

Nine-Dragon 2591

Chapter 2591 Must Not Be Mentioned

But now, the situation between the two had completely changed.

Elder Xiao Mo had become meat, while Su Yu was at his mercy, at his mercy.

As the saying goes, the wheel of fortune turns, but that was all.

“Human!” Elder Xiao Mo smiled bitterly. He never dreamed that one day, he would fall into the hands of a tiny human that he had hunted down in the past.

At this moment, he had very little life force left and all the powerful magic treasures that the demon lord had given him had been used up.

He only had a calabash of time domain in his palm.

However, he knew very well that Su Yu had dragged him to another place. It was obvious that he was not afraid of his time domain at all.

“I have lived my entire life. I never thought that I would fall into the hands of a lowly race like you. I’m really unwilling!” Elder Xiao Mo looked up at the sky and sighed.

He was probably the first demon sect elder in history to fall into a captive state.

He was also the first elder to be forced to such a state by the human race.

It could be said that he was a disgrace to the demon sect.

“A person who betrayed the demon sect and his own clan, let’s not talk about how lowly the other races are.” Su Yu’s face was filled with slight contempt.

If he had abandoned his own race, what right did he have to talk about how lowly the races were?

Moreover, Su Yu had never viewed the human race as lowly.

No matter how lowly they were, there had been people like Ren Zu who looked down on everyone and fought against Sacred Mountain.

No matter how noble the demon race was, what sort of figure had appeared?

At most, it was just a subordinate of ancient god Nine Nether, a sacred demon.

“Human Brat, you want to capture me alive, right?” Elder Xiao Mo said with a sinister smile.

Su Yu could have ordered the nine Earth Dao Masters to kill him.

But he didn’t.

Instead, he teleported him here. It was clear that Su Yu wanted to capture him alive.

His goal was probably to use him to exchange for the hegemon of Time’s contribution points.

“Unfortunately, this old man will not allow you to succeed.”Elder Howling Devil’s body suddenly expanded.

Just like before, it seemed as though he was about to turn into mist.

“This is the self-destruction technique of our Fiend School. From the body to the soul, it completely annihilates itself. You want to take credit for this old man? Haha, In Your Dreams!”

The self-destruction technique was activated very quickly. In just a few breaths, it had expanded to its limit.

Then, amidst elder Xiao Mo’s triumphant laughter, it exploded into pieces and vanished into thin air.

Su Yu’s body automatically condensed a layer of Qi to block the blood mist.

His face was very calm.

He even felt like laughing.

He slowly extended a finger and indifferently said, “Bring back the dead.”

Elder Xiao Mo was neither a descendant of a ruler nor a descendant of an ancient god. His bloodline was only that of an ordinary demon.

Naturally, he was within the scope of resurrecting from the dead.

The blood mist that filled the sky could be seen with the naked eye as it condensed back into elder Xiao Mo’s body.

Even his fragmented soul was still intact.

Elder Xiao Mo opened his eyes, a trace of confusion in his eyes.

His memory was still of the scene before his death.

“I’m not dead...”he subconsciously raised his hands and found that he could still move, which made him suspicious.

When he raised his head and looked at Su Yu who was standing not far away, elder Xiao Mo’s expression changed.

“You... I...”Because of his shock, elder Xiao Mo was incoherent.

Su Yu said leisurely, “As long as I didn’t let you die, it would be difficult for you to die.”

Elder Howling Devil’s eyes were filled with shock. He suddenly came to a realization. “You... can it be that you have a life domain?”

Only a person with a life domain would have the ability to bring the dead back to life.

However, how could a person have both a spatial domain and a life domain?

Could this person be a descendant of both the chief sovereign of space and the Chief Sovereign of life?

It shouldn't be possible.

Because both the chief sovereign of space and the chief sovereign of life were women!

“Come out.” Su Yu couldn't be bothered to waste his breath on elder Xiao Mo. .

The spatial storage device on his finger opened, and the nine nethersuccubus slowly walked out.

Her cultivation base far surpassed elder Xiao Mo. .

Elder Xiao Mo's expression sank. He knew that there was no way out, so he shouted, “Su Yu, the demon sect won't let you off. Capture the elder of the demon sect. You have to bear the wrath of the demon sect first.”

If the demon sect was truly enraged, who could stop the dream boundary?

Even the famous Great Emperor Shaohao had to retreat.

Su Yu was calm and composed, “Don't worry, the demon sect will not find trouble with me. The little demon lord has been my good friend for many years, the demon lord has given me a protector, and you are the traitor of the demon sect.”

What?

“The little demon lord is yours...” elder Xiao Mo did not dare to believe it.

But then he came to a realization.

He thought that the Little Devil Master was saved by the Devil Master himself.

Now that he thought about it, the Little Devil Master was released by this person.

Moreover, this person had the devil aura of the Devil Master, so it was completely reasonable.

Thinking of this, elder Xiao Mo was so angry that he clapped his chest.

He wanted to die but could not die. He wanted to threaten Su Yu, but the other party was not afraid at all.

He wanted to kill the other party, but the other party had the nine underworld succubus queen who was much more powerful than him.

There was nothing more depressing than this in life.

“If you know, then feel free to answer my question,” Su Yu said calmly. “If I'm in a good mood, I'll probably give you a quick death.”

Elder Xiao Mo's brows twitched.

Answer the question?

Could it be that Su Yu had another purpose in capturing him?

His mind was reorganized.

“I want to know where the ancient Devil Gate Tomb is.”

However, elder Xiao Mo’s expression changed drastically when he heard that.

He took a deep breath and stared at Su Yu in shock, “You want to go to the ancient tomb of the demon gate.”

“Is there a problem?”He could see the uncontrollable fear and fear in elder Xiao Mo’s shocked eyes.

Elder Xiao Mo shook his head, “Don’t ask, don’t ask! I don’t know anything.”

He seemed to be afraid of the ancient tomb of the Devil sect.

Su Yu said calmly, “If you don’t answer, I’ll make your life worse than death.”

“But you can’t tell me!”Elder Xiao Mo shouted in fear, as if he was afraid of something.

Su Yu narrowed his eyes. Since he couldn’t ask, he could only force him to ask.

He gave a look to the nine serenity queen.

Empress nine serenity charm nodded and said softly, “Look into my eyes.”

The moment her voice left her mouth, it was as ethereal as the sound of nature. It was so beautiful that the listeners couldn’t help but fall into it, unable to extricate themselves.

Elder Xiao Mo didn’t have any defensive magic treasures on him, so he was completely trapped in it this time.

His eyes were blurred and he lost himself.

“Answer me, where is the ancient Devil Gate Tomb?”

Elder Xiao Mo opened his mouth and couldn’t help but say, “The ancient Devil Gate Tomb Is... is... is...”

At this moment, elder Xiao Mo should have already lost himself.

He should have said everything he knew and everything he said.

However, there was a deep level of power that prevented him from revealing the location of the ancient Devil Gate Tomb.

Su Yu raised his eyebrows slightly.

Elder Xiao Mo would rather die than reveal the location. Could there really be some taboo?

Thinking about how mysterious the ancient Devil Gate tomb was, Su Yu made up his mind.

No matter how mysterious it was or how taboo it was, he had to find it.

“Ask at all costs,”Su Yu said in a serious tone.

Empress nine serenities nodded and walked forward. She leaned over and kissed elder Xiao Mo on the forehead.

A red lip mark appeared on his forehead.

Chapter 2592 A Great Disaster Was Coming

The Mark slowly entered elder Xiao Mo's head.

Under the gaze of Su Yu's soul's eye, he could clearly see that the lip mark was deeply embedded in elder Xiao Mo's soul.

The lip mark opened and closed, releasing an ethereal song that belonged solely to the nine serenities queen.

The song went straight to the depths of her soul, causing her heart to be unable to think and resist.

Suddenly, Su Yu's pupils contracted slightly.

He discovered that within elder Xiao Mo's soul, a hair-like three-inch blood thread had suddenly appeared.

The blood thread writhed like a worm, as if it was trying its best to resist the soul attack.

"What is that?" Su Yu faintly felt a chilling aura from the blood thread.

The blood thread resisted for a full two hours, and the lip print was almost exhausted. Only then did it gradually stop struggling and lie there motionlessly.

Perhaps it was this object that prevented elder Xiao Mo from answering Su Yu's question.

Su Yu's heart moved, and he asked again, "Where is the ancient tomb of the Demon Gate?"

As expected!

Elder Xiao Mo no longer had any obstructions, and he answered very fluently, "At the center of the time ruler's domain, under the sacred city."

What?

Sacred City?

Su Yu's pupils constricted.

The ancient tomb of the demon gate actually dared to exist under the sacred city controlled by the time ruler.

It was truly unbelievable.

The Devil Gate was an existence that the entire time domain wanted to capture. They actually built the Devil Gate under the sacred city and even hid it from the world until now.

It was truly shocking.

Although he was surprised, Su Yu's heart, which had been hanging on for a long time, finally relaxed.

After many years of investigation, they finally found the final location of the vile-daughter palace.

In the ancient Devil Gate Tomb under the Sacred City!

"Sacred city..." Su Yu narrowed his eyes. He glanced at elder Xiao Mo before him and slowly said, "Just in time. I need to send elder Xiao Mo to the sacred city to

exchange for contribution points and then exchange for the necessary ruler-level magic treasures.”

He could conveniently enter the ancient Devil Gate Tomb along the way and step into the vile-daughter palace.

After decades of wishes, he finally saw the dawn of understanding.

Su Yu felt an indescribable tiredness in his heart.

“Yun Yazhi, you died for me back then. This debt of gratitude can finally be repaid,” Su Yu muttered.

Sighing, Su Yu took out a talisman and prepared to stick it on elder Xiao Mo’s forehead to seal it so that he wouldn’t wake up and cause trouble.

But at this moment, Empress Nine Nethersuccubus suddenly let out a painful groan, as if she had suffered an invisible injury.

“Be careful, there’s something in his body that’s rebounding.” The eyes of the nine nethersuccubus were bloodshot, almost as if they were dripping with blood.

That was because her soul had been heavily injured.

Su Yu’s heart skipped a beat, and he had an ominous premonition.

The Eye of the soul swept over and discovered that the thread of blood, which had already been shocked, was actually wriggling once more.

The power of the lip imprint was no longer able to suppress the thread of blood, and it finally collapsed.

Elder Xiao Mo was able to wake up from his daze.

Elder Xiao Mo felt something strange in his body and his face turned pale. He trembled, “You... you managed to get it out?”

Su Yu stared at the blood thread and asked, “Is it related to the blood thread?”

After knowing that Su Yu and the others really managed to get it out of the Devil Gate Ancient Tomb, elder Xiao Mo’s face turned pale and his body couldn’t help but tremble. He roared, “You... you want to live a life worse than death, don’t implicate me.”

“That blood thread is the sacred demon blood. A sacred demon can sense it. Once I reveal the location of the demon gate ancient tomb, the sacred demon will sense it and make my life worse than death!” Elder Xiao Mo’s face turned deathly pale

Sacred Demon Blood?

One of the four prime ministers under ancient god Netherworld?

As if confirming elder Xiao Mo's words, blood-red veins the size of a thumb began to appear on the surface of his body.

His entire body was swelling like a rubber ball.

Su Yu could clearly see that the wisp of Holy Devil's blood had fused into elder Xiao Mo's limbs and bones.

If that was the case, if he died, Su Yu's resurrection would be unable to save him successfully.

The ruler of time had made it very clear that he wanted him alive, someone who could force him to give him useful information.

A dead elder Howling Devil wasn't worth a single cent.

He wouldn't even be able to exchange for the contribution points he needed.

Those ruler-level magic treasures would eventually become nothing.

"Don't even think about taking my people with you." Su Yu closed his eyes. An extremely pure spatial ripple swept out from his body and entered elder Howling Devil's body.

All of the blood vessels were separated by the spatial energy and separated from elder Howling Devil's body.

Elder Xiao Mo, who was on the verge of death, had just been saved.

However, this was only the beginning.

After the countless blood threads were extracted, they forcefully broke through the space barrier and gathered back into blood threads.

With a Swish, they once again entered elder Xiao Mo's body.

"Empress Nine nethersuccubus!" Su Yu shouted.

Hearing this, she immediately took out ancient god Nine Netherworld's bone claw and ruthlessly clawed at it.

Chi --

It was strange to say, but that stubborn blood thread seemed to have been born to be countered by ancient God Nine Netherworld's bone claw.

With a single claw, the blood thread was torn apart.

Seeing this, the nine nethersuccubus empress heaved a sigh of relief.

Her instincts told her that the blood thread was abnormally dangerous.

She didn't expect it to be destroyed so easily.

But elder Xiao Mo didn't have any intention of venting his anger. On the contrary, he became even more despairing. He shook his head and said, "It's useless. You Can't deal with the sacred demon blood. As long as there's a bit left, it's enough to kill me over a hundred times."

HMPH!

Empress Nine nethersuccubus had a sliver of confidence and attacked without any leeway.

In just a few breaths, she had wiped out most of the blood threads.

But just as she was about to completely wipe out the hidden danger, suddenly, the last few blood threads stopped darting toward elder Xiao Mo..

Instead, they turned around and pointed in the direction of Empress Nine nethersuccubus.

At the same time, threads of extremely black demonic qi pervaded the blood threads.

The purity of the Demonic Qi was countless times stronger than that of the demon lord.

The demonic qi surged out and condensed into an extremely blurry human form.

One could not see their facial features or skin clearly. One could only vaguely recognize their form.

The last few blood vessels on the face gathered here and formed a single eye.

A blood light shot into the sky from the eye.

A muffled and powerful voice was like thunder that resounded throughout the world.

“Those who obstruct me, are all devils.”

CHI ——

The black shadow suddenly pounced over, bringing with it an extremely dense aura of death, instantly enveloping the nine nethersuccubus empress.

Before it even got close, the nine Nethersuccubus Empress felt an intense death crisis.

She had fought with the Phoenix King for many years, but she had never felt such a terrifying existence.

Su Yu immediately used his spatial domain, instantly moving the nine Nethersuccubus empress away.

The black shadow pounced on nothing.

Where she had stood, a shocking nine-colored array was left behind!

The entire eight-star civilization had been pushed away, let alone a living creature?

The nine Nethersuccubus empress sucked in a breath of cold air, her scalp incomparably numb.

Just a few strands of blood contained such terrifying power?

The black shadow pounced on her once more.

The nine Nethersuccubus Empress was prepared and used the bone claw of ancient God Nine Netherworld to counterattack.

The black figure was slightly wary of the bone claw, but only slightly.

Its powerful figure directly shattered the claw shadow created by the Bone Claw and charged toward the nine Nethersuccubus Queen.

Even the bone claw was useless!

The nine Nethersuccubus Queen's heart sank.

Chapter 2593 Refining Dao Artifacts

She wanted to dodge.

But Su Yu was right behind her.

If she dodged, Su Yu would die without a doubt.

She gritted her teeth and unleashed her domain for the first time.

Tens of thousands of beautiful nine Netherworld Phantom figures appeared. They chanted in unison, producing an incomparably powerful song.

This was several times more powerful than the suppressive force of the lip mark!

The figure that was sweeping over swayed in an instant, showing faint signs of collapsing.

However, the several blood threads suddenly released an intense blood light, causing the demonic qi that had collapsed to condense back into one.

Not only did the demonic figure not weaken its attack, it seemed to have sensed that the nine netherworld phantom empress was difficult to deal with, and attacked with an even more violent force.

Its domain was instantly broken through.

The nine underworld succubus turned pale with fright and could no longer dodge.

Seeing that she was about to be directly attacked by the shadow, the nine underworld succubus was filled with despair.

With the power of the shadow, there was no chance for her to survive, right?

However, at this moment, Su Yu, who was behind her, waved his hand and several white feathers flew over.

The shadow casually grabbed and caught the feathers.

However, the moment it grabbed the feathers, the devil's palm let out a sizzling sound.

A large amount of Devil Qi rose up, and the entire devil appeared to collapse again.

Shua --

He quickly shook off the devil and let out an inexplicable roar, as if he was enraged.

His one eye moved from the nine Nethersuccubus Queen's body to Su Yu.

With a roar, the devil appeared like an illusion and instantly arrived.

"Be careful!" The nine Netherworld Succubus condensed the power of a dao master and used her body to block it.

Su Yu did not panic. Just as the demonic shadow was about to Pierce through the nine Netherworld Succubus, he threw out the black feather gate in his hand.

The gate, which was originally the size of a palm, suddenly became a thousand feet tall and crashed down with a rumble.

The huge gate did not fall at a fast speed. The demonic shadow could completely dodge it.

But strangely, the demonic shadow kept screaming when it saw the door.

It tried its best to dodge, but no matter which direction it dodged, it could not escape the suppression range of the door of black feathers.

It was as if it was imprisoned by some kind of power.

Boom --

With a muffled sound, the demonic shadow was suppressed by the door of black feathers while it was screaming.

The extremely dense demonic qi was completely absorbed by the door of black feathers.

The cold will was also being destroyed.

However, it was unwilling to leave. It said solemnly and coldly, "We will meet again."

If they really met again, it would be the day Su Yu died.

In the end, the will was crushed.

Only a faint trace of blood remained, lying there motionlessly.

Su Yu's expression was slightly solemn.

The last person to speak should be the Saint Devil.

But how could he be sure that they would meet again?

After thinking for a while, Su Yu took out the two bottles of ultimate Yin Devil Qi.

His pupils constricted as he realized that the Devil Qi in the two bottles was continuously drifting in the same direction.

And that direction was coincidentally the holy city, which was where the Devil Sect's ancient tomb was located.

"Could the so-called Saint Devil be in the Devil Sect's ancient tomb?" Su Yu's heart sank.

It wasn't easy to find the true trace of the evil maiden palace.

But now, a so-called sacred devil suddenly appeared.

However, not to mention the sacred devil, even if the son of Heaven of the Sacred Mountain was inside, he still had to make this trip.

"Black Feather Gate!" Su Yu waved his hand and put away the black feather gate.

This item seemed to have a unique restraining effect on the former subordinates of the ancient god of nine netherworld.

This included the ancient god Bone Claw in the hands of the nine Nethersuccubus Empress.

With this item, going to the demon sect ancient tomb might be able to resolve quite a bit of danger.

After solemnly putting it away, Su Yu naturally wouldn't forget the traces of blood.

Although more than half of the energy within had dissipated, it still gave people a feeling of fear and trepidation.

"If I can refine it into a divine weapon, its power seems to be quite good," Su Yu muttered.

The eyes of the nine nethersuccubus empress flashed as she said, "Why don't you give it to me? I have some remnant artifact refinement methods in my mind."

"Artifact refinement?"

Su Yu was astonished.

When one reached the Dao master level, they would usually refine dao artifacts, and they would refine them according to the dao they cultivated.

He had never heard that they could be refined into other people's Dao artifacts.

"Yes, I have helped some subordinates refine dao artifacts before." The nine Nethersuccubus queen said with certainty, "As long as the materials contain great dao, they can be refined into corresponding dao artifacts."

"Of course, compared to normal Dao artifacts, their power is slightly lower, but that is only relative. If the materials are of an extremely high grade, the Dao artifacts refined can still be far superior to ordinary Dao artifacts."

The origin of the corpse race was still a mystery.

It wasn't strange that they had any remaining memories.

"This blood thread, what Dao artifact can you refine into?"

"Three soul-devouring attribute demon needles."

"Can I use it?"

"As long as you are the first to refine it, this item will belong to you."

Su Yu's heart pounded.

Dao artifacts had an extremely huge drawback, and that was that only the creator could activate it.

If others obtained it, they would only be useless trash.

Su Yu had obtained many other Dao artifacts so far.

Among them, the most famous one was the evil sword of the evil daughter.

However, in Su Yu's hands, other than being sharp and hard, the evil sword was useless.

It was far less powerful than in the hands of the evil woman.

How could Su Yu not be surprised when he heard that the nine serenities Enchantress was able to refine a dao artifact used by others?

“How long will it take to refine it?”

“Three to five years.”

Three to five years?

Fortunately, he could afford to wait for such a short time.

After thinking for a while, Su Yu took out a ball of liquid.

It was the same liquid that had melted all of Su Yu's belongings when he was exposed to the DAO fire. In the end, he was reduced to a ball of melted liquid.

He had not been willing to throw it away because he hoped that one day, he could see if he could refine it into a dao artifact.

After all, this liquid could be said to be the accumulation of Su Yu's lifetime of opportunities in the foreign lands.

Almost all of the things that he had obtained by chance were inside.

Of course, this was also a huge problem.

It was precisely because there were too many items inside that it was very difficult to refine it into a dao artifact.

This was why Su Yu hadn't taken any action.

“Can you refine this into a dao artifact?”

The nine nethersuccubus empress glanced over and was startled. “What is this?”

She was actually unable to recognize this item at a glance.

She took a closer look, she couldn't help but suck in a cold breath. “This... what is this? There's the aura of an evil woman, the aura of a soul ruler, the aura of ancient god Golden Wing, the aura of the son of heaven, and... Hiss, even the aura of Ren Zu!”

Her entire body trembled as if she was looking at a prehistoric object.

Every hair on her body couldn't help but tremble.

It was too inconceivable, too inconceivable!

So many supreme existences' auras could fuse together.

Su Yu was startled, and his heart couldn't help but tremble.

The evil daughter's aura should be the evil sword.

The Soul Ruler's aura was the bronze slate.

Ancient god Golden Wing's aura was a fragment of bone.

Tian Zi's aura was one of nine-tailed Tian Zi's eyes, the nine Jade Spirit Pearl!

He didn't expect that the nine underworld enchantress would be able to recognize them one by one. It was clear that she had unexpected attainments in the path of artifact refinement.

If she could refine them..

Chapter 2594 Biyun Hong Xian

Unfortunately, the nine Nethersuccubus empress had shattered her hopes.

"Master thinks too highly of me." The nine Nethersuccubus Empress couldn't help but laugh bitterly. "Even if you gave this item to the hegemony to refine, they wouldn't be able to do anything about it, much less me."

Su Yu felt a wave of disappointment in his heart.

The difficulty of refining it into a dao artifact was simply too great.

"After all, this is the material to refine a saint weapon. I really don't have such ability."

Saint Weapon?

Su Yu's heart moved.

After thinking for a while, he took out the nine dragons divine cauldron. "Can you tell me what kind of weapon this is?"

The nine Nethersuccubus Queen looked at it and was a little suspicious. "Why does it look like a saint weapon? It shouldn't be possible. A saint weapon can only be forged by gathering the great spirit of the world when the era restarts."

She felt that Su Yu was unfathomable.

But she also felt that Su Yu had the qualifications to master a sacred weapon.

Only when the era restarts would there be a small number of sacred weapons, and only those at the peak would be able to master a sacred weapon.

For example, the son of Heaven of the Sacred Mountain, the eight sacred ancestors of the previous era, and the eight ancient gods of the current era.

Su Yu's heart thumped.

The mystery that had puzzled him for countless years was finally solved.

All this while, he couldn't figure out the level of the nine dragons divine cauldron. But now, it was finally clear.

Holy Weapon!

It was a holy weapon that was above dao weapons.

He took it back quietly and asked, "What's the difference between a dao weapon and a holy weapon?"

The nine serenities queen was very knowledgeable about refining weapons. She said, “The difference is that a holy weapon can destroy the world, while a dao weapon can destroy people.”

“A sacred artifact is too powerful. Once used, it can even destroy an absolute beginning. There have been several eras where it was destroyed early because sacred artifacts were frequently used.”

“And no matter how powerful a dao artifact is, it can only be used in battle.”

The Nine Dragons Divine Cauldron could destroy the world?

Su Yu was deeply suspicious of this.

Not only that, ancient god Jin Xuan’s successor, the heartless iron catcher, and the Golden Black Tortoise in her hand were also sacred artifacts, right?

It was also difficult to see that it had the power to destroy the world.

Could it be that there was still something about the nine dragons divine cauldron that he had yet to grasp?

Su Yu fell into deep thought.

Although he had obtained the nine dragons divine cauldron for a long time, there were still many mysteries that had yet to be solved.

For example, why did the nine dragons divine cauldron find him and choose to acknowledge him as its master?

If in the past Su Yu had felt that it was still a coincidence...

It was not the case now.

There was no such thing as a coincidence in this world.

Shaking his head, Su Yu stopped thinking and asked, “How are Dao artifacts classified?”

“There are a total of nine grades, ranging from one star Dao artifact to nine star Dao artifact.”

After pondering for a moment, Su Yu waved his hand and formed the evil sword with a thought. “What grade is this sword?”

Upon seeing this item, Empress Nine Netherworld Charm’s pupils constricted. “Eight Star Dao Artifact, evil sword! This is the evil daughter’s sword, right? How could it be in your hands?”

Su Yu clenched his hand and the evil sword dissipated.

Then, with another move, a jade cauldron appeared.

It was an abandoned dao artifact found in the half-star civilization of the outer realms, the dust sand civilization.

“One star.”

Su Yu listed out a few more dao artifacts one by one. He had a rough understanding of the grade of the Dao artifact.

Usually, the level of the Dao artifact that was refined was determined by one's cultivation.

The Dao artifacts of the Earth Dao Master were usually four stars.

For example, the heaven destroying seal was a four-star dao artifact.

"Then, if this object is refined, how high is its grade?" Su Yu didn't have high expectations.

He was very satisfied with three stars.

"Four and a half stars." Queen Netherworld hesitated for a moment before saying.

"Four and a half stars?" Su Yu was surprised.

The nine serenity queen nodded. "When it's refined, master will know."

Perhaps even she was a little uncertain, so she didn't dare to say for sure.

"Let's wait and see," Su Yu said indifferently.

After tidying up the scene, he looked at elder Xiao Mo and said indifferently, "Erase his memory just now."

Just now, elder Xiao Mo had personally witnessed Su Yu using several domains.

If he was handed over to the ruler of time just like that, Su Yu would be digging his own grave.

Empress nine serenity charm nodded.

With her cultivation and attainments in the soul, it was only a matter of time before her memory was permanently erased.

After settling everything and leaving nothing behind, only then did she return.

Empress Starry Rain and the others were also cleaning up the shattered world.

When they discovered that Su Yu had returned with elder Xiao Mo, they were all overjoyed.

Their hard work had not been in vain.

The nine Earth Dao Masters took action and sealed elder Xiao Mo from the inside out, making him unable to move.

"There's no time to lose. I'll send a few elders to escort elder Xiao Mo to the sacred city," Empress Starry Rain said.

Su Yu nodded. "I'll go with You Then."

"Then I'll be more at ease." Empress Starry Rain felt more at ease.

With Su Yu around, things would be much more reliable, even though his cultivation wasn't outstanding.

At that time.

Northern Bright City.

In the Emperor's palace.

Shao Hao knelt on one knee and listened to a graceful and elegant woman recite a scroll with a solemn expression.

"The envoy has investigated and found that Shao Hao is plotting to steal the Star Rain Empress's nine Nether Crystal. He has been ordered to face the wall for ten years and not to step out of the imperial residence."

The lady waved her hand and the scroll flew into the air.

The words in the scroll flew out and turned into a chain that sealed the entire imperial residence.

This was the doing of the ruler of time himself. No matter how strong Shao Hao was, he could not break it.

The battle for the ruler of time would only last for twenty years.

Shao Hao, on the other hand, would be imprisoned for a full ten years.

It had to be said that this was a heavy blow to him.

There were many plans that he did not have the time to execute.

After the woman left, Shao Hao stood up. His eyes were filled with viciousness. "Damned thing, how Dare You Bite Me Back!"

It was easy to guess how he had been reported.

However, Shaohao knew very well what Empress Star Rain was capable of.

She was a simple girl who had yet to experience the world. She was unable to incite that envoy.

There must be an expert helping her in the dark.

"Help me see who's behind this," Shaohao said with his hands behind his back.

A father and daughter walked out from behind him.

Both of them had golden eyes.

"Hong Xian, let's begin."

If Su Yu was here, he would definitely recognize this woman named Hong Xian. She was none other than Bi Yun Hong Xian from the number one aristocratic family of the seven unique civilizations.

She was someone who had inherited her family's eyes and could see through the past and the future.

Her expression was empty as she nodded.

Her pair of golden eyes reflected the passage of time.

Not long after, everything that happened inside and outside the Empress Palace was reflected in her eyes.

Bi Yun Hong Xian's expression, which was originally empty, suddenly changed when she saw the silver-haired human.

Her delicate body trembled uncontrollably and her breathing became rapid, to the point that she was deeply excited.

"It's him!"

How could Bi Yun Hong Xian forget him? How could she forget the human named Su Yu?

However, everything changed too quickly.

The clone of the carefree emperor descended and destroyed everything, causing the world to fall apart.

She, her father, and elder Xuanji were all sucked into the crack and fell into an eight-star civilization.

She, who was controlled by her father, didn't even have the time to say goodbye to Su Yu.

"Hong Xian, who did you see?" Golden-eyed Langjun asked.

Strangely, his eyes were closed.

From the tiny cracks that occasionally appeared, it could be seen that his eyes were pitch-black and no longer had any eyeballs.

He was already blind!

Chapter 2595 Father And Daughter In Distress

Bi Yun Hong Xian subconsciously blurted out, "Yes..."

However, just as she was about to say it, she suddenly changed her words, "They are from the Devil Sect."

Her heart was beating non-stop, and a light flashed in the depths of her golden eyes.

She and her father had been under Shao Hao's command for ten years.

She understood Shao Hao's character too well.

Anyone who made an enemy of him would not have a good ending.

Su Yu was on Empress Starry Rain's side. If Shao Hao found out about this, the consequences would be unimaginable.

Hence, she changed her words at the last minute and covered for Su Yu.

"The Devil Sect?" Shao Hao raised his eyebrows and stared at Bi Yun Hong Xian with a sharp gaze. "You're lying to me!"

The Devil Sect was an existence that the ruler of time had personally ordered to be destroyed.

No matter how muddle-headed his sister was, she would not cooperate with the Devil sect.

Furthermore, he had secretly contacted a traitor of the Devil sect as an insider.

Why was it that the traitor did not know that Empress Starry Rain had colluded with the Devil Sect?

“It’s absolutely true. I saw traces of the Devil sect in Empress Starry Rain’s residence,” Bi Yun Hong Xian replied indifferently and definitely.

Shao Hao stared at Bi Yun Hong Xian for a while.

He only began to doubt her after a long while.

After all, if he could hook up with the demon sect, why couldn’t Empress Starry Rain?

“The demon sect?” Shao Hao snorted coldly. “If that old bastard didn’t keep his mouth shut, I would have captured all of you in one fell swoop.”

He had always wanted to use elder Xiao Mo to find out the exact location of the demon sect.

In order to launch an attack on the demon sect, he did not expect to annihilate the demon sect. It would be great if he could capture a demon.

Unfortunately, elder Xiao Mo was exceptionally cunning.

He took his money but refused to reveal it. Moreover, he refused to reveal himself easily.

He was afraid that Shao Hao would capture him as well.

Shao Hao raised his head and looked at the scroll above his head. His expression was solemn. “Ten years! is the ruler trying to kill me?”

In ten years, the descendants of the ruler could do many things.

Many of his plans and plans couldn’t be carried out.

“Yanran!” Shao Hao thought for a long time and shouted.

However, the space around Shao Hao rippled like water.

A beautiful woman walked out from within.

Her skin was as white as snow and her beauty could topple cities. Her every frown and smile was full of charm.

“Why did Emperor Shao Hao call me?” The beautiful woman named Yanran asked faintly.

With a light tap of her finger, the spatial ripples behind her disappeared.

If Su Yu was here, he would definitely be able to recognize that this was a spatial domain!

Although it was only the most basic level!

“As you can see, I’ve been ambushed and can’t leave anytime soon. I’ll leave some matters to you.”

Yanran smiled lightly. “So Emperor Shao Hao has also been schemed against. How Rare.”

She seemed to understand Emperor Shao Hao very well.

“I was just careless for a moment,” Shao Hao said indifferently.

His gaze was fixed on the woman in front of him. He did not look down on others at all. Instead, there was a sense of equality in his gaze.

“Is that so? Even the white feather gate was stolen by someone. Is that careless?” She smiled faintly.

Shao Hao’s expression darkened.

He was speechless.

Indeed, he had been at a disadvantage recently.

“Do as I say!” Shao Hao snorted.

“Hehe, I’ll do as I say.” Yanran smiled faintly. “It’s just that I can’t do it alone.”

It was as if she wanted to do something on Shao Hao’s behalf.

“I believe they can be of use when they accompany the father and daughter.” Shao Hao pointed at the golden-eyed Langjun and Bi Yun Hong Xian.

Yanran’s gaze shifted to the golden-eyed Langjun and Bi Yun Hong Xian.

Finally, her gaze landed lightly on Bi Yun Hong Xian. She said faintly, “What a pair of annoying eyes.”

Bi Yun Hong Xian pursed her lips slightly.

This was the second time she had seen this woman.

However, for some reason, this woman was especially against her.

This was the case when they first met.

Shao Hao warned, “Yanran, they are all very important to me. You must not do anything excessive along the way.”

He was not very assured of this woman.

“Hehe, of course not.” Yanran’s lips curled.

“Mm, let’s set off as soon as possible.”

The golden-eyed Langjun woman took her leave first and returned to her cave abode to pack her things.

“Father, where does great Emperor Shao Hao want us to go with that crazy woman?” With the help of Bi Yun Hong Xian, the blind golden-eyed Langjun slowly walked into the cave abode.

The golden-eyed Langjun calmly closed the door of the cave abode and set up an isolation barrier.

His calm face suddenly flashed with a hint of hostility.

PA --

He turned around and slapped Bi Yun Hong Xian's face.

His face was distorted by anger.

Bi Yun Hong Xian received a slap for no reason. She covered her face and said aggrievedly, "Father, why did you hit me?"

The golden-eyed Langjun's face was livid and his facial features were slightly malevolent.

"Why did you lie to Master Shaohao?" The golden-eyed Langjun berated.

Bi Yun Hong Xian avoided his gaze and said aggrievedly, "I didn't."

"You're still trying to quibble!" The golden-eyed Langjun berated sternly, "Are you really bullying me for being blind? What you saw was a different person. It wasn't the Devil sect at all, was it?"

Bi Yun Hong Xian did not say anything.

The golden-eyed Langjun said coldly, "Let me guess, who is the person who can make you lie even if you have to betray Master Shao Hao!"

"It's Su Yu, right?" Although the golden-eyed Langjun's eyes were already blind, his heart was as clear as a mirror.

They had been in the eight star civilization for ten years, and Bi Yun Hong Xian had never had any close friends.

There was not a single person who could make her take the risk to deceive Shao Hao.

The only possibility was an old friend from the outer realm.

They had an extraordinary friendship.

After thinking about it, Bi Yun Hong Xian was probably the only one who could not forget Su Yu.

"It's not him!" Bi Yun Hong Xian blurted out subconsciously.

However, as soon as she said that, she realized that her tone was too anxious. Instead, she sat back and watched her father's guess.

"Well, it's really Su Yu!"

As expected, golden-eyed Langjun was just testing him.

He didn't expect it to be true.

"That human B * Stard who ruined my plans not only didn't die, but he actually came to the eight-star civilization. It seems that he's doing quite well." Golden-eyed Langjun tried his best to open his eyes, and they flashed with a cold light.

Bi Yun Hong Xian frowned and said, "Father, don't talk about Su Yu like that. He didn't do anything wrong."

“B * Stard, you still speak up for Su Yu!”Golden Pupil Lang Jun pretended to slap her. “Have you forgotten why we ended up in an eight-star civilization? And why are My Eyes Blind?”

It turned out that Golden Pupil Lang Jun had planned to give his daughter to the strongest person in the outer realm, old man Xuanji.

From then on, he would be completely dependent on the Star Alliance’s Chamber of Commerce.

Even when his daughter tried her best to resist, he didn’t hesitate to control her.

However, things happened too suddenly.

The Carefree Heaven’s son’s clone suddenly descended and fought with Su Yu in the outer realm.

The entire outer realm was shattered because of this. Old Man Xuanji was accidentally affected and was seriously injured. He did not have long to live.

The father and daughter fell into the cracks of the torn array formation and arrived at the current civilization.

They met with danger on the way and the golden-eyed Langjun’s eyes were taken away.

Fortunately, Shaohao discovered Biyun Hong Xian and realized that he had a trace of the bloodline of the ruler of time, so he took them in.

Chapter 2596 Su Yu’s Daughter

“Su Yu was forced to resist,”Bi Yun Hong Xian said resolutely.

“Shut up! You’re still speaking up for him,”the golden-eyed langjun scolded ferociously, “It’s all Su Yu’s fault!”

Bi Yun Hong Xian did not allow it. Her heart was filled with sorrow.

What she was in sorrow was not her own situation, but her father’s.

Ever since she lost her sight, her personality had become even more twisted. Her actions were especially extreme.

She wanted to leave her father, but she couldn’t bear to see her blind father without anyone to rely on.

“From now on, you are not allowed to deceive master Shao Hao!”Golden Pupil Langjun warned sternly.

Bi Yun Hong Xian was disgusted.

What Master?

Her father’s current state of mind was really too fragile and sensitive.

He felt that Shao Hao’s status was too noble, and it wasn’t easy for them to get close to him. It was best for them to hold on to this big tree.

Not long after the father and daughter cleaned up their things, Yanran flew above their cave abode and said indifferently, “Let’s go. You’d better not slow me down on the way, or else, hmph...”

At that time.

Devil sect.

Devil Sect's imperial palace.

On an ancient altar, the devil master was flipping through a heavenly book.

There were dense heavenly book characters on it.

The demon lord was trying his best to study the characters on it.

Suddenly, the altar moved without any warning. Black fog surged out from all directions of the altar, forming a distorted giant face above the altar.

That face was exactly the same as the face formed by the devil fog in the blood threads.

The demon lord's expression changed drastically. He hurriedly knelt down and said in shock, "The sage Devil has descended. Junior has failed to welcome him."

"Get up."The giant face said indifferently and calmly.

The demon lord stood up, but his head was lowered deeply. He did not dare to look directly at the giant face.

His entire body tensed up, and his heart was beating wildly.

The altar was the only connection between the demon sect and the Saint Devil.

However, how could the Saint Devil descend with a split soul without any warning?

"What did I tell you to do? How did it go?"The demon lord asked.

The demon lord hurriedly said, "Reporting to the Saint Devil, we have a lead. That thing might be in the sacred city."

"Sacred City?"The Saint Demon's voice suddenly paused, "Are you sure?"

"It can't be wrong. This subordinate is ordering people to continue investigating."He had left the demon gate for a long time to search for that item.

After a long time, the demon lord slowly nodded, "Good! Well done."

The demon fog squirmed and three drops of dark red blood dripped from it.

That was the saint demon blood.

"Take it."

The Devil Master was overjoyed. "Thank you, Sacred Devil, for the reward!"

The devil fog slowly dispersed, and he said, "Also, find out who took Xiao Mo. if it's someone from the ruler of time, inform me immediately."

Xiao Mo was one of the few people who knew the location of the Devil Gate Ancient Tomb.

And he was in the Devil Gate Ancient Tomb.

If the ruler of time obtained Xiao Mo, he would definitely have a way to get the information and find him.

“Yes!”The demon lord said respectfully, but his heart shook.

Elder Howling Devil had been captured!

How could this be?

After saint devil retreated, the demon lord immediately went to investigate. As expected, elder Howling Devil had already lost contact.

“Someone!”The demon lord’s face was as dark as water. “Investigate elder Howling Devil’s whereabouts.”

At the same time.

In the Empress Palace.

Empress Starry Rain, Su Yu, Emperor Ming Xin, and Zi Jun were all in the same room.

Emperor Ming Xin had a warm smile on his face. “Sister, I hope that South Bright City and East Bright City can work together and fight against the other cities.”

After witnessing elder Xiao Mo being captured alive, Emperor Ming Xin was shocked and thought highly of Empress Starry Rain.

An elder of the demon gate had a total of five hundred contribution points.

It was enough to exchange for a top-ranked ruler artifact.

From a certain perspective, Empress Starry Rain was already invincible.

Of course, the prerequisite was that she could successfully send elder Howling Devil to the sacred city.

“I hope so.”Empress starry rain calmly nodded, but her heart was filled with excitement.

She had never dreamed that a descendant of a ruler would take the initiative to work with someone like her who hadn’t even awakened her bloodline power.

Now, she was suddenly filled with confidence in her future.

Of course, she wasn’t the one who had created all of this, but Su Yu.

She glanced at Su Yu from the corner of her eye, and her heart was filled with deep gratitude.

“In that case, I’ll send an emissary here to discuss the specifics of the cooperation.”

Empress starry rain nodded. After welcoming them warmly, she sent Emperor Mingxin and Zi Jun off.

After the two left South Light City, Emperor Mingxin, who was full of smiles, couldn’t help but look sullen.

“Emperor, why don’t we kill them halfway and take elder Howling Devil Away?” A vicious look flashed through Zi Jun’s eyes.

The fact that elder Howling Devil had fallen into the net was too shocking.

Emperor Mingxin hadn’t expected that the unremarkable empress starry rain would have a bargaining chip on par with them overnight.

“What’s the point of taking him away?” Emperor Mingxin shook his head bitterly. “Empress Starry Rain has already used the once-a-year opportunity to contact the ruler to inform him of this matter, and the ruler has sent people to welcome her.”

What was the point of snatching it now?

It would instead ruin the ruler of Time’s plans and incur his wrath.

“In that case, we might as well kill Elder Howling Devil. Empress Starry Rain will receive 500 contribution points. She poses too much of a threat to us,” Zijun said.

Emperor mingxin berated, “You’re muddle-headed!”

“The three of us combined are no match for Shaohao. Now that Empress Starry Rain has received 500 contribution points, she can make up for our shortcomings. Is destroying him beneficial to us?” Emperor Mingxin asked.

Zi Jun frowned. “But what if Empress Starry Rain Attacks Us First?”

Emperor Mingxin shook his head slowly. “If Empress Starry Rain Is Alone, I do have to worry. Will she make a mistake because she’s not mature enough?”

“But with that human brother surnamed su around, I don’t think there’s anything to worry about.”

Emperor Mingxin had personally witnessed how Su Yu captured Elder Howling Devil alive. He believed that Su Yu was a smart person.

A smart man would know what was important and what was important.

He wouldn’t do anything excessive with the guidance of Empress Starry Rain.

“Let’s go back to Dongming City. We’ve been gone for so long, and I’m afraid the waning Moon Empress won’t behave herself.”

In the Empress Palace.

Su Yu said, “There’s no time to lose. I’d better set off as soon as possible and escort elder Howling Devil to the Sacred City.”

Although Empress Xingyu was a little reluctant, she knew that it was an urgent matter.

If news of elder Xiao Mo leaked out, their trip would add a lot of risks.

Thus, Su Yu and the five Earth Dao master level guardians set off together and headed to the sacred city immediately.

In an extremely distant sacred city.

In an elegant courtyard in the city.

Pear blossoms were blooming in the courtyard. A beautiful woman dressed in purple was bending over and painting.

In the painting was a silver-haired youth.

He was handsome and had an extraordinary temperament.

At this moment, a light snort like that of an Oriole came from behind. "Mother, are you painting that heartless man again?"

The purple-clothed woman put down her brush and turned around, revealing a jade-like face that was as exquisite as a fox fairy.

She half-squatted, allowing her gaze to be as tall as the speaking girl. She stroked her head and said kindly, "Cai'er, don't be disrespectful. Your father didn't intentionally abandon us. He's in danger and doesn't want to implicate us."

The purple-clothed woman was none other than Qin Xian 'er.

As for the ten-year-old girl, she was her and Su Yu's child.

Chapter 2597 State Your Name

Qin Xian 'er named her Su Cai'er.

This was because when she was born, her entire body was emitting a dazzling nine-colored light.

That was why she was named Cai'er.

"HMPH! But it's the truth that she abandoned us." Su Cai'er pursed her lips and said indignantly.

She was very repulsed by her father whom she had never met before.

This was because her little friends all had a father, but she did not.

"I believe that he will come and look for us." Qin Xian 'er stared at the person in the painting, her eyes filled with longing.

It had been ten years.

Where was Su Yu?

She did not doubt whether Su Yu was dead or alive.

They had been together for many years, and she had broken up with Su Yu countless times. She knew Su Yu too well.

He would not die.

Definitely not.

But where was the current Su Yu?

When would they want to see him?

"If you look for me, I won't acknowledge him!" Su Cai'er's eyes reddened as she stubbornly clenched her fists.

Only she understood how hard her mother had been working all these years.

And how lonely she was.

Shua --

Suddenly, a figure dressed in pink flashed over.

"Let's go somewhere else." The figure dressed in pink covered her face with a veil, her expression somewhat helpless.

She was Luo xueyi, and she was entrusted by Su Yu to protect the mother and daughter.

After coming to the eight-star civilization, she had always been steadfast in fulfilling her promise.

She tried her best to protect the safety of their daughter.

At first, it was fine, but since the birth of Su Cai'er, there had been endless trouble.

Because she was born with a strange phenomenon, she was born with nine-colored light, which was extremely dazzling and alarmed the upper echelons of the sacred city.

Until now, the sacred city was still trying to capture them.

They had no choice but to hide in the sacred city.

In addition, they were not familiar with the place and did not dare to trust others easily, so they had to change places after a period of time.

Su Cai'er bit her lips in self-blame.

It was all her fault.

If it were not for her, her mother would not have had such a hard time these years, and Auntie xueyi would not be running around like this.

"Auntie xueyi, when I grow up, I'll definitely earn enough time crystals so that we can leave the sacred city far away and no longer have to hide like this," Su Cai'er said apologetically.

Luo xueyi squatted down and stroked her head, saying, "Cai'er, you're still young. We'll think of a way to deal with the time crystals."

She had a kind expression on her face. She had already fallen in love with this sensible and self-reliant little fellow.

However, under her smile, there was a trace of helplessness that could not be dispelled.

How could a time crystal be so easy to earn?

They had no one to rely on, and they could not openly show their faces. They could only live in seclusion and do some simple tasks to earn what they needed for the daily time crystal.

In addition, they frequently changed their residence, which consumed a lot of time crystals. It was really very difficult to save up enough to travel.

Su Cai'er nodded, but she couldn't help but blame herself.

She thought to herself that she had to find a way to earn the time crystals.

"I'll find a new place to stay. Don't go out during this period of time," Luo Xueyi said with a smile.

She felt exhausted.

When would such days end.

Su Cai'er saw it and pursed her lips even deeper.

At that time.

A flying magical treasure had secretly set off from South Bright City. After several years, it had finally arrived at the westernmost part of the nightmare boundary.

There were six people on it, and each of them was wearing a special cloak.

The level of the cloak was very high. Even an earth master could hardly see through the figure under the cloak.

The cloaked figure in the lead was shorter and thinner than the others.

However, he was the leader of the six.

At this moment, the leader was stroking a communication jade seal in his palm. He murmured, "Ten billion miles ahead is where we will meet the messenger of the sacred city."

Although the leader's face was hidden, his voice was easily recognized.

It was Su Yu!

They had traveled through the time tunnel for several years. Finally, they crossed the entire Dreamland and arrived at the border of the Dreamland.

They were now in the western part of the Dreambreak realm.

Further ahead was the border of the sacred city.

They had long since discovered that Empress Starrain had contacted the ruler of time, who had sent reinforcements to meet up at a place ten billion kilometers away.

"Lord Su, please hurry up. We don't want to delay any longer." A cloaked man behind them said urgently.

The other four cloaked men were also very anxious.

After several years, the news that elder Xiao Mo had been caught by South Bright City had spread.

North Bright City and West Bright City had already responded.

They had clearly sensed that 20% of the territory had been strengthened by patrols.

Fortunately, they were very lucky. Because they had set off early, they could still use the time tunnel.

As soon as they left, the time tunnels of the two cities were cordoned off. No one was allowed to enter or leave.

It could be seen that they intended to intercept Su Yu and the others.

That was why they were so anxious to go and exchange with the experts of the sacred city.

“No Rush.”Su Yu was calm and composed.

Although he could also feel a sense of urgency, he knew very well that mistakes were bound to occur in a rush.

At this moment, the more he had to calm down, the more he had to avoid failing miserably.

“Send someone to communicate with them first to confirm whether they are truly from the sacred city.”Su Yu stopped his flying dharma treasure and made such arrangements.

“Lord Su, could it be that the people from the sacred city are fakes?”The cloaked man behind him was clearly not satisfied with Su Yu’s arrangements.

He was once the leader of the ten Earth Dao Masters, Leng Cangqiong.

But Now?

He had to listen to a human who was only in the late stage of the Middle Nirvana stage.

How could he be willing?

It was only because Empress Xingyu had orders that he had no choice but to listen to Su Yu.

“I’m not afraid of 10,000, I’m just afraid of what might happen.”Su Yu looked at this person indifferently.

He knew that this person was not convinced of him.

However, he could not be bothered to argue with him.

“You, go and check whether it’s true or not. Remember, you must verify the identity of the person.”Su Yu ordered another Earth Dao Master.

The latter glanced at Leng Cangqiong with slight hesitation and followed his orders.

In the eyes of this group of tunnel masters, Leng Cangqiong was the real leader.

Su Yu was not qualified enough.

The group moved to another place. After waiting for a long time, they received a message from the tunnel master. Everything was normal.

Only then did they go to the agreed place.

They saw that the tunnel master was talking to ten unidentified people wearing special uniforms.

There was a funnel on their clothes.

The strangest thing was that there was no hourglass on their heads.

Any creature under the reign of time had an hourglass on their head that predicted their lives.

There were only a few exceptions.

One was the descendants of the reign of time, such as Shao Hao, Empress Xingyu, and the others.

The other was the people who were granted amnesty by the reign of time.

For example, his personal guards.

The identity of the person in front of him was obvious.

“State your name.” Among the ten people, the leader was a bald man.

His eyes were fierce, and his body emitted a fierce aura.

His eyes were bright and sharp, as if he could see through Su Yu’s cloak.

The Aura he faintly emitted was also quite astonishing. He was even stronger than Leng Cangqiong, who was the leader of the ten great guards.

Chapter 2598 I Advise You Not To Listen

Su Yu stared at this person and said indifferently, “You know the answer, but you still ask.”

He had already sent people over to contact them.

Why did he still need to tell them his name?

The other party was clearly the first to gain the upper hand.

“Impudent! How dare you speak to the envoy of the ruler like this!” The Bald Man reprimanded sternly. “Quickly kneel down and take off your cloak.”

Eh?

Su Yu’s eyes narrowed slightly.

If asking him to kneel was to establish prestige, he could barely understand.

Then, what did he mean by taking off his cloak?

“You are not allowed to take it off.” Su Yu calmly shouted at the few guards who were about to take off their disguises.

He instinctively felt that something was wrong.

The four guards looked at each other before finally looking at Leng Cangqiong, asking for his instructions.

Leng Cangqiong hesitated for a moment before looking at Su Yu with dissatisfaction. “Listen to him.”

Thus, everyone stopped taking off their cloaks.

“Are you guys dissatisfied with the ruler?” The bald man berated.

Su Yu's eyes were calm. "You still can't represent the ruler! That's because you haven't even shown your identity. Who knows if you're the real representative or a fake?"

Leng Cangqiong shook his head secretly.

This human surnamed Su was too cautious, to the point of making such a joke.

These people didn't even have an hourglass on their heads.

Did they even need to explain their identity?

Of course, they were people of the time ruler.

It was ridiculous that Su Yu was still suspicious.

"Humph!"The Bald Man took out an extremely smooth token.

The token was filled with extremely special sand.

Every grain of sand was filled with the power of a powerful time domain.

"Open your dog eyes and take a look. This is a time token personally bestowed by the time ruler. Only our personal guards have it."The bald man proudly displayed the token and put it away.

He looked at Su Yu with a hint of disdain.

Su Yu's gaze was indifferent.

Before he came, Empress Starry Rain had already taught him the method to identify the ruler's personal guards.

There were two methods.

One was to see if there was a time hourglass above the other party's head.

The other was to see if the token was a specially made sand token.

Especially the latter.

Currently, only the ruler could refine that kind of token. It was impossible for others to make it.

If the token was real, then its identity would naturally be confirmed.

Seeing this scene, Leng Cangqiong's contempt deepened. He thought to himself, "This human might have a good plan, but sometimes he's too smart. He thinks he's too smart."

Perhaps only empress starry rain and them knew the location of the ruler's imperial guards' agreement with them.

Who else could go ahead and pretend to be them?

Even if they were to impersonate them, who would have the guts to do so?

Now, he was embarrassed?

"Do you still want to watch?"The bald man snorted.

Su Yu was expressionless. Since his identity was confirmed, he had nothing to say.

“Then let’s go. We’ll go meet the ruler,” Su Yu said.

“Wait!”

However, the bald man extended his arm and stopped them. “Take out that Devil sect elder first. We’ll confirm it.”

Su Yu pondered but did not agree.

“Hmph, this is the ruler’s order. We must first check it.”

Since that was the case, Su Yu could only take out a spatial storage device. After opening it, he allowed the ten people to search for it.

The ten people swept a glance and their gazes changed slightly.

Inside was indeed the Devil Sect’s lowest ranked elder, elder Xiao Mo. .

“Alright, leave the person to me.” The bald man said as he grabbed the spatial storage device first.

Su Yu seemed to be on guard as he retrieved the spatial storage device in advance. His eyes narrowed, “What do you mean?”

This was not part of the agreement.

If Su Yu had not been on guard, the spatial storage device would have already been in the other party’s hands.

“Take it out if I tell you to.” The bald man berated, “Do you want to disobey the ruler’s orders?”

Su Yu’s expression was calm, but he was not cowardly because of this.

“What’s the reason?”

The bald man said proudly, “There’s no reason. This is the ruler’s order. Take it out immediately.”

His attitude could not be any more overbearing.

He was simply treating Su Yu and the others as animals.

“What if I say no?” Su Yu said indifferently, his eyes flashing with a hint of coldness.

He was now very suspicious of the other party’s identity.

The people sent by the ruler were here to protect them and protect them, not to flaunt their power.

Not only that, the group of people in front of him was very determined to let them take care of elder Xiao Mo. .

This didn’t make sense.

“Then you should go against the ruler’s orders and kill without mercy!”The bald man said coldly.

The nine Earth Dao Masters behind him all entered battle mode, ready to attack at any moment.

This scene made Leng Cangqiong’s eyelids twitch.

He could no longer tolerate Su Yu’s stupidity. He berated, “Human, why are you acting so stupidly? Isn’t it safer for the other lords to take care of elder Xiao Mo?”

“Since they want to take care of him, then hand him over to them. Why do you insist on disobeying the ruler’s personal guards?”

He couldn’t tolerate Su Yu any longer.

He was clearly such a shrewd figure when he captured elder Howling Devil, why was he so muddle-headed now?

The sovereign’s guards had the right to kill first and report later.

If they were really provoked, they would kill them on the spot, and no one would plead on their behalf.

He really didn’t know what Su Yu was thinking.

Shua --

However, Su Yu controlled the flying device, turned around and fled. At the same time, he said solemnly, “They are fake emissaries, go!”

The Flying Magic Treasure instantly flew far away.

The five guards on the ship were dumbfounded.

Fake emissaries?

How was that possible?

They had clearly verified their identities.

Seeing this, Leng Cangqiong flew into a rage. With his authentic cultivation, he soared into the sky and shouted, “Stop!”

What would happen to the guards who openly opposed the ruler of time?

Su Yu turned a deaf ear to him and continued to control the flying machine.

Leng Cangqiong was furious and shouted, “From now on, the team will be led by me. Listen to my orders and disengage from the Flying Dharma Treasure. If he wants to die, let him die. Don’t drag us and the Empress Down with him.”

The few tunnel masters looked at each other.

Except for the last one who stayed, the other four people disengaged from the Flying Dharma treasure one after another.

Su Yu glanced at them and shook his head slightly. He led the only tunnel master who was loyal to him and left.

Leng Cangqiong led the three of them and quickly calmed down.

Looking at the Overlord emissaries who were quickly chasing after them, he said respectfully, "Everyone, it was because I didn't know how to use people that I made such a huge mistake. Please forgive me."

The Bald Man and the others stopped, and a teasing look appeared on their faces. "Forgive me? That's easy. I only need to lend you one thing."

Leng Cangqiong was stunned. Hearing that the other party's tone was not very friendly, his heart skipped a beat.

Could it be that there was something wrong with their identities?

"Be careful, be on guard!" Leng Cangqiong shouted and released his powerful cultivation realm at the same time.

The bald man only sneered and said, "Kill him!"

He did give the order, but the one who moved was not the person behind him, but the person behind Leng Cangqiong.

An extremely cold blade pierced through Leng Cangqiong's head.

Chapter 2599 A Master Of The Soul Dao

The cold tip of the blade stabbed out from his forehead, instantly destroying his life force and soul.

Leng Cangqiong didn't even have time to think about what was going on before his mind went blank and he collapsed to the ground, completely dead.

Behind him, an underground dao master who had accompanied him for many years drew back his dao artifact and charged at his two companions.

The two dao masters were frightened out of their wits and cried out in shock, "Zuo Wei, what are you doing?"

"Hehe, nothing much. I just don't want to suffer under that good-for-nothing Empress Starry Rain, so I'm looking for another branch." Zuo Wei laughed coldly as he charged over.

The bald man gave a look and his group surrounded and attacked.

The two underground dao masters who trusted Leng Cangqiong persisted for a moment before completely dying.

After finishing everything, Zuo Wei took a step forward and said to the bald man, "Mission accomplished. May I know when I can return to the waning moon Empress's side?"

It turned out that he had already been bought over by the waning Moon Empress.

As the weakest descendant of the ruler of time, Empress Star Rain had a very low status.

It was not difficult to buy over her people.

pA(nd)A no ve1 If Shaohao could bribe one, then so could empress waning moon.

That was why empress waning moon knew exactly where they were going and sent her confidant to carry out this mission in secret.

According to the plan, they would first trick elder Xiao Mo and then kill them all.

Unfortunately, things did not go as planned.

Su Yu was extremely cunning and could not give them what they wanted.

On the other hand, the leader of the guards, Leng Cangqiong, thought highly of himself and led his two disciples to stay behind to die.

“Once we catch that Su Guy, I’ll immediately ask the Empress of the waning Moon for your merit,”said the Bald Man.

Zuo Wei chuckled. “Don’t worry, my Lord. They won’t be able to escape. That Flying Treasure has my secret imprint on it. No matter how far away it is, I’ll be able to find it.”

“Hahaha, that’s good. Let’s Go!”

Empress waning moon naturally wouldn’t allow Empress starry rain to successfully exchange for 500 contribution points.

Hence, they had to do everything they could to obtain this elder Howling Devil.

Everyone immediately chased after him.

Su Yu, on the other hand, piloted the flying treasure and sped away.

Before long, the Bald Man and the others successfully caught up.

Su Yu and the remaining guards saw that the situation wasn’t looking good and immediately gave up on the flying treasure, escaping separately.

The two of them chose different directions.

The Bald Man’s gaze jumped between the two of them as he said indifferently, “Chase after that human.”

Zuo Wei had already said that Su Yu was the person that Empress starry rain relied on the most.

Elder Xiao Mo was such an important person, he must have handed him over to Su Yu.

Furthermore, the bald man had indeed sensed the aura of that devil sect elder from Su Yu’s body.

Surrounded and blocked, Su Yu’s life was in danger.

His movement technique was far from being comparable to those tunnel masters. Even though he used many spatial magic treasures, he was still unable to completely shake them off.

Finally, after chasing for half a month, Su Yu finally gave up.

He took out elder Xiao Mo’s spatial storage device and threw it in another direction.

The bald man turned his body and flew over, grabbing him.

He scanned the area and found that it was indeed elder Xiao Mo..

He made up his mind. His mission was finally completed.

As for the few defeated soldiers who had escaped, it was best to kill them. It didn't matter if they couldn't kill them.

Looking at Su Yu who took the opportunity to escape without a trace, the bald man said, "Forget it. Let's return to the city to collect the reward."

The group of people had just left.

They went in a circle and came to an underground cave in an exceptionally secretive manner.

There were thousands of restrictions in the cave. If they were not careful, they might suffer the backlash of the restrictions and die without a burial place.

"Greetings, Empress!" The Bald Man and the others bowed to the underground cave.

Hua --

A blurry figure was projected into the underground cave.

Under the illumination of the bonfire, it swayed and looked extremely strange.

"Have you gotten the person?"

"Reporting to empress, we have successfully intercepted it." The bald man looked into the underground cave.

There were a few white bones lying in it.

The respect in his heart grew stronger.

Those were the envoys sent by the ruler of time.

The Empress of the waning moon was audacious and extremely extreme. She even dared to do such a thing.

If it were to be leaked, it would be a disaster.

Therefore, they were even more respectful.

The bald man sent the spatial storage device up. The distorted figure waved her hand and summoned it over.

The bald man lowered his head, thinking about how the Empress would reward them.

Although the waning moon Empress was extreme in her actions, it had to be said that her rewards for meritorious officials were also extremely generous.

This time, they had intercepted elder Howling Devil. This was a great contribution and they did not know how much reward they would receive.

Sou --

However, the spatial storage device bounced back.

An indifferent voice drifted over, "Are you teasing me?"

The bald man was stunned. He subconsciously took the spatial storage device and scanned it.

However, it was empty inside. There was no elder Xiao Mo at all.

"Ah! How could this be? I clearly checked and elder Xiao Mo was inside." The bald man had a feeling that time and space were in disorder.

Just now, he had checked in advance and confirmed that elder Xiao Mo was inside.

How could he lose him now?

"Please spare my life, Empress. We really intercepted him. We have no intention of fooling you." The Bald Man's face instantly turned pale as he knelt on the ground and begged for mercy.

The waning moon empress said calmly, "I won't allow anyone to fail. You guys..."

As she spoke, a gentle male voice drifted into the cave.

"Please calm down, Empress." Another projection appeared and stood beside the waning Moon Empress. "It's not that they are deceiving you, but they have met an expert."

Only then did the crescent moon empress pause slightly. "Oh? Expert? How High?"

"Just like me, proficient in the essence of a soul domain where a single thought is the truth."

Hearing this, the crescent moon Empress' projection shook violently.

Her indifferent voice became sharp because of this. "Are you serious?"

A soul domain was something that was unique to the ruler of the soul and his descendants.

How could an outsider possess it?

"Of course it's real." As soon as the male's voice faded, ripples appeared above the bald man's and the others' heads.

They didn't have an hourglass before, but the hourglass appeared again.

The sand tokens in their arms also collapsed.

The biggest reason why they were able to deceive Leng Cangqiong and the others was because they had two identities.

In the end, they were all experts in the soul domain, and they used a single thought to make it real.

Now, with a single thought as a forgery, their true forms were revealed.

"That lowly girl, Queen Star Rain, actually has someone from your soul domain backing her up? This is truly inconceivable!" The crescent moon empress exclaimed in shock.

The gentle man pondered and said, "I find it strange as well. There are very few descendants of the ruler who can use a single thought as a truth, and I am one of them. I know the whereabouts of the others, but why did one of them suddenly appear?"

"Could it be that the descendant who usually hides very deeply has not been exposed?"

There was a moment of silence in the underground cave.

The waning moon empress frowned. "What a surprise. I thought that the most useless galaxy was actually the person who hides the most deeply. It seems that we have to take action."

Chapter 2600 Encountering Cai'er By Chance

Speaking of Su Yu.

After escaping, he took a detour and arrived at a certain valley.

Before he got close, an Earth Dao master rushed out from the valley. It was the only guard who followed Su Yu.

"Lord Su." The guard let out a sigh of relief. "You're finally safe."

As he spoke, he took out a spatial storage device. Elder Xiao Mo, who was sealed, lay quietly inside.

It turned out that the real elder Xiao Mo had never been with Su Yu.

Instead, he had been in the hands of this unremarkable tunnel master.

Su Yu had anticipated that he might be ambushed, so he had made arrangements in advance to transfer the real elder Xiao Mo to him.

He himself had attracted the enemy's attention.

From the looks of it, he had succeeded.

At the very least, he had succeeded in deceiving the traitors among his own people.

"What a pity for the few guards." Su Yu sighed inwardly.

Empress Starrain's strength was originally weak. Now that she had lost four Earth Dao Masters, her own guard strength was quite insufficient.

"If there's a chance, find another reliable expert for her in the sacred city."

The sacred city was a land of Crouching Tigers and hidden dragons.

Back then, the Tai Yi sect had suffered a huge loss of manpower. The sect leader had personally gone to the sacred city to recruit people.

Su Yu could also give it a try.

"Let's Go!" Su Yu said.

After this disaster, they no longer had any difficulties. Finally, after a year, they successfully arrived at the sacred city.

The sacred city was not a city, but rather a huge territory that was comparable to the southern part of the dream boundary.

There were many experts there, and Xuan Dao Master in the Kong nie realm was not uncommon. They could even occasionally find the tunnel master.

In such a prosperous place, even the entirety of the dreambreak realm was far inferior.

“We’ll be safe once we reach the sacred city.” Su Yu let out a slight sigh of relief. “You can handle the matter of handing over elder Howling Demon.”

His status was too special. It was best not to directly face the ruler of time.

Otherwise, it would be hard to guarantee that the other party wouldn’t be able to see through that Su Yu was a descendant of ancient god Nine Dragons.

“Alright, after I’m done, I’ll immediately contact Lord Su,” the guard said.

He glanced at the bustling sacred city and reminded, “Lord Su, you must remember to be careful. The prosperity of the sacred city coexists with danger.”

Su Yu naturally understood this point.

How much prosperity there was, how much unspeakable filth there was.

“I’ll take this opportunity to first look for the Demon Gate Ancient Tomb!” Su Yu muttered.

He took out two bottles of ultimate Yin Devil Qi.

Elder Xiao Mo had some information about the ultimate Yin Devil Qi in his memory, and that was that the ultimate Yin Devil Qi could sense each other.

The Ultimate Yin Devil Qi was born from the Saint Devil.

It must have sensed the saint devil.

Sure enough, the two bottles of ultimate Yin Devil Qi floated in the same direction.

“Devil Gate Ancient Tomb.” Su Yu stared at the southwest direction and slowly walked over.

After just a few steps, he heard a crisp voice that was as clear as a oriole, “Senior, do you need help? I know the sacred city very well, maybe I can lead the way.”

Su Yu looked down and saw a 12-year-old girl with picturesque features.

He had always been against people like the ones who led the way in the city.

Because his past experience told him that such people had always colluded with the people of the sacred city and could not be easily believed.

However, for some reason, Su Yu could not help but take another look at the girl in front of him.

It was not that she was beautiful, but that pair of eyes gave Su Yu a sense of déjà vu.

That pair of eyes had the shadow of Xian 'er.

“Oh? How much do you know?”

“I grew up in the sacred city and know every corner of the sacred city like the back of my hand,”the girl said with a smile, trying her best to win Su Yu’s trust.

Did she grow up in the sacred city?

Looking at the time hourglass on her forehead, Su Yu could guess that she was just an ordinary citizen at the bottom of the sacred city.

“I want to know where that direction is.”Su Yu pointed to the place where the ultimate Yin Demonic Qi was drifting.

The little girl followed her gaze and said, “That is the old city area of the sacred city. It is very dilapidated, and there are three religions and nine schools of thought.”

Su Yu nodded, ignoring the four words ‘three religions and nine schools of thought’.

The three religions and nine schools of thought of the sacred city should not pose a threat to Su Yu.

“How much is it to lead the way?”Su Yu asked.

The little girl stretched out a finger. “Ten time crystals will do.”

Ten time crystals?

That place should not be close. One trip would require eight time crystals.

She could only earn at most two time crystals on this trip.

The profit she could earn was too low.

Seeing that Su Yu was deep in thought, the little girl thought that Su Yu found the price too high and said, “Nine is fine too. This is the lowest price. Please, I really need time crystals.”

Su Yu chuckled and said indifferently, “What I mean is, ten is too little. Bring me there and I’ll give you a hundred.”

Ah!

The little girl cried out in surprise, “A hundred?”

She had never seen so many time crystals.

In the few years she worked in the sacred city, she had never seen anyone willing to give her more than ten time crystals.

The black-robed man in front of her was really too generous.

“Don’t you believe me?”Su Yu took out a hundred time crystals and handed them to her. “Take them and lead the way.”

Only then did the little girl finally believe that she had met a very generous person.

“Alright, Alright. Follow me.”The little girl smiled happily as she carefully put away the time crystals. “Mother and Auntie will definitely be overjoyed if they know.”

A hundred time crystals was a huge fortune for her. It was enough to improve the lives of her and her family.

Su Yu chuckled and followed the little girl to the old city.

Along the way, the little girl kept chattering non-stop. She was very cheerful and lively.

Su Yu was inexplicably fond of her. He looked at her thin figure and asked, “Aren’t you afraid of encountering danger?”

She was only twelve years old. She was beautiful and had been serving strangers in the city for a long time. It was inevitable that she would meet people with malicious intentions.

“Hehe, I have a special ability. I’m not afraid of anyone.”The little girl was very confident in herself.

Su Yu smiled but did not say anything.

“What’s Your Name?”Su Yu suddenly asked.

The little girl thought for a moment and said cautiously, “My surname is Su.”

Her mother had previously warned her not to trust strangers. Although the black-robed uncle in front of her was very generous, she still had to be careful.

“Su? He’s still human.”Su Yu was slightly surprised and could not help but laugh.

The little girl asked in surprise, “What are you laughing at?”

“Laughing that we have some fate.”Not only were they of the same race, even their surnames were the same.

“Oh, I see.”The little girl scratched her head in confusion, not understanding where she had fate with the other party.

The two of them chatted and laughed along the way and finally arrived at the old city district.

This place was obviously not as bustling as other places.

The order was also very chaotic.

The little girl became vigilant and said, “Uncle, be careful. There are many bad people here.”

As they were speaking, several figures drilled out from the slope and blocked in front of them.

However, their target was not Su Yu.

Instead, it was the little girl.

“Su Cai’er, you still dare to come to our territory. You sure have guts,”a burly man with goosebumps all over his face said sinisterly.

Su Cai er heart thump, quietly retreated.
