

Nine-Dragon 2581

Chapter 2581 - Emperor Ming Xin

“My thoughts have come true!”

Su Yu suddenly roared as a sword appeared in his hand.

It was an evil sword that had already melted into liquid!

“Break!”

He gripped the sword and swept it out.

A ten-thousand-foot-long arc of sword light flashed in all directions.

The army in front of him was instantly wiped out.

However, when the sword swept past, the center of his palm was empty, and the evil sword dissipated.

The thousands of soldiers and horses once again came crushing over and killed him.

Although the pain was intense, there was no pain in Su Yu’s eyes. There was only uncontrollable excitement.

He finally touched the true essence of the soul domain!

The illusion returned. This time, not only did Su Yu create the evil sword with one thought, but he also created all kinds of defensive magic treasures with one thought.

After ten breaths, the evil sword and the defensive magic treasures collapsed.

And so, again and again.

Su Yu didn’t know how many times he had to do it again.

Maybe ten thousand, maybe more.

He only felt that he had spent hundreds of years.

In the end, when he was killed, he was so numb that he didn’t feel any pain at all.

And when his thought came true, he finally reached his limit.

The sin sword he had created could exist for an entire day without disintegrating.

Moreover, the power of the sin sword was close to half of reality.

“How long have I been here?” Su Yu held the sin sword in his hand, and the thousands of soldiers and horses in front of him had all fallen to the ground. None of them could stand up anymore.

The figure of the sovereign of the soul slowly appeared.

He was in a finger, and he said, “A thousand years, but in reality, only a month has passed.”

The time in the illusory realm was different from the time in the outside world.

A month had actually passed a thousand years.

“A thousand years...” Su Yu murmured, his eyes showing traces of numbness.

No wonder it felt so long.

However, a thousand years of fighting had been exchanged for a complete grasp of the soul domain.

With a thought, the army created by the sovereign of the soul automatically dispersed, leaving not a trace behind.

“Not bad. You’ve already reached the threshold. As Long As You Keep comprehending, you’ll reach the great success stage sooner or later,” the sovereign of soul praised. “It’s not unreasonable for ancient god Nine Dragons to choose you as his successor.”

An ordinary expert might be able to do it after sitting there for a thousand years.

But for a thousand years, they were constantly fighting and being brutally killed. Not many people would be able to persevere.

This not only required perseverance, but also a strong mind.

No matter how strong the willpower of the Lord was, he would eventually break down due to the pain.

Only those with a strong mind could persist in their original heart and not waver for a thousand years.

Su Yu’s expression was indifferent. “Thank you for your guidance. I, Su, am a man of my words. One day, I will definitely bring you to the soul region.”

After saying that, the illusion around him completely disappeared.

He was still standing in the Empress Hall.

His body was covered in dust, but he did not know it at all.

Beep Beep --

When his mind returned, Su Yu only then noticed that there were hundreds of messages carefully lingering on the restriction outside the hall.

The Empress Hall was in charge of the entire dream boundary, so naturally, things were busy.

There were so many things that needed to be dealt with in a month.

He flipped through them one by one.

He prioritized them and dealt with them in an orderly manner.

However, when he flipped to the last message, he was slightly shocked.

“Reporting to the empress, the emperor of Dongming City will be visiting South Bright City in a month.”

This message was from a month ago, when Su Yu had just arrived in seclusion.

In other words, the two of them should be arriving at South Bright City soon.

“The Emperor of Dongming City?” Su Yu’s eyes narrowed slightly.

He had been in the Empress Palace for some time, so he had a rough understanding of the geography of the broken dream realm.

It could be roughly divided into four sides.

Each side was ruled by a descendant of a ruler.

The southern side was ruled by Empress Starry Rain.

The northern side was ruled by Emperor Shao Hao.

The eastern side was ruled by Emperor Bright Heart.

The western side was ruled by Empress Crescent Moon.

The northern side was ruled by Emperor Shao Hao, who was undoubtedly the most powerful existence among them.

The other three combined were not even a match for Emperor Shaohao alone.

In terms of overall strength, the three combined were not even half as strong as him.

To put it bluntly, Emperor Shaohao stood out like a crane among chickens.

To put it even more harshly, he was like a dragon among pigs.

Once the battle for dominance started, the three of them would be killed by Shaohao in a short period of time. Yes, they would be killed without any suspense.

If Su Yu was in their position, he wouldn’t have been in such a miserable state.

The battle for supremacy would begin in another twenty years.

Emperor Mingxin’s purpose in coming here was obvious to Su Yu.

Of course, he was here to unite the Empress of star rain and fight against Shaohao together.

More specifically, he was here to make the Empress of star rain a sacrificial lamb.

Who asked her to be the weakest and the easiest to bully?

“Where is this person?” Su Yu asked.

There was a guard guarding outside the door who replied, “Reporting to my lord, he has already entered South Bright City for several days.”

Su Yu’s brows twitched slightly. It was faster than expected.

“Is there no one to settle them?”

Logically speaking, with such a standard of distinguished guests arriving, someone should arrange for them to be placed in the palace beside the Empress Palace.

Why would they be in the city?

“Reporting to my lord, Empress Starry Rain has sent people to settle down, but they insist on staying in the Crimson Cloud Pavilion in the city.”

Crimson Cloud Pavilion was a relatively luxurious pavilion in South Bright City. It was not bad to stay there

“En.” Su Yu pondered for a moment, then took out the communication jade pendant he carried with him.

There was indeed an urgent message from Empress Starry Rain on it.

It was from three days ago.

It was just that Su Yu had never noticed it.

Opening it, he saw Empress Starry Rain’s anxious voice. “Brother, I can’t deal with Emperor Mingxin. Please serve him on my behalf.”

Of all the descendants of rulers, only empress starry rain had yet to master the time domain.

She did not have the confidence to talk to him as an equal.

Su Yu understood. Opening the restriction, he stepped into south light city.

At that time.

In Scarlet Cloud Pavilion.

A man in a snow-white robe with waist-length hair was slowly cooking an unknown divine tea.

The fragrance of the tea filled the air. Just a light sip was enough to make one’s soul feel comfortable.

Behind the man in a snow-white robe was a young woman holding a sword.

“Emperor, the Empress has avoided us. Why are we still here?” The young woman looked at the man in a snow-white robe with a hint of respect in her eyes.

The man in snow was none other than Emperor Mingxin of Dongming City.

However, he was not as weak as the rumors said.

Instead, there was a hint of wisdom in his eyes.

“Of course I’m here to watch.” Emperor Mingxin poured a cup of tea and said calmly.

“Watch what?”

Emperor mingxin said calmly, “To see if my sister is really useless or just a fake.”

The young woman’s eyes flashed with disdain when she heard this.

“Emperor, I think you’re overthinking it!” “Not all mediocre people are just good at holding back. Many of them are truly mediocre.” The young woman said

indifferently, "It's not a day or two since the time bloodline of Empress Starrain hasn't awakened. It's not a new thing for the entire faction to be weak."

"Even the nine darkness crystal mine has been taken by someone recently. This kind of incompetence isn't something that can be faked."

Emperor Mingxin sipped his tea lightly, and a deep smile remained on his lips.

Chapter 2582 So-So

"One must not be careless," Emperor Mingxin said indifferently. "Otherwise, one will fail miserably."

The young woman didn't think much of it.

According to the rumors in the world, apart from Emperor Shaohao, the descendants of the four great rulers of the Broken Dream Realm were all mediocre.

However, only the young woman knew that her master was actually a person who hid his strength and was extremely wise.

He knew that his personal strength was inferior to Shao Hao, so he had been keeping a low profile for many years and secretly nurtured his own enormous faction.

Now, in terms of hidden factions, they were actually not inferior to Shao Hao.

Only his personal strength, due to his talent and talent, was inferior to Shao Hao.

The battle for dominance was imminent, and Shao Hao had taken the initiative to come to South Light City to inspect empress starry rain and judge if she was suitable to be a partner.

However, from the perspective of the young woman...

Empress Starry Rain's rule was a complete mess!

Not only did the demonic sect take root in the south, but Shao Hao's people were also wreaking havoc in the south.

A small sect called the Tai Yi sect had been wiped out!

Apart from a few large sects, none of the 494 sects were strong enough.

After asking around, Empress Starry Rain's strength seemed to be as strong as the rumors said.

She didn't cooperate with Emperor Mingxin at all.

At most, she was just a stepping stone for him to become a ruler.

"Emperor, I think Empress Starry Rain is far more suitable than the broken moon Empress." Emperor Mingxin smiled

In comparison, not only did the broken moon empress have an extremely high cultivation, but she also cultivated a lot of forces.

Emperor Mingxin's eyes flashed as he said, "The Broken Moon Empress isn't suitable for cooperation."

“Why?”

“We can’t trust her.”

How could the crescent moon empress be more reliable than the starry rain empress?

Just as the two were discussing, someone knocked on the door. “My Lords, the emissary of the starry rain empress requests an audience.”

Emissary?

Emperor Mingxin’s expression was calm. “What level of emissary? If it’s an ordinary emissary, invite him back.”

The Empress had sent an emissary every day for the past three days.

However, these envoys couldn’t make any decisions.

Meeting them was just a waste of time.

“He calls himself the Empress’s godbrother.”

Emperor Mingxin waved the Teacup in his hand, and the young woman was slightly startled as well.

Godbrother?

They had been in south bright city for a few days, but they had never heard that Empress Starry Rain had a godbrother.

Furthermore, the daughter of a ruler was calling an outsider her godbrother. Didn’t she feel that it was a humiliation to the ruler?

“This empress is really unseemly!”The young lady raised her eyebrows. “Get him out of Here!”

Emperor Ming Xin waved his hand. “Wait!”

He thought for a moment, then put down his teacup and wiped the tea from his hand. “Let him come up.”

Only then did the guard go downstairs.

Soon, he brought Su Yu back.

Emperor Ming Xin looked over and was slightly surprised. “A human?”

He had expected that the Godbrother Empress Starry Rain had acknowledged might not be that powerful.

However, he had never expected that it would be a human of a particularly low race.

In this era, the human race had never produced any influential figures.

Disappointment flashed in his eyes, but he was still polite and did not show any contempt.

The young woman looked at Su Yu from head to toe with undisguised disdain.

“To acknowledge a human as your godbrother, Empress Starrain is truly hopeless.”The young lady felt that working with Empress Starrain was the worst decision she could make.

Su Yu did not even look at the young lady. He only looked at the young man in front of him and said, “You are Emperor Mingxin, right?”

There was no respect in his tone.

It was as if he was facing an ordinary person.

“How dare you not kneel before an Emperor!”The young woman snorted.

A Mystic Dao power of the middle stage of the Nirvana realm swept out.

Su Yu didn’t move and allowed the power to pass through his body.

However, his body seemed to be void as it passed through without leaving a single wound.

The young woman was slightly surprised. “An illusion? No, it’s not an illusion!”

She grabbed with her hand and pulled out the sword.

“Wait!”Emperor Mingxin waved his hand and ordered the young woman to put down the sword. He smiled and looked at Su Yu. “Since you’re Xingyu’s godbrother, you should be on the same level as me.”

He made an inviting gesture.

Su Yu sat down without a change in expression and went straight to the point. “My Time is limited, so please speak your mind.”

His attitude caused the young woman’s eyes to turn cold.

Emperor Mingxin laughed lightly and said, “Fine, then I’ll speak my mind. I’m here to work with Empress Starry Rain and plan the battle for the throne twenty years from now.”

Su Yu did not say a word as he listened silently.

“I wonder how much authority you can take over for Empress Starry Rain.”

“Everything!”Su Yu said calmly and calmly.

Emperor Mingxin’s eyes flashed imperceptibly, and a smile appeared on his face. “Very well. Then, what do you think of Our Cooperation?”

“I can do that,”Su Yu said.

The young woman snickered inwardly when she heard this.

Of course, South Bright City was eager to get on East Bright City’s good side. How could they object?

However, Su Yu’s next sentence stunned the young woman, and even Emperor Mingxin was slightly surprised.

“The prerequisite is that Dongming city has the right to cooperate with South Light City.”

The young woman laughed and couldn't help but say, “Isn't south light city thinking too highly of itself?”

Even if Dongming City revealed its strength, it was more than twice as strong as south light city.

What right did this person have to question Dongming City?

Emperor Ming Xin's eyes flashed.

He had thought of many scenarios before coming here.

However, the scene before his eyes was completely out of his expectations.

If this person could truly represent empress starry rain, then Dongming City's confidence was much greater than he had imagined.

Of course, he might not believe him.

After all, who wouldn't know how to boast?

“In terms of overall strength, Dongming City should have around two thousand dao masters. In terms of personal strength, I'm at the early stages of the Nirvana stage, and My Time Domain has reached the intermediate level.”

He spoke one by one with a smile, “How is it? Are You Satisfied?”

He faintly revealed a portion of his hidden strength -- more than 2,000 tunnel masters!

In the southern part of the broken dream realm, there were less than 600 tunnel masters, less than one-third of Dongming city.

Furthermore, Emperor Mingxin himself was an expert below the tunnel master level.

Su Yu was slightly surprised.

It seemed that East Bright City was a little stronger than what was shown in the data.

However, it was only a little.

“It's just so-so. It's barely up to my expectations,” Su Yu said calmly.

If it was as Su Yu had planned, not only would empress starry rain's strength increase greatly in twenty years, but she would also receive at least five hundred contribution points and more than two ruler-level magic treasures.

With those two items, at least the other two cities in south bright city, apart from Shao Hao, would be reduced to ashes.

Apart from that, Su Yu had many other hidden methods. At the critical moment, he could unleash an unexpected power and turn the entire battle situation around.

“Average?” The young woman's temper was not good. She immediately laughed out loud, “Are all the people in South Light City Crazy?”

Chapter 2583 You Wouldn't Understand

"Zijun, don't be rude." Emperor Mingxin raised his hand to stop the young woman.

"But..." the young woman named Zijun still looked indignant.

What a joke.

How could someone as weak as south bright city look down on East Bright City!

He didn't even look at his own situation.

Emperor Mingxin smiled faintly. "I'm not talented, and East Bright City hasn't grown to the size of north bright city in many years. It's normal for you to look down on it."

He was not angry. Instead, he was calm.

"Since we are going to cooperate, we should know about each other. You already know about my situation. Can you tell me about the current situation of your Southern Ming City?"

Su Yu said indifferently, "Of course."

"There are about five hundred earth element master level experts. The actual strength of Queen Star Rain is at the late stage of the void Nirvana stage," Su Yu said slowly.

Zi Jun smiled coldly.

How dare she say "SO-SO" when she knew she only had so much power?

It was really baffling.

"Of course, this is only on the surface," Su Yu added.

Zi Jun's smile did not change.

She did not think that there were many hidden powers in south bright city.

"In reality?" Emperor Ming Xin was very patient.

Su Yu said indifferently, "In reality, our hidden forces are much stronger than they appear."

Zi Jun narrowed his eyes and said with a smile that was not a smile, "Show it to me, how about it?"

Su Yu looked at her indifferently. He did not have a good impression of this woman.

"Sure." He snapped his fingers casually.

A majestic man wearing a cloak suddenly appeared behind him.

He stood behind Su Yu without saying a word. His entire body emitted a terrifying aura that was like an abyss.

A pair of eyes that looked down on the heavens and shook people's hearts.

The woman named Zi Jun who saw this person for the first time was so scared that she retreated and said in shock, "Demon Lord!"

Even Emperor Ming Xin's expression suddenly became solemn as he retreated.

However, the demon lord only stood quietly behind Su Yu and didn't do anything else.

"That's not right!" Emperor Ming Xin was still superior in his eyes.

The demon lord in front of him was indeed a demon lord in all aspects.

The only thing missing was one thing!

Existence!

As a descendant of the ruler of time, Emperor Ming Xin was the most sensitive to time.

The demon lord in front of him seemed to be right in front of him, but Emperor Ming Xin couldn't sense his existence.

It was as if a person who shouldn't be here had appeared here.

"An illusion? It doesn't seem like it!" Emperor Ming Xin was shocked.

Zi Jun calmed down from his shock.

Why would a true demon lord appear in South Light City?

Su Yu smiled faintly and the demon lord behind him dispersed as if it had never existed.

"My faction doesn't need to prove itself to you." Su Yu slowly stood up and said, "If you want to cooperate, I'll welcome you on behalf of the Empress. If you don't want to, then go ahead."

Dongming city could only be counted as a helper at most.

It could be, but it could not be.

Zi Jun gritted his teeth. The scene of him running away in a panic just now was really embarrassing.

It was still embarrassing in front of Su Yu, whom she looked down on!

"You..." Zi Jun blocked him from behind, but before he could speak, he was stopped by the time domain.

The one who attacked was naturally not Su Yu.

It was Emperor Ming Xin!

He watched Su Yu leave and turned his head to look at Zi Jun, frowning slightly. "If it wasn't for your sister, I would have killed you long ago!"

Zi Jun was his wife's biological sister.

Because she was proficient in a special talent, it was of great help to Emperor Ming Xin.

Furthermore, she was his wife's biological sister, so he had brought her along and nurtured her.

However, Emperor Mingxin was disappointed by her personality.

She wasn't shrewd at all!

"Emperor, is this person really worthy of your attention?" Zi Jun was indignant.

Emperor Mingxin was someone who could see far ahead, yet he valued a lowly human.

She found it hard to accept this.

"Of course!" Emperor Mingxin's eyes were filled with shock. "A person who sat in front of you for half a cup of tea and yet you didn't realize that he was just a fake clone. Such a person is naturally worthy of my attention."

Zi Jun was stunned for a moment before he realized what was going on. He asked in shock, "Your Majesty, you mean that this Su Yu is just like the Devil Lord, an illusion?"

Emperor Mingxin shook his head. "He's not an illusion. He's an existence that I can't understand for the time being."

His eyes flashed as he muttered, "It seems like this trip wasn't in vain."

Even his GODBROTHER was so mysterious. As the empress, would he really be as ordinary as the rumors?

"We'll wait and see."

After dealing with Emperor Mingxin's matter, Su Yu no longer took it to heart. Instead, he focused on the transaction that would take place a few months later.

Time passed slowly.

Finally, on this day.

Su Yu, who was in the Empress Palace, suddenly received a message.

"Master and I have arrived at the location of the transaction. Please show yourself, Mister Su." The messenger was none other than elder Xiao Mo's disciple, Mo Qin.

Su Yu's eyes sparkled.

The Day had finally arrived.

He could go to the location of the exchange.

In a pavilion in a satellite city west of South Bright City.

This was the location of the exchange that Su Yu and elder Xiao Mo had agreed on.

However, Su Yu came alone.

He didn't bring anyone with him.

There was no ambush near the location of the exchange.

Because he knew that the real trading location wouldn't be here.

Sure enough, when he arrived at the pavilion, there was no elder Howling Devil, nor was there a demonic zither.

There was only a macheteman who was ordered to wait here with a scroll in his hand.

When Su Yu arrived, he handed it over with both hands. "Please take a look, Mr. Su."

Su Yu opened it and saw that it was a letter personally written by Elder Howling Devil.

"I'm sorry, Mr. Su. For safety's sake, I think it's better to choose another place."

In the letter, there was a brand new transaction location.

It was a satellite city in the opposite direction.

It was half a day's journey away from here.

"Hehe..." Su Yu put down the scroll and left in a flash.

Not long after he left, a figure walked out from the shadows.

It was none other than Mo Qin herself!

He narrowed his eyes and looked around the pavilion. No movement could escape his eyes.

A moment later, he took out the jade formula and sent a message, "Master, there are no signs of an ambush near the pavilion."

If there was an ambush and the location of the transaction was changed, the ambush would definitely move and create a commotion.

However, there was no movement at all. This was enough to show that Su Yu was sincere in his trade and had no intention of ambushing.

Not long after.

Su Yu rushed to the trading location.

There was still a swordsman there. He held a letter in his hand and said, "Please take a look, Mr. Su."

Su Yu only smiled and did not say anything.

It was as if this scene was not out of his expectations.

"The location has been changed again. Please come, Mr. Su."

"As expected." Su Yu smiled faintly. "If my guess is correct, I still won't be able to see you in person this time. I can only see your disciple, right?"

In the end.

He arrived at the latest trading location.

Just as he expected, elder Xiao Mo was not waiting for him.

Instead, it was the demonic zither!

Chapter 2584 Ultimate Yin Demonic Qi

“Haha, Mr. Su, I’m sorry, I’m sorry. I asked you to come back and forth.” Mo Qin smiled apologetically and explained, “We demons are wanted by the entire time domain, so we have to be careful. Please understand, sir.”

Su Yu was calm and composed.

He was not anxious because elder Xiao Mo did not show up.

He sat down calmly, took out a spatial storage device, pushed it over, and said indifferently, “Check it.”

Mo Qin was a little surprised by Su Yu’s calmness.

She thought that Su Yu would leave in anger, or at least complain a little.

But not only did he not, he was even so straightforward.

The process was unusually smooth, which made Mo Qin on guard.

He glanced at the spatial storage device and found that there were ten billion worth of nine nether crystals in it.

Moreover, they were of extremely high quality and were the sacred city’s favorite nine nether crystals.

If he could really bring them back, the demon lord would definitely be overjoyed.

However, the process was so smooth that Mo Qin was suspicious.

“You’ve finished inspecting mine. What About Yours?” Su Yu put away the spatial storage device and asked indifferently.

Mo Qin calmly took out a spatial storage device and held it tightly in her palm. “Please take a look, Mr. Su.”

Su Yu scanned it lightly and confirmed that there was a sufficient amount of special products of the demon race that he wanted.

There were all kinds of secret medicines, magic tools, and magical treasures.

The total value was around ten billion.

“Mr. SU, is there a problem?” Mo Qin probed.

If the matter could be completed so smoothly and there were no accidents, that would be the best.

“No problem.” Su Yu nodded, expressing his affirmation.

Mo Qin heaved a sigh of relief in his heart. He thought that Su Yu would still make things difficult for him in terms of the quantity and quality of the special products of the demonic sect.

He didn’t think that he would allow it so easily.

It seemed that master had too many worries. The Mister Su in front of him truly wanted to do this deal.

“Then, shall we make the deal now?” Mo Qin said with a smile.

However, Su Yu slowly stood up and unhurriedly retrieved the spatial storage device. "Deal? It's canceled."

What?

Mo Qin was startled and immediately smiled apologetically. "Mr. Su, we had an agreement."

The ten billion time crystals on elder Xiao Mo's body had all been exchanged into special products of the demon sect.

If they couldn't be exchanged, then they would all fall into his hands.

Elder Xiao Mo couldn't afford such a huge loss.

"Then did we have an agreement that I would be played like a Monkey?" Su Yu's face was cold.

Mo Qin quickly said, "Mr. SU, didn't I explain before? Our Devil sect must be cautious when doing things."

He couldn't understand why Su Yu, who had looked like he was ready for a discussion just a moment ago, would suddenly turn hostile.

Why did he turn hostile in the blink of an eye.

"That's your business, not the reason why I have to be toyed with!" Su Yu was indifferent. He took a step out of the pavilion and said without turning his head, "Before I take advantage of the situation and Rob You, Take Your Devil Sect's specialty and get lost."

Sensing that Su Yu was really angry, the panic on Mo Qin's face weakened a little.

"Hehe, Mr. Su, please wait. Listen to me." Mo Qin chased after him, he smiled and said, "Mr. Su, you don't know. Master knows that this will bring inconvenience to Mr. Su, so he specially prepared a few things that Mr. Su will definitely be interested in as compensation."

Su Yu said without batting an eyelid, "In this world, are there still a few things that I need to be interested in?"

Mo Qin smiled and said, "Mr. Su is rich and invincible, so naturally, he does not lack rare items. However, this item comes from the ancient tomb of the Devil sect and contains the Yin and demonic Qi of heaven and earth. It has a unique use for breaking through to the Nirvana stage."

He had seen with his own eyes that Su Yu's cultivation had broken through from the early stage of the Middle Nirvana stage to the late stage of the Middle Nirvana stage.

What Su Yu lacked the most right now was the secret medicine to break through to the Nirvana stage.

Su Yu stopped in his tracks and revealed a slightly moved expression.

"Let me take a look." Su Yu turned around and asked.

Seeing that Su Yu was really interested, Mo Qin heaved a sigh of relief in her heart and said with a smile, “Hehe, this item is personally controlled by my master. I hope that Mr. Su can move again. My master wants to trade with Mr. SU face-to-face.”

After a few rounds, that elder Xiao Mo finally appeared.

A barely noticeable curve appeared on the corner of Su Yu’s mouth.

Was he really angry enough to cancel the transaction?

Of course not!

He was playing hard to get!

Only in this way, that elder Xiao Mo had no choice but to appear and meet Su Yu.

“Lead the way!” Su Yu said.

Thus, under the lead of Qin Mo, they came to a desolate ancient city.

The ancient city was empty and lifeless.

There was only one restaurant. Elder Xiao Mo sat in the attic with his hands behind his back.

When Su Yu arrived, elder Xiao Mo stepped forward and cupped his hands. “Mr. SU, it’s been a long time.”

Su Yu said indifferently, “Let’s cut the crap. Let’s make a deal.”

He took out his spatial storage device. “Do you need to test it again?”

Elder Xiao Mo chuckled. “I believe in Mr. Su’s credibility. There’s no need to test it again.”

Of course, before he said that, he had secretly exchanged a glance with Qin Mo. .

From the latter’s gaze, he received a confirmation. He knew that there was no problem with the nine Nether Crystal, which was why he dared to say that.

He took the spatial storage item from Qin Mo’s hand and took out two jade bottles.

There was a thick black liquid in the bottles.

“This item is the ultimate yin demonic qi. It is said that it was born from the ancestor of our demon sect, the body of a saint demon. It contains a unique energy. As long as it is properly mixed, it can be consumed as a secret medicine.”

Su Yu stroked his chin, looking rather interested.

“Are there any side effects?” The use of the ultimate Yin Demonic Qi might not be harmful to the demon race.

However, it might not be the case for the other races.

“Of course there are some.” Elder Xiao Mo said everything he knew. “If the demon clan uses it, it will probably only be in a frenzy for a few days. If it is used by creatures other than the demon clan, there is a danger of demonization.”

This was not the first time Su Yu had heard of the word demonization.

Generally speaking, demonization meant that a warrior could not withstand the impact of a powerful force and became delirious, becoming bloodthirsty, just like a demon.

Hence, it was called demonization.

However, the demonization referred to by the Devil sect was not necessarily so.

“What are the consequences of demonization?”

Elder Xiao Mo’s eyes flashed. “It will turn into a devil avatar of the Saint Devil, and from then on, its mind will be occupied by the Saint Devil, losing its self.”

In other words, it was being possessed.

Its soul would be destroyed by the Saint Devil, or it would be suppressed.

His body was controlled by the sacred devil.

The consequences were not just a little bit serious!

Su Yu’s face was slightly cold. “Are you intentionally harming me by giving me this thing?”

Who would swallow such a dangerous secret medicine?

“Hehe, the probability of demonization is quite low, less than 1 in 10,000.” Elder Xiao Mo smiled and said, “There were tens of thousands of outsiders who obtained the Supreme Yin demonic qi, but only one or two of them were demonized due to some accidents and became the sacred Devil’s Avatar.”

“If there are no accidents, Mr. Su should be able to survive unscathed.”

1 in 10,000..

However, in this world, there was no fear of 10,000, but there was a chance.

Staring at the supreme yin demonic qi, Su Yu slowly nodded and said, “Alright, thank you very much.”

Chapter 2585 At This Moment (Second Watch)

In any case, elder Xiao Mo had given Su Yu two bottles of ultimate Yin Devil Qi, so it wasn’t considered money.

If he didn’t want it, it would be a waste.

“Then the transaction is established?”

“Alright!” Su Yu nodded.

The two of them exchanged.

The process was very smooth, without any obstacles.

After obtaining what he wanted, Su Yu said, "Since the transaction is over, then I'll take my leave."

Elder Xiao Mo laughed, "I'm very happy to work with you, Mr. Su. I look forward to the next time."

"Okay."

Su Yu nodded and left.

After watching him leave, elder Xiao Mo's smile faded bit by bit, and a trace of worry appeared on his face.

"We'll leave as soon as possible," elder Xiao Mo said.

Mo Qin said, "Master, now that we have the item, we don't need to be so cautious, right?"

Elder Xiao Mo frowned slightly. "I don't know why, but I feel a little uneasy. This transaction went too smoothly."

It went so smoothly that elder Xiao Mo suspected that there was a trap.

"Master, you're worrying too much," Mo Qin said helplessly.

They were extremely cautious on this trip.

Not only did they change their positions several times, but master only appeared at the end.

It would be strange if the other party still had a trick up his sleeve.

"Let's go." Elder Xiao Mo grabbed the demonic zither and teleported out.

Half a day later.

Elder Xiao Mo arrived at a secret location of the demon gate. He stepped onto the teleportation array and prepared to return to the demon gate.

However, before the teleportation array was activated, elder Xiao Mo suddenly took out Su Yu's spatial storage device and scanned it.

Elder Xiao Mo's expression changed drastically.

The spatial storage device was empty!

"It's empty!" Because he was too excited, his body naturally released a powerful aura of the later stage of the Nirvana stage, shattering the teleportation array.

His hair and beard were spread out, and his robes fluttered, showing the anger in his heart.

"How dare you lie to me!" Elder Xiao Mo was furious.

Qin Mo was shocked. He glanced at the spatial storage device and was stunned.

The nine nether crystals that had piled up into several mountains had all disappeared, as if they had disappeared into thin air.

In fact, it wasn't that they had disappeared.

It was that they didn't exist in the first place.

Those nine nether crystals were all made by Su Yu with a thought.

One day later, when the time was up, the nine nether crystals would disappear.

Now was the perfect time.

"Master, I've checked it. There's no problem inside." Qin Mo was terrified, afraid that his master would blame him.

Elder Xiao Mo didn't say a word.

When he got the spatial storage device, he had already checked it and there was indeed no problem.

This wasn't Qin Mo's fault.

It was because the other party's method of deception was too brilliant. It was so brilliant that even his eyesight could be fooled.

"I knew it! Such a good thing doesn't happen in this world!" Elder Xiao Mo's face was full of hatred.

Now that he thought about it, what wealthy merchant could easily take out billions of nine nether crystals?

It was simply a trap.

The other party deliberately created a commotion to attract the attention of the elders so that it would be convenient for him to set up a huge trap.

What a joke. He claimed to be cautious, but in the end, he still fell for the trap!

All his savings and the financial resources that the Lord had given him were all swindled away.

He did not dare to imagine how the Lord would punish him if he knew.

"Swindling me of my money, HMPH!" Elder Xiao Mo soared into the sky and flew into the air.

A third jade bottle appeared in his palm.

The bottle contained the same supreme yin demonic qi.

He opened the Jade Bottle, and the ultimate Yin Devil Qi inside slowly spread out.

No matter how strong the wind blew in the sky, the Devil Qi always drifted in one direction.

It turned out that the ultimate Yin Devil Qi could sense each other.

No matter where he was, he could sense the location of the other Devil Qi through one wisp of Devil Qi.

"Subordinates of the Devil Sect, listen up and follow me!" The local devil experts all rode on their magic treasures and followed elder Xiao Mo, rushing toward Su Yu's location.

From Afar, they looked like a dark cloud that suddenly rose from the ground.

They pounced into the distance.

In a satellite city southwest of South Bright City.

Su Yu landed in the satellite city and came to a manor.

“Brother, you’re back?”Empress starry rain pounced on him with joy. Her eyes were filled with worry. “I’m really worried that the demon sect is cruel and will harm you.”

Empress starry rain was very resistant to Su Yu’s decision to take the risk and attract the demon sect.

However, she had no choice but to cooperate because Su Yu insisted on doing so.

“Is everything ready?”Su Yu asked.

Empress starry rain nodded. “Everything is ready according to Big Brother Su Yu’s instructions.”

“En, success or failure depends on this one move.”Su Yu’s gaze was sharp.

The current situation could be said to be completely under control.

He had never intended to take the initiative to hunt down Elder Howling Devil.

This was because with the latter’s cautiousness, even the slightest trap would allow the other party to quickly notice and escape.

In the future, it would be as difficult as ascending to the heavens to capture the other party.

Hence, Su Yu decided to let Elder Howling Devil take the initiative to come over.

Hence, there was the scene of Su Yu using the fake nine nether crystal to deceive the other party.

He believed that elder Xiao Mo was coming over in rage to take back what Su Yu had stolen.

In reality, he had no idea.

What Su Yu wanted wasn’t what he had on him, but his life!

“We’ll wait and see.”Su Yu took out two bottles of ultimate yin demonic qi.

It was visible to the naked eye that the ultimate yin demonic qi seemed to have sensed something and was starting to stir..

At that time.

Emperor Mingxin and Zi Jun had been in south light city for several months.

“Emperor, I’ve already checked every corner of South Light City. I can confirm that there are no hidden forces,”Zi Jun said calmly.

She looked at Emperor Mingxin’s back and shook her head.

The emperor was still too careful.

He thought that everyone would hide their strength like him.

As a result, the emperor neglected the affairs of East Bright City and went all the way to south bright city to secretly observe and investigate.

In the end?

He found nothing.

The hidden faction mentioned by the Empress's Godbrother actually didn't exist at all.

Now, it seemed that the other party was just bluffing.

But the emperor actually believed it.

Emperor Mingxin sighed lightly. He had witnessed Su Yu's superb feinting technique, and he had originally thought that Su Yu was truly an expert.

Empress Starry Rain was also an extremely shrewd person, just like him.

Unfortunately, after months of observation, his guess was wrong.

South light city was indeed very weak.

There were all sorts of clues, but there was no sign that it was concealing its strength.

It seemed that big brother starry rain was just pretending to be mysterious, so he didn't dare to be certain.

"Sigh, prepare to return to east light city." Emperor Mingxin sighed lightly.

He had been delayed for too long, and he couldn't stay here any longer.

He had to return to Nanming city as soon as possible.

Zi Jun suppressed the grievance in her heart.

That day, she had said that Nanming city had no value in making friends.

Emperor Mingxin had even reprimanded her for that.

Now that she looked at it, she was right, and the Emperor was wrong.

"We still have to work together with the waning moon empress as soon as possible. We don't have much time, and we have to make a decision as soon as possible," Zi Jun said.

Chapter 2586 2,477: Observing The Heavens And The Earth (Third Watch)

Emperor Ming Xin nodded and took a step forward, releasing a time domain.

He was prepared to use the time domain to shorten the time needed to return to east light city.

However, at this moment, Emperor Ming Xin suddenly stopped and looked out into the sky with a deep frown. "Demonic Gate? Zi Jun, take a look."

Although the naked eye can not see, but he can feel, a rich and pure devil gas, is rapidly approaching Nanming city.

He's a little unsure.

This is the South Ming City, is one of the four most important dream boundary city.

There are many strong men in the city, unless there is a great invasion.

Otherwise, he wouldn't have the guts to go near Nanming.

That was why Zi Jun confirmed it.

The latter nodded her head.

Countless cracks suddenly appeared in her clear black and white eyes.

A complete eyeball was divided into thousands of small eyeballs.

It looked a little scary.

She looked up at the sky and shot out thousands of strange beams of light from her small eyes into the depths of the world.

The thousands of small eyes in her eyes reflected different scenes in each of them.

This was Zi Jun's special ability... to observe the world!

With just one look, he could see the situation of the world without any difference.

The farthest he could reach was half of the dream boundary, and he could be called the number one divine eye of the dream boundary.

Hence, Emperor Ming Xin relied on Zi Jun..

After looking for a moment, Zi Jun's expression became slightly solemn. "There are indeed demons! There are about three thousand of them, and among them... Oh My God, there's an elder of the demon sect!"

The appearance of an elder of the demon sect was very different from that of an ordinary demon, and it was very easy to recognize him.

Emperor Ming Xin's pupils constricted. "An elder of the demon sect!"

Such an existence usually wouldn't show up so easily.

Why did he openly lead the demons to attack South Light City?

"Where is he?" Emperor Ming Xin's heart thumped, and his mouth felt dry.

That was an elder of the demon sect.

Once caught, he could directly exchange for a total of 500 contribution points!

In the entire Dreambreak realm, the person with the most contribution points was only Emperor Shao Hao.

But he only had 600 contribution points.

If he could catch an elder of the demonic sect, he would receive 500 contribution points.

In addition to the 400 contribution points he had already received.

Wouldn't he be able to get 900 contribution points in one go?

Not only would he be able to exchange for three of the lowest-grade ruler-level magic treasures, he would even be able to exchange for an intermediate-grade magic treasure.

A low-grade magic treasure could even destroy the heavens and earth, let alone an intermediate-grade magic treasure?

If he could get his hands on it, his chances of winning the ruler-level competition would greatly increase.

“Let’s hurry over!” Emperor Mingxin acted decisively and rushed over.

At the same time.

Elder Xiao Mo led many demons and arrived at the satellite city.

The demonic qi in his hand kept drifting toward the center of the city.

That was where Su Yu was.

Qin Mo was a bit uneasy and said, “Master, this place isn’t far from South Light City. What if we alert the old monsters in the city?”

Qin Mo was a bit worried. He had heard that Empress Star Rain had ten Earth Dao Masters at her side at all times.

In addition, there were also some Earth Dao Masters in the city who could listen to Empress Starry Rain.

The strongest person they had on this trip was only their master, but he was only at the late stage of the Xuan Dao Master Kong Nirvana stage.

Once they met the Earth Dao master, they would have no way to escape.

Elder Xiao Mo said indifferently, “There’s no need to be afraid. This place is still quite far from South Bright City. We should be unable to detect the local situation.”

“Also, we came suddenly. I’m sure South Bright City won’t be on guard.”

He had brought people to attack South Bright City on the spur of the moment.

Could it be that someone had predicted this and set up an ambush here?

“Kill!” Elder Xiao Mo led many people from the demon sect like a majestic dark cloud and descended on the courtyard in the city.

The terrifying demonic qi immediately caused the experts in the city to panic.

However, the Devil sect already had considerable experience in attacking the city.

Before entering the city, they had already set up a formation unique to the Devil Sect, sealing the entire city within.

This way, the people inside couldn’t leave and the people outside couldn’t enter.

They knew that the people from the Devil sect had finished their business.

They ignored the panicking people in the city and headed straight for the courtyard.

Standing outside the courtyard, elder Xiao Mo narrowed his eyes. “Qin Mo, you lead your people in through the east gate. I’ll lead my people in through the west gate to ensure that the people inside won’t escape.”

Qin Mo did not suspect him and immediately led his men through the east gate.

However, elder Xiao Mo stood motionless at the West Gate.

In his palm lay a blood-stained life plate.

That was Qin Mo’s life name plate. Once Qin Mo died, his life plate would immediately shatter.

Even when they were already at Su Yu’s feet, elder Xiao Mo was still so cautious.

One could see how cautious he was.

Kacha --

Suddenly, Qin Mo’s life name plate shattered without any warning.

The courtyard was completely silent.

Qin Mo’s death was like a sheep entering a tiger’s mouth.

Elder Xiao Mo rolled his eyes and shouted, “Retreat with me!”

He was very clear about Qin Mo’s strength.

Even if he encountered an existence at the Nirvana realm, he could still escape.

Even if he couldn’t escape, he could still send out a request for help.

However, Qin Mo didn’t even have the time to send out a message before his life fell.

It could be seen that the danger he was in had already surpassed the Nirvana realm.

It was very likely that the tunnel master had acted!

Hence, elder Xiao Mo sensed danger and led his men to retreat with unusual decisiveness.

However, it was already too late to retreat now.

“It’s a pleasure to have friends from afar. Elder Xiao Mo, why are you in such a hurry to Leave?” Su Yu’s clear voice drifted over with the wind.

Elder Xiao Mo’s pupils constricted.

The other party already knew that he would come?

Then, was this an ambush?

He purposely used the fake ninth underworld crystal to deceive elder Xiao Mo, luring him to chase after him in anger, and he stepped into a trap?

At this moment, elder Xiao Mo finally realized that the other party wasn’t after his things, but wanted his life.

“Retreat quickly!” Elder Xiao Mo shouted anxiously. He teleported out of the city first.

However, just as he was about to step out, an incomparably vast array surged out from above the satellite city.

This array was similar to the great city protection array of South Bright City.

Its strength had already reached the level of a tunnel lord.

Even an ordinary tunnel lord might not be able to break through it.

Elder Xiao Mo crashed into it and was immediately bounced back.

He roared furiously and let out a powerful demonic sound from his mouth, trying to shatter the entire array.

However, the array did not move at all.

A trace of anxiety flashed through his eyes. “Open it for me!”

His back squirmed and a pair of jet-black wings appeared.

As he flapped his wings in the dream, a violent hurricane swept out.

With a force that could destroy everything, half of the satellite city was swept up into the air and smashed towards the array.

Kacha --

A crisp sound came from the array and a crack appeared.

This was the elder of the Devil sect.

One’s strength could not be measured by cultivation.

Especially after demonization!

The strike was effective. Elder Xiao Mo rolled up a large area of the city and smashed it toward the crack that had already appeared.

Chapter 2587 2,478, Battle Of Dao Masters (Fourth Watch)

Along with crisp cracking sounds, the cracks became more and more obvious.

Elder Xiao Mo would be able to successfully break it open in a short while.

However, it was at this moment that the troops arranged by Empress Starry Rain finally made their move.

The nine Earth Dao Masters silver-robed elders attacked coldly.

The Earth Dao Masters were powerful not only because their domains were more profound, but also because their Earth Dao Masters’ strength was several times that of Dao Master Xuan’s.

Let alone nine people attacking him?

Elder Xiao Mo was only a Xuan Dao Master in the Sky Nirvana realm. Facing the attacks of nine Earth Dao Masters, only death awaited him.

At the critical moment, elder Xiao Mo gritted his teeth and flapped his wings.

A few demons in the distance were immediately turned into blood mist by the violent wind raised by his wings.

Elder Xiao Mo took a deep breath and sucked all the blood mist into his mouth.

Immediately, his originally dark body underwent another change.

His body expanded rapidly, and the wings on his back became even larger and more ferocious.

His hands became incomparably sinister.

His ten fingers were like divine weapons.

“Devil descends upon the world!” Elder Xiao Mo crossed his arms in front of his chest, and the enormous wings on his back bulged up his entire body, forming a huge ball.

Then, the ball spun rapidly on the spot.

Waves of terrifying air currents were stirred up, forming a vortex with him at the center.

For a moment, the Sun, Moon, and stars revolved, and mountains, rivers, and lands were overturned.

The entire sky and earth were turned upside down by the vortex.

The attacks of the nine Earth Dao Masters were also swept up by the violent vortex.

What was even stranger was that as the vortex intensified, the ball continued to expand and gave off a strange bright red color.

“Be careful, this is the secret manual of the Devil Gate Elder, Mo Lin.”

The reason why no one had ever caught the devil gate elder before was because he had never been caught before.

Other than the fact that the Devil Gate Elder himself kept a low profile and was very secretive, making it difficult for others to find him.

Their own strength was also the most important thing.

Every Devil Gate Elder had received the baptism of the sacred devil blood and possessed a trace of a divine ability unique to the upper echelon of the devil race.

Devil’s arrival!

Once it was used, the life force of the elder of the demon sect would be greatly reduced.

Perhaps the lifespan of a million years would be reduced to 500,000 years, or perhaps he might even die on the spot due to overuse.

The once famous elder of the demon sect, elder Jin Mo..

It was because he had encountered the joint attack of several rulers that he had used Devil's arrival. He had used the overwhelming might of the devil to repel many rulers and successfully retreated.

It was said that this had been a long-planned plan by several overlords.

The power they had prepared was enough to kill an existence close to the Heavenly Dao master.

However, in the end, elder Jin Mo, who had created Devil's arrival, turned around and killed them all.

One could see how terrifying Devil's arrival was.

Of course, elder Jin Mo had paid an extremely heavy price.

Not long after returning to the Devil sect, he had died because his life force was exhausted.

Now that elder Xiao Mo had used Devil's arrival in a crisis, it was enough for the nine Earth Dao Masters to treat him seriously.

“All of You Die!” Elder Xiao Mo's cold and angry voice burst out from the sphere.

Boom --

The spinning whirlpool suddenly turned upside down.

The result was that the entire universe was shattered into pieces and scattered on the ground in front of the two opposing forces.

The nine Earth Dao Masters had no choice but to work together to cast their own Earth Dao Masters' barrier to protect the city below from being destroyed.

Creak --

The sound of crystals shattering rang out one after another.

The naked eye could see that the mountains, rivers, and lands were all shattered, revealing nine-colored cracks.

That was the barrier outside of the eight-star civilization.

It was this barrier that maintained the eight-star civilization and prevented it from falling into the boundless void.

Pu --

The nine Earth Dao Masters' faces were pale, and one of them even had blood seeping out from the corner of his mouth.

When the two opposing forces slowly dissipated.

The nine Earth Dao Masters withdrew their forces and took the initiative to attack elder Xiao Mo. .

They had to not give elder Xiao Mo the chance to explode again.

Hong --

Nine world-shaking forces struck the round ball.

But strangely, not only was the round ball not shattered, it instead accelerated in expansion and became more and more unstable.

It was like an object that was about to explode.

“Be careful.” The expressions of the nine Earth Dao Masters became more and more serious.

Elder Mo was simply too difficult to deal with.

They attacked from a long distance to ensure that they were not in danger.

However, what shocked them was that the more they attacked, the more obvious the changes in elder Mo became.

The other party’s body was expanding faster and faster, and the instability of his body was becoming more and more urgent.

Soon, the entire world was filled with the flickering radiance of elder Mo’s body. It reflected the universe and everyone’s faces.

“Stop!” Finally, some of the tunnel masters realized that something was wrong. “He seems to be absorbing our attacks.”

As expected.

After they stopped their attacks, elder Xiao Mo’s transformation stopped.

Unfortunately, it was too late.

“Why don’t you attack a little longer?” The ball finally opened, revealing elder Xiao Mo’s real body.

In front of his arms was a huge energy ball.

The energy ball was filled with the terrifying power of a tunnel lord.

The power was the combined attack of the nine tunnel lords.

They were absorbed by elder Xiao Mo and gathered in front of his chest.

“Protect the Empress!” The eyes of the nine Earth Dao masters flickered as their eyelids twitched.

That was all the combined attacks.

If all of them were released at once, other than the nine Earth Dao Masters, they could barely withstand the power.

The rest of the living beings would be turned into ashes.

“You forced me to use close to 30% of my life force to cast Devil’s arrival. If I don’t let all of you be reduced to ashes, how can I vent the hatred in My Heart?” Elder Xiao Mo was extremely furious.

The price of Devil's arrival was too heavy.

The direct loss of one-third of his life this time had clearly affected him.

If he did not use iron-blooded methods to take revenge, how could he be worthy of the one-third of his life that he lost?

“Explode!” Elder Xiao Mo grabbed the ball and released the destructive power within.

An extremely dazzling light exploded from the ball.

The entire world was illuminated by the light.

Everything in the world, including living beings, houses, streets, and cities, all melted into the light. When the light disappeared.

The energy ball in front of elder Xiao Mo's chest disappeared, and the entire world was shattered.

The original city was left with a bottomless pit.

The Heaven and earth were also filled with nine-colored cracks.

The nine Earth Dao Masters were all lying on the ground on their last breaths.

With just one strike, they destroyed everything.

This was the terrifying aspect of Mo Lin.

Elder Xiao Mo panted and took a few deep breaths.

Looking at the destroyed city, he was satisfied. “You set a trap for me. Young Man, you are still too inexperienced.”

As he spoke, he turned around and left.

The huge commotion here would probably attract the attention of south light city.

He had already used up a lot of his strength, so he probably wouldn't be able to deal with any more experts.

However, when he took a step forward, he suddenly bumped into something invisible and bounced it back.

Chapter 2588 2479, No Retaliation (5th Watch)

“What is it...” elder Xiao Mo was astonished.

He couldn't sense anything in front of him at all, so how did he bump into it?

Just as he was astonished, a scene that made his eyes widen appeared.

A magnificent array was placed before his eyes.

That was the huge array that had stopped him from leaving.

However, hadn't this array been broken by him a long time ago?

Furthermore, it had already been crushed into dust by his final attack.

Why was it still there?

When he looked behind him, elder Xiao Mo was completely stunned.

The satellite city below was unharmed.

The living beings, houses, and streets inside were unharmed.

The world around them was even more complete. There wasn't the slightest change.

The nine Earth Dao Masters didn't look like they were on their last breaths. Instead, they were attacking him with all their might.

Elder Xiao Mo wondered if he was dreaming.

Was everything just a dream?

However, the weakness of his body told elder Xiao Mo that everything was real.

He used a third of his strength to copy.

However, nothing changed.

“Phantom?” He suddenly recalled the fact that Su Yu had successfully deceived him with ten billion fake nine nether crystals.

Could it be that what he had experienced just now was all a phantom created by Su Yu?

If that was the case..

Elder Xiao Mo simply couldn't believe it. He had spared no expense to activate devil arrival, but in the end, it was all an illusion?

Of course, from an outsider's point of view, elder Xiao Mo had rushed to the front of the array formation and stood there in a daze. Then, he muttered to himself and roared loudly before performing a copy.

Then, he inexplicably raised his hand, saying that he wanted them to pay the price.

In the end, he still looked relaxed.

It was as if he was acting alone.

When he understood, elder Xiao Mo's blood gushed out. He was so angry that he almost spat out blood.

“Su, you... you...” he was so angry that his whole body was trembling.

He was tricked into sacrificing one-third of his life!

In the courtyard in the city, Su Yu walked out with his hands behind his back and stood in the air.

He looked at elder Xiao Mo calmly. “This has nothing to do with me. Who asked you to lose your cool?”

He couldn't maintain such a huge illusion for long.

At most, it would only last for half a cup of tea.

However, elder Xiao Mo used Devil's arrival right from the beginning, and in the end, he lost one-third of his life.

"I'll destroy you!" Elder Xiao Mo was still in the state of Mo Lin, and his ferocity did not decrease.

Su Yu did not even turn his head and said to the nine Earth Dao masters, "You should have seen Mo Lin's weakness, right? Don't attack too fiercely, or else you'll be absorbed by him."

The nine Earth Dao Masters were awe-struck.

If Su Yu had not forced the other party to use Mo Lin in advance, they would have been able to see how powerful Mo Lin was.

They would have really fallen for it.

"If that's the case, then we'll try our best to capture him." The nine Earth Dao Masters changed their violent attacks to close-range attacks.

In this way, elder Xiao Mo, who was in the state of Mo Lin, would have a hard time absorbing their strength.

Elder Xiao Mo roared in anger.

After being caught by someone, he had no strength to fight back and was beaten up by the group.

"Get lost!" Elder Xiao Mo roared and his body expanded once again.

The nine Earth Path Masters retreated in a hurry and looked extremely serious.

"The second devil arrival, his strength is going to soar. Be careful!" The nine Earth Path Masters shouted.

The first devil arrival could absorb the enemy's attacks.

The second devil arrival could increase one's own strength. It was said that it could increase by at least one level.

He was now at the later stage of the Nirvana stage, but with the help of the second time, he could directly become an existence at the level of an Earth Dao Master.

In fact, he might even be stronger than the nine Earth Dao Masters.

As expected, elder Xiao Mo's strength increased explosively. He actually surpassed the nine Earth Dao Masters.

"All of You Die!" Elder Xiao Mo roared furiously.

The second time, he sacrificed another third of his life.

This caused elder Xiao Mo's eyes to crack.

He didn't have much life to begin with. After the second devil arrival, there wasn't much left.

Roar --

He roared and unleashed his unique talent as elder Xiao Mo... Devil Roar!

The devil roar of the Kong nie realm didn't have much power to speak of.

However, the devil roar at this moment was extremely terrifying!

The nine Earth Dao Masters were shaken to the point that their bodies cracked, and blood splattered everywhere.

Su Yu, who was in mid-air, was caught off guard. He was shattered into a bloody mist by the Devil Roar on the spot!

Of all the people present, elder Xiao Mo hated Su Yu the most.

With his death, elder Xiao Mo's anger was reduced by more than half.

Looking at the nine Earth Dao Masters who were heavily injured, and Su Yu who had come out to court death, elder Xiao Mo felt a chill run down his spine.

Elder Xiao Mo's slightly calmed mind suddenly thumped.

Could This be an illusion as well?

"It shouldn't be. How could an illusion be created so easily..."elder Xiao Mo muttered to himself.

However, the world in front of him suddenly fluctuated.

It was like a mirror, the dust on it had been wiped away, revealing its true nature.

In the end, elder Xiao Mo could not believe that Su Yu, who was clearly dead, was standing in front of him unscathed, maintaining the posture of talking to him.

As for the nine Earth Dao Masters, they stood behind Su Yu and did not go forward to attack.

"The second devil arrival, his cultivation will reach the Earth Dao Master Realm, and the power of the Devil Roar will also be greatly increased. Be Prepared."Su Yu said indifferently.

How could he come out of the courtyard for no reason?

His goal was to set up a second illusion for elder Xiao Mo at close range.

He did not disappoint Su Yu. He came to Devil's arrival again and sacrificed one-third of his life.

His life had already been cheated by Su Yu to the point that he had cut off sixty percent of his own life. There was less than forty percent left.

Elder Xiao Mo was stunned for a long time before he accepted the reality before him.

He was extremely angry. He felt like he was a monkey that had been toyed with. "Su Yu!"

As he roared, he was about to unleash his devil roar.

The nine Earth Dao Masters snorted coldly and opened their mouths at the same time.

The nine voices combined into one to resist elder Xiao Mo's fierce roar.

They collided in the void and annihilated each other.

However, when the nine Earth Dao Masters joined hands, their power was obviously stronger. They shook elder Xiao Mo until he vomited blood.

Moreover, the nine Earth Dao Masters pounced on him and attacked at close range.

Elder Xiao Mo was in pain and roared in anger, "Devil..."

He was prepared to sacrifice one-third of his life to activate the third Devil's arrival.

Once it was activated, Su Yu and the others would really die without a burial ground.

Elder Xiao Mo looked at Su Yu, who was not far away and looked at him calmly with a smile. His eyes rolled.

Could it be that this was also an illusion?

It had to be!

Su Yu was deceiving him to use the third Devil's arrival to kill him.

Elder Xiao Mo endured the pain when he thought of this. He told himself in his heart.

Persevere. Persevere for a while.

The illusion would break by itself.

However, after he persevered for a cup of tea, he was already covered in injuries from the attacks of the nine Earth Dao Masters. He was on the verge of death.

The illusion was still there.

Only at this moment did he realize that this was real reality.

"Devil's arrival..."elder Xiao Mo roared and activated the third Devil's arrival.

However, the nine Earth Dao Masters were prepared and slapped their palms at the same time.

The nine powerful forces smashed elder Xiao Mo from the sky to the ground!

Chapter 2589 2,480, Demon-Defying Void Dome

Elder Xiao Mo roared in pain, but more than that, he was filled with grief and indignation.

An honorable elder Mo was actually toyed with by someone.

It was laughable that he had mistakenly thought that he was in an illusion and had suffered so many attacks for nothing.

Wah --

Lying on the ground, elder Xiao Mo spat out another mouthful of blood.

A mouthful of demon blood evaporated from the ground, giving elder Xiao Mo's face a sinister and evil look.

"Su Brat, I will not let you off!"Elder Xiao Mo's facial features quickly blurred, and his entire body continued to expand into a huge black fog in the Dark Devil Qi.

Once he gave his life, devil arrival would begin and could not be interrupted.

Although the nine Earth Dao Masters acted in time, elder Xiao Mo still successfully activated devil arrival for the third time.

However, elder Xiao Mo lost his body at a speed visible to the naked eye and turned into a huge devil fog.

The demonic mist rose into the sky and turned into an incomparably ferocious giant face.

“You’ve forced me to this point. None of you can survive,”the giant face roared.

He only had ten percent of his life left. He wouldn’t be able to live for long.

How could he be willing to let Su die with him?

As he roared, the giant face opened his mouth and took a deep breath.

Instantly, the entire world began to distort.

The naked eye could see that layers of folds appeared in space.

It was like a flat piece of white paper that had been twisted by someone.

And as it continued to exert force, more folds appeared on the white paper, showing signs of cracking.

Bang --

With an explosive sound, a corner at the end of the world was indeed torn apart, revealing a nine-colored array formation.

Following that, explosive sounds came one after another from all over the world.

“Demon defying Void Dome!”Elder Xiao Mo’s giant face roared furiously.

The entire world twisted and broke at an even faster speed.

In just half a cup of tea, everyone was about to fall into destruction.

The nine Earth Dao Masters attacked one after another.

They all displayed what they had learned in their lives.

Domains, Dao artifacts, precious techniques.

Colorful attacks bombarded into the enormous demon fog.

However, not only did it not reduce the devil mist, it actually made the devil mist grow larger and larger.

That was the effect of the second devil arrival. It could absorb other people’s attacks and use them for its own use.

With no other choice, the nine Earth Dao Masters could only brace themselves and attack at close range.

However, at this moment, elder Xiao Mo was invisible. If normal attacks hit the air, they wouldn’t be able to hurt her at all.

Instead, it was elder Xiao Mo who kept extending his misty tentacles, sending the nine Earth Dao Masters flying from time to time.

Soon, the nine Earth Dao masters were covered in injuries.

They gritted their teeth and felt that it was troublesome.

The current situation was that elder Xiao Mo could attack them, but they couldn't attack elder Xiao Mo. .

They could only watch elder Xiao Mo continuously activate the reverse demon Void Dome, causing the entire world to be distorted.

Under their long-term attacks, they had no choice but to retreat.

“Empress, Retreat. There's nothing else we can do.”The nine Earth Dao Masters were extremely solemn.

Taking advantage of the fact that the spatial distortion had yet to reach its limit, they still had a chance to escape.

Empress Starry Rain was extremely unwilling.

Should they give up just like that?

For the sake of today's operation, she had personally supervised the arrangements and spent countless amounts of effort.

The resources in the Empress Palace had been used countless times.

But the result was so cruel -- all her previous efforts were in vain.

Her heart was gloomy, but her eyes could not help but look at Su Yu.

What made her eyes light up was that Su Yu stood with his hands behind his back. His expression was calm, and he did not panic at all.

Instead, he had a feeling that everything was under control.

At this moment, the distortion of space had already reached an extremely serious degree.

The sound of houses collapsing under the pressure of space could be heard everywhere in the satellite city.

Beneath the Earth, the sound of broken veins could be heard everywhere.

Perhaps it would not take even half a cup of tea before everything before them would be destroyed.

Shua --

Outside the world.

Two figures had arrived at this moment.

They were none other than Emperor Mingxin and Zi Jun, who had come to capture elder Xiao Mo..

The two of them stared at the distorted world in front of them and the terrifying Devil Mist.

Even Emperor Ming Xin couldn't help but tremble.

A trace of shock spread through his heart.

“Is the elder of the Devil sect really that terrifying?”Emperor Ming Xin asked in shock.

As they got closer, Zi Jun’s God’s eye had completely confirmed the other party’s identity.

The Devil Sect’s lowest ranked elder, Xiao Mo. .

This person’s strength was the lowest among the Devil Sect’s elders.

It was said that he had yet to break through to become an Earth Dao Master.

However, the scene before his eyes was truly subversive.

He actually relied on his own strength to contend against nine Earth Dao Masters, destroying the world.

No wonder elder Jin Mo was able to reverse the situation back then. He fought against many descendants of rulers alone.

Zi Jun swallowed hard, his eyes filled with reverence.

His heart trembled. She didn’t even have the courage to resist against such an existence.

Emperor mingxin sighed, “No wonder elder Cong Wumo was captured Alive!”

He couldn’t help but dismiss the idea of capturing the elders of the demon sect alive.

Unless he was in Dongming city right now and had countless Earth Dao Masters working for him.

Even so, he had to be prepared to sacrifice many Earth Dao Masters.

“Let’s step back to avoid being affected,”emperor Mingxin said decisively.

Zi Jun nodded and was about to step back when a small eyeball reflected an unusual scene.

A silver-haired human with long hair waved in the sky.

He pointed at the heaven-destroying demonic mist with a mysterious finger.

“Silence!”

A melodious voice sounded in the air.

The voice was so beautiful that it sounded as if the goddess of the nine heavens was singing.

Just one sentence was enough to sublimate one’s entire soul. One felt as if the past of one’s life was pale and only this moment was eternal.

This was the case for the living beings on Earth.

It was the same for the nine Earth Dao Masters.

It was the same for Empress Starry Rain.

Even Emperor Mingxin and Zijun, who were far away at the end of the world, heard the sound of nature.

Zijun immediately lost consciousness when he heard it, and his eyes became dazed and lifeless.

Emperor Mingxin also fell into a daze at the beginning.

However, the defensive magic treasure on his body issued an ear-piercing alarm, which woke emperor mingxin up in time.

“Freeze Time!” He hurriedly froze time to prevent himself from falling into the song again.

He decisively pulled Zi Jun back, his eyes filled with deep shock.

What kind of song was that? He, who was in the Nirvana realm, was actually hit on the spot?

If this was a battlefield and the enemy suddenly attacked, he simply did not dare to imagine the consequences.

He was afraid that before the defensive magical treasure could wake him up, he would be killed by the enemy.

In the distorted world.

The demonic fog that elder Xiao Mo had transformed into could swallow all attacks.

However, it was unable to devour all attacks that came from the soul.

Upon hearing the song, the Demonic Mist immediately stopped devouring and kept shrinking.

In the end, it shrank back into elder Xiao Mo’s form.

His eyes were dull as he stood there motionlessly. He had already lost the ability to think.

The dignified elder Xiao Mo was easily subdued just like that.

Only then did Su Yu retract his finger. The spatial storage device on his finger slowly closed.

Chapter 2590 2,481: The Mountains And Rivers Turn

That’s right.

He used the nine serenity charms queen.

With her singing voice, he successfully subdued elder Xiao Mo. .

Looking at the dazed elder Xiao Mo, Su Yu heaved a sigh of relief and used his soul power to sweep across the surroundings.

He woke up everyone except elder Xiao Mo..

Empress starry rain retracted her consciousness and her body swayed.

Her blurry vision was clear and leisurely.

When she saw elder Xiao Mo clearly, she was so frightened that she screamed subconsciously.

When the others saw elder Xiao Mo clearly, they were also horrified and retreated in fright.

It was only when Su Yu said, “There’s no need to panic. This person is already under my control.”

Only then did they calm down slightly.

They sized him up carefully, wasn't that so?

Elder Howling Demon's eyes were dull. It was clearly a sign that he had lost his sense of self.

Empress Starrain's deathly pale face regained its rosy color. She reproached him with some resentment, "Brother, you have such powerful means. Why didn't you use them earlier?"

She did not quite understand.

Since they could easily control elder howling demon, what was the meaning of the previous arrangement?

Wouldn't everything be fine if they controlled him from the start?

In the end, not only did the many methods that they had painstakingly arranged failed to work, they even nearly fell into a dangerous situation.

Su Yu's eyes narrowed slightly as he slowly said, "That's because elder Xiao Mo still has another powerful method that he has yet to use. If he doesn't move, how would I dare to rashly use it?"

"Is that so? Elder Xiao Mo?" He said this to elder Xiao Mo. .

Empress Starry Rain was stunned. "Brother, who are you talking to?"

Yu Ren was also stunned.

Su Yu seemed to be talking to elder Xiao Mo, but wasn't he controlled?

Shua --

Almost at this moment, elder Xiao Mo, who was clearly controlled, suddenly shot out a terrifying light from his eyes.

His shriveled demonic claws brought with them a terrifying sound as they clawed at Su Yu.

"Su Brat, no matter how cunning you are, you still won't be able to escape death!"

It turned out that elder Xiao Mo's consciousness had indeed been affected by the song.

However, he had a defensive magic treasure that the Devil Lord had personally bestowed upon him.

Back then, he had made a miraculous achievement and was accepted as the Devil Lord's in-name disciple. At the same time, he had also bestowed a defensive magic treasure.

Only with the existence of that magic treasure could he wake up in time.

However, he remained calm and took advantage of the situation to give Su Yu a vicious blow.

This blow, he thought, was sudden and vicious. No matter how cunning Su Yu was, it was impossible for him to dodge it.

However, Su Yu had already expected it. He casually said, "Aren't you afraid that this is an illusion?"

Elder Xiao Mo's hand speed obviously slowed down, but then he suddenly sped up. "Whether it's an illusion or not, just kill it."

Since it was just a one-hit attack, even if it was an illusion, it wouldn't affect anything.

Pu --

His palm pierced through Su Yu's defense and hit his chest.

The real feeling made elder Xiao Mo feel at ease.

Su Yu was dead for sure!

However, the moment he touched Su Yu...

A violent black electric current suddenly surged out from between Su Yu's eyebrows.

After the black electric current surged out, it instantly entered elder Xiao Mo's body like a sharp arrow.

As a result, elder Xiao Mo's body emitted an extremely crisp sound.

It was shockingly the defensive magic treasure that the Devil Lord had personally bestowed upon him.

Elder Xiao Mo was overwhelmed with shock.

That defensive magic treasure was personally refined by the Devil Lord. Its level was unimaginable.

Even a peak earth master's attack could withstand it.

It was actually shattered.

What was that black electric current?

“Wait! That demonic qi... is...”elder Xiao Mo was horrified.

He did not recognize that black electric current, but wasn't the demonic qi contained within it the demon lord's?

But before he could say anything, the remaining black electric current was no longer a hindrance. It instantly turned elder Xiao Mo into a cloud of blood mist that filled the sky.

However, he didn't die!

The drops of bloody mist seemed to have an independent life. They quickly gathered together and formed elder Xiao Mo again.

However, he seemed to be extremely weak.

It wasn't even one-tenth of his normal state.

The effect of the Devil's arrival was also dissipated due to the destruction just now.

One could imagine the fate of a broken body.

Today, he had no way to escape!

However, elder Xiao Mo took out the wine gourd.

It was unknown what was in the gourd.

He grabbed the gourd and warned sternly, "Don't move! Otherwise, we will perish together!"

Everyone looked at his gourd with a solemn expression.

At this moment, elder Xiao Mo was already fighting like a cornered beast. There was no guarantee that he would take out any dangerous trump cards.

"Then let's perish together." Su Yu smiled faintly. "Isn't it just a pot of time domain?"

Not only did he guess that elder Xiao Mo had an item personally bestowed by the Devil Lord, he also guessed that elder Xiao Mo might be a servant with two different surnames.

It wasn't just the people from the Devil sect. It was very likely that he was colluding with another force.

This was because his ten billion worth couldn't be explained no matter what.

Other than elder Bone Devil, the other nine elders of the ten great devil gates could not possibly have such a huge net worth.

The only possibility was that he had another source of wealth.

And in the entire dream boundary, only a handful of people had the ability to hand over ten billion time crystals to Elder Howling Devil.

The most likely one was Shao Hao, who thought he was good at planning, right?

He was bribing people everywhere. Tai Yi sect was an example.

Therefore, Su Yu was not surprised that elder Xiao Mo was bribed.

The time domain in the gourd confirmed Su Yu's guess.

He had already sided with Shao Hao.

"You... How did you know?" Elder Xiao Mo was shocked and his eyes flashed with panic.

Su Yu walked over step by step and said indifferently, "I also know that Shao Hao gave it to you."

Elder Xiao Mo's mental defense line collapsed and he shouted sternly, "Who exactly are you?"

It was already unbelievable that a human could control endless wealth.

He could even know his own secrets!

This made elder Xiao Mo extremely terrified. What kind of existence was he making an enemy out of?

"Me? Hehe!" Space Domain slowly surged under Su Yu's feet and teleported the two of them to another place.

Looking at the unfamiliar surroundings, elder Xiao Mo's expression changed drastically. "Spatial domain!"

He looked at Su Yu in shock, as if he had thought of something.

Su Yu smiled and slowly took off the bamboo hat on his head, revealing a face that elder Xiao Mo still remembered.

“Ah! It’s you, the descendant of the ruler of space!”

Back then, he had accidentally discovered Su Yu, the descendant of the ruler of space, and had pursued him madly twice.

But he had escaped both times.

Elder howling demon never would have dreamed that the junior who had been chased like a stray dog would become Empress Starry Rain’s Pillar of support in the blink of an eye.

In addition, he held countless trump cards that were so powerful that they made him suffocate!

“It seems that you still remember. It’s an honor.” Su Yu smiled faintly.

Su Yu still couldn’t forget the two extremely dangerous pursuits back then.

There were also quite a few factors in why he chose to attack elder Xiao Mo. .
