

Nine-Dragon 2661

Chapter 2661 Irreconcilable Differences

After all, her death wouldn't do Shaohao any good.

"I should be worrying too much." Yanran shook her head lightly, not letting her imagination run wild.

Her eyes looked left and right.

It was almost time for the appointment, right? Senior should be here soon.

All of a sudden, Yanran sensed that something was wrong around her.

"Space has been frozen by a powerful array formation?" Yanran's pupils constricted as she tried to use her spatial domain.

In the end, she couldn't activate it at all.

In the world that ordinary people couldn't see, Yanran could clearly see a huge intersecting net that covered an area of ten thousand kilometers.

That huge net was a type of seal, and its level was exceptionally high.

It repelled all the spatial laws within the area of its coverage, and the spatial domain couldn't be used at all.

"Come out!" Yanran's heart sank slightly, and she berated.

This was a magic treasure that was specifically targeted at him!

Hehe --

With a light laugh, three Earth Dao master experts of varying heights, short, fat, and thin pulled open their concealment from a corner, revealing their figures.

"Sir, you really did plan thoroughly. You said that you would find an opportunity to kill you in the next few days, but in the end, you really came." Ah Da was full of praise.

Ah Er and AH San's eyes were shining.

It was not a waste of many days of waiting. They finally found a suitable opportunity to kill Yanran.

"Who is the sir that you are talking about?" Yanran shouted in a deep voice.

Ada and the other two obviously would not say it. They only said ambiguously, "You know very well."

Yanran was shocked in her heart.

She knew very well that the only person who wanted to kill her was Shao Hao.

Could it really be Shao Hao?

Unfortunately, Ah Da, ah ER, and Ah San did not give her any time to think.

"She has already lost her space domain. Kill her!" Ah Da was the first to rush over.

Ah Er and AH San attacked from another direction, not giving Yanran any way to retreat.

Although Yanran's eyes were filled with fear, she did not panic much. She appeared very calm.

"Idiot! You can kill me as you wish just by sealing my space domain?" Yanran snickered and shook her head.

If the descendants of a spatial ruler were so easy to kill, they would've been exterminated long ago.

"Transposition." Yanran took out a jade sculpture.

The jade sculpture was filled with an extremely dense amount of spatial energy.

Thus, when Yanran found a power that she could use, her spatial domain would naturally be at her beck and call.

The three of them pressed down on the tunnel lord's attacks. Under the guidance of their spatial domains, they actually attacked Ah Da and the other two.

"Dodge!" Ah da shouted and took the lead to dodge.

At the same time, he launched a second attack at Yanran.

Ah Er and AH San did the same.

The three of them trained together all year round and had experienced many battles. They were familiar with such scenes.

Yanran narrowed her eyes and drew a single finger around her body.

A ripple of water surrounded her body.

If the three tunnel lord's attacks were thrown into a swamp, they wouldn't be able to advance any further.

"Descendants of the ruler of space really aren't that easy to kill." Ada said in a low voice, "Brothers, don't hold back anymore."

The three of them simultaneously took out a dao artifact that looked like a round knife.

"Go!"

The Three Dao artifacts connected in midair, forming a fan-shaped sharp blade.

At the same time, the three tunnel masters simultaneously activated it.

The combination of the Three Dao artifacts immediately released an extraordinary power.

Clang --

A remnant mark passed by, and the water ripples on her body were immediately cut open.

Her figure was immediately cut in two.

However, how could the descendant of the ruler of space be so easily killed?

The two halves of the corpse were split into countless small particles.

Then, they merged into one and condensed into a complete human figure.

At her level, any part of her body could turn into space dust.

Sou --

However, the power of the DAO Fusion tool controlled by the three Earth Dao Masters was equally earth-shattering.

Kacha --

Another remnant appeared.

But this time, it wasn't Yanran who was cut, but the jade sculpture in her hand.

With a crisp sound, all the space power inside dissipated and was swept away by the sealing array.

This time, Yanran, who had lost the space power, once again lost the ability to control the space domain.

Whoosh --

The fusion dao artifact once again streaked across.

This time, Yanran's expression really became solemn.

Without the space domain, if she was struck again, she would have no chance of recovering.

Was she really going to die here?

A great sense of danger suddenly surged in her heart. It was the fear of dying.

Just as her heart felt a chill, she heard a ding sound.

That Dao fusing tool was actually blocked by something.

Yanran opened her eyes to take a look. Her eyes revealed a pleasantly surprised expression.
"Senior!"

Su Yu faced Ah Da, ah ER, and Ah San directly and said indifferently, "Scram!"

As he spoke, he urged the giant cauldron formed by his domain to press down with a rumble.

The might of this cauldron was something that even the soul beckoning scholar did not dare to easily resist, let alone the three of them?

Ah Da and the other two immediately withdrew their dao fusing artifacts and stared at the person in front of them in bewilderment.

The three of them exchanged glances and discussed in secret. They would work together to eliminate this person.

Suddenly, the three of them received the news from "Zuo Wei" and immediately retreated. The newcomer was very powerful.

The three of them immediately left without any hesitation. They did not stay for even a moment.

When she saw the three of them escape, Yanran's legs went weak and she weakly leaned against Su Yu's back. She was both afraid and angry. "Shao Hao! You and I are irreconcilable enemies."

There were only two people who knew that she had come here.

One was Emperor Shaohao. Before she left, Shaohao had still sent people to monitor her.

The other was senior Su Yu, but he had no reason to kill her. Even if he could kill her, why did he need to send those three people? If he did it himself, Yanran would have no way of surviving.

Therefore, it could only be Shaohao.

For the sake of the time-controlling magic treasure, he planned to get rid of him.

"It's good that you're fine," Su Yu said calmly.

Yanran had just realized that she was lying on Su Yu's back. She immediately stood up and said gratefully, "Thank you for saving me, Senior."

If it wasn't for him, she would have been in real danger just now.

Su Yu turned around, his face solemn. "Are you sure who did this to you?"

Yanran nodded and said with certainty, "It can only be Shao Hao!"

Her expression was extremely cold. "I helped him at all costs, but in the end, what did I get?"

"I'm really a stupid woman!" She laughed at herself.

Su Yu was secretly amused.

However, his expression was solemn. "Don't say that. You were just deceived by a treacherous person. It's not too late to wake up now."

Yanran was somewhat at a loss.

"I spared no time and distance to help Shaohao so that I could have strong assistance when I fight for the position of ruler of space in the future. Now, everything is just empty talk."

Looking around, she was somewhat at a loss and did not know what to do.

"A good bird chooses a tree to roost in. I believe that you will find a more suitable ally," Su Yu said meaningfully.

However, he did not mention Empress Starry Rain.

Otherwise, it would be too easy to expose Su Yu's intentions and attract Yanran's attention.

Yanran smiled wryly. "Out of the four descendants of the time ruler in the broken dream realm, only Shao Hao is a dragon among men. As for the other three, Emperor Mingxin is under the control of his subordinates. Empress Crescent Moon is temperamental. As for Empress Starry Rain, she's still a young girl, so it's difficult for her to become a great person."

"Where can we find good wood?" Yanran asked helplessly.

Su Yu smiled faintly. "We'll find it sooner or later."

Chapter 2662 Success Or Failure

After a pause, Su Yu asked, "Is there something urgent that you need me for?"

Upon hearing this, Yanran remembered that she was the one who had summoned Su Yu here.

She smiled bitterly. "I wanted to confirm if Shao Hao wanted to harm me, but it seems that there's no need to confirm anymore."

"If there's nothing else, I have a favor to ask of you," Su Yu said slowly.

"Please speak, senior."

Su Yu said, "Shaohao still owes me a time-accelerating ruler artifact. Can you help me get it?"

Ah?

Yanran pointed at herself. "Senior, if I go back, won't I be a sheep in a tiger's Den?"

Shaohao had already sent people to assassinate her. How could she go back.

And it was to steal Shaohao's most important defensive artifact.

"I won't! If Shao Hao wanted to kill you openly, he wouldn't have set up an ambush at the city gate," Su Yu said confidently. "People's words are terrible. Shao Hao is at a time when the hearts of the people are in disarray. If he publicly executes a hero like you, wouldn't the rest of his followers be scattered like birds and beasts?"

"So, Shao Hao definitely wouldn't dare to do anything to you openly."

The reason why he was so certain was naturally because Su Yu knew that Shao Hao had no intention of killing Yanran.

"That makes sense." Yanran's beautiful eyes flashed, and her train of thought was completely brought to the ravine by Su Yu.

After thinking for a while, Yanran nodded. "Alright, senior saved my life. I'll risk my life to obtain that time-accelerating ruler artifact for you."

"By the way, I can't let Shao Hao off so easily!"

She had paid for so many years, so how could she be willing to leave just like that?

She wanted revenge!

"Alright, I'll wait for you." Su Yu left just like that.

Yanran, on the other hand, waited here with a straight face. Not long after, Biyun Hong and her father rushed over to meet up with her and head to the various large and small factions.

If it was in the past, Yanran would still have to take into account that if she extorted too much from these factions, she would be betrayed by them.

But now, what did she still have to take into account?

Every time she went to a sect, she would wantonly demand for martial arts resources, causing the forces of the sects to be severely injured.

Some small sects were even directly blackmailed into closing their doors and disbanding.

All the forces within the territory fell into a state of indignation.

They communicated with each other in secret, and the shadows formed an undercurrent of resistance.

When the time was right, they decided to rule Northern Bright City and join the other cities.

Right at this moment.

The representatives sent by Empress Star rain took more time to approach these sects and secretly contacted them.

One could imagine how smooth the process of bribing was.

The representatives did not need to waste much time and successfully poached the tunnel lord experts from the sects. They led their own troops and secretly left North Bright City and headed to south bright city.

A year later.

Yanran came back with a huge amount of resources, so Shaohao very satisfied.

"Do well!" Shao Hao praise way, although Biyun Hong Xian many times, Yanran means is too intense.

However, Shao Hao did not blame.

Because he ordered Yanran to do it.

Now, he has hundreds of billions of time crystallization of the value of martial arts resources, completely enough to raise a large number of people around him.

As for the injured sects, he would pacify them once they had established themselves.

"What reward do you want?" Shao Hao was in a great mood.

Yanran shook her head. "Nothing."

"Tell me the truth!" Shao Hao shouted softly. "There will be rewards for meritorious deeds, but there will be punishments for transgressions! You have made such a great contribution. If I don't reward you, who will be willing to risk their lives in the future?"

Yanran thought for a moment and said hesitantly, "If the emperor really wants to reward me, I would like to borrow your time acceleration treasure to use."

Hearing this, Shao Hao's expression froze.

This was a defensive treasure personally bestowed by the ruler of time.

However, since he had already said it, it would be difficult to take it back.

"Why?" Shao Hao asked as he took it down.

Yanran said, "I recently gained a new understanding of the spatial domain. I need to spend a lot of time cultivating in seclusion. After thinking about it, only the emperor's jade pendant can satisfy me."

Hearing this, Shao Hao felt relieved.

"Alright, take it." Shao Hao happily handed it to Yanran.

With so many ruler-level magic treasures in the time wilderness, this ruler-level magic treasure that could accelerate appeared to be less important.

Moreover, Yanran was only borrowing it for a while. She would return it to him.

Lending it to her wasn't a big deal.

"Wait!"

However, at this moment, the golden-eyed Langjun, whose eyes were tightly shut, suddenly opened his mouth and stopped her.

Yanran frowned and glared at him.

Shaohao took back his hand and held the treasure again. "Is there a problem?"

The golden-eyed prince said in a hoarse voice, "Your Majesty, this is a gift from the ruler of time. How can you give it to someone so easily? Especially since Yanran is so familiar with that mysterious person."

Shaohao was immediately on guard.

He was actually worried about this.

He was worried that Yanran and that person might have a connection and help the other party swindle this thing away.

It was just out of trust and he didn't say it out loud.

He didn't think that the golden-eyed Langjun would point it out, so Shaohao had a reason not to hand it over to Yanran.

"This..." Shaohao pretended to hesitate and said, "Yanran, how about this? When you cultivate, tell me. I'll be by your side. Activate this magic treasure and we'll cultivate together. How about it?"

Yanran's expression was the same as ever. "If the Emperor is worried, Yanran will naturally respect his opinion."

She hated the golden-eyed prince in her heart.

Although this old fellow was blind, his senses were sharper than Shaohao's.

He must have accidentally revealed an aura of eagerness to achieve instant success and was caught by the golden-eyed prince, which was why he obstructed her.

Her heart was in a mess.

Seriously, she could have gone back to report to senior Su Yu and left bright north city from then on.

It seemed that she could only resort to the worst-case scenario.

She returned to her residence as if nothing had happened and prepared to wait for an opportunity.

The best opportunity was for Shaohao to enter the divine capital to cultivate. At that time, it would be best if she used her spatial domain to steal him away.

Huala --

However, at this moment, a figure dressed in green descended into his residence.

"You dare to come to my residence?" Yanran immediately revealed an unfriendly expression when she saw this woman.

There was only one person who could make her hate him so much.

Bi Yun Hong Xian.

"I'm here to save you," Bi Yun Hong Xian said calmly. "I advise you not to court death."

Yanran's beautiful eyes flashed.

"I don't understand what you're saying."

Bi Yun Hong Xian didn't say a word. She tapped the air with her finger, and an image appeared in front of her.

In that image, Yanran stole Emperor Shao Hao's spatial magic treasure.

However, Shao Hao was on guard. He grabbed her throat and killed her with a sinister smile.

Whoosh --

Bi Yun Hong Xian retracted her finger and the image immediately disappeared. She said calmly, "This is what I saw in the future."

Yanran's eyes were filled with killing intent.

Since this woman had seen through her plan, she could only kill her.

"If it wasn't for Su Yu's sake, I would have already given this future scene to Great Emperor Shaohao." Bi Yun Hong Xian glanced sideways at Yanran.

Yanran was stunned and stood there silently.

"Regarding the time acceleration treasure, listen to me. I'll help Su Yu get it." Bi Yun Hong Xian said, "But I hope you can tell him that I have a condition."

Chapter 2663 Stealing A Magic Treasure

Yanran took a deep look at Bi Yun Hong Xian.

In the time wilderness, she had seen with her own eyes that this woman seemed to have some connection with Su Yu.

Now, it seemed that they should have known each other a long time ago.

"Go ahead."

Bi Yun Hong Xian brushed the hair on her ears, and there was a relieved smile on her face.

"If one day, my father does something outrageous, please spare my father's life."

Yanran stared at her and said, "Why? Is It Worth It?"

How could she not know the relationship between Bi Yun Hong Xian and her blind father?

That blind father had a twisted personality and was very gloomy.

He might do something crazy one day.

Usually, he would beat or scold Bi Yun Hong Xian, but Bi Yun Hong Xian was very obedient.

Yanran didn't understand why Bi Yun Hong Xian would still plead for her father.

"He's my father after all." Bi Yun Hong Xian's expression was calm. "Help me pass on the message. I'll think of a way to get that Jade seal within a month."

After thinking for a while, Yanran nodded. "Sure."

At that time.

Su Yu was in an inn.

In front of him was the nine underworld succubus empress, who had been in closed-door cultivation for many years.

"Master, I didn't fail you. I successfully refined the three threads of Holy Devil's blood into a dao artifact."

She held three snow-white flying needles in both hands.

The flying needles contained extremely dense cold air, which was specially used to restrain the soul.

Once activated, it could instantly freeze the enemy's soul into ice.

"Is this a four-star half-dao weapon?" Su Yu muttered to himself.

He took one and placed it in his palm. Even with his own soul, he felt a slight chill.

One could only imagine if his soul was injured.

"If I had refined it earlier, I wouldn't have to expend so much effort when killing the soul beckoning scholar," Su Yu muttered to himself.

The nine serenities Queen said from the side, "Each of the three flying needles can kill the soul of an early-stage Earth master. If all three needles can be inserted into the soul of the opponent, even a peak-stage earth master would have his soul frozen to death."

Su Yu thought for a moment and his eyes flashed. "What if it's an intermediate-stage Earth Dao Master?"

The nine serenities queen shook her head. "It can only seriously injure the soul of the opponent. It's very difficult to kill the opponent."

After all, it was a four-star half-dao artifact. Its power still had a limit.

But for Su Yu, it was already quite good.

This was the first true dao artifact he had ever obtained in his life.

Thus, Su Yu immediately refined the three flying needles.

"You did very well." Su Yu praised.

He looked at the nine serenities enchantress and asked, "What exactly is your cultivation level?"

The nine serenities enchantress answered truthfully, "The peak of the early stage of the Earth Dao Master."

So she was on the same level as Fei Yunsheng?

No wonder the nine serenities Enchantress had the complete upper hand against the other Earth Dao Masters.

"Take This!" Su Yu closed his eyes and tried his best to conjure a pot of transparent water in front of his eyes.

It was filled with liquefied absolute beginning qi.

When he opened his eyes again, Su Yu felt extremely tired.

The higher the level of the item, the more powerful the soul energy consumed when it was conjured.

This pot of absolute beginning qi spiritual liquid was already too much for him.

"Absolute beginning Qi?" The Queen of Netherworld shrieked, her eyes full of surprise and joy.

Absolute beginning Qi was the best tonic for the Earth Dao Master.

After fusing it into his body, the absolute beginning Qi could be divided into the dao Qi he needed to reach his realm.

The Queen of Netherworld was a corpse, so she couldn't absorb the Normal Dao Qi to cultivate.

Thus, since she was born, the Queen of Netherworld's strength hadn't improved much.

It had always remained at the initial level.

But the absolute beginning Qi in front of her could completely evolve into the power she needed.

This was simply the thing she dreamed of the most.

Normally, even a drop was rare and precious.

But in front of her was a whole pot.

"Use it to your heart's content. There will be more in the future," Su Yu said. It should be enough to refine a pot for her every day.

The empress blinked and said, "Master, when my strength increases, I can go back to the Netherworld realm and help you bring back that puppet."

Puppet?

It took Su Yu quite a while to realize that what the Empress was talking about was a demonic ape puppet.

Back in the Great War, the demonic ape puppet had been heavily injured and left behind in the Netherworld realm.

"That puppet is already damaged. Bringing it back shouldn't be of any use," Su Yu said, shaking his head.

Empress Nine nethercharm said in surprise, "Master, don't you know that it's a secret nine Netherworld puppet made by ancient God Nine Netherworld? How can it be useless?"

Eh --

Su Yu was stunned. Nine Netherworld puppet?

He only knew that the puppet was called the demonic ape puppet. It was a gift from Jin Yue, a descendant of the golden demon elder of the demon sect.

"The nine Netherworld puppet has a trace of the power of ancient god Nine Netherworld sealed within it. As long as that power isn't destroyed, the puppet will be able to heal itself no matter what kind of damage it suffers. It can also absorb all kinds of attacks to help its own growth."

Hearing this, Su Yu suddenly remembered.

The demonic ape golem had once been shattered by Elder Howling Devil, but it had later recovered and returned to the Tai Yi sect to find him.

"The Netherworld Golem landed in the Netherworld realm, and in that environment, it will definitely absorb energy to evolve. I don't even know what cultivation it has reached now," the nine Nethersuccubus Empress said.

"When I'm done cultivating, I won't be afraid of that Phoenix King. I'll go and help master bring the nine serenities puppet back."

Su Yu had a hint of anticipation in his eyes. "Alright, go ahead and cultivate. Find me when you're done using the absolute beginning Qi."

He didn't know if the puppet would give him more surprises.

He put the nine serenities queen back to cultivate.

Su Yu began to familiarize himself with the three flying needles.

A few days later, he pointed with his fingertip. The three flying needles crisscrossed in the air with mysterious trajectories.

He successfully integrated space and time into the flying needles, making the trajectories of the flying needles even more mysterious and unpredictable, and more capable of harming the enemy without being noticed.

After putting away the flying needles, Su Yu was about to contact Yanran.

A year had passed, but Yanran still could not retrieve the time-accelerated magical treasure.

Perhaps, he wanted to snatch it personally.

At this moment, a message was transmitted.

It was none other than Yanran.

After reading the message, Su Yu frowned slightly. "Bi Yun Hong Xian is going to retrieve it personally?"

Thinking back on his request to let his father off in the future, Su Yu suddenly had a bad feeling.

Why did this sentence seem like he was leaving his last words?

After thinking for a while, Su Yu made up his mind and immediately sent Yanran a message.

"Where are you?"

The reply he received was "Don't be impatient, I'll get it soon."

It seemed that Bi Yun Hong Xian was almost in his hands.

However, Su Yu really had a bad premonition.

At that time.

Shao Hao's palace.

Shao Hao was in the middle of a deep level of cultivation.

In front of him was an extremely pure bloodline cleansing marrow.

There were so many of them that it was even more than the entire upper palace.

Above his head, two time hourglasses were faintly discernible, and the third round was also rapidly taking shape.

This was Shao Hao's time domain, which was about to stabilize at the high-level domain level.

He was only one step away from the highest level of the yuan-level domain.

However, at this moment, a beautiful figure arrived without anyone knowing, barging into Shao Hao's secret cultivation ground.

Chapter 2664 She Could Not Escape

What was very strange was that she had completely avoided the detection waves of all the array formations.

It was as if she had already predicted in advance when the waves would be generated and which direction the radiation would radiate in.

Just like that, she entered an uninhabited area and came to the vicinity of the secret area.

Next to the pond where the vein-washing divine marrow was located, all of Shaohao's close-fitting clothes were taken off and piled up there.

Together with the time-accelerating magic treasure that Shaohao never left his body, it was also placed there.

Because the magic treasure contained the power of time, it was very likely to be affected if it was brought into the pond.

The beautiful figure bent down, took the time-accelerating magic treasure in her hand, and then left calmly.

From the beginning to the end, she had not attracted the slightest attention.

The person who had stolen this item was none other than Bi Yun Hong Xian.

After several days of careful study, coupled with its vision of the future and the past.

I finally managed to get my hands on it.

To a corner of the Great Hall.

Yanran from a shadow under the flash out, beautiful eyes flash, asked: "The Thing Got It?"

Biyun Hong Xian stretched out her palm, the Magic Treasure of time acceleration in the palm.

She looked indifferent. "Leave it to Su Yu. Perhaps this is the last thing I can do for him."

'HMM?'

Yanran heard the hidden meaning in her words and was about to ask.

Bi Yun Hong Xian urged, "Hurry up and leave. My father is coming over."

She did not use her God's eye, but she could already sense it.

Yanran's heart tightened. She immediately took the time acceleration treasure and left.

As expected.

After the time it takes for half an incense stick to burn, golden-eyed Langjun walked to Biyun Hongxian with the help of a maid.

"Father," Biyun Hongxian said calmly.

Golden-eyed Langjun's closed eyes opened slightly. A cold light shone in his pitch-black eyes.

"Who were you talking to just now?"

Biyun Hongxian said calmly, "A maid."

Unexpectedly, golden-eyed Langjun suddenly slapped her. Biyun Hongxian could clearly dodge, but she didn't. Instead, she took a hard slap.

A bloody palm print immediately appeared on her face.

"You're seeing Yanran, right?" Golden-eyed langjun shouted.

Biyun Hongxian covered her face and didn't explain.

"You're helping her steal a time-acceleration treasure, right?" Golden-eyed Langjun asked again.

At this moment, Biyun Hongxian's eyes started to waver.

She looked suspiciously at her blind father. "How do you know?"

The golden-eyed Langjun chuckled. "Although I am blind, I am not blind in my heart! Yanran has already developed a sense of betrayal and is helping that mysterious person to swindle Emperor Shaohao's time acceleration treasure."

Biyun Hongxian's eyes flashed, but she did not say a word.

Her father was a wily old fox. It wasn't strange for her to be able to guess this.

"But it doesn't matter." Golden-eyed Langjun suddenly revealed a sinister smile.

HM?

Biyun Hongxian's suspicions deepened, and she faintly sensed that something was wrong.

"Hehe..." at this moment, a cold snort filled with suppressed anger came from outside the courtyard. "It's hard to guard against a thief when it's day-to-day and night-to-night! Biyun Hongxian, I trusted you in vain, but in the end, you're the one who's hiding the deepest traitor!"

Biyun Hongxian was shocked and turned to look behind her.

Shao Hao was wearing a black cloak and was walking over with large strides.

She had a very bad feeling and could not help but look at her calm father.

"Father knows that I'm here to steal the treasure?" Biyun Hongxian was not worried about her own safety, but Su Yu's!

Since both her father and Shao Hao knew that she was here to steal the treasure, why didn't they stop her.

Instead, they allowed her to steal the Dharma treasure and hand it over to Yanran?

There was only one answer!

There was something wrong with the Dharma Treasure!

Su Yu was in danger!

Her heart tightened. She immediately took out her communication dharma treasure and sent an urgent message to Yanran.

However, her palm was empty for some reason.

She turned around and saw that Shaohao was still standing on the spot, but his communication dharma treasure was in his hand.

Shao Hao used his time domain to snatch the magic treasure away and stop her from communicating.

"HMPH! You want to inform them in front of me? You really don't have a master like me in your eyes!" Shao Hao shouted coldly.

Bi Yun Hong Xian bit her red lips and her heart was filled with Su Yu.

She did not value her own comfort at all.

This was because she had long predicted her fate.

From the moment she met Emperor Shao Hao, she knew what would happen to her.

She had long accepted her fate and did not care about her own life.

"I already know what you want to do. You Don't have to pretend to be loyal to restrain me." Bi Yun Hong Xian informed Su Yu that there was no hope.

If she wanted to escape, there was no hope at all.

She might as well confess everything.

"You want to extract the time ruler bloodline from my body to complete your yuan grade domain, right?" Bi Yun Hong Xian looked at Shaohao calmly.

Biyun Hong Xian's pair of divine eyes contained the bloodline of the time ruler and the space ruler.

Just like her father, she inherited the bloodline of the Heaven's legacy Empress.

And the Heaven's legacy Empress was the descendant of the time ruler and the space ruler.

She was the only descendant of a half-blood ruler in the world.

The bloodline power that Biyun Hong Xian inherited wasn't as strong as the Heaven's legacy empress, but it wasn't weak either.

It had already reached the ability to communicate with the future and the past.

If Shao Hao could obtain her bloodline and use it at a critical moment, he could really break through to the Yuan level domain.

And the mastermind behind all the plans was no other than his own father.

It was his own father!

Not long after meeting Shao Hao for the first time, he personally sold his only daughter to Shao Hao.

He begged for glory and wealth!

The golden-eyed Langjun said calmly, "Don't blame father. Your father still has many grand ambitions that I have yet to accomplish. You can just suffer a little."

As he spoke, the golden-eyed Langjun took out a mirror and slowly shone it on Bi Yun Hong Xian.

The latter cried and pleaded, "Father, you want me to die. I have no complaints, but please let that person go. I'm begging you, okay?"

She didn't even hesitate to kneel.

However, golden-eyed Langjun's face was cold as he said, "That person is a threat to the emperor. He must die."

Then, he channeled the light into the mirror. Under the light, Bi Yun Hong Xian immediately lost consciousness and her eyes were extremely empty.

Just like in the seven-star civilization, there was a period of time when Bi Yun Hong Xian lost her self and was like a puppet.

The golden-eyed Langjun put it into his spatial storage and said, "Your Majesty, when the time is right, it will be the time to help you break through the Yuan level domain and become a ruler."

Shao Hao nodded slowly and looked in the direction where she left.

"Have you arranged the personnel?" Shao Hao's eyes flashed with a cold smile.

The golden-eyed Langjun nodded. "Everything is settled. We are only waiting for your Majesty's Order."

"Very good!" He laughed sinisterly. "I'm afraid you can't afford to play with me!"

Yanran didn't know what was going on. She held the magic treasure and left the Emperor's palace while sending a message to Su Yu.

In a certain restaurant.

Su Yu didn't feel any joy when he received the message from Yanran. Instead, he felt his heart sink.

With a wave of his hand, two lines of fate appeared in front of him.

They belonged to him and Yanran.

However, the two lines of fate soon broke.

That meant that both of their lives would be in danger.

Su Yu's thoughts whirled. What was wrong?

Where was the danger?

Ever since he learned that Bi Yun Hong Xian had stolen the magic treasure, he had been restless.

Now, it was getting worse.

Chapter 2665 Was Another Threat

"Is there a problem with the Magic Treasure?" Su Yu thought about it.

It could only be a magic treasure.

All disturbances started with a magic treasure.

If it was an ordinary person, they might have to hesitate.

But Su Yu was unusually decisive. He immediately ordered Yanran, "Stop and send the magic treasure back."

Yanran, who was on her way here, was suddenly startled.

Why?

She could not help but lower her head to look at the time acceleration magic treasure in her palm.

There was no mistake. This was indeed the magic treasure that Shaohao wore all year round. There was no mistake.

However, out of her trust in Su Yu, Yanran did not think for long before she returned halfway.

And as she left, Su Yu indeed found that the sense of unease was gradually weakening.

"It's really a magic treasure!" Su Yu's heart trembled slightly.

He narrowed his eyes and muttered, "There are still scheming experts in northern bright city. They have already seen through my plan to steal the time acceleration magic treasure."

"As for Bi Yun Hong Xian..." Su Yu's heart skipped a beat. If nothing unexpected happened, she would have already met with misfortune.

Her heart tightened.

"Shao Hao!" Su Yu's eyes flashed with a cold light. She teleported and arrived in front of Shao Hao's main hall.

Yanran had already returned to the main hall and placed the time-accelerating magic treasure in the main hall where Shaohao usually met his guests.

Then, she quietly came out and met up with Su Yu.

"Senior, is that Magic Treasure in danger?"

Su Yu rolled his eyes and said, "Let's leave a little further away."

Not long after the two left, in the main hall.

Shaohao looked at the sky and smiled faintly. "Looking at the time, it should be about time, right?"

A cruel smile appeared on his lips. "It's time to say goodbye to our elusive senior!"

Boom --

A wave of destruction suddenly appeared in the world without any warning.

A scorching, pungent aura of destruction swept out with the wave of destruction.

Shao Hao and the golden-eyed Langjun were caught off guard.

How could they have expected that Yanran would send the magical equipment back halfway?

The wave of destruction attacked indiscriminately, instantly destroying all the restrictions in Shao Hao's great hall. All the walls and houses were melted by the waves.

Shao Hao and golden-eyed Langjun's lives were on the line under the impact of the wave of destruction.

"Emperor, follow me!" Golden-eyed Langjun's eyes, which were clearly blind, suddenly opened.

A streak of pitch-black light pierced through the wave of destruction and found a way to survive.

Under its lead, the two of them narrowly avoided the omnipresent waves of destruction.

However, the terrifying power contained within the magic treasure was too great, and the two of them were still accidentally swept by it in the end.

Ah!

Shao Hao and the golden-eyed Langjun both suffered heavy injuries at the same time.

The latter was still fine, but Shao Hao was the first to bear the brunt. His entire body was blasted apart, his flesh and blood mangled, and his soul was about to overflow out of his body.

Fortunately, they had left the center of the wave of destruction, and there was no longer any danger.

"Die!" Shaohao growled as he activated time reversal, trying to return his body to its uninjured state.

However, there was still a trace of destructive energy left in his injuries.

It made it impossible for him to recover.

"Emperor, Let's leave this place first," golden-eyed Langjun said in fear.

Since Yanran had returned, could that mysterious person still be far away?

Almost at this moment, a cold wind flashed past.

The golden-eyed Langjun was sent flying with a kick.

Then, a hooded figure appeared and stepped on the heavily injured Shaohao's chest.

"You want to scheme against me?" Su Yu's expression was ice-cold. "You're still too young!"

He grabbed with his hand and pulled out a jade box from Shaohao's body. Inside was sealed a liquid that couldn't be seen with the naked eye.

"Time reversal water?" Su Yu recognized it at a glance. He was certain that this was the defensive magic treasure that the ruler of time had given to Shaohao.

As for the powerful explosion from before, it shouldn't be.

However, he didn't know its exact origin.

After obtaining what he wanted, Su Yu stared at Shaohao with killing intent in his eyes.

However, just as he was about to make his move, time in the world suddenly changed. A trace of the ruler's will slowly descended.

"The battle hasn't begun yet. Descendants are not allowed to fight."

Hearing this, Su Yu had no choice but to stop.

If this continued, the ruler of Time's will would definitely descend.

"Consider yourself lucky!" Su Yu snorted.

Then, he glared at the golden-eyed prince. "Where's Bi Yun Hong Xian?"

The golden-eyed Prince's face trembled. He didn't resist much and handed the interspatial storage item to Su Yu.

Su Yu scanned the item and found that Bi Yun Hong Xian was indeed inside. She was not in any danger, so he let out a sigh of relief.

After getting what he wanted, Su Yu did not stop for even a second. He immediately retreated.

When he returned to south light city, he would cultivate in peace for another five years. Then, it would be time to fight for the position of the ruler of time.

At that time, it would not be too late to kill Shaohao!

Watching Su Yu leave, Emperor Shaohao sat up with great difficulty. His eyes were filled with hatred. "Damn it!"

They had planned so meticulously, but in the end, all of their efforts were in vain!

"Golden-eyed prince, I will think of a way to get your daughter back," Shao Hao said.

Bi Yun Hong was related to whether or not his domain could break through to the Yuan level. Naturally, he had to think of every possible way.

Who knew that golden-eyed Prince would not panic. He said indifferently, "Don't worry, she will come back on her own! However, this person has threatened our lives. We have no choice but to get rid of him."

Shao Hao agreed and the killing intent in his eyes was deep.

"It seems that I can only use some of my hidden power." Shao Hao said coldly, "I didn't want to expose myself, but you have pushed me too far."

Just like how Emperor Ming Xin had his own hidden power, how could Shao Hao not have it?

The power he displayed was not just what was on the surface?

Shua --

He took out a mirror. There was a ferocious shadow struggling in the mirror.

The shadow held a nine-colored ruler in its hand.

If Su Yu was here, he would definitely recognize it.

This ruler was not something else. It was a replica of the Emperor's ruler!

The shadow inside was undoubtedly a part of the carefree emperor.

During the war in the outer realm, Su Yu used the eight domains to split the carefree Emperor's pavilion into countless pieces and seal them into his thirty-foot small world.

After that, he scattered them and the small world fragments fell in all directions from the eight-star civilization.

He did not expect that Shao Hao would obtain one of them.

Furthermore, it was a very important part of it.

"Go and kill someone!" Under Shao Hao's orders, the shadow lacked his own will and was very obedient to Emperor Shao Hao. He jumped out of the fragments and chased after him with the imitation ruler of heaven.

As Su Yu was about to leave the city, he met up with Yanran.

"Senior, where are you going from now on?" Yanran asked.

Su Yu calmly said, "I'm going to the south to take a look. There's a region there that once had the ruins of ancient god Nine Dragons."

Yanran's eyes lit up. "If senior is lacking manpower, Yanran can help you."

These words played right into Su Yu's hands.

What he wanted was to bring Yanran back to the southern part of the dream boundary!

"Alright, you'll stay by my side for now and act as my assistant," Su Yu said.

Suddenly, Su Yu's heart stirred. He grabbed at the air with his palm, and a broken thread of fate appeared before his eyes.

That was his thread of fate.

It had been broken all along and had not been reconnected because he had discovered the conspiracy of the Magic Treasure.

His heart skipped a beat.

The real threat was not the magic treasure, but something else!

Chapter 2666 Blood Of The Emperor (First Watch)

"You go first! If I return to the southern part of the dream boundary, I'll look for you," Su Yu stared ahead and said in a deep voice.

Yanran frowned.

Her line of fate had already overlapped. There wasn't the slightest danger to her life.

However, she could still faintly feel that danger was approaching.

It was a danger that she couldn't resist.

She looked at Su Yu and nodded her head. "Senior, be careful."

If she stayed, she would only be a burden to Su Yu. It was better for her to leave first and wait for senior in a safe place.

Su Yu chose a different direction and left quickly.

However, the line of fate was breaking deeper and deeper. It meant that danger was still approaching rapidly.

Su Yu's heart sank and he stopped in his tracks.

Since he couldn't escape, he would face it on his own.

He grabbed with his palm, and three flying needles floated in his palm.

Then, he took out the nine dragons divine cauldron and had it surround him, waiting in formation.

Chi La --

Suddenly, a nine-colored shadow of a ruler that spanned across the sky and suppressed heaven and earth suddenly appeared from an endless distance, and with the power to destroy the heavens, it ruthlessly pressed down.

Wherever the ruler shadow passed by, everything became dust.

Even the incomparably powerful spatial barrier of an eight-star civilization was broken, revealing the nothingness of the outside world.

Before the ruler Shadow arrived, its power had already erupted.

"Carefree emperor's imitation of the son of Heaven Ruler!" Su Yu's pupils constricted.

With a glance, he could recognize where the power of the attack in front of him came from.

It was precisely the extremely powerful imitation of the son of Heaven ruler.

However, wasn't the Carefree Heaven's son ruler and his heaven's son ruler sealed in the three-zhang small world by him?

Su Yu didn't have time to think. The ruler's shadow pressed down, making it difficult for him to breathe.

The Heaven's son ruler was in outer space, and it was restricted by outer space. Although its power was extraordinary, Su Yu could still deal with it.

However, at this moment, the heaven's son ruler's power wasn't restricted, and it was more than twice as powerful as before.

"Nine dragons divine cauldron!" Su Yu slapped the nine dragons divine cauldron eight times in a row, displaying Ren zu's universal cauldron suppression technique.

Eight dragon roars sounded, and the divine cauldron reverberated in the air, turning into a huge cauldron that covered the sky and the Sun, pressing down from the sky.

Creak --

An ear-piercing sound that sounded like metal cutting spread throughout the world.

When the two collided, shocking sparks exploded, and intense world-destroying lightning was produced from the friction.

Weng --

With a light sound, the nine dragons divine cauldron was repelled by the ruler's shadow and pressed down again.

Su Yu pressed his palms together, and his ten fingers seemed to rotate.

The eight great domains quickly entered the nine dragons divine cauldron.

One side of the domain structure, the domain cauldron that suppressed the four dimensions of heaven and earth, and the nine dragons divine cauldron, one on the left and one on the right, once again suppressed it.

Bang --

The ruler's shadow was finally ruthlessly pressed down, and just as it was about to slash in front of Su Yu, it was completely pressed down.

It cut through the ground, revealing a deep and invisible void.

However, Su Yu didn't feel relaxed at all.

Because danger hadn't really arrived yet.

In front of his eyes, a broken arm was holding the ruler of heaven and carrying many black shadows.

The ruler of heaven came again.

Su Yu's eyes flashed. He immediately urged the two huge cauldrons and pressed forward.

At the same time, he clenched his palms and shouted, "One thought is the truth!"

Chi --

An identical ruler of heaven appeared between his palms!

It was too fast!

Su Yu held the ruler of heaven and swept it out!

Boom --

A ruler shadow that pierced through the sky fell down.

The two ruler shadows collided with each other with a destructive force under the vast ocean.

Peng --

One of the ruler shadows was shattered, while the other one was knocked aside and fell off the edge of bright north city.

An explosion-like fluctuation shook bright north city.

Countless weak creatures turned into blood mist and died on the spot.

Many experts also felt their hearts hurt and their bodies were injured.

Fear instantly enveloped bright north city, causing the experts to flee in panic.

On the ruins of the Great Hall.

The heavily injured Shaohao was slowly recovering from his injuries when he suddenly saw two ruler-like shadows intersecting in the Sky and Earth. He couldn't help but jump in fright.

"A single thought from the ruler of the soul is real?" Shaohao recognized it at a glance, his expression incomparably grave.

Wasn't the soul-beckoning scholar already killed?

How could there still be someone who could use a single thought as real?

Suddenly, Shaohao thought of Su Yu.

It seemed that Su Yu was also proficient in the art of illusion.

"Who exactly is he?" Shaohao's eyes revealed a deep shock.

He finally realized that he had unintentionally provoked an extremely terrifying existence.

He looked at the ruins of the Great Hall again, looked at the dilapidated northern bright city, and then looked at the People's seething resentment as they tried to curry favor with the power.

A trace of regret was born in his heart.

If he had listened to Yanran's words that day, he would have kept his promise and given the time-accelerating magic treasure to that mysterious person.

How could he have ended up in such a situation?

But things had already come to this point, and it was useless to regret.

Staring at the increasingly fierce battle between heaven and earth, Shaohao slowly retreated with the support of the golden-eyed prince.

"There's no need to struggle. Unless you die, it won't stop," Shaohao said softly, and then quietly fled with the golden-eyed prince.

Speaking of which, Su Yu.

The Heaven's son ruler in his palm shattered after only one attack.

He had no choice but to transform twice.

With the help of the two cauldrons, he continued to fight against the Heaven's son ruler.

If it was a normal battle, perhaps both sides would have stopped long ago because neither side could do anything to the other.

However, the other party had an indefatigable arm and the powerful heaven's son ruler.

Once, twice, thrice.

After ten times, Su Yu's soul power showed signs of being depleted.

In the end, he couldn't even summon the ruler of heaven.

"Black Feather Gate!" Su Yu shouted.

A pitch-black, feather-covered gate appeared in front of him.

Boom --

The shadow of the blade slashed down and landed on the huge gate, causing the entire gate to tremble.

The emperor's ruler forcefully opened a crack on the tightly shut door, revealing the aura of the Netherworld realm within.

Seeing that the huge door was about to be forcefully opened, the black feathers on it emitted layers of black flames.

It was the divine fire of the netherworld.

The moment the divine fire appeared, it melted the ruler's shadow and shattered it.

Su Yu's eyes lit up and he immediately activated the door of the black feathers to press down.

If the Emperor's ruler met its nemesis, any ruler's shadow that fell on the gate of black feathers would be melted away.

"Nine dragons divine cauldron, cauldron of domain, Go!"

Under his control, the three of them advanced together, suppressing the overwhelming power of the Emperor's ruler.

In the end, the three of them completely suppressed the emperor's ruler and the arm.

At this time, Su Yu was exhausted, and he couldn't even use the extra power of the Xuan Dao.

Looking at the broken arm and the ruler of heaven, he could not help but feel fearful.

The ruler of heaven, which had returned to the eight-star civilization, was too powerful.

This was also because the carefree emperor had been broken into countless pieces and scattered everywhere.

If the carefree emperor's first clone were to reunite, how terrifying would that be?

Hu --

Su Yu heaved a long sigh of relief.

Just as he was about to say something, his gaze suddenly focused and he looked at the broken arm again.

Within the severed arm, there was a drop of nine-colored blood.

That was the blood of the stone embryo emperor.

The Carefree Emperor had left a total of ten drops of blood in his first clone.

Coincidentally, there was one drop in his arm!

Chapter 2667 Asking The Water To Save You (Second Watch)

An extremely dangerous feeling surged in Su Yu's heart.

Even his soul was incomparably cold.

This was a situation that he rarely encountered in his life.

Every time, it was a narrow escape!

His gaze suddenly became sharp. Without thinking, he immediately used the power of space to sweep away that drop of the son of Heaven's blood.

He must not let it touch the son of Heaven ruler.

However, he was still a step too late.

Only half of the son of Heaven's blood was swept away, and the other half was still on the son of Heaven ruler's body.

Immediately, a force that seemed to have been opened in the primeval era erupted from the son of Heaven ruler.

The door of the Black Feather, the nine dragons divine cauldron, and the cauldron of the domain were all sent flying.

Among them, a deep dent was left on the door of the Black Feather.

The cauldron of the domain was directly shattered and turned into the light of the domain.

Even the nine dragons cauldron was roaring loudly, and the Crystal Dragons on it were all dim.

The nine-colored light of the emperor's ruler was so bright that no one could open their eyes.

Su Yu felt like a small boat in the midst of a storm.

It could capsize at any time!

In a critical moment, Su Yu could no longer hold back.

He took out a magic treasure in the shape of a ring on the spot.

This was a time-controlling magic treasure in the time wilderness, and it was also a defensive type.

Once the ring was taken out, it exploded with the defensive power of a Heavenly Dao master.

A Cloud of mist was spat out from the ring, enveloping Su Yu.

Boom --

The ruler shadow arrived and just barely struck.

The brilliant ruler shadow broke through the Cloud of mist.

However, the Clouds and mist also canceled out more than half of the shadow of the ruler, causing it to shrink.

When it reached Su Yu's body, there was only a thin layer left.

Even so, it crushed Su Yu into pieces in an instant.

His life ended in an instant.

The ruler of heaven sensed something and left slowly.

Not long after he left, those particles condensed back into Su Yu's form.

However, it was different from the past.

This time, his body was mixed with colorful light spots.

It was as if his body was mixed with a handful of nine-colored sand. It was extremely strange.

If one did not look carefully, one would not be able to recognize Su Yu's race.

Su Yu's expression was calm. Looking at the strange state of his body, his heart was even heavier.

These colorful particles were the residual power left in his body when the emperor's ruler cut through his body.

Because of the existence of these particles, his body couldn't completely heal.

What was worse was that his cultivation and domain were affected by the residual power and couldn't be used.

However, the most troublesome thing was that his body seemed to be on the verge of collapsing again.

He had to find an external force to get rid of the residual power in his body.

Otherwise, he wouldn't be able to live for long.

And his body was limited by these powers and couldn't use the power of resurrection again. Then, he really had to disappear in the world.

He gritted his teeth and left this place quickly.

Such a huge commotion would definitely attract many experts.

Furthermore, Shaohao would send people to investigate.

As expected.

After he left for a cup of tea, several Earth Dao master experts rushed over.

The one leading them was none other than Jin Tong Langjun.

He closed his eyes and asked in a deep voice, "Is he still alive?"

Perhaps others thought that Su Yu was dead for sure, but the Golden Corridor Bureau had a hunch.

Su Yu was not dead!

The tunnel masters who were investigating slowly said, "There is a large amount of life force left in this place, and there is no dead body of that person. We can confirm that the other party faked his death and fooled the Emperor Ruler."

"Hehe..." golden pupil Langjun laughed hoarsely. "Then what are we waiting for? If he's alive, we'll see him. If he's dead, we'll see his corpse."

The few Earth Path Masters nodded and carefully surveyed the surroundings.

Very soon, they discovered a row of bloody footprints.

"East, Chase!" The group of people followed the bloody footprints and chased after them.

At one point, they had chased them to the riverside ten thousand miles away.

By the Riverside, a cow with blood-stained boots tied to its hind hooves was drinking water as if there was no one else around.

Seeing this scene, the earth path masters immediately understood and said in a deep voice, "We've been tricked."

This was the illusion that Su Yu had given them.

The Real Su Yu had no idea where he was going.

"Search carefully. This person should be seriously injured." Golden Pupil Langjun was blind, but his insight was even stronger than the tunnel masters.

"Why are you so sure?"

Golden pupil langjun chuckled, "Because if he wasn't seriously injured, why would he use the illusion?"

That was true.

With the strength of that mysterious person, he would only use such a method if he was seriously injured.

"Search!"

Not only did the local dao masters search for him, they also ordered the guards of North Bright City to search everywhere.

Speaking of which, Su Yu, dressed in a black robe, returned to North Bright City.

He knew very well that outside of North Bright City, it was all in the wilderness.

That way, it would be easier to find a person.

However, north bright city was easier to hide.

However, although North Bright City was big, where could he hide?

Right now, he didn't have any Xuan Dao power in his body. He couldn't even use the least bit of communication.

Otherwise, he could still contact Yanran and ask her to come back and pick him up.

After walking for a while, Su Yu weakly leaned against the wall.

His body was very swollen and painful. That was the sign of the Emperor's ruler's power acting up and wanting to destroy his body.

Su Yu smiled bitterly.

How long had it been since he had been in such a situation?

The last time was when he had turned into a white-haired old man in the nine regions, right?

Besides the pain, Su Yu felt deep fatigue in his soul.

Previously, his soul had been exhausted too much. Now, the aftereffects had finally appeared.

His eyelids became heavier and heavier. Finally, he couldn't help but lean against the wall and fall asleep.

After an unknown amount of time.

Su Yu felt a warmth on her body and couldn't help but wake up from her dream.

Out of her many years of vigilance, she stood up and swept her palm around her body.

"Creator, it's me!"

Su Yu immediately woke up and stopped.

She opened her eyes and saw Wen Shui!

She was using warm water to wipe Su Yu's body.

"You?" Su Yu suddenly understood.

Wen Shui was created by Su Yu and was her creator.

She could feel Su Yu's existence even without sending a message.

It was probably because Su Yu was in danger that she sensed it and went out to find Su Yu.

"Creator, please lie down. Husband has gone out to look for medicine to remove the remaining power in your body."

Su Yu looked down and saw that most of the nine-colored light spots on her body had disappeared.

"How long have I been asleep?"

"A year."

Su Yu was shocked.

He had been asleep for such a long time?

Then, was Wen Shui's husband treating her for a year before he was able to reduce the power of the ruler of heaven?

Su Yu calmed her emotions and said, "Thank you."

"Of course. The creator has given me everything." Wen Shui's personality was as gentle as water.

Su Yu looked at her and sighed.

He had given Wen Shui Life and soul just to let her keep the door of white feather.

Hence, when he created it, he did not give her enough life.

According to time, she only had less than five years left.

Five years, what could she do?

For cultivators, it passed in the blink of an eye.

"Have you ever blamed me?" Su Yu asked.

She was given life, but she could not enjoy the beauty of life.

Chapter 2668 Relentless Pursuit

Wen Shui smiled and shook his head, "No, on the contrary, I am very grateful to the Creator."

"It was you who gave me a part of my life, a memory of being born as a spirit, a warm and touching part." Wen Shui's face was filled with contentment and happiness.

"Thank you, Creator."

Su Yu's heart was complicated.

"Is it that easy to be satisfied?" Su Yu asked.

Wen Shui was as gentle as water. "In my short life, I met the most correct person. Why wouldn't I be satisfied?"

The most correct person?

Was he referring to her husband?

Su Yu wanted to meet her husband.

At this moment, a gentle chuckle came from outside the door. "Wen Shui, I've bought the medicinal herbs. Hurry up and fry them."

Wen Shui stood up with a smile and looked at the beast-skinned youth who walked in carelessly.

However, when the latter saw Su Yu who was sitting on the bed, his pupils shrunk.

The smile on his face quickly stiffened.

"Wen Shui, go and prepare the herbs. I'll talk to the Creator," his husband said.

Wen Shui's eyes jumped between the two of them and he smiled, "You two will definitely get along well."

After he left.

His husband, on the other hand, pulled out the axe that was pinned to his waist and forced himself in front of Su Yu.

"Su Yu, what did you say to Wen Shui?"

Su Yu looked at him indifferently and was not afraid. "Beast Slave King, the world is really small." Back then, the vicious criminal that was suppressed in the palace of light was actually Wen Shui's husband.

The world was unpredictable.

"Su Yu, don't think that I won't kill you!" The Slave Beast King gripped the axe tightly, his face revealing the brutal killing intent that had been hidden for a long time.

Su Yu said indifferently, "If you wanted to kill me, you would have done so long ago. Why wait until now?"

The Slave Beast King snorted and slowly put away the axe.

"I should have hacked you to death long ago!" The Slave Beast King had never thought that the creator of Wen Shui was actually Su Yu, who had a grudge with him all those years ago.

It was not until Wen Shui carried Su Yu back from the street that he finally found the creator's true body.

The Beast Slave King immediately wanted to kill him.

However, Wen Shui was taking care of Su Yu with worry and concern.

That was why he could not bear to kill him.

He was afraid that if he really killed Su Yu, Wen Shui would be heartbroken and cry.

"Then I have to thank you for showing Mercy." Su Yu stood up. He felt that his body was much lighter and he could feel a trace of Xuan Dao energy flowing in his body.

It was enough to open the spatial storage device or send some messages.

The beast slave king warned, "Don't tell Wen Shui about my past. Otherwise, I'll make you regret it!"

Actually, Su Yu could open the spatial storage device right now and make the nine serenities Queen come out and kill her.

However, he didn't.

"Don't worry, I'm still waiting for you to treat me." Su Yu said expressionlessly.

Only then did the beast slave king feel relieved.

He looked at the beautiful figure who was busy working outside the house, and his eyes were especially loving.

After hesitating for a while, he said, "On account that Wen Shui saved you, can you extend her life?"

How could the beast slave king not notice that Wen Shui's life was almost gone.

Su Yu slowly shook his head. "Her life was created by my life domain. It will eventually dissipate."

Wen Shui's life was different from a real living creature.

It could not extend life and could not be revived.

"Can't you create another one?"The Slave Beast King asked excitedly.

He did not want to be separated from Wen Shui.

Su Yu's expression was gloomy. "Yes, I can even create a person who is exactly like her, with the same soul and body! However, she will not have any memories of Wen Shui."

Hearing this, the slave beast King's feet trembled and he weakly supported the table.

"Are you sure you want me to create a new one?"Su Yu asked.

The Slave Beast King's face was pale and he shook his head resolutely. "No! The Wen Shui in my heart is only the smile of that person by the river!"

To him, the newly created Wen Shui was just a puppet.

Su Yu nodded with a complicated expression. "Then let's spend the next five years with her."

Five years, even for mortals, was not a long time.

In the blink of an eye, it was the time of life and death.

"Thank you..."the beast slave king lowered his head and said, "Thank you for leaving the world to ask for water."

Su Yu looked over and realized that the Beast Slave King's face was already covered in tears.

Those were tears of sadness.

He was happy today, but five years later, he would be cruel.

Su Yu frowned slightly. If one day, he could cultivate all his domains to the Yuan level.

Perhaps there was still hope to recreate today's Wen Shui.

However, that was far away.

Perhaps, the beast slave king wouldn't be able to wait until that day even until he died.

"Creator, can you get out of bed?"Wen Shui finished decocting the medicine and smiled happily.

Su Yu nodded. "My body is no longer in danger."

He glanced at Wen Shui and took out another ruler-level magic treasure.

It was the lowest level ruler-level magic treasure, but it was also at the Heavenly Dao master level.

"Beast Slave King, take this. I hope you can use it."He handed it to the Beast Slave King.

The Beast Slave King scanned it with his consciousness and couldn't help but be moved.

Dang dang understood its use and decisively handed it back. "I don't need it!"

Su Yu expressionlessly took it back and said, "Alright, if you need it, come and look for me again."

As he said that, he took one last deep look at wen shui and said, "Take care."

He swore in his heart that from now on, he would never create creatures easily.

Never!

"Creator, please don't go out. The people outside are all looking for you," Wen Shui said.

Su Yu lightly said, "Don't worry, no one knows my true appearance for the time being."

He had always faced the outside world with his bamboo hat. Shao Hao and the others only knew the mysterious person, but they did not know Su Yu's true appearance.

But as they were speaking, a group of people surrounded the house they were in.

"Sir, this is the one. For the past year, they have been buying medicine to remove injuries in small shops." A shopkeeper nodded and led the way.

Behind him were four Earth Dao Masters.

One of them was as strong as Fei Yunsheng.

"Is that so?" The Earth Dao Master took a step forward and the courtyard wall collapsed.

His gaze swept past the corner of the courtyard and landed on the medicinal herbs that were being fried.

"A house of three has been using medicine to remove injuries for a whole year." The Earth Dao master at the peak of the early stage looked at Su Yu and the other two with a faint smile.

"Which one of you needs to recuperate?"

Wen Shui's face turned slightly pale and she couldn't help but lean into the Beast Slave King's embrace.

She was a mortal and the tunnel lord's invisible pressure had an indescribable deterrent effect on her.

The Beast Slave King hugged Wen Shui nervously.

His cultivation was far from enough to fight against the tunnel lord.

Su Yu sighed softly and took a step forward, "It's me."

The tunnel master's gaze swept over like lightning, seemingly wanting to pierce through Su Yu's body.

"There is indeed something strange about your body," the tunnel master said slowly.

With a tap of his toes, a majestic force brushed past Su Yu's shoulder and tore apart his sleeves, revealing the skin underneath.

Some nine-colored spots of light could be clearly seen.

The tunnel master's pupils constricted and his face revealed wild joy, "It really is you! I actually found you!"

Chapter 2669 No Other Choice

The entire bright north city was looking for Su Yu.

This was because Shaohao had issued a huge reward.

Anyone who found Su Yu would be rewarded with a time-controlling magic treasure!

Who wouldn't be tempted by today's reward?

Not only did Shaohao's people join in the search, even unrelated people were mobilized.

They tried every possible means to find out where Su Yu might be hiding.

The tunnel master in front of them, who was at the peak of the early stage, was a relatively smart person.

Since Su Yu was injured, it was inevitable that he would need a large amount of medicinal herbs.

Therefore, he specially sent people to keep an eye on the medicine shop.

Over the past year, he had found many suspicious people, but in the end, he had to capture them.

Until now, he had finally found the wanted person.

"Surrender! This old man can make you suffer less," the tunnel master said excitedly.

Su Yu's expression was very calm.

There was not the slightest bit of panic or unease.

"Sure." Su Yu did not resist, allowing their people to suppress him.

"Hahahaha!" The tunnel master at the peak of the early stage could not help but laugh into the sky.

Although he did not understand why Su Yu did not resist.

But the other party was willing to surrender, that was the best.

"I'll go with you." Su Yu was very obedient.

He didn't want to resist because that would implicate Wen Shui.

It wouldn't be too late to resist after they left this place.

However, the peak early stage tunnel master turned his head to look at Wen Shui and the Beast Slave King, and his gaze turned cold. "These two have taken the liberty of harboring a wanted criminal. Kill them."

Yes!

A few guards immediately rushed out from behind and charged at the two.

The beast slave king gritted his teeth and took out the axe at his waist. He protected Wen Shui behind him and said, "Don't come over!"

However, his roar was like an Ant's resistance in front of the guards. He could not be looked at properly.

The three guards' expressions were extremely cold as they immediately attacked.

However, at this moment, a purple light suddenly flashed.

It was Su Yu who activated his spatial storage device and released the little qilin.

The latter spat out a jade-green flame and burned the three guards into ashes.

Seeing this scene, several tunnel masters frowned.

The tunnel master who was at the peak of the early stage reacted even faster. He slapped Su Yu's head, wanting to beat him half to death first and stop him from continuing to activate the spatial storage device.

In order to prevent him from releasing anything dangerous.

Who knew that just as he stretched out his palm, a small palm imprint would be easily imprinted over.

Bam Bam Bam --

The peak of the early-stage Tunnel Lord was directly pushed back by the palm.

He focused his gaze and saw that Su Yu actually released a second person from his spatial storage device.

It was a young girl with a bamboo hat. She was very petite, but there wasn't the slightest aura of a living person on her body.

"This person is not simple. Attack!" The peak early-stage tunnel lord had long felt that it was strange why Su Yu had given up.

It turned out that this person had other plans.

The two tunnel lords rushed over and joined forces with him.

The power of the three tunnel lords' attacks could be imagined.

It was impossible for the bamboo hat young girl to withstand them.

However, what made the Three Tunnel Lords' mouths twitch was that Su Yu rubbed the spatial storage device.

In the end, an even more powerful nine netherworld charm appeared.

After the latter appeared, she joined forces with the bamboo hat girl and fought back together.

The Bamboo Hat Girl and nine Netherworld Charm Empress were both Earth Dao Masters at the peak of the early stage. How could the other three Earth Dao Masters fight against their strength?

In one exchange, two of the Earth Dao Masters were killed.

As for the Earth Dao master at the peak of the early stage, he was injured by a palm strike.

The two of them worked together to exterminate him. The latter's eyes flashed and he immediately fled.

"Forget it, don't chase after him." Su Yu stopped him.

The most important thing now was not to chase after that peak tunnel master, but to escort him safely as soon as possible. Wen Shui and the Beast King also left Northern Light City.

This place was not suitable for them to stay any longer.

Su Yu looked apologetically at Wen Shui and the Beast King. "I don't want to disturb your lives, but from the looks of it, you have to come with me."

He would rather not resist and let them capture him because he did not want to implicate them.

However, the result was not as he had hoped.

The nine Nethersuccubus Empress took action and quickly left Northern Light City with a few people.

The time passage had been destroyed, and Su Yu was unable to use his spatial domain. He could only rely on the nine Nethersuccubus Empress's cultivation to bring everyone on a long journey.

One day later.

They left Northern Light City and arrived at the area of influence.

However, the number of pursuers from bright north city did not decrease.

There were even powerful experts like the Queen of Hades.

"Master, it might be difficult for us to escape," the Queen of Hades said in a deep voice.

Su Yu frowned slightly. He pointed at the injuries on his body. "With your power, how long will it take to expel the remaining power in my body?"

"Half a day is enough," Queen Netherworld said affirmatively.

The remaining energy in Su Yu's body was less than half after half a year.

Plus, Queen Netherworld had absorbed a whole pot of absolute beginning gas and liquid, which improved her strength.

She could have succeeded in half a day.

"However, the opponent might catch up in less than half a day," Queen Netherworld was worried.

To get rid of the remaining power, one needed a very quiet environment.

Such conditions did not exist at the moment.

Su Yu looked at Wen Shui and the beast king and said, "This place has already left the danger zone. You guys should hide."

Those people were here to kill Su Yu.

As long as they asked who and the Beast King would hide their names, there would basically be no danger.

"Creator, please let me share your troubles."

Su Yu shook her head lightly, forgetting to look at the slave beast king beside her. "Cherish the person in front of you."

After saying that, she rolled up her sleeves, and a tornado swept the two of them to the ground.

Under the protection of the nine Nethersuccubus empress, she continued to move forward, drawing away a large number of enemies.

"Master, we can only try."The nine Nethersuccubus Empress had no other choice.

Only when Su Yu's body recovered and he was able to use his spatial domain would he be able to escape the overwhelming pursuit behind him.

Su Yu nodded. "It doesn't matter."

Even if he could recover ten percent of his strength, which was enough to activate an attack-type sovereign artifact, he would be able to turn the situation around.

Thus, as Netherspirit brought Su Yu along to escape, she took the risk to treat Su Yu's injuries, if they were interrupted midway, it would result in an uneven control of power, which could very likely result in the activation of the remaining power.

The result was that Su Yu was heavily injured, making the situation even more dangerous.

But now, he had no other choice.

At that time.

After Wen Shui and the Beast Slave King landed, they immediately hid.

The Beast Slave King let out a slight sigh of relief. It was finally safe for the time being.

Thinking about how he was actually attacked by a group of tunnel masters, the Beast Slave King could not help but feel his scalp go numb.

When he thought about the two tunnel masters that Su Yu summoned and the little qilin, a bitter smile appeared on his face.

It should be said that he did not show mercy to Su Yu.

Instead, Su Yu spared his life for Wen Shui's sake.

Otherwise, he would have been dead already.

Compared to him, Wen Shui bit his red lips tightly with a deep worry on his face.

Chapter 2670 Scattered Dust

"Husband, you should hide."Wen Shui suddenly stood up.

The slave beast king was shocked, "Wen Shui, why are you doing this? You will be discovered."

With the strength of the tunnel masters, they could detect any movement.

Wen Shui said sadly, "I only have five years left. I will die sooner or later. It is my honor to die for the Creator."

Hearing this, the slave beast King felt complicated.

He knew that half of Wen Shui's heart was for him and the other half was for the creator.

"Wen Shui, the enemy chasing after the creator is too strong. You Can't do anything,"the slave beast King advised.

However, he did not expect Wen Shui to take out a human skin mask.

After covering her face, it was Su Yu.

At the same time, she said, "Darling, give me my bag."

The important things of the two of them had always been in the spatial storage of the Beast King.

The latter took it out in confusion. Wen Shui took it and after opening it, she took out a set of clothes, shoes, and even a wig that looked exactly like Su Yu's.

She skillfully put them all on.

At first glance, other than her aura, Wen Shui was exactly the same as Su Yu.

Finally, Wen Shui took out a jade bottle that flickered with nine-colored lights from her bag.

All these years, she kept all the nine-colored power that she had washed off Su Yu's body.

She opened the bottle cap and poured it all over herself.

"Wen Shui, you're Crazy!" The Beast King finally understood what she meant.

Wen Shui looked at the slave beast king lovingly and smiled. "Darling, I'm very happy to have you in this life. Please find another woman you love deeply in the future."

The Slave Beast King grabbed her wrist and was about to stop her.

Wen Shui opened her palm and blew gently.

A ball of white powder flew out and sprayed on the slave beast King's face.

In the end, the slave beast king immediately fell into a coma.

The white powder was a defensive item given to her by the Beast King.

It was so that when the Beast King was not by her side, if someone approached, Wen Shui could use it to subdue the enemy.

However, the enemy did not use it, but the Beast King used it first.

"I'm sorry, Husband." Wen Shui squatted down and gently kissed his forehead. Then, she resolutely turned around and ran in another direction.

It turned out that when she rescued Su Yu, she had already predicted that this day would come.

Therefore, she had been preparing for this day for a year.

She didn't expect it to come so soon.

However, she was still very brave and chose to sacrifice herself for Su Yu.

Several hours later.

The tunnel master at the peak of the early stage followed the residual power of the emperor ruler that she had captured.

Just as he was about to chase after them, his eyes suddenly flashed as he looked in another direction beside him.

After pondering for a moment, he said, "I'll chase in this direction. You guys continue to chase."

The aura of the Emperor's ruler's power appeared in both directions. He couldn't let anyone off.

He had chosen the direction Wen Shui had escaped to.

A mortal couldn't have escaped too far.

In just two hours, he had found Su Yu.

But what he had found was only Su Yu's torn and bloody clothes.

"Dead?" The peak of the early stage tunnel master frowned slightly.

He grabbed the clothes across the air and muttered, "It is indeed Su Yu's aura."

Looking at the vast and boundless lake in front of him, the peak of the early stage tunnel master snorted, "At least you died a quick death."

After saying that, she turned around and left.

Not long after.

A head emerged from the water by the Lakeside. It was Wen Shui.

Although she was determined to sacrifice herself for Su Yu, she was not stupid enough to throw her life away.

She got up, shook her wet clothes, and muttered to herself, "I guess I have bought some time for the creator, right?"

But suddenly, a breeze blew.

Wen Shui felt a chill and couldn't help but shiver.

Turning her head, her heart skipped a beat.

Because a figure was reflected in front of her.

It was the peak of the early stage dao master who had returned.

His face was cold, like Brahma staring at a speck of dust, "You think you can lie to me?"

To be able to cultivate to the level of the tunnel master, which one of them wasn't extremely cunning?

Wen Shui was too naive and underestimated the wisdom of the tunnel master.

The other party easily tricked her out of the water.

But Wen Shui wasn't afraid.

She had long seen through life and death, so what was there to be afraid of?

"Creator, I hope you are safe." Wen Shui didn't look at the peak of the early-stage tunnel master. Instead, she clasped her hands together and placed them on her chest, praying for no reason.

The tunnel lord's eyes were cold and sharp. A Ray of light flashed past and Wen Shui stood rooted to the spot, unable to move.

She maintained her original posture and there was even a peaceful smile on her face.

However, her life had already withered!

There was not a single trace left.

On the other side of the topic.

With the nine Nethersuccubus Empress personally making a move, the remaining power retreated very quickly.

It did not take long for Su Yu to be able to use some of her power.

Another four or two hours should be enough.

However, at this moment, a large group of tunnel masters caught up from behind.

It was a large group!

There were as many as thirty of them!

The only fortunate thing was that the tunnel master at the peak of the initial stage was not among them.

"Come out!" Su Yu summoned the young lady in the bamboo hat.

With her strength, she should be barely enough to deal with more than thirty people.

The young lady in the bamboo hat stood at the back, killing anyone who got close. The nine Netherworld Enchantress seized every second to remove the remaining power in Su Yu's body.

Time passed bit by bit.

The young lady in the bamboo hat and the tunnel masters behind her were locked in a fierce battle.

Although her strength was far higher than the other party's.

However, the other party had too many people, and because they realized that Su Yu was right in front of them, they were eager to make a contribution and pounced on her without fear of death.

This made it difficult for the bamboo hat girl to deal with them.

The split soul of Su Yu in her body was being consumed at an extremely fast speed.

One More Cup of tea, and her split soul would be exhausted.

At that time, no one would be able to be their last.

One incense stick passed, two incense sticks passed.

Finally, the bamboo hat girl held on to her limits.

Fortunately, most of the remaining power in Su Yu's body had been removed. In just a short while, she would be able to use one-tenth of her strength to activate the time-controlling magic treasure.

However, at this moment, an extremely fierce figure took advantage of the young girl's weakness to launch a sneak attack from behind.

Bang --

The young girl was sent flying on the spot.

There was no longer any protection behind the nine Nethersuccubus Empress. This figure turned around and attacked her back at an extremely fast speed.

The nine Nethersuccubus Empress was shocked, but she couldn't stop healing Su Yu. She took a blow with her body of flesh and blood.

Pu --

A ball of warm blood sprayed all over Su Yu's face.

It made his handsome face reveal an unspeakable evil.

"You won't be able to escape."The person who attacked was the peak early stage dao master who had caught up.

He laughed sinisterly and grabbed Su Yu's head.

However, on his face that was covered in blood, his tightly shut eyes suddenly opened.

A pair of eyes that were filled with a deep and cold light refracted a cold light that could destroy the world.

"It's my turn!"
