Chapter 2431 Life And Death Follow

This trip to the forbidden forest was a narrow escape.

If he longed for Qin Xian 'er, he knew that he would never be able to move forward again.

"Xian 'er, take care." Su Yu closed his eyes and forcefully endured the pain in his eyes as he stepped into the forest.

How could he face pathless demon and grant him his wish with his death?

Shua --

Amidst the remnants of ancient light, Su Yu's figure vanished into the forest.

Qin Xian 'Er's eyes were misty. Her heart suddenly felt empty, as if she was about to lose something.

"He isn't willing to forgive me?" Qin Xian 'er felt a stabbing pain in her heart. She clenched her five fingers tightly and mocked herself deeply. "But, on what basis can I Be Forgiven? I... Actually forgot about him once."

After parting in the demon world.

Qin Xian 'er had lost all her memories of Su Yu. From the beginning to the end, Su Yu had been trying his best to help her find her memories again.

But what had she done?

To find her memories again, she did not know what was going on, but she absolutely hated him.

At that time, brother Su Yu must have been very sad and sad, right?

Looking at Su Yu's departing figure, it disappeared from her sight bit by bit. Qin Xian 'er felt that one day, Su Yu would scatter in her life and she would never be able to find him again.

Just like dust in the wind, scattering bit by bit..

Whoosh --

Suddenly, Qin Xian 'er looked up, her eyes filled with deep determination. "Brother Su Yu, in the following years, let me protect you."

With a tap of her toes, she grabbed the two sword qi cloaks like falling leaves and resolutely charged into the Forbidden Forest.

"Qin Xian 'er, Stop!" South Pole Immortal Weng's heart was still in shock. He didn't notice Qin Xian 'er's strange behavior in time and couldn't stop her in time.

Qin Xian 'er didn't even turn her head and said, "I still have one more apology. I need to say it to him face to face. Please Don't Stop Me."

With that, she flashed into the extremely dangerous forbidden forest.

Xie Xiaoyue stared at Qin Xian 'er's back and was deeply moved.

That was the forbidden forest. Once she entered, she would never be able to come back.

Qin Xian 'er would rather die than tell Su Yu that she was sorry?

At this moment, Xie Xiaoyue felt a deep sense of defeat.

“Love doesn’t know where it comes from, but it goes deeper!” Xie Xiaoyue murmured softly, “The so-called life and death depend on each other, isn’t that all?”

Her eyes dimmed, and she suddenly felt empty.

She looked at the forbidden forest deeply, turned around and left in loneliness, walking toward the boundless nothingness. “There is no nostalgia in the outer realm. I should return to where I should go.”

No one had ever been able to come out of the forbidden forest alive.

Su Yu and Qin Xian 'er would definitely sleep in it.

There was no one in the world that she could leave behind. It was better for her to return..

In the Western Region.

Bright Jade’s eyes were filled with unconcealable shock, “I can’t believe that Su Yu is the king of the southern region, the Dragon Emperor!”

Xuan Hua, who was beside her, smiled bitterly, “Why do I feel that it’s not surprising at all?”

Everywhere Su Yu went, everything he did was full of surprises?

Xuan Hua wasn’t that surprised that he became the Dragon Emperor.

“Palace master, May I ask where that human comes from?” What made bright jade slightly stunned was that the woman of Destiny who rarely spoke suddenly spoke.

Xuan Hua’s face was also full of surprise.

Along the way, the Woman of Destiny rarely spoke. Unless necessary, she would never say a word, let alone care about others.

But now, she was actually concerned about Su Yu’s background?

“This... I don’t know.” The jade of light was somewhat puzzled. Why would the chosen one care about Su Yu’s background? “Is there a problem?”

The chosen one lightly nodded, and her voice was filled with indescribable excitement. “Human, Su Yu, and that face... In my lifetime, I can finally see you again.”

Bright jade was shocked, “You... Know Su Yu?”

Speaking of which, the origin of the chosen one was also extremely mysterious.

A woman who appeared in everyone’s dreams actually appeared in the Palace of light the next day.

Bright Jade's understanding of her background was extremely limited.

"Do you know her?" The chosen one took off her cloak, revealing a beautiful face.

Tears were already flowing down her face.

Zhan wushuang was extremely shocked when he saw her from afar. "Luo! Xue! Yi!"

He had once captured Luo xueyi from the belly of a Taotie and requested to exchange Hanxuan who was captured by Su Yu.

How could he not know her?

Luo xueyi turned around and glanced at Zhan wushuang when she heard the exclamation.

She had already recognized Zhan wushuang, but she did not recognize him.

Luo xueyi lightly tapped her snow-white chin and cupped her fists at the bright jade. "I thank you for your teachings all these years, master. Today, I entered the Forbidden Forest. If I can return, I will not forget your kindness. If I can not return, please do not worry."

After saying that, she turned into a beautiful figure, grabbed a cloak, and charged into the forbidden forest.

The Bright Jade's expression was complicated as she sighed deeply. "You, can not return."

She wasn't referring to the danger of the Forbidden Forest.

She was referring to the fact that she had met someone who would make her willingly give up her life..

After three people entered the forest, the young elites were all moved.

After a few struggles, the group of top elites led by Su Mucheng, Mo Wuhui, and Gu Wang entered the forbidden forest.

They were all wearing cloaks. As soon as they entered, a large amount of chaotic light appeared before their eyes.

Each wave of light was deadly.

However, at this moment, most of the waves were frozen by the powerful ice or cut by the fierce sword qi.

At first glance, it was a smooth road. There was no danger at all.

"This..." mo wuhui swallowed hard, "Are we still taking risks?"

The lonely king looked proud, "With the Dragon Emperor of the southern region leading the way, we can capture the Holy Spirit in peace!"

Mo wuhui was envious, "Such a young generation leader, your southern region is truly full of talents."

He could not help but look at Mu Yu and said, "I wonder who is stronger, Su Yu, compared to the humans you mentioned?"

The lonely king sneered, "Of course, the Dragon Emperor is more powerful. Didn't you see that he ignored the invitation of the eight-star civilization?"

However, Rain Su said indifferently, "The two of them should be equally powerful, right? Because they are the same person."

The first half of the sentence was scorned by the lonely king. In the outer realm, was there anyone who could compete with the Dragon Emperor?

However, when they heard the second half, the lonely king and Mo Wuhui stopped in their tracks at the same time and were dumbfounded.

Rain Su's face was not without pride, "Is it strange? Su Yu has indeed studied in our East Region Divine Mansion."

After saying that, he ignored the two of them and proceeded forward by himself.

In the depths of the forbidden forest.

"Freeze Time!" With a low roar, the laws of time rippled and swept in all directions.

Several ancient energies that flew down from the sky like wild dragons were instantly frozen.

Following that, a powerful sword Qi swept across, disrupting several energies on the spot.

Amidst the scattered energy fluorescence, a silver-haired figure slowly drifted down.

Then, stepping on the scorched ground, he continued to walk towards the depths of the forbidden forest.

It had been ten days since he entered the forbidden forest.

Chapter 2432 Emperor God King Glue

Along the way, Su Yu cut through all kinds of obstacles and forced his way here.

He was injured many times along the way and encountered a newly formed Holy Spirit once. It was difficult to kill it after a long battle.

He risked his life once to successfully kill it.

And now, he was only in the middle of the forbidden forest.

Most of the Holy Spirits in the forbidden forest were gathered in the inner area.

Further ahead was the Holy Spirit's territory.

Anyone who barged into it would definitely die.

At least until now, there was no precedent of anyone coming back alive.

Just as Su Yu was about to continue forward, a strong airflow came from behind.

Turning his head, Su Yu's body trembled. "Xian 'er?"

The person who came was Qin Xian 'er.

She was wearing a cloak and held a cloak in her hand.

The Cloak on her body was slightly damaged due to multiple attacks, revealing some shocking injuries on her back.

“Brother Su Yu.” Qin Xian 'er landed lightly and ran all the way to Su Yu, her little face flushed red.

Seeing that Su Yu was safe and sound, she let out a long breath and immediately put the undamaged cloak in her hand around Su Yu.

The two of them looked at each other and stood there silently.

They saw a world in each other's eyes..

“Brother Su Yu, I'm sorry...” Qin Xian 'er's small mouth was blocked by Su Yu with a finger.

Su Yu looked at Qin Xian 'er gently and gently touched her head. “I'm sorry. You shouldn't be the one saying it.”

Qin Xian 'er pursed her lips and looked at Su Yu's slightly worn and tired eyes. She couldn't help but feel sour in her heart.

After being hurt like that, was she still as tolerant and caring as before?

She wasn't even allowed to say sorry.

“Brother Su Yu, i...” Qin Xian 'er had a million words in her heart, but she couldn't say a word. In the end, she went forward and hugged him.

Perhaps, nothing could be compared to a hug.

Su Yu was moved and hugged him deeply.

After so many years, a long-lost hug!

She raised her teary eyes. “We will never be separated again, okay?”

Between them, there had been too many ups and downs.

“Wait for me to finish one thing, okay?” Su Yu said slowly.

Qin Xian 'er did not ask what it was, but only nodded. “I will follow you, whether it is the Netherworld or the nine heavens!”

Su Yu's heart was moved. He held Xian 'er's right hand with his left hand and interlocked his fingers.

A trace of redness climbed onto Qin Xian 'ER's face and she was as shy as a lotus after the rain.

They had known each other for many years and were already husband and wife in name.

However, they spent more time together than together, so every time they met, they were still like young lovers.

“By the way, brother Su Yu, this is for you.” Suddenly, Qin Xian ‘er took a small pocket from her waist and handed it to Su Yu.

Su Yu was stunned. Deep nostalgia flashed through his eyes.

In his memory, this small pocket had always been by Xian ‘ER’s side.

It had only one purpose, and that was to store half of the beloved things that Xian ‘er had obtained in it, and then leave it to Su Yu.

A hundred years had passed, but this small pocket was still there.

“What is it?” Su Yu opened it and saw the things inside. A deep feeling of warmth welled up in his heart.

Other than the many panaceas and magical treasures that Xian ‘er had accumulated, there was another item that was extremely valuable -- Emperor God King Glue.

This item was naturally formed. It was a heaven-defying item that could only be secreted by stones that absorbed the spiritual energy of Heaven and earth all year round when they gave birth to life over hundreds of millions of years.

It was called Emperor God King Glue.

There was only one use for it, and that was to give birth!

If it was given to a pregnant woman to consume, after the fetus absorbed the Emperor God King Glue, it would be equivalent to obtaining the spiritual energy accumulation of the rock for billions of years.

After the fetus was born, it would definitely have extraordinary talent, far surpassing that of an ordinary fetus.

Emperor god King Glue did not exist on the market at all. Even the easternmost market might not be able to find it.

Even if it could be found, the price was extremely expensive.

The life savings of a non-heaven tier Dao master did not need to be considered at all.

“Xian ‘er, you want this thing...” Su Yu asked.

Qin Xian ‘er lowered her head slightly and crawled into Su Yu’s arms. She was both shy and expectant as she said, “Could it be that brother Su Yu doesn’t want a child between us?”

Su Yu gently stroked Qin Xian ‘Er’s head and smiled slightly.

When he saw the Emperor God king glue, he understood Xian ‘ER’s intentions.

She wanted to give birth to a son for Su Yu.

“Yes!” Su Yu said with certainty.

He and Xian 'er had been separated and reunited for too long. It was time to bear a fruit between them.

Upon hearing this, Qin Xian 'ER's face instantly turned red. Her breathing could not help but become hurried.

"I've actually been waiting for that day for a long time," Qin Xian 'er said softly. Her eyes were filled with intoxicated happiness.

Su Yu had long wanted to give Xian 'er an explanation.

Looking at the chaotic inner area of the remnant ancient light, Su Yu gently pushed Xian 'er away. "So, wait for me outside, okay?"

He didn't want Qin Xian 'er to take the risk with him.

"Brother Su Yu, have you forgotten what you said just now?" Qin Xian 'er raised her hands that were holding Su Yu's tightly.

Su Yu hesitated.

It was really too dangerous inside. He could not guarantee that he could protect Qin Xian 'er to survive.

"Brother Su Yu, what is the meaning of a world without you to Xian 'er?" Qin Xian 'er raised her eyes and said leisurely, "I only care about you."

The world was vast and endless.

However, to Qin Xian 'er, her world had always been just Su Yu.

If Su Yu died, her life would have no meaning.

Therefore, rather than Su Yu dying, it was better to die together.

Su Yu held Xian 'er's hand tightly and said, "Alright! We will live and die together!"

The two of them turned into a two-colored stream of light and went into the depths of the inner area together.

Just as they entered, a strange-shaped creature came out from the darkness and pounced on the two of them.

Su Yu did not hesitate and did not hide all his abilities in front of Xian 'er.

"Death gaze!" Su Yu used the law of death. His eyes were as black as ink as he stared at the Holy Spirit that had suddenly appeared.

Black gas immediately rose from the Holy Spirit's body. His entire body showed signs of disintegrating into scattered energy.

However, the law was far from enough to deal with the Holy Spirit.

At this moment, Qin Xian 'er took out a halberd filled with killing intent and stabbed it into the Holy Spirit's body.

“Kill Seven Hearts!”Qin Xian ‘er shouted in a low voice. The killing intent that surged into the Holy Spirit’s body exploded at the same time, destroying the Holy Spirit’s life from within.

However, the Holy Spirit’s tenacity of life was far beyond expectations.

Roar --

With an angry roar, the Holy Spirit fiercely shook off the halberd and escaped death gaze.

Su Yu no longer held back. He flicked his ten fingers. “Time, space, soul, life, death, fate, reincarnation, and creation! The eight laws become one!”

Eight supreme laws gathered in Su Yu’s palm and formed an eight-colored wheel.

“Destroy!”The wheel spun and flew to the top of the Holy Spirit’s head, sending down eight-colored light.

Under the colorful light, the Holy Spirit melted at a speed visible to the naked eye.

Like Snow under the spring sun, it rapidly diminished.

The eight techniques as one was a new technique that Su Yu had comprehended while comprehending with the help of the ancient God’s blood.

This was the first time he had tried its power.

As far as the current effect was concerned, it was abnormally powerful.

The eight-colored light formed by the eight laws could be seen that everything in the world had broken down into its initial state!

However, the Holy Spirit was not a true Holy Spirit. It was the remnant energy from the battle between the ancient great powers. Its power was already boundless, and the laws could suppress it.

Roar --

Another loud roar sounded. The Holy Spirit threw its head back and roared furiously. It sent the spinning wheel flying and pounced at Su Yu at the same time.

Its degree of difficulty was no less than the Holy Spirit that they had met last time.

“Brother Su Yu, buy me ten breaths of Time!”Suddenly, Qin Xian ‘er gritted her teeth and said.

Chapter 2433 The Black Phoenix

Su Yu was slightly puzzled. Xian ‘er’s cultivation was not high, only at the initial dao realm.

How could she deal with the Holy Spirit, who was troublesome even for him?

“Brother Su Yu is not the only one who has the ultimate ability.”Qin Xian ‘er smiled mischievously. She pointed her right finger at the center of her brows and pulled gently.

A Black Phoenix that was as black as ink slowly flew out from the center of her brows.

It was only about three inches in size, but it was vivid and lifelike, as if it was alive.

Its appearance caused the Holy Spirit's eyes to suddenly turn to one side, and there was a faint trace of fear.

Su Yu's pupils also constricted, and he could feel an extraordinary pressure from the Phoenix.

That pressure was far greater than that of the Royal Longzun Sword.

If they were to compare, only the aura emitted by the golden black tortoise that the heartless predator captured could compare to the black phoenix in front of him.

"What is this thing?" Su Yu had never known that Xian 'er had such a thing in her body.

Qin Xian 'er injected the power of a dao master into the Black Phoenix's body, she said, "When I left the asura world, I met an old Daoist by chance. He said that he was fated with me, so he gave me this little black Phoenix. But I still don't understand what it is."

Old Daoist?

Su Yu's heart shook. He immediately thought of the powerful divine deer of light master.

Could it be that Xian 'er had met him a long time ago?

However, what exactly was this Black Phoenix? It looked like a living thing, but also like a magic treasure. It was very similar to the Golden Black Tortoise.

However, from the contact, it seemed that the old Daoist was not someone with ulterior motives.

He could only ask questions in person.

From the looks of it, Xian 'er was still unable to control the Black Phoenix skillfully. Su Yu did not say anything and once again condensed the eight techniques into one.

At the same time, he waved his right hand and took out the heaven-destroying staff.

Then, he transformed into a hundred thousand feet long dragon with the heaven-destroying staff in his hand and dived down from the highest point.

As he fell, all the power was poured into the heaven-destroying staff, making it extremely heavy.

The Holy Spirit sensed the danger of the heaven-destroying staff and tried to dodge left and right.

However, the Holy Spirit's body immediately stiffened under the eight-in-one spinning wheel, making it difficult for him to dodge effectively. He could only watch as the heaven-destroying staff smashed down.

Roar --

With a mournful roar, the Holy Spirit was immediately suppressed under the heaven-destroying staff.

However, Su Yu had fought with the Holy Spirit before, so he knew that the heaven-destroying staff alone was not enough to suppress the Holy Spirit.

Sure enough, the Holy Spirit struggled on the ground with dozens of feet and lifted the heaven-destroying staff forcefully, trying to break away from the suppression.

“Royal Sword!” At this moment, Su Yu held the Royal Longzun Sword in his hand and released the endless dragon power within it, slashing at the Holy Spirit.

Crash --

Instantly, the Holy Spirit’s body was split into two halves from head to tail.

However, this method could not kill the Holy Spirit.

They did not have any life, they were only the remnants of energy.

After being split in half, they quickly recovered to become a complete body at an astonishing speed.

With a loud boom, the heaven-destroying staff was finally repelled.

The fierce and boundless Holy Spirit roared and pounced over without any hindrance.

Fortunately, Su Yu’s continuous attacks had delayed it and bought ten breaths of time.

Qin Xian ‘er’s beautiful eyes suddenly flashed as she released her hands. The pitch-black little black Phoenix’s eyes instantly turned cold. An ear-piercing sharp phoenix cry transformed into a ray of black light that pierced through the Holy Spirit’s body.

What happened next made Su Yu feel somewhat incredulous.

The Holy Spirit was like a flowing liquid that flowed into the little black Phoenix’s body without leaving a single trace.

The Little Black Phoenix’s size was obviously larger, and its eyes were more lively.

It flew back to Xian ‘ER’s shoulder obediently.

But its eyes were fixed on Su Yu.

Being stared at by it, Su Yu actually felt a chill on his scalp.

With his current strength and temperament, it was rare for him to have this kind of feeling.

“Little Phoenix, don’t do this to brother Su Yu.” Xian ‘er knocked on the little black Phoenix’s head before it moved its gaze away obediently.

With a pleasant cry, it flew back to Qin Xian ‘er’s glabella.

Su Yu was amazed. That Little Black Phoenix was really strange. If he wasn’t mistaken, it had directly swallowed the Holy Spirit and turned it into its own energy, right?

Sou --

Suddenly, with Qin Xian ‘er as the center, a violent wind was stirred up without any warning.

What made Su Yu incredulous was that her cultivation had actually begun to break through!

She was originally at the initial Dao realm, but at this moment, she had broken through to the forgotten words realm.

There were no bottlenecks throughout the entire process, and it was as natural as drinking water.

Qin Xian 'er blinked her eyes. Her expression was normal, as though she was used to it. She muttered, "I broke through again."

What did she mean by "I broke through again?"

If others were to find out, their eyes would probably pop out of their sockets.

Who wouldn't have worked hard to break through to the Dao master realm, going through thousands of tribulations?

Qin Xian 'er had easily broken through to the DAO Master level!

Su Yu couldn't help but sigh.

He was still rushing to break through to the Dao master level. What about Xian 'er?

Sometimes, she really couldn't be compared to others.

It was just like the old saying.

If you compare goods, you have to throw them away. If you compare people, you have to die!

"Xian 'er, if you can break through so easily, then the forbidden forest might be a blessed land for you." Su Yu stared ahead, his eyes shining with a scorching light.

The holy spirits here were not as simple as just one or two.

If she continued to devour them, Xian 'er might even break through to become a Xuan Dao Master.

Of course, the prerequisite was that all the holy spirits she encountered along the way were just like before. They were just newly formed Holy Spirits and were the weakest.

If she encountered a powerful Holy Spirit, that Black Phoenix might not even be effective.

Qin Xian 'er giggled and said, "That is all thanks to brother Su Yu. In this world, other than you, who would be willing to accompany me in the Forbidden Forest to capture the Holy Spirits?"

Even her master, the South Pole Immortal Weng, would never dare to take a step into the forbidden forest, so how could he help her?

Only Su Yu would risk his life to do so.

"Let's Go! Let me see how far your cultivation base can break through." Su Yu had a rare expectation in his heart.

All along, Qin Xian 'er had been silently paying for him.

But he rarely had the chance to make up for it.

Now was perhaps the best time to make up for it.

The two continued to go deeper.

There were indeed a lot of holy spirits in the inner area. In just ten days, they encountered three more holy spirits.

Two of them had just taken shape and were weak. Su Yu and Qin Xian 'er used all their strength and successfully killed them, turning them into supplements for the Little Black Phoenix.

As for the third Holy Spirit, it had taken shape for tens of millions of years and was obviously much stronger.

Su Yu paid the price of one death and successfully bought time for Xian 'er. He summoned the Little Black Phoenix and successfully killed it.

After three devourers, not only did the little black phoenix transform into the size of a fist, Xian 'er's cultivation base once again broke through to the fish-dragon realm at an astonishing speed and caught up with senior sister Yuan of the South Pole Celestial Palace in one go!

If such an exaggerated cultivation speed were to be spread out, it would be shocking to the world!

However, Su Yu can clearly feel, Xian er behind the breakthrough speed slowed down a lot.

Chapter 2434 Sneak Attack From The Back

It was probably because the higher the level, the more energy was needed for the different levels.

“Continue!”

The two of them were invincible, and everywhere they passed, the ground was destroyed.

The people who were chasing behind were dumbfounded.

“What did that Dragon Emperor Do?” Mo Wuhui didn't know whether to laugh or cry.

What should be laughed at was that the rumored forbidden forest, which was extremely dangerous, was crushed into a smooth path by Su Yu.

What should be cried was that not a single holy spirit was left behind for them.

“We have already begun to enter the inner area, but we haven't even seen the shadow of the Holy Spirit. This really doesn't make sense!” The corner of Gu King's mouth kept twitching.

On the other hand, there were strange ripples in Dancing Rain's pretty eyes as she said, “Go! Catch up to Su Yu as soon as possible!”

Half a month passed.

Su Yu had been in the inner area for almost a month.

During this time, he had killed several holy spirits, each of which had been formed for tens of millions of years.

Basically, he would die every time.

Under extremely difficult circumstances, he was lucky enough to walk to a dilapidated space in front of him.

There were space fragments destroyed by the powerful residual light everywhere.

Qin Xian 'er's current cultivation had already reached the perfection of the fish-dragon realm!

She was just a step away from becoming a grandmaster and standing at the top of the Western Region. She was on par with her master, Immortal Weng of the South Pole.

“Brother Su Yu, don’t kill the Holy Spirit anymore.”Qin Xian ‘er touched Su Yu’s chest with a heartache.

Just now, he held the Holy Spirit alone, but the Holy Spirit pierced through his chest and killed him.

He had already used today’s resurrection.

If he encountered any danger of death again, he would really die.

Moreover, the holy spirits they had encountered since then were each stronger than the last. The one they had killed just now was already the limit of what they could deal with.

The Black Phoenix was especially difficult to swallow.

If they encountered the Holy Spirit again, they definitely wouldn’t be able to deal with it.

Su Yu nodded, but he didn’t forcefully hold on.

The Holy Spirit They met was only the weakest group. The truly powerful Holy Spirit was not someone they could afford to provoke.

“The thing I’m looking for is not far away. If I jump through the space in front of me, I should be able to see it.”Under Xiao Die’s shared view, Su Yu could see that the divine seat of Heaven and earth was not far away from him.

Xiao Die’s snow-white chin lightly tapped. She held Su Yu’s arm and was about to jump into the space gap with him.

However, Su Yu suddenly discovered that the fate line on Xian ‘ER’s chest appeared without any warning and... Broke!

Among the dangers Su Yu encountered, the fate line broke only once.

That was when he was being chased by the evil daughter.

That was the greatest danger Su Yu had ever encountered in his life.

That time, he really had a narrow escape.

The broken fate line on Qin Xian ‘ER’s chest indicated that the danger she encountered had completely exceeded her ability to resist.

At the moment of extreme danger, Su Yu did not hesitate to take out his nine dragons divine cauldron and immediately wrap Qin Xian ‘er within it.

Almost at the instant the nine dragons divine cauldron was enveloped, a tail that did not even have an afterimage swept over and lashed the nine dragons divine cauldron.

In an instant, the nine dragons divine cauldron roared incessantly, and traces of ancient god diluted blood continuously splashed out.

The Divine Cauldron was also swept away by the tail and fell into a spatial crack.

Once it fell into the crack, creatures without spatial attainments would forever be lost and unable to come out.

“Xian ‘er!” Su Yu immediately activated his spatial domain and appeared next to the nine dragons divine cauldron, trying to control it.

However, as soon as his hands touched it, the enormous power remaining on the divine cauldron shattered Su Yu’s hands into pieces.

“Space teleportation!” Su Yu did not have time to heal his wounds. He activated his space domain again and switched the cauldron with the space in front of him.

However, even so, the cauldron was still moving at an unimaginable speed.

Seeing that he was about to fall into the space crack, Su Yu shouted and transformed into a hundred thousand feet long white dragon. He crossed the ridge in front of the crack and used his body to block the cauldron.

Boom --

Crack --

At the moment of impact, the bones in Su Yu’s body shattered bit by bit. The flesh, blood, and bones of his dragon body were all separated.

Even his soul was knocked out of his body.

And the momentum of the divine cauldron only weakened a little.

“Retreat!” Su Yu gritted his teeth and forcefully activated Ren Zu’s cauldron control technique at the last moment.

Only then did the nine dragons divine cauldron rely on the ability it released to stop the momentum.

However, a large portion of its energy was transmitted to Su Yu’s body.

His ten thousand feet long dragon body was immediately struck into the spatial crack.

Su Yu’s body fell into the depths of the space, and his surroundings were filled with icy cold nothingness.

His eyes reflected a fragmented and broken broken space.

At the same time, in the depths of the nothingness beneath him, there was an endless amount of terrifying energy that formed an incomparably dazzling ball of light.

As Su Yu gradually approached, his body began to melt uncontrollably bit by bit, heading towards destruction.

That was the forbidden core of the forbidden forest.

Anyone who approached it would die without a doubt!

Su Yu struggled to activate the law of life to repair the injuries on his body. He raised his head to look at the space fragment that he had fallen into.

At the Space Gap, Su Yu could faintly hear Qin Xian 'er's anxious cries.

However, Su Yu's line of sight was not Qin Xian 'er, but Qin Xian 'er stretched out her hand, and a pitch-black figure stretched out.

Within the figure, evil Qi ran rampant, containing an incomparable evil intent.

There was even a human face with an evil smile that was not a smile within the figure.

“Evil! Loose! Person!”

It was the evil loose cultivator! !

How could Su Yu forget that figure, how could he dare to forget, how could he forget?

It turned out that the evil loose cultivator had always followed Su Yu and never left.

He had toyed with wayless demon to death, and he had even secretly followed Su Yu. At the critical moment, he had beaten him down into a spatial crack.

“Hehe, aren't you surprised?”The evil loose cultivator laughed evilly. A tall figure stood on the gap and cast a long evil shadow into the void.

When the evil shadow touched Su Yu, the wounds he had just recovered immediately festered, and his heavily injured body recovered.

It made Su Yu lose the ability to move, and he fell uncontrollably toward the dazzling light, continuously melting.

“Wanderer Xie!”Su Yu roared, and his roar shook the void, causing the broken space to shake continuously.

“Poor you, wayless Mo sacrificed his life to give you, how could you lose it so easily? TSK TSK!”Wanderer Xie put his hands in his sleeves and smiled faintly.

Su Yu's eyes were bloodshot and filled with heaven-defying killing intent.

However, there was nothing he could do.

What made him even more furious was that with a light wave of his hand, the nine dragons divine cauldron and Qin Xian 'er flew into his palm.

“Can't you tell that you humans still have some good things in your hands? If I'm not mistaken, this cauldron should be ancient god Nine Dragons'divine cauldron, right?”A hint of greed shot out of itinerant Xie's eyes.

Noticing Qin Xian 'er in the cauldron, the corners of his mouth curled up as he said with an evil smile, **“This should be your woman, right? Do You Want to Say Goodbye Forever?”**

Hearing this, Su Yu's pupils constricted, and his heart pounded wildly.

His already heavily injured body had an unknown strength, causing him to stop his falling momentum and fly up into the sky. **“Die! !”**

Chapter 2435 Mysterious Ball Of Light

“Oh? Are you talking about yourself?” Loose cultivator Xie chuckled and flicked his finger at Su Yu. “I can send the two of you on your way and make you a pair of lovebirds.”

With a flick of his finger, Mo Dawei’s power shot through the air and heavily struck Su Yu’s body.

Su Yu, who had finally condensed his power, was completely struck by the dazzling light.

After dealing with Su Yu, loose cultivator Xie focused his gaze on the nine dragons divine cauldron once more, his eyes blazing. “I’ve long felt that this human is very different. I didn’t expect him to be one of the eight great ancient gods, the successor of ancient God Nine Dragons.”

It turned out that loose cultivator Xie had long suspected Su Yu’s identity.

An ordinary human was simply unable to reach Su Yu’s current achievements.

There must be some unexpected good fortune on him.

Now that he had secretly followed them, he had indeed made a shocking discovery.

“This human is really here to give me good fortune!” Itinerant Xie held the nine dragons divine cauldron and laughed toward the sky.

When he saw Qin Xian ‘er in the cauldron, an evil light flashed. “I have always kept my word. Since I said that I would make you a pair of lovebirds, I will never go back on my word.”

With a sneer, he pointed his finger at Qin Xian ‘er in the nine dragons divine cauldron.

At this moment, the diluted ancient god’s blood in the nine dragons divine cauldron surged and turned into a bloody light, sweeping toward Slayer Xie.

Slayer Xie wasn’t too surprised. He loosened his hand and threw the nine dragons divine cauldron away, easily dodging this attack.

“Hehe, this cauldron has been with that human for a while and has long recognized him as its master. How could I not be wary of the Divine Cauldron?”

Rumble --

The nine dragons divine cauldron rolled on the ground for a few weeks, but it was unable to attack the evil loose cultivator and could no longer move.

The evil loose cultivator was certain that there was no more blood-red light sweeping out. Laughing loudly, he sucked the nine dragons divine cauldron across space with his palm.

However, at this moment, a light shadow flashed across the sky without any warning.

The evil loose cultivator suddenly felt a great sense of foreboding, and his hair stood on end.

His current body belonged to someone who had no self.

His cultivation was so powerful that he had completely reached the Xuan Dao master realm.

How could something that could give him a sense of foreboding be an ordinary object?

Without thinking, he formed a seal with his two fingers and condensed a transparent bell covered in barbs in front of him.

Buzz --

The Bell had just appeared when it was attacked by some kind of existence, and a large number of barbs on the bell were killed.

A human-sized crack extended from the top of the bell all the way to the bottom, and it was about to split open.

Blood slowly dripped down from the corner of the wicked loose cultivator's mouth.

“Who is it?” The wicked expression on his face was replaced by an extremely serious expression

His eyes were like the wheels of a wheel, and he was paying close attention to his surroundings.

A loud crash sounded, and chaotic space was shattered. Wild energy surged from all directions and condensed into a multicolored python.

The Python was extremely intelligent, and its body naturally emitted the majesty of a king.

“Killing in my territory, and you still ask me who I am?” This snake was the king of holy spirits that had chased after heartless iron catcher back then.

It faintly sensed that several holy spirits had gone missing recently, so it went out to search.

Then, it was attracted over by a powerful aura, so it noticed evil loose cultivator.

Evil loose cultivator's pupils constricted. The Holy Spirit in front of him gave him a very dangerous feeling.

In terms of strength, it should not be inferior to him, or even stronger.

Under the circumstances of the same level, the Holy Spirit did not fear death, and was exceptionally difficult to deal with.

“I'm not the one who killed the Holy Spirit, but someone else,” evil loose cultivator explained.

“HMPH!” What responded to him was a sweep of the Python's tail. “There's no one else who can kill us living beings after entering the forbidden forest, right?”

The evil loose cultivator's face turned black. He didn't even have a chance to explain, so he had to deal with the king of Holy Spirit with all his strength.

“PA --”

Although he tried his best to defend, the King of Holy Spirit was too powerful.

He sent it flying with a sweep of his tail!

The evil loose cultivator had no intention of fighting the king of Holy Spirit. There had never been only one king of Holy Spirit in the Forbidden Forest.

If he attracted the king of Holy Spirit with him, his life would be in danger.

“Evil creature!”The evil loose cultivator cursed and sucked the nine dragons divine cauldron.

However, the giant Python had already rushed over. The powerful destructive energy sent the nine dragons divine cauldron flying and it fell into the other space.

The evil loose cultivator didn’t manage to catch it and wanted to chase after it in anger. However, the giant Python was coming at him, so how could he continue to search for it?

After several rounds of fighting, the evil loose cultivator was at a disadvantage.

In addition, he could faintly feel the aura of the king of Holy Spirits, which was no less than the giant python, rapidly approaching from afar.

With no other choice, the evil loose cultivator could only give up with hatred and withdraw from the Forbidden Forest.

After chasing for a while, the giant Python lost him.

“Soaring snake, who is that person? Is he a survivor of the previous era, or an old monster who luckily survived at the beginning of this era?”An octopus covered in flames jumped over.

The giant Python’s huge head was far away. “Neither. That Aura should come from the mysterious Dao Palace.”

“That’s not important. That guy seemed to have found a very special cauldron just now. Let’s go and find it.”It turned out that Teng she was also eyeing the nine dragons divine cauldron.

The two kings of Holy Spirit immediately flashed and appeared in the space fragment that the nine dragons divine cauldron had dropped.

However, the Divine Cauldron was nowhere to be found.

Teng she searched for a long time but to no avail. She looked at the crack. “Could it be that he fell there?”

The blazing fire octopus shrunk its body. “Don’t even think about falling there.”

“Sigh! Bad Luck!”The giant python also looked at the dazzling ball of light in the crack with extreme trepidation and left.

..

In the crack.

Su Yu’s body was as heavy as a mountain. He kept sliding down toward the dazzling ball of light.

His body became lighter and lighter under the melting of the light.

In the end, he was weightless.

Su Yu felt like a feather, falling to the ground like snow and disappearing without a trace.

Even his consciousness was falling into a deep sleep, falling into eternal darkness.

His mind was filled with hatred and sorrow.

He hated himself for being too useless and not being able to protect his woman.

The sad thing was that he had just made a promise that he would never be separated from Xian 'er. In the blink of an eye, they were separated by Yin and yang.

As he thought, his consciousness slowly disappeared.

Just as he fell into eternal darkness, he was suddenly awakened by a light surprise.

“What kind of cultivation does this human cultivate? What a mess.”

Su Yu's consciousness suddenly became clear. He tried his best to look with the eye of his soul. At a close distance, he could finally see the original appearance of the ball of light.

It was an incomparably dazzling ball, and the ball constantly emitted a threatening holy light.

And on the ball of light, there was actually a strange person who was tied up by chains. His entire body was covered in hair, his clothes were old and tattered, and his beard was so thick that it almost completely covered his face.

From the traces of the chains, this person should have been trapped on the ball of light for a very, very long time..

The strange thing was that he was actually still alive.

“Let me see. HMM, he has cultivated the eight great laws, the Sword Dao, the body refining technique of the dragon tribe's insects, and the Soul Dao... it's all a mess.”The bearded old man shook his head in disdain at Su Yu's cultivation.

However, what Su Yu was paying attention to at this moment was not his attitude, but the fact that he had revealed Su Yu's roots!

It was the first watch. He had some matters to attend to recently, so he had to make up for it on the fifteenth.

Chapter 2436 Sky Splitter Patriarch

“Other than the eight great laws, the rest are just so-so.”The bearded old man had a look of disdain on his face.

Su Yu frowned slightly when he heard this.

This person was indeed strange, but wasn't he taking himself too seriously?

Sword Dao and the dragon race body refining technique that he spoke of might have their limitations, but soul dao was the “Son of Heaven's aura-gazing technique”, which was passed down from his master, Yun Yazhi.

It was hard to accept that the other party looked down on him so much.

“If you really had the ability, you wouldn't be cooped up here,”Su Yu said calmly.

Hahaha --

The bearded old man threw his head back and laughed loudly. His laughter was filled with confidence and arrogance. "In this world, who has the right to seal my sky-splitting patriarch? I sealed myself here!"

Himself?

Su Yu's eyes were filled with suspicion.

Who in the world would seal himself in a forbidden forest where no one could be seen?

"You won't understand even if I tell you." The Heaven Splitter did not bother to explain to Su Yu. He sized Su Yu up from head to toe, he chuckled and said, "Since you fell into my hands, there's no reason for you to leave alive. Tell me, where do you want me to Eat You First?"

Su Yu had just noticed that there was a pile of dust-filled bones of unknown lifeforms near the sphere of light.

These were probably the almighty experts who had accidentally ventured deep into this place back then, right?

In the end, all of them ended up being eaten by the freak in front of him.

Even though he understood this point, Su Yu's expression was still very calm.

He had already died once. What else did he care about?

"Oh? You're not afraid of Death?" Heaven splitter patriarch was slightly surprised at Su Yu's calmness.

Su Yu looked up at the space above him and laughed self-deprecatingly. "There are many, many more things that are more terrifying than death..."

His heart surged with intense sorrow. Qin Xian 'er should have already met with misfortune, right?

Her death was what Su Yu was truly afraid of.

His death had long been ignored.

"Oh? You humans are very strange. A young lady who came here previously said something similar to me. What is more important than life in life?"

Su Yu suddenly thought of a person in his mind.

He used his finger to draw a figure in the air. "Is that her?"

"You guys know each other?" Sky-splitting patriarch was surprised. "The outer realm is indeed too small. You can easily meet people who are related to each other."

"Where is she?" Su Yu's heart beat slightly, and he had an especially bad feeling.

When he was cultivating, he suddenly woke up from his meditative state, and a great sense of sorrow welled up in his heart.

He had once guessed that it was most likely the heartless iron catcher.

Hearing the news, how could Su Yu not be eager?

A trace of luck lingered in his heart.

“She is not as lucky as you. With the Soul Dao, when she got close to me, she turned into ashes, leaving only a skeleton.” Sky Splitter Patriarch’s eyes turned the ball on his body, revealing the scene behind him.

Su Yu looked up and his heart trembled.

A skeleton in white clothes was sitting cross-legged, maintaining the posture it had when it was alive.

Its skeleton was glowing like jade, peaceful and quiet, just like how it was when it was alive. It was as calm as water.

Su Yu’s eyes turned hot, and his heart echoed with grief. His heart was gripped tightly, making it impossible for him to breathe.

“Heartless!” Su Yu moved with great difficulty, his heart as dead as ash.

The woman he loved and his confidant all dispersed like the wind.

What was the meaning of his existence?

“I advise you not to get too close. This member of your race is the successor of ancient god Jin Xuan, so you can’t touch his body. Even if I touch it, I have to think twice,” sky splitter patriarch said.

As if responding to his words, when Su Yu approached the body of heartless iron constable, a layer of golden flames appeared on the surface of his body.

The Flames were extremely terrifying. They far surpassed the level of the divine flame demoness, and even surpassed Dao Master Xuan.

“Successor of ancient God?” Su Yu’s heart trembled.

Ancient god Jin Xuan... In the wicked sovereign cemetery, there was a cenotaph of ancient god Jin Xuan, right?

She didn’t expect that heartless catch would be one of the eight ancient gods, the successor of ancient god Jin Xuan.

However, when she thought about the abnormally powerful golden black tortoise in her hand, she felt that it was reasonable.

Such a peerless treasure could only be an ancient god’s inheritance.

But this was no longer important.

She had already perished.

At this moment, a crack appeared on the ground in front of heartless catch, and a golden black tortoise clumsily crawled out.

It was the heartless criminal Constable's magic treasure, the Golden Black Tortoise!

After it appeared, it opened its mouth and sucked in all the Golden Flames on the heartless criminal constable's body.

Then, it looked at Su Yu without blinking.

Su Yu smiled sadly, "Do you want me to collect the corpse of the heartless criminal constable?"

The golden black tortoise nodded.

Su Yu walked forward bitterly and touched the shoulder of the heartless criminal constable gently. In a trance, she saw a woman in White who was determined to sweep away the darkness in the world and create a world of light.

She was full of righteousness, making it impossible for people to look at her directly.

Kacha --

Suddenly, when Su Yu touched her remains, her arms that were forming seals naturally drooped down.

Su Yu originally did not care, but after taking a closer look, she discovered that her drooping hand had four fingers bent, and her index finger was extended straight, pointing three inches in front of her.

The strange posture made Su Yu look over there. Her clairvoyance eyes swept over, and her pupils constricted.

Three inches in front of her, a jade green round pearl lay quietly. It was the nine jade spirit pearl that Su Yu had given to her!

However, not only was there the nine Jade Spirit Pearl, there was also a tightly sealed throne, which was constantly struggling.

"Heaven! Earth! God! Throne!" Su Yu enunciated each word clearly.

Every word was like a knife cutting through her heart.

If he remembered correctly, when he bid farewell to constable heartless in the ancient glazed cave, he had said that he regretted his life.

One was Qin Xian 'er, and the other was the god of Heaven and earth..

In order to fulfill Su Yu's long-cherished wish, constable heartless chose to fly into the fire like a moth and die in the forbidden forest..

His chest was like the surging waves of ten thousand seas, and his expression was mixed with regret.

What was there about him that was worth constable heartless choosing death over regret?

"Sigh, a stubborn girl." Sky splitter patriarch looked at the attitude of the heartless iron constable's right hand and sighed with a complicated expression. "In the end, he still held back."

Su Yu raised his head to look at the sky, and grief surged in his heart. "What's going on?"

If the heartless iron constable really was as sky splitter patriarch had said, he would have been reduced to ashes by the time he got close to him. How could he still have time to hide the nine Jade Spirit Pearl and the divine seat of Heaven and earth?

"Although her soul is destroyed, her consciousness is still lingering because of her obsession," sky splitter ancestor said. "She made a deal with me. I will keep the divine seat of Heaven and earth and the spatial storage item and wait for you to take them away. She will hand over ancient god Jin Xuan's Legacy Treasure to me."

"I have another condition. I Won't hand it over to you for free. If you can find it when you come, it will be yours. If you can't find it, it will belong to me. I agree." Sky splitter ancestor sighed. "I didn't expect that this little girl's last bit of consciousness had tampered with her own skeleton and gave you a hint."

Without this hint, Su Yu might not have been able to find the nine Jade Spiritual Pearl and the divine throne of Heaven and earth.

Su Yu was even more moved. A hint of sadness flashed across the corner of his eyes. "Unfortunately, it's already too late."

If the divine throne of Heaven and earth had fallen into his hands earlier, would the heartless iron catcher have perished because of it?

"Late for what?" Sky-splitting patriarch said hoarsely. "Death is not the end of Life!"

Su Yu understood the meaning of these words the most.

Death was indeed not the end of life.

Because it could still bring the dead back to life.

He tried to use his life force to restore the flesh and blood of the heartless captor, but he found in despair that life force had no effect on his body.

"Don't waste your energy. Not all deaths can be saved by your life law," sky-rending patriarch said faintly.

Chapter 2437 Time Domain

Su Yu's mind was shaken.

He was not trying to revive the heartless catch. He could only use the resurrection technique once a day, and he had already used it.

Now, he was only using the power of life to restore his body.

However, it was useless.

His heart sank, and he pointed at the heartless catch's glabella. "Reverse the flow of time and space!"

The laws of time and space reversed at the same time, restoring the heartless catch's body to the point where it had never been reduced to a skeleton.

However, what shocked Su Yu was that it was still ineffective.

"Is it because of the Forbidden Forest?" Su Yu asked in a serious tone.

The Forbidden Forest was formed from the remnants of the ancient war. It was not impossible for it to interfere with the eight laws.

"Hehe, you're thinking too much." Sky splitter patriarch said in a hoarse voice, "The reason your laws are unable to affect her body is because of her."

Her?

Su Yu suddenly realized something, and his eyes darkened. He said in a low voice, "Is it because she's the successor of the ancient God?"

"You're a child that can be taught," sky-rending patriarch said.

It really was so!

He had long felt that the more powerful a living being was, the more difficult it would be to bring them back from the dead.

His laws were useless against heartless iron capture. There was only one possibility, and that was that she was the successor of the ancient god.

Su Yu's heart sank.

Successor of the ancient god..

Just one identity was enough to kill her.

"Human, you can't save her, but just as I said, death is never the end of life. Life will be reborn in another way." Sky-rending patriarch seemed to have a deeper meaning. "If you persevere, one day, we will meet again."

His words were mysterious and unfathomable.

"This old man has always kept his word. Since you found the divine seat of heaven and earth and that bead, they belong to you." Sky-rending patriarch hooked his finger, the golden black tortoise flew into his palm. "And the inheritance of ancient god Jin Xuan also belongs to me."

The golden black tortoise was completely defenseless and fell into the hands of sky-rending patriarch.

After glancing at Su Yu, heaven splitter patriarch indifferently said, "Quickly complete your eight laws. Otherwise, the group outside the forbidden forest will be in danger, including the woman of your ancient god of nine Netherworld's successor."

Ancient God of nine netherworld?

Su Yu was slightly confused, but his mind was immediately shaken.

Could he be talking about Qin Xian 'er?

That Strange Little Phoenix that was similar to the golden black tortoise... could it also be an inheritance of an ancient god?

He was pleasantly surprised and worried at the same time.

He was pleasantly surprised that Xian 'er was still alive.

He was worried that, just as sky-ripping patriarch had said, the evil loose cultivator was the greatest threat.

He had threatened to unify the outer realms in order to resist the catastrophe of Heaven and earth.

What he was going to do next would definitely threaten Qin Xian 'er and the entire outer realms.

“Thank you, Senior!” After realizing that sky-ripping patriarch was not as cannibalistic as he had described, Su Yu gratefully bowed and immediately stared at the divine seat of Heaven and earth.

After so many years of not seeing each other, the divine seat of Heaven and earth had long recovered its vitality.

However, there was still a lingering fear of Su Yu in its heart.

Back then, because it refused to submit to Su Yu, it was almost torn apart by Su Yu.

Being stared at by Su Yu, the divine seat of Heaven and earth in the seal trembled. It recalled the painful memory of being almost destroyed by Su Yu.

“It seems that you still remember me.” Su Yu tore off the seal with one hand and said coldly, “Cooperate with me to become a dao master. Otherwise, I will completely destroy you!”

As if he could understand Su Yu's words, the divine seat of Heaven and earth did not move and did not dare to resist at all.

Su Yu's eyes were cold and indifferent. He jumped up and sat cross-legged.

Within the divine seat, vast divine light soared into the sky and swallowed Su Yu.

His mind instantly became clear. The seven laws outside of the space laws continuously revolved in his mind.

The Dragon of time, the Dragon of space, the dragon of Soul... The small dragons formed by the seven laws swam in the divine light and continuously absorbed the divine light.

As Su Yu's comprehension continued to improve, the dragons of the laws underwent changes one after another.

Their bodies first gradually expanded, and they continued to become transparent. When they expanded to an extreme, they exploded like fireworks, scattering into the sky, forming a dynamic picture.

The first to explode was the dragon of time.

An ancient hourglass stood upside down in the world.

Inside the hourglass, drops of elite water dripped down slowly and steadily like sand.

“Time freeze!” Su Yu pressed down on the hourglass with his palm.

The water drops stopped dripping, and an invisible aura spread out in all directions with the hourglass as the center.

Wherever it passed, time was frozen.

Sky-splitting patriarch, who was about to sit cross-legged and study the golden black tortoise, stopped for three breaths before he managed to get rid of the influence of the hourglass.

He raised his eyes in surprise and praised, “It’s a time domain that I haven’t seen for a long time. The last time I met her was when that little girl had just become an adult.”

Su Yu ignored him and closed his eyes to continue the domain transformation of the second law.

The desire for revenge in his heart was like a raging flame that could destroy the world.

Mo Wudao’s death and Qin Xian ‘Er’s life and death were unknown. It was all thanks to itinerant Xie!

“Evil loose cultivator, just you wait!” Su Yu sat firmly on the divine throne of Heaven and earth and said with his eyes closed. Occasionally, the cracks in his eyes were filled with an icy light.

At that time.

The evil loose cultivator escaped from the forbidden forest, extremely unwilling.

“The Nine Dragons Divine Cauldron missed me!” The evil loose cultivator’s heart was filled with injustice and resentment. The soaring snake and the octopus king of Holy Spirit had suddenly appeared.

If not for them, the nine dragons divine cauldron would have been in his hands.

However, he was still not a match for the two king of the Holy Spirit. If he were to barge in again, he would only be courting death.

“Forget it. After I finish that matter, I can kill my way into the Forbidden Forest and snatch it back.” The evil loose cultivator raised his eyes and looked at the pairs of shocked eyes.

The strongest almighty experts of the four regions were all here.

The demon Vajra of the northern region, the green and white dragons of the Southern Region, the Immortal Weng of the South Pole and the divine flame demoness of the Western Region, and the East Region’s divine residence.

A wicked smile blossomed on the corners of evil loose cultivator’s mouth. “They’re all here. It’s much easier.”

As he spoke, he blew a breath of air at everyone present.

This breath contained the power of the profound dao that transcended the outer regions, and it turned into tens of thousands of sinister talismans.

The experts of the four regions realized that something was wrong, and they fled like birds and beasts. They roared again and again, “Evil loose cultivator, what do you intend to do?”

Everyone was shocked by the unrivalled divine might that evil wanderer displayed.

The Evil Wanderer, who had hidden his strength well, actually broke through to the Xuan Dao Master realm without a sound!

While fleeing wildly, a group of people led by the demonic vajra tried to resist the talismans that filled the sky.

However, the power of the talismans was astonishing.

They completely ignored their resistance and forcefully entered their bodies.

The moment they entered, whether it was the demonic vajra, the green and white dragons, or other creatures, the moment the talismans entered their bodies, their bodies immediately stiffened and their consciousness quickly retreated.

How similar was this appearance to that half-life puppet?

In the sky, in the pavilion, the gray-robed old man holding a sword was furious. “Impudent evil demon, how dare you disturb an eight-star civilization?”

The power of the profound dao in his body surged.

He was also an expert of the Profound Dao Master!

The evil loose cultivator sneered and took out a token with a flip of his hand. “Old Man, I advise you to mind your own business. Some business is not something you can meddle in!”

Seeing this token, the gray-robed old man’s anger quickly disappeared, replaced by shock and fear.

After staring at the token for a long time, the gray-robed old man pulled out his ancient sword and returned to the vortex with the pavilion. They left the outer realm and returned to the eight-star civilization.

The once-in-a-hundred-years recruitment of an eight-star civilization ended just like that because of a token..

Chapter 2438 Creating Puppets

After chasing away the recruitment envoy of the eight-star civilization, an evil light shot out from evil loose cultivator’s eyes. “It’s finally quiet!”

He took a deep breath and focused his gaze in the direction of the East region divine palace.

“Evil reverent cemetery, come!”The body that belonged to the selfless person bloomed with runes from the Mysterious Dao Palace.

Streaks of blood shot out from the runes and shot into the distance.

A moment later, the sky rumbled and the earth cracked. It was as if a prehistoric beast was stepping on the stars.

Boundless nothingness surged and stirred up huge waves in the sky. It was extremely shocking.

Looking Up, a huge cemetery filled with tombs flew over.

It was the tomb of the evil sovereign!

Streaks of blood pulled the tomb of the evil sovereign from afar.

Those runes were something that the mysterious Dao Palace had imprinted on the body of the selfless person. Their goal was to control the evil venerable's tomb in time.

They had never thought that they would instead be used by the evil loose cultivator and pull the evil venerable's tomb from the depths of the eastern region to this place.

Staring at the tombs on the ground, the evil loose cultivator's eyes were filled with excitement. "I've finally waited for this day!"

With a wave of his sleeve, those blood threads drilled into the ancient tombs of the ancient mighty figures one after another.

The ancient tombs of the evil reverent cemetery were filled with peerless experts that were difficult to bury. Their remains were born with wills in the evil reverent cemetery, ready to break through at any moment.

But because every tomb was sealed, they could not escape, and outsiders could not open the tombs.

But the blood threads ignored the seals and restrictions and burrowed into the tombs.

Apart from the few ancient gods in the center, which couldn't enter because of the powerful restrictions, most of the other tombs had been invaded by the blood threads.

"Come out!" Untainted xie shouted, and wisps of soul fragments were dragged out of the tomb by the blood threads.

Those were the remnant souls of ancient mighty figures, and they contained a portion of the memories of those mighty figures.

"Go in!" Under the control of untainted Xie, the remnant souls flew into the bodies of the creatures controlled by the talismans.

They had already lost their sense of self, and their consciousness was immediately replaced by the consciousness of the ancient almighty, quickly becoming half-life puppets within a short period of time.

As long as time passed, the tens of thousands of experts in front of them could all become great venerate realm puppets.

"How many years has it been? I've finally taken the first step." The evil loose cultivator couldn't hide his excitement.

With his previous strength, if he wanted to create so many half-life puppets within a short period of time, he wouldn't be able to do it even if he wanted to.

But now, after obtaining the body of the selfless person, he was almost omnipotent.

“Once the puppets mature, I can set up the heaven-inducing nine tribulations formation to resist the destruction of the era seventy years later!” Wanderer Xie was overwhelmed with emotions.

However, things didn’t go as he had hoped.

A series of popping sounds could be heard.

Wanderer Xie looked over, and his face slightly sank.

Many experts with lower cultivations had died on the spot after having their remnant souls fused with their bodies.

The western regions were the most affected.

Many of the younger generation had died on the spot, including the greedy wolf king who had lost his fate dao bead.

It was a pity that he had rushed all the way here and lost his life before he had a chance to be a hero.

On the other hand, Xia Ruchen, whose cultivation level was almost the same, was able to withstand it. Although his expression was in pain, there were no signs of death.

The evil loose cultivator roughly counted that only three-quarters of the people in the four regions had survived.

Moreover, many of them were in bad condition, and their life states were rapidly declining.

In the end, there was no guarantee that even ten thousand of them would survive.

“Useless trash.” Evil loose cultivator was very dissatisfied. “A half-life puppet requires a body with extraordinary talent to be able to withstand it.”

He raised his eyes and looked at the forbidden forest.

The most outstanding group of young elites had already followed Su Yu into the forbidden forest.

“You all go in separately and capture your own juniors. Don’t make any mistakes!” Evil loose cultivator didn’t dare to go deeper into the forbidden forest.

His cultivation was too high. Once he entered, he would immediately attract the two kings of Holy Spirits.

On the contrary, the cultivation of these teachers was neither high nor low, so it was safer.

Immediately, the demon Vajra of the northern domain, the green and white dragons of the southern domain, and the radiant jade of the western domain all obeyed the order and entered the forbidden forest.

Among them was the divine flame demoness.

The one she wanted to capture was none other than Su Yu!

A group of more than ten people entered the forbidden forest and quickly searched for their juniors.

At that time.

They did not know that there had been a huge change outside, so they were focused on searching for the Holy Spirit.

They passed by without any gains.

Finally, they arrived in front of a chaotic spatial gap.

“There are signs of a battle here.” Mo Wuhui’s eyes were sharp. He looked at the mess on the ground as well as the remnants of evil energy. He said solemnly.

Dancing Rain’s eyes turned and she jumped into an isolated space in front of her.

This space was normal except for some huge footprints on the ground.

Just as dancing rain was about to confirm whether it was safe or not, her ears suddenly twitched and she shouted coldly at the edge of the space, “Who is it? Come out!”

She looked over and saw a small palm covered in blood. It was tightly holding onto a corner of the edge of the space, trying to prevent herself from falling down.

Sensing that something was wrong, rain immediately walked forward and looked down. She was surprised to find that it was a girl whose face was as pale as paper. She had one hand on the edge of the space, and most of her body was trapped in the space turbulence, unable to escape.

If not for her faint cry for help just now, which had passed through the space turbulence with great difficulty and reached Rain’s ears, the latter might not have noticed it.

“Are you the one from the Western Region?” Of course, she had a deep impression of the second person to enter the forbidden forest.

After pondering for a moment, she stretched out her hand and pulled the girl up from the spatial turbulence.

“Thank you,” the girl said gratefully, but her eyes did not leave the spatial rift for a moment.

Her eyes were filled with anxiety and anxiety, which could not be concealed at all.

“Who fell in?” Rain followed her gaze and looked over. When she noticed the light ball, her eyes were burning with pain, making her look away in fear.

“Brother Su Yu.” The girl pursed her lips and clenched her fists.

She was naturally Qin Xian ‘er.

After the king of Holy Spirit brought the tripod to this space, she jumped out of the nine dragons divine cauldron and put it away, while half of her body jumped into the spatial crack.

It was to protect Su Yu’s nine dragons divine tripod from evil loose cultivator.

However, she was not proficient in space and could not extricate herself from the spatial crack. Luckily, Su Mu Yu found out.

“Su Yu?” Su Mu Yu was shocked.

Just a glance at that ball of light was enough to make one feel extreme pain, let alone falling into it?

No matter how powerful Su Yu was, she would still die, right?

Thinking of this, Su Mu Yu's mood was depressed. She sighed with mixed feelings, “I once saw you as my only hope. What a pity.”

Mo Wuhui, Gu Wang, and the others arrived one after another.

When they found out that Su Yu had fallen into it, they all felt complicated.

Some gloated, some heaved a sigh of relief, and some felt deeply regretful.

To be able to become the ruler of a region before the age of 150.

How could they not sigh when such a person disappeared just like that?

“This path is already the end. It seems that we have to find a new path to capture the king of Holy Spirits,” Mo Wuhui suggested.

Everyone nodded in agreement.

They represented the strongest experts in the outer realm. If they worked together, it should be easy to kill a Holy Spirit.

However, at this moment, a group of majestic auras swept over crazily like the autumn wind sweeping the fallen leaves.

Chapter 2439 Guru Golden Light

A group of experts led by the Demon King Kong and the Azure and white dragons charged straight at them.

Mo Wuhui noticed the Demon King Kong at first glance and cried out in surprise, “Why is the demon lord here?”

Gu Wang was also stunned, “Guardians, why are you...”

As the two spoke, they took the initiative to welcome them, preparing to greet them.

“Don't go! There's something wrong with them!” Dancing Rain shouted coldly, waking the two of them up.

Mo Wuhui and Gu Wang had always felt that it was strange for their elders to come to the forbidden forest together. After being reminded, they immediately noticed that their eyes were slightly dull and their expressions were very stiff. It was completely different from normal times.

“Demon lord, can you hear what I'm saying?” Mo Wuhui's eyes turned slightly as he probed.

However, Demon Vajra didn't say a word. His expression didn't change at all. He only rushed towards Mo Wuhui.

Finally, his expression completely changed.

“Run!” Mo Wuhui’s heart sank to the bottom. He turned around and fled.

His heart was anxious. He didn’t understand what had happened. He only knew that the demon lord had bad intentions towards him.

Long before he warned him, Rain and Gu Wang had already seen that the situation was bad and escaped first.

The other Heaven’s favorites were all quick-witted people and fled in all directions.

Whoosh --

A group of elders arrived with a strong wind, causing the entire world to tremble.

They each stared at their own juniors and captured them separately.

Those with relatively weaker cultivations were soon captured by their own elders.

Only Rain, Xian ‘er qin, Wuhui Mo, and Gu Wang had their unique skills and temporarily escaped the pursuit of the elders.

Among them, the one chasing Mu Yu was his original teacher from the White Tiger Group.

Their cultivation levels were similar to Mu Yu’s, and they were all at the advanced stage of the Heaven Tier.

In a one-on-one fight, Mu Yu barely had the strength to fight. However, the opponent had the advantage in numbers, so she could only run away.

And the one chasing after Qin Xian ‘er was the South Pole Immortal Weng.

If Qin Xian ‘er took out the Netherworld Phoenix’s magic tool, the South Pole Immortal Weng would definitely die.

However, she was extremely weak at the moment and could not deal with it. She could only run for her life.

One chased while the other fled. Qin Xian ‘er did not choose any direction and fled into a sealed and desperate situation.

She turned her head to look at the South Pole Immortal Weng whose eyes were ice-cold. Qin Xian ‘er pursed her lips tightly and tried to use her last bit of strength to summon the Little Black Phoenix.

However, without Su Yu holding the fort from the side, how could she fight for the precious time of ten breaths?

While she was still in the process of summoning, the South Pole Immortal Weng arrived with an overpowering force.

Its domain instantly opened up, and a magnificent scene of danger slowly descended, enveloping Qin Xian ‘er.

Qin Xian ‘er immediately felt her body stiffen and unable to move, as if she had been embedded into a painting.

The South Pole Immortal Weng walked over expressionlessly and grabbed Qin Xian 'er's shoulder, preparing to take her back and hand her over to itinerant xie.

If that was the case, Qin Xian 'er would definitely die.

And the nine dragons divine cauldron would also fall into itinerant Xie's hands.

"Dream!" But at this moment, the color of the South Pole Immortal Weng's domain suddenly changed drastically.

What was originally a place full of immortal qi turned hazy pink in the blink of an eye.

A domain was the exclusive domain of a DAO Master. If his domain was forcefully changed by the enemy, there was only one possibility.

The enemy's domain level was far above his own!

Since the South Pole Immortal Weng was an intermediate domain, the newcomer's domain was very likely a high-level one!

Once its domain was changed, the South Pole Immortal Weng's Dazed Eyes slowly closed, and it just stood there and fell into a deep sleep.

After losing its own support, the immortal realm domain naturally dispersed.

Qin Xian 'er was saved because of this.

"Thank you for saving my life, sir." Qin Xian 'er bowed in all directions and said gratefully.

The situation just now clearly had the help of an expert.

Swoosh --

A light figure fell. It was a woman with a light veil on her face.

Her figure was graceful like a dream. Her eyes were as cold as snow, but also as dreamy and unreal.

"Who are you to Su Yu?" Ruxue asked softly. Her pair of crystal eyes kept sizing her up, full of curiosity.

Qin Xian 'er was curious. Could the woman in front of her be someone to Su Yu as well?

"I'm his..." Qin Xian 'er blurted out, but she took back her words. "Let's call them friends."

She mocked herself in her heart. What right did she have to call herself brother Su Yu's wife?

In this world, which wife would forget her husband completely?

"Friend?" The ruxue woman's eyes were filled with doubt, but her expression was clearly much more relaxed.

"What About You?"

“A woman,”the Ruxue woman said calmly.

Qin Xian ‘er was stunned. Brother Su Yu’s woman?

Her heart immediately clenched, worried about gains and losses.

Could it be that during the time she lost her memory, brother Su Yu’s new wife?

Thinking of this, her heart felt unusually uncomfortable.

“You entered the forbidden forest earlier than me. Did you catch up to Su Yu?”The ruxue woman asked.

Qin Xian ‘Er’s eyes were dim. “Brother Su Yu is already in danger... but I believe that he is still alive.”

Regarding this, the RUXUE woman actually nodded in agreement. “Yes, he will indeed not die.”

Looking at the woman in front of her who seemed to understand Su Yu very well, Qin Xian ‘er felt even more uncomfortable. She kept pondering in her heart. Could it be that what brother Su Yu said to her was all her own wishful thinking?

She was clearly prepared to continue the relationship between them.

But why..

“We’ll talk after we leave this place.”Ruxue looked around vigilantly.

On her way here, she had been chased by several holy spirits. Such a huge commotion would definitely attract them here.

The two of them immediately left. Not long after they left, several holy spirits chased after them.

One of the holy spirits sniffed the spot and revealed an excited expression. Then, he threw his head back and howled.

Not long after, a fluorescent light appeared nearby without any warning.

The fluorescent light gathered into a giant python.

“Where is it?”The giant Python was none other than teng snake.

The Holy Spirit pointed at the ground. Teng snake looked over and his snake eyes narrowed slightly. “It is indeed the remnant aura from my body. That divine cauldron has been here before.”

The greed in her eyes intensified.

Then, Snake Eyes suddenly stopped and looked in the direction where Qin Xian ‘er had left.

“Can you escape?”The huge snake body suddenly dissipated and turned into a fluorescent light.

On the other side, Mo Wuhui and Gu Wang racked their brains to escape.

However, the difference in their cultivation levels was too great. In the end, they did not escape for too long and were captured one after another.

At this point, other than Qin Xian 'er, Lady Ru Xue, and dancing rain, the rest of the juniors were all captured.

They would never have thought that what was supposed to be an eight-star civilization recruitment would turn out to be a battle between their juniors and their elders.

It had to be said that this was a great irony.

After capturing them, evil loose cultivator was somewhat dissatisfied. "What a pity for that girl, Dancing Rain."

Besides Su Yu, dancing rain was the number one heaven's favorite in the entire outer realm.

Her body should be able to withstand an extremely powerful ancient remnant soul.

"Evil loose cultivator, why don't you let me do it?" Suddenly, one of the people controlled by the talisman couldn't be controlled and said.

Evil loose cultivator shifted his gaze, and Xu Ming's figure was reflected in his eyes.

"No wonder, it's You," Evil Wanderer said.

A faintly discernible golden ring floated around Xu Ming's body. Under the Golden Light, his young and tender face was particularly vicious. "I've long seen that Su Ming isn't a good person. That rain su defected to him because she was blind."

He betrayed him at the last minute and joined the qilin group.

In the end, not only did he not receive any benefits, he was heavily punished and became a slave.

During that period of time, Xu Ming suffered an unprecedented humiliation in his life. Even the most inconspicuous student stepped on his face and peed on his head.

Towards Xu Ming, who had an extremely high self-esteem, this was a hatred that was engraved in his bones.

And the root of all this was due to Su Yu.

Without Su Yu, how would he have ended up like this?

Now that Su Yu had gone deep into the forbidden forest, he could do nothing about it. However, his friend might not necessarily be unlucky.

"Can you do it?" Xie wanderer sized Xu Ming up and asked.

Xu Ming gritted his teeth. "I can! I can prove it to you!"

Xie Wanderer narrowed his eyes. Xu Ming was a very special existence. This matter was not a secret among the upper echelons of the East Region Divine Prefecture.

Back then, Xie Wanderer had drawn out the remnant soul of an ancient mighty figure with an extremely high status. His name was Guru Golden Light.

He had injected the remnant soul into Xu Ming's body and was prepared to refine it into a half-life puppet.

However, a strange change occurred midway, resulting in failure.

There was still a remnant soul in Xu Ming's body, but it did not occupy Xu Ming's body and was unable to unleash the power that the remnant soul should have.

He was disappointed and prepared to destroy Xu Ming. However, he could not bear to see the remnant soul destroyed, so he left it to the Azure Dragon Group to nurture and let it fend for itself.

For many years, there had been no improvement.

But now, he suddenly stood up and said that he wanted to fight against Su Mu Yu. The evil loose cultivator couldn't help but take notice.

"Oh? Is That So?"The evil loose cultivator sized him up.

Xu Ming formed a hand seal with both palms. The hand seal was complicated and profound. It was extremely mysterious.

"This is..."the evil loose cultivator squinted his eyes even more. He was surprised.

After the hand seal was formed, Xu Ming turned into a golden color. A strong golden light shot out from his body, illuminating half of the star area.

His temperament had also changed greatly, and he was somewhat unfathomable.

A great venerate realm aura rolled like waves.

Moreover, that aura was still rising crazily.

In just a few breaths, he had reached the late stage of the great venerate realm!

Only then did his aura finally stop.

The evil loose cultivator revealed an evil smile of approval. "You've hidden quite well. It turns out that you've long learned to control venerable master Golden Light's remnant soul."

Now that he thought about it, his fusion back then didn't fail.

A normal half-life puppet was a remnant soul that devoured the body's original soul.

Xu Ming was different. It was the original soul that devoured the remnant soul and controlled most of its power.

It was just that he had been holding back all this time.

Xu Ming's face was filled with a trace of viciousness. "Xie Wanderer, you flatter me. I was only accidentally unearthing my full potential when I was a slave."

Before this, although he had hidden something, he had only hidden it to the middle stage of the heaven tier at most.

It was only when he was bullied by others that his temperament changed drastically. Only then did he completely control the essence of master golden light and achieve his current achievements.

"Alright, I'll leave it to you. If you succeed, I can give you a ride to the great calamity in seventy years."

Xu Ming smiled malevolently. "I don't care about the great calamity. What I care about is who bullied me!"

"Wait for My Good News!" Xu Ming leaped into the forbidden forest.

By the way, Su Muyu had used up all of her strength and finally escaped the pursuit of several teachers.

However, due to this, she was exhausted and drenched in sweat.

Chapter 2440 Death Domain

In a shattered space deep within her, she was racing against time to recover the power of the DAO Master.

Looking at the incomparably scorching ball of light outside the spatial crack, her heart was incomparably gloomy.

"Su Yu's death and the outer realm's metamorphosis, is it impossible for me to take revenge?" Rain was unwilling to accept this as she clenched her right palm tightly, and despair filled her heart.

With wanderer Xie's level of cultivation, she alone would not be able to take revenge for the rest of her life.

In the midst of her sorrow, the auras of several Holy Spirits approached her.

Three irregular-shaped holy spirits rushed over anxiously when they discovered rain's existence.

Rain smiled bitterly in her heart. "When the house leaks, the night rains. When the boat arrives at the heart of the river, the leak is mended! Is the heavens going to kill me?"

Her situation was already difficult enough, but when she was still weak, a few holy spirits came to send her into the abyss of despair.

When the Holy Spirits arrived, she took out her dao weapon with a bitter smile and decided to fight.

With the power of the Holy Spirits, she could only resist for a few breaths at most.

Gritting her teeth, she threw caution to the wind with a bitter smile and prepared to die generously.

Puff Puff --

Unexpectedly, a few consecutive sounds of destruction resounded in her ears.

She fixed her eyes and looked at the few holy spirits that were rushing towards her. Suddenly, their bodies exploded and turned into a glow that dissipated.

Dancing Rain was stunned. "Who?"

Someone who could cause the holy spirits to disappear in a single night must be someone who had reached the peak of strength.

"Senior SU, have you forgotten me so quickly?" A teasing voice sounded as the golden light from the sky slowly descended.

Looking Up, Dancing Rain's beautiful eyes reflected the image of Xu Ming wearing a golden ring as he slowly descended.

"Xu Ming?" She was surprised and shocked.

The Aura from Xu Ming's body made her heart tremble.

He was not in the heaven realm, but the grandmaster realm.

She thought she was wrong.

In her memory, Xu Ming was just a Taoist master in the fish-dragon realm, right?

How long had it been since she last saw him, and he was already in the advanced stage of the Grandmaster Realm?

It was unbelievable!

With vigilance in her eyes, dancing rain stepped back slightly.

"Senior sister Su, I saved you. If I wanted to harm you, would I need to exterminate the Holy Spirit?" Xu Ming sighed helplessly.

The vigilance in Dancing Rain's eyes eased a little, and she thought to herself that it was true.

He really wanted to harm her. He could have just stood by and watched, but it was really unnecessary to attack her.

"I'm sorry. It's just a habit." Rain said gratefully, "Thank you, Junior Xu, for saving me."

"We're both from the East Region's divine mansion. We should help each other." Xu Ming said modestly.

Rain asked, "What happened outside? Why are our teacher and the experts from the other three regions being controlled?"

Speaking of this, Xu Ming sighed, "It's the evil loose cultivator. I don't know what method he used to control all the experts."

There was actually such a thing?

There were so many experts in the outside world, but the evil loose cultivator controlled them all by himself?

Dancing Rain instinctively didn't believe it, but the truth was right in front of her eyes.

Her red lips were tight, and her heart was bitter.

Without Su Yu, she had no one to rely on, and the evil loose cultivator controlled so many experts.

There was no hope for revenge in this life!

"Senior, I plan to kill my way back and liberate the experts of the four regions." Xu Ming said calmly, "The evil loose cultivator's intentions are sinister. If he really succeeds, then it will be a disaster for the entire outer realm."

Hearing this, rain was instantly moved.

Su Yu had indeed perished, but Xu Ming was now at the late stage of the Grandmaster realm.

If he was willing to take action against evil loose cultivator, the probability of success was much higher than Su Yu's.

"If junior brother really has such intentions, I have a weakness of evil loose cultivator that I can tell you." Rain's bright eyes instantly lit up.

"Please speak!"

Rain's lips squirmed as she transmitted her weakness.

After hearing the news, Xu Ming laughed out loud, "In that case, I have a 100% confidence!"

"Really?" Dancing Rain was overjoyed. She did not notice that Xu Ming had unknowingly approached her during their conversation.

Xu Ming nodded his head deeply, "Yes! However, I have something that I need to tell senior sister."

"Please speak." Dancing Rain's heart was filled with joy. She did not realize that something was wrong.

"That is..." Xu Ming suddenly smiled evilly. "I lied to you!"

What?

Dancing Rain immediately realized that something was wrong. She quickly retreated and tried to pull away.

However, Xu Ming stood at the same spot and smiled calmly. "You overestimate yourself."

He pointed with the tip of his foot and a powerful aura rushed over, slapping dancing rain, who was flying backward, onto the ground from the sky.

PFFT --

Rain, who was already injured, was once again heavily injured. She was pressed to the ground by that powerful aura, unable to move.

"Hehe, what number one in the East Region's divine mansion? That's all there is to it." Xu Ming walked over with his hands behind his back. His young and tender face was filled with frivolity and arrogance as he said disdainfully.

Rain was shocked and angry. Just a moment ago, she had looked as if she had found a capable assistant. In the blink of an eye, she was on the verge of death.

The change was so great that it was as if she had fallen from the heavens into the netherworld.

It made dancing rain feel like she was in a dream. It was very surreal.

"Are you satisfied with this surprise?" The corners of Xu Ming's mouth curled up, and a teasing expression naturally appeared on his face.

He wanted to let dancing rain experience the feeling of falling from the clouds into the netherworld.

Looking at the once high and mighty top student of the East region divine territory being toyed with by him, Xu Ming was very satisfied with this sense of fulfillment and revenge.

Dancing Rain closed her eyes and accepted her fate.

Fortune never comes alone!

“It’s good that you accept your fate.” Xu Ming picked her up and scanned the surroundings. He said regretfully, “Actually, I came to the forbidden forest for a while and always wanted to find that human bastard surnamed Su. Unfortunately, he hid it well.”

Dancing Rain did not say anything. She sighed in her heart.

Su Yu had long since perished in the forbidden forest. How could he still be found?

Thinking about it now, it wasn’t necessarily a bad thing that Su Yu had died a step earlier.

At least he didn’t have to suffer Xu Ming’s humiliation before he died.

“If he were in front of me, Hehe, I would make his life worse than death!” A deep malice flashed across Xu Ming’s face.

In the eastern region, the person he hated the most was Su Yu!

Unfortunately, he did not have the chance to take revenge.

“Let’s go, obediently become evil loose cultivator’s puppet!” Xu Ming said coldly as he held onto dancing rain and was about to leave.

Who knew that at this moment, a pitch-black light suddenly shot out from the crack in space, even covering up the dazzling ball of light.

“Eh?” Xu Ming let out a soft ‘eh’ sound as he looked into the crack to investigate.

A mountain of corpses and a sea of blood, a dark world of death filled with wails entered his vision.

In the world, the aura of death soared into the sky as white bones accumulated one after another.

In the center of the world, there was a blood tablet formed from flesh and blood. There was only one word on the tablet.

Death!

Just one glance at that word, and Xu Ming’s entire body trembled. He could not help but shudder.

Vaguely, he felt as if his life was almost taken away by that death.

“What is it?” Xu Ming retreated with fear in his eyes.

Rain, who had also noticed this scene, felt her scalp go numb. That pitch-black world of death gave her an extremely dangerous feeling.

However, with her sharp eyes, she noticed that there was a silver-haired human sitting cross-legged on the blood monument with the word 'death'.

"Su Yu?" Rain couldn't believe her eyes and cried out in shock.

At this moment, the world of death was spinning around Su Yu.

Even the blood monument with the word 'death' was prostrating at his feet.

It was as if Su Yu was the ruler of death!

"What? Su Yu?" Xu Ming looked over and blurted out in shock, "Impossible, how could he have such a world of Death?"

It was as if their exclamations had awakened Su Yu.

Su Yu slowly opened his left eye, but his right eye was tightly shut.

The Left Eye that was revealed was unusual. It was pitch-black inside, like the eye of a monster.

Being stared at by that pitch-black eye, Xu Ming and Su Mu Yu both felt a chill run down their spines.

An inexplicable sense of panic tugged at their hearts and kept them beating wildly.

"Su... Su Yu!" Xu Ming suppressed the uneasiness in his heart and berated, "Do you dare to come up?"

Su Yu stared at Xu Ming indifferently and did not say a word.

However, the blood monument with the word 'death' under his body suddenly shone with a bloody light.

"Death gaze." In Su Yu's pitch-black left eye that opened, the word 'death' suddenly appeared.

The moment that word appeared, Xu Ming suddenly felt a sharp pain in his soul. His soul was pulled out of his body uncontrollably and flew towards the word 'death' in the Blood Monument.

"This... This is a high-level domain. How is this possible? How can you..." Xu Ming was scared out of his wits.

The black world that Su Yu was in was not a real world. It was a death domain!

Moreover, it was an extremely terrifying high-level domain.

Under such a domain, only Xuan Dao master like Xie Wanren could resist it head on.

Under Xuan Dao Master, he would definitely die.

Although he was terrified, Xu Ming struggled crazily. "Eternal Golden Light, open!"

Nine golden rings flew out from his body one after another and floated above his head, forcefully suppressing the soul that was about to leave his body back into his body.

However, under the gaze of death, the nine golden lights were broken one by one. His soul could not be retained and left his body. He was dragged into the word 'death' on the blood monument of the death domain by the gaze of death.

Ah --

With a mournful scream, Xu Ming's soul vanished into thin air without a trace.

In the space fragment, cold sweat broke out all over Mu Yu's body. His heart was beating crazily while his eyelids were trembling.

A powerhouse at the advanced stage of the Grandmaster realm had his life taken away just like that?

He didn't even have the chance to struggle?

While he was panicking, Su Yu closed his eyes again. At the same time, he raised his finger and flicked at Xu Ming's body.

A soul had actually appeared in the body that had already lost its soul!

"Creating a soul out of thin air... this... This is a soul domain?" Su Mu Yu sucked in a breath of cold air. He simply could not believe his eyes.

Since ancient times, souls were born from the cycle of Heaven and earth.

It was extremely difficult for those powerhouses of the generation to be able to maintain an indestructible soul, let alone create a soul?

"Tell the evil loose cultivator that he will die in ten days." The world of death around Su Yu slowly disappeared, and his body also returned to the dazzling light.

Xu Ming nodded and took a step forward, leaving the forbidden forest and returning to the outside world.

"How is it?" Seeing Xu Ming return from afar, the evil loose cultivator asked.

Xu Ming didn't say a word and kept approaching.

Eh?

The evil loose cultivator realized that something was wrong just now. He focused his eyes and frowned, "His soul has been destroyed?"

As soon as he finished speaking, Xu Ming suddenly self-destructed!

How terrifying was the self-destruction of a late-stage grandmaster realm expert?

The heaven-destroying divine light affected thousands of stars!

The evil loose cultivator and a group of experts who were close by weren't spared and were affected on the spot.

Many enslaved puppets were swept away into dust.

Tens of thousands of meteors were wiped out from the world.

The intense stardust blotted out the sky and the Sun, making the world of nothingness a blur.
