

Nine-Dragon 2741

Chapter 2741 The End Of The World Is Near

Unfortunately, it seemed like it was too late.

They did not succeed.

Upon hearing this, Empress Starry Rain's small face darkened. She said, "I've tried my best, but the situation is overwhelming. They still did not listen to our persuasion."

Su Yu patted her shoulder and said, "It's alright. We just need to protect ourselves. You've done your best."

With that, Empress Starry Rain felt slightly better.

All of a sudden, empress starry rain said, "Oh right, I saw Cai'er."

"Where?" Su Yu immediately asked.

The other domains had already been destroyed. It was best that Su Cai'er did not run into any danger.

"The death domain."

There?

Su Yu immediately swept through the domains that were connected, but in the end, he did not find any traces of Su Cai'er.

Empress starry rain could not help but become nervous. "Has Cai'er returned?"

"No," Su Yu said. "But she is fine."

Su Yu had Cai'er's life jade token on him.

If something had happened to her, her life jade token would have shattered long ago.

A hint of worry appeared between her brows.

If Su Cai'er was not in the connected domain, where could she be?

The other domains had already been shattered.

"Husband." Qin Xian 'er sensed Su Yu's return and immediately rushed over and threw herself into his arms.

Su Yu hugged her tightly and looked at her jade-like face that seemed to be more relaxed. He felt a wave of pain in his heart. "The days when I left must have been hard, right?"

There were many matters that needed to be dealt with in the time domain that had encountered a great disaster.

After he left, Qin Xian 'er was the only one who supported him.

It would be a lie to say that he was not tired.

"No matter how tired I am, how can I be as tired as my husband?" Qin Xian 'er touched Su Yu's cheek and said faintly, "It was all thanks to my husband who pieced together the three domains to leave the last resting place for all living things."

After a great war, more than half of the living things in the eight-star civilization were destroyed. The rest were all concentrated in the small pieced-together domain.

"Oh right, has the organization cauldron that I created in the past moved over?"

Qin Xian 'er nodded. "It has already moved over. Do We need to see them?"

Su Yu thought for a moment and nodded. "Yes, many living beings have gathered in the piecing-together domain. It is inevitable that there will be many disputes. We need reliable people to manage them."

Soon.

Empress Hall.

Su Yu saw the cauldron that he hadn't seen for a long time.

"Greetings, supremacy Ding!" Many experts went forward to pay their respects.

Among them, there were many people that Su Yu was familiar with.

For example, the Deputy Supremacy Dark King, the swordsman in the snow, the death soul worm..

However, there were even more experts that Su Yu wasn't familiar with.

They were all the cores that the cauldron had absorbed on its own over the years.

Of course, there was also one of the most special existences.

Meng Ke'er!

"It's been hard on you all these years." Su Yu looked at them and smiled.

Ding's strength might be very weak.

However, they were all people that Su Yu trusted. They were extremely rare.

"With Ding Zun's reputation, everything went smoothly for us. It wasn't hard at all," Dark King said.

He couldn't help but sigh in his heart.

Back then, that puny human who didn't even dare to clash head-on with the Emperor's killing sword.

Now, he had grown into an existence that could suppress rulers.

It was truly unbelievable.

Next, Su Yu listened to their reports.

Then, he gave them a lot of resources and asked them to distribute them to the members of the cauldron.

"Alright, all of you can leave," Su Yu said.

The members of the cauldron left one after another.

However, Su Yu said again, "Meng Ke'er stays behind."

Meng Ke'er's soft body trembled and she stopped.

She slowly turned around and bowed slightly, "Father..."

Su Yu smiled faintly, "Father? Since you've already woken up, why do you have to call me father?"

Back then, Meng Ke'er was smashed by Su Yu and was immediately stunned.

She had always treated Su Yu as her father.

Now, a hundred years had passed.

The injuries that Meng Ke'er had left behind had long healed.

How could Su Yu not see this?

Meng Ke'er bit her lips tightly. Her face was pale and her eyes were filled with indifference. "What do you want? Just say it!"

Su Yu walked down from the throne and patted her shoulder. "Since you're already a member of my tripod, of course I won't do anything to you."

Was that so?

Meng Ke'er was surprised. Could it be that Su Yu did not want to kill her?

Now, he could kill her several times with just one look.

"I want to ask you a question," said Su Yu.

Meng Ke'er said, "Please tell me."

"I want to know what kind of existence Nirvana is." Su Yu looked confused.

Since they had entered the absolute beginning realm.

A Star Union Chamber of Commerce.

And Nirvana.

They were everywhere. They were everywhere.

But the strange thing was.

After the destruction of the eight-star civilization, the two hidden forces were completely hidden, without a trace.

Meng Ke'er sighed. "I knew you would ask me, but unfortunately, my knowledge is very limited."

"I'm just a small character in Nirvana, arranged in Rahu's body to carry out experiments," Meng Ke'er said.

How could Su Yu forget what happened in Rahu?

Meng Ke'er caught them and modified them.

Many of them were thrown into the mysterious liquid and melted on the spot.

Only Su Yu, who was lucky, barely survived and obtained some special talents.

"What kind of experiment is that?"

Meng ke'er shook her head, "I'm not sure. I only know that through experiments, people with special talents are selected and trained to become Nirvana."

After all, her level was still too low, so her knowledge was very limited.

Su Yu found it more and more incomprehensible.

Experiments.

Nirvana remembered that in the dark star civilization, Nirvana had developed a moon worship religion.

It constantly absorbed the believers'beliefs and took the opportunity to absorb their soul power.

Was that also one of Nirvana's experiments?

"What exactly does Nirvana want to do?"Su Yu's mind was a little confused.

He remembered that he had once encountered a planet with a mech civilization in the outer realm.

That planet was wrapped up by a mysterious force.

Could it be that it was also an experimental planet?

However, was that an experimental planet for nirvana, or was it from another force?

He shook his head and temporarily stopped thinking about those clueless things.

"Alright, you can go down,"Su Yu said.

After he left, Su Yu formed a seal with his hands and summoned his future incarnation again.

Although he was destroyed by the Soul Death Note last time, he was only an incarnation after all. He could be summoned back from another dimension.

"How's the restoration of the Nightmare Crossing Lotus seat?"

The future incarnation nodded. "It will be successful in a year."

One year later.

That should be enough.

If the broken defensive array couldn't stop the apocalypse.

Then the nightmare crossing Lotus seat was their only way out.

Su Yu looked at the sacred mountain that was getting closer and closer.

Su Yu couldn't help but flip through the Heavenly Tome of darkness. If he could master more secret techniques before the Apocalypse started, that would be great.

However, at this moment, a beeping sound came from his body.

Taking it out, Su Yu frowned.

It was Yanran's distress signal.

Yanran controlled all the space bloodlines of the ruler of space!

Chapter 2742 Addressed Him As Master

Could it be the people from the Martial Dao Temple?

Now that he thought about it, it could only be that they were particularly passionate about the sovereign bloodline?

With this in mind, how could Su Yu Dare to stay?

He teleported away and left behind a sentence in the remnant domain, "Be on full alert!"

He was a little worried that the other party was luring the tiger away from the mountain.

Qin Xian 'er nodded and immediately dispatched experts from all directions to strictly guard the remnant domain.

She was determined not to allow anyone to pass through the defensive formation again.

For this reason.

She, the three protectors, and Empress Xingyu were all on guard.

Su Yu flashed and quickly arrived at the place where Yanran asked for help.

To Su Yu's surprise.

This place was not the remnant domain.

It was in the vast void.

How did Yanran appear here?

He stood at the place where Yanran sent out the distress signal and gently swept his palm across the void.

An image appeared, and it kept flowing backwards.

Yanran walked out of the remnant domain with a confused expression and came to this place.

She met a descendant of the former ruler of space.

So, that was how she had been tricked out.

Then, the descendant of the ruler of space used a spatial magic treasure to teleport over a golden sedan chair.

The golden sedan chair emitted a rather powerful energy, instantly sucking Yanran into it.

Yanran, who had a spatial bloodline, actually couldn't escape.

She only had time to release the distress signal.

"Golden Sedan?" Su Yu's eyes were cold.

He remembered that back in the spatial domain, when the Phoenix King attacked Shen 'du wantonly.

He had seen a sedan that flashed past.

However.

No matter who the other party was, since they were on the same side as the Martial Dao Temple, they were enemies.

Shua --

Su Yu used his space domain and immediately chased after them.

One month later.

From Afar, Su Yu saw a golden sedan chair speeding through the air.

"Freeze!" He activated his yuan level time domain, causing the other side of the sky to freeze.

The golden sedan chair immediately stopped.

Su Yu took a step forward and arrived in front of the Golden Sedan Chair.

However, he did not rush forward recklessly. There had been too many similar cases where he broke free from time freeze.

Naturally, he didn't dare to be careless.

Far Away, Su Yu took out the nine dragons divine cauldron and turned it into an afterimage, slamming it fiercely.

Just as it was about to collide.

The golden sedan that was clearly frozen suddenly shifted.

And from the sedan, endless purple air currents spurted out, slamming the nine dragons divine cauldron back.

If that purple air current were to be sprayed on a person's body, the consequences would be imaginable.

"As expected, it's pretending to be frozen." Su Yu said coldly, "If you want to ambush people with such a small trick, then you're really underestimating me."

A moon rose above his head, and under the illumination of the Soul's light.

No matter how tight the Golden Sedan chair was, no matter how strong the prohibition was, it was still pierced through.

Su Yu could see the blurry scene inside.

He could only see a veiled slim girl coldly sitting inside.

In front of her feet lay an unconscious woman. It was Yanran.

The woman raised her head as if she sensed that she had been seen through.

She sighed slightly and walked out of the palanquin. She silently stared at Su Yu. "You servant, you have mastered another yuan level domain. How troublesome."

Su Yu looked at her coldly.

This woman gave her a very dangerous feeling.

Or rather, it felt like they were of the same origin.

"Who are you?" Su Yu asked.

The woman said indifferently, "Me? If you are willing, you can call me master."

Master?

Su Yu smiled.

He had never been a slave in his life, so how could he have a Master?

But in the next moment, Su Yu's expression changed slightly.

The woman formed a seal with both hands, and the seal changed rapidly.

The nine dragons divine cauldron in Su Yu's hands actually began to tremble slightly, as if it was about to obey his control.

If it wasn't for the fact that the nine dragons divine cauldron had been in Su Yu's hands for many years, it would have long since been refined to an extremely firm state.

Just now, this woman's move had already snatched the nine dragons divine cauldron.

"You Are... the successor of ancient God Nine Dragons?" Su Yu asked in a serious tone.

The girl's hand seal stopped, and she sighed with slight disappointment. "The nine dragons divine cauldron has been in your hands for too long. What a pity."

She looked at Su Yu once more and said, "Since you know who I am, you can call me master now."

She looked at Su Yu with a condescending gaze.

It was as if Su Yu was born with a head lower than her.

Su Yu was surprised, but he was still surprised.

However, he already knew of the existence of the successor of ancient God Nine Dragons, so he wasn't overly surprised.

"So it's the successor of ancient god Nine Dragons," Su Yu said indifferently. "For the sake of ancient god Nine Dragons, you can put down my people and take your own life and leave."

No matter what was said, he had relied on ancient god nine dragons's small cauldron to get to where he was today.

Su Yu probably wouldn't be able to kill his successor without permission.

"You're thinking too much. A servant has no right to bargain with master," the woman said indifferently.

Su Yu raised his eyebrows, his expression cold.

"Stop calling me a servant. Do I owe you?" Su Yu didn't think much of it. His killing intent was naturally released. "Don't challenge my patience. Let him go."

If the other party was stubborn, so what if he was killed?

The woman shook her head. "The outcome of a slave challenging its master has never been good. Are you sure you want to be my enemy?"

Su Yu said coldly, "What an ignorant woman!"

With a wave of his palm, three yuan level domains of time, soul, and life appeared at the same time.

"Soul deprivation!" Su Yu said calmly.

The woman calmly formed a seal in front of her. Those were all the mysterious seals used to control the nine dragons divine cauldron.

The nine dragons divine cauldron, which was formed from the intertwining of the seals, appeared in front of her.

Su Yu saw it clearly.

That was the purest way to control the nine dragons divine cauldron!

"Nine dragons roar!" The woman said indifferently.

Instantly, the nine dragons divine cauldron, which was formed from the intertwining of the trajectories, spun and charged over at a high speed.

"Space-time transformation!" Su Yu stood where he was and did not Dodge.

He knew that it was impossible to dodge the nine dragons divine Cauldron's spinning attack.

In an instant, the space-time beam pulled the nine dragons divine cauldron and teleported it away.

The trajectory that was woven into the nine dragons divine cauldron immediately collapsed and quickly lost its shape.

However, the strangest thing was.

Those trajectories actually broke through the restraints of time and space and ruthlessly lashed towards Su Yu.

Without thinking, the real nine dragons cauldron in Su Yu's hand spun and flew up, slapping away several trajectories.

"How is it, servant? Do you still have the courage to challenge me?" The woman said indifferently.

Su Yu took back the nine dragons cauldron and said indifferently, "I said, you don't know what you're talking about!"

Just as he finished speaking.

A large number of black shadows suddenly appeared under the woman's feet, instantly wrapping around the woman's feet and hands.

The woman was calm at first and said indifferently, "One of the two great secret arts of the Soul Dominator, the Soul Shadow Art!"

She lowered her head to take a look, and two dragon-shaped flames shot out from her eyes.

The black shadows were immediately burned into ashes.

"Not much..."the woman was talking when she suddenly noticed that Su Yu was chanting an extremely obscure incantation.

Chapter 2743 Boundless Sea Of Blood

Lines of characters that emitted golden light surrounded Su Yu.

"Soul Death Note?"The woman said in surprise, but then she was at a loss. "Did you steal it from the Martial Dao Temple?"

Su Yu quickly finished reciting the incantation and looked at the woman. He said indifferently, "Open your dog eyes and see what this is!"

This was the simplest secret technique of the Heavenly Tome of darkness, the soul extinguishing sound.

It was a world of difference from the low-level version of the martial arts temple.

Whoosh whoosh whoosh --

As soon as he finished speaking, countless heavenly tome characters shot out rapidly.

The woman once again drew out the trajectory of the nine dragons divine cauldron, trying to block the heavenly tome characters.

However, in front of the heavenly tome characters, the trajectory that was drawn out was like a piece of paper, completely crushed.

At this moment.

Her expression finally changed, and she hurriedly returned to the sedan chair.

Puchi --

Unfortunately, the golden sedan chair did not resist for long before it was smashed into pieces by the heavenly book characters.

The woman hurriedly escaped from the sedan chair. She looked at the heavenly book characters in front of her and revealed a shocked expression.

She fearfully and anxiously shouted, "Quickly save me!"

Just like a martial arts temple, she took out an ancient sword and stabbed it into the sky.

A beam of light descended and swept her away.

Before she left, she glanced at the unconscious Yanran and grabbed her as well.

However, how could su Yu allow her to take Yanran away?

With a vicious grab of his palm, the heavenly script characters that danced in the sky condensed into a sword of words.

The sword slashed over.

Without any sword qi, the woman's arm was cut off from her shoulder.

The woman cried out in pain and tried to recover her arm. At her level, there was almost no injury that could not be healed.

But the strange thing was.

There were a few words left on her broken arm, which were like a sealed plate, making it difficult for her shoulder to recover.

"Ah! My Arm..."the woman was completely swept away while screaming in pain.

Su Yu stared in the direction of the beam of light.

It was this thing again!

Where did the martial arts temple and the woman come from?

What exactly was that force?

Su Yu did not have time to care about her, so he immediately checked Yanran's condition.

Luckily, the space bloodline in her body wasn't taken away.

Su Yu gently tapped between her eyebrows, waking yanran up.

When she woke up, she instinctively resisted and used her space domain to escape.

"Where are you going?"Only when she heard Su Yu's voice did Yanran finally realize.

She immediately stopped and looked at Su Yu with tears of joy. "I almost thought I was going to die here."

The woman in the palanquin coveted her bloodline.

The way she looked at her was like a pig or a dog.

She had no doubt that once her bloodline was taken away, she would definitely be killed.

Yes, she would be killed without hesitation.

SOB SOB --

She couldn't help but sob in fear.

Actually, this wasn't the first time she had been attacked.

There had been several small attacks before, but she had been vigilant enough to escape.

However, the enemy this time was too strong, and directly captured her.

Initially, Yanran was extremely excited after obtaining the space bloodline.

However, after obtaining it, not only did it not bring her sufficient benefits, but she had also been in deep danger ever since.

This time, Su Yu had saved her. What about the next time?

What about the next time?

The mysterious and powerful enemy was simply too much. It was not something that a Xuan Dao master like her could defend against.

"Su Yu, I don't want the spatial bloodline anymore, Alright?"Yanran made up her mind.

Su Yu was silent for a long time. "Think carefully. Once you take it away, it's impossible for you to become the spatial ruler again."

She was currently at the peak of the advanced spatial domain. If she worked hard for a period of time, there might be hope for her to reach the Yuan level and become the new spatial ruler.

"No! I don't want it anymore."Yanran said with certainty.

If this continued, she couldn't even guarantee that she would still be alive.

Su Yu nodded. "Alright, I'll take back the ruler Bloodline."

With Yanran's cooperation, Su Yu covered her head with his palm and began to extract the ruler bloodline.

A moment later.

A string of crystals appeared in his palm.

Yanran revealed a relaxed expression. "I'm finally free."

Then.

Su Yu brought Yanran back to the remnant domain.

He returned to the secret room and immediately began to refine the space ruler bloodline.

With the help of Ling Long Xuanji, it was extremely easy to fuse with the bloodline.

In just a short moment, he successfully fused his soul into his body.

At this point.

Su Yu had already grasped four yuan level domains.

They were time, space, soul, and life.

If he met the Martial Dao Temple again, he wouldn't even need the myriad calamity scythe to compete with them.

However, Su Yu felt that his greatest gain was still the heavenly Tome of darkness.

Just now, he had tried the soul extinguishing sound, and its power was extremely satisfying.

Su Yu had never formally practiced the soul extinguishing sound.

Just now, he had only tried it.

Unexpectedly, its power was beyond his expectations.

Even the moves he was practicing were so terrifying. If he could complete it, how powerful would it be?

Thinking of this.

Su Yu activated the Yuan level time domain and accelerated time to the extreme.

He studied the heavenly Tome of darkness from there.

Two years passed.

The sky above the entire eight-star civilization had been replaced by a patch of dim yellow.

The dazzling dim yellow sunlight caused the eight-star civilization to be in a suppressed dim yellow for a long time.

At the same time, the spiritual qi, profound qi, and Dao Qi of the eight-star civilization were all flowing toward the outside world at an astonishing speed.

This was due to the invisible pressure that caused the atmosphere to change on its own.

Moreover, the mountains and rivers'spiritual veins were starting to dry up.

Countless heavenly materials and earthly treasures were declining.

Countless living beings were listlessly lying on the ground, as if accepting their fate, waiting for it to descend.

The entire eight-star civilization was enveloped in an atmosphere of despair and oppression.

The arrival of the Apocalypse caused People's hearts to change dramatically.

They began to indulge and do whatever they wanted, enjoying the time they had left in their lives.

As a result, public order rapidly deteriorated.

Fortunately, Su Yu had the foresight to arrange for the cauldron to take over the remnant domain, which allowed order to be stabilized.

But even so, the oppression in people's hearts could not be alleviated.

Qin Xian 'er sat in the courtyard, cultivating the divine fire from ancient god Netherworld.

She occasionally looked at the sky, her brows filled with worry. "I don't know where Cai 'er is. Is that place safe? Can she avoid the destruction of the epoch?"

Once the destruction of the epoch began, it would not only affect the remnants.

Everything in the void would not be able to escape this calamity.

At this moment.

An extremely dangerous aura suddenly erupted from the secret chamber where Su Yu was.

Qin Xian 'er immediately looked back, but the dangerous aura disappeared in a flash.

"Husband, what are you doing now?"Qin Xian 'er asked in puzzlement.

Little did she know that the secret chamber where Su Yu was at this moment was a terrifying scene that looked like hell.

The Secret Chamber had already turned into a sea of blood.

That was one of the forbidden secret techniques of the Heavenly Tome of darkness, the boundless sea of blood.

Once it was used, all living beings that were trapped inside would be melted into blood.

There were no exceptions.

Even the Heavenly Dao Master!

Su Yu floated above the Sea of blood with a trace of lingering fear on his face.

After nearly 100,000 years of study, apart from studying some simple secret techniques, he had also barely grasped this terrifying forbidden secret technique.

Chapter 2744 People From The Heavenly Court

And this was only something slightly more profound in the heavenly tome of darkness.

There were even more forbidden secret techniques.

Once used, the power would be even more terrifying.

He didn't know how much Yun Yazi had mastered.

Why hadn't he used it before?

Back then, when the evil girl had chased him, he could be said to be in a desperate situation, but Yun Yazi hadn't used it.

"Could it be that he did not cultivate himself?" Su Yu thought to himself.

While he was thinking.

Qin Xian 'er's knocking voice came from outside the door. "Darling, are you okay?"

Su Yu opened the door and looked at Qin Xian 'er, whose little face was filled with worry. He smiled and said, "I'm fine."

After thinking for a moment, Su Yu said, "Close your eyes. I'll give you a gift."

"Gift?" Qin Xian 'ER's Crystal Eyes were full of anticipation as she obediently closed her eyes.

Su Yu lowered his head and kissed her forehead.

His lips moved slightly as he spat out golden heavenly script characters one after another.

Qin Xian 'er opened her eyes in amusement. "This is a gift?"

Seriously, wasn't it just a Kiss?

However... she liked it very much!

However, Su Yu kissed her for a long time before he slowly stopped.

"Lift up your sleeve and take a look," Su Yu said with a smile that was not a smile.

What was he doing?

Qin Xian 'er was a little confused. She lifted up her sleeve and took a look. She said in surprise, "What is this?"

On her jade-like snow-white skin, there were many strange golden characters flashing.

Each character was particularly spiritual and kept swimming around her body.

"This is a protective spell." Su Yu's finger gently touched Qin Xian 'er's arm.

Immediately, the heavenly book characters on it shot out golden light and fiercely flicked Su Yu's finger away.

"The stronger the power that attacks you, the stronger the rebound." Su Yu said, "Unless it's an existence at the Devil Emperor level, it's very difficult for experts below him to harm you."

Qin Xian 'er said incredulously, "There's such a powerful protective spell?"

She thought for a moment and rolled up Su Yu's sleeve.

There were no similar words on his skin.

"Since it's so powerful, why don't you have it?" Qin Xian 'er asked suspiciously.

Su Yu smiled in surprise. "Because I don't need it. In the current eight-star civilization, there's nothing that can harm me."

Qin Xian 'er might have foolishly believed this explanation in the past.

But now, she shook her head and hugged Su Yu's waist, leaning her head against his chest. "Brother Su Yu, there's only one protective spell, right? So you gave it to me instead of yourself, right?"

Su Yu's smile stiffened slightly. She patted her back helplessly and asked gently, "Do you know what my weakest point is?"

Qin Xian 'er blushed and said embarrassedly, "Are you talking about me?"

Wasn't she Su Yu's biggest weakness?

The ruler of time had subdued su Cai 'er, but it had made Su Yu dig out his own heart.

Let alone her?

If one day, she was coerced or even killed by someone.

It was hard to imagine whether Su Yu would go crazy.

"How could it be you? Of course my heart is the most important thing to me! Are You Stupid?" Su Yu poked her forehead.

Qin Xian 'er's expression stiffened and her small face became embarrassed.

After all this, she had overestimated herself.

She was a little angry and let go of her embrace. She turned her back and ignored Su Yu.

Although Su Yu was right, the most important thing was of course his heart.

But couldn't he coax her?

Why did he have to be so straightforward?

Su Yu pulled her into his embrace from behind and the corners of his mouth curled up into a smile. "But, Xian 'er is my heart! My most precious heart."

Ah?

Qin Xian 'er understood and her face immediately flushed red.

She quickly looked left and right and found that the servants in the distance were covering their mouths and snickering. Her face turned even redder.

She turned around and grumbled, "Why have you become so mushy? Aren't you afraid of being embarrassed?"

But in her heart, she was very happy.

It was as if she had eaten honey.

"Hehe." Su Yu lifted her snow-white chin and said, "We are already an old couple. What's there to be embarrassed about?"

Su Yu bent down and carried Qin Xian 'er like a princess.

"Ah, what are you doing?" Qin Xian 'er's heart pounded.

"Of course it's between husband and wife." Su Yu deliberately revealed an evil smile and carried Qin Xian 'er into the secret room while she resisted.

After a long time.

Qin Xian 'er walked out somewhat exhausted. Her beautiful eyes were filled with faint resentment.

"Seriously, it tortures me until I'm exhausted every time."

Su Yu tidied his clothes and only smiled without saying a word.

The epoch was about to be destroyed.

Everyone was anxious.

How Could Qin Xian 'er not be an exception?

Everything he said and did was to ease Qin Xian 'Er's mood.

Of course, it also eased his own mood.

What kind of scene would the epoch destruction be like? Would the broken array be able to defend?

Would they be reduced to dust in the destruction of the epoch, or would they continue to continue in the next epoch?

Everything was unknown.

Even Su Yu didn't have the slightest confidence.

After sending Qin Xian 'er off, he went back to rest.

Su Yu looked out of the sky and arrived outside the formation in a flash.

What he could do now was to use the "Heavenly Book of Darkness" he had mastered to rearrange some heavenly book characters outside the formation.

But just as he was about to begin...

He suddenly sensed several auras approaching.

His gaze focused as he stared into the distance. A cloud gradually appeared in front of his eyes.

On the cloud stood several figures that Su Yu had seen before.

One of them was the vice court master of the Heavenly Court, Zhan Feiyan.

"Hehe, saintly being SU, it's been a few years since we last met. It's been a long time!" Zhan Feiyan's white robe fluttered in the wind, making him look like a celestial being.

But Su Yu already knew that they had always coveted Su Yu's nine dragons divine cauldron.

With an indifferent expression, he asked, "Why are you looking for me?"

Zhan feiyan smiled and said, "Sacred Body Su, the end of the era will be in a year's time. We sincerely invite sacred body Su to go to the heavenly court to discuss our plans."

Discuss their plans again?

Wasn't their plan to trick Su Yu into going to the heavenly court and then snatch the nine dragons divine cauldron?

For this reason, Su Yu had been tolerating the mortal-born sacred body.

He had always used it as a trump card, afraid that they would notice.

"I'm a bit busy right now, so I'm afraid I won't have the time to go." Su Yu rejected without hesitation.

The youths behind Zhan Feiyan were secretly angry.

"What is this? The Heavenly Court invited him personally, and he's still acting coy!"

"What a shameless person!"

"We shouldn't have come here. We shouldn't have stuck our heads together!"

Little did they know.

Their thoughts were all in Su Yu's mind.

Zhan Feiyan was still smiling. He looked at the broken array and shook his head. "If sacred body su wants to use the broken ancient god array to block the destruction of the era, then I can only say that sacred body su will be very disappointed."

Su Yu stopped and listened to him.

He was indeed not confident that the broken array could block the destruction of the era.

Chapter 2745 Heading To The Heavenly Court

"Sacred Body Su, there is a very precious image here. Perhaps you will be interested." Zhan Feiyan took out a very ancient and broken jade seal.

There was an image carved inside.

"What is this?" Su Yu asked.

Zhan Feiyan smiled. "An image left behind during the destruction of the previous era. It was discovered in Dao Yuan. It should be a unique image."

Su Yu was shocked.

It was left behind during the destruction of the previous era?

He took it and entered it with his soul.

What he saw was an extremely blurry image.

It was probably due to the distance being too far and the passage of time. It was difficult to avoid damage during the preservation process.

In the blurry image was a pitch-black world of nothingness.

Numerous dazzling islands that emitted bright light floated in the world of nothingness.

One of the islands had the exact same shape as the complete eight-star civilization!

Su Yu's mind rumbled.

Could it be that the islands Yun Yazi mentioned referred to the eight-star civilization?

Before the destruction of the previous era, there were many islands that were similar to the eight-star civilization?

As far as the eye could see, there were countless similar islands.

Among them, the eight-star civilization could only be considered a drop in the ocean, incomparably small.

Suddenly!

The world suddenly turned yellow.

A Golden Island descended from the sky.

On that island stood ten towering and solemn stone men.

Under the Golden Light, their shadows were stretched out, enveloping all the islands.

After that.

The golden island suddenly shone brightly, releasing rays of golden light that seemed to be corporeal.

The golden light swept in all directions, covering every nook and cranny of nothingness.

Under the Golden Light's sweeping gaze, the islands were all instantly crushed into dust.

After the time it took to brew a cup of tea.

Many islands were wiped out.

Only a few islands remained.

On each island, there was an incomparably majestic figure standing on it.

It blocked the world-destroying golden light.

One of them stood on the island where the eight-star civilization was located.

That majestic figure that stood tall and looked down on the sacred mountain.

It was none other than Ren Zu.

It was Ren Zu!

It went without saying who the other eight were. They were the eight sacred ancestors!

The nine sacred ancestors, led by Ren Zu, were forced into a desperate situation and attacked the sacred mountain together!

In the War of destruction.

The other eight islands were completely destroyed.

Only the eight-star civilization was left alone in the galaxy.

The image came to an abrupt end.

Su Yu, however, could not calm down for a long time.

"Sacred Body Su, do you still have the confidence to protect the Broken Island on your own?" Zhan Feiyan asked in a serious tone.

The answer was, of course, no.

Su Yu's mortal sacred body had yet to be fully formed.

No matter how strong he was, could he be stronger than the nine sacred ancestors?

However, they and the island they were protecting had already been destroyed in the end of the epoch.

If the end of the epoch really came...

No one on the eight-star civilization island would be spared.

His most beloved Xian 'er, along with him and the eight-star civilization, would all come to an end at the end of the epoch.

"What About Your Heavenly Court? Are you confident that you can withstand this calamity?" Su Yu asked.

It was strange.

Even though the eight-star civilization had been destroyed, there was still no sign of the Heavenly Court.

"US?" Zhan Feiyan chuckled. "This is the reason why I invited saintly being Su to go. You will understand everything after you visit the Heavenly Court."

After a pause, Zhan feiyan continued, "If saintly being su needs us, we will provide the necessary help to help everyone get through the crisis of the Apocalypse."

Su Yu fell silent.

After a long while, he nodded slightly. "Alright, I can take a look at the heavenly court, but wait for me."

A hint of coldness flashed in Zhan Feiyan's eyes, but he smiled warmly. "Of course!"

Su Yu immediately returned to the remnant zone and sent a message to all the higher-ups, including Qin Xian 'er.

While he was away, he had to be on high alert.

Whoosh --

Just as he was about to leave, Yu Xiang Wan caught up to him. "Brother Su, you're going to the Heavenly Court?"

"Yes." Su Yu looked at him and asked, "You want to go as well?"

Yu Xiang Wan's identity was different from Su Yu and Qin Xian 'er. He was the descendant of the ancient god corpse ancestor.

In theory, he was a member of the Heavenly Court.

However, for some unknown reason, he had ended up in the outside world.

"Mm, I want to take a look." Yu Xiang Wan nodded her head, her eyes filled with anticipation.

With Su Yu's help, he had retrieved the ancient god corpse ancestor's holy weapon.

However, he lacked a lot of information about the ancient god corpse ancestor.

If he went to the heavenly court this time, he might be able to find many records of the ancient god corpse ancestor, which would help him obtain the complete inheritance.

Su Yu warned, "It's not peaceful to go to the Heavenly Court this time. Are you sure you want to go?"

"Go! I also want to do my part for the remnant zone. If I can control a more powerful force, I might be able to help when the epoch is destroyed," Yu Xiang Wan said with certainty.

After thinking for a long time, Su Yu nodded. "Be careful."

"I understand!" Yu Xiang Wan nodded her head.

The two of them left immediately and arrived at the outer region.

Zhan Feiyan was surprised to see Su Yu bringing a stranger with him. "This is?"

Yu Xiang Wan took out the scepter without saying a word.

Zhan Feiyan was shocked to see this item. "The sacred weapon of the ancient god of the corpse ancestor?"

The young men behind him were equally shocked.

"Who is this guy? Where did he pick up the sacred weapon of the ancient god of the corpse ancestor?"

"Could it be that he stole it just like Su Yu?"

Su Yu frowned slightly.

These people from the heavenly court must have a strong sense of superiority, right?

What right did they have to say that someone else stole it?

Yu Xiang Wan's eyes turned azure. "Is there anything else you want to ask?"

Zhan Feiyan was completely moved when he saw her eyes. "The descendant of the ancient god of the corpse ancestor's Bloodline?"

Immediately after, his face was filled with smiles as he said, "Good! Good! Good!"

"In the heaven, there's only one descendant of the ancient god corpse ancestor. If you return, you'll definitely cause a stir in the heaven!"

As he said that, Zhan Feiyan took the lead and jumped onto the clouds. "Come, I'll show you the accumulation of the Heaven for an era!"

Su Yu and Yu Xiang Wan jumped onto the clouds.

Along with the clouds, they went deeper into the sky.

After a long time.

This place was already far away from the remnant zone.

Not far away, one could even see a long crack in the depths of the dark void.

It was like an abyss that devoured everything from the absolute beginning world.

That must be Dao Yuan, right?

However, it did not seem far away.

In fact, it was extremely far away.

Even if Su Yu used all his strength, he didn't know how many years it would take to get there.

One month later.

They had arrived at the deepest part of the void.

This place was almost at the edge of the absolute beginning realm.

Suddenly, their eyes brightened.

In the dark, there was a faint silver light flickering.

They fixed their eyes on it.

It was a silver-white, massive spaceship.

The size of the spaceship was not any smaller than the current dilapidated domain.

However, tens of thousands of heavenly script characters were engraved on the hull of the spaceship.

Each heavenly script character was written with an unknown liquid, which made the heavenly script characters even more powerful.

Chapter 2746 Not Knowing What Was Good For Him

That power was so powerful that it could completely resist the world-destroying golden light.

Su Yu was shocked.

He wasn't shocked by the heavenly book characters. He knew all of these characters.

He was shocked by the unknown liquid.

It was somewhat similar to the pulse-washing divine spring used by the descendants of the rulers.

The difference was...

The liquid's energy was extremely overbearing. When combined with the heavenly book characters, the defensive power it released was extremely shocking.

"If I could also obtain that liquid, I could also set up such a huge formation." Su Yu thought to himself.

The clouds flew up and landed on the incomparably huge spaceship.

Just as he was about to approach, Su Yu discovered that there were tens of thousands of seven star Dao artifact level cannons placed on the spaceship!

That was seven stars!

The evil daughter was such a powerful figure, yet the Nirvana artifact in his hands was only eight stars.

Such a setup was evident.

Many Heavenly Dao masters had attacked and annihilated them.

However, what Su Yu didn't quite understand was that since the heavenly court had such powerful combat strength, why had they been suppressed by an eight-star civilization for such a long time?

With this invincible spaceship, they should be able to capture all eight rulers in one go.

There was only one explanation.

The spaceship had only been armed recently.

There was an extremely powerful expert who equipped them with giant cannons and left behind a large amount of heavenly script defense.

Who could that person be?

Noticing Su Yu's gaze, Zhan Feiyan's eyes flashed with a hint of pride. He said proudly, "This is the Heavenly Court!"

The clouds were about to descend.

This way, they could overlook everything on the spaceship.

The mountain range was continuous and filled with spiritual energy.

Human cities, the territory of the monster race, and all kinds of creatures were available.

Among them, the most prominent one should be the nine giant mountains that looked like pillars supporting the sky.

No matter where one was on the spaceship, they could see it.

Every mountain was particularly prosperous. Many cities appeared like stars surrounding the moon, surrounding every mountain.

One could vaguely see the lofty status of the mountains.

"What's That?" Yu Xiang Wan looked at the huge mountain at the end of the mountain. Her eyes were filled with confusion.

The Scepter of the Netherworld in her hand was also emitting a faint black light. She could actually sense it on its own.

Zhan Feiyan smiled. "That's the place where the ancient god of the corpse ancestor once cultivated. I'll bring you there later."

His attitude toward Xiang Wan was more sincere.

"OH." Yu Xiang Wan's eyes were filled with anticipation.

Her intuition told her that ancient god corpse ancestor had left behind an extremely beneficial inheritance on the mountain of ancient god corpse ancestor.

Zhan Feiyan then looked at Su Yu and smiled. "I'll bring all of you to visit the Lord of Heaven Now."

Su Yu nodded slightly.

Under his lead, they descended to the center of the Nine Mountains.

That was the most prosperous place in the heaven.

It even surpassed the nine mountains.

In the center, a golden island floated in the air.

Seeing this island, Su Yu almost mistook it for a holy mountain.

With his perception, countless invisible lines spread out from the Holy Mountain and embedded deeply into the spaceship.

Through the lines, the Golden Mountain controlled the entire spaceship.

"That is the Buzhou Mountain of the Heaven Court, the core of the Heaven Court. The higher-ups of the Heaven Court are all inside," Zhan Feiyan said. "After you go up, you must keep a low profile and not make any noise to avoid arousing disgust."

Su Yu did not agree.

It was as if he was begging to come here?

Wasn't it because they had invited him again and again?

He flew down to Mount Buzhou.

It could be seen that there were nine huge cave abodes on the mountain.

One of the cave abodes in the middle was exceptionally grand, and it faintly emitted a terrifying and tyrannical power.

Zhan Feiyan lowered his voice and said, "This is the court Lord's cave abode. There are eight vice court lords and one court lord."

He was only one of the eight vice court lords.

His status wasn't high, but it wasn't low either.

After saying that, Zhan Feiyan was incomparably solemn. He bowed towards the court master's cave abode and said, "Court master, Su Shengshen has arrived."

The court master's Cave Abode was completely silent. There was no response.

After a long while, Zhan Feiyan said again, "Court master..."

"I know. Tell him to wait." An indifferent voice came from within the cave abode.

Wait?

Su Yu found it funny.

Did the Heaven Court really think that it was Su Yu who took the initiative to beg them?

They invited him from afar.

In the end, when he arrived, they rejected him and told him to wait!

"There's no need for that," su yu said decisively, "My Lord, Please Do your own thing. I'll take my leave first."

Yu Xiang Wan reached out to stop him and whispered, "Brother Su, don't be rash."

Su Yu pointed at his own eyes. "Am I not calm enough?"

His purpose of coming here was to take a look at what was special about the heavenly court.

He had seen it just now.

He could go back at any time now.

As for the higher-ups of the Heavenly Court, it didn't matter whether he saw them or not.

Zhan Feiyan's expression changed slightly and his face was filled with anger. "Sacred Body Su, what do you mean by this? I invited you here out of goodwill, but you just left like that?"

Su Yu looked at him indifferently and said, "Then I came to the heavenly court to take a look because of you. How did you treat me?"

He shook his head and didn't want to waste any more words.

He turned around and left.

Just as he was about to fly up, the space around him tightened and his body froze.

"Young people nowadays don't have any patience." A hoarse voice came from the Heavenly Court's cave abode.

An old man with a hunchback and a walking stick slowly walked out.

He only had one eye.

One Eye that contained nine colors.

He was the Lord of the Heaven Court!

"Come in."The Lord of the Heaven Court looked down at him.

Su Yu said indifferently, "How many times do I have to repeat the same words? I'm not interested in meeting the people of the Heaven Court. Goodbye!"

He flew up into the air again.

The Lord of the Heaven Court raised his old eyebrows slowly and tapped his toes.

The space around them tightened again.

However, this time, Su Yu casually used his space domain.

No matter how tight the space was, it did not affect him at all.

Before he left, Su Yu looked at Yu Xiang Wan and left quietly.

Yu Xiang Wan was different from him.

Su Yu was not welcomed by the heaven.

However, Yu Xiang Wan was not like that.

If he stayed, there would only be benefits and no harm.

"How dare you!"The Lord of Heaven said unhappily. "On account that you're the successor of the ancient god of nine dragons, the heaven has specially invited you here. Why are you so ungrateful?"

If Su Yu didn't know their goal in snatching the nine dragons divine cauldron, then so be it.

Even if he knew, why would he give face?

"I just don't know what's good for me, so what?"Su Yu said coldly.

If they wanted to sit down and have a good talk, Su Yu would still give them a chance.

But their attitude toward Su Yu was the same as that of the descendant of ancient god Nine Dragons, treating him like a slave.

The only remaining eye of the Lord of the Heaven Court calmly gazed at Su Yu. "Young man, let me give you a piece of advice. Speak properly. The Heaven Court really isn't a place where anyone can behave atrociously."

Hehe!

Su Yu coldly laughed.

Since he dared to come, he had already expected hostile hostility.

How could he be afraid?

"Is that so? I'd like to know where your Heaven Court's sense of superiority comes from!"Su Yu indifferently said.

The people of the Heavenly Court probably didn't know that Su Yu's mortal body could still be activated at any time.

Yes, because of the existence of the heart of the son of heaven.

Chapter 2747 Tension

Not only could it be activated at any time, but its power would also be stronger than before.

The Lord of the Heaven Court tapped the ground with the crutch in his hand, and even his voice became stronger. "Then, I'll teach you..."

The two of them were in a state of tension.

It was on the verge of breaking out!

One was the lord of the Heaven Court.

The other was the human sacred body.

Once the war started, the surrounding area would be razed to the ground.

Zhan Feiyan was secretly resentful. Of course, the one he hated was not the Lord of the Heaven Court, but Su Yu.

How could he be so unappreciative?

He was going to confront the Lord of the Heaven Court right away?

It was a tense moment.

A light chuckle came from the Lord of the Heaven Court's cave abode. "Lord of the Heaven Court, Why Are You So Angry?"

A man in a fluttering white robe walked out of the cave abode.

His appearance was average, but his bearing was extraordinary.

His gaze was extremely deep.

When he looked at people, he gave off a feeling of being bathed in the spring breeze.

However, if one looked into his eyes, he would give off a cold feeling.

Hearing this, the Lord hurriedly turned around and said apologetically, "I didn't expect to alarm young master Zhuo."

In this world, everyone had a name.

For this person to be treated with such courtesy and respect by the Lord, it could be seen that his status was extraordinary.

However, he had a name but no surname.

He only used young master to replace his surname, giving off a mysterious feeling.

Young Master Zhuo smiled lightly, cupped his fists towards Su Yu, and said apologetically, "It was I who pestered the court lord, causing him to be unable to escape to see you just now, which resulted in him neglecting you. If you want to blame someone, then blame me."

This person's words sounded very pleasing to the ear.

However, if one were to savor it carefully, one would be able to sense that he was exonerating the court lord, indirectly blaming Su Yu for being too stingy and not being magnanimous enough.

One had to admit that this person's art of speech was very brilliant.

Su Yu said calmly, "I think it's better for you not to interfere in the matters between me and the Heavenly Court."

For this person to be treated politely by the court lord, it could be seen that he was most likely not a member of the Heavenly Court.

Young Master Zhuo's smile was still as gentle as the wind as he said, "Sacred Body Su, can you give me some face and let it go for the time being?"

Or was he secretly criticizing him!

If he neglected Su Yu, Su Yu wouldn't allow him to leave even if he wanted to.

Who was making things difficult for whom?

"Alright, then I'll leave now. Can you ask the court chief not to stop me?" Su Yu said coldly.

As he spoke, he tore through space again and prepared to leave.

Young Master Zhuo sighed helplessly and said, "Sacred Body Su, please calm down. The court chief and I were discussing the matter of the remnant domain just now. For the sake of the remnant domain, you should calm down and listen to our discussion, right?"

Remnant Domain?

Su Yu's gaze turned slightly.

He did not feel that the heavenly court had any good intentions.

Not long ago, the people of the heavenly court had barged into the remnant domain to capture Yanran.

However, there was no harm in listening.

"I won't enter the cave abode. If you have anything to say, we can discuss it here." Su Yu said indifferently.

Who knew what kind of trap was in the cave abode?

The court chief raised his eyebrows. His murderous aura was sinister, but young master Zhuo secretly pressed his hand to make him quiet down.

"Alright, then we'll follow the words of the sacred body Su," said Young Master Zhuo.

The court chief waved his hand and ordered everyone to leave.

Zhan Feiyan gave Su Yu a cold glance and turned to Yu Xiang Wan with a friendly smile.

"Descendant of ancient god corpse ancestor, please follow me. I'll bring you to the place where ancient god corpse ancestor once cultivated."

Yu Xiang Wan looked at Su Yu worriedly. "Brother Su, be careful."

The group of people left.

Su Yu stood in front of the two of them with his hands behind his back. "If you have anything to say, just say it," he said calmly.

Young Master Zhuo smiled. "After all, the remnant domain is the final resting place for all the living beings in the myriad domain. So, I hope that we can let the remnant domain enter Dao Yuan."

Su Yu's heart moved.

Dao Yuan.

According to rumors, wasn't it an extremely dangerous place that even the ancient god of nine dragons would never return to?

"Dao Yuan is one of the few places that can avoid the end of the era," young master Zhuo said. "I hope you understand this point."

Su Yu pondered.

"Entering Dao Yuan isn't easy, right?" Su Yu asked.

If it was easy, why would the people of the heavenly court spend so much effort to build a spaceship.

Why not all enter Dao Yuan?

Young Master Zhuo nodded. "That's right!" "There are many taboo existences in the Dao Abyss. Outsiders are never allowed to enter at will. However, if we can obtain the consent of those taboo existences, it's not impossible for us to take refuge there."

Su Yu understood the main point.

"How can we satisfy those taboo existences?" Su Yu asked back.

Young Master Zhuo's smile deepened, "They are only interested in a few things. For example, the nine dragons divine cauldron in your hands is one of them."

As expected!

In the end, his final goal was still the nine dragons divine cauldron.

Su Yu did not immediately refuse.

The nine dragons divine cauldron was in his hands, and to be honest, it was no longer of much use.

Because it lacked the true control of ancient god Nine Dragons, the Nine Dragons Divine Cauldron's power was extremely weak.

If he could use the nine dragons divine cauldron to exchange for all the creatures of the remnant domain, Xian'er, and countless old friends to avoid the apocalypse, he would be able to use the nine dragons divine cauldron.

What was the harm in abandoning them?

However, the other party only said a few words.

He couldn't believe it.

Young Master Zhuo took out a token and engraved the words "Young Master Zhuo" on the back.

On the front, there was a word "Ancestor".

"I am Ren Zu's descendant. With such an identity, is it worth believing?"

Who?

Ren Zu's descendant?

Su Yu's pupils constricted as he stared at Young Master Zhuo.

Ren Zu actually had a descendant in the human world?

Young Master Zhuo casually took back the token and said, "Although the ancestor died, before he died, he placed his descendants in Dao Abyss to avoid a calamity."

"Now, seeing that the last island in the world was about to fall, I couldn't bear it, so I left Dao Abyss and came to save you."

If that was really the case.

It could be believed.

However, feeling the nine dragons divine cauldron in his arms, Su Yu was reluctant to part with it.

From the very beginning, the nine dragons divine cauldron had followed him.

It was it who had changed the course of his life.

Su Yu could not bear to part with it just like that.

"Su saintly being doesn't have to answer now. You can think about it for a while. However, you only have three days at most. After three days, I will return to Dao Yuan," said Young Master Zhuo.

Su Yu nodded. "Yes, I need to calm down."

This matter indeed needed to be considered carefully.

Seeing him like this, the court chief's expression softened a lot. It would be great if he could take back the nine dragons cauldron peacefully.

"Someone, send the sacred physique Su to rest," he said.

Su Yu waved his hand. "There's no need. I'll go and check on Yu Xiang Wan."

The court chief did not stop him.

As long as Su Yu did not leave the heavenly court, he did not mind taking a stroll.

As soon as he finished speaking, Su Yu left in a flash.

The court master's eyes flashed, and he said in a low voice, "Young Master Zhuo, are you really going to help all the living beings in the remnant domain enter the Dao Abyss? It's very difficult!"

Young master Zhuo said indifferently, "It's indeed very difficult, but since you said it, then do it. Who asked this kid to have some connection with my ancestor?"

The court master sighed with envy, "Those living beings in the remnant domain are really lucky to be able to hide in the Dao Abyss. Unlike us, we have to withstand it."

They didn't know that.

A soul power flashed under their feet, clearly listening to their conversation.

Chapter 2748 The Oriole Was Behind

The listener was naturally Su Yu.

However.

When this spiritual energy dissipated.

The court master and Young Master Zhuo looked at each other and looked in the direction where the spiritual energy had disappeared. At the same time, they revealed a knowing smile.

"Hehe, you're quite cautious." Young Master Zhuo said indifferently.

The court master laughed hoarsely, "Unfortunately, these are all small tricks that think they're smart."

It turned out that the conversation between the two was deliberately told to Su Yu to make him feel at ease.

After confirming that Su Yu's soul power had dispersed.

The court chief then said, "Young Master Zhuo, why don't we directly seize the nine dragons divine cauldron? He has already lost his mortal body and is weak, why use deception?"

In his opinion, Su Yu did not have the ability to protect the nine dragons divine cauldron at all.

Young Master Zhuo shook his head indifferently. "It's better to be careful than to be cautious. What if this kid really has some trump cards?"

"So, it's better to trick the nine dragons divine cauldron. As for entering Dao Yuan in the future, I'll find another reason," young master Zhuo said.

In fact, he did not need to find a reason at all.

As long as he returned to Dao Abyss, what could Su Yu do to him?

The court master laughed hoarsely and said disapprovingly, "Isn't it just the myriad calamity scythe?"

"If it were outside, I might be slightly afraid if I met him alone, but in the heavenly court, even if he had ten myriad calamity scythe, it would be useless."

Young master Zhuo said indifferently, "If you were so confident, you wouldn't have agreed to my delaying tactic just now."

Hearing this, the court master smiled awkwardly.

Indeed.

He was also afraid that Su Yu had some hidden tricks.

That was why he didn't dare to make a move directly.

"Then we'll follow Young Master Zhuo's suggestion and give him a few more days to consider." The court master said indifferently, "If he's smart enough, then we'll do as he wishes. If he's not smart enough, HMPH HMPH..."

With a sneer, the two walked back into the cave dwelling.

Little did they know.

Where the Soul Power had appeared just now, there was a trace of a soul thread that was so weak that it was undetectable.

That was a yuan level domain.

It was extremely secretive.

The two of them didn't even notice it.

On a certain hill.

Su Yu sat quietly in the pavilion, with his hands behind his back as he looked at the Majestic Mountains and rivers of the Heavenly Court.

His eyes were filled with an unsurprising coldness.

"If I was so gullible, I wouldn't have lived until now," Su Yu said faintly.

He knew that Young Master Zhuo was not a good person.

As expected!

What made the entire remnant domain Enter Dao Abyss to take refuge?

When he first heard it, Su Yu knew that it was most likely fake.

Young Master Zhuo had the ability to bring the remnant domain into Dao Abyss. Why would he let the Heavenly Court stay in the outside world to take risks?

"Alright, I'll do as you wish. I'll think about it in the Heaven Court for a few days." The corners of Su Yu's mouth curled into a cold smile.

Since he felt that he was a lamb waiting to be slaughtered, what was there for him to hesitate about?

Whoosh --

In an instant.

Su Yu descended on the ninth mountain peak.

Compared to the other mountain peaks, ancestor Xiang Wan's ancient God Corpse Ancestor's mountain peak was very desolate.

There were very few people stationed there.

Many spiritual herbs had already been dug up.

In the main hall, Zhan Feiyan was enthusiastically introducing the place to Xiang Wan.

"The main hall you see is the place where the ancient god of the dead cultivated." Zhan Feiyan pointed at the main hall.

Yu Xiang Wan's gaze quickly swept across the place.

She turned a blind eye to the various luxuries and high-level restrictions in the main hall.

Suddenly, his gaze fell on a screen in the courtyard.

There were many ancient marks on the screen that were about to be erased.

"What's That?" Asked Yu Xiang Wan.

Zhan Feiyan took a look and said, "That's an item that the ancient god of the corpse ancestor once practiced calligraphy. There's nothing special about it."

Is that so?

Yu Xiang Wan blinked her eyes.

He calmly retracted his gaze and followed Zhan Feiyan to tour the ruins of the ancient god of the corpse ancestor.

The tour ended.

Zhan Feiyan patted his shoulder. "Are you satisfied?"

"I'm satisfied. Are you planning to let me stay here?" Yu Xiang Wan was surprised.

Zhan Feiyan smiled and nodded. "What else? In the entire Heavenly Court, you're the only descendant of the ancient god of the dead race!"

Yu Xiang Wan was pleasantly surprised. "Thank you, Deputy Court Chief!"

Zhan Feiyan did not mind. He pondered for a while and said, "Yu Xiang Wan, it's like this. As long as you join our Heavenly Court, the descendants will have to hand over the ancient God's holy weapon to the Heavenly Court for safekeeping."

Hand it over to you guys?

How was that possible?

Yu Xiang Wan's heart tightened.

Seeing that he was nervous, Zhan Feiyan smiled in relief. "Don't worry. We're not asking for it. We're keeping it for the time being. Once you need it, you can take it back and use it anytime."

"This is to ensure that the ancient God's holy weapon will not be lost or snatched away by someone with ulterior motives."

Is that so?

It was still difficult for Yu Xiang Wan to hand it over.

This was the most important item of the ancient god of the corpse ancestor. How could she hand it over so easily?

"If you're not willing to hand it over, I'm afraid the Heavenly Court won't be able to take you in. I Can't leave this hall to you for the time being."

Hearing this, Yu Xiang Wan started to think again.

Should she hand it over or not?

At this moment.

A series of footsteps could be heard.

It was Su Yu.

"Brother Yu, did your ancestors ever warn you not to give the sacred relic to others?" Su Yu walked over quickly.

He took a glance at Zhan Feiyan from the corner of his eyes.

No one in the heavenly court could be trusted.

When he saw that Zhan Feiyan was trying to trick Yu Xiang Wan into giving her the scepter of the netherworld, he knew that something was not right.

Yu Xiang Wan was reminded by Su Yu's words. She rolled her eyes and said, "Oh, I seem to have said that I only need to take it by myself. I Can't give it to anyone else."

The hope in Zhan Feiyan's eyes was instantly extinguished.

He glared at Su Yu from the corner of his eyes, feeling extremely resentful.

Just when Yu Xiang Wan was about to waver, Su Yu interfered.

Damn it!

He said amiably, "You have to think about it carefully. If you don't hand it over, it will be very difficult for the heavenly court to help you."

Yu Xiang Wan shook her head with certainty. "I don't dare to disobey the orders of my ancestors."

Zhan Feiyan secretly clenched his fists. It was all Su Yu's fault!

He suppressed his anger and suppressed his temper. "HM, this matter is of great importance. Why Don't you think about it for a few more days?"

"Alright, allow me to think about it," said Zhan Feiyan.

Zhan Feiyan cupped his fists. "In that case, you can take a stroll around heaven for the next few days. If you need anything, feel free to look for me."

He took out a piece of communication jade and handed it to Yu Xiang Wan.

After he took it, Zhan Feiyan left with a smile on his face.

When he passed by Su Yu, he gave him a cold glance.

"Brother Su." Yu Xiang Wan immediately stopped smiling and said solemnly, "The people of the heavenly court don't have good intentions toward me either."

Su Yu said unhappily, "You almost gave the scepter of the Netherworld to the Heavenly Court?"

Yu Xiang Wan said embarrassedly, "I was just muddle-headed for a moment. Fortunately, you're the one who woke me up."

After a pause, he continued, "So what should we do now? Should we run away as soon as possible?"

Su Yu shook his head and said coldly, "You've come a long way to trick us into coming here. Aren't we at a disadvantage if we just leave like this?"

"Brother Su, what are you thinking?" Yu Xiang Wan felt that Su Yu might be thinking of doing something big again.

Chapter 2749 Hell On Earth

Su Yu smiled. "You'll know in a while."

He looked at Yu Xiang Wan and then at the screen. "I see that you're very interested in the screen?"

Yu Xiang Wan nodded her head and immediately came to the screen.

His palm caressed the words on the screen. "It's not that I'm interested," he said, "It's just that there's something in the screen that makes me feel connected by blood."

Oh?

Su Yu pondered and looked around to see that there was no one around.

He used his power that was close to that of the tunnel master to attack the screen, but the screen did not budge at all.

Yu Xiang Wan also used her full strength and even used the scepter of the Netherworld to try to break the screen to see if there was anything inside.

However, the screen was too hard for them to break.

"You step back." Su Yu took out the nine dragons tripod.

He placed his palms on it, causing the nine dragons tripod to spin rapidly. When it was as red as red iron, the tripod was sent flying.

Rumble --

There was a crisp sound, and a crack finally appeared on the screen.

Through the crack, one could see a piece of old clothes stained with blood.

"What's This?" Yu Xiang Wan was stunned. She really did not understand why there was such an evil thing inside the screen.

Su Yu continued to activate the nine dragons cauldron.

After more than ten attempts, the screen was finally broken.

The blood-stained clothes inside the screen were finally revealed.

It was actually a kasaya inlaid with an unknown crystal.

It was extremely tattered and stained with unknown blood stains.

The clothes had been sealed in the screen for an unknown number of years, but there were no signs of decay at all.

Yu Xiang Wan reached out her hand to pick it up. She smelled the slightly stinky smell and had a look of disdain. "You spent half a day to make such a lousy thing for a monk to wear?"

Su Yu stared at it for a few seconds and thought for a while. Then, he flicked his finger.

The nine dragons tripod collided with it.

Ordinary clothes should have been smashed into pieces by the collision.

However, the Kasaya shook gently without any wind and sent the nine dragons tripod flying away.

Su Yu was taken aback. "This defense is a little strong! If you don't want it, give it to me..."

Before he could finish his sentence, Yu Xiang Wan immediately put the Kasaya on her body and rolled her eyes at Su Yu. "I left it to me first. Do you have the cheek to take it?"

Su Yu chuckled. "I don't think it's dirty! Moreover, this kasaya should be more than just a simple defense."

He stared at the crystal with a thoughtful expression.

His soul tried to enter one of the crystals, and a cold aura instantly surged into his mind.

An unfamiliar memory immediately appeared in his soul.

"My descendants, if you obtain the corpse-binding clothes of the heavens, please use this clothes to immediately leave the heavenly court. All living beings are not to return."

This was the only memory he had.

However, the content of the message woke Su Yu up.

Even the ancient god corpse ancestor, who was born here, told his descendants not to come to heaven.

What was going on.

Could it be that there was something in heaven that the ancient god corpse ancestor was particularly afraid of or disliked?

He tried to probe other crystals, but unfortunately, those crystals required a bloodline to enter.

Yu Xiang Wan said, "Let me take a look."

He dipped his soul easily into the different crystals, but his face grew more and more unsightly.

Half a minute later.

He jerked his head back with a sullen look.

His fists were tightly clenched. "Brother Su, we have come to the Wolf's Den! The Heaven is not the hometown of the ancient gods we imagined."

"This is the tomb of the ancient gods!"

What?

Although Su Yu had expected, the heaven is not the Holy Land as he imagined.

But he was still shocked by Xiang Wan's words.

The tomb of the ancient gods?

"Most of the crystals are left to the secretaries of the bloodlines, but some reveal what happened in the early days of the Heavenly Court era."

Su Yu heart moved to ask: "What happened in the Heaven?"

Yu said solemnly, "The ancient god of the dead is vague, but he said that many ancient gods died not at the hands of the Emperor and the ruler, but at the hands of the Heaven."

Su Yu's heart shook violently.

Speaking of which...

The only one who knew that the emperor and the ancient God had joined hands to kill was the ancient god of the netherworld.

As for how the other ancient gods had died, no one knew.

It was unbelievable to hear that they had died in the heaven.

"What about the ancient god corpse ancestor? Since he left a message, it means that he did not die, right?" Asked Su Yu.

Yu Xiang Wan nodded her head. "Yes, the ancient god corpse ancestor left the heavenly court and hid in the Dao Abyss. He only left behind a shroud of the heavens, giving us a chance to escape."

Su Yu stared at the magnificent heavenly court and felt a chill down his spine.

What exactly happened that year?

So many ancient gods died here?

And this place became the place where the ancient gods died?

"Brother Su, what other plans do you have? Just tell me," said Yu Xiang Wan.

Su Yu said in a serious tone, "As I said before, we can't come here for nothing! Follow Me!"

He and Yu Xiang Wan flew high up in the sky and looked down at the entire heavenly court.

Moreover, they did not avoid using their yuan level soul domain.

All of a sudden, a familiar soul fluctuation appeared in front of them.

"Martial arts temple?" Su Yu's pupils constricted.

He should have guessed that the mysterious force behind the Martial Dao Temple was the Heaven Court.

In this way, the ones who captured the descendants of the ruler and extracted the bloodline of the ruler were none other than the Heaven Court?

"Haha, Good! So You've been hiding it from me." Su Yu sneered.

He stared at the Martial Dao Temple. This kid was hiding deep underground, and there was a barrier around him.

The Heaven Court thought that Su Yu wouldn't be able to find him.

Little did they know that Su Yu's Yuan level soul domain was already so powerful that they couldn't imagine it.

"Let's Go! Let's find something useful." Su Yu looked around.

A moment later, his eyes slightly twitched and locked onto a palace hidden deep underground in the southeast.

He sensed the auras of many descendants of the ruler.

Most of them were the auras of death, Fate, reincarnation, and fate.

That was where they had imprisoned the descendants of the sovereign.

"Wait a moment!" Yu Xiang Wan opened the Shroud of Heaven and enveloped the two of them.

Instantly, the auras of the two of them disappeared.

Even if they were right in front of them, the court master would not be able to detect them.

After all, this was a treasure left behind by ancient god corpse ancestor!

With this help, Su Yu and Yu Xiang Wan quietly arrived outside the palace.

At this moment, two people walked out of the palace.

They chatted as they walked.

"Try to speed up the progress as much as possible. We'll succeed soon."

"It's a pity that we only have the bloodlines of the four domains. We're still lacking eight bloodlines."

While they were opening the door.

Su Yu and Yu Xiang Wan sneaked in calmly.

What they saw was Hell on Earth.

Hundreds of descendants of the ruler were tied to the pillars by chains.

All the meridians in their bodies had been pulled out and drained of their blood.

Some of the descendants of the ruler had already died.

The rest were half-dead.

The entire hall was filled with the stench of putrefaction and blood. It was nauseating.

Occasionally, one could hear the terrified screams of the descendants of the overlords.

Compared to the scenery on the ground, the darkness here was hell!

Chapter 2750 The Body Of A Ruler

Yu Xiang Wan felt disgusted when she saw this. "Perhaps I understand why the ancient god corpse ancestor left the heaven."

Some of the heaven's methods were too sinister.

It was not difficult to extract the bloodline of a ruler.

There was no need to treat them so cruelly.

However, in order to extract a little more of the bloodline of a ruler, the heaven chose to do so.

One could see how vicious they were.

Perhaps ancient god corpse ancestor didn't want to be associated with such a person, so he left in anger?

"Save her first," Su Yu said indifferently.

He went up and saved a descendant of the ruler of death.

It was an exceptionally petite girl with pitch-black eyes. It was the symbol of a pure descendant of the ruler of death.

She hugged her arms and crouched on the ground, trembling. Her eyes were filled with incomparable fear. "Don't touch me, don't touch me..."

She wasn't even sure anymore, and she was repeating the same words intermittently.

Su Yu comforted her softly and turned to save more people.

In the end, she gathered all of them who were injured.

"If you still trust me, enter this cave abode world. I'll let you out when it's safe. If you don't trust me, then go ahead."

Hearing that, those who were still conscious nodded their heads.

This place was already hell on Earth. Even if Su Yu harbored evil intentions, how evil could he be?

In the end, the hundreds of descendants of the ruler were all rescued.

Yu Xiang Wan was deeply moved. "Brother Su, you used to view yourself as the descendant of the ancient god. Now, you're saving the descendants of your mortal enemies. Do you find it ironic?"

Su Yu was silent.

How could he not be ironic?

The current scene was something he had never thought of.

He had thought that one day, as the descendant of the ancient god, he would have a big battle with the descendants of the rulers.

However, up until now, he had only had a fierce battle with Shaohao.

The rest of them did not have any interactions with each other.

In fact, they even had some interactions with the heavenly palace in the time domain, which seemed like a friend but was not an enemy.

Sighing in his heart, Su Yu said, "Let's search the area. The two just said that they have created four types of ruler bloodlines."

The two searched the hall.

However, they only found a few ruler bloodlines.

"What's Wrong?" Su Yu thought as he used his yuan level soul domain to search the surroundings.

All of a sudden, he discovered that there was actually a secret underground chamber under the palace.

At this moment, Yu Xiang Wan also discovered something.

"Look here." Yu Xiang Wan stood in front of a stone box that was protruding from the ground.

There were more than ten powerful seals on the stone box, each of which was at the level of the heavenly axiom.

Yu Xiang Wan tried to break the seal, but with his strength, he could not break the seal at all.

Su Yu walked over and studied the seal for a moment. "This is the seal of the source of energy," he said in a serious tone

There was a record in the Heavenly Tome of darkness.

The seal of the source of energy was a powerful seal that used the heavenly tome as a carrier. It consumed a lot of the spiritual power of the person who sealed it.

If it was not necessary, no one would risk the price of injuring themselves to seal someone else.

It could be seen that the person under the seal was definitely not an ordinary person.

"Who could it be?" Yu Xiang Wan asked in surprise.

Su Yu pressed his palm on the seal of the source of energy. "Can't we just take a look and find out?"

The enemy of an enemy was a friend.

Since the person inside was specially sealed by the heavenly court, it was obvious that he must be the great enemy of the Heavenly Court.

Crack --

Su Yu used the words in the heavenly tomes to break the seal easily.

Just like that, the stone box opened on its own, revealing a spinning spatial entrance.

The two looked at each other and jumped in.

They immediately discovered that they were in a rainbow-colored void.

The four corpses floated in the void, spinning in circles.

Their bodies were all emitting a terrifying aura.

Especially the domain power, which was exceptionally thick.

"The four rulers of death, Fate, reincarnation, and Fate?" Su Yu asked in surprise.

When Su Yu rushed over, the domains of the four rulers had already been destroyed.

They had no idea where their original bodies had gone.

Unexpectedly, their bodies were all captured by the Heavenly Court.

"Brother Su, they all died from torture." Yu Xiang Wan's eyes were glowing with a faint blue light. She could clearly see the cause of their deaths.

Oh?

Su Yu walked over to check and found that there were traces on their bodies.

It seemed that he was wrong about one thing.

The four rulers did not die from the end of their lives.

Instead, they were captured alive by the Heavenly Court and then killed.

"Is the Lord of the Heavenly Court so powerful?" Su Yu murmured.

After killing the rulers, Su Yu thought that it should be no problem for him to use his mortal body.

However, it would be too difficult to capture four of them alive.

"Let's see if their bloodlines are still there." Su Yu looked around and was surprised to find that all the bloodlines in their bodies were still there.

"That's strange! The Heavenly Court didn't take away their bloodlines?" Su Yu was extremely surprised.

Since they were already dead, the bloodline of the ruler would only weaken day by day if it was left in their bodies.

Why didn't the Heaven Court take them back as soon as possible?

"Brother Su, there are still a few corpses over there." Suddenly, Yu Xiang Wan, who was a member of the corpse clan, immediately noticed something unusual.

Su Yu looked up.

That's right.

There was a pile of corpses lying in the distance.

The two of them walked over to check and found that all of them were members of the Heaven Court.

There were more than 30 of them.

Their deaths were extremely gruesome.

It was as if they were tortured by a terrifying existence and were brutally murdered.

Creak --

A soft sound came from the pile of corpses.

Su Yu and Yu Xiang Wan immediately became alert. "Who's there?"

Yu Xiang Wan waved the scepter of the netherworld in her hand and separated all the corpses.

It revealed a young girl who was hiding among the pile of corpses.

She was about 19 years old and dressed in bright red.

She held a flower in her hands and was lying on the ground, trembling. There were obvious wounds on her body.

On her chest was a heavenly court emblem.

"Don't kill me, ruler of death, don't kill me!"The young girl screamed continuously, as if she was extremely terrified.

Ruler of Death?

Su Yu's pupils constricted.

Among the remaining four rulers.

The most mysterious one was the ruler of death.

He was the only one whom Su Yu could not be sure of killing.

After all, he was the ruler of death.

It would not be easy to kill him.

These words made Su Yu and Yu Xiang Wan's hair stand on end.

They immediately turned to look at the body of the ruler of death.

That body was just a corpse.

Su Yu asked, "The ruler of death, have you seen him before?"

The young lady in red panicked. "He... He's not dead. He can come back to life at any time. Please take me away. I beg you, please take me away!"

It seemed to be responding to his words.

In the enclosed space, there was actually a gust of cold wind.

It was so cold that it sent chills down people's spines.

It was as if there was a cold object behind their necks that was blowing at their necks.

However, when she turned around, she did not see anyone?

"Brother Su, there seems to be something strange."Yu Xiang Wan swallowed hard.

Su Yu also felt uneasy. "Be patient. I'll search this woman's soul first."
