

Nine-Dragon 2671

Chapter 2671 Strange Beast Illustration

Su Yu threw out three flying needles in succession.

At such a close distance, an ordinary person would not be able to react in time.

However, this early-stage peak Earth master was, after all, not an ordinary person.

He opened his mouth and shouted. A yellow pillar of light shot out, deflecting the flying needles.

However, the second flying needle followed closely behind, piercing towards the center of his brows.

He had no choice but to take a step back and switch from offense to defense to avoid the flying needle's attack.

However, he barely managed to avoid it. The third flying needle pierced into his glabella.

This was the soul exterminating flying needle personally refined by the nine nethersuccubus empress.

One of it could kill an Earth Dao master powerhouse.

Ah --

This person cried out in pain. His soul was heavily injured, but he did not die immediately.

Because his cultivation had reached the peak of the initial stage!

His palm grabbed between his brows and sucked out the flying needle.

However, at this moment, the second flying needle shot over.

"Get lost!" How could a flying needle injure him when he was on guard?

His shoulder slipped slightly and he avoided the flying needle.

However, the strange thing was that even though he clearly avoided the flying needle, the flying needle still shot into the center of his brows.

That was because the flying needles contained a space domain.

It seemed like he had avoided them, but in reality, it was just an illusion.

The two flying needles immediately froze more than half of his soul.

His consciousness also became chaotic as he attacked in all directions crazily.

The third flying needle in Su Yu's hand shot out.

With a whoosh, the flying needle had just shot out when it entered the space between his eyebrows in the next moment.

That was because the last flying needle contained a time domain.

The three flying needles entered consecutively, and the early stage tunnel master would die without a doubt!

His body gradually stopped struggling, and in the end, he lay motionless on the ground, completely dead.

Su Yu slowly stood up and tiredly examined the injuries of the nine Nethersuccubus Empress.

Her vest had already been shattered, and her injuries were not light.

Su Yu condensed a life domain in his palm and healed her injuries.

After half a cup of tea, the nine underworld succubus empress recovered more than half.

"Don't worry about me. Go help your clone," Su Yu said.

The latter immediately rushed over and assisted his clone in killing the pursuers.

Su Yu replenished his Xuan Dao power.

After a moment, he slightly heaved a sigh of relief. "I haven't felt this sense of power for a long time."

After thinking for a moment, Su Yu grabbed out with his palm across the air and pulled out his thread of fate.

The crack had disappeared.

It meant that he had survived the life-and-death crisis.

"It's all thanks to Wen Shui," Su Yu sighed.

Without her help, he might not have survived this time.

Thinking of her, Su Yu was worried. "I wonder if she and the Beast King are safe."

With this thought in mind, he grabbed at the air, trying to grab Wen Shui's fate.

However, his palm was empty.

Su Yu's heart skipped a beat. He grabbed again, but still couldn't grasp it.

There was only one kind of fate that couldn't be grasped.

That Was... dead people.

Something had happened to Wen Shui!

Su Yu's heart skipped a beat, and he immediately teleported forward.

Two hours later.

He appeared in a patch of wild grass, but all he saw was the unconscious slave beast king.

"Wake up!" Su Yu kicked him.

The Slave Beast King finally woke up after being stimulated by the outside world.

After a short period of confusion, he immediately said in surprise, "Wen Shui, where is Wen Shui?"

Su Yu asked about the details, and his face suddenly darkened.

"She actually disguised herself as me and lured the enemy away?" Su Yu's throat seemed to be blocked by something.

It was indescribably uncomfortable and indescribably shocking.

Wen Shui was just a creature that he had unintentionally created.

She could be sacrificed at any time and Hao was not valued.

Why could she do this for Su Yu?

She could even give up her own life?

With extremely complicated feelings, Su Yu used all kinds of methods to investigate the situation in the vicinity.

Finally, he locked onto a direction and sped off with the Beast King.

By a lake that was covered in waves.

A beauty dressed in green had her hands folded in front of her chest as she bathed in the afterglow of the setting sun.

A long shadow quietly accompanied the lonely figure.

It was like a stone statue, a fairy that had been frozen in time and space, forever standing there.

"Wen Shui!" The Beast King let out a heart-wrenching cry and pounced forward, hugging the figure in his arms.

But what he hugged was only a piece of ice without any warmth.

That ice was like a sharp sword, piercing deep into the Beast King's heart.

It shattered the remaining gentleness, the remaining beauty, and the remaining kindness in his heart.

Before he met Wen Shui, he never asked about good or evil, only his own preferences.

But after he met Wen Shui, for the first time, he wanted to be a good person.

At least, he wanted to be a good person in Wen Shui's eyes.

Now, all of this was torn into pieces by the cold blade in his arms.

"Ah! No!" The Beast Slave King cried bitterly to the sky.

His cry reached the nine heavens, shattering the dark clouds.

Torrential rain poured down, falling on the Earth.

But no matter how much the Beast Slave King Cried, Wen Shui was still peacefully and quietly held in her arms.

Those eyes could no longer be opened.

Su Yu was silent, but his heart was like a knife stirring.

He raised his head to look at the sky, looking at the falling raindrops, his heart was sad.

"Am I Wrong?" Su Yu muttered to himself.

Perhaps from the beginning, he should not have created ruo shui.

Her existence, her destruction, was destined to be a tragedy.

"If you are wrong, Wen Shui's thanks to you and her good wishes and expectations towards the world are nothing." The beast slave king had already calmed down.

He lowered his head and his voice was hoarse. It had a piercing power.

"It is not you who is wrong. It is not Wen Shui. It is this world."

On the Beast Slave King's back, one could see traces of black fog permeating and condensing into a ferocious beast face.

Su Yu actually felt that the face was somewhat familiar.

"Shao Hao!" The Beast King hugged Wen Shui and said in a low voice, "I'll destroy you!"

With a roar, the Beast King turned into black fog and headed straight for northern bright city.

Su Yu stretched out his arm and stopped him. "Don't go over. If you want Wen Shui to wake up and see you again."

Hearing this, the slave beast King's body trembled.

"You can revive Wen Shui?" The Slave Beast King held on to his last bit of hope.

Su Yu shook his head. "At least not now. However, there might still be a glimmer of hope."

"If one day, my eight domains reach the Yuan level, perhaps I can revive her soul and body together."

If he forcefully revived now, he would only get a puppet like Wen Shui.

"Yuan level domain?" The Beast King stared at Su Yu.

He placed Wen Shui down and handed it over to Su Yu. "Take good care of Wen Shui. I'll help you reach Yuan level domain!"

After saying that, without waiting for Su Yu to ask, he turned into a black mist and left.

Su Yu looked at the ferocious face behind him, deep in thought.

Finally, he looked at Wen Shui, who was praying peacefully in his arms, and felt an inexplicable pain in his heart.

With a flick of his sleeve, a surge of life force surged into Wen Shui's body, making her body immortal.

Until one day, Su Yu was able to make her open her eyes again.

"I will never create life again in this lifetime," Su Yu said in a low voice.

Today was the first shift, and they would make up for it at the end of the month. Her mood had been unstable for the past few days, and her writing had been affected. She hoped that everyone would forgive her.

Chapter 2672 Mortal Body

His figure blurred, turning into a ball of green smoke and disappearing.

One year later.

At the border of Ximing City and northern Ming City.

Su Yu returned to this place.

After a year of treatment, the nine-colored energy in his body had been completely dissolved.

His cultivation had been restored.

"Shaohao, the carefree emperor." Su Yu stared at a jade box in his palm.

Countless nine-colored energy lay quietly inside.

It was different from the nine-colored liquid that was washed out by Wen Shui.

The energy that Su Yu forced out was purer and had no impurities.

Moreover, the energy contained was exceptionally huge.

"Half a drop of the son of Heaven's blood soaked in the ruler of heaven is already several times more powerful. If I can digest the other half of the son of Heaven's blood, what will happen?"

Su Yu successfully took the other half of the son of Heaven's blood.

He needed to study it carefully.

The power was too powerful, and he couldn't miss it.

At the mention of the son of Heaven's blood, Su Yu couldn't help but think of the complete body of the dreamy nine-tailed fox, but it was still in his hands.

He didn't know if he could extract the son of Heaven's blood from its body.

While thinking, Ada, Ada, and Ada appeared.

"Lord Zuo, you're finally here." Ada and the other two frowned.

They hadn't completed the mission given to them by the queen of the waning moon.

"Lord, please give us an idea. How should we answer to her?" The three of them knew the queen of the waning moon very well.

Rewards and punishments were clear.

If they couldn't complete the mission, they would be severely punished.

"I'm prepared." Su Yu took out a beautiful corpse.

Of course, this was a corpse that was formed with a thought.

It could only last for a day or so.

"Ah! Sir, you..." Ada said in shock.

Su Yu nodded. "I've completed the hunt in secret within a year. I can report to the Empress."

Hearing this, Ada and the other two were overjoyed.

The only regret was that Zuo Wei had killed Yanran alone.

When it came to rewards, it was not their turn.

"The three of you, each of you will have a share of the credit for your successful return," Su Yu said. "If the Empress asks, I will say that the three of us joined hands to kill her. I hope that you will not let the cat out of the bag."

The three of them were overjoyed.

"Thank you, sir. Thank you for your promotion, sir." The three of them were extremely grateful.

Su Yu was giving them a share of the credit!

How could they not be grateful?

Not long after.

The group of people finally returned to Ximing city after being separated for several years.

The first thing that happened when they returned was that the waning moon Empress summoned them.

"The four of you are indeed capable officials of mine. You have done very well!" The waning Moon Empress briefly examined Yanran's corpse and ordered people to dispose of it.

Her thoughts were obviously not on Yanran.

"You're in Northern Bright City. Do you know what happened?" The empress frowned.

She didn't know if she was happy or worried.

In just two or three years, northern bright city had rapidly fallen from being the number one city in the south to a ruined place.

Not only was northern bright city in ruins for the first time, but the emperor's palace had been destroyed twice.

The forces that ruled the area had been stolen away by unknown forces at an alarming rate.

The overall strength of north bright city had fallen to the same level as that of West Bright City.

Such a huge change was unexpected to the broken moon empress.

Ada said in a deep voice, "According to what we know, Shaohao offended someone and ended up like this."

"Alone?" The Broken Moon Empress took a deep breath.

What kind of person could make North Bright City like this?

If she could recruit such a person for her own use, she wouldn't have to worry about big things?

"It's really hard to predict things in this world. The battle for the ruler of time is about to begin, but bright north city has encountered such a fusion." The crescent queen was very calm.

"But, this is a good thing."

The corner of her lips curled up. "Bright north city is too strong or too weak. It's not a good thing. Bright north city is just right now."

Her black dress fluttered, and her eyes shone with grace once more.

"If I'm not wrong, Dongming City should be the one recruiting in secret." The waning moon Empress was very certain.

"Not only did they take advantage of the chaos in northern bright city to wantonly buy off experts, many of our forces have also been poached away."

She had never thought that it would be southern bright city.

That was because in her eyes, southern bright city wasn't even worth mentioning.

Only Emperor Bright Heart of East light city was wise and calm, and he was good at holding back.

Perhaps he was able to do something so far-sighted.

"Very good, the situation is clear. When the battle begins, it will be the beginning of my ascension to the throne!" The crescent moon Empress's eyes were filled with excitement.

After a while, she calmed down.

"All of you did well. Big, the three of you go down and collect your rewards. Zuo Wei stays behind."

"Yes!"

The three of them left one after another, leaving only Su Yu and Empress of the crescent moon present.

Her expression softened as she threw herself into Su Yu's arms. "Zuo Lang, I've made you suffer."

Su Yu shook his head. "It's alright. It's my duty."

He thought to himself.

The relationship between Empress of the crescent moon and Zuo Wei was truly extraordinary.

"For so many years, you've been helping me to be undercover by Empress of Star Rain's side. We should have been happy together," empress of the Crescent Moon said faintly.

"Didn't I say that your business is my business? Why should we be different?" Su Yu said.

He was still guessing about the relationship between the two.

"Do you still remember when you went to kill Yanran? I said that when you came back, I would give you everything you wanted."

Of course, Su Yu remembered.

He came back for this.

Because he felt that the thing that the waning moon Empress said so solemnly was definitely not ordinary.

"What do you want to give me?" Su Yu smiled slightly.

The waning moon empress spat lightly, "Why ask when you already know!"

Her fingers drew circles on Su Yu's chest.

Su Yu's heart skipped a beat. It couldn't be that the waning moon empress was talking about herself, right?

It was extremely difficult for him to accept it if he wanted to make peace with such a woman.

"Let's go. I'll bring you to take a look. I'm almost done."The waning moon Empress released her fingers and pulled Su Yu to her bedroom.

She pointed at her bed.

A deep spatial fluctuation appeared.

The two of them stepped into the fluctuation and were teleported to an extremely dark place.

The place was bone-chilling, and the scene looked like an underground altar.

In the center of the altar, there was a huge block of ice.

A figure was frozen inside.

That figure had been dead for God knows how many years, but his body was still intact.

The strangest thing was that there was an ancient oil lamp above his head.

The oil lamp was extinguished and kept spinning.

Seeing the oil lamp, Su Yu's pupils constricted.

"Mortal-born saintly being?"He subconsciously cried out in surprise.

The waning Moon Empress gave a faint smile. "Hehe, I finally got what I wanted. Did you see it?"

It turned out that what Zuo Wei wanted to know was the waning moon Empress'biggest secret.

"In the past, in the territory I ruled, I dug out a first-grade nine nether crystal and cut out a dead mortal saint body from it,"the crescent moon Empress recalled.

After knowing the situation, the crescent moon Empress took the mortal Saint Body's corpse away.

She also killed all those who knew about it.

Until now, no one knew that the crescent moon Empress actually had an ancient mortal saint body's corpse.

Chapter 2673 The Poison Lady

Su Yu was secretly shocked.

He knew that apart from Empress Starry Rain, none of the other descendants of the ruler of time were simple people.

Emperor Mingxin was secretly cultivating his strength.

Emperor Shaohao had even found the fragment of the Carefree Heaven's son's clone.

However, Empress Wanyue was the one who surprised Su Yu the most. She had actually obtained the corpse of a mortal sacred body.

After calming down the fluctuations in his heart, he sized up the ice that had yet to be broken and said, "Could it be that the empress has not studied him for many years?"

The crescent moon empress shook her head slightly. "I have studied him, but I have not studied him thoroughly."

"The Mortal Fetus Saint Body is too mysterious. Just that oil lamp alone has made me incredulous."

All these years, she had been studying him, but she had never made any progress.

After all, the mortal saintly being was said to be the only existence that was comparable to the stone embryo emperor.

How difficult was it to study it thoroughly?

"But, after many years of trying, I have been able to activate some of its power," the waning moon Empress said mysteriously.

"Oh?" Su Yu pretended to be curious.

The waning moon Empress pointed at the oil lamp. "See? If I light that oil lamp, I can activate the power of the mortal saintly being from this corpse."

The speaker did not mean what he said, but the listener did.

Su Yu's heart pounded violently.

Light the oil lamp?

Su Yu's current oil lamp's flame was too weak and was almost extinguished.

But he had never found a way to relight it.

The waning moon Empress was actually able to succeed?

It was simply unimaginable!

"How do you light it?" Su Yu asked.

The waning moon Empress smiled mysteriously and said, "It's a secret!"

Killing intent surged in Su Yu's heart. Should he capture her alive now and search through the memories in his mind?

However, the waning moon Empress changed her tone. "But, of course it's not a secret to Zuo Lang."

She clapped her hands and saw a woman with a full face and beard walk out of the dark basement. She was wearing Rouge and lipstick and looked gorgeous.

Su Yu almost cried out when he saw her.

Poison Lady?

The owner of the seven-star civilization, the poison lady of the Far East Market!

At that time, Su Yu was almost pulled back by the poison lady to be her concubine.

This guy actually didn't die in the destruction of the outer realm and successfully came to the eight-star civilization's dream boundary?

Not only that, he even became the crescent moon Empress' person?

"It was this person's help that I was able to successfully research the secret of the Mortal Body Holy Lamp." The crescent moon Empress admired the poison lady very much.

Su Yu suddenly remembered.

He and Madame Poison Fate were once threatened by the world-destroying divine light.

Ancestor Lu saved the two of them. At the same time, he intentionally protected Madame Poison fate from being killed by him.

Could it be that ancestor Lu had long known that Madame Poison Fate would guide him to light the oil lamp again?

"Oh, isn't this the Empress? Why did you bring a man? Are you afraid that I will be lonely alone?" Madame poison fate twisted her waist.

She deliberately hid her voice and spoke like a woman.

Su Yu felt a chill.

What did it mean that a dog could not change its behavior? Madame Poison Life was definitely one of them.

After so many years, she still had the same behavior.

"Zuo Lang is my person. You should respect him a little." The Empress of the waning moon was slightly displeased.

Madame Poison Life stopped teasing him just now. "Then, does the empress have any instructions for coming here?"

"Yes, show me how to light the oil lamp."

Madame Poison fate immediately revealed an aggrieved expression and said coyly, "Empress, you're so bad. You want me to get hurt again."

Even the waning moon empress, who was a woman, had blue veins throbbing wildly.

"Hurry Up!"

With her urging, Madame Poison Fate reluctantly cut open a small wound on her wrist.

Immediately, a trace of blood flowed out.

However, as a human, her blood was black.

"Watch carefully!" She took out a drop of blood and shot it onto the oil lamp.

Immediately, the extinguished oil lamp flickered with a weak spark.

If there was more blood, some of it would definitely be ignited.

"Her blood is not ordinary blood." Su Yu could only probe.

Luckily, the waning moon Empress trusted Zuo Wei very much.

She did not hide anything and said, "This guy used poison to enter the Dao."

"Once, he accidentally consumed a poison that the emperor's blood was stained with. As a result, his temperament changed greatly. His body was still a man, but his temperament became a woman."

"Not only that, that trace of the Emperor's blood is still in his body."

"And it is precisely because of that trace of the son of Heaven's blood that the oil lamp can be lit."

Hearing this, Su Yu's heart pounded.

The secret of the oil lamp lit by the mortal body saint was actually the son of Heaven's blood!

Su Yu had never dreamed that the key to reigniting the oil lamp was the son of Heaven's blood.

After all, the first time his oil lamp was lit, it was because of the help of the Buddha of ten thousand lamps.

It was not the blood of the emperor.

However, the truth was right in front of him.

Su Yu was excited. He had half a drop of the blood of the emperor in his hand.

Wouldn't it be able to strengthen the flame and reopen the mortal body?

"However, the oil lamp consumes a lot of the blood of the Emperor." The waning moon Empress was a little helpless. "One drop of the blood of the emperor can not even sustain the oil lamp for half a day."

"And even if all of the emperor's blood in Madame Poison Life's body is drained, there is not even one drop."

Hearing this, Su Yu's excitement quickly calmed down.

He only had half a drop at the moment. Didn't that mean that he could only maintain his mortal body for four hours.

It seemed that he needed to think of a way to look at the remains of the dreamy nine-tailed fox.

"Zuo Lang, is there anything else you want to ask?" The waning moon empress said gently, "If there isn't, shall we spend the night together?"

She exhaled like an orchid, her eyes blurred, "I haven't been caressed by Zuo Lang for a long time."

Hearing this, Madame Poison Order had goosebumps all over her body.

"It's not suitable for a young girl, I'm Shy!" He covered his face with his hands, but he peeked out his eyes to observe.

"Get lost!" The waning moon empress snorted and brought Su Yu back to the bedroom.

As soon as she came back, she threw Su Yu onto the bed.

She took off his clothes passionately.

Su Yu quickly said, "Empress, wait a moment. I have a surprise for you."

The waning moon Empress did not stop. She asked, "What Surprise?"

Su Yu wiped his face with his palm and revealed his real face. He said, "Look!"

Ah!

The waning moon empress immediately screamed, "Who are you?"

She instinctively stepped back and covered her chest. She stared at Su Yu in shock.

Just a moment ago, he was still her Zuo Lang.

How did he turn into a strange man in the blink of an eye?

"Thank you, Empress, for telling me so many secrets. Goodbye." Su Yu immediately left.

How could the waning moon Empress allow him to leave?

"What did you do to My Zuo Lang?" The waning moon Empress immediately used her time domain. "Freeze!"

She originally thought that she could easily freeze Su Yu.

However, what surprised the queen of the crescent moon was that Su Yu was not limited by her time domain at all. He continued to rush forward.

"You are also proficient in time domain?" The Queen of the Crescent Moon said in disbelief.

However, seeing that Su Yu was about to steal it, a hint of madness flashed in her eyes. "What did you do to My Zuo Lang?"

She took out a lion-shaped seal from her bosom.

This was the personal defensive magic treasure of the Master of time, and she had been reluctant to use it.

Chapter 2674 Self-Righteous

She crushed the lion seal.

A subtle time domain fluctuation surrounded her like a defensive belt.

This thing was used for defense, so it couldn't attack the enemy.

Except for special occasions!

The crazed queen of the waning moon slapped her head.

It posed a great threat to her life!

The time domain seemed to sense something and immediately radiated out.

Instantly, the surrounding space was frozen in time.

Even Su Yu himself was frozen.

His time domain didn't even have any leeway in front of the time domain.

Yuan level time domain!

Only the queen of the waning moon could move freely!

Her figure was as fast as a lone swan as she arrived in front of Su Yu. She grabbed his neck and said fiercely, "Speak, where is My Zuo Lang?"

Right at this moment.

The effect of time freeze ended.

Su Yu could finally move again, but he had already been subdued.

"He's in... Hell!" Su Yu spat out a few words and suddenly shot out a flying needle from his mouth.

The crescent moon Empress was caught off guard and hurriedly dodged.

Taking advantage of the instant his clone appeared, Su Yu used his spatial domain and disintegrated himself into countless particles, disappearing without a trace.

"There's still a spatial domain?" The crescent moon Empress's eyes flickered with shock. "Could it be that you're the successor of ancient God Nine Dragons?"

Only in this way could everything be explained.

Of course, no one would respond to him.

Su Yu had already taken the opportunity to float away from the Empress Hall, changing his appearance in a corner and leaving Ximing city calmly.

Not long after, Ximing city was locked down and all suspicious people were searched.

At that time.

The sacred city.

The old nest of the Holy Devil.

On the collapsed ruins stood a young man with a resolute expression.

At this moment, the rain dripped down and drenched his entire body.

"So, that person has been here before," the young man muttered.

If Su Yu was here, he would definitely be able to recognize him.

The young man in front of him was the baby that had been cut out of the nine Nether Crystal.

Later on, in the nine nether world, after going through a sacrifice, he suddenly grew up.

He called himself Chu.

He severed his father-son relationship with Su Yu.

He came from a place where he could actually sense the aura left behind by Su Yu.

Tick-tock --

Suddenly, the soil behind him began to squirm.

An old man with eyes all over his body slowly emerged from the ground.

He was the supreme one sect's sect master.

His true identity was a mysterious creature that had been cut out of the nine Nether Crystal by the true sect master.

Later, he had killed the sect master and disguised himself as the sect master to guard the supreme one sect for many years.

Only when the nine nether world was dug out did his true identity be revealed.

"How is it?" Chu asked without turning his head.

The multi-eyed elder slowly shook his head. "The sacred demon has indeed betrayed the ancient god of nine Netherworld and betrayed us. It has already pocketed the ancient god's fortune and become the Heavenly Dao master itself."

Chu clenched his fists. "Traitor!"

The multi-eyed elder said hoarsely, "It's useless to investigate now. What we should be worried about is how to bring the ancient god of nine Netherworld back to Earth."

Before ancient God Nine Netherworld died, he transformed his strength into four great legacies.

He handed them over to the four protectors.

If one day they were able to find ancient god Nine Netherworld's successor and inject the legacies into his body...

Then, a new ancient God Nine Netherworld would be born.

"Find the sacred demon, kill him, and take back the legacies," Chu slowly said.

The multi-eyed elder said in a hoarse voice, "Just the two of us?"

Chu was silent for a long time before sighing. "Only by finding my sister and gathering the three guardians together can we kill that traitor."

"Hehe, are you still unwilling to meet Su Yu?"

Chu had a complicated expression as he sighed. "I don't want to implicate him."

But his sister, the female corpse with the heavenly book characters, was still in Su Yu's hands.

He could only go and find Su Yu.

"Hehehe, after all, she's the successor of ancient God Nine Dragons, so she's on our side. That's good, I'll go and give her some gifts."

The voices of the two were still drifting in the air.

But in the rain, there was no one to speak to.

Time passed in the blink of an eye.

After many days, Su Yu finally returned to south light city.

At this moment.

In a certain world within the Empress Palace.

Thousands of tunnel masters were leisurely cultivating and discussing.

"So brother Li has also joined the Starry Rain Empress."

"Hehe, isn't brother Zhao the same?"

"A good bird chooses its tree to roost in. The Empress of the Starry Rain Empress is extremely generous, so we should naturally repay her kindness."

Just as they were talking, Empress of the starry rain walked in.

Everyone immediately bowed respectfully.

"Greetings, Empress!"

Staring at the thousands of strong Earth Dao Masters, Empress Starry Rain's heart was filled with emotions.

There was a time when she did not dare to dream that there would be thousands of Earth Dao masters gathered around her.

If there were hundreds of them, she would wake up from her dream with a smile.

But now, everything had turned upside down, making her feel somewhat at a loss.

"Perhaps the greatest fortune is getting to know my brother," empress starry rain muttered.

After getting to know Su Yu, everything about her began to change in a positive way. It was an unimaginable change.

"Please instruct us, Empress."

Empress starry rain said, "There are no instructions for the time being. You can cultivate in peace. When the time is ripe, I will summon you."

She obeyed Su Yu's instructions and hid the experts that she had secretly gathered.

She must not let outsiders know.

This made south bright city look extremely weak and weak in the eyes of outsiders.

"Empress, I Am Ying Kuan. I am willing to do anything for the Princess." A bull-horned youth with extraordinary confidence stepped forward and bowed.

Empress Starry Rain's beautiful brows furrowed slightly and said, "I need to wait for Mr. Su to come back and help me choose my guards. You have to wait patiently."

There were only a few of the ten great guards left by her side.

They were in urgent need of replenishment.

However, Empress Starry Rain did not have the talent to jump people's eyes, so she had to wait for Su Yu to come back and make the decision.

Ying Kuan smiled as usual. "I am not talented. I used to be an aide under empress waning moon. I can do many things for you. Now that Mr. Su is not here, I might be able to share your worries."

His meaning was to replace Su Yu.

Empress Starry Rain felt disgusted.

This person was extremely ambitious. He did not only care about the position of chief of staff.

It was also her!

When they first met, Empress Starry Rain could see the hidden expression in his eyes.

It was only because of this person's special identity that Empress Starry Rain was especially patient.

Because of the 300 Earth Dao Masters that had descended from Ximing city, half of them were led by Ying Kuan.

Therefore, unless it was absolutely necessary, they could not offend Ying Kuan.

"There's no need for that for now. Thank you for your trouble, Mister Ying Kuan." Empress Star Rain replied politely and said, "You guys continue to rest."

After she finished speaking, she left this space.

Ying Kuan straightened his body and looked at the beautiful back view of Empress Star Rain with her long golden hair. He was in a daze.

"Hehe, Big Brother Ying, do you really want to obtain Empress Star Rain?" A shifty-eyed confidant behind him said with a smile.

Ying Kuan spread out the folding fan in his hand and fanned it in a confident manner, "What do you mean by 'obtain'? I want to use my own talent to conquer Empress Star Rain!"

Chapter 2675 Testing The Effects Of The Medicine

He had seen countless people in his life.

When he saw Empress Starry Rain, he could tell from her eyes that she was a very simple person.

She should be very easy to deceive.

If he could deceive her, not only would he be able to enjoy the number one beauty in the dream interruption realm, he would also be able to obtain such a huge amount of resources in her hands.

Endless Time Crystals, an enormous earth master expert, the entire South Light City.

At that time, they would all belong to him!

"However, Big Brother Ying, that Mister Su's methods are extraordinary. We have to guard against him!" His confidant reminded him.

To be able to assist Empress Starry Rain to such an extent in such a short period of time.

It could be seen just how powerful this person was.

It would not be an exaggeration to describe him as someone who could turn the clouds and the rain over with a flip of his hand.

One had to be careful of this person in order to pay attention to Empress Starry Rain.

Ying Kuan did not think much of it. He snorted coldly and said, "What ability can that person have? Give me enough time crystals and I will be able to recruit so many powerful tunnel masters."

He mistakenly thought that Empress Starry Rain's time crystals came from her many years of accumulation.

Little did he know that every single time crystal that he enjoyed came from Su Yu.

"When I find an opportunity to compete with that so-called Mr. Su on the spot, I will let Empress Starry Rain see who is trustworthy!" Ying Kuan said.

His confidant chuckled, "Naturally, it will be big brother Ying who will crush the other Party!"

Ying Kuan had always been empress waning Moon's advisor, so he was exceptionally confident in himself.

When Empress Starry Rain left the space, she felt disgusted when she thought of Ying Kuan's gaze.

"How detestable!" Empress Starry Rain punched the garden beside her angrily.

In the end, she saw Qin Xian 'er's family through the relief sculpture. They were having a good time inside.

She smiled and was about to enter.

A figure appeared in the garden.

It was no one else.

It was Su Yu.

"Brother!" She was delighted and was about to run in, but she slowly stopped.

However, she saw Su Yu first give Qin Xian 'er a deep hug.

Then, she patted su Cai 'ER's head.

The three of them gathered together warmly.

Empress Starry Rain did not feel good. She had a sour feeling of being abandoned.

They were a family. She was just an outsider.

Moreover, after Su Yu returned, the first person she wanted to see was not her but her family.

With this thought in mind, Empress Starry Rain ran away alone and sat in front of the ancient well, frowning.

"Sigh, people are so insatiable." Empress starry rain muttered to herself, "Once you get one thing, you want more."

In the past, she only wanted South Bright City to be strong.

Now, South Bright City was strong, and she wanted to monopolize Su Yu.

The gully in the bottom of a person's heart could never be filled.

"What do you want? I can give it to you." A gentle voice sounded behind her.

When she looked back, Empress Starry Rain could not help but be delighted. However, she deliberately pulled a long face and said, "I don't want anything."

"Is that so? You Don't want the Gift I gave you?" Su Yu took out a drop of time essence.

Although that strand of hair was temporarily sealed by that mysterious elder, it was still a drop of time essence.

But every few years, the essence of time drips out.

"I don't want to..."said the Queen of the star rain, her eyes suddenly attracted by the essence of time: "Essence of time?"

Su Yu smiles lightly: "Still don't Want? If not, I gave someone else."

"Don't!"The star rain empress one snatches over, blushes slightly, way: "Give others to waste!"

Her heart was filled with joy, and the gloominess from before immediately vanished.

Su Yu still remembered that he had prepared such a precious gift for himself.

"Absorb it now. I'll help you refine it,"Su Yu said.

Empress starry rain nodded happily.

A few hours later, Empress Starry Rain opened her eyes. Her eyes were filled with uncontrollable joy. "My time bloodline has been fully activated."

Under the effects of the essence of time, the power of her broken bloodline had completely returned to normal.

From now on, she was a true descendant of the time ruler.

"Thank you, Brother!"Empress starry rain subconsciously wanted to throw herself into Su Yu's embrace, but when she thought of his family, she held back in the end.

Su Yu nodded. "Fortunately, we managed to arrive before the time ruler competition."

The battle for the ruler of time would officially begin in five years.

At that time, perhaps the nightmare boundary would be at its most turbulent and chaotic moment.

She would be able to recover her bloodline in time, which meant that she was qualified to compete for the throne.

"I need to go into seclusion for the next few years. Is there anything that I need to handle personally?"Su Yu asked.

It was not easy for him to obtain Shaohao's time acceleration magic treasure. Naturally, he needed to completely master the method to repair the nightmare lotus throne.

Secondly, he had to research how to obtain more blood of the son of heaven so that he could open his mortal body.

Empress Starry Rain Thought for a moment and said, "Yes! I want to quickly select some qualified and reliable people. When brother is not around, I can have a hope."

Su Yu was enlightened.

"I almost forgot. I have to deal with the batch of people who were recruited first."Su Yu nodded.

The people who were recruited with a large amount of money were all good and bad.

There were good and bad ones among them. They could not be used rashly. They had to be selected.

"You can arrange it. Set a time. I will inspect them," Su Yu said.

Empress starry rain nodded her head with reliance. With her brother making the decision, she could completely rest assured about everything.

Su Yu took the opportunity when there was still time to come to a quiet place.

He took out the remaining nine-colored power of the Emperor ruler.

The power within was extraordinarily powerful. If he could refine it into his own cultivation, how great would that be?

However, if he took it rashly, the danger would be too great.

He did not want his cultivation to be harmed by this thing again.

With a thought, Su Yu summoned the female corpse.

"Take a drop. I'll observe if there's a safe way to absorb it." He could not do it himself, but could he use the female corpse as an experiment.

The split soul controlled the female corpse and stared at Su Yu. "You're really willing to do it!"

Su Yu frowned. "Why are you talking so much nonsense? Take it!"

He handed over a drop of nine-colored liquid, and the latter took it hesitantly.

"Also, take off your clothes," Su Yu said. He had to observe the changes in her body and see if the nine-colored power could affect her body again.

The female corpse was stunned for a moment, and her expression became a little strange.

After a moment of hesitation, she unwillingly took off her clothes.

Su Yu looked at her with a strange expression. "What's wrong with you? You're only occupying the female corpse, not the real you. Why are you being so shy?"

The consciousness of the split soul was the same as his. It was male.

Why was it so awkward to take off her clothes?

This made Su Yu feel strange. It was as if he was ordering a conscious woman to take off her clothes.

"OH." The female corpse pursed her lips and took off her clothes one by one. Finally, she took off her clothes completely.

A beautiful body covered in symbols entered her sight.

"Alright, take it." Su Yu stared at her body without raising his head.

The female corpse raised her hand and put the liquid into her mouth.

But she didn't swallow it for a long time. Her eyes showed a few traces of consideration and hesitation.

Chapter 2676 Guardian Phoenix Spirit

Su Yu stared at the female corpse and finally sensed that something was wrong.

He rolled his eyes and silently formed a seal with his palm behind his back.

He quietly retrieved the split soul that had fused with the female corpse.

With his current soul attainments, he had completed it so silently that he couldn't detect it.

"Split soul, why didn't you swallow it?" Su Yu slowly took a step back and asked seemingly unintentionally.

The female corpse put down the droplet and said, "Main body, what are you planning to do?"

Su Yu's heart shrank!

He had already retrieved his split soul, so it couldn't be the split soul that was answering him now!

It was the female corpse herself!

His heart shuddered.

The female corpse had woken up long ago and had firmly suppressed Su Yu's split soul, but she had kept it from Su Yu.

It made Su Yu mistakenly think that she was still in control of her.

When she thought of this, she felt a chill down her spine.

How long had it been?

What was her purpose?

How many secrets did she have that she had secretly grasped?

"Main body, what happened to you?" The female corpse seemed to have noticed that Su Yu had unintentionally taken a step back and walked over to ask.

Su Yu took another step back and narrowed her eyes as she shouted, "Stop!"

The female corpse stopped in her tracks. She was a little surprised, but she seemed to have realized something and immediately checked her body.

In the end, she discovered that the split soul that Su Yu had lodged in her body had disappeared without a trace.

She was exposed!

The female corpse's gaze started to change.

It was abnormally clear, but at this moment, it became stern. "I originally wanted to endure it for a while longer."

A surging power at the level of an Earth master surged up.

"Say, where did you learn the heavenly script characters?" It turned out that the female corpse's goal was the heavenly script characters that Su Yu had mastered.

It was just that the heavenly script characters that Su Yu had mastered were very limited.

Therefore, she chose to endure it and silently observe.

She hoped to find the source of Su Yu learning the heavenly script characters.

Unfortunately, she had no clue.

Until now, she was accidentally discovered by Su Yu again.

Su Yu secretly held a ruler-level magic treasure and said coldly, "Why should I Sue You?"

"Humph! Just because you stripped me naked the first time we met!"The female corpse said angrily with a slightly red face.

Ugh --

The corner of Su Yu's mouth twitched.

It was the first time he found this woman from the nine Nether Crystal. Su Yu was surprised to find that there were heavenly script characters on her face.

Therefore, he took off her clothes and observed if there were any on her body.

However, at that time, she was just a corpse.

"Who told you to play dead?"Su Yu asked back.

Now that she thought about it, she had woken up at that time. However, she hid her soul so deeply that Su Yu didn't notice it.

No wonder Su Yu couldn't resurrect her even when she used her life domain.

So, she wasn't dead at all. How could she resurrect?

"What logic is that? You want to strip naked just because you're dead? Dead is dead!"The female corpse reprimanded.

Heh!

Is there any reason for you to pretend to be dead?

Su Yu held onto the ruler artifact and said, "If you leave now, you still have a chance and don't come back."

"Or else?"The female corpse laughed in anger. "Strip me again?"

Su Yu looked at her naked body. It seemed that there was nothing left to strip?

"Cough, can we talk properly? I saved you from the nine Nether Crystal and also your brother. Isn't it good to part on good terms now? Why Must We Fight?"

The female corpse was stunned. "My Brother? Who?"

At this moment, a sigh came from the void.

"It's me, Protector Feng Ling."

A spatial fluctuation.

A figure appeared. It was Chu who had rushed over.

"First Protector?" Protector fengling looked chu up and down and said in surprise, "You've recovered? Congratulations, Congratulations!"

Chu coughed awkwardly. "Can protector fengling please put on your clothes first?"

Protector fengling blushed and immediately put on her clothes again. She said, "Just in time. Let's capture this shameless B * Stard together."

Her face was full of hatred.

"Protector fengling, forget it. He owes both of us a debt of gratitude." Chu looked at Su Yu with a complicated expression.

"Him?" Fengling had never died, but her consciousness did not recover immediately.

When she was cut out of the nine nether crystal, she only remembered very vague memories.

Among them was her being undressed by Su Yu.

Chu told her the whole story in detail.

After hearing it, Feng Ling covered her mouth. "Your cultivation was actually sealed, causing you to regress and return to an infant state."

Chu sighed. "If you were a few decades later, you would have regressed from an infant state to a state of nothingness. Mr. Su has done me a great favor, so please forgive me, Protector Feng Ling."

Feng Ling gritted her teeth and glared at Su Yu. "It's easy to let him go. Anyway, he has already taken advantage of my confusion and controlled me for a long time. Who knows what he has done to me! I'm used to it!"

"But, we have to make him tell us the origin of the heavenly book characters."

Su Yu was at a loss for words.

He really hadn't done anything to the female corpse. He had only taken off her clothes twice.

Chu Chu thought for a moment and said, "Feng Ling, forget it. We'll think of a way to unlock the heavenly book characters on you."

"HMPH! Forget it if you don't help. I can do it alone!" Feng Ling snorted. "Anyway, I've seen all his tricks."

Especially Su Yu's few domains and three minute hands. He knew them like the back of his hand.

Ha --

The Phoenix Spirit immediately attacked, and a layer of faintly discernible pitch-black flames shot out from her entire body.

Su Yu put away the ruler artifact. Since it was someone he had just met, it would be difficult to kill him on the spot.

"You've seen all of them, right? What about this one?" Su Yu opened his palm.

The cauldron formed from the eight domains pressed down with a rumble.

The Phoenix Spirit was stunned. "How many more tricks do you have?"

As she spoke, the black flames on the surface of the Phoenix Spirit's body soared into the sky and turned into a huge palm that pushed up.

Instantly, it blocked the cauldrons of the eight domains.

However, before it could react, Su Yu swept his palm and a replica of the Emperor ruler appeared.

He slashed down in the air and a long nine-colored ray of light hacked down from above.

The Phoenix Spirit could no longer hold on and was suppressed by the cauldron. She was pressed onto the ground and struggled with difficulty.

"Open it!" The Phoenix Spirit was after all an existence at the peak of the early stage of the Earth Path Master level. She had the faint intention of opening the cauldron.

Su Yu took the opportunity to point across the air and a needle containing the time domain shot over.

With a PU sound, half of the needle pierced into her glabella.

Her soul was in pain. The Phoenix Spirit let out a miserable groan and was no longer able to struggle.

"You obviously can't do it alone." Su Yu walked over and said indifferently.

He glanced at Chu. "You want to join too?"

Chu looked at Su Yu with some surprise.

How many years had passed? When they met again, Su Yu already had the terrifying strength of an independent battle tunnel master?

"Mr. SU, please spare her on account that she doesn't have any obvious malice." Chu said with a complicated expression.

Su Yu said expressionlessly, "It's better for her to stay forever so that I don't have to be wary of her."

If he let her go, it was hard to guarantee that this woman wouldn't suddenly attack him or something like that.

Chu Mian was in a dilemma.

They came here to take away protector fengling.

"Hehe, Su Yu, why don't you do me a favor and let her go? I'll give you some extra compensation."

Another spatial fluctuation.

The former head of the Tai Yi sect suddenly appeared.

Chapter 2677 Fate Was Hard To Defy

Su Yu didn't find it strange at all.

"So, you are one of ancient god Nine Netherworld's protectors." The multi-eyed elder smiled

As a result, all four of ancient God Nine Netherworld's protectors appeared.

Sacred Demon, Chu, Feng Ling, and the multi-eyed elder.

"Hehe."The multi-eyed elder laughed hoarsely as he took out an ancient book. "Ancient God Nine Netherworld once spoke with ancient god Nine Dragons, and there are some special uses for the nine dragons divine cauldron."

"I think it might be useful to you."

The multi-eyed elder tossed it over to Su Yu.

Hearing this, Su Yu's pupils constricted.

Special uses for the nine dragons divine cauldron?

He caught it with his sleeve and didn't use his hand to take it.

"Why would ancient god Nine Dragons give you such an important use?"Su Yu shook his head in disbelief.

The nine dragons divine cauldron was the most important thing to ancient god Nine Dragons.

How could it be given to an outsider to use?

"This is true,"Chu Chu said. "Perhaps ancient god Nine Dragons had a premonition and spread his knowledge to the other ancient gods."

"Just in case, one day something unexpected happens to him, and his knowledge won't be able to spread. What ancient God Nine Dragons obtained was a portion of the nine dragons divine Cauldron's control method."

What?

Su Yu was secretly shocked.

There was such a thing?

His heart palpitated, and he couldn't help but take back the cauldron of the eight domains and release the Phoenix Spirit.

"Alright, you can leave now."Su Yu waved his hand.

He couldn't wait to flip through this incomplete chapter.

"Bastard!"The Phoenix Spirit was ashamed and angry. She wanted to charge over, but she was stopped by Chu and the multi-eyed elder.

"You Aren't a match for ancient God Nine Dragons'successor, especially since the other party's talent surpasses his."The multi-eyed elder laughed hoarsely.

Only then did Feng Ling angrily give up.

"Brat, don't let me run into you in the future,"Feng Ling threatened.

Unwilling to give up, Feng Ling and the other two used their spatial talismans and prepared to leave this place. They would find a place to reunite and discuss the revival of ancient god Nine Netherworld.

Suddenly.

The door was suddenly kicked open.

This door had quite a strong restriction on it, so an ordinary person wouldn't be able to kick it open.

"Mom, Look! Dad is touching another woman inside!"

The person who kicked the door shouted before he could see what was happening inside.

Qin Xian 'er walked over and looked inside. She saw three strangers outside Su Yu.

"Cai'er, dad is talking to an important guest. What are you doing?" Qin Xian 'er pinched Su Cai'er's ear.

At this moment, Su Cai'er realized that the situation in the room had changed drastically.

She quickly explained in an aggrieved manner, "It's true. I just saw father and this naked woman shamelessly entangled together."

Su Cai'er pointed at fengling.

The latter blushed from being pointed at and said, "Hey, let's be clear. It's not entanglement, it's a battle!"

Seriously, what nonsense was she spouting!

"Anyway, she's stripped naked. HMPH, shameless woman, seducing my father!" Su Cai'er rolled her eyes.

Feng Ling glared. "It's clearly your father..."

Before she could finish her words, Su Yu rushed over in time to cover her mouth.

"Xian 'er, why are you here? Bring Cai'er back quickly." Su Yu was embarrassed.

How could he let this woman speak her mind.

That would make it even more difficult to explain.

"Alright, husband, go ahead." Qin Xian 'er looked at fengling with a calm expression.

She did not feel threatened at all.

She understood that Su Yu would not be moved by such a woman.

The only thing that moved him.

Other than her, there was only that woman, right?

Thinking of this, a complicated feeling emerged in Qin Xian 'er's heart.

Xia Jingyu..

It had been more than a hundred years. She had almost forgotten her face, but she could never forget her name.

The name of the woman who still lived in the bottom of Su Yu's heart.

She carried Su Cai'er and turned to leave.

Suddenly, the multi-eyed old man said, "Madam, please wait."

Qin Xian 'er turned around and asked, "Do you have any advice?"

The multi-eyed old man blinked his eyes and suddenly knelt down on one knee. He said respectfully, "Protector multi-eyed pays his respects to Master."

Chu's entire body trembled as he looked at Qin Xian 'er in shock. He asked hesitantly, "Multi-eyed, could she be?"

What responded to him was multi-eyed's calm gaze.

Chu took a deep breath and immediately knelt down. "Guardian multi-eyed, greetings to Master!"

The Phoenix Spirit was stunned and knelt down as well. "Guardian Phoenix Spirit, greetings to Master!"

UH --

Other than Su Yu, Qin Xian 'er and Su Cai'er were all stunned.

"What are you doing?" Qin Xian 'er asked in confusion.

But suddenly, her chest heated up, and a small black phoenix flew out and hovered above Qin Xian 'ER's head.

"Ancient god Netherworld's sacred artifact, Divine Fire of the Netherworld!" Phoenix spirit cried out in shock.

This was a sacred artifact that only the descendants of ancient god Netherworld could wield.

It actually appeared in the body of the girl in front of her.

Without a doubt, she was the descendant of ancient god Netherworld, and she was the master that they needed to assist in becoming the new ancient god of Netherworld.

"What are you doing? I'm not your master," Qin Xian 'er hurriedly said.

Feng Ling's eyes showed respect as she said, "Master, your subordinate failed to recognize Mount Tai. I actually never recognized you."

She had seen Qin Xian 'er several times when she was disguised as a female corpse.

However, she did not recognize her identity.

Qin Xian 'er looked at Su Yu with a blank expression, asking for help.

Su Yu sighed. "Originally, I wanted to hide this from you guys for a while."

To be honest, he didn't want Qin Xian 'er to acknowledge the three of them.

Because if that happened, Qin Xian 'er would become like him, someone that all rulers wanted to destroy.

He didn't expect that fate would meet.

Apart from that ambitious sacred devil, the other three protectors all gathered around him.

And in the end, they had all met Qin Xian 'er, the successor of ancient God Nine Netherworld.

Everything seemed to be pulled by some unseen force, unable to be changed.

"Darling." Qin Xian 'er grabbed Su Yu's arm and asked in confusion, "Do you know anything?"

Su Yu had sealed the nine Netherworld world world before ancient God Nine Netherworld's death, then distributed his own power to the four protectors and passed it on to the next successor. Finally, he had finished talking about the appearance of the new ancient God Nine Netherworld.

Hearing this, Qin Xian 'er was stunned for a long time.

She didn't even try to obtain ancient god Nine Netherworld's power, but the other party had all come to her.

In comparison, Su Yu truly felt that he was not a successor at all.

Apart from the nine dragons divine cauldron, he had to rely on himself to fight for everything else.

Even the life-long knowledge that ancient god Nine Dragons had given to the other seven ancient gods needed Su Yu to find them one by one.

Qin Xian 'er, on the other hand, was directly sought out by the protectors!

They were both descendants of ancient gods, and the difference between the two of them was simply too great!

"Master, please let us follow you," the three of them said in unison.

If they could defeat the sacred demon, the four protectors would become one and give all of their gifts to Qin Xian 'er.

Then, a new ancient god of the Netherworld would be born.

"This... Alright." Qin Xian 'er thought for a moment, then looked at Su Yu and Su Cai 'er and nodded in agreement.

She had been hiding in the sacred city for many years, and she was eager to protect her daughter.

She was even more eager to not be a burden for Su Yu.

If the three guardians were willing to follow her, she certainly would not object.

Chapter 2678 The Power Of The Divine Cauldron

"Mother, how could you take in this vixen?" Su Cai'er popped her head out and glared angrily at Protector fengling.

The latter blushed, feeling angry and amused.

Now that Su Cai'er was the young master, she really couldn't be bothered.

"Don't talk nonsense," Qin Xian 'er berated.

Su Cai'er stuck out her tongue and muttered, "It was always a vixen, Stinky Vixen, Stealing My Father's Vixen..."

Protector fengling could only smile bitterly!

She really wanted to strangle her to death!

The veins on Su Yu's forehead were throbbing. "Cai'er, don't talk nonsense anymore. Father and protector fengling are just ordinary relations. Don't let a child's imagination run wild."

"HMPH!" Su Cai'er snorted and said unhappily, "The one who should reflect the most is you, father. You always provoke this and that."

Heh!

"Who did I provoke?" Su Yu was amused. This daughter was really undisciplined.

Who would say such things about her father?

"Don't think that I haven't seen it. That smelly girl, empress, treats you like a stalker, yet you're still trying to curry favor with her!"

It was probably because she saw Su Yu take a drop of the essence of time and give it to Empress Starry Rain.

She mistakenly thought that Su Yu was provoking her.

"Seriously, just because she looks like a young girl, she carelessly seduced a married man. How Shameless!" Su Cai'er was indignant.

Empress Starrain was no younger than Su Yu.

However, because of her physique and cultivation, her appearance had always been fixed at the posture of a 14 or 15-year-old girl.

Moreover, she was born so beautiful that Su Cai'er was a little jealous.

"Cai'er, go back and kneel properly." Qin Xian 'er's pretty face really turned cold.

She was getting more and more unruly.

"Kneel then!" Su Cai'er pulled a long face and ran back angrily.

Chu and multi-eyed looked at each other and smiled.

Su Yu's daughter's character was really rebellious.

"Sigh!" Qin Xian 'er sighed. "I wasn't good at disciplining my daughter. Sorry for making a fool of myself."

Su Yu looked deeply in Su Cai'er's direction and felt an unspeakable regret in his heart.

Su Cai'er grew up in a homeless environment and had many rebellious characteristics.

Su Yu was also responsible for this.

Looking at Chu, duo Mu, and Feng Ling, Su Yu asked, "What plans do the three of you have in the future? Can you tell us?"

He still needed to consider whether or not he should leave the three guardians of ancient god Netherworld by his side.

Duo Mu looked at Qin Xian 'er and received her nod of approval. Only then did he slowly say, "We plan to find the sacred demon and obtain ancient god Netherworld's legacy from him."

"At that time, when the four legacies are gathered, we will be able to create a new ancient god of nine Netherworld."

Hearing this, Su Yu's brows slightly arched.

"What do you mean by creating a new ancient god of nine Netherworld?" Su Yu asked.

Multi-eyed laughed hoarsely. "Naturally, I want master to obtain the power of the ancient god of nine Netherworld and become the new ancient god of nine Netherworld."

Is That So?

Su Yu was slightly wary.

He had to be careful when it came to ancient gods.

If the ancient god used Qin Xian 'er's body to resurrect and take over his body, the gains would not make up for the losses.

"When are you preparing to attack the sacred demon?" Su Yu asked.

Multi-eyed thought for a moment. "The sacred demon can't hide right now. We can only wait for him to appear."

Hearing this, Su Yu said meaningfully, "That day won't be too far away."

Sacred Demons were ambitious, coveting the entire time domain.

It was only a matter of time before they appeared during the chaos of the world.

And at that time, the battle for the position of ruler would be the most intense.

"During this period, all of you will remain in Empress Star Rain's estate and make as few appearances as possible," Su Yu said.

"Understood." The multi-eyed trio nodded.

After settling them down, Su Yu immediately took out the incomplete chapter that the multi-eyed trio had given him.

The contents were all the conversations between ancient God Nine Netherworld and ancient god Nine Dragons.

The conversations between ancient god Nine Dragons were especially detailed.

Su Yu's eyes were glued to the chapter as he read through every single word in detail.

Several days later.

In a world of cave abodes, Su Yu took out the nine dragons divine cauldron and began to speak some cryptic words.

His hands continuously formed seals.

A moment later, he slapped the nine dragons divine cauldron.

Roar --

Instantly, the eight crystallized dragons on it seemed to have been freed.

They flew down from the nine dragons cauldron one after another and transformed into 10,000 feet tall.

Each of the Dragons had the same cultivation level as Su Yu.

Moreover, each of them controlled a domain.

"Eight dragons fly together!"

Immediately, the eight 10,000 feet tall dragons carried the nine dragons cauldron and soared into the sky.

The nine dragons divine cauldron spun faster and faster as the eight dragons continued to push and push.

In the end, it turned into an afterimage.

Boom! Boom! Boom

The spinning nine dragons divine cauldron flew out and shattered everything in its way.

It was completely "Shattered"and destroyed in body and soul.

It made it completely cease to exist in this world.

Su Yu beckoned with his hand, and the nine dragons divine cauldron slowly stopped spinning. Its entire body seemed to be burning red as green smoke rose from it.

"If ancient god nine dragons were to use it, a casual attack would be enough to destroy the entire dream boundary."Su Yu wasn't very satisfied with his performance.

The strength of the nine dragons divine cauldron depended on the situation of the eight domains.

Su Yu only had an intermediate domain, so he was far from being able to use the power of this attack.

Of course, this was only compared to ancient god Nine Dragons.

The power he was currently unleashing was still quite extraordinary.

With a single strike, the early Earth Dao master would be reduced to ashes, unable to resist at all.

Apart from this, the nine dragons divine cauldron had many other wondrous uses that had never been known before.

The most powerful was its refining power.

Using the cauldron as the furnace and the eight domains as the flame, it could refine everything in the world.

In that incomplete conversation, ancient god Nine Dragons said it himself.

He had once refined a heaven and earth evil demon whose cultivation was close to that of a ruler with the nine dragons divine cauldron.

The evil demon died.

But its Great Dao was refined into nine pills by the nine dragons divine cauldron.

One of them was given to ancient god Nine Netherworld.

According to ancient God Nine Dragons, one pill was enough to create a Heavenly Dao master.

Feeling the nine dragons divine cauldron, Su Yu felt a surge of emotion.

He had never imagined that the nine dragons divine cauldron would have such terrifying power.

Suddenly, his heart moved.

He took out the remaining power of the nine-colored Heaven's child ruler.

Since the nine dragons divine cauldron could refine everything, could it remove the destructive power within this power and only retain pure power?

With a thought, he poured a bottle of liquid into the nine dragons divine cauldron.

Then, he began to use the refining method that ancient god Nine Dragons had told him.

Instantly, the eight domains turned into flames and began to roast under the nine dragons divine cauldron.

Nine-colored mist began to rise from the nine dragons divine cauldron.

It lasted for three whole days.

Only when there was no more nine-colored mist did Su Yu stop, somewhat exhausted.

If he had the power of ancient god Nine Dragons, refining this little thing would probably be enough in the blink of an eye.

Su Yu spent three whole days and three nights.

Opening the nine dragons divine cauldron, he looked inside and saw a thumb-sized crystal ball appear.

He immediately took it out and was delighted to find that it was indeed filled with exceptionally dense pure energy.

There were no impurities!

The remaining power of the nine-colored ruler was also wiped out.

Not a trace was left.

Chapter 2679 The Second Selected The Guards

He immediately swallowed them.

Instantly, the dao marks in Su Yu's body filled up at an astonishing speed.

In just half a day, he reached his limit.

With a pop, his cultivation broke through to the middle stage of the Nirvana Stage!

However, everything had not stopped yet.

The power of the Crystal Ball was unbelievably huge, and it continued to fill up the dao marks.

Two days later.

Su Yu raised his head and roared, and a surge of extremely surging Xuan Dao power rolled out like a mountain flood.

"Late Middle Nirvana Stage!" Su Yu felt extremely incredulous.

Under the refinement of the nine dragons divine cauldron, almost all of the power of the Emperor's ruler was retained.

That was why it could have such huge power.

It actually pushed his cultivation to two whole levels out of thin air.

With the nine dragons divine cauldron in the future, there was no worry that his cultivation would be difficult to advance.

He solemnly put away the incomplete chapter and left the secret chamber.

Next, he should use Shaohao's time-accelerating magic treasure to study the method of refining the nightmare crossing Lotus seat.

However, there was one thing that needed to be slightly taken care of before he entered seclusion for a long period of time.

With a thought, he came to Empress Starry Rain's side.

She was holding a list of names and was thinking about it with a frown.

"Are these the candidates you like for the New Guard?" Su Yu asked.

Empress Starry Rain was already used to Su Yu's unpredictable movements. Without turning her head, she said, "No, I'm just listing out the stronger ones. But as for the specific ones, I hope you can help me check them out."

After experiencing the repeated betrayals of the guards, Empress Starry Rain did not have the slightest confidence in her choice of candidates.

"Let's go to the cave abode world. I'll personally inspect them." Su Yu's eyes shone with a faint cold light.

To suddenly recruit so many tunnel masters, it was inevitable that some of them had ulterior motives.

They had to deal with them properly.

Otherwise, there would be endless trouble in the future.

The two of them appeared in the cave abode world, and the many tunnel masters who had sensed them all appeared.

Empress starry rain smiled and introduced, "The person beside me is Mr. Su. He's my most important advisor."

On the surface, Su Yu appeared as her advisor.

Upon hearing this, many local dao masters sized her up in surprise.

They had long heard that Empress Starry Rain had a capable advisor by her side.

It was this advisor who had poached all of them here.

"Greetings, Mr. Su." They greeted him one after another.

However, a portion of the local dao masters did not move at all.

Among them, Ying Kuan was the main one. A group of them stood with their arms crossed, not giving Su Yu any face at all.

Empress starry rain looked over and frowned without saying a word.

The rest of the matters were left to Su Yu. She tried her best not to interfere.

Su Yu smiled faintly and said, "Thank you all for coming to help the empress. I am eternally grateful."

He swept his gaze across everyone. When he swept his gaze across Ying Kuan and the group of people.

He realized that the 300 plus people formed a small circle and did not interact with the other tunnel masters.

Moreover, their attitude towards him contained a hint of repulsion.

Especially one of the youths, who looked at him with a playful gaze.

Su Yu swept his gaze across them and continued as if he did not notice. "Today, I am here to select ten guards who are qualified in strength, temperament, and loyalty for the Empress."

After a pause, he said, "The offerings of the guards will be doubled."

Upon hearing this, the tunnel masters were all in an uproar.

Their monthly offerings were already an astronomical figure.

The guards would actually be doubled?

"Those who are interested can register now."

"Me!"

"Me Me!"

The crowd instantly exploded. Su Yu methodically memorized all the names of those who had registered.

However, the 300 disciples turned a deaf ear.

Su Yu glanced at them and asked, "Are you all unwilling?"

It was as if Ying Kuan was waiting for a sentence.

He opened his folding fan with a fake smile and gently shook it, "Of course we are willing to serve Her Majesty the Empress. It's just that we don't want to be insulted."

The tunnel masters behind him all revealed a playful smile.

It was as if they were watching a good show.

Su Yu put down the name list and said, "Oh? Insult? Who insulted you?"

Ying Kuan chuckled, "Of course it's you, Mr. Su."

"How do you know?" Su Yu was calm and did not get angry.

Ying Kuan said sarcastically, "Mr. SU, with your little cultivation, you came to test whether we are qualified to be the Empress's guards. If this is not an insult, then what is?"

He kept the folding fan in his hand and said indifferently, "We came here to serve the empress, not to Grovel and let others trample on us."

In fact, these words spoke the true thoughts of many tunnel masters.

They were all tunnel masters.

What was Su Yu?

Not to mention the humans, his cultivation was so low that it made people's hair stand on end.

What right did he have to stand on their heads and be arrogant?

There were many who refused to submit!

"Trample?" Su Yu laughed lightly.

Ying Kuan could not read the helplessness and contempt in Su Yu's chuckle. He calmly stood up and said, "I am not talented. I was once empress of the waning moon. I asked myself if my strength was 10 times or 100 times better than yours."

"If you are not convinced, you can compete with me," Ying Kuan said with extraordinary confidence.

Now, in front of Empress Starry Rain, he was crushing Su Yu in all aspects.

Presumably, Empress Starry Rain would understand her importance and replace Su Yu as the Empress's sidekick.

Then, she would take every step to obtain the Empress's body and heart.

She already had an exceptionally clear and detailed plan in her heart.

"Alright, let's compare what you are best at," Su Yu said simply and straightforwardly.

He did not hesitate at all.

On the contrary, Ying Kuan was slightly startled.

He originally thought that Su Yu would be a little hesitant, but he did not expect him to be so straightforward.

"I can't tell that you are still quite confident in yourself." Ying Kuan looked at Su Yu thoughtfully.

He did not understand where the other party's confidence came from.

He was an earth master level expert, and he was also the senior advisor of the Crescent Empress.

No matter how one looked at it, he was stronger than Su Yu in every aspect, right?

"Cut the crap. Tell me, what are you best at?" Su Yu asked indifferently.

Ying Kuan chuckled.

What he was best at was naturally cultivation. However, compared to him, did Su Yu still have the ability to resist?

"I won't bully anyone. Alright, let's give some suggestions first and see who is better." Ying Kuan casually tossed out a hundred files and appeared in front of everyone.

Ying Kuan said proudly, "These files are the 100 important matters that I've dealt with in my life. Every single one of them has been handled perfectly, and they have won the appreciation of the broken moon Empress."

"If you can solve ten of them at will, then I'll lose."

The tunnel masters behind him shook their heads.

Ying Kuan's talent was indeed quite brilliant, and he had dealt with many thorny problems before.

The incidents recorded in the 100 files were extremely difficult.

If an ordinary person wanted to solve one in a short period of time, it would be extremely difficult.

Let alone solving ten?

"In order to take care of you, I'll give you an extra day to think about it," Ying Kuan said calmly.

Su Yu did not say a word as he opened the files.

He swept through the first volume, then picked up the second volume, the third volume, the fourth volume..

After he had taken all of them, Su Yu frowned and asked, "Are you sure you didn't take the wrong file?"

Ying Kuan was stunned for a moment and simply flipped through it. "Isn't that right?"

Su Yu said, "Didn't you say that these are all extremely troublesome matters? Why are they all trivial matters?"

For example, there was a file inside that recorded the betrayal of a person who carried important information.

In Su Yu's view, this was a trivial matter.

But on the file, there were words that said "Urgent."

Chapter 2680 Was Just So-So

"So-so?" Ying Kuan was amused.

He thought that Su Yu would be surprised by his various abilities, but who knew that he would casually say that these were trivial matters!

Any random volume of files inside was enough to give the Daoist master a headache.

He really did not know where Su Yu got the courage to say that these were trivial matters.

"Sir, you really think highly of yourself!" Ying Kuan shook his folding fan and said, "Since you are so confident in yourself, then please unlock ten or so files within a day!"

He looked at Su Yu calmly, wanting to see how he would be embarrassed in front of everyone.

However, Su Yu only casually lifted his brush and casually left a few strokes on the files.

Every file was the same.

Su Yu only used less than an incense stick to finish reading a hundred files.

"It's all trivial and a waste of time." Su Yu put down his brush and frowned. "Your so-called test is quite childish to be honest."

Ying Kuan was stunned. "It's finished just like that?"

There was some anger on his face. "Sir, you're quite good at insulting people."

Just two strokes and he was able to solve an extremely complicated dossier?

Su Yu said calmly, "If I were you, I would have finished flipping through the dossier long ago if I had the time to dawdle."

Ying Kuan pinched his fan and laughed angrily, "Alright, but don't let me read it alone. Everyone, read it."

With a wave of his fan, all the dossiers flew into the air and unfolded before everyone's eyes.

With a glance, everyone could clearly see the words written by Su Yu.

However, those who were originally in a joking mood were all stunned.

This was because, when combined with the files, the solution given by Su Yu was simply flawless.

Even though it was only a short few lines, each word hit the key point.

"Look at that file. I remember that the consequence of leniency at that time was that out of the eighteen hostages, nine were saved."

"But if we follow Su Yu's method, we can at least guarantee the survival of twelve hostages."

"It seems that Ying Kuan's methods were too thoughtless."

"There's also this dossier. Look..."

Everyone's eyes lit up. It was obvious who had the best method of dealing with the same dossier.

The smile on Ying Kuan's face gradually disappeared and was replaced by a stiff expression.

Even he had to admit that Su Yu's solution was far superior to his own.

If it was just one or two scrolls, then it would be fine, but all the scrolls were the same.

That would be too shocking.

The scariest thing was that Su Yu completed it in the time it takes for an incense stick to burn.

The time it takes for an incense stick to burn!

How much experience did he have to process all the scrolls in such a short period of time to be almost perfect?

Su Yu was expressionless. He waited for the crowd to finish reading and said, "Now, who is still unconvinced?"

The way the others looked at Su Yu finally changed.

This person was not as incompetent as Ying Kuan had described him to be.

On the contrary, he was full of wisdom and was an extremely scheming person.

Ying Kuan was a little embarrassed. When he noticed the gloating gaze from Queen Star Rain, he gritted his teeth and said, "Why are you so happy? I haven't used what I'm best at."

What he was talking about was naturally not queen star rain, but Su Yu.

"Am I Happy?" Su Yu said indifferently, "I'm not so happy to solve a trivial matter."

These words were particularly harsh to Ying Kuan's ears.

Wasn't Ying Kuan just gloating over having solved a hundred files in his life?

"Surnamed Su, don't insult others!" Ying Kuan released his powerful cultivation as he stared at Su Yu.

Su Yu's expression was calm. "Speaking the truth can also be considered humiliating. I can only say that you are too weak."

"No matter how weak you are, you are still stronger than a human in the Nirvana stage like you!" Ying Kuan growled and turned into an afterimage as he charged over.

Su Yu stood on the spot and did not move at all.

"Strength is what you are best at, right? Wouldn't it have been better if you were like this earlier? Why do you have to humiliate yourself?" Su Yu said indifferently.

After a pause, he continued, "But in terms of strength, you still have to humiliate yourself."

With a flick of his finger, three flying needles shot out.

The trajectory of one of them was very ordinary, and it was very easy to dodge.

But of the other two, one contained a time domain, and the other contained a spatial domain.

How could Ying Kuan deal with it so casually?

With a miserable cry, the two minute needles passed through his body.

Immediately, Ying Kuan let out a miserable scream.

His soul was severely injured.

He was lying on the ground, rolling around with his head in his arms, screaming non-stop.

Swoosh --

The three flying needles were retracted. Su Yu looked at Ying Kuan indifferently and shook his head, "You have the nerve to challenge me with such little ability?"

He raised his eyes and looked at the Three Hundred Dao Masters behind Ying Kuan.

They avoided his gaze fearfully.

Those three flying needles were really strange!

"Alright, this is the list of names for the guards. I will choose the qualified people from the list." Su Yu held the list and left with Empress Starry Rain.

The Dao Masters looked at each other.

The selection ended just like that?

They had not asked about their specific strength and special abilities yet.

Time flashed by in the space.

Three days later.

Suddenly, intense sounds of battle could be heard from outside the space.

It was as if someone extremely powerful had charged in from outside.

With a bang, the space shattered.

Several people with powerful cultivations appeared.

Amongst them were empress waning moon and Ada, ER, and San.

There was Emperor Shaohao and Yanran.

Emperor Shaohao was holding Empress Starry Rain's head in his hands.

A bloody scene and the sound of killing filled the air.

"Hehe, so there's still a group of survivors here." Emperor Shaohao sneered. "Kill them all! Leave No one alive!"

Instantly, everyone started to panic.

What was going on? Did the battle for the ruler of time start early?

The death of Empress Starry Rain caught them off guard.

One group of people chose to be on guard, prepared to fight to the death.

However, there was also a group of people who thought for a while and chose to surrender.

Only a few people were calmly thinking.

"Very good, those who surrender will not be killed!" Empress Crescent Moon said coldly.

Ying Kuan was quick-witted. He immediately smiled and led 300 Earth Dao Masters forward. He said respectfully, "Greetings, Your Majesty."

The crescent moon Empress looked down at him from above. Her beautiful brows arched. "Why are you here?"

Ying Kuan said hurriedly, "Your Majesty, I'm here to be your spy. Have you forgotten?"

As he spoke, he hurriedly took out the secret letter hidden deep under his skin.

When he opened the fire, he could clearly see that there was a secret letter written by the Crescent Moon Empress.

He ordered Ying Kuan to lead a group of people and pretend to surrender. He wanted to find out who was secretly controlling the general situation of the dream boundary.

And he wanted to take action when the opportunity arose!

That was why Ying Kuan was so bold to think of Empress Star Rain.

His goal was to 'take action when the opportunity arose'!

"I see!" Empress Crescent nodded slowly. "You're Alright Now. As for the rest, HMPH!"
