

Nine-Dragon 2561

Chapter 2561 Deja Vu

“Do you want to live?”The woman asked.

Empress Nine Serenity charm barely opened her eyes. When she saw the woman, there was a hint of confusion in her eyes. She muttered, “Deja vu face.”

Su Yu’s split soul slightly narrowed his eyes.

The corpse clan, based on his many encounters with them, didn’t have any memories of his previous life.

However, the Empress of the Netherworld realm before him vaguely remembered the appearance of the female corpse.

It could be seen how deep the female corpse was in the heart of the Empress of the Netherworld realm.

However, Su Yu’s split soul wasn’t too strange.

Was it strange that the baby was so attached to the female corpse and had a profound heavenly book?

“Then do you want to die?”Su Yu’s split soul asked again.

Since she didn’t answer, it meant that she didn’t want to live.

“Of course I want to live,”the nine Nethersuccubus Empress said.

Su Yu’s split soul smiled. “Let go of your soul and become my slave from now on. I can save you.”

The nine Nethersuccubus Empress clenched her teeth.

She had just left the ancient divine realm of nine Netherworld and escaped the imprisonment of eternal life, and now she was going to become someone else’s slave again?

Of course she didn’t want to.

She would rather die.

But facing this familiar-looking woman, the nine Nethersuccubus Empress actually couldn’t resist much.

It was as if she had already gotten used to it in her previous life.

“Yes, Master.”She even addressed him with unusual familiarity.

Su Yu’s split soul was slightly surprised. The identity of the female corpse was really strange!

However, being able to use the female corpse to successfully take back the nine Nethersuccubus empress was already beyond Su Yu’s original expectations.

His true body had only ordered him to wait for an opportunity to stop Shao Hao.

It turned out that before the Taiyi sect was thrown into chaos, Su Yu had given an order to the split soul.

He had asked him to come to the mine.

At that time, although Su Yu didn't understand what Shao Hao was doing, he knew that Shao Hao must have plotted something in the mine.

Thus, he had asked the split soul to wait here.

As expected.

Shao Hao had been planning for a long time, and now a mantis was stalking a cicada, snatching the black feather gate that controlled the entrance to the ancient god domain of the Netherworld realm.

Su Yu's split soul naturally went with the flow and obtained the black feather gate.

As a result, both the black and white gates fell into Su Yu's hands.

Not only that, he had also successfully taken in the nine darkness demonic empress.

The split soul smiled and squatted down. "Follow me to see my main body. He has the ability to save you."

The injuries of the nine darkness demonic empress weren't as simple as they looked.

She herself had already lost the ability to heal herself, and split soul was unable to control the female corpse to use a large amount of the tunnel master's power to heal her injuries.

Hence, he could only rely on his main body.

Speaking of which, Su Yu's main body.

He had already been on the flying ship for half a year.

On the way, he had thought of hundreds of plans to reach the ancient tomb.

But every one of them could not avoid a condition!

The upper echelons of the Devil sect!

"It would be great if I could subdue a figure like the elder of the demon sect," Su Yu muttered to himself.

With such a mission as an insider, there was a possibility that all the plans could be carried out.

However, apart from the last elder, elder Xiao Mo, who didn't know the level of the Earth Master?

It was as difficult as ascending to the heavens to subdue them.

While he was thinking, Su Yu heard a mutter in his ear.

"Do you guys feel like we're walking in circles?" The masked man suddenly asked everyone thoughtfully.

Everyone looked at each other and did not answer.

Obviously, only the masked man had this feeling.

"It's an illusion," a passenger said. "The time passage is the same, so you feel that it's normal to walk in circles."

"No!" The masked man slowly stood up and looked behind the airboat. He gradually became serious. "I mean, our corresponding position has always been one month ago!"

The time passage was isolated from the outside world.

Unless one had special abilities, they could not see through the outside world.

But the masked man could.

"Three months ago, I sensed the aura of the demon gate nearby. Until now, that aura is still there, so I think, are we always staying in the same place?" The masked man said in a low voice.

Demon sect?

The passengers immediately panicked.

The reputation of the demon sect was really not that good.

Su Yu narrowed his eyes and secretly used his time domain to investigate.

In the end, his expression also became solemn.

"Please don't exaggerate!"

"That's right, this is your first time riding the time flying boat, you should be too nervous!"

..

Everyone's words caused the masked man to waver.

Could it be that he was worrying too much?

"Your senses shouldn't be wrong. Our time ship has already stopped in the passage of time." Su Yu's eyes flashed.

Hearing this, the masked man's eyes flashed. "I knew my senses were right!"

Only then did the people on the ship start to panic.

If the time ship stopped in the passage, didn't that mean that they would be trapped here forever?

Creak --

Creak --

Suddenly, a soft sound came from the passage behind them.

That sound was like something was nibbling away at the passage.

Yu Xiang Wan's eyes were flickering with blue flames as she looked behind her.

Her expression instantly turned extremely ugly. “There’s an insect that gnawed away at the passage of time, causing the entire passage to stop temporarily.”

As expected!

Su Yu’s eyes narrowed slightly.

It should be Shao Hao’s doing!

“Let’s Go! We Can’t stay here for long!” Su Yu was extremely decisive as he immediately slammed his palm onto the time passage.

Kacha.

A crack appeared just like that.

Everyone sucked in a breath of cold air.

“The time passage has shattered?”

That was the ruler of time, an object condensed from a time domain.

Theoretically speaking, it couldn’t be destroyed by anything.

But now..

The scene in front of them overturned their imaginations.

Creak --

The sounds of gnawing behind them became more and more intense.

A chaotic power of time was faintly approaching.

The masked man’s expression changed drastically. “Damn Shao Hao! Do you want to kill all of us?”

In the chaotic power of time, even a descendant of the ruler might not be able to escape unscathed!

As expected, that bug was a time butterfly larva personally nurtured by the ruler of time.

This bug was able to devour the power of time, causing a period of time gap and causing time chaos.

The result was that living beings in the chaotic time were likely to be trapped in the chaotic time forever, unable to escape.

Forever like this, neither living nor dying, until destruction.

Kacha --

On Su Yu’s side, he was also doing his best to attack the time passage.

This was because his time domain had reached the intermediate level.

Otherwise, he would not be able to do anything to the time passage.

The chaotic time force was getting closer and closer, and the entire time flying ship was spinning on the spot.

Once the time force swallowed the entire flying ship and them, they would be finished forever.

From Su Yu's perspective, he could see a ball of dark light slowly approaching them.

Pop --

Fortunately, Su Yu managed to destroy the passage of time in time and led Xiang Wan and Hall Master Miao Xiang to rush out immediately.

The masked man followed closely behind.

The passenger hesitated for a moment.

"Hey, if you're not going, don't block the way." Someone berated a passenger who was hesitating.

Chapter 2562 Son Of An Elder

The passenger looked hesitant and said, "Falling from the time passage is equally dangerous. If you are not careful, you will be taken to an extremely remote area."

There was a rumor that someone had fallen from the time passage.

In the end, it took him a thousand years to return to his hometown from the place where he fell.

According to him, the place where he fell did not belong to the dream boundary at all.

"Then wait for your death here!" The passenger behind urged him and jumped out.

Almost at the same time, the chaotic power of time pounced on him.

It devoured the airboat and the passengers who could not leave in time.

As if they had never existed in the world, they disappeared completely in the blink of an eye.

As for Su Yu and the other two...

After they jumped out of the time passage, they were affected by the interference of the non-use of the power of time.

Su Yu was still fine. He was still able to stabilize himself and forcefully pulled Yu Xiang Wan and Hall Master Miao Xiang away.

However, the two of them were unable to contend against the ten times time difference between the time passage and the outside world.

Hence, their figures were pulled away by the power of time bit by bit.

In the end, Su Yu's hands were empty and he could not hold on to any of them.

Boom

Following that, a loud boom was heard. Su Yu landed on the ground and crashed into a sand pit.

He looked up and saw a spinning vortex above his head.

That should be the place where the passage of time was broken.

He closed his eyes and immediately sensed it, hoping to contact Yu Xiang Wan and Hall Master Miao Xiang.

In the end, he could not find them at all.

He even tried to use his communication jade technique.

He could send out the message, but he could not receive it for a long time.

This could only mean one thing.

They were so far away from Su Yu that the message that could have been sent instantly could not reach them for a long time.

“I hope they’re alright.”The three of them were completely dispersed by the chaotic time difference.

Bang --

At this moment, not far away from Su Yu, another muffled sound was heard.

Looking sideways, it was actually the masked man.

He had fallen so badly that he was in a daze. His clothes and face mask were all torn apart by the crazy time difference, revealing his pitch-black body and the black wings on his back.

“Someone from the Devil Sect!”Su Yu’s pupils slightly constricted.

A cold glint flashed in his eyes.

He really did not have a good impression of a member of the Devil sect.

However, he would not live for long.

The reason why Su Yu could not be blown away by the time difference and landed safely at the bottom of the time tunnel was because Su Yu had a time domain and could adapt to a time difference of ten times.

However, this person did not have a time domain and still dared to forcefully resist the time difference.

The result was that not only were his clothes torn, even his soul was in chaos due to the time difference.

Even without Su Yu making a move, he would not be able to live for long.

“Save me!”Just as Su Yu was about to let go, the masked man said with difficulty, “I am the descendant of the demonic sect’s Wolf Demon Elder. If you save me, you will definitely thank me greatly.”

The descendant of an elder?

Su Yu was astonished.

No wonder this person was so generous and was extremely afraid of Shaohao checking his body.

Such a status was indeed too special.

His eyes rolled.

He needed a high-ranking member of the demonic sect to be used by him.

The descendant of the elder Wolf Demon in front of him naturally did not have enough status.

However, it was not necessarily not the stone that he needed to ask for directions to enter the demonic sect.

“I can save you, but what are you prepared to pay?” Su Yu asked indifferently, “Let me make it clear first, I don’t need a time crystal. I have more time crystals than you think.”

There was a pile of nine nether crystals in Leng Yu’s spatial storage.

He really didn’t need any time crystals.

In order to survive, the masked man said weakly, “Everything!”

“Alright! As You Wish!” Su Yu’s palm revolved around a small lotus formed from eight domains and injected it into his forehead.

A lotus mark flickered on his forehead for a while before slowly dissipating.

Within the Lotus Mark, there was a soul domain that slowly repaired his chaotic soul.

The Masked Man’s eyes slowly regained their clarity.

He sat up and cupped his fists towards Su Yu, “Thank you for saving me first.”

Su Yu nodded calmly.

“I’ve saved you as promised. Now, it’s your turn to fulfill your promise.” Su Yu looked at him and said.

The masked man took out his interspatial ring and took out a money bag. He threw it in front of Su Yu and said, “A million time crystals. Keep the change.”

His eyes were filled with a hint of playfulness.

“I should have said that I’m not short of money.” Su Yu stood with his hands behind his back and said, “And you made it very clear that the price is everything.”

The masked man said leisurely, “After all, you’re still young! A person can say anything to survive, but you can’t believe everything, Understand?”

He waved his hand and said, “The debt of saving my life is settled. Goodbye, I’ll take my leave First!”

Su Yu stood calmly on the spot and did not chase after him.

He only said indifferently, “Do you think that I saved you just to save you?”

The masked man laughed, "I know, you put some kind of restriction in my body!"

"But unfortunately, I'm from the Devil Sect, and my bloodline power is very powerful. Any external thing in my body can be destroyed by the bloodline power."

"Is that so?" Su Yu said indifferently.

The masked man laughed, and a loud boom sounded in his body, as if tens of thousands of Thunderbolts had descended at the same time.

However, his laughter suddenly stopped.

"What is it? What did you put in my body?" The Masked Man's face turned pale.

Because he found that there was a strange thing that didn't move at all in his body.

No matter how his bloodline power attacked, it didn't change at all.

Su Yu was indifferent and didn't say anything.

The masked man was shocked and angry, and he said with a gloomy face, "Human, my identity is not something you can offend. Take That Thing away now, and I will let bygones be bygones, otherwise..."

Ah --

Suddenly, the masked man let out a mournful scream.

His body strangely retreated into the state of a three-year-old child, and then instantly grew back to his current state.

He was like a dough, being kneaded and deformed.

One could imagine the pain.

After several times, he finally stopped.

He lay on the ground, his forehead full of sweat. His face was full of fear and lingering pain.

"Or else what?" Su Yu walked over and asked indifferently.

The masked man roared, "Human, are you really looking for..."

Ah --

Suddenly, he began to expand and contract again, becoming bigger and smaller.

Su Yu sat at the side and watched silently.

An hour later, the transformation stopped.

The masked man was still in fear and shouted, "What on earth did you do... Ah!"

However, just as he asked, his body started to change strangely again.

It happened again and again.

A whole day had passed, and the masked man felt as if his life was worse than death.

Every hour, he would experience that kind of intense pain.

After experiencing countless times of extreme pain, only then did he realize that something was wrong.

As long as there was anything wrong with him, even if it was just a thought of complaining, his body would start to suffer.

Chapter 2563 Disaster Comes From The Mouth

“Master! Please give me your orders!” The boorish man didn’t even dare to think of being disrespectful.

Su Yu sat cross-legged and said, “Your Name.”

“Demon Marquis.”

“Master is Elder Wolf Demon?”

“Yes!”

“What are you doing in Northern Bright City?”

“In the name of master, I’m buying the nine Nether Crystals,” demon Marquis answered truthfully.

No wonder he carried so many time crystals with him. It turned out that they were used to purchase the Netherworld Crystal.

“Usage.”

“Hand it over to the sacred city and exchange it for the nightmare ferrying Lotus seat.”

Eh?

Su Yu’s eyes narrowed.

Nightmare Ferrying Lotus seat?

He had a broken nightmare ferrying lotus seat in his hands.

This item had been created by the mighty figures of the previous era. It could resist the destruction of the era and avoid the calamities of the century.

“What is the sacred city?”

“The place where the ruler of time is located.”

It was also the center of the time domain.

All the sects and forces dug out the nether crystals at all costs and handed them over to the sacred city for the sake of crossing the Nightmare Lotus seat?

“Then, why did the ruler of time ask for the nether crystals?”

Marquis demon said truthfully, "The form of the ruler of time is mysterious and unfathomable. How would we know?"

After a pause, the demon lord continued, "However, the demon lord surmises that the ruler of time might have handed the nine nether crystal over to the nine-star civilization."

Oh?

Why would a nine-star civilization need the nine Nether Crystal of an ancient god?

The nine Nether Crystal, originally thought to be an ordinary ore, had now become a mysterious object that hid many secrets.

This was truly unexpected!

"Let me ask you again, where is the ancient tomb of the Devil Sect?"

The Devil Marquis suddenly raised his head and asked in surprise, "Why did you ask that of you?"

"Answer!" Su Yu's eyes turned cold.

The devil marquis immediately said, "I don't know. Only the previous generations of Devil Masters and the people responsible for escorting the devil master into the ancient tomb know."

It was somewhat similar to what Jin Yue said.

But there was a difference!

"Who is responsible for escorting the demon lord into the ancient tomb?" Jin Yue had never mentioned this.

"There are three in total!"

"They are the Great Elder, my master, and elder Xiao Mo.."

They were the elders ranked first, ninth, and tenth.

Su Yu's heart skipped a beat.

If he could capture any one of them, he would have a chance to find the location of the ancient tomb of the Demon Gate!

He was deep in thought.

Among the three elders, the great elder could be ignored.

His strength had already reached an unimaginable level.

It was very impractical to pay attention to him.

The most suitable one was the Howling Devil Elder.

Not only did this person chase after him many times, but he also had a grudge against him. His strength was at the bottom of the ten devils.

"Very good!" Su Yu finally had a clear plan in his heart.

“How is the relationship between the tenth elder?”

Demon Marquis said, “On the surface, they are harmonious, but in reality, they are fighting openly and secretly, especially my master and elder Xiao Mo. .”

“The latter is personally groomed by the demon lord and entrusted with an important task as a disciple. Therefore, he is very unconvinced of elder lang mo, who is ranked before him.”

“This time, master and elder Xiao Mo have both sent disciples to the outside world to search for the nine nether crystals. This is one of the comparisons in their hearts. The demon lord once promised that whoever found the most nine nether crystals would be qualified to obtain a drop of Saint Demon Blood.”

At the mention of Saint Demon Blood, the demon lord could not hide the deep greed surging in his eyes.

The Saint Demon was the ancestor of all demons.

When it was born and how long it existed was a mystery.

All they knew was that all the people in the demon sect were derived from the saint demon.

And if a drop of saint demon blood was used, it could be used to create another elder like elder Xiao Mo..

Therefore, all the elders treasured this opportunity very much. They all sent their best subordinates to search for the nine nether crystals.

“How much did you find?” Su Yu’s eyes flashed.

Demon Marquis said with pride, “I am not talented. I have some connections, so I have collected about one million kilograms of nine nether crystals. The lowest grade is seventh grade and the highest is sixth grade.”

The price was at least tens of millions.

The quantity was indeed not small.

It must be known that the nine nether crystals that the demon gate looted from the heavenly weather city and other major cities were only twenty to thirty million.

It was indeed not easy for the demon Marquis to find so many.

“Only one million catties? That’s a bit too little,” Su Yu muttered.

The Demon Marquis was dumbfounded.

One million catties was still a bit too little?

He secretly muttered to himself, what was the meaning of the nine nether crystals whether the master touched them or not?

“How about this, I’ll give you a bit of nine nether crystals to ensure that you won’t make any mistakes this time and definitely get first place,” Su Yu said.

The reason why he had helped Marquis Devil was naturally to establish a certain relationship with the Devil sect.

Only then would it be convenient to move.

Su Yu took out a bamboo hat and wore it on his head. He said, "From now on, I'm a merchant of Nether Crystals. Introduce me to your master."

As he spoke, he took out another spatial storage item and said, "I'll give you some first. Take it well."

Devil Marquis took it and said worriedly, "Master, I'm afraid that won't do. The Devil sect has always been secretive. Why would they trade the nine nether crystals with others?"

He felt that Su Yu's idea was too naive.

Why would they think that the devil sect would trade with outsiders for a mere nine nether crystal?

To use this to establish an equal relationship with the devil sect was too whimsical.

With this thought in mind, he subconsciously swept his gaze across the spatial storage device.

After receiving it and sweeping through it, the demon Marquis cried out in shock, "Fifth grade nine nether crystals! They are all fifth grade crystals! There are a total of one million catties! !"

One Million Catties of fifth grade nine nether crystals was worth at least 300 million time crystals!

With the size of the demon sect, they did not have so many nine nether crystals even after several years of accumulation.

"I still have use for the nine nether crystals for the time being, so I can only give you a little. However, I should be able to guarantee that your master will be satisfied," Su Yu said.

"Satisfied! How can that old fellow not be satisfied?" Marquis mo said incoherently.

Elder Lang Mo's network was quite low among the tenth elders.

It was even worse than elder Xiao Mo. .

He had never expected that his disciples would be able to find so many nine nether crystals.

If all his disciples were able to gather 50 million time crystals worth of Netherworld crystals, he should have covered his mouth and laughed.

Moreover, he had found 300 million by himself?

It would be strange if elder Lang Mo was not surprised!

"Then what are you worried about?" Su Yu asked again.

Demon marquis smiled and said, "Master has so many netherworld crystals. I'm afraid that the demon sect would not dare to treat you lightly. They would definitely treat you as a distinguished guest and treat you well."

“However...”demon Marquis looked at the spatial storage device with some difficulty and said, “Master, can I discuss it with you?”

“Speak!”

“Change the grade of the netherworld crystals to a lower one! They are all fifth grade netherworld crystals. It’s too scary. I’m afraid that even demon master will be alarmed.”

“No!”

“Why?”

“Because the lowest grade on my body is the fifth grade netherworld crystals.”Su Yu sighed helplessly.

Demon Marquis was stupefied.

He knew that there were many people in this world who hid themselves well and had an astonishing value.

But Su Yu was like this, so much so that he couldn’t even take out a sixth grade nine nether crystal. Only people of the fifth grade and above had never heard of him, let alone seen him!

“Alright.”Demon Marquis was resentful and deeply sighed at Su Yu’s rich value.

At the same time, the hidden grievance in his heart dissipated slightly.

It was as if he had unintentionally followed an extremely powerful figure!

“Lead the way to the demon gate.”

Mo hou nodded, “Alright, master, Please...”

Suddenly, Mo Hou turned his head and looked behind him. He frowned slightly, “That annoying fellow has caught up.”

Su Yu did not turn his head back. He could feel a rather strong demonic qi rolling over from the horizon.

“Haha, isn’t this demon marquis? What a coincidence!”

A red-robed man stepped on the demonic cloud and said with an evil smile.

Just now, when they were in the time passage, demon Marquis sensed the aura of the demon sect nearby.

It must be this red-robed middle-aged man in front of him.

The people of the demon sect were the most sensitive to each other’s auras.

Therefore, the other party also discovered demon Marquis’s presence.

“It’s not a coincidence at all!”The demon Marquis did not have a good attitude towards this person.

The latter smiled as he sized up the demon Marquis. Suddenly, he stared at Su Yu and narrowed his eyes, “Elder lang mo’s disciples are really inferior to each other. They even started to make friends with lowly humans.”

The demon marquis snorted coldly, “Mo Qin, watch your mouth. Otherwise, trouble will come out of your mouth.”

Although he did not know Su Yu’s true strength, but throwing away tens of millions of Yuan, would his own strength be low?

If he angered his master, Mo Qin would suffer.

“Hehe, I want to bring some trouble, but only if you have the ability.” Mo Qin was elder Xiao Mo’s disciple.

Relying on elder Xiao Mo’s golden signboard, he did not put elder Lang Mo’s disciple in his eyes at all.

“Let’s Go!” Demon Marquis did not want to bother with this person and led the way for Su Yu.

However, Mo Qin was not willing to let it go. “Let’s go together!”

He did not ask if demon Marquis would agree and followed along the way.

On the way, he kept asking indirectly, asking how many nine nether crystals demon Marquis had found.

Demon Marquis only smiled and did not say anything. He did not take the attack at all.

This made Mo Qin quite unhappy.

The three of them walked on and gradually entered a sect called the Dharma Dao sect.

The sect was filled with Daoist cultivators.

The Demon Marquis and Mo Qin swaggered into the sect. The Daoist cultivators along the way did not dare to stop them.

There was even a hint of respect.

They came all the way to the sect’s forbidden area, the sect master’s cultivation area.

A daoist-robed elder had been waiting there for a long time.

“I respectfully welcome the two Lords of the fiend sect,” said the daoist-robed elder.

Su Yu looked over and could not help but be surprised.

Wasn’t the daoist-robed elder in front of him the same daoist-robed elder who had competed with Su Yu for the spring water back in South Bright City?

He really was a member of the fiend sect.

Behind the daoist-robed elder, an extremely complex teleportation array had already been activated.

Su Yu took a brief look and discovered that within the array, there was not only the power of space, but also a weak power of time.

Only by using both powers at the same time could one arrive at the correct location.

If someone who did not know the situation were to use this array, regardless of whether the power of space or the power of time was present or not, the location of the teleportation would be different.

The demon sect was indeed very cautious!

The three of them boarded the array.

Time and space changed.

When Su Yu appeared again, he found himself standing in the sky above a huge underground city.

The city was filled with people from the demon sect.

They were like ordinary races, thriving here.

“Haha, Demon Marquis, the elders should be in seclusion right now. We are just waiting for nothing. Why don’t We Have Fun Together?” Mo Qin said with a smile.

Chapter 2564 Spending A Lot Of Money

He was very worried if he did not find out the savings that the demon Marquis had found.

Although he looked down on the demon marquis, he was still quite afraid of his ability.

This time, the search for the nine nether crystal was related to the battle for the Saint Demon Blood of the Masters.

As a disciple, who would dare to carry it?

The demon Marquis cast a vague look at Su Yu, asking for instructions.

The tenth elder would go into closed-door cultivation regularly, so it was true that he could not see the elders now.

“What’s wrong with seeing the demon gate?” Su Yu smiled indifferently.

Demon Qin glanced at Su Yu and warned, “Human, the demon gate is quite xenophobic. You’d better behave yourself.”

Hehe..

Su Yu only smiled and said nothing.

The three entered the city.

Demon Qin stopped in front of a very grand restaurant.

Inside, powerful demons could be seen drinking and laughing.

Above the restaurant, the three words “Devil Cloud Cave” were hung.

“How about here?” Mo Qin said mockingly.

Mo Hou revealed a trace of hesitation and embarrassment.

Devil Cloud Cave was the most famous money-squandering cave in the Devil Sect!

One consumption inside would require at least three million time crystals.

It was really not something disciples like them could easily afford.

Most importantly, the demon cloud cave no longer accepted time crystals. They were specifically for the nine nether crystals.

This made many people stop.

At this moment, Su Yu's voice came through demon marquis' ear, "Go ahead and spend. The more, the better. With me around, there's no need to be afraid."

Demon Marquis immediately heaved a sigh of relief.

With that rich man behind him, what could he not afford?

"Good!" The demon Marquis laughed loudly. "I'm just afraid that you can't afford it."

Clearly, the two of them were planning to split the expenses equally.

Mo Qin was slightly startled. Since when did the poor demon Marquis have such confidence?

He still remembered the first time the demon Marquis came to the Demon Cloud Cave. He did not know how deep it was, but in the end, he did not have enough time crystals on him. It was his master who came here with an ashen face to pay the bill for him.

For a time, he became the laughing stock of the Devil sect.

After so many years, when he saw the Devil Cloud Cave, he had a psychological trauma.

He thought that the Devil Marquis would not agree, but he was actually very confident and threatened to compete with him.

Mo Qin was stunned and could not help but laugh.

"A bluff, not bad. Hehe, let's see how long you can last." Mo Qin laughed.

The three of them entered.

Before Mo Qin could continue to tease them, Mo Hou shouted, "Come, give me three pots of the Devil Cloud Cave's Top-grade Sky Devil Wine!"

The originally Noisy Devil Cloud Cave immediately quieted down.

Numerous shocked gazes continuously sized up their table.

Mo Qin was also stunned. He frowned and said, "Mo Hou, this is not a place to joke. Since we have ordered it, we must buy it. Are you sure you want to order it?"

The Sky Demon wine was the most expensive wine in the Demon Cloud Cave.

One Jug was worth ten million time crystals!

In a year, the Demon Cloud Cave could not even sell ten jugs.

Demon Marquis wanted three jugs in one go. It was too exaggerated.

Moreover, the Demon Cloud Cave was founded by the Great Elder. Whoever dared to tease the demon cloud cave would be courting death?

With Su Yu's support, demon Marquis naturally had nothing to fear.

"Hehe, Mo Qin, why are you going back to where you were before? You Can't even afford a jug of wine? It seems that you have had a hard time these years." Demon Marquis ridiculed.

How could Mo Qin admit that he was inferior to Mo Hou? He said seriously, "I'm thinking of you..."

Mo hou interrupted him expressionlessly, "Hey, don't say it's for me! I have plenty of money. You, on the other hand, if you don't have enough money, you'd better leave. Otherwise, if you don't have the money to pay later, I'm afraid you'll have to invite your master over."

This place was specially chosen by Mo Qin.

If he left now, wouldn't that be even more of a joke.

"Hehe, if a person like you can afford it, there's no reason why I can't drink it." Mo Qin braced himself.

He had saved a lot of money over the years. A pot of sky demon wine should be barely enough.

Soon, the person in charge of the Devil Cloud Cave personally brought three pots of wine and said with a smile, "A total of 30 million time crystals. In addition, our shop only accepts nine nether crystals recently."

"It doesn't matter!" The Devil Marquis said with a valiant smile, "We have plenty of money!"

Mo Qin narrowed his eyes. He realized that he really couldn't understand the Devil Marquis.

A year ago, when they left the Devil sect separately and went to the outside world to search for nine Nether Crystals, the latter was still penniless.

Why was it that after not seeing him for a year, it was as if the world was turned upside down.

Su Yu was slightly curious as he sized up the so-called heavenly devil wine. He was somewhat surprised to find that it contained a very rich power.

He tried to take a sip, and the power of Xuan Dao in his body increased rapidly. It seemed like he was about to break through.

Good stuff!

Therefore, he drank a pot of sky demon wine in one gulp.

He had just broken through to the middle stage of the middle stage of the middle stage of the middle stage of the middle stage of the Nirvana stage, and there were signs that he was about to break through.

"Ten more pots!" Su Yu's voice was not loud, and it was very calm.

However, this time, it completely silenced the demon cloud cave.

Mo Qin was furious. He slammed the table and shouted, "Human! You better put it down. This is not a place to mess around!"

Ten pots of Sky Demon wine. He really dared to ask for it!

If they could not come up with the money, the three of them would have to die here.

The person-in-charge walked back and looked at the three of them suspiciously.

Ordering three pots of Sky Demon wine was already the limit for an ordinary person.

Ten pots, it was almost certain that the other party was sincerely looking for trouble.

"Are you sure you want ten pots?"

Su Yu didn't say a word and threw out a black stone.

The person-in-charge looked at it and was stunned for a moment before saying in surprise, "Third grade nine Nether Crystal?"

Third grade, that was a rare grade in the world.

"Ten pots, don't worry about the money," Su Yu repeated.

The person in charge immediately turned from worry to joy and personally delivered ten pots of Sky Demon wine. "Please enjoy your meal, Guest."

Su Yu grabbed three pots and poured them into his mouth on the spot.

When he drank the second pot, the Xuan Dao Energy in his body reached its peak and broke through the bottleneck, allowing him to reach the late stage of the Middle Nirvana stage in one step!

After drinking the third pot, the 800 dao marks in his body were all filled up by the Xuan Dao Energy.

In terms of the power of Xuan Dao, the current Su Yu was not inferior to an early-stage nirvana stage cultivator!

Unfortunately, the more one drank the heavenly demon wine, the worse the effects would be.

When the third pot was finished, there was no obvious improvement.

The demon Marquis smiled and looked at the remaining seven pots of heavenly demon wine on the table.

He pushed the three pots to the demon zither. "Your three pots."

Mo Qin's scalp tingled!

A pot of 10 million, plus the pot in his hand, was already 40 million.

His own value was simply not enough to pay for it.

"Demon Marquis, you're courting death, don't drag me down with you!" Of course, Mo Qin could no longer accompany him, or else he would really bury himself in it.

With an indignant expression, he slammed the table and stood up, angrily berating, "I gave you the first pot of wine, as for the rest, you think of a way to return it yourself?"

Demon marquis chuckled, "Return it? Why should I return it? If you don't have money, then you don't have money. If you're poor, then you're poor. Just say it! But if you don't have money, then I have it!"

He slapped down a spatial storage device and shouted, "Pay the bill!"

The person in charge walked over again and said with a smile, "Guests, the three of you have spent a total of 110 million time crystals."

Mo Hou pushed the spatial storage device over and said, "Draw it from the inside."

The person-in-charge picked it up and scanned the inside. He was deeply moved.

"Customer, are you going to pay for everything, or are you going to pay for yourself?"

Mo Hou said slowly, "Pay together. This friend of mine is too poor. I have no choice but to take care of him."

Everyone looked at Mo Qin and all of them looked at him with envy and jealousy.

"That guy really knows how to curry favor with people. Didn't he curry favor with a big shot?"

"TSK TSK, but to think that he actually asked someone to pay for three pots of Sky Demon Wine!"

..

Mo Qin's face alternated between green and red.

All the taunts he had previously made to Mo Hou were returned overnight!

Mo Hou chuckled as he paid 110 million. He stood up and patted Mo Qin's shoulder, saying with a smile, "It's better not to come to a place like the Devil Cloud Cave next time. Otherwise, no one will pay the bill for you."

After saying that, he left.

Su Yu followed behind him without batting an eyelid.

Mo Qin no longer had the face to follow the two of them and left with hatred.

Of course, before he left, he did not forget to take away the four pots of Sky Demon wine on the table.

"Master, your performance just now was really too exaggerated." Coming to a place where no one was around, Mo Hou felt extremely embarrassed.

He had always listened to Su Yu's orders in secret and acted in an extremely exaggerated and sarcastic manner.

Now that he thought about it, demon marquis felt a tinge of numbness.

Those words and actions were really too childish, just like a good-for-nothing youth.

“It’s fine, I just want to cause a stir. Only then can those elders appear as soon as possible.”

Su Yu did not have the patience to wait for the elders to enter closed door cultivation. He wanted to use the momentum of seizing the initiative to alarm the elders to come out.

“Let’s go and take a look.”After having the experience of breaking through with the Sky Demon Wine, Su Yu became more interested in the demon sect.

He wanted to see if he could buy something that suited his heart in the demon sect.

Not long after.

In a secret medicine shop.

The shop was selling the secret medicine that was unique to the demon sect. After consuming it, Dao Master Xuan’s cultivation could be forcefully raised to a higher level.

The disadvantage was that he would feel extremely weak afterwards.

“How much is a bottle?”

“100,000 time crystals can also be exchanged for the same amount of nine Netherworld Crystals,”said the shopkeeper.

“I’ll buy it!”

Since they had decided to deal with Shao Hao, they naturally had to do everything they could to raise their own strength.

The secret medicine of the demon sect was a pretty good choice.

This item was only available to the demon sect. The outside world could not buy it even if they wanted to.

“How many bottles do you want to buy?”

“All of them!”

“Customer, you must be joking. I have 100 bottles of secret medicine!”

“Only 100? That’s too little!”Su Yu said, “I’ll buy all of them for 100. In the next few days, refine more and I’ll Buy More.”

In a devil talisman shop.

“This kind, I’ll buy all of them!”

“And that kind, give me all of them!”

”...”

In a devil clothing shop.

“Apart from what you have on you, buy all the clothes in your store!”

..

Not long after, the entire Devil Gate City Shook.

Almost everyone was talking about the same thing!

An outsider had arrived in the Devil Gate. He had countless nine nether crystals and was shopping everywhere. The entire Devil Gate was about to be sold out!

This was because the amount involved was simply too huge.

The elders who were in seclusion all received messages like pieces of paper, informing them of the scene that had happened in the city.

Even the demon sect’s imperial family kept sending messages.

In the imperial palace.

Xie Xiaoyue was lying on the table, deep in thought.

When she suddenly heard the news, she frowned. “Humans are buying things wantonly in our demon sect? How wantonly?”

“I heard that they have spent more than one billion time crystals.”

Xie Xiaoyue was shocked. “How much? One Billion?”

“Yes, Little Demon Lord!”

Xie Xiaoyue rolled her eyes. “I’ll go take a look!”

A human who had spent one billion time crystals sounded incredible.

As a little demon lord, she should pay attention to him.

Chapter 2565 Rich And Willful

However, just as Xie Xiaoyue was about to leave, a gray-robed figure floated out.

It was a person whose entire body was covered in bones.

However, his entire body exuded a suffocating power.

He was the number one elder of the ten elders of the demon sect, elder Bone Demon!

“Miss, the demon lord has ordered that you can not go anywhere now,” elder Bone Demon said in a deep voice.

Xie Xiaoyue glared. “Get out of the way!”

Elder bone devil sighed. “Miss, no one can disobey the demon lord’s orders. If you insist on breaking out, I can only use force to seal you and wait for the demon lord’s decision.”

Xie Xiaoyue was now completely under house arrest.

It turned out that the demon gate had already detected that Emperor Shao Hao was about to make a huge change in the Tai Yi sect.

At that time, it was very likely that the entire Tai Yi sect would be scorched to the ground.

She was worried about Su Yu, so she personally led a group of Devil sect experts to the Tai Yi sect, waiting for an opportunity to make a move.

Who would have thought that the moment they made a move, they would be detected by the Devil Master and captured.

Furious at Xie Xiaoyue's audacity, the devil master ordered her to be placed under house arrest.

Without his permission, she was not allowed to take even half a step out of the imperial palace.

Xie Xiaoyue wanted to take the opportunity to leave, but she was stopped by Elder Bone Demon.

"A human of unknown origin is purchasing the items of the demon sect with ill intentions. What intentions he has, what ulterior motives he has, and what plans he has are all unknown. As the number one elder of the demon sect, aren't you worried?"

"I'm not worried!" No matter how Xie Xiaoyue said it, elder bone demon was very calm.

Xie Xiaoyue looked worried for the demon sect, "Sigh! The demon sect is in great danger. I can't even do anything for the demon sect. Oh God, open your eyes..."

Elder bone demon said indifferently, "Little Demon Master, take a rest. Don't tire yourself out."

Xie Xiaoyue glared at elder bone demon and held her teacup tightly, "You old bastard, can you bear the consequences if that human causes a great disaster?"

"I don't need to bear it, the other elders have already rushed over after hearing the news."

"You... I..." Xie Xiaoyue was so angry that she could not speak.

She waved her hand impatiently, "Alright, Alright, let's go."

Seeing that she could not escape, Xie Xiaoyue lost her temper completely.

Demon Gate City.

Su Yu and demon Marquis were strolling in the city.

However, there was an entire street behind them!

The ground and the sky were filled with people.

"It's already two billion, right? Is this human going to buy out the entire Demon Gate City?"

"F * ck! You guys are still in the mood to watch the show? Hurry up and buy daily consumables before him!"

“Thirty percent of the daily necessities on the market have been bought out, and the prices of the rest have skyrocketed. If you guys don’t buy them now, you’ll just have to wait to die!”

Because of Su Yu’s frenzied buying, the prices of the entire demon gate city had skyrocketed.

Many of the necessities that the people of the demon gate usually needed could no longer be bought even if they wanted to.

In front of a very large-scale shop, the demon Marquis led the way eagerly. “This is the most famous shop of the demon gate. It has many powerful insects, and among them, the ten most famous insects are the most famous, able to...”

“Buy them all!” Su Yu said casually.

The crowd immediately became excited?

“DAMN! He won’t let go of the demonic insects!”

“What does he want so many demonic insects for? is he going to go back and Fry Them?”

“F * ck, so what if he has money? He actually buys things like this!”

“I was wrong! So what if he has money!” When he saw Su Yu take all the top ten demonic insects and go to the next shop to buy them, the demon’s face was full of tears.

Su Yu came to the front of a big hall of demonic tools. Just as he was about to go forward, a figure stopped him.

“Human, enough is enough.”

The figure revealed his real body.

He was wearing a black robe and there was a mark of a wolf on his forehead.

He was the ninth elder, elder Wolf Demon!

“Master!” Demon Lord walked up and said respectfully.

Elder Wolf demon stared at demon lord coldly, “Why are you with this human?”

He had received news that a human had suddenly appeared and was buying everything in the demon sect, causing a huge commotion.

Hence, he had come to investigate.

Demon Marquis lowered his voice and was about to say something when a few more elders rushed over.

One of them was elder Xiao Mo, who was ranked last.

“Human, how dare you disturb the demon sect!”

“Who dares to cause trouble in the demon sect!”

The elders of the demon sect were obviously not in a good mood. They immediately scolded him.

Su Yu's expression was calm. He calmly turned around and slowly said, "Buying things is also causing trouble. I have nothing to say."

"HMPH!" Elder Xiao Mo stood out and sized up Su Yu who was wearing a bamboo hat. "Do you think you have a lot of money?"

He was originally being sarcastic.

Unexpectedly, Su Yu said indifferently, "Quite a lot."

Elder Xiao Mo choked and snorted, "You're boasting shamelessly..."

However, elder Xiao Mo didn't continue scolding him because he really couldn't say anything.

This was because Su Yu took out a small mountain that was a thousand feet tall and threw it in front of the Hall of magic tools. He said, "I want all the magic tools inside. How much is it worth? Dig out this mountain yourself!"

That small mountain that was a thousand feet tall was completely black!

Among the nine nether crystals, there was only one type of black ore, and that was the third grade nine Nether Crystal!

Moreover, it was a thousand feet tall, and its weight was definitely not less than five million Jin!

Its value... was immeasurable.

The Devil Sect's hundred years of storage was not even enough for this mountain.

The most important thing was that it was a third grade nine nether crystal.

Normally, a fist-sized piece could startle the entire southern part of the dream boundary.

But now, it was as big as a thousand Zhang Mountain!

Elder Xiao Mo was so shocked that he couldn't speak.

Several elders were shocked at the same time.

How could there be such a huge third grade nine nether crystal?

"Mister... Mister Human, May I Know Your Name?" Elder lang mo stared at the huge nine Nether Crystal Mountain and fiercely swallowed his saliva.

He changed from his previous stern expression and greeted Su Yu with a pleasant expression.

"You are?" Su Yu pretended not to know and asked with raised eyebrows.

Elder Wolf Demon smiled and cupped his fists, "I'm the ninth elder of the demon sect. May I know your name?"

"My surname is Su."

“So it’s Mister Su. I’ve heard a Lot About You!”Elder Wolf demon smiled and said, “May I know if you are willing to exchange your nine Nether Crystal for a time crystal?”

Hearing this, the other elders all came to their senses.

If they could get the nine Nether Crystal Mountain in this person’s hands, the others would not fight for the Holy Devil Blood at all!

No matter how many nine nether crystals their disciples went out to look for, it was still difficult to reach one ten-thousandth of what they were looking for!

“Mr. Su, I’m Elder Yan Mo, ranked sixth. I want to discuss a business deal with Mr. Su. What do you think?”

“Hehe, I am elder Guang Mo, ranked fifth. I would also like to discuss a business deal with Mr. Su regarding the nine serenities crystal.”

Five or six elders rushed over at the same time.

As elder Lang Mo, who was ranked lower, he was naturally pushed to the back. He did not even have the chance to interrupt.

He was anxious and helpless.

Chapter 2566 The Plan Began

Those demon elders were ranked above him and had great power.

He simply could not compete with them openly.

Moreover, with his financial strength, he was far from being a match for the other demon elders.

“Sigh!”He could only sigh silently.

However, he was not too disappointed.

From the beginning, he knew that there was no hope for the Saint Demon Blood.

After all, there were several elders on top of him.

Just as he smiled bitterly, Su Yu said indifferently, “Everyone, everything comes first. I was invited by the Devil Marquis to make a deal with his master, Elder Lang Mo. Please allow me to make a deal with him first.”

Hearing this, the few devil elders looked at elder lang mo in shock, as well as the Devil Marquis beside him.

Their eyes were filled with shock.

How did Mo Hou know such an important figure who was rich enough to contend against the demon sect?

Being stared at by so many elders, the blood in Mo Hou’s body surged. He had never felt this excited before.

He was a small figure, but he was actually able to attract the attention of so many elders in the demon sect.

This was something that had never happened in his life.

Elder Lang Mo was overjoyed. He separated the few elders and went forward warmly, "Mister Su, please come into my cave to have a chat."

Thus, under the jealous and worried eyes of the other elders, Su Yu followed elder Wolf Demon into his unique cave mansion.

In his cave mansion, there were three disciples cleaning up the debris.

They looked at their master with surprise. Their master, who was usually arrogant and cold, actually accompanied a human into the cave mansion with a flattering look.

"Mr. SU, Please!" Elder Wolf Demon invited Su Yu into the guest hall.

Demon Marquis followed closely behind and was about to enter.

A disciple stopped him and berated him sternly, "Fourth junior brother, why are you so ignorant of the rules? Master is meeting a guest, why are you following him in?"

Demon Marquis subconsciously shrunk his neck.

The person in front of him was his eldest senior brother, who was also the disciple that elder lang mo valued the most.

Normally, including demon Marquis, the three disciples all respected him.

As long as their master was not around, eldest senior brother would control them as if he was their master.

"Go and boil a pot of demon tea!" Eldest senior brother commanded.

He was very disappointed with demon Marquis.

He used to think that demon Marquis was quite clever. Why was he completely ignorant today?

How could he dare to join in the fun when his master was such a respected guest?

But at this moment, elder lang mo turned around and ordered, "Mo Chen, go and boil a pot of demon tea."

UH --

Me?

Eldest senior brother was a little surprised.

Usually, elder lang mo would always leave these groceries to the other three disciples. He would never command him.

What made eldest senior brother even more surprised was that elder lang mo turned around and waved at demon marquis with a smile, "Demon Marquis, What Are You Waiting For? Come in quickly."

Demon Marquis had just come back to his senses. He smiled and said to Mo Chen, "Eldest senior brother, make the tea better."

After that, he smiled and entered the classroom.

Mo Chen was left full of doubts.

What was going on?

His master, who usually did not like to smile, was actually so polite to the demon lord?

In the guest hall.

Su Yu was sitting calmly.

Elder Wolf Demon was exchanging greetings, but there was an unsuppressable urgency in his eyes.

He was afraid that the other elders would use some means to make him lose the nine nether crystal that he was about to obtain.

"Mr. Su..."

Su Yu waved his hand lightly, "I know what elder Wolf Demon wants to say."

As he said that, he winked at Marquis Demon.

The latter took out a spatial storage device, which contained a total of one million nine nether crystals.

"Master, when we first met, Mr. Su and I reached an agreement. Please take a look."

The latter took a look and was moved, "This... This is very grateful to Mr. Su."

Su Yu said indifferently, "It's no big deal."

Elder Wolf Demon had calmed down a lot, but he was still worried that if Su Yu made a deal with other elders and gave them more netherworld crystals, his advantage would be gone.

"Mr. Su, I wonder why you came to the demon sect besides buying the items you need? If there's anything I can help you with, I can still help you."

He wanted to obtain more nine nether crystals from Su Yu.

Su Yu chuckled and said, "I'm afraid that elder Wolf Demon might not be able to help me with my help."

"Why don't You Tell Me First? If I can help you, I Won't decline,"elder Wolf Demon promised.

He had to keep Su Yu, this money tree, in his hands.

"Hehe, I want to pay a visit to the Devil Master. Is it possible?"Su Yu's eyes flickered.

He naturally couldn't mention the matter of the "Devil Sect's ancient tomb".

That was the top secret of the Devil Sect. Who would dare to reveal it?

If Su Yu mentioned these four words, elder Wolf Demon would immediately capture Su Yu and interrogate him even if he desired the nine Nether Crystal.

“This... The Devil Master has been out for several years and hasn’t returned. I’m afraid no one can help you if you want to see him.”Elder wolf demon heaved a sigh of relief.

No one should be able to fulfill this request.

“It’s also possible to have someone who can make the decision.”Su Yu changed his words.

Originally, his goal was just to capture elder howling demon.

However, after observing the resources of the devil race, he discovered that many of them were extremely rare to the outside world and were extremely useful.

Hence, he came up with the idea at the last minute and wanted to make a big deal with the Devil Sect.

With the Devil Sect’s lack of or lack of the nine nether crystal, they should not refuse.

“This can be done.”Elder wolf demon said, “Although the demon lord isn’t here, with the little demon lord, the little demon lord can make decisions in some aspects.”

After a pause, elder wolf demon hesitated, “However, the little demon lord’s temper is a bit strange. I’m afraid Mr. Su won’t be able to handle it.”

Oh?

How Strange could a successor of the demon sect be?

Speaking of which, he had heard of this little devil master back when he was in south light city.

Back then, Empress Starry Rain had posted the wanted list of this person, but it was a pity that she didn’t get anything out of it.

“It doesn’t matter. If you can arrange it, do it as soon as possible. If not, I’ll find someone else,”Su Yu said indifferently.

Elder wolf demon immediately said, “Don’t worry, I’ll definitely arrange it properly.”

Su Yu nodded. “If it’s properly handled, I’m very willing to make another deal with elder Wolf Demon.”

Hearing this, elder Wolf Demon was overjoyed and immediately said, “Please wait for a moment, Mr. Su. I will make the arrangements right away.”

He immediately stood up and at the same time ordered demon marquis, “Take good care of Mr. Su.”

After saying that, he immediately left.

Only the two of them were left in the guest hall. Su Yu smiled faintly.

Right now, the other few elders must be restless, right?

They must be terrified that elder Wolf demon would obtain the nine nether crystal that was far better than theirs and take away the earth saint demon blood.

Therefore, they would definitely take action later.

They would either forcefully snatch the nine Nether Crystal from Su Yu's body.

Or they would try their best to get in touch with Su Yu.

This was the demon sect and elder Wolf Demon's cave abode. They had to consider their relationship with each other and would not use force.

Hence, it would be the latter.

And elder Xiao Mo would most likely be among them.

At that time.

Elder Lang Mo came to the imperial palace as an elder to meet Xie Xiaoyue.

Xie Xiaoyue was filled with resentment and said indifferently, "Ninth elder, what's the matter?"

Chapter 2567 Luring The Wolf Into A Trap

But since he had come, there was no harm in seeing him.

Elder Wolf Demon arranged for Su Yu to enter the side palace.

"Mr. SU, if the little devil master says anything unpleasant, please forgive him." Elder Wolf Demon reminded him in advance.

Su Yu felt strange.

After all, he was the Little Devil Master of a generation. Even if he had a strange personality, there should be a limit, right?

Was there a need to remind him like this?

It was as if the little devil master was so lawless.

At this moment, the slave servants outside the door shouted, "The little devil master has arrived!"

Elder Wolf Demon immediately went forward and respectfully received him.

Su Yu also did what he should do and went forward to bow.

Under his gaze, a woman with heavy makeup and a nondescript make-up slowly walked in under the respectful welcome of the slave servants.

She wore a big red flower on her head, and her cheeks were especially painted with bright red rouge.

Because of the thick makeup, there was no beauty at all. Instead, she looked like a paper figurine that was burned to death.

Su Yu only took a glance and felt his eyes sting.

This woman's entire body was in the shape of a human. She should be from the royal family of the Devil Sect.

But this makeup, he really did not dare to compliment her.

Su Yu was not someone who judged people by their appearance. He still paid no attention to her and saluted, "Greetings, Little Devil Master."

The Little Devil Master's voice was gloomy, "Human, I heard that you are very rich?"

Eh?

Su Yu raised his eyebrows slightly. Why did it sound like this little devil master had some ill intentions?

That tone was not quite right.

"It's just so-so." Su Yu said indifferently, "I'm here to make a deal with the Little Devil Master. I believe it will be beneficial to your devil sect."

The Little Devil Master slowly sat down with the help of the maidservants. He said calmly, "Tell me about it!"

Su Yu did not say a word. He made a list.

On it were all the special products of the Devil sect that he had taken a fancy to when he was shopping.

They were very useful for arming his own strength.

It was just that the stock on the market was very rare.

Only by seeking cooperation with the royal family of the Devil sect could he buy them in large quantities.

The little demon master took a glance and his eyelids could not help but Twitch.

The items listed on the list were nine nether crystals that were worth at least ten billion time crystals.

This was an unimaginably large number for the demon sect.

The highest value of nine nether crystals that the demon sect had ever stored was only five billion time crystals.

Ten billion was definitely an unimaginably astronomical figure!

Especially since the era of destruction was approaching, all the powers were scrambling to find the nine nether crystals to exchange for the Nightmare Lotus seat.

Therefore, the nine nether crystals would become harder and harder to find.

Ten billion was definitely a great opportunity that was delivered to their doorstep.

If the demon sect was here, they would definitely buy so many nine nether crystals at all costs.

The Little Devil Master rolled his eyes and appeared very calm, "Sure."

Su Yu let out a slight sigh of relief. Other than his makeup, this little devil master did not seem as strange as elder Wolf Devil had reminded him.

“How long will it take to prepare the list?” Su Yu asked.

The little devil master calculated and said, “No later than ten days, no earlier than three days. During this period, you can play in the Devil sect as you wish, and you can also enter and leave the palace as you wish.”

He gave Su Yu exceptionally generous conditions.

“Between three to ten days?” Su Yu was quite satisfied, meeting the estimated time.

“Okay, within ten days, I will pick up the goods.” Su Yu immediately stood up and took his leave.

The negotiation this time was more smooth than expected.

The Little Devil Master, who was supposed to be very difficult to deal with, actually did not even have the slightest intention of bargaining.

After Su Yu and elder Wolf Demon left, the little devil master smiled strangely and took off the eye-catching red flower on her head. She said somewhat helplessly, “I’m really going all out. Even with this kind of makeup, you’re still willing to come out and meet people.”

She wiped off the thick makeup on her face, revealing that delicate and beautiful face that was flawless.

“But?” Her index finger pressed against the corner of her mouth. She watched Su Yu leave and said leisurely, “I might have to trouble you for a while, human.”

She returned to Elder Wolf Demon’s cave abode.

Su Yu retreated to the left and right and calculated on the spot.

“That little devil master should have other plans, right?” Su Yu thought about it and felt that the other party’s attitude did not seem to be on business, but had other motives.

That was why this transaction could go so smoothly.

If that was the case, he had no choice but to make plans early.

Sitting cross-legged, Su Yu counted the things on his body.

Other than the little qilin, he also had the heaven destruction seal and the feathers on the white feather gate to protect himself.

Su Yu would use the heaven destruction seal and the little qilin for the last time.

Using force in the Devil Sect was an extremely unwise thing to do. He could only use it as a last resort.

On the other hand, Bai Yu had a powerful defense and was the best choice for self-defense.

Dong Dong --

After getting ready, he prepared to enter seclusion for a few days and wait for the exchange.

However, there was a knock on the door.

“Mr. SU, it’s me.”

That voice seemed to be elder Wolf Demon’s eldest disciple, Mo Chen, right?

“What’s the matter?” Su Yu said indifferently. He had nothing to talk about with this person.

“Mr. SU, can I come in and talk?” His voice was very low, and he seemed to be very careful.

Su Yu was surprised.

It seemed that there was something wrong with this person!

His eyes slightly turned, Su Yu waved his hand, opened the restriction, and let him in.

After Mo Chen came in, he closed the door and said respectfully, “Thank you, Mr. Su, for meeting me.”

“If you have something to say, just say it,” Su Yu said lightly.

Mo Chen carefully took out two sealed letters, “Please take a look, Mr. Su.”

Su Yu rolled up his sleeve and opened them. They were the letters personally written by the elders ranked fifth and sixth.

It turned out that just as Su Yu had expected, they had tried all means to contact Su Yu.

However, due to elder Wolf Demon’s tight security, they were unable to succeed.

It was only when elder Wolf demon accompanied Su Yu to the imperial palace that they found an opportunity.

They paid a considerable price to bribe Mo Chen.

They asked him to deliver the letter on their behalf.

After reading it, Su Yu’s eyes were calm. He accepted the letter and said, “Tell them that I will consider it again.”

These two people were not his target.

He wanted that elder Xiao Mo..

However, this elder Xiao Mo was extremely vigilant and did not make any moves.

However, Su Yu believed that he would make a move sooner or later.

After all, in front of such a huge nine nether crystal, no one would not be tempted.

And coincidentally, elder Xiao Mo was a greedy person.

He believed that he was just watching.

After receiving the reply, Mo Chen quietly went to a remote area in the city.

Elder Guang Mo and elder Yan Mo's disciples were there.

"Mo Chen, what did Mr. Su Say?" They asked expectantly.

Mo Chen shook his head regretfully. "Mr. Su only said that he would think about it again."

The two disciples were extremely disappointed.

In the letter, their master had proposed a rather generous condition to Su Yu. Unexpectedly, Su Yu was still not satisfied.

"What is that Mr. Su Thinking?" Elder Guang Mo's disciple sighed bitterly.

Mo Chen laughed self-deprecatingly. "If you ask me, who should I ASK? How can I guess the words and actions of such a high and mighty figure?"

The two disciples thought about it and agreed with him. They looked helpless.

"Then, what did Mr. Su do with the letter?" Suddenly, another disciple walked out from the darkness.

It was none other than the disciple of elder Xiao Mo, Mo Qin.

Chapter 2568 He Couldn't Figure It Out

Mo Chen looked at him and snorted. He didn't answer.

Everyone knew about the enmity between elder Xiao Mo and his master.

Why should he answer Mo Qin for no reason?

"Big Brother Mo Chen, this is a small gift. Please accept it." Mo Qin immediately took out a small bag of nine nether crystals.

The latter opened it and looked at it. Then, a gentle expression appeared on his face. He said, "I didn't deal with it much. I just kept it in my arms."

After hearing this, Mo Qin seemed to be deep in thought.

He took out a small bag of nine nether crystals and handed the letter to Mo Chen. "Then I'll have to ask Big Brother Mo Chen to send my letter over."

Mo Chen snorted unhappily. "How good would it be if you sent it over with me just now? Do you know how much risk you'll have to take if you make another trip?"

"Hehe, brother Mo Chen, take a look at the things in this money bag first."

Mo Chen opened it and his expression changed drastically.

However, he saw that there was a total of two million time crystals in the money bag.

He kept the money bag and said, "Alright, then I'll make another trip!"

Seeing him leave, Mo Qin sighed helplessly, "This is master's idea. I Can't do anything about it."

It turned out that elder Xiao Mo had warned Mo Qin not to show any emotion. He wanted to see how Mister Su would react when the other elder Mo's letters were delivered.

If he returned the letter or threw it away, then there was no need to send the letter with his own handwriting.

If he accepted it and did not explicitly reject it, then he would send it over.

That was why the scene before him happened.

Not long after.

Su Yu had an unexpected letter in his hand.

On it was written by elder Xiao Mo himself. He was willing to pay 30% more than the market price and use the time crystal to buy the nine nether crystal in Su Yu's hand.

He would buy as much as it was sold.

"Hehe, you talk big." Su Yu said in front of Mo Chen, "However, to make a deal with the royal family, there are not many nine nether crystals left. If this elder Xiao Mo is willing, after I get enough nine nether crystals, we can trade again."

Mo Chen immediately returned and conveyed Su Yu's original words.

Mo Qin let out a long sigh, "Master is really amazing, he actually succeeded!"

A few days later.

Su Yu, who was in seclusion, suddenly stood up and slapped the space in front of him.

The terrifying power of the Xuan Dao, which was close to the early stage of Nirvana, created a deep crack in the space.

"Finally, my cultivation has stabilized," Su Yu said in satisfaction.

It was time to prepare to break through the Nirvana stage.

It was the same as breaking through from the Nirvana stage to the middle stage. Ordinary cultivation required a long time to settle down.

One had to use special items to break the gap between realms.

"Mr. SU, someone from the imperial family has come," elder Wolf demon reminded him from outside.

Su Yu was surprised.

It was only the fourth day, right?

That Little Devil Master was so efficient.

"Let's go." Su Yu stood up, a cold light flashing in his eyes.

That Little Devil Master had better not have any other plans. Otherwise, he might not care whether he was a great devil master or a little devil master.

He came to the imperial palace again.

He appeared in a spacious hall.

The inside was already neatly covered with spatial storage devices.

In each spatial storage device, there was an item on the list.

The little devil master was sitting calmly in the hall.

Seeing that Su Yu had come, he said casually, "Human, the item is ready. Take out your money."

Su Yu's eyes flashed, "I want to check the item first."

"Whatever!"The Little Devil Master said indifferently.

Su Yu grabbed a spatial storage item and checked it. His face darkened, "What do you mean?"

This spatial storage device contained a secret medicine that could temporarily increase one's cultivation.

There were a total of 10,000 bottles on the list.

However, only 100 bottles were real. The rest were all empty.

"It's what you saw!"The Little Devil Master said arrogantly. "You've examined the item too. Give me the money."

How was this a transaction? It was clearly a robbery!

Su Yu looked around.

Although he did not have a clear perception, there must be an absolute expert nearby who was staring at him.

If he made any improper moves, he would immediately take action and kill Su Yu.

Therefore, Su Yu held his breath and said slowly, "Little Devil Master, if you did not intend to make a transaction, then forget it."

He had no reason to use a high price to buy something that was seriously lacking in weight.

As he had expected, the little devil master would use a forceful method to force him to pay.

Who knew that the little devil master said indifferently, "If you don't want to buy it, then don't buy it. Are you afraid that we won't be able to sell our Devil Sect's things?"

UH --

What was this situation?

Huala --

Suddenly, a figure covered in bones appeared. He wasn't anyone else.

It was the great elder Bone Devil.

He casually grabbed a few spatial storage devices and swept them inside. He said with slight reproach, "Little Devil Master, there are enough goods in the Devil Sect's warehouse. Why Don't you take them out?"

The Devil Sect had reserves all year round. The things that Su Yu needed could be completely satisfied.

However, the Little Devil Master agreed to the deal, but she deliberately created a situation where there was a shortage of weight.

If that was the case, then so be it. She wouldn't force the sale.

What was she trying to do?

"Father is not here, so I will make the decision! I will sell as much as I Want!" The Little Devil Master said without allowing anyone to interfere.

Elder Bone Devil was a little angry.

Such a big deal was crucial to the future of the Devil sect.

If it was successful, they might be able to gather enough money to cross the Nightmare Lotus seat.

If the Devil Master was here, he would definitely do whatever it took to complete the deal.

After a pause, elder bone devil lowered his voice and said, "If the little devil master is worried about the goods, then there's no harm..."

He gave a vicious look.

It meant to rob!

In any case, it was common for the Devil sect to commit robbery.

The little devil master slapped the table and shouted, "Impudent! Our Devil sect is a place of honor, how can we rob openly?"

These words could be heard throughout the hall and elder Bone Devil felt awkward.

What was the Little Devil Master up to?

She looked at the human race and said, "Human race, I've changed my mind and don't want to make a deal with you. Now, please leave the Devil Sect."

The Little Devil Master's thoughts were very simple!

She wanted to ruin the good news of the Devil sect. She wanted to see if father would dare to keep her in the Devil sect.

That was why there was this scene.

Su Yu frowned slightly. He could see that the little demon master was doing it on purpose.

It was a waste of time and feelings!

He had waited for four days in vain, but in the end, no one had any intention of making a sincere deal.

This willful little demon master!

However, with elder bone demon in front of him, Su Yu naturally could not do anything out of line.

“If that’s the case, then I’ll take my leave!” Su Yu said with a straight face.

Unexpectedly, the little devil master said again, “Hold On!”

“What’s the matter?”

The little devil master said indifferently, “Return everything you bought from My Devil Sect. Of course, I’ll return all the nine nether crystals you spent.”

What?

Elder Bone Devil was furious. Su Yu had spent two billion nine nether crystals, and now he was returning them all?

Su Yu was also angry, this Little Devil Master, is crazy?

Chapter 2569 Fear Of The Rat

If she did not want to trade again, Su Yu could barely understand it. Perhaps the other party had a deeper level of consideration.

But the thing that Su Yu had bought, he wanted him to return it. It was simply deliberate humiliation!

After this matter, who would dare to trade with the demon sect in the future?

Su Yu even secretly wondered if he had unintentionally sinned against the little demon master. Otherwise, why would the other party be so aggressive?

“Little Devil Master, I advise you to think twice before acting!” It was obviously not conducive to the actions of the Devil sect. If the devil master found out about it later, he would definitely punish her.

The little devil master’s eyes hardened, and the big red flower on her head trembled.

She narrowed her eyes and said slowly, “Human, I should be the one advising you. Immediately carry out my orders and don’t Provoke Me!”

Su Yu looked at her deeply. He did not have a good impression of the entire devil sect!

It was one thing for the mighty little demon master to go back on his words, but he was still so domineering!

“Alright! I’ll return it to you!” Su Yu’s eyes flashed slightly as he threw a spatial storage item back!

Elder bone demon sighed and caught it. He checked it to make sure that there was no problem before handing it over to the little demon master.

Although he was very angry at the little demon master’s unreasonable actions, he did not forget his duty to protect the little demon master.

The Little Devil Master played with the spatial storage item and raised his chin. “Give it to him!”

With no other choice, elder bone devil could only head to the imperial family's treasury to retrieve the few nine nether crystals inside.

"When the Devil Master returns, he will definitely be furious! The Little Devil Master is really too reckless this time. He is even worse than when he ran away from home!" Elder bone devil sighed.

Su Yu took his spatial storage item and immediately took his leave without any hesitation!

The entire devil sect was in an uproar because of this.

"Nonsense! Too much nonsense! Little Devil Master is simply treating the future of the Devil sect as a child's Play!"

The one with the most intense reaction was elder Xiao Mo!

His cooperation with Su Yu was just beginning to take shape, but little devil master was still acting recklessly and forcefully chasing her away!

Elder Wolf Devil's face was also ashen.

"Unreasonable! The nine Nether Crystal involves the Devil sect exchanging for the crossing Nightmare Lotus seat and determines the survival of the Devil sect. How can she be so unreasonable?"

It was fine if she did not cooperate, but she had even returned all the money that Mr. Su spent on the Devil sect!

It would be strange if the Devil Master was not furious when she returned!

It was the same for the devil elders and the common people!

The merchants that benefited were now being asked by the imperial family for all the nine nether crystals that they had obtained. For a moment, there were many complaints!

"What kind of Little Devil Master is she? She doesn't do her official business and only messes around all day!"

"It's better to let her stay outside. There's no need to bring her back!"

As the saying goes, cutting off a person's source of income was like killing their parents.

The Little Devil Master's actions not only cut off a person's source of income, but also took back the money he had obtained. How could he not incur hatred?

However, no matter how much the people's resentment boiled, no one could do anything to the Little Devil Master.

Elder bone devil sighed endlessly.

Only the Little Devil Master had a smug look on her face.

She wanted to turn the Devil sect upside down. Let's see if the devil master still dared to keep her in the Devil sect.

“Sigh, I pity that Mr. Su. It was a wasted trip.”The Little Devil Master said with a smile.

But suddenly, the spatial storage device in her palm suddenly shattered with a crack.

A time domain that was hidden extremely deep gushed out without any warning.

The Little Devil Master and Elder Bone Devil were both frozen in time at the same time.

And Su Yu, who had already left, returned strangely.

He stared at the little devil master and snorted, “It’s not your fault that you’re ugly. It’s not right for you to come out and do Evil!”

As he said that, he stepped forward and kicked her to the ground!

At the same time, he took everything from her.

Including the spatial storage item that was taken back and the Little Devil Master’s own spatial storage item.

After doing all this, he immediately used the time domain to escape.

This was because elder bone devil had already reacted and used his powerful cultivation to forcefully break the seal of the time domain.

“Little Devil Master, be careful!”Bone Devil only had time to support the little devil master, but he was powerless to stop Su Yu from escaping.

When the time domain ended, the Little Devil Master also woke up.

An obvious pain came from her chest, causing her to subconsciously rub her chest.

Only when she rubbed her chest did she realize that the spatial storage devices on her body were all gone.

“It’s that human?”Although time had stopped, the Little Devil Master’s thoughts were still there.

In a short period of time, she did vaguely feel that someone had done something.

She was shocked and angry.

No wonder the other party had returned the spatial storage item so easily.

It turned out that someone had done something that no one knew about. Even the great elder bone devil had not noticed it.

“Chase after him!”The Little Devil Master berated, her expression faintly showing her true anger.

She was not angry that she had been schemed against, nor was she angry that the Devil Sect’s secret medicine worth two billion nine nether crystals had been stolen.

Instead, she was angry that the spatial storage device he had stolen contained something extremely important to her!

Elder Bone Devil was also secretly angry.

Hurting the Little Devil Master in front of him, this human's guts were too big!

"There's no need to chase. Up until now, no one has been able to escape the Devil Sect." Elder Bone Devil snorted. "Little Devil Master, you are in the imperial palace. Don't leave even half a step. I'll be back soon!"

With elder Bone Devil's strength, it was only a matter of time before he caught up to Su Yu.

And once he caught up, Su Yu would die without a burial ground!

After that, elder bone devil flashed away.

With the imperial family's strength, the little demon lord's safety did not need to worry.

The little demon lord sat in the courtyard angrily. "Human, you've angered me!"

However, just as he said those words, a cold voice almost rang in his ears.

"I'll give the same words to you!"

Su Yu, who had clearly escaped, did not leave at all.

How could he not know that it was impossible for him to escape from the demon sect by himself?

Hence, he used a trick to lure the tiger away from the mountain. He went into hiding and subdued the little demon master.

The Little Demon Master reacted quickly. When she heard that something was wrong, she did not even look at it. She immediately crushed a defensive talisman and asked for help.

However, Su Yu was already prepared. A spatial domain froze her entire body.

Then, under the Little Devil Master's shocked gaze, she carried her on her shoulder.

"Human, do you... Do you know what you are doing?" She never dreamed that this human would be so bold as to kidnap her!

Did he not know that she was a descendant of the Devil Sect?

Kidnapping her was equivalent to making an enemy out of the entire demon race!

"I know, I am exchanging you for a bounty!" Hadn't Empress Starry Rain always wanted the little demon master?

After not seeing Empress for a few years, kidnapping the little demon master now could be considered a welcome gift!

"You... you are finished, no one can save you!" The little demon master felt like crying.

Things should not be like this!

She had imagined that the devil master would chase her away in anger after she angered the humans and delayed the devil sect's important matters.

Being kidnapped was not part of the plan at all!

At this moment, the Little Devil Master wanted to cry but had no tears.

Su Yu kidnapped the Little Devil Master and rushed out of Devil Gate City, arriving in front of the array formation.

How could his abnormal actions be hidden from the powerful devil elders?

Especially the number one elder, elder Bone Devil, who was the first to arrive.

He was shocked and furious. "Human, put down the little devil master and hurt him. The consequences will be..."

Su Yu pinched the little devil master with an indifferent expression.

The latter was in so much pain that he sucked in a breath of cold air and said fiercely, "A piece of meat is about to be wrung out by you."

Su Yu looked at elder Bone Devil and Shrugged. "See, there won't be any consequences."

Elder Bone Devil was afraid of the consequences and did not dare to go forward. If Su Yu made an unusual move, the little devil master would definitely be in danger.

"So, let's be straightforward and let me go. I can temporarily guarantee the Little Devil Master's safety. Otherwise, she will die right now!" Su Yu decided to shed all pretense of cordiality.

At this moment, the little devil master even wanted to die.

What the hell was going on?

Chapter 2570 They Did Not Know Each Other

Elder Bone Devil's expression changed again and again as he thought about how careless he was.

The human in front of him was too cunning. If he was not careful, he would fall into his trap and be captured alive.

If anything happened to the little devil master, it would be difficult for the devil master to forgive him.

Therefore, after weighing the pros and cons in his heart for a moment, elder bone devil waved his hand and the time and space intersecting array was activated.

"It will bring you back to the place where you came from. Remember not to hurt the little demon lord, or else you will definitely regret it."

There was only one little demon lord in the demon sect, and he was also the only descendant of the demon sect.

If anything happened to the little demon lord, even if Su Yu was the descendant of the ruler of time, the demon sect would take revenge at all costs.

Su Yu smiled faintly, "Thank you."

He had never thought of hurting the Little Devil Master, he just wanted to bring him back.

With a leap, he brought the little devil master into the array.

After experiencing the changes in time and space, they successfully returned to the Daoist sect.

Before the people inside could react, they immediately took the little devil master and fled.

When elder Bone Devil and the other elders chased after them, they could no longer see the little devil master and Su Yu.

“Immediately order all the Devil sect members to search for the Little Devil Master!”

Elder Guang Mo hesitated and said cautiously, “Great Elder, is this really good? The Devil Master seems to be coming back soon. With such a big fuss, he will definitely know that something happened to the Little Devil Master.”

Elder Gu Mo’s expression turned solemn. “I will take responsibility for this alone. However, we must search for him as soon as possible. The Little Devil Master’s safety is above everything else!”

With this order, countless branches of the Devil sect received the same order.

Search for the Little Devil Master!

The order didn’t mention the Little Devil Master’s current situation, so it was misunderstood. The Little Devil Master escaped once again!

Unfortunately, the Little Devil Master, who was crying, was being kidnapped and headed south.

When they arrived at an abandoned ancient city, Su Yu stopped to rest and replenish his energy.

“Hey! Dead Human, don’t go too far. I’m not doing you any harm.”The Little Devil Master was covered in sealing runes and was lying on the ground like a piece of wood.

Only her mouth could move.

Su Yu’s expression was indifferent. “I originally didn’t want to do anything to you, but you forced me again and again. I can only teach you a lesson.”

As she spoke, Su Yu explored the little devil master’s spatial storage device.

As the little devil master, her spatial storage device should not lack devil sect specialties.

As expected.

After a brief exploration, Su Yu was exceptionally satisfied.

The abundance of specialties inside was comparable to the various items Su Yu had bought with two billion nine nether crystals.

“Not bad, I didn’t take the risk for nothing.”Su Yu was still quite satisfied with the little devil master, this fat sheep.

However, Su Yu suddenly raised an eyebrow.

He was a little puzzled. With a thought, a small wooden barrel appeared in his palm.

Inside the wooden barrel, there was only a thin layer of five-colored liquid.

Su Yu was very familiar with this item.

It was the evil spring that he gave to Yu Xiang Wan and Xie Xiaoyue!

The evil spring could increase the level of a domain. It had an extraordinary effect on the two of them.

Why did the Little Devil have the evil spring?

Moreover, there was also this small wooden bucket that looked exactly the same?

Su Yu was not worried about Yu Xiang Wan's evil spring because he had seen Yu Xiang Wan take it with his own eyes.

“Why is Xie Xiaoyue's thing in your hands?” Su Yu's gaze turned serious as he stared at the Little Devil.

The Little Devil was stunned for a moment. His eyes rolled around as he thought to himself, “This person really knows my real name? Could it be that he has seen me before?”

Only a few devil elders knew her name.

Many people in the Devil sect did not know her real name. They only knew to call her little devil master.

But Su Yu was able to say her real name.

This made the little devil master very surprised.

But for the sake of caution, she did not admit it. “Humph, what Xie Xiaoyue, I don't know her!”

Su Yu's eyes became colder and colder.

Xie Xiaoyue was from an eight-star civilization, so her background should be very weak, right?

He was very worried that the news of Xie Xiaoyue getting the evil spring would leak out and lead to a fatal disaster that would be discovered by the demon gate.

Perhaps the little demon master did not do this personally, but it was hard to say if the people below did not do it to take credit?

Thinking of this, his heart tightened.

He continued to search the little demon master's storage space, his gaze sinking bit by bit.

Because he kept discovering more and more things about Xie Xiaoyue.

Even the clothes she usually wore and so on!

“Speak! where is Xie Xiaoyue?” Su Yu grabbed her neck and shouted coldly.

Even the daily items were obtained by the Little Devil Master. It could be seen that the possibility of Xie Xiaoyue being killed was very high.

The Little Devil Master was so angry that she was trembling.

When had she ever been so cowardly?

“Human, don’t force me!”The Little Devil Master clenched her teeth tightly. It was obvious that she was faintly angry.

Su Yu’s eyes were filled with a cold light. “Speak!”

He could not help but use his strength. His palm gradually tightened.

The Little Devil Master snorted coldly. A dense demonic qi suddenly surged out of her body.

She was originally in human form, but a pair of golden wings suddenly appeared on her back.

The wings of an ordinary demon, even the demon elders, were only black.

Only the little demon master was Golden!

The clothes on her body also split open with a ‘chi’sound, revealing a golden perfect body.

The symbols on her body began to tremble and fall one by one.

Those symbols could no longer suppress her!

“You want to resist!”Su Yu pointed with her finger and released her time domain, pointing at her body.

However, the frozen time domain was forcefully repelled by the reverse flow of the royal blood of the Devil Sect.

“Open!”The little devil master growled and flapped her wings. A golden storm suddenly appeared and forced Su Yu to retreat.

The symbols on her body were also completely swept away!

This time, the Little Devil Master was completely freed.

His figure turned into an afterimage and attacked Su Yu.

A majestic and terrifying power was faintly approaching the early stage of the Nirvana stage.

Su Yu snorted lightly. The power of the profound dao gathered in his palm and was not inferior to the early stage of the Nirvana stage at all!

Bang --

The moment the two exchanged blows, the world shook violently.

The mountains in the distance completely collapsed.

The densely packed forest all fell to the ground.

The Little Devil Master’s golden figure retreated, her expression solemn. “It’s not easy for the human race to cultivate to this point! Put down my things and I’ll spare your life!”

She actually intended to spare Su Yu.

“That doesn’t belong to you!” Su Yu’s gaze was cold. He took a deep breath, and two time hourglasses appeared above his head. “Those things belong to my friends!”

As soon as he finished speaking, the time slow domain was activated.

The Little Devil Master tried his best to resist, but it was difficult for him to be completely immune to the intermediate time domain.

His movements were obviously much slower.

However, his golden eyes widened bit by bit, and his eyes flashed with surprise.

The human in front of him seemed to be saying that Xie Xiaoyue was his friend?

“Wait... one... next...” the little devil master said.

However, in the slow time domain, his words were exceptionally slow.

Before he could reveal his identity, Su Yu had already slapped him in the chest.

Clang --

When he could barely attack his chest, hundreds of strange golden runes appeared on the surface of the little devil master’s body.
