

## Nine-Dragon 2501

### Chapter 2501 Time Duel

There were only two types of people who were proficient in the time domain.

One was a descendant of the time ruler, such as himself.

The other was someone who had succeeded on his own, such as Su Yu.

However, in the dreambreak realm, where the time ruler controlled the world, no one could obtain a time domain and become a time domain master.

Moreover, Su Yu also had a space domain!

Could it be that he wasn't a descendant of the ruler of space, and even cultivated a spatial domain on his own?

How could that be possible?

It was already extremely difficult for a person to cultivate a supreme domain within a short 150 years.

It was absolutely impossible for him to cultivate a second domain.

"Who are you?" The golden-haired youth finally realized that the person he was chasing might not be as simple as a lowly human.

Su Yu calmly said, "Take a guess."

The golden-haired youth's eyes flashed as he said, "You have already grasped the time and space domains. You can be considered a heaven's favorite. Follow me and I will ensure that you survive this calamity."

The calamity he was talking about was undoubtedly the destruction of the epoch.

"Don't repeat the same words." It was impossible for him to follow someone for his entire life.

His Dao had always been lonely and long.

"I guess you still don't understand who is standing in front of you." The golden-haired youth regained his calmness and composure. "Let me introduce myself. I am the ninth successor to the ruler of time, Emperor Shao Hao."

The ruler of time was a god-like existence in an eight-star civilization.

It was omnipresent and omnipresent.

It could control everything in the world.

A single thought from a ruler could decide the survival of all living beings. It could create great turmoil and destroy myriad sects.

Their children were all holy sons who had inherited their bloodline abilities.

Each of them was a world-shaking figure whose name shook the galaxy.

The golden-haired young man in front of him was the ninth son of the ruler of time. Su Yu had already seen his abilities.

“Oh, so what?” Su Yu said calmly.

Shao Hao pursed his lips and smiled. “I am one of the future successors of the ruler. As long as you assist me to ascend to the position of ruler, I will grant you an upgrade in your domain level, allowing you to completely control the time domain.”

Upgrade his domain level?

Su Yu knew that the same domain was divided into four levels according to its strength: beginner, middle, high, and Yuan.

He had just condensed his domain not long ago, and its strength was only at the beginner level.

From Shao Hao’s tone, it seemed like a ruler could raise the level of others’ domains at will.

“I can raise my time domain by myself. I don’t need your help.” Su Yu would naturally think of ways to raise the level of his domain.

Shao Hao shook his head and said, “I’ll give you one last chance. Agree or Die?”

He stared at Su Yu and took a deep breath. He took out another time hourglass and said, “Your time domain is only at the beginner level while I’ve already reached the advanced level. It won’t be difficult for me to kill you!”

To be honest, it would be a pity to kill Su Yu.

However, it would be more dangerous if he wasn’t killed.

A person who controlled both the time domain and the space domain but couldn’t be controlled.

It was destined to be dangerous for his future path of dominance.

“Then let’s give it a try!” Su Yu wasn’t afraid.

It was undeniable that the other party’s time domain was indeed stronger.

But from the scope of the time domain, it was far from what Su Yu could compare to.

His time domain was only limited to his field of vision, but this person’s time domain was quite extensive.

At least, the area that Su Yu used his space domain to step out of was still within his time domain’s control.

“I’m sorry that you chose the worst answer.” Shao Hao’s golden hair suddenly fluttered in the wind.

The two time hourglasses froze at the same time.

Su Yu was instantly frozen by time.

His mind was still there, but his body was no longer under his control. It was as if he was frozen.

“Time acceleration!” Su Yu shouted.

The only way to cancel out the time freeze was to speed up time so that the frozen state could be removed.

Time did indeed accelerate.

However, it did not completely cancel out the other party’s time freeze. As a result, Su Yu’s movements were clearly twice as slow as the golden-haired young man’s.

“This is the difference between an intermediate domain and an elementary domain.” The golden-haired young man walked over and pointed at the extremely slow Su Yu.

Under such a situation, anyone would only be waiting for death.

“Death gaze!” The instant the youth approached, Su Yu activated his death domain without any warning.

An ancient giant monument suddenly appeared behind Su Yu. On the giant monument, there was an extremely dense “Death” character.

The moment the giant monument appeared, the aura of death descended and tens of thousands of ghosts wailed.

It was as if the Netherworld Hell had descended to the mortal world.

The word “Death” flew into the sky and transformed into a pair of eyes that contained the word “Death” as it stared at the golden-haired youth.

Instantly, the golden-haired youth felt his body rapidly decay from the inside out.

“Death Domain?” At this moment, the golden-haired youth was truly shocked.

It was already an extremely inconceivable thing for a person to cultivate a time and space domain at the same time.

How was it possible to cultivate a death domain?

With the death domain on his body, the golden-haired young man’s body began to rot uncontrollably.

In the blink of an eye, his soul and life were on the verge of death.

However, Su Yu knew that as a person with a time domain, it was very difficult to be killed like this.

“Time reversal!” Sure enough, at the critical moment, the golden-haired young man activated time reversal and restored the time in this area to the time before Su Yu activated the death domain.

Everything returned to the time when he was about to attack Su Yu.

However, because he used time reversal, the previous time freeze state disappeared.

“Time freeze!” This time, it was Su Yu’s turn to activate time freeze.

The golden-haired young man, who was still in the distance just now, had a finger on his glabella at this moment.

It turned out that he had also used time slow domain.

It caused Su Yu to fall into the slow time domain.

Fortunately, he reacted in time and was able to barely react.

However, Su Yu's time domain was unable to completely stop the golden-haired young man.

The other party's finger continued to pierce through Su Yu's head without any obstruction.

However, the moment the finger touched Su Yu's glabella, a strange scene appeared.

Su Yu's figure disappeared into thin air.

"Afterimage?" The golden-haired young man was startled and immediately realized that something was wrong. "Not good! Time is set!"

However, he was still a step too late. A destructive lightning bolt pierced through his body with a loud bang and shattered the golden-haired young man into pieces.

Only then did Su Yu's figure appear.

It turned out that he had activated his spatial domain ahead of time and had successfully dodged before the golden-haired young man had frozen time.

Then, he activated the lightning mastery eight extreme sets.

He used the destructive lightning to kill the golden-haired young man.

However, Su Yu knew that he would not die so easily.

"Time and Space Freeze!" After Su Yu killed the golden-haired young man, he immediately activated his time and space domain to freeze the entire space.

"Time reversal!" Almost at the same time, the golden-haired young man's low roar resounded in the sky.

The latter's time reversal broke through Su Yu's time freeze, causing a large area of time to continuously reverse.

However, space did not change because of this.

Chapter 2502 The Enemy Of Fate

At the spot where the golden-haired youth was destroyed, a human figure was rapidly condensing.

His figure was blurry, and multiple shadows appeared.

This was because his body was restricted by the spatial domain and couldn't return to where he was standing.

"Death gaze!" Taking advantage of the fact that he couldn't move, Su Yu once again activated his death domain.

Under the gaze of the gigantic eye of death, it immediately destroyed his body that was about to be resurrected.

However, not long after it was destroyed, the golden-haired young man activated time reversal to resurrect himself and disperse his death domain.

He did this ten times.

The effect of the golden-haired young man's time reversal became weaker and weaker. Slowly, it was almost the same as Su Yu's time domain.

Su Yu's eyes flashed. As expected!

The golden-haired young man was a descendant of the ruler of time. His time domain was not cultivated by himself.

It was something that he had inherited from his bloodline.

Every time he used it, he would lose a trace of his bloodline.

Theoretically speaking, he couldn't use it indefinitely.

Therefore, Su Yu killed him time and time again. He was constantly consuming his bloodline, and the situation before him was the result.

His bloodline was getting weaker and weaker, and the time domain he used was getting weaker and weaker.

As long as the power of his time domain was reduced to the same level as Su Yu's, it wouldn't be difficult to kill him!

As if sensing danger, the blond youth was enraged for the first time. "Congratulations, you've successfully angered me!"

What made Su Yu's pupils shrink was that a third time hourglass appeared beside the blond youth.

"You forced me to release an advanced time domain. Other than that woman, you're the First!" The blond youth was like an enraged lion. "Time reversal!"

Instantly, Su Yu felt that his time domain was like a dam in front of a monstrous flood.

He could no longer stop it and was instantly swept away.

Time rapidly reversed, all the way back to the time when the golden-haired young man was fishing alone on the boat.

Everything that had happened before seemed like a dream.

However, Su Yu knew that this was not a dream.

"HMPH!" The golden-haired young man stood up from the boat. His movements caused ripples to ripple on the boat.

However, the ripples froze the moment the golden-haired youth stood up.

His time freeze domain had been activated!

Su Yu knew that things weren't going well and immediately used his time domain to speed up the flow of time around him.

However, the difference between a beginner and advanced time domain was too great and couldn't be canceled out.

He was still locked in place and could only watch as the golden-haired youth walked over.

His face was filled with killing intent, and his handsome face became twisted and fierce.

"Die in my high-level time domain. You can die without regrets!" The golden-haired youth said coldly as he pierced his finger through Su Yu's head.

A strong sense of danger reverberated in Su Yu's heart.

He had no choice but to activate the eight domains!

The blindfold fell silently, revealing the eye.

Everything in the world was frozen, but the eye was not affected. It rotated quietly and released a beautiful eight-colored halo.

"Eight great domains, break!"

In an instant, eight great domains flew out of the left eye at the same time and swept across the world.

Wherever it passed, all the domains were shattered.

Even the high-level time domain was destroyed by the eight great domains.

"Little Qilin!"

The high-level time domain shattered, and Su Yu summoned the little qilin without thinking.

"Nine Nether Jade Flame!" The Little Qilin's body shrank, and the scales on its body opened up, spewing out jade-green flames in all directions.

Ah --

With a mournful scream, the golden-haired youth was instantly ignited.

The intense nine Nether Jade Flame immediately went deep into its soul, burning it.

"Time reversal!" The golden-haired youth immediately activated his advanced time domain, allowing time to return to the time when he was fishing on the lake.

However, the golden-haired youth couldn't help but be terrified.

There was one thing that didn't disappear with time reversal.

And that was... The nine Nether Jade Flames!

To be precise, there was still a small portion of the nine Nether Jade Flames in his body that was rapidly expanding.

In just ten breaths, it would be able to destroy his soul.

The golden-haired youth's face was filled with panic as he hurriedly used his high-level time reversal domain several times.

This was how the nine netherworld azure fire was completely dispersed from his body.

But because of this, he had used up a large amount of his bloodline power.

The effects of his time domain quickly dropped to the level of an intermediate domain.

The golden-haired youth looked at Su Yu once more, his eyes filled with fear.

“So, I met a descendant of ancient god Nine Dragons!” How could the golden-haired youth not recognize the eight-colored domain that swept through all domains?

At this moment, the golden-haired youth finally understood why his opponent was so difficult to deal with.

So it was a descendant of ancient god Nine Dragons!

Ordinary geniuses were not even qualified to be his opponent.

Only the descendants of the various rulers, descendants of ancient gods, and descendants of ancient gods were qualified to fight him.

However, ever since ancient god Nine Dragons created the world and controlled the eight domains, the Heavenly Dao no longer allowed anyone to master the eight domains.

The fact that Su Yu was able to use the eight domains was definitely not because he cultivated them.

It could only be because he was a descendant of ancient god Nine Dragons' bloodline.

He was able to use the power of his bloodline to unleash the eight domains.

Unfortunately, his guess was completely wrong.

Su Yu had cultivated the eight great domains on his own and didn't rely on his bloodline.

Of course, Su Yu wouldn't explain.

“Since you want to die, I'll Grant You Your Wish!” The eight great domains revolved in Su Yu's eyes.

The golden-haired youth's gaze turned sharp, and his heart surged with battle intent.

Back then, in the early years of the new era, the heavens and earth had just been created.

The eight great rulers had each obtained a good fortune from the sacred mountain and became the rulers of this domain.

If nothing unexpected happened, the eight rulers would replace the nine sacred ancestors of the previous era and become the strongest existences of the current era. They could also call themselves the eight ancestors.

However, ancient god Nine Dragons used a nine dragons divine cauldron to steal the good fortune of the eight rulers.

He had cultivated the eight domains first!

The eight rulers, whose good fortune had weakened, thus remained at the level of rulers and could no longer become ancestor-level existences.

Ancient God Nine Dragons, ancient god Nine Nether, ancient god Jin Xuan, and the other peerless experts of the early years of the new era all took this opportunity to rise up and become supreme existences that surpassed the eight rulers.

This was a hatred that the eight rulers would never forget.

The descendants of the eight rulers would forever fight against the descendants of ancient God Nine Dragons and take revenge for what they had done.

The golden-haired youth and Su Yu were mortal enemies that would not rest until one of them died!

However, the golden-haired youth had fought many battles, and his bloodline had been greatly depleted. It would be useless to continue fighting.

“Descendants of ancient god Nine Dragons, if you only have this kind of strength, then prepare to have your head chopped off!”The golden-haired youth sneered. “You will never understand how powerful the descendants of the rulers are!”

His strength was already on par with Su Yu’s.

However, it was still unknown how high his strength would rank among the eight descendants of the rulers!

“Destroy!”Su Yu’s eight domains flew out from his left eye and bombarded the advancing youth.

“Time freeze!”The golden-haired youth immediately activated his advanced time domain and left.

Su Yu looked at the empty world. He wanted to chase after him, but he couldn’t do anything.

The golden-haired youth had a high-level time domain. No one could stop him if he wanted to leave.

He thought back to the golden-haired youth’s last words, and he couldn’t help but worry.

He knew that as the successor of an ancient god, he would face the ancient God’s great enemy sooner or later.

He didn’t expect that the great enemy was right in front of him!

Chapter 2503 Was Another Pleasant Surprise

Ruler!

The ruler of the eight great domains!

Each of them controlled their own domain limits, Yuan domains!

And their cultivation would definitely be earth-shattering.

If he wanted to contend against the eight rulers by himself, he had to be careful at every step.

“The most important thing right now is to work hard to raise my cultivation.” Su Yu knew that forging required one’s own body to be tough.

Relying on outsiders wasn’t going to accomplish anything.

“Quickly obtain the position of the vile-daughter hall, then immediately leave the Taiyi sect.” The descendants of ancient god Nine Dragons existed in the Taiyi sect. This information wasn’t something that could be concealed for too long.

It could be as short as one or two years, or as long as ten years. The other overlords would definitely find out.

At that time, if all the experts came together, Su Yu would definitely be reduced to ashes.

Thinking of this, he immediately rushed back to the sect.

When he arrived at the sect gate, he released Chen Qiankun, Zhu'er, Ling ‘er, and the white-faced old man who was trapped in the spatial storage.

The four of them returned to the military preparation hall together.

However, there was only one deputy hall master left in the hall to take charge of the affairs.

Su Yu brought an entire group back, which greatly shocked him.

“How did you come back?” Deputy Hall Master Bai asked in shock.

A year ago, in the register, the only people left were Su Yu and Chen Qiankun’s group, as well as Sun Zhongtian.

He didn’t expect that apart from Sun Zhongtian, the other four had all returned.

After asking carefully, he found out that the white-faced old man, the traitor, had appeared among them.

The Vice Hall master immediately reported this matter to the higher-ups, who were all furious.

Su Yu and the other three had successfully completed the mission and obtained the rewards of this mission. Their disciples’ levels had risen by two levels.

Chen Qiankun was an 8-star disciple to begin with. After rising by two levels, he had become the Deputy Hall Master.

Zhu'er and Ling ‘ER had become 9-star disciples from 7-star disciples.

Su Yu had become 8-star disciples from 6-star disciples.

The most eye-catching one among them was not Chen Qiankun, but Su Yu.

That was because it only took him two years to go from a slave to an eight-star disciple!

With such speed, it was almost the history of the entire sect.

The exhausted Su Yu returned to his residence.

Unexpectedly, Yu Xiang Wan was already waiting for him there.

“Brother Su, Congratulations! Congratulations!” Yu Xiang Wan was very excited.

Su Yu felt a warmth in his heart. In the entire sect, perhaps only Yu Xiang Wan could still be considered as a friend.

“Brother Yu, thank you for your concern. Let’s talk inside.” After inviting Yu Xiang Wan into the sect, the two of them chatted for a long time.

After Su Yu left, the sect was very calm.

Yu Xiang Wan used her own channels to become a one-star disciple and was promoted to a three-star disciple.

At present, the sect was still under the management of the head of the sect. Because the sect leader and a bunch of high-ranking officials were still in the Haoran Holy Land, they had yet to return.

However, a storm was brewing outside the main gate.

After Su Yu and the others found out about the situation at the border, tens of thousands of disciples and even a group of Hall master level experts rushed to the border to start a war.

The result of the war was quite tragic.

A Deputy Hall Master had fallen, and the hall master himself was seriously injured. Thousands of sect disciples were buried at the border and couldn’t return.

The huge price had been paid in exchange for the victory at the border, driving away the intruders.

Currently, the Armament Hall was still on the way back, and it was still about three to four months away.

Su Yu’s expression changed when he heard this. That War had been so bitter?

The remaining six star guards and one hundred Xuan Dao Masters had almost destroyed the entire armament hall.

“However, according to the rumors, they weren’t defeated. Instead, they found what they wanted in the mine and left just now.”

Su Yu felt a chill in his heart. The descendant of the ruler of time had personally led his men here. Of course, they were not just here for a mere mine.

“What did they take with them?”

“It’s said to be a third-grade nine nether crystal!”

Su Yu was surprised. “Third-grade?”

Currently, the highest-grade nine Nether Crystal found in Taiyi sect was a seventh-grade one.

What did third-grade mean?

Moreover, it was a piece of strange crystal!

No one knew what kind of amazing item was contained in it.

“In short, the sect is temporarily safe,” said Yu Xiang Wan, “So, I’ve decided to fulfill the promise you made before you left and give you something.”

He took out an invitation card.

“What’s This?” Asked Su Yu.

Yu Xiang Wan said mysteriously, “It’s an invitation from an inner sect disciple. We’re helping them with something. There’s a chance to get the divine item that can help them break through to the light nirvana stage, the Heavenly Divine Water.”

Upon hearing that, Su Yu’s eyes lit up.

What he yearned for the most right now was to increase his strength.

The heavenly divine water was like a pillow to him when he was sleepy.

“Help them with what?” Su Yu asked curiously.

Yu Xiang Wan said, “Go deep into the Zhengtian sect and plunder a sixth-grade nine nether crystal.”

Sixth-grade? or nine Nether Crystal?

Su Yu’s heart pounded.

If it was in the past, he would not be too interested in the nine nether crystal.

However, now that he saw how the Little Qilin absorbed the Netherworld Strange Crystal’s Green Fire, even the descendants of the ruler of time were afraid of its power, he could not help but be tempted.

If the little qilin could absorb the sixth-grade Netherworld Strange Crystal’s green fire, then the green fire it released would be rather terrifying.

“Count me in!” Su Yu said decisively.

Yu Xiang Wan smiled. “I knew brother Su would not let go of this once-in-a-lifetime opportunity. Ten days later, come with me to meet the inner sect disciples. They will also test your ability.”

Yu Xiang Wan was not worried about this at all.

Even he could get the approval of the inner sect disciples, let alone Su Yu who was stronger than him.

“Alright!” Ten days later, Su Yu made a note of it.

After sending Yu Xiang Wan off, Su Yu thought for a while and went to the shop that sold tools.

He spent a whole thousand hours to buy the best tools.

Then, when it was late at night and the nine nether winds were blowing in the mine, he sneaked into the mine.

When he came to the depths of the mine, Su Yu swept his soul eyes and immediately found many hidden crystals of the netherworld.

Su Yu didn't even glance at the grade nine crystals.

He only looked at the colors of the grade eight and grade seven crystals.

Although the mine was hard, under this most expensive tool, the ores were like soft mud and were easily dug out.

A night passed.

Su Yu successfully dug out a hundred catties of grade eight and ten catties of grade seven crystals of the netherworld.

Unfortunately, he didn't encounter any more nine Netherworld crystals.

Strange crystals were things that could be encountered but not sought. They were very rare.

Previously, he was already extremely lucky to be able to encounter two of them in a row.

At dawn, before the slaves woke up, Su Yu left the mine. Then, as if nothing had happened, he left the sect and headed to a secret place outside the main gate.

"Who is it?" A familiar female voice sounded.

Su Yu said, "It's me."

Immediately, a golden-masked woman appeared. Her face was full of joy. "I've been waiting for you for a long time."

Su Yu said apologetically, "I was sent out by the sect to carry out a mission. I was delayed for a long time. I'm sorry, I missed the trading date."

The golden-masked woman was the Golden Moon of the Devil sect.

"Oh, it's okay. It Won't be too late for the next trade." Hearing that Su Yu had not returned, he knew that he might not have gotten the nine nether crystals.

Su Yu said, "First, lightly click on the ones in front of you. Is It Enough?"

He threw out a storage ring. The latter took a look and said in surprise, "So much?"

His face was filled with ecstasy. Immediately, he completed the transaction with Su Yu.

This time, Su Yu obtained a total of 2,400 crystals.

"Then, we'll meet again next time for the transaction." Su Yu agreed on the time and place for the next transaction.

"Hold on, Young Master!" Jin Yue said mysteriously, "I said last time that when we meet again, I will give you a surprise as a reward for my help."

Another surprise?

Chapter 2504 Demonic Ape Puppet

He had quite a few surprises.

"Young master, please take a look." Jin Yue took out a black puppet. Its face was ferocious, and its entire body was emitting a terrifying demonic aura.

Su Yu's eyes flashed. With his eyes, he could naturally tell that this was a rare good item.

"This is the demonic ape puppet that the demonic sect does not teach to outsiders. Once it is used, its strength will be limitless. Does it have the battle prowess of the late stage of the Middle Nirvana Stage? I'll give it to young master."

Late-stage of the Middle Nirvana Stage?

Su Yu's eyelids twitched. Late-stage of the middle nirvana stage was probably equivalent to the cultivation of the third incharge.

How could he bear to give such a precious thing to him?

As if seeing through his doubts, Jin Yue sighed and said, "Speaking of which, I am ashamed. Our ancestor was once one of the elders of the demonic sect. However, he died unexpectedly and my family fell from power. In the end, I ended up becoming a merchant."

"Our ancestor's things have been sold for almost all these years. Only this demonic ape puppet left behind by our ancestor is still worth some money. I'll give it to young master."

Su Yu was surprised that Jin Yue had such a background.

However, after thinking about it, he came to a realization.

Even a small outer realm could produce the change of times, let alone the dream boundary of the greater world.

The rise and fall of a family was only an inevitable product of history.

"This is a puppet of the late stage of the Middle Nirvana stage. Its combat strength is extremely strong and is extremely rare. Why Don't you keep it to save your life?" Su Yu did not want to waste it.

Jin Yue's current cultivation was only at the middle stage of the light nirvana stage.

It was extremely unwise to give up such a powerful puppet.

"If I could use it, of course I wouldn't give it away. Honestly, I can't afford to use it." Jin Yue smiled bitterly and said, "Once the demonic ape puppet is activated, it can fight for the time it takes an incense stick to burn. However, the time crystal used is a total of 10,000 time crystals. I wouldn't be able to use it even if I used up all my life savings."

When Su Yu heard this, the corners of his mouth couldn't help but Twitch.

10,000 time crystals?

Currently, he only had 10,000 time crystals left on him.

Using it once was equivalent to emptying his entire fortune.

Even if he continued to mine day and night, he would still need five days before he could satisfy the demonic ape puppet's need to move once.

And one time was only enough for an incense stick to burn.

Such a price was too high!

No Wonder Jin Yue would rather give him away as a gift!

In the entire Tai Yi sect, other than the three incharge and the sect leader, who could afford this?

"I'll accept the gift. Thank you." Su Yu thought for a moment and took out a small sapling.

This was a piece of thousand-year willow thread that he had found on the white-faced elder's body on the way back.

As long as he nurtured it carefully, it would quickly grow into a complete thousand-year willow thread.

"Thousand-year-old willow thread?" Jin Yue's eyes were quite brilliant. She recognized it immediately and screamed.

"Shh!" Su Yu stuffed it into Jin Yue's palm. "I don't owe you any favors in my life. Take this as compensation!"

Without any explanation, Su Yu forcefully stuffed it into her hand and left.

Jin Yue was left sighing. A devil ape puppet that she couldn't use in exchange for the famous thousand-year-old willow thread.

Not only did she not lose it this time, she even gained a lot.

"If my cultivation is successful, I will definitely repay you," Jin Yue thought to herself.

Su Yu returned to the sect as if nothing had happened and immediately went into seclusion to familiarize himself with the demonic ape puppet.

The more he studied it, the more he realized that this puppet was profound and powerful. It was definitely not an ordinary item.

Especially the part of its heart. Even when Su Yu used the clairvoyance eye, he couldn't see through it.

There was a hidden power in its heart that even Jin Yue might not know about.

After studying it for a few days, she finally got familiar with it. Yu Xiang Wan came to look for Su Yu as promised.

Under his recommendation, Su Yu came to one of the regions of the sect.

In this region, the main focus was on leisure and there were many restaurants.

The most famous one among them was the Ru Xian pavilion that the sect had set up.

When Su Yu and the others went up, there were already three people talking inside.

“Did you hear that Shao Hao personally came to the southern dream boundary and fought with someone at the border between our sect and the Zhengtian Sect?”

“It’s not news, right? Our sect’s military preparation hall has already fought with Shao Hao’s seven star guards, and in the end... he was defeated!”

“I don’t think any of our Tai Yi sect’s ten great inner sect disciples can compete with Shao Hao.” A red-haired youth with a calm expression said with fear and envy.

The Fat Monk next to him said with a smile, “Red Ghost, you’ve underestimated the descendants of the ruler of time. Even the ten inner disciples combined aren’t Shao Hao’s match.”

“I really don’t know who the expert that fought with Emperor Shao Hao was. I think he must be at least an unparalleled expert from the void or Kong Nirvana realms.” A beautiful woman with long snow-white hair said in surprise.

At the place where the battle took place that day, time and space were in chaos. There was even a strange scene of eight great domains descending on heaven and earth.

How could the experts nearby not notice it?

After the battle, they went over to take a look. There were no traces on the ground, as if there had never been a battle.

This was because the time there had been messed up and returned to its original state.

The traces of the battle were all covered by the time domain.

However, there were no corpses nearby.

This was unbelievable.

Could it be that there was someone in the world that Emperor Shao Hao could not kill?

“No matter who that person is, he’s someone we can’t afford to offend.” Red Ghost and the Fat Monk looked at each other solemnly.

Thump, thump, thump..

At this moment, Yu Xiang Wan led Su Yu to the attic.

“Greetings to the three senior brothers.” Yu Xiang Wan was well-behaved and greeted the three of them politely.

It turned out that they were three of the top ten inner sect disciples.

Hong Gui looked at Su Yu, who was beside Yu Xiang Wan, and said casually, “He’s the one you brought here? Why is he a human?”

The Fat Monk and the gentle and beautiful woman also showed a worried expression.

The human race was the most inferior race. In an eight-star civilization, they usually only engaged in low-level jobs to serve the other high-level races.

There were very few experts among the human race. Even if there were, they were usually not that good.

Yu Xiang Wan smiled. "Senior Hong Gui, don't look down on junior brother Su's background. His abilities are above mine."

"Oh?" Hong Gui, the fat monk, and the gentle and pretty woman looked interested at the same time. "Really?"

Apparently, they were very satisfied with Xiang Wan's abilities.

When they learned that Su Yu was better than Xiang Wan, they couldn't help but be curious.

The Fat Monk Thought for a moment, he smiled kindly. "Junior brother Su, our operation this time is very meticulous and we can't recruit people as we please. How about this? We'll give you a test. As long as you can complete it, we'll agree to let you join us. How about it?"

Test?

Su Yu was not surprised and said, "Let's talk about it first."

The fat monk said, "In the Tai Yi sect, there is a region called the bewitching zone. I have placed a string of Buddhist beads inside. If you can bring it back within two hours, you will pass the test."

Bewitching Zone?

Su Yu had heard of it before. It was a bewitching zone and it would be difficult to discern the direction within it.

Usually, it would be considered pretty good if one could get out within a day.

Now, not only did he have to get out within two hours, but he also had to find a specific Buddhist bead. It was extremely difficult.

"Junior brother Yu completed the mission within two hours. Since you are better than him, why don't you give it a try?" The Fat Monk smiled like the wind.

Su Yu nodded. "Sure!"

After he finished speaking, he immediately went forward.

After he left, the gentle and beautiful woman slightly frowned. "Big Monk, isn't your Buddha bead hanging around your neck? Where did the second string come from?"

Chapter 2505 Was Too Overbearing

The fat monk caressed the Buddha beads on his neck and smiled. "My Buddha beads are a treasure, how can I just put them there?"

"Then what's this test for?" asked the gentle and beautiful woman.

The Fat Monk was still teasing her too much.

“As long as he’s not stupid, he should be able to bring back something else from the foggy territory,” said the Fat Monk with a smile.

Yu Xiang Wan heard it from the side and felt displeased.

When testing others, one should at least show some respect. It would be too disrespectful to make fun of others.

However, they were inner sect disciples, the elites of the future sect.

“I hope brother Su can understand,” Yu Xiang Wan thought to herself.

Speaking of which, Su Yu.

After leaving the restaurant, he immediately went to the misty territory.

It was said that the misty territory was riddled with obstacles. It was easy to enter, but not easy to leave.

Su Yu tried to use the eye of the soul to explore the way. What made him slightly relieved was that the misty obstacles here did not affect his eye of the soul.

With just a glance, he could see through the twists and turns of the misty territory and see the situation at the center of the Misty territory.

He went all the way and arrived there in the time it takes for an incense stick to burn.

However, there were no Buddha beads there.

“No? Did someone else take them away?” Su Yu pondered.

Then, he looked around and found that there were many strange stones growing in the central area that were not found elsewhere.

They looked like a human face, colorful and very dense.

This stone was not found in other parts of the domain.

It was only found here.

“Explain to him about the Buddha beads. It should be no problem to take some stones back.” Su Yu picked up a stone.

However, after thinking for a while, he took another stone and put it into his sleeve.

After he was done, he immediately rushed back.

It only took him two incense sticks to burn, which was equivalent to a pot of tea.

It did not even take him two-tenths of an hour. It could be said that he had achieved his goal far ahead of time.

He returned to the restaurant.

Red Devil, the Fat Monk, and the gentle and beautiful woman were chatting and drinking.

Yu Xiang Wan was smiling apologetically at the side. She did not even have the chance to accompany Su Yu.

“Why Are You Back?”The Fat Monk noticed that Su Yu had come up and was stunned for a moment. “Did you not understand something? Why Did You Come Back Halfway?”

Red Devil and the gentle and pretty woman were also puzzled.

It had only been ten minutes, yet the other party did not even have enough time to study the route of the fog.

Could it be that he felt that it was difficult to complete the mission and came back to propose a replacement test?

Su Yu replied indifferently, “There’s no Buddha bead in the middle of the fog. I’ve already seen it.”

What?

He had already gone to the fog domain for a round trip?

How was that possible?

Even if the three of them went there, it would take at least an hour.

No matter what, Su Yu would not be able to go there in the time it takes to brew a cup of tea.

The Fat Monk looked at Yu Xiang Wan unhappily.

Earlier on, when they were talking about the Buddha bead not being in the fog, Yu Xiang Wan was at the side. Could it be that he had secretly informed Su Yu?

The fat monk retracted his gaze and looked at Su Yu with a hint of dissatisfaction. “If you say you’re here, do you have any proof?”He questioned. “It’s not counted if it’s just your mouth.”

His tone was not friendly.

Su Yu frowned slightly. “The Buddha beads are indeed not there. Senior brother, please investigate it.”

The Fat Monk slammed the table, no longer showing a pleasant expression. “The Buddha beads are on my neck. Of course, I know it’s not there! I’m asking you, what proof do you have?”

Eh?

Su Yu looked at the Buddha beads on the monk’s neck. He initially thought that the monk had two strings.

It turned out that he did not place the Buddha beads in the foggy territory at all. He was just saying it casually.

Su Yu suddenly felt like he was being teased.

The Fat Monk’s tone was also hard for Su Yu to accept.

However, he was introduced by Yu Xiang Wan. For the sake of Yu Xiang Wan’s face, he decided to bear with it.

He took out a stone in the shape of a human face. “I wonder if this counts as proof.”

Upon seeing this item, Red Devil and the gentle and pretty lady were both surprised.

This stone was only found in the center of the foggy territory. There was nothing else.

This stone could indeed count as proof.

“Let me take a look!” The Fat Monk squinted his eyes as he took the stone and examined it repeatedly.

The gentle and beautiful woman said, “What’s there to see? With one look, I can tell that it’s a fresh stone that was just taken out of the Misty Domain.”

The color of this stone would change after leaving the misty domain for two hours.

This stone could be used as a proof.

Unexpectedly, the fat monk snorted and smashed the stone on the table into pieces.

“Who knows if you bought it from someone who just came out of the domain?” The Fat Monk said arrogantly.

He didn’t like the feeling that Su Yu was out of his control.

As an inner disciple, he wouldn’t allow an outer disciple who was a slave to surpass him.

“Bring me another one!” The Fat Monk waved his hand.

Unexpectedly, Su Yu stood there and didn’t move.

“Go, what are you standing there for? Will the stones fly over by themselves?” The Fat Monk’s face was full of anger.

However, Su Yu didn’t say a word and took out hundreds of stones.

There were all kinds of colors, and each one was very fresh.

“Whichever one you like, you can choose.” Su Yu threw all the stones on the table.

Red Devil and the gentle beauty smiled but didn’t say anything. It seemed that the fat monk was going to suffer today.

The Fat Monk was stunned for a while, and the muscles on his face kept twitching.

“Humph! I want you to go and get it now!” The Fat Monk was completely shameless. He swept all the stones on the ground and glared at Su Yu with his round eyes.

Su Yu did not say anything and quietly went downstairs.

However, he was not prepared to go and get it. Instead, he gave up on joining them.

If he were to cooperate with such a person who had no moral character, not to mention the dangers along the way, he would be treated as a scapegoat.

Just whether or not the other party would honor the one-day miracle water was another matter entirely,

what was there to work with such a person?

“And you, you piece of SH \* t with the surname Yu, if you recommend me another person, I'll break your legs!”The Fat Monk vented his anger on Yu Xiang Wan as well.

As slaves, in the eyes of the fat monk, they were really lowly to the extent of animals.

He could insult them without any reason.

Yu Xiang Wan clenched her fists secretly and chose to endure it.

He knew very well that in the Tai Yi sect, one had to endure everything.

However, Su Yu, who was walking downstairs, stopped and walked back slowly.

“Why are you back? Human!”He deliberately emphasized the word “Human”to express his contempt.

Su Yu's eyes were indifferent. “It's fine if you say that the status of the human race is not high, or if you want to make things difficult for me, I can tolerate all of these. However, you insulted my friend. I can't pretend that I didn't hear it.”

The Fat Monk was originally dissatisfied with Su Yu.

However, due to his status as an inner disciple, he couldn't bear to lay down his status and attack him.

Now, he didn't look for trouble with Su Yu. Instead, Su Yu took the initiative to provoke him.

“Human, I've tolerated you for a long time!”The Fat Monk lifted the table, he walked over coldly. “As a human, it's fine if you don't know your place. But as an outer disciple, you still dare to be disrespectful to us inner disciples. Now, you still dare to speak arrogantly!”

“It seems that you've just come from the outer realm and don't know the rules of an eight-star civilization yet. Let your Lord Buddha teach you today!”

As he spoke, he threw a punch.

His cultivation had long reached the early stage of the Middle Nirvana stage.

A casual punch was also filled with many mysteries and endless power.

Under normal circumstances, people who were born as slaves wouldn't be able to withstand it.

However, Su Yu only casually raised his fist and lightly faced it.

A purple lightning flashed in his palm.

Puchi --

The moment the fat monk and Su Yu touched, his fist was burned by the Lightning.

His fat body was still trembling from the residual lightning, and his fat body was shaking like a wave.

Red Devil and the gentle beauty, who were watching the show, couldn't help but be surprised.

“What a powerful lightning. Is this a domain or a dao artifact?”

Of course, it was a dao artifact. Moreover, it was the lightning-controlling Baji set with astonishing power.

The Fat Monk recovered from his shock. He thought that he would be able to kill him in one strike. However, not only did he not gain the upper hand, he even suffered a loss and lost face in front of the two inner disciples.

“Lowly human race, you have angered Lord Buddha!” The Fat Monk took off the Buddhist bead on his neck and threw it forward.

“Buddha's ancient temple!”

A vast domain manifested.

In the domain, an ancient Buddhist temple worshipped a fierce-looking ancient Buddha.

The Buddha chanted an obscure scripture, causing everyone who heard it to have a splitting headache and fall into great pain.

This was a vicious domain that targeted the soul.

Once it was injured, the Scripture would remain in the soul of others and would not dissipate for a long time.

Su Yu's eyes were cold. The purple lightning around his body formed a light barrier that blocked all the Sanskrit, preventing it from entering.

“This is the strength of an inner sect disciple? It's very ordinary!” Su Yu snorted coldly.

Immediately, the lightning suddenly exploded outwards.

Moreover, the range was just right between him and the Fat Monk.

This lightning was an existence that even Su Yu was afraid of. Although the fat monk's cultivation was higher than Su Yu's, it was not necessarily much higher.

The explosion of the lightning bolt instantly blew the fat monk's flesh and blood into pieces. He screamed and flew out of the attic.

The Buddhist bead dao artifact that was thrown out was also blasted into pieces.

One could see the power of the lightning bolt explosion.

Red Devil and the gentle beauty were completely shocked.

“He's just a human slave. How can he be so powerful?” The gentle beauty's pupils constricted.

With Su Yu's strength, he could be considered as one of the inner sect disciples.

He could at least enter the top nine, which was higher than the Fat Monk who was ranked tenth.

Su Yu's silver hair danced in the wind, and his eyes were filled with cold lightning. He stepped on the ground and landed on the fat monk who was half dead. "Don't look down on others. There are more masters in this world than you can imagine!"

After that, he left with his hands behind his back.

Yu Xiang Wan was stunned for a moment and muttered, "This fellow's strength is too terrifying, isn't it? Even if I go all out, I might not be able to defeat him!"

Her eyes darted around, and she left the restaurant quietly to catch up with Su Yu.

"If you're trying to persuade me to go back, there's no need for that," said Su Yu without turning his head.

Yu Xiang Wan laughed. "I'm not trying to persuade you to go back. Besides, I don't plan to join them."

Oh?

Su Yu looked at Yu Xiang Wan who was smiling. "Why don't we write down our own thoughts?"

"Hurhur, that's exactly what I'm thinking!" Yu Xiang Wan smiled and wrote two words on her palm.

Su Yu did the same.

Both of them smiled at each other and spread out their palms.

They looked at each other and laughed at the same time.

They both had the same two words in their palms.

**"Go it alone!"**

#### Chapter 2506 Intimidation And Robbery

Rather than cooperating with the inner sect disciples, it was better for them to act on their own.

When Su Yu went downstairs, he had already decided to go it alone.

Because, not only did he want the one heaven divine water, but he also wanted that sixth grade nine nether crystal.

Su Yu still felt wronged after joining them.

The result was good. That fat monk firmly decided that Su Yu wanted to snatch the sixth grade nine nether crystal,

if inner disciples could snatch it, why couldn't he?

**"Come, let's discuss this in detail!"**

The two of them chose a different restaurant and discussed this matter.

It turned out that the mission to snatch the sixth grade nine Nether Crystal came from a hall master.

He issued a reward. The reward was twenty thousand time crystals and two drops of Sky One divine water.

Ordinary outer disciples were not qualified to accept this mission.

Therefore, only inner sect disciples could accept it.

At that time, the Fat Monk, the Red Devil, the gentle and beautiful woman, and a fourth-ranked inner sect powerhouse would carry out the mission together.

Yu Xiang Wan thought that she would not be able to complete the mission alone, so she joined them.

Now that she was sure that Su Yu was very powerful, she decided to make other plans.

Instead of relying on them, she might as well work with Su Yu to complete the mission.

In this way, the items would belong to them.

“How about this, I’ll go and talk to that Hall master so that we can also take that mission. Brother SU has just returned, so let’s take a break.”

“Okay!”

The two parted ways, and Su Yu headed to his resting room.

When he passed by a domain shop, he suddenly found a slightly familiar figure buying things inside.

Su Yu recognized this person. He was the supervisor of mine # 9 in the mine.

He had already completed his three-month supervision mission and returned to the upper level of the sect.

Seeing him, Su Yu still remembered how he had made things difficult for him in the past.

However, it was not the time to make a move in the sect.

If there was a chance, he would say it again!

In the shop, the boorish man bought a few things and muttered, “Uncle, although you are dead, I will still complete that matter. In the end, I will think of a way to avenge you and get rid of Su Yu!”

Qin Yuan’s death had nothing to do with Su Yu.

However, he still blamed his hatred on Su Yu.

At the same time, in another place.

Under the treatment of Red Devil and the gentle beauty, the fat monk gradually recovered.

The first thing he did when he woke up was to jump up and roar, “Human Bastard, Lord Buddha will destroy you!”

The gentle beauty said with a cold face, “How can you not be embarrassed? Don’t you know that you have ruined things?”

Only then did the fat monk calm down.

However, there was still a lingering hatred on his face.

Red Devil said unhappily, "Big Monk, why did you suddenly go crazy? That human concealed such a powerful strength that wasn't inferior to the three of us. This should be a powerful help. Yet, you just drove him away!"

This was also where the gentle beauty was displeased.

The fat monk said angrily, "Me? Aren't you all the same? I didn't see you stop me!"

Red Devil and the soft beauty snorted and couldn't say anything.

If they really knew that Su Yu was so powerful, they would naturally stop the fat monk from acting crazy.

"It's too late to say anything now. That kid surnamed Yu also let go and left when he saw the situation," red devil grumbled.

The Fat Monk snorted. "If he didn't come, so be it. They're just two slaves. We have senior brother flying sword leading the team. That sixth-grade nine nether crystal belongs to us!"

"That's true!" said the gentle and beautiful woman

Red Devil did not blame the Fat Monk anymore. They were going to cooperate on this trip. It was not appropriate for them to get into a conflict beforehand.

A few days later.

Yu Xiang Wan held a scroll in her hand and looked for Su Yu.

"It's done." The scroll had the hall master's permission written on it.

Yu Xiang Wan asked, "Brother Su, are you ready? The inner sect disciples have already set off for four to five days."

"Let's Go!"

The two of them left the sect.

When they arrived at a remote area, Yu Xiang Wan took out a flying magic treasure. "I hope we can catch up to them. Otherwise, if it's too late, the inner sect disciples might have succeeded."

"Don't be anxious. The inner sect disciples must have rushed over in advance and set up an ambush at the designated location. We still have plenty of time."

If Su Yu was willing, he could use his space domain to arrive before the inner sect disciples.

"We'll listen to brother Su."

Hence, the two of them followed behind at a leisurely pace.

Several months later.

At the junction of Taiyi sect and Zhengtian sect.

A young man dressed in golden clothes led Red Devil and the other two to hide in front of a certain col.

“Senior Brother Flying Sword, the other party is expected to arrive in three days,” said the Fat Monk.

The young man in golden clothes nodded in a low voice and said, “Be careful in the next three days. Don’t reveal any aura. Those sixth grade nine nether crystals are very precious. The Zhengtian sect will be extra careful.”

“Alright!”

Three days passed.

As expected, according to the information provided by the Hall Master, a flying magical treasure flew over the place where they were.

There were several auras of the late stage of the Light Nirvana stage on it, and there were also four auras of the middle stage.

“It should be them. Attack!” The Flying Sword gave the order, and the four people immediately rushed forward to intercept the flying magical treasure.

The people on the flying magical treasure were all wearing the clothes of the Zhengtian sect. Among them, four experts of the early stage of the middle stage were middle-aged, and they should be at the level of the Hall Master in the Zhengtian sect.

“Kill!”

After confirming that it was them, the flying sword was the first to charge in.

He revealed his powerful cultivation of the middle stage of the middle nirvana stage and swept through the area with overwhelming force.

Red Devil and the other two were also busy dealing with one of the early stage of the Middle Nirvana stage.

Suddenly, an unusually intense fight broke out on the flying treasure.

Not far below, Su Yu and Yu Xiang Wan continued to wait.

Two hours passed.

After an intense battle, the victory of Flying Sword and the others finally came to an end.

Everyone was captured.

After all, flying sword was a powerhouse in the middle stage of the middle stage of the Nirvana stage. With him around, this battle was destined to be their victory.

“Senior brother, they don’t have any sixth-grade nine netherworld crystals on them.” Red Devil and the other two checked the storage space of everyone on the Flying Treasure.

However, the result was a big surprise to them.

Flying Sword's expression changed, and he thought of a possibility. "Cunning thing. This isn't a fleet transporting sixth stage nine nether crystals, but a pawn scouting the way."

In order to safely escort the nine nether crystals, the Zhengtian sect had spent a lot of money.

They didn't hesitate to use a ship of people as bait to scout the way ahead.

The real escort team was at the back.

Once the front was attacked, the escort team at the back would immediately change their route.

It was already too late to know now.

They believed that they had already changed their direction and were nowhere to be found.

**"Soul Search!"**Flying Sword and the others immediately searched their souls.

In the end, their minds were only filled with the task of exploring the path, and there was no news of the actual escort team.

Looking at the empty sky, flying sword stomped his feet fiercely. "Damn it! All our efforts were for naught!"

The world was vast, where could they find the other party?

**"Let's split up and search!"**The flying sword had no choice but to use the stupidest method.

Seeing that the four of them had split up, Yu Xiang Wan smiled bitterly. "Brother Su, we've come all this way for nothing."

The Prudence of the Zhengtian sect had made their plans come to naught.

Now, where could they find a real escort team?

Perhaps only the heavens would know?

Yu Xiang Wan waited for a while, but she did not see any response from Su Yu. She could not help but take a look at him and found that Su Yu was in deep thought.

After a while, Su Yu said uncertainly, "I do have a place I want to take a look. Maybe I can intercept the real escort team there."

**"Brother Su, how are you so confident?"**

Su Yu replied plainly, "You'll know once you see it."

After that, he brought Yu Xiang Wan and made several space jumps consecutively.

A few days later, they arrived at the southern end of the wanming mountain range.

That day, he avoided the interception of the three gods sect and went around the Wanming Mountain at all costs.

He used to pass through this place.

However, because he passed through the territory of the Zhengtian sect, he was targeted by a stone statue that suddenly appeared here.

That stone statue was an existence in the early stage of the Middle Nirvana stage and should be at the level of a hall master in the Zhengtian sect.

Why was it hidden in this remote and desolate place?

That was why Su Yu came here.

He guessed that the stone statue might have something to do with the transportation of the sixth-grade nine Nether Crystal.

After the two of them appeared, they immediately went into hiding.

Time passed slowly.

One day, two days, three days, there was still no movement.

What Su Yu could not help but appreciate was that Yu Xiang Wan was very calm and did not seem to have given up.

Finally, on the fourth day!

A seemingly ordinary flying magic treasure slowly flew over.

Not far in front of them, the ground was shaking, and an ancient stone statue emerged from the ground.

The stone statue had lost its eyes, so it could still sense the outside world.

“Hall Master Chen, How’s the situation? Is it safe?” A deep and sonorous voice came from the spaceship.

The stone statue nodded. “Apart from Emperor Shaohao who happened to pass by a month ago, there’s nothing else.”

A surprised voice sounded from within the ship.

“Then is he still nearby?”

The stone statue said, “He left a long time ago. Hall Master Zhou, don’t worry. With Emperor Shaohao’s status, he won’t ambush US and ask for a mere sixth-grade nine darkness crystal.”

That was true.

The people on the ship quieted down.

“Hall Master Chen, we’ll leave first.”

The stone statue cupped his hands. “Take care. I’ll return to the sect to report my duty...”

However, at this moment...

An aura that caused the stone statue to tremble appeared.

“I’m here on Emperor Shaohao’s orders to obtain a sixth-grade nine darkness crystal.”

At the same time, eight massive thunderbolts that were as thick as mountains descended and attacked the ship.

The stone statue's expression changed dramatically. "Lightning Protector?"

His entire body trembled.

If lightning protector was nearby, then... wasn't Emperor Shao Hao nearby as well?

Without thinking, the stone statue started to run. It didn't dare to stay.

A voice of shock sounded from the ship.

"Lightning-controlling eight extreme sets. This... this is Emperor Shao Hao's lightning protector!"

When they saw the stone statue running away, the people on the boat were so scared that they were scared out of their wits. They immediately left the boat and the things on it.

After a while.

They were sure that they had indeed escaped.

Only then did Su Yu and Yu Xiang Wan appear and jump onto the boat.

They saw that there was indeed a treasure chest in the middle of the boat.

When they opened it, they saw a 100-kilogram sixth-grade nine nether crystal.

Yu Xiang Wan's face lit up with joy.

However, he was more surprised, to Su Yu cupped his hands: "Brother Su, you really let me eye-opener!"

He was able to predict exactly where the real convoy was coming from.

What makes him more surprised is, Su Yu a word to frighten them all.

"Let's go, they are not stupid, they will react soon." Su Yu took the sixth-grade nine Nether Crystal and activated the space domain, rolling up in Xiang Wan to escape immediately.

It's very faint, though.

But he had just sensed that there was a very powerful presence on the ship, a presence that disturbed him..

Chapter 2507 2,398, The Tianqi Grand Meeting

For several days.

Su Yu took out the piece of sixth-grade nine nether crystal that weighed about 50 kilograms.

"Brother Su, it's a pity to return this item as part of the mission," said Yu Xiang Wan as her eyes moved around.

Su Yu agreed with her.

“With the value of the sixth-grade nine nether crystal, it should be 160 time crystals for one kilogram. At the moment, 100 kilograms can be exchanged for 16,000 time crystals,” Su Yu calculated.

The reward of the mission owner was 20,000 time crystals and two drops of Tianyi divine water.

In other words, the other party only spent 4,000 time crystals and two drops of Tianyi divine water to exchange for the things that they had worked hard to get.

It was indeed not worth it.

“Yeah, besides, 160 time crystals per catty is only the lowest price. If something amazing is cut out, the value would be more than several times higher,” said Yu Xiang Wan.

Su Yu chuckled and took out a stone that was specially used to cut out the netherworld crystal.

“Then what are we waiting for?”

In any case, the owner of the mission might not know the true weight of this sixth-grade netherworld crystal.

So what if they cut off a part of it?

Under his careful cutting, 100 kilograms of the sixth-grade Netherworld crystal was cut off by 90 kilograms.

“That’s enough, brother Su. Don’t be too evil.” Yu Xiang Wan thought that she was ruthless enough.

However, Su Yu was still ruthless!

He was not satisfied even after cutting 90% of the crystal!

The part that was cut off was only an ordinary sixth-grade nine netherworld crystal. It was not an unusual crystal, so the price was only 80 time crystals per catty.

Even so, there were still 7,200 time crystals.

Su Yu stopped. The sixth-grade nine Netherworld Crystal in front of him was only the size of two heads.

Due to its exceptionally deep color, ordinary methods could not see what was inside.

However, Su Yu was able to.

He used his clairvoyance to take a look and could barely see that there were two foreign objects inside!

“Dual crystals!” However, the one who spoke first was Yu Xiang Wan.

Su Yu was secretly surprised. Speaking of which, Yu Xiang Wan was indeed very observant.

Back then, when he was in the mine, he secretly went out to mine at night.

No one noticed it. Only he noticed it with his peculiar eyes.

“Brother Su, we’re rich now. The dual crystals are even harder to find, and the price is even higher. The price of these ten catties is no less than 20,000 time crystals,”said Yu Xiang Wan with a smile.

Su Yu smiled and did not say a word. He slashed down from the middle and split it into two.

In each half, there was a foreign object.

“Alright, half of it is handed over, and the other half belongs to us,”said Su Yu.

Yu Xiang Wan gave a thumbs up. “Black! Black to the end!”

Su Yu had secretly cut a mission item that weighed 100 kilograms into five kilograms!

If the owner of the mission knew the truth, it would be strange if he did not die of anger!

After cutting it open, Su Yu could finally see what was inside.

It was a silver snake with many rings all over its body.

It was neither a living creature nor a living creature. It was not very valuable.

“It’s a pity. Among the sixth-grade nine Netherworld Crystal, there should be a chance for something of high value to appear.”Yu Xiang Wan looked regretful.

The higher the level of the nine Netherworld Crystal, the higher the probability of it containing a high-level foreign object.

However, the probability was still relatively low.

It was not that easy to encounter it.

Now, it was time to divide the spoils.

Yu Xiang Wan was still quite generous. “I’ll give you five catties of the nine Nether Crystal and give me the leftover material.”

The leftover material was only worth 7,500 crystals.

However, this piece of five catties of the nine nether crystal was worth at least 15,000 crystals, twice as much as the former.

“How can I do that?”Su Yu asked.

Yu Xiang Wan was very straightforward. “Most of the credit for the mission was given to you. Without You, we could only rely on ourselves. Now that we’ve obtained 7,500 crystals of time, I’ve made a huge profit.”

After thinking for a while, Su Yu took the crystals as well.

Firstly, he did not want to be calculative with Yu Xiang Wan about the amount of crystals.

Secondly, he really needed this piece of nine nether crystal.

“Let’s go back to the sect!”Yu Xiang Wan said.

Su Yu kept the nine Nether Crystal and was about to leave when he suddenly noticed a group of people passing through the Ghost Weeping Forest.

“Eh? It’s the Flying Magical Treasure of our Tai Yi sect.” Yu Xiang Wan recognized the symbol on the flying magical treasure at a glance.

By a rough count, there were a total of four flying magical treasures.

There were more than 20 people in total.

The strongest ones were the two hall masters in the early stage of the Middle Nirvana stage. Apart from them, there were also quite a number of Taoist Huang.

Among them, there was someone whom Su Yu was slightly familiar with.

It was the supervisor of Mine No. 9, the boorish fellow!

“He’s here too?” Su Yu was surprised.

Yu Xiang Wan pondered for a moment. “20 people should be quite a large number of people. Why haven’t I heard of such a mission in the sect?”

Such a large-scale multiplayer mission was something that Yu Xiang Wan had been paying attention to all year round. Even if she had not seen it, she should have heard of it.

However, the strange thing was that there was no sound at all.

“It should be a secret mission.” Su Yu noticed that there were several complicated detection formations carved on the flying magic treasure.

Once someone was following them, they would be able to detect it immediately.

Yu Xiang Wan gave a faint smile. “Do you want to take a look?”

“Why not?” Su Yu asked cheerfully.

Since they were already out, they might as well stall for a while.

The two of them came to an agreement and quietly followed them from afar.

On the other side.

The Zhengtian sect and the others who had escaped in all directions finally gathered again.

Their leader was a powerful swordsman in the middle stage of the middle stage of the middle stage of the middle stage of the Nirvana stage.

“Hall Master Zhou, we’ve lost our sixth-grade nine Netherworld Crystal. How are we supposed to participate in that Grand Gathering?” A hall master in the early stage of the middle stage of the Nirvana stage looked dejected.

They had never imagined that they would be robbed by Emperor Shao Hao’s seven star guards.

“We’ll get the sixth grade nine nether crystal back, of course!” Hall master Zhou’s expression was dark, sometimes green, sometimes red.

Ah?

Everyone was shocked.

“Get it back from Emperor Shao Hao’s protector? This... I really don’t have the guts.”

Hall Master Zhou harrumphed. “You’re still being kept in the Dark?”

At first, he was also scared out of his wits.

But the more he ran, the more he felt that something wasn’t right!

What was the identity of Emperor Shaohao’s protector lei?

If he wanted a sixth grade nine nether crystal, there were many people who would specially deliver it to him.

And he still needed to specially set up an ambush here to carry out the robbery?

Under his analysis, everyone slowly came back to their senses.

“That’s right, I seem to have heard rumors that protector lei... seems to have been killed!”

Hearing this, everyone was shocked and angry.

They were actually scared by a fake protector lei and threw away their treasures to escape?

No Wonder Hall Master Zhou’s face turned green and red.

Thinking of this, their faces also turned ugly.

This was too embarrassing!

If this was spread out, they would be too ashamed to return to the sect!

“Let’s go, follow me to find that damn thing and take back the sixth grade nine Nether Crystal!”Hall Master Zhou took out a round plate.

It was shining with light spots.

It was a divine art that their sect master had personally used a secret technique to place in the sixth grade nine nether crystal.

No matter how far they were from each other, they could still be tracked.

“Let’s Go!”The group of people jumped onto the spaceship aggressively and chased after them at high speed.

Su Yu and the other two, who were completely unaware of this, followed the Taiyi sect’s spaceship for a whole three months.

They followed the border between the Taiyi sect and the Zhengtian sect and arrived at another distant sect.

The Heaven Awaken Palace!

The Heaven Awaken Palace was one of the top 50 sects out of the 344 sects.

It was rumored that there was an Earth Dao Master in the sect.

His strength was extraordinary!

There were several powerful existences close to the Earth Dao Master in the sect.

Ordinary sects were no match for him.

Hence, the heaven awaken palace was like an overlord, occupying ten times the territory of the Heaven Awaken sect.

The nine nether crystals that were dug out every year were something that the Heaven Awaken sect could never dream of.

The spaceship arrived at the border of the Heaven Awaken Palace. It was a huge territory that was no less than the Tai Yi sect.

In this territory, there was a heaven awaken palace's guardian.

His strength was close to the tunnel lord's, shocking everyone,

when all the people on the four spaceships came down, Su Yu recognized that the leader of the middle stage of the middle nirvana stage was Liu Quan, the leader of the Hall of affairs.

Li Yun, the deputy leader of the Hall of affairs, was also following them.

"They're all from the Hall of affairs." Yu Xiang Wan also recognized them. "The hall of affairs does occasionally carry out some very secretive missions."

The two of them disguised themselves and entered the city. They stayed in a relatively good inn with them.

"Brother Su, I'll go and get some information."

Su Yu did not object. Yu Xiang Wan seemed to have a knack for getting information.

He was at ease in his room as he took out the sixth-grade nine nether crystal.

After that, he removed the strange object from the crystal bit by bit.

"It's time for more food!" Su Yu summoned the little qilin.

The moment it saw the multi-ringed snake, it immediately pounced on it. Like a vicious dog pouncing on its prey, it wolfed down the snake.

Then, as expected, the jade flame in its body grew a little more.

If it met Shaohao again, it would cause it to expend even more of its bloodline to extinguish the jade flame.

As for killing it, in the short term, the Little Qilin's Jade Flame was far from enough.

"Wow, I feel that there are quite a lot of good things here." The little qilin wasn't little butterfly, so it couldn't sense all kinds of treasures.

He could only sense one type of treasure.

The nine Nether Crystal!

“Oh?” Su Yu seemed to be deep in thought. Could it be that the trip to Taiyi sect was related to the nine nether crystal?

At this moment, Yu Xiang Wan, who had just gone out, came back in a hurry. “Brother Su, good news!”

“The Heaven Enlightenment Palace is holding a once-in-a-decade heaven enlightenment gathering in my city,” said Yu Xiang Wan.

Even though Su Yu came from the distant Tai Yi sect, he had read about the so-called heaven enlightenment gathering in the ancient books.

It was a gathering that was specially organized by the Heaven Enlightenment Palace to display and sell the nine nether strange crystals.

During the gathering, the nine Nether Strange Crystals that the heaven enlightenment palace had dug up over the past ten years would be sold.

Moreover, the nine nether strange crystals would be cut open on the spot and displayed for the guests to see.

This gathering would attract a large number of foreign guests every time.

Experts from all over the world would come and buy them.

The nearby sects would also think of ways to display the nine nether crystals in their own sects and sell them at a high price.

The external affairs hall probably came with this secret mission to sell the nine nether crystals.

“The news is good news, but it has nothing to do with us, right?” Su Yu said.

With their assets, they probably couldn’t afford to buy any nine nether crystals that weighed more than five kilograms.

“Hehe, it’s good to see the world.”

Alright.

The two of them waited patiently.

During this period, more and more guests poured into the city.

Three months later, the entire city was filled with people.

Taoist master Qing nie was everywhere!

Taoist master zhong nie was everywhere!

There was even Taoist master yuan nie!

Moreover, at the inn where they were staying, a terrifying existence from Xu nie came to look for a place to stay.

This made Su Yu and Yu Xiang Wan cautious and cautious.

Chapter 2508 The Female Corpse Was Found

If they were to meet the sect leader of the Middle Nirvana stage, they could still deal with the middle stage if they worked together.

After the middle nirvana stage, they could only deal with the later stage of the middle nirvana stage unless Su Yu exposed everything.

When they reached the Nirvana stage and the Void Nirvana stage, no matter how hard they tried, they were still no match for them.

Of course, Su Yu and Yu Xiang Wan did not stay idle in the middle of March. Each of them sold the extra nine underworld crystals they had in exchange for some time crystals.

As they waited patiently, the weather event finally began.

The venue was the Tianqi auction house in the center of the city.

It was hosted by the matchless expert who had reached the level of Kong Nirvana.

Su Yu and Yu Xiang Wan blended in.

This auction house was different from other auction houses.

Not only was there a main stage for everyone to auction, there were also 200 special seats nearby.

It was for merchants or representatives of various powers who wanted to sell the nine nether crystals to sell the nine nether crystals they brought.

This action had unknowingly strengthened the heaven enlightenment feast, making it bigger and attracting more people to come and spend their money.

It could be said to be a virtuous circle.

When the number of guests in the auction house reached the upper limit.

When there were no more new guests joining, an old man dressed in simple clothes walked out from the stage. He was Hale and hearty.

His skin was dark green, and his eyes were golden.

It was obvious that his eyes had undergone special training and possessed vision that ordinary people could not match.

“Welcome, everyone, to the Heaven Enlightenment grand meeting in Tian Yuan City. On behalf of the Heaven Enlightenment Palace, I warmly welcome everyone!”The old man gave off his own aura of Nirvana.

He was none other than the local powerhouse, one of the Heaven Enlightenment Palace’s consecrators, Liu Taixu!

How many sect leaders could he suppress with his strength?

“I won’t say anything else. Now, Let’s start the first item.”Liu Taixu raised his hand, and a light purple stone weighing 200 catties was suspended on the stage.

Under the stone, there was a magical treasure that was used to examine the nine nether crystal.

It clearly showed the situation.

“Seventh-grade nine nether crystal, weighing 200 catties.”

It was a seventh-grade nine Netherworld crystal!

Yu Xiang Wan took a deep breath. “As expected of the Heaven’s Revelation Palace! The latest seventh-grade nine Netherworld Crystal from the Tai Yi sect came from 50 years ago, and it only weighed 10 catties.”

Su Yu smiled silently.

To be exact, it came from Vegetable Garden No. 3 two years ago, and it weighed 500 catties.

Su Yu earned 20,000 time crystals from this.

“Auction it now, 50 time crystals per kilogram!”

50?

The merchants only took 40.

However, Su Yu didn’t complain too much.

After all, the merchants took a huge risk to buy it, so they had to let others earn a little, right?

“10,000 time crystals!”

“11,000!”

“12,000!”

In the end, this nine nether crystal was bought for 15,000 time crystals.

Moreover, it was cut on the spot according to the Heaven Enlightenment Palace’s requirements.

Unfortunately, the cut-out item wasn’t worth much, so it was only worth 5,000 time crystals.

The buyer lost 10,000 time crystals.

However, this didn’t affect the buyer’s enthusiasm.

Because the second one that appeared was a sixth grade nine nether crystal. Although it only weighed two catties.

It was sold for 3,000 time crystals, and its value increased by a whole tenfold!

The result of the cut on the spot was also impressive.

There was only an ordinary dragonfly inside.

“Brother Su, we’ve suffered a huge loss!” Yu Xiang Wan put on a bitter face. If their 100 catties of sixth-grade nine Netherworld crystals were auctioned here, wouldn’t they be able to sell for a sky-high price of 150,000 time crystals?

Su Yu waved his hand. “We can’t calculate it that way. That’s the auction house exclusive to the Heaven’s fate palace. Everyone is chasing after it, so naturally, the price will go up. If it was placed in a special spot, it might not be able to sell for such a high price.”

“That’s true.”With that thought, Yu Xiang Wan felt a lot more at ease.

Next, the ninth-and seventh-grade Netherworld crystals appeared one after another.

However, without exception, the results of the cut were depressing. At most, they only made a small profit.

Most of them lost money.

This allowed Su Yu to see the risks involved.

The bet on the Netherworld Crystals was nine out of ten!

However, it still could not stop everyone from going crazy.

“I believe everyone will be very satisfied with the next nine Nether Crystal!”Liu Taixu waved his hand, and a dark purple, 20 catties of nine nether crystal appeared in front of everyone.

The number of the nine nether crystal was clearly displayed on the detector.

“Fifth-grade nine Nether Crystal, 20 catties.”

What?

Fifth-grade?

This time, everyone went crazy for it.

Even Su Yu and Yu Xiang Wan were surprised.

Such a high-grade Netherworld Crystal would definitely be able to cut out something unexpected.

“The starting price is 20,000!”

Su Yu clicked his tongue. With his assets, even the starting price was not enough!

“30,000!”

“40,000!”

“100,000!”

Suddenly, a deep and powerful voice came from the corner.

Everyone was shocked and raised the price to 100,000 in one go!

What a great spirit!

Su Yu looked in the direction of the voice with fear in his eyes.

He saw an old man in a silver robe sitting alone against the wall in the corner. He had a head full of white hair and his eyes were also silver-white.

He was the void Nirvana Path Master who had come to stay at the inn where Su Yu stayed.

Looking at the entire venue, only the Kong Nirvana’s Liu Taixu could suppress one head.

100,000, this was already five times the original price. No one should be able to surpass it, right?

However, who knew that a deep but calm voice could be heard.

“200,000!”

Hiss!

Traces of surprise could be heard everywhere.

200,000, this was the sum of all the previous transactions!

Su Yu looked over and realized that it was an unknown person dressed in a black robe.

Not only could his face not be seen, even his cultivation could not be seen through.

The silver-robed Elder’s eyes narrowed. After pondering for a moment, he said, “210,000!”

The black-robed man fell silent and did not bid again.

Liu Taixu asked three times. After no one bid again, he announced his victory.

The silver-robed elder went onto the stage and traded with the 210,000 time crystal on the spot.

Then, in front of everyone, he cut the 20 Jin fifth grade nine Netherworld crystal bit by bit.

As the nine nether crystal peeled off bit by bit, the things inside gradually became clear.

Finally, when they saw clearly, the entire audience erupted in exclamations!

Inside was actually a complete human creature!

Although it had already died, it was indeed a complete human creature.

It was a woman with snow-white skin, as beautiful as a fairy.

The corners of her mouth held a smile, and she was holding a roll of paper in her hand.

“Oh my God! It’s a human form! The most advanced foreign object!”The audience exclaimed.

Even Liu Taixu revealed an envious smile. “Congratulations, sir, for cutting out a world-class divine object!”

Even a human-like spirit could be sold at a high price.

What more a real human?

Its value would increase by at least five times.

If that female corpse had a special identity or had something valuable on her, the value would increase exponentially.

It could be said that the silver-robed elder was extremely wealthy overnight!

The silver-robed elder’s expression was filled with excitement. When he cut to this point, he stopped cutting.

He put away the strange crystals and the peeling crystals and cupped his hands towards Liu Taixu. Without saying a word, he immediately left.

After obtaining such a shocking harvest, no one would dare to stay.

Who knew how many people with bad intentions would try to kill him after the conference?

Su Yu was also surprised, but he was more confused.

Why were there all kinds of strange objects inside the nine nether crystal?

There were even female corpses of unknown ages inside?

While he was thinking, Liu Taixu announced the upcoming auction with a smile.

There were several sixth grade nine nether crystals in a row, but it was obviously unable to lead the previous wave.

“Everyone, now let’s auction the final item, the nine Nether Crystal!”Liu Taixu smiled mysteriously. He raised his hand and a sealed treasure chest appeared.

Opening it, a purplish-black stone with a hint of black was reflected in everyone’s eyes.

A line of words was clearly marked on the test magical equipment.

“Fourth-grade nine nether crystal, five kilograms!”

Immediately, the entire place was in an uproar.

“Fourth-grade? Only once did a fourth-grade nine nether crystal appear in the Heaven Enlightenment Palace 300 years ago, right?”

“That time, a living tiger was cut out. It was said that the tiger’s cultivation was directly in the Kong nie realm!”

Kong nie was the realm closest to the Earth Master.

Cutting out this object was equivalent to cutting out the sect master of a small sect!

The entire venue was in a great uproar!

No one had expected that such a legendary divine object would appear in this heaven enlightenment grand meeting.

Liu Taixu laughed and suppressed everyone’s excited voices. He smiled and said, “Everyone, this opportunity is hard to come by in a hundred years. Don’t miss it!”

“The bidding price for this crystal is 200,000!”

The starting price was 200,000!

This immediately threw a bucket of cold water on the excited guests.

With such a sky-high price, how could ordinary guests afford it?

“200,000!”Even so, there were still a few guests who received the news in advance and bid on the spot.

“300,000!”

“400,000!”

“500,000!”

The price continued to rise, showing no signs of stopping.

The entire venue was silent, only the few wealthy individuals were bidding against each other.

In the end, a man in a bamboo hat offered a shocking price of 1,000,000!

Such a price finally suppressed all the other bidders.

Liu Taixu was quite satisfied and asked, “Who else wants to bid?”

He asked twice but no one replied.

Finally, he asked again, “Who else...”

“Two million.” It was the black-robed man again. He announced in a deep and powerful voice.

Two... two million?

Everyone’s breathing froze.

Two million, what kind of concept was that!

Liu Taixu could not help but be surprised, “Are you sure?”

“If someone offers a higher price than me,” the black-robed man replied indifferently.

Liu Taixu was delighted. With one stroke of his hammer, he said, “Alright, two million time crystals. Deal!”

Under his leadership, both parties completed the transaction.

According to the rules, the black-robed man cut open the fourth grade nine nether crystal on the spot.

In the midst of everyone’s anticipation, the foreign object was revealed.

However, it was extremely regretful that it was actually just an ordinary human-like creature.

Although it was worth a lot, it was nothing compared to the sky-high price of two million.

As everyone sighed, they could not help but sigh.

The risk of betting on the nine Nether Crystal was too great.

Two million fourth-grade nine nether crystal was only able to produce such an ordinary item.

However, the black-robed man appeared very calm. He casually put away the nine nether crystal.

Liu Taixu was very satisfied with the hosting of this event. He said, “The auction of the heaven-revealing palace ends here. However, the sales of the special seats will begin now. If any of you are

interested, you can take a look and see if there are any nine nether crystals that you are interested in.”

The auction of the heaven-revealing palace could only be considered a part of the grand event.

Chapter 2509 Living Immortal Grass

The real focus was the auction in the special seats.

This was because the number of nine nether crystals in the special seats was ten times more than in the Heaven Awaken Palace’s auction.

There was no lack of high-grade nine nether crystals.

There had once been a fourth-grade nine nether crystal.

Fifth-grade nine nether crystals also appeared occasionally.

The Heaven Awaken Palace charged 10% of the service fee to the sellers in the special seats.

In the end, the handling fee was usually five to six times more than what one could earn from the auction. Therefore, the Heaven’s fate palace tried their best to encourage the sellers to sell their crystals here.

Yu Xiang Wan was amazed. “What an eye-opener!”

The hundreds of thousands and millions of dollars she spent on the auction was something that Yu Xiang Wan would never forget.

However, Su Yu did not mind.

That was because he believed that as long as he was willing to work hard, he would one day be able to reach the level of the black-robed man.

At that time, not only would he have two million crystals of time, but he would also be able to throw out so many of them casually. However, he would not feel any heartache at all.

“Let’s take a look at the designated spots.” Su Yu’s eyes flashed.

Yu Xiang Wan chuckled. Both he and Su Yu had powerful eyesight.

Perhaps they would be able to pick up a treasure that others could not see through!

“Let’s split up and see who will gain the most.” Yu Xiang Wan had the intention to compete with him.

Su Yu smiled. “Sure!”

The two of them immediately split up.

Su Yu used his clairvoyance ability to scan all the special spots.

However, because of the special properties of the nine Nether Crystal, he could only see through the nine nether crystal that weighed less than 10 catties.

It would be difficult to see through it.

However, just this alone was enough to command all the special spots.

In two hours, he bought 20 pieces of nine Nether Crystal. The items he cut were all earned without exception.

The Heaven Awaken World Grand Meeting set up a buying stage on the auction stage.

The Heaven Awaken Palace was willing to buy the items and nine nether crystals at a reasonable price.

Su Yu sold all the items he bought with 20,000 time crystals to the Heaven Awaken World Grand Meeting. In the end, 20,000 became 30,000.

In just two hours, he earned 10,000 time crystals.

This speed was already quite shocking.

In the next two hours, Su Yu continued to do so.

However, as the good things on the market were slowly picked up, it was no longer as easy to find good things as it was in the beginning.

In two hours, he had only earned 8,000 time crystals.

Even so, Su Yu's frequent purchases and the large amount of time crystals he earned had also attracted the attention of the heaven enlightenment feast.

The person in charge of the purchases secretly pointed at Su Yu to Liu Taixu.

The latter nodded and silently sized Su Yu up.

Su Yu was completely unaware and continued to buy.

But at this point, there were not many good goods under ten Jin left. It was very difficult to buy another good one.

When Su Yu passed by a seventh grade nine nether crystal that weighed a thousand jin, the little qilin suddenly sent a voice transmission and said anxiously, "Master, quickly stop, there's something good."

Oh?

At the auction, even the female corpse was cut out, but the little qilin didn't have such a big reaction.

"You're talking about this seventh grade nine nether crystal that weighs a thousand Jin?" Su Yu asked in surprise.

The seventh grade was actually not bad.

But compared to the current place where the nine nether crystals gathered, it was relatively mediocre.

In addition, it weighed a thousand Jin and was worth at least 160,000 time crystals.

Who would be willing to spend such a sky-high price to buy a stone that had a high probability of being discarded?

"How much?" But since the little qilin was so eager, there must be a reason.

The stall owner was the representative of a small sect. He said with a frown, “120,000 time crystals.”

Only 120,000 time crystals?

That was because this was actually the fifth time that this stone had come to the exhibition.

After 50 years, it had yet to be sold.

The reason had already been mentioned. It was too big and the grade was too low. No one would waste more than 100,000 time crystals to buy it.

It was the same this year.

The rest of the small nine underworld crystals were all sold. Only the big one was left until the end.

Therefore, the stall owner followed the instructions of the sect and sold it at a discount.

120,000. Su Yu still could not afford it.

Coincidentally, he saw Yu Xiang Wan not far away and called her over.

“Lend me some money? I only have 20,000 time crystals with me.” His capital was less than 10,000 yuan, but in just a short while, it had doubled. It was indeed not bad.

Su Yu currently had 40,000 yuan. Adding his 20,000 yuan, it was only 60,000 yuan.

It was not enough to buy this crystal.

At this moment, a person from the Tianqi grand meeting came to Su Yu’s side and smiled. “This guest, Liu Taixu wishes to have a talk with you.”

Liu Taixu?

Su Yu felt a chill in his heart, but he was not too surprised.

He and Yu Xiang Wan had swept through the special seats. It would be strange if they were not noticed.

He looked at Liu Taixu from afar and saw that the other party smiled at him. It seemed that he did not have any ill intentions.

After thinking for a while, Su Yu walked over and asked, “Senior Liu, are you looking for me?”

“Hurhur, young man, you seem to have met with some difficulties,” said Liu Taixu.

Su Yu hovered in front of the thousand-pound nine nether crystal for a long time. He was not blind, so he could naturally see it.

“Does senior Liu have any advice?” Su Yu did not want to talk to this person.

Liu Taixu smiled and said, “I see that you seem to have some ability in appraising the nine Nether Crystal, and My Heaven Enlightenment Palace likes people with abilities like you the most, so...”

Su Yu already understood what he meant and said tactfully, “I have already joined the sect and even established a blood contract. I’m afraid I won’t be able to enjoy senior’s good intentions.”

“Hehe, it’s fine.”Liu Taixu said, “As long as you agree, there will be people from the Heaven Enlightenment Palace to explain to your sect and retrieve the blood contract.”

“This...”Su Yu’s face was troubled.

Liu Taixu did not force him too much, he smiled and said, “How about this, don’t you want to buy that thousand Jin nine Nether Strange Crystal? “I’ll make up the difference. After you cut it open, if you make a profit, return the money to me. If you make a loss, the money that you lose will be compensated by you working for the Heaven Enlightenment Palace. How about it?”

This method... seemed to make sense.

“How long will you work for?”

“If you owe 10,000 time crystals, then you’ll work for the Heaven Awaken Palace for one year. Isn’t that fair?”

It was indeed kind.

How could an ordinary disciple find a job that earned 10,000 time crystals a year?

After weighing the pros and cons, Su Yu finally nodded, “Okay, I agree. I still need 60,000 time crystals.”

“Sure! Someone, give him 60,000 time crystals!”Liu Taixu said.

Soon, someone gave him 60,000 time crystals.

This scene attracted the attention of some guests.

Liu Taixu was the pillar of the heaven-revealing palace and had a high standard.

He rarely looked at juniors like this.

Under everyone’s attention, Su Yu returned to the stall and gave the stall owner 120,000 time crystals.

The stall owner was overjoyed and his face was filled with joy.

After 50 years, he had finally sold it!

According to the rules, Su Yu could not take away the unopened nine nether crystals on the spot. He had to cut it open on the spot.

Su Yu took out a tool and cut it open on the spot.

Because it was too big, he did not know where the relic was, so he cut it very carefully.

He cut only ten kilograms of nine nether crystals the size of a human head.

Pieces of nine nether crystals fell down and finally cut into the middle part.

Most of the foreign objects were hidden in the center of the huge rock.

Therefore, he became more and more careful.

Finally, he cut it down and revealed a blurry outline.

And it was quite big!

At this time, there were more than a thousand spectators.

“It’s So Big. Could it be that he was lucky enough to get a human corpse?”

“If that’s the case, this kid has struck it rich!”

Su Yu also became focused and did not dare to be careless.

In fact, he even became slightly expectant and nervous.

It had been many years since he had been nervous, but now, he had a faint sense of nervousness.

With each slash, the outline was finally clear.

However, everyone’s expressions became strange.

“A dead bear?”

“Heh, this little brother has suffered a huge loss!”

“160,000 time crystals to buy a worthless dead bear?”

Su Yu’s heart was also inexplicably disappointed.

However, he did not blame little qilin.

He was the one who made the decision, and he was also the one who was willing to take the risk. Little Qilin could not be blamed.

On the auction stage, Liu Taixu, who was watching this scene, revealed a smile.

Long before Su Yu cut the stone, he had already predicted the outcome.

He had seen more than ten million stones cut in his life.

He had never seen anything of value from a seventh-grade nine underworld crystal.

From the moment he borrowed the money, he was destined to work for the Heaven’s revelation palace.

Yu Xiang Wan’s face stiffened as she smiled bitterly. “Brother Su, you’re betting too much on this.”

Su Yu got excited. “It’s alright. I’ve sold the leftover materials. I’ll return your money first. I’ll think of another way.”

Looking at the remaining less than 50 catties of the nine Nether Strange Crystal, Su Yu was no longer confident.

“Continue to cut. Why did you stop?”

However, the little qilin’s urging voice suddenly sounded in Su Yu’s mind.

Eh?

Could it be that he had not cut to the end yet?

His heart jolted. He continued to use the carving knife and cut more carefully.

At this moment, he did not cut once. At most, he only cut off one kilogram. He was afraid that he would cut off the foreign object inside.

“You still refuse to give up? You didn’t even cut off 950 kilograms. What do you expect to do with the remaining 50 kilograms?”

“Gamblers are all like this. They don’t shed tears until they see the coffin.”

Su Yu ignored their teasing and focused on carving.

The onlookers shook their heads and left. Only a few people were still watching.

One of them was the black-robed elder who was generous with his money.

One slash after another.

There was still no improvement.

He had already cut off five kilograms.

However, when he slashed again, a green shadow appeared.

“Oh my God, there’s something down there!”

The people who hadn’t left exclaimed, causing those who had left to come back and watch again.

“Green? What is that thing?”

“Strange, why is there a green thing inside?”

Su Yu’s heart became nervous once again as he sculpted it bit by bit.

Finally, that thing finally became clear.

It was an unknown immortal herb that was overflowing with vitality.

“Heavens! It’s a living immortal herb!”

“It’s actually alive!”

“MOTHERF \* cker! Although it’s not a living creature, a living thing can be sold for at least 200,000 time crystals! !”

The crowd burst into exclamations, attracting the attention of everyone present.

Living things were the rarest of the nine nether crystals, and their value was often immeasurable.

That was because being able to stay in the nine nether crystals for such a long time meant that its vitality was extraordinary.

On the auction stage, Liu Taixu’s expression changed slightly, and he said in surprise, “A living immortal herb? Cut out from a seventh grade nine nether crystal?”

He could not believe it!

He had seen so many stone cuts, but this was the first time he had seen such a miraculous scene.

Chapter 2510 Shocking A Living Baby

Looking at Su Yu, Liu Taixu shook his head with a bitter smile. "Sigh, it's fated that this child can't be mine!"

This living immortal herb was far enough to pay off the debt.

Amidst the jealousy and envy of the crowd, Su Yu carefully cut out the living immortal herb.

Yu Xiang Wan was dumbfounded. She felt that Su Yu's luck was too heaven-defying.

He could still come back from the dead?

However, he could only be envious.

If it was him, he would not have the courage to borrow such a huge sum of money to open this seventh-grade nine serenity crystal.

Su Yu heaved a sigh of relief.

At least he did not take the risk for nothing.

In this apocalypse feast, besides the silver-robed old man, Su Yu should have earned more time crystals from it.

Weighing the immortal grass, Su Yu thought to himself, this should be what the little qilin was talking about, right?

Unexpectedly, the little qilin's urging voice sounded in his mind again.

"Hey, why did you stop again?" The little qilin wished he could jump out of his storage space and cut it himself.

Immediately, Su Yu was stunned.

Could it be that the little qilin wasn't talking about this immortal grass?

There was something even more special in the remaining 40 Jin of nine Nether Crystals?

Su Yu's eyes flashed and he said, "Let's stop here. Sell the immortal herb to the Heaven Enlightenment Palace. I'll take the remaining nine nether crystals by myself."

There was only envy in everyone's eyes and they didn't think too much about it.

There were still a few dozen Jin of leftover materials. Could it be that they could cut something out?

That was completely impossible.

However, the person-in-charge of the Heaven Awaken Palace who was watching from the side said, "I'm sorry, sir. According to the rules of the Heaven Awaken Feast, you must finish cutting. The remaining 40 kilograms must also be cut open."

Su Yu's abacus instantly fell through.

Since the things inside were more precious than the immortal herb, then its value was hard to estimate.

Cutting it out in public was really a big trouble.

However, under the watchful eyes of the Heaven's fate palace, he had no choice but to continue to carve out 40 Jin of scraps bit by bit.

"Sigh, the Heaven's fate palace is really old-fashioned. They still want to continue with these scraps."

"There's no choice. The people of the grand gathering are also affected by the sect's rules. They must implement them properly or they will be punished by the higher-ups."

The person-in-charge smiled bitterly.

That's right, he was willing to waste time here?

Since the other party had cut out an immortal herb, could it be that he could cut out something else.

This probability was almost zero.

At least, this had never happened in the Heaven Enlightenment feast.

On the stage, Liu Taixu also shifted his gaze away, no longer paying attention to this place.

However, at this moment, Su Yu's blade actually cut out a rather large hazy black shadow.

"Oh my God! There's still something inside!"

"How is that possible?"

"It can't be! There's more?"

"I guess it's something similar to the black bear from the beginning."

Liu Taixu let out a soft exclamation and looked in the direction of Su Yu again.

He had watched cutting stones for many years. It was really rare for a stone to cut out three things.

Usually, a stone would only have one foreign object.

No matter how big it was, even if it weighed 10,000 kilograms, there would usually only be one foreign object.

Now, three low-grade nine nether crystals weighing 1000 kilograms had been cut out in a row. It was really surprising.

But he thought the same as most people. The last thing should not be a good thing.

But as Su Yu cut down bit by bit, everyone gradually became suspicious.

Because the thing that was cut out looked more and more like the outline of a baby.

When only 20 jin was left and the thing inside could be seen clearly, the crowd let out a huge exclamation.

“It’s a dead baby!”

“My God, it’s actually a human! And it’s an extremely rare dead baby!”

Since ancient times, countless corpses were cut out.

But the dead babies that were cut out were few and far between.

In terms of value, the dead babies might be even more valuable than the female corpses from before!

“Dead babies?” Liu Taixu could not remain calm anymore. He flew over and pushed aside the crowd. His eyes were filled with deep shock.

“Unbelievable!” Liu Taixu exclaimed, “First, a living immortal herb was cut out. Then, a dead baby was cut out!”

This was practically a miracle!

Su Yu felt helpless. He could already feel many malicious gazes.

If the immortal herb could still make those people resist the temptation, then this dead baby would make them unable to let go.

It was extremely difficult for Su Yu to successfully leave this city with the dead baby.

The value of this dead baby was at least two million time crystals.

Such an astronomical figure was enough for them to chase after Su Yu and snatch the dead baby.

They were in big trouble!

“My young friend, the Heaven Enlightenment Palace is very interested in this dead baby. We are willing to pay two million time crystals for it.” Liu Taixu smiled.

He could tell that Su Yu was in danger.

It was impossible to successfully take away the dead baby.

“You can take away two million time crystals at once. You can also come back in batches later.” Liu Taixu arranged an escape route for him.

It was also extremely dangerous to take two million time crystals on the road.

Su Yu felt slightly relieved and said, “Thank you.”

It would be much better if he had the heaven enlightenment palace to solve the problem.

He did not take it now, but he would steal it in the future.

However, at this moment, someone suddenly screamed, “Ah! The dead baby is moving!”

What?

Everyone looked over.

They saw the dead baby in the nine nether crystal move its eyelids and flick its fingers.

“A... A living human!”The crowd burst into screams.

The entire Heaven Enlightenment gathering was in chaos.

Waves of powerful aura were released unconsciously.

At the same time, the crowd squeezed each other and started to tear each other apart.

Seeing that there was going to be a big mess, Liu Taixu regained his senses and his eyes became sharp. He released the aura of Nirvana that covered the entire area!

“Anyone who dares to act rashly will be killed without mercy!”Liu Taixu’s suppressive power caused the entire area to calm down.

Only then did the many powerhouses who were ready to make a move stop their disloyalty.

However, pairs of greedy eyes remained on the living baby.

This baby was a priceless treasure!

For it to be able to survive in the nine nether crystal for such a long time, it showed that its vitality was extremely strong. It was definitely not an ordinary item.

If it was nurtured and grown up, one could imagine its future cultivation level.

The smile on Liu Taixu’s face disappeared completely.

He stared at the baby deeply, and his eyes revealed a look of longing.

After a long silence, he said, “Human, I’m sorry, but I can’t buy this baby at the Heaven Enlightenment gathering.”

It was not that the value of a live baby was too high that the heaven enlightenment gathering could not afford it.

It was that there was no need to buy it at all!

That’s right, even Liu Taixu was greedy and wanted to snatch it.

However, due to his status, it was inconvenient to snatch it openly.

After Su Yu left the Apocalypse feast, it was time for Liu Taixu to make his move.

With his invincible ABHIJNA, who could compete with him?

This baby would definitely belong to him!

Everyone instantly understood Liu Taixu’s thoughts and all of them cursed silently.

Shameless!

Even the organizer of the Heaven enlightening ceremony had to join in the fight!

Su Yu’s expression darkened.

There was no absolute justice in this world, it only depended on whether the benefits were enough.

With two million time crystals, the Heaven Enlightening Palace could still uphold justice.

But 20 million was enough to crush the Heaven Enlightening Palace's belief in justice.

Unless Su Yu handed over the baby right now, he would still be safe from the threat.

Otherwise, he wouldn't be able to leave the Heaven Awaken Palace alive.

However, Su Yu wasn't willing to give up the baby that he had just cut out alive.

While he was thinking, Su Yu kept cutting off the nine nether crystal on the baby's body and unsealing it.

Soon, a naked, soft one-year-old baby was held in his hands.

The baby had already opened his eyes.

He opened his big eyes and looked at Su Yu curiously.

**"Father..." suddenly, the baby opened his mouth and called Su Yu 'father'!**

Su Yu was probably the first person he saw after he opened his eyes.

Su Yu was from the same race as him, both of them were human.

That was why the baby called him 'father'!

**"Father?" Su Yu felt a strange feeling in his heart.**

If there were no accidents, Xian 'er would have given birth to their child by now. He should be more than two years old, right?

Looking at the little creature in front of him, Su Yu felt his heart soften.

He was even more reluctant to hand him over to the Heaven Awaken Palace.

However, how difficult would it be to take him away?

**"Human, hand the baby over to me. I will ensure your safety." A deep voice was transmitted over.**

Looking Up, the one who spoke was the black-robed man who was extremely generous.

The moment he opened his mouth, Liu Taixu's gaze immediately turned sharp.

The others also became nervous. This was a living creature that was hard to come by. Even if they offended the heaven enlightenment palace and took a huge risk, they would still give it a try!

**"Kid, hand him over!" An evil wind suddenly came from behind Su Yu.**

A powerful domain pounced over, attempting to sweep the baby away.

The moment he made his move, the entire scene instantly became chaotic.

Everyone made their moves one after another.

The baby was being fought over from all directions at the same time.

Su Yu made up his mind. He could only expose his eight domains and try to escape!

But right at this moment.

The baby in his hands, perhaps because he was nervous, actually burst out a dark green flame from his entire body.

That was the nine Nether Jade Fire!

The most dangerous nine nether jade fire!

That jade fire condensed into a pair of wings on his back. With a flap, the baby soared into the sky. With a speed that was astonishing, he reached the clouds in the blink of an eye.

In the sky above Heaven and earth, there was a powerful isolation formation set up by the Heaven Enlightenment grand meeting.

In theory, even the flowing great void would be difficult to shake.

However, the baby only flew forward and easily burned a hole in the formation.

Then, it immediately disappeared without a trace!

**“The baby ran away?”Everyone was shocked.**

Liu Taixu and the black-robed man broke through the air and chased after it.

Yu Ren also chased after it, chasing after the baby like crazy.

Su Yu was stunned. A one-year-old Baby had a movement technique that was superior to many powerhouses?

Then, he came back to his senses and said hurriedly, “Let’s go quickly.”

They had to take advantage of the chaos to get away quickly.

Otherwise, when those strong practitioners came back, they might not be able to leave.

Yu Xiang Wan also felt that the situation was serious. She rushed to the exit of the Tianqi grand meeting with Su Yu.

However, as soon as they reached the exit, they heard a series of screams coming from outside.

At the same time, at the gap of the formation.

The strong practitioners who had yet to rush out seemed to have been hit by a terrifying force. They fell from the sky like raindrops.

Without exception, their bodies were all burning with pitch-black flames, causing them great pain and suffering.

Boom --

A pitch-black cloud silently covered the entire heaven enlightenment gathering.
