

Nine-Dragon 2701

Chapter 2701 Final Showdown

"Unlike You, who can predict everything in the future just by calculating."

"I should be admiring you."

At this moment, Su Yu wasn't happy at all.

He would rather not accept such a compliment.

"Then, it's time to end this after so many years of planning,"the ruler of time said calmly.

The bloodline of the ruler of time on the ground suddenly began to wriggle.

He began to condense into a young human form.

That human form was none other than the form of the ruler of time when he was young.

"All we need is a descendant's body. Unfortunately, we originally planned to use Shaohao as a vessel,"the ruler of time said hoarsely.

From the very beginning, the ruler of time had never thought of giving up his position.

All he wanted was to be immortal.

He wanted to use all of his bloodline to be reborn in Shaohao's body.

However, the situation had slightly changed.

"Let's deal with ancient god Netherworld first,"the ruler of time said with a faint smile.

He turned his gaze to Qin Xian 'er.

Chu, Muyan, and Fengling's expressions changed, and they immediately stood by Qin Xian 'er's side to protect her.

The ruler of time shook his head. "It's useless. I've seen this scene a long time ago. Any resistance from you will be in vain."

His palm slowly reached out.

Pitch-black divine flames immediately surged out of Chu San's body.

They were the divine flames of the Netherworld, the legacy of the ancient god of the Netherworld that had been sealed in their bodies.

At this moment, they were all grabbed out by the ruler of time.

With a hook of his finger, the three balls of divine flames condensed into a purplish-black bead that floated to the ground.

However, the ruler of time did not stop.

He continued to grasp!

The ancient God Nine Netherworld bloodline in Qin Xian 'er's body was slowly pulled out of her body.

"As long as I destroy the last trace of ancient God Nine Netherworld's bloodline remaining in this world, she will never be able to revive again."

At the same time, su Cai 'er, who was beside her, was also pulled out.

Traces of an unusual bloodline were pulled out of her body.

"You also have a weak ancient god Nine Netherworld bloodline. HMM, and a seed of the eight great domains."

Su Cai'er revealed a pained expression as she clutched her throat, feeling as if she was about to suffocate.

However, the world was vast.

Who could save her and her mother?

Everything was so insignificant in front of the ruler of time.

However, right at this moment!

The nine-colored light that had clearly vanished suddenly soared into the sky once more, transforming the entire world into nine-colored light.

The Lord of Time's old body trembled, and he turned his head to look in disbelief.

He saw the oil lamp above Su Yu's head light up again, and his entire body released an incomparably resplendent nine-colored light.

"You..."the lord of time couldn't believe it.

He came from the future, so why didn't he see this scene?

No!

It shouldn't be like this!

Su Yu's son of heaven blood had clearly been used up!

At this moment, Su Yu's face was filled with an unfathomable expression. "You must be very surprised. Why do I still have the Emperor's blood?"

"Because from the start, I didn't have four drops on me!"

He still had half a drop!

That half drop had been snatched from the carefree emperor's severed arm.

He had always hidden it. Even when the Saint Devil was about to turn into the Devil Emperor, he had never used it.

Because he knew very well.

There was another person who could not be hidden.

The time ruler!

Su Yu himself had cultivated the time incarnation. Did he not understand that if his original body died, his incarnation might not necessarily die in the future?

Therefore, this half drop of the son of Heaven Blood.

He had been keeping it all this time until the time ruler, who could not be hidden, showed up!

"Nine dragons divine cauldron!" Su Yu activated the nine dragons divine cauldron and turned into a remnant line that shot away.

The ruler of time immediately put down Qin Xian 'er and the others and used his time domain.

"Freeze!"

However, the nine dragons divine cauldron froze for an instant.

However, the eight great domains that burst out from his body forcefully broke through the time freeze.

Boom --

The nine dragons divine cauldron crashed into the ruler of Time's chest.

Pu --

Someone as strong as him couldn't help but spit out a mouthful of the ruler's blood under the attack of the nine dragons divine cauldron that was personally activated by the mortal embryo Saint Body.

However, this wasn't enough to harm the ruler of Time's foundation.

He stared at Su Yu through the air. "Time invasion!"

The nine-colored light on Su Yu's body immediately dimmed at a speed visible to the naked eye.

The river of time forcefully brought him back to the state of an ordinary person.

"HMPH!" Su Yu formed a seal with his hands and shouted in a low voice, "Future incarnation!"

Another nine-colored figure slowly appeared, shaking the sky and earth.

Instantly, two nine-colored suns appeared in the sky.

"You also learned my time incarnation?" The lord of Time's eyelids twitched.

Su Yu said calmly, "What do you think?"

His true body activated the nine dragons cauldron, and his future incarnation activated the eight great domain cauldrons.

Two mortal sacred bodies!

Two Matchless Divine Cauldrons!

They crashed together!

The ruler of time turned pale with fright. He rolled up his sleeves and roared, "River of time!"

With a loud roar, he forcefully summoned the river of time to descend.

Su Yu and his clone, including himself, were dragged into the river of time.

This did not represent the river of time in the past.

It represented the river of time in the future!

Only in this place would his strength be slightly closer to his true body.

As expected, once he entered the river of time, his strength skyrocketed.

He used both hands to capture the nine dragons divine cauldron and the eight great domain cauldrons!

The two sides were in a stalemate, and a shocking battle broke out in the river of time.

"Ancient God Nine Dragons'descendant, you can't do anything to me,"the time ruler said hoarsely.
"In the future, I'm Immortal!"

Su Yu coldly said, "Is that so? I think you'll die even more thoroughly!"

In the real world, it was impossible to kill an incarnation of the future.

Only in the future would one be able to completely destroy the body he had hidden in the river of the future.

Shua --

In each of his palms was a giant door.

On one side was a door of black feathers, and on the other side was a door of white feathers.

The door was covered in dense ancient god power of the Netherworld realm.

Countless fragments of the netherworld ancient god domain remained.

But in this netherworld ancient God Domain, ancient god Netherworld had set up two doors to seal it.

From ancient times until now, no one had opened them at the same time.

Only today!

"Netherworld World Realm, appear!"Su Yu opened the two doors at the same time.

He merged the two doors into one.

Instantly, an aura of the Netherworld realm swept out.

The two doors creaked under the pressure.

It was as if something was trying to force its way out.

Finally, the indestructible door shattered with a loud bang.

A boundless Netherworld realm suddenly appeared.

Boom

The world of nine Netherworld pressed down, pressing down on the ruler of time.

In addition, the world of nine Netherworld emitted boundless jade-green flames that roasted the ruler of time.

"Arghhh!" Miserable howls echoed throughout the river of time!

This was the true purpose of the world ancient god Nine Netherworld had left behind.

He hoped that his successor would one day control this world and resist the ruler of time.

"I am the ruler of time, an existence that controls time. I will never die in time!" The ruler of time roared.

He had actually lifted up the Netherworld realm!

Chapter 2702 Owner Of The Wooden Box

The eyes of the two Su Yus lit up at the same time.

"Suppress!"

Both of them stepped on a cauldron and stomped on it.

The Netherworld realm that had been lifted up suddenly sank down and suppressed the ruler of time once more.

Jade-green flames burned the ruler of time bit by bit.

They burned his body until it was transparent.

That was the sign of his gradual death.

Only in the long river of time could he completely destroy his future incarnation.

The ruler of time could only struggle and could not resist at all.

In the time it takes for an incense stick to burn, he could completely wipe out the future incarnation of the ruler of time.

However, the ruler of time could not escape. Not only did he not feel despair, he even revealed a sinister smile.

"Su Yu, to be honest, you really surprised me!"

In the future that he had seen, Su Yu had been easily killed by him.

However, the future had been completely changed because Su Yu had hidden half a drop of the son of Heaven's blood.

"However, if you think that you've already won, then you're Dreaming!"

Hearing this, the two Su Yu's expressions changed at the same time.

Their minds spun rapidly, thinking about all the dangers that they had missed.

Shao Hao was already dead.

The Sacred Devil had also been destroyed.

The people and things that could threaten them did not exist at all.

Suddenly!

The two of them thought of a possibility at the same time.

There was indeed no one that could threaten Su Yu at the moment.

However, he still had a weakness, a fatal weakness!

Qin Xian 'er and Su Cai 'er!

"Xian 'er, cai 'er, be careful!"The two Su Yu roared at the same time.

The roar pierced through space-time and arrived above South Bright City.

When Qin Xian 'er and Su Cai 'er heard this, their expressions changed drastically.

"Father is reminding us that there is danger nearby!"Su Cai 'er said with narrowed eyes.

Chu, duo Mu, and Feng Ling immediately surrounded Qin Xian 'er and Su Cai 'er and looked around vigilantly.

At this moment, Luo xueyi also rushed over and protected the fourth direction.

Her beautiful eyes were filled with vigilance.

Danger, where was the danger?

Was it referring to the remaining demons?

Just as she was thinking, Luo Xueyi's vision suddenly turned black.

Her body actually started to not listen to her commands, and her consciousness was also forcefully sleeping.

"Daoist red dust, what are you doing?"Luo xueyi came to her senses. It was Daoist red dust who was snatching control of her body.

Red Dust Daoist master's soul had an unfathomable expression as he said with a faint smile, "I'm fulfilling my promise to you and helping you get Su Yu's heart."

"What are you trying to do?"Luo xueyi had a bad feeling.

The Heart Red Dust Daoist master was referring to might not be Su Yu's heart of love.

"Hehe, sleep peacefully. When you wake up, you'll get what you want."

Luo xueyi's vision turned completely dark as she lost all control over her body.

Luo xueyi's body was suffused with a trace of red light.

Qin Xian 'er's senses were the sharpest as she immediately sensed the appearance of Daoist master red dust in Luo Xueyi's body.

Her heart skipped a beat.

Could it be that the danger that Su Yu mentioned was Daoist Master Red Dust?

Without any time to think, she grabbed Su Cai'er's shoulder and wanted to protect her in her embrace.

However, she was still too late.

Daoist master Hong Chen hooked his finger lightly and pulled Su Cai'er into his arms.

Then, he slowly grabbed Su Cai'er's neck.

As his five fingers exerted force, cracking sounds were heard. Su Cai'er also revealed a pained expression.

She struggled with both her hands, trying to move Daoist master Hong Chen's hands away. However, the latter's hands were like iron pincers, making her unable to move.

Qin Xian 'ER's face was as cold as ice. "Daoist Master Hong Chen, let go of my daughter!"

She had never thought that Daoist master Hong Chen, who resided in Luo Xueyi's body all year round, would actually lay his hands on her and her daughter.

If she had not reacted in time, perhaps she would have become a hostage in his hands.

The corners of Daoist master Hong Chen's mouth curled into an intriguing smile. "Mother and daughter really have deep feelings for each other. I wonder if father and daughter also have deep feelings for each other?"

She felt a little regretful. "I remember that the relationship between the two of you is not good."

Actually, she wanted to capture Qin Xian 'er, not su Cai 'er.

Su Yu had deep feelings for Qin Xian 'er.

But Su Cai 'er..

To be exact, su Cai 'er had never truly accepted Su Yu as her father.

The relationship between the two of them was very delicate.

However, since she had only captured su Cai 'er, then she should give it a try.

"Su Yu! Take a look at your daughter." Daoist master red dust said to the river of time.

In the river of time.

Upon hearing this, the ruler of time knew that the matter was over.

He flicked his sleeve and the river of time dissipated.

He and the two Su Yu returned to the current space-time at the same time.

Looking at the scene before them, the two Su Yu's eyes revealed killing intent at the same time.

"Daoist Master Red Dust!"

The two of them said in unison. They were both surprised and shocked.

Daoist red dust tightened his grip on Su Cai'er's neck and said with a faint smile, "Being threatened by two mortal sacred bodies is so scary."

Su Yu asked in a deep voice, "Why are you doing this?"

If Daoist red dust wanted to harm Qin Xian 'er and Su Cai'er, he would have done it many years ago.

Why did he wait until today?

He glanced at the time ruler from the corner of his eye.

Daoist master red dust's other hand twirled a strand of black hair around his chest. "Of course, the time ruler can give me something you can't!"

It was indeed the time ruler!

Back then, Luo Xueyi had been captured by the time ruler and brought to the time wilderness.

It was during that period of time that they completed a certain agreement.

The agreement was that Daoist Master Red Dust would make a move at a critical moment and capture Qin Xian 'er and Su Cai 'er.

In return, the ruler of time would help Daoist master red dust survive the apocalypse safely.

"Hehehe!"The ruler of time lifted up the nine remoteness world and threw it away, then escaped from the trap easily.

His entire body was weak.

But the good thing was that he finally made Su Yu refrain from taking action.

"Let go of my daughter!"Su Yu said in a serious tone.

At this moment, he even wanted to tear Daoist master red dust into pieces!

The ruler of time chuckled. His laughter was filled with savagery. "Do you still remember that I once gave you a wooden box? Why Don't you take it out and have a look?"

Su Yu's eyes narrowed as he took it out.

Rays of light flickered on the wooden box.

"What do you mean?"He remembered that the ruler of time had said this when he had given it to him.

The wooden box was meant to be given to another person.

However, the ruler of time didn't specify who it was meant for.

He only said that the wooden box would react if it met someone who needed it.

Now, the wooden box was glowing. Could it be that the wooden box was meant for the ruler of time himself?

"Of course, the wooden box met someone who needed it."The ruler of time laughed hoarsely.

His gaze turned to Daoist master red dust behind him.

The wooden box was given to her?

"And then?"Su Yu narrowed her eyes. He had inspected the wooden box and confirmed that it was very ordinary and had nothing special about it.

The ruler of time placed his hands behind his back and said in an unfathomable manner, "There is still one thing missing from the wooden box."

"I hope that you can put that thing inside and give it to Daoist Master Red Dust."

Time Masters were unable to touch things in the real world.

He could only let Daoist master red dust hold it for him.

"What Thing?" Su Yu was silent for a long time before he slowly asked.

He had already guessed what the thing inside was.

It was the first watch of the day.

Chapter 2703 Sunset

The one who answered was red dust Daoist master.

Heart?

Su Yu's heart skipped a beat.

He could lose his heart.

Because he could still use his life domain to reconstruct it.

He could even use resurrection to complete a sliver of rebirth.

Red Dust Daoist master took out a rainbow colored dagger and introduced it playfully, "This is the dagger refined from stone fetus son of Heaven's corpse

"The person killed with it will be the eternal sinkhole."

Sinkhole..

Others might not understand, but Su Yu understood it better than anyone else.

Death was not the end of life.

Because the dead could be resurrected.

They could either use the life domain to resurrect them as living beings.

Or they could use special methods to resurrect them as corpse clansmen.

But the sinkhole meant eternal disappearance.

Once he returned to the sinkhole, he would not be able to resurrect into a living being, much less a corpse race.

In a sense, the sinkhole was the true death.

Su Yu's resurrection was no longer of any use.

Clang --

Red Dust Daoist master threw the dagger over and said, "Dig out your heart and put it in the wooden box."

Once he used this dagger to dig it out,.

Su Yu would truly die.

There would be no turning back.

In fact, Daoist master red dust wasn't sure if he could succeed.
He didn't know if Su Yu was more important to his daughter than Qin Xian 'er.
Su Cai 'er stared at Su Yu from afar.
A cold feeling flashed through her heart. She felt that her life should end here.
The relationship between her and Su Yu was shallow and had no foundation.
The lack of ten years of childhood meant that there was an unbridgeable gap between them.
It was difficult for her to see Su Yu as her biological father.
Presumably, it was also difficult for Su Yu to see her as his daughter.
With this thought in her mind, what made her body tremble was that Su Yu picked up the dagger on the ground.
Without a trace of hesitation.
It was as if everything should be taken for granted.
Qin Xian 'er grabbed Su Yu's arm and said with tears all over her face, "No."
Having been with Su Yu for many years, she had already seen through his eyes and understood his heart.
He wanted to save Su Cai'er.
Su Yu held the dagger in his hand and looked up at the sky with a long sigh.

He was like a soldier who had fought on the battlefield for many years, standing on the desolate land and releasing a heavy burden.
"You have won!"
He said slowly.
At this moment, Su Yu, who had never admitted defeat.
For the first time in his life, he admitted defeat.
Because they held something more precious than Su Yu's life in their hands.
Su Cai'er!
She was the only child between him and Qin Xian 'er.
She was the child that he had to give all his care and protection to.
Life was precious.
How could it be better than a child?
"I can give you my heart, but promise me that you will let her go, let Qin Xian 'er go, and let everyone here go."
Daoist master red dust's eyes lit up and said, "Of course, it doesn't matter if they die or Not!"

Su Yu's gaze was sharp as she said, "You have been by my side for many years, so you should understand what I mean. Don't play with words for me."

She didn't answer directly at all.

This didn't even count as an oath.

Daoist master red dust's gaze focused as she said, "Alright, I swear that I'll never take their lives!"

Su Yu shook her head and slowly put down the dagger. The nine-colored light around her body shone brightly once again.

"You don't intend to let them go," Su Yu said coldly.

She could choose not to take them, but couldn't she order others to take them?

Daoist master red dust had been playing with words all along, trying to deceive Su Yu.

It was clear that she had no intention of letting them go.

If that was the case, what was the value of Su Yu's death?

If he died, not only would su cai'er die, but Qin Xian 'er would die as well.

Daoist master Red Dust's expression was flustered as he tightened his grip on Su Cai'er's neck.

She was secretly furious. It was too tiring to play with a smart person like Su Yu.

All her plans were within the other party's expectations.

The Master of Time said in a deep voice, "Alright, I will swear that as long as you are willing to die, I will never hurt, imprison, or threaten them. From now on, wherever they are, I will avoid them."

"The effective scope of this oath includes myself as well as everyone who has a direct or indirect connection with me."

This oath turned into a wave that went straight to the depths of the nine heavens and reached the existence of the underworld.

Only then did Su Yu hold the dagger tightly again.

With this oath, Qin Xian 'er and the others were temporarily safe.

"Do it. Use your death to return your daughter's new life!" said the ruler of time.

Su Yu raised the dagger again and pressed it against his chest.

This stab was the eternal return to the ultimate.

Two hundred years.

The dream of the past.

The lovers of the past.

The Beauties of the past.

All of them would turn into bubbles. They would become extinguished candles in the darkness.

They would become a sigh that could not be held back by life.

"Father! Let Me Die." Su Cai'er cried.

"I also want to live, but I want to see Mother Smile and live."

"If you die, there won't be a trace of a smile on mother's face."

Su Cai'er looked at Su Yu and said in relief, "I'm not a good daughter. Father doesn't have to do so much for me. I Won't hate you, I Won't Blame You, I Won't Blame You, I Won't blame you. I really won't."

Su Yu didn't say anything. He just looked at Su Cai'er deeply.

He pressed his palm lightly and the dagger stabbed into his heart.

His chest immediately turned gray and turned into a stone.

"Father! Stop, Stop!" Su Cai'er's pupils contracted as she screamed.

Su Yu did not stop. The dagger stabbed into his chest bit by bit.

His face carried an apologetic look and the maturity of a father.

"Silly child, as a parent, how can you let your children die for You?"

The only love in the world without any reason was family love.

Parents could sacrifice everything for their children.

Including themselves.

They didn't ask for anything in return.

This was the greatness of family love. It surpassed the chain of interests, the fetters of value, and the rules of the world.

"I'm not a qualified father, but I've always wanted to be a good father."

The dagger pierced another inch.

Su Yu's entire chest was petrified.

That was because of the dagger.

The dagger was taken from the corpse of the stone fetus son of heaven. Once it killed someone, it would cause them to be petrified.

"Cai'er, I'm sorry that I wasn't able to accompany you forever... From now on, live a good life with your mother."

"Don't take revenge. Just be safe."

Puchi --

The dagger turned and gouged out his heart.

Su Yu held the blood-red heart in his hand and placed it into the wooden box.

Daoist master red dust swept the wooden box across the air.

Her expression was calm as she laughed out loud, "I've finally got it!"

She had once made an oath with Luo xueyi when she had taken possession of it. She would definitely help her obtain Su Yu's heart.

Now, the oath had been fulfilled.

She had gotten what she wanted and was no longer bound by the oath. She could leave Luo Xueyi and roam the world.

She looked at Su Yu while laughing.

At this moment, Su Yu was not dead.

The oil lamp above his head was maintaining his last bit of life.

However, it was only a last bit.

"Hehe, quickly go and take one last look at your father!" Daoist master red dust let go of Su Cai'er.

The latter's eyes lost their focus and stumbled over.

Looking at Su Yu who had become a stone man with only his eyes still fluctuating, Su Cai'er could not accept the reality before her eyes.

A watch!

Chapter 2704 Walking With A Heavy Burden

Su Yu was clearly on the verge of victory. He was clearly in control of the entire situation.

But it was all because of her that he gave up so easily to obtain victory. He even gave up his own life.

The funny thing was that when she was kidnapped, she guessed that Su Yu would not sacrifice himself for her.

PA --

Su Cai'er gave herself a hard slap.

She finally understood what it meant to measure a gentleman's stomach with a villain's heart.

She thought that Su Yu would view her the same way she viewed Su Yu.

In the end, it was not the case.

"I don't want to live anymore!" Su Cai'er raised her hand and slapped her head.

However, she received a slap.

Qin Xian 'er's empty eyes were filled with extreme disappointment. "He sacrificed himself to save such a person like you? How long are you going to let him down?"

Was Su Yu sacrificing everything to make Su Cai'er commit suicide in shame?

No, he just wanted her to grow up and live on peacefully.

He didn't even want revenge.

As if she had been slapped awake, Su Cai'er stood in front of Su Yu's statue, crying.

"You can scold me, scold me ruthlessly," Su Cai'er cried bitterly.

She recalled how she had rebelled again and again.

She recalled how she had ignored time and time again.

She recalled how she had distanced herself time and time again.

Su Cai'er wished that she could use that dagger to cut open her chest.

She wanted to take a good look. Had her heart and lungs been eaten by a dog long ago?

Before they had even met.

Su Yu had helped her and selflessly saved her and her mother.

She should have understood Su Yu's heart, she should have understood his character, she should have understood the reason why Su Yu had disappeared for ten years.

But she had never let go of the ten years that he had been missing!

She kept torturing Su Yu with this point, making him feel guilty, making him feel that he had let her down.

Thinking about it now, she could not help but burst into tears.

What exactly was she?

Even if she had treated him as her initial savior, she should not have treated him like this.

Moreover, he was still her father.

At this moment, she hated herself to the core.

Childish and self-righteous!

In the end, she caused her father's death.

The oil lamp above Su Yu's head emitted wisps of green smoke.

It was a sign that it was about to go out.

Su Yu's eyes were filled with the last bit of fluctuation. He used his last bit of life to convey a comforting thought.

"Cai'er, don't... cry... I, Don't blame you..."

These were the last words Su Yu said to his daughter.

But Su Cai'er cried even more painfully.

She would rather Su Yu hate and blame her before he died, even if it was just to scold her.

That way, she would feel better.

But he didn't.

Instead, he used the last bit of his life to comfort her and not be sad!

"Father!" Su Cai'er pounced on him. This was the first time she took the initiative to hug Su Yu. This was the first time she felt that Su Yu was actually very far away from her.

Unfortunately, Su Yu's life had already withered.

The oil lamp above his head slowly dissipated and... collapsed.

A person's death was like the extinguishing of a lamp!

The human race, which had risen to power, had completely fallen just like that.

He did not die in the endless twists and turns.

He did not die at the hands of the mortal body of his mortal enemy.

Instead, he died in his daughter's arms.

The Sky suddenly started to rain.

That was red rain.

It was blood rain!

The ground suddenly trembled non-stop.

It was the trembling of crying.

It was the crying of the Earth.

The heavens wept blood, the Earth mourned.

The fall of the mortal body caused the heavens to weep and the earth to weep. It caused the entire world to cry.

He was the last mortal body in the world.

He represented the only hope of fighting against the sacred mountain and against fate.

However, in the end, he fell into a pool of blood before the end of the era.

"Ah! No, no!" Su Cai'er wailed, tears of regret flowing down her face. "I haven't even spoken to you properly! Don't go!"

But what responded to her was only the ice-cold stone statue.

There was no more Su Yu in this world.

There was no more mortal sacred body.

There was no more descendant of ancient god Nine Dragons.

The ruler of time raised his head to look at the sky. His face was covered in a rain of blood as he indifferently said, "Let's Go!"

Dao Master Hong Chen nodded. He came to the ground and tried to pick up the time ruler's bloodline, the Heavenly Dao Eye of death, and the nine nether ancient God's legacy.

However, a figure flew over.

He snatched the Heavenly Dao Eye of death first.

Dao Master Hong Chen fixed his eyes and saw that it was a descendant of a sacred demon, the young master of the demon sect, Xie Xiaoyue.

Her face was covered in blood.

But most of it was her own tears.

She held the Heavenly Dao Eye of death tightly in her hand and stared at Daoist master red dust with grief and hatred.

That gaze made Daoist master red dust's hair stand on end.

She forced herself to remain calm and shouted, "Put it down!"

Xie Xiaoyue's gaze was still filled with endless hatred, "I want you to die a horrible death! !"

She raised her head and swallowed the Heavenly Dao Eye of death.

The Time Dominator, who had just turned around, suddenly turned around. His expression changed drastically. "Time, Freeze!"

However, he was still one step too late!

A white mist seeped out of Xie Xiaoyue's body.

The Time Freeze that the time Dominator had personally cast couldn't affect her.

"Not good!" The time Dominator rushed over and pointed at Xie Xiaoyue's glabella. "Time deprivation!"

His tone was filled with anxiety and intense killing intent.

However, his finger had yet to come close.

A white mist swept out from Xie Xiaoyue's glabella.

The moment the ruler of Time's finger touched it, it was immediately shattered.

Hiss --

The ruler of time was in pain, but he still endured the intense pain and forcefully killed Xie Xiaoyue. "Destroy!"

Xie Xiaoyue's body was immediately robbed of all time and turned into a pile of ashes.

However, in that pile of ashes.

A jade-green pearl was constantly emitting an incomparably dazzling jade-green light.

A dense white mist surrounded the pearl and rapidly revolved around it.

A terrifying aura that caused the world to tremble and even the eight-star civilization to tremble slowly flowed out.

For a moment, the other seven sovereigns all had shocked expressions as they looked at the time domain.

An existence that surpassed them had appeared!

Daoist master red dust's heart trembled as she hid behind the time sovereign. "Sovereign, what happened?"

The time sovereign's expression was extremely unsightly, and she even felt despair.

"That girl has the bloodline of the Demon Emperor."

Daoist master red dust's pupils constricted.

Her heart seemed to be gripped by someone, making it impossible for her to breathe.

Her mind was filled with Xie Xiaoyue's eyes that were so venomous that they made one's blood run cold.

"Stop him quickly!" Red dust path master urged.

Her heart was thumping wildly, and it was beating more and more violently.

The time ruler shook his head in an incomparably grave manner: "It's already too late. Quickly run. The Demon Emperor has appeared. Even if the eight rulers joined forces, they would not be able to suppress him. Furthermore, my true body has already been destroyed. I am only left with my future incarnation."

The Demon Emperor was an existence below the nine sacred ancestors of the previous era.

In this world, apart from the nine sacred ancestors, no one could contend against him.

After saying this, the time ruler grabbed Dao Master Hong Chen and broke through everything to escape.

He didn't even care about the time ruler bloodline and the ancient god Legacy on the ground.

The Heavenly Dao Eye of death spun more and more violently, and more and more white mist appeared.

Chapter 2705 The Demon Emperor Returns

Finally, the white fog began to spin rapidly.

The Heavenly Dao Eye of death suddenly let out a crack.

A crack appeared.

"Hehehe, hehehehehehehe..." a demonic aura shook the world as it swept out from the Heavenly Dao Eye of death.

"This demon Emperor has finally come out!"

In an instant, the entire eight-star civilization began to tremble.

The seven overlords' eyelids twitched, and their faces were filled with shock.

It was as if the end of the world had arrived.

The Sky, the entire sky of the eight-star civilization, darkened.

A black mass enveloped all living beings.

The Sun and Moon vanished!

The stars were no longer there!

Only the terrifying darkness that had sunk forever remained.

Weng --

Suddenly, two blood moons appeared above the pitch-black heavens and earth.

Two blood moons shone upon the eight-star civilization.

The blood moons swept in all directions and covered the entire eight-star civilization like a bloody hell.

However, it wasn't the Moon.

It was the eyes!

They were the two eyes of the Demon Emperor!

His majestic body spanned across the universe and stepped on the eight-star civilization.

A huge projection covered the sky and covered the Sun, moon, and stars, causing the world to sink into darkness.

"The land of the sacred ancestors is occupied by insects. How Sad!"

The Demon Emperor Sighed.

The Darkness Shook and the sun and moon shattered.

The seven sovereigns' bloodlines exploded and their domains were released uncontrollably.

At this moment, demonic might enveloped the world.

It caused all living beings to crawl.

"Sigh! After the new era, the sacred ancestor died. Who Can Fight Me?"

As soon as he said this, the sky and earth turned dark.

The Devil Emperor's imposing figure disappeared.

However, that heavy pressure still existed.

Time Domain.

South of the dream boundary.

In the sky above South Bright City.

A 30,000 meter tall skeleton throne stood in the sky.

On the throne, the skeletons all opened their mouths and let out disturbing noises.

There were countless of them.

A 30,000 meter tall giant sat on the throne.

He tilted his body and looked down at the world with an unrestrained attitude.

Under the gaze of a pair of blood-colored eyes, the world trembled.

Under his gaze, the demon race members all knelt down and shouted excitedly, "Welcome back, Demon Emperor!"

The Demon Emperor's eyes were indifferent.

He leaned on the throne, his left hand holding his chin and his right hand gently twirling his fingers.

Xie Xiaoyue's soul body appeared in front of him.

She knelt on one knee, and her soul began to glow, making her more and more transparent.

"Do you have any last wishes?"The Demon Emperor asked indifferently.

It was Xie Xiaoyue who had used her bloodline to open the Heavenly Dao Eye of death and released the Demon Emperor.

Now, Xie Xiaoyue's soul had been destroyed.

Xie Xiaoyue lowered her head, and there was only hatred in her eyes. "Kill that woman, kill that woman! Kill her! !"

This was a hatred that she would never forget even if she died.

It was all because of Daoist master Hong Chen.

She was the one who had caused Su Yu's death!

She had to die!

That woman had to die! !

"Is there anything else?"The Demon Emperor looked at her indifferently.

Xie Xiaoyue looked at Su Yu's stone statue, and the madness in her eyes faded. She said, "I beg the Demon Emperor to save him."

The two wills were finished.

The demon emperor slowly said, "I'll help you fulfill the first one."

He raised his eyes and swept across the four seas.

In an instant, the eight regions of the eight-star civilization trembled.

The ruler of time, who had already escaped from the time domain, suddenly spat out blood.

"Ah!"Daoist master red dust shrieked in her hand.

This was because a pitch-black demonic palm appeared behind her.

It had crossed space and time to grab her.

"Ah! Save Me! Hegemon, hurry up and save me!"

She let out a terrified scream as she wrapped her arms around the arm of the hegemon of time.

When she turned her head to look, the hegemon of time sucked in a cold breath.

"Let Go!"The hegemon of time trembled violently.

However, she was unable to shake the extremely terrified Dao Master Red Dust away.

The Demon Claw grabbed Daoist master red dust and dragged him toward the black world, dragging the ruler of time away as well.

His eyes flashed with viciousness.

With a vicious swipe of his hand, he chopped off both of Daoist Master Red Dust's arms. "Scram! Don't drag me down with you!"

"Ah! No, don't abandon me!"

"Ruler, you promised me that you would..."

The demon claw mercilessly dragged Daoist master red dust away.

The scene before him changed.

He found himself in front of a 30,000-meter tall skeleton throne.

There, a demon lord who looked down on the world with unparalleled demonic might was looking at him indifferently.

Being stared at by that eye, Daoist master red dust realized that he couldn't even move.

"How do you want her to die?" The Demon Emperor asked.

Xie Xiaoyue raised her head and looked over. Her eyes were filled with madness as she said sternly, "I want her to die a horrible death! !"

The Demon Emperor nodded slowly.

With a glance, Daoist master red dust was thrown onto her throne.

Instantly, Daoist master red dust was gnawed on by countless skeletons at the same time.

Her skin, flesh, bones, bit by bit, bit by bit, were all gnawed off by the skeletons.

She let out an extremely miserable scream.

It was as if she had been subjected to extreme torture in the human world.

After a long, long time, she was finally eaten alive. Not a single strand was left.

The demon emperor said indifferently, "The second wish."

He looked at Su Yu's stone statue and was silent for a moment.

"He has already returned to the ultimate. He can not be saved." The Demon Emperor shook his head.

What?

Xie Xiaoyue's eyes lost their focus. With a plop, she knelt on the ground and pleaded, "Demon Emperor, please think of a way to save him. I beg you, I beg you, I beg you to save him."

Tears rolled down from her soul.

It accelerated her death.

The Demon Emperor was silent for a long time before he said, "I can't help you with the second wish. I can help you reconstruct your body and give you the strength of the Heavenly Dao Master."

Heavenly Dao master.

That was the highest realm in the world.

It was a realm that countless mighty figures dreamed of but could not obtain.

Moreover, Xie Xiaoyue did not have to die.

Xie Xiaoyue cried and shook her head, "No! I don't want it. As long as the demon emperor can save him, I'm willing to die."

The Demon Emperor looked at Xie Xiaoyue and said slowly, "Is it worth it for a mortal?"

The Heavenly Dao master realm, compared to the lives of others, which was more important, was it difficult to choose?

Why was this descendant so irrational?

Xie Xiaoyue said with tears in her eyes, "In life, the sacrifice to some people is not measured by whether it is worth it or not, but whether they are willing or not."

"My answer to Su Yu is, yes!"

She kowtowed deeply, "I beg the Demon Emperor to grant my wish. I am willing to give up my entire life, I only beg him to open his eyes once."

The Demon Emperor was silent for a long time.

The World became silent, as if waiting for the demon Emperor's answer.

Finally, he slowly stood up from his throne and sighed, "The Heavenly Dao is heartless, there is love in the world. Alright, I will grant your wish."

His figure continued to shrink.

In the end, he returned to the size of a normal person and arrived in front of Su Yu's stone statue.

Looking at his missing chest, he said, "The stone fetus son of Heaven was killed by the fragments of his body. It should have been incurable, but his luck was very good."

The Demon Emperor grabbed at the air and forcefully took out an item from Su Yu's spatial storage.

"The heart is gone. I just need to mend it," the demon Emperor said indifferently.

Chapter 2706 The Heart Of The Emperor

"This object can be a heart!" The Demon Emperor remained indifferent.

His palm slowly opened, revealing a silver-white stone.

That stone was the fruit of the Indian silver bamboo that Su Yu had nurtured for many years.

After the outer shell of the fruit shattered, the stone fell out.

This stone was extremely heavy,

once it was placed down, it could crush any seven-star civilization.

Even now, Su Yu could not easily pick it up.

But the demon Emperor easily held it in his palm.

"The mirror flower emperor was shattered by Ren Zu and his body was split into four."The Demon Emperor said in reminiscence.

His eyes were filled with deep sorrow.

"If you obtained any part of the body, it would be useless, but you just happened to obtain a part of the heart."

The Demon Emperor revealed the true origin of the stone in the Indian silver bamboo fruit!

The heart of the Mirror Flower Emperor!

Back then, both the mirror flower emperor and the nine-tailed emperor had been shattered by Ren zu at the same time.

Before the nine-tailed emperor died, he used the eye of death of the Heavenly Dao to secretly steal the part of the Mirror Flower Emperor's heart.

And he hid it in the supreme breathing soil in his eyes.

However, Su Yu had accidentally planted the Indian silver bamboo in the nursery.

It absorbed the heart and condensed into the only fruit.

Su Yu had held this item for many years, but he still didn't know its function.

The Demon Emperor looked at Su Yu with a playful expression.

"The body of the mortal body and the heart of the stone embryo emperor. If the two merge, what kind of existence will be born?"The Demon Emperor said slowly.

The mortal body and the stone embryo emperor.

They were both supreme existences in the world.

One represented the common people.

The other represented the sacred mountain.

Both were opposing existences.

But now, they wanted to fuse the most important heart of the son of heaven into the chest of the mortal embryo Saint Body.

It was hard to say what would be born from this unprecedented creation.

Even the Devil Emperor had a trace of curiosity and anticipation.

As he spoke, the Devil Emperor injected the heart of the son of heaven into Su Yu's chest.

However, just as he put it in, the stone automatically slid out.

"As expected, the two can't fuse naturally,"the Devil Emperor said indifferently.

However, he didn't stop there.

Instead, he used his tyrannical devil might to forcefully place the heart of the son of heaven into Su Yu's chest.

Seeing that the emperor's heart was unwilling to fuse, the Devil Emperor used his own strength to set up a seal.

He forcefully sealed the emperor's heart into Su Yu's chest.

No matter how the stone continued to beat and resist, it couldn't escape.

After this stone was set up.

The ferocious wound on his chest actually began to fuse, wrapping the heart inside.

After that.

Dong Dong --

The faint sound of a heartbeat resounded in the silent air.

The heart of the son of heaven had successfully fused into Su Yu's body.

However, Su Yu's petrified body did not change.

He was just like a stone man with an empty heart.

"Demon Emperor, why hasn't he recovered?" Xie Xiaoyue asked.

The demon emperor said, "Heart, I have mended it for him, but his body is already dead and can not be mended."

What?

Xie Xiaoyue's heart that had just relaxed tightened once again.

Since that was the case, what was the point of the Devil Emperor placing the heart for him?

"Unless, someone is willing to sacrifice himself." The Devil Emperor looked at Xie Xiaoyue, then at Su Cai'er and Qin Xian'er.

Xie Xiaoyue bowed, "Devil Emperor, Please Guide Me."

The devil emperor said indifferently, "The injuries of the stone fetus son of heaven need to be treated with the blood of the mortal fetus Saint Body."

Mortal Fetus Saint Body?

Xie Xiaoyue's eyes were filled with despair.

The Mortal Fetus Saint Body in the world had long been extinct.

Perhaps Su Yu was the last mortal fetus Saint Body.

Where else could she find a second mortal fetus Saint Body?

"Mortal Fetus Saint Body, he still has one on him." The Demon Emperor grabbed at the air and forcefully took out the mortal fetus saint body that empress waning moon had obtained from Su Yu's spatial storage device.

Xie Xiaoyue was overjoyed.

Su Yu was saved.

However, the demon Emperor's next words sent a chill down his spine.

"However, the blood of a mortal body is the most dangerous bloodline in the world."The Demon Emperor's face was solemn.

"Smearing the blood of a mortal body all over the stone statue requires a person to be prepared to die."

Even the demon Emperor wasn't willing to touch the blood of the mortal body.

Because it would hurt anyone who touched it indiscriminately.

Even the Demon Emperor wasn't an exception.

"I'll do it. Use My life to save my father."Su Cai'er was like a person who had seen a chance to redeem herself.

As long as Su Yu could come back to life, she didn't care.

The Demon Emperor didn't pay attention to her. Instead, he used his powerful magic power to cut open the wrist of the mortal body.

Immediately, a stream of nine-colored blood flowed out from the wrist.

He distanced himself from her and asked indifferently, "Which one of You Is Coming?"

"Me!"Xie Xiaoyue was the closest and took the lead to catch the blood of the mortal sacred physique.

When Su Cai'er was about to approach, Xie Xiaoyue pushed her away.

She looked at Su Cai'er with relief in her eyes. "The life that your father sacrificed everything to save should not be destroyed so easily."

"But..."Su Cai'er bit her lips.

Xie Xiaoyue looked at Su Yu deeply and murmured, "No buts. I volunteered for everything."

Her finger was stained with the blood of the mortal body.

Her finger immediately burned.

The intense burning pain accelerated Xie Xiaoyue's soul.

However, her face was full of a happy smile.

"I'm the luckiest one to be able to get to know your father."Xie Xiaoyue smiled as she smeared the blood of the mortal embryo Saint Body on Su Yu's face.

After she smeared it, the petrified land immediately recovered and returned to normal.

She smeared it again and continued.

The destructive power of the mortal embryo Saint Body's blood caused her soul to continuously dissipate.

However, the smile on her face became more and more peaceful.

"I thought that I would muddle through my life until I met your father." Xie Xiaoyue seemed to be counting the most beautiful memories of her life.

"In the beginning, we were friends, but later, we became enemies."

"In the end, we became friends again."

More than half of Xie Xiaoyue's soul had already dissipated.

The Demon Emperor saw this and didn't stop her.

Xie Xiaoyue had already died when Xie Xiaoyue sacrificed her body and released him.

This was exactly what she said.

She was willing to pay for Su Yu.

Su Cai'er's eyes were misty as she said, "You should stop. This is what I should do."

Xie Xiaoyue was immersed in deep memories and could not extricate herself.

She said to herself, "Do you know why? Because of your father's character, we became friends again."

Su Cai'er listened. It was the first time she listened to the father that others described. It was the first time she imagined how extraordinary he was.

Xie Xiaoyue turned around and stared at Su Cai'er. She said gently, "You're really envied. You have such a father."

Her gaze passed through Su Cai'er and landed on Qin Xian 'er, who had a complicated expression in the distance.

"But the one I'm most jealous of has always been you."

From the first time he saw Qin Xian 'er, he knew that she was Su Yu's wife who had lost her memories.

From that moment on, he had been jealous.

He was jealous that Qin Xian 'er had Su Yu.

However, Su Yu only had Qin Xian 'er in his heart. No one else would be able to contain her anymore.

At this moment, Xie Xiaoyue had already covered Su Yu's entire body.

There was only one last wisp left.

She rolled up a wisp of mortal saintly being's blood. Her soul was already so transparent that it was almost invisible.

The fluorescence of her soul had completely dissipated.

She was about to die.

Chapter 2707 The Strange Place

"Why did you meet Su Yu First? Why?" Xie Xiaoyue's face was filled with a lingering loneliness and regret.

If... if she met Su Yu first...

Would it be another result?

"Thank you, I'm sorry." Qin Xian 'er lowered her head in shame.

Her heart was extremely complicated.

She should be the one to save her husband.

However, the one who was sacrificed was a woman who silently liked her husband.

She watched from the side.

At this moment, Qin Xian 'er felt ashamed of her inferiority. She had a complicated feeling of being inferior.

In the end, she was still a selfish woman.

She was so selfish that she only wanted to have Su Yu for herself. She was so selfish that she only wanted to live together with Su Yu.

Xie Xiaoyue smiled gently, and her smile became transparent.

"No need to thank me, no need to apologize. Take this as my blessing to all of you."

After saying that, her soul completely shattered.

Before she disappeared, Xie Xiaoyue finally said, "Please don't tell him. If I die for him, he will feel guilty for the rest of his life."

"Goodbye, Su Yu."

In the end, she gazed deeply at Su Yu who had returned to his human form, and the corner of her mouth curled up into a warm smile.

Then, it completely disappeared..

There was no longer Xie Xiaoyue in the world. There was no longer Xie Xiaoyue, who was sometimes calm and sometimes mischievous.

There was only that one sentence that I was willing to echo.

Qin Xian 'er covered her face and cried bitterly.

Su Cai'er also knelt on the ground. There was only endless self-blame and guilt in her heart.

Everything was because of her. It was all because of her.

The Demon Emperor was at a loss. He shook his head and said, "Asking what love is in the world, only teaching life and death is hard to guess..."

He walked away and said without turning his head, "Ten years later, he will wake up."

The saintly being, the heart of the son of heaven.

There was no one else who could fuse with it so easily.

Su Yu needed to sleep for ten years before he could break out of the cocoon and be reborn.

At this moment, Su Yu.

His consciousness that was supposed to dissipate actually gathered again.

He felt that everything before his eyes was pitch black.

"Am I dead or Alive?" Su Yu muttered.

This half-conscious, half-unconscious state made him unable to distinguish everything.

He did not know how much time had passed in such a muddled state.

In Su Yu's pitch black world, there was suddenly a faint blood-red light.

That faint light gave the endless world of darkness its only hope.

Following that, it was the second light.

The third ray.

The World of darkness was no longer monotonous. The coldness around him slowly faded.

There was an additional thread of warmth.

It was like being held in his mother's arms when he was young.

His consciousness had an additional thread of vitality.

Just like a dead ancient tree, a thread of vitality appeared.

He stared at the red light. His consciousness was filled with confusion.

"Warm and familiar..." Su Yu muttered.

He seemed to have seen that red light before.

But at this moment, his mind was in a state of chaos, as if all his memories from the past had been cut off.

Until the blood light grew more and more, expelling all the darkness.

Only then did Su Yu realize that he was actually lying in a coffin.

He suddenly stood up and looked around in shock.

He realized that there was an empty coffin beside him.

There was once a person lying inside.

But just like him, he suddenly woke up and left the coffin.

He stood up and looked at the blood-red vast land in confusion.

"Where am I? Am I Dead or Alive?" Su Yu vaguely felt that he should have already died.

But for some reason, he appeared in this strange world.

Suddenly.

Su Yu found that at the end of the vast world, there was an ancient door standing on the ground.

After thinking for a while, Su Yu stepped out of the coffin and stepped on the ground.

As soon as his feet landed on the ground, the ground began to tremble.

It was as if he was afraid.

Every step he took, the ground shook violently.

And he left a series of deep footprints.

But soon, those footprints turned into one heavenly script after another!

Su Yu was at a loss and came to the door, one deep and one shallow.

The door was exceptionally old and very ordinary.

It was like a wooden door that had been corroded by the wind and rain in an abandoned house.

He only needed to kick it hard and it would be shattered.

But Su Yu only had the strength to walk and he had no strength to kick it open.

He held the door handle and tried to push the door open.

But he did not succeed.

And there was nothing around him that he could borrow.

Su Yu's weak consciousness told him.

If he wanted to leave this world, he might have to open this strange door.

However, he didn't have any strength left.

At this moment, Su Yu suddenly realized that a rabbit in a hurry had suddenly rushed over from afar.

It was in a panic and didn't know where to go.

It accidentally knocked against the door.

Bang --

It was knocked unconscious on the spot.

Su Yu was stunned for a moment before he picked up the rabbit.

At this moment, he heard a gurgling sound alone.

Hunger?

Ever since he stepped into the martial arts world, he had not felt hunger for 200 years.

The long-lost feeling made Su Yu feel very fresh.

The rabbit in front of him also stimulated his appetite.

However, this rabbit ran here recklessly. It must have encountered danger.

He couldn't stay here for long.

He carried the rabbit and walked into the distance.

There was a small hill there, which was the only place he could hide.

He came to the bottom of the hill.

Su Yu looked at the rabbit in his hand. He didn't even have the strength to skin it.

Even if he did, he didn't have tools like a dagger.

He also didn't have any materials to make a fire.

However, his stomach was getting hungrier and hungrier. He looked at the rabbit in front of him and couldn't bear the hunger in his heart.

Just like a barbarian, he took a bite.

He initially thought that it would be difficult to bite through the rabbit's skin or that it would be filled with a fishy smell.

However, the strange thing was that he actually managed to bite off a piece of meat very easily.

There was no blood in the meat. Instead, it was filled with sparkling and fragrant pieces of meat.

After taking a bite, Su Yu felt his body become warmer and he faintly felt that his body had become more powerful.

He ate a few mouthfuls consecutively and completely destroyed the rabbit.

Instantly, Su Yu felt his body heat up and his body was filled with power.

One punch was equivalent to a martial artist among mortals.

He was about to go back and open the door.

Suddenly, three figures ran over from afar.

They carried bows and arrows on their backs and stood not far from the door, looking around.

"Where's the Rabbit?" The three people had blurry faces.

Even their voices were extremely blurry.

There was one person in the middle, and his body was in a blurry state.

The left half was a woman, and the right half was a man.

It was a strange creature that was a mixture of a man and a woman.

"Strange, the rabbit was chased by us and indeed came here. Why didn't we see a Shadow?"

"Uncle, quickly look at the ground. There are footprints." On the right, a person whose body was densely covered with spikes suddenly noticed something unusual.

The person in the middle looked towards the footprints and immediately said, "Let's go and see who dares to snatch our prey."

The three of them ran towards the footprints.

Su Yu was secretly observing. When he saw the situation, he felt a knot in his heart.

He immediately ran up the mountain.

However, this mountain was full of strange, bald trees. It was impossible to hide people.

Therefore, the three hunters who came to the foot of the mountain immediately noticed Su Yu.

"He is really alone!"The woman said in surprise.

"No, he is so complete,"the person on the left said in surprise.

Chapter 2708 City Of Memories

The person in the middle looked excited. "It's a perfect deva, it's a Deva! Hurry up and Chase It!"

He took the bow and arrow from his back and shot it at Su Yu.

Su Yu had just eaten the rabbit and his body was full of strength. He dodged with force and successfully dodged it.

The arrow hit the ground.

Poof --

Unexpectedly, the arrow actually hit half of the ground.

A crystal drop emerged from deep underground.

Su Yu was stunned.

Wasn't this the elite drop from the Rabbit's flesh?

Could it be?

While he was thinking, the Earth suddenly shook and the mountains shook!

Su Yu felt the sky falling rapidly and the ground collapsing rapidly.

No!

The hill under his feet was rising at an alarming speed.

Soon, he was standing ten thousand feet high in the sky.

A long, round body came into view.

On the ground, three figures screamed in fear, "Run, it's the Snake King!"

It turned out that the hill Su Yu was on was a huge snake's head.

At this moment, the snake's head was raised high as it stared coldly at the three figures.

It swooped down.

Boom --

The ground shook violently as the three figures were crushed into dust by the huge snake's head.

Su Yu was shocked and immediately hugged the dense hair on the snake.

Suddenly, Su Yu was stunned.

Why did the snake have hair?

Hiss --

Until a sharp hiss was heard.

He looked closely and realized that the hair he was hugging was actually bent.

The roots of the hair came out from the ground, revealing the ferocious snake's head.

Moreover, he was not the only one.

The other trees were the same.

It turned out that those weren't hair at all.

Instead, they were snakes. Their bodies were stuck inside the body of the Snake King.

At this moment, they were awakened by Su Yu's existence. They all revealed their true forms and surrounded him.

Each of the snakes was thicker than Su Yu.

Su Yu wasn't enough to divide hundreds of snakes.

Fortunately, they had just revealed their true forms, so their movements were very slow.

Taking the opportunity, Su Yu stepped on their bodies and ran down the mountain.

Before the giant snake started to swim, he jumped off its body.

The Snake King did not notice anything and swam forward.

With just a light swim, it instantly left Su Yu's sight and disappeared without a trace.

Su Yu was left with a lingering fear.

"Where am I?" Su Yu was at a loss.

Why was everything he saw so absurd and bizarre?

He looked at the three figures that had been reduced to meat paste on the ground.

He picked up the bow and arrow of the person in the middle.

He looked carefully at the bow and saw that there were three words carved on it.

"Heavenly Bow!"

Su Yu's eyes were filled with confusion. "Heavenly Bow? Seems Familiar."

He seemed to have met it somewhere before.

However, having a bow and arrow was still a good thing.

It was easier to hunt small animals.

After a short period of activity just now, he realized that his stomach was hungry again.

"Where should I go?" Su Yu looked around and finally chose the opposite direction of the Snake King.

He did not want to meet the Snake King, or it would be very dangerous.

Just like that, he walked aimlessly.

Occasionally, he would meet some rabbits, pheasants, and other small animals, and he killed them all with a single bow.

However, they couldn't completely fill their stomachs.

They would be hungry soon.

As time passed, Su Yu didn't know how far he had walked.

He was so hungry that he was exhausted, and his eyes were dizzy.

At the end of his line of sight, a city actually appeared.

His spirit was shaken and he immediately came to the city gate.

He saw a few complete words written on the board of the city gate.

"True Dragon City," Su Yu muttered and felt that it was also familiar.

It was as if he had seen it somewhere before.

Standing at the city gate and looking inside, there were people with blurry faces and strange shapes.

Their skin color was dim, like gray and white.

Moreover, all of them were wearing the same white clothes.

It was as if someone had died and the entire city was wearing mourning clothes.

It gave people a creepy feeling.

He hesitated for a moment and decided to enter the city to see if he could find food.

But just as he was about to enter, his wrist tightened.

He turned around and saw a beautiful girl in a red dress pulling him back.

The girl was very beautiful.

She was like a fairy with a face that made people go crazy.

She shook her head and said in a low voice, "That's a place that eats people. Don't go in!"

The originally Noisy True Dragon City suddenly became dead silent as if they heard her voice.

Yes, dead silent!

It was as if all the voices were cut off by a sharp sword.

The crowd in the city all stopped.

Their heads turned around bit by bit, looking at Su Yu and the red-dressed girl at the city gate.

Then, they all let out shrill screams and rushed out.

"Run!"The girl pulled Su Yu and ran away quickly.

She was very strong, carrying Su Yu as if she was carrying a bag of cotton.

In addition, she ran very fast.

The Arrows shot at her from behind were actually not as fast as her!

Within a few breaths, the city in her line of sight quickly disappeared. In the end, she could not see anything at all.

However, she could still hear the sounds of excitement and the chilling shrieks.

After running for a long time, the red-dressed girl finally stopped.

She panted as she wiped her cold sweat and took out two red peonies.

She ate one and gave one to Su Yu.

After Su Yu ate it, he suddenly felt his body warm and his hunger completely disappeared.

At the same time, his body was filled with great strength.

He had a feeling that he could lift a small mountain.

"Who are you?"Su Yu looked at the girl in front of him.

She was the only person who could see her real face and her body was normal after coming to this world.

"Me?"The girl looked at Su Yu and smiled. "Xie Xiaoyue."

Xie Xiaoyue?

Su Yu was confused. There was something familiar in his mind.

"Have we met before?"Su Yu asked.

The girl nodded. "Yes."

Su Yu was delighted. "Then are we friends?"

"No."The girl shook her head.

Just when Su Yu was disappointed, the girl suddenly stretched out her arms and hugged Su Yu. She buried her head deep into his arms.

"I'm your wife."The girl cried.

Wife?

Su Yu was shocked. "Xie Xiaoyue, you're my wife?"

Xie Xiaoyue pulled su yu and said, "Let's go. I'll bring you to my father."

Su Yu had nowhere to go, so he let her pull him to a faraway place.

On the way, Su Yu finally couldn't help but ask.

"Xiaoyue, what is this place? Why is everyone blurry except for you and Me?" Su Yu finally couldn't help but ask.

Xie Xiaoyue explained, "This place is called memory city. Only the dead would come here."

She looked at Su Yu deeply.

Su Yu's expression was very calm. He sighed and said, "As expected, I'm already dead."

"Yes, you're already dead. Everything you see is your memories from when you were alive." Xie Xiaoyue lowered her head. Her eyes flashed with apology.

"Because of your death, these memories became distorted, blurry, and crazy. That's why those people had blurry faces and strange bodies."

Su Yu was enlightened.

However, he looked at Xie Xiaoyue strangely. "Then why are you so clear?"

Chapter 2709 Ten Years In A Dream (One Update)

"Because I'm your wife. I'm the person you remember the most!" Xie Xiaoyue hugged Su Yu's arm and said with a smile.

Was that so?

Su Yu felt that something was wrong, but he couldn't figure out why.

"Come home with me. Our daughter is still waiting for us," Xie Xiaoyue said with a sweet smile.

Home?

Daughter?

Su Yu was touched. He seemed to remember something, but it was just a flash of inspiration.

The memory was completely blurred again.

Ten days later.

Xie Xiaoyue led Su Yu to a place far, far away.

It was no longer a dark wilderness.

It was a green bamboo forest.

There was an exquisite manor in the forest.

In the manor, a girl whose face couldn't be seen was playing happily.

When she saw Su Yu, she immediately went up to him and threw herself into his arms.

"Father!"

Su Yu felt that she was very unfamiliar and nodded without any fluctuations in his heart. "OH."

"Father, don't you recognize me? I'm Cai er, Su Cai er!"

Su Cai Er?

Su Yu felt that she was very familiar.

"Father, you went out to hunt, didn't you bring me back a gift?" Su Cai'er said unhappily.

Su Yu suddenly understood. He took the bow from his back and handed it to Su Cai'er. "This is for you."

Su Cai'er smiled sweetly. "Thank you, Father!"

After a pause, she took out an oil lamp the size of a palm. "I picked this up and gave it to father."

An ancient oil lamp?

Su Yu took it. The moment he touched it, he felt like they were connected by blood.

It was as if the oil lamp was a part of him.

"Husband, don't think so much. Let's eat first." Xie Xiaoyue pulled him in.

The family of three sat at the table and ate a bowl of rice.

"Father, you've worked hard. Eat More!" Su Cai'er was exceptionally obedient and gave Su Yu some food.

Xie Xiaoyue also looked at herself from time to time with a deep sense of happiness on her face.

Su Yu felt an indescribable sense of comfort.

A small courtyard, a bamboo forest, a wife, a daughter, a warm and comfortable life.

No scheming, no scheming, no enemies.

This scene seemed familiar.

Or perhaps, it was something he had dreamed of.

Whatever.

Wasn't it good to live like this?

"Husband, from now on, you stay at home with Cai'er. I'll go hunting." Xie Xiaoyue's eyes revealed a hint of meaning.

Su Yu shook his head and said, "How can that be? I'm a man. I should be the one supporting this family."

Xie Xiaoyue's eyes welled up with tears.

However, she wasn't moved.

Instead, it was sour.

The next day, Su Yu, Xie Xiaoyue, and Su Cai'er went out hunting together.

They had harvested a lot during the whole day.

As more and more prey were hunted, Su Yu's strength became stronger and stronger.

After a year, when she ran, she could run faster than lightning.

She could even fly away from the ground occasionally.

"Wife, if I fly, will I become an Immortal?" Su Yu asked Xie Xiaoyue with a smile.

However, she was slightly absent-minded. She smiled and shook her head, then nodded. "Yes, you will fly very, very far..."

Su Yu smiled contentedly. "If I Can Fly, I will definitely take you all with me."

Hearing this, Xie Xiaoyue only smiled and did not say anything.

In a corner that Su Yu could not see, a hint of disappointment flashed across her face.

The peaceful days lasted for several years.

Su Yu was already used to hunting every day and spending every day with his wife and daughter.

He felt that it was also very good to continue living like this.

He did not need to explore that door anymore.

However, it was not until a day of thunder and rain.

A bolt of lightning flashed.

Hundreds of black shadows quietly surrounded the house in the darkness of the night.

Su Yu stood up alertly.

However, he found that Xie Xiaoyue had already woken up and was standing on the roof, staring in all directions.

"Wife, who are those people?"

Xie Xiaoyue's expression was complicated as she said, "Some people who can eat people."

After saying that, Xie Xiaoyue jumped down and fought with those human shadows under the Lightning without caring about her own safety.

Su Yu did not sit still and wait for death. He rushed out.

As soon as he went over, those figures went crazy like they were possessed. They all pounced on Su Yu.

Their attacks were very strange. Some of the strangest people could actually fly.

However, the most powerful one was a person holding a golden longsword.

He stabbed out with his sword and Golden Flames burst out.

Xie Xiaoyue was injured by the Golden Flames in a moment of carelessness.

Su Yu rushed over and protected her in front of him. he shouted, "All of you, get lost!"

With a roar, he quickly slapped them away.

Those figures were very weak in his hands.

They were killed with just a touch.

An hour later.

Su Yu was exhausted, but all of them were killed.

After they died, they gradually turned pale and disappeared on the ground.

Only the Golden Crystal Longsword was left on the ground.

Su Yu picked it up and couldn't help but mutter, "The unbounded karma flame longsword?"

Why did it feel like déjà vu again?

After thinking for a while, Su Yu threw it away and held Xie Xiaoyue's waist. "I don't want to think about these things anymore. Now, I just want to spend every day with you guys."

However, from then on.

Their peaceful life was completely broken.

After a period of time, there would be a group of people besieging them.

Moreover, the people who appeared were getting more and more powerful.

From the initial easy response, it became extremely difficult later on.

The last time, Xie Xiaoyue was even injured and couldn't get up from her bed.

Su Yu sat in front of the window and took care of Xie Xiaoyue, whose face was gradually turning pale. He said with heartache, "My wife, I will hunt the Snake King tomorrow and use its snake gall to replenish your body."

Xie Xiaoyue smiled weakly and shook her head. "No! I don't want my husband to do dangerous things for me."

Su Yu nodded.

But the next morning, he still set out to look for the Snake King.

Now he could fly thousands of miles in a day.

And the huge body of the snake king was very easy to find.

Half a day later.

He found a hill. It was the Snake King.

The snake king also found Su Yu.

It suddenly raised its head and spat out a mouthful of black venom at Su Yu.

Su Yu carefully dodged it and jumped onto the Snake King's head.

He clenched his fist and hit it hard.

Instantly, the Snake King's head was smashed into a pit.

The Snake King was angry and used all its strength to fight with Su Yu.

Su Yu was not discouraged and tried everything to fight with it.

Finally, three days and three nights later.

The Snake King's skin and flesh were torn open. Finally, it could not take it anymore and fell to the ground.

Su Yu was gratified. With great difficulty, he moved his body and cut open the Snake King's stomach, preparing to take out the gallbladder.

But in the end, he did not find the gallbladder.

The position of the gallbladder was only a small cauldron the size of a palm.

On the small cauldron, nine lifelike dragons were carved.

Su Yu had a complicated look on his face as he threw the cauldron on the ground.

Over the years, every time he killed a group of people, he would obtain a weapon from them.

Every single one of them gave him a sense of déjà vu.

Some fragmented memories would occasionally flash in his mind.

He had a feeling that if he obtained more of those memories...

Perhaps he would have to say goodbye to his life in the bamboo forest manor.

Therefore, every time he obtained a weapon, he would throw it all away.

Looking at the huge corpse of the snake king in front of him, Su Yu carried it back.

As soon as she returned to the manor, Su Cai'er's eyes were filled with tears. "Father, mother is dying!"

Chapter 2710 Ten Years Of Happiness (Second Watch)

Su Yu's heart tightened, and he immediately came to the bed.

Xie Xiaoyue's breath was weak, and her face was very pale.

Su Yu immediately took out a piece of snake king meat and stuffed it into Xie Xiaoyue's mouth.

However, her skin color did not improve at all.

"There's no need." Xie Xiaoyue smiled bitterly. "Haven't you noticed that my body has been continuously weakening since the beginning?"

That injury only accelerated the weakening.

Su Yu was silent.

He had noticed it a long time ago.

From the very first day they came into contact, he realized that Xie Xiaoyue's body was getting dimmer and dimmer day by day.

When they first met, she was wearing a red dress.

But now, the dress on her body was a little dimmer.

"Husband, how long have you been awake? Do you still remember?" Xie Xiaoyue asked.

Su Yu said, "Ten years."

A trace of determination flashed across Xie Xiaoyue's eyes, as if she had decided something.

"Cai'er, come here."

Su Cai'er immediately knelt in front of the bed, sobbing nonstop.

"Hubby, ten years have passed. Have you ever wondered why our children are always so big?"

Su Yu was silent.

He was not blind, so how could he not see Su Cai'er's strangeness?

"Su Yu, go open that door." Xie Xiaoyue pulled open the bedside cabinet with difficulty.

Inside were all the weapons that Su Yu had picked up before.

There was even a small cauldron with nine dragons carved on it.

"Bring these," Xie Xiaoyue said.

Su Yu shook his head. "I'm not going anywhere. I'll stay here with you."

Xie Xiaoyue smiled and leaned into his embrace. Her eyes were filled with sadness and tears of reluctance.

Gradually, she let out a heart-wrenching cry.

It was as if she was going to be separated from life and death forever.

"Su Yu, thank you for giving me a long-cherished wish of ten years. Thank you, thank you, thank you..." Xie Xiaoyue continued to speak.

Su Yu felt strange.

He looked down and saw that Xie Xiaoyue's face, which was originally very clear, had started to blur.

"Wife, what's going on?" Su Yu asked anxiously.

Xie Xiaoyue mumbled, "I'm sorry, Su Yu. I lied to you. I'm not your wife! Your Wife and your daughter are on the other side of the door

"Everything that you've experienced, in fact, is all fake."

It seemed to be responding to her words.

The bamboo forest dispersed, and the manor disappeared.

Su Cai'er also turned into mist and dispersed.

All that was left was a gray world.

Xie Xiaoyue's bed had turned into an ice-cold ground.

Su Yu hugged Xie Xiaoyue tightly as if he could sense the upcoming parting. He said sorrowfully in his heart, "I know, I know everything."

There were so many flaws and so many strange places.

How could he not know?

How could he not think?

However, he did not want to destroy that rare peace and warmth.

"As expected of you. Even though you're in the ultimate and your consciousness is sealed, you're still so smart and able to see through everything." Xie Xiaoyue's face became more and more blurry.

Soon, her facial features were going to be indistinguishable.

Xie Xiaoyue pushed him away and revealed the last smile in her life.

"Su Yu, go find your real life." She maintained her smile. "Thank you for using ten years to make up for my regret."

"Goodbye, my love."

After Xie Xiaoyue finished speaking, her facial features were completely blurred.

Even her smile was completely gone.

Her body slowly turned transparent, and finally, like Su Cai'er, she turned into mist.

She disappeared in front of Su Yu's eyes.

She disappeared in his life.

Su Yu tried to hold her back with both hands, but all he could catch was a ball of air.

"Xiaoyue! Xiaoyue! !" Su Yu screamed with a heart-wrenching pain, and his heart felt like it was being cut by a knife.

He looked at the empty world, his wife, daughter, and home that had suddenly been lost.

Su Yu's heart was as sorrowful as a surging river.

He sat where he was and looked at the blood-red sky with tears streaming down his face.

Suddenly, as he looked, Su Yu noticed that there were three words faintly in the clouds in the sky.

"The Ultimate World!"

"Is this the ultimate world?" Su Yu murmured, "Where did Xiaoyue go? Can We meet again?"

One day and one night later.

Su Yu finally got up.

With a disappointed, disappointed, and lifeless face, he walked toward the ancient door he had first seen.

The door was still the same door.

However, with a gentle push from Su Yu, the door creaked.

Dazzling sunlight shone through the door.

Su Yu closed his eyes subconsciously and felt very warm.

He opened his eyes bit by bit.

What he saw was a bamboo forest and a manor.

"This is..." Su Yu was stunned, feeling a little excited.

Could it be..

"Hubby!" The person outside heard the movement and called out in surprise.

Su Yu's heart was beating fast, and he couldn't help but shout, "Xiaoyue!"

However.

It wasn't Xie Xiaoyue who walked in, but a beautiful woman with a beautiful face.

At the same time, his mind swelled, and many memories flooded into his consciousness.

He remembered everything.

He had fought with the ruler of time and was ambushed by Daoist Master Red Dust, so he chose to kill himself to save his daughter, Su Cai'er.

He should have died, but now he was alive again.

"Am I not dead?" Su Yu asked the beautiful woman in front of him.

He had already remembered that she was Qin Xian 'er.

She was his real... wife!

Qin Xian 'er hugged him in surprise and cried with extreme joy. "The Devil Emperor has come to the world. With the heart of the son of Heaven, he will rebuild your heart."

The Devil Emperor, the heart of Heaven and earth?

Su Yu did not care about these.

"How long... have I been asleep?" Su Yu asked.

Qin Xian 'er said, "Ten years!"

Su Yu's heart skipped a beat.

Ten years!

In the ultimate world, he and Xie Xiaoyue had also spent ten years as husband and wife.

He had a very bad feeling in his heart.

"Xian 'er, where's Xie Xiaoyue?" Su Yu asked.

Qin Xian 'ER's body stiffened. She bit her lips tightly and lowered her head silently. "She sacrificed herself for you."

Dong --

Su Yu's pupils constricted into a needle.

It was as if someone had stabbed his heart ruthlessly.

"Sacrificed... herself?" Su Yu asked in a daze.

Qin Xian 'er appeared apologetic.

She had once promised Xie Xiaoyue not to tell Su Yu that she was already dead.

However, Qin Xian 'er really could not hide it like this.

Her sacrifice and sacrifice to Su Yu should be known by Su Yu.

"Xie Xiaoyue sacrificed her body, released the Devil Emperor, and sacrificed her soul to dissolve your petrification!"

Su Yu was absent-minded for a long time.

When he regained his senses, he immediately used resurrection.

However, it was useless.

He did not believe it and used it again and again.

Even his body, which had just recovered from a serious illness, kept trembling because of it and refused to stop.

Qin Xian 'er held his hand with tears in her eyes. "Brother Su Yu, don't torture yourself. Miss Xiaoyue is already... in the ultimate."

Su Yu stopped in a daze.

The scene of ten years flashed through his mind.

It was the ultimate world, where he and Xie Xiaoyue should have been.

But Xie Xiaoyue pretended to be his wife in order to prevent Su Yu from being lonely for ten years and to prevent him from getting lost in the ultimate world.

She kept giving him the courage and goal to survive.

Until his consciousness could leave the ultimate world and return to his body.

Even though he was dead, she was still worried about Su Yu.
