

Nine-Dragon 2711

Chapter 2711 The Smoke Of War Rises Again

Not a trace of it was forgotten.

"Xiaoyue!" Su Yu's hands trembled slightly.

Boundless sorrow surged in his heart.

What followed was anger, killing intent, and monstrous resentment.

"Where is Daoist Master Red Dust?" Su Yu slowly stood up, his entire body emitting an icy cold aura.

Qin Xian 'er said, "Xiaoyue has already been given the ending of being crushed to pieces by the Demon Emperor."

Su Yu's killing intent did not diminish.

"What about the future incarnation of the time ruler?" He asked again.

Qin Xian 'er shook her head. "After she escaped, she completely hid. I don't know where she is now."

"Hide?" Su Yu wished he could skin the time ruler thin and cut his bones!

It was all caused by the time ruler.

He was the one who caused Xie Xiaoyue's death.

Creak.

He clenched his fists and was about to take a step forward.

However, his feet were incomparably heavy. He did not listen to his commands and almost fell down.

Qin Xian 'er held him up and said with empathy, "Husband, I know how you feel. I also hope to avenge sister Xiaoyue, but please take care of your body first."

"The Devil Emperor said that you are a combination of a mortal body and the heart of the son of heaven. Your body has just fused and you need time to get used to it."

Su Yu's hatred was hard to calm down.

He only looked at Qin Xian 'er in front of him, who was taking care of his feelings, tolerating and understanding him.

Su Yu's heart surged with warmth and instantly became soft.

He hugged Qin Xian 'er and said apologetically, "I'm sorry for making you neglect me."

Qin Xian 'er shook her head. "My husband has always been by my side. How could a good girl like little sister Xiaoyue Neglect Me?"

Su Yu thought for a moment and told Qin Xian 'er the truth about what had happened after sleeping for ten years.

This was a show of respect for her.

Qin Xian 'er's expression froze for a while before it softened. She lay in Su Yu's arms and said, "I feel very uncomfortable, but if it's little sister Xiaoyue, I can try to accept it."

Xie Xiaoyue had given everything. was she not allowed to accompany Su Yu as his wife for ten years in the sinkhole world?

Then, Qin Xian 'er hugged su yu even tighter.

"Besides, I'm very happy that you didn't hide it from me." Qin Xian 'er suddenly felt safe.

Su Yu could hide it from her, but he still chose to tell her.

That was because he had himself in his heart!

Su Yu patted her back and said softly, "I'm sorry for making you suffer!"

In the next few days.

Su Yu suppressed the desire for revenge in her heart and tried hard to adapt to her body.

The Demon Emperor said that his heart had changed.

But it wasn't.

His body had also undergone earth-shaking changes.

His body before wasn't considered strong.

But now, his body was too strong.

If he wasn't careful and didn't control his strength properly, he could cause destructive damage.

The crutch in his hand was at the level of a four-star Dao artifact.

However, in a few days, he had already crushed quite a few of them.

If it was in the past, how could he crush a four-star dao artifact?

Even a half-star dao artifact could not be destroyed by relying on his physical strength.

Based on his initial estimation, his physical strength was very likely at the level of an Earth Path Master.

Moreover, as time passed, his physical strength continued to increase.

Apart from that.

His cultivation also showed a significant increase.

The original peak of the Nirvana stage had now directly reached the peak of the Nirvana stage.

He directly skipped the void Nirvana stage.

He was only one step away from reaching the tunnel lord stage.

The reason for reaching this stage should be that his body had been completely smeared with the blood of the saintly being.

However, the changes in his body and cultivation were not the most eye-catching.

The most surprising thing was..

Su Yu's heart moved, and the ancient oil lamp above his head appeared.

Before he died, the oil lamp had already run out of oil, and the flame was extinguished.

However, at this moment, the flame was unprecedentedly bright.

An endless amount of oil from the lamp gathered into the oil lamp.

This was the function of the Emperor's heart!

The emperor's heart had a large amount of the emperor's blood in it.

After fusing with Su Yu's body, his body had the emperor's blood in it.

Hence, he did not need the external son of Heaven's blood at all.

He only needed to move his heart once and the son of Heaven's blood would be provided to the oil lamp.

However, the drawback was very obvious.

That was, Su Yu would feel the extreme fatigue in his heart after just a short while. His entire body would become uncomfortable and he would be unable to move.

Therefore, it was only suitable to use it at certain special life-and-death situations.

During normal times, it was best not to use the blood in the emperor's heart.

"Husband, what do you plan to do with the bloodline of the time domain?"Qin Xian 'er took out a container.

What was inside was the bloodline of the time ruler.

As long as one had the bloodline of the time ruler, they could absorb it and reach the yuan level of the domain.

"What about Empress Xingyu?"Su Yu asked.

She had dreamed of becoming the ruler of time her entire life.

Now, she could do as she wished.

"She? She has already left. Together with a few other rulers of time, she has gone to other ruler realms to persuade all parties to stop the war and stop the rulers from destroying the defensive array."

Su Yu was surprised. "She doesn't want the position of the ruler of time anymore?"

Qin Xian 'er smiled. "No, she doesn't want it anymore. Other than South Bright City, which is still in good condition, the other ruler realms are all in ruins. It's useless even if she says she can get it."

"That girl."Su Yu found it funny.

She had worked hard for her entire life, but she suddenly gave up when she was about to get it.

"I feel that she can't bear to part with you," Qin Xian 'er said faintly.

Su Yu asked in return, "Why do you say that?"

Qin Xian 'er said, "Your battle with the time ruler has completely exposed your identity as the successor of ancient God Nine Dragons. If she becomes the time ruler, can the two of you still get along peacefully?"

Of course... They couldn't.

The relationship between rulers and ancient gods was an eternal enmity.

"For the sake of her husband, she doesn't even want the position of ruler. Her intentions are really heavy!" Qin Xian 'er said with jealousy.

Su Yu hooked her nose and said, "I only treat her as my younger sister."

Qin Xian 'ER's small mouth twitched. "She might not treat you as her older brother."

Su Yu smiled but did not say anything.

"Oh right, why don't I see Cai'er?" Su Yu missed her.

She had not seen Su Cai'er for a few days after she woke up.

Could it be that she still rejected him as usual?

"She left," Qin Xian 'er said with a complicated expression.

Su Yu was shocked. "Where did she go?"

The war was in chaos now. Where was she going by herself?

"She went to her own life." Qin Xian 'er sighed. "She didn't have the face to see you, so she wanted to go out and train painfully to repay the guilt in her heart."

Su Yu said in a daze, "Silly Child! As a parent, why would she blame a Child?"

Qin Xian 'er, on the other hand, looked at the past and said, "She will always leave you and me. It's just early now."

Su Yu thought for a moment and nodded deeply.

Under the protection of him and Qin Xian 'er, Su Cai'er would never grow up.

Only by tempering herself could she grow up quickly.

The two of them were currently conversing.

A clear and urgent voice sounded from outside the courtyard.

"I heard that senior has awoken. Yanran specially came to pay a visit." The person who had come was the descendant of the spatial ruler, Yanran.

Su Yu's expression turned solemn as he said, "I'm guessing that the spatial ruler has passed away or is about to pass away."

His eyes were filled with a deep and wise light.

Chapter 2712 Yanran Calls For Help

"Come in," Su Yu said.

Yanran happily entered.

When she saw that Su Yu had truly woken up, her face was filled with deep joy. She knelt down on one knee and said, "Greetings, senior."

Su Yu gazed at her and said, "You should already understand my identity. Is it really appropriate for you to continue worshipping me?"

Yanran didn't care at all.

"The grudge between ancient god Nine Dragons and the eight sovereigns is a matter of the previous generation. It doesn't concern our generation."

These words were based on the fact that Su Yu was sufficiently powerful.

If he was as weak as when he first came to the eight-star civilization, what awaited him would not be these words.

"Moreover, when did the sovereigns ever treat us as their true descendants?" Yanran smiled bitterly.

She had personally experienced the upheavals in the time domain.

She now completely understood the true intentions of the rulers.

In their eyes, the so-called descendants were merely tools to be used.

They wanted to borrow their power to destroy the seal of the eight-star civilization.

"So you came here, and I helped you become the ruler of Space?" Su Yu asked.

However, Yanran shook her head.

"The successor to the ruler of space has already been decided. I no longer have any extravagant hopes." Yanran's face was filled with disappointment.

What?

Su Yu was secretly surprised.

After sleeping for ten years, the eight-star civilization had already turned upside down.

Perhaps it was because Empress Starrain and the others had lobbied so many descendants of the ruler of space that they were unwilling to be used.

Thus, the other seven rulers changed their strategy.

They directly appointed a successor.

"I'm here to ask senior to save me," Yanran said.

At this moment, Su Yu realized that Yanran's aura was slightly off.

"Are you injured?" Su Yu's eyes were sharp.

Yanran said, "Yes, I've already been put on a wanted list by the ruler of space. I'm currently being injured by the carefree emperor's clone fragment."

Clone Fragment?

Su Yu walked over and lifted Yanran's clothes.

One could see the five-colored skin on her.

This was exactly the same as when he was injured by the ruler of time.

"That fragment was clearly in Shaohao's hands. Why did it fall into the hands of the ruler of time?" Su Yu narrowed his eyes.

There was only one answer.

It was given by the ruler of time!

Shaohao was the heir that the ruler of time had acknowledged. The things that had gone missing before his death were most likely in the hands of the ruler of time.

Thinking about it again, the ruler of time and the ruler of space had once made peace.

The hiding place of the ruler of time could not be clearer!

The space domain!

"Senior, that fragment followed me and escaped to the time domain. I don't know where it is hiding. Please protect my life." Yanran said nervously, "I am willing to repay you for me."

Su Yu shook his head and said calmly, "You helped me before. It's my duty to protect your life. There's no need to thank me anymore."

As he said this, Su Yu placed his palm on Yanran's body.

With the heart of the son of heaven, it was exceptionally easy for him to resolve the injuries of the son of Heaven ruler.

After a few breaths, all the colorful scars on Yanran's body disappeared.

Yanran felt that her body had recovered and was overjoyed. She kowtowed and thanked him, "Senior, I will never forget your great kindness."

She was extremely glad that she had met Su Yu back then.

Moreover, she had followed him resolutely.

Now that he was in trouble, he could easily resolve it.

"I said, there's no need to thank me." Su Yu raised his eyes and looked into the sky.

In an extremely far place that ordinary people could not see, the two hooded men moved forward as if they had teleported.

In a breath, they crossed an extremely long space and headed straight for this place.

When they arrived at the southern border of the nightmare boundary, they finally stopped.

"Young ruler, if we go any further, we will reach the place where the mortal sacred body exists," the hooded figure said solemnly.

The former suddenly stopped.

He pulled down his bamboo hat, and his eyes were filled with hostility.

"Mortal Sacred Body?" The hooded figure sneered. "A mortal sacred body that I don't know if it's dead or Alive?"

The other man in the bamboo hat's expression changed slightly, and he quickly shut up. "Young ruler, shh! Be careful that mortal sacred body hears you!"

The young ruler chuckled. "So what if he hears you? I didn't harm him. I'm here to find that B * Tch Yanran."

He seemed to be responding to his words.

A spatial ripple suddenly flashed in front of him.

Su Yu stepped out of the space with his walking stick.

He looked at the two hooded men in front of him and said, "It is not a good habit to talk about people behind their backs."

The two men in bamboo hats were startled.

"Intermediate Space Domain?" Young Dominator frightens way.

His face gradually turned white and finally pale.

Between Heaven and earth, the domain of space, in addition to the Master of space and its descendants.

There was another man.

The descendant of the ancient gods of Kowloon, Su Yu, is also the mortal body!

"Su... Su Yu?" Young master inhale a cold breath.

I can't think of anything.

There are too many legends about Su Yu.

It is said that the Master of time was almost crushed to death by the mortal body.

It is said that the eight-star civilization, has been invincible!

It is said that the eight overlords can not defeat him even if they join forces!

Countless mysterious rumors covered the mortal body with a layer of mystery that couldn't be washed away.

It made people shudder.

This was why for the past ten years.

The southern part of the time domain's dream boundary had always been a forbidden area.

This was because a terrifying mortal body was sleeping here.

No one knew when he would wake up.

Whether he would wake up or not.

No matter how chaotic the other seven domains were, no faction dared to step into the southern part of the dream boundary.

This place had already become a forbidden area.

The young ruler would never have imagined that he would encounter a mortal body that had just woken up!

"Thank you for remembering me." Su Yu said calmly, "Tell me, why did you come to my territory?"

Plop --

The young ruler broke out in cold sweat.

Su Yu's words were extremely calm and didn't contain any sort of pressure. However, when the young ruler heard them, it was as if they contained a myriad of might.

"Su... sacred su physique, I am here to look for my royal sister Yanran. I have no intention of disturbing you."

"Yanran, right?" Su Yu said indifferently.

He waved his hand and Yanran immediately appeared beside him.

When both parties met, their eyes immediately turned red.

The young ruler bowed and said, "Thank you, sacred su physique."

However, Su Yu did not have any intention of handing him over. He said indifferently, "Yanran is my friend. What do you think you are? I will hand you over."

What?

The young ruler's body trembled.

Su Shengshen's... friend?

Yanran threw him a smug look. She felt extremely relieved.

The young ruler quickly lowered his head. "Junior doesn't know. Junior will leave now."

Su Yu said coldly, "Did I let you leave?"

The young ruler immediately broke out in cold sweat.

Yanran didn't give him, but she also didn't let him leave.

This was an ill-intentioned visit!

He couldn't help but feel regretful. Why did he come?

"Let me ask you a question," Su Yu said. "If I'm satisfied, I'll let you live."

"Please speak, senior, please speak," the young ruler quickly said.

Su Yu said indifferently, "The ruler of time is hiding in your spatial domain?"

The young ruler's eyes rolled. Just as he was about to answer, Su Yu added, "You only have one chance to answer, so think carefully before you speak."

Perhaps the descendants of the normal rulers did not know about this.

The heir to the ruler of space should know something.

"He's Here! He's with the ruler of space in the half true world he created."

'as expected'!

A cold glint appeared in Su Yu's eyes.

Chapter 2713 The Arrival Of The Heavenly Court

This meant that he had to go to the spatial domain!

Staring at the young ruler in front of him, Su Yu said, "Yanran, extract his spatial bloodline."

Yanran was ecstatic.

The young ruler's expression changed, and his eyes flashed as he took out a spatial ruler's magic treasure.

With a whoosh, he prepared to escape.

"HMPH!" Su Yu lightly tapped his cane, and a nine-colored ray of light blocked the four dimensions of heaven and earth.

At the same time, it pressed down with a loud bang, suppressing the young ruler.

Yanran immediately went up and extracted the ruler's bloodline, then absorbed it.

Her spatial domain immediately reached high-level!

"He has already absorbed the bloodlines of quite a few rulers of space." Yanran wanted to laugh.

In the end, didn't he still make a wedding dress for her?

Su Yu tapped his crutch, and the power of the mortal body was taken away. He waved his hand,

"You can leave now."

He didn't have a deep grudge with the ruler of space.

He didn't have any grudges with his descendants.

He could just take away his bloodline. There was no need to kill him.

The young ruler felt as if he had been granted amnesty.

Although losing his bloodline made him despair, it was still better than losing his life.

"Thank you for your kindness, senior." Under the protection of his attendants, the young ruler quickly retreated.

Su Yu was just about to turn around and leave.

But suddenly, he stopped.

He turned his head and looked into the distance.

A cloud of multicolored light rushed over.

There were a few immortal-like elders standing on it, as well as a few young elites that were glowing with divine light.

They blocked the young ruler.

Without saying anything, they attacked on the spot and killed the young ruler and his attendants.

Then, they arrived in front of Su Yu.

"Sacred Body Su!" As the multicolored light descended, the elders led a group of young elites and bowed to Su Yu.

"You are?" Su Yu asked.

The elder in the lead smiled. "I am Zhan Feiyan, the vice-lord of the Heavenly Court."

"Behind me are the elders and disciples of the Heavenly Court!"

"We have come to pay our respects to sacred body Su."

The Heavenly Court?

The descendants of the eight ancient gods?

They had rarely appeared when the eight sovereigns were around.

Now, the eight sovereigns were dead or destroyed, and the entire eight-star civilization was in chaos.

Only then did they dare to show themselves.

"The young ruler of the Space Domain has already been stripped of his bloodline, so why do you need to create more bloodshed?" Su Yu asked.

Zhan feiyan laughed hoarsely, "How can sacred body su not know the principle that if you kill a snake, you will suffer instead? I'm doing this for the sake of sacred body Su, so that he won't take revenge on you in the future."

Is that so?

Su Yu's eyes revealed a trace of regret.

He had already let the young ruler of space go, but the other party's Luck wasn't good, and he still met someone from the Heavenly Court and was killed.

After a pause, Zhan Feiyan looked at Yanran who was beside Su Yu.

His gaze became sharper, and he said, "Sacred physique Su, it's better not to raise a tiger as a threat. The descendants of the eight rulers are mostly treacherous people. Staying by your side will definitely be a threat."

Su Yu frowned. "Are you here to teach me how to Behave?"

Zhan Feiyan chuckled. "Shengshen is too kind! I'm just doing my duty to remind you."

"Alright, why are you here to find me?" Su Yu asked.

There were only a few people who knew that he had woken up.

He did not believe that the heavenly court knew that he had woken up before they came.

It was very likely that they thought that Su Yu was still in a deep sleep, so they had come in large numbers.

Zhan Feiyan's expression was the same as ever. He cupped his fists and said, "First, we are here to pay a visit to sacred body Su, and second, we are here to invite you to the Heavenly Court to discuss a grand plan. This is an invitation."

He took out an unsigned invitation.

Su Yu casually glanced at it. "What Grand Plan?"

Zhan Feiyan chuckled. "Sacred Body Su, as the descendant of the nine dragons ancient god, naturally has the responsibility of expelling the ruler and restoring the eight-star civilization."

Su Yu's eyes flashed as he took the invitation. "Is there anything else?"

Zhan Feiyan glanced at the southern part of the dream boundary behind Su Yu.

He meant that Su Yu hadn't even invited them in.

"If not, then I won't send you off," Su Yu said indifferently.

Zhan Feiyan smiled. "Farewell!"

Then, without a word, he led the group up the clouds and turned around to leave.

After walking far away, a young woman was extremely indignant. "What are you trying to do? You didn't even spare us!"

"That's right. He doesn't even care about the heavenly court."

The smile on Zhan Feiyan's face quickly disappeared.

In its place was a trace of indifference.

"I really didn't expect him to wake up. I originally wanted to take the nine dragons divine cauldron that belonged to the heavenly court while he was unconscious."

Zhan Feiyan finally revealed his true intentions.

That invitation was sent out at the last minute to cover up his purpose. Therefore, it didn't even have a signature.

"Vice court master, why didn't you ask for it directly?" A young man asked.

"I heard that he had already returned to the sinkhole once during the great battle. Even the oil lamp was extinguished. He might not be able to use his mortal body."

Zhan Feiyan said indifferently, "What if he can?"

A trace of fear slowly fluctuated in his eyes.

Only then did the group of youths finally shut their mouths.

"You guys can leave first. I'll stay behind and observe silently to see if he really has his oil lamp extinguished and is unable to use his mortal body." Zhan Feiyan jumped down from the clouds.

Little did he know.

The scene in front of him was completely under Su Yu's control.

"I knew you guys didn't come with good intentions!" Su Yu said indifferently.

He had long since predicted that he would one day have some friction with the people of the heavenly court.

Now, he wasn't surprised at all.

He was the descendant of ancient god Nine Dragons, but the people of the Heavenly Court were the descendants of ancient god Nine Dragons.

There was bound to be conflict over the ownership of the nine dragons divine cauldron.

Fortunately, he woke up in time. Otherwise, if they really barged into the southern part of the dream boundary, it would definitely affect Qin Xian 'er.

Looking at the invitation in his hand, Su Yu's eyes were cold. "We should discuss the big plan together, right? Alright! As You Wish!"

In order to dispel their unrealistic thoughts.

He had better participate!

Looking at the date, there were still five years left.

There was no rush!

"Senior, you have remade Yanran. If you have any instructions, please feel free to instruct me." Yanran's domain had reached a high level, so she was exceptionally grateful.

Su Yu said coldly, "Just lead the way for me!"

He wanted to go to the spatial domain and find the ruler of time to take revenge!

However, it was not now.

The people of the heavenly court were eyeing him like a tiger watching its prey. He needed to be fully prepared.

"Follow me," Su Yu said.

Back in the courtyard.

Su Yu was secretly recuperating while silently preparing to integrate all the power in his body.

On this day.

Su Yu suddenly had a thought and took out a jade bottle.

The five-colored liquid inside was constantly squirming.

This was the son of Heaven's ruler's power that came out for Yanran to heal.

Now that they were reacting.

There could only be one possibility.

The carefree son of Heaven's clone was nearby.

The target was Yanran!

"It's finally here," Su Yu said calmly. "Since it's here, don't even think about leaving."

Su Yu patted the ground with both hands, and his entire body vanished into thin air.

When he reappeared, he was at the outskirts of Nanming City.

The naked eye could see a carefree son of heaven with his upper body holding a ruler of heaven as he rushed over.

His head was tightly shut, and he was unconscious.

"Oh? Someone intentionally pieced together a part of the fragment?" Su Yu's eyes flashed.

It was the third watch of the next day.

Chapter 2714 Spatial Chains

As they spoke.

The Carefree Emperor's clone had already strode over.

He raised the emperor's ruler high up in Yangzi's hand and swung it fiercely in Yanran's direction.

Su Yu's heart skipped a beat. He wanted to use the mortal body's power.

However, the rest of his eyes glanced in a certain direction.

The mortal body's power that he had used was silently withdrawn.

In its place was the nine dragons divine cauldron.

It turned into an afterimage and sped away, colliding with the shadow of the nine-colored ruler that crossed the sky.

The shadow of the nine-colored ruler trembled on the spot, but it only weakened.

The nine dragons divine cauldron was slashed back by one foot.

"Future incarnation!" Su Yu shouted in a low voice and summoned his future incarnation.

The two of them each held a cauldron and attacked the remaining shadow of the nine-colored ruler together.

Only then did the ruler Shadow finally miss.

It brushed past the edge of South Bright City.

Before the attack was successful, the carefree Emperor's clone attacked again.

It was different from the last time.

This attack contained the blood of the emperor, causing its power to increase explosively. It was comparable to the Heavenly Dao master level!

Su Yu's expression did not change.

He quickly performed a seal with both hands and shouted, "One thought is the truth!"

Boom --

A ruler appeared in his hand and slashed out.

Instantly, a similar giant ruler shadow collided with the ruler shadow of Carefree Emperor.

The result was, of course, an illusory ruler shadow. It was far from the true power of the ruler.

After the two collided, Su Yu and the future incarnation were forced to retreat and narrowly escaped the fatal blow.

With no other choice, the two took out a giant door.

One was black, and the other was white.

It was the door that sealed off the Netherworld realm.

The two collided, and a majestic and incomparably vast Netherworld realm appeared before their eyes.

Boom!

The Netherworld realm crashed down, suppressing carefree emperor's clone below.

As if sensing danger, the clone actually gave up on its target.

It turned around and forcefully blasted the Netherworld realm apart, escaping immediately.

Su Yu and the future clone were panting, as if they couldn't last long.

In an extremely distant place.

Zhan Feiyan used his special ability to gaze at the scene in the distance.

Joy appeared in his eyes. "It seems that the exhaustion of his oil lamp isn't a rumor. Otherwise, he would have used his mortal body long ago."

"If you are smart, you'd better not come to the heavenly court. If you are not smart enough, I'm afraid that the nine dragons divine cauldron will be left behind."

After saying that, he left quietly.

Little did he know that Su Yu was watching his every move.

"The ghost won't leave," Su Yu said lightly.

The slightly difficult battle just now was obviously for Zhan Feiyan to see.

It was best not to let them know that the mortal embryo saint physique could be activated.

Back in the courtyard.

Qin Xian 'er came over to support him. "Let me handle the battles in the future."

Su Yu patted her head. "How could I bear to let you take the risk?"

"At least I'm the new ancient god of the Netherworld now," Qin Xian 'er muttered.

Su Yu's eyes revealed a trace of calmness. "I can only be considered half."

In the past ten years, with the help of Chu, Feng Ling, and Muti, Qin Xian 'er had successfully absorbed three portions of ancient god of the Netherworld's legacy.

The fourth portion had long since been used by the sacred demon.

In addition, he was already dead, so the legacy had completely dissipated.

As a result, Qin Xian 'ER's inheritance was not complete.

"But even so, it's still at the early-stage Heavenly Dao master level, equivalent to a ruler." Qin Xian 'er shook the divine nine Netherworld fire in her hand.

Su Yu couldn't help but laugh and pinch her face. "You're too lucky!"

He didn't do anything and directly became the Heavenly Dao master.

Su Yu wasn't even an Earth Dao Master.

"No matter how lucky you are, you're not as powerful as hubby," Qin Xian 'er said with a red face.

After a pause, Qin Xian 'er looked at Su Yu and said, "Why don't you absorb the bloodline of the ruler of time? Empress Xingyu doesn't want it anyway."

Me?

Su Yu flipped his palm and the bloodline of the ruler of time appeared before his eyes.

He had already absorbed the bloodline of the waning moon Empress before.

If he absorbed the bloodline of all the descendants before him, there was a high chance that he would really be able to reach the Yuan level in his time domain.

"As long as the ruler of time doesn't die, don't touch his things easily." Su Yu carefully put it away.

The ruler of time was a wily old fox. It was best to be cautious.

Su Yu remained calm for a long time.

His figure moved and his future incarnation appeared.

"When I leave, you will be the one to repair the nightmare ferrying lotus seat." Su Yu took out the broken nightmare ferrying Lotus seat.

The future incarnation was connected to his mind and understood the meaning of the nightmare ferrying lotus seat.

Ten years later, it would be the end of the era.

At that time, there must be a complete nightmare ferrying lotus seat to protect them from the apocalypse.

"Xian 'er, please do me a favor," said Su Yu.

"Please tell me." Qin Xian 'er had wanted to do something for Su Yu for a long time.

Su Yu said, "Please go back to the outer realm and gather the forces that I left in the outer realm."

Qin Xian 'er nodded without thinking.

In the outer realm, Su Yu had established an organization, the cauldron.

The old friends of the true dragon continent, nine regions continent, the divine realm, and the absolute beginning realm had all merged into the cauldron.

This catastrophe was hard to avoid in the outer space.

Thus, they had to gather them in time.

"It's just right. I want to see Father," Qin Xian 'er said emotionally.

She used to have similar thoughts, but she was always wandering outside and had no choice.

Now, she finally had the chance to go back and see her father.

Two hundred years had passed. She didn't know how he was now..

Set everything up.

Su Yu alone out of the southern boundary of the dream, heading for the space domain.

If say, the time domain to the person's bondage, is the time hourglass.

So into the space domain, the bindings are the feet.

On every body, there are faint chains.

All it takes is space to master an idea, and the chains tighten, making it impossible to move.

The only way to get out of these chains is to infuse them with space crystals.

The source of the space crystals was to exchange them with golden mystery fragments.

This method was the same as the time domain.

The only difference was that.

The time domain occupied ancient god Nine Netherworld's territory, so they had to exchange the nine Netherworld crystals for the time crystals.

The space domain occupied ancient god Golden Mystery's territory, so they had to collect the fragments left behind by ancient god Golden Mystery's self-detonation.

Just stepped into space.

Su Yu's feet are also bound by chains.

He looked at a light, step forward a step, will be born to break free of the chain.

Heading into one of the cities to find the map.

He heard a word he couldn't ignore.

"What a chaotic world!"

"The Master of space is about to die, so the corpse clan took the opportunity to come out. I heard that they have occupied one-tenth of the space domain!"

"Yeah, I heard that they broke into ancient god Jin Xuan's explosion site and turned into many powerful corpse races."

Corpse Race?

Su Yu remembered that the sacred demon had once led the Zhuji female corpse race and other corpse races.

But after the sacred demon appeared, the corpse race disappeared without a trace.

Hearing that they had appeared in the space domain, Su Yu couldn't help but be moved.

Could it be the Zhuji female corpse?

The female corpse king who was still thinking about revenge for him after a hundred years?

Chapter 2715 You Are Too Merciful

He used his soul domain to silently probe the other's memories.

"Space domain's fallen soul slope?"

Fallen soul slope was the most desolate place in the space domain.

It was said that it was the place where ancient god Jin Xuan had self-destructed before he died.

His ancient god body exploded into countless pieces that splattered into every corner of the space domain.

In fact, a small portion of the time domain was scattered.

Outside the time domain, in the cemetery of a seven-star civilization, there was a fragment of ancient god Jin Xuan.

It was very likely that it had exploded in the past and splattered there.

Ancient god Jin Xuan's fragment had indeed nurtured a rather powerful evil spirit.

There was a reason why the corpse race had occupied that place.

With a single thought, Su Yu flew through the air.

At that moment.

At the center of the space region.

In an empty half-true world.

The transparent incarnation of the ruler of time was doing his best to stop his body from dissipating.

"You can't do it anymore." Beside him stood an old woman whose entire body was decaying.

There was pity on her face.

The future incarnation sighed and said, "You're almost there."

The woman was the ruler of space.

Her lifespan was about to reach its end.

"If you can, I still have hope." The woman had a crafty look on her face.

The ruler of Time's face flickered with ruthlessness. "You can't blame me for not completing the son of Heaven's mission, but for the appearance of the successor of ancient God Nine Dragons."

If not for Su Yu's help, the defensive array in the outer space of time would have completely shattered.

It definitely wouldn't have been like this. Most of the defensive arrays had only cracked and showed no signs of breaking.

The southern region of the dream boundary didn't even crack.

It was far from meeting the requirements of the children of Heaven.

Only after completing the mission would the children of Heaven be able to recreate their lives when the era restarted.

This would allow them to continue ruling the world in the next era.

The ruler of space had a sympathetic expression. "It really can't be entirely your fault. Who told you that the most dangerous outer region is outside your time domain?"

The most dangerous foreign land she spoke of was naturally the place where Su Yu was born.

There was a part of ancient god Nine Dragons' divine domain there.

It was the divine domain that had given birth to Su Yu.

"However, you don't have to worry too much. If I succeed, I can also help you destroy the defensive array of the time domain." The ruler of space was very confident.

The ruler of time raised her head and revealed a trace of gratitude. "I really envy you. You have such good innate conditions. You Don't have to spend so much effort to set things up like I did."

"Haha, I'll Just Wait and see." The chief sovereign of space sat down cross-legged, his body clearly fluttering a bit more.

At that time.

Fallen soul slope.

Su Yu stood atop an ancient tree, staring at the black mass of corpses below him. He couldn't help but narrow his eyes.

There were so many of them that it was beyond imagination.

Most likely, one-tenth of the entire spacetime domain had been transformed into corpses.

But the most suspicious thing was that the chief sovereign of space had actually been completely indifferent to this.

"Is he going to die soon, and his heart is not strong enough, or does he have other plans?" Su Yu thought to himself.

At this moment.

A shrill cry came from the sky.

Looking Up, it was actually a group of Phoenixes.

"The Phoenixes of the ancient Netherworld Divine Realm?" Su Yu was surprised.

Those phoenixes were also from the corpse race.

The phoenixes swooped down, and the corpse race members on the ground moved aside, revealing a vast underground cave.

The Yin Qi inside was dense, and it was the favorite place of the corpse clan.

Su Yu's heart moved slightly, and he folded his space into dust, slowly drifting into it.

As soon as he entered, his spirit shook violently.

He actually sensed many powerful and abnormal auras, and each of them was no less than a ruler.

He fixed his eyes and looked.

Ten powerful skeletons stood in the middle of the underground square.

Each of the skeletons had the strength of a Heavenly Dao master.

However, their intelligence was very low.

At this moment, they were like well-tamed hounds, obediently staying where they were without moving.

In the middle of the plaza, there were two people sitting side by side.

Su Yu actually knew both of them.

The one on the left was a handsome young man with a jade-like face.

The most special thing was that he had a pair of azure blue eyes.

"Yu Xiang Wan?" Su Yu recognized her at first glance and could not help but be surprised.

That year, an accident happened when they were traveling through the time tunnel from Northern Bright City.

The two of them parted because of that.

They never saw each other again after that.

He did not expect that he would meet her here!

His current status was very different.

A middle-aged woman in golden clothes was sitting calmly beside him. She had a graceful posture.

However, her eyes were too sharp.

If she saw someone with two sharp knives, she would be able to slice them up.

This person was none other than King Phoenix!

At this moment, a few phoenixes flew down and turned into human figures.

"Greetings to the Emperor of the dead and King Phoenix. The execution platform is ready!" reported the Phoenixes.

King Phoenix said calmly, "Since we're ready, let's begin. Does the emperor of the dead have any objections?"

Yu Xiang Wan's expression was calm.

He said in a low voice, "Our corpse clan has just gathered, and our influence is still too weak. If we can unite, we should do our best to unite. There's no need to exterminate them."

"The corpse emperor," said King Phoenix calmly, "You're too kind. This doesn't seem like the style of the descendants of the ancient god of the corpse ancestor."

Yu Xiang Wan was silent.

She clenched her fists secretly.

The accident in the time tunnel that day had sent him to the space domain in one go!

Knowing that it would be difficult for him to return for a while, Yu Xiang Wan decided to develop in secret.

He was very lucky. He found the ruins where ancient god Jin Xuan exploded in the past and used those fragments to create many powerful corpse clansmen.

He was prepared to kill his way back to the time domain after accumulating enough strength.

However, ten years ago, ancient God Nine Netherworld's group of corpse race phoenixes arrived and took over the corpse race army he had created.

This was because this Phoenix king actually had ancient god corpse ancestor's sacred weapon!

All the corpse race members would submit uncontrollably when faced with a sacred weapon!

This included him!

Everything he had created was instantly taken away.

The Phoenix King looked at the Silent Yu Xiang Wan and lectured, "Don't blame me for suppressing you. Ancient God corpse ancestor left the sacred weapon to ancient God Nine Netherworld because he knew that his bloodline descendants might be useless and needed someone to assist him."

It turned out that ancient god corpse ancestor had given part of the usage of the nine dragons divine cauldron to ancient god Netherworld before he went missing.

Ancient God corpse ancestor did the same.

However, what he handed over was an even more important holy weapon.

It was precisely because of this that the corpse race Phoenix appeared strangely in ancient god Netherworld's divine domain.

However, ancient god corpse ancestor's intentions might be good.

However, it was destroyed by the ill-intentioned corpse race Phoenix.

It was the first time the king of the undead Phoenix met Yu Xiang Wan. He knew his identity, but he did not mention anything about the holy weapon.

It was only when the holy weapon left the Netherworld realm that it was finally activated.

Only then did the king of the undead Phoenix come to look for Yu Xiang Wan with the Holy Weapon.

However, she did not give it to Yu Xiang Wan. Instead, she came to plunder everything that Yu Xiang Wan had worked so hard to create.

"You're right, King of the undead Phoenix," said Yu Xiang Wan without a change in expression.

King Phoenix nodded his head slowly. "So, do you have any objections to executing those disobedient zombie clan members?"

Yu Xiang Wan clenched her fists and shook her head slightly. "No, I don't."

Chapter 2716 Rescue Zhuji

"Very well! Execute him then!"

The title of the book was Phoenix Lady. She was escorting several members of the suppressed corpse clan from the depths of the underground.

One of them was actually the Zhuji Corpse King!

She stared at the Phoenix King with a face full of hatred. "You ruined my plans!"

Ever since Yu Xiang Wan appeared as the descendant of the ancient god of corpse ancestor,

All the corpse clan members in the world had gathered around him.

As their influence grew stronger and stronger, there was a possibility of them regaining their strength.

However, the Phoenix King suddenly appeared.

He wanted to wipe out the consciousness of all the corpse clan members except for the Phoenix clan and Yu Xiang Wan.

He wanted to train them to be like the ten skeletons who would only listen to orders.

Naturally, the Zhuji Corpse King tried his best to resist.

The outcome was obvious.

Now, the Phoenix King planned to use them to intimidate the other corpse clansmen who wanted to resist.

"Your main task is to listen to my orders." The Phoenix King said lightly.

The Zhuji Corpse King's face was filled with hatred.

She still had a dying wish, how could she erase her consciousness?

"Bring them out." The Phoenix King waved his hand.

The group of people pressed down on the Zhuji Corpse King, leaving the cave and coming to the top.

There, a pond was prepared.

Inside, all of them were filled with the extremely dense unbounded karma flame.

It was the most powerful counter to the evil things in the world.

If the corpse clan was thrown in, the consequences would be disastrous.

"Throw them in!" The executive officer said coldly.

A corpse clan was thrown in.

Immediately, his body was ignited by the unbounded karma flame, and his entire body emitted crackling sounds of burning.

The intense pain that seeped into his soul made the corpse clan let out a miserable scream.

On the ground, the corpse clan that stretched as far as the eye could see were all fearful.

After a while.

After experiencing the pain that was worse than death, the corpse clan finally died.

"Next!"

Another corpse clan member was thrown down.

The miserable screams of extreme pain burst out once again.

The corpse clan suffered the excruciating pain one by one.

Finally, it was the turn of the Zhuji Corpse King.

She rolled her eyes, and when she was thrown down, she opened her mouth and spat.

A black ball shot out and exploded on the spot.

The Black Demonic Qi soared into the sky and wrapped around her.

Then, with an astonishing speed, it tore through the space and escaped into the distance.

This ball was a life-saving item given to her by the Saint Devil.

It contained the escape method of the Heavenly Dao master.

She had been hiding all this while, waiting for this moment.

However.

Before she could leave, a bone claw descended from the sky as if it had been prepared.

Bang --

With a loud sound, the Zhuji Corpse King was slapped down from the sky.

The black fog on his body was completely scattered.

That huge bone claw pressed him down onto the ground, unable to move.

Zhuji Corpse King's heart sank, and he looked up.

It was one of the ten skeletons.

Above his head, there was a woman in golden clothes with her hands behind her back, it was Phoenix King.

Phoenix King's expression was cold, "This little trick, can you hide it from me?"

If he let Zhuji Corpse King escape in front of everyone, that would be a huge joke.

Those zombies with consciousness would only follow suit and betray.

Zhuji Corpse King felt despair and said with his eyes wide open, "You deserve to die!"

Phoenix king said indifferently, "I won't die, the one who will die is you... Oh, no, it should be called the ultimate."

The Zombies had already died once and were resurrected again.

They didn't have the ability to resurrect again.

If they died again, it would be the ultimate.

"Throw it down!" Phoenix king shouted.

The bone claw immediately threw the Zhuji Corpse King into the pool.

However, at this moment.

A nine dragons cauldron appeared out of nowhere and caught the Zhuji Corpse King.

Then, the cauldron turned around and fell back into Su Yu's hand.

The sudden change caused the Phoenix King's expression to change slightly.

He looked up and saw that it was Su Yu. "It's You?" He asked with a murderous look

How could she forget that Su Yu who came to the Netherworld realm with Yu Xiang Wan that day?

She would not forget that it was Su Yu who had set her up to fight with the Netherworld Charm.

He had caused the Phoenix faction to suffer heavy casualties?

Su Yu did not pay attention to him. Instead, he stepped on space, and billions of galaxies appeared under his feet as he flew across the sky.

The Phoenix King snorted coldly. "You want to leave?"

The skeleton of the heavenly axiom Lord smacked down with his palm.

This palm carried the pressure of the Heavenly Dao master, making it impossible for anyone to dodge.

Su Yu's expression was normal as he conjured the emperor ruler in his hand and swept it in the opposite direction.

There was a loud bang.

The moment the bone claw was blocked, the Emperor ruler shattered.

However, Su Yu had already used his spatial domain to escape.

Phoenix King's face was filled with killing intent as he transformed into a huge Phoenix and chased after it!

However, not long after he left, another Su Yu appeared out of thin air.

He went up to Yu Xiang Wan and grabbed her. "Let's Go!"

When the Phoenix King received the news that the zombie emperor had been kidnapped, it was already too late.

The future incarnation of Su Yu and Yu Xiang Wan had escaped to an unknown place.

Huff --

The Phoenix King returned in a hurry and flew into a rage. "I've been schemed against! Damn it!"

Not only did he fail to kill the Zhuji Corpse King, but he also managed to make Yu Xiang Wan break free from his control.

The other party was the true descendant of ancient god corpse ancestor.

All the corpse clan members were on his side.

With him around, even if he did not use a holy weapon, he could still control the emperor and his vassals.

But now, he had to spend a lot of energy to activate the holy weapon.

It was extremely troublesome!

"Go out and look for him immediately. We must find the descendant of ancient God Nine Dragons!" The Phoenix King's expression was uncertain.

After giving her orders, she jumped back into the underground world.

She grabbed out with her palm, and ten palm-sized fragments of ancient god Gold profound appeared in her palm.

"Immediately find a suitable skeleton," she ordered.

She couldn't delay any longer.

She had to make sufficient preparations before the ruler of space passed away.

Only then would she be able to occupy the spatial domain and turn it into a fortress to resist the destruction of the epoch.

At that time.

In an area far away from the fallen soul slope.

The two Su Yu met up.

The future incarnation dispersed, leaving only the real Su Yu behind.

Yu Xiang Wan wiped her eyes in disbelief. "Su Yu?"

He was both surprised and delighted. "How could it be you?"

He thought it was a certain expert, but in the end, it turned out to be an old friend, Su Yu.

"Who else could it be?" Su Yu smiled faintly.

As a member of the zombie clan, there should not be many people who were willing to save him.

Yu Xiang Wan was so agitated that she could not even speak properly. "Brother Su, I'll never forget the kindness of saving my life," she said incoherently.

Su Yu patted his shoulder. "Between you and me, what's there to talk about?"

When she calmed down, Yu Xiang Wan's eyes were filled with regret. "It's just that I let that B * Tch have it easy! She stole my ancestor's holy weapon and took everything I created."

"If I didn't have some value, that B * Tch would have destroyed me long ago!"

Su Yu's eyes revealed a hint of playfulness.

"I feel that it's a blessing rather than a curse for you to get rid of those corpse clan members," said Su Yu meaningfully.

Yu Xiang Wan gave a bitter smile. "You're still making fun of me at this time?"

He was really in a bad mood due to jealousy. It was really not the time to make fun of her.

Su Yu's gaze was indifferent. "Who's making fun of you? I'm serious."

Upon hearing that, Yu Xiang Wan became serious.

She could not understand what Su Yu meant.

He had lost so much, or was it a blessing?

Chapter 2717 100 Years Ago

"Why do you think the ruler of space is willing to allow you to develop the corpse clan?" Asked Su Yu.

Yu Xiang Wan paused for a moment and said hesitantly, "I don't think she has noticed it yet, right?"

Su Yu shook his head.

"She's the ruler of space, she's everywhere," said Su Yu, "She can overlook the entire space domain at any time. How could she not notice your existence?"

As a ruler of space, Su Yu knew the ruler of space the best.

The ruler of space had noticed the existence of the corpse clan at the first moment.

"If she found out about it, why didn't she stop it?" Yu Xiang Wan was puzzled.

No one welcomed the corpse clan.

The space domain was no exception.

"That's the problem." Su Yu's eyes gleamed. "I think the ruler of space must be planning something! It's actually a good thing for you that King Phoenix has taken over your corpse clan."

If he really made a move, he would have been able to think of a way to get rid of King Phoenix earlier.

Keeping him here would give Yu Xiang Wan a way to escape.

After Su Yu's guidance, Yu Xiang Wan felt that there was a conspiracy behind this.

"Forget it, I'll just treat it as spending money to get rid of the disaster." Yu Xiang Wan sighed.

Then, a smile appeared on her face. "I've heard of your deeds. I have to admire you!"

He was a nobody in the past, but now, he had become the ruler of time.

"Luck," said Su Yu humbly.

Yu Xiang Wan laughed out loud and invited him by the shoulder. "Let's Find a place to have a chat."

"Wait, there's one more thing." Su Yu took out the nine dragons cauldron.

The cauldron enlarged and poured out the female corpse of Zhu Ji.

Her reaction was exceptionally quick.

She rolled on the spot and immediately distanced herself from Su Yu. Just now, she looked at the newcomer.

When she realized that it was Su Yu, she couldn't help but freeze on the spot.

"Su Yu?" She had a shocked expression and asked in disbelief, "You're still alive?"

Over the past hundred years.

She had always felt that Su Yu had already died at the hands of the vile daughter.

It was precisely because of this will that she had been able to walk from the small sea of constellations civilization to the current eight-star civilization.

Su Yu's sudden appearance was like a bolt from the blue to her.

"It's been hard on you all these years," said Su Yu, visibly moved.

The eyes of the female corpse were misty as she threw herself into Su Yu's arms happily.

Yu Xiang Wan was stunned for a moment.

The two of them knew each other?

Moreover, their relationship seemed to be very deep?

He finally understood why Su Yu had never hated his identity as a corpse clan member.

It turned out that he and the corpse clan had a predestined relationship.

He tactfully turned around, feeling a little awkward.

Su Yu gently patted his back and said, "Thank you, all these years..."

Puff --

A muffled sound came without any warning.

Su Yu looked down and saw that the female corpse of Zhuji was holding a dagger and stabbing it into Su Yu's chest.

Whoosh --

The female corpse of Zhuji quickly retreated, her face full of killing intent.

"Zhu Ji, do you hate me?" Su Yu was confused.

Could it be that she had not known him for many years, so he hated her?

The female zombie sneered, "You want to lie to me with such a small trick?"

"Lie?" Su Yu did not understand.

The female zombie said coldly, "All these years, there are at least ninety people who want to lie to me by pretending to be Su Yu!"

She sized up Su Yu and shook her head. "Although your disguise is quite good, you are not the Su Yu I know."

A hundred years had passed.

Su Yu's appearance and temperament had changed.

However, the female zombie's memory of Su Yu was frozen a hundred years ago, before Su Yu died.

"It's really me!" Su Yu quickly said.

The female corpse of the pearl-pearl corpse looked at Su Yu with empty and angry eyes. "Can you please stop using Su Yu as a pastime? Isn't it good to let him sleep peacefully?"

She asked in a voice that sounded like she was shouting.

She retreated slowly. "Don't chase after me. I Won't do anything for you."

Then, she turned and ran away.

Su Yu stood where he was and did not chase after her.

Yu Xiang Wan quickly asked, "Brother Su, if you really know each other, why didn't you chase after her?"

Su Yu took a look at the dagger in his chest and pulled it out. His injuries healed automatically.

His expression was a little complicated as he muttered, "The me in her heart has already died a hundred years ago."

It was useless to chase after her now.

Perhaps, it was not bad to maintain such a relationship between them.

If they really knew each other, Su Yu wouldn't know how to deal with their relationship.

However, what Su Yu was very concerned about was who "You" the female zombie said before she left?

Were they referring to those who pretended to be Su Yu and deceived the female zombie?

But, how did those people know that he had a close relationship with the female zombie?

Speaking of which, the female zombie.

Ran all the way to a safe place.

She looked behind her strangely. "Why didn't they chase after her?"

"Did I misunderstand something?"The female corpse of Pearl thought.

In the past, those people had pretended to be Su Yu and used the strategy of "Saving the damsel in distress"many times.

Some dangers were fake dangers that they could create.

However, some dangers were real dangers.

As long as they were seen through by her, those fake Su Yu would chase after her relentlessly.

Only this time, they didn't chase after her?

She felt that something wasn't right.

"Speaking of which, the Su Yu this time is indeed a little different."The female corpse pondered and thought, "Should I go back and observe again?"

At this moment.

A huge ship tore through space and appeared above her head.

Two words were clearly carved on the body of the ship.

"Nirvana!"

When the female corpse saw those two words, her expression changed slightly and she said angrily, "It's really you guys, the hidden danger won't go away!"

The one chasing her all year round was none other than Nirvana.

Without thinking, she immediately ran away.

However, a powerful voice came from the ship, "Enough, you've been outside for long enough."

The voice contained the power to restrain evil things, causing the female corpse to tremble and unable to move.

At the same time, a huge claw stretched out from the ship and grabbed the female corpse.

"Where are you taking me?"The female corpse struggled unwillingly.

"I'm taking you to the place where you should go and meet the people you should meet,"the voice said.

Then, the female corpse was taken away.

The giant ship left immediately without leaving any traces behind.

Somewhere.

Su Yu seemed to have sensed something. He looked at the direction where the giant ship left and frowned slightly. "Shengyuanxin?"

For a moment earlier, the semi-heart-shaped communication device in his hand actually sensed something.

However, it disappeared very quickly as if it was an illusion.

"Brother Su, what are your plans next?" Yu Xiang Wan asked.

Su Yu came back to his senses and looked at the center of the Space Domain. "Find the ruler of time."

"You want to go to the God of Space City?" said Yu Xiang Wan, "According to what I know, the God of space city has been sealed off. It will be very difficult for you to enter without anyone knowing."

In other words, they could only force their way in.

Sealed Off?

Su Yu was not surprised.

"Let's go there first." Su Yu used his space domain to bring Yu Xiang Wan along.

A few days later.

Outside the god of Space City.

Su Yu and Yu Xiang Wan arrived.

Layers upon layers of space lotuses covered the entire God of space city.

The people inside could not come out, and the people outside could not come in either.

Su Yu tried to use the power of a mortal body to break the seal.

In the end, he was actually bounced back by the space lotuses.

Unless he used all his strength, he would not be able to break the seal.

"The ruler of space has a high defense and knows that his death is imminent. Is that why he specially protected the god City before he died?" Yu Xiang Wan guessed.

Su Yu narrowed her eyes.

Even if he was protecting the god City, he did not need to set up such a huge formation earlier.

She was thinking.

The space defense in front of her suddenly fluctuated violently.

A pillar of light that could be seen with the naked eye shot up from the center of the God City and reached the end of the nine heavens.

The sky turned gray and the earth became desolate.

Countless creatures were mourning silently.

That was the death of the ruler!

"The ruler of space is dead?" Yu Xiang Wan was a little dumbfounded.

Su Yu said, "It's about time."

He had long known from Yanran that the ruler of space was about to die. Now was the perfect time.

Yu Xiang Wan's expression was solemn. "We'd better hide. That King Phoenix is quite ambitious. She's been plotting to seize the space domain for ten years!"

"Now that the ruler of space is dead, it's the best time for her to launch her attack."

Is that so?

Su Yu's eyes flashed. "Mm, let's hide in the Divine City first."

He took a deep breath, and his fist was filled with the power of the holy physique of an ordinary mortal. He punched out fiercely.

Now that the ruler of space was dead, there was nothing to be afraid of.

There was a crack in the space defense on the spot.

Su Yu and Yu Xiang Wan immediately went in.

Almost as soon as they went in, they found that the city of God was in chaos.

There were many hidden corpse clan members everywhere. They pounced on them and bit anyone they saw.

They transformed all the living beings in the vicinity at an extremely fast speed.

Yu Xiang Wan said in a deep voice, "As expected!"

The city of God had long been turned into a sieve by the king of Phoenix.

There were corpses everywhere.

"Find a place to hide. I'll go for a while," said Su Yu.

Yu Xiang Wan nodded her head. "Don't worry about your business. The corpses can't hurt me."

At this moment, a corpse noticed Yu Xiang Wan and pounced on her while roaring.

Yu Xiang Wan snorted. The corpse screamed in fear and knelt in front of her, not daring to get up.

When Su Yu saw this, he finally felt at ease and immediately left.

He stood outside the semi-true world where the ruler of space was.

"Ruler of Time!" Su Yu's hatred erupted.

Xie Xiao Yue's death was a form of self-blame that he would never forget.

The ruler of time who started this must pay the price!

Whoosh --

Nine-colored light erupted from his entire body like a sharp arrow. It shot through the semi-true world and descended there.

There were folded spaces everywhere in the half true world.

Su Yu was standing in a desert.

However, this was actually just a world of space within a speck of dust.

Suddenly, the world darkened, and an old face appeared.

It was the ruler of time.

He stood outside the dust and stared at Su Yu quietly. With a calm gaze, he said, "I've been waiting for this day for a long time! I was really afraid that you wouldn't come."

He didn't care that Su Yu had already woken up.

He didn't care about Su Yu's revenge at all.

Instead, he was confident.

"Is that so?" Su Yu's eyes shot out a cold light.

His figure was like a rainbow, piercing through the dust and space world.

But what entered his eyes was an even bigger space world.

As for the ruler of time, it was in the outermost space.

"If you have the ability, find me!" The words of the ruler of time echoed in the space!

Chapter 2718 The Secrets Of The Ultimate

Sou --

Su Yu turned into a long arc and tore open the space before him.

But what entered his eyes was an even larger space.

When he tore open it again, what appeared before him was an even larger space.

It went on and on.

No matter how many layers of space Su Yu tore open, what appeared before his eyes was an even larger space that had never appeared before him.

Su Yu stopped.

This should be where the power of the half true world of space lay.

If he did not leave completely, he would remain in this place forever.

He calmed his mind and thought.

At that moment, he should be an ant at the bottom of a bottle. He would only circle around the bottom of the bottle.

He would not be able to leave just like that.

However, how could it be so easy for him to leave the half true world that the ruler of space had personally set up?

"What's wrong? Why aren't you chasing after a mortal?" The ruler of Time's mocking voice traveled into Su Yu's ears.

"Have you forgotten how your daughter fell into My Hands? Have you forgotten how that person called Xie Xiao Yue died tragically in my hands?"

Su Yu's emotions suddenly fluctuated, and the hatred in his mind surged.

However, he quickly calmed down.

This was the ruler of Time's deliberate mocking, which interrupted his thoughts.

"Aren't you very powerful? Come On!"The time sovereign roared.

Su Yu was unmoved. He swiped his finger, creating a spatial barrier that blocked out all sounds from the outside world.

He sat there cross-legged, thinking about a solution.

"Hehe, Coward!"The time sovereign said angrily.

The more he acted like this, the more it proved that Su Yu's calmness was correct.

If he blindly tore open space, he would never find the ruler of time.

Roar

The ruler of time saw that it was useless to provoke him, so he could only make other arrangements.

In the space where Su Yu was, a group of ferocious beasts that were searching for food had suddenly been teleported over.

It was easy to imagine what they would think when they saw a living person like Su Yu.

The ruler of time was determined to make Su Yu think.

When the wild beasts attacked, the space barrier Su Yu had drawn was like thin paper in the eyes of the wild beasts that had grown up in the semi true world.

They were easily torn apart by the wild beasts and attacked Su Yu.

Su Yu lifted his finger and a time domain swept out, instantly turning them into dust.

However, just as a batch of wild beasts was destroyed, another batch of wild beasts were moved from other places and attacked Su Yu Madly.

Moreover, there was a steady stream of wild beasts attacking Su Yu in the later stages.

Su Yu was extremely annoyed.

He simply took out the nine dragons divine cauldron and threw himself into it.

Those wild beasts attacked recklessly, but they were unable to do anything to the nine dragons divine cauldron.

Su Yu had just gotten some peace and quiet as he thought.

How should he walk out of the cycle of the strange cycle?

He pondered in his heart.

After a long time.

His mind shook slightly.

Break and then build!

Of course, he couldn't break out of the half-true world yet.

But after leaving, it wasn't too difficult to enter again.

After understanding this, he pointed with his finger and the nine dragons divine cauldron spun rapidly, sending all the wild beasts outside flying.

He stepped on the nine dragons divine cauldron and went back the way he came.

At this time.

The wild beasts behind him stopped and stopped attacking.

The time ruler also fell silent.

It was as if he was expecting Su Yu to do so.

Su Yu's heart flashed with suspicion.

Could it be that he guessed wrong?

However, he quickly made up his mind.

Once he made a decision, he would not be influenced by others.

Shua --

He quickly left a space.

The time ruler did not stop him.

He even deliberately left the space open, allowing Su Yu to leave easily.

All signs indicated that the ruler of time longed for Su Yu to leave.

Everything that followed was the same.

Even when he returned to the last speck of dust.

The path of the dust to the outside world was similarly wide open, with no obstructions at all.

No matter how resolute a person was, it was impossible for him to remain calm and continue to believe in his own judgment.

However, Su Yu was not a resolute person. Instead... he was a stubborn person.

He had never doubted his own judgment.

Without any hesitation, he charged towards the wide open road.

However, just as he charged through it...

Just as he was about to reach the outside world, the road closed with a Bang!

The ruler of Time's dark voice came from the nine heavens. "Can't we sit down and have a good talk? Why must we fight to the death?"

He was afraid!

Because Su Yu's insistence was correct.

Only by leaving the semi-true world could they break free from the endless cycle.

Su Yu said coldly, "What do you think?"

He slapped his palms together, and the nine dragons divine cauldron turned into a broken line that attacked the sealed path.

With a bang, the dust world trembled violently.

Cracks covered all directions.

The entire world could not withstand the nine dragons divine cauldron's attacks.

The chief sovereign of Time's voice was even gloomier. "Stop right there. I'll give you something you want."

"I only want your life," Su Yu said coldly.

He rarely wanted to kill someone so badly.

The chief sovereign of time was one of them.

"Don't you want that Xie Xiaoyue who died for you to come back to life?" The chief sovereign of time said in a seductive voice.

Hearing this, Su Yu suddenly stopped.

A sinkhole could come back to life?

"You have been to the sinkhole once. You should have been to the sinkhole world, right?" The time ruler noticed Su Yu's change and knew that he had Su Yu's lifeline.

How could Su Yu Forget?

In the sinkhole world, it was Xie Xiaoyue who accompanied him through the lonely ten years of sleep.

She even appeared as his wife.

"You want to tell me where people from the sinkhole can come back from?" Su Yu asked coldly.

The ruler of time asked, "What do you think life is?"

Too many people had asked this question.

Ancestor Lu had once asked Su Yu why people died?

Ancestor Lu was not completely satisfied with Su Yu's answer.

That was because he had never explained the essence of life.

"Life is a kind of energy," said the ruler of time. "Just like how we can create low-level life forms with our own power."

"We are just higher beings who create things with energy."

"However, the one who created us is a mysterious existence that controls the entire absolute beginning realm. We can't touch or sense it."

Su Yu stood still.

He understood something.

Why did life cycle over and over again?

In this world, nothing could last forever.

Only the energy continued to flow through this world. It didn't increase or decrease. It didn't die or perish.

"Xie Xiaoyue's life is the same."The ruler of Time's vision was naturally higher. He could see more and more clearly.

"Her life dissipated in absolute beginning world, but she might appear in another world in the form of energy. That world is the sinkhole world you saw

"The creatures in sinkhole world exist in the form of energy. When they wait for the next reincarnation, they will return to absolute beginning world with a new life, a new identity, and a new consciousness."

Was the sinkhole world also a true world?

Su Yu came to a sudden realization.

It was no wonder that the rabbits, wolves, and other wild beasts in the primitive world were all made of energy.

"The purpose of the primitive world's existence is to temporarily store the energy in the absolute beginning world and refine it completely. Then, they will wash away their previous memories and put it back in the absolute beginning world

"The two worlds are interdependent. Neither of them can be missing."

Hearing this, Su Yu understood a lot.

Chapter 2719 Exterminating The Ruler

"If it's as you said, their memories will be erased there. So what if we find the energy?"Su Yu asked coldly.

Creatures with different consciousnesses were like two completely different people.

Just like Wen Shui.

He could create a person exactly like Wen Shui.

However, it was no longer Wen Shui.

It was another person.

"Then you need to go to the ultimate world and get its energy back before its memories are erased."The time ruler smiled. "As for how to go to the ultimate world, I can't tell you for the time being."

This was the only life-saving method he had left.

"You stay here for ten years. When I finish what I want to do, I will tell you how to go."

The ruler of time let out a sigh of relief. He had finally stabilized the situation and held on to his life.

"Alright," Su Yu said calmly.

The ruler of time smiled. "That's more like it. A wise man submits to circumstances. There's no need to act impulsively..."

Clang --

Su Yu suddenly erupted with a rainbow light, completely shattering the dust world.

After this world shattered, logically speaking, he should have appeared in the Divine City and been teleported to the outside world.

But that was not the case.

An extremely rich spatial world appeared around him.

On a throne, there was an old woman who was completely dead. Her entire body was rotten and she gave off a faint fishy smell.

She was the ruler of space!

And near the throne, there was an old man sitting cross-legged.

He was the ruler of time who had escaped to this place.

In front of him, there was a cube-shaped crystal.

There were tens of thousands of small spaces in it.

With just a gentle rotation of the crystal, the space inside would change.

At that moment, a small hole had been shattered in one corner of the crystal.

This was why Su Yu could not come out.

From the moment he had entered the semi-true world, he had fallen into the space controlled by the crystal.

The ruler of time had been guarding against Su Yu's revenge for the past ten years.

When he found out that Su Yu had really arrived, he immediately used the crystal to trap him within.

Fortunately, Su Yu had discovered it in time.

Otherwise, if he continued to go deeper, it might not be as easy for him to return as before.

"Ruler of Time!" Su Yu said coldly.

The ruler of Time's palm trembled. With a sunken expression, he put down the crystal and lifted his aged eyes to stare at Su Yu.

"Don't you want to save Xie Xiaoyue? She is deeply in love with you." The ruler of Time's eyelids twitched slightly.

Su Yu nodded. "Yes, but you won't tell me the way to save her."

He knew the ruler of time too well.

A person who hated him and was good at scheming.

Would he really tell him everything in ten years?

No!

He had surrendered, but he had fallen into his trap for nothing.

"Think carefully. There aren't many people who can tell me the method to save you," the ruler of time stood up and threatened.

Su Yu said faintly, "It's fine as long as you're not the only one who knows. I'll find someone else!"

Whoosh --

The nine-colored light on his body instantly shone brightly.

It illuminated the entire semi-true world in a colorful light.

When he was forced into a dead end, the ruler of time roared furiously, "Human, you must fight to the death, right? Fine! I'll Grant Your Wish!"

"River of time, future!"

Whoosh --

A long river suddenly appeared, and the entire half true world was sucked into it.

The ruler of time, who was already weak and pale, immediately became a little more corporeal. His power had clearly become stronger.

"Su Yu, don't think that just because you're a mortal, you can be invincible in the world. You'll never be able to imagine the true power of my time domain."

The ruler of time roared.

The entire river began to tremble violently.

"The future will be destroyed!" The ruler of time stepped on the river of time and the future.

A muffled sound rang out as Su Yu's future incarnation appeared covered in blood.

Terrifying injuries appeared one after another, indicating that his future incarnation was very close to being destroyed.

"This body, be careful. He will use deadly attacks on you in the future. Quickly destroy him!" The future incarnation finished speaking.

A terrifying wave suddenly appeared in the river beneath him, instantly engulfing the future incarnation.

If a person's future was destroyed...

When he arrived at that future point, he would naturally die.

"Didn't you want to kill me? Then let's perish together!" The chief sovereign of time roared.

Su Yu's face was calm. He said calmly, "Perish together. You aren't qualified yet."

"Break!"

His figure turned into a rainbow and instantly passed through the body of the time ruler.
The power of the mortal embryo saint body immediately turned into scorching flames.
It started to burn from the inside out.
The time ruler immediately screamed.

However, within the raging flames, his old face was filled with hatred and a sinister smile. "I advise you to immediately take back the power of the mortal embryo Saint Body."

Su Yu's back was facing him as he asked indifferently, "What's the reason?"

"The reason... hehe..."the time ruler sneered. "If I die, all my descendants will die!"

"I'm thinking that you must have given all my descendants of the time ruler to that girl, Xingyu, right?"

"Hehe, if you contact her now, you'll definitely find that her body is also starting to burn."

The time ruler and his descendants were connected by blood.

He was attacked by the mortal body's destruction, and so was his bloodline.

One could imagine what would happen to the person who obtained the time ruler's bloodline.

This was the time ruler's last resort.

He would not use it until the last moment.

However, to his surprise,.

Su Yu did not panic at all. Instead, he calmly took out the time ruler's bloodline.

At this moment, the bloodline was burning.

Su Yu pressed his palm lightly and extinguished the burning power of the mortal body.

"Are you talking about this?"Su Yu said calmly.

The ruler of time turned around and widened his old eyes. He said in disbelief, "You... you didn't give it to others, and you didn't absorb it yourself?"

How could this be?

Who could resist the temptation of the ruler of Time's bloodline?

Moreover, this was the entirety of his descendant's bloodline.

Once he obtained it, he would be in the Yuan level domain!

Ten years had passed, but no one had refined it.

Su Yu turned around and looked at him coldly. "So, you can rest in peace."

The Flames on the ruler of Time's body suddenly exploded.

As he was in pain, he let out an unwilling roar. "No! No! I'm the ruler of time, the ruler of eternity. I Won't die, I won't die..."

As he roared, the ruler of time was burned into nothingness.

Only a few crystal clear crystals were left.

Su Yu grabbed him with a faint expression.

The essence of time.

The most precious thing in the life of the ruler of time was the comprehension of the time domain.

Sou --

He waved his hand across space and his future incarnation appeared.

The incarnation was on the verge of death and said weakly, "If it was any later, I would be finished!"

Su Yu shrugged. "Am I too weak in the future?"

He stroked his palm and healed his injuries.

The future incarnation immediately became lively and said bitterly, "You don't know that this old fellow prepared something extremely terrifying in the future. I'm lucky to be able to survive!"

Oh?

Su Yu's heart moved.

The time ruler had repeatedly requested that he be given another ten years.

Could it be that he was prepared to use ten years to prepare something?

Chapter 2720 The Mysterious Golden Sedan

Su Yu looked around.

Su Yu's gaze was fixed on the dead ruler of space.

To be exact, it was the throne beneath him.

He moved the corpse of the ruler of space away.

The already rotten body immediately turned into dust and fell to the ground.

The throne beneath him was revealed.

Only at this moment did he realize that there was a pitch-black sickle under the throne.

"It's this thing!" The future incarnation looked fearful.

Is that so?

Su Yu picked up the sickle and poured Xuan Dao energy into it.

After using it, the Black Sickle drew a black arc in the air.

But that was all.

The power of the arc was comparable to an ordinary dao artifact.

It didn't seem very powerful.

However, this thing could be suppressed under the throne by the ruler of space. How could it be simple?

Moreover, his future self had almost died under the sickle.

He didn't need to think to know how terrifying this item was.

"That's not right! After the ruler of time uses it, the sickle will change shape. It's not like this." The future incarnation shook his head.

Su Yu pondered for a moment, then stared at the throne.

After thinking for a moment, he kicked the throne over.

He swept his gaze over and actually found a text at the bottom of the throne.

"Kalpa scythe."

It should be the name of the black scythe.

The following details were the specific method to use it.

After reading it, Su Yu murmured, "No wonder the power of the Xuan Dao is not good. It turns out that it requires a ruler bloodline."

He looked at the time ruler bloodline in his hand and urged, "Protect me."

The future incarnation looked expectant. "This thing is in your hands, so it's much safer. Just refine it."

Su Yu sat cross-legged and began to fuse with the time ruler bloodline.

Once the bloodline entered his body, Su Yu immediately absorbed an endless amount of pure time domain.

His own domain continued to grow.

One month later.

His domain finally broke through the intermediate level and reached the advanced level.

However, he had only absorbed one-tenth of the time ruler bloodline.

He calmed down.

Su Yu continued.

Ten months later.

The ruler of time bloodline in his hand had completely disappeared.

Su Yu's body was surrounded by an unprecedentedly powerful time domain.

"The incarnation of the past!"

Sou --

Another Su Yu appeared.

His cultivation was only at the Nirvana realm.

That was the Su Yu from ten years ago.

The current body, the past body, and the future body.

All three bodies were present.

At the same time, the time around Su Yu changed at an astonishing speed.

Sometimes it sped up, sometimes it slowed down, and sometimes it stopped.

It was as if all time listened to Su Yu's orders.

"Time Hourglass!" He said softly.

The time domain around him instantly expanded infinitely and covered the entire space domain.

A time hourglass suddenly appeared above all the living beings.

This was something that the living beings of the time domain had once possessed.

It had troubled them for generations.

Until the ruler of time was destroyed.

And now, it had reappeared above the living beings of the space domain.

"What happened?" The living beings of the space domain were all shocked.

Fallen soul slope.

Phoenix King, who was sitting on a skeleton, had a grim expression. "The ruler of time has been resurrected?"

"Or is it that a new ruler of time has been born?"

The answer was naturally the latter!

"How troublesome." Phoenix king was slightly irritated.

She had been waiting for the ruler of space to die before she dared to take over the territory.

But now, the ruler of space had just died, and a new ruler of time had appeared.

"However, the tide has turned. So what if the ruler of time has been born? It Won't change the situation."

At this moment, the space domain.

Was already covered by the surging corpse race army.

The vast majority of creatures were transformed by the corpse race within a year.

Only a few were chased into the time domain to hide.

Moreover, the corpse race army didn't stop. They had no other choice.

They charged towards the broken time domain and Soul Domain.

No one had expected that the corpse race, which wasn't valued, would become so powerful in the chaos.

They had accomplished what the sacred demon had wanted to accomplish in the past, but could not.

"Follow me, we will meet that new time ruler!" Under the control of the Phoenix King, a total of twenty Heavenly Dao master level skeletons rushed towards the divine city.

Sou --

However, they were just about to leave.

A golden palanquin stopped the phoenix king without any warning.

The latter's expression froze. Without thinking, he used the Heavenly Dao master level skeletons to fiercely charge over.

However, the Heavenly Dao master's skeleton's attack couldn't break through the Golden Sedan Chair.

There was a faint layer of ripples around the sedan chair, easily blocking the skeleton.

"Foolish corpse race." A young woman sighed from within the Golden Sedan Chair.

As she spoke, the ripples suddenly rebounded.

Instantly, the Heavenly Dao master's skeleton was shattered into dust.

He didn't even have the slightest ability to resist.

The strangest thing was that under such a fierce attack, Phoenix King was actually safe and sound.

The opponent's control of power was already extremely accurate.

Cold Sweat appeared on Phoenix King's forehead.

What kind of existence was this?

"Sir, what advice do you have?" Phoenix king braced himself and asked.

The opponent didn't seem to have any obvious malice.

Otherwise, she wouldn't be here anymore.

The person in the golden sedan said slowly, "You control the power of the corpse clan, but your vision is limited to a single region. Your shallowness is beyond my imagination."

Hearing that.

Phoenix king's heart moved, "The corpse clan only has a large number, their actual combat strength doesn't hold an advantage."

"Pathetic, you don't even understand the corpse clan you control!"

As soon as he finished speaking, a very ordinary corpse clan flew up into the air.

That corpse clan struggled, then its body continued to expand, and finally exploded.

However, an ordinary corpse clan's explosion was incomparably terrifying.

It wasn't inferior to a peak Earth Dao master's attack.

The space was blasted apart, revealing a defensive formation. Even the formation had cracks.

"This is..."the Phoenix king took a deep breath

She had no idea that these corpse race self-destructs had such power.

"The spatial domain was the divine domain of ancient god Jin Xuan. After he self-destructed, his essence merged into the Divine Domain."The person in the sedan continued, "The corpse race that were born here more or less absorbed a bit of essence."

"If those essences were used properly, how could the self-detonation just now have happened?"

The Phoenix King was excited.

If that was really the case, with these invincible self-detonating corpse race, the entire eight-star civilization would be shrouded in fear.

"Thank you for your guidance, sir. May I know who you are?"The Phoenix King was very curious about the other party's identity.

Why would the other party help her so much?

"Someone who will help you."The person in the sedan concealed his identity.

After that, he said, "There is someone you need to pay attention to. I suggest you get rid of him first."

"Who?"

"Su Yu! He will be a great enemy that will hinder you."

The Phoenix King's gaze became fierce.

Even without the person in the sedan mentioning it, she did not intend to let Su Yu off.

"I know. I will find this person."

The person in the sedan said unhappily, "That's why you are too stupid and shallow! You Don't even know when to strike!"
