Chapter 2641 Opposing The Alliance

Su Yu couldn't help but laugh.

He brought back so many experts, but not only did it not make queen starry rain happy, it made her worried instead.

"Haha! I've already paid ten years in advance, don't worry." Su Yu thought for a moment and pulled Queen starry rain to a corner.

He handed her a super large spatial storage item.

"What?"

"Time crystals."

"How many?"

"I don't remember. You can count them yourself."

Empress starry rain sent her consciousness into it, but all she saw were countless time crystals.

The amount was so great that she couldn't even count them all.

Just a rough estimate, there were no less than trillion time crystals.

"Ah! You... You robbed the ruler's treasury?" Empress starry rain widened her eyes.

Trillion time crystals, what kind of concept was that?

In the entire time domain, the number of time crystals in circulation in a year did not even have such a number.

"Hehe, you can say that." Su Yu smiled.

To be precise, he did not rob the ruler of Time's treasury, but became the creator of the time crystals.

How much time crystals he wanted depended on his mood.

"This money, you need to use it where you need it." Su Yu's bright light flickered slightly.

Empress Xingyu was not stupid. She immediately understood and revealed an increasingly dense smile. "I feel that I have a chance of becoming the ruler of time."

With such a large amount of money, it was completely possible to poach the tunnel masters from northern and Western Bright City.

All the people in the world came for benefits.

Weren't those experts willing to rely on the waning moon empress and Shao Hao precisely because they had a large amount of resources?

As long as he could give them one, no, two, or even more times the amount of money, would they still be willing to be loyal?

"Brother, thank you." Empress starry rain was so excited that she found it hard to contain herself.

The power of this amount of money was much more powerful than the heavenly Luo Ring!

The Heavenly Luo Ring could only unleash a single strike from the Heavenly Dao master and could defeat a descendant of the ruler of time.

However, this amount of money could completely destroy many descendants of the ruler of time.

"Go do it," Su Yu said. There was only so much he could do.

Empress Starry Rain clenched her fists and said, "Give me ten years. I'm confident that I'll be able to dig out the remnant moon empress and Emperor Shao Hao!"

It was best if that was the case.

There might still be hope for the remnant moon empress, but Shao Hao..

Su Yu felt that this person wasn't easy to deal with.

He had fought Shao Hao before, and the domain that Shao Hao used in the end had reached a high-level.

Although it was limited to bloodline power and had not been used for a very long time, it was still very powerful.

However, its hidden strength had unintentionally revealed the tip of the iceberg.

"Take care of my wife and son. I'll take my leave first," Su Yu said.

He only took Fei Yunsheng with him and rushed to Dongming city without stopping.

Half a year later.

Su Yu and Fei Yunsheng arrived in front of the time passage in Dongming City.

The time passageway was completely sealed today, and no one was allowed to travel with them.

A large number of guards were also stationed nearby.

A beautiful woman with a long face was waiting with her arms crossed.

"Why aren't you here yet?" This woman was the special divine eye lady beside Emperor Ming Xin, Zi Jun..

Before Su Yu and Company left, Eastern Light City had received news that Empress Star Rain had sent Su Yu over to discuss the alliance.

Emperor Mingxin had sent his most trusted disciple, Zi Jun, to receive him.

As they were speaking, the passage of time shook, and two figures wearing long robes and bamboo hats appeared.

One of them took off his bamboo hat and revealed his true appearance. It was Su Yu.

Looking at Zi Jun before him, Su Yu smiled indifferently. "Long time no see. How is the Emperor?"

Zi Jun stared at Su Yu with an indescribable complicated feeling in her heart.

There was a hint of awe and a hint of repulsion.

The awe was because she had personally witnessed how Su Yu had captured a terrifying devil sect elder alive.

Her endless tricks and divine plans made her feel awe from the bottom of her heart.

The repulsion was because she still felt that South Bright City did not have the right to cooperate with East Bright City.

Recently, West Bright City had sent envoys several times to discuss the alliance with East Bright City in ten years.

However, Emperor Ming Xin rejected them all because he felt that south bright city was the best partner.

This made Zi Jun very angry.

How could he think that cooperating with West Bright City was a wise move.

"Can't you see for yourself?" Zi Jun snorted.

She glanced sideways at the tall bamboo hat men beside Su Yu and asked suspiciously, "Who is this?"

The other party did not move and did not respond at all.

Su Yu smiled faintly and said, "Guard."

That cultivation should not be low, right?

It should at least be Xuan Dao Master in the Kong Nirvana realm, or even an underground dao master.

That was what Zi Jun thought.

However, Zi Jun did not think much of the Underground Dao Masters in Empress Star Rain's territory.

The only ones Empress Star Rain could directly command were the few Underground Dao master guards around her.

Zi Jun really did not dare to praise their strength.

After pondering for a moment, zi Jun said meaningfully, "Su Yu, don't blame me for not reminding you. In Dongming City, there are more than one or two people who oppose forming an alliance with your South Bright City."

Was that so?

Su Yu wasn't surprised.

There was indeed nothing that could make one's eyes shine.

Apart from the five hundred contribution points.

"If you're against it, then so be it," Su Yu said lightly.

If it wasn't for the fact that they had formed an alliance before this, he might not have even thought of forming an alliance with Dongming City.

"You have a good attitude! Hehe!" Zi Jun smiled and shook his head. He thought to himself, I hope you can still smile at the banquet

Zi Jun led the two of them into Emperor Mingxin's great hall.

"The Emperor is currently in the middle of a discussion with his staff, so he's not free at the moment. You two can wait quietly in the great hall for the summons." Zi Jun then casually summoned two maidservants.

He then turned around and left.

When there was no one around, Fei Yunsheng said in confusion, "Lord Su, with your status and ability, why do you have to compromise and form an alliance with Dongming City?"

Fei Yunsheng was a member of the sacred city and had always had high standards.

He had never been disdainful of the remote dream boundary.

Not to mention Dongming City, which was not outstanding.

In his eyes, someone like Su Yu, who could easily take out the endless time crystal and even get a sovereign artifact like the tianluo ring, could sweep through Dongming City alone.

There was no need to form an alliance?

Moreover, Dongming City actually opposed an alliance.

Su Yu said indifferently, "When Dongming City first proposed an alliance, we were still weak. Now, we can't just kick the other party away when we're strong."

When Fei Yunsheng heard this, he secretly admired them.

The world was a world of benefits, and there were very few people who paid attention to principles.

Su Yu was one of them.

"I understand your intentions, sir. If there's anything you need, please feel free to say it." FEI Yunsheng said, "In Dongming City, there's a former student of mine who is still in the city. There are some things that we can't do, so we can let the other party handle them."

That would be the best.

However, Su Yu probably did not need it.

Coming here to negotiate was a small matter. The main goal was to meet the self-righteous and ruthless waning moon empress.

Chapter 2642 Banquet Reception

Time passed by slowly.

The two maidservants arranged by Zijun also served the two of them indifferently.

Su Yu and Fei Yunsheng were both exceptionally calm people and did not care about anything else.

Until the sky turned dark.

When the nine moons with messy trajectories appeared, a sharp trident with long moonlight suddenly attacked.

An assassination?

Su Yu opened his eyes and was slightly surprised.

But then he slowly shook his head.

It didn't seem like an assassination.

Because this attack came too brazenly and aggressively.

"It's a provocation and a warning," Su Yu said indifferently.

Fei Yunsheng raised his eyebrows and laughed angrily, "What a bunch of ungrateful things. Sir gave them benefits, but they treat SIR as an enemy."

As he said that, he took a step forward and grabbed the trident with one hand.

The trident carried the power of a dao master, but in Fei Yunsheng's hands, it was easily suppressed.

"Go Back!" Fei Yunsheng threw the trident back.

The momentum was several times stronger than the incoming force.

A group of furious roars could be vaguely heard, followed by a violent explosion.

They should have failed to take the trident and caused it to hit the ground, creating a huge crater.

After that, the other party no longer provoked them.

Fei Yunsheng clapped his hands and said coldly, "A group of people who overestimated themselves!"

After the violent explosion, Zi Jun was finally alarmed.

She hurried over and asked, "Are you guys okay?"

If Su Yu and the others were injured here, it would be a big mess.

Su Yu said indifferently, "Take care of your people. If there's a next time, it won't be so easy."

Zi Jun was furious.

Those guys were too bold.

It was fine if they opposed it, but they dared to attack them in the Palace of the earth?

If anything happened to Su Yu and the others, it would trigger a war between the two regions!

Di Di --

At this moment, the communication jade on her body rang.

Zi Jun's expression softened. "The Emperor has come out. He summons you."

After a pause, Zi Jun looked in the direction of the explosion and said, "Please don't tell us what happened just now. Otherwise, the emperor will be put in a difficult position."

Emperor Ming Xin had insisted on cooperating with South Light City, but he had fallen out with some of the experts who had followed him.

If Emperor Ming Xin found out that they had attacked Su Yu and the others, he would lose his temper and the two sides would fall out.

"Let's go." Su Yu couldn't be bothered with her.

What kind of logic was this?

They were the ones who were attacked, but they had to keep it a secret for the challengers?

Zi Jun bit his lip and immediately led the way.

Not long after, Emperor Ming Xin, with a smile on his face, stepped forward to welcome them in the most distinguished hall in the Great Emperor Hall.

"Mister Su, it's been a few years since we last met. You look even more elegant than before." Emperor Mingxin had a deep impression of Su Yu.

He was willing to form an alliance with South Light City because of Su Yu.

"You're the Emperor," Su Yu said with a smile.

Emperor Mingxin smiled bitterly and said helplessly, "Ai! I don't look elegant at all."

He invited Su Yu to sit down, ordered someone to serve him the best tea, and dismissed everyone in the hall.

Only the few of them were left to talk.

"Mister Su, you should know that there's a problem with the sovereign artifact, right?" Emperor Ming Xin's brows were furrowed in worry.

Su Yu looked around. "Of course I know. The sovereign artifacts in the time wilderness were destroyed by those people from the Netherworld and the Awakening Realm."

Emperor Ming Xin slapped his leg and sighed. His tone was filled with hatred. "If I had the ability, I would have killed all those bastards!"

Every descendant of a ruler had worked hard for their entire life.

They had hoped to use their contributions to exchange for the ruler-level magic treasure they wanted.

But in the end?

Emperor Mingxin hadn't even had the chance to exchange for it when he was shocked by the news. His life's work had been destroyed in an instant. How could he not be angry? How could he not be angry?

"But it's too late to say all this now." Emperor Mingxin sighed deeply. "Both East Bright City and south bright city no longer have a ruler-level magic treasure to use."

He subconsciously thought that Nanming City didn't have a sovereign artifact either.

"Emperor, don't worry. If we form an alliance, we still have a chance of winning." Su Yu said this very conservatively.

Actually, they still had a chance of winning without Dongming City.

Emperor Mingxin smiled wryly. "Mr. SU, perhaps you don't understand what I mean! I mean, only our Dongming city and Nanming City don't have a sovereign artifact, but both our northern and western Ming cities do."

Su Yu was surprised.

He could understand why North Ming City had a hegemonic magic treasure, because golden-eyed prince and his daughter, Yanran, had brought a hegemonic magic treasure for Emperor Shaohao.

But West Ming City hadn't sent anyone to exchange for a hegemonic magic treasure, had they?

Where did West Ming City get its hegemonic magic treasure?

Without a doubt, North Ming city had given it to him.

In other words, the two places had secretly formed an alliance.

"So?" Su Yu's expression was calm as usual.

He could imagine that the most eye-catching thing about southern bright city was that it had five hundred contribution points, which could be exchanged for mid-to high-grade ruler-level magic treasures.

But now, there was no longer any possibility of exchanging them.

Was eastern bright city still willing to form an alliance with Southern Bright City?

He was quietly waiting for Emperor Bright Heart's answer.

If he didn't want to form an alliance again, Su Yu wouldn't suffer any losses.

Emperor mingxin said calmly, "That is why my people are strongly opposed to forming an alliance with South Bright City."

Just as Su Yu was feeling disappointed, emperor mingxin changed his tone, "However, I insist on forming an alliance with South Bright City."

Su Yu raised his eyes, and there was a hint of surprise in his eyes.

He said calmly, "Emperor, South Bright City no longer has the power to turn the tables. Why are you so obsessed with us?"

Emperor mingxin laughed and said, "It's true that you no longer have a ruler-level magic treasure, but I understand that with a ruler-level magic treasure, there's no reason for West Bright City to cooperate with us."

With such a magic treasure, it was only a matter of time before West Bright City destroyed East Bright City.

Why did they have to ally with East Bright City?

The only answer was that the alliance was a trap.

Clap Clap --

Su Yu couldn't help but clap. Under Emperor Ming Xin's slightly surprised gaze, he smiled and said, "Congratulations, Emperor. You've made a very wise decision."

Wise?

Emperor Ming Xin smiled bitterly in his heart. Most people thought that this decision was the stupidest.

He didn't know whether Su Yu's words were praise or mockery.

"Don't worry, Mister Su. I'll try my best to convince those who oppose me," Emperor Ming Xin said resolutely.

He knew that forming an alliance with South Bright City was a dead end.

In the end, he would be swallowed up by North Bright City and West Bright City.

However, he also knew that forming an alliance with West Bright City would only lead to a quicker death.

"Let me convince them. It'll save us more time," Su Yu said calmly.

Emperor Mingxin was startled.

The group of followers wanted nothing more than to cut off all ties with South Bright City.

They would not be happy to see Su Yu, let alone be convinced by him.

After thinking for a long time, emperor mingxin said, "Alright, we will host a banquet tonight to welcome Mr. Su. However, I hope you will forgive us if we are disrespectful to you."

Chapter 2643 A Toast To You

Since it was a negotiation, Su Yu would meet with his many followers sooner or later.

He might as well meet with them tonight.

The banquet was soon set.

In a side hall, in front of Emperor Ming Xin, three old tunnel masters stood upright.

They were not ordinary tunnel masters recruited with money.

They were great contributors who had made great contributions to Dongming city over the years.

For example, the one with a wine gourd on his back was in charge of recruiting tunnel masters for him.

Nearly a third of the tunnel masters in Dongming City were recruited by the old man with the wine gourd. He had used all sorts of methods to recruit them.

Another example was the burly fish-human expert with the Trident. He was in charge of collecting all sorts of martial dao resources.

Over the past ten thousand years, he had transported over half of the Martial dao resources from distant seas.

All of these people were great contributors and were existences that Emperor Ming Xin needed to rely on.

That was why, as Emperor Ming Xin, he couldn't make a decision on an alliance.

This was because these people were people who had made great contributions.

Without their support, Emperor Mingxin's forces would fall apart in an instant.

Therefore, Emperor Mingxin had no choice but to respect their opinions.

"Everyone, the envoy from South Bright City has arrived. We'll host a banquet for him tonight," Emperor Mingxin said solemnly. "I hope that you'll follow my advice and work together to facilitate the negotiation. Do you understand?"

The three Earth Dao Masters nodded their heads but did not give a clear answer.

Emperor Mingxin sighed. From their expressions, Emperor Mingxin had already guessed what they were thinking.

After saying that, he turned around and left. He was worried. "I hope these old fellows won't go too far."

After he left.

The old man with the rosacea nose took the wine gourd and drank a mouthful. He wiped his mouth and snorted. "The emperor is determined to die!"

There was deep dissatisfaction in his expression.

The trident-nosed merman said coldly, "What's wrong with the Emperor? Why does he insist on forming an alliance with South Light City? Is it because that little girl from South Light City is so beautiful that he's obsessed with her?"

Everyone knew of Empress Star Rain's beautiful eyebrows.

Furthermore, her appearance was forever fixed on a young girl, making her even more attractive.

There were countless admirers.

"Don't spout nonsense. After all, Empress Starrain is Emperor Mingxin's sister. The emperor would never do such a thing," the old lady said with a frown.

"Then tell me, what does the emperor think?" The Trident man berated.

The old lady was silent. She sighed softly, "Who Knows?"

The trident man had chosen the most useless city, south light city, over West Light City.

She also wanted to know what Emperor Mingxin was thinking.

"There's no need to argue. No matter what, we will never agree to an alliance with South Light City." The trident man snorted. "East light city is not only Emperor Mingxin's east light city. We have put our blood and sweat into it as well."

"Why should we let Emperor Ming Xin go all the way to the dark side and bury all our years of hard work?"

The old woman did not object to this.

How harsh was this?

It was as if he was one of the masters of East Bright City.

"Let's go. Let the emissaries of South Bright City know our attitude. We must make them back down!" The wine-nosed old man said. "In addition, we have to secretly make contact with the emissaries of West Bright City."

The trident man nodded. "That's right! We can't let Emperor Mingxin decide the fate of East Bright City alone."

The banquet began amid the tense preparations.

Emperor Mingxin and Su Yu were the first to arrive.

As an emperor, he was supposed to be the last to arrive.

However, the aides accompanying him didn't arrive early. Instead, they were the last to arrive.

Su Yu secretly watched.

He had a vague idea of what was going on in East Light City.

The Lord was weak, but the subject was strong!

Emperor Mingxin had relied too much on his own attendants, causing them to be unaware of his position.

Of course, this was also the case in south light city.

If Su Yu had raised his arm in south light city, he believed that most of the forces would have listened to Su Yu and not Empress Starry Rain.

However, Su Yu would not act on his own accord.

Emperor Ming Xin was a little embarrassed and said, "Sorry for making a fool of myself."

"It's fine. Just wait for a while."

Emperor Ming Xin waited for a full hour before the three of them arrived.

"Sorry, Sorry. The three of us have urgent matters to attend to. Please forgive us for being late."

Emperor Ming Xin said coldly, "It's fine. Please take a seat."

Wine Nose and the other two sat down with smiles on their faces. They did not seem to be targeting Su Yu at all.

"Let me introduce you to the three of you. This is the envoy from South Bright City, Mr. Su." Emperor mingxin introduced, "Mr. SU, these three are my pillars."

Su Yu nodded casually and smiled, "Greetings to the three seniors."

The three of them returned the smile.

When they noticed that there was a person standing straight behind Su Yu, the trident asked meaningfully, "Who is this?"

"Guard."

The Trident took the initiative to greet him, "You are very strong, sir."

Fei Yunsheng crossed his arms in front of his chest and said indifferently, "It's alright."

"Sir, you are too modest." The trident glanced at his palm from the corner of his eye. It was burnt and severely scalded.

Emperor Ming Xin was slightly surprised. Had something happened?

Why did the sky barracuda sound as if it was afraid of Su Yu?

"Come, I wish us both success in our cooperation." Emperor Ming Xin raised his wine cup.

Su Yu smiled and raised his wine cup.

The three elders raised their wine cups.

Emperor Ming Xin and Su Yu both drank in one gulp.

The Trident Man and the old woman took a light sip.

Only the old man took a whiff and put down his wine cup, muttering to himself, "I'd better drink my own wine. Drinking with such a mess will affect my mood."

The Trident Man and the old woman remained expressionless.

Emperor Ming Xin's eyes turned cold, and he said meaningfully, "Warm wine, don't talk nonsense. We're honored guests here, so don't be rude!"

He had already warned the three of them not to target Su Yu.

He had already given Su Yu a hard time from the start.

They really didn't put him in their eyes!

"Hehe, I'm sorry, I made a slip of the tongue after drinking." Warm wine smiled and said, "Come, lord of South Light City, this old man shall personally toast you."

The wine he was toasting obviously didn't have good intentions.

He took out the wine gourd on his back, and from it, red wine that looked like magma could be seen everywhere.

The wine was constantly steaming, and it was really rolling like magma.

"This is the divine wine that this old man personally brewed. Only those who this old man admires can drink it," Wen Jiu said with a smile. "Lord, don't decline."

He only wrote so much, and there was another batch at six o'clock in the evening. The number of chapters was uncertain.

Chapter 2644 Firmly Opposed

Su Yu glanced at the wine. It was made from all kinds of beast blood.

It was full of the essence of all kinds of beast blood, overbearing and strong.

To warm wine, it might be a peerless treasure, but to others, it was highly toxic.

Because this wine required an extremely special bloodline to be digested.

If an ordinary person consumed it, their body would only be destroyed by the Beast Blood.

At the very least, their body would corrode, and even their consciousness would be replaced by the rage within the Beast Blood.

At the very least, they would die on the spot.

His Cup of wine was not just filled with ill intentions, it was filled with malice.

Emperor Mingxin frowned. "Warm wine, don't mess around."

He felt disgraced.

He could not suppress his own subordinates, and he wondered what Su Yu would think of him. He must be very disappointed?

"Hehe, Great Emperor, South Light City is full of talented people. This mister Su must be quite capable to become an envoy of South Light City. How can he not even drink a cup of my wine?" WENJIU chuckled.

Emperor Mingxin placed his cup down heavily and snorted, "I'll say it one last time. Enough is enough!"

He regretted arranging for the two sides to meet at this moment.

The three of them didn't want to give him any face at all. They had to make things difficult for Su Yu and make him back down.

"It would be impolite."

However, Su Yu agreed immediately and accepted the cup of wine.

Emperor Ming Xin tried to stop him. He winked at Su Yu and said telepathically, "Mister Su, don't drink it. It's not something you can drink."

Even the other dao masters found it hard to withstand the terrifying power of the wine.

Su Yu secretly transmitted his voice, "If I don't drink it, won't they be even more lawless? Don't worry, a mere cup of wine won't be able to stop me."

When the warm wine saw this, his gaze flickered slightly.

He had given this wine to make Su Yu retreat in the face of difficulties.

He had no intention of letting Su Yu really drink it.

Otherwise, there was a real possibility of death.

The trident fish tribe and the old woman were also somewhat astonished.

Even they did not dare to touch this wine, but this little human dared to drink it?

Could he not see the danger of this wine?

While they were thinking, Su Yu had already chuckled, "Let me drink first as a toast."

He raised his head, and Su Yu was completely clean.

The strong wine immediately fused into his body, giving off a boiling hot feeling.

His intestines and stomach began to feel a burning pain. That was when the wine began to take effect, preparing to destroy his body.

However, in Su Yu's body, a space domain was attached to every corner of his body.

It cut all the beast blood that entered his body into countless pieces of dust.

It even separated the dust.

The essence was left behind, and the tyrannical components that damaged his body were wrapped up and moved away without anyone noticing.

This was the new space domain divine ability that he had comprehended after combining it with Yanran's space domain.

It was somewhat similar to the Milky Way Stardust from the past, purifying everything in the world.

After finishing the Cup, Su Yu acted as if nothing had happened. Only his body was as red as burning iron.

Wisps of white smoke rose from the surface of his body.

Hu --

Su Yu opened his mouth slightly and exhaled a long breath of turbid air.

"Good wine! Drinking it has a good increase in cultivation." Su Yu laughed and cupped his fists to thank him.

Wen Jiu was shocked and looked at Su Yu in disbelief.

After confirming that he wasn't pretending to be calm and that he was really fine, he was extremely surprised.

The Trident Mermaid tribe and the old woman were also in disbelief.

Apart from Wen Jiu, there was actually a second person who could drink the beast blood wine?

Emperor Ming Xin was even more surprised. He thought to himself, Mister Su is indeed extraordinary. Even this wasn't able to stop him

A smile appeared on his face again. "Mr. Su's wine power is beyond his reach. I'm impressed!"

This caused the tepid wine to return empty-handed. His face was slightly livid as he secretly winked at the Trident tribe and the old woman.

The Trident tribe stared straight at Su Yu. Their voice was as loud as a stone hammer. "Mr. SU, as a human, I wonder what you are best at?"

This had nothing to do with the alliance that they were going to discuss at the banquet.

Su Yu said, "I'm good at many things."

Among the eight domains of heaven and earth, there was nothing that he was not good at.

"Is that so?" The trident mermaid did not think much of it. He thought to himself that this guy was really arrogant.

Did he think that he could look down on them just because he drank a glass of warm wine?

However, Su Yu was even more arrogant. "If you want to compete, then bring out what you're best at."

The Trident Merman laughed angrily. "What I'm best at is strength. I'm just afraid that you can't compare!"

Strength referred to his physical strength, right.

Just now, he was able to throw the Trident so far away, so it was clear that his strength was unrivaled.

"Oh, what I'm best at is also strength." Su Yu pointed at the table, and many dents appeared.

The trident mermaid laughed coldly. "Fine, shall we spar?"

He stood up and stared coldly at Su Yu.

Emperor Ming Xin berated, "How dare you! This is a banquet, not a battle arena! Furthermore, this is my personal palace."

Who would dare to use martial arts in an Emperor's personal palace?

Then, would they not take him, an emperor, seriously?

Only then did the Trident mermaid sit down and take out a special piece of metal.

It was covered with veins, and at first glance, it looked like wood.

"This is a golden rock, one of the hardest stones in the time domain. The more severe the force, the more the wooden veins on the golden rock will break."

"Let's each pinch it and see who has the most veins, then we can compete."

The trident merfolk stared at Su Yu.

Su Yu nodded. "Sure."

"I'll go first!" The Trident Merfolk took the lead to hold the stone.

He suddenly exerted force on his palm and pinched it hard.

Instantly, the 18 veins on the stone started to show signs of breaking.

"18 veins." The inspection was very fast. He only needed to grip the stone hard and it would be done. The trident merfolk threw the stone to Su Yu. "It's your turn."

Su Yu smiled and casually took it.

His face was very calm. There was not even a hint of emotion on it.

Wen Jiu and the old woman shook their heads.

They had also tried the golden rock. It was really not something that an ordinary person could shake.

It was so hard that even a middle stage earth master could not do anything to it.

Only the Trident Mermaid Race who was born with boundless strength could crush its veins.

Su Yu was a human, and he did not have innate talent or a powerful cultivation base. Judging from his body, he did not seem to have been trained in body-refining techniques.

He probably would not even be able to crush a single vein.

Emperor Mingxin was slightly worried.

In fact, Su Yu would lose regardless of whether he crushed it or not.

If he did not, he would definitely be ridiculed by the Trident mermaids. He would have something to say when Su Yu talked about the alliance.

If he didn't, Su Yu would be laughed at by the Trident mermaids.

The three of them were determined to ruin the alliance.

"Mister Su, don't make things difficult for yourself." Emperor Mingxin sighed.

Su Yu smiled and held the golden stone.

Kacha --

A crisp sound echoed throughout the banquet.

Chapter 2645 The Magic Treasure Of The Dominator

When the trident mermaids crushed the veins, it was only an extremely soft sound that was hard to hear.

How could it be as crisp as it was now?

"What is he doing?" The trident mermaids couldn't help but ask.

The others were also puzzled and looked at the Golden Rock in his palm.

In their imagination, the crisp sound couldn't have come from the Golden Rock.

The rock was so hard that it could not be crushed into pieces.

However, when Su Yu opened his palm, they gasped.

The Golden Rock was not just broken?

It had all been turned into powder!

"You..." the Trident mermaid subconsciously shouted, but he shut his mouth halfway through.

Everyone could see whether he was cheating or not. His mindless doubt had fallen to the bottom.

While everyone was dumbfounded, Su Yu shook his hand and slapped away the powder. He smiled faintly and said, "This stone is really hard. It is indeed not easy for you to crush a few of the lines on it."

To the Trident mermaids, these words were not praise, but sarcasm.

The strength that he was best at was not worth mentioning in front of others.

It was like the comparison between the light of a grain of rice and the radiance of the Sun and moon.

The trident mermaid held the trident in his hand tightly and took a sip of wine in a depressed manner. He was extremely puzzled.

How could his strength lose to this human?

Of course, he didn't understand. The stone wasn't crushed, but it was corroded by the death domain and completely shattered just now.

In the end, only the silent old woman was left.

Her finger lightly drew on the table, and a mysterious ripple was slowly born.

"Mr. Su, you are indeed capable. I admire you," the old woman said.

However, her voice sounded ethereal and hoarse in everyone's ears. It had an indescribable dreamy feeling to it.

Emperor Mingxin was secretly shocked. He wanted to warn her, but he realized that he could not move.

He was anxious. This was the old woman's unique skill, the art of speech!

With the domain in her hand, she could make the enemy move with just a word.

He didn't expect the old woman to use this skill right from the start.

It seemed that warm wine and the Trident tribe had lost, so the old woman had no choice but to attack and suppress Su Yu.

At the same time, warm wine and the Trident tribe were also unable to move.

The banquet fell into a strange silence.

Seeing that Su Yu had not spoken, the old woman knew that her words had succeeded.

She said indifferently, "However, there is a sky beyond the heavens. Sometimes, it is better for young people to keep a low profile and not be too ostentatious, understand?"

However.

Just as she was reprimanding, Su Yu, who was clearly unable to move, slowly raised his wine cup, took a sip, and said indifferently, "Senior's words, this junior has been taught. I also hope that senior can often use this sentence to remind yourself."

"There is always someone better than you. Senior can not be careless!"

Kacha --

The undulations drawn in front of the old woman exploded on the spot.

The formless air currents that were created rolled around and shattered her wine cup.

A cup of wine spilled all over the old woman's body.

The latter's old body trembled because of her broken words, and a trace of blood flowed out from the corner of her mouth.

"You... you..."the old woman suddenly stood up, her eyes filled with shock.

Warm Wine, the Trident mermaid race, and Emperor Mingxin had all been suppressed by a single word.

How could a puny human like Su Yu be ignored?

That was because her single word was ultimately a secret technique of the soul.

It could affect the enemy's control over the body through the soul.

And Su Yu's most powerful technique was none other than the secret technique of the soul.

Once the speech technique was unlocked, the rest of them resumed their actions.

All of their expressions changed drastically.

Especially warm wine and the Trident Mermaid tribe.

There was no longer a hint of contempt in their eyes, only deep respect.

What kind of terrifying existence was this insignificant human?

If the first two were easy to make things difficult for, then the old woman had used her most powerful secret art.

However, Su Yu still easily cracked it.

Was he really only at the Nirvana realm?

On the other hand, Emperor Ming Xin couldn't help but re-examine Su Yu, and he was shocked.

Looking at Su Yu, who was so close to him, Emperor Ming Xin felt as if he was facing an abyss.

Unfathomable!

"Sir, who are you?"The old woman asked in a deep voice.

Su Yu's gaze was calm as he said, "An envoy from South Light City."

The old woman wanted to say something, but she hesitated. That was obviously not what she wanted to ask.

The three of them looked at each other and exchanged glances.

Although Su Yu's personal abilities were very powerful and exceeded their expectations, it was still impossible for them to form an alliance.

After all, what they needed was not just one Su Yu, but the strength of the entire South Light City.

Su Yu's outstanding abilities were negligible in the battle for the control of time.

"South Light City's envoy, we admire your abilities, but we will not agree to cooperate."Wen Jiu put down his wine glass and said slowly.

The trident merfolk also stood up abruptly and snorted coldly, expressing their intentions with their expressions.

The old woman sighed, "I'm sorry, but we can't agree to Your Alliance."

The three of them spoke in unison to express their wishes.

They didn't give Emperor Ming Xin any face at all, and they didn't even have Emperor Ming Xin in their eyes.

Emperor Ming Xin was so angry that he was trembling. "All of you, sit down!"

However, the three of them only looked at Su Yu and didn't listen to Emperor Ming Xin's orders.

Unexpectedly, Su Yu said indifferently, "The three of you, I think you have misunderstood something."

Su Yu continued to sit leisurely, his palm playing with the empty wine cup.

"Exchanging blows with the three of you is not to show the three of you my excellence," Su Yu said indifferently.

Isn't it?

The three of them did not think so.

Wasn't Su Yu putting in so much effort to show them his excellence, hoping that they would change their opposition?

"I'm just telling you that you're not as important as you think you are," Su Yu said flatly.

Heh Heh!

Wen Jiu merely smiled at this and shook the wine gourd in his hand. "It doesn't seem like it's up to an outsider like you to say whether we're important or not. You should ask Emperor Mingxin."

With the contributions of the three of them and their importance to Dongming city...

Who had the right to say that they weren't important?

Emperor Mingxin didn't say a word. He didn't have the right, the courage, or the courage to say something that wasn't important to them.

Pah

However, at this moment...

Su Yu slammed his palm on the table, causing it to shake slightly.

When he moved his palm away, an array flag appeared before everyone's eyes.

"What is it?" The trident mermaid glanced at it casually.

They hadn't paid much attention to it, but when they took a closer look, they suddenly noticed that in the middle of the array flag, there was an exceptionally eye-catching hourglass symbol.

Warm Wine and the old woman saw this scene as well, and their faces changed dramatically.

"A hegemonic magic treasure!" The two shouted in unison.

Chapter 2646 2,537 Can Be Discarded

Even Emperor Ming Xin stood up abruptly and stared at the magic treasure with rapid breathing. Although it was only the lowest level of a ruler-level magic treasure.

Its meaning was extraordinary.

Whether it was defense, attack, or support, it was at the level of a Heavenly Dao Lord.

A ruler-level magic treasure was equivalent to the power of more than a hundred Earth Dao Lords!

Emperor Ming Xin swallowed hard and asked in disbelief, "Mr. SU, where did you get your ruler-level magic treasure?"

Didn't they say that the ruler-level magic treasure had been destroyed?

"It doesn't matter where it came from. The important thing is that it already belongs to you," Su Yu said with a straight face.

"Give it to me?"

Emperor Ming Xin's heart skipped a beat. He had actually given such an important item to him!

"If we can become allies," Su Yu added.

Emperor Ming Xin was naturally delighted. He wanted nothing more than to hold the ruler's magic treasure in his hands right now. He quickly said, "My original intention was to ally with South Bright City."

"Wait!"

Wen Jiu once again stopped him.

He looked deeply at the ruler's magic treasure and said, "This is only the lowest level of a ruler's magic treasure. It's useless. We won't agree to it."

The old woman and the Trident merfolk nodded.

A ruler-level magic treasure might be useful, but it was limited.

Emperor Ming Xin was furious after being poured cold water on him.

Three stubborn old geezers!

If Xi Ming Cheng was willing to form an alliance with Dong Ming Cheng, what benefits did they give him?

Would they give the ruler-level magic treasure to Dong Ming Cheng?

The answer was no!

But the three old fellows insisted on choosing Xi Ming Cheng!

PA --

Su Yu slapped the table again.

This slap made the hearts of the three and Emperor Ming Xin tremble.

Could This fellow have taken out another ruler-level magic treasure?

That was impossible.

Ruler-level magic treasures were already extremely rare, and after being destroyed, there weren't many left.

Su Yu was able to give one of them at most, so how could he still... There really was one!

When Su Yu's palm moved away, two items appeared... two ruler-level magic treasures!

"I have never been stingy with my allies in the Alliance," Su Yu said calmly.

Emperor Mingxin was extremely excited.

Even if the ruler-level magic treasures weren't destroyed, with East Bright City's contribution, they would only be able to exchange for one low-level ruler-level magic treasure at most.

Three. This was simply a great fortune!

"Do the three of you have anything else to say?" Emperor Bright Heart faced the three of them directly.

If one ruler-level magic treasure wasn't enough, what about three?

Three? Then West Bright City only had three ruler-level magic treasures!

Could they possibly give all three to East Bright City?

Wen Jiu and the others were deeply moved.

They knew very well that if Su Yu could give them three ruler-level magic treasures, how little did he have left?

Cooperating with South Bright City was the wisest choice.

However, they were already in a difficult position.

From making things difficult for Su Yu at the start to making his stance clear, they were determined to oppose him.

If their attitude changed 180 degrees now, where would their face be? How would they have any prestige in front of Emperor Ming Xin?

Most importantly, Emperor Ming Xin, who had three ruler-level magic treasures, already had great confidence.

Were the three of them really that important?

Did Dongming City still have the right to speak to them?

The answer was no!

"We firmly oppose it!" Wenjiu retorted with his thick neck.

The other two also used their eyes to answer Emperor Mingxin.

He saw the expressions of the three and was completely disappointed.

Before this, what the three of them cared about the most wasn't Dongming City's future, but their own power.

Before this, they could still use their concern for Dongming City's future as an excuse.

But now, they had completely exposed their true nature.

"The three of you, please don't Pester Us." Emperor Mingxin said in a deep voice, "Forming an alliance with Dongming City is our only way out. Please put aside your selfish desires and create a future for Dongming city together."

These words could be considered a showdown with the three of them.

Wen Jiu spat out a mouthful of saliva and said, "Ptui! If it weren't for the three of us, would dongming city be where it is today? Emperor, you've grown too strong now. You Don't think much of the three of us, do you?"

The trident merfolk snorted coldly. "Emperor, please look at the situation clearly. If you insist on doing things your way, I might not be able to provide enough resources for Dongming city. When that time comes, you can't blame me for how chaotic Dongming City will become!"

The old woman also sighed. "Your Majesty, Please Face the reality!"

These three people had completely exposed themselves.

How was this still the appearance of an official? They were clearly riding on Emperor Mingxin's head!

Emperor Mingxin was secretly furious.

But he had to think deeply,

because these three people were indeed too important to Dongming city, to the point that they could not be more important.

He couldn't abandon them.

Pah

But right at this moment, what made them all tremble was Su Yu slamming his palm onto the table again.

Emperor Mingxin's gaze was like lightning as his heart pounded wildly.

Was this a fake?

He still had a sovereign artifact?

Wenjiu and the other two's expressions darkened, but they were very calm.

No matter how many sovereign artifacts they took out, they would never agree.

Unless Emperor Ming Xin was willing to give them up.

But was that even possible?

Without them, East Bright City would be nothing!

Su Yu slowly moved his hand away.

There was only one sovereign artifact.

However, it was the eighth-ranked offensive sovereign artifact.

"Intermediate sovereign artifact! Blazing Fire Jade Chapter!" Emperor Ming Xin sucked in a breath of cold air.

No one would be able to exchange for a sovereign artifact of this level.

This was because the contribution required was extremely high.

Even Shao Hao wouldn't be able to obtain it.

However, Su Yu had obtained it and was willing to hand it over to Emperor Ming Xin.

If this magic treasure was used, it would be able to wipe out any Earth Dao master expert.

With this item, Emperor Ming Xin could be said to have the best life-saving ability.

Even if Dongming City's strength was halved, it wouldn't be a big deal.

This item was equivalent to half of Dongming city.

"We... We are against forming an alliance with Dongming City!" Wen Jiu said stubbornly.

Emperor Ming Xin laughed silently.

His back straightened unknowingly, and an unprecedented confidence appeared on his face.

"Your objections are invalid!" Emperor Ming Xin stared at them coldly. He felt as if he had been relieved of a heavy burden. "If you object again, all of you can scram!"

He had had enough of the three old men.

Now, he could finally get rid of them.

Wen Jiu's face turned red with anger. "Ming Xin, you're ungrateful and heartless. Have you forgotten how we assisted you to this day?"

However, Emperor Ming Xin had already seen through everything.

"Just take it that I'm ungrateful. You can choose whether you support the Alliance or get lost!" Emperor Ming Xin was in high spirits.

Wen Jiu and the other two had ugly expressions on their faces.

The situation had changed too quickly.

It was so fast that they couldn't adapt to it.

Just a moment ago, they were still riding on Emperor Ming Xin's head. Now, Emperor Ming Xin was forcing them to lower their heads or get lost.

The three of them exchanged a look.

Then, they quickly used their souls to communicate.

After a while, a hint of viciousness flashed across their eyes at the same time.

"Emperor, Dongming City doesn't belong to you alone. It belongs to us too!" Wen Jiu shouted coldly and suddenly attacked.

However, the target of his attack wasn't the emperor.

It was... Su Yu!

Chapter 2647 Think Twice Before You Act

"How dare you!" Emperor Ming Xin roared.

This was a public rebellion!

His eyes flashed as he took out a piece of wood from his sleeve. This was a protective treasure bestowed by the Lord himself.

Now that Su Yu was in danger, he couldn't care less about the importance of this item.

However, Wen Jiu and the others knew Emperor Ming Xin like the back of their hands.

As soon as he took out the piece of wood, the old woman drew a circle in the air with her finger, and a mysterious ripple radiated out.

"Emperor, don't force us."

With a single word, Emperor Ming Xin couldn't move at all.

The tunnel lords guarding outside the courtyard hadn't noticed what was happening in the courtyard yet, so they couldn't help in time.

Emperor Ming Xin was furious, but there was nothing he could do.

He could only watch as they attacked Su Yu right in front of him.

The Trident Merman's eyes flickered, and he said, "Since this person can take out four sovereign artifacts, he must have more on him!"

Wen Jiu's eyes were filled with greed as he said, "That's right! Once we get his sovereign artifacts, we'll be able to sweep across the world. Why do we need to form an alliance? The emperor is really muddle-headed!"

The three of them stared at Su Yu as if they were looking at a piece of meat on a chopping board, ready to be butchered by them.

Su Yu sat calmly. He did not even reveal the slightest bit of surprise or surprise.

He did not even show the slightest bit of panic.

"Alright then. I'm still hesitating on how to deal with you guys," Su Yu said calmly.

He definitely couldn't tolerate these three people.

The three unstable factors that were riding on the heads of his allies had to be removed.

However, he still hadn't decided whether to chase them away or kill them.

Su Yu hadn't made a decision yet.

If he killed them, there would be no enmity, so he couldn't do it.

However, if he chased them away, he was worried that they would expose the secret of East Bright City, and he would also expose the fact that he had the Dominator artifact on him.

Fortunately, the three of them were reckless and focused their attention on him.

Fei Yunsheng, who was behind him, smiled lightly. "I really admire Sir Su. You actually have the patience to waste so much time talking to three small fries. If it were me, I would have done it a long time ago."

Su Yu said calmly, "You have to have a name when you finish your apprenticeship."

It was not his principle to kill people for no reason.

"Now that you have a name, how many of you do you want to keep alive, Sir Su?" Fei Yunsheng put down his arms that were crossed in front of his chest.

Su Yu said, "Not a single one!"

Why did he want to stay? was he going to support them?

Fei Yunsheng chuckled. "Alright, I understand."

Traces of the power of the tunnel lord revolved around his palm.

The trident man's gaze turned sharp as he said, "I'll keep this person busy. The two of you, finish this battle quickly."

Everyone understood the principle of capturing the leader before capturing the thief.

"Take another hit from me!" The trident man held the heavy trident in his hand and stabbed it fiercely.

Previously, the person who caught his trident and threw it back should be the hooded man in front of him, right?

He was not convinced.

The trident merfolk had not used their full strength in the previous attack. If they had used their full strength, the other party might not have been able to receive it.

FEI Yunsheng said disdainfully, "You can't withstand a single blow!"

He did not retreat. Instead, he took a step forward and took the Trident head-on.

His expression was light, and his hand did not use much strength.

But the Trident Merfolk's full strength attack was easily caught by him.

The trident mermaid's frenzied figure seemed to have crashed into an extremely stable mountain and suddenly stopped.

Suddenly, the Trident's heaven-defying power rolled back and shattered the Trident Mermaid's arm into a bloody mist on the spot.

Fei Yunsheng did not even look at it and threw the trident back.

At such a close distance, he threw it back seriously.

The result could be imagined. The Trident rushed forward with an unparalleled momentum, bringing with it the Dao Qi of Heaven and earth.

The Trident Merfolk's expression changed drastically!

It was only at this close distance that he felt the terror of Fei Yunsheng.

That was definitely an existence that was one level above him!

"Save me quickly!" Large scales appeared on the Trident Merfolk's body as a layer of defense.

Wen Jiu and the old woman sensed the sudden change and tried to stop the Trident.

The three Earth Dao Masters worked together and finally managed to catch the Trident.

However, the price was extremely heavy.

The scales of the mermaids were broken, and their bodies were covered in blood.

Wen Jiu and the old woman were covered in blood, and they looked like they were in pain.

Their palms were all burnt black.

The power of the Trident was too strong, so strong that they couldn't resist it.

"Who are you?" Finally, Wen Jiu and the other two looked very serious.

They even had a bad feeling.

Fei Yunsheng slowly took off his bamboo hat and said with a smile, "The three of you probably don't have the right to call me 'You'."

His face was slowly revealed.

Seeing his face, the three of them cried out in surprise.

"Cold River Guest Fei Yunsheng!"

Cold River Guest was Fei Yunsheng's name.

And to be able to have a name, it showed that his influence was extraordinary.

Fei Yunsheng was a famous expert of the tunnel lord level.

His fame was not only famous in the sacred city, but also in the entire time domain.

His strength, below the middle stage of the tunnel lord level, could be said to be invincible.

"It's not that I'm ignorant." Fei Yunsheng put down his bamboo hat and said indifferently, "Do you want me to do it, or do you want to do it yourself?"

Wen Jiu's heart was as heavy as water.

The Murloc tribe and the old woman also felt extremely depressed.

Facing Fei Yunsheng, the three of them were no match for him even if they worked together.

This time, they really miscalculated!

"Fei Yunsheng, you are a guest of the Han River and are the only one in the sacred city. Why do you want to work for a small human? If you join my Dongming City, I can give you whatever you want." Wen Jiu's old eyes turned slightly as he said.

However, Fei Yunsheng sneered and did not hide his contempt. "There's no need to drive a wedge between us. You guys are too poor to give me what I want."

He could not help but feel pity in his heart. The three of them had no idea what kind of existence Su Yu was.

Not only did he have an endless amount of time crystals in his hands, but he also had a dominator artifact that could destroy even the time domain.

Yet, they were ignorant and blindly opposed her.

How pathetic.

Seeing that bribing her was useless, the old woman's face softened, she said to Su Yu, "Mr. Su, we have seen your strength and the potential of East Bright City. Now, we have decided to reconsider forming an alliance with South Bright City. Let's call it a day and stop hurting the peace."

In fact, what Su Yu hated the most was not warm wine and the mermaids.

It was this old woman.

She seemed to be the most gentle of the three, but in fact, she was the most unreliable one.

At the very least, warm wine and the mermaids put their attitude on the table.

She had a gentle face and could advance or retreat.

When she gained power, she would advance and force Emperor Ming Xin.

When she lost power, she would retreat and seek peace with a gentle attitude.

"The peace was hurt by you, not by me. The opportunity is something you don't cherish, not by me," Su Yu said indifferently. He had no intention of talking about it.

Since things had already come to this point, there was no longer any meaning for them to stay.

Wen Jiu narrowed his eyes and said, "Young man, you should always think twice before acting. You Can't rely on a whim."

Chapter 2648 Was Meaningless

"Killing us will only make you feel good for a moment, but did you ever think that working with East light city would cause you so much trouble? "If the Alliance doesn't work out, then it won't be worth it. After all, without East Light City, South Light City wouldn't be able to survive."

"Haha!"

Su Yu laughed and waved his hand, causing more than twenty sovereign artifacts to float in the air.

"You guys still don't understand the situation! I'm not here to beg, but to give face to Emperor Mingxin!" Su Yu stood up and said slowly.

Behind him were twenty sovereign artifacts that were emitting different lights.

Each one of them gave off a shocking aura.

There were even some of the top ten.

With so many sovereign artifacts, why would they need allies?

They could completely dominate the entire time domain by themselves.

Looking at the descendants of the ruler of time in the time domain, who could stop them?

They would probably be reduced to ashes by the ruler-level magic treasures.

Old Wen Jiu's eyes trembled as he sucked in a breath of cold air. "You... you have so many ruler-level magic treasures. Why are you still looking for our Dongming City?"

This didn't make sense!

Su Yu alone was enough to help Empress Starrain ascend to the position of ruler.

The Murloc tribe and the old woman wouldn't understand why Su Yu did this even if they died.

He had already revealed these ruler-level magic treasures. Would they still be so arrogant?

Su Yu said indifferently, "I don't want to repeat the same words a second time."

He had already said it. He was giving face to Emperor Ming Xin.

Fei Yunsheng chuckled. "You have nothing more to say, right? Then let's go."

Wen Jiu recovered from his shock and finally understood that the capital that he was so proud of was nothing in Su Yu's eyes!

It was laughable that they thought they were right and firmly opposed to forming an alliance with Su Yu.

In the end, Su Yu was completely giving them alms.

Unfortunately, Fei Yunsheng would not give them the chance to regret it.

A bloody light flashed and Fei Yunsheng ended the lives of the three of them.

He clapped his hands and said, "Finally, it's quiet."

His words were dispelled.

Emperor Mingxin finally regained his mobility.

His face was immediately replaced by shock.

It was not only because FEI Yunsheng had been exposed, but more so because Su Yu had a total of twenty ruler-level magic treasures in his possession.

After a short moment of surprise, Emperor Mingxin stood up bitterly. "Mr. Su, I also want to ask, what is the meaning of your alliance with East Bright City?"

He could sweep through everything on his own.

Su Yu said indifferently, "There's no reason. It's just that you've already reached an alliance agreement with South Bright City."

Emperor Ming Xin smiled when he heard this, but it was obvious that he was unhappy. "Mister Su, I appreciate your kindness, but what is the point of forming an alliance like this?"

The reason why he formed an alliance with South Bright City in the first place was that both sides would combine their powers and defeat the other opponents.

In the end, both sides would fight for the position of ruler.

But now, even if their alliance reached the end, was there still a need to fight for the position of ruler?

No matter how one looked at it, south light city seemed to be suppressing them?

Emperor Bright Heart would eventually be devoured by Empress Starry Rain.

Su Yu looked in the direction of the sacred city and slowly narrowed his eyes. "I've been thinking. In the battle for the position of ruler, must the descendants of rulers fight each other and fuse with each other?"

According to tradition.

The descendants of the rulers would kill each other. When they killed each other, they would be able to absorb the other's time ruler bloodline and evolve their own time domain.

When they killed the last one, they would be able to reach the origin realm and become the ruler of time.

However, what if the descendants of the ruler of time used other methods to reach the origin realm?

"Why give up so easily before the last moment?" Su Yu looked at Emperor Ming Xin. He had a good impression of him.

Emperor Ming Xin thought for a moment and smiled sheepishly. "I was the one who fell to the bottom."

That's right. Why would he give up so easily before the last moment?

South Bright City might not have the last laugh.

They might not have to kill each other if they had the last laugh.

This was the first time the battle for the ruler of time had happened. Who knew what would happen in the end?

"Thank you, Mister Su, for your help. I can't thank you enough." Emperor Ming Xin personally raised his cup, full of gratitude.

Su Yu smiled.

Both sides clinked their cups and reached an agreement on the alliance.

"In the next few days, please enjoy yourself in my palace, Mister Su. We'll discuss the specifics of the alliance in detail."

"Alright!"

The banquet ended.

Emperor Ming Xin removed the seals around him and ordered his men to clean up the mess.

Zi Jun led her men in. When she saw the Three Corpses of Wen Jiu and the others, she couldn't help but turn pale with fright. "My Lords!"

She immediately pulled out her sword and pointed it at Su Yu. "What did you do?"

At the same time, she stood in front of Emperor Ming Xin and said, "Emperor, stand back!"

Emperor Ming Xin shouted, "How dare you! Stand Back! How dare you be rude to Mister Su?"

Zi Jun looked back at the emperor and said, "Emperor, he killed the three lords, right? How Can You Be merciful to him?"

As she said that, she stabbed her sword forward!

Su Yu's calm eyes flashed with sharpness.

Her figure flashed like a ghost and arrived in front of Zi Jun. then, she grabbed her sword with one hand.

With a sizzling sound, the death domain operated in secret and corroded her sword on the spot.

Then, she slapped her shoulder blade.

The unrivaled power of the Mystic Dao knocked Zi Jun flying and made her spit out blood. She finally stopped after breaking a part of the city wall.

Zi Jun lay in the ruins with blood all over her mouth. She was in disbelief.

How had Su Yu's strength increased so much in such a short period of time?

He could even destroy her dao weapon sword with one hand.

"Little girl, I forgive you for offending me once or twice, but that doesn't mean that I can always tolerate you! This palm is just a small punishment. If you offend me again, I'll punish you severely!" Emperor Mingxin said with a smile

This Zi Jun was really too much!

Zi Jun gritted his teeth and was about to say something when Emperor Ming Xin walked over.

His eyes were filled with disappointment. "Zi Jun, go back to your sister's side. I don't need anyone for the time being."

He was extremely disappointed in Zi Jun..

Zi Jun's entire body trembled. "Emperor, you'd rather believe him than me?"

Emperor Mingxin nodded. "Sort of."

At least Su Yu had given him three sovereign artifacts and displayed so many trump cards. He trusted him a lot.

Zi Jun, on the other hand...

Sometimes, Emperor Mingxin really couldn't see through his wife's sister.

Call her childish, but she was also so grown-up.

But every time she spoke, her actions were especially reckless.

Last time in South Bright City, she had repeatedly spoken coldly against Su Yu. Emperor Mingxin had already reprimanded her.

Now, she was even worse.

According to his confidant, when Zi Jun went to welcome Su Yu and the others, he did not follow his instructions and warmly welcome them.

Instead, he threw them aside and only sent a few maidservants to serve them.

Furthermore, he did not need to worry.

"I'll go and tell sister! You're bullying me!" Zi Jun turned around and ran away.

However, she did not look for her sister. Instead, she came to a corner. After hesitating for a moment, she quietly crushed a communication jade seal.

At that time.

Under the protection of Fei Yunsheng, Su Yu returned to the place where he was staying.

There was no one around. Fei Yunsheng's eyes flashed as he asked, "Mr. Su, I still don't understand why you insist on forming an alliance with Dongming City."

There was no meaning at all!

Su Yu must have other plans!

Chapter 2649 The Tail Is Finally Exposed

Su Yu walked in front and looked at the northern starry sky. He said leisurely, "Do you know what kind of person can live the longest?"

Fei Yunsheng was deep in thought. He pondered for a long time before he said with certainty, "The strongest!"

Only those who were at the peak of strength could live to the end of the competition.

However, Su Yu shook his head. "No!"

Fei Yunsheng frowned, "Then what kind of person is he?"

Natural selection, the strong preying on the weak. This was destined to be a strong person who could stand at the peak and survive to the end of the world.

"He is the most invisible person."

The most invisible?

Fei Yunsheng did not quite understand what Su Yu meant.

"Although the strongest person is strong, he is the easiest to be attacked and the easiest to fall."

"On the contrary, the invisible ones hide in the dark and accumulate their strength. When the world is about to be decided, they will use their power to ascend the nine-five throne."

How could Fei Yunsheng not understand what Su Yu meant?

Su Yu's intention was for South Bright City to continue hiding its strength and bide its time, displaying the weakest of the four cities in front of the world.

He would use East Bright City as bait.

When the chaos was about to fall, South Bright City would once again appear and sweep across the land, defeating all the descendants of the rulers.

Hearing this, Fei Yunsheng couldn't help but look deeply at Su Yu and exclaim in his heart.

How simple was Su Yu's plan?

He believed that everyone would understand.

However, that kind of vision, vision, and strategy that overlooked the big picture made people feel as if they were facing an abyss, and they felt extremely uneasy.

From the very beginning, East Bright City had become a chess piece in Su Yu's hands.

No matter how nice he sounded to Emperor Mingxin, he had his own long-term plans.

"Emperor Mingxin is not a bad person. I feel ashamed to use him like this." Su Yu sighed lightly.

Fei Yunsheng did not think much of it and said, "Mister Su is too kind-hearted. He filters too much!"

"With Emperor Mingxin's strength, without a sovereign artifact, he will definitely be reduced to ashes if he fights against West Ming City or even North Ming City!"

"He only has the right to fight if Mister Su gives him four sovereign artifacts!"

"Furthermore, Mister Su has taken care of the three hidden dangers around him. Emperor Mingxin is very grateful to you. Even if he knows that you've taken advantage of him, he'll be willing to work for you."

Su Yu nodded slowly.

Just as he was about to enter the room to rest, the communication spell next to him suddenly moved.

Su Yu activated it and his gaze changed slightly.

"Lord Su, it seems to be a joyous occasion?" Fei Yunsheng observed his expression and asked.

Su Yu nodded. "Yes, it's not a small joyous occasion."

Yanran sent a letter.

Shaohao agreed to hand over the magic treasure that could speed up time ten thousand times over to Su Yu.

But the prerequisite was that he needed to help him get rid of someone!

This person was the most trusted confidant of the crescent moon empress.

He and Yanran both had the same identity!

A member of the Upper Palace branch of the time domain!

His name was -- soul beckoning scholar.

FEI Yunsheng's gaze swept over the contents, but Su Yu seemed to have unintentionally kept it.

It was best not to let Fei Yunsheng know too much about certain things.

Soul beckoning scholar?

Su Yu thought to himself.

He remembered that when the empress of the waning Moon had ambushed him, the emissaries had successfully disguised themselves as the masters of time.

The biggest reason was that they did not have hourglasses on their heads.

Su Yu could not think of anything else that could be so lifelike except for one thought.

In addition, there was the word "Soul" in the name of Soul Summoning Scholar.

Su Yu had roughly guessed his identity.

He was a master of the path of the soul who had mastered the domain of true with a single thought.

"True with a single thought, interesting." Su Yu muttered with a deep meaning.

"The next two days might not be peaceful. You have to be careful at all times." Su Yu said lightly.

Not Peaceful?

The three threats and disasters of warm wine had already been eliminated. How could there still be any hidden dangers?

At least, Fei Yunsheng didn't see it.

In the next few days, the negotiation between South and East Bright City went smoothly.

Both sides were very generous in the details and didn't argue too much.

"Mr. SU, we can officially sign the Alliance Agreement Tomorrow. I hope we can work together happily!" Emperor Mingxin was in a very good mood.

Su Yu nodded and cupped his fists.

"Rest early tonight, Emperor. The Alliance signing ceremony is Tomorrow," Su Yu reminded him and patted him on the shoulder.

Emperor Mingxin laughed. "Don't worry. The ceremony will definitely satisfy you, Mister Su."

He was in a great mood.

Emperor Mingxin returned to his bedroom.

In the bedroom, a gentle-looking young woman walked over with a smile. "Emperor, you're in a great mood today. Is it because the alliance agreement was signed smoothly?"

Emperor Ming Xin took off his cloak and smiled. "Haha, Rou'er, Bring Me some wine. Let's drink to our heart's content today."

The empress smiled. It had been a long time since she had seen the emperor so happy.

For a long time, the emperor had been frowning and toiling all day.

His relaxed expression had not appeared for many years.

She immediately took out Emperor Ming Xin's favorite ten-thousand-river green cloud wine and said, "Zijun prepared this. Have a taste."

Hearing this, Emperor Mingxin's happy face showed a hint of helplessness.

"How is Zijun Now?" He chased Zijun away from his side, still feeling a little worried.

The empress said gently, "Emperor, don't blame yourself. Zijun knows that he was wrong, so he didn't blame the Emperor."

Emperor Mingxin nodded.

Zijun was, after all, the Empress's younger sister. He had originally promised to help her, but now he had chased her away.

Hearing that he had reflected on his actions, he felt much more gratified.

As he thought to himself, he raised his wine glass and drank a cup of his own. "Myriad River Jade Cloud Wine is my favorite wine. Zi Jun, this child is very thoughtful."

The empress smiled and poured a second cup for Emperor Ming Xin.

However, just as she was about to pour it, she suddenly realized that Emperor Ming Xin's hand that was holding the wine glass trembled violently.

She raised her head and cried out in shock.

Green Flames appeared on Emperor Ming Xin's body and started to burn his entire body.

A pained expression appeared on Emperor Ming Xin's face.

However, Emperor Ming Xin sat there without moving and didn't react at all.

"Emperor!" The empress pounced forward and tried to extinguish the flames.

However, a hand grabbed her shoulder.

"Sister, it's too late."

The Empress turned to look. It was Zijun.

She looked at Emperor Mingxin with a complicated gaze. There was regret, regret, and helplessness.

"Zijun, put out the fire. Why are you pulling me away?" The Empress tried to break free from her hand.

Zijun clenched his fist tightly.

The Empress finally realized that something was wrong and stared at Zijun in disbelief. "You... you put something in the wine, right?"

Only two people could come into contact with Emperor Mingxin's wine.

One of them was her, and the other was her sister.

The one who did this could only be her sister, Zijun.

"Are you crazy? How could you poison the Emperor?"The empress screamed.

A flash of determination flashed in Zijun's eyes. He raised his palm, knocked the Empress unconscious, and picked her up.

Chapter 2650 Was In His Grasp

Looking at Emperor Ming Xin, who was burning in flames, and the surprised and confused look in his eyes, Zi Jun lowered his head and said leisurely, "Emperor, Don't blame me. I Can't Help Myself!"

Then, he took out a dagger.

It was a dark and obscure dagger with strong soul fluctuations.

"You... What do you want to do to me?"

However, what surprised Zi Jun was that Emperor Ming Xin, who couldn't speak, suddenly spoke.

The burning flames on his body slowly extinguished.

"What's going on?"Zi Jun asked in surprise.

What she had put in the wine wasn't a deadly poison.

No one dared to kill a descendant of the ruler of time.

The poison would only paralyze Emperor Ming Xin and make him unable to move.

"Why did you betray me?"Emperor Ming Xin stood up, his heart aching.

He didn't care about the betrayal of the warm wine trio.

However, Zi Jun was his queen's sister and a close relative.

Why would he betray him?

A vicious light flashed in Zi Jun's eyes as he took a step forward and stabbed the dagger.

Emperor Ming Xin hadn't fully recovered from the poison and couldn't Dodge in time.

"Time freeze!"Emperor Mingxin's eyes were red as he said, "Put down the Empress!"

Time ripples immediately radiated out.

However, Zijun was obviously prepared. He crushed a jade seal with one hand.

Time acceleration ripples were released from it to counteract the effect of time freeze.

Taking advantage of this opportunity, Zijun carried the empress and turned around to run.

However, halfway through, a faint smile suddenly sounded.

"No wonder Mister Su said that something would happen in the next few days. I really didn't expect that even you would betray Emperor Mingxin. What a surprise!"Fei Yunsheng was really rather impressed with Su Yu.

He was able to predict everything and see through everything in the world.

He didn't notice at all that this little girl called Zi Jun was a traitor.

However, not only did Su Yu notice it, but he also guessed that this girl must have been a demon in the next few days.

As expected!

Zi Jun's face turned pale, but she was still calm and unhurried. She opened her mouth and shouted, "Go!"

A spatial fluctuation exploded on her chest and swallowed her and the Empress in an instant.

Fei Yunsheng did not chase after her. He only smiled lightly. "I have a feeling that even you using the power of space to escape might be within Mr. Su's expectations."

Zi Jun ran away.

With a single teleportation, she escaped to the outskirts of Dongming city.

There was a pile of rubble there.

Zi Jun waved her sleeves and swept away the rubble. Just now, she could see that there was a teleportation array that had been prepared for many years.

With just a single teleportation, she would be able to completely escape Emperor Mingxin's hunting range.

She threw out a few time crystals and successfully activated it.

She looked left and right at the empty mountains. After making sure that there was no one around, she heaved a sigh of relief and jumped onto it.

A white light flashed and she was teleported away smoothly.

She took one last deep look at Dongming city and sighed, "Don't hate me."

Then, a white light flashed in front of her and she entered the long-distance teleportation.

Ding --

There was a light sound. It was the sound of the end of the teleportation.

So Fast?

Zi Jun felt strange.

This was a long-distance teleportation. It should take at least two hours.

Why did she arrive in such a short time?

She opened her eyes and found herself in a familiar courtyard.

She had lived here for many years, so how could she not recognize it?

"The Emperor's Palace?" Zi Jun exclaimed in disbelief.

The other end of the teleportation array was connected to the distant Ximing city.

How did she return to the Emperor's Palace?

Suddenly, Zi Jun caught a glimpse of a smiling white figure leaning on the side of the rockery.

"Su-su Yu?" Zi Jun's heart skipped a beat.

Su Yu stood up and said, "Miss Zi Jun, where are you going?"

Zi Jun stared at Su Yu and shouted coldly, "What did you do?"

Su Yu shrugged, "Nothing. I just changed the teleportation array under the pile of stones to a different destination before you."

Su Yu had suspected Zi Jun's identity a long time ago.

She had reached the peak two days ago, so she had been keeping an eye on Zi Jun's movements.

Su Yu also noticed that she went to the rubble to check if the array was normal.

He changed the array a little while he was at it.

"You Bastard!" Zi Jun scolded and slapped her palm.

His cultivation was not weak, but it was still inferior to Su Yu's.

Su Yu did not dodge and said calmly, "Two days ago, I should have warned you. If you try to charge again, I won't just give you a Slap!"

PA --

A force of space suddenly exploded in front of Zi Jun..

Zi Jun was blown away on the spot and his chest was badly mutilated.

The Empress on his shoulder rolled down and was not injured.

Zi Jun looked pained and said in despair, "Su, you don't know anything. You Don't understand how terrifying the waning moon Empress is. Anyone who goes against her will die!"

"Oh, is this the reason for betrayal?" Su Yu shook his head in disappointment. "I thought it was a helpless reason, but it turned out to be just that."

He had thought about the reason for Zi Jun's betrayal. Could there be something that could fall into the other party's hands.

Now, it seemed that it wasn't.

"So, you don't understand the waning moon empress at all!" Zi Jun roared in grief and indignation.

Su Yu said indifferently, "I should know her better than you. For example, if I let you go, you actually won't live past tomorrow."

Zi Jun revealed an incredulous look.

Su Yu was going to let her go?

However, Su Yu walked forward, helped the Empress Up, and left.

She didn't seem to care about Zi Jun at all.

Zi Jun was stunned. "You're really going to let me go?"

At this moment, the patrolling guards in the courtyard sensed the commotion and ran over.

Zi Jun gritted her teeth and immediately ran away.

She left overnight and headed straight for West Bright City.

Meanwhile, in Emperor Ming Xin's palace, Su Yu returned the empress to Emperor Ming Xin.

After confirming that she was fine, Emperor Mingxin's face finally revealed a look of relief.

However, there was a deep sorrow on his face.

Unknowingly, he had fallen to the point where everyone had betrayed him. Even his most trusted confidant had betrayed him in secret.

Su Yu patted Emperor Mingxin's shoulder.

A spatial domain was retrieved without anyone noticing.

This was the spatial domain that Su Yu had secretly placed on Emperor Ming Xin's body. His goal was to quietly dissolve the poison in Emperor Ming Xin's body.

This was also the reason why Emperor Ming Xin was able to recover so quickly despite being poisoned.

"It's actually a good thing that she's exposed. If we wait until later, it'll be even worse," Su Yu said.

Emperor Ming Xin clenched his fists. "I'm just unwilling to accept it. The crescent moon Empress is too arrogant. She even planted a traitor in my trusted aide."

Su Yu smiled faintly and said meaningfully, "Just in time. I'm going to meet the Empress of the Broken Moon continent. Take care, Emperor."

HMM?

Emperor Mingxin looked up at Su Yu, and his pupils constricted.

Su Yu's body started to slowly disappear.

This wasn't his true body at all. His true body had already acted..
