

Nine-Dragon 2731

Chapter 2731 Down And Out

Who Was It?

Who wanted to gather the clone of the carefree emperor?

Who was so eager to deal with him?

Were they some slaves trained by the sacred mountain?

His heart was filled with great doubts!

After pondering for a long time, Su Yu nodded at the youth. "Thank you. What's Your Name?"

The youth said, "Huang Chen. Yes, I'm Yanran's brother."

He looked at Su Yu deeply.

The news that Yanran had received the protection of the Su sacred body had long spread.

"Oh?" Su Yu was surprised. No wonder this young man was somewhat similar to Yanran.

Su Yu paused and shot out a few crystal balls.

Huang Chen caught them and detected the extremely pure energy within. He couldn't help but reveal a happy expression.

The current him had already lost his ruler bloodline and didn't have any domain power.

The only thing he could rely on was his cultivation.

These few energy balls were like timely rain.

He knelt down in gratitude.

After a pause, he said, "Sacred physique Su, I suggest that you take out all of the ruler of space bloodline in my sister's body."

Su Yu said indifferently, "Why?"

There was no reason to take back what he had given out.

Huang Chen said, "There is still a group of mysterious people in the Martial Dao Temple. They are seizing the bloodline of the eight overlords while they are weak and dying."

"Su saintly being is kind-hearted. He gave the bloodline of the spatial overlords to my sister. But for my sister, it is a blessing in disguise."

Huang Chen said in a deep voice, "If I am not wrong, I am afraid that a group of mysterious forces has already set their eyes on my sister."

Hearing this, Su Yu became solemn.

The appearance of the Martial Dao Temple and that group of mysterious dark forces was indeed beyond Su Yu's expectations.

He had originally thought that the eight rulers were the greatest rulers of this eight-star civilization.

He didn't expect that there was an extremely powerful force hidden behind them.

Moreover, they had appeared at the moment when the eight rulers were weakening and dying, stirring up trouble.

If that was the case, would Xian 'er be in danger?

She was a descendant of ancient god Netherworld.

Would she also be targeted by this force?

Thinking of this, he began to worry.

He looked at the communication device again and couldn't help but frown.

Why hadn't Hanxuan sent a message?

Did something happen to her?

At that time.

In the sky prison.

The Martial Dao Temple stood in front of the empty sky prison with a gloomy expression.

"When did Yao Ji Die?"The Martial Dao Temple asked in a deep voice.

An expert guarding the life token behind him said with a trembling voice, "Two cups of tea ago, I just discovered that the name token was broken. I immediately notified the ruler."

The Martial Dao Temple narrowed his eyes. "Two cups of Tea?"

He shook his head. "What kind of person can break through all the defenses of the heavenly book characters in two cups of tea and even forcefully pull out my soul steel needle?"

"This is impossible!"

The life token keeper trembled and immediately knelt on the ground to beg for mercy. "I didn't. I really didn't delay."

The Martial Dao Temple didn't even turn around and said indifferently, "Take him away."

The expert with the title immediately dragged this person out.

Not long after, a scream sounded.

An expert carried his head back. "Reporting to my lord, I've already executed him."

Martial Dao temple nodded indifferently. "Bring Me the records of the people who entered and left the tunnel recently."

Soon, the bearded man at the entrance to the semi-true world was called over.

Martial Dao Temple looked at him and immediately read the memories in his mind.

Suddenly, Martial Dao temple froze on a disciple.

This person had just left when he returned to the semi-true world.

There was something strange about his words and actions.

It was as if he did not know the way.

"There's something strange. Contact that person. where is he now?"

Once he gave the order, a powerful warrior quickly came forward and replied, "Sir, that person's name is Yuan Zhen. He's currently in the Life Region."

It would take at least a day to rush to this place from where.

That was why Yuan Zhen, who had appeared in the semi-true world, was definitely not a real person.

He was just another person in disguise!

"Invite the greetings over,"the Martial Dao Temple ordered once again.

In the bearded man's memories, Yuan Zhen went to the Greetings Hall to register.

A powerful warrior immediately rushed over, but what he saw was an empty hall.

He realized that something was wrong and immediately came back to report.

When he heard this, the Martial Dao Temple's eyes narrowed.

"She's Gone?"The eyes of the Martial Dao temple flickered with suspicion.

There were only two explanations for her disappearance.

One was that she was already dead.

The other was that she had run away!

"If she's alive, she wants to see her. If she's dead, she wants to see her corpse,"the Martial Dao Temple ordered.

Instantly, the entire soul region began to operate.

On one side, they were vigorously searching for the Soul Dominators who had been rescued, as well as the many descendants of the Dominators.

On the other side, they were frantically searching for Hanxuan.

Even the army far away at the border received orders from the central city.

In a military camp.

An old and mature general was lecturing.

"Everyone has performed well this season. I will report to the central city for everyone's achievements."

In the tent sat two rows of generals of different ages.

One of them was an exceptionally young general.

He frowned slightly and muttered, "Is there still no me?"

At this moment, the smile on the old general's face disappeared.

He changed his tone and said, "However, there are also some people who are extremely irresponsible and seriously delay the military situation. I have already reported to the central city and prepared to remove them from their positions."

Instantly, everyone's hearts tightened.

Someone was going to be removed from their positions?

Everyone's gazes seemed to have made an agreement as they looked at Zhan Wushuang.

In terms of who was most likely to be fired.

Without a doubt, it was Zhan Wushuang.

He had no background in the army.

It was said that he was originally a slave. It was not easy for him to climb up to the position of general.

Unfortunately, he was not flexible and did not have a background.

No matter how hard he worked in the army, no matter how much he contributed, there was no hope for him to advance.

In fact, many of his achievements were forcefully taken away by those with backgrounds.

In the barracks, he could be said to be depressed.

He did not expect the new commander to be so ruthless.

After taking charge of the army for half a year, he was ready to wipe out Zhan Wushuang and chase him out of the barracks.

Should he be sad or pitiful?

"You know who I am talking about. Wait for the notification from the Central City." The old general said, "Alright, let's call it a day."

Before leaving, he gave Zhan wushuang a deep look.

Just as the others had guessed, the person the old general was talking about was none other than Zhan wushuang.

Zhan Wushuang clenched his fists.

His eyes were filled with grief and indignation.

"Why? I've already worked so hard, why is it still like this?"

There seemed to be a flame of anger burning in his chest.

Ever since he came to the eight-star civilization, he had tried his best to fight for a better environment for Hanxuan.

However, in the end, he still had nothing!

Unfair!

Too unfair!

Zhan wushuang left the military camp in a daze.

He was prepared to return to the temporary station in the city to rest and think of a way to protect his general method.

However, just as he entered the city.

A black-robed figure pulled Zhan wushuang to a corner.

Chapter 2732 Was Activated In A Dark Manner

"Who is it? !"Zhan wushuang's expression changed slightly. He was about to attack.

However, the black-robed man immediately took off his hat and revealed his true appearance.

"Hanxuan?"Zhan wushuang immediately stopped. Surprise appeared on his face. "You're not in the semi true world. How did you end up here?"

The semi true world did not allow people to leave casually.

Besides, Hanxuan was dressed mysteriously, which made him even more suspicious.

Hanxuan looked around warily and said in a low voice, "Brother Wushuang, let's leave the soul region."

This was not the first time she had brought up this suggestion.

However, Zhan Wushuang rejected it every single time.

The Eight Star civilization was a vast world, so where could they find a place to stay?

It was already very good that they could find a place to stay in the soul region.

There was no need for them to go out and take risks.

However, at that moment, Zhan wushuang surprisingly did not object.

He was about to be impeached and removed from the position of general that he had fought so hard for.

The future was dark.

What was the point of staying?

"Have you thought about where you want to go?"Zhan wushuang asked.

Hanxuan smiled mysteriously and said, "There's a mysterious person who will take us to a safe place. It's absolutely reliable."

'mysterious person?'?

Zhan Wushuang did not doubt him too much.

Hanxuan was in the semi-true world, so she could come into contact with more people with status and status.

It was not strange for her to get to know a mysterious person who could bring them away from the soul region.

"Let me make some preparations." Zhan Wushuang took a deep breath. His decision had come too suddenly.

He was not ready yet.

Hanxuan nodded. "Go, but don't delay for too long. That mysterious person might not be able to wait for us forever."

"Okay!"

Zhan Wushuang immediately returned to the barracks and tidied up the various items he had placed in the barracks.

"Soul crystals, Dao artifacts, cultivation techniques..." Zhan Wushuang was tidying up.

Suddenly, a loud bugle call came from outside the barracks.

It was the signal for the barracks to gather.

Anyone who was in the barracks had to gather.

Once they were found disobeying, they would be severely punished.

Zhan Wushuang could only put down what he was doing and rush over immediately.

Not long after.

In the commander's tent.

Many generals were not dressed neatly and stood in a mess in the tent.

The commander's face was solemn.

"Everyone, the ruler has issued a level ten order!"

Hearing this, the generals with good qualities all sucked in a breath of cold air.

"Level ten?"

"Did you hear wrong?"

The orders of the Martial Dao temple were divided into ten levels.

The higher the level, the more important the order was.

Until now.

The level 10 order had only been issued once.

That was 100,000 years ago, when the Martial Dao Temple had just seized the position of ruler.

At that time, the Martial Dao Temple was at its weakest.

Because of that, he issued a level-10 order to exterminate all the remaining descendants of the ruler in the region.

Since then, there had never been a level-10 order.

He did not expect to meet it again today.

"The content of this level-10 order is to capture the fugitive Su Yu, as well as the master of the Hall of Greetings, Hanxuan!"The commander spoke in a sonorous voice.

"This order has been received by all the military camps in the region. We were the last to receive it at the border, and we are at an extremely disadvantageous position."

"It's very likely that the two important criminals have already escaped."

The commander spoke from above.

Zhan Wushuang's mind was in chaos.

Su Yu?

Su Yu! !

The man who had always trampled him under his feet and snatched away his emperor's killing sword and throne?

The Man Hanxuan could never forget?

Wait!

How did Hanxuan become a fugitive?

At this moment, the commander placed the command scroll on the table and showed it to the generals.

Zhan wushuang came over to watch.

The content clearly described that Hanxuan had helped the important criminal Su Yu and rescued many prisoners from the heavenly prison.

Now, she was fleeing for her life and was nowhere to be found.

Seeing this, Zhan Wushuang's body trembled.

He finally understood why Hanxuan was dressed in a black robe. It turned out that she had helped Su Yu.

And who was the mysterious person she was talking about.

Zhan wushuang finally knew!

Su Yu!

The omnipotent Su Yu in Hanxuan's eyes.

Zhan Wushuang clenched his fists.

He felt the pain of being deceived.

Could it be that all these years, his efforts could not be compared to Su Yu's?

Just meeting Su Yu once, Hanxuan risked everything to help him.

And she even wanted to go with him?

Why?

Why did this happen?

As the chosen one, he should have gotten the emperor's four-piece set, but it was snatched by Su Yu.
Now, even the heart of the woman he loved the most was snatched away by Su Yu.

Why was this so?

"Zhan Wushuang, are you alright?" The commander's gaze was sharp as he said that Zhan Wushuang was in an abnormal mood.

A general sneered, "Probably because he was scared by the rich rewards."

"Speaking of which, the rewards of the level 10 order are indeed very rich."

"Look, the ruler said that whoever finds Su Yu will be rewarded with the position of Vice Domain Lord of the soul region and sent to the holy land to cultivate."

"Oh my God, the Holy Land is a place where only adults can stay."

"Yeah, I heard that after going there once, the Soul Moon above his head will be removed and he will become the ruler's confidant from then on. His status will soar to the sky."

"Sigh, if only I could find Su Yu."

Zhan wushuang heard it.

An uncontrollable evil thought appeared in his mind.

Report Su Yu!

As long as he could report Su Yu,.

He would be able to escape his current predicament and become a trusted aide of the martial arts temple.

He could even enter the Holy Land!

No!

If I did this, how would Hanxuan see me?

How was this any different from a despicable person?

However, the moment this thought appeared, it skyrocketed like crazy grass.

He could no longer suppress it.

He stood to the side.

All sorts of thoughts appeared in his mind.

He had always been an upright person and had never done anything that went against his morals.

But today..

He imagined hanxuan eager to leave with Su Yu.

That evil thought in Zhan Wushuang's heart could no longer be suppressed.

The commander said at this moment, "Each of you will lead a team to look for Su Yu."

After a pause, the commander looked at Zhan wushuang and said, "You don't have to go. There are some logistics in the camp that need to be managed by someone, so you will be in charge."

He even deprived Zhan Wushuang of the opportunity to look for Su Yu.

It was obvious that Zhan Wushuang's days in the camp would be bleak.

Hearing these words.

The Justice in Zhan Wushuang's heart was completely suppressed.

He needed to turn over a new leaf!

He needed to turn over a new leaf at all costs.

He needed to take back everything that belonged to him!

"This general, I won't do it anymore." Zhan wushuang took out his general's order and slapped it on the table.

This action was something the commander couldn't ask for more.

He put away the order indifferently and said, "Oh, then I won't keep you. I hope you can find another path in the future."

"Men, send General Zhan wushuang a fast horse."

The implication was that he wanted Zhan wushuang to leave as soon as possible.

Everyone laughed.

"Hehe, he probably thought that the commander would ask him to stay, right?"

"He really doesn't know his own limits. He's being targeted everywhere in the camp and he still doesn't know how to leave. If it were me, I would have left long ago."

Waves of mocking words fell into Zhan Wushuang's ears.

It caused the dark side in his heart to be completely activated.

Chapter 2733 Conspiracy At The Front

He said coldly, "There's no need, I'll leave on my own!"

His gaze swept over everyone in the barracks and he said coldly, "All of you, take care of yourselves!"

He swore.

If one day he rose to fame, he would definitely trample all those who had bullied and humiliated him under his feet!

Definitely!

After leaving the barracks, Zhan wushuang came to meet up with Hanxuan.

"Brother Wushuang, are you ready?" Hanxuan asked.

Zhan wushuang nodded tiredly.

All these years, he had been too tired.

Hanxuan gazed at Zhan Wushuang's slightly weathered face.
That face of a youth, however, had a trace of the weathered look of a middle-aged man.
All these years, he had been working hard and exhausted.
Because, he had always wanted to take care of himself.
She had always understood Zhan Wushuang's feelings.
In the past, there was still a Su Yu in her heart, and she had never been able to respond.
But a long time ago, her heart had already let Zhan Wushuang in.
People are not plants, who can be heartless.
Zhan Wushuang's care and love had long moved her.
So, when Su Yu wanted to take her away.
She thought of Zhan Wushuang.
She wanted to find a safe place with Zhan Wushuang and live a quiet and peaceful life.
However, Zhan Wushuang was very conservative when it came to relationships.
He was always unwilling to express his feelings.
How could hanxuan have the nerve to say it out loud?
She would only agree to it when this blockhead was enlightened one day.
"Just be prepared. After we arrive at a safe place, Let's start a new life."
Hanxuan emphasized the word "New"very heavily.
She hoped that Zhan wushuang would be able to understand the deep meaning behind it.
Unfortunately, Zhan Wushuang was absent-minded.
He was completely unable to understand the meaning behind Hanxuan's words.
"Let's go and meet that mysterious person of yours."Zhan wushuang's gaze flashed slightly.
Hanxuan nodded happily. "Good! Brother Wushuang will definitely be very surprised to see him."
Is that so?
Zhan wushuang looked at Hanxuan's happy face and felt a stab of pain in his heart.
Probably, Hanxuan would only be this happy when she saw Su Yu?
As for the surprise.

He believed that Su Yu would be surprised.
The stab of pain in his heart grew even darker.
A few hours later.
They arrived outside the central city.

Zhan wushuang said, "Hanxuan, I've saved some money in the bank. Since I'm leaving now, I'll have to take it out."

"Do you want me to go with you?" Hanxuan asked.

Actually, what she wanted to say was, forget about the money.

It was just that Zhan Wushuang had saved the money after many years of hard work.

She couldn't bear to let him give up.

Zhan wushuang patted the back of her hand and said, "No need. You stay here. I'll be back soon."

"Oh, then be careful, Brother Wushuang." Hanxuan gazed at him affectionately.

Zhan wushuang turned around and entered the city.

The moment he turned around, his gentle eyes shot out a cold light.

In his heart, he silently said sorry.

"Hanxuan, I'm sorry. I know you'll Hate Me, but this is for your own good," Zhan wushuang comforted himself.

He was doing it for his own good.

Secondly, he was doing it for Hanxuan to get rid of the suspicion.

He came to the side of the hall of the ruler in the city. There was a special place for receiving mission recipients.

He stood in the hall and said coldly, "Find someone who can talk!"

There should be a special person in charge in the hall.

The person at the counter in front of him was just a small fry.

It was not worth mentioning his discovery.

"Can I?"

Suddenly, an extremely indifferent voice came from behind Zhan Wushuang.

Zhan wushuang turned his head and his expression changed.

He hurriedly knelt down on one knee and said respectfully, "Greetings, ruler."

He was shocked.

The ruler was actually in the mission hall.

The Martial Dao Temple looked down from above and looked at Zhan wushuang indifferently.

"Speak, don't disappoint me."

He had waited here specifically to wait for Su Yu's news.

However, there had been many people who had spread false news and tried to cheat rewards.

All of them had been killed by him.

He hoped that Zhan wushuang would not disappoint him.

"I know where Su Yu is hiding," Zhan Wushuang said.

The Martial Dao Temple's pupils contracted slightly. He reminded him solemnly, "I was blamed for not telling you. Before you, eight people who had spread false news had already died at my hands."

Zhan wushuang nodded and said, "I understand, but I really know."

A trace of joy appeared on the Martial Dao Temple's face. "Lead the way."

However, Zhan Wushuang still knelt on one knee on the ground.

The Martial Dao temple frowned slightly and said, "After we confirm Su Yu's location, we will give you the reward that you deserve."

Zhan wushuang hesitated and said, "Besides the reward, I hope that the ruler can agree to another condition of mine."

"Speak!"

Zhan wushuang said, "I implore the ruler to pardon Hanxuan's sins."

Her?

The eyes of the Martial Dao temple flashed, and they nodded lightly. "Yes."

Only then did Zhan wushuang make up his mind.

"I implore the ruler to secretly follow behind me to avoid alerting the enemy. As far as I know, Su Yu is a very vigilant and even cunning person. The slightest movement might cause him to escape."

The Martial Dao temple deeply agreed.

The first confrontation between him and Su Yu ended with the other party escaping.

Zhan wushuang immediately left the Mission Hall and came to the outskirts of the city.

Hanxuan asked curiously, "Brother Wushuang, why are you so slow?"

"There are too many people lining up to take the money." Zhan Wushuang did not dare to look into Hanxuan's eyes.

Hanxuan trusted Zhan Wushuang unconditionally and did not have any doubts. She smiled and said, "Let's go."

When they came to a quiet place, Hanxuan immediately took out a communication device and sent a message to Su Yu to ask for his location.

After waiting for a long time, Su Yu finally let out a sigh of relief.

He immediately sent his address over.

However, Su Yu was cautious.

"Hanxuan left a little too long ago. Just to be on the safe side, let's be more cautious." Su Yu's heart moved.

He used the thought as reality and transformed into a fake Su Yu.

His original body left the central city and was in the distant countryside. Through the fake Su Yu, he silently observed the situation.

After half a cup of tea.

Hanxuan, who had received the message, rushed over with Zhan Wushuang.

A complicated look appeared in Su Yu's eyes.

He and Zhan Wushuang could not be considered enemies, but they could not be considered friends either.

The two of them had arrived at today's eight-star civilization from the nine regions continent.

They could be considered old friends.

The fake Su Yu faintly smiled at Zhan Wushuang. "Long time no see, how have you been?"

Zhan Wushuang's mood became even more complicated. "You too, your abilities have increased by quite a bit."

"Luck." Su Yu gave a faint smile.

Hanxuan smiled and said, "You can exchange greetings in another place. This place is very dangerous."

Su Yu asked, "Hanxuan, where do you want to go? There aren't many places that can be considered safe in the current eight-star civilization."

Most of the dominion domains had already collapsed.

Hanxuan looked at Zhan Wushuang and then at Su Yu.

Suddenly, she mustered her courage and said, "Brother Su Yu, if Zhan Wushuang and I are together one day, can you come and bless us?"

She didn't know if there was still a chance to invite Su Yu.

Therefore, she wanted to take advantage of the fact that Su Yu was right in front of her to invite him.

And she wanted to take this opportunity to tell him what she was thinking.

Otherwise, I don't know how many years I'll have to wait for Zhan Wushuang to open his mouth.

Chapter 2734 The Same Scene

"If I were still alive, I would have come," Su Yu said with a smile.

Su Yu was not surprised that they finally got together.

He was not jealous.

That was what Zhan Wushuang deserved.

He had waited for a woman for so many years. No matter how difficult it was, he would never leave her.

Even the Rockmen should be moved.

Not to mention the pure-hearted hanxuan.

He looked at Zhan wushuang and said, "Congratulations."

However, at this moment, he realized that Zhan Wushuang's expression was not right.

His expression was stiff.

However, it was not joy or surprise, but an even more complicated stiffness.

There was more panic and regret.

Hanxuan also noticed that Zhan Wushuang's expression was not right. Her face was slightly red as she said angrily, "Senior Brother Wushuang, you're really putting me in a difficult position."

She finally mustered up her courage to express her feelings.

In the end, Zhan wushuang revealed such an expression..

How could she bear it?

Zhan Wushuang's mind went blank.

Hanxuan... didn't want to go with Su Yu.

She wanted to stay with him forever?

At this moment, Zhan Wushuang felt that he might have made the most wrong decision in his life.

When he came back to his senses, Zhan wushuang lowered his head in shame.

What on Earth had he done?

If Hanxuan knew that he had betrayed her, would she still marry him like this?

It couldn't be, right?

He clenched his fists tightly and said in a low voice, "Su Yu, run away quickly."

Huh?

Hanxuan and Su Yu raised their eyebrows.

Su Yu's gaze turned cold as he slowly retreated. "Zhan Wushuang, what did you do?"

Zhan wushuang stood there like a wooden man, not moving at all.

He was ashamed to respond!

And he could not respond in front of hanxuan!

In Hanxuan's heart, he must not be that kind of person, right?

He looked at Hanxuan quietly from the corner of his eyes.

What hurt his heart was.

Hanxuan looked at him with a look of disbelief, surprise, and strangeness.

He would never forget that look!

He knew that all his efforts over the years had been in vain!

Hanxuan would never marry someone like him!

In an instant.

Zhan wushuang felt that he had lost his world. All that was left in front of him was darkness, self-blame, and regret.

"Senior brother, tell me that this is not true." Hanxuan looked straight at Zhan Wushuang.

On her way to the military camp, she had long found countless wanted posters for her and Su Yu.

However, she had never thought that Zhan wushuang would report her and Su Yu.

In her heart, Zhan Wushuang had never been a sinister person.

In her entire life, he had never done anything guilty.

Zhan Wushuang's face was stiff as he held Hanxuan's shoulders and said, "I... I did it to save you. You colluded with Su Yu and let the people from the heavenly prison go. Will the ruler let you go?"

Hanxuan's eyes lost focus bit by bit.

Her entire body was indescribably cold.

She felt that the Zhan Wushuang in front of her was no longer the Zhan Wushuang she knew.

She said in a daze, "If you didn't report it, how would the ruler find us? You... are actually doing it for yourself, right?"

Doing it for her was just an excuse to comfort herself.

If he was truly doing Hanxuan a favor, he would understand that Hanxuan did not want Su Yu to be killed.

Zhan wushuang felt pain in his heart as he shook Hanxuan's shoulder.

He hoped that the gaze that had lost its focus would reflect his figure again.

However, Hanxuan's gaze dimmed bit by bit.

She could no longer focus on Zhan Wushuang's figure.

"Hanxuan, don't be afraid. The ruler has already promised me that he will pardon your sins. It's true!" Zhan wushuang said.

However, Hanxuan only pushed his hand away expressionlessly.

She silently came to Su Yu's side.

She grabbed Su Yu's arm and shed tears of regret. "Su Yu, I'm sorry..."

She had harmed Su Yu!

Su Yu had already left. He had purposely stayed behind to wait for her.

Su Yu touched her head, and his gaze was complicated. "I've harmed you."

He raised his head to look at the sky.

There, a mighty young man was standing with his arms crossed.

Zhan wushuang followed his gaze and looked up. He quickly said, "Ruler!"

The martial arts temple waved his hand indifferently. Su Yu, who had turned into a true illusion with a thought, immediately turned into a cloud of smoke and disappeared.

He landed on the underground ruins and said indifferently, "It seems that he is more cunning than I imagined."

"However..."he shifted his gaze and looked at Hanxuan. "His weakness is still here."

Zhan wushuang immediately felt that something was wrong and tried to block in front of Hanxuan as usual.

However, what right did Zhan wushuang have to block in front of the ruler?

The martial arts temple pinched Hanxuan's neck lightly.

Zhan Wushuang's expression changed drastically. "Ruler! You said that you would spare Hanxuan's life."

He said hurriedly.

Unfortunately, he was not a small figure in the eyes of the martial arts temple.

"The premise is to find Su Yu,"the martial arts temple said indifferently. "Now, we haven't found him."

The martial arts temple pinched Hanxuan's neck and said indifferently, "Su Yu, I'll give you three seconds to come out. Otherwise, you'll regret it for the rest of your life."

"One!"

"Sigh!"

With a sigh, he appeared in the underground ruins.

Su Yu tore through space and arrived in front of the martial arts temple.

From the moment the martial arts temple appeared, Su Yu knew that Hanxuan would end up like this.

"Let her go. She's just an insignificant woman,"Su Yu said indifferently.

It didn't matter whether he killed Hanxuan or not.

The martial arts temple looked at Su Yu indifferently. "Where's the person you saved?"

Su Yu shrugged. "As you can see."

This place was completely empty. Where was the shadow of a person?

The martial arts temple's eyes flashed with killing intent. "Alright, then use yourself as a substitute. Surrender without a fight. Otherwise, she will die!"

He exerted force with his palm and strangled Hanxuan's neck until it creaked.

Su Yu's gaze was sharp. "Martial arts temple, you are so powerful. Why do you need to threaten a weak woman?"

However, his provocation method was useless against the martial arts temple.

"If I can use the simplest and most effective method to subdue the enemy, why should I make a move?" The martial arts temple said indifferently.

"Kneel down and surrender!"

Zhan wushuang, who was watching from the side, was about to explode.

He widened his eyes and roared at Su Yu, "Kneel down! ! Kneel down! ! !"

Su Yu stood on the spot.

He struggled in his heart.

He had already experienced the same scene once.

That time, the Devil Emperor made a move and luckily survived.

Would there still be any luck now?

Moreover, he knew very well.

Even if he surrendered, Hanxuan would still die.

However, Zhan Wushuang did not understand. He kept roaring and roaring.

It was as if if Su Yu knelt down, Hanxuan would be saved.

Su Yu glanced at him. There was no hatred in his eyes, only pity.

A pity for someone who had lost his life.

Zhan wushuang completely broke down.

Su Yu took a deep breath and said, "I surrender. You, don't hurt her."

He looked around.

The best opportunity to make a move was when he was about to kneel down.

That was the most relaxed moment in the martial arts temple.

If he could seize the opportunity and use the time domain, he might be able to save Hanxuan.

Chapter 2735 Moving A Finger

However, just as Su Yu was about to make his move...

A wave of blood and Qi rose from the surface of Hanxuan's body.

Her expression was especially painful.

Su Yu's gaze froze. "Martial arts temple, what did you do?"

Zhan Wushuang's eyes widened as well. He said, "Ruler, wait a little longer!"

Seeing that Su Yu was about to surrender, what did ruler do to Hanxuan?

The temple frowned slightly and said, "It wasn't me. She detonated the dao weapon hidden in her body."

Hanxuan's Dao weapon was a pill that could be stored in her stomach.

Once detonated, it would explode the host from inside out into pieces.

"Hanxuan, Stop!" Su Yu shouted.

Hanxuan struggled with great difficulty and revealed an apologetic look. She said with great difficulty, "See... You Again..."

She would rather die than have su yu kneel down because of her.

Moreover, Su Yu was implicated by her and Zhan Wushuang.

"No!" Su Yu pounced over, his eyes red.

However, he was still a step too late.

Once that Dao weapon was activated, it immediately exploded, not giving anyone the slightest time to react.

With a violent explosion, Hanxuan was directly blasted into nothingness from the inside out, not even leaving any dregs behind.

Only the response of the explosion reverberated in the air.

Su Yu was swept back by the explosion and his face was full of grief.

She died just like that?

"Bring back the dead!" Su Yu immediately activated his life domain and tried to revive Hanxuan.

However, the explosion of the Dao artifact had already destroyed everything about Hanxuan. Not even a trace of her aura was left.

Reviving from the dead was impossible.

The apologetic gaze of Hanxuan before she died echoed in his mind, as well as that "Goodbye".

Su Yu's heart felt like it was being cut by a knife.

"Zhan Wushuang! !" Su Yu raised his eyes and let out an angry roar.

It was all Zhan Wushuang's fault!

He had wanted to report Su Yu and rely on Su Yu's death to get what he wanted.

In the end, he killed hanxuan!

Zhan wushuang stood rooted to the ground and looked at Hanxuan in disbelief.

His hundred years of life had collapsed at this moment.

His mind sank into a never-before-seen darkness.

"It wasn't me! It wasn't me!" Zhan wushuang looked at his hands, unable to accept this fact.

He killed the woman he liked the most?

No!

It wasn't like that!

"It was you!" Zhan wushuang raised his eyes of hatred and stared coldly at Su Yu. "You caused Hanxuan's death! If you hadn't appeared, would she still be dead? It was all your fault! It was all your fault!"

Boom --

The Divine Throne of Heaven and earth and the Emperor's killing sword appeared around his body at the same time.

"I'll kill you!" Zhan wushuang roared with all his might as he charged over with the two emperor's weapons.

He had completely lost his mind, like a beast that only wanted to eat humans.

Su Yu could not contain his anger.

"Zhan wushuang, I should have crushed your bones!" Su Yu gnashed his teeth in hatred.

He was clearly the one who had caused Hanxuan's death, but he did not regret it at all.

How could such a person become a natural-born emperor?

"Give it back to me!" Su Yu did not retreat, but advanced instead.

He turned into an afterimage and charged forward.

His spatial domain instantly shot out, turning into an arc-shaped circle that bombarded over.

Zhan Wushuang clenched his teeth and roared, "Emperor Set!"

The divine seat of Heaven and earth was behind him, and the ferocious emperor killing sword exploded with a towering killing intent.

"Destroy!" Two waves of power merged into Zhan Wushuang's body.

The sword slashed over, emitting a majestic power comparable to the middle stage of the Earth Master Stage.

Xiu --

With a sharp sound, a hole was cut in the space domain.

Zhan wushuang rushed over through the hole and shouted sternly, "So that's all!"

However.

Just as he finished speaking.

The space domain that was clearly broken instantly exploded, razing the entire space nearby to the ground.

Zhan Wushuang was the first to bear the brunt, being bombarded until he vomited blood continuously.

The Divine Throne of Heaven and earth behind him and the Emperor's killing sword in his hand were sent flying.

Just as he was about to retrieve the two items, a flash of space power flashed past.

It swept away the divine throne of Heaven and earth and the Emperor's killing sword.

Then, it appeared in front of Su Yu.

The Divine Throne of Heaven and earth and the Emperor's killing sword only recognized Su Yu.

They were extremely intelligent and immediately fled back.

However, Su Yu only snorted, "Try to escape!"

One sword after another, they immediately stopped and did not dare to move again.

The once emperor killing sword had been squeezed dry by Su Yu.

And the divine seat of Heaven and earth had been tamed by Su Yu, almost destroying it.

Now that he saw Su Yu, how could he dare to resist?

Su Yu held the emperor killing sword and sat on the divine seat of Heaven and Earth, looking down at Zhan Wushuang coldly.

Zhan Wushuang's eyes were about to crack, "Let go of my Emperor Set!"

Su Yu was extremely cold. "Yours? Have you forgotten who gave it to you? I'm only taking it back now!"

Whether it was the emperor's killing sword or the divine throne of Heaven and earth.

It was all given to Zhan Wushuang by Su Yu!

Regardless of whether he admitted it or not, this was the truth.

"The emperor's four-piece set was born to be mine! !"Zhan wushuang roared. He did not feel that he owed Su Yu at all.

Instead, he resented Su Yu for taking away his things and destroying them.

"Born?"Su Yu held the emperor's killing sword and stabbed out.

The emperor's killing sword immediately grew infinitely long and stabbed towards Zhan wushuang ferociously.

In just a breath, Zhan wushuang would be sucked dry.

However, at this moment.

The Martial Dao temple strolled over. With a light tap of the tip of his foot, a powerful spiritual power intimidated the emperor's killing sword.

The latter trembled slightly and immediately stopped attacking.

"So, you are the owner of the emperor's four-piece set."unexpectedly.

The Martial Dao Temple actually knew about the emperor's four-piece set.

He looked at Zhan Wushuang in surprise and said, "I almost ignored a talent like you."

He patted Zhan Wushuang's shoulder and said, "Go back. You Can't die here."

He looked at Su Yu and said indifferently, "Do you need me to do it?"

Su Yu's cold gaze moved from Zhan Wushuang to the martial arts temple. "You should regret what you did just now!"

A cold aura flowed from his body.

If Zhan Wushuang was only an accomplice, the martial arts temple was the real culprit.

"I never regret anything in my life."The martial arts temple said indifferently, "Alright, I'll move my finger a little!"

He raised his finger.

Countless black shadows immediately appeared around Su Yu's body, and they quickly pounced on him, trying to bind him.

However, Su Yu had a premonition.

He fiercely stomped on the black shadows and crushed them.

The Martial Dao temple's fingers trembled, and his eyes revealed surprise. "Yuan Level Soul Domain?"

He immediately understood, and a trace of annoyance appeared on his face. "That old thing actually gave the Soul Dominator bloodline to you?"

What benefits had Su Yu given death abyss?

A trace of a sense of threat lingered in his heart.

In this world, two rulers of time were not allowed to exist.

If there was only one, it had to be him!

"Alright, let me see just how powerful you are!"The Martial Dao temple snorted angrily.

His voice was filled with soul attacks, causing the listener's soul to explode.

Chapter 2736 Su Yu In The Mirror

Su Yu stood motionlessly on the spot.

The surging soul sound attack went straight to the depths of his soul.

Su Yu's soul was covered by a layer of soul emperor's clothes.

Under the effect of the clothes, the soul attack was immediately blocked. At the same time, Su Yu's own Soul Ling Yun formed a halo and pushed the attack out of his body.

The martial arts temple frowned deeply. "That old fellow really knows how to cause trouble for me!"

"Soul gaze!"

A huge moon appeared in the sky. It looked like a half-opened eye as it stared coldly at Su Yu.

Instantly.

Su Yu felt an invisible force hating him for holding his soul and pulling it out.

Even the Soul Emperor Robe couldn't block that force.

However.

He knew it, and so did Su Yu!

"Soul gaze!" This was one of the secret techniques of the Soul Dominator inheritance.

A moon also appeared above Su Yu's head.

Under the illumination of the Moon, the Martial Dao Temple's souls were pulled out of their bodies uncontrollably!

Both their souls were pulled out of their bodies.

They were exposed as souls.

In comparison, the Martial Dao Temple's souls were more powerful. They were at the True Heavenly Dao master level, so they looked more solid.

On the other hand, Su Yu's soul was only at the true dao master level.

It was slightly weaker.

The only similarity was that both of them were at the Yuan level domain.

The Martial Dao Temple's expression was cold. "There is only one ruler in the sky and the Earth! And that is me!"

Buzz Buzz --

The sky trembled slightly, and the moon above his head gradually changed from a hazy, clear glow to a blood red color.

The crescent moon suddenly opened up, like a blood ball.

"That old thing is still in my hands. Where did you get the courage to fight me with his domain?" The martial arts temple sneered.

Under the illumination of the ball of blood, the whole world was dyed in blood.

Many creatures let out painful roars.

It could be seen with the naked eye.

Their souls were continuously roasted under the illumination of the blood light and quickly evaporated.

Some weak creatures were exposed to the bloody light and their souls were evaporated not long after.

They were already like this.

Let alone Su Yu who was at a close distance?

He endured more than 90% of the bloody light's illumination!

Moreover, it was directly endured by his soul.

Instantly.

Su Yu felt a great pain all over his body as if he was burning.

His own soul was constantly showing signs of losing energy.

"This is called the soul blood eye. Let me see if you can use it?" The martial arts temple said disdainfully, "I've already said that no one will understand my talent."

To be able to comprehend the soul shadow technique that Death Abyss had never taught by himself.

One could imagine how talented he was.

This Soul Blood Eye was also a great soul secret technique that he created himself.

It was unique!

Su Yu was indeed unable to use it.

However, he still had another yuan level domain.

"Time reversal!" Su Yu said indifferently. With him at the center, time within three inches of him began to reverse.

The Soul Power that he had lost was instantly restored.

Moreover, under the continuous effect of that power.

The blood light of the soul blood eye was completely unable to cause any damage.

"Yuan level soul domain..." the martial arts temple clenched his teeth. "The eight domains shouldn't be controlled by you!"

He snorted and took out a mirror.

It was the half-saint weapon of the Soul Dominator.

Su Yu's expression changed slightly. He tried his best to move his eyes away from the mirror.

He didn't want to be affected by the mirror.

However, the power of the half-saint weapon was unimaginable.

The mirror waved at Su Yu. Whether he looked at the mirror or not, he was affected by the mirror.

Su Yu's image was left in the mirror.

The strange thing was that the image was alive!

"Come out!"

The martial arts temple shouted in a low voice. A soul body that looked exactly like Su Yu walked out of the mirror.

Whether it was temperament, appearance, or energy.

Even the abilities they mastered were all the same.

"Time acceleration!" After Su Yu appeared in the mirror, he said lightly.

Instantly, Su Yu's time reversal was removed.

The Blood Sun in the sky once again injured Su Yu's body.

The martial arts temple said coldly, "The strongest enemy of man is himself. Let me see what else you can do!"

"Soul Death Note!" The martial arts temple's expression suddenly became serious.

He formed a seal with both hands and began to recite the extremely obscure heavenly script.

After those heavenly script words were read out, they actually all turned into new pitch-black words.

Threads of aura that threatened death to the soul were released.

"This is the secret technique that I am most proud of in my life. Unfortunately, I have never found a strong opponent that can match up to it." The martial arts temple revealed a trace of regret.

"If you can withstand my attack, I can look up to you."

The martial arts temple said indifferently.

In his eyes, there was no such person as Su Yu, a small master of the Soul Domain.

His vision was extremely high.

Su Yu sensed danger.

He shouted in a low voice, "Future incarnation!"

Whoosh --

The future incarnation appeared.

Looking at the scene in front of him, he couldn't help but be stunned. "Another me?"

On the ground.

Countless people were staring at the extremely strange scene in the sky.

Three identical Su Yu appeared together under the same sky.

The martial arts temple did not mind. "No matter how many come, it's meaningless. You will all die under the voice of Death!"

Su Yu frowned and said, "Stop this person from casting the spell immediately."

His intuition told him that the spell he was using in actual combat was very dangerous.

He must not let it succeed.

The future incarnation also sensed the danger and immediately made a move.

However, as soon as he moved, Su Yu in the mirror cast time freeze and attacked the future incarnation.

The future incarnation was frozen on the spot.

He secretly cast time domain to dissolve the domain on his body.

However, it was only dissolved.

The future incarnation and Su Yu's soul domain in the mirror were almost the same. No one could do anything to the other.

As a result, the future incarnation couldn't even move an inch.

"The feeling of fighting with myself is so sour!" The future incarnation complained, "What's wrong with cultivating? Why did you cultivate the time realm?"

And that wasn't all.

Su Yu waved his hand in the mirror and shouted, "Time goes against the river!"

Whoosh --

A river of time appeared in the sky.

It enveloped the future incarnation and the original body.

Su Yu in the mirror blocked them and didn't allow them to disturb the martial arts temple.

Su Yu said coldly, "Let's work together!"

Future SU yu said, "Let's kill this imposter together!"

"Freeze Time!" The two shouted together.

Two elemental level time domains were used together and turned into a time force that could destroy everything.

The summoned river of time was suppressed, revealing Su Yu in the mirror.

"Time deprivation!"

"Soul Destruction!"

Two different elemental time domains attacked Su Yu in the mirror.

"Nine dragons cauldron!" The latter gritted his teeth and took out the nine dragons cauldron, clapping his palms on it.

Instantly, the nine dragons cauldron spun at an extremely fast speed and quickly turned red.

Chapter 2737 Calamitous Scythe

In the future, Su Yu's scalp tingled. "F * ck, Venerable Self, can you cultivate less if you have nothing to do? I'm afraid of myself!"

Su Yu was also surprised.

Su Yu in the mirror could even imitate the nine dragons divine cauldron.

It was too realistic!

However, there was only one Su Yu in the mirror. He was destined not to be a match for the two of them working together.

Sou Sou --

One of them used the nine dragons divine cauldron and the other used the cauldron of domain. They activated it together.

Boom --

The three cauldrons collided violently in the air.

First, the cauldron of domain was shattered by the clash between the two cauldrons.

Then, Su Yu's nine dragons divine cauldron in the mirror shattered with a loud bang.

The real nine dragons divine cauldron's power was greatly reduced as it returned to Su Yu's palm.

Immediately after, the two people's attacks arrived with a loud bang, causing Su Yu in the mirror to be forced back repeatedly.

However, while he was injured, he used time reversal.

In an instant, his injuries were completely healed.

At the same time, he reacted extremely quickly and immediately counterattacked.

"Eight great domains!" Su Yu in the mirror released the aura of eight great domains at the same time.

Among the eight great domains, there were two elemental level domains.

Their power was naturally incomparable!

The future incarnation laughed, "Main body, can you still endure this idiot and use our things to deal with us?"

Su Yu said coldly, "Cut the crap and completely suppress him!"

"Eight great domains!"

"Eight great domains!"

Two waves of eight great domains were released at the same time.

The result was obvious.

Su Yu's eight great domains in the mirror were instantly crushed by the two eight great domains.

However, Su Yu's third wave of attacks in the mirror was ready to be unleashed.

It didn't give the two Su Yu's a chance to kill him completely.

Luckily, Su Yu's original body had already expected this.

No one in the world knew him better than him.

If this continued, Su Yu in the mirror would attack endlessly!

"Nine dragons cauldron, suppress!" He threw his palm.

The nine dragons cauldron turned into the size of the sky, grabbing towards Su Yu in the mirror from top to bottom, preparing to refine him directly.

However, Su Yu in the mirror was already prepared. With a spatial domain, he immediately disappeared.

However, he had just appeared from the spatial domain.

Caught off guard, he was enveloped by another domain cauldron that he had prepared.

In the mirror, Su Yu resisted desperately and unleashed a powerful domain.

With a Kacha Sound, a crack appeared on the cauldron.

Then, Su Yu's figure flew out from the mirror.

However, just as he appeared, a nine dragons divine cauldron fell down and suppressed Su Yu within.

In the mirror, Su Yu did not compromise and resisted with all his might.

Su Yu's toes stepped on the nine dragons divine cauldron, suppressing it completely. He then urged the nine dragons divine cauldron to completely refine it.

"Avatar, go quickly!" Taking advantage of this moment, he ordered.

How would the future avatar dare to hesitate?

He immediately attacked the Martial Dao Temple.

However, after such a long time, the Martial Dao Temple's Soul Death Note had already been completed.

He suddenly opened his eyes. A layer of coldness that threatened the world filled his eyes.

"Hu!" He took a deep breath and grinned coldly. "Come, I'll let you test the power of the Heavenly Dao's Death Note!"

Xiu Xiu Xiu --

Dense black heavenly book characters swept over like a pear blossom rainstorm.

The future incarnation was caught off guard and immediately cast a time domain. "Time freeze!"

However, the heavenly book characters didn't seem to be under his control at all and swept over without any decrease in momentum.

The future avatar was shocked. He immediately took out the cauldron of domain to block in front of him.

However, the heavenly book characters completely ignored the cauldron of domain. They pierced through it and directly hit future Su Yu.

Just one!

Just one heavenly book character hit future Su Yu's body.

He was immediately scattered into ashes!

There was no room for any reconciliation.

Su Yu's pupils constricted when he saw this!

Seeing the sky full of heavenly script characters attacking him, he took out the nine dragons divine cauldron and slammed it, sending Su Yu flying out of the mirror.

He was hit by one of the characters.

Instantly, Su Yu in the mirror was killed without any resistance.

Taking advantage of this opportunity, Su Yu tried to take out the nine dragons divine cauldron and destroy the heavenly script characters.

However, those characters ignored all attacks.

What was even more terrifying was that.

Su Yu tried to change directions.

Those heavenly script characters followed closely behind. Moreover, the distance between them could not be pulled apart no matter how much they tried to escape.

The Martial Dao temple said sympathetically, "It's useless. This is my strongest soul secret technique. Once I use it, it will be closely connected to your soul. There's no way to escape."

Looking at the scene of Su Yu dodging in a sorry state, he shook his head slightly. "It seems that you will die without a doubt. You really disappoint me!"

Whoosh! Whoosh! Whoosh

The heavenly book characters in the Sky were about to hit him.

Su Yu gritted his teeth and waved his hand.

A long pitch-black sickle appeared in his palm.

The space ruler bloodline in his body immediately boiled.

The black sickle in his palm immediately turned into a red-hot sickle.

Moreover, the shape of the sickle changed drastically.

First, the handle.

It originally had a metallic luster, but now it had turned into an ancient vine.

And the pitch-black scythe had turned into a mysterious object with nine heads.

That head was the head of Taotie.

Moreover, each head had the eyes of Taotie!

When the Martial Dao temple saw this object, their pupils suddenly constricted.

The face that had always been cold exploded with shock. "The kalpa scythe? How could it be in your hands?"

He actually recognized this item!

Moreover, an unprecedented fear appeared in his eyes.

Su Yu's eyes were cold.

His future incarnation had been beaten half to death by the kalpa scythe. One could imagine its power.

After releasing the true form of the Kalpa scythe with his ruler bloodline.

Su Yu held it with both hands and continuously infused his domain power.

The Martial Dao Temple retreated in fear. "No! Stop!"

But, how could Su Yu Listen?

He waved his hand toward the Martial Dao Temple.

Roar --

Nine deafening roars suddenly erupted.

The nine Taotie eyes opened at the same time and emitted nine world-destroying black lights.

As the black lights swept past, everything disappeared into thin air.

The Sky disappeared directly, revealing the void.

The void also disappeared mysteriously, revealing a defensive formation.

Even the defensive formation disappeared.

A large area of emptiness was revealed!

Nine streaks of black light formed a line and swept across.

Everywhere they swept, they turned into nothingness.

They didn't disappear.

Instead... they were swallowed by the eye of Taotie forever!

Even the powerful Soul Death Note was swallowed in an instant, leaving not even a trace.

The Martial Dao Temple's expression changed drastically.

He grabbed with one hand and caught Zhan wushuang, who had a stiff expression on his face. Then, he broke through the air and fled.

He had even completely given up on the soul region that he had painstakingly built for countless years!

"Save me!" Martial Dao Temple took out an ancient sword and stabbed it into the sky.

Immediately, a ray of light descended from the sky.

In an instant, it swept away Martial Dao Temple and Zhan Wushuang.

The dark light swept past and brushed past Martial Dao Temple's body before it flew out diagonally.

The black light's momentum did not decrease.

It crashed into the semi-true world.

The semi-true world was only in a stalemate for a moment before it completely disappeared.

After a long while..

The black light completely disappeared.

What was left behind was half of the soul region that had been razed to the ground... No, it was devoured!

This was the might of the Kalpa realm great scythe!

Chapter 2738 Linglong Xuanji

Su Yu looked in the direction where the Martial Dao Temple had escaped with a solemn expression.

Who had saved him.

Where had that beam of light come from?

The Martial Dao temple was indeed not an ordinary ruler. Did It belong to some hidden and powerful faction?

Roar --

Nine roars interrupted Su Yu's thoughts.

He stared at the myriad calamity scythe in his hand that was restless and was about to continue shooting out black light.

Su Yu immediately stopped pouring his domain into it, and his sovereign bloodline calmed down as well.

Only then did the myriad tribulation scythe finally return to being an ordinary scythe.

"A myriad tribulation scythe made from the head of a Taotie?" Su Yu's eyes revealed a hint of shock.

He had personally seen how terrifying Taotie was.

To be able to chop off nine taotie heads and refine them into Dao artifacts... No, it should be a quasi-saint artifact. It was easy to imagine what kind of person he was.

Apart from those few people on the sacred mountain, there should be very few people who could do it, right?

After putting away the myriad calamity scythe, Su Yu looked at the soul realm that had been destroyed by more than half.

A trace of disappointment appeared in his eyes.

Although the soul realm had been destroyed and the Martial Dao Temple had retreated,.

Some people had still been lost.

"Perhaps we shouldn't have met again," Su Yu muttered.

An indescribable sadness surged in his heart.

First, there was Xie Xiaoyue, then Hanxuan.

All the old friends that had flashed in their lives disappeared in front of his eyes.

They became irreparable existences.

Was this a regret in life, or was it fate?

He clenched his fist, sat cross-legged on a meteorite, and took out the bronze plate.

The ruler of the abyss of death had once said that.

The bronze plate was the key to reaching the ultimate world.

If he could study and understand the mystery, he might be able to master it for two years.

He could bring back all those who had disappeared from their lives forever from the ultimate world.

Just like how Xie Xiaoyue had silently brought Su Yu back from the ultimate world for ten years.

"Dao Yuan!" Su Yu looked at the outer realm. There was a profound existence there.

If nothing unexpected happened, that should be the legendary Dao Yuan.

The bronze plate came from Dao Abyss. If he wanted to solve the secret, he had to go back to Dao Abyss to find out.

After pondering for a long time, Su Yu put away the bronze plate.

He had made up his mind. When the eight-star civilization was over, he would go to Dao Abyss.

Swoosh --

Suddenly.

A slight fluctuation arrived from afar.

Su Yu looked sideways. He could clearly sense an extraordinary life force surging out from the dark void like a tsunami.

"Chief sovereign of life, have you seen enough?" Su Yu said calmly.

The Soul Region was near the life region.

How could the chief sovereign of life, who hadn't died yet, not notice such a huge disturbance?

When he had been fighting the Martial Dao Temple, the chief sovereign of life had been watching from the side.

It was only at this moment that he finally appeared.

A jade-colored ripple slowly spread out.

Countless graceful flowers suddenly appeared out of nowhere, emanating a life-like aura.

Within the countless flowers, a beautiful nineteen-year-old girl dressed in light muslin slowly walked over.

The life sovereign was different from the other hegemony. She had an eternal life, and she also had an eternal face.

She had always been like a nineteen-year-old girl.

"Greetings, Sacred Body Su." The Life Sovereign's voice was soft and beautiful.

Her temperament was even more ethereal, like a fairy that did not exist in the mortal world.

Su Yu slowly stood up and coldly said, "Showing yourself in front of the successor of ancient God Nine Dragons, you sure are bold."

Was she not afraid that Su Yu would end her life with a Sickle?

"I'm not your enemy, so why wouldn't I dare to show myself?" The ruler of Life's veil fluttered, and a faint smile appeared on her face.

Su Yu understood the deeper meaning in her words. "The hatred between ancient god Nine Dragons and the eight rulers is well-known, right?"

The life ruler smiled sweetly and shook her head. "That's with ancient god Nine Dragons, not with you."

Su Yu truly had no intention of making an enemy out of the life ruler.

In fact, she even needed her help with some matters.

"Tell me, why are you looking for me?" Su Yu asked.

If it wasn't necessary, the ruler of life wouldn't appear.

The ruler of life said lightly, "If I say that I'm here to give you a life domain, would you believe me?"

Eh?

Su Yu was shocked and asked in confusion, "Why?"

It was hard to imagine that the ruler of life would voluntarily give his own domain to someone else.

That would mean that the ruler of life would lose his identity as a ruler and become a mortal.

The ruler of life slowly walked over. There was a hint of helplessness and sadness on his face. "If you had something that many people coveted, what would you do?"

Su Yu thought for a moment and said, "Fight to the end."

The ruler of life's bitterness deepened. "What if you have no fighting ability and can only protect yourself from being destroyed?"

Su Yu had just understood the true meaning of this.

The life ruler had actually been targeted by the enormous force where the Martial Dao Temple was located, and was plotting to seize his ruler's bloodline.

As for the life ruler, although she was a ruler, her combat power was the lowest of all domains.

Her life domain could only ensure that she and the experts under her could not die or be destroyed.

In a real fight, she would be at a disadvantage everywhere.

"Then you can hand it over to anyone. Why did you hand over all of your domains to me?" Su Yu asked.

The chief sovereign of life shouldn't lack descendants.

"Because I hope that you can owe me a favor. When I return to the world, you can remember this favor,"the chief sovereign of life said calmly.

As the chief sovereign of life, even if she ultimately handed over her life domain, she probably wouldn't be able to escape death.

She might as well die on her own.

She would be reborn when the era restarted and the world was reborn.

However, at that time, she would be at her weakest.

She would need some help.

Su Yu was the best choice.

Hearing this, Su Yu pondered for a long time. "If you already have this plan, I can agree to it."

Obtaining an elemental life domain and assisting the ruler of life in her rebirth was extremely worth it.

"Alright!"The life ruler smiled lightly.

His crystal-like eyes stared at Su Yu without blinking. "Thank you."

As soon as he finished speaking, a layer of jade-colored flames burned on his body.

Drops of the ruler's bloodline began to burn.

Finally, a fist-sized ball of jade-colored spiritual liquid appeared in his palm.

The burning life ruler held it and handed it to Su Yu. "Here."

At the same time, the ruler of life took out a jade-colored ball.

"This is my holy weapon, Linglong Xuanji!"The ruler of life even handed his half-holy weapon to Su Yu. "Its function is to restore the lives of the dead in a large area."

Su Yu was very familiar with this.

It was equivalent to an enlarged version of bringing back the dead.

It was not very useful.

"In addition, there is another function that those people desperately want."The ruler of life revealed a mysterious smile.

Oh?

"Why don't you try absorbing my ruler's Bloodline?"

Su Yu was puzzled and immediately activated Ling Longxuan Ji.

What surprised him was that Ling Longxuan Ji had completely absorbed the ruler of life's bloodline.

It had also stripped away the ruler's aura from the bloodline, making it exceptionally pure.

Chapter 2739 The Ninth Domain

Even an outsider like Su Yu could immediately fuse into his own body.

"Could this be..." Su Yu said in surprise.

The ruler of life nodded slightly. "That's right. You can refine all the ruler's blood. If you have the chance to obtain the other ruler's bloodlines, you can also refine the Linglong Xuanji and turn it into your own bloodline."

If this item was obtained by the power behind the Martial Dao Temple...

One could imagine the consequences.

With the ruler's bloodlines they currently possessed, they could completely create a new person with multiple ruler's bloodlines in an extremely short period of time.

No wonder the Martial Dao Temple was able to capture the descendants of the rulers on a large scale and extract their ruler's bloodlines.

It turned out that they had prepared such an ambitious plan.

"I'll leave everything to you. I hope you won't go back on your word." The chief sovereign of life was now completely transparent.

His aura of life was rapidly declining.

Su Yu cupped his fists and said, "Go in peace. When you reappear in the world, I'll find you!"

The chief sovereign of life smiled sweetly. "Thank you!"

And then, he completely turned transparent.

The chief sovereign of life passed away.

In the life domain.

Among the eight-star civilizations, the life domain was the most prosperous.

Because the creatures in the life domain were covered by the life aura of the ruler of life for a long time.

They were almost immortal and enjoyed eternal life.

Now that the ruler of life had died, the long-term aura of the ruler disappeared.

In a short time, more than half of them died.

The entire life domain had become a deathly silent ghost domain.

Su Yu absorbed the life domain on the spot.

Because Ling Longxuan Ji had already refined the bloodline, Su Yu had successfully fused with the bloodline in an instant.

His domain immediately rose to the origin level domain.

At this point, Su Yu had simultaneously grasped three types of origin level domains: time, soul, and life.

Of the eight great origin level domains, only three were under his control.

How many people in an eight-star civilization could stand a chance against him?

Other than the mysterious ruler of death, who might be a threat to him.

No one should be able to stand a chance against him.

After mastering the elemental domain, Su Yu could not help but Take Out Yun Yazi's soul.

The abyss of death had once said that Yun Yazi's body, which had been resurrected from his intermediate life domain, was only in a weakened state after being injured.

It was far inferior to an Elementalist's life domain, which could restore it to its strongest state.

Gazing at Yun Yazi's soul, Su Yu could not help but feel apprehensive.

Could he really restore Yun Yazi to its peak state?

He had waited for this day for far too long!

Taking a deep breath, Su Yu immediately cast his elementalist life domain.

Under the effect of the domain, with this sliver of soul as the foundation, Yun Yazi's soul rapidly recovered at a speed visible to the naked eye.

After the time it takes for half an incense stick to burn.

The entire outline of Yun Yazi began to reappear.

Then, it solidified bit by bit.

Its soul power began to expand.

Before long, it reached the Yellow Dao master level and then rose rapidly, reaching the Earth Dao master level.

However, this was only the beginning. It had no intention of stopping at all.

In one breath, it had surpassed the Heavenly Dao master level!

Su Yu was astonished.

Yun Yazi was indeed a Heavenly Dao master level expert?

In his peak state, wasn't he about the same as a ruler?

However, reality proved that Su Yu still underestimated Yun Yazi.

His soul strength was still rising explosively. Not long after, he broke through to the peak of the Heavenly Dao master early stage!

In terms of soul strength alone, he was comparable to any ruler that Su Yu had ever seen!

What was even more terrifying was that the surging momentum did not stop.

After a difficult climb.

He had finally reached the middle stage of the Heavenly Dao Master! !

The strength of his soul aura was only second to the devil emperor that Su Yu had seen! !

For a moment.

The eight star civilization shook.

Countless surviving creatures could feel the pressure from the soul.

In the Outer Realm Abyss, an aura of Dao that could destroy the heavens erupted, seemingly responding to the arrival of such a powerful aura.

Finally.

Yun Yazi's soaring soul finally stopped.

However, Su Yu's heart could not calm down.

This was the true peak of Yun Yazi.

He was an existence comparable to the demon emperor!

At this moment.

Yun Yazi's soul slowly opened his eyes.

Instantly.

The outer realm grand array trembled violently.

It was as if it could not withstand this fluctuation and was about to shatter.

He looked at the shattered eight-star civilization, his face revealing a deep sorrow. "The last island has been shattered."

Island?

Su Yu was confused. He didn't know what the island Yun Yazi was talking about was.

"The absolute beginning creatures have reached the point where they can't retreat," Yun Yazi's eyes were sorrowful.

He stood there for a long time.

Finally, he looked at Su Yu. His eyes were moved. "Child, it's tough on you."

He remembered that he should have died under the evil daughter's sword.

Now that he could be resurrected, he was able to return to his original peak state.

It was easy to imagine how much hardship Su Yu had gone through.

"Master, Welcome Back." Su Yu cupped his fists and bowed deeply.

Yun Yazi revealed a trace of shame and laughed self-deprecatingly. "In this world, how can there be a master who needs me to save him twice? I really don't have the face to acknowledge myself as your master."

"Moreover, I didn't teach you anything. What you have now is almost all what you have obtained by yourself." Yun Yazi felt even more ashamed.

He only gave Su Yu two things.

One was the wordless heavenly book.

The other was the son of Heaven's Qi observation technique.

The rest were all things that Su Yu had fought with confidence.

"If not for master's support when I was weak, how would I have become what I am today?" Su Yu said gratefully.

Back then in the Wutong Abyss, without Yun Yazi's help.

Su Yu had probably already become a skeleton at the bottom of the abyss.

"Sigh." Yun Yazi sighed deeply. "I've never owed anyone in my life. Only you, owe too much..."

Su Yu was about to say something.

Yun Yazi raised his eyes to look at the outer realm abyss and said slowly, "Forget it, let me do one thing for you too!"

"Master, just protect yourself. Don't Risk Your Life for me."

Su Yu caught Yun Yazi's gaze and stopped him.

The eight rulers were all afraid of that Abyss.

Yun Yazi was a soul. It was best not to go.

Yun Yazi looked at Su Yu and shook his head, "If you don't go now, it will be too late! You lack the ninth domain for too long."

Ninth Domain?

Su Yu was truly stunned.

Wasn't there only eight domains in this world?

Where did the ninth domain come from?

Sensing the confusion in Su Yu's eyes, Yun Yazi said, "No need to be surprised. This absolute beginning world has the ninth domain."

"When the epoch restarted, the sacred mountain gave birth to nine domains."

What! !

This secret completely subverted Su Yu's understanding.

"The controller of the eight great domains, the eight rulers, had a large portion of their domains taken away by ancient god Nine Dragons." Yun Yazi seemed to know the past and future of the world.

"Only the controller of the ninth great domain was able to anticipate the opportunity and avoid this calamity."

"He should be hiding in the Dao Abyss right now."

Su Yu was shocked and couldn't help but take out the nine dragons divine cauldron.

In the end, there was a dragon that was still unable to crystallize, unable to give birth to any laws.

Su Yu had always thought that his method was wrong.

Only now did he understand that ancient god nine dragons had been preparing to plunder the domains of the nine rulers.

But he had only succeeded in obtaining the domains of the eight rulers.

This was why he had left behind a dragon that he had never been able to refine!

Chapter 2740 Was In Ruins

In other words.

The nine dragons divine cauldron was an incomplete holy weapon.

It lacked the final domain.

However, Su Yu couldn't figure out what the final domain was.

Because up until now, Su Yu had only felt the existence of the eight domains.

"Master, even if it's like you said, the nine dragons divine cauldron lacks the final domain, so what? Why would you say that the later the better?" Su Yu asked.

Yun Yazhi raised his head to look at the sky.

Su Yu followed his gaze and looked over. He had just noticed.

In the sky above the shattered eight-star civilization, in the pitch-black void, there was a faint yellow light.

At first glance, it looked like a star.

But in reality, it wasn't light.

It was an unknown existence.

That direction... if he remembered correctly.

It should be the sacred mountain!

Yun Yazhi let out a soft sigh. "The sacred mountain has destroyed the world, and the new era has begun. The ninth hegemon will definitely appear."

"If we don't find him before he does, we won't have a chance." Yun Yazhi gave the nine dragons cauldron a meaningful look. "There are people who are more eager than you to acquire the ninth grand domain."

Hearing this, Su Yu's heart stirred.

He knew exactly who Yun Yazhi was talking about.

"Master, it doesn't matter if you can't get it. Please don't take the risk. Dao Yuan is too dangerous," Su Yu said.

Yun Yazhi shook his head. "If I don't go, you'll be in even more danger!"

After saying this, he didn't give Su Yu a chance to refute. He swiped his finger in front of Su Yu's body.

A complicated heavenly book text appeared in front of him.

Su Yu glanced over and realized that he recognized all of it.

He had experienced the heavenly book text several times later and had already grasped more rare heavenly book characters on the basis of his past experiences.

Yun Yazi's eyes were filled with admiration. "It's unexpected that you can recognize all of them. It seems that you have come into contact with many heavenly book characters later on."

Su Yu nodded.

He had long suspected that the heavenly book characters that Yun Yazi had taught him had some reservations.

Now it seemed that it was true.

"In that case, it's time for me to pass on the remaining taboo chapters to you." Yun Yazi made his decision.

He pointed his finger at the tip of his brow and gently pulled out a piece of soul memory from his mind.

Then, he shot it into Su Yu's body.

Immediately, a chapter called "Heavenly Book of Darkness" appeared in Su Yu's mind.

What was recorded on it was actually how to use the heavenly book characters to unleash all kinds of defensive or offensive secret techniques.

Before this, the heavenly book characters were only a kind of knowledge storage for Su Yu.

He looked carefully and shockingly discovered that there was a heavenly prison isolation technique that the martial arts temple had once set up.

Using part of the heavenly book characters to scatter around, it formed the strongest defense in the world.

Not only could he injure the enemy, but he could also wake himself up.

Apart from that, Su Yu also vaguely saw some secret techniques similar to the 'Soul Death Note'.

According to the description, as long as he could use it, he could stimulate the power of the heavenly book characters to the extent that the characters could kill people.

The martial arts temple boasted that they had outstanding talent and created the Soul Death Note.

In fact, it was just something that they had learned from the 'Heavenly Book of Darkness' and changed it slightly.

Moreover, perhaps the martial arts temple had only obtained a limited number of chapters.

As a result, the process of execution was very slow, and someone had to delay the enemy. The drawbacks were very serious.

However, in the Heavenly Tome of darkness, as long as one could use it, it could be cast instantly.

"Master, what is this thing?" Su Yu asked in surprise.

What he had just seen was only the most superficial secret technique at the front of the chapter.

The secret technique at the back was getting deeper and deeper, and it even had a hint of evilness.

Yun Yazi's expression was complicated as he said, "This book comes from the sacred mountain. You can use it, but don't cultivate it too deeply."

His eyes were filled with a deep fear and solemnity.

Su Yu's heart moved.

It came from the sacred mountain?

Who wrote it?

Was it the stone embryo emperor?

"You should focus on your comprehension," Yun Yazi said. "Also, there are only five years left before the new era restarts. You should find a place to stay as soon as possible."

After saying that, Yun Yazi's aura soared as he prepared to fly away.

Su Yu hurriedly said, "Master, Take Care!"

"You too. I'll see you again in the New Era!" Yun Yazi gazed deeply at Su Yu and stepped out of the outer realm with a smile.

Su Yu watched him leave, but his heart couldn't calm down for a long time.

The ninth domain.

Heavenly Tome of darkness.

After Yun Yazi woke up, he brought more unsolved mysteries to Su Yu.

Looking at the broken soul domain, Su Yu remembered what Yun Yazi said.

An eight-star civilization was the last isolated island.

Thinking of this, he set off for the life domain.

What he saw was a domain where life withered and turned into dead silence.

The Life region was only a wasteland.

If he took another step forward, he would see the death region.

If the life region was a wasteland, then the death region would have nothing.

The entire region was destroyed until not even dregs were left.

The defensive formation below was in a vacuum state, and it was completely destroyed.

"The death region, all destroyed!"

Su Yu moved to the next region.

But without exception, they were all destroyed.

"Reincarnation, fate, and creation, all destroyed." Su Yu stood in the vast void, feeling terrified.

The enormous eight-star civilization.

In the end, only a small part of the south of the dream boundary in the time zone was left.

Half of the soul zone existed.

The Life Zone was destroyed, but the continent was still there.

The rest of the world was destroyed.

If the epoch was destroyed.

Without the defensive formation, how could they resist?

There wasn't much time left!

Only five years left!

Just five years!

They had to do something. Otherwise, he, his lover, his daughter, all his friends, and old friends would be destroyed in the dust of history.

He turned around and looked at the remaining life region and half of the soul region.

Su Yu took a deep breath.

"Space teleportation!"

Under his teleportation, the entire life domain kept moving.

One year passed.

Boom.

The Life Domain and half of his soul domain connected.

Another year passed.

The two domains that connected finally connected with the remaining time domain.

The remaining defensive array was also teleported here.

Su Yu pulled the defensive array and weaved it into a huge net, wrapping up the reconnected domain.

It took two whole years.

Su Yu looked up again.

His face slowly sank.

The Sacred Mountain was getting closer and closer.

A dim yellow light illuminated half of the void, turning it yellow.

Moreover, there were traces of scorching aura that came first.

It was hard to imagine.

When the sacred mountain completely descended.

What would happen to the eight-star civilization?

The connecting continent in front of them was the last space of the eight-star civilization.

Other than that, there would be no other peaceful place.

After finishing everything, Su Yu finally had the time to return to the Empress Hall.

Just as he returned, a fragrant wind blew, accompanied by a clear call, "Brother!"

He fixed his gaze and saw that they were the descendants of Empress Starrain and the other rulers of time.

"You are still alive." Su Yu heaved a sigh of relief in his heart.

Before this, Empress Starrain and the others had all gone to the other domains to convince the descendants of the rulers to stop fighting and not fall into their trap.
