

Nine-Dragon 2521

Chapter 2521 Digging Up The Female Corpse

Moreover, it was 200 catties. In terms of value alone, it reached 32,000 time crystals!

The baby immediately started munching happily, and not long after, it finished eating.

He licked his tongue, still wanting more, and continued to dig deeper.

After that, he discovered a few pieces of fifth grade nine nether crystals!

After he was full, his face was filled with joy.

“If you’re full, then continue to work and store dry rations,” Su Yu said.

The baby waved his small fist in protest, as if he was saying that Su Yu was abusing the child.

“Sure. From tomorrow onwards, you can start eating sixth grade nine nether crystals.” Su Yu said indifferently, “In any case, I won’t be the one who’s hungry.”

The baby’s protesting fists had just been put down. It whined and continued to open the way in dissatisfaction.

It wasn’t that Su Yu really wanted to continue digging out some nine nether crystals.

It was that they could only come to this mine once today.

After tonight, the news of the mine being dug out would definitely be known by Empress Star Rain and she would strengthen her vigilance.

At that time, if they came to the mine again, wouldn’t they be walking into a trap?

Thus, they could only secretly dig for a day.

The two of them continued to move forward, busying themselves until dawn.

Su Yu had obtained a total of 10,000 Jin of fifth grade nine Nether Crystals!

The fifth grade nine nether crystals in this mine had basically been completely dug out.

As for the sixth grade nine nether crystals, they had dug out a total of 50,000 Jin!

The harvest in a day was even better than that of the Tai Yi sect for half a year!

“Let’s Go!” Looking at the time, the nine nether wind was about to end, and it was time to leave.

However, the baby suddenly stared at the stone wall of the mine in front of him in a daze.

“What’s wrong? There’s not much time left. We have to leave quickly,” Su Yu said.

The baby pointed at the mountain wall and turned around to whisper something to Su Yu.

Only then did Su Yu realize that the baby’s tears were moist, as if he was about to cry.

“There’s something inside that you recognize, right?” Su Yu was surprised and quickly asked.

The baby nodded and cast a pleading gaze at Su Yu, asking him to dig a little longer.

“Alright, but it can’t be more than an incense stick.”

An incense stick was the limit.

The baby was delighted and immediately moved forward to open a path.

Originally, a single punch from him could easily create a crack as thick as his body in the mine.

But with this punch, the mine only cracked open a crack the size of a fist.

It was obvious that the rock wall of the mine was even harder.

“What’s going on?” Su Yu was surprised. Could there really be something extraordinary ahead?

The baby persevered. After the time it took for half an incense stick to burn, it finally shattered the rock wall.

Su Yu looked at the crack through and was almost shocked!

On the other side of the crack, a human face was looking at Su Yu.

Its eyes were wide open and its gaze was dark. Its face was filled with anger.

After taking another look, Su Yu realized that it was a dead person.

On the surface of her body, there was a very thin layer of purple-black netherworld crystal.

“Fourth Grade Netherworld Crystal?” Su Yu was shocked!

A fourth grade Netherworld Crystal had appeared once during the Heaven Enlightenment gathering, and a female corpse had appeared from it.

A similar situation had also appeared before her eyes!

The baby was even more anxious. It rushed forward and picked up the fourth grade Netherworld Crystal, then crushed all the netherworld crystals outside.

Such a gluttonous person like him didn’t even care about the fourth grade nine nether crystal. He lay on the dug up corpse and cried loudly.

Su Yu looked over. The corpse that opened its eyes was a young woman.

Her features were like a painting, and her appearance was absolutely beautiful. She wasn’t the slightest bit inferior to the female corpse that had appeared during the Heaven Awakening Grand Meeting.

From her expression on her deathbed, it seemed that she had died in peace.

“Let’s leave first,” Su Yu said.

They didn’t have much time left.

He tried to return the female corpse to the storage space. However, he failed!

It seemed like an unknown force was preventing the female corpse from entering the storage space. His eyes focused. He could vaguely feel that it was the power of the absolute beginning realm. He had no choice but to pick up the female corpse.

When he comforted the baby and asked him to enter the storage space, the latter refused to leave while holding the female corpse.

“Then you’d better hold on tight.” The Milky Way under Su Yu’s feet spread, galloping at an extremely fast speed in the nine serenities evil wind that gradually stopped.

Time passed bit by bit.

When he rushed to the exit of the mine, the nine serenities evil wind had already stopped.

He thought to himself that it was not good, and with a flash, he was about to rush out of the mine.

But at this moment, two figures who were conversing with each other were calmly descending.

“That thing should be unearthed soon. It will succeed in a few more decades.”

“Mm, Queen Star Rain will definitely be overjoyed!”

Suddenly, a figure brushed past them.

The figure on the left was stunned. Then, he pointed at them through the air. “Who dares to enter and leave the mine without permission?”

At this moment, the slaves who were mining in the mine should not have come out yet.

This person who suddenly came out was most likely an intruder.

Su Yu quickly left.

But behind him came a domain that made his heart skip a beat.

Without thinking, Su Yu turned his head and shot out eight purple thunderbolts that were as thick as mountains.

Boom --

But under that domain, the power of the Thunderbolts was like an ordinary pillar of light and was quickly destroyed.

The domain instantly bombarded over.

Su Yu had no choice but to use his space domain again.

However, just as he was about to use it, the aftermath of the domain arrived one step ahead and shook the female corpse in his hand off!

He hesitated for a moment.

It would be too dangerous if he went back to snatch the female corpse!

He only glanced at the crying baby who was struggling to pounce on the female corpse. Su Yu gritted his teeth and turned around. He flew over and grabbed the female corpse again.

Then, he immediately used his space domain.

Pu --

But he was still a step too late. He was hit by the space domain that swept over.

The terrifying domain started from his back and smashed him into pieces. The internal organs in his body instantly turned into a mess.

His entire body was also completely shattered. Only half of his head was left.

Even so, Su Yu gritted his teeth. He still persisted in using his space domain and successfully escaped.

The two figures chased out of the mine one after another. With a sweep, there was no longer any trace of Su Yu.

“What is that thing? It’s not dead?” They searched for a whole week, but did not find Su Yu’s corpse.

Only then did the person who spoke reveal his cultivation. It was an existence at the round Nirvana Stage!

Under normal circumstances, an expert at the early stage of the Middle Nirvana stage would not be able to survive in his hands.

The other figure fell into deep thought. “Brother Yan, did you see that thing that he dropped? Does it look like a female corpse?”

Female Corpse?

The two looked at each other and saw the shock in each other’s eyes.

Could it be..

The two immediately entered the mine and searched through the tunnels one by one.

In the end, they found that one of the tunnels had been penetrated for thousands of miles.

All the high-grade Netherworld crystals along the way had been dug out.

At the end of the crack, he found a few pieces of fourth grade netherworld crystals.

“Damn it! He stole what Empress Starry Rain Wanted!” The middle-aged man surnamed Yan’s expression changed drastically.

“Quick! Inform Empress Starry Rain!”

On the other side, by a lake in the suburbs.

Half of Su Yu’s head, a female corpse, and an infant fell from the sky.

Su Yu endured the intense pain and quietly recovered his body with his life domain.

Chapter 2522 Mysterious Ancient Prose

Seeing this, the baby pounced on him and cried out in heartache.

Su Yu looked weak. He endured the pain and forced a smile. "Don't cry. I helped you get that female corpse back."

As if he could understand Su Yu's words, the baby cried even more sadly. He hugged Su Yu's head and kissed and cried.

Unconsciously, the relationship between them seemed to have become much closer because of Su Yu's actions.

In the past, although he had always called him father, he did not have that kind of closeness. There was a faint sense of strangeness.

Only at this moment did he finally accept Su Yu.

At this moment, Su Yu had recovered half of his body and one of his arms.

He gently touched the baby that was full of tears. He then looked at the female corpse and sighed. "Although I don't know who she is to you, you still have me. As long as I'm still alive, I will definitely protect you until you grow up."

The baby nodded obediently, wiped away his tears, and returned to the side of the female corpse.

His eyes were filled with tears, and he called out in a low voice, "Sis... sis..."

Sis?

Su Yu's body gradually recovered. He came to the side of the female corpse, and tapped her forehead with his finger.

"Resurrect from the dead!"

A mysterious life domain enveloped her corpse.

However, she did not show any signs of resurrection.

Su Yu sighed silently. In the end, it still didn't work.

He had long been mentally prepared. The ancient dead that had emerged from the nine nether crystals might not be able to resurrect.

But now, it seemed like... Sigh!

She looked at the female corpse and said in a low voice, "I will take care of your brother for you. Please rest in peace."

A strange scene appeared.

The female corpse's eyes actually closed!

At the same time, strange words appeared on her forehead, face, and neck.

"Are these heavenly script characters?" Su Yu was surprised.

He was familiar with the heavenly script, so how could he not recognize the words on it?

However, Su Yu couldn't recognize the heavenly script characters on her forehead even after looking at it for a while.

“Why are there heavenly script characters on the female corpse?” Su Yu was surprised.

Looking at her neck, Su Yu said, “Miss, I’m Sorry!”

He took off all the clothes on the female corpse, revealing her perfect and beautiful body that made people’s blood boil.

However, Su Yu’s attention was already attracted by the dense text on her body.

As expected, not only did the text appear on her face, it also appeared on her body!

He immediately memorized it.

After recording the whole thing, Su Yu realized that it seemed to be a spell.

Su Yu slowly recited the first part of the spell. He read the part that did not have any obstacles.

As he recited, the strange thing was that the baby beside him suddenly started crying.

When he looked down, Su Yu was shocked to find that the baby had grown a lot taller!

It was originally not even a year old, but after he finished reading, it looked like it was two years old.

The heavenly script characters that Su Yu had read appeared on his body.

When he looked at the female corpse again, the heavenly script characters that Su Yu had read had already disappeared.

“Could it be some kind of inheritance?” Su Yu was extremely surprised.

He had the intention to read out the following incantations. Unfortunately, there were a few heavenly book characters that were exceptionally strange. He had never seen them before.

“Are there still heavenly book characters that have not been recorded in the wordless heavenly book in the world? or could it be that Yun Yazhi did not pass all the heavenly book characters to me?” Su Yu pondered for a moment.

He had no choice but to temporarily give up.

He looked at the female corpse. The corpse could not be put into the spatial storage device.

He put the female corpse back on her clothes, then put on the raincoat for her, and used a thread of soul power to control the female corpse’s body.

The strange thing was that his control of the female corpse was surprisingly smooth.

Normally, it was difficult to control the soul when it entered another corpse, unless the soul of the corpse’s owner agreed.

Su Yu looked at the female corpse strangely, and muttered to himself, is this female corpse really dead or is she faking her death?

Just now, when she was asked to close her eyes, it was as if she had heard it. She really closed her eyes.

Now, her control over her body was exceptionally smooth.

“I wonder what the cultivation level of this female corpse is.” Su Yu controlled her body to see if she could release the original cultivation level of her body.

Under her control, the female corpse raised her snow-white hand and slapped the air in front of her.

A scene that caused Su Yu’s scalp to go numb appeared. The surface of the lake in the distance actually disappeared into thin air.

To be more precise, the direction where the palm print passed was completely evaporated.

“Kong Nirvana realm! !” Su Yu sucked in a breath of cold air!

This was the last realm below the tunnel master that only a Kong Nirvana mighty figure could do!

The female corpse in front of him was actually a Kong nirvana mighty figure when she was alive!

Just thinking about it made Su Yu’s scalp go numb!

But soon after, Su Yu’s heart ached. Then, the soul inside the female corpse collapsed.

There was nothing inside the female corpse now. If he wanted to use her power, he could only exhaust Su Yu’s soul.

“This...” Su Yu wanted to treat the female corpse as a fighter, but at this moment, it seemed that unless it was a life-or-death situation, it was better not to use it.

A casual palm had consumed a bit of his soul. If he fought with all his strength, wouldn’t Su Yu’s soul be exhausted in half an incense stick?

If the demonic ape puppet was burning money.

The female corpse in front of him was simply burning her life!

Shaking his head, he used a trace of his soul to control the female corpse and follow him.

Only then did he return to the city calmly.

However, in order to avoid being recognized, Su Yu controlled the female corpse and entered the city alone to find an inn to stay in.

He returned to the city alone.

As soon as he entered the city, Su Yu saw the bounty posted at the city gate.

Hundreds of martial artists were looking around.

“It seems that the little devil master hasn’t been found yet.” Su Yu smiled.

Just as he was about to leave with his hands behind his back, he turned around and met a pair of bright and clear eyes.

His eyes were filled with shock as he stared unblinkingly at Su Yu.

Su Yu's eyes swept over his face, and his spirit was also shaken as he looked at the other party in disbelief.

It was a beautiful face, so beautiful that it couldn't be described with words!

In the outer realm, Su Yu had been with her for many days!

"Su Yu! Am I Dreaming?" The beautiful woman stepped forward and pinched Su Yu's face. She touched his chest, and her eyes were full of surprise and joy.

After she pinched him, she hugged Su Yu in surprise and cried with joy, "I thought you were dead!"

She was none other than Xie Xiaoyue!

From the pirate leader of the Pirate Alliance, to the later enemies, and finally to friends.

When Su Yu broke through to Dao Master and absorbed the Dao Fire, she thought Su Yu had died in the dao fire.

She returned to the eight-star civilization in despair.

She never dreamed that one day she would meet Su Yu again.

And it was in the eight-star civilization.

Su Yu also felt an indescribable joy in his heart.

An unfamiliar place, a familiar old friend.

"Have you hugged enough?" Su Yu said with a smile.

Xie Xiaoyue quickly let go. There was a hint of shyness in her fair, jade-like handsome face. In an instant, she was so charming that it was mesmerizing.

"I forgot that you have a wife." How could Xie Xiaoyue Forget Qin Xian 'er?

There had been a misunderstanding back then.

Su Yu smiled as he sized Xie Xiaoyue up. "Back then, I thought that you were quite extraordinary. I didn't expect that you came from an eight-star civilization."

Xie Xiaoyue smiled apologetically.

"I'm sorry for hiding it from you for so long," Xie Xiaoyue said apologetically. "I am indeed a resident of an eight-star civilization. I only came to the legendary ancient domain because I didn't want to be restricted by my family. Thank you for taking care of me during this time."

Chapter 2523 Enemies

She had encountered many dangers in the ancient domain.

The most dangerous time was when she became the slave of the Beast King and was almost taken over by the treacherous Beast King.

Luckily, Su Yu appeared.

“No Worries!” Su Yu waved his hand and asked, “Why did you appear in South Bright City?”

Xie Xiaoyue rolled her eyes. “I just wandered around here! I don’t have a place to stay yet. If you do, take me with you.”

This..

Without her asking, Su Yu would also ask if she had a place to stay.

But she took the initiative to ask Su Yu to take her away. It was really not right.

Although they were friends, there were differences between men and women after all.

“Okay, I still have some friends in the inn where I’m staying. You’re alone. Come with us.”

Xie Xiaoyue smiled. “Hehe, you’re enough.”

Not long after.

In the inn.

Yu Xiang Wan was bored to death as she spun the Teacup on the table, pondering.

“Brother Su treats me sincerely. Should I reveal some things to him as well?” It was true that he came from a small domain.

However, his achievements today were not that simple.

He had another identity.

It was just that Su Yu’s identity as the successor of the ancient god of the nine dragons had always been kept a secret from the outside world.

His identity could not be easily revealed to outsiders.

At this moment, Su Yu came from outside the door.

Yu Xiang Wan’s spirit was slightly shaken as she smiled. “You’re finally back...”

All of a sudden, he was stunned.

This was because Su Yu had a peerless beauty following him intimately.

That peerless beauty was even more beautiful than all the women he had ever seen in his life.

However, when he took a closer look, a hint of blue light flashed in his eyes.

As if she had noticed something, Yu Xiang Wan’s expression changed drastically.

After a few moments of uncertainty, she managed to regain her composure before Su Yu came in.

“Brother Su, who’s This?” Yu Xiang Wan pretended to be surprised.

Su Yu smiled. “My old friend from the outer space, Xie Xiaoyue. She’s also from an eight-star civilization. We just happened to bump into each other.”

“Oh!” Yu Xiang Wan seemed to have realized something, she revealed a strange smile. “Brother Su, you’re really lucky. You went out for a trip and picked up a peerless beauty! You picked up a son before and a beauty after. Sigh, how come I don’t have such good luck!”

Xie Xiaoyue was stunned for a moment. Her tone was sour as she smiled with difficulty. “So you already have a son?”

The last time she saw Qin Xian ‘er, she did not seem to have a son, right?

In the blink of an eye, Su Yu had become a father.

“I picked him up,” Su Yu added, “But my son should have been born as well.”

Xie Xiaoyue, who had just gotten better, instantly turned gloomy again.

As expected!

“Miss Xie, may I ask where you’re from?” Yu Xiang Wan asked with a smile.

Xie Xiaoyue took a look at him, and her eyes turned profound.

“Me? An ordinary woman’s house. What’s Wrong?” Xie Xiaoyue asked meaningfully.

Yu Xiang Wan chuckled. “Nothing, I’m just asking!”

Xie Xiaoyue gave a faint smile and kept quiet.

Su Yu looked at the two of them meaningfully. “You two are hiding something from me?”

“No!”

Xie Xiaoyue and Yu Xiang Wan answered at the same time.

Just as Su Yu was about to ask, a figure rushed in.

It was Chong Yang.

“Su Yu, come here for a moment. I have something to tell you,” said Chong Yang anxiously.

He saw Xie Xiaoyue from the corner of his eyes and was stunned by her beauty. However, he did not have the time to pay attention to her. He headed to the secret chamber with a solemn expression.

Su Yu instructed Xie Xiaoyue, “Don’t run around. Wait for me.”

After that, he left immediately.

Not long after Xie Xiaoyue left, the Teacup in Xiang Wan’s hand slowly came to a stop.

He looked at Xie Xiaoyue leisurely with a blue light in his eyes. “Miss Xie, brother Su is my most cherished friend. I hope you don’t have any ill intentions toward him. Otherwise, you might regret it.”

Xie Xiaoyue crossed her arms in front of her chest and sneered, “Who do you think you are! When I met Su Yu, I didn’t even know where you were. HOW DARE YOU WARN ME!”

Her relationship with Su Yu was extraordinary. How could she allow others to sow discord between them?

“Is that so? I didn’t know that brother Su is acquainted with the future heir of the Devil Sect, the Little Devil!” Yu Xiang Wan’s gaze was sharp.

Su Yu might not be able to see through her, but Yu Xiang Wan could see through some things that her clairvoyance eyes could not discern!

The woman in front of her had the appearance of a human and her real appearance.

It was true that she was born with such a peerless beauty.

However, he could clearly see the blood flowing in her body.

There were two sets of meridians in her body.

One set of meridians flowed with the blood of ordinary humans, while the other set of meridians hid the blood of the demons.

As far as he knew, there was only one type of person in the Devil sect who was born with a human body.

That Was... The Devil Master and his descendants.

Therefore, the moment she saw Xie Xiaoyue, Yu Xiang Wan was sure that Xie Xiaoyue was the little devil master who was wanted by the entire South Light City!

Xie Xiaoyue chuckled, and a trace of demonic aura flashed in her eyes.

“How are you better? You’re just a corpse clansman who has attained the DAO!” Xie Xiaoyue said coldly, “Su Yu has fought with the corpse clansmen many times in the outer space in his life. I’m afraid Su Yu won’t have any good impression of them.”

Yu Xiang Wan’s pupils constricted. Under her blue pupils, there was a hint of death aura that was hidden very deeply.

Xie Xiaoyue giggled. “So, you better behave yourself! Su Yu is someone I like. If you dare to touch even a hair of his, I dare say that you won’t be able to walk out of the dream boundary!”

As a demon, Xie Xiaoyue was also very sensitive to dark races like the corpse clan.

Su Yu might not have noticed it, but Xie Xiaoyue did.

The two of them looked at each other, and there was a sharp killing intent hidden in their eyes.

If it were not for Su Yu, the two of them would have already started fighting on the spot.

At the same time.

In the secret room.

Chong Yang’s face was gloomy as he said, “The latest news is that Empress Star Rain’s mine has been stolen by an unknown person. She is furious!”

Su Yu's face was calm as he said, "Who would be so bold as to dare to mine the Empress' mine?" "Who knows who isn't afraid of death? Now, the Empress is venting her anger on everyone and has refused to sell the evil spring." Chong Yang's expression was even uglier than a pig's liver.

What?

Su Yu was also stunned. How could this be?

He had only dug up a few mines. Did Empress Starry Rain have to be so angry?

"What exactly did that person dig up that made Empress Starry Rain So Angry?" Su Yu probed.

Chong Yang slapped his thigh and said hatefully, "I heard that he dug up a female corpse that Empress had been digging for 100 million years but still failed to dig up."

100 million years?

Only then did Su Yu realize that Empress Starry Rain might have discovered the existence of the female corpse long ago, but she had never succeeded in digging it up.

In the end, she accidentally helped Su Yu and the baby.

"Now, Empress Star Rain is giving the order to expel all the outsiders in the city! We have come all this way for nothing!" Chong Yang sighed incessantly.

All the hard work was in vain.

Su Yu was also furious. "Is Empress Star Rain still a child? Why is she so willful?"

Her actions were simply like a child throwing a tantrum!

Chapter 2524 Kicking The Empress

"Shh!" Chong Yang quickly shut up and berated, "How dare you speak so bluntly about the empress? Are you courting death?"

Once someone heard it and transmitted it to Empress Starrain, the consequences were obvious.

Su Yu did not think much of it.

Wasn't he just a descendant of the ruler of time?

So what if he scolded her? He had already beaten her!

"Then what do we do now?" Su Yu asked.

Chong Yang shook his head. "There's no other way. We can only retreat! However, before we leave South Light City, we need to get rid of the nine nether crystals that are worth eight million time crystals."

Su Yu did not need him to explain. He also understood the reason.

If the Empress chased them out of South Light City, it would definitely be chaotic outside the city. At that time, it was inevitable that someone would have evil intentions and rob their small sects.

Therefore, it was best to get rid of the nine Nether Crystal and convert it into a time crystal.

A time crystal could be stored in a bank in south bright city.

They could come back to retrieve it later when it was safe.

“Let’s split up. Each of us will get rid of a part of it. I’ll leave this part to you.” He handed a storage space to Su Yu.

There were eight-and nine-grade nine nether crystals inside, about 100,000 catties. The estimated price was about one to two million time crystals.

“Hurry up and Go!” Chong Yang waved his hand.

Su Yu nodded his head.

When they left the secret chamber and passed by the lobby, they found that Xie Xiaoyue and Yu Xiang Wan were safe and sound. The two of them were still chatting and laughing, and the atmosphere was very harmonious.

“Su Yu, where are you going?”

“To sell some netherworld crystals.”

“I’m going too!” Xie Xiaoyue went forward and hugged Su Yu’s arm. They were unusually intimate.

Yu Xiang Wan stood up and said, “Brother Su, I’m going too. It’s safer.”

He and Xie Xiaoyue looked at each other in secret. There was a hint of hostility between them.

Su Yu touched his nose and sized up the two of them. “The two of you... Alright, wait for me to come back. It’s just a small matter. I’ll be back soon. There’s no need to follow me.”

How observant was he?

There must be something between the two of them that they were hiding from him.

As he said that, he left alone.

In South Bright City, there were only two ways to exchange the crystals of the Netherworld into crystals of time.

One was through a private channel. If someone was willing to buy it, it was fine as long as someone was willing to sell it. It was a private transaction.

The other was through an official channel. That was the exchange hall set up by Empress Starry Rain.

A small amount of crystals of the netherworld could be exchanged through a private channel. If there was a large amount, one could try it if one was not afraid of being cheated.

Therefore, Su Yu went to Empress Starry Rain’s Exchange Hall.

However, when he rushed over, the hall was filled with people!

Everyone was flocking to crazily exchange for nine Netherworld crystals.

It seemed that the Tai Yi sect's inner sect disciples weren't the only smart people who were prepared for a rainy day.

Those with a bit of foresight were all thinking of ways to avoid risks.

Su Yu went forward to inquire. He had just found out that the exchange rate had been reduced to a shocking limit.

Normally, in south bright city, the exchange rate between an eighth grade nine Nether Crystal and a time crystal was 1:20.

One catty of an eighth grade nine nether crystal could be exchanged for 20 time crystals.

But now, one catty of an eighth grade nine nether crystal could only be exchanged for five!

It had shrunk by more than five times!

The nine nether crystal in Su Yu's hand was originally worth one to two million, but now, it wasn't even worth 500,000.

"Isn't Empress Starry Rain Too Evil? Is she taking advantage of the situation?" Su Yu was speechless.

Just as he was hesitating, a muffled sound came from behind him.

"Little brother, do you need to exchange for the time crystal? One to twenty."

Su Yu turned his head and looked. It was a sneaky person who seemed to be speaking to the air unintentionally.

"You are?"

"A merchant from the demon sect."

Su Yu pondered.

Even if it was a 1:15 acquisition, the merchant would still make a lot of money.

The only thing he could worry about was that the other party was the black market.

After thinking for a while, Su Yu nodded and agreed, "Lead the way!"

The latter quietly led the way in front and took seven or eight detours before arriving at a remote place.

When he went there, there were already quite a few people in the abandoned courtyard.

It seemed that they were all waiting to sell the crystals of the netherworld.

"Sorry to keep you waiting." The merchant laughed and cupped his fists.

"We have gathered eight people. Let's Get Started!" A crisp, yellow oriole-like girl's voice sounded.

Su Yu went over and found that it was a blonde girl!

Her long golden hair was as smooth as a waterfall, and her snow-white face was exquisite and beautiful. Her eyes were like dots of paint, and her eyebrows were like the outline of a Emei brush. Her figure was also exquisite and exquisite. She was thin and beautiful.

There was also an extraordinary temperament on her body. She did not look like an ordinary person. What a beautiful young lady!

She should only be fifteen years old. When she grew up, she would definitely be a peerless beauty.

However, Su Yu's heart did not waver. He casually glanced at her and withdrew his gaze.

“Let's start now. Take out as many netherworld crystals as you have. We merchants still have credibility.”

Everyone took out their own netherworld crystals one after another. The number was very large.

Su Yu's Netherworld Crystals, which were worth one to two million time crystals, could only be considered average.

As expected, the trading company also exchanged their credibility one by one.

In the end, Su Yu obtained 1.2 million time crystals, which was 400,000 less than expected.

Who knew if Chong Yang would blame him for this.

After the exchange, everyone wanted to leave.

Only the blonde girl stood motionlessly on the spot and said leisurely, “I didn't expect your demon sect to have some credibility. I thought you would take advantage of me.”

The merchant laughed dryly. “Of course, we merchants have to have some credibility. Otherwise, how can we compete with Queen Star Rain for food?”

The blonde girl crossed her arms over her chest and wrinkled her nose. “It's precisely because you have credibility that I can't keep you!”

Hualala --

Powerful auras suddenly surrounded them from all directions.

There were even experts at the Nirvana stage among them!

Xing Shang was shocked. He glared at the golden-haired girl. “You're Empress Starry Rain's subordinate?”

She must have reported them!

Su Yu was furious. This empress starry rain was too much, wasn't she?

He had taken advantage of her, yet she did not allow others to find another way!

The blonde girl raised her head proudly. “HMPH, capture them all!”

Several breaths immediately rushed over.

Su Yu felt angry and glanced at the blonde girl.

Without saying a word, he secretly used his space domain and teleported behind the blonde girl. Then, he lifted his leg and kicked her butt.

How would the blonde girl be prepared for someone to teleport?

She was caught off guard and was sent flying to the ground by Su Yu's kick.

She turned her head in anger and saw Su Yu's eyes.

"Messenger! Serves you right!" Su Yu cursed and immediately used the turtle shell that Xiang Wan gave him to escape from the ground.

In the blink of an eye, he had already disappeared.

The few strong men who surrounded her could only stare at her, unable to chase after Su Yu.

The blonde girl got up from the ground and looked at the blue dress that was stained. She was so angry that she was trembling. "Men! Find him for me! !"

Touching her burning butt, the blonde girl was embarrassed and angry!

Hualala --

A few experts who were kneeling on one knee immediately appeared in front of her and said respectfully, "Yes, your Majesty!"

Su Yu had no idea who he was kicking!

He calmly returned to the inn.

Chapter 2525 Who Is Useless

At that time, Jiang Xuanzhong, Ji Xuanling, and Huo Lixin had already returned.

Their expressions did not look too good.

Seeing that Su Yu had returned, Chong Yang immediately asked, "Did the exchange succeed?"

"Yes. However, due to the large number of Netherworld crystals being sold in the city, their value fell drastically. They did not sell their due value," Su Yu said truthfully.

Chong Yang sighed, his face unsurprised.

Jiang Xuanzhong reprimanded, "Chong Yang, I told you, we shouldn't hand them over to these useless outer sect disciples! They will only follow the steps and waste our nine Nether Crystals!"

Su Yu sighed in his heart.

He had tried his best, but the result was still not satisfactory.

Chong Yang patted Su Yu's shoulder, he said, "Don't be discouraged. Eldest senior brother was just saying it in anger! The three senior brothers did not go to the exchange hall. Instead, they found a private exchange. The exchange was successful at a ratio of one to ten. It brought back a lot of losses for the sect."

If it was for the Exchange Hall, it would at most be half of what it was now.

“Even so, third senior brother was cheated by others and took a sum of money. You can exchange it back, so it’s not a big mistake.”

Su Yu was recommended by Chong Yang, so he naturally had to protect him.

After hearing it, Su Yu was stunned.

They only exchanged at a ratio of 1:10? And they were robbed?

How dare they say that he was useless?

Chong Yang opened the spatial storage device and said, “You should only bring back 400,000 time crystals, right?”

According to the Exchange Hall’s ratio, it should only be 400,000.

“Hehe, I’m afraid it might not even be 400,000. That exchange ratio has been decreasing. If you exchange without thinking, you will only be ripped off!”Huo lixin vented his cowardice on Su Yu.

Su Yu frowned.

He was not a clay bodhisattva. It was fine if he said a few cold words, but there was no end to it.

“No matter how little it is, it is still better than you being snatched away by others,”Su Yu said coldly.

PA --

Huo lixin smashed the teacup in his hand and shouted angrily, “How dare you! Do you know who you are talking to?”

“I know. A person who is useless and still wants to vent his anger on others,”Su Yu said bluntly.

Huo Lixin was already angry, but he was still hurt by an outer sect disciple. Naturally, he was furious.

“Kneel!”Huo lixin ordered coldly.

The Golden Armored Hall master watched from the side and was happy.

He had long wanted to make a move on Su Yu, but he did not expect that Su Yu would seek his own death before he could make a move.

As an outer sect disciple, he actually dared to challenge an inner sect disciple.

He really did not know how to spell the word ‘death’!

Su Yu chuckled lightly. Su Yu did not have any respect for someone who had suffered a loss outside and did not dare to take revenge. He only knew how to act arrogantly in his den.

Needless to say, he knelt down to him.

“Hehe, the current outer sect disciples are really outrageous!”Huo Li Xin stood up and said coldly. He was prepared to make a move personally.

However, just as he was about to take action, Chong Yang unexpectedly shouted loudly.

“How is this possible?”

His exclamation caused Huo Lixin and the others to look over.

Huo lixin said with murderous intent, “Could it be that this kid has lost only a few of our nine Nether Crystals?”

Jiang Xuanzhong and Ji Xuanling subconsciously thought of this as well, and their faces immediately darkened.

“No!”Chong Yang raised his eyes and looked at Su Yu, his eyes filled with deep surprise and confusion.

He handed the spatial storage device to Jiang Xuanzhong and said, “Senior Brothers, take a look for yourself.”

Jiang Xuanzhong was the first to take a look. With a glance, his pupils constricted. “How could it be?”

In the spatial storage device, 1.2 million time crystals were neatly arranged!

The four of them each used two million time crystals to exchange for the nine nether crystals.

In the end, the total amount that the three of them exchanged for was only 1.2 million.

But what Su Yu obtained alone was their total.

This made him, as an inner disciple, feel incredulous and a little embarrassed.

After that, Ji Xuanling also saw it and covered her red lips in disbelief, sizing up Su Yu up and down.

Huo lixin had a strange look on his face. “What’s going on with you guys?”

It didn’t seem like it was because he had exchanged too little.

Ji Xuanling looked at Huo lixin meaningfully and handed the spatial storage device to him. “You’ll know when you see it for yourself.”

He took the spatial storage device and scanned it. His expression immediately changed.

“1.2 million? This... is impossible!”

No one replied.

That was because the 1.2 million time crystal was lying there. It was irrefutable evidence.

The three inner disciples fell silent. Other than Ji Xuanling, the other two looked a little embarrassed.

They had scolded Su Yu, the outer disciple, for being useless.

In the end, their combined strength was not even comparable to an outer disciple.

What they had just said was like a loud slap to their own faces.

Chong Yang was secretly gratified. He gave Su Yu a thumbs up, indicating that he had done a good job.

The person he recommended was indeed extraordinary.

“Cough, cough. In this way, we will recover the loss of 2.4 million time crystals. In total, we will only lose two-thirds,” Chong Yang concluded.

Upon hearing this, Huo Lixin’s expression was the ugliest.

Because he had been cheated of a portion of the nine serenities crystal, he had suffered heavy losses.

“After we return to the sect, I will ask the higher-ups for credit for you!” Chongyang said happily.

Su Yu cupped his fists and said, “Thank you, senior brother Chongyang.”

After a short period of awkwardness, the atmosphere slowly eased up.

Jiang Xuanzhong coughed lightly and said, “Then, let’s set off now. Store the time crystals in the South Light City Bank, and then we will return to the sect.”

Everyone nodded.

In the current situation, they could only leave.

The group of people were discussing in the secret room.

Suddenly, there was an urgent knock on the door.

When they opened the door, they saw that it was Yu Xiang Wan. There was a hint of impatience on his face.

“Why are you knocking?” Jiang Xuanzhong shouted coldly.

Yu Xiang Wan could not care less about his attitude and quickly said, “Let’s go quickly. The imperial guards of South Light City are surrounding our inn. If we don’t break out now, it will be too late!”

Yu Xiang Wan, who had special eyes, was the first to notice the unusual movements of the imperial guards.

Xie Xiaoyue, who was behind him, also had a solemn expression.

Earlier on, she received an urgent message from the Devil sect. The imperial guards were gathering at her location. It was possible that her identity had been exposed and South Bright City knew about it.

Jiang Xuanzhong’s expression changed.

Of course, he did not believe that Yu Xiang Wan was an outer court disciple.

However, at this moment, the war was in chaos. He would rather believe it than not believe it!

“Let’s Go!”He gave the order decisively.

Everyone immediately used their own means to leave the inn and gathered at a corner of the city wall.

Not long after they left, there was indeed an almighty Kong nie who led a group of imperial guards with powerful cultivation to the inn.

After surrounding the inn, everyone inside was captured and sent back to the guards.

At a corner of the city wall.

In a secret straw hut, huo lixin dressed in a black robe sneakily returned and met up with everyone.

“What’s the situation?”Jiang Xuanzhong asked.

Huo lixin’s face turned pale and he said with fear, “I don’t know what happened, but everyone in the inn we stayed at was captured. Not a single one was left. Even the inn manager and waiter were not spared.”

Jiang Xuanzhong and Ji Xuanling were shocked.

Chapter 2526 Snatching The Evil Spring

“Are the imperial guards crazy? Why did they suddenly come to arrest us?”Ji Xuanling had a look of lingering fear on her face.

Fortunately, Xiang Wan informed them in time and they left first.

Otherwise, the consequences would be unimaginable.

Jiang Xuanzhong pondered for a while. “It should be a wanted target staying in our inn. The target should not be us.”

His words were agreed by everyone,

after all, their identities were clean and they came from a small sect far away.

They had nothing to do with the South Ming City Guards.

Only Su Yu touched his nose without batting an eyelid. He felt a little guilty and thought to himself, “Could it be that I kicked that messenger woman and caused trouble?”

That blonde and beautiful girl was obviously not simple.

However, he obviously would not say it out loud. He nodded like a chicken pecking at rice, “Yes, eldest senior brother is right. I wonder which bastard attracted the imperial guards.”

HMM?

Jiang Xuanzhong looked at Su Yu in surprise. Why did he feel that Su Yu’s attitude was strange?

“Eldest senior brother, what should we do now?”Ji Xuanling asked.

Should they continue to take the risk and deposit the time crystal in the bank, or should they just go back?

“Let’s wait and see. We’ll talk about it when the wind is calm,” Jiang Xuanzhong said.

Just like that, the group of people quietly hid themselves.

After a few days without any movement, they finally felt relieved.

“I’ll go and deposit the time crystal. You guys get ready and set off,” Jiang Xuanzhong stood up and said.

However, at this moment, they heard a surprised cheer outside their hidden residence.

“Empress Starry Rain has shown mercy and agreed to sell the evil spring again. Today is the day. Go and Rob It!”

Someone raised his arm and cheered, causing an uproar.

Jiang Xuanzhong was stunned, and the veins on his forehead popped up.

He clenched his fist and said angrily, “What the hell is that Empress Starry Rain Doing?”

The other inner disciples also had ugly expressions on their faces.

They canceled the sale first, causing them to sell the nine nether crystals at a low price.

In the end, when they finished selling and were ready to leave, that Queen started selling again!

It was to the extent that Jiang Xuanzhong could not help but curse.

Actually, he was not the only one who cursed.

Almost everyone who sold the nine nether crystals were cursing.

They had been scammed too badly!

Now, with the time crystal in their hands, they could only buy back one-third of the original Netherworld Crystal.

It was even more difficult for them, who were already stretched thin to begin with.

“That Empress Starry Rain did it on purpose, right?” Finally, quick-witted Xuan came to his senses.

First, she deliberately created chaos so that they could sell the Netherworld Crystal to the Empress’ Exchange Hall at a low price.

Then, they gave them hope. This way, they could buy the crystals of the Netherworld back at an expensive price.

After going back and forth, Empress Starry Rain earned a huge profit!

“As the empress, she even plundered our people’s wealth! She’s Too Evil!” Huo lixin ground his teeth.

Su Yu, on the other hand, had a glint in his eyes.

He had long felt that Empress Starry Rain's decision was too hasty, like a child's play.

So there was another story behind it.

That empress was indeed a black-hearted person.

“What do we do now? Exchange for the Netherworld Crystal Again?” Ji Xuanling had the urge to cry.

They had traveled thousands of miles to come here, but they were played in the palm of someone else's hand. They were really unwilling to accept this.

“Do we go back empty-handed to give our orders?” Jiang Xuan clenched his teeth. “We know it's a trap, but we can only jump in!”

He went to the Exchange Hall alone to exchange for the nine nether crystals again.

However, the exchange ratio made Jiang Xuanzhong almost vomit blood.

At this moment, the exchange ratio had reached 1:50!

In other words, only 50 time crystals could be exchanged for 1 catty of eighth grade nine nether crystals!

As a result, the amount of nine nether crystals that he could exchange for was less than 500,000 catties.

In just a few days, the amount of nether crystals in their hands had shrunk by eight times!

In the Exchange Hall, Jiang Xuanzhong saw many people who had been scammed like him.

However, they were all like him, forcing themselves to exchange.

Seeing this scene, Jiang Xuanzhong was in a good mood.

With so many people scammed, it meant that everyone's nether crystals had shrunk.

They might be able to buy the evil spring.

After coming back, Jiang Xuanzhong invited the other three inner sect disciples as well as the leader of the Golden Armor clan to go.

“As for you guys, wait here for the time being.” Jiang Xuanzhong looked at Su Yu meaningfully.

Although Su Yu had shown extraordinary abilities, Su Yu would not be of any use in buying the evil spring.

If danger came, they could let Su Yu and that Yu Xiang Wan stay behind to buy time for them.

After they left.

Yu Xiang Wan, who was lying on the haystack, turned around and sat up. There was a cold glint in her eyes. “HMPH! Brother Su really guessed it right. These guys have no intention of sharing the evil spring with us!”

They were not even allowed to participate in the purchasing process, let alone the final distribution of the evil spring?

Su Yu was not surprised at all. "Are You Ready?"

"Hehe!" Yu Xiang Wan took out a set of black robes that she had prepared earlier and put them on.

Even with Su Yu's clairvoyance, he was unable to see Yu Xiang Wan underneath the black robes.

Su Yu smiled and put on a disguise as well.

"Seems like brother Su Yu is going to do something very interesting! I'll add one as well." Xie Xiaoyue wiped her face with her small palm, and her beautiful face immediately changed into the usual appearance of the former leader of Xiaoyue.

After the three of them disguised themselves, they could go to the evil spring auction venue.

That place was located in the square in front of the Empress Palace.

A nine-colored fountain the size of a copper coin was bubbling out from the crack in the middle of the square.

That was the evil spring that was famous in the south!

As long as one swallowed it, one's domain would be upgraded!

Around the evil spring, there were ten white-robed elders standing around.

Each of them had an unfathomable level of cultivation!

At a glance, Su Yu felt as if he was peering into an abyss, suffocating everyone.

"It should be the underground sect leader," murmured Yu Xiang Wan with a much more serious expression.

With so many strong people guarding the place, even if the Devil sect were to go all out, they would not dare to come and snatch it, right?

Moreover, there was an even more powerful presence guarding the Queen's Palace.

If the Devil sect dared to come, they would definitely die.

When the people in the square had reached the limit of their capacity, a beautiful woman dressed in men's clothing walked out with her hands behind her back.

She was about one to two hundred years old, but her cultivation had reached the shocking late-stage of the Nirvana Stage!

"I am the eighth maidservant under Empress Starry Rain, Xiao Yu. I am here under Empress Starry Rain's orders to sell the evil spring."

The young lady named Xiao Yu had a pair of bright eyes.

With a wave of her hand, all the water in the evil spring was drawn up and swirled in front of her.

Under her fingers, the evil spring turned into five portions.

Each portion had a hundred drops.

“The evil spring, a hundred drops is a portion. Each portion is only enough for one person to use,”Xiao Yu said truthfully.

Before everyone came, they only knew that the evil spring could raise one’s domain.

However, they did not know how many evil springs would be enough.

Now that they knew that one portion was only enough for one person to use, everyone’s heart sank.

There were only five portions, and one portion was only enough for one person to use.

How intense would the competition be?

Many people who did not have many crystals of the netherworld sighed deeply.

That was because they knew that they would not stand a chance.

Su Yu and Yu Xiang Wan also looked gloomy.

Chapter 2527 Meet The Empress Again

It was too little!

The competition would be hundreds of times more intense than expected!

Su Yu was not confident that the nine nether crystals in his hands were enough!

“The way to buy is to bid. Whoever bids more nine nether crystals will get the first one.”Xiao Yu waved her hand and took the first one. “The starting price is one million time crystals of nine nether crystals.”

One Million?

Jiang Xuanzhong and the others’expressions were extremely ugly. One Million? They only had one million!

With a hint of extravagant hope, Jiang Xuanzhong said, “One million...”

However, just as he finished speaking, a sonorous and powerful voice immediately interrupted him. “Two million!”

“Three million!”

“Four million!”

The trace of luck on Jiang Xuanzhong’s face was completely shattered.

He watched as the price rose to seven million.

Although it was indeed as Jiang Xuanzhong had expected, there were very few people who could bid, but there were many who were worth a lot!

“Eight million!”In the end, an old man in a Taoist robe calmly called out a sky-high price that no one could surpass.

Xiao Yu smiled and said, "Congratulations, you have bid for the First Evil Spring. Please follow me to the secret room to exchange later."

For some reason, they did not exchange on the spot. Instead, they chose to exchange after the event. Although everyone had some complaints, they did not object too much.

It was impossible that Empress Starry Rain did not even have this little bit of credibility. Was she being blackmailed?

"Now, Let's bid for the second bid," Xiao Yu said with a smile.

"The starting price is still one million!"

"Eight million!" At this moment, Su Yu suddenly made a bid.

Moreover, he bid eight million in one go!

Such boldness, as if he was determined to win!

This caused the Daoist robed old man who was about to speak to hesitate.

He looked at Su Yu with a profound gaze and finally chose to give up.

"Alright, Congratulations to this young master for obtaining the second evil spring!"

She took out the third evil spring. "The third one, the bidding price is one million!"

"Eight million!"

Su Yu once again raised the sky-high price.

The buyers were in an uproar.

"Who is this person? After two bids, he has already spent sixteen million time crystals. Other than the Devil sect, only the ten great sects have such boldness, right?"

Xiao Yu looked at Su Yu meaningfully and nodded slightly. "Congratulations to this young master for obtaining the third portion."

"The fourth bid. The starting price is one million."

Just as Su Yu was about to start the bidding, the old man in the Daoist robe made a preemptive move. "Nine million!"

Xiao Yu smiled and looked at Su Yu. "Who wants to raise the price?"

Su Yu was calm. He had obtained sixteen million nine nether crystals in the Tai Yi sect and about ten million nine nether crystals in the Empress Mine.

Looking at Xie Xiaoyue beside him, Su Yu gritted his teeth and said, "Ten million!"

The old man in the Daoist robe was slightly surprised. He pondered for a moment and was about to continue bidding.

However, he seemed to have received some news and stopped bidding.

At this moment, the crowd exploded.

“That young man can’t be a demon, right? After three bids, he has already surpassed twenty million time crystals!”

“Yeah, even the ten great sects might not be able to take out so many nine nether crystals!”

Xiao Yu’s eyes sparkled as she smiled and said, “Congratulations, the fourth evil spring belongs to Young Master.”

“Next, the starting price of the last evil spring is five million!”

With only the last evil spring left, the bidding naturally became even more frenzied.

However, in the end, it was successfully bought by the old man in the Daoist robe at a sky-high price of 13 million.

Although Jiang Xuanzhong and the others were unable to participate, they were deeply shocked by the shocking spending of the old man in the Daoist robe and the black-robed man.

“What an eye-opener!”Huo Lisi looked at the black-robed man with jealousy in his eyes.

They were both young people, but the gap between him and the black-robed man was simply too big!

Ji Xuanling nodded. “At least this trip was worth it. To be able to see so many mighty figures bidding.”

She smiled bitterly.

In the end, the people from their small sects were only here to embellish others.

They had no idea that the almighty that they envied and were astonished was actually an outer sect disciple that they looked down on.

The evil spring auction ended with an even more shocking and faster speed.

It only lasted for two short hours.

“Those who have obtained the right to bid, please follow me.”Xiao Yu smiled and made an inviting gesture.

Su Yu hesitated for a moment before entering the Empress Hall with the old man in the Daoist robe.

Under Xiao Yu’s lead, they arrived at an ordinary secret room.

“The two of you, take out the nine nether crystals and examine them.”Xiao Yu smiled like a spring breeze.

Su Yu nodded and took out the corresponding amount of nine nether crystals.

Half of them were seventh and eighth stage nine nether crystals, while the other half were sixth stage nine nether crystals.

Xiao Yu counted them and said, "Not bad."

Then, she looked at the daoist-robed old man and nodded, "Not bad either."

Su Yu took a glance at the daoist-robed old man's Netherworld Crystal and discovered that there was actually a fourth grade netherworld crystal fragment inside!

Moreover, the aura of that fragment seemed to be familiar to Su Yu.

"Devil Sect!"

He immediately recognized the daoist-robed old man's identity!

This fourth grade nine nether crystal was precisely the fourth grade nine nether crystal fragment that cut out the female corpse during the Heaven Enlightenment gathering.

The female corpse along with the fragment had already been snatched away by the Devil sect.

Where did this daoist-robed old man's fragment come from, needless to say?

He was the leader of the open-faced sect controlled by the Devil Sect!

Of course, Su Yu didn't need to point it out.

"The nine nether crystal is correct. Now, verify the identities of the two of them and be wary of those from the Devil sect sneaking in."Xiao Yu's face was full of smiles. **"Young master, please take off your disguise."**

Su Yu's heart skipped a beat as he narrowed his eyes.

Was he really only wary of those from the Devil Sect?

But since things had come to this, Su Yu could only take the risk.

He put down his disguise and revealed his true appearance.

Xiao Yu acted as if nothing had happened and used her unique detection magic treasure to scan the two of them. She did not detect any characteristics of the devil sect.

"The detection is correct. The transaction is proceeding!"She distributed five evil springs to the two of them.

Among them, Su Yu received three portions, and the old man in the Daoist robe received two portions.

"Please take care, the two of you. I Won't be seeing you off!"

Su Yu glanced at Xiao Yu. Although she was smiling, for some reason, he had a vague feeling that she was secretly staring at him.

It gave Su Yu a very bad feeling.

After leaving the secret chamber, Su Yu immediately rushed out of the hall.

However, the more he walked, the more uneasy he felt.

From walking to galloping, he finally decided to use spatial teleportation.

He rushed to the entrance of the Empress Hall in one breath. Just as he was about to step out, a golden-haired figure suddenly appeared out of thin air in front of him!

That figure appeared extremely abruptly!

Su Yu could confirm that this person was definitely not in front of him just now!

Moreover, the other party did not teleport over because there was not the slightest spatial fluctuation around his body.

If it was in the past, Su Yu might not be able to immediately understand what was going on.

However, he had fought with Shaohao before, so how could he not know the reason behind it!

Time Domain!

He focused his eyes and took a look. What surprised him was that the golden-haired figure in front of him was the extremely beautiful golden-haired girl that he had kicked away a few days ago!

At this moment, the golden-haired girl crossed her arms over her chest with a half-smile on her face.

Chapter 2528 Riding A Tiger, Unable To Get Down

“We meet again, human!”The young girl smiled dangerously.

Su Yu’s heart skipped a beat. Realizing that something was wrong, he immediately stepped out of the Empress Hall.

However, with this step, the exit of the hall in front of him actually moved strangely and disappeared.

What replaced it was a wall that was placed horizontally in front of Su Yu.

Using his spatial domain, Su Yu sensed that not only did he not leave the Great Hall, but he was pulled into the depths of the Great Hall by the Majestic Mysterious Energy.

“Human, you want to run after kicking my butt?”The blonde girl was angry and embarrassed as she ground her silver teeth.

Shua Shua Shua --

Several figures descended one after another.

They were the ten elders who had protected the evil spring just now, and each of them was an earth path master level existence.

“We will obey your Majesty’s Orders!”The ten earth master level elders shouted in unison.

Su Yu’s face turned green!

His Majesty?

In the entire southern region of the dream boundary, there was only one person who was qualified and dared to be called his majesty!

Empress Starry Rain!

If Su Yu's heart missed a beat, what he feared would come true.

Before this trip, he had been most worried about meeting the descendants of the ruler of time!

In the end, not only did he meet them, but he also became enemies with the descendants of the time ruler.

What was worse was that he even fell into the hands of the other party!

He did not know the Empress's strength, but the existence of the ten Earth Dao Masters, even if they used the eight great domains, they would definitely not be able to escape!

His heart sank bit by bit.

"You guys stand guard outside. I will take revenge for myself!" Empress Starry Rain glared at Su Yu with an ashen face.

"Yes!"

The ten Earth Dao Masters left temporarily.

However, Su Yu did not doubt that they would all appear at the Empress's command.

"Ahem, that messenger..." Su Yu said as he met Empress Starry Rain's round eyes. He immediately changed his words, "I'm talking about Empress. It doesn't seem like you can blame me. You set a trap yourself, so I can only resist."

It was fine if he did not speak, but as soon as he spoke, Queen Starry Rain was furious.

Her blonde hair fluttered in the wind as she said angrily, "Then why didn't you just run away? Why Did you kick me... At My Place?"

Su Yu coughed dryly. "That was because you went too far. Not only did you cheat us ordinary people of the nine underworld crystals, you also did not allow us to make a private transaction. In a moment of anger, so..."

"Oh? Are you saying that I was wrong?" A hint of danger appeared in Empress Starry Rain's eyes.

She was!

She was so black-hearted, so shameless, and so Shameless.

And now, she still didn't allow others to say it?

"It's My Fault, my fault!" Of course, these words could only be said in her heart, but she still couldn't say it out loud.

Empress starry rain bared her teeth. "Alright, then I'll Punish You. Lie on the ground and raise your butt!"

"What do you want to Do?" Su Yu asked.

Empress Starry Rain's pretty face was ice-cold. "Of course I want to KICK YOU BACK!"

Damn it!

She was really unwilling to be kicked in the butt by a little girl!

However, the situation was better than the others. She would just suffer a kick.

However, the next sentence from Empress starry rain caused Su Yu to completely turn hostile.

"I want you to lie here for a hundred years and be kicked in the butt every day. Do You Hear Me?"

As the Empress who ruled the south, no one dared to disobey empress starry rain's orders.

If she said that he would be punished for a hundred years, that was a hundred years!

"Go to hell!" A hundred years was nothing to Su Yu!

He would rather die than be delayed here!

"Slave, how dare you talk to Me Like That!" Empress starry rain took out a crystal hourglass.

The hourglass began to drip, and the surroundings immediately fell into time freeze!

Su Yu was also frozen!

Empress Starry Rain angrily held the hourglass and circled behind Su Yu, raising her foot to kick him.

However, even in her dreams, Empress Starry Rain never expected that Su Yu, who was clearly frozen in time, would actually move!

He grabbed Empress Starry Rain's ankle like lightning.

Before empress starry rain could react, Su Yu pulled her onto his lap.

"Hehe, what a surprise. The descendants of the ruler of time actually rely on a magic treasure to activate their time domain instead of relying on their bloodline." This was truly a huge discovery.

He had thought that all the descendants of the ruler of time had powerful bloodlines like Shao Hao's.

But now, it seemed like that wasn't the case.

This Magic Treasure's time domain was at the same level as his time domain. It was an elementary domain.

Therefore, it couldn't do anything to Su Yu at all.

"Ah! Why aren't you affected by the time domain?" Empress starry rain shrieked.

"Why do you care?" As she said that, Su Yu raised his palm and gave her a hard slap on the butt. "I'll let you be insolent!"

Wu!

Empress Starry Rain was both angry and embarrassed. She hurriedly covered her mouth.

Her pretty face was already red. She said in embarrassment and anger, "You still spanked my butt!"

"HMPH! You've caused me to be in such a miserable state. A few slaps on you would be a light punishment!" Since they were now in a time freeze, the ten Earth Path Masters had no idea what had happened.

After a few consecutive slaps, Empress Starry Rain went from the initial embarrassment and anger to crying loudly in the end.

"I said it's not that bad, right?" Su Yu felt awkward.

He only wanted to give her a small ring, but he thought that empress starry rain would be so pampered.

After a few slaps, she started to cry.

Looking at her who was still a young girl, Su Yu stopped and said, "If you cry again, I'll strangle you to death!"

Empress starry rain immediately stopped and wiped away her tears. "What do you want?"

"Send me out!" Su Yu only wanted to leave this place as soon as possible.

Empress starry rain nodded obediently. "Alright."

With a thought, the entire hall changed on its own.

A huge door appeared in front of Su Yu.

"You can leave!" Empress Starry Rain said.

Su Yu had just turned around and rushed out.

But the moment he rushed out, the huge door transformed into a wall once again.

He was brought back to the depths of the hall by the wondrous array in the hall.

At the same time, Empress Starry Rain canceled the time freeze and shouted at the same time, "Guards, protect the Emperor!"

As she shouted, she turned around and ran.

The gaze she used to look at Su Yu was filled with shame and anger. "Human, I'll teach you a lesson!"

Unexpectedly, Su Yu seemed to have expected this. "I knew this would happen!"

"Time reversal!"

Under Empress Starry Rain's stunned gaze, a huge hourglass appeared behind Su Yu.

The sand inside flowed backwards, causing the surrounding time to flow backwards.

In the blink of an eye, Empress Starry Rain had returned to the moment when she was lying on Su Yu's thigh and being butchered.

“I told you to call for Help!” Su Yu raised his hand and started slapping her again.

However, Empress Starry Rain had already forgotten the burning pain on her buttocks. She could not help but struggle as she said in surprise, “You are also Father’s illegitimate child?”

“Also?” Su Yu heard the key words and his hand stopped.

Empress starry rain nodded vigorously. “Yes, yes. I am also an illegitimate child. Could it be that you are one too?”

She had misunderstood that the time domain Su Yu was proficient in came from his bloodline.

Su Yu’s eyes flashed slightly.

He was at a moment where he could not back down.

Chapter 2529 Sister Empress

Although it was fun to spank his butt now, it was impossible to maintain the time domain forever.

When the time domain ended, it would be the time for Su Yu to die without a burial place.

Now that Empress Starry Rain mistook him as the illegitimate child of the time ruler, he naturally went with the flow.

“Why do you think so? What if I succeeded in cultivating by Myself?” Su Yu asked in return.

Empress starry rain wiped her tears and said happily, “How can you comprehend a time domain in the world ruled by the ruler of time?”

The ruler of time ruled the time of the world.

Anyone who wanted to comprehend the laws of time needed the consent of the ruler of time.

Let alone a time domain?

Other than his own descendants, the ruler of time would not allow anyone to control his unique time domain.

Hence, Empress Starry Rain thought so.

Su Yu pretended to be dumb and said, “I don’t know how I got my time domain either. It seems to have appeared one day!”

“Yes, yes! You must have awakened the bloodline of the ruler of Time!” Empress starry rain was unusually happy for some reason.

Su Yu rubbed his nose. “And then? So I should let you off?”

As he spoke, he was about to hit her again.

Empress starry rain hurriedly said, “Don’t! We are all abandoned illegitimate children. Why don’t we join forces to fight against our brothers?”

Join forces?

To be honest, Su Yu had calculated the heavens and the earth. He had never expected that one day, he would actually join forces with the descendants of the ruler of time to deal with the other descendants!

However, he had to admit that this was a heaven-sent opportunity!

It would not be easy for him to deal with the descendants of the eight rulers alone.

If he could borrow Empress Starry Rain's power, he would undoubtedly create many opportunities.

"I don't seem to have any enmity with them, right?" Su Yu said hypocritically.

Empress starry rain climbed up from his lap and said seriously, "I really envy you. To be able to live to such an extent that you don't even know you're about to die!"

"Oh? Why do you say that?" Su Yu asked, puzzled.

Empress Starry Rain's eyes dimmed a little as she said, "How many rulers of time do you think there are in this world?"

"Just one? Since ancient times, there has only been one ruler of time."

Empress starry rain continued, "Then what do you think will happen to the other successors once one of their descendants inherits as the ruler of time?"

"They will be killed," Su Yu said matter-of-factly. Even in mortal empires, there were many bloody scenes similar to the fight for the throne.

"They won't be killed!" Empress starry rain smiled bitterly. "They will become a part of the new ruler of time. We will all die and return to his body when the new ruler of Time is born."

One descendant became a ruler, while the rest of the descendants became nutrients?

This... was indeed a little cruel!

"So, let's join hands. Perhaps there is still a little hope of turning the tables." Empress starry rain seemed to have grabbed onto a life-saving straw.

Su Yu stroked his chin. "What are the requirements to become a ruler?"

"Let's see who can master a domain that surpasses the yuan level first." Empress Starry Rain said the only condition with certainty.

Su Yu nodded. "Alright, then what level is your time domain at?"

In order to confirm whether she really did not have a time domain, Su Yu asked.

Empress starry rain guiltily used her thumb and index finger to draw a circle.

"Yuan level?" Su Yu's heart jumped.

Empress starry rain blushed and shook her head. She said weakly, "It's Zero! I haven't even condensed my time domain."

Su Yu shook her head. "Forget it. Forget it. Just wait for your death."

Shao Hao had already mastered the intermediate time domain. What could empress starry rain use to fight with him?

"Don't be like this. I'm actually very hardworking!"Empress Starry Rain clenched her fists and pouted her little mouth as she cheered herself on.

For a moment, Su Yu was charmed by her cuteness.

Regardless of her identity, she wasn't too bad.

At least she was much stronger than those snobs from the Tai Yi sect.

"Alright, I want to fight against the true descendant of the ruler of time with an illegitimate child who hasn't even evolved into a time domain."Su Yu smiled bitterly. The difficulty wasn't just ordinary.

"Alright, Big Brother."Empress starry rain hugged Su Yu's arm and shook it again and again.

Su Yu felt a strange feeling in his heart.

Big Brother?

Looking at the exquisite and beautiful empress, Su Yu felt an inexplicable softness in his heart.

In the past, he had never been so easily moved.

"SIGH, am I Old?"Su Yu muttered to himself. Ever since he picked up a son, it seemed that his mood had changed a lot.

From the youth at the beginning, to the youth later, to the maturity of being a father now.

"Alright, Sister."Su Yu patted the back of her hand.

"Thank you, Brother!"Empress Star Rain was still a little awkward. After all, she was a brother that she had just met.

Su Yu thought for a moment and said, "I'll check your body first to see why you haven't awakened the time domain."

Empress Star Rain couldn't ask for more. "That's great. I beg brother to help me check it out."

Perhaps it was because of the illegitimate child, but Empress Starry Rain had never been able to awaken the time domain bloodline.

She had also begged other descendants of the time ruler, and the result was obvious.

It was easy to mock and ridicule her. She was vicious and even wanted to take the opportunity to kill her.

After all, they were all competitors in the future. Who would be willing to help their competitors awaken their bloodline?

Su Yu searched for her bloodline and slowly opened his eyes a moment later.

Empress Starry Rain's beautiful eyes were filled with anticipation. She couldn't wait to ask, "Brother, how is it? How is my bloodline?"

"It's pretty good," Su Yu replied.

Empress Starry Rain revealed a look of joy, but Su Yu added, "I've given you a perfect reason to wait for death."

"AH? What's going on?" Empress Starry Rain was unable to probe her own bloodline, so she could only rely on people who were also proficient in time domain to probe.

This was the first time someone was able to probe the condition of his bloodline.

Su Yu shook his head and said, "In your bloodline, the time domain inherited has all shattered!"

No wonder she was unable to awaken her bloodline.

It turned out that her bloodline was crippled!

"Crippled..." Empress Starry Rain's eyes lost focus. Then, she pounced on Su Yu's thigh and cried bitterly, "I don't want to! I don't want to die yet."

"However, I can help you complete your time domain."

Su Yu added one last sentence.

Empress Starry Rain's crying stopped abruptly.

She suddenly raised her head and stared at Su Yu with teary eyes. Her cheeks puffed up and her two pink fists clenched tightly.

"Can you finish your sentence in one go?" She really wanted to pounce on him and beat him up!

Su Yu smiled. "However, you have to be mentally prepared. This process will take a long time, at least more than ten years."

"I have already waited for more than a hundred years. Why would I care about more than ten years?" Empress Starry Rain's eyes were filled with a strange light as if she had found hope again. Her eyes were incomparably bright.

Su Yu stood up and said, "I've waited long enough. I'll go out and meet up with my friends first. I'll pass the evil spring to them."

Suddenly, Empress Starry Rain smiled.

Her two beautiful eyes smiled like Crescent Moons. "I'll give my brother a gift."

"What?"

"Follow me!"

She brought Su Yu to her bedroom.

Behind the bedroom was a huge lake that spanned hundreds of miles.

“This lake is for you,” Empress Starry Rain said with a smile.

Su Yu was suspicious. “What do I need the lake for?”

“Hehe, lake water? Take a look again!” Empress Starry Rain waved her sleeve, and a nine-colored moon appeared.

Under the light, the entire lake turned into nine colors!

Su Yu’s body shook violently, and his pupils constricted. He said in surprise, “Are you telling me that the lake is full of Evil Springs?”

“What do you think?” Empress Xingyu smiled like the wind..

Chapter 2530 Domain Upgrade

Evil Spring?

An entire Lake of evil spring?

Su Yu took out three bottles of evil spring that he had painstakingly obtained and compared them with the water in the entire lake.

In the end, he discovered that they were exactly the same!

With a bitter smile, Su Yu sighed, “You’re really ruthless!”

There were clearly so many evil springs, but he only took out a portion that was the size of a fist to create a situation where there were few evil springs, increasing the competition.

It was fine if that was the case, but they even deliberately created chaos in the middle of the process and ruthlessly plundered everyone’s money.

Empress Starry Rain stuck out her pink tongue. “There’s no other way. It’s not so easy to be an empress!”

“The entire southern part of the dream boundary is yours. What other difficulties are there?” Su Yu rolled his eyes.

This sentence was similar to saying that it was not so easy to be an emperor in the mortal world.

“Sigh! Do you think that my status, my life, and the experts guarding me are all for nothing?” Empress Starry Rain said leisurely.

Su Yu had just realized that Empress Starry Rain was a descendant of a crippled ruler.

Her days were indeed too leisurely.

Moreover, according to what she said, the descendants of the ruler of time viewed each other as mortal enemies. Why would they allow Empress Starry Rain to receive such benefits?

“All 344 sects in the Dreambreak realm have to hand over the nine nether crystals to the ruler of time. Don’t we, the descendants of the ruler of time, have to use them?”Empress Starry Rain mocked herself.

“Not only do we have to hand them over, we have to hand them over even more than ordinary sects!”

Su Yu suddenly realized that the ruler of time did not have much affection for his descendants.

He treated them as if they were his subordinates.

“Only in this way can I satisfy the ruler of time, grant me everything I want, and provide me with protection. That’s why the other descendants don’t dare to lay their hands on me!”

“If there’s ever a time when I don’t have enough Netherworld Crystals, I’ll lose everything I have now.”

Hearing this, Su Yu seemed to understand the cruelty of being a descendant of the ruler.

Stroking Queen Starry Rain’s head, Su Yu said, “You have so many mines. There shouldn’t be a problem.”

In this regard, Queen Starry Rain’s bitter smile deepened.

“You’re just looking at the surface.”Queen starry rain said, “There are no mines that can never be dug out. In my estimation, the mines in South Bright City won’t last for more than a few decades, or even shorter.”

This was true. Once they dug through the Netherworld realm, the mines would be abandoned.

“That’s why I’ve been thinking of ways to explore new mines,”Queen Starry Rain said.

As she said this, Su Yu suddenly remembered something.

“I really wanted to hear that Shao Hao once appeared at the border of a small sect in the southern part of the nightmare boundary.”

Upon hearing this, Empress Starry Rain clenched her fists tightly.

Fury spewed out from her eyes, “HMPH! That’s because the mine is about to dry up under Emperor Shao Hao’s rule. That’s why he’s paying attention to my territory.”

“The most infuriating thing is that he bullied me into not being able to resist and swaggered off with his seven star guards!”

It really was like that!

Shaohao had appeared at the Tai Yi Sect’s border for no reason. It was obvious that he had a plan.

“I’ve already sent people to investigate the mine there. It’s extremely huge! It’s more than ten times bigger than the mine outside South Light City. Shaohao must have heard the news and went to investigate.”

Ten Times?

What kind of concept was that?

The mine outside South Light City was already more than a hundred times bigger than the Tai Yi sect.

The size of the mine there was unimaginable.

“One step at a time.” Su Yu’s eyes flashed.

Then, Su Yu looked at the evil spring in his eyes and jumped into it.

Other People’s evil spring needed to be swallowed drop by drop.

However, Su Yu could completely bathe in it.

The evil spring flowed into his body through his pores.

His right eye faintly felt pain. This was because the eight domains had been stimulated and were expanding.

“Brother, cultivate first. I’ll go take care of some matters outside.” Empress Star Rain left with a smile.

Su Yu heaved a sigh of relief. This was even better.

During the advancement process of the domains, it was inevitable that the eight domains would be exposed. It was really inconvenient for her to be present.

Seizing the time, Su Yu increased her absorption.

As the amount of absorption increased, the swelling and pain in her right eye became more and more intense.

That was the reason why the eight great domains were continuously upgrading!

“It really worked!” Su Yu was delighted. She could clearly feel that the eight great domains were upgrading one after another!

Time passed bit by bit.

Su Yu’s right eye patch could no longer suppress the eight great domains that were sealed within.

Eight-colored lights shone from within.

Finally, when the feeling of expansion reached its limit.

The eye patch exploded with a bang!

Eight rings of light that were much more dazzling than before overlapped within his right eye and spun rapidly.

Ancestor Lu had once said that once his domain advanced, there was hope to control the eight great domains that had gone out of control.

At this moment, the eight great domains had undergone the baptism of the evil spring and expanded to their limits.

“The final moment!” Su Yu sucked the evil spring again. The eight great domains in his eyes were like spinning wheels that had gone out of control and flew out of his right eye.

Then, they slowly stopped spinning and turned into the phenomena of the eight great domains that surrounded Su Yu.

The eight great domains at this moment were obviously very different from before.

First was the time domain. There used to be only one time hourglass, but now there were two of them side by side.

Second was the space domain. It used to be a galaxy, but now it was a vast and majestic universe!

The Soul Domain, the life domain, the death domain, the fate domain, the reincarnation domain, and the creation domain all had huge changes!

“Time freeze!” Su Yu shouted, and the two hourglasses moved at the same time.

Not only did the time freeze become more stable, but it also covered a wider area and targeted a higher realm.

“Space Jump!” Su Yu tried again. He and the evil Spring Lake under him all flew to the border of South Light City.

In terms of distance jump, it was ten times as long as before! !

Su Yu tried the other domains one by one. The power of the domains was more than several times stronger!

“No wonder it was so hard to fight Shao Hao that day. The intermediate domain is much stronger than the beginner domain!” Su Yu muttered to himself.

If he met Shao Hao again, Su Yu was not sure if he could kill him. However, he would not be in a passive position like last time.

He was silent. He seemed to have noticed something and immediately withdrew his eight domains. Everything around him returned to calm.

“Brother, did you make a breakthrough in your time domain?” Empress Star Rain came in and looked at the lake. Her eyes widened on the spot. “You... Where did you take my evil spring?”

The huge lake was only left with less than two-tenths of what it used to be!

Su Yu had just realized that he had used up a shocking amount of evil spring to break through the eight great domains.

When he had broken through to Dao master back then, his dao marks had reached 800.

In other words, the amount of evil spring needed to break through to the domain was 800 times that of others!

It was actually not strange that most of the evil spring had been sucked dry.

However, looking at the weeping empress, Su Yu felt a sense of guilt. He said embarrassedly, "Don't worry, the remaining evil spring should be enough for you to level up your time domain to intermediate level in the future."

This evil spring was only useful for beginner level domains.

Otherwise, he would have continued to level up just now.

"Wuwu, the evil spring that I've been saving for tens of thousands of years is all gone." Empress starry rain wiped her tears.

The evil spring did not suddenly appear, but the ruler of time to reward.
