

Nine-Dragon 2751

Chapter 2751

Sou --

His soul immediately entered the girl's soul.

What he saw was an extremely strange scene.

These people from the heavenly court were extracting the bloodlines of the four overlords.

But suddenly, the overlord of death, who was already dead, suddenly sat up.

Then, he started a massacre.

One of the vice overlords of the Heavenly Court was the first to bear the brunt of the massacre. He was swallowed whole by the overlord of death and eaten alive.

The rest of them were hunted down by the chief of Death one after another.

In the end, another vice court master managed to escape with an extremely powerful treasure and sealed the stone box completely.

The people they left behind were all killed by the chief of Death's corpse.

The young lady in red in front of them managed to escape with her ability to feign death.

She had been hiding among the pile of corpses for half a year.

That was until Su Yu and Yu Xiang Wan arrived.

Upon seeing this scene, Su Yu felt a chill run down his spine.

He finally understood why the stone box was sealed with such a powerful seal.

The person who sealed the stone box would rather harm his own soul to seal this place.

That was because the ruler of death was like a ghost!

And without their knowledge, they actually barged into this extremely dangerous area.

"Let's leave quickly..." Su Yu said immediately.

This was not a place to stay for long.

However, when he turned around, what made his hair stand on end was!

That clearly dead chief of death actually... Sat Up!

His tightly shut eyes slowly opened, revealing a pair of eyes as black as ink.

His eyes were filled with mockery and cruelty.

"Another reckless person barged in." The corners of the chief of Death's mouth curled into a sinister smile that sent chills down one's spine.

Yu Xiang Wan's heart pounded wildly. "Brother Su, let's Go!"

Whoosh! Whoosh! Whoosh

Su Yu did not dare to hesitate at all?

He immediately fled toward the entrance.

Yu Xiang Wan followed closely behind. When the young lady in red saw that the entrance had reopened, she did not dare to stay any longer?

The three of them dashed toward the entrance!

However, just as they reached the entrance...

A cold voice rang in their ears at the same time.

"Since you're already here, why are you in such a hurry to Leave?"

Creak Creak Creak..

The crisp sound of bones rubbing against each other echoed in the air.

Su Yu and the others turned their heads and felt their scalps go numb.

They saw the death ruler's body slowly stand up.

A shocking aura of death rushed out of his body and turned into a pitch-black demonic palm that ruthlessly grabbed towards them.

It happened so fast.

Su Yu immediately dashed out.

However, before he left, he did not forget about the other three Dominators'bodies.

He teleported through space and snatched the three Dominators'bodies into his hands.

Only then did he leave completely.

Yu Xiang Wan followed closely behind, and the last one was the young lady in red.

Su Yu and Yu Xiang Wan arrived outside the stone box.

They were about to leave.

Half of the young lady's body came out from the entrance.

Just as she was about to break free, a pitch-black demonic palm appeared from the whirlpool. It grabbed the young girl's half of her body and dragged her back.

"Save me!"The young girl let out a heart-wrenching scream and reached out for help.

Su Yu hesitated for a moment and grabbed her hand. He then used his space domain to disperse the demonic palm.

That was how the young girl was finally saved.

She was so shocked that she started to wail.

Yu Xiang Wan stared at her. "Brother Su, why are you saving her? You're a burden."

She was a member of the Heavenly Court.

Moreover, she had witnessed with her own eyes that Su Yu and Yu Xiang Wan had barged into the secret area of the Heavenly Court.

Who knew if she would tell on them?

Su Yu looked at the young lady. "What's Your Name?"

"Hong Yao."

Red Medicine?

Su Yu's brows twitched slightly.

Why did this name sound so familiar, as if he had heard it somewhere before?

After thinking for a while, he couldn't find the source of the name, so he didn't pay much attention to it.

"En, since you're from the Heavenly Court and you saw what we did, I should have killed you, but I'll give you a chance to live." Su Yu clenched his palm.

The four elemental domains condensed into a seal and appeared in his palm.

"Swallow it."

Hong Yao hesitated. "What is this?"

"Something that can immediately turn you into ashes," Su Yu said indifferently.

Hong Yao was not stupid. She immediately understood that this was a restriction that controlled her disobedience.

Once she had the intention to betray, she could immediately kill her.

Hong Yao pursed her red lips and had no choice but to swallow the restriction.

Seeing this, Su Yu's expression softened and he said, "From now on, follow us. Don't leave our sight without my orders."

"Okay, okay." Hong Yao hurriedly said.

Su Yu nodded just now.

He glanced at the empty hall and waved his sleeve, activating the thought as reality.

With the thought as reality activated by his yuan level domain, one could imagine how powerful it was.

The descendants of the Dominators were all materialized.

Not only was it realistic, but it would also last for a very long time, even longer than a month.

If the people of the Heavenly Court did not have a soul that was comparable to the Dominators of the soul, no one would be able to see through it.

"Let's go to the next place." Su Yu and Yu Xiang Wan left the main hall.

Then, they appeared openly at the edge of the battleship to study the special liquid.

It was precisely because of these liquids that he was able to construct such a massive defense.

If he could obtain these liquids, he could also turn the remnant domain into an indestructible domain and forcefully resist the destruction of the era.

Such actions naturally attracted the heavenly court's attention.

Not long after.

Zhan Feiyan led a group of experts and rushed over furiously.

"Sacred Body Su, what are you doing here?" Zhan Feiyan berated.

No matter how he looked at Su Yu, he didn't like him.

Su Yu studied the liquid openly and didn't put Zhan Feiyan in his eyes at all. He said indifferently, "Why do you care about me?"

Zhan Feiyan was burning with anger. "Sacred Body Su, I advise you not to go too far. This is the Heavenly Court!"

Su Yu glanced at him and said, "And then? What can you do to me?"

The court chief and Young Master Zhuo were waiting for his reply and obediently gave the nine dragons divine cauldron to them.

Zhan Feiyan dared to do anything to Su Yu?

After beating him away, it would not be as easy as he had expected to get the nine dragons divine cauldron.

"I..." Zhan Feiyan narrowed his eyes and warned, "Saint Body Su, before I still address you as Saint Body, behave yourself!"

"You must know that a fallen Phoenix is not as good as a chicken. Don't you know what you are now?"

Through long-term observation, he was sure that Su Yu had lost the ability of a mortal sacred body.

Naturally, he did not take him seriously.

Su Yu did not think much of it and said, "I think I am pretty good. I try my best. Do you want to weigh me?"

Zhan feiyan snorted angrily, "You don't know what you are talking about!"

He couldn't do anything to Su Yu and could only stare at him.

"All of you, keep an eye on him. If he makes any unusual movements, inform me immediately," Zhan Feiyan berated.

The experts led by him immediately surrounded Su Yu.

They didn't let him go for even a moment.

Su Yu acted as if there was no one else around and carefully studied the special liquid.

After a long time, he finally had an idea.

"It should be brought back by Dao Yuan Li. It's similar to the vein-washing marrow of the Heavenly Palace." Su Yu's eyes were shining.

He didn't know if there was any extra liquid in the Heavenly Palace.

If there was, Hehe..

Chapter 2752 The Taste Of An Abyss Beast

If there was one.

Of course, they had to find a way to get it for their remnant domain to use.

"Brother Su, let's stay away from this place, shall we?" Yu Xiang Wan looked around at her surroundings.

This seal seemed to be especially important to them.

Su Yu had already finished studying it, so it was useless to leave it behind. "Let's go," he nodded his head.

However, his eyes were constantly pondering over the source of the special liquid.

Back then, the Heavenly Court had set up such a large formation, so it was impossible for the special liquid to be completely empty.

Moreover, sooner or later, the seal would be damaged and needed to be repaired in a timely manner.

The Heavenly Court couldn't have not considered this point, right?

In that case, the special liquid must have an extra backup.

Hong Yao raised his eyes and hesitated for a moment before lowering his head again.

"Say whatever you want to say. I didn't ask you to be a mute." Su Yu's voice sounded in his ears.

Hong Yao hurriedly said, "If master wants the raw materials for the defensive array, I might know where to find them."

'HMM?'

Su Yu's eyes shone brightly as he sized up Hong Yao in surprise. "How did you know?"

Those special liquids were extremely important things. How did an ordinary member of the Heavenly Court know about them?

Hong Yao shrunk his neck and said, "I accidentally heard a dead vice court master say that."

There was indeed a vice court master who had been killed by the Lord of death under the stone box.

This reason was barely justifiable.

"Where is it?" Su Yu asked.

Hong Yao looked at the people who were watching them warily and said in a low voice, "Master, follow me."

Under his lead, Su Yu and the others came to a familiar place.

They said it was familiar because not long ago, Su Yu had just discovered the martial arts temple here!

"It's here. It's said that there's a deputy court chief guarding this place," Hong Yao said.

Deputy Court Chief?

Su Yu's eyes flashed slightly. "Is that deputy court chief called the Martial Arts Temple?"

Hong Yao was surprised. "Master knows him?"

Knows Him?

More than just knows him?

A shocking killing intent burst out of his eyes.

He had forced Hanxuan to die, so he had to take revenge?

However, he planned to take action when he left the heavenly court.

Because once he fell out with the martial arts temple, that would be the time to become enemies with the heavenly court.

Now was not the time.

There were still many things in the heavenly court that he had never understood before.

"Yes, let me confirm it again." Su Yu calmly retracted his gaze.

He couldn't just listen to Hong Yao's words.

It was best to verify it.

At this moment, several figures crossed over from a nearby mountain.

They all had faintly flickering turtle patterns on their bodies.

Moreover, regardless of gender, their skin was extremely rough.

The descendants of ancient god Jin Xuan?

Su Yu recognized them.

"Sir, you must be the descendant of Sacred Body Su and the recently returned ancient god of the corpse race, right?" The leader was a rough and Brawny man. His voice was like a stone that ruthlessly smashed into a person's heart.

Su Yu glanced at him and asked indifferently, "You are?"

The burly man laughed heartily. "I'm Jin Hao Zhen. I would like to invite the two of you who have come from afar to visit the old land of ancient god Jin Xuan."

Su Yu's heart moved.

Actually, what he wanted to visit the most was the old land of the ancient god of the netherworld.

He wanted to see if he could find an ancient god's Shroud of heaven like Yu Xiang Wan did.

However, ancient god Jin Xuan's old place was also fine.

He had ancient god Jin Xuan's holy weapon of inheritance, the golden black tortoise.

If the Golden Black Tortoise had intelligence, it should be able to help Su Yu find something useful.
Of course.

He wasn't using it for himself.

He was saving it for the heartless iron constable.

The heartless Iron Constable's life had vanished, but ancestor Lu had once said that.

Her life was only temporarily gone, and she would be reborn in another way.

One day, they would meet again.

It was just that they did not know where she was now.

"What do you think?" Jin Haozhen invited them.

Su Yu smiled. "In that case, I'll do as you say."

"Haha, it's my honor to have the sacred body su come to the old land of ancient god Jin Xuan.
Please!"

Under his lead, Su Yu, Yu Xiang Wan, and Hong Yao descended on the mountain.

Inside the mountain, there was a huge stone turtle.

That turtle was exactly the same as the Golden Xuanwu.

They sat on the peak of the mountain where the Golden Xuanwu was located.

There was already a table of delicacies there.

"This way please," said Jin Haozhen with a smile. "Both of you must be tired from your long journey here, right? Try this cup of wine."

He took out a bottle of yellow wine with a faint smile and poured a cup for each of them.

Yu Xiang Wan looked over and immediately frowned.

This wine contained a trace of ancient god Jin Xuan's power.

It was only suitable for the descendants of ancient god Jin Xuan to consume.

If the other living beings were to consume it by mistake, it was very likely that they would be petrified by ancient god Jin Xuan's power.

This was not a toast. It was clearly a malice.

"What? Do the two of you think that we, ancient god Jin Xuan, have not treated you well?" Jin Haozhen asked with a faint smile.

Yu Xiang Wan's face sank. She knew that the so-called invitation had come with ill intentions.

It should be something Zhan Feiyan could arrange.

He had asked the descendants of ancient god Jin Xuan to give Su Yu and the others something to do so that they wouldn't wander around aimlessly.

Just as he was about to speak, Su Yu drank a cup of wine expressionlessly.

When the murky yellow wine was poisoned, an intense petrifying power immediately appeared and began to corrode Su Yu's body.

However, the power seemed to be spreading.

It was absorbed by the golden black tortoise that Su Yu secretly held.

Su Yu put down the wine cup and indifferently said, "It's just so-so. It doesn't taste very good."

Jin Haozhen was shocked and looked at Su Yu in disbelief.

He was actually fine after drinking this wine?

This was truly rare.

"Amazing, Amazing!" Jin Haozhen clapped. "Just your courage alone is worthy of the praise of the descendants of ancient god Jin Xuan."

"In order to show my respect to you, I've specially given you a gift." Jin Haozhen crushed a jade pendant.

Instantly.

The giant black tortoise started to move.

With the naked eye, there were many people who were restrained by the chains under the Black Tortoise. They were trying their best to push it forward.

Those people were emitting a thick aura of death.

They were actually corpse race!

Yu Xiang Wan's eyes turned cold. Was this done on purpose for him to see?

Rumble --

The huge black tortoise continued to spin and finally left the spot.

A lake actually appeared where it was revealed.

In the lake, one could vaguely see many black shadows scuttling over at an extremely fast speed.

Sometimes, the black shadows would reveal their backs.

Their backs were covered with barbs, making them look particularly ferocious.

One could tell at a glance that they were rather ferocious.

At this moment, several descendants of ancient god Jin Xuan came to the side of the lake.

They each held a chain in their hands, and at the other end of the chain was a corpse race member.

"Sacred Body Su, you must have never tasted an abyss beast, right?" Jin Haozhen smiled mysteriously.

Abyss Beast?

He really didn't know what an Abyss Beast was.

"An Abyss Beast is a wild beast that lives in Dao Abyss. The spiritual flesh on its body is a great tonic. After eating one jin, one's cultivation will soar to a whole new level." Jin haozhen sized up Su Yu.

"For a peak Xuan Dao master like you, if you are lucky enough to eat a king level Abyss Beast, breaking through to become an Earth Dao master is not a problem." Jin Haozhen said.

Su Yu's heart moved.

Chapter 2753 The Fisherman Gains

His cultivation had indeed fallen by too much.

Ever since he woke up, his cultivation had broken through to the peak of the Xuan Dao Master level, and there had been no further progress.

Most importantly...

The eight-star civilization had suffered devastating destruction, and its resources were exhausted. It was almost impossible to find resources that could break through to the Earth Dao master level.

If there was a chance to break through now, what harm would it do?

"Hehe, I'll get someone to fish one up and let sacred body su have a taste," Jin Hao Zhen ordered.

A descendant of ancient god Jin Xuan waved a huge chain and threw the corpse race member on the other end of the chain into the pond.

Instantly.

A black shadow rushed over from the water and swallowed the corpse race member.

"Die!" The descendant of ancient god Jin Xuan shouted and pulled the chain.

The huge hook on the corpse race's body pierced through the lower jaw of the Black Shadow.

The black shadow that was in pain immediately fled into the water.

Kacha --

The chain was pulled so fast that it sounded like it was going to break at any moment.

Soon, the chain was pulled straight.

And the descendant of the ancient god on the shore was pulled into the water.

The descendant of the ancient God laughed and a powerful energy burst out from his body.

He used all his strength to pull the huge black shadow out of the water.

Then, he used all his strength to pull the black shadow out of the water and threw it toward the top of the mountain.

What a powerful force!

Yu Xiang Wan was secretly surprised.

This was probably the bloodline power of the descendant of the ancient god Jin Xuan.

When the black shadow came crashing toward them, Jin Haozen grabbed the black shadow without thinking.

He focused his gaze and saw that it was a ferocious fish that was thirty meters long.

It struggled with great strength, its mouth filled with sharp fangs as it tried to attack Jin Haozen.

Jin Haozen chuckled and pressed the fish's neck onto the table.

With a smack, the fish was pressed to death.

Su Yu narrowed his eyes.

This strength had probably reached the level of a Heavenly Dao master, and it was extremely terrifying.

To be able to become the leader of the descendants of ancient god Jin Xuan, no one was simple.

"Hurhur, sacred body Su, eat while it's fresh." Jin Haozen picked up a knife and fork and cut off the fish meat from the abyss beast, giving it to Su Yu and Yu Xiang Wan.

Su Yu picked up a piece and immediately tasted it.

Compared to its ferocious appearance, the Abyss Beast's taste was exceptionally sweet.

Moreover, there was a special power contained within it.

That power felt as if it had been cleansed.

Once it entered the body, it immediately cleansed its cultivation.

Su Yu was still fine. He had already reached the peak of the Xuan faction and was unable to achieve a breakthrough with just this little bit of power.

However, Yu Xiang Wan actually had signs of a breakthrough after taking a bite.

When she ate a whole Jin of it, it was just as Jin Haozen had said, a breakthrough.

Jin Haozen looked at Su Yu with a smile, "Sacred Body Su, do you want to try and Fish Out the Abyss Beast King?"

Su Yu looked at the few black shadows in the pond.

Abyss Beast King, Ying Ge was not referring to these.

"These are just ordinary Abyss Beasts. The Abyss Beast King is hiding at the bottom of the pond and needs the best bait to lure it out," Jin Haozen said.

Su Yu had long felt that Jin Haozen would not give him benefits for no reason.

Now, the Fox's tail should be exposed soon.

"The Abyss Beast King is only interested in special bloodlines, such as my ancient god Jin Xuan bloodline and your ruler Bloodline," Jin Haozen said.

Su Yu's expression was calm. "So, you plan to make me the bait?"

"What, Su Shengshen doesn't Dare?" Jin Hao Zhen provoked him.

Su Yu said indifferently, "Just take it as it is."

He didn't know how strong the Abyss Beast King was, yet he wanted him to use his own life as bait.

Did he look like he was easy to deceive?

Jin Hao Zhen's provocation was useless. He stood up and said, "Why don't we have a competition? Let's see who can fish out the Abyss Beast King. How about it?"

Su Yu said indifferently, "What if I win? What If I lose?"

"If you win, I'll Give You the Abyss Beast King!"

"What If you lose?" Su Yu's eyes flashed slightly as he asked.

"If you lose, please give me the nine dragons divine cauldron to play with. What do you think?"

An Abyss Beast King wanted to exchange for the nine dragons divine cauldron?

Jin Haozhen's plan was quite effective.

"Your chips are too light," Su Yu said.

Jin Haozhen's gaze became deep as he took a pendant from his neck.

It was a crystal.

A scroll was sealed within the crystal.

"Ancient god Jin Xuan's secret scroll to control a sacred artifact. How is it?" Jin Haozhen's gaze was threatening.

Su Yu's gaze lightly flickered.

The heartless capture had a bloodline and a dao artifact, but it didn't have a complete method to control it, so it was at a disadvantage.

This item was what she lacked the most.

"Sure!" Su Yu said.

He wouldn't lose anyway.

"Great!" Jin Haozhen slapped the table and said, "Let's begin!"

The two of them flashed to the side of the pool.

Jin haozhen bit his finger, and blood flowed out.

Streams of ancient god Jin Xuan's blood flowed out of the pool.

When it dripped into the pool, those black figures immediately gathered over, becoming especially wild and fierce.

They were even biting each other.

At the same time.

The entire pool shook unintentionally.

An extremely huge ripple rippled out.

A dark gaze could be seen from the depths of the pool.

Su Yu's heart moved.

It should be that Abyss Beast King.

Just from its aura, it should be at least at the early stage of the Heavenly Dao master level.

"Hehe, I'll take my leave first." Jin Haozhen jumped into the pool and dived into it.

Su Yu also jumped.

He didn't suppress his fingers.

He had a total of four types of ruler bloodline.

If he released it, it would definitely attract the Abyss Beast King.

That would be too much of a bully and too... dangerous!

He might as well follow Jin Haozhen and see what was going on.

As soon as he entered the water, Su Yubian felt an extremely evil power staring at him coldly.

His eyes of the soul immediately looked out and saw the bottom of the water clearly.

He clearly saw a huge beast that was almost one-tenth the size of a pond slowly swimming toward Su Yu.

As for Jin Hao Town, he didn't go to kill the Abyss Beast King.

Instead, he hid first and waited for the Abyss Beast King and Su Yu to kill each other in secret.

Then, the fisherman would reap the benefits.

"No wonder you jumped down in such a hurry. So you were waiting here." Su Yu smiled in surprise.

Sensing the Abyss Beast King approaching him, the corner of his mouth curled up into a faint sneer.

"I'm afraid that you have no chance to be the fisherman."

He didn't retreat but advanced instead, approaching the Abyss Beast King at a rapid speed.

Sensing Su Yu's approach, the Abyss Beast King saw it as a challenge and let out a shocking roar, shaking the water in the pool violently.

It was too late.

Just as the two were about to collide, Su Yu's space domain suddenly disappeared.

When he reappeared, he appeared in front of Jin Hao Zhen.

Jin Hao Zhen, who was hiding in the dark, immediately sensed that something was wrong and hurriedly came out from his hiding place.

However, the Abyss Beast King had already sensed Jin Hao Zhen and rushed over fiercely.

Su Yu smiled faintly and used his space domain to leave.

This time, the Abyss Beast King only noticed Jin Haozhen. In addition to the ancient god blood remaining on his body, he attacked him crazily.

Jin Haozhen's expression changed slightly and he immediately dodged.

In the distance, Su Yu watched calmly and said indifferently, "Fisherman, not everyone can do it."

Chapter 2754 Fighting For The Corpse

At this moment.

Jin Haozhen looked at Su Yu with annoyance.

He tried his best to avoid the attack of the Abyss Beast King while trying to lure the Abyss Beast King back to Su Yu.

Unfortunately, because he had cut off his finger, the bloodline aura remained on his body.

Therefore, once he was discovered by the Abyss Beast King, he chased after him relentlessly.

Helpless, Jin Hao Zhen could only rise up and fight him.

The Abyss Beast King's realm was at the level of the Heavenly Dao master.

Although Jin Hao Zhen was slightly weaker, his advantage was his immense strength.

With a punch, he was able to knock the Abyss Beast King Far Away.

However, this could only stimulate the Abyss Beast King's ferocity!

The Abyss Beast King attacked Jin Hao Zhen crazily, spitting out sound wave attacks.

The two couldn't stop each other.

Neither was weaker than the other.

Roar --

At the moment of stalemate, the Abyss Beast King Roared angrily.

Hundreds of Abyss Beasts in the pond came out from every corner and surrounded Jin Hao Zhen.

No matter how strong Jin Hao Zhen was, it was still hard for him to fight against four hands. He was immediately defeated.

He glared at Su Yu, who was sitting on the sidelines, and gritted his teeth. "Tortoise and Elephant Divine Shadow!"

Boom --

With him at the center, a huge bright yellow shadow immediately erupted.

That was the form of the Golden Black Tortoise.

Jin Haozhen held his hand and controlled the huge yellow shadow to suddenly pounce out.

The huge black tortoise seemed slow, but in fact, it pounced out rapidly and killed dozens of Abyss Beasts.

Even the huge Abyss Beast King was pushed back by the huge shadow.

Roar --

The Abyss Beast King was extremely ferocious. Not only did it not retreat, it was even more ferocious.

Its ferocious back slashed across the huge shadow, cutting a deep crack in it.

Taking this opportunity, the other Abyss Beasts attacked the crack, trying to bite the huge shadow into pieces.

Jin Hao's face sank into the water as he controlled the huge shadow to destroy the Abyss Beasts.

Four hours later.

The intense battle finally ended.

The pool was already blood red and the afterimages of the Abyss Beasts were all over the pool.

Jin Hao Zhen's huge shadow was also bitten into pieces and had no power to speak of.

The exhausted Abyss Beast King fought with Jin Hao Zhen without losing its ferocity.

Both of them were already at the end of their rope and could not hold on for too long.

Roar --

Finally, the first one who could not hold on was the heavily injured Abyss Beast King.

It gave up on Jin Haozhen and slowly dived into the water.

Jin Haozhen's body was covered in injuries and his vitality was greatly damaged. How could he let it go?

"Evil creature, you want to leave?" Jin Haozhen quickly caught up and was about to chase after it.

At this moment.

Su Yu finally made his move.

"Brother Jin, you're tired. Why Don't you rest for a while?" Su Yu jumped out.

Jin Haozhen said in a deep voice, "Sacred Body Su, it's enough for you to watch the show. It's very dangerous outside!"

As he spoke, he threw a punch at Su Yu across space.

Even the Abyss Beast King was beaten back by a punch. If Su Yu was hit by a punch, it was obvious.

"What are you talking about? It's my duty to help brother Jin solve his problems." Su Yu smiled faintly.

The Yuan level space domain around his body erupted and immediately teleported him onto the Abyss Beast King's back, causing Jin Haozhen's punch to miss.

Seeing that Su Yu had caught up to the Abyss Beast King before him, Jin Haozhen's expression changed slightly.

He separated himself and chased after it. He clenched the Abyss Beast King's tail with both fists and fiercely pulled it, trying to shake off Su Yu who was on the Abyss Beast King's back.

Su Yu's thoughts became real. He conjured an evil sword and stabbed it into the Abyss Beast King's flesh.

Thus, with one hand holding the sword, no matter how much strength the Abyss Beast King Jin Haozhen exerted, he could not do anything to Su Yu.

On the contrary, the Abyss Beast King swung its tail and sent Jin Haozhen flying.

Taking advantage of this opportunity, Su Yu clenched his hand and a Yuan level time domain appeared in his palm.

"Time deprivation!"

He slapped the Abyss Beast King's head and its life was quickly taken away.

The Abyss Beast King wanted to resist, but it had fought with Jin Haozhen for too long and was already at the end of its tether.

After struggling for a while, it gradually quieted down and died on the spot.

After successfully killing it, Su Yu was about to collect the Abyss Beast King's corpse.

Jin Haozhen rushed over with fear in his heart. He grabbed the Abyss Beast King's fish tail and pulled it over with force.

Su Yu stepped on the Abyss Beast King's fish head with the tip of his foot.

Moreover, he used his space domain to stabilize it, so Jin Haozhen couldn't move it no matter how hard he tried.

"Brother Jin, you're not being honest. Taking advantage of others doesn't fit your status," Su Yu said lightly.

They agreed to have a competition to see who could catch the Abyss Beast King.

In the end, Su Yu killed him, so he had the face to come over and snatch the corpse.

"It's only over when we leave the water!" Jin Haozhen quipped.

He was in a terrible mood.

He had originally planned to trick the nine dragons divine cauldron.

In his expectations, killing the Abyss Beast King would be a piece of cake.

However, the real situation was somewhat unexpected.

Su Yu was much more cunning than he had imagined.

However, there was still a chance to turn things around.

As long as he snatched it before he left the water, it wouldn't count as his loss.

"Good!" Su Yu waved his hand, and a pitch-black sickle appeared in his palm.

Jin Haozhen wasn't afraid at all. All of his ancient god Bloodlines were boiling, and a terrifying power erupted from his body.

"Come! Let's see who's stronger!" Jin Haozhen roared as he used his hands to shake the yuan-grade spatial domain's seal, slowly dragging the Abyss Beast King's corpse over.

Su Yu activated his ruler bloodline and the myriad calamity sickle.

Last time, Su Yu only had three ruler bloodlines.

Now, he had four.

Therefore, the kalpa scythe was even bigger than before. It was 130 feet tall.

Sou --

Su Yu held the kalpa scythe and waved it.

Nine destructive dark lights rushed out and devoured everything in their way.

Gulp --

The water in the pool was sucked dry as if it had met a bottomless pit.

Jin Haozhen, who was fighting over the corpse, suddenly sensed countless black lights and was overwhelmed with shock. "The myriad tribulation scythe?"

He immediately threw the corpse down and rushed out of the pond without even thinking.

The black light brushed past the tip of his feet and devoured the entire bottom of the pond.

This wasn't all. The black light's momentum did not decrease as it swept through the mountains.

It devoured a layer of ancient god Jin Xuan's Mountain!

The shockwaves from the attack also caused serious damage to the immortal's Cave of the Heaven Court.

It was only when the dark light hit the defense outside that it finally stopped.

Jin Hao Zhen, who was standing on a high place, took a deep breath and felt his scalp go numb.

Luckily, he had dodged quickly just now. Otherwise, the consequences would have been..

Su Yu smiled faintly and put away the great calamity scythe. He carried the corpse of the Abyss Beast King and returned to the peak of the mountain. Then, he casually threw the corpse of the Abyss Beast King on the ground.

"Brother Yu, do you still want to try it?" Asked Su Yu.

Yu Xiang Wan's eyes lit up. "Of course I want to try it!"

That was the corpse of the Abyss Beast King!

Su Yu casually cut off ten Jin and threw it to him.

Then, he cut off another ten Jin and threw it to the red medicine.

Finally, he cut off one Jin and ate it himself.

As for the rest, he kept them all.

The excess meat could be brought back to the remnant domain and given to the people of the cauldron to eat to increase their strength.

Seeing this, the descendants of ancient god Jin Xuan were all emotional.

Chapter 2755 A Forced Visit

"How can this be?"

"We're all relying on the abyss beast to improve our cultivation level. He took the King of Abyss Beast Away, and all the ordinary Abyss beasts were killed. What are we going to eat?"

The crowd was in a state of excitement.

Jin Haozhen landed on the ground.

His expression was as calm as water. "Su Shengshen, I only said that I'll give you the meat of the King of Abyss Beast, but I didn't say that I'll give you the whole piece of the King of Abyss Beast, right?"

"Hah!" Yu Xiang Wan laughed and took out a space jade formula. "Do you want me to repeat what you just said?"

The other party clearly said that if Su Yu won, the Abyss Beast King would be given to Su Yu.

In the end, Su Yu really won, but he immediately changed his words.

How shameless was he to do such a ridiculous thing?

Jin Haozhen's expression changed again and again. He gritted his teeth and said with a pained expression, "Alright, I'll let you guys off easy!"

Yu Xiang Wan was displeased. "What do you mean by that? You insisted on inviting us, the sacred physique Su, to compete with you. You're the one who lost the chips. Why is it that it's like you're giving us alms instead?"

Jin Haozhen was frustrated. "I've already given it to you guys," he grunted, "Cut the crap!"

His smile and politeness were no longer on his face. His mood was exceptionally bad.

The loss of the Abyss Beast King was truly a great loss to the descendants of ancient god Jin Xuan.

This loss was completely unexpected.

"Wait, you still have one bargaining chip that you haven't cashed in yet?" Su Yu stared at the pendant around his neck. "Your forgetfulness isn't That Great, is it?"

Jin Haozhen, who was already frustrated, finally lost his patience.

He slammed his palm on the stone table and glared at Su Yu. "Surnamed Su, enough is enough! This item is the inheritance of ancient god Jin Xuan's lineage, so how could it be handed over to an outsider? You should have thought of this even without using your brain."

He decided to completely tear off his disguise and reveal his tyrannical and shameless nature.

"Take the Abyss Beast King and get lost! I don't want to see you guys again." Jin Haozhen slapped all the food and wine on the ground.

This could be considered a complete loss of decorum.

"Jin Haozhen, I advise you to restrain yourself a little," Su Yu said indifferently.

Jin Haozhen's eyes shone with a cold light as his aura spread. "You've already taken the Abyss Beast King, What More Do you want? Leave immediately, don't challenge my patience."

He was extremely regretful, why did he agree to Zhan Feiyan and stall Su Yu.

In the end, he lost an Abyss Beast King for nothing.

"The one being challenged is my bottom line!" Su Yu waved his hand and the myriad calamity scythe appeared in his palm again.

Sou --

The sharp scythe pointed at Jin Haozhen's forehead.

Jin Haozhen was both angry and angry, "Su, don't go too far, this is the Heavenly Court!"

Go Too Far?

Su Yu's eyes turned cold. "So what if I bully you?"

He activated his sovereign bloodline and released the true appearance of the kalpa scythe.

A terrifying aura was emitted from the kalpa scythe. "Do you believe that I will chop you and this mountain?"

Jin Haozhen was so angry that he trembled. "You... You Dare?"

Humph!

Su Yu waved the kalpa scythe at Jin Haozhen. "You are courting death!"

Jin Haozhen was so frightened that his eyelids were twitching. "I'll give it to you! I'll give it to you!"

He took off the pendant from his chest and threw it out.

He did not dare to hold back any longer.

Su Yu grabbed the pendant in his hand and retrieved the scythe of Doom in time.

"That's more like it!" Su Yu said coldly.

Jin Haozhen lowered his head. "You guys can leave now, right?"

Su Yu waved his hand and left with Yu Xiang Wan and Hong Yao.

Not long after he left, Jin Haoran raised his head. His eyes looked as if he wanted to eat someone up. "Su Yu, I won't let you off!"

Whoosh --

He immediately flew up into the air and went to look for the lord of the court, asking him to make the decision.

In front of the immortal's Cave.

He had to ask Jin Haoran about his complaint. The Lord of the court was also full of killing intent.
"This thing that deserves to be killed!"

He had long felt that killing Su Yu would save him a lot of trouble. Why would it be so troublesome?

"Men..."

"Wait!" Young Master Zhuo walked out and said indifferently, "Calm down."

The court master said unhappily, "This human doesn't put the Heaven Court in his eyes!"

Young master Zhuo said indifferently, "As long as we can take back the nine dragons divine cauldron, we can bear this little loss! As for ancient god Jin Xuan's secret technique..."

He paused for a moment, his eyes emitting a cold light. "If he obediently hands over the nine dragons divine cauldron, there's no harm in letting him take it. If he doesn't hand it over, HMPH, then I'll make him cough up everything, including interest!"

The court Lord Sighed.

This was definitely not the result he wanted.

However, since young master Zhuo had already said so, he could only agree.

"Jin Hao Zhen, you'll have to endure for a few days," the court Lord said. "After this, I'll definitely stand up for you!"

There was a cold glint in his single eye for the rest of his life.

Even if Su Yu handed over the nine dragons cauldron, he had no intention of letting Su Yu off.

It was young master Zhuo who had promised to let Su Yu off, not him!

At that time.

Yu Xiang Wan followed beside Su Yu and was worried. "Brother Su, isn't this a little too much? If it attracts the revulsion of the court chief, it might backfire."

Su Yu gave a faint smile. "Don't worry. With that young master Zhuo who thinks he's the mastermind, he'll say that the vice court chief will be patient."

Yu Xiang Wan looked behind her.

It had been so long, but she really did not see the court chief sending anyone over.

"Brother Su, what do you want to do next?" Yu Xiang Wan asked.

Su Yu's eyes flashed. "I want to talk to the descendants of the ancient god of the Netherworld."

Xian 'er had the bloodline of the ancient god of the Netherworld, as well as the holy weapon of the ancient god of the netherworld.

If they could find something useful, it would be of great help to Xian 'er.

"But they didn't invite us, right?" Yu Xiang Wan asked hesitantly.

Su Yu chuckled. "What are you talking about? We're all descendants of the ancient god of the netherworld. They should be more than happy to pay us a visit."

Yu Xiang Wan's mouth twitched.

More than happy to be a ghost!

The news of what happened on the peak of ancient god Jin Xuan might have spread throughout the entire heavenly court.

They should have avoided Su Yu and the others.

As expected.

When they arrived at the peak of ancient God Nine Netherworld's descendant's Mountain, the defensive formation of the mountain had already been activated.

The defensive formation was not weak.

"Descendants of ancient God Nine Netherworld, I'm the descendant of ancient god Nine Dragons, Su Yu, and the descendant of ancient god corpse ancestor, Yu Xiang Wan. We're here to pay you a visit. Please come out and meet us."

A cold female voice came from under the defensive array.

"I'm sorry, we're all in closed-door cultivation and have no time to meet you. Sacred Body Su, please come back another day!"

The disgust in that voice couldn't be any more obvious.

Yu Xiang Wan was speechless.

Su Yu had almost destroyed ancient god Jin Xuan's Mountain, so it would be strange if the descendants of ancient god Netherworld were willing to meet him.

Unexpectedly, Su Yu had a surprised expression. "What did you say? I Can't hear you!"

He summoned the myriad tribulation scythe and swung it down.

Instantly, the defense shattered.

The entire mountain was split into two!

Several descendants of ancient god Netherworld that couldn't be hidden immediately flew out, furious. "Sacred Body Su!"

They gnashed their teeth, wanting nothing more than to charge up and fight Su Yu.

They had actually destroyed their mountain!

Chapter 2756 Was All About Family

This was too barbaric!

However, they didn't dare to voice their anger because of the scythe in Su Yu's hand.

"Oh, now that the seal has been broken, we can finally hear you." Su Yu put down the scythe and smiled. "Then, what did you say just now?"

The descendants of ancient gods stared with wide eyes.

How could humans be so Shameless?

The leader of the descendants of the ancient gods of the Netherworld was an exquisite-looking young woman.

Not to mention, she was quite similar to Qin Xian 'er.

She stared at Su Yu with cold eyes. "Why did you destroy Our Mountain?"

Su Yu lightly smiled. "I said it to hear you clearly."

"You!" The exquisite woman clenched her fists. "Sacred Body Su, give me this debt..."

Unexpectedly, Su Yu didn't feel the slightest bit ashamed of splitting the mountain apart. Instead, he walked up to her with a friendly expression and grabbed her arm. "Speaking of which, my wife is also a descendant of ancient god Netherworld. Let's go down and have a chat with you."

In theory, the descendants of ancient god Netherworld were all Su Yu's little sisters-in-law.

The delicate woman's soft body trembled and bounced away like lightning. She was both embarrassed and angry. "Sacred Body Su! Show me some respect! Men and women shouldn't be intimate!"

Su Yu had a helpless expression. "We're all family," he said, "Why are we so distant?"

As he said that, he solemnly introduced to Yu Xiang Wan. "Brother Yu, let me introduce you. My wife's sisters are all my family members. They're here as guests, so don't be shy."

Yu Xiang Wan stammered in guilt.

When she looked at the descendants of the ancient gods of the Netherworld with a murderous look, Yu xiang wan muttered softly, "Well, let's have some face."

They would like to bite you to death, God's F * cking family members!

Su Yu was completely unaware of their gazes. If he did not see them, he would appear on the mountain as if he had returned to his own home.

Looking at the ruins that had been destroyed by the myriad calamity scythe, Su Yu had a sympathetic expression. "Ai, I didn't expect you to live such a miserable life in the heavenly court. You should have told us earlier."

"For the sake of our family, I'll at least give you some support."

As he spoke, he casually released his time and space domain and began to reverse time and space.

This caused the entire mountain to return to its original state.

Such a heaven-defying method caused the resentful descendants of the ancient god of nine Netherworld to show traces of fear.

They had long since heard that Su Yu had already grasped several types of ruler's inheritances.

Now that they looked at it, it was as they had expected.

Together with the myriad calamity scythe in his hand, he could kill any God or Buddha that stood in his way!

After recovering the mountain, Su Yu turned around and faced the descendants of the ancient gods. "If you have any difficulties in the future, just tell me, understand? Don't trouble yourself anymore."

The descendants of the ancient gods could only stare blankly.

The exquisite woman asked in a deep voice, "Sacred Body Su, what are you trying to do?"

Su Yu smiled warmly. "Of course I'm here to see how my family is doing."

With his hands behind his back, he walked around the peak of the mountain.

When he passed by a pool, he stopped.

The pool was burning with a flame as black as ink.

It was the divine fire of the netherworld.

The purity of the divine fire was even stronger than Qin Xian 'er's divine fire.

Seeing this, Su Yu took out a vessel without hesitation. He raised his hand and beckoned, putting away all the divine fire.

"What are you doing?" The exquisite woman was shocked and immediately went forward to ask, "What are you doing? This is the divine flames we use to cultivate!"

"What are you doing?" Su Yu said with concern. "It's not that I want to criticize you, but a girl lives alone on a mountain. What if it burns? I'll help you put away these dangerous things!"

Suddenly, Su Yu saw a pitch-black hill not far away.

On top of it were many rare heavenly book characters.

Ordinary people didn't know what they were, but Su Yu recognized them with just a glance. They were some techniques left behind by an ancient god of the netherworld, and they seemed to be related to controlling his sacred artifact.

Noticing Su Yu's gaze, the exquisite woman's expression changed. She immediately rushed to the front of the hill and blocked SU yu, shouting, "This is an ancient god of the Netherworld's relic. Don't be impudent!"

The other descendants of the ancient god rushed over and stopped Su Yu.

Su Yu frowned. "What are you all doing? Why are you acting like you're guarding against thieves? This really hurts me!"

Who would go home and be treated like a thief?

Seriously!

The exquisite woman almost vomited blood. She glared at him and said, "You're not a thief, you're a bandit!"

Su Yu shook his head speechlessly. "Sigh, why don't you understand my good intentions? I'm doing this for your own good! For example, this pitch-black mountain behind you is obviously an ominous object!"

"Staying by your side will definitely bring you bad luck."

The exquisite woman gritted her teeth and glared at Su Yu.

The descendants of the ancient gods behind her were so angry that their chests bulged.

"Do you dare to be any more shameless? You Dare to call the relics of the ancient gods of the netherworld an ominous thing!"The descendants of the ancient gods said indignantly.

Su Yu had a helpless look on his face. "You still don't believe me?"

He secretly hooked his finger and controlled the fate domain.

Caw Caw --

At this moment, a flock of Crows flew past.

For some reason, they collectively took a dump.

Bird droppings rained down on them like rain.

Within a radius of a hundred miles, only bird droppings could be found within ten feet of them.

A group of ancient god descendants who were as beautiful as flowers and jade were caught off guard. They were all drenched in bird droppings and started screaming.

Looking at their flustered appearance, Su Yu sighed and said, "Sigh, let's see. I told you to stay away from that broken rock. Are You Done Now?"

He walked forward and said, "I'd better help you get rid of this ominous thing. Otherwise, the next thing that falls will be a knife."

With a wave of his hand, he was about to put away this black hill.

The exquisite woman couldn't care less about the bird poop on her head and immediately stopped him. "Stop! Su Shengshen, don't go overboard!"

Clang --

Unexpectedly, just as she finished speaking, a black pot flew out of nowhere and smashed toward her head.

She reacted quickly and dodged it in an instant.

But unexpectedly, her feet stepped on bird droppings all over the ground. Her body slipped and fell into the bird droppings, staining her entire body.

Su Yu looked extremely grave. "This is serious. This broken stone is too strange. If I don't put it away, I'm afraid someone will die!"

He quickly put the stone into his interspatial ring. By the time the exquisite woman realized what had happened, it was already too late.

"You... you stole the relic of our ancient god of the Netherworld?"The exquisite woman roared with killing intent. "Give it back!"

She didn't care about the divine fire, but this Black Hill was an extremely important item.

Su Yu turned a deaf ear to her words and continued to walk around with his hands behind his back. "You guys are really a group of family members that I can't put my mind at ease with. Let me see if there are any more dangerous items."

"Stop right there!"The exquisite woman took out an extremely exquisite little black phoenix.

It was somewhat similar to the holy weapon that Qin Xian 'er possessed, but there were also some differences.

How should I put it? It was somewhat like a pair of ancient divine weapons.

Chapter 2757 Falling Out

"What is this?"Su Yu asked.

The exquisite woman coldly said, "This is ancient God Nine Netherworld's second sacred artifact. It is used in conjunction with the first Sacred Artifact. Once the power is unleashed, I'm not even sure if you can survive!"

"Don't force me to activate it. Return the ancient god Relic immediately!"

Su Yu's eyes lit up.

As expected, ancient god Netherworld's sacred artifact was divided into two parts.

Qin Xian 'er had only obtained the first sacred artifact.

"Little sister-in-law, since this thing is so dangerous, it's too dangerous for you to have it."Su Yu strode over. "Why don't I help you take care of it?"

The exquisite woman shouted, "Don't come over, I'm activating it!"

"I'm really going to activate it!"

"Ah! I'm going to activate it!"

"Time, Freeze!"

The exquisite woman maintained the state of activating the Holy Weapon and stood still on the spot.

Su Yu walked over and casually took the holy weapon from her hands.

"What if I hurt you with such a dangerous thing? Sigh!"Su Yu put it away calmly.

When time stopped, it disappeared.

The woman pinched her empty palm and immediately understood what was going on. She was extremely furious. "Sacred physique Su, I'll fight you to the death!"

Su Yu casually cast a space elemental domain around himself.

No matter how he attacked, it would be transferred away.

It would not hurt her at all.

"Sigh, why can't you understand my good intentions?" Su Yu looked around in disappointment.

"There's nothing good left... Oh, what I mean is, there's nothing dangerous left. I'll leave now. Don't try to stop me."

Thus, she swaggered away with Yu Xiang Wan and Hong Yao.

The exquisite woman had a cultivation base, but she did not dare to use it.

She was afraid of provoking Su Yu.

She could only watch as Su Yu left.

"Sacred Body Su, i... I'm not done with you!" The exquisite woman and the other infuriated women went to complain to the court chief.

The court lord frowned when he heard this.

Jin Haozhen had just left when the descendants of ancient god Netherworld came again.

"This bastard!" The Court Lord was furious.

But since he had already decided to treat them with respect first, he could only endure it for now.

Everything could wait until he obtained the nine dragons divine cauldron.

"Endure it for a while. In a few days, I'll get justice for You," the court lord consoled.

But what he didn't expect was that he couldn't bear it for a while.

In the next two days.

One after another, descendants of ancient gods came to complain, saying that Su Yu had taken things by force.

Some of them had their ancient god relics stolen, and some of them had even moved mountains away.

Because of this, they had even casually injured the descendants of ancient gods, causing them to complain. All of them came to the court chief and demanded justice.

The court lord couldn't bear the disturbance and said, "Alright, Follow Me!"

He couldn't bear it anymore!

The Heaven Court was in a mess because of Su Yu.

Moreover, two days had already passed. It was time for Su Yu to give them an answer as to whether or not he should give them the nine dragons divine cauldron.

Young Master Zhuo stood in the cave and frowned. He sighed and said, "I hope he knows what's good for him."

The court master, the five Vice Court Masters, and the descendants of the seven ancient gods went to search for Su Yu aggressively.

At that time.

On the peak of the clouds.

Su Yu was taking stock of his recent gains.

For two days in a row, he had been collecting the items of the ancient gods, and his harvest was quite bountiful.

"It's about time. We can leave after we get the special liquid I want," said Su Yu contentedly.

Yu Xiang Wan was already used to Su Yu's shamelessness these few days. "Where are the descendants of the nine dragons ancient god? Why aren't we looking for them?"

To be honest, he felt that Su Yu should be looking for the descendants of the ancient god of nine dragons.

As the descendant of the ancient God, Su Yu would definitely be able to obtain something more useful from the descendants of the ancient god of nine dragons.

However, he had looked for trouble with the descendants of the other ancient gods.

Only the descendants of the ancient god of nine dragons did not go.

Su Yu paused for a moment and smiled in relief. "After all, the ancient god of nine dragons has done me a favor. How could I look for trouble with his descendants?"

Without the nine dragons cauldron, Su Yu would not be where he was today.

This favor was enough for Su Yu to work hard to repay.

How could he find trouble with his descendants?

"Is that so?" Yu Xiang Wan did not think so.

The descendants of the ancient god of nine dragons were not necessarily good things.

So what if he found trouble?

Suddenly, Yu Xiang Wan seemed to have sensed something. "It seems like we're in trouble."

Su Yu knew it without looking.

A cold light flashed in his eyes. "Well, it's time to say goodbye to them."

His gaze shifted to the place where the martial arts temple was hiding.

"However, before I leave, please allow me to kill someone first!" Su Yu stood up slowly and released his killing intent.

He took a step and used his space domain to bring the few of them to the sky above the place where the martial arts temple was hiding.

"Wait for Me Here!" Su Yu said lightly.

His body turned into an afterimage and disappeared on the spot.

When he reappeared, he had already passed through the surface of the Earth and arrived at the underground world.

This place was a cave that had been artificially excavated.

There was an isolation array carved on the inner wall of the cave, making it impossible for people to explore the situation inside the cave.

In the depths of the cave, there was a pool.

Inside it was filled with extremely viscous liquid, which was the liquid from the defensive array outside the heavenly court!

Su Yu's pupils contracted slightly.

However, the amount of liquid was very small, and it was unable to meet the needs of the entire remnant domain.

Unless they abandoned another half of the remnant domain and moved all the living beings to the other half of the domain.

However, this way, it would be very crowded.

"So be it. It's better than nothing!" Su Yu walked forward and was about to take it out.

Suddenly, he stopped.

He narrowed his eyes and stared at the top of the pond.

It seemed calm, but in fact, there were faint lines of heavenly book characters flashing by.

It was the attack seal on the "Heavenly Book of Darkness".

Once someone approached unwittingly, they would be attacked by the heavenly book characters.

The power was not weaker than the death soul extermination sound used by the martial arts temple.

Fortunately, this could no longer stop Su Yu.

He spat out many heavenly book characters and easily broke the seal.

Then, he waved his hand across the air and collected all the liquid without leaving a trace.

"Who is it?"

A light shout came from the secret chamber behind him.

Su Yu did not deliberately hide his voice. It was normal for others to hear him.

Creak --

The sound of the door opening came from the secret chamber behind him.

A cold-looking young man with half of his body stained with a black light and injuries still present strolled out.

He looked at the back of the unfamiliar young man standing by the pool in surprise.

Then, he looked at the dried pool and his expression changed drastically. He shouted in a low voice, "You... Who Are You?"

Su Yu slowly turned around with a cold smile on the corner of his mouth. "How long has it been? Don't You Recognize me already?"

When the martial arts temple saw Su Yu's face, they were stunned and asked in shock, "It's You?"

He wondered if he was dreaming.

Su Yu actually came to the heavenly court!

Who let him in?

Why did he find this place again?

However, he was more fearful in his heart.

He had not recovered from the injuries caused by the great scythe of calamity.

Chapter 2758 Blood Feud

"Fortunately, you still remember me," Su Yu said coldly, not hiding the killing intent on his face at all.

He waved his hand, summoning the kalpa scythe.

When the Martial Dao Temple saw this item, their scalps went numb.

It was this item that had injured him, leaving a deep impression on him.

"Now, I want to know who else can save you." Su Yu immediately activated his sovereign bloodline.

The kalpa scythe immediately revealed its true appearance.

The eyes of the Taotie's head were filled with greed as they stared at the world hungrily.

The martial dao temple shouted, "Su Yu, this is the heavenly court. If you make a move, you will definitely alert the court master. With your strength, you are no match for the court master."

"You better think carefully before you make a move."

Su Yu waved the myriad calamity scythe and said calmly, "I think it through very clearly. If I don't kill you, I will never be able to rest in peace."

The scene of Hanxuan's death echoed in his mind.

In order not to let him be humiliated, in order not to let him be controlled by others, he committed suicide and died.

That was a favor that his life force could not bear. It was a righteousness that he could not repay!

The Martial Dao Temple had no way to retreat. They took out a black talisman on the spot.

The Talisman was refined from a special liquid.

There were many heavenly script characters swimming on it.

"I'm warning you. This is the talisman of the death and soul destruction sound. There is no need to cast any spells. It can be activated immediately." The martial arts temple retreated as they spoke.

After the tragic defeat last time.

He had succeeded in using the special liquid as a carrier to develop a talisman that could be immediately punished.

As long as he injected power, he could immediately activate the death soul destruction sound.

No matter how powerful Su Yu was, he had to be a little afraid, right?

Unexpectedly, Su Yu did not care at all. He said indifferently, "It's useless even if you take a hundred of them!"

The myriad calamity scythe in his hand slashed fiercely.

Nine rays of black light of destruction shot out into the sky.

The martial arts temple's expression changed drastically. They immediately activated their own talisman.

Large amounts of heavenly script characters were released, emitting destructive power.

However, in front of the apocalyptic black light, they were all swept away like smoke.

Without thinking, the Martial Dao Temple immediately jumped into a small teleportation formation hidden at the side.

With a whoosh, they were directly teleported away.

They barely avoided this dangerous attack.

Su Yu held the myriad calamity scythe in his hand, activated his spatial domain, and instantly chased outside.

Just as he arrived in the outside world.

Tens of thousands of heavenly script characters appeared in front of him, trapping him in the center.

Those heavenly script characters released a sinking power, causing Su Yu's soul to be greatly impacted and made him drowsy.

In the distance.

The martial arts temple stood with their arms crossed and sneered, "Did you fall for it? Did you really think I was afraid of You?"

So it turned out.

After returning to the Heavenly Court, the martial arts temple learned their lesson and did not stop there.

Instead, while recuperating, they studied the heavenly book characters that they had mastered even more diligently.

With the help of the court master and several Vice Court Masters, they successfully cultivated several secret techniques related to the heavenly book characters.

The "Sinking" before their eyes was one of them.

As long as they were used on the enemy, they would be able to trap them within.

As time passed, their souls would be continuously affected, and they would eventually fall into a coma forever.

He had tested it on a deputy court master, and the effect was very good.

The deputy court master didn't even last ten breaths before falling into a coma on the spot.

"Is that so?" Su Yu's eyes were indifferent.

Wasn't this the "Curse soul" technique recorded in the "Heavenly Book of Darkness"?

Changing the name, and it became a solo challenge for the martial arts temple?

"Nothing impressive." Su Yu shook his sleeve, and countless heavenly book characters flew out of it.

The two completely different heavenly script characters melted each other.

However, it was obvious that the heavenly script characters of the martial arts temple melted even faster.

In the blink of an eye, the heavenly script characters that he was proud of were all dissipated.

"You, you also know the attack of the heavenly script characters? Impossible, impossible!" The smile on the martial arts temple's face immediately stiffened.

"I was born from a rock of heavenly script characters, and I was born to master the heavenly script characters. How do you know it?"

Su Yu waved the myriad calamity scythe in his hand but did not answer. Instead, he said coldly, "If that's all you have, then it's time to say goodbye."

When he heard this, the martial arts temple's heart skipped a beat.

He immediately formed a seal with both hands.

His body quickly split into hundreds of heavenly script characters and merged into the nothingness in all directions.

He disappeared without a trace.

This was the escape art he had developed.

It could turn him into heavenly script characters.

It was impossible for the enemy to capture him.

In the empty sky, the cold voice of the martial arts temple echoed, "Su Yu, just you wait!"

He had obviously gone to inform the Court Lord and the many vice court lords.

Su Yu stretched out his right hand and grabbed at the air.

Immediately.

The entire world seemed to be grabbed and shook violently.

The hundreds of heavenly script characters gathered in front of Su Yu again and formed a martial arts temple.

The martial arts temple was on its way to the court when it suddenly felt the surrounding scenery change.

It fixed its eyes and realized that it was still in the same place. It couldn't help but suck in a breath of cold air. "You, who exactly are you?"

His secret technique of the heavenly script characters was broken repeatedly.

This was absolutely impossible.

"Martial Dao Temple, you really disappoint me. I put you last to kill you in vain." Killing intent surged in Su Yu's eyes.

He had thought that Martial Dao temple would be the most difficult to deal with.

But he didn't expect that ever since he mastered the "Heavenly Book of Darkness", the Martial Dao Temple's tricks that once seemed very powerful were actually nothing more than this.

In reality, they were nothing more than this.

"Su Yu, wait a moment. We can still have a good talk." Cold sweat flowed down the martial dao temple's forehead.

Never in his wildest dreams had he imagined that one day, he would not even have the ability to escape in front of Su Yu.

To be exact, this day had come too quickly.

How long had it been since they last met?

Su Yu's strength had increased. It was almost as if he had exploded with leaps and bounds.

"If you want to talk, that's fine. Revive the small talk for me," Su Yu said. His gaze suddenly became sharp. "If you can't, then go down and accompany her!"

Boom --

The myriad calamity scythe was activated once again.

Nine world-shaking black lights swept through everything.

The Martial Dao Temple was terrified. They hurriedly called for help. "Court Chief, quickly save me!"

As he spoke, he took out several life-saving talismans.

One of the silver-white life-saving talismans was the most special.

The Talisman had an aura that came from the same line as the defensive array formation.

The world-destroying black light crushed the other talismans, but it was only bounced back by the silver-white Talisman.

Even so, the powerful power contained within the black light of destruction still penetrated the talisman and struck the body of the Martial Dao Temple.

Chi La --

Its body immediately broke into pieces and was on the verge of shattering.

"Ah!" The Martial Dao temple cried out in pain. It supported its bloody body and ran continuously towards the cave abode where the court chief was located.

Shua --

However, it did not escape for long before it was pressed against its neck by the myriad calamity scythe.

The martial arts temple stopped in their tracks, and fear filled their eyes. "Sacred Body Su, you, please spare me. I was blind and did not recognize Mount Tai. I should not have provoked you."

To be honest.

Su Yu did not have the slightest pleasure of revenge.

There was only deep pain.

He had actually died in the hands of such a person!

If he had resisted until his death, Su Yu would probably feel better.

Chapter 2759 Had Completely Fallen Out With Him

However, he didn't have any fighting spirit at all. Su Yu felt quite calm.

"Go Down." Su Yu sighed lightly.

He was about to end his life with the kalpa scythe.

Suddenly, several terrifying auras attacked him with an overwhelming force.

It was the court master and the five Vice Court Masters.

"Stop!" The one-eyed court master's hair and beard were all spread out, and he exploded with the extremely dense power of the Heavenly Dao.

For a moment, the heaven and earth roiled, and the nebula lost its light.

The oppressive pressure caused the air to continuously tremble.

The entire heavenly court was trembling, as if it could not withstand the raging flames.

The court master was indeed very angry.

He was extremely angry.

Because Su Yu's actions were far beyond his expectations.

He actually dared to openly kill the Martial Dao Temple!

Did he really take the heavenly court seriously?

The answer was no!

The martial arts temple was overjoyed, but they continued to pretend to be weak, they said in a low voice, "Sacred Body Su, if you let me go, I can promise you that I won't hurt you. This is a good thing for you and me, isn't it?"

Su Yu held his hand as if he was weighing the pros and cons.

The martial arts temple was slightly excited when they saw this. They continued, "The court chief is a man of his word. I can guarantee this with my life. As long as you let me go, I can guarantee that you won't die."

The court chief and the others who had rushed over surrounded Su Yu in a semicircle.

Hearing this, the court chief leaned on his crutch and said coldly, "That's right. We can talk about anything. The prerequisite is that you let him go first."

The court chief also attached great importance to the martial arts temple.

This person's attainments in the heavenly books and characters were innate and extremely rare.

Other than the martial arts temple, no one could protect the great defensive array outside the heavenly court.

He must not die.

Of course, he must not let Su Yu go either.

No matter what, he must die today.

The martial temple continued, "Did you hear that, Sacred Body Su? The court chief has already agreed to you. With his status and status, he will not go back on his word."

Su Yu thought for a moment and said calmly, "Yes, I think you are very right. With his life as a guarantee, the court chief will definitely keep his word, right?"

The Martial Dao temple nodded repeatedly. "Yes!"

His heart was filled with malevolence. If he really let Su Yu go...

He swore that he would kill Su Yu at all costs.

No, there was still his ancient god descendant's wife, his friends, and the remnant domain that he had painstakingly protected.

If not, how could he vent the hatred in his heart?

Right at this moment.

"Alright, then you can go to Hell," Su Yu said indifferently as he flipped his wrist.

The kalpa realm scythe cut off the head of the martial arts temple.

At the same time, the destructive power contained within destroyed the soul in the temple's body. Not even the dregs were left.

The head of the martial arts temple retained the confusion and confusion it had before it died.

They had clearly said that everything was fine. Why did Su Yu suddenly change his mind?

Su Yu stomped on the head and crushed it. He said calmly, "Your court chief's reputation is zero. Since you want to use your life to guarantee it, then I can only fulfill your wish."

Su Yu was clear about what kind of fickle villain the court master was?

He actually wanted to use this to deceive him.

The court master, who had forcefully suppressed his anger, finally exploded. His old body shook violently and he roared at the top of his lungs, "Su Yu! ! !"

His roar shocked the heavenly court.

The court master held his walking stick in front of his chest and let out a vicious roar, "Su Yu, Kid, I treated you sincerely. How did you repay me?"

"I gave you a chance to go to Dao Yuan and help you save the people in the remnant zone. Is this how you repay me? You ungrateful thing..."

He didn't finish his words.

Because Su Yu snapped his fingers.

The conversation between the Lord of the court and Young Master Zhuo echoed in the air.

Young Master Zhuo and the Lord of the Court discussed how to trick the nine dragons divine cauldron into their hands. The words couldn't be clearer.

The court master shut his mouth, his old face ashen.

He was shocked and angry.

What was shocking was that Su Yu had seen through his plan.

What was angry was that Su Yu clearly knew about it, but he used it to commit mischief in the heavenly court and deliberately create trouble.

Because he knew very well that he would not dare to do anything to Su Yu in front of the nine dragons divine cauldron.

When he thought of this, the court master was so angry that he trembled.

He thought that he was toying with Su Yu.

Only now did he know that it was Su Yu who had been toying with him all along.

"Su Yu, I knew long ago that you are not a good person." The court master scolded angrily, "Now, give me your life!"

Su Yu said indifferently, "I should be the one to say this sentence. How can a guy who is full of scheming and cheating others be considered a good person?"

"You should call him an old thing, right?"

A cold light shot out of his eyes as he took the initiative to strike with the calamitous scythe.

Nine rays of black destruction light swept out.

The descendants of the ancient gods felt their scalps go numb as they retreated frantically.

Only the Court Lord and the five Vice Court Lords glared at them.

The court lord swept out with his cane, and a special five-colored light swept out from the cane and completely blocked the nine rays of black destruction light.

Su Yu was slightly surprised.

Ever since the world-ending black light had been used, it had only been blocked by the defensive formation outside the Heavenly Court.

It was the first time a person had blocked it with just a magic treasure.

As expected of the Lord, he was indeed a bit tricky.

"Su Yu, you little brat, do you think you can do whatever you want with the Kalpa Scythe?" The Lord sneered. "You are too naive! There are many secrets in the world that you don't know."

He tapped the ground with his walking stick, and the five-colored power shot out again.

"I'll let you have a taste of my power!" The court master was full of killing intent at this moment.

He was filled with regret.

If he had known this day would come, he would not have listened to young master Zhuo's words and killed him directly.

In any case, the possibility of the other party retaining the mortal body was almost zero.

The five-colored power in his walking stick was like a dark cloud, pressing down on him.

Unfortunately, in the eyes of the court chief, Su Yu's most powerful was the myriad calamity scythe.

In reality, it was not!

Under his shocked gaze, Su Yu put away the myriad calamity scythe.

Then, he formed a seal with his hands.

Unknown heavenly script characters immediately gathered around him.

Those heavenly script characters appeared to be in an exceptionally mysterious trajectory, continuously swimming around Su Yu.

The five-colored power that could block the scythe of myriad tribulations was miraculously disintegrated into wisps of five-colored fog when it reached the outside of the trajectory, there was no harm at all.

Everyone was shocked by this scene.

The court chief was the most shocked. "This... This is the secret technique of the heavenly book? Who taught it to you?"

Su Yu said indifferently, "Guess!"

The court chief's old face trembled as he said coldly, "I guess... you can go to hell!"

The surface of the crutch suddenly cracked open, revealing the true appearance of the crutch.

It was actually a five-colored sword that looked like metal.

It had only been disguised as a crutch.

"My sword hasn't killed anyone for a long time." Under the five-colored light, the Lord's face didn't appear holy, but instead, it revealed a deep malice.

Chapter 2760 Ancient God Blood Sword

The court master gripped the hilt of the sword and slowly raised the tip.

His remaining eyes reflected a five-colored light, and his voice was hoarse. "Do you know what kind of sword this is?"

Su Yu stared at the five-colored sword.

That Aura was very familiar.

It was as if he had come into contact with it in the distant past.

"It's a sword refined from ancient god Nine Dragons' Blood!" The court master said indifferently.

Su Yu's heart trembled.

No wonder it felt so familiar.

Back then, ancient god Nine Dragons had asked the ren Zu to leave a letter written in blood for his successor.

That divine blood had once helped Su Yu's cultivation rise.

"This sword was left behind by ancient god Nine Dragons before he left the Heavenly Court," the court lord slowly said. "Its purpose was to guard against the ruler and his descendants."

He slowly raised his sword and pointed it at Su Yu.

In an instant.

Su Yu felt the ruler's bloodline in his body continuously churn, and he felt a deep stab of pain.

The uncontrollable release of many domains became chaotic and formless.

"Ancient god Nine Dragons has been the bane of rulers his entire life. His blood can suppress all rulers," the court lord indifferently said. "And you, you thought you were smart enough to absorb the ruler's Bloodline!"

In other words, this ancient god blood sword could also restrain Su Yu.

It could prevent him from successfully using his yuan level domain.

Su Yu, who had lost his domain, could only rely on the myriad tribulation scythe and the secret technique of the heavenly book.

"Now, answer me. How Do You Want to Die?" The Court Lord said indifferently, not giving Su Yu a choice at all.

Su Yu's expression was calm, without any panic.

He had never planned to suppress the heavenly court through the ruler bloodline.

"Old Man, I advise you to restrain yourself." Su Yu said indifferently, "Otherwise, the one who should cry will be you."

The court lord shook his head slowly, "I have nothing to say to you! Then, you can go to hell!"

What he regretted the most was listening to young master Zhuo's words.

He had allowed Su Yu to live for a few more days and caused irreparable damage.

Chi --

The ancient god blood sword in his hand slashed toward Su Yu.

A five-colored trajectory pierced through the void.

Under the suppression of the five-colored light, Su Yu's time, space, soul, and Life Domain couldn't be used.

He couldn't Dodge.

He could only face it head-on.

"Outside Wuxu World!" Su Yu formed a seal with both hands and spat out mysterious heavenly script characters.

One hundred heavenly script characters wrapped around Su Yu's body and spun continuously. They exploded with a golden pillar of light, protecting Su Yu within.

Boom --

The five-colored trajectory slashed onto the pillar of light, causing the pillar of light to emit a creaking sound.

It was as if it was about to break at the next moment.

However, this was only sword qi, and it was wearing off very quickly.

Before long, the sword Qi dissipated.

Su Yu stopped his hand seals and flicked his five fingers forward.

The Golden Pillar of light protecting his body quickly swept over.

The court lord was surprised.

Where did Su Yu's Heaven's secret technique come from?

Even the ancient god blood sword couldn't be easily killed?

Seeing the pillar of light approaching, his ancient god blood sword was held horizontally in front of his chest.

The five-colored ancient God's blood on the surface continuously boiled and let out dragon roars.

The pillar of light that was sweeping over was immediately dispersed by the dragon roars.

The two exchanged blows, and neither was able to do anything to the other.

The descendants of the ancient gods all retreated, shocked by Su Yu's terrifying strength.

From the looks of it, he didn't use his full strength. What he had just revealed was just the tip of the iceberg.

The court master couldn't let go of his face.

Even the lord of the Heaven Court couldn't do anything to Su Yu.

"Heavenly Luo Slash!" The court master held the ancient God's blood sword and infused the power of the Heavenly Dao master into it.

Boom --

With a loud sound, a cloud of blood mist exploded from the ancient God's blood sword.

The Blood Mist turned into a five-colored dragon and roared as it came over.

Its bloody mouth opened wide and bit toward Su Yu fiercely.

Su Yu's expression was unperturbed as he stepped on the ground.

An incomparably huge black dragon immediately appeared under his feet.

It was all condensed from the heavenly book characters.

With a roar, it tore at the Blood Dragon.

One was the blood of an ancient god, while the other was a secret technique of the heavenly book characters. Both had equal power.

Su Yu indifferently looked at the court lord and said, "You can't do anything to me. If you don't want to cause serious damage, then stop."

He glanced at the many areas on the ground that had been affected and indifferently said, "Su Yu, you're too arrogant."

Hearing this, the court lord was both shocked and angry.

If Su Yu left today, how could he, the court lord, convince the masses in the future?

"Su Yu, you're too arrogant. How can the ancient god Blood Sword left behind by ancient God Nine Dragons only have so much power?" The court lord suddenly bit the tip of his tongue and spat out a mouthful of blood mist.

The blood mist landed on the ancient god Blood Sword.

The sword immediately exploded with dazzling five-colored light.

From Afar, it looked like a five-colored sun.

"Ancient God Glory!" The ancient god blood sword seemed to have been reborn.

Under the light, the Azure Dragon formed by Su Yu's heavenly book characters immediately disintegrated.

Su Yu's expression became slightly more solemn.

As expected of the ancient God's blood sword.

Just now, it could only be considered to be in an unsheathed state.

Now that it had completely revealed its power, the feeling was completely different.

"Be buried under the ancient God's blood sword!" The court master's eyes revealed a dignified expression as he raised the ancient God's blood sword high up.

A five-colored light shot into the sky, breaking through the void and reaching the depths of Heaven and earth.

Under that five-colored light, all the weak creatures in the heavenly court prostrated themselves and didn't dare to move.

If they were to face that supreme existence...

Even Su Yu felt an extremely rare sense of trepidation.

It was as if he was facing ancient god Nine Dragons' true body.

"Destroy!" The court lord used a secret technique and slashed down.

The towering pillar of light pressed down with heaven-toppling might.

Instantly, the entire heavenly court's ship began to tremble.

Su Yu faced the pillar of light directly, and one could imagine the pressure he was under.

The blood in his entire body boiled, and his body trembled.

Even his soul, which had the soul emperor's clothes, felt as weak as a candle in the wind.

It was as if it was going to be blown out in the next moment.

Su Yu naturally did not dare to be careless.

His two hands were like the wheels of a carriage turning, and he used his hand seals at an extremely fast speed.

He consecutively set up three defensive secret techniques of heavenly script characters in front of his body.

These were all the defensive secret techniques he had learned so far.

One was stronger than the other.

Kacha --

However.

The first secret technique could not withstand the pressure before the pillar of light arrived and shattered with a loud bang.

The heavenly book characters completely collapsed.

Su Yu was slightly startled.

Without even being able to resist, they shattered.

The power of the pillar of light was far beyond his expectations.

Boom --

When the pillar of light fell, the second defensive technique beside Su Yu shattered with a loud bang!

There wasn't even a moment of defense!

Su Yu's heart trembled.

Creak Creak Creak --

The light beam crashed down and covered the last defense.

The defense immediately felt an unbearable pressure and twisted rapidly, showing signs of exploding.

Not Good!

Kacha --

Finally, the defense still shattered.

All the heavenly script characters were crushed and destroyed.

The huge pillar of light instantly swallowed Su Yu.

It did not allow Su Yu to struggle at all.

Yu Xiang Wan and Hong Yao, who were far away, had a sorrowful look in their eyes.

The court chief had gone too far!

He had tricked Su Yu to come here and kill him!

How could the court chief be so despicable?

The court chief, on the other hand, heaved a sigh of relief as he looked at the light pillar that was gradually fading away. He was a little worried. "It shouldn't hurt the nine dragons cauldron, right?"

However, a cold response came from the light pillar.

"You're worrying too much!"
