

Nine-Dragon 2781

Chapter 2781 Jingyu Appeared

The black light around Su Yu's body immediately burst out.

It turned into an ancient sword as black as ink and pierced through.

Kacha --

With a muffled sound, the ancient sword shattered into countless black lights.

The dragon scale giant claw was not injured at all. It grabbed Su Yu in the palm.

Looking from afar.

It was as if a giant palm that had been reaching out from underground had grabbed the black blazing sun in the sky.

That scene was unforgettable for the life of Dao Yuan.

Su Yu's eyes shot out a sharp and cold light as he tried to open the giant claw with Dragon Scales. However, the giant claw was abnormally hard.

The black light on the surface of his body could not break it in the slightest.

However, Su Yu did not retreat. Instead, he became even crazier.

His long black flaming hair not only expanded in flames, but also slowly grew longer.

In just a few breaths, it grew to nearly ten feet in length, exceeding Su Yu's own height.

His face was gradually covered by his long black hair.

Only a pair of cold and merciless eyes remained.

"Open!" He spat out a word.

The tightly clenched palm was shaken off, and large amounts of dragon scales peeled off with fresh blood.

A soft groan came from the Dark Abyss.

"Even if an ant changes again, it will still be an ant in the end." Streams of green air currents suddenly erupted from the dragon-scaled giant claw.

The streams of air instantly suppressed the black light and continuously pressed down on it.

The dragon-scaled claw also slowly pressed down.

It attempted to crush Su Yu into pieces on the spot.

Su Yu's madness did not diminish.

His pitch-black hair rapidly spread out, and the flames were abnormally powerful as they began to spread toward the dragon-scaled claw.

But the power of the dragon-scaled claw had already surpassed a certain limit.

No matter how much Su Yu resisted, he was still slowly compressed into the last bit of his life space.

And this was only the tip of the iceberg of Ancient God Nine Dragons' true strength.

At this moment.

The dark clouds in the sky suddenly began to shake violently.

It was as if an extremely terrifying existence was forcefully traversing through them.

The corrosive nature of the dark clouds was a forbidden existence that even demonized Su Yu didn't dare to touch.

But at this moment, it was forcefully stirred.

He raised his head and looked.

It was an incomparably huge and towering human figure.

He stepped on the dark clouds as if he was walking on flat ground.

The corrosive dark clouds around him did not cause any harm to him. Instead, they were automatically dispersed by his shocking aura.

"Ren Zu?"

Three loud voices reverberated in the sky and earth at the same time.

One was Su Yu.

The other was the ancestor wizard.

The last one came from the abyss.

The Human Race's towering figure projected onto the vast dao abyss, causing the sky to sink into darkness.

The living beings under it all trembled.

It was as if their Emperor had returned.

Dong --

Ren Zu stepped down.

The world shook and the living beings cried.

The ground that had been torn apart by Su Yu was completely torn apart.

An even wider abyss was revealed.

Under the dim yellow light of the sacred mountain,.

A huge creature could be seen emerging from the abyss.

It was a terrifying dragon-like existence.

It had ancient scales on its body.

There were also countless traces of time.

Its size was as huge as the heavenly court warship.

What was even more shocking was that.

It had hundreds of dragon claws on its body.

It was only one of them that had caught Su Yu.

Ren Zu had descended.

All living things prostrated. Even the behemoths in the Abyss had slowly sunk to the surface of the water.

Only a pair of ancient eyes that had experienced the vicissitudes of life were revealed.

In those eyes, one could vaguely see an unconcealable fear.

Ren Zu's eyes were empty. He took huge steps and walked over.

He stretched out a hand and grabbed the giant claw that had reached out of the abyss. He said indifferently and majestically, "Who gave you the courage?"

He pulled his hand hard.

A miserable groan came from the abyss.

The giant claw with Dragon Scales was torn off!

"Ren Zu, since you're dead, why aren't you destroyed?"The giant creature in the Abyss roared indignantly.

In the previous era, it was an existence that could contend against the son of heaven.

It was clearly dead, but it had experienced an entire era.

Not only was its body indestructible, it still retained a trace of its will.

He relied on that sliver of will to activate the indestructible body of the era and suppress the current generation.

Even ancient god Nine Dragons, after going through an era and absorbing the remnant fortunes of Dao Abyss, cultivated to become the strongest existence of the current era.

But he was still wary of Ren Zu's body.

Ren Zu didn't say a word as he punched into the abyss.

Instantly.

Huge waves rose up in the abyss.

The giant creature inside let out a painful scream.

A stream of blood could be seen gushing out and falling on the vast land of Dao Abyss.

Wherever the blood passed, it immediately turned into mountains and rivers full of spiritual energy, becoming a peerless blessed land!

And the Abyss returned to silence.

The giant creature that emerged from the water had completely sunk down.

Su Yu was freed and charged down.

Ren Zu gently blocked Su Yu with his palm. He shook his head and said, "There is no return to the Abyss."

Even someone as powerful as Ren zu would not step into the abyss of the Dao Abyss.

It was as if there was a place that even he feared.

Su Yu turned his head. Most of the rationality in his eyes had already dissipated.

There was only one line left.

At this moment, he had already been possessed to the extreme.

It would be difficult to turn back.

"The ancient God won't die, and the demon heart won't be extinguished." If he didn't kill Ancient God Nine Dragons, it would be difficult for him to turn back.

Su Yu gazed deeply at ren zu and said, "I will never be able to repay ren Zu's many favors. If I have another life, I will definitely repay it!"

After saying this, he jumped into Dao Abyss.

He wasn't willing to turn back.

But...

At this moment...

A voice that caused Su Yu's soul to tremble could be heard.

"Brother Su Yu, you don't even want me anymore?"

Su Yu suddenly turned his head to look.

A beautiful woman dressed in ink-green robes, as graceful as a lotus, had a mournful expression on her face.

She was like a fairy in a painting, beautiful beyond compare.

It was as if she was not a woman from the mortal world.

"Xia... jing... Yu..." Su Yu said hoarsely.

He paused for a long time before slowly reciting the name that was already somewhat unfamiliar.

Xia Jingyu.

Xia Jingyu under the pear blossom tree.

He had actually forgotten.

He had actually forgotten about her because of Xian 'er's hatred.

At this moment, she was still in the Goddess clan, her life and death unknown.

He had actually told himself that he had nothing to care about in this world?

Holding the lithe corpse of Qin Xian 'er in his arms, he looked at Xia Jingyu again.

Su Yu struggled painfully in his heart.

It was as if there were two voices in his heart, both speaking to him.

One of them said that he would do anything to take revenge for Xian 'er.

The other said that he still had Xia Jingyu to protect. He would take revenge later.

He struggled in his heart.

Just as he was unable to extricate himself, a soft fragrance entered his arms.

Xia Jingyu pounced into his arms and kissed him gently.

In terms of fierceness, he wasn't necessarily inferior to the vile daughter.

The Vile daughter gripped the vile sword and tightened her grip. "What do you need from me?"

After a pause, she added, "If you think of me as Xia Jingyu, you can forget about it. I am not her."

"I need your strength," Su Yu said. "Use our strength to deal with our common enemy!"

The Vile daughter's enemy was the Carefree Heaven's son.

Su Yu's enemy was all the heaven's sons and Ancient God Nine Dragons.

Finally, the vile daughter turned around.

A pair of indifferent eyes looked straight at Su Yu for the first time. "Fine, I agree."

Su Yu smiled.

Then, he looked at Ren Zu. "Ren Zu, I have many questions. I want to ask you many questions."

Ren Zu glanced at Su Yu, but he slowly closed his eyes.

He seemed to be in a deep sleep, standing at the edge of the Abyss.

It was as if he was guarding the abyss.

"Sacred Body Su, there's no need to ask," Zu Wu said in a hoarse voice. "Ren zu is just a broken body, so he might not know much."

He looked up at Su Yu and said, "If you want to know something, perhaps I can answer it."

Su Yu's gaze was deep. "I want to know why there's such a huge difference in strength between ancient gods."

Ancient god Netherworld's strength was probably less than one percent of ancient god Nine Dragons'.

There were also those rulers.

In a case, their strength wouldn't be too different from ancient gods.

But why was it also less than one percent of ancient god Nine Dragons' strength.

"In the beginning, ancient god Nine Dragons' strength was almost the same as the other ancient gods and even rulers," the ancestral sorcerer said. "It's just that it's different now."

Su Yu's eyes flashed. "What's the reason?"

The ancestral sorcerer pointed to the abyss. "The reason is in that Abyss."

"In the past, the eight rulers and the eight ancient gods fought for control of the current era." The ancestral sorcerer was like a witness. "In the end, the son of Heaven joined the rulers' side."

"Thus, the eight ancient gods were completely defeated. Some died, some were injured, and some fled."

"Ancient God Nine Dragons found Dao Abyss by accident and entered the abyss without caring about dissuasion."

Su Yu looked at the abyss.

Even Ren zu said that he couldn't go to the abyss.

"The Abyss is the most forbidden place in the absolute beginning world. Some people say that the son of Heaven of Sacred Mountain came from the Abyss."

"It cultivated in there for an era. Not only did it lose its human form and turn into an abyss monster, but its strength also skyrocketed,"the ancestor sorcerer said.

"In the absolute beginning world today, only the sons of Heaven of the sacred mountain can compete with ancient God Nine Dragons."

Su Yu was shocked.

The son of Heaven of the Sacred Mountain came from the Abyss?

The Sacred Mountain was the place where the absolute beginning world existed since ancient times. It evolved into the entire absolute beginning world.

Later on, it was occupied by a few creatures from the primal chaos and began to rule for countless eras.

How could Su Yu not be shocked when he heard that the son of Heaven came from the Abyss?

At this moment.

Su Yu finally understood why the eight rulers had been hiding in the eight-star civilization, not daring to step out.

It turned out that they were afraid of the mutated ancient god Nine Dragons.

"If that's the case, why didn't ancient God Nine Dragons leave the Abyss and kill everything?"Su Yu asked.

The current ancient god Nine Dragons was already comparable to the stone embryo son of heaven.

Why was he still in the Abyss?

The ancestor wizard said, "Didn't Ren zu say just now that there's no going back from the Abyss? Ancient God Nine Dragons is no exception."

Su Yu was on guard just now.

Ancient God Nine Dragons simply couldn't Leave Dao Abyss.

Otherwise, why would he watch as Su Yu overthrew the Heavenly Court?

"All these years, he's been thinking of a way to leave the abyss. The most important thing is his successor. If his successor succeeds in gathering all nine domains, he'll be able to release him from the Abyss."

The ninth domain.

It really existed!

He did not know if Yun Yazi had found it.

Su Yu looked at the Boundless Dao abyss land and said, "Dao Abyss, will it be able to avoid the destruction of the Sacred Mountain?"

It seemed that all the factions were trying their best to hide in Dao Abyss.

They were using this to avoid the destruction of the epoch.

"No!" The ancestral wizard shook his head and said, "How terrifying is the destruction of the epoch? How can the absolute beginning land survive?"

"However, if we can cross over to the nine-star civilization through Dao Abyss, we might be able to avoid disaster."

Nine-star civilization?

Su Yu pondered.

The existence of a nine-star civilization had always been a legend.

Even the eight rulers had only ruled an eight-star civilization for their entire lives.

"What kind of place is that?"

The ancestral wizard's eyes were filled with yearning. "That's the only place where the chaotic creatures ruled. That's the only place where no epoch was destroyed."

The core residents of Chaos lived in the sacred mountain.

Most of the citizens of Chaos lived in the nine-star civilization.

They occupied the best resources in the entire absolute beginning realm, and they could escape every era.

They were immortal and could enjoy the great fortune.

"It's not easy to pass, is it?" Asked Su Yu.

The ancestral wizard nodded. "It's not that it's not easy, but it's almost impossible! Without the aura from the citizens of chaos, if you barge in recklessly, you'll be killed by the order of the nine-star civilization."

Chapter 2783 The Death Of Hong Yao

"No matter how strong your cultivation is, even if you are a ruler or an ancient god, you will all die under order. There are no exceptions."

"So, don't think about entering for the time being. You can only rely on your own strength to forcefully make it through," the ancestor sorcerer said.

Su Yu was puzzled. "If that's the case, why is everyone fighting to enter Dao Abyss?"

The ancestral wizard told him everything he knew.

"That's because Dao Abyss can not be destroyed. The possibility of it being hidden here and surviving the destruction of the epoch is far greater than the other places."

Su Yu was much more solemn.

Even Dao Abyss could not guarantee that it could completely avoid the destruction of the epoch?

He pondered for a while.

Su Yu thought of something.

With a gentle wave of his finger, a Wisp of special liquid from the defensive array formation outside the heavenly court appeared.

"May I ask where this object exists in the Dao Abyss?" Su Yu asked.

If he could obtain enough of this special liquid, he would be able to rely on the heavenly script characters he had mastered to forge an even stronger defense.

At the very least, it was far stronger than the heavenly court.

"This object is a liquid from the Abyss." The ancestral wizard became much more solemn. "I was once bestowed with some by ancient god Nine Dragons. I'll give them all to you."

He gave Su Yu a spatial storage item.

Su Yu opened it and gratefully thanked him.

The special liquid inside exceeded his expectations and was completely sufficient.

"Thank you for answering my questions," Su Yu gratefully said.

After a pause, he asked, "Can I help you?"

He was naturally referring to unlocking ancient god Nine Dragons' control over the ancestral sorcerer.

The ancestral sorcerer shook his head. "If you really have the heart, help me take care of Luo Xueyi."

It turned out that Zu Wu had sensed the aura of his descendant on Su Yu's body.

He did not expect Su Yu to untie him.

Ancient God Nine Dragons was simply too powerful. Su Yu simply could not untie him.

Su Yu nodded. "Alright, take care, Zu Wu."

Zu Wu nodded. "You should leave as soon as possible. Although ancient god Nine Dragons' true body is trapped in the abyss, he has nurtured too many experts of his own in an era. I am just one of them."

"Once they arrive, it'll be difficult for you to leave."

The so-called ancient God tribe was one of them, right?

Su Yu would probably be able to fight one or two ancestor witch level experts even if he did everything he could.

But if there were too many...

That would be courting death.

"Many thanks!" Su Yu and the wicked daughter immediately flew through the air.

Ren Zu stayed at the edge of the Abyss for a long time before sighing and flying through the air.

Outside Dao Yuan.

Su Yu lowered his head and looked at the long crack in Dao Yuan. He could not help but take out the bronze board.

"Dao Yuan!"

The Soul Ruler, Death Yuan, once said that the bronze board came from Dao Yuan.

Its secret was inside Dao Yuan.

If one day.

He could study the secret of the bronze board thoroughly, he would be able to reach the sinkhole and Rescue Qin Xian 'er, Hanxuan, the little qilin, and all the people who had lost forever.

"I will return again," Su Yu said coldly.

After he had survived the destruction of this era.

He would return to Dao Yuan and must completely understand the secret of the bronze plate.

Just as he was about to take it back, the evil girl beside him saw him and sighed with a complicated expression. "So Yun Yazi even gave you the bronze plate. Back then, I couldn't even get it even if I wanted to."

HMM?

The Evil Woman knew about the bronze board?

But then again, the bronze board was once controlled by Yun Yazi.

There was no reason why she didn't know about it.

"Senior sister, do you know what the Bronze Board is about?" Su Yu asked.

The evil woman said in confusion, "I know a little. Yun Yazi said that there should be another piece of this bronze board."

Another piece?

Yun Yazi had also said this to Su Yu before.

Could it be that the secret was that the two pieces of bronze plates were merged into one?

"I should have asked the ancestral witch about it." Su Yu felt regretful.

"Forget it. I will find out when I return to Dao Yuan!" Su Yu said in a serious tone.

The two of them sped forward.

At this moment, Su Yu had already withdrawn from her saintly being state and was led by the evil daughter.

She was extremely powerful.

In just half a day, she had successfully returned to the distant heavenly court.

At this time, the Battle of the Heavenly Court had already reached its final stage.

A group of people led by the court chief were resisting stubbornly, hoping for Dao Yuan to ask for help.

Unfortunately, one of Dao Yuan's people was killed by the demonized Su Yu and suffered heavy casualties.

At this moment, he couldn't even take care of himself.

How could he have the time to take care of them?

Seeing that his side was gradually losing, the court chief could only choose to give up.

"Let's go to Dao Yuan," the court master said helplessly.

If only a few of them could enter Dao Yuan, there was still hope.

Sou --

Several battleships soared into the sky.

Carrying the court master, the descendants of the ancient gods all tore through the sky.

But who knew.

Just as they were about to leave, they ran into the returning Su Yu and the evil daughter.

They were all scared out of their wits.

They didn't even dare to run.

The court chief's old body trembled, but his eyes turned craftily and he surrendered. "Sacred Body Su, the end of the era is at hand. I am willing to lend you a hand."

The end of the era. Any power was extremely precious.

Especially since the court chief had controlled the Heavenly Court for many years, he had a deeper understanding of it.

With his help, it would undoubtedly be safer.

As long as Su Yu was not stupid, he should understand what he should do.

Of course, to ask him to help Su Yu wholeheartedly.

That was a dream!

He was only delaying the battle. He had to stabilize Su Yu first.

When Dao Yuan's reinforcements arrived, he would immediately betray them.

"There's no need."

However, Su Yu was very decisive. He said without the slightest hesitation.

A ball of nine-colored power shot out from his fingertip.

In an instant, the old man and the others were all burned to ashes.

His eyes were calm and indifferent.

There was not the slightest bit of pity.

At this moment.

Empress Star Rain and the others who were chasing them all came forward in surprise and greeted, "Su Yu, you're finally back?"

Their faces were filled with joy.

The destruction of the court master and the others.

Meant that the final battle between the remnant domain and the heavenly court would end with their complete victory.

"Su Yu, we captured many captives. How should we deal with them?" Empress Star Rain asked.

She had already thought of how to turn the captives into a brand new force.

"Leave the ordinary captives behind. Kill all those related to the descendants of ancient gods. Leave none behind," Su Yu said indifferently.

Although he had only been bewitched for a short period of time...

He had still been affected.

Empress Starry Rain looked at the cold and indifferent Su Yu in front of her and suddenly felt a little unfamiliar.

It was as if Su Yu had changed into a different person from his bones.

"Oh, okay," said Empress Starry Rain.

After a pause, Empress Starry Rain continued, "Oh right, your maidservant Hong Yao died in the battle to save Yu Xiang Wan."

Her?

Su Yu pondered for a while, and a light flashed in his eyes. "Where's her corpse?"

Corpse?

Empress Star Rain said, "Our corpses are all placed on ancient god Jin Xuan's Mountain."

"Bring Me There!" Su Yu's eyes were deep.

The group arrived at the mountain.

The place was filled with corpses.

However, there was no red medicine.

"That's not right. I personally placed her corpse here, so how could it not be there? Did someone move it?" Empress Star Rain looked around.

Su Yu said indifferently, "There's no need to look. She's already gone."

Gone?

Empress Star Rain widened her eyes. "But I saw her body with my own eyes. I've confirmed that she's really dead."

Without Su Yu resurrecting with his life domain, how could she be alive?

Chapter 2784 Internal Changes

Su Yu did not say anything. He waved his hand.

Under the Heaven, a ruin was separated, revealing a hidden underground hall.

In the center of the hall, there was a stone box with a seal on it.

At this moment, the seal was broken.

Inside the box, Su Yu and Yu Xiang Wan were still in the same state they were in before they left last time.

There were several corpses of the heavenly court members that had dried up.

One of them was the body of the Chief of death.

He came to the body of the chief of death.

After such a long time, the body of the chief of death still had a thick death domain.

After taking a few glances, Su Yu clenched his fist.

The death domain immediately shattered.

The real death domain was usually attached to the body. It would not be easily destroyed by external forces.

The body continued to grow dim, and soon began to wither.

The body of the chief sovereign of death had been tempered, and it would be difficult for time to extinguish it and for it to wither.

Thus, there was no doubt.

This body of the chief sovereign of death was fake.

In addition, someone had disguised it as a chief sovereign.

The answer to who had done it was obvious.

"Redbud... you actually fooled him." Su Yu couldn't help but laugh.

The Chief of death that he had been searching for had always been by his side!

Now that he thought about it, if this was really the chief of death...

Why did she kill everyone.

Only Hong Yao survived?

The only answer was that she was the real chief of death.

She was a mysterious existence who rarely showed up and almost no one knew the real identity of her.

Yu Xiang Wan, who was at the side, could not help but gape when she heard the truth. "That Hong Yao is actually the Chief of Death?"

When she thought of this, Yu Xiang Wan's hair stood on end. "This fellow's thoughts are too deep. In that case, in her mind, the scene where the corpse went on a killing spree was also made up by her?"

Su Yu smiled. "That's the only possibility."

Hiss --

Yu Xiang Wan suddenly felt goosebumps all over her body. "We've actually traveled with the chief of death for so long?"

If she had any evil intentions and wanted to harm them, it would be impossible to guard against her.

Su Yu nodded his head.

If he had not unleashed the power of the Holy Physique, Hong Yao would have felt threatened.

She would probably continue to hide by Su Yu's side.

"Let me see where she is first." Su Yu closed his eyes.

He had once placed a restriction on the fusion of the seven domains in Hong Yao's body.

However, with this restriction, he could sense her location.

In an instant.

He could sense her presence.

"Dao Yuan?" Su Yu opened his eyes and could not help but be surprised.

Hong Yao was already on her way to Dao Yuan.

"Why is she going to Dao Yuan?" Su Yu was deep in thought as a person appeared in his mind.

The ninth ruler!

Could it be that Hong Yao was looking for him?

"Brother Su, since you can sense her, why don't you capture her? You're only lacking the death domain from the eight Yuan domains," suggested Yu Xiang Wan.

Su Yu shook his head slightly. "It's too late."

"She's already found a way to destroy the domain."

In a faraway place.

On a floating island.

Hong Yao was holding a sword.

That sword was stained with the blood of the son of heaven.

It was the blood sword that the court master had previously grasped.

At this moment, Hong Yao stabbed the sword into her abdomen.

Her face was suffused with traces of pain.

Suddenly, she sensed Su Yu's probing and looked behind her.

While a trace of nervousness appeared on her face, she immediately sped up and twisted it with force.

The blood of the son of heaven on the sword blade surged into her abdomen and quickly melted the domain restriction.

A moment later, she pulled out the blade, a smile of relief on her face.

"Almost," Hong Yao, no -- the ruler of death said slowly.

She threw down the blood sword and turned to Face Dao Yuan. Without any hesitation, she quickly left.

Su Yu sensed something and felt regret.

"Forget it. I'll find her after the destruction of the epoch." Su Yu looked at the ruined heavenly court.

He had fought ancient god Nine Dragons underground.

The two of them were far too powerful.

They had forcefully split the Heaven Court warship in two.

The other regions were also riddled with holes and devastation.

"It can't be used anymore?" Su Yu's mood was slightly gloomy.

The creatures of the ruined region had lost all hope and had already lost their shelter.

The Heaven Court was their only choice.

But a fierce battle had destroyed more than half of it.

To survive the end of the age.

It's a pipe dream.

Su Yu took a deep breath, launched the time, Space Domain.

"Reverse Time!"

Two Yuan level domain fusion, natural can burst out unprecedented power.

Visible to the naked eye, the devastation on the surface of the heavenly court is rapidly being reversed to the point of no destruction.

Ten short breaths.

The surface of heaven is restored to its original state.

However, the rift left by the war with the ancient gods of Kowloon, which runs through the heaven, still exists.

It Can't be undone.

One is that the trauma was too great.

Even in the two meta-level domains, it is difficult to reverse the flow completely.

Secondly, there are the powers of the ancient gods of Kowloon and the mortal body, whose existence indirectly affects healing.

Su Yu raised his head to look at the sky.

He frowned deeply.

The Sacred Mountain was already closing in.

They didn't have time to find a second place to hide.

They were in danger.

The evil girl didn't say a word. She bit her finger, and several streams of black blood dripped out.

When they landed in the crack, countless black lotuses immediately appeared from the blood.

They were densely packed and filled the entire crack.

The black lotuses wantonly absorbed the remaining power of ancient God Nine Dragons and the mortal body.

They used this to crazily reproduce.

An hour later, the remaining power inside was completely absorbed.

The black lotuses also thought that they had lost their source of power and began to decay.

Not long after, all the black lotuses self-decayed into black dust.

"Let's try again." The evil woman put away her finger and indifferently said.

Su Yu said deeply, "Thank you."

The evil woman said expressionlessly, "I came here to help you, didn't I?"

Su Yu had said that he needed her.

With a light smile, Su Yu looked at the crack again.

"It will probably take a few days. Senior sister, please help me clean up the heavenly court," Su Yu said.

"Sure."

The evil woman bent down and landed on the ground of the heavenly court.

Su Yu began to repair the crack.

As time and space flowed backwards, some of the cracks finally healed.

The main reason was that the evil woman had removed the remaining aura inside.

Ten days later.

With a rumble.

The Heavenly Court warship that had been split into two halves was completely restored.

It returned to its former state.

Then, Su Yu looked at the outer space of the heavenly court.
He had obtained enough abyss water from the ancestral witch.
He only needed to fuse the heavenly book characters with it.
However, Su Yu didn't plan to set it up immediately.
His attainments in the Heavenly Book of Darkness needed to be improved.
Moreover, there were some problems that he might need to deal with.
For example, the soul of the ancient god of the netherworld that he had swallowed.
He landed on the ground and used the seven domains to set up an independent space around him that was similar to a barrier.
Closing his eyes, he immediately looked inside his body.
If he didn't look, he wouldn't know. Once he did, Su Yu's expression immediately became solemn.
His body was pitch-black!
All his flesh and blood no longer existed.
Only an empty pitch-black world remained.
The only thing that existed was the heart of the son of heaven hanging in the darkness!

Chapter 2785 The Essence Of His Life

"The aftereffects of demonization?" Su Yu's mood was slightly heavy.
His mind had recovered to become a human.
But his body had already been demonized, becoming a hidden danger.
Who knew if there would be a day when he would be completely demonized, losing even his self?
This time, there was an evil daughter who pretended to be Xia Jingyu, giving him a chance to turn back at the last moment of his demonization.
What about the next time?
He probably wouldn't have another chance, right?
"Eye of Taotie, demonized body." Su Yu mocked himself. "The hidden dangers in the body are not ordinary."
Every single one of them was a deadly existence!
Fortunately, from the current situation, the demonized body didn't show any signs of exploding.
He calmed his heart and searched for the soul of the ancient god of the netherworld that had been swallowed into his stomach.
In a certain corner.
As expected, he saw a heavenly prison made of black flames.
A black figure was crouching inside, trying to break through the seal of the heavenly prison.

But it was all in vain.

Because every time it attacked, the black flames of the heavenly prison would burn it once.

It was so painful that she grimaced in pain.

Her body was already covered in wounds.

But the heavenly prison was still as strong as ever.

"Ancient god Netherworld... It's better to meet than to be famous." Su Yu walked over coldly.

To be honest, he had had some illusions about ancient god Netherworld in the past.

Because he had come to an eight-star civilization.

The place he had interacted with the most was ancient god Netherworld's former territory.

He had naively gotten close to her.

But he hadn't expected that.

Qin Xian 'Er hadn't died at the hands of the ruler Su Yu feared the most, but had died at the hands of an ancient god he believed to be on the same side.

It was truly a great irony.

"Su Yu!" Ancient God Nine Netherworld saw him and immediately shrank back, his eyes filled with fear. "It's You! It's You! !"

Su Yu frowned.

Although he had been possessed by the devil, it did not mean that he had no memories.

It was as if at that time, ancient God Nine Netherworld had looked at the Black Lightning with a face full of fear and said who Su Yu was!

"You Recognize me?" Su Yu's eyes flashed as he probed.

"Ah!" Ancient God Nine Netherworld shrieked as he worriedly prostrated himself on the ground. "I was wrong, I was really wrong..."

Su Yu was extremely curious.

What sort of existence could make the soul of an ancient God so afraid?

Even if ancient god Nine Dragons came personally, wouldn't she be like this?

Could it be the son of Heaven?

It didn't seem like it. Back in the time reversal era, ancient God Nine Netherworld, at his peak, had once fought against the son of heaven.

She shouldn't be so afraid.

"Do you know who I am?" Su Yu pretended to test him.

She hoped that he would tell her some secrets of Heaven and earth.

Ancient God Nine Netherworld prostrated on the ground, her head pressed down. She didn't dare to raise her head and said, "I know, I know. You Are Chaos..."

"Chaos..."she only said the word 'chaos'.

Suddenly, the black space began to shake violently, and a bolt of Nirvana Lightning descended from nowhere.

The Nirvana Lightning was incredibly thick, ten times larger than the one shot out from Su Yu's eyes.

With a boom, the remnant soul of ancient God Nine Netherworld was destroyed on the spot.

Not even the dregs remained.

Su Yu raised his head to look at the origin of the Nirvana Lightning.

He found a familiar ripple that quickly faded away.

Although it was only a flash, Su Yu still managed to capture it.

"Heavenly Tome of Darkness!"Su Yu's pupils constricted.

This was the secret technique of the Heavenly Tome of darkness.

And it should be an extremely profound existence.

However, in Su Yu's memories, he had flipped through the Heavenly Tome of darkness, but he had never seen the description of this nirvana lightning?

"Could it be that the heavenly Tome of Darkness That Yun Yazhi gave me is missing something?"Su Yu muttered.

While he was thinking, a charred aura came over.

Looking over, he saw that after ancient god Nine Netherworld's soul was shattered, there was a small piece that hadn't been shattered. It was currently being burned by black flames.

It was a crystal ball the size of a washbasin.

It was filled with unimaginable power.

"The cultivation and soul essence of ancient God Nine Netherworld's entire life?"Su Yu's eyes flashed.

He took a deep breath and sucked the enormous crystal ball into his palm.

Su Yu was no stranger to similar essences.

He had once relied on the nine dragons divine cauldron to refine crystal energy balls more than once.

But they were at most the size of an egg.

How could they be the size of a washbasin like this?

Moreover, the energy inside was on a completely different level than the one he had refined!

"This... can this be considered a bit of compensation?"Su Yu's heart did not waver.

Qin Xian 'ER's sacrifice was in exchange for the essence of ancient god Netherworld's life.

To him, there was nothing to be happy about.

If he could, he would rather not have it.

He looked around.

Seeing the heart of the son of heaven, Su Yu sent a thought over.

The heart of the son of Heaven was still beating.

However, after the last time, he had forcefully pushed it to the late stages of the sacred body, and the surface of the heart of the son of heaven was showing signs of drying up.

"If I do it a few more times, this heart will probably be destroyed," Su Yu muttered.

Relying on the heart to reach the late-stage saint body for a short period of time was an unacceptable path of self-destruction.

The late-stage saint body had to be achieved by oneself.

"It's necessary to properly study the handwritten letter that Madame Poison fate gave me," Su Yu muttered.

Before Madame Poison Fate died, she had given him a handwritten letter that he had spent his entire life studying the late-stage saint body.

It was just that he had never had the time to study it.

Right now, the era was about to end.

He needed even more time to study some useful things.

His consciousness returned to his original body.

Su Yu activated his time incarnation and summoned the future and past incarnations.

"Future incarnations study the Heavenly Tome of Darkness."

"Past incarnations study the handwritten letter of the late-stage sacred body."

"I digest the essence of ancient god Netherworld."

After saying this, Su Yu activated his time domain to speed up the time around them to the limit.

With his time domain, which was getting more and more advanced,

He could speed up the time around them by 100,000 times.

There were only three months left after the destruction of the era.

Under the acceleration of time, he could buy Su Yu 30,000 years.

Time was tight.

Su Yu immediately began to move.

The two incarnations were in charge of comprehending while he digested the essence.

His palm pressed against the essence ball and began to absorb the energy within.

He only absorbed a trace.

An extremely inflated feeling appeared in his body.

The 800 dao marks in his body were quickly filled up.

His cultivation of the early stage of the Earth Path Master level immediately soared and reached the peak of the early stage of the Earth Path Master level!

The remaining energy wantonly destroyed his body.

Su Yu had no choice but to stop and first clear away the remaining energy that could not be absorbed, as well as the impurities contained in the energy.

Several years passed.

His cultivation was stable, and all the hidden dangers were gone.

He only began to absorb it for the second time.

This time, he absorbed two threads.

Finally, his cultivation had a qualitative breakthrough, reaching the intermediate stage of the Earth master level.

But the hidden dangers in his body were even more severe, so Su Yu had to calm down and deal with them.

Ten years passed.

After everything had calmed down, he moved on to the next step.

Time passed slowly.

The further he went, the longer it would take.

There were many things in the essence of the ancient god of Netherworld that Su Yu couldn't digest at all.

Moreover, they were extremely difficult to get rid of.

And this was under the protection of the black flames that had been demonized in Su Yu's body.

Chapter 2786 Empress Butterfly

If it was an ordinary person...

Who Dared to absorb the power of ancient god Netherworld, they would have long since been destroyed by the impurities in the power and turned into dregs.

Twenty thousand years passed.

The crystal ball the size of a washbasin was finally reduced to just a few scraps.

At this moment, Su Yu's cultivation was no longer of any benefit.

But for countless living beings, it should be an extremely precious item.

He stretched out his hand.

A terrifying power that was faintly close to that of the Heavenly Dao master was slowly released.

Under this power's expulsion, the impurities within were very easily removed.

What was left was incomparably pure energy.

Not bad.

After absorbing the essence of the ancient god of nine netherworld, his cultivation finally broke through to the peak of the Heavenly Dao master level.

He was only a few moments away from breaking through to the final realm!

Heavenly Dao Master!

When he broke through to the DAO Master level, the flames of the Heavenly Dao pressed down on him and almost destroyed him.

That scene was like yesterday.

In the future, when he broke through to the Heavenly Dao master level, it was likely that he would inevitably suffer an even greater tribulation.

After all, the Heavenly Dao master level was the highest realm.

Even someone as strong as stone fetus son of Heaven and ancient God Nine Dragons were at the Heavenly Dao master level.

However, there were differences in the Heavenly Dao master level.

For example, the eight rulers' cultivation should be at the peak of the early Heavenly Dao master level,

shi Fetian and ancient god Nine Dragons should be at the late-stage, or even the great circle.

With the strength of the Heavenly Dao master...

Even if there was a difference of one level, the difference was like heaven and earth.

The difference in strength between ancient god Nine Netherworld and ancient god Nine Dragons was enough to explain everything.

He finished digesting everything.

He glanced at the two incarnations that were still in a meditative state, then took out the nightmare ferrying lotus seat.

After a long period of repair by his future incarnations, he had finally succeeded in restoring them.

He had already successfully helped insect ancestor, snake ancestor, and the other little ancestors avoid the apocalypse.

This was enough to prove his reliability.

But just in case...

He had to be careful.

After thinking for a while, Su Yu used the seven Yuan level domains and added many defensive techniques from the secret techniques of the heavenly tomes.

He tried his best to give more defenses.

However.

At this moment, a voice appeared out of nowhere, causing Su Yu's heart to beat fiercely.

"Before the end of the era, that little bit of defense was useless."

Su Yu's heart shrank.

That voice..

With a thought, he immediately entered the spatial storage device.

He saw a multicolored cocoon that was currently flickering with multicolored light.

A graceful figure was faintly discernible amidst the flickering light.

Xiao Die! !

She didn't know how much time had passed since the last time she went into seclusion to evolve.

Looking at the cocoon that had never changed before, she said, "You finally succeeded in evolving?"

If she broke out of the cocoon again...

She really didn't dare to imagine how far she would go.

"Just a little bit more. Carry me to the outside world and borrow the power of time acceleration from you," Xiao Die said.

Su Yu nodded and carried her cocoon out.

Under the condition of time acceleration, her cocoon changed at an even faster speed.

However, the change wasn't too obvious.

Su Yu was secretly surprised.

If his time acceleration in the past could not work on the cocoon, it could not speed up the process of evolution.

However, at this moment, his time domain was at the Yuan level, and the effect was only slightly faster.

"I hope I can make it in time," Xiao Die muttered.

Su Yu looked at her exquisite and beautiful figure and was about to ask.

Xiao die said, "Move your eyes away, mortal. How can you look at me directly?"

Su Yu smiled.

He remembered that Xiao Die, who had broken out of the cocoon and turned into a young woman, was also pretending to be cold.

"Alright, Alright, Alright. This Mortal Will Not Disturb Her Majesty the Empress." Su Yu continued to fiddle with the Nightmare Lotus seat.

Xiao die said, "Didn't this emperor say it before? With that little bit of defense of yours, it's impossible to resist the destruction of the epoch."

She paused and sighed. "Forget it, I'll do it."

A layer of dried and colorless cocoon was peeled off from the huge cocoon.

The peeled cocoon automatically decomposed into strands of silk and then revolved around the entire nightmare crossing Lotus seat.

It was like a series of trajectories that continuously revolved around it.

Su Yu tried to unleash the power of a peak late-stage dao master.

But in the end.

The seemingly slow spinning silk suddenly accelerated, leaving behind an afterimage.

It quickly disintegrated the power and disappeared without a trace.

Moreover, it faintly produced a faint colorful light.

The appearance of the colorful light caused Su Yu's heart of Heaven to involuntarily tremble.

It gave off a deep sense of threat.

"This..." Su Yu realized the strength of this layer of seemingly fragile silk.

Perhaps it could really produce an unexpected effect when the era was destroyed.

"Mortal, stop making a fuss and disturbing your Empress's Rest," Xiao die snorted.

There was a hint of pride in her words.

"Yes, yes, yes. Your Majesty, Please continue." Su Yu smiled.

Xiao die was probably the only friend he had left who had accompanied him all the way until now.

There was a hint of gentleness in her eyes. She smiled and shook her head as she began to refine the abyss water.

He wanted to dissolve the heavenly book characters into the abyssal water.

This water had to be refined to remove the impurities within.

Time flashed by.

Another ten thousand years passed.

Su Yu held a spatial storage item in his hand and nodded in satisfaction.

The impurities within the cold abyssal water had all been removed, replaced by the cold, but crystal-clear abyssal water.

After ten thousand years of refinement, the quality of the abyssal water was much purer than the abyssal water of the Heavenly Court.

Those were probably created by ancient God Nine Dragons' blood clone.

Right now, Su Yu was fully prepared.

At the same time.

The Future and Past Incarnations stopped comprehending at the same time.

The two fused into Su Yu's body.

Su Yu immediately obtained countless memories of the two.

Thirty Thousand Years of uninterrupted comprehending, how majestic was that?

Let alone two?

Even with Su Yu's current soul, he couldn't help but feel a splitting headache. His brain was a bastard.

It continued for a whole few months before he finally digested that huge amount of information.

His face was somewhat pale, with traces of pain remaining.

But his eyes were filled with joy.

"So that's how it is!"

The handwritten notes recorded many of the poison Madame's research.

In particular, the research on how the saintly being grew was quite profound.

She found some traces of cultivation on the corpse of the saintly being, and through her own research, she thought of a method of cultivation.

That Was... faith.

The birth of the saintly being originated from the will of the common people.

It was the product of the common people placing their hopes on it.

The reason why the saintly being wanted to take a step forward was because of the common people.

The will of the common people was even stronger. Only then could the holy body gradually mature, and perhaps even reach the stage of full maturity.

And the best way to collect the will of the common people was to establish faith.

"It seems to be back to the origin," Su Yu muttered.

He was too familiar with the path of faith.

From the beginning when Xia Jingyu built a statue for him and absorbed the faith of the common people, he had come into contact with too many paths of faith.

Especially the dark civilization.

He even once served as a leader.

Unexpectedly, after going around and around, he finally returned to the original point.

Chapter 2787 Ancestor Of The Beast Slaves

Thinking of Xia Jingyu.

Su Yu couldn't help but be stunned.

"Could it be that Xia Jingyu predicted from the start that I would one day break through to the Saint Level?" Su Yu muttered.

If he remembered correctly.

At that time, Su Yu didn't even open his saint level?

Was it a coincidence, or did Xia Jingyu really predict the future?

But if it was a coincidence, what was the point of her erecting a statue for Su Yu?

If she predicted the future, her foresight would be too terrifying.

To be able to predict what would happen a hundred years later.

Just thinking about it made people feel scared.

However, they finally knew how to make the saintly being complete.

The 30,000 years of comprehension didn't go to waste.

In addition.

Giving the Heavenly Tome of Darkness to the future incarnation to comprehend, the effect was remarkable.

He had already grasped 10% of the contents of the Heavenly Tome of darkness.

Not only had his understanding of the heavenly tome reached a new level, but his comprehension of the heavenly tome had also reached a new level.

Even his attainments in the secret techniques of the heavenly tome had advanced by leaps and bounds.

There were several secret techniques among them that were several times stronger than boundless blood sea.

Coupled with Su Yu's current skyrocketing cultivation, his overall strength had clearly risen by a large level.

Even without the saintly being, there shouldn't be many enemies in the current void world.

Unless it was those old monsters hidden in Dao Abyss.

Some of them might be more troublesome.

Looking at the time.

Su Yu looked at Xiaodie's cocoon again.

After 10,000 years of acceleration, the figures inside were more graceful and exquisite, exuding a mature charm.

Moreover, the colorful light on the cocoon was even more flickering.

Before long, she should be able to break out of the cocoon.

"You continue, I'll go out to prepare first." Su Yu left the cultivation secret room and came to the outside world.

She didn't know until she came.

After she came, she couldn't help but be startled.

The sacred mountain was already extremely close.

Looking up, she could even see the mountain rock veins on the sacred mountain.

She could even faintly see the towering stone embryo son of heaven.

That scene was as if the sacred mountain was right in front of them.

Of course, Su Yu understood.

It only looked very close.

In reality, the sacred mountain was still in an extremely distant place.

It was even further away than Dao Yuan.

Even if Su Yu fully opened his saintly being, it would still take several years to arrive.

However, the radiance of the sacred mountain was extremely strong.

Even from a great distance, one could still feel the burning sensation.

The many flowers and trees on the Heaven Court had all withered.

Many demonic beast creatures were also restless.

Even the various creatures were extremely uncomfortable.

Su Yu was a peak earth master, yet he could still feel the burning sensation.

One could imagine how painful it was for low level creatures.

"I need to set up a defense as soon as possible," Su Yu said to himself.

Coincidentally, he had already prepared the water of the abyss.

His attainments in the Heavenly Book of characters were far better than before.

It was time to start setting up.

However, with such a huge defense, just him alone was definitely far from enough.

"Senior sister," Su Yu said.

Shua --

The evil girl appeared out of thin air.

She crossed her arms in front of her chest and said coldly, "What's the matter?"

"Senior sister, please help me set up a defense array," Su Yu said with a smile and was very impolite.

Evil daughter stared at Su Yu one eye: "Still Dare to order me?"

If it was before the evil daughter, probably will not hesitate to kill Su Yu Sword.

But now, apathy is apathy.

She didn't say no.

"You do this..."Su Yu instructs with a smile.

What he needs is the strength of an evil daughter.

By her power, the waters of the Abyss cover the heavens.

After the evil daughter understood, she didn't say a word. She released all the water of the abyss from her spatial storage.

And with her terrifying power, she mobilized all the water of the abyss.

"As soon as possible,"the evil daughter said calmly.

Although she didn't say anything.

Su Yu could feel it.

The evil daughter was struggling, but she didn't say it out loud.

Su Yu nodded.

He immediately used his finger to sketch out the characters of the heavenly book.

His finger technique was extremely fast. In one night, he was able to sketch out over a hundred characters of the heavenly book.

However, compared to the entire defensive formation, over a hundred characters was just the tip of the iceberg.

An entire day passed.

Less than one-tenth of the heavenly book characters on the formation was completed.

The evil girl was still expressionless, but there was a hint of exhaustion in her eyes.

"Do you need to rest?"

"There's not much time left, there's no need,"the evil girl said.

There was only one month left before the destruction of the sacred mountain.

There was no time to rest!

Su Yu had nothing to repay her, so he could only speed up.

Two days passed.

Three days passed.

When seven days passed.

It was estimated that it would take ten days, but in the end, seven days had been completed ahead of time.

The evil girl's face was pale, and the strength in her body was extremely lacking. She was in a serious state of overexhaustion.

Even Su Yu wasn't feeling well.

His mind was numb, and his fingers were in extreme pain.

However...

The sacrifices he had made were not in vain.

The defensive array was finally able to hold on.

Compared to the array of the past, it was more than twice as powerful.

First, it was the abyss water, which had been purified by Su Yu for nearly ten thousand years and was incomparably pure.

The second was that his attainments in the heavenly book characters far surpassed ancient God Nine Dragons' drop of blood by a hundred times.

The result was obvious.

The array he created far surpassed the previous one.

"The sea of blood is boundless." Su Yu came outside the array and used the secret technique of the heavenly book characters.

A drop of blood dripped onto the array.

The array used to be directly melted by this drop of blood.

But now, that drop of blood couldn't even stir a ripple.

Instead, it was absorbed by the heavenly book characters on it and became a part of the array formation.

Su Yu was very satisfied.

This was the strongest shield against the light of destruction of the new age!

Just as Su Yu was preparing to return.

Suddenly, a huge skeleton of a demon beast floated towards the Heavenly Court.

Recently, many small islands had arrived at the heavenly court one after another, requesting to be taken in.

Therefore, Su Yu was not surprised by this.

He did not pay attention to it. The person in charge of this matter did not need his help.

However, a familiar voice came from the skeleton of the Demon Beast.

"Lord Su!"

HMM?

Su Yu turned his head and saw a group of people standing on the head of the skeleton.

There was a familiar person.

"Beast Slave King?"

The one who spoke was the Beast Slave King!

Wen Shui's death had angered the beast slave king, and it had vowed to help Su Yu destroy the ruler of time.

However, the situation had changed too quickly.

In just ten years.

Not to mention the ruler of time.

Even the other rulers had died one after another.

Even the entire eight-star civilization no longer existed.

The Beast Slave King had never appeared.

Who would have thought that at this moment, it would appear on a strange skeleton.

As the skeleton approached, the slave beast King flew over and said with a sigh, "Sorry, I wasn't able to help you."

Su Yu didn't mind.

"It's fine." Su Yu looked at the human figures on the huge demon beast skeleton behind him. "These are?"

Those people had somewhat the same aura as the Slave Beast King.

It seemed that they all had the same bloodline.

"They are my clansmen that I found with great difficulty. Let me introduce them to you." The Slave Beast King said.

Before he finished his sentence.

From the Demon Beast Skeleton, an ancient and indifferent voice sounded. "I am the ancestor of the slave beasts. You can call me the slave ancestor!"

Chapter 2788 Complete Beast

Ancestor?

Su Yu was slightly surprised.

He now understood that ancestor was the title of the Heavenly Dao Master of the previous era.

Anyone who reached the Heavenly Dao master level had the right to be called ancestor.

There were strong and weak ancestors as well.

Even the early stage of the Heavenly Dao master level had several levels.

Not to mention the middle stage, late stage, or even the perfect stage of the Heavenly Dao master level?

The early stage ancestor could only be said to be an ordinary ancestor.

Only after reaching the middle stage did one have the qualifications to be proud of the world. For example, the nine most outstanding middle stage ancestors were known as the nine great saint ancestors.

Of course, the number one saint ancestor, Ren Zu, had already surpassed the middle stage and reached the late stage.

The slave ancestor in front of him was an existence who had broken through to the Heavenly Dao master level in the previous era.

In the current era, he was also hiding and unable to cultivate normally.

His strength didn't improve much and remained at the initial stage of the Heavenly Dao master level.

He was even weaker than a ruler.

Therefore, what Su Yu was surprised about wasn't his strength, but his ancient identity.

It wasn't easy for him to survive from the previous era until now.

"En, greetings, slave ancestor." Su Yu treated himself as a junior and simply greeted him.

Unexpectedly, the slave ancestor was really big.

"I heard that you guys conquered the heavenly court, so I specially came to give you some pointers on your later actions." The slave ancestor said indifferently, "The end of the epoch is near, and there are many things that you guys don't understand."

Su Yu frowned slightly.

When they conquered the heavenly court, they didn't come out to help.

When they set up the array, they didn't come out to help.

Now that everything was ready, they came out to give guidance as an elder?

What was there to guide them at this moment?

However.

After all, he was an elder-level existence.

Furthermore, he was the ancestor of the Beast Enslavement King.

In addition, the heavenly court needed more help. Su Yu endured it and said, "Please come in."

Su Yu let go of the defensive array formation.

The slave ancestor controlled the huge skeleton of the Demon Beast and landed in the Heavenly Court.

The appearance of the skeleton of the demon beast alarmed the creatures of the heavenly court.

The ancient ancestor-level aura made them even more excited.

"Even the ancestor of the previous era has joined us?"

"Our Heavenly Court is getting stronger and stronger!"

"Eh, how powerful do you think this ancestor is? How is he compared to our sacred body?"

Most of them hadn't seen Su Yu destroy the nine dragons ancient god blood drop and then charge into Dao Abyss.

They didn't have a complete idea of his strength.

That was why there was such a comparison.

Seeing the creatures below, they were inexplicably excited, but the slave ancestor's eyes were indifferent.

Even his clansmen looked down on him.

The slave ancestor looked around and found a rather good spiritual land.

It just so happened to be an ancient god mountain.

At this moment, it was occupied by a powerful force that was also relying on it.

"This mountain will be the headquarters of our furious Beast tribe in the future. All of you, withdraw immediately,"the slave ancestor said indifferently.

He didn't even give the other party a chance to negotiate as he slapped down from the sky.

Instantly.

The various cave abodes on the mountain all collapsed, and countless people were injured.

The leader of the faction was both shocked and angry.

However, facing the slave ancestor, he was so angry that he didn't dare to flare up, so he could only obediently move away from the mountain.

Thus, the slave race successfully occupied this mountain.

Su Yu saw this and his frown deepened.

The slave king had a helpless and apologetic look on his face, he said, "Lord Su, the ancestor is used to being arrogant. However, his strength will definitely be of great use to Lord Su in resisting the destruction of the epoch. After all, the ancestor is one of the few people who survived from the previous epoch. He definitely has something unique about him."

Ever since the Beast Slave King left the eight-star civilization.

He went to find his own race, hoping to use their power to destroy the ruler of time.

Unfortunately, plans couldn't keep up with changes.

But if forefather could help Su Yu, resisting the destruction of the epoch, it could be considered as fulfilling his promise.

Used to being arrogant?

Su Yu glanced at the huge skeleton indifferently and said, "Try to restrain your clansmen. If anything happens, don't blame me for not giving you face."

To be honest.

If it wasn't for Wen Shui's face, what would the Slave Beast King be?

Before this, not only did they not have any friendship, there was even enmity between them!

"Yes! I understand."The Slave Beast King did not dare to disobey.

After a pause, the slave beast king pondered and said, "However, Lord Su, on our way here, we discovered some danger. I hope you can pay attention."

"What dangers?"

The beast slave king said, "Along the way, we discovered many islands that were destroyed."

"Oh? How did they be destroyed?"Su Yu asked.

He wasn't too surprised.

The more the era was about to be destroyed, the more chaotic it would be.

It was extremely normal for evil forces to take the opportunity to wreak havoc.

"The creatures on those islands were all eaten by some evil existence. Not a single one was left."The Beast Slave King had a look of fear on his face.

Su Yu's gaze flickered. "Eaten? How can you be sure that they were eaten and not captured?"

The beast slave king said, "It was the ancestor who said it! He said that the aura of ancient great completion beasts appeared on those islands. Those missing people should have been eaten."

Hearing this, Su Yu's pupils constricted.

Nine great completion beasts?

Why did it sound familiar?

If he remembered correctly.

Gu Taixu cultivated some kind of nine spirits spell.

Those nine spirits were nine ancient beasts.

However, Gu Taixu's strength at that time was quite weak, so he probably didn't have the ability to destroy the many powers on the islands.

"Did your ancestor say how strong those nine beasts were?"

The Beast Slave King's expression became more and more serious, and he said hesitantly, "To be honest, it was precisely because ancestor discovered this that he finally decided to come to the Heavenly Court."

In other words.

Even the slave ancestor was afraid!

He originally didn't plan to come to the heavenly court, but seeing the nine beasts teasing him, he had no choice but to come to the heavenly court to take refuge.

Su Yu's gaze became profound.

It had been many years since they last met.

Gu Taixu was already so powerful that even the ancient ancestor level existences were afraid of Him?

Su Yu narrowed his eyes. "How far is the nearest island that you guys discovered that was destroyed from here?"

"Ten Days' journey."

Only ten days?

Moreover, it had already been ten days since they arrived here, right?

If Gu Taixu had really swallowed all the way here...

It was about time for them to arrive nearby.

"Mm, thank you for the reminder. You can go and rest," Su Yu said.

The Beast Slave King nodded. "Be careful."

After saying that, he returned to his clansmen.

Su Yu looked at the evil girl who was sitting cross-legged and resting. He said, "Help me look after the Heaven Court. I want to go out and take a look."

The evil girl opened her eyes. "You'd better be careful. There are nine ferocious beasts. If you're referring to the nine beasts that created the heaven and earth, it's quite dangerous. If you're Careless, you might not be able to return."

Even the evil daughter warned him so seriously?

She knew Su Yu's true strength.

Hearing this, Su Yu's expression became extremely grave. "Then I'll have to investigate the surroundings."

If such a dangerous existence were to lurk around the heavenly court...

When the epoch was destroyed and he suddenly appeared to cause trouble, then the trouble wouldn't be small.

He leaped out of the formation and stood in the void.

His eyes scanned his surroundings.

Under the dim yellow light, everything could be clearly seen.

Chapter 2789 Diversion

However, there was nothing unusual in his field of vision.

With a thought, Su Yu opened his mouth and spat out a mouthful of blood mist.

Every strand of blood transformed into a Su Yu.

In an instant, thousands of Su Yu appeared on the spot.

This could be considered a blood-drop transformation.

However, the strength of the Su Yu that was formed was very low and could not be compared to the time incarnation.

"Go!"

Under the Order of the original owner, thousands of Su Yu looked in different directions.

They searched for anything that could hide their tracks.

Meteorites, islands, drifting remains, and so on.

They wouldn't let go of anything that could be found.

Two hours passed.

There was no feedback.

The only feedback was that it was very quiet.

But this silence, in Su Yu's eyes, was something deeply wrong.

According to usual.

There should be at least one or two forces nearby that would rush over and join the heavenly court to take refuge.

But now, they didn't encounter one for two hours, which was somewhat abnormal.

Four hours passed.

Six hours passed.

..

An entire day passed.

No forces appeared in the end.

Su Yu's gaze became solemn.

"It seems that he really is nearby," Su Yu muttered. "If it wasn't for the arrival of the slave ancestor, I would have almost ignored him."

"Continue to search!" Su Yu ordered his incarnation.

Even if he had to dig three feet into the ground, he still had to find the other party.

Such a large-scale search.

He finally gained something.

At this moment.

Su Yu suddenly felt a slight pain in his body, as if a needle had pierced his skin.

That was because one of his avatars had been destroyed.

Su Yu's heart moved, and he stepped forward.

With his current movement technique, it would only take him an hour to rush over.

When he arrived.

On a careful island, he saw a drop of blood that was left on the spot.

There was an exceptionally savage aura nearby.

Perhaps it was the aura of the nine great beasts that the slave ancestor had mentioned.

He narrowed his eyes slightly. "Have you escaped?"

At this moment.

A piercing pain came from his skin.

Another Su Yu clone was destroyed.

His eyes flashed, and he immediately chased after him.

However, he was a little late.

There was only a trace of blood on the spot.

Immediately after, there was another piercing pain, followed by a second, a third..

His clones were being destroyed.

Su Yu was not angry. Instead, he was happy.

"Surround the nearby area," Su Yu ordered.

All the clones gathered nearby, trying to surround Gu Taixu in the center.

They did not ask them to hold him back, they just wanted to be able to reveal his exact location.

Thousands of avatars immediately gathered at the same place.

Very quickly, a series of stinging pain was felt.

As the other party fled, the stinging pain was continuously felt.

His escape path was clearly visible.

"Let's see where you can escape to." Su Yu quickly walked away.

After half a cup of tea.

He finally caught up with his thousands of avatars.

They were chasing after a group of blood shadows.

The latter was extremely fierce. The strong Qi force that he carried when he walked could instantly kill an incarnation of Su Yu.

His incarnation disappeared at an extremely fast speed.

Shua --

Su Yu flashed and blocked in front of the other party.

The latter immediately stopped in his tracks.

The two of them looked at each other.

Su Yu was slightly surprised. That was not the ancient taixu he imagined.

It was just a young martial artist who also cultivated some kind of blood technique.

His cultivation was not weak.

He had reached the intermediate stage of the Earth master level.

Could it be that this person had devoured all the nearby large and small forces?

However, Su Yu quickly realized that something was wrong.

His eyes narrowed. "Who is ancient Taixu to you?"

If the culprit was really the youth in front of him.

Why would the great slave ancestor be afraid?

Although Su Yu did not think that the slave ancestor was very powerful, that was only relative to himself.

Compared to the youth in front of him, the slave ancestor could crush him with one finger.

He should not be afraid.

The answer was obvious.

This "Fake culprit" who was running around was trying to attract Su Yu's attention and buy time for the real culprit.

The young man pretended to be flustered, "What did you say? I don't understand."

Su Yu said plainly, "You don't understand?"

He took a step forward and a yuan level spatial domain was automatically released, forming a net that suddenly trapped the other party inside.

The young man's expression changed slightly. He immediately took out a few extremely ferocious beast souls from his body and tore apart the spatial domain's seal.

Su Yu looked at it and said indifferently, "You still say no?"

Although he had never seen Gu Taixu use the so-called nine spirits body.

But, at least he had heard that a person with a nine spirits body was surrounded by ferocious beast souls.

This person had a certain relationship with Gu Taixu.

At this moment, the young man finally admitted it, but he was not afraid. Instead, he revealed a sinister smile, "Master has always said that the Su sacred body is very cunning. Now, it seems that it is just so-so!"

"Just a simple trick to lure you away from the mountain!"

Su Yu's expression fluctuated slightly.

Lure the Tiger away from the mountain?

Then, the real ancient Taixu, now..

"Hehe, you finally understand?"The young man said, "Master has already arrived at Your Heavenly Court. Now, he may have eaten everyone! What a joke that you are still chasing me all over the world!"

"Stupid, as stupid as a pig!"

However, Su Yu did not have the slightest bit of worry.

Instead, the corners of his mouth curled up into a faint smile. "Aren't you afraid of Death?"

It must be known that no matter how much his master devoured, it had nothing to do with him.

The young man crossed his arms in front of his chest with extraordinary confidence and said arrogantly, "You Dare to kill me? Master has probably captured your knot-tied wife, Qin Xian 'er, alive."

"If you touch a hair on my head, I can't guarantee how master will treat your wife."

Su Yu's eyes were calm.

He sighed, "I'll correct you on two points."

"First, my wife is dead. If Gu Taixu can go to the sinkhole and bring her back, I'll thank her."

Hearing this, the young man's face froze.

They had been far away from the heavenly court for many years, so the news was very limited.

They had no idea what had happened between the heavenly court and the remnant domain.

"You, don't be so smug. My master might have captured other important people."The latter shivered and found that things had gone beyond his expectations.

Su Yu continued, "Correct your second point. Your master can't capture anyone."

The young man was very confident about this point.

He said proudly, "Master's current cultivation and strength are beyond your imagination. Capturing the people of the Heavenly Court is as easy as taking something from a bag. You Don't have to worry about this at all, Hehe..."

He laughed and laughed, but soon, he could not laugh anymore.

Because Su Yu, who was in front of him, suddenly had a piece of his face peeled off.

It revealed a hollow piece inside.

"Ah, you, you..."the young man said in surprise.

Su Yu touched his cheek and smiled faintly. "Is the time almost up? Then, I'll send you on your way."

There was no doubt.

This Su Yu was just an illusion created by Su Yu's real body with a thought.

He had fought with Gu Taixu for many years.

How could he not understand his craftiness.

Therefore, he had predicted from the beginning that this was most likely a feint.

Using the fake Gu Taixu to lure his real body away from the heavenly court.

The real ancient Taixu was in the dark, waiting for an opportunity.

Chapter 2790 No Man, No Demon

"No! That can't be. How could you know?"The young man couldn't believe it.

Su Yu chuckled, "It seems that your master doesn't know me very well."

He clenched his five fingers lightly.

The spatial domain began to compress rapidly.

The young man's expression changed drastically as he hurriedly begged for mercy, "Sacred Body Su, please spare my life. This, this is all my master's decision. I'm just following orders."

Su Yu said plainly, "Following orders? Why do I Feel Like You're enjoying this?"

As he spoke, he continued to compress.

The young man was so frightened that his face turned pale. He quickly said, "I still have value. You can use me to threaten Master!"

Su Yu shook his head. "You don't understand Gu Taixu. With his character, he wouldn't hurt himself for anyone. You have no value!"

His five fingers clenched tightly.

The young man was crushed into pieces on the spot.

At this moment, Su Yu's entire body started to peel off.

He looked in the direction of the Heavenly Court and smiled. "This venerable self will depend on you."

The Heavenly Court.

Half a day ago.

The Vile daughter was recuperating on the spot.

Her severely overdrawn strength had finally been slightly alleviated.

But it was still not enough.

It could barely support her battle for a while.

His overall strength was also greatly reduced because of his overdrawn strength.

If an existence similar to the incarnation of the nine dragons ancient god came...

There was a high chance that they wouldn't be able to fight.

She, who was recuperating, suddenly frowned.

Her eyes slowly opened as she softly shouted, "Come out, there's no need to hide."

As soon as she finished speaking, a green-clothed man wearing a bamboo hat appeared outside the defensive array.

He stood with his hands behind his back, looking down at all the living beings in the heavenly court.

His eyes occasionally revealed a deep desire and greed.

When he finally looked at the evil woman, he smiled faintly. "Xia Jingyu? I didn't expect that after so many years, you would still follow Su Yu. You're truly loyal."

The Evil Woman's heart moved slightly.

But she didn't deny it.

"Who are you?" The evil woman asked calmly.

With the existence of the defensive array, it wouldn't be easy for this person to cross over.

The hooded man chuckled and took off his hat, revealing an exceptionally aged and sinister face.

That appearance made him appear to be in his sixties or seventies.

His temples were pale, his hair was gray.

The skin on his face was wrinkled.

Moreover, for some unknown reason, two black sharp horns grew out of his forehead.

In the end, he also had fangs that were similar to those of demonic beasts.

Now, he had already become an existence that was neither human nor demonic.

"You can call me Gu Taixu, or you can call me an old friend." He was really Gu Taixu.

Ever since he left the seven star civilization, he had been wandering in the void.

From weak to strong, he continuously devoured all the living beings.

After several decades of bloody cultivation, not only did he restore the fierce souls that were devoured by Xiaodie, he also cultivated the rest of the fierce souls to the great success stage.

He had finally reached the great success stage of the nine beasts.

His strength had also soared.

He had become a taboo existence in the world of nothingness.

Apart from that, he had also nurtured a few junior disciples, all of whom had some achievements.

After learning that the heavenly court had changed owners.

And that it was his old enemy, Su Yu, he had rushed over.

One reason was that he had already reached a bottleneck in his cultivation. If he wanted to advance further, devouring ordinary creatures would have little effect.

Only ancient gods, rulers, and ancestor-level existences could make him continue to advance.

The Heavenly Court was protected by Dao Yuan, so Gu Taixu didn't dare to pay any attention to it. Now, with only Su Yu, an existence with no background, what was there to be afraid of? Two, the faction that chose Su Yu could be considered to have avenged some of his past grudges. "OH."The Wicked Girl expressionlessly closed her eyes again and continued to recover her strength.

Gu taixu had thought that "Xia Jingyu"would be surprised, panicked, or scared. However, he had never thought that she would have such an indifferent attitude. This made Gu Taixu's words stuck in his chest with nowhere to vent.

"Aren't you surprised?"Gu Taixu asked.

The Wicked Girl looked at him expressionlessly and said calmly, "Oh, it's you. I'm very surprised." This kind of declarative tone made Gu Taixu's forehead black.

Was this Xia Jingyu always this indifferent in the past?

It didn't seem like it?

It seemed like she had been stimulated to become like this.

However, he didn't care.

He would first enter the heavenly court.

He looked at the defensive formation in front of him and said, "A mere formation can't Stop Me!"

In the past, he had studied the heavenly court's defensive formation more than once.

Although the heavenly book formation was powerful, he thought that it was not difficult to break it with his abilities.

"Break it for me!"Gu Taixu smiled confidently as he stared at the evil daughter and slammed his palm onto the formation, he said, "Xia Jingyu, back then, your Su Yu stole my fiancée. Now, I'm stealing you. It's an eye for an eye..."

The word 'an'was still in his mouth.

Gu Taixu's movement technique was suddenly pushed back.

The power in his palm swept back without a trace, pushing him away.

If it were not for his powerful cultivation, he would have been injured by the shock.

"This..."he stared at the formation in disbelief.

This shouldn't be!

He had analyzed it several times before. There should be no suspense in breaking it.

"I was careless just now, let's start again!"Gu Taixu was a little embarrassed.

The evil girl said calmly, "Well, come on, try to catch me."

Gu Taixu's face was livid. "It seems that you still don't understand the changes I'm going through!"

"One change of the nine beasts!"Gu Taixu shouted.

Blood Mist flashed around his body, and a fierce soul roared. Gu Taixu's body half turned into a fierce beast.

His palm turned into a ferocious beast claw and tore at the array formation.

"Break!"He shouted.

However, the array formation was as stable as before. It only stirred up some ripples.

Gu Taixu took a few steps back in shock. He couldn't believe it.

"Again! Nine Beasts, two transformations!"Another powerful Beast Soul appeared.

However, after the attack, the array formation was as safe as before. There was no change at all.

"One more time! Nine Beasts, three transformations!"

"One more time..."

"One more time..."

..

All the Beast Souls were used up until the nine beasts, nine transformations.

Gu Taixu was still unable to break the formation.

"This... This isn't the original formation!"Gu Taixu finally realized.

The evil girl had a calm expression. "Yes, it was changed a long time ago. Didn't anyone tell you?"

Gu Taixu's face turned green!

He had traveled thousands of miles to come here, ready to kill and capture Su Yu's important family members.

In the end, he couldn't even break the formation.

At this time, many people had gathered in the heavenly court to watch the show.

They were silently watching the ancient grand void breaking formation.

"Hey, where did that idiot come from? He actually wanted to break the defensive formation personally set up by our su saintly being?"

"Maybe there's something wrong with his brain?"

"Don't say that! His performance was quite spectacular. The fierce beasts were so loud!"

Hearing the teasing of the creatures inside.

Gu Taixu's face was ashen.

He gritted his teeth and said angrily, "What are you so proud of? It was just a warm-up!"

His aura changed abruptly, and the nine great beast souls on his body were all withdrawn into his body.

The evil girl suddenly opened her eyes, eyes serious.
