

## Nine-Dragon 2531

### Chapter 2531 A Land Of Death

Each time, she would only be rewarded with a little. It had been accumulated for many years to reach this point. In the end, she had only been gone for a short while before it was all gone.

Su Yu flew over and said, "Don't cry, I'll make it up to you!"

He held onto Empress Starry Rain's palm and used his time domain to enter her bloodline.

The broken pieces of the time domain were arranged in the intermediate time domain and overlapped with each other bit by bit.

However, the process was rather slow.

After two hours, he had only managed to reconstruct two pieces of the time domain.

This was also because he had broken through to the intermediate time domain. Otherwise, he would not be able to reconstruct much in a day.

"Try again." Su Yu let go of his hand tiredly. Using the time domain for a long period of time had consumed a lot of his body.

Empress starry rain extended her finger and pointed forward.

Time stopped for less than a breath!

But even so, Empress Starry Rain still jumped up in surprise, "Ah! The time domain, it's the time domain!"

Looking at the jumping blonde girl, Su Yu smiled in relief.

Empress Starry Rain's eyes flashed with silence. She turned around and looked at Su Yu. She wanted to be grateful, but was also embarrassed. She snorted arrogantly, "Since you didn't lie, I forgive you."

Su Yu did not lie to her. Her bloodline could indeed be restored.

As long as she persevered, she would definitely succeed.

"Let's continue." Su Yu rested for a while and continued to reconstruct the time domain in his bloodline.

Half a day later, he had already reconstructed four time fragments for her.

She was already skilled enough to cause a small area of time to show signs of stopping.

"Brother, it's great to know you!" She sat on Su Yu's lap and leaned against his chest. Her fingers twirled her long golden hair as she said with a look of enjoyment, "I've always been alone in the huge Empress Palace."

"I thought that I would be alone until I die. I didn't expect to meet you, Brother."

Su Yu looked at the setting sun. Her long shadow suddenly felt like they were in the same boat.

Wasn't he also lonely along the way?

Looking at the golden-haired girl sitting obediently in his arms, Su Yu's heart softened. He gently put his arm around her shoulder and said, "I'm also very pleased to know you."

At this moment, he felt as if they were part of the same world.

Perhaps this sister of his was not mistaken.

"From now on, Big Brother will accompany me in the Empress Hall. Let's eat together, take a walk together, cultivate together, together..." Empress Starry Rain's snow-white calves swayed as she imagined her future life.

Su Yu opened his eyes and said, "I'm afraid we can't be together for the time being."

"Why?" Empress Starry Rain turned her head and asked in surprise.

Su Yu said, "I still have friends outside."

"You can bring them in together. I don't mind," she said hurriedly. Her palm unconsciously grasped Su Yu's clothes, as if she was afraid that he would never return.

Su Yu patted her shoulder and said gently, "Listen to me. I need to go back to the sect. I'll come back as soon as I'm done with some things, Okay?"

He had never broken his promise.

Since he had promised to help her restore her bloodline, he would never go back on his word.

"Then I'll go with you!" Empress Starry Rain thought for a while and said.

Su Yu looked around the Empress Hall. "Can you leave South Bright City?"

As the empress, if she did not stay in the center of the southern part of the broken dream realm and left in a hurry, there would be a huge mess.

"But!" Empress Starry Rain said uneasily.

Su Yu raised his fingers. "I swear, can you? It can be as short as two years, or as long as five years. I will definitely come back."

The DAO Master's oath was very effective in answering the Heavenly Dao.

Seeing this, Empress Starry Rain finally calmed down. She muttered, "Alright, I will send a guard to protect you."

Were they referring to the ten Earth Dao Masters?

Su Yu shook his head. "It's just a small matter. I can settle it myself."

It was best for him not to let Empress Starry Rain's people know that he was looking for the vile-daughter palace.

He trusted Empress Starry Rain, but he might not be able to trust her guards.

Based on his estimation, among those guards, there might be spies from the descendants of the ruler of time.

“Alright then. If there’s anything, send me a message.” She took out the fragrance pouch on her waist and said, “This is a protective talisman. It can block any attack from a Heavenly Dao Master.”

This was something that only the ruler of time could bestow upon her, right?

Moreover, she should only have this one on her.

However, she still gave it to him so easily.

Looking at the clear gaze of Empress Starry Rain, Su Yu felt a surge of warmth in her heart.

She really thought of herself as a brother that she could rely on.

Thinking of this, Su Yu gave her a kiss on her forehead and looked deeply into her eyes. “I won’t let you down.”

The exquisite and beautiful face of empress starry rain blushed slightly.

Can a brother just kiss his sister as he pleases?

“Wait for me!” After saying that, Su Yu took his leave and left the main hall of the Empress.

Outside the main hall.

Xie Xiaoyue and Yu Xiang Wan had been waiting for a whole day.

However, the old man in the Taoist robe had come out a long time ago, but Su Yu did not show up. This made the two of them extremely anxious.

Just when they were about to take action and sneak into the Empress Hall, Su Yu came out swaggering!

“Su Yu!”

“Brother Su!”

The two of them rushed forward together, their faces filled with surprise and joy.

“Why Are You Coming Out Now?” Xie Xiaoyue’s eyes were full of worry, and she complained, “I thought you were taken away by the empress to serve as a concubine!”

Su Yu smiled in surprise.

It was more or less the same. He didn’t get into the concubine, but took in the empress as his younger sister.

“I’m fine now. Let’s talk in another place!” The three of them came to a corner.

Su Yu took out two jade buckets and said, “One for each of you.”

The two of them opened them, puzzled. What they saw were actually two big buckets of evil spring!

“Oh my God! So many evil spring...”Xie Xiaoyue suddenly came over and looked around vigilantly.

Her beautiful eyes were filled with shock.

Yu Xiang Wan was also shocked.

Two buckets of evil spring, more than ten times more than the amount of evil spring sold!

Where did Su Yu get it?

“Take it,”said Su Yu. Then he looked at Xie Xiaoyue with a reluctant expression.

“Yu Xiang Wan and I will be returning to the sect soon. What About You?”

Xie Xiaoyue came back to her senses and felt lost.

She wanted to leave with Su Yu, but it was impossible.

The people of the Devil sect would not allow her to go missing again.

“Which sect are you from? If there’s a chance in the future, I’ll look for you,”asked Xie Xiaoyue.

With the abilities of the Devil sect, they should be able to find the location of any sect.

“A small sect, Tai Yi sect,”said Su Yu.

Unexpectedly, Xie Xiaoyue’s beautiful eyes narrowed. “The southernmost sect, the Tai Yi sect that borders the Zhengtian sect and the Heaven Enlightenment Palace?”

“Oh? You know about it too?”Su Yu was slightly surprised.

The Tai Yi sect was only a small sect, and it was abnormally remote. Xie Xiaoyue was really surprised that she knew about it.

Xie Xiaoyue’s eyes were filled with panic. She pulled Su Yu and said, “Can you not go back and stay with me more?”

“Why?”Su Yu’s eyes flashed. He felt that Xie Xiaoyue’s expression was a little strange. “Are you hiding something from me?”

Xie Xiaoyue wanted to say something but hesitated. In the end, she did not dare to reveal her identity.

“No, I just don’t want to part so soon.”Xie Xiaoyue hid her guilt.

She was not willing to confess, so Su Yu naturally would not probe further. He said, “I have something to deal with when I return to the sect. I have to leave. Let’s contact each other again next time.”

Xie Xiaoyue tried to persuade Su Yu to stay, but Su Yu insisted on leaving.

She could only watch as Su Yu disappeared from her sight bit by bit. She muttered, "Tai Yi sect, I can't go back. That place is going to be a land of death!"

However, she was unable to explain these words to Su Yu.

Biting her red lips, Xie Xiaoyue turned around and dived into the night.

Chapter 2532 They Were Ambushed

Not long after.

Su Yu and Yu Xiang Wan arrived at the outskirts.

However, the rendezvous point was empty.

Jiang Xuanzhong and the rest had left a long time ago and were nowhere to be seen.

"What a joke. We're Only a day late, yet they abandoned us." Yu Xiang Wan felt how lowly she and Su Yu were in the eyes of the inner sect disciples.

Since they were nowhere to be seen, it could only mean that they had returned to the sect first, right?

It was only a day, and they were not willing to wait any longer.

Su Yu stroked his chin and said thoughtfully, "Don't be too quick-witted. Even if they left first, they should at least send us a message, right?"

Others might not dare to say it, but Chong Yang still had some admiration for him and Yu Xiang Wan.

They should not have not even said a word to each other.

HM?

Yu Xiang Wan listened to what he said and looked around. Suddenly, she walked quickly to a tree and picked up a leaf.

There was a drop of blood on the leaf.

"It's Jiang Xuanzhong's blood!" Yu Xiang Wan recognized the presence of the blood and her heart skipped a beat.

Jiang Xuanzhong was in the early stage of the Nirvana stage. was the verification of his combat strength high?

Someone actually managed to hurt Jiang Xuanzhong?

Moreover, they had no choice but to leave early and did not leave any news for them.

No!

They might not have left early!

Or, they might have been captured by someone!

"Brother Su, I'm afraid they're in Big Trouble." Yu Xiang Wan's expression turned grim.

Needless to say?

“Now, return to the sect immediately! But, it's best if we don't return by the same route.” Su Yu's eyes sparkled.

He also guessed that they might have met with misfortune.

Beep! Beep

However, at this moment, Su Yu and Yu Xiang Wan's communication device rang at the same time.

When the two of them opened it, they saw that it was a message from the leader of the Golden Armor clan.

“Come and help immediately! There's a strong enemy attack. The location is northwest of the city.”

Yu Xiang Wan looked hesitant. “Brother Su, are we going or not?”

Even if Jiang Xuanzhong and the rest joined forces, they would not be able to deal with the strong enemy. If the two of them went, how much of an effect would they have?

However, if they didn't go, the consequences would be severe if the sect learned of their actions of leaving them to die.

“Go!” Su Yu decided decisively.

Although it was unlikely that Jiang Xuanzhong and the others could return to the sect, it was better to be safe than sorry.

If they really went back, Su Yu's plan to become the hall master would be ruined.

The two of them reached a tacit understanding and immediately headed northwest.

Several hours later.

An extremely violent fluctuation came from the front.

The nearby mountains and rivers had been destroyed and turned into scorched earth.

One could see with the naked eye that there were more than ten corpses lying on the ground.

But in the center of the scorched earth, there were more than twenty people.

Each of them was at least at the middle nirvana stage.

And they were surrounded by Jiang Xuanzhong and the others!

Their bodies were all injured, especially Chong Yang. His body was riddled with injuries and his life was in danger.

Apart from that, Huo Lixin and Ji Xuanling were also in a difficult situation.

Only Jiang Xuanzhong and the Golden Armored Hall master were slightly better off.

However, they were still unable to deal with an enemy that was several times stronger than them.

This was especially so when they were surrounded by an enemy at the early stage of the Nirvana stage.

The unpredictable attacks made Jiang Xuanzhong and the leader of the Golden Armor clan tired of dealing with them, and they were occasionally injured.

It was only a matter of time before they were killed. They would not be able to hold on for long.

“I’ll Go!” Yu Xiang Wan smacked her lips. “Does our Tai Yi faction have any enmity with anyone? Why did they encircle and kill so many strong cultivators?”

Just the number of strong cultivators in the middle stage of the Nirvana stage who were besieging them was comparable to more than half of the leaders of the Tai Yi faction.

Not to mention those who were already dead.

Moreover, what kind of enmity was worth them attacking at all costs?

Su Yu was also puzzled.

The Tai Yi sect was only a small sect and was deep in the southern border. They were usually very low-key.

At most, they would have a dispute with the surrounding Zhengtian sect.

Why would they provoke such a strong enemy?

There seemed to be something else going on!

“Since the two of you are here, why haven’t you made your move yet?”

While they were observing, the leader of the Golden Armor clan noticed the two of them. He brandished his sword and shouted sternly.

Yu Xiang Wan’s eyes flashed with a faint blue light as she sighed. “Brother Su, be careful.”

After that, she leaped and flew over.

Su Yu followed closely behind, his expression unchanged.

When he noticed that there were two more enemies behind him, the strong enemy in the initial stage of the Nirvana stage did not even turn his head. “Go and get rid of them.”

Instantly, two enemies in the middle stage of the Nirvana stage charged at him.

“Kill!”

The enemy on the left was charging at Yu Xiang Wan ferociously. He immediately released his domain that was not weak at all.

It was a domain of poisonous gas. Once it engulfed the enemy, it could quickly turn them into a pile of mud.

Yu Xiang Wan could not avoid it and was enveloped by the domain of poisonous gas on the spot.

However, the scream that she imagined Yu Xiang Wan to make did not appear.

Instead, two sharp blue lights shot out from the hazy poisonous gas.

The blue lights shot out slowly and turned into two circles of light that hit the enemy.

Whoosh

The powerful enemy was instantly surrounded by blue flames and burned into a pile of bones.

Yu Xiang Wan walked out of the poisonous gas. Her eyes were burning with blue flames that had yet to be extinguished.

He lowered his head and looked at his arm. A large area of his arm had been corroded by the poisonous gas.

However, wisps of black gas slowly seeped out and quickly repaired the corroded area.

Looking at Su Yu, it was even easier. Several bolts of lightning swept across and destroyed the opponent until there was no residue left.

The two people's tragic deaths surprised the powerful enemies who were besieging them.

**"The Tai Yi sect does have some good seedlings!"**The Nirvana realm expert snorted and sent eight people to kill the two people.

As such, the pressure on Jiang Xuanzhong and the rest was relieved.

They were both surprised and happy.

They were surprised that Su Yu and Yu Xiang Wan, whom they looked down on, had such extraordinary abilities!

They were happy that there was finally a glimmer of hope for them to break out of the encirclement.

Jiang Xuanzhong's eyes flashed as he secretly sent a message to Ji Xuanling, Huo Lixin, Chong Yang, and the leader of the Golden Armor Division.

**"We should take this opportunity to use the replacement formation to escape."**

Upon hearing that, the others did not have any objections.

Chong Yang was the only one who replied, "We can't. No matter what, Su Yu and Yu Xiangwan are here to save us. How can we exchange him for the chance to escape when we're in a desperate situation?"

The so-called replacement formation was a formation that only the inner sect disciples of the Tai Yi sect were proficient in.

They could temporarily exchange the positions of two people in different positions through the sect token.

Both Su Yu and Yu Xiang Wan had the sect's disciple token.

They were the only ones who could be replaced.

However, if Su Yu and Yu Xiang Wan were to be replaced in an environment where they were surrounded by dozens of people, they might not be able to hold on for long and would die tragically.

They had come all the way here to rescue them, yet they were willing to sacrifice their own lives. It was really inappropriate.

Jiang Xuanzhong said firmly, “Junior brother Chongyang, the bigger picture is more important! The four of us are the future of our sect. At this critical moment, we can only sacrifice ourselves to complete the bigger picture! I believe that the spirits of the two of them will understand us in the future!”

How Shameless was that?

Sacrificing oneself to complete the bigger picture had always meant sacrificing oneself.

However, Jiang Xuanzhong had the audacity to point at others with such a dignified expression.

The most ridiculous thing was that he had even stated clearly that they would understand them after they died.

How could they understand?

Huo lixin said, “That’s right! They won’t sacrifice themselves in vain. The Tai Yi sect will remember them forever.”

Chong Yang was struggling in his heart. Who would want the Tai Yi sect to remember them?

However, they were determined to do so. Chong Yang could not resist.

That was because Jiang Xuanzhong had secretly activated the replacement formation.

A complicated formation appeared in his palm. It was filled with brilliance.

The moment he moved, the same formation appeared in the palms of the others.

The five of them activated the formation at the same time. In an instant, a blinding light burst out.

Su Yu and Yu Xiang Wan, who were dealing with the enemies, suddenly had a strange formation under their feet.

Su Yu’s eyes narrowed as he thought to himself, this is not good.

He wanted to avoid the formation, but there was a powerful force on his body that prevented Su Yu and Yu Xiang Wan from moving.

The next moment, there was a short-distance fluctuation in space, and the positions of the two of them changed instantly.

When they reappeared, they were actually at the place where Jiang Xuanzhong and the rest had appeared earlier.

They were facing tens of enemies.

Yu Xiang Wan immediately came back to her senses and shouted angrily, “You bunch of damn things!”

They had come from thousands of miles away to rescue them, yet they were betrayed!

And it was the betrayal of the people they had saved!

However, countless powerful enemies attacked and instantly suppressed Yu Xiang Wan until she could not breathe.

Especially the attack of that powerful enemy, Yuan Nirvana, which made him look desperate. However, Su Yu was already prepared. With a wave of his hand, a golden-black giant puppet appeared in front of the two of them.

Roar

The giant puppet let out a loud roar and patted its chest with its arms.

A powerful shockwave swept out in all directions.

All the attacks that came at them were sent flying back.

Even the attack of that powerful expert at the initial stage of Yuan Nirvana also stopped for a moment.

“Thunder!” Su Yu let out a low growl. Eight thunderbolts as thick as mountains appeared on the spot.

Under the sky-covering thunder, several powerful enemies were vaporized into nothingness.

Yu Xiang Wan also seized the opportunity to make a move. Both of her eyes spat out intense blue flames.

The Flames turned into circles of light and hit the enemies.

Every time one of them was hit, one of them would die on the spot!

That was how Su Yu and Yu Xiang Wan managed to fend off this wave of attacks.

However, it was just this wave.

There were too many enemies. When they regained their composure, the strong cultivator in the nirvana stage immediately caught up with the demonic ape puppet that was showing off its ferocious power.

The other strong enemies quickly attacked!

Fortunately, Su Yu had already prepared his next move before he made his move. “Little Qilin!”

Instantly, the little qilin jumped out, stood on Su Yu’s shoulder, and spat out in all directions.

A large stretch of nine Nether Jade Flames was instantly spat out, burning half the sky.

Immediately, dozens of powerful enemies were ignited, and their souls were rapidly burned.

The Yuan nie expert’s scalp went numb, and he said in shock and anger, “What’s going on?”

Their main targets were Jiang Xuanzhong and the other inner disciples.

But why were the two Tai Yi sect members of unknown origins in front of them even more terrifying than the inner disciples?

In just a few rounds, they had killed many of them!

On the other side.

Jiang Xuanzhong and the other three had switched places with Su Yu and the others. They were only facing eight strong enemies in the middle nirvana stage.

The result was obvious.

In just one exchange, they were killed by Jiang Xuanzhong and the others, as such, Jiang Xuanzhong and the rest broke out of the encirclement.

“Let’s Go!” He did not even look at Su Yu and Yu Xiang Wan who were behind him. He took out his sect’s flying treasure and immediately carried the rest of them away to escape.

The strong man from Yuan Nie was shocked and furious. He looked at the extremely ferocious Su Yu and Yu Xiang Wan, then at Jiang Xuanzhong and the rest who were about to escape.

Chapter 2533 The Mole Appeared

Just as he was hesitating, Su Yu grabbed the moment when he was distracted and took out his turtle shell. “Let’s Go!”

He grabbed Yu Xiang Wan with one hand and took away the demonic ape puppet with the other, escaping from the underground.

Yuan Nirvana was furious. In the end, he could not be bothered with Su Yu and Yu Xiang Wan whose identities were unknown. He turned to chase after Jiang Xuanzhong and the rest. “Chase after them!”

They had sacrificed so many people, yet they could not even deal with one Tai Yi sect member! In the distance.

A turtle shell broke out from the ground.

Su Yu and Yu Xiang Wan appeared.

Yu Xiang Wan took a deep breath, her face was pale and filled with hatred. “Damn you!”

He was still angry at Jiang Xuanzhong and the rest for their betrayal.

In the eyes of the inner sect disciples, who were they?

Or perhaps, they weren’t even worth anything?

On the other hand, Su Yu appeared very calm and didn’t seem surprised at all.

“Let’s go back to the sect first,” Su Yu said slowly.

“Okay!”

The two of them immediately took a detour.

On the other side.

Jiang Xuanzhong and the others had been running for their lives, but since the enemy had come prepared, how could they allow anything to happen?

They were not only good at tracking, they were also good at killing.

Not long after, they successfully caught up with Jiang Xuanzhong and the others.

Jiang Xuanzhong and the others all had pale faces.

It was over!

They still couldn't escape!

"Eldest senior brother, it's very difficult for us to escape." Ji Xuanling's pretty eyes were filled with despair. She held a sharp sword in her hand and put it on her neck.

As beautiful as she was, she knew very well what would happen if she fell into the hands of the enemy.

Then, she would suffer a fate worse than death!

Rather than that, it was better to end it in advance!

"Junior sister, Wait!" Jiang Xuanzhong gritted his teeth and said, "I have a life-saving magic treasure personally bestowed by the sect leader!"

With a swoosh, a purple jade pendant appeared in his palm.

In the Jade Pendant, a huge force that surpassed the profound path was faintly rolling!

In front of that force, all of them felt that they were as small as ants.

The powerful enemies that were chasing them sensed it and stopped in their tracks. They all stared at it in fear.

"Do You Want to die? Once you activate it, even you can't avoid it, right?" The Yuan nie expert's brows twitched.

Indeed, when the sect leader gave it to him, he had said it himself.

Unless it was absolutely necessary, they couldn't use it.

Because once they activated it, even they would lose their lives.

This object could only scare the enemy away.

If they didn't retreat, they could only perish together.

"Anyway, if I fall into your hands, I'll still die. Why Don't we perish together?" Jiang Xuanzhong coldly said.

He was gambling on whether the other party was afraid of death.

In the end, he was very satisfied. A hesitant expression appeared on the face of the Yuan nie expert.

"Alright, as long as you're willing to surrender, I swear to the heavens that I'll spare your lives." The eyes of the Yuan nie expert turned.

Jiang Xuanzhong sneered, "Do you think we are three-year-old children? Spare our lives, but make our lives worse than death. We will not go against your oath in the slightest."

"Either you leave immediately, or we will stay here together!"

Yuan nie's powerful enemy's face showed a struggle.

Jiang Xuanzhong's heart relaxed. He had won!

He had already seen fear in Yuan Nie's eyes.

However, at this moment, Jiang Xuanzhong's wrist suddenly turned cold.

Then, an incomparably fierce attack pierced through his back!

A bloody claw pierced through his chest.

The wrist he was holding onto the jade pendant also fell like a ripe apple.

Jiang Xuanzhong was stunned. He turned his head with great difficulty and saw a ferocious face looking at him with a sinister smile.

“Golden Armor... Hall Master...” Jiang Xuanzhong's vision blurred.

He couldn't believe that his men had killed him from behind just as he was about to succeed.

“Ah!”

Ji Xuanling and the others screamed and attacked the Golden Armor Hall master one after another.

The latter quickly withdrew his hand and grabbed the purple jade pendant at the same time. He appeared in front of the round nirvana stage cultivator and bowed respectfully. He handed the jade pendant to him, “Sir, I didn't fail you!”

Ji Xuanling's eyes widened as he screamed, “Jin Jia, you... You've betrayed the Tai Yi sect!”

The golden-armored hall master turned around and spat fiercely on the ground. His face was ferocious.

“Betrayed? Hehe... you speak as if the Tai Yi sect has a great favor for me!” The golden-armored hall master's face was filled with resentment. “You let me lead the military preparation hall and put me in a life-and-death situation. Why should I still be loyal to the Tai Yi Sect?”

Huo lixin could not believe it. “When did you betray them?”

The leader of the Golden Armor clan chuckled. “Of course, it was the last time when the Tai Yi faction sent me to my death!”

The last time?

That was when Shao Hao's men barged into the border of the Tai Yi faction and coveted the mine.

Could it be that the leader of the Golden Armor clan had secretly pledged allegiance to Shao Hao during that big battle?

“No wonder we were ambushed at the city gate. It turns out that you were the one who tipped them off.” The Weak Jiang Xuanzhong had a look of hatred on his face.

They hid their identities and waited for Su Yu and Yu Xiang Wan at the entrance.

In the end, they were ambushed by a group of them.

It turned out that there was a traitor who betrayed them.

“Why didn’t you make your move earlier?” Jiang Xuanzhong was unwilling to rest in peace.

He could not figure out why. When they were surrounded, it was the best time to make their move.

Why did it drag on until now.

“Hahaha, because I’m also afraid that the leader of the Golden Armor Division will personally give you a magic treasure!” The leader of the Golden Armor Division laughed.

When they were surrounded, Jiang Xuanzhong was the most vigilant.

If Jiang Xuanzhong sensed something and activated the purple jade pendant, they would all be finished.

Only at this moment, when Jiang Xuanzhong felt that victory was in his grasp, would it be the time to kill him.

Jiang Xuanzhong roared indignantly when he realized what was going on.

In his roar, a large amount of blood gushed out and blocked his throat.

The Yuan nie expert chuckled. “What a pity. If you had held on a little longer, you might have had a chance to escape.”

‘Huh?’?

Chong Yang and the others were confused.

The Yuan nie expert was slightly fearful. “Although I don’t quite understand how your sect is divided into disciples, the two of them are much more capable than you. They killed dozens of my people easily and escaped easily

“If you had held on, you might have really been turned into victory by those two brats.”

“What a pity, you were wrong!”

What?

Hearing this, Jiang Xuanzhong’s heart was filled with regret and his chest rose and fell.

The remaining blood in his throat gushed out.

Then, his body twitched and he fell into Ji Xuanling’s arms and didn’t move anymore.

The King of the Tai Yi sect was angered to death just like that.

Ji Xuanling let out a bitter laugh. He felt that these people had brought this upon themselves!

Holding onto his laughable pride, he gave up all of his life!

“Elders senior brother, I’ll accompany you!”The long sword around Ji Xuanling’s neck swiped.

The Sword Qi entered deep into his soul and he committed suicide.

Huo lixin roared and charged at the golden armored hall master, “You deserve to die for your sins!”

“Hehe! Get lost!”The Golden Armored Hall master laughed coldly and punched Huo lixin into pieces.

In the end, only Chong Yang was left.

The four heroes of the Tai Yi sect.

Three of them were killed and he was the only one left.

He raised his head and laughed bitterly. He stared at the Golden Armored Hall master with hatred, “I will not let you off even if I become a ghost!”

Hong --

The Xuan Dao Energy in his body expanded and exploded into pieces.

The leader of the Golden Armored Hall looked at him with disdain. “It’s better to be a ghost to come and find me. I’ll trample you to death!”

With that, their mission was completed.

The strong man from the circle of Nirvana nodded at the leader of the Golden Armored Hall. “Well done, but the mission is not completed yet.”

He handed the purple jade pendant to the leader of the Golden Armored Hall. “Continue to infiltrate the Tai Yi sect and wait for news.”

“Yes!”

After a pause, the leader of the golden armored hall said, “If you don’t have any other instructions, I’ll leave immediately. I must make preparations before those two brats return to the sect.”

Otherwise, Su Yu and Yu Xiang Wan would be the first to return to the sect and tell them the truth.

His plan to continue hiding would be completely ruined.

“Go!”said the strong man of Yuan Nie.

He took one last look at the four heroes’corpses and made sure that they were all dead. Only then did he lead his men to retreat quickly.

However.

Two hours later.

Jiang Xuanzhong, who was already dead, felt his throat squirm.

A transparent bug came out of his mouth and flew to the place where Chongyang self-destructed with great difficulty.

The Bug's body emitted a gentle power, which caused Chongyang's broken body to reassemble into a complete form.

Moreover, even his soul was restored.

Chongyang opened his eyes in confusion. His eyes were filled with confusion and confusion.

He had self-destructed. How was he still alive?

"I..."Chongyang was stunned.

"Junior brother Chongyang..."an extremely weak voice came from the Bug's body.

That voice was eldest senior brother.

"You're Not Dead?"Chongyang said in surprise.

Jiang Xuanzhong's voice was very weak. "This bug is the second magic treasure given to me by the sect leader. Only the sect leader and I know about it. Its purpose is to secretly resurrect me after I die."

Only then did Chong Yang realize why he was still alive.

So it was this life-saving magic treasure.

"But eldest senior brother, this was left to you by the sect leader. Why did you resurrect me?"Chong Yang picked up the bug.

Jiang Xuanzhong smiled weakly. "I... have no face to see the sect leader, and I have no face to see second junior sister and third junior brother..."

Before he died, he learned about his stupid decision from the expert of Yuan Nie, which led to the development of the matter.

He was the one who had caused the deaths of Ji Xuanling and Huo Lixin.

Therefore, he had no face to resurrect, and he had left the opportunity to Chong Yang.

Ji Xuanling had destroyed his soul, and Huo Lixin's body and soul had been destroyed. He could no longer resurrect.

Only Chong Yang had self-destructed. Although his soul had been destroyed, it was still there.

"Eldest senior brother!"Hearing this, Chong Yang threw his head back and cried.

Although Jiang Xuanzhong was conceited and treated outer sect disciples like ants, he had never neglected their inner sect disciples.

"Let's go back to the sect! The golden armor... has returned..."Jiang Xuanzhong's remnant soul quickly disappeared. As he was dying, he sighed and said, "Also... tell those two outer sect disciples... to tell them for me..."

In the end, he didn't say it out loud.

Chongyang mourned and sobbed, "I know, I will bring senior brother's heart!"

The bug in his hand gradually withered and finally died completely.

The bodies of his two senior brothers and one senior sister were buried on the spot. They kowtowed three times on the spot and flew up to the sky.

“Jin Jia! I’ll make you pay with blood!”

A few months later.

At the entrance of Tai Yi Gate.

Su Yu and Yu Xiang Wan were hurrying on their way.

Therefore, it only took them half a year to get back.

“Report this to the sect,”said Yu Xiang Wan.

They rushed back to report the murder of Jiang Xuanzhong and the others.

Chapter 2534 Confrontation In The Hall

When the two of them arrived at the sect, they were stopped by two disciples who were patrolling the entrance.

“Who’s there?”

“Outer sect disciple, Su Yu.”

“Outer sect disciple, Yu Xiang Wan.”

Upon hearing that, the patrolling disciple on the left exclaimed subconsciously, “How dare you...”

However, the patrolling disciple on the right interrupted him with an expressionless face and smiled. “So it’s two senior brothers from the outer sect. Please do as you please.”

As he said that, he left with the other disciple as if nothing had happened.

Yu Xiang Wan narrowed her eyes. There was a faint blue glow in her eyes as she said slowly, “Brother Su, something’s Not Right!”

He was neither deaf nor blind.

He could see the words and expressions of the patrolling disciple on the left.

“Looks like we’re a step behind.”Su Yu’s expression was calm.

The sect should have known that Jiang Xuanzhong and the rest were attacked.

However, it seemed that the two of them were listed as suspects.

With just a glance and a sentence from the patrolling disciple, Su Yu had already guessed the general situation.

However, it was just a guess, and he was unable to explain it to Yu Xiang Wan.

“We’re not in a hurry to return to the sect. We’ll talk about it after we’re prepared.”

Yu Xiang Wan agreed to this. It was better to be careful than to be careless. This time, Jiang Xuanzhong and the rest were assassinated, and this matter was no small matter.

If there was a slight mistake, they would be dragged down into eternal damnation. Naturally, they had to be even more careful.

The two of them walked to the entrance of the sect and left.

“Brother Su, I’ll go over there.” Yu Xiang Wan’s eyes flickered, implying that she wanted to prepare alone.

There were some things that he did not want Su Yu to know.

Su Yu did not mind. Everyone had their own secrets. Was he not the same?

“Alright!” He chose the other side and came to an empty hill.

“Come out!”

Gulp --

The ground not far in front of him squirmed and a female corpse controlled by his soul crawled out.

As the tunnel master, she was Su Yu’s greatest reliance.

Even if the sect master was causing trouble, Su Yu was confident that he could handle it temporarily.

At most, he could sacrifice some of his soul.

Of course, it would be best if she was not needed.

Su Yu sat cross-legged. His mind was full of thoughts, constantly speculating about what was going to happen in the Tai Yi sect.

Many fragments of memories flashed through his mind.

When she learned that his sect was the Tai Yi sect, Xie Xiaoyue’s expression and words suddenly became strange.

Jiang Xuanzhong and the others were suddenly ambushed and besieged by a large group of mysterious people.

There was also a strange look in the eyes and expression of the patrolling disciple.

Thousands of possibilities appeared in his mind.

After analyzing them one by one, Su Yu had already made up his mind.

“If I’m not wrong, Yu Xiang Wan and I should be the scapegoats.” Su Yu’s analysis was exceptionally accurate.

If the leader of the Golden Armor clan was here, he would definitely be surprised by Su Yu’s ability to make predictions.

However, even if he had predicted that there was a fire pit ahead, Su Yu still had to jump into it.

When he was done with his preparations, he arrived at the entrance of the sect.

Yu Xiang Wan was already waiting there.

Su Yu took a glance at him and could not help but guess what Yu Xiang Wan was prepared for?

The two of them took a deep breath and entered the sect together.

They went to the affairs hall at the first possible moment.

If any of them were to be attacked, they must inform the affairs hall immediately.

They had successfully met the leader of the Hall of affairs.

“Didn’t the two of you accompany the inner sect disciples to the center of the south? Why did you come back suddenly?”The leader asked in surprise.

Yu Xiang Wan sat up straight and replied, “Reporting to the leader, Jiang Xuanzhong, Ji Xuanling, Huo lixin, and Chongyang have been attacked. Their fate is unknown. Please report to the higher-ups and go to rescue them.”

After he said that, he looked at the hall master’s expression.

The hall master’s expression was calm as if he had already known about this.

His pair of eyes sized up Su Yu and Yu Xiang Wan.

“I do have to report to the higher-ups. You two traitors are finally back.”The hall master’s expression turned cold, and there was killing intent in his eyes.

Su Yu’s expression was calm.

Everything was within his expectations.

However, Yu Xiang Wan was surprised and exclaimed, “Traitors, US?”

He was furious.

If they were to be said to have betrayed him, it should be Jiang Xuanzhong and the others who had betrayed Su Yu and him.

It was not their turn to be traitors.

“Let’s go, follow me to see the Chief.”The hall master released his cultivation at the early stage of middle nirvana stage, enveloping the two of them.

He thought that he could intimidate the two of them with his aura alone.

Little did he know that both Su Yu and Yu Xiang Wan could kill him in an instant.

Su Yu and Yu Xiang Wan got up silently and followed the clan leader to see the head of the clan.

The head of the clan was meditating in the courtyard as usual.

“Head of the clan, two traitors have arrived,”said the clan leader as he bowed.

The head incharge slowly opened his eyes. His eyes were empty and indifferent. He only looked at Su Yu for a moment because he had some impression of him.

“Then what are we waiting for? We’ll execute them on the spot and show their heads to the public.”

Yu Xiang Wan thought that she would be able to defend herself when she saw the head incharge.

Unexpectedly, the head incharge directly said that he would kill them to establish his authority.

“Head incharge, if the two of us are traitors, why do we still have to come back?”Yu Xiang Wan asked, “Whether we’re traitors or not, we might as well contact Jiang Xuanzhong and the other four inner sect disciples as well as the Golden Armor Hall Master. They can testify to that.”

He said confidently.

They had helped Jiang Xuanzhong and the others, but they were betrayed instead. He did not believe that Jiang Xuanzhong would have the cheek to accuse him of being a traitor.

“There’s no need for that anymore. Other than the leader of the Golden Armor clan, the rest of them are already dead,”said the head incharge indifferently. “As for the two of you daring to come back, it’s within our expectations.”

As he said that, there was a hint of coldness in his eyes.

“Because you would never have dreamed that the leader of the Golden Armor clan would come back alive and reveal your crimes to the public.”

What?

Yu Xiang Wan was shocked beyond words.

“They’re all dead?”Yu Xiang Wan’s eyes were full of surprise.

Jiang Xuanzhong and the rest had obviously escaped from death, but in the end, they were still unable to escape death.

Moreover, the strange thing was that with Jiang Xuanzhong and the rest’s abilities, they shouldn’t have been completely wiped out, right?

It should be known that Su Yu and Yu Xiang Wan had rushed over to kill a batch of enemies.

Theoretically speaking, even if they were no match for them, one or two of them could still escape. There was no reason for them to be completely wiped out.

Also, what crime did they commit?

Why did the head of the Golden Armor clan announce it?

“Head incharge, we’re not convinced. We need to confront them face to face.”Yu Xiang Wan raised her head.

Who would accept such an unjust death?

The head chief furrowed his brows slightly.

If they had committed an ordinary crime, they could just kill them.

However, such a serious crime like betraying the sect must be investigated thoroughly.

Otherwise, the disciples would misunderstand that the sect had killed the innocent, and the people would definitely feel anxious.

**“Don’t give up until you reach the Yellow River! Pass on the Golden Armor!”**

Soon, the leader of the Golden Armor Division arrived.

When he saw Su Yu and Yu Xiang Wan, he glared at them as if he wanted to kill them and eat their flesh. “You two traitors, how dare you come back!”

Su Yu shook his head secretly.

It was exactly as he had predicted.

Jiang Xuanzhong and the rest were most likely dead.

The reason for this must be that there was a traitor among them.

Moreover, that traitor had escaped before them. The villains had complained and accused them of being traitors.

Everything was within his expectations.

He had even expected that the leader of the Golden Armor clan had already laid out all the evidence to make them unable to defend themselves.

Yu xiang wan scolded angrily, “Leader of the Golden Armor Clan, you’ve pushed us into a trap. How could you accuse us of being traitors?”

Unexpectedly, the leader of the Golden Armor clan had a righteous look on his face.

**“I don’t know what you’re talking about. I only know that the two of you colluded with an unknown force to harm us!”**The leader of the Golden Armor Clan had a sorrowful look on his face. **“Poor Jiang Xuanzhong, the four inner sect disciples committed suicide in anger!”**

His voice was full of emotion.

Those who did not know the truth would think that the leader of the golden armor clan was wronged.

Yu Xiang Wan snorted coldly. “Chief, you have no proof for your words. I can allow you to check my memory. It’s clear at a glance whether I’ve betrayed you or not.”

The leader of the Golden Armor clan chuckled. “What a coincidence. I’m also willing to reveal my memory and confront you in public!”

The chief of the golden armor clan replied indifferently, “Alright, it’s best to make things clear!”

He grabbed at the air with both of his hands, and a pained expression appeared between their brows.

They were all memories from a few months ago, just before the big battle.

In the memories of the Golden Armor clan's leader, they were just waiting in a corner when they were suddenly attacked by a large group of mysterious people.

They had no choice but to escape while sending a distress call to Su Yu and Yu Xiang Wan.

Later on, Su Yu and Yu Xiang Wan arrived at the scene.

However, in her memory, not only did the two of them fail to rescue the mysterious person, they even joined forces with the mysterious person to encircle and annihilate them.

In the midst of despair, Jiang Xuanzhong and the rest committed suicide one after another.

In the scene, Yu Xiang Wan and Su Yu, whose faces were covered in blood, were grinning hideously.

In the end, they bowed to the leader of the mysterious person and rushed back to the Tai Yi sect.

"This is fake!" Yu Xiang Wan chided.

The real situation was not like that at all.

He finally realized that the leader of the Golden Armor clan was the real traitor.

"You'll know when you've finished reading it," said the incharge indifferently

Yu Xiang Wan's memory was fragmented. When they received the message, they rushed over immediately.

However, the battle during that period was very blurry, and there were many signs of being cut off.

In the end, they could only vaguely see the two of them escaping.

Jin Jia sneered. "Do you still need to ask about a memory that's been tampered with and erased? It's only like this if you're pretending to cover something up."

Yu Xiang Wan was both angry and angry.

However, she really could not explain it.

That was because during the battle, he had used some mysterious means and even revealed the attributes of the corpse clan.

How would he dare to keep it in his memory?

However, this was also the direct evidence that he had faked it, making him unable to refute it.

"The evidence is clear and there's no room for refutation. Men, kill the two of them on the spot!" The Incharge was extremely cold.

Yu Xiang Wan still wanted to argue.

However, Su Yu had already waved his hand. "There's no need to argue anymore. He has already prepared all his excuses. Whatever you say is useless."

The head incharge indifferently said, "Since you've confessed, that's even better. Bow your heads!"

"Wait!"

Su Yu's expression was calm. Since he had already deduced everything, how could he not have the slightest bit of preparation?

"You have something to say?"

Su Yu shook his head. "I don't have anything to say, but someone will have something to say."

"Who?"

"Chongyang."

The head incharge shook his head. "Chongyang has already perished. On the register, his name is already as dark as ash."

Su Yu said indifferently, "Then you might as well take a look."

He might not be able to capture the successor of ancient god Jin Xuan, but could he not revive an ordinary Chongyang?

Chapter 2535 He Was In Prison

By resurrecting him, he would be able to tell the truth.

"Is that so?" The Incharge took out the register and opened it slowly.

Su Yu was holding a map given to him by Chongyang. It had the aura left behind by Chongyang.

Resurrecting Chongyang was not difficult.

However, he secretly used resurrection and was suddenly surprised.

"He's not dead?"

There was no reaction from his resurrection.

It was enough to prove that Chongyang was still alive.

However, the head steward clearly said that Chongyang's name was as dark as ash. It was a sign that he was dead.

"Eh?" The head steward was also surprised.

When he opened it again, he could clearly see that the two words 'Chongyang' on the register had a new glow.

That was the sign that he was still alive.

The expression of the Golden Armored Hall master changed again and again when he saw this.

A trace of fear filled his eyes.

Chongyang had personally witnessed the entire process of his betrayal.

As long as he returned alive, the truth would be revealed.

At that time, he would die without a burial ground.

However, he could not understand why Chongyang was still alive.

He was clearly already dead!

“I’ll send someone to bring Chong Yang back,”the Golden Armor Division leader immediately said.

The head steward glanced at him and shook his head, “Since Chong Yang is still alive, then not only are the two of them suspicious, you’re also suspicious. You need to avoid suspicion.”

These words caused the golden armor division leader’s heart to sink.

“I’ll go personally! This is related to the death of the four heroes of our sect. This matter is huge. I’ll definitely find out the truth!”

It could be seen that the innkeeper attached great importance to this matter.

That was why he did not hesitate to go there personally to ensure that Chong Yang would come back alive.

“Before that...”the innkeeper looked at Su Yu and Yu Xiang Wan. “Since the two of you are the most suspicious, I’ll detain you in the mine for the time being. Until the truth is out, you’re not allowed to leave the mine. Otherwise, I’ll kill you immediately. Do you have any objections?”

Yu Xiang Wan nodded her head hurriedly. “The truth will be revealed when Chongyang returns.”

“What About You?”The Incharge looked at Su Yu with a deeper meaning.

From the beginning to the end, Su Yu’s expression was too calm as if everything was under control.

“I have no objections.”

Being imprisoned was also within Su Yu’s expectations.

“As for Jin Jia, before the truth is found out, you’re only allowed to move around the sect. You’re not allowed to leave the sect. At the same time...”he looked at Su Yu and Yu Xiang Wan. “You’re also not allowed to enter the mine for even half a step. Do you understand?”

He was worried that if Jin Jia was really a suspect, he would kill Su Yu to silence him.

“Yes!”

The Incharge immediately stood up. “There’s no time to lose. I’ll set off immediately! You guys stay in the sect and don’t cause any trouble. The sect leader will be back soon. If I happen to bump into you two causing trouble, HMPH!”

The sect leader will be back soon?

It was interesting. Su Yu had been in the sect for so long, but he had never seen the sect leader before.

After the head of the sect left, he immediately carried out his orders.

Su Yu and Yu Xiang Wan were imprisoned in the mine by the disciples of the Hall of law enforcement.

Their entrance naturally attracted the attention of the crowd.

The slaves and inspectors were all very curious.

When they learned that the two of them would be imprisoned in the mine for the time being, they started to discuss among themselves.

The one who was the most excited was the boorish one!

He saw with his own eyes that Su Yu and Yu Xiang Wan were imprisoned in the strongest cage in the mine.

This cage was designed by the sect leader himself.

The back of the cage was supported by the extremely hard nine nether crystal. The pillars of the cage were made of ten-thousand-year-old dao wood that could not be broken.

The purpose of the cage was to trap the enemies of Xu and even Kong nie.

Once they were locked in the cage, no one would be able to break it without the sect leader's help.

"Hahaha, Su Yu, you have the same fate as me?"The boorish man threw his head back and laughed arrogantly.

Ever since Su Yu gained the upper hand and became an eight-star disciple, he had befriended an inner sect disciple.

He lived in fear and trepidation every day, fearing that Su Yu would take revenge on him.

In the end, the heavens had eyes.

Su Yu would also become a prisoner one day.

Moreover, the crime he committed was betraying his sect!

"What's there to be arrogant about? Wait for me to get out of here, I'll Strip You Naked!"Yu Xiang Wan couldn't stand the boorish man's arrogant look.

The boorish man couldn't stop laughing. He ordered his men to bring some good wine and food and started to eat leisurely in front of the cage.

"Hehe, this person, you mustn't be too arrogant. One day, you might fall from the sky,"sneered the boorish man.

Yu Xiang Wan looked at him contemptuously. "It's hard for a boorish man like me to become a great man."

Su Yu, on the other hand, was completely calm and turned a deaf ear to her words.

He was still thinking about the next plan in his mind.

Although he had already gotten what he wanted, Chong Yang would come back to solve the siege.

However, when he did things, he always liked to have a backup plan.

After thinking for a while, he released the baby.

The baby immediately ran around in the mine.

However, it was a little regretful that the baby had tried to break open the cage, but with his strange strength, he could not do it.

He couldn't do it, so he could only use the female corpse at the critical moment.

“There!” Suddenly, the baby pointed to the other side of the nine nether crystal.

He tried to break it open, but the nine nether crystal here was different from the ones that were mined.

The array here was strengthened, and its hardness was astonishing.

Otherwise, the sect leader wouldn't have used it to trap powerful enemies.

“There! There!” But he pointed to the depths of the nine nether crystal wall persistently.

Su Yu pondered for a moment.

If he remembered correctly, the other side of the nine Nether Crystal Wall corresponded to the abandoned mine, right?

There might still be some good nine nether crystals left there, but it should not only make the baby so excited.

“Is there anything on that side?”

The baby nodded hard. “Yes, yes, take me there, I want to Go!”

Su Yu's eyes flashed a little.

The expression of the baby was very similar to when he dug up the female corpse.

Could there really be something amazing there?

“When the time is right, I'll definitely bring you there,” Su Yu comforted.

The baby then returned to his storage space with a depressed expression.

Time passed slowly.

Su Yu patiently cultivated in the cage.

Yu Xiang Wan was also in a relaxed state of mind.

It should be foolproof to have the head in charge personally welcome Chong Yang.

When he came back, it would explain everything. The one who should be worried was the leader of the Golden Armor clan.

In fact, the leader of the Golden Armor clan was already getting anxious.

He was training the new recruits in the military preparation hall, but he was in a trance and absent-minded.

As the days drew near, the leader of the Golden Armor clan felt uneasy.

Was he going to sit and wait for his death?

He had tried to leave the sect, but as soon as he got down from the mountain, someone from the law enforcement division stopped him and warned him not to leave.

In other words, he was already under the surveillance of the law enforcement division.

In terms of situation, he was not much better than Su Yu and Yu Xiang Wan.

“Chen Qiankun, come here.” The leader of the Golden Armor Division thought for a long time and finally made a decision.

He looked for Su Yu’s good friend, Chen Qiankun.

“Hall Master, why have you summoned me?”

The Golden Armored Hall master didn’t say anything. He took out a pill and stuffed it into Chen Qiankun’s mouth.

The latter instinctively dodged, but the Golden Armored Hall master forced him to swallow it.

“Hall master, what are you doing?” Chen Qiankun was shocked.

He tried to force the pill power out of his body, but the pill was particularly strange.

Once it entered his body, it immediately melted into his limbs and bones, making it impossible for him to force it out.

The Golden Armored Hall master said coldly, “This is a highly toxic poison that I personally developed. After swallowing it, seven days and seven nights later, you will die without a doubt. If you don’t believe me, check your life force.”

Chen Qiankun looked inside and indeed felt that his life force was being corroded by some hidden power.

“Hall master, what did I do wrong? Why did you poison me?” Chen Qiankun gritted his teeth.

“You’re not in the wrong,” said the golden-armored hall master calmly, “The one in the wrong is your friend, Su Yu!”

The corners of his mouth curled into a cunning smile. “If you want to cure the poison, go and look for Su Yu now. He’ll know what to do. As long as he can take advantage of my wish, he’ll be able to cure your poison.”

How could Chen Qiankun not know that Su Yu and Yu Xiang Wan were imprisoned.

And the crime was to betray the sect?

The leader of the Golden Armor Division wanted to threaten him and hurt Su Yu, right?

Chen Qiankun was unwilling to harm Su Yu from the bottom of his heart.

In the past, it was thanks to Su Yu’s care that he had the status of the deputy leader of the Golden Armor Division.

Now, how could he repay kindness with enmity?

However, seeing that his life force was fading bit by bit, Chen Qiankun could only lower his head to the leader of the Golden Armor Division.

He hurriedly rushed to the mine and found the cage where Su Yu was.

“Senior brother Su, I’m here to visit you.” Chen Qiankun carried good wine and food and walked forward with a smile.

Su Yu smiled slightly. “Thank you for your trouble. You even specially came to visit me.”

Chen Qiankun sighed. “You’ve done me a favor. If you don’t even come to visit me, it would be too disappointing.”

Su Yu smiled but did not say a word.

He had only given him a small favor and had never taken it to heart.

Yu Xiang Wan chuckled and said bluntly, “It’s a treat.”

He said that he had many friends and had a lot of connections. However, after his accident, no one came to visit him.

On the other hand, Su Yu usually did not leave his house. Instead, Chen Qiankun came to visit him.

This made Yu Xiang Wan sigh.

The three of them were separated by the door of the cage. They were drinking and chatting at the same time. It was exceptionally pleasant.

“When senior Su comes out, we’ll have a good drink.” Chen Qiankun cleaned up the dishes.

He hesitated for a long time in his heart. In the end, he sighed silently and did not tell anyone about the poison in his body.

His conscience told him that Jin Jia was up to no good.

Moreover, with Su Yu’s character, if he pretended to be ignorant and told Su Yu about the matter, Su Yu would definitely bow to the golden armor and be hurt.

However, he still had a bit of conscience.

He was in the Tai Yi sect, where the strong preyed on the weak.

He had seen too much darkness, bullying, and hurt.

With his body covered in wounds, how could he bear to betray his friendship after receiving Su Yu’s kindness?

Therefore, he would rather die from the poison than implicate Su Yu.

“Come here for a moment,” interrupted Su Yu with a smile.

The latter was puzzled and came closer.

Su Yu stretched out his hand from the cage and patted his shoulder. “Thank you.”

“What’s there to thank?” Chen Qiankun looked puzzled.

After he left, Su Yu's gaze gradually cooled down.

Yu Xiang Wan chewed on the remaining chicken wings in her hand and said with a faint smile, "Your friend seems to have something to say."

Su Yu did not say anything.

In fact, the moment Chen Qiankun arrived.

He had noticed that Chen Qiankun's vitality was being seriously corroded.

That should be caused by a lethal poison.

And in the sect, who would poison Chen Qiankun who kept a low profile for no reason?

It could only be the Golden Armor Hall Master?

Chapter 2536 The Sect Leader Has Returned

He must have forced Chen Qiankun to tell Su Yu about his situation.

And Su Yu might agree to some of the Golden Armor Hall Master's requests out of anger.

For example, admitting that he was a traitor and committing suicide.

This way, even if Chong Yang came back alive, the Golden Armor Hall master would be able to retreat and slander Chong Yang as a traitor.

However, Chen Qiankun did not say that.

From the beginning to the end, he had come to visit Su Yu with a grateful heart.

Therefore, Su Yu patted his shoulder and injected a life domain into him.

Not only would his life force not be corroded by the poison, but his life force would also be vigorous and his lifespan would be endless.

"Golden Armor?" Su Yu's eyes were slightly cold.

The next day, Chen Qiankun came again.

It could be seen that the golden armor had forced him to come.

However, Chen Qiankun had already seen past life and death, so he was happy to come and reminisce with Su Yu every day.

In a flash, seven days passed.

Chen Qiankun had a premonition that his life force was about to be exhausted, so he forced a smile at Su Yu. "Senior brother Su, I have something to do tonight and need to leave the sect. I don't know when I will be able to come back in the future."

He raised his wine cup and Toasted Su Yu. "If I can't come back, senior brother Su, please take care of your body and get through this difficult time."

He did not want to die in the sect.

He had been trapped in the sect for tens of thousands of years.

This place was like a cage that he could not escape from.

Therefore, he would rather die outside and die in the free world that he yearned for.

Su Yu looked at him deeply, drank the wine in his cup, and said, "If you allow it, don't come back in the future."

Chen Qiankun smiled. "Thank you for your kind words, senior brother Su!"

He cupped his fists and left with a solemn mood.

At night, he left the sect under the moonlight and sat on a small hill not far from the main gate.

Looking at the north, Chen Qiankun felt lonely.

Time passed by little by little.

He felt that his life force had reached its final limit.

Looking at the stars in the sky, he slowly closed his eyes and smiled. "Goodbye, senior brother Su. Goodbye, My Old Dream."

Tick-tock --

He seemed to hear the sound of his life force being extinguished.

Then, his original life force was completely exhausted.

His head drooped, and he died.

However, not long after, he suddenly opened his eyes. His eyes were filled with shock. "What is this?"

He saw a green leaf in his body that had replaced his heart. It was constantly releasing life force, making his life force unprecedentedly strong!

"This is..." Chen Qiankun was shocked for a long time before he suddenly remembered someone.

Tears instantly filled his eyes.

"Senior brother Su! Do you really know that I'm poisoned?" Chen Qiankun had mixed feelings.

In the Tai Yi sect, there were capable people.

But the only capable person who was willing to help him was Su Yu.

That magical leaf must have been secretly given to him by Su Yu.

Huala --

Suddenly, a spatial vortex appeared beside him.

A spatial storage device fell from it.

Chen Qiankun opened it and was deeply moved.

He saw that there was a total of 300,000 time crystals in the spatial storage item!

With this crystal, he could easily go anywhere in the world and get rid of the Tai Yi sect.

He finally understood why Su Yu said that he hoped he would never come back.

“Senior brother Su!” Chen Qiankun cried and kowtowed towards the Tai Yi sect.  
“I, Chen Qiankun, will never forget your great kindness!”

After that, he kowtowed again and again. He held the spatial storage device in his hand and disappeared into the night.

At the same time, in the sect’s register, Chen Qiankun’s name was as dark as ash the moment it disappeared from his life.

In the cage.

The spatial domain in Su Yu’s palm slowly dissipated.

“Brother Su, you’re too kind to others,” sighed Yu Xiang Wan.

Su Yu smiled but did not say anything.

He was only kind to his friends, but he was always cold and ruthless to his enemies.

For example, the golden armor that was about to be killed by him!

A few days later.

The golden armor was like an ant on a hot pot, panicking all day long.

That was because, according to his calculations, the incharge should have successfully met the golden armor.

Once that happened, everything would be settled.

Outside the main gate, there were countless distances.

Chong Yang was exhausted as he walked towards the sect with great difficulty.

At this moment, a great power pierced through the sky and landed beside Chong Yang.

Chong Yang was shocked.

“It’s me!” The head incharge appeared.

Seeing that it was him, Chong Yang was overjoyed. “Head Incharge! You, why are you here?”

The head incharge looked at the exhausted Chong Yang and injected a surge of power into his body, causing him to quickly recover.

“Thank You, Head Incharge!” Chong Yang was so happy that he was crying, but then he felt extremely sad. “Head Incharge, eldest senior brother, second senior sister, and third senior brother are all dead!”

The Head Incharge’s expression was calm as he slowly said, “I came to pick you up because of this matter.”

“Speak, what exactly is going on?” The head incharge grabbed his shoulder and asked.

Hearing this, Chong Yang's face revealed a dense killing intent.

"It's the Golden Armor Hall Master of the Military Preparation Hall! He is a traitor of the sect!"

Thus, Chong Yang told the whole truth.

After hearing this, the Incharge's expression was surprisingly calm. "It's been hard on you. Does anyone else know about this?"

Chong Yang shook his head and said with a bitter smile, "Eldest brother gave his life to me and brought me back to life. Other than me, who else knows?"

"Oh, that's good."The Head Incharge looked relieved.

Chong Yang was stunned. He looked at the Head Incharge's untimely expression and asked suspiciously, "Head incharge, What Do You Mean?"

"I mean it literally."The Head Incharge's expression suddenly became indifferent.

Chong Yang immediately had a bad premonition.

He tried to put some distance between them, but the head incharge's hand on his shoulder was like a giant that could not be moved.

No matter how hard he struggled, he could not break free.

"Head Incharge, you... could it be that you..."Chong Yang could not believe his guess.

The head incharge turned his head and looked at him coldly.

The corner of his mouth curled into a cruel smile. "I, like Jin Jia, belong to that organization. It's just that Jin Jia that idiot doesn't know yet."

"Ah! Head Incharge, don't!"

Chong Yang's heart was filled with the desire for revenge. He only wanted to kill Jin Jia to avenge them.

He was absolutely unwilling to accept that he would die in the hands of another traitor.

His mood could be said to have fallen from the sky to the ground.

"I personally came to kill you. You can rest in peace."

After he finished speaking, Chong Yang's body suddenly started to burn.

In the blink of an eye, he was reduced to ashes and could not be any more dead.

The incharge clapped his hands and looked in the direction of the sect with a sneer. "It's time to go back and deal with those two brats."

More than a month later.

In the mine.

The boorish man continued to humiliate Su Yu and Yu Xiang Wan with his words as usual.

However, Su Yu and Yu Xiang Wan remained unmoved and treated him like air.

At this moment.

A group of law enforcers dressed in black rushed over and opened the cage.

“The Head Incharge has returned. Follow me to receive the Final Judgment!”

Yu Xiang Wan heaved a sigh of relief and said coldly, “Jin Jia, it’s all over!”

The two of them returned to the upper echelons and arrived at the courtyard of the head incharge.

Jin Jia was already there.

It was obvious that he looked anxious and uneasy.

Yu Xiang Wan looked relaxed and gave a chuckle. “Head Incharge, you’ve already received senior brother Chongyang, right?”

The head incharge nodded his head slightly.

“Hurhur, now can we announce who is the traitor?” Yu Xiang Wan looked at Jin Jia coldly.

The head incharge said indifferently, “Chongyang said that the traitor is... Su Yu and Yu Xiang Wan!”

Instantly!

Yu Xiang Wan’s face froze as she pointed at her own nose in disbelief.

Su Yu opened his eyes slightly, his expression was calm.

As expected, his previous plan did not succeed.

Luckily, he had a backup plan.

“How is that possible? Where’s senior Chongyang? Quickly invite him out to confront him!” Yu Xiang Wan was not convinced.

The incharge sighed softly. “Chongyang’s injuries were too serious. Not long after I received him, he died.”

“Before he died, he told me the truth.”

The eyes of the innkeeper turned sharp.

“Yu Xiang Wan, you don’t have to quibble anymore. The facts are clear and the evidence is conclusive. You and Su Yu were the spies of the Tai Yi sect. It was because of your selfish motives that four outstanding talents of the sect were killed!” The innkeeper had already made his decision.

“Men, push them out and behead them in public!”

The head of the sect waved his hand, and a group of law enforcers in black rushed over.

“Bow your heads and admit your crimes!”The law enforcer berated.

Yu Xiang Wan was so angry that she threw her head back and laughed. “What sect? What fairness? We were the ones who were betrayed, but in the end, we became traitors. Ridiculous, ridiculous!”

Her eyes shone with a blue light.

Even if she had to die, Yu Xiang Wan would never be willing to die with injustice.

Su Yu’s gaze was indifferent. “Chief, I want to ask, didn’t you see the look on the face of the Golden Armor clan leader? He was very scared from the start?”

The chief turned a blind eye to it and said plainly, “I only believe in evidence. Chong Yang is the best evidence. Since he said...”

Su Yu interrupted him and said indifferently, “I’m sorry, Chong Yang is already dead. Only you know what he said. Only you know what he said. What kind of evidence is this?”

“Humph!”The Head Incharge’s eyes were cold and sharp. “Are you suspecting me?”

Su Yu said indifferently, “Why can’t I? A powerful warrior in the Nirvana realm, facing a wounded man in the Middle Nirvana realm, isn’t it strange that he can’t treat his serious injury?”

When he used the resurrection of the dead back then, he noticed that Chong Yang’s vitality was very strong.

It was not a serious injury at all!

Therefore, he was almost certain that the innkeeper was lying

“I am the innkeeper of the Tai Yi sect. I am impartial and will never play favorites!”The innkeeper waved his sleeve. “Come on, push it out and kill it. If you resist, kill without mercy!”

Su Yu’s expression was indifferent.

He had finally given up on obtaining the Tai Yi Supreme Heavenly Mirror peacefully.

The Tai Yi sect could no longer tolerate him.

He slowly put down his hands and sighed, “There are so many spies in the Tai Yi sect!”

Not only was there a hall master, even the Head Incharge, who was second only to the sect master, was also a spy.

“Kill!”The Head Incharge’s eyes were cold as he gave the order to kill!

At this moment, he was the ruler of the Tai Yi sect.

Whoever was killed had to die.

However, just as the enforcers were about to attack and Su Yu was about to fight back, a dry but unusually deep voice drifted into everyone’s ears.

“Stop.”

The expressions of the enforcers changed drastically as they knelt on one knee respectfully.

Chapter 2537 The Ancient Tomb Of The Devil Sect

They shouted, "Welcome back, sect leader!"

The Head Incharge's expression changed and he immediately knelt down on one knee.

Sect leader?

Not far away, a wine gourd floated over.

An old man with a wine nose, ruddy complexion, and messy hair sat on it.

Behind the old man was a middle-aged woman. She was the second incharge of the Tai Yi sect.

They went to the holy city to recruit new strong practitioners to replenish the blood of the sect.

However, because Su Yu and Yu Xiang Wan had saved the group of captured strong practitioners, they changed their minds and returned empty-handed.

It was neither too early nor too late, and they happened to bump into this scene.

The sect leader jumped down. The wine gourd turned into an ordinary size and was pinned to his waist.

"What happened?" The sect leader looked at Su Yu and Yu Xiang Wan, then at the Incharge.

The sect leader's eyes flashed with a hint of evasiveness, but he was very sure about it. "Sect leader, Jiang Xuanzhong and the other four heroes of the inner sect were all betrayed by a traitor and were persecuted to death."

The sect leader fell silent and sighed.

"They're dead!"

"What exactly happened? Who betrayed them?" asked the sect leader.

Hence, the sect leader and Jin Jia each told the truth.

After hearing that, the sect leader did not speak for a long time and asked without turning his head, "Zhenqing, what do you think?"

The second sect leader looked at the sect leader, then looked at Su Yu and Yu Xiang Wan.

"Naturally, the words of the sect leader are more credible."

The sect leader had done countless meritorious deeds for the sect and was extremely loyal.

There was no reason for him to lie.

The sect leader nodded his head slightly. "Not bad."

Then, he looked at Su Yu and Yu Xiang Wan.

Su Yu felt a terrifying pressure when he was facing a powerful tunnel master at such a close distance.

It was as if he was going to be crushed at the next moment.

If the tunnel master wanted to kill him, he did not even need to lift a finger.

Just a glance was enough!

Just when Su Yu reached his limit and was about to summon the female corpse...

Suddenly, his entire body was empty.

The head suddenly turned around and slapped the head of the head.

The Incharge was caught off guard and half of his body was smashed.

At the same time, a field nailed his body and soul to the ground in the courtyard, unable to move.

The sudden change caused an uproar in the whole hall!

Zhenqing was shocked and said, "Sect leader, why did you attack the Chief? The traitor is the two outer court disciples!"

Her mind was blank and she did not understand what was wrong with the sect leader.

Jin Jia was also stunned and there was still a smug smile on his face.

The sect leader's ruddy face was filled with a faint killing intent. He said in a dry and hoarse voice, "It's my poor eyesight. For many years, I did not realize that there was a person with evil intentions around me."

His words shocked Jin Jia and Zhenqing.

Was the chief in charge a traitor?

Zhenqing said, "Sect leader, you must have solid evidence. You can't kill people arbitrarily."

She couldn't accept the fact that the chief in charge was a traitor.

The sect leader waved his hand and sighed, "I once gave Jiang Xuanzhong two treasures. One is a purple jade pendant and the other is a soul returning worm. You all know the former, but only Jiang Xuanzhong and I know the latter!"

What?

There was a second treasure?

Indeed, no one knew about this!

"The soul returning worm can resurrect the dead in a short time and restore them to their peak condition," the sect leader said slowly, "Therefore, the effect of the soul returning worm is that Chongyang can resurrect the dead."

"However, the head steward said that he died of heavy injuries when he received Chongyang!" The sect leader's eyes were cold.

It was obvious that Chongyang was at his peak after being resurrected.

How could he die of heavy injuries?

There was only one answer!

The head steward had killed him!

Therefore, he concluded that the head steward was the real traitor!

Furthermore, the Golden Armored Hall Master was also a traitor!

Upon hearing this, Zhenqing immediately understood the meaning behind it. His eyes changed again and again before they finally turned cold.

“Head Incharge! You are too disappointing!” If it wasn’t for the fact that the sect leader had secretly saved Jiang Xuanzhong, he wouldn’t have known that there was such a dangerous mole hidden in the Tai Yi sect!

If he were to suddenly attack one day, with his status and strength, it would definitely cause an unimaginable disaster.

Fortunately, the head incharge had given himself away and was completely subdued by the sect leader.

“Take him away and lock him up in the heavenly prison of the mine,” the sect leader ordered.

Zhen Qing nodded and immediately carried the sealed head incharge to the mine to be locked up personally.

At the same time, the sect leader looked at the Golden Armor Hall Master with an indifferent expression, “Betraying the sect is a capital crime, not to mention killing the four heroes of the inner sect!”

However, although the Golden Armor Hall master was in a desperate situation, he still took a killing weapon from me.

“Don’t come over!” He took out the purple jade pendant that should have belonged to Jiang Xuanzhong.

The jade pendant was filled with the terrifying power that only the tunnel master had.

Moreover, the jade pendant was already in an activated state. As long as the Golden Armored Hall master squeezed it lightly, he would be able to activate it.

At that time, more than half of the Tai Yi sect would be destroyed.

Other than the sect leader who was still safe and sound, everyone else, including Su Yu, would be blasted into dust.

However, the sect leader’s expression was very calm.

“Are you using my things to threaten me?” The sect leader laughed silently.

He reached out his hand and grabbed at the air.

The purple jade pendant that had clearly been activated actually dimmed strangely.

The Golden Armored Hall leader’s heart sank to the bottom, and his eyes were filled with despair.

Plop --

He knelt on the ground and repeatedly kowtowed, "Please show mercy, sect leader, please show mercy, I was forced!"

The sect leader shook his head lightly. "Betrayal is betrayal. There's no such thing as being forced or not being forced."

However, the sect leader obviously wanted to get more useful information from him, so he did not kill him immediately.

Instead, he waved his hand and sealed all his limbs and bones.

Only then did he look at Su Yu and Yu Xiang Wan.

"It's been hard on the two of you!" The sect leader smiled faintly.

Su Yu and Yu Xiang Wan's tokens flew out of their bodies and appeared in the sect leader's hand.

The sect leader swiped his finger on the token and handed it back to them.

Yu Xiang Wan took back her token and looked at it. She was pleasantly surprised. "A seven-star disciple?"

Before this, he was only a two-star disciple.

In the blink of an eye, he had become a seven-star disciple, a whole five levels higher!

Su Yu looked at his token. What made his pupils shrink was that he had jumped from an eight-star disciple to a hall master!

Yes, he had crossed nine-star disciples and deputy hall masters consecutively and became the new hall master directly.

"Sect master, this..." Su Yu felt that the reward this time was too heavy.

The sect master smiled indifferently, "You have made great contributions consecutively. It's your duty! Let me see if there are any vacant positions for you first."

Su Yu was overjoyed.

He did not care about the position. As long as his level was high enough, it would be enough for him to borrow the supreme heavenly mirror once.

"Thank you, sect leader!"

"Mm, take this person to the mine and lock him up." The sect leader threw the leader of the Golden Armor clan on the ground and handed him over to them to deal with.

He returned to the depths of the sect.

He had left the sect for too long and was under the control of the traitor. Who knew if there were other hidden dangers in the sect?

"Brother Su, you can go. I'll send him to the heavenly prison." Yu Xiang Wan gave Su Yu a congratulatory look.

Only he knew that Su Yu had risked his life to successfully reach the level of the hall master by using the Supreme Heavenly Mirror.

Now that the sect master had granted his wish, he had finally reached the level of the hall master. Naturally, he needed money to fulfill his wish.

“Be careful,”warned Su Yu.

Yu Xiang Wan sneered. “What’s so dangerous about sending a sealed cripple?”

As she said that, she picked up the Golden Armor Hall Master and sent him to the mine.

Su Yu frowned.

He did not know why, but he felt a slight sense of unease.

However, he could not fathom where the unease came from.

The chief in charge and the Golden Armor Hall Master had been suppressed. Could there be other unknown dangers?

There shouldn’t be any?

Su Yu opened his mouth but did not say anything in the end.

That was because he was not sure where the source of the unease came from.

“I can’t keep the Taiyi sect,”Su Yu thought to himself.

After he finished using the Supreme Heavenly Mirror, he wanted to ask Yu Xiang Wan if she wanted to leave with him.

With that thought in mind, he quickly went to the core area of the sect, the secret hall.

All the important and confidential matters were completed in this hall.

The supreme one Supreme Heavenly Mirror was in the Secret Hall. The sect master had personally set up an array formation to guard it. It was impossible for an ordinary person to break in.

He came to the Secret Hall, showed his hall master token to the hall master, and successfully entered.

He also saw the supreme one Supreme Heavenly Mirror that he had always dreamed of.

It was a puppet that was completely reflective.

The surface of its body was like countless mirrors, reflecting the shadows of everything in the universe.

The strange thing was that the surrounding scenery was not reflected at all.

“I want to find the exact location of the vile-daughter palace.”Su Yu was looking forward to it.

The surface of the Taiyi supreme heavenly mirror immediately flashed with light. The Shadows of the reflections flickered continuously, as if they were trying their best to search for information about the vile-daughter palace.

Two hours passed.

Four hours passed.

The Supreme Heavenly Mirror was still spinning.

“It seems that the information you are looking for is very scarce. That’s why you are taking such a long time,”the leader of the secret hall consoled.

As he was speaking.

The Supreme Heavenly Mirror suddenly stopped with a ding.

The same image was reflected on its entire body.

It was a dark, violent world filled with lightning and thunder.

In the world, many coffins were arranged neatly, and corpse Qi filled the air.

One could vaguely see a blood-red coffin lying in the center of the Dark World.

A terrifying aura was faintly emitted from the coffin.

It was as if there was a heaven-devouring monster lying inside. who could break out of the coffin and devour the world.

On the other side of the blood coffin, a dilapidated palace could be seen hanging at the edge of the dark world. It was on the verge of collapsing.

Then, the scene came to an abrupt end.

“What is that place?”Su Yu’s breathing was slightly hurried.

That dilapidated palace was the vile-daughter palace!

However, what was that pitch-black world?

What did so many coffins mean?

What were the powerful creatures in the blood-red coffin?

Regarding this, the hall master of the secret hall thought, “Perhaps, the people of the Devil sect will know.”

The Hall Master of the Secret Hall was in charge of the most confidential information in the sect. He had an unimaginable understanding of everything in the universe.

“How do you know?”Su Yu asked.

The Hall Master of the Secret Hall swiped his finger and the scene was played back halfway.

“Look at those coffins. They all have the same pattern.”

Su Yu looked carefully. Those patterns were all the same.

Devil!

Chapter 2538 Danger

“This is the symbol of the demon sect. Perhaps the answer you want is within the demon sect.”

Demon sect?

Su Yu frowned deeply.

Although the location wasn't specific, he still had some clues.

However, who should he ask about the people of the demon sect?

Suddenly, Su Yu's eyes lit up.

“Thank you!” He bade farewell to the Hall Master of the Secret Hall. Before he left, he copied this image and quickly left the sect.

One day later.

At the foot of a certain mountain.

“Jin Yue,” Su Yu called out.

A beautiful figure arrived as scheduled. She was Jin Yue, and she had been waiting for Su Yu for several years.

“I thought young master Su had already forgotten about me,” Jin Yue said resentfully.

Su Yu smiled apologetically. “I've been carrying out missions outside for the past few years, so I didn't have the time to come here.”

He took out a piece of sixth grade nine nether crystal that weighed 50 kilograms.

“Sixth grade? It's that Big?” Jin Yue was quite shocked. Her face was filled with joy. “The mine of Your Tai Yi sect is getting richer and richer. Even such a big sixth grade nine nether crystal has appeared.”

“However, such a big piece might not be enough for the time Crystal I carry with me.”

He was only a small businessman, so the time crystal on him was very limited.

Su Yu said indifferently, “I'll give it to you for free.”

“Give it to me?” Jin Yue was stunned, unable to believe her ears.

If it was converted into a time crystal, this nine nether crystal would require at least 160,000 time crystals.

This was an astronomical figure!

“The condition is to answer one question of mine.” Actually, even if she did not answer, Su Yu could still give the nine nether crystal to him.

Not to mention anything else, just that demonic ape puppet that could evolve on its own was worth far more than 160,000 time crystals.

“Really?” Jin Yue was extremely excited.

160,000 time crystals! She had never earned so many time crystals ever since she became a merchant.

“Of course it’s true!” Su Yu took out a copy of the painting and showed the dark world to Jin Yue. “Do you know where this painting is?”

To her surprise, Jin Yue recognized it at a glance, and a trace of fear appeared on her face.

“You’ve also been to the ancient tomb of the Devil Sect?”

Ancient Tomb?

It was somewhat similar to the description in the painting.

“Where is this place?” Su Yu’s expression was slightly joyful.

However, Jin Yue shook her head, she said with great regret, “The ancient tomb of the Devil sect is the burial place of every devil master after his death. Only the tenth elder of the Devil sect and the Devil Master Know About It. Moreover, it will only be opened once after the death of the Devil Master. Ordinary people don’t know about it at all.”

Back then, Jin Yue’s ancestor was an elder of the Devil Gate. Therefore, Jin Yue knew a little about the Devil Gate’s ancient tomb.

If it was anyone else, Su Yu might not have gotten the information about the Devil Gate’s ancient tomb.

Would the world be opened after the death of the Devil Master?

Su Yu murmured. It seemed that it was necessary to capture an elder of the Devil Gate and interrogate him.

The best candidate in his mind was that elder Xiao Mo who was in the Kong nie realm.

Firstly, his cultivation was the lowest among the ten elders of the demon gate.

Secondly, he had a grudge against Su Yu.

“Thank you for telling me.” Su Yu paused and then said, “I may leave the Tai Yi sect forever, and I won’t be able to do business in the future. Don’t Wait for me.”

Jin Yue sighed and said with some regret, “It’s rare to meet someone worthy of being my friend.”

“However, I’ve decided not to do business anymore. With You, this hundred Jin sixth grade nine Nether Crystal, I have a chance to enter the demon gate and be the leader of the management team. Perhaps I won’t have to work so hard in the future.”

Su Yu smiled. “Congratulations!”

The two of them looked at each other and smiled.

Ever since they first came to the eight-star civilization, they had been trading with each other peacefully until now. They were more or less on good terms with each other.

With this farewell, they might not see each other again.

“In that case, we’ll meet again!”The two of them cupped their fists and left.

Su Yu rushed to the sect in a flash.

Little did he know that the mine of the sect had undergone a drastic change as soon as he left.

At that time.

Yu Xiang Wan came to the mine with her golden armor.

At that moment, while the slaves were working, she could not see a single slave.

Yu Xiang Wan’s eyes narrowed slightly, and traces of blue light were flickering in her eyes.

Suddenly, her gaze was like lightning as it swept across a certain crystal of the netherworld that was scattered on the ground.

She picked it up and flipped it over. A drop of bright red dao blood bloomed like a flower.

“The blood of the supervisor?”Yu Xiang Wan squatted down and was on high alert.

The whereabouts of the slaves were unknown. It was already extremely strange.

In the end, even the blood of the supervisor was present.

Moreover, the strange thing was that the second incharge had personally brought the head incharge, who had been sealed, down. Why was there no trace of him?

Yu Xiang Wan suppressed the uneasiness in her heart and carried the leader of the Golden Armored Hall to the prison.

In the end, there was no one in the sky prison!

“What’s going on?”Yu Xiang Wan asked in surprise.

The second leader had arrived at the mine before him. How could he have disappeared without a Trace?

The uneasiness in his heart grew stronger and stronger.

After pondering for a while, he decisively took the leader of the Golden Armor clan and retreated frantically, trying to leave the mine to report to the sect leader.

The disappearance of the second leader and the first leader was no small matter.

However, at this moment, a faint, evil smile appeared behind him.

“You’re still smart, but it’s Too Late!”

Following that, an incomparably fierce attack landed on Yu Xiang Wan’s back.

Yu Xiang Wan's heart pounded wildly as she felt a strong sense of crisis.

Without thinking, he threw the leader of the Golden Armor clan away and a large amount of blue flames gushed out from his back, blocking the incoming attack on the spot.

Unfortunately, the attack was too powerful. Yu Xiang Wan only managed to block half of it.

The other half of the attack landed on his body.

Ah --

Yu Xiang Wan let out a miserable grunt as her back and chest were all penetrated.

Ordinary creatures should have died because of this.

However, Yu Xiang Wan was not affected at all. She ran away frantically.

At the same time, she turned around to look.

When she saw the attacker, her expression changed drastically. "Head steward, you..."

At this moment, not only was the head chief recovering from his injuries, even the seal that the sect leader had placed in his body was forced out.

With the head chief's current condition, it was impossible for him to be forced out.

Only those who were not much weaker than the head chief could successfully force him out.

And those who could do this..

Yu Xiang Wan's heart skipped a beat.

Could it be..

"I was wondering what kind of powerful character he is. Turns out he's a corpse race member who has hidden himself as a human, Hurhur!" The second elder's voice was like a nightmare that fell into Xiang Wan's ears.

Following that, a strong gust of wind flashed in front of him, and another extremely violent attack hit his body.

This time, he did not manage to resist in time and his body was shattered into four pieces on the spot.

The figure of the second incharge also slowly walked out from the darkness.

There was a hint of ridicule on her face. "The head incharge is really something. It was not easy to find out that the head incharge had betrayed me, but he still asked me, who had betrayed him as well, to send him to the heavenly prison. This really puts me in a difficult position. Should I continue to be loyal or shed all pretenses and expose myself?"

Chapter 2539 Riddled With Holes

Yu Xiang Wan let out a bitter laugh. "Riddled with holes!"

In the entire sect, there were three supervisors and two of them had become traitors to the enemy.

If the higher-ups were like this, it was obvious what the situation was like at the bottom?

“Where did you take the slaves?” Yu Xiang Wan struggled to ask.

As a zombie, only by destroying their souls would they be truly destroyed.

Their physical bodies alone would not be able to destroy them.

“You don’t need to know about this!” The Second Incharge’s eyes turned cold as he charged toward them.

Suddenly, the four pieces of Yu Xiang Wan’s corpse sank into the ground and disappeared.

The second incharge sneered. “It’s just a small trick!”

She stomped on the ground and the entire ground started to tremble violently.

Not far ahead, traces of black blood were seeping out from the depths of the ground, soaking a large area of the ground.

The blood was still moving forward.

“Can you escape?” The second-in-charge flew over and grabbed Yu Xiang Wan from the ground.

The moment she appeared, Yu Xiang Wan’s eyes shot out a large amount of blue light, instantly engulfing the second-in-charge.

However, the second-in-charge was not afraid at all. “A high-level corpse fire?” He mocked, “It’s a pity that it might still be useful to people in the Nirvana stage. But it’s useless to me now!”

The second-in-charge was not injured at all. Instead, he slapped Yu Xiang Wan’s head, aiming for her vital soul.

At the critical moment, Yu Xiang Wan let out a low growl.

In the midst of endless pain, her body actually exploded on its own.

This was to prevent her soul from suffering destructive damage.

A large amount of her flesh and blood immediately melted into the ground, sinking deeper and deeper into the ground.

The second-in-charge stomped on her several times, but he could not shake her off.

“What are you standing there for? Aren’t you going to look for her together? If this kid manages to escape and inform the sect, we’ll all die!” The second-in-charge was extremely fearful of the sect leader.

The difference between the Earth Dao Master and Xuan Dao Master was like the abyss of Heaven.

If the sect leader wanted to kill the two of them, it wouldn’t take much effort.

The first incharge stood in the distance and felt around, he said, “Don’t worry. With his injuries, he won’t be able to escape from the mine. Moreover, there are our people guarding the entrance of the mine. If he shows himself, he will definitely die. The most important thing now is to quickly carry out that mission. Otherwise, when the sect leader finds out what we did to the sect, everything will be over!”

With that, the second incharge was unwilling to give up and went to the deepest part of the mine with the first incharge.

Not long after, Yu Xiang Wan came out from the underground and transformed back into her human form.

Her face was extremely pale and her breathing was extremely weak. For a moment, it was impossible for her to recover.

Moreover, the thing that he was most worried about was that if something happened in the mine, would the higher-ups still play around?

“Brother Su, hang in there.” Yu Xiang Wan walked toward the exit of the mine with difficulty.

He wanted to inform Su Yu to leave the sect as soon as possible and not to come back!

He stumbled along the way and finally reached the exit after a day.

However, what made him despair was that not only was the exit sealed by a powerful formation, there were also many strong practitioners hiding in the dark.

Among them, there were even some who were in the later stage of the Nirvana stage.

There were as many as dozens of them.

The moment he appeared, he would definitely die!

His heart was burning with anxiety, but there was nothing he could do about it.

That was because the seal had even cut off communication. The people outside did not know what had happened in the mine.

At this time.

Su Yu had returned to the Tai Yi sect.

To him, there was nothing left for him to stay in the Tai Yi sect.

The reason why he came back was to look for Yu Xiang Wan.

Before he left, he wanted to advise Yu Xiang Wan to leave the Tai Yi House as soon as possible.

“Brother Yu!” He knocked on Yu Xiang Wan’s lounge.

However, there was no response from the door.

That shouldn’t be the case!

He used his clairvoyance to look inside, but there was no one there!

Moreover, he noticed that there was a thick layer of dust at Yu Xiang Wan’s door.

“That’s not right! Yu Xiang Wan didn’t come back!”

After he and Yu Xiang Wan came back from Nanming City, before they had time to return to their own resting room, they were called over by the incharge. After that, they were imprisoned in the prison and did not have time to come back.

The dust at the door was still there. It was enough to prove that Yu Xiang Wan did not come back after she went to the golden armor.

“Did something really happen?” Su Yu’s eyes darkened.

When he said goodbye to Yu Xiang Wan yesterday, he felt a sense of unease.

Could it be..

He immediately dashed to the location of the mine.

He sighed and noticed that the entrance of the mine was sealed from the inside to the outside!

Su Yu’s face changed and quickly speculated, “There’s Trouble!”

He took out his communication jade and sent a message to the head of the Hall of affairs. “There’s a change in the mine. Please inform the sect leader!”

He did not have the right to meet the sect master directly, so he could only let the Hall master pass the message.

However, after thinking for a while, Su Yu sent a message to several hall masters, including the Miao Xiang Hall master whom he had traded with before.

Di Di --

Almost at the same time.

More than ten Hall Masters received the message at the same time.

When the hall master received the message, his first reaction was to stand up suddenly, and then he actually became anxious.

Then, he sent a message to several hall masters consecutively.

The result was the same.

They also received Su Yu’s reminder.

The head of the Hall of affairs’ face darkened and he clenched his teeth slightly, then, he sent a message to those hall masters, “Now that the matter has been exposed, we can only act ahead of time and rush out of the sect leader’s territory. We must kill all those who attempt to send a message to the sect leader.”

At the same time.

Hall master Miao Xiang was counting the nine nether crystals lazily.

Suddenly, he received a message.

After opening it lazily, his expression changed, “There’s a change in the mine?”

The mine was the foundation of the Tai Yi sect, how could it be lost?

Moreover, Su Yu's tone was very strict, he actually needed to inform the sect leader.

"Looks like something big has happened!" Hall master Miao Xiang immediately moved, heading towards the sect leader's domain.

However, just as she was about to arrive, Hall master Miao Xiang rolled her eyes and slowed down her footsteps. She put on an extremely precious cloak of invisibility.

As such, no one would be able to notice where she passed by.

When she got close to the entrance of the sect leader's domain, her pupils constricted and she realized that the entrance of the sect leader's domain was already in a mess.

The corpses of several hall masters lay on the ground.

There were also two sect leaders who were surrounded and attacked by a group of sect leaders in shock and anger.

The Miao Xiang sect leader's heart trembled. "What happened?"

Her own people actually started to admit to themselves?

She restrained herself and quietly waited for the battle to end.

The sect leader of the affairs sect said warily, "Quick, clean up the scene immediately and hide nearby."

Swish, Swish, Swish --

The surroundings were cleaned up, and they hid again.

When the next leader of the Hall of affairs arrived, they would join forces to wipe them out.

The leader of the Hall of affairs, Miao Xiang, was pale. She hid in the dark and did not dare to move. She was afraid that she would give herself away and end up dead.

In the mine.

Yu Xiang Wan had been waiting for a long time, but she could not find an opportunity.

However, as time passed, he knew that the situation up there would get worse and worse.

If there was chaos, Su Yu would definitely be in danger.

"Brother Su, brother Su, you've treated me well. I can only repay this favor with my life!" Yu Xiang Wan gritted her teeth and made up her mind.

Chapter 2540 Ancient God Corpse Ancestor

During his time in the Tai Yi sect, Su Yu had always taken care of him.

He did not forget to share half of the benefits with him.

He could never repay this favor!

Swish --

His figure instantly dashed out and headed straight for the exit.

“Kill!”

The powerhouses hidden in the shadows immediately took action, especially the one in the later stage of the Nirvana stage. Their attacks were even more fierce.

A long sword extended infinitely and pierced through Yu Xiang Wan’s right arm in an instant.

Yu Xiang Wan felt the pain, but she gritted her teeth and let out a loud roar. Her left hand grabbed her right arm and pulled hard, tearing her arm off.

Then, she smashed her arm onto the seal at the exit.

PFFFT --

The arm immediately burst out with dazzling blue flames, burning the formation.

As long as the formation was burned through, he would be able to activate the communication jade pendant that he had prepared for a long time to tell Su Yu to leave this place!

“Stop him!”The strong practitioner in the later stage of the Nirvana stage growled and slashed his long sword horizontally.

Yu Xiang Wan’s body was cut in half at the waist.

Not only that, the blade of the sword contained a powerful force that could harm the soul.

In just a short while, Yu Xiang Wan’s soul was damaged to pieces, causing her unbearable pain.

The only fortunate thing was that.

His high-level corpse fire had successfully burned a small hole in the seal.

Seeing an opportunity, Yu Xiang Wan took out the jade pendant that she had prepared with her left hand and was about to activate it.

However, the strong cultivator in the later stage of Yuannie had already anticipated Yu Xiang Wan’s plan. He used his long sword to cut off Yu Xiang Wan’s entire left arm.

Even the jade pendant was falling down quickly.

“Ah!”

How could Yu Xiang Wan be willing to let this go?

With only his chest and head left, he quickly chased after Yu Xiang Wan.

However, at this moment, the long sword swept over again and cut off Yu Xiang Wan’s Head!

The immense pain and the damage to his soul caused Yu Xiang Wan’s vision to become blurry and she was about to fall into a coma.

“No! I Can’t die yet!”

“I’ve already died once. It’s not a pity to die, but brother Su... he still has his own ideals to fulfill!”

Yu Xiang Wan, who was left with only one head, rushed over and grabbed the communication jade pendant with her mouth.

Then, she gritted her teeth and successfully crushed the jade pendant.

A message shot up into the sky and passed through the formation!

“Brother Su, run! !” Yu Xiang Wan used her last bit of strength and shouted angrily.

That was until the cold tip of the sword pierced through his head and nailed him to the ground.

The late-stage nirvana stage cultivator put away his sword and shook off his head. Then, he looked at the formation and shouted, “Fix the seal immediately!”

However, at this moment...

A beam of light fell from the top of the formation without any warning.

It was accompanied by a bone-chilling killing sound like that of the nine serenities demon area.

“All of you, go to Hell!”

The beam of light suddenly turned into eight-colored light and condensed into an eight-colored lotus seat.

The Lotus seat was extremely powerful. It completely crushed the damaged array formation and forcefully broke through.

On the Lotus seat stood a youth with silver hair dancing wildly, and his eyes were filled with peerless killing intent.

“Space Burial!”

With an order, the entire universe appeared at the entrance of the mine.

Following that, the universe tore apart, turning into sharp malevolence that erupted in all directions.

Pu Pu Pu Pu --

No one could dodge.

In an instant, more than ten people were pierced through by the sharp space and died.

“Death Demon Region!”

A huge stone tablet stood up!

The word ‘death’ on it exploded with endless black light that shone in all directions.

Those who were hit by the light would either have their bodies rot on the spot or die instantly.

“Life deprivation!”

However, Su Yu didn’t stop there.

He pointed his finger and a towering ancient tree appeared.

Its roots danced like wild snakes, wrapping around anyone it could grab.

Anyone who touched it would immediately die of exhaustion!

Three domains descended.

At the entrance, only the late-stage Nirvana realm expert was still alive.

His eyes were filled with fear and his heart was torn apart. “Master of the three supreme domains! Are you a descendant of a ruler, or...”

“You’re nothing! I Just Want You Dead!”

Su Yu’s ten fingers twirled around, and the lotus throne beneath his feet began to drop petals one by one.

Every time one fell, the late-stage Nirvana stage expert would let out a miserable cry, as if he had lost something.

When all eight petals fell...

The late-stage Nirvana stage expert had already been reduced to ashes, leaving behind only a long sword that had lost its owner.

He had been deprived of eight domains.

For a living being to be able to exist in this world, the basic structure was the eight domains.

If all of them were lost, of course, they had to be erased from this world.

Su Yu flew down and arrived next to Xiang Wan’s head.

His eyes were filled with anger.

He used his life to inform Su Yu to run away!

“How could I, Su Yu, make a friend like you?” Su Yu’s heart was moved.

He stretched out his finger and tapped on his head. “Resurrect from the dead!”

However, there was no movement.

“How could it be?” Could it be that Yu Xiang Wan was also a descendant of some powerful bloodline?

He took a closer look and noticed that Yu Xiang Wan’s corpse was actually emitting traces of corpse qi.

“Corpse Clan!” Su Yu called out in a low voice, but there was not a hint of contempt in his eyes.

Because he knew that not all corpse clan members deserved to die.

There were also some corpse clan members that he would remember for the rest of his life that moved him.

For example, Zhu Ji!

A trace of sadness flashed across Su Yu’s eyes.

His resurrection was only useful to living beings.

Corpse clan members were already dead existences that couldn’t be resurrected.

“No!” Su Yu found all the scattered corpses and pieced them together into a complete corpse.

“Soul!”

“Life!”

“Reincarnation!”

“Good fortune!”

..

Su Yu sent one domain after another into Xiang Wan’s body to reconstruct his “Existence”.

However, there was no change.

If the corpse clan died, they would really die!

“Brother Su...” suddenly, Yu Xiang Wan’s head opened its mouth slowly.

His left eye had been pierced through by a sword, and only his right eye was left.

A trace of moisture rolled in his right eye.

“Brother Yu, you... I’ll definitely save you!” Su Yu’s eyes were filled with tears as he instilled the eight domains over and over again.

Yu Xiang Wan blinked her right eye, and a teardrop fell silently.

“There’s no need to waste your energy... I’m the descendant of ancient god corpse ancestor... Your Life Domain can’t be saved.”

Before he died, he revealed his identity!

The descendant of ancient God!

The seventh ancient god, the descendant of ancient god corpse ancestor!

Su Yu’s vision was foggy.

The descendant of ancient god... The descendant of ancient god who couldn’t bring back the dead!

“Don’t speak, I must save you!” Su Yu’s eyes were filled with tears.

He was the only friend he had made after coming to an eight-star civilization.

Yu xiang wan said weakly, “I’m very glad... that you didn’t despise... my... corpse race... identity...”

In front of Su Yu, the one who felt the most inferior was his identity as a zombie.

He was worried that Su Yu would look down on him, reject him, and stay away from him.

However, Su Yu knew that he was a zombie, so he did not despise him as he had imagined.

This gave Yu Xiang Wan the last ray of relief.

At last, she did not disappoint Su Yu..

Yu Xiang Wan closed her blue eyes and smiled with relief. "It's... good... to know you..."

"No!" Su Yu roared at the sky, shaking the entire Tai Yi sect.

He had very few friends in his life.

Why did he lose someone he just met?

"Freeze Time!" Su Yu's eyes were filled with madness as two hourglasses of time appeared behind him.

He froze time as he was about to die.

As long as he was still alive, he must do everything he could to save him!

However, how could he save him?

When time stopped and was unable to be maintained, it would be the day that Yu Xiang Wan completely disappeared from the world.

He searched through everything on his body, but there was nothing that could heal him.

Time passed by little by little.

Su Yu no longer had anything that he could use.

As time was about to arrive, Yu Xiang Wan was about to die completely.

At this moment, the baby in his spatial storage device actually crawled out on its own.

He actually completely ignored Su Yu's time freeze domain!

Perhaps because he sensed Su Yu's sadness, he understood what was going on and took out a fifth-grade netherworld crystal.

Then, he pierced through the middle and pointed inside.

Su Yu was puzzled. "You want me to put his head and body inside?"

The latter kept nodding his head.

Su Yu did not really understand what was the use of this.

However, he had no other choice but to put Yu Xiang Wan's head and body into the nine serenities crystal.

Then, the baby sealed the nine serenities crystal,

he used his body to stick closely to the nine serenities crystal.

The heavenly book characters on his body emitted a scorching light!

Su Yu found it unbelievable that the nine serenities crystal actually resonated and released a cold energy.

Under the effect of that energy, Yu Xiang Wan's corpse actually regained a trace of vitality.

Her closed blue eyes slowly opened again. She looked at the thing in front of her weakly and asked in a hoarse voice, "I... Didn't die?"

A look of joy flashed across Su Yu's face. It was a joy that he had not felt for a long time!

Yu Xiang Wan's body was regenerating at a speed visible to the naked eye.

When he had almost recovered, he started to regenerate his own body.

After a cup of tea, the baby's head was drooping tiredly.

Su Yu carefully placed the baby back into his storage space and looked at the Netherworld Crystal in front of him.

Inside the crystal was a complete Yu Xiang Wan.

At first glance, it looked like a netherworld crystal.

Su Yu suddenly realized that the corpses and even living creatures that were dug out from the netherworld crystal were similar to the process just now?

After they died, they were put into the crystal and waited for the babies to be resurrected one by one with the heavenly writings on them?

In that instant, Su Yu seemed to have seen a grand plan!

However, this was only his guess.

"Brother Su, why are you still not letting me out? Are you planning to sell me as the Netherworld Crystal?" Yu Xiang Wan knocked on the Netherworld Crystal and chided him with a smile.

Su Yu smiled and smashed the nine Nether Crystal with one punch.

However, to be honest, if he was really sold like this, he might really be able to sell it for a sky-high price.

The two of them looked at each other and smiled.

"Brother Su, leave immediately. The first and second incharge are both traitors. Moreover, they seem to have an even bigger conspiracy. If we don't leave now, it'll be too late!" Yu Xiang Wan urged.

Su Yu agreed with her.

He was worried that the first and second incharge were not the real threats.

That was because he felt a strong sense of unease.
