you guys go. How long you can live depends on your luck.”The evil loose cultivator laughed and actually left with his hands behind his back.

Just when Mo Wudao was surprised that Xie Wanderer really let them go, he suddenly felt an intense pain in his chest.

He looked down and saw that the Dragon Emperor’s brand was crazily devouring his body. It turned into waves of destructive flames and burned his body.

Su Yu was the same. He was immediately devoured by the flames.

Their bodies were rapidly destroyed and evaporated in the terrifying flames.

No matter if it was the power of the prehistoric era or the power of the Dao master, they could not extinguish this flame. Even the Order of the royal authority longzun sword could not extinguish this flame.

The two of them were dead for sure!

“Hehe, this brand can actually be transferred to one person. In other words, one of you can live. Whoever lives or dies depends on your choice.”In the depths of the world, the Wicked Laughter of the wicked wanderer came from the depths of Heaven and earth.

He was the one who had ignited the brand.

Otherwise, it would slowly disappear along with the death of the Dragon Emperor.

He deliberately triggered the brand of the two people so that they would make a painful choice before they died.

Who would live and who would die?

Chapter 2425 Could Not Bear It

Mo Wudao’s face was as dark as water. He gritted his teeth and scolded coldly, “Evil Wanderer! !”

She did not die under the Dragon Emperor’s pursuit, but she was going to die tragically in Evil Wanderer’s scheme.

Su Yu's eyes were also very calm.

It was useless to regret now. The most important thing now was to burn the brand on his body.

Who survived, who died?

Pathless mo gradually became silent. After a while, he took a deep breath and said with a bitter smile, "My life was saved by you. I'm returning it to you now."

She pointed at the brand on her chest with her two fingers and tore a crack.

"Come!"

As long as Su Yu's brand was fused into the crack, he would be saved.

Su Yu's eyes were struggling.

His resurrection had never failed, but it did not mean that it would succeed.

This ability was ultimately based on laws.

Su Yu had no confidence that a powerful dao master at the Grandmaster realm like Pathless Mo would be able to recover his life.

"Don't hesitate. Rather than die with us, it's better for you to live." There was a hint of relief in Pathless Mo's eyes. "I no longer have anyone to protect. In my life, I only have myself. But you are different. You still have that friend in the forbidden forest and that girl named Qin Xian 'er, right?"

How could she not sense the excitement in Su Yu when she heard the words "Qin Xian 'er"?

Presumably, that was a very, very important girl to him, right?

Su Yu felt the intense heat coming from all over his body, and a touch of pain deeply echoed in his heart.

He had never feared death, but he was afraid. There was an unbearable weight in his life.

"Wayless Mo, you..." Su Yu shook his head and chose to refuse.

Rather than letting wayless mo take the risk, he might as well die and let wayless Mo have a chance to be reborn.

After he died, he could still try to resurrect the dead, although it might not succeed.

However, as soon as Su Yu finished speaking, he felt a fragrant smell assailing his nose.

In front of his eyes, there was a blur. Wayless mo appeared in front of Su Yu and pressed his head down with a palm.

Endless demonic qi fixed su yu from top to bottom.

"No!" Su Yu realized that something was wrong and wanted to resist, but he couldn't even move a finger.

Wayless Mo's eyes were deep and gentle. He looked at Su Yu as if he was looking at the man he loved deeply many years ago. "I couldn't keep the life of the person I loved, but at least, I could keep you."

The brand on his chest was completely opened.

The two brands approached. The brand on Su Yu's body was indeed being peeled off bit by bit, fusing into the brand on Mo Wudao's chest.

The Flames on his body gradually extinguished, while the flames on Mo Wudao's body grew stronger and stronger, swallowing him bit by bit.

"Su Yu, I really have to apologize this time. I Can't accompany you to the Forbidden Forest." Mo Wudao opened his mouth and spat out a pitch-black pearl that slowly spiraled out from his red lips.

"This is the essence of my life's cultivation. If I hold it in my mouth at a critical moment, you can borrow my cultivation again. It's just one time. Use It carefully."

As soon as he finished speaking, the black bead landed in Su Yu's palm.

In Su Yu's eyes, Mo Wudao's disappearing figure was reflected.

First, it was his body, and finally his face. Like burning paper, it slowly disappeared from his sight.

"I wish you good luck..." Mo Wudao's remaining face said softly.

His eyes were filled with deep wishes.

Until his eyes were swallowed by the fire..

Boom --

The fire soared into the sky and disappeared into the silent void, leaving nothing behind.

Mo Wudao's figure also disappeared along with the fire, falling into the dark galaxy.

As he disappeared, the demonic qi on Su Yu's body gradually dissipated.

He finally regained his mobility.

"Resurrect from the dead!" The moment he could move, Su Yu used resurrect from the dead.

Powerful vitality gathered in his palm and captured the residual aura of Mo Wudao. With it as the center, he rebuilt Mo Wudao's life.

A familiar outline appeared in front of his eyes again.

With just a few moments, wayless Mo. . could be revived again.

However, just as he was remolding his bloodline, a ball of flame suddenly shot out from wayless Mo. . It burned the newly remolded body into ashes.

Su Yu was stunned.

Sure enough... It didn't work!

Crystal tears involuntarily fell from his eyes.

His lips trembled slightly as if he wanted to say something, but he couldn't say anything.

He silently looked up at the sky. Su Yu stood there for a long time.

A great desolation and sorrow surged in his heart like a tidal wave, like wild grass growing wildly..

"Why..."su yu muttered hoarsely, "Why is it like this?"

They had only met by chance and had only known each other for three years.

Why did he use his own death to fulfill Su Yu's life?

With pathless Mo's strength, he could have forcefully cut open Su Yu's brand and fused his brand into Su Yu's body, thus obtaining a new life.

However, she did not do that.

Instead, she flew into the fire and chose death.

A deep and heavy pressure pressed down on Su Yu, making her unable to breathe.

Under the pressure, a bone-deep hatred roared in her heart.

"Evil! Disperse! People!"Su Yu's eyes were red as she coldly roared.

He had gotten everything he wanted!

Su Yu and pathless mo were insignificant in his eyes. Why did he want them to make a life-and-death decision?

Was it just to satisfy that insignificant joke?

"Evil loose!"Su Yu raised his head and his eyes were filled with madness. "I swear that when my eight great domains are opened, I will be the first to sacrifice your head!"

With that, Su Yu turned into a ray of light and shot into the depths of the forbidden forest.

At this moment, he only had one belief.

Kill Evil Wanderer!

Kill him at all costs!

Before he left, Su Yu took the Dragon Emperor's body of death with him.

At that time.

Experts from all over the eastern region continued to head towards the forbidden forest.

They were all outer-realm citizens who had come to participate in the recruitment of eight-star civilizations.

There were representatives from the nine seven-star civilizations of the Western Region, as well as geniuses from the Eastern, northern, and southern regions.

There were also representatives from small-scale civilizations who were not well-known.

Many experts from all over the outer-realm had gathered in the forbidden forest to participate in the recruitment conference that was held once every hundred years.

Because the era was about to end, this recruitment event was especially grand.

Even the venue was abnormal, appearing at the edge of the forbidden forest.

A huge ink cloud slowly approached the edge of the forbidden forest.

Within the ink cloud, there were many familiar faces.

There were the South Pole Immortal Weng and Qin Xian 'er from the South Pole Immortal Palace, the radiant jade from the Glaze Civilization, the masked Destiny's daughter and Xuan Hua Xuan Yin, and Xie Xiaoyue from the nightless imperial kingdom.

In addition, there were the Divine Flame Demoness, the Purple Flame Demoness, the star demoness, Zhan wushuang, and Hanxuan from the spark civilization.

There were also Xia Yi'an, Mie Zheng, and Xue Meng and Feiyu from the seven ultimate civilizations.

Chapter 2426 Recruitment

“Father, I'm afraid there's no hope for us to be recruited by an eight-star civilization this time.” Beside him was his son, Xia Ruchen.

Xia Ruchen stared at the representatives of the nine seven-star civilizations standing at the forefront. His once proud heart had long been crushed to pieces.

Whether it was Xuan Hua, Xuan Yin, Xie Xiaoyue, or the fated daughter, they were all fish-dragon realm existences on par with his father, Xia Yi'an, or even stronger.

Xia Ruchen was not even a firefly compared to them.

This eight-star recruitment competition was destined to be their stage.

“Sigh, after all, he is the favored son of Heaven of the nine seven-star civilizations. Whether it's luck, talent, or acquired resources, they are far from what a declining seven-uniques civilization like us can compare to. Such a gap... is expected,” Xia Yi'an said somewhat dejectedly.

He was well-deserved to be the number one expert in the seven ultimate civilization.

But what was he in the entire Western Region?

He couldn't even be compared to some of the top young people.

One couldn't help but say that this was a great irony.

“Father, I heard that our Western Region is the weakest region in the outer realms. Is that true?”Xia Ruchen asked somewhat disbelievingly.

Ever since he came to the nine great seven-star civilization, Xia Ruchen had heard similar words more than once. There were heaven-defying geniuses appearing in the other three regions.

However, the western region was the only one that didn’t have a prodigy explosion.

However, if a prodigy like Xuan Hua and Xuan Yin couldn’t be counted as a prodigy explosion, then what was?

It was hard to imagine what level the prodigies of the other three regions had reached.

“That’s indeed the case. I heard that in the strongest eastern region, there are even many heaven tier advanced stage prodigies.”

Hiss --

The younger generation of the seven ultimate civilization, including Xia Ruchen, Xue Mengfeiyu, and the others, all gasped.

The Ravenous Wolf King shook his head in disbelief. “In just two hundred years, he has cultivated to the advanced stage of the Heaven Tier. It’s hard to believe that this is true.”

Even someone like him, who had the fate dao bead and could be blessed with heavenly luck at any time, could not cultivate to such an extent.

Xia Yi'an said calmly, “It’s true. Legend has it that in the East region’s divine residence, there is an unparalleled female prodigy named Su Muyu. She indeed has the ultimate strength of the late stage of the heaven tier. Other than that, there are also peerless experts of the early and middle stage of the heaven tier like Tu Yihai and Feng Qingyang.”

After learning that it was true, Xia Ruchen and the others were so shocked that they said something.

In the seven ultimate civilization, they were the top geniuses that everyone looked up to.

However, in the entire western region, they were not on the surface.

In the entire outer region, they did not even have the qualifications to be dust.

Compared to those true geniuses, their existence was simply an insult to the word genius.

“Father, we should not embarrass ourselves in the recruitment of this eight-star civilization, right?”Xia Ruchen forced a smile and backed out.

Xia Yi'an Sighed in his heart but didn’t reply, which was a tacit agreement.

When he received an invitation letter by accident, he had hoped that he could send one or two juniors of the seven ultimate civilizations to the eight-star civilization.

Now, it seemed that it was just his wishful thinking.

In the competition of the great world, the juniors of the seven ultimate civilizations couldn’t stand on the stage at all.

“Just take it as coming out to broaden your knowledge and inspire you to keep pushing forward in the future,” Xia Yi'an said somewhat dejectedly.

The Ravenous Wolf King didn't even have the slightest bit of unwillingness in his heart. He really couldn't feel jealous when facing a proud son of heaven in the advanced stage of the Heaven Tier, instead, he felt somewhat fortunate. “It's not a wasted trip to be able to see this century-old prosperous era. It's just that a certain guy who has disappeared isn't so lucky.”

Everyone's heart jumped, and they all understood who the ravenous Wolf King was talking about.

There was only one person who could make the ravenous wolf king constantly worry and bear a heavy grudge.

Su Ruchu!

“Su Ruchu, it's truly a pity.” Commander extermination let out a long sigh.

He had once entrusted Su Yu to head to the glazed era civilization to deliver a letter to the highly respected Qing Yuan layman.

Unexpectedly, Layman Qing Yuan fell out of favor and was chased out by the monarch Xiao Lifeng.

Otherwise, the people of the seven ultimate civilizations would have been able to rely on layman Qingyuan.

“It's all the fault of that person called Su Yu, causing layman Qingyuan to suffer.” Extermination was full of complaints.

It was precisely because of Su Yu's appearance that layman Qingyuan had angered the monarch.

“Sigh, even the nine great seven star civilizations can't avoid scheming and scheming. That Su Yu is one of the monarch's favorites, and layman Qingyuan was pushed out. He can only blame himself for being inferior to others, and can't blame others.”

“That Su Yu is indeed formidable. I've heard many rumors about him. It's said that he's an expert comparable to Xuan Hua and Xuan Yin. He even participated in the recruitment of the eight-star civilization as a representative of the eternal nightless Imperial Kingdom.”

Xia Ruchen deeply agreed and said respectfully, “That is indeed an existence that we need to look up to.”

He had once heard that the other party's body of lightning had shaken and killed a dao master in the forgetting words realm.

It sounded inconceivable!

Such a genius was not someone he could provoke.

“Speaking of which, Su Ruchu’s surname is Su as well, and they are both humans. However, the difference between the two is really too great.”The greedy wolf king said with resentment.

Xia ruchen scoffed, “What is Su Yu? If he didn’t run quickly and enter the Silver Soul Void Sea, he would have long been stepped into the ground by me. How can such a person be compared to Su Yu?”

“Hehe...”the group of youths laughed.

As they chatted and laughed.

The group of people followed the many experts of the western region to the edge of the forbidden forest.

Before they even got close, the remnant ancient majesty of the forbidden forest caused everyone present to feel different degrees of pressure.

Experts below the dao master level found it difficult to even breathe.

“It’s extremely difficult to recruit here.”As the number one expert of the Western Region, the South Pole Immortal Weng stood at the front.

Staring at the most forbidden place in the eastern region, one couldn’t hide the fear and fear between his brows.

It was said that even a great venerate realm expert wouldn’t be able to escape death.

He was only at the early stage of the great venerate realm. If he entered recklessly, he would die without a doubt.

The Divine Flame Female Devil who was far away from him was frowning.

Ever since Su Yu chased after the dragon race, he and his master, that senior, seemed to have disappeared without a trace.

For many years, the divine flame female devil had been worried about gains and losses.

It was only until today, when the recruitment of the eight-star civilization was about to begin, that the divine flame female devil immediately rushed here.

She hoped to meet Su Yu here.

Unfortunately, the western region was the first to come here, and the representatives of the other three regions had yet to appear.

Hua Hua Hua --

Suddenly, a black wave pounced from the distance.

A huge jet-black stream that was as black as ink rushed across the desolate universe.

It was not a river, but a river formed from countless amounts of demonic qi.

Within the Demonic Qi was a peerless expert from the northern region.

The leader was a ferocious eight-armed creature covered in demonic qi.

He was the second most powerful expert of the demonic path in the northern region, the demonic vajra.

Mo Wudao's whereabouts were unknown, so he became the temporary ruler of the demonic path in the northern region. He led the younger generation of the demonic path here to participate in the recruitment of an eight-star civilization.

"Get lost!" The surging stream arrived at the edge of the Forbidden Forest and did not stop. It rammed the people of the western region into pieces and scattered.

Chapter 2427 Heroes Arrive

The South Pole Immortal Weng shouted loudly and used his great mana to protect the South Pole Immortal Palace and the others.

The Divine Flame Demoness protected her own people.

Under the powerful impact, even the two of them were hit so hard that their qi and blood were tumbling, and their internal organs were in great pain.

If they were already in such a state, how could they be the representatives of Xia Yi'an and other small and medium-sized seven-star civilizations.

Hundreds of people were seriously injured and fainted on the spot, and more than a thousand people were injured to varying degrees.

For a moment, there were many complaints, and anger filled the sky.

"What's the use of coming early? Aren't they just a bunch of frogs at the bottom of a well?" The demon Vajra led the group and stopped in front of the Forbidden Forest, his eight arms crossed in front of his chest, showing undisguised contempt.

Both the South Pole Immortal Weng and the divine flame demoness felt extremely aggrieved.

However, the two of them surprisingly didn't refute him.

That was because they were facing the most overbearing and tyrannical devil cultivators in the foreign lands.

Because they cultivated the devil path all year round, that group of devil cultivators had violent temperaments. They were temperamental and often attacked others.

The most troublesome thing was that they were generally very powerful.

For example, this demon vajra in front of them was known as the second person of the Devil Path. He was a peak expert at the middle stage of the Grandmaster realm.

Even the combined forces of the South Pole Immortal Weng and the Divine Flame Female Devil weren't a match for this person.

How could they dare to argue?

If they didn't agree and the other party wanted to kill them, who could stop them?

"Hehe! Boring!" Demonic Vajra stared at them and realized that they didn't even dare to fart. He turned around in boredom and sized up the forbidden forest.

However, even his eyes were filled with deep respect.

"Forbidden Forest, Hehe, the most ferocious place in the outer realm. I wonder if pathless Mo died there." The Demon King Kong sneered.

The Life Stone tablet that pathless Mo placed in the northern realm shattered, indicating that his life had ended.

To the entire northern realm, this was bad news.

But to the second most powerful demon, the Demon King Kong, this was good news.

If Mo Wudao didn't die, who would be the king?

Right now, he was the new number one figure of the demonic path in the northern region.

At this moment, a loud dragon's roar pierced through the galaxy.

It was deep and powerful, deafening and deafening.

Demon Vajra's expression changed as he turned his head to look in the direction of the southern region.

He saw a hundred dragons rapidly approaching.

The two dragons at the very front, one green and one white, emitted a soul-stirring and powerful aura.

What was even more shocking was that the two giant dragons were surrounded by an aura that could not be captured by the naked eye.

One of the auras was filled with extremely strong winds, while the other was filled with tens of thousands of Thunderbolts.

"95% Qi!" The demon Vajra's eyes revealed traces of fear.

Among the dragon race, only the great venerate realm dragons could cultivate 95% qi.

In the entire dragon race, there were a total of four great venerate realm dragons.

The first was the Dragon Emperor.

The other three were the protectors of the three great dragon races, including Long Taiji.

The two giant dragons in front of them were in the middle stage of the Great Zun realm, not inferior to the Demon King Kong.

Regardless of whether it was the western region or the northern region, the Devil Dao people all consciously made way for the 100 Dragons to pass through them and reach the edge of the forbidden forest.

Although there were not many of them, they represented the dragon race.

One Green and one white dragons transformed into two human figures.

The Green Dragon was male, and the white dragon was female.

The man was tall and sturdy, and he looked dignified. He looked around and said, "You're early."

The woman's expression was cold, and lightning flashed in her eyes. "There aren't any outstanding people in the western and northern regions this time."

The demon Vajra sneered indignantly. "Your southern region has a lone emperor who is known as the number one person in the outer regions. It's a pity that he died tragically. Otherwise, we would have been able to experience his glory."

The White Dragon's eyes suddenly turned cold as a bolt of lightning shot out from his eyes and headed straight for the demon Vajra's head.

The demon Vajra chuckled and casually raised his palm. With his powerful demonic body, he gently grabbed and destroyed the demon vajra. He said, "If you want to fight, I, the demon cultivator, have never been afraid of anyone before!"

"Is that so? Then I will fight you!" The white dragon coldly snorted. He was about to attack, but was stopped by the Azure Dragon. "Now is not the time to fight."

Only then did the white dragon stop and coldly said, "I hope that the younger generation of the demon path is as fearless as you."

The threat in his words was obvious.

In the recruitment test, it could easily hurt people's lives.

And the eight-star civilization had never fought against the Jin Zhiguo.

"Hehe, when the time comes, we will do as you wish!" Demon King Kong said unwillingly.

The people of the western region saw this and felt extremely complicated.

The western region had no right to interfere with the battle Qi of the southern and northern regions.

In fact, the two regions treated the western region like air and did not even put it in their eyes.

This made the group of youths led by the first disciple of South Pole Immortal Weng, Tie Bufan, feel very disappointed and unwilling.

Tie Bufan secretly clenched his fists and thought to himself, "In the recruitment, I, Tie Bufan, must make all of you look at me seriously!"

The three regions had come together, but the people from the East Region Divine Prefecture had not come for a long time.

"The eastern region is really arrogant. If the recruitment meet was held in another region, it would be understandable for them to come so late. This time,

the meeting is in their eastern region, yet they still have not appeared.”The white dragon was impatient from waiting.

The Demon King Kong said coldly, “Is there a need to ask? Only those who think highly of themselves will come in the end.”

The azure dragon frowned slightly, “The eastern region divine residence is always in a place filled with evil energy. They never communicate with the other three regions. I wonder what they are up to in secret.”

Everyone could not help but secretly discuss.

In terms of mysteriousness, there should be no region more mysterious than the eastern region.

Not only were there dangerous places like the evil reverent cemetery, but there were also forbidden forests and the east pole market, which was filled with filth.

In this recruitment, the southern and northern regions were most worried about the East region divine mansion.

No one knew how many geniuses had appeared in the East Region Divine Mansion this year.

As they were discussing, suddenly, a flying magic treasure filled with evil energy rushed over.

Twenty-seven groups of people jumped down from it. They were respectively several teachers and a few students.

There was no grandmaster realm expert among them, but when they noticed the cultivation of those teachers and students, they still shocked the hearts of the other three regions.

“Ten Heaven Tier Students?”White Dragon took a long breath, his eyes filled with disbelief.

The strongest emperor Gu of the southern domain was only an early-stage heaven tier emperor Gu.

Demon Vajra also felt his scalp go numb. “Oh my God, they say that demons have appeared in the eastern region, and it is indeed so!”

South Pole Immortal Weng and Divine Flame Demoness were also shocked. “I really don’t know how the students of the East region divine mansion are nurtured. They are truly terrifying!”

Any one of the ten students, if placed in any region, would be worthy of being the number one heaven’s favorite.

This was especially so for the purple-robed beauty at the front of the group. She was extremely arrogant and her cultivation had reached the terrifying late-stage of the heaven tier.

In the western region, her cultivation was second only to the South Pole Immortal Weng and the Divine Flame Demoness.

However, in the Eastern Region’s divine residence, she was merely a student.

The people from the Eastern Region’s divine residence disembarked from the flying ship one after another. As the number one person in the eastern region’s divine residence, Su Muyu’s Crystal Eyes scanned the surroundings, searching for Su Yu’s whereabouts.

Unfortunately, she found nothing.

A trace of deep regret flashed across her eyes. "Where did he go?"

Chapter 2428 Pavilion Elder

Azure Dragon, White Dragon, and Demon King Kong thought for a moment before taking the initiative to chat with the three teachers of the current group.

Qin Hui was flattered.

Those were the overlords of the southern and northern regions. In the past, how could she be qualified to chat with them?

But now, the other party took the initiative to look for her.

This should be the reason why Mu Yu joined the Azure Dragon Group.

And the reason why Mu Yu was willing to join the Azure Dragon Group was because of Su Yu, right?

After all, Su Yu was the only one who could convince Mu Yu in terms of strength.

As the elders of both sides were talking, the juniors naturally began to talk as well.

The number one person in the younger generation of the northern region was a handsome young man, Mo Wuhui. He politely expressed his respect, "Mu Yu's name is like thunder in my ears. Fairy is our role model."

The number one person in the southern region was emperor Gu's younger brother, Gu Wang. He was not good with words. He said, "I've always regarded you as my goal. Unfortunately, I'm not as good as you."

Mu Yu's expression was extremely cold. She did not want to make friends with them.

In her opinion, these people were people with limited martial arts. They would not be of much help to her.

Only that person would be able to help him.

However, on the surface, dancing rain still had to deal with him. She said indifferently, "You flatter me. I'm not as powerful as you think. I also have a goal to strive for."

She was naturally referring to Su Yu.

That powerhouse who could beat the advanced stage of the Heaven Tier, Zi Xiaoyun, until he vomited blood and fainted on the spot.

In terms of true strength, Su Muyun knew that he was absolutely not his match.

It was not a lie to list Su Yu as a goal to strive for.

Mo Wuhui and Gu King were slightly surprised. A Heaven's favorite like Su Muyu, who was the number one person in the outer realm, still had a goal to strive for.

Mo Wuhui could not help but laugh. "Fairy, which senior are you talking about? That's indeed the case. Some seniors have many shining points that are worth learning from."

Gu Wang deeply agreed and said, "However, there are not many seniors that are worth learning from. The future achievements of top-notch geniuses like the three of us are something that most seniors have to look up to."

Hearing this, Mu Yu shook her head.

She was indescribably disappointed.

She had been in seclusion in the East region divine territory all year round and had never come into contact with the geniuses of the other three regions.

She had thought that they were all as humble as Su Yu, but now that she saw that they were so blindly proud, she was greatly disappointed.

How humble was Su Yu, an unparalleled elite that dominated the world?

If he had not fought with Zi Xiaoyun, no one would have known that he had such terrifying combat strength.

The two people in front of her were doing well. Their words seemed to have the meaning of being the only one in the world. They did not know that there was always someone better than them.

With this comparison, Su Yu's favorable impression of them increased by a lot.

"A bastard is not enough to scheme against them!" Dancing Rain evaluated the two of them in her heart. It was best not to get close to such a headstrong person.

Dancing Rain lightly nodded her head, "It's not bad for you to call him senior. In terms of strength, he can indeed be your senior."

Hearing the hidden meaning, Mo Wuhui and Gu Wang were stunned.

"Fairy Su, what does this mean? Could it be that senior... is not old?" Mo Wuhui did not believe it.

Dancing Rain nodded. "He is indeed not old. Based on my estimation, his cultivation time should not exceed 150 years."

"Impossible!" Gu Wang immediately refuted. "What kind of race can surpass fairy Su at 150 years old? Unless he is from an upper second-rate race!"

However, only eight-star and nine-star civilizations had upper second-rate races.

Mo Wuhui's expression also became solemn. He said, "Fairy Su, that person must be from an upper second-rate race, right? Otherwise, I don't believe that he can defeat you, Fairy."

Mu Yu felt disgusted. A frog at the bottom of a well was a frog at the bottom of a well. What he could see was always the sky the size of the well.

"He is a human," rain said lightly and walked away as if nothing had happened. She did not want to talk to such a person anymore.

A human? !

Mo Wuhui and the lonely king were stunned for a long time. They could not believe it.

If they remembered correctly, the human race was at the bottom of the ninth-rate races, right?

How could they cultivate such an unparalleled cultivation?

The two chased after them. Just as they were about to ask again, the elders of both sides had already summoned them back.

Among them, the Azure Dragon raised his voice and said, "Everyone, since everyone is already here, take out the invitation cards in your hands and prepare for the recruitment ceremony!"

Hearing this, those who had the invitation cards stood out one after another.

There were more than tens of thousands of people present, and there were three hundred people holding the invitation cards.

Each person had an invitation card, and all of them were placed at the front of the empty space.

When all the invitations were gathered together, the invitations were able to sense each other, and traces of fluorescence emerged from within one after another.

The fluorescence gathered together and condensed into a dazzling ball that was like the Sun.

This scene caused those who had just attended the recruitment ceremony to be greatly astonished.

However, what was even more astonishing was what happened next.

The ball whizzed into the sky, illuminating the entire world.

In the depths of the world where the ball went, there was a layer of spider web-like existence.

That was the eight-star civilization's array formation.

It was a heaven-defying array formation that even Xuan Dao Master could not force his way through.

The eight-star civilization used this array formation to isolate the four regions and not allow them to enter at will.

The ball continued to move upwards and touched the spider web.

The spider web moved and a crack appeared.

In an instant, a gust of cold air blew in from the universe, causing the nebula to tumble and the Void to surge.

A hazy yellow fog surged out from the crack.

The yellow fog accompanied the hurricane and rotated on its own, forming a huge gap.

At a glance, it looked like an extremely large eye that was looking down at the ants on the ground.

Then, a mighty pressure was emitted from the gap in the eye.

An ancient pavilion slowly descended from the gap.

Looking carefully, there was an old man in a gray robe and white beard sitting cross-legged in the pavilion.

His clothes were covered in dust, as if he had been meditating for over a hundred years.

In front of him, there was a treasured sword carved with seven stars.

At this moment, the treasured sword was humming.

The sword hums were extremely dangerous. Anyone who heard it would feel their blood boiling. Their bodies were in extreme pain as if they were being cut by ten thousand swords.

Even the Azure Dragon White Dragon and the demonic vajra at the intermediate stage of the Grandmaster realm could not help but Groan in pain as they used the power of the DAO Master to protect their bodies.

If they were already like this, how could the rest of them be imagined!

Those below the DAO Master were knocked unconscious by the sword hums on the spot.

Just as everyone was about to step back and leave the range of the sword chime, the sword chime suddenly stopped.

An old hand grabbed the hilt of the sword and stopped the vibration of the sword.

His eyes slowly opened.

It was a pair of extremely aged eyes that contained a deep hole.

He looked down at the people below and slowly said, "Those who are unconscious will all be eliminated."

It turned out that Jian Ming was the first round of this recruitment!

The participants below the DAO Master were directly deprived of the opportunity.

All the prodigies of the seven ultimate civilizations, including Xia Ruchen, the greedy wolf king, and the others, were eliminated.

Xia Yi'an, Mie Zheng, and the others looked dejected and smiled bitterly in shame.

They thought that the juniors they brought would at least be able to go on stage to meet the heroes of the world.

But who knew that they didn't even have the chance to go on stage.

The gray-robed elder said indifferently, "This old man is the host of this recruitment. I will be in charge of this recruitment."

Everyone had respect on their faces. The elder in front of them was an expert from an eight-star civilization.

Chapter 2429 Su Yu's Arrival

"There is no limit to the number of people admitted for this assessment."

Hearing this, everyone was ecstatic.

In the past, there was a strict quota for the recruitment of eight-star civilizations. No matter how talented you were, as long as you didn't rank high in the assessment, you wouldn't be fated to be an eight-star civilization.

But now, it was different. There was no limit to the number of people admitted.

"The prerequisite is that you can pass the test," the old man added.

This was already within everyone's expectations. One after another, they listened attentively to the old man's request.

"There is only one requirement for this test. Enter the Forbidden Forest and capture a Holy Spirit," the gray-robed old man said slowly.

Instantly, many people whose faces were filled with joy felt as if someone had poured a bucket of ice water on them. The smiles on their faces disappeared bit by bit.

"Senior, even we can't go deep into the Forbidden Forest, let alone these juniors."

"Indeed, the juniors are lucky to be able to store their goods in there, let alone capture the Holy Spirit."

They were very clear about what the Holy Spirit was. It was the remnant energy in the forbidden forest. After a long time, it formed a unique existence.

It was not a real living creature, but it had the intelligence of a living creature.

If that was all, then it was nothing. The key was that this living creature was extremely dangerous.

The weakest cultivation base was at the Heaven Tier, and it was ever-changing. A little bit of carelessness could cause one's body and soul to be destroyed.

Most of the people who took the risk to enter the forbidden forest died at the hands of the Holy Spirit.

They could not understand that the recruitment of an eight-star civilization actually allowed the juniors to enter.

Wasn't this sending them to their deaths?

Clang --

Suddenly, the gray-robed elder unsheathed his sword, and Sword Qi flew out, transforming into sword-shaped cloaks.

"With a cloak, I'm not afraid of being harmed by the Forbidden Forest," the gray-robed elder said.

However, none of the young elites dared to take action.

Whether it was Mu Yu, Mo Wuhui, or the lonely king, all of them frowned and fell into deep thought.

It was very irrational to entrust one's life to someone else.

Even if that person was from an eight-star civilization.

The dangers in the forbidden forest were not ordinary. Even great venerables would not be able to return once they entered. Just a mere cloak could allow them to enter and leave as they wished. How could they be convinced?

It was not worth it to choose to enter the Forbidden Forest in order to enter an eight-star civilization.

For a moment, the entire place was silent.

Roar --

Suddenly, a loud dragon's roar came from the end of the world.

To be precise, it was ten dragon's roars that merged into a flood sound that pierced through the universe.

“Dragon Race?” The azure dragon and White Dragon were stunned.

They were the representatives of the Dragon Race of the southern region, how could there be a new dragon race here?

As the Dragon's roar fell, a shocking cold air came from the depths of the dark void.

Wherever it went, all the civilizations were frozen into ice.

Snow began to fall rapidly from the depths of the void.

Dao Masters in the initial dao realm had no choice but to use their dao master powers to protect themselves from the cold aura.

“Nine-five Ice Dragon Qi?” The Azure Dragon and the white dragon cried out in shock.

Among the dragons, there was only one person who was proficient in nine-five ice dragon qi -- Long Taiji!

However, he was already dead.

All the Dragons in the southern region stared at the end of the world in shock.

Demon Vajra frowned slightly. “What's wrong with the Dragons? Another top-tier dragon?”

Just as everyone thought that it was the dragons...

A surge of extremely violent demonic qi followed the cold air.

The Demonic Qi was so deep that it was extremely yang. Before it even got close, it had already caused people to feel irritated and lose their rationality. There was a hint of brutality in their eyes.

“A member of the Devil Path?” The demonic vajra was shocked. “In the entire northern region, only Mo Wudao has succeeded in cultivating such powerful devil energy. But, isn't she already dead?”

The Green Dragon and the White Dragon looked at each other in dismay. They were clearly dragons, so why did the pure Devil Energy come out of nowhere?

The whole place fell into an inexplicable state of shock.

“Father, what happened?” Xia Ruchen looked at the White Dragon, the Green Dragon, and the demonic vajra in surprise.

The surprise on their faces showed that something big had happened.

Xia Yi'an said with a solemn expression, “I don't know, but be careful. The newcomer is a peerless figure!”

Hearing this, Xia Ruchen's pupils constricted. He gazed in that direction with excitement in his eyes, “Although I'm not fated to attend the grand meeting, it was worth it for me to meet so many important figures.”

Tie Bufan's eyes flashed beside the South Pole Immortal Weng. He looked into the depths of the endless void and asked, “Master, What's Going On? Why are they both from the dragon race and the Devil Path?”

“I'm not sure.” The South Pole Immortal Weng shook his head lightly and silently protected him and his disciples behind him. “Everyone, be careful. The newcomer must be someone we can not afford to offend.”

Tie Bufan's expression was solemn. Senior Sister Yuan and Qin Xian 'er, who were by his side, also blinked their eyes curiously.

These big shots were people that they couldn't normally see.

But now, they could see four of them in a row.

Divine Flame Demoness also took action to protect Xie Xiaoyue and the others. She exhorted, “It must be a powerful figure that has arrived. You must remember not to look at each other too much, lest you offend them.”

Xie Xiaoyue, xingnu, Zhan wushuang, and hanxuan nodded their heads repeatedly, their hearts filled with reverence.

Even the teachers of the eastern region all warned their students not to be rash.

Thus, the tens of thousands of gazes in the entire area stared unblinkingly into the depths of the darkness.

Accompanied by the Dragon's roar, the cold air and demonic qi intensified, and everyone became nervous to varying degrees.

The image of a peerless figure appeared in their minds at the same time.

They were getting closer!

They were getting closer!

Huala --

The void was pushed aside by the powerful impact, revealing ten ten ten thousand-foot-long dragons.

They drove side by side, roaring and smashing through the clouds as they sped toward the forbidden forest.

However, everyone's gaze did not pay attention to the ten dragons. Instead, they stopped at the throne on the backs of the ten dragons.

On the throne sat a silver-haired youth.

He held a sword in one hand and stabbed it in front of him.

His body was surrounded by endless dragon might.

The crown on his head shone in the darkness and was extremely eye-catching.

Behind him, there was a round pearl that was moving around.

"Human?" The White Dragon and the Azure Dragon both cried out in shock.

"Mo Wudao's Natal Demon Pearl?" Mo Jingang cried out in shock, his eyes filled with disbelief.

"What's going on? He's so young, he seems to be of the same generation as us!" The people of the southern and northern regions exclaimed in shock.

The big shot in their hearts should be an old monster who had cultivated for many years.

But in the end, he was actually of the same generation as them!

This made them unable to accept it for a moment!

"Su Yu! ?" The people of the western and eastern regions were dumbstruck.

That silver-haired, handsome face, who else could it be but Su Yu?

"Su Yu!" Qin Hui was ecstatic.

During the time when Su Yu went missing, Qin Hui was anxious and at a loss.

Seeing Su Yu return, her anxious heart was finally at ease.

Mu Yu's beautiful eyes sparkled as she muttered, "I chose the right person!"

She had thought that Su Yu was only slightly stronger than her, but now it seemed that he was much stronger than her? He was clearly far stronger than her!

The performance of the people from the western regions was rather strange.

Chapter 2430 Sword Suppression

Xia Ruchen, the Ravenous Wolf King, and Xue Mengfeiyu, the prodigies of the seven ultimate civilizations, looked at each other in bewilderment, as if they were asking if they had seen wrongly?

Even the elders, Xia Yi'an and Mie Zheng, were stunned. They couldn't believe what they were seeing.

The important figure in front of them should be the human Su Yu they had just mentioned, right?

However, how could the two be the same person?

Could it be that Su Yu's body had been forcefully taken over by some unparalleled important figure?

Meanwhile, Xie Xiaoyue, the divine flame demoness, and the others from the western region were ecstatic.

Su Yu was still alive!

Among them, Qin Xian 'er was the happiest.

Her eyes were filled with tears, and her eyes were filled with a lingering apology.

Under everyone's gaze, even the gray-robed old man on the pavilion couldn't help but take another look at Su Yu. He couldn't help but exclaim, "There's such a figure in the outer realm?"

Su Yu's gaze didn't shift. He jumped down from his throne and transformed into a bolt of lightning. He passed through the crowd and landed in front of a group of cloaks.

He didn't turn his head and didn't say a single word to anyone he was familiar with.

"You're already late. You've missed the assessment time and will be disqualified." The gray-robed old man was indifferent as usual.

To him, no matter how outstanding the youths of the outer realms were, they were like ants scrambling to join their eight-star civilization.

One less was no less, and one more was no more.

Since he was late, he could only disqualify himself from the competition, only then could he maintain the prestige of the assessment.

However, Su Yu did not even glance at the gray-robed old man. He did not even turn his head, and his voice was as hoarse as sand rubbing against each other. "The assessment is meaningless to me!"

In the outer realms, who among his peers could fight with Su Yu?

No one!

But only the top elites among their elders could fight with him.

Their strength had long surpassed their peers.

The gray-robed old man frowned. "Then why did you come here?"

He really didn't like Su Yu's attitude.

In front of an eight-star civilization, even great venerables had to respect him from the bottom of their hearts.

But the human youth in front of him didn't have the slightest bit of respect.

"I'm just passing by. That's all." Su Yu raised his head. His eyes were like lightning as he stared into the depths of the forbidden forest.

There was only one goal for him to rush to this place from a thousand miles away.

Enter the Forbidden Forest, obtain the divine throne of Heaven and earth, and become one of the eight great domains.

Then, kill the evil loose cultivator!

If he didn't die, Su Yu's hatred wouldn't be appeased, and his killing intent wouldn't be extinguished!

The gray-robed elder was slightly annoyed. "Then leave quickly!"

Su Yu didn't bother to say anything more. Just as he was about to step into the forbidden forest, three extremely powerful auras suddenly blocked his path.

What he saw were two giant dragons, one green and one white, and the Demon King Kong.

The three of them each released a powerful cultivation of the advanced stage of the Grandmaster realm as they slowly pressed down.

"Human, you dare to control our dragon race. Do you know that you have already desecrated our dragon race? This is a capital offense!" The green and White Dragons' eyes flickered, and there was a deeper meaning in their eyes.

Openly enslaving the dragon clan had always been a taboo for the dragon clan. Whoever dared to do so would be provoking the entire dragon clan.

However, their thoughts at this moment were not on the so-called taboo, but on the royal longzun sword in Su Yu's hand.

As two of the three great protectors of the Dragon Clan, how could they not know that this sword was the Royal Longzun Sword.

It was rumored that the person who obtained this sword could command the Dragon Clan.

Now that the legendary Royal Longzun sword was right in front of them, how could they not be tempted?

The demon Vajra was also looking at the demon Pearl that was swallowing and spitting on Su Yu's back with a face full of ecstasy. He was full of hostility. "Human, how dare you steal the Demon Pearl of the number one person of our Northern Region's demonic path, Mo Wudao. No one in the world can save you!"

If he could obtain that demon Pearl and refine the pure demonic qi in it, he would be able to break through to the advanced stage of the Grandmaster realm very soon.

With three intermediate stage grandmaster realm experts in front of him, Su Yu's expression was as cold as ever. He coldly spat out one word, "Scram!"

His mind was only filled with the word 'hatred'. Anyone who blocked his path would be killed!

"Ant, How dare you be so arrogant after enslaving our dragon race!" The White Dragon was the first to fly up. His face was full of coldness as he struck out with a nine-five Thunder Dragon Qi.

Su Yu stood still and pulled out the royal longzun sword.

The body of the sword hummed, and the Dragon Power that had been passed down for tens of thousands of generations swept out.

The Green Dragon, white dragon, and the demon Vajra, which were like shooting stars, were hit by the dragon power at the same time. They were blown away like leaves and smashed into several small meteorites.

The demon Vajra was still fine. Only a trace of blood flowed out from the corner of its mouth.

The Green Dragon and the white dragon trembled violently. Their bodies could not be controlled and they prostrated on the ground. Their eyes were full of fear and respect that came from the bottom of their hearts.

Under the Royal Longzun Sword, they didn't even have the courage to raise their heads and prostrated on the ground.

Even if Su Yu wanted to kill them, they might not even dare to move.

Plop Plop Plop --

The Dragons prostrated on the ground under the power of the Royal Longzun Sword. They shouted excitedly from the bottom of their hearts, "We bow to the Dragon Emperor!"

"We bow to the Dragon Emperor..."

"We Bow to..."

The Dragon's roar that shook the galaxy shot up into the sky and reverberated in every corner of the outer realm.

No matter where they were, they could hear the voice of the dragon.

The Sovereign Dragon's supreme sword came out, and all the dragons bowed to the emperor!

The White Dragon and the Green Dragon were shocked. The human in front of them had mastered the lost nine-five sovereign technique and had completely mastered the Sovereign Dragon's supreme sword.

Since ancient times, those who had mastered the sword and technique could be called the emperor!

"Greetings... Greetings Dragon Emperor!" The White Dragon and the Azure Dragon kneeled on one knee in fear and trepidation.

The people of the other three regions were shocked.

"Dragon... Dragon Emperor?" Xia Ruchen swallowed hard and his voice trembled rapidly.

Xue Mengfeiyu kept shaking her head, unable to accept this fact.

The Dragon Emperor was the master of the Southern Region!

How did Su Yu become such an existence?

Tie Bufan and the others were also dumbfounded. Dragon Emperor?

That was a heavenly figure that was ten times more respected than their master!

Even the Divine Flame Demoness and the others were filled with shock. How long had it been since that senior's disciple became the Dragon Emperor in the blink of an eye?

In the pavilion.

The gray-robed Elder's face revealed a trace of shock.

The youth in front of him was actually the Master of the Southern Region?

A trace of great regret lingered in his heart.

If he had known that his identity was so formidable, why would he have spoken so resolutely just now?

After a slight hesitation, the gray-robed elder still opened his mouth and said, "Human, I specially permit you to pass this assessment and come directly to our eight star civilization."

However, Su Yu turned a deaf ear. He drew his sword back into its sheath and walked towards the depths of the forbidden forest.

When he passed by the White Dragon and the Green Dragon blocking his way, he coldly said, "Scram!"

The Green Dragon and the white dragon didn't dare to hesitate at all. They hurriedly made way.

Even the insolent demon vajra shivered and hurriedly crawled to the side.

The outer realm's experts were all heroes of the world.

At this moment, no one could block Su Yu's path.

Su Yu's eyes were filled with coldness as he stepped into the forbidden forest.

"Brother Su Yu!"

Suddenly, a mournful voice drifted into his ears.

"Don't go."

Su Yu stopped but did not turn back.

He was afraid that once he turned back, he would never be able to take this step again.

Because behind him was Qin Xian 'er, the person he wanted to protect the most, the person he wanted to accompany the most, and the person he felt the most guilty about.
