

## **Nine-Dragon 2601**

Chapter 2601 Ruins

Although the sacred city was prosperous, many low-end industries were controlled by the dark forces.

The guide was one of them.

If one wanted to work as a guide in a certain area of the sacred city, one had to get permission from the dark forces.

After getting permission, one could operate daily and offer sacrifices to the dark forces on time.

Su Cai'er was too young and it was difficult for customers to trust her, so her business was quite bad.

The time crystals she earned every month were not enough to pay for the offerings.

That was why she took action in private.

This move was naturally noticed by the local tyrants in this area, and they intercepted Su Cai'er many times.

However, she had a special ability, and she always escaped.

At this moment, she was targeted by them again.

“Three Big Brothers, please do me a favor. After this, I won't do it anymore.” Su Cai'er was still young after all, and there was a pleading look on her face.

After she obtained the one hundred time crystal, she brought her mother and aunt Xueyi far away from the old city district and found another place to settle down.

Of course, she didn't need to work in their territory anymore.

“If anyone can show mercy, do we still need to follow the rules?” The bearded man walked forward, his face was fierce. “You don't have to take any chances anymore. The sect master has already noticed you, so he specially ordered us to capture you. Obediently surrender and return with us.”

Because of Su Cai'er's appearance, several members of the gang followed suit and began to act as guides.

That was why the leader personally ordered them to capture Su Cai'er at all costs. He severely punished her and warned others.

The four bearded men approached step by step. Their eyes were very cold and stern.

Seeing that begging for mercy was useless, Su Cai'er lowered her voice and said, “Guest, leave first. I'll come back to look for you later.”

If Su Yu was still following her now, he would definitely be implicated.

With that said, Su Cai'er quickly slipped away.

She was not bad for a human, but her movement technique was strangely brilliant. In a breath's time, she had disappeared without a trace.

Her speed was so fast that she was probably comparable to Daoist master Huang.

The few burly men were only at Daoist master Huang's realm. There was no way they could catch up to Su Cai'er.

However, they were not too flustered.

The bearded man sneered. "Do you think you can escape from the person whom the sect master personally wants to capture?"

The latter took out a talisman and stuck it on his body. His figure turned into afterimages and sped away.

The other burly men did the same and chased after him with strange symbols.

In the end, only Su Yu was left on the spot.

He laughed lightly, but it was just a self-deprecating laugh.

"I was actually tricked. Hehe, I thought I met a pretty good girl."

He mistakenly thought that Su Cai'er and this group of people were the same group.

Among them, Su Cai'er was responsible for scamming money, while this group of people pretended to chase after her, allowing the latter to find a reason to escape and thus swindle money from outsiders.

Su Yu had seen too many similar scams.

He just did not expect himself to fall for it.

"I have also made mistakes." Su Yu sighed helplessly. "Alright, I'll go by myself."

In any case, they had already arrived at the old city district, and it should not be far from where the ancient devil gate tomb might exist.

Taking out two bottles of ultimate Yin Devil Qi, Su Yu slowly walked over.

Half a day later.

Su Yu successfully arrived at an abandoned land in the sacred city.

This place was full of abandoned houses with no one living in them. Weeds grew everywhere, and fierce spirits roamed about.

Wisps of Yin Qi came from the abandoned houses.

It was as if there was a monster hidden in every abandoned house that was waiting to devour people.

Even though it was broad daylight, Su Yu could still feel the cold air.

Looking at the two bottles of Ultimate Yin Devil Qi in his palm, the Devil Qi also kept spinning strangely.

One moment it was drifting east, the next moment it was heading west.

There was no way to catch the correct direction at all.

“It should be this area. I just don’t know where exactly it is,” Su Yu murmured softly.

He looked around and secretly used the eye of the soul to see through everything.

However, there was nothing special under his gaze.

It was the same even underground. Everything was very normal.

After checking for a long time, there was no trace of the ancient tomb of the Devil sect. Su Yu could not help but be suspicious.

“Is my guess wrong?” Su Yu stared at the Ultimate Yin Devil Qi.

Could it be that the Holy Devil was not in the ancient tomb, so he could not find the location of the ancient tomb?

While Su Yu was deep in thought, a light cracking sound interrupted his thoughts.

It was the sound of a tree branch being crushed.

Although it was weak, how could he avoid Su Yu’s detection?

Without thinking, the Xuan Dao Energy in his body shook violently, and a materialized ripple swept out.

Instantly, a delicate cry was heard.

Looking back, Su Yu realized that it was Su Cai'er who had cheated the time Crystal and ran away!

“It’s You?” With a tap of his toes, the Xuan Dao energy rolled back when it was about to attack her.

Su Cai'er’s face was slightly pale, and her eyes were full of surprise.

It was as if she was amazed at Su Yu’s cultivation that did not match her age.

“Why are you here?” Su Yu thought that Su Cai'er was a liar, so her attitude was naturally not very good.

Su Cai'er did not feel Su Yu’s coldness. She blinked her bright eyes and said, “I came to look for you. I haven’t finished leading the way.”

Leading the way?

Su Yu was slightly stunned.

He looked at her for a while and finally found that there was a not-so-weak hidden wound on her back.

It should have been left behind by some kind of fatal attack.

Su Cai'er should have been seriously injured or dead. It was only because of some special skills that she barely survived.

Moreover, that injury was left behind just now.

“Are you injured?” Su Yu asked.

If Su Cai'er was really just acting, just to get the time crystal, there was no need for her to act so realistically.

One could imagine that the chase just now was not an act, but real!

Su Cai'er pursed her lips slightly and shook her head, “I’m fine. The guest’s matter is more important.”

How was she fine?

That internal injury was still there. Although it was not life-threatening, pain was unavoidable.

But at this moment, she was still carrying her injured body to look for Su Yu.

“Is it worth it? It’s just the crystallization of a hundred years.” Su Yu asked.

Su Cai'er said, “It’s worth it! But it’s not for the money. It’s because mother once taught me that I must keep my promise.”

Just for a promise?

Looking at the little girl in front of him, that pair of clear and pure eyes, Su Yu’s heart was moved. He smiled and said, “You have a good mother.”

To be able to teach such a child, a mother must be very special.

“Guest, where do you need to go?” Su Cai'er asked again.

Su Yu pointed at the barren land in front of him. “I’ve already arrived.”

Ah?

Su Cai'er looked around and reluctantly took out her spatial storage device. She said, “I’m sorry, Guest. I was unable to successfully lead the way for you. I’ll return the one hundred time Crystal to you.”

Since she hadn’t finished leading the way, she naturally couldn’t take money from others.

“There’s no need to return it.” Su Yu paused and said, “Let me ask you a question. This money is still yours.”

With the little girl’s character, she probably wouldn’t take money from others for no reason.

It was better to let her answer a question in return.

“Okay, okay, you ask.” Sure enough, the little girl’s eyes lit up.

Su Yu stared at the ruins in front of her and said confusedly, “I want to know, what is this place?”

Chapter 2602 The Ninth Month

The Yin Devil Qi had led him here, which meant that the Saint Devil was nearby.

“Here?” The little girl stared at the ruins nearby and said in fear, “This is the famous ghost zone of the Sacred City.”

“I heard that there was a war, which left a lot of strange energy here, which was not suitable for living beings to live in, so it was gradually abandoned.”

Ghost Zone?

What kind of war could affect the sacred city under the eyes of the time ruler?

However, the possibility that the ancient tomb of the demon gate existed in this place was higher and higher.

“Residual energy? There doesn’t seem to be any?” Su Yu had checked carefully just now, and there was no special energy.

The little girl said seriously, “That’s because the guests came at the wrong time. Every September, the residual energy would come out from the ground.”

“It will be very dangerous if we barge into this place.”

There were nine moons in the sky of the time domain.

They were all moving in different trajectories.

Only at the end of each year would they happen to move to a special place.

At that place, the nine moons would connect to each other and form a straight line.

At that time, the time domain of the sacred city was at its weakest.

“Is it September?” Su Yu thought to himself.

Was it then that he could see the existence of the ancient Devil’s Gate Tomb?

After all, the so-called remnant energy could not be seen at all.

Would the ancient Devil’s Gate Tomb also need to be seen at that time?

“Okay, you have answered my question. The One Hundred Time Crystal is yours.” Su Yu said with a smile.

Su Cai'er was overjoyed and grateful. “Thank you, customer! Thank you, customer!”

Su Yu waved his hand. “Go. Don’t let the bad guys bump into you again.”

“Thank you.” Su Cai'er was extremely grateful.

This was the first time she had met such a good person.

She nodded and bowed to thank him. Then, she turned around and left.

However, at this moment, a few sneers could be heard.

“If you have time to thank others, why don’t you thank our Skymoon Gang for rewarding you with a mouthful of food?”

With a swoosh, four figures flew over.

They were the bearded man and the other three.

They had chased Su Cai'er all the way here.

When she saw them, Su Cai'er's small face turned slightly pale. She thought that she had successfully shaken them off.

But now, it seemed that she had not.

“Guest, I’ll take my leave first,” Su Cai'er said in a low voice, preparing to escape again.

The bearded man snorted coldly. “Try taking your leave? I’ll kill your guest right now.”

He had actually used Su Yu's life to threaten Su Cai'er.

Ordinary people should not be threatened.

After all, Su Yu was just a guest, not someone like Su Cai'er.

However, Su Cai'er stopped in her tracks and said indignantly, “There’s always a debtor and a debtor. Why are you making things difficult for the guest? If you have the ability, come at me.”

She really did not want Su Yu to be implicated by her for no reason.

If that happened, she would feel deeply guilty.

“Hehe, if you don’t run, of course we don’t have to make things difficult for him,” the bearded man said sinisterly.

Su Cai'er said, “What do you want from me?”

She felt that although Su Yu's cultivation level was very high, it should not be higher than the four middle-aged men in front of her.

They were level-six gang members of the Heavenly Moon Gang, and their strength was very good.

How could Su Yu beat the four of them alone?

“What do you want?” The bearded man smiled evilly. “Originally, according to the gang leader's intention, he wanted to kill you alive, but you're lucky and beautiful. So, as long as you're willing to sacrifice a little, it's not impossible for you to survive.”

Su Cai'er was only twelve years old, but she had already displayed an astonishing beauty.

There were many people who coveted her beauty.

The bearded man before her was one of them.

Su Cai'er gritted her teeth. “Shameless! If you really dare to touch me, my mother and Aunty Snowcoat will not let you off.”

Actually, she knew very well that Aunty Snowcoat and her mother's strength were not high.

At least, compared to the Heavenly Moon gang, they were not very eye-catching.

She was just bluffing.

However, how could such a small trick really scare the mature bearded man?

“Oh? I really hope that your mother won’t let me off. After all, you are so beautiful. How Bad Can a mother be?”

His eyes were filled with evil intent.

Su Cai'er was furious. The person she respected the most was her mother.

But now, she was insulted.

“Unforgivable!” Su Cai'er clenched her fists in anger. “If one day, I have enough strength, I will make you pay for what you said today!”

Despite her young age, she showed a mature mentality that did not match her age.

“Hehe, I’m just afraid that you won’t have the chance!” The bearded man laughed and pounced forward. At the same time, he said to his three companions behind him without turning his head, “I killed someone. He looks like a fat sheep.”

At the same time, he pressed his two fingers together.

A formation appeared without any warning, enveloping the entire area within a hundred miles.

It turned out that the bearded man had used the time they were talking just now to secretly set up a binding formation.

Once it was activated, it could isolate the space outside.

The movement technique that Su Cai'er was proud of could not be used at all.

“You’re despicable!” Su Cai'er was furious.

The other party had no intention of letting Su Yu go from the beginning.

He was just stalling for time.

She was still too young after all, and people who did not understand were evil.

“Hehe, you’re just too stupid.” The bearded man’s face turned cold, and he had already made his move.

A wave of revolving yellow dao power appeared in his palm and struck towards the latter with a loud bang.

Su Cai'er’s movement technique was impressive, but her strength was very ordinary. How could she withstand the Yellow Dao master’s attack?

She repeatedly dodged, but due to the restrictions of the formation, she was unable to escape.

She could only continuously dodge within a limited area to avoid the fatal attack.

However, in the long run, it was only a matter of time before she was hit.

Finally, after ten moves, the bearded man forced Su Cai'er into a corner, making it impossible for Su Cai'er to retreat.

“Stinky girl, you can still toss and turn.”The bearded man laughed wantonly.  
“Later, when you serve this lord, I hope you can toss and turn like this!”

He pinched with his two fingers, and a powerful talisman containing a numbing effect was thrown out by him.

The talisman exploded in mid-air, shooting out streaks of purple lightning.

Although Su Cai'er tried her best to dodge, she was still affected by a streak of lightning. Instantly, her entire body felt like it was being pricked by Needles.

After that, she immediately lost consciousness, as if her body was not hers.

Her entire body was in the sky, falling uncontrollably.

Su Cai'er's heart sank. She thought to herself, it's over!

In her eyes, the bearded man's face was becoming clearer and clearer.

That malevolent smile and evil expression all indicated her dark fate.

However, Su Cai'er was slightly stunned when another figure appeared in her eyes.

It was the guest.

He walked over with his hands behind his back. It was clearly an extremely ordinary step, but the bearded man's entire body was trembling, and his face became painful and distorted.

It was as if he was in extreme pain.

Su Yu stood calmly in front of the bearded man who was struggling.

The power of Xuan Dao that he had released was enough to make the bearded man feel so much pain that he wished he was dead.

“You want to kill such a young child? To be honest, killing you would dirty my hands!”Su Yu said coldly.

Chapter 2603 Preparing To Break Through (First Watch)

The bearded man realized in pain that his three companions had been beheaded and were lying in a pool of blood.

“Senior, please spare us. Please spare us. We are just following orders. It has nothing to do with us.”The bearded man tried his best to Shirk Responsibility and beg for his life.

Unfortunately, there was not a hint of pity in Su Yu's eyes.

“I didn't see that you had no choice.”Not only did he not do so, he was even willing to do so. He was very happy to do so.

Su Yu's gaze sharpened. A mighty power of the profound dao swept out and blasted the other party into dust.

Su Cai'er, who saw this scene from afar, had a look of awe on her face.

Someone as strong as the bearded man was actually killed just like that.

This uncle who looked very young seemed to be very powerful.

However, Su Yu did not stop.

One must exterminate evil as soon as possible.

If he stopped, then the so-called Heavenly Moon Gang would definitely blame Su Cai'er for the deaths of the four people.

At that time, she would only receive even more severe revenge.

Therefore, Su Yu either did not make a move.

Since he made a move, he would do it thoroughly.

He grabbed a drop of blood essence, then clenched his fingers, and a weak death domain entered the blood essence.

**“Space Curse!”**The death domain spread out in all directions along the blood.

In a certain corner of the sacred city.

Heavenly Moon Gang.

A group of people connected to the bearded man and fate had the word “Death” appear on their faces at the same time.

Everyone from the ordinary gang members to the gang leader was no exception.

After a wave of panic, the Heavenly Moon sect fell into a deathly silence.

Everywhere was dust that had rotted into ashes and scattered everywhere.

In a breath's time, the notorious heavenly moon sect among the low-level martial artists was destroyed.

None of the sect members could escape and were all buried.

After finishing everything, Su Yu slowly withdrew the death domain in his palm and turned to look at Su Cai'er. He smiled faintly and said, “Let's go home.”

After saying that, he turned around and prepared to leave.

**“Uncle, wait.”**Su Cai'er quickly chased after him and said obediently and respectfully, **“Thank you for saving me, uncle. Can you tell me your name?”**

**“Why?”**Su Yu asked back.

Su Cai'er said, **“You have saved my life. When I go back, I will build a longevity tablet for you. I will bless you to live as long as the heavens.”**

Looking at the grateful child, Su Yu felt as if he had seen himself when he was young.

He was as stubborn as Su Cai'er, and he was eternally grateful for her kindness.

“No need.” Su Yu smiled. At the same time, he took out a communication device and stuffed it into Su Cai'er's palm. “In half a year, if there is a problem that can not be solved, crush it. I will immediately appear and help you once.”

In half a year, he should be in the sacred city.

If in half a year, he couldn't help even if he wanted to.

“But I...” Su Cai'er was about to say something, but Su Yu had already drifted away with the wind.

Su Cai'er held the communication device and was stunned for a long time.

A deep sorrow flashed across her face. She laughed self-deprecatingly. “A stranger is better than my biological father whom I have never met. What kind of life is this for me?”

Sighing, she returned to her residence.

She quietly climbed over the courtyard wall, wanting to pretend as if nothing had happened and return to the house.

However, just as she entered, she found Qin Xian 'er and Luo xueyi waiting in the courtyard with solemn faces, staring at her with reproachful eyes.

“Ah! Mother, Auntie Xueyi!” Su Cai'er felt guilty as if she had been discovered as a thief.

Qin Xian 'ER's face was as cold as ice. “Where have you been?”

Su Cai'er defended herself. “I... I was playing with Xiaohu and the others.”

“You're still lying!” Qin Xian 'er's pretty face was slightly cold. “Your aunt Xueyi and I have already looked for all your playmates. They all said that they haven't seen you for a whole year.”

It turned out that Luo xueyi had noticed that there were people from the sacred city searching over, so he decided to move again.

He had gone out to look for Su Cai'er just now.

Unexpectedly, Su Cai'er seemed to have vanished into thin air. She was nowhere to be found in the easiest place in the past.

What worried them the most was that the positioning jade pendant on Su Cai'er had been sealed at some point in time.

They all thought that Su Cai'er had been taken away by the people of the sacred city and had been scared out of their wits.

They were both surprised and angry when they saw Su Cai'er sneaking back.

“Speak! What have you been doing for the past year?” Qin Xian 'er asked.

Seeing that she could no longer hide it, Su Cai'er told her everything.

“You are acting as a guide?” Qin Xian 'er was not happy, there was only endless fear in her heart. “Do you know that the guide is an industry controlled by the Heavenly Moon Gang? That gang leader is a ruthless Xuan Dao master whose cultivation has reached the early stage of Nirvana realm.”

“If you act as a guide privately and are targeted by the Heavenly Moon Gang, mother and Auntie Xueyi won't be able to save you.”

Su Cai'er smiled sheepishly and said, “It's alright, Mother. Cai'er is blessed by the heavens. Today, I met a noble. Not only did he give me a hundred years to crystallize, he even helped me kill those heavenly moon gang members who were making things difficult for me?”

Hearing this, Qin Xian 'er and Luo Xueyi's faces became wary at the same time.

It was not that they did not believe that there were no good people in the world.

It was just that there were too few good people. It was so few that they would rather believe that there were none and not believe that there were any.

“Cai'er, who is he?” Luo xueyi walked over and asked solemnly.

Su Cai'er shook her head. “He is wearing a bamboo hat. I Can't see his face clearly, but he calls himself Su and is a human like us.”

A human surnamed Su?

Qin Xian 'er and Luo xueyi looked at each other. They didn't believe what the bamboo hat man said.

Perhaps the other party was just trying to gain Su Cai'er's good impression.

“Mother, that uncle is really a good person,” Su Cai'er defended him.

Qin Xian 'er said slowly, “It's not that we don't trust him, but we have to be careful in everything. Why would he help you for no reason?”

“Moreover, he killed a member of the Heavenly Moon Gang. It might look like he was helping you, but in fact, it might not be a blessing.” Qin Xian 'er was worried.

Killing a member of the Heavenly Moon Gang would definitely anger the entire heavenly moon gang.

“Cai 'er, don't contact that person again in the future. Do you understand?” Qin Xian 'er said. She made up her mind to change her residence overnight.

She absolutely would not let su Cai 'er encounter any possible danger.

That was because she had not even seen her own father.

Su Cai'er secretly gripped the communication device in her sleeve. She hesitated but ultimately did not hand it over.

Speaking of which, Su Yu.

Halfway out of the ruins, she received a message from the tunnel master. He had successfully handed elder howling devil over to the ruler of time.

Of course, he did not have the right to face the ruler of time directly. It was the ruler's personal guard who took him away.

After the guard confirmed that there was no mistake, he rewarded Queen Starrain with 500 contribution points on the spot.

Now, her total contribution points had exceeded 530.

“My Lord, do you want to go and exchange for a ruler-level magic treasure now?” The tunnel lord was filled with anticipation.

Su Yu pondered, “Wait for a while. I have some matters to settle first.”

After the two met, Su Yu chose an extremely high-quality cave abode.

“I need to go into closed door cultivation recently. You protect me,” Su Yu said.

The tunnel master nodded, “Okay.”

After setting up the barrier, Su Yu took out two bottles of ultimate Yin Devil Qi.

According to Elder Xiao Mo, this devil Qi had an unexpected effect on the other races, which was to break through to the Nirvana realm.

Originally, Su Yu did not plan to use this item. After all, there was a certain risk of Qi deviation.

However, after several years of cultivation, the bottleneck of Su Yu's middle nirvana state did not loosen up.

#### Chapter 2604 The First Appearance Of The Upper Palace

Su Yu wanted to try the ultimate Yin Devil Qi.

This was a special medicine in the Devil sect that could break through to Nirvana realm.

However, Su Yu was worried.

His eyes flashed and with a thought, a person who looked exactly like him appeared in front of him.

It turned out to be true.

“Although it can only exist for less than two hours, it should be enough to try.” Su Yu took out a bottle of ultimate Yin Devil Qi and gave it to the illusory “Su Yu” to use.

The latter nodded and immediately took out the ultimate yin demonic qi and swallowed it in one gulp.

The dense demonic qi immediately entered his stomach.

The violent energy seeped into his limbs and bones.

The 800 dao marks were also quickly filled up, reaching the point where the energy in his body was full.

The cultivation of the late stage of the Middle Nirvana stage, which had stayed for a long time, finally took a crucial step forward as if it was a natural process.

The Xuan Dao Qi of the Heaven and earth gathered crazily in the surroundings and gathered in Su Yu's body.

Once it successfully entered his body, the Xuan Dao power in his body would undergo a qualitative change.

Then, it would be the time for him to successfully break through to the Nirvana stage.

“It seems that there isn't too much of a problem,” Su Yu muttered.

Perhaps it was as elder Xiao Mo had said, the probability of the Outsiders failing was one in ten thousand.

It was nothing to worry about.

But at this moment, Su Yu suddenly felt a cold energy appear from beneath the ground of the sacred city.

The illusory Su Yu was about to succeed in his breakthrough.

The cold energy suddenly entered his body, causing his breakthrough to be interrupted.

And that was not all. Black scales began to grow all over the illusory Su Yu's body, and a pair of ink-black wings appeared on his back.

His eyes turned dark red, and his eyes were filled with a violent aura.

Qi deviation!

It was a one in ten thousand chance of Qi deviation!

Su Yu's pupils constricted, and he broke out in cold sweat.

Fortunately, he was on guard and didn't consume the yin demonic qi rashly.

Otherwise, the consequences would be too terrifying!

At this moment, the illusory Su Yu was still in the process of demonizing.

However, a clear consciousness kept growing in his body.

“I've finally waited for this moment...” a hoarse voice slowly drifted out of the illusory Su Yu's mouth.

However, in the next moment, this voice suddenly stopped.

“What's going on with this body? Why is it half-real and half-fake?” Finally, the consciousness inside finally realized that the body he occupied didn't seem to be right.

When his eyes swept over, he suddenly noticed Su Yu in the corner from the corner of his eyes. He cried out involuntarily, "Weren't you the one who consumed the ultimate yin demonic qi?"

Su Yu narrowed his eyes.

There was no longer a need to confirm who the owner of that Wisp of consciousness was!

Saint Devil!

Earlier, he had sensed through that wisp of blood that there were two bottles of ultimate yin demonic qi that originated from him on Su Yu's body.

However, he had been holding it in all this while.

It was only when Su Yu used the ultimate Yin Demonic Qi that a wisp of his clone took over Su Yu's body.

This was the so-called Qi deviation of the Devil sect -- turning into a devil.

"Saint Devil, this short hand is not bright," Su Yu said indifferently, his eyes cold.

"Humph! Human, how dare you come to my territory." The Saint Devil's split soul said coldly, "You are really courting death!"

Hu --

The Devil Qi surged on the body of the illusory Su Yu, turning into a huge devil palm that was as black as ink.

The Devil Palm was ferocious, lifelike, and even the patterns could be clearly seen.

It was as if it was a real demonic palm.

A power that surpassed the power of the tunnel lord seeped out from the palm.

It was very difficult for Su Yu to resist this attack.

However, his expression was very calm. It could even be said that he was calm and composed.

Without any movement from his body, the illusory su yu suddenly trembled and collapsed.

He was originally an illusory Su Yu. His existence and disappearance were all within a thought from Su Yu.

In an instant, the illusory Su Yu disappeared without a trace.

However, there was a pitch-black scale that remained where it was.

It was the thing that had invaded the illusory Su Yu's body.

Now, it was exposed.

The scale trembled and cried out, "Not good!"

Then, it immediately burrowed underground.

This was the sacred city. It was under the eyes of the ruler of time.

As the person that the ruler of time wanted to capture, how could the Saint Devil Dare to reveal his tracks?

Almost at the instant the scales escaped, a weak ripple swept through the secret chamber.

It was the feeling of some supreme expert.

The other party still vaguely caught the traces of the Saint Devil.

That person, even if he wasn't a ruler, he was believed to be an extremely powerful existence.

Su Yu calmed his mind and didn't show any signs of panic.

After the ripple didn't appear for a long time, he said indifferently, "I knew it would be like this."

He looked at the remaining bottle of pure Yin Devil Qi in his hand and smiled.

"You want to take over someone's body? Hehe, I'll find a chance to give you a gift."

The breakthrough plan was interrupted. Su Yu left the secret room and asked the tunnel master.

"Is there any secret medicine to break through the Nirvana realm in the Sacred City?"

The tunnel master said, "Of course there is. I'm just advising you to give up."

The secret medicine of the Devil sect rarely flowed into the outside world, let alone the Sacred City?

If it was really easy to obtain, the streets would probably be filled with experts of the Nirvana realm.

Seeing the disappointment on Su Yu's face, the tunnel lord added, "In the sacred city, there are three types of medicine to break through to the Nirvana realm. They are controlled by three different forces."

"One of them is the sand flower between the fingers of the ruler of time. It has the best effect and has almost no side effects."

Many medicines had side effects, including the Ultimate Yin Demonic Qi. Even if the alien race did not suffer from Qi deviation, after consuming it, they would be in a state of irascibility for several years and their temperament would be affected.

"The second one is the ten thousand star leaf controlled by the Star Alliance Chamber of Commerce. The effect is not bad either. The side effects are very small and will only weaken the body for a period of time."

Star Alliance Chamber of Commerce? Su Yu was slightly surprised. Ever since he left the outer realm, he had not seen the shadow of the Star Alliance Chamber of Commerce.

He did not expect that there would be such a place in the sacred city.

"The third is the moon water controlled by the upper palace. The effect is very good, but the side effects are very great. Often, it will cause serious consequences. It is not recommended to come into contact with it."

Su Yu raised his eyebrows.

“Upper Palace? What is that place?” He had never heard of it.

However, its position was vaguely on par with the Star Alliance Chamber of Commerce.

The tunnel master looked around and said cautiously, “Sir, have you ever heard of the Heavenly Court?”

Eh?

Su Yu narrowed his eyes. He had heard more than that?

Back then, before the great battle with the wicked daughter, he had seen people from the heavenly court.

The latter had placed a big bet on a gambling planet in order to perhaps destroy the world, but in the end, he had been deceived.

In the end, it was Su Yu who had given them one.

And Su Yu had known the meaning of the heavenly court at that time.

It was the home of the eight ancient gods!

But it had long since been destroyed and was now occupied by the descendants of the eight ancient gods, who claimed that it was the heavenly court.

“Have you heard of it? What does it have to do with the Upper Palace?”

The tunnel lord lowered his voice and said, “The Upper Palace is an organization established by the descendants of the eight rulers. Each ruler’s territory has a branch

“In our time ruler’s territory, there is a branch of the Upper Palace.”

Heaven Court, Upper Palace.

Descendants of the eight ancient gods, descendants of the eight rulers.

Interesting.

Chapter 2605

“Is the moon water from the upper palace hard to come by?” Su Yu asked back.

Su Yu didn’t expect anything from the ruler of time and the Star Alliance Chamber of Commerce.

He didn’t want to get involved with either.

Only the upper palace could figure it out.

“It’s easy to get. It’s free.” His answer was unexpected.

Su Yu was stunned. “Free? Are you sure?”

“Yes, it’s free.” The tunnel lord smiled bitterly. “Just as I said, the Moon water has too many disadvantages. Using it to break through to Nirvana realm is not worth it.”

Su Yu pondered. "What's the disadvantage?"

"The dao marks in the light will be damaged, which will affect the breakthrough in the future. The cultivation of the heavy ones will be crippled."

Even the lightest one would have their dao marks damaged?

No wonder no one fought over the moon water when it was given out for free.

"Why?"

The Underground Dao master said helplessly, "The Moonwater is a legacy left behind by the descendants of the various rulers of the upper palace. It contains too many chaotic domains belonging to the descendants of the rulers."

"If you cultivate with the moonwater, you will definitely be affected by the eight chaotic supreme domains."

The depths of Su Yu's eyes were filled with traces of light.

He had already cultivated the eight supreme domains to the middle level. Unless it was a high level domain, it shouldn't affect him.

The moon water was a deadly poison to others, but to Su Yu, it was like a tonic!

"Does the upper palace have any other requirements for those who want the Moon Water?"

The tunnel lord thought for a moment, "There is only one! That is, after cultivating with the Moon Water, the remaining clear moon water needs to be taken back."

After the moon water was cultivated, the mixed domain inside would be absorbed by the cultivator.

The Moon water regained its clarity and could be used by the descendants of the rulers in the upper palace to cultivate the domain again.

Su Yu smiled meaningfully. "Where is the Upper Palace?"

The tunnel master was stunned and helplessly pointed out the path for him.

"You find an inn to stay at. Don't worry about me."

After saying this, Su Yu set off for the upper palace.

At that time.

Deep Underground.

In an incomparably dark world.

Several red lightning bolts flashed from time to time, illuminating the sky and earth in a blood-red color.

Countless coffins lined up neatly under the blood-red sky.

One of the golden coffins let out a muffled groan.

“Human, you have repeatedly offended me. When I see the light of day again, I will make you regret it for the rest of your life!”

After a long time, the muffled groans in the coffins finally subsided.

“Where is the owner of the eye of death of the heavenly axiom? Why Can’t I sense it?”

--

The upper palace occupied an extremely vast area, larger than the entire Tai Yi sect combined.

Entering it was like entering a sect.

There were all kinds of shops, but they didn’t sell things to outsiders.

Because everything they had was for the descendants of the rulers in the upper palace.

Some shops were in charge of transporting goods to the deepest parts of the upper palace and handing them over to the descendants of the rulers.

A shopkeeper who was in charge of heavenly treasures was commanding a seventeen or eighteen-year-old youth.

The youth’s skin was dark, but his facial features were very handsome.

His eyes were steady, and there was a maturity that did not match his age.

“Huangfu Yi, send these two boxes of wine to steward Li of the Upper Palace,”the shopkeeper instructed.

Huangfu Yi put down the work in his hands and nodded with a smile. “Hehe, the shopkeeper is going to make a fortune again. There are so many orders all at once.”

“Brat! You talk too much. Hurry up and get to work!”The shopkeeper scolded with a smile.

Seeing Huangfu Yi nimbly go to deliver the goods, the shopkeeper nodded his head.

It was said that this human named Huangfu Yi was teleported from outer space and had no one to rely on.

Seeing that he was nimble, the shopkeeper took him in to work in the shop.

All these years, he had done very well and had never had any problems, which made the shopkeeper very satisfied.

“Sigh, after this year, I’m not going to do it anymore. Xiao Yi, should I take you away or leave you behind?”The shopkeeper’s smile slowly faded away as he sighed with a heavy heart.

Especially when he caught a glimpse of the three shops across from him.

Two of the shops had their doors tightly shut. The buildings inside were empty and covered in dust.

The shops that were closed were actually not just the two shops in front of him. There were many more.

This was because the upper palace had accumulated more and more lunar water over the years, but very few people came to use it.

As a last resort, the descendants of the rulers forcefully distributed the lunar water to the shops.

They ordered them to think of ways to use the lunar water and return the pure lunar water.

Once or twice, they could even think of ways to mobilize some people who were eager to break through to the Nirvana realm to use it.

However, the arrangement of the upper palace was repeated again and again.

Where could they find so many people who were not afraid of death?

After all, normal people did not know how to use moon water.

However, if the task could not be completed, the shops would be disqualified from supplying it.

Under such circumstances, many shops were forced to leave.

The shopkeeper had distributed ten vats of Moon water this year, and so far, he had not been able to digest it.

At most, he would pack up and leave in a year.

At this moment, a man in a bamboo hat came to the door of the shop.

“May I know where I can get the Moon Water?” It was Su Yu.

He was unfamiliar with this place, and most of the shops nearby were closed. He happened to see that this one was still there, so he went up to ask.

Hearing this, the shopkeeper subconsciously pointed to the deepest part of the upper palace.

Then, he came back to his senses and rolled his eyes. “I have it here. I wonder how much you need!”

He had it here?

“Take it out and let me have a look,” Su Yu said.

The shopkeeper was overjoyed.

Someone actually came to his door and asked for the moon water?

It must be someone who had a deep-seated hatred or was in urgent need of breaking through to Yuan Nirvana, right?

That was why he chose to drink poison to quench his thirst.

The shopkeeper immediately took out the ten jars of Moon water that he had saved up for a year. He said a little embarrassedly, “Take as much as you can. Consider it my thanks. If there’s anything good in the shop that you like, just take it.”

Su Yu looked at him for a moment.

There is indeed a great deal of confusion in the Lunar water.

Normal people absorb, there is really irreparable damage to the body.

Of course, there's a lot of energy in there.

One cylinder can probably increase your cultivation by 1/10,000.

About 10,000 vats of such water, Su Yu to complete the round Nirvana realm breakthrough.

“Only this little?” Su Yu frowned and asked.

Ten Vats were not enough for him to stuff his teeth.

UH --

The shopkeeper raised his head and looked like he had seen a ghost.

An ordinary late stage middle nirvana stage Xuan Dao master only needed ten vats to break through to the Dao master stage.

Su Yu actually said that ten vats were not enough to stuff his teeth?

He even suspected that Su Yu was here to amuse him.

How did he know that the dao marks in Su Yu's body were hundreds of times more than others.

Naturally, the energy required for a breakthrough was hundreds of times more.

Ten Vats were really not enough to fill the gaps between his teeth.

“Forget it, ten vats it is.” He sucked through the air, and the energy within was swept away.

The chaotic domain that was attached to the energy was also sucked into his body.

Su Yu could clearly feel that his cultivation had advanced a little bit.

As for the chaotic domain, after circling around Su Yu's body, it became a part of Su Yu's eight supreme domains.

Harm his body? There's no such thing!

Chapter 2606 Serendipity

When the energy within the Moon-water was absorbed, the water within the VAT immediately became clear and transparent.

But of course, this wasn't pure water in the true sense.

It was a type of divine water that could nourish the hegemonic bloodline.

The descendants of the Hegemons who trained in this water would be able to stimulate the potential of their bloodlines.

“It would be great if I could bring back some for empress starrain,” Su Yu thought to himself.

Although with his help, Empress Starrain's time bloodline had finally recovered somewhat, compared to the other descendants of the ruler of time, the power of her bloodline was clearly much weaker.

Unfortunately, this water had to be withdrawn.

The shopkeeper stared at the ten jars of clear water that could see the bottom and was overjoyed. The way he looked at Su Yu was as if he was looking at the god of wealth.

“Esteemed customer, my shop has high-quality materials unique to the sacred city. If you have anything that you like, please feel free to take it.” The shopkeeper rubbed his hands and smiled.

If he could win Su Yu over, would he not be able to complete his moon water mission?

However, the shopkeeper was a little puzzled.

Why did Su Yu seem to be fine?

If someone else absorbed ten jars of Moon Water, they would start to be affected by the chaotic domain.

At worst, their dao marks would be damaged, and at worst, their cultivation would be crippled.

Why was he fine?

“There's no need. Where can I Get More Moon Water?” Su Yu frowned and asked.

He had too little moon water, so it was obviously not enough.

The shopkeeper rolled his eyes and said, “Please Wait a moment. I can get more moon water for you.”

How could he miss the opportunity to take credit in front of him?

“As soon as possible,” Su Yu said.

The shopkeeper cupped his hands and bowed. He didn't even care about the shop for the time being and went straight to the depths of the upper palace.

There was a grand hall there.

There was a hot spring surrounded by clouds and mist in the hall.

There were restrictions all around it.

From the outside, one could only see endless mist and not see the details within.

Within the hot spring, several blurry figures were conversing.

One of them happened to be the beautiful spatial domain lady beside Emperor Shao Hao, Yanran.

So she was also a member of the Upper Palace.

“Ai, I haven't been back for decades, and you've used up all of my pulse cleansing divine marrow.” Only half of Yanran's body was in the hot spring.

She raised her eyebrows and said unhappily.

“Be content! Our Upper Palace branch can at least use the marrow to soak in the hot spring. The other domains are so dry that they can only be smeared,” a man with long black hair joked.

Traces of an aura of death rippled from his body.

Yanran sighed.

The Marrow came from the Dao Abyss.

Every time the DAO Abyss appeared, the various rulers would head there to intercept a portion of it and hand it over to the upper palace headquarters.

The headquarters would distribute it to the upper palace branch at regular intervals.

Now, the headquarters had used up all the marrow, and the hot spring that their branch was using was the last batch.

Once it was used up, there would be no more marrow.

Although the marrow could be reused, it was difficult to get rid of the impurities after it was used.

Only those who wanted to break through to the Nirvana realm could use their own bodies to take away the remaining impurities.

However, at the later stage of the Middle Nirvana realm, who would be willing to destroy their own future?

Nowadays, very few people in the various regions were willing to accept the Moon water.

And the so-called moon water was a name they made up to deceive people.

They called The Used bloodline purification marrow the moon water.

Therefore, many of the bloodline purification marrow couldn't be purified and could only be abandoned, resulting in fewer and fewer hot springs.

In another ten years, it would definitely dry up.

“If only more stupid idiots came to absorb the Moon Water.” The Man with the aura of death sighed.

Yanran frowned and didn't say anything.

The marrow was very important to the descendants of rulers. In the same realm, the strength of the bloodline depended on the strength of the domain.

Unfortunately, the marrow could only be found by chance.

“Oh right, where's Big Brother Yaoguang?” Yanran looked around, but she didn't see Yaoguang.

Yaoguang was the palace master of the Upper Palace branch.

He was one of the best in both cultivation and domain.

Yanran had returned to time domain sacred city this time to visit Yaoguang.

“He’s also worried about the deity’s marrow,”the dead man said.

Yao Guang nodded in understanding.

As the descendant of the ruler of fate, Yao Guang was actually in a more difficult situation than any other descendant of the ruler of fate.

Because the battle for the ruler of fate would begin in twenty years.

Yao Guang had three domains that were far stronger than his older brother’s. Two of them had reached a high level in the domain of fate.

That was why Yao Guang didn’t hesitate to come to the most distant time domain.

It was because this place had the most marrow cleansing.

All these years, he had been the most concerned about the matter of the marrow cleansing, often personally finding a way to retrieve it.

At that time.

In the outside world, the shopkeeper hurried to the outside of the hall.

There was a butler at the door of the hall to receive the shopkeepers all year round.

“Butler Chen, I have something to report to the Lords Inside!”The shopkeeper was eager to take credit.

Housekeeper Chen said indifferently, “The Lords are cultivating. It’s not a particularly important matter. You are not allowed to disturb them.”

The shopkeeper hesitated whether he should say it in person.

At this moment, the white clouds in the sky silently parted.

A Ray of golden light descended.

From within the light, a young man holding a turtle shell walked out.

He was the palace master of the Upper Palace branch, Yao Guang.

He frowned and looked down at the turtle shell in his palm. He murmured, “Strange, the divination clearly shows that a great opportunity will appear today, but why did I return to the same place?”

Yaoguang had sensed something a few days ago. He sensed a strange fate coming to the sacred city.

**Under the influence of the fate, he would also get a part of the powerful opportunity.**

Therefore, he had been guessing and following the divination.

Unexpectedly, after walking for a whole day, he actually walked back to his upper palace.

“It shouldn’t be!” Yaoguang really couldn’t understand.

He had always been very accurate in predicting fate.

But at this moment, it was completely ineffective.

While he was thinking, he suddenly caught a glimpse of the shopkeeper who came to worship in fear.

Yaoguang recognized this person. He was the old shopkeeper in the upper palace.

“Could it be that the great opportunity is him?” Yao Guang thought to himself and then shook his head.

If he had great luck, he would have predicted it long ago.

Moreover, how could a small figure withstand the so-called great luck?

“Chen Lin pays his respects to Lord Yao Guang. I have something to report,” the shopkeeper quickly said.

HMM?

Yao Guang’s heart moved slightly. “Speak.”

“Reporting to Lord, I have completed the mission of the Moon Water.” Chen Lin handed over ten jars of clear liquid.

That was to restore the purity of the pulse cleansing marrow.

“So Pure.” Yao Guang was slightly surprised. There was not a trace of the chaotic domain left inside.

In the past, there were more or less remnants of what was recovered.

However, was this the opportunity that he encountered?

Obviously not!

A hint of disappointment flashed across Yao Guang’s eyes. “Oh, leave it to the butler.”

As he said that, he lifted his leg and left.

Chen Lin observed his expression and continued, “Also, those who use the moon water do not have any adverse reactions after the event.”

Bang --

Yao Guang’s footsteps suddenly stopped and he suddenly turned around. “Say that again?”

“The other party used ten vats of moon water in one go, but it’s not a big deal.”

Yao Guang’s heart skipped a beat and the vague feeling of great opportunity suddenly became stronger.

Moon water, an ordinary late-stage middle-nirvana stage powerhouse, would have a big problem even if he used a vat of it.

This person used ten whole vats and was safe and sound.

He might be the great opportunity Yao Guang was looking for!

“Where is he?”

“Wait in my shop, I’ll lead the way for you...”

Whoosh --

However, Yao Guang did not wait for him, and directly appeared in front of the shop in a flash.

Su Yu sat in the shop with his eyes closed.

Suddenly, his eyelids twitched and he opened his eyes.

This was because he suddenly felt a wave of fate in his heart.

However, it was a wave that was moving in a good direction!

An opportunity had come!

Chapter 2607 A Little Research

Shua --

Almost at the same time, a golden light flashed in front of Su Yu.

A youth holding a turtle shell appeared in a flash.

He stared at Su Yu, his brows slightly furrowed.

The person in front of him wore a special bamboo hat, making one unable to see his face clearly.

However, this wasn’t the main point.

The main point was this person’s fate, and he similarly couldn’t sense it.

Looking at this person who was right in front of him, Yao Guang felt that he was facing an abyss.

“You are?” Yao Guang looked at Su Yu and asked.

In his heart, he was guessing. Could this person be the person who gave him a great opportunity?

“The person you are looking for.” Su Yu pretended to be mysterious.

Gedeng --

Yao Guang’s heart skipped a beat. He looked at Su Yu in disbelief. “I don’t understand what you are saying.”

“It’s fine as long as your heart understands it,” Su Yu said calmly.

Yao Guang’s heart trembled. Could it be that this person was also proficient in the Dao of fate?

Yao Guang’s heart moved slightly. He took out the turtle shell and placed it in front of Su Yu.

A domain spread out from within and condensed into an eight trigram diagram.

The eight trigrams rotated and changed into various divinatory signs.

“You seem to be a person of the same path. Since that’s the case, why don’t you appraise my dao of Fate?” Yao Guang wanted to test Su Yu’s depth.

As soon as he said this, many divinatory signs were in disorder. Sometimes they looked ominous, and sometimes they looked auspicious.

“I am certain that three breaths later, 30,000 li southwest of the sacred city, a child will fall into the water,” Yao Guang said indifferently.

He waved his hand, and a magnificent force swept through the entire shop and flew out, landing 30,000 li away.

It was a canal.

At this time, two children were playing on the bridge.

One of them accidentally fell into the water.

Yao Guang flicked his finger and saved the child.

Only three breaths had passed.

Yao Guang looked at Su Yu and continued, “I am sure that in ten breaths, a fire will happen 90,000 miles southeast of the sacred city.”

He waved his sleeve again and the shop flew over.

Ten breaths later.

In a cowshed under his feet, 30 feet of green smoke rose for no reason and turned into a raging fire that was about to burn the entire cowshed.

The shimmering light flicked its sleeves, and a shower of rain fell, extinguishing the fire.

The two consecutive divinations were both extremely accurate, and could be said to be accurate.

The shimmering light stopped and raised its head to look at Su Yu. “How was it?”

The question he was asking was naturally referring to his own dao of fate.

“Average,” Su Yu said calmly, giving his honest assessment.

Eh?

The tip of shimmering light’s eyebrows twitched, and he said with slight dissatisfaction, “My dao of fate can divine what will happen within a hundred million kilometers in the next ten breaths. How can I say that it’s average?”

His Dao of fate was one of the best among the descendants of the ruler of fate.

Other than his three talented older brothers, no one else could surpass him.

Su Yu’s ordinary evaluation was hard to convince.

“Divination of fate is only the threshold of the Dao of fate,” Su Yu said calmly.

Su Yu had mastered the Dao of fate and had never used it to predict fate.

Because so what if he predicted it?

If fate was good, it would follow fate.

If fate was bad, it would be broken.

Therefore, Su Yu had never tried to predict fate. He would only cut off fate or break it.

“Threshold?” Yao Guang was a little angry and laughed.

Fortune-telling was so profound that it was only a threshold in Su Yu’s mouth.

He found it funny that he would discuss the path of fate with a stranger.

“Alright, your excellency’s cultivation is profound. Why Don’t you show it to me?” Yao Guang tried his best to calm down and said with some anger.

Su Yu said indifferently, “Sure, it’s good to show you my path of Fate.”

He closed his eyes, and countless lines of fate appeared in his mind.

Each line of fate predicted something that was about to happen.

“Three hundred miles away, there will be a martial artist who has gone mad, and his body will be broken through by the chaotic power of the Xuan Dao.” Su Yu slowly opened his eyes and said.

Yao Guang was stunned. He held the turtle shell in his hand and calculated. He couldn’t help but be surprised.

He had indeed predicted this.

The man in the bamboo hat in front of him was really like him. He was an expert in the path of fate.

“So What?” Yao Guang had also calculated this point, so it wasn’t a big deal.

“I can change his fate,” Su Yu said calmly.

Hearing this, Yao Guang was startled, and then he couldn’t help but laugh. “Change Fate? That’s something only the ruler of fate can do.”

He stood up, extremely disappointed with Su Yu.

He felt that he was talking to an ignorant and fearless madman.

However, how would he know.

Although Su Yu was not the Master of fate, he had always been someone who defied fate.

Su Yu remained silent. With a wave of his sleeve, the entire shop suddenly spun and flew 300 miles away.

Beneath his feet, in a sealed cultivation room.

An expert in the light nirvana stage was forcefully breaking through.

Because the profound dao energy in his body was not dense enough, if he forcefully activated it, the result of breaking through would be that the profound dao energy would uncontrollably surge in his body.

His body would continue to expand like a balloon until it exploded with a loud bang.

Yao Guang said indifferently, "What's there to see? Fate has already been decided. There's nothing to change."

Su Yu did not say a word. He clenched his fingers toward the sky.

A faint moon flashed.

The warrior who was about to go mad suddenly stopped and muttered, "Forget it. It's better not to take the risk. The gains don't outweigh the losses."

He withdrew all the Xuan Dao power in his body and walked out of the secret chamber.

"This!" Yao Guang's face changed greatly.

How could this be! !

He had clearly calculated that this person would definitely go mad.

But why didn't he! !

Whether it was the child falling into the water or the cow shed catching fire, they were all things that must have happened after the divination.

Although he had intervened to stop it, it was all after the event.

However, the fate of the martial artist in front of him was changed before it happened.

How could this be possible?

He was the son of the Master of Fate and knew that fate had long been predestined.

No one could escape the arrangement of fate.

Only the Master of fate could control the fate of a person.

The fate of the martial artist in front of him was actually changed!

He raised his eyes to look at Su Yu and felt a chill in his heart. Could it be that this person had changed?

Impossible!

How could he wield the power of the ruler of Fate?

"30 million miles away, there is a woman who will die due to dystocia. However, her fate will change," Su Yu said calmly.

The shimmering light once again predicted.

Indeed, that woman would die without a doubt.

This was the fate that the shimmering light predicted. It was a fate that could not be changed.

"Let's Go!" He stared at Su Yu, rolled up his sleeves, and arrived there.

However, what entered his eyes was not the dead woman, but the woman's smiling face as she stared at the child that had been successfully born.

Shaowang's heart trembled.

Fate had indeed been forcefully changed by someone!

"Who are you?" Shaowang stared deeply at Su Yu.

For a moment, he suspected whether Su Yu was the illegitimate child of the ruler of fate.

However, this thought was quickly dispelled.

The illegitimate child of the chief sovereign of fate had long ago been personally brought back by the chief sovereign of fate. There was no reason for him to leave one outside.

"Someone who has a slight understanding of fate," Su Yu said. He didn't mean that he was similarly proficient in the field of fate.

"A slight understanding?" Alkaid wasn't convinced.

Chapter 2608 Purifying Hot Springs

He had inherited the bloodline of the fate domain, so his understanding of fate was only below that of the lord of fate. He couldn't be any weaker than an outsider.

"Then, I'd like to ask for your advice!" Yaoguang snorted.

"Alright, I can give you some pointers," Su Yu said calmly.

He might not have enough confidence in the other seven domains, but the fate domain..

He had spent his entire life fighting against the unfair fate. In terms of understanding of the domain of fate, no one should be able to surpass him.

The two of them chatted face-to-face in the sky.

Su Yu spoke with confidence. In his heart, he had a thorough understanding of the dao of fate that ordinary people could not understand.

Yao Guang went from being unconvinced at the beginning to being surprised, then shocked, and finally fell into deep thought.

"So this is what fate is like."

His heart was moved. He now had an unprecedented view of the Dao of fate.

Many of the muddleheadedness and confusion of the Dao of fate had suddenly been enlightened.

After the time it took to brew a cup of tea, Yaoguang had gained a lot.

When he looked at Su Yu again, his gaze was filled with respect.

"I am Yaoguang, the son of the chief sovereign of fate. Thank you for your guidance, brother," Yaoguang said respectfully.

He sincerely respected and thanked Su Yu from the bottom of his heart.

“There’s no need to thank me. You were able to find me because of your fate.” Su Yu remained calm and collected.

Yaoguang stared at Su Yu’s extraordinary bearing. He completely believed that the human in front of him was the person he was looking for.

“May I ask what your name is?”

“My surname is Su.”

Yaoguang said sincerely, “So it’s brother Su! May I ask why you are so proficient in the Dao of fate?”

This person’s understanding of the Dao of fate far surpassed his understanding of the Dao of fate.

“I come from the Dao Abyss,” Su Yu said calmly.

Hiss..

However, Yaoguang sucked in a cold breath and said in astonishment, “The Dao Abyss?”

The most mysterious and terrifying abyss between an eight-star civilization and a nine-star civilization?

This was the first time he had heard that someone had come from a place like Dao Abyss.

That was a terrifying place that all eight rulers had to be careful of!

“You don’t believe me?” Su Yu’s expression was calm. He pointed his finger in the air, and a black invitation letter appeared in his palm.

An extremely mysterious aura emanated from the invitation letter.

That aura caused the vein-washing divine marrow in Yaoguang’s hand to vibrate continuously, as if it was resonating.

“Dao Yuan invitation!” Yao Guang sucked in another breath of cold air.

That was an invitation that only the Heavenly Dao master was qualified to receive!

The human in front of him actually had one?

It didn’t matter if he was from Dao Yuan or not, to be able to obtain it was enough to show that his status was extraordinary!

“Yao Guang has eyes but doesn’t recognize Mount Tai. Greetings, Senior!” Yao Guang immediately bowed.

The Dao Yuan invitation was only in the hands of the Heavenly Dao master.

Even if the Heavenly Dao master was lost, the invitation letter would self-destruct. It definitely wouldn’t fall into the hands of another person.

With this person holding a palm, it was enough to prove that the invitation letter was his.

And who would be able to obtain an invitation letter? was there even a need to ask?

At the very least, it would be the Heavenly Dao master.

Even if it wasn't as good as a ruler, it wasn't far off!

Su Yu was astonished.

He had originally used Dao Yuan's invitation to act mysterious, but who would have thought that Yao Guang would directly recognize him as a senior?

Since he could not figure out the reason behind it, Su Yu naturally could not ask further.

He nodded ambiguously and said, "Don't make a big deal out of it. It's fine as long as you know about it."

Yao Guang said excitedly, "Yes, I will definitely keep it a secret for senior. I will definitely not tell anyone about it."

The person in front of him was very likely a Heavenly Dao master. He would not even have the time to befriend him, so how could he reveal his existence and anger him?

"Senior, is there something important for you to come to the Palace?" Yao Guang asked respectfully with his hands hanging by his sides.

He completely believed that the person in front of him was his great opportunity.

As for whether he came from Dao Yuan or not, it was no longer important.

What was important was that he had to curry favor with this person.

"There's nothing much. I'm only interested in your moon water," Su Yu said.

Yao Guang came to a sudden realization.

The moon water was actually the marrow that was filled with impurities, and the marrow came from Dao Yuan.

This person came from Dao Yuan. wasn't it normal for him to be interested in the marrow?

"Senior, if you need the marrow, feel free to take it. There are still some in the upper palace that you can take," Yao Guang said on his own initiative.

Even if he had to give all the hot springs to him, it would still be worth it.

This clear liquid was the marrow?

Su Yu understood.

"Take me to take a look. Maybe I can help you purify the moon water," Su Yu said.

Yao Guang was overjoyed when he heard that. He saluted repeatedly, "Thank you, senior! Thank you, Senior!"

When he thought of the shopkeeper saying that Su Yu had absorbed ten whole jars of impurities without any abnormalities, he did not doubt it at all.

“Senior, please move to the upper palace to wait for me. Let me make some preparations.” There were still a few people from the upper palace cultivating in the hot spring. They had to be cleared out first.

Su Yu nodded.

Thus, under the personal invitation of the Palace Master of the Upper Palace branch, Yao Guang, Su Yu openly moved into the upper palace.

He was arranged to stay in the most superior guest room in the Upper Palace.

“Senior, Please Wait A Moment!” After Yao Guang said that, he immediately flashed to the top of the hot spring.

His arrival naturally attracted the attention of the people in the hot spring.

They were all moved and left the hot spring one after another, bowing respectfully.

“Greetings, Big Brother Yao Guang.”

Whether it was Yanran or the young man with the aura of death, they were all extremely respectful.

Not only was Yao Guang their palace master, but he was also the most powerful one among them.

It was said that his strength had already reached the level of a tunnel master.

Coupled with that mysterious path of fate, anyone would be wary of him.

Yao Guang immediately said, “Everyone, leave the hot spring area immediately. No one is allowed to return without my permission, and no one is allowed to spy on us. Those who violate this will be expelled from the Upper Palace.”

Ah!

Why did he say it so seriously?

Did Something Happen?

The youth with the aura of death said in surprise, “Big Brother Yao Guang, can you tell us why?”

Yao Guang did not hide anything and said solemnly, “To tell you the truth, I have already invited an unfathomable senior who can help us purify the entire hot spring and make it return to the divine marrow.”

Hearing this, the upper palace members were in an uproar.

“Ah! Senior?”

“What kind of senior can purify so much moon water?”

“Even the rulers can’t do it, right?”

Doubt and shock reverberated throughout the entire place.

Yao Guang stretched out his arm and pressed down, silencing them.

His expression was solemn and dignified, a rarely seen seriousness. “There’s no need to doubt, everything is real. Now, all of You Leave!”

After confirming that Yaoguang was not joking, the upper palace members were both surprised and happy.

If they could really regain clarity, their bloodline power would definitely be nurtured again.

They all left. Yaoguang immediately processed the hot springs so that it would be easier for Su Yu to purify them.

A few upper palace members left.

The youth with the aura of death was shocked. "Yanran, who do you think the senior brother Yaoguang invited is?"

Yanran's eyes were filled with shock as well. "To be able to purify so many hot springs, it's hard to guess what kind of existence that senior is!"

Even the ruler didn't dare to purify so many veins and souls.

Who exactly was that senior?

Chapter 2609 A Familiar Voice

The youth with the aura of death shook his head, he sighed, "There are still many existences in this world that we, descendants of rulers, can not afford to offend. Unless one day we become rulers, we do not have the qualifications to run rampant in an eight-star civilization."

Yanran deeply agreed.

On the surface, an eight-star civilization was the world of the eight rulers.

In reality, there were still some extremely terrifying existences.

She didn't know if this senior in front of her could be counted as one of them.

The two chatted briefly for a while before returning to their respective residences.

When the youth with the aura of death passed by the guest room of the upper palace, he suddenly caught a glimpse of a youth who was busy moving goods.

This person, the youth with the aura of death had seen before. It was a child from a shop in the upper palace that specialized in their materials.

He often came to move goods.

In his eyes, the youth was just a bug, not worthy of any pity.

"Come here." The death aura youth turned his gaze and shouted.

The youth was Huangfu Yi, who had come under orders.

Hearing this, he immediately walked over with a smile and said respectfully, "Greetings, Lord Death Soul."

So, the death aura youth's name was death soul.

"Go to the hot spring and investigate the situation inside. If you find anything, tell me when you return." Death soul still found it difficult to suppress the curiosity in his heart.

He could obey Yao Guang's order and not pry.

But, could he order others to go?

Huangfu Yi's smile froze and said apologetically, "Lord Dead Soul, please don't make things difficult for me. How would I dare to pry into the hot spring?"

The hot spring was the core of the upper palace.

Outsiders like them weren't even allowed to get close to it.

There was once a shopkeeper who delivered goods here for the first time. Because he didn't know the way, he accidentally got close to the hot spring.

Before he got close, he was found out, and he was deemed to be plotting something, so he was executed on the spot.

If he got close, he would be severely punished, let alone being a spy?

Wouldn't he be crushed into ashes?

"Just be careful. Go quickly," the dead soul ordered.

Huangfu Yi was anxious. How could he just be careful at the hot spring?

He didn't think that if he probed the hot spring with such a weak cultivation base, no one would find out.

This was a dead end.

"Oh, okay, okay, I'll go now." Huangfu Yi came to his senses and immediately ran to the hot spring.

The dead soul stood still and stared at Huangfu Yi's disappearing figure with indifference in its eyes.

The light was in the hot spring. If Huangfu Yi went to investigate, he would definitely die.

With a tap of his toes, a dark, ink-black aura of death quickly spread out from the ground and silently entered Huangfu Yi's body.

Through this wisp of aura of death, the soul of death could share Huangfu Yi's perspective.

The soul of death could also see what he could see when he was alive.

Huangfu Yi jogged all the way until he was out of the soul of death's perspective before he slowly stopped.

Of course, he would not really go to the hot spring.

He turned around and walked in another direction.

After walking for a while, he thought to himself, "It's about time."

According to his previous pace, he should have just arrived near the hot spring.

After staying for a while, he turned around and walked back.

That's right. He planned to go back and report, but he didn't find anything.

After a while.

He pretended to be out of breath and ran back with a face full of lingering fear. "Lord Death Soul, I definitely won't dare to go to the hot spring again next time. It's too dangerous."

He had to admit that he had a good grasp of all kinds of expressions.

Unfortunately, he didn't know that Death Soul had already seen everything through the shared view.

Death Soul stood on the spot with a calm expression. "Oh, what did you see?"

Huangfu Yi shook his head. "My strength is too weak. I Can't see through the hot spring. I didn't see anything."

He was nervous. He didn't know if he could pass the test.

Among the descendants of the rulers in the upper palace, if anyone was the most powerful, it would be Yao Guang.

But if anyone was the most dangerous, it would be the death soul.

An existence who controlled the death domain.

With a thought, he could decide the life and death of others.

Who Wasn't afraid?

"Oh, it's okay." Contrary to Huangfu Yi's expectations, the death soul was surprisingly easy to talk to.

"It's within my expectations." The death soul walked over and gently patted Huangfu Yi's shoulder. "Your performance was not bad. I admire you very much."

Huangfu Yi felt guilty and quickly said, "Lord Death Soul, you flatter me."

"I don't flatter you. You deserve it." The death soul smiled and left.

The moment he turned around, a thick killing intent flashed across his calm face.

Would a dragon tolerate being deceived by a bug?

Of course not!

That bug would die a horrible death!

Huangfu Yi's smart move made the death soul want to kill him.

Of course, if he wanted Huangfu Yi to die, he only needed a thought.

What he wanted was for Huangfu Yi to die in pain.

Huangfu Yi stood where he was, deep in thought.

The death soul was actually so easy to talk to. It didn't seem normal.

He secretly checked his body, but he didn't find anything.

“I was thinking too much,” Huangfu Yi muttered.

Then, he continued with the dry goods.

“There’s one more box. Send it to the guest room and put it in each guest room.” Huangfu Yi skillfully carried a big box and came to the 103 guest rooms in the upper palace.

He placed the materials one by one.

When he arrived at the first-class guest room, he found that the door of the guest room had been closed.

If it was closed, it meant that someone was already living in it.

“First-class guest room?” Huangfu Yi’s expression was much more solemn.

The first-class guest room in the Upper Palace was not a guest room in an inn. As long as one had money, they could stay in it.

Those who could stay in this place were definitely super big shots with terrifying statuses.

They were the kind of people who could make the sacred city tremble with just a simple stomp of their feet.

He swallowed a mouthful of saliva and mustered up the courage to go forward and knock on the door. he shouted, “Guest, do you need to change the heavenly silver water?”

The guest room was not occupied by anyone else.

It was Su Yu.

He was deep in thought when he suddenly heard the shout and subconsciously replied, “No need.”

However, all of a sudden, Su Yu felt a trace of the aura of death.

“Wait!” He was on guard. Could it be that someone with bad intentions was outside?

Outside the door, Huangfu Yi was leaving resentfully.

When he suddenly heard the voice from inside the door, he could not help but feel his heart tighten. He immediately heard it in front of the door.

He lowered his head, not daring to look directly into the eyes of the person in the door.

He was afraid that his careless actions would offend the other party.

As a small figure in the sacred city, he really had to be careful at all times.

Creak --

The door opened.

Su Yu stared at the young man who had his head lowered, his eyes filled with a hint of wariness.

But when he glanced at the other party’s cultivation, he couldn’t help but be surprised.

Only at the Yellow Dao master realm?

But what was with the aura of death on his body?

He looked over and was shocked to discover that there was a hidden death domain within this young man's body.

This domain was quite vicious.

It wouldn't cause one to die immediately, it would only cause one's body to age continuously, causing one to suffer unbearably and die from prolonged torture.

"Looks like he offended someone, right?" Su Yu understood.

Looking at the young man's thin body and simple clothes, Su Yu walked down the steps and said, "Sit cross-legged."

Huangfu Yi was stunned when he heard this.

He was not surprised by the other party's request.

Instead, it was the other party's voice. Why did it sound so familiar?

Chapter 2610 Payback

Looking up, Huangfu Yi's pupils constricted.

"Uncle Su!" He cried out in shock. Then, he subconsciously rubbed his eyes, wondering if he was hallucinating.

How did he meet Uncle Su Yu in such a place?

Su Yu was also stunned.

"Huangfu Yi?"

After carefully sizing him up, Su Yu confirmed that the youth in front of him was Huangfu Yi, whom he had lost contact with ten years ago.

At that time, Su Yu had asked him to wait for his return in the Forbidden Forest.

Who knew that he would encounter the carefree Emperor's clone, and Su Yu would have a great battle with him.

When he returned, where would Huangfu Yi Be?

He had already left the outer realm through the crack and arrived at the eight-star civilization.

"Uncle!" Huangfu Yi was still a child after all. Tears welled up in his eyes as he pounced forward and hugged Su Yu deeply.

For more than ten years, he had suffered greatly in the eight star civilization.

Now that he saw Su Yu, it was as if he had seen his family. He could not help but burst into tears.

Su Yu could understand Huangfu Yi's current state of mind.

He had already suffered greatly in the eight star civilization, let alone a child like Huangfu Yi?

"It's alright, uncle is here." Su Yu gently touched his head.

The pain from the needle suddenly spread to his palm.

He raised his palm and saw a trace of death aura coming out from Huangfu Yi's head and stabbing Su Yu's palm.

"Come in and talk." Su Yu's expression became serious as he pulled him into the guest room.

Su Yu casually set up a barrier around the area, making it impossible for anyone to investigate.

"Have you offended anyone recently?" Su Yu asked.

Huangfu Yi shook his head. "No. Why do you ask?"

He did not understand where the seriousness in Su Yu's eyes came from.

Su Yu did not say anything. His finger tapped on his shoulder.

The clothes on his shoulder immediately shattered, revealing his shoulder.

"Take a look for yourself."

Huangfu Yi turned his head to look and was shocked. "Ah! What is this?"

He saw a black palm print on his shoulder.

Of course, that palm print was not Su Yu's.

A cold death domain was circulating in it, and it was continuously seeping into Huangfu Yi's limbs and bones.

Huangfu Yi did not notice it at all.

"Think again. Who Did you offend?" Su Yu's eyes were slightly cold.

Huangfu Yi was Huangfu Lieyang's only descendant.

Su Yu could not allow his old friend to be plotted against later.

"It's the dead soul!" Huangfu Yi's teeth were chattering, and his heart was filled with a chill.

The only thing that had patted his shoulder just now was the dead soul.

He had long wondered why the dead soul with the coldest personality would be so easy to talk to.

It turned out that he had tampered with his body.

"Uncle Su Yu, Will I Die?" Huangfu Yi's face was slightly pale.

He still couldn't accept the fact that he was about to die.

"Yes," Su Yu said affirmatively. "Moreover, it will be a painful death."

If the death domain erupted.

Huangfu Yi clenched his fists, and tears welled up in his eyes. He pretended to be strong and said, "Uncle Su Yu, if you can still return to the outer realm, please tell my parents that I'm living very well in the eight-star civilization. Don't let them worry."

Could this be considered his last words?

Su Yu's eyes were filled with admiration.

Huangfu Yi was very sensible. Before he died, he still missed his parents and didn't want them to be sad.

"Silly child, I'm here. Will you die?" Su Yu patted his shoulder again.

The death palm print started to flicker and faintly floated away from his shoulder.

With Su Yu's attainments in the death domain, it wasn't difficult to remove the death threat from Huangfu Yi.

Somewhere in the Upper Palace.

The death soul was about to return to the cave dwelling, but at this moment, it seemed to sense something.

The step it took out was slowly retracted.

Its body turned around coldly, and its eyes shot towards Huangfu Yi's direction. "Little Bug, you actually found a way to get rid of the death domain. I've underestimated you."

There was no annoyance on its face. Instead, there was a hint of pity.

"However, the Bug's resistance is ultimately weak." The death soul closed his eyes and thought.

The death palm print on Huangfu Yi's shoulder that was about to leave his body suddenly exploded.

It turned into a large amount of death qi and enveloped Huangfu Yi's entire head.

Huangfu Yi immediately felt a piercing pain spreading deep inside his head.

Su Yu's eyes flashed, and the death Qi in his left palm covered his entire palm, turning it into a huge palm that was ten feet wide.

The huge palm grabbed and grabbed all the death qi that covered Huangfu Yi's head.

Opening his palm, he saw a ferocious ghost face struggling in his palm.

That was the death domain of the death soul.

In Su Yu's palm, no matter how hard he tried, he couldn't escape.

"HMPH!" Su Yu clenched his five fingers, and the death domain immediately shattered.

In front of the cave abode.

The Death Soul's eyes suddenly opened. His eyes were blood red, and traces of blood dripped out.

“Who’s behind this?”He cried out in shock.

His death domain was actually forcefully destroyed by someone, and it even implicated his original body.

In the entire upper palace, the only person who could do this was Yao Guang.

He could use his own fate domain to forcefully destroy his own death domain.

However, it didn’t make sense.

Yao Guang was currently in the hot spring.

Even if Yao Guang really met that human bug, he would at most criticize the death soul. It was impossible for him to destroy the death domain without saying anything, and it would even implicate his original body.

After some thought, the killing intent in Death Soul’s eyes once more erupted.

“You dare to openly oppose me? Haha, I’d like to see just who you are!”Death Soul said coldly.

Just as he was about to flash over to Huangfu Yi’s location...

Suddenly, death soul discovered that the surrounding space had been sealed.

“When?”Death Soul was shocked.

He hadn’t even noticed that his spatial domain had been sealed?

A hundred kilometers around him had been sealed.

The strangest thing was that none of the other hegemonic descendants had noticed anything strange about this place.

Logically speaking, they should have been able to sense it.

“Who are you, Sire?”The death soul growled.

The only person who had been able to do this and target him was that mysterious existence who had destroyed his death domain.

Creak --

A light sound rang out.

A spatial ripple appeared in front of the death soul.

It was like a ripple in a lake.

From the ripple, a silver-haired young man walked out with his hands behind his back.

Huangfu Yi followed behind him.

The death soul’s gaze swept past Huangfu Yi before turning to look at Su Yu.

“Did you do this?”The Death Soul said coldly.

He secretly sized up Su Yu, feeling extremely puzzled. He could sense an extremely detestable aura from Su Yu's body -- Life Domain!

However, Su Yu was clearly in control of a spatial domain.

“Tamper with it? I don't think so,” Su Yu said calmly.

He had only destroyed the hands and feet left behind by death soul.

“What is your relationship with Yanran?” Death Soul asked with a frown.

Yanran was a descendant of the ruler of space, so she should know the person in front of her.

He had mistakenly thought that Yanran was the one who had brought Su Yu into the upper palace.

“I'm not here to answer your question. I'm here to ask you for some compensation,” Su Yu said expressionlessly.
