

Nine-Dragon 2621

Chapter 2621 Mother, You Have Changed

His figure was like lightning as he instantly appeared in front of Qin Xian 'er.

Qin Xian 'er was shocked. Without thinking, she slapped him.

But how fast was Su Yu's reaction?

With one hand, he gently grabbed her wrist.

With the other hand, he took advantage of the situation and grabbed Qin Xian 'er's slender waist.

Then, he pulled her into his embrace.

The sudden inappropriate action made Qin Xian 'er shocked and angry. She shouted angrily, "Shameless!"

She struggled with all her strength. Her eyes were filled with disgust and anger.

Her body belonged only to Su Yu. She would never allow others to touch it.

However, what Qin Xian 'er never expected was that the other party took off his bamboo hat.

Before Qin Xian 'er could see the other party's face clearly, he came over and kissed her red lips deeply.

He was very strong.

It was as if he wanted to melt her. He hugged her deeply in his arms and kissed her forcefully, as if he wanted to merge the two of them into one.

Qin Xian 'ER's mind rumbled as she was filled with anger.

A great grief and indignation boiled in her heart like a raging fire.

She had actually been kissed by someone other than Su Yu!

Amidst her boundless anger, it was as if something had been activated in Qin Xian 'ER's body. The nine nether divine fire that had already dissipated surged out from her bloodline.

The tyrannical divine fire immediately repelled Su Yu.

Qin Xian 'er's eyes were filled with killing intent and contained a hint of madness. "I'll kill you! !"

However, when she raised her eyes and saw the other party's true appearance, Qin Xian 'er was stunned.

Her hoarse shout of killing intent was still reverberating in the air, but she herself stood there motionlessly.

In her beautiful eyes, all the anger had dissipated and turned into countless shocks.

She looked at the person in front of her without blinking.

Silver hair, handsome face, eyes that were so familiar that they couldn't be any more familiar. She dreamed of countless smiles in her dreams.

If that wasn't her husband, Su Yu, then who was it?

“Brother Yu?”Qin Xian ‘er said in disbelief.

After being separated for decades, she had never thought that she would meet Su Yu in such a way one day.

Everything had happened too suddenly and too blissfully. She was at a loss.

Su Yu shook the burnt clothes on his chest and walked forward with a smile on his face.

He did not say a word. He hugged Qin Xian ‘er in his arms and kissed her deeply.

He used a lot of strength as if he wanted to completely glue the two of them together.

Qin Xian ‘er was so happy that she cried. She stretched out her snow-lotus-like arms and hooked them around Su Yu’s neck. She took the initiative to kiss him passionately.

They forgot about the sky, the earth, and the time and space.

In their eyes and hearts, there was only each other in front of them.

It was not until their daughter, whom they had forgotten, opened her eyes wide and muttered in disbelief, “Uncle Su, mother!”

There was an indescribable complicated feeling in her heart.

There was gratitude toward Su Yu, anger toward Su Yu, and even anger toward her mother.

Only then did Su Yu and Qin Xian ‘er come back to their senses from the deep kiss.

Their lips parted, and a blush appeared on Qin Xian ‘ER’s face.

However, their eyes were still unable to separate. They were still looking deeply at each other.

“Mother! How could you do this? Are you worthy of Father?”Su Cai’er’s eyes were filled with inexplicable anger.

She felt that it was impossible to reason with her.

How could the pure and pure mother be so... So Shameless?

She actually took the initiative to do such a thing with someone other than her father!

Qin Xian ‘ER’s face turned red. Just as she was about to explain, Su Cai’er glared at Su Yu again.

“Uncle Su, although you saved my mother and me, please don’t touch my mother!”

She was extremely disappointed and extremely sad.

Why did her mother become such a person? It shouldn’t be!

Her mother had missed her father for so many years and had never complained. Why did she become so unbearable when she saw this uncle su today?

Su Yu was stunned and looked at Su Cai’er. After a long while, he asked in disbelief, “Xian ‘er, she... is our child?”

Qin Xian 'er did not know why, but tears suddenly fell like rain. She was happy, sad, and nodded as if she had been relieved of a heavy burden. "Yes, she is Cai'er. Su Cai'er is the flesh and blood of you and me."

She had persisted for so many years so that Su Yu could see a complete, healthy child.

Now, her wish had finally come true.

Su Yu actually already had the answer in his heart, but hearing it from Qin Xian 'er made him feel at ease.

He looked at Su Cai'er, squatted down, and looked at her in the eye level.

There was an indescribable tenderness in his heart.

No wonder he had a wonderful impression of Su Cai'er when they first met.

No wonder Su Cai'er's thought of asking for help could be transmitted to his eyes.

No wonder he couldn't get angry at Su Cai'er no matter what.

It was his daughter!

Was it fate, or was it God's will?

He could have met them earlier, but it had been delayed until today.

Su Cai'er's eyes widened when she heard their conversation. She stared at Su Yu like a wooden stake, unable to move.

Was uncle su her biological father whom she had never met?

She had imagined countless scenes of reuniting with her biological father.

In her imagination, she would scold her irresponsible biological father, scold him for abandoning his mother and ignoring her.

In her imagination, she would decisively sever the relationship between father and daughter and never interact with him again, causing him to regret it for the rest of his life.

However, she had never imagined that she and her biological father would meet in such a manner.

In her heart, her heartless and vicious biological father was an uncle Su who saw injustice and was kind to her. He had saved her from danger several times.

This was the complete opposite of what she imagined her father to be.

Therefore, she stared at Su Yu in a daze, unable to say a word.

Towards uncle Su, she was extremely fond of and relied on him. She had an indescribable sense of trust.

However, she rejected and resisted her biological father from the bottom of her heart.

When the two of them merged into one person, Su Cai'er felt that she could not face him.

Her feelings at this moment were too complicated. Too complicated..

“Continue to hate me. Don’t make things difficult for yourself.” Su Yu reached out and touched her head. His voice was calm and gentle.

Su Cai’er raised her hand and wanted to slap his hand away.

But when she was in mid-air, she silently withdrew her hand.

Su Yu’s words made the hatred in her heart subside a lot.

Perhaps, it was just as her mother said.

All these years, her father had his own difficulties.

“I’m fine. As long as mother is happy, that’s good.” Su Cai’er looked at her mother.

For the first time in more than ten years, that always cold face was filled with happiness and a smile.

Su Yu looked deeply at Su Cai’er, and his heart was also complicated.

How could he make up for the loss of more than ten years of fatherly love?

All of a sudden, several powerful auras faintly appeared and rapidly approached.

Su Yu’s eyes flashed, “Let’s talk somewhere else.”

With a wave of his hand, the mother and daughter were swept away.

After a few breaths, four to five powerful cultivators arrived.

None of their cultivation levels were lower than the old man from before.

At the very least, they were at the void Nirvana stage.

There were even void Nirvana stage experts.

“Disappeared?” The late-stage void Nirvana stage elder narrowed his eyes and coldly said, “That guy ya que sent us a message before he died. He should be nearby.”

The group searched everywhere, but they found nothing.

“Immediately ask the ruler! The descendant of Ancient God Nine Netherworld has appeared. It’s time to use all our strength to search the entire sacred city!”

“En! I believe that the ruler will dig three feet deep and find the descendant of ancient god Netherworld!”

Chapter 2622 Time Wilderness

With how much the ruler of time valued ancient god Netherworld, it was completely possible to carry out any search and capture operation.

Upper Palace.

A ripple suddenly appeared in the guest room.

Su Yu's family appeared from within.

"Stay here for now. Try not to show your face in public in the future," su yu consoled the two.

The news that Qin Xian 'er was the successor of ancient god Netherworld had probably been exposed.

And with Su Yu's understanding of the ruler of time, Qin Xian 'er couldn't easily show her face.

"As long as I'm with brother Yu, it doesn't matter where I am," Qin Xian 'er said longingly.

Su Yu gazed deeply at Qin Xian 'er, his heart filled with indescribable tenderness.

Then he looked at su Cai 'er, and a sense of satisfaction arose in his heart.

Their family was finally reunited!

"By the way, where's Luo Xueyi?" Su Yu asked.

He had once asked Luo xueyi to protect Qin Xian'er, so why wasn't there any trace of Luo Xueyi?

Qin Xian'er's expression froze just now, and she said in a deep voice, "Xueyi, she... may have already met with an accident."

She fell back to the heaviness from the deep sense of happiness.

Su Cai'er's eyes were red as she said, "Aunt Xueyi stayed behind to stop the enemy in order to protect us, but she never caught up to us again."

Su Yu's heart skipped a beat.

He stood where he was and slowly closed his eyes.

A feeling of fate reverberated in front of his eyes. One of them was Luo xueyi.

Her fate fluctuated, indicating great danger.

Opening his eyes, Su Yu heaved a sigh of relief. "It's a blessing in disguise. She's not dead yet, but her situation is not good."

There was a high chance that Luo xueyi was captured by someone who controlled time.

Qin Xian 'er held onto Su Yu's arm and bit her red lips. "Brother Yu, Xueyi has always kept your advice and promise. He has never left her for many years and treated Cai'er as his own. Our family owes her a lot."

As a woman, she understood Luo Xueyi's intentions very well.

Not for wealth or fame. What was the reason for keeping her promise for more than ten years?

Of course, it was love!

Now, for this word, even her life was threatened.

Qin Xian 'er felt guilty.

Su Cai'er bit her lips tightly. She didn't want to beg Su Yu, but now, she could only beg, "Su... Father, please save Auntie Xueyi."

If anything happened to Luoxueyi, Su Cai'er would feel the most guilty.

Other than her mother, Luo Xueyi was the person who treated her the best.

In her heart, Luo Xueyi's status was not much worse than her mother's.

And she had fallen into the hands of the enemy because of her.

"I know. Don't be sad." Su Yu touched her head and said, "Your Aunt Xueyi is my lifelong friend. Even if you don't tell me, I will save her at all costs."

Qin Xian 'er held Su Yu's arm. She could clearly feel her body trembling.

It was because she was worried.

"It will be very difficult to save her, right?"

It was easy to imagine how difficult it would be to save someone from the ruler of time.

One moment of carelessness could even cost her life.

"I will make a detailed decision. You can rest in peace here. Don't go out," Su Yu reminded them.

After comforting the two of them, Su Yu returned to the banquet.

"Senior is finally back." Yaoguang and the others were surprised. Su Yu had returned so soon?

Who Had he killed?

Su Yu nodded calmly and said, "Which one of you is most familiar with the time ruler?"

Everyone looked at each other.

Yaoguang muttered, "May I know which aspect senior is referring to?"

They were not familiar with the time ruler.

The ruler of time was in seclusion all year round and rarely showed his face.

Even though they were descendants of the other rulers, they had only seen the ruler of time once when they came to the time domain.

After thinking for a while, Su Yu said, "To be honest, a friend of mine was taken away by the people of the ruler of time."

Ugh!

Everyone's expressions changed slightly.

"Senior wants to go and rescue him?" Yao Guang and the others did not harbor any hostility toward Su Yu because of this.

Among the people that the ruler of time had captured all these years, there were many ordinary people who were on good terms with them.

Therefore, there was nothing strange about it.

“En, do you know where the people who are captured are usually imprisoned?” Su Yu asked.

Yao Guang’s expression became solemn. He slowly shook his head and said, “Senior, I advise you to give up and stop thinking about rescuing them.”

The other descendants of the time ruler nodded, their eyes filled with fear.

“If you know anything or can help me, please feel free to tell me.” Su Yu clenched her fist, and eight different domains appeared in her palm.

“If it’s useful, I can give you some pointers on the flaws in your domains.”

The person who benefited the most from this was Lu Luo. She quickly said, “Senior, the people the time ruler captured are divided into two types. One is the ones he doesn’t value, and the other is the ones he values. I wonder which type of friend you have.”

Su Yu’s eyes flashed. Was there a difference?

“The latter.”

Lu Luo slowly shook her head. “Then, senior can really give up!”

“The ruler of time doesn’t care about the enemies he catches. He might even hand them over to his ten great protectors. Those great protectors are all at the peak of the Dao master level. Senior might be able to save them.”

“But if the ruler of time is paying attention to them, senior, please give up, because the ruler of time will imprison those people in his own time wilderness and banish them for eternity.”

Time Wilderness?

Confusion appeared in Su Yu’s eyes.

Lu Luo added, “The time wilderness is a half-true world that the ruler of time has spent his entire life creating with his time domain. There, time is endless, and all living beings can live eternally

“Once you fall into it, you will be bound forever, and you will never be able to leave.”

It could be imagined that compared to the world outside, that place was a world where time was frozen.

If you were forever frozen by time, it was naturally impossible for you to escape.

“Half-true world is a part of the ruler of time. Forget about sneaking in, even if you just take a glance at it, the ruler of time will immediately notice it.”

When Su Yu heard this, his face was expressionless. It was impossible to tell just how worried he was.

However, his heart was incredibly calm.

If that was the case, then there was no hope for him to save her in secret?

“Actually, there is hope,” Yanran said hesitantly in silence.

A brilliant light shone in Su Yu’s eyes. “What do you mean?”

Yanran asked hesitantly, “Senior, do you know that all the descendants of the ruler of time have the right to exchange their sovereign’s enchanted treasures with the ruler of time?”

“Yes.” A thought appeared in Su Yu’s heart. Could it be..

“Those sovereign’s enchanted treasures are in the semi-true world. Those who need the descendants of the ruler to personally promise to go there and obtain the corresponding sovereign’s enchanted treasures.”

Yanran said with a profound meaning, “If senior can find a descendant of the ruler of time who supports you, you can still go in. However, whether or not you can save your friend will not be noticed by the ruler of time, so we can’t guarantee that.”

No one could be sure that saving that friend would alert the ruler of time.

Su Yu’s eyes slowly narrowed as he fell into deep thought.

Chapter 2623 What More Could A Man Ask For?

Empress Starrain’s letter of authorization was with the tunnel lord who was traveling with her.

Su Yu had originally planned to arrange for him to retrieve the ruler-level magic treasure so that he would not show his face so that the ruler of time would not notice anything.

But now that he thought about it, he might really have to make a trip.

A moment later, he made up his mind.

Luo xueyi was willing to sacrifice his own life for his wife and children.

What else could he hesitate about?

“En.” Su Yu nodded and secretly crushed a jade scroll to inform the tunnel master to arrange a place to wait for him.

But at this moment.

At the top of the Upper Palace, a vortex of air appeared soundlessly.

From the Vortex, an unfurled scroll quickly floated down, filled with an unspeakable peerless pressure.

The entire upper palace began to tremble.

All the food and wine on the table were shaking.

The wine in the cup was shaking violently as it continued to spill out.

The chairs under everyone's feet were also moving uncontrollably.

Everyone, including them, felt as if their souls and bodies were about to be separated.

Yao Guang's expression changed dramatically. He led the time Dominators in the upper palace and knelt down. "We welcome the time Dominator's decree."

This was nothing more than a decree from the time sovereign.

The time sovereign's true body didn't even reveal a hint of its will.

Even so, it still brought with it an unimaginable amount of pressure.

Su Yu naturally wouldn't kneel before the time sovereign, but as the scroll neared, he could sense an endless amount of pressure.

He forced himself to stabilize his body, preventing himself from kneeling.

However, his soul was constantly trembling. It was about to break through the shackles of his body and escape.

Finally, he was close.

The scroll stopped at a height of thirty feet. A voice came from within the scroll.

It was hard to tell if it was a man or a woman, but it was abnormally thick.

"Follow the people in the sky and track down the following two people. There must be no mistakes."

As soon as the voice fell, the scroll burned on its own and turned into an image.

In the image were the figures of Qin Xian 'er and Su Cai 'er.

"We accept the Order!" The descendants of the ruler all agreed.

Only then did the pressure disappear.

They slowly stood up. Everyone was drenched in sweat. Traces of lingering fear rippled on their faces.

"How high is the cultivation of the ruler of time?" Lu Luo's face turned slightly pale.

Just now, she was almost suffocated by that scroll.

Yao Guang said in awe, "Don't make wild guesses. We won't understand the ruler's cultivation unless one day we can become the ruler."

Su Yu was still sitting on the spot.

However, his back was already wet, and the chair under his feet was also shattered by the pressure just now.

He used a trace of Xuan Dao power to forcefully maintain the chair.

Too terrifying!

That was the time ruler!

An imperial edict had such divine might. One could imagine that if he appeared..

No, there was no need for him to appear in person.

Just a thought incarnation was enough to make Su Yu die without a burial ground.

Going to the time wilderness where the time ruler was, it was really too dangerous.

The slightest carelessness would lead to eternal damnation! !

“Who are these two women? They actually attracted the ruler to personally issue an imperial edict to capture them?” Yao Guang and the others recovered from their shock and copied the scene that was about to disappear.

Lu Luo looked over and was also very curious. “They are two humans. How Strange. What do they have that is worthy of the ruler of Time’s attention?”

The ruler of time had not shown his face for many years, yet he had specially issued an imperial edict for these two women.

At this moment, several figures walked in one after another.

“Reporting to my lords, we have news to report.” The few of them each presented a message jade seal.

There were a total of eight jade seals.

After opening them, all of the major and minor powers had received the imperial edicts of the chief sovereign of time.

Even the unworthy members of the various factions in the sacred city had received the imperial edicts of the chief sovereign of time.

It could be said that in one night, all of the major and minor powers in the sacred city had received the orders of the chief sovereign of time.

Moreover, the news was spreading at an astonishing speed.

Before midnight, the entire generation would remember the two women who had been personally wanted by the ruler.

“They are actually so strict?” Several descendants of the ruler sucked in a breath of cold air.

Just what sort of existences were those two women! !

Yaowang said solemnly, “Immediately mobilize the Upper Palace’s forces and begin the search.”

The upper palace also had a lot of power and immediately began a strict search around the upper palace.

“Is there a need for the Upper Palace?” Lu Luo asked hesitantly.

Yao Guang said in a low voice, "For safety reasons, apart from senior's guest rooms, the rest of the guest rooms will be searched."

This time, the ruler of time was really serious. They did not want to have any negligence.

If it was really such a coincidence that the two wanted men were hiding in their place, then the situation would be too serious.

Thus, the upper palace also launched a strict search.

Except for the first-class guest room where Su Yu was, the other guest rooms were all searched closely.

Of course, the result was nothing.

"Senior, we need to go out and participate in the search. Please excuse us for a while." Yao Guang cupped his hands.

Su Yu shook his head and said, "It's fine. You guys go ahead."

After they all left, Su Yu returned to the guest room with an expressionless face.

Looking at Qin Xian 'er and Su Cai 'er who were hiding inside, he couldn't help but secretly rejoice.

He had come to the upper palace under an assumed name. This step was really the right one.

Otherwise, they should be running around at this moment.

With the current arrest momentum in the outside world, no matter where they hid, it wouldn't be as safe as the upper palace.

"Brother Yu, are they the ones searching for us?" Qin Xian 'er asked worriedly.

There were messy sounds coming from the rooms on both sides just now.

"Yes, but don't worry," Su Yu comforted her.

As he spoke, he looked at su Cai 'er and found that she was discussing martial arts with Huangfu Yi with great interest.

The age difference between the two was not big, so they were very compatible.

After thinking for a while, Su Yu said, "Cai'er, I have a place suitable for cultivation. Do you guys want to go in and Spar?"

Su Cai'er's eyes lit up. "Sure!"

Her martial arts was too weak, and she had always wanted to spar with her peers to improve.

Unfortunately, she had too few friends.

Huangfu Yi's strength was on par with hers, so it was the most suitable place.

Su Yu took out a spatial storage device, and Little Qilin and the others were among it.

The spatial fluctuation flashed and disappeared, dragging the two of them into it and cultivating quietly.

Only Su Yu and Qin Xian 'er were left in the room.

The two of them looked at each other without saying anything. Then, they hugged each other and kissed each other deeply.

Finally, the longing that they had not seen for more than ten years turned into a night of lingering affection.

The next day.

Xian 'ER's face was flushed red, and she lay in Su Yu's arms tiredly.

The night before had been too crazy.

She was exhausted and had no strength left. She allowed Su Yu's palm to play with her sensitive spots.

"Brother Yu, I'm so happy." Qin Xian 'er said with her eyes closed, half asleep and half awake.

Su Yu smiled with satisfaction in his eyes.

What more could a man ask for in life when he had a wife like this.

Chapter 2624 No Mistakes

In the years when he was not around, how much pain did Qin Xian 'er have to endure to grow up with Su Cai 'er? How much pain did she suffer?

He owed Xian 'er too much.

Looking at Xian 'er who was gradually falling asleep, Su Yu slowly pulled the blanket over her and got up himself.

Xian 'er should rest now.

But Su Yu still had things to do.

He put on his bamboo hat and flew out of the upper palace to meet the tunnel master.

As he passed by, Su Yu frowned slightly.

The search this time was even more rigorous than he had imagined.

The entire sacred city had fallen into a state of stagnation because of the search.

All the shops, inns, caves, restaurants, residents' debts, abandoned houses..

Wherever there was a possibility, there would be people from different forces searching over and over again.

Some places where tunnels existed were even directly destroyed by experts, digging three feet into the ground to search.

"How crazy," Su Yu said coldly.

The entire sacred city was filled with a sickly madness. From the side, it could be seen how much they respected the ruler of time.

The decree without any rewards had made them execute it like crazy.

It showed the majesty of the ruler of time.

He came to the inn where the tunnel master was.

It was already empty inside, and there was a mess everywhere.

Only the shopkeeper and the waiters were organizing inside with bitter faces.

“Where are the guests inside?” Su Yu asked with a frown.

He had already sent a message to the tunnel master in advance, and the latter should be waiting for him here.

“They were all captured.” The shopkeeper sighed.

Su Yu raised his eyebrows. “Captured? Why?”

Weren’t they only searching for Qin Xian ‘er and Su Cai ‘er? Why were they even capturing innocent people.

“Isn’t it...” the shopkeeper wanted to say something but hesitated. He cautiously pointed to the sky, meaning that it was all because of the imperial edict that fell from the sky.

“Anyway, the outsiders in the inn were all labeled as suspects and were captured. Now they should be locked up in the temporary prison outside the city and interrogated one by one.”

It turned out that the large-scale search last night had yielded no results.

Therefore, they had changed to capturing all the outsiders together to see if they could find any relevant clues.

Su Yu frowned. What a mess.

As such, Su Yu had no choice but to head out of the city.

However, he saw an incomparably huge array formation outside the city. It was at the level of a Heavenly Dao master.

Within the array formation were hundreds of millions of different kinds of creatures.

All of them had been captured last night.

With that powerful formation, no one who was captured would be able to escape.

Su Yu hid in the dark and swept his gaze around. Very quickly, he discovered the tunnel master who was traveling with him.

The latter had a helpless expression as he waited for the time ruler’s guards to investigate.

As the guard of Empress Starrain, he was naturally not suspicious. After a round of soul searching, he easily released her.

“Come here,” Su Yu sent a secret voice transmission.

The guard heard this and immediately walked over. “Lord Su, it’s great that you’re safe.”

He thought that Su Yu had also been arrested.

The sacred city yesterday was really crazy.

People from the ruler of time were everywhere, arresting people wantonly.

Anyone who was not a local would be arrested. Yesterday, he was perfectly fine in the inn, but he was captured by a group of ruler’s guards.

Su Yu asked, “Do you still have the Empress’s credentials?”

The latter nodded and took out a letter of authorization from Empress Starry Rain.

With this item in his hand, he could represent empress starry rain to head to the time wilderness to exchange for the corresponding sovereign artifact.

“When does my lord plan to go? In another half a month’s time, the time wilderness will be forbidden to enter.”

Su Yu thought for a moment. “Tonight.”

If he delayed for even a moment, Luo xueyi would be in danger.

The earlier he was rescued, the safer he would be.

“Sir, be careful. After entering the time wilderness, remember to follow the rules inside. Do not act recklessly, or your life will be in danger.”

Su Yu nodded. “I understand.”

After receiving the authorization letter, Su Yu was about to urge him to go back first.

Suddenly, his gaze locked onto a man and a woman in the array formation.

The man was a blind man with both eyes. His hands were placed on the shoulders of a young and beautiful woman.

Under the latter’s lead, he groped his way forward.

When he saw the two of them, Su Yu’s pupils constricted slightly.

“Bi Yun Hong Xian? golden-eyed Prince Charming?” Su Yu was shocked.

He had actually met these two in the sacred city.

He wanted to go up and acknowledge them, but in the end, he gave up.

Tonight, he was going to the time wilderness, so it was not appropriate for him to stir up trouble.

He restrained his aura and quietly left with the tunnel master.

Bi Yun Hong Xian seemed to have sensed something, and her golden eyes looked in the direction Su Yu had left.

“Hong Xian, what are you looking at?” Behind her, golden-eyed playboy sensed Bi Yun Hong Xian’s paused footsteps and asked.

Biyun Hong Xian shook her head. “Nothing.”

She felt that her senses were wrong because she seemed to have sensed Su Yu’s gaze just now.

“Don’t be distracted. According to the original plan, we will enter the Time Wilderness Tonight to exchange for a ruler-level magic treasure. If everything goes smoothly, we will be able to change the situation without the ruler-level magic treasure noticing us,” the golden-eyed prince said.

Biyun Hong Xian’s expression became much more solemn.

She said solemnly, “After seeing the majesty of the ruler of time yesterday, Father, do you still think that our trip will be a success?”

Although golden-eyed Langjun was blind, his heart was still cunning and wise.

“Don’t worry. As long as we follow my plan, everything will go smoothly. From now on, the two of us will become the people that Emperor Shaohao relies on the most. When he becomes the ruler of time one day, it will be the day that the two of us will rise to great heights.”

Biyun Hongxian was not without doubts.

“Father, is this really good? Your plan excludes Yanran,” Biyun Hongxian said worriedly.

Golden-eyed langjun sneered. “Do you still want to be inferior to that woman? She has tried to kill you many times along the way.”

Biyun Hongxian was silent.

Indeed, they and Yanran had received Shaohao’s orders at the same time to come to the sacred city to exchange for a ruler-level magic treasure.

But on the way, Yanran had shown her killing intent to her more than once.

She had even abandoned the two of them when they arrived at the sacred city and went to the upper palace by herself.

“I think it’s better for father to have a new plan. I always feel that that woman is not easy to deal with.”

The golden-eyed Langjun had the air of looking down on the world.

“Don’t worry. I’ve already calculated everything. There’s no mistake!”

At night.

The nine moons above the sacred city gave off a dazzling light.

Compared to Last Night’s wanton search and many craziness in the sacred city, it was exceptionally quiet today.

In front of the Hall of gods.

Su Yu stood in front of the stairs and stared at the seemingly ordinary hall. He was secretly shocked.

At first glance, it was indeed an ordinary hall that couldn't be any more ordinary.

However, only time domain users could sense how extraordinary this hall was.

A brick and a tile were not ordinary items. They were formed from the time domain.

This hall was right in front of them, but in reality, it was not in the space-time before them.

Instead, it was in another space-time.

Unless one had the power of heaven and earth, they would not be able to destroy the past space-time. Otherwise, no one would be able to destroy the hall of gods, brick by brick.

Stepping into the hall of the ruler is equivalent to stepping into another space-time.

Chapter 2625 Representative Of The Sovereign

If one was not careful, one would be lost within and would never be able to come out again.

"Who are you?" Su Yu had just arrived at the door of the Hall of the sovereign when someone sternly berated him.

He raised his head and saw that it was the giant door of the hall of the sovereign speaking.

A five-colored mouth appeared on the giant door.

It was the one speaking.

"Empress Starrain has sent an envoy to exchange for a sovereign artifact." Su Yu took out the letter of authorization.

Swoosh --

The letter of authorization left his hand and fell into the mouth.

As he chewed, he slowly nodded. "There is nothing in the letter of authorization. You can pass through. Come over and accept the inspection."

As he spoke, the mouth slowly opened.

Inspection?

Su Yu's eyes slowly narrowed.

When he had known about this beforehand, he had never heard of the so-called entry inspection?

"What Are You hesitating for? Come over quickly!" The large mouth urged. "Since yesterday, the ruler has personally arranged for an inspection. All those who enter have to undergo an identity inspection."

The ruler must have caught Luo xueyi and had taken precautions to prevent those who were extremely daring from barging into the hall of gods to rescue Luo xueyi.

Su Yu hesitated.

This giant mouth's detection should be able to penetrate the bamboo hat, right?

It could even detect the eight domains in her body.

Once her identity as the successor of ancient God Nine Dragons was exposed, Su Yu simply didn't dare to imagine what the consequences would be.

"Why are you hesitating? is your identity suspicious?" Su Yu asked

Huala --

Two clay figures walked out of the giant door.

They looked simple and crude, but each of them emitted an ancient aura.

There was some absolute beginning Qi in that aura.

Su Yu's pupils constricted. could these be puppets made from the Earth that created the world?

The cultivation of each puppet was terrifyingly high, so high that they were at the peak of the Earth Dao master level!

Su Yu was sure that if he wanted to escape.

With a turn of his body, the other party would be able to smash him into smithereens.

Countless thoughts flashed through his mind.

What should he do now?

He was caught between a rock and a hard place.

After pondering for a moment, he stepped forward and entered the huge mouth.

Rather than being killed by the two clay figurines, it would be better to think of a way in the huge mouth.

As soon as he entered, streaks of purple light shot towards him.

He subconsciously wanted to dodge, but the voice of the giant mouth came to his ears, "Don't move. Accept the inspection. Otherwise, if you are regarded as a suspicious person, kill them all!"

As if responding to the giant mouth's words, the rays of purple light turned into a peerless sharp light.

Su Yu held his breath and tried his best to gather the eight domains in his body in his abdomen and compress them into one point.

Whoosh --

The first ray of purple light shot over and passed through his body without any obstruction.

"Physical Examination: ordinary human bloodline, containing weak ghost bloodline, Dragon bloodline and impure bloodline. Physical quality, low!"

Then, the second ray of purple light shot over.

Su Yu immediately felt that something had passed through his soul.

"Soul Examination: Superior soul, tenacious and after marriage, extremely pure soul power."

There was a hint of surprise in the giant mouth's voice.

Obviously, Su Yu had a powerful soul that was not compatible with the human body.

"Domain detection..."another purple light shot over, constantly searching for possible domains in Su Yu's body.

Su Yu could clearly feel that a consciousness was spreading from his head to his body in all directions.

His neck, chest, and abdomen.

Every part of his body was examined with extreme care. It was impossible to miss anything.

Perhaps due to Su Yu's previous performance, the giant mouth had become suspicious, so the inspection was especially slow and careful.

The consciousness was getting closer and closer to his abdomen.

Seeing that it was about to be detected, Su Yu's heart sank bit by bit.

If it was really detected, then he could only try his best to escape.

However, what surprised Su Yu was that the consciousness actually penetrated his abdomen.

He did not detect the existence of the domain at all.

When the consciousness finished examining Su Yu's entire body, it still did not stop and re-examined him.

However, it still did not discover the existence of the eight domains.

"En, the domain is the wind domain, the grade is low."

The huge mouth finally let go.

"Identity check passed. Go in."

Su Yu was a little confused. He walked into the depths of the palace expressionlessly.

Following the tunnel in his mouth, he successfully entered the hall of gods.

The inside of the palace was indeed an unusual place in time and space.

From the outside, the hall of Gods was in the bustling holy city.

But here, he found that there was an extremely long river near the hall of gods.

Su Yu was no stranger to that river.

It was the long river of time!

The hall of gods was right by the river.

A group of people with different cultivations were gathered by the river, chatting with each other.

Su Yu's arrival attracted the attention of quite a few people.

"Oh? It seems that we have another competitor." A creature with horns on its head looked at him mockingly.

Its cultivation wasn't weak; it had reached the late-stage of the Nirvana realm.

"Humans? That's strange. Which random descendant of a sovereign has appointed a human to be the one to exchange for a sovereign artifact?"

Su Yu didn't say anything as he silently sized them up.

There were nine of them in total.

From their positions, postures, and races, it was obvious that they weren't from the same group.

"What a coincidence. They're all here at the same time," Su Yu thought to himself.

After having been in the sacred city for a while, Su Yu had gained a general understanding of the entire temporal domain.

The temporal domain under the reign of the time ruler was divided into three realms.

The dreambreak realm was one of them.

Aside from that, there was the Awakener World and the netherworld.

The other two realms also had descendants of the time ruler, and there were even more of them than the dreambreak realm.

The group of people in front of him should have come from the awakener world and the netherworld.

For some reason, the people from the two worlds actually chose to go to the sacred city at the same time to exchange for a ruler-level magic treasure.

Could it be that there was a secret that the dreambreak realm didn't know about?

As he pondered, Su Yu came to a corner and didn't talk much with them.

"Brother, are you the representative of a certain time ruler in the Dreambreak Realm?" A red-haired middle-aged man walked over with a smile.

He was conversing with Su Yu in a friendly manner.

"I am from the Heaven Awakening Realm. The Brahma Heavenly Emperor's representative, the Red Snow Sword, is here to retrieve a ruler-level magic treasure," the red-haired middle-aged man said with a chuckle.

One could not tell from his expression that the other living beings were looking down on humans.

Su Yu said calmly, "The representative of the Queen of the astral rain in the dreambreak realm, Su Yu."

He did not have much trust because of the other party's attitude.

Could someone who could be sent by the Brahma Heavenly Emperor to retrieve a ruler-level magic treasure be a simple-minded person?

Obviously not!

"So it's little friend Su." A hint of contempt flashed in red snow sword's eyes.

The reputation of the astral rain empress had been heard far and wide in the waking world.

It was said that she was the weakest among all descendants of the ruler of time in all aspects, and she had not even opened her bloodline yet.

There was no hope for him to fight for the position of ruler.

"I wonder what level of ruler-level magic treasure is young friend Su planning to exchange for?" redsnow sword asked with a smile.

Su Yu said calmly, "I'm barely qualified to exchange for it. What level is there to talk about?"

The lowest level of exchange was three hundred.

Only three hundred?

Redsnow sword smiled and didn't say much.

Chapter 2626 Time Reversal

"Hehe, brother Hong, if I Were you, I wouldn't even bother to ask. It's already a first for Empress Starrain to be able to gather 300 contribution points, yet you're still looking forward to her contribution." A creature that was half black and half light.., he chuckled.

Su Yu glanced at the other party indifferently.

His contribution was 500 points. He did not know whether it was more or less among all the descendants of rulers.

"Young friend Su, don't mind him. Dark Sky God is such a person." Hong Xuejian consoled him, but he took the opportunity to leave.

Clearly, he had also lost interest in Su Yu.

Perhaps the contribution of three hundred was too far from what he had expected.

The group of people were still waiting here.

Because to go to the time wilderness, they had to take the time boat specially built by the ruler of time.

Otherwise, none of them would be able to go against the flow of time.

As they waited patiently, several days passed.

Su Yu's mood became more and more anxious day by day.

Until half a month later.

Only then did a small boat slowly go against the flow from the end of the long river.

On the boat stood a clay figurine.

Its cultivation was almost the same as the guard guarding the door.

The clay figurine rowed the oars and slowly docked.

Red Snow Sword, Dark Sky God, and the others were a little excited. They all came to the shore and jumped onto the small boat.

Su Yu also jumped onto the boat and waited for the boat to start.

At this moment, two more figures passed through the huge mouth and arrived in the hall.

Looking into their eyes, they were no one else.

They were golden pupil prince-in-law and Bi Yun Hong Xian.

Su Yu pressed down on his bamboo hat. He could not help but be surprised. The two of them had also come together?

Could it be that they were also representing a descendant of a ruler?

Huala --

At this moment, another figure arrived.

It was none other than Yanran!

She took a few quick steps forward and rushed in front of golden-eyed Langjun and the others with a cold expression. Without turning her head, she said, "Listen to my orders all the way."

Golden-eyed langjun and Bi Yun Hong Xian both acknowledged her orders and did not dare to refute her.

Su Yu saw everything.

It turned out that after the father and daughter came to the eight-star civilization, they had joined Shao Hao's forces.

He sat quietly by the side of the boat and did not say a word.

After Yanran and the others boarded the boat, they did not recognize Su Yu.

She looked around and found that only a few people had not hidden themselves. The rest had all hidden themselves.

For a moment, she was not sure if Su Yu had arrived here.

Huala --

The small boat left the shore and led the people upstream against the flow of time.

As they passed by, one could see the light and shadows of time that had passed.

Those light and shadows recorded the experiences of the ruler of time.

Most of them were cultivation and peaceful lives.

However, the further upstream they went, the closer they were to the beginning of the new age. Those experiences were even more soul-stirring.

Scenes of the ruler of time battling against all sorts of experts flashed past.

No one could see the ruler of Time's face in any of the scenes.

All they could see was the back of the ruler of time.

Any powerful enemy would be reduced to dust under the pressure of that powerful back.

Finally.

When the small boat arrived at its destination.

In the distance, an extremely vast scene appeared before everyone's eyes.

It was still the battle between the ruler of time and the enemy.

The difference was that beside the ruler of time, there was a gloomy young man holding a nine-colored ruler.

The two stood side by side.

At the same time, they faced an ice-cold woman wearing a black cloak and a phoenix crown on her head.

The latter's body was burning with endless black flames, burning the world into pieces.

In the eyes of the black-clothed woman, the vast world and the earth were just like mud balls.

As for the ruler of time and the young man with the nine-colored ruler, they emitted a peak aura of destruction.

The two supreme existences looked at each other in another space and time.

The invisible collision between them gave birth to a peerless aura that could destroy the world.

Before the small boat approached, the bow of the boat emitted creaking sounds.

The small boat also became extremely difficult to move forward.

The clay figure used all of its strength to force the small boat to continue moving forward.

However, the further it went, the more terrifying the aura became.

Everyone on the small boat felt suffocated.

They even had the urge to kneel down and worship.

That was just an image from the past!

It had already dissipated for an entire era.

However, the remaining pressure still posed a great threat to them.

"Roar!"The golem growled. Its body emitted a thick absolute beginning aura as it forcefully stared at that terrifying pressure.

Only then did everyone feel better.

However, even so, their hearts were still pounding wildly.

Looking at the scene in front of them, they felt that the battle in the scene wasn't in the distant past.

Instead, it was right in front of their eyes.

Dong --

Finally, the small boat reached the shore with great difficulty.

Under the protection of the clay figurine, they successfully landed on the shore.

After they landed on the shore, the pressure disappeared without a trace.

However, there was still lingering fear in everyone's eyes.

"It's too terrifying!"

"Is that a war against those of the same level?"

"War? You're thinking too much. They're just standing there and looking at each other. We haven't even fought yet! If we had really fought, we would have died just now!"

Hearing this, everyone was even more shocked.

A Battle of that level, even if they were an era apart, could still kill all of them in the future.

"Who are those people?"

"Supreme existences of Heaven and earth?"

Perhaps only Su Yu understood this.

The black-clothed woman was none other than the fallen ancient god of nine netherworld!

And on the other side, one was the ruler of time.

The other was... Carefree Heaven's son!

And it was carefree heaven's son's true body!

Carefree Heaven's true body and the ruler of time had joined forces to annihilate ancient god of nine netherworld.

This was the truth of the past.

In the early years of the new age.

Ancient God Nine Dragons had seized the fortunes of the eight rulers, preventing them from breaking through to another level.

The eight ancient gods took this opportunity to rise and become existences that surpassed rulers.

With the strength of rulers, it was impossible for them to defeat ancient gods.

There was bound to be another even more tyrannical force participating.

Now, the truth was clear.

It was the child of stone embryo!

They personally killed several ancient gods.

The remaining ancient gods hid in the Dao Abyss, never to see the light of day.

The entire eight-star civilization and many ancient god domains were occupied by the rulers, who were constantly digging and exploiting.

The rulers hoped to find the fate they had been robbed of by excavating the resources of the ancient god domain.

In order to break through that layer of shackles and become an existence that was on par with the ancient gods.

But at the moment, no ruler had succeeded.

That was why the ruler of time was so eager to capture the descendants of the ancient gods of the netherworld.

Even if the sacred city fell into chaos, he still wanted to capture Qin Xian 'er and Su Cai 'er.

Su Yu clenched his fists.

No matter what, he would never allow Xian 'er to fall into their hands.

"Look! That's the ruler's magic treasure, Mount Tianlun!" Someone suddenly noticed a snowy mountain rising from the ground in the distance.

On the mountain stood an emerald pine tree.

On the tree hung many sealed magic treasures.

There were a total of seventy-nine.

At this moment, the voice of the clay figurine came from behind.

"The Dominator's magical treasures were originally sent by the Dominator to the descendants of the Dominators. However, due to unforeseen circumstances, you are allowed to choose from them!"

Chapter 2627 The Beginning Of A Conspiracy

"You can only take the corresponding dominating magical equipment, understand?"

Everyone nodded.

Without the Golem's warning, they wouldn't dare to take a magical equipment that was higher than their contribution.

Otherwise, the consequences would be very serious.

"It seems that you all understand. I don't need to remind you, but I still have to explain," the Golem said. "If you take a magical equipment that is higher than your contribution without permission, you will trigger an attack in the time wilderness

"At that time, all of you will die here. No one will be spared. Do you understand?"

Hearing this, everyone could not help but narrow their eyes.

Dark sky god asked, "Wait! If someone else takes it, we will also be implicated, right?"

The golem said indifferently, "Yes! Because the power in the time wilderness is too strong. Unless the ruler personally comes, no one can control it! Once it is activated, it will be an indiscriminate destructive attack."

Hearing this, everyone sucked in a breath of cold air.

Wasn't the consequences too serious?

One of them was stupid, and everyone was going to die with him.

Now, the people who were ready to rush over were doubtful and didn't dare to go forward.

If a group of people surrounded them, one of them would make a mistake, and the others wouldn't be able to escape even if they wanted to.

If they stayed here, they could still hide in the small boat before the disaster arrived.

Dark Sky God pondered for a moment and said, "How about this? Each of us will go alone. We'll draw lots to decide the order in which we go."

Each of them would take turns to go up. If someone were to be stupid, they would only be the ones who would be harmed. They wouldn't be able to implicate others.

Unfortunately, no one responded to him.

"That's easy for you to say. The first person to go up can exchange for the best magic treasure of the same level. It's too unfair to just draw lots to decide." Red Snow Sword shook his head and rejected it.

It was also a ruler-level magic treasure that required three hundred contribution points.

There was also a difference between the two.

The first person to go would naturally have the advantage.

The last person to go would only be secretly unlucky.

And the one to decide the order would only be drawing lots. Who would be willing?

Dark sky god snorted, "Then what do you guys think we should do?"

While everyone was arguing, two figures stood out from the crowd.

They were Jade Cloud Red Immortal and golden-eyed prince.

The latter laughed, "We'll be extra slow here. I'll go first."

Everyone's expressions changed. Who would be willing to fall one step behind and wait here slowly and foolishly?

"Forget it. I hope we won't be stupid. We'll take as many magic treasures as we can for our contributions." Dark Sky God gritted his teeth and rushed over.

Thus, everyone who had yet to reach an agreement immediately swarmed over.

Su Yu's footsteps moved. When his gaze landed on the golden-eyed prince and his daughter, he hesitated and withdrew his footsteps.

He did not understand the others, but did the golden-eyed prince not understand his character?

He was a person full of ambition and scheming everywhere.

Just now, the situation where there was a chance of reaching an agreement was also destroyed by the golden-eyed prince himself.

This caused everyone to rush over.

Su Yu would never believe that he didn't have a conspiracy.

Seeing that they were about to rush to the tree.

Su Yu's heart moved, and a beautiful spatial domain was cast.

His body turned into a pool of water.

In an instant, he arrived under the tree.

At the same time, Yanran also arrived.

She looked at Su Yu in surprise, and then came to a realization. "You really came?"

Who else but Su Yu could use her spatial domain?

Su Yu hurriedly nodded. Before anyone else arrived, she immediately took out Empress Starry Rain's contribution certificate and placed it on a magic treasure at the very top.

It was a purple ring with many Dao Masters'comprehensions carved on it.

Threads of destructive power leaked out from it, turning into purple light that scattered across the sky.

As a result, almost half of the sky was occupied by the purple light.

It was the third-ranked sovereign magical equipment.

Five hundred contribution points were required.

Seeing the scene from afar, dark sky god cursed furiously, "Retreat! He is up to no good!"

Red Snow Sword's eyelids were also twitching violently. Without thinking, he turned around and fled.

He was equally furious.

Was the representative sent by Queen Starrain hoping that nobody else would be able to get the ring if he could not get it?

She clearly had a pitifully low contribution, but she deliberately took the third-ranked ring in order to take the opportunity to trigger an attack in the time wilderness!

The crowd that had originally swarmed over immediately retreated like a tide.

Golden-eyed prince was pulled back by Bi Yun Hong Xian and asked in a deep voice, "Hong Xian, what's the situation?"

Bi Yun Hong Xian pursed her lips and said, "Someone has arrived one step ahead and is preparing to trigger an attack in the time wilderness."

"What?"Golden Eyes Langjun's face was filled with killing intent. "Damn it, who sabotaged my plan!"

Everyone ran for their lives, afraid that the array behind them would attack them.

However, to their surprise, the array in the time wilderness had not been activated for a long time.

When they looked back.

Su Yu had already taken off the purple-gold ring and was holding it in his hand.

It had not triggered any attacks from the time wilderness at all.

Everyone was stunned for a moment before they came to a realization.

"It can't be that Queen Starry Rain's people have successfully obtained a full 500 points of contribution, right?"

"That's impossible, right?" The most astonished red snow sword said, "Our queen has only obtained 430 points."

430 points was already the highest among them.

Who would have thought that Su Yu's was even higher!

It actually reached 500!

"Put it down, that magic treasure is mine!" Dark Sky God was furious.

Before he came, the descendant of the ruler had warned him that he had to get the purple light life killing ring, which was ranked third.

By grasping this ring, he would be in an undefeatable position in the battle for the ruler.

As for the Magic Treasures ranked first and second, he believed that no one would be able to get them.

This was because the required contribution was a heavenly book number. There was simply no time for the descendants of the ruler to gather enough.

However, they had already retreated a lot, creating a long distance between them.

Su Yu had plenty of time to leave calmly.

He glanced at Yanran beside him.

The latter was still hesitating over which magic treasure to choose.

Su Yu pondered for a moment, grabbed her shoulder, and said, "Follow me!"

Yanran said in surprise, "Wait, senior! I haven't chosen yet!"

"It's Too Late!" As he cried out, Su Yu activated his space domain and fled.

Moreover, he didn't return to the ship, but headed toward the depths of the time wilderness.

Yanran was angry and angry.

Even if she had the heart to respect Su Yu and wanted to borrow his power, she couldn't help but be angry.

But Su Yu took the liberty to take him away from the ruler artifact, making him lose the chance to choose first. She couldn't help but be angry.

That was the key to deciding the outcome of the battle between the descendants of the sovereigns.

Su Yu had actually ruined it!

"Let go of me!" Yanran berated as she struggled to break free from Su Yu's hand.

Especially when she discovered that the group of people had already reached the snow mountain and had begun to exchange for the sovereign artifact, her heart was filled with anxiety and hatred.

She wanted nothing more than to give Su Yu a slap on the spot.

How could he be such a bastard!

Su Yu's expression was grave. He grabbed Yanran tightly, ignoring her struggles, and teleported several times in a row.

Chapter 2628 The Pursuit Of A Magic Treasure

Soon, the tree completely disappeared from sight.

Only then did Su Yu slowly stop and stand in front of a mountain peak.

He turned around and looked into the distance behind him.

Yanran was released and her face was filled with anger. "Senior, what do you mean by this? Are you deliberately making Shaohao your enemy?"

Su Yu raised his finger and pointed into the distance. "Take your time to look. You'll understand."

"What are you looking at?" She stared into the distance. There was nothing there.

At this moment, on the snowy mountain.

Everyone swarmed over. They were almost fighting over their own credentials to exchange for the Dharma Treasures they needed.

Everyone was very cautious.

They would definitely only take dharma treasures that were lower than their own contributions. They would never dare to cross the Lightning Pool.

However, there was one person who was out of everyone's expectations.

That was... the golden-eyed prince!

Under his orders, Bi Yun and Hong Xian flew to the top of the tree and picked up the number one treasure.

Seeing this scene, the others were so scared that their faces turned pale.

It was impossible for anyone to gather enough contribution points for the number one treasure!

Dark Sky God's eyes were about to crack. "Put it down!"

As he roared, Dark Sky God's body erupted with two completely opposite powers, darkness and light.

Light and darkness, the two powers annihilated each other and turned into a blurry state of ashes that scattered towards Bi Yun Hong Xian.

The strength of that power was comparable to that of an Earth Dao master.

Bi Yun Hong Xian was only at the level of a Yellow Dao master, how could she possibly avoid it?

However, at the critical moment, Bi Yun Hong Xian seemed to have predicted it and dodged it first. This caused the attack that should have killed her to miss.

Then, she casually reached out her hand and plucked the most powerful magic treasure.

The moment the dominator magic treasure left the tree, the entire time wilderness began to shake violently.

The clear sky suddenly turned into a sea of fire.

Countless Flames poured down from the sky and poured over everything within a radius of hundreds of millions of miles.

The terror of the Flames was enough to destroy everything.

Even if the tunnel lord was here, he would be annihilated in an instant.

Dark Sky God turned pale with fright. He didn't even care about the ruler-level magic treasure he had, and he crushed an extremely high-level life-saving magic treasure.

The Magic Treasure swept up his figure, and before the flames fell, it turned into an afterimage and flew toward the small boat.

However, before he arrived, a sea of fire had already landed on the shore.

A blood-curdling scream, as powerful as Dark Sky God, was instantly incinerated by the Sea of fire and turned into smoke.

The same scene appeared in every corner.

At this critical moment, the representatives of the descendants of the sovereigns all activated their registration secret arts and fled.

However, in the end, they were all turned into ashes by the falling flames.

"Ah!"

"Ah! You two B * stards..."

Endless screams, countless curses, and countless ashes interweaved in the sky-toppling flames.

Only a few representatives of the rulers were lucky enough to escape the flames and escape to the depths of the time wilderness.

As for the golden-eyed Langjun and Biyun Hong Xian, they were able to predict the future and walked in front of the falling flames with every step they took.

As if they were walking on flat ground, they easily avoided all the descending flames.

They left the area before the entire land was covered by the flames.

Looking back, they found that it was a hell on Earth behind them, too.

The representatives of the Dominators had all died here.

The pine tree that was sealed with the magical equipment of the Dominators had been burnt into a dead tree in the attack of the time wilderness.

The magical equipment on it flew in all directions like shooting stars.

Golden-eyed langjun raised his head and looked at one of them. "That one, chase after it."

That was the number one ruler's magic treasure.

Although Biyun Hongxian had taken it down just now, she hadn't been able to get it.

The moment the fire descended, that magic treasure flew out of her hand.

Biyun Hongxian nodded and rushed over.

At that time.

On the mountain peak in the distance.

Yanran, who was originally furious, stood on the spot with a pale face.

She couldn't help but tremble in fear.

Through her senses, one after another, the auras of the rulers disappeared and died.

They were all buried in the sudden heaven fire.

Su Yu said slowly, "Do you know why now?"

Yanran came back to her senses and knelt down without thinking, kowtowing again and again.

"I can't repay senior for saving my life!" How could she not understand that Su Yu had seen through the clues, so he immediately took her away.

Otherwise, she would not have been able to escape in time if she had stayed at the scene to pick up something.

Recalling how she had almost cursed and blamed Su Yu in anger, Yanran's face was full of shame as she kept apologizing, "This junior is muddle-headed. Please punish me, Senior."

Su Yu's expression was indifferent, "On account of our friendship, I only saved your life."

He raised his head and saw a meteor flying over his head.

Su Yu stretched out his hand and grabbed it. A spatial domain descended and caught it.

He grabbed it back and saw that it was a talisman.

The Talisman was a defensive magic treasure at the early stage of the Heavenly Dao master level. Once it was used, it could block a blow from the Heavenly Dao master.

This was the lowest grade of all the ruler-level magic treasures.

Su Yu kept it in his bosom and looked at the scattered stars in the sky. "If you don't mind, follow me to look for those scattered magic treasures, right?"

Yanran also noticed that there were many ruler-level magic treasures scattered in all directions, waiting for people to snatch them.

And among all the ruler-level representatives, only Su Yu, Yanran, and a few others were left.

Those ruler-level magic treasures were basically all theirs!

Yanran's heart thumped with excitement. She said in ecstasy, "I'll do as senior says."

Su Yu's eyes secretly flickered, and he swept Yanran in all directions.

Actually, Su Yu's target was not those ruler-level magic treasures.

He was searching for Luo Xueyi while searching for the ruler-level magic treasures.

The reason why he wanted to bring Yanran with him was because he wanted to hide his spatial domain ability as Yanran's descendant of the ruler of space.

Otherwise, he would be able to use his spatial domain alone.

That ruler of time would probably be able to immediately sense that there was something wrong with Su Yu's identity.

On the contrary, with Yanran around, even if the time Dominator was able to see her, he would assume that it was Yanran's spatial domain.

After all, Su Yu had no choice but to be more cautious in the time wilderness.

The two of them chased after a star as they sped through the wilderness.

Just like the name, the time wilderness was a wasteland.

There was no time at all.

Everything was the same.

They were rushing here and couldn't feel the passage of time at all.

Su Yu took the opportunity to search for Luo xueyi.

On the way, he occasionally found many people who had been exiled here. They were probably the same as Luo xueyi, who was valued by the time dominator and thus trapped here.

Unfortunately, there was no Luo xueyi among them.

It was unknown how long it took.

They finally caught up to the speeding star.

When they caught it, they saw that it was a low-level offensive magic treasure that looked like a cudgel.

This was also a one-time offensive magic treasure that contained the power of an early-stage Heavenly Dao master.

Su Yu caught it and casually threw it to Yanran.

"Senior, are you really giving it to me?"Yanran's heart pounded wildly.

Chapter 2629 The Snowsuit's Location

Su Yu said, "Take it. There are still many more magic treasures behind."

Only by giving her a taste of the sweetness would she be able to continue to accompany Su Yu to look for the snowsuit.

Su Yu stared at the second star and continued to move forward.

Yanran was eager to give it a try, looking forward to it.

Not long after, she found the second star. It was a magic treasure that was worth 400 contribution points. Among the 49 magic treasures, it could be considered an intermediate level.

However, it was a supplementary magic treasure. Its function was to forcibly take away a magic treasure of the same level from the other party.

Su Yu accepted it, and Yanran did not have any objections.

After that, they found the third magic treasure. Su Yu handed this one to Yanran, and the latter was overjoyed.

The two of them ran around, constantly searching for the scattered sovereign magic treasures.

Half a day later, they had already found a total of twenty pieces, which accounted for almost half of all the sovereign magic treasures.

However, they still couldn't find Luo xueyi.

"Could it be that Luo Xueyi wasn't banished to the Time Wilderness?"

Su Yu thought to himself.

At this moment.

Yanran suddenly raised her eyebrows and said in surprise, "Strange, the two of them are still alive."

She flew over and stood on a cliff.

Looking at the valley below her feet, she vaguely saw two figures picking up a falling star carefully.

"You two! Come Here!" Yanran's expression turned cold as she shouted.

Golden-eyed Langjun and Biyun Hongxian's expressions changed at the same time as they looked at the peak of the cliff with some respect.

"Lord Yanran!" Biyun Hongxian pursed her red lips slightly as a trace of panic flashed across her eyes.

Golden-eyed Langjun was slightly calmer as he smiled and said, "So Lord is safe and sound. We are finally relieved."

The father and daughter took the star and flew up to the cliff. They stood respectfully in front of Yanran.

The golden-eyed Langjun took the ruler-level magic treasure and handed it over. He said, "Lord Yanran, please check it."

Yanran didn't take it. Instead, she stared coldly at Biyun Hong Xian.

Her eyes occasionally shot out cold arcs.

Traces of killing intent could be faintly seen circulating in them.

"Let me ask you first. How did the two of You Survive?" Yanran narrowed her eyes and asked suspiciously.

Even the tunnel lord would die without a burial place for such heaven-toppling might, let alone the two Puny Daoist Masters Huang?

Golden Pupil Langjun revealed a look of lingering fear as he said, "Sir, you might not know, but we, father and daughter, are proficient in some small secret techniques. That's why we were lucky enough to escape from the fire."

Yanran's suspicion eased a lot.

She did know that this father and daughter pair had extraordinary abilities.

Otherwise, Shaohao would not have asked them to follow her to the sacred city to retrieve the ruler's magic treasure.

"Is that so? Then do you know why the drastic change was brought about?"

The golden-eyed Langjun seemed to have been prepared for this. He replied smoothly, "My lord, it was a ruler's representative who was greedy for a high-level ruler's magic treasure. He took it without permission and attracted the attack of the time wilderness."

Yanran frowned.

She stared at the golden-eyed Langjun, although she knew very well that the golden-eyed Langjun was hiding something from her.

However, his answer did not seem to be problematic.

Looking at the ruler's magic treasure that was handed over, Yanran realized that its level was not low. It was the Emperor Sword, which was ranked in the top ten.

The power of this sword was comparable to the peak of the early-stage Heavenly Dao master. It was one of the top-tier magic treasures.

Yanran's expression softened a little. She reached out and grabbed it while saying, "You're too kind..."

But at this moment, Su Yu's soft shout rang in her ears. "Don't touch that sword."

After experiencing the threat of death once, Yanran firmly believed Su Yu's words.

She retracted her hand out of reflex.

Almost at the instant she retracted her hand, a jade centipede with wings drilled out from under the sword.

It was also a ruler-level magic treasure.

However, it was of the lowest grade and contained a lethal poison that could kill an early-stage Heavenly Dao master.

Not to mention taking a bite, even if one touched the poison, they would be killed on the spot.

Chi --

The Centipede missed its bite and let out a fierce screech. It spread its wings and pounced towards Yanran with incomparable ferocity.

Yanran had already regained her composure and took out a mirror with a slightly cold expression. This mirror was a low-level dominator magical equipment, and it was a defensive magical equipment.

The front of the mirror shone upon the centipede.

The centipede immediately curled up and petrified. It then fell to the ground and shattered into pieces.

After using the mirror once, it was also cracked into pieces.

Yanran's expression was cold. "How dare you!"

She had never dreamed that this father and daughter pair would dare to harm her!

If it wasn't for Su Yu's reminder, she would have really fallen for it just now.

The golden-eyed Langjun's empty eyes coldly glanced at Su Yu. "Meddlesome fellow!"

Speaking of which, it was this meddlesome person who had brought Yanran away in advance.

This was the only way Yanran could have escaped this calamity.

In his plan, all the representatives of the ruler, including Yanran, would have to die.

But Yanran was an exception.

Without waiting for Yanran to attack in anger, golden-eyed Langjun took out a scroll.

An unknown bird was drawn on the scroll.

Golden-eyed Langjun threw it into the sky, and the bird in the painting immediately flew out, carrying the father and daughter as they fled.

Yanran was furious. She took out the offensive intermediate ruler's magic treasure and was about to activate it.

But Su Yu stopped her. "Forget it. Finding the magic treasure is more important. Let's talk about our grudges after we leave the Time Wilderness."

Yanran couldn't calm down, but what Su Yu said made sense.

Now wasn't the time to waste time.

Of course, the real reason was that Su Yu deliberately spared Biyun Hongxian.

After all, they were old friends.

On the bird, Biyun Hongxian stood at the tail. Her golden eyes stared at Su Yu and frowned slightly.

Why did Su Yu stop Yanran from making a move?

With a trace of doubt, Bi Yun Hong Xian activated her eye technique.

Although Su Yu hid his true appearance, her eyes could see through the future and the past.

With just a slight movement, she could peep into Su Yu's past.

A scene stopped in her mind.

It was when Su Yu was with Qin Xian 'er without concealing his identity.

They discussed with each other that they would rescue a woman named Luo xueyi.

After seeing this, Bi Yun Hong Xian's eyes were filled with shock.

"Su..."she slowly shut her mouth and glanced at her father from the corner of her eye.

She quickly hid the surprise on her face.

Su Yu!

It was indeed Su Yu!

He still remembered her, which was why he stopped Yanran and let them off.

Thinking of this, Bi Yun Hong Xian's heart was filled with sweetness and an indescribable joy and relief.

It turned out that he had not forgotten himself.

Suddenly, Bi Yun Hong Xian seemed to have thought of something. She hurriedly took a feather from the bird's body.

She sent out a message from within the feather and threw it out.

The feather followed the airflow and silently flew behind her. One of it landed in front of Su Yu and landed in his arms.

Su Yu picked up the feather with a deep meaning and lightly swept it.

When he saw the contents, his expression couldn't help but change deeply.

Bi Yun Hong Xian said that when she was searching for the stars in the southwest, she had met the destined daughter of the glazed era's palace of light, Luo Xueyi!

Chapter 2630 Treasure Hunting In Magma

Su Yu immediately raised his head and looked in the direction where Bi Yun Hong Xian had left.

The latter smiled at him.

Su Yu was filled with gratitude and waved at her.

Yanran saw it and frowned. "Senior, don't be fooled by that little demoness. She's definitely not a good person."

Oh?

Su Yu didn't quite understand why Yanran had such a deep prejudice against Bi Yun Hong Xian.

She even wanted to kill her just now.

In Su Yu's memory, Bi Yun Hong Xian was actually very kind-hearted. She was completely different from her sinister and vicious father.

"En, let's go to another place."Su Yu didn't comment and changed the topic.

He swept his gaze and immediately looked towards the southwest direction.

He activated his spatial domain and sped towards the southwest direction.

Half a day later.

In a mountain range.

A faint berating sound could be heard.

Su Yu remembered that sound. It was the sound of the Red Snow Sword!

"All of you, go over!"The Red Snow Sword berated sternly.

Su Yu stopped and swept his gaze downwards. He discovered that the red snow sword was holding a whip in its hand, whipping a group of criminals who were imprisoned in the time wilderness.

He made them jump into a boiling hot magma pool.

The magma pool was not formed naturally. It was caused by something extremely powerful that hit the ground.

It was a star, right?

However, other than the boiling magma in the magma pool, there was also a trace of unusual destructive power.

It should be the intense fire that fell from the sky and merged into the magma pool.

Therefore, no criminal dared to go down.

That was an existence that could be instantly burned into ashes by the tunnel master.

Who Dared to jump into it?

"You, go down!"Red Snow sword was a little anxious. He kicked a criminal into the magma pool.

The latter was immediately burned by the raging fire. He let out a shrill scream and struggled to climb up.

However, red snow sword stepped down and stepped into the magma.

"Don't think about coming out unless you pick up that thing!"The Red Snow Sword berated.

His eyes flashed with a brutal light.

Su Yu saw it and shook his head secretly.

This person was indeed not trustworthy.

On the surface, he was amiable, but when it came to benefits, he revealed his viciousness.

However, Su Yu was not paying attention to him, but to the criminals he had captured.

Was one of them Luoxue Yi?

His gaze swept past them one by one, but there was no trace of Luoxue Yi.

Could it be that she had been pushed into the magma pool and burned to death?

Su Yu immediately closed his eyes, trying to capture the fate of Luoxue Yi.

A moment later, a ray of light appeared in his mind.

His fate was abnormally stable, indicating that he wasn't dead.

"Senior, that magma pool should be an upper-grade ruler-level magic treasure." Yanran said greedily.

If she could scoop it up..

Su Yu had no intention of controlling the magic treasure. He said, "There's no rush. Let's look elsewhere."

As he said this, there was a sudden splash from the lava pool.

A head emerged from the lava pool.

The surface of the head was surrounded by a layer of hazy pink mist. It was dreamy and surreal.

Upon seeing her, Red Snow sword revealed a hint of joy. "You got it?"

The woman nodded. Under the protection of the Pink Mist, she was unafraid of the scalding lava and slowly surfaced.

That figure, that face... if it wasn't Luo xueyi, then who was it?

It turned out that she had indeed been forced to walk into the lava pool.

It was only because she had the protection of the former Red Dust Daoist master with her domain in her body that she wasn't burned by the raging flames.

Luo xueyi held a fiery red ring in her left hand.

This was the second-ranked Sky Luo Ring among the ruler-level magic treasures.

It contained the terrifying attack of the mid-stage Heavenly Dao master.

Other than the first-ranked magic treasure being able to block it, nothing else could block its attack.

The Red Snow sword snatched it over and almost dragged Luo xueyi to the ground.

He held the Sky Luo Ring in his hands and his eyes were filled with incomparable madness. "Good! Good! Great! The Sky Luo Ring is mine!"

He threw his head back and laughed three times, showing the extreme excitement in his heart.

When he calmed down, he looked at the group of criminals in front of him.

With a smile on his face, he said, "I've got the thing. You can all leave now!"

The prisoners were ecstatic. They all turned around and fled in all directions.

However, no one noticed that the red snow sword opened its mouth and a small blood-red sword flew out.

Xiu --

The small sword flew out rapidly.

With the Red Snow sword as the center, it drew a circular sword-shaped trajectory in the air.

Then, the criminals who had not escaped were all beheaded on the spot.

"Hehe, I'm sorry. In order to keep the secret, I can only let you all shut up temporarily."The red snow sword chuckled.

Suddenly, he noticed that a figure was still standing.

"Eh? You're Not Dead Yet?"Red Snow Sword's cultivation was at the early stage of the Void Nirvana stage.

This group of people in front of him was only at the peak of the Yellow Dao master level.

Looking at Luo xueyi, red snow sword said in surprise, "Speaking of which, it's strange that the dream domain on your body can actually withstand the burning flames. It's really rare."

As he spoke, his hands behind his back secretly controlled the blood sword to stab out.

Chi La --

With a sharp sword cry, the blood sword had already stabbed out.

Luo xueyi seemed to have expected such a sinister strike. The pink mist on the surface of her body turned into a shield and blocked it.

"Eh?"This time, the red snow sword really became serious. "That's not your domain! Who is hiding in your body?"

Luo xueyi said coldly, "Scram!"

However, the moment she opened her mouth, she revealed her own weakness.

There was no strength in the word 'scram'.

However, she could clearly feel that Luo xueyi was at the end of her rope.

"Is that so? What if I don't Scram?"The red snow sword sneered and activated the blood sword again.

Another terrifying sword shadow attacked.

Luo xueyi tried to forcefully condense the pink fog, but this time, she couldn't do it no matter how hard she tried.

He had already used up quite a bit of the pink mist in the lava pool just now.

Now that he had reached his limit, he was no longer able to mobilize the pink mist.

Red Snow sword sneered in his heart. This strike was enough to kill him.

However, at this moment, a spatial domain descended from the sky.

The blood-colored sword shadow was instantly trapped in the center, unable to break out.

"Spatial domain!"Red Snow Sword raised his head to look, and his expression changed. "It's You?"

How could he ignore Su Yu.

He was the first person to obtain a ruler-level magic treasure.

And Yanran beside him was a descendant of the ruler of space.

Red Snow Sword waved his hand and the blood sword flew back to his palm. He was rather polite.
"Sir, why did you stop me from making a move?"

Su Yu landed in front of Luo xueyi and said indifferently, "It's fine as long as you have the Sky Luo Ring. Why Must You Kill Us All? Now that we know that you have the Sky Luo Ring, do you want to kill us too?"

Red snow sword laughed, "You must be joking. We are both representatives of the ruler realm. Why would we..."

Almost at the moment when the word "You" was still in midair.

The trapped blood-red afterimage suddenly erupted with a strong blood-red light. It broke through the spatial domain's seal and shot towards Su Yu who was at a close distance.

Red Snow Sword's face was instantly filled with savagery, "Why would I show mercy to you? Die!"
