

Nine-Dragon 2771

Chapter 2771 Land Of The Ancient Gods

For a moment.

The Sky and Earth spun, and the enormous warship let out a whimpering sound.

The defensive array on the surface flickered rapidly, as if it couldn't bear the weight.

The court lord and the higher-ups of the heavenly court turned pale with fright. "What's going on? Zhan Feiyan, go down and take a look!"

The higher-ups still needed him and a few vice court lords to take charge of the overall situation, so the number of people they could spare was very limited.

Zhan Feiyan didn't dare hesitate and immediately shot toward the bottom of the warship.

When they arrived...

What they saw was something they couldn't believe.

They saw a giant golden black tortoise turning the entire warship upside down.

"Ancient god Jin Xuan's sacred weapon?" Zhan Feiyan recognized it, and his expression changed again and again.

That sacred weapon should be in Su Yu's hands, right?

Zhan Feiyan broke out in cold sweat.

Speaking of which, ever since he descended into the heavenly court, Su Yu had disappeared without a trace.

Could he be here?

As the saying goes, what one fears comes true.

A light sound rang out from behind him, piercing through the air.

Zhan Feiyan turned his head and saw that his soul had already left his body.

He saw that Su Yu was standing with his arms crossed.

His eyes were cold and filled with a deep killing intent.

Zhan Feiyan shuddered. Without thinking, he immediately ran away.

"You tricked me into coming to the heavenly court but took the opportunity to capture my wife. Do you think I will let you go?" If there was anyone that Su Yu hated the most, it would be Zhan Feiyan.

The Zhan Feiyan in front of him was definitely one of them!

He had personally tricked Su Yu away!

Zhan Feiyan felt a chill down his spine. As he ran, he shouted, "I don't know, I didn't do it!"

He didn't know?

Was it possible?

As he shouted, Zhan Feiyan had already charged forward again.
The court chief and the Deputy Court chief were right in front of him.
His face was pale as he said, "Court chief, Su Yu is down there. Save Me Quickly!"
However, what made him despair was that the court chief and the others saw him.
To be exact, they saw Su Yu behind him and all of them started to retreat.
Zhan Feiyan turned his head and saw Su Yu's cold face was right in front of him!
He gently blew out a breath.
It turned into thousands of sharp blades and suddenly passed by.
Zhan Feiyan did not even have the time to scream before his body and soul were destroyed.
When the court chief and the others saw this, how would they dare to stay?

Didn't they see that Zhan Wushuang was invincible, yet he still almost died in Su Yu's hands?
For a moment, everyone ran away.
Su Yu stared at them coldly and formed a seal with his palms. Several drops of blood condensed.
Then, with a flick of his finger, the blood exploded and turned into a sea of blood that sprayed over.
The court chief's old face turned pale. He gritted his teeth and tore off one of his arms.
In an instant, a large amount of blood flew out and spread out. It turned into a blood-red bell and held it upside down in the middle.
Splash --
The blood sea pressed down.
None of the other vice court chiefs were spared. They all melted into the sea of blood.
Only the court master's bell blocked the Sea of blood.
Taking this opportunity, he ran for his life with a pale face.
Su Yu stared at him, but he didn't have time to chase after him.
Rumble --

The Golden Black Tortoise unleashed its power and finally overthrew the Heavenly Court's ship.
Instantly, the ten puppets that were rampaging around immediately fell to the ground, fell out of the warship, and fell into the void.
Along with them were countless creatures from the remnant domains.
Seeing this, Su Yu finally took out the ten thousand calamities scythe.
He activated it with all his strength and revealed ten heads, one of which was golden.
The ten heads simultaneously burst out with a world-destroying light and a golden line.

Sou --

Along with the creatures from the remnant domains that fell outside, he killed all ten puppets. Not even their dregs were left.

That was why it had to be this way.

That was because the heavenly court was the only place that could accommodate the creatures of the remnant territories.

If the great scythe of the Apocalypse was used on the warship, the heavenly court would be completely destroyed.

That was why the Golden Black Tortoise had been used to separate the ten puppets from the warship.

However, the situation did not improve at all.

Instead, it was getting worse.

Although the ten puppets had only appeared for a short period of time,.

The damage they caused was already extremely serious, killing more than 60% of the creatures in the remnant zone.

In addition, Su Yu had no choice but to kill many creatures in the remnant zone.

In the end, less than 30% remained.

In the battle with the white-armored expert, the situation was completely reversed.

The white torrent used a fierce momentum to destroy the remaining creatures in the remnant zone in a short period of time.

Soon, there was only a white flood left on the battlefield.

There were only a few remnant creatures left.

The battle between the two sides was resolved by the complete extermination of the remnant creatures.

The court master, who was hiding in the distance, chuckled. "An ant trying to shake a tree."

The remnant creatures only had the courage of a man, but their overall strength was too weak.

There was no hope of shaking the Heaven Court's position.

Although the Heavenly Court had suffered great losses, not only did they lose ten puppets, but they also lost more than half of their experts.

But at least they won!

But at this moment, su yu said calmly, "It's about time!"

He took out the Linglong Xuanji and infused it with the ruler's power.

This was the holy weapon of the ruler of life.

In the past, in the territory of the ruler of life, all life was eternal and immortal.

It was all because of another function of the Linglong Xuanji!

It could bring a large number of people back to life!

He held the Linglong Xuanji in his hand and slowly lifted it up.

The Linglong Xuanji immediately burst out with a shocking emerald light.

Under the light, all the corpses of the creatures in the remnant territory were resurrected on the spot!

In a short moment.

All the dead creatures in the remnant territory were resurrected.

They woke up in a daze. When they saw the dumbstruck white-armored expert in front of them, their expressions changed drastically and they immediately attacked him.

The chaotic battle between the two sides was about to break out again!

The difference was that all the remnant domain creatures were resurrected. The white-armored expert who had the absolute advantage was immediately surrounded by an endless sea of people.

They struggled in panic and fought.

However, they couldn't resist the creatures of the remnant domain who were resurrected in an instant.

In just two hours, only a few white-armored experts were left.

This time, there was no more resistance.

The creatures of the remnant domain attacked every corner of the heavenly court like a flood.

The eight mountains quickly fell.

Many descendants of gods were driven out of the mountains.

Only the final nine dragons ancient God Mountain was left.

The torrents rushed up, and towering flames erupted from within the mountain.

These were all eight yuan-grade domains.

In an instant, the living beings on the mountain were blasted into nothingness.

For a moment, the living beings behind immediately stopped and didn't dare to go up again.

Su Yu's eyes revealed a faint expression. "Go!"

As he spoke, he condensed seven yuan-grade domains in his palm and ruthlessly pressed down.

Most of the flames were extinguished on the spot.

Thus, many creatures took this opportunity to charge up again.

However, just as they reached the peak, an eight-colored dragon raised its head and stared coldly at them.

That was a dragon formed from the same yuan level domain.

With a breath of the dragon, eight Yuan level domains rolled down the mountain.

Rumble --

Instantly, all the creatures on the mountain were destroyed.

The dragon roared, "In the land of the ancient gods, mortals retreat or be killed without mercy!"

Humans were outside, and they would update when they came back.

Chapter 2772 Self-Righteous

Su Yu floated in the air, his eyes cold. "Ancient god? HMPH!"

The name of the ancient god of the nine dragons no longer caused any ripples in his heart.

When he stated everything and demanded everything back...

Su Yu had already severed all ties with him and had nothing to do with him anymore.

"So, he was the one behind this." Su Yu was extremely indifferent.

His eyes were extremely sharp.

He had thought that the two of them would become enemies.

But he hadn't expected it to be so soon.

He turned around, and when they met again, the two of them had already become enemies.

"Then, I have no more scruples!" Su Yu said slowly.

The myriad tribulation scythe in his hand was completely unfurled, and he ruthlessly slashed down toward the nine dragons ancient god mountain below.

Ten Rays of light that could destroy the world ruthlessly slashed down.

The eight-colored dragon raised its head and shot out dense dragon breath as it roared, "As the successor of ancient God Nine Dragons, you actually dare to attack him? You are truly unfilial!"

The two collided and annihilated each other.

Su Yu charged down, his face was cold. "Now You Say I'm his successor? You think I should respect him again? Why didn't you say anything when you took my nine dragons divine cauldron and demanded everything? Why didn't you say anything when you tricked me into leaving and captured my wife?"

His voice shook the sky and was filled with incomparable anger.

The disaster scythe in his hand seemed to be able to sense his emotions. The ten taotie heads let out ear-piercing sounds at the same time.

As he waved it.

The disaster scythe slashed down with a loud bang.

A golden line and nine streaks of black light merged into one. If a sharp arrow were to shoot at him.

"Unfilial is unfilial. Why do you have so many reasons?" The Giant Dragon roared and spat out a thick dragon breath.

This time, the dragon breath only resisted the sharp arrow for a moment.

The sharp arrow pierced through the dragon's mouth and then shot out from its neck.

The dragon immediately collapsed, turning into a scattered yuan level domain and slowly dissipating.

The dragon vanished, its eyes filled with pity. "Going against ancient god Nine Dragons, you're too pathetic!"

HMPH!

Su Yu flew down and stomped him to death.

Then, an army of creatures from the remnant domain surged up the mountain like a tide, occupying everything above.

A moment later.

Most of the nine dragons ancient god Mountain had been occupied.

Only the Hall of gods in the center was occupied.

There was an incomparably powerful defense outside the hall, even surpassing the heavenly book defense outside the Heavenly Court.

No matter how many creatures from the remnant domain were present, they were unable to break through it.

Inside the hall, a young girl stretched out half of her body.

Her delicate brows lightly furrowed.

Upon seeing her, Su Yu's killing intent surged!

This girl was no other than...

The descendant of ancient God Nine Dragons in the golden palanquin.

She was also the woman who had captured Qin Xian 'er!

"It's You!" Su Yu flew down and stood on the defense, not concealing the surging killing intent all over his body.

The young girl raised her head and looked, but her delicate brows only furrowed even deeper.

She was not afraid at all.

"Su Yu?" The young girl looked at the Fallen Heavenly Court and shook her head expressionlessly. "It's hard for a man of courage to become a great man."

She did not seem to care, and her expression was calm.

It was as if the defense outside the palace had given her an indestructible defense.

"I advise you to go back. Don't struggle needlessly," the young girl said indifferently.

Su Yu swung the myriad calamity scythe down fiercely.

The light fused together and attacked the defensive array, only leaving behind countless ripples.

There was no sign of it being successfully broken.

The girl shook her head and sighed softly, "You don't have any self-awareness. I really don't know how you got to this point. It's all luck, right?"

Her eyes were full of contempt and disdain.

"I told you, why would the ancient god choose someone like you as his successor!"

Su Yu silently put away the myriad tribulation scythe and indifferently said, "When my sacred body is open, if you dare to say such words, I will believe you."

The girl scoffed. "True experts would never mention the glory of the past. Only a weak person like you would live in the past."

Su Yu, who had already lost his sacred body, was nothing in her eyes.

Su Yu nodded lightly. "You've misunderstood. I'm talking about now."

An ancient oil lamp slowly appeared above her head.

A layer of nine-colored light flowed out of her body at a moderate speed.

In the blink of an eye, Su Yu transformed into a golden-haired, nine-colored form.

A terrifying aura that shook the nothingness came pressing down with the force of a whirlwind.

Staring at the saintly being that suddenly appeared, the girl's face stiffened bit by bit.

Her pupils dilated bit by bit, and her eyes were filled with disbelief.

"You... didn't you... didn't you already lose the ability to use the saintly being?" The girl's lips trembled.

As if she was playing with a dying tiger, she suddenly realized that the tiger was actually faking it.

In fact, it was completely unharmed!

As for herself, she was right in front of the tiger's claws and teeth.

The tip of Su Yu's feet tapped on the array formation. The thick nine-colored power under her feet easily shattered the array formation, revealing a huge gap.

Su Yu crossed her arms in front of her chest and slowly landed in front of the young girl.

"Can you repeat what you said just now?" Su Yu looked at her calmly.

The girl's entire body trembled as she cried out in alarm and immediately retreated into the hall.

She then tried to close the hall's door.

But before she could close it, a nine-colored power blocked the door, making it impossible to close it.

The girl's scalp went numb, and she ran for her life.

The defense outside was personally set up by ancient god Nine Dragons.

According to him, other than him, no one else should be able to break through the void.

However, Su Yu actually broke through!

The terrifying power of the saintly being was far beyond her expectations!

How would she know that after Su Yu changed her heart, she had already been reborn?

The saintly being had already achieved a small success!

It was far from what it could be compared to the past.

Clang --

The huge door was pushed open by that powerful force. The young girl's soul was out of her body as she ran all the way to the side hall in the depths of the great hall.

Here, several people with dragon patterns on their bodies were gathered together to exchange martial arts.

Because of the defensive array formation, they had no idea that the heavenly court had been overthrown.

At this moment, they were still conversing with one another.

"The nine dragons heart technique imparted to me by my ancestor is indeed extraordinary! In just a few months, I can use the bloodline power in my body even more smoothly." An older descendant of the ancient god Sighed.

"That's right! One instruction from the ancient God is far better than us cultivating for a thousand years."

"If that Su Yu comes again, I'll probably have the strength to fight him."

"Hehe, what's so great about Su Yu? isn't he just relying on a sickle and a bit of the heavenly book secret technique? He didn't come to our nine dragons ancient god mountain back then. If he did, I would have made sure he never came back!"

"That's right! It's because the other descendants of the eight mountains are too incompetent. They were actually suppressed to such an extent by a fake descendant. They have truly lost all of our ancient god Descendants'Face!"

After several months, it was still difficult for them to forget the scene where Su Yu suppressed the heavenly court and intimidated many of their descendants.

If it wasn't for the ancient god descending, the consequences would have been hard to say.

Chapter 2773 Deep Hatred

"That's right! No matter how fierce Su Yu was back then, he still didn't dare to come to our nine dragons ancient god Mountain!"

"He should know that we descendants of the nine dragons ancient god are extraordinary and don't dare to provoke us!"

..

The four descendants were talking shamelessly.

The girl hurriedly ran in, her face as pale as wax.

"Long Rui, why are you so anxious? It's not proper!" The older descendant of the ancient god reprimanded.

It turned out that the girl's name was Long Rui.

Her face was pale as she said anxiously, "Quick! Go find the ancestor, Su Shengshen is attacking again!"

The expressions of the four descendants changed, but they immediately calmed down.

"He still has the guts to come? To be honest, I admire his courage!" One of the descendants said disapprovingly.

The older descendant's eyes were also filled with calmness. "Long Rui, you have to be patient in everything! So what if Su Yu comes? He can't cause any waves!"

Long Rui was so anxious that she was out of breath. "Su sacred physique has already led the remnant domain creatures to occupy the Heavenly Court!"

What?

Only then did the expressions of the four ancient god descendants finally change.

"Long Rui, you must be joking. Our Heavenly Court not only has many experts preparing for war, but also many Heavenly Dao master puppets. How can they be occupied?" Someone said in disbelief.

Long Rui's expression became even more anxious. "Why would I lie to You? Only our nine dragons ancient God's Mountain is left!"

The four ancient god descendants slowly stood up, their faces somewhat uneasy.

"There's no need to worry too much!" One of the ancient god descendants calmly said, "Surnamed Su, you dare to climb our nine dragons ancient God's Mountain?"

Hearing this, the descendants calmed down again.

"Isn't that right? Last time, when ancient god Nine Dragons wasn't here, he didn't even have the guts to climb our nine dragons ancient God Mountain. Now that ancient God Nine Dragons is here, even if he had a hundred guts, he still wouldn't dare to take a single step!"

Long Rui was extremely anxious. "He's already here! !"

What?

Everyone was completely shocked. "He... he climbed our nine dragons ancient God Mountain? How dare he?"

"Everyone, there's no need to be anxious. Nine Dragons ancient God personally set up a defense. So what if he comes? When the ancient God finishes his business, he will die!"

"That's true. Long Rui, don't scare yourself to death!"

Saying this, the four ancient god descendants sat down again.

Long Rui was so anxious that she stamped her feet. "Fine! You guys stay here. I'll Go!"

She flashed to a corner of the side hall.

There was a spatial teleportation array there, so she immediately jumped up and activated it.

Her expression was extremely panicked.

The four ancient god descendants looked at each other and finally realized that something was wrong.

"Long Rui, you can't be telling me that Su came in, right?" The older ancient god descendant stood up and guessed.

Long Rui turned around and was about to reply to them.

But suddenly, her pupils constricted and her face turned extremely pale.

This was because Su Yu was slowly walking over from the side Hall's entrance.

At this moment, he had already restrained his sacred body.

Seeing that cold face, Long Rui shrieked and immediately activated the array, teleporting away on the spot.

The four ancient god descendants followed his gaze to the entrance.

When they noticed Su Yu, their expressions all changed!

"Surnamed Su... no, sacred su body!"

"H-how did he get in?"

Their faces were filled with fear. Where was the arrogance from before?

Run!

This was the only thought in their minds!

The group immediately fled in panic and ran toward the teleportation array.

"Wait for us!" Both the elder and the arrogant descendant shouted anxiously.

But how could long rui dare to wait for them?

She immediately activated the array and teleported away.

When the four ancient god descendants arrived, the spatial array had already cooled down.

The four jumped onto the array and immediately activated it.

But how could they make it in time?

Su Yu walked over step by step, and as he gradually approached, the four ancient god descendants were extremely terrified.

"Sacred Body Su, this is the nine dragons ancient god Mountain, and we are all descendants of the nine dragons ancient god. You'd better think carefully about what you want to do!" The young ancient god descendant said.

Su Yu's face was indifferent as he slowly said, "Think carefully? When you took my wife, did you think carefully?"

No!

It was Su Yu who was ungrateful and didn't know how to be grateful that he ended up in this situation.

Ancient God Nine Dragons deeply sighed. "Ren zu is a genius of the generation. How could he be related to you?"

Su Yu wasn't afraid at all. She slowly walked up the stairs and said coldly, "That's right! What blind eye did Ren zu use to help you forge the nine dragons divine cauldron?"

The two looked at each other, and intense killing intent appeared.

Ancient God Nine Dragons shook his head. "He's too stubborn! I can only help ren zu clean up his mess!"

Roar --

The eight yuan-level domain dragons around him whistled over.

Eight Yuan level domains had arrived at the same time, and they had all been unleashed by ancient God Nine Dragons. Just how terrifying was their power?

Even if the eight rulers were present, they would still have to retreat, right?

But Su Yu stood in place, not moving in the slightest.

Only when the Yuan level domain struck his body did a layer of nine-colored light slowly form around his body.

The eight domain dragons were firmly blocked by the nine-colored light, unable to even get close to his body.

Ancient God Nine Dragons stopped in his tracks and stared at the nine-colored light with a surprised expression. "Sacred body? You..."

He raised his eyes and looked at Su Yu with a hint of surprise for the first time.

"You're very surprised, right?" Su Yu was completely disappointed.

It was very clear that ancient god nine dragons knew that Su Yu was a human sacred body.

He also knew that Su Yu had already lost the right to become a sacred body.

This was why he was so unbridled, treating Su Yu like a lowly ant.

Now that he realized that Su Yu's sacred body was still there, he looked at him seriously for the first time.

He had actually admired this ancient god Nine Dragons for two hundred years.

Ancient God Nine Dragons' eyes changed, and the killing intent in them finally disappeared. "This true body didn't mean to make things difficult for you. It was the spouse you chose, the reincarnated body that ancient god Nine Dragons chose."

"I hope you understand."

This was probably the first time ancient god Nine Dragons had explained.

Although his explanation was laughable!

He wanted to harm his wife, and he still wanted him to understand?

Chapter 2775 The Wind Blows And The Clouds Move

"Forgive your mother, my ass!" Su Yu rarely cursed.

Nine-colored light burst forth from his entire body, transforming into a sharp arrow that pierced through.

Ancient God nine dragons frowned slightly and indifferently said, "I'm being polite to you because of the sacred body of the human race. Don't take yourself too seriously."

Ancient God Nine Dragons casually stretched out his hand and clamped it with two fingers.

Su Yu's wrist was easily caught.

No matter how much Su Yu used his sacred body's power, he was unable to break free.

Ancient God Nine Dragons lightly flung Su Yu to the wall, causing a thump.

Su Yu slid down, his entire body in pain.

Even the nine-colored power on the surface of his body was much weaker.

This was ancient god Nine Dragons' true strength?

Even a human sacred body couldn't compare to two of his fingers?

No!

How could Su Yu admit this? How could he accept this?

Seeing that Su Yu's killing intent was still the same, ancient god Nine Dragons indifferently stood on the stairs, his eyes filled with pity. "A human sacred body in the initial stages, don't embarrass yourself in front of this main body."

"If I want to kill you, I will slaughter you like a dog!"

Ancient God Nine Dragons waved his hand. "Scram, I'll let you off again!"

For the sake of the human sacred body.

He turned around once more and walked up the steps, arriving in front of Qin Xian 'er.

His powerful domain power slowly seeped into the heavenly tome's defenses.

It caused those defenses to slowly peel off.

Undoing it was only a matter of time.

"Ancient God Nine Dragons!" Su Yu gritted his teeth, the corners of his mouth covered in nine-colored blood. "Do you think that I'm an ant that you can bully?"

He opened his mouth and spat out.

Three drops of blood.

This was the blood of the nine-tailed emperor.

It was with this blood that Su Yu was able to enter his sacred body state.

But his strongest sacred body state wasn't because of the blood of the nine-tailed emperor.

It was because of his own heart!

The blood was spat out, and his state returned to that of a human.

Ancient God Nine Dragons didn't even bother to take a look, silently dissolving the words of the heavenly tome.

All the way until a soft thump was heard.

It was the sound of a beating heart.

But it was exceptionally powerful.

It was like a heavy hammer striking a war drum.

Eh?

Ancient God Nine Dragons raised his head and looked over.

There was a strange look in his eyes. "This heart is..."

A pitch-black heart that was as black as ink was beating on Su Yu's chest, emitting ripples that seemed to be corporeal.

The ripples spread in all directions.

Wherever they passed, dense absolute beginning Qi was born.

"Sacred Mountain's son of Heaven's heart?" Ancient God Nine Dragons looked at Su Yu, puzzled. "The body of a mortal sacred body and the heart of a stone fetus son of heaven. What exactly are you?"

The mortal sacred body and the stone fetus son of Heaven were opposing existences.

This was the case since the absolute beginning.

The two were born to be mortal enemies.

But why did the two merge into Su Yu's body?

Boom

The nine-colored energy on Su Yu's body no longer flowed to the surface of his body.

Instead, it exploded like a hundred-meter-long flame, illuminating the entire underground cave with nine-colored light.

From Afar, Su Yu looked like a nine-colored flame emperor.

For the first time, a grim expression appeared on ancient god Nine Dragons' face, but he didn't take it to heart.

"Although I don't quite understand what's going on, I'm still a small-success human sacred body, so I don't need to worry." He flicked his finger.

A majestic power far surpassing nine dragon souls swept over like a storm.

If he had been in his sacred body state, he would have been instantly destroyed.

This was because ancient god Nine Dragons was taking this attack a bit more seriously.

Su Yu took a step back up the stairs.

Ancient God Nine Dragons flicked his finger at him, but it was all reduced to nothingness by the surging flames of the chives.

Ancient God Nine Dragons slightly straightened his body and said, "Interesting. It seems that your initial saint body is slightly more powerful than others' initial saint bodies."

He expressionlessly grabbed at Su Yu with one hand.

His five fingers transformed into five ferocious dragons that interweaved and crushed toward Su Yu.

Rumble --

The enormous destruction caused the underground ruins to collapse on the spot. It also shattered the ship walls of the Heavenly Court, revealing the nothingness of the outside world.

Only the altar remained intact.

Ancient God Nine Dragons once more dissolved the heavenly book characters.

After many days of continuous effort, these heavenly book characters had already begun to show signs of loosening.

Now, they were only accelerating the disintegration.

If this was the case, ancient god Nine Dragons would begin the reincarnation ceremony of ancient God Nine Netherworld.

At that time, there would be no Qin Xian 'er in the world.

There would only be ancient god Nine Netherworld.

Bang --

But right at this moment...

A pile of ruins suddenly exploded into the sky.

A person stood up from the ruins. It was Su Yu, who had been buried within.

Not only did the nine-colored power in his body not extinguish, but it also grew stronger as his heart beat faster.

The faster the heart of the son of Heaven Beat, the more blood of the son of heaven would fuse into Su Yu's body.

The longer Su Yu maintained his mortal body, the greater the pressure on his heart, and the faster it beat.

Therefore, the further he went, the stronger Su Yu became, but the more dangerous it was.

Perhaps, before the enemy was destroyed, his heart would be destroyed and he would die.

"Break!" Su Yu threw a punch across the air.

Instantly, the earth shook and the mountains shook.

The interior of the heavenly court could not contain this nine-colored power.

A threatening nine-colored light shot out from his body and shot in all directions in the void.

The dim yellow doomsday was covered by the nine-colored light.

In the void, it was also covered by the nine-colored light, illuminating the countless islands and reefs that were hidden in the void.

"Human saintly being?"

"It should be at the quasi-mastery level, right?"

"The human saintly being has been extinct for a long time. Why is there only a quasi-mastery level existence?"

On an island.

A cold woman in a black dress was sitting cross-legged.

She was holding a pitch-black longsword and sitting cross-legged on the ground.

Black lotuses bloomed around her.

When the nine-colored light shone over, she slowly opened her eyes.

In her eye sockets, the lotuses bloomed.

"The human sacred physique... is junior brother, right?" The woman in the black dress muttered.

After pondering for a while, she held the sword and Rose.

She turned into a long rainbow and sped away.

She was attached to the outer realm of an eight-star civilization.

Ancestor Lu was feeding the divine deer of light when the nine-colored light suddenly pierced over.

He stood up with a solemn expression and looked into the distance.

"The human sacred physique is about to be completed? Is It Su Yu?" Ancestor Lu asked with uncertainty.

He calculated with his fingers and said with a solemn expression, "It's much earlier than expected! Looks like I have to inform that old man to come out!"

He tapped on the divine deer of light's forehead and took out a scroll.

An ancient shaman language was drawn on it.

"I can only ask that old man to come forward!" He bit his finger, and blood dyed the scroll red.

At the same time.

In the depths of the ice-cold void.

It was a place where even the light of the sacred mountain could not reach.

An incomparably majestic giant was on a broken island.

There were several tombstones erected on that island.

Most of the tombstones had been broken, and only one tombstone that was a thousand feet tall was still standing.

The tombstone was covered in cracks, as if it had been destroyed by some forbidden power.

One could only vaguely see the words carved on it.

"Heavenly book ancestor!"

Chapter 2776 Signs Of Petrification

Ren Zu stood in front of the stone tablet and was silent for a long time.

In the past, the nine ancestors shouldered the hopes of the common people and fought bravely against the Sacred Mountain.

Unfortunately, they failed countless lives who sacrificed themselves.

The nine ancestors were scattered and annihilated!

In front of him, it was unknown who built the cenotaph.

It was filled with empty graves.

However...

The nine ancestors of that year were all buried.

Why were there only eight cenotaph?

Among them, there was Ren Zu, the dragon ancestor, the heavenly book ancestor, and so on.

But only one ancestor was missing.

Ren Zu gently touched the heavenly book ancestor's Tombstone and let out a silent sigh.

In the desolate twilight.

The Giant's lonely sigh.

Seemed to echo in the era of helplessness and low complaints.

At this moment.

The nine-colored light blotted out the sky and covered a pitch-black corner.

Ren Zu raised his head.

His empty eyes flickered with flames.

He let out a deep sigh. "My race..."

Then, he turned around and left the Lonely Island.

At that time.

Under the Heaven Court.

Su Yu's nine-colored quasi-late stage sacred body attacked.

Kacha --

The array on the altar shattered.

However, ancient god nine dragons was unusually calm. His expression was indifferent as usual.
"You have no idea what it means to be a living ancient god."

From the very beginning until now, Su Yu had obtained many items related to ancient gods.

He had even obtained their sacred weapons.

However, those items could not be compared to a living ancient god.

Ancient God Nine Dragons stretched out his palm and lightly blocked it.

The nine-colored light that was pressing down on the world was completely blocked, unable to break through ancient god Nine Dragons' defense in the slightest.

"You can't withstand a single blow." Ancient God Nine Dragons expressionlessly turned around.

He allowed the nine-colored light to strike his body, but it was completely blocked by the surface of his body.

It was completely unable to harm him.

He lowered his head and continued to bombard the heavenly book characters as if there was no one else around.

Crisp sounds rang out.

A clear crack finally appeared on the heavenly book characters.

Ancient God Nine Dragons used the crack to further expand the heavenly book characters before completely tearing them apart.

As the heavenly book characters dispersed.

The altar sensed this and began to activate on its own.

Rays of light surged out of the altar and pierced through Qin Xian 'er's body.

The bloodline in her body began to boil at an astonishing speed.

A strange aura also began to emanate from her body.

It was an extremely cold aura.

It was as if it came from hell!

Su Yu was no stranger to this.

It was... an ancient god of the Netherworld!

Su Yu was anxious, and the killing intent in his eyes increased dramatically.

The emperor's heart began to beat even more fiercely.

Bang! Bang

One could even faintly hear the sound of his heart beating wildly.

The nine-colored power completely exploded!

The power was no longer nine-colored.

There was an additional blood-red color.

The additional color signified a qualitative change.

A qualitative change that had reached the late stages of the sacred body!

"Die!" Su Yu's body transformed into a sharp arrow as he took a step forward.

Sensing the change behind him, ancient god Nine Dragons turned around and his pupils constricted.

"Late-stage sacred body?"

What was going on?

In this era, it was impossible for a late-stage sacred body to appear.

Why was Su Yu's sacred body so strange that it kept getting stronger?

To the point that it had reached the late-stage sacred body state?

Seeing Su Yu's attack, ancient god Nine Dragons was unafraid as he formed a seal with his hands.

Eight Dragon Souls surged out from his back and coiled around each other, forming a cauldron.

It seemed to be the nine dragons divine cauldron.

"Suppress and Vanquish Evil!"

The cauldron quickly flew over. It was many times more powerful than the palm he had used just now.

But Su Yu only used his palm to lightly grab the spinning cauldron.

Then, he used all his strength to grab it.

Crack --

The cauldron was easily crushed.

Ancient God Nine Dragons was implicated, and his body trembled. His eyes were grim. "Sacred Body Su, for the sake of a woman's body, you really want to make an enemy out of me, ancient God Nine Dragons?"

Su Yu didn't say a word as he charged over.

Ancient God Nine Dragons' eyes turned cold. "Good! You were lenient just now. Since you don't know how to cherish it, then don't blame me for Killing Your Sacred Body!"

So what if he was a late-stage sacred body?

He was an ancient god of nine dragons, so what was there to be afraid of?

Swish --

He slapped his head and a sword began to Twitch.

It was a blood-stained sword.

The blood on it was the son of Heaven's blood.

"Only the son of Heaven can kill a sacred body," ancient god Nine Dragons murmured. "This sword is stained with the son of Heaven's blood. Killing you will be very easy!"

He waved his wrist, and the blood sword swept out.

It drew a path that made one's blood boil.

The path seemed to be filled with the shadows of stone statues.

Su Yu didn't Dodge.

He just grabbed at the air.

A ten-colored sword appeared in his palm.

"You aren't qualified enough!" Su Yu held the sword and charged forward.

The three-hundred-meter-long sword dragged on the ground, creating long sparks.

Then, he slashed out.

The extremely cold sword Qi looked down on everything!

The two clashed in the air, dissipating each other.

But Su Yu's killing intent did not stop. The sword in his hand pierced through the air.

"Die!" Ancient God Nine Dragons raised his sword to block in front of his chest, his brows slightly furrowed.

Ding --

The ten-colored sword was blocked, unable to advance an inch.

"You..." ancient god nine dragons glanced at Qin Xian 'er.

At this moment, the aura of ancient God Nine Netherworld in her body was getting denser and denser.

With a relaxed expression, he indifferently said, "Sacred body, there's no need to waste your energy. The Return of ancient god Netherworld is heaven's will, you..."

Before he finished speaking.

He suddenly heard a crisp sound.

The blood-stained sword in front of his chest had actually cracked!

Then, he looked at the hundred-meter-long sword in Su Yu's hand.

The black light within had actually doubled in thickness, taking up half of all the colors.

The surface of Su Yu's body also began to undergo strange changes.

A faint layer of gray began to appear on the surface of his body.

It was petrification!

His body began to petrify!

It was petrification like a stone embryo!

Kacha --

The longsword in front of ancient god Nine Dragons' chest shattered, and the three-hundred-meter-long sword stabbed into ancient god nine dragons' body.

Clang --

However, ancient god Nine Dragons' body was incredibly hard.

Su Yu had already used his sacred body to such an extent, but he was still unable to do anything to ancient god Nine Dragons!

The latter's lips curled into a disdainful smile. "You finally feel despair? Like I said, you don't know anything about living ancient gods!"

His body had been soaked in Dao Abyss.

It had long since surpassed the scope of damage in this world.

In this world, there were very few people who could harm her.

Unfortunately.

Su Yu didn't belong to one of them.

Su Yu's eyes were ice-cold, and for some reason, she seemed to have gone mad.

Strands of strange pitch-black appeared in her long golden hair!

Those long black hair seemed to be still burning..

"Is that so?" Her heart beat faster, and it was about to reach its limit.

At this moment, the majority of the ten-colored sword had turned black.

Pu --

The ice-cold tip of the sword pierced through ancient god Nine Dragon's ancient god Body and into his body.

A deep, sharp pain pierced through ancient god Nine Dragon's soul.

The last few chapters were particularly difficult to write, so he wanted to return to normal the next day.

Chapter 2777 The Mysterious Seal

He had already forgotten how many years it had been since he had felt pain.

Now, the pain was magnifying.

He looked at the multicolored ancient god blood flowing out of his chest with a stunned expression.

Only when he came back to his senses did he feel a deep fury.

"Scram!" Ancient God Nine Dragons roared.

The wound was like an erupting volcano, spewing out boundless ancient god power.

One could faintly hear the furious roars of countless creatures.

They transformed into a destructive shockwave that swept out.

In an instant, the sword that had pierced through his body was blasted out.

At the same time, the shockwave didn't slow down and charged straight at Su Yu.

Su Yu gripped his sword with both hands and ruthlessly swept out.

Instantly.

The sword drew a pitch-black arc, splitting the shockwave into two.

The shockwave brushed past Su Yu's body and flew out.

In the blink of an eye, it pierced through the mountain wall and the enormous ship of the heavenly court.

Two incomparably savage cracks could be clearly seen.

Boundless nothingness took the opportunity to pour into the cracks, wantonly destroying the interior of the heavenly court.

This caused the heavenly court warship to slowly sink.

The two had only just exchanged blows, but the heavenly court warship was already on the verge of being destroyed.

"You... !" Ancient God Nine Dragons' anger surged. "I should have strangled you to death back then!"

He finally became serious.

With one hand, he wiped his chest and healed his injuries.

At the same time, he formed a hand seal.

Eight yuan-grade domains circled around him, forming an eight-colored mirror.

"You succeeded in making me angry!" Ancient God Nine Dragons pointed across space.

The mirror turned towards Su Yu and reflected his figure.

Su Yu smiled strangely in the mirror. He lifted the black longsword in his hand and slashed it at his head.

"True world?" Su Yu was slightly shocked.

He was no stranger to true worlds.

All those who controlled true worlds could become supreme existences in that world.

However, the ancient god of nine dragons' true world was not perfect enough.

It was between a semi-true world and a true world.

Yet even so, it still possessed an incredibly great power.

One of it was creation.

Once Su Yu's figure was included in it, he could control the Su Yu in the mirror and influence the Su Yu in reality.

Su Yu's palm started to sway slightly without his control.

He followed his reflection in the mirror and continuously lifted his longsword to place it on his neck.

Su Yu's new will burst forth with astonishing strength as he stubbornly resisted.

Just now, he had barely managed to obtain a bit of control, so he put down his sword bit by bit.

"HMPH!" Ancient God Nine Dragons lightly harrumphed and grabbed at the ancient God's blood scattered on the ground, sprinkling it on the mirror.

Instantly, the mirror's eight-colored light became more intense than ever.

The control Su Yu had painstakingly regained was immediately lost.

His arm was raised at an astonishing speed, and it quickly cut toward his neck.

At this critical moment...

The Little Qilin, who had been silent for a long time, sensed the danger Su Yu was in and immediately ran out of his spatial storage.

He used his own body to ruthlessly smash against the eight-colored mirror.

He was trying to knock the mirror off course.

This might be able to help Su Yu escape the mirror's control.

But in front of ancient god Nine Dragons, how difficult would it be for the little qilin to succeed?

With a flick of his finger, the little qilin was forced back.

But the little qilin was unwilling.

With blood at the corner of his mouth, he charged forward once more, swearing to save Su Yu with his life.

"You don't know what you're talking about," ancient god Nine Dragons said indifferently.

A beam of eight yuan domain light shot out of his eyes.

With a bang, it shot toward the Little Qilin's body.

A miserable groan could be heard.

The little qilin was instantly turned into a ball of mist!

Its aura of life was rapidly disappearing at a speed visible to the naked eye.

It was dead!

The little qilin that had been accompanying Su Yu since the nine regions continent...

Just like that, it died!

Su Yu's pupils gradually dilated, unable to believe what he was seeing.

His mind went completely blank.

He didn't even realize that there were many more strands of burning black hair in his hair.

His body also underwent a drastic change.

Half of his body was shining with nine-colored light.

The other half was petrified, half of a stone flower!

The sword in his hand had turned pitch-black.

At this moment, it was as if Su Yu had become a completely different person!

Ancient God Nine Dragons frowned.

"Half mortal sacred body, half stone embryo son of Heaven?" Ancient God Nine Dragons had seen many things, but he had never seen anything like this.

He had never even heard of someone successfully fusing two great physiques.

Looking at the unprecedented fusion, ancient god Nine Dragons felt his heart palpitate.

He suddenly felt regret.

Was he going too far?

However, it was already too late for regret.

When Su Yu's eyes focused again...

His pupils were also dyed black.

It was as if he had lost his pupils.

At first glance, how could he still be human?

"Ah!" Su Yu roared at the sky.

The controlled arm suddenly came to a stop.

The entire mirror suddenly shattered into pieces.

The ancient god of nine dragons was caught off guard and was forced back by the explosion.

His face was filled with shock. "This is..."

'He can actually shatter my true world?

'How is this possible?'

In his shock, Su Yu's burning black hair fluttered in the wind, and his eyes that were as black as ink shot out waves of light that could devour people.

The Peerless Black Sword in his hand stabbed forward with a force that could shake the sky!

At that moment, the ancient god of nine dragons finally sensed the terror of a one-faced stone fetus.

It was the fear of death!

His mind trembled as he formed seals. Dragon souls, yuan-grade domains, and all sorts of defenses appeared in front of him.

However, in that black lightning strike...

All of them were shattered!

The cold sword was like a rainbow as it mercilessly stabbed into ancient god nine dragons'body.

Moreover, it pierced through his front and back!

Wah --

Ancient God Nine Dragons spat out a large mouthful of blood.

Su Yu seemed to have gone mad. Not only did he not stop, but he also fiercely stabbed forward, sending Su Yu flying backward and deeply impaling him into the stone wall.

"Die!" Su Yu roared, his black sword wildly dancing as he exploded with all sorts of sword qi.

He was just about to kill ancient god Nine Dragons.

At this moment of life and death, ancient god nine dragons raged, "Enough!"

He pressed his palms together, and a series of explosions sounded from his body.

Fixed a look, its back gushes out a blood mist.

Beneath the Mist of Blood, a clear seal was visible, torn to pieces!

As it turns out, there is always a seal under the skin of the ancient god of Kowloon.

The seal, it suppresses its own power!

Every person who leaves dao yuan will suppress his cultivation consciously.

Because once the power is too strong to leak, will invite nightmare-like existence!

At this moment, facing Su Yu's frenzied attacks...

Ancient God Nine Dragons had no choice but to open the seal and reveal his true self.

"The fusion of a human sacred body and a mortal sacred body? HMPH, what is that?" Ancient God Nine Dragons grabbed the black sword with one hand.

Then, he slowly pulled it out of his body.

Su Yu tried to press down on the black sword and split it in two.

But at this moment, ancient god Nine Dragons was like a different person.

The power of the ancient god was twice as great as before.

Even the body of an ancient god was much stronger.

Chapter 2778 If I Become A Demon..

"Scram!" Ancient God Nine Dragons forcefully flung the black sword, almost throwing it out.

But at this moment...

Su Yu growled, "Future incarnation!"

Boom

The world rumbled.

The mountain where ancient God Nine Dragons was located was split apart by an extremely powerful black light.

All the way to the bottom of the mountain.

Su Yu and ancient god Nine Dragons were in a stalemate.

The latter raised his head to take a look, and his pupils constricted.

He saw a black-haired, black-eyed existence that was half emperor and half sacred body.

Holding a giant sword that was burning with black flames, he stood tall in the sky.

The future incarnation knew how to use the emperor's heart even better than Su Yu's true body.

In addition, he had reached his limit.

Whoosh --

The future incarnation, filled with heaven-reaching killing intent, teleported over.

A black sword pierced through ancient god Nine Dragons' back.

Wah --

Ancient God Nine Dragons, who was on the verge of pulling out Su Yu's true black sword, suffered an unprecedentedly serious injury.

His hands loosened, and the black sword in Su Yu's hand once more pierced through.

The two black swords intersected, piercing ancient god Nine Dragons back and forth!

And then...

The two Su Yu brandished their swords at the same time.

A rain of blood could be seen.

Ancient God Nine Dragons was shattered!

The rain of blood rained down on the two, making them look like bloody men.

It was finally over!

Su Yu's true body took a few deep breaths. His remaining rationality allowed him to slowly calm down.

Was ancient God Nine Dragons really killed?

What had happened to the seal on his back just now?

He looked around and suddenly discovered that the seal was silently absorbing the blood and flesh on the ground.

"HMPH!" Su Yu's black sword slashed down.

Even an ancient god was killed with a single strike.

However, this seal only created a spark and continued to absorb the flesh as if nothing had happened.

Su Yu finally became serious and joined forces with his future incarnation.

The two swords ruthlessly slashed down on the seal, causing it to tremble.

A wisp of black blood flowed out of the seal.

At the same time, an extremely ancient and terrifying aura appeared.

"To be able to destroy a drop of my blood, Su Yu, this true body has underestimated you!" Ancient God Nine Dragons roared

That voice... was ancient god Nine Dragons!

But it was ten thousand times more terrifying than ancient god Nine Dragons!

Just hearing that voice caused the oil lamp above Su Yu and his future incarnation to flicker, as if it was about to extinguish.

The two of them were like lowly fireflies in front of that aura.

They could be destroyed at any moment.

Su Yu's pupils constricted.

"A drop of blood?"

They had been fighting against a drop of ancient god Nine Dragons' blood?

How was that possible?

Su Yu had fused with the mortal body and the stone child of heaven, and his battle prowess had reached the peak.

He had gone through the void several times, but no one could contend against him.

How was it possible that it was just a drop of blood?

"You'd better pray that you stay away from Dao Abyss forever. Otherwise, I will make you regret it!"

With that, the seal began to burn on its own.

Even the flesh and blood it had absorbed dispersed.

The remaining flesh and blood that couldn't be absorbed in time were instantly burned into a bloody mist by the flames.

Su Yu tried to destroy the bloody mist in case of any future trouble.

But before he could take action...

The blood mist suddenly fused into Qin Xian 'ER's body!

Qin Xian 'er, who was releasing the aura of the ancient god of the netherworld...

Suddenly opened her eyes!

In her eyes was a dim yellow light of the netherworld!

An incomparably tyrannical power instantly erupted from her body.

The power was so tyrannical that even though it wasn't as terrifying as ancient god Nine Dragons...

It was still extremely terrifying!

"You're finally awake." Qin Xian 'er stood up straight.

She looked at her own body and was somewhat dissatisfied. "Why is she a little girl? HMM, she gave birth to a child."

The voice was still Qin Xian 'er's voice.

But she was no longer a human!

Su Yu looked over and his heart chilled.

"Who are you?" Su Yu held the last bit of hope in his heart.

Qin Xian 'er turned around and looked at Su Yu and his future incarnation, her lips curling into a cold smile. "You are the husband of this body, right?"

Su Yu's heart turned cold.

Qin Xian 'er was no longer there.

Her body had already been completely taken over.

Su Yu gripped the black sword tightly, his heart filled with despair.

He had lost the little qilin, and he had even lost the only wife he wanted to protect.

What did he have left?

He had nothing left, right?

"Poor girl, before her soul was destroyed, she was begging me not to hurt you." Ancient God Nine Netherworld had a faint smile on his face.

A pair of sharp eyes could see through Su Yu's emotions.

Black drops of liquid fell from Su Yu's eyes.

Those were tears.

He could imagine the scene before Qin Xian 'Er's soul was destroyed.

That silly girl must be thinking of him.

She was thinking of him until her death.

She begged the enemy to spare his life.

When he thought of this, his heart began to hurt.

It was as if his heart was dripping blood.

Drop by drop.

It dyed his dead heart red!

Qin Xian 'Er was dead, his heart was dead!

There was no longer anything to care about in the world!

There were no more ties!

He was completely free!

His long golden hair turned black rapidly at this moment.

They all turned into black flames.

Furthermore, the black flames spread rapidly from his hair to his entire body.

The incomparable darkness covered the nine-colored radiance and the petrified color of Tian Zi.

Su Yu was only left with a pitch-black figure.

Even his eyes were as black as ink.

"Finally, I can be freed!" Su Yu muttered and sighed.

However, it was not a self-deprecating short-term resolution.

It was a release of all the pain that was suppressed in the depths of his heart.

There was no one left in this world.

Why did he have to restrain himself anymore?

When the future incarnation saw this, his expression changed drastically and he shouted in a deep voice, "Wake up quickly! You're going to be bewitched!"

Su Yu's real body laughed, "What's a bewitched? What's a bewitched? If killing my wife is a bewitched, then what's the use of keeping this so-called bewitched?"

"My real body, please calm down. Once you become bewitched, you'll never be able to turn back. Perhaps you'll become the Public Enemy of the world."

Su Yu's real body laughed, and his laughter was filled with endless madness.

"So what if I'm the Public Enemy of the world? So what if the bewitched rule the world? I only want to destroy the ancient gods!" Su Yu gnashed his teeth and said.

He suddenly raised his head.

Scarlet-black lightning shot out of his eyes.

The aftershocks of the Lightning touched his future incarnation, causing his sacred body and son of heaven body to instantly shatter.

The Black Lightning was indestructible and instantly shot toward ancient god Nine Nether.

The latter's teasing had long since stiffened, and in its place was a trace of fear. "Nirvana Lightning! You... you're that person!"

She seemed to recognize something.

"Ah!" With a shriek, her scalp went numb, and she turned to flee.

Even though the ancient god of the Netherworld had just recovered, his strength was less than one-thousandth of his original strength.

But it was still the sum of the nine drops of ancient god Nine Dragons' blood.

However, upon seeing Su Yu's current state, she fled in fear.

But she didn't even manage to take two steps.

The Nirvana lightning pierced through her body.

His body was unharmed.

However, the soul inside let out a shrill scream.

Sou --

An extremely powerful soul of a woman in black escaped frantically from Qin Xian 'ER's body.

The strength of that soul had already reached the middle stage of the Heavenly Dao Master!

However, she barely escaped.

A black figure appeared out of thin air in front of her and grabbed her neck indifferently!

Chapter 2779 Arrived At Dao Yuan

"Isn't it too late to leave now?" The black figure was naturally Su Yu!

His entire body was pitch-black, and not a single bit of light could be seen from his body.

He was like a black hole in the starry sky, devouring everything around him.

The black-clothed woman was none other than the soul of ancient God Nine Netherworld.

She stared at the black figure in front of her in utter shock.

"It's not me, it's none of my business! Everything was planned by the ancient gods of Kowloon, it has nothing to do with me!"

Her desperate defense seemed to be yearning for the last ray of life.

Su Yu voice indifferent, as if lost soul, incomparably empty: "Nine Dragons ancient God Damn, you, also!"

Saying, Su Yu slowly opened his mouth.

Showing a row of teeth as black as the devil.

"Let Me Go! I don't want to Die! I don't want to Die! !" Ancient God Nine Netherworld frantically pleaded, incomparably terrified.

However, what responded to her was Su Yu's ice-cold black eyes.

She opened her mouth and swallowed ancient God Nine Netherworld's soul.

Countless screams echoed in Su Yu's stomach, extremely mournful.

What could be seen with the naked eye was Su Yu's stomach expanding and contracting.

One could even see palm prints after palm print.

This was because ancient god Netherworld was inside trying to open up his stomach.

Su Yu lowered his head and looked at his stomach.

His palm lightly pressed down on it, and his stomach immediately calmed down.

At the same time, the screams inside suddenly stopped.

Ancient god Netherworld had been demonized and eaten by Su Yu.

All he had to do was digest it.

Thus.

Only then did Su Yu finally turn around and look at Qin Xian 'er.

The cold corpse reflected in his eyes, finally causing a ripple to appear in his empty eyes.

He walked in front of Qin Xian 'er.

He stretched out a finger and gently stroked Qin Xian 'Er's face.

A heart-wrenching pain spread from the bottom of his heart.

The beauty of the past, the bits and pieces of the past, the yesterday that had passed.

They all turned into merciless sharp blades that stirred in the bottom of his heart.

They were tearing his heart apart.

Su Yu covered his chest and weakly knelt in front of Qin Xian 'er's corpse.

"I'm sorry. I didn't protect you, didn't protect our future, didn't protect your simplest wish!"

Su Yu muttered.

It was as if he was saying his final farewell.

"I'm very happy to have met you in my life. I'm very happy to be your husband. Thank you, Xian 'er!"

Su Yu lowered his head and kissed Qin Xian 'er's forehead deeply.

Then, he picked up her corpse and slowly left the ground.

"I once only wanted a small courtyard. I only wanted to live the simplest and most ordinary life with you."

"But, why can't I even fulfill this small wish?"

"My requirements have always been very, very low..."

He let out a suppressed sigh.

The ground behind him completely collapsed.

The altar also shattered with a loud bang.

As Su Yu's footsteps passed by, a series of pitch-black footprints were left on the ground.

Each footprint emitted a thick black air current that made one's hair stand on end.

When he left the nine dragons ancient god Mountain in the past...

Only pitch-black scorched earth remained behind him.

He hugged Qin Xian 'er and looked at the Distant Dao Abyss.

"The ancient God Must Die!"

His heart was now as dead as Ash, and there was only one thought in his mind!

Destroy the ancient god!

Everything else was unimportant!

There was no longer anything to care about in this world!

He took a step forward, leaving behind only ripples as he disappeared without a trace.

Not long after...

A woman in a black dress appeared and stood at the edge of the ruins of the mountain.

She held a pitch-black sword in her hand and stared at the black footprints on the ground, her expression darkening.

"Am I too late?"

Looking in the direction Su Yu had left, the woman in the black dress was silent for a long time before she broke through the air and chased after him.

In the darkness of nothingness.

Su Yu carried Qin Xian 'er's corpse and crossed over.

His speed was already incredibly fast.

Even a drop of ancient god Nine Dragons'blood would take a month to arrive.

However, Su Yu only used a day to see the Long Dark Abyss.

From Afar, it was a crack.

However, it was only discovered up close.

It was a huge depression.

It stretched as far as the eye could see, and was even larger than an eight-star civilization.

From the surface, one could only see a crack.

Looking down from above, the sky above Dao Yuan was covered with a thick layer of dark clouds.

There were only two places where the dark clouds were thin, and one could vaguely see the situation below.

Su Yu tried to directly pass through the dark clouds.

However, just as he got closer, a wisp of dark clouds floated over, causing the black light on Su Yu's body to flicker.

If Su Yu was in the saintly being state, that attack just now would have killed him without a burial ground!

Even if he had a mysterious physique, he could not stay in the mysterious dark clouds for too long.

One moment of carelessness and he might die there.

Su Yu looked at the other two places where the dark clouds were thin.

Those should be the few entrances that could be entered.

His figure flashed and he carried Qin Xian 'er into one of the openings.

Just as he stepped in.

A stern shout was heard, "Those who trespass the Dao Abyss, Kill Without Mercy!"

A golden bolt of lightning swept towards Su Yu with a loud bang.

Bang! Bang!

The violent lightning struck the sky and earth continuously, and it also struck Su Yu's body.

However, Su Yu did not have any reaction. The black fog flow on the surface of his body did not even fluctuate.

The Golden Lightning quickly retreated, revealing an old man in a golden robe!

His cultivation had already reached the early stage of the Heavenly Dao Master.

"What race are you from?" The old man asked in surprise.

He had never seen such a strange race before.

Taking a blow from him without receiving any damage?

Other than the few special races, no other race could do this.

However, Su Yu didn't answer. Instead, he asked, "Who are you? Are you related to the ancient god?"

His voice was extremely cold.

Hearing this.

The golden-robed elder couldn't help but laugh. "So it's a spirit from beyond the Abyss who doesn't know anything."

"You don't Even Know What Dao Yuan is."

If this was in the past, he might have been very curious about what Dao Yuan was.

But now.

He only had killing intent.

"Answer me," Su Yu said indifferently.

The golden-robed elder snorted. "I'm an enforcer of the ancient God tribe. Do you think I have any relationship with the ancient god?"

Su Yu nodded slightly. "Since there is, then it's fine."

The golden-robed elder was completely unaware of the impending disaster. He berated, "Dao Yuan is not to be trespassed. Since you trespassed, you must be punished!"

He glanced at Qin Xian 'er, who was in Su Yu's arms, and said, "Throw away the corpse. You will personally suffer the punishment of kneeling on the ground!"

However, Su Yu stood still on the spot.

The golden-robed elder narrowed his eyes. "Are you deaf? I told you to throw away the corpse! Dao Yuan is not a place where a messy corpse can be buried!"

As soon as he finished speaking, the golden-robed elder turned to Qin Xian 'er, who was in Su Yu's arms, and casually struck out with the power of a Heavenly Dao master.

However, Su Yu finally moved.

A Black Bolt of lightning shot out from his eyes.

Before the elder could react, he was killed on the spot!

The powerful lightning scattered some of the dark clouds.

Under the dark clouds were thousands of Heavenly Dao Masters.

They stood upright, ready to face Su Yu.

Each of them had reached the early stage of Heavenly Dao Master! !

Chapter 2780 Ancestral Sorcerers As Slaves

"Those who trespass into the Dao Abyss will be punished beyond redemption." Thousands of Heavenly Dao Masters released their will.

Their will was so strong that even the terrifying dark clouds trembled.

Su Yu's expression was indifferent.

He looked at them as if he was looking at a group of ants.

"What Dao Abyss? What ancient god Tribe? Let them all be buried." Su Yu swooped down.

The black light on his body rippled and turned into a pitch-black pattern.

It swept through the area.

Wherever the pattern swept past, everything would turn into dust.

Those experts weren't spared either.

In the blink of an eye, more than half of the thousands of Heavenly Dao masters had died.

Only now did they finally panic and retreat.

"Quick! Inform the ancient God tribe that a powerful enemy has arrived..."

He didn't have the chance to continue.

A bolt of nirvana lightning flashed in all directions.

In just a few breaths, it had killed all the remaining experts.

Not a single one was left!

On Dao Yuan's land.

Countless living beings looked up at the sky.

Dao Yuan's sky was gray.

It was covered by dark clouds all year round, so no intense sunlight could be seen.

However, no wind, Frost, rain, or snow could be seen.

But at this moment.

They widened their eyes and discovered that black rain was actually falling from the sky.

Those were all the rain that had turned many experts into ashes.

Immediately following that, a long-lasting alarm sounded throughout the land.

"A powerful enemy has invaded, and many creatures are retreating back to the tribe!"

The bell chimes and the hurried shouts caused the creatures outside to retreat back to the tribe one after another.

They stared at the sky in shock.

When the black rain was over.

The sky gradually darkened.

One could see with the naked eye that an enormous pitch-black sun was slowly descending.

The sun was filled with intense killing and destruction.

Once it descended.

It would definitely have the power to destroy the world.

"Are you a human or a demon?"The vast dao abyss ground let out a desolate cry.

The ancient mountains began to tremble as an old man with a mysterious aura walked out of the ground.

Su Yu wasn't unfamiliar with that aura.

It was the aura of the shaman race.

Luo Xueyi was the Holy Maiden of the Shaman Race's bloodline in Taotie's stomach.

Su Yu had also guessed the identity of the old man in front of him.

He should be the ancestor witch who had left a message for the successor of ancient God Nine Dragons.

It was also him who had sealed the creation dragon in the Taotie's stomach.

"So what if you're a human or a demon?" Su Yu walked down indifferently.

Black light radiated from his body, slowly melting the ancient land.

Only the ancestor Wizard wasn't affected.

He quietly looked at Su Yu and sighed. "Humans can live, but demons must be destroyed!"

Su Yu muttered, "If I'm a human, I need to be bullied. I'd rather be a demon!"

He took a step forward, and the black light around him transformed into ripples and shot out.

"HMPH!" The ancestor witch grunted.

He couldn't help but take a step back, blood flowing from the corner of his mouth.

An Ordinary Heavenly Dao master had long since died.

He was only bleeding.

His cultivation was far above that of the resurrected ancient god of nine netherworld.

"Get out of my way while I still have a human heart. Don't Stop Me," Su Yu said indifferently.

He was looking for ancient god Nine Dragons.

He was also looking for all of ancient god Nine Dragons' possessions.

There was still a sliver of reason in his heart. He had always restrained himself and didn't recklessly start a massacre.

The ancestor sorcerer still stood in place and laughed hoarsely. "In the end, I'm still old. After crossing two epochs, my body and soul have already rotted."

At his peak, how could he not be a match for the bewitched Su Yu?

But he had lived from the previous era until now.

He had already rotted beyond endurance.

He muttered, "I came not to stop you, but to save you."

RIP --

He tore open his ancient clothes, revealing his chest.

There was an exceptionally eye-catching wound there.

It was faintly like the scars of nine dragons, shocking to the eye.

"When I was at my peak, I once fought ancient God Nine Dragons who came to Daoyuan, but in the end, I was defeated in one move,"the ancestral wizard said. "No, not defeated, but... he spared my life and made me a slave for eternity, guarding this ancient land."

Su Yu stopped in his tracks and stared at him. "Where is ancient God Nine Dragons?"

He no longer cared about the truth of the past.

He didn't care about his own life or death.

He only cared about whether or not he could kill him!

"Ancient god Nine Dragons is in Daoyuan, but if you go over, he can turn you into ashes with just a glance,"the ancestor sorcerer said bitterly. "Ancient God Nine Dragons is far more powerful than you can imagine."

Su Yu was now going over.

He was only courting death.

And his death was meaningless.

"So What?"Su Yu silently said, "Ancient god Eternal, my heart will forever be in pain."

He tiptoed and bypassed the ancestor witch.

The ancestor witch turned his back to him and deeply sighed. "Sacred body of the human race, I sympathize with your suffering, but please gather your strength first!"

Su Yu did not listen and continued to move forward.

At this moment.

A majestic voice resounded in the Sky Above Dao Abyss.

"Ancestral Magus, I made you a slave. Why did you betray me?"

As the voice fell, the ancestral Magus'face turned pale, and pain appeared on his face.

He fixed his gaze over and saw a dragon-shaped scar squirming on his chest. It was like a blood-sucking worm that was torturing the ancestral magus.

The incomparably dangerous dark clouds in the sky.

Suddenly, they began to squirm.

Not long after, they condensed into an incomparably indifferent face.

This face was none other than ancient god Nine Dragons.

His eyes were empty and expressionless.

It was as if he was a creator who could see through the passage of time and see through all things.

"If you were outside Dao Abyss, I might find it difficult to find you, but since you've come, you should stay,"ancient god Nine Dragons said indifferently.

Golden Raindrops began to fall from the human face formed by the clouds.

They wouldn't have any effect if they landed elsewhere.

But when they landed on Su Yu's body, they directly melted the black light on his body.

Su Yu raised his head, and a pitch-black bolt of lightning shot out of his eyes.

With a crackling sound, the golden raindrops were completely destroyed.

At the same time, they flew up into the sky and shot toward the clouds.

The human face was indifferent as it transformed into a giant palm that smashed down with a bang.

The lightning of destruction was destroyed on the spot.

It ruthlessly pressed down on Su Yu.

Su Yu's eyes were filled with a heaven-toppling rebellious intent. Not only did he not retreat, he charged into the sky and transformed into a pitch-black blazing sun that collided head-on with the giant palm!

Bang --

The giant palm shattered.

The black light around Su Yu's body also dimmed.

In the center of his palm was a drop of blood that was struggling.

The human face just now had been formed from a drop of ancient god Nine Dragons' blood.

Perhaps it was because it was fresh, but the power it displayed was several times stronger than the drop of blood from the heavenly court.

"You've really angered me."

A dignified and heavy voice seemed to come from the depths of Dao Abyss.

For a moment.

All the living beings in the world submitted.

All the experts in the world prostrated themselves.

It was as if their king had arrived.

That anger made them tremble in fear.

Su Yu lowered his head and looked at the ground. He stepped on the ground with force.

The ancient Earth made a cracking sound.

A corner of an extremely deep abyss came into view.

He stared at the pitch-black abyss.

It was as if there was a pair of eyes staring at him in the abyss.

Splash --

Suddenly, there was a violent sound of water.

A huge claw that was like thunder and covered with dragon scales stretched out from the abyss.

It grabbed towards Su Yu!
