

Nine-Dragon 2511

Chapter 2511 The Demon Gate Attacks

“I’m sorry, but you have to suffer for a while.”An indifferent voice came from the dark clouds.

When Su Yu heard it, his heart jumped.

That voice..

If he remembered correctly, it should be the elder of the demon gate who had chased him back then, right?

Bang --

Suddenly, something fell from the dark clouds and fell from the gap of the array formation in the sky onto the venue of the Heaven Awaken World’s grand meeting.

It happened to smash the auction stage.

When everyone looked over, their expressions changed drastically.

That Thing was none other than the silver-robed old man who had left first.

He had left the heaven enlightenment gathering in advance because he had opened the female corpse, so as to avoid any mishaps. However, at this moment, he was only left with an ice-cold corpse.

There were many shocking fatal injuries on his body.

Shua --

Several black-robed men flew down from the ancient array.

All of them were emitting dense demonic qi.

“The Devil Sect!”Everyone sucked in a breath of cold air!

The Devil Sect was an existence that made people tremble in fear when they heard the name of the Broken Dream Realm!

They were so powerful that even the heaven enlightening palace was inferior to them.

Moreover, their whereabouts were concealed and they lived in the shadows all year round, making it difficult for people to guard against them.

In addition, their actions were ruthless and cruel, causing many sects to feel extremely uneasy.

However, over the years, they would usually only attack small sects.

This was the first time they had attacked a large faction like the Heaven Awaken Palace.

Hence, no one was on guard.

The three black-robed men had extremely powerful cultivations. Although they weren't elders of the Devil Sect, their cultivations were stronger than the silver-robed Elder's.

"Everyone, cooperate well with the Devil sect. The security will be fine." A black-robed man coldly shouted.

His sharp gaze swept across the surroundings.

Su Yu calmly covered his face with a mask.

"Everyone, take out all the time crystals and nine nether strange crystals from your bodies and place them in front of you. Our people will come and collect them one by one. If you dare to act rashly or hide, HMPH HMPH, this old fellow will be your end." The black-robed man pointed at the silver-robed man.

Everyone looked bitter.

They had actually encountered a robbery by the Devil sect!

This time, they had come to participate in the Tianqi Grand Meeting. They had brought all their belongings.

But now, they were about to be captured in one fell swoop.

"Act Now!" The three black-robed men separated and each took charge of an area.

Under the deterrence of the Devil Sect, no one dared to resist.

"Brother Yu, get ready," Su Yu sent a secret message to Yu Xiang Wan.

Yu Xiang Wan was taken aback. "Brother Su, don't act rashly. I've heard that the Devil sect is brutal. Let's just give up money to avoid disaster."

Su Yu took a deep look at the corpse of the silver-robed man and shook his head slowly. "Giving up money might not be able to avoid disaster."

Others might be able to avoid death, but Su Yu might not.

That was because the elder of the Devil Sect was among them.

Since he had already arrived, he should have noticed Su Yu.

He just didn't show any emotion.

Instead of waiting for death, he might as well fight to the death.

He took out a hundred time crystals and placed them in front of him.

A moment later, the black-robed man in charge of their area quickly walked over and picked up the hundred time crystals on the ground. He said sternly, "Just this? Are you playing with me?"

The guests who came here were worth at least ten thousand time crystals.

Moreover, did they think they were blind?

How could they not notice such a sensational matter when Su Yu opened the immortal herb and the baby.

“Take a look for yourself if you don’t believe me.” Su Yu threw his storage device to the other party.

The latter sneered and probed into the storage device.

However, at this moment, a purple light flashed.

The little qilin jumped out from the storage device and was greeted with a terrifying nine nether jade flame!

Chapter 2512 Demonic Ape Puppet

The black-robed man was caught off guard and was hit on the spot.

The result was obvious!

Under the netherworld azure fire, the black-robed man’s soul suffered a devastating attack.

He only had time to scream before his soul was burned into ashes.

The large stretch of Netherworld azure fire that was spat out revolved around the little qilin, shocking all living beings within a ten thousand feet radius.

“Let’s Go!” Su Yu saw the opportunity and immediately followed behind the little qilin, rushing out of the venue.

Yu Xiang gritted his teeth and could only brace himself to follow.

The other two black-robed men sensed the abnormality and immediately rushed over, trying to stop Su Yu.

However, facing the surging nine nether jade flames, they were so scared that they quickly retreated, not daring to stop them.

In a few breaths’ time, the two of them and the beast successfully escaped to the vicinity of the exit.

They were about to leave the venue in one go.

Suddenly, a deep and cold snort came from the gap in the ancient formation above them, “Can you escape?”

That voice was the demonic sect elder who had chased Su Yu back then.

There was a hint of excitement in his eyes.

He had thought that he would never run into Su Yu again.

He did not expect that he would run into him unexpectedly in this apocalyptic gathering.

As soon as he finished speaking, a majestic aura that was comparable to the great void descended from the depths of the sky and headed straight for Su Yu.

The little qilin seemed to have sensed something and fiercely spat out a nine nether jade flame in the direction of the source of the aura.

The large patch of jade flame burned the heaven and earth, separating the Heaven and earth of the entire venue.

However, that elder Mo's strength was too terrifying.

With an angry roar, he used the extremely dense power of the Xuan Dao to forcefully open a crack in the jade flame.

The Jade Flame came with a strong demonic aura.

Fortunately, the Little Qilin's nine Netherworld Jade Flame was able to hold him off for a while, allowing Su Yu and the rest to successfully charge out of the venue.

Su Yu did not hesitate and immediately took out the turtle shell that Yu Xiang Wan gave him when he went to the border to carry out his mission.

“Break!”

The turtle shell instantly expanded and turned into a spinning magic treasure.

The huge spinning force generated by the magic treasure instantly repelled all the strong practitioners of the Devil sect who were lying in wait at the entrance.

Yu Xiang Wan was surprised to see that it was her magic treasure.

She did not expect that Su Yu had not used it all this while!

While she was surprised, she immediately jumped onto the turtle shell with Su Yu and the little qilin.

The turtle shell dived into the depths of the ground.

It turned out that this turtle shell was an earth-type flying magic treasure.

It followed the mountains and rivers of the Earth, traversing millions of kilometers in a breath. It was not inferior to any spatial magic treasure.

Moreover, it was extremely well hidden. It was hidden deep underground, making it difficult for people on the ground to discover its existence.

When the Devil sect elder chased after it, Su Yu and the others were already nowhere to be seen.

However, he did not show much anxiety.

Instead, he sneered.

“Do you really think that I can't catch up with you?”With the strength of the Devil Sect Elder, he really wanted to catch Su Yu on the spot. How could he miss?

He deliberately let Su Yu escape from the venue.

Because Su Yu was a descendant of the ruler of space, he didn't want to force Su Yu too much and force him to use his space domain in public so that the other members of the Devil sect would notice.

Especially since there was also an elder of the demon sect who was ranked eighth on this trip.

The other party was the leader of this mission.

His strength had also reached the level of a true tunnel lord.

If he found out about Su Yu, he would definitely take Su Yu as his own.

That was why he pretended to let Su Yu leave.

“Go!”The elder of the demon sect took out a black burly man.

His eyes were lifeless and empty. After taking a closer look, he realized that it was a puppet.

Moreover, it was exactly the same as Su Yu’s puppet.

It was a demonic ape puppet that only the demonic sect elder could possess!

However, the aura it emitted was obviously stronger than the demonic ape puppet that Jin Yue gave to Su Yu.

It had surpassed the Middle Nirvana realm and reached the Nirvana realm.

The demonic ape puppet let out a low roar and immediately burrowed into the ground, chasing after Su Yu and the others.

Its speed was even faster than Su Yu’s turtle shell..,

after doing all this, the demonic sect elder returned to the venue.

Not long later, a terrifying pressure came from the heavens and earth.

“Elder Xiao Mo, how’s the situation?”

A powerful voice came, and then, the black-robed man appeared silently in the venue.

A muffled sound came along with it.

He looked down and saw Liu Taixu’s dead body lying on the ground.

His facial features were all covered in blood, and his eyes were still filled with fear.

Elder Xiao Mo immediately said, “Elder lang mo, except for that person named Su Yu, the rest of the people have been controlled.”

He was nervous. would elder lang mo blame him for this?

After all, that Su Yu held a priceless immortal herb in his hand.

“Expected.”

Unexpectedly, elder Wolf Demon didn’t get angry. With a regretful expression, he said, “When I first saw this kid, I felt that he was extraordinary. It’s normal that you couldn’t keep him. However, it’s really a pity.”

Elder Xiao Mo heaved a sigh of relief and said, “That’s right. After all, it’s an immortal herb.”

However, elder Wolf demon shook his head and said, “I’m not interested in an immortal herb. I’m interested in his people!”

His eyes were shining with a bright light.

“He dares to open a thousand kilograms of seventh grade nine nether crystal at all costs. It shows that he has an unexpected special ability to appraise the nine Nether Crystal.” Elder wolf demon said regretfully, “It’s such a pity that such a person can’t be used by our demon sect.”

Elder howling demon nodded his head in agreement. He thought to himself, ‘If you knew that he is the descendant of the ruler of space, you might not think this way.’.

However, elder Xiao Mo heaved a sigh of relief.

“Let’s end this quickly. The main city of the Heaven Awaken Palace should have reacted by now and will come to our aid soon.”

Elder Xiao Mo said, “Please rest assured, elder Lang mo. this city has completely fallen into our control and we will plunder it soon.”

Su Yu.

He rode on the turtle shell and sped away.

Soon, they left the heaven’s revelation palace and arrived at the border between the Zhengtian sect and the Tai Yi sect.

“Our luck is really hard to say.” Yu Xiang Wan climbed out of the ground in a sorry state and shook off the dust on her face, she had a bitter smile on her face. “It’s a great fortune to cut the strange crystals of the netherworld. But unfortunately, we were robbed by the demonic sect, which only happens once in a thousand years.”

The tentacles of the demonic sect rarely reached the border of the Dreamland.

This should be their first time coming here, but they encountered it in the end!

Their luck was really bad to the extreme.

However, Su Yu looked behind him with a serious expression. “It’s still too early to make a conclusion.”

It was not easy for them to return to the Tai Yi sect safely.

Rumble --

Suddenly, an incomparably muffled sound came from the mountains and land behind them.

It was as if there was something ferocious shuttling through the ground, heading straight for them.

“Hurry up and leave!” Su Yu only had time to use his clairvoyance to take a glance before he discovered an incomparably pitch-black puppet chasing after them at an astonishing speed.

That puppet was very similar to the Devil Ape puppet he obtained.

But its strength was much stronger.

Pu --

The little qilin opened its mouth and spat out a mouthful of nine nether jade flames, burning the entire underground.

However, the puppet completely ignored the dark green fire and directly passed through it and rushed out of the underground.

Chapter 2513 Picking Up A Son For Free

The Little Qilin was startled and hurriedly spat out a second mouthful of the Netherworld Green Flame.

“There’s no need to waste your energy. That’s a puppet without a soul. It’s not afraid of your Netherworld Green Flame.” Su Yu threw the little qilin back into his storage space and activated his space domain.

In just a blink of an eye, he had carried out a long-distance teleportation between himself and Yu Xiang Wan.

However, the demonic ape puppet was surprisingly talented as well.

A pair of demonic wings appeared on its back.

With a flap of its wings, it immediately caught up with Su Yu.

“Roar!”

At the same time, the puppet let out a loud roar and spat out a terrifying black beam of light that swept toward Su Yu.

Su Yu’s face turned cold as he activated his space domain again.

The latter easily caught up with him and continued to chase after him.

This could not continue.

His physical strength and the strength of DAO Master Xuan were limited. It was impossible for him to keep running away.

However, the puppet could continue to chase after him!

He wanted to activate the demonic ape puppet that Golden Moon gave him so that it could resist for a while. However, the demonic ape puppet needed at least 10,000 time crystals to activate once.

All the time crystals that Su Yu and Yu Xiang Wan had had were used in the Tianqi grand meeting.

It was not enough to activate his demonic ape puppet.

There was a hint of hesitation on his face. Was he going to expose his time domain in front of Yu Xiang Wan?

All of a sudden, Su Yu noticed a few sharp auras coming toward him.

At the same time, something was glowing in Yu Xiang Wan’s arms.

He took it out to take a look. It was the part of the nine nether crystal that was given to Yu Xiang Wan.

“Oh no, the sixth-grade nine Nether Crystal of the Zhengtian sect has been tampered with.” Yu Xiang Wan’s face darkened. “We’ve been ambushed by the Zhengtian sect.”

The current situation was like a boat that had arrived at the heart of the river to fill in the gaps.

One demonic ape puppet was not enough, but a group of Zhengtian sect powerhouses whose strength was unknown.

However, Su Yu’s eyes lit up. Not only did he not go around them, he sped up and went straight for them.

Soon, he saw a spaceship approaching at an extremely fast speed.

There were people from the Zhengtian sect standing on it.

One of them was in the middle stage of the Nirvana stage, and four or five of them were in the early stage of the Nirvana stage.

“Hall Master Zhou, it’s them!” The Four Hall Masters of the early stage of the Nirvana stage looked resentful.

Based on the aura left in the nine nether crystal, they had been targeting the person who had cheated the sixth-grade nine Nether Crystal and ambushed them along the way.

As expected, they went back the same way they came.

“How dare you swindle something so audacious from the Zhengtian sect!” The leader of the group, Hall Master Zhou, had a cold expression on his face. He whipped out his whip and was ready to fight.

However, at this moment, a pitch-black puppet suddenly appeared behind Su Yu.

The puppet spat out a beam of light from its mouth.

Su Yu seemed to have sensed it and dodged it first.

The beam of light struck the spaceship without any deviation.

Hall Master Zhou was stunned for a moment before his expression changed drastically. “Not good! Run!”

However, only he had the time to escape.

Before the rest of the people on the ship could leave, they were hit by the extremely swift and violent black beam of light, along with their flying magic treasures.

With a violent rumble, all the Zhengtian sect experts inside were killed on the spot.

Su Yu dashed past the fragments of the spaceship and took the four space storage devices of the early stage of the Middle Nirvana stage.

After a quick glance, he could not help but curse, “So poor!”

The space storage devices of the four of them only had a little more than 10,000 time crystals added together.

It was only enough for him to urge his devil ape puppet to make a pot of tea.

The Devil Ape puppet behind him chased after him. Su Yu had no time to look for it. He directly stuffed all the 10,000 time crystals into the mechanism behind the Devil Ape Puppet.

Instantly, the mechanism was activated, and the cracking sound of the time crystals being crushed could be heard.

The demonic ape puppet with its eyes tightly shut suddenly opened its eyes.

“Go!” After Su Yu’s previous refinement, the demonic ape puppet immediately followed orders and pounced forward with a furious roar.

However, its cultivation was too low compared to the enemy’s demonic ape puppet.

Its chest was caved in by the other party in just a single exchange.

However, it was not afraid of death and continued to tangle with the opponent.

Su Yu watched as its body was being torn apart bit by bit. Its limbs and head were torn off by the ferocious demonic ape puppet.

His heart ached.

“Let’s Go!” There was no other way. This puppet could be treated as a one-time consumable item.

With the demonic ape puppet trying to buy time, Su Yu and Yu Xiang Wan once again fled at high speed.

They had been fleeing for a few days.

They had already distanced themselves from each other.

However, Su Yu did not feel safe at all.

Unless they could escape back to the sect!

Two days later, they had already crossed the mountain range.

Not long after they crossed the mountain range, they heard the intense wails of ghosts coming from the mountain range behind them. The noise was so loud that it was beyond their imagination.

It was the demonic ape puppet of the enemy!

The other party was still chasing after them!

Su Yu turned his head and saw a black shadow approaching them at high speed.

“Brother Su, let’s risk it all!” Yu Xiang Wan gritted her teeth. Since she could not escape, she could only risk it all.

Su Yu nodded his head slightly. There was nothing he could do. He could only expose some more things.

However, he might not be able to do anything to this powerful puppet who was in the Nirvana stage.

He touched the blindfold with his finger and was about to pull it down.

Suddenly, the entire sky turned a dark green color without any warning.

Layers of flames burned the entire sky for billions of miles!

The astonishing phenomenon surprised Su Yu and Yu Xiang Wan.

What was going on?

Before they could understand what was going on, the demonic ape puppet that was charging toward them was sent flying and smashed into the mountain range without any warning.

In the smoke and dust, they could clearly see that the Nirvana realm demonic ape puppet was dented by a punch, and its chest was almost pierced through.

What... was going on?

While the two of them were shocked, Su Yu's vision blurred. A one-year-old baby appeared in front of him as if he had teleported.

He opened his watery eyes and said with great effort, "Father... is not... Afraid!"

Then, he threw himself into Su Yu's arms.

Su Yu held the baby in his arms subconsciously. He looked at the baby who was laughing like a spoiled child in his arms and realized that he was the one-year-old baby that he had cut out from the strange crystal of the Netherworld!

He was not caught?

Liu Taixu's powerful cultivation and that mysterious black-robed man had both failed?

However, when he saw that the puppet of the round Nirvana Devil Ape was almost destroyed, Su Yu came to a realization.

This baby was way too powerful!

Yu Xiang Wan blinked her eyes in disbelief and mumbled, "Brother Su, you've picked up a good son! I'm so envious of you."

If possible, he would like to have such a son too.

A baby that was cut out of the nine Nether Crystal and possessed unparalleled combat strength!

Su Yu smacked his lips and looked at the white, plump, and lively baby in his hand. He did not know what to do for a moment.

He did not have the time to take care of a child?

However, this baby could be said to have saved his life. He was also the one who had released him from the countless years of his life. It was fate.

Just as he was thinking, the baby stopped laughing and frowned. Then, he started to cry for no reason.

Su Yu and Yu Xiang Wan stared at each other, not knowing what to do.

“He’s hungry, right?” Yu Xiang Wan guessed. “Why don’t we find some milk for him to drink?”

Su Yu rolled his eyes at him. “Drink Your Milk?”

They were in the middle of nowhere, and there were no shops at the back. They couldn’t even find a ghost. Where could they find milk for him to drink?

Chapter 2514 The Unspeakable Secret

“Me?” Yu Xiang Wan touched her chest, looking embarrassed.

However, the baby was crying more and more violently!

Just when they were at a loss, the baby suddenly sensed something and pounced on Yu Xiang Wan.

Yu Xiang Wan was shocked and screamed, “Oh my God! Don’t believe your father, I don’t have milk!”

However, the baby reached out and grabbed a large piece of the nine Nether Crystal from Yu Xiang Wan’s arms. He opened his mouth and stuffed it into his mouth.

With a few clicks, he ate it as a snack.

After he finished it, he took it again.

In just a few seconds, he ate the 90 kilograms of sixth-grade nine nether crystal.

Only then did he burp contentedly and ran into Su Yu’s arms to sleep.

Yu Xiang Wan was stunned. “Brother Su, your son’s Appetite...”

90 kilograms of sixth-grade nine nether crystal was worth at least 16,000 time crystals.

He was eaten in one bite just like that?

Su Yu was also shocked and quickly gave him to Yu Xiang Wan. “Come, don’t you want a son? I’ll give him to you!”

However, Yu Xiang Wan quickly took a step back and said guiltily, “I’ll pass. Even if you give him to me, I won’t be able to feed him.”

He had to eat 16,000 time crystals in one meal!

Even if he sold himself, he would not be able to feed this little fellow.

Su Yu gave a bitter smile. “I can’t afford to feed him either!”

Even if he could sell the mystical grass in his hands, it would only be 200,000 time crystals. It would not be enough for him to eat a few meals.

Unless he continued to dig for the nine nether crystals day and night.

However, Su Yu could not bear to abandon him. “Let’s take it one step at a time.”

Yu Xiang Wan nodded her head.

All of a sudden, he realized that the demonic ape puppet that was chasing after them was nowhere to be seen.

“They could escape just like that!” Yu Xiang Wan looked regretful. She had wanted to pick up the puppet and repair it.

A few days later.

In a secret place, the injured demonic ape puppet came to a huge rock.

“Trash, we can’t even catch a single person!” Elder Xiao Mo appeared and looked at the almost crippled demonic ape puppet.

“If only elder Jin Mo’s golden demonic ape puppet had not gone missing?” Elder Xiao Mo said regretfully, “If only I could catch that golden demonic ape puppet, my ranking would have long surpassed elder Lang Mo’s!”

At the junction of Zhengtian sect and Taiyi sect.

In a huge pit.

Su Yu’s demonic ape puppet was in pieces. Its entire body was torn apart, and it was in a state of complete destruction.

Even if it was picked up, it wouldn’t be able to be repaired.

In the dead of the night, a full moon shone on the demonic ape puppet’s body.

A shocking scene appeared. The demonic ape puppet’s broken body slowly recovered.

At the same time, there was a faint golden luster that had never appeared before on its pitch-black skin..

A few months later.

Tai Yi sect.

Su Yu and Xiang Wan had left the sect for a year and finally came back successfully.

The two of them immediately went to the head of the Alchemy Division to hand in the mission.

The one who issued the mission this time was the head of the Alchemy Division.

“Is it only this small?” The head of the Alchemy Division weighed the nine nether crystal that weighed only five kilograms and frowned slightly.

Su Yu and Yu Xiang Wan’s hearts skipped a beat. Could it be that this leader knew the true size of the sixth-grade nine Nether Crystal in advance?

“However, it’s true that the foreign object is a sixth-grade nine nether crystal. That’s enough.” The leader of the Alchemy Division looked at Su Yu and Yu Xiang Wan with a meaningful look but did not probe further.

He was not stupid. He had already guessed that the two of them had cut off the nine nether crystal.

However, his target was the foreign object inside the crystal. Hence, he pretended not to know about it and gave out the mission reward -- 20,000 time crystals and two drops of Tai Yi divine water.

“Thank you, Hall Master!” Said Yu Xiang Wan.

The hall master smiled and nodded his head. He then looked at Su Yu. “You’re called Su Yu, right?”

“Yes, I’m Su Yu.” Su Yu was surprised. was there a problem?

The hall master sized him up and said, “You’ve been in the limelight recently. Are you interested in coming to my alchemy hall to develop?”

Ah?

Yu Xiang Wan was instantly envious.

Among all the halls, the alchemy hall could not be said to be the best, but it was undoubtedly 10,000 times better than the military preparation hall.

It was also much better than the affairs hall that Yu Xiang Wan was currently in.

Su Yu hesitated for a moment and said, “Senior, I appreciate your kindness, but please allow me to discuss it with our hall leader when I get back.”

“Alright, if you have any ideas, you can come and look for me anytime,” said the hall leader of the Alchemy Hall expressionlessly.

After the two of them left, the hall leader of the Alchemy Hall stroked his chin and took out a piece of information that he had just received.

The information came from the city of the Heaven’s fate palace.

The content was that a person named Su Yu had successfully obtained a living baby and a stalk of immortal herb.

The baby had left on its own while the immortal herb was still with Su Yu.

So, he was thinking about the mysterious immortal herb in Su Yu’s hands.

“I need to think of a way to get that stalk of immortal herb,” the leader of the Alchemy Hall muttered to himself.

They left the Alchemy Hall.

Yu Xiang Wan felt extremely regretful. “Brother Su, why did you reject it? That’s a once-in-a-lifetime opportunity.”

Su Yu’s eyes were clear and bright. He was not confused by the pleasant surprise of the leader of the Alchemy Division, “Firstly,” said Su Yu, “The previous war has already passed. There won’t be any big war in the military preparation hall for a short period of time. It’s relatively safe and the improvement is fast! Secondly, the leader of the Alchemy Division should be scheming against the immortal herbs in my hands, right?”

The most expensive thing was usually a free lunch.

After he joined the alchemy division, he might not be able to keep the immortal herbs in his hands.

“I see.” Yu Xiang Wan suddenly understood. “Alright, I hope brother Su can get what you want as soon as possible and leave the military preparation hall.”

Su Yu looked at Yu Xiang Wan and Sighed silently.

If he could get what he wanted, he might have to say goodbye to Yu Xiang Wan.

After the two of them parted ways, they returned to their respective residences.

Su Yu immediately went into closed-door cultivation and took out his Tai Yi divine water.

He had broken through to the late stage of Light Nirvana stage for a period of time. If he didn't break through now, when would it be?

He immediately swallowed the Tai Yi holy water in one gulp.

Immediately, the holy water turned into a stream of extremely pure Xuan Dao Energy and surged into the dao marks in his body.

The dao marks opened at the same time and crazily swallowed a huge amount of Xuan Dao Energy.

..

Time passed bit by bit.

Three months later.

A loud sound suddenly came from Su Yu's residence.

Many Great Dao appeared above Su Yu's head, sending down dense dao intent.

It was the sign of breaking through to the middle nirvana stage.

When the loud sound disappeared, Su Yu slowly opened his eyes, and his body naturally emitted a profound and unfathomable aura.

“Middle Nirvana initial stage!” He clenched his fist, and felt his own strength clearly surge.

“Compared to people of the same age, it's not bad. However, it's still far from enough to meet someone like Shaohao.” Su Yu was not proud.

He still needed to further improve his strength in all aspects.

Dong Dong --

At this moment, there was a knock on the door.

When he opened the door, he saw that it was Chen Qiankun from the military preparation hall.

There were a series of footprints in front of the door. It could be seen that he had been waiting outside for a long time.

He probably saw that Su Yu had made a breakthrough and did not disturb him.

“Brother Chen? Please come in,” Su Yu said.

Chen Qiankun’s expression was cautious as he said, “Senior brother Su has already reached the middle nirvana stage, but he is comparable to an inner sect disciple. I am really not worthy of him.”

“You’re exaggerating.” Su Yu smiled. “Do you have something on?”

Su Yu could see that there was something difficult to say on his face.

Chapter 2515 The Aftermath Of The Immortal Herb

Chen Qiankun gritted his teeth and said, “Senior brother Su, if you have the ability, you should leave the Tai Yi sect as soon as possible.”

After saying that, he looked around vigilantly and passed a jade seal to him. Then, he lowered his head and walked away quickly.

Su Yu returned to the room without a change in expression and crushed the jade seal.

Inside was a message that Chen Qiankun had left for him.

“Senior brother Su, there’s a rumor in the sect that you have two hundred thousand time crystals in your hands. Everyone in the main hall wants it.”

“Apart from that, you injured an inner disciple half a year ago. Now, the fourth ranked disciple, Jin Feijian, wants you to kneel down and admit your mistake.”

“There’s also a rumor that you’ve colluded with the Devil Sect.”

Su Yu looked at it and his eyes flickered.

He didn’t really care about the first two.

However, he had to take the rumor seriously.

Strictly speaking, he had colluded with the Devil sect.

However, where did the rumor come from?

Up until now, no one knew about the secret deal between him and Jin Yue except for himself and Jin Yue.

Was it a rumor made by others, or did they really have evidence?

With Su Yu’s experience, it was not suitable for him to stay in the Tai Yi sect at this moment. He should take Chen Qiankun’s suggestion and leave the sect as soon as possible.

However, he was not far away from becoming the hall master.

He was about to achieve his goal!

It was too much of a pity to give up just like that.

“Bear with it a little longer.” Su Yu thought to himself.

Just as he finished understanding these, another expert from the military preparation hall came over.

“Senior brother Su, the hall master is here to see you.”

Chen Qiankun was right. He had become a piece of meat in the eyes of many hall masters, and they all wanted to snatch that immortal grass.

Su Yu pondered for a moment before nodding. "I'll be there in a moment."

After the other party left, Su Yu's eyes flashed. He immediately went to the domain where the sect was collecting the nine nether crystals.

"How many nine nether crystals have you dug up?" The old man in charge of exchanging for the time crystals asked mechanically.

Su Yu didn't say a word. He took out a living immortal herb and said, "My name is Su Yu. This immortal herb was taken from a Netherworld Crystal."

Hearing this, the old man on the windowsill flashed with golden light.

"Wait a moment!"

He immediately stood up and headed to the back hall. He was probably asking for instructions from some important figure.

Not long later, the old man returned with a smile on his face. "Hall Master, Please Come."

Just like that, just as Su Yu had expected, he arrived at the back hall of the Exchange Hall and saw a middle-aged female hall master.

She lightly smiled as she sized up Su Yu and continuously nodded. "You are indeed a handsome talent. I've already heard about your performance in the Heaven Awaken Palace. Our Exchange Hall needs a talent like you."

These words were naturally just polite words.

The Tai Yi sect was only a small sect, and the amount of nine nether strange crystals they obtained was quite limited.

There was no need for Su Yu to appraise them.

"Hall Master, you flatter me." Su Yu said.

The Woman Hall master's snow-white Chin lightly tapped. "I heard that you're selling immortal herbs?"

"Yes!" Su Yu was blunt.

The Woman Hall Master's beautiful eyes slightly shifted. "It's possible, but our Tai Yi sect isn't like the outside world. Immortal herbs can be sold for 200,000 time crystals in the outside world, but not necessarily in the sect."

Su Yu had expected this.

The price of the nine nether crystals dug out from the mines of the Tai Yi sect was only half that of the outside world.

This was because the Tai Yi sect was closed.

“I don’t sell time crystals,” Su Yu said frankly.

The matriarch was slightly surprised, “Then what do you want?”

“Nine Nether Crystals!” The baby had been asleep for three months and could wake up at any time.

He needed to collect the netherworld crystal as soon as possible.

“This is against the rules. Our Exchange Hall collects the netherworld Crystal and never sells it to outsiders.” The Matriarch’s eyes flashed.

Su Yu said indifferently, “Since you don’t want it, then forget it.”

There were many people who wanted this immortal herb.

“Wait!” How could the matriarch not know how hot this immortal herb was now?

Every Hall master wanted a piece of the pie.

“The nine nether crystals in the hall belong to the sect. Of course, it’s not convenient for me to sell them to you.” The Woman Hall master changed her words. “However, I can buy your immortal herb in my own name.”

Others might not have enough nine nether crystals, but the Woman Hall Master had been in charge of the exchange hall for so many years and had secretly embezzled countless nine nether crystals.

It was naturally not difficult to buy this immortal herb.

“However, I want you to promise me that you’ll announce to the outside world that I bought it with a time Crystal and not a netherworld crystal. Do you understand?” The matriarch did not dare to let the outside world know that she had so many netherworld crystals in her possession.

Otherwise, the sect would be the first to not spare her.

“That’s what I wanted to say.” Su Yu also did not want the sect to know that she had so many netherworld crystals in her possession.

The matriarch smiled and said, “Deal!”

Su Yu used immortal grass to exchange for two hundred thousand time crystals.

She was worried that low-level babies wouldn’t eat the crystals, so she tried to exchange for high-level netherworld crystals.

The matriarch was very happy with this.

Although high-level netherworld crystals were precious, there weren’t many people who needed them, so it wasn’t easy to sell them. Su Yu wanted them, so she was happy.

After completing the transaction, Su Yu relaxed and came to the military preparation hall.

“What took you so long?” The hall master in golden armor frowned and scolded.

Su Yu was neither servile nor overbearing, "I was stopped by several Hall Masters' messengers the moment I left, so I came late. I'm sorry."

Hearing this, the Golden Armor Hall Master's expression tensed.

With a dark expression, he sternly shouted, "Su Yu, do you know your crime?"

Was he trying to show off his power?

Su Yu was calm and collected as he said, "I have done my duty and I don't know my crime."

How was he guilty?

He had just made a great contribution to the military preparation hall at the border.

"As a disciple of the military preparation hall, you went out during the war and went to the Heaven Awaken Palace. How dare you say you don't Know Your Crime?" The leader of the Golden Armor Hall sternly reprimanded.

A disciple of the Tai Yi sect could enter and leave the sect at any time. This was not a crime.

The Hall Master of the Golden Armor Hall had forcefully added the crime to Su Yu's name. His intentions could not be any simpler.

"On account of your first offense, hand over all the stolen goods that you obtained illegally to offset your crime!" The Hall Master of the Golden Armor Hall berated.

Su Yu felt a wave of disappointment in his heart.

The Hall Master of the Alchemy Hall wanted the immortal herb. At the very least, he would give him the benefits of being transferred to the Alchemy Hall.

However, the military preparation hall, which he was in, wanted to snatch the immortal herb for no reason. They were not even willing to give him a single bit of benefits.

In the eyes of the leader of the Golden Armor Hall, he was probably the most lowly existence.

He did not feel any psychological burden to take his things.

Fortunately, he had expected this and had made preparations beforehand.

"I'm sorry, the Devil Sect has robbed the things in the Heaven Enlightenment Palace. The disciple of the Hall of affairs, Yu Xiang Wan, can testify about this," said Su Yu.

Slap --

The leader of the Golden Armor Hall smacked the table and said coldly, "Don't quibble. You've obtained a stalk of immortal herb, but you didn't hand it over to the Devil sect. Hurry up and hand it over!"

Su Yu's expression was indifferent. "Oh, that Hall master might have been a step late. I have already given the immortal herb to the Miao Yin Hall Master of the Exchange Hall. If you want it, go ask her."

Chapter 2516 Wan Jian Died

He had already discussed this with Hall Master Miao Yin.

In name, Su Yu was giving the immortal herb to her for free.

This action could prevent outsiders from knowing about the nine nether crystal trade between them and save Su Yu a lot of trouble.

Hall master Miao Yin felt that it was beneficial to him, so she naturally agreed.

“Do you think I’ll believe you?”The Golden Armored Hall master slapped the table. “Tell me the truth, or else I’ll be punished by military law!”

Who would give away the immortal herb that had been crystallized by 200,000 years for no reason?

Su Yu said calmly, “I don’t care about the punishment, as long as the hall master can find this military law.”

If he didn’t hand it over, he would be punished by the military law. Even the chief wouldn’t dare to act recklessly, right?

“Su Yu!”The Golden Armored Hall master’s face darkened. “I’m warning you, don’t try to resist anymore. You are under my command. I have plenty of ways to kill you!”

“Perhaps you don’t know this, but the southern part of the dream boundary is already in Chaos!”The Demon Gate didn’t just attack the Heaven Awaken Palace at the same time. There were also other large sects that were ranked in the top ten. The entire southern part of the dream boundary was in a state of panic, and war could break out at any time

In other words, if Su Yu didn’t comply, he was prepared to push Su Yu into the war.

If that happened, it would be a narrow escape for Su Yu.

“I can’t Wait!”Su Yu smiled slightly.

Only when there was a mission would there be a reward increase.

Whether or not he could rise to the hall master level as soon as possible depended on whether there were enough missions.

Therefore, the threat of the Golden Armored Hall Master was meaningless.

“You!”The Golden Armored Hall Master Glared at him. “Fine, you will regret it!”

Su Yu had a smile on his face and said calmly, “I hope that the hall master will keep his word. If there is a war, don’t forget me.”

With that, he returned to his residence with a calm expression.

However, as soon as he arrived, he found that his residence was in a mess. The stone door had been forcefully broken open.

He narrowed his eyes. “For a stalk of immortal herb, anyone would really come out.”

To think that even a robber would appear.

He strolled in and found that on the inner wall of the room, there were words carved from sharp sword qi.

“Bastard, come to Heaven Abyss Pavilion to die! Leave the golden flying sword behind!”

Su Yu sneered, “I thought it was a robber, but it turns out it’s an inner disciple.”

That golden flying sword was the senior brother of the flying sword who failed to rob the sixth grade nine nether crystal last time.

Chen Qiankun had already warned him that the golden flying sword would find trouble with him. He didn’t expect it to come so quickly.

“Heavenly Abyss Pavilion?” Su Yu smiled faintly.

If it was before he broke through to the middle nirvana stage, he would still have to be wary of this gold flying sword of the Middle Nirvana stage.

Now..

“It’s also good to let the scoundrels give up!”

The vast majority of the Tai Yi sect were people who only cared about profit. There were countless people who coveted the immortal herb of the weak Su Yu.

He needed to intimidate the scoundrels with an absolutely crushing victory.

The Heavenly Abyss Pavilion was the exclusive cultivation place for the inner disciples.

There was a magic array that gathered the power of Xuan Dao all year round, causing its power of Xuan Dao to be several times stronger than that of the outside world.

Most of the time, the inner disciples cultivated in the Heavenly Abyss Pavilion.

The purpose of the gold flying sword inviting Su Yu there was very obvious. It was to kill one as an example to the others!

Those who disrespected the inner disciples would definitely pay a terrible price.

Su Yu came to the Heavenly Abyss Pavilion alone.

A long flight of stairs reached the clouds, connecting the ground and the Heavenly Abyss Pavilion.

Looking up, one could vaguely see a figure moving in the pavilion.

“Who are you?”

Su Yu was about to step on the stairs when an indifferent voice came from above.

“Since you asked me to come and also asked me who I am, you inner sect disciples really know how to play.” Su Yu smiled and stepped on the stairs.

“How dare you!” A stern voice came from the attic, “If you are not an inner disciple, go to the Heaven Abyss Pavilion. All of you are only allowed to kneel and not walk!”

Su Yu smiled and did not say anything.

He walked up the stairs and did not kneel.

“How dare you!” The voice came again and scolded, “If you dare to be disrespectful to the Heaven Abyss Pavilion, you will be punished!”

A burly figure jumped down from the Heaven Abyss Pavilion.

The other party held a battle axe and hacked at Su Yu’s head, “Get down and start again!”

Su Yu didn’t even raise his head. He casually stretched out a finger and blocked the heavy battle axe.

The latter was shocked and released his cultivation of the late stage of the light nirvana stage in an attempt to forcefully suppress the battle axe.

However, the battle axe still didn’t move.

“You dare to scold this and threaten that with your little ability?” Su Yu slightly bent his finger and flicked it.

The burly figure was instantly sent flying back into the Heavenly Abyss Pavilion as if he had been struck by lightning.

His enormous body smashed into the heavenly abyss pavilion, causing it to shake violently.

His abnormal actions completely shocked everyone in the Heavenly Abyss Pavilion.

At this moment, several inner sect disciples were gathered together in the Heavenly Abyss Pavilion, as if they were discussing something.

“If nothing unexpected happens, we can set off in ten days.” The person who spoke was a young man with blue eyes. He was dressed in white, and his aura was cold and fierce.

He gave off an invisible coldness that kept people at a distance of a thousand miles.

Jin Feijian, who was beside him, seemed to be slightly restrained and didn’t dare to act rashly.

Suddenly, the entire heavenly abyss pavilion trembled, causing the group of people to stop talking.

“What’s the situation?” The blue-eyed young man shouted and asked.

At this moment, a person who looked like a servant immediately bowed and reported, “It’s an outer sect disciple that Lord Jin invited to fight. He smashed the gatekeeper Ghost Axe into the Heavenly Abyss Pavilion and caused the commotion just now.”

The blue-eyed young man looked at Jin Feijian indifferently and said, “Go and settle it.”

“Yes!” Jin Feijian immediately stood up with a furious expression on his face.

This blue-eyed young man in front of him was ranked third above him, Chong Yang!

His strength had reached the terrifying stage of the late stage of the Middle Nirvana stage.

Originally, Chong Yang and a few other people were out training.

Who knew that he would suddenly return and gather the other inner sect disciples for a chat.

Coincidentally, Su Yu came looking for him and disturbed Chong Yang, causing him to be displeased. Even his impression of him had become bad.

He lifted his sword and left the Heavenly Abyss Pavilion. He jumped up the stairs and blocked in front of Su Yu. He snorted coldly and said, “You don’t pick the right time to die! I’ll Grant You Your Wish!”

Clang --

His long sword flew out and circled around his body.

The trajectory of the flying sword drew out an extremely complicated domain. Within the domain, tens of thousands of swords stood in a forest, emitting a sonorous sword qi.

“Ten Thousand Swords Buried!”

The golden flying sword used its domain to attack and swallowed Su Yu.

Then, without even looking, he turned around and walked back.

Because he didn’t need to look anymore!

A mere outer sect disciple in the light nirvana realm had no chance of survival under the domain of his ten thousand swords buried.

He was in a hurry to go back and listen to Chong Yang’s important story.

But just as he took a few steps, Su Yu teased him from behind, “Your power is not bad.”

What?

Jin Feijian turned around in disbelief. After his domain dispersed, Su Yu actually stood where he was without a scratch!

How was this possible?

He was an inner court disciple ranked fourth, yet he couldn’t defeat an outer court disciple with one move?

“No wonder you could defeat Nanga Buddha. You still have two moves left.” Jin Feijian looked at Su Yu with a hint of solemnity in his eyes. “But that’s it. Your tricks are really not enough!”

Chapter 2517

He came at a gallop with his sword, imbuing his sword with the power of Xuan Dao from the middle of the middle nirvana stage.

“Beheading soul art!” The long sword in his hand is like rainbow, instant point to Su Yu’s glabella.

Powerful and extraordinary power of Xuan Dao, incomparably sharp sword qi, even in the early stage of middle nirvana, are absolutely difficult to resist.

However, Su Yu is not an ordinary early stage of middle nirvana.

“Lightning!” Suddenly, intense purple lightning flashed around his body and turned into a lightning energy shield.

Jin Feijian’s fatal strike landed on the Lightning Energy Shield. It was as if he was stuck in a quagmire, unable to advance even an inch.

“This is...” Jin Feijian’s face stiffened. Then, he realized the danger and hurriedly retreated.

At this moment, the lightning ball exploded, and all the lightning bolts swept across with the power of radiation.

Fortunately, Jin Feijian retreated quickly, or else he would have been hit.

With the destructive power of the lightning bolts, even if Jin Feijian didn’t die, he would still be heavily injured.

His heart skipped a beat, and cold sweat broke out on his forehead. The feeling of belittling him had completely disappeared.

The Su Yu in front of him was not just a little bit powerful.

His eyes became sharp, and the moment the lightning spread, he immediately seized the opportunity.

Now was the moment when Su Yu’s old strength was exhausted and his new strength was yet to be born. It was the best time for him to kill with a single strike!

“Heaven-cleaving sword style!”

Jin Feijian seized the perfect opportunity to perform his fatal strike!

The sword tip flew across the sky. It did not give Su Yu any time to think or Dodge.

When the sword tip reached the center of Su Yu’s brows, the corner of Jin Feijian’s mouth lifted up with confidence once again.

He knew that he had already won.

However, not only did Su Yu not panic, the corners of his mouth even revealed a faint smile.

Jin Feijian’s heart skipped a beat for no reason, and he had an extremely bad premonition.

Almost at this moment, the surroundings of Jin Feijian suddenly tightened!

It was actually the lightning that had already spread out, condensing once again and enveloping him within.

The tip of his sword clearly reached the center of Su Yu's brows, but it was blocked by the lightning and could no longer move forward.

He himself fell into a ball of lightning aura.

Back then, Su Yu had almost been hit when he had mastered the space domain, let alone the Golden Flying Sword?

"Explode!" Su Yu shouted in a low voice, and the entire lightning ball exploded.

The Golden Flying Sword, which was in the center of the Lightning Ball, had nowhere to hide and was continuously bombarded by hundreds of lightning bolts.

The result was obvious!

The golden flying sword was blasted into a bloody mess and immediately lost consciousness. Like a dead dog, it fell from the clouds and crashed onto the ground.

Immediately, endless exclamations came from the Heaven Abyss Pavilion.

Red Devil, the gentle beauty, the Fat Monk, and the other inner sect disciples who had interacted with Su Yu before all sucked in a cold breath.

The fourth ranked golden flying sword... had actually been defeated so thoroughly!

"HMPH!"

With a cold snort, Chong Yang slammed the table and flew up, landing beside Jin Feijian.

Red Devil smacked his lips. "Su Yu is finished. Even senior brother Chong Yang is angry."

The gentle beauty sighed and said regretfully, "What a pity. Such a promising talent is going to die in Chong Yang's hands."

Chong Yang was famous for being ruthless and merciless!

He was ruthless and merciless towards the people of the sect.

How many outer sect disciples had accidentally bumped into him and ended up being massacred?

Su Yu had severely injured Jin Feijian in front of Tian Yuan. The consequences were obvious.

Even if it was to protect the dignity of the inner sect disciples, they had to kill Su Yu in public.

However, a scene that everyone could not imagine appeared.

Chong Yang only stared at Jin Feijian. His eyes were filled with disappointment and coldness.

"Trash, what's the point of keeping you?"

After saying that, not only did he not save Jin Feijian, he even kicked him out of the domain.

At the same time, he shouted coldly, "Throw him out. We don't need such trash as an inner disciple of the Tai Yi sect!"

Red Devil and the other two felt their scalps go numb!

A fourth ranked inner disciple was expelled just like that?

They had no doubt that the sect would follow Chong Yang's wishes.

This was because the Tai Yi sect had always regarded inner sect disciples as their core.

Those with high rankings had irrefutable authority over those with low rankings.

This was also the reason why Jin Feijian was so afraid of Chongyang.

After getting rid of Jin Feijian, Chongyang looked at Su Yu, his gaze as cold and stern as ever.

The gentle and beautiful woman said, "Even Jin Feijian ended up in such a state. I'm afraid that Su will not have a good ending!"

However, what made them stunned was that Chong Yang did not make a move. Instead, he nodded his head in satisfaction.

"I didn't expect that there would be such a talented person like you among that group of incompetent outer sect disciples! Not Bad!"

Everyone was stunned!

Not only did Chong Yang not punish Su Yu, he even praised him?

What was even more unexpected was that Chong Yang waved his hand and said, "Follow me. You have enough strength to participate in our operation!"

What?

The Fat Monk widened his eyes. "Chong Yang invited him to join the operation of the inner sect disciples this time?"

In their shock, Chong Yang really brought Su Yu to the Heavenly Abyss Pavilion.

Su Yu was slightly surprised. With his understanding of the members of the Tai Yi sect, he thought that Chong Yang, who was also an inner sect disciple, would crazily take revenge on him.

In the end, he did not.

It was because he had strength that made him look at him in a new light.

"Your domain is still at the beginner level, right?" Chong Yang went straight to the point. He did not even ask Su Yu what domain it was.

Su Yu nodded. "Yes, is there a problem?"

Shaking his head, Chong Yang said, "Then it's fine!"

He took out a map and placed it on the table.

The map depicted the huge terrain of the aether gate, which extended to the nearby 81 sects.

He flicked his finger at a place marked with red dots. "Do you know that the demon sect is wreaking havoc in the south of my dream boundary?"

Su Yu said slowly, "I just heard."

According to what the Golden Armor Division leader said, the demon sect had wreaked havoc in ten large sects without precedent.

"Do you know the reason?" Chong Yang asked again.

Su Yu shook his head.

"The reason is that the place I'm pointing at has an evil spring!" Chong Yang said, "If an ordinary person touches the water of the evil spring, they will die without a doubt. However, if you use it to refine your domain, you can upgrade your domain."

Upgrade?

Su Yu's heart pounded.

Upgrading one's domain had always been extremely difficult. It required years and months of comprehension.

Most of the intermediate domain experts that he knew had gone through hundreds of millions of years to succeed.

Moreover, their domains were relatively not that Grand.

Each of Su Yu's eight domains was an extremely profound existence. It was as difficult as ascending to the heavens if they wanted to advance individually, let alone advancing all eight domains together?

How could Su Yu not be tempted when he heard that there was a shortcut to advance to a domain?

"There must be a lot of people fighting for it, right?" Su Yu stroked his chin. If not for that, they would not have discussed it here.

Chong Yang nodded. "Yes! At least the devil sect is raiding everywhere and hoarding a huge amount of nine nether crystals, preparing to use them to snatch the evil spring."

Su Yu's sharp light flashed. "What does the evil spring have to do with the nine Nether Crystals?"

Although Chong Yang was cold and fierce, he was very patient.

"The evil spring has already been occupied by the descendants of the ruler of time. If you want to get the evil spring, you must buy it with the nine Nether Crystals."

Descendant of the ruler of time?

Su Yu's face darkened slightly.

He had just fought with Shao Hao, one of the descendants of the ruler of time!

Chapter 2518 Waste Of Effort

Now, he was going to the territory of the descendants of the time ruler to buy the evil spring from them. If he wasn't careful, he would be in big trouble.

However, it was a once-in-a-lifetime opportunity to advance to the domain level. Even the devil sect didn't hesitate to plunder large sects and steal the nine nether crystals.

If he missed it, it would be as difficult as ascending to the heavens to get another opportunity to advance.

Su Yu said frankly, "Although I have some nine nether crystals, the quantity is limited. I'm afraid I can't help you too much."

If the evil spring was sold at a competitive price, the 200,000 nine nether crystals in his hand would be nothing compared to the nine nether crystals that the Devil sect snatched?

They were not even worth a hair!

"Of course, I don't expect you to provide the nine nether crystals." Chong Yang sneered. "How many nine Nether Crystals do you have?"

"I invited you to join us because I value your strength."

Chong Yang said mysteriously, "We have our own sect's support for the nether crystals! However, we need to have strong strength to support us on this trip. We need to take precautions."

Su Yu didn't need him to explain in detail. He could guess what the precautions were.

Even if he bought the evil spring, it wouldn't be easy to bring it back.

It was inevitable that there would be unexpected battles.

"Alright, Count me in," Su Yu agreed decisively. He thought for a moment and continued, "I have a friend who I want to recommend. I'm not sure about his actual strength, but he should not be much weaker than me."

"Of course, the more powerful you are, the better. Who?"

"Yu Xiang Wan."

Chong Yang was surprised. "You also recommend him? What a coincidence!"

Su Yu was stunned for a moment. He had just realized that Yu Xiang Wan had a lot of connections in the sect.

"Alright, I'll talk to him." Since he had been recommended twice, Chong Yang naturally decided to investigate him.

"The sect will need at least half a year to gather a large amount of crystals from the netherworld. You should make good preparations during this period," Chong Yang said as he sent Su Yu off.

Su Yu nodded his head and left.

It was supposed to be a simple case of killing one to warn the others, but who would have thought that he would become one with the inner sect disciples instead.

With the inner sect disciples acting as protective talismans, the scoundrels should be able to calm down.

However, when he returned to his room, he discovered that someone else had come uninvited.

A tall black-and-gold figure stood silently in his room.

“You are...” Su Yu walked up to take a look, and his expression changed slightly.
“Devil Ape Puppet?”

Using their senses, Su Yu immediately recognized that this was the devil ape puppet that he had lost!

However, hadn't the Devil Ape puppet been beaten to a pulp and destroyed long ago?

Moreover, the Devil Ape puppet at this moment was obviously different from before.

The most obvious thing was that its original pure pitch-black color had gradually changed to a pale golden color.

Moreover, the cultivation that the puppet emitted was abnormally astonishing. It had actually surpassed the late stage of the Middle Nirvana stage and reached the early stage of the Nirvana Stage!

“How could this be?” Su Yu was both surprised and delighted. He immediately went forward to re-examine the demonic ape puppet.

After a while, he finally confirmed that the puppet that Jin Yue gave him was extraordinary.

Not only did it have the ability to heal itself, it seemed to be able to absorb damage and transform it into a heaven-defying ability for its own evolution.

“It should be related to that mysterious thing in the demonic ape puppet's body, right?” Su Yu thought to himself.

There was something inside the puppet that he could not see through. It must be the object that was working.

The appearance of the demonic ape puppet had solved the urgent matter of the evil spring.

However, Su Yu was not only worried about his strength.

He was also worried about his financial resources.

The Evil Spring bought by the sect's financial resources belonged to the sect in the end.

The sect would decide how to distribute it after the event. It was hard to say if it would fall to an outer sect disciple like him.

If he worked hard to help an inner sect disciple to obtain the evil spring and only received a small consolation reward, it would not be fun anymore.

Therefore, to be on the safe side, it was best for him to prepare enough crystals of the Netherworld to obtain a portion of the evil spring with his own strength.

While she was thinking, Yu Xiang Wan came to her door with a big smile on her face.

“Brother Su, there’s a great joyous occasion waiting for you. Do you want to do it?” Yu Xiang Wan looked very pleased with herself.

If he did not say anything, Su Yu had already guessed most of it.

However, he pretended not to know and asked, “What’s the joyous occasion?”

Yu Xiang Wan clapped her hands and said, “Hurhur, I’ve hooked up with an inner sect disciple. An old friend of mine recommended me to the fourth-ranked inner sect disciple, Chong Yang, and asked me to join a big mission!”

“Haha, How’s That? Aren’t you awesome? I’m going to rise to fame soon.” Yu Xiang Wan laughed out loud.

Su Yu could not help laughing.

His finger tapped on the stone table. “Oh, Congratulations!”

Yu Xiang Wan chuckled. “Are you envious? Don’t worry, if I’m chosen, I’ll definitely recommend you.”

At this moment, Yu Xiang Wan received a message.

She opened it and was ecstatic. She showed it to Su Yu excitedly. “Did you see that? Did you see that? It’s the fourth-ranked inner sect disciple, Chong Yang. He personally sent me a message asking me to look for him at the Heavenly Abyss Pavilion!”

Su Yu laughed. “Congratulations! Your fellow villager is really proud of himself.”

“That’s right! Thank goodness I’m usually considerate. Now, I’ve landed a great job!” Yu Xiang Wan laughed. “Brother Su, wait for my good news here.”

As she said that, she ran to the Heavenly Abyss Pavilion.

When she went upstairs, she saw Chong Yang.

He went up to him and bowed. “I’m Yu Xiang Wan, an outer sect disciple. Greetings, senior Chong Yang.”

Chong Yang sized him up. Suddenly, his gaze sharpened and he made his move.

A powerful mystical energy gathered in his palm and spread toward Yu Xiang Wan.

This energy was only 30% of his own.

However, it was difficult to deal with someone in the middle stage of the middle stage of the middle stage of the Nirvana stage.

He did not expect that Xiang Wan would be able to take it all. As long as she was able to fight back effectively, he could tell how strong she was.

However, Yu Xiang Wan did not Dodge. Instead, a mysterious blue light flashed in her eyes.

The power of Xuan Dao that was sweeping toward him dissipated into nothingness.

It was just that Yu Xiang Wan took a breath slightly and seemed a little tired.

“Eh! You really have something up your sleeve!” Chong Yang could not help but exclaim in admiration. “The outer sect is really full of talents!”

There was a hint of a smile on his face just now.

“Alright, you’ve passed the test. You’re allowed to join us.” Chong Yang waved his hand and gave an affirmative reply.

Yu Xiang Wan was ecstatic.

His lips moved. Just as he was about to recommend Su Yu, Chong Yang said with a smile, “Su Yu’s recommendation is indeed reliable. There’s another capable person.”

Yu Xiang Wan was stunned on the spot.

“Su Yu’s recommendation?” He stuttered.

Chong Yang raised his head and said in surprise, “It was Su Yu who recommended me to you. That’s why I specially invited you here for an inspection. Why? Didn’t he inform you beforehand?”

Yu Xiang Wan was stunned. “The one who recommended me, isn’t it senior brother Zheng Kai?”

Upon hearing that, Chong Yang did not hide his contempt.

“Zheng Kai? He’s qualified to recommend me? I only gave you a chance because of Su Yu.”

After a pause, Chong Yang added, “After my investigation, Su Yu has already joined us. He’s the one who recommended you.”

Ah!

Instantly, a smile, a bitter smile, and a blush appeared on Yu Xiang Wan’s face.

When she recalled how she bragged in front of Su Yu and how she got to know an inner sect disciple, she could not help but feel embarrassed.

“You have half a year to prepare. Go!”

Yu Xiang Wan took her leave and went to look for Su Yu with a red face.

However, Su Yu had already left.

At this moment, he was already in the underground mine.

While Yu Xiang Wan was gone, he went to the reward hall and accepted a mission to supervise the underground mine.

With his identity as an eight-star disciple, this mission was a piece of cake for him.

Three years ago, he was still a slave.

Now, he had returned to the underground mine as a supervisor.

This time, he was in charge of the newly opened No. 10 mine, which was adjacent to No. 9 mine.

Now, the supervisor of No. 9 mine was that boorish man again.

Su Yu's arrival naturally could not escape his eyes.

As the saying went, enemies were especially jealous when they met. When the boorish man saw Su Yu, he naturally did not have any good intentions, and his eyes were full of anger.

Not only because Su Yu killed his uncle, but more importantly, he had accompanied the external affairs hall to the Heaven Awaken Palace to participate in the grand meeting.

His original intention was to strive for merit and bring glory to the external affairs hall.

But in the end, all the glory had been earned by Su Yu alone!

Their external affairs hall had gone out and obtained nothing. They had even been plundered by the Devil sect.

On the other hand, Su Yu had successfully brought back a stalk of immortal herb and his reputation had soared.

He had obtained nothing and had even been punished by the sect. He had returned to the mine to continue being a supervisor.

Su Yu noticed his gaze and his eyes flickered slightly.

This guy!

Su Yu retracted his gaze and walked straight to his No. 10 mine.

There was a group of old slaves gathered at the mine.

With the arrival of Su Yu, the new supervisor, they naturally all came up to greet him.

Su Yu's gaze swept past them one by one. When his gaze swept past a tanned, kind-looking middle-aged man, he paused for a moment.

He had an impression of this person.

He claimed to be surnamed Jin, and he was especially warm to Su Yu and the other newcomers.

He had also taken the initiative to introduce the mine to Su Yu.

Su Yu had always been on guard against him.

Three years had passed, and he had almost forgotten about him in the mine.

Now that he saw him again, he finally remembered.

However, without any evidence, Su Yu had no reason to make things difficult for him.

"Work hard." He only said one sentence before dismissing them.

Then, he scanned the situation of the new mine from Xiao Die's point of view while he was in the No. 10 mine.

He couldn't be blamed for working so hard to come down to mine. He really had a baby on him.

If he didn't work harder, he probably wouldn't be able to afford it.

Fortunately, Su Yu found a few good eighth grade nine nether crystals.

When it was late at night, Su Yu sneaked out and dug them all up.

A few days later, he had already dug out all the eighth grade nine nether crystals he found.

Coincidentally, the baby finally woke up after sleeping for a few months.

The moment he woke up, he sobbed and asked for food.

“My Head Hurts!” Su Yu had never been so passive in the outer realm?

He took out a fresh eighth grade nine nether crystal and handed it to him.

Who knew that the baby would angrily throw him away and then burst into tears.

Su Yu took another piece and threw it away.

He was obviously hungry, but he refused to eat it!

In the end, Su Yu took out the grade seven and grade six netherworld crystals he had exchanged from Hall Master Miao Yin.

In the end, the baby only picked a grade six netherworld crystal and ate it. He didn't even look at a grade seven crystal!

There was only a small piece of grade six Netherworld Crystal, and it was gone after he ate it.

But he was clearly not full.

Not only did he cry out loud, but he also stomped on the nine nether crystal that was thrown away angrily.

It seemed to be saying that he wouldn't eat this trash!

The veins on Su Yu's forehead twitched violently, and he raised his palm, wanting to give him a slap!

The nine nether crystal that he had painstakingly exchanged for was ruined just like that?

Chapter 2519 Empress Starry Rain

Even with Su Yu's character, he could not help but fly into a rage!

However, he still put down his palm.

It was not because his anger had subsided.

It was because... he simply could not beat a baby!

Su Yu painfully wiped his face. Even if it was to raise his own son, it might not be so hard!

Why was this son that he had picked up for nothing so difficult to raise?

“Don't Cry! I've tried my best!” Su Yu comforted him helplessly.

The baby cried even harder.

Later on, he probably cried until he was tired. He pursed his lips and looked at Su Yu with his big watery eyes.

Then, he turned his head and ran to the end of the mine.

There was still work to be done at the end of the mine.

Su Yu followed him, but he did not understand what the baby was doing.

Then, a scene that made Su Yu dumbfounded appeared.

The baby's small pink fist smashed forward, causing the entire underground mine to shake!

In the mine in front of him, a crack as wide as a baby appeared amidst the cracking sounds.

The baby flashed into the mine, and when it could no longer move forward, it used force to break open the crack.

After repeating this for dozens of times, he finally stopped.

Su Yu used his space domain, turning into a speck of dust and drifting over.

He found the baby sitting on the ground in the deepest part of the mine, happily holding a ball of sixth grade nine nether crystal that weighed 100 jin and nibbling on it.

“Sixth grade nine Nether Crystal?” Su Yu clicked his tongue!

In the entire Tai Yi sect, there had never been a sixth grade nine nether crystal in history.

It was not easy to find one, but it was eaten by the baby as dinner!

He quickly ate the sixth grade nine Nether Crystal and continued to use his strange strength to open the mountain and go deeper.

He seemed to have an innate intuition toward high-grade nine netherworld crystals. Wherever he went, there was a sixth grade nine Netherworld crystal.

In the end, he even found a sixth grade nine netherworld crystal that weighed a thousand Jin!

According to the market price, this sixth grade nine Netherworld Crystal was at least 160,000 times crystals!

In the end, the baby ate it from head to toe in one go!

When there were only about 30 jin of scraps left, he threw it away in disgust.

Shoo --

Just as he threw it away, the little qilin darted out like a pitiful dog with a bone given to it by its owner. It picked up the nine nether crystal that he had left behind and placed it in a corner, taking big mouthfuls of it.

Looking at the miserable state of the little qilin, Su Yu's heart ached.

It was too miserable!

At this point, the baby was finally full.

He frowned at Su Yu and mumbled incoherently, as if he was blaming Su Yu for being useless as a father.

He had to rely on himself to find food!

Su Yu clenched his fists and quickly put them down. He told himself in his heart, “Bear with it. He's still a child. Moreover, you can't beat him.”

After the baby was full, he dug into the ground for a while.

Not long after, he carried a hundred Jin of sixth grade nine Nether Crystal and carried it on his shoulder.

It meant that he wanted to use it as a reserve food in case he needed to eat it again.

Su Yu's eyes lit up. "Let me help you take it. Such a big thing is easily taken away by bad people."

The baby tilted its head and thought for a while, as if it really understood Su Yu's words. It handed the nine serenities crystal to him.

Just as it was about to leave, Su Yu chuckled and said, "I think you can take the opportunity to get more food. If you leave this place in the future, where will you find food again?"

The baby tilted its mouth and thought about it. It felt that it made a lot of sense, so it nodded and ran back to continue attacking the mine with its strange strength.

In a short while, it brought back a pile of sixth grade nine nether crystals.

Just like that, an entire night passed, and Su Yu obtained a total of two thousand kilograms of sixth grade nine nether crystals!

If converted into time crystals, it would be three hundred and twenty thousand time crystals!

"This son really didn't pick him up for nothing!" Su Yu said delightedly as he counted the sixth grade nine nether crystals.

He had worked hard and risked his life to obtain only 200,000 time crystals from the Heaven Enlightenment grand gathering.

This son that he picked up only managed to get so many in one night!

Seeing that the sky was about to brighten, Su Yu rubbed his head and said, "Good son, you did well today!"

After receiving the praise, the baby hugged his thigh with a smile and was extremely affectionate.

After coaxing him for a while, Su Yu threw him back into the interspatial world and let him play inside by himself.

"Master, doesn't your conscience hurt? As a father, you tricked your son into becoming a miner to dig for ores for yourself? You really should be struck by lightning!" The little qilin rolled his eyes and had a look of disdain.

Su Yu glared at her.

The little qilin immediately turned into a shameless and weird smile. "But, I like it! After I dig enough netherworld crystals, I'll kick him away. hahahaha..."

"Shameless!" Su Yu rolled her eyes. "How can there be such a shameless person like you in this world?"

"Bah!" The little qilin spat. "Who do you think I grew up with?"

As the saying goes, whoever gets close to the Vermilion Bird gets close to the ink bird, and whoever gets close to the ink bird gets close to the ink bird, and whoever gets close to the ink bird gets close to the ink bird, and whoever gets close to the ink bird gets close to the ink bird, and whoever gets close to the ink bird gets close to the ink bird, and whoever gets close to the ink bird gets close to the ink bird, and whoever gets close to the ink bird gets close to the ink bird.

Su Yu was not in a good mood, so he sent the little qilin flying with a kick.

In the following days, Su Yu supervised the slaves during the day, and his son during the night.

Half a year had passed, and the sixth grade nine nether crystals in his storage space had already piled up into a mountain!

It weighed at least 100,000 jin!

In terms of time crystals, it was 16 million!

The babies had already dug out all the sixth grade nine nether crystals in the underground mine. Not a single one was left for Taiyi sect.

Not only that.

Because the babies had shattered the mines, it was exceptionally easy for the slaves to dig. They were digging at a speed of 100 kilometers per day.

The seventh grade, eighth grade, and ninth grade nine nether crystals were more than the other nine mines combined!

Such an unprecedented excavation efficiency alarmed the higher-ups of the sect.

Through discussion, they gave Su Yu an additional reward for the promotion of a level one disciple.

At this point, Su Yu had become a nine-star disciple!

He was just one step away from becoming a deputy hall master.

The six-month time he had agreed with Chong Yang finally arrived.

He left the underground mine and came to the Heavenly Abyss Pavilion.

Chong Yang, Yu Xiang Wan, Red Devil, and the others had already gathered.

Seeing that Su Yu had arrived, Chong Yang immediately announced their departure.

“There are already three senior brothers who have arrived there ahead of time. We just need to go over and meet up,” said Chong Yang.

Apart from the few of them, there were also a few hall masters who were known for their strength.

Among them was the Golden Armor Hall Master of the military preparation hall.

He was named to escort a group of disciples there.

The Golden Armored Hall master looked at the group of disciples and only stopped for a short while on Su Yu.

A trace of resentment flashed in his eyes.

He had asked around and found out that the immortal herb had really been given to Hall Master Miao Yin.

As a member of the military preparation hall, Su Yu would rather give it to an outsider than to his superior?

This made the Golden Armored Hall master lose face.

This trip was fraught with danger. If there was a chance, he would definitely teach Su Yu a lesson!

The group followed the map and crossed dozens of sects of different sizes. After a year of long distance travel, they finally arrived at their destination.

The center of the southern part of the dream boundary!

South Bright City!

This place was far more prosperous than any other region in the southern part.

Even the Heaven Awaken Palace could not be compared to south bright city!

This was because the owner of South Bright City was a descendant of the ruler of time!

He was known as Empress Starry Rain!

She was the seventh successor of the ruler of Time!

The one who controlled the evil spring was Empress Starry Rain!

South Bright City was extremely huge, even bigger than the entire territory of the Tai Yi sect.

Middle Nirvana Realm Dao masters could be seen everywhere in the city. Yuan nie and Xu Nie were not rare.

Along the way, they even found several kong nie almighties!

When the people of Tai Yi sect entered Nanming city, they more or less felt like country bumpkins entering the city.

Chong Yang changed from being cold and arrogant to being cautious. He said in a low voice, "There are crouching tigers and hidden dragons in Nanming City. The depth of the water is unfathomable. Remember not to cause trouble. Everything must be kept low-key."

Everyone nodded one after another.

Their cultivation base was really nothing compared to south bright city.

After a few rounds of contact, they finally managed to contact the three senior brothers who were waiting in South Bright City.

They were the top three existences of the Tai Yi sect.

In a remote inn that was not luxurious, everyone finally gathered.

"Did you bring the person and the nine Serenities Crystal?" In the secret room, with the three inner sect disciples as the leaders, they had a secret conversation.

The one who spoke was a yellow-haired young man. If his body was transparent, one could see through his internal organs, veins, and so on.

The Aura he gave off was abnormally powerful. He had reached the Nirvana realm, which was different from the demonic ape puppet in terms of martial techniques.

Su Yu was slightly shocked.

Among the people present, the only one who could pose a threat to him was the eldest senior brother of the Taiyi sect, Jiang Xuanzhong, who was in the Nirvana realm!

“I’ve brought it.” Chong Yang was also very respectful to Jiang Xuanzhong.

“How many crystals of the Netherworld?”

Chong Yang took a look at Su Yu and Yu Xiang Wan and did not hide anything. “I only brought about eight million crystals of the Netherworld,” he said

Jiang Xuanzhong remained silent.

“Eldest senior brother, is it too little?”

Sigh --

Beside Jiang Xuanzhong, a beautiful lady sighed softly with her red lips. “It’s not too little, it’s too little!”

Although the beautiful woman was only in the late stage of the middle nirvana stage, her intuition told her that she was much stronger than Chongyang.

She was the second-ranked Smart Xuan Ling.

“Based on the information we have, many sects have brought over ten million of the nine nether crystals. It’s even said that the Devil sect has prepared twenty million. Eight million is a long shot to buy the evil spring!”

Chong Yang’s face turned pale. “But, this is the limit that the sect can afford. The rest must be handed over to the sacred land!”

“We can only think of a way ourselves.” The last person to speak was a young man who was burning with flames.

He was the third ranked Huo Li Xin, and his strength was above Chong Yang’s.

Hearing this, Chong Yang said in surprise, “Could it be that the three senior brothers have already thought of a way to raise money?”

Since they said so, they must have some plans.

Jiang Xuanzhong nodded slowly, “Yes, we heard that the guards of Nanming city have been chasing after the Devil Sect’s little devil master. The reward is ten million time crystals! “If we can catch him and get the reward, we have a high chance of getting a portion of the evil spring.”

Little Devil Master?

Everyone’s expression changed.

Chong Yang said in shock, "Is that true? That Little Devil Master is the descendant of the Devil Sect's sect master. From the moment he was born to the moment he inherited the position of sect master, he was under the protection of the Devil Sect's elder. Why would he openly come to South Bright City?"

The Devil sect was the common enemy of the dream destroyer realm.

This time, the Devil sect did not dare to publicly appear when they purchased the evil spring. They could only use the sect they secretly controlled to come and snatch it with their identities.

But that little devil master suddenly appeared. It was truly unbelievable!

Su Yu's eyes flashed.

Little Devil Master?

There was such an existence in the Devil Sect?

He didn't know if he was strong or not. would it be difficult to deal with him.

Chapter 2520 Queen's Mine

Jiang Xuanzhong took out a reward list with a specific description.

After reading it, Chong Yang frowned. "Why isn't there a detailed description of the little devil? How are we supposed to capture him?"

There was only one sentence in the description of the Little Devil.

"He's good at disguising himself. It's very difficult to tell if he's a human or a devil."

Su Yu took a look and felt that he and Yu Xiang Wan might be suitable for capture.

That was because both of them had extraordinary eyes, especially Yu Xiang Wan. In terms of clairvoyance, she might be even better than him.

His clairvoyance was just an additional item in his soul domain.

Yu Xiang Wan specialized in this.

"If it was easy to capture, the imperial guards of South Light City would have captured him long ago. Why would they post a bounty on him?" Ji Xuan's eyes sparkled. "Right now, the whole city is filled with people who want to capture the little devil. We'll see who's lucky enough to find the Little Devil."

Chong Yang nodded. That was true.

"Are we the only ones?" Chong Yang pointed at his group of people.

Jiang Xuanzhong swept his gaze across the group of people and only stopped at Su Yu and Yu Xiangwan. "Who are they?" He asked

"Reporting to eldest brother, they are two capable generals that I've selected from the outer sect. Their abilities have been tested and are very good," Chong Yang recommended.

Jiang Xuanzhong swept a glance at them and said, "This operation is more important. It's better not to hire people who don't know their background."

The top ten inner sect disciples often met each other and trusted each other.

Su Yu and Yu Xiang Wan were different.

"But their abilities are really not ordinary. This one is the one who defeated Jin Feijian, and this one can stop me as well..." Chong Yang lamented.

He had brought the two of them here to put them to good use.

"That's not a big deal," Jiang Xuanzhong interrupted him, "Just let them stay at the inn and do some chores."

He insisted, and Chong Yang could do nothing about it.

A hint of disappointment flashed in Yu Xiang Wan's eyes.

Sigh, she had thought that she would be able to make a name for herself, but she did not expect that she would still be limited by her status.

These local elites of the eight-star civilization looked down on them from the bottom of their hearts.

In the end, except for Su Yu and Yu Xiang Wan, the rest of them went out to look for the little devil.

Even the leader of the Golden Armor clan was under their control.

"Brother Su, are you willing to do this?" Yu Xiang Wan asked in a lonely tone.

Su Yu's expression was indifferent. "What are you willing to do? Like a fool, searching for a needle in the vast sea of people?"

He could not even figure out the characteristics of the little devil, yet he still wanted to look for someone?

Even if the little devil stood in front of them, they might not be able to recognize him, right?

Those few inner sect disciples were really poor!

They were willing to do such a stupid thing!

"Brother Su, your words seem to have another meaning!" Yu Xiang Wan had been in contact with Su Yu for many years, so she had a rough understanding of his temperament.

When she heard his words, she knew that there was a hidden meaning behind his words.

Su Yu looked at Yu Xiang Wan and chuckled. "I've never expected to get the evil spring from an inner sect disciple."

"Oh?" Yu Xiang Wan's eyes sparkled as she sat next to Su Yu with a smile.

"What are you up to now?"

Su Yu took out the storage space that contained the crystal of the sixth-grade nine serenities crystal. "Can't you tell what kind of trick it is just by looking at it?"

Others might not be able to tell, but Yu Xiang Wan was still trustworthy.

He also needed Yu Xiang Wan's help to purchase the evil spring, so he told him about his trump card in advance.

Yu Xiang Wan was puzzled. She took a look inside and got up from her seat in shock. "You... Where did you get so many sixth-grade nine nether crystals?"

Oh My God!

That amount was more than the value of all the crystals of the nine nether crystals at the Tianqi feast combined, right?

"Of course, it was dug by my good son!" Su Yu smiled.

Back then, when he gave his son to Yu Xiang Wan, Yu Xiang Wan rejected him. But now!

Yu Xiang Wan was stunned on the spot and did not have any doubts. That was because that baby was indeed too strange. He was not surprised at all when he said that it could dig out the crystals of the netherworld.

"Aye! This son that I picked up for free is really good!" Yu Xiang Wan sighed and felt regretful that she did not accept him back then.

He could only look at Su Yu helplessly. He had gone from a poor person like him to a wealthy tycoon!

After laughing bitterly for a while, Yu Xiang Wan turned around and laughed out loud. "So you're saying that those idiots from the inner sect didn't fawn on you and went to look for the Little Devil?"

Especially Jiang Xuanzhong, who actually looked down on him and Su Yu.

In the end, the support they received from the sect was not even half of Su Yu's!

How ironic!

"Who said so?" Su Yu leaned against the wall leisurely.

The inner sect disciples worked hard to earn money while the two outer sect disciples waited comfortably for the demonic spring to start buying.

"Wait a minute! You said this is your son's dry food, right? After spending it, what does he eat?" Yu Xiang Wan asked.

Su Yu gave a wry smile. "That's why I'm going out to look for a reliable mine and let my son dig out some dry food."

Yu Xiang Wan pondered for a moment. "Then you better be careful. This is south bright city, right under the nose of Empress Xingyu! The local nine Nether Crystal Mine should belong to Empress Xingyu. You must be mentally prepared to dig out her mine."

“I know!” Su Yu nodded his head.

After that, he went out and came to the outskirts of South Bright City.

Under South Bright City, there was the best underground crystal mine in the entire south.

Back then, it was because there were many underground crystals that Empress Xingyu decided to stay here.

Standing outside the city, as far as the eye could see, it was densely packed with mines that were connected to each other.

Moreover, it was the same as the Tai Yi sect.

Every night, the demonic nine nether wind would blow in the mine, and it was quite violent. Dao Masters below the Middle Nirvana realm did not dare to stay down there.

Su Yu hid until late at night. When the cold wind came from the mine, he appeared and jumped into one of the larger mine caves.

The mine cave was extremely large, more than ten times larger than the Tai Yi sect's mine cave.

After hundreds of millions of years of mining, different tunnels had been dug out of the mine. Each tunnel was extremely deep.

“My dear son, come out and work.” Su Yu let the baby out.

The latter had a confused look on his face as he shouted. However, he seemed to have sensed something. Suddenly, his mind jolted, and he screamed in surprise as he looked at the tunnel in front of him.

Then, with a flash, he flew into a tunnel. Not long after, Su Yu heard the rumbling sound of the mine breaking apart.

He rushed over to take a look. The baby had already dug out a huge sixth grade nine nether crystal that weighed a thousand Jin!

But he hesitated and did not eat it. After thinking for a while, he threw him away and continued to open a path.

Su Yu was surprised. He did not even eat the sixth grade nine Nether Crystal?

Could it be that he found something better?

Picking up the sixth grade nine nether crystal that he threw away, Su Yu followed him to take a look.

Along the way, the baby found many sixth grade nine nether crystals, but all of them were given up. In the end, he didn't even bother to dig.

All of these benefited Su Yu!

In just four hours, he had dug out two thousand Jin of sixth grade nine nether crystals.

“As expected of the center of the south. The output of the nine nether crystals in the mine is several times that of the Tai Yi sect!”

At this moment, the baby suddenly screamed in surprise.

Su Yu walked over and saw a dark purple nine nether crystal that weighed 200 jin embedded in the depths of the mine.

“Fifth grade nine Nether Crystal?” Su Yu took a deep breath.
