

Nine-Dragon 2551

Chapter 2551 Probing The Abyss

His voice wasn't loud, but when it landed in the ears of the many phoenixes, it had a calming power.

The giant Phoenix that had already closed its eyes slowly opened its eyes. "How can you tell?"

Su Yu lowered his head and looked at the bottomless abyss.

"Because, in the abyss where the nine serenities charm is located, there is a door to the outside world."

"Nonsense!"

The Black Phoenix jumped down and transformed into a black youth.

His body emitted the aura of the Nirvana realm as he stared at Su Yu with extreme hostility. "If the Phantom of the Netherworld had the chance to leave the ancient divine realm of the Netherworld, would it still linger here for many years?"

Su Yu said indifferently, "Then I don't know. I only know that there is a huge mine in the outside world that connects to the Abyss."

The most powerful evidence was that the corpse of the disciple that should have belonged to the Tai Yi sect actually appeared in the abyss.

That group of nine underworld demons must have grasped the entrance to the nine underworld ancient God realm.

But Phoenix didn't know that.

"Empty words without proof!" The black-clothed youth strode over. "I think it's better to execute you directly so that you don't bewitch people."

"Wait!"

The giant Phoenix opened its eyes slightly and gazed deeply at Su Yu. It slowly said, "He didn't lie."

Its gaze was exceptionally sharp, as if it could see through people's hearts.

"What?"

The phoenixes became excited once more and began to talk.

The giant Phoenix inquired, and Su Yu informed it of his findings and judgments.

Hearing this, the giant phoenix muttered, "That group of Crafty Netherworld charms. No wonder they have been reproducing for so many years, and the number of their descendants is gradually increasing. It turns out that they have already found a way to leave the ancient Netherworld realm."

Ever since Phoenix and Netherworld charms appeared, the two sides had been constantly fighting.

Whoever had the upper hand in numbers would be able to suppress the other side.

For many years, Phoenix had always had the upper hand.

Only now did they realize that perhaps Netherworld charms had just bewitched them.

Over the years, they had secretly transformed many of the new Netherworld charms, secretly accumulating their strength.

They were only waiting for one day to defeat the Phoenixes in one fell swoop.

“However, everything is just a guess. I need to confirm it,” the gigantic Phoenix said slowly.

The black Phoenix volunteered, “I’ll personally scout the way.”

The gigantic Phoenix shook its head slightly, “With our Phoenix’s natural enemy relationship with the netherworld charms, they will be able to sense it if you approach the Abyss.”

The many phoenixes looked at Su Yu knowingly.

“Bring the other survivors as well as the survivors of their spatial storage devices out,” the giant Phoenix said.

Most of the rebel army had been eaten.

Only a group of them with decent strength was prepared to be used for conversion.

While the group of Phoenixes went to oppress them, the Black Phoenix walked over and took Su Yu’s spatial storage device. After opening it, it collapsed outside.

Instantly, two living beings fell out from within.

One was the little qilin.

The other was Hall Master Miao Xiang.

In order to hurry, he had no choice but to place hall master Miao Xiang into his spatial storage device.

She looked around in a daze. When she realized that she was surrounded by a group of terrifying phoenixes, she was so frightened that she almost screamed.

On the other hand, the little qilin had long been accustomed to the wind and waves with Su Yu. He looked around with a fearless expression.

Unexpectedly, when little kirin appeared, the many Phoenixes started to panic.

Some of the Phoenixes even flapped their wings, preparing to fly away.

The Black Phoenix was so scared that it quickly retreated. It stared at little kirin in shock, “Chaos Beast!”

“A(n)d a no ve1 The huge Phoenix’s eyes shot out a sharp look, “You actually have a Chaos Beast!”

This was the first time Su Yu heard someone call little kirin this way.

In his eyes, the little qilin was just an ordinary pet.

Leng Yu also took a few steps back and was on high alert.

The little qilin lowered his voice, "Master, have I become more powerful? They seem to be very afraid of me."

Su Yu looked at the Little Qilin's frail body and said calmly, "No."

It should be the little qilin's ability to devour the netherworld green fire that made these phoenixes feel afraid.

The reason why these phoenixes were so powerful was largely because of the netherworld green flame in their bodies.

The appearance of the little qilin naturally made them fearful.

"Kill the Chaos Beast!"

"Kill it!"

The little qilin grinned. "What are you shouting for? If you keep shouting, I'll eat all of You!"

She couldn't help but lick her tongue.

For some reason, she felt that these phoenixes seemed to be the same as the foreign matter in the Netherworld Crystal. They were all delicious and delicious.

Pa Pa --

Many phoenixes were so scared that they flew up.

The huge Phoenix hid the strange look in its eyes and shouted, "What are you all panicking for? Even a young chaos beast scared you all so much?"

Only then did the phoenixes finally quieten down.

After a long while, the huge phoenix said, "Human, take care of your pets."

Su Yu patted the little qilin's head to calm him down.

Soon, a group of people were brought over.

Out of the thousands of rebel soldiers, only a dozen were left.

Two of them were people Su Yu knew.

The Golden Armored Hall Master!

Boorish Man!

To be honest, Su Yu was a little surprised. They were so lucky.

They were still alive!

“King, throw them all down. We only need to use our Phoenix’s heavenly eye to see through their eyes and find out everything in the Abyss,” said the Black Phoenix.

The giant Phoenix shook its head.

“The nine serenities charm has amazing senses. It can detect the slightest movement. It’s not good to have too many people.”

The giant Phoenix stared at them. “Among you, I will choose three people to complete the mission.”

“The remaining people... will be distributed by my clansmen.”

Hearing this, the Golden Armored Hall master and the others were so scared that their faces turned pale.

They saw with their own eyes that many captives were eaten alive!

The meaning of this giant Phoenix was that if they didn’t meet the requirements, they would also be eaten!

“Senior, may I ask how you are qualified to go and complete the mission?” The Golden Armored Hall master respectfully cupped his fists and said.

The giant Phoenix said indifferently, “It’s very simple. As long as you are strong.”

Strong?

The eyes of the Golden Armored Hall master flickered slightly. So they were going to kill each other?

“From now on, only three people will remain,” the giant Phoenix said mercilessly.

The corpse race was cold and heartless.

They wouldn’t show mercy to food.

What?

The Golden Armored Hall master immediately reacted and distanced himself from his compatriots.

A cold wind brushed past his shoulder.

When he turned around, he saw a hall master standing behind him and attacking him.

“You’re courting death!”

The Golden Armored Hall master immediately counterattacked.

In terms of strength, the Golden Armored Hall master was slightly stronger and killed the sneak attacker in a few rounds.

However, his outstanding strength attracted the attacks of the other experts.

The group fell into a frenzied battle.

Only that boorish man was weak and retreated to the edge of the battlefield.

He accidentally bumped into the Miao Xiang Hall master.

The latter glared at him. "Scram!"

The boorish man quickly pleaded, "Hall master Miao Xiang, Su... Su Yu, save me, please save me."

He could tell that the relationship between Su Yu and the others and the giant Phoenix was not ordinary.

Before Su Yu could say anything, Yu Xiang Wan sneered.

"I can save you!" Yu Xiang Wan walked over, her eyes were burning with blue flames.

Chapter 2552 The Huge Black Door

The Blue Flames in his eyes shot out and burned the boorish man to ashes.

"Death is not a pity!" Yu Xiang Wan snorted coldly.

How could he forget what this man had done when he and Su Yu were imprisoned in the mine?

Only now did he remember to ask for help?

The slaughter did not last long.

When both parties had their weapons taken away, the only thing that mattered was whether their domains were strong or not.

After a series of battles, the leader of the Golden Armor Division was the winner.

He had been in the battlefield for many years and was more experienced in battles. That was why he had the last laugh.

No, there was another person who stood in front of him.

Su Yu, Yu Xiang Wan, and the leader of the Golden Armor Division, along with him, made up a total of four people.

They still needed to kill one more person.

However, the relationship between Su Yu and the other two was harmonious. It seemed that they would not kill each other.

However, it was most likely that they would join hands to kill him.

Therefore, when the leader of the Golden Armor clan charged out, he turned into a shadow and went straight for Su Yu's life.

Among the few of them, Su Yu was the weakest and the person he wanted to kill the most.

Yu Xiang Wan and the leader of the Golden Armor clan were about to join hands, but Su Yu stopped them. "I'll do it myself."

He dashed out with quick steps. He did not use his territory nor did he use the little qilin. He only gave a simple slap to Su Yu's body.

The Golden Armored Hall master hesitated.

Su Yu had actually made such a big move. Was there a conspiracy behind this?

However, he was like an arrow that had left the bow. There was no turning back.

The result was obvious.

The Golden Armored Hall Master's bones were cracked, and not a single piece of his skin was intact.

His eyes were filled with disbelief. "You... how did you..."

That blow, Su Yu showed the strength, reached the middle of Nirvana, far more than him.

Without a word, Su Yu walked back into the distance.

Behind him, the Master of the Golden Armor Clan died immediately.

In the end, the three of them survived.

"You three, have three days to prepare time." The huge Phoenix Hollow Way.

Three Days?

What can be prepared in three days?

Leng Yu said indifferently, "Let's go back to my nest."

Only Leng Yu could be trusted. They didn't dare to enter the rest of the Phoenix nest.

They returned to the nest again.

Leng Yu cleaned up the shriveled corpse of the nine serenities Phantom in the nest.

"Take a look at this information." Leng Yu threw them a jade pendant.

It contained all kinds of information about the abyss.

Su Yu frowned slightly after reading it.

According to the information, the Abyss was a whirlpool created when the power of the nine Nether Heavenly Dao rushed out.

It was filled with countless nine nether crystals, and it also contained unique black water.

That black water could corrode life and could not be kept for long.

As for the deepest part of the black water, there was no more detailed introduction.

"You guys can prepare yourselves." After saying that, Leng Yu left on his own. No one knew what he was doing.

Su Yu made sure that he had left and isolated himself from the surrounding space.

"This trip to the abyss will be fraught with danger. Take this thing!" Three feathers appeared in Su Yu's palm.

"These are..." Yu Xiang Wan took a deep breath. "These are the feathers from the door to heaven!"

Su Yu nodded his head slightly.

Actually, he could open that door.

However, he knew very well that once he opened it, he would not be far from death.

With the cruelty and inhumanity of the Phoenixes, the first thing they would do once they were free would probably be to kill him.

Or, they could turn him into one of them.

That was why Su Yu had secretly done something to pretend that he was unable to open the door to heaven.

“I’ve already checked this feather in secret. It contains an exceptionally powerful force of the Heavenly Dao of the netherworld. It can be used to defend oneself.”

Yu Xiang Wan was surprised.

Su Yu had hidden himself too well!

He could even fool the giant Phoenix.

“Three days is enough to refine it.”

Hence, the three of them started to refine the feather.

Three days passed in a flash.

Several phoenixes came to the nest and stuck a rune on each of them.

Through the rune, the phoenixes could rely on their heavenly eyes to share the view of Su Yu and the others.

“Let’s Go!”The phoenixes each grabbed one of them and dived down at an astonishing speed.

When they were still some distance away from the abyss, they threw all three of them down.

“Remember not to make any noise,”said Su Yu

The reason why the chief steward and the others had alerted the nine serenity specters was because a nine serenity crystal had fallen into the abyss, causing the nine serenity specters to make a collective move.

Yu Xiang Wan and Hall Master Miao Xiang nodded their heads and sneaked into the abyss.

When they entered the black water, they felt a bone-chilling chill that eroded their vitality.

Fortunately, the runes that the Phoenixes had attached to their bodies were also runes to defend against the black water.

A warm energy gushed out from the runes and swept away the chill.

The three of them continued to dive without any obstruction.

Half a day later.

In the dark water, they vaguely saw a bright light.

When they fixed their eyes, they saw a few dead Phoenix eyes emitting a faint light at the bottom of the abyss.

Under the illumination of the light, a deep cave entered their sight.

A few netherworld charms were patrolling nearby and on guard.

“Freeze!” Su Yu activated his time domain and froze the few netherworld charms.

Thus, the three of them successfully entered the cave without alerting anyone.

Within the cave, there was an incomparably huge square.

Near the square, there were cliffs.

On the cliffs, there were densely packed caves. Each of them had a netherworld charm resting within. The number of them was astonishing.

In the middle of the square, there was a huge door that was as black as ink.

The shape of the huge door was exactly the same as the one in the sky.

However, the color was pitch-black.

What was even more surprising was that.

The huge black door had been opened a long time ago, and groups of nine Netherworld charms were running back and forth through the huge black door.

“Retreat.” Su Yu’s eyes narrowed slightly.

He believed that the scene they saw had already been noticed by the phoenixes through the shared view.

Pavilion master Miao Xiang forcefully resisted the urge to rush out of the cave and silently followed Su Yu.

However, just as Su Yu turned around, he quietly left a spatial domain in the cave.

At that time.

In the Phoenix nest.

Tens of thousands of phoenixes were perched in the nest and looking down at the scene before them.

The black door that Su Yu and the others had detected did indeed exist. Just as Su Yu had said, it had already been successfully opened.

The nine serenities charm had long reached the ability to successfully travel through it, but it had been hiding all this while.

It would only wait for a day when it had enough strength to charge out.

“King, the exit has appeared. Let’s move out!” Leng Yu was full of fighting spirit.

The other phoenixes were all shouting to start a war.

The giant door in the Abyss had already been opened. That was their only hope of leaving.

The giant Phoenix slowly opened its eyes. After a long time, it said, "Get Ready. We're going to fight."

They had been trapped in the ancient God realm of the Netherworld for far too long.

They did not want to wait any longer.

Leng Yu's eyes flashed. "How should we deal with those people?"

She was obviously asking about Su Yu, Yu Xiang Wan, and the others.

The giant Phoenix said faintly, "Ancient god corpse ancestor, leave the rest to you!"

A trace of joy flashed across Leng Yu's face just now. "Thank you, King!"

Chapter 2553 Seeing Through Everything

The Phoenixes acted swiftly and decisively.

Since they discovered that the giant door had already been opened, they immediately took action.

Apart from a few phoenixes, including Leng Yu, who remained in the nest, the rest of the Phoenixes followed the giant phoenixes and swooped down.

Their speed was extremely fast!

Su Yu and the others barely managed to leave the abyss. They then carried the endless nine nether jade flames deep into the abyss.

The entire pitch-black abyss was instantly burned into a ghastly green color by the netherworld azure fire.

The Phoenix's overall attack caught the netherworld charm off guard.

The Netherworld charm at the entrance of the cave went crazy with alarm, but it was still unable to block the fierceness of the Phoenixes. It was torn into pieces on the spot.

With the giant Phoenix as the leader, they filed into the pitch-black cave, entered the Netherworld Charm's nest, and went straight to the center of the square.

"Kill, leave no one alive!" The giant Phoenix had long realized that there were not many netherworld charms here through the shared view of Su Yu and the others.

Even the powerful Empress of the Netherworld charms was nowhere to be found.

That was why he dared to give the decisive order to attack the lair of the Netherworld charms.

The number of Phoenixes occupied the majority.

The slaughter immediately turned into a one-sided massacre!

Countless Netherworld charms were torn apart one after another.

Half a day later.

The entire square was filled with the corpses of Netherworld charms, but the casualties of the phoenixes were negligible.

Thus, the phoenixes completely occupied the nest of the Netherworld charms.

The other phoenixes were all cheering and jumping.

But only the giant Phoenix could not be happy.

Because it was too smooth!

It was so smooth that it was like an enemy's trap.

"King, the door has been opened. I'm willing to lead my clansmen to take a look first," said the Black Phoenix.

The giant Phoenix nodded, but warned, "Be careful. There might be a trap."

A trap?

The Black Phoenix nodded and led seven or eight phoenixes into the giant black door.

Sure enough, with one step, the Black Phoenix immediately sensed an aura that was completely different from the ancient divine realm of the netherworld.

The outside world!

It was the outside world!

The Black Phoenix was excited.

But when his vision became clear, what made his heart skip a beat was that there were hundreds of thousands of netherworld charms standing in front of him!

Among them, the Queen of Netherworld charms was at the very front!

The corners of her mouth curled into a cold smile. "I've been waiting for you for a long time."

"A trap! This is a trap!" The Black Phoenix turned pale with fright and hurriedly retreated.

However, only after retreating did she realize that the huge door behind her had disappeared without a trace.

The real huge black door turned into a small and exquisite door and appeared in the palm of the Queen of Netherworld charms.

"Capture them," the nine Nethersuccubus Empress said calmly.

Dozens of powerful nine nethersuccubus began to sing. Their beautiful songs were filled with charm, causing them to fall into a coma on the spot.

After that, they were successfully captured by the nine nethersuccubus.

"Hehe, let's go and meet the king of the Phoenix!"

The nine nethersuccubus sneered. The giant black door in her palm turned into a hundred thousand feet large. At the same time, it allowed 100,000 nine nethersuccubus to pass through the door and enter the world on the other side.

The huge Phoenix stood in front of the huge door with its eyes slightly closed.

Everything that the Black Phoenix experienced had already been seen by its heavenly eye.

Its eyes suddenly opened and it shouted, "It's indeed a trap. Everyone Retreat!"

Thereupon, tens of thousands of phoenixes immediately flew backwards and left the cave.

However, just as they thought that they could retreat calmly...

A muffled sound came from the cave.

The space where the cave was located actually collapsed.

This caused the entire cave to rumble, cutting off the only way out for the Phoenixes.

The giant Phoenix's eyes shot out cold killing intent. "The aura of the space domain, that human, how dare you!"

He had never thought that Su Yu would actually dare to scheme against him!

No, how did Su Yu know that this was a trap?

Could it be that he had long seen through this trick of the Netherworld charm to lure the Snake into the hole?

The truth was indeed so.

It was precisely because of this that he dared to temporarily cut off their escape route and let them fight against the Netherworld Charm.

From the moment he, Su Yu, sent himself to his death, Su Yu had already begun to design.

"A group of people dig out a path. The rest, follow me and Fight!"

As if facing a great enemy, they faced the netherworld charm that continuously surged out from the huge pitch-black door.

The strongest of them, Empress Nine Darkness Specter, held a purple feather in her hand.

Staring at the small tower, the giant Phoenix revealed a trace of fear. "No Wonder You opened the door to the outside world. It turns out that you have an ancient god of nine darkness' feather."

The feather was actually an ancient god of nine darkness' item.

A faint trace of ancient god blood could be seen at the root of the feather.

"Hehe, Old Phoenix, hand over ancient god Nine Darkness' mouth, and I'll give you a quick death!"The giant Phoenix laughed

It turned out that the reason they had become emperors was because they had control over the parts of ancient god Nine Netherworld's body.

It was different from the items left behind by other ancient gods.

The ancient god domain of nine Netherworld had always been frozen in time.

The parts on its body were equivalent to parts that had just fallen off, and they contained terrifying power.

“In Your Dreams!”The giant Phoenix spat out a golden fingernail that floated in front of its chest.

Fear appeared on Netherworld Charm’s face.

That thing was also a huge threat to her.

It was also very attractive.

This was also the reason why Netherworld charm had been connected to the outside world for so many years, but she refused to leave. It was because she was still thinking about the fingernail on the giant Phoenix.

If she could get it, she was confident that she could raise her cultivation to another level.

“Let’s see how good you are!”The gigantic Phoenix took the initiative to attack. It turned into an afterimage and engulfed 100,000 Netherworld charms.

Immediately, a large amount of blood soared into the sky.

In just one night, he had killed countless netherworld charms.

The Queen of Netherworld charms snorted coldly. She grabbed the purple feather and charged forward to entangle it.

“Kill all those phoenixes.”

“Kill all the Netherworld Charms!”

Both parties engaged in a fierce battle!

Although the Hades charms had the absolute number of phoenixes, the individual combat strength of the Phoenixes was obviously stronger.

Therefore, both parties were in a stalemate.

Speaking of which, Su Yu and the others.

They returned to the nest of the Phoenixes as soon as possible and rushed to the giant door in the sky.

As long as they could reach it, they would be able to leave the ancient domain of the Hades.

However, a colorful figure stood in front of them silently.

She turned around and revealed a half-smiling face.

“Leng Yu?”Yu Xiang Wan’s heart skipped a beat.

Why didn’t she go there?

“Where are you guys going?”Leng Yu’s eyes were filled with uncertainty.

Yu Xiang Wan said guiltily, "We're here to look for you."

"Looking for me?" Leng Yu smiled and his eyes turned cold. "Coincidentally, I also have something that I need to look for you guys."

She lifted her hand and took out a pill furnace.

Inside the furnace, there was a blood-red liquid that was emitting a strong fishy smell.

"I need to borrow something from both of you." Leng Yu's smile deepened, and there was still a hint of madness in it.

Yu Xiang Wan had a bad feeling. "What?"

"Your blood, his soul!" Leng Yu's gaze landed on Xiang Wan and Su Yu.

"What do you mean?" Yu Xiang Wan chided, "The king of Phoenix said that he wants to nurture me. How dare you harm me?"

He suddenly remembered that the Black Phoenix said that the things that Leng Yu had done would eventually kill them.

Could it be true?

"Brother Yu, what's the meaning of you telling the traitor of Phoenix about the King of Phoenix's Order?" Su Yu asked calmly.

A pair of eyes, as if already see through everything.

Chapter 2554 Swallowed In One Gulp

Traitor?

Yu Xiang Wan looked a little confused.

Leng Yu betrayed the Giant Phoenix?

However, the sneer on Leng Yu's face was a little stiff, showing a hint of panic.

"What are you talking about?" Leng Yu shouted in a deep voice.

She mistakenly thought that the king of Phoenix had already known about his betrayal.

Otherwise, why would Su Yu, who was an outsider, know about it?

"Of course it was the Phoenix King who said it. Do you really think that the Phoenix king is fighting with the nine Netherworld charms in the Abyss?" Su Yu responded with a sneer. "You underestimate the Phoenix King's Wisdom."

Leng Yu stared at the Abyss guiltily, his heart beating rapidly.

"Phoenix King, you pretended to attack the nine Netherworld charms, but in reality, you are secretly investigating who is the real inside man of the nine Netherworld Charms. It seems that you have revealed your Fox Tail." Su Yu bluffed and lied.

Leng Yu's eyes changed continuously.

The Heavenly Eye was a special ability that only the Phoenix King could use.

Only the Phoenix King could share the view of the other creatures, and vice versa.

Therefore, she was not at all sure if her current actions were detected by the Phoenix King.

"I will believe it with just a few words?" Leng Yu scoffed.

She was betting that Su Yu was just scaring her.

Who knew that Su Yu would casually take out a white feather.

The feather contained a faint power of the Heavenly Dao of the netherworld. Any Phoenix would be able to recognize it at a glance.

That was because this feather came from the huge door above their heads.

And that huge door had existed for an eternity. No Phoenix would feel unfamiliar with it.

"This is... the feather from the huge door?" Leng Yu's expression changed drastically.

Among all the phoenixes in the giant door, only the powerful Phoenix King could barely get close to it and pluck its feathers.

A thousand years ago, the Phoenix King had flown to the door and tried to blast it open.

However, it did not succeed.

Only a few feathers were removed from the door.

According to the Phoenix King, this feather had an extremely powerful defensive function.

Now, one of the feathers had appeared in Su Yu's hand, and Leng Yu's heart was thumping wildly.

This could only be a secret gift from the king of Phoenix.

Yu Xiang Wan and Hall Master Miao Xiang were also extremely nervous.

This Leng Yu in front of them was an existence in the Nirvana stage.

If they gave themselves away, they would die without a burial ground.

Yu Xiang Wan suppressed her fear and reprimanded him sternly, "That's right! We all have the feathers bestowed by the King of Phoenix to protect us!"

He, Hall Master Miao Xiang, and even the little qilin took out their feathers.

Seeing this scene, Leng Yu was completely flustered.

"Come, Let's work together to trap Leng Yu and wait for King Phoenix to return so that we can get rid of the traitor!" Su Yu shouted, as if he wanted to stop her with his life.

Leng Yu's mental defense finally collapsed. She gritted her teeth and immediately turned around to flee.

However, the ancient divine realm of the Netherworld was empty despite the vastness of the world. Where else could she run to?

As they watched her fleeing aimlessly, Su Yu and the others pretended to chase after her for a while before they hurried to King Phoenix's lair.

Standing there, the huge door made of white feathers was right in front of them.

"Get Ready." Su Yu immediately activated his space domain.

The boundless universe penetrated through heaven and earth and easily penetrated the huge door made of white feathers.

Creak --

With a soft sound, a crack as thick as a finger appeared on the huge door made of white feathers.

Yu Xiang Wan and Hall Master Miao Xiang took a deep breath.

The exit was right in front of them!

"Let's Go!" Su Yu activated his space domain and opened the huge door with great difficulty as he dashed toward the huge door.

One Breath!

Two breaths!

Three breaths!

They successfully arrived before the huge door.

The huge door had already been opened by a crack as wide as a person. It was enough for them to pass through easily.

"Let's take advantage of NOW!" Su Yu maintained the crack and let them pass through first.

Yu Xiang Wan and Hall Master Miao Xiang went over one after another.

Next, it was the little qilin who jumped over with a stomp.

It was at the other end of the giant door. It turned around and urged, "Master, quick... Ah! Be careful behind us!"

When the little qilin saw this, he was so frightened that he screamed and urged.

However, he saw a woman dressed in colorful clothes appearing behind Su Yu with a face full of anger.

It was obvious that Leng Yu had suddenly regained his senses halfway through his escape.

With the indifference of the Phoenix King, did he need to go through so much trouble to find out who the traitor was?

He could just capture the suspect and search his soul!

Take Ten Thousand Steps Back!

Even if he needed to find out, why would he arrange for Su Yu and a few other outsiders?

It was absolutely illogical!

Therefore, when she returned halfway through, what she saw was the scene before her.

Su Yu and the others actually sneakily opened the giant door and successfully passed through it.

This made Leng Yu both shocked and angry.

She was angry because she had been deceived.

She was shocked because the giant door actually opened just like that!

“Die!”Leng Yu didn’t say anything else. She screamed and a domain condensed from a voice rapidly attacked.

Su Yu was enveloped in it and immediately felt the pain in her soul as if it was about to be torn apart.

In another moment, his soul would be destroyed and die.

“Soul Domain!”At the critical moment, he released his soul domain.

This was to offset the damage to his soul.

Taking advantage of this opportunity, he flashed through the giant door.

At the same time, he withdrew his space domain.

Without the space domain to maintain it, the giant door slowly closed.

Leng Yu was shocked, and he quickly dived down, trying to pass through the giant door in an instant.

“Space Displacement!”He pointed across space and a powerful space domain swapped places between Leng Yu and a nine Nether Crystal in the Abyss.

Leng Yu, who was about to rush over, was instantly swept into the abyss.

However, Leng Yu was too strong.

She broke through the space domain and rushed over again.

At this moment, the giant door was only half the width of a person.

She probably didn’t have the chance to pass through.

But how would su yu dare to be careless?

“Spatial displacement!”

The second spatial displacement began and forcefully sent Leng Yu far away.

Leng Yu flew into a rage and watched as the giant door slowly closed.

“Human! I want you to draw your blood and eat your soul!”As she roared ferociously, she burned the colorful feathers all over her body. With a speed that

was close to teleporting, she crashed into the giant door when there was only a crack left.

PFFFT --

Her body crashed into the door of the feathers with a heavy thud.

Leng Yu was smashed into minced meat.

In the end, she did not manage to get through.

Not only that, she even lost her life. She deserved it.

Yu Xiang Wan and Hall Master Miao Xiang saw the dangerous scene and their hearts were in their throats.

“That was close!” Yu Xiang Wan patted her chest.

If Leng Yu came over, it would be extremely dangerous.

With Leng Yu’s terrifying strength, they were like fish on a chopping board, waiting to be butchered.

“Leave this place,” urged Su Yu.

Although they had left the giant door and reached the outside world, the place was pitch-black and they did not know where it was.

The black giant door of the nine Netherworlds led to a mine near the Tai Yi door.

It was unknown where the giant white door of the Phoenix led to.

It might be near the Taiyi Gate, but it might also be extremely far away.

However...

The moment they turned around, a soft pop sound fell into everyone’s ears.

In such a quiet environment, and with everyone’s cultivation base being extraordinary...

This soft sound was exceptionally clear.

They all turned their heads and saw a drop of blood sliding down from the huge closed white door.

It was Leng Yu’s blood.

Although her body had been shattered, there was still a drop of blood. When there was only a sliver of blood left in the gap of the door, it splattered over.

That drop of blood followed the huge door and fell to the ground.

Then, Blue Flames slowly emerged.

In the flames, a phoenix was continuously taking shape.

“Phoenix Nirvana!” Su Yu clenched his teeth, and his eyes immediately became extremely solemn.

How could he forget that there was such a thing as a Phoenix Nirvana?

Even if there was only the last drop of blood left, it could be reborn on the spot.

Moreover, it was different from the blood reincarnation of ordinary living beings.

To be reborn from a drop of blood, one would usually lose ninety percent of their cultivation and strength.

However, the Nirvana of the Phoenix was to retain all of its essence and come back in a complete state.

“Eight domains!”

At this critical moment, Su Yu did not hesitate and immediately activated his domain.

The eight domains condensed into a lotus flower and withered one petal at a time.

This drop of Blood’s own domain was being taken away as the petals withered.

The shape of the Phoenix was obviously weaker.

Yu Xiang Wan did not hold back either. Her turtle shell spun and pierced toward the Phoenix.

The power of her turtle shell was so strong that it could even break the formation of the tunnel master.

This stab immediately blurred the shape of the Phoenix.

Hall master Miao Xiang did not dare to be stingy with her treasures anymore. She threw out all kinds of talismans to attack the drop of blood.

However, the three of them working together could only slow down the time for the other side to reach Nirvana.

After they stopped for a moment, the Phoenix grew again and became more and more fierce.

“Ants, you can’t Stop the Phoenix from reaching Nirvana!”Leng Yu sneered crazily.

It had finally come out!

It had finally seen the light of day!

Of course, the first thing she wanted to do was to tear the two successors of the ancient gods into pieces.

She would use their blood and souls to complete the experiment she had been trying for many years.

Once she succeeded, she would obtain unprecedented power!

Watching the Phoenix grow stronger bit by bit, it was only a matter of time before she was reborn.

The hearts of the three people sank.

They had escaped with great difficulty, but in the end, they would still fall into the hands of this Leng Yu?

Right at this moment!

The little qilin suddenly ran over, opened his mouth, and swallowed the palm-sized Phoenix in his mouth.

The Phoenix seemed to have realized something and immediately screamed, “Ah! Beast, what are you doing? Quickly let me out! Let Me Out!”

The little qilin raised his neck and swallowed the Little Phoenix with a gulp.

After eating it, he licked his lips, “It’s so delicious!”

Su Yu and the other two stared at it from afar.

The Nirvana stage Phoenix was... eaten?

They could faintly hear the Phoenix’s unwilling scream coming from the Little Qilin’s stomach.

The outline of a phoenix would occasionally protrude from his stomach.

It was obvious that the Phoenix was still struggling in his stomach.

“Be quiet, it’s so noisy!”The little qilin patted his stomach unhappily and the Phoenix’s scream immediately stopped.

The little qilin burped immediately.

“It’s much better than the foreign matter in the nine serenities crystal. I’ll be full after eating it.”

Yu Xiang Wan and Hall Master Miao Xiang were dumbfounded.

What... What’s going on?

Chapter 2555 Time Flying Ship

On the other hand, Su Yu squatted down and checked the little qilin’s body to make sure that there was nothing wrong with his body or if his soul had been invaded.

After checking, his eyes revealed a deep surprise.

He remembered that the group of Phoenixes were especially wary of the little qilin.

They even called him a primal Chaos Beast.

It was as if he was treating a natural enemy.

Furthermore, the little qilin had unintentionally revealed that the auras of those phoenixes were very similar to the foreign objects in the nine nether crystals.

That was why the little qilin had taken the risk to taste it.

In the end, the taste was incredible.

It realized that the two were the same thing, so it simply swallowed them in one gulp.

The Phoenix that was as strong as the Nirvana realm was swallowed into the Little Qilin’s stomach. It was actually subdued without any room for resistance.

“Master, let’s go back again. I want to eat them all!”The little qilin bared his fangs and brandished his claws.

It was as if eating Leng Yu had opened a brand new door for him.

Everyone was terrified when they heard this.

Go back again?

Su Yu glared at her unhappily. "Sure, I'll send you there alone!"

Only then did the little qilin stick out his tongue. "I was just joking!"

The reason she was able to succeed just now was because Leng Yu was in Nirvana.

Other than being difficult to kill, she didn't have much strength.

As for the Phoenixes in the ancient divine realm of the netherworld, they were all abnormally powerful. If she went in, she would be courting death.

Suddenly, the little qilin's stomach rumbled, and the little qilin felt uncomfortable.

Then, with a cry, she spat out a finger-sized pearl.

"What is this?" The little qilin touched it with his claws. "I don't have a pearl in my stomach, do I?"

"You're not a clam!" Su Yu said unhappily.

He picked up the pearl, and there was a hint of surprise in his eyes. "It should belong to that Phoenix, but even you can't Digest It?"

The little qilin's stomach was filled with the power of chaos, and nothing was indestructible.

However, this bead was safe and sound.

As a result, the little qilin's body had no choice but to expel it naturally.

"Let's leave this place first." Su Yu kept the bead.

Just as he was about to leave, he suddenly looked at the huge white door behind him.

He touched his chin and pressed his palm against the door to investigate.

After a while, he was surprised. "This door, from this end, seems to be able to be refined."

On the other end, the door of white feather was filled with supreme majesty.

However, there were no feathers on this side. If one touched it, it was just like an ordinary door.

Su Yu tried to refine this door.

However, he only used his soul to gently sweep the door and successfully refined it.

With a swoosh, the huge door turned into a small door the size of a palm and appeared in Su Yu's palm.

"Brother Su, what do you want this door for? Why aren't you throwing it away?" Yu Xiang Wan asked with lingering fear.

If those phoenixes suddenly found a way to open this door..

Just the thought of it was terrifying!

Su Yu held the giant door in his hand and fell into deep thought.

After a long while, he shook his head slowly.

“As the successor of the ancient God, you and I don't have much to rely on to deal with the descendants of the gods!” Su Yu said in deep thought, “This door leads directly to the ancient divine realm of the netherworld. At a critical moment, it might come in handy.”

Putting everything else aside, just the group of extremely powerful phoenixes inside was an unimaginable power.

After stuffing the giant door into his bosom, Su Yu began to size up the situation of his group.

They could only see that they were in a pitch-black underground mine that could not see the sun.

“There are traces of man-made excavations. This should be an abandoned mine.” Hall master Miao Xiang had dealt with the nine Netherworld crystals all year round, so he was most familiar with these.

As expected!

Upon closer inspection, there were traces of excavations everywhere.

Furthermore, the excavations stopped right at the location of the giant door.

It seemed like the excavators realized the danger of the door and didn't dare to continue digging.

It was fortunate that the other party didn't have the guts. Otherwise, someone would have taken control of the white feather door first.

After confirming that it was a mine, they followed the direction of the mine and headed in the opposite direction.

One month later.

They finally arrived at a sealed exit.

“Isn't this mine too huge?” Yu Xiang Wan exclaimed, “Only our Nanming City, the mine controlled by Empress Xingyu, might be comparable to it.”

Su Yu shook his head secretly.

He had personally gone to Empress Xingyu's mine.

There was absolutely no mine that could be compared to the size of the mine in front of them.

“I'm afraid that we've appeared in the territory of an extraordinary person.”

Such a huge mine could not be controlled by a small force. Even a large sect like the heaven's revelation palace would not be able to control such a huge mine.

The one who controlled it must be an extremely powerful person.

Moreover, when they studied the sealing formation, Yu Xiang Wan revealed a look of despair.

“It’s a formation that’s close to the level of the heavenly axiom master. It’s impossible for us to break it.” Yu Xiang Wan’s face turned slightly pale. “Moreover, there’s a force in the formation that’s only second to the heavenly axiom master.”

“If we break the formation by force and trigger this force, it’ll only turn us into ashes.”

Hall master Miao Xiang felt extremely bitter.

They had gone through so much to escape from the ancient divine realm of the netherworld, yet they found themselves in a dangerous place.

Were they going to be trapped in the mine for the rest of their lives?

“Both of you, step back. I’ll give it a try.” Su Yu pondered for a long time and finally made up his mind.

Both of them were surprised.

Su Yu’s eight domains might be extraordinary, but they had yet to reach the level of a tunnel master, right?

Moreover, the formation in front of them was not effective against ordinary tunnel masters.

However, since Su Yu had said so, they naturally retreated a hundred miles.

“It’s not enough. Let’s retreat further.”

Yu Xiang Wan was secretly surprised. What was Su Yu trying to do?

Was a safe distance of a hundred miles not enough?

The two of them retreated a hundred miles before Su Yu nodded his head.

Su Yu took a deep breath and took out a fragrant perfume bag.

The perfume bag was a defensive item given to Su Yu by Empress Xingyu. It was a gift from the ruler of time.

However, she had given it to Su Yu instead.

She held the fragrance pouch in her hand as the lightning-controlling eight extremes set appeared in her eyes.

Eight extremely powerful Thunderbolts suddenly bombarded the array formation above her head.

With the power of the Thunderbolts, it was naturally impossible to break the array formation.

However, it triggered the majestic power hidden within the array formation.

A world-destroying flame suddenly shot out from the array formation and killed Su Yu.

The power of that flame was far greater than that of the Phoenix King and the nine Netherworld Charming empress.

With Su Yu’s cultivation, he would only die tragically.

At the critical moment, he threw the fragrance sack above his head.

Boom --

A fragrance suddenly emitted from the fragrance sack.

That fragrance formed an invisible air barrier and enveloped Su Yu.

The powerful flame attacked the air barrier, but the latter did not move at all.

Instead, the air shield gradually grew stronger, causing the firelight to shoot in all directions.

Some of the firelight hit the formation.

No matter how strong the formation was, it could not withstand the terrifying firelight.

The formation itself was riddled with giant holes.

Therefore, the formation was broken by itself.

When the firelight dissipated, there was still a destructive aura nearby.

Yu Xiang Wan and the rest walked over in fear. They looked at the air shield above Su Yu's head and were extremely shocked.

"A magic treasure that can resist attacks from those below the heavenly axiom Lord?" Hall master Miao Xiang secretly admired Su Yu's endurance.

How many dangers did they encounter along the way?

Su Yu had always been patient and did not make a move. He was determined not to use it easily.

It was only at this moment that he was able to play an important role in this desperate situation.

Su Yu's expression was calm. "Leave this place quickly," he said indifferently.

The formation had been broken through. Perhaps the owner of this place had already noticed it. If they did not leave now, it would be too late.

The three of them immediately left and drilled out of the formation.

In the end, what they saw was a world filled with blood-red light.

The place they had rushed out of was a small island.

However, outside the small island was an endless sea of blood.

"Let's Go!" The Sea of blood gave the three of them an extremely ominous feeling. They did not dare to stay any longer.

Ten days later.

A streak of golden light descended on the sky above the small island and immediately appeared near the formation.

He was handsome and had long golden hair.

His originally elegant and calm face was now filled with a gloomy expression. “Who can break the sealing array personally bestowed by the ruler of Time?”

He was none other than Emperor Shao Hao!

With some worry in his heart, he entered the mine and arrived at the end of the mine.

The white feather gate that was supposed to be here was nowhere to be seen.

“Who is it? !” Shao Hao was furious. He threw his head back and roared, causing the entire mine to shake.

“Reverse Time!” He tried to reverse time and restore the scene to ten days ago.

This way, the white feather gate would be able to successfully return.

If he was lucky, he would be able to run into the thieves who had stolen his items!

But just seven days ago, Shao Hao’s face was pale as he spat out a mouthful of black blood.

“Damn it!”

It was clear that he had failed!

“Damn that descendant of ancient god Nine Dragons!” It was precisely because he had used up his bloodline and fought against the descendant of ancient God Nine Dragons that his bloodline had weakened and he was unable to reverse time.

Seven days was the limit of his endurance.

After confirming that the white feather gate had been lost, Shao Hao’s face was filled with killing intent. “You better pray that you will never use the white feather gate in your life, or else if I find out, you will have no way out!”

The door of white feather seemed to be extremely important to Shao Hao.

Su Yu and the others, who were completely unaware of this, finally flew out of the Sea of blood after a month’s journey.

Along the way, Hall Master Miao Xiang had a lot on his mind.

“Hall Master Miao Xiang, do you have anything to say?” Su Yu observed carefully and noticed that something was wrong with Miao Xiang.

Hall master Miao Xiang frowned and said, “I’ve stayed in the Tai Yi sect for millions of years, but I’ve never heard of such a sea of blood at the southern end of the nightmare boundary.”

This sea of blood was extremely vast, almost 1% of the southern part of the nightmare boundary.

However, she had never heard of it.

“It’s best to find someone to ask.” As Su Yu pondered, she suddenly realized that there was a rather prosperous city at the edge of the blood coast.

The size of that city was more than twice the size of south bright city.

In terms of prosperity, it was several times that of South Bright City.

Before entering the city, they could feel that the city was filled with experts.

The three of them came to the bottom of the city wall and clearly saw the three words on the wall, “North Bright City!”

“North Bright City?” The three of them sucked in a breath of cold air.

South Bright City was at the center of the southern part of the Dreambreak realm, and its ruler was Empress Starry Rain.

North Bright City was at the center of the northern part of the dreambreak realm, and its ruler was... Emperor Shao Hao!

A well-known and feared existence!

Chapter 2556 Mysterious Letter

In fact, in the southern part of the nightmare boundary, Empress Star Rain’s presence wasn’t as strong as Emperor Shao Hao’s.

This was because not only was emperor Shao Hao a ruler, he was also a pure descendant of the ruler of time.

He controlled an extremely powerful time domain.

Even if he fought an Earth Dao master, Emperor Shao Hao might not lose.

“We’ve arrived at Emperor Shao Hao’s sacred city!” Miao Xiang Hall Master’s expression changed.

Everyone knew the relationship between Emperor Shao Hao and the starry rain empress.

It could be said that they were mortal enemies.

As the citizens of the starry rain empress, it wasn’t a good thing for them to appear in the northern sacred city.

“How long will it take to get to South Light City?” Su Yu asked.

Pavilion master Miao Xiang said with certainty, “It’ll take at least ten years to get there.”

The distance between the two places was too great.

“Ten years?” Su Yu raised his eyebrows.

The last time he fought Emperor Shao Hao was five or six years ago.

Could it be that Emperor Shao Hao was still on his way back?

“Unless we take the time boat from North Light City.”

The time boat was an Ultimate Dao artifact that the ruler of time had personally set up in the sacred cities.

It was filled with an extraordinary power of time.

One could enter the state of time acceleration if they sat on it.

The journey that should have taken ten years could be shortened by ten times.

Therefore, they only needed a short year to reach Nanming City.

“Then let’s enter the city.” Su Yu put on a special bamboo hat that allowed him to sense everything.

Hall master Miao Xiang and Yu Xiang Wan thought for a moment but did not refute.

Ten years of traveling time was really too long.

After the three of them entered the city, they went straight to the main hall where the flying boat of time was located.

To board the flying boat of time, they needed to buy tickets.

“You need three tickets to go to South Bright City?” The ticket seller nodded.

“You guys came at the wrong time. The boat has just left. The next one will have to wait for a year.”

A year?

Su Yu thought for a moment and said, “It’s alright. We’ll buy tickets for a year later.”

“Okay, one ticket is worth two million time crystals,” the ticket seller said.

Two million?

Even Su Yu couldn’t help but click his tongue.

Wasn’t the price too expensive?

Other than the sect, who could afford two million?

Moreover, they had a total of three people and needed about six million time crystals.

To them, it was definitely an astronomical figure.

“If you don’t have enough money, please come again next time.”

Su Yu and the rest could only leave for the time being. They found an inn and cleaned up the things on the three of them.

“I only have 1.2 million time crystals left.”

This was the same time crystal that Su Yu was in charge of selling the crystals of the nine serenities sect.

It was just that when they returned to the Tai Yi sect, a series of encounters happened and they did not have time to hand it in.

However, there was only so much left.

Then they looked at Yu Xiang Wan and Hall Master Miao Xiang.

Hall master Miao Xiang was still alright. She had been in charge of the exchange hall for many years and had some savings, but she only had a million dollars.

On the other hand, Yu Xiang Wan was empty.

Other than the 60,000 crystals of time that Su Yu owed him.

“It’s only enough to buy one ticket.” Hall master Miao Xiang shook her silver teeth slightly. She kept 100,000 crystals of time for herself and gave the rest to Su Yu.

“You guys can use it. I’ll pass.” Hall master Miao Xiang’s eyes were dim. “The Tai Yi sect has been destroyed. It’s useless for me to return to the southern part of the dream boundary.”

She had been in the Tai Yi sect ever since she came to the dream boundary from the outer realm.

That place was equivalent to her home.

Now that her home had been destroyed, she was at a loss and did not know where she was going.

Therefore, she left the only chance of getting a ticket to Su Yu and Su Yu.

It was the two of them who had saved her along the way. Only then could she avoid dying in the internal strife of the Tai Yi sect.

She was also willing to give them the 900,000 time crystals.

Su Yu waved her hand. “Don’t be busy. I’ll clean up the rest of the things first.”

Two objects appeared in his palm.

One of them was the spatial storage device of the second incharge.

At that time, she had been killed by the heaven extinguishing seal, while the spatial storage device had been left behind by Su Yu.

Opening it, the three of them scanned inside and were all moved.

“Three million time crystals!”

The wealth of the aether sect was three million, which was roughly equivalent to the entire year’s income of the aether sect.

It could be seen how much the second in charge had pocketed over the years and how many sect items he had pocketed.

“There’s already five million!” Everyone’s expression relaxed slightly.

There was still one million left.

Unfortunately, as they continued to search, they did not find anything valuable.

Instead, it was a letter that caught their attention.

On that letter, there was actually a faint time domain seal.

Su Yu took it out, his eyes revealing a trace of coldness.

It was self-evident who this trace of time domain came from!

Shao Hao!

With a flick of his finger, a trace of time energy successfully flicked open the seal, revealing the contents of the letter.

“The grand meeting is imminent. I order you all to break through to the Netherworld realm in the shortest time possible.”

Grand Meeting?

What kind of grand meeting did Shaohao need to pay attention to?

However, why was Shaohao in such a hurry to ask them to break through to the Netherworld realm?

Su Yu felt around for a while, and hundreds of possibilities flashed through his mind.

After analyzing everything, his eyes flashed slightly. “Shaohao has played a big game of chess! !”

“Even a younger sister who has yet to awaken her time bloodline has to be so ruthless,” Su Yu muttered to himself. “The competition between the descendants of the ruler of time is much more serious than I imagined.”

He already had a rough idea of what Shaohao was planning to do.

Once, Shaohao personally led a group of experts to the mine where the Netherworld Charm resided.

Including Empress Star Rain and the others, they all thought that Shaohao was coveting the Netherworld Crystal inside.

But in reality, he wasn't!

His scheme wasn't just about the Netherworld Crystal!

What he wanted was to use the netherworld charm and Phoenix's hands to destroy the southern part of the dream boundary.

What had happened when the head steward and the others barged into the ancient Netherworld realm?

It had led to a collective battle between Phoenix and Netherworld Charm.

It was just that Queen Netherworld charm had retreated and the battle hadn't erupted yet.

If the battle erupted and Netherworld Charm's vitality was greatly damaged, would he still be able to keep the black feather gate in his hands?

If his predictions were correct...

Not all of the experts that Shao Hao had sent back then had left. They were still hiding in the depths of the mine, waiting for nine Nethersuccubus to be heavily injured and snatch the black feather gate!

At that time, both gates would be in Shao Hao's hands.

If he opened both gates at the same time in Empress Star Rain's territory, what would happen?

Phoenix and nine Nethersuccubus charged out of the ancient divine realm.

With Phoenix and nine darkness charm's strength, the entire southern part of the dream boundary was destroyed in an instant.

And the head steward, second steward, and the others were just a bait for Shao Hao.

Unfortunately, one's plans were not as good as God's.

The group of experts hiding in the Abyss had indeed obtained the black feather gate.

But the white feather gate that Shao Hao had obtained had fallen into Su Yu's hands!

"Shao Hao, Oh Shao Hao, I didn't want to fight with You Time Masters, but you want to be my enemy." Su Yu's eyes shone with a cold light.

It was fine if he didn't know, but since he knew, how could he let him have his way?

With a pinch of his finger, Su Yu crushed the letter.

Finally, he looked at the pearl of cold feather.

This thing couldn't even devour the power of chaos, so it was definitely not an ordinary item.

Chapter 2557 Shao Hao's Arrival

After pondering for a while, Su Yu discovered that this was actually a spatial storage item.

It was forged using a thread of material containing the bone powder of an ancient god of the netherworld.

"No wonder the little qilin was unable to digest it." Su Yu was extremely surprised.

After refining it, Su Yu swept his gaze over it, and his eyes couldn't help but reveal a deep shock.

He saw that there were countless netherworld crystals inside!

It was almost a black third grade netherworld crystal!

A purple-black fourth grade crystal!

A purple fifth grade crystal!

There were so many of them that they piled up into several mountains.

Perhaps even the entire southern part of the dream boundary wouldn't be able to mine as many as what he was seeing right now.

Su Yu's heart calmed down. He had money!

With so many netherworld crystals, he could easily sell a few of them and gather six million time crystals.

However, Su Yu was paying more attention to something else.

It was a pitch-black cauldron.

Inside the cauldron was a lot of boiling blood, giving off a thick smell of blood.

What was surprising was that there was actually a drop of the blood of an ancient god of the Netherworld!

Apart from that, there were many corpses of the netherworld charm near the cauldron.

“What is she trying to do?” How could Su Yu forget that Leng Yu wanted Su Yu’s soul and Yu Xiang Wan’s blood.

Suddenly, Su Yu caught a glimpse of a book.

His heart skipped a beat, and he rolled it out.

When he opened it, he saw that it was filled with the writings of the heavenly book.

In the words of the human race, the few words of the heavenly book on the cover meant “Rebirth heavenly book”!

When he opened the contents, Su Yu was a little surprised to find out.

The rebirth heavenly book was a rather evil scripture.

By extracting the Precious Blood of other living beings, one could condense it into a blood pill that could transform one into a phoenix.

Among them was the method to extract the blood of the Phoenix and transform into a phoenix.

“Could it be that Leng Yu’s real body is actually a nine serenity charm?” Su Yu couldn’t help but be shocked.

Leng Yu was willing to be the spy of the nine serenity charm. The only motive could only be this.

She herself was a nine serenity charm.

It was only through the rebirth heavenly classic that she cultivated the blood pill that transformed into a phoenix and successfully blended in with them.

“What Book Is This? I don’t recognize it at all.”

Su Yu stroked his chin and slowly said, “It’s an evil but very interesting book.”

He stared at the pill furnace inside and his heart moved.

“These nine Nether Crystals, you guys can sell them and buy the tickets.” After Su Yu made the arrangements, he immediately went into the cultivation room and took out the cauldron.

Under Su Yu’s care, the half-refined blood continued to evaporate.

A year had passed.

There was only one last shallow layer of the blood.

Under Su Yu’s careful adjustments, ten blood pills that were as black as ink were finally born.

These blood pills were made from the blood of the Netherworld Charm.

Once swallowed, they would definitely turn into the netherworld charm.

“I hope it can be of use.” Su Yu’s eyes shone brightly.

The closed-door cultivation ended.

Yu Xiang Wan was pacing around anxiously outside.

When she saw Su Yu coming out, she heaved a long sigh of relief. "I almost missed the time!"

Today was the day the flying boat set off for South Bright City.

If Su Yu did not come out now, he would have decided to interrupt Su Yu's closed-door cultivation.

"I know what to do." Su Yu thought for a moment and used the eight domains to create three new living beings.

The cultivation level of the creatures was not high, at the level of a flying immortal.

However, their eyes were full of spirituality and were exceptionally intelligent.

"Greetings, Creator!" To them, Su Yu was their creator.

Su Yu took out two blood pills and gave them to two of them to swallow.

After they swallowed the pills, they immediately transformed into the charm of the Netherworld!

This scene gave Yu Xiang Wan a fright.

"This is too magical!" She actually turned a creature from another race into the charm of the netherworld.

Su Yu smiled. To be more precise, it was the rebirth heaven scroll that was amazing.

"The two of you hide here and act only when I give the Order."

"Yes, Creator!"

Su Yu looked at the last creature and took out the door of white feather. He said, "Take care of this door. Don't lose anything, understand?"

"Yes, Creator!"

Su Yu waved his sleeve and hid the creature who was holding the door of white feather somewhere else.

The other two creatures waited there.

"Alright, let's Go!"

Yu Xiang Wan frowned slightly. "Brother Su, what's the meaning of this?"

Su Yu shook his head. "It's nothing. It's just a precaution."

They met up with Hall Master Miao Xiang and arrived at the Great Hall of time.

There were already dozens of people on a huge ship that was floating in the time domain.

Su Yu and the other two boarded the ship with their tickets.

When evening arrived, it was time to set off.

Several white-robed elders walked over and worked together to activate the array formation under the time domain to release the flying ship.

In another year, Su Yu would be able to successfully return to the south.

The first thing he had to do after returning was to explore the Devil Sect's ancient tomb, find the vile-daughter palace, and revive Yun Yazhi as soon as possible.

If there was an opportunity, he wouldn't hesitate to use Empress Starry Rain's influence!

Weng --

The array formation trembled and the flying boat was about to set off!

However, at this moment, two rows of heavily armored soldiers stepped on their magic treasures and rushed over, surrounding the time palace.

A handsome young man with golden hair walked over with his hands behind his back.

His long and narrow eyes narrowed slightly as he stared at the hundreds of people on the flying boat.

"Greetings, Great Emperor Shao Hao!" The white-robed men's expressions changed drastically as they knelt down and bowed.

All the people in the hall of time also knelt down and bowed.

Shao Hao!

Su Yu's heart skipped a beat!

Yu Xiang Wan's expression was also unsightly.

As the descendant of the ancient god of the dead, Yu Xiang Wan knew better than Su Yu about the hatred between the ancient god and the rulers.

When the descendants of both sides met, it would definitely be a fight to the death.

Why did Shao Hao suddenly appear?

Emperor Shao Hao walked over with his hands behind his back and smiled faintly. "The person who stole my white feather gate, are you pleasantly surprised that I'm here personally?"

Upon hearing that, Yu Xiang Wan and Hall Master Miao Xiang's hearts skipped a beat.

Just when they were about to show a strange expression, Su Yu sent a telepathic message in time. "It's a trick. Don't fall for it. Stay Calm."

The two of them immediately suppressed the panic in their hearts. They looked at each other as if they did not know anything.

They did not know that just now, Emperor Shaohao had used the time freeze domain to observe everyone's expressions.

Yu Xiang Wan and Hall Master Miao Xiang were lucky enough to escape the trap and did not give themselves away.

As expected, Shao Hao's eyebrows raised slightly.

It was obvious that he had checked everyone's expressions, but he did not get what he wanted.

The reason why Shao Hao came was that he was sure that the person who stole the door of white feather would use the flying boat to leave as soon as possible for safety reasons.

That was why he did not make any moves.

It was only when the flying ship was about to be activated that he suddenly surrounded the thief and tried to capture him.

Unfortunately, it seemed that he did not get what he wanted.

"Everyone, take off your disguises," Emperor Shaohao berated, his heart filled with unwillingness.

Su Yu's eyes narrowed slightly.

He slowly touched his special bamboo hat.

If his true appearance was exposed, it would be inevitable for him and Shao Hao to fight again.

It would be fine if it was somewhere else. With his current domain level, he was not afraid to fight Shao Hao.

But it would be too dangerous in his territory!

Chapter 2558 We'll Meet Again

"Now, now!" Shaohao looked at the few people who were hesitating.

His gaze was deep and sharp, and a time domain lingered around him.

Of course, not all of them were Su Yu.

Perhaps they were existences that could not be exposed, such as wanted criminals, South Bright City's spies, and so on.

However, the possibility of thieves being mixed in was very high!

The group of people who were hiding had no choice but to remove their disguises.

Shao Hao looked at them one by one. When his gaze locked onto Su Yu, his brows raised slightly.

This was because Su Yu had not taken off his bamboo hat yet!

Just as he was about to berate him, a completely different aura suddenly erupted not far away from the time hall.

It was an intense aura of death!

Not long after, an exceptionally graceful song floated over from the aura.

The song was ethereal and beautiful, like a heavenly song.

As they listened, they all merged into the song, unable to extricate themselves.

Even Shao Hao felt his body sink.

But he shook his head and shook off the temptation of the song. His pupils constricted. "Nine Nether Charm!"

Only nine nether charm could have such a song.

As for nine serenity charm, there was only one place that had it!

The ancient divine realm of nine serenity!

The only way to reach Northern Light City from the ancient divine realm of nine serenity was through the white feather gate!

The white feather gate!

“Over there!” Shao Hao flew through the air.

The guards behind him immediately gave up on surrounding the time palace and chased after him.

The group of white-robed elders let out a long sigh of relief.

After exchanging glances, they didn’t know if they should continue to activate their time domain.

“Please activate your time domain immediately,” a masked man urged.

This was the case for him, and it was even more so for the others.

They didn’t want to be interrogated by Emperor Shao Hao again.

The white-robed elders hesitated. Shao Hao didn’t give the order to let them pass. If they continued now, when would they be able to blame them later?

“Set off immediately. I will give each of you one million crystals of Time!” The masked man took out five small pockets and showed them to the white-robed elders.

Was it a bribe?

The white-robed elders were naturally tempted.

They worked hard here day after day, year after year, and the salary they received was negligible.

One Million was indeed a huge sum.

The white-robed elders looked at each other and nodded secretly.

Shaohao did not give the order to let them pass, but he did not stop them, did he?

Wealth moved people’s hearts. The white-robed elders accepted the bribe and continued to activate the time domain.

However, at this moment.

A cold voice came from afar.

“Let them pass for now. We’ll talk when I Return!” Shaohao transmitted from afar.

The white-robed elders’ expressions changed. They hesitated and stopped.

The flying ship that was about to leave stopped once again.

The expressions of the people on the ship changed again and again.

A few of the masqueraders stood up uneasily.

“Forget it, I won’t sit anymore!”The masked man who had bribed them immediately stood up. He turned around and prepared to jump off the flying ship.

However, his expression sank when he realized that there was a time domain barrier around the flying ship that had sealed off the entire flying ship.

He could not leave even if he wanted to.

“Everyone, Shaohao has given the order. Please wait patiently,”said the few old men in white robes seriously.

Each of them maintained the operation of the formation and activated the time domain to seal off the small boat.

They must not let anyone on the flying boat escape.

This time, everyone was trapped.

Yu Xiang Wan’s expression tensed up. “We’re in Big Trouble!”

Not only did they fail to leave, but they had also fallen into Shao Hao’s trap and became trapped turtles.

Once Shao Hao returned, there was no way for them to escape.

“The one in trouble is Shao Hao, not us.”Su Yu stood up slowly and walked to the edge of the flying boat.

The few old men in white robes immediately reprimanded, “Sit back and don’t act rashly. Listen to Emperor Shao Hao’s command.”

Su Yu stood at the head of the flying ship with his hands behind his back and said indifferently, “I should be the one commanding Shao Hao now.”

Eh?

The white-robed elders looked at each other. What did he mean?

How did he command Shao Hao?

“Tell Shao Hao that we’ll meet again.”Su Yu gently tapped the ship with his right palm.

A powerful time domain was suddenly activated!

The time domain that had sealed the flying ship was instantly shattered by this time domain.

In an instant, the airboat was free and slid into the incomparably long time tunnel.

The white-robed elders turned pale with fright. “Time domain! You... which descendant of the time ruler are you?”

As they roared furiously, they tried to seal the airboat.

Unfortunately, the airboat was like an azure dragon that was like an ocean. In the blink of an eye, it disappeared without a trace.

On the other side.

Shao Hao had traced the source of the aura and the song.

The two nine Netherworld spirits stood in the courtyard. They were unhurried, as if they were deliberately attracting Shao Hao to come here.

“Who let you out?” Shao Hao shouted and asked.

The two of them smiled and their souls slowly dissipated.

Su Yu had created them, but he had only given them a short life.

Such a painless and memory-free dissipation was better than being tortured to death by Shao Hao.

“Dead?” He walked up and grabbed the two corpses, feeling extremely puzzled.

How could they suddenly die?

They suddenly appeared, and then suddenly died..

Then, he realized something and suddenly said, “Oh no! We’ve been tricked! Go back quickly!”

He led the guards and immediately rushed back.

What greeted them was a group of extremely corrupted white-robed elders.

And the flying ship had long disappeared.

“Bastards! Who told you to let go of the flying ship?” An aura reverberated around Shao Hao’s body, causing the white-robed elders to vomit blood.

The white-robed elders hurriedly knelt down and begged, “Please Calm Down, your majesty. We didn’t let them go, but a descendant of the ruler of time appeared on the flying ship. He released his time domain and let go of the flying ship.”

“Furthermore, he also told us to tell young master that you will meet again.”

Hearing this, Shao Hao was surprised.

“A descendant of the ruler of time?” His eyes were filled with deep suspicion.

“Could it be the two from Dongming City and Ximing City?”

“Or is it that descendant of ancient God Nine Dragons?” Shao Hao’s gaze sharpened.

Shao Hao asked, “How high is the other party’s time domain?”

“Intermediate Domain!”

Shao Hao’s expression softened. “That should be one of east or West Ming City’s.”

Su Yu, that descendant of ancient god Nine Dragons, controlled eight domains at the same time.

It would be extremely difficult to raise all of them.

“Hmph, I was wondering why the white feather gate was forcefully broken through and stolen by someone. So it was those two reckless things that played tricks!” Shao Hao’s eyes were filled with killing intent.

He took one last look at the time passage and said coldly, “If you want to leave safely, it depends on how capable you are!”

Sou --

A caterpillar appeared in his palm, and its entire body emitted an extremely dense aura of time.

This was a magic treasure that the ruler himself had given him.

It was just like how Empress Starry Rain had obtained a Heavenly Dao master-level defensive perfume bag.

Shao Hao also had a magic treasure that the ruler of time had given him.

Furthermore, it was an offensive magic treasure.

“Go!”

He raised his hand and tossed the caterpillar into the passage of time.

The faces of several white-robed elders changed when they saw this. They cried out in a low voice, “Your Majesty, this might destroy the passage of time!”

If the passage was cut off, the only passage between North Bright City and south bright city would be cut off.

Chapter 2559 Mantis Stalks Cicadas

“Don’t worry, I know what I’m doing!” Shao Hao sneered.

The flying ship shuttled back and forth.

Everyone on the ship let out a long sigh of relief.

Many people looked at Su Yu with respect and fear in their eyes.

Under the rule of the ruler of time, this person in front of them could only be a descendant of the ruler of time, right?

The generous masked man sized Su Yu up and took the initiative to greet him, “Sir, may I know how to address you?”

Su Yu glanced at him.

He had a deep impression of this person.

He had offered several million yuan in bribes, and his wealth was astonishing.

“Su Yu.” Few people knew his name in the dream boundary.

Unexpectedly, the masked man was stunned for a moment. “What a coincidence. My Lady often mentions a human named Su Yu.”

Human, Su Yu?

It seemed to be a bit of a coincidence.

But thinking about it carefully, there were so many humans in the dream boundary.

It was normal to have people with the same name.

“OH.” Su Yu’s expression was indifferent. He tried his best not to reveal his information.

The masked man said, “Thanks to you, we can get rid of Shao Hao. Otherwise, if we were stopped by this person, even if we didn’t do anything wrong, we would still be skinned alive.”

The others agreed with this.

Shao Hao’s reputation was indeed not pleasant to hear.

He was ruthless, cruel, and tyrannical.

On the surface, he appeared to be gentle and refined, but in reality, it was the exact opposite.

Those who were familiar with him were not willing to get close to him.

“There’s no need to thank me,” Su Yu said indifferently, giving others the cold courage to reject him from thousands of miles away.

The masked man tried several times to befriend him but failed, so he could only retreat resentfully.

The flying boat became silent.

There was still a year’s journey ahead, and it was still a long time.

Everyone was silently meditating and cultivating.

Su Yu noticed that the masked man’s method of cultivating was very special.

It did not seem like an ordinary living creature at all.

However, this had nothing to do with Su Yu.

He closed his eyes and thought about the next plan.

If he wanted to go to the ancient Devil Gate Tomb, he needed someone from the Devil Gate to lead the way.

Jin Yue had once said that the demon gate ancient tomb would only be opened after every generation of demon masters had died, burying their bodies inside.

Other than that, no one knew where the demon gate ancient tomb was or how to open it.

But, who should he look for?

Jin Yue’s status was too low, so his help was very limited.

But how could someone from the demon gate with a high status be so easily bribed?

While he was thinking.

Far away in the ancient divine realm of the netherworld.

In the Abyss.

The earth shook and the mountains shook.

The gap that Su Yu had sealed was finally broken by the Phoenixes.

And they had already been trapped here, fighting with the Netherworld charms for an entire month.

Both sides suffered casualties.

The Netherworld charms suffered even more casualties.

However, their numbers were obviously more than the phoenixes.

If they continued to fight...

Only nine nethercharms would win.

Empress Nine nethercharms was panting, and her body was covered in many savage wounds.

Because she had been injured by ancient god Nine nethercharms' fingernails, the wounds were very difficult to heal.

She gritted her teeth and stared at Phoenix King.

"I didn't think that you guys would be so troublesome!"Empress Nine nethercharms thought to herself.

She had thought that by relying on their numbers, they would be able to capture all the phoenixes in one fell swoop.

But who knew that the strength of the Phoenixes was even greater than she had imagined.

This was especially true for the Phoenix King, who was almost equal to the other phoenixes combined.

In truth, according to the nine Nethersuccubus Empress's plan, they would quietly reproduce for a few more decades and expand the number of nine nethersuccubus to its limit.

That would be the best time to annihilate the phoenixes in one fell swoop.

Unfortunately, Leng Yu had secretly informed them that a human had already revealed the secret that allowed them to enter and exit ancient God Nine Netherworld at will.

Helpless, they had no choice but to act in advance.

In their haste to prepare, they were indeed unable to obtain the expected victory.

"Nine nethersuckers, I will settle this score with you sooner or later! Let's Go!"The Phoenix King's eyes were cold

The passageway had already been opened, so there was naturally no need for them to continue fighting.

The Netherworld Charm Empress was also greatly weakened, and she didn't want to continue fighting.

Just like that, the two sides tacitly retreated.

The Phoenix King returned to his nest.

He angrily searched for Su Yu and the others.

But they had already disappeared.

What replaced them was the cold feather blood on the white feather gate.

A trace of blood had clearly passed through the giant door.

“They successfully opened the door of white feather and escaped?” King Phoenix finally understood and flew into a rage. “That damned descendant of ancient God Nine Dragons lied to me again!”

The Abyss had tricked him, causing Phoenix to suffer heavy losses.

In the end, he clearly had the ability to open the door of white feather, but he had kept it a secret.

He planned to let Phoenix and nine Nethersuccubus fight, and then he would leave calmly.

But although he was furious, he couldn’t do anything to Su Yu at all.

As for the Queen of nine nethersuccubus.

For safety’s sake, she led her people out of the Abyss and arrived in the outside world.

“Protect me, I want to heal.” The Queen of nine nethersuccubus touched the wound on her body, and her expression was very ugly.

Several powerful nine nethersuccubus immediately surrounded the queen of nine nethersuccubus.

Time slowly passed as empress nine underworld demons entered a deep healing state.

Suddenly, hundreds of experts appeared above the mine without any warning.

Each of them held a masculine object that countered the corpse clan.

Especially since they all had a type of rune that was filled with terrifying flames.

That rune contained extremely dense unbounded karma flame.

Once it was crushed, the unbounded karma flame would fall and burn the ninth underworld demons into ashes.

What was even more terrifying was that they had prepared so many such runes.

Countless Netherworld charms were ambushed suddenly.

Queen Netherworld charms suddenly opened her eyes, her face ferocious. “How dare you!”

She immediately opened her mouth and released a song unique to Netherworld charms in an attempt to control the ambushers.

However, the group had clearly come prepared.

They all had extremely precious soul-protecting magic treasures on them.

The Netherworld Charm Empress's attempts were futile. Seeing the descendants she had painstakingly nurtured being killed one by one, her heart bled.

“All of you, retreat back to the Abyss!” The Netherworld Charm Empress decisively took out the door of black feathers and opened the door to the ancient Netherworld divine realm from the outside world.

However, at this moment!

A shadow hiding beside the bewitching Queen suddenly appeared!

He cut off the bewitching Queen's arm with one palm, and the small black feather gate in her palm also fell.

Then, with lightning speed, he snatched the black feather gate.

This person was so wrapped up in concealment that he didn't notice even after staying close to the bewitching queen for so long!

It was only at this moment that he suddenly attacked and snatched the door of black feathers!

After he succeeded, he immediately rushed out of the mine and fled wildly.

The nine Nethersuccubus Empress was shocked and roared angrily, “Chase!”

The door of black feathers was the foundation of her foundation, yet it was snatched away by someone?

Now that she thought about it, everything was a conspiracy!

Someone was scheming in the dark, causing both the nine nethersuccubus and the Phoenix to suffer heavy losses so that they could sit back and take advantage of the situation to snatch the door of black feathers.

The group that suddenly attacked was deliberately forcing the netherworld charms empress to take out the black feather gate so that the hidden person could make a move.

Realizing this, the Netherworld charms empress was extremely furious.

Their Phoenix and Netherworld charms, the two great corpse race, had actually been played by someone!

The Phoenixes had been played by a human.

Their Netherworld charms had been played by an unknown force.

All of the Netherworld charms furiously rushed out.

Recently focused on the new book, the old book has not erupted for a long time, tomorrow plus one, three small explosion.

Chapter 2560 Yellow Sparrow At The Back (First Watch)

However, the group of people in the mine were retreating as they fought. They continuously threw down tens of thousands of runes and used the unbounded flames to suppress them, giving the shadow man time to escape.

The ordinary nine underworld demons were suppressed to the point that they couldn't move.

Only the furious nine underworld demon Empress ignored the terrifying damage the unbounded flames caused to her body and forcefully rushed out of the Sea of fire.

"Die!" She flew into the sky, bringing with her a trail of blood mist.

Dozens of people who were suppressing her died tragically on the spot.

However, she didn't have the time to care about the other ambushers. She immediately chased after Shadow and snatched back the door of the black feather.

"Lord, be careful!" The group of ambushers couldn't stop Empress of the nine Netherworlds, so they needed to warn her.

The power of Empress of the nine Netherworlds was beyond imagination.

Especially at this moment, she was risking everything.

Shadow held the black feather gate and immediately crushed a spatial rune, instantly teleporting away.

The nine Nethersuccubus Empress roared and turned into an afterimage as she chased after.

Half a day later.

Shadow had already used eighteen spatial runes consecutively.

He was almost teleporting to the vicinity of the Heaven Awaken Palace.

However, the nine nethersuccubus empress chased closely, making it impossible for Shadow, who had used up all the spatial runes, to escape.

"I'm not afraid of You!" The latter tore off his disguise. He was no one else but an expert of the Shaohao sect who was at the level of a Master of the tunnel.

He took out a magic treasure of an unknown level.

The magic treasure was completely black and round, like a pitch-black eyeball.

He touched his forehead, and a black light suddenly shot out of his eyes that filled the sky.

The black light enveloped the entire area within his line of sight.

Unable to avoid it, the nine Nethersuccubus Queen stepped into the range of the black light.

Her aura visibly decreased at a speed that could be seen by the naked eye. She was almost the same as the tunnel lord.

"HMPH! You think you can turn the sky upside down with a magic treasure personally bestowed by an Emperor?" Shadow man shouted coldly.

If the nine Nethersuccubus Queen hadn't chased after him, he wouldn't have bothered to use this magic treasure.

After all, using it once would require an astronomical amount of time crystals!

His heart ached.

But the nine Nethersuccubus didn't know what was good for her, so what else was there to say?

"Clone Domain!" The Shadowman shouted, and his body split into nine at a speed visible to the naked eye.

Nine divided into eighteen!

Eighteen divided into thirty-six!

..

In three breaths, the Shadowman's figure was densely packed within his field of vision.

"If you had the help of those netherworld charms, I would still be afraid of you. But if you come here unscathed, then don't blame me for being ruthless!" Thousands of shadowmen berated as they attacked Netherworld charms.

Every attack was especially real.

However, only one of them was real and the rest were fake.

It was just that they couldn't tell.

Even the nine Nethersuccubus Empress was solemn.

She opened her throat and immediately began to sing.

A beautiful song could instantly attack the souls of living beings.

However, the Shadowman in front of her only received a negligible amount of influence.

This was because all the clones shared the damage of the song.

Seeing that the song was ineffective, the nine Nethersuccubus Empress turned into a fierce roar. A black halo surged out of her body and shot out in all directions.

A large number of shadow clones were destroyed.

However, the power of the halo was limited.

After enduring for a while, it finally weakened.

Taking this opportunity, a real attack mixed with all the attacks hit the nine Nethersuccubus Queen's head.

Clang --

The crown on her head fell on the spot.

The nine Nethersuccubus Queen was furious. She screamed sharply and sprayed a large amount of black water.

In an instant, countless phantoms were destroyed.

A Shadowman holding his arm retreated into the distance with a horrified expression.

Thick signs of aging appeared on his body. It was a sign that his vitality was declining.

“Damn it!”The Shadowman gritted his teeth and forcefully forced out the black water that drilled into his body from his pores.

That was the water of the Abyss that specialized in devouring vitality.

“I’d like to see how much black water you have to spit out!”Shadow man forced himself to remain calm and once again used his clone domain.

Meanwhile, the nine underworld demons fought with him crazily at all costs.

They desperately wanted to take back the gate of black feathers.

The two sides fought for several days.

From the border of the Tai Yi Gate to the heaven enlightenment palace, wherever they passed, the earth was burned into ashes.

The eternal mountain range was swept away.

Both of them were exhausted!

Shadow man was secretly shocked. This was because he had forcefully suppressed the nine Nethersuccubus Empress’s cultivation base to his own realm.

Otherwise, if they had fought with their true strength, he would have been killed by the nine Nethersuccubus Empress Long Ago!

But now, it seemed that he had won.

The Abyss water in the nine Nethersuccubus Empress’s body had long been used up.

She had suffered nine consecutive fierce attacks from him, and her injuries were extremely serious.

Waves of extremely dense aura of death surged out of her body.

Her terrifying battle strength was already less than one-third of her original strength!

As long as she could hold on for a while longer, she would be able to crush this empress Hades!

“HMPH, if there’s a path in the sky, you won’t take it, but if there’s no door to Hell, you must charge in!”Shadow man gathered his strength and prepared to give Empress Hades a final blow. “Let’s End This!”

He roared loudly and used what little strength he had left to launch a fatal blow at Queen Netherworld Charm!

Queen Netherworld charm gritted her teeth, swept her tail, and retreated frantically.

It seemed that she knew that she was no match for her and could only choose to retreat.

However, it was already too late for her to leave now.

The latter’s attack arrived with a loud bang. Queen Netherworld Charm’s body was extremely lacking, and she could only barely block it.

The result was obvious.

With a miserable scream, half of the Queen of Netherworld charms' body was blasted apart on the spot, and she lay on the ground with her last breath.

She was already on the verge of death.

The Shadowman panted, and the round pearl on his forehead flickered.

He was also exhausted, and did not have the strength to fight anymore.

The eye lost its power to maintain, and naturally dimmed down.

The black light between heaven and earth slowly faded away.

Shadow man walked in front of the Queen of Netherworld charms and smiled strangely. "Hehe, it's a corpse clan of an Earth Dao Master. It should be able to sell for some money!"

He bent down and grabbed, controlling the queen of Netherworld Charms' neck.

But at this moment.

Shadow man's expression suddenly changed. He suddenly flipped his palm and attacked behind him. At the same time, he shouted, "Who is it?"

Pu --

A sharp and powerful object directly pierced through his palm.

Then, a majestic and vigorous power of the profound dao spread through his entire body through his palm, shattering him from the inside out.

The shadow man lowered his head to look at his own body. In disbelief, he discovered that a large part of his chest had disappeared.

Along with it was the soul that had been destroyed in that instant!

His mind was empty, and his vision was dim. He immediately stood there motionlessly, unable to move anymore.

Someone as strong as the shadow man had been killed for no reason!

Behind him stood an expressionless person with a bamboo hat.

She took off her bamboo hat and revealed an exceptionally beautiful face.

It was none other than the baby's elder sister, who was controlled by Su Yu with a trace of her soul.

She was controlled by Su Yu's split soul and followed Su Yu back to the Tai Yi sect.

However, the split soul controlled her to stay still.

It was only at this moment that she suddenly made her move.

"My guess is indeed correct. There is another show in this mine." The woman stretched out her hand and took the door of black feathers from the Shadowman.

Then, she lowered her head and looked at the dying Queen of nine serenities.
