

Nine-Dragon 2451

Chapter 2451 Life For Life (Second Watch)

“Goodbye.” Su Yu’s feet streaked across a stretch of stars. Her true body was about to leave.

“Wait, I’ll go too.” Luo xueyi looked straight into Su Yu’s eyes, no longer dodging. After half a year, she had seen through many things.

To mortals, if the two emotions were long, how could they be together day and night.

However, in the eyes of a martial artist, no one knew whether they would be separated in the next moment, whether they would be separated by Yin and yang, and whether they would see each other forever.

Therefore, it was a precious luxury to grasp every moment.

“You?” Su Yu looked at her and said, “I might be in danger if I go.”

With his current cultivation, it was definitely not easy for him to identify danger.

“Then why did you bring her along?” Luo xueyi pointed at Qin Xian ‘er in Su Yu’s arms.

Su Yu said, “I made an agreement with her. If we don’t separate, it will be the same even if we are in danger.”

That was the agreement between him and Xian ‘er.

Even if they were to die together, they would never separate.

“Okay, then please bring me along. Because I am not afraid of danger.” Luo xueyi looked straight at Su Yu. Her gaze was firm and persistent. “If you don’t agree, I will stay here forever until you come back.”

This place was not a good place.

The many holy spirits in the forbidden forest were scattered by Ren Zu’s warning and fled to various small spaces.

If she encountered the Holy Spirit King, she would be in grave danger.

“Alright, then follow me.” The river of stars under Su Yu’s feet extended and swept Luo xueyi away, before disappearing into thin air.

East region divine residence.

Xie loose cultivator stared at the horizon that had regained its tranquility, but his heart could not calm down for a long time.

That trace of unease did not weaken. Instead, it grew stronger as the world returned to tranquility.

He pressed against his chest to stop his inexplicable palpitations. He could not understand, “Why is it like this? What did I do wrong?”

The deathly aura of the six words warned him, causing him to feel uneasy.

At this moment, the space above the east region divine mansion suddenly trembled, and a river of stars enveloped it.

Evil loose cultivator seemed to have a premonition as his heart pounded wildly. He immediately rushed out of the hall and stood in midair, looking up.

He saw a figure covered in hazy clouds in the river of stars looking down from above.

The Aura on his body was completely concealed, and he looked like an ordinary person.

However, in evil loose cultivator's perception, the other party was like an abyss, unfathomable and unfathomable.

"You are?" Evil loose cultivator probed. How could his words contain any trace of evil and wildness?

The person who stepped on the galaxy didn't say a word. A tombstone of death appeared behind him.

At the same time, a mountain of corpses and a sea of blood surrounded the tombstone of death.

"It's You?" Seeing the domain of death, the evil loose cultivator knew who it was.

Su Yu said slowly, "I said that I will take your life in ten days. It has been seven days since then. You still have three days."

Upon hearing this, evil loose cultivator immediately asked, "Sir, how have I offended you? Please let me make it clear. If I can make it up to you, I will do my best to make it up to you."

This was the thing that troubled him the most.

"There are still three days left." Su Yu crossed his arms in front of his chest and looked at evil loose cultivator indifferently, not responding to any of his questions.

In his heart, evil loose cultivator would never be able to make up for the harm he had caused to Mo Wudao and Qin Xian 'er.

Unless, he had to pay with his life.

The evil loose cultivator was furious. Anyone who was inexplicably killed by someone without giving any explanation would feel angry.

He had never done anything, so why should he be hunted down?

However, the other party's completely non-negotiable attitude left the evil loose cultivator with no choice but to be angry.

"I advise you not to go too far." The evil loose cultivator coldly warned. He led a group of half-life puppets and left the East region divine mansion of his own accord.

In order to increase the distance, Xie Wanderer used the stone plate.

In an instant, he crossed the entire East region and arrived at the North region.

Taking a deep breath, Xie Wanderer turned his head and said, "It shouldn't be possible to catch up for a while, right?"

He let out a sigh of relief and led the half-life puppets to hide underground. He hid all of his aura and tried to hide it.

After an entire day, he didn't see that person chasing after him at all, wanderer Xie's nervous heart eased up a lot. "He probably didn't expect that I would have the stone plate that was lost in the previous era. Now that we are so far away, even if he had great abilities, he wouldn't be able to find me, let alone know where I am hiding."

With this thought in mind, he laughed self-deprecatingly and sighed. "It's true that the older a person is, the more timid they are. I was so worried earlier, but it wasn't a big deal..."

But almost at this time, a leisurely reminder came from above his head, "There are still two more days."

This voice was like thunder to the evil loose cultivator!

He rushed out of the ground and saw the figure sitting in the air, sipping tea at a leisurely pace.

Beside him, there was a beautiful woman who was cooking tea for him.

From the looks of it, they had been here for a while.

It was only because of the mysterious light emitted from that person's body that their auras were concealed.

"You... When did you catch up?" Wanderer Xie couldn't believe it.

He had crossed an entire region. Not only did the other party catch up, but they could also clearly find his position.

How was this possible?

Su Yu didn't say a word. He closed his eyes and sipped his tea.

Unfettered demon gritted his teeth. He didn't believe that the other party would be able to take the half-life puppet and use the stone plate to leave the southern mountain range.

Not only that, after resting for a moment, he used the stone plate once more and arrived at the deepest part of the southern mountain range.

If the other party was able to catch up to him after crossing two regions, it would be too unbelievable.

Unfettered demon continued to lead the half-life puppet to hide underground and pay attention to the movements of the outside world.

Two hours passed, four hours passed, six hours passed..

The evil loose cultivator had never thought that two hours would be so long.

But as time passed, there was no sign of that person catching up.

Until an entire day passed, and when he was about to let out a sigh of relief, a galaxy appeared in the sky above him on time, as if it had been pre-arranged.

In that galaxy, Su Yu sat cross-legged with a calm expression, as if he had been waiting for a long time. "There's still one more day."

The evil loose cultivator was so scared that his heart almost burst.

He had been caught up, and it was so accurate!

This shouldn't be!

"How did you do it?" The evil loose cultivator asked in a stern voice, his eyes filled with uncontrollable panic.

He was sure that he had never had any contact with this person, so it was impossible for him to leave any mark on his body.

Su Yu did not reply. He just quietly meditated.

Wanderer Xie's eyes kept moving. Finally, he looked at the many half-life puppets behind him and thought to himself, could it be that one of the puppets had been marked by this person?

With this thought in mind, wanderer Xie gritted his teeth and endured the pain to abandon all the half-life puppets that had yet to be refined.

Compared to his life, these half-life puppets were not worth mentioning.

He used the stone plate alone to escape.

This time, he escaped to the western region in one breath.

After he escaped to the western region, he immediately fled to the western region without stopping.

This escape lasted for an entire day.

He passed through the sea of constellations and headed towards an even more desolate area in the direction of the Sea of constellations.

There were no signs of life there, only endless deathly stillness. Even the spiritual Qi there was thin.

Chapter 2452 Passing The Day Like A Year

However, when the day arrived.

A nightmarish voice came from his ears, "Time's up, life, stay."

Evil loose cultivator turned his head and looked into the distance. In a galaxy of stars, that figure slowly stood up.

The galaxy around him floated, sweeping up all the space in his sight.

At this moment, evil loose cultivator's heart broke down, and he cried out, "What grudge do I have with you that makes you chase after me like this?"

Su Yu didn't answer, and just casually hooked his finger in the air.

A death tombstone suddenly crashed toward him.

Perhaps it was because he was close to death, but evil loose cultivator had the will to resist, "I'm not afraid of You!"

While roaring, he released his domain, trying to contend with the death domain.

Unfortunately, the two domains intersected, and evil loose cultivator's domain was immediately dyed black by the death tombstone, and was immediately destroyed with a flick of his sleeve.

The connected evil loose cultivator grunted and spat out a large mouthful of blood.

His eyes flickered with intense shock.

Both of their realms should be that of Xuan Dao Master.

However, the difference in their domains was too great.

The tombstone of death's momentum didn't decrease and looked as if it was going to annihilate evil loose cultivator.

The courage to resist that had just been born in his heart instantly dissipated by more than half. He hurriedly urged the stone plate to choose to escape.

After crossing once, he left the western region and returned to the eastern region.

However, he didn't have time to wait for the stone plate to be fully charged. The galaxy above his head descended once again.

The evil loose cultivator's black hair scattered, and the corners of his mouth were covered in blood. His face was worn out due to his weakness, and he wasn't as spirited as before.

Raising his head to look at the galaxy, the evil loose cultivator gritted his teeth and urged the stone plate again with all his might.

When the tombstone of death pressed down on him, he escaped again.

However, just as he escaped and ascended into the sky, before he could recover, he was caught up by that person.

As such, he was in danger again and again, escaping death again and again.

After repeating it for ten times, as the evil loose cultivator's consumption became more and more severe, he was unable to replenish it and successfully activated the stone plate again.

For the last time, he fled all the way to the vicinity of the easternmost market.

Plop --

The light from the stone plate dissipated, and the evil loose cultivator fell out of it, exhausted. He didn't even have the strength to stand up.

His entire body swayed, as if he was about to fall down.

He no longer had the strength to activate the stone plate, and could only wait on the spot in despair.

The river of stars didn't get rid of him as he had been lucky. Instead, it caught up at a leisurely pace.

Looking at the indistinct figure in the river of stars, the evil loose cultivator lay weakly on the ground and said with a bitter smile, "Are you satisfied with my sorry state? Is this what you want to see?"

He was not a fool. The other party had been able to kill him many times, but had deliberately allowed him to escape.

Yet, he had caught up with him again and again.

What kind of torture was the most cruel?

It was to give people hope and crush them bit by bit with his feet, so that people could taste it back and forth in the joy and despair of escaping ascension.

And he had experienced it more than ten times.

Suffering from the torment and pain in his heart made him almost go crazy.

The figure in the galaxy finally responded to him for the first time, "Isn't what I did your favorite way?"

At that time, Mo Wudao and Su Yu finally escaped from the Dragon Emperor's demonic claws and ascended to heaven.

Not only that, but they also indirectly helped Xie Wanderer achieve his long-cherished wish.

But what about Xie Wanderer?

He didn't ask him to repay Su Yu and Mo Wudao, only to not disturb them again.

But how did he do it?

He left one of them alive, so that one of them had to die. In this way, he tested their humanity and made them face torture.

So Be it. At the most important moment of Su Yu's life, he had pushed Su Yu into a desperate situation and even tried to kill Qin Xian 'er to satisfy his desire to play with her.

What Su Yu had done now was just to repay him a hundred times over according to his favorite method.

He must have enjoyed the feeling of being played in the hands of others, right?

"Who are you? This old man has never offended a person like you." While Xie Wanderer was stunned, he was at a loss.

How could he offend an expert in the death domain?

It was impossible. There must be a misunderstanding between them.

Thinking of this, he found hope again.

Su Yu waved his sleeve, and the starry sky dispersed. The light around him flowed with the wind, revealing his true appearance.

A pair of cold eyes that were as cold as dust reflected the clear light, directly reaching the depths of his heart.

“Use your eyes and take a look again. Who... am... I?” Su Yu said coldly.

Upon seeing that face clearly, evil loose cultivator looked as if he had seen a ghost and cried out in shock, “Su... Su Yu?”

He rubbed his eyes and simply couldn't believe what his eyes were seeing.

With his long history and experience, how frivolous and childish was this action of rubbing his eyes? It completely didn't match his age.

However, it really happened at this moment.

Because he was too shocked in his heart.

He was even more shocked than being ordered by a death ruler for no reason.

Anyone could have chased after him, but it couldn't be Su Yu.

Not to mention that he had already died under the light ball that smelted all things, just Su Yu's previous cultivation alone couldn't be the super expert who chased after him until he had nowhere to go.

What cultivation level was Su Yu at?

Half-step Dao Master!

Even if he had obtained Dao Mo's cultivation level, he was only at the middle stage of the Grandmaster realm.

What cultivation level was the person in front of him at?

Dao Master Xuan!

The difference between the two was not a level, but an entire 'Dao Master Huang' realm!

How could a living being skip over the 'Dao Master Huang' realm from half-step Dao Master and directly reach Dao Master Xuan?

“As you can see!” Su Yu said coldly, “It's a pity that I didn't die in the forbidden forest as you wished.”

After confirming that it was Su Yu, the evil loose cultivator's chest heaved up and down. He couldn't describe the emotions in his heart.

At that time, he just wanted to play with this intelligent human on a whim.

Just like a god playing with a smarter ant for fun.

He swore that he had no intention of deliberately dealing with Su Yu.

“Su Yu, allow me to say a few words.” The evil loose cultivator organized his thoughts and said, “I admit that I was wrong, but I'm willing to do everything in my power to make up for it.”

Seeing that Su Yu's expression was not right, he quickly said, "For example, I know that there are several channels leading to an eight-star civilization in this outer realm, but ordinary people don't know about it."

Su Yu said indifferently, "You don't need to say it, I know."

After all, what isolated the outer realm was only a huge array formation.

Since it was an array formation, there must be a flaw.

The place of entry and exit was definitely not just the gap that appeared when the eight-star civilization was recruiting.

Otherwise, how did the carefree emperor, Qing Yun, the evil daughter, and other people of a higher civilization level come to the outer realm?

"Then what do you want? Just say it. As long as I have it, I will definitely give it to you," the evil loose cultivator simply said. In his heart, he thought that at worst, he could just give that thing to him.

However, Su Yu's answer made his heart turn cold.

"I don't want anything. I just want you to pay with your life!" Su Yu said slowly.

Chapter 2453 Mysterious Ring

He didn't know if he could save Mo Wudao's life.

But before that, he had to take away evil loose cultivator's life.

"Su Yu! Don't go too far!" evil loose cultivator suddenly took out a token from his sleeve. The token was simple and had a wonderful rhythm.

There was even some power that was higher than Xuan Dao master flowing inside.

One look and one could tell that it was definitely not an ordinary object.

"If you don't know what this thing is, I can tell you that this is the token of the eight-star civilization, the ruler of time and space. If I get the token, I'm his person. If you don't want to be trapped in the space-time rift forever and die without a burial place, you can kill me boldly," evil loose cultivator threatened fiercely.

Since Su Yu had to kill him, then he would go all out.

When the envoy of the eight-star civilization had first seen this token, he had left without a word precisely because he knew that this token was no trifling matter.

"Ruler of time and space?" Su Yu muttered.

The evil loose cultivator shook his head and said, "That's right! It's the ruler of time and space! If he were to descend, an unparalleled expert who controlled both the time domain and the space domain... Even if the entire outer realms were added together, it wouldn't be enough for him to crush them with a single finger! "If you want to kill me, you have to be mentally prepared to become enemies with the ruler of time and Space!"

Su Yu's shoulders gently shook.

Unyielding demon thought that Su Yu was afraid and coldly snorted, "If you give up now, I can let bygones be bygones and not report this matter to the ruler of time and Space!"

However, Su Yu suddenly looked at him, and an hourglass and a galaxy appeared behind him.

The two interweaved, and in the galaxy, the Sun, Moon, and stars would sometimes reverse, sometimes accelerate, and sometimes freeze. The changes were so dazzling that it made one's eyes dazzle.

And near the interweaved picture, the space-time in the world was obviously in an intense chaos.

"Space-time... domain?" Wanderer Xie sucked in a breath of cold air, pointed at Su Yu, and said in a trembling voice, "You, you also know..."

"Spacetime domain?" Su Yu's eyes focused, and the spacetime domain around him completely vanished.

The light faded away, revealing his extremely cold god eyes.

"Spacetime ruler? I'd like to meet him," Su Yu said calmly.

He had once imagined that in this world, perhaps only he and ancient god Nine Dragons could control the eight autarch domains.

But it wasn't necessarily just the two of them who could control a single or two autarch domains.

He hadn't expected that there really was a so-called spacetime hegemon.

He couldn't help but feel a desire to see who was stronger.

"Human, you... Don't seek your own death. The spacetime hegemon's level of cultivation is something an ant like you will never be able to forget. If he wanted to kill you, he would do it in the blink of an eye..." Xie Wanderer threatened.

Su Yu's eyes were as calm as water.

"If I wanted to kill you, it would also be in the blink of an eye." Su Yu was determined to kill, and the tombstone of death slammed down on his head.

With a heart-wrenching scream, evil loose cultivator was unable to resist and was suppressed by the Tombstone. His body decayed at an extremely fast speed, and he died.

Along with his soul, he was destroyed.

"Su Yu, you will regret it, you will regret it..." before dying, evil loose cultivator let out a resentful roar.

Su Yu's eyes were indifferent as he watched the evil loose cultivator turn into ashes.

Then, with a ding sound, a token and a ring fell from the ashes.

With a thought, the two objects were teleported by space and floated three feet in front of him.

He skimmed over the token.

But he took another look at the ring.

With his current eyesight, he could see through everything in the world.

Even that token, in his eyes, the internal structure and aura couldn't be hidden.

But he couldn't see through the ring in front of him.

"It's not an ordinary object," su yu said softly and put it into his spatial storage.

Looking at the ashes of the evil loose cultivator, the obsession in Su Yu's heart disappeared.

"At least, I have taken revenge for you," Su Yu murmured, but the green light around his body shone brightly.

A huge ancient tree that was green in color and connected the heaven and earth stood majestically.

A breeze blew past, and a wave of emerald light fell, stopping at Su Yu's feet.

He fixed his eyes and saw that the wave of emerald light was a seed.

Without any watering, the seed took root, sprouted, and grew. Finally, a pink flower as tall as a person bloomed on the branch.

With a pop, the flower bloomed.

A flawless body of white jade lay quietly in it.

That was the wayless demon when she was a young girl.

Her entire body was naked. She lay in it as if she was in deep sleep. Her breathing was even and long.

The huge rock in Su Yu's heart was completely put down.

After thinking for a while, she opened her mouth and spat out a black bead that was hidden in her body.

In the bead, dense demonic qi surged. It was wayless demon's natal demonic bead.

"Return it to its original owner." Su Yu placed it beside her ear and waved with a smile. "Take care."

Without stopping, she stepped on the river of stars and left with Luo xueyi.

The Breeze that left blew past her smooth and clean body, causing her to subconsciously shrink back and slowly wake up.

She sat up in a daze and looked at her uninjured body. She muttered in confusion, "I should have already died in this world, right?"

At the Grandmaster realm, her memories before she died were very clear and did not lose any trace.

She clearly remembered that she had swallowed the Dragon Emperor brand on Su Yu's body and was gradually devoured by the backlash of the brand.

But, why didn't she die?

Was everything a Dream?

But, when did the dream start?

Was the human named Su Yu also a person in the dream?

Suddenly, the back of his hand turned cold.

He looked down and saw a pitch-black bead rolling down his back.

"The Natal Demon Bead!"Wayless mo suddenly raised his head and looked around. He was indescribably excited. **"It's not a dream, it's not!"**

He remembered that before he died, he had given the natal demon bead to Su Yu.

The return of the demon bead meant that it was not a dream.

"Su Yu!"Wayless mo raised his voice and shouted. What answered him was the endless silence in the horizon..

East region divine territory.

Su Yu stood above the Azure Dragon Group. With a wave of his hand, nearly ten thousand half-life puppets were released.

He kept all of the puppets that wanderer Xie had thrown away.

There were too many people he was familiar with, such as Xia Yi'an from the seven ultimate civilization, Xuan Hua from the glazed civilization, radiant jade, and others.

"Reincarnation."Su Yu pressed his palms together, and six huge six-colored gates appeared behind him.

The six gates opened one by one, and each gate had a vortex.

The remnant souls of the experts that occupied the area all left their bodies under the summoning of the six paths of reincarnation, entering their respective gates of reincarnation and disappearing into the world.

As the remnant souls dispersed, the experts' consciousness gradually regained control of their bodies.

Everyone's emotions remained in the shock and anger before they were controlled.

Once they were freed, they subconsciously launched attacks around their bodies.

They were all gathered together. Once they launched their attacks, the consequences were obvious.

The dao marks in Su Yu's body circulated, and Majestic Xuan Dao Master's power circulated. Waves of Xuan Dao master's pressure suddenly covered the entire area.

Including the strongest divine flame demoness, green and white twin dragons, demon Vajra, and the others, they were all suppressed until they prostrated on the ground.

Under that pressure, even their bodies found it difficult to move, let alone launch an attack?

“Daoist Master Xuan?” All the almighty experts present were shocked.

They subconsciously thought that it was the evil loose cultivator.

However, when they looked up, they were all shocked.

Chapter 2454 Killing Through The Air

“Su Yu?”

“Su Yu!”

“It’s Su Yu!”

One after another, shock after another swept out like a tsunami.

They couldn’t believe that the person emitting the power of Xuan Dao Master was actually Su Yu.

If they remembered correctly, Su Yu was only at the half-step Dao Master Realm, right?

“Unspecialized Xie is dead. Everyone, Disperse.” Su Yu waved his hand, and Qin Hui and the other two teachers were teleported out.

“Let’s go.” Su Yu didn’t even turn his head and silently landed in the Azure Dragon Civilization.

Qin Hui and the other two were shocked, and they couldn’t help but follow closely behind, returning to the Azure Dragon Civilization.

On the other hand, the peerless experts were bewildered and discussed intensely.

The content of the discussion was only one. How did Su Yu become the Xuan Dao Master?

Most of the experts hesitated for a moment before choosing to leave as soon as possible. Everything that had happened before was too terrifying, leaving an indelible psychological scar.

Only a few chose to stay.

In the Azure Dragon Civilization.

With Qin Hui’s three teachers and Luo xueyi, Su Yu enjoyed peace and quiet alone.

He stood in front of a mountain range.

The ancient trees behind him slowly dispersed.

A desolate expression flashed past his eyes.

“Brother Su Yu, this is already the tenth time you’ve tried. Perhaps it really is as sky-rending patriarch said, the descendants of the ancient gods will not be able to bring back the dead.” Behind him, Qin Xian ‘er hugged him from behind and gave him a warm hug to comfort him.

Su Yu sighed in his heart.

Even if the Dao of life became a domain, it would still be unable to save the heartless iron constable.

A lingering sadness was imprinted in the depths of his heart.

“Brother Su Yu should live well for her. Only then will you not let down her sacrifice,” Qin Xian ‘er said gently, her eyes filled with gratitude.

She did not know what position the heartless iron constable held in Su Yu’s heart, but she knew that without her, perhaps the only thing she could hug now was a ball of air.

“I understand.” Su Yu held Xian ‘er’s small hand, and his heart finally felt at ease.

After coming to the Azure Dragon Civilization for a few days, he had already adjusted Xian ‘ER’s body to its original state.

The two of them spent a few days together in the Azure Dragon Civilization that they had not seen for a long time.

“Brother Su Yu, from now on, we will live in seclusion in the mountains and rivers, and no longer interfere in the affairs of the world, Okay?” Qin Xian ‘er’s forehead rested on Su Yu’s back, enjoying a quiet and happy life.

Su Yu’s heart was moved. He turned around and quietly stared at Qin Xian ‘Er’s beautiful face.

Xian ‘er felt a strange feeling in her heart. She pursed her lips and deeply embraced Su Yu. She said in a voice as soft as a mosquito, “Brother Su Yu, i...”

“Don’t talk,” Su Yu said softly. His heart moved and a ball of colorful light fog enveloped the mountains and rivers, isolating them from the outside world.

Xian ‘er seemed to know what was going to happen next. She suddenly became nervous and her body stiffened. “Brother Su Yu, I’m afraid.”

Su Yu’s movements were gentle. He released Xian ‘ER’s guard bit by bit. In the end, only two natural bodies were left, facing each other.

“A late wedding.” Su Yu caressed Xian ‘er’s face and said gently.

Xian ‘er was as shy as water. She lowered her head and fell into Su Yu’s arms..

A night of romance.

Xian ‘er was exhausted and curled up. She was still immersed in the happiness of being a woman yesterday.

But Su Yu, who was beside her, was nowhere to be seen.

Outside the Azure Dragon Civilization.

Luo xueyi, who was beside him, was visibly moved. “Su Yu, are you really going to abandon her?”

Su Yu’s clothes were neat and tidy, just like the elegance of a youth.

He shook his head lightly. “I’m not abandoning her, I’m protecting her.”

His gaze shot out into the sky, gradually becoming fierce.

How could he forget that when he absorbed the dao fire that day, there was a powerful and extraordinary force that sent the stone that suppressed the dao fire flying.

It almost caused Su Yu, who could have succeeded, to fall into eternal damnation.

Why did he tell Luo xueyi that he was in danger?

To him, the evil loose cultivator wasn't dangerous at all.

What was dangerous was the person who hadn't surfaced yet.

The other party's cultivation was at least that of a Xuan Dao Master.

That was the person Su Yu had to treat with caution.

"Xueyi, promise me that if I can't return within a month, immediately bring Xian 'er to this place. There will be someone there to help you... leave the outer realm." Su Yu handed the stone plate of the evil loose cultivator to Luo xueyi.

Su Yu's profound dao power was injected into the stone plate, and it could be activated at any time.

Luo xueyi shook his head. "Didn't you promise Qin Xian 'er that you would never be separated again? What does this count as?"

Su Yu's eyes were filled with a trace of hope as he said, "I didn't break the promise, because Xian 'er and I will soon have our bloodlines in her belly. If she is here, then I am here."

After one night of falling in love, they had already planted their seeds.

When time was ripe, they would naturally be born.

If it was only Xian 'er, he could bring Xian 'er with him through life and death.

However, she still had their child in her belly.

Hence, Su Yu had to go alone.

Luo xueyi's throat seemed to be blocked by something and she was momentarily unable to speak.

"I finally got rid of you." Su Yu held her hand and left.

The river of stars beneath his feet flashed, and he disappeared from the East Region Divine Mansion and arrived in the northern region.

He sat on the peak of the Snowy Peak, a huge moon hanging behind him.

"Let me see who's behind this!" The huge moon emitted a world-illuminating light.

Threads of fate that were hidden in the darkness slowly appeared.

There were more than ten thousand threads of fate.

Each line of fate meant that a person was related to Su Yu's fate.

Most of the lines of fate were stable and friendly.

Only 13 lines of fate were intermittent and filled with darkness.

Those were the lines of fate formed naturally between people who had a life and death grudge with Su Yu.

“Humph!” Su Yu grabbed the 13 lines of fate and the darkness in his left eye started to flow.

The word ‘death’ was faintly discernible in his eyes.

“Curse death across space!” The word ‘death’ in Su Yu’s left eye was split into 13, following the line of fate and speeding towards the other end of the line of fate.

Seven Ultimate Civilization.

Secret Room of the second ultimate family.

Emperor Po Jun’s face was gloomy.

He was dressed in mourning clothes, and in front of him was the memorial tablet of his son, the Ravenous Wolf King.

A few days ago.

The Ravenous Wolf King’s life tablet shattered, signifying the end of his life.

“Son, you must have died unwillingly, right? If the fate dao bead was still there, why would you die?” Emperor Pojun’s eyes were filled with hatred. “Father, I will kill all the people related to Su Ruchu and avenge you.”

He did not know how the Ravenous Wolf King died, but he blamed Su Yu.

The Ravenous Wolf King originally had a smooth ride, but after meeting Su Yu, his fortune took a turn for the worse.

To say that Su Yu indirectly killed the ravenous wolf king was not an exaggeration in his view.

“Family head, we have already obtained some information from the Star Alliance Chamber of Commerce. Su Ruchu is very likely from a six-star civilization. There is an organization that he created himself, the cauldron!” The family’s guest said coldly.

Emperor Po stood up slowly and said ferociously, “Gather all the experts in the family, send troops to a six-star civilization, and annihilate everyone in the cauldron. Leave No one alive!”

“Yes...” the guest bowed and said. When he raised his head, he said in astonishment, “Master, why is there the word ‘death’ on your forehead?”

Huh?

Emperor Po frowned. “What nonsense are you talking about?”

However, the guest’s eyes grew wider and wider, to the point of fear. His body kept retreating as if he had discovered something extremely terrifying.

Chapter 2455 All Enemies Are Annihilated

In his field of vision, the word “Death” gradually expanded, spreading to his entire face.

It caused Emperor Pojun’s face to turn pitch black, as if it was dead ash.

Moreover, wisps of deathly aura were being emitted from his face, and it was extremely strange.

Emperor Pojun finally felt that something was wrong. He raised his hand and condensed a mirror in front of him, reflecting his current face.

There was no face in the mirror. There was only the word ‘death’!

Moreover, his face was decaying into dust at an extremely fast speed. The flesh on his face was like dried and cracked wall skin, peeling off bit by bit.

“Ah!” In his shock, Emperor Po screamed in fear and hurriedly used the power of desolation to expel the word ‘death’ from his face.

Unfortunately, the power of the word ‘death’ was far beyond his ability to resist.

Not long after, Emperor Po Jun was reduced to a pile of black ashes bit by bit under the gaze of the guest.

The entire process only lasted for ten breaths.

The guest witnessed the entire process and could not help but Tremble in terror. His palms could not help but touch his cheeks, afraid that the strange word of death would also appear on his face.

“Guest retainer Cheng, this... What should we do?” The other guest retainers came over when they heard the voice, only to see the pile of ashes that the family head had turned into.

Guest retainer Cheng’s heart was still filled with fear as he said, “What else can we do? Let’s go our separate ways!”

The young master had just died when the family head died in a strange manner. The second aristocratic family’s name only existed in name.

If they didn’t take the opportunity to leave now, they would all become captives when the other factions came to kill them.

As for Emperor Pojun’s order before he died, no one cared.

Soon, the second most powerful family fell into chaos. The experts of the subordinate families scattered.

On the other side.

The South Pole Immortal Weng escaped the fate of being turned into a half-life puppet. He led Tie Bufan and the other disciples and rushed to the center of the border between the east, south, west, and north regions.

On the way, the disciples had different expressions.

“Master, is that Xuan Dao Master Su Yu really the Su Yu who made enemies with us before?” Tie Bufan frowned, unable to accept this fact.

In the Western Region, he thought he was number one.

However, Su Yu, who was also from the Western Region, had achievements that he could only look up to for the rest of his life.

The South Pole Immortal Weng's face was still filled with lingering shock. He nodded deeply and said, "It should be him. I really didn't expect him to become Xuan Dao Master."

The expressions of several disciples, including Senior Sister Yuan and the others, were extremely ugly.

They had previously offended Dao Master Su Yuxuan.

If he pursued this matter, who would be spared?

"What are you afraid of?" However, one of the disciples said fearlessly, "He has just broken through to Dao Master Xuan. The person we are going to rely on this time is so powerful. How can a mere su yu compare to him?"

He was Hai Qingxiao, who was pestering Qin Xian 'er. He overestimated himself and tried to find trouble with Su Yu. He was suppressed by Su Yu in the latrine pit, and his reputation was notorious.

Until now, he still did not feel that he had done anything wrong. He still harbored resentment towards Su Yu.

The disciples who knew about this immediately felt much less nervous.

Indeed, if they could succeed in this trip, they should not be afraid of Su Yu.

"But, junior sister Qin has been taken away by Su Yu, how can we rely on that Lord?" Tie Bufan looked at the South Pole Immortal Weng and asked for his opinion.

The South Pole Immortal Weng sighed solemnly. "I originally planned to wait for the recruitment of the eight-star civilization to end and offer Qin Xian 'er to that Lord in exchange for our South Sea civilization entering the eight-star civilization collectively. However, God's plan is better than man's! "The only thing we can do is to report Qin Xian 'ER's information to that important figure. I believe that he will demand Qin Xian 'er from Su Yu himself."

Hai Qingxiao's eyes shot out a trace of resentment. "Hmph, when that important figure makes a move, Su Yu will die without a doubt! At that time, I want to see how arrogant he will be!"

He guessed viciously, but he suddenly realized that everyone, including South Pole Immortal Weng and the others, was looking at him with a trace of fear in their eyes.

"Master, senior brother, what are you looking at?" Hai Qingxiao was a little surprised, not understanding the meaning of their eyes.

"Get Back!" The South Pole Immortal Weng immediately flung his sleeves, sending all his disciples flying away from Hai Qingxiao and himself.

Hai Qingxiao thought that there was something dangerous behind him, so he hurriedly ran to the South Pole Immortal Weng for safety.

However, the South Pole Immortal Weng sternly reprimanded him, “Don’t come over!”

As he said that, he even used his domain to prepare to kill Hai Qingxiao.

Hai Qingxiao stopped in his tracks and said in an inexplicable panic, “Master, senior brother, what happened to all of You?”

At this time, senior sister Yuan’s beautiful eyes were wide open. She extended her trembling index finger and pointed at him, “Junior brother Hai, your face!”

“My Face?” Hai Qingxiao was stunned. A light mist condensed on his palm and shone on his own face.

A rapidly decaying face that turned into ashes was reflected in his eyes.

“Ah! What is this? Master, Please Save Me!” Hai Qingxiao was scared out of his wits on the spot and hurriedly ran toward the South Pole Immortal Weng.

However, as he ran, his body turned into dust.

When he ran in front of the South Pole Immortal Weng, there was only a pile of ashes left.

Seeing such a strange scene with their own eyes, everyone present felt their scalps go numb.

Under the circumstances where no one attacked, Hai Qingxiao died immediately, and in an extremely cruel way.

“Master, what... What’s going on?” Tie Bufan asked with his teeth chattering.

The South Pole Immortal Weng shook its old head, indicating that it didn’t know.

Senior sister Yuan guessed anxiously, “Could it be because of Su Yu?”

Just now, Hai Qingxiao had discussed Su Yu the most intensely.

Moreover, after the discussion, the word ‘death’ immediately appeared on his face.

“This... is impossible, right? Even if Daoist master Xuan wanted to kill someone, could he kill someone so far away?” Tie Bufan expressed his doubt.

South Pole Immortal Weng also didn’t quite believe it. Evil loose cultivator was Dao Master Xuan, but he had never seen him kill someone so far away.

“Calm down. Don’t scare yourself to death.” South Pole Immortal Weng comforted everyone and said, “Let’s continue to act according to the plan...”

The plan was to continue to sell Qin Xian ‘er in exchange for their benefits.

However, almost as soon as he finished speaking, senior sister Yuan, Tie Bufan, and the others distanced themselves from South Pole Immortal Weng with faces full of panic. One by one, they shouted in fear, “Master, your face!”

The same situation appeared on his face as Hai Qingxiao's.

A clear word of death appeared on his face.

The South Pole Immortal Weng's heart skipped a beat, as if he had fallen into a bottomless abyss.

He looked at his own face, trembling, and his face instantly turned pale. "No..."

He didn't dare to roar in anger. His body rotted bit by bit until it was reduced to ashes.

"Master!" The disciples wailed, filled with fear and sorrow.

Even the enemy did not know who the enemy was, but the powerful master had died just like that.

However, they soon found that they might not even have the chance to grieve because the word 'death' had appeared on the bodies of many of the disciples present!

One by one, they were reduced to ashes.

Chapter 2456 Ten Thousand Li Pursuit

After half a cup of tea, except for a few disciples who didn't know anything about using Qin Xian'er, all of them died without exception.

At the same time.

The same scene appeared in every corner of the outer realm.

All of Su Yu's former enemies, no matter where they were, no matter how deep they hid, suddenly died!

On the snowy peak of the northern region.

The thirteen threads of fate in Su Yu's hands broke one after another.

Breaking meant that the owner of the other end of the threads of fate had already died.

His interspatial curse contained a death domain.

In the entire outer region, the number of people who could withstand it could be counted on one hand.

The thirteen threads of fate broke one after another.

Until the last thread of fate was as stable as before, not affected in the slightest.

There was only one reason.

The existence at the other end had ignored his cross-space curse.

And the person who was able to send the stone flying in the dao fire was not that weak either.

Su Yu held the line of fate tightly and slowly stood up. His eyes shot out an icy cold light. "I've Found You!"

The river of stars under his feet revolved and followed the line of fate, crossing it in an instant.

Crossing one-tenth of a territory at a time, the line of fate was still extending.

Crossing another one-tenth of a territory, the line of fate was still in the distance.

Time and time again..

He could clearly feel that when he closed the distance, the other party would open a distance and continue to flee.

It seemed that the other party had sensed Su Yu's pursuit.

It was not until Su Yu had crossed the boundary of the four great territories that the other party did not flee.

Su Yu raised his head and looked over. A huge cloud that revolved around itself firmly occupied the center of the borders of the four great regions.

He believed that every living creature of the seven star civilization would know where this place was.

That Was... The Mysterious Dao Palace!

It was a powerful existence that ruled over all seven star civilizations.

It rarely appeared. It would only appear when there was a huge change.

The last time the Mysterious Dao Palace revealed the four regions was half an era ago.

That time, Taotie suddenly barged into the outer realms, causing endless slaughter and destruction.

The Mysterious Dao Palace had no choice but to show up and deal with the outer realms that were on the verge of destruction.

After that, the Mysterious Dao Palace never showed up again.

Normally, no one would pay attention to the mysterious Dao Palace, but no one would ignore their existence.

This was because it was the strongest force in the entire outer realms.

It was rumored that the weakest member of the mysterious Dao Palace could sweep through all the Masters of civilizations in the outer realms.

Needless to say, the hall masters among them were unrivalled experts.

However, Xuan Dao Hall, who never cared about the affairs of the world, actually interfered with Su Yu's absorption of the dao fire and almost succeeded in their scheme, causing him to die.

If Ren Zu had not made the final move, he would have long been reduced to ashes.

"Xuan Dao Hall!" Su Yu's eyes were as cold as frost. He was a little surprised, but it was within his expectations.

In this world, the only person who had the ability to interfere was someone from Mystic Dao Palace. Who else could it be?

With a slight pause, Su Yu took a step towards Mystic Dao Palace.

If the person who had plotted against him was not eliminated, it would definitely be a future trouble!

There were too many of his family and friends in the outer realm.

If one day he left the outer realm and left such a powerful enemy alive, the consequences would be unimaginable!

Therefore, since he had chosen to be Su Yu's enemy, he had to be prepared to be destroyed!

However, when Su Yu was 100 million miles away from Xuan Dao Palace, his figure was suddenly blocked.

A thick Qi barrier blocked in front of Su Yu.

The Qi barrier was covered with large and profound talismans, blocking all the powerful enemies outside.

It was so powerful that no one below Xuan Dao Master could break it.

This was also the reason why the Xuan Dao Palace was able to remain undisturbed for all eternity.

Even if ordinary beings wanted to enter the Xuan Dao Palace, they had no chance.

"Break!" Su Yu gathered the power of the Xuan Dao in his palm and slammed it on the Qi barrier.

With a crack, the Qi barrier shattered on the spot.

Inside the Xuan Dao Palace.

In front of the quiet ancient tower.

Three old men with white hair and beards were meditating with their eyes closed.

Suddenly, the old man on the left, dressed in a purple robe, slowly opened his eyes. There were many black shadows in his eyes. He slowly said, "Someone has broken through the myriad domain Grand Array."

The old man on the right, dressed in a green robe, said hoarsely with his eyes closed, "It's a Xuan Dao master who recently broke through. He wants to join us, right? Don't bother about him. Wait until he breaks through the thousand domains."

The purple-robed old man agreed, "That should be the case! If he wants to join our Xuan Dao Palace and can't even break through the thousand domains, then there's no need for him to join us."

Although the two of them had not arrived outside to watch, they could see everything that was happening outside.

In front of the Qi barrier.

Su Yu frowned slightly.

Although the Qi barrier had been destroyed, he discovered that the Qi barrier was only the most superficial layer.

Inside, there was an even more powerful qi barrier every ten thousand li.

There were more than ten thousand layers.

“Ten Thousand Dao Grand Array?” Su Yu said indifferently.

Looking ahead, the 800 dao marks in Su Yu’s body were all opened. All of his Xuan Dao Energy was gathered in his index finger.

“Break again!” With a finger, a dragon-like Xuan Dao energy pierced through the 100 layers of Qi barrier.

In front of the ancient tower.

The purple-robed and red-robed elders were slightly surprised.

“He broke through 100 layers in one breath. If he only used Xuan Dao Energy, it would be different.”

“Indeed, Xuan Dao Master who has just broken through should not have such profound dao energy. I think he must have used a domain or a dao artifact.”

“If that’s the case, then that’s all there is to it.” The purple-robed elder shook his head.

Su Yu walked a million miles forward and looked at the dense qi barrier in front of him. He said indifferently, “If this continues, the speed will be a little slow!”

A huge hourglass appeared behind him.

The sand in the hourglass suddenly started to drip down.

With Su Yu as the center, time within ten million miles passed at an astonishing speed, reaching the speed of tens of thousands of years in an instant.

A thousand air barriers suddenly passed through a thousand years of time. They didn’t have enough time to replenish the core of the array formation and immediately withered and collapsed after losing their energy.

The two elders in front of the ancient tower were both shocked.

“1,000 layers in one breath? Could it be an old monster that has cultivated for an extremely long time?”

“There are only ten people in our palace who can break through 1,000 layers in one breath.”

“Don’t rush to a conclusion. Perhaps this person is only using some extreme methods and won’t be able to last long.”

It seemed to be responding to their words.

With a boom, the Qi barrier in the outside world shattered a thousand more times.

The red-robed elder was surprised and said, “According to the rules of the Xuan Dao Hall, if someone breaks a thousand qi barriers in an instant, the two of us can come out and meet him. Should we...”

“There’s no need for that for now.”The purple-robed elder stopped his cultivation completely and said, “Using extreme methods to break a thousand qi barriers isn’t worth mentioning. It’s not worth for the two of us to show up.”

Hong --

Another heaven-shaking loud sound rang out, and another thousand qi barriers shattered.

“This...”three consecutive times, even the purple-robed old man was shocked and suspicious. Could it be that the newcomer was really a Xuan Dao master who had cultivated for a long time?

“Let’s wait and see.”The purple-robed old man still insisted.

The previous loud sound had yet to calm down when suddenly, another loud explosion rang out.

Furthermore, without waiting for the two old men to communicate, they thought of it one after another, and it lasted for a total of eight times.

Chapter 2457 Breaking Into The Daoist Hall

“Let’s go and take a look!”The purple-robed Elder’s face was filled with shock. He and the Redwood Elder left the ancient tower and arrived outside the Daoist Hall of mystery.

Through the remaining 2,000 layers of Qi barrier, the two elders could clearly see who had arrived.

It was a silver-haired human who was ridiculously young.

Behind him, a gigantic palm that blotted out the sun slowly dissipated.

The palm was filled with a dense aura of destiny, and it was extremely mysterious.

“Domain of Destiny?”The purple-and red-robed elders looked at each other and saw the shock in each other’s eyes.

Destiny was one of the eight supreme domains.

However, until now, no one in the outer realms had been able to control it.

The human in front of them was actually a controller of a Supreme Domain!

What was even more unbelievable was that the other party’s age was less than 150 years old.

“The one who came to seek an audience is you?”Although the purple-robed elder was surprised, as a member of the Mysterious Dao Palace, his inherent dignity could not be lost.

Su Yu slowly walked forward. He glanced at the two thousand air shields in front of him and then sized up the two elders in front of him.

Finally, he lowered his head and looked at the thread of fate in his hand.

The other end of the thread of fate was not one of them.

“I’m not here to seek an audience. I’m here to find someone,”Su Yu said calmly.

The two elders frowned. who could find people from the Mysterious Dao Palace as they pleased?

The purple-robed elder placed his hands behind his back, with a solemn face, he said, "Human, if you want to join the Mysterious Dao Palace, not only do you have to break the Qi barrier, but you also have to have the most basic respect. If you have this attitude, the two of US can shut you out."

The red-robed elder nodded and pointed at the last two thousand layers of Qi barrier. "See? Under each layer of Qi barrier, there is a praying mat. You can only break it after you kneel three times and kowtow nine times. This shows your attitude."

Su Yu looked over. Indeed, under each of the two thousand qi barriers, there was a praying mat.

If each of them had to kneel three times and kowtow nine times, they would have to kneel at least six thousand times and kowtow eighteen thousand times.

By doing so, they should be deliberately trying to destroy the temper of those who joined Xuan Dao Hall, so that they would have respect in their hearts.

After all, those who could become Xuan Dao Master were all supreme overlords in the world?

It was inevitable for them to be full of pride.

It was not a bad way to destroy their pride.

However, Su Yu's eyes gradually turned cold. "I repeat, I am not here to seek an audience, nor to join anyone. I am here to find someone."

The two elders finally understood what Su Yu meant. They frowned and said, "Since you are not here to see anyone, and you are not here to join the Xuan Dao Hall, then why are you here?"

Su Yu shook his head and was too lazy to explain. He said, "Move aside, I am about to break the Qi barrier."

Only at this moment did the two elders realize that Su Yu had come with ill intentions!

Ever since the existence of the Xuan Dao Hall, there had never been anyone who dared to provoke the Xuan Dao Hall.

Therefore, the two elders did not understand what was going on.

Only then did they realize what was going on.

"You don't know what you're talking about!"The purple-robed elder laughed and said angrily, "Get lost now, or I'll turn you into Ashes!"

The redwood elder did not have a good attitude either. He flicked his sleeves and snorted, "You dare to provoke Xuan Dao Hall, you're really..."

Su Yu's eyes turned cold. Without another word, he took out the nine dragons divine cauldron.

Back when he was a half-step dao master, even with Ren Zu's cauldron control technique, it was still difficult for Su Yu to control it.

Now that he was Dao Master Xuan, it was much easier.

“Nine dragons divine cauldron, Break!” Instantly, the nine dragons divine cauldron shone brightly. It turned into a revolving nine-colored light and smashed down with a loud rumble.

A series of heaven-shaking roars could be heard.

A total of two thousand air barriers were shattered on the spot!

The boundless shockwaves created a massive gale that caught the purple and red-robed elders off guard, causing their clothes to tremble and they almost lost their balance.

Their hair was disheveled, and their clothes were disheveled. They looked very disheveled.

“Nine dragons divine cauldron? Who Are You?” The purple-robed elder couldn’t care less about his appearance and asked in shock.

The red-robed Elder’s face was also filled with shock and disbelief. “Are you a descendant of ancient God Nine Dragons?”

Only the successor of ancient god Nine Dragons could freely control the nine dragons divine cauldron.

Su Yu had smashed through two thousand qi barriers in one go. Only the top five Dao Masters of Mystic Dao Hall could do such a thing.

They were truly shocked by this move.

Su Yu did not look sideways. There were no two people in his eyes as he stepped into Mystic Dao Hall.

The purple-and red-robed elders were shocked, but as members of Mystic Dao Hall, how could they allow others to freely enter?

“Stop! No matter who you are, the Xuan Dao Palace will not act recklessly. If you take another step forward, you will have to bear the consequences!” The purple-robed Elder’s robes fluttered, and he spoke in an imposing manner.

Su Yu acted as if he had not heard him and took ten steps forward.

The purple-robed Elder’s face was filled with anger. “Then don’t blame me for being heartless!”

The Xuan Dao power in his body surged like a rainbow and swept through heaven and earth.

Su Yu did not even look at it. He raised his finger and shot out a dragon-like power of the Mystic Dao Master.

Boom --

With a loud boom, the two powers of the Mystic Dao collided.

The purple-robed Elder’s power of the Mystic Dao was obviously weaker and was crushed by Su Yu’s power of the Mystic Dao.

The dragon’s momentum did not decrease as it swept towards the purple-robed elder.

The purple-robed elder was shocked. "How is this possible? How can your power of the Mystic Dao be so dense?"

He was extremely suspicious that Su Yu's true age was only 150 years old.

Otherwise, he was an old monster who had cultivated for half a century, and his Xuan Dao Energy was actually inferior to a 150-year-old young human.

However, he did not have time to think too much and immediately unleashed his domain.

A strange scene with many black shadows suddenly appeared behind him.

That was his domain. It was able to pull the enemy's soul into the scene and cause the enemy to lose their soul.

It could be said that this domain was quite troublesome.

However, Su Yu's eyes were calm, and a huge eye silently appeared behind him.

The ripples in the eye continuously collided.

The huge eye lightly glanced at the purple-robed old man's domain. The black shadows within the domain shrieked and turned into black smoke, evaporating.

Pu --

The purple-robed old man, who was connected to his soul, immediately spat out a large mouthful of blood. His face was filled with shock. "Soul Domain!"

Could a person control two supreme domains at the same time?

The answer was yes!

However, such an existence definitely shouldn't appear in the outer realms!

At the very least, it should only appear in places like the eight-star civilization.

The giant eye then stared at the purple-robed old man. The soul within his body instantly felt an intense pain, as if it had been cut by someone.

With a miserable howl, the purple-robed old man rolled his eyes and fainted.

From the start of the fight until the end, there were only ten breaths.

However, a member of the Xuan Dao Hall, a Grand Xuan Dao Master, was beaten so badly that he fainted.

Su Yu's gaze turned to the red-robed old man and said indifferently, "You want to give it a try?"

The red-robed old man swallowed hard. His eyes were filled with reverence. He wanted to stop him, but his body retreated very honestly, he only warned with words, "I advise you not to go any further. The Xuan Dao Hall is not to be desecrated."

Chapter 2458 The Honest Middle-Aged Man

Su Yu did not speak.

The members of the Mystic Dao Palace had already lost the right to speak when they ambushed him while he was absorbing the DAO fire.

He took a step forward and officially stepped into the Mystic Dao Palace.

When he pushed open the door of the Mystic Dao Palace, an ancient pagoda appeared before his eyes.

Under the Ancient Pagoda, an old man in white sat cross-legged with his eyes closed.

His expression was calm, and his body was surrounded by a supreme intent.

When Su Yu entered, the white-clothed elder slowly opened his eyes. His gaze was vast and boundless, as if he had experienced many vicissitudes.

“I am Zhou Yunshan. Who are you looking for?” The white-clothed Elder’s Aura was light, and he was not as overbearing as the purple and red-clothed elders.

Su Yu glanced at the line of fate in his hand and lightly shook his head. “The person I’m looking for isn’t you either.”

As he spoke, he walked into the depths of the mysterious Dao Palace.

The white-robed elder did not stop him. Instead, he smiled faintly and said, “The descendant of ancient god Nine Dragons has come personally. How can I be disrespectful? I’ll accompany the descendant of Ancient God to tour the Mysterious Dao Palace!”

Su Yu gave him a brief glance before following the line of fate into the depths of the mysterious Dao palace as if nothing had happened.

After bypassing the ancient tower, they arrived at a verdant mountain range.

These mountains looked ordinary, but they were filled with astonishing natural treasures that cost hundreds of millions of dao dollars in the outside world.

However, in the Mysterious Dao Palace, they were like weeds, and no one paid attention to them.

As far as the eye could see, there were one hundred and eighty green mountains, and on each Green Mountain, there was a small palace.

Most of them were already dilapidated, and only a few of them were still emitting life energy fluctuations.

This scene was exactly the same as the Daoist Huang Palace that Su Yu had gone to.

Most of the hall members had already perished in the dust of history, and only a few of them were still alive.

“Dao Masters are hard to find, and Dao Master Xuan is even harder to find. The Daoist Xuan Hall hasn’t produced a new DAO Master Xuan for almost half an era.” The white-clothed elder sighed softly.

Su Yu noticed that at the corners of every green mountain, there were many relatively young living beings.

Their cultivation levels were quite astonishing, and many of them were in the heaven tier. There were even young living beings in the grandmaster tier.

If all of them went to the outside world, the so-called elites of the four great regions might not even be worth mentioning in front of them.

How similar was this scene to the Daoist Huang Hall back then?

The disciples nurtured by many civilizations could not be compared to the disciples nurtured by the Daoist Huang Hall.

This made Su Yu suddenly realize that the true core of the entire outer realm had always been the Daoist Xuan Hall.

All the other forces were so insignificant in front of the Mysterious Dao Palace.

However, even if they were the core, since they were enemies with Su Yu, they would not tolerate it.

Looking at the direction where the thread of fate was spreading, Su Yu followed it and looked at the tallest peak under the encirclement of 180 mountains.

“Who lives there?” Su Yu asked.

The old man in white said calmly, “Our hall master.”

The Hall Master of the Xuan Dao Hall?

Su Yu’s pupils constricted slightly. Could it be the hall master of the Xuan Dao Hall who attacked him?

But since he was here, there was no reason for him to leave.

“Very good, the one I’m looking for is also him!” Su Yu said calmly. The river of stars flowed under his feet and he instantly arrived at the top of the Majestic Peak.

The old man in white smiled and did not follow.

There was also a small palace on the majestic peak, and the thread of fate in Su Yu’s hand extended towards it.

“I’ve found it.” Su Yu’s eyes were cold as he stepped into the palace.

However, a formation suddenly appeared outside the palace, blocking Su Yu’s path.

At the same time, a golden bell suddenly rang loudly within the palace, as though it was reminding the people inside the palace that someone was forcefully barging in.

Instantly, three people quickly walked out from the hall.

One of them was an old man with an extremely aged face. His face was full of wrinkles, as if he was about to die.

However, his eyes were exceptionally sharp. Just one look at him was enough to make one’s heart skip a beat.

The other two were middle-aged.

One of them was tall and big, and the Xuan Dao Energy in his body was extremely vigorous, almost the same as Su Yu.

The other one looked honest and honest. He did not look good, and his cultivation was at the level of a profound dao master. His aura was obviously weaker than the other middle-aged man.

Su Yu's gaze was focused on the honest and honest middle-aged man.

On the other end of the line of fate, it was him!

"We finally meet." Su Yu stared at him, his gaze cold.

The middle-aged man pointed at himself with a blank expression. "Are you talking about me?"

If Su Yu did not hold on tightly to the thread of fate between the two of them, he would have been deceived by his expression.

"What do you think?" Su Yu said indifferently. Without another word, the surging Xuan Dao Master's power erupted like a volcano.

The intense killing intent was not concealed at all. It rushed out from his eyes.

"Everything has a price. You are no exception!" Su Yu had never seen this person before, and he did not know where he had offended him. It was to the extent that he did not hesitate to launch a sneak attack on him and let him be destroyed in the dao fire.

However, he knew how to resolve this matter.

That was to wipe him out from heaven and earth to prevent future trouble!

"Impudence!" The extremely old man coldly berated. An invisible aura swept out like a toppling mountain and overturning the sea, isolating the spell formation.

The entire Xuan Dao Palace rumbled.

His voice echoed back and forth between the 180 green mountains for a long time.

Then, the aura of the Mysterious Dao Masters shot up from the 30 Green Mountains and gathered here.

Soon, the 30 Mysterious Dao Masters of different forms and races gathered in front of the Grand Peak.

They looked at Su Yu in surprise, not understanding the situation before them.

The old man looked straight at Su Yu and said in an especially cold tone, "How many years has it been? There is actually a living being who dares to act atrociously in front of the main peak of the Mysterious Dao Hall! Men, take him down!"

"Yes, Deputy Hall Master!" This old man was not the Hall Master of Xuan Dao Hall, but his authority was extremely great.

With a single order, more than thirty Xuan Dao Masters received their orders.

“Human, Xuan Dao Hall is seeking death by acting atrociously. Quickly surrender and there is still a chance of survival.” A wine-nosed old man with his hands behind his back released his pressure.

The other Xuan Dao Masters also made their moves.

They were not looking down on Su Yu because he was young. Instead, they were very cautious.

How could someone who could break through the ancient tower and come to this place be a simple person?

Su Yu was not afraid of the Xuan Dao Masters of Xuan Dao Hall, he sneered and said, “Trying to commit a crime? Then ask this member of Xuan Dao Hall what he has done to me! “When I absorbed the DAO fire and broke through to become a dao master, he plotted against me. We have no enmity and we have never even met. Yet, he is so ruthless!”

“I am only here to make him pay for this blood debt!”

Upon hearing this, all the Xuan Dao Masters were stunned.

That’s not right!

The young man in front of them had already reached the Xuan Dao master level. Absorbing the DAO fire should be the time for him to break through to the Huang Dao Master level, right?

How many years ago was that?

“Rather than putting the word ‘aggressive’ on me, why don’t you put it on him!” Su Yu pointed at the seemingly honest man. “Of course, if Your Xuan Dao Hall doesn’t want to question the right and wrong, I can also recognize the word ‘aggressive’.”

The Xuan Dao Masters slowly stopped.

They were all old monsters who had lived for tens of thousands of generations, and what they loved the most was their feathers.

How could they have a bad reputation of aiding the wicked?

They wouldn’t make a move until the matter was clear.

“Yin Yin, what’s going on?” The Deputy Hall master looked at the honest-looking middle-aged man with his old eyes.

Chapter 2459 One Against All

The latter’s face was filled with fear and embarrassment. He waved his hand and said, “Deputy Hall master, I don’t know what’s going on either. He came up to me out of nowhere and said that I had plotted against him. I don’t understand.”

That aggrieved and innocent expression was truly vivid.

If it wasn’t for Su Yu’s certainty, he would have shaken his judgment.

“You don’t understand? Then I’ll let you understand!” Su Yu said coldly, and a huge moon appeared behind him.

“Fate domain! Hiss! He actually controls one of the eight supreme domains, the Fate Domain!”

Under the illumination of the Moon, the line of fate in Su Yu’s hand was originally something that only he could see. However, at this moment, it was exposed in front of everyone.

That thread of fate was extremely dark red and was completely different from normal.

Some Xuan Dao masters who knew a little about the laws of fate said in a solemn voice, “This is the thread of fate that has a life and death feud.”

In an instant, they began to believe Su Yu’s words.

If it wasn’t a life and death feud, why would Su Yu force his way into Xuan Dao Palace and knock on the door to look for him?

The Deputy Hall master looked at Yin Yuan coldly, “What do you say?”

Plop --

Yin Yuan knelt on the ground, his eyes almost tearing up. He said honestly, “Deputy Hall master, I swear to the heavens, I really didn’t! If I did anything to plot against him, I will die a horrible death!”

At the DAO Master level, the oath that was sworn would often be verified by the Heavenly Dao. Once it was violated, it would definitely be fulfilled.

Therefore, Dao master level living beings would never swear to the heavens unless they had no other choice.

Even if they did swear, it was a true oath.

If it was false, they would be punished by the heavens.

If Dao Master Huang was like this, then Dao Master Xuan’s oath was even more so.

After Yin Fu’s oath was sworn, a will appeared out of nowhere and accepted the oath. Then, it quickly dispersed without any punishment.

“His oath is true!” A Dao master had a strange look in his eyes.

“If it was a fake oath, he would have already taken it and died immediately!”

However, because of this, Dao Master Xuan let out a sigh of relief.

It seemed that Yin Yin Yin had not done anything to Dishonor Dao Palace Xuan.

The Deputy Hall master looked at Su Yu with a cold gaze. “I admire you for being able to control the fate domain, but this is not a reason for you to be so audacious!”

A flash of Rage was brewing in his eyes.

“The Xuan Dao Hall has been established for tens of thousands of years. It has always been its responsibility to protect the world. When the world changes, the Xuan Dao Hall will appear. I didn’t expect that an evil person would come knocking on our door and make the first complaint!”The Deputy Hall Master’s hair and beard were all spread out, and he was in a rage.

Everyone had a taste of it.

The Life and Death Feud of the line of fate could not be faked.

Since it was not Yin Yin who had killed Su Yu, it was obvious that Su Yu had the intention to kill Yin Yin.

In the end, it was obvious that Su Yu wanted to kill Yin Yin, but he made a false accusation and framed Yin Yin to form a life-and-death feud.

Thinking of this, the group of Xuan Dao Masters looked at Su Yu with an extremely unfriendly gaze.

Su Yu remained silent and stared coldly at Yin Yin.

Only he could catch Yin Yin’s heart, which was filled with thick ridicule.

He looked simple and honest on the surface, but at this moment, he was laughing loudly in his heart, mocking Su Yu for overestimating himself.

He did not explain further because he did not understand how Yin Yi had used a fake oath to deceive the heavenly axiom.

The only thing he could do was to carry out his own thoughts.

Kill Yin Yi and eliminate the hidden dangers!

“Since you all think that I’m a villain, then I’ll just admit it.”Su Yu looked at Yin Yi indifferently. “You Think That You’ve won? Wrong, you only made me more determined to kill you.”

It was fine if he was sinister, but he was also so cunning.

How could he dare to leave such an enemy in the outer realm?

The Deputy Hall Master’s face was gloomy. “Die without repentance! Kill!”

Dao master thirty Xuan no longer hesitated. He believed that Su Yu was the true villain and attacked without any leeway.

A full thirty dao masters of Xuan, if they joined forces, how terrifying would it be?

Even the power of a region wouldn’t be able to withstand their combined attack.

However, Su Yu let out a long laugh. “Alright, I’ll test the depth of the Xuan Dao Palace!”

“Time domain, space domain, open!”An hourglass and a galaxy appeared behind him at the same time.

The two merged into a painting that enveloped the entire majestic mountain.

Time and Space Domain merged and created a grand and huge painting that engulfed the incoming 30 Xuan Dao Masters.

All of a sudden, all of the Xuan Dao Masters fell into the disorder of time and space.

The attacks they launched were either launched in advance, delayed, or misplaced, and injured their own people.

Su Yu stood where he was and didn't move at all, but the 30 Xuan Dao Masters couldn't do anything to him.

“Life Domain!”

While they were shocked, Su Yu launched another domain.

A towering ancient tree connected the heaven and earth.

Threads grew out of the ancient tree, binding more than thirty Xuan Dao Masters and hanging them under the tree.

Their life force flowed toward the ancient tree of life at a speed visible to the naked eye.

Although they struggled, more than half of their life force was taken away.

Some Old Xuan Dao Masters lost more than half of their life force and fainted on the spot. They couldn't move and lost the ability to fight.

“Domain of Destiny!”In their extreme shock, Su Yu once again used one of the eight supreme domains.

The huge hand of destiny brushed past all the Xuan Dao Masters.

The domains they had cultivated all their lives had lost their color. It was a sign that their domains had regressed.

“No!”Many Xuan Dao Masters roared in pain.

The improvement of domains was a slow and difficult process. It took tens of millions of years to make some progress.

However, Su Yu's domain of destiny directly caused the domain to degenerate, causing their countless years of hard work to be in vain.

“Ah! The thief shall be destroyed!”

“Kill!”

Su Yu's actions completely angered the Xuan Dao Masters.

However, Su Yu's heart didn't move at all. There was only deep indifference.

“Death! Death! Domain!” A stone tablet with the word ‘death’ appeared behind it. Around the stone tablet was a deathly silent world filled with mountains of corpses and seas of blood.

Hong --

The stone tablet flew out, carrying the will of death and suppressing all enemies.

Once they were suppressed, they would die without a doubt.

More than 30 Xuan Dao Masters were fighting against a rookie who was only 150 years old. Not only did they not gain the slightest advantage, they were even forced into a state of death.

No one would believe this scene even if they were to say it out loud!

However, the truth was right before their eyes!

The deputy hall master’s old pupils constricted, and his heart was filled with shock.

If he remembered correctly, the human in front of him had already unleashed seven supreme domains!

How was this possible?

As Dao Master Xuan, they knew very well how difficult it was to break through to the supreme domain.

The current Heavenly Dao would not allow anyone to absorb the DAO fire of the supreme domain.

However, the human in front of him actually controlled a total of seven supreme-being domains!

With more than 30 Dao masters under absolute suppression, as the Deputy Hall master, how could he just stand by and watch?

“Evil thief, you haven’t even fully grown your wings yet, and you still dare to do Evil!” The Deputy Hall master pushed aside the array formation and suddenly rushed out, bringing with it an earth-shaking momentum as he charged towards Su Yu.

Although Su Yu’s seven supreme-being domains were shocking, fortunately, he should have just grasped them not too long ago, and his mastery was not deep.

He was confident that he could handle it.

Su Yu swept a cold glance over. “Good timing!”

Chapter 2460 Crushing The Heavens

He was extremely disappointed with the mysterious Dao Palace.

Anyone with a bit of sense could understand why Su Yu would attack the Mysterious Dao Palace and make an enemy out of the entire Heavenly Dao Palace if there were no grudges?

It was fine if the ordinary mysterious dao master did not understand, but did the deputy palace master not understand the crux of the matter?

Furthermore, if they did not agree with each other, they would either be captured or killed on the spot.

There was no need for Su Yu to be polite when there was no distinction between black and white. He only knew how to protect his own people?

“Don’t think that you can be arrogant just because you have learned a few domains. You are still too inexperienced!”The Deputy Hall Master’s domain was majestic, and his dao master power was far above Su Yu’s.

When he attacked, the weather changed and all living beings in all directions were subdued.

Su Yu’s clothes fluttered and his silver hair danced in the wind.

Under the overwhelming power of the Deputy Hall master, Su Yu was like a firefly that could be destroyed at any time in the night.

However, he was not afraid at this moment.

“Old Man!”Su Yu’s left eye spat out a cold light and he extended his right hand. “Come!”

Roar --

Nine heaven-shaking dragon roars tore through the sky above the Xuan Dao Hall.

An ancient and simple small cauldron appeared in his palm.

“Nine dragons divine cauldron, suppress the heavens and suppress the Earth!”The nine dragons divine cauldron flew to Su Yu’s chest and floated in the air, letting out dragon roars.

Su Yu pressed his palms together, his fingers spinning like wheels.

A series of curses were released in the space of a breath.

The nine dragons divine cauldron responded, transforming into a hundred thousand feet in size as it descended from the sky.

“Nine dragons divine cauldron!”

“He... He’s the successor of ancient God Nine Dragons!”

“How is this possible? Why would the successor of ancient God Nine Dragons appear in our foreign lands?”

The Mystic Dao masters were all astonished.

Ancient God Nine Dragons was a taboo name.

They had never imagined that his successor would appear in front of them.

However, they finally understood why this human was so formidable, suppressing all of the Mystic Dao Masters by himself without being at a disadvantage.

The furious deputy hall master’s eyelids twitched, and his heart trembled.

He was actually the successor of ancient God Nine Dragons!

No wonder he had broken through to become a Mystic Dao master at such a young age, and his strength was so terrifying.

He regretted that he had been too rash and rash.

But the arrow was on the bowstring, and he had no choice but to shoot it.

The nine dragons divine cauldron pressed down, and he could only try to send it flying.

“Ten thousand laws come to court!”The Deputy Hall Master’s domain soared into the sky, and the ten thousand laws domain that was formed from the fusion of many laws was like a sharp arrow flying up into the sky, colliding head-on with the nine dragons divine cauldron.

Bang --

Many divine lights collided with it, sweeping across the ten thousand regions.

The heavens trembled, and all living beings prostrated themselves.

Inside the Xuan Dao Hall, 180 green mountains of different sizes resounded with the ringing of bells for a long time.

The powerful fluctuations forced more than 30 Xuan Dao Masters to retreat frantically. Their eyes revealed fear as they stared at the shocking scene of the nine dragons divine cauldron and the ten thousand laws domain in a stalemate.

“Hiss! This is the true strength of DAO Master Su Yuxuan!”

“Domain is only one of them. The nine dragons divine Cauldron’s might is ten times greater than domain!”

“He’s actually so powerful!”

The Deputy Hall Master was shocked. As expected of the successor of ancient God Nine Dragons. He had just broken through to Dao Master and was able to fight him to a draw.

A sense of humiliation lingered in his heart. He had cultivated for ten thousand years, but he had been caught up by a human rookie.

However, it was still too early for this thought.

“Heaven has no master, Earth lacks a king, and heaven and earth shake all directions!”Su Yu formed a second seal.

Rays of colorful light suddenly shot out from the nine dragons divine cauldron, and eight dragons released their domains.

Eight domains descended at the same time!

The eight domains of the supreme beings in the world weaved together into a seal that contained everything in the greater world. It descended with a bang.

The Deputy Hallmaster's ten thousand laws domain was finally defeated and was quickly destroyed.

The deputy hallmaster roared, "I am the Deputy Hallmaster of Xuan Dao Hall, and I represent the honor of Xuan Dao Hall. How dare you..."

Clang --

The nine dragons divine cauldron and the eight domains crashed down, suppressing the deputy hallmaster on the spot.

The deputy hallmaster resisted fiercely and attacked the nine dragons divine cauldron from the inside.

Protruding palms appeared one after another.

However, no matter how he attacked and struggled, he could not escape the suppression of the nine dragons divine cauldron.

Dong --

Su Yu floated down and stepped on the nine dragons divine cauldron.

The divine cauldron shook violently and dragon roars reverberated in the interior of the divine cauldron, causing the deputy hall master to cover his ears and roar.

At this point, the deputy hall master was completely suppressed.

The world became clear, and only Su Yu stood at the peak.

"Who else is there?" Su Yu looked around coldly.

Xuan Dao Hall gathered all the heroes in the world, but at this moment, no one made a sound. All of them were intimidated by Su Yu's unparalleled divine might.

"It seems that there is no one left!" Su Yu's cold eyes turned, and he fixed his gaze on Yin Yu who was behind the seal. He said indifferently, "I've said it before, no one can save you."

After saying that, he jumped down from the nine dragons divine cauldron and walked towards the seal step by step.

Yin Yu's thick face was finally replaced by true panic.

Every step Su Yu took, he took a step back.

Even the Deputy Hall master was not his match. Who else could stop him?

His mistake was that he had overestimated the Xuan Dao Hall and underestimated Su Yu.

Su Yu came before the array. He slowly raised his finger and tapped on the array.

Kacha --

Yin Yu's last line of defense was finally broken!

The last line of defense in his heart was completely shattered. He said, "Hold On! I have something to say!"

However, Su Yu did not give him the chance to speak at all.

The river of stars under his feet was like a waterfall, suddenly piercing through Yin Yu's body.

From the inside to the outside, his body disintegrated into tiny bits of space dust. Finally, with a bang, it dispersed. He was not dead anymore.

With a thought, the spatial domain killed a Xuan Dao Master.

Su Yu exhaled slightly.

He raised his hand and grabbed, and a hidden spatial storage device flew out from the spatial dust.

It was Yin Yi's spatial storage device. It was hidden so deeply that Dao Masters of the same realm could not see it.

Su Yu looked inside and frowned.

He actually found a lot of information about Qin Xian 'er!

Most of the information came from the Star Alliance Chamber of Commerce.

Most of the information was about Qin Xian 'er being regarded as the number one beauty of the western regions.

And one of the top-secret reports indicated that Qin Xian 'er was very likely a descendant of ancient god Netherworld.

There was no information in the world that the Star Alliance Chamber of Commerce couldn't find.

South Pole Immortal Weng thought that he had sealed off the information, but little did he know that the Star Alliance Chamber of Commerce had already found out about this secret and that it had been found out by Yin Yu.

In that case, his reason for plotting against Su Yu was reasonable.

Monopolizing Qin Xian 'er!

The number one beauty of the western regions and the successor of ancient god Netherworld, who wouldn't want to have such a woman?

And the intelligence also showed that Qin Xian 'er was loyal to Su Yu and would rather die than regret it.

Thus, Yin Yu had the intention to kill Su Yu.

The cause and effect were already clear, but Su Yu felt that it wasn't that simple.

Su Yu's decision to go to the forbidden forest was made suddenly, and no one knew about it beforehand.

How did Yin Yin Know?

Was there an expert guiding him?

Suddenly, Su Yu realized something and shouted softly, "Fate Domain!"

A Bright Moon with moonlight appeared, illuminating the world.

Under the illumination of the light of fate, Su Yu's pupils constricted as he realized that the line of fate between him and Yin Yin was not broken yet!

A person was already dead, so fate had to be broken.

How could there be a reason why fate was still there even after someone died?

"That's not right!" Su Yu felt a chill in his heart. He realized that the other end of the line of fate was not so much connected to Yin Yin, but to the other person standing behind Yin Yin.

Following the line of fate, Su Yu narrowed his eyes. "You, who are you?"
