

Nine-Dragon 2691

Chapter 2691 Understanding

Suddenly.

The Empress of the mirror suddenly raised her head and waved towards the corner of the tent.

A wave of water ripples flashed past.

Yanran took a few steps back with a fearful look on her face.

"Assassin! Kill!"The Empress of the mirror reacted extremely quickly.

She herself took a quick step back and let the four guards take action.

The strength of the four mid-stage Earth Dao Masters could be imagined.

Fortunately, Emperor Wang Tian spoke in time, "Ming Jing, it's Me!"

Hearing this, the Empress of Ming Jing noticed that there were two men behind Yanran.

One of them was emperor Wang Tian.

"Brother Wang Tian?"The Empress of Ming Jing was pleasantly surprised, "Stop it!"

The four mid-stage Earth Path Masters immediately stopped.

She went forward happily and held emperor Wang Tian's hand. "Brother, I was so worried about you. I thought something bad had happened to you."

The two of them were not allies.

On the contrary, they were very close relatives.

This was extremely rare among the descendants of the ruler of time.

Who among the other descendants of the ruler of time did not see each other as enemies?

How could they not have the deep affection of the two people in front of them?

The emperor said in shame, "I was incompetent. I could not resist the enemy and ended up with only one person left. Fortunately, Miss Yanran saved me, so I was able to successfully come here."

Hearing this, Yanran frowned.

Whether it was making a move or protecting him all the way, in the end, he was escorted to this place.

It was all thanks to Su Yu.

She was just following Su Yu's orders.

Why did Emperor Wangtian completely ignore Su Yu and put all the credit on her?

It was really hard to understand.

Empress Mingjing immediately cupped her fists at Yanran and threw an especially grateful look, "Thank you for saving my life."

As she spoke, she looked at Su Yu, who was beside Yanran.

"Who is this?" She asked the heavenly emperor.

The latter casually replied, "He is also the person who saved me."

The word 'also' greatly weakened Su Yu's role.

However, it was not completely absent, making one unable to tell what was wrong.

"Oh, I see." The empress nodded, mistaking Su Yu as Yanran's follower.

The Empress of the bright mirror said enthusiastically, "The outside world is currently in the midst of a fierce battle, and it's not easy to leave. Why Don't you all rest here for the time being and wait for the battle to subside before thinking of a way to leave?"

Regarding this, Su Yu nodded, "Of course, no problem."

The heavenly emperor heaved a long sigh of relief, and his mood became very relaxed.

"Miss Yanran, thank you for taking care of me along the way. Why Don't you do me a favor and let me treat you to a meal alone?" Only the Heavenly Emperor was grateful to Yanran.

Or perhaps he was exceptionally interested.

Yanran did not say anything. "Sorry, I want to rest."

Emperor Wangtian was disappointed when he heard that. He said, "Alright, it's not too late to thank Miss Yanran later."

Under the arrangements of the Empress of the mirror, Su Yu and Yanran were brought down to rest.

Their guest rooms were not far apart.

Not long after the arrangements were made, Yanran came to Su Yu's guest room.

"Senior, what should we do next, Mirror Queen side of the strong, more than expected." Yanran could not help but fear.

It's not just the Queen of the mirrors herself that's impressive.

And the guards around him are all very powerful.

It's gonna be pretty hard to get to him.

"Wait and see." Su Yu brief way.

Yanran nodded.

After a moment's hesitation, he said, "Senior, that Emperor Wang Tian seems to have no ill intentions towards me."

She wasn't stupid, so how could she not sense that emperor Wang Tian's attitude towards her was very unusual?

Su Yu couldn't help but laugh.

"It's probably because you saved the damsel in distress and won her heart."

Yanran's face turned red and she said angrily, "You're so annoying. Senior is also teasing me!"

"If senior has any instructions, let me know. I'll go back to my room first." Yanran left in a hurry.

Her face was slightly red.

Little did she know that in one of the rooms, there was a crystal ball placed in front of Emperor Wangtian.

The scene just now was reflected in it.

Yanran's face was blushing, and it was clearly visible.

A hint of jealousy appeared on his face. "Is this what you meant by wanting to rest?"

He would rather be in the room with Su Yu and do something shameful than have dinner with him alone?

At that moment, the Empress of the bright mirror walked in.

"Brother Wang Tian, I have something to discuss with you."

Emperor Wang Tian immediately put away the crystal ball and smiled. "Bright Mirror, what is it?"

The empress of the bright mirror frowned and said, "My people and resources can not be wasted forever. Sooner or later, we will run out. We need to plan ahead."

The emperor nodded and said, "I understand that too."

Staying here was only a temporary solution.

The empress hesitated and asked, "Brother Wang Tian, may I ask how you came to this place after going through so many battlefields?"

She hoped that she could use the way they came in to leave the cave quietly.

The emperor was very calm and said, "It's that person called Su Yu. He has a strange spiritual pet that can hide people's aura and can also pass through seals."

"So Magical?" The clear mirror empress was surprised.

She hesitated for a moment and said, "Then, I'll discuss with him and see if he can take us away secretly in the near future."

Unexpectedly, the heavenly monarch's eyes turned.

"Why go through so much trouble? Can't we just snatch that spiritual pet?" The heavenly monarch said with a matter-of-fact attitude.

The clear mirror empress shook her head and said, "We can't do that!"

"No matter what, that Su Yu is one of your benefactors, right? Isn't it ungrateful to take something from someone before repaying your kindness?"

There was a reason why a group of experts could gather around the empress.

Her magnanimity was the reason why those experts were loyal to her.

The Heavenly Emperor didn't think much of it. "What kind of benefactor is he? I can escape without him, but it will be slightly more difficult."

What he said.

It was as if the person who was filled with despair when the city was destroyed was someone else.

Now, he actually denied all of Su Yu's contributions.

It was really laughable and hateful.

"Is that so?"The Empress of the clear mirror did not understand the situation at that time. She seemed to understand it but she did not.

However, she still shook her head resolutely. "We are now in a difficult situation. We need someone to help us. We can't do anything like snatching other people's treasures and making enemies with them!"

"You don't have to worry about this. I'll discuss it with that human. At most, I'll give him some more rewards. It's far from the point of snatching his things."

Looking at the Clear Mirror Empress'back as she left, the heavenly emperor sighed. "Sigh, a woman's Benevolence!"

"When it's time to fight for the position of ruler, we should make a prompt decision."The heavenly emperor said indifferently, "Since you don't want to be this evil person, then let me do it."

The next day.

The heavenly emperor came over with extra enthusiasm to invite Yanran and Su Yu to the welcoming banquet.

"Brother Su, I was only able to come here safely because of your care. I'll respect you later, so please don't reject my good intentions."

His attitude was a hundred and eighty degrees different from yesterday.

Who Was Su Yu?

One could tell autumn by looking at a leaf, and one could tell the minute details by looking at it.

He immediately concluded that this person had other plans.

He secretly gave Yanran a look, and the latter understood,

Chapter 2692 Merciless Hostility

The one holding the banquet recently was the Empress of the mirror.

Although the battle situation was anxious, taking out some resources to entertain Su Yu and the others was enough.

She was valiant and valiant, generous and warm as she toasted Yanran and Su Yu.

"The two of you, Brother Wangtian is able to return safely. You have contributed greatly, so I express my gratitude,"the Empress of the mirror said gratefully.

Su Yu said, "You are too kind."

He downed the wine in front of him in one gulp.

The wine was arranged by the Empress of the bright mirror. There was no problem with it and he could drink it without worry.

However, Emperor Wangtian's intentions made it difficult for them to feel at ease.

After hesitating for a moment, the empress of the bright mirror revealed a troubled expression and said, "I have a presumptuous request and would like to discuss it with both of you."

"Please speak," Su Yu said.

The Empress of the bright mirror smiled bitterly. "As you can see, I am just hiding here on my last breath. Sooner or later, I will run out of ammunition and food."

"So, I hope that I can use your methods to leave this place quietly. I don't know if it is possible."

Leave with their hands?

Su Yu looked thoughtful. This was a good opportunity to capture the empress of the bright mirror alive.

"Although I am down and out, I still have something that I can give to you. As long as I succeed, I will give you all the resources I have," the Empress of the mirror said.

She was exceptionally generous.

Su Yu was slightly surprised.

She could feel that the empress of the mirror was speaking the truth and not perfunctorily.

This descendant of the ruler of time was indeed a little different from the other descendants.

"Alright, when do you plan to leave?" Su Yu asked.

The Empress of the bright mirror pondered and said, "Ten days later. I will try my best to take away the soldiers who have followed me for many years."

She needed to leave a small portion of them behind to continue fighting the enemy at the entrance of the cave and pretend that the Empress was still inside.

The rest did not need to be sacrificed.

This was completely different from the empress of the waning moon who was willing to sacrifice nearly a thousand of her own dao masters.

Su Yu's impression of this descendant of a ruler had changed.

"Sure. You should prepare yourself in ten days." Su Yu promised.

At this moment, the heavenly emperor said, "Su Yu, can you release your spiritual pet for everyone to see?"

The clear mirror empress was curious. She also wanted to know what kind of spiritual pet had such great power.

Su Yu thought about it and did not refuse.

It was not a bad thing to just take a look.

He waved his hand and the little qilin was released.

It laid lazily on the ground and occasionally released the power of Chaos from its body.

"Power of Chaos?" Empress of the bright mirror was surprised. "It is indeed a divine beast with extraordinary talent!"

As far as she knew, the power of chaos only appeared on very few creatures.

No wonder this beast was able to lead them across the battlefield and ignore the seal to come here.

"With it here, I can finally be at ease," said the clear mirror empress slowly.

Su Yu smiled and put the little qilin back into his spatial storage.

At this moment, the heavenly emperor suddenly said, "Can you let me take a look again? I feel that this little qilin looks familiar."

HMM?

Familiar?

The little kirin should be unique in the world.

Staring at Emperor Wang Tian, Su Yu became wary and said, "The Little Kirin is afraid of strangers and doesn't like to be disturbed."

As he said that, he kept the spatial storage device in his pocket.

Emperor Wang Tian said unhappily, "Now we are in the same boat. What do you mean by this?"

A grasshopper?

Su Yu smiled but did not say anything.

He and Yanran were not trapped. They could leave anytime they wanted.

However, it was very difficult for emperor Wang Tian to leave.

What was with this attitude?

The Empress of the bright mirror immediately pulled him back and said, "Brother Wang Tian, don't talk nonsense."

How could she say something that offended someone?

Emperor Wang Tian shook off her hand and stared straight at Su Yu. With a gloomy expression, he said, "I have reason to suspect that you are plotting something evil!"

Other people had the right to say this, but he did not.

If Su Yu was up to no good, he would have been dismembered long ago.

"Brother Wang Tian, what did you say?" The Empress of the clear mirror was really anxious.

She could not understand emperor Wang Tian.

The latter turned a deaf ear and only stared at Su Yu. "I will give you two choices. First, hand over the Little Qilin to me for safekeeping temporarily to prove that you have no ill intentions! Second, I want to take forceful measures against you!"

The atmosphere suddenly became tense.

Moreover, it was the heaven-gazing emperor who was acting recklessly.

The Empress of the mirror was very clear in the face of big and big issues.

She raised her beautiful eyebrows and glared at the heaven-gazing emperor. "Shut up. Don't hurt others maliciously anymore."

Su Yu and Yanran were not their servants. They could leave as they pleased and stay as they pleased.

What kind of "Ill intentions" was this.

It was inappropriate for the heaven-gazing emperor to act as if they owed him.

Who knew that the heaven-gazing emperor would look at her and say in disappointment, "Ming Jing, you are not suitable to be the commander. Leave the rest to me. You can just watch from the side."

What did he mean?

The Empress of Ming Jing was stunned for a moment. Then, she realized something and said, "Four guards, come here!"

However, the four personal guards who were always on call did not listen to the summons at all.

"Have they betrayed us?" The Empress' heart sank.

When did they betray us?

Who instigated them?

At this moment, she heard the heavenly emperor chuckle, "Four guards, come here."

Shua --

Four afterimages flashed and appeared behind the Heavenly Emperor, standing neatly and respectfully.

They did not listen to the Empress of the bright mirror, but listened to the orders of an outsider like the emperor of the bright mirror.

"You Betrayed Me?" The Empress of the bright mirror asked in disbelief.

To be exact, the emperor of the bright mirror had betrayed her as well.

He had actually incited her people to become his confidants.

The emperor of the bright mirror smiled faintly and said, "Don't say it so harshly. I am only commanding them on your behalf. When the matter is over, I will switch them over to you."

The Empress of the bright mirror was so angry that her chest kept heaving up and down.

She stared at the four guards and asked, "Why did you betray me?"

The four guards sighed and said, "The heaven-gazing emperor is right. Following you will only gradually exhaust us. In the end, we will die miserably. We need to take the initiative to attack and seize every chance to survive."

The days of despair made them even more desperate for survival.

Therefore, under heavenly emperor Wang Tian's constant instigation, that loyalty finally wavered and completely fell to heavenly emperor Wang Tian.

The four of them decided to switch to heavenly emperor Wang Tian's subordinates.

They listened to his command and seized the little qilin, taking the initiative in their own hands.

Heavenly Emperor Wang Tian raised his cup and drank it all in one gulp.

His gaze was cold and stern as he said, "Take down Su Yu!"

The Empress of the bright mirror flashed in front of him and shouted, "Who dares!"

Her beautiful eyes looked at the heaven-gazing emperor as she tried to persuade him one last time, "Brother heaven-gazing, one can not be ungrateful. Without him, you would have died a long time ago. How can you treat others like this?"

However, the heaven-gazing emperor was more confident than anyone else.

"I, the heaven-gazing emperor, have many tricks up my sleeves. I don't necessarily need a puny human to save me. Without him, I can still escape!" The heaven-gazing Emperor said stiffly.

His eyes turned cold. "Empress of the bright mirror, step aside. Otherwise, I'll arrest you too!"

Chapter 2693 Regret

The Empress of the bright mirror stared at the heavenly emperor with disappointment in her eyes.

In her memory, the heavenly emperor had been resourceful and had cared for her.

Now that she had met with a great disaster, she finally understood his character.

He was unkind and ungrateful!

Not only had he betrayed his savior, but he had also betrayed his sister.

What had happened to him when he had kindly accepted him?

He had actually incited his men to betray him overnight!

"Brother Wang Tian, don't make any more mistakes. I will still recognize you as my brother when I turn back." The clear mirror Empress looked disappointed.

However, when had the headstrong and arrogant emperor Wang Tian ever had true family ties?

In his eyes, the clear mirror empress was just a tool that he could use a little more.

"Come on, take down the Empress of the Mirror!" The Heavenly Emperor said coldly.

The Empress of the mirror took out a defensive magic treasure that the ruler of time had personally given her and scolded angrily, "Who Dares?"

The four protectors really didn't dare to act rashly.

Once that magic treasure was activated, people would die!

The Heavenly Emperor felt a slight headache.

There were two things that he feared about the empress of the mirror.

One was that she was an expert under him.

The other was that she had yet to use her time-controlling magic treasure.

"Bright Mirror, don't mess around! You and I are family." Emperor Wangtian immediately changed his expression to one of familial affection.

It was as if the person who wanted to capture the empress of the bright mirror just now was someone else.

The Empress of the bright mirror coldly said, "Get out of the way!"

Emperor Wangtian berated, "What are you trying to do?"

There was a hint of anxiety on his face because he had already vaguely realized what the empress was planning to do.

As expected.

The empress asked, "Can the two of you bring me out of Here?"

In any case, his men had already been secretly taken over by the emperor. What was the point of him staying?

Su Yu said calmly, "Sure."

Hearing this, the emperor looked a little anxious.

"Ming Jing, do you want to kill me?" Emperor Wang Tian scolded.

The Bright Mirror Empress was extremely disappointed.

Wasn't secretly snatching her military power to kill her?

Now, she was actually reprimanding her as if she was a victim who had gone too far?

In her heart, she no longer had any expectations for her former brother.

The cruel reality had undoubtedly exposed her true nature.

"Let's go," said the Empress of the mirror.

Su Yu looked at the Empress of the mirror with a complicated expression and nodded. "Alright, Little Qilin, come out."

Sou --

The little qilin came out of the storage space and released a force that covered Su Yu and the others.

Emperor Wangtian could only watch them leave. He was filled with regret and hatred.

He had just realized that he had given up on everything.

So what if he had taken away the military power of the Empress of the mirror? Wouldn't he still have to hide here and be eaten away by the enemy bit by bit?

From the start, he should not have been so mean to Su Yu.

However, regret was useless.

However, at this moment, a shocking fluctuation suddenly came from the tightly guarded cave entrance.

A destructive power erupted from it, killing all the experts guarding the cave entrance.

At the same time, an endless amount of enemies poured in from the outside world, barging into the nine darkness world and wantonly slaughtering them.

It was the seven peerless experts in fiery red robes who had chased Su Yu and the others here and attacked, breaking through the defense of the cave entrance.

The heaven-gazing Emperor's expression changed drastically!

He stared at the seven figures in fiery red robes and slowly descended from the cave entrance. The wine cup in his hand fell to the ground with a bang.

Their faces were pale and filled with despair.

The fear of being dominated by the seven terrifying existences surged into their hearts once again.

"Don't leave me behind! Save Me!" Emperor Wang Tian screamed in despair.

How could he still have the confidence to look down on everything?

All he had was fear.

Su Yu and the others, who hadn't gone far, stopped.

Empress Ming Jing looked at Emperor Wang Tian, who was in a desperate situation. She couldn't bear it and said in a low voice, "Although he's worse than a beast, can we give him a chance?"

Su Yu thought for a moment and nodded slightly.

He didn't plan to let the sky-gazing Emperor Go.

He planned to stabilize the clear mirror empress and then come back to take the sky-gazing Emperor's life.

But unexpectedly, seven mysterious people in fiery red robes came and disrupted his plan.

He could only take the sky-gazing emperor with him.

The group of people returned. The little qilin slapped the sky-gazing Emperor's face with his claw, "Damn it, useless thing, come here!"

The heaven-gazing emperor immediately revealed a pleasantly surprised expression when he realized that they had returned.

He bent his body and entered.

The four mid-stage Earth Dao master experts also followed in with tense expressions.

At this very moment, the enemy army attacked the pavilion.

However, the little qilin had already led them to the entrance.

As long as they entered, they would be able to reach the outside world.

However, the seven mysterious people in fiery red robes seemed to have sensed something.

They condensed their spells together and attacked the entrance of the cave.

A loud boom was heard.

A fiery red lion appeared and crazily attacked the cave.

Su Yu and the others had no choice but to retreat.

The powerful aftershock of the attack broke apart the aura of the little qilin and exposed the group.

Empress Bright Mirror's heart skipped a beat.

However, when she focused her attention on the enemy, a piercing pain came from her palm.

She lowered her head and saw that it was the heavenly emperor who had taken advantage of the moment when she was distracted to cut off her palm and snatch the time ruler magic treasure from her palm.

Hiss!

Empress Bright Mirror immediately gathered her palm and glared at the heavenly emperor with anger.

The heaven-gazing emperor held the time-controlling magic treasure in his hand and sneered, "It's better for me to control the time-controlling magic treasure! You are too selfish and don't know how to take the big picture into consideration!"

At this moment, he controlled the time-controlling magic treasure.

He also controlled four mid-stage Earth Dao Masters.

It was completely possible for him to rush out of the nine nether world.

"Miss Yanran." The heaven-gazing emperor looked at Yanran and said, "A small figure like Su Yu is definitely not a good match. If you follow me, your future will be bright..."

Before he could finish, Yanran sneered, "Follow a small fry like you?"

At this moment, I actually feel good about Emperor Wangtian being a child.

He was already in such a miserable state, yet he still refused to let go of his identity as the descendant of the ruler of time?

What was even more ridiculous was that he was actually comparing himself to Su Yu.

To be honest, could he be compared to a single finger of Su Yu?

Emperor Wangtian's expression froze, he shook his head and sighed, "Sigh! I'm a beautiful woman, how can I Be Blind? I let go of a person like me who has the hope of becoming the ruler of space, but I chose a useless human."

"Forget it. A woman like you isn't worth cherishing. Take care of yourself!"

Emperor Wang Tian soared into the sky under the protection of four mid-stage tunnel masters.

Su Yu didn't stop him at all.

Since the seven mysterious people in fiery red robes had made their move, they definitely wouldn't give the people inside a chance to leave easily.

As expected.

Just as emperor Wang Tian rushed to the entrance of the cave, a secret technique that had been left behind in advance descended from there.

A fire lion roared and descended!

Heavenly Emperor Wangtian was startled and hurriedly activated the remaining time ruler Magic Treasure.

One was an attack at the level of a Heavenly Dao master, while the other was a defense at the level of a Heavenly Dao master.

When the two collided, a shocking shockwave erupted.

Chapter 2694 The Final Battle

The four mid-stage Earth Dao master experts bore the brunt of the shockwave and were crushed on the spot.

As for the heaven-gazing emperor, he wasn't any better.

His entire body was blasted apart, and blood spurted out wildly.

His body landed heavily at the Empress'feet.

The heaven-gazing emperor probably never dreamed that not only did he fail to leave the nine Netherworld realm, but he was also heavily injured and on the verge of death.

"Mirror, save me..."Emperor Wangtian used the same trick again.

However, before he could finish his words, Empress Mingjing slapped him on the chest.

Then, she twisted him hard and crushed his heart.

Emperor Wangtian widened his eyes unwillingly, and his life passed away bit by bit.

In the end, it disappeared completely..

Along with his death, a time domain left Emperor Wangtian's body.

It fused into the body of empress of the clear mirror.

Seeing this, Su Yu finally understood why the crystal ball of the time domain was absorbed by him.

Because whoever killed the descendant of the time ruler could absorb the other party's time domain.

As long as this person was a time domain holder..

After obtaining Emperor Skygazing's time domain, the level of empress of the clear mirror's domain immediately approached high-level.

"I'm sorry. Because I was blind, I almost harmed all of you," the Mirror Empress said dejectedly.

She had never thought that she would be the one to seize the power of the heaven-gazing Emperor's bloodline.

"It's alright. It's within my expectations." Su Yu patted the Little Qilin's head. "Let's go."

With the heaven-gazing emperor leading the way and triggering the secret technique at the entrance of the cave, it was naturally much easier for them to leave.

The little qilin nodded and immediately used the secret technique to cover them and successfully leave the Netherworld realm.

They passed through the battle area calmly and landed on the edge of the waking world and the Netherworld realm.

Everyone stood on the ruins, but the atmosphere between them was a little strange.

In the end, Su Yu asked the little qilin to stop.

Empress Bright Mirror immediately retreated a little to maintain a distance.

She was already on guard.

Back in the Netherworld realm, they could still have a good cooperative relationship.

But after they came out, it might not be so.

"I'm very grateful for saving your lives, but I have nothing to repay you all for now. If I have the chance to become the ruler of time, I'll definitely repay you." The empress slowly retreated.

Yanran's heart tightened.

They had gone through a lot of trouble to bring the Empress of the clear mirror out.

How could they let her leave just like that?

However, Su Yu said, "Perhaps if you stay by my side, you won't be able to escape death in the end. But if you leave me, you will die even earlier."

The Empress of the clear mirror did not think much of it.

"Although I am not talented, I am not as useless as the heavenly emperor. I believe that I can still live on by myself."

Yanran sneered.

She flipped her palm and took out a time-controlling magic treasure.

It was a high-level one.

"Guess how many times this can kill you?" Yanran said with contempt, "If senior wanted to kill you, would you still be alive now?"

Upon seeing this item, the empress of the bright mirror sucked in a breath of cold air.

"Didn't Shaohao say that all the time-controlling magic treasures were obtained by Him?"

Although she was surprised, the Empress of the clear mirror did understand.

With this item, if Su Yu really wanted to take her life, he had already taken it from the Netherworld realm.

No matter how many soldiers and horses she had by her side, she would not be able to escape death.

The reason why she was still alive was because Su Yu had no intention of killing her.

"Although I work for a descendant of the time ruler, we all agree that there is another conspiracy in the struggle for the time ruler," Su Yu said frankly. "So, until the last moment, I don't want to kill a ruler indiscriminately! Especially since you're a nice person."

At least she knew how to repay kindness.

It would be a pity to kill such a person just like that.

It would be better to wait until the last moment before making a decision.

If they could avoid killing each other and choose a ruler of time, why would they need to kill each other?

Empress of the Clear Mirror Thought for a short while, then nodded and agreed. "Please forgive me for my offense just now, senior."

Only by staying in front of this senior and relying on his powerful time ruler magic treasure could she live to the end.

As for whether she would live or die in the end, that was up to fate.

"Very good. Now, follow me to the netherworld. The descendant of the time ruler that I am loyal to should also end his battle."

With so many ruler magic treasures in her hands, Empress Starrain should be able to snatch a descendant of a ruler.

The entire temporal domain's struggle for the hegemon of time was almost over.

Now, the final battle was about to begin.

The group headed towards the netherworld.

What was shocking was that the Netherworld was even more damaged than the awakener world.

The entire world had been completely destroyed.

As far as the eye could see, there wasn't even a speck of scorched earth left. All that was left was that endless, shattered defensive formation.

"The Netherworld is completely finished." Empress Bright Mirror Sighed. "Even if a new ruler is born, the Netherworld will never be able to recover."

"What is the meaning of the struggle for the ruler of time?" Empress Bright Mirror let out a similar sigh.

Not long after.

Su Yu and the others arrived at the northern part of the netherworld.

In the void, on a drifting island, Su Yu was converging with the army led by Empress Starry Rain and Emperor Bright Heart.

They had lost nearly half of their forces.

"Brother!" Empress starry rain pounced over in pleasant surprise, and then she pouted. "I've used up all of my time-controlling magic treasures."

Su Yu took out an extra portion and handed it to her. "There's still a lot left. Don't worry."

He had used up all of it, and there was still some left.

The time-controlling magic treasures that the two of them possessed took up more than half of all the magic treasures.

Empress starry rain smiled and said proudly, "Big brother, I've caught Emperor Ziqiong!"

She waved her hand and a group of people came over with Emperor Ziqiong tied up.

"You didn't kill him?" Su Yu was surprised.

Empress starry rain said in confusion, "I think the time-controlling competition is very strange and suspicious, so I'll let him live for now and kill him later."

Even the simple-minded Empress Starry Rain felt that something was wrong.

There was really something wrong with the battle for the time ruler.

With that, the battle for the time ruler came to an end for now.

The other descendants of the time ruler were all killed, leaving only the five descendants of the time ruler -- Empress Starry Rain, Emperor Mingxin, Emperor Mingjin, emperor purple jade, and Shao Hao.

A new descendant of the ruler of time would be born from them.

Right at this moment.

A long laugh that shook the netherworld resounded through Heaven and earth.

"Since we're all here, why don't we meet today? Let's have a showdown."

Shao Hao was the only one who spoke in that arrogant and arrogant voice?

Boom! Boom! Boom

A blood cloud appeared in the distant sky.

A moment ago, it was still extremely far away.

But in the blink of an eye, it suddenly appeared before them.

That was a time domain, a high-level time domain, and it was extremely close to the Yuan level.

Within the blood cloud, Shao Hao sat on the golden throne, looking down at them like a Brahma God.

"Very good. I thought that the starry rain and Ming Xin were in my bag. I didn't expect you to hide so deeply, coming to the waking realm and the Netherworld to ruin my plans one after another!"

Chapter 2695 The Battle Of The Overlords

In his plan, he would first use lightning to pacify the Awakening Realm and the Netherworld realm.

In the end, a fisherman would gain the upper hand and defeat the entire Dreambreak realm.

This way, he would become a ruler and an autarch.

Everything had been going smoothly. The descendants of the time ruler had been captured by him.

Who would have thought that Empress Starrain and Emperor Mingxin would appear out of nowhere.

The former had stolen Emperor Purple Jade.

Su Yu had stolen the descendants of the time Dominators and ruined their plans.

He had no choice but to show up and start a big battle with them.

"Shao Hao, please calm down!" Empress Bright mirror shouted in a deep voice

She pointed at the ruins and the broken defensive array and said, "Take a good look at the time domain. Don't you think it's Strange?"

All the participants had already sensed that something was wrong.

"Even if you become the ruler of time, what's the point of obtaining such a time domain?" She asked.

However, Shao Hao only smiled coldly.

"I'm not blind. Why Can't I Understand?" Shao Hao was very calm.

Unexpectedly, he was calm.

"In fact, I know more than all of you." Shao Hao looked at them with pity. "That's why I have to become the ruler of Time!"

Countless experts appeared behind him.

The seven mysterious people in fiery red robes were present.

Apart from them, there were seven mysterious people in black robes.

These fourteen people stood respectfully behind Emperor Shao Hao.

Empress Star Rain stared at the mysterious black-robed person and said solemnly, "Big Brother, be careful. Those seven mysterious black-robed people are very powerful."

Even without his reminder, Su Yu knew.

However, where did they come from?

Where did Shao Hao recruit such a powerful expert?

The combined strength of the seven could block the Heavenly Dao master's attack.

The strength of those seven people alone had probably reached the peak of the Earth Dao master level.

There shouldn't be such a powerful person in the time domain.

Shao Hao laughed sinisterly, "Do you all want to die a quick death, or suffer to death?"

"If you want to die a quick death, then surrender. If you want to suffer, you can continue to resist!"

Hearing this, Su Yu's side was on guard.

Su Yu took the initiative and gave Yanran a look. The latter didn't hesitate and took out an intermediate time ruler magic treasure.

He immediately activated it.

Immediately, a hundred jet-black arrows of light pierced through the void and attacked first.

Shaohao glared at Yanran and shouted angrily, "You traitor!"

He raised his hand and also took out an intermediate-level defensive magic treasure.

A golden rooster suddenly appeared and cried out on the spot.

All the Roosters lost their effect.

Immediately after, the fourteen mysterious people behind him attacked at the same time.

The seven mysterious people in fiery red robes used the fiery red lion.

The seven mysterious people in black robes used a giant python as black as ink.

The two whistled over, bringing with them an invincible momentum as they crushed everyone.

Su Yu and Yanran each took out a low-level time dominator magical treasure and crushed it.

Water and fire interweaved to form a tornado that swept out crazily.

The two sides immediately collided with each other. The aftermath of the world-destroying shockwave shook the already broken defensive array formation into pieces.

However, this was only the beginning.

Shaohao snorted and casually threw out a time-controlling magic treasure. "Then let's see who will have the last laugh."

"Shao Hao," the clear mirror empress said in a low voice, "Since you're so stubborn, don't blame me for helping them!"

She activated her time domain bloodline and activated the time freeze domain, freezing all fourteen of their attacks.

Empress Starry Rain, Emperor Mingxin, and Emperor Purple Jade all activated their time domain bloodlines.

This was a battle between the descendants of the time ruler after all.

The battle between them was unavoidable.

"Hehe, good! I'll show you what a genius and a fool are!" Shao Hao laughed as he slapped his throne and jumped up.

"Time freeze!"

Three extremely condensed time hourglasses appeared above his head.

There was also the fourth round, which was extremely blurry.

If even the fourth round was condensed, Shao Hao would reach the Yuan level and become the supreme ruler of time.

On the other hand, the four of them were the Queen of Star Rain.

Other than the queen of Bright Mirror who had merged with Sky Gazing and had a domain that was close to the high level, the rest of the domains were only at the beginner and intermediate level.

With their domains stacked together, the four of them were no match for Shao Hao alone.

Shao Hao's single time freeze crushed all of their time domains.

The fire lion and the venomous python were freed.

On the contrary, their side was caught in the slow process of time.

The water and fire tornado was immediately crushed by the fire lion and the venomous python and pounced on them.

At this critical moment, the thousands of tunnel masters behind them launched their domain attacks one after another.

The domain attacks of one person were not terrifying.

The domain attacks of ten people were also fearless.

A hundred people might still be able to resist.

What about a thousand people?

The domains of a Thousand Earth Dao Masters merged into a massive world and pressed down.

Although the fire lion and the venomous python were extremely powerful, they were forced back by the fusion domain of a thousand people.

In the end, they shattered.

The fourteen experts all let out muffled groans and spat out a mouthful of blood.

Shao Hao stared. "You're courting death!"

"Time deprivation!" The sun and moon passed in Shao Hao's eyes.

He swept his gaze across the thousand enemies.

Their fusion domains were all weakened and shattered under the time deprivation.

"Why is my domain gone?"

"Why can't I release it?"

The Thousand Dao masters were all shocked.

They even realized that their bodies were rapidly aging at a speed visible to the naked eye.

That was the power of time deprivation.

It could forcefully take their lives.

"Reverse Time!" Queen Star Rain and the others immediately attacked when they saw this.

Only then did the lost vitality of the tunnel masters finally ease a lot.

Both sides fell into a delicate balance.

For a moment, neither side could do anything to the other!

Su Yu took out two palm-sized doors at the same time.

One of them was black while the other was white.

He threw out his palm, and the two descended from the sky, one in front and one behind, trapping Shao Hao and the 14 mysterious experts in the center.

Then, he opened the two huge doors at the same time.

A sharp screech came from within the white feather door.

A huge Phoenix that covered the sky and covered the Sun led a dense group of golden phoenixes and charged out.

Shao Hao and the 14 mysterious people were the first to be charged out.

Shao Hao's expression changed drastically. "The door of white feathers!"

Hadn't the door of white feathers, which he had sealed in the Sea of blood, been stolen?

He glared at the hooded figure next to Empress Starrain.

So it was him!

However, the door had appeared too suddenly, leaving him with no time to think.

Seeing that he was about to be struck by a group of Phoenixes and forced to retreat into the door of black feathers, Shao Hao roared furiously. His bloodline of time surged. "Settle down!"

Chapter 2696 The Truth Was Revealed

However, as soon as he finished speaking, a destructive time ripple exploded.

It was Su Yu, who had activated his most powerful time-controlling magic treasure.

At this critical moment, he launched an attack on Shaohao.

Shaohao was caught off guard and could only use his time-controlling magic treasure to resist.

As a result, he lost the best opportunity to stop the Phoenixes.

The latter whistled and rushed him and the fourteen mysterious people into the door of black feathers.

Su Yu's eyes flashed. He was about to close the two doors and imprison them in the Netherworld realm forever.

But at this moment.

The fourteen mysterious people worked together and used secret techniques to forcibly hold the door of black feathers.

"Shaohao, you go first!"

Seizing the fleeting opportunity, Shaohao returned first.

Su Yu clenched his five fingers and immediately grasped the door of black feathers completely.

Before Shaohao could react, he immediately summoned the door of black feathers back.

He had no time to bother with the fleeing phoenixes. Su Yu and the others surrounded Shaohao.

Only Shaohao was left!

It was no longer difficult to deal with him.

However, Shaohao's face only flickered with a fierce aura without the slightest fear.

With a pull of his palm, he tore off the cloak on his back, revealing his strong body and the ruler-level magic treasures hanging all over his body.

"Good! I'll fight all of You Alone!" Shao Hao threw out a time ruler-level magic treasure.

Su Yu Yiran wasn't afraid and threw it at him.

Yanran also joined in.

Shao Hao threw another one into it, repeating the same thing over and over again.

Empress Starry Rain and the others could only retreat with their scalps tingling as they watched the heaven-destroying heaven-dao master-level dominating magic treasures explode one after another.

This was not a battle that they were qualified to participate in at all.

Both sides' time-dominating magic treasures were being consumed at an alarming rate.

In the end, both sides were completely exhausted.

However, neither side was able to do anything to the other. Instead, the defensive array let out a rumbling sound.

It was the sound of someone being overwhelmed!

Shao Hao had used up all of his time-dominating magic treasures, but there was still not a hint of fear on his face as he faced everyone.

"Now that I've used up all of your time-dominating magic treasures, you don't have anything left to defend against me, right?" Shao Hao sneered.

It turned out that he had never used his time-dominating magic treasure as his trump card.

His trump card had something else!

He slowly took out a withered wooden scepter.

Once the scepter was taken out, the entire world seemed to fall silent.

Time, which had never changed since ancient times, actually became chaotic.

Looking at this item, Empress Starry Rain and the others' faces turned pale at the same time, revealing expressions of disbelief and even despair!

Shao Hao laughed coldly. "It seems that I don't need to introduce you. You've already recognized that this is the ruler's time scepter, right?"

Hearing this, Su Yu's pupils constricted.

The Scepter of time was the true magic treasure of the ruler of time.

Its grade was so high that it had reached the level of a half-saint weapon.

No matter how powerful the ruler of Time's magic treasure was in the time wilderness, it was nothing in front of the scepter of time?

It was not worth mentioning!

This was Shao Hao's true reliance!

Emperor Ziqiong screamed in despair, "Impossible! Why would the ruler of time give the scepter to you?"

If that was the case, what was the point of fighting for the ruler of time?

Wouldn't they just wait patiently for Shao Hao to devour them?

"Hehe, that's why you all lost from the start." Shao Hao smiled coldly. "From the start, I was the chosen successor of the ruler of Time!"

"What a joke. You people who are in the dark are still struggling with all your might."

Empress starry rain found it hard to believe.

Why did the ruler of time do this?

Since Shao Hao was appointed, why did he lie to them for so many years and make them fight for today?

In the end, he did not hesitate to destroy the time domain in the great battle?

Why?

Shao Hao held the time scepter and gently tapped it. A huge wave of time fluctuation rippled out.

Everyone's time was sucked away.

Even Su Yu was no exception.

They would all die within the time it takes for an incense stick to burn.

However, this wasn't the full power of the scepter of time.

It was just a light tap.

Shao Hao laughed heartily. "Seeing that you're all about to die, I'll be merciful and Tell You the truth

"The so-called change in the ruler of time was never fought over. It was decided by the ruler of Time

"Those who are decided by the ruler will receive all the inheritances of the ruler, including the time scepter and the 14 personal guards of the ruler!"

As expected!

The so-called becoming the ruler of time through war was really a lie that had deceived them for hundreds of millions of years.

Empress Bright Mirror's body trembled. She was unable to accept this cruel fact.

"Then, it would have been fine if the ruler of time had let you become the ruler. Why did he lead us to kill each other? This is superfluous!"

Her question was what everyone wanted to ask.

Shao Hao chuckled. "Because, the ruler wanted to use you to kill each other and destroy all the worlds within the time domain!"

This was the meaning of the ruler of Time's struggle.

Empress Bright Mirror shook her head. "There's no need. Wouldn't the ruler of time just destroy it himself? Why use our war? This is superfluous!"

With the power of the ruler of time, using the time crutch wouldn't take long to destroy the time domain.

Why would he set up such a grand scheme?

Wasn't it troublesome?

Shao Hao's gaze passed through the defensive formation towards the endless depths of nothingness. He muttered, "That's because there are some attacking existences in the Dao Abyss that are keeping an eye on the ruler."

"If the ruler makes any strange movements, they will come out of Dao Yuan."

Hearing this, everyone's hearts pounded.

Dao Yuan.

It was Dao Yuan again!

Where was Dao Yuan and what existences were there that even the rulers were afraid of and did not dare to act recklessly?

"Ordinary people think that the ruler is the supreme existence that commands the world. Little did they know that they no longer confront the existence in Dao Yuan at all times. They do not dare to slack off at all."

Empress Bright Mirror took a deep breath, but she was still very puzzled. "Then, what does a ruler want to do by destroying his own territory?"

"Naturally, he wants to wait for the destruction of the epoch twenty years later!" Shao Hao said indifferently

He glanced at the defensive array beneath his feet.

This array was already extremely weak and could no longer protect this land.

"The eight-star civilization's defensive array was set up by the eight great ancient gods. Their original goal was to resist the destruction of the epoch."

"With this array, the sacred mountain will be unable to completely destroy the eight-star civilization."

"Thus, I order the rulers to do everything they can to destroy the array."

"They are restricted by the existence of the Dao Abyss and are unable to act on their own, so they are guiding you to destroy it."

"I don't know about other domains, but the time domain has pretty much achieved its goal!"

After learning of the shocking secret hidden within, everyone's hands and feet turned cold.

After all this time, they were just chess pieces in the hands of the sacred mountain and the ruler.

Their goal was to let them destroy the amulets on their bodies.

The most laughable thing was that they actually did as they were told and destroyed the defensive array formation into pieces.

Chapter 2697 The Line Between Success And Failure

Once the era of destruction began...

They, who were in an eight-star civilization, would no longer be able to defend themselves.

"I see." The Empress of the mirror looked at her hands and found it laughable.

So the truth was such a joke.

What ruler struggle?

From the start, it was a trick to trick them into killing each other.

It had been a lie to trick them into putting a noose around their necks.

The other descendants of the rulers were unable to accept this cruel truth and were in a daze on the spot.

"Since you understand, then feel free to leave your bloodline to me and help me reach the Yuan level domain." Shao Hao threw his head back and laughed loudly.

With the time scepter in his hand, Shao Hao was the strongest in the world.

Having lost their time-controlling magic treasures, they were completely unable to contend against Shao Hao.

Their time was being crazily taken away by the time scepter.

However, at this moment...

A magnificent nine-colored light soared into the sky.

When they fixed their eyes, they saw that in the crowd behind Empress Starry Rain, a creature with an oil lamp on its head and a body emitting nine-colored light had actually appeared.

That nine-colored light was as intense as an unrivalled flame.

It instantly engulfed empress starry rain and the others.

The time scepter in Shaohao's hand suddenly stopped absorbing the time energy of others and trembled violently.

Shaohao wasn't on guard. He staggered backward with the scepter and almost fell down.

There was a trace of surprise on his face. He fixed his eyes over and his expression instantly became ugly.

"Mortal body?" He couldn't believe that there was a mortal body among the Starry Rain Empress's people!

Wasn't that an extinct physique?

Why were there still survivors?

The nine-colored figure was naturally Su Yu, who had activated the oil lamp.

Similarly, the time-controlling magic treasure wasn't his final trump card.

His trump card was the four drops of the emperor's blood.

Now, it was finally useful.

Although a drop of the emperor's blood could only be used for a short while, it was enough to deal with Shaohao!

"Get lost!"

Su Yu pressed his five fingers into the sky, and a huge nine-colored palm descended from the sky.

Rumble --

With a loud sound, Shaohao was violently suppressed.

He almost wanted to be crushed into dust!

"Time Ray!" He raised his scepter high and fiercely struck towards the nine-colored palm.

Instantly, the nine-colored palm was pierced through.

However, the remaining force of the palm still fiercely struck Shaohao's body.

Pu --

Shao Hao's soul was instantly destroyed, and his body turned into a pool of blood.

Back then, when the waning moon Empress controlled the body of the mortal body, she was still able to contend against a primary dominator magic treasure.

Moreover, Su Yu was originally a mortal body?

"The taste of the son of Heaven's blood, I'll return it to you!" Su Yu said coldly.

Back then, Shao Hao took out the fragment of the carefree son of Heaven, and the latter used half a drop of the son of Heaven's blood to activate the son of Heaven ruler, causing near-fatal damage to Su Yu.

He had even indirectly caused Wen Shui's death!

Today, he would have a taste of the power of the mortal body activated by the son of Heaven's blood!

Empress Starry Rain and the others had not expected this.

There was actually a mortal body hidden on their side?

Furthermore, with just one strike, Shaohao had been beaten into a pool of blood!

However, with the time scepter, how could shaohao die so easily?

From the time scepter, an endless amount of time energy shot out, causing Shaohao's body to flow back to the time before he was injured.

In an instant, Shao Hao recovered.

He shook his head, his eyes still filled with reverence.

"Mortal sacred body, why should an outsider like you interfere in the matters of the ruler of time?" Shao Hao rebuked.

He probably didn't know that the mortal sacred body in front of him was the descendant of ancient god Nine Dragons that he had chased all over the place.

"Because you owe me your life!"

Su Yu's cold voice answered him.

"Die!" With a furious roar, the nine-colored light on Su Yu's body pounced forward like raging flames.

Shao Hao's expression changed dramatically.

After experiencing the terror of the nine-colored light, he had no confidence in dealing with it.

But if he escaped like this, all his previous efforts would be in vain.

"I'll give it my all!" Shao Hao roared as he stabbed the time staff in front of him and formed a seal.
"Bloodline summon!"

Gulp --

Sounds that sounded like boiling water rang out continuously.

The time bloodline in Shao Hao's body was churning at an astonishing speed.

Empress Star Rain and the others all revealed pained expressions.

Their time bloodline actually sensed something and left their bodies bit by bit to fuse with Shao Hao.

This was the final secret technique that the ruler of time had passed down to Shao Hao.

If they were still unable to take away the time bloodlines of the other descendants of the ruler of time at the last moment...

Then they would use the bloodline summoning.

At the cost of sacrificing a portion of the power of the time scepter, they would forcefully take away the bloodline of the descendants of the ruler of time and use it for themselves.

The seemingly long process was actually completed in an instant.

The bloodlines of Empress Starrain and the other five descendants of the ruler of time were all taken away in an instant.

However, before they could merge into Shao Hao's body,.

Shao Hao was struck by the destructive attack of the nine-colored flame.

His body and soul were immediately destroyed.

The time scepter immediately activated reverse flow to save him.

However, the nine-colored flame that remained on Shao Hao's body was never extinguished.

It reduced him to ashes once again.

The time scepter reversed flow again.

The cycle continued.

Finally, with a Kacha Sound, a clear crack appeared on the time scepter.

First, it sacrificed a part of its strength, and then it used up its strength without restraint. Finally, it reached the point of exhaustion and showed signs of damage.

This time, Shao Hao was destroyed.

The damaged time scepter could no longer completely recover. It could only recover to its heavily injured state.

Fortunately, the nine-colored flame on Shaohao's body had been exhausted many times and was already very weak.

It could no longer destroy his body.

However, despite being heavily injured, Shaohao still obtained all of the time bloodline as he wished.

The time domain in his body was fusing and expanding at an astonishing speed.

Once he reached the Yuan level domain, a second time ruler would be born.

At that time, even the mortal saintly being wouldn't be able to contend against him!

Su Yu's gaze turned sharp as he once again swept out with the nine-colored light.

However, right at this moment, the emperor's blood was completely burned out, and the oil lamp was starting to dry up.

Su Yu had no choice but to stop and pour a drop of the emperor's blood into it.

However, taking this opportunity, Shaohao activated time travel.

In just a short moment, he had already fled without a trace!

Su Yu swept his gaze over and looked at the Northern Bright City of the broken dream realm.

Shaohao had escaped back to his nest!

He took a step forward and instantly crossed half of the waking world and arrived at the broken dream realm.

Moreover, after the time it takes for half an incense stick to burn, he appeared above the northern bright city.

After this short period of time, he had used up another drop of the emperor's blood.

Currently, there was only one drop left.

His colorful eyes swept down and immediately discovered that under the ruins of the northern bright city, there was a hidden secret chamber.

Inside the secret chamber, Shao Hao was continuously spitting out blood as he lay on the ground.

A blind middle-aged man was currently treating him.

Shao Hao said weakly, "Quick! Quickly begin."

It was as if Shao Hao had been waiting for this moment all along!

The blind middle-aged man was none other than the golden-eyed prince!

The golden-eyed prince immediately placed Emperor Shao Hao on a certain array formation in the secret chamber.

That array formation was exceptionally mysterious. Even Su Yu felt that it was extremely profound and impossible to see through!

"Success or failure depends on today!" Golden Pupil Langjun immediately activated the array formation.

His empty eyes were filled with a hint of excitement and excitement that he had been looking forward to for a long time.

Chapter 2698 Hundred-Year Calculation

The array shot out an extremely resplendent aura of time and space.

Mysterious heavenly script characters flew out of the array and attached themselves to Shao Hao's body.

Within his body, the majestic time domain seemed to resonate.

It boiled and roared crazily.

It was as if Shao Hao had forcefully activated his bloodline engulfment.

Su Yu, who was still far away, suddenly felt that something was wrong!

He opened a spatial storage item and swept it inside. His expression changed drastically.

He saw the unconscious Bi Yun Hong Xian, and a deep pain suddenly appeared on her face.

Her soft body kept twisting.

A pair of golden eyes opened silently.

Two golden rays of light flowed out from them.

The light was like a stream of water, leaving Bi Yun Hong Xian's body and quickly rushing towards the underground ruins.

Su Yu grabbed at the air, trying to catch it.

However, it belonged to the bloodline, so he couldn't catch it at all.

Sou --

Two rays of golden light descended to the ground and fused into Shaohao's body.

Moreover, they began to fuse with the extremely dense time domain.

This process was extremely painful, and Shaohao let out a heart-wrenching roar.

"I can't do it anymore! Stop!" Shaohao roared angrily.

His body was about to be completely shattered.

Golden-eyed langjun lowered his voice and comforted him, "Don't Give Up! Didn't you want to become a dual ruler of time and space?"

"Persevere. What awaits you is an unprecedented tomorrow!"

So Shao Hao's ambition wasn't just the ruler of time!

He also wanted to become the ruler of space!

However, he did not have the space bloodline.

Hence, he had to fuse the space bloodline into his body first.

The only way he could think of was to fuse the bloodline of Biyun Hong Xian.

This was because Biyun Hong Xian's bloodline had the bloodline of the ruler of time and the ruler of space.

Biyun Hong Xian's bloodline originated from her ancestor, the heavenly queen.

And the Heavenly Queen was a special existence who controlled both time and space domains.

Her true identity was the illegitimate child of the ruler of time and the ruler of space!

Biyun Hong Xian had obtained the inheritance of the heavenly queen and had two bloodlines.

If Shao Hao could fuse his two bloodlines at this moment, it would be the same as having a line of space bloodline.

Next, he would sweep through the space domain with the invincible posture of the ruler of time. which descendant of the ruler of space could contend against him?

He had prepared for this plan for decades.

He had waited until today.

In the endless pain, Shao Hao let out a scream of pain.

The two golden bloodlines finally began to fuse with the pure bloodline of the time domain.

The pain also disappeared at this moment.

Shao Hao felt as if he had experienced hell. His whole body was covered in sweat, and the unbearable pain was still lingering in his mind.

If he had to do it again, Shaohao might not have the courage to accept the fusion.

However, fortunately, he had finally succeeded.

He looked up at the sky and laughed sinisterly. "When my bloodline has completely fused and I've reached the Yuan level domain, I want to see what you have to fight me with."

However, a strange, hoarse laugh sounded beside his ear.

"I've succeeded! I've finally succeeded!" Golden-eyed langjun laughed loudly.

That smile seemed to be even happier and more excited than Shao Hao's.

It was as if the person who had succeeded was him.

Shao Hao's eyes narrowed, and his lips curled into a cruel smile. "Golden-eyed Langjun, it's been hard on you and your father all these years. Why Don't you rest here?"

They knew too many of their own secrets.

Now, their value had been completely squeezed dry.

What was the point of keeping them?

With a thought, he activated time deprivation.

With his current attainments in the time domain, would it be difficult for him to kill a weaker golden-eyed prince?

Of course not!

With a thought, the golden-eyed prince would be erased from the world.

However, what made Shao Hao's expression change drastically was that.

He realized that he could not activate his time domain.

It was the golden bloodline that had fused into his body that had suppressed his time domain.

His heart suddenly sank, and he felt a sense of panic as if he had stepped off a cliff.

He looked at the golden-eyed prince with difficulty.

However, he saw an unfathomable and strange smile on his face. "Emperor, are you surprised? Are you surprised?"

It really was him!

Shao Hao's heart sank, and he became more and more afraid.

He had been tricked!

He had been tricked by this blind man!

"What did you do to me?" Shao Hao tried to stand up.

However, his body was heavily injured and he didn't even have the strength to move.

"Hehe..." what Shao Hao couldn't believe was that the golden-eyed Langjun slowly opened his eyes.

A pair of golden eyes could be clearly seen in those eyes.

"Ah! You're Not Blind!" Shao Hao screamed.

The golden-eyed langjun laughed, "If I'm blind, how can I control my daughter's bloodline in your body?"

It was because of the connection between their bloodlines that the golden-eyed Langjun was able to control the golden bloodline in Shao Hao's body.

Through the Golden Bloodline, he was able to suppress all of Shao Hao's time domain bloodline.

"What are you doing? What do you want to Do to me?" Shao Hao had an extremely sinister feeling.

The little bug that he looked down on was actually an extremely well-disguised poisonous snake.

At the most critical moment, he gave him a vicious bite.

The golden-eyed Langjun smiled mysteriously. "Of course, to become the supreme ruler of time? No, the ruler of time and Space!"

He laughed sinisterly, and the golden light in his eyes reached its peak.

Shao Hao suddenly let out a heart-wrenching cry of pain.

The time bloodline in his body was wrapped up by the two golden bloodlines and rushed out of Shao Hao's body, fusing into the golden-eyed Langjun's body.

"Hahahahaha... My Ancestor's unfulfilled last wish, I, the golden-eyed Langjun, have finally completed it!" He threw his head back and laughed loudly.

The Heavenly Queen was the illegitimate child of the two rulers.

No matter which side it was, she wasn't recognized.

She was mercilessly abandoned, and only then did she become disheartened and flee to a small place like the outer realm.

As the descendant of a ruler, she also hoped that one day, she would be able to inherit the position of ruler.

But unfortunately, time didn't wait for her.

Even until her death, she didn't have the chance to return to an eight star civilization.

Instead, she was trapped by love and fell in the outer realm.

Her descendant, Golden Pupil Prince, relied on his own cunning and viciousness, and by chance, he actually succeeded in doing what the Heaven's legacy Empress regretted for the rest of her life!

He became the ruler of time in one fell swoop.

When the ruler of space fell, he would kill all the descendants of the ruler of space, steal their bloodline, and become the ruler of space.

In this way, he would become the first ruler of time and space since ancient times!

Shaohao couldn't accept this reality.

He had been working hard since he was born.

In the end, he became someone else's wedding dress when he was the closest to success.

"Old Thing, give it back to me!" Shaohao roared crazily.

He stretched out his hands with great difficulty, like an evil ghost that was about to return to hell. He wanted to pull the golden-eyed Langjun down with him.

The golden-eyed Langjun smiled contemptuously. "Emperor, go in peace. I will inherit everything you have!"

Chapter 2699 The Arrival Of The Saint Devil

He stomped on Shao Hao, destroying him in body and soul.

In the past, Shao Hao might have been able to use his time bloodline to reverse time.

But at this moment, there wasn't a trace of his time bloodline left.

It was impossible for him to recover.

He was really dead!

And he had died at the feet of a nobody that he didn't care about.

To a heaven's favorite and a time ruler, this was a great irony!

At this moment, golden-eyed Langjun couldn't help but burst into laughter again.

"The world, the world is mine!" Golden-eyed langjun almost went crazy.

His face was full of twisted madness.

It was as if a person who had been obsessed for years finally got what he wanted.

However, at this moment, a clicking sound echoed in the ruins without any warning.

"You Little Ant, do you think you're worthy of competing with me for the Light?"

Golden Pupil Langjun's expression froze.

He turned his head and saw a black-robed man standing behind him.

His facial features were ferocious, and he looked like a demon.

"You Are..."Golden Pupil Langjun pretended to ask, but he took the opportunity to turn around and use the terrifying time domain in his body to kill the black-robed man in front of him.

However, the black-robed man casually stretched out his hand and grabbed golden-eyed Langjun's wrist.

Then, endless demonic qi rushed into golden-eyed Langjun's body.

"Ah!"!

Golden-eyed langjun screamed in pain, just like Shao Hao before he died.

His body was quickly shattered by the terrifying demonic qi.

The time domain in his body was rushed out by the demonic qi before it completely merged with his body.

The black-robed man grabbed him.

"Hehe, the bloodline of the ruler of time and a portion of the bloodline of the ruler of space."The black-robed man was none other than a sacred demon.

He was none other than a sacred demon!

He was one of the four great protectors under ancient God Nine Netherworld.

Unwilling to be left alone, he stole the legacy left behind by ancient God Nine Netherworld's successor and became the Heavenly Dao master.

He had been hiding all this time.

He had been waiting for today!

In the end, he had succeeded.

He had obtained everything without bloodshed!

"No!"Golden-eyed langjun howled.

He was unwilling.

He had worked so hard for so many years and finally succeeded, but now, a mantis stalks the cicada and the Oriole follows!

He had taken everything that was within his grasp!

"Hehe, pitiful bug."The sacred demon grinned and did not kill him.

Instead, he tapped his forehead.

Immediately, the golden-eyed Langjun gradually stopped struggling and his eyes began to glaze over.

He was no longer as vicious and cunning as before.

What replaced him was confusion and obedience.

He had been transformed into a corpse clan member!

An ambitious man who was about to ascend to the heavens and become a king had been reduced to a corpse clan member just like that!

After obtaining the bloodline of the ruler of time, the Saint Devil laughed loudly.

"Only one more step!"The Saint Devil revealed a sinister smile.

Su Yu's heart skipped a beat, as if he had realized something.

He took a step forward and arrived above South Bright City.

What made him feel like his eyes were about to crack was that South Bright City had already fallen into the encirclement of the demon army.

The tunnel master that remained in the city was continuously being destroyed at a speed visible to the naked eye under the terrifying combat strength of elder Devil.

The only fortunate thing was that the Empress Hall had not been lost.

Under the protection of Chu, duo Mu, and Feng Ling, Qin Xian 'er and her daughter were safe and sound.

It was just that the demon race was turbulent and came so suddenly.

They could not withstand it for a moment and could only retreat in defeat.

Seeing that the Empress Hall was about to be lost,.

Su Yu rushed back in time and pressed down across the air.

The nine-colored light transformed into nine colored dragons and swept away.

In an instant, all the invading demons were wiped out.

Several demon elders were killed on the spot.

This scene scared the demons so much that they retreated frantically.

The demon sect master and Little Demon Master Xie Xiaoyue had shocked expressions.

"Mortal Sacred Physique?"

"It's actually a mortal sacred physique!"

Why would that already extinct physique still appear?

"Retreat!"The demon master made a prompt decision and immediately chose to retreat.

In front of the mortal embryo saint physique, they were just fragile puppets that would die with a single strike.

Only the little devil master Xie Xiaoyue looked at the mortal embryo Saint Physique in confusion.

Looking at him, Xie Xiaoyue felt like she saw Su Yu.

But why was Su Yu Here?

And how could he be a mortal embryo saint physique?

Until Su Yu's cold words came.

"Xie Xiaoyue!"

That voice was Su Yu!

However, before Xie Xiaoyue could say anything, Su Yu said coldly, "You harmed my wife and daughter while I was away! You really surprised me!"

He never thought that Xie Xiaoyue would make a move against Qin Xian 'er and Su Cai 'er.

Xie Xiaoyue was stunned. "I didn't, I..."

She had no idea who was in the Empress Hall.

She only knew that it was the person that Lord Saint Devil wanted to capture at all costs.

That person was actually Su Yu's wife and daughter!

Unfortunately, Su Yu did not wait for her to explain and quickly descended.

Seeing that the two of them were safe and sound, he heaved a sigh of relief.

If anything happened to them, it would be a mistake that he would never be able to make up for in his life.

His gaze focused and swept towards a certain place in the sky. "Saint Devil, Get Out Here!"

His voice contained a power that could shatter the heavens and earth.

A spatial explosion occurred as the Saint Devil fell out in a sorry state.

His eyes turned solemn as he spoke in a low voice, "Mortal body, my actions have nothing to do with you. Please move aside!"

He wanted to harm his wife and daughter, yet he said that it had nothing to do with him?

"Die!" Su Yu couldn't be bothered to waste his breath on the Saint Devil.

He transformed into a nine-colored beam of light and pressed down on the Saint Devil.

The entire sky turned into a nine-colored beam of light as it crashed down.

The Saint Devil looked up and his expression changed as he resisted.

However, under the pressure of the nine-colored light, the Saint Devil spat out blood. He could not withstand the attack from the mortal body.

His body was hit by a large amount of demonic qi, making him extremely weak.

Just one exchange had caused the saint devil to be heavily injured!

Su Yu turned into a sharp arrow and shot through the air.

Sou --

The nine-colored arrow instantly pierced through the sacred demon.

Its majestic body immediately shattered.

But it didn't die.

An elder of the demon race had the ability to evolve several times.

Let alone the sacred demon itself?

"First change of the sacred demon!" Its aura suddenly became magnificent.

It was the transformation that he had sacrificed a great price to use!

But it still couldn't block the attack of the mortal body.

Su Yu punched out and shattered his body again.

"Second transformation of the Saint Devil Realm!" The shattered body of the Saint Devil Realm became stronger again!

Su Yu narrowed his eyes. The nine-colored light on his body turned into flames and burned his body into black.

The second transformation of the Saint Devil Realm couldn't be shattered anymore.

"Third transformation of the Saint Devil Realm!" The scorched body of the Saint Devil realm was restored to its original state, and its aura became even more powerful.

Su Yu's nine-colored light couldn't even hurt him anymore.

The Sacred Demon's face was full of killing intent. "You forced me to lose 90% of my life. Are You Satisfied?"

He roared, and his eyes were full of hatred.

He had been dormant for countless years, and he finally got what he wanted.

However, he was forced by Su Yu to lose most of his life.

So what if he had the bloodline of the ruler of time?

He didn't have much life force to enjoy!

"I want you to die!"

The Saint Demon came with the sky-shaking demonic qi.

Chapter 2700 The Final Black Hand

HMPH!

Su Yu raised his hand and waved it, causing the nine dragons divine cauldron to fly out.

His palms slammed onto the nine dragons divine cauldron, activating it with his eight domains.

The eight flying dragons flew out at the same time, pushing the nine dragons divine cauldron to continuously rotate.

When the rotation reached a terrifying speed, the entire nine dragons divine cauldron was completely heated up.

At this moment, in the state of a mortal saintly being, the power of the nine dragons divine cauldron was definitely incomparable.

Sou --

The nine dragons divine cauldron spun to its limit and was flicked out by Su Yu's finger.

Boom --

The nine dragons divine cauldron turned into a remnant line and swept across.

Wherever it passed, the entire space and the defensive array formation outside were completely cut open.

The power of this attack was beyond its peak!

The Saint Devil swept over with shocking demonic qi and fought head-on with the nine dragons divine cauldron.

Bang --

The endless loud sound shook the entire southern part of the dream boundary.

All the worlds shattered into dust like phantoms.

Only South Bright City under their feet was still intact with the help of the third guardian.

The rest of the land was reduced to ruins, leaving only countless dust particles.

Cough --

The dust dispersed.

The Saint Devil revealed his true form, his body covered with incomparably hideous wounds.

His life force had reached an extremely weak state.

He didn't even need Su Yu to kill him, he wouldn't be able to live for long.

"I can't accept this! I've planned for tens of thousands of years, but I lost to the successor of the Nine Dragons Divine Cauldron!" The Saint Devil Roared.

He turned into an afterimage and pounced forward once again.

However, this time, his target wasn't Su Yu, but someone in the Empress Palace.

That person wasn't Qin Xian 'er, nor was it su Cai 'er.

It was Huangfu Yi!

"Give me the Heavenly Dao Eye of death. I can still fight!"

For some reason, the Saint Devil had an incomparable desire for the Heavenly Dao Eye of death.

This desire was even greater than the legacy of the third year.

Su Yu slapped out.

A nine-colored light descended, wanting to kill the Saint Devil.

But at this moment, the nine-colored light became extremely weak.

The nine-colored light on Su Yu's body also receded like the tide.

The oil lamp above his head became weak again.

The emperor's blood had already been burned to the point of exhaustion.

The mortal body could no longer hold on.

Su Yu roared in his heart, why now?

Even if he was given a bit more time, it would still be fine!

The sacred demon no longer tried to stop him. He grabbed at the air, and Huangfu Yi screamed in pain.

The Eye of death that he had been born with was forcefully taken away.

Holding the eye of death in his hand, the sacred demon's eyes revealed greed. "My Demon Race has the eye of death, and it can become a supreme demon emperor. Even if it can only live for a moment, it's enough!"

Demon emperors were legendary existences.

The sacred demon had once heard from ancient god Netherworld that a terrifying existence had been born in the previous era.

His name was Demon Emperor.

He was the ancestor of all demons!

In the previous era, he was only second to the nine sacred ancestors.

His battle strength might not necessarily be weaker than the sacred ancestor.

It was just that his luck wasn't very good.

When he fought with Ren Zu on the Sacred Mountain, he was taken away by the nine-tailed emperor with the Heavenly Dao Eye of death.

His life was permanently sealed in the Heavenly Dao Eye of death.

Countless descendants of demon emperors dreamed of obtaining the Heavenly Dao Eye of death.

They wanted to release the life of the Demon Emperor within.

If that was the case, the demon Emperor would be reborn with the descendants' bloodline and return to the world.

Originally, the Saint Demon wanted to obtain the eye of death from the Heavenly Dao.

He wanted to absorb the demon Emperor's life bit by bit and replace him.

However, after the battle with Su Yu, the mortal body saint physique, he had already injured his foundation.

It was impossible for him to realize his ambitions.

Therefore, he might as well use his own body to bring the demon emperor back to life.

He wanted to use the demon Emperor's hand to wipe out all the enemies in the world and fulfill his long-cherished wish.

"Hahahaha, mortal body, I want you to burn your bones and Scatter Your Ashes!" The saint demon was filled with resentment.

He pressed the Heavenly Dao Eye of death into his eye socket.

As long as the Heavenly Dao Eye of death fused with his bloodline, he would be able to successfully release the life sealed by the Demon Emperor.

At that time, the demon Emperor would descend upon the world.

However, at this moment!

The Saint Devil's palm was frozen in front of his eyes, unable to move.

No, it wasn't that he couldn't move.

It was that his body was frozen in time.

The Saint Devil was a Heavenly Dao sovereign, and there was only one person in the entire eight-star civilization who could freeze him!

The ruler of time! !

"Hehe..."a hoarse smile slowly sounded.

"A rat that has been hiding for tens of thousands of years finally revealed its head in front of food..."

Behind the Saint Devil, an old man with his hands behind his back appeared out of nowhere.

He looked exceptionally old, and his entire body was filled with the aura of death.

To be precise, he did not have the aura of a living person.

It was as if he was a dead creature.

Seeing him, Su Yu's heart skipped a beat, and he could not help but beat wildly.

Wasn't this the old man who helped him refine the essence of time in his hair back then?

The other party even gave him a wooden box.

He said that if one day he gave the wooden box to its owner, the essence of time in his hair would be unlocked and Su Yu could absorb it.

Many years had passed.

Su Yu had almost forgotten about him.

He did not expect that he would appear at the last moment.

Moreover, his identity was unexpected.

The ruler of time!

A ruler who should have died!

He actually didn't die!

The ruler of Time's finger gently tapped on the Sacred Devil's back.

The Heavenly Dao master's body was like a piece of wood waving his sleeve, constantly drifting away with the wind.

Only the Heavenly Dao Eye of death and all the bloodline of the descendants of the ruler of time were left.

The ruler of time tried to catch the two objects.

But strangely, his hand seemed to be transparent, unable to hold the two objects.

When Su Yu saw this, he felt relieved.

The ruler of time cultivated a secret technique.

Other than the original body, there were also future incarnations and past incarnations.

The person in front of him was the future incarnation.

He was in the future space-time, so naturally, he was unable to hold everything in the present space-time.

Everyone held their breaths, especially the demons.

They couldn't believe what they were seeing.

Their sacred demon had died just like that.

And it had died at the hands of an old enemy that had existed for countless years.

From the very beginning, the time ruler had been waiting for this moment, waiting to personally kill the sacred demon.

After killing the sacred demon, the time ruler's old head gently turned to look at Su Yu.

"Successor of ancient God Nine Dragons, long time no see."

Su Yu's heart pounded wildly, his heart palpitating.

He didn't think that the time ruler would treat a descendant of ancient god Nine Dragons with any kindness.

For a moment, the entire world fell silent.

No one had expected this.

What would appear in the end would actually be the time ruler's only remaining future incarnation!

Su Yu narrowed his eyes. "It has indeed been a long time! You are the one hiding the deepest in this scheme."

The Master of time smiled hoarsely. "You flatter me."

"I am only able to reach the future because I have control over time. I can see further and see more."
