

Nine-Dragon 2761

Chapter 2761 The Emperor Returns

What?

He's Not Dead Yet?

The court master's old body shook.

That was the strongest attack he could unleash from the ancient god Blood Sword.

The nine dragons ancient God once said.

This attack's power was unfathomable.

It was hard to find a survivor at the early stages of the Heavenly Dao master level, so they had to use it carefully.

But he had just used it on Su Yu.

Su Yu did not die!

Everyone's breathing froze as they stared unblinkingly at the gradually dissipating pillar of light.

At the core of the Pillar of light.

A blood-red ball wrapped around Su Yu.

The ball was liquid-shaped.

However, it was not water.

Instead, it was a liquid-shaped object condensed from millions of heavenly script characters.

An evil and bloody feeling assaulted him!

Su Yu took a light step forward, and the blood ball automatically opened up a path, revealing Su Yu's figure.

He looked indifferently at the court master, at the descendants of the ancient gods behind him, and at the vast heavenly court.

He coldly said, "I've given you enough chances. I've already advised you to Stop Now! Why do you have to force me to the end?"

Splash --

A large amount of blood suddenly gushed out from the blood ball behind him.

It flowed endlessly.

It was as if there was an endless amount of blood in it.

The blood fell to the ground. As soon as it touched anything, it would immediately corrode into a part of the blood.

The first drop of blood fell on the palace and immediately corroded the entire palace.

However, the corrosion didn't stop.

The Earth was corroded, revealing the defensive array of the heavenly court.

The defensive array that the scythe of myriad tribulations couldn't shake was actually melted by that drop of blood, creating a huge hole.

Yes, it directly corroded and shattered!

Seeing this scene, the court master and the descendants of the ancient gods all sucked in a cold breath.

"This... What secret technique is this? It's too terrifying!" The court master and the descendants of the ancient gods all gasped

But it was just a drop of blood.

The blood in the blood ball was flowing out.

"Stop them!" The vice court master Zhan Feiyan's scalp went numb.

Once the blood fell to the ground, it would definitely corrode the entire heavenly court.

But it was easy to say, so how could they stop it?

Didn't they see such a powerful defensive array completely corrode?

Splash --

Finally, a large pool of blood fell to the ground, melting half of the heavenly court into a pool of blood.

This scene was like the nose of Hell, abnormally eerie.

At the same time, the eight mountains were submerged in a sea of blood.

Only ancient god Nine Dragons' mountains were as good as new.

"Stop!" The court lord shouted.

Seeing the heavenly court being destroyed bit by bit, the court lord was burning with anxiety.

He regretted it!

He regretted why he brought Su Yu to the heavenly court.

"It's too late." Su Yu said lightly, "I can't control it."

This was the most forbidden secret technique he had mastered -- boundless blood sea.

Unless he melted everything into blood, he wouldn't stop.

What?

He couldn't Stop?

Seeing that the heavenly court was about to be completely destroyed, the court master's five internal organs were all destroyed.

At this moment...

A light shout pierced through the heaven and earth.

"Nine dragons suppress the mountains and rivers!" A king's intent that suppressed all living beings sounded

A giant cauldron that was extremely similar to the nine dragons divine cauldron descended from the sky.

"Roar!" The Nine Dragons on the cauldron roared as they opened their mouths and sucked.

They actually sucked away all the blood and water on the ground.

The heavenly court ship that was about to be corroded had escaped this disaster.

The court master and the descendants of the ancient gods let out a sigh of relief.

They were all astonished.

Who was this person?

He was actually able to suppress the blood.

Furthermore, why was the cauldron he was controlling so similar to the nine dragons divine cauldron?

The way he was controlling it was also extremely orthodox.

Whoosh --

Space split apart.

A black-caped emperor wearing a dragon robe and a crown on his head.

An incomparably majestic emperor stood on top of the divine cauldron with his hands behind his back.

Many people were confused when they saw him, as they had never seen him before.

However, the court chief became excited, "Zhan Wushuang? You... weren't you sent to Dao Yuan?"

That day, the Martial Dao Temple brought Zhan wushuang back and immediately reported it to the court chief.

The court chief immediately ordered someone to send him to Dao Yuan when he found out that he was a natural-born king.

He didn't expect that he would be reborn and return in just one or two years.

Moreover, his first move was astonishing!

Zhan wushuang looked down from above. His eyes were cold and merciless, containing a bone-chilling coldness. He looked at Su Yu and said, "Su Yu! Why aren't you kneeling down when you see me?"

His voice was filled with supreme dignity.

It was as if he was the king of the world, dominating and suppressing everything!

Su Yu's eyes turned cold.

Wherever his gaze passed, it froze into ice.

The martial arts temple was Hanxuan's direct murderer.

However, Zhan Wushuang betrayed him and killed Hanxuan!

"A defeated opponent in the past is qualified to be a King?" Su Yu slowly rose up and looked at him.

Zhan Wushuang looked at him with disdain, full of the power of the world.

"Lowly creature, get down from the mortal world. You are not worthy to look at me!" He waved his hand.

The huge cauldron under his feet swept over with a shocking momentum.

That was the method to activate the nine dragons divine cauldron, but Zhan Wushuang used it skillfully.

Su Yu snorted coldly. The four elemental domains condensed into a rod.

From top to bottom, he ruthlessly lashed out.

Bang --

The cauldron was sent flying and rolled back.

Su Yu was unstoppable. He flew into the sky and looked at Zhan Wushuang. "In front of me, you are not worthy of being the King!"

Zhan Wushuang's eyes were cold and filled with pity. "What a pitiful thing. You have no idea who you are facing!"

Su Yu waved his hand and his nine dragons divine cauldron slowly appeared.

"What I am facing is a loser who has been defeated again and again. I have let him go and saved him countless times. I have given him an emperor weapon, but he has repaid my kindness with enmity. In the end, he has caused the death of a good-for-nothing who loves his woman deeply!"

He never called others a good-for-nothing.

Never!

Only Zhan Wushuang!

It didn't matter if his strength was crippled.

It didn't matter if his body was crippled!

But if his heart was crippled, then he was truly a good-for-nothing!

Zhan Wushuang felt a sharp pain in his heart.

He was the only one who didn't want to admit that he was a good-for-nothing.

"Su Yu! !" Zhan Wushuang's eyes were bursting with heaven-shaking killing intent. "You caused Hanxuan's death, do you know your crime?"

Su Yu's aura was majestic. The nine dragons divine cauldron in his hand spun rapidly and let out an ear-piercing sound.

He looked at Zhan wushuang from afar and said, "You're a trash who lied to yourself! You Don't even have the courage to look at yourself. Hanxuan is really blind to be willing to marry you!"

Why did Hanxuan die.

Did Zhan Wushuang not know in his heart?

He was only lying to himself. He did not dare to admit that he had caused Hanxuan's death.

Therefore, he vented his anger on Su Yu.

"You're the sinner!" Zhan wushuang roared.

Nine Dragon Soul Phantoms surrounded his body.

"I want your head, your blood, and your soul to pay tribute to Hanxuan's spirit in heaven!" Zhan wushuang roared.

The Nine Dragon Soul Phantoms stepped on the wind and cloud as they charged over.

Wherever his footsteps passed, all things prostrated.

Invisibly, there was a king's aura that suppressed all living things.

Chapter 2762 Golden Head

"The one who should die is you!" Su Yu roared. The nine dragons divine cauldron that was spinning rapidly in front of his chest turned into an afterimage and flew away.

Zhan wushuang stretched out one hand and said in a dignified manner, "You don't know anything at all!"

His palm formed a magical seal.

The nine dragons divine cauldron that was spinning rapidly actually started to stop by itself.

In addition, it continued to struggle on the spot.

One moment it was flying toward Su Yu, the next moment it was flying toward Zhan Wushuang.

Su Yu had only seen this scene when he was a descendant of ancient god Nine Dragons.

Could Zhan Wushuang be a descendant of ancient god Nine Dragons?

"Come back!" Su Yu growled. Ancient God Nine Dragons had been refined by him for a long time.

It immediately returned to his palm.

Zhan wushuang failed, but he had a cold expression on his face. "Do you see? I am the king, the King of Everything!"

Su Yu looked at the nine dragons cauldron and put it away quietly.

"A king who needs me to give him four pieces of the Emperor Set?" Su Yu sneered.

At the same time, he waved his hand and the disaster scythe appeared in his palm.

He activated his sovereign bloodline and revealed his real body immediately. Then, he swung his scythe.

Instantly, nine rays of black light swept across.

Zhan wushuang said contemptuously, "Petty tricks!"

He pointed his finger at a distance, "Break!"

Roar --

Among the nine dragons surrounding Zhan Wushuang, a dragon soul roared and arrived.

With a fierce swing of its huge tail, it actually swept away the black light of destruction.

The Dragon Soul's momentum did not decrease as it pounced straight at Su Yu.

Su Yu had no choice but to continuously use three defensive secret techniques of the heavenly book characters.

That Dragon Soul was extremely fierce. It immediately shattered the first line of defense and then crashed into the second line of defense.

After a moment of stalemate, both of them shattered at the same time.

Zhan Wushuang was like the king of Brahma as he said indifferently, "Go Again!"

Another dragon soul descended and roared as it ruthlessly crashed into the third defense.

Kacha Kacha --

The strongest defense tenaciously resisted the attack from the Dragon Soul.

After ten breaths, the defense finally shattered.

The dragon soul whistled over.

Su Yu used the disaster scythe to block in front of his chest and was knocked back repeatedly by the Dragon Soul.

Seeing this, Zhan Wushuang stood with his hands behind his back and said indifferently, "You can't withstand a single blow!"

He had a trace of self-mockery on his face. "I used to think that you were an undefeatable person, but it turns out that you're so weak."

"I used to feel inferior like a pitiful worm!"

Looking at Su Yu, he revealed a deep hatred and contempt. "Hanxuan actually died for trash like you. It's really not worth it!"

He raised his finger again.

Another dragon soul came roaring over.

Without a defensive secret skill, how could Su Yu survive?

He would definitely die.

Even if he used the strongest boundless blood sea, he would be buried in the Dragon Soul.

"Disappear from this world, Su Yu!" Zhan wushuang closed his eyes and slowly turned around.

He did not want to watch Su Yu die.

Su Yu was extremely calm as he faced the seven Dragon Souls.

He took out the Linglong Xuanji and the blood of the lord of fate, the Lord of reincarnation, and the Lord of creation.

Through the use of the Linglong Xuanji, the blood of the three rulers was easily refined and quickly absorbed by Su Yu.

Boom Boom Boom --

Bolts of lightning came from the depths of the void.

The Sacred Mountain that was hanging in the depths of the world and was about to descend flashed with golden light.

It was as if something that shouldn't have been born in the world had been born!

A halo appeared between Su Yu's brows.

The Halo had seven colors.

Each color represented a supreme domain in the world.

A total of seven types, almost covering everything in the world.

The halo between his eyebrows slowly flickered.

It maintained the same height as the gaze of his eyes.

"Destroy!" Su Yu said indifferently.

A thin line immediately shot out from the halo.

With a muffled boom, the five-colored thin line shot out and instantly destroyed the dragon soul into ashes!

The Dragon Soul didn't even have a chance to resist!

Zhan wushuang suddenly let out a muffled groan and suddenly turned around to look over.

Staring at the halo between Su Yu's eyebrows, his pupils constricted fiercely. "Seven Yuan level domains?"

Other than the death domain, he had mastered all the other domains!

Su Yu looked at Zhan Wushuang indifferently. "Continue!"

Zhan wushuang clenched his teeth and immediately mobilized the remaining six dragon souls to pounce on Su Yu.

Su Yu stood in place, not moving at all.

With a light blink of his eyes, a ray of destructive light shot out from the halo.

The six ferocious dragon souls that could crush the heaven and earth were all easily destroyed by the ray of light into dust.

Not a single one was left.

"Is this what you are proud of? A natural emperor?" Su Yu said coldly, "Your previous thoughts were actually not wrong."

"You won't be able to defeat me in this life!"

Zhan wushuang clenched his fists and shouted, "Su Yu! I'm the King, the king you need to kneel down to! I was, AM, and will always be!"

He grabbed at the air and shouted, "Sword!"

Whoosh --

The ancient god Blood Sword in the court master's hand flew out and fell into Zhan Wushuang's hand.

"I'll let you understand what a real ancient god's blood sword is!" Zhan wushuang held the hilt.

A layer of moisture flowed out of the ancient God's blood sword.

It was the fresh ancient God's blood hidden in the ancient God's blood sword.

It was also the most dangerous part of the ancient God's blood sword!

The Lord was shocked.

He had controlled the ancient God's blood sword for many years, but he had never known that there was ancient God's blood in the ancient God's blood sword?

How did Zhan Wushuang Know?

"The ancient God's blood can destroy all living beings under the sacred mountain." Zhan Wushuang's eyes were deep and sharp. "So what if the seven rulers' bloodlines are merged into one?"

"In front of the ancient God's blood, it's like a flick of the Finger!"

He held the sword with both hands, and the entire sword was trembling violently.

It was as if it was suppressing a power that even he could not control.

"Accept your fate, Su Yu. You will eventually be a skeleton under my feet, a Whetstone for me as the Emperor!"

Zhan wushuang swung the blood sword down with great difficulty.

Boom Boom Boom --

The heaven court trembled violently, and the void churned violently.

Even the sacred mountain began to shake.

Su Yu felt an invisible and fatal sword Qi pressing down fiercely.

The halo between his eyebrows rapidly dissipated, and he could not withstand this sword attack at all.

Su Yu's gaze was calm as he gripped the kalpa scythe tightly and shouted coldly, "Kalpa scythe, open!"

The kalpa scythe, which was already a hundred feet tall, was burning with golden flames.

The handle of the green vine wood, after burning, actually turned into a sparkling metallic color!

The most magical thing was that the nine taotie heads on the scythe actually had a golden one.

The Golden Taotie head was exactly the same size as the other heads.

However, its taotie eyes seemed to be alive.

It looked down at the world with a cold gaze.

This was the kalpa scythe powered by the seven hegemonic bloodlines!

"Go!" Su Yu waved the kalpa scythe viciously.

Instantly, nine rays of black apocalyptic light swept out.

However, as soon as they shot out, they were destroyed by the invisible sword qi.

The golden head did not panic and half-opened its eyes.

A weak ray of light as thick as a finger shot out from its eyes.

However, as soon as the ray of light appeared.

The sacred mountain that was shaking started to retreat!

Just by showing itself, it forced the sacred mountain back! !

His train of thought was not smooth, so today was the first shift.

Chapter 2763 Ancient God Nine Dragons

The golden thread was incomparably powerful.

The peerless slash of the ancient God's blood sword became extremely difficult to slash down under the threat of the thread.

Zhan Wushuang's eyes revealed shock and a trace of panic.

His hands were trembling.

It wasn't his hands that were trembling, but the ancient god's blood sword.

Seeing the thin line approaching, Zhan Wushuang roared angrily and forced himself to pull himself together, "I am the Heavenly Emperor, I will not lose! !"

Xiu --

However, the cruel reality was that.

The golden thread mercilessly pierced through the ancient god blood sword.

With a bang, the ancient god blood sword exploded into pieces on the spot.

The intense explosion shattered Zhan Wushuang's imperial robe into strips of cloth, and his entire body became a bloody mess.

Although there was no danger to his life, he was in an exceptionally miserable state.

Su Yu said indifferently, "Tell me again, what kind of Emperor Are You? A Beggar Emperor!"

Zhan Wushuang's eyes were about to burst. "Su Yu!"

HMPH --

Su Yu gave a heavy snort, and with the myriad tribulation great scythe in hand, he pressed down.

Zhan Wushuang's heart trembled violently, and he forcefully resisted.

But his dragon soul was gone, and the ancient god blood sword was gone. He only had that little bit of cultivation left.

How could he be a match for Su Yu?

In just one exchange, Su Yu had grabbed his neck.

"Is this the Heavenly Fate Emperor?" Su Yu said coldly.

As he spoke, he raised his palm and ruthlessly slapped him.

PA --

The crisp sound of a slap resounded throughout the entire heavenly court.

The court master and the others watched from afar, pushing and shoving each other, but no one dared to step forward to help.

Su Yu was too terrifying!

Who Dared to step forward?

They could only watch helplessly as Zhan Wushuang was beaten to a pulp by Su Yu like a beast!

Zhan wushuang went from the initial anger to the numbness that followed, to the sorrow at this moment.

In the end, he was still inferior to Su Yu.

Even with the help of that Lord, he was still inferior to Su Yu in the slightest.

Su Yu's ten slaps completely woke Zhan wushuang up, allowing him to regain the shadow of being dominated by Su Yu.

"It's over, Zhan Wushuang!" Su Yu couldn't be bothered to hit him again.

The myriad calamity scythe pressed against his neck and said indifferently, "Go down and repent to Hanxuan!"

He was about to use the myriad calamity scythe and end his life.

Suddenly.

A soft sigh seemed to explode in Su Yu's ears.

That sound actually caused his seven yuan level domains to become chaotic one after another. Even the ruler bloodline quickly became chaotic.

After losing the support of the sovereign bloodline, the myriad calamity scythe immediately returned to its original state.

Su Yu's heart trembled.

Who could get close to him and not be able to detect him at all?

He turned his head and saw that it was an old man wearing a long robe with nine dragons on it.

His hair was combed very neatly and meticulously.

His facial features were full, and his eyes were slightly sunken.

His eyes were filled with incomparable vicissitudes of life.

It was as if he had walked through countless eras.

Su Yu gazed at this person, and his heart trembled for some reason. Even his voice couldn't help but tremble. "You are... Ancient God Nine Dragons?"

He had never seen ancient god Nine Dragons' true body.

But after controlling the nine dragons divine cauldron for so many years, he could faintly sense ancient god nine dragons.

The elder that had suddenly appeared in front of him was ancient god Nine Dragons!

He was the ancient god nine dragons that Su Yu had always wanted to see, but had never been able to see!

At this moment, Su Yu had many questions he wanted to know and ask him.

For example, why did ancient God Nine Dragons choose him as his successor.

Why had he never appeared for so many years.

All these years, he had disappeared from Dao Abyss. What had happened?

But there were so many questions that he didn't even know how to answer them.

"Let him go," ancient god Nine Dragons said indifferently.

Su Yu stiffened.

He stared at ancient god Nine Dragons' indifferent gaze, his heart inexplicably cold.

It was as if someone had poured a bucket of cold water on him.

He had been excited when he saw ancient god Nine Dragons, but ancient god Nine Dragons was completely unmoved when he saw him.

Su Yu put away the myriad tribulation scythe and quietly looked at ancient god Nine Dragons.

This was the first time this ancient god, who had given him a twist in fate, had appeared in front of him alive.

Zhan Wushuang was released, and he staggered over to ancient god nine dragons and knelt on one knee in shame. "This disciple is useless. I've embarrassed Master."

What?

Everyone in the Heavenly Court was shocked.

Ancient God Nine Dragons was actually Zhan Wushuang's master?

In other words, Zhan Wushuang was the successor of ancient God Nine Dragons?

But that wasn't right!

If he was the successor, what was Su Yu to him?

Su Yu stood there, his mind blanking out.

He suddenly felt that perhaps he had made a mistake from the very beginning.

"It doesn't matter. You have too few of my true disciples, so your strength is limited. It's normal for you to be inferior to me." Ancient God Nine Dragons looked at Zhan Wushuang with a hint of love.

It was completely different from the coldness he had shown toward Su Yu.

After being reminded, Zhan Wushuang's desolate state of mind once more calmed down.

He looked at Su Yu with pity on his face and sighed. "As I said, you actually don't understand at all."

Don't understand what?

Ancient God Nine Dragons once more indifferently looked at Su Yu and said, "Your name is Su Yu, right?"

Su Yu nodded, and his eyes that were focused once more fell silent.

"Can you return the nine dragons divine cauldron?"

Su Yu's heart trembled.

He could refuse anyone who wanted the nine dragons divine cauldron.

But he couldn't refuse one person!

That person was ancient god Nine Dragons himself!

Su Yu took out the nine dragons divine cauldron with a heavy heart.

As soon as he appeared, the nine dragons divine cauldron flew out of his palm in joy and landed in the nine dragons divine cauldron's palm.

Eight crystal-formed flying dragons surrounded ancient god nine dragons in joy, continuously letting out excited dragon roars.

This state had never appeared on Su Yu's body before.

His heart was filled with bitterness.

The nine dragons divine cauldron had never truly belonged to him.

It had always belonged to ancient god Nine Dragons!

Ancient God Nine Dragons lightly patted the nine dragons divine cauldron, and instantly, dozens of drops of blood essence that had been fused into it for hundreds of years were all sent flying.

These were the drops of blood essence that Su Yu had refined over the years.

At this moment, all of them had been wiped clean.

Su Yu immediately lost all contact with the nine dragons divine cauldron.

Everything!

Su Yu's right fist in his sleeve slightly clenched.

Then, he powerlessly released it.

The nine dragons divine cauldron had only been in his hands for two hundred years.

In the hands of the nine dragons ancient god, it had been in his hands for hundreds of millions of years.

In comparison, Su Yu had only been able to grasp hold of it for a short period of time.

Wasn't it only right for him to take it back?

But what Su Yu couldn't accept was that ancient god Nine Dragons had given the divine cauldron to Zhan Wushuang.

"Back then, some accident caused you to miss out on two hundred years. From now on, make good use of it," ancient god Nine Dragons said.

Zhan wushuang was pleasantly surprised and cast a triumphant gaze at Su Yu.

He even waved the nine dragons divine cauldron in his hand!

Su Yu's heart had already cooled down. "Can you tell me why?"

Why did he say that Zhan Wushuang had missed the nine dragons divine cauldron for two hundred years?

Ancient God nine dragons indifferently said, "It's about time I told you about this! Actually, Zhan Wushuang is my chosen successor, and you were only there because of an accident."

"I used a secret technique to give the nine dragons divine cauldron to a heavenly emperor, giving hope to the common people. However, I was schemed against Midway, causing the nine dragons divine cauldron to deviate from its original position and fall into your hands!"

Chapter 2764 Severing Ties

Su Yu was expressionless.

In truth, even if ancient god Nine Dragons didn't say anything, he had a premonition.

Perhaps he wasn't the successor of ancient God Nine Dragons.

Because from the beginning to the end, he didn't seem like a successor.

Apart from accidentally obtaining the nine dragons divine cauldron, he had obtained nothing else.

The people of the Heavenly Court had never treated him as a successor.

They had tried every possible means to take the nine dragons divine cauldron away from him.

If ancient god Nine Dragons truly treated him as a successor, who would dare do such a thing?

It was just that saying it out loud from ancient god nine dragons' mouth seemed especially true, cruel, and heartless.

Now that he thought about it...

Back then, he had roared in the forest and been smashed by the nine dragons divine cauldron.

It was just a coincidence.

He had overestimated himself and mistakenly thought that he was the descendant of ancient god Nine Dragons.

On the other hand, Zhan Wushuang was unrivaled.

A natural emperor!

From the moment he was born, he had been blessed with great fortune.

When he was born, the souls of three thousand emperors worshiped him.

At the age of three, he ascended to the throne. At the age of five, he defeated the strong and annexed the Mortal Empire of the Central Plains, making all nations submit to him!

At the age of ten, he established a peerless sect and swept through all forces in the region, making the three thousand sects of the central plains bow their heads!

At the age of fifteen, he had besieged the Central Plains'Imperial Palace and asked for the Sword of the Central Plains'King!

In comparison, Su Yu's first half of his life was too ordinary.

So ordinary that there wasn't even the slightest bit of brilliance.

Compared to Zhan wushuang, he was like a speck of dust.

He was the chosen successor of ancient God Nine Dragons!

"In addition, give me the divine seat of Heaven and earth and the Emperor's killing sword. They are for Zhan Wushuang!"Ancient God Nine Dragons said indifferently.

Su Yu did not say a word.

He took out two items and threw them over.

This question had been answered.

Zhan Wushuang's four-piece emperor set was also created by ancient God Nine Dragons.

After taking the two items and holding the nine dragons divine cauldron in his hand, Zhan wushuang regained his confidence and sighed. "A moment of error delayed me for two hundred years."

Zhan wushuang sighed.

If the nine dragons divine cauldron had fallen into his hands from the very beginning...

Then all of Su Yu's achievements today would have been his.

Of course, this was just his wishful thinking.

The nine dragons divine cauldron was only a support for Su Yu.

What it gave him was only the eight laws.

Apart from this, everything else was obtained by Su Yu, step by step, through countless storms and dangers.

Su Yu calmly looked at ancient god nine dragons and indifferently said, "Is there anything else that you want to take back?"

Ancient God Nine Dragons pointed at the ancient god descendants behind him.

"Take their things and return them!"

"Fine!" Su Yu did not hesitate. The divine fire of ancient God Nine Dragons' descendants, Black Mountain, ancient god Jin Xuan's Abyss Beast..

He returned everything he had taken from the ancient god descendants.

Not a single item was left.

"And then?" Su Yu calmly asked.

His face was very calm, so calm that it was completely different from the expression of a person in this situation.

Even a bit of loneliness, a bit of sadness, and a bit of anger were normal.

Only that calmness was particularly strange!

Ancient God Nine Dragons glanced at Su Yu from head to toe and indifferently said, "And then, leave the heavenly court. You are not welcome here!"

This place was, after all, the hometown of ancient God Nine Dragons.

What was Su Yu?

What right did he have to stay here?

Su Yu nodded and said, "I returned the nine dragons divine cauldron to you! The ancient god Relics I obtained can be considered to be the interest I borrowed from ancient god Nine Dragons for two hundred years."

"I have already returned everything, including the principal and interest!"

Su Yu held the myriad tribulation scythe and drew a golden line between him and ancient god Nine Dragons.

His eyes were cold and indifferent, devoid of any emotion.

"From now on, we... have nothing to do with each other!"

As he said this, Su Yu's heart ached.

How many times had he imagined meeting ancient God Nine Dragons? How many times had he wanted to express his gratitude.

But he had never imagined it.

The day they met was the day they severed ties.

Ancient God Nine Dragons looked at the broken thread on the ground and turned around indifferently. "We have nothing to do with each other in the first place. Let's go while I'm not in a bad mood!"

Su Yu did not look at ancient god Nine Dragons anymore.

From now on, they had nothing to do with each other.

In the next moment, they might be enemies.

"Let's Go!" Su Yu, Yu Xiang Wan, and Hong Yao left the Heaven Court under the mocking gazes of the descendants of ancient gods.

The court master said respectfully, "Ancient God, this child still has ancient god Jin Xuan's sacred weapon, the myriad calamity scythe, the bloodline of the ruler, and the secret techniques of the heavenly book. Why don't we..."

Ancient God nine dragons said indifferently, "After all, he was taught by Ren Zu. It can be said that he owes ren zu a favor."

"But that's all..." ancient god Nine Dragons said faintly.

His nine dragons divine cauldron was forged from Ren Zu's Cauldron of life.

In a sense, he owed Ren zu a favor.

This was why he didn't kill all of them.

Otherwise, Su Yu would have been like an ant in his eyes.

He had already killed him.

"In the next period of time, I'll stay behind and do my best to reincarnate ancient god Nine Netherworld. is everything ready?" The court chief asked

The court chief nodded deeply. "Everything else is ready. Only the ancient god carrier should be on its way."

"Mm." Ancient God Nine Dragons nodded. "Wushuang, come with me."

Amidst everyone's envy, Zhan Wushuang followed ancient god Nine Dragons into the secret chamber and received his guidance.

Zhan Feiyan's eyes were filled with envy. "I wonder how strong ancient God Nine Dragons is now. Will he surpass the ancestor of the previous era?"

An existence that dominated the world in the early years of the new era.

What kind of existence would dao yuan be after an era?

The court chief shook his head and said, "Ren zu is an existence that can destroy two of the sacred mountain's sons of Heaven. There has never been anyone like him before or since. Who can surpass him?"

Zhan Feiyan deeply agreed, his face filled with regret. "It's a pity that Ren zu was alone back then. In the end, he was unable to turn things around and fell to the mortal world."

There was a hint of deep meaning in the eyes of the court chief. "Ren Zu, did he really fall? The ruler and the ancient gods were able to find the path to rebirth in the new era, but why did an almighty like Ren zu never return to the mortal world?"

"You Mean?" Zhan Feiyan's pupils constricted as she took a deep breath.

The court chief shook his head. "It's just a guess. It can't be true."

..

At that time.

Outside the heaven, Yu Xiang Wan looked at the calm Su Yu and said, "Brother Su, don't be sad."

Even Hong Yao bit her red lips and wanted to comfort her.

Su Yu looked at the dark sky expressionlessly and said, "I'm not sad. I just feel relieved."

All this while, the ancient god of nine dragons had always been an existence that weighed down on his heart.

Now, everything was put down.

Yu Xiang Wan clenched her fists. "I finally understand why the ancient god of the corpse ancestor asked me to leave the heaven. There are people who are unkind and ungrateful, even the ancient god of the nine dragons! How disappointing!"

Su Yu shook his head slightly, and his eyes shone with a deep light. "I'm afraid that the ancient god of the corpse ancestor asked you to leave because of some other reason. It's not just because of their bad character."

How could an ancient god specifically remind them of such trivial matters?

Yu Xiang Wan thought so. She looked at Su Yu's empty hands and sighed. "It's a pity that the nine dragons divine cauldron has accompanied you for 200 years and never left. Now, it has been taken back."

Unexpectedly, Su Yu did not care. Instead, he seemed to have a deeper meaning. "The nine dragons divine cauldron has never left me!"

Chapter 2765 The Remnant Domain Underwent A Shocking Change

Yu Xiang Wan was puzzled.

The nine dragons cauldron had already been taken away!

"Brother Su, could it be that you've made other preparations?" Yu Xiang Wan asked.

Su Yu nodded his head slightly. "Of the nine domains of the world, seven are already in my hands. If I can find the other two domains, the nine dragons cauldron that I've reconstructed will be the real nine dragons cauldron."

The nine dragons divine cauldron refined by ancient god Nine Dragons only had eight of the ruler domains.

According to Yun Yazi, it was an incomplete sacred artifact.

Thus, the person he was talking about, the one who thirsted for the ninth ruler, was undoubtedly ancient god Nine Dragons.

If he could obtain the ninth ruler's yuan-grade domain first, then obtain the death ruler's yuan-grade domain.

In that case, all nine domains would be gathered.

At that time, he would be able to successfully refine the true nine dragons cauldron.

As for the materials to refine the nine dragons cauldron, he had already obtained them a long time ago!

That Ball of molten liquid!

It was a ball of molten liquid that was made from the burning of Dao Flames and fused with countless magical treasures and heavenly treasures.

Everything was ready for him. He only needed the east wind.

"There's still the ninth ruler?" Yu Xiang Wan had never heard of it before. "Moreover, the ruler of death is still in the underground seal of the Heavenly Court. How can I obtain it?"

Hearing this, Su Yu's eyebrows furrowed deeply.

Indeed, it was very difficult to obtain the bloodline of the last two chief sovereigns.

"We'll see when we have the chance." Su Yu's eyes darkened. "If there's a need, even if ancient god Nine Dragons tries to stop me, I'll give it a try!"

Yu Xiang Wan took a deep breath.

What Su Yu meant was that he wanted to have a big fight with ancient God Nine Dragons?

That was ancient God Nine Dragons, the leader of the eight ancient gods!

Where did Su Yu get the courage to fight ancient God Nine Dragons?

He shook his head. "I hope that things won't come to this."

In his opinion, Su Yu was no match for ancient God Nine Dragons.

"That's up to him," said Su Yu indifferently.

They sped all the way to the remnant domain.

After half a year of traveling back and forth, the dim yellow light of the Holy Mountain was getting closer and closer.

As far as the eye could see, there was no longer any darkness in the void. It had been replaced by the dim yellow light.

"Brother Su, did you notice that there seems to be some small broken islands in the Void?" Yu Xiang Wan's deep blue eyes looked into the distance for a while.

Su Yu nodded his head. "Yes, I noticed it a long time ago."

In the past, the Void was in the darkness, so it was impossible to probe too far.

However, under the illumination of the Holy Mountain, the existence hidden in the darkness could not be hidden at all.

Along the way, Su Yu did not only find small islands?

He also found a lot of huge broken limbs.

In terms of size, it was about one percent of the size of the remnant zone.

What was more remarkable was that there were living beings on it, and they were very powerful.

Su Yu's eyes shone, and he said, "The void does not only have eight-star civilizations. Just like our outer domain, wasn't it also a small region that was attached to an eight-star civilization?"

Apart from that, there were also the warships of the Heavenly Court.

"The destruction of the last era only wiped out large-scale islands, and many small-scale islands were able to survive. This is nothing out of the ordinary," Su Yu said.

"I just don't know if there's any almighty from the previous era."

Su Yu thought of the corpse of Ren Zu.

Ever since he entered the eight-star civilization from the outer space, he had never appeared again.

Now, there was only a remnant domain left, and there was no trace of him.

He really did not know where he was now.

Yu Xiang Wan thought for a while. "If there's really an almighty, perhaps they would choose to approach the remnant domain. After all, that's the largest remaining island."

Su Yu nodded his head slightly.

It would be a good thing if they could attract more powerful experts to come over.

The more they gathered their strength, the more likely they would be able to resist the light of destruction from the Holy Mountain.

As they spoke, they continued on their journey.

Finally, a few days later, they arrived at the territory of the remnant domain.

Whoosh --

Suddenly, a flying magic treasure pierced through the void and dashed out from the territory of the remnant domain.

Su Yu recognized it with his sharp eyes and said, "Isn't that Chu's flying warship?"

He activated his yuan level domain and teleported the flying warship that had already escaped far away.

Chu was covered in blood and looked anxious.

When he saw that the world was spinning, his expression couldn't help but change.

When he saw Su Yu clearly in front of him, he immediately revealed an ecstatic expression and jumped off the ship without caring about his injuries. He said, "Sacred Body Su, you're finally back!"

Su Yu's heart thumped, and he had a very bad feeling.

Who Was Chu?

Qin Xian 'ER's personal guard.

Qin Xian 'er could imagine how heavy his injuries were.

"What happened?" Su Yu asked in a deep voice.

Chu clenched his fists and said, "Sacred physique Su, you were invited away by the people of the Heavenly Court, and they sent people over after that. They said that they wanted to invite master over as well."

The master he mentioned was naturally Qin Xian 'er.

Su Yu's eyes turned sharp.

If they wanted to invite Qin Xian 'er, they could have invited her together.

Why would they invite her alone when he was not around?

"And then?" Su Yu clenched his fists in his sleeves.

Xian 'er, please be alright!

"Master felt that there was something wrong with them, so he didn't agree. He said that he was waiting for you to come back." Chu said with hatred, "That group of people finally revealed their true colors and suddenly attacked duo Mu and Meng Ling."

"Duo Mu was killed, Meng Ling was heavily injured and unconscious, and master was also injured by them!"

Killing intent boiled in Su Yu's eyes.

It turned out that the heavenly court had two plans.

They wanted to trick Su Yu into going to the heavenly court and take the nine dragons divine cauldron.

They also wanted to trick him into leaving and capturing Qin Xian 'er.

"Continue!" Su Yu forced himself to calm down.

The more critical the situation was, the more he couldn't panic.

Chu wept bitterly. "Fortunately, Ding's reaction was very fast. We immediately organized our forces to fight against them, but our experts are simply too few. The opponents are all descendants of ancient god Nine Dragons."

"In the months-long battle, we suffered heavy casualties. In the end, master was still captured."

"As for our remnant domain, it was completely destroyed by them. They didn't even let go of the damaged defensive array. They destroyed everything!"

Su Yu's face sank as he slowly asked, "How long have they been captured?"

"Ten days ago, there were still a few descendants of ancient god nine dragons ruling the remnant domain. They wanted to enslave all living beings and send them to the heavenly court. Many of my brothers in the cauldron used their lives to escape and find you."

Su Yu had originally expected that something bad would happen to Su Yu in the heavenly court.

However, he didn't expect that he would come back alive.

"Go!" Su Yu took a step forward, and the void trembled.

It was as if the heaven and earth were shifting.

In the next moment.

They appeared above the remnant domain.

A hundred battleships densely sealed the sky above the remnant domain.

Numerous pitch-black cannons were aimed at the remnant domain.

Any creature that rushed out could be killed with one shot.

At this moment on the land of the remnant domain.

Thousands of heaven court experts were chasing after the experts of the remnant domain.

Anyone who resisted would be killed without mercy.

Su Yu's robes fluttered and his silver hair danced in the wind.

A shocking killing intent shot out from his eyes.

The killing intent was so strong that even the nearby white warships noticed it. They all turned their bows and aimed at Su Yu.

The hundreds of top Earth Masters on the ship all looked at Su Yu.

Chapter 2766 Bloody Revenge

"It's the sacred body Su!"

"How is he still alive?"

"Oh my God, he's not dead!"

It could be seen from the short exclamation that they knew about the Heavenly Court's plan and knew that Su Yu would die in the heavenly court.

Su Yu murmured, "Then, you are not innocent!"

Su Yu slowly put his hands together.

Creak --

Each of the battleships was surrounded by a ball of space, and the space was compressed continuously.

The battleships inside were compressed into scrap metal bit by bit.

The people on the battleships tried to break through the space to escape in fear.

However, none of them succeeded.

Together with the battleships, they were finally squeezed into a thin piece.

Yu Xiang Wan showed no mercy at all. "The people of the heavenly court should be killed!" She said coldly

They were too unscrupulous, too despicable, and too shameless.

"Kill!" Su Yu swooped down.

At this moment.

Queen Xingyu and the rest were hiding in various places.

The ones who were chasing after them were several powerful Earth element sect masters. One of them had a faint dragon pattern on his body.

His eyes were staring greedily at Queen Xingyu's beautiful face under her long golden hair. "Little girl, I'll bring you back to the heavenly court to have a good meal. Why are you resisting?"

Empress Starry Rain's face turned slightly pale as she huddled in a corner with two guards, struggling for her life.

The ancient god descendant smiled wickedly. "I said several months ago that when I break the seal, I'll definitely taste your freshness. No one can stop me!"

He waved his hand, ordering the two people beside him to leave. "You two go somewhere else!"

The two chuckled. "Yes, Lord Fu Long."

All descendants of ancient god Nine Dragons could be given a name with the word 'dragon' attached to it.

This person's identity was indeed that of a descendant of ancient god Nine Dragons.

Fu long snickered and slowly approached.

Empress Star Rain was trembling like a little sheep, powerless and terrified.

But just as Fu Long was about to approach her, a cunning glint flashed through Empress Star Rain's eyes. "Freeze Time!"

The other time dominion domains had all been taken away by Su Yu, but hers had not.

Over the past few months, she had not revealed a single bit of her time dominion.

Now that she had suddenly used it, Fu Long was caught unprepared.

He was frozen on the spot.

Taking advantage of this opportunity, Empress Starry Rain and the two guards immediately rushed forward to deliver a fatal blow.

However, just as they were about to succeed...

Fu Long, who was clearly frozen in place, grinned. "I lied to you!"

With a flick of his two fingers, he killed the two guards!

Then, he clenched his palm and grabbed Empress Starry Rain's wrist. With an evil smile, he pulled her into his embrace. "Little beauty, come over here!"

Empress Starry Rain cried out delicately, her face filled with despair.

The tunnel master power in her body trembled, preparing to self-destruct and die.

She would rather die than have her innocence destroyed and become a slave for her to vent!

However, Fu long sneered. "If I let you die in my hands, then I would be too disgraced."

He pressed down lightly with his palm, suppressing the power that was about to erupt from queen starry rain.

"No!" Queen starry rain was truly in despair.

She could not die even if she wanted to!

However, all of a sudden, the pulling force of Fu long loosened.

Empress starry rain raised her head and looked over. Fu long stood there with a stiff expression. His face was filled with fear as he stared behind her.

Empress Starry Rain turned her head and looked over. A face that was extremely familiar to her came into view.

Su Yu!

It was Su Yu!

Fu Long's lips trembled as he said in a trembling voice, "You... You're back."

He hurriedly released Empress Starry Rain and kept retreating. With a stiff expression, he said, "This, this is all a misunderstanding. It was the higher-ups of the Heavenly Court who instructed us. We are only following orders."

Su Yu walked forward indifferently and took a step forward.

Bang --

Fu Long's legs were immediately shattered into a bloody mist by the Invisible Domain. Only half of his body was left.

Even so, Fu long still had a strong desire to survive.

He couldn't die!

If he could survive until the next era, he would become an existence at the level of a new era's ancestor.

"Misunderstanding? Trying to touch my star rain is also a misunderstanding?" Su Yu said coldly.

Fu Long took out a space jade seal from his chest pocket. As long as he crushed it, he could be teleported back to the battleship in the outside world.

Crack --

He crushed it with one hand. A ball of space light wrapped around it and began to teleport.

Fu Long's heart relaxed. His previously fearful expression immediately turned into a ferocious one.

"Su, you destroyed my legs. I will take revenge on Your Woman!"

"Sooner or later, I will make her..."

However, as he spoke, Fu Long could not continue because the spatial light slowly disappeared.

"The... teleportation failed?" Fu Long's heart skipped a beat.

Su Yu indifferently said, "If you're referring to those spaceships from the outer realms, then yes, they've already been destroyed. Do you have any other teleportation methods?"

Fu Long sucked in a breath of cold air.

A hundred battleships had been destroyed. Why hadn't any of them sent out an alarm?

Just how terrifying was Su Yu?

"Sacred Body Su, you... you think I'm a fart, so just let it go? I don't dare, I really don't dare!" Fu Long hurriedly said.

Su Yu's eyes were indifferent. "You're a descendant of ancient god Nine Dragons, after all. Can you leave some dignity for yourself?"

Fortunately, when he had gone to the heavenly court, any descendant of a ruler had been put in a difficult position.

Only out of respect for ancient god Nine Dragons had he ever touched them.

He had never thought that his descendants would all be such unbearable people.

Fu Long knew that he had no way to survive, so he simply became fierce. "Even if I become a ghost, I won't let you off!"

The power in his body was surging, a sign that he was about to self-destruct and die.

But he didn't succeed.

Because Su Yu's finger gently tapped, Fu Long's divine power was completely restrained.

"You have to get my permission to become a ghost," Su Yu said indifferently. His eyes flashed with Soul Light, and he immediately began to search his soul.

Searching.

He saw Qin Xian 'er being taken away by a girl.

That girl was none other than the descendant of ancient god nine dragons who had tried to capture Yanran, the girl in the Golden Palanquin!

"It's her!" Su Yu's killing intent surged.

Back then, Su Yu had shown mercy on account of the descendant of ancient god Nine Dragons, so he hadn't exterminated her.

She was ungrateful, and she had actually participated in the operation to capture Qin Xian 'er.

Bang --

Because of her anger, her soul search became even more violent.

With a miserable cry, the Fu Long's soul was destroyed.

Su Yu raised his head to the sky, his eyes filled with killing intent. "Descendant of ancient God Nine Dragons! ! !"

What he treated the most leniently was what had hurt him the most!

"All of you deserve to die!" Su Yu growled in a low voice.

Empress Star rain sobbed, pouncing into Su Yu's embrace in fear and sadness. "Brother, you're finally back. Sister Xian 'er was captured!"

Su Yu gently touched her head.

She had indeed suffered to be able to resist until now.

"Come with me. Don't let go of anyone who barges into the crippled zone!" Su Yu said with killing intent.

A powerful spatial domain erupted around her, sealing off the entire crippled zone.

No one could think of leaving!

Chapter 2767 The Direction Of The King

Somewhere in the west.

An ancient god descendant with a bumpy face was sitting calmly on the armchair.

Hundreds of people were standing in front of him.

Most of them were core members of Ding.

Blood had long flowed like a river on the ground, and dozens of heads opened their eyes, unwilling to die.

The scene reeked of blood.

The descendant of ancient god Knotty leisurely sipped his tea, crossed his legs, and said indifferently, "Obeying the heavenly court will ensure that you can survive the destruction of the new era. I'll give you another ten breaths to consider!"

After saying this, the two followers behind him immediately stepped forward and pressed the vice supreme dark king to the ground, kneeling.

A sharp axe was pressed on his neck.

"If not, your heads will fall to the ground!"The ancient god descendant said indifferently, "Although the Heavenly Court is Merciful, you are all sinners, and you can not be spared!"

"Okay, the countdown of ten breaths begins."

An hourglass was placed on the ground, and the sand inside flowed down evenly and slowly.

One Breath.

Two breaths.

Three breaths..

Seven breaths, eight breaths, nine breaths, ten breaths.

The Dark King didn't say a word. He had no intention of obeying.

The ancient god descendant frowned. "I say, your tripod organization is actually very weak. Why Are You So Stubborn?"

He really didn't understand.

From what he knew, tripod was founded by Su Yu, but it was rarely managed.

The entire organization wasn't strong either.

For some reason, their loyalty to Su Yu was beyond imagination.

Even after killing dozens of people, not a single one of them was willing to betray him.

It was truly unbelievable.

The Dark King smiled, his face full of disdain. "You will never understand the meaning of a savior appearing when all life has fallen into despair, the heavens can not be expected, the Earth can not be sought, and all the gods in the heavens have no pity for him."

Which of the members in the cauldron was not a life form that Su Yu had saved from despair?

To them, Su Yu was a religion more important than the empress of the Emperor Heaven and the gods of the heavens.

People could die.

But they would not go against their beliefs.

"Is that so?"The descendant of the ancient god narrowed his eyes. His patience had clearly run out.

In a row of dozens of people, not a single one was willing to lower their heads.

Looking at the remaining hundreds of people, his eyes were extremely calm.

He was like a prisoner who was ready to die. He had no intention of surviving at all.

If he continued to threaten them, it would be futile.

"Forget it. I originally wanted to borrow the power of your cauldrons to rule all living beings. Since you believe in Su Yu, then go underground and join Su Yu,"the ancient god descendant said indifferently.

Without the cauldrons, they could still enslave the living beings of the remnant domain.

It was just that it would be a lot more troublesome.

He waved his hand and said indifferently, "Send them on their way. I want to see if a savior will appear."

The two subordinates nodded and immediately raised their blades.

A cold light flashed.

A pool of blood splashed.

A bloody head rolled to the ancient god descendant's feet.

However, it was not the head of the Dark King, but..

"Fu Long?" The ancient god descendant was shocked. He hurriedly stood up and looked around.
"Who, who is it..."

The rest of the eyes suddenly saw a person.

When he fixed his eyes on the person, he couldn't help but be scared out of his wits. "Su... Su sacred body?"

He thought that he had seen wrongly and tried his best to look over. After making sure that he hadn't seen wrongly, his heart felt as if it had fallen into a freezing pond. It was extremely cold.

He sucked in a breath of cold air. "You're not dead?"

Su Yu slowly walked forward and without saying a word, he lightly flicked his finger. "You're the one who died."

Puchi!

Fu long immediately turned into a cloud of dust, his body and soul destroyed.

When Dark King and the others saw this, they were overjoyed and knelt down on one knee.
"Greetings, Ding Zun!"

Su Yu stood with his hands behind his back and said indifferently, "Go and save the rest!"

"If they are captured, how should we deal with them?" Dark King asked.

Su Yu's tone was filled with unprecedented killing intent. "There are no captives!"

Dark King's heart skipped a beat. He meant to kill all of them!

Next.

The remnant territory launched a desperate counterattack.

With Ding as the leader, they organized tens of thousands of troops to launch an attack on the heaven's court, killing every single one of them.

With the help of Su Yu and Yu Xiang Wan, the remnant territory was unstoppable.

When the Heaven's court saw that the situation was not looking good, they wanted to escape.

However, at this moment, they realized that the entire remnant zone had been sealed off and there was no way to escape.

What made them even more desperate was that even if they wanted to surrender to save their lives, it was completely useless. The other party had exterminated all of them, not leaving a single one alive!

This lasted for three days.

The remnant zone was filled with corpses. Blood stained the ground and covered the sky.

Everywhere was filled with the remnants of the battle.

Su Yu stood in the void and stared at the remnant zone where the great defensive formation had been destroyed and the land had been reduced to ruins.

Hatred surged in his heart.

What did he do wrong?

He just wanted to lead the few creatures to use the broken land to survive the last apocalypse.

The Heaven Court was so rich, what did they not want?

Why did they have to deprive them of the remaining barren land?

Why did they have to destroy their pitiful wishes.

At this moment.

Dark King, Chu, and Queen Star Rain, all the old friends, led the billions of people in the broken land and stood in front of Su Yu.

"Our home has been destroyed!" Su Yu said slowly, and his heavy voice fell into everyone's ears.

"Do you want to die in silence, or do you want to fight with me?"

The remnant domain could no longer protect them.

When the end of the world came, what awaited them was eternal death.

A death that no life domain could save... The Ultimate.

"Fight!"

"What the King wants, I Want!"

"We are willing to follow the king and destroy the enemies of the Heaven Court to avenge our blood feud!"

"King! Let's Fight!"

The destruction of the remnant domain made the common people determined.

They only had one thought!

Rather than die in the end of the world, it was better to use their hot blood and sharp swords to give the enemy a heavy blow.

Even if it was death, they had to make the enemy feel pain!

Moreover, who was leading them?

It was the human sacred body!

It was the hope of the common people!

It was the sacred body chosen by the will of the common people in the universe.

Su Yu nodded slowly and stepped on the void. He said deeply, "Good! Everyone, follow me and fight to the death!"

His voice shook the void.

It was a response that caused countless living beings to become deaf.

"Let's fight the Heaven Court and destroy all the enemies!"

"If the Heaven Court is not destroyed, I swear I won't come back! !"

With a furious roar, the entire remnant domain was like a giant beast that had awakened. It charged toward the heaven court in the dim yellow void!

It was filled with endless slaughter.

It was as if each and every one of them was the reincarnation of a god of death.

All the islands along the way avoided it. The living beings on them were all stunned as they stared at the remnant domain that was charging toward the Heaven Court.

The void was vast and mighty, and the gods were repelling it.

Its momentum was so great that it was unprecedented.

A few months' journey passed by in a flash.

At the end of the dim yellow world, a silver-white battleship entered their sight.

The vast waves caused by the remnant domain had already formed a huge wave, causing the heaven court to shake incessantly.

On the Heaven Court.

In the high-level Immortal's Cave.

The deputy court master woke up from his closed-door cultivation and was puzzled. "Why have you been restless for months and unable to calm your mind and cultivate?"

Chapter 2768 A Great Disaster Was Coming

He couldn't remember how many times he had entered meditation.

But every time, he would wake up in no more than three days.

It was as if something bad was about to happen, making his soul feel uneasy.

This kind of situation only happened once in his life.

It was when he was a defeated general and was ordered to be executed by the king.

He was locked in the heavenly prison, tossing and turning, unable to sleep.

That was the lowest point of his life, the most desperate moment of his life.

In the end, he also watched his family members being beheaded one by one.

He watched them die in front of him.

How similar was the feeling of unease now to the past?

"The situation in the void has already been settled, why am I still feeling uneasy?" Zhan Feiyan didn't understand, nor did he understand.

The eight-star civilization that was a great threat to them was only left with a remnant domain that was barely hanging on.

The rest were all small islands that weren't worth mentioning.

More importantly, the Heavenly Court was impregnable.

Outside was a defensive array of heavenly script characters, while inside was ancient god Nine Dragons.

Who could fight in the Void Now?

This feeling of unease was truly too baffling.

Clang --

Suddenly, on the stone table in front of him.

The teacup that was placed flat on top of it began to move slowly.

Then, it fell to the ground with a bang and shattered into pieces.

HMM?

Zhan Feiyan took a look and felt slightly strange.

But then, more and more things fell and fell to the ground with a bang.

Finally, Zhan Feiyan clearly felt that his body was starting to tilt.

"What's going on?" He stood up in shock.

Boom --

Suddenly, the heavenly court began to shake violently.

He immediately flew up and maintained his standing posture.

At this moment, hundreds of purple communication jades came from his waist at the same time.

Zhan Feiyan was responsible for the defense work.

The sound of the purple jade seal meant that there was an invasion alarm.

Usually, there would only be one sound.

However, right now, there was a total of a hundred pieces ringing at the same time.

When the Heavenly Court was first established, it had never encountered such a situation.

Even when it was at its weakest, when it was besieged by the people sent by the Overlords, there had never been such a chaotic situation.

For a moment, Zhan Feiyan did not know how to deal with it.

He casually grabbed a piece and crushed it. Then, an extremely terrified voice came from within, "Enemy Attack! !"

The voice came to an abrupt end. A shrill scream and the sound of the spaceship being smashed into pieces could be heard.

His expression changed slightly, and he continued to crush the other jade seals.

The result was the same!

They were all transmitting the same message!

Enemy Attack!

Many people were crushed before they could even send a message.

In the remaining voice, Zhan Feiyan seemed to hear the roar of a giant creature.

He was shocked and immediately rushed out of the secret chamber and arrived above the heavenly court.

What he saw made him gasp.

He saw a huge object twice the size of the heavenly court. It was stirring up waves of nothingness and rumbling towards him.

It was a piece of land in the twilight of the Apocalypse.

It was like a huge beast that came out to look for food.

All the heavenly court members patrolling outside were mercilessly crushed by that huge object.

They weren't even able to escape.

Zhan Feiyan's pupils constricted. "Remnant domain! !"

Could it be that the people sent over didn't enslave all the creatures in the remnant domain?

Or could it be that Su Yu had returned and regained control of the remnant domain?

But how could he dare to come back to the Heavenly Court?

Ancient God Nine Dragons was overseeing this place!

"Prepare for battle!" But no matter what, the remnant domain had come with ill intent, and the Heavenly Court was no pushover.

He immediately sent a message.

Instantly, the huge cannons on both sides of the Heaven Court extended out.

Each of those huge black cannons could unleash the terrifying power of a peak earth master.

The power of hundreds and thousands of huge cannons could be imagined.

The remnant domain was bound to be destroyed.

"Stop immediately. Let those who have the right to speak stand out!" Zhan Feiyan berated.

However, the remnant domain still didn't stop. It didn't have any intention of stopping.

Zhan Feiyan's eyes revealed a ruthless light as he shouted in a deep voice, "Everyone, take your positions and fire!"

Boom Boom Boom --

Numerous purple light pillars shot out explosively.

Each of them blasted through the remnant domain.

Hundreds of them passed through the remnant domain and forcefully blasted it into hundreds of small island fragments.

When the fireworks stopped.

The remnant zone was silent. There was no resistance, not even any sound.

"It's over?" Zhan Feiyan was confused.

Although he was very confident in the attack of the Heaven Court's battleships and cannons.

It was unexpected that the enemy was killed so easily.

"Let's go up and investigate," Zhan Feiyan said uncertainly.

A group of heavenly court members gathered their courage and went to investigate hundreds of islands.

After a while, they sent back messages, "We didn't find anything, not even a corpse."

Not even a corpse?

Zhan Feiyan's heart skipped a beat. His first reaction was that there was a trap!

Boom --

Suddenly, a violent fluctuation appeared in the void above the heavenly court.

A huge crack appeared in the void.

It was a huge spatial crack that could only be opened by a yuan level spatial domain.

In the crack, numerous figures poured down from the sky like seawater.

The many heavenly court members who were patrolling outside the heavenly court were immediately drowned in the Sea of people. They didn't even have the chance to scream before they were annihilated.

In the Sea of people, furious roars were heard.

"Destroy the people of the Heavenly Court!"

"Go all out and fight to the death!"

In this battle, they had given up everything and even destroyed the remnant domains. There was no way out.

Apart from bloody battles and conquering the heavenly court, they had no other way out.

Zhan Feiyan was shocked and roared, "Fire!"

Boom Boom --

Hundreds of thousands of huge cannons shot out.

Each beam of light could take away an entire group of people and turn them into nothingness.

However, there were too many enemies!

So many that they could not be killed.

The empty space that had just been cleared was immediately filled by the crowd.

Zhan Feiyan felt his scalp go numb and immediately retreated back into the heavenly court's defensive array.

He wanted to use this array to kill the enemies across space.

After all, the power of this array had been tested countless times and could not be broken!

However, just as this thought appeared.

Above the Heavenly Court, a sea of blood actually appeared!

The Sea of blood poured down and dripped onto the defensive array.

The indestructible defensive array was actually corroded.

Seeing this scene, Zhan Feiyan's heart pounded. "Sacred Body Su! !"

This was the sea of blood that Su Yu had just grasped!

What made him feel even more threatened was that once the array was broken, the enemy would surge in like seawater!

There were simply too many of them, enough to fill the entire heavenly court.

Thus, one could imagine what kind of place they would pass through!

The first to be attacked was ancient god Jin Xuan's mountain.

In a short span of ten breaths, Zhan Feiyan had witnessed with his own eyes that the mountain had been swallowed by a sea of people.

Only Jin Haozhen and a few other ancient god descendants had fled in panic.

The rest were all buried in the Sea of people!

Zhan Feiyan sucked in a breath of cold air and said sternly, "Quick, quickly inform the court master that something bad has happened!"

Chapter 2769 White Bones Hong Yan

He himself retreated rapidly, his heart thumping wildly.

Perhaps he had never dreamed that the remnant domain would one day counterattack the Heaven Court?

As he retreated, he commanded, "Mobilize the army of Destruction!"

He shot out a purple firework toward the sky.

The firework illuminated the sky and suppressed the dim light of the sacred mountain.

All over the Heaven Court, there was a huge commotion.

The earth in all parts of the Heaven Court cracked open, revealing many cracks.

Those cracks led straight to the cabin of the Heaven Court's battleship.

An endless stream of experts came out. Their cultivation bases were at least Xuan Dao Master, and the Earth Dao Master was the main force.

In the blink of an eye, the entire ground appeared with a number of experts no less than the remnant domain.

They were all clad in silver-white armor and were like a silver torrent, quickly clashing with the invading remnant domain army.

They were all elites that the Heaven Court had prepared for many years.

Their goal was to fight against some powerful existences when the era restarted.

They did not expect that they would use it on the remnant domain creatures in the end.

When the two torrents collided, the silver torrent overwhelmed and swallowed the mixed-colored torrent.

The powerhouses of the Heavenly Court were all in teams of two.

The two sides were separated by a certain distance, each holding a strange dao artifact.

Between the two dao artifacts, rapid and destructive thunderbolts continued to shoot out.

They rushed into the crowd and immediately destroyed a large area of creatures in the remnant zone into ashes.

Several of the upper echelons of the Ding clan were the first to be killed while leading the group.

As a result, the attacking troops lost their command and became headless dragons, causing chaos.

Taking advantage of this opportunity, the white armored flood started to harvest.

The remnant domain creatures that were still imposing just a moment ago were immediately wiped out, showing a huge loss.

Although the team led by Empress Star Rain and Yanran resisted tenaciously.

They couldn't endure the attacks of the enemy's well-groomed elite army.

Their own forces were struck by lightning, forcing them to retreat.

In the time it took to brew a cup of tea.

The flood of life in the remnant zone had already retreated behind ancient god Jin Xuan's mountain. On the other hand, the white-armored flood was like a rainbow. It relied on the wondrous lightning to continuously reap a large number of lives.

Empress starry rain saw this and was extremely anxious. "Damn it!"

She activated her time ruler bloodline and looked at the two white-armored experts who were charging at the front. She shouted, "Freeze Time!"

The two of them were indeed frozen.

Yanran worked well together. She took a step forward, each holding a sword, and beheaded the two of them.

Moreover, she took back the Nirvana artifact from their hands.

She threw it to Empress Starry Rain, and after the two women activated it, they used the shocking lightning to counterattack.

Boom Boom --

While the time freeze was still effective, they killed another group of people and took back two dao weapons.

Then, they handed them over to the others.

They also had four DAO weapons. Relying on their own numbers, they were able to resist the attack of the white-armored torrent.

Those white-armored experts knew the power of the Thunderbolts, so they didn't dare to barge in.

This gave the creatures of the remnant domain a chance to attack from a distance.

Slowly, relying on their advantage in numbers, they managed to repel the torrent of white armor.

Empress starry rain shouted, "Charge back!"

She and the team led by Yanran charged back, forcing the torrent of white armor to retreat in a sorry state.

However!

Such a scene was extremely rare.

In the entire situation, the creatures from the remnant zone were being forced to retreat.

On the other hand, Queen Star Rain's team had charged into the torrent alone.

Unknowingly, their retreat path was surrounded by the white armored torrent on both sides, trapping them within.

Looking from afar, they were like a lone island amidst the massive torrent.

When Queen Star Rain sensed that the situation wasn't good, it was already too late.

After being surrounded by the white torrent, they attacked fiercely from all directions.

The casualties increased rapidly.

The naked eye could see that their numbers had been reduced layer by layer.

Before long, there were only about ten thousand people left out of the hundreds of thousands of people.

The Nirvana weapons in Empress Starry Rain and Yanran's hands had been destroyed in the battle.

Yanran's hands were covered in blood, and her right arm was charred.

There was a faint trace of a lightning strike.

When the enemy's lightning strike struck her, a creature from the remnant domain pounced over and used its own body to block the strike.

So she only suffered superficial injuries.

Looking at her companions who kept coming down and the countless corpses, Yanran's heart was sorrowful. "The strength of the Heavenly Court is within my expectations!"

Before coming, everyone had mentally prepared themselves.

The Heavenly Court had accumulated an era's worth of resources, and it was also the home of the eight ancient gods.

How could they not have any strength?

On the other hand, their remnant domain, the destruction of an eight-star civilization, the destruction of many resources, and even their daily cultivation was a problem.

Wanting to rely on numbers to defeat the heavenly court was no different from wishful thinking.

Thus, this time, they went all out and were prepared to die!

Empress starry rain continuously used her time domain to slow down her enemies and cause them harm in a small area.

However, there were too many enemies!

Her efforts were like a drop in the bucket.

There were only 10,000 people left. They couldn't hold on for long.

"It seems that we really have to die here this time." Empress Starry Rain's face was slightly pale. She had already used too much of her dominating bloodline.

Yanran nodded. "Su Yu is in charge of the overall situation. He can't take care of us."

Empress Starry Rain's expression was complicated. As she made her final struggle, she said, "Actually, I'm very envious of Sister Xian 'Er'."

Looking at the battlefield filled with fresh blood, her eyes were complicated. "If Su Yu did everything for me and launched a heaven-shaking battle, I would die without regrets."

Hearing this, Yanran looked at Empress Starry Rain in surprise and said, "You have feelings for him..."

This was not a sibling relationship, right?

Empress starry rain pursed her lips. At this critical moment, there was nothing to hide. "Yes, I like Su Yu! It's a pity that I will never have the chance to let him know."

Looking at the thousands of people left in front of her, empress starry rain was filled with regret and longing.

Originally, she should have died in the struggle for the ruler of time and become a small pawn in the ruler of Time's plot.

But after meeting Su Yu, her life became exciting again.

Every day was filled with color, no longer gray and no longer lonely.

"Aren't you brother and sister?" Yanran reminded.

Empress starry rain said faintly, "How could I not know how many descendants the ruler of time has? He lied to me from the beginning. Did I really not know?"

It turned out that she knew from the very beginning that Su Yu was not a descendant of the ruler of time at all.

He was a descendant of ancient god Nine Dragons.

After all, Su Yu had used several domains in succession.

Was this something that a descendant of the ruler of time could do?

It was just that she lacked help, and Su Yu wanted to borrow her strength.

Thus, she pretended to be ignorant and pretended not to know.

But in the end, when she really relied on Su Yu, she could no longer leave him.

She smiled bitterly. "If that's the case, why didn't you express your feelings earlier? Now, if you want to turn from a beauty to a skeleton, where can you put a Friendship?"

Chapter 2770 Unprecedented Despair

Empress starry rain lowered her head and sighed. "It's not bad to bring it underground. If it stays in the human world, it will only make things difficult for Su Yu."

"He only has sister Xian 'er in his heart."

Yanran said sympathetically, "Sigh, you have fallen in love with someone you shouldn't have."

From her observation, Su Yu was indeed not someone who was easily moved.

He had always been focused on Xian 'er.

He had never touched any other women.

If empress starry rain were to confess her feelings, it would only increase the burden and pressure on Su Yu.

At this moment.

The white torrent had completely surrounded them.

There were only a dozen or so people left by the two of them, making their final struggle.

"Those who surrender will not be killed!" The leading expert stared at the two women with excitement in his eyes.

These two should be people of high status in the remnant zone.

If they were captured, they would definitely be rewarded handsomely.

Empress Starry Rain and Yanran looked at each other and saw the determination in each other's eyes. The two women did not retreat but advanced instead. They took a step forward and lightly shouted, "The eternal heavenly court will not return!"

The ten people beside them were also excited.

In despair and in adversity, they erupted with the anger of death, "Destroy the Heavenly Court!"

Their figures were as small as dust and were drowned in the silver torrent.

Empress Starshower and Yanran fought to the death, but they were faced with the ice-cold Lightning.

The leader of the white torrent waved his hand coldly, "Grant them their wish."

The two rows of white-armored powerhouses activated their Nirvana weapons and released dozens of destructive lightning bolts, giving them the final blow of their lives.

However, at this moment.

The world suddenly became dark.

At some point in time, a thick dark cloud appeared above the heavenly court.

The dark cloud was like a thick black mirror, shining the earth into a pitch-black darkness.

Ordinary people felt a bit gloomy and cold under the dark light.

However, the dead bodies on the ground were all alive under the dark light!

Their eyes were empty, and there was only a spark of hatred flickering in their eyes.

"Zombie Clan!"

"They're all zombie clan members!"

The crowd screamed in fear.

In the sky, Yu Xiang Wan was holding the scepter of the netherworld while trembling in fear.

"Brother Su, this is the best I can do."

Activating the holy weapon in such a large area would cause a lot of damage to them.

The ground immediately fell into chaos.

When she looked over, she saw a dense group of corpse clan members among the white torrent.

Although the strength of the dead had been greatly reduced after turning into the corpse clan members.

However, in order to create a dense effect of lightning, the white torrent had gathered together.

How could she defend against the sudden appearance of the corpse clan members?

After the corpse clan appeared, they immediately attacked the people of the heavenly court with their living consciousness.

With a casual bite, they could turn the white armor into the corpse clan. Then, the new corpse clan would continue to attack their former companions in the white armor.

The entire battlefield was undergoing similar changes.

It was like a chain reaction.

In an instant, the white torrent was thrown into chaos.

Countless corpse clan members appeared in their midst. They didn't want to fight with the creatures of the remnant territory. Under the pursuit of the corpse clan, they had no choice but to run.

Taking this chance, the creatures of the remnant territory immediately attacked them!

They used the power of the flood to attack the scattered white-armored experts. They tried their best to seize the Nirvana weapons in their hands and use them for themselves.

Outside, there was the flood of creatures of the remnant territory, while inside, there were the corpse clan pursuing them.

The white flood, which was magnificent just now, was soon defeated and abandoned.

Empress Starry Rain and Yanran, who were determined to die, were barely saved.

They felt lucky and excited again.

"Starry rain, it's better to say some things alive." Yanran laughed and touched Empress Starry Rain's head. "You're so beautiful and cute. Maybe Su Yu will be tempted?"

Empress Xingyu's face reddened as she opened her hand. "Don't you dare! Kill the enemy!"

After saying this, she picked up a Nirvana artifact and charged into the army.

Zhan Feiyan's expression was calm when he saw this.

Just as he was at his wit's end, the court lord and the other Vice Court lords all arrived.

Seeing the defeat in front of him, the court Lord's Old Face turned ashen. "Su Yu, that ungrateful thing! Our Heavenly Court has done all we can for him, and he actually came here to destroy us."

He probably felt that ancient god nine dragons taking everything and not taking his life was charity.

As for the nine dragons divine cauldron, they had lied to him and even massacred the creatures of the remnant domain.

In the end, they had even taken Qin Xian 'er.

All of this could be ignored.

They could do anything they wanted to Su Yu.

If Su Yu dared to resist, he would be ungrateful.

"However, if the heavenly court was so easy to deal with, would it still exist until now?" The Court Lord took out a magic treasure that he was the only one keeping.

After activating it.

A total of nine mountains rang out.

Furious roars erupted from the bottom of the mountains. The roars were earth-shattering and extremely powerful.

The bodies and hearts of the armies of both sides trembled as they fought.

Looking Up, a crack appeared beneath each of the nine mountains.

A three hundred meter tall puppet giant of different colors walked out from each of them.

The battle prowess of the Giants was astonishing. Each of them was at the early-stage Heavenly Dao master level.

Their strength was only second to a ruler!

The nine puppets appeared and immediately slapped their chests, letting out earth-shaking roars.

Hong --

One of the ape-man-shaped puppets opened its legs and jumped up to a height of 30,000 feet, then stomped on the creatures of the remnant domain.

Instantly, millions of creatures were trampled to death on the spot.

The shockwave caused the creatures of the remnant domain to retreat dozens of miles, and the casualties were extremely heavy!

The other eight Heaven Dao master puppets also attacked at the same time.

Everywhere they passed, there were casualties!

In a short span of ten breaths, the damage they caused was even greater than the white-armored flood.

The creatures in the remnant zone were filled with despair as they gritted their teeth and fought.

One of the upper echelon of the cauldron roared, "The puppets definitely have a weakness. Attack!"

However, just as he finished speaking, the ape-man puppet swept its long arm and turned him and the nearby experts into a bloody mist!

Taking this opportunity, the white-armored expert was overjoyed. He cooperated with the ten puppets to counterattack and crazily reap the lives of the creatures in the region!

They had just seen the dawn of victory.

They immediately fell into an even more desperate situation!

Regardless of whether it was the creatures or the corpse clan, they couldn't withstand a single blow from the puppets with absolute power.

Their counterattacks landed on the puppets, but they didn't even cause the slightest damage!

They could only watch helplessly as the ten puppets rampaged around.

Their numbers were rapidly decreasing.

When they first arrived, one-third of them had already died!

Countless living beings let out sorrowful and angry roars.

They had the will to die, but they lacked powerful strength and treasures.

As a result, they could only be slaughtered!

Zhan Feiyan, who saw this scene, let out a long sigh of relief. He grinned hideously and said, "An ant trying to shake a tree, you're too stupid! You've followed the wrong master!"

However, at the moment when the creatures in the remnant zone were in an unprecedented crisis.

Suddenly, the earth shook and the mountains shook!

The entire heavenly court began to churn violently.

It was not the fluctuations from before, but a heaven-shaking power was overturning the entire Heavenly Court's battleship!
